

### YMCA Training School Spokesman To Visit Here

Young men and women interested in becoming YMCA secretaries will be able to talk with a representative from George Williams College, Chicago, Ill., the Y secretary training school.

Sam Schreiner, from George Williams will be at the local Y Saturday from 9 a.m. on, as long as students want to be interviewed. He will discuss with them the advantages of attending the college.

"There are already eight stu-

dents who have asked for appointments, but we have room for many more," Francis Flint, general secretary, said.

Students interested in meeting Schreiner should contact Flint at the Y, or call AM 4-8821.

### 3 Children Die In Freezer Locker

CLINTON, S.C. (AP)—The bodies of three young children were found Wednesday in one of three compartments of an abandoned freezer locker.

The victims were Phyllis Craig, 4, and Sylvia Craig, 3, daughters of Mr. and Mrs. Stonewall Craig; and Angela Davis, 3, daughter of Mr. and Mrs. Tom Davis.

## Dependent Travel To Resume By May, Pentagon Predicts

WASHINGTON (AP)—Government-paid travel of military families to Europe will resume by early May, key Pentagon officials predicted today.

Such travel by wives and children of Army, Navy, Air Force and Marine officers and men was suspended nearly six months ago at a time when the Berlin crisis military buildup was in full swing.

The Defense Department said then that the requirements for moving 40,000 regular Army reinforcements to Europe made necessary the suspension of dependent travel.

This troop movement is long past, but the Kennedy administration has kept the dependent travel suspension in force as one way of cutting down the still bothersome drain of gold and dollars.

All the services have urged that the restriction be lifted, arguing that it is creating a morale problem and inhibiting re-enlistments.

No decision has been announced but there are strong hints one is imminent.

Secretary of Defense Robert S. McNamara hinted as much in a letter to Sen. A. Willis Robertson, D-Va., in which the Pentagon chief said the suspension policy "now is generating very serious personnel problems for the armed forces."

At the same time, McNamara indicated other steps may be taken to control the size of the military dependent population overseas.

Meanwhile, Secretary of the Army Elvis J. Stahr Jr. said in a speech prepared for a Bethany College convocation in West Virginia that "one of our great needs

at the present time is the early resumption of dependent travel to overseas areas so that our soldiers can benefit" from the influence of family life.

Before the cutoff, an average of 9,147 military dependents went to Europe each month at government expense.

Since the suspension became effective last Oct. 9, a total of 19,400 military dependents have paid their own way to Europe to be with their menfolk. They have not been permitted to live in government supplied quarters, but have had to make their own arrangements.

Because of this self-financed travel, the dependent population in Europe is virtually the same as it was just before the suspension went into force. It now totals 318,909—only 764 fewer than last Oct. 1.

Members of the House Armed

Services Committee have asked Gen. George H. Decker, Army chief of staff, whether thought has been given to the difficulties involved in evacuating U.S. military families in event of a war emergency.

Decker conceded this is a serious problem, but said "we have plans, very highly developed plans for getting them out should something occur." He did not elaborate.

The suspension covers travel to Belgium, Denmark, France, West Germany, Greece, Italy, Luxembourg, the Netherlands, Norway, Portugal, Spain, Turkey and Britain. It does not apply to West Berlin.

### Mental Study For Deserter

KANSAS CITY, Kan. (AP)—George John Gessner, 25, an Army deserter accused of giving nuclear secrets to the Soviets, will be under psychiatric observation for at least the next 60 days.

### GIVING

By A Christian Writer

It is a part of Christian duty to give once a week, when the disciples meet for the communion.

"Upon the first day of the week let everyone of you lay by him in store, as God hath prospered him."

1 Cor. 16:2. c.f. Acts 20:7.

The duty to give into the treasury of the Lord's church applies only to God's children. The command in Scripture is always directed to them. It is not right for the church to beg money from the world; to stand on the sidewalk holding out her hand, or solicit the business houses.

Neither should she expect a

contribution from those who visit her services. Thus we never take collections at mid-week meetings, nor at any time except at the communion services on Sunday.

We are interested in your soul; not your money. Welcome to our meetings.

Hear Clay Mimms, from Midland, Tex., guest speaker Sunday, 10:30 a.m. and 7 p.m.

You are always welcome at the church of Christ, 2000 West Highway 80, T. H. Tarbet, preacher (an Australian presiding mission '61 May 15), Box 132—adv.

### Peace Corps Unit Arrives

MANILA (AP)—A third contingent of 42 U.S. Peace Corps volunteers has arrived for service in the Philippines, bringing the total in the islands to 223.

Another group is expected this summer to swell the total to 300.

The new arrivals will be assigned as teachers' aides in schools in Leyte and Samar islands in the central Philippines. They will first undergo a five-week training and orientation program at the University of the Philippines.

### Free Scientist Alliance Urged

NEW YORK (AP)—An alliance of the free world's scientists similar in nature to the North Atlantic Treaty Organization has been proposed by the board chairman of the Radio Corporation of America.

David Sarnoff told the golden anniversary banquet of the Institute of Radio Engineers Wednesday night:

"We can no longer afford the luxury of American science or British, French, Italian or German science if the individual parts are smaller than the sum."

Sarnoff would admit to the proposed Free World Community of Science countries which permit free scientific inquiry unhampered by political ideology.

### TV Theatre House Test Looks Good

ROCHESTER, N.Y. (AP) — Broadway's venture into the relative unknown of closed-circuit television may be headed for success, but most agree that there's no business like live show business.

Through the medium of "TheaterVision" Wednesday night, a near-capacity audience of 2,500 at the Rochester Auditorium Theater saw Paddy Chayefsky's latest Broadway offering, "Gideon," at the same time that the New York company was giving its regular evening performance at the Plymouth Theater.

If the backers of the closed-circuit promotion find it successful, the system will be extended to 24 other cities in the fall and to 180 cities in the U.S. and Canada by next year.

It was a near-capacity turnout — unusual for a midweek performance — at the Plymouth Theater where the audience paid from \$3 to \$7.50 to watch an airplane hour away here in Rochester. The house was scaled from \$1.50 to \$3 for viewing on the 15-by-20 foot screen.

One of the most interested and enthusiastic television viewers was Chayefsky, who stood backstage in the Plymouth eyeing a TV monitor.

"They've almost got it down perfect from the artistic point of view. It needs work, but very little. By the fourth or fifth show, it ought to be perfect," he said.

"The legitimate theater's got to change, got to go west of Broadway and this just might be the vehicle for it," added Chayefsky, who began his career as a television writer seven years ago.

There were minor complaints about some of the technical aspects of the airing in Rochester. For one thing many voiced annoyance with the sound which they said was too loud. One viewer said the screen was too small.

Nathan Zucker and Walter Lowendahl of Dynamic Theater Network, Inc. are the co-sponsors of the TheaterVision. The equipment and methods were developed by Marconi Wireless Telegraph Ltd. of Great Britain and transmission is by telephone company lines.

Warren Caro, a co-director of the Theater Guild, said the system had "enormous potential as an adjunct to the theater."

"It needs a lot of improvement technically," said Broadway producer Herman Shumlin.

**Competent Cast**

These are members of the competent cast of "Marriage-Go-Round," the successful play produced last week by the Big Spring Civic Theatre. Donna Lee and David Guy pose from one of the play's scenes above; Richard Robertson and Iris Mol enacted the scene shown below. With only four in the cast, there were a tremendous number of lines to memorize for the production and these players handled the difficult job like professionals. With scarcely a hobble in three performances, the cast established a welcome high mark for the theatre group.

### Syria Remains Calm After Right-Wing Regime Falls

DAMASCUS, Syria (AP)—Syria remained calm today after the bloodless coup that toppled the right-wing civilian government. The new military rulers shortened the curfew they ordered by one hour.

The frontiers were still sealed, isolating this Mediterranean republic in the heart of the Middle East. Otherwise daily life went on normally with streets ordered cleared only from 10 p.m. to 5 a.m.

Damascus Radio continued to tell the five million Syrians—long accustomed to upheavals—to prepare for a swing back toward the left from the anti-nationalization policies of deposed President Nazem El Koudsi's regime.

The cornerstone of Wednesday's revolt was proclaimed as building constructive Arab socialism at home, promoting Arab unity, and positive neutrality and nonalignment in foreign affairs.

The army made clear that the coup was a continuation — no a reversal — of its Sept. 28 revolution that broke the alliance with President Gamal Abdel Nasser's United Arab Republic.

Neighboring Turkey and Jordan took the word of the Syrian military that its takeover was purely an internal affair. A spokesman for the Turkish foreign ministry predicted quick diplomatic recognition of the new military regime.

Diplomatic sources in Cairo claimed the Syrian switch enhanced President Nasser's pres-

### Three Added To Parade Of Commemorative Stamps

The parade of commemorative postage stamps continues.

Three are to be offered in the next two weeks.

First of the series is set for official release in Washington D. C. March 30. It will be available at the Big Spring post office March 31.

This is a 4-cent issue marking the eradication of malaria. The stamp features the great seal of the United States and an adaptation of the emblem of the World Health Organization. The great seal is in ochre against a circular white background and the "WHO" emblem is in a darker shade of blue as contrasting with the lighter blue which is the stamp's basic coloring. An initial printing of 1,000,000 has been ordered.

Second of the new commemoratives will mark the anniversary of the battle of Shiloh. This is the second in a series of five stamps to note the Civil War Centennial. The stamp goes on sale first April 7 at Shiloh, Tenn. It will be offered for sale at post offices (including the one here) April 9. The stamp features the sketch of a Civil War soldier crouching behind a tree stump and the drawing suggests the rapid style of battlefield sketching rather than a finished piece. Major theme of the stamp is in black on light peach blossom paper. The paper symbolizes that much of the battle of Shiloh was fought in a peach orchard. The lettering is in the type popular in the middle of the last century and called "Barnum." Initial printing calls for 115 million.

A third commemorative goes on sale three days later at the local post office. This is the four cent issue honoring Charles Evans Hughes as statesman and jurist. The stamp shows a portrait of Hughes, the dates 1862 and 1962, and is printed in black on buff colored paper. Initial order calls for 115 million. It goes on sale April 11 in Washington and is to be offered in other post offices April 12.

### David Ellis Backed For District Post

Midland Lions stormed the Downtown Lions Club here Wednesday in behalf of David M. "Doc" Ellis for governor of Lions district 2A-1.

Roy Minear, past district governor, headed the delegation of approximately two dozen Midland Lions. In the group were four former Big Springers, Stanley Claiborne, Harold Steck, Maj. Bob Hall and O. W. Hildebrand. Duke Jimerson, also a past district governor, also was in the group which contained presidents of the five clubs in Midland.

Ellis, who has done extensive work here, was introduced.

Fern Cox, chief deputy sheriff, was speaker for the day and explained the mechanics of the new check division in the sheriff's of-

ice. He gave a break-down on the forms employed to get information on bogus checks and explained how efforts are made to collect without necessity of court action.

After a 10-day notice, he said, a followup notice is issued and if unheeded a charge is usually filed in the appropriate court.

More than 1,300 checks have been entered in the department files since Jan. 1, when the special division was created, he said.

So far collections have aggregated \$9,450.30 on simple notices, plus an additional \$437.05 from cases prosecuted in court. Those hailed into court have a fine and costs to pay off as well as the check, he explained.

### Pro-JFK Group

WASHINGTON (AP) — Twenty-seven physicians, mostly members of the American Medical Association, announced today the formation of a voluntary committee to support President Kennedy's proposal for health care under the Social Security system.

Dr. Caldwell B. Esselstyn of Hudson, N.Y., said the doctors decided to form an active organization after their call at the White House Tuesday to pledge Kennedy their support.

Official AF Team Charged To Promote Understanding

The United States Air Force official aerial demonstration team—the Thunderbirds—were activated in May, 1953 and charged with the task of "promoting a better understanding and appreciation of air power and to assist with the effective advancement of national policy objectives."

Specifically, the Thunderbirds perform all over the world providing a suitable medium to exhibit the U. S. Air Force technical and professional capabilities; demonstrate the team work, coordination, discipline and precision flying ability that is required and necessary for a highly effective combat-capable air power; graphically illustrate, through rapid and complete unit deployment, split-second timing of men and machines, long-range in-flight refueling, and a state of preparedness.

Modern airplanes are one of the most destructive weapons ever conceived. Yet in the hands of an

unskilled or poorly trained operator, even the best aircraft and equipment in the world can become a poor or ineffective instrument. Aircraft and pilots of the Air Force today must also be capable of world-wide utilization on an instant's notice. The Thunderbird demonstrations are testimonials to illustrate these purposes, not only for people of the United States but for all peoples around the world.

PERFORM HERE

The Thunderbirds are to perform in Big Spring Friday afternoon at 2 p.m. An open house at Webb AFB begins at 1 p.m. and continuing through the Thunderbird performance. The first class of the undergraduate training program will graduate Friday evening.

When the Thunderbirds travel throughout the United States and around the world to put on demonstrations, they go as a small, mobile and nearly self-sustaining task group. They will average nearly 100 missions or performances a year and will travel up to 175,000 air miles to fulfill the schedule. On the road, they travel with seven F-100C Super Sabre fighters, an F-100F two-place fighter, a C-54 Loadmaster, a C-123 Provider, and a C-130 Hercules support aircraft, as well as a full complement of crew chiefs, mechanics, and specialists.

Pilots are not assigned to the Thunderbirds — each man on the team from the commander to the lowest ranking airman must volunteer and then wait to compete for his position. Every officer, pilot, and crew member is a selected professional airman dedicated to the accomplishment of

the team's responsibilities and mission.

Starting over seven years ago at Luke Air Force Base, Ariz., in F-84G airplanes, the Thunderbirds made their first trip out of the country in January, 1954 when they took part in a goodwill tour of Central and South America. More than 3,000,000 persons, many of them viewing a jet airplane for the first time, watched the team perform in 11 different countries.

Changing to North American F-100 Super Sabres in June, 1956, the Thunderbirds were reassigned from Luke to Nellis Air Force Base, Nev. A second tour of South America was made in November, 1957, marking the first appearance of truly supersonic airplanes on that continent. More than 4,000,000 spectators watched the Thunderbirds perform at Buenos Aires, Argentina; Montevideo, Uruguay; and Rio de Janeiro, Brazil. The presidents of Argentina and Brazil became the first heads of state to exceed the speed of sound when they were flown through the barrier in the two-seated F-100F by members of the Thunderbird team. In March, 1958, the team returned to the west coast of South America for missions over the Panama Canal and in Lima, Peru.

In 1958 the Thunderbirds were presented the Air Force Outstanding Unit Award for "exceptionally meritorious service of great national significance." This is the highest peacetime award that can be given to a unit of the Air Force. This year was also the first time the team visited the Far East. Covering more than 25,000 air miles in November and December, 1959, the aerial demonstration team flew 31 shows in 40 days throughout Okinawa, Philippines, Taiwan, Korea, Japan and Hawaii before a total audience of 4,624,000 people. This was a record unequalled since the team was formed in 1953.

During the Far East tour, the Air Force's rapid and long-range deployment capability was emphasized. With show sites often located great distances from each other in the Far East and time factors critical, the Air Force's air-refueling tactics were called upon. In one instance, the team flew a scheduled mission and without landing, left for the next show site—some 1,200 miles away—refueling on two air-to-air tankers in seven minutes while en route, arriving within five seconds of scheduled starting time — and completed another show before landing.

The third tour of South and Central America was made in the fall of 1961, going to 16 countries and performing before 6,878,500 people. Over 2,000,000 spectators watched the team perform in Rio de Janeiro, Brazil. Capacity crowds attended all 28 aerial demonstrations during the tour. The close of 1960 revealed that the Thunderbirds have appeared before 41,391,500 spectators in 31 different countries since the team's activation in 1953. The record books also indicate that they have flown more than 1,800,000 air miles, equivalent to 72 times around the world.

Two Thunderbird Pilots Formerly Lived Here

Two of the seven pilots of the Thunderbird team have a close association with Webb AFB and Big Spring.

Capt. Ralph L. Brooks, who flies right wing, is a graduate of Big Spring High School and married a Big Spring girl.

COL. JOHN F. GROOM Commander

MAJ. RALPH D. GIBSON Leader

CAPT. RONALD H. EVERETT Narrator

CAPT. RALPH L. BROOKS Right Wing

CAPT. WILLIAM J. HOSMER Left Wing

CAPT. ROBERT G. BELL Slot

CAPT. GERALD D. LARSON No. 1 Solo

Capt. Brooks spent his early school days in El Paso, but completed his last two years of high school in Big Spring. He attended Hardin-Simmons University in Abilene before joining the Air Force in 1951, at Lackland AFB. He entered the Aviation Cadet program in September, 1951, and received his wings at Laredo AFB, in October, 1952.

He attended instrument school at Moody AFB; then served with the Fighter Bomb Wing at Cannon AFB, the 50th at Hahn Air Base in Germany, George AFB, Calif., and the 413th Fighter Day Wing at George AFB, Calif. He was assigned to Nellis AFB in March, 1960, and supervised the academic course in USAF Fighter Weapons School. He was selected to fly with Thunderbirds in September, 1961. Married to the former Lynette Blum of Big Spring, they reside in Las Vegas with their children, Laura, Greg, Cindy and Mike.

Capt. Moore, Miami, Fla., flies the No. 2 solo position of the Thunderbirds' double solo routine. Together with Capt. Larson he helped develop the double solo maneuvers included in the Thunderbirds' routine. Capt. Moore enlisted in the Air Force in December, 1950 and served as a flight engineer on C-46's in Japan and Korea during the early days of the conflict, 1951 to 1952. At the completion of this tour, he entered Aviation Cadet Training at Lackland AFB. After receiving his wings and commission at Big Spring AFB, he went to gunnery training at Laughlin AFB, and Combat Crew Training at Luke AFB, Ariz. He was selected as a member of the Thunderbirds in September, 1961.

Commander of the Thunderbirds' squadron is Col. John F. Groom. Col. Groom entered the Aviation Cadet program in 1942, and received his wings at Spence Field, Ga., the following year. He accepted a regular Air Force commission in 1947. Before taking command of the Thunderbirds in January, 1962, Col. Groom was deputy commander of the Fighter Weapons School at Nellis AFB, Nevada. His more than 4,200 flying hours have been accrued in 30 different types of Air Force aircraft since his graduation from flying school in 1943. Leader of the Thunderbirds in the air is Major Ralph D. "Hoot" Gibson of Mt. Carmel, Ill. Maj. Gibson entered the pre-cadet program at Southwest Texas State Teachers' College in 1943. A veteran of 93 combat missions over Korea, Gibson became one of America's first jet aces, credited with five MIG-15 kills. He was awarded the Silver Star twice for gallantry in missions

against the enemy. Upon his return to the United States, Maj. Gibson served subsequent tours in Wurthsmith AFB, Mich.; Bitburg, Germany; and at Nellis AFB, Nevada. He was chosen leader of the Thunderbirds in April, 1961. Maj. Gibson is a command pilot with more than 5,000 fighter hours of flying time. Capt. Gerald D. Larson of Jamestown, N. Y., is the No. 1 solo pilot of the Thunderbirds' new double solo act. The double solos pace their crisp maneuvers between the demonstrations of the four Thunderbirds in the diamond formation. After receiving his wings and commission at Greenville AFB, Miss., he went on to gunnery combat crew training at Nellis AFB, Nevada. Larson served at Bunker Hill AFB, Ind., and with the 64th Tactical Fighter Squadron at England AFB, La. While there, Capt. Larson volunteered to participate in the first non-stop F-100 ferry flight to Europe. He joined the Thunderbirds in August, 1960 and was reassigned to Nellis AFB, the home of the Thunderbirds. Holding down the left wing position for the Thunderbirds is Capt. William J. Hosmer of Dunsmuir, N. D. He served in the Army a year before he entered the Military Academy at West Point, N. Y. in 1949. Receiving his wings in 1954 at Greenville AFB, Miss., he flew the F-86 Sabre Jet at Nellis AFB, Nev., and Foster AFB. In 1956 he was transferred to the Far East where he flew a year's tour in Tactical Fighter Squadrons in Korea and Formosa. Prior to his selection for the Thunderbirds in February, 1961, Capt. Hosmer was an F-100 instructor pilot with the Fighter Weapons School at Nellis AFB, Nevada. Flying the tight slot position at the rear of the diamond formation with the Thunderbirds is Capt. Robert G. Bell, Houston. Born in Cisco, Texas, he is a graduate of Peacock Military Academy in San Antonio, and began flying at the age of 15, received his pilot's license at 16 and has been flying ever since. Commissioned a second lieutenant in the regular Air Force, he entered pilot training at Hondo Air Base and received his wings in 1953 at James Connally AFB. Capt. Bell then served subsequent tours in Arizona, California, Japan and Guam. A graduate of Squadron Officers' School at Maxwell AFB, Ala., Capt. Bell was selected to fly with the Thunderbirds in October, 1960.

Aces High

Only a few feet separate each F-100 flown by the Thunderbirds as they perform during a U.S. Air Force official precision demonstration program displaying the Tactical Air Command's aerial capability in supersonic fighter airplanes.

LANDING.

Thunderbird Is Famous Deity Of Indian Folklore

The Thunderbird is one of the most famous deities in American Indian folklore. Many Indian nations believed the Thunderbird to be in control of almost all the powers man can imagine, but basically, the idea of this deity was that of good overcoming evil, and light over darkness. Credited with the power to grant success in war with long and honorable life, the Thunderbird was ranked by such Indian nations as the Algonquins, Sioux, Cheyenne, Comanche, Kiowa, Arapaho and Winnebago, with such other Indian deities as the Earthmaker, the Sun God, and the Chief of Eagles. The Indians held the Thunderbird in great awe. Indian legend said that thunder and lightning were caused by these enormous birds. Thunder was supposed to have been caused by the flapping of the bird's wings, and lightning was attributed to the opening and closing of the bird's eyes or arrows carried in its talons and bolted down on the earth.

Competent Cast

These are members of the competent cast of "Marriage-Go-Round," the successful play produced last week by the Big Spring Civic Theatre. Donna Lee and David Guy pose from one of the play's scenes above; Richard Robertson and Iris Mol enacted the scene shown below. With only four in the cast, there were a tremendous number of lines to memorize for the production and these players handled the difficult job like professionals. With scarcely a bobble in three performances, the cast established a welcome high mark for the theatre group.

### Syria Remains Calm After Right-Wing Regime Falls

DAMASCUS, Syria (AP)—Syria remained calm today after the bloodless coup that toppled the right-wing civilian government. The new military rulers shortened the curfew they ordered by one hour.

The frontiers were still sealed, isolating the Mediterranean republic in the heart of the Middle East. Otherwise daily life went on normally with streets ordered cleared only from 10 p.m. to 5 a.m.

Damascus Radio continued to tell the five million Syrians—long accustomed to upheavals—to prepare for a swing back toward the left from the anti-nationalization policies of deposed President Nazem El Koudsi's regime.

The cornerstone of Wednesday's revolt was proclaimed as building constructive Arab socialism at home, promoting Arab unity, and positive neutrality and nonalignment in foreign affairs.

The army made clear that the coup was a continuation—no reversal—of its Sept. 28 revolution that broke the alliance with President Gamal Abdel Nasser's United Arab Republic.

because of the junta's endorsement of Arab socialism, the term Nasser uses for his program.

### TV Theatre House Test Looks Good

ROCHESTER, N.Y. (AP)—Broadway's venture into the relative unknown of closed-circuit television may be headed for success, but most agree that there's no business like live show business.

Through the medium of "TheaterVision" Wednesday night, a near-capacity audience of 2,500 at the Rochester Auditorium Theater saw Paddy Chayefsky's latest Broadway offering, "Gideon," at the same time that the New York company was giving its regular evening performance at the Plymouth Theater.

If the backers of the closed-circuit promotion find it successful, the system will be extended to 24 other cities in the fall and to 100 cities in the U.S. and Canada by next year.

It was a near-capacity turnout—unusual for a midweek performance—at the Plymouth Theater where the audience paid from \$3 to \$7.50 to watch. An airplane hour away here in Rochester, the house was scaled from \$1.50 to \$3 for viewing on the 15-by-20 foot screen.

One of the most interested and enthusiastic television viewers was Chayefsky, who stood backstage in the Plymouth eyeing a TV monitor.

"They've almost got it down perfect from the artistic point of view. It needs work, but very little. By the fourth or fifth show, it ought to be perfect," he said.

"The legitimate theater's got to change, got to go west of Broadway and this just might be the vehicle for it," added Chayefsky, who began his career as a television writer seven years ago.

There were minor complaints about some of the technical aspects of the airing in Rochester. For one thing, many voiced annoyance with the sound which they said was too loud. One viewer said the screen was too small.

Nathan Zucker and Walter Lowendahl of Dynamic Theater Network, Inc., are the co-sponsors of the TheaterVision. The equipment and methods were developed by Marconi Wireless Telegraph Ltd. of Great Britain and transmission is by telephone company lines.

Warren Caro, a co-director of the Theater Guild, said the system had "enormous potential as an adjunct to the theater."

"It needs a lot of improvement technically," said Broadway producer Herman Shumlin.

### Three Added To Parade Of Commemorative Stamps

The parade of commemorative postage stamps continues. Three are to be offered in the next two weeks.

First of the series is set for official release in Washington D. C. March 30. It will be available at the Big Spring post office March 31.

This is a 4-cent issue marking the eradication of malaria. The stamp features the great seal of the United States and an adaptation of the emblem of the World Health Organization. The great seal is in a darker shade of blue as contrasting with the lighter blue which is the stamp's basic color.

An initial printing of 1,000,000 has been ordered. Second of the new commemoratives will mark the anniversary of the battle of Shiloh. This is the second in a series of five stamps to note the Civil War Centennial. The stamp goes on sale first April 7 at Shiloh, Tenn. It will be offered for sale at post offices (including the one here) April 9. The stamp features the sketch of a Civil War soldier crouching behind a tree stump and the drawing suggests the rapid style of battlefield sketching rather than a finished piece. Major theme of the stamp is in black on light peach blossom paper. The paper symbolizes that much of the battle of Shiloh was fought in a peach orchard. The lettering is in the type popular in the middle of the last century and called "Barnum." Initial printing calls for 115 million.

A third commemorative goes on sale three days later at the local post office. This is the four-cent issue honoring Charles Evans Hughes as statesman and jurist. The stamp shows a portrait of Hughes, the dates 1862 and 1962, and is printed in black on buff colored paper. Initial order calls for 115 million. It goes on sale April 11 in Washington and is to be offered in other post offices April 12.

### David Ellis Backed For District Post

Midland Lions stormed the Downtown Lions Club here Wednesday in behalf of David M. (Doc) Ellis for governor of Lions District 2A-1.

Roy Minear, past district governor, headed the delegation of approximately two dozen Midland Lions. In the group were four former Big Springers, Stanley Claiborne, Harold Steck, Maj. Bob Hall and O. W. Hildebrand. Duke Jimerson, also a past district governor, also was in the group which contained presidents of the five clubs in Midland.

Ellis, who has done extensive work here, was introduced.

Pern Cox, chief deputy sheriff, was speaker for the day and explained the mechanics of the new check division in the sheriff's office.

He gave a break-down on the forms employed to get information on bogus checks and explained how efforts are made to collect without necessity of court action.

After a 10-day notice, he said, a followup notice is issued and if unheeded a charge is usually filed in the appropriate court.

More than 1,300 checks have been entered in the department files since Jan. 1, when the special division was created, he said. So far collections have aggregated \$9,450.30 on simple notices, plus an additional \$437.05 from cases prosecuted in court. Those halted into court have a fine and costs to pay off as well as the check, he explained.

### Pro-JFK Group

WASHINGTON (AP)—Twenty-seven physicians, mostly members of the American Medical Association, announced today the formation of a voluntary committee to support President Kennedy's proposal for health care under the Social Security system.

Dr. Caldwell B. Esselstyn of Hudson, N.Y., said the doctors decided to form an active organization after their call at the White House Tuesday to pledge Kennedy their support.

**Don't Let Sluggish Kidneys Cause BACKACHE**

Why suffer from backache, loss of energy or body pains often caused by simple kidney slowdown? Try DeWitt's Pills for analgesic relief of pain. DeWitt's Pills also give stimulating diuretic action to help increase kidney output and reduce minor bladder irritations. For palliative relief of symptomatic troubles caused by sluggish kidneys...

# Official AF Team Charged To Promote Understanding

The United States Air Force official aerial demonstration team—the Thunderbirds—were activated in May, 1953 and charged with the task of "promoting a better understanding and appreciation of air power and to assist with the effective advancement of national policy objectives."

Specifically, the Thunderbirds perform all over the world providing a suitable medium to exhibit the U. S. Air Force technical and professional capabilities; demonstrate the team work, coordination, discipline and precision flying ability that is required and necessary for a highly effective combat-capable air power; graphically illustrate, through rapid and complete unit deployment, split-second timing of men and machines, long-range in-flight refueling, and a state of preparedness.

Modern airplanes are one of the most destructive weapons ever conceived. Yet in the hands of an

unskilled or poorly trained operator, even the best aircraft and equipment in the world can become a poor or in effective instrument. Aircraft and pilots of the Air Force today must also be capable of world-wide utilization on an instant's notice. The Thunderbird demonstrations are testimonials to illustrate these purposes, not only for people of the United States but for all peoples around the world.

## PERFORM HERE

The Thunderbirds are to perform in Big Spring Friday afternoon at 3 p.m. An open house at Webb AFB begins at 1 p.m. and continuing through the Thunderbird performance. The first class of the undergraduate training program will graduate Friday evening.

When the Thunderbirds travel throughout the United States and around the world to put on demonstrations, they go as a small, mobile and nearly self-sustaining task group. They will average nearly 100 missions or performances a year and will travel up to 175,000 air miles to fulfill the schedule. On the road, they travel with seven F-100C Super Sabre fighters, an F-100F two-place fighter, a C-54 Loadmaster, a C-123 Provider, and a C-130 Hercules support aircraft, as well as a full complement of crew chiefs, mechanics, and specialists.

Pilots are not assigned to the Thunderbirds — each man on the team from the commander to the lowest ranking airman must volunteer and then wait to compete for his position. Every officer, pilot, and crew member is a selected professional airman dedicated to the accomplishment of

the team's responsibilities and mission. Starting over seven years ago at Luke Air Force Base, Ariz., in F-84G airplanes, the Thunderbirds made their first trip out of the country in January, 1954 when they took part in a goodwill tour of Central and South America. More than 3,000,000 persons, many of them viewing a jet airplane for the first time, watched the team perform in 11 different countries.

Changing to North American F-100 Super Sabres in June, 1956, the Thunderbirds were reassigned from Luke to Nellis Air Force Base, Nev. A second tour of South America was made in November, 1957, marking the first appearance of truly supersonic airplanes on that continent. More than 4,000,000 spectators watched the Thunderbirds perform at Buenos Aires, Argentina; Montevideo, Uruguay; and Rio de Janeiro, Brazil. The presidents of Argentina and Brazil became the first heads of state to exceed the speed of sound when they were flown through the barrier in the two-seated F-100F by members of the Thunderbird team. In March, 1958, the team returned to the west coast of South America for missions over the Panama Canal and in Lima, Peru.

In 1958 the Thunderbirds were presented the Air Force Outstanding Unit Award for "exceptionally meritorious service of great national significance." This is the highest peacetime award that can be given to a unit of the Air Force. This year was also the first time the team visited the Far East. Covering more than 25,000 air miles in November and December, 1959, the aerial demonstration team flew 31 shows in 40 days throughout Okinawa, Philippines, Taiwan, Korea, Japan and Hawaii before a total audience of 4,624,000 people. This was a record unequalled since the team was formed in 1953.

During the Far East tour, the Air Force's rapid and long-range deployment capability was emphasized. With show sites often located great distances from each other in the Far East and time factors critical, the Air Force's air-refueling tactics were called upon. In one instance, the team flew a scheduled mission and without landing, left for the next show site—some 1,200 miles away—refueling on two air-to-air tankers in seven minutes while en route, arriving within five seconds of scheduled starting time—and completed another show before landing.

The third tour of South and Central America was made in the fall of 1961, going to 16 countries and performing before 6,676,500 people. Over 2,000,000 spectators watched the team perform in Rio de Janeiro, Brazil. Capacity crowds attended all 28 aerial demonstrations during the tour. The close of 1960 revealed that the Thunderbirds have appeared before 41,391,500 spectators in 31 different countries since the team's activation in 1953. The record books also indicate that they have flown more than 1,800,000 air miles—equivalent to 72 times around the world.

# Two Thunderbird Pilots Formerly Lived Here

Two of the seven pilots of the Thunderbird team have a close association with Webb AFB and Big Spring.

Capt. Ralph L. Brooks, who flies right wing, is a graduate of Big Spring High School and married

a Big Spring girl, Capt. Robert G. Moore, No. 2 solo pilot, received his wings and commission at Webb AFB.

Capt. Brooks spent his early school days in El Paso, but completed his last two years of high school in Big Spring. He attended Hardin-Simmons University in Abilene before joining the Air Force in 1951, at Lackland AFB. He entered the Aviation Cadet program September, 1951, and received his wings at Laredo AFB, in October, 1952.

He attended instrument school at Moody AFB; then served with the Fighter Bomb Wing at Cannon AFB, the 50th at Hahn Air Base in Germany, George AFB, Calif., and the 413th Fighter Day Wing at George AFB, Calif. He was assigned to Nellis AFB in March, 1960, and supervised the academic course in USAF Fighter Weapons School. He was selected to fly with Thunderbirds in September, 1961. Married to the former Lynette Blum of Big Spring, they reside in Las Vegas with their children, Laura, Greg, Cindy and Mike.

Capt. Moore, Miami, Fla., flies the No. 2 solo position of the Thunderbirds' double solo routine. Together with Capt. Larson he helped develop the double solo maneuvers included in the Thunderbirds' routine.

Capt. Moore enlisted in the Air Force in December, 1950 and served as a flight engineer on C-46's in Japan and Korea during the early days of the conflict, 1951 to 1952. At the completion of this tour, he entered Aviation Cadet Training at Lackland AFB. After receiving his wings and commission at Big Spring AFB, he went to gunnery training at Laughlin AFB, and Combat Crew Training at Luke AFB, Ariz. He was selected as a member of the Thunderbirds in September, 1961.

Commander of the Thunderbirds' squadron is Col. John F. Groom. Col. Groom entered the Aviation Cadet program in 1942, and received his wings at Spence Field, Ga., the following year. He accepted a regular Air Force commission in 1947.

Before taking command of the Thunderbirds in January, 1962, Col. Groom was deputy commander of the Fighter Weapons School at Nellis AFB, Nevada. His more than 4,200 flying hours have been accrued in 30 different types of Air Force aircraft since his graduation from flying school in 1943.

Leader of the Thunderbirds in the air is Major Ralph D. "Hoot" Gibson of Mt. Carmel, Ill. Maj. Gibson entered the pre-cadet program at Southwest Texas State Teachers College in 1943. A veteran of 93 combat missions over Korea, Gibson became one of America's first jet aces, credited with five MIG-15 kills. He was awarded the Silver Star twice for gallantry in missions

against the enemy. Upon his return to the United States, Maj. Gibson served subsequent tours in Wurthsmith AFB, Mich.; Bitburg, Germany; and at Nellis AFB, Nevada. He was chosen leader of the Thunderbirds in April, 1961.

Maj. Gibson is a command pilot with more than 5,000 fighter hours of flying time.

Capt. Gerald D. Larson of Jamestown, N. Y., is the No. 1 solo pilot of the Thunderbirds' new double solo act. The double solos pace their crisp maneuvers between the demonstrations of the four Thunderbirds in the diamond formation.

After receiving his wings and commission at Greenville AFB, Miss., he went on to gunnery combat crew training at Nellis AFB, Nevada. Larson served at Bunker Hill AFB, Ind., and with the 614th Tactical Fighter Squadron at England AFB, La. While there, Capt. Larson volunteered to participate in the first non-stop F-100 ferry flight to Europe. He joined the Thunderbirds in August, 1960 and was reassigned to Nellis AFB, the home of the Thunderbirds.

Holding down the left wing position for the Thunderbirds is Capt. William J. Hosmer of Dunsmuir, N. D. He served in the Army a year before he entered the Military Academy at West Point, N. Y. in 1949.

Receiving his wings in 1954 at Greenville AFB, Miss., he flew the F-86 Sabre Jet at Nellis AFB, Nev., and Foster AFB. In 1956 he was transferred to the Far East where he flew a year's tour in Tactical Fighter Squadrons in Korea and Formosa.

Prior to his selection for the Thunderbirds in February, 1961, Capt. Hosmer was an F-100 instructor pilot with the Fighter Weapons School at Nellis AFB, Nevada.

Flying the tight slot position at the rear of the diamond formation with the Thunderbirds is Capt. Robert G. Bell. Born in Cisco, Texas, he is a graduate of Peacock Military Academy in San Antonio, and began flying at the age of 15, received his pilot's license at 16 and has been flying ever since.

Commissioned a second lieutenant in the regular Air Force, he entered pilot training at Hondo Air Base and received his wings in 1953 at James Connally AFB. Capt. Bell then served subsequent tours in Arizona, California, Japan and Guam. A graduate of Squadron Officers' School at Maxwell AFB, Ala., Capt. Bell was selected to fly with the Thunderbirds in October, 1960.

# Thunderbird Is Famous Deity Of Indian Folklore

The Thunderbird is one of the most famous deities in American Indian folklore. Many Indian nations believed the Thunderbird to be in control of almost all the powers man can imagine, but basically, the idea of this deity was that of good overcoming evil, and light over darkness. Credited with the power to grant success in war with long and honorable life, the Thunderbird was ranked by such Indian nations as the Algonquians, Sioux, Cheyenne, Comanche, Kiowa, Arapaho and Winnebago, with such other Indian deities as the Earthmaker, the Sun God, and the Chief of Eagles. The Indians held the Thunderbird in great awe. Indian legend said that thunder and lightning were caused by these enormous birds. Thunder was supposed to have been caused by the flapping of the bird's wings, and lightning was attributed to the opening and closing of the bird's eyes or arrows carried in its talons and bolted down on the earth.

### Focus On Health

By The Associated Press  
Medical men investigate how often humans swallow, the return of some alcoholics to safe social drinking, and injuries from dancing the Twist.

#### Swallows

Eating a 10-minute lunch, the average person apparently swallows 48 times, and he swallows 7 to 8 times during a full night's sleep.

Sitting and reading, 15 volunteers also averaged 34 swallows per hour, and 31 while lying down awake, reports Dr. Clement S. Lear of the Harvard School of Dental Medicine.

The reduced amount of swallowing during sleep, with little or no salivation, may affect the activity of mouth bacteria, Dr. Lear says. Swallowing involves strong muscular actions, and this may be significant in the development or treatment of malocclusion, the failure of teeth to meet properly.

#### Social Drinking

A dictum among experts on alcoholism is that the confirmed alcoholic can never return to social drinking. Most times, one drink or a few drinks lead to destructive binges.

But this may not always be so, says Dr. D. R. Davies, a British psychiatrist from London. He tells of seven men, out of 93 persons given limited psychiatric treatment, who were able to resume social drinking, and have been able to drink moderately for 7 to 11 years since then. Of the seven men, ranging in age from 36 to 47, four changed from jobs that frequently brought them into situations involving drink.

But Dr. Davies still cautions that the majority of alcoholics cannot return to normal or social drinking, and advises that all patients being treated for alcoholism should be told to seek total abstinence. He gave his report in the quarterly Journal of Alcohol Studies, publication of the Rutgers Center of Alcohol Studies. The center recently moved to Rutgers from Yale University.

#### Twist Injuries

A physician accustomed to treating injuries suffered by football and basketball players in contact sports is puzzled over the knee injuries among teen-agers doing the Twist, the acrobatic new dance craze.

Dr. Bernie P. Davis of Buffalo, N.Y., says he thinks the Twist has an hypnotic influence on the performers. "So they are unaware of the hazards to themselves. Under normal conditions, when excessive strain is put on knee ligaments, they react with pain, and the person stops whatever is causing the pain. But in the Twist, teen-agers seem to be hypnotized by music and rhythm and don't realize the strain they are putting on their knees."

### Old Cavalry Being Reborn — In 'Copters

WASHINGTON (AP) — After eight years of preparation, the Army is forming its first troop of helicopter-borne air cavalry.

Air cavalrymen — like their horse-mounted forebears — would scout ahead of moving columns, reconnoiter the flanks, seek out targets for artillery and rockets and spring raids behind enemy lines.

The first troop of 147 men and 27 observation and transport type helicopters is being organized at the Ft. Knox, Ky. armored center. It is expected to be combat ready by the end of summer.

A second troop will be created at the infantry center, Ft. Benning, Ga. The third and fourth will be attached to the two new regular Army divisions now being trained at Ft. Carson, Colo., and Ft. Hood, Tex.

Ultimately, the Army hopes to integrate an air cavalry troop with each of its 16 regular divisions.

The helicopter companies now operating with South Vietnamese troops against Communist guerrillas are a much different breed of unit. They are essentially transport outfits and are not intended to fight, although the choppers in Viet Nam have been equipped with machine guns.

Air cavalry troops would be tactical combat units, their helicopters armed with machine guns and antitank guided missiles.

The Army considers its air cavalry concept suited to both nuclear war battlefields, on which surface units would be widely spaced, and guerrilla-type wars, where mobility, speed and surprise are at a premium.

### Building Falls In Chicago, 2 Die

CHICAGO (AP) — A mother and her 5-year-old daughter were killed Wednesday by falling debris as a gust of wind blew down a ruined building as they were walking by it.

Susan Johnson was crushed to death in the rubble. Her mother, Helen Johnson, 22, died in a hospital. Another mother and her son, walking with them, were treated at a hospital and released.

## Passover Plan Made

Women of the Temple of Israel and Sisterhood are planning to continue the custom of community Passover Seder. Mrs. Julian Bernard Fisher has been selected to head the committee to make arrangements. She is to be assisted by Mrs. Bernard Fisher, Mrs. Leonard Einstein, Mrs. Fred Greenbert, Mrs. Richard Jaffe and Mrs. Frank Appel.

Tentative arrangements have been made for a seated dinner to be held at the Cosden Country Club Wednesday, April 18, first night of the Passover (Pesach), at 6:30 p.m.

Guests are invited to attend and further information may be had by calling any of the above women.

## Council Of Church Women To Meet

The United Council of Church Women will meet Friday, April 13, at 10 a.m. in the First Presbyterian Church.

Mrs. G. C. Graves and Mrs. W. G. Wilson Jr., will give reports on the state meeting of UCCW, held in Fort Worth.

# Garden Club Council Planning Combined Flower-Style Show

Big Spring Council of Garden Clubs Wednesday afternoon at the home of Mrs. Odell Womack discussed plans for spring flower shows.

Clubs of the council are to exhibit in the near future. The Four O'Clock Garden Club will present their show entitled "Automotive Flowercade" on April 28 and 29 at Shasta Ford Building. Three invitational classes are open.

Planters Club flower show will be on May 9 at the home of Mrs. J. W. Trantham. It is entitled "Fun With Flowers For the Family."

The Big Spring Council and

Margie's Dress Shop are joining efforts to present a new concept in exhibition. The event is slated for May 11 and 12. It will be a combined style and flower show. Arrangements will be used to express types of fashion in clothes.

The opening day of the show, members of garden clubs in the council who are entering arrangements are to take them to Margie's Dress Shop between 9 a.m. and 11 a.m. Out-of-town judges will judge the arrangements at 2 p.m. awarding first, second and third prizes. Refreshments will be served.

The second portion of the show, members learned how to design a coffee, will take place in the Big Spring Country Club ballroom at 9 a.m. on Saturday morning.

Members of Lees Home Demonstration Club had an all-day workshop Tuesday at the club house.

Easter hats were made and members learned how to design and dress "Texas mosquitoes." At noon a covered dish luncheon was served.

After lunch Mrs. James Eiland, Glasscock and Martin County agent, demonstrated how to quickly prepare refreshments.

A short business session was held during which members elected Mrs. L. J. Woodard as delegate to the THDA Council at Pecos on April 17. Mrs. Jack Engle was elected to represent the Garden City club at the council.

The next meeting will be held in the home of Mrs. J. J. Overton on April 10.

## Lees Club Meets For Workshop

Members of Lees Home Demonstration Club had an all-day workshop Tuesday at the club house.

Easter hats were made and members learned how to design and dress "Texas mosquitoes." At noon a covered dish luncheon was served.

After lunch Mrs. James Eiland, Glasscock and Martin County agent, demonstrated how to quickly prepare refreshments.

A short business session was held during which members elected Mrs. L. J. Woodard as delegate to the THDA Council at Pecos on April 17. Mrs. Jack Engle was elected to represent the Garden City club at the council.

The next meeting will be held in the home of Mrs. J. J. Overton on April 10.

## Circle Completes Series Of Study

Kentwood Methodist Morning Circle finished the last in a study series, Tuesday at the church.

The last chapter of the book, "The Meaning of Suffering," entitled "Death" was presented by Mrs. Eddie McLain.

Mrs. Raymond Hamby dismissed the group of six with prayer.

The next meeting will be on April 3 at the church.

## Mrs. Knox Gives Review At Meeting

Reba Thomas Circle of First Methodist Church heard a book review by Mrs. John Knox on the book, "By Deed and Design." Members gathered in the home of Mrs. Ed Shive Wednesday evening.

Mrs. Roy Rosene opened the business meeting with prayer. Mrs. Martin Staggs asked members to provide 40 dozen cookies for the State Hospital on April 4.

The next meeting will be with Mrs. Bert Shive on April 10.

## 'ROUND TOWN With LUCILLE PICKLE

Friends have received word from the G. G. MOREHEADS telling of their harrowing experience in a storm at sea shortly after they sailed from New York on March 7. The storm, listed as the worst in 20 years, tossed the 2,000 passengers about and rolled most from their beds, including Mr. Morehead. Some of the people received broken limbs and almost all suffered seasickness, as well they might with such a buffeting. However when Mrs. Morehead wrote, she was in Rome and the crossing was an interesting remembrance. She and Mr. Morehead had taken the Amalfi Drive along a mountainside overlooking the Mediterranean and were thoroughly enjoying themselves.

FORREST GAMBILL is in Houston at the Northwest General Hospital for treatment of his

## LGA LUNCHEON

Members of the Ladies' Golf Association will have their luncheon meeting at the Big Spring Country Club Friday at 1 p.m. Duplicate bridge will be played beginning at 2 p.m.

## Alma Latina Has Monthly Session

Twelve couples were received as new members of the Alma Latina Club Sunday when a dinner was served at Carlos Restaurant. Mrs. Dan Bustamante, president, expressed appreciation for work done in the membership drive.

Bernard Huante led in prayer and Alleluia to the Flag.

Plans were made for an Easter egg hunt for members and their families. It will be held Easter Sunday from 2 to 4 p.m. at Webb Air Force Base pavilion.

Members voted to have a barn dance on May 6. After adjournment of the business meeting, dinner was served.

## Make Use Of Juice

When the juice from canned fruit is leftover, use it in a flavored gelatin dessert. Serve with plain cream or unsweetened whipped cream.

## Mrs. Houser To Begin A Judges' Tour

Mrs. Ann Gibson Houser will leave Big Spring Friday morning for Las Cruces, N.M. There she will judge 30 piano students for the National Guild of Piano Teachers.

Mrs. Houser will continue her tour to Clovis, N.M., where she will judge 100 piano students.

The National Guild of Piano Teachers holds nationwide auditions each year. Judges are selected from qualified teachers and judges from all over the nation.

The audition in Big Spring will be during the week of May 7-12.

Mrs. Houser plans to return to Big Spring on April 5.

## Devotion Leads In WMU Study Meet

A devotion on "Application to Our Own Personal Lives of Self and Service" was given by Mrs. A. R. Posey, opening a Baptist Temple session of WMU, Tuesday. She concluded the devotional thought with a poem, "Myself."

After a prayer by Mrs. Rex Edwards, a program on the theme, "Use Me Today," was presented in circle reports made by Mrs. W. L. Sandridge, Mrs. Delbert Simpson, Mrs. Richard Grimes, Mrs. Charles Modisette, Mrs. Otto Couch and Mrs. Carol McKinney. They represented the Evans Holmes, Fisher, Fryer, Douglas circles.

A report was made of \$220 toward the \$300 goal for state missions. Mrs. Grimes reported the GARA Mission Book reading for youth and it was announced that an all-day luncheon will be held April 17. A book review on "The Bible and Race" by Dr. T. B. Matson, will follow the luncheon. Nine members were in attendance. The prayer calendar was read by Mrs. McKinney who led the closing prayer.

## Talk And Slides In Club Program

Insects and plants were subjects discussed for the Tuesday program of Rosebud Garden Club, presented at the home of Mrs. Drew Dyer. Mrs. W. C. Moore was cohostess.

After a council report, a talk on "Plant Eating Insects" was given by Mr. Tip Anderson. Mrs. Charles Sweeney talked on "Insect Eating Plants" and showed slides.

Fourteen members were present and were reminded of the forthcoming Flower Show School No. 2, which will be held in the Robb Piner Room, YMCA, April 3-5.

## Club To Honor Senior Members

Spoudazio Fora made plans for honoring its senior members when it met Tuesday evening at the home of Mrs. J. M. Hill. The seven members present scheduled the dinner for the month of May.

A nominating committee was named to include Mrs. J. M. Hill, chairman, Mrs. Bob Bright and Mrs. James C. Jones.

"Safety and Laws in Our Town" was the program theme with Mrs. J. W. Dickens in charge.

## Book Review Given For GC Presbyterian Women

GARDEN CITY (SC) — "The Land of Eldorado" was a book reviewed for the Monday night program presented to the Garden City Cumberland Presbyterian Auxiliary. The study session was held at the church with Mrs. Cora Johnson of Loraine, guest speaker. She was introduced by Mrs. Clyde Reynolds, chairman of missionary work.

The Rev. Morris Clark gave a

Works At Beauty

Judy Lewis believes beauty is something that is not just there; it has to be cultivated by everyday care. The best way to lose good looks is to take them for granted.

## HOLLYWOOD BEAUTY

# Actress Believes In Simplicity Of Dress

By LYDIA LANE

HOLLYWOOD—One of the most attractive mother and daughter teams in Hollywood is Judy Lewis and Loretta Young. "We are the same size," Judy beamed, "and that means I can wear my mother's clothes."

"Mother has a wonderful fashion sense, but she feels that you must be independent and not be persuaded to wear what is not right for you. When you limit your basic colors, it simplifies your accessories. This season I've been partial to beige and black. And," Judy added, "when you avoid extreme styles, your clothes stay in fashion much longer."

She told me when we chatted between scenes on "The Outlaws" set. "I believe in looking ahead," Judy continued. "They speak of after-thirty creams, but I feel one shouldn't wait that long to care for the skin. And good creams can't do it all; a good complexion is a matter of cleanliness, proper rest, well-balanced diet and happiness. If you get overly tired or upset over problems, the skin is the first place to reflect it."

"I had a big disappointment

## Dean Family Makes Move To Indiana

FORSAN (SC) — Mr. and Mrs. A. Z. Dean, Randy and Rickie left Tuesday to make their home in Griffin, Ind. The move was a result of a transfer by the Continental Oil Company. Their other son, Jerry, will remain with his sister, Mrs. Royce Griffith, in Big Spring until the school term is over.

Mr. and Mrs. C. L. Gooch, Ronnie and Judy have been in Wichita Falls to visit Airman 3.C. and Mrs. Gary Wiggins and Debbie.

Mr. and Mrs. Delmer Klahr and children from Eunice, N.M. were guests of his father, F. J. Klahr and Jeannie.

Mr. and Mrs. Jay Hawkins returned to their home in Graham after a visit with their son and daughter-in-law, Mr. and Mrs. A. L. Hawkins.

Mr. and Mrs. D. L. Knight are home from a visit in Stephenville. They were accompanied by her sister, Mrs. C. L. LaDuque of Seminole.

## Easy Way To Make Cheese Sauce

Try evaporated milk in Cheese Sauce. It's easy to prepare. All you need is a double boiler, one cup evaporated milk, and one cup (1-4 pound) cubed process cheddar cheese.

Heat the evaporated milk in top of the double boiler over boiling water. Add cheese and continue heating until cheese is just melted, about five minutes. Stir to blend and serve on buttered toast, macaroni, spaghetti, noodles, rice or vegetables.

### Indonesia Declares Talks Futile, Readies For War

JAKARTA, Indonesia (AP)—A high Indonesian official today discounted the possibility of further talks with the Dutch on West New Guinea and said a military clash is inevitable.

The official said Indonesia broke off the U.S.-sponsored talks last week because the Dutch bluntly declared they were not prepared to accept Indonesia's demand for a transfer of administration of the Dutch-held territory Indonesia claims.

Indonesia does not believe a resumption of talks would serve any purpose because of the hostile attitude of the Dutch government, the official said.

The Indonesian press has unanimously urged President Sukarno to reply to the Dutch "with the language of guns."

Sukarno already has sent Gen. Abdul Haris Nasution, defense minister and chief of the armed forces, to the East Indonesian islands close to West New Guinea. Troops reportedly are pouring into East Indonesia, the jumping-off point for any invasion.

Sources said the Soviet Union also is stepping up its arms shipments to Indonesia.

DEAR ABBY

It's All His Business!

DEAR ABBY: My son is so henpecked people are waiting for feathers to sprout. The girl he married is the most stupid girl on earth. People ask me what he ever saw in her. She doesn't know the first thing about how to keep house, do the washing, iron clothes or make a meal. And our son either pretends he doesn't notice or else he has caught this stupidity from her. Should I try to open his eyes? It hurts me to see a boy who was raised in a clean and orderly home living the way he is.

DEAR YOU: Thank you. I don't want her. But if your son doesn't mind, it's all right with me, and it shouldn't bother you, either.

DEAR ABBY: I have worked in a doctor's office for many years and am unable to handle a certain aggressive female patient. Other nurses have told me they, too, have encountered the problem, and are stumped. What are we supposed to say when a woman barges in without an appointment (not an emergency) and says, "I've known the doctor for years. Just tell him I'm here and I know he'll see me!"

DEAR TRULY: Give the doctor her message. If a woman does this more than once, take your Rx from the doctor on how to treat her.

DEAR ABBY: I am a bachelor,

35, and have been dating a divorcee for two years. She has two sons, 14 and 10. The oldest one and I get along fine, but the 10-year-old and I don't seem to hit it off. I never feel at ease or enjoy myself when this kid is around. He always has a sarcastic remark to make, and to tell you the truth, I can't stand him. His mother knows it and says her first duty is to her children and if I can't learn to love both her boys, we can't marry. She's a terrific woman, and I've met lots of women in my life, but this one is for me. Her first husband (divorced) was a lady's man and her youngest son looks exactly like him. Could this have anything to do with my disliking him? IN LOVE

DEAR IN LOVE: Probably, Don't blame a 10-year-old boy for reacting to your hostility toward him with sarcasm. He can't help it if he "looks like" his father. Try to understand the boy and treat him fairly. If you do, he will react with friendliness. If you can't accomplish this, be prepared to lose the woman.

Mrs. James Cape is really at home in the kitchen. She specializes in pies and cakes and has even made her own bread.

# Mrs. Cape Emphasizes Simplicity In Foods

Petite and pretty, Mrs. James Cape, during an interview, talked of putting around in the kitchen with her mother when she was cooking by baking brownies, fudge and other sweets. During her growing-up years she developed basic ideas about cooking and concocted a few recipes of her own. And she is one of those rare women who did know how to cook at the time she was married.

The Cape home, located in Edgemere Addition, is lovely. It has a certain lived-in look. This is true particularly in the combined kitchen and family room. Shades of brown touched off with bits of red make up the decor. The family room also boasts a spacious fireplace.

Mrs. Cape has no difficulty in pleasing her family's appetites. They like their food simple—without fancy trimmings and exotic seasoning. Her husband, James, does enjoy a good pot roast and other variations of roasting, and her 10-year-old daughter, Susan, favors barbecued chicken.

Mrs. Cape is lucky in having a helper at times in the kitchen. Her mother, Mrs. J. H. Fariss, lives with them and sometimes assists in meal planning and preparing. Mrs. Cape commented that she was also wonderful to help her clean up afterward.

Meals in the Cape home are planned so that the family has more time together during the evenings. Both husband and daughter come home for the noon meal, which is the main meal of the day. Then in the evening there

are usually leftovers and snacks of some sort to eat for supper.

Mrs. Cape has always enjoyed cooking, but she particularly likes to bake. She has many of her favorite recipes in a well-worn composition notebook.

During the summer the family makes a habit of cooking out-of-doors every Sunday. They also enjoy old-fashioned homemade ice cream.

Cape is manager of Southwest Investment Company in Big Spring. Mrs. Cape is a member of 1855 Hyperion Club and Xi Mu Chapter of Beta Sigma Phi.

Among Mrs. Cape's favorite recipes are Lemon Pie, Cinnamon Rolls and Brasted Chicken.

### LEMON PIE

- 1/2 cup sugar
  - 2 1/2 tbsps cornstarch
  - 1 cup boiling water
  - 1 tbsps butter
  - 3 egg yolks
  - 5 tbsps lemon juice
- Mix sugar and cornstarch, add boiling water. Mix well. Cook until clear. Remove from heat, add 3 egg yolks and mix well. Add lemon juice and butter and cook until thick.

### MERINGUE

- Add 4 tablespoons sugar to 3 egg whites and beat until stiff.
- Pour the custard into baked pie shell and top with meringue. Brown in oven.

### CINNAMON ROLLS

- 1 cup lukewarm milk
- 1/2 cup sugar
- 1 tsp. salt
- 2 cakes yeast
- 2 eggs

## Peaches For Topping An Ice Cream Dessert

By CECILY BROWNSTONE

Ice cream toppings are in business. We notice all members of families, and especially teenagers, like to spoon sweet stuff from small jars over the frozen dessert.

Chocolate and butterscotch sauces for ice cream are always popular. But now fruit horns in deliciously, and the sauces made with it can be festive concoctions.

A big crop of peaches has obliged ice cream this year. Here's how to put them into a topping that's easy to prepare.

Our grandmothers wouldn't have used commercial pectin in a fruit recipe similar to our peach topping, but modern cooks are inclined to do so to gain a bonus in yield.

You don't have to reserve this topping for ice cream alone. It is pleasant served with simple vanilla-flavored rice and bread puddings.

If you're new to preserving, remember to choose ripe but firm fruit for good color, texture and flavor.

Don't double a recipe! Cooking in small batches is recommended because small quantities need to be boiled. A minimum amount of time so color and flavor are protected.

Follow manufacturers' directions

for preparing jars. Follow recipe directions for quickly closing jars with an airtight seal.

**GINGER PEACHY TOPPING**

- 3 lbs. (about) firm peaches
- 3 tbsps. lemon juice
- 1/4 tsp. salt
- 1 box (2 1/2 ozs.) powdered pectin
- 5 cups sugar
- 3 tbsps. minced drained maraschino cherries
- 3 tbsps. minced crystallized ginger (wash sugar from ginger in hot water and drain before mincing)

Scald peaches and remove skins; chop enough of the peaches into pieces about the size of a small raisin so you have 3 1/2 to 5 cups. Put peaches, lemon juice, salt and pectin into a 5- or 6-quart kettle; bring to a hard boil. (Mixture will be foamy so large kettle is necessary.) Stir in the sugar; bring to a hard boil and let boil exactly 1 minute. Quickly skim off all foam with a spoon; pour into boiling hot half-pint jars. Seal at once with regular home canning caps.

If fruit rises to top as jars are filled, or if it rises after jars have cooled about half an hour, shake jars to redistribute fruit and place on their sides to finish cooling. If fruits do not stay distributed after storage, stir before serving. Makes 6 half-pints.

## Spice Cake Is Pretty

When friends ask a home-baker for her recipe for some special baking accomplishment, she is highly complimented provided, of course, that she can furnish her own recipe and be able to say, "Yes, I baked it myself!" Here is just such a recipe:

- 1 1/2 cups sifted cake flour
- 3 tbsps. baking powder
- 1/2 cup sugar
- 1/2 tsp. salt
- 1-3 cup shortening
- 1/4 cup milk
- 1/4 cup light molasses
- 1 tsp. vanilla extract
- 2 eggs

Sift together flour, baking powder, sugar and salt into large mixing bowl. Add shortening, milk, molasses, and vanilla. Stir until blended; beat 2 minutes on medium speed of electric mixer or by hand using 150 strokes per minute. Scrape bowl and beaters. Add eggs. Stir until blended; beat for 2 minutes longer as before. Pour batter into a greased and floured 8 x 2-inch baking pan. Bake in a 350 degree F. (moderate) oven about 40 minutes.

Yield: 1 8-inch square cake

## Tender Biscuits With Nut Filling, Orange Topping

Remember those heavenly biscuits Grandma used to take piping hot from the oven? What was her secret in making them so tender and flaky?

There are many ways you can vary those old-fashioned baking powder biscuits. Topsy-Turvy Orange Nut Biscuits are rolled like a jelly roll with a cinnamon, sugar and nut filling. They're baked in muffin tins on top of a sweet orange rind mixture. When taken from the pans, you'll turn the biscuits over to find an orange topping.

**TOPSY-TURVY ORANGE-NUT BISCUITS**

- 2 cups sifted enriched flour
- 1/2 tsp. salt
- 1 tbsps. baking powder
- 1/2 tsp. cinnamon
- 3/4 cup sugar
- 1/4 cup butter or margarine
- 1/4 cup orange juice
- 2 tsp. grated orange rind
- 1/4 cup lard
- 1/4 cup milk
- 1/2 cup chopped nuts

Sift together flour, salt and baking powder. Mix cinnamon and 1/4 cup sugar. Combine butter or margarine, orange juice, remaining 1/4 cup sugar and orange rind and cook 2 minutes. Pour sirup into 12 medium muffin pans. Cut lard into flour mixture. Add milk and stir until dough follows fork around bowl. Knead 1/2 minute. Roll dough into a 12x12-inch square. Sprinkle with cinnamon and sugar and nuts. Roll as for jelly roll. Slice 1/2 inch thick and place cut side down, over orange mixture in each muffin pan. Bake in a very hot oven (450 degrees F.) 20 to 25 minutes. Yield: 12 biscuits.

## Oven Fried Chicken Omits Heat Worry

1 broiler-fryer (about 2 1/2 lbs.) ready-to-cook weight

- 1/2 cup biscuit mix, spooned lightly into measure
- 1 tsp. salt
- 1/4 tsp. pepper
- 1/4 tsp. curry powder
- 1 tsp. paprika with cinnamon
- 1/2 lb. (1/2 cup) butter or margarine

Have chicken cut into 10 pieces. Clean in cold water and drain lightly. Stir biscuit mix, salt, pepper, curry powder and paprika together thoroughly on a piece of waxed paper. Dip chicken pieces in mixture, coating on all sides. Melt butter in a baking pan (about 9 by 13 by 2 inches) in a hot (425 degrees) oven. Arrange chicken pieces in butter in single layer, skin side down. Bake in a hot oven 45 minutes.

Turn chicken so it is skin side up. Continue to bake in hot oven another 15 minutes or until tender. Remove chicken. Gravy may be made from drippings in pan with stock (made from chicken giblets and wing tips). Makes 4 servings.

## Leftover Meat Pies

That leftover beef, lamb or chicken stew will be welcomed by your family if you turn it into a meat pie with a pastry or mashed potato topping.

# A Thrifty Meat Roll Will Relax The Budget

One pound of beef to serve a company dinner for six sounds like fantasy. But a filled, rolled meat loaf recipe does just that. It provides an economical entree with a festive air.

The easy-to-make roll combines one pound of ground round beef and a tasty mushroom sauce made with economical instant non-fat dry milk. For adding extra protein at lowered cost, non-fat dry milk is without equal.

Serve the meat roll with a tasty mushroom sauce made from non-fat dry milk. Round out the menu with tender baby carrots, pea filled mushroom caps and a crisp salad. Instant coffee made in a pot and served with a simple dessert like fresh fruit completes a company dinner which is nutritious, savory and penny saving.

**PENNY SAVER MEAT ROLL**

- 1 lb. ground round steak
- 1-3 cup dry non-fat milk
- 1 egg, slightly beaten
- 1/4 cup finely chopped onion
- 1/4 cup grated carrot
- 1 tbsps. finely chopped parsley
- 1 tsp. salt
- Dash of freshly ground pepper
- 1/2 tsp. dry mustard
- 2 cups herb seasoned bread stuffing
- 2 eggs, slightly beaten
- 1/2 cup liquid non-fat milk

Combine meat and non-fat milk; blend until milk is no longer visible. Mix in egg, vegetables and seasonings. Place meat mixture on a large piece of waxed paper. Flatten and form into rectangle 6 x 9 1/2 x 3/4 inches. Mix together

the bread stuffing, 2 eggs and liquid non-fat milk. Spread stuffing evenly over meat. Gently roll meat and stuffing together jelly-roll fashion. Place in a large buttered baking dish. Cover. Bake in a moderate oven (350 degrees F.) for 30 minutes; remove cover and continue to bake for 30 minutes. Remove from oven. Slice meat roll. Serve with Mushroom Sauce.

**MUSHROOM SAUCE**

- 2 cups liquid non-fat milk
- 2 beef bouillon cubes
- 5 tbsps. flour
- 1 tsp. salt
- 1/4 tsp. white pepper
- 1 cup sliced fresh mushrooms (or one 4-oz. can mushrooms, drained may be substituted for fresh mushrooms and butter)

2 tbsps. butter

Pour non-fat milk into top of double boiler; add bouillon cubes. Cook over hot water until bouillon cubes have melted. Sprinkle flour and seasonings over surface of milk; beat with rotary beater until blended. Continue cooking, stirring constantly, until mixture has thickened. Sauté mushrooms in butter until slightly browned. Add to sauce. Serve hot over meat roll slices.

## Shipments Slow To Markets

By The Associated Press

Adverse weather has slowed the normally heavy spring shipment of produce to Texas markets.

But potatoes, turnips and rutabagas remain abundant at economical cost. Fresh greens and green onions from South Texas also are arriving in generous volume, the Agricultural Marketing Service reports.

Fresh grapefruit and oranges from Florida, apples, avocados and bananas continue to highlight fresh fruit markets. Strawberries have yet to reach their peak.

Shipments of mixed melons—honeys, Persians and cantaloupes—from Mexico increased.

Yellow squash is sharply higher than a week ago. Best quality sweet potatoes cost more, as storage stocks diminish. Snap beans, lettuce and cucumbers also are higher at wholesale.

Radishes and tomatoes are slightly weaker. New crop onions have started.

Supplies of canned vegetables are adequate for all needs and USDA expects substantial carry-over of frozen items, as last year's pack was record large.

Supplies of ready-to-cook turkey are more than ample. Broiler-fryers are economical. Eggs are abundant at low cost. Milk and all dairy foods are plentiful, as are dry beans, peanut products and vegetable fats and oils. Supplies of all red meats and frozen, and canned seafoods are sufficient to provide wide choice.

## Pick Diet Foods High In Nutritional Value

Searching for inexpensive and easy ways of adding protein to the diet? Few foods can more effectively achieve your goal than cottage cheese.

ably lending itself to every course from appetizers through desserts, cottage cheese gives extra dividends at coffee break time, either morning or afternoon, or snack time for the teen-agers after school or before bedtime. Its uses are countless, and it is a comforting food, too, for it is easily digested and readily assimilated but approximately 20 calories per rounded tablespoon: one

half cup of cottage cheese supplying about a third of the calcium an adult needs each day.

If you are eyeing your weight and finding it too high, remember cottage cheese is an important food as it is high in nutritive value, low in calories and is a complete protein. Important in our diet for building, repairing and maintaining body tissue.

Dress it up a bit for those teenagers who have undertaken a vigorous dieting regime—include it for the grown-ups in a variety of main dishes, salads and desserts.

## Cake Bakes Attractively For Guests

Dessert for company? This makes 16 to 20 servings.

**CHEESE CAKE**

- 1 1/2 cups matzo meal
- 1-2 cup sugar
- 1 tbsps. cinnamon
- 1-8 tsp. salt
- 1-2 cup butter, melted
- 4 (8-oz.) packages cream cheese
- 6 eggs, separated
- 3-4 cup sugar
- 1 cup (1/2 pint) heavy cream
- 2 tbsps. potato starch
- 5 tbsps. lemon juice
- 1 tbsps. grated lemon rind

Apricot or strawberry preserves

Blend together matzo meal 1/3 cup of sugar, cinnamon, salt and butter; press mixture against bottom and sides of 9 or 10-inch spring form pan. Bake in hot oven (400 degrees F.) 8 to 10 minutes. Let cream cheese stand at room temperature until softened. Beat egg yolks with remaining sugar until light. Mash cheese with fork; add to egg yolks; beat well with rotary beater. Blend in cream. Stir in potato starch, juice and rind. Beat egg whites until stiff but not dry. Gently fold into mixture. Pour into pan. Put in cold oven; set oven to low (325 degrees). Bake 1 hour, or until set. Turn off heat; open door; let stand in oven 15 minutes until slightly cool. Spread with preserves. Remove rim of pan; place with bottom tin intact on serving plate. Refrigerate until cold.

## An Entire Dinner In A Pie Shell

Salmon-cheese pie will serve as the main meal for six to eight people.

- 1 (9-in.) unbaked pastry shell
- 1 egg white, slightly beaten
- 1/2 (8-oz.) pkg. Swiss cheese slices, grated (1 cup)
- 2 tbsps. flour
- 1 tbsps. grated onion
- 1/2 tsp. salt
- 1/4 tsp. pepper
- 1 cup canned salmon, flaked and packed
- 1 1/2 cups homogenized milk
- 2 eggs, slightly beaten

Brush pastry shell with egg white; reserve remaining egg white. Combine cheese, flour, onion, salt and pepper. Place alternate layers of salmon and cheese mixture in pastry shell. Combine eggs, reserved egg white and milk. Pour into shell. Bake in very hot oven (450 degrees) 15 minutes; reduce temperature to 325 degrees. Bake additional 30 minutes or until a knife inserted near center comes out clean. Serve hot.

A slight modification of this recipe makes it usable on other holiday occasions. Substitute 1 1/2 cups zwieback crumbs for the matzo meal in making the crust. Two tablespoons of all-purpose or pastry flour may be used to replace the potato starch.

Compare the freshness of Youngblood's Fryers with the ordinary fryer packed in ice and you'll find a surprising difference in the freshness... a freshness sealed in by the miracle of quick freeze... a freshness that gives you a better chicken dinner.

Available at better food stores in:

- WHOLE CUT UP FRYERS
- FRYER PARTS
- BROADED CHICKEN
- ROCK CORNISH GAME HENS

For Best Results

A measuring cup that has a space above the 1 cup line should be used in measuring liquids for recipes. Cooks have a tendency to skip in measuring liquids when this type of cup helps to prevent. It's spillproof, too!

Leftover Meat Pies

That leftover beef, lamb or chicken stew will be welcomed by your family if you turn it into a meat pie with a pastry or mashed potato topping.

\*\*\*\*\* TEAR OUT AND SAVE \*\*\*\*\*

ONLY **COMET** RICE BOTH

Vitafied AND Enriched To Protect Your Health

**COMET RICE NEPTUNE**

Approximate cost — 89¢	One Dish Meal Serves 4
1 cup uncooked Comet Rice	1 slice lemon (or 1 tsp. juice)
1 lb. peeled de-veined shrimp	4 cloves diced garlic (optional)
1/2 cup shortening	1/2 cup chopped parsley
1/2 cup flour	1 1/2 tsp. salt
1 small onion, chopped	1/2 tsp. thyme
1 can (8 oz.) tomato sauce	1 cup hot water
1/2 small chopped green pepper	Dash of black pepper

Cook the Comet Rice following the remaining directions on the package. In the meantime, melt shortening and blend in the flour. Gradually add the water, stirring until smooth. Add remaining ingredients, cover and simmer 20 minutes. Stir in the cooked Comet Rice, and serve hot.

# SPACE NEWS

PITTSBURGH (AP)—Miss Jerrie Cobb, the United States' first woman astronaut trainee, says officials haven't yet given a legitimate reason for not putting a woman into space.

"It's the same old story," she told newsmen. "Some say a woman's place is in the home. Others say we want to do so but it's a little too early yet."

Miss Cobb, here to make some speeches, said the United States could beat the Russians by being the first to orbit a woman.

"It's our only chance of doing something in the space race before they do," she remarked.

WASHINGTON (AP)—The head of the National Aeronautic Association reports the Soviet Union reluctantly submitted new data on cosmonaut Gherman Titov's 17 orbits around the earth.

NAA President Martin M. Decker of Philadelphia said the new information, added to earlier data supplied on Yuri Gagarin's one orbital flight, indicate the two spacecrafts were launched from different sites about 200 miles apart and landed in different parts of the Soviet Union.

The information, he said, also indicated the Russians used the same type of capsule for both flights.

The new data was submitted to a meeting of the Federation Aeronautique Internationale in Paris.

Decker, just returned from the Paris meeting, told a news conference the information included Titov's flight plan, details of instrumentation in the spacecraft and on the ground, and photographs.

The U.S. delegation concurred in a federation decision to recognize Titov's flight as setting two world records—for distance in orbital flight, 436,651.8 miles, and duration, 25 hours, 11 minutes.

DETROIT (AP)—Lt. Col. John H. Glenn Jr.'s orbital flight was a big boost to young America's education.

Evidence of this was at hand from a national assembly of grade school heads and the National Aeronautics and Space Administration's John Sims.

Sims, chief of the educational services branch of NASA, and the schoolmen, discussed the development.

The teachers, pressing Sims for help, said they have been overrun with demands by their children for answers to space questions since Glenn's flight.

The teachers are here for the annual meeting of the Department of Elementary School Principles of the National Education Association.

Sims, on hand with a space display and NASA consultants, was their helper.

Dealing with the inquisitive youngsters is a problem, Sims said. But it's rewarding, too.

"Our youngsters accept space science as a natural course of human events," he said. "We older people—myself and these teachers—are bewildered and have difficulty coping with it."

But he added, "Who can say that another Werner von Braun isn't in the Ozarks? Today's sixth grader may be landing on the moon in 20 years."

Sims said his office gets thousands of letters from youngsters with ideas. He said all letters are studied for possible merit.

"You'd be surprised at some of their ideas," he said.

HOUSTON (AP)—Astronaut Scott Carpenter should not encounter the difficulties Col. John Glenn met in his three-orbit trip around the globe, a space agency spokesman says.

Col. John Powers, public information officer for the National Aeronautics and Space Administration (NASA), said Carpenter will make his space trip in five or six weeks.

"I think Carpenter will find the attitude control system with which Glenn had some trouble to be all right now," Powers said.

Glenn had to fly the capsule himself part of the time because the automatic attitude control device did not work properly.

Carpenter will have a new optical device, a sort of telescope, to measure the zodiacal light during his three orbits, said Powers.

Project Mercury will have enough equipment for three more orbital flights after Carpenter's, he said, but it is not certain these flights will ever be made because Project Gemini—aimed at a space rendezvous—is to start early in 1963.

WASHINGTON (AP)—Wanted: Five to 10 young men for imaginative, wide-ranging outfit with room at the top. Those who qualify will go far but the faint-hearted need not apply.

The National Aeronautics and Space Administration is planning to select more astronauts soon but it's unlikely it will have to take to the classified advertising columns with such an appeal to get applicants.

Anyone can apply, including civilians, Space Administrator James E. Webb said.

The age limit for the new space candidates, he said, should be somewhat lower than now, indicating 35 might be the limit. Marine Lt. Col. John H. Glenn Jr., oldest of the present group of seven, is 40.

The original group was named in April 1959. All were military officers with experience test pilots.

## Piggly Wiggly Dinners for a Dollar!

These Values Good in Big Spring  
March 29-30-31, 1962

**CLEANSING CREAM . . . . \$1.19**

SERVE 4 PERSONS FOR A DOLLAR AND SAVE!

### MAIN DISH POTATO SALAD

- 1/2 cup dairy sour cream
- 1/2 teaspoon salt
- Dash of pepper
- 1 tablespoon vinegar
- 1 1/2 cups cooked, diced potatoes
- 1 hard-cooked egg, diced
- 1 cup cottage cheese
- 3 tablespoons minced onion
- 1/2 cup diced celery
- 1 1/2-oz. can luncheon meat, cut into 1/2-inch cubes
- Lettuce
- Carrot curls
- Radish roses

Blend together sour cream, salt, pepper and vinegar; set aside. In mixing bowl combine potatoes, egg, cottage cheese, onion, celery and luncheon meat. Add sour cream mixture; mix lightly but thoroughly. Chill. Serve on lettuce; garnish with carrot curls and radish roses. Makes 5 cups.

SERVE 4 PERSONS FOR A DOLLAR AND SAVE!

### HAMBURGER STROGANOFF

- Casserole, 1 1/2-quart
- 4 ounces noodles
- 1/2 cup sliced onions
- 1 pound ground beef
- 1/2 cup flour
- Dash of pepper
- 1/2 teaspoon salt
- Preheated 350° oven
- 1/2 cup catsup
- 2 teaspoons Worcestershire sauce
- 1/2 cup [2-oz. can] mushroom bits and pieces with liquor
- 1 1/2 cups buttermilk

Cook noodles according to package directions; drain. Meanwhile in saucepan combine onions and hamburger; heat, stirring constantly, until onions are tender and meat is browned. Remove from heat; blend in flour, pepper and salt. Add catsup, Worcestershire sauce, mushrooms and buttermilk; mix well. Stir noodles into beef mixture; turn into casserole and bake 25-30 minutes.

# Last Supper Scene Changed For Film

"The last person I would care to argue with would be Leonardo da Vinci, who was one of the most brilliant artists of his time and all times," says Director Nicholas Ray. "But I believe that he was thinking only of the dramatic organization of his picture when he painted his famous version of The Last Supper."

Ray, who studied art and design with Frank Lloyd Wright, faced disagreement with Leonardo when he staged The Last Supper for Samuel Bronston's "King of Kings." First of all, Ray found problems with Da Vinci's seating arrangement, both from practical and historical viewpoints.

"In those times, the master of the household always sat at the head of the table, rather than in the center," Ray says. "But this arrangement, with a long narrow table, would have been difficult

with the spirit of intimacy that is implicit in Jesus' words at this occasion. At first it was suggested the table be shaped like a cross, in order to bring Jesus and the disciples closer together. But I felt this would have been much too obvious a use of Christian symbolism, so we chose, instead, a Y-shaped grouping of small tables from the head of which Jesus could easily pass the bread and wine to each of his devoted followers, as required by ritual."

The Last Supper, Ray feels, is a scene that will be long remembered by audiences for its visual simplicity. Its unique staging places the dramatic emphasis where it belongs—on Christ's verbal covenant with His disciples and all of the future believers in His mission on earth.

"Jesus chose this simple meal as a means of dramatizing the importance of His sacrifice for mankind," Ray contends. "I believe we have accomplished the purpose of giving the audience deep spiritual awareness of the event."

Samuel Bronston's production of "King of Kings," being released by Metro-Goldwyn-Mayer, has Jeffrey Hunter in the role of Jesus. Co-starred with him are Siobhan McKenna, Hurd Hatfield, Ron Randell, Viveca Lindfors, Rita Gam, Carmen Sevilla, Brigid Bazlen, Harry Guardino, Rip Torn, Frank Thring and Guy Rolfe, with Robert Ryan as John the Baptist.

"King of Kings" opens today at the Ritz Theatre. The first night's showing will be a benefit performance to help send the Big Spring High School Band to the Seattle World's Fair.

### Klan To Meet

ATLANTA, Ga. (AP)—A cross-burning ceremony atop Stone Mountain and a massive parade in full regalia have been scheduled by the Ku Klux Klan to coincide with a convention here July 2-9 by the National Association for the Advancement of Colored People.

### Plea Rejected

JERUSALEM (AP)—Israel's Supreme Court today rejected motions by Adolf Eichmann's attorney to hear new witnesses in the Nazi official's behalf and refused to frame its verdict on his appeal against the death sentence.

## Third Oral Polio Vaccine Is Approved

WASHINGTON (AP)—Children, and adults, too—will soon be able to get protection against all forms of polio by the spoon as well as by the needle.

The way was cleared this week when the government approved production of Type III oral polio vaccine for general use—the last of the series of vaccines given by mouth needed for protection against all three kinds of polio.

"We now have two effective vaccine weapons to fight this disease—the killed vaccine developed by Dr. Albert Salk and the live oral vaccine prepared from strains developed by Dr. Albert Sabin," said U.S. Surgeon General Luther L. Terry.

He called it "another step forward toward final conquest of paralytic polio."

Types I and II of the oral vaccine were licensed last year by the Public Health Service but were not recommended for general use because without Type III they did not offer what health officials call complete protection. Persons using the oral vaccine would have to take all three types.

Licenses for manufacture of Type III were issued Tuesday to two manufacturers—Pfizer, Ltd., of Sandwich, England, and Lederle Laboratories of Pearl River, N.Y.

The Salk vaccine—injected by needle—protects against all three strains.

The oral, or Sabin, vaccine is made of weakened living polio viruses. The Salk vaccine contains killed viruses.

Surgeon General Terry said, "Individual physicians and health officers will decide which of the two vaccines to use on the basis of their own appraisal of the special factors of their own practice or the circumstances within their own health jurisdictions."

Availability of the vaccines may be the determining factor, said Terry. The Salk vaccine is being turned out at a rate of 5 million to 6 million doses a month. Terry said it was too early to say when the oral vaccine will be produced in large quantities or how soon it will appear in substantial amounts in local outlets.

### Family Night Set

The regular Family Night program begins at 7 p.m. Friday at the YMCA according to Francis Flint, general secretary. Scheduled this week are swimming and an open gym period for fathers.
