A Kiss For Sis

Ann Gibbs, returning from the World's Fair, receives a hug and kiss from her brother on stepping out of the bus which has been the band's home for four of the past eight days. She is the daughter of Mr. and Mrs. Gilbert Gibbs. Mrs. Gibbs looks on in the background. The 70 band

members and their adult chaperons returned about 8 p.m. Tuesday from Seattle, Wash., where they made two appearances at the Fair. About 200 relatives and friends were on hand to greet their returning youngsters.

# Tired But Happy, Band Returns From Seattle

Tears and happy embraces marked the return of members of the Big Spring High School Band Tuesday night from its trip to the World's Fair in Seattle, Wash. And the arrival was perhaps more triumphant than the departure a week ago. The two chartered buses were met by a police escort several miles out of town and a line of police vehicles, buses and cars of friends paraded in grand and noisy fashion to the high school. About 200 persons were on hand to greet the band members and help with the unloading of luggage and equipment. "Everyone was pretty tired from the long ride," Doug Wiebe, band director, said, "but the reception got the students excited and no one displayed fatigue then." The return was raining but brief. The group pulled in about 8 p.m. and by 8:30 p.m. the crowd had dispersed and most students were on their way home. Wiebe considers the trip a big success. "The weather was cold, colder than any we have ever played in, but the band performed well," he said. "The audience for the two Saturday shows was not great, but

the music was piped through the entire fairgrounds. "And the behavior of the students was outstanding. Everywhere we went people commented

## Former GOP Officials Probed In Estes Affair

WASHINGTON (AP)—Justice Department and Senate investigators were reported today to be exploring affairs of two Republican former officials of the Agriculture Department in connection with the Billie Sol Estes case. Well-placed informants, declining to be quoted by name, also said on relations between Estes, a cotton-raising, grain-storing West Texas financier, and government agencies other than the Agriculture Department. They declined to name the other agencies at this point.

## U.S. Intervenes In Racial Case

GREENSBORO, N.C. (AP)—The Department of Justice, seeking a federal court order outlawing racial segregation in hospitals built with federal aid, has intervened in a suit filed here by 11 Negro physicians, dentists and patients. The suit, filed Feb. 12, was among the first steps by the National Association for the Advancement of Colored People to end hospital segregation in the South.

## Storm Sends Non-Fatal Bolt, But Little Moisture

The elements labored mightily Tuesday night and the effort produced towering black clouds, another exhibition of awesome lightning and a faltering shower which gauged only .07 of an inch in Big Spring. A Mitchell County man was hit by lightning. Blistering hot weather, which hung up an all time high of 103 degrees for the season last Sunday, still held sway. The temperature climbed to 101 degrees Tuesday narrowly escaping another record for the date. Weather officials said that as long as the unseasonable hot weather holds, there is a probability of nightly return engagements of the clouds, lightning and winds. Scattered showers are also a by-product of such unstable weather conditions. Gusty winds, strong enough to be bothersome but not up to the roaring standards of the preceding night, also accompanied the clouds Tuesday. The meager gift of raindrops

on how well-mannered the children acted," he said. A highlight of the trip for the students was meeting Richard Ellsasser, organ virtuoso who was in Big Spring March 6 to close out the Concert Association's season. Ellsasser appeared at the fair before the local band was scheduled. The group spent four days at the World's Fair and took the same route both ways. Seventy members and 10 adults made the trip. All of the students had returned to classes this morning, Wiebe said.

## P-TA Officers To Be Installed

LAMESA (SC)—A joint installation of new officers in the five Parent-Teacher Association units and the P-TA Council is scheduled for May 10 in the high school auditorium. Mrs. Chesley McDonald of Sterling City, past president of District 16, will be the installing officer. Presentation of a life membership will also be made during the program and past president pins will be given to outgoing presidents by their successors. City council officers include Mrs. Alvin Griffin, president; Mrs. Cecil Jones, vice president; Mrs. A. W. Kluge, secretary; Mrs. V. C. King Jr., treasurer; Mrs. V. W. Crump, historian; and Bill Reeves, parliamentarian. Pat Ryan is the high school P-TA president; Mrs. T. R. Clancy, junior high; Mrs. M. S. Sellers, North Elementary; Mrs. Norris Barron, South Elementary; and Mrs. A. P. Dollar, Central Elementary.

## Storm Sends Non-Fatal Bolt, But Little Moisture

was sufficient to dampen the area but did not have enough volume to break the drought which is keeping farmers from planting their fields. Mitchell County continued to receive the brunt of these nightly storms. Tuesday night, D. L. Breeden, 60, was struck by lightning as he sat in his yard at Colorado City. He suffered temporary paralysis of his arm and was taken to the Root Memorial Hospital. His condition Wednesday was described as good and it was not believed he would have any lasting injuries from the mishap. Earlier in the week, a 5-year-old child at Westbrook was killed by lightning. Firemen in Mitchell County have been kept on the go battling range fires which have been ignited by lightning. There were four such fires Monday and another last night.

# ASC Suspends Estes Figure; Hearing Pends

## Texan Named As Gift Recipient

### But Action Is Not Reflection On Character, Chairman Notes

COLLEGE STATION, Tex. (AP)—William P. Mattox, a Reeves County farmer mentioned frequently in the Billie Sol Estes investigations, has been suspended as county Agricultural Service and Stabilization Service (ASC) committee member, the state ASC announced today.

The action was taken yesterday in a telephone poll of the state committee, W. Lewis David, state executive director of the ASC, said.

David and his assistant, Jack Bradshaw, stressed that Mattox was only suspended until a hearing could be held and that he was not dismissed.

A formal statement from the state ASC headquarters said the suspension came after published reports that Mattox had accepted airplane fare and hotel accommodations from Estes about last January.

Mattox, about 38, came into the Estes inquiry after a report that Estes had recommended him for the state ASC committee. The Reeves County farmer has been a member of the county committee since it was formed about 1954. He currently is vice-chairman.

Mattox was reported in El Paso today. David said he was in El Paso yesterday and sought to talk to Mattox, but the farmer was in Mexico and he later talked to him by telephone when Mattox returned to El Paso.

Estes was a West Texas financial giant who now is under federal fraud charges involving millions of dollars. Congressional leaders and the FBI have started investigations into his far-reaching contacts.

Mattox earlier said Estes recommended him for the state job although Mattox had not asked the financier to do so. Mattox said the office of Vice President Lyndon B. Johnson of Texas turned down the application.

Mattox said he was rejected for geographical reasons and that he concurred in that reason.

Bradshaw said that Washington authorities had been informed of the state action. "I want to emphasize," Bradshaw said, "that the suspension does not in any means reflect on Mattox' honesty or integrity in operation of the office. It is a way to get facts."

David said that Mattox indicated he would appear in person at a state ASC hearing on the matter. The date has not been set.

The formal statement issued by state ASC headquarters, said: "The matter of accepting gratuities in the form of plane travel and hotel accommodations by Mr. W. P. Mattox as reported in the newspapers was discussed with Washington office representatives. As a result of the inference which would naturally be drawn because of these newspaper articles it was felt advisable to suspend Mr. Mattox as vice chairman of the Reeves County ASC committee."

## PRESSTIME BULLETINS

WASHINGTON (AP)—The Senate defeated 64-33 today a motion to table and thus kill the administration's voter literacy test bill. Earlier it had refused 53-43 to restrict debate on the measure.

WASHINGTON (AP)—The seventh shot of the U.S. nuclear test series in the atmosphere was set off today in the Pacific. The sixth shot came Tuesday.

WASHINGTON (AP)—Unemployment dropped by 430,000 in April and went below the four million figure for the first time this year, Secretary of Labor Arthur J. Goldberg announced today.

## No France, No Ban, Say Reds

GENEVA (AP)—The Soviet Union declared today it will never sign any nuclear test ban treaty without France.

Soviet Deputy Foreign Minister Valerian A. Zorin announced the Soviet position at a session of the 17-nation disarmament conference discussing the test ban negotiations of the United States, Britain and the Soviet Union.

Zorin referred to the recent French underground test in the Sahara.

"There is another power now testing nuclear weapons. This power is refusing to take part in the negotiations and has never said it would adhere to a nuclear test ban treaty," Zorin said.

"The Soviet Union will not sign any treaty on banning nuclear tests unless France is a party to it."

France has never taken part in the test ban talks, and has boycotted the disarmament conference since it opened March 14.

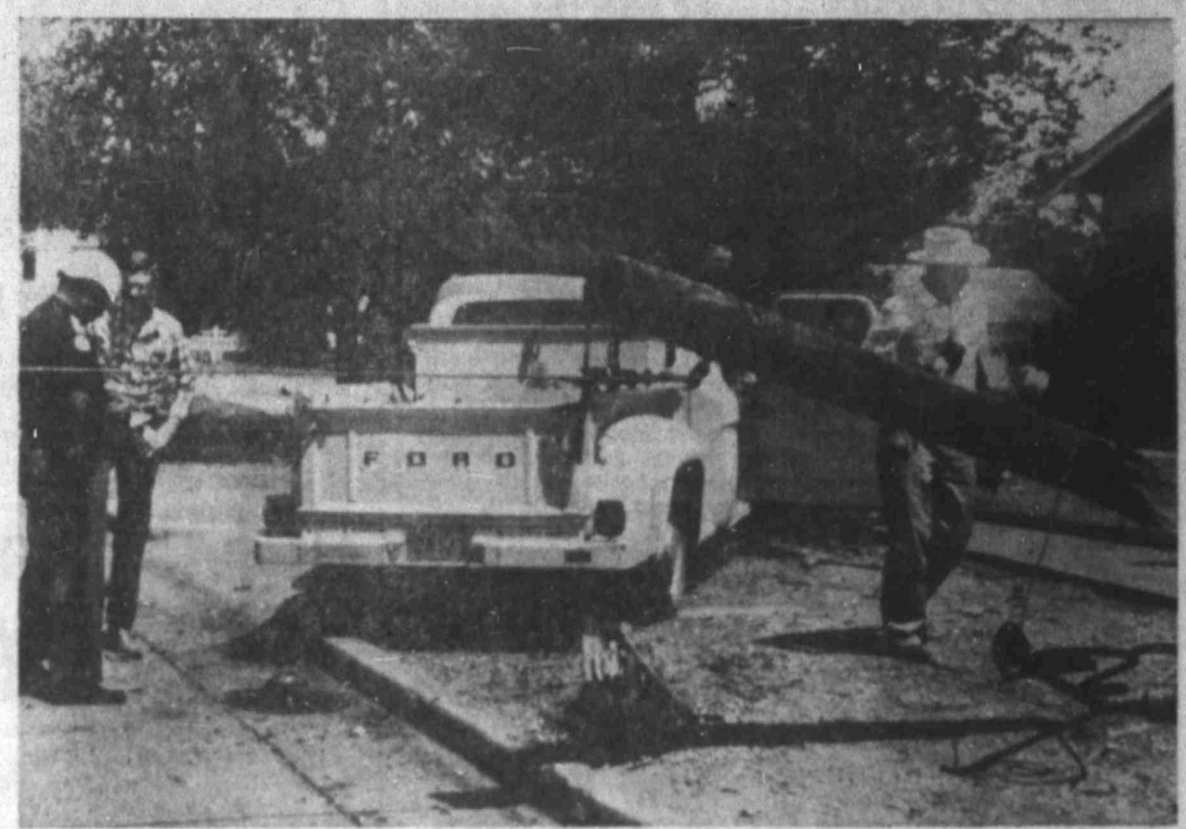

## Voters Return Ousted Sheriff

PANAMA CITY, Fla. (AP)—The man ousted as Bay County sheriff during the Panama City News-Herald's Pulitzer Prize-winning fight against crime, was voted back into office Tuesday. M. J. Duffin, facing federal court trial in June on a charge of conspiracy to violate federal liquor laws, had campaigned for return to office on the slogan, "Like Douglas MacArthur, I shall return."

Gov. Farris Bryant suspended the sheriff on an accusation that he failed to enforce laws against moonshine whiskey operations. The 1961 Florida Senate, in session at the time, upheld the suspension. Duffin received 8,296 votes in Tuesday's primary, nearly twice the 4,530 given C. H. Abbott, appointed interim sheriff by Bryant. C. L. McArthur, a third candidate, received 3,047 votes. Duffin, a Democrat, has no Republican opponent for the November general election.

## Labor Ballots Show Weakness

ATLANTIC CITY, N.J. (AP)—Labor strategists have come up with an embarrassing statistic: Union members outnumber professionals and business executives 2-1 but each group exercises about equal voting power in national elections. Politically conscious delegates to the United Auto Workers Union convention got this information before they acted to support a drive to add 20 to 30 liberal House members to Congress in the fall elections. President Kennedy made it plain he counts on UAW support for Democrats.

Slammed Into Pole

A City of Big Spring water meter department pickup, driven by W. G. McCasland with Claude McCloud as a passenger, broke off a street light pole and crashed into a tree at Eighth and Ran-

nels just before noon today, following a collision with a car driven by James O. Robertson, 16, of Stanton. McCloud was taken to Howard County Hospital Foundation, but police said his injuries were not considered serious. Both vehicles received considerable damage.

# School Trustees Approve Facility For Aggie Training

Vocational Agriculture students next year are assured of a place to keep animals associated with school projects, although they may need a place to store feed.

Trustees of the Big Spring Independent School District Tuesday night voted to budget \$2,400 for a shed, lights, water and other items needed to convert an area to be leased from Texas Electric Service Company into a feeding pen. The motion was approved unanimously after being made by Harold Talbot. Assurance was given that another \$2,500 or so needed to build a feed storage facility would be provided later if the budget will permit.

Garner McAdams, representative from the Chamber of Commerce agriculture committee, presented figures on equipment and supplies needed to get the project under way. Also appearing in connection with this project were Truett Vines, vo-ag instructor at the high school, and Jimmie Taylor. The lease contract covers a 10-acre plot at \$1 a year for five years and has received local TESCO approval, but must be approved by higher authority for the company.

Approved for inclusion in the 1962-63 budget were expenditures for wire to build a fence around the property, piping and faucets for water, lumber and supplies to build a shed for animals, and items needed for repair of the pens. Much of the cost of turning the area into a feeding pen will be saved by using some of the existing facilities and by using volunteer labor of the students who benefit from the pens.

Seventy-one students are in the vo-ag program this year. Vines told trustees. He said that, in later years they would probably be

increased although not during 1962-63.

Mrs. Pearlene Johnson Hollie, a teacher who was not re-elected for the 1962-63 school year, appeared before trustees to plead her case. Appearing to support her were Mrs. L. R. Mundt, Mrs. J. L. Swindell and Mrs. O. T. Arnold.

Mrs. Hollie said that she has done her best for her pupils at Lakeview Elementary. She said parents of the children were content with her work and that the

main reason for her failure to be recommended is personal conflict between herself and the school principal.

Mrs. Mundt, speaking on Mrs. Hollie's behalf, said she had observed some of the work done by Mrs. Hollie outside of school in the field of music, and was impressed with it.

Trustees received a report from Sam M. Anderson, superintendent, and decided to leave the matter as it stands.

Trustees accepted a teacher evaluation form to be used to appraise the work of teachers by a faculty and administrative panel. It was drawn up during several months of study and work.

The evaluation sheet will be put into effect Sept. 1. It is to be used each semester for first year teachers and at least once annually for all teachers in the system. Each teacher will make a self-appraisal and the principal will make his evaluation. The rating will then be discussed in a teacher-principal conference. The principal, the teacher and the superintendent will each receive a copy of the appraisal.

The form includes rating of personal qualities, professional qualities, teacher-staff relationship, teacher-community relationship, classroom control and management, and instructional and guidance skills.

All members of the board were present for the meeting. The next regular meeting will be held June 19.

## Kennedy Slaps Medical Balk

WASHINGTON (AP)—President Kennedy says his medical care for the aged plan will be approved by Congress and that all doctors will treat patients under it—an indirect reference to some 200 New Jersey physicians who say they won't.

Thus Kennedy obliquely joined a more direct assault on the physicians' stand, launched by other administration officials.

The New Jersey physicians, from Point Pleasant Hospital and Fitkin Memorial Hospital at Neptune, signed a resolution last week saying they would refuse to treat patients under Kennedy's Social Security-financed medical plan if it passed Congress.

Kennedy, speaking Tuesday at the United Auto Workers convention in Atlantic City, said "I am confident that the great majority, in fact all doctors, will treat those who may be covered by this national program."

For this reason, the defense contends that the suit is a collateral attack on the order of the trustees annexing the schools and is likewise an attack on the Big Spring school district's incorporation. Such attacks, the petition alleges, can only be through quo warranto proceedings—an action which has to be brought in the name of the state, by the attorney general, dis-

trict attorney or the county attorney. The defense answer also makes exception all details of the plaintiff's original petition. Judge Caton said he had set the case for May 21. A jury panel will be on hand in the court at that time. He did not know, he said, what effect this amended answer would have on the status of the case. Jones said that by filing his amended answer at this time, ample opportunity is afforded the plaintiff to reply to it and be ready for the trial on the date set. Jones and J. R. Hinsley, Austin, are the attorneys for the county school trustees and the Big Spring district. Bill Kerr, Midland, Harvey Hooper Jr., and Hartman Hooper of Big Spring are attorneys for the two common schools. Recently this annexation matter was before the Texas Supreme Court and an order remanding it to the 118th District Court for trial on its merits was issued.

# Gay Hill-Center Point School Suit Faces New Court Battle

A new effort to throw out of court the Gay Hill and Center Point schools' case, protesting their annexation to the Big Spring district, has been filed in 118th District Court.

Gil Jones, one of the attorneys for the Howard County school trustees and the Big Spring Independent School District, has filed an original amended answer to the plaintiff's petition to set aside the annexation order.

The annexation of the two common school districts to the Big Spring District was originally ordered by the Howard County trustees on May 4, 1960. The matter has been moving from court to court since that time and is now back in Howard County. It is scheduled to be tried before Judge Ralph Caton and a jury in 118th District Court starting May 21. Jones' amended answer to the plaintiff's petition alleges the case should be dismissed for the reason that it is not properly filed, that time to appeal the annexation

has expired and that an action, such as the plaintiffs are attempting, is one that can be handled only by quo warranto proceedings—i.e., as an action initiated and prosecuted by the state, the attorney general, a district attorney or a county attorney.

First contention of the defendant in seeking to throw the case out of court is that Ralph Neill, Joe Mangum, and Howard Lloyd, who were the trustees of the Center Point Common School District No. 7, and Ulysses Hall, Jimmy Felts, Jack Buchanan, H. L. Moates, Weaver Brown, T. A. Norman, and L. J. Painter, as trustees of the Gay Hill Common School District No. 6, failed to bring their suit in their jobs as trustees in the school districts but did so as individuals. (The case originally filed protesting annexation of the two districts is styled Ralph Neill et al vs Robert Cook et al.)

The defense answer alleges that the plaintiff is not entitled to re-

cover in the capacity in which they sue for the reason that Robert J. Cook, Truman Jones, J. D. Gilmore and Fred Roman, (the county school trustees at the time of the suit) are not liable in the capacity in which they are sued.

The two schools are necessary parts of the action, the answer asserts, and they have not been made a party to the suit.

It is also complained that the schools and the trustees of the schools failed to file an appeal from the annexation orders in proper form within the legal time specified for the filing of such actions.

For this reason, the defense contends that the suit is a collateral attack on the order of the trustees annexing the schools and is likewise an attack on the Big Spring school district's incorporation. Such attacks, the petition alleges, can only be through quo warranto proceedings—an action which has to be brought in the name of the state, by the attorney general, dis-

trict attorney or the county attorney. The defense answer also makes exception all details of the plaintiff's original petition. Judge Caton said he had set the case for May 21. A jury panel will be on hand in the court at that time. He did not know, he said, what effect this amended answer would have on the status of the case. Jones said that by filing his amended answer at this time, ample opportunity is afforded the plaintiff to reply to it and be ready for the trial on the date set. Jones and J. R. Hinsley, Austin, are the attorneys for the county school trustees and the Big Spring district. Bill Kerr, Midland, Harvey Hooper Jr., and Hartman Hooper of Big Spring are attorneys for the two common schools. Recently this annexation matter was before the Texas Supreme Court and an order remanding it to the 118th District Court for trial on its merits was issued.

## Missile Destroyed

CAPE CANAVERAL, Fla. (AP)—A Pershing missile was destroyed in flight today when the second stage became erratic.

## Geese For Peace Honking Happily, Raising Families

WASHINGTON (AP)—Those 25 white geese that joined the Peace Corps are honking happily on St. Lucia Island and raising families.

This was the report today to Peace Corps headquarters, which keeps tabs on its volunteers around the world.

The geese arrived last January in St. Lucia, a small island of the West Indies. They were the "I want to do something to help" gift of farmer Harold Weisberg of Hyattstown, Md.

In no time at all the big China geese pitched right in to do their share of the agricultural assistance program started by 16 youths of the Peace Corps.

"The geese arrived in January and adjusted themselves quite easily to their new surroundings," reported Merlin Skretvedt of Gary, Minn., the Peace Corps volunteer in charge of the geese division on St. Lucia. "Seemingly to prove their worth, they began laying eggs almost immediately."

"This breed of geese will lay up to 60 eggs each year. If all eggs are kept for hatching and all females kept for breeding purposes, in a few years time the original 25 will have increased to thousands."

With the geese went incubators with a 6,000-egg capacity. These were donated by a Maryland hatchery. Heifer Project, Inc., a nonprofit group that distributes livestock and poultry to areas of the world where they are needed, helped get the geese and incubators to St. Lucia.

The geese are meant to help increase the food supply on the island and also, being good grazers, to keep down weeds on the banana plantations.

The honking ambassadors of goodwill were divided among three schools on St. Lucia.

"They carry their beaks high, for it is their destiny to help increase the food supply of St. Lucians," Skretvedt wrote.

"As the geese increase in numbers, young geese will be given to other schools and to students for their own home flocks."

"The school children of St. Lucia are proud of their feathered friends from America."

### 2 Men Drown

ANAHUAC, Tex. (AP)—Two men drowned last night when they apparently slipped off a barge they were helping unload and fell into Double Bayou. Drowned were LeRoy Banks, 34, of Wallisville and James Broussard, 34, of Ames.

### Struck By Girder

BURKBURNETT (AP)—Belve Hyatt, 21, Temple, Okla., was killed yesterday when he was struck by a falling girder from a Red River bridge under construction just north of here. The bridge is under construction on U.S. 277.

Prize Winning Rattler

Claudia Dryer, Pond Creek, Okla., Snake Charmer, smiles as Olin Tomlinson, right, Colorado Springs, Colo., displays his prize-winning six-footer at the Rattlesnake Roundup at Okeene, Okla. His father, Harlan, left, was second with a 70-inch snake. Behind Olin is James Boeckman, "chief rattler" for the sponsoring Jaycees.

## Ill-Mannered Grubworms Are Treated To Ad Men's Banquet

By FRANCIS STILLEY  
NEW YORK (AP)—Some New York advertising men held a banquet the other day for some Oklahoma grubworms and found out the worms have pretty noisy table manners.

The hosts couldn't have been more delighted. That's just what they were hoping for.

If this sounds peculiar, it is. It's even more peculiar how hard it is to find a grubworm to invite to dinner.

Men of the Ogilvy, Benson & Mather advertising agency wanted to do a radio commercial for an insecticide named Aldrin. That is not a trade name but a general term like aspirin. Aldrin is used to kill grubworms so they won't eat corn roots and kill the plants.

The ad men decided the radio commercial would be much more effective if it reproduced the sound of worms eating corn roots. Little did they realize what they were getting into.

Five calls were made to zoos and other institutions in New York City, none of which had any white grubworms or knew where to get them. The sixth call was to a place in Rochester, N.Y., the seventh to Chicago and the eighth to the Department of Agriculture in Washington, D.C.

The department suggested a man in a research station at Beltsville, Md. The man there suggested a professor at the University of Florida could help. He couldn't, but he knew of two professors at the University of Michigan who might. They couldn't either.

More calls went to California and Texas, and finally one to Dr. D. E. Howell, head of the Department of Entomology at Oklahoma State University, Stillwater.

There ensued much correspondence with state and federal agencies, but at last the worms arrived in New York with a note from Howell saying: "These bugs have quite a bite, so handle them discreetly."

The grubworms were placed in a box containing young corn plants. A microphone was lowered to the box.

The sound engineer twiddled dials and the ad men held their breaths. Nothing happened.

Minutes ticked away. Still nothing.

Then—click, click, click. It was only people walking in a corridor outside.

Ten minutes more—20—30—and wow!

The ad men struck pay dirt. The grubworms grabbed the corn. What did they sound like eating corn roots?

"They sounded like a man eating potato chips," said an ad man.

## Rotary Has Music Program

Rotarians heard a musical program Tuesday in observance of the 39th annual National Music Week. Charles Weeg, program chairman for May, introduced Mrs. Robert Heinze, Mrs. Don Newsom, and Rachael Phelan.

Mrs. Heinze spoke on the meaning of the week and the meaning of good music's influence on society and on communities. She introduced Mrs. Newsom who sang "Sweetheart" and "God Bless America," with the Rotarians standing and joining on the last chorus. Miss Phelan was accompanist.

Rachael Phelan, a student at Howard County Junior College who has won a music scholarship to North Texas State, played two piano numbers. One was from Chopin in A-flat, and the other a Rachmaninoff number.

President Ralph McLaughlin reminded Rotarians of the assembly at Ralls May 12 and invited all who could to attend the meeting. Incoming President Ben Johnson and Secretary Douglass Clemens are attending in their official capacities.

## Knott Club To Construct Float

KNOTT (SC) — Knott 4-H club members will build a float to enter in the annual rodeo parade. Lawrence Long, Martha Robinson, James Haston and Karen Jackson are the committeemen to work on the project details.

Mrs. Lloyd Robinson, adult leader, will cooperate with the committee on the plan as will Mrs. Kathryn Crawford, county home demonstration agent.

Gregg Gossett, vice chairman of the Big Spring branch of "Young Americans for Freedom" appeared at the Monday night meeting of the 4-H organization and spoke on "Americanism." He pointed out work that young people of the nation can do to block the spread of communism.

There were 12 members, eight parents and one guest at the meeting which was in the Knott school.

## Lots Of Ivory (And Bit Of Brass) On The Campus

FULLERTON, Calif. (AP)—There's no ivy in the halls of 3-year-old Orange County State College.

But there's going to be plenty of ivory on campus Friday when the school hosts the world's first intercollegiate elephant racing meet.

Orange County says it has 12 entries lined up—and may get one more—as a result of what started as a tongue-in-cheek challenge to an elephant race to 18 universities two weeks ago.

Since then the school has been flooded with inquiries and good wishes. Administrators even got a telegram from former Vice President Richard M. Nixon, who advised the sponsoring elephant racing club: "Best of luck to you. I know from sad experience that there's more to pachyderm pacing than meets the eye."

The elephants, rented from circuses, zoos and animal farms for \$150 and up, come in a variety of sizes.

The largest is a five-ton gray eminence nicknamed, by students of sponsoring Chapman College, "Calvin Coolidge"—because he doesn't choose to run.

Harvard's entry, weighing 4½ tons, is named "Sonita." There's a dainty entrant called "Popsie," sponsored by Santa Monica City College.

Other entries come from the University of Nevada, California Institute of Technology, California State Polytechnic at Pomona, California Lutheran, Long Beach State, Santa Ana College, Fullerton Junior College and the Northrop Institute of Technology at nearby Inglewood.

Orange county state's entry was rented a week ago from a private zoo.

Dean of Students Ernest A. Becker said the University of Washington is trying to enter the meet, which would bring the number to 13.

Farmers Paying Off Cotton Loans

WASHINGTON (AP)—Farmers have paid off loans on 20 per cent of the 1961 crop cotton stored under government price support loans.

An Agriculture Department report showed today that farmers had stored 4,824,965 bales from the crop of 14,318,000 bales under price supports. Through April 27, they had paid off loans of 969,826 bales of this cotton.

The report showed that all cotton growing states except Alabama, Missouri, Oklahoma and California got more money for their 1961 crop cotton than that of the previous year. Texas, of course, topped all states with a return of \$746,891,000.

Bean Denies Losing Votes

HOUSTON (AP) — El Paso County Judge Woodrow Bean has denied he lost any support in the Democratic primary Saturday because he has not filed an income tax return since 1952.

Bean predicted he will win a runoff election against Joe Pool of Dallas June 2 for Congress at large.

Bean said his income tax dispute "is a personal problem between me and the Internal Revenue Service, and I am sure, will be resolved amicably."

Bean replied with a laugh when asked if he will file returns in the future.

Bean said the liberal and labor vote stayed behind him despite a request from Texas AFL-CIO President Hank Brown that he pull out of the race. He said he picked up "a lot of conservative backing" late in the campaign as a result of publicity.

Bean has called the federal income tax unnecessary, unconstitutional, illegal and immoral. He maintains he has paid the tax through automatic withholding deductions from his salary. He contends the government owes him money.

## SOME DEPART FROM THE FAITH

By A Christian Writer

They may not quit going to the services; nor degrade in character; they may be prayerful and zealous in their religion—yet if they depart from the "one faith" of the Bible they fail in the Christian life.

James 5:19, 20 says that when we convert a brother who has erred from the truth, we save a soul from death.

It takes the truth (not error) to make us free from sin. We will be judged by the words of Christ. We are told to prove all things. We are told to study. (Jno. 8:32; 12:48; I Thess. 5:21; II Tim. 2:15). Come and study with us at 3900

West Highway 80. Bible classes Sunday, 9:30. Preaching services Sunday, 10:30 and 7:00; Wednesday 7:30.

Watch this article for details of a debate to be held June 19, 20, 21 & 22.

Now in progress: Wednesday night lecture series. Speaker this evening 7:30 p.m., Bob Cates. Subject, "I and My Savior Are One."

You are always welcome at the church of Christ, 3900 West Highway 80. T. H. Farber, preacher in Australian preaching mission 30 May 13, Box 1282—464.

Kennedy Acknowledges Cheers

President Kennedy, standing under a United Auto Workers union banner in Atlantic City, N.J., acknowledges cheers of delegates to the union's annual convention. At right, applauding, is UAW President Walter Reuther.

# Taft, Pepper Win Bids For Congress

By The Associated Press  
Former Sen. Claude Pepper of Florida and Robert Taft Jr., son of the late Sen. Robert A. Taft of Ohio, won decisive primary election victories Tuesday in their bids for Congress.

Two other Florida candidates, Sen. George Smathers and Rep. Dante Fascell, also won Democratic renomination. Like Pepper, who was a staunch New Deal supporter in the '30s and '40s, they had strongly endorsed President Kennedy's program and had received the President's blessing.

**RESULTS**  
Results of the voting in five states included:  
OHIO—Sen. Frank J. Lausche and Gov. Michael V. DiSalle won Democratic renomination. A man named Kennedy—real estate man Richard D. Kennedy—led a field of 11 Democratic candidates to see who will oppose Taft in the November race for congressman-at-large.

INDIANA — All 11 incumbent congressmen were renominated.  
WEST VIRGINIA—All six incumbent congressmen were renominated.  
NEW MEXICO — State Rep. Jack M. Campbell won Democratic gubernatorial nomination and the state's two congressmen, both Democrats, were renominated.

**HARD CAMPAIGN**  
Fascell had a hard campaign with conservative State Sen. David Eldredge but came out on top. The Miami congressman has been Kennedy's most consistent supporter among the Florida delegation.

Pepper, whom Smathers unseated in the 1950 Democratic primary, made his comeback in the 3rd District. He campaigned hard for the President's program to finance medical care for the aged through Social Security.

**INTO RUNOFF**  
Another Kennedy supporter, State Rep. L. B. Vocelle, made it into a runoff election with former State Sen. John A. Sutton in the 11th District.

In Ohio Lausche and Taft ran away from their opponents but DiSalle had stubborn opposition from Atty. Gen. Mark McElroy before winning the Democratic gubernatorial nomination. DiSalle had said at first he wouldn't seek a second term as governor, then changed his mind.

The Republican race for the senatorial nomination was a nip and tuck affair with former business executive John Marshall Bailey of Toledo holding a close lead over State Sen. Charles Fry of Springfield.

Taft, leader of Republican forces in the Ohio House, easily outdistanced State Sen. Thomas Lowell Fess in their battle for the GOP nomination for congressman-at-large. Fess, like Taft, is the son of a late U.S. senator.

State Auditor James A. Rhodes crushed William L. White of Mount Vernon by a 10-1 margin for the Ohio Republican gubernatorial nomination.

Twenty-two Ohio congressmen won renomination. Only four had contests, and none was close. Rep. Gordon Scherer of Cincinnati, ranking Republican on the House Committee on Un-American Activities did not seek re-election. Indiana's 11 incumbents also

won renomination, six without a contest including House Minority Leader Charles A. Halleck. Winning their primary tests were Republican Reps. Ray J. Madden and Winfield K. Denton.

In West Virginia, six incumbent congressmen cleared the primary hurdle. Only two—Democrats Ken Hechler and Elizabeth Kee—had contests. Each won easily.

Rep. Cleveland Bailey, a Democrat, and Rep. Arch A. Moore, a Republican, will fight it out in a new district in November due to West Virginia's loss of representation in the House from six to five because of a decline in population.

In New Mexico, where Gov. Mecham was unopposed for the Republican nomination, State Sen. Ed V. Mead of Albuquerque held

a slim lead over House Speaker Jack M. Campbell of Roswell, with two other candidates well behind.

Rep. Joseph M. Montoya was well ahead of two rivals for the Democratic nomination. The state's other congressman, Rep. Thomas G. Morris, had no Democratic opposition for renomination.

Rep. Joseph M. Montoya was well ahead of two rivals for the Democratic nomination. The state's other congressman, Rep. Thomas G. Morris, had no Democratic opposition for renomination.

Rep. Joseph M. Montoya was well ahead of two rivals for the Democratic nomination. The state's other congressman, Rep. Thomas G. Morris, had no Democratic opposition for renomination.

# Teeming Hong Kong Sends Refugees Back Into China

HONG KONG (AP)—Hong Kong police and British troops have rounded up thousands of refugees from hunger-ridden Red China in recent days and returned them to their Communist homeland.

Overcrowded Hong Kong doesn't have room for them. Other Communist nations won't take them.

# Solon Plans Estes Probe But Won't Be 'Stamped'

WASHINGTON (AP)—Sen. John L. McClellan, D-Ark., said today he plans a broad investigation into the affairs of Billie Sol Estes but won't be stamped into starting hearings prematurely.

McClellan, chairman of the Senate Investigations subcommittee. "We are not going to move until we feel we are ready."

# Dies In Collision

GILCHRIST, Tex. (AP)—William H. Bollin of High Island died yesterday in a collision of his car and a dump truck near here on U. S. 87.

# Not Favored

Secretary of Agriculture Orville Freeman said that Billie Sol Estes, West Texas financier, was not given special consideration by his department and that Atty. Gen. Robert F. Kennedy favored vigorous investigation.

ered hills on the Hong Kong side of the border. Others were trapped aboard junks or picked up on side roads as they tried to make their way to the crowded cities of Hong Kong and Kowloon.

They were gathered at a police camp in the closed border area, fed, given some food to carry, and then returned to border crossing stations in police vans and trucks. Their fate, after their forced return to Red China, is unknown.

Government officials refuse to say how many illegal immigrants have been returned. The conservative English-language Morning Post, quoting sources close to the police, said several thousand had been forcibly returned to China in the last week.

Residents said they saw 20 or more truckloads of men, women and children hauled to the border every afternoon.

Since 1948, the year the Chinese Communists mounted their final drive to seize control of the mainland, more than a million refugees have crossed the China border into this tiny British colony.

Most of them—and their children born since then—are still here. No other nation has been willing to accept them in significant numbers.

Hong Kong's population—600,000 at the end of World War II—has swollen to nearly 3.5 million. The colony has an area of only 391 square miles.

Government officials say the colony no longer has the capacity to care for the natural increase of its present population—91,000 more births than deaths in 1960—and the 10,000 or more refugees who try to sneak into the colony every month.

In the past six years, the government has built some 200 multistoried apartment blocks, and has resettled 440,000 refugees. There still are a half million living in boarded and tar paper shacks perched on the hillsides, 80,000 in similar huts on rooftops, an estimated 225,000 in substandard tenement quarters and more than 10,000 who sleep on sidewalks or stairways.

# Miss Greathouse Bride Of Ronnie Lee Jones

LAMESA (ISC) — Martha Lynn Greathouse became the bride of Ronnie Lee Jones Monday at 7:30 p.m. in double ring rites performed in the North Side Baptist Church by the Rev. Bob Phillips.

The bride is the daughter of Mr. and Mrs. E. A. Austin and the bridegroom, the son of Mr. and Mrs. E. C. Jones, all of Lamesa.

Wedding vows were repeated before an archway entwined with white gladioli and greenery. Baskets of white gladioli and ped-staled candelabra holding tall cathedral tapers flanked the archway.

The bride, given in marriage by her father, wore a formal gown of white Chantilly lace over taffeta having a fitted bodice and bouffant skirt. The scalloped neckline was outlined with seed pearls and sequins. Cap sleeves complemented her long lace mitts. The deep pleated skirt featured self-bows in back to form a bustle.

Her veil of silk illusion was attached to a crown of pearls and she carried a spray of white roses atop a white Bible.

Mrs. Dale Beard, sister of the bride, was matron of honor. Bridesmaids were Mrs. Virginia Todd, Connie Johnson, niece of the bride, and Gloria Jones, the bridegroom's sister. Another niece, Donna Pearson, was flower girl. Candelighters were Gale White and Joyce Gordan.

Jerry Todd was best man and ushers included Dale Beard, the bride's brother-in-law, Jackie Bolton and Jerry Gentry.

A reception was held in Fellowship Hall after the wedding.

Guests attended from Levelland, Snyder, Seminole, Sweetwater, El Paso, Lamesa, Midland, Odessa and Clovis, N. M.

For a wedding trip to San Antonio the bride chose a suit of toast linen with beige accessories.

The bride attended Lubbock and Lamesa high schools and was a member of the Lamesa High band and the FHA. The bridegroom attended high school in San Antonio and Lamesa and spent two years in the Armed Forces. He is a painter.

MRS. RONNIE L. JONES

## 'Toastmixers' Club Is Name For Organization

Tall Talkers gave a demonstration of a Toastmistress program Tuesday evening at the state hospital. The program was observed by several of the patients who made known their interest in forming a hospital group, to be named "The Toastmixers."

Mrs. Leonard Einstein welcomed the guests, after which The Pledge of Allegiance was led by Mrs. Charles Head. For benefit of the guests, routine business was discussed. Mrs. Hila Weathers, topic mistress, used as the subject, "What Was Your Nickname as a Child and Why?" Mrs. Leonard Younkin spoke to the group on "Fundamentals of Toastmistress Training, Aims and Goals."

Toastmistress for the evening was Mrs. Ronald Austin. Ice

breaker speeches were made by Mrs. Travis Denton whose subject was "Antidotes," and Mrs. Hendrick Mol who spoke on "Little Bits of Lots of Things."

Flowers for the dessert table were presented by Mrs. Caribel Laughlin on behalf of the Credit Women's Club. Refreshments were served by the hospital during the intermission period.

Introduced as special guests were Mrs. Lloyd Arnovich and Mrs. Leo Rogers.

The closing thought was given by Mrs. Richard Wright and Mrs. Einstein announced plans for a joint meeting of Tall Talkers with the Tumbledweed Toastmasters to be held at Webb Officers Club on May 22.

## Mainsprings Meet With Mrs. Payte

The Mainspring Auxiliary to the National Association of Letter Carriers voted to donate funds to the welfare project of the organization at a Tuesday meeting in the home of Mrs. Wendel Payte.

Members voted to send funds to the state convention in San Antonio in June for the advancement of the welfare project. Those planning to attend the convention are Mrs. Emory Parrish and Mrs. Alfred Moody. Mrs. Payte gave a devotion on opportunities.

Mrs. Willard Hendrik, president, appointed Mrs. French Drew and Mrs. Dick Piper to the welfare committee and Mrs. Moody gave a talk on parliamentary procedure.

The group was dismissed with prayer by Mrs. R. R. McKinney. The next meeting will be on June 12 in the home of Mrs. Piper, 2002 Johnson.

## Members Receive Rites In Rebekah Ceremony

Five new members received the Rebekah degree in a Tuesday evening meeting of the John A. Kee Rebekahs, at the Lodge Hall.

Receiving the degree rites in a candlelight service were Mrs. Jack Smith, Mrs. Joe Evans, Mrs. Sharon Blythe, Mrs. Laura Airhart and Mrs. Odell Buchanan.

Mrs. Clayton Burnam, district deputy president, Mrs. John A. Wilkes, Mrs. Virgie Johnson, Mr. and Mrs. C. C. Christopher, Lynn White and Clayton Burnam, all of the Stanton Rebekah Lodge No. 237, were welcomed as guests.

In an attendance contest, the "Greens" continued to lead the "Pinks" by a very slight margin.

A letter was read from Mr. and Mrs. James Lamar, members of the lodge, telling of treatment he is receiving at John Sealy Hospital in Galveston.

Mrs. Pauline Petty, lodge deputy, presented Mrs. Elmo Martin a certificate of perfection in the unwritten work.

Prayer was offered by Mrs. Ray S. Doly preceding the serving of refreshments by hostesses, Mrs. Elmo Martin, Mrs. M. C. Lawrence and Mr. and Mrs. Morgan Martin.

## Women Tell Pros, Cons On Issues

War and peace, and youngsters and their ABCs aren't the only problems women worry about—or talk over—when they get together.

Single girls worry about men and dates and careers. Wives worry about their families, homes, diets, cooking, health. For young couples, possibility of recall to active service hovers over all future plans.

And almost every woman thinks about—and talks about—clothes.

Although the fair sex frequently delights in denouncing couture fashions—while secretly wishing they could (1) afford them, and/or (2) wear them with any degree of insouciance—the survey comes up with a majority vote in favor of current trends. Easy-fitting, feminine, comfortable are the chief adjectives used.

As usual, hemlines are the biggest issue. Leggy Americans by 3-1 prefer the knee length, but with few exceptions they devoutly hope skirts shrink no shorter. The older set would like another inch or two of fabric, for propriety's sake.

Most women admit they stay abreast of fashion at least to the extent of keeping hemlines current. But a good half say they will continue to wear what is most flattering to them, let trends fall where they may.

One fashion women jump on with both aching feet, pointed-toe shoes. But these also have their defenders, who archly point out that pointies are the most stylish footwear in years.

## Officers Installed

Jaycee - ettes held their installation dinner at Coker's Restaurant on Tuesday evening. Mrs. Cummings Wood, regional vice president, Colorado City, installed Mrs. Al Johnson, president; Mrs. Ronnie McMillan, vice president; Mrs. John Hickson, treasurer; Mrs. Walter Wheat, secretary; Mrs. Don McEntire, reporter; Mrs. Wayne Graham, state director.

New members, Mrs. Joan Bell and Mrs. Linda Baldrige, were welcomed into the organization.

## Mrs. Staggs Is Hostess To Circle

Officers - elect of the Reba Thomas Circle of First Methodist Church were announced on Tuesday evening in the home of Mrs. Charles Staggs.

Mrs. Bert Shive, chairman, reported that the officers - elect are Mrs. Edward Shive, chairman; Mrs. Charles Staggs, co-chairman; Mrs. Seth Lacy, secretary; Mrs. O. G. Hughes and Mrs. Lige Fox, missionary education; Mrs. Roy Rose, spiritual life chairman; Mrs. Barney Hines, Christian social relations; Mrs. Staggs, local church chairman; Mrs. W. D. Dugan, children's work; Mrs. W. S. Goodlett, literature and publications chairman; Mrs. Staggs, fellowship chairman; Mrs. W. H. Gray, Sunshine leader; Mrs. Reeves Molen, telephone chairman.

Mrs. C. M. Frost presented a chapter on the study, "The Meaning of Suffering."

The next meeting will be on May 22 with Mrs. John Knox.

## Teachers Announce Entries

Mrs. Nell Frazier announces that her piano pupils will participate in the National Guild of Piano Teachers' auditions at Howard County Junior College today.

Pupils playing are Darlene Jackson, Gloria Tubb, Beth Frazier, Linda Burnett, Margie Newman, Jennie Mae Chappel, Teresa Spears, Carla Chapman, Jill Lewis, Nancy Kasch, Vicki Hull, David Holmes, Linda Dorough, Lynn Christensen, Suzanne Cook, Virginia Morris, Penny Carol Frazier, La Nell Meredith and Karen Kee.

Students of Miss Elsie Willis playing in auditions today are Madena Furquerson, Sherry Bradbury, Joan Robertson, Paula Pat Green and Elizabeth Moore.

## Judy Reagan Is Honored At Shower

Mrs. Horace B. Reagan and her daughter, Mrs. Walter Wheat, attended a kitchen gadget shower given in honor of another daughter, Judy, bride - elect of George Furquerson, at Allen Hall on the Baylor University campus at Waco on Monday evening. Hostesses were college friends, Miss Pat Young and Miss Barbara Jean Lee.

The serving table, laid with a white embroidered cloth, was centered with an arrangement of white and yellow stock. Miss Young presided at the service.

Other special guests were Mrs. Virginia Furquerson, mother of the bridegroom - to - be, and Mrs. Marcus Evans, both of Waco.

## Master Plan Discussed By Lusk

"Big Spring's Master Plan" was the program topic when Spoudazio For Study Club met Tuesday night in the home of Mrs. Don Farley, 1507 Kentucky Way.

Guest speaker was Charles Lusk of Texas Electric Service Co. who reviewed the original aims of the proposal in detail, explaining the expansion plans for facilities such as water, fire protection, improved streets and parks and flood control. Lusk stated that the city is continuing on schedule in its program to provide the city with orderly growth.

Mrs. J. M. Hill reported that plans had been completed for the group's installation of incoming officers at a dinner on May 22 in the Blue Room of Cosden Country Club.

Possible themes for next year's study program were suggested, and will be chosen at a called meeting. A service project will also be selected at that time.

Thirteen members were present including Mrs. Helen Harris, accepted as a new member. Refreshments were served by Mrs. Oliver Cofer.

## Pythian Sisters To Sponsor Supper

The Pythian Sisters are sponsoring their annual chicken and spaghetti supper on Thursday from 5:30 to 8:30 p.m. at the KP Lodge Hall, 1407 Lancaster.

Adult tickets are \$1.00, and for children under 12, 50 cents. They may be bought from Pythian Sisters or at the door.

## Bon Voyage Luncheon Given At Webb AFB

Departing members of Wing Headquarters Wives were the honorees for a luncheon held Tuesday at Webb Officers Club. They are Mrs. John F. Holt, Mrs. Leonard Younkin, Mrs. Lawrence E. Tunnell, Mrs. William C. Hall and Mrs. Robert D. Bales.

Pink tapers and ivy decorated the pink linen and lace covered table. Pink carnations, giant white daisies and ivy formed a centerpiece for the head table. The pink, white and green motif was carried out also in place cards and napkins lettered with "Bon Voyage." Individual tables were set

## DATE BOOK

Luther Home Demonstration Club has changed its place of meeting from the home of Mrs. John Cook to the home of Mrs. R. W. Harrison on Thursday at 2 p.m.

## Pineapples

These new shapes are crocheted quickly and easily for chair and davenport sets. Make two or three of the headrests for the davenport, according to the number of sections or divisions in the back of it. Pattern No. 293 contains the instructions.

Our little doily catalog is 25 cents.

Send 25 cents in coins for this pattern to MARTHA MADISON, Big Spring Herald, Box 1490, New York 1, N. Y. Add five cents for third class or 10 cents for first class mail.

## Altar Society Installs

Officers were installed at the Immaculate Heart of Mary Altar Society's annual banquet Tuesday evening at the Wagon Wheel. Mrs. J. E. Healey, DCCW president from Odessa, was the installing officer. Father Francis Beazley gave the blessing. Pictured from left, Mrs. K. Newell, treasurer; Mrs. Jack Engle, president; Mrs. Wayne Braden;

DCCW Deaneary president; Mrs. H. L. Cannada, secretary; seated from left, Mrs. Healey and Mrs. V. O. Wade, past president of the Altar Society; Father Beazley, OMI; and Mrs. Jack Turner, vice president. Twenty-five members were present and two guests, Mrs. H. Vacca of Odessa and Mrs. Tomas Armstrong of the VA Hospital.

## Teachers Announce Entries

Mrs. Nell Frazier announces that her piano pupils will participate in the National Guild of Piano Teachers' auditions at Howard County Junior College today.

Pupils playing are Darlene Jackson, Gloria Tubb, Beth Frazier, Linda Burnett, Margie Newman, Jennie Mae Chappel, Teresa Spears, Carla Chapman, Jill Lewis, Nancy Kasch, Vicki Hull, David Holmes, Linda Dorough, Lynn Christensen, Suzanne Cook, Virginia Morris, Penny Carol Frazier, La Nell Meredith and Karen Kee.

Students of Miss Elsie Willis playing in auditions today are Madena Furquerson, Sherry Bradbury, Joan Robertson, Paula Pat Green and Elizabeth Moore.

## Methodist Circle Elects Officers

Members of the Martha Foster Circle of Wesley Methodist Church elected officers on Tuesday in the home of Mrs. Richard Chase.

Those elected were Mrs. Don Crockett, chairman; Mrs. Jerry Allen, vice chairman; Mrs. Doyal Milner, secretary; Mrs. E. W. Patterson, spiritual life leader; Mrs. Robert Tawater, secretary of local church; Mrs. Royce Womack, telephone chairman.

New officers were urged to attend the sub-district officers training day in Coshoma Methodist Church on May 15 from 9:30 a.m. until 12 noon.

Mrs. Marshall Day gave the program on "The Responsible Christian Citizen." Mrs. Chase presented the devotion.

## TSFSA Has Last Meet

Two new officers of the Big Spring chapter of Texas School Food Service Association were elected to office during the last session of the season at the Marcy School cafeteria on Tuesday.

Those elected were Mrs. E. R. Williamson, president, and Mrs. Roger Miller, secretary-treasurer.

The group decided to cancel plans for the Mother's Day luncheon which was to be held in the Goliad cafeteria.

Members have been invited to view a film on home economics at the Texas Electric building on Thursday afternoon.

## Mrs. Osborne Is Hostess To Circle

A pledge service of the Fannie Stripling Circle of First Methodist Church was held on Tuesday in the home of Mrs. Walter Osborne.

Those participating in the service, led by Mrs. Neil Norred, were Mrs. T. R. Braddock, Mrs. Paul Kionka and Mrs. Bill Ward.

A salad luncheon for all circles of the church will be held on May 22 at the church.

# Living In Goldfish Bowl Proves Happy Experiment

By A. F. MAHAN  
LANSING, Mich. (AP) — Would you like to live in a goldfish bowl, right out in public?  
One hundred and forty-four Michigan people have, in effect, done just that for seven months, and most of them are so happy with their experience they want others to try it.

The 144 are the delegates to Michigan's Constitutional Convention. Among those the delegates want to try the goldfish bowl are the state's legislators, governing bodies of the higher institutions of learning and those who tie the knots in state and local pursings.

When it started back in October, the convention decided to operate on the principle: The public has a right to know.

Some people said it was operating "in a goldfish bowl."

Two prime movers in the convention's adoption of the right to know principle were a weekly newspaper publisher, delegate Ink White, a Republican from St. Johns, and Dr. Walter de Vries, a Grand Rapids Republican and professor of political science at Calvin College.

De Vries, 32, made what virtually was an unheard of motion for a political party caucus. That the

press be allowed to sit in. He not only sold his motion, he sold himself and ended up as chairman of one of the very first and most important convention committees created: That on administration.

When the convention organized, it adopted this rule governing its committees:

"A recorded roll call vote on any matter before the committee shall be taken on demand of any member of the committee. Each committee shall maintain an action journal of all its proceedings and a calendar, which shall be

available to news media and interested members of the public."

Then the delegates decided on another rule. It reads, "All committee meetings shall be open to the public unless otherwise authorized by the convention as a whole by the majority of delegates elected. A committee may direct a verbatim record of any portions of its proceedings."

The convention has yet to receive a request to authorize a closed meeting.

When the convention came to that portion of a new constitution

fixing legislative powers, it wrote in this:

"Each committee shall keep a recorded roll call vote by yeas and nays upon all actions on bills and resolutions taken in the committee. Such vote shall be available to public inspection. Notice of all committee hearings and a clear statement of all subjects to be considered at each hearing shall be published in advance in the journal."

The convention is expected to complete its draft of the proposed constitution May 11.

## X-15 Tests Air Heat

EDWARDS AIR FORCE BASE, Calif. (AP)—An X15 rocket plane streaked 3,511 miles an hour over the desert Tuesday in a deliberate test of its ability to withstand heat built up by air friction.

Officials said temperatures on the steel skin of the craft rose to about 1,000 degrees Fahrenheit.

Air Force Maj. Bob Rushworth was not trying for records in either speed or altitude.

Rushworth made the run in the same X15 which reached a record 4,993 m.p.h. Nov. 9. Another X15

rocketed to 246,700 feet April 30. X15s are expected to go even higher, perhaps to 400,000 feet, depending on their heat-resistance as determined in tests like this one.

Officials said the X15's main goal is to determine how fast future space craft can plunge back into the earth's atmosphere without burning up.

## Sen. Yarborough Praises Project

WASHINGTON (AP) — Texas' projected Trinity River Valley improvement program offers "a golden opportunity" to strengthen the nation's economy, Sen. Ralph Yarborough, D-Tex., said.

U.S. Engineers are studying the proposal, which includes conversion of the stream into a barge canal from the Gulf to Fort Worth. Their report is due next fall.

## Rainy Season Gives Edge To S. Viet Nam

SAIGON, South Viet Nam (AP)—New American military equipment is expected to give Communist guerrillas the most unpleasant rainy season they have ever weathered in South Viet Nam.

Within a week or so, torrential rains will begin drenching the rice fields, swamps and alluvial plains of the southern third of the little republic.

Group operations by both the Communists and government forces will wobble in mud during the six-month season.

But government forces will have two new tools enabling them to stay mobile—helicopters and shallow-draft boats.

U.S. military advisers feel this will mean a series of setbacks for the Communists.

Small boats made partly of fiberglass and capable of carrying a squad of armed men have begun arriving in quantity.

Some Vietnamese officials feel the Viet Cong in likely to step up its operations in the North, where a relatively short rainy season does not begin until September.

However, the greatest population concentration, both for the Viet Cong and the rest of the people, is in the fertile South.

U.S. Army and Marine Corps units now in South Viet Nam pilot and service more than 90 helicopters, each capable of carrying about 12 troops. The Vietnamese air force also has a force of helicopters, its strength secret.

## Trade Plans To Be Outlined

Two trade association programs of importance to the petroleum industry will be outlined at the Permian Basin Regional meeting of the Natural Gas Processors Association scheduled Friday at the Lincoln Hotel in Odessa.

Newly-elected NGPA President John M. Kindle will open the day-long meeting with a summary of NGPA activities affecting markets and marketing of L.P. Gas. Opening the afternoon session will be Wilbur Rocchio, executive vice president of the newly-formed Permian Basin Petroleum Association, who will discuss his group's program in an address entitled "A Voice for the Permian Basin."

In addition, the nearly-400 registrants will hear technical papers on refrigerated glycol systems and chemical cleaning. Also on the program is a discussion of the polyethylene complex of El Paso Natural Gas Products Co., and the Rexall Chemical Co., which will be presented by Rexall vice president John R. Provo.

General chairman for the meeting is Fred R. Rogers, Sinclair Oil & Gas Co., Midland. The one day meeting will close with a traditional "Cooling Tower" hospitality session followed by a banquet and entertainment in the Lincoln Hotel.

## 6 Men Killed In Tanker Crash

LIMESTONEN, Maine (AP)—An Air Force KC135 jet tanker plane carrying six men crashed and burned on takeoff early today at Loring Air Force Base.

Air Force public information officers reported all six bodies were recovered. The tanker normally carries a four-man crew.

The fire started by the crash was reported under control. KC135 tankers have fuel-carrying capacity of 31,200 pounds or about 15 1/2 tons.

The aircraft was attached to the 42nd Air Refueling Squadron at Loring and was on a routine refueling mission.

### Way To Hell

Going to Hell (Mich.) has become so popular that business is booming. Soon the community of 300 near Detroit, recently put on the official state map, will have its first motel. But there have been complaints there aren't enough road signs telling people how to go to Hell.

### Mexican Thugs Dress As Police

MEXICO CITY (AP) — Officials say they have discovered the existence of a band of gangsters who operate in police uniforms. One of the band was arrested during the past weekend, and more arrests are expected soon several persons have filed complaints recently that they had been beaten and robbed by police officers.

## Penny-Central Railroads Turn Attention To ICC

By The Associated Press  
The Pennsylvania and New York Central railroads turned their efforts today to persuading the federal government that their proposed merger, endorsed by stockholders of the two huge lines, was in the public interest.

The merger plan highballed through simultaneous annual meetings of the railroads Tuesday, the Pennsylvania's in Philadelphia and the Central's in Albany, N.Y. The endorsement was overwhelming.

The proposal next goes to the Interstate Commerce Commission where it is expected to face a stern test. Rail officials predicted ICC hearings beginning in mid-summer with approval of the merger by the end of next year.

The Transport Workers Union, which claims 30,000 members employed by the two lines, said in New York City the proposed "monopoly merger jeopardizes our national safety" and "threatens wholesale slaughter of rail-road jobs."

If the merger goes through, the combined system—to be called the Pennsylvania New York Central Transportation Co.—would have assets of about \$5 billion, 20,000 miles of rail routes, and 120,000 employees.

The merger is the largest ever proposed. The Pennsylvania has greater assets than any other U.S.

railroad. The Central ranks third, behind Southern Pacific.

Alfred E. Perlman, Central president, expressed confidence the merger would win ICC approval.

"I don't see how it could fall through," he commented. "I don't think the administration would want to cripple public transportation."

The roads expect savings of more than \$75 million a year to result from their union.

Last year, the Pennsylvania had a net profit of \$3.5 million on an investment of \$2.9 billion. The Central reported a net loss in 1961 of \$12.5 million.

Allen J. Greenough, president of the Pennsylvania, said 1961 was the worst year since the prewar depression.

Perlman and James M. Symes, Pennsylvania board chairman, said the union would be part of an emerging pattern for three competitively, balanced rail systems.

Besides the Pennsylvania-Central system, there would be the system developing out of the proposed consolidation of the Chesapeake & Ohio and Baltimore & Ohio, and another form the proposed merger of the Norfolk & Western with the Wabash and Nickel Plate railroads.

"You are not doing away with competition," Perlman said. "You are fostering competition."

### VOTE FOR AN 'EXPERT'

HOUSTON (AP) — Harris County Democrats have agreed to disregard one write-in vote for the office of state agriculture commissioner.

The vote, cast Saturday, was for Billie Sol Estes.

### Solons To Visit Padre Island

WASHINGTON (AP) — Five "tourists," members of the House Interior Committee, plan to visit Padre Island this month.

Padre Island is the site of a proposed national seashore area. Rep. J. T. Rutherford, D-Tex., chairman of the parks subcommittee, said yesterday it has not been determined whether the committee will clear a bill to establish the area this session of Congress.

Rutherford added: "It is because of this that I want to see the area for myself and want my colleagues to see it."

Scheduled to make the trip with Rutherford are Reps. Roy A. Taylor, D-N.C., Harold T. Johnson, D-Calif., Jack Westland, R-Wash., and John Kyl, R-Iowa, all members of the committee, and Reps. John Young, D-Tex., and Joe M. Kilgore, D-Tex.

Plans are for the group to arrive in Corpus Christi about noon May 11 and inspect the northern end of Padre Island until the 12th and then go to Port Isabel to view the southern portion.

## Data Analyzed To Determine Cause Of Rocket Explosion

CAPE CANAVERAL, Fla. (AP) — Radio signals and telescopic camera films were analyzed today by technicians seeking the cause of the in-flight explosion of the first Centaur, high-energy space rocket.

The study was watched closely by Project Mercury officials for any clue which might force a delay of the orbital space flight of astronaut Malcolm Scott Carpenter, scheduled for May 17.

The 105-foot Centaur blew apart 30,000 feet above the Atlantic Ocean 55 seconds after it was fired on its maiden flight Tuesday.

The spectacular failure dealt a severe blow to U.S. plans to develop the rocket as a booster for sending heavyweight payloads into earth orbit and to the moon, Mars and Venus.

Mercury officials were concerned lest the trouble be traced to the Centaur's Atlas first stage. There were indications that the Atlas was at fault.

A similar Atlas missile is on a launching pad here being prepared to loft Carpenter into space on a three-orbit mission similar to that made by Lt. Col. John H. Glenn Jr. on Feb. 20.

The Atlas is a complex vehicle with more than 300,000 moving parts. If the Centaur failure is traced to the Atlas system, then that part of Carpenter's booster would be checked thoroughly before a green light would be given to his space ride. Analysis of the data may take two or three days.

The National Aeronautics and Space Administration had hoped for a successful first flight of the Centaur to help reduce nearly a year of frustrating delays in launching the rocket. The main problem stems from developing high-energy liquid hydrogen as a propellant for the second stage. Controlling this tricky, super-cold fuel, which must be kept at a temperature of 423 degrees below zero to remain liquid, is the key to Centaur's extra muscle.

Once harnessed, liquid hydrogen will produce 40 per cent greater thrust per pound of fuel than chemical fuels used on present rockets like the Atlas. Centaur's second stage has two hydrogen-driven engines with total thrust of 30,000 pounds—a potent kick when ignited in the vacuum of space.

When operation, hopefully in about two years, Centaur will be capable of lifting 8,500-pound satellites into earth orbit, landing 2,300 pounds on the moon or sending 1,300 pounds to the vicinity of Mars and Venus.

Space agency officials had cautioned that a failure might be expected during the early phases of the Centaur program.

Those were contributing factors to a net increase of 2,580,000 in the population, without taking immigration into account.

The service, on the basis of provisional figures, said, the 4,282,000 births during 1961 compared with a previous record of 4,237,650 in 1960.

There were 168,300 infant deaths in 1961, down from 190,300 in 1960, and the infant mortality rate was 25.3 per 1,000 live births, down from the 1960 rate of 25.7, the previous low.

## Unfinished Symphony

The Y's Men's Club has halted work on its camp ground site while members tackle the problem of financing. The foundation and plumbing is installed for the restroom facilities and the flag pole is standing. The pole was erected twice—the

first time it was blown down. Now, the club is wrestling with the problem of raising money to erect the concrete block walls. The city leased the club a four-acre site at Moss Creek Lake for the project.

## Elections At A Glance

By The Associated Press  
Here's a brief rundown of primary election results in five states:

**FLORIDA**—U.S. Sen. George Smathers and all incumbent congressmen seeking re-election were renominated; former Sen. Claude Pepper won Democratic nomination for the House in a comeback attempt.

**OHIO**—Gov. Michael V. DiSalle and Sen. Frank J. Lausche won Democratic renomination for second terms; State Auditor James A. Rhodes won the Republican gubernatorial nomination. The Republican nomination for Senate was a close race between John Marshall Briley and Charles Fry; Robert Taft Jr. won Republican nomination for congressman at large.

**NEW MEXICO**—State Sen. Ed Mead and State Rep. Jack M. Campbell were locked in a close race for Democratic nomination to oppose Gov. Edwin Mechem's bid for a fifth term.

**INDIANA**—Eleven incumbent congressmen won renomination.

**WEST VIRGINIA**—Six incumbent congressmen won renomination.

## Food Poisoning

**WAURIKA, Okla. (AP)**—About one-fourth of the students and several faculty members were stricken with food poisoning after their noon meal yesterday in the cafeteria of the combined junior and senior high school here.

Most of the 50 persons affected were students and Dr. O. J. Hagg said a few of them became "quite ill" but were not in serious condition.

Dr. Hagg blamed the illnesses on a turkey salad prepared the night before and stored in a refrigerator until lunch time yesterday.

## Robot Radio About To Hitch Ride Into Orbit For Hams

**VANDENBERG AIR FORCE BASE, Calif. (AP)**—A tiny robot radio named Oscar II is about to punch a hole in the curtain of secrecy drawn around military satellite launchings.

The Air Force has authorized Oscar (short for orbiting satellite carrying amateur radio) to hitch a ride into orbit aboard a military satellite later this month.

Amateur radio operators around the world, including Russians, will track its signal, as they did the signal of Oscar I launched from here last Dec. 12, in an effort to set up an amateur communications network for use in major emergencies.

To do this they will need to know the time when it was launched and how long it takes to circle the earth.

However, since the first of the year the Department of Defense has ordered a blackout of all information about the performance of military satellites. The launchings are no longer open to newsmen. The Air Force announces only that a satellite has been launched.

It does not say what kind of satellite, the period of orbit, or even whether it went into orbit. This will impose a real hardship on the hams trying to track Oscar II.

They were advised weeks in advance of the scheduled launching date of Oscar I, which rode piggy-back aboard Discoverer 36, a Thor-Agena B combination rocket. The hour of launching and period of orbit—93 minutes—were carried on news wires.

Tracking Oscar I was so easy that more than 5,000 reports came in from hams around the world, including some in Moscow.

How are the hams going to locate and track Oscar II?

"We'll do it, all right," promises M. C. Towns of Sunnyvale, Calif., chairman of the Oscar Association. "We'll flash the time of launching over the international ham network."

"We've already advised them to expect it to achieve approximately the same orbit of 93 minutes. We know the frequency on which Oscar II will transmit—45 megacycles, so we'll try to pick up that signal at the place in the sky where we can expect it to be."

An Air Force spokesman said

he could not say what kind of satellite would carry Oscar II aloft, but Towns' preparations make it pretty obvious that the parent vehicle will be another Discoverer.

The Air Force has not identified a satellite as a Discoverer since Feb. 27, when Discoverer 38 went into orbit.

Since the world's radio hams, including several behind the Iron Curtain, will be tracking Oscar II, why is the Department of Defense insisting on secrecy?

"It's a good question," says Towns, who in his working hours is an engineer for Lockheed's Space Division. "I can't understand the restrictions, but we're certainly going to abide by them. The Air Force has approved everything we're doing."

Towns said the Air Force is interested in Oscar as a forerunner of a network of satellites to be used by amateur radio operators.

Towns said that tracking Oscar II's signal—four dots and two dots that spell "hi" in Morse code—would not precisely disclose the parent vehicle's location in the sky.

The 10-pound radio transmitter will be ejected shortly after the parent vehicle goes into orbit and will send out its signal for at least three weeks, or as long as its batteries last.

"But I can't tell you how far

it will be ejected," Towns said. "That might help an enemy pinpoint the parent vehicle position."

**Newly Opened Highway Busy**  
MEXICO CITY (AP)—Traffic on the newly opened super highway between here and Puebla is averaging about 11,000 cars daily, officials said today, adding traffic on the old highway—longer and filled with curves—has dropped to less than 1,000 vehicles a day, mostly trucks.

**Polio Cases**  
SAN ANTONIO (AP)—National Foundation officials said yesterday three new cases of polio here boosted the city's total to six cases. Stricken were Eva Pacina, 6, her sister Juanita, 4, and Rickey Obrego, 8.

(From The 'Upper Room')

## Problems In Equitable Representation

The snowballing federal court decisions pointing toward a political revolution in state government representation may be expected in time to come to bear on three aspects of Texas legislative apportionment. What the eventual outcome may be cannot be guessed now, but the targets in Texas for legal attack on representational discrimination can be marked.

First is the state constitutional provision for compulsory redistricting after each decennial census, which commands a special board to reapportion seats in the legislature if the legislature itself fails to do so. The weakness in this provision is that it sets no enforceable standard for the thoroughness and fairness of legislative redistricting. The legislature can sidestep the compulsory board action with a token reapportionment.

Second is the limitation of populous counties to one House seat for every 100,000 population, a constitutional amend-

ment passed in 1936 before Texas became a predominantly urban state.

Third is the state constitutional limitation that no county may have more than one senator. With Texas population rapidly concentrating in the major metropolitan centers, the discrimination resulting from that provision probably will get worse rather than better. That surely will be open to challenge, under the current trend of court decisions, but the test here will involve the complex question of area vs. population representation in upper chambers in the legislative branches of American governments. This question is still wide open as a constitutional issue.

And if the matter is extended further, what about application to the principle in county affairs? Some of the grossest inequities in representation extant today are in some Texas county commissioner precincts. In a neighboring city, over 90 per cent of the people reside in one precinct, therefore 90 per cent of the people have only 24 per cent of the voice in their affairs.

## War On The Common Cold

A man with the sniffles and a chest cough is inclined to be rather snide about the failure of medical science to find a cure for the common cold. The irony of this, in an era of therapeutic marvels, is not lost on doctors and public health experts, either. Much research has been devoted to this problem.

Much research, but not enough. There has never been the sort of massive, concerted drive to find a cold cure that has been directed against such diseases as cancer and heart trouble. This is understandable; the great killers and cripples naturally demand priority.

Yet the cold, though seldom fatal, takes an enormous toll in this country. Consider these figures set forth by Dr. Justin M. Andrews, director of the National Institute of Allergy and Infectious Diseases of the National Institutes of Health: 218 million work days lost annually; 195 mil-

lion school days lost; an economic cost of about three billion dollars annually.

It is very good news, therefore, that the U. S. Public Health Service has launched an all-out attack on the common cold. The principal goal is the development of an effective vaccine—several, probably, since there are several cold viruses.

A contract for research to develop vaccines has been awarded to one of the big drug manufacturers. Other contracts will soon be awarded to industrial research organizations, universities, medical centers and so on. The Public Health Service will spend perhaps as much as a million dollars on the program this year.

Even 10 times that amount would be a bargain rate for vaccines capable of preventing or arresting colds. Dr. Andrews predicts this achievement within five years, perhaps sooner. It is something to look forward to with hopeful eagerness.

## David Lawrence

### 'Literacy' And States Rights

WASHINGTON—Attorney General Kennedy wrote in a letter the other day to the New York "Herald Tribune" that the bill before Congress, which seeks to fix a sixth-grade education as enough to satisfy literacy requirements, isn't an invasion of the right of the states "to set voting standards." He says that the proposed law is aimed at and "limited to the use of discretionary tests, capable of manipulation by registration officials."

THIS IS A surprising statement and one that has added considerable fuel to the fires burning on Capitol Hill as senator after senator opposed to the bill points to decisions of the Supreme Court which declare that the Constitution gives to the states alone the power to set voter qualifications.

Mr. Kennedy argues that as proof of literacy a state can determine to fix eight or 12 years of schooling or four years of college and that these would be "objective standards and qualifications which would not be affected in any way by this bill."

WHAT THE Attorney General contends really is that the federal government has the right to pass judgment on the extent to which literacy tests as such can be applied. He insists that as a substitute for the tests Congress can flatly set a sixth-grade education as a standard and the states would have to give up their literacy tests and accept this as a qualification for voting.

But although the head of the Department of Justice says it is all right for the states to use any particular grade in school as the basis for their requirements on literacy, he doesn't give any inkling as to where in the Constitution he finds any authority for Congress to take away from the states their right to determine in their own way what literacy is or is not.

SENATORS Willis Robertson of Virginia, Sam Ervin of North Carolina, and Herman Talmadge of Georgia, Democrats, have cited in speeches to the Senate in the last few days decision after decision of the Supreme Court of the United States in which a judgment was expressed directly contrary to that of Attorney General Kennedy.

The Virginia senator, for instance, called attention to a case decided by the Su-

preme Court of the United States as recently as June 8, 1959, known as Lassiter v. Northampton County Board of Elections. It upheld a North Carolina literacy test. Justice Douglas, in speaking for a unanimous court, said:

"THE STATES have long been held to have broad powers to determine the conditions under which the right of suffrage may be exercised . . .

"The present requirement, applicable to members of all races, is that the prospective voter be able to read and write any section of the Constitution of North Carolina in the English language. That seems to us to be one fair way of determining whether a person is literate . . . Certainly we cannot condemn it on its face as a device unrelated to the desire of North Carolina to raise the standards for people of all races who cast the ballot."

Justice Douglas quoted with approval the Court's opinion in the case of Guinn vs. United States, which had said:

"NO TIME NEED be spent on the question of the validity of the literacy test, considered alone, since, as we have seen its establishment was but the exercise by the state of a lawful power vested in it not subject to our supervision, and indeed, its validity is admitted."

Where the federal government, through the Department of Justice, can step in, of course, is to see to it that the literacy test is fairly applied irrespective of race or color. This means a lawsuit in any case of alleged discrimination. A particular "literacy" test law may be "unconstitutional on its face," as Justice Douglas says, but the proper place to determine this is in the courts—not in Congress.

NO LAW OF Congress, therefore, can constitutionally declare that, because a literacy test might possibly be a form of abuse, it should be prohibited altogether and that completion of a certain grade of school shall be accepted as a substitute for a test. If, every time an abuse occurs in any law exercised constitutionally by a state, a law can then be passed by Congress fixing its own "standard" as a preventive measure, then all rights of the states under the Constitution can be taken away overnight.

Justice Douglas, for instance, in the unanimous Supreme Court opinion in the North Carolina case quoted above says: "Literacy and intelligence are obviously not synonymous. Illiterate people may be intelligent voters."

WILL SOME attorney general in the future argue that Congress could pass a law setting standards of "intelligence"? Maybe a Republican or a Democratic majority in Congress would be encouraged to enact a law declaring that the standard of "intelligence" is satisfied by the would-be voter's expression of preference for a particular party in a given year.

The crux of the issue is not whether discrimination in determining the eligibility of a voter shall be prevented or punished but how the right to vote shall be protected. If it is desirable to fix a standard of "literacy" and to take the power away from the states, this can be done not by a law of Congress but only by adopting a constitutional amendment that has to be approved by two-thirds of both houses of Congress and by three-fourths of the legislatures of the states, and (Copyright, 1962, New York Herald Tribune, Inc.)

### What Happens When The Strings Pop?

WASHINGTON (AP)—Allies, like a banjo, make good music until a string pops. The United States, trying to make music with its allies, is having trouble with the strings.

Because so many allied nations follow toward the United States a policy laid down by one man, this country can only hope a change in men won't mean a change in policy.

In West Germany Chancellor Adenauer, very pro-Western and a firm ally, has just gone out of his way to belittle this country's

efforts to reach a Berlin settlement with the Russians.

THE STATE Department fired back with a public suggestion: let Adenauer come up with a better idea, if he has one. He was told this country will continue its Berlin talks with Russia.

Diplomats seem to think this spat will be patched over although there has been American-German fussing for weeks.

The days are growing shorter for the 86-year-old Adenauer. The United States can only hope it

can't be sure—that when he goes his successor will want to keep Germany tied as closely to its allies as he has.

France has been a long-time ally, too, but by the time President de Gaulle took over four years ago it had begun to look like organized chaos. De Gaulle, like Adenauer, is a pillar of the Western alliance.

BUT HE CAN be a sticky one. Like Adenauer, he holds his nose over American dealings with Russia in Berlin. Months of talks with the Soviets haven't achieved a settlement but at least some of the heat has died down.

There's no predicting what happens after de Gaulle, judging from the instability of the French governments which preceded him. History may show he was just a brief interlude in turmoil.

Britain looks like one ally which figures to stand solidly with the United States, no matter who succeeds Prime Minister Macmillan. But the next prime minister, for reasons personal or due to changing times, may be more difficult.

YET THE American problems with the Western allies, painful as they are at times and disastrous as they could become, are less acute than the dilemmas at the opposite end of U.S. efforts to draw a line against communism.

This country has had its hands full with the pro-Western but right-wing government of conservative Prince Boun Oum in Laos in Southeast Asia.

The Kennedy administration could have thrown American forces into Laos to keep the Communists from overrunning the place. But it felt this was the wrong place to risk a war.

TO KEEP Laos from being taken over completely by communism, the administration agreed to a coalition government made up of conservatives, neutralists and leftists. This in the end could lead to a Red take-over anyway.

But the prince wouldn't go along and so far this government hasn't been able to persuade him to, even though as a nudge it has given \$3 million monthly in economic aid to his government.

In the past few days the Communists began a new offensive.

### The Cluttered Desk

NEW YORK (AP)—If cleanliness is next to godliness, most people this time of year are rubbing elbows with heaven.

Now is the time when housewives at home and bosses in the office go on their annual spring tidying up spree.

I hate this seasonal emotional binge because it threatens the lifetime of considered disorder I have let pile up on my desk—my empire of disarray.

One by one the messengers of order—from buck private to vice president—ride up with the query: "Everybody else has cleaned up his desk, so why can't you? Aren't you getting tired of playing the role of an indoor Huck Finn?"

The answer is a firm "No." The urge to a uniform office cleanliness is just one more form of hysteria in a mad world, a succumbing to universal brain-washing and the fear of being found out to be different.

Any coward can clean off his desk and make it look as anonymous as everybody else's desk. But it takes courage to give your desk the stamp of your identity.

My theory is this: I don't feel like everybody else—or anybody else. Why shouldn't, therefore, my desk share this liberty? Why should it be a shining zero undistinguishable from the rows of gleaming desks around it?

A desk that is always neat is like a person who always has his hair combed—clean but suspiciously unhuman. What emptiness

of dream is all that polished perfection hiding?

A face and a desk—so runs my reasoning—both should reflect a personality and show a lived-in look.

Naturally this attitude ends up by making a man an unwilling rebel. If you enjoy having a desk that looks like a quarter section of a city dump, you have to fight the forces of office order to keep it that way.

I don't have a sign saying "Think" on the wall behind me. I have signs saying "Don't throw it away" and "Beware of creeping cleanliness."

My favorite office hero is the late Kansas editor, William Allen White, whose famous roltop desk was perhaps the most disorderly in the history of American journalism. White's theory was that when a pile of mail became too high and toppled to the floor it was time to pick it up, open the envelopes—and then respond to the letters that really required an answer.

This simple labor-saving device enabled the justly renowned editor to conserve his energy, live to a ripe old age, and write the obituaries or biographies of many of his nearest contemporaries. The trouble with devoting a lifetime to the creation of a truly memorable desk is that when you come to make out your will you have a problem. Who can you leave it to?

## To Your Good Health

### Physiotherapy Helps Following Breast Surgery

By JOSEPH G. MOLNER, M.D.  
Dear Dr. Molner: Almost three years ago I had a breast removed. I have been X-rayed several times and the doctor says everything is clear.

My arm is still swollen, and around the shoulder, and the breast bones are so stiff that I suffer at times. I have taken so many pain pills that my stomach is ruined. What can be done to relieve this tightness and hurting?  
—MRS. H.S.

This sort of condition can, indeed, occur after extensive breast surgery. The lymphatic glands in the armpit are disturbed. Scar tissue forms and causes the arm to swell.

In addition, this same condition tends to act as a sort of natural "splint" on the shoulder, making it painful and stiff.

Physiotherapy can help appreciably. I mean a combination of things, not a single procedure. Massage, assisted motion of the joint; heat; a long sleeve on the arm; appropriate exercise—all of these or some of them can help.

The process, I admit, is tedious, but it is frequently successful. A "rehabilitation institute" or some similar facility in your community will provide this kind of therapy.

Is there anything we can do to correct the cause? She responded well to treatment.—MRS. K. C.  
Shingles can occasionally occur in children. The cause is the same as in adults. It is a virus similar to chickenpox. The vesicles or "spots" follow the course of a nerve instead of being scattered indiscriminately as in chickenpox. Fortunately, shingles is much milder and less painful in children. One attack usually provides immunity.

Dear Dr. Molner: We are two girls, both going to turn 16 shortly. We haven't started to menstruate. All our friends had started by 14. Is this normal for us not to have started? We're afraid to go to the doctor and embarrassed to discuss it with our mothers and friends.—J. and K.

The average is around 13 or 14, of course, but there's a difference between average and normal. Various factors should be considered: nationality, nutrition, emotions, climate, glandular factors. In tropical climates the age is earlier than in temperate and colder ones. The age range extends from about 10 to 17.

There's no reason why you can't mention this to your mothers. Yes, I know, you "don't know how to say it." More than likely your mothers are quite aware of it, but they "don't know how to talk about it" either. So just break the ice. Say, "Mother, I haven't be-

gun to menstruate yet. Should I see the doctor?"

Your doctor, in turn, may be able to detect a glandular factor (if any), such as your thyroid, anemia, or some nutritional disturbance. If you are generally healthy, he'll doubtless say, "Let's wait a little longer," but you'll have put yourselves at ease as to how you are physically.

Dear Dr. Molner: One eyelid hangs much lower than the other. What can I do to have it corrected?—C.R.

Drooping of one eyelid is frequently traced to a disturbance of the nerve controlling it. Infection and various toxic factors are often the causes. If treatment for such troubles does not succeed, there are operations for raising the lid. An eye specialist can decide the best course.

Fat! My leaflet, "The Lost Secret of Reducing," tells how to get rid of it the easy way. For your copy write to Dr. Molner in care of the Big Spring Herald, enclosing a long, self-addressed, stamped envelope and 5 cents in coin to cover cost of handling.

Dr. Molner welcomes all reader mail, but regrets that due to the tremendous volume received daily he is unable to answer individual letters. Dr. Molner answers readers' questions in his column whenever possible.

## Around The Rim

### Did You Get One Too?

The morning mail brings word that a gentlemen out in California has been named the Postmaster of the Year. Now I'm all for the postmasters and their devoted crews who work the daily miracle of mail delivery, but this latest accolade is a case in point.

To come to the point: Aren't we getting just a little silly with this award business?

Once upon a time the Oscar awards had a lot of punch and prestige. Now so many categories have been added that the industry is hard put to find acceptable entries. Moreover, the television Emmies, and possibly some similar trophies by radio have knocked off the edge.

THE MISS AMERICA contest still possesses a lot of glamor, which is rapidly diminishing now that the novelty of TV casting has lessened. One reason that there are numerous other contest such as Miss Universe, Mrs. America, Miss Cherry Picker, Miss Cotton Ball, Miss Wool, etc.

We have mothers of the year and fathers of the year, and these are broken down into religious bodies, clubs, ethnic groups, etc. We even have mothers-in-law of the year, and perhaps uncles-who-ain't-welcome of the year.

On a broad front, the Jaycees have for a number of years nominated locally the outstanding young man of the year, then on a statewide basis — on account of they want to share the joy — they have five outstanding young men of the year. A number of communities name the citizen of the year.

SPORTS GROUPS have long since been ga-ga on this subject. They have the rookie of the year, the pitcher of the year,

the manager of the year, the team of the year, the success of the year, the flop of the year, the most valuable player and on and on and on.

When it comes to occupations or professions, there is no limit. We have the doctor of the year, perhaps the lawyer of the year, and who knows, the plumber's friend, of the year. Hard on these are the farmer of the year, the policeman of the year, the engineer of the year, the teacher of the year, the banker of the year, the outstanding conservationist of the year, the best hot tamale maker of the year.

ON THE THEORY that everyone ought to have such an award, I've toyed with the idea of Herald awards to the city editor of the year for Glenn Coates, the sports editor of the year for Bob Smith, the outstanding court reporter of the year for Sam Blackburn, the best of writer of the year for Joe Boyer, the best city hall coverer of the year for Aubrey Webb, the best woman's editor of the year for Kathleen Dozier, the best newcomer interviewer of the year for Janice Nelson, the best young people page editor of the year for Lyn Clawson.

The problem is how to finance all the plaques which seem inevitable to accompany these special honors. On second (and happy) thought, the publisher of the year award ought to go to Bob Whipkey.

THIS MIGHT not add to our abilities, but everybody would have a plaque. We might even win an award for being the most plagues staff of the year. This may not be the column of the year, but boy, golly it does fulfill space requirements. —JOE PICKLE

## Holmes Alexander

### Where The Leisure Class Is

WASHINGTON — Those enemies of Society, the drones, loafers and playboys, don't hang around the country club with the Steel magnates as much as you'd think — they join a labor union like the International Association of Machinists (IAM) and take life easy on featherbedded contracts, getting paid for work that is no longer performed or no longer necessary.

Such practices, of course, are the hidden reasons behind high prices, our relatively slow rate of industrial growth, and our inability to compete price-wise and often quality-wise, with Europe and Japan. The waste from rocking chair work habits is estimated by objective economists at about 5 per cent of the payroll in all industries (although railroads waste as high as 10 per cent of the wage bill on loafers), a loss to the nation of about \$20 billion a year.

THE RATHER old subject is freshly and revealingly treated in the May issue of "Mill and Factory" by A. N. Weckler, its Washington editor. During the 1960 election and its aftermath, the managers of the hardware-making Yale and Towne plant in Philadelphia, where the work is chiefly performed by IAM Lodge 1717, noted the beginning of a profitless condition. The reason for it appeared to be overmanning. Between January-August, 1961, the company managed to cut 500 workers off the 1700 payroll, but it wasn't a sufficient reduction. The remaining workers still did not have enough to do, or were not doing it. Say it as you will, there was too much leisure for money-making.

DID THE favored workers, under these easeful circumstances, really enjoy themselves? The record of dissatisfaction indicated otherwise. In the two-year contract period ending August 1961, the lotus-eaters of Lodge 1717 filed 1366 grievances and committed 43 work stoppages. Discontent and demoralization are what the proletarian writers usually ascribe to the leisure classes, and the thesis seems to be borne out by these easy-going machinists. They couldn't have been very happy.

WELL, THE MANAGEMENT and stock-

## J. A. Livingston

### Interest Withholding Not New

Ask yourself these questions, but be honest: Would you stop putting money in a savings bank, a commercial bank, or a savings and loan association if 20 per cent of your interest or dividends were withheld to pay federal income taxes?

Would you be deeply disturbed if corporations held back 20 per cent of all dividends or bond coupons?

WOULD 20 PER CENT withholdings prompt you to switch from savings accounts to tax-exempt bonds or into E-bonds, which don't require payment of taxes on interest until the bonds are actually cashed?

Opponents of the dividend-interest withholding plan of Commissioner of Internal Revenue Mortimer M. Caplin say you would. They're adamant against withholding 20 per cent of dividends and interest payments in the same manner that 20 per cent is taken out of wages and salaries.

THE PROPOSAL, now before the Senate, has created strange companionships. Commercial banks, which openly urge Congress to impose "corporate taxes" on savings and loan associations and savings banks (in order to equalize costs of doing business), are at one with these institutions in opposing withholding.

Withholding will increase paperwork. Each savings pass book will have to have an interest credit, then a 20 per cent subtraction for withholding, then a balance, and a credit notation for tax returns or refunds. Ditto on dividends and on interest coupons.

FOR LARGE institutions with punch-card machines or electronic computers, the work will be less burdensome than for institutions with manual systems. Yet, almost all have joined with a common vehemence against being "assistant" and unpaid "revenueoers."

Brokers also don't like it. They won't have to withhold, but they will have extra bookkeeping. Walston & Co., members of the New York Stock Exchange, asserts that withholding "would hurt retail people and those who live off dividends and

interest income. Many taxpayers, who don't pay income tax as high as 20 per cent would find it difficult to collect that part of the withholding due them. A lot of others might forget to put in a claim for refund.

"THE MISCHIEF . . . can be illustrated by the following example. In one year, the savings banks of New York State would have to pay out to the U. S. Treasury \$150,000,000 in withholding, or enough funds to finance the construction of 10,000 homes."

I am unmoved by such argument. The bill before the Senate would automatically exempt from withholding persons under 18 or over 65. Also, anyone who certifies to the corporation or the savings institution that he or she is a nontaxpayer would be exempt. This would take care of many persons who are retired.

BASED ON studies of tax returns, the Treasury presented a complicated but credible tabulation that shows \$840,000,000 of taxable dividends and \$1,940,000,000 of taxable interest are unreported. Estimated tax loss: \$850,000,000.

That's the case for withholding: Persons who don't pay taxes on dividends or interest simply shuck off the burden to people who do. Under withholding, they'd not get away with it.

FOR PERSONS who have taxes to pay, withholding is no hardship; it's merely advance collecting. For some persons it will be a nuisance; they'll have to file for a refund.

The main objection is that the Treasury will shuck off tax collecting on banks, savings and loan associations, and corporations, and thus increase their paper burden.

Internal Revenue researchers have dug up a cute bit of history. In 1862—during the Civil War — the Lincoln administration imposed a 3 per cent withholding tax on interest and dividends paid by railroads, banks, and trust and insurance companies. So 1962 is a centenary of protest. I'd guess the "withholders" didn't approve it 100 years ago either.

### Mrs. Formby Much Better

HAMLIN, Tex. (AP) — Mrs. Marshall Formby was much better yesterday.

Mrs. Formby, wife of the unsuccessful candidate for the Democratic nomination for governor, and the couple's two young children were injured after her automobile blew a tire and careened into the pole.

"She looks much better today," Formby said late yesterday. "She's feeling pretty good, too, but she's awful sore." The critical period is over and unless complications develop she's going to be all right.

The former State Highway Commission chairman said the children were "cut up pretty bad, but they're going to be all right, too. Everything is looking good, but I nearly lost them all."

Mrs. Formby and the children, a boy, 4, and a girl, 6, were en route from Austin to their Plainview home when the crash occurred.

# Primary Results Canvassed, Runoff Positions Selected

Final official figures for Saturday's primary election were sent to the state capital today, and filed in the office of the Howard County clerk.

A few errors were found by the Howard County Democratic Committee members in canvassing the votes but Frank Hardesty, county chairman, said that in no instance was the outcome of any race changed.

Most of the mistakes, he said, were in figure transpositions. He cited one where the vote should have been 110 and was written down as 101.

"I made the biggest gain of anyone by the canvass," said the chairman. "We found an 80 vote error in one box in my favor. I now have 80 more votes to my credit than was shown in unofficial totals."

Hardesty was unopposed for reelection as county committee chairman.

He said the committee also drew names to determine positions on the June 2 runoff primary ballots in the few races which are left for decision.

**YARBOROUGH FIRST**  
Don Yarbrough will lead the county ticket as candidate for governor. John Connally will be the other man on the ballot for this race.

For lieutenant governor, Preston Smith is No. 1 and James Turman No. 2. Waggoner Carr is in first place and Tom Reavley second for attorney general.

Joe Pool will be in top spot for congressman-at-large and Woodrow Wilson second.

In the state Senate race, Truett Latimer is top man with David Ratliff, incumbent senator, in No. 2 place.

The race for County Commissioner Precinct No. 2 R. C. Nichols is top man and Ralph White, incumbent, is second. In the Precinct 4 contest, L. J. Davidson, incumbent, drew first place and Raymond River, second.

The printer will be ordered to prepare about 9,500 ballots, Hardesty said. He does not anticipate the need for so large a number but he said that it is the committee's desire that ample supplies for the election be provided.

He added that the same election judges will serve in the 16 precincts and for the special canvass board on June 2 but that the number of workers in each precinct will be reduced.

Hardesty announced the following official final totals for the first primary:  
Governor — Edwin A. Walker 384; Don Yarbrough 2,330; Price Daniel 767; Will Wilson 922; Marshall Formby 867; John Connally 1,016.  
Lt. Governor — Preston Smith

3,449; Jarrard Secret 200; Crawford Martin 231; James Turman, 1,740; Robert Baker 436.

**ATTORNEY GENERAL**  
Attorney General — Waggoner Carr 4,108; Tom Reavley 1,148; Tom James 234; W. T. McDonald 219; Les Proctor 380; Bob Looney 85.

Congressman-at-large — Charles H. Stevenson 1,357; Phil Willis 296; Joe Pool 1,052; Russell T. Van Keurin 141; Warren G. Moore 528; Woodrow Wilson Bean 1,874; Manley Head 460.

Associate Justice Supreme Court, Place 1—Meade F. Griffin 2,322; Jesse Owens 2,621.

Associate Justice Supreme Court, Place 2 — Zollie Steakley Steakley 3,339; Willard G. Street 2,907.

Judge Court of Criminal Appeals—W. A. Morrison 4,282; Otis T. Dunagan 1,537.

Railroad Commissioner — William J. Murray Jr., 6,139.

Railroad Commissioner, unexpired term—Keith Wheatley 2,716; Ben Ramsey 3,286.

Comptroller—Robert S. Calvert, 6,314.

State treasurer — Jesse James, 6,324.

Commissioner, General Land Office—Jerry Sadler 8,286.

Commissioner of Agriculture — John C. White, 3,798; Evetts Haley Jr., 2,144.

Associate Justice Court of Civil Appeals, 11th Supreme Judicial District—Ecco Walker, 6,304.

Congressman, 19th District — George Mahon 6,270.

State Senator, 24th Senatorial District—Dallas Perkins 1,129; Da-

vid Ratliff 2,636; Truett Latimer 2,114.

State Representative, 78th District—David Read 2,224; Ed J. Carpenter 4,960.

District Judge, 118th District—Ralph W. Caton 3,732; Harvey C. Hooser Jr., 2,569.

District clerk — Wade Choate 6,344.

**COUNTY JUDGE**  
County judge — Lewis Heflin 1,365; Lee Porter 3,376; Russell Rayburn 450; A. M. Dick 1,029.

County Clerk—Roberta Oldfield 2,473; Pauline S. Petty 3,848.

County Treasurer — Frances Glenn 3,898; Mae Darrow 2,387.

County superintendent — Walker Bailey 6,316.

County surveyor — Ralph Baker 6,355.

County chairman—Frank Hardesty 6,327.

Justice of Peace, Precinct 1, Place 2 — Jess Slaughter 3,039; Royce Satterwhite 1,846.

Constable, Precinct No. 1—Lee E. Young 4,516.

County Commissioner, Precinct No. 4—C. L. Jack) Roden 296; R. S. (Red) McCullah 242; L. J. Davidson 607; John W. Ray Sr., 120; E. C. Reeves 98; Raymond River 328.

County Commissioner, Precinct 2—R. C. Nichols 699; John Nutt 101; Dwight B. McCann 367; Max Thomas 125; Ralph White 810.

Justice of Peace, Precinct 2—William A. Hunter 369; Mrs. Fred Adams 287.  
Prop. No. 1—for 2,310; against 2,077; Prop. 2—for 2,287; against 3,001; Prop. 3—for 2,895; against 2,549.

### Rusk Says U.S. Not Self-Seeking In Common Mart

CANBERRA, Australia (AP)—U.S. Secretary of State Dean Rusk has declared any belief the United States is seeking advantages from Britain's bid to enter the European Common Market is utterly unfounded.

The integration of Western Europe, he declared in a prepared statement at a news conference will require adjustments by all. His words obviously were designed to allay fears of Australia and New Zealand, who look on the British move with misgivings.

"We look beyond the difficulties that may be encountered during the period of transition to the building of an even more prosperous world community of free nations," Rusk said.

### Connally Spurns Offer Of Debate

AUSTIN (AP)—John Connally said Monday that television debates between candidates "produce more heat than light" and refused to debate Don Yarbrough, his foe in the June 2 runoff for the Democratic nomination for governor.

Yarbrough accepted offers from Dallas and Houston stations Monday to debate Connally, front runner in Saturday's voting.

Connally said Yarbrough's acceptance is typical of candidates in the second spot.

**THANKS . . .**

is the only word that can express my appreciation for the cordiality and hospitality shown me while campaigning for the office of County Clerk and for the wonderful people expressing their confidence in me by casting their vote in my behalf.

**Roberta Oldfield**

---

**RIVER . . .**  
Funeral Home

BILL J. SCHLECHT-OWNERS-ERNEST WELCH

**DEAR ABBY**

**Share And Share Alike**

DEAR ABBY: My boy friend and I are making plans to marry. Do you think it is proper for him to ask how much money I have in the bank? I did ask him what his financial situation was, and he claims he has a right to know mine, too. He says we should combine all our money into one account. I worked hard for 22 years (I am 40 and he is 42) and I feel that what I have saved should not be divulged. If it were needed I would be glad to share it, but he is the type who would buy a new car every year, as he spends money faster than he makes it. Am I wrong in my thinking?

**CONFUSED**  
DEAR CONFUSED: Your boy friend appears too eager to "combine" your money with his. And you appear properly unwilling to do so. This is a rather shaky foundation on which to build a marriage that should last forever. Don't marry a man with whom you are reluctant to share everything.

DEAR ABBY: Recently my daughter got a corsage made of DOG biscuits! She thought it was very funny and wore it to the dance. What on earth is this world coming to?

**DIGUSTED MOTHER**  
DEAR MOTHER: I'll bite! I

don't know what it's coming to, but apparently it is going to the dogs!

DEAR ABBY: I read with amusement the letter from "EX-OTHER-WOMAN," who said if girls got together and compared notes they would learn that two-timing husbands all tell the same story.

Boys get together, too, you know, and the stories told to them by two-timing wives are not very different from their own. "My husband is cold and unaffectionate and he doesn't understand me" is a line many frustrated women use. It's pretty corny, but it still works!

**BEEN THERE**  
CONFIDENTIAL TO "BLUE NOTE" AT JULLIARD: Face the music!

How's the world treating you? For a personal, unpublished reply, send a self-addressed, stamped envelope to ABBY, care of The Big Spring Herald.

For Abby's booklet, "How To Have A Lovely Wedding," send 50 cents to ABBY, Box 3365, Beverly Hills, Calif.

### Chair Trouble Delays Deaths

RAIFORD, Fla. (AP)—Trouble with Florida's electric chair delayed the scheduled execution of two convicted murderers today.

Warden Dewitt Sinclair postponed the execution of Robert Lee Jefferson and Johnnie Hill until Saturday at 8:30 a.m.

They will be the first to die in the new death house at state prison. Sinclair said when the equipment was given a routine check it didn't function properly.

**Your Credit Record FOLLOWS YOU**

When you move into a new neighborhood, or from one city to another, your credit record follows you.

If you have a good credit record, merchants and professional people will gladly open a charge account for you or arrange convenient terms for major purchases you want to make.

Your credit record is an open book, not only in your own community—but from coast to coast. For the record of how you pay your bills . . . which is on file in the local Credit Bureau . . . is accessible to all members of the Credit Bureau.

You can be sure of a good credit report only if you pay your bills promptly—on the date they are due.

First Place Contingent

Pictured is Vernon's bowling team, first place winner in the Ladies' Star league, which wound up his season recently. Left to right, they are Wilma Dorsey, Marie Roughley, Vernon Smith (sponsor), and Maxine Wineberger. Another member of the team, Sugar Brown, could not be present for the picture-taking.

# Donovan And Tasby Deliver For Indians

By MIKE RATHET  
Associated Press Sports Writer  
Cleveland General Manager Gabe Paul, a wheeling and dealing type in the Frank Lane man-

ner but a little slower and surer before he pulls the trigger, has come up with a pair of key additions to the Indians in pitcher

Dick Donovan and outfielder Willie Tasby.  
The often peddled players, both acquired from Washington, carried the Indians to a 6-3 triumph over Minnesota Tuesday night that pulled second-place Cleveland to within one game of the American League leading New York Yankees.

Paul, who previously pulled the strings in Cincinnati, got Donovan in the trade that sent Jim Piersall to Washington and raised a howl from Cleveland fans. He picked up Tasby for two lesser lights in a deal that raised not an eyebrow.  
But Tasby raised a couple against the Twins. The 29-year-old righty swinger who hit 251 last season, made his first start for the Indians and responded with a 2-for-5 performance, knocking in three runs, including what proved to be the clincher in a two-run seventh inning.

Donovan aided his own cause with a bases-loaded single that accounted for one run before Tasby stroked his hit for the decisive run.  
Tasby's clincher provided Donovan with his fifth victory without a loss. The 24-year-old right-hander, who led the AL with a 2.40 earned run average while posting a 10-10 record last season, is the first hurler in the league to win five.

Al Kaline drove in four runs with his eighth homer, a triple and a single, leading Detroit to a 10-1 triumph over the Los Angeles Angels in the only other game played. Boston-New York, Kansas City-Baltimore, Chicago-Washington were postponed due to rain.  
Donovan had a 6-1 lead going into the ninth when the Twins, with a four-game win streak on the line, began to make menacing gestures. Lennie Green's homer after Bernie Allen single chased Donovan. Reliever Barry Lattman gave up singles to Rich Rollins and Harmon Killebrew before ending it by striking out pinch hitter George Banks. Jim Kaat (14) was the loser.

While Kaline was providing the hitting, Phil Regan provided solid pitching for the Tigers to snap a five-game losing skid. Regan (2-2) limited the Angels, winners of four in a row, to six hits—one a homer by Steve Bilko. Eli Grba (11-1) took the loss.

## Wolves May Play Mineral Wells

COLORADO CITY—The Colorado City Wolves, District 3-AAA baseball champions, will face the 4-AAA titlist, probably Mineral Wells, in bi-district competition next week.

Colorado City's won-lost record is now 15-8. The Wolves wound up conference play last week with a 5-1 record, having lost only to Lamesa.  
Steve Hillhouse, ace pitcher of the Wolves, is unbeaten this season and boasts a 12-0 record. Hillhouse did not pitch the final game against Lamesa.

Catcher Charley Houston has been a big factor in the Colorado City attack. He is hitting .570 in district and .420 overall. He has four home runs to his credit.  
The Wolves are coached by Ken Kearns.

## Campbell's Wins By 17-5 Score

Campbell's shelled Cosden, 17-5, in a Texas Little League baseball game here Tuesday night.  
Marguarita Duran clubbed a home run for the winners, who closed out with ten runs in the sixth inning.  
Terry Kinman was credited with the pitching victory.

# Rozelle Unworried Over Owens' Move

NEW YORK (AP) — The case of R. C. Owens playing out his option with the San Francisco 49ers, then signing with the Baltimore Colts does not worry the National Football League Commissioner Pete Rozelle indicated today.  
"We are not concerned," he shrugged. "The cases of players playing out their options are not unique."  
The 6-3, 195-pound Owens, a

# Cleveland Threat To Yankee Reign

NEW YORK (AP) — Manager Ralph Houk of the New York Yankees surveyed the rest of the American League from the summit today and predicted that the Cleveland Indians would remain one of the top contenders the rest of the season.  
"They didn't figure high in the beginning," Houk said, "but they do now. I like those two kids in the outfield, Ty Cline and Al Luplow. They have a solid infield and John Romano is a good catcher. There aren't many better arms in the majors than Willie Kirkland's."  
Then Houk laughed: "I see where Al Lopez says only his own Chicago White Sox and the Detroit Tigers might be able to stop the Yanks. Wait until he

# Anderson Wins Over Phillips

Anderson Music turned back Phillips 66 by a 4-3 score in Big Spring Softball league play at the City Park Tuesday night.  
The second game, pitting Neel's Transfer and Smith Construction Company, was called in the second inning due to a shower. No date has yet been set for it to be replayed.  
J. Terry was the winning pitcher. Troy Wetzel the loser in last night's contest. Each pitcher allowed seven hits.  
Anderson Music scored twice in the seventh inning, just enough to withstand a like rally on the part of Phillips 66.  
Bob Pekar clubbed a home run and drove in two tallies for the winners.  
In tonight's contests, E. C. Smith Construction opposes M. Daniel Construction at 7 o'clock and Morton's Foods tangles with Neel's Transfer at 9 p.m.

# Tri-Captains Named Here

Dexter Pate, Jack Irons and Jerry Tucker have been named permanent captains of the Big Spring High School baseball team, which wound up its season last week with an 11-13 won-lost record.  
The three, all seniors, won varsity letters along with 13 other members of the squad.  
Others earning numerals included Coy Mitchell, David Maberry, James Gilbert, Tommy Young, Bobby Mears, Bowman Roberts and Perry Thompson, all seniors; and Jeff Brown, Rickey Wisener, Jack Roden, Bill Andrews and Buster Barnes, all juniors. Charley West, a sophomore, also lettered. Those who did not get letters but who finished the season were awarded miniature silver base-

# Irwin Hurls One-Hit Game

A fifth inning single by Mike Gamble robbed Gary Irwin of a no-hit game as the Sabres kayoed the Comets, 16-0, in International Little League play here Tuesday night.  
Gamble's blow came with one out. He then stole second and went to third on a wild pitch but Irwin struck out the last two batters in the inning to face him.  
In all, Irwin struck out 16 and issued no walks. Gamble was the only boy to reach base during the contest.  
Irwin helped his own cause with a double and a single. Barry Knocke and Mike Wilson also had doubles for the Sabres, who had a total of eight hits. The Sabres scored in every inning they went to bat.  
The T-Birds clash with the Daggers in tonight's contest.

# Fans Stay Away As Casey Takes Mets To Chicago

CHICAGO (AP)—Casey Stengel peered out of the dugout at Wrigley Field—the first time he had been there since leading his old Boston Braves against the Chicago Cubs in 1943.  
"Must be a dozen fans up in the stands," said the New York Mets skipper. "Must be the cold weather. It couldn't be because the Cubs are playing us."  
The opening of the three-game series—the battle of the National League cellar—actually drew 1,396 customers Tuesday. It was the smallest Wrigley Field gathering of the season.  
The Cubs disappointed them by losing 3-1 as Jay Hook stilled them on four hits in his second route-going job. Fielding errors by Billy Williams and George Altman gave the Mets two unearned runs as they climbed out of the basement for the first time. The Cubs dropped to last.  
Before the game, Stengel spell-

bound a large delegation of newsmen, who filled the visiting dugout as if it were World Series time.  
"I just met my two new pitchers (Vingard Bend Mizell and Bob G. Miller) and this is what I said to them: 'Miller, how many innings you pitched?' He looked at me and said: 'Three or four.' I said: 'I guess you are ready for us anyway, so now you can consider yourself one of my early starters.'  
"I said to Mizell: 'Can you pitch?' He said: 'Yes.' I said: 'OK, you pitch for us here in the last game of the series.'  
"So, you see, we all got acquainted real quick.  
"Our pitching staff is really shatterd and I always have a lot of re-arranging to do. Some people think I have 10 starters, but actually there are only three—Hook, Craig (Roger) and Jackson (Al)."

# Giants All Alone At Top Of League

By JIM HACKLEMAN  
Associated Press Sports Writer

San Francisco's surging Giants march on while other National League contenders stand still—or worse. Whatever became of that multiple-team, wire-to-wire pennant race?

Taking on their closest pursuer and an old pitching nemesis Tuesday night the Giants carried away a 4-3 victory over the St. Louis Cardinals, boosting their lead to four games.

To gain the narrow win, the Giants had to beat Larry Jackson, who had whipped them eight straight times over a two-season span, and withstand some late Cardinal trouble. They did both on the tough pitching of Juan Marichal (5-2) and the star hitting of Orlando Cepeda, winning for the 12th time in their last 13 games.

Los Angeles counter-rallied against Houston for a 9-6 decision

bottom of the ninth. Marichal weathered the uprising for his fifth complete game and the ninth in the last 11 games for Giant pitchers.

The Dodgers dissipated a five-run lead against the rambunctious Colts but pulled it out behind the hitting of rookie Larry Burright and Maury Wills. Burright, who tripled and doubled earlier, legged out a bunt single off Bob Tiefenauer (1-1) with two away in the 10th and moved to third on Frank Howard's pinch single. Wills then crashed in the winner with his third single of the night. Two more runs scored on Dick Farrell's wild-pitch and catcher Merritt Ranaw's bad throw.

Reliever Ron Perranoski (2-0) was the winner.

The Dodgers pulled ahead 4-0, then 6-1 but the Colts kicked back by collecting 10 hits against Sandy Koufax and Larry Sherry, who each gave up a bases-filled walk.

Cincinnati was given one chance after another by Philadelphia's shaky pitching and defense, banging out 15 hits, drawing four walks and helping along by three Phillie errors. The telling figure was the 16 runners stranded by the Reds.

Winning southpaw Chris Short (1-1) yielded 12 hits before he was replaced in the eighth by Dallas Green, who was tagged for Frank Robinson's two-run single. Jack Baldschun took over for Green in the ninth with one on, gave up two singles, then finished with a flourish by setting down the final three batters.

Billy Klaus' two-run homer was the big hit as the Phils built a 4-0 lead against Jim O'Toole (2-4). They nailed it down with two more off Howie Nunn in the sixth.

The Mets eased out of the cellar with help from the Cubs' erratic outfield play. One New York run came in when Billy Williams muffed a pop fly for his second two-base error of the game. The Mets wrapped it up when Felix Mantilla's key single skittered through George Altman's legs.

Hook (2-1) gave up one of the four Cub hits to the first man he faced, Lou Brock, then uncorked a wild pitch as Brock went for a steal of second. He continued on to third and scored on Williams' sacrifice fly. Don Cardwell, out for two weeks with a sore arm, gave up two singles to ex-teammate Sammy Taylor and nothing more until the sixth, when a walk, Charlie Neal's single and Williams' error produced the tying run. Two walks and Mantilla's single coupled with Altman's misplay produced the deciding runs against Bob Anderson (0-4) in the seventh.

Nearing End Of Record Run

R. L. Lasater, freshman from Big Spring, (right) blazes away across finish line to set a new East Texas State record in the 100-yard dash, March 31 at Commerce. Lasater ran a 9.2 century and a 20.4 220 that same day. In the Lone Star Conference meet May 11, 12 at Beaumont, Lasater will run the 100, 220, 440-relay and mile relay for the Lions.

# Maris' Patsy Leaves Boston For Seattle

By The Associated Press  
Boston pitcher Tracy Stallard, who proclaimed, "I'm not going to lose any sleep over it" after serving up home run No. 61 to Roger Maris, was back in the minors today, a victim of the strategic moves being made by baseball club officials to reach the 25-player limit.

A 24-year-old right-hander who appeared in 43 games for the Red Sox last year, Stallard became a pawn in the annual scramble to reach the mandatory cutoff by trimming the fringe player from the roster. The deadline this year was set at midnight tonight.

Stallard posted a 2-7 record last year, and had been used only once this season—in a one-inning relief appearance. He was shipped to Seattle of the Pacific Coast League along with right-hander Billy Muffett, leaving the Red Sox one over the limit.

Boston then got down to 25 by selling southpaw Ted Wilks to the Cincinnati Reds.

Another of the more noteworthy players pared from major league rosters Tuesday was Pittsburgh hurler Joe Gibbon, a 13-game winner last season who has been unable to pitch because of a strained muscle in his left elbow. The Pirates sent him to Kinston, N.C., where the heat is expected to bring his arm around.

Minnesota reduced its roster by placing ailing outfielder Jim Lemon on the disabled list. Lemon has been idled by a torn muscle in his left shoulder and it is estimated by doctors he'll be lost to the club for from four to six weeks.

Philadelphia made three moves, sending infielder Billy Conzolo to the Los Angeles Angels, farming pitcher Ed Keegan and placing shortstop Ruben Amaro on the national defense service list. Amaro had been denied permission by the Army for an extension of his furlough.

**SMITH TEAM WILL GO TO ODESSA**  
The powerful E. C. Smith Construction Company softball tournament, winner of the recent San Angelo tournament, will go to Odessa Saturday night for a doubleheader with the Odessa Merchants.  
The first game is booked to get under way about 7:30 p.m.  
Originally Odessa was to have hosted Lake Jackson but that team cancelled out.  
Odessa is building a splendid record. The Merchants have won six straight games, the last two over Killeen by scores of 8-1 and 21-2.  
N. E. Stephens is the star hurler of the Merchants and, no doubt, will face the Smith team Saturday.  
Saturday's games will be played on the Eastside diamond in Odessa.

**'Funny Thing' Really Is Funny**

By WILLIAM GLOVER  
Associated Press Drama Critic  
NEW YORK (AP)—"A Funny Thing Happened on the Way to the Forum" really is. Laughter, rowdy and ribald, rocks through the musical that slambanged its way into the Broadway amusement lists Tuesday night at the Alvin Theater. Zero Mostel highlights the rough-house hilarity about a smartaleck slave in ancient Rome conniving his way to freedom. Burt Shevelove and Larry Gelbart have compounded the gag-and-slapstick mixture from the plays of Plautus, a boisterous hard who mocked the Latin life in the 3rd century, B.C. Stephen Sondheim has turned out music and lyrics that neatly enhance the tongue-in-cheek merriment.  
Director George Abbott runs

proceedings with a copious clangor of sight gags to augment the absurd plot substance. In addition to Mostel, a maestro of behemoth buffoonery, the comic corps includes David Burns, Jack Gilford, John Carradine and Raymond Walburn. The musical assignments are handled in fine style by Ruth Kobart, Presley Marker, Brian Davies and Ronald Holgate. Standout opening night numbers included "Free," "Lovely," "Everybody Ought to Have a Maid" and "That Dirty Old Man." A group of gorgeously undraped lasses—who disport through the evening as courtesans—includes Roberja Keith, Lucienne Bridou, Lisa James, Judy Alexander, Myrna White and Gloria Kristy. Entrancing is the way they handle the torso-tossing dance numbers devised by choreographer Jack Cole. Tony Walton costumes the company and sets the action as though everything is happening in a slightly faded cartoon. "A Funny Thing" may not be art, but it jumps with mirth.

**Odessa Given War Decoration**

ODESSA (AP)—John Preston, oil company pumper, received a silver star for gallantry in action Tuesday, nearly 20 years after he earned it. The medal was awarded for Preston's heroism at Guettar, Tunisia, on March 25, 1943. It came more than 19 years late because of an Army oversight. Maj. Gen. Thomas Yancey, commanding the VII Army Corps, made the presentation. The citation said Preston, a private in the 47th Infantry Division, risked his life during a bombardment to carry a message to troops pinned down in a ditch. It countermanded a previous order and was credited for preventing heavier casualties in a fierce battle.

**Winds Rake Wichita Falls**

By The Associated Press  
Wichita Falls, still bearing scars from a recent tornado, was raked Tuesday night by vicious winds ranging up to 75 miles an hour. Sheets of metal were peeled from the First Wichita National Bank building during the 45-minute thunderstorm. Television antennas and trees were snapped and windows broken. Electric power failure left much of Wichita Falls temporarily in darkness. The wind moved box cars about like sailboats in the southeast part of the city, blocking vehicular traffic at intersections. The tornado of 10 days ago did much damage at Sheppard Air Force Base area of Wichita Falls. Thundershowers also whipped across the Texas Panhandle and South Plains. A broad section of the area was under a severe weather alert for hours. The only damage reported, however, was to a home struck by lightning in Lubbock. Rain delayed a Texas League baseball game in Amarillo. A special forecast had warned of severe thundershowers in a 120-mile wide sector centering on a line from 60 miles southwest of Lubbock to Lawton, Okla. Forecasts promised more thundershowers by evening in parts of Northwest, Southwest and North Central Texas. Little change was expected in the state-wide weather pattern. Tuesday's top temperatures ranged from 80 degrees at Galveston up to 105 at Presidio. The readings early Wednesday varied from 55 degrees at Dalhart to 76 at El Paso.

**Moisture Falls**

By The Associated Press  
Rain again fell over wide sections of the country today. In Massachusetts it was mixed with snow. Early morning precipitation was

reported in the Pacific Northwest, northern California, the northern Rockies, in parts of the Middle West and Southwest, the Atlantic Coast states and southern New England. About an inch of rain fell at Paducah, Ky., and Oceana, Va. Some 50 miles northeast of

8-B Big Spring (Texas) Herald, Wed., May 9, 1962  
Wichita, Kan., at the Cassoday interchange on the Kansas Turnpike, more than 1 1/4 inches of rain was reported along with a half-inch of hail. Early temperatures ranged downward from a high of 89 at Gila Bend, Ariz., to 26 at Pellston, Maine. There were a number of near-freezings in the extreme northern portion of the Great Lakes region.

the perfect gift for mothers of all ages.
