Survival Training

Astronaut Scott Carpenter cuts a retaining strap during survival training for his upcoming flight around the earth. Training for orbital flights includes survival at sea and here he is in the life raft carried in the Mercury space capsule. He is wearing his space suit with the helmet removed. A rubber "dam" around his neck prevents water from getting inside the suit.

Presbyterian's Ouster Sets Off Protest

NEW YORK (AP)—The ouster of the Rev. Dr. Stuart Hamilton Merriam as minister of the Broadway Presbyterian Church led Sunday to a protest by 275 persons who walked out of morning worship.

The supporters of Dr. Merriam filed to the downstairs auditorium, where a prayer service was held.

The 125 persons who remained in the church proper heard an indictment of Dr. Merriam's ministry by the Rev. Graydon E. McClellan, chief administrative officer of the Presbytery of New York.

The Rev. Mr. McClellan gave an explanation of why the presbytery ousted Dr. Merriam from his pulpit at a closed meeting last Monday night. The presbytery—governing body for 62 Presbyterian churches in Manhattan, the Bronx and Staten Island—also removed the elders of the Broadway church and put a committee of the presbytery in charge.

Among highlights of the complaint against Dr. Merriam—was stated by the administrator—were that he had been too "rigid" in his approach to theological matters; and that he was not competent to minister to a church in the university and professional community in which the Broadway church is located.

The Rev. Mr. McClellan also said that "Dr. Merriam appears to have a compulsive desire for publicity." He said the elders were removed for not being "aware of the seriousness of Dr. Merriam's leadership deficiencies."

The Rev. Edward White, minister of the Good Shepherd-Faith Presbyterian Church and head of the special committee named by the presbytery to govern the Broadway church, made the comment to newsmen after the walk-out.

"It appears to me that Dr. Merriam has led some of his people to worship him instead of Jesus Christ. In the church we think of this as idolatry."

Dr. Merriam, who was in the church when his followers walked out, joined them in the service downstairs. Most of those who walked out were elderly persons or college students.

Dr. Merriam, 38, a bachelor, said after leaving the church: "What has happened is that nonconformity has become a sin throughout American life. This is what I'm fighting."

He said members of the Broadway church were outraged by "the usurping of the legal rights of a called minister and a duly elected session by a presbytery which has formed itself into a seeming hierarchy."

Game Fix Probe In State Expected

WACO, Tex. (AP)—Announcement is expected shortly of a hearing in which the Texas House General Investigating Committee will look into the reported fixing of the Southwest Conference basketball games at the same time that it cracks down on gambling in Central Texas.

Nuclear Test Ban Chances Improve

Nuclear Blast No. 11 Set Off In Pacific

WASHINGTON (AP)—The 11th blast of the U.S. nuclear test series in the atmosphere was set off today near Christmas Island in the Pacific.

The announcement from the Atomic Energy Commission and the Defense Department said it was another shot in the intermediate yield range, and the device was dropped from an airplane.

That has been true of all but two of the shots so far. Intermediate range covers a blast equivalent between 20,000 and 1 million tons of TNT.

The time of the shot was given as about 11:30 a.m. EDT.

Hurricane-Flood Funds Sought

WASHINGTON (AP)—Federal funds for planning a \$33 million hurricane-flood protection project near Port Arthur, Tex., was sought today by a delegation before a House Appropriations subcommittee.

No Delay Seen

WASHINGTON (AP)—No consideration is being given to delaying release in August of 143,000 reservists and National Guardsmen because of the new crisis in Laos, informed Defense Department sources said today.

BULLETIN

By The Associated Press The Weather Bureau issued a tornado forecast Monday for most of the Texas Panhandle and a 60-mile strip of the western South Plains.

The alert was from 4 p.m. to 10 p.m. and said:

"Thunderstorm activity is expected to develop through extreme eastern New Mexico and the northwest portion of the Texas Panhandle into western Kansas late Monday afternoon and spread northeastward with a few severe thunderstorms with large hail, damaging wind storms and one or two isolated tornadoes.

"The most likely area of this activity is 60 miles along either side of a line from Hobbs, N.M., to Dodge City, Kan., between 4 p.m. and 10 p.m."

Included in the alerted area are Amarillo, Lubbock, Plainview, Borger, Levelland, Lamesa, Seminole, Muleshoe, Littlefield, Slaton, Floydada, Tulsa and Hereford.

Negotiator Says Talks Going Well

WASHINGTON (AP)—The chief U.S. negotiator at the Geneva disarmament talks reported to President Kennedy today that he feels the discussions are going exceptionally well and there is a possibility for a workable nuclear test ban treaty.

Arthur H. Dean told newsmen after his conference with Kennedy that he thinks the Soviet Union wants to go on with the disarmament talks.

Dean said he had heard a great many rumors that Russia is planning a new series of nuclear tests in the atmosphere, but that he had no definite information on that.

As far as he knows, Dean said, there is no plan for President Kennedy to meet with Soviet Premier Khrushchev.

When the present series of U.S. nuclear tests is completed, and possibly a new series of tests by Russia, Dean said, he feels the atmosphere will be more favorable for negotiations for an effective and workable test ban treaty.

The new tests, Dean said, would get away from the mutual feeling that each side has been cheated.

Dean said he will return to Geneva after helping to dedicate the John Foster Dulles Library at Princeton University Tuesday.

Banner Dairies Ordered Out Of Foremost Firm

WASHINGTON—The Federal Trade Commission has ordered a Jacksonville, Fla., milk firm to divest itself of Banner Dairies, Inc. in Abilene and nine other dairies throughout the country.

The commission order against Foremost Dairies, Inc., large purveyors of milk and milk products, came after it found the company guilty of monopolistic and competition—eliminating practices.

The other nine dairies, acquired between 1952 and 1955, are in Dallas, Houston, Virginia, West Virginia, South Dakota, Hawaii, California and Pennsylvania.

The commission found that Banner, before its 1953 acquisition by Foremost, had milk processing plants in Abilene, Brownwood, Midland and San Angelo; an ice cream manufacturing plant in Abilene; and milk and ice cream distribution branches in Odessa, Big Spring, Eastland, Haskell, Hamlin and Coleman.

Banner's yearly milk sales were \$7.7 million and its ice cream sales, \$642,700. In the Abilene market where Banner and Foremost competed for ice cream sales, their 1952 volume was \$380,000 to \$373,000 in favor of Foremost.

Combined Banner and Foremost ice cream sales the year after the merger amounted to more than half the Abilene volume, the commission further found.

In addition, Foremost's acquisition of Banner permitted it to obtain chain store milk distribution and a full line of milk products to the disadvantage of competitors, the commission said. Foremost's profits in Abilene rose from \$163,

2 States Must Reply To Oil Payment Suit

WASHINGTON (AP)—The Supreme Court directed New Jersey and Pennsylvania today to file by June 1 replies to a Texas complaint involving efforts by Texas to get possession of \$37,653 in unclaimed payments made by Sun Oil Co. to about 2,000 individuals.

Texas has asked the Supreme Court for permission to file suit against New Jersey and Pennsylvania, to settle the issue of ownership of the unclaimed amounts.

Texas also asked for temporary injunctions against New Jersey and Pennsylvania, in the preliminary steps of the proposed litigation. The high court told New Jersey and Pennsylvania today to file answers to the request for temporary injunctions.

The court later will make known whether it will permit Texas to file suit against the two states.

The Supreme Court has jurisdiction in suits between states.

Each of the three states claims the money under escheats laws. Under such laws, properties with no known rightful owner revert to the state. They cover such things, for instance, as bank accounts held by persons who die and have no known heirs.

Sun Oil was chartered under New Jersey laws, has offices in Pennsylvania, and produces oil in Texas. The unclaimed payments in this case include rental checks, oil and gas royalty checks, dividends on Sun Oil common stock, checks for wages, services and supplies.

Boston Has Race Trouble

BOSTON (AP)—Reinforced police were called out to prevent new outbreaks of racial violence in a Boston housing project.

A half-dozen fights between white and Negro youths resulted from a "growing atmosphere of racial tension," said police Sgt. Mark Hadden.

Two teen-agers were taken to a hospital after Saturday clashes around the Columbia Point project which houses 6,500 persons representing several racial strains.

Brisk Breezes Plague Texas

Brisk breezes, more mindful of March than May, plagued much of Texas Monday.

It was the second straight day of blustery and warm weather for most of the state. Skies were partly cloudy in Central Texas and clear elsewhere.

Occasional thunder showers were predicted by evening in parts of Northwest and Southwest Texas.

The Weather Bureau put a 120-mile wide sector from Midland northeastward to Wichita, Kan., under a tornado alert Sunday afternoon but cancelled the forecast within a few hours.

Amarillo's .02 inch was the only rain reported anywhere in the state Sunday. The top afternoon temperatures ranged from 81 degrees at Galveston up to 95 at Laredo.

Readings early Monday varied from 64 degrees at Dalhart to 75 at Laredo.

Senate Downs Limit On Literacy Bill Talk

WASHINGTON (AP)—The Senate today beat down for a second time a motion to limit debate on the administration's voting literacy test bill.

The action probably will result in pigeonholing for this session of Congress a measure to establish a sixth-grade education as qualification to vote in federal elections.

Today's vote against limiting

debate was 52-42. This was far short of the two-thirds affirmative vote required to shut off a polite Southern filibuster against the measure.

The Senate last week rejected a similar cloture motion by a vote of 53-43. But it voted 64-33 then against shelving the bill in a maneuver calculated to permit members to express their support for a measure they knew wasn't going to be passed.

Just before the vote today, Sen. Francis Case, R-S.D., served notice he will seek to call up as a substitute for the literacy test bill a proposed constitutional amendment to accomplish the same purpose.

He said many members who favor the purpose of the legislation have honest doubts about the constitutionality of proceeding by passage of a law.

The bill's advocates contend that its passage by Congress would go a long way toward elimination of discrimination against Negro voters. Its critics called the proposal an unconstitutional invasion of the right of states to fix the qualifications for voters.

Senate Democratic Leader Mike Mansfield of Montana told reporters he would move, after failure of the cloture motion, to take up other business.

The House has no major bills on its docket this week, but the Senate may plunge into a scrap over President Kennedy's \$2.5-billion public works program soon after it disposes of the literacy bill.

However, Mansfield said he may call up a House-passed bill to give Kennedy authority to make agreements with additional nations to curb textile imports.

The literacy bill was all but

killed off last Wednesday when the Senate voted 53 to 43 against invoking its anti-filibuster rule and clamping a time limit on the debate that had begun two weeks earlier.

The failure to muster even a majority for debate-limitation was a stinging setback for the bill's backers, who contend that in some areas of the South registrars keep Negroes from voting by discriminatory administration of literacy tests.

The bill would exempt anyone with a 6th grade education from having to pass a state literacy test to qualify as a voter in congressional and presidential elections.

Southern senators have denounced the bill as an unconstitutional invasion of states' rights to determine voter qualifications and as unnecessary because of existing laws that prohibit voting abuses.

The second petition to limit debate on the literacy bill was filed by Mansfield, with the backing of Republican leader Everett M. Dickson of Illinois, immediately after Wednesday's vote.

Civil rights advocates laid no claim to being able to reverse the initial outcome and obtain the necessary two-thirds majority.

The Senate Finance Committee, through which some of Kennedy's principal measures have to be funneled, completed lengthy hearings last week on the tax revision bill already passed by the House.

Today it starts four days of hearings on a House-passed public welfare bill emphasizing rehabilitation for persons on relief rolls.

The over-all cost of the measure is \$235 million a year, including an annual boost of \$140 million in the federal share of welfare payments.

Philippines President Delays Visit

MANILA (AP)—President Macapagal tonight postponed his state visit to the United States indefinitely because of the U.S. House of Representatives' rejection of a long-pending Philippine war damage bill.

Macapagal, in a nationwide radio television address, said "while reiterating my gratitude for the invitation that the American president so kindly extended to me, it is with deep regret that I am constrained to postpone the date of the visit."

The president put off the visit—scheduled for next month—"until such time as the circumstances will permit me to go on a state visit, which would be most pleasant, because it would be acceptable to our people."

Macapagal explained that "the feeling of resentment among our people and the attitude of the Congress of the United States negate the atmosphere of good will upon which my visit to the United States was predicted."

"I feel that our people would never understand how, under the circumstances at this time, I could go to the United States and dwell on the subject of good will. At this present moment, the word will sound empty."

There was still hope a prompt response by Congress to a new bill to be introduced today by Rep. Clement J. Zablocki, D-Wis., may reinstate the visit.

The postponement put a sudden chill on relations with a Southeast Asia Treaty Organization ally at a time of crisis in nearby Laos. U.S. officials pointed out that if Macapagal's meeting here with President Kennedy were abandoned, there would be no chance to reinstate the visit immediately.

Zablocki talked with President Kennedy about the bill Saturday. He said the President was very pleased and promised every effort to be of help.

Kennedy sent a personal message to Macapagal late last Wednesday after the House of Representatives rejected the original claims measure 201-171. It would have fulfilled a decade-old promise of \$6,000 claimants.

BELGRADE, Yugoslavia (AP)—Milovan Djilas, former vice president of Yugoslavia, was convicted today of disclosing state secrets and sentenced to 9 years and 9 months of strict imprisonment.

Bullet Victim

SAN ANGELO (AP)—A rifle bullet killed Jessie Lee Miller, 40, a San Angelo Negro, as she returned home from a camping trip early today. Justice of Peace J. B. Holberg said the weapon was dropped and it fired as she was helping unload the car. He ruled accidental death.

U.S. Forces Are Under Alert As Thai Landing Permit Is Awaited

WASHINGTON (AP)—American forces throughout the United States and the Pacific area were under alert today as permission was awaited to land U.S. combat Marines in Thailand, which borders Communist-embattled Laos.

Thai officials were expected to agree promptly to the U.S. request for landing of the Marine force in the little kingdom.

The move involving the Marines was ordered by President Kennedy as part of his broad strategy to bolster anti-Communist defenses in Southeast Asia. It also was aimed at getting U.S. troops into position for quick intervention in Laos itself should he decide such action is necessary and desirable.

RAPID EVENTS In rapid developments, the Marine detachment of 2,000 combat-ready men moved into Southeast Asian waters as part of a 7th Fleet aircraft carrier task force. Other elements of the powerful 7th Fleet were steaming toward the crisis area under orders issued Saturday by Kennedy.

The President put on alert land, sea and air forces in the United States and the Pacific area. The alert was reported far short of the type of warning that would be given to troops in the event of war. Units alerted included those of the new strike command, which can move swiftly in the event of so-called brush-fire wars.

Gen. Paul D. Harkins, commanding officer of U.S. military advisory forces in South Viet

Nam, flew to Thailand to confer with officials at Bangkok.

Kennedy's order that the military take "precautionary measures" was designed (1) to put power behind U.S. diplomatic efforts to end peacefully the new outbreak of the Laos fighting and (2) to be prepared for a fight if necessary.

ADVISERS MEET Kennedy met with his top military and diplomatic advisers Sunday for 70 minutes, his third conference on the Laotian situation in three days. He cut short a scheduled stay at his Virginia country place to hold the meeting with Secretary of State Dean Rusk, Gen. Lyman L. Lemnitzer, chairman of the Joint Chiefs of Staff, and other officials.

Undersecretary of State George Ball led the conference to appear on a television interview. He said that a peaceful settlement was possible if the Soviet Union would cooperate.

Ball reported the United States had asked Russia to get Communist-supported Pathet Lao troops pulled back to the cease-fire line from which they have been advancing in northwestern Laos for about 10 days. Restoration of the year-old cease-fire would lead to revival of negotiations for a "government of national union" in Laos, and Ball made clear that is the immediate U.S. objective.

Soviet Deputy Foreign Minister Vasily F. Kuznetsov is reported to have told British Ambassador Sir Frank Roberts in Moscow Satur-

day that the Kremlin still wanted such a government.

Ball said he was not certain by any means that the Soviet Union "called the shots" when the Pathet Lao forces launched their attack on the Laotian town of Nam Tha, which they took from demoralized Royal Laotian government troops. But he added:

"In any event I am certain that the Soviet Union has under its power means to control the situation."

Ball noted that under the 1954 Southeast Asia Treaty Organization pact the United States has certain defense obligations in the area. Thailand is a member of the pact, and treaty protections were drawn broadly enough to cover Laos and, soon other countries in the area that are not actual signers of the treaty.

STAYED BY PACT The Southeast Asian pact has military exercises in Thailand last month and afterward by agreement with the government at Bangkok a U.S. Army battle group remained in the country. The group, part of the 27th Infantry Regiment, numbers 1,000 men and is based in southeast Thailand.

It was reported Sunday to be still at its base 400 miles from the Thai-Laotian border along the Mekong River. Officials said it could be moved up into border defense positions and indicated that as a definite possibility. At the border its mission would be to stand with Thai defenders

against Communist thrusts or infiltration.

The Marine landing forces could be deployed in similar manner and both the Marines and soldiers would then be ready for quick movement into Laos if ordered.

Ball declined to give out any information on military moves or even to describe the scope of Kennedy's alert order. He said military activities "will be disclosed at the appropriate time."

Military informants indicated that the 7th Fleet task force sent into the Gulf of Siam off the Thai coast presumably included the carrier Valley Forge, which serves as a floating base for a reinforced Marine battalion of about 2,000 men. This is a unit of the 3rd Marine Division based on Okinawa. The division strength may run up to 25,000 men, plus an air wing of 5,000.

Further development of the crisis, as assessed by U.S. officials depended primarily on two factors. One was what Russia would do about restoring the cease-fire. The other was how the fighting in Laos would develop. Authorities here were by no means certain that Russia would agree to a pull back or Red forces even if it put a stop to the Pathet Lao advance and re-established the cease-fire. Meanwhile the Royal Laotian troops have shown themselves so far unable to stem the Red drive and there was no apparent hope here that they would yet be able to do so.

Ball said that indications were

will determine what the intentions are.

The Communist and pro-Communist forces presently hold about two-thirds of Laos, U.S. officials estimate, with the government of Prince Boun Oum holding less than one-third.

Moves In Pacific The arrow (1) indicates the U.S. carrier task force sent from the Philippines into Southeast Asian waters. A U.S. battle group might go into Thailand (2). Meanwhile, in Laos (3), pro-Communist forces continued to gain.

Winners Named In Successful Garden Club Council Show

The Big Spring Garden Club Council concluded a successful two-day show at Howard County Junior College, and winners were announced in various events. The major winner, Mrs. John Furqueron, is shown below receiving the Lybriek award for outstanding fashions in flower arrangements, from the donor, Mrs. Steve Baker. In the upper left hand picture, left to right, are Mrs.

Furqueron, Mrs. Don Grantham, Mrs. Bob Carlile, Mrs. Wayman Clark and Mrs. Bill Swindell, among the winners cited. Included in the upper right photo are other winners and models members, Mrs. Swindell, Mrs. Jimmy Moorehead, Mrs. Dick Lane, Mrs. Clyde Thomas Jr., and Miss Bessie Love.

Mrs. John Furqueron Winner Of Flower In Fashion Award

Mrs. John Furqueron and Mrs. Bill Swindell took top honors in the colorful "Fashions in Flowers" show staged in the patio of the Dora Roberts Student Union Building at Howard Junior College.

The first part of the two-day show, the judging, took place at Margie's Dress Shop on Friday, and the flower - style show was held at the SUB on Saturday. The show was a project of the Big Spring Garden Club Council with Mrs. Odie Womack serving as show chairman.

On Friday noon, Mrs. Steve Baker, owner of Margie's Dress Shop, who furnished clothing for the models, Mrs. Womack, vice president of the Garden Club Council and show chairman from the Rosebud Garden Club, and Mrs. Tom Ivey, Garden Club Council representative from the After Five Garden Club, were hostesses to the judges at a luncheon at Coker's Restaurant.

Judges were Mrs. A. T. Shirey, Mrs. Fred Girdley and Mrs. W. C. Putnam, all national judges from Midland. Following the luncheon, arrangements were judged.

Mrs. Furqueron and Mrs. W. B. Younger welcomed guests at the door of the SUB on Saturday morning at the fashion - flower show. Members from all Big Spring garden clubs and garden council members from cities in surrounding areas were invited.

Refreshments were served from a table featuring copper appointments. A large lemon tree centered the table. Passing were Mrs. Clyde Angel, Big Spring Garden Club Council president; Mrs. C. J. Horton, Four O'Clock Garden Club president and incoming council chairman; Mrs. Clyde E. Thomas Jr., president of Rosebud Garden Club; Mrs. Obie Brister, representative from Big Spring Garden Club.

Mrs. Furqueron won the bronze plaque for the best - all - around arrangement and first place in

fashion - coordinated arrangements. Mrs. Wayman Clark modeled a two-piece all - green sheath to match the all - green crescent arrangement made by Mrs. Furqueron. The second place arrangement, made by Mrs. Swindell, was a dried arrangement of black and white cotton bolls. Colors of the arrangement were carried out in a black and white pique provincial print sun dress worn by Mrs. Bob Carlile. Winning third place was Mrs. Furqueron with a crescent arrangement of pink forabunda roses accenting the polished cotton sun dress in a muted pink rose print modeled by Mrs. Don Grantham.

OTHER ARRANGEMENTS

Another outstanding arrangement was an antique lantern filled with pink roses, which was made by Mrs. Jimmy Moorehead. She modeled her own dress of rose and green, dacton featuring a tucked bodice and full skirt. Mrs. Dick Lane, who also modeled for her arrangement of orange roses in a green container, wore a solid green sheath-over-ear dress trimmed in orange roses.

Which Johnson? Campus Confused

Tulsa, Okla. (AP) — When a caller at the University of Tulsa's Kemp Hall asks for Miss Johnson, he's better know which one he's looking for.

Pamela, Paula, Anne and Betsy Johnson all live there — and they are cousins. Furthermore, Anne and Betsy, of Oklahoma City, are sisters, and Paula and Pamela, of Tulsa, are twins.

The girls, who live in the same dormitory, belong to the same social sorority. They agree there could be confusion over their name, but they've found little of it.

Young Actress Enjoys A European Vacation

By LYDIA LANE

HOLLYWOOD — When I visited Myrna Fahy on the set of "Father of the Bride," she was still starchy - eyed from a quick trip to Europe.

"I wish it could have been three months instead of three weeks," she said. "I can hardly wait to go back again. I think one of the reasons I enjoyed my vacation so much was that I traveled light. I had only one suitcase. I planned everything carefully, and I didn't take one thing that I didn't use and I had everything I needed."

New Weave Seen In Cashmere Line

Something new is on the horizon for women who love cashmere coats.

Dramatic new textured weaves have been developed for this luxury fabric of the ages. This technological breakthrough, in which the rich and desirable softness of the cashmere is retained, imparts to the fabric exciting and until now unobtainable herringbone and wafflelike finishes.

These revolutionary finishes will make their appearance in retail coat departments locally during late summer and fall.

The new weaves will be featured as the most important "exclusive" ever created by the house. This development, adding new dimensions to cashmere, is the result of more than two years of research.

PACKS A COMPACT BAG FOR HER EUROPEAN TRAVELS Myrna Fahy puts three-week supply in one bag

GIVING

By A Christian Writer

It is a part of Christian duty to give once a week, when the disciples meet for the communion.

"Upon the first day of the week, let everyone of you lay by him in store, as God hath prospered him..." I Cor. 16:2. c.f. Acts 20:7.

The duty to give into the treasury of the Lord's church applies only to God's children. The command in Scripture is always directed to them. It is not right for the church to beg money from the world; to stand on the sidewalk holding out her hand, or to solicit the business houses.

Neither should she expect a contribution from those who visit her services. Thus we never take col-

lections at mid-week meetings, nor at any time except at the communion services on Sunday.

We are interested in your soul; not your money. Welcome to our meetings.

Bachelors Sponsor Evening Dinner Dance

A dinner dance was held Saturday evening at the Big Spring Country Club with members of the Big Spring Bachelors as hosts. This was the first social function of the recently formed club for young men.

Guests were received at the door by Gordon Cloon, president. Dinner music was provided while the party was served. The dinner table, laid with white linen, featured silver and china appointments. Arrangements of red roses and greenery were placed at var-

ious points in the entertainment rooms.

During the dinner, guests were formally introduced. White carnations on corsage, were presented to special guests of the membership.

Senior guests were Mr. and Mrs. Harry Rainwater, Mrs. E. W. Dauter and Mr. and Mrs. Robert Whipkey. Guests of members were Ruby Joliet, Billie McClure, Billie Bauer, Peggy Womack, Joan Bunyan, Sally Baber, Gail Campbell, Patricia Kinder, Conita Jernigan and Janiene Speer.

Dancing provided entertainment for the remainder of the evening.

The newly organized group plans to schedule such events as a steak fry, a water skiing party at the lake and swimming parties during the summer.

Duplicate Winners Announced

Cosden Country Club Duplicate Bridge Club played in regular pairs on Sunday evening at the Cosden Club.

Winners of the North - South division were Mrs. Riley Foster and Mrs. Rogers Hefley, first; Mr. and Mrs. Winston Harper and Mrs. E. L. Powell and Mrs. Elmo Wasson, tying for second and third.

East - West winners were Mrs. Robert F. Nicholson and Mrs. John Stone, first; Mrs. Myrtle Lee and Mrs. G. A. McGann, second; Mrs. J. D. Robertson and Mrs. J. H. Holloway, third.

Conservatives To Run Show At Demo Meeting

A scattering of liberal delegations may provide some fireworks at the Texas Democratic convention in September but the conservative faction is expected to run the show.

On the basis of Saturday's county conventions, the conservatives should have little trouble in mustering a majority of the 5,461 votes at the El Paso convention.

Choking off vocal liberal opposition in Dallas and Harris Counties, conservative Democrats also were in firm control in populous Tarrant County and in most of the others.

Bexar County, which has the fourth largest Democratic delegation in the state, was one of the

few reporting counties to be carried by the liberals. Jefferson, Howard and Swisher followed suit.

Republican county conventions Saturday were almost entirely harmonious. Many of them turned into pep rallies as speakers and lengthy resolutions denounced Democrats and praised GOP policies and leaders.

The only reported walkout, however, occurred as Brazos County Republicans adopted a resolution urging that the United States withdraw from the United Nations unless the U.N. be made a "debating society". Two of the 16 delegates walked out, declaring "this is too conservative for us."

Most of the Democratic conven-

tions were quiet. Some adopted a resolution endorsing party nominees, officers and platform requested by state party leaders. Others ignored it.

In some counties, conservatives and liberals politely avoided any controversial resolutions and met in apparent harmony.

A few blasted the Kennedy administration. In one county—Shackelford—Democrats were urged to scratch both of the party's gubernatorial runoff candidates and to "put principles above party allegiance."

In the counties reporting, only one convention endorsed a candidate for the Democratic runoff for governor.

Bexar County Democrats endorsed Don Yarborough in the runoff for the gubernatorial nomination. They also adopted a string of resolutions ranging from high praise of Democratic leaders to statements condemning the John Birch Society and Texans who vote in Democratic primaries and then switch to Republican candidates in the general election.

Sukarno Escapes Attempt On Life

SINGAPORE (AP)—Indonesian President Sukarno reportedly escaped another attempt on his life today when an assassin tried to gun him down at an outdoor prayer meeting in Jakarta.

Jakarta Radio said Sukarno escaped unharmed, but that five other persons, including two government officials, were injured slightly. The broadcast said police had seized the gunman who reportedly was acting on orders of the Darul Islam group of Moslem fanatics.

Because today is an Indonesian national holiday, communications were irregular between Jakarta and the outside world. It was believed news reports of the shooting were being held up by censorship.

J. Muzhar, information officer of the Indonesian consulate in Singapore, said he had reports of the assassination attempt, but that he had not received any official word from Jakarta.

It was the fifth assassination attempt against Sukarno, 61, during his long, turbulent career. The last try was made Jan. 7 while Sukarno was touring the South Celebes to drum up support for a invasion of Dutch-held West New Guinea.

Jakarta Radio said today's attempt was made in the capital's Ikada square during a prayer meeting starting sacrifice day commemorations, a Moslem holiday.

The broadcast said the state security organization had been tipped off that Karto Suwirjo, head of a Darul Islam group, had ordered nine of his men to kill Sukarno.

As a result, security forces took "certain measures," the broadcast went on.

"A person suddenly attacked and fired shots at President Sukarno," it said. "With God's pro-

tection, the president was not harmed by the attack.

"The attacker was arrested immediately and investigation is now under way."

"As a result of the incident, five persons were slightly injured."

The broadcast identified the injured as the speaker of Indonesia's parliament, the deputy speaker of the consultative congress, the chief of the state palace and two members of Sukarno's personal bodyguard. It did not identify the gunman.

The Darul Islam sect launched a rebellion against the government in 1951, two years after the 3,000 East Indian islands and their 30 million people were granted sovereignty by The Netherlands.

The group has fought the government ever since in an attempt to set up a Moslem state. Government military action has reduced the sect to scattered bandit groups that carry on terrorism in rural areas.

Editor's Wife Dies

SAN ANTONIO (AP) — Mrs. N. Dwight Allison, wife of the managing editor of the San Antonio Light, died early today after a long illness.

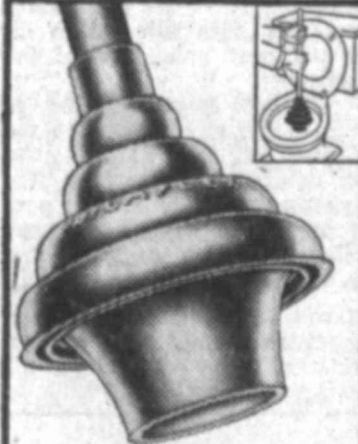

Mrs. Allison, 63, was a featured dancer for two seasons in the Ziegfeld Follies and appeared in two Jesse Lasky musicals, "The Red Head" and "Trained Nurses."

Suspended

William P. Mattox, of Pecos, a Reeves County farmer, mentioned frequently in the Billie Sol Estes investigation, has been suspended as county Agriculture Conservation and Stabilization Service committeeman, the state ARC at College Station announced. The statement said the suspension came after published reports that Mattox had accepted airplane fare and hotel accommodations from Estes.

POWERFUL NEW PLUNGER CLEARS CLOGGED TOILETS in a jiffy!

NEVER AGAIN that sick feeling when your toilet overflows!

TOILET ALL-LABELS Plunger

Ordinary plungers just don't work properly. They permit compressed air and water to splash back. Thus you not only have a mess, but you lose the very pressure you need to clear the obstruction.

With "Toiletflex", expressly designed for toilets, no air or water can escape. The full pressure plows through the clogging mass and swishes it down. Can't miss!

Germs Peril, Not Fallout

AUSTIN (AP)—People will need to guard against garden variety bacteria spoils—not radioactivity—in case of a nuclear attack, two physicians said Sunday before the Texas Medical Association.

Dr. Payne Harris and Dr. T. L. Shipman, both of Los Alamos, N.M., spoke in a symposium on fallout and survival.

Shipman said people should not worry about radiation from food and water in case of attack because "to get an injurious internal dose of radiation from food or water would mean that one would be automatically killed by the external dose."

"If an attack comes, I am going to eat and drink what I want, not worry in the slightest about radioactive matter in my food or water," Shipman said.

The physicians referred to a 1954 nuclear test blast in the Pacific where natives were accidentally exposed to radioactive fallout.

Harris said that even though the natives cooked fresh food outdoors during the fallout, the internal doses of radioactivity they received could have tripled or quadrupled without harm.

Shipman said he was skeptical about the wisdom of the government's proposed multi-billion-dollar fallout shelter program.

Runoff Ballots Are Available

A small supply of second primary ballots, shipped from the printer to the county clerk's office, arrived Monday and Mrs. Pauline Petty, clerk, said that absentee voting is now being handled.

Absentee voting for the June 2 primary officially begins today and ends May 23.

The ballots list the runoff races for governor, lieutenant governor, attorney general, congressman-at-large, state senator, and the two races for county commissioner in Howard County.

Car Demolished In Sunday Mishap

Howard Beck, 26, Big Spring Negro, was not injured but his 1955 edan was demolished at 3:50 a.m. Sunday when it crashed into one of the IS 20 road markers 1.3 miles west of Big Spring.

Two other Negro boys, whom Beck said he did not know, were with him in the car. The automobile crashed into the sign, blew a tire and careened on down the road for some distance before going into the ditch.

Resident's Mother Dies Saturday

Mrs. J. B. Knox Sr., mother of John B. Knox, 113 Lexington, died Saturday at her home at 1015 Petty Ave., Nashville, Tenn.

Mr. and Mrs. Knox left by air line Sunday for Nashville, and at that time rites were pending.

Mrs. Knox, who has been ill for a long time, took a sudden turn for the worse Saturday. She leaves her husband, one son, J. B. Knox of Big Spring, and a daughter, Mrs. Roy Baker, Nashville.

Thief Takes \$150

Prowlers broke into the residence of Stanley Riggs, 506 W. 3rd, sometime Sunday and stole \$150 in cash from a filing cabinet in one of the bedrooms.

Entrance was gained through a rear window and the filing cabinet was unlocked with the key which Riggs keeps concealed on the premises. After the thief had taken the money, he relocked the case and the loss was not noted until this morning. The money, Riggs said, was sales tax receipts from the Golden Nugget Restaurant, which Riggs operates. County officers are investigating.

Weekend Lures Thousands As Moss Creek Lake Opens

Moss Creek Lake drew 3,352 guests Saturday and Sunday. Bruce Dunn, director of public works, said Monday. Two hundred and fifty-four of these pursued boating and fishing permits.

"Mr. and Mrs. R. L. Millaway, managers, said it was quite a weekend," Dunn said. "Saturday saw 144 permits issued for boating and fishing, and 712 picnickers, swimmers and visitors. Sunday drew 119 permits and 2,286 non-paying visitors."

Dunn said he was pleased with the response of visitors at the reopening of the lake following a 11-day cleaning, painting, road-building, and repair program.

"We had no accidents," he said, "but a couple of swimmers received cut feet from beer bottles or cans thrown into the water. City crews will go into the water this week with rakes and will pull everything they can find out of the water. They will be followed by the YMCA scuba divers who will seek to clear the area of anything dangerous to swimmers. They will go out as far as swimmers are permitted to go in the water."

City crews will go out twice each week—Mondays and Fridays—to clean the entire grounds of litter.

"We would like to emphasize again," Dunn continued, "the need to use litter barrels to keep the grounds clean. We especially urge those emptying cans or bottles to put them in the containers. Careless throwing of bottles or cans may result in serious injury to persons on the ground as well as in the water."

His fellow prankster, Cpl. Timothy M. Parsons, 21, of Pittsburg, was felled by the flagpole but was not injured. He is being held "under administrative restriction" at the Marine barracks pending investigation, a Marine spokesman said.

Spaceman Glad To Be Back Home

MOSCOW (AP)—Spaceman Gherman Titov told the Soviet Communist party newspaper: "I returned home, heaved in a breathful of clear spring air, and told the comrades welcoming me, despite all the comforts of America, there is no land on earth better than our dear, wonderful Soviet homeland!"

Titov said he would never forget "the friendly smiles and hearty handshakes of the ordinary Americans, who are well disposed to our country."

High Court Upholds Beck's Conviction

WASHINGTON (AP)—The Supreme Court upheld today the embroiled conviction of Dave Beck, former Teamsters Union president who was sentenced to 15 years in prison.

The court's vote was 4-3. Justice Clark delivered the majority opinion.

Justice Black wrote a dissenting opinion in which Chief Justice Warren joined, and Justice Douglas wrote a separate dissenting opinion. Justices Frankfurter and White did not take part.

Beck, 66, was convicted in King County Superior Court in Washington state on a charge of pocketing \$1,900 from the sale of a Cadillac owned by the union. He was convicted in December 1957 but has been free on bail pending outcome of appeals.

Beck was not immediately available for comment in Seattle, where he has been active in real estate and other lines of business since his retirement several years ago.

His attorney, Charles S. Burdell, said there was a possibility the Supreme Court might be asked for a rehearing but it was too soon for him to say what course of action would be taken.

Burdell said "It might be 30 days or more before the high court's opinion is received here, and of course, Mr. Beck will be free until that time, at least."

Cuba Claims Pirate Attack

KEY WEST, Fla. (AP)—A Havana telecast said a "pirate ship" fired upon a Cuban navy patrol boat off Cuba's north coast, killing three crewmen and wounding five.

The telecast from CMQ, the government station, said the attacking vessel hurried away after the assault Sunday.

There was no identification of the assailant ship. The patrol boat SD28 was hit off Santa Cruz del Norte, a fishing port 40 miles east of Havana. CMQ said. The telecast was monitored in Key West.

Prime Minister Fidel Castro made no reference to an attack on the patrol boat in his speech to students attending a Mothers Day observance at an air force base near Havana.

Castro accused refugees who have fled Cuba of wanting "to return to bring to our country a society of exploiters and exploited."

"They dream of returning at the bayonet points of mercenaries, the bayonet points of Yankee Marines."

"But they will never return to Cuba, no matter what it costs."

Negro Exile Hunting Job

HYANNIS, Mass. (AP)—David Harris, a Negro cook sent to Cape Cod by a Little Rock, Ark., Citizens Council, goes job hunting today.

Harris, 43, former Army mess sergeant, had an appointment at the Massachusetts Employment Security Office.

Harris arrived Saturday. His one-way bus ticket had been paid for by the Capital Citizens Council in Little Rock.

He stayed at the home of Mr. and Mrs. Joseph Monteiro Sr. Monteiro is a local barber. The family offered Harris lodging until he could obtain permanent quarters.

John Joakim, owner of a restaurant in this summer colony town, offered Harris a job as a cook but Harris declined.

"Thank you very much," he told Joakim, "but the folks here have 'ixed me up with some appointments for job interviews and I will have to keep them. I may take you up on your offer afterward."

He was met Saturday by some 100 persons including President Kennedy's youngest brother, Edward M. Kennedy, and a delegation from the Cape Cod branch of the National Association for the Advancement of Colored People.

Kennedy is a candidate for the Democratic nomination to the U.S. Senate.

The President; his father, Joseph P. Kennedy; and his brothers, Edward and Robert F., have summer homes at nearby Hyannis Port.

Matsus Shelled

TAIPEI, Formosa (AP)—The Chinese Communists shelled the Matsus Islands Sunday for the first time in almost 19 months, the Nationalist Defense Ministry reported.

The ministry said the Communists fired 22 rounds at the little islands at the northern end of the Formosa Strait.

It did not disclose whether the defenders replied to the attack, but the Nationalist policy has been to ignore minor shelling.

The ministry said the Communists also carried out one of their routine attacks on the Quemoy Islands, hitting them with 41 shells.

41,223 To U.S. For Farm Work

MEXICO CITY (AP)—Mexico says 41,223 men have gone to the United States this year to work as migrant field workers. An estimated 290,000 will go before Dec. 31.

The Ministry of Interior said 35,412 of the men had been processed through the bracero contracting center at Empalme, Sonora.

The others were divided about equally between the two other contracting stations in operation at Chihuahua and Monterrey.

Miss Nichols Is Honored At Tea

Miss Johnnie Lou Nichols, bride-elect of Jimmy Hollman, was honored with a bridal tea on Thursday evening in the home of Mrs. M. A. Lilly, Sand Springs. Hostesses to 33 guests were Mrs. Pete Thomas, Mrs. Walter Barbee, Mrs. Woodrow Robinson, Mrs. Darral Robinson, Mrs. J. B. Swann, Mrs. J. W. Wood, Mrs. Burrell Cramer, Mrs. Leo Reeves, Mrs. F. M. Holley, Mrs. T. O. Earnest, Mrs. W. W. Lepad and Mrs. Lilly.

The serving table, featuring the honoree's chosen bridal colors, was covered with white lace over green. Crystal appointments were used.

Miss Nichols was presented a corsage of white roses.

Senate Robbers Keep Mum On Interview With Estes

DALLAS (AP)—Senate investigators talked to Billie Sol Estes Sunday. They declined to say what the promoter of multi-million-dollar farm enterprises told them.

Donald O'Donnell, chief counsel for the Senate investigations subcommittee, and his assistant, Paul Kamerick, said on returning here Sunday night they interviewed Estes in Austin.

Newsmen had sought without success earlier in the day to contact the two men or to reach Estes, who is credited with influential government contacts prior to his indictment on fraud and theft charges.

Chairman John McClellan, D-Ark., of the Senate subcommittee told reporters Saturday while O'Donnell and Kamerick were flying to Texas that he believed Estes was ready to talk.

The subcommittee is looking into Estes operations involving millions of bushels of stored government grain and transfers of cotton allotments through land purchases.

O'Donnell was asked whether he considered the Estes interview fruitful.

"That is something we cannot talk about," he replied. "All we can say is that we have conferred with Estes at some length."

The two committee aides planned a return flight to Washington today.

O'Donnell said two lawyers for Estes, John Cofer of Austin and John Denison of Pecos, were present for the meeting. It was held at Cofer's office. Estes also was from Pecos in far West Texas, has been in Austin since last Wednesday conferring with Cofer.

Seven investigators for the subcommittee have made trips to Pecos for inquiries into Estes' affairs, O'Donnell said.

"This committee is not out to whitewash anybody," he said. "We have records available in all of these operations, and we have talked to scores of people involved in all phases of Estes' farflung businesses."

O'Donnell and his assistant arrived in Texas a day after Jerry R. Holleman resigned his \$20,000-a-year job as an assistant secretary of labor. Holleman, a Texas resident before he went to Washington, said he quit the post because he had taken \$1,000 from Estes as a personal gift to help pay living expenses.

Newsmen spotted Estes in an Austin coffee shop Saturday and sought his comment on Holleman's resignation. Estes ignored their presence.

Sen. McClellan said "sufficient facts have already been discovered to warrant the subcommittee in authorizing a full scale investigation and public hearings" on the Estes case.

O'Donnell said he had no idea when the hearings would start.

Four Tied For Medalist Spot

Four men were tied for medalist honors through Sunday as golfers continued to qualify for the City Tournament.

Bobby Rutherford, Paul Mosley, Bernard Rains and Jimmy Patterson each had posted a 73, and they may play another round to determine medalist honors.

Close behind were Jimmy Newsum and Charles Bailey with 74, while R. F. (Red) McCullah hung up a 75. Delnor Pass and Joe Peay posted a 78 and Greg Peay a 79.

Among other qualifying rounds posted were D. A. Mrs. Moore's Father Dies

Funeral services for H. J. Burnett, 92, Berryville, Ark., will be held Tuesday from a Beaver, Ark. church. Burial will be in Salem Cemetery, Seligman, Mo. The father of Mrs. O. C. Moore, Big Spring, Mrs. G. M. Lee, Boston, Mass., Mrs. J. R. Lewis, Sundown, and Mrs. J. B. Donaldson, Berryville, Ark. Mr. Burnett had made his home with Mrs. Donaldson for the past eight years.

Bridge Benefit Slated At YMCA

A Bridge benefit for YMCA World Service will be conducted at the Y from 2-4:30 p.m. Tuesday, according to Joe Leach, physical director.

Cover charge of \$1 for each person participating in the tournament will go toward helping spread the work of YMCA in all parts of the world through support of Y secretaries in many foreign countries. It will be held in the all-purpose room.

The High School Tri-Hi-Y and Hi-Y students are sponsoring the benefit.

Mrs. Petty Hires New Replacement

Pauline Petty, county clerk, was authorized by the County Commissioners court to employ Eulene Jones on a full time capacity as a deputy in her office. Her salary will be \$250 per month. The new deputy will replace Mrs. Margaret Cathryn Matthews, who is resigning as of today.

Miss Jones, the county clerk said, has been working in the office for about six months on a temporary assignment.

Three Girls Enter Queen Contest

Three queen contestants have entered the contest of the 1962 Big Spring Rodeo which starts May 30, according to Carroll Davidson, manager of the Chamber of Commerce.

Entrants are Lou Ann Hawkins, daughter of Dr. and Mrs. Elmer J. Hawkins, from Hamlin; Angel Blount, Midland; and a candidate from Baird who has not yet been selected.

Box seats for the rodeo have been selling slowly, with a total of 26 to 96 available taken. Last year there were 46 season boxes sold with several sold by nights for the rodeo. Ed Fisher is in charge of the reserved ticket sales.

Big Issues Roll Forth At Presbyterian Meeting

WINSTON-SALEM, N.C. (AP)—Big issues rolled to the fore today for the general assembly of the Presbyterian Church in the U.S. (Southern).

These include a proposal to withdraw from the National Council of Churches and another to decline to join other church bodies in exploratory talks looking toward union.

Dr. Edward Grant of Baton Rouge, La., new moderator of the general assembly, is a vice president of the National Council. The Southern Presbyterians have belonged to the council since its founding in 1950.

The emphasis was on worship Sunday. At an evening session, the Presbyterians were told of the need for pushing a \$2 million campaign for capital improvements.

The standing committee on interchurch relations voted 16-13 to recommend withdrawal from the National Council of Churches. It acted on overtures, or requests for action, from groups of churches in Mississippi and South Carolina.

The presbytery of Central Mississippi, and those of Enoree and Harmony in South Carolina, contended that the National Council does not represent the Presbyterian point of view. The Enoree overture said council leaders "have spoken on political issues claiming to have the Christian answer or solution when doubt and confusion exist among our adults and young people of the church and its related community on such issues."

Zoning Change Hearing Planned

A public hearing is scheduled for 5:15 p.m. Tuesday when the Planning and Zoning Commission considers a zone change for property between Elgin and Linda Lane and between East, Fourth and East Sixth streets.

Ward Hall, owner, has requested a change from IP-2 residential to MF—Multi-Family zoning to permit an apartment house. The property includes Lots seven through 19, Block 4, and all of Block 9 in the Hill Addition.

Hall said the property is not suitable for residential construction and he is considering a modern apartment building for the area.

A request will also be made for the extension of a zone for on-premises consumption of beer on property at the intersection of West Fourth and Douglas.

Youth Recovers From Cut Injuries

Don Ooker, 13, was reported doing well today following an accident Saturday which left him with several cuts on his face sustained when he fell through a plate glass window at the YMCA.

He was taken to the Howard County Foundation Hospital, treated for his injuries and released. The sutures will be taken out Tuesday and he is expected to return to school Wednesday.

Drilling Continues Its Rapid Pace

Exploratory drilling in the local eight county area continues at a rapid pace with two more projects staked on today's report.

In Garza County, Western American Oil Co., Midco Oil and Gas Co. and Magruder '61, Ltd. No. 1 Ruby S. Kirkpatrick has been staked as a 3,700-foot wildcat about seven miles southeast of Post. It is about three miles northwest of the Rocker "A" field and four miles southeast of the Garza field.

A. K. Guthrie, Big Spring, No. 1 Spruce is projected as a prospecter to 3,650 feet to test the San Andres in Glasscock County. It is a rank wildcat about 12 miles southeast of Stanton and is rigged on the north, east and south by shallow failures.

In Howard County, Texas Pacific No. 1 Spears continues to recover small amounts of new oil from the Canyon. It pumped 5 1/2 barrels of new oil in 24 hours.

Dawson

Shell No. 1 Cone is coring at 12,203 feet. It is C NW NW, section 98-M, EL&R survey.

Garza

Western American Oil Co., Midco Oil and Gas Co. and Magruder '61 Ltd No. 1 Ruby S. Kirkpatrick is contracted for 9,700 feet as an explorer about seven miles southeast of Post. It is about one-half mile northwest of a 3,396-foot failure plugged and abandoned in 1941. Location is C NW NW NW, section 942-97, H&C survey.

Glasscock

A. K. Guthrie, Big Spring, No. 1 Spruce, spotting C SE SE SE, section 19-35-28, T&P survey, is set for 3,650 feet to test the San Andres about 12 miles southeast of Stanton. It is three-fourths mile north of an 11,400-foot failure of 1954.

Sinclair No. 12 Boyd is drilling below 9,775 feet. Location is 1,980 feet from the south and 1,880 feet from the east—lines of section 9-36-35, T&P survey.

Texas National No. 1 Houston is running 10 1/2 inch casing to 1,172 feet, the total depth. This site is C NW NW, section 5-35-28, T&P survey, in the Gordon Street, South (Wolfcamp) field.

Howard

Humble No. 1-B Edwards is testing the San Andres through perforations between 2,068-92 feet. It swabbed 45 barrels of load and 70 barrels of water in 42 hours. The venture is C SE NW NE, section 44-30-15, T&P survey.

Texas Pacific No. 1 Hale is drilling in lime and shale below 4,305 feet after testing the upper Clear Fork, between 3-725-825 feet. Tool was open 2 1/2 hours and the operator recovered 700 feet of drilling mud. Location is C NE NW, section 32-30-19, T&P survey.

Texas Pacific No. 1 Spears is still testing the Canyon, between 7,890-909 feet. Return in 24 hours of pumping was 5 1/2 barrels of new oil. The site is C NE NE, section 31-30-19, T&P survey.

Mitchell

Shell No. 1 Scott is bottomed at 3,468 feet and the operator is preparing to make drillstem test number five. The well is now tight. This explorer spots C SW NE, section 7-17, SPLR survey.

Sterling

Champlin No. 2 Conger is drilling below 7,560 feet. The project spots C NW NW, section 7-21, H&C survey.

Roden No. 1-A Reed is drilling in dolomite below 2,142 feet. The operator cored between 1,725-66 feet and 1,766-861 feet but gave no description of the return. Location is C NW SW, section 9-90, W&NW survey.

Spanish, Greek Royalty Wed

ATHENS, Greece (AP)—Prince Juan Carlos of Spain and Princess Sophie of Greece were married today in two religious ceremonies as tens of thousands of Greeks cheered.

The dashing prince, groomed by Generalissimo Francisco Franco to occupy the long vacant Spanish throne, first married the daughter of Greece's rulers in his own faith at the Roman Catholic Cathedral of St. Denis.

They rode together through the streets to the royal palace, smiling and waving to the cheering throngs. Then they separated and were driven to the Greek Orthodox Cathedral for the Orthodox ceremony required by Greek law and Sophie's faith.

Pope John XXIII gave special approval of the Roman-Orthodox union after the princess pledged to bring up her children in her husband's faith.

Back From Russia

David Paul Johnson, 32, who found Russia did not offer the better life he sought, arrives at New York's Idlewild Airport with his family after a flight from London. With Johnson, a former Philadelphia railroad worker, are his wife, Joanne, and their twin sons, Cole and Lindsey, 4. Johnson spent a week in Russia before discovering, he told newsmen on arrival, that the Soviet Union is "an evil, bad thing."

Tower Says Blue Cross Paid Tab

HOUSTON, Tex. (AP) — Sen. John G. Tower, R-Tex., says Blue Cross paid his hotel and travel expenses for a trip to Austin, Tex., to speak against President Kennedy's medical care for the aged plan.

Tower, in Houston for a similar speech, said his secretary handled the details but he assumed Blue Cross, a health insurance company, is paying his expenses here.

Largest Solid Fuel Rocket Test Successful

REDLANDS, Calif. (AP)—The largest solid fuel rocket engine ever built by the United States is considered a success by officials.

It contains many features to be used in future moon rockets. The engine—called an applied research motor—burned out its capacity of 160,000 pounds of solid propellant in 130 seconds with a mighty roar of flames in a test Saturday.

Lockheed Propulsion Co., builder of the engine, said it was capable of producing 400,000 pounds of thrust.

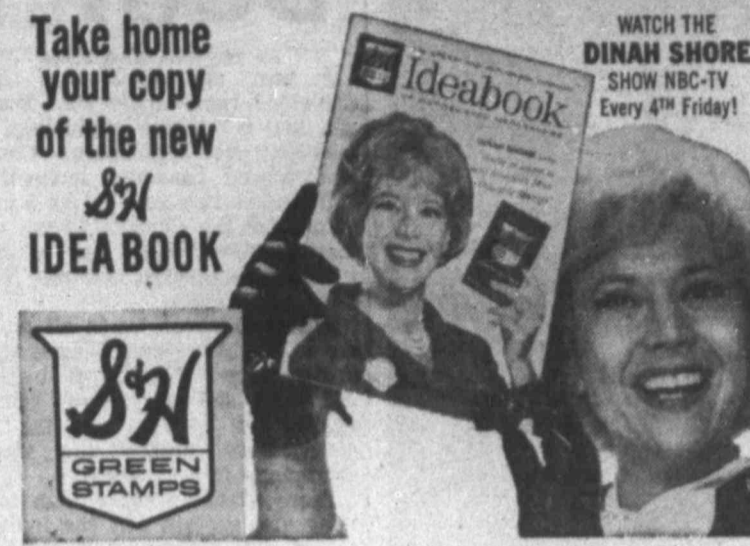

GOP Holds Its First Convention

LAMESA (SC) — The Dawson County Republicans named state convention delegates during its first county convention here Saturday. No resolutions were offered.

The local group, authorized three delegates, selected six, giving each one-half of a vote. They were unopposed, except to vote as a majority.

Delegates named were Vernon (Hap) Bratcher, Frank Liddell, D. L. Adcock Jr., Rex Dunn, Gene Dean and Skeet Noret.

DEAR ABBY

You Aren't Listening!

DEAR ABBY: I am married to a heel. I have been to see an attorney, and he in turn sent me to a priest. So far I have been to four priests with no solution in sight. Isn't there someone else besides a priest who could give me counsel?

HOLY MESS

DEAR MESS: If your really wanted "counsel," a combination of four priests could certainly provide it. Maybe you're not listening. Try a marriage counselor.

DEAR ABBY: Can you offer any suggestions on how a respectable young woman can become acquainted with a gentleman who has lived on her street for many years but whom she has never met? I live at home with my family and he lives nearby. He lives alone and I don't think he is interested in anyone else because he is home almost every evening and on weekends. I see his light burning. He is very conservative and on the shy side and so am I.

SHY AND LONELY

DEAR SHY: Unless you want to be forever "lonely" you had better use a little ingenuity. Put the "good neighbor policy" into action. Ask a good neighbor to arrange a small neighborhood get-together, and be sure to include your shy friend. Perhaps he is not

too. He added that paying expenses for speaking engagements is a common practice, and said he was not paid for his speech.

"You can be sure that when the big Medicare rally is held here Saturday somebody will be paying Sen. Clinton P. Anderson's expenses," Tower said.

Anderson, D-N.M., is to address a state convention of the National Council of Senior Citizens. He is sponsor of the administration health bill, which would place medical assistance for the aged under Social Security.

Tower, speaking to the Texas Hospital Association here, said the medical care issue "is only a part of the whole scheme of issues to reduce the people to a state of subordination and dependence on the federal government."

J. Milton Ramsour, president of the Council on Hospital Medical Plans, said Tower was invited to Houston by W. R. McBee, Texas director of Club Cross.

McBee was not available for comment.

Tower told about 500 persons that the medical care issue "is only a part of the whole scheme of issues . . . to reduce the people to a state of subordination and dependence on the federal government."

Even if the bill fails, he said, "you can't breathe easily because the welfare state notion has been advanced and has been accepted by many people."

Protesters To Sail To Test Area

SAN FRANCISCO (AP) — The three-man crew of the three-hulled sailboat Everman say the vessel will sail May 22 into the South Pacific to protest current U.S. nuclear atmospheric tests.

The 30-foot trimaran, launched in Sausalito Harbor Friday, was scheduled to sail Sunday but outfitting problems forced postponement.

for you at all. But at least you'll know.

DEAR ABBY: Will you tell me if it is proper to bring an "escort" to a wedding? I am being married soon, and many of my friends have told me that if they can't bring their own "escorts" they are not coming. I have invited about 16 of my girl friends to my wedding and reception and I cannot afford to let each bring an escort. What should I do?

UPSET BRIDE-TO-BE

DEAR UPSET: An engaged guest may request permission to bring her "intended" to a wedding. But not any old "escort."

CONFIDENTIAL TO "WILLING TO WAIT": Don't be a fool. His wife has the respectability of being his "Mrs." She also has all the legal protection, plus the "children whom he adores." All YOU have is his "word," which you surely know is not worth very much. Surrender, dear.

How's the world treating you? For a personal, unpublished reply, send a self-addressed, stamped envelope to ABBY, care of the Big Spring Herald.

For Abby's booklet, "How To Have A Lovely Wedding," send 50 cents to ABBY, Box 3365, Beverly Hills, Calif.

Palmer, Pott Squared Off

FORT WORTH, Tex. (AP)—Faltering Arnold Palmer and youthful Johnny Pott set out today to square a little matter of \$7,000 and the championship of the \$40,000 National Invitation Golf Tournament.

Palmer, in one of his rare golfing lapses, necessitated an 18-hole playoff when he bogied two of the last three holes Sunday and missed a 12-foot birdie putt on No. 18 that would have given him his sixth current title.

The muscular Pennsylvanian soared to a 76 in the final round of the tournament and enabled Pott, with a one-under-par 69, to move from seven strokes back into a tie at 281.

An all-time record crowd of 16,000 watched Palmer sail his approach shot on No. 18 to within a dozen feet of the cup. Pott viewed the activity from the clubhouse balcony and said:

"I could think of a lot of people I'd rather have shooting at it than Palmer."

But the putt rolled to the edge of the cup and died, and Pott, looking somewhat stunned, got another chance to pocket the \$7,000. The runner-up gets \$3,500.

Even more woeful than Palmer was Bruce Crampton, an easy-going Australian, who should get the hard-luck trophy of the 17th annual event.

Crampton, trailing Palmer by three strokes as the final round began, was even par through 71 holes and could have won his first title this year by paring the 18th. But he slammed his second shot into the water on the left side of the green and was tagged with a penalty stroke. He put his fourth shot five feet from the hole, then missed the putt that would have given him a tie.

The double-bogey six, his sec-

ond at 18 in two days, gave him a 74 and third place at 282, two over par. He paid \$2,500.

Former national amateur champ Jack Nicklaus, who has finished in the money 15 of the 16 times he's played as a professional, trimmed one stroke from par for a 69, a 284 total, fourth place and \$2,000.

Defending champion Doug Sanders and Gary Player, who blew his title aspirations with a dismal 78, finished at 286 for \$1,350.

LOOKING EM' OVER

By TOMMY HART

A lame duck coach who has already brought glory to his school is Ken Kearns, the Colorado City High School baseball mentor. Whatever happens from here on to the end of the campaign will be so much velvet, as far as the Wolf fans are concerned. He's already produced a 3-AAA Champion for them.

KEARNS

The one-time University of Arkansas basketball star submitted his resignation to the superintendent of schools some time ago. He's not mad at anyone. His relations with other members of the staff and others on the Cee City faculty have been good.

He hopes to land a job somewhere as a head coach, however, preferably near a city with a senior college. Mrs. Kearns wants to complete work on her degree.

Kearns, who sends his Wolves out against Mineral Wells in bi-district competition tomorrow in Mineral Wells, is completing his third season on the CC coaching staff. He has 12 years of coaching behind him.

He started at Sanger, was later an aide at Denison and held head coaching jobs at Ft. Worth (where he developed a champion in football) and Northwest High, a consolidated school at Justin.

Kearns, a native of Denton, is one of a family of four brothers and two sisters. One of his brothers is Dr. James K. Kearns, who resigned a job as superintendent of schools at Nacogoches recently to take a job with the State Department in Nigeria.

Another brother, J. D., is city engineer in Denton. Both of his sisters teach school, one in Midland and the other in Fort Worth. His widowed mother now resides in Midland.

Ken reasons Cee City will be tough in baseball again next spring. This year's club has only four seniors on it. One of those, however, is the great Steve Hillhouse, the unbegun left-handed hurler. Pitchers like him don't come along every year.

The other seniors on the CC team are Mike Andrews, the first baseman; rightfielder Jim Womack (who leads off the batting order for the Wolves); and Roger Richards, the left fielder.

Charley Houston, the Wolves' splendid catcher who is also quite a football player, returns next spring. He should have the pro scouts camping on his doorstep by then.

Andrews High School, which used to open its football campaign each fall against Big Spring, will launch 1962 play with Snyder — which traditionally faces Big Spring in its second game each fall.

When Mose Simms staged his All-America High School football game in Fort Lauderdale last year, the Touchdown Club of that city reportedly took a financial bath. Some estimated the organization's loss at \$500. Fort Lauderdale High School never did get paid for the use of its portable seats, either.

The cagey Simms makes sure he can't lose in any sports venture he plans, and he's carried out a lot of them.

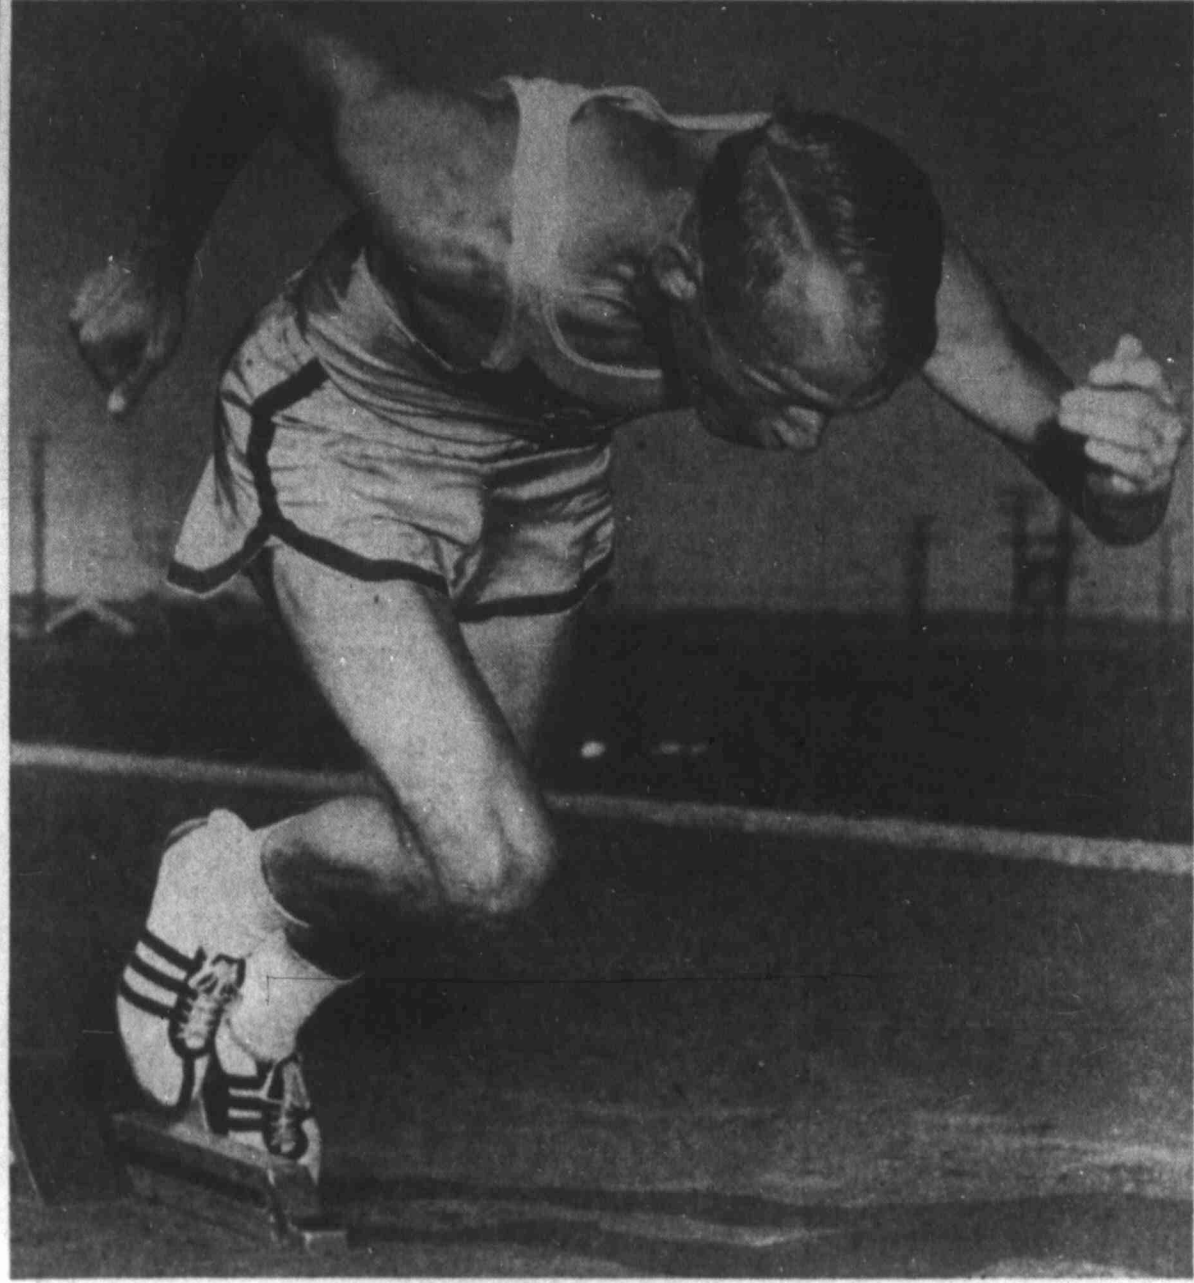

The editor of the Texas Coach magazine, in a recent publication, said that Simms' brainchild, the Wigwam Wisemen of America, exists entirely, as far as he knew, for the benefit of the promoter.

Mose, who used to live in Abilene, has practically assured himself a profit in this year's All-America game, however. He'll stage it later this month in Dallas and has lured Doak Walker as one of his coaches.

The Texas Interscholastic League, with the blessing and the backing of the National Federation of High Schools, scorns Simms' promotions. The NCAA, nudged on the matter by influential people, threatened to penalize any high school graduate playing in the game by charging them with a year's eligibility in sports.

Simms got around that, however, by booking this year's attraction before school ends. No boy who plays in the game will take part in graduation exercises until after the contest.

The NCAA is apt to put more teeth in the regulation and leave Simms permanently out in the cold before next spring.

Hawk Bids For Sprint Crown

Dean Cheatham, shown coming off the blocks, is rated as Howard County Junior College's best bet to bid for the sprint championships in the National Junior College Track Meet here this weekend. He has been clocked in the 100-yard

dash in 9.4 and the 220-yard dash in 20.9. Herman Robinson, another HCCJ sprinter, has been hurt but could be in sufficiently good shape to also be a threat in these events.

Cincy Manager Compares Vada Pinson With Willie Mays

By The Associated Press

"Anything Willie Mays can do, Vada Pinson can do as well."

That's Cincinnati Manager Fred Hutchinson on the subject of two dazzling National League center fielders, his own Pinson and wondrous Willie of the San Francisco Giants.

Vada had another productive afternoon Sunday with his 11th homer and a triple as the Reds won their fourth in a row, beating Pittsburgh's faltering Pirates 6-4. Cincinnati's unbeaten Bob Purkey became a six-game winner with able relief.

Meanwhile, even with Mays continuing his slump with an 0-for-5 performance, the Giants had little trouble romping over Houston 7-2 and holding onto their four-game lead.

Elsewhere in the NL, Los Angeles leap-frogged over St. Louis into second place, edging the Cardinals 4-3; Chicago eased out of the cellar in a doubleheader sweep over Philadelphia, 8-7 and 8-5 with reliever Barney Schultz winning both games; and Milwaukee dumped New York into last, trimming the Mets 3-2.

Pinson took over the major league leadership in home runs when he socked No. 11 against loser Bob Friend (4-3) in the first inning. Then, after a three-run homer by Jim Marshall helped crushed the Pirates in front 4-1 in the third, Vada tripled in one run in the bottom of the inning and rode in on Frank Robinson's homer.

The loss went to winless Ken Johnson, now 9-5.

The Dodgers regained second by cashing in all four of their bats in the eighth, aided by Ken Boyer's throwing error. Held hitless by Larry Jackson (3-4) for five innings and behind 2-0 after seven, the Dodgers drew even on Larry Burright's double, a walk, and Boyer's bad throw on a sacrifice attempt.

Tommy Davis singled across the go-ahead run and John Roseboro's fly brought in the clincher. The Cards kicked up for one run in the ninth, when the Dodgers used three pitchers to stem the rally. Los Angeles starter Johnny Podres (3-2) was the winner.

Schultz (3-1), a workhorse who's now pitched in eight straight Cub games, went a total of 41-3 in innings for his two victories. The Cubs amassed 23 hits, all told, 13 of them extra bases, including two homers by George Altman, and one each by Ernie Banks, Billy Williams, Lou Brock and Ken Hubbs. The Phils weren't far behind with 22 hits, getting homers from Billy Klaus, Ted Savage and Tony Taylor. Jack Baldschon (1-3) and Chris Short (1-2) were the losing pitchers in the see-saw doubleheader.

Frank Bowling's two-run homer in the eighth powered the Braves over the Mets as Cecil Butler (2-0) threw a six-hitter in his first big league start. Roy McMillan also homered against Jay Hook (2-2).

C-City, Lamesa And Snyder Dominate 3-AAA Choices

LAMESA (SC) — Lamesa and Snyder each landed four players on the 1962 all-district 3-AAA baseball squad with the champion Colorado Wolves claiming the only two unanimous choices.

Steve Hillhouse and teammate Jim Womack were the only two unanimous selections, made by coaches and sports writers in the four district cities.

Three of the Lamesans named to the first team — Donnie Lybrand, James Woods and Aubrey Cox — were repeaters from the 1961 squad. John Martin, Lamesa, was the other starter selected from the Golden Tornado squad.

Colorado City's other first team member was Hillhouses' battery-mate, Charles Houston.

The teams: Charles Houston and Bob Smith, Snyder, tied for catcher; Woods, first base; Martin, second base; Spencer Dyer, Snyder, third base; Steve Free, Snyder, shortstop; Womack, Cox, Jerry Franks, outfielders; Lybrand and Hillhouse, pitchers.

The second team: Woody Scott, Lamesa, catcher; Kenny Wellborn, Snyder, first base; Robert Holman, Lamesa, third base; Billy Williams, Lou Brock and Ken Hubbs, The Phils weren't far behind with 22 hits, getting homers from Billy Klaus, Ted Savage and Tony Taylor. Jack Baldschon (1-3) and Chris Short (1-2) were the losing pitchers in the see-saw doubleheader.

Cleveland Leading, Beat Yankees Twice

By The Associated Press

A year ago hand-picked Cleveland right-hander Dick Donovan had a pitching percentage of zero (0-5 for Washington), Cleveland second baseman Jerry Kindall was batting zero (0 for 5 in 7 games for the Chicago Cubs) and the Cleveland team had a zero winning percentage against New York (0-2).

Today, Donovan leads all pitchers in the American League with a 6-0 record, Kindall is batting .277 but .364 in seven games against the Yankees and the Indians have beaten the world champions five of seven.

These statistics more than anything else explain why the Indians are in first place, a half game in front of the Yankees who they whipped in both ends of a Sunday doubleheader 6-4 and 8-5.

With only a little more than a month of the season gone, the Indians, under freshman manager Mel McGaha, already have beaten the Yankees more times than they did all last year under manager Jimmy Dykes. In 1961 when the Indians finished fifth, 30½ games behind the Yankees, they won only 4 of 18 from New York.

Minnesota, vying with Cleveland for the No. 1 surprise in the American League, clung to third place, only ½ game off the pace, crushing Kansas City 10-3, Chicago's fourth-place White Sox outslugged Los Angeles 15-6, Baltimore nipped Washington 3-2 and Detroit edged Boston 6-5.

The Indians pounded Whitey Ford and four more New York pitchers for two dozen hits, including four home runs. Catcher Johnny Romano had a three-run homer in the first inning of the first game contributing largely to Ford's second defeat of the season. Kindall also had a three-run homer. His came in the fourth inning of the second game, off rookie Jim Bouton.

Cleveland added one more run in the fifth and three in the sixth to go ahead 7-5. Rookie outfielder Ty Cline's single tied the score and Chuck Essegian followed with a two-run single off loser Roland Sheldon.

Donovan's sixth straight victory came in the opener by way of a five-hitter. Barry Latman, in relief, was credited with the second game triumph.

Veteran Vic Power and rookies Bernie Allen and Joe Bonikowski teamed up to bring Minnesota their 11th victory in the last 15 starts. Power drove in five runs with a grand slam homer and a single. Allen boosted his average 29 points to .366 with four hits, including two doubles and his fifth home run. The right-handed Bonikowski, in his first major league start, went the distance for his third victory in four decisions.

The White Sox sent 12 men to bat in the eighth inning, scored seven runs and broke a 5-5 tie with the Angels. Mike Hershberger had two singles in the first inning and Floyd Robinson drove in two runs with a fielder's choice.

Dick Brown and Dick McAuliffe got all Detroit hits (4) and drove in all the team's runs (6) in the Tigers' one-run victory over Boston. Brown had two home runs and a single and drove in three

runs. McAuliffe also batted in three runs, with a triple after loser Galen Cisco had filled the bases with walks.

A disputed ninth inning home run by Earl Robinson snapped a 2-2 tie and brought victory to Baltimore over Washington. The ball hugged the left field foul line and was ruled fair by third base umpire John Flaherty over the objections of the Washington team.

Jimmy Piersall, who had hit a two-run homer for Washington earlier, had to be restrained. He tried to climb the fence in left field to see if the ball had fallen behind a triangular section of Baltimore's Memorial Stadium fence, which lies in foul territory.

Track Readied For Nat'l Juco Meet

The track at Memorial Stadium is being put in top condition in anticipation of the exciting National Junior College Track tournament here this weekend.

Similarly, the squad of the host Howard County Junior College team is rounding into top condition, too, with a couple of exceptions. Don Carter, member of all of the three relay events, is limping a bit but his coach, L. L. (Red) Lewis, is hopeful that he will be back in good form by Friday evening when the opening round is held.

Herman Robinson, one of the top sprinters in junior college circles all last season, is coming around, but an early season pulled groin muscle has dulled his form somewhat. He's been picking up speed in recent meets. Meanwhile, Dean Chatham has rounded into a remarkably competent sprinter and may be the man to beat in the National Juco meet.

Lewis said that it was possible some more entries could arrive today. Already more than 200 of the top junior college athletes in 11 states are entered in the 17 events.

Teams will begin arriving Thursday and some may have light workouts Friday prior to meet time.

The track has been disced and is now being wet and rolled daily so that by Friday it should be in top condition. Similarly, the field turf is in good shape for the javelin throw and warmups, and the jumping and vaulting pits are in near perfect shape.

Tickets for the track meet, one of the largest and most exciting in this region, are on sale for \$1.50 for the two preliminary and final events. Student tickets are only \$1 each.

Lamesa Selected As API Golf Site

LAMESA (SC) — Lamesa has been named as the September site of the annual South Plains API Golf Tournament, it was announced here Saturday in a joint release from the Lamesa Chamber of Commerce and the Country Club.

The South Plains Chapter of American Petroleum Institute awarded the tournament to Lamesa this week in a Levelland chapter meeting.

Lamesa won out over bids from Brownfield and Levelland.

The API tourney is held for the sole purpose of raising funds for scholarships. The chapter awards two each year at Texas Tech. The competition will be open to all members of the API.

Games End In Scoreless Ties

Here's one for the books, Charley's Package Store of Big Spring and Matlock Furniture of Midland played 15 innings here in two games Saturday evening without a score. Both standard 7-inning first game and the 8-inning nightcap went into the records as 0-0.

Cotton Mize chunked a no-hitter at the visitors in the opener, allowing but four men to get on base, two of them by walks and two on errors. Gross, Black and Arambach each got hits for Charley's, but could never get around.

In the second game, each side got three hits. Pardo got all of Charley's hits. Matlock's had seven stranded. Neither side seriously threatened in the extra inning.

Last Rites For Border Conference

TEMPE, Ariz. (AP)—The 30-year-old Border Conference is no more.

Faculty representatives of New Mexico State, West Texas State, Hardin-Simmons, Texas Western and Arizona State met here to say last rites for the storied circuit.

"Since the spring sports meet already had been cancelled, there wasn't anything to do but shake hands and mourn its passing," said Clyde Smith, Arizona State athletic director.

Houston Loses 7-2 To Giants

HOUSTON (AP)—San Francisco's front-running Giants got loose with a four-run sixth inning and coasted in over the Houston Colts 7-2 Sunday behind the six-hit pitching of Jack Sanford.

The victory increased the Giants' National League lead to four full games, with Los Angeles in second by one length over St. Louis after the Dodgers' 4-3 decision over the Cardinals.

San Francisco broke a scoreless tie against winless Ken Johnson in the fifth on a walk and singles by Jim Davenport and Tom Haller, then built the lead to 5-0 in the sixth in a burst capped by Jose Pagan's two-run homer.

Davenport doubled in a run in the eighth and Orlando Cepeda, who had three Giant hits, brought home another with a double in the ninth.

Sanford, now 4-2, shut out the Colts on three singles until the last of the ninth, when Roman Mejias' two-out double knocked in the first Houston run and Norm Larker's single chased in the other. The Colts got their futile rally started when pinch hitter Al Spangler walked and Pidge Browne followed with a pinch single.

San Francisco broke a scoreless tie against winless Ken Johnson in the fifth on a walk and singles by Jim Davenport and Tom Haller, then built the lead to 5-0 in the sixth in a burst capped by Jose Pagan's two-run homer.

Local Drag Racers Win

Four drivers from Big Spring came back with trophies from the drag race held at Wall, southeast of San Angelo, Sunday.

Franklin Kirby won in the C altered class, Jan Tally in the K stock, and Travis Anderson in L stock. All are members of the Aces Auto Club. In addition, Jimmy Johnson from Webb AFB won in a sports car class.

This weekend local drivers will take part in the drag race sponsored by the Abilene Jaycees at the Ty drag strip.

On May 26, drivers from Big Spring plan to race seven cars in the special Texas-California "grudge" matches at Amarillo.

Church League

Three games are on tap in the YMCA Church Softball League this evening. The College Baptist and East Fourth Baptist teams will meet at 6:30 p.m., Forsan Baptist and First Baptist at 8 p.m., and West Side Baptist and Temple Baptist at 9:30 p.m. Play in this league is held to one evening a week.

New Tractor
This new tilt-cab truck tractor purchased recently by Byron's Storage and Transfer Co. is the only one of its kind in operation locally. Byron Neel states that the new type cab is the easiest riding, providing more safety features for drivers. Byron's staff provides extra safety, too, for house-

Nalley-Pickle Offers Dedication To Service

The Nalley - Pickle Funeral Home, established in 1937 and dedicated to providing the best equipment and service available in the profession, does not rest on the enviable reputation it has made. On the contrary, a number of improvements have been made at the establishment and new services offered to the families of Howard County. As licensed funeral directors and embalmers, Gay Nalley and J. C. Pickle keep abreast of the latest approved techniques used in the profession through their membership in the "National Selected Morticians." Being world-wide in scope, the group's publications

Important Work
Arthur "Clem" Danielson, research chemist who discovered CVC's practical use in tires, demonstrates in a laboratory jar just how CVC fuses together under heat. Added to tires, it forms a chemical interlock between the parts of a tire, resulting in a bond as strong as rubber itself. U. S. Rubber believes that CVC is one of the most important contributions to high speed driving safety since the advent of the tubeless tire. The company is now using the chemical compound in passenger car, truck and off-the-road tire lines, which you may inspect at Phillips Tire Co., 311 Johnson.

Service Department Is Highlighted By Ward's

Being high-lighted at the local Montgomery - Ward store this month is the service department. Ward's policy has always been to service what they sell, promptly, efficiently and courteously but not everyone knows that they also give the same attention to brands of appliances not their own. Any major appliance, TV, lawn mower, etc. is an expensive investment which should be given the best care and prompt repair. Ward's servicemen are trained to put back in operation any of these things no matter what brand name. Wards would like to acquaint everyone with their repair service policy. This is how it reads in part: "We pledge to the purchaser of every electrical or mechanical product: 1. Guarantee equal to those of leading manufacturers. 2. Prompt, dependable repairs when you need them. 3. Expert service at a fair price

Wallace Has Super Camera For Best Work

The Bette Electronic camera featured at Wallace Studios, 610 Permian Building, practically eliminates worrying about blurred pictures when small children move just as the shutter is snapped. The camera stops action in the middle of a move - any motion, in fact, up to 1-10,000 of a second. This assures good, clear pictures every time, especially with restless youngsters or tired toddlers who are anxious to get back home. Wallace Studio is part of a chain that primarily operates in Texas. Exceptions are the studios in Albuquerque, N. M., New Orleans, La., and Phoenix, Ariz. Begun in 1939 in San Angelo, the business has steadily expanded as its reputation for fine portraits spread through the West. The firm specializes in portraits, emphasizing the Silverstone finish and detailed oil portrait work. Your picture can be the most precious gift in the world to a loved one. Plan now to make the most special present you give a portrait by Wallace. Simply stop by the Permian Building studio or call for an appointment.

He entered the Navy through the local recruiting station in November, 1961.

Candidates Afield Again

By The Associated Press

It was back to the campaign trail Monday for Texas candidates in the June 2 runoff after a weekend of rest and visits at home on mother's day.

John Connally, who led the field in the May 5 democratic primary for the gubernatorial nomination, was due back in his Fort Worth headquarters for staff conferences after a Laredo visit.

Connally planned to spend Wednesday in Dallas and then start a three-day "whistle stop" rail tour from Texarkana to El Paso. It calls for 15 stops Thursday, the first day of the tour.

Don Yarborough, who opposes Connally, flew from Houston to San Angelo Sunday to start a West Texas airport tour.

The Houston lawyer told San Angelo supporters that the "71 per cent of the vote cast against my opponent means that part of the public is opposed to big spending...and an Eastern-dominated campaign."

Yarborough scheduled airport stops Monday at Fort Stockton, Midland, Big Spring, Snyder, Sweetwater, Abilene and Wichita Falls.

In the Democratic runoff for attorney general, Waggoner Carr campaigned in Houston Monday.

Preston Smith, a democratic candidate for lieutenant governor, was in Lubbock, his home town, for a barbecue and rally Monday.

Weekend Death Toll Down To 19

By The Associated Press

The weekend violent death toll in Texas dropped to 19.

Traffic took seven lives. Four persons drowned. The Associated Press tabulation started at 6 p.m. Friday and ended at midnight Sunday.

Arrive For Conference

Secretary of State Dean Rusk and other State Department officials arrive at the White House in Washington, D.C., to confer with President Kennedy on the situation in Southeast Asia. From left are: Rusk; Undersecretary of State George

Ball, and Assistant Secretary of State for Far Eastern Affairs W. Averell Harriman. Diplomatic and military policy makers attended the conference, reportedly to discuss moves to strengthen the United States military position in the area.

Kennedy, Critics Disagree On Needed Economic Moves

WASHINGTON (AP)—President Kennedy and his Republican critics agree the American economy isn't moving along fast enough. But they showed in weekend statements that they disagree sharply on what to do about it. Kennedy, outlining his approach at a Democratic rally in Milwaukee, called for congressional action on several bills in his legislative program. These include measures to provide jobs for young people, to finance medical care for the elderly by Social Security taxes, to aid higher educational institutions and to assist the farmers. Kennedy defined these as test measures of the issue "Between those who feel we should stand still and those who feel we should move ahead."

Dirksen had Halleck contended that Kennedy's fiscal policies, which they said had led New Frontier economists to predict a \$100-billion budget in a year or two, have slowed down rather than accelerated business recovery. The two GOP leaders said that by increasing federal spending Kennedy has made any tax cut "utterly hopeless." They linked the spending rise to what they said were the President's "strenuous efforts" to gain more executive power. They added, "it is not a coincidence that the cost of government goes up in direct proportion to the demands for more presidential

authority—in fact the first is the product of the second. "Certainly Republicans, mindful of the importance of solvency in government and proper restraints on the power of the executive branch, must take these issues to the American people in this election year."

Laos At A Glance

By The Associated Press
WASHINGTON — U.S. forces placed on alert throughout United States and Pacific areas as U.S. authorities await permission to land Marines in Thailand; next door to embattled Laos.
VIENTIANE — U.S. diplomats strive to bring warring factions in Laos to conference table, but Southeast Asian kingdom's rival princes at odds on conditions for resuming peace talks; Prince Bou Oum and Gen. Phoumi Nosavan continue Asian tour despite Communist threat to their government.
BANGKOK—Gen. Paul D. Harkins, chief of U.S. military advisory force in South Viet Nam, flies to Bangkok to confer with Thai officials on crisis. U.S. military sources deny report that American combat unit has been sent to northern Thai border to guard against Red infiltration from Laos. Airlift begins flying refugee Laotian troops back to Vientiane.
GENEVA — Speculation grows that 14-nation Laos peace conference may be called back into session to deal with crisis.
PARIS—Neutralist Prince Souvanna Phouma agrees to royal government appeal to return for peace talks—provided preliminary agreement is drawn up with his aides in meeting at rebel headquarters. Vientiane government shows no indication of agreeing.
KHANG KHAY — Leaders of Prince Souphanouvong's pro-Communist Pathet Lao warn Prince Bou Oum's royalist government that talks to set up a coalition had better start soon.
LUANG PRABANG—Royal capital lies exposed and sleepy in path of rebels, but no sign yet of Pathet Lao attack.

McNamara Returns

Secretary of Defense Robert S. McNamara, right, is interviewed at Andrew Air Force Base, Md., near Washington, on his return from a trip which included a visit to South Viet Nam. McNamara said, "the South Vietnamese face a long war, not of months, but of years." At left is Gen. Lyman L. Lemnitzer, chairman of the Joint Chiefs of Staff, who made the trip with McNamara.

Choir, Band To Present Concert

Sixth grade choir students of local public schools will present their first en masse performance Monday night at the High School auditorium. They will be joined by the High School band, which will be making its final concert appearance of this school year. The groups will perform individually and together at 7:30 p.m. There is no admission and the public is invited. Classes taught by Mrs. Mary Christensen, Mrs. Joyce Bradley, Mrs. Mildred Meacham and Mrs. Donna Wiehs have been practicing the numbers separately and will be combined for the performance into a group. They will render six numbers. The High School band will present the "Aguero" march, the "Bombasto" march, "His Honor" march, a short variety number from "Magnificent Seven" and selections from the musical play "Gypsy." In combination, the band and choir will present "In The Place" and "America The Beautiful."

Real Mother's Day; She Will Graduate With Son

DOVER, Tenn. (AP) — She's Margie to most of her high school classmates and teachers. But to one senior who will get his diploma with her next Friday, she's mom. It was an especially joyful Mothers Day for Margie Page as she walked beside her son Cecil Sunday in the school's baccalaureate procession. "I was determined I would start and finish with my son," she said. "It was an ambition born of necessity. Her husband, S. S. Page, was disabled in 1951, and bread-winning chores fell to Margie, 33, mother of two and a grandmother. She had completed the eighth grade as a young girl. When Cecil entered high school, she decided she might as well join him, despite the fact most of Cecil's teachers were of her own generation. At first she operated a restaurant in the morning and attended classes in the afternoon. Later she

gave up the restaurant and now does clerical work in the county highway department office at Dover. "She has received no special consideration," says Principal Van Riggins, "except that we have permitted her to employ a private teacher to make up for the time she misses by attending classes part time. Both she and Cecil are above-average students." Classmates treat her like one of the gang, Margie says, and teachers do the same. She recalls with amusement a reprimand she received for chewing gum in teacher Jack Whaley's class. "Margie," Whaley later confided to her, "I've been itching to do that." Cecil says it seemed perfectly natural to attend classes with his mother. "I didn't think anything about it until somebody mentioned it to me," he says. "You would expect

a lot of kidding but there wasn't any." Margie danced with her son at the senior prom, which she attended in the dual role of chaperon and pupil. Margie's husband and married daughter will be in the audience when she and her son again walk side by side down the aisle. Her two grandchildren will be there, too.

8 Persons Die In 2-Car Crash

CAMP PENDLETON, Calif. (AP)—Eight persons were killed and four injured Sunday in a two-car crash on this sprawling Marine base. Four of the dead were children, spokesmen said. They withheld names until notification of kin.

Science Shrinks Piles New Way Without Surgery Stops Itch—Relieves Pain

New York, N. Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain — without surgery. In case after case, while gently relieving pain, actual reduction (shrinkage) took place. Most amazing of all—results were so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!" The secret is a new healing substance (Bio-Dyne®)—discovery of a world-famous research institute. This substance is now available in suppository or ointment form under the name Preparation 22®. At all drug counters.

Good Day's Work

New York Fireman Forrest Blount Jr. holds two-year-old Alphonso Harris after rescuing him, two other children, and Mrs. Lucy Webb, 59, from a fourth-floor window ledge of a burning apartment building. Firemen lowered Blount on a rope from the roof to the window and he made two trips to rescue the woman and three children.

Farm Conditions Growing Better

COLLEGE STATION (AP) — Growing conditions in Texas during the past week were generally favorable. Crops and ranges improved.

John Hutchison, director of the Texas Agricultural Extension Service, said the largest areas needing rain are in far West Texas and northwestern sections. Spots in other sections have also failed to receive recent widespread and very beneficial rains.

The improved ranges bettered the condition of livestock. Planting and replanting of major crops progressed as fields dried and warmer days brought soil temperatures to their highest levels of the season.

Showers were fairly general over much of the Rio Grande Valley. Cotton and grain sorghum

are looking good. Ranges are making excellent growth but some ranchmen are still feeding.

Moisture is adequate in South Central Texas except in the southwest corner. Cotton planting is near completion and cotton and corn are making good growth. Livestock improved.

Moisture is ample but cotton growth has been slowed in the upper Gulf Coast area by the cool nights. Farmers were weeding and applying insecticides. Corn is waist high; sorghum and rice are looking good; cattle and pastures are improving.

Moisture is adequate to surplus in East Texas where corn and gardens look good. Pastures are near average.

Soil moisture is adequate in Central Texas and corn and sorghum are making good growth. Cotton is still being planted. Some is large enough for insect control measures. Pastures are in good condition.

Moisture is adequate in Central West Texas except for the counties surrounding Tom Green County. Over half of the sorghum is planted in the counties with adequate moisture and cotton planting is also well along. Small grain is maturing but the crop is expected to be very short. Pastures are in good condition.

Moisture is adequate and grains are maturing in North Central Texas. Some cotton is not yet planted. Corn and sorghums are making good growth. Pastures are providing good grazing.

Moisture is adequate in 14 counties and short in 8 in the Rolling Plains (Vernon) area and farmers are busy planting cotton and sorghums.

Showers hit the South Plains (Lubbock) but failed to provide the moisture needed in the dryland areas. Up to 90 per cent of the cotton is planted in some irrigated counties but dryland planting is limited to a small acreage. Sorghum is being planted on irrigated land.

Moisture is short usually in the Panhandle. Most wheat is heading. Cotton planting is on in the southwestern counties. Ranges need rain.

Village Radios For S. Viet Nam

WASHINGTON (AP) — The Agency for International Development plans a five-fold increase in the number of radio receivers to be provided South Viet Nam. The stepped up program will provide about 250,000 in the next 12 months.

An official said the program originally called for 50,000, with 20,000 to be paid for by the South Viet Nam government and 30,000 by the agency. The additional 200,000 will be paid for by U.S. aid funds.

The radios will be given or sold to civilians to provide closer ties between villagers and the central government in Saigon.

Telephone Rate Increase Voted

LAMESA (SC) — A slight increase in the rates for residential telephone extensions appeared likely for Lamesa subscribers in the near future following a special meeting of the city council Friday.

Wayne King, Lamesa, district manager of General Telephone Co., asked for a 25-cent a month

hike on residential extensions only. He indicated the increase would not affect homes where only one phone is installed or in local businesses.

He also asked permission to simplify billing procedures for about 40 subscribers of key-system (6-button) installations, but indicated the change would have no material effect in monthly charges. The council indicated it would approve the requests on first of three readings at its next regular meeting on May 21.

Survivors include Mrs. Glenn Brown, Stanton; two brothers, Sim Hoover, Texarkana, Ark., S. N. Reed, Knox City, Tex.; a sister, Mrs. C. G. Erwin, Victoria; and three grandchildren.

Dawson Demos Name Delegation

LAMESA (SC) — Dawson County Democrats adopted a pair of resolutions and named delegates to the state convention in its county convention Saturday. The Demos resolved to endorse and reaffirm a 3-point program of supporting party nominees, supporting the state convention and operating the party organization through its duly elected officials. The other resolution adopted was in appreciation to several county Democrats.

Named to the state convention delegation were Ed DuBose, Carl Cox, Sam Richardson, Mrs. Suttle Purcell, Fay Collins, Pat Marsh, Ralph Kinsey, Garvin Randolph, Norma Breeding, R. F. Spraberry, Sybil Mitchell and Bob Crawley.

County Agrees To Pay Half

Howard County Commissioners agreed today that the county should pay one-half of the expenses incurred by Dr. Milton Talbot as a delegate to Washington in behalf of better air service for Big Spring.

The commissioners told Carroll Davidson, Big Spring Chamber of Commerce manager, that the county would pay its part of the bill provided the county attorney held the county can legally do so. Dr. Talbot and John Burgess, city attorney, with Davidson, were at hearings in Dallas and in Washington pressing for improved air service for Big Spring.

The city paid the expenses of Burgess. The chamber of commerce will pay half of Talbot's expenses provided the county pays the other half. The bill would be \$131 for each agency.

Total Slogan Entries Double

The number of entries in the slogan contest, being sponsored by the Big Spring Chamber of Commerce, took a big jump Saturday as the number doubled.

Twenty-six entries came in Saturday, according to Kenneth Pace, assistant manager, and four more this morning brought the total to 30.

The contest ends May 31 and the winner will be announced June 8. It started May 1.

Purpose of the contest is to find a slogan which can be used to advertise Big Spring and promote growth and development. The slogan should be six words or less and should give a description of the local economy, attractions, etc.

There is no limit to the number of entries one person may offer. In the event of duplication the slogan bearing the earliest post mark will be accepted. The prize for the winning entry is \$100.

All entries should be addressed to: Slogan Contest, Chamber of Commerce, Box 1391, Big Spring.

Leggett To Be Brought Here

James Hugh Leggett, under indictment here for the Nov. 2 safe burglary at the Reeder-Huff-Estes insurance agency, will be brought to Howard County Tuesday by Miller Harris, sheriff.

Leggett is now in jail at Uvalde. Sheriff Harris said he had advised the officials there are now ready to turn the prisoner over to Howard County.

Leggett was a principal in a sensational confession of some months ago in which he told of breaking into several hundred establishments and residences in a widespread crime frenzy.

Two indictments are on file against him in this county. He has been indicted for other burglaries in numerous counties since he made his confession.

Rowell P. Leggett, identified as a colleague of the man now held in Uvalde, is also under indictment here for the local burglary.

The Band Boosters' final meeting of the year has been postponed until Tuesday at 7:30 p.m. at the Band Hall, Walter Stroup, president, announced today.

Top Students At O'Donnell Are Selected

LAMESA (SC) — Buster Snellgrove and Brenda Barnes were named Mr. and Miss O.H.S. when class favorites were named Thursday at O'Donnell High School.

Other top favorites included: Tom Hoskins and Kathy Pirtle, personality plus; Hoskins and Jan Harberger, most likely to succeed; Wendell White and Carol Moore, most congenial; Douglas Mires and Kathy Pirtle, most courteous; White and Harberger, best citizens; and Fernando Lopez, "fighting" Eagle.

Class favorites: Sherry White and Ellis Tredway, freshmen; Glenda Clark and Dwight Glegorn, sophomore; Jan Harberger and Gary McMillan, junior; and Janice Winans and Snellgrove, senior.

Who's Who seniors: Snellgrove, Daphne Hogg, Sandra Moore, Gerald Aldridge, Tom Hoskins and Sherry Hays. Picked as the best in subjects: Joe Pat Gary, speech; Janice Clayton in English and science; Douglas Mires, vocational agriculture; Gerald Aldridge, math; Ronnie Barrington, physical education; Wanda Seaton, homemaking and physical education; Ronnie Sheppard, typing; Sandra Moore, band.

Hoskins and Gerald Aldridge were listed as the top ranking boys, scholastically, with Betty Lain and Sherry Hays leading the girls.

Junior High graduation at O'Donnell is planned for May 18 and senior high commencement on May 20.

YMCA Clubs Plan Final Assembly

The fire of friendship, last program on the schedule for the senior, junior and sophomore Hi-Y and Tri-Hi-Y clubs of the YMCA this school year, will be conducted today at 7:15 p.m. on the banks of Cosden Lake.

Senior boys and girls will be in charge of the program. Joe Leach, physical director, said. The ceremony will begin with a prayer. The group will then form a circle and have scripture reading. A presentation of a poem expressing the meaning of the Hi-Y, Tri-Hi-Y triangle will follow.

The group participating in this annual program will sing "Blest Be The Tie That Bind." Immediately following the benediction, a cross burned across the lake will be located for the fire of friendship.

Pilgrims Pray For Conversion

FATIMA, Portugal (AP)—More than 100,000 pilgrims held night-long prayers and joined Sunday in processions and masses for the "conversion" of Russia and for peace in the world and in Portugal's overseas territories.

In Lisbon, Oporto, Coimbra and other Portuguese cities, there were similar processions and prayers.

It was 45 years ago, on this then-bare mountainside of the Serra Daire, that three little shepherds claimed the Virgin Mary appeared to urge them to tell everyone to pray for the conversion of Russia and world peace.

Primaries To End Campaigns Ranging From Dull To Biting

By The Associated Press
Primary elections will be held in Maryland, Pennsylvania and Nebraska Tuesday, ending campaigns that ranged from dull to blistering.

The hottest scrap has been in Maryland where the race for the nation was enlivened by a tape recording alleging a \$5,000 campaign contribution in return for some city judgeships.

Overtones of former President Dwight D. Eisenhower's administration are present in the Pennsylvania and Nebraska elections.

In Nebraska, Fred Senton, former Republican senator and

secretary of the interior in the Eisenhower cabinet, appears sure to win the Republican gubernatorial nomination.

In Pennsylvania, Eisenhower's home state, Congressman William Scranton is running for the GOP gubernatorial nomination with Eisenhower's approval.

In all, voters will be choosing nominees for governorships in all three states, Senate seats in Maryland and Pennsylvania, and 38 House seats.

Oregon voters decide Friday on candidates for governor, senator and four House seats.

Seven Democrats seek the Maryland gubernatorial nomination but the race has narrowed down to three men—Gov. J. Millard Tawes, paving contractor George Mahoney of Baltimore and David Hume, Texas-born lawyer and son-in-law of financier Cyrus Eaton of Cleveland.

Mahoney has bid for governor or senator in every primary since 1950 and has lost every time, sometimes by razor thin margins. In the 1950 primary he polled the most popular votes, but former Gov. Preston J. Lane won the nomination on the basis of county unit votes, similar to electoral college votes.

Fuel was added to an already warm campaign when Baltimore political leader Jack Pollack played for newsmen a tape recording he allegedly made of a 1958 meeting with Tawes, whom he supported. According to the tape, he gave Tawes \$5,000 for election expenses in return for a promise that Tawes would name Pollack's choices to Baltimore city judgeships.

Tawes in a televised reply last week conceded that he discussed patronage with Pollack in 1958. But, he said, the politico's demands grew too great and in 1959,

after he took office, he broke with Pollack.

Pollack announced his support of Mahoney in the current campaign.

Democrats also will choose a senatorial nominee with U.S. Rep. Daniel B. Brewster and State Sen. Blair Lee III the front-runners.

Two former congressmen apparently have the major Maryland Republican nominations well in hand. Frank Small Jr. seeks the gubernatorial nod and Edward T. Miller is running for the Senate seat held by Sen. John Marshall Butler, who is retiring.

Seaton has ignored his two Nebraska GOP foes to concentrate his fire on Gov. Frank Morrison, only elected Democrat in the normally Republican statehouse.

Morrison, on the other hand, is expected to defeat J. Collins McCarran, State Grange master, in the GOP gubernatorial primary.

In Pennsylvania Scranton, 44, is expected to defeat J. Collins McCarran, State Grange master, in the GOP gubernatorial primary.

Scranton emerged as the party leadership's choice when Eisenhower, through Sen. Hugh Scott, let it be known that he would campaign for the GOP ticket only if it was young and vigorous. Scott entered the race, with Eisenhower's support, to head off another candidate, Superior Court Judge Robert E. Woodside. Then he and Woodside both withdrew in favor of Scott's choice, Scranton.

Former Philadelphia Mayor Richardson Dilworth is expected to whip two other candidates in the bid for the Democratic gubernatorial nomination.

Congressman James E. Van Zandt, Republican, and Sen. Joseph S. Clark, Democrat, have no primary opposition for nominations to Clark's Senate seat.

Bodies Of 6 Men Recovered At Sea

NEWPORT BEACH, Calif. (AP)—The bodies of six men, all but one mangled by sharks, were recovered from the wind-shipped ocean near here Sunday. Three others still were missing.

The Coast Guard called the worst sea tragedy in Southern California since eight persons disappeared in 1952.

Searchers also recovered the bow and other debris from the 25-foot cabin cruiser on which the nine embarked on a fishing expedition early Saturday.

The craft, known as both the

Happy Jack and the Cindy, apparently became swamped in choppy seas and sunk Saturday, the Coast Guard reported. Winds were gusting up to 30 miles per hour.

Sharks still thrashed about the bodies when they were discovered by the fishing boat Mardic.

"There were so many sharks the men had to lower steel stretchers in the water to fish out the bodies," said Deputy Coroner Eugene Miller.

"The sharks kept after the bodies and several even jumped into the stretchers at the victims as they were being pulled aboard," Miller added.

The boat was on its first sea voyage under its owner, Chester McMann, 45, of Norwalk. Miller said autopsies indicated

all six men apparently drowned. Shark bites could have been an equal cause of death of five of the men, he said.

The Coast Guard posted small craft warnings Saturday, advising of rough seas, winds of 20 miles per hour and gusts to 30 mph, with an excessive surface chop due to steady blowing.

"A boat that size would bounce around like a cork" in such a choppy sea, an official said.

McMann's body was among those recovered.

Others recovered were: Charles Chudy, 52, of Westminster; Harvey L. Johnston, 30, Los Angeles; Robert Herman Schmidt, 25, formerly of Stillwater, Okla., employed by a Los Angeles car loading firm; William F. Huffman, 29, Los Angeles, and John Treadway, 39, Bell Gardens.

Still missing were: E. R. Huffman, brother of one of those found dead; Richard Cain, 28, of Bell Gardens and Robert Gibson, 21, of Norwalk. McMann's son-in-law.

Sen. Yarborough Silent On Estes

DALLAS (AP)— Sen. Ralph Yarborough, D-Tex., refused to talk with the Dallas Times Herald Sunday about published reports concerning any financial relationship with Pecos financier Billie Sol Estes.

The Times Herald said it wanted to give Yarborough a chance to comment on two questions:

"1. A \$100 per plate Democratic party banquet in Washington last Jan. 20.

"2. Whether Estes made any contributions to Sen. Yarborough's office for any purpose other than campaign expenses."

The newspaper said when it reached Yarborough by phone in Washington the senator said, "It is after midnight here (in Washington) and I am not accepting any calls" and then hung up.

Takes Oath

NEW DELHI (AP)—Sarvepalli Radhakrishnan, 74, took the oath Sunday as India's second president and called on her-475 million people to settle their differences over religion, language and other issues.

Radhakrishnan had served as vice president for 12 years. He was named to the figurehead presidency by parliament and the state legislatures after ailing Rajendra Prasad decided to retire.

Dr. Zakir Husain, 65, governor of the state of Bihar and chief Moslem spokesman in this predominantly Hindu nation, was sworn in as vice president.

ON THE SHELF

By The Associated Press
THE SECRET WAR. By Sanchez de Gramont. Putnam, 5.95.

As the author points out, Americans have had a traditional distaste for spying, even against a hostile power. Nathan Hale has been admired more for his patriotism than for his assignment. And as late as 1928, Henry L. Stimson squelched a cryptographic bureau in the State Department on the ground that "gentlemen don't read other people's mail."

In contrast, the Russian tradition has been to spy on its own people as well as on outsiders.

Since the Second World War, America has had to change its attitude toward espionage, for it has become an absolute necessity for all major powers. They must spy on each other, keeping tabs on friendly nations, and take elaborate precautions against foreign spies within their own borders.

The subtitle of De Gramont's book is "The Story of International Espionage Since World War II." It is a very comprehensive survey of the West (mainly the United States and England) against the Russians.

There are whole chapters devoted to such famous cases as those of Judy Coplan, Harry Gold and Rudolf Abel, and many more case histories of lesser figures. There are many analyses of the defections to the East and the defections to the West, including some redefections. De Gramont says some of the best sources of intelligence are defecting intelligence personnel. There is a whole chapter on the U-2 flights.

DeGramont also examines the probable size, composition and operating techniques of the American and Russian intelligence services. He has shown many examples of the "legal" spying of diplomatic officials on both sides. He has examined the sometimes confusing motives of double agents. And finally, he has summed up the changing objectives of espionage by looking into its future.

The author now is a foreign correspondent for the New York Herald Tribune, after winning a Pulitzer prize for local reporting. His research has turned up a prodigious amount of information on every aspect of the cold war and his book is crammed with a myriad of details. For the general reader, it can serve as a timely handbook of what goes on in the international spy business.
