Swinging George Cabot Lodge

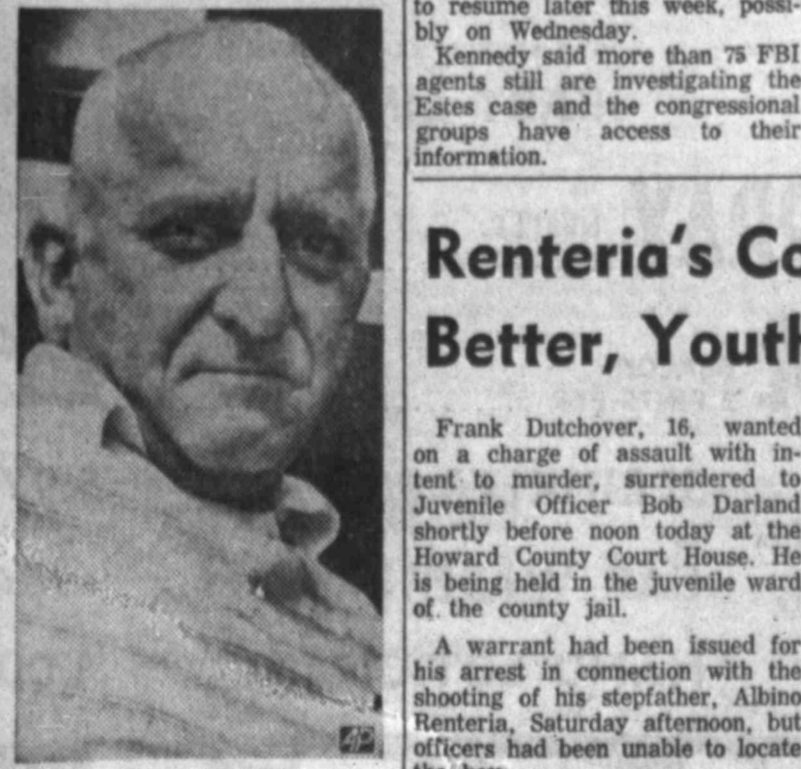

George Cabot Lodge joins Charlie Bucci and his hand for a jam session outside the Worcester, Mass., auditorium just before the start of the state Republican pre-primary convention. Lodge went on to win the nomination for the U. S. Senate.

Canadian Prison Riot Leaves Smoking Ruins

MONTREAL (AP)—A prisoner wounded by rifle fire was found dead today in the hospital of the fire-ravaged St. Vincent de Paul by 1,100 convicts that left 30 persons injured. Steel-helmeted troops stood guard amid the ruins. Allen J. MacLeod, federal commissioner of penitentiaries, told a news conference the prisoner was the only fatality arising from the riot Sunday. He was not immediately identified.

The commissioner reported a three-man board of inquiry will make a full investigation of the riot. None of the convicts managed to escape, but some were gunned down while trying to scale the walls. "We had to shoot when they tried to escape or occupy other buildings," said Warden Michael LeCoore, "but we did not shoot to kill."

The six-hour battle was finally ended after more than 200 troops in full battle dress joined guards and police, herding the convicts at bayonet point into a group inside the compound. Six of the 15 prison buildings were gutted. Others were damaged to varying degrees. Officials figured the damage to the old maximum security prison just northeast of Montreal would come to between \$2 million and \$3 million.

Bobby Believes

Vigilance Is Corruption Shield

WASHINGTON (AP)—Atty. Gen. Robert F. Kennedy says every administration has had corruption and "we are going to have corruption over the next few years."

But Kennedy, speaking on the Billie Sol Estes scandal, said Sunday the important thing is "whether you take action to deal with it, whether you cover it up, whether you push it under the rug, whether you act as if it didn't exist."

The President's brother said again that the administration was the first to bring the Estes case to national attention—before the state authorities moved. Texas authorities have disputed this claim, which also has been voiced by the President.

Estes' activities under government cotton and grain programs and his relations with federal officials are being investigated by two congressional subcommittees. The House hearing is scheduled to resume later this week, possibly on Wednesday.

Kennedy said more than 75 FBI agents still are investigating the Estes case and the congressional groups have access to their information.

Canadian mounted police and finally the army as firemen from four cities fought the spreading fires. The guards opened fire as prisoners tried to form pyramids to scale the 40-foot walls. At least 10 convicts were shot when they refused to get away from a crane whose boom they were trying to move to a wall. Others were burned when caught between burning buildings after ignoring orders to get out.

When prison staff members tried to fight the fires, the convicts snatched knives from the kitchen and slashed the hoses. Police sealed off the St. Vincent de Paul area and closed the bridge connecting it with Montreal Island to all but emergency traffic. A stream of ambulances roared in and out of the prison, rushing wounded and injured to Montreal's Queen Mary Veterans Hospital. Witnesses at the hospital described "convicts with towels wrapped around their heads and blood streaming down their faces."

St. Vincent de Paul is the biggest and one of the most overcrowded of Canada's six maximum-security prisons.

About 400 convicts were housed in cells which a royal commission recommended 24 years ago "should be condemned without qualification." Justice Minister Davie Fulton has described conditions in the prison as "most undesirable."

Watch That Jingle When You Mingle

NEW YORK (AP)—Two alleged \$100-a-night call girls kept a date with a couple of men, one of whom identified himself as an ad writer who composed jingles. "Compose a jingle for us," said one of the girls. He did: "It's been quite a party, girls. 'We've pulled out all the stops. But we're not the guys you think we are. We're just a pair of cops.'" The jingle writer was detective Frank Nallan, who had been stalling for time with his partner until uniformed police could arrive to arrest the women, aged 25 and 27. They were charged with prostitution.

Renteria's Condition Is Better, Youth Surrenders

Frank Dutchover, 16, wanted on a charge of assault with intent to murder, surrendered to juvenile Officer Bob Darland shortly before noon today at the Howard County Court House. He is being held in the juvenile ward of the county jail.

A warrant had been issued for his arrest in connection with the shooting of his stepfather, Albino Renteria, Saturday afternoon, but officers had been unable to locate the boy.

Renteria, 38, who was taken to Howard County Hospital Saturday with a gunshot wound in the head, was improved Monday. His physician said he is still in serious condition and will require further treatment, but he is conscious and asking for things.

Renteria was shot while ordering sandwiches and drinks at a Northside drive inn about 1:45

Farm, Space, Tax Bills In Hopper

WASHINGTON (AP)—Two big farm bills, a space communications measure and possibly a tax bill promise to provide lively floor action this week for the House and Senate.

Side attractions in committees include continuation of Senate probes of B-girls and stockpiling and a House investigation of the Billie Sol Estes case.

Both farm measures are on the House docket. The first, scheduled for debate today, would extend the quota system for buying foreign sugar for five years. It would give quotas to 15 new countries to slice up part of Cuba's former big allotment and would boost domestic producers' share about 5 per cent.

Knocked out of the bill in committee and likely to be the subject of a floor battle is an administration provision to eliminate quotas for individual nations and gradually do away with premium price payments for imported sugar.

Far more controversial and in a more precarious position is a general farm bill scheduled to keep the House busy the rest of the week.

For the first time, it would bring wheat and feed grains under strict acreage and marketing controls. It would allow the secretary of agriculture to set a national production quota at a level low enough to funnel into the market some of the government's huge surplus grain stockpile.

Republicans are bitter over the feed grain section, which applies to corn, barley, oats, rye and grain sorghum. The bill, slated for House action last week, was held up by administration leaders who were not certain they had the votes. Some compromise may be worked out before the final vote.

The communications satellite bill, passed by the House, may take up the Senate week because of controversy over the role government should play in the newly developing field.

It may be laid aside long enough for the Senate to act on another House measure continuing beyond June 30 emergency tax rates on corporations.

Last week the House sent to the Senate an emergency appropriation bill and a measure to raise temporarily the national debt limit from \$300 billion to \$308 billion. Unless the debt bill is enacted by July 1, the legal debt ceiling will drop to \$285 billion, which is about \$9 billion less than the government will owe that day.

Senate action last week centered on bills appropriating funds to finance the Defense and Interior departments and to require television manufacturers to equip new sets with facilities to receive all channels. All three measures have passed the House but Senate amendments will require further House consideration.

The money bills added to a logjam building over a deadlock between Senate and House Appropriations committees. Involved is House insistence that the chairmanship of joint compromise committees rotate between the Senate and House, and a Senate demand that it be allowed to originate half of the money bills.

A senator always has headed the joint committees. The House historically has originated appropriation bills. Unless someone gives in by June 30, the end of the fiscal year, all federal agencies will be in a financial bind because the bills being held up by the hassle provide funds for the new year.

Bean Called Into Court

AUSTIN (AP)—El Paso County Judge Woodrow Bean was called in federal court after noon today on charges of failing to file an income tax for five years.

The arraignment was before U. S. Dist. Judge Ben Rice. The West Texas judge and runoff candidate for the Democratic nomination for congressman-at-large was indicted by a federal grand jury on five counts alleging failure to file income tax returns for 1956-1960.

During his campaign, Bean said he had not filed a return since 1952, but that he had paid taxes through withholding on his judge's salary.

R. L. Phinney, district director of the Internal Revenue Service, said the statute of limitations prevents criminal prosecution for any failure to file during 1953-55.

However, he said, the limitation does not prevent the government from collecting taxes, penalties and interest on any tax not paid during those years. If convicted, Bean could receive a maximum sentence of one year and \$10,000 on each of the five counts.

In addition to any penalty imposed by a court resulting from a conviction, Phinney said, Bean would have to pay all income taxes due on unreported income for all years involved, plus a 50 per cent civil fraud penalty on all

Domestic Oil Sharing Study May Revive

OMAHA (AP)—There was some indication today the Interstate Oil Compact Commission may be asked to revise part of a scuttled study on equitable sharing of domestic crude markets by oil states.

A similar study was abandoned in December, after it set off a sharp controversy in the 33-state commission that serves as a forum on oil and gas conservation matters.

State officials and oilmen here for the compact's mid-year meeting indicated some states, including Texas, may try to restore at least one phase the December compromise eliminated. This phase involves a study of crude oil purchases made by buyers operating in more than one state.

Such action would come Wednesday when a statistical report resulting from the compromise is submitted at the three-day meeting's final session. The report will be confined to statistical information on reserves, production and purchaser nominations on the individual states.

A subcommittee on equality of opportunity to produce was organized last June but was dissolved at Denver after some states contended other states were trying to tell them how much oil they could produce.

A subcommittee on oil resources told the commission today great progress has been made in recent years toward increasing the maximum recovery of oil discovered.

Webb Sees Uneven Data Exchange On Space Findings

WASHINGTON (AP)—The nation's space agency chief feels the United States has given more than it has received in exchanges with the Soviet Union on space flight findings.

The comment, from Director James E. Webb of the National Aeronautics and Space Administration, brought demands from some members of Congress for tighter restrictions on the type of information released to the public by NASA.

Webb defended the idea of making such information generally available. He said it would be impossible to exploit all the knowledge being gained if the program were cloaked in secrecy.

He appeared before a House Appropriations subcommittee. His testimony was released Sunday.

Jury Hears Latest In Marshall Case

FRANKLIN, Tex. (AP)—An FBI agent appeared before a Robertson County grand jury for more than two hours today to bring the panel "up to date" on the progress of the federal portion of the investigation into last year's death of Henry Marshall.

Marshall, a federal Agriculture Department official, was looking into cotton allotments of Billie Sol Estes, the indicted Pecos promoter. He was found shot to death June 3, 1961, from five rifle bullets. The death was first ruled suicide.

Responsible Press Called Peril To Selfish Interests

WACO (AP)—A responsible free press is "a peril to the irresponsible and arrogant seeking to manipulate public reaction for their own selfish ends," John Colburn, managing editor of the Richmond Times Dispatch, said Sunday.

Colburn spoke at the Texas Daily Newspaper Association's editorial seminar, which continued through today. "We have got to make more sense of each day's happenings for the reader. We also have the problem of maintaining and increasing reader confidence in the newspaper," Colburn said.

"All kinds of forces—competitive, selfish, political and bureaucratic—are at work to undermine this confidence. Too few readers realize the real stake that they have in a vigorous press with a true sense of community responsibility."

Algerian Scorched Earth Drive Ends

ALGIERS (AP)—A pact between the Secret Army Organization and Muslim Nationalists brought a halt today to the secret army's scorched earth campaign in Algiers and Oran, the two major cities.

Neither arson nor bomb attacks had been reported in the greater Algiers area by noon. The morning also passed quietly in Oran, the extremist European stronghold in the west.

A pirate broadcast from Oran, however, raised the prospect that the secret army group based there might not abide by orders from Algiers to end the campaign of destruction and death.

There was unaccustomed peace within Algiers.

TROOPS STAND BY Groups of Muslims emerged from their barricaded quarters and mixed with Europeans in some parts of the city. Half-tracks loaded with troops stood by for any emergency while helicopters hovered over the city.

Despite a secret army appeal to the Europeans to unite with the Muslims "to renovate the Algerian fatherland," crowds of settlers besieged airline offices again today for passage to France before independence.

"We will come back later if all is well," said some. The news from Algiers must be heard with caution, the secret army in Oran said of the announced agreement with the Muslim National Liberation Front (FLN). "For the moment we do not have enough information to make any comment. We are keeping intact our means of action."

Goldberg Opens New Labor Talks

WASHINGTON (AP)—Secretary of Labor Arthur J. Goldberg opened new peace talks today aimed at averting a threatened flight engineers' strike Tuesday afternoon on Trans World Airlines.

At Goldberg's request the Air Line Pilots Association, rival to the flight engineers in a dispute over jet plane cockpit jobs, sent a team of negotiators.

H. S. Dietrich, chairman of the engineers' TWA chapter, failed to show up for the start of the talks. Goldberg's office said he sent word he would be late. The engineers were represented by an attorney, Asher Schwartz, New York.

Working with Goldberg for TWA settlement were Undersecretary of Labor W. Willard Wirtz and Nathan P. Feinsinger, Wisconsin University law professor

Neutralist Laos Prince Creates Coalition Snag

VIENTIANE, Laos (AP)—Plans to install today a new coalition regime in Laos were derailed by last-minute objections from neutralist Prince Souvanna Phouma, destined to be the premier. A postponement of the installation until late this week seemed likely.

Souvanna flew in seven hours late from his headquarters in pro-Communist territory. He declined comment before hurrying off to see King Savang Vatthana.

Informed sources said he would refuse to go ahead with the installation ceremony unless a royal decree eliminated all reference to the national assembly, which is pro-Western.

The decree notes that the assembly ratified the coalition agreement signed last week by the rival princes of Laos. Neither Souvanna nor his half-brother, Prince Souphanouvong of the pro-Communist Pathet Lao rebels, recognizes the national assembly. Souphanouvong did not accom-

pany Souvanna to Vientiane. He had been expected because he will be a deputy premier in the coalition regime, designed to remove Laos from the cold war. Informants said Souphanouvong will stay away until the argument is settled.

They added that Souvanna wants the issue solved by Thursday; otherwise he will refuse to head the coalition, thus throwing Laos back into a state of turmoil. Souvanna and Souphanouvong visited Hanoi, capital of Communist North Viet Nam, after signing the coalition agreement last week, informants reported.

Radio Peiping quoted Souphanouvong as declaring in a speech Sunday that "even before the ink is dry on the three princes' agreement, American imperialism and its agents have started destroying the provisional coalition government agreement."

and a special government mediator. Sunday the engineers withdrew strike threats on Pan American World Airways and Eastern Air Lines and decided to concentrate for the moment on TWA. The TWA strike was set for 1:30 p.m. Tuesday.

Last week the Flight Engineers International Association, AFL-CIO, postponed a strike against TWA and two other major carriers, Pan American World Airways and Eastern Air Lines, while Goldberg and a team of federal mediators tried to work out a settlement. The talks failed, but President Kennedy issued a stern warning to the flight engineers to settle the dispute without a strike.

Union President R. A. Brown took note of the President's admonition in a statement Sunday. He said the strike would be limited to TWA "out of respect for the concern of the President over the balance of payments situation and our concern for the unemployment hardships which would be inflicted on a large number of airline employees."

Some felt Mostefaoui's announcement was not enough. They wanted a pledge by the nationalist government in exile in Tunis. There was no immediate statement from the Tunis leaders. This could be interpreted either as a sign that they considered Mostefaoui's statement sufficient or that they did not wish to engage themselves more formally for fear of opposition from the Muslim masses.

In the forefront of the negotiations were a group of influential Algerian businessmen, headed by former Mayor Jacques Chevallier, shipping magnate Laurent Schiaffino and banker Jean-Marie Tineat. They urgently sought a truce as the secret army's "scorched earth" campaign increased in ruthlessness and tens of thousands of Europeans fled in panic to the continent, fearful of a Moslem day of reckoning.

UNCERTAIN Weary and tense Europeans were uncertain as to what attitude they should adopt.

Some felt Mostefaoui's announcement was not enough. They wanted a pledge by the nationalist government in exile in Tunis. There was no immediate statement from the Tunis leaders. This could be interpreted either as a sign that they considered Mostefaoui's statement sufficient or that they did not wish to engage themselves more formally for fear of opposition from the Muslim masses.

**Taking Refuge After Explosion**

Soldiers and civilians crouch behind the Algiers waterfront as panicky Moslem auxiliary policemen fire submachine gun volleys into the air following an explosion in Algiers city hall. The explosion by secret army commandos killed at least six soldiers and wounded 45 others.

## Rains Were Blessing But Also Caused Some Re-Planting

COLLEGE STATION (AP) — Rains that brought much needed moisture to critically dry areas of Texas have also caused some re-planting.

"Gully washers", hail and blowing sand in the west made considerable replanting necessary, some for the second time, John Hutchinson, director of

the Texas Agricultural Extension Service, reports.

He added that crops and pastures in the more favored areas are making good progress. Wet fields have delayed the small grain harvest, needed cultivation and application of insecticides.

Ranges responded to the moisture but wide areas still need more rain. Much dryland planting

in the west is still awaiting moisture.

Moisture generally continues on short in the Panhandle except in the eastern counties. From 80 to 100 per cent of the cotton is planted. The wheat harvest had started in all counties with some reporting 30 per cent harvested. Ranges in western counties were below average.

### UP TO 5 INCHES

Some dryland areas of the South Plains received up to five inches of rain during the past several days but large areas still need planting moisture. The wheat harvest was slow due to the rains. Low yields are reported. Irrigated cotton and grain sorghums were making fair progress except where hail or sand have caused damage. Considerable acreage had been hailed out in Floyd, Hale and Swisher counties.

Rain varying from showers to eight inches left only parts of one out of 22 Rolling Plains, (Vernon) counties needing moisture. Six counties have a surplus of moisture. Completion of the wheat harvest was held up by rains. Several thousands of acres of cotton will be replanted, some for the second time, due to heavy rains and hail. Ranges and the stock water situation have materially improved.

### STOPPED HARVEST

Rains stopped the grain harvest in North Central Texas. Good yields of wheat were made over the area but oats were not so good. Cotton, corn and sorghums made excellent growth. Farmers were doing the best job ever in controlling cotton insects. Pastures and livestock were in good condition.

Moisture improved in Northeast Texas. The grain harvest is near completion; cotton is squaring; and all crops are doing good. Cucumbers, squash and tomatoes soon will move in volume. Early peaches are ripening. Pastures are average.

Scattered showers gave some relief in dry far West Texas but general rains are needed. Dryland crops in Midland, Martin and Glasscock counties are poor. Irrigated crops in excellent condition. Range and livestock conditions were poor to fair. Livestock still are being fed in many areas.

Southern counties in the Central West Texas area received good rains and ranges and crops will respond. Tom Green and nearby counties still are in the grip of a severe drought. Cotton, sorghums and pastures are hurting from a lack of moisture. The grain harvest is about over.

**SURPLUS MOISTURE**  
Moisture is surplus in the eastern counties and adequate in the western counties of Central Texas. Corn is silking, sorghum heading and early cotton blooming. Wet fields have slowed needed cultivation and insect control. Moisture has been fine for peanuts. Pastures and livestock were in good conditions.

Moisture is adequate in East Texas where pastures are average and livestock in good condition. Some hay was being baled. The tomato harvest had started and prices are good. Some 22 more cases of screwworms were reported.

Rains have been a big help but more is needed in most south central counties. Pastures and livestock were in good condition. Crops were making good growth.

Rains helped crops and pastures greatly in the upper Gulf Coast areas. Alfalfa is ready for second and third cuttings, sorghum heading, peanuts look good, and early rice is jointing. Some corn lodging has resulted from the rain and wind. Armyworms are in some rice fields.

Rain was too late to help early sorghum in South Texas, but the moisture helped pastures. Cotton, late sorghums and feed crops will benefit from the rain.

### Goodman Winds Up Central Asian Tour

TASKHENT, U.S.S.R. (AP)—Benny Goodman and his band wound up their central Asian tour Sunday night with two well-received concerts.

The shows were cut to 65 minutes instead of the usual two hours to permit the musicians to eat, pack and catch a plane to Leningrad.

**DEAR ABBY**

**Don't Be An Eager-Beaver**

DEAR ABBY: My husband is a young aspiring business executive with a large well-known firm. We would like to establish good relations with his co-workers and bosses, but what is proper? We have recently been transferred to a new community and are much younger than most of the executives and their wives. Should I

invite his bosses to dinner? Or would a Sunday brunch be in order? How about a dessert and coffee evening? I don't want to appear pushy but I'd like to help my husband advance in his business by helping him socially.

DEAR WIFE: You would be wise to sit back and wait for the wives of his co-workers to invite you first. Then return their invitations with similar ones. Don't initiate social contacts with the "bosses" or you'll be labeled "eager beavers"—and that's fatal, both in business and the social swim.

DEAR ABBY: I heard somewhere that if you throw a cat up in the air it will always land on its feet. Well, something went wrong because I threw our cat up in the air and she landed on her head! She just laid there like she was dead, and I thought she was for a minute, but then she got up and ran off. Will you please tell me who started that lie about cats? I thank you.

JANIE JUNE, (age 9)  
DEAR JANIE: I don't know who started it, but I hope nobody else believes it. And if you hear that one about cats having nine lives, please don't try to prove it on your cat.

DEAR ABBY: What has happened to the manners of our young people? I have seen unbelievable rudeness displayed by children in the presence of their parents, and not one word of reproach is said. When I was a child, all my parents had to do was give me a certain look and I shut up and acted right, or I caught it.

DEAR MITCH: Perhaps our young people aren't able to see the "looks" of their disapproving parents. Blame it on poor vision—probably the result of too much television.

CONFIDENTIAL TO JOYCE: Don't buy that story, "Where the fire is smoke there is NOT always fire." There could possibly be just someone with a burning desire to start trouble.

How's the world treating you? For a personal, unpublished reply, send a self-addressed, stamped envelope to ABBY, care of The Big Spring Herald.

For Abby's booklet, "How To Have A Lovely Wedding," send 50 cents to ABBY, Box 5365, Beverly Hills, Calif.

**Russians Drown**

WARSAW, Poland (AP) — A light carrying sightseeing Soviet sailors capsized Saturday in the lower Vistula River, drowning six of the Russians, the Polish Press Agency reported Sunday night.

**Lyndon Lauds U.S. Role In Public Health**

MISSION — Vice President Lyndon Johnson believes that a vast field exists for federal participation in programs to improve the health of mankind.

Johnson, in remarks at the dedication of a screwworm eradication center built by the government, declared:

"It seems strange to me that government's role in safeguarding the health of the people of the world should be questioned at this late date.

"In the earliest days of modern science, long before governments concerned themselves with agriculture, or working conditions, or public works, or social welfare, it was realized that the struggle against disease was too great to be fought only by individual philanthropists and private associations."

Asserting that a new kind of hero in medicine has arisen—the advocate of public health programs and hospitals — Johnson said:

"Slowly, the rich began to realize that they weren't safe from disease in their hilly homes if the poor were dying in an epidemic in the valley below. Their philosophical objections against government interference with private rights vanished where their health was involved."

Johnson termed the new eradication center "a good example of common sense in action."

"When the opportunity to set it up arose," he said, "Federal, state and private persons cooperated to cut through red tape and get this program going while the pests that kill thousands of head of livestock a year are still weakened by the cold winter through which we have just passed."

"If this eradication program succeeds — and it has already succeeded splendidly in the Southeast — we will be grateful to the complete cooperation supplied by Mexico.

"With the cooperation of the other American states this pest can be completely wiped out in the Western Hemisphere."

**Stamps In The News**

By SYD KRONISH AP Newsfeatures

Tunisia has issued a new stamp commemorating its "Fete Nationale," reports the World Wide Philatelic Agency. This national celebration is a seven-year tradition going back to June 1, 1955, when successful negotiations between France and Tunisia led to

the release of the leader of the Tunisia Independent Movement, Habib Bourguiba, from a French prison and his return to Tunisia. The 20 millimes stamp depicts a graceful allegorical figure representing a liberated Tunisia.

As previously reported in this

column, Australia will definitely issue a new 5 pence stamp commemorating the centenary of the Crossing of Australia from south to north by John McDouall Stewart. The new stamp will be of the same size as those of the current Flora series and will portray a likeness of the noted explorer.

Argentina has commemorated the opening of its International Philatelic Exhibition, by issuing two new stamps. The main design features a reproduction of the 15 c Escudo stamp of 1962.

Here is some news about stamp albums. Four new albums — for the stamps of Brazil; Costa Rica and Nicaragua; Dominican Republic, Cuba, Haiti and Puerto Rico; and Ecuador and Venezuela — have just been released by Minkus Publications. The U. S. Historical Stamp Album, published by the late F. E. Quick, will be exclusively distributed by the American Topical Association.

The Netherlands has issued three new stamps to honor the automatization of the Netherlands telephone network. The 4 cents red, brown and black shows a telephone dial. The 12 cents bronze and black depicts a design featuring the Netherlands telephone network. The 30 cents green, blue and yellow illustrates an arch with part of a telephone dial.

**NOTHING PERSONAL**

By T. H. Tarbet, preacher, Church of Christ, 2000 West Highway 88 P.O. Box 1583

The religious debate which begins tomorrow evening at the City Auditorium

and runs for four nights, is not a personal contest between the Primitive Baptist preacher and me. I am not seeking a personal victory over him:

With malice toward none, I will be defending what I believe to be the teaching of the Bible. This I am told to do in the Bible: "Ye should earnestly contend for the faith which was once delivered unto the saints." (Jude, v. 3.) Furthermore, I believe I can contend for the faith without being "contentious" or showing an

ugly spirit. The other man has said the same. And why should not men who claim to be Christians discuss the Scriptures in the spirit of Christ? Tomorrow night, 7:45, I shall affirm the following: "The Scriptures teach that faith, repentance, confession of Christ, and baptism in water are conditions to be performed by man as an alien sinner, and then faithfulness, in order to eternal salvation by Jesus Christ." Will this teaching stand the test? Come and see. —Adv.

Suspect And Loot

Larry Hankins, 14, second from left, arrested in connection with the robbery of a Senatobia, Miss., bank, watches as bank teller Otis Malone, right, counts the recovered money. Mississippi Highway

Patrolmen W. D. Wade, standing, and S. C. Shaw arrested the youth at his home where bloodhounds tracked him. Officers said the youth admitted robbing the bank of \$8,245.

Ribicoff Admits Medicare Program Is In Shaky Health

WASHINGTON (AP) — Secretary of Welfare Abraham Ribicoff concedes the administration's medical care for the aged plan is in shaky health, and says he's ready for legislative surgery on it.

Larson attacked the administration plan in these terms: "What would start out as socialized medicine for a small segment of our population would soon become socialized medicine for every man, woman and child in this country."

He said specialized medicine has undermined medical care in England, where many physicians are leaving the country "because they do not like the system under which they must work."

Larson said Sunday the administration program would swiftly mushroom into socialized medicine. He spoke in an interview on the Manion Radio Forum, broadcast from South Bend, Ind.

people 65 and over. It would not cover doctors' bills. Larson attacked the administration plan in these terms: "What would start out as socialized medicine for a small segment of our population would soon become socialized medicine for every man, woman and child in this country."

Ribicoff said the bill introduced by Rep. John V. Lindsay, R-N.Y., which embodies proposals of New York Gov. Nelson A. Rockefeller, is the best of the Republican medical care bills, but "has basic weaknesses."

Ribicoff said Sunday night in a television interview—NBC—Meet the Press—that while the medical care bill is in difficulty in the Ways and Means Committee, "I really think we have an opportunity to come out with a favorable report."

Washington (AP) — A Missouri businessman bought dynamite and more than \$300,000 worth of insurance before getting on a jetliner which blew apart in flight, killing all 45 aboard, an FBI report shows.

learned Doty bought the explosives at a Kansas City hardware store and took out the insurance payable to his pregnant wife. Friends said Doty was despondent and had talked of killing himself rather than face criminal charges.

Ribicoff said the administration is prepared to accept changes in the bill, but will not compromise on its central feature—financing under the Social Security System. He said that "goes to the very heart of the program. Without the Social Security approach you don't have a program."

Washington (AP) — A Missouri businessman bought dynamite and more than \$300,000 worth of insurance before getting on a jetliner which blew apart in flight, killing all 45 aboard, an FBI report shows.

learned Doty bought the explosives at a Kansas City hardware store and took out the insurance payable to his pregnant wife. Friends said Doty was despondent and had talked of killing himself rather than face criminal charges.

Provision for coverage for some 5 million elderly persons who would not come under the current version because they are not covered by Social Security. Participation by Blue Cross, the private hospitalization insurance firm, in some aspects of the administration of the medical care program.

Washington (AP) — A Missouri businessman bought dynamite and more than \$300,000 worth of insurance before getting on a jetliner which blew apart in flight, killing all 45 aboard, an FBI report shows.

Tax Payment Deadline Looms

Deadline for payment of current taxes is June 30. After that date, the bill of property owners who have neglected to settle their tax accounts will be increased.

Medical Care Talk

Dr. William R. DeMougout, director of debate and forensics and professor of speech at North Texas State University, will speak on medical care before members of the Rotary Club at its meeting Tuesday in the Settles Hotel.

Rain Inundates Village, More Storms Due

MORE stormy weather, possibly with tornadoes, was forecast Monday for areas of the Panhandle that took a beating Sunday night from vicious thunderstorms.

The forecast said scattered thunderstorms with a few tornadoes, large hail and locally damaging winds were expected along and 60 miles either side of a line 80 miles west-southwest of Amarillo to Oklahoma City from 1 p.m. to 7 p.m.

Human Error Gets Blame For Collision Of Airlines

WASHINGTON (AP)—Most of blame for history's worst air disaster—the collision of two airliners over New York City which took 134 lives 18 months ago—was placed today on the crew of one of the planes. A government report said the crew made a distance-judging error.

Rites Set For Mrs. Brown

Services were set at 2:30 p.m. today for Mrs. John E. Brown, 75, who died Saturday evening in a hospital in Colorado City. She was the mother of Jeff L. Brown, an accountant with Gosden Petroleum Corp.

Stolen Card Not Much Help To Man In Jail

STANTON — A stolen credit card and forged "power of attorney" papers haven't been much help to a 38-year-old man being held in the Martin County jail since Friday night. No word had been received from Florida officers about when they were due to pick the man up on a stolen car charge.

Parties Optimistic As Canadians Vote

TORONTO (AP) — Both Prime Minister John Diefenbaker's Conservatives and the opposition Liberals predict victory as Canadians vote today in their first national election in four years.

The Gallup poll and other surveys indicate an extremely close contest. A number of unknown factors—such as the strength of the minor parties—could have an important bearing on the results.

Mattox Removed From ASC Post

COLLEGE STATION (AP)—Executive director Lewis David of the Agriculture Stabilization and Conservation Service said today W. P. Mattox, vice chairman of the Reeves County (Texas) Committee, has been officially removed from office by action of the ASC committee.

LCB Suspends Seven More Beer Licenses

Seven license suspensions became effective today in Big Spring as the Texas Liquor Control Board served notices on the operators of the establishments.

New Grand Jury Is Being Selected

Twenty citizens have been summoned to 118th District Court on June 25 to serve as grand jurors for the new court term which opens on that date.

Water Usage Inching Upward

Customers used 22,329,000 gallons of water from Friday through Sunday in Big Spring. The dry weather has stepped the usage up from a low of 4,440,000 gallons on June 12 to 7,938,000 Saturday.

Crafts Class Is Reorganized

Membership in the YMCA crafts class, which has been meeting Monday through Saturday from 9 to 10 a.m., has become so large that Y officials have found it necessary to split the class, which is being taught by Mrs. Terry Patterson.

Curry Case Is First On Jury Docket

George Curry, charged with theft, will be the first defendant to face a jury in 118th District Court this week when court convenes Tuesday at 10 a.m. A jury panel has been ordered to report at that time.

He was one of four defendants, arraigned Monday before Judge Ralph Caton, who pleaded not guilty to the charges against them. Curry, when he was first brought before the court, said he wanted to plead guilty. A little later, he withdrew this request. He is accused of taking money from a Newsom Food Store cash register.

Border Cities Due Face-Lifting

DURANGO, Mex. (AP)—"We'll change the whole face of our border," President Adolfo Lopez Mateos predicted last weekend. He said within two years the new face-lifting program for northern border cities will have "wholly transformed" the scene.

Mattox Removed From ASC Post

COLLEGE STATION (AP)—Executive director Lewis David of the Agriculture Stabilization and Conservation Service said today W. P. Mattox, vice chairman of the Reeves County (Texas) Committee, has been officially removed from office by action of the ASC committee.

Profit-Taking Wipes Out Gain

NEW YORK (AP) — Profit-taking wiped out an early gain and sent the stock market to a fairly sharp loss this afternoon. The market had advanced at the opening of trading in a continuation of Friday afternoon's strong rally.

Oil Report Reed Project Confirms Zone

Sterling City's Wolfcamp discovery, the Roden Oil and Cosden No. 1 Reed, has received a confirmation one-half mile to the south with the completion of the No. 1-A Reed. It flowed 168 barrels of oil and gas at the rate of 154,000 cubic feet a day.

Board Meeting

The YMCA board of directors will meet at 5 p.m. today in its last regular board meeting until fall. Pete Cook, first vice president, will preside in the absence of Dr. W. A. Hunt.

LOOKING 'EM' OVER

By TOMMY HART

Basketball may be one of the sports dropped in the 1968 Olympics.

The International Olympic Committee recently passed a rule to reduce the program in the 1968 games from 22 to 18 sports.

Otto Mayer, chancellor of the IOC, says there is not one amateur basketball player in all the United States.

Harold Bradley, the University of Texas basketball coach, says the state of Texas had only four top college prospects in high school last season and "SMU got one, A&M got one, Texas Tech got one and we got one."

It's obvious that Bradley was referring to Dubby Malone in talking about the prospect Texas Tech landed.

Many observers were stunned when such "name" track stars as ACC's Earl Young and Ollan Cassell of Houston were beaten in that 540 race in the Meet of Champions held at Houston recently.

The young man who conquered them was Ray Saddler, who does his running for Texas Southern University. Young was third. Ray was clocked in 46.4 in the event.

The amazing thing about Saddler is that he was only a freshman the past school year.

Andrews' Ted Nelson was supposed to run in the race but he had taken a summer job and jobs aren't so easy to find by collegians this summer.

Lefty Dexter Pale has been added to the roster of the Big Spring American Legion baseball team and will probably be available to the team in late season games, in event he's needed.

Since the Oil Bowl at Wichita Falls was founded 25 years ago, over \$250,000 has been raised through the games for charities in Texas and Oklahoma.

Half the proceeds of each game goes to the Oklahoma Coaches Association. The Texas part of the income is channeled into such Wichita Falls area organizations as the cerebral palsy clinic, School for Handicapped Children and the muscular dystrophy center.

Dale Hopkins of Big Spring recently competed in the State Shotgun meet in Houston. He broke 98 birds in 100 tries, good for a three-way tie for second place.

Big Spring's Danny Birdwell will be one of six centers on the collegians' roster for the annual All-Star football game in Chicago's Soldier Field the night of Aug. 3. The other five players on the squad include Wayne Frazier, 225 pounds, Auburn; Irvin Good, 225, Kentucky; Mike Lucci, 220, Tennessee; Larry Onesti, 230, Northwestern; and Bill Saul, 225, Penn State.

At 235 pounds, Birdwell—who played his college ball at the University of Houston—is the biggest center of the group.

Ray Jacobs of Howard Payne College will also be a member of the college squad.

Mike Souchak, the former football turned pro, will take part in the July 26-29 Odessa Pro-Am. His partner will be Bill Hightower of Midland.

Palmer In Rough

Arnold Palmer, loser by three strokes to Jack Nicklaus in the playoff Sunday for the National Open Golf championship, hits out of the rough on the first hole in one of his rounds at Oakmont, Pa.

Palmer's hopes of scoring a grand slam vanished with the loss. He previously had won the Masters and had set his sights on the National Open, British Open and PGA.

Open Champ Could Be New Ben Hogan

By DON WEISS

Associated Press Sports Writer

OAKMONT, Pa. (AP) — Jack Nicklaus, the new National Open golf champion, is a young man to whom things always have come fast. Yet he's one of the slowest players in the game.

Smith's Deflates Abilene Team In Double Header

By DON WEISS

Associated Press Sports Writer

The Smith Construction company softball team of Big Spring swept a double header from White and Everett Construction Company of Abilene at the City Park here Saturday night, 10-1 and 10-6.

The second game went five innings and was decided in the fourth, when the local contingent broke loose for nine tallies. The Big Springers came up with six hits in that inning. Marion Treadaway had two hits in the round and Delnor Ross cut loose with a triple.

Billy Paul Thomas was on the mound in the first inning and yielded only one hit. That was a sixth inning double by Duncan. Thomas struck out 12 and had a shutout going until the sixth.

Bassett First Off

DURHAM, N.C. (AP)—Richard Bassett of the host Duke University team was the first player to tee off today in the National Collegiate Golf Tournament.

three-stroke victory over the great Arnold Palmer in an 18-hole playoff.

Without question, he has become the new No. 1 challenger to Palmer for supremacy in golf. Yet the Open was his first tournament victory as a professional.

"That big strong dude," as Palmer calls the thick-bodied youngster from Columbus, Ohio, took up golf at 10, broke 70 for the first time when he was 13, U.S. championship, which ended here late Sunday with Nicklaus' three-stroke victory over the great Arnold Palmer in an 18-hole playoff.

Cincinnati Playing Patsy To Phillies

By JACK HAND

Associated Press Sports Writer

What a difference a year makes in baseball.

If the Cincinnati Reds had to pick a team which contributed most to their 1961 National League pennant, Philadelphia would have hands down.

They came into Philadelphia fresh from shutout victories over the San Francisco Giants, only to lose three straight to the Phils.

Red Sievers and Don Demeter did the heavy damage Sunday, driving in five runs in a 7-2 rout of Jim O'Toole. Gene Mauch's young men now have an 8-5 edge over the '61 champs for the year.

White set the Brownfield team down with three hits. He fanned five and issued only two walks.

Tommy Young went on a hitting rampage for Big Spring, smashing three hits. Jeff Brown and Tucker each collected two safeties for Big Spring, which scored every inning it went to bat.

Two of Young's hits went for doubles. Herb Sorley, Bill Andrews and White also hit two-basers for the Big Spring team.

Big Spring humbled Lamesa in a wild one, 9-4, in Lamesa Saturday night and then spilled Brownfield, 11-0, without a great deal of trouble here Sunday afternoon.

The local Legion outfit scored four runs in the seventh inning in defeating Lamesa.

Jeff Brown paced Big Spring's nine-hit attack in that one with three blows. Jerry Tucker and Coy Mitchell each had two hits for Big Spring.

Bowman Roberts, who took over for Roy New on the mound for Big Spring in the fourth inning, was the winning pitcher.

To David Harris, Harold Mills, Manuel Garcia and J. Robertson each had a hit for Lamesa.

Dodgers finally snapped out of it and broke a three-game losing streak by beating Houston 6-2.

The Dodgers needed that win, too, because the second-place San Francisco Giants polished off St. Louis 6-5 on a three-run homer by Tom Haller in the last of the night.

15-YEAR-OLD LOCAL YOUTH

Noah Leyva's Arena Debut Praised By Publication

Noah Leyva Jr., the 15-year-old from Big Spring who aspires to become a bull fighter, was the subject of a full-page feature story which appeared recently in the European edition of Stars and Stripes, a publication for service personnel.

Written by Wallace Beene of the Stars and Stripes' Madrid Bureau, the article included four pictures of young Noah and his family.

Beene wrote, in part: "Everybody has heard the story about the mythical golfer who hit a hole in one the first time he stepped up to the tee."

"A 15-year-old American youth living in Spain scored against a 270-pound bull with his first sword thrust."

"The matador was Noah Leyva Jr. of Big Spring, Texas, son of the first sergeant of the 872nd Aircraft Control and Warning site in Constantina, a small town north of Seville."

"It all started when the Spanish invited us to enter a 'cuadrilla (bullfighting team) to appear with their group at the festival,' Noah Sr. explained."

"I asked around for volunteers but nobody seemed eager to take on a bull of this size. Finally, Noah said he would like to try," the father explained.

"Young Noah got a few lessons from Pepe, a former matador living in the town, the week before the big event. He also got the use of a souvenir sword loaned by Lt. Col. James G. Wells Jr., CO at Constantina that had been a gift from his wife."

signed up as "sobresaliente" or substitute matador, in case Noah got hurt.

"Came the big day and Americans went forth to do battle with more courage than conviction of their abilities. The stands were packed, and the prevailing attitude was set by a poster advertising the corrida that carried the notation: 'All the bodies of the Americans will be delivered to the base after the bullfight.'"

"The bugle blew, and the Spanish group took the first bull. The results were something less than spectacular."

"Then came the moment that everyone had been waiting for—the massacre of the Americans. Pepe and Noah's father took positions behind the fence ready to go to the youngster's aid."

"The strong young bull charged into the ring and the nervous novices started giving it the old college try. 'I don't remember whether I was scared or not,' young Noah said later."

"It didn't take long for the action to get under way. Reeves got a nice black eye in a matter of minutes, and substitute matador Alonzo got trampled by the bull in a matter of minutes."

"Noah did his best with the big cape and made several creditable passes. 'But most of the time the bull kept coming at me and I had to move back,' he admitted."

"Here Noah showed the ability that is vital to a matador—the ability to move backwards and forwards with equal sureness. 'I got bumped a couple of times but I didn't get hurt.'"

"Noah may or may not have been scared, but I was," his father said, "I got behind the boards and stayed there."

"At last came the moment of truth. Noah got into position directly in front of the bull and

Charley's Downs Midland Twice

MIDLAND — Charley's Package Store of Big Spring swept a softball doubleheader from the Midland Merchants here Saturday night, winning by scores of 12-0 and 8-0.

Cotton Mize pulled a no-hit game in the opener while G. C. Black tossed a two-hitter for Big Spring in the afterpiece. Both of the blows off Black were singles.

In the opening game, Larry McElvey clubbed a home run for Big Spring while Jerry Cockrell, Ted Gross and D. A. Miller all had triples.

In the second game, Cockrell had two doubles, Spec Franklin one.

Local Dragsters First At Tye

Two Big Spring dragsters won first place trophies in their classes in the Abilene JayCee Drag Strip meet held at Tye Sunday.

They were Jan Tally, winner in K stock, and Travis Anderson, who ruled in L stock.

## Thomas Shows New Machine

As Eugene Thomas, owner of Thomas Office Supply, 101 Main, demonstrated the new Royal "Empress" typewriter, he had a great deal to say concerning the popular machine.

"We were excited about this machine when we first introduced it early in the year," said Thomas, "and we are more impressed with it now than ever."

"Everyone who stops in to try out the 'Empress' shares our enthusiasm. Here they see a machine with features that are exclusively Royal's. Royal has always had the touch. For instance, today, the over-all pressure required to depress Royal keys is much less than for any other typewriter made. On Royal's finger-balanced keyboard, touch is tailored to the length and strength of each finger—for a uniform typing 'feel'."

Everyone knows about the Royal Magic margin—the most famous of all typewriter features, and only Royal has it. It sets and resets both margins automatically at the flick of a finger.

Thomas demonstrated the line meter, a simple, easy-to-use indicator that tells exactly how many lines until the end of the page. He noted that all scales on a Royal are uniform. They all start and end together—to eliminate guesswork.

With a quick "click" Thomas removed the easy-out cylinder to show how simply it is removed for changing or cleaning. In the same manner it can be replaced with any one of three different hardnesses of cylinders.

"Even the carriage return was scientifically planned," continued Thomas. "It is a comfortably curved lever that is easy on the eyes and hands. It is never cold to the touch and never reflects light in the eyes."

The Empress is produced in four decorative colors to blend with any office or home decor. Customers can choose from Oyster

White, Artec Blue, Fawn Gray and Mosslike Green.

Thomas can furnish many supplies needed daily in most business offices. For your office machines, furniture and paper supply, Thomas invites you to do business locally with his firm. For phone orders, dial AM 4-6621.

## Nalley-Pickle Is Dedicated

In a profession known for its courtesy, Nalley-Pickle Funeral Home goes to great lengths to be sure the service they offer is the best obtainable and that it is offered in the most understanding way.

The home was established many years ago. Its doors are open to every race and creed. The home is open at any hour for emergency calls and its oxygen-equipped ambulances will speedily answer any call for assistance with drivers who are trained in first aid. A dedicated staff is available to advise and counsel. Families who find it hard to think when under stress can be comforted by the personnel who take on many responsibilities to make sorrow lighter.

A woman attendant is on duty at all times to insure comfort and provide helpful service. Families and friends may gather in privacy and know that their peace-of-mind is important to the staff at Nalley-Pickle.

Nalley-Pickle Funeral Home is a member of "National Selected Morticians." This group is worldwide in scope and strives to provide members with the latest developments in the funeral home profession.

## New Ducklings

"Cleopatra" takes her new ducklings for a swim in the Trinity Memorial Park pond. The baby ducks were hatched last week and spend a great deal of time keeping cool in the pool. The fowl family at the park may be increased again before long if the Crested Mallin and White Crested duck eggs that are in an incubator hatch successfully. The lonesome swan is Nebuchadnezzar, who keeps watch over the flock.

## Cleo Leads Eight Ducklings Out For Their First Swim

Cleo, one of the ducks that makes her home near the Trinity Memorial Park pond, had not been seen for some time. It was feared she might have come to harm but one morning last week she came out of the brush with adequate proof that she had been busy for at least 28 days. That is the incubating time for duck eggs and Cleo led her eight baby ducks to the pond for their first swim.

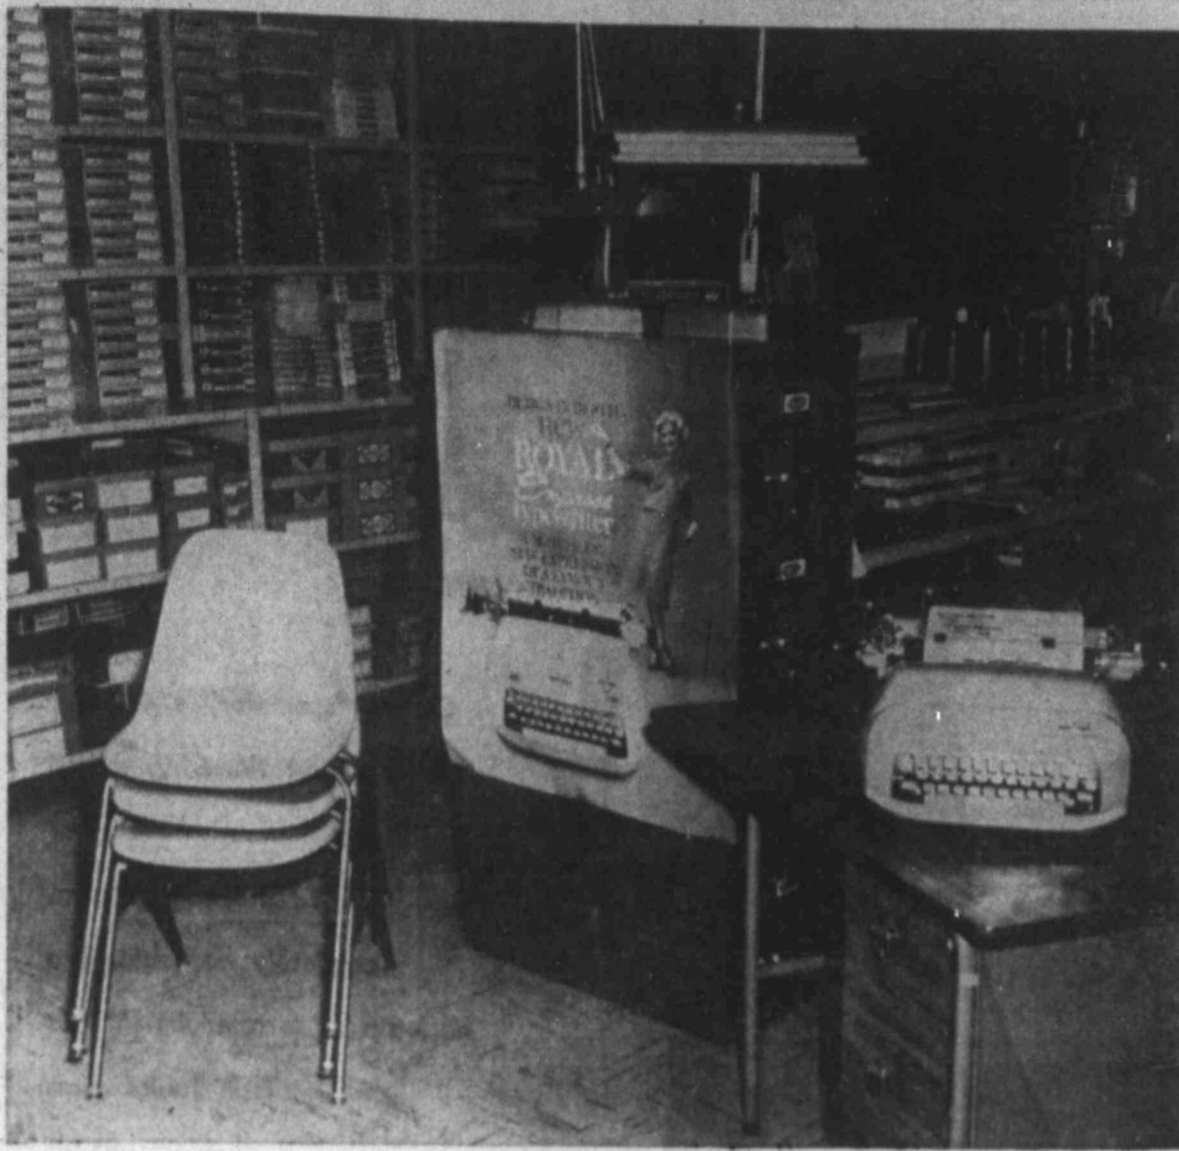

Her nest was located and two remaining eggs placed in an incubator where some special Crested Mallin and White Crested duck eggs are being hatched. One more duckling appeared shortly. The incubator baby was given to Abigail, a friend of Cleo's.

Who had been setting unsuccessfully for several weeks in the little shelter on the island. It is believed her eggs had too much protection in the shelter and perhaps became too hot. Abby was rewarded for her long vigil, however, when she happily adopted the incubator baby.

The Crested Mallins and White Crested incubator babies should hatch this week and it is hoped that Cleo or Abby will adopt these. They are breeds of special interest. The eggs were shipped to Trinity Memorial Park by Meadowbrook Poultry and Game Farm of Pennsylvania. The ma-

ture White Crested and Crested Mallin have perched on their heads like a new-Easter bonnet—a crest of feathers—hence the name.

The tall white fellow floating in the middle of the pond is Nebuchadnezzar—a lone White Muted European Swan. His fair lady, Amirtha, met with a fatal accident two years ago. He is still pretty glum about the situation so visitors to the pond are asked not to tease or aggravate Neb in any way. He has been known to chase people when in one of his dark moods. An effort is being made to find a new mate for Neb, in hopes that his disposition will improve.

Empress

The typewriter pictured on the desk at right is Royal's latest model, the "Empress." First marketed early this year, the machine is proving one of the most popular ever carried by Thomas Office Supply, 101 Main St. Eugene Thomas says

the new fiberglass chairs are just as useful outside the house as inside the office. They are molded to stack conveniently for storage and come in fashion colors.

**Mongrel Wins  
Reprieve, May  
Gain Stardom**

CLAUDE, Tex. (AP)—Because he sat up and begged at the right moment, a mongrel terrier won a last hour reprieve from death row and entered a life of glamour and possible dog-stardom.

"His appeal was heard," Tommy Sutton, wrangler for Paramount Pictures Corp., said on the "Hud Bannon" set in Claude.

The movie is being filmed on location in the Panhandle.

"Martin Ritt, the director, wanted a plain, ordinary, friendly doggy-dog," Sutton added. Sutton stopped by the Amarillo animal shelter.

"I walked along the row of caged looking for the right kind of dog," Sutton said. "This blond, curly-haired terrier sat up on his back legs and waved his paws at me—we took to each other right off."

The "rap sheet" showed his name was "Boots." His offense was running loose in the neighborhood. His sentence was "to be put to sleep."

Sutton changed the dog's name to "Skipper"—and a chance to start over.

"Skipper's" new home will be in California.

**Governor And Nominee**

Democratic gubernatorial candidate John Connally, right, of Fort Worth enjoys a remark made by Gov. Price Daniel at a meeting of the Texas State Democratic Executive Committee in Austin. Daniel, defeated in the May primary in

his bid for re-election, told members of the committee that the task ahead is "to unite Democrats behind our nominees for a decisive victory against the Republicans in November."

**Moving Office**

HOUSTON (AP)—Columbia Gulf Transmission Co. is moving its transmission and gas control office and 30 workers to Houston from Nashville, Tenn.

**Graham Draws  
Biggest U.S. Crowd**

CHICAGO (AP)—Billy Graham capped his Chicago "Crusade for Christ" Sunday by telling the largest American audience of his evangelistic career. "The crusade has just begun."

Some 116,000 persons—jammed elbow-to-elbow in Soldier Field in 90-degree heat—heard Graham give his final sermon of the 19-day crusade.

Graham has addressed larger crowds only twice in 15 years of evangelistic crusading, both times in Australia in 1959. He spoke to 140,000 in Melbourne and 125,000 in Sydney. More than 100,000 persons heard the evangelist preach in New York City's Yankee Stadium in 1957.

He urged members of his Chicago audience to dedicate their lives to God, to put religion into their social, economic and civic lives, and to fight what he termed, "internal decadence of the culture."

"This crusade doesn't end today. It is only the beginning. Now you have heard the Gospel and you must go out and live as Christians. You are held responsible by God."

Graham listed several reasons why he thought America is backsliding morally in a manner similar to ancient Rome.

"America has gone on a sex binge that has no parallel in history. Divorce is shattering families—the heart of any nation."

"And we spend. The average American has no conception of the

impending disaster caused by deficit spending.

"And our armaments. Rome was not defeated by military superiority. It was defeated by its moral and religious decay. Here in America we also have a decaying religion."

"Oh, we go to church," he continued, "but we serve God only with our lips. You believe in God with your intellects. You believe in Him with your hearts and with your consciences, but you haven't accepted Him."

"You're almost in the kingdom of heaven! But almost isn't good enough."

"You can't come to God anytime you feel like it. You can only come when God is with you spiritually. There may never be another chance."

"Vaunted, shrewd, clever, sophisticated, Rome fell. America can fall also. It's up to you."

At the sermon's conclusion 1,729 persons made their way through the crowded aisles to the speaker's podium to make what Graham calls decisions for Christ.

A total of 16,451 decisions were reported by the Graham organization during the crusade which started Memorial Day. The estimated total attendance was 703,000.

Graham said he will go to his home in Montreat, N.C., for a rest before conducting a special one-day rally, July 8 at the World's Fair in Seattle, Wash.

**U.S. Readies Highest,  
Biggest Nuclear Explosion**

HONOLULU (AP) — The U.S. nuclear testing force made ready to fire its highest and biggest blast over the Pacific after dark tonight—about dawn Tuesday in the eastern United States.

The mammoth explosion was expected to light the sky with a flash brighter than sunshine and to be visible in Hawaii, 750 miles northeast of the Johnston Island launch site.

It was scheduled for firing between 11 p.m. tonight—4 a.m. Tuesday EST—and 2:30 a.m. Tuesday—7:30 a.m. EST.

Scientists say communications throughout the Pacific will be disrupted for almost two days after the shot, 50 to 500 times as power-

ful as the atom bomb dropped on Hiroshima. It will be exploded some 200 miles above the Pacific.

In New York, the Congress of Scientists on Survival appealed to President Kennedy Sunday to call off the high test because of "possibilities of hazard for mankind and his environment."

The group told the President in a telegram such tests "will disturb the Van Allen belt," bands of high energy particles several hundred miles above the earth.

The wire said qualified scientists in this and other countries had not had adequate opportunity to try to predict long-term effects of such a shot.

"They may be harmless. They may be destructive. To move ahead is to stake the future of mankind in an ill-considered game of chance," the scientists said.

The 20th announced detonation in the current series in the Pacific was exploded Sunday in the area of Christmas Island, some 1,200 miles south of Honolulu.

It was an intermediate-range device of a force equal to that of 20,000 to one million tons of TNT.

An auroral effect, much like the northern lights, is expected to flash across the Pacific when the big blast disrupts the Van Allen belt.

The device will be boosted aloft atop a Thor intermediate range missile, the same type used June 4 in the first Johnston Island test which failed when the missile's tracking system malfunctioned.

The Federal Aviation Agency announced last week that the blast will disrupt high frequency communications on 20, 10, and 5 megacycles across the Pacific. Some frequencies are expected to be washed out for as long as 32 hours after the blast, the announcement said.

**Envoys Burned Out**

TARRYTOWN, N.Y. (AP) — A 20-room, 3-story fieldstone structure occupied by the Nigerian delegation to the United Nations was swept by fire Sunday. Damage was estimated at \$250,000.

**Estes 'Symbol'  
Of Sickness In  
Farm Program**

MINNEAPOLIS (AP) — Secretary of Agriculture Orville L. Freeman says Billie Sol Estes is a symbol of sickness in a farm program that piled up \$9 billion in surpluses.

"When you have a surplus problem like that," he said, "there will always be someone trying to figure a way to get something for nothing."

"Estes was smart enough to get millions of dollars from private finance companies, but he wasn't smart enough to chisel one thin dime out of the Agriculture Department."

The former Minnesota governor said most of the \$7.5 million paid to Estes for grain storage "was paid to him under the previous Republican administration. We've fined him as much as we've (present administration) paid him in grain storage—nearly \$500,000."

Freeman denied any wrongdoing in the department in connection with Estes' grain storage operations.

Still Has The Touch

John Connally, Democratic nominee for the Texas governorship, shows he has not lost his farm touch while visiting his hometown of Floresville. Connally participated in the observance of National June Dairy Month by showing he still knows how to milk a cow.

## Confesses Slaying Student Actress

TOMS RIVER, N.J. (AP) — A 41-year-old married man who once served a prison sentence for rape faces a hearing on a murder charge in the death of pretty student actress Phyllis Ann Jones, 24.

No date has been set for the hearing for LeRoy A. Harrison, who was held today in Ocean County jail. Police said he admitted the slaying.

He was arrested Saturday night at his home in Hamilton Township, a Trenton suburb.

Police said Harrison, a printer and father of two boys, 11 and 5, admitted the crime in three hours of questioning.

The body of Miss Jones was found in a gravel pit near Toms River June 18. She was wearing only a bathing suit. The halter strap had been used to tie her hands behind her back.

Autopsy reports indicated she had not been sexually assaulted. Police said she had been smothered and strangled.

The body was found on the mainland about 15 miles northwest of Long Beach Island, which is located off the New Jersey coast. Miss Jones had gone to the island with one of the drama teachers at Hedgerow Theater in Moylan, Pa. The young woman pursued an acting career when she wasn't

working as a secretary. Her home was in West Norriton, Pa. She and the teacher, Miss Rose Schulman, 52, had driven from Pennsylvania early Saturday morning, June 9. Miss Schulman said they had planned a one-day outing at the beach.

Miss Schulman told police that after their arrival Miss Jones decided to take a walk. She never returned.

The next evening a motorist spotted the body in the gravel pit and notified police.

Police told newsmen Harrison's arrest had followed from a tip early in the week by some Philadelphia area people who claimed to have seen Miss Jones and Harrison in a station wagon.

Harrison worked for the Harrison Press, owned by his father. The father, Alvan F. Harrison, died last Wednesday of a heart attack.

## Thundershowers Bring Relief

By The Associated Press  
Thundershowers continued today along a cold front extending from Texas to Michigan, bringing relief in some areas from sweltering heat that covered most of the nation's eastern half over the weekend.

## Odessa Chuck Wagon Gang To Feed 10,000

LAS VEGAS, Nev. (AP)—The wide-brimmed cowboy hat replaces the tall top of the chef this evening as Texans put on a barbecue for an expected 10,000 persons.

The giant cook-out opens the 42nd national convention of the U.S. Junior Chamber of Commerce.

The Chuck Wagon Gang of Odessa, Tex., plans to feed over 5,000 pounds of Texas beef to the crowd.

"They feed a real Western chuck wagon dinner," said Bob O'Brien, national convention chairman. He said the Chuck Wagon Gang has served past conventions of the Junior Chamber, including last year's when they dished out chow to some 7,000 persons at Atlanta.

"They are a real highlight of every convention," he said. "They are a real versatile group."

The Chuck Wagon Gang transports its barbecue materials in a decorated, refrigerated van, setting up its camp and starting the fires 24 hours before the eating begins.

This dinner will be served in the convention center, a few blocks from the Las Vegas

casino-hotel strip. The cooking is done in the parking lot in portable steel pits.

Aside from the beef, the chuck wagon gang plans to dish out 800 pounds of beans, 600 pounds of cabbage, 750 loaves of bread, 1,400 pounds of onions, 300 gallons of iced tea and a healthy amount of pickles and olives.

O'Brien said the 10,000 persons expected at this dinner won't be any trouble for the Chuck Wagon Gang to accommodate.

Since 1940, when the group was organized, it has served over one million persons. During one 12-month period it fed 100 organizations. Its biggest meal was cooked for 18,500 at the Permian Basin Oil Show in Odessa in 1958.

The Chuck Wagon Gang is comprised of 250 bankers, lawyers, doctors, oil men, merchants, cattlemen and contractors.

Each member buys his own colorful western costume, pays his own transportation to barbecue sites across the country and donates his own time.

It has traveled some 500,000 miles in its barbecue jaunts representing the Odessa Chamber of Commerce.

### To Marry

The engagement and approaching marriage of Miss Barbara Jean Wilkerson to Frank Pierce Earley Jr. was announced by her parents, Mr. and Mrs. L. C. Wilkerson, 210 West 20th. Parents of the bridegroom-to-be are Mr. and Mrs. Franklin P. Earley, Big Spring. The wedding date is set for July 19.

## Miss Judy Osborn Is Honored At Shower

Miss Judy Osborn, bride-elect of Jerry Michael Wilson, Vincent, was honored at a miscellaneous shower on Friday evening in the home of Mrs. Glenn Wallace. Co-hostesses were Mrs. Tommy Runyon, Mrs. Larry Osborn and Miss Malinda Ray.

## Cosden Club Winners Are Revealed

Seven and one-half tables were in play in Sunday afternoon games of Cosden Country Club duplicate bridge.

Winning in the north-south division were Mrs. Elmo Wasson and Mrs. E. L. Powell, first; Mrs. R. W. Thompson and Mrs. Tom South, second; Grover Cunningham Jr. and Merl Topp, third. East-west winners were Mrs. John Stone and Mrs. Ben McCullough, first; Mrs. Lula Ashley and Mrs. Jack Irons, second; Mr. and Mrs. Shepherd Cowan, Albuquerque, N. M., third.

## Winterrowds Are Parents Of Son

A son was born to Mr. and Mrs. Ralph W. Winterrowd Jr., Pecos, on Sunday at 10:30 a.m. He weighed six pounds and four ounces at birth. Other children in the family are Ralph III, Debbie and Donna. Paternal grandparents are Ralph W. Winterrowd, Pecos, and Mrs. Ruby Hasey, Big Spring. Mrs. Eula Burns, Springfield, Tenn., is the maternal grandmother. Paternal great grandparents are Mr. and Mrs. B. E. Winterrowd, Big Spring.

### Daytime Plan

Princess lines that combine the comfort of a home frock with the trim air of a gad-about are yours in this shirtwaist type dress. No. 3220 comes in sizes 14 1/2, 16 1/2, 18 1/2, 20 1/2, 22 1/2, 24 1/2. Size 16 takes 4 yards of 35-inch fabric. Send 35 cents in coins for this pattern to IRIS LANE, Big Spring Herald, Box 1490, New York 1, N. Y. Add 5 cents for third class or 10 cents for first class mail. For the New Spring-Summer Pattern Book featuring the pick of the season's up-to-the-minute wearable styles, send 50 cents.

## Duplicate Winners Announced

The Elks Duplicate Bridge Club held a session on Saturday evening at the Elks Lodge.

Winners in the north-south division were Mr. and Mrs. Lloyd Nalls, first; Mr. and Mrs. Joe Herbert, second; Mrs. Netta Prager and Ed Hartstein, third. East-west winners were Mr. and Mrs. E. G. Patton, first; Dr. and Mrs. J. H. Fish, second; Mr. and Mrs. Jack Price, third.

It was announced that the club will meet on first and third Saturdays at 7:30 p.m. The next game will be played on July 7.

## McElrath To Go On Mexico Trip

FORSAN (SC) — Mr. and Mrs. L. B. McElrath will join a train of tourists on Tuesday in Mexico for a guided tour of the country. They will travel to Ojinaga, Mex., and to the West Coast. They plan to be gone for a week.

Mr. and Mrs. Henry Park were in Artesia, N. M., as guests of Mr. and Mrs. Alvin Bushong, who are former residents of Forsan.

Mr. and Mrs. Bill Conger, William and Betty were in Stephenville this weekend visiting her brother and family, Mr. and Mrs. George Braver.

Mr. and Mrs. T. D. Breihaupt, Beverly and Karen were here over the weekend to visit her parents, Mr. and Mrs. J. H. Cardwell.

Linda Riffe is visiting here with her parents, Mr. and Mrs. Willie Riffe, and her sister and brother. She lives in Bay City with the Rev. and Mrs. A. L. Byrd.

## Shelters Cost Out Of Reach?

By The Associated Press  
Mrs. Charles Aracich of Tampa, wife of an accountant, a full-time nurse herself, and a mother of a son, 3, says: "I think if it were possible to bring down the cost to a level where the average family could afford a shelter, every woman would want one. But you must provide first for basic needs, such as food. Shelters cost money, or state aid, will not help."

Shelter prices may be high, but most women agree that the cost of living is fairly well in balance — while costs have gone up, so have wages.

"I don't want a fallout shelter," says Mrs. Martha Blake, Birmingham, Mich., housewife and mother of six. "My family is spread out over a wide area during the day and chances are they could not get to the shelter in time."

"I think mankind will continue for a long time. The future of our children rests with their ability to go through many crises. We went through trying times and made it. I think they will."

## Actress Says She Was Brainwashed

By WILLIAM GLOVER (AP) DRAMA WRITER  
NEW YORK (AP)—"I was brainwashed," Jenny Hecht cheerfully asserts.

It is her explanation of how one gets to be an acting fanatic. And the tiny, 19-year-old daughter of author Ben Hecht is without doubt one of the most zealously determined young performers now extant.

"Nobody has to lure me into anything—I'll take any role," declares Jenny. "I don't understand other players my age who aren't as intense as I am."

"I keep joining groups—all kinds of groups from philosophy to dancing. And all I do is prove to myself that acting is all I want to do."

## Lutherans Return From Biennial Convention

Returning over the weekend from San Antonio were Mrs. John Foster, Mrs. Albert Hohertz, Mrs. Elwyn Runstrom and Mrs. Clair Wiederhoft of St. Paul Lutheran Church who attended the 12th biennial Convention of the Texas District of the Lutheran Women's Missionary League of the Lutheran Church, Missouri Synod.

Five hundred and seventy-five women from all over Texas attended the two-day meeting, which was held at the Granada Hotel in San Antonio June 13th and 14th.

Newly elected officers for the next biennium are: Second Vice President, Mrs. Robert H. Dutton,

San Antonio; Recording Secretary, Mrs. Robert B. Gloyna, Pasadena; Treasurer, Miss Toni Kraatz, Dallas; Counselor, The Rev. Louis Westerman, Navasota.

The Mite Box contributions during the past two years totaled \$32,000.00. Twenty-five per cent of all collections are contributed to the International treasury for foreign missions, the remainder is used for work within the State of Texas. The new mission projects selected for the years 1962-1964 are the following: Chapel and Student Center at Tarleton State College, Stephenville, and Matamoros Mission, Matamoros, Mexico. Also aided by grants of \$3000.00 each will be the Mt. Calvary and San Pedro Missions at Houston. Mt. Calvary Mission was so extensively damaged by Hurricane Carla that all services were discontinued there.

The 1964 convention will be held in Odessa and the 1966 convention will be held in Corpus Christi.

## Colors For Men

Signal flags inspire cotton duck trunks and after-swim jacket. Panels of blue, green and white follow the trend to bold, unabashed colors in men's swimwear this summer.

## Miss Moore Tells Plans

WESTBROOK (SC) — Arlie R. Moore announces the engagement and approaching marriage of his daughter, Gladys Elaine, to Pfc. Loyd Hart Jr. son of Mr. and Mrs. Loyd Hart of Colorado City, formerly of Westbrook.

The couple will exchange wedding vows June 27 in the Westbrook Baptist Church.

The bride-elect is a 1962 graduate of Westbrook High school and the bridegroom-to-be is a graduate of the 1956 class. He is stationed at Denver Colorado in the Fitzsimmons Hospital with the U. S. Army.

The couple will make residence in Aurora, Colorado.

## On Dishwashing

Rub bottom of outdoor cooking utensils with soap. The soot and grime will wash off easily. Or wrap bottoms of such utensils with aluminum foil and have no blackened utensils. Just throw foil away.

## Relatives Visit In Wash Home

FORSAN (SC) — Relatives of the C. V. Wash family visited in their home recently while here for funeral services for Mrs. S. C. Crumley. They were Mr. and Mrs. Hubert Crumley and Alva Jean, Mr. and Mrs. Albert Crumley, Mrs. Wilma Hall, Mrs. Joe Awalt and Mrs. Lizzie Colson, all of Doole; Mr. and Mrs. Earl Crumley and Mr. and Mrs. Clayton Crumley, El Paso; Mr. and Mrs. Nalley Snowden and Mrs. Chappel Crumley, Austin.

Other guests were Mr. and Mrs. Lawrence Booth and daughters of Kyle; the Rev. and Mrs. S. C. Crumley and sons of Seagoville; Elmer Crumley of Brady; Mr. and Mrs. Ray Crumley of Stephenville; Mr. and Mrs. Jimmy Crum-

ley of Lubbock; Mrs. Lonnie Crumley of Levelland; T. C. Bushong and family of Irving; Mr. and Mrs. Guy Sanders of Odessa; Mr. and Mrs. Vernon Cannon and children of Hobbs, N. M. Mr. and Mrs. Jesse W. Overton and Lanell and the Rev. Carl Lee accompanied the family to Pear Valley for interment on Friday afternoon.

## Wall Fabrics

Growing interest in the luxury look of fabric-on-the-wall has resulted in the development of a new fireproof and washable wall covering. Made with an all-cotton cloth base, it's applied like regular wallpaper. Matching drapery fabric is available.

## No Ruling On Death Sentence

MEXICO CITY (AP)—Holding it lacks jurisdiction, Mexico's Supreme Court has refused to rule on an appeal from the death sentence by Dykes Askew Simmons of Fort Worth, Tex.

The case was sent to a circuit court for review.

A Monterrey court sentenced Simmons, a mechanic, to die for the roadside slaying of two sisters and a brother the night of Oct. 12, 1959, on the Monterrey-Laredo highway near Sabinas Hidalgo.

The victims were Marta Perez Villagomez, 21, her sister, Hilda, 18, and brother, Juan, 14.

Defense lawyer Hector Zapata first appealed to the Supreme Court of Nove Leon, which upheld the sentence.

Now a circuit court must decide whether the death sentence, very rare in Mexico, shall be carried out or Simmons' punishment reduced to Mexico's maximum prison sentence of 30 years.

Contending the defendant is not mentally responsible, Zapata has argued Simmons should be sent for treatment in a U.S. institution.

## Three Persons Injured

This 1956 model pickup rolled over twice after a collision with a 1962 model car at Tenth and Gregg Sunday. The driver, Avon Autry Garrard, 38, 1001 Lancaster, was taken to Cowper Hospital and two occupants of the other car, William Robinson, 58, and Mrs. Leeta Robinson, 58, were taken to the same hospital by a Nalley-Pickle ambulance. Sgt. N. P. Cortez, NCO in charge of the truck section, of Webb AFB, who witnessed the accident, made the photograph.

## Four Treated For Injuries Following Wreck On Sunday

Four persons were taken to Cowper Hospital and Clinic Sunday following two automobile collisions. Three were released Monday morning and one will go home Tuesday.

Mrs. Vera McCaskill, 53, received painful, but not serious, injuries when the car in which she was riding, and being driven by 16-year-old Jerry Dale McCaskill, was in collision with a tow-car driven by John Conrad Mader, 47, Midland. The accident happened at 9 a.m. at Fourth and Birdwell. The McCaskills are from Perryton.

Mrs. McCaskill received cuts and bruises and will be released from the hospital Tuesday. A River ambulance took her to the hospital. Her physician reported her condition as good.

Mader, a claims adjuster, was towing a second car behind his own. His car received damages estimated at \$400 and the McCaskill car was listed as a total loss.

A second accident, at 3:45 p.m., occurred at Tenth and Gregg. Avon Autry Garrard, 38, of 1001 Lancaster, William H. Robinson and Mrs. Leeta Robinson, of Clow-

is, N. M., were hospitalized for treatment of severe cuts and bruises and all were released Monday morning.

The pickup driven by Garrard, rolled over twice after the collision. Police made no damage estimate. The Robinson car's damage was listed at \$600. Garrard was driving west on Tenth street and the Robinsons were going north on Gregg.

A Nalley-Pickle ambulance took all three to the hospital.

## City Purchases Street Machinery

The city commission purchased heavy machinery for the street department during a special meeting this morning at the Wagon Wheel Restaurant. Bids for a tractor-shovel loader, motor grader, small tractor, and street sweeper were opened Tuesday night and specifications were studied before the awards were made this morning.

The loader was purchased from Plains Machinery Co., Odessa, at \$2,840 net including trade-in of an old loader. The new loader will be a Hough Model 360 and was accepted on the basis of specifications and low bid.

Treanor Equipment Co., Odessa, submitted a net bid of \$15,000 on a Caterpillar 12. This equipment was purchased on the basis of past performance experience.

Driver Truck and Implement Co., Big Spring, submitted a low bid on a small tractor used for pulling rollers, plows, and other equipment. The bid was \$3,000 net, including \$133.02 trade-in value of an old tractor.

A new streetsweeper was purchased from Browning-Ferris Machinery Co., Lubbock, for \$10,400, including \$1,500 trade-in on two old sweepers. The Wayne Model 880 sweeper is equipped with a 153-horsepower engine which was chosen over lighter power plants in others.

Delivery of all equipment is expected within 30 days.

Other bids received on equipment were: Loader—Service Machinery Co., Lubbock, \$11,745 including \$2,000 trade, and the same model with diesel engine at \$650 additional; Patton Equipment Co., Abilene, \$11,300 including \$5,190

trade, on Trojan 134; Treanor Equipment Co., Odessa, \$2,340 on Caterpillar Model 922 including trade; Pierce Equipment Co., Odessa, \$11,360 on a Michigan Model 75-A2, including trade.

Motor grader—Plains Machinery Co., Odessa, \$15,500 on a Gallion 118, including \$5,000 trade; Pierce Equipment Co., Lubbock, A-W 300, \$17,248, including trade, freight and taxes; Patton Equipment Co., Abilene, Huber-Marco 18-D, \$16,000 including \$4,497 trade; Road Construction Equipment Co., Lubbock, Adams No. 440, \$14,987.62 including \$4,515.38 trade; Western Machinery Co., Inc., Abilene, Allis-Chalmers No. 45, \$14,975 including \$6,375 trade;

Small tractor—Posey Tractor Co., Big Spring, Massey-Ferguson No. 5-80, \$5,969.15 including trade of \$1,137.50; Taylor Implement Co., John Deere No. 3010, \$3,728.15 including \$20 trade.

Sweeper—Plains Machinery Co., Odessa-Amarillo, Model 99, \$9,996, including trade of two old sweepers at \$1,412.50; Road Construction Co., Lubbock, Egin, \$10,079.40 including trade of two at \$1,863.60.

The commission authorized examination of a police car damaged in a rear-end collision Saturday to determine the advisability of repairs. When final inspection is made, the commission will decide whether to repair or trade the car in on a new one. Insurance adjustment will have to be considered.

## House Probers Gather Data On Deviations

DALLAS (AP)—Staff members of the Texas House General Investigating Committee are gathering information on deviated East Texas oil wells to see if new legislation is needed.

Rep. Charles Ballman of Borger, committee chairman, said Sunday the Department of Public Safety and the attorney general are doing a thorough job on investigation and enforcement.

But, he added, "because of the serious and long range aspects affecting mineral resources and conservation practices, we have instructed committee counsel David Witts and the committee staff to commence gathering information from all sources to determine if remedial legislation is required."

Ballman's committee was briefed Saturday by DPS officials. He said information submitted in the executive session indicated matters "that concern the people and economy of this state are involved in the deviated well case."

Investigators have been probing reports that many wells have been drilled to siphon oil from neighboring leases.

"As customary with this committee, preliminary information assembled will be checked and analyzed in executive session, and the committee then will decide what course is proper and appropriate in order to fulfill its responsibilities to the Texas Legislature," Ballman said.

## LEGAL NOTICE

NOTICE TO BIDDERS  
The Commissioners of Howard County, Texas will receive bids on the 12th of July, 1962 at 10:00 A.M. in the Commissioners Courtroom in the Court House, Big Spring, Texas, for paving the following:

PAVING—SINGLE COURSE SURFACE TREATMENT  
Paving at Lottus, Texas. Specifications are available in the County Engineer's Office, Courthouse, Big Spring, Texas.

The Court reserves the right to reject all bids.

LEE PORTER  
County Auditor

## Science Shrinks Piles New Way Without Surgery Stops Itch—Relieves Pain

New York, N. Y. (Special)—For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain—without surgery.

In case after case, while gently relieving pain, actual reduction (shrinking) took place. Most amazing of all—results were

so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!"

The secret is a new healing substance (Bio-Dyne®)—discovery of a world-famous research institute.

This substance is now available in suppository or ointment form under the name Preparation 29.

At all drug counters.

## WANTED! MEN — WOMEN

from ages 18 to 25. Prepare now for U.S. Civil Service job openings in this area during the next 12 months. Government positions pay as high as \$446.00 a month to start. They provide much greater security than private employment and excellent opportunity for advancement. Many positions require little or no specialized education or experience. But to get one of these jobs, you must pass a test. The competition is keen and in some cases only one out of five pass.

Lincoln Service helps thousands prepare for these tests every year. It is one of the largest and oldest privately owned schools of its kind and is not connected with the Government.

For FREE information on Government jobs, including list of positions and salaries, fill out coupon and mail at once—TODAY. You will also get full details on how you can qualify yourself to pass these tests. Don't delay—ACT NOW!

I am very much interested. Please send me absolutely FREE (1) A list of U.S. Government positions and salaries; (2) Information on how to qualify for a U.S. Government Job.

## STOP! 4%

Trustees will be asked to review the policy on immunizations after its first year in use in local schools at a regular meeting Tuesday. It will be held at 7:30 p.m. in the Administration Building, 100 E. 10th.

"Because of the shortage of nursing personnel in the schools, we will probably ask that the required immunization program be extended one year at a time until it is in effect in all 12 grades," Sam M. Anderson, superintendent, said.

When the policy was passed, it was to apply to all grades in Big Spring Public schools. However, it was instituted during the 1961-62 school year only in grades 1-6.

Expected receipts for the coming year and the cash balance for the current year will be supplied as trustees get a preliminary look at the budget for the coming year.

Other business for the meeting will be a report on attendance with projections on enrollment for 1962-63, payment of bills and accepting or rejecting resignations.

## Immunization Review Set

"Because of the shortage of nursing personnel in the schools, we will probably ask that the required immunization program be extended one year at a time until it is in effect in all 12 grades," Sam M. Anderson, superintendent, said.

When the policy was passed, it was to apply to all grades in Big Spring Public schools. However, it was instituted during the 1961-62 school year only in grades 1-6.

Expected receipts for the coming year and the cash balance for the current year will be supplied as trustees get a preliminary look at the budget for the coming year.

Other business for the meeting will be a report on attendance with projections on enrollment for 1962-63, payment of bills and accepting or rejecting resignations.

## Girls Urged To Sign For Camp

First through third grade girls are encouraged to register this week for YMCA Girls' Day Camp which runs June 25-July 6. At present, 12 have signed for the camp and a limit of 40 has been set by Y officials.

Girls will camp in Birdwell Park, adjacent to the YMCA building, from 8 a.m. to 4 p.m. Monday through Friday during the two-week period. The session costs \$13.50 for members; non-members may buy a summer membership to the Y for \$5 plus the camping fee. The fee includes insurance, transportation, craft supplies, milk each day and a tee shirt.

Among the activities of the camp will be cook-outs, games, stories, devotions, swims, a family picnic, an over-night slumber party at the Y, plus a trip each week.

Each group of 10 girls will have a trained counselor with them in all camping activities. Camp director is Mrs. Jimmie D. Jones.

### Don Yarborough's Campaign Chief Heads New Party

WACO (AP) — The man who was coordinator for Don Yarborough's campaign for the Demo-

cratic nomination for governor of Texas will head the newly-organized Texans for a Two-Party Texas.

David Copeland, Waco lawyer, was elected chairman of the organization.

Copeland said the new party is "dedicated to the historic principles of the national Democratic party...not to any party machinery which merely carries the Democratic name."

He said members "will vote for every Democrat...but not for everyone who just calls himself a Democrat. The test is whether or not they stand for the principles of the national Democratic party."

"The so-called Democratic party in Texas and John Connally (Democratic candidate for governor) fail the test," Copeland said.

The statement did not mention Republican gubernatorial candidate Jack Cox, but Copeland said "Our objective is to defeat the Republican who masquerades as a Democrat, elect the Republican who admits he is a Republican and who is satisfied to control the Republican party and not interfere in the Democratic party."

Miss Texas

Miss Jackie Faye Williams, left, is shown after she was selected as Miss Texas of the Miss Universe contest at the annual Lake Whitney competition. The Waxahachie girl earlier won the title of Miss Lake Whitney. At right is the runner-up, Miss Diana Ketchell of Orange, who represented Orange County in the competition.

### Polly Hesitated At Return To Films

By BOB THOMAS  
AP Movie - TV Writer  
HOLLYWOOD (AP) — "This was the scene of my failure. That's why I was hesitant to come back."

Polly Bergen was talking about her two Hollywood careers—a dozen years ago as a starlet and today as an accomplished actress.

The first time around started when she was barely 17. Discovered as a night club singer—she lied about her age, in reverse to what most women do—she was signed for movies by Hal Wallis.

"I hurried off to New York; I wouldn't even return for dubbing on the last picture. I didn't know what the future held, but I thought acting was not for me."

"One of the first jobs I had in New York was in an original musical-comedy on a television show. It was the first time I had ever played a role in sequence; in films I had always played the last scene first, etc. I discovered I could act after all."

Polly stayed in New York, doing Broadway shows, her own television series, guest appearances, plus a five-year run, "To Tell The Truth."

She made her biggest advance as an actress in "The Helen Morgan Story" on Playhouse 90. The move offers started coming.

"But I didn't take them," she said. "I was married again (to agent Freddie Fields). My first marriage (to actor Jerome Courtland) never had a chance because we were always apart on movie locations. I didn't want to be separated again. I also had a step-daughter, with whom I wanted to establish a good relationship. It's hard enough to do that without repeated absences."

So Polly stayed home in New York. But then the situation changed. Her husband left his agency to manage Judy Garland, Henry Fonda, Paul Newman, Joanne Woodward, Marlene Dietrich and other stars. That meant much of his work could be done in Hollywood. When Polly got an offer to appear in "Cape Fear" with Gregory Peck and Robert Mitchum, the family moved west.

"I'll admit I was uneasy about returning here," she said. "I felt I had failed in Hollywood. Besides, I am a goer, and the pace of New York living fitted my temperament. For the first six months I didn't think I would be able to stand it here. Now I'm a confirmed Californian."

Her second film career is progressing well, along dramatic lines. She is now playing a "homicidal schizophrenic" in "The Caretakers," and that's about as dramatic as you would want to get.

She was leading lady for Martin and Lewis back in the days when they were Martin and Lewis, then moved to MGM.

"In both cases, I quit the studios; they didn't drop me," she recalled. "In the last year I did five pictures at MGM, and I was bad in all of them. I was too young. I didn't know the first thing about acting."

"I hurried off to New York; I wouldn't even return for dubbing on the last picture. I didn't know what the future held, but I thought acting was not for me."

"One of the first jobs I had in New York was in an original musical-comedy on a television show. It was the first time I had ever played a role in sequence; in films I had always played the last scene first, etc. I discovered I could act after all."

### Jury Convicts Judge On Bribery Count

NEW YORK (AP) — State Supreme Court Justice J. Vincent Keogh, a former William O'Dwyer aide who once aspired to his boss' job as mayor, has been convicted of trying to fix a federal court case.

A federal jury of nine men and three women debated three days to reach a verdict of guilty in a \$35,000 bribery to lighten a bankruptcy fraud case sentence.

Convicted with the 56-year-old veteran of 12 years on the trial court bench were a former assistant U.S. attorney of Brooklyn, Elliott Kahaner, 36, and labor racketeer Antonio (Tony Ducks) Corallo, 47.

They face sentences of five years in jail and a \$10,000 fine. U.S. Dist. Judge Edward Weinfeld set July 17 for sentencing.

Dr. Robert M. Erdman, 43, an orthopedic surgeon of Manhattan and admitted go-between in the fix attempt, testified that he paid Keogh \$22,500 and Kahaner \$12,500 to use their influence in behalf of Sanford Moore, Corallo, Erdman said, helped raise the bribe money.

Moore, 44, a former New York City policeman who went broke as operator of a chain of juke boxes on Long Island, admitted concealing \$100,000 in assets from the receivers in his bankruptcy proceedings.

The Moore case was before U.S. Dist. Judge Leo F. Rayfiel, a friend of Keogh and former congressman with Keogh's brother, Rep. Eugene J. Keogh, D-N.Y.

When Rayfiel got wind of the fix, he revoked Moore's bail, refused to let him change his plea from guilty and sent him to jail for three years. This later was reduced to one year, which Moore now is serving.

### Sinatra Returns From World Tour

NEW YORK (AP)—Frank Sinatra has returned from a world singing tour which he said he raised about \$1.2 million for handicapped and orphaned children. He said he hopes to make another one within the next 18 months.

The 2½-month trip took the singer to Mexico, Japan, Hong Kong, Israel, Greece, Italy, Monaco, France and England.

### Lyford Bale Judged Best

HARLINGEN (AP) — A bale of cotton grown by Lee McCorkle of Lyford has been found by the Textile Research Laboratory at Texas Tech in Lubbock to be the best quality bale of the nation's first three bales of cotton.

Samples from the first bales were flown to Tech to see which would be eligible for the \$500 best

quality prize offered by the cotton committee of the Harlingen Chamber of Commerce.

McCorkle's bale was second in the annual first bale race but judged the best from a spinning standpoint by the laboratory.

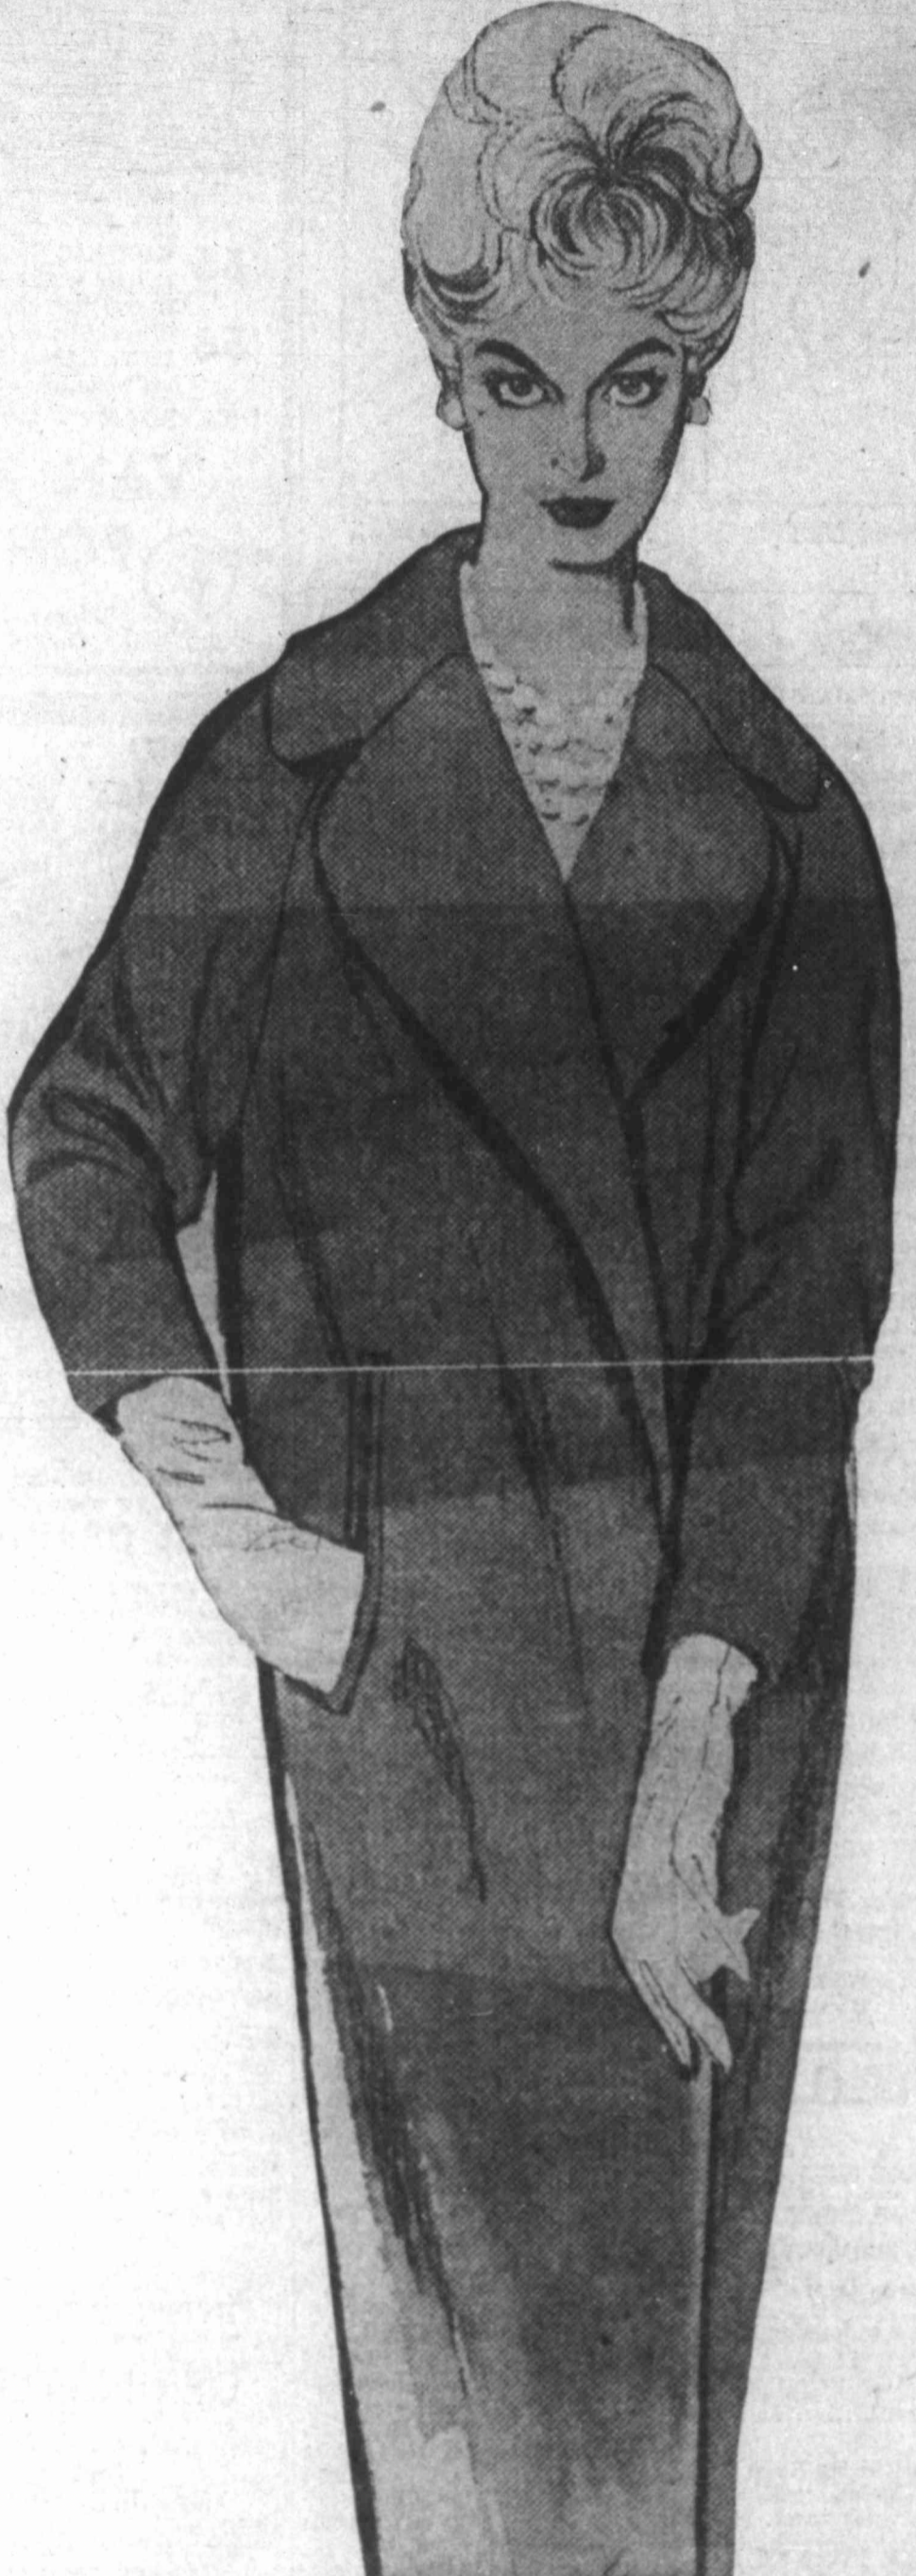

The best quality prize gave McCorkle a total of \$1,000 in prizes which included the \$800 prize for the second bale and the \$500 for the best quality bale.

The first bale was grown by Ray Barnick of Mission and he won \$750. The third bale was produced by Pedro Herrera of Mission and he won \$250.

### Weather Helps Raise Death Toll

By The Associated Press  
Warm weather encouraged Texans to stay out of doors and helped to send the state's violent death toll soaring over the weekend.

There were 42 fatalities from other than natural causes between 6 p.m. Friday and midnight Sunday. Traffic claimed 21 lives. Eight persons drowned.
