Projected FM 700 Extension

The Texas Highway Commission has announced plans to build a new farm-to-market road in Howard County extending northward from the present terminus of FM 700 at IS 20 to connect with the Gall and Snyder highways. This aerial photo, taken from the north side of the Gall-Snyder highway intersection, shows approximately the route the new road could follow. The county is to obtain essential right of way for the new road. (Aerial photo by M. A. Webb of the Herald Staff)

Reviewing The Big Spring Week

With Joe Pickle

Of course this department can't claim credit, but the bank deposits set a mph-year peak, the call figures showed Friday. The \$27,800,419 represented a 16.8 per cent gain over the same date a year ago. Loans increased to a new record. All in all, the report reflected a pretty encouraging picture.

Martin County now has had five traffic fatalities in 1962—three of them last week. Two were Big Spring men, Henry Flores, 20, and Henry Hernandez, 47, who inexplicably plowed into a parked tractor at Stanton the morning of July 4. A couple of days later, General Anderson, 58, was killed instantly when he walked across Interstate 20 in eastern Martin County.

Another tragedy marred the holiday season when 17-month-old Mitchell Dean Loper, son of Mr. and Mrs. H. L. Loper Sr. of Snyder, somehow got out of the family car and into Lake J. B. Thomas before he was discovered. Elsewhere there were injuries in a car crash south of Big Spring. The worst that happened here was a rash of fires resulting from fireworks.

The State Insurance Board tossed out the merit rating plan for casualty insurance last week. No one was clear about what it means locally, but the base rate may come down from \$45 to \$38, the latter figure being about what the good driver now pays with a 20 per cent discount. (See THE WEEK Page 6-A, Col D)

Two Hospitals Forced To Close

REGINA, Sask. (AP)—Two of the 35 hospitals kept open across Saskatchewan for emergency services in the crisis over the province's compulsory medical care insurance plan closed Saturday for want of doctors.

At the same time, the government's small corps of emergency doctors recruited from outside to bolster stopgap service, came in for criticism on the ground they were strikebreakers and ineligible for licenses to practice.

Dr. E. W. Baroties, vice president of the governing council of the Provincial College of Physicians and Surgeons, charged in a statement to reporters Friday that the government was importing ineligible doctors.

The Bare Facts Of The Matter

MEMPHIS, Tenn. (AP)—Several police cars were dispatched to check on the bare facts when a nude blonde was reported hitchhiking in the rain. Ass't. Police Chief Lee Quianthy said, "The girl got a ride in an truck." That was the last word police heard on the matter.

Our Doctors Committee charged the government was spending at least \$100,000 on the recruiting campaign and has "cast itself in the role of state strikebreakers."

The committee is supporting the province's 700 doctors, most of whom have gone on a vacation since the compulsory medical care law went into effect July 1. They charge it introduces government control over doctor-patient relationships.

The law allows the patient free choice of doctors for prepaid medical service, but sets the fees and finances, paid from general taxes and compulsory payroll deductions.

Five arrivals expected this weekend will increase to 11 a crew of British doctors brought in on contracts for one to three months at \$900 to \$1,800 a month and transportation. Two U.S. doctors also have been recruited.

A British doctor automatically qualifies for registration in Saskatchewan if he is on the British Medical Association register and is of good character.

U.S. doctors have to pass examinations before being admitted to practice in Canada.

Most of the imported doctors work apart from the 200 Saskatchewan physicians who have volunteered to maintain emergency service at 35 hospitals scattered throughout the broad province.

Austrian MD's Call A Strike

VIENNA (AP)—Austria's 13,700 doctors will go on a nationwide strike Monday in a demand for an increase of fees from the sickness compensation funds, a government-controlled health insurance pool compulsory for all workers and employes.

Only emergency teams will remain on duty in hospitals and first aid stations during the 24-hour walkout.

The strike called by the Austrian Chamber of Doctors, comes at the height of a major domestic crisis which erupted last week in a series of strike threats from the country's 46,000 postal employees and 26,000 police and gendarmes.

The doctors' strike movement originated in Vienna after the insurance fund turned down the demand to raise doctors' fees by 65 per cent under a new contract.

Doctors throughout the provinces decided to join the strike in support of their Viennese colleagues.

The doctors said their contract fees have been lagging considerably behind, compared with wage increases of other groups.

The doctors said a physician still gets only about 25 cents from the fund for a call on a patient.

GREAT WASTE OF TOP MANPOWER CITED

The Army's Feeling: Everything Is Snafu In Viet-Nam

EDITOR NOTE: Are the American people being told the truth of the fighting in South Viet Nam? Are they even being told half-truths? From a series of interviews with returned American officers comes an angry indictment of a war they say is being conducted with few hits and many errors.

By BEM PRICE
Associated Press Staff Writer

FT. LEAVENWORTH, Kan. (AP)—The story here—and apparently elsewhere in the U. S. Army—is that the fight to save South Viet Nam from the Communists is, to put it mildly, fouled up.

Both the Pentagon and the State Department have been extremely reluctant to discuss the Vietnamese operation at all.

But it can be reported that there are some extremely disturbed officers in the U. S. Army, ranging from captains through at least one major general.

It apparently is no secret

throughout the Army that Maj. Gen. William B. Rosson, chief of the U. S. Special Forces—guerrilla—is downright angry over what he considers the misuse of his highly trained specialists in South Viet Nam.

Further, among Army men there are reports that Vietnamese President Ngo Dinh Diem has kept the command structure of his government so split and confused that military operations against the Communist Viet Cong guerrillas border on the chaotic.

The intelligence system upon which counter-guerrilla operations depend for success is reported near collapse.

And, finally, some officers hear the U. S. military advisory group in South Viet Nam, now numbering between 4,000 and 5,000 men, has become so top-heavy and un-

wieldy that its efficiency has been imperiled.

For every man actually out in the field training and advising Vietnamese troops, there are reportedly at least five in rear-echelon headquarters shuffling papers.

This ratio becomes somewhat startling when it is considered that the British carried out an extremely effective guerrilla suppression campaign in Malaya with a headquarters at the top of nine men and assorted sub-headquarters of not more than 1,000. At one time there were 250,000 troops in the Malayan theater. That's one at the rear to 250 men in action.

Secretary of Defense Robert S. McNamara takes a less pessimistic view of the operation. Without going into specifics, he told a news conference in Washington this week that effectiveness of

U. S. aid to the South Vietnamese government forces has "greatly increased over the past several months."

Among other factors he mentioned was a "much" more favorable ratio of Communists killed or captured and a lesser number of guerrilla attacks.

"We can't expect termination of a war—and it is a war—in a matter of months," McNamara said. "It will be years before it is concluded, and I believe it will be concluded successfully."

The following story, reporting the views of the men who have been on the scene in Viet Nam, was pieced together in a series of interviews which began in Washington and carried through Ft. Benning, Ga., and here.

Some of the officers interviewed saw the Vietnamese operation at different levels and hence the experiences of one might vary con-

Boys Locate Wreckage Of Indian Plane

BOMBAY, India (AP)—Police said early Sunday two shepherd boys found the wreckage of a plane believed to be an Alitalia jetliner that disappeared with 94 persons aboard. They said the wreckage was sighted on a hill in the jungles about 50 miles north-east of Bombay.

ONE BODY
Officers at the town of Junnar reported the body of one man—apparently a European—had been found in the wreckage. They said an Italian lira note was found nearby.

There were no immediate reports of other victims. The police placed the crash site 14 miles west of Junnar.

The announcement came after unconfirmed reports reached the Santa Cruz Airport in Bombay that the wreckage of the Italian DC8 had been sighted by a truck driver near the town of Khed, about 60 miles east of Bombay. Rescue teams were sent to that area.

Earlier police reported investigators had been sent to Murbad, about 50 miles in a more southeasterly direction from Bombay, to check into reports that wreckage of a plane had been found there. They said this report had come from a government official at Murbad.

The big Italian jet vanished Saturday in a monsoon rainstorm moments before it was due to land at Bombay.

There had been fears the plane was down east of Bombay in mountainous jungles inhabited by snakes, leopards, tigers and the Warli and Katrik tribes, who still use bows and arrows.

PLANES CALLED IN
Six planes of the Indian Air Force were called off at nightfall. But police patrols in jeeps continued the search through an area of several hundred square miles. Continued rains hampered the search.

In places the jungle is thick and trackless, making location of any wreckage difficult.

On the theory the plane might have flown on west of this port and plunged into the Arabian Sea, the Indian government also ordered naval vessels to look for wreckage.

Alitalia Airlines said its plane, on a flight from Australia to Rome, carried 85 passengers and a crew of 9.

It was not known whether any Americans were aboard.

The airline said the plane last reported it was about eight miles east of Bombay at an altitude of 4,500 feet. Bombay's Santa Cruz Airport then lost all contact with the huge Boeing DC8 jet.

The abrupt blackout led to speculation the plane might have been hit by lightning, common over the mountains in summer rainstorms.

Strike Called For Aerospace Union July 23

GUARDSMEN TO DONATE BLOOD FOR CHILD'S HEART SURGERY

FT. POLK, La. (AP)—Sixteen 49th Armored Division infantrymen from Ft. Polk team up in Dallas Monday to furnish an 11-year-old girl blood needed for open heart surgery.

Martha Pearce, daughter of Mr. and Mrs. Frank Pearce of Sulphur Springs, Texas, will undergo the delicate operation in Children's Memorial Hospital to correct a heart murmur she has had since birth.

The task of finding 16 donors was solved when the Rev. Laurens R. Williams, Episcopal pastor in Sulphur Springs, contacted the Sulphur Springs unit of the 49th Division. He is an ex-first sergeant in the division.

When confronted with the request to donate blood, 40 members of the unit, Company D, 3rd Armored Rifle Battalion, volunteered.

Walkout To Shut Down Many Plants

BURBANK, Calif. (AP)—Unions for 125,000 workers have set a strike for July 23. They said it would cripple the United States aerospace industry.

The strike decision was reached Saturday at a meeting between top-level negotiators of the International Association of Machinists and the United Aerospace Workers, AFL-CIO.

A walkout would involve production workers at missile and airplane plants throughout the nation, as well as at many missile bases.

NEXT STEP
The announcement came a few days after a clear indication from a federal official that the administration would step in to avert any tieup in the sprawling aerospace industry. What action might be taken was not disclosed.

Unless contract agreements are reached by July 23, union negotiators said, the two unions will strike all plants of Lockheed, North American, Douglas, General Dynamics-Convair, Ryan Aeronautical and Aerojet General throughout the United States.

Algeria Nervous As Army Moves

ALGIERS (AP)—Algeria's national army was moving into the new nation from east and west Saturday as the hard-pressed central government sought a reconciliation with its dissident deputy commander, Ahmed Ben Bella and Mohammed Khider.

The 45,000-man national army, stationed in neighboring Tunisia and Morocco during the seven-year-old Algerian war, is regarded as the backbone of the Ben Bella faction.

Algeria continued to flounder in an almost total administrative breakdown as the moderate regime of Youssef Ben Khedda tried to stand firm against the revolt of its regular troops and all but two of the wilayas (zones) of the guerrilla army in the interior.

French sources said more than 1,500 men of the regular army rolled into Tiemcen, 40 miles east of the border on the main highway to Oran. The troops encountered no opposition and were said to have been enthusiastically welcomed by the population.

From the east, most of the Algerian troops formerly stationed in Tunisia were reported to have crossed the border into Algeria.

But French sources reported that in Wilaya 2, which is loyal

to Ben Khedda, the advance of one unit was halted at Souk Ahras, 45 miles west of the border on the road to Constantine.

There was no clash, the informants said, but the regular unit's westward advance was halted, at least for the time being.

In Algiers, Nationalist officials insisted the rival factions would never permit their differences to erupt into open warfare, but would inevitably reach a compromise sooner or later.

But there was a noticeable atmosphere of pessimism in government headquarters—particularly following Friday's report of the Moroccan occupation of strategic border areas near the Algerian Sahara.

Mrs. Eckhaus, Pioneer, Dies

Mrs. Bessie Eckhaus, 87, a resident of Big Spring since 1918 and the mother of two widely-known city women, died in a local hospital at 3:30 p.m. Saturday. She had been ill for one week.

Mrs. Eckhaus was born Aug. 21, 1874, in Wabash, Ind. Her husband, the late Julius Eckhaus, died in 1918 in Lafayette, Ind., and she moved to Big Spring to live with her daughters, Mrs. Jove Fisher and Mrs. Bernard Fisher, who were the wives of prominent early day merchants.

Her body is to lie in state at River Funeral Home until this morning when it is to be sent to Lafayette, Ind. Services and interment will be in that city.

Mrs. Eckhaus, who was an active member of Temple Israel of Big Spring, also retained her membership in Temple Israel in Lafayette, Ind. She was president here for many years of Temple Sisterhood and also was an enthusiastic worker as a volunteer at the Veterans' Administration Hospital.

Survivors include her two daughters, Mrs. Jove Fisher and Mrs. Bernard Fisher, both of Big Spring; one sister, Mrs. Jeanette Neuman, Lafayette, Ind., and two grandchildren, Julian Fisher, Big Spring, and Mrs. Jerome Fisher of Wichita, Kans. There are six great-grandchildren.

The family asks that any memorials to Mrs. Eckhaus take the form of gifts to the donor's favorite charity.

No Escape From Heat

July's first Saturday was according to the book in Texas—mostly hot and dry.

Intense heat in the Texas Panhandle caused a section of U.S. 66 to buckle about 20 miles east of Amarillo. The 2 to 2½ feet of concrete above the highway surface blocked the transcontinental route for a time, but highway construction crews hurried to establish detours.

The maximum temperatures for the day ranged from 105 at Presidio to 89 at Brownsville and Galveston.

The government could invoke an 80-day injunction under the Taft-Hartley Act or appeal to both sides to wait until a fact finding committee is appointed.

Large communities where they can plough themselves.

Such a 75-settlement program is now under way in parts of South Viet Nam, he said. But he claimed Diem is making little effort to explain to the people the reason for the forced moves and thus is creating a vast reservoir of resentment.

The number of people willing to risk the wrath of the Viet Cong by supplying intelligence information is very small, he said, and dwindling. Further, he continued, the government is suspicious of all information obtained from volunteer sources and hence people are learning not to bother.

All the officers appeared to be convinced that South Viet Nam will be a 10-year war of attrition, and the public might as well become accustomed to the idea because there will be Americans killed from time to time.

JFK Has Task In Solving Old Mexico Land Dispute

WASHINGTON (AP)—President Kennedy said this week the United States is eager to settle a dispute involving 630 acres in El Paso, Tex., which Mexico wants to make Mexican territory.

Kennedy conceded it is a matter

EUGENE VAUGHAN

Scout Official Added To Staff

Eugene O. Vaughan, newly employed field director for the Buffalo Trail Council, Boy Scouts of America, will report for duty on July 16. Vaughan, his wife, Louise and their son Mike, 11, will make their home in Midland.

He comes from Henderson, where he served as field director of the East Texas Area Council since 1953. He is a graduate of Sam Houston State College with a B.S. degree, majoring in vocational agriculture. Later he did graduate work at Texas A&M College. He graduated from the 110th National Training School of the Boy Scouts of America in 1945 and started his professional Scouting career at Houston, Texas the same year. The Vaughans are Presbyterians and Vaughan has been active in the Lions Club.

"CHRISTIAN SABBATH"

By T. H. Farber, preacher
Church of Christ, 300 West Highway 80
P. O. Box 1285

A reader has attempted to give Bible proof that the Sabbath should be kept by

Christians. She said, "In Hebrews 4:1-6, you will find the Rest day spoken of. Truly, 'There remaineth therefore a rest to the people of God.' Heb. 4:9. This rest is compared to God's rest from his creating. It is pointed out that God rested from ALL HIS WORKS on the seventh day - V.4. The application is made: 'For he that is entered into his rest, he also hath ceased from his own works, as God did from his' - V. 10. Thus, the Christian's sabbath or

ter "difficult to solve." The controversy is caused by a change in the course of the Rio Grande River.

It is known as the Chamizal case because the area involved once was covered by brush, for which the Spanish word is chamizal.

The matter has been a sore spot in Mexico-U.S. relations for more than half a century.

Although the average U.S. citizen never heard of it—or forgot it if he did—in Mexico it has become a fiery, emotional issue of national pride and has been cited there frequently by anti-U.S. orators as an affront to Mexico's dignity.

At his news conference Thursday Kennedy said the Chamizal area was "awarded to Mexico in the arbitration award of 1911" but that the United States, which had agreed to arbitration, "backed down and did not accept the award."

Both in the communicate, and in Kennedy's statement, it was indicated the two presidents think it is time for both sides to yield ground and press for a solution. The communicate said a solution would be sought "without prejudice" to judicial positions and in a way which "takes into account the entire history of this tract."

There was no explanation of what these phases mean. It appears, however, that the communicate was saying there would be a minimum of further legalistic arguments, and that there would be full consideration of the practical problem of taking away a part of an established city and giving it to a foreign country.

Reports from Kabul, the Afghanisthan capital, described the shocks as heavy in both the northern and southern parts of the country but no casualties were reported immediately.

Some old building walls cracked in Rawalpindi and Peshawar in northern Pakistan. At Peshawar the electric supply was knocked out.

The shock was felt in several other places in Pakistan.

The shock was felt in several other places in Pakistan.

nity by its big neighbor to the north.

MAY BE VALUABLE Nobody seems to be exactly certain just what makes up the Chamizal U.S. officials say a sizeable chunk is undeveloped land or is occupied by two stockyards. But some of it may be potentially valuable property along the river in El Paso.

And if such land were to be handed over to Mexico the Chamizal might become a pretty fancy issue in El Paso and throughout Texas too.

A week ago Kennedy and President Lopez Mateos of Mexico issued a communique during Kennedy's stay in Mexico City saying they were going to instruct their executive agencies to "recommend a complete solution to this problem."

"BACKED DOWN" At his news conference Thursday Kennedy said the Chamizal area was "awarded to Mexico in the arbitration award of 1911" but that the United States, which had agreed to arbitration, "backed down and did not accept the award."

Both in the communicate, and in Kennedy's statement, it was indicated the two presidents think it is time for both sides to yield ground and press for a solution. The communicate said a solution would be sought "without prejudice" to judicial positions and in a way which "takes into account the entire history of this tract."

FRED LANGE

Fred Lange To Help Funds In Other Nations

DALLAS—The U. S. State Department office of Cultural Exchange has requested Fred M. Lange, executive vice president of the Community Chest Trust Fund in Dallas, to go as a consultant in answer to appeals from welfare leaders in the Philippines and Australia for his service to aid them in installing nation wide federation of their fund raising efforts.

The official communication requesting Lange's services came from the State Department's Cultural Exchange program officer, Martha G. Geese.

Since the initial invitation, a number of cities in both countries and also New Zealand have requested Lange to speak and consult with them on their desire to extend the federation of their welfare organizations for fund raising.

Lange will depart July 12 and return near the end of August.

For the past 20 years Lange has served as a welfare administrator, and in the capacity of consultant and spokesman he has made several visits to Big Spring.

Motivation Plan Started

The Webb career officers motivation program is now in full swing.

Capt. Ralph N. Hoffman, wing project officer announced Saturday that two groups of officers have been named to effect the program. The first group consists of project officers, and the second group comprise the Junior Officers Council.

Project officers include Col. Charles W. Head Jr., Maj. John C. Woods, Capt. Leon W. Babcock Jr., Capt. Ronald E. Storz, Capt. Giedle W. Vaughn, Capt. Elmer H. Wasserratt, 1st Lt. M. John Holdan, and Capt. Walter H. Baxter III.

Junior Officers Council members are 1st Lts. John F. Lewis, Robert P. Chepolis, Karl L. Kenyon, Neal T. Reaverly, Richard W. Taylor, Lucia C. Finelli, and Michael A. Wargo, also 2nd Lts. Richard M. Bierly, Fred W. Hozer, and Monte L. Moorer.

The Webb program under the guidance of USAF and Air Training Command headquarters is designed to permit selective retention of qualified officers with five years or less of service.

Administration is done by those rated as highly motivated career officers. Capt. Hoffman said two films, "A Way of Life" and "Tomorrow's Air Force, through Today's Education," will be shown to officers and their wives.

The Junior Officers Council met Friday afternoon at the Officers Open Mess for the first time. Col. Wilson H. Banks, wing commander, spoke to the members of the council. The council is set up to meet quarterly and discuss findings and recommendations on problems, policy and criticisms that beset young officers before a career decision is made. The base legal officer serves as the secretary.

Two types of counseling will be provided—one for personnel counseling, and the other career motivation counseling.

In the personnel counseling the commanders welcome the new officer and his wife into the organization. Career motivation counseling will show the young officer what the opportunities are that lie ahead, and what schooling he can expect. He will also be asked to give his own views. His desires and expectations will be discussed. Two counseling meetings will be held annually—one by the command and one by the supervisor.

Concert Assn. Maps New Season Plans

Mrs. Clyde Angel has been re-elected president of the Big Spring Concert Association.

Officers for the association were named at a meeting of the board Thursday evening when plans for the season's series were formed. Heading the membership enrollment will be Mrs. Ed Swift and Mrs. James Duncan, vice presidents. The annual enrollment will begin right after Labor Day.

Other officers elected were Dr. Jack H. Burnett, program; Mrs. J. C. Pickle, secretary; Mrs. Jim Zack, treasurer.

Among committee chairmen will be Gene Nabors and Dr. Charles Rainwater, stagehands; Mrs. Anne Houser, pianos; Mrs. Harold Talbot, telephone; Mrs. Don Newsom and Mrs. Ken Perry, entertainment; George Oldham, auditorium; Mrs. Charles Weeg, usherettes; Joe Pickle, advertising; Dr. Burnett and R. H. Weaver, contracts; Helen Huet, admission arrangements. Other committees will be named later, said Mrs. Angel.

Booked on this year's series starting with a mid-November date are the Canadian National Ballet, Basil Rathbone, the First Piano Quartet and the Dallas Symphony. A number of years ago the First Piano Quartet appeared here and scored a solid hit. This will be the third appearance here for the Dallas Symphony in Big Spring but the first time in several years. Rated as one of the top orchestras in the nation, it is a sentimental favorite here because it was the first symphony group to play in Big Spring.

Ceylon Given U.S. Warning

COLOMBO, Ceylon (AP)—U.S. Ambassador Frances Willis has reminded Ceylon that American aid to this country may be halted if compensation is not speedily given to the American Esso and Caltex oil companies, a reliable source said.

Esso and Caltex equipment and land was taken over for the state-owned petroleum corporation.

The source said Miss Willis drew attention of the finance ministry—which handles foreign aid—to a U.S. Senate resolution calling for a halt in aid to countries, which expropriate property belonging to U.S. companies or individuals if compensation is not paid within six months.

Under recent acquisitions, Esso lost 40 service stations and equipment and 29 kerosene oil depots. Caltex lost 43 service stations and equipment, 27 kerosene depots and bunkering facilities for ships.

A petroleum corporation informant said there was no deliberate attempt to delay compensation which is provided for in the corporation act.

The source also said the corporation is working with the oil companies on inventories so that an agreed list will be available for the compensation tribunals. The tribunal procedure is elaborate and the spokesman doubted that compensation would be made within six months.

BIG SPRING: 206 MAIN ST. ODESSA 400 NORTH GRANT MIDLAND TEXAS & ANDREWS HWY. OPEN ALL DAY SATURDAY—NO APPOINTMENT NECESSARY

Man Living After 'Dying' 8 Times
SAN FRANCISCO (AP)—George Argiris, 47, a heart patient who doctors said "died" eight times in a 45-minute period last night, is alive today.
Nine doctors and three nuns used mouth-to-mouth respiration and electric shock to revive him each time during the ordeal.
Argiris, an auto dealer of nearby Daly City, was reported in critical condition in an oxygen tent.

Martin Countians Ready For Reunion

STANTON (SC) — For the 29th time, Martin County Old Settlers will get together Monday and Tuesday to renew friendships and talk over old times.

Festivities begin Monday evening with a queen contest scheduled at the high school auditorium at 8 o'clock. A parade Tuesday at 4 p.m. will touch off the reunion

proper which climaxes with a barbecue at the City Park at 7 p.m. Billy Houston, president of the association, said that the queen contest would be open to young ladies who are descendants of families which came to Martin County at least 50 years ago. There will be a separate division for the

Big Spring (Texas) Herald, Sunday, July 8, 1962 3-A

ladies who themselves came here 50 years ago.

Tuesday's parade through the downtown district will contain several floats and will develop the theme "That Wonderful Year 1933," when the first reunion was held. This is the 29th reunion because during the war years the gathering was suspended temporarily.

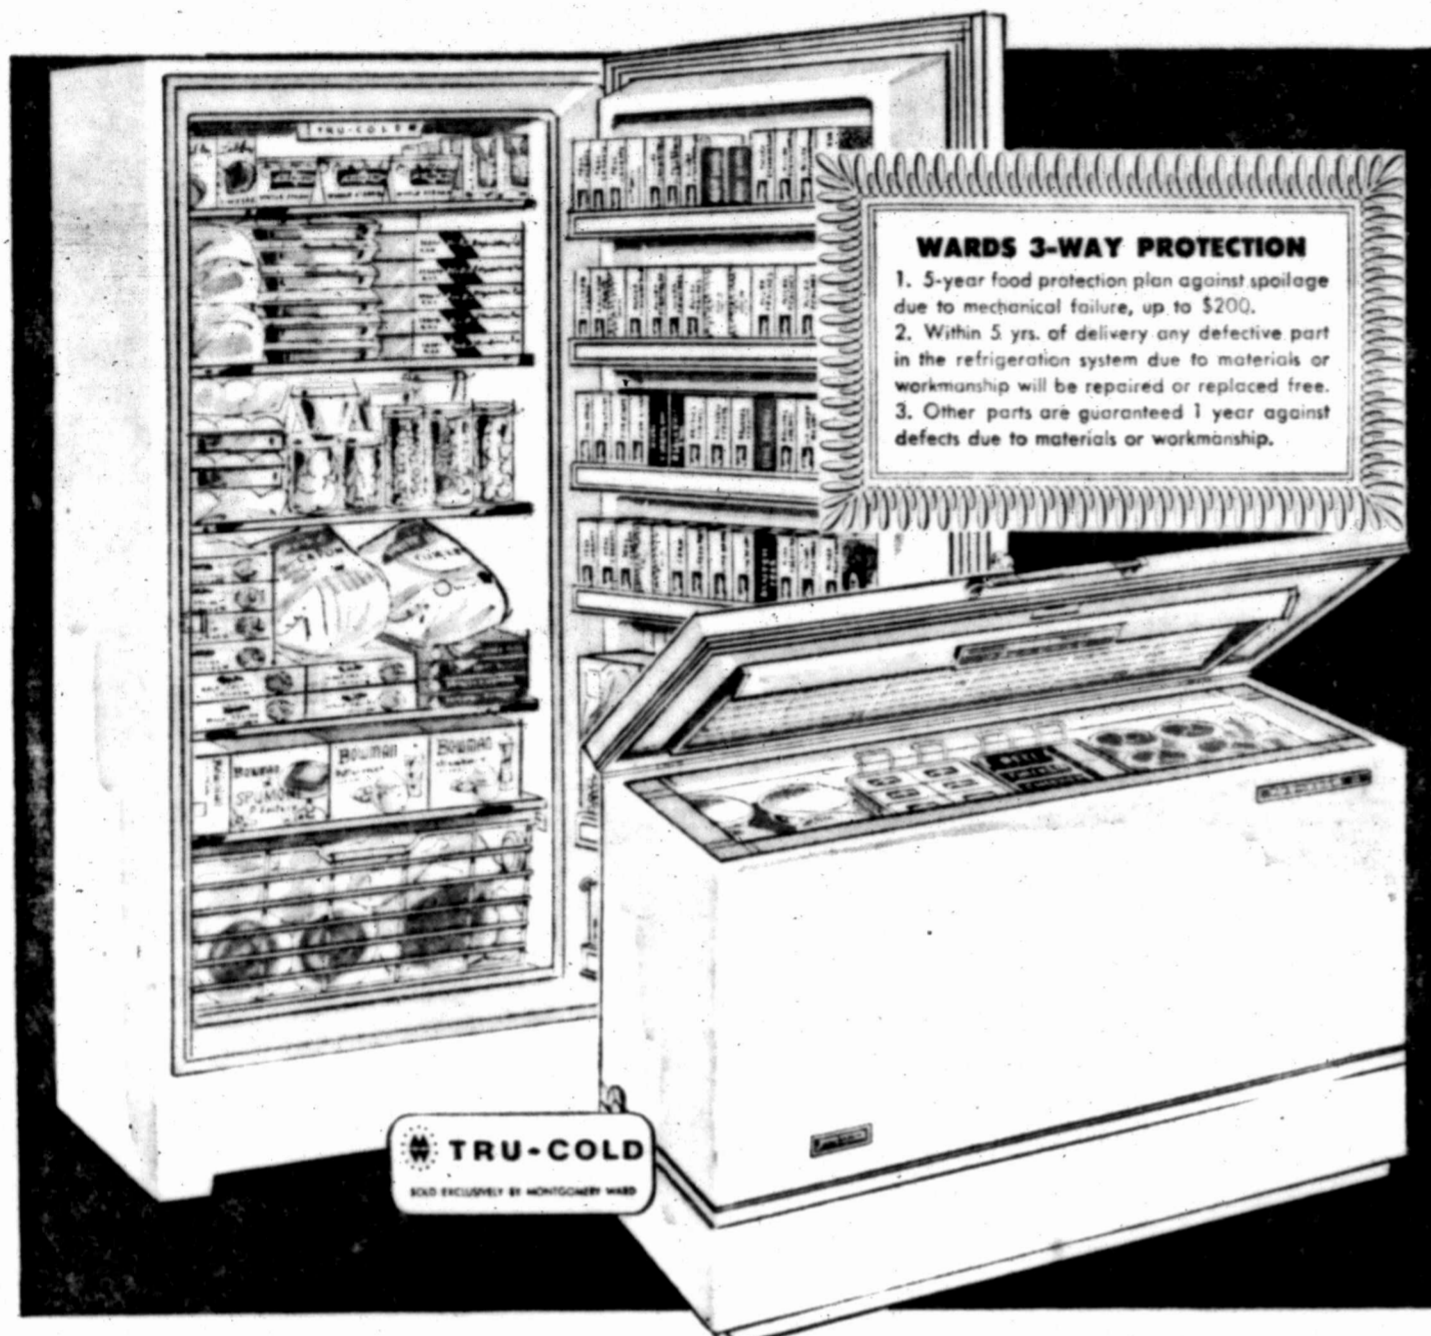

Following the barbecue meal at 7 p.m. in the park, a program will be held, including the traditional memorial service. Officers also will be named. In addition to Houston, other current officers are M. S. Esters, vice president; Mrs. Morgan Hall, secretary-treasurer.

All persons who have lived in Martin County 20 years or more, or who are members of families with that length of residence, are eligible.

Registrants Monday or Tuesday at the Stalling Insurance agencies will be given soft drinks through courtesy of the Dr. Pepper Bottling plant. Plans were formed at a meeting Monday in the Cap Rock Electric auditorium, and Thursday representatives were on the Jo Anne Forrest Show on Big Spring's TV station.

Nuclear Weapon Fired Off Ground

CAMP MERCURY, Nev. (AP)—The United States fired a secret low power nuclear weapon a few feet above the desert Saturday in the first resumption of aerial nuclear testing on its own soil since 1952.

The Atomic Energy Commission and the Department of Defense said the explosion was to test the effects of nuclear weapons.

The mighty blast may be a prelude to tests next week using troops in atomic battlefield conditions. Such tests have been re-

ported forthcoming, without official confirmation.

Secrecy cloaked Saturday's test at the Nevada test site. Roads to the vicinity were blocked, and outside observers were barred.

Officials called the device low yield. This meant it had an explosive force up to 20 kilotons, equal to 20,000 tons of TNT.

In view of the security regulations, there was no immediate description from the scene. The blast was expected to produce the familiar mushroom cloud and to send dirt, dust and debris showering high above the desert floor.

Tremendous though it was by conventional standards, Saturday's shot was a pygmy in the Atomic Age. It was a fifth as powerful as Friday's gigantic H-bomb blast from a chamber 650 feet deep in the ground.

Off-site radiation was predicted to stay well within established ranges, but the Atomic Energy Commission was monitoring radioactivity up to 300 miles away.

The explosion came after two others—one at Camp Mercury and the other in the Pacific—were postponed for 24 hours or more because of unfavorable weather conditions.

Idle Time For Dist. Court

District court will be largely inactive for the next week to 10 days.

Judge Ralph Caton is on vacation.

No matters are set down for disposition pending his return and it is not anticipated any emergency will arise which will require the need of a visiting judge.

Next major activity in the court will probably be the trial of the annexation protest case brought by Gay Hill and Center Point Common School Districts against the Howard County School Board and the Big Spring Independent School District.

This case is docketed to be tried starting July 23.

Several defendants indicted by the recent grand jury had indicated they would enter guilty pleas. It is possible these will be heard on Judge Caton's return.

Gil Jones, district attorney, who is counsel for the County School Board in the annexation case, said he has no criminal docket set for July.

New Way To Do Summer Cottons

Special for this summer only, you can dryclean your summer cotton dresses and they will be sized for you at no charge. This means no sprinkling or starching is needed. Just dry from them for the best looking cottons you have ever been able to do yourself. Colors are brighter and your clothes are also deodorized. This process is exclusive with us for our own operated drycleaners. You can do about six cotton dresses for the same low price of \$1.50.

Time Now For Fishing

S. Sgt. Lewis J. Sides, center, now has time for that bit of fishing. Last week he received his certificate of retirement from Lt. Col. Leonard Einstein, left, commander of the M. and S. Group at Webb. Attending the informal ceremony was Capt. C. W. Harris, base fuels officer, under whom Sgt. Sides worked during his four years at Webb.

Phone Talk Interruption Brings Arrest Of Robbers

CLEVELAND (AP)—An interrupted telephone conversation gave police the jump on a robbery attempt Friday that ended with two men captured after a gun battle.

The scene was the Sun Finance & Loan Co. on the second floor of the downtown Caxton Building, on Huron Road.

Traffic Patrolman Alvin Charner, 34, first of about 30 policemen responding to a robbery-in-progress call, was wounded in the upper right arm by a shotgun blast. Doctors said his arm may have to be amputated.

Also in guarded condition at a hospital was Edward T. Spaulding, 24, identified as the policeman's assailant. Spaulding was shot three times in the abdomen.

Miss Lucy Mastropietro, 33, a loan company employee, was talking by telephone with her sister, Mrs. Anthony J. Ciarrillo, when the gunmen entered during the lunch hour.

Mrs. Ciarrillo said she thought she heard a voice say "hang up"

and the click of the telephone as it went dead. She phoned police.

Officers identified Spaulding's accomplice as Clarence E. Steplight, 21, who was captured when he crawled to an inner corridor during the gun battle.

A third man nabbed during the confusion told police he was in the office only to apply for a loan. Spaulding was seized in the tear-gas-filled office by a squad of six men. He had barricaded himself behind office furniture.

A large crowd watching the battle ignored police warnings of danger from stray bullets.

B47 Explodes, Two Lives Lost

ST. FRANCIS, Kan. (AP)—An Air Force B47 jet bomber exploded in the air over northwest Kansas Friday night after radioing that an engine had caught fire at 32,000 feet and the copilot was bailing out.

The co-pilot, who jumped across the Nebraska border about 8 miles from the crash scene, was the only survivor of the crew of three. He is 1st Lt. Howard J. Steen, 29, of Fergus Falls, Minn. Steen escaped with minor injuries.

Killed were the pilot, 1st Lt. Douglas Powell Bishop, 28, of Elberton, Ga., and the navigator, 1st Lt. Harry Dan Welborn Jr., 27, of Baldwin Park, Calif.

There was no immediate explanation as to why Bishop and Welborn did not parachute too.

The explosion came just after sundown and was seen as far away as Dighton, Kan., 140 miles to the southeast. It shook buildings over a wide area in the northwest corner of Kansas.

Blood Bank Is Started

STANTON, SC.—This community's "Walking Blood Bank" is off to a good start.

Organized by Glenn D. Rumm, new administrator of the Physicians Hospital and Clinic, the program has drawn many volunteers who will make blood available for emergency use.

Volunteers include Fuel Ferguson Phepha, K. Brandt, Lois Powell, Francis Cum, Joe Carr, Clint Barrett, Coats, Bentley, Richard Lewis, Darrell Pollack, Faye Carpenter, Nany Bauh, Carolyn Manning.

John Wood, Tom E. Angel, Rubye Davis, Nohye Hamilton, Glen Gates, Milda Mexner, R. P. Simpson, Tom Johnson, Carson McKaskle, Charles Butler, De Witt Davis, Eddie Avery, Roger Fleckenstein.

Stanley Barnes, Thomas Allen Jr., Billy Alford, Robert H. Dean, D. A. Stanley, Nola Simpson, Nathaniel Brown, William A. Ringener, Billy Avery, A. T. Barnes and James Eiland.

Scouts Schedule Several Events

Scouts of this area have several important events on their calendars for the summer. Bill McRee, scout executive, said Friday.

The annual Explorer "Whing Ding" is set for Aug. 17-19 at Webb AFB. Approximately 250 Explorers from the Council are expected to be at the meeting which will feature contests of physical fitness and mental alertness. Athletic events, debating and games like chess will be played. Boys will eat at the base mess hall.

The Explorer Cabinet meeting has been set for July 12 at 7:30 p.m. at the Chamber of Commerce office. W. O. McMeans, adult advisor, will be in charge.

This meeting will be called to make plans for the Whing Ding, to elect officers, and to finalize plans for the Ann Arbor Explorer delegates' conference Aug. 27-29.

Makes Honor Roll At Texas Christian

Miss Wilma F. Cole of Big Spring has been named to the Dean's Honor List for the spring, 1962 semester in Texas Christian University's AddRan. College of Arts and Sciences. The list consists of those students ranked in the upper five per cent of the majors in their respective schools.

Reds Admit Difficulties In Harvesting Grain

MOSCOW (AP)—The Soviet government today acknowledged that grain harvesting in the wide virgin lands of Kazakhstan is running into serious trouble.

A statement by the Soviet government and the Communist Party Central Committee said the virgin lands lack not only combines and operators, but also storage bins and transport.

The urgency of the situation was emphasized by the fact that the statement covered the entire front page of the party newspaper Pravda.

The statement said in the Tselina territory alone more than 35,000 combines and 25,000 mowing machines are out of order. In the Pavlodar region, only a fifth of the combines are capable of operating.

The statement said Kazakhstan authorities have sent out an urgent appeal for 70,000 harvest hands.

The Soviet press has reported that workers remain in the virgin lands—one of Premier Khrushchev's pet projects—only a short time because living conditions are bad.

Failure of Soviet planners to provide spare parts is the chief

Bowling Items On Theft List

Edward Hamilton, Webb Air Force Base, reported the theft of two bowling balls, a bag and a pair of bowling shoes from his car while it was parked at a restaurant on the North Side Saturday.

He told police the theft occurred some time between 9 p.m. and 12:15 a.m. Apparently the burglar entered the car by opening a window vent.

The home of Wayne W. Parson, 613 Steakley, was reported entered while he was on vacation. Parson said nothing was missing, but the appearance of the house showed it had been thoroughly searched.

Police are investigating the theft of a can of oil additive from the Casden Service Station at Fourth and Gregg. The loss was reported by J. W. Graham at 2:25 a.m. this morning. The license number of the car bearing the offenders was obtained.

Mass Polio Immunization Slated For Texas Cities

DALLAS (AP) — The United States' most gigantic drive for mass immunization against polio with an oral vaccine was mapped Saturday with a possible target date set for the last Sunday in July.

Dallas and Fort Worth and surrounding counties are expected to be included in the effort to immunize all of the two-million-plus residents as the goal.

Sabin oral polio vaccine will be used.

An announcement was expected over the weekend on the exact time and specific places for the big clinics, according to the Dallas County Medical Society.

If a decision is made not to hold an immediate immunization program, one of similar scope is being planned for October.

A key as to whether the area will go ahead with an immediate program depends upon whether an epidemic is declared.

The U.S. Public Health Service contends that three paralytic polio cases of the same type constitute an epidemic.

Dallas has six polio cases and Fort Worth also has a larger number of cases than last year.

Only one of Dallas' cases has been specified by laboratory tests as Type 1.

Should the others be included in the same type, Dallas would be termed an epidemic area.

The federal government would then assist in providing vaccine under the program, which will be sponsored and led by the medical society.

Virtually all of Texas' cases of this year, now nearing 100, are of Type 1, making it likely that at least some of Dallas' cases are of that type.

Clinics will be set up throughout the area to give the vaccine. It will be administered in drops on sugar cubes, and infants will get the drops from an eye dropper.

As patterned after the Phoenix and Maricopa County plan earlier this year in Arizona, a charge of 25 cents will be made—but no one will be refused for inability to pay.

Since Type 1 is the main offender this year in Texas, this is the dose to be given first during the drive.

Checking On The Herald

John Rowland (left), field auditor for the Audit Bureau of Circulations, goes over Herald circulation figures with Circulation Manager Jack Kimble. Rowland has just completed a detailed audit of the newspaper's distribution for the past year. When his figures are certified by the ABC auditors in Chicago, they become a guarantee of The Herald's net paid circulation on which advertisers can depend without reservation. The ABC is an independent concern which audits the circulation of all the major newspapers and magazines in the country.

First Group Of Guardsmen Is Returning

WASHINGTON (AP)—One hundred Air National Guardsmen fly home Monday from 10 months of cold war duty. Before nightfall, they're due to become the first of more than 145,000 Reservists to be released from active service.

The Army, Air Force and Navy Reservists were called to federal service last fall at the height of the Berlin crisis.

The Air Force announced Friday that 100 members of the 152nd Tactical Control Group will fly into Andrews Air Force Base, Md., Monday morning.

By late in the day, the Air Force expects the men will be on their way home. They are members of the 152nd Headquarters and 109th Tactical Control Squadron, both based at Roslyn, N.Y.

Other members of the 152nd, which has 2,029 men, will come home at the rate of 100 a day. The unit was sent to Germany soon after it was called up last Oct. 1. All 27,000 Air Guardsmen, 110,000 Army National Guardsmen and Reservists and 5,000 Naval Reservists called up during the Berlin crisis are to be released from active duty by the end of August.

Soblen Gets Writ To Avoid The U.S.

LONDON (AP)—A complex legal wrangle loomed today over runaway spy Robert Soblen's last-chance gamble to cheat American justice.

Soblen himself lay in the hospital behind the grim gray walls of London's Brixton Jail—protected, for the moment, by one of the oldest laws of England.

A writ of habeas corpus granted by a high court judge Friday kept the 62-year-old fugitive safe for at least another 10 days.

The writ blocked his immediate return to the United States—and a life jail sentence for spying for the Soviet Union.

Soblen's attorneys followed this move with an application that he be granted asylum in Britain.

The Home Office announced it could not consider this application until after the habeas corpus hearing July 17. And Soblen cannot be shipped out of the country until the court hears the case.

Bleeding from self-inflicted wounds in his wrists and abdomen, he was rushed to Hillingdon Sunday from the Israeli airliner flying him from Israel to the United States.

Jumping \$100,000 bail, Soblen earlier had fled to Israel on a forged passport after an American court rejected his appeal from the life sentence.

Before American officials could act Friday on the writ that he was well enough to leave, Soblen's lawyers got the writ of habeas corpus.

This is one of the most jealously guarded writs in English law. Literally, it means "produce the body."

Made Detective

Ernest Haynes, former Big Spring resident, has been named a detective in the San Angelo police department's criminal investigation division. Haynes was shop foreman for the Herald prior to going to Alaska for a year. Upon his return three years ago he joined the San Angelo force as a patrolman.

Disabled Veterans Schedule Meeting

A called meeting of Chapter 47 of the Disabled American Veterans has been set for 7:30 p.m. Monday at the Settles Hotel.

R. R. McKinney, commander, urged all disabled veterans and their wives to attend the meeting. Mr. and Mrs. Harry Pickett, Lubbock, regional commanders of the DAV and the Auxiliary, will be special guests. Visitors are expected from other chapters in the region.

Included in important business will be the election of officers. Refreshments will be served.

Accident Report

AUSTIN (AP) — Texas traffic deaths are one per cent below those of 1961 but there is a one per cent increase in fatal accidents, the Department of Public Safety reports.

Dr. Lemmons On VA Staff

Dr. Ronald E. Lemmons, a new addition to the staff at the local Veterans Administration Hospital, has completed his first week at his new job.

He went on duty Monday, coming here from the Touro Infirmary at New Orleans, La., his first VA assignment. Dr. and Mrs. Lemmons and their four children live at 1731 Yale.

A native of Longview, Dr. Lemmons graduated from VMI, Lexington, Va., in 1954 and later attended at Tulane Medical School in New Orleans. He interned one year at the Tulane Infirmary and took three years of surgical residency at Touro Infirmary. He was born in Austin Sept. 23, 1933.

Mrs. Lemmons, who goes by the name of Mary, is a native of New Orleans. The children are Robert 11, Linda nine, Mark eight, and Kelvin six.

Among his professional affiliations Dr. Lemmons lists the American Medical Association and the Phi Chi Medical Fraternity. He is a member of the Baptist Church.

Golf classifies high on his list of hobbies, along with hunting and fishing.

Ask His Wife

TAIPEI, Formosa (AP)—A henpecked husbands club has been formed at Chaotung in South Formosa. Lin Wei-Yao, head of the Chaotung Farmers' Association, was elected president. But Lin hesitated and explained he would have to have his wife's approval before accepting the honor.

El Paso Land Problem Old

MEXICO CITY (AP)—Newspaper editorialists generally agreed Saturday that the most important consideration in the dispute over El Chamizal is respect for international agreements, not whether Mexico gets possession of the land.

The status of the disputed section of El Paso, Texas, which Mexico says belongs to it drew comment by almost every newspaper publisher here.

Said El Nacional which frequently reflects official government opinions:

The crux of the problem is whether international arbitrations are reliable instruments for understanding peace agreement and harmony between nations.

Whether Mexico gets possession of the area is not the most important consideration, said El Nacional adding:

Mexico desires—and this is part of its policy—that right takes precedence over might.

The tabloid La Prensa, at times critical of the United States, saw in the stand of President John F. Kennedy over the Chamizal issue

"a radical change in the mentality of the U.S. government." Kennedy's agreement to take a new look at the issue "is a demonstration of the progress that has been achieved in relations between the United States and Mexico," said La Prensa.

The newspaper cautioned, however, that "profound studies" would be necessary to reach a permanent solution to the issue.

"Our country will come out winning in prestige and moral strength" whatever the outcome of the negotiations.

Said the rightist newspaper Atishos:

"The United States cheated" by refusing to accept an arbitrated decision a half-century ago which awarded the area to Mexico, but "it does great honor to President Kennedy in facing the cheating policy which the United States traditionally employs in its relations with Latin American countries."

In the renewed discussion over El Chamizal, Kennedy's sincerity is evident, Atishos added.

Interest over the disputed area of El Paso cropped up again when Kennedy and President Adolfo Lopez Mateos agreed during Kennedy's visit here last weekend to have the entire matter looked into again.

Arbiter ruled in 1910 that the area, which consists of about 250 acres, should go to Mexico, not the United States, reacted the decision. Mexico since then refused to submit any disputes to arbitration.

In 1904 a Mexican citizen had claimed to the Chamizal area, contending it had become Mexican territory through a change in the course of the Rio Grande, the boundary from El Paso eastward to the Gulf of Mexico.

The Chamizal adjoins an area of about 370 acres, which forms a tiny enclave of Mexican territory north of the Rio Grande. It is an irregularly shaped area around which the Rio Grande formerly traversed.

This enclave was created when the two countries, by agreement, made a cut in the river to divert flood waters which had a way back then of backing up into portions of El Paso.

THE WEEK

(Continued from Page 1)

credit for no tickets or accidents.

The rash of disturbances by a couple of gangs of young punks continued. Police picked up seven for possession of alcoholic beverages. Seven others were implicated in 15 burglaries around town. Four were picked up for trying to steal gasoline, and it turned out their car was stolen.

Texas Natural No. 1 Houston completed for 145 barrels and 250,000 of gas daily as an apparent confiner of the Gordon Street Wolfcamp pool in northwestern Glasscock County. Similarly, Mallard No. 2 Lindsey finished for 286 barrels of oil as a confiner in the Lindsey Strawn field of western Dawson County. Cities Service No. 1 Garner, northeast of Stanton, had more Spraberry shows.

Football coach Ken McKenzie, football coach got a promotion, and Big Spring fans got a jolt with word that he will be leaving soon. The offer to get into the administrative Superintendent at Nederland field was just too good to turn down. His record of 7-3 last year in his second season speaks for itself, but not nearly so much as the spirit of the plucky bunch he had last year.

Ricky James 12, and his father, Allen C. James, may still have the shakes. Ricky found an old box, dropping it a time or two en route home. Mr. James hit a couple of solid blows returning a ratted hump. What you don't know sometimes doesn't hurt you. For the inside were eight packages of TNT.

The Lakeway branch of the YMCA began to operate last week when James E. Smith Jr. assumed his duties as secretary on a part-time basis for a few months. Meanwhile, the city announced it was moving playground equipment from the old park area to the V grounds where it can be used and supervised.

Howard County Commissioner Court has written the Texas Highway Department asking that ramps be installed at the overpasses of Interstate 20 at Sand Springs. There are a couple of these structures in the heart of Sand Springs, but you can get on or off at these points. The THD has mentioned the U.S. Bureau of Roads for the ramps.

The disaster practice run last week produced generally encouraging results. Doctors classified patients at the scene of a make-believe explosion, and the victims were taken in a matter of minutes to the VA and private hospitals where their tags instantly indicated treatment priority. There was hardly a hitch in the whole thing. At least one woman took the rehearsal for real and reprimanded her husband about a horrible explosion.

Jane was hot and dry, and the Comrade River Municipal Water District has consumption records to prove it. The draw was 1,143,000,000 gallons, third highest in the district's history and only about 30 million less than the all-time peak. If current trends continue, July or August easily could set a new record.

FUNERAL NOTICE
MRS. BESSIE ECKHAUS 87, passed away in local hospital 3:30 p.m. Saturday. Remains to be taken to LaFayette Ind. for services and interment.

Yates Rites To Be Today

Hiram Watley Yates, 86, died Friday afternoon in a local hospital after an illness of about five years. He had been bedfast the past 4 1/2 months.

Funeral services have been set for 3 p.m. today at the East Fourth Street Baptist Church, with the Rev. Jack Strickland, pastor officiating. Burial will be in the City Cemetery under the direction of Nalley-Pickle Funeral Home.

Mr. Yates was born July 16, 1875, in Chamber County, Ala. and moved to Williamson County in 1890. He was married to Miss Nora Bell Buckner in July, 1901, at Jarrell, and the couple moved to Taylor County in 1905. They moved to Haskell County in 1907 and to Big Spring in 1925.

He was a retired farmer. Mr. Yates had been a long-time member of the East Fourth Street Baptist Church. He was preceded in death by two children and by his wife, Mrs. Yates, died in 1947.

Burial services will be held at 3 p.m. today at the East Fourth Street Baptist Church, with the Rev. Jack Strickland, pastor officiating. Burial will be in the City Cemetery under the direction of Nalley-Pickle Funeral Home.

Car On Fire

A flooded carburetor started a blaze Saturday shortly after noon in the car of Ruth Spencer, 812 W. 7th. The car was not damaged.

Future Bleak For Ousted ASC Chiefs

EUFALA, Okla. (AP)—Louis F. Dumas doesn't know what his plans are, but Arthur D. Stone intends to return to a small farm in northern McIntosh County.

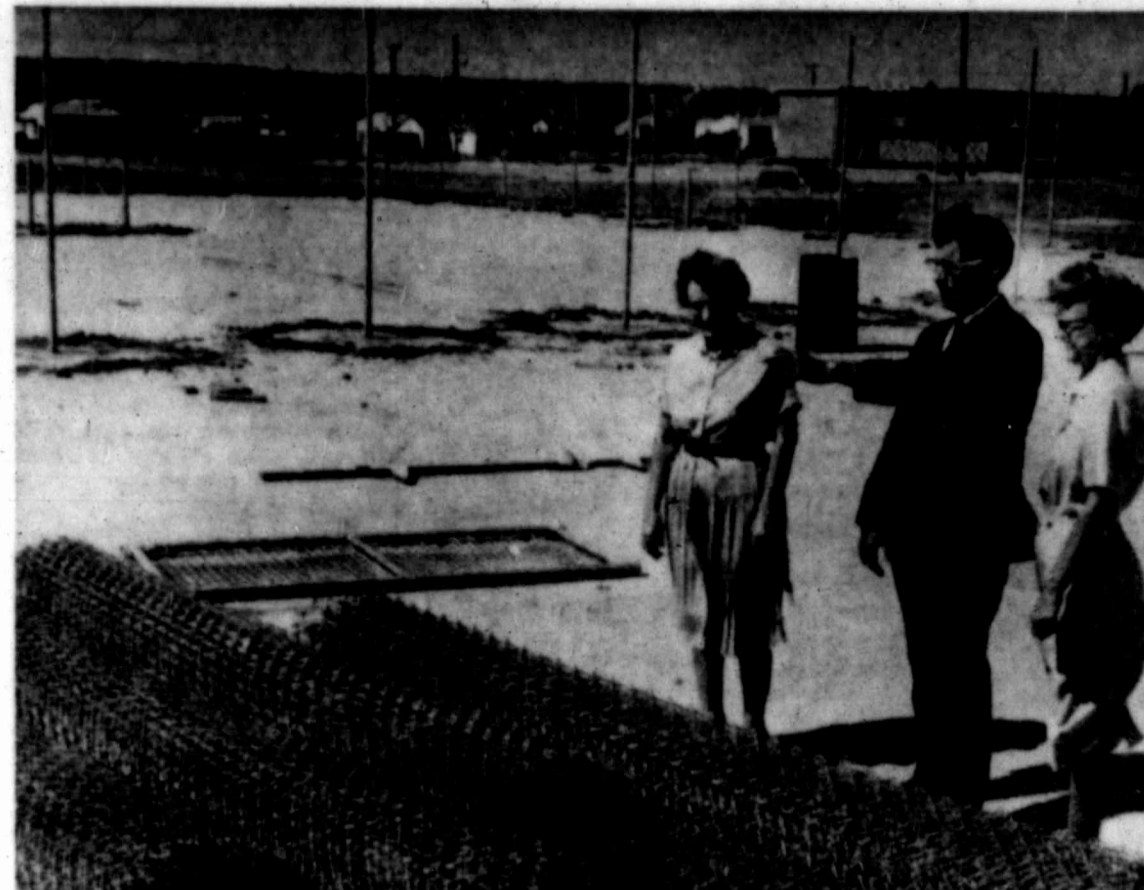

Dumas and Stone, two of the Oklahoma team officials who told Senate investigators in Washington Friday they lied under oath when they denied taking money from B. H. S. Estes in a cotton allotment deal.

Estes is a West Texas farm magnate under indictment for fraud. Federal investigators also are looking into his cotton allotment dealings.

Dumas was office manager here for the McIntosh County Agricultural Stabilization and Conservation Service. Stone was county performance supervisor. Both had been in government agricultural work more than 25 years.

The two submitted their resignations to the Agriculture Department, but Agriculture Secretary Orville Freeman said the resignations were not accepted. He said both men had been suspended.

Contacted by telephone Saturday,

HCJC's New Tennis Courts

Last spring Miss Anna Smith, extreme right, and Miss Arab Phillips, left, challenged the Kiwanis club to spearhead a movement to get tennis courts built on the HCJC campus. Four such courts are now being completed as a result of that chal-

Kiwanians Push Tennis Court Project At Junior College

A dream of Miss Anna Smith and Miss Arab Phillips of a day when there would be good tennis courts available at the Howard County Junior College is coming true.

Several months ago, Miss Smith, dean of women at the college, and Miss Phillips, who formerly held that post, were guests of the Kiwanis Club.

"I would like to suggest," Miss Smith told the Kiwanians, "that your club spearhead a project to build tennis courts at HCJC."

Her suggestion is bearing fruit. The concrete slabs for the four courts have been poured. The HCJC board has agreed to go in with the Kiwanis club in building the four courts. The Kiwanians are to provide \$2,500 of the total cost of \$10,000. The courts are to be known as the Kiwanis Club Tennis Courts.

Miss Smith and Miss Phillips are not content to just suggest—they are also active participants in financing the project. Each has made a gift of \$100 to the Kiwanis Club tennis court fund. Rev. Ward Jackson, who has served as a volunteer chairman in pushing Miss Smith's proposal, said that in addition to the two \$100 gifts, the club has also been given \$500 by the Cap Rock Electric Cooperative of Stanton. The club has borrowed \$1,800 from the State National Bank payable in two years at 2 1/2 per cent interest. Jackson said to provide the organizations \$2,500 share.

New City Directory Gives Variety Of Information

The 1962 Big Spring City Directory, a guide to almost any person or establishment in the city, is now being delivered to subscribers. It is published by Hudson Directory Co.

Special features of the new guidebook include the designation of tenant-owned and rented homes, heads-of-households, marital status, wives' names and occupations.

It is divided into six major departments—Buyers' Guide, Classified Business Directory, Alphabetical List of Names, Directory of Homeowners, Numerical Telephone Directory and Howard County Taxpayers' Directory.

The directory consists of 332 pages of names of persons and businesses.

The American Auto Association, 311 Gregg, under the listing of AAA beat out all other names for first place in the directory. First person listed is Claude C. Aaron, 1312 Park.

In last place is John R. Zeeb, 405 N. W. 4th.

Smith's take up by far the most space, with 183 persons by that name, and seven business establishments. Jones comes next with 115 persons and five businesses and Williams and Brown tie for third place with 90 each. The Browns also have one business listing.

The directory is not just a local use. It gets around nationally, for each new edition is distributed to free reference libraries maintained at Chambers of Commerce in cities in the United States, Canada and Puerto Rico.

Two Dead In Plane Crash

HOBBBS, N.M. (AP)—A light private plane crashed on take-off Saturday, killing two Seagraves, Tex. men aboard.

A state police report said Manoj Wilos Oglesby, 35, and Richard V. Polyak, age unknown, had apparently been pleasure flying over the area for some time prior to the crash in a pasture.

Officers learned that the plane, believed piloted and owned by Polyak, had been landed near Paul's Bar at the junction of State Roads 83 and 132 about 20 miles north of Hobbs and then again at Dan's Bar near the spot where it crashed.

When taking off from the pasture near Dan's Bar, the plane climbed to about five feet and began to bank. It left wing hit the ground and the craft burst into flames.

Officers said the crash itself apparently wasn't too violent. They said Oglesby got one foot out of the plane before the fire destroyed it. The plane was a two-passenger Taylorcraft.

Both bodies were burned beyond recognition. Identification was made through dog tags owned by Polyak on a keychain found in the plane and by Oglesby's wallet which was found under the wreckage.

Rites Held For Nelson Infant

Graveside rites will be held at 10 a.m. today for the infant son of Mr. and Mrs. Lois T. Nelson Jr., 1904 Scurry. The child died Friday evening in a local hospital. Rev. J. W. Arnett will officiate at the services in Trinity Memorial Park. Burial will be under the direction of the Nalley-Pickle Funeral Home.

Survivors in addition to the parents are the maternal grandparents, Mr. and Mrs. T. E. Graham, Stanton, and the paternal grandparents, Mr. and Mrs. L. T. Nelson Sr., Big Spring.

Former Resident Dies In Roswell

Miss Jeff White, former Big Spring resident, died Friday at Roswell, N.M. Services will be held at the Ballard Funeral Home there at 2:15 p.m. Monday.

Mrs. White had resided here at intervals since 1906. She is the mother of Mrs. George Fowler, Big Spring. Other survivors are her husband, another daughter, Mrs. Bob Martin, Roswell, two sons, David and Tommy, Roswell, and 10 grandchildren.

Relatives planning to attend from here are M. Jenkins, Mr. and Mrs. Pete Jenkins, Mr. and Mrs. Earl Jenkins, Mrs. Willard Miller, and Jim Wade.

Interim Pastor

GARDEN CITY, S.C.—Robert Walkup, Lubbock, is serving as temporary pastor of the Garden City Cumberland Presbyterian Church during the summer months. He is a pre-theological student at Cumberland Presbyterian College in McKinney, Tenn., and will return there in the autumn. He has been assisting in the union revival services, ending today under joint sponsorship of the church and the First Methodist congregation.

Texas Girl Dies

TEMPLE, Tex. (AP)—A car-truck collision on Interstate 35 near here Saturday killed a 14-year-old Fort Worth girl and injured four members of her family.

CARDS OF THANKS
To our kind friends, neighbors and relatives we wish to express our sincere appreciation for expressions of sympathy, beautiful flowers, food and other kindnesses extended to us at the passing of our loved one. Our special thanks go to Dr. Floyd King, who rendered services over and beyond the call of duty.

Family of Mrs. J. R. King

Police Hold Woman After Man Stabbed

Pedro Martinez, 311 N. Scurry, was taken to the Medical Arts Hospital for treatment following a stabbing at his residence about 5:30 p.m. Saturday.

A report on his condition was not available from the hospital.

A Mexican woman reported to have done the stabbing has been arrested by police.

Martinez told police he had been stabbed in the neck while he was trying to sleep. He said he had seen the woman earlier that day in a Northside bar. Another witness reported she saw the woman fleeing immediately after the incident.

Martinez was taken to the hospital by private car. He was staying at the home where he had been arrested. He said the articles, valued at \$30, were taken from his car Friday between 10-11 p.m., while it was parked at the Ranch Inn.

Bid Date Set At GC

GARDEN CITY, S.C.—Bids will be opened July 31 for the new cafeteria building for the school here.

Plans were approved by the board Thursday evening. announced Richard Currie, board president, and Gary C. Hohertz of Big Spring were instructed to mail out plans and specifications by July 16.

In other activities, the board elected Miss Theora Calverley of Garden City, as high school English instructor and director of girls physical education. She has been serving as PE instructor at Lakeview High School in San Angelo for the past two years. Also elected as a history teacher was Jack Woodley.

Frazier Girl Is Hurt In Accident

Penny Carol Frazier, daughter of Mr. and Mrs. James B. Frazier, Cedar Ridge, required 21 stitches to close a wound on her forehead following an accident early Saturday morning.

She was a passenger in a car driven by her brother, Roger Mack Frazier, when it was in collision with a parked car at Eighteenth and Dixie. She was taken to the Howard County Hospital Foundation by her father and was released after treatment. Roger was not injured.

Three other accidents were listed on the police blotter Friday, with no injuries reported.

Drivers of cars and scenes of the accidents were: at Third and Gregg, John Ruff, Morris, 905 Hamilton, and Will Dean Nichols, Box 631, at 100 Gregg, Clara Jones Coffee, 1811 Donley, and Hill Medlin Willard, 402 Crutie Drive, and at Seventh and Gregg, Lois Denham McCarsen, Faunsdale, Ala. and William Donald Rhoades, 307 Edwards.

Insurance Rates Reverted To 1961

AUSTIN (AP)—The Texas automobile insurance buyer on Aug. 1 will be right back where he was 2 1/2 years ago.

The reason is the State Board of Insurance has tossed out the controversial safe-driving insurance plan. The plan, commonly called merit-rating auto insurance, becomes extinct Aug. 1.

Ever since the board announced three years ago it would adopt a merit rating plan, the controversy has boiled.

PRO AND CON

The board and the Texas automobile insurance service office argued that 78.3 per cent of the Texas drivers were getting a 20 per cent discount in the cost of automobile insurance because they have not had a ticket or an accident within the past three years.

Opponents of the plan argued that most of the drivers in Texas are against the merit rating plan. Proponents said that the 80 per cent of the drivers who drive without tickets or accidents should not be paying for losses insurance companies pay out in claims in accidents by so-called "unsafe" driver.

Safety experts said the plan, which scored insurance drivers on a penalty point system ranging from zero to six, resulted in the driving public being more careful.

So far this year traffic deaths are down one per cent and fatal accidents up one per cent compared with 1961.

Zero-point drivers, those without accidents or tickets, got 20 per cent shaved off their premium cost. A one-point driver stayed at the base rate. The rate went up

20 per cent for every point after one until it reached six.

The merit rating plan was attacked by many legislators. State Sen. Grady Hazlewood of Amarillo called it "silly." He said the insurance industry was rewarding "the uncaught drivers."

Opponents argued that a person who got a ticket, and paid a fine, was then penalized again and for three years when he bought insurance.

BIG DEAL

The automobile insurance industry collects over \$300 million from insured drivers each year. The State Board of Insurance sets the rates on the basis of claims paid out, allowing companies a set margin of profit.

At last week's hearing on the insurance plan, most of the associations of insurance agents (stock companies) favored retention of the merit rating plan.

The Texas Association of Mutual Insurance Agents criticized the plan, saying it forced companies into low enforcement.

The board Friday released rates for liability insurance.

The new rates, effective Aug. 1, basically mean that the 78.3 per cent of the insured drivers will be paying more for liability insurance. The board said a saving of \$10 million is indicated for the next year. The extra cost to the penalty-free driver and the \$10 million in reduced rates means lower insurance costs for the penalized drivers. No longer are their penalties considered.

Board chairman Ned Price said the board is currently working on a new type of plan to reward safe drivers. He urged drivers to try and prevent accidents in case these are considered in any future plan of merit rating.

The next legislature will probably go into the problem of auto insurance and uninsured motorists.

'Safe Driver' Insurance Rate Due To Be Unchanged Here

Texas State Board of Insurance announced it will junk the so-called "merit" plan by which fees for liability insurance have been set since Jan. 1, 1960. This plan penalized drivers with traffic violations charged against them and gave the driver with no such violations a 20 per cent discount in his insurance fees.

Howard County is located in what the state designates as Territory 25. This territory includes four counties in the West Texas oil field area. Rate established under the new plan for standard \$5,000-\$10,000-\$5,000 liability insurance for Class 1B drivers in these counties will be \$36 a year.

Under the plan now in effect, Howard County's base rate is \$45 for the driver who has no traffic violations charged against his record paid 20 per cent less for his insurance—\$36.

The only change in the plan here, local insurance men say, is that hereafter all motorists will pay the same rate—\$36. The driver with no traffic violations charged against him and the driver who may have as many as half a dozen such offenses on his record will pay exactly the same. Technically, insurance men point out since the old base rate has been \$45 and the new rate \$36 there is a reduction of \$9. This reduction goes to the motorist who in the past two years has been penalized for traffic violations against him but does not profit at the same rate. He still pays the safe rate.

Texas is divided into 26 "territories" by the state board and variations prevail across the state in rates charged with liability insurance. Harris County, (Territory 1) has the highest rate. Present rate in Houston for a driver with one violation charged against him is \$76. Under the new rate he will pay \$63. The safe driver in Houston has been paying \$61. Hereafter, he will pay \$62.

Several territories have lower rates than Howard County. There are 36 counties, for example, in Territory 19 (Southeast Texas) where the new rate is to be \$24. And there are 89 counties in Western Texas, (Territory 26,) where the rate has been \$36 under the merit plan and hereafter will be \$49.

Local insurance men were still waiting for more details on how the program is to function before committing themselves on its aspects.

County Docket Is Down To 57 On Eve Of Session

Four of the 61 criminal cases set for disposition this week and next in Howard County Court have been stricken from the docket, according to Wayne Burns, county attorney.

Burns said that two of the defendants on the original list are already serving time in the state penitentiary for other offenses. He identified these as William Johnson and Cosme Ramirez, both of whom were charged with shoplifting.

Earlier, Mrs. Romie K. Harris entered a plea of guilty to shoplifting. The case against E. H. Harrington collapsed when the prosecuting witness told Burns she would not testify against the defendant in an aggravated assault case.

The remaining 57 cases are to be called by Judge Ed Carpenter Monday at 1:30 p.m. Burns said he has reason to believe there will be a number of guilty pleas entered.

When the docket has been sounded, the judge will list the cases for trial and a jury panel is to report at 10 a.m. Tuesday to begin trial of the cases ready. The trials are to continue through Friday of this week and begin again Tuesday, July 17.

DAN OGLESBY

Dan Oglesby To Get Degree

Daniel Aubry Oglesby Jr., son of D. A. Oglesby, Westbrook, will receive the Bachelor of Divinity degree from Southwestern Seminary on July 20. Mrs. Oglesby is the former Opal Massey, Big Spring.

Dr. James E. Caggin, pastor of the Travis Ave. Baptist Church, Fort Worth, will deliver the commencement address.

President Robert E. Naylor will present degrees and diplomas to approximately 115 candidates.

Southwestern Seminary, the largest evangelical seminary in the world, enrolled 2,067 students in 1961-62. Founded in 1908, the seminary is an agency of the Southern Baptist Convention.

Special Education Bid By Lamesa's Schools Nixed

LAMESA (S.C.) — Lamesa's request for special education classes had been turned down by the Texas Education Agency, it was revealed here by Supt. Abe Holder.

The agency indicated that Lamesa schools do not have enough eligible pupils for either the trainable or the educable program. The local schools had applied for a continuing unit in speech and one new unit for the mentally retarded.

At least eight pupils are required in either classification. Trainable and educable mentally retarded pupils may not be taught in the same classroom, according to the agency.

Holder said the school is interested in this program and will make another request if Lamesa becomes eligible for such classes.

ABC Club Plans To Install Officers

New officers in the American Business Club will formally be installed during a meeting at the Big Spring Country Club at 7:30 p.m. Thursday.

Ladies Night will be observed at the time. A bingo party will follow the installation of officers.

Elmo Phillips is the incoming president of the ABC Club. He succeeds Garner McAdams.

Workers Conference

WESTBROOK (S.C.) — Mitchell Scurry Workers Conference for Southern Baptists of this district will meet at the Westbrook Baptist Church Tuesday. Supper will be served by the host church at 6:00 p.m. said the pastor, the Rev. Kenneth Adams.

HEALTHIER AND HAPPIER!

Nervousness, insomnia, neuritis, arthritis, low back — neck and shoulder disorders and so many other physical complaints are recorded in our case histories. Along with these are other complaints which do not have a place in the case histories such as family trouble, financial worries, social discomforts, dissatisfaction and restlessness together with the other variations of our individual personalities.

I think of the homes which have become happier places, the appreciation of the wife or husband and the real enjoyment of the children together with the many other blessings of God which we are aware of with health and overlook when feeling bad. The opportunity of the job, friends, church and surroundings which we begin to see

with new eyes when we return to full health.

The greatest reward a doctor blooms and blossoms forth as the patient becomes healthier and usually happier against the sick individual the doctor began with. I look over the more than 1700 case histories of four and a half years and remember these additional benefits the patients have received from spinal corrections and wish that every sick and unhappy person could receive the same benefits. However it is there for you too! The cause of your physical illness might be in your spine, so have it checked. The Hansen Chiropractic Clinic is open until 6:30 each evening just across the street from Piggly Wiggly. Call AM 3-3254 or just come in — Ady.

MEN IN SERVICE

JERRY G. FOWLER

AUSTIN — Army Reserve Staff Sergeant Jerry G. Fowler, son of Mr. and Mrs. C. D. Fowler of Sterling City Rd. Big Spring, is undergoing active duty training at Headquarters VIII U.S. Army Corps in Austin.

Sgt. Fowler entered the Army in August 1953 and served for three years prior to being transferred to the U. S. Army Reserve. He is a student at the University of Texas.

He and his wife, Janice, and daughter, Leigh Anne, 20 months, live at 1005 Cardinal Lane in Austin.

1st Lt. Fred L. Michel, son of Sgt. and Mrs. A. T. Michel, 149A Dow Big Spring, has been awarded United States Air Force pilot wings following his graduation from pilot training at Reese AFB at Lubbock.

1st Michel flew T-37 and T-33 jet trainers during the year-long flying training course. He also received special academic and military training.

1st Michel attained the highest grade in his class and received the Commander's Trophy with a letter of recognition from Lt. Gen. James A. Briggs, commander of the Air Training Command. He will remain at Reese for duty as an instructor pilot.

He is a graduate of Mesa (Ariz.) High School and entered the service in January 1955. He is married to the former Patricia A. Laughton, Sacramento, Calif.

Leave For Jobs

MEXICO CITY (AP) — About 45,000 Mexicans left Mexico in the first half of this year to accept jobs in other countries, mostly in the United States, a Foreign Ministry spokesman said.

The total included 10,000 women who took jobs as house servants.

Postmasters

WASHINGTON (AP)—President Kennedy sent these Texas postmaster nominations to the Senate: John Lambert, Abernathy;

Laura Williams, Glen Flora; Edmond Jackson, Honey Grove; Lloyd Kuykendall, Hopper; Ruby Hart, Nash; Dorothy Childress, Selman City; Jack Christian, Tenaha; Emily Foster, Toyahvale.

Ten Year Pins Awarded

Col. Charles W. Head, Air Base Group commander at Webb AFB, presented 10 year pins to six civilian employees last week at ceremonies in his office. Receiving pins were, left to right, Tommie Bryans received \$150 and Mrs. Melba Lester, G. M. Deanda and Col Head. In the front row are Ann Smith and Joyce Watson. In other ceremonies, Joan McKinney and Mrs. Lorine Walker of the Pilot Training Group received \$100 incentive awards. From the base hospital, Mrs. Earl Coates, Elvin White, Howard Lester, G. M. Deanda and Col Head. In the front

Flight Safety Course Slated

All pilots and anyone interested in aviation safety is welcome to attend a Flight Safety Refresher course to be offered here July 10, 17, 24 and 31. The course will be presented by a representative of the Texas Aeronautics Commission. Sessions will be in the Howard County Junior College starting at 7:30 p.m.

The courses are part of a series of refresher programs planned for West Texas fliers. Similar programs to the one in Big Spring are set for Colorado City, Snyder and Sweetwater. The courses are to continue through the weeks of July 9 to Aug. 3. The meetings at Sweetwater are set for 114 West Broadway (Slaton's Pharmacy) July 9, 16, 23 and 30. The Colorado City classes are to be in the Jay Cee Building July 11, 18, 25 and Aug. 1. At Snyder the Safety Refresher Course will be in Snyder High School in the visual aid room July 12, 19, 26 and Aug. 2. All of the sessions start at 7:30 p.m. with exception of the Colorado City course which is slated for 8 p.m. There is no charge for the course.

Files As GOP

ST. PAUL, Minn. (AP)—Rep. H. Carl Andersen, Minnesota Republican who said he would seek re-election as an independent, changed his mind Friday and filed as a GOP primary candidate.

What Happened In Rulings On Estes Cotton Allotments?

WASHINGTON (AP) — Senate probers turned up this past week two minor Agriculture Department officials who took money on the fringes of Billie Sol Estes' vast cotton-allotment manipulations.

But now they want the answer to a much more important question—why did the department rule Estes' type of allotments illegal early in 1961 but then allow the Texan to raise a crop last year? After the crop was in, the department judged illegal Estes' methods of obtaining the allotments and fined him more than half a million dollars—a penalty still under appeal within the department.

WHAT HAPPENED?
When the Senate investigations subcommittee resumes its hearings next Wednesday, it will try to determine what was done between the two rulings of illegality, who did it and why.

Exposure and confessions of two federally paid county farm officials from Oklahoma on Friday climaxed the week's two days of hearings which started with Secretary of Agriculture Orville Freeman vigorously defending his department and clashing frequently with Republican subcommittee members.

Asked if more new names might be tangled up in the far-ranging operations of the 37-year-old Pecos financier, Sen. Karl Mundt, R-S.D., said: "I am afraid I have not yet reached the end of the list."

3,000 ACRES
The subcommittee, headed by Sen. John McClellan, D-Ark., is studying transfer of more than 3,000 acres of cotton allotments to Estes in Pecos and Reeves counties, Texas, from farmers who had land condemned for public projects in Texas and elsewhere.

The subcommittee is trying to determine whether instructions ruling out the contracts were received by officials in Pecos and Reeves counties.

If they were halted before reaching there, the investigators want to know who stopped them, and why.

If the county officials were warned about the deal, the subcommittee wants to know why it wasn't stopped. Under rules in effect at that time, the county committees okayed such transfers.

The subcommittee resumed its hearings Thursday with Freeman back for another go-round with the Republicans. Most of the day was spent by questioning from Mundt and his fellow Republican, Sen. Carl Curtis of Nebraska.

SHARP WORDS
Sharp words flew between Mundt and Freeman, with the senator charging Democrats' had tried to link him with "improper influence" deals involving Estes and others.

On Friday, the subcommittee dramatically unveiled the cases of Louis N. Dumas, 32, and Arthur Daniel Stone, 55, county manager and performance supervisor in McIntosh County, Okla., for the agricultural stabilization and conservation service.

First staff investigator Alphonse Calabrese told how a study of Estes' records indicated the two men had been paid \$1,640.80, or \$4 an acre for providing an Estes agent with information which presumably helped in the transfer of 328.1 acres of cotton allotments to Texas.

He said the two men had denied under oath that they had received the money.

LEFT ENVELOPE
Then, Parnett E. Biggerstaff, former agent for Estes, told the story of his activities in McIntosh County.

Biggerstaff, a chunky, balding man with a crewcut who hails from Bonham, Tex., said Dumas and Stone offered to provide him information about farmers who had been forced off their lands.

Talking with a Texas twang he said he laid an envelope containing the money on Dumas' desk. Dumas and Stone then made their appearance in the mammoth Senate Caucus Room looking somewhat out of place in shirt-sleeves.

they cannot be re-hired by the department.
For both men, it spelled the end of more than a quarter century of service for the county committee, which is responsible for such appointments although the salaries—in the \$6,000-to-\$8,000 range—are paid by the federal government.

Star-Studded Rookies Head For Grid Camps

By JACK CLARY Associated Press Sports Writer

NEW YORK (AP)—One of the strongest contingents of rookies ever to invade the training camps of the teams of the National and American Football leagues begin their attempts during the next 10 days to capture the gold and glory of professional football.

Such top-drawer 1961 college talent as All American Ernie Davis of Syracuse, Bob Ferguson of Ohio State, Jim Saxton of Texas, Bill Miller of Miami, Alex Krull of Rutgers, Roy Winston of LSU, Billy Neighbors of Alabama and Jerry Hillbrand of Colorado lead this dollar-studded array.

Most of these will report after the college All-Star game against the Green Bay Packers in Chicago on Aug. 3. Until then, countless others will knock heads against experienced pros, oft-times in a fruitless bid to make the grade.

Most of the practice sites are partially deserted small college campuses. All face the same rigorous

SAXTON DAVIS FERGUSON KRULL

schedule. Gruelling hours on the practice field under the hot summer sun.

There are more tedious hours spent over voluminous notes, charts, diagrams, movies, talking with veterans, coaches, discussing plays, game situations, nursing bruises, and wondering... wondering.

Right now, the odds of success are more in favor of the rookie than five years ago. Professional football has added 10 teams since then, eight of them in the seventh century ago as a big, gaudy end from the University of Arkansas.

Today, as the club's personnel director after a term as head coach, he can speak of the rookies' chances with authority.

"The big thing a player must cope with when he first joins a team is his ability to adjust to the team and its needs," Howell began.

"On defense, he will find that the pros consider all of their front linemen as tacklers, and the ends will revolve around much more mental work than he has been called on to perform previously.

"Defensive backs will have to learn how to play the type of system that we use. In college football they play mainly a deep zone where a defender need not let the receiver get behind him in the pros, if we tried that as a basic defense the short pass would kill us game after game."

Monday and again at 2:08 p.m. Tuesday.

Only three other Texans are in the National tournament. They are Edward W. Gibson, M. P. McClain and Arnold Salinas, all of Dallas.

Houston and McAllen were to have hosted Sectional rounds but apparently lack of interest caused them to cancel out.

Detroit will have ten players in the meet. Hawaii nine, Buffalo eight, Memphis and Pasadena, Calif., six each. San Francisco, Indianapolis, New York City, Cleveland, Toledo and Pittsburgh five each.

Charles Kline of Roswell, N. M., is also entered in the tournament.

Richard Sikes, who registers out of Wichita, Kansas, but who performed for the University of Arkansas team the past spring, is the defending champion and will be on hand again. He was exempt from qualifying.

The Sheridan Park course measures 6,697 yards, with a par 71.

Ex-champions in the field, in addition to Sikes, include Stanley Bielak of Youkers, N. Y.; and Andrew Swedko, Pittsburgh, Pa. Bielak won in 1950, Swedko in 1959.

John A. Molinda of Detroit was runner-up to Sikes last year but apparently will not be in this year's meet.

Stan Smashes Homer, Cards Get A Split

NEW YORK (AP)—Stan Musial hit his 45rd National League home run in the eighth inning of the second game Saturday for a 3-2 St. Louis victory over the New York Mets.

Musial's home run was his 45th in the National League and his 11th in the second game Saturday.

Tronberry's two-run pinch homer in the ninth had given the Mets the opener, 5-4.

Tronberry, 27, also hit a homer in the seventh inning of the second game, tying the score before Musial's blow won it for St. Louis.

Kuenn Leads Giants' Surge Back To Top

SAN FRANCISCO (AP)—Harvey Kuenn knocked in four runs and scored twice himself Saturday, propelling the San Francisco Giants into the National League lead with a 10-3 victory over the Los Angeles Dodgers.

Willie Mays hit a solo homer for the Giants in the first, John Rosebough hit one for the Dodgers in the top of the eighth and Jim Davenport belted one for San Francisco's final score in the bottom of the inning.

Jack Sanford, who pitched hitless ball for the first six innings, was the winner, putting his record at 9-6. The Giants led 9-0 at the end of six.

The victory put the Giants a half game ahead of the second place Dodgers.

Kuenn contributed a pair of doubles and a single in the Giants' 11-hit attack.

Patterson On Hand Early For Public Links Meet

Jimmy Patterson left Big Spring via an airliner Thursday morning for Tonawanda, N. Y., where he hoped to get in several rounds of practice before teeing off in the 1962 Amateur Public Links Championship golf tournament.

The meet, biggest of its kind for public links players, gets under way at the Sheridan Park Golf Course, just outside Buffalo in upstate New York, Monday and continues through Sunday.

Jimmy won the right to represent this area by firing the low score in a Sectional round held at the Big Spring Country Club here June 19. He had a 36-hole score of 148, four strokes better than the next lowest score.

Jimmy, a member of the Odessa College National Juco championship links team the past season, will get off the tee with Thomas D. Ballet of Pontiac, Mich., and Lamont A. Kaser, Wichita, Kansas, at 10:48 a.m.

Willis Is Leader In T-Bird Surge

DeWayne Murphee pitched the T-Birds to a 14-6 International Little League victory over the Comets here Saturday night, setting the Tigers down with five hits.

Greg Willis clubbed two triples and a single for the winners.

National 'Letter' Foreseen

LUBBOCK, Tex. (AP)—Dr. J. William Davis said Saturday he is "extremely optimistic" that all major colleges soon will approve a plan to end raiding of another school's prospective athletic recruits.

NET ENTRIES DUE SHORTLY

Anyone planning to enter the Big Spring YMCA Tennis Tournament must turn in his application before 5 p.m. Friday. The tournament will extend from July 19 to 22. If enough entries are posted, a junior division for girls and boys aged 12 to 16 years will be formed. Entry fee in this division will be \$1 for singles and 50 cents per player in doubles. Application may be made at the YMCA or at the Personnel Services Office at Webb AFB.

Interview following a session of faculty and conference representatives last weekend in Colorado Springs, Colo. Dr. Davis is faculty athletic representative at Texas Tech, a member of the Southwest Conference. The NCAA has appointed him to probe the possibility of an inter-conference letter of intent. The NCAA, athletic governing body of the major colleges, has failed for two years to pass rules providing a letter of intent. So-called raiding between conferences has brought bitter words from leaders of schools which have lost athletes to other institutions. Letters of intent already are used by some conferences. These letters, signed by athletes just graduated from high school, signify an intent to attend a particular college. The athlete cannot play for any other institution in that conference. But he can play for a school outside that conference. In effect, the inter-conference letter of intent would make such

Tech Is Accepting Orders For Ducats

LUBBOCK — Texas Tech is taking orders for tickets to the two all-star games sponsored by the Texas High School Coaching Association here Aug. 10 and 11. The North South basketball game will be played in the Coliseum Friday night, Aug. 10, the football contest in Jones Stadium, Saturday night, Aug. 11. Tickets may be ordered by mail, by enclosing a 25-cent mailing fee, from the Texas Tech Athletic Department. Reserved basketball tickets sell for \$2 below the course, \$1.50 above. Student tickets will be 75 cents each. Reserved football tickets are \$2.50, in the chair-type seats, and \$2 General admission will be \$1.75; student tickets, 90 cents. Although proceeds go to the THSCA, checks should be made payable to Texas Tech.

Jack Woodley New Bearcat Mentor

GARDEN CITY — Jack Woodley of May, Texas, has been elected football, basketball and track coach at Garden City High School. Woodley, presently spending the summer in May working for the ASC, will arrive here to assume his duties early this fall. His predecessors are Bill Richardson and Russell Coalsen, respectively, the resigned football and basketball coaches. Woodley has served as football and basketball coach at May for the past two years. A two-year stay at Norton preceded that assignment. He was active in sports at Howard Payne College in Brownwood. The 28-year-old coach will also serve as history teacher at Garden City High. He and his wife have two daughters, ages eight and five.

Lions Upended By Colt Nine

Errors produced the winning three runs Friday night as the Colts sidled past the Lions, 6-3 in a seven-inning American Little League tilt. R. J. Englert singled and John Stewart walked for the Colts to lead off their winning spurge. A series of errors by the Lion infield yielded the score. Winning pitcher Bill Burchett came in during the sixth to relieve Stewart. Tom Conway took the loss.

SUMMERTIME

ESSENTIAL is the daily office routine at Big Spring State Hospital where Laura Martinson, left, works. Fourteen-year-old Laura is too young to assist in the hospital wards, but her efficiency is valued by the office staff. Laura is the daughter of Mr. and Mrs. L. W. Martinson and is a ninth grade student at Goliad School.

MUSICAL TALENTS are in demand at the state hospital. John Fierro and Manuel Lopez, right and left, give out with piano and guitar selections for the pleasure of patients in Ward Nine. John is a sophomore at

Big Spring High School; Manuel, a ninth grader at Runnels. They are two of the 14 junior volunteers registered at the hospital this summer.

(See Story Sec. C)

CANDY STRIPERS, Joyce Seder, and Judy Seals, left and right, busy themselves with between-meal refreshments for patients. The Candy Strippers, numbering 94 high school students from Big Spring and area, are familiar figures in the VA Hospital halls during

the summer months. Judy, assigned to dietetics, is a sophomore and the daughter of M. Sgt. and Mrs. G. A. Seals, Webb AFB. Joyce is a high school senior and is assigned to nursing. Her parents are M. Sgt. and Mrs. Viator Seder, Webb AFB.

and THE LIVIN' IS GIVIN'

By Kathleen Dozier

Giving of themselves to others in need of assistance, companionship, guidance, kindness and love is the way many young people pass their leisure summer hours. In Big Spring there are numerous places where such contributions of time and talent can be utilized at all times. The enthusiasm and efficiency of the junior volunteers are highly acclaimed.

Sixteen is the minimum age for ward service at the Big Spring State Hospital, however, anyone younger who is qualified to assist in filing, typing or other office work is readily accepted. The Veterans Administration Hospital requires that a volunteer be 15 years old or over to be registered. Young people, both boys and girls, contribute many

hours of service, assisting the staff, entertaining and seeing to the comfort of patients.

Junior volunteer workers serve at the Crippled Children's Center also. They not only help with the children, but help to maintain orderliness within the clinic by making beds, cleaning equipment, etc.

Assistance from the junior volunteers is almost indispensable in the YMCA program according to the director. The girls and boys, working with younger children, teach bowling, crafts, miniature golf, swimming, and archery. They also conduct tours and lead story hours.

The volunteers conclude that they derive a feeling of accomplishment as well as pleasure from this manner of summer livin', which isn't exactly easy but most rewarding.

DUTIES PERFORMED at the Crippled Children's Center include the wrapping of hydrocollator packs in terry cloth covers for heat application to patients. From left, Billie Bailey, Marian Gilbert and Richard Lacy prepare the hot packs—assembly fashion. Marian, daughter

of Mr. and Mrs. Hubert Gilbert, and Billie, daughter of Mr. and Mrs. A. J. Bailey, are in the ninth grade at Runnels, while Richard, son of T. Sgt. and Mrs. George S. Lacy, is a 10th grade high school student at Forsan.

DERIVING PLEASURE from their work, Karen Kee, right, and Martha Thompson, compete in a wheelbarrow race, navigating gym carts, Susan Ward and Sherry Wooley, two of the YMCA day campers. Karen and Martha, high school

misses, are the daughters of Mrs. Charlene Kee and Mr. and Mrs. W. L. Thompson. Theirs is not a dull, uneventful summer while working as volunteers in the Y's summer day-camping program.

BIG SPRING, TEXAS, SUNDAY, JULY 8, 1962

Youth No Handicap In Helping Mentally Ill

By JOE BEYER
Youth is no handicap if heart and hands are willing to help in the cure of patients with mental illness.

Junior Volunteers at the Big Spring State Hospital have shown that under proper leadership they can be an asset as an invigorating stimulus for patients. There are now 14 Juniors working at the hospital, according to Mrs. Hilda Weathers, volunteer coordinator.

"I wanted to help; I wanted to learn," are reasons frequently given for entering the work of the Junior Volunteer.

"I read about the program and thought that was what I wanted to do this summer," one said.

ENTHUSIASTIC
The work force remains small because of the limited number of areas in which the high school students may work, but their enthusiasm is not lessened by the restriction. They make themselves useful wherever they are and patients welcome the bright, young faces, Mrs. Weathers said.

Laura Martinsen is a typical volunteer. She has been working since June 1, and puts in several hours each day three days a week.

"The work is very interesting and educational," she said. "You can find out about people and their problems."

Much of her work has been of the office variety where she helps with filing and dispatching information. However, she occasionally takes water to patients who cannot go to a water fountain, helps feed those who cannot feed themselves, others for walks or just sits and chats with them.

LEARNING TOO
A more recent addition to the group is John Fierro. He and a

friend, Margarito Flores, joined the Junior Volunteers two weeks ago. Fierro is now working regularly, two days a week.

"Right now I am working on the wards, but I would like to help out in the laboratory," he said.

Fierro said he wants to learn as much about lab work as possible, since he might be interested in that field after completing his education.

His knowledge of Spanish makes Fierro a valuable addition to the corps. Much of his work is with patients who know only Spanish and might otherwise be left out of activities because of the language barrier.

He and others who are musically inclined are now in the process of forming a small orchestra to entertain patients.

REQUIRE TRAINING
While Junior Volunteers are

Fems Told Why Of Seat Belt Furor

What's all this furor about automobile seat belts? And why?

Since women constitute some 40 per cent of all licensed drivers and probably do more than 50 per cent of all passenger car driving, a women's service bureau set out to find the answers to these and related questions.

National statistics show that more than half of all serious auto accidents occur within urban areas and at speeds of less than 40 miles an hour. What's more, about three out of four traffic deaths occur within 25 miles of home.

This pinpoints most traffic accidents to the "family chauffeur" driving area, where the woman driver is the busiest.

These studies further show that driver and passenger alike are 60 per cent safer with a seat belt. Seat belts installed in all motor vehicles would save 5,000 lives a year and reduce serious injuries by one-third. That explains why such organizations as the National Safety Council, the American Medical Association, the Automotive Safety Foundation and the U. S. Public Health Service recommend that you have seat belts installed — and use them constantly.

American auto makers now equip all new cars with seat belt fasteners at the factory. Legislation either has been passed or is pending in a majority of states, requiring installation of belts and setting specifications for seat belts sold in those states. So chances are the family car will soon be equipped with these belts—to the everlasting benefit of its occupants.

Again, as in everything that involves your family's safety, beware of "bargains." A poor seat belt, or an improperly installed one, may be worse than none at all.

To Marry
The engagement and approaching marriage of Miss Eunice Faye Jones and Cliff Durkee is announced by the bride-elect's parents, Mr. and Mrs. Floyd Jones of Ackerly. Durkee is the son of Mr. and Mrs. Clifford Owen Durkee, Brownwood, a graduate of Ackerly High School. Miss Jones is presently working at Security Investment Corp., Lubbock. Her fiancé, a graduate of Sweetwater High School, is a senior majoring in electrical engineering at Texas Tech, Lubbock. The wedding is planned for August.

Miss Clark Honored At Lunch

Complimenting Miss Jackie Clark, a 1 o'clock luncheon was served Saturday by Mrs. Curtis Driver and Mrs. Clyde Thomas Jr. Held at the Driver home on Driver Road, the buffet luncheon was one in a series of parties honoring Miss Clark, bride-elect of Robby Allen.

The 24 guests and honoree were all former members of a Tri-Hi-Y group. Special guests were Miss Clark's mother, Mrs. Bob Clark, and Mrs. A. J. Allen, mother of the prospective bridegroom.

A blue and white motif was carried out on the serving table. Spread with a white linen cloth, the table was centered with an arrangement of blue hydrangeas interspersed with ivy steamers. Smaller arrangements were used on the individual tables.

Party Apron
This lacy party apron is crocheted with simple stitches and finished with a lovely wide ruffle. It's a practical gift or an item to make for yourself. Ask for No. 1241.

Our New Needlework Catalogue, containing a free coupon for any pattern, is 50 cents. Send 25 cents in coins for this pattern to MARTHA MADISON, Big Spring Herald, Box 1490, New York, N. Y. Add 5 cents for third class or 10 cents for first class mail.

Ragsdales Return From Boston

Mr. and Mrs. G. C. Ragsdale have returned from Boston, Mass., where they attended the wedding of their grandson, Gil Barnett, and Miss Suzanne Dretzer of Boston.

After a wedding trip to Mexico City and Acapulco, the couple will live in New York City, N. Y.

The Ragsdales visited New York City and Niagara Falls during their trip. One of the main highlights of the trip was his visit to points he had visited while in the Merchant Marines 41 years ago.

Mrs. Bill Neal And Daughter Visits Here

Mrs. Bill Neal and daughter, Zane, 11, returned to Roswell, N. M., Friday after a week's visit with her sister, Mrs. Toots Mansfield, and her father, Marion Edwards, Coahoma.

Pre-Nuptial Shower Is Given For Bride-Elect

Miss Barbara Wilkerson, bride-elect of Franklin (Sonny) Earley, was complimented at a miscellaneous pre-nuptial shower at the Cecil Leatherwood home, 1723 Yale, Thursday afternoon. Assisting Mrs. Leatherwood were co-hostesses, Mrs. Ken Noss, Mrs. David Yater, Mrs. Fred Wilkerson, Mrs. Bill White, Mrs. Austin Clark, Mrs. Charles Odom, Mrs. Charles Miller and Mrs. Dwayne Haynes.

The refreshment table, laid with white cutwork lace over fuchsia, featured the honoree's bridal colors, silver and fuchsia. The centerpiece of fuchsia-tinted carnations and white daisies tied with fuchsia satin streamers, was accented with crystal and silver appointments. The napkins were fuchsia engraved in silver. Presiding at the service were Mrs. Miller and Mrs. Wilkerson.

Mrs. Yater was in charge of the register, signed by approximately

35 guests. White candelabra adorned the register table. Mrs. Noss displayed the honoree's gifts.

Miss Wilkerson chose a full-skirted navy and white dress for the occasion. She was presented a white carnation corsage by the hostesses.

The couple will be married July 19 at the First Assembly of God Church.

Mrs. George Clark Leaving For Florida

COAHOMA (SC) — Mrs. George Clark and her son, Roger Lee, are leaving this week for Florida to join her husband, who is stationed at a naval base there. Pat Kinder, who will accompany them, will visit her brother and family, the Paul Kinders, who are stationed at a naval base in Florida.

As Seen in **LIVING FOR YOUNG HOMEMAKERS**

Give your home the custom-tailored look... plan with **Ethan Allen**

Now, for the first time, your home can have all the beauty, the individual charm and the wonderful utility of built-in furniture—without built-in cost! Too Young To Know

One-month-old Debbie Feist, held by her mother, Mrs. Paul Feist, isn't old enough to know that her new home is Big Spring. Her older sister, Kathy, right, is assistant manager for the Grants store in the new College Park shopping center.

The Paul Feist Family Moves To Big Spring

When the new College Park shopping center opens in August, the assistant manager of Grants will be Paul Feist, who with his family recently moved to Big Spring. The Feists came from Amarillo where he was the division merchandiser of Grants stores, having been with the company since 1958.

Mr. and Mrs. Feist met when they were both students at Sul Ross State College in Alpine, Mrs. Feist's hometown. They were married five years ago and have two daughters, Kathy, two, and Debbie, one month.

Feist's favorite sport is baseball which was the source of a Sul Ross scholarship. He has also played semi-pro baseball in his hometown. San Angelo Feist has served two years in the Army stationed at Fort Ord, Calif., and Fort Slocum, N. Y. He was employed with Grants Co. before going into the Army. Upon completing his service, Feist rejoined the company and since has held positions in several of the Grants stores.

Mrs. Feist says that taking care of their two little girls is enough to keep any wife, mother and homemaker busy all day. However when they have a spare evening she and her husband enjoy bowling and plan to join a fall league. Feist particularly enjoys

golfing, a sport which he just recently started playing. The Feists also like to fish, hunt and play cards.

Pretty, brown-eyed Kathy has found her new neighborhood full of exciting things to do. She has already made new friends with the neighbor children. Mrs. Feist says they already like living in

Big Spring and find their new neighbors to be friendly, as are other Big Springers they have met. They believe they will have to accustom themselves to the weather conditions, which differ from that in Amarillo.

The Feists, of the Catholic faith, soon will find a church home in Big Spring.

Retirement Party Given Coahomans

COAHOMA (SC) — Bill Tinner and Neut Mosier were honored at a retirement party by coworkers of Magnolia Oil Co. Thursday evening at the Town House Cafeteria in Midland.

During the program, talks were given by Bruce Mayfield of Coahoma, Jolly Myers of Midland and L. Clancy of Sweetwater.

Mr. and Mrs. Tinner and Mr. and Mrs. Mosier will continue to live here after retirement. About 40 guests attended the affair.

Mr. and Mrs. W. W. Jones and Randall of Sand Springs will tour Colorado and New Mexico during the next two weeks.

Stanton Group Is Home From Trip

STANTON (SC) — Mrs. D. B. Keaton, Jackie Ann Cowan, daughter of Mr. and Mrs. Jack Cowan, and Mr. and Mrs. U. A. North and Ulan Jr., have returned from Batesville, Ark., where they spent a week visiting relatives.

Mr. and Mrs. C. S. Bevers and Charlene and Mr. and Mrs. Derwood Clardy and family are vacationing this week at Red River, N. M.

Mr. and Mrs. Walter Graves have returned from Glorieta Baptist Assembly in Glorieta, N. M. They also visited in Red River, N. M. before returning home.

Mr. and Mrs. Jack Cowan have returned from Oklahoma where they visited his parents.

WEBB WINDSOCK

By MOLLIE HARTZOG
Those gathered at Webb to observe the Fourth of July fireworks display had ringside seats for the encore which followed on Scenic Mountain. The grass fire blaze was only surpassed by the spectacular ribbon of lights formed by automobiles encircling the mountain. Many remained to watch the unscheduled event.

Dr. and Mrs. Robert Frost, just arrived at Webb, have moved into No. 4 Albrook. Just prior to their arrival, the fourth and least of the young Frosts arrived and is now two weeks old. The Frosts hail from San Antonio.

Pound cake, strawberries and whipped cream were served to those saying farewell to Mrs. Peter Swanson, Thursday evening. Hostesses were Mrs. R. W. Molinaro and Mrs. P. J. Plucinsky. There were three tables of bridge with Mrs. F. L. Bates winning a

travel sewing kit for high score. Mrs. Swanson, leaving early this week, will visit her home before joining her husband in France.

Also on Thursday, several OWC members gathered at Cosden Country Club for a Dutch luncheon and afternoon of bridge. Mrs. L. L. Patton was the hostess. Card tables were set up in the Blue Room. Winner was Mrs. D. S. Greenwade. They plan to meet next at the home of Mrs. W. P. Stewart, July 18.

Mrs. A. A. Lindley was hostess to her bridge group this week, with Mrs. Don Jonker named winner for high.

Dr. and Mrs. Robert Howell left Friday for the weekend with relatives in Houston.

McChristian's Son Is Party Honoree

Mr. and Mrs. Howard McChristian honored their son, Jimmy, on his third birthday with a party at their home at 811 Aylford.

Eighteen children were served refreshments from a table laid with white lace and centered with a "racing car" birthday cake. Party favors were dance caps and bubble gum.

Party game winners were Sue Hodnett and Greg Burrow.

Mr. and Mrs. McChristian, Jimmy, and Larry Bailey spent the weekend at Six Flags Over Texas at Arlington and at the Caddo Mills Race Track near Caddo Mills.

Homer Hares Move To Levelland

COAHOMA (SC) — Mr. and Mrs. Homer Hare, residents of Coahoma for several years, have moved to Levelland, transferred there by his employer, Magnolia Oil Co.

Mr. and Mrs. Fred Kiser and family are visiting here for two weeks with his parents, Mr. and Mrs. Chester Kiser of Sand Springs. Upon leaving Coahoma, Kiser, who is in the U. S. Air Force, will report to Bermuda for a three-year tour of duty.

Mr. and Mrs. Grover Bright and their granddaughter, Shanna Taylor, Crane, left this week for a two-week vacation in Arkansas.

Mrs. Mark Reeves Is Coffee Honoree

COAHOMA (SC) — The home of Mrs. Tollie Hale was the scene of a coffee for Mrs. Mark Reeves Friday. The Rev. and Mrs. Reeves will leave Tuesday for Waco where they recently purchased a home.

Assisting Mrs. Hale as cohostesses to the 25 guests were Mrs. Paul Allen, and Mrs. Rob Ethridge.

Mr. and Mrs. L. F. Anderson are visiting in the home of Mr. and Mrs. Ike Campbell in Abilene.

Visiting this week in the home of Mr. and Mrs. W. B. Burch is the James Peterson family of Springfield, Va.

Visiting the Jack Caubles this week were her cousin and family, Mr. and Mrs. Joe DeCico, Russell, Debbie and Joey of Hinsdale, Ill.

MRS. JAMES A. STINSON III

—Photo by Bradshaw

Miss Coats Bride Of Lt. James A. Stinson

The marriage of Miss Sherry Lou Coats and Lt. James A. Stinson III was solemnized Saturday afternoon at 1 o'clock in Mather Air Force Base Chapel, Sacramento, Calif.

The bride is the daughter of Mr. and Mrs. Clayton Coats, 1900 Johnson, Mr. and Mrs. J. A. Stinson, Houston, are parents of the bridegroom.

The double ring service was performed by Chaplain Ortiz in the presence of family and friends.

Given in marriage by her father, the bride wore a gown of bridal satin and lace styled with bracelet sleeves, a cummerbund and bustle bow, and short bouffant skirt. Her veil of illusion was secured by a white satin headpiece, and she carried a bouquet of white roses.

Mrs. Gerald P. Wilson, Sacramento, was matron of honor. Lt. Hugh Elliott, Berkeley, Calif., was best man.

Following the wedding, a reception was held at 323 Mather Field Blvd. in Sacramento. Among those attending were Mr. and Mrs. Mina Winter of Merket.

Lt. and Mrs. Stinson left afterward on a wedding trip to Lake Tahoe, Calif. For travel the bride wore a green and white polished cotton sheath, white straw hat and black patent shoes and bag. They will return to reside at the Mather Field address.

The bride attended Howard County Junior College and the University of Texas. Lt. Stinson's school was the University of Oklahoma, where he was a member of Delta Upsilon. Presently he is a navigator with the Air Force.

A former school teacher, Mrs. Misk is active in local civic affairs, and was recently named the "Woman of the Year" by the local chapter of the American Business Women's Association.

Mrs. Misk is a graduate of Hardin-Simmons University, Abilene.

Dalton Conway is recovering from major surgery in a Big Spring hospital.

Visiting this week in the home of Mr. and Mrs. Don Grimes were his cousin and family, the Thomases of South Amboy, N. J.

'ROUND TOWN

With LUCILLE PICKLE

The family of MR. and MRS. H. REAVES has been together this weekend for an occasion centered around the visit of CAPT. and MRS. B. R. (DON) REAVES of Colorado Springs. The visitors brought with them their children, BONNIE, CATHERINE, CAROLINE and MATTHEW, the eight month old son who was on display to the Texas part of the family for the first time. Capt. Reaves is employed by the Air Force Academy as a civil engineer.

Saturday the families got together at the home of MR. and MRS. ROY REAVES, 1517 Kentucky Way, for a back yard supper. Other members of the group include MR. and MRS. BENNETT REAVES, CINDY BEVERLY and VALERIE and MR. and MRS. LOY ANDERSON, all of Lubbock, and MR. and MRS. BERNARD REAVES, JIMMY, HERBIE and DANA of Odessa.

CAPT. and MRS. REAVES will stay here the remainder of the week and then go to Monahans where they will visit her parents, MR. and MRS. R. L. LATHAM.

MR. and MRS. CHARLES FORD and three of their five children, GARY, DONNIE and KENNY, are guests in the home of her sister, MRS. JOHN KNOX, and Mr. Knox. The other two Fords, David and Cathy, stayed in Lebanon, Tenn., with their grandfather and great-aunt. This is the first visit of the sisters in three years, and they expect to make the most of the week the Fords expect to spend here.

MRS. DELLA K. AGNELL is visiting in the Virginia farm home of her daughter, MRS. WALTER

Service Of Ten Years Is Noted

This week marks the 10th year of service for Mrs. Lambert V. Misk, clerk in the accounting office at Webb Air Force Base. Mrs. Misk came to Webb as clerk in commercial transportation on July 6, 1952, shortly after the activation of the base. Her husband, also a civil service employe in electronics at Webb, completed 10 years in 1961.

A former school teacher, Mrs. Misk is active in local civic affairs, and was recently named the "Woman of the Year" by the local chapter of the American Business Women's Association.

Harvy Pauls Are Abilene Visitors

COAHOMA (SC) — Mr. and Mrs. Harvy Paul of Sand Springs are visiting this week with friends in Abilene.

Dalton Conway is recovering from major surgery in a Big Spring hospital.

Visiting this week in the home of Mr. and Mrs. Don Grimes were his cousin and family, the Thomases of South Amboy, N. J.

Furgesons Have Guests In Home

FORSAN (SC) — Guests of Mr. and Mrs. J. C. Furgerson and Patricia have been her parents, Mr. and Mrs. E. N. Henson, Terry and David, Winkgate. The group visited in Wink during the week.

Sherrie and Kay Walraven, daughters of Mr. and Mrs. Roy Walraven, are spending the summer with their grandparents, Mr. and Mrs. Luther Stover, in Burnett. Walraven and Roy Stockstill were in Austin during the week on business.

Mrs. Arthur Gooch and children, Odessa, were here recently with her parents, the Leland Camps.

Visit Relatives

Mrs. Elvis McCrary and Kelly are due home today after a week-end trip to Fort Worth. They have been visiting in the homes of Mrs. McCrary's mother, Mrs. Mamie Thompson, and her sister, Mrs. R. D. Smith.

Mrs. Cowley Hosts Pioneer Sewing Club

FORSAN (SC)—Mrs. S. C. Cowley was hostess for the Pioneer Sewing Club last week. The group did various kinds of handwork. Nine members and one guest, Mrs. Amy Ried, attended.

Mr. and Mrs. J. C. Hawkins, Graham, are visiting in the home of their son, A. L. Hawkins.

Mr. and Mrs. E. M. Bailey and

family attended the Stamford rodeo on the 4th. Mr. Bailey and son were in Stamford four days prior to the rodeo.

Grandchildren Here For Visit

Mrs. Florence McNew has her grandchildren, Elizabeth and Patricia McKenzie, of Fort Walton Beach, Fla., visiting with her in her home this month.

Miss Whiteside Bride In Evening Ceremony

Marriage vows were exchanged by Miss Lynda Whiteside and Don Harlan Richardson in a double ring service Friday evening at 8 o'clock in the East Fourth Baptist Church. The Rev. Jack Stricklan, pastor, officiated before altar arrangements of yellow gladioli banked with emerald palms. Lighted tapers illuminated the scene. The aisle was marked with yellow bows and white carnations.

The bride is the daughter of the Rev. and Mrs. Horace L. Whiteside, 1100 Marjio. Richardson's parents are Mr. and Mrs. J. J. Richardson of Marshall. "Because" and "Walk Hand in Hand with Me" were vocal selections by James Kinman, with organ accompaniment by Phillip Hall. The Rev. Whiteside gave his daughter in marriage. She wore a gown of silk organza over taffeta, fashioned with fitted bodice and designed with a square scalloped neckline, long pointed sleeves and deep yoke of studded Chantilly lace. The voluminous skirt, extending into a chapel train, was accented with a band of lace, cut to a V-front and back and caught with organza roses. The bride wore a finger-tip length mantilla of matching Chantilly lace detailed with scalloped edging. The bridal bouquet, styled of feathered white carnations and

white gardenias, was carried with a jeweled satin and lace covered Bible.

For something old the bride had the Bible, which was given to her by the bridegroom on her 18th birthday; something new, her wedding dress; something borrowed, an heirloom handkerchief; something blue, a garter. Also she had birthdate pennies and a fourleaf clover.

Miss Sheryl Whiteside was maid of honor to her sister. Bridesmaids were Miss Lana Lewis, cousin of the bride, and Miss Barbara Cole of Farmington, N. M. They wore full skirted dresses of pale yellow organza over taffeta with matching shoes and headdress of yellow organza and taffeta roses. Miss Whiteside carried a cascade arrangement of white carnations in moss green ribbon with entwined streamers of ivy.

Serving as best man to his brother was Jerry Richardson. Ushers were Phil Elliott and Alvin Hill-brunner. Taper lighters were Miss Karen Whiteside, the bride's sister, and Nancy Richardson, sister of the bridegroom. Miss Dee Whiteside, another sister of the bride, was flower girl. They were attired as the bride's attendants and wore bandeaus of feathered carnations. Mrs. Whiteside wore a fitted sheath of avocado green lace over

satin with bone accessories. For her son's wedding Mrs. Richardson chose a beige brocade dress and green accessories. Their corages were cymbidium orchids.

RECEPTION

Guests were received afterward in Fellowship Hall where the receiving line was formed by the bride and bridegroom, the bride's mother, the bridegroom's parents, and the attendants. White organza covered the refreshment table which was appointed with crystal and silver. Yellow gladioli, white stock and ivy streamers formed the centerpiece. The bride's three-tiered cake was embossed with yellow roses and crowned with wedding bells.

Miss Meldean Kinman was in charge of the register. Others who assisted were Miss Judy Bradberry, Miss Mary Roger, Miss Alice Long, Mrs. Phill Elliott, Mrs. Jerry Richardson, Mrs. Elmer Dick-ens, Mrs. Dick Davis, Mrs. Bill Hansen, Mrs. Bill Draper and Mrs. Milton Davis.

OUT OF TOWN GUESTS

Among the guests were Mr. and Mrs. H. L. Whiteside, the bride's grandparents, and Miss Jeanne Whiteside, aunt of the bride, Fort Worth; Mrs. F. E. Rake-straw and daughter, Vicki, Wesla-co; Mrs. Tommy Dunn, a great aunt, and Mr. and Mrs. C. K. Hunt-er, great uncle and aunt, Fort

Worth; Mrs. Carroll Goen, an aunt, and daughter, Loy Anne, Denton; Ray and Jay Duncan, cousins of the bride, Fort Worth.

WEDDING TRIP

The couple left afterward on a wedding trip to Louisiana, the Rio Grande Valley and the Gulf Coast. For travel the bride was attired in a yellow pique suit and polished cotton blouse in tones of beige and brown, completed with beige accessories and the gardenia corsage from her bouquet.

The Richardsons will make their home at 1003 Lancaster. The bride graduated from Big Spring High School where she was a member of Homemakers of America, the Latin, Bible and Shorthand clubs. Richardson, also a graduate of BSHS, was in Distribu-tive Education and Bible Club. He is employed by Gilliam House of Printing, Midland.

BRIDESMAIDS LUNCHEON

Mrs. Bill Draper was hostess for a luncheon given Thursday at her home for the bridesmaids. Special guests were mothers of the couple and Mrs. Jerry Richardson. Preceding the rehearsal on Thursday night, a buffet-supper was given by Mr. and Mrs. Richardson, parents of the bridegroom. Held at Fellowship Hall, the supper was attended by members of the bridal party and out of town guests. The bride-elect wore a tulle frock of pink organza over taffeta.

British Wives Join In Games

Twelve members of the British Wives Club gathered in the Flame Room of the Pioneer Gas Building for an evening of games, with Mrs. William Heywood and Mrs. Culberto Maldonado, hostesses. Winners were named as Mrs. Floyd Gore, Mrs. Donald Mark-ham and Mrs. Maldonado. Announcement was made of the president's absence and her plans for leaving Tuesday on a vacation in England. Also a Dutch auction was announced for July 19, at the Flame Room.

Meet Madame President

Anne Sorelle Talbot, 10-year-old daughter of Dr. and Mrs. Milton W. Talbot Jr., 1508 Dayton Road, is the new president of the Junior Garden Club.

Anne, a fifth grade student at Parkhill School next fall, is a member of Brownie Scout Troop No. 107, with plans to be a Girl Scout next year. Besides her garden club and Brownie activities, Anne has taken piano from Mrs. Ann G. Houser for the past two years. She also participates in the youth program at her church, St. Mary's Episcopal.

Country's Youngest Great-Grandmother?

MEMPHIS, Tenn. (AP) — Mrs. Anna Mae Jackson thinks she may be one of the country's youngest great-grandmothers. She is only 48.

She was a mother at 14 and a grandmother at 29.

Cheesy Cauliflower

A savory way to use that leftover cooked ham is to dice it and add it to cooked cauliflower and a cheese sauce. Nice for lunch or Sunday night supper.

Simple But Good

Simple but good; add a lot of crumbled crispy cooked bacon to cream cheese and serve as a spread for crackers or melba toast. Put this combination together just before serving.

Toddlers Like Colors

Ever watch a toddler snatch at a bright red truck or run toward a vivid yellow train? Color and design interest him. Present food simply but attractively, and the chances are it will appeal to him.

MRS. MIKEL ARLIN PRINCE

Miss Woodson Bride In Evening Nuptial Mass

Miss Betty Jo Woodson's marriage to Mikel Arlin Prince Saturday evening at 8 o'clock was performed by the Rev. Tracy H. Lamar, Jr., rector at St. John's Episcopal Church, Knoxville, Tenn.

The bride, granddaughter of Mrs. Joe H. Hoard Forsan, is a frequent visitor in the Big Spring area. She is the daughter of Mr. and Mrs. Elmo E. Woodson, Knoxville, formerly of Forsan and Balinger. Prince is the son of Mr. and Mrs. Arthur Arlin Prince, Knoxville.

The double ring ceremony was

performed in a nuptial mass with traditional music presented by Jack Edwin Rodgers, organist and choir master at St. John's.

Given in marriage by her father, the bride wore a day gown of Chantilly lace and silk organza fashioned with Sabrina neckline, long tapered sleeves and scalloped hemline. Her shoulder veil of silk illusion was held by a queen's crown of cut crystal and seed pearls. She carried a cascade corsage bouquet of white gardenias and white roses.

Miss Lily Ann Woodson attended as maid of honor to her sister. Her dress was of mist green silk organza over tulle and her headpiece, rose petals of matching silk organza.

The bridegroom's father served as best man to his son, Robert Hale and Pete White of Gatlinburg, Tenn. were acolytes.

RECEPTION

A reception was held afterward in the home of the bride's parents. Guests were registered by Miss Sandy Dove. The refreshment table in a pink and white motif, featured a fountain punch bowl and three-tiered wedding cake. Members of the house party were Miss Patsy Middlemas and Miss Dove.

Denim For The Outdoor Girl

For the outdoor type, rugged denim gives a touch of old West flavor to low riding jeans. Classic shirt styles in gingham and gay calico prints are their natural partners.

Mounds Are Studied By Desk And Derrick

Six members of the local Desk and Derrick Club joined two from the Midland chapter and nine from Odessa for a field trip to Lake J. B. Thomas last Saturday. Hosts from Colorado River Municipal Water District were Owen H. Ivie, T. C. Richardson and Mrs. Helen Stewart. Max Miller of Phillips Petroleum accompanied the group on the CRMWD barge to explain the oil well mounds in mid-lake. A picnic lunch on the shore climaxed the tour.

A daughter, Donna Delane, was born on the Fourth of July to Mr. and Mrs. Bill Reynolds at Malone and Hogan Hospital. The infant weighed 6 pounds 3 ounces.

Mr. and Mrs. Paul Vaughn and son are vacationing in Dallas. Mrs. H. R. Scott is convalescing.

Whipping Cream Makes Pretty Dish

Whip cream, richly resplendent with its 30 per cent to 36 per cent butterfat content, can perform plenty of pleasing tricks which begin with the fact that it can be whipped into lordly loftiness. A fluted halo of whipped cream added to many dishes before they are served imparts a queenly glow that all patrons love.

ing at home following leg surgery. She was dismissed from the hospital Thursday.

A travel kit was presented to Bill Crooker on Monday as a birthday gift from service department employees, as the highlight of an office celebration.

The Carl Richards plan a trip to Dallas and Six Flags Over Texas for their vacation.

Genie Smith and her mother, Mrs. Thelma Smith, are visiting in Bangs this weekend.

The steno pool helped Helen Brown observe her birthday Thursday with coffee and cake.

Quick Turnovers

Make turnovers out of sugar cookie dough: Roll dough 1/4-inch thick and cut out with a floured 4-inch cookie cutter or into 4-inch squares. Place a generous teaspoon of thick jam on one side of center; moisten edge; fold over so edges meet and press together with fork tines. Place on greased cookie sheet and bake in a moderate oven about 10 minutes.

Tips On Chips

Having a party? Buy very large potato chips and spread them out in a jelly-roll pan; sprinkle with finely grated cheese and heat in the oven.

ZALE'S ANNOUNCES EXCITING NEW BRIDAL SERVICE

A new service is now being offered at Zale's which will prove of great importance to all prospective brides in this area. Zale's Bridal Register already bears the names of its first brides-to-be and will soon become an important part of many young ladies' wedding plans.

The registry is a new feature at Zale's devoted entirely to assisting young couples. It will be a permanent record of the important choice brides have made in their china, silver and crystal patterns.

With the help of Zale's bridal consultant, Mrs. Edith Murdock, the bride can compare the patterns from some of the world's most beautiful collections.

When the choice is registered in her name, Zale's will proudly publish the engaged young lady's picture and print the names of the chosen patterns for the convenience of friends. The register may be used at any time to assist with wedding presents and future anniversary gifts.

MRS. GRADY TUBBS

Tubbs-Smith Ceremony Solemnized In Evening

Miss Lidia Kay Smith became the bride of Airman Grady Tubbs on Friday evening at the Church of the Nazarene. The double-ring ceremony was read by the Rev. L. W. Gholson, former pastor of the church, before an arch of palm leaves.

Parents of the bride are Mr. and Mrs. E. J. Smith, Big Spring. Mrs. Susie Tubbs of New Albany, Miss. is mother of the bridegroom.

The Rev. W. M. Dorrough, vocalist and pastor of the church, was accompanied at the organ by Mrs. Bob Spears as he sang "Whither Thou Goest."

WEDDING GOWN

Given in marriage by her father, the bride wore a full-length gown of white satin designed and made by the bride and her mother. The princess bodice was accented with a V-neckline edged with seed pearls, which also trimmed the tapered, petal point sleeves. The bride's veil of silk illusion, edged with pearls in a scalloped design, was secured by a queen's crown of pearls. She carried an orchid nestled in white feathered chrysanthemums atop a white Bible.

Maid of honor, Colleen Riggins, and bridesmatron, Mrs. James Cadzow, both of Big Spring, were identically attired in light blue

gowns accented with rhinestone belts. Their white velvet hats were enhanced with net and rhinestones.

Best man was Jerry Burkett. Usher and candlelighter was Eddie DeVore.

OUT-OF-TOWN GUESTS

Guests from out of town were the Rev. Gholson, Midland; Mrs. Mollie Avants, Coleman; Mr. and Mrs. Austin Avants, San Angelo; Mr. and Mrs. Floyd Avants, Brownwood; Mrs. Susie Tubbs, New Albany, Miss.; Mrs. Nannie Walker, Birmingham, Ala.

RECEPTION

The honored couple and their parents were in the receiving line when a reception was held afterward in Fellowship Hall of the church.

Mr. Bob Jones, Mrs. Curtis Hood and the bride's attendants served the three-tiered wedding cake and punch from a table laid with lace over blue. The centerpiece was blue-tinted flowers. Carole Wicks presided at the guest register.

WEDDING TRIP

For a wedding trip to points in New Mexico, the bride wore a dress of orchid and white nylon jersey. She attached the orchid from her bridal bouquet. Black

patent accessories completed her costume.

A 1960 graduate of Big Spring High School, the bride is presently employed by Lewis Variety Stores. She was a member of the Bible Club and the Home Ec Club in high school.

The bridegroom graduated from Ingomar High School, New Albany, in 1957. Presently he is stationed at Webb Air Force Base. The couple will reside at 1803 1/2 Lancaster, Big Spring.

Duplicate Winners Revealed

Duplicate bride players at the Big Spring Country Club used 13 tables in Friday games.

Winners in the north-south division were Mrs. John Stone and Mrs. J. D. Robertson, first; Mrs. Travis Reed and Mrs. Charles Dublin, second; Mrs. J. J. Havens and Mrs. T. C. Donnell of Borger, third; Mrs. J. Gordon Bristow and Mrs. Ty Allen, fourth.

East-west winners were Mrs. Jack Irons and Mrs. Champ Rainwater, first; Mrs. J. H. Fish and Mrs. A. Swartz, second; Mrs. Gerald Harris and Mrs. W. E. Harris, third; Mrs. Ben McCullough and Mrs. J. H. Holloway, fourth.

Mrs. Bass Hostess To SS Class Members

Mrs. A. C. Bass was hostess to members of the Susannah Wesley Sunday School Class of First Methodist Church and their guests on Friday at an informal patio party at her home at 106 Washington. About 27 members and their guests were served.

Webb Chapel Scene Of Sandifer-Berry Rites

Wedding vows were exchanged by Miss Joy Berry and Airman 2.C. Gove G. Sandifer in mid-morning ceremony Saturday at Webb Air Force Base Chapel. The bride is the daughter of Mr. and Mrs. Howard Berry, 2900 Cherokee, and the bridegroom is the son of Mr. and Mrs. Gove H. Sandifer, Alamogordo, N. M.

Chaplain Benjamin F. Meacham performed the double ring ceremony before a white cross flanked by baskets of carnations and gladioli.

Mrs. J. L. Manes, organist, played a program of traditional music.

WEDDING ATTIRE

Given in marriage by her father, the bride wore a dress of white chiffon over white taffeta featuring a lace over taffeta bodice. The waistline was accented with a white chiffon rose. She carried a nosegay of white carnations tied with satin streamers.

For something old the bride carried a handkerchief belonging to her aunt, Mrs. Vern Johnson, Salt Lake City, Utah; something new, her wedding dress; something borrowed, her wedding veil; and something blue, a wedding garter. She wore a 1942 and a 1943 penny in each shoe.

Matron of honor was Mrs. Maxine Fuller. She wore a blue dress complemented with white accessories and a corsage of white carnations.

Mrs. Berry, the bride's mother, and Mrs. Sandifer, the bridegroom's mother, wore white carnation corsages.

The bride's brother, David Berry, attended Mr. Sandifer as best man.

RECEPTION

Mr. and Mrs. Berry were host and hostess for a wedding reception and luncheon in their home immediately following the ceremony. The honored couple and

McCartneys Have New Daughter

FORSAN (SC) — Mr. and Mrs. R. J. McCartney became parents of a girl, Denel Lyn, born June 25 in a Big Spring hospital. She weighed 5 pounds and 14 ounces. Guests of Mr. and Mrs. Jim T. Miller were his brother, Ellie Miller, Waurika, Okla., and Mr. and Mrs. Vernon Cannon and children, Hobbs, N. M.

Mr. and Mrs. A. P. Oglesby were due to have Mr. and Mrs. Everett Oglesby and Gordon, Kermit, as visitors this weekend. Mr. and Mrs. Bob Wash and children visited Mrs. Wash's parents, Mr. and Mrs. Bill Archer, in Lamesa last week.

Beat The Heat With Cottons

The heat is on and the best way to beat it is with cotton—and this summer's collection of sportswear cottons is the coolest. There's a style for every fashion personality. If you yearn to be ladylike in feminine ruffles, a vamp in flirty bikinis or the outdoor type in rugged denim jeans, the look is yours for the choosing.

MRS. GOVE G. SANDIFER

their parents made up the receiving line. The three-tiered wedding cake, topped with a miniature bride and groom, was served with punch by Mrs. Bob Custard and Mrs. Doyle Milner.

In charge of the register were Misses Barbara Custard and Becky Milner.

Attending from out of town were the bridegroom's parents and Mrs. Vern Johnson.

WEDDING TRIP

For a trip to the mountains of

New Mexico, the new Mrs. Sandifer wore a beige dress made with a full gathered skirt featuring embroidered flowers. She wore white accessories.

Mrs. Sandifer was graduated from Big Spring High School in 1961. She was a member of the Shorthand and FHA clubs.

The bridegroom is stationed at Webb AFB in the 356th CAM Squadron. They will make their home at 107 W. 6th Street.

Miss McComb To Join Peace Corps Trainees

Big Spring will soon have representation in the US Peace Corps in the person of Miss Sammie McComb, daughter of Mr. and Mrs. Sam McComb, 811 E. 13th.

Leaving Wednesday, Miss McComb will fly to New York on the first leg of her journey. She will depart from New York July 15 for Puerto Rico, where Peace Corps training begins in the mountains of the country and ends with training at a Catholic institution. Passing this test, Miss McComb will be assigned to Peru, South America.

MISS SAMMIE McCOMB

A graduate of Big Spring Schools, Miss McComb attended Howard County Junior College, Texas Tech and North Texas State University where she graduated in January with a major in Spanish. Afterward she taught for one semester in the Dallas schools.

Asked why she became interested in the Peace Corps, Miss McComb said "Because of my interest in Spanish and the Spanish speaking people, I feel that work-

Wayne Nances Are Farewell Honorees

The choir of the First Baptist Church honored Mr. and Mrs. Wayne Nance and their children, Kenneth and Pamela, at a farewell party Friday evening in the home of Mr. and Mrs. Raymond Moore. About 50 friends attended the informal ice cream supper-garden party.

Nance, minister of music and education at the church for several years, is accepting the same position at Calvary Baptist Church in Beaumont.

Lester Morton, choir president, spoke on the Nance family's contributions to the church and the community, after which Wanda Ford, church secretary, presented a farewell gift.

Sanders Are Forsan Visitors

FORSAN (SC) — Mr. and Mrs. Don Sanders and son were here recently visiting her grandparents, Mr. and Mrs. S. C. Crowley.

Mr. and Mrs. W. G. Brown of Fort Worth were recent visitors of her sister, Mrs. B. R. Wilson.

Mr. and Mrs. H. D. Green have returned to Stephenville after a visit with Mr. and Mrs. D. L. Knight.

The Leroy Prescott family has returned from Louisiana where they vacationed with her parents.

Recent visitors in the P. P. Howard home have been Mr. and Mrs. Charles R. Howard and children, Big Lake, Mr. and Mrs. George Abee, Andrews, Mr. and Mrs. Ronnie Howard and La Donna, Big Spring, Mrs. A. A. Howard, Plainview and Mrs. O. S. Howard, Lubbock.

Coahoma Couple Is Married

COAHOMA — Miss Brenda Sue McMeekin and Jimmy Earl Watts exchanged marriage vows on Friday at 6 p.m. in the home of David Tarbett of Big Spring, who read the ceremony.

Parents of the bride are Mr. and Mrs. J. T. McMeekin of Sand Springs. Mr. and Mrs. M. L. Watts of Coahoma are parents of the bridegroom.

After a wedding trip to San Angelo, the couple will reside at 304 S. Second St. in Coahoma.

Mrs. Hill's Sons Visit Relatives

KNOTT (SC) — Mrs. Curtis Hill and sons of Eli, Nev., are visiting her sisters, Mrs. Frances Glenn and Mrs. R. H. Unger in Big Spring. They are also visiting her brothers and families, E. L. and Fred Roman and Robert Brown of Knott.

Mrs. Minnie Lloyd is a patient at Cowper Clinic and Hospital in Big Spring. Her home is in Comanche. She is the mother of Arnold Lloyd of Knott and Judson Lloyd of Big Spring.

D. A. Pennys Home From South Texas

GARDEN CITY (SC) — The D. A. Penny family has returned from an 18-day visit with relatives in south Texas. They were guests of his parents in Cayuga and her parents in Houston.

Lee Doyle Whetsel Jr. of Foran and Dutchess Lynette Whetsel of Lees are guests of their grandparents, Mr. and Mrs. A. M. Whetsel.

Mr. and Mrs. James Currie and daughters, Cynthia and Darla, will leave on Monday for a tour of western states. They plan to visit Disneyland and the World's Fair in Seattle, Wash.

BIG SPRING DAILY HERALD

SECTION D

BIG SPRING, TEXAS, SUNDAY, JULY 8, 1962

SECTION D

Mid-Year Finds Big Spring In Sound Economic Shape

Mid-year of 1962 finds Big Spring economically healthy. Despite some minor declines, the general picture is up—and up in a strong way in many instances.

New Plant Rises Downtown

Framework of the new home of the First Federal Savings and Loan Association is taking shape. This is one of the building pace-setters for the first half of 1962.

Bank deposits for Big Spring banks were shown Friday to be \$36,868,686.73 and those at Coahoma brought the Howard County total to \$37,003,419.13 at the half-way point. Add to this the \$11,980,125.64 in savings and share accounts of the two savings and loans associations and the aggregate is \$49,948,811. A recapitulation of credit unions is not available immediately, but this additional share account total could easily approach four million dollars.

BUILDING STEADY
Building permits were off about three per cent for the first half of the year, but projected work is due to perk out this kink within the next month. Permits totaled \$2,770,859 for the first half, only \$97,766 off last year's respectable pace.

Postal receipts were up 7.7 per cent, showing a \$15,543 gain in reaching \$194,439 for the initial half of the year.

MORE WATER USED
Water consumption in the city was up by 6 per cent, reaching 1,138,665,000 gallons for the first half of the year. No records are kept on the number of new car sales, but the trend in the first half was definitely up. Retail trade got off to an unusually good start this year in comparison with a year ago, and although early summer brought some softening, most houses reported respectable first half gains.

While there is no accurate means of recording real estate and similar trading, the volume in this field appeared to be up about 10.2 per cent. Revenue stamps (required on deeds, leases, etc.) reflected a \$7,500,000 aggregate on trading.

OIL LOOKS UP
Despite stringent curtailment in the production days, oil production in this area made significant gains. Exploration was exceptionally brisk, considering the general outlook, and there were a number of substantial discoveries. The one disquieting factor was agriculture. With another drought fastening itself on this vicinity, the picture was erratic. A few spots looked exceptionally good, some fair, others marginal. Some few, in the Elbow and eastern Lomax areas, the outlook was downright glum and these sectors have little or nothing in the ground. Similarly pastures in these areas are in a sad shape.

Residential Building Shows Upsurge During First Half

Building permit totals for the first six months of 1962 fell below the same period in 1961 by \$87,766. The June total dropped \$58,005 below June 1961. All types of building for the January-June period of 1962 ran to \$2,770,859 as compared to \$2,968,625 in 1961.

Dr. Furgason Completes Course

Dr. Paul C. Furgason, chief of the Physical Medicine and Rehabilitation Service at the Big Spring Veterans Administration Hospital, recently completed a post-graduate course at the New York Medical Center in New York. Attending the Institute of Physical Medicine and Rehabilitation, he studied modern rehabilitation techniques for helping persons who have suffered brain injuries, fractures, amputations and other disabling illnesses. In addition, Dr. Furgason was able to visit a home designed for the physically disabled, the elderly and persons handicapped by heart ailments. He spent two days visiting VA hospitals in Manhattan and the Bronx after completing the course.

Residential construction was on the upgrade for the first-half of 1962. Total amount for 211 new residences was \$2,257,671 in 1962 as compared to \$1,856,400 in 1961 for 180 residences.

Residence figures for the two periods, with 1961 in parenthesis, per month showed: Jan. \$373,000 (\$104,750); Feb. \$376,700 (\$357,400); March \$350,200 (\$405,000); April \$302,271 (\$518,500); May \$366,000 (\$24,750); June \$280,500 (\$306,000).

The largest single project for which a permit was issued in the first half of 1962 was the new home for First Federal Savings and Loan. This building amounted to \$268,554.

Glasscock Clerk Has Busy Period

GARDEN CITY (SC) — Mrs. Vena Lawson, district and county clerk of Glasscock County, reported 371 instruments recorded during the second quarter of the year. In addition, her office issued five marriage licenses. Recording fees for the period were \$1,433.55.

Postal Receipts Up

GARDEN CITY (SC) — V. M. Gill, postmaster, reported Saturday that postal receipts for the first half of 1962 have amounted to \$5,100.

Rain Avoids This Area

The rains did not come to Big Spring in any outstanding way during the first six months of this year. And so far, the total precipitation for the six months is less than one-third what it was by June 30, 1961.

Total rain to June 30, 1962 at the U. S. Experiment Station stood at 2.95 inches. This compared with 9.87 inches at the same date a year ago.

Month	1961	1962
January	1.36	0.03
February	1.11	0.03
March	1.11	0.03
April	1.11	0.03
May	1.11	0.03
June	1.11	0.03
Totals	7.95	2.95

Substantial Postal Gains Paced By 2 Good Months

Big Spring post office receipts for the first six months of 1962 are \$15,543 ahead of the same six months in 1961. E. C. Boatler, postmaster, has announced.

June of this year with \$36,094.37 was the biggest month of the year. It showed a \$7,000 gain over June last year. Boatler said that increases made in two months this year—February and June—accounted for all but \$2,000 of the gain noted for the first half year over the same period of 1961.

barely showed gains. Total for the first six months of 1962 stood at \$173,895.93. The total this year for the same period is \$194,439.66.

Postal receipts for the two years by months:

Month	1961	1962
January	\$34,937.22	\$33,502.71
February	22,536.36	28,310.64
March	33,710.14	34,326.94
April	33,478.29	27,789.39
May	32,507.36	33,024.90
June	29,693.37	36,094.37

More Mid-Year Stories On Page 3-D

More Water Sold During First Half

The City of Big Spring has metered 61,597,000 more gallons of water to customers during the first six months of 1962 than for the same period in 1961. During the six months period 294 new water taps were installed for customers.

City usage showed 854,020,000 gallons against 835,507,000 in 1961. Couden and Cabot registered 294,645,000 against 214,513,000. The dry weather in 1962 has called for much more lawn watering in addition to new meters. The chart below shows the monthly break-down of water usage through June as compared to 1961:

WATER USAGE FIRST HALF 1962 1961-1962 Comparisons

Month	CITY		COUDEN-CABOT		TOTALS

WINGS OVER BIG SPRING

Jets Find Shelter At County Airport

By M. A. WEBB
Two T-37 jets were hemmed in by the Tuesday night dust and made landings at Howard County Airport. One of them was a Webb AFB craft and the other from another base. Both were refueled on the morning of July 4 from a fuel truck from Webb and then took off.

T. Sgt. Nelson Robinson, of the Webb Aero Club members, got his private license Monday. He went to Midland to take his final

test and came out with "flying" colors.

Business has been extra good at the airport during the week. Several transient craft came in for service or for overnight and business trips. A lot of local members of clubs have also done some flying, including two cross-country trips.

Two Webb Aero members, Clark and C. F. Lutton, listed cross-country flights lasting 16 days each. Clark used the Piper Tri-Pacer and Lutton the Piper Colt.

Other club members flying during the week were Webb Aero Club, Cessna — Dowlearn, B. Tibbs, Davis, Janssen, Lillie, McMillan, Tri-Pacer — Clark 16 days; Colt — Robinson, Lutton 16 days; Big Spring Flying Club, Colt — Dr. M. A. Porter 2, Jay Lebowitz, Doug. Warren, John Stanley 12, Bob Brock, Bill Wilson 13, Joe Clark 2.

The Texas Aeronautics Commission is presenting Flight Safety Refreshers each Tuesday night at Howard County Junior College. The four courses will be held July 10, 17, 24 and 31 and begin at 7:30 p.m. in Room 8 of the Science Building. The four courses will be on weather; navigation, radio aids and communication; air traffic control, and multi-engine and rotary wing operations.

The courses are being conducted by Texas Aeronautics Commission Flight Safety Advisor John G. Uranga of the Austin office.

Some of the transient aircraft coming in to Howard County during the week were Rogers Geophysical, Houston, in a Cessna 230; Meads Bakery, Amarillo, Aero Commander; A. Owen, Inc., Red Bird Field, Dallas; Bill Hensley, Paris, to Big Spring on business; Don Joseph, Shell Pipeline Corp. overnight Monday, in a Cessna 172; Bobby Steel, Reese Aero Club, Lubbock, in Wednesday, and a Piper Apache flown in by a consultant for the Veteran's Administration Hospital Thursday.

An interesting visitor last week in aviation circles was Cliff Winters, world famous stunt pilot, who was on his way to California to work with Mantz & Tallman Winters as the pilot movie-goers often see crashing airplanes, hitting buildings and sometimes even flying through buildings. He seems to know just how to crash an airplane to walk out alive and with no fire. He uses just enough gasoline to get from where he starts to the crash scene. He's the world's "most accomplished airplane crasher." He stopped by Howard County Airport to gas up

Twelve More Miles Of County Roads Are Ready For Topping

Nearly 12 more miles of county built road is ready for topping, Billy Paul Thomas, county engineer, said Saturday.

Six miles of this road is in the Lomax Community. Thomas said that plans are to ask for bids July 12 to pave this segment. Five miles of highway, known as the Leatherwood road, will be ready for paving in the near future. This county road begins two

miles north on US 87, goes west two miles and then north for three miles.

The road and bridge crews are putting final touches on these roads and will be ready soon to move into the Elbow area to build two miles of road extending southward from the Elbow school. This road project calls for bringing the road up to standard in grade with caliche base. No paving is planned for it at this time.

Other roads scheduled for building include a two mile segment from Lomax southward to Glasscock County line, and two miles on the Old Colorado City route from Salem Church east to intersect FM 820.

Meantime, W. D. Caldwell is completing his contract for the paving of 12 miles of new county road and seal coating 20 miles of older road. He has only half a mile of road from US 87 west yet to pave. He has put the finishing touches on five miles on the Center Point road, four miles on the Gay Hill road, two miles on Allendale, and one-half mile in Sand Springs.

Thomas said all of these jobs are projects carried over from last year's road building program. The entire 1962-63 road program as drawn up by the county commissioners' court, will remain to be started when these older jobs are wrapped up.

Thomas said that the road and bridge department will easily complete 20 miles of new county roads this year—20 miles being the goal set by the commission to be built in new county roads each year.

DEAR ABBY

Take It To The Clergyman

DEAR ABBY: If a husband and wife tried for years to have a child and they failed and they went to several doctors who all agreed there was nothing wrong with either of them, and if the wife stepped out and got in a fancy way and had a strong, healthy boy who the husband thought was his, should the husband and son be told? The boy is now a senior in high school and we love him more than anything on this earth. This has been on my conscience for 17 years. They say that confession is good for the soul.

MOTHER
DEAR MOTHER: If you feel the need to confess, confess to your clergyman. Telling your husband and son would serve no good purpose.

Scouters Make Plans

The Lone Star Boy Scout district committee held a report and planning meeting at Cosden Country Club Thursday. R. L. Tollett, chairman, welcomed new workers to their first meeting.

Reports indicated that work appears to be going well, except that the membership is 56 below the same time last year.

We hope to remedy this situation during the big fall roundup and membership drive in Scouting and Cubbing beginning Sept. 1," he said.

Most of the committee reports were optimistic as new workers were being enlisted.

Some of the new men present were R. L. Crawford of Dallas, a Scout worker; Robert H. Long, Austin; Ferguson, and Tommy Williams, a former worker now back in Big Spring after a year's absence.

A leadership training course was announced for Aug. 13-14 at Coahoma, Sterling City, and perhaps Big Spring. This will be a planning course and Scoutmaster basic course.

Also planned is a "show-and-go" training feature, demonstrating all skills and how to teach them. These include signaling, ropework, axmanship, and others.

HOW LONG CAN A MEDICINE LAST?

Each one has its own problem. Some must be taken soon after compounding for they lose potency daily. Certain drugs deteriorate quickly when exposed to light others to heat. Some medicines absorb moisture from the air, other can give up less stable ingredients and decompose.

Pharmacists have been taught how to protect the potency of all drugs. That is why a pharmacist must attend college for many years to gain this knowledge. When you get your medicines from your pharmacy, potency is positive.

YOUR DOCTOR CAN PHONE US when you need a medicine. Pick up your prescription if shopping nearby or we will deliver promptly without extra charge. A great many people entrust us with their prescriptions. May we compound yours?

Utility Connection Total Shows Gain

Utility connections continued a steady gain during the initial half of 1962, reports showed Saturday. Latest figures show 9,450 electric, 9,301 gas, 9,487 water meters and 14,750 telephones. New electric meters averaged 30 per month during the first half, water meters increased by 294, gas meters were up by more than 100, and telephones 450.

BIG COLLECTIONS

Check Department Exceeds Hopes

Six months ago, when Sheriff Miller Harris's office first established its hot check department, it was hopefully predicted the department would be able to collect at least \$1,000 a month from hot checks. The new department has now completed its first half year's operation. Merchants have been repaid \$22,688.80 for bad checks they have taken and which have been handled by the new department. So far, the department has processed 2,174 bad checks given 369 business houses. Of this total 1,148 have been paid off by 562 check writers. This represents 52.8 per cent of the total number of worthless checks which have been turned over to it by merchants.

CASES FILED
Eighteen other misdemeanor hot check writers have been arrested by the deputies, and 44 check cases have been filed in the Howard County court. Twenty other felony cases (\$50 and above) have been filed in 118th District Court. Ten felony offenders have been arrested.

June was the biggest month the department has had in the six months operation. The officers have processed 267 worthless checks during June and have collected repayment for 150 checks. Total money collected and refunded to the merchants and individuals who had accepted the checks was nearly \$4,000—\$3,962.13.

FULL TIME
The department occupies its own office in the sheriff's department building, deputy sheriff, Virginia Thompson is secretary. Fern Cox, chief deputy sheriff, also devotes considerable time to the department.

The system, Sheriff Harris points out, was modeled after one in use in Wichita County. It is working even better, when the relative populations of the two counties are considered, than in Wichita County, the records show.

Library Reports Greater Patronage In First Half

For every non-fiction volume checked out by groups at the Howard County Free Library, there are three volumes of fiction borrowed, according to the records of Opal McDaniel, librarian.

Last Half Looks Good

Activity in the last half of 1962 is due to continue on an even keel.

The million dollar college Parks Shopping Center is due to be completed this month with most tenants scheduled to start operations the first weekend in August. A \$50,000 service station in the northwest corner of the center will start in a week or so. There have been negotiations for a major development across the road, 18-20.

Elsewhere, three other shopping centers have been announced, but most of them are in the lease-getting stage. One is near the Douglas Addition another near the March US 87 intersection, another near the Birdwell-Marcy intersection.

First National Bank is to open bids on a three-quarter million dollar bank building on July 31. Work is starting on a \$300,000 rehabilitation building at the state hospital, and a half million dollar air conditioning project at the VA Hospital has been let. Meanwhile, work is getting well along on the First Federal Savings and Loan Association's new home.

A half million dollar conversion of US 87 north to Fairview into a four-lane divided highway is about halfway complete. All but a couple of tracts have been obtained for the 18-20 loop along the northern edge of town. The county road program has 12 miles ready for topping and several other miles due for improvement.

W. R. Grace is due to go on stream this summer on its big ammonia fertilizer facility. Casden's refining and petrochemical plants as well as Cabot's Richardson's black plants and the Reel Field Gasoline plants are clipping on at steady rates.

Court Activity Remains Same

Litigation in the 118th District Court for the first half of 1962 tracked the pattern it set in the same months in 1961 with remarkable fidelity, according to statistics kept by Wade Choate, district court clerk.

As is always the case, 162 divorces—same as for the first half of 1961—led the ticket in the number of petitions filed. They exceeded other mill-run civil cases which were in second by 21. Fewer decrees were handed down and fewer divorce cases were dismissed this year, however.

There were 141 other type civil cases filed during the period compared with 126 in the first half of 1961. Only 63 criminal cases were filed in the court this past six months which is 24 fewer than for the same months in 1961.

PASSPORTS ROOM
Last year, the first six months saw 73 criminal indictments handed by the court without juries. This half year had only 49 such

cases. No criminal cases have been tried before a jury this year. On June 31 last year, eight such cases had been tried in the courts.

In May, Choate and his deputies assisted 32 persons obtain passports—the biggest month the office has ever had in this field. June dropped off to 17, however, which is nearer to par for this operation. So far this year, 122 applications for passports have been processed by the office.

Last year, the same period saw the number of applications reach 142. District Court statistics First 6 months 1962 compared with same period in 1961:

Divorce suits filed	162	162
Divorce suits dismissed	28	34
Divorce decrees issued	75	106
Adoptions filed	32	27
Adoptions granted	25	17
Civil suits filed	141	126
Civil suits handled	53	75
Civil suits with jury trials	8	9
Civil suits dismissed	26	63
Habeas corpus petitions	11	8
Claims for refunds	23	24
Child support accounts	34	31
Criminal indictments	63	73
Criminal suits tried—jury	49	73
Criminal suits tried—jury	112	142

Other months in the current year:

January—adult fiction 2,822, non-fiction 929, juvenile fiction 709, juvenile nonfiction 229, easy books 1,230, magazines 175, fines \$133.69.

February—adult fiction 2,399, adult nonfiction 978, juvenile fiction 900, juvenile nonfiction 291, easy books 1,178, magazines 125, fines \$92.89.

March—adult fiction 2,838, adult nonfiction 1,036, juvenile fiction 1,284, juvenile nonfiction 465, easy books 1,928, magazines 127, fines \$136.87.

April—adult fiction 2,621, adult nonfiction 1,070, juvenile fiction 1,594, juvenile nonfiction 260, easy books 1,178, magazines 225, fines \$147.43.

May—adult fiction 2,481, adult nonfiction 1,006, juvenile fiction 1,043, juvenile nonfiction 988, easy books 2,209, magazines 300, fines \$150.43.

During the same period the library added 969 new books to its stacks plus 43 additional volumes presented as gifts.

Bookreaders who forgot to return their books within the specified time paid in a total of \$661.33 in fines through May. June fines have not been tabulated.

Summer seems to whet the appetite of local book enthusiasts, and as a result the library was extremely busy during June. Adults borrowed 3,664 volumes of fiction and 983 volumes of non-fiction; juveniles took out 1,839 fiction books and 578 nonfiction; youngsters were provided with 2,076 "easy" books and 115 magazines were requested.

Other months in the current year:

January—adult fiction 2,822, non-fiction 929, juvenile fiction 709, juvenile nonfiction 229, easy books 1,230, magazines 175, fines \$133.69.

Real Estate Trades Gain For 6 Months

Real estate transactions and oil and gas leasing continued at a brisk pace in Howard County in the first half of 1961—slightly ahead of the same six months in the preceding year.

Indications are that real estate sales for the first half of 1962 are running close to \$7,500,000. The total for the same period a year ago was around \$6,800,000.

The best available barometer to measure the volume of real estate transactions in a county is found in the dollar value of federal document revenue stamps sold in that county. The law requires that these stamps be attached to all warranty deeds.

While this method of evaluation is not entirely accurate it does reflect a fairly true picture of how real estate is going in a given area.

REVENUE STAMPS
Federal law requires that \$1.05 in revenue stamps be attached to deeds and leases for each \$1,000 in value involved in the property. The revenue stamps are sold by the post office and E. C. Boutler, postmaster, keeps records of the sales.

These show he sold \$7,749 in revenue stamps from Jan. 1 through June 30 this year as compared with \$7,113 for the same period a year ago.

It is indicated by these stamps that the volume of real estate sales in the first six months was around \$7.5 million. Bulk of the stamps sold at the post office go on warranty deeds.

CLERK BUSIER
No breakdown is kept in the county clerk's office of the number of warranty deeds filed. The documents are lumped into a common total in the office records.

Mrs. Pauline Petty, Howard County clerk, said that the mass of business pouring into her office during the six months ending June 30 was well ahead of that for the same period a year ago. She and her deputies have filed nearly 1,000 more papers this half year than they did in the same period in 1961. Filings—which include warranty deeds, oil and gas leases, deeds of trust, releases and similar documents—for the current year stand at 4,152 as compared with 3,264 a year ago.

Alexander said the company is pleased with the steady growth of subscribers in Big Spring.

"We find that usage is diversified here. There is no particular segment of business or other type of user showing a 'bumper' growth," he commented. "We feel that the future will continue to follow such a pattern."

Big Spring (Texas) Herald, Sunday, July 8, 1962 3-D

Financial Agencies Make Excellent Start On Year

Financial institutions reflected a bright outlook for Big Spring in response to June 30 statements.

Three Big Spring banks reported deposits of \$36,968,686, and Coahoma ran it to \$37,993,419. This was a record for mid-year and third highest on record. A year ago the deposit total was \$32,353,500. Total resources for the banks were \$40,217,623, or \$41,340,582 with Coahoma included. Loans and discounts were \$15,542,326, of which \$14,986,655 was in Big Spring.

Financial institutions reflected a bright outlook for Big Spring in response to June 30 statements.

Two savings and loan associations showed share and savings accounts of \$11,980,125.64, first mortgage loans of \$9,774,214.33, cash of \$3,004,713.13, total assets of \$13,228,668.44.

on your mark ... get set ... wait

That's the caution for today's GI. Always patrolling at the rim of a restless peace, he must be in a constant state of readiness, then wait.

But a vigil's a tough tempo for active youth. Over half the GI's are under 25—many of them are away from home for the first time.

GI's need the USO in this cold war of tedium and tension. The homey touch... spiritual lift... the relaxation, the USO brings them.

But there are 2,750,000 Americans in uniform today, and not enough USO's to go around. Many more are needed, both here and overseas. Your money can make it possible. Help the USO, so no GI will ever wonder...

"Does Anybody Know I'm Here?"

Support the USO through United Fund or your Community Chest.

Everybody Must Sign If Bonds Are Acceptable

By SAM BLACKBURN

Hereafter, all bondsmen posting bail for persons in custody of the sheriff, be such bonds appearance, appeal or bail bonds, will have to sign the documents in person, Miller Harris, sheriff, warned Saturday.

He said that he would require full compliance by bondsmen with

state laws. An opinion of the attorney general received on Thursday by Gil Jones, district attorney, would be the rule he and his deputies will follow, he added.

In substance that rule is: Any one standing as surety for a person posting bond must sign the document individually; a bond will not be accepted as valid where one surety signs his own name and also signs the name of some other person as a second surety.

TWO QUESTIONS

Jones, who posed two questions on the validity of bonds to the attorney general, said that his sole purpose in digging into the question was to establish that bonds in felony cases posted in this county track the law. He provided Harris with a copy of the opinion.

The two questions that Jones asked the attorney general's office were:

Is an appearance or bail bond valid where executed by the principal in person and executed by one surety in person and as attorney in fact for the other surety?

Is an appeal bond in a criminal case valid where executed by the principal in person and by one surety in person and as attorney in fact for the other surety?

OLD CUSTOM

It has long been the custom in this county (and, according to officials, in most counties in Texas) to accept bonds as valid which are signed by the principal and bear the signatures of two sureties—one of which in most cases is written in by some person other than the individual whose name appears on the bond.

Bond making has been a fairly prosperous enterprise in this county for a good many years. Bonds are usually made by attorneys and the fee is generally 10 per cent of the face of the bond. For instance, a person needing a \$1,000 bond pays an attorney \$100 to make the required bail. Generally, the attorney has a working agreement with some other person in which they are partners in the bond making enterprise. Sometimes this partner is another attorney but often he is not. This

arrangement simply spreads the risk.

SIGNED FOR PARTNER

It is estimated that nearly all of the appearance bonds, bail bonds or appeal bonds now on hand are bonds where such partnership deals applied and in most of these one of the sureties signed alike for himself and for his colleague.

The attorney general has now thumbed down such bonds. For legal bonds (1) both sureties actually sign the bond along with the principal or (2) one surety signing in person must be financially worth two times the face of the bond; in the latter case, it is up to the officer accepting the bond whether the worth of the surety is equal to two times the face of the bond he is posting.

And, it was pointed out, in such cases, the first surety must not sign some other person's name as a second surety.

RULING BY PRODUCT

The issue of whether bonds signed in the old way were legal arose some weeks ago when Wayne Burns, county attorney, argued that a large number of corporation court appeals which had been brought into the county court were not valid for the reason that the bonds were not properly made.

Ed Carpenter, county judge, upheld Burns' position and dismissed 100 appeals.

The attorney general in his opinion pointed out that Article 273 of the Texas Code of Criminal Procedures says "A bail bond shall be sufficient if it contains the following: . . . that the bond be signed by name or mark by the principal and sureties." In cases brought up before the high court, the attorney general notes, the courts have held that the "name or mark" of the principal and each of the sureties has to be made in person by the specific individual concerned. A similar ruling has been made by the appeals court regarding appeal bonds.

SPECIFIC RULING

A specific ruling in a case in 1914 held that bonds required in appeals from justice or corporation courts are nothing more than appearance bonds—hence, the rules as to appearance bonds apply to such appeal bonds.

Article 277 of the Texas Code of Criminal procedure sets up that one surety is sufficient on a bond "if it be made to appear that such surety is worth at least double the amount of the sum for which he is bound. . . ."

Do You Deprive Your Family of Regular Professional Eye Care Because of Cost?

Professional eye care is sometimes expensive and, as a consequence, often put off. This is unnecessary when you consider the outstanding professional eye care available at Texas State Optical, and its reasonable cost. TSO Doctors of Optometry have performed over 4 million eye examinations since 1935, an enviable record of professional competence.

There are three important phases of the professional eye examinations performed by TSO Doctors of Optometry:

1. A case history of your eye condition and visual problems is recorded. It is used as a guide to placing emphasis on specific areas of the examining procedure.
2. With the Ophthalmoscope, an instrument used by both Doctors of Optometry and Medical Doctors, your eyes are examined internally for evidence of disease or physical defect. The crystalline lens inside each eye is carefully examined for any opacity, a symptom of cataract. The back of the eye (retina) is carefully scanned for evidence of disease, such as glaucoma. The eyes must appear healthy, then an examination for visual imperfections is made.
3. With the Ophthalmometer and the Phoropter, the eyes are thoroughly examined for visual abnormalities such as near or far sightedness, astigmatism and muscle imbalance. If such abnormality is present, the degree of it is measured and a prescription is written.

Doctors of Optometry, such as those professional men at TSO, obtain their degrees from recognized colleges, by completing five years of classroom, laboratory and clinical study. This includes courses in pathology, anatomy, physiology and optical science. They are educated in the recognition of symptoms and physical evidence of eye diseases and defects, the analysis of visual imperfections, the formulation of prescriptions for lenses, and the fitting of glasses and contact lenses.

So, considering the outstanding professional service available from the Doctors of Optometry at TSO, its reasonable cost, and credit terms, if needed, there is no reason for neglecting your family's regular eye care program. At TSO finest quality single vision glasses are as low as \$14.85 . . . invisible bifocals as low as \$17.85, including professional examination, lenses, and frame. Single Vision Contact Lenses, \$65; Bifocal Contact Lenses, \$130, both complete with professional eye examination. Let TSO take care of your family's eyes and be certain of professional competence at reasonable cost.

Roman Fleet

The great Roman fleet sails out to sea to meet the attack of pirate ships in one of the scenes for a four-day stay on its second showing in Big Spring. Heading the list of stars is Charlton Heston in the title role.

'Ben Hur' Slated For Viewing At Jet In Return Showing

"Ben Hur," most recent production of the epic penned 60 years ago by General Lew Wallace, comes to the Jet Theater today for a return engagement in Big Spring.

Charlton Heston, star of other such screen standouts as "The Greatest Show On Earth" and "The Ten Commandments," challenges the might of Rome in the title role as Judah Ben-Hur.

Haya Harareet as the beautiful slave girl Esther, Jack Hawkins as Quintus Arrius, admiral of the Roman Fleet, and Stephen Boyd as Messala, a Roman warrior, are only a few of the personalities who lend support to the saga.

It was produced by Sam Zimbalist, who also turned out "King Solomon's Mines" and "Quo Vadis." William Wyler is the director.

Hollywood went beyond extravagance to produce the first sound version of the novel for the American screen as thousands of extras and specially constructed sets were called into play.

The chariot race took three months to film, not counting the months of preparation of the set and training animals for the scenes which last seven minutes on the screen. More than two years of research was done to give authenticity to the picture.

Although filming did not take as long as the eight years it took General Lew Wallace to pen the book in script, it should enjoy the same success in coming years as the book achieved.

Wallace died in 1905, but he lived to see his book become a "best-seller" and be dramatized

on the stage. The play ran 20 years in hundreds of American cities and all over the globe.

The silent screen version of "Ben-Hur" made theater history in 1926 when it was produced at a cost of \$4 million.

OCEAN EXCITEMENT

Sharks And Pearl Divers Included In 'Big Wave'

Action on the seas and a parade of pearl divers, tied in with a shark hunt in the waters off Japan, went into the filming of "The Big Wave," a Japanese production of the book by the same name written by Pearl S. Buck.

The film is half of a double bill at the State beginning Sunday and running through Wednesday. The other half of the bill is "Zotz," starring Tom Poston and Julia Meade.

"The Big Wave" stars Sessue Hayakawa, who admits to being more than 70 years old. Other productions in which he has seen action are "Hell to Eternity" and "The Bridge on the River Kwai."

Others in the cast are Mickey Curtis, who is billed as Japan's Elvis Presley, Koji Shitara and Hiroyuki Ota. The movie is produced and directed by Tad Danielowski with screenplay by himself and the author.

Scene for the action is a small Japanese village which is threatened periodically by a volcano on one side and tidal waves on the other. Failing to heed the warning of the Old Gentleman of the village (Hayakawa), the villagers are wiped out by a tidal wave.

Toru, played first by Koji Shitara and later in the film by Vicki Curtis, is among the survivors of the disaster. The years go by and the inevitable occurs — a woman arrives.

Eight Japanese girl pearl divers are included in the cast of extras. The filming took place on two locations. One was near the resort village of Obama on Kyushu Island, about 1,000 miles from Tokyo, and the other on the island of Oshima, about 300 miles south of Tokyo.

Movie Veterans, Watch Your Step. You might say that Mercedes Zavala is a movie "veteran" to put all other elderly actors to shame.

Mrs. Zavala is 105 years old. She lives in Arenal, Mexico, and remembers the days when the Apaches led by Geronimo terrorized her country. Luckily, she never met that particular gentleman, but she did catch a glimpse of Pancho Villa many years later.

Recently, she was selected for the role of a dignified Apache elder in "Geronimo," because of her photogenic face and great poise. Mrs. Zavala is looking forward to more such character roles.

Black Magic Is Due Here Friday

Witchcraft and black magic, in a 1962 setting, provide the background for an hour and a half of thrills in "Burn, Witch, Burn," a sneak preview coming Friday the Thirteenth at the Ritz Theater.

The cast for this one-nighter is headed by Janet Blair, Peter Wyngarde and Margaret Johnston.

"Burn, Witch, Burn" is based on the best-selling thriller "Conjure Wife" by Fritz Lieber and was adapted for the screen by Richard Matheson and Charles Beaumont. Completing the production team are producer Sidney Fennell and director Sydney Hayer.

Janet Blair, in her first dramatic role of this type, is the wife of a university professor of sociology, played by Peter Wyngarde. As his thesis for a doctorate, Wyngarde has done extensive research on the relationship between superstition and neurosis.

Unknown to the professor, his wife becomes obsessed with witchcraft and practices it in order to protect her husband's career and safeguard him from the jealousies of his colleagues. With this as a starter, liberal doses of hypnotism, potions, amulets and strange

happenings are woven into a gripping shocker—with an unexpected ending.

Well-known British actor Peter Wyngarde is cast into another dramatic role. He was previously seen by American audiences in "The Innocents." Another British product is character actress Margaret Johnston, who portrays the jealous wife of one of Wyngarde's competitors.

PLAYBILL

RITZ

Sunday through Wednesday ADVISE AND CONSENT, with Charles Laughton, Henry Fonda, George Grizzard, Walter Pidgeon, Franchot Tone, Peter Lawford and Gene Tierney.

WORKINGS OF SENATE From "Advise And Consent"

Show Based On Drury Novel Starts Today

"Advise and Consent" leads off film activity for the coming week at the Ritz Theater beginning today.

Based on the novel by the same name written by Allan Drury, it gives an insight into the workings of the United States government. The movie is a shortened, crisp version of the 616 page book.

Starring in the fast-moving political melodrama are Charles Laughton, George Grizzard, Henry Fonda, Walter Pidgeon, Franchot Tone, Peter Lawford and Gene Tierney.

Otto Preminger had to slice the book generously to come up with the film, but the cutting has been with good effect.

Joan Bares Life In Biography

By BOB THOMAS AP Movie - TV Writer HOLLYWOOD (AP)—Writing of her early years in the movies, Joan Crawford comments:

"Maybe I did play harder than anyone else—I worked harder, too. Perhaps it was because I had such an inferiority complex, because I was trying to compensate for all I lacked in education, poise and background. I wanted something out of life and this was the only way I knew to acquire it."

This helps to explain the phenomenon of Joan Crawford, which is described in depth in her new autobiography, "Portrait of Joan" written with Jane Kesner Ardmore. It is an arresting study of the longest-lasting of all the Hollywood stars—she made her first film in 1925, is starring in three this year.

The book is in Crawford style—realistic, down-to-earth, but with overtones of glamor and sentiment. That sounds paradoxical. I know, but Crawford is a paradox, a hard-driving woman who manages to remain feminine a dream merchant with her eyes wide open.

She tells all or almost all, about the ups and downs of her career and marriages.

Lee Remick In Thriller At Ritz

"Experiment In Terror," a Columbia suspense thriller produced by Blake Edwards, begins Thursday at the Ritz Theater. Starring Glenn Ford and Lee Remick, it has been rated as better than average for the hero, heroine and unknown assailant variety of screen action.

It is the story of a psychopath's campaign of terror against two sisters. Miss Remick, the elder of the two girls, is a teller in a local bank. Using the threat of murder, the criminal intends to force her to embezzle \$100,000 for him.

Stefanie Powers, who came to films via television, has the principal supporting role, playing the part of Miss Remick's younger sister.

The government is called into play in the person of Glenn Ford as an FBI agent. Ford makes a methodical sleuth, whose platonic relationship with the harassed sisters adds to the authenticity of his role. San Francisco police participate in chasing down the villain.

The action is climaxed in Candlestick Park, home of baseball's Giants. A night game between the San Francisco Giants and the Los Angeles Dodgers provided the setting for the climactic scenes. Since it was difficult to get clearance from regular spectators, Columbia hired hundreds of extras and purchased tickets for whole blocks of seats to achieve its desired spectator reaction in the film and to provide a work area for camera crews.

Blake Edwards, as producer and director, has given the film class he has previously displayed in such popular television productions as "Peter Gunn" and "Mr. Lucky." Henry Mancini wrote the music.

The screenplay by the Gordons is based on their novel, "Operation Terror."

Pretty Lee Remick has been cast in a role somewhat different than her two previous popular roles. She scored as a sexy character in "Anatomy of a Murder," and as a wanton girl from a genteel environment in "Sanctuary."

Ford's role in "Experiment In Terror" marks a departure from his recent screen portrayals. He has been seen in roles such as the romantic leading man, outdoor action star, comedian, adventurer and criminal.
