Canadian Airliner Crashes In Hawaii; 27 Persons Die

No American Residents Aboard

HONOLULU (AP)—A Canadian Pacific airliner crashed and burned in an emergency landing Sunday night at Honolulu International Airport, killing 27 persons. Thirteen escaped with minor injuries. The Britannia propjet crashed in a runway construction area. The impact scattered bulldozer and earth-moving machines. The exploding airliner was sliced in two. The plane's front section was reduced to tangled steel and ashes. All 13 survivors were in the tail section. Three stewardesses and the purser, all from Vancouver B.C., were among survivors. The liner, "Empress of Lima," had left Honolulu only 41 minutes earlier for Fiji, New Zealand, and Australia. Minutes after takeoff the pilot radioed the Honolulu tower that he had feathered No. 1 engine and was heading back. The big silver aircraft appeared to veer left before touching down on what Federal Aviation Agency officials said was a routine landing on three engines. The leftward slipping plunged the aircraft into the runway construction equipment. The impact explosion spread flames and chunks of fuselage and engines over hundreds of yards.

Breaking Ground

Dr. Preston E. Harrison, left, superintendent of the Big Spring State Hospital, and Dr. C. J. Rullman, Austin, director of mental health and hospital for the state, lead off the ground breaking ceremony for the new rehabilitation building to be constructed at the hospital. A brief program was held Sunday evening to mark the beginning for the facility.

Ground Turned At State Hospital For New Building

Treatment of mental illness took another step forward Sunday afternoon as ground was turned for a new rehabilitation building at the Big Spring State Hospital. On hand to assist with the brief ground-breaking ceremony was Dr. C. J. Rullman, Austin, director of mental health and hospitals for the state. He and Dr. Preston E. Harrison, superintendent, turned the first spadeful of dirt. The \$346,999 building will tie in to a single unit many operations which are now carried on wherever space is available. This important step is only the beginning of work planned at the hospital in the next few years. W. G. Cotton, Kirkin, Odessa, vice chairman of the State Board for Hospitals and Special Schools, told visitors to the ceremony. Scheduled next are a new surgical building and renovation of existing facilities. The program began with presentation of the colors by the Webb Air Force Base Color Guard. Rev. Max Maguire, hospital chaplain, gave the invocation and benediction. Mayor George Zachariah and County Judge Ed Carpenter welcomed visitors. Other local persons who either took part in the program or who were recognized included D. M. McKinney and Jack Y. Smith, president of the State Mental Hospital Development Association and vice chairman of the State Volunteer Services Council, respectively. Others visiting from Odessa were Mr. and Mrs. Leland R. Croft. R. W. Whippley was master of ceremonies.

KENNEDY REPORTS:

No Progress On Berlin, A-Tests Over

WASHINGTON (AP)—President Kennedy told an American-European audience on live television Monday that "I cannot report progress" toward a Berlin settlement with the Soviet Union and that is a "source of concern and danger to us all." "We hope that an accord can be reached, we will continue to try to reach one, but we have not made progress recently," Kennedy said. The chief executive's words were carried direct to all America and to 16 European nations, including Communist Yugoslavia, in an unprecedented telecast via the Telstar satellite. The President said that the relaying of his words by Telstar "is another indication of the kind of world in which we live."

BULLETIN

Medical Strike Pact Is Reached

SASKATOON, Sask. (AP)—An agreement to end the medical care dispute was announced today. Lord Taylor, brought from Britain to mediate the 23-day-old dispute, told a new conference an agreement had been signed by the Saskatchewan College of Physicians and Surgeons and the province's Socialist government. Representatives of the college scheduled a later news conference to explain its position. Both sides remained silent on details.

Ecuador Chief On U.S. Visit

WASHINGTON (AP)—President Carlos Julio Arseno of Ecuador arrived today for a three-day state visit and was greeted at the airport by President Kennedy. With the U.S. President was his mother, Mrs. Joseph P. Kennedy, acting as his official hostess in the absence of First Lady Jacqueline Kennedy who is vacationing on Cape Cod. Arseno has received with the traditional ceremony for a visiting head of state—a 21-gun salute, an honor guard and the playing of the national anthems of Ecuador and the United States.

IKE, BY CHANCE, TAKES TOUR OF OLD BATTLEFIELD

PARIS (AP)—Former President Dwight D. Eisenhower returned as a tourist today to the French capital, which figured so largely in his career as general and president. Eisenhower arrived from Cherbourg after a train ride through the Normandy countryside an Allied army under Eisenhower liberated 18 years ago. They arrived in Cherbourg aboard the liner Queen Elizabeth earlier in the day. The ex-president and his party boarded a train for Copenhagen and planned to have dinner and sleep aboard the train. Eisenhower, his wife, Mamie, and grandchildren Barbara Anne and David, arrived aboard the Queen Elizabeth for a six-week European tour. The wartime Allied commander's return to Normandy came about by chance. He had originally been scheduled to arrive on the liner France at Le Havre west of Normandy and his train to Paris would have missed Normandy. When a strike delayed the sailing of the France, Eisenhower switched to the Queen Elizabeth, which docks at Cherbourg. The train from Cherbourg to Paris passes through Sainte Mere Eglise, Carentan, Bayeux, and Caen, all key points in the Allied invasion that began on June 6, 1944.

Subpoenas Out In Estes Hearing

PECOS (AP)—Three East Texas men have been subpoenaed for a hearing in Pecos on four indictments against bankrupt financier Billie Sol Estes. The subpoenas, requested by Estes' lawyers, named A. J. Hearon, L. L. Barber and Ernest Pickle, all of Tyler. A formal order transferring trial of felony theft charges against Estes from Pecos to Tyler was expected today from Dist. Judge J. H. Starley. Both the state and the defense objected to the change of venue. The Pecos promoter was granted a delay in his trial on one charge several weeks ago. Defense lawyer John Cifer said preliminary questioning of the jurors indicated his client could not get a fair trial in Pecos at the time.

Battle Lines Set In Annexation Case

Battle lines formed Monday morning in 118th District Court for what looms as lengthy legal skirmishes to serve as a preamble to the actual trial of the long-pending case over the annexation of Gay Hill and Center Point schools to the Big Spring Independent School District. A jury panel reported to the court house at 1 p.m. but there were indications a number of technical and legal matters would have to be cleared before a jury would begin hearing the case. Both sides announced ready when Judge Ralph Caton called the case as No. 1 on this week's civil jury docket. However, both sides injected certain stipulations in connection with their announcements. One of the earliest decisions the court would face this afternoon was to rule on a bill of exceptions the defendant county school board will submit. The suit is styled Ralph Neill et al vs. Robert J. Cook et al. It is actually a suit brought by the trustees of Gay Hill and Center Point common school districts to set aside an action by the Howard County school board summarily annexing the two common school districts to the Big Spring school district. The county board's action was May 4, 1960. Neill is one of the members of the two embattled school district boards; Cook a member of the county board which issued the contested order. The matter has been slowly moving its way through the courts since May 4, 1960 and now has been remanded to the Howard County District Court for disposition on its merits. The school districts allege a conspiracy by the county board and contend the action by the board was without authority and therefore invalid. Monday, when Judge Caton sounded the docket, the Neill-Cook matter was No. 1 on the docket but it was also one of 17 cases set down for trial this week, and eleven are ready for trial. Judge Caton tentatively estimated that the earliest possible time a matter other than the school issue could come up would be Wednesday afternoon. He planned, he told attorneys present, to call the jury panel back for that time and determine then if there is a chance to try any of the other cases this week.

School Tax Rate Lowered At Lamesa

LAMESA (SC)—Following recent sessions of the board of equalization, the tax rate for Lamesa Independent School District has been set at \$1.37 per \$100 valuation by trustees. Under old valuations the rate was \$1.50. Based on a 90 per cent collection as required by the state, the new rates should prove \$630,263 in local revenue. This would cover the trustees' trimmed-down budget estimate of just over \$628,000 for 1962-63. Following the hearings, which wound up on July 20, the school's total assessed value was pegged at \$51,116,290. Trustees had earlier announced a 30 per cent assessment on the valuations produced by a recent revaluation program conducted by Pritchard & Abbott appraisers of Odessa. Of the \$1.37 tax rate, 34 cents is assigned to cover bonds and \$1.03 is tabbed for local maintenance. Board president J. D. Harris had earlier reported to patrons of the district that the rate could be from 10 to 15 cents lower if the equalization board could hold the appraised valuations.

Fierce Winds In West Texas

By The Associated Press Midsummer heat generated a baby tornado in East Texas and winds of near-hurricane force in West Texas Sunday. The Weather Bureau predicted more torrid temperatures and occasional thundershowers in all sections of the state Monday. The miniature twister wrecked a small Johnston Brothers Lumber Co. building at Henderson but there were no injuries. It was followed by 75 inch of rain in 20 minutes. At Big Spring, Howard County Airport instruments clocked wind gusts up to 71 miles per hour and a hard thundershower brought at least temporary relief from the heat. The mercury nosedived from 89 to 72 degrees after 50 inch of rain fell in 16 minutes. There were still a few scattered thundershowers early Monday in the Northwest Texas sector bounded by Amarillo, Childress and Lubbock. Skies were generally clear elsewhere about the state. Afternoon temperatures Sunday hit 106 degrees at Presidio and 105 at Laredo. Junction, San Angelo and Wink recorded 101 and Childress, Mineral Wells and Wichita Falls 100. It was above 90 at all reporting points. Readings early Monday ranged from 67 at Amarillo up to 83 at Galveston.

More Than 20 Die In Wreck

DIJON, France (AP)—A Paris-Marseilles express derailed near here today and a government rescue service official said hundreds had been injured and more than a score killed. The official said one car of five derailed as the train passed over a viaduct about 150 feet high had fallen into a dry ravine. The other derailed cars stayed upright, he added. The accident occurred about seven miles from the main station at Dijon, where the train was scheduled to stop on its way to the south coast. No rain fell at Vincent and only a sprinkle at Elbow. Chalk, in the extreme-southeast part of the county, had 40 of an inch. Morgan Creek, TESCO reported had only a trace. The rains were accompanied by strong winds and there was a report that the gusts peaked at 70 miles an hour near Howard County Airport. Webb AFB reported gusts up to 40 miles per hour.

Youth Drowns

By The Associated Press Willie Haynes, 18, of Crockett drowned in a Midland hotel swimming pool Sunday. Coahoma had 30 of an inch. Center Point school had 70 of an inch. There was a report of 2.60 inch gauge near Midway while Webb AFB had only 2.3 of an inch. Howard County Junior College had .80 of an inch. No rain fell at Vincent and only a sprinkle at Elbow. Chalk, in the extreme-southeast part of the county, had 40 of an inch. Morgan Creek, TESCO reported had only a trace. The rains were accompanied by strong winds and there was a report that the gusts peaked at 70 miles an hour near Howard County Airport. Webb AFB reported gusts up to 40 miles per hour.

Pouring The Pintos

Jess Slaughter, poured the beans for old timers who had the chore of cleaning them as the preparation of food for Friday's reunion begins. Slaughter, and a dozen helpers went through the 200 pounds of beans at the pavilion in City Park this morning. Sorting the beans, left to right, are R. J. Lloyd, Gene Crenshaw, Lynn Thomas Jr. and A. E. True.

Beans Readied For Reunion

Two hundred pounds of pinto beans got a hasty once-over this morning as old timers, and a couple of volunteer youngsters, helped with initial preparation for the Howard-Glasscock County Old Timers reunion barbecue set Friday. The separating of beans from rocks began shortly after 9 a.m. at the pavilion in City Park. It took about an hour to go through the two sacks of beans. Jess Slaughter, president of the group, poured beans to make sure everyone had plenty to work on. Making up the crew for the chore this year were Mrs. Ellen Eudy, Mrs. Ruth Wilson, A. E. True, Mr. and Mrs. Gene Crenshaw, R. J. Lloyd, Mrs. Herman Taylor and Mr. and Mrs. J. H. Coats. Lynn Thomas Jr. and David Taylor, visiting with Mrs. Taylor, lent a hand with the sorting. Preparation of the 2,500 pounds of meat will begin about 3 p.m. Thursday. Early the next morning the beans and son-of-a-gun stew will be put on. Two fiddlers contests are slated for 2 p.m. Friday. The first will be for Howard and Glasscock residents and another contest will follow immediately afterward for anyone who cares to fiddle. Joe Bell is in charge of the serving committee. Five serving lines will dish out the food from noon to 1:30 p.m.

Algerian Leftists Break, Set Up Their Own Regime

TLEMENEN, Algeria (AP)—Ahmed Ben Bella's leftist radicals broke completely with the moderate government of Premier Ben Youssef Ben Khedda Sunday night and set up the framework for a rival regime to take the helm of this newly independent nation. The dissidents proclaimed themselves the rightful leaders of the National Liberation Front (FLN), Algeria's dominant political and military group. They announced formation of a seven-man political bureau "qualified to assume the leadership of the country, the reconversion and reorganization of the party and the national army, and the construction of the state." Accusing Ben Khedda of establishing a police state, the dissidents called on Algerians to rally to Ben Bella and establish "freedom, security, dignity, legality and true democracy" in Algeria. There was no indication that Ben Bella planned to move on Algiers with the 45,000-strong regular army to overthrow Ben Khedda by force. The government has only a much smaller guerrilla force with which to oppose such a move. The declaration read to a news conference in the presence of Ben Bella, was issued after the rebels apparently lost patience with a conference of guerrilla leaders who had been trying since last Tuesday to work out a compromise agreement between the rival factions. In Algiers, spokesmen for the Ben Khedda government declined immediate comment. The declaration summoned the political bureau to meet in this rebel capital later today to consider further steps. It said that the session would be postponed, however, if four members who are still ministers in Ben Khedda's government cannot reach Tlemcen in time. At least two of these, Deputy Premier Mohammed Boudiaf and Minister of State Hocine Ait Ahmed, were almost certain to ignore the summons. Boudiaf became Ben Bella's arch enemy during five years together in French captivity. The political bureau originally was created by the National Council of the Algerian Revolution (CNRA) at a meeting in Tripoli, Libya, on June 7, nearly a month before Algeria became independent. Ben Khedda and his supporters, who control only about one-third of the CNRA's 72 members, walked out of the Tripoli meeting in protest against the makeup of the political bureau. Ben Bella has demanded ever since that Ben Khedda should "return to legality" by recognizing the CNRA decision.

Young Demos Fire Negro President

SAN ANTONIO (AP)—The Bexar County Young Democrats were without a president today after impeaching the first Negro ever to hold the post. The group said they impeached Clarence Thompson on the grounds that he failed to call monthly meetings in April and May. Stanley Bernstein, the organization's vice president, was also impeached on charges of inactivity.

Heavy Rain Sweeps City, Leaving Up To One Inch

A sudden late afternoon rain of heavy intensity swept across Big Spring Sunday, dumping as much as an inch of moisture on some parts of town. Other areas had only light showers and, on the north edge of the city, the U. S. Experiment Station gauge showed only .02 of an inch. Kentwood Addition, southeast of town, had an inch or better. Rain-fall in the southwest part of town ranged from .40 to .80 of an inch. Downtown switching plant for the Texas Electric Service Company showed only a quarter of an inch. Across the county, the rains fell in the same associated patterns. Happiest of all was the area in the vicinity of Gay Hill School. This section of the county had been left short in the welcome moisture last week. Sunday afternoon's rains however made amends—heavy rains ranging up to as much as 1.50 inches swept that section of the county. George Archer, principal of the Gay Hill school, said his gauge showed 1.50 inches. Mrs. J. L. Lloyd at the Luther post office reported .80 of an inch at that point. Mrs. Couch, who lives in the same area reported 1.80 inches. Only .20 of an inch of rain was gauged at Moss Creek Lake and

Military Honors In Viet Nam

Flag-draped coffins containing bodies of U.S. airmen killed in South Viet Nam are being military honored at Saigon airport before being flown home. Four were killed when their helicopter was downed by Communist gunfire near the Laotian border. The other American died in the wreckage of a C47 which crashed in takeoff at Kontum. Overhead is the fuselage of an Air Force transport.

'Radiant Balloon' Technique Can Spot Stomach Cancer

By FRANK CAREY
Associated Press Science Writer
MOSCOW (AP) — Development of a new "radiant balloon" technique for diagnosing stomach cancer was reported today by an American surgeon as the world's largest gathering of cancer fighters in history opened technical sessions.

Dr. Norman B. Ackerman of the University of Minnesota Medical School described the diagnosis technique to the eighth International Cancer Congress, meeting at Moscow University.

A patient suspected of having stomach cancer is first given a small dose of radioactive phosphorus. This particular isotope is known to be absorbed more by cancer tissue than by normal tissue.

Then a thin-walled rubber balloon coated with a latex-base emulsion sensitive to light and to other forms of radiation, is passed into the patient's stomach and inflated to fill the stomach cavity. Rays from the radioactive phosphorus strike the balloon and make streaks on the emulsion lining the balloon. The balloon is deflated and withdrawn from the patient's stomach, and the pattern of rays is studied by special techniques. A particularly large concentration of streaks in a certain part could

mean stomach cancer is present. Dr. Ackerman said heretofore Geiger counters have been used to follow the action of radioactive phosphorus in the stomach. The diagnosis of cancer depended on whether an unusually large number of signals came from a certain part of the stomach.

He said geiger counters, which must be held outside the body, present difficulties in tracing the phosphorus in relatively inaccessible areas.

He said the new balloon technique has now been used on some 400 patients with a "high degree of reliability."

In another report, Dr. Waltman

Waters of the Mayo Clinic, Rochester, Minn., reported on follow-up studies on 10,646 stomach-cancer patients operated on at Mayo from 1907 through 1954, the largest such study ever made.

Over the years, the "resectability rate," or the proportion of patients whose cancers were operable, increased from 44 to 62 per cent.

The five-year survival rate, the usual criterion for cure, increased from 48.5 to 62.1 for patients whose cancers had not spread elsewhere, and from 29.2 to 34.8 per cent for patients in general.

The death rate decreased from 15 to 8 per cent.

DEAR ABBY

Just Stick Neck Out

DEAR ABBY: There is a girl who works where I work. She is very pretty, has a good figure and dresses well. There is only one thing the matter with her and nobody has the courage to tell her. Her neck is dirty. You can see the line where she has washed her face but not her neck. The other employees laugh behind her back. I like her a lot and am the best friend she has here but, Abby, how can you walk up to a person and tell her her neck is dirty? Would an anonymous note be okay?

HATES TO TELL HER DEAR HATES: An anonymous note would be cruel. Stick your neck out (in the spirit of friendship) and tell her to wash hers. She'll probably thank you. And if she doesn't—well, it's HER neck.

DEAR ABBY: I am 15 and hate my parents more and more every day. You see, I have an air-conditioner in my bedroom, which means my 12-year-old sister sleeps in my room all summer. I have no privacy at all and it is very crowded. My father slapped my face tonight for complaining about it. I want to run away and stay at one of my friends' houses, but everyone I know has a dog and I'm allergic to dog hair, among other things. Can you help me?

CROWDED AND ALLERGIC DEAR C AND A: If your parents insist on "forcing" the luxury of an air-conditioned room on you, don't argue. Relax and enjoy it. And you can't blame them for putting your sister's comfort before your "privacy." Your parents are doing the best they can. Stay home.

DEAR ABBY: Do you think it is necessary for a hostess to write the guest list when extending an invitation? I have a sister-in-law who isn't on speaking terms with a lot of people. When I invite her to a party, she always asks, "Who else will be there?" I got mad last time and told her to come and find out. She slammed the receiver down on my ear and I haven't heard from her since. She didn't come to the party. My husband (her brother) said I was wrong. I say SHE was wrong. What do you and your readers say?

NO SIGNATURE DEAR NO: I say YOU were wrong. Knowing that your sister-in-law is not on speaking terms with many people, you should have told her who was coming. The poor woman appears to have her problems. Why compound them?

How's the world treating you? For a personal, unpublished reply, send a self-addressed, stamped envelope to Abby, care of The Big Spring Herald.

For Abby's booklet, "How To Have A Lovely Wedding," send 50 cents to ABBY, Box 3363, Beverly Hills, Calif.

Girl's Shoe Halts Space Needle

SEATTLE (Wash. AP) — An 8-year-old Connecticut girl stopped the revolving Space Needle restaurant Sunday.

World Fair officials said Mary Plunkett of Stamford, Conn., brought the restaurant to a halt when she caught her shoe between a partition and the turntable.

Firemen freed the child, who was taken to a hospital for precautionary X-rays.

The restaurant section of the 600-foot space needle makes one revolution every hour, allowing diners a sweeping view of the city.

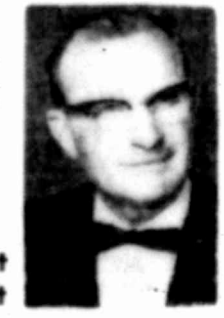

DOES NOT SAVE

By T. H. Tarkenton, preacher
Church of Christ, 2000 West Highway 80
P. O. Box 1280

Becoming a Christian and living right are essential to one's eternal salvation; but

to be in a denomination does not save one. This is admitted by all; and must be true. To be in Christ is enough. We have redemption and forgiveness in Him (Col. 1:14). In Him we are complete. Col. 2:10. Christ only died to make Christians of us. The apostles only persuaded men to be Christians (Acts 26:28).

So we know that to discharge denominational responsibilities will not help us get to heaven.

Arrested In Stock Theft

Gordon A. Tallman, 30, second from right, and his pal, Robert J. Dodge, 24, are flanked by detectives at a police station in New York. Tallman is accused of stealing \$1.3 million in stock certificates from the Wall Street office of the brokerage firm of Bache & Co. He was a \$120-a-week stock record clerk for the firm. Dodge, an unemployed truck driver, buried most of the treasure in a vacant lot for a week before turning it over to a mysterious "Mr. X," the district attorney said.

Pregnant Woman Took Drug Blamed In Birth Defects

PHOENIX, Ariz. (AP)—A pregnant Phoenix woman says she has taken a drug believed to have

caused the births of numerous malformed babies in Europe. The woman, a young mother of four children, told the Arizona Republic her husband obtained a prescription for sleeping tablets containing the drug while they were in Europe last year. She said they brought the tablets back to Arizona and she took

some in the early weeks of her pregnancy. The Republic said a majority of doctors polled said the pregnancy should be terminated. Most of them believed the chances of a normal child are small. Abortion is prohibited by state law, except when it is necessary to save the mother's life. The woman said she first found

out the drug was dangerous last week in a newspaper article about Dr. Frances O. Kelsey, a medical officer with the U.S. Food and Drug Administration. For more than a year she refused to approve the drug for general sale in the United States. Doctors in Europe have linked the drug with phocomelia, a birth malformation which deprives its victims of arms or legs, or both.

New Venus Try Slated

CAPE CANAVERAL, Fla. (AP)—The nation's space agency pushed ahead today with plans to launch a second spacecraft to the planet Venus while technicians and engineers probed the failure of the first attempt.

The United States' initial effort to propel a vehicle to explore Venus failed early Sunday. The Atlas-Agena B booster rocket strayed off course and was destroyed nearly 100 miles above the Atlantic Ocean by the range safety officer. The electronic signal that killed the rocket was flashed 290 seconds after launching.

Flaming wreckage of the \$5 million rocket and \$4 million Mariner 1 parashut plummeted into the sea. The spacecraft had been ticketed for a 139-day interplanetary journey designed to take it within 10,000 miles of the cloud-shrouded Venus next Dec. 8.

Even before data could be analyzed to determine exactly what went wrong crews started preparing the launching pad for another Atlas-Agena B and the Mariner 2 payload.

Time was the deciding factor in moving forward before data from the first shot had been completely analyzed. Venus comes into favorable shooting range only every 19 months and the National Aeronautics and Space Administration does not want to pass up an opportunity to send a spacecraft close to it to start an extensive program of planetary exploration. The present 30-day favorable period extends through Sept. 10. A minimum of 24 days is required to prepare for another firing and officials indicated the Mariner 1 failure probably will add to that time while adjustments are made on the Atlas first stage to assure the trouble is not repeated. The difficulty was in the Atlas. Preliminary information indicated a flight control problem that apparently pitched the rocket nose-down instead of straight up, starting about 212 seconds after launching. The safety officer allowed the rocket to continue flying for an additional 78 seconds before destroying it in the hope that the guidance system would correct the error. Project officials are counting on

Silo Blast Injures 20

RILLITO, Ariz. (AP)—An explosion in a Titan missile silo near this small southeastern Arizona community set off a fire and injured 20 men Sunday night authorities said.

Five of the workers, Gene Lassiter, 34; Kenneth Marberry, 41; Frank Manville, 61; Robert Benton, 56; and Raymond Lanham, 40, all of Tucson, were hospitalized for smoke inhalation.

The other workmen were treated and released.

Titan officials said the explosion occurred in a switch box located on the third level, 50 feet underground.

Officials said the trouble apparently started when a switch gear started tossing out a series of electrical flashes. A fire burned briefly but was quickly extinguished, they said. The officials estimated damage at \$2,000.

Some 80 men were working on the night shift when the explosion occurred. An electrician who declined to give his name, said a lid usually placed over the level entrance was left open. When closed, the area is sealed off.

If the lid had been on there, we'd see a bunch of dead guys," he said.

Laos Peace Pact Signed

GENEVA (AP)—Delegates of 14 nations today signed a treaty of independence and neutrality for Laos formally bringing to a close 14 long months of efforts to restore peace to the Asian Kingdom.

When all had signed, neutralist Premier Souvanna Phouma of Laos declared:

"We shall fulfill the obligations of the conference imposed on us. We shall do everything to maintain an independent, prosperous and neutral Laos."

In Moscow, Premier Khrushchev hailed the treaty as eliminating "a dangerous seat of war" in Southeast Asia.

The agreement included two documents plus a declaration of neutrality and a protocol covering the withdrawal of foreign troops from Laos.

The 14-nation conference assembled to deal with the crisis reached agreement last Wednesday. Since then the foreign ministers gathered to sign the treaty have been occupied with other, unsettled problems, especially Berlin, Germany, nuclear testing and disarmament.

U.S. Secretary of State Dean Rusk and Soviet Foreign Minister Andrei Gromyko have met twice for long talks on the major East-West issues. Both Gromyko and American sources have indicated there probably will be another meeting before they leave Geneva.

There has been no indication that the Rusk-Gromyko meetings have produced any change in either the Soviet or American positions on the major issues.

The Laotian agreement provides for withdrawal of all foreign troops from Laos within 75 days and security of its frontiers against further infiltration by foreign elements. This means both U.S. military advisers and their support personnel and Communist troops from North Viet Nam must leave the country.

A number of western delegation chiefs have pointed out that the test of the agreement still lies ahead in its application.

Compliance with the treaty is to be monitored by an international control commission made up of India, Poland and Canada. The three countries have had no success so far in supervising a cease-fire in the jungle country because the pro-Communist Pathet Lao forces refused to let them check any reported violations.

Arrives

Gen. Lyman L. Lemnitzer, named to succeed Gen. Lauris Norstad as commander of U.S. forces in Europe, arrived in Paris today from Washington.

Market Carries On Recovery

NEW YORK (AP)—The stock market carried a moderate recovery movement into the third trading session with trading quiet early this afternoon.

Reflecting the small overall advance, the Associated Press average of 60 stocks at noon was up 30 at 215.70 with industrials up 20, rails unchanged and utilities up 30.

City Commissioners Have Light Agenda

The Big Spring city commission will consider proposals for golf course water cooler, the city's park and recreation needs, hear discussions of a health unit building proposal and a personnel policy at Tuesday night's meeting.

City Manager Larry Crow said a request would be made for authority to take bids on a street patch roller and a new automobile.

"For some reason one car was left off the list on which bids were taken in June," Crow said, "and it will have to be considered, alone." The street patch roller is something the city has needed for some time. When one has been needed, the public works department has had to rent or borrow a roller which slows up patch work or makes it inefficient.

At the July 10 meeting, the commission authorized Larry Crow and the park manager, Johnny Johnson, to study the needs for water coolers on the golf course. Results will be presented to the commission for study and approval.

Park and recreation needs as seen from a long range standpoint will be discussed and some plans will be formulated at the meeting.

A personnel policy to be discussed is designed to eliminate some problems faced by the city administration because of a lack of a uniform method of employment, sick leave, vacations, overtime work, and other problems.

The second reading of an ordinance annexing a part of Section 14 Block 21, east of Wesson Road, or property owned by the Hillcrest Baptist Church will be heard. The third reading of an

More Than Million People In Houston Area Take Vaccine

HOUSTON (AP)—More than one million people in the Houston area popped sugar cubes coated with Sabin oral vaccine into their mouths Sunday for immunity to type one polio.

While residents of this area were receiving the first installment, 741,765 in Cleveland turned out for the last of three Sabin doses. They represented slightly less than half the city's metropolitan area population.

Harris County led the way with 916,965 persons taking the vaccine. About 70,000 followed suit in Brazoria County. Stations in Matagorda and Montgomery counties served 50,000 more.

County medical associations labeled it a success.

The operations were part of a mass effort to immunize 3,250,000 Texans, or about one-third of the state's population, by Aug. 12. At least 25 of the 254 counties in Texas are cooperating.

There have been at least 113 cases of polio this year, compared to 30 at this time in 1961. Harris County has counted 15 cases, all since May 26, compared to seven for all of last year.

Vaccine for type one polio was issued first because that strain is the most deadly and the most common in Texas.

Some clinics ran out of vaccine. Police in the four counties shuttled supplies from one unit to another.

The Harris County Medical Society ordered one million more doses for a makeup operation next Sunday, which had been scheduled in advance. Units which ran out of vaccine—some as early as 2:15 p.m.—told waiting patients to come back then.

A doctor estimated he turned away 2,000 waiting at one clinic when his supply was exhausted. Recipients ranged from infants a few weeks old to elderly persons who had to be helped through the lines. Some bed patients were loaded into ambulances and taken to the centers. Special details visited jails and

ported more people gave dollars than quarters.

Clinics will be held later this year to give vaccine for polio types two and three. An operation to immunize against all three is planned the first part of next year.

Sabin oral vaccine protects the individual and prevents his contaminating others. Doctors suggest that persons who have received Salk shots take the Sabin vaccine because the Salk series does not keep a person from carrying and transmitting the disease.

Dr. O. A. Fly, co-director of the campaign here, said: "I don't think there is any doubt that it was an overwhelming success."

At least 12 persons collapsed in 97-degree heat while standing in line.

Administration Sees New Hope For Education Bill

WASHINGTON (AP)—The Kennedy administration has revived its hopes of prying out of a Senate-House conference committee a compromise bill to provide federal aid for higher education.

If this can be accomplished—and Sen. Hubert H. Humphrey, D-Minn., predicted today it can—President Kennedy may improve the sagging batting average of his legislative program.

In the weeks before a possible Labor Day adjournment, the administration apparently will be heavily engaged in a salvage operation aimed at nullifying the Republican charge that a Democratic president has failed to get any important accomplishment out of a Democratic Congress.

In rebuttal, Kennedy obviously is going to be able to point to a new international trade bill on which the Senate Finance Committee begins public hearings today. This measure, revised in the House before passage there, has attracted bipartisan support.

But the President needs more than this before he can do much pointing with pride to the record of the Democratic Congress which he will be compelled to defend in the November elections.

If he asks—and gets—an immediate tax cut, it might be singled out as a major achievement. But any request for such a tax reduction carries with it a White House acknowledgment that the economy is in the kind of difficulty that might be reflected in sweeping Republican gains in November.

It is not at all certain that Kennedy will seek a tax cut. Nor is it a foregone conclusion that Congress would go along without the kind of a battle over the balancing of spending and revenues that would lend weight to GOP "budget-busting" charges.

With his program of health care for the elderly buried, Kennedy's lieutenants feel they need some kind of school or legislation to give the administration can win some advances in controversial domestic fields.

They are fighting in the Senate to resurrect some segments of his tight controls farm program which the House already has tried to consign to the grave. They have hopes of getting a House-passed postal rate increase through the Senate also.

But Humphrey, the assistant Democratic leader, said in an interview he regards it as imperative that there be some action in the school field.

The House voted to authorize grants and loans to colleges of all kinds. The Senate approved loans, but no grants, for classrooms and libraries as well as scholarship payments.

The issue of whether grants to church-operated colleges are constitutional lies at the heart of the present stalemate.

Police Arrest Couple Carrying Stolen Tools

The theft of over \$150 worth of tools from a pickup truck parked at the home of John R. Yates, 500 Young, was solved when a man and woman were arrested after carrying the tools away from their car Sunday morning. A traffic violation led to the discovery.

Yates said the tools were taken Saturday and included wrenches, electric drill, tube cutting equipment, tool box and other items.

Detectives Aubrey Hurley and Jack Jones were taking statements from the two Monday morning and said they would be turned over to the county some time Monday.

Patrolman John Wolf stopped the couple at West Second and Presidio after they made an improper turn on West Third. The tools were in the car and the man and woman took police to the end of Andre street where they had thrown the tool box over the fence into a pasture.

Joe English, manager of the new Carleton House on East Marjorie Drive, reported the theft of a "hitching post" Saturday night. The metal statue was broken from its concrete base and apparently taken away. Tracks showed where two or three persons had carried

Police Arrest Couple Carrying Stolen Tools

it. Bubble gum was scattered around where the car was parked.

Cactus Parts Co., 4300 US 80 west, reported to police that a man had taken a car to try it out at 6 p.m. Sunday and had not returned at 10 p.m. He left the car he was driving.

Herman Rivera, 296 NW 4th, reported that the Monterey Lounge, 204 NW 3rd, had been entered and damaged. He reported seven cases of beer and \$4 in pennies taken, and damage to the inside of the building amounting to \$50.

Crafts Display

The YMCA arts and crafts display featuring work done by youngsters in fun clubs and crafts classes, will be held in the all-purpose room of the Y this evening at 7:30 p.m. Mrs. Terry Patterson, who has been director of the summer crafts program, will preside in presenting ribbons and trophies to winners.

First, second and third place ribbons will be given to individuals and clubs, as well as the presentation of overall awards. Cups and ribbons for outstanding originality will also be presented. The display is open to the public.

J. W. Dublin Dies Sunday

John Walker Dublin, 18, died about 8:30 a.m. Sunday at Seminole Memorial Hospital after an illness of two weeks. He had been a resident of Frankel City the past 8½ years. He is the brother of Mrs. Wilma Williams, Big Spring.

He was born Jan. 18, 1944 in Ranger and graduated from the Andrews High School in Austin, Texas. He was a member of the First Baptist Church of Frankel City.

Services will be conducted Tuesday at 2:30 p.m. at the First Baptist Church in Frankel City with the pastor Rev. Virgil Barron officiating. He will be assisted by the Rev. J. L. Boseman, former pastor of Pleasanton.

Graveside services will be at 10:30 a.m. Wednesday at the Evergreen Cemetery in Ranger under the direction of Singleton Funeral Home of Andrews.

Survivors include his parents, Mr. and Mrs. Lee Dublin, Frankel City; grandmother, Mrs. John W. Ranger; one sister, Mrs. Williams; and one brother, David Dublin, of the home.

Firemen Make 4 Weekend Calls

A house fire, a barbecue pit fire, and two false alarms took police on four runs during the weekend.

The bedroom of the Juan Ramirez home 304 NE 12th, and the contents were lost in a fire at 2:30 p.m. Sunday. Smoke damage resulted in the rest of the house, which is owned by Mr. and Mrs. Ivan Collins, 1225 Purdue. Cause of the fire is unknown.

A grease fire in the barbecue pit at Tony's No. 5, Eleventh Place and Settle, caused some damage to the grill at 2:20 p.m. Sunday.

False alarms took firemen to the city park and to a false address in West Big Spring Saturday night.

Active Shriner Is Taken By Death; Rites Tuesday

Friends here have been advised of the death of Jamie N. Clark, well known in oil distributing circles and prominent in Shrine activities.

Mr. Clark, executive secretary of the Texas Oil Jobbers Association with headquarters in Austin, succumbed to a heart attack Saturday at Teshoma, Texas, where he was conducting a management institute for his association.

Funeral services are to be at 3:30 p.m. Tuesday in Austin, under direction of Wood-Corley Funeral Home. Survivors include the widow, a daughter, Jemmie Clark, and a brother, W. B. Clark of Redlands, Calif.

Mr. Clark was a member of the York Rite bodies in San Angelo and of the Scottish Rite in Austin. He held the honorary KCCH degree. He was second potentate of the Suez Temple in San Angelo, serving in 1952. He was known by many local Shriners and oil people.

Woman Injured In Car Mishap

Mrs. Bessie Grillette, 209 W. 2nd, was taken to Cooper Clinic and Hospital shortly before noon today following a two-car accident at Gregg and West Second. The collision occurred in front of Mrs. Grillette's home as she was leaving in a Yellow Cab.

Mrs. Grillette was given first aid, treated for shock, lacerations on her lips, and bruises, after being taken to the hospital in a River ambulance.

Driver of the cab, which was going east, was Gerald M. Freshman, 510 Hummel, Jon W. Worley, 1811 Indian Hill, was driving the station wagon, registered to Mrs. B. D. Long, Fersan, which was going west and attempting a left turn on Gregg.

Damage to the two vehicles was not heavy.

Contestant

Judy Harding is the daughter of Mr. and Mrs. Pat Harding, Vincent Route, Coahoma. She will compete for the district Farm Bureau title in the HCJC auditorium Aug. 3. She is 19 and a sophomore at Texas Tech.

Anti-Forest Fire Missile Test Due

EDWARDS AIR FORCE BASE, Calif. (AP)—Sometime in the next few weeks a triangular missile will drop from a plane high over the desert and dive-bomb a simulated brush fire with a ton of flame-retarding chemicals.

If it works the U.S. Forest Service will have found a new weapon against wilderness fires—and a possible replacement for the hazardous water-bombing technique which has cost the lives of more than 50 pilots in the last two years.

With the forest fire season just opening, officials are rushing plans for their first test of the radio-guided glider called "Firebird."

With luck it may be ready for actual use by the time summer heat and drought turn the West's millions of acres of brush and timber into a giant tinder box.

Date and details of the test are being kept secret. "We want to be sure we will work before we arouse any hopes," a source said. It is known that a small bomb,

possibly a B25 or a B26, has been rigged here to carry one or more of the Firebirds in the coming test. The target area probably will be one of the bombing ranges of this Mojave Desert test center, a source said.

The Firebird, 13 feet long and 11 feet across its delta wing, is controlled in flight by radio either in the mother plane or on the ground.

The manufacturer, Accurate Electronics of North Hollywood, Calif., calls it a guided missile—but not a rocket, because it has no engine. It enables aerial fire fighters to unleash their load of chemicals in safety up to five miles away instead of having to fly through smoke and flames to reach hot spots.

Planes of the type used to bomb fires with water and chemicals can be rigged to carry as many as five Firebirds apiece. Each Firebird has a capacity of 2,000 pounds.

Jones Plans Appeal Of Gomez' Release

Gil Jones, district attorney, said Monday he would appeal the finding of a U.S. District Court in Houston ordering the release from state prison of Y. A. Gomez, Howard County man serving seven years for embezzlement.

Jones said that he had talked with U.S. Judge Joe Ingraham in Houston. It was Judge Ingraham who granted Gomez's petition for a writ of habeas corpus last Friday.

The judge informed me," Jones said, "the judgment he will issue will order the discharge of Gomez from the state penitentiary without prejudice."

This means that the man can be retried on the same offense for which he was convicted. We will see to it that he is retried.

"He also assured me that he will write his order that the way will be clear for the state to appeal the finding of his court to the U.S. Fifth Circuit Court of Appeals in New Orleans.

"We will file an appeal as quickly as we can do so. We will have to wait until we see the judgment and until final order in the case is duly entered in the U.S. District Court in Houston."

Gomez was expected to be released from custody at the Huntsville State Prison some time tomorrow or Wednesday. Jones said he presumed the Huntsville authorities would require the man to post bail on his release from the penitentiary in view of the judge's plan to insert the "without prejudice" provision in the order.

In the event that no bond is required at Huntsville, Jones said that he would demand that Gomez post new bail here when he reaches Big Spring.

Gomez was found guilty in 1960 of embezzlement in a case which began in the fall of 1957. He pleaded guilty to the prison on embezzlement in 1961 with a series of admissions filed by him in state courts. The Supreme Court finally ordered him to prison and he has been in the penitentiary since that time.

He filed a petition with Judge Ingraham asking his release from prison on the grounds that he had been deprived of his due process of law at his trial here. He had sought to obtain a continuance at that time on the contention he was not represented by his own attorney.

His motion was denied. The court appointed an attorney to represent him and forced him to trial, he alleged.

The New Look

Hair fashion artists have done away with stiff, rigid styles. In their place, a new look called "Dancing Waves" gives today's woman a feeling of elegance and charm. The happy balance between fact and imagination is a characteristic of the style.

Dancing Coifs Still Stylish

By CONSTANCE CHARM
There is a wonderful new look in hair fashions for fall and winter. Small elegant heads of "Dancing Waves" Yes, the hair is still dancing as predicted by fashion leaders last spring, but now the waves have new dimension. They are large, soft and smooth on gracefully elegant small heads.

Gone is the stiff and rigid look, the exaggerated proportions of former seasons. In is the "Dancing Waves" hair fashion designed as the trend setter by the Official Hair Fashion Committee of the National Hairdressers and Cosmetologists Association, the hair fashion authority of the beauty profession.

The new look of "Dancing Waves" brings forth a happy balance between fact and imagination. The fact is a small head silhouette designed into either a vertical or horizontal oval. Together, the two ovals crown all couture silhouettes and add grace for both the tall and the short woman.

The imagination in the new styles is supplied with a rhythmic play of "Dancing Waves" that lend eye appeal and interest as they sweep, drape or flirt in varying moods.

The vertical oval is gently accentuated with close head-hugging waves, lending grace to the short woman and enhancing the princess line, empire and eastern influences in clothing fashions. It stresses a greater interest in waves at the back of the head, starting at the top of the crown, or in some instances a little lower. The "Dancing Waves" that adorn the back can be dressed up

or down, but always giving the small head look.

Frontal hair is usually dressed off the forehead for a clean swept look, though in needed cases fringe or draped bangs are used for corrective styling. Neckline hair is kept close to the head, accommodating fashions with high necklines, small furs or scarves worn closely wrapped around the throat.

The horizontal oval is designed for the casual look, the pre-World War I silhouettes and Spanish influences in the general fashion picture. It is a young look that features gentle fullness at the sides expressed in wave patterns, soft curls, or a combination of both. Width is at the eye level for added eye appeal.

Frontal hair is directed either straight back or slightly slanting with smooth shadow wave effects. There is very little rise at the hair line, though crown hair may be lifted when needed for correction of silhouette.

Bangs are used when needed for adaptability. The back of the head hugs the lower crown area for a normal head size. Wave or curl interest is only at the lower part of the back of the head, arranged into a slanting or oval design, hugging lower crown area, and fitting closely to the head.

In both the vertical and the horizontal oval, at least two-thirds of the coiffure represents some wave or curl interest. This can be a treatment of soft shadow waves with elegant lines and motion, and with hair that is soft, smooth and shiny. Waves are not ridged, but because of their elegant softness, need professional permanent waving to give the hair needed support and body.

FASHION FORECAST

Will Your Dresses Tell Their Age This Fall?

By JEAN SPRAIN WILSON
AP Fashion Writer
NEW YORK — When you unpack those winter clothes that you

Border Incident

Ropes of persian lamb, matching the hat, band the neckline and jacket of this costume by Samuel Winston. It's just a hint of what's on the agenda for this fall and winter.

probably stored away a few weeks ago, will they be out of style? What in your wardrobe will survive another season without revealing its age?

PASSE
The wallpaper fit Tight mid-ribs and body hugging sheaths are giving way to a less constricted silhouette.

Big skirts! Voluminously gathered and knife pleated ones are pared down to slightly gathered, tucked or wrapped skirts.

Bare necks! Although they plunged down to there last season, custom for fall not only build up to the neck, they reach up to the nose, with exaggerated collars and scarves. Ball gowns are modest in front, bare in back.

Belts. They are prominent on jackets and coats, but they are missing on dresses.

Bare arms. Unflattering to older women designers are covering them with elbow and wrist length sleeves.

Glorified linings. The shock treatment of gaudy silk prints or violent plaids for linings of coats and suits and matching blouses or dresses is over. Blouses still match jacket linings, but with quieter fabrics.

Ruffles. Man-tailoring, draping and subtle shaping have left no room in fashion for daytime frills. Roaring 20's look. It's losing out to the 30's.

OLD, BUT STILL GOOD
High waistslines. It's firmly entrenched as a part of coat and suit silhouettes, as well as dresses.

Duplicate Winners Revealed

Ten and one-half tables were in play in Sunday afternoon games of Cosen Country Club Duplicate. During the session, it was announced that winners games will be played Tuesday at 7:30 p.m. at the club.

North-south winners were E. L. Powell and Mrs. Elmo Wasson, first; Mrs. K. E. Oden and Mrs. Ray Keenan, both of Snyder, second; Mrs. Jack Irons and Mrs. Adolph Swartz third; Mrs. D. M. Penn and Mrs. C. A. Hicks, Hobbs, N. M., fourth.

Winners in the east-west section were Mrs. Gerald Harris and Mrs. R. H. Weaver, first; Mrs. Lloyd Nails and Mrs. Fern Durham, second; Dr. and Mrs. J. H. Fish, third; Mrs. J. Y. Robb and Mrs. Champ Rainwater, fourth.

The Elks Couples Duplicate group held a session Saturday evening at the Elks Lodge. Tying for first and second places in the north-south division were Mr. and Mrs. Jack Price and Mr. and Mrs. Ladd Smith. Winning third were Mr. and Mrs. T. C. Donnell.

Winning in the east-west division were Mr. and Mrs. Earl Lusk, first; Dr. and Mrs. I. H. Fish, second; James Pratt and Mrs. Ayra McGinn, third.

The group will meet Aug. 4 for master point games.

Miss Wicks Is Honored

Miss Nancy Wicks, bride-elect of Guy Davis, was honored Friday evening at a miscellaneous shower at the home of Mrs. H. F. Hodges, 1006 East 12th. Assisting Mrs. Hodges were Mrs. Frank Bernard, Mrs. A. E. Clanton, Mrs. Floyd Anderson, Mrs. Odys Woodall and Misses Linda Phillips and Joyce Thomas.

The 10 guests attending were served from a table laid with orchid trimmed in white. Orchid and white chrysanthemums made up the centerpiece. Crystal appointments were used in serving.

The couple will be married Aug. 18 at the First Christian Church in Big Spring.

Calverleys Have Guests
GARDEN CITY (SC)—Pat Spiller of Boswell, Okla. and Linda Wagner of San Angelo are visiting Theora and Jo Melanie Calverley.

C. J. and John Copeland and Ed Bynum of Sterling City were visitors in Garden City, Friday.

Pat Lawson of Midland is visiting his grandmother, Mrs. Vena Lawson, this week.

Mrs. J. L. Sawyers was released from a Big Spring hospital Saturday and is resting at home. Her daughters, Punkin and Kay, are visiting the J. W. Dawsons in Midland.

Martha Duncan Is Home From Visit
GARDEN CITY (SC)—Martha Duncan returned recently from a three-week visit in Sherman with relatives. Her cousin, Betsy Grant, came home with them for a visit.

Mrs. Bettye Myers of Lubbock, a former resident of Garden City, was a visitor last week in the Curtis Palmer home.

Boekers Are New Forsan Residents
B. L. Murphy, superintendent of Garden City Schools, is convalescing at his home after a two-week confinement in a Big Spring hospital. His condition is reported as good.

Calvin Daniels Move To Houston
Mr. and Mrs. Calvin Daniels, 1600 Owens, and their infant daughter, Robin Gay, have moved to Houston after spending most of the summer in Big Spring with their parents, Mr. and Mrs. Bob Gardner and Mr. and Mrs. Mike Daniels.

Niece Is Guest In John Sevey Home
Miss Billie Kitching of Corpus Christi is visiting her aunt and uncle, Mr. and Mrs. John Sevey, 1507 Avion during the next two weeks.

Permian Basin Empire Plans Charity Tourney

Saturday, Permian Basin Empire residents will lend a hand—in this case, a bridge hand—to the work of two charity organizations in the field of paralysis.

A duplicate bridge tournament, sponsored by the Greater Permian Basin Unit No. 207 as part of the American Contract Bridge League's 1962-63 charity program, will be held in the Chamber of Commerce Auditorium at 1 p.m.

The unit is made up of duplicate clubs in Midland, Odessa, Big Spring, Lamesa, Andrews, Monahans and Rankin.

Proceeds of the tournament will be shared by the National Multiple Sclerosis Society and the Institute of Logopedics, designated by the League as this year's beneficiaries of the charity tournaments conducted by more than

4,000 ACBL affiliates from coast to coast.

Entry fee of \$2.50 per person is tax deductible and 60 per cent of the funds collected will remain in Midland.

During the 1961-62 charity program, the ACBL raised more than \$170,000.

Mrs. James N. Allison, president of the Greater Permian Basin Unit, is in charge of the tournament. Working with her in staging the affair is William B. Ellis, president of the Midland Multiple Sclerosis Society.

"All bridge players in the Permian Basin area are eligible to participate in the tournament, whether or not they ever have played duplicate bridge," Mrs. Allison said.

crippling disease for which the cause and cure remain unknown. It is estimated by the national society at 500,000 men and women in the United States are victims of multiple sclerosis and its related diseases.

Logopedics is the science of speech correction. The Institute of Logopedics is dedicated to the teaching of speech and the training of qualified therapists to carry on the work all over the world.

Those planning to participate in the tournament, are asked to use the Main Street entrance to the Chamber of Commerce office at the corner of Main and Wall Streets.

Master points will be awarded to winners in accordance to the number of tables of players.

Ice Cream Supper Held At Reddens

Mrs. J. R. Redden, 2704 Lynn, was hostess to the Mu Zeta Chapter of Beta Sigma Phi sorority at a garden ice cream party, Friday evening. Co-hostesses were Mrs. Gail Doolittle and Mrs. Charles McLaurin.

Homemade ice cream was served to nine couples, consisting of members and their husbands, and guests, Mr. and Mrs. Chris Watson.

LOOKING 'EM OVER

By TOMMY HART

This was intended to be a progress report on BSHS coach Don Robbins' efforts to hire an assistant to fill out his staff but Robbins who, like his predecessor, Emmett McKenzie, believes in hard work, laments that very little progress has been made.

He had conversations with people like Joe Swann, a coach at Odessa High Junior High, Stan Cobb, Midland, and Twyman Ash, Abilene, among others. All expressed interest but each felt that this was not the time of year to be changing jobs.

Robbins feels the man named should have a working knowledge of the flip-flop offense the Steers will be running and also have a thorough background in scouting the type of teams Big Spring will be playing.

Joe Sibley, who doubles as the Steer trainer, will be staff's No. One assistant. Robbins said over the weekend he'd rather not fill the vacant position at all if he can't hire a fully qualified man. Robbins is apt to shoulder the job of coaching the offensive backs himself. Of his own ability, Don says modestly.

We're not going to be able to outsmart anybody. We hope to win with superior conditioning and hustle. Robbins will continue to conduct interviews but may wait until the Aug. 7-11 coaching school in Lubbock before making a final decision.

Incidentally, the Steers don't open fall workouts until Aug. 31, which gives them just two weeks to work before their opening game.

Teams in all other classifications than AAAA begin two weeks earlier and will have the advantage of drilling twice a day until school begins.

The Steers will be limited to one-a-day drills starting with the first day, due to the fact that school takes up here before the workouts begin.

Mary Frances, the wife of Bill Veck, is the one who titled his book, "Veck—as in Weck."

She felt the subtleties of the Veck was so expressive, Bill was all for the idea because "it makes sure I get the name pronounced correctly."

Bill and the co-author, Ed Linn, taped 600,000 words before cutting the controversial book to 250,000.

Ronald (Chubby) Moser is taking kudos for the job he did as manager of the Big Spring American Legion Baseball team this season.

Chubby has been a volatile individual and some Legion officials were slow to rally to his cause but Moser showed a maturity and a poise that helped the whole team.

The Legion committee which picks a manager wants to make sure that a spirit of hard, clean competition instilled in the players. It feels that that is more important than fielding a winning club.

Moser bore down to give them both. Incidentally, Chubby once performed for the Legion team.

Yanks Shade Soviets But Brumel In Orbit

By JACK STEVENSON Associated Press Sports Writer STANFORD, Calif. (AP)—The Soviet Union's track and field team came here with hopes high for defeating the United States men's team only to have them dashed by the highest score run up by an American team in this international competition.

Uncle Sam's young men's squad giving a solid outlook for the 1964 Olympics, scored 128 points to 107 for the Soviet team in this fourth U.S.A.-U.S.S.R. competition.

The Soviets Valery Brumel proved the individual star of Sunday's competition with a world record high jump of 7 feet 5 inches. In Saturday's opening events, Hal Connolly of the United States broke his own hammer throw world record with a heave of 251 feet 4 inches.

Women of the Soviet continued their mastery over Uncle Sam's girls as they scored 66 points to 41.

Twelve meet records fell during the two days of the men's competition — nine of them by United States athletes. Among the women, three were set, all by Russians.

Financially the meet in Stanford Stadium proved as successful as the competition. The crowd for the two days was estimated at 157,500 paying a gross \$325,000.

Coach John Oelkers of Tuamoa, head of the men's team, voiced pride with his squad and the outlook for the United States in international competition.

"Our '64 Olympic team will be great—this team is really young and our veterans will still be young enough," Oelkers said.

"There will be no falling back. Look at that relay 1,600 meters for example—it had three college freshmen."

"Whatever coach gets that team in '64 will have a great team to take to Japan."

Soviet coach Gariel Korobok had termed this year's team the best men's group the U.S.S.R. had sent into the international competition. But as the Russians and Americans joined hands in the closing ceremonies, the U.S.S.R. men owned only three meet records, including Brumel's great high jump and a double by Pyotr Bolotnikov in the 10,000 and 5,000 meter races.

Little Jim Reatty had set an American record of 3 minutes 39.9 seconds in winning the 1,500 meter race.

Other meet records for the men were 110-meter high hurdles, Jerry Tarr, U.S.A., 13.4; Shot put, Dallas Long, U.S.A., 64 feet 1 inch; 10,000 meters, Bolotnikov, 29:17.7; Pole Vault, Ron Morris, U.S.A., 16-3/4; 400-meter hurdles, Willie Atterberry, U.S.A., 50.3; 400 meters, Al Oerter, U.S.A., 2:06.1; 1,600-meter relay, U.S.A., 3:03.8.

On the relay team were Dave Archibald, California, frosh; Ray Saddler, Texas, Southern frosh; Uls Williams, Arizona, State frosh; and veteran Rex Cavley, of Southern, California.

The Russian women record breakers were Javelin, Elysvia Ozolina, 103.4; Discus, Tamara Press, 129.5; Shot put, Tamara Press, 37-3/4.

Temple Baptist throws down a challenge to the pace setting East Fourth Baptist team in YMCA Church softball league play at the city park this evening. Game time is 7:30 p.m.

East Fourth boasts a 7-1 win last week while Temple Baptist is 4-5. In the other game, College Baptist 17, opposes First Baptist at 9 p.m.

RUIDOSO RESULTS SUNDAY: First 11-10, 12-10, 13-10, 14-10, 15-10, 16-10, 17-10, 18-10, 19-10, 20-10, 21-10, 22-10, 23-10, 24-10, 25-10, 26-10, 27-10, 28-10, 29-10, 30-10, 31-10, 32-10, 33-10, 34-10, 35-10, 36-10, 37-10, 38-10, 39-10, 40-10, 41-10, 42-10, 43-10, 44-10, 45-10, 46-10, 47-10, 48-10, 49-10, 50-10, 51-10, 52-10, 53-10, 54-10, 55-10, 56-10, 57-10, 58-10, 59-10, 60-10, 61-10, 62-10, 63-10, 64-10, 65-10, 66-10, 67-10, 68-10, 69-10, 70-10, 71-10, 72-10, 73-10, 74-10, 75-10, 76-10, 77-10, 78-10, 79-10, 80-10, 81-10, 82-10, 83-10, 84-10, 85-10, 86-10, 87-10, 88-10, 89-10, 90-10, 91-10, 92-10, 93-10, 94-10, 95-10, 96-10, 97-10, 98-10, 99-10, 100-10.

Competition Under Way Tonight In LL Tourney

The decks have been cleared for the beginning of play in the District 3 Little League baseball tournament this evening in the National small-park south of the city on Highway 87.

The seven teams entered, including three from out of town, will be shooting for a trip to the Regional eliminations at Breckenridge.

All-star contingents of the four local leagues are entered, along with two from Andrews and one from Goldsmith.

The Andrews Nationals and the Big Spring Americans square off at 5:30 p.m. Tuesday while the Big Spring Nationals collides with the winner of the Andrews Americans-Big Spring Texas game at 7:30 p.m. Tuesday.

Survivor in the latter game gets a trip into the Friday night finals. The semifinal game in the other bracket will be unrecruited at 7:30 p.m. Thursday.

Tournament officials headed by D. R. Gartman, president of the National League Big Spring, are making plans to handle the largest crowds ever to watch the youngsters play here.

Ordinarily, the National LL Leaguers in the inaugural contest at 5:30 p.m. this evening.

Two hours later, the Goldsmith crew has it out with the Big Spring Internationals.

All other Little League activity has been stopped here because of the tournament but the competition for the City championships will be resumed at an early date.

Gary Player Wins PGA With A 278

By HUGH FULLERTON JR. Associated Press Sports Writer

NEWTON SQUARE, Pa. (AP)—Gary Player, an intense little South African to whom golf is a way of life as well as a good source of income, has accomplished three quarters of his ambitions—winning three of the world's top four golf championships.

And who do you suppose gets the major credit? Arnie Palmer, a guy who won't be satisfied until he wins all four in one year. Player, winner of the British Amateur championship in 1959 and the Masters title in 1961, added the United States Professional Golfers Association title to his list Sunday when he finished one stroke ahead of swarthy Bobby Goaly in what he called "the most exciting game I've ever had."

Player shot a 70 for 278, two under par for the 72 holes. Goaly's 67 left him a stroke back at 279.

The only major title Player has won is the U.S. Open championship. His best in that one came in 1958 when he trailed Tommy Bolt by only one stroke.

Player, trying to relax after a closing day which kept a record gallery of 18,000 on edge until the last shot, said there was one thing he had learned just before his triumph.

"I had been playing a lot of exhibitions with (Arnold) Palmer," he said. "I always thought driving was one of my good points, but I finally realized I couldn't outdo him."

Today I never used a driver off the tee. I generally used a four wood and I never missed a fairway.

Player started the final round two strokes in front of George Bayer, a one-time football player for the Washington Redskins, and Bob McCallister, who quit football.

The Money Winners: Gary Player, \$11,000; Bobby Goaly, \$6,750; Benji Allen, \$4,500; Fred Beckwith, \$3,000; Tom Weir, \$1,500; Dick Hoover, \$1,500; Fred Beckwith, \$1,500; Tom Weir, \$1,500; Dick Hoover, \$1,500.

Player's victory was worth \$13,000, which put him in fifth place in the money-winning derby with a total of \$41,513.34 this year.

Palmer, who finished with a final round of 72 and a 288, total that tied for 17th place, earned \$966.67. He still is the top money man with \$71,198.33 for the year.

on the American circuit, made Player hustle to the very end. He had a chance to tie on the last hole and his 25-footer for a birdie barely missed.

developed a stiffness in his arm. Brandt's game-saving catch came in the ninth. He raced far to his left to pull down a line drive by Bill Tuttle with the bases loaded.

Ed Charles drove in four runs and Jerry Lumpe and Bobby Del Greco homered for the A's, who managed only their second victory in the last 12 games. Ed Rakow won for Kansas City, his seventh against 11 defeats. Detroit's Sam Jones was the loser.

Three men tied for the runner-up spot, each with net scores of 69. They were Richard Grimes, J. C. Self and Ferris Hammond.

Tied for fifth, with 70's were Eddie Aeri and Darrell Hulme. All six men become eligible for gift certificates.

In all, 32 players took part in the tournament. Only those who have established handicaps with five rounds or more of play and who hold memberships in the association were eligible to take part.

Tigers Shaded In Two Games

San Angelo's Eagles twice felled the Big Spring Tigers in baseball competition here Sunday afternoon, 8-4 and 15-5.

The first game went 11 innings and the outcome was determined when Menachos and Grimaldo crossed the plate after one man had been retired.

The Tigers outhit the visitors in the opener 15-10, with Sonny Dutchover getting three of the safeties. Tony Dutchover, who received G. Ferro on the mound in the eighth, was charged with the mound duty.

Dutchover and Joe Cadenhead shared mound duties for the Tigers in the second game.

First game: San Angelo 001 004 002—8:10 1: Big Spring 101 010 000—6:15 5: Flores, Dutchover and Castro. Ferro, T. Dutchover and S. Dutchover.

Second game: San Angelo 060 104 4—15:17 1: Big Spring 401 000 0—5:10 3: Chapoy and Castro. T. Dutchover, Cadenhead and S. Dutchover.

Anderson Winner At Castle Rock

Thavis Anderson of Big Spring returned here Monday morning after grabbing first place in a Stock in the divisional drag races at Castle Rock, Colo., near Denver Sunday.

Anderson's victory added 40 points to his aggregate in drag race standings. He now has 150 points in his bid for the new Pontiac to be given away following Labor Day races at Indianapolis, Ind.

Anderson goes to Oklahoma City, Okla. next weekend for a Regional meet.

Jan Talley and John Huckaby also made the trip from Big Spring to Castle Rock but Huckaby didn't get to compete due to transmission trouble.

Half Pint

Ming Toy, a 7½-ounce Pekingese, poses in a measuring cup to illustrate her size. The 2-month-old pup is a pound and a half under the normal size of her brothers and sisters, but is perfectly formed. The tiny dog is owned by Mrs. R. H. Willis of Dallas.

Telstar To Beam JFK Conference

WASHINGTON (AP) — American engineers beam a live telecast of President Kennedy's news conference to European homes today through the magic of the Telstar communications satellite.

In the first formal exchange of live television shows across the Atlantic, European viewers also may see Part of a major league baseball game in Chicago, South Dakota's Mount Rushmore Memorial, the Statue of Liberty in New York harbor, San Francisco's Golden Gate, Niagara Falls and the Seattle World's Fair.

Three hours later, if all goes well, American viewers will not have to leave their armchairs to see the art treasures of the Louvre in Paris, Michelangelo's paintings in the Vatican's Sistine Chapel, the Big Ben clock atop the Houses of Parliament, a glimpse of an opera in Rome and Laplanders herding reindeer 50 miles below the Arctic Circle.

The two programs will run at least 15 minutes each and both will be televised in the United States by the three major networks, ABC, CBS and NBC. British television officials estimated 200 million persons on both sides of the Atlantic will watch the shows.

The American program starts across the Atlantic at about 3 p.m. EDT when Telstar is making its 123rd orbit of the earth. The program will be transmitted from New York over coaxial cable to a ground station at Andover, Maine, and from there to Telstar.

The satellite, in turn, will broadcast two signals, one to a French receiving station in Brittany and the other to a station in Goochilly, England. From these two points the program will be fed to the 16 nations of the European Broadcasting Union.

Not all of Kennedy's news conference, which begins at 3 p.m. EDT, will be going to Europe. NBC plans to tape the entire 30-minute session for regular broadcast in the United States beginning at 4 p.m.

For the remainder of the program going to Europe, three producers, one from each network, will choose in New York from what 30 cameras strung across the land capture.

"RELIABLE PRESCRIPTIONS"

Asthma Formula Prescribed Most By Doctors—Available Now Without Prescription

Stops Attacks in Minutes... Relief Lasts for Hours!

New York N.Y. Specialists: The asthma formula prescribed more than any other by doctors for their private patients is now available to asthma sufferers without prescription.

Medical tests proved this formula stops asthma attacks in minutes and gives hours of relief from recurring attacks of painful asthma spasms.

This formula is so effective that it is the physician's leading asthma prescription—so safe when used as directed that now it can be sold without prescription in most states.

Laos Treaty Approved At Geneva

Laos Prince Souvanna Phouma is surrounded by a trio of foreign ministers as they attend the Geneva meeting at which diplomats formally approved the treaty pledging independence and neutrality for Laos. Flanking the prince are Soviet Foreign minister Andrei Gromyko, left, and British Foreign Secretary Lord Home.

Criticism Of Russian Test Decision Grows

LONDON (AP)—Foreign criticism of Moscow's decision to stage a new series of nuclear weapons tests mounted slowly today. Long-anticipated, the Sunday announcement brought few immediate comments from weekending officials.

The United States deplored the announcement as "disturbing news" at a time when the disarmament conference in Geneva "is seeking new approaches for an agreement on a nuclear test ban treaty."

The State Department said "the world need hardly be reminded" that the Soviet Union touched off

Test Spots Smoking Level

SAN ANTONIO (AP)—People who smoke have more methyl cyanide in their body fluids than non-smokers but the Southwest Research Institute said there is no indication the condition is harmful.

Traces of methyl cyanide, or acetonitrile, have appeared consistently in the urine of smokers in amounts directly connected with the number of cigarettes smoked a day, a paper published today reports.

The paper was published in "Public Health Reports."

Noted Actor In Hospital

HOLLYWOOD (AP)—Sir Cedric Hardwicke is being treated at Cedars of Lebanon Hospital for what the hospital describes as an ailment of the upper respiratory tract.

The condition of the 69-year-old British actor, admitted July 11, as been described as good. He is expected to be released within a few days.

2 Big Unions Agree To Hold Off On Aerospace Walkout

LOS ANGELES (AP)—Two big unions have agreed to President Kennedy's request for a postponement of a threatened aerospace industry strike—giving negotiators 60 days to seek a settlement.

Labor contract talks were scheduled to resume here today. United Aerospace Workers at

Ryan Aircraft in San Diego and North American Aviation in Los Angeles agreed to the 60-day postponement Sunday.

The International Association of Machinists accepted the President's recommendation on Saturday. The IAM had planned to strike General Dynamics-Convair and Lockheed.

can and Ryan also turned down new contract proposals Sunday and about 4,000 machinists at the Aerojet-General plant in Sacramento called off a strike—but refused to endorse the 60-day cooling-off period.

A special meeting will be held Thursday to decide whether the local there should strike without the sanction of the national officers.

Local officials said they were perturbed that national officials bowed to the President's request without consulting the locals.

With negotiations set to resume today, observers say little action is expected until Kennedy's three-man board establishes working procedures.

Kennedy's move in calling for the strike postponement came as a surprise to some union and management leaders.

They had expected him to make use of the Taft-Hartley Act and obtain an injunction which would have postponed a strike for 60 days.

The procedure adopted by the President enables him to use the Taft-Hartley powers at the end of the 60-day period.

Pine Beetles On Rampage

COLLEGE STATION — An epidemic of Southern pine beetle last year damaged Texas forests more than all forest fires, says Dr. A. D. Folwell.

Folwell, director of the Texas Forest Service, said the epidemic is in its fifth year.

He estimates the beetle caused \$600,000 loss in 1961 to timber owners in Jefferson, Liberty, Hardin, Polk and Tyler counties.

Don Young, head of the forest management department, said the tiny beetles killed enough trees to build 1,200 two-bedroom homes.

In addition to "saw timber," the beetles killed 24,000 cords of pine pulpwood trees and did an unestimated amount of damage by killing the source of future pine reproduction.

Only about one-third of the damaged lumber could be salvaged and that is of lower grade.

Lud King, chairman of the Texas forest pest committee, says indications are that damage equal to 1961 will be done this year.

Only remedy for the epidemic is to cut the trees and saturate the bark with benzene hexachloride.

Violent Death Tally Hits 24

By The Associated Press

Texas counted 24 violent deaths during the weekend, including 15 in auto accidents.

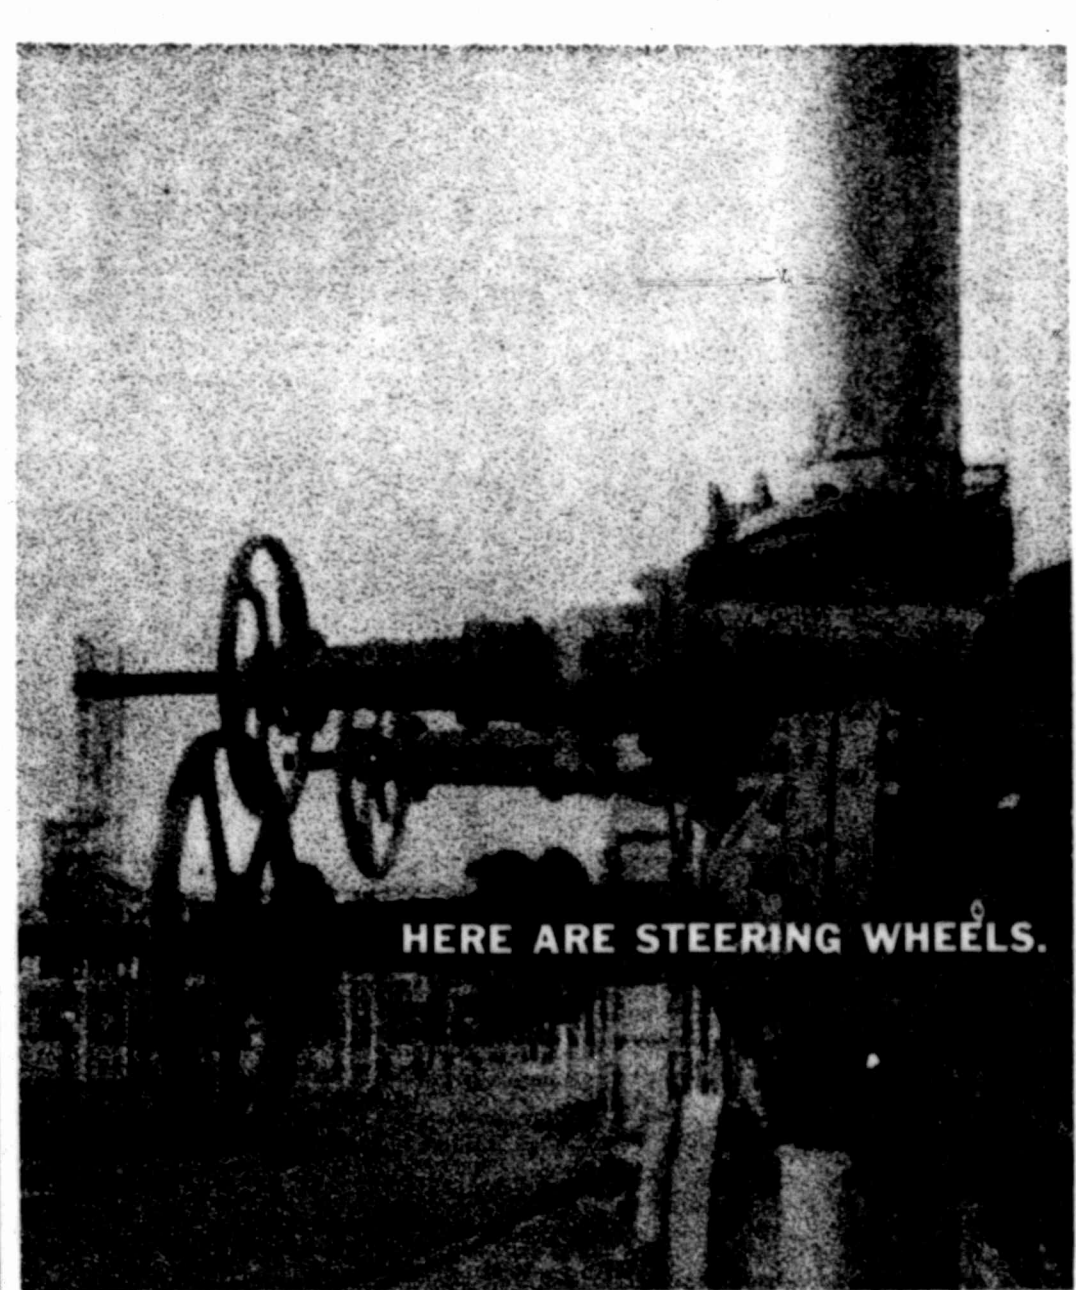

The grim toll was recorded between 6 p.m. Friday and midnight Sunday.

Grannie To Take Care Of John Jr.

HYANNIS PORT, Mass. (AP)—One of the grandmothers of John Fitzgerald Kennedy Jr. will mind him for a couple of weeks in August.

The President's son will stay with Mrs. Hugh D. Auchincloss, the First Lady's mother, at Hammar Smith Farm, Newport, R.I., while the President's wife and daughter Caroline visit Mrs. Kennedy's sister, Princess Lee Radziwill, and her family on the Italian Riviera.

John Jr. will be 2 years old next Nov. 2.

Northeast Gets Rain

By The Associated Press

The rains came to the parched Northeast over the weekend, but they were too scattered and came too heavily for too short a time to offer substantial relief to drought-plagued farmers.

Showers and some downpours hit areas of New Jersey, New York, Pennsylvania and Connecticut, but their scattered pattern and duration were such that they succeeded in flooding storm sewers and did not seep into the soil.

The U.S. Geological Survey held out little hope for drought relief. Noting that below-normal rainfall is forecast for August and that shallow wells in eastern and central New York are beginning to run dry, the government agency said: "The worst is yet to come."

Red China Accused In Border Shooting

TOKYO (AP) — Red China accused Indian troops today of firing on three Chinese military outposts during the past week in the disputed Ladakh region. It said such actions have caused grave tension along the China-India border.

In the most serious incident, a Chinese broadcast reported, Indian troops opened fire on a Chinese post in the Chip Chap Valley, touching off a 20-minute battle Saturday.

India claimed intruding Communist forces began the shooting in the Chip Chap area and said two Indian soldiers were wounded. It charged Chinese troops also opened fire on another Indian force elsewhere in the Himalayan region the same day.

In New Delhi, Prime Minister Nehru today described the situation as serious and added "we have to be wide awake." He declined further comment.

The Communist broadcast said the latest series of incidents began July 16 in China's Sinkiang region when Indian troops fired two shots at a Chinese post which did not return the fire.

Last Thursday, the broadcast said, Indian forces intruded into a Chinese area south of the Galwan River and opened fire. It said Chinese forces "took no notice of the provocation."

The broadcast said "The intrusion into our country by the Indian troops on the western sector of the border and the increasingly serious armed provocations have caused grave tension along the whole western sector of the Sino-Indian boundary."

The Chinese charged the Chip Chap incident was the result of an "entirely premeditated military provocation" by the Indians, aimed at cutting off the Chinese post.

The broadcast said Indian and Chinese troops exchanged fire for

about 20 minutes after the Indian troops began shooting.

Chinese guards broke off firing, but Indian soldiers continued shooting intermittently for two hours, withdrawing to their own outpost late at night, the radio said.

The Ladakh region lies in the poorly mapped area where India's Kashmir Province meets China's Sinkiang Province and Tibet, which is under Chinese domination. The Chinese now control about 14,000 of the 15,000 square miles involved in the Ladakh dispute. Red China also claims another 46,000 square miles of territory India considers its own.

India sent a stiff diplomatic note to the Chinese Embassy in New Delhi Sunday, charging Red troops opened fire in the Chip Chap area and also near Lake Pangong 125 miles to the south on the same day.

The note said Indian soldiers did not return to the fire at Lake Pangong and only began shooting in the Chip Chap Valley when "in the face of continuing fire by the Chinese, they were forced to return the fire in self defense."

Stamps In The News

By SYD KRONISH AP Newfeatures

The Republic of China (Formosa) has honored the 40th International Cooperative Day by issuing two new commemorative stamps, reports the World Wide Philatelic Agency. International Cooperative Day has been celebrated the first Saturday of each July since 1922 when initiated by the Alliance Cooperative Internationale.

The lower value stamp in this

set depicts two hands clasped across a world globe. The words Republic of China appear in Chinese and English. The higher value stamp shows the emblem of the A.C.I. and features a ring of light rays and the flower of the plum, the national flower of the Republic of China.

The first United Nations memorial stamp honoring all those

who have lost their lives in the service of the world organization will be issued on Sept. 17. The design of the stamp depicts the United Nations flag at half mast.

It is rather coincidental that on Sept. 17, 1948 Count Folke Bernadotte of Sweden was killed while serving as United Nations mediator in Palestine. On September 18, 1961, Secretary-General Dag Hammarskjöld, together with 15 other persons, died in a United Nations plane crash in Northern Rhodesia.

Further details about the stamps and information regarding the first-day covers will appear in this column shortly.

Syria has issued two new stamps to commemorate Syrian Revolution Day. Both stamps are on the same design and illustrate the "Martyrs Memorial" in Swaida. The 12½ p. is light and dark brown and the 35 p. is light and dark green.

A report from Italy reveals that 30 Lire and 70 Lire stamps have been issued to honor the 50th anniversary of the death of scientist A. Pacinotti. The stamps have a symbolic design denoting the scientific works of Pacinotti.

Haiti has re-issued its United Nations Refugee Year set in exactly the same designs as originally, but in new colors and with the date 1962 inscribed. The outstretched palm tree symbol which appeared on most of the stamps issued by countries commemorating this occasion again is featured on the Haiti set.

Burglars Fail

An attempt to break into the Sherman Smith Butane Co. offices and warehouse on the Snyder highway was made Sunday night. The effort failed, according to Wes Patton, deputy sheriff, who investigated the case.

Zale Manager Wins Award

Jay Lebcowitz, manager of Zale's Jewelers in Big Spring, has been cited by company executives for the greatest improvement in over-all store operations in the Western Division of the 235-store organization.

Martin County Cotton Prospects Looking Dim

STANTON — Crop prospects in Martin County are better than a few weeks ago, but the rains came too late and were too scant to be of much help to irrigate almost steadily since cotton was planted.

The season's first invasion of bollworms hit Martin County cotton fields Friday and Saturday of last week, and were hatching out by the tens of thousands.

Lamesa Accepts New Plant Bid

LAMESA (SC)—The City of Lamesa has accepted a low bid of \$332,896 and awarded the contract for a new sewage disposal plant to Mitchell Darby Inc. of McAllen.

The sewer project, which is part of a 10-year program on water and sewer improvements, was approved by voters in a \$395,000 revenue bond issue last November.

Voters, however, turned down a new site in a straw ballot. The contract calls for completion in 250 calendar days.

LAMESA (SC)—Voters in the Dawson School District in Welch Saturday approved two issues and rejected one in a \$275,000 revenue bond election.

A total of 61 voters cast ballots, giving the go-ahead signal on the construction of five new classrooms, a vocational agriculture workshop and a tax office.

Turned down by a 24-34 vote was a proposal to construct a \$125,000 auditorium. It's the first building project at the Welch school since 1950 according to Supt. C. L. Mitchell.

Can Have Visitors Friends of Tom Slaughter, who has been in the Veterans Administration Hospital for two weeks, are advised he can now have visitors. He is on the third floor in the east wing.

Workers Begin Strike In Peru LIMA, Peru (AP)—The powerful Workers Confederation of Peru began a nationwide strike today to protest the overthrow of constitutional government by a military junta.

IT ALWAYS PAYS!

When you have more bills than you can handle, it's smart to consolidate them into a single loan. You save yourself time and inconvenience. Besides, it is ever so much easier to stretch your paycheck when you have only one monthly payment to make.

OUR LOAN SERVICE IS FAST AND CONVENIENT We cordially invite Military Personnel stationed in this area to take advantage of our facilities.

A Touch Of Beauty

Adding glamour to the recent Texas Future Farmers of America convention at Fort Worth are these five beauties. From left to right they are Katharine Anne Spence of Austin, Miss Wool of Texas; Carolyn Barre of Yoakum, Miss Wool

of America; Anita Koop of Edna, Texas Farm Bureau queen; Louise Knelle of Sandia, American Dairy princess; and Carlene Brown of Brady, Miss Mohair of America.

Housing Deals May Be Next In Estes Case

By TOM JOHNSON
Of The Amarillo Globe-News
Written For The Associated Press
ALBUQUERQUE, N.M. (AP)—There are indications that housing may be the next focal point for investigators probing the operations of Billie Sol Estes.

Although no details have been disclosed, it is no secret that Federal Bureau of Investigation agents have been combing official records for weeks.

Their target is a once vast surplus housing business in which the Pecos Tex. promoter engaged along with grain storage, fertilizer sales and other activities. All this, of course, was before Estes was indicted on fraud and theft charges and adjudged bankrupt.

Much of the housing inquiry has centered in the Albuquerque area. Texas Atty. Gen. Will Wilson has been digging into Estes housing deals also, while federal authorities have examined available evidence in Arkansas, California, Kansas, Louisiana, Texas and Washington.

While many records have been destroyed by normal procedures, enough remain to show these often yielding handsome profits. Investigators meanwhile have turned to official records in Washington, D.C.

Independent examination of available records yields this information:

Nearly \$200,000 was paid by

Estes and associates for surplus buildings sold by the U.S. Corps of Engineers in the Albuquerque district.

A small Negro college in Nashville, Tenn., operated by a Church of Christ purchased many of the mortgages on such homes sold in Albuquerque.

A number of other persons were apparently involved with Estes in the housing deals. These deals consisted of purchasing temporary wartime barracks and other buildings from military bases, moving them to cities and selling them. Some were cut up into sections and became two, three or four houses.

RECORDS DESTROYED

Exact cost of the buildings is not available because records of the engineers' district office have been destroyed. They are kept no longer than six years. It is known that some buildings were purchased from Sandia Base here for \$200 to \$400 apiece.

County courthouse records here show that mortgages for \$1,800 to \$2,800 per unit were taken when they were sold to individuals.

Most of the houses were set on tiers of concrete blocks which served as foundations. These dwellings now are in generally run-down condition.

Mortgage contracts show payments were being made monthly over three and four-year periods.

Six per cent interest was charged. At least 63 such mortgages were drawn up and held by United Construction Co. of Pecos, Tex., held at least one.

Batavia Corp. is owned by Nashville Christian Institute, a Negro college operated by the Church of Christ. The corporation invests endowment funds in various business enterprises.

MORTGAGES

The Batavia Corp. of Nashville, Tenn., took 11 such mortgages and Carlow Lumber Co. of Taylor, Tex., held at least one.

Batavia Corp. is owned by Nashville Christian Institute, a Negro college operated by the Church of Christ. The corporation invests endowment funds in various business enterprises.

Some of the mortgages executed by United, Batavia and Carlow were signed for by John L. Estes of Clyde, Tex., father of Billie Sol. The housing deals centered in Bernalillo County (Albuquerque) and adjoining Valencia County.

Fewer than 10 mortgage releases are to be found in courthouse records here although time for payments to have been completed has elapsed. It is not required by law that mortgage releases be so registered but the majority of them are, according to lawyers.

BOUGHT SURPLUS

Charles Carlow of Taylor is owner of Carlow Lumber Co. Records show he paid the government \$109,400 for surplus housing through the engineers' Albuquerque office. Many of his mortgages were signed by John L. Estes.

United Construction Co. bought housing for \$2,334 in January through March, 1955. Billie Sol Estes paid \$7,637 for surplus housing units from April, 1953, to February, 1954.

John L. Estes leased several acres of land in East Albuquerque. Faye Anders of Albuquerque, who owns the land, said the property was used as a storehouse for the housing units.

Lindley Estes partner in United Construction Co. testified in a Texas court of inquiry at Pecos that the company purchased surplus housing in Austin, Bastrop and Port Neches, Tex.; Clyde, Calif.; Junction City, Kan. and Albuquerque and Los Alamos, N.M.

'Record' Not So Dull As It Looks

By TEX EASLEY
AP Special Service

WASHINGTON (AP)—The Congressional Record—the daily journal of the proceedings in Congress—isn't as dull as its makeup would indicate.

"The Appendix" of the Record carries not only speeches but newspaper and magazine articles which have caught the fancy of Congressmen.

An article by a Texan, an authority on North America Birdlife recently was placed in the Record by Sen. Ralph Yarborough, D-Tex.

In remarks to the Senate seeking permission to have the article inserted, Yarborough said: "Mr. President, Mr. Victor Emanuel, a young scientist of Houston, Tex., and an authority on the Eskimo curlew's fight for survival, has recently written an article for the Audubon magazine concerning this rare bird.

"From 1932 until 1959, authorities described this species as 'practically extinct' or 'probably extinct.' Mr. Emanuel was on one of the first trips to Galveston Island where an extensive study was made to determine if a shorebird which had been sighted was, in fact, an Eskimo curlew.

"Since that time, the author has made an extensive study of this bird and along with other highly qualified birdlovers has positively identified this species as the Eskimo curlew.

"A graduate in zoology, Mr. Emanuel will enter the graduate school this fall at Berkeley, Calif., to seek a doctorate degree in ornithology. As a charter member of the Texas Ornithological Society, he has participated in a birdsong expedition for the Library of Natural Sounds at Cornell, was one of 20 students in the country chosen to take a course in marine botany at the Marine Biological Laboratory in Woods Hole, Mass., last summer, and will spend this summer studying the ecology of a black skimmer-least tern colony on Galveston Island."

In another recent issue Rep. George Mahon, D-Tex., inserted in the Record the address made at the Texas Tech graduating exercises by Fred H. Moore, now president of Mobil Oil Co., New York City, who was graduated from the Lubbock college 32 years ago.

Glenn's Better In Space Than On Water Skis

HYANNIS PORT, Mass. (AP)—Astronaut John H. Glenn, Jr.—who successfully made three orbits of the earth—tried making it around Lewis Bay on water skis while vacationing with the first family over the weekend.

Glenn did considerably better in outer space.

With President Kennedy looking on and with Mrs. Robert F. Kennedy at the controls of the motorboat, Glenn and Jacqueline Kennedy went water skiing Sunday on a tandem tow. Both took spills.

Glenn, his wife and two children were weekend guests of Atty. Gen. Robert F. Kennedy. The president's brother it was a family gathering with a full complement of Kennedys joining the Glenns on a cruise aboard the Kennedy family yacht, Marlin.

The president's father, former ambassador Joseph P. Kennedy, sat on the rear deck of the Marlin, while the Kennedy children went from the Marlin to Egg Island to play in the sand, and the adults swam and water-skied in a wide circle around the yacht.

The president spent most of the day on board the Marlin, going over the side once for a short swim.

At one point, Mrs. Kennedy took her daughter, Caroline, on water skis with her. Caroline, who will be 5 in November, was bundled in a huge orange life preserver.

David Glenn, the astronaut's teenage son, water-skied on a tandem tow with Ethel Kennedy, the attorney general's wife.

In addition to the Glenns, the Kennedys had British Ambassador David Ormsby-Gore as their weekend guest.

Would Outlaw Glue-Sniffing

ROSEVILLE, Calif. (AP)—The superintendent of the Roseville Union High School district, trying to stay one jump ahead of teenagers, has proposed an ordinance which would make glue-sniffing punishable by a \$500 fine and a six-month jail sentence.

The sniffing of some types of synthetic glue, particularly those that result in intoxication and can cause paralysis is becoming increasingly popular among teenagers.

Wald's Genius Is Shown In Film On Hemingway

By BOB THOMAS
AP Movie-TV Writer

HOLLYWOOD, AP.—The late Jerry Wald's particular genius with the motion picture medium is ably demonstrated by his next-to-last production "Adventures of a Young Man."

Wald was essentially an idea man, and it was his idea to piece together some of Ernest Hemingway's early short stories into a framework that would depict the author's early years. As in the stories, the young man is called Nick Adams, but there is

little doubt about who he is intended to be.

The idea was good, as were most of Wald's ideas for picture projects. The execution was good, if not great.

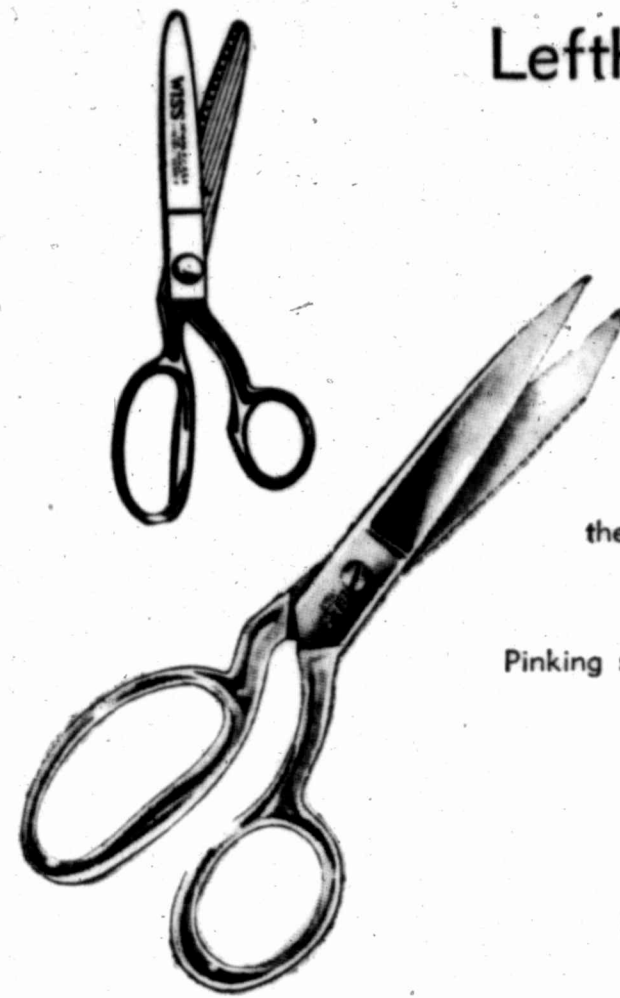

Richard Beymer, late of "West Side Story," plays Nick and it is in his portrayal that the film misses greatness. Perhaps the writing failed to indicate the coming brilliance, the inner strength of Hemingway. In most of the action he is a listener rather than a participant.

Still, there is a cumulative power, as episode follows episode. The characters are richly drawn—especially Paul Newman as a battered pulp of a boxer, Dan Dailey as a sotted press agent, Arthur Kennedy as Nick's bearded father, Ricardo Montalban and Eli Wallach as Italian soldiers.

"Adventures of a Young Man" was meticulously produced, as were all of Wald's films. The shots of the Michigan woods are stunning, and nowhere was anything skimmed.

Wald took his function seriously, attending to every detail with a fervor that no doubt hastened his death. Often his ideas went awry. He made some of the most important flops in the business, as well as hits like "Johnny Belinda," "Mildred Pierce," "To Have and Have Not" and "Peyton Place." But when he flopped, it was not because he didn't try.

His death of a heart attack was a serious blow to 20th Century-Fox, already reeling from a number of catastrophes. Wald supplied the backbone of the company's product, and he cannot be replaced. He was the last of the multi-deal, hard-driving producers who could turn out a full quota of class movies each year.

Lefthanded Shears

Cutting shears and pinking shears, designed especially for the left handed seamstress... both cut the widest possible range of fabrics perfectly... standard models.

Pinking shears, 7.85; cutting shears, 4.50

ON THE SHELF

AP Newsfeatures

FACT AND FICTION. By Simon and Schuster. \$4.95.

Rather a potpourri of Russell's writings in the 1950s, this volume gives a pretty thorough cross-section of his observations on a wide variety of public problems.

Part of these pieces were broadcast by the British Broadcasting others have appeared in British publications. Delving through them, the reader is likely to notice two things.

One is that the author, now 90, personifies in one lifetime a tremendous span of human development. He grew up in the Industrial Revolution, and at a time when a classical education still counted for something. In his late years he has watched the scientific revolution bring civilization to the nuclear abyss.

The other is that by now he has reached that detachment of old age which enables him to take an unemotional perspective, growth of his career as a mathematician and a philosopher.

He begins with "Books That Influence Me in My Youth" and it is interesting to see how his viewpoint has changed. He ranges through politics and education and finally into the questions of peace

and war, disarmament and nuclear testing.

Because he is a philosopher who is down to earth, he is able to encompass deep subjects in succinct statements that have punch. For example, "Either man will abolish war, or war will abolish man."

There are views in this book to which some readers will take exception. But they cannot be taken lightly, in view of Russell's erudition.

There are two chapters, "What Is Freedom?" and "What Is Democracy?" that are masterpieces of logic and faith, stated with absolute simplicity.

MILES A. SMITH

Church Builds Old Folks Home

DALLAS (AP)—Presbyterian Village, built on a 20-acre site in Oak Cliff at a cost of \$1 million to provide housing for 102 aged persons, was dedicated Sunday.

The village will be opened officially July 31.
