

Good Year For Prickly Pears

It may be a poor year for cotton and grain but the prickly pear finds the conditions ideal. The huge plant pictured above is flourishing in the block between Scurry and Gregg on 13th Street. It is loaded with "apples" which are now ripe.

Propaganda-Rocket Link Is Apparent

By The Associated Press

One of the sidelights of Soviet space feats is the way Premier Khrushchev has been able to tie them in with Soviet propaganda. The time for several has made it seem as if they were planned that way.

Sputnik I seemed to have been planned for September, 1957, to mark the 100th birthday of Konstantin Tsiolkovsky, a pioneer in rocket research. Something apparently went wrong and it had to be delayed to Oct. 4.

Sputnik II was a curtain raiser for a November, 1957, celebration of the Bolshevik revolution anniversary. A third Sputnik came at the height of a Khrushchev campaign for a summit meeting in 1958.

A day before Khrushchev arrived for his 1959 visit to the United States, the Russians reported their Lunik II had planted a Soviet flag on the moon.

In May 1960, a day before the abortive Paris summit conference, the Russians sent up a Sputnik.

In April 1961, at the height of a Southeast Asia crisis and two months in advance of a meeting between Khrushchev and Pres-

ident Kennedy, the Russians sent up their first cosmonaut, Yuri Gagarin.

In August, 1961, while the Communists planned to build a wall through Berlin and ignite a dangerous crisis, the Russians sent up Vostok II with cosmonaut Gherman Titov.

This month came Vostok III and Vostok IV, at another tense moment in East-West relations. The ships went up just before the anniversary of the Berlin wall and cataclysm of words pushed that grim anniversary into the background.

Theologians Meet To Compare Ideas

GENEVA AP—Experts from the Roman Catholic Church and Eastern and Western denominations met here Monday for a week long seminar on comparative theology.

Organized by the Ecumenical Institute of the World Council of Churches, the conference will hear lectures by theologians from the United States, Britain, France, West Germany, Greece and the Soviet Union.

Russian Space Feat Left Many Americans Surprised

By WILLIAM L. RYAN
AP Special Correspondent

Americans were surprised and shocked.

The Russians? They can't even produce a good refrigerator. They can't build a decent fountain pen. But in the skies two manned space ships chased one another around the globe day after day, leaving the efficient, technology-minded United States far behind.

SCIENTIFIC GENIUS

A land of enormous contradictions, the Soviet Union has had its share of scientific genius. Names like Mendeleev, Lomonosov and many others are known around the world. The space age probably will make the name of Konstantin Edvardovich Tsiolkovsky just as celebrated.

Tsiolkovsky was a half-staffed school teacher in Kaluga, a town 90 miles from Moscow. Fascinated by problems of rocketry and flying, he began as early as 1890 to work on a theory of jet propulsion. By 1929 he was working on plans for a multistage rocket. Pravda has credited him with solving basic problems in the searching for fuels to combat the earth's gravity. He was only one of many Russian scientists absorbed in such studies, even in the days of the czars.

ROCKET IN 1933

The Russians claim that in 1933, two years before Tsiolkovsky died, they sent a research rocket with a liquid fuel engine to a height of several miles. There is no evidence to dispute this. The strange thing is that sci-

entists in Stalin's time lived amid suspicion and terror. Scientists went to prison. Some faced firing squads during the purges. A. N. Tupelov, noted aircraft designer, was jailed. Soviet forces depended on U.S. supplies to a great extent in World War II.

Even so, Soviet scientists under A. G. Kostyukov produced the Katyusha rockets, still remembered with awe by German soldiers.

GERMAN SCIENTISTS

What was the role of German scientists captured during the war? The evidence seems to be that more and possibly able German scientists wound up in the United States, France and elsewhere in the West. But Germans contributed to both sides in the nuclear and space races, and the Russians profited from captured German rocket models and blueprints. Secret police teams scoured Germany to track down usable material.

Spies and defectors, too, probably contributed much. It is impossible to calculate the help given by Dr. Klaus Fuchs, convicted by Britain as a spy in 1951, and Italian born Bruno Pontecorvo, the nuclear physicist who defected from Britain the same year and now is a member of the Soviet Academy of Sciences. Both probably contributed to the first Soviet atomic explosion in 1949.

Four years behind the United States and the first H-bomb explosion announced by the Soviet Union in 1953.

FELT SECURE

Even then, many in the United States, confident of American

know-how, felt secure in the notion that the Soviet Union was a vast, backward slum.

The American sense of security was bolstered by Stalin himself. He made a mockery of Soviet achievement by claiming practically every invention in history as a Russian first. Under Stalin, nuclear research was controlled by the secret police, the dread MVD. Biologists had to toe the line laid down by Stalin's favorite, Trofim Lysenko.

But even in that era, Soviet interest in space flight was evident. In 1951 the Russians reported rocketing two dogs 60 miles into the atmosphere and returning them.

In November, 1953, 16 months after Stalin died, the Russians announced they intended to create an artificial satellite and later shoot for the moon. Few in the West paid much attention.

SCIENCE WON

In the academy, science won

skirmish after skirmish until hard-line ideologists were routed. The scientists set up an agency to coordinate their space program, calling it the Interdepartmental Commission on Interplanetary Communications.

In August 1955, S. Sedov gave the International Astronautical Federation Congress a prediction which was right on the nose. Reported Sedov: "Of late, much attention in the U.S.S.R. has been devoted to research problems respecting interplanetary communication, primarily problems relating to an artificial earth satellite. In my opinion it will be possible to launch an artificial earth satellite within the next two years."

This was reported in the West. Again little public attention was paid to it.

CHURCH DOCTRINE

By T. H. Tarbet, preacher
Church of Christ, 3000 West Highway 80
P. O. Box 1283

We are often asked, "What is the doctrine of the Church of Christ?" In the sense that other churches have their doctrines, the church of Christ has no doctrine at all. The church has not formulated a doctrine. She has written no creed. Neither has she crystallized a doctrine and made it, in effect, her unwritten creed.

The doctrine made the church of Christ; the church did not make the doctrine. The doctrine was here first.

First of all, the Holy Spirit descended upon the apostles of Christ on Pentecost day (Acts 2) to guide them into all truth (John 16:13), then they taught the peo-

This started the church (Acts 2:46-47).
The apostles received and taught the doctrine of Christ (Heb. 2:14) which now comprises the book called the New Testament. It is not the doctrine of the church; it is the doctrine of Christ.

While the church does not make the doctrine, people must accept the doctrine of the New Testament to become members of the Church of Christ—and must follow the New Testament to remain faithful.

Canadian Highway Link To Be Opened

OTTAWA, Ont. (AP)—The new, 1,000-mile Trans-Canada Highway, stretching 5,000 miles from Newfoundland to the Pacific, will be opened officially by Prime Minister John Diefenbaker Sept. 3.

The ceremony at Rogers Pass, high in the Glacier National Park section of British Columbia, will mark the fulfillment of a national dream held since the country was first spanned by the Canadian Pacific Railway in 1885. For decades, Canadians who wanted to motor coast to coast traveled part of the way through the United States.

The final sector of the billion-dollar road has been marked as completed, but improvement of certain parts continues.

The goal was to link all 10 provinces for the first time by a paved highway built to high standards and open all year. Previously some sections were gravel and some, especially in the Rockies, were closed during the winter months.

The most difficult part of the construction project was the 27 miles through Rogers Pass. This cuts 100 miles off the previous route around the Big Bend of the Columbia River, ending what was known as the world's longest detour.

Some parts of the Rogers Pass construction cost \$2 million a mile partly because of the elaborate avalanche control devices necessary to keep the road open in winter. In Glacier National Park the average snowfall is more than 28 feet a year.

Steel shelters cover some parts of the road. Howitzer emplacements stand ready to blast big slides by triggering small controlled avalanches. The preplanting of explosives to be set off by remote control also is used but has not worked out too well because grizzly bears in the area have developed an appetite for the explosion charges.

The Trans-Canada Highway is

Cox Birthday Marked By Sharp Speech

BRECKENRIDGE, Tex. (AP)—Jack Cox, Republican nominee for governor, marked his 41st birthday Monday with a big celebration and a sharply worded campaign speech.

By proclamation of Mayor Ted Brown it was "Jack Cox Appreciation Day" in the candidate's hometown. Aides estimated 4,000 people from all areas of the state were here.

Cox asserted the campaign of John Connally, his Democratic opponent, is a "desperate drive to steamroller my opponent into the governor's chair in Austin in order to protect the interests and future ambitions of his friend in Austin."

He identified this friend of Connally as Vice President Lyndon Johnson.

Cox said his campaign would be honorable and called on his opponent to make a similar public pledge.

He proposed immediate election reform and said Texas industry, labor and tourism potential would be developed if he is elected governor.

He also need to knock out right away a law that has made Texas the laughing stock of the nation—Lyndon's law—the one, he said, that allows one man to run for two offices at the same time.

Appearing in a parade were high school bands from Weatherford and Breckenridge, Miss Brockenridge and Miss Wichita Falls buses and cars loaded with Cox supporters and a steam calopne from Albany, Tex.

Among the Big Springs attendees were Mr. and Mrs. John Curtis, Mr. and Mrs. Al Miles, Mrs. B. Broadrick, Lou Rankson and Bill Burrell. Sam Fritts, Big Spring, played with the band.

Slingshot?

Slingshots grew larger with each battle between rival groups of juveniles in one neighborhood in Corpus Christi, until this secret weapon appeared, and the losers in the slingshot arms race called police. Policeman Paul Kinsley shows the giant slingshot the boys called "The giant killer." It took three 12-year-old boys to shoot the weapon, which was confiscated. Slingshots of any size are illegal.

Crack Train Hits Car, Seven Die

TEMPLE CITY, Calif. (AP)—A crack passenger train whipping through the darkness Monday night plowed into a car killing seven persons including a family of four, sheriff's deputies reported.

The train, Southern Pacific's Sunset bound for New Orleans, ground on for nine city blocks before it came to a halt. The auto was lodged partly under it, compressed nearly flat.

None of the train's 20 cars or three locomotive units were derailed.

All the dead were traveling in the auto. The body of one man was thrown clear. The others had to be cut from the wreckage with torches.

Engineer F. F. Knoff said he didn't see the car coming, but he felt it hit and saw sparks flying from the front of the train engine.

He said he was traveling 40 to 45 miles per hour.

The victims were identified tentatively from papers found on them and in the car as all from California.

Joe Kendall, 22, his wife Dixie Lee, 19, and their children Kathleen, 2, and Kendall, 1, of La Puente, Stanley Earl Peacecock, 19, and Madolina, 1, of Lay, 18, both also from La Puente, and Wanda Carol Boatwright, 15, of Rio Linda, Sacramento County.

The auto bore a South Dakota license registered sheriff's deputies said to a Mike Bollinger of Timberlake, S.D.

Indonesia Gets Better Of New Guinea Dispute

By HAL McCURE
As AP Staff Analyst
KUALA LUMPUR, Malaysia (AP)—Indonesia stands an excellent chance of coming out on top in any Papuan plebiscite on self-determination held in once-disputed West New Guinea.

Time, first, is in its favor. Secondly, the U.N. agreement between Indonesia and the Netherlands favors the Indonesians. The Dutch are the first to admit it.

The U.N. accord provides for the transfer of the California-sized territory to the United Nations about Oct. 1. The United Nations, in turn, will hand administration to Indonesia next May 1.

The fate of the island's 700,000 Papuans presumably will be decided in an election to be held some time before the end of 1962.

Of the agreement, Dutch Foreign Minister Joseph Luns told his people: "It was not an ideal plan, because the administration was given to Indonesia before the Papuans exercised their right of self-determination."

The original Bunker proposal—named for U.S. diplomat Ellis Bunker, who led the discussions under U.N. auspices—called for a two-year transition period.

What has disappointed the Hague—and Papuan leaders—is the fact that for several years the Netherlands has pushed decolonization and self-determination for the Papuans. They received little support in the United Nations.

The determination has been the rallying cry of the so-called Papuan "intellectual" as well as the Dutch-sponsored New Guinea Council, made up largely of Papuans.

Some of these Papuan leaders

have said angrily that the adoption of the Bunker plan would mean abandonment by Holland.

As for the plebiscite itself, the wording in the U.N. agreement is not too clear. The agreement says a U.N. representative and a staff of experts will advise, assist and participate in arrangements, which are the responsibility of Indonesia for the act of free choice.

This free choice will permit the inhabitants to decide: (A) Whether they wish to remain with Indonesia, or (B) whether they wish to sever their ties with Indonesia.

The setting up of an independent Papuan nation presumably would come under choice B.

Who will be permitted to vote in the plebiscite?

All adults who are not foreign nationals and who are residents at the signing of the present agreement (Aug. 15, 1962), or at the time of the act of self-determination in 1969.

The agreement permits the freedom of movement in and out of the territory by both Dutch and Indonesian civilians while it is under U.N. administration. It also permits those residents who departed New Guinea after 1945 to return and be eligible for the election.

Many see this as an open door in Indonesia's favor.

Teachers Told Union In Danger

DETROIT (AP)—President Carl J. Megel told the American Federation of Teachers (AFT-CIO) convention today the National Education Association is trying to exterminate the teachers union.

Megel, keynote speaker at the convention, said in a prepared address "The NEA does not expect to compete with us. It intends to exterminate us."

The AFT president's speech to approximately 750 delegates to the 46th annual convention contained his promised reply to attacks from the NEA on his union's policies.

He defended teacher unionism and pledged increased organization of the AFT, inviting aid from the AFL-CIO.

The NEA, which claims 800,000 members in the teaching profession, condemned the AFT's one-day strike last spring against the New York City public school system.

In contrast to the 70,000-member AFT, the NEA policy calls for settlement of teacher grievances by negotiation only.

At its Denver convention earlier

News Conference Due Wednesday

WASHINGTON (AP)—President Kennedy will hold a news conference at 4 p.m. EDT Wednesday, the White House announced Monday.

Radio networks will carry it live. NBC and ABC will also carry it live on their television networks, CBS will video-tape it and air it an hour later.

Ministers Drop Mass Prayers At Football Games

ROCKDALE, Tex. (AP)—The ministers of Rockdale have gone on record as being opposed to mass prayers at the beginning of high school football games.

The Rev. Frank Buechley, pastor of the First Christian church and president of the Rockdale Ministerial Association, said Monday the association had voted to discontinue participation in pre-game prayers.

It wasn't a conductive atmosphere for that type of thing, he said. There is a time to pray and a time to play.

The Rockdale School Board however, decided to continue the prayers, a three-year-old practice with the Student Council in charge.

DEAR ABBY Just Douse The Embers

DEAR ABBY: I have been with the Fire Department less than a year and the girl I am going with has told me if I want to marry her I had better find something else to do for a living because she refuses to put up with those crazy hours. Should I try to talk her into marrying me any way or should I find another job?

ROOKIE

DEAR ROOKIE: Better find another girl. If she's burning to marry you, she won't throw cold water on your job.

DEAR ABBY: Do you recall your answer to a young girl or maybe it was to her mother when you were asked to settle the question of when a girl is her own boss.

MRS. A. C.

DEAR MRS. A. C.: It may not be her habit, but this is close: "When a girl leaves her parent's home, pays her own room and board, buys her own clothes, pays for her own dental and medical care, finances her own education and pays for her own entertainment, then she has the privilege of choosing her own company, making all her own decisions and being her own boss."

DEAR ABBY: Not too long ago

I redecorated my living room. It took a lot of time and effort but when I got through it looked very nice. Now both my neighbors on either side of me have put up wallpaper and drapes exactly like mine. One even asked me where I bought my lamps and she went down and bought a pair just like them for herself. My husband said I should be flattered. Tell me honestly wouldn't you be annoyed if this happened to you?

ANNNOYED

DEAR ANNNOYED: It has happened to me, and I was annoyed at first. But after thinking it over, I was flattered.

CONFIDENTIAL TO A BUTCHER IN TROUBLE: She told you she was married, so you've got no beef!

Unfold your problem on Abby. For a personal reply send a self-addressed stamped envelope to ABBY, care of The Big Spring Herald.

For Abby's booklet "How To Have A Lovely Wedding" send 30 cents to ABBY, Box 3365, Beverly Hills, Calif.

DA's Confer On Slant Holes

TYLER, Tex. (AP)—District attorneys from East Texas and Harris County conferred with Atty. Gen. Will Wilson Monday on prospective court cases resulting from the state's probe of slanted oil wells.

Wilson said the aim was "to acquaint the district attorneys with the scope and kind of evidence available." He said his staff would cooperate fully in the prosecution.

Evidence will be available from the Railroad Commission, Department of Public Safety and the attorney general's office, Wilson said.

District attorneys at the meeting were Ot Duncan of Tishur County, William Ferguson of Baskin County and Weldon Holcomb of Smith County.

The House General Investigating Committee has set a hearing in Dallas Aug. 27 to probe into the slant hole drilling.

Royal Birthday

ABREYLEIX, Ireland (AP)—Princess Margaret celebrated her 32nd birthday today away from the rest of the royal family for the first time in many years. She and her husband, Lord Snowdon, are spending a quiet vacation here with his brother-in-law and sister, the Viscount and Viscountess de Vesci.

LOW BACK

This woman came to this office suffering from an extreme low back condition. She had to be helped into the office by a friend. She was hardly able to move due to the excruciating pain of the low back and the left leg. Chiropractic examination was made at once and the offending vertebrae was located. Treatment was begun and the woman walked out of the office under her own power. Several other treatments followed

STAY SICK?

After we had written one column on side benefits of regaining health in that we enjoy our personal life much more when we are healthy, a number of patients commented on how true that was. Each one of them stated how their job, wife, children or just life itself became more interesting and enjoyable.

Each one had spoken to someone whom they felt chiropractic

PAIN

This wife of a local businessman was brought to our office late one evening last winter. She was in such excruciating pain that she gasped for breath between short screams. The nerve instrument found the point of nerve pressure and X-rays were made to analyze what had happened. Treatment

STOMACH

This local man came to this office upon the recommendation of another satisfied patient. He complained of a stomach disorder which had failed to respond to other forms of treatment. He stated that he had never tried chiropractic treatments but was willing to try anything to obtain help. Prior treatment had helped but the condition kept coming back and so he had to be careful in what he ate and how he lived and he wanted to live a normal

Paralyzing Headaches

This local woman comes to the office whenever her headaches get too much for her. She allows the pressures of the business world, church obligations, family duties and just plain problems to build up and then there is an "explosion" and a tension comes at the base of her skull and the first vertebrae of the neck. Generally, just one office visit will

Workmen Returning To Space Center Jobs

HUNTSVILLE, Ala. (AP) — The Marshall Space Flight Center reported today that increasing numbers of building trades workmen were returning to their jobs on vital space projects. But the center added that electricians, who went on strike last week, remained off the job.

UF Sets Gift For Gonzales Warm Springs

A special allocation to the Texas Rehabilitation Center, popularly known as Gonzales Warm Springs, from the United Fund of Big Spring and Howard County was voted by the UF's executive committee in a special meeting Monday.

The TRC has been a participating agency in the Fund for several years, but through a combination of circumstances did not make a request of the UF's budget committee when that panel was in session in June.

The Gonzales facility is receiving financial support from the AFL-CIO of Texas, and local labor representatives appeared before the UF executive group to ask that special consideration be given to making a local allotment. While the UF's budget of \$103,324 will not be changed, directors felt that the TRC gift can be handled out of reserves.

Youth Held On Car Theft Charge

William Charles Becker, 17, who says he lives in Dallas but was born in New York state, is in the Howard County jail charged with car theft.

Becker, who will be 18 years old on Sept. 1, was arrested in Abilene Sunday in possession of a car reported stolen here some hours earlier.

When first arrested, Becker gave a false name and made a statement to officers relative to the car theft. Later, he retracted the first statement in its entirety and admitted his real name and address.

Regional Sales Meet Scheduled

A regional audio-visual sales meeting of the American National Life Insurance Company has been scheduled here for Wednesday.

William E. Sanders, Austin, regional director of the company, will be here to conduct the intensive one-day training session starting at 9 a. m. in the Settles. In addition to Big Spring representatives are expected from Lubbock, Abilene, San Angelo and Odessa. Approximately 25 to 30 will be on hand.

High temperatures continue to be reflected in the daily water draw by Big Spring residents.

Temp Holds Up Water Usage

Monday's usage was 9,990,000 gallons. Sunday's metered consumption hit only 8,175,000 gallons. Five days this month, residents have called on the city for more than 19 million gallons of water.

Robert Self Returned

Robert Self, 27, under indictment for forgery, was arrested in Pecos Monday on orders from the sheriff's office here when his bondsmen asked to be relieved of liability in his case. Deputy Sheriff A. D. Buzbee returned the prisoner here Monday night. He will be held in jail pending disposition of his case.

City Buys A Patch Roller

A three-to-five-ton street patch roller was purchased by Big Spring city commissioners on a bid price of \$4,250 during a Tuesday morning breakfast meeting. The cost was \$1,550 below the budgeted estimate for the roller.

Shovel Supply Co., Dallas, submitted the low bid on a Ferguson roller at \$4,120 with \$130 added if a water-cooled engine was preferred over the air-cooled. The commission chose the water-cooled.

No Accidents Since Sunday

Big Spring streets have been accident free since 9:35 p. m. Sunday, Stanley Bogard, of the police traffic division, said Tuesday morning.

We have also had comparatively few accidents during the past two weeks," he said.

Graveside Rites For Youngster

Graveside rites will be held Wednesday at 11 a. m. at Trinity Memorial Park for the infant daughter of Arman J. C. and Mrs. Johnny M. Terry, 1201 Lockhart. The child died Monday afternoon.

Survivors besides the parents include two brothers, David and Stephen, paternal grandparents, Mr. and Mrs. Oscar Terry, Fayetteville, N. C., maternal grandparents, Mr. and Mrs. Zeb Gray, St. Paul, N. C.

Funeral Scheduled For Infant Boy

Enorio Juarez Jr., infant son of Mr. and Mrs. Enorio Juarez Sr., 801 N. Goliad, died Sunday morning in a local hospital. Graveside rites were to be held at 3 p. m. today in the City Cemetery under direction of Valley-Peckle Funeral Home.

The child is survived by his parents.

First Bale Award Plans Discussed

The first bale of cotton award will be the main topic of discussion at the meeting of the Chamber of Commerce agricultural committee this morning.

Members were assigned various local businesses to contact for donations to the \$500 prize which is given annually to the grower producing a bale of cotton in this area. They were also informed that well over half of the money had been donated.

Second Concert Slated Tonight

The second concert of the Summer series, arranged by the Howard County Junior College music department, will be given at 8:15 p. m. today in the college auditorium.

The featured artists on the program will include Mrs. Joyce Bradley, soprano; Dr. Bruce D. Risinger, baritone; Jack Hendrix and Robert Phelan, pianists; Mrs. Don Newsom, soprano; and Donna Wiehe, alto. Hendrix will be the accompanist. There will be no admission charge.

The public is again invited to attend the second of the series. The first drew a good attendance.

Police, FBI Seek Missing Children

ALEXANDRIA, Va. (AP) — City police and FBI agents switched from massive search to concentrated investigation today as they sought two 7-year-old girls assumed to be "either captive or dead."

Hundreds of policemen, firemen and is conducting a person-to-person type of campaign. His plans are to be here through Wednesday.

This is by no means his first visit to Big Spring. He hopes to be back by the week of Sept. 6, when his formal campaign will be launched. Tentative plans call for visits in Big Spring, Lamesa, Brownfield and other points before ending with a campaign kickoff at 8 p. m. in Lubbock. His 19th District campaign headquarters has been established at 14th and Texas Avenue in Lubbock.

Eidinoff Medical Records Offered In Sanity Trial

RISK Tex. (AP) — Medical records of Dr. Harold Eidinoff were offered by two witnesses as testimony before Monday in his second sanity trial.

A jury decided at Lubbock in November 1959 that Eidinoff was insane then and at the time Andress was slain. Eidinoff since has been an inmate in a maximum security unit of the Rusk state hospital for the criminally insane.

As a result of the Lubbock trial, Eidinoff cannot be tried on a murder charge. He now contends his mental condition has improved to the extent he should be released from the hospital.

Lethal Storms Hit Midwest, Northeast

By The Associated Press
Lethal storms which spawned hail, hard driving rain and lightning in the Midwest and Northeast lost some sting today but the South continued to sizzle.

The storms erupted Monday night and early Tuesday, triggered by a flow of hot air meeting a push of cold air over the nation's middle sections and Northeast.

At least five deaths were blamed on the storms. Temperatures zoomed up to the 90s and 100-plus in Kansas, Illinois, Missouri, the Ohio Valley, Pennsylvania and the Southland Monday.

The heat moderated somewhat today but scorching air still hung over the South.

Violent wind storms pounded sections of the Ohio Valley and the Northeast. Wind gusts up to 110 m.p.h. were measured during a rainstorm in Cleveland.

Three men—a caretaker and two factory workers—were killed during the Cleveland storm.

Two elderly women died in Indiana during an electric storm when their home was struck by a lightning bolt and burned.

Winds up to hurricane force hammered Grand Isle, in northern Vermont, during a violent hail and rain storm. Severe wind storms also were reported in nearby areas and in Plattsburgh, in northeastern New York. The violent weather also hit areas to the west. Winds ranging from 60 to 80 m.p.h. swept Allentown and Philadelphia, Pa.

Another belt of thunderstorms rumbled across sections of Iowa, Wisconsin, Illinois and lower Michigan. Damaging wind storms raked western Kansas. A tornado was reported sighted northwest of Dodge City but no injuries were reported.

The storms in the various sections toppled power and telephone lines, uprooted trees and damaged small buildings.

The outbreak of the stormy weather came after another day of oppressive heat in many parts of the East, Midwest and South. Record temperatures for Aug. 20 topped in many cities as the

Appeal Case Is Being Tried

An appeal brought by the state of Texas against the findings of a special commission in a right of way condemnation matter is on trial today in Howard County court. A jury was in the box and the first witness was on the stand at 11:30 a. m.

The case is styled State of Texas vs. A. O. Vanderford and others. It is one of four appeals on file in the county court growing out of acquisition of land for right of way on US 87.

The state took 1,061 acres of land and the improvements on the land owned by Vanderford and his associates. No agreement could be reached with the owner as to a fair value on the land and a special commission was called under condemnation proceedings.

The report of the special commission was rated as exorbitant by the state and an appeal filed. This is the third of the appeals the court has tried to dispose of in the past 10 days.

The first two failed to get off the ground and had to be continued. Judge Ed Carpenter said he plans to call another early in September.

A panel of 60 jurors summoned for duty in the court today 48 reported when Judge Carpenter opened court.

W. R. Davis Dies Monday

W. R. Davis, 80, a rancher and horse breeder more than 50 years in Sterling City died Monday at his home north of San Angelo.

Services were set for 3 p. m. Tuesday at the First Baptist Church in Sterling City with burial in Montvale Cemetery under direction of Lowe Funeral Home of Sterling City.

Mr. Davis was a widely known Quarterhorse and Palomino breeder. A native of Grayson County, he came to Sterling City as a youth and ranched most of his life near there. He was married to Golemnia Ayers Clemmons in 1942.

Survivors include his widow, three sons, R. C. Davis, Amarillo, Walter R. Davis and Truman C. Davis, both of Sterling City, four daughters, Mrs. Victor Jackson, Belton, Mrs. B. D. Allen, Vancouver, Mrs. Earl Hughes, Fairchild AFB, Wash., and Mrs. Hardin Kettler, San Angelo.

Anderson Elected Committee Head

Sam Anderson, superintendent of schools in Big Spring, was named chairman of a committee to study the establishment of an elementary branch of the district No. 2 Southern Association of Secondary Schools and Colleges.

The meeting was held Monday in Pecos. Some members complained of the Texas Education Agency accreditation requirement that teachers must have 24 semester hours in the field in which they instruct.

OIL REPORT

An 8,800 foot Pennsylvania test has been staged as a wildcat in Dawson County, some 15 miles west of Lamesa. Lario Oil and Gas Co. of Midland will dig the No. 1 Lindsey.

In Garza County, Forest Oil Corp. has completed the No. 2 Clifford Williams as the second well in the East Garza (Glorieta) field. The project made 90 barrels on potential test.

Lario Oil and Gas Co. No. 1 Lindsey is a wildcat location about 12 miles west of Lamesa and spitting 430 from north and west lines of section 29-M-F-L&R survey. Operator will test the Pennsylvania at 8,800 feet.

Shell No. 1 Wright will be plugged and abandoned after conclusive tests. Located at 10,666 feet in a wildcat operator ran a test of the 10,389-201 foot section. Test was open 45 minutes and recovery was 6,700 feet of water, with an estimated 11 per cent of it from the formation. Location was CNE NW Section 31-J Pottevant survey.

Forest Oil Corp. No. 2 Clifford Williams and others has been finished for an initial pumping potential of 90 barrels of oil per day. It is the second well in the East Garza (Glorieta) field. Test depth is 3,300 feet plugged back to 3,487 feet, and the 4 1/2 inch casing is set at 3,491 feet. Perforations are between 3,465-75 feet. Production is 23.5 per cent water

and gravity is 26 degrees. The gas-oil ratio is 25:1 and operator decided with 500 gallons. Some two miles northeast of Post, the project is 1,267 from north and 1,919 from west lines of section 15-K Avcock survey.

Mallard No. 1 Hall, wildcat project, is drilling below 7,465 feet in sandy lime. It is 467 from south and east lines of section 3,34-2, T&P survey.

Texasco No. 1 Guitler is drilling in sand below 9,242 feet. On a driller's test between 8,919-9,107 feet, test was open two hours and gas surfaced in two minutes. Recovery was 20 feet of gas-cut mud. Location is CNE SW of section 12-A H&K survey.

Frankfort No. 1 Peters is drilling in lime below 4,382 feet. Location is CNE SW of section 2,36-1, T&P survey. Location is three miles north of Stanton.

Mobil No. 1 Donham is testing Spraberry perforations between 8,180-240 feet. Operator pumped 112 barrels of acid oil and 160 barrels of salt water in 72 hours. Location is CNE NW of section 33-35-30, T&P survey.

Miss Leona Sue Cole Bride Of D. E. Leming

A nuptial service, uniting Miss Leona Sue Cole and Airman 2C Daniel Edward Leming, took place Saturday at the Assembly of God Church, Childress, with the Rev. Ed Albritton, pastor, officiating in the double ring ceremony.

MRS. DANIEL EDWARD LEMING

The bride is the daughter of Mr. and Mrs. R. C. Cole, Hobbs, N. M. The bridegroom, stationed at Webb AFB, is the son of Mrs. Elsie Hooke.

Candelabra holding white tapers, baskets of white gladioli and greenery formed the altar background. A program of nuptial music was presented by the bride's aunt, Mrs. Leon Wilson, at the piano. She accompanied Mrs. Vonnie Downey, the vocalist.

The bride's father gave her in marriage. She was attired in a gown of Chantilly lace fashioned with voluminous skirt which extended into a chapel train. The princess bodice featured a sweetheart neckline and long sleeves which tapered to points over the hands. Her veil of silk tulle was secured by a crown of pearls and teardrop crystals.

For something old she carried her grandmother Wilson's handkerchief, something new, wedding attire and a white Bible, something borrowed, a single strand of pearls something blue a garter. A trite penny was in her shoe.

'ROUND TOWN

With LUCILLE PICKLE

On several occasions recently it has been necessary to turn down air conditioners in large rooms where speakers could not be heard over the roar of the fans.

Henderson, plan to leave Wednesday for Denton, where they will attend the graduation ceremonies at NTSU on Thursday.

Fans in air conditioning units are tremendous things but a fan in the hand of a woman is strictly feminine.

The Hendersons plan to return here with her parents for several days. The party will go to Fort Worth to take the children through Six Flags Over Texas en route home.

Although I haven't seen them, I am told the LEROY TIDWELLS are in town slaying at the Seabees Hotel. They are living in California but still have some interest here where they made their home for several years.

The current issue of Editor and Publisher national newspaper magazine has a couple of items of social interest. One concerns a farewell luncheon for 22 young foreign journalists at New York after a year studying at McAlester College in St. Paul, Minn.

There is another fan among my keep-sakes. MRS. HERBERT WHITNEY gave it to me after her business returned from Fort Worth with a number of the pretties which they distributed among their friends here. I think I shall have to put it to use at the heat continues. It is much prettier than the ones that merchants once used to advertise. The ones made of bamboo leaves bound roughly with a sturdy handle, could always be found in the churches in the back with the song books.

MR. and MRS. JOHN SUTER JR. and their children have just returned from a weekend in Fort Worth and Dallas. In Fort Worth she served as matron of honor in the wedding of MISS MELBA SMITH, her cousin, and BOBBY BECKHAM, Saturday night in Dallas they visited with former Big Spring residents, the A. C. McGEHEES.

MR. and MRS. D. M. McEVERS, Nancy and Don, and their grandson, Darrell Lloyd

BILL and SUE HAMILTON, grandson and granddaughter of MR. and MRS. B. M. KEESK, were here from Lubbock for a visit. Bill plays the organ and the viola and will play with the Lubbock Symphony the next season.

MR. and MRS. JOHN SUTER JR. and their children have just returned from a weekend in Fort Worth and Dallas. In Fort Worth she served as matron of honor in the wedding of MISS MELBA SMITH, her cousin, and BOBBY BECKHAM, Saturday night in Dallas they visited with former Big Spring residents, the A. C. McGEHEES.

MR. and MRS. D. M. McEVERS, Nancy and Don, and their grandson, Darrell Lloyd

St. Lawrence 4-H Club Given Party

GARDEN CITY - A party was held for members of the St. Lawrence 4-H Club Sunday at the St. Lawrence Community Hall. Games were played and refreshments were served.

SUJC Has Officers' Election

Mrs. E. W. Cowden of Midland was elected president of the Southern Unit Judges Council, District No. 1, Texas Garden Clubs Inc., Monday morning in a session held at St. Mary's Episcopal Church. A program presentation was made by Mrs. J. E. Hogan.

With Mrs. D. S. Riley, the retiring president, in the chair, other officers elected were Mrs. Harry S. Murray, Midland, vice president; and Mrs. Charnell Jobe, Lamesa, secretary-treasurer. Appointed officers will be named at the next meeting to be held at Odessa in November.

Mrs. Hogan presented slides of gardens which she visited in Europe and of Japanese arrangements. She also gave the narration.

Spaders Garden Club judges were in charge of arrangements, and special guests were Mrs. E. E. Louthan, governor of District No. 1, TGC Inc., Mrs. M. Jennings and Mrs. Holbert Nelson, all of Lubbock.

Thirty-four members were present, representing Snyder, Lamesa, Odessa, Midland and Big Spring. They were served during the lunch hour by members of St. Mary's Church Guild.

PNG Club Has Supper

Members of the Past Noble Grand Club of the Big Spring Rebekah Lodge No. 234 held a business session and watermelon feast Monday evening at the City Park.

After Mrs. Gene Crenshaw, president, opened the business meeting, the 14 members present repeated the Lord's Prayer in unison.

Mrs. Crenshaw and Mrs. Lonnie Griffith, vice president, served refreshments.

The next event will be a picnic supper for members and their husbands Sept. 6 at the City Park.

Mrs. Harrell Has Party For Son

KNOTT (SC) - Mrs. L. G. Harrell honored her son, Glynn, recently observing his 14th birthday with a party. Five guests were served refreshments.

June Jeffcoat is visiting her grandmother, Mrs. S. W. Windham, in Big Spring.

A baptismal service was held Sunday evening at the First Baptist Church of Knott. This was the closing service of the 10-day revival.

Mrs. Bill Land and daughter of Big Spring are visiting her parents, Mr. and Mrs. Roy Williams.

Knott residents attending funeral services for Mrs. J. H. Thames at the Lenora Baptist Church were the Rev. Vernon King, Lloyd Robinson, Mr. and Mrs. J. W. Moton, Mrs. Fred Roman, Mrs. T. M. Robinson, Mrs. D. E. Ashart and Mrs. Jewell Smith.

MRS. E. E. LOUTHAN AND MRS. E. W. COWDEN

Webb's Red Carpet Day For Newcomers Slated

Red Carpet day for Webb student wives (Class 64-A) has been scheduled for Tuesday, Aug. 28. Capt. George O. Guss, White Flight commander, and Capt. Alan J. Grill, Tactical officer, will act as guides for the base tour.

Officers' Club for lunch with their husbands.

Student's wives will assemble in the Main Lounge of the Officers' Club at 9 a.m. where they will be welcomed by Lt. Col. Herbert H. Danke, commander of the 3661st Student Squadron.

After lunch the ladies will be taken to the flight line; there, flight instructors will arrange for them to sit in on one of the briefings; they will be introduced to such terms as "traffic patterns," "mobile control," "sign-in and out" procedures, and "scheduling."

The first stop on the tour will be at the parachute department; there they will be exposed to the pilots "Nylon letdown" equipment and see parachutes in various stages of reworking. At the appropriate trainer building they will be given an opportunity to actually "fly" one of the trainers. At 11 a.m. the group will return to the

Granddaughter Is With The Clements

GARDEN CITY (SC) - Linda Clements was a houseguest of her grandparents, Mr. and Mrs. W. L. Clements, Stanton, last week.

Mrs. John Schafter, bitten by a rattlesnake last week, is reported making satisfactory progress at Cowper Clinic, Big Spring.

Robert Walrup is reported in good condition at Cowper Clinic, where he was taken following an automobile accident near Garden City last week.

From the physiological training unit the wives will be taken out in a mobile control for a look at the traffic pattern, landings, and take-offs.

Before returning to the club for refreshments at 3:30 p.m. the wives will visit the academic building and look in on the classrooms, and the various mockups of the aircraft systems.

Auxiliary Officers Appointed

Mrs. Sunbeam Morrison, president of the American Legion Auxiliary Unit No. 355, appointed committee members Monday evening in a regular session at the Legion Hut.

Appointed were Mrs. Jim Jares and Mrs. Joe Moenser, child welfare and junior activities; Mrs. Zelda Rae, national security and civil defense; Mrs. Morrison, Mrs. Roscoe Cone and Mrs. Harvey Harris, finance; Mrs. Erna Stewart, girl state and legislative; Mrs. Cone, poppy; Mrs. W. H. Wharton, community service, Mrs. Harris, rules.

During the business session, Mrs. H. D. Burton, representative to the VA Hospital, appointed Mrs. Leonard J. Barlow alternate. The group scheduled a social hour for Sept. 11 at the VA Hospital. Plans were discussed for a fundraising project to be held during November. Proceeds from the project will be used to repair the piano at the Hut.

It was announced that the next meeting will be held Sept. 10.

Mrs. Richert Honored At Cosden Club

Complimenting Mrs. Bernhard Richert Jr., who until her recent marriage was Miss Kaye Chadd, a coffee and shower was held in the Blue Room of the Cosden Country Club.

Hostesses for the Thursday morning affair were Mrs. George Grimes, Mrs. E. W. Richardson, Mrs. Jack Y. Smith, Mrs. George Thorburn, Mrs. Doryne Hefner, Mrs. A. B. West and Mrs. Arnold Marshall.

Spread with white cutwork linen, the coffee table was appointed with silver and centered with an arrangement of white carnations and Fuji mums. Thirty guests were served.

DATE BOOK

The new and better Date Book will hold a picnic Tuesday, Aug. 28, 7:30 p.m. at the home of Mrs. J. H. Thames. Members and their husbands are invited.

Dodgers Yield Some Of National Lead

By MIKE RATHET
Associated Press Sports Writer

There are those who were at Crosley Field, who'll tell you Frank Robinson's homer gave the United States another satellite. And there are those who'll tell you Gene Freese's single was a line

smash too hot to handle. It just isn't so.

But there's no denying that the events of the Reds' 7-3, 10-inning victory over the National League leading Los Angeles Dodgers Monday night would stimulate the imagination of any Cincinnati fan.

First, there was Freese. Making

LOOKING 'EM OVER

With TOMMY HART

Sports dialogue

AMOS ALONZO STAGG's creed for coaches:

"To me, our profession is one of the noblest and perhaps the most far-reaching in building up the manhood of our country. As I view it, no man is too good to be the athletic coach for youth. Not to drink liquor, not to gamble, not to smoke, not to swear, not to use smutty language, not to tell dirty stories, to shun loose and silly women—all these should be the ideals of the athletic coach if he realizes his full opportunity for service and his calling to a consistently high and clean personal life. To be fair-minded, to deal justly, not to play favorites, to avoid politics, to be honest in one's thinking, to be square in one's dealings, to shun petty and big graft, to give rebuke with justice, not to bear personal malice, not to harbor hatred toward rivals, not to be swayed-headed in victory nor to over-alibi in defeat, to be sportsman and gentleman at all times, to stoop to no unfair practice but to win only by fair means should be the ideal of every coach."

For Robinson. Continuing his torrid hitting, last year's Most Valuable Player came up with the bases loaded in the 10th inning and cracked a towering shot that sailed over a 50-foot screen in left field for the game-winner.

For Robinson it was his 17th homer in 25 games dating back to July 27. Since then, he has hit two homers in one game four times, tagged three grand slams and accounted for 35 runs batted in.

The victory moved the third-place Reds back to within 5 1/2 games of the first-place Dodgers, who maintained a 3 1/2-game edge over second-place San Francisco. Milwaukee walloped the Giants 9-4.

DIZZY DEAN

"Because of expansion, we have a lotta pitchers in the minors today who years ago could not make the Texas League. Pitchers are being hotheaded. They are forced to come up to the majors before they're ready."

TOM LANDRY, coach of the Dallas Cowboys

"We need size in our offensive line to punch through when we get in close. Without size, your running game is staged between the 20-yard lines."

MATTY BELL, athletic director at SMU

"I've never seen a man come in and generate more enthusiasm than has Hayden Fry, our new head coach. Fry, and his staff have worked fast and hard. They have recruited what looks like a fine freshman group. The spirit of the athletes is much better. I think the fans think we're going to win some games. I think we will, too, but I don't know how many I honestly think we will be a championship contender in two or three years. I'm optimistic about the future of football at SMU."

BILL HART, Lubbock scribe, discussing Herman Smith, who is joining the Big Spring staff

"Herman's coaching record at Plainview was 1-19 but, despite this, he is still over the 500 mark throughout his entire coaching career."

CARL HUBBELL, former mound great

"Pitchers get the blame for long baseball games but that's all wrong. Television created the prolonged games and the batters have helped it along. The batters take longer to get to the plate. They sit back in the batter's circle until they've been introduced. When the batter gets to the batter's box, he steps back and takes a few swings with the bat. The pitcher is ready to pitch but there's no batter up there. The pitchers have enough troubles without being blamed for prolonging the games."

JOE CUNNINGHAM, Chicago White Sox first baseman, discussing Stan Musial's last year

"He's not thinner than he used to be. He just decided he could swing easier if he took off his money belt during the ball games."

Injury Bugaboo Strikes Cards

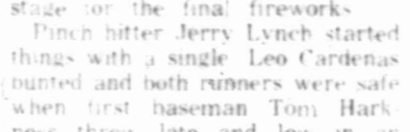

By JACK CLARY
Associated Press Sports Writer

On no other team...

The St. Louis Cardinals may be on another injury binge today after their 3-1 halfback John David Crow's common cold spread by many of the top all-around back to the National Football League was definitely considered out of action.

The Cardinals' injury bugaboo is not new. It has plagued the team for three weeks with an ankle sprain to the left leg of center Eric Decker, a nose chip to the right eye of center Eric Decker, a broken ankle suffered by flow in a preseason game a year ago, and then an indelicate rash of injuries that took a toll of the Cardinals.

From left to right: Mike Greco and tackle Frank Hill, who was injured in a preseason game; tackle Roy Palm and fullback Joe Childress, who were injured in a preseason game; and quarterback Warren Moon, who was injured in a preseason game.

WARREN MOON

MIAMI, Fla. (AP)—The dramatic events at Cincinnati began in the seventh inning when Freese singled and sped home on a double by Don Zimmerman. The Reds to win a run of the Dodgers who had built an early lead on homers by Willie Davis and Tommie Agee. In the ninth, Robinson singled, followed by a sacrifice and scored the tying run when Freese dumped one into short center. Bob Purkey, who brought this record to 19-4, held the Dodgers in the 10th to set the stage for the final fireworks.

Pinch hitter Jerry Lynch started things with a single. Leo Caron was punted and both runners were safe when first baseman Tom Harkness threw late and low in an attempt for a force at second base. Binges quieted as Marty Kousser forced Caron. Then, with Vada Pinson and one out, the Dodgers held a conference and decided to have reliever Larry Sherry, 6-11, walk Pinson and try Robinson.

That was the ball game.

At Milwaukee, Warren Spahn pitched a four-homer, six-run, six-inning effort. He was aided by Harvey Kuenn and Felipe Alou, but allowed only two other hits and won the 32nd game of his career. The Braves are off hand after only four victories shy of tying Eddie Plank for the most triumphs in a single season in major league history. The Braves won it with a five-run outburst in the seventh inning, with Tommy Aaron's home off Don Loney, 4-1, breaking a 4-4 tie.

The Pirates won the opener, 3-1. Fred McGriff allowed the decisive home run, which was pitched to Ray Hoke, 7-14, for an unearned run in the fifth before Shuky Burgess put it out of reach with a seventh-inning homer. Bob Skinner paced the Pirates in the nightcap, hitting a two-run inside-the-park homer in the first inning and a triple in the eighth. Al Rosen, 1-0, was the winner and Robert L. Miller, 0-10, the loser.

The Phillies made a 13-victory national loss against the Colts as Dallas Green, 6-5, spaced 11 hits and left 12 men straddled.

The only Houston run came on a double by Norm Laker and Ramon Megias' single in the third. The Phils used consecutive homers by Wes Covington and Clay Dalrymple off Dick Farrell, 0-16, to pull away in the fifth.

Hubbers Qualify For Nat'l Meet

LIBROCK, AP—Lubbock's Hubbers will go to the National Semi-Pro Baseball Tournament at Wichita, Kan., as winners of the 1962 championship. Hubbers beat the Houston 45-9-4 to take the title as Darney Rethine halted in five runs with a homer, double and two singles.

Lockland Favored

SAN ANTONIO, AP—Lockland AP Force Base will be favored to repeat with the championship Wednesday when the Amateur Track and Field Championships open.

Jones Steps Down

HOUSTON, AP—Channelview football coach Charlie Jones has resigned, effective Sept. 1, after three years as head coach.

TEXAS, OKLAHOMA SCHOOLBOYS CLASH IN OIL BOWL CLASSIC

WICHITA FALLS, AP—Texas and Oklahoma schoolboy football stars clash tonight in the 17th Oil Bowl game with Texas a solid favorite.

Two giant fullbacks—Cary Shields of Wichita Falls and Wayne Bell of Ravenna—made Texas a choice to win the 14th time.

Oklahoma, however, is the defending champion. It won the last game in 1960. There was no interstate game last year because of an NCAA ban on all-star games. The contest now has been approved.

Oklahoma has played even with Texas in the last four games, taking two decisions. Before that the best the Sooners could do was tie.

Gene Croft of Lawton is coaching the Oklahoma team. He has a blistering ground attack and three quarterbacks who can pass well.

Coach Travis Hughes of Stephen F. Austin College is tutoring the Texans.

A crowd of 15,000 is expected for the 8 p.m. kickoff in Midwestern University stadium.

Walter Minter (above), a star linebacker for the Big Spring Steers who figures heavily in coach Don Robbins' plans this fall is working for the Garcese-Mitch Construction Company this summer. He helps keep the carpenters supplied with material.

Six Finish Rounds In Cup Team Bid

A total of 13 players are seeking places on the local Costen Cup matches, which will be played as a prelude to the 31st annual Big Spring Invitational Golf tournament Aug. 31.

Among the latest to get in at least 18 of the required 72 holes of play are Wally State, who fashioned a 76 and Earl Reynolds, who came in with a 77. Par for the 18-hole Big Spring Country

Club layout, scene of the matches and the Invitational, is 71.

Jack Wallace became the sixth player to complete his qualifying rounds when he wound up with a 74. He is in at 292. Club officials say a score of 285 or better will be good enough to qualify for the eight-man team.

Others who have finished their rounds, and their scores include: Bobby Wright 280, Jimmy Paterson 287, Darryl Hoenert 291, W. E. Ramsey 291 and Sam Thurman 296.

Jim Jones has toured the course three times and has fashioned a 76 and Earl Reynolds, who considered to be in good shape.

Linksters in Howard County have until Aug. 29 to complete their rounds. Son Powell, captain of the local team, is exempt from qualifying.

Club officials say golfers can pay entry fees at any time now and should qualify rounds so long as they are not seeking the medalist's prize. Entry fee is \$25.

Spahn Records 13th Victory

MILWAUKEE, AP—Milwaukee southpaw Warren Spahn figures he has lacked the most serious arm trouble of his brilliant career—and most observers, especially the San Francisco Giants, readily agree.

The 41-year-old Spahn, sidelined for 10 days after aggravating his elbow, returned to action and fired a six-hitter Monday night as the Braves thumped the staggering Giants 9-4 to capture a four-game series 3-1.

The arm stiffened up on me a little between innings but it was all right," Spahn said. "The big secret is that I know how to take care of it. I aggravated the elbow in Houston by warming up too fast. Now I just take my time, both warming up before the game and before an inning."

In going the distance for the 13th time and boosting his record to 13-11, Spahn survived a San Francisco homer, barrage, including a triple, which hit his 23rd and 24th while Felipe Alou hit his 19th and Harvey Kuenn his seventh.

Have to please the fans who come out to see the long ball, you know, Spahn said jokingly. "These long ones don't hurt so much, though, when they come with the bases empty."

Spahn, who now has won five straight to boost his National League victory total to 322, was in command after successive homers by Cepeda and Alou in the sixth.

Hubbers Back In World Series

MONTERREY, Mex. AP—The little champions of Monterrey baseball pride of this industrial capital of Northern Mexico seek their third Little League world championship at Williamsport, Pa., this week.

This is their fifth trip to the Little League baseball capital since 1957, when they first were crowned world champions.

Except for two 11-year-olds, the players are 12. All are sons of workers at Vidraera Monterrey, the biggest Mexican industrial glass combine.

The Latin American champions of 1962 posted an impressive record in the last six games they played here in the National and Latin American Tournament. They scored 72 runs against only nine for their rivals.

Pitching star of the team is Paul Lozano. He gave up only four hits and two runs in two games, fanning 15 batters. The No. 2 hurler is lefthander Mario Torres, who is exceptionally fast but a bit wild. He fanned 21 in two games he won.

Torres, who bounces at first base is hitting .300. Lozano, a shortstop as well as pitcher, is hitting .500.

New Sands Coach Has Work Cut Out For Him

ACKERLY — M. B. Maxwell, who has succeeded Joe Youngblood as head football coach at Sands High School, has his work cut out for him.

Only one regular of the Mustang team that won four, lost five and tied one game last year is back. He is Ronnie Gaskins, a tackle who weighs in the neighborhood of 170 pounds. He played mostly on defense last year.

Other returning players include Paul Davis, 180-pound senior tackle; Bill Smith, 150-pound

senior guard; Jim Schuelke, 145-pound senior guard; and Jackie Flynn, 170-pound junior tackle.

Most of the rest of the Sands squad will be freshmen and sophomores.

Among those will be Bobby Gaskins, 140, halfback; Tommy Fryar, 135, who will be out for the first time; Eddie Herm, 145, who will probably be calling signals for the Mustangs; Gary Green, 140, a transfer from Gail, out for the first time; Dennis Wells, 170, freshman; Rick Kemp, 130, freshman; and Danny Womack, 135, freshman.

Ackerly school system (which later was consolidated with Knott and became Sands) from 1951 through 1955. His 1955 club won the regional six-man championship.

He was at Novice in 1956 and again in '57 and at Velmoor from 1958 until 1961, at which time he coached on the elementary school level.

White is a native of Forsan and a former basketball star at Howard County Junior College.

The Mustangs will work out twice daily until school begins at 10 a.m. and again at 7 p.m.

The Ponies open their season in Lorraine the night of Sept. 7.

Oilers Reduce Player Roster

HOUSTON, AP—The Houston Oilers of the American Football League trimmed 1173 pounds off their stack of players Monday, but they had to cut off still more today.

The Oilers reduced their roster to 47 and had a noon deadline to get it down to 43, the AFL limit.

Houston also added a player. He is Ronnie Osborne, a 6-4 270-pound rookie from Clemson. The Oilers picked him up from the Baltimore Colts after he was waived by National League teams.

The five players dropped by the club are Joe Bob Smith, offensive end from the University of Houston; John Thomas, 245-pound rookie offensive guard from McMurry-Rodney Guillot, 210-pound rookie linebacker from Louisiana State; Gary Francis, 248-pound defensive tackle from North Carolina College.

Coach Frank Ivy has decided star Oiler quarterback George Blanda is ready to go after a thyroid operation and will play him at least half the game Thursday night when Houston meets Buffalo in Mobile, Ala.

For another, they have a pair of identical twins, both second basemen. The twins are Masao and Yoshio Nakano.

John Gilbert, an American with the Office of Special Investigations in Tokyo, who is one of the twins, is a good hitter and the other is a good fielder.

He's not sure which is which.

Del Rio Opens LL Tourney Against New Jersey Club

By JIM BECKER
Associated Press Sports Writer

WILLIAMSPORT, Pa. AP—Where do you find a lot of Japanese chopsticks in a hurry in the middle of Pennsylvania? In a Chinese restaurant, of course.

That was one problem solved as eight teams were poised for the opening today of the Little League baseball world series in the city where the whole thing started.

One of the eight clubs in the week-long tournament is the Kunitachi, Japan, team—the oldest, smallest and smallest team ever to play here.

The Japanese lads—all are 11 and 12 years old by American reckoning, a year older by their own—came to Williamsport in gray, summerweight kimonos, equipped with special food, including instant noodles—no chopsticks.

League officials scurried around to fill the void and found chopsticks in a local Chinese restaurant. The Japanese boys said they weren't the style they were used to and many switched to knives and forks.

The Japanese are one of four foreign entries. The other three are from Stony Creek, Ontario, Canada; Monterrey, Mexico; and Portiers Post of Vienna, France.

American teams are from Kanakake, Ill.; North Pittman, N.J.; East Del Rio, Tex.; South and San Jose, Calif.; West.

Slugging Honors Are Distributed

By MIKE RATHET
Associated Press Sports Writer

The way the top sluggers in the American League are hitting whoever casts the golden headpieces for triple crown winners had better try making batting helmets.

There hasn't been a triple crown winner No. 1 man in homers, runs batted in and batting average—since Mickey Mantle of the New York Yankees in 1956. And, with the AL's most potent swingers averaging one hit every four at-bats, there isn't going to be one this season.

Here's the way the five top sluggers stand:

Harmon Killebrew, Twins, 33 homers, 93 RBI and 245 average.

Norm Cash, Tigers, 32 homers, 66 RBI and 236 Leon Wagner, Angels, 29 homers, 87 RBI and 273.

Rocky Colavito, Tigers, 29 homers, 87 RBI and 276.

Roger Maris, Yankees, 28 homers, 77 RBI and 257.

Maris led the homer hammerers with 61 last year and was the leader in RBI with 142. Cash won the batting crown with a .361 average. Cash is almost 130 points lower this season and slap-hitter Fete Rynnals of Boston holds the batting lead with a .333 average.

Killebrew look over the lead in the homer department Monday with a two-run shot in the sixth inning that powered third-place Minnesota to a 6-4 victory over Boston. Maris hit a three-run homer for the American League-leading New York Yankees, who lost to Kansas City 7-3 in the only other game scheduled.

The victory pulled the Twins to within five games of the Yankees and left the leaders four games in front of the second-place Los Angeles Angels, heading into their three-game series opening at Los Angeles tonight.

The Twins scored three earned runs off Red Sox starter Don Schwall 6-14 in the first with Bob Allison striking a run-producing double and Earl Rattley driving in a pair with a single. The Red Sox battled back, finally moving ahead 4-3 in the top of the sixth on Lu Clinton's two-run homer. Then Rich Rollins singled to get the Twins started in the bottom of the sixth and Killebrew wrapped it up. The victory went to Dick Stroman, 8-3, who need ed Frank Sullivan's relief of help over the final two innings.

Maris tagged his three-run homer in the first inning and that was all the Yankees got against Ed Rakow, 12-13, and John Wyatt. The A's scored twice in the fourth before breaking it open with a four-run fifth inning explosion against Rollie Sheldon, 6-8. Bill Bryan tripled in one run and scored on a double by Bobby DeGree before Ed Charles applied the crusher with a homer. Del Greco also homered for the A's, who took the five-game series 3-2.

Can't A Guy Have Any Privacy?

"Boots," 6-month-old boxer who belongs to Mike Watkins of Dallas, likes to bathe in a pink baby tub. Which is not to say he's a sissy. On the contrary, he's a foot longer than the tub and weighs 40 pounds. Oh yes, he isn't happy with visitors.

Airman Made 'Bargains With God' Before He Was Rescued

HILL CITY, S.D. (AP)—"I made some bargains with God—but I always was sure that, somehow, I'd be rescued," Airman Gerald Becker said in telling about the 3½ days he spent trapped in an abandoned gold mine pit near here.

The chance halt of a tourist party brought his rescue Monday. Becker, 32, of Mapleton, Minn., had last Thursday night left from his duties as a mechanic at nearby Ellsworth Air Force Base. He decided to go swimming in Sheridan Lake.

"But it was too cold and I started exploring instead," said Becker Monday night at the base hospital, where he is under observation.

"I came across this big hole in the ground in the woods and started walking around it, peering down. All of a sudden the edge gave way and I fell 50 feet to the bottom."

After recovering from the initial shock, Becker looked for a hold on the shale and slate walls to enable him to climb out but found none. Then he started shouting for help.

When darkness fell, he gave

that up and made himself a primitive bed out of brush that had fallen into the pit.

"But I couldn't sleep very much because it got pretty cold," he said. "It must have fallen to about 50 or less and I only had light trousers and a T-shirt."

Friday, Saturday and Sunday took a long time to pass.

"Every time I heard, or thought I heard, the faintest noise, I'd start shouting again—but nobody

came to the remote area," Becker said.

He had no food. For water he took the batteries out of his flashlight case and used it to gather ground drops that filtered down the sides of the pit.

With the hope that smoke might attract attention, Becker tore up papers from his billfold and started a fire. But he soon had to stamp it out because, with no ventilation, the fumes began to choke him.

Early Monday the vacationing Pete Ptacek family from Phoenix, Ariz., stopped in the area to let their youngsters exercise. Becker, with his now very hoarse throat, heard them and called out.

Ptacek hurried to a cabin resort near the lake for help.

Two forestry men, a rancher and Ptacek returned to the pit with a rope, and with it tied around his waist Becker made his way up the sheer wall.

"All I could think of all the time was how my ma would be torn up if anything happened," said the airman. "Yes, and I made some bargains with God—but I always thought I'd be rescued and that confidence helped me along."

SAIGON, South Viet Nam (AP)—Government troops backed by fighter planes, U.S. helicopters, and armored river boats launched today the second major attack in a week against Communist guerrillas in South Viet Nam's rebel-infested southland.

Military sources said a large government force moved northward through the Mekong River Delta province of Ba Xuyen where 1,600 Communist guerrillas are believed to have infiltrated in recent weeks.

Power Failure Hits Brooklyn

NEW YORK (AP)—A massive power failure in a three-square-mile area of Brooklyn Monday night left more than 30,000 homes without lights or air conditioning on a hot, muggy evening. It took more than three hours for full service to be restored.

Police blamed widespread use of air conditioners for the blackout. The Consolidated Edison Co., which is investigating, gave no immediate cause.

Power failed at 9:05 p.m. and was restored gradually section by section. The last lights went on at 12:23 a.m.

Two bridges that form part of the Belt Parkway ringing the borough were caught open, halting traffic until power was restored. Traffic lights also were blacked out.

This Way, Girls

PHNOM PENH, Cambodia (AP)—Latest government census figures released Monday show there are 26,000 more men than women in Cambodia in a total population of about 5,750,000.

Phillips Makes Dean's Honor Roll

PLAINVIEW—Bobby Earl Phillips, Lamesa, is one of 19 students named to the Dean's Honor Roll for the first term of the summer session at Wayland Baptist College. His 2.50 average qualified him for the list, which requires a minimum average of 2.50.

Phillips, son of Mr. and Mrs. Earl Phillips, 704 E. Third, Big Spring, is a senior majoring in history and minoring in Bible. He previously attended Howard County Junior College, Big Spring.

Russian Envoy Returns Gift At GOP SpooF

WASHINGTON (AP) — A furry toy model of Atty. Gen. Robert F. Kennedy's dog, Brumus, won't be in Soviet political attaché Valeri Kravchenko's suitcase when he goes home to the Soviet Union next month.

Although Kravchenko has a young son and daughter back home, he gave back the toy he won Monday night at a cocktail party sponsored by Republican congressmen.

The Russian at first laughingly fended off reporters who tried to pin him down as to his reasons. "Excuse me, gentlemen," he said, and walked off.

Later he said he didn't want to get involved in American politics. "This is some kind of Republican party," he laughed.

He was dead right—it was a party thrown by Rep. William H. Ayres, R-Ohio, the GOP publicity chairman, to make fun of Brumus' recent trips to the Justice Department with the attorney general while Kennedy's family was out of town on vacation.

The theme of the party at a private residence on Capitol Hill was "The Dog Days on the New Frontier." Along with several hundred guests, most of them from the Washington news corps, several dogs attended Brumus was not among them.

Refreshments included liberal portions of "the hair of the dog" and plates of cold hot dogs. Kravchenko smiled through a series of jokes, the singing of such songs as "How Much Is That Doggie in the Justice Department?" and the crush of questioning newsmen.

The Russian laughed when Ayres handed him one of the four toy dogs distributed as door prizes and jestingly suggested Kravchenko "would like to defect."

Kravchenko later said he did not understand what Ayres was saying.

Poll Tax Ban In House Hopper

WASHINGTON (AP) — The House leadership will try next Monday for a vote on a proposed amendment to the Constitution prohibiting the poll tax as a requirement for voting in federal elections.

Speaker John W. McCormack, D-Mass., said Monday the proposed amendment will be called up under a procedure requiring a favorable vote of two-thirds of the House members present.

The bill has been lodged in the House Rules Committee since the Senate passed it March 27.

Man-Made Radiation May Not Delay Space Program

WASHINGTON (AP) — The United States is studying a new man-made radiation belt to learn whether it may force a change in the astronaut program schedule.

Present evidence indicates it will not, according to a statement Monday from the Defense Department and the Atomic Energy Commission.

The "new radiation belt is primarily above the path of current manned flights," the statement said.

The belt—produced by the U.S. high altitude nuclear test over the Pacific July 9—varies in height from perhaps 200 miles above the earth to 500 miles.

These altitudes are higher than the American or Soviet space flights. The astronauts' orbits varied from 100 to 167 miles above the earth, the Soviets' from 100 to 145 miles.

The belt rimmed the earth at the time of the recent twin flights by Soviet cosmonauts Andrian G. Nikolayev and Pavel R. Popovitch. The highest either reached was Popovitch's top altitude of 145 miles.

The belt's relatively high altitude, plus indications that its radiation — principally high energy electrons—is rapidly losing potency, gave hope there would be no delay in U.S. space flight plans.

The National Aeronautics and Space Administration, cooperating in the study, said it is proceeding with its schedule to launch Navy Cmdr. Walter M. Schirra

into a six-orbit flight late in September or early in October.

However, informed source said the plans would be changed if the studies reveal unacceptable hazards.

The new belt merged in its upper reaches with the Van Allen belt of natural radiation.

The official statement disclosed that the new radiation was so powerful immediately after the July 9 blast that it damaged solar cells in three U.S. satellites. The cells were designed to capture the sun's energy and convert it into power for the satellites' equipment.

The statement said it was generally expected that the blast would produce the radiation belt and that the phenomenon entails no hazard to the earth or its atmosphere.

In London, Britain's leading space authority, Prof. Sir Bernard Lovell, had an "I told you so" reaction to reports of the new radiation belt. Lovell said vigorous protests against the U.S. high altitude blast had gone unheeded and obviously we are suffering the consequences which we in fact foretold.

Lawyer Seeks Cuban Entry

HAVANA (AP) — Attorney James B. Donovan, who arranged the release of U.S. pilot Francis Gary Powers from the Soviet Union, has asked permission to enter Cuba to negotiate for the release of more than 1,000 Cuban exiles captured in last year's invasion.

This was reported today by responsible sources of the Prisoners of War Freedom Committee. They said that if Donovan gets an entry visa, he will arrive in Havana before this weekend.

Donovan is the legal counsel for the rescue organization.

The Cuban government has demanded a \$52-million ransom for the prisoners, taken in April of last year. If the money is not deposited in Canadian banks, the captives will have to serve prison terms up to 30 years.

So far, 66 of the prisoners have been released. Sixty of these, wounded and ailing, left on "cecut" planes. They are now touring the United States to help with the fund raising.

Canopy Accident Hurts Youngster

COLORADO SPRINGS, Colo. (AP) — The canopy of an F86 jet fighter blew off Monday while two youngsters were playing on the display aircraft at the Air Force Academy.

James Gillen, 14, was sitting atop the Plexiglass canopy when a companion accidentally fired a detonating device in the cockpit.

The explosion hurled Gillen against the aircraft. He suffered a skull fracture and was in critical condition at a hospital here.

Robert L. Freeman, 14, escaped harm.

Thieves Make Really Big Haul

Sheriff's officers are seeking thieves who stole a welding machine weighing more than a ton sometime over the weekend. The big machine was on a trailer at a gravel pit, 11 miles north of town. It was owned by Cagle Brothers Construction Co., now building US 42. Jack Kister, foreman for the

company, said the machine, valued at \$3,000, was at the pit on its trailer last Saturday. It was gone when the workers went to the pit Tuesday morning. Bill Whitton, deputy sheriff, investigated the theft. He said that the thieves loosened the machine from its trailer and left the trailer standing by the pit. Due to the drought and the hard ground, no tracks or other clues were found.

Bank Building Permit Issued

The building permit for the new First National Bank building was issued Monday for a total of \$371,620. The building will be erected in the 400 block of Main. This permit brought the August total to \$518,479 and the 1962 total to \$4,321,681.

Contract for construction of the new bank building was awarded to A. P. Kasch & Son, Big Spring, July 31 for \$487,527. The building permit total does not include plumbing, electrical work, etc.

The new building will face east on Main and will be located on the Fourth Street end of the half-block area. Drive-in facilities will be to the south of the main bank building and will accommodate four customers at one time and will have a drive-in area to handle 60 cars. The parking lot will park 62 customers' cars plus space for employe parking.

Youth Fair Contestants

Among those competing for the title of "Miss Delta" are Candy Harris, daughter of Capt. and Mrs. C. W. Harris, left, and Cheryl Bray, daughter of Lt. Col. and Mrs. Clifton Bray, all of Webb AFB. The title of "Miss Delta" will be awarded during Youth Fair which is to be held at Webb, Aug. 31-Sept. 1.

Money Orders Eyed By Probers

WASHINGTON (AP)—A check of nearly 40,000 money orders to see if Billie Sol Estes sent gifts to more than two Washington personalities has "drawn a complete blank," a House subcommittee aide said today. The result of the money order check at the Pecos, Tex., post office was disclosed by the House subcommittee headed by Rep. L. H. Fountain, D-N.C.

A check of the money orders issued in Pecos was requested by the House subcommittee several months ago after testimony was received from James T. Ralph,

fired assistant secretary of agriculture, that Estes sent him one or two \$100 money orders at Christmas time in 1961.

Ralph's assistant, William Morris, also testified that he received two \$100 money orders at the same time from Estes. Morris said he and Ralph agreed it would be improper for them to accept the money. They said they finally decided to purchase \$100 tickets to a Democratic fundraising banquet Jan. 20 in Estes' name with the money orders, and gave the tickets to Estes.

Morris said he remonstrated with Estes about such generosity to department officials and that Estes apologized and said he knew nothing about it. Morris quoted Estes as saying his name must have been put on Estes' "Christmas list" by mistake.

A subcommittee aide said money orders sent by Estes and other members of his family for the past two years were checked, as well as all \$100 money orders for a six-week period around last Christmas. He said the study disclosed no other money orders sent to anyone in Washington.

Safety Program Outlined Today

The Community Safety Committee, headed by George Oldham of the Big Spring Rotary Club, met in the office of City Manager Larry Crow at 10 a.m. Tuesday. Present were Oldham, Crow, Police Chief Jay Banks, and traffic officer Lt. Stanley Bogard.

The safety program for the Rotary year, as outlined by the group, will be presented to the club and will include two phases: To cooperate with the police department and assist in any way possible to provide recognition for the patrol members on a continuing basis; to consider the purchase of a safety film for the police department to be used by all service clubs' P.T.A. groups, and other organizations.

Juveniles Blamed For Several Vandalism Reports

Police were called on several complaints of vandalism during the past 24 hours with juveniles implicated in all of them. One case of a stolen bicycle by a juvenile was investigated, and the bicycle recovered.

One call was from 2300 Scurry where boys were shooting windows out of a building. They were turned over to Juvenile Officer Bob Darland. A second, at 1607 Hardin, was referred to Darland.

Three boys ages 7 and 12, were charged with vandalism at 703 Wyoming Street where they threw rocks at a house. They were released to their parents.

Three boys in a car were reported to have hauled a piece of machinery up a hill and turned it loose in the 1800 block of Alabama. The equipment rolled into the street and was abandoned.

One burglary was investigated at 2300 Roberts where several pieces of sterling silver, coin collections, and costume jewelry clothing, and gloves were reported missing. Police Detective Aubrey Harley investigated the burglary at the home of Larson Lloyd where suspects were named.

Couple Facing Charges Here

The Earl Barrington, 24, is being held in the Howard County Jail on charges with forgery. He is arrested in Houston last weekend. Also arrested in Houston was his brother Ernest Barrington and a woman identified as Evelyn James.

The second Barrington is now in jail at San Angelo where charges were filed against him. Sheriff M. J. Harris is due back in town today with the woman, who is charged with theft by bailer.

She and the Barringtons allegedly left Big Spring a week ago for Houston in a car which the woman had obtained from a local resident. This did not return the car as had been promised and charges of theft by bailer were filed against her.

Judge Hears Testimony Regarding Jury Conduct

A woman juror in the trial July 19 of Paul Loner, charged with DWI testified Monday in Howard County court that she had voted conscientiously for a verdict of not guilty on four of five ballots taken by the jury. She voted guilty on the last ballot she related in court, because another juror had told her that "if we kept on voting this way we'll be here all night."

She identified herself as Mrs. Pauline Waits, 1511 Kentucky. She was called by R. H. Weaver, attorney for Loner. Loner was found guilty by the verdict returned in county court and ordered to serve 15 days in county jail and pay a \$100 fine.

Weaver filed a motion for a new trial at the time the verdict had been returned. He alleged jury misconduct. The hearing Monday was on this motion. After hearing testimony by Mrs. Waits and by Mrs. Roberta Oldfield, secretary to the county judge, Judge Ed Carpen-

ter took the motion under advisement. He said Monday afternoon he was ready to rule on the motion at any time suitable to Weaver and Wayne Burns, county attorney. Mrs. Waits was the only witness Weaver presented. She did not say she was threatened if she did not vote guilty, but said she changed her vote to guilty when told the jury would be delayed to a late hour if the trend of five for conviction and one for acquittal continued. She said she did not believe Loner guilty at the time of the trial and that she still held that opinion. Burns, county attorney, called Mrs. Oldfield. She told of a conversation she had with Mrs. Waits on the morning after the jury returned its verdict. In this conversation, Mrs. Oldfield said she had asked the juror which member of the panel had voted for a "not guilty" verdict in early ballots. She testified Mrs. Waits told her that only one juror voted not guilty and identified this juror as "a young man who works for Cosden - Drake. I think is his name."

A man named W. T. Drake was a member of the jury panel. Mrs. Oldfield said that Mrs. Waits told her she voted for "guilty" throughout the deliberations. Mrs. Waits said she remembered talking to Mrs. Oldfield but she could not recall clearly what she had told the secretary. She added that she did not pay much attention because she did not think how the jury voted, "was any of her (Mrs. Oldfield's) business."

LEGAL NOTICE

The Commissioners' Court of Howard County will receive bids at 2:00 P. M. on September 6, 1962, in the Commissioners' Courtroom of Howard County Courthouse, Big Spring, Texas, for supplying of gasoline, diesel fuel and oil for the Texas Department of Highway Construction for the next twelve months beginning September 1, 1962 through August 31, 1963. General Provisions and specifications are available in the office of the County Engineer in the Courthouse.

Cop Goes Western

Dallas policeman George Kent limbers up his guitar before going to work as a jailer at a police substation. Kent, who has been on the force 4 1/2 years, will give up his police job to devote full time to western music. Kent, also a singer, has been playing with a western band part time and has recorded records for a national company.

Jesse Jones' Widow Dies At Age Of 90

HOUSTON (AP)—Mrs. Mary Gibbs Jones, widow of Jesse H. Jones, Houston builder, philanthropist and publisher, is dead at the age of 90.

She died Monday afternoon in her Lamar Hotel apartment. She had been seriously ill several weeks.

Jones died in 1956. He served under President Franklin D. Roosevelt as chairman of the Reconstruction Finance Corp. from 1932 to 1939 and secretary of commerce from 1940 to 1945.

He once said had it not been for his wife's patience and understanding, his years of government service would have been impossible.

Jones also was publisher of the Houston Chronicle and builder of 33 buildings here.

Although she made a point of remaining in the background, Mrs. Jones devoted much of her time taking care of the couple's philanthropies.

Born April 29, 1872, in Free-stone County, she was the daughter of Dr. and Mrs. Jasper Gibbs. She attended Mexia public schools and Methodist College in Waco.

She married Jones Dec. 15, 1922. In 1938, the couple established a foundation devoted in part to furnishing scholarships for students in 47 colleges.

Scholarships bearing the name of Mrs. Jones went to women—particularly in the fields of nursing, home economics, liberal arts, pediatric and physical therapy.

It was through her efforts that the first building for women was given to Rice University here.

She was instrumental in bringing the Metropolitan Opera to Houston and was a member of the general council of Metropolitan Opera.

Mrs. Jones was a member of St. Paul's Methodist church. The body will lie in state at the church from 3 p.m. Wednesday until the funeral service at 5 p.m.

Winnie Goes Home Today

LONDON (AP)—Sir Winston Churchill went home from the hospital today to the cheers of his countrymen.

The old warrior waved a big cigar to the throng outside Middlesex Hospital where he had spent 34 days recovering from a broken hip.

He broke his hip in a fall in his hotel at Monte Carlo June 28 and was flown back to London the next day.

Sir Winston was brought out of the hospital in a carrying chair. Sitting up, he was smoking the cigar. He was placed in an ambulance which took him to his home in Hyde Park Gate in London's Kensington district.

A large crowd waited for him there today.

Both when he left the hospital and 15 minutes later when he reached Hyde Park Gate, a big cheer went up. Some perhaps were a bit disappointed that the wartime prime minister did not flash his famous V-for-victory sign.

At the Churchill residence in Hyde Park Gate a ground floor suite was fitted out for Britain's elder statesman. Into it went a set of parallel bars on which Sir Winston will practice walking.

The household staff prepared a questionnaire for Churchill and his wife.

Friends said Sir Winston is anxious to return as soon as possible to the Riviera, where he was hospitalized June 28 when he fell in his Monte Carlo hotel room and broke his left thigh.

Churchill was flown to London the day after his fall, and surgeons pinned together the ends of the fractured bone. During his hospital stay he developed phlebitis, a bronchial condition and jaundice but weathered all of them.

Since his premature birth on Nov. 30, 1874, he has survived numerous illnesses and accidents.

When he was 7, a brutal schoolmaster beat him badly. He developed double pneumonia and near-sightedness. The illness left him with weak lungs.

As a youth of 19 he fell from a tree, ruptured a kidney and was unconscious for three days. He escaped from a plane crash in 1910 with serious injuries. In 1922 a tax snooker him down on a New York street and broke several bones.

He also survived a hernia operation in 1946, strokes in 1953 and 1964, a prolonged bout with pneumonia and pleurisy in 1958 and a fall at his London home in 1960, which he broke a small bone in his back.

Job Equality Panel Is Due A Shakeup

WASHINGTON (AP)—An agency set up by President Kennedy to promote more equal job opportunities for Negroes is due for a policy shakeup Wednesday.

It is expected to concentrate under one man both compulsory and voluntary efforts to end employment discrimination.

An outsider called in to assess the group's work, New York labor arbitrator Theodore Kheel, has reportedly recommended that while Kennedy's committee deserves a cheer for accomplishments so far it still can do a great deal more.

There has been considerable secret conflict within the committee and organizations dedicated to promoting equal rights for Negroes over the wisdom of two courses of action.

One is centered on terms of

Kennedy's executive order requiring that firms doing business with the government should be held strictly to contract requirements that they will conduct their employment, promotion and other job practices without discrimination because of race, creed, color or national origin.

The second course contemplates that firms can be enlisted in a cooperative employment practice improvement program.

Pro-Negro groups have been suspicious about the voluntary programs, called "Plans for Progress."

Kheel, former president of the Urban League, an organization dedicated to promoting minority rights, steers a course between voluntarism and compulsion, say-

ing in effect that so much needs to be done in equalizing job rights that both courses should be used.

He does strike a blow, however, at the type of voluntarism that the committee has more or less tolerated, under the direction of one committee member, Atlanta attorney Robert Troutman. He has actively campaigned on his own to sign up some 85 top business firms on voluntary employment anti-discrimination programs.

The committee changes are expected to include consolidating all equal job rights efforts under Robert N. Taylor, a successful Detroit Negro attorney, now special attorney to Kennedy's equal job rights committee. He is to become executive vice chairman.

It is also expected that Trout-

man ultimately will resign from the Kennedy committee. He has antagonized civil rights advocates because he frowns on strong-arm tactics to win concessions for Negroes. Kheel's report, however, acknowledges he has persuaded many leading employers to carve out new job areas Negroes never before attained.

Vice President Lyndon B. Johnson is chairman of the committee and Secretary of Labor Arthur J. Goldberg vice chairman. It is obvious that the equal job rights group has a problem that is neck-deep in politics, although both of these officials apparently are devoted to their group's aims.

Outsider Kheel, while mildly

critical of the current committee's operations, says it has been far more effective than similar equal job rights groups under former presidents Harry S. Truman and Dwight D. Eisenhower.

U.N. Chief Gives Tshombe 10 Days To Accept Program

UNITED NATIONS, N.Y. (AP)—Acting Secretary-General U Thant has given Katanga President Moise Tshombe a week to 10 days to accept a new U.N. program to unify the Congo peacefully.

If Tshombe rejects the overture, Thant announced Monday night, he will ask all U.N. members to turn the economic screws on Katanga and quit buying Katangan copper and cobalt. There is considerable doubt that Belgium and Britain, two of Katanga's chief customers, would comply.

Thant's program calls for adoption of a federal constitution to be drafted in the next 30 days, agreement to share the royalties from Katanga's rich mines with the impoverished central government, currency unification and integration of Katanga forces into the Congolese army in 90 days.

Thant called for member governments to bar all unauthorized movements of mercenaries or any military material to the Congo.

He said Robert Gardiner, his chief representative in the Congo, has been instructed to present the program to Congo Premier Cyrille Adoula and to Tshombe.

Thant's statement said Tshombe should be able to indicate his acceptance promptly in a brief period. An authorized U.N. source said the secretary-general meant a week or 10 days.

Thant threatened last July 31 to impose economic sanctions on Katanga to end the unification deadlock and then drew up his program, which he discussed with a number of delegates.

U.S. Secretary of State Dean Rusk was among those who conferred with Thant here last week on the details.

A U.S. delegation spokesman said after Thant made his statement public. It is Mr. Thant's statement and we are perfectly satisfied with it.

Britain has opposed extreme economic sanctions but a British spokesman said the delegation

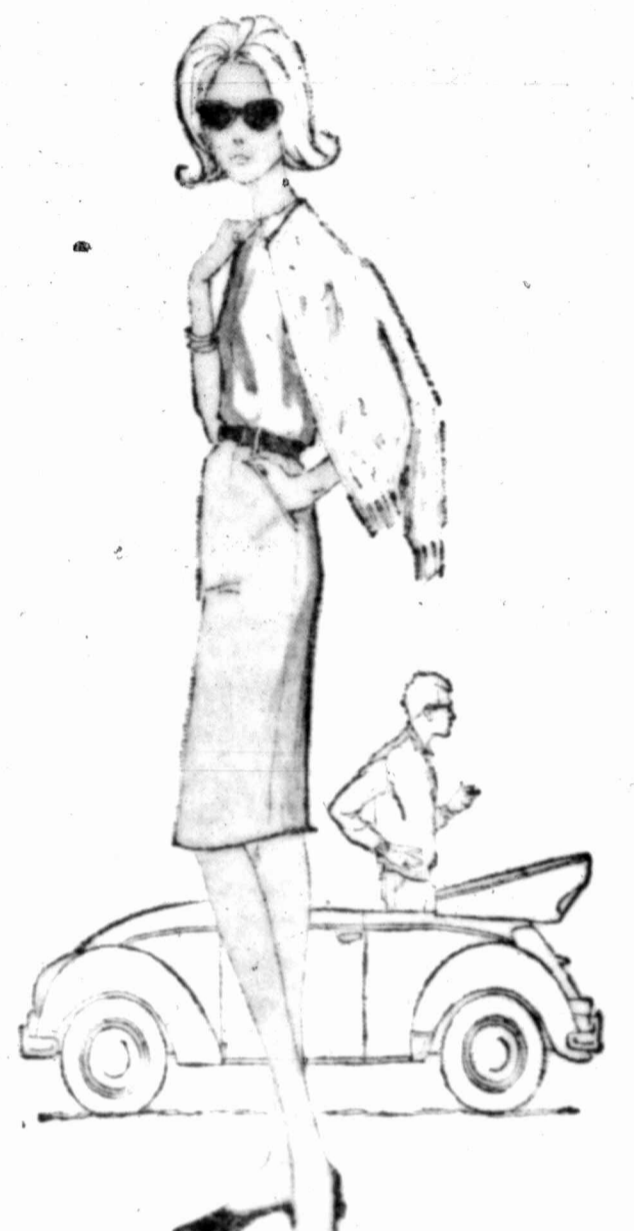

here would have no comment now.

It is Mr. Thant's own statement, he said. "We made known our views about the proposals but had nothing to do with the writing of it. It will be studied."

Thant reviewed recent clashes

between Katanga and U.N. forces and insisted the U.N. troops acted only in self defense.

But he strongly hinted that if all other measures fail, he will ask the Security Council to authorize stronger action.

Nothing down—It's Mr. Bank Financing
Hoover's Garage
600 E. 3rd AM 4-7464

Picture of a Pontiac

Picture of competitive car that holds its value better than Pontiac

(if you've got the idea that owning a Pontiac is not only fun, but smart, you're right)

SEE YOUR AUTHORIZED PONTIAC DEALER FOR A WIDE CHOICE OF WIDE-TRACKS AND GOOD USED CARS, TOO
