MAN APPARENTLY DEAD FOR YEAR OR MORE

Unidentified Body Found In Pasture Near Here

The body of a man, believed to have been dead for at least eight or nine months, was found Saturday afternoon sprawled in a Martin County field just west of the Howard County line.

Merritt, chemist with the Department of Public Safety, Midland, pointed to two cracks in the skull. Arrington Funeral Home took the body to Midland where a pathologist from the DPS will conduct an autopsy.

into the field to plow under a heavy growth of sorghum alum. It was said the land is in the soil bank and has not been farmed in some years.

best possibility of identifying the body rests with the discovery of engraved serial numbers of dentures found at the scene.

Travis R. Hicks. The records show that Hicks was a resident at that time of Denver City and was born in 1925. He was discharged early in November 1961, and the hospital has heard nothing further from him since that date.

bandage which was taken to indicate the victim had weak ankles. The shoes, rubber soled, were in advanced state of decay.

clump of sorghum about 30 feet from the fence. It would not have been normally visible to any one passing on the road.

Where Unidentified Body Was Found

Officers watch as DPS Chemist Wayne Bennett, man found Saturday just west of Howard County line in Martin County.

U.S. Gathering Evidence That Cuba Fired On Plane

WASHINGTON (AP) — Authoritative sources said Saturday the U. S. government has strong evidence of Cuban shooting at a U. S. Navy plane Thursday, but no photographs.

keeping a close watch for Soviet shipments to Cuba, and the American plane swooped near for a closer look.

and the crewmen presented no pictures of the shooting. The guns were not using easily seen tracer bullets, the fliers acknowledged.

ROUTINE FLIGHT State Department press officer Joseph W. Reap stood by the White House announcement and denied Castro's renewed charge of aggressive designs by the United States.

Also, the U. S. plane was not outfitted with photographic gear.

While their exact distance from the ships was not released, the airman were said to have been close enough to see seamen using the shoulder fittings of guns about 20mm or 50-caliber size mounted on the decks of the boats.

Area Hit By Encephalitis

ST. PETERSBURG, Fla. (AP) — Pinellas County health authorities reported nine new cases of sleeping sickness Saturday, bringing the total to 120 in the county.

Meanwhile, a number of other cases have been reported outside Pinellas County. The unofficial count is 19 suspected cases with 2 suspected deaths.

U. S. officials were inclined to assess the shooting as a spur-of-the-moment response by Castro seamen keyed up by their leader's repeated allegations of U. S. aggression and tense from last week's shelling of a Havana suburb by anti-Castro exiles.

Newcomers got a fair sample of the capriciousness of West Texas weather with passage of Friday's front. First there was blistering heat, then a nice little wall of sand, then rain and a delightful mid-60 degree readings, all within about 12 hours.

Pinellas County has one of the heaviest bird populations in the state, because many retired persons feed them as a hobby.

They were selected by Carroll Davidson, chamber of commerce manager; Mayor George Zachariah and Mrs. Larry Crow, wife of the Big Spring city manager, from 25 youngsters nominated for the honor. There were 15 girls and 10 boys in the original group.

The high school Bible Class Fund is now about two-thirds of the way to its minimum goal. Response in recent days has been quickening, and if the tempo can be stepped up this week, perhaps the appeal can be closed out.

However, it was not known what species of bird is the carrier of the virus.

The most destructive typhoon to hit Hong Kong in a quarter century.

Saturday officers appealed to the public for help in solving the brutal fatal beating of Stanley Williams, retired farmer. Just any shred of information, however seemingly insignificant, will be appreciated and thoroughly checked. Some intruder first beat Mrs. Williams after entering their home, then turned savagely on Mr. Williams.

TO YOUNG PEOPLE: That popular Herald feature, "The Megaphone" — a page about young people and school activities throughout this area — is resuming publication today, after a summer recess.

ATHENS (AP)—Vice President Lyndon B. Johnson discussed sensitive U. S. aid problems with Greek leaders Saturday, then ventured into the countryside to eat lamb on a spit, taste local wine and dance with girls in native dress.

Holiday Deaths Climb Toward Grim Estimate

Table with 2 columns: Category and Count. Traffic 148, Boating 8, Drowning 7, Miscellaneous 24, Total 187.

Deaths on the nation's roadways continued a swift rise toward a predicted record Saturday as the Labor Day holiday was one-third gone.

The National Safety Council said the death toll "is running ahead of any previous Labor Day weekend including the 1951 record of 461. The toll is running 20 per cent ahead of last year."

RAIN HAZARD Twenty-two persons perished in four crashes in Arkansas, Minnesota, West Virginia and Nebraska, swelling the total early in the holiday.

Widespread rain from New England to the southern Great Plains added to the normal hazards of holiday driving.

The council said more than 300 persons may be killed unless the trend is reversed.

RECORD OF 461 The record traffic toll for a Labor Day weekend was 461 in 1951. Last year's toll of 326 marked only the third time in 12 years that the count dropped below 400.

For comparative purposes, the Associated Press made a nationwide count of accidental deaths in the 78-hour non-holiday period from 6 p.m. local time Friday, Aug. 17 to Monday midnight, Aug. 20. There were 256 traffic deaths, 43 boating fatalities, 54 drownings and 85 deaths from miscellaneous causes for a total of 438.

Herbert Hoover Is Recovering

NEW YORK (AP) — Former President Herbert Hoover, recovering after the removal Tuesday of an intestinal tumor, continued to improve today.

Columbia Presbyterian Medical Center said, "He had a more restful night and is stronger."

Union Loses In Odessa Election

ODESSA (AP) — The Allied Stoneworkers and Operating Engineers lost a union representation election Saturday at the Rexall Chemical Co. here. The vote against the union was 60.

The union includes engineers and laborers.

37 Dead, Many Homeless After Hong Kong Typhoon

HONG KONG (AP) — Typhoon Wanda swooped down on this refugee crowded British colony Saturday and in a few nightmarish hours left at least 39 persons dead, 13 missing, 397 injured and more than 10,000 homeless.

Wanda churned Hong Kong's usually placid picture-postcard harbor into a raging cauldron that sent three ocean-going freighters aground, tore seven others loose from their moorings and swamped or sank uncounted hundreds of sampans, junks and other small craft.

Algeria Nearing All-Out Civil War

Almost Too Much

The honor of being named Miss Delta at the Webb AFB Youth Fair Saturday night was almost too much for Jackie Poole, and she wept for joy.

Youth Fair Boosts Activities Fund

Webb AFB youth activities fund stands to be at least \$1,000 richer after Sunday night as a result of its highly successful "Youth Fair" Saturday and Sunday nights.

Highlight of the first night was the selection of "Mr. Talon" and "Miss Delta."

The winners were Ricky Price and Miss Jackie Poole. They were presented with \$25 cash prizes.

They were selected by Carroll Davidson, chamber of commerce manager; Mayor George Zachariah and Mrs. Larry Crow, wife of the Big Spring city manager, from 25 youngsters nominated for the honor.

Fair Weather Seen For The Holiday

Showers which moved into Big Spring on Friday night made a second minor invasion Saturday afternoon.

Rainfall in parts of town gauged up to 20 inch. West of here and on into Martin County, the rainfall was heavier.

Fair and warmer is the general prediction for Sunday and Monday with a high today of 90 promised and a high on Monday of 94. There may be more rain in store two or three days from now, the bureau said.

LBJ Talks With Greek Leaders

ATHENS (AP)—Vice President Lyndon B. Johnson discussed sensitive U. S. aid problems with Greek leaders Saturday, then ventured into the countryside to eat lamb on a spit, taste local wine and dance with girls in native dress.

Regulars Clash With Guerrillas

ALGIERS, Algeria (AP) — Algerian regular army forces loyal to Ahmed Ben Bella smashed into guerrilla defense positions 75 miles from Algiers on Saturday.

The clashes threatened to push this two-month-old nation into an all-out civil war.

A guerrilla spokesman of Wilaya (zone) said the Soviet-equipped army units — under orders to wrest control of Algiers for Ben Bella's Political Bureau — struck at four areas in the south and southeast in an apparent drive toward the capital.

The spokesman said army units also were advancing along the main Oran-Algiers highway from Oranville, about 100 miles southwest of here. But there were no reports of fighting there, the announcement said.

In Algiers, shabbily uniformed troops of Wilaya 4 hastily threw up sandbag and barbed wire barriers as they dug in to defend the capital. Defensive measures also were being taken in a perimeter outside this coastal city.

Ben Bella's Political Bureau had called on the 45,000-man regular army and loyal guerrillas to move on Algiers and restore order.

The guerrillas, under the command of Col. Si Hassan, declared they would never attack their military brothers, "but we will oppose the installation of a dictatorship with all our strength."

Some 30,000 men of the Soviet-equipped regular army were known to be poised south and west of the dissident guerrillas' territory.

New conciliation efforts had begun. Tension eased in Algiers. Both sides observed a kind of tacit truce in the psychological warfare they have waged with news conferences and warlike communications for more than a week.

Their military forces remained alert, but no leader on either side seemed ready to give an irrevocable order for action.

Talks Resumed In Railroad Strike

CHICAGO (AP)—A government mediator, striving for a Labor Day weekend settlement of the telegraphers strike on the 10,600-mile Chicago and North Western Railway, got both sides into negotiations Saturday and reported the talks are proceeding on a friendly basis.

The mediator, Francis A. O'Neill Jr. of the National Mediation Board, said no great progress was made at the session but that both sides had agreed to resume negotiations Sunday.

O'Neill said recommendations made in April by a presidential emergency board set up to study the controversy were the chief point of discussion Saturday. The board recommended the telegraphers union withdraw its demand that telegraphers jobs be frozen at the 1957 level but that the railroads should adopt a comprehensive program of protection for displaced workers.

(See THE WEEK, P. 8-A, Col. 1)

**A Gold Cup For An Ideal Cup**

Mrs. Deloris Teichman receives award from Coffee Brewing Institute's Southwestern Representative H. G. (Bill) Sheppard at the Greyhound Post House Friday. She brewed the ideal cup of coffee.

### Gets Plaque For Ideal Cup Of Coffee

If a person wanted to know what an ideal cup of coffee tastes like, he can now find out. Mrs. Deloris Teichman, manager of the Greyhound Post House, brewed one and received the Coffee Brewing Institute, Inc., Golden Cup plaque this week.

"We just brewed some coffee and sent a sample to the institute and they wrote back and said it passed requirements for the ideal cup," she said in answer to how it was done.

A letter from the institute to Mrs. Teichman said her samples measured up to standards, and that she would receive the Golden Cup award. The golden cup and saucer are attached to a plaque which may be displayed in the cafeteria.

Along with the plaque came samples of napkins, place mats, coasters, waitress caps, and the Golden Cup cap to be worn by Mrs. Teichman.

The Coffee Brewing Institute, New York, sets certain standards for "perfect" coffee and encourages coffee servers to strive for the standards.

The plaque was the first to be awarded in Big Spring.

### Rotan Voters Pass Bonds

Rotan voters Friday approved a \$900,000 bond issue, opening the way for securing water from the City of Snyder.

The combination tax and revenue bonds were approved 446-27 by voters in the Rotan Municipal Water Authority. Rotan voters approved a city contract with the district by a 431-22 margin.

Plans call for a 12-inch line from the treatment plant in Snyder to Rotan's Camp Springs well field. An 8-inch line will be run from that point to Rotan to supplement the existing 6-inch line. Snyder secures its supply from Lake Thomas, the Colorado River Municipal Water District reservoir.

### Harve Clay Sells Business He Has Operated Since '29

After more than three decades of continuous ownership, the No-D-Lay Cleaners has changed hands.

Harve Clay, who has operated the concern since 1929, announced that he had sold the business, effective Saturday, to Ralph L. Metcalf. The Metcalfs have been operating the DeLuxe Cleaners at 501 Scurry.

Beyond taking a long rest and "going fishing," Clay has no immediate plans, but he doesn't envision permanent retirement. He and Mrs. Clay plan to use some time catching up on visiting their daughter, Mrs. Robert Vance, and

### Catholics Set Dates For Annual Autumn Festival

The fourth Annual Fall Festival of Immaculate Heart of Mary Church will be held on the church school grounds Sept. 15. The Rev. Francis B. Beazley, pastor, and Bert Andries, general chairman of the committee, have extended an invitation to the public to attend.

As in years past, the principal attraction of the festival will be the barbecue. Also included in the entertainment will be prizes such as a Polaroid Camera, typewriter, 20 books of trading stamps, luggage, bicycle, golf cart and an electric razor.

Other features, aimed at providing amusement for all age groups, will include a food-stand, soft drink stand, penny pitch, bottle throw, grab bag, fish pond, cake walk and country store. The country store will have home-canned food products and handmade merchandise donated by ladies of the church.

Festival officials have pointed out that the grounds will be opened at 4 p.m. Serving hours for the barbecue are from 6 to 8 p.m. Admission to the festival

### Mitchell Pioneer Reunion Slated For Sept. 21

COLORADO CITY — Mitchell County's Old-Timers Reunion will be held at the Museum here September 21.

Official notice of the annual gathering went into the mails this week. Details of the program were not immediately announced, but the county's pioneers will be asked to meet at 9 a.m. and a day of visiting and entertainment will be arranged.

Mrs. Etta Doss Motley is president of the Old-Timers this year.

### Follows Mother

JUNCTION (AP)—Because she wanted to graduate from the same high school as her mother, Miss Leslie Douglas of Richmond, Va., has enrolled in high school here. She is spending the school year here with her grandparents, Mr. and Mrs. H. D. Henderson. Her mother is Mrs. W. A. Douglas.

two grandchildren in Nashville, Tenn. Coming here in January of 1929, Clay operated a cafe until he bought the cleaning establishment in December of that year. He operated at the same location in the 200 block of Main Street until 1953 when he erected the modern plant at E. 5th and Johnson.

For more than three decades he has been a member of the Kiwanis Club here, and in 1956 he served as president. He also is a former member of the Big Spring city commission, an elder in the First Christian Church, and during World War II served as mess sergeant for the Texas State Guard Company.

### Beauty Winner Visits Club

Miss Big Spring, Lana Lewis, and her escort to the Miss Texas Beauty Pageant in Fort Worth, Mrs. Jim (Clara) Zack, made appearances before members of the American Business Club at the Settles Hotel at noon Friday.

Mrs. Zack urged members of the club to lend their support to future Miss Big Spring contests. Mrs. Zack said that the two had to adhere strictly to the policies governing all entries in the contest, but, though the regimen was exacting, it proved to be one of the most rewarding and memorable experiences of their lives.

Miss Lewis, who is the daughter of a club member, Jim Lewis, gave highlights of the eventful schedule provided for the Miss Texas entries leading up to and including the contest itself.

The two were presented to the group by program chairman Richard Hughes.

An attendance contest started with the Friday meeting and the biggest turnout of members in many months was present. The contest will extend for nine weeks and closes Nov. 8. The winning teams will be treated to a party the evening of Nov. 8 by the losing teams.

Team captains in the contest are Dr. Harold Smith, Bill Emerson, Doyle Thomas, Morris Robertson, Guy Chapman, Charley Houston, Richard Hughes and Max Green.

Friday was also Ladies Day at the club and Mrs. Jerry Mancill received a prize in a drawing. Tom McAdams was re-instated as a member.

Among guests presented were Leo Hull, Justin Allen Holmes, Mrs. Bill Bradford, Mrs. Tom McAdams, Mrs. Coy Nalley, Mrs. Roy Reeder, Mrs. Bob Rogers, Mrs. Milas Wood, Mrs. Bill Emerson, Mrs. Don Anderson, Mrs. Tom Conway and Mrs. Elmo Phillips.

### Local Parochial Schools To Begin Work Tuesday

Local parochial schools, as well as a number of area public schools, will open their doors Tuesday for first classes.

Schools at St. Mary's Episcopal Church and Immaculate Heart of Mary Catholic Church, in addition to the Big Spring Christian Day School, will begin classes Tuesday morning.

St. Mary's officials are expecting around 50 kindergartens and first grade students to participate in the school this year. Two kindergartens classes have been organized, and one first grade will be taught.

Some 150 kindergarten through fourth grade pupils will attend classes at the Catholic parochial school.

Classes will begin Tuesday morning for public school students

in the Lamesa Independent School District, Sands Independent School District, Coahoma district, Center Point common school district, Flower Grove and Grady school district, and in Glasscock County. In all of them except Glasscock, cafeterias will operate that day and buses will run. In the Glasscock (Garden City) district, students will register Tuesday and receive first assignments, but classes will be dismissed early and the cafeteria will not serve until Wednesday. Buses will run Tuesday.

The Lamesa district is expecting an enrollment of 4,100, while Coahoma expects a 10 per cent increase over last year, bringing the total to 750 or more. Sands officials predict around 450 students.

### Idea Moderators Are Announced

LAMESA (SC)—Moderators for a series of progress forums that will be conducted here Sept. 12-14 under the sponsorship of the Chamber of Commerce, have been announced by Henry Norris, chairman.

Moderators include Ray Renner, high school students; Walter Buckel, high school faculty; J. D. Dyer Jr., retailers and wholesalers; Bob Crawley, women's forum; Tim Cook, trades and services; Bill David, farm and ranch; Skeet Noret, professional; Lloyd Cline, employes.

### New Birth Record

LAMESA (SC) — Seventy-four Dawson County births in August set an all-time record, exceeding by four the previous record, set in September 1961 and May of this year. Four of August's 14 deaths were caused by automobile accidents.

**To Be Nuns**

Viola and Yolande Gamba, 19-year-old daughters of Mr. and Mrs. Elias Gamba of 609 NW 5th St., leave Monday for Huntington, Ind., where they will enter the Lady of Victory Catholic convent. They plan to become missionary nuns. The two graduated from Big Spring High School last May, at which time this picture was taken.

### Army Men Guests

Mr. and Mrs. Walt Davis, 1502-B Sycamore, have Norman Gene Spangler and Richard Spangler as their guests over the weekend. Norman has just been promoted to Army Spec. 4. and will

be assigned to Fort Sam Houston in San Antonio. Richard Spangler, who is a graduate of Big Spring High School, has just completed his basic at Fort Leonard Wood, Mo. and will also be stationed at Fort Sam Houston.

### SCIENCE AND THE BIBLE

By T. H. Tarbel, preacher Church of Christ, 500 West Highway 50 P.O. Box 1282

None of the statements and claims of the Bible has been proven unscientific. The French Academy of Science published in 1861, fifty one "facts" in contradiction to the Scriptures; but these so called facts are all rejected by scientists today.

Only a few years ago, skeptical scholars said that if Moses ever lived, he could not have written; but recent discoveries show that Moses lived in a civilized land with a well developed language and writing system.

Examples like these could be multiplied. Science will not destroy the basis of our faith. When they

seem to do so in some particular, and are given more time, the Bible is acquitted always. This has happened so consistently, that we know what to expect. "But the word of the Lord endureth forever." (1 Pet. 2:25)

Build your spiritual house upon the solid rock of God's eternal word.

Be with us today. Sermons: "A Strong Church" (10:30 a.m.); "The Apostles and the Apostolic Church" (7 p.m.). —Adv.

# Mammoth Interstate Highway System Due For Completion In Ten Years

AUSTIN — The largest single construction job ever undertaken by man will be completed within the next 10 years.

The National System of Interstate and Defense Highways, with only 1.2 per cent of the total U. S. highway mileage, is expected to carry more than 20 per cent of the nation's traffic over its 41,000 miles of expressways. To pay for the project, the Federal Aid Highway Act of 1956 provided for federal appropriations to total nearly \$37 billion. The states pay 10 per cent of the total \$41 billion cost, as against 50 per cent of the cost of state-numbered and U. S. highways.

No longer the largest state, Tex-

as is being shrunk still further by the construction of the Interstate Highway System. Soon it may be possible to drive across Texas in nine hours from north to south, 12 hours from east to west without breaking the speed limit, according to Fred Ingerson, writing in the forthcoming issue of the "Texas Business Review."

Upon completion of the system, Texas will have 3,027 miles of Interstate Highways, more than any other state in the union. The system will crisscross Texas from Galveston to El Paso, from Laredo to Texarkana, and through Amarillo in the Panhandle. With 1,000 miles already open to traffic, Texas' completion record of

36 per cent is ahead of the 33 per cent national average to date. An additional 273 miles are now under construction in Texas, and further mileage is in right-of-way acquisition and engineering stages. Progress has been rapid enough that the Texas Highway Department has already moved its completion target date up one year, to 1971.

By the completion date, the 3,027 Interstate miles in Texas will have cost an estimated total of \$2,141,443,000. As of June 12, 1962, remaining work in Texas was expected to cost \$1,174,494,200. This indicates that about \$966,948,800 has already been spent in the state on fully com-

pleted roads, miles under construction, and miles in preliminary stages.

The impact of this huge construction project on the state's economy has been enormous. Each \$100,000 of the \$2-billion-plus spent on the system in Texas will produce nearly 10,000 man-hours of labor at the site and over 11,000 man-hours of off-site labor for production of equipment and materials. Besides this 27,000 man-hours of direct labor, some 28,000 man-hours will be required to produce goods and services consumed by the men directly employed.

An economic stimulus even stronger than all the direct and

indirect highway expenditures will come through development of new commercial and residential enterprises adjacent to the highways. The advantages gained by private and commercial users of the Interstate System are manifold.

With such features as direct multilane routes, no railroad and few highway crossings at grade, and no stop lights, drivers can average near the legal speed limit from border to border. They will rarely have to slow down, never have to stop, except for their own convenience. Many miles of Texas Interstate Highways are designed for speeds

more than twice the current limit.

The controlled access, grade separations, medians, and acceleration lanes on the new highways save more than time for motorists. The U. S. Bureau of Public Roads estimates that 5,000 lives will be saved each year by the safety features being built into the Interstate System. Texas has a higher death rate on its highways than the national average and thus stands to benefit disproportionately from the improvement. If the new system saves 5,000 lives a year in the nation, 300 to 400 of these should be in Texas.

Texans will realize further savings in the form of reduced operating costs on the Interstate System. Driving is likely to cost as much as two cents less a mile for the average motorist and at least five cents less per mile for truckers as the more direct routes are established and stop-and-go driving is eliminated.

Cities with busy downtown shopping areas will be relieved of much of the unprofitable through traffic that probably contributes more to congestion than to commerce. Smaller cities (50,000 and under) feel that they have lost business that formerly came from travelers attracted by easier parking and better maneuverability than the larger cities afforded. The smaller towns are stepping

up their advertising to entice transient traffic off the super-highways that bypass their commercial districts.

Besides the business benefits coming in the form of new roadside establishments and reduced downtown traffic, the Interstate System is already raising real estate values by opening new sites for homes and industry within easy and quick commuting range of city centers. The intercity mobility facilitated by the system is also fulfilling a defense function, as it connects strategic production areas and defense installations. It is designed to handle large volumes of military traffic in time of emergency.

## J. V. (Pete) Fuglaar Dies Here After Long Illness

J. V. (Pete) Fuglaar, 32, a figure well known in area athletics, died at 5:30 a.m. Saturday in a local hospital following an illness of several months.

Funeral services will be conducted at 2 p.m. Monday at the First Baptist Church with the Rev. P. D. O'Brien officiating, assisted by the Rev. R. L. Folk. Interment will be in the Big Spring City Cemetery beside the grave of his father, under the direction of the Nalley-Pickle Funeral Home.

Fuglaar attended the Big Spring public schools and graduated from the local high school in 1947. He attended Schreiner Military Institute at Kerville for two years, Howard Payne College in Brownwood for three years and the University of Texas for one semester.

He received his bachelor's and master's degrees from Howard Payne College.

He played guard on the local high school football team but received one of his biggest thrills when he was permitted by his

coach, John Dibrell, to switch to fullback for one game.

He was outstanding as a football lineman at both Schreiner Institute and Howard Payne.

After graduating from college, he coached in the Floydada school system for three years, at Goliad Junior High in Big Spring during 1960-61 and served as an instructor at Schreiner in 1961-62.

For a time, Fuglaar was employed at the Howard County airport after leaving the local school system.

He served in the Korean conflict from June, 1952, to July, 1954—a total of 22 months. He had been a member of the First Baptist Church since he was a small boy.

At the time of his death, he was living with his mother, Mrs. V. W. Fuglaar, at 1008 E. 12th St. He also is survived by a brother, John Slay Fuglaar, Big Spring. His late father was an independent oil operator, and the late Jess Fuglaar, a football immortal here during the '20's, was his uncle.

Palbearers will be Ike Robb, James Brooks, Joe Merrick, Wendell Strahan, Dr. Wesley Strahan, Paul Schaeffer, Jim Bill Little and Murph Thorp.

J. V. (PETE) FUGLAAR

### Forsan Service Club Honors Boys

FORSAN (SC) — The Forsan Service Club held a dinner Thursday night in honor of the high school football team and its new head coach.

Assistant coach James Blake introduced the new coach, Oscar Boeker, who in turn introduced each of the 19 football players present.

Club president Mack Alexander presided and welcomed Boeker and R. L. Hicks as new members. Forty-five members attended.

Shows Sketch

The Rev. J. E. Whisenant, pastor of Trinity Baptist Mission, shows the architect's drawing of the completed church. At present, two buildings have been erected on the 2½-acre lot in the Lockhart

Addition in southwest Big Spring. The Mission has been holding services for the past year, but it will hold an organizational meeting today at 2 p.m.

## Mexico President Outlines Program To Help Farmers

MEXICO CITY (AP)—President Adolfo Lopez Mateos said in a State of the Union address Saturday that the June visit of President Kennedy opened a new era of understanding with the United States.

The message opened the 45th congress and emphasized a need to help small farmers. He promised sweeping help, including crop insurance, to ease economic problems of restless campesinos.

Lopez Mateos also brought out these major points:

1. The economy is sound, the peso firm, and with \$417 millions in the Bank of Mexico and \$345 millions backing of the International Monetary Fund and the Export-Import Bank, "Our money's firmness is guaranteed."
2. Mexico's relations with Cuba are "normal." He reiterated his stand that the Cuban people

should decide their own fate without foreign intervention.

**DENIES NEUTRALITY**

3. He denied Mexico was neutralist in its foreign policy, and expressed hopes the big powers would settle their differences before civilization is destroyed in a nuclear war.

4. He said he had been invited to visit Asia—referring to reported tours of India, Japan, Indonesia and the Philippines—and said he would ask permission of congress to accept at the appropriate time.

5. Sweeping improvements in health and education, and announcements of new schools, hospitals, highways and other public works projects were reported.

He spoke at length about Kennedy, and said conversations with him reflected similar goals and ideals.

The Mexican president praised Kennedy's promise of continued cooperation to fight hunger, misery, ignorance and social injustice in the hemisphere.

**CHAMIZAL**

He said that, of top importance to Mexico, was Kennedy's promise to help solve the Chamizal controversy—the disputed spot of land in El Paso.

Lopez Mateos said nothing would further contribute to U.S.-Mexican friendship than a solution of this dispute. He promised no steps would be taken here without the approval of the Mexican Congress.

Lopez Mateos made it clear that Mexico's stand on Cuba has not altered, despite the Punta del Este vote that Cuba's Communist regime was incompatible with the rest of the American nations.

Most of the address was on domestic subjects, agrarian reform, and declared campesinos should have a better way of life. He suggested no legal change in the agrarian code, as many had expected.

**DESERVE BETTER**

He said farmers and farmhands are Mexico's greatest industry and source of income, but that

they deserved a better standard of living.

He said a new farm and livestock insurance plan is being worked up and will become effective shortly. It is to protect against crop and livestock losses through drought, sickness and other causes.

Better credits were also mentioned, plus sweeping government aid in many fields.

Lopez Mateos said he was not satisfied with farm production, which he termed "very low." He said it must be improved through modern techniques, better cultivated lands, diversification of crops, and better prices for products.

**THREE-HOUR SPEECH**

His three-hour speech touched on the importance of tourism in the said major new plans will be announced soon to promote more travel to Mexico; foreign investments, which he said Mexico needs and welcomes under its own laws; the Latin American common market, which he said will boost Latin trade tremendously; and a promise the government would continue investing in Mexican enterprises when necessary.

## West Berlin Holds Allies' Guarantee

BERLIN (AP) — Mayor Willy Brandt told Berliners Saturday the Big Three Western powers will not use force to pull down the Communist wall through their city.

"The real guarantees have always just been for West Berlin," he said in a recorded radio address. "Whether we like it or not, never has a Western statesman—let alone an Eastern one—ever given a guarantee for the four-power status of all Berlin."

After World War II, the United States, the Soviet Union, Britain and France divided the former German capital into occupation sectors. They were to rule jointly, but this soon broke down. The Soviet sector became East Berlin, the three Western sectors became West Berlin.

**STILL EXISTS**

The Western powers, however, insist that legally the four-power status still exists. They point to the right of soldiers to move back and forth without interference and to continued Soviet participation in the Berlin/Air Safety Center.

"Berliners have always had a sense of realism," the West Berlin leader said, "and they have

always been sober. They want a four-power status, but they expect no miracles."

By the same token, Brandt went on, the Russians have no more rights in West Berlin than the West has in East Berlin.

The U. S. Army has emphasized that point by insisting on escorting Soviet armored vehicles that enter West Berlin.

U. S. Army sedans Saturday placed themselves at the head and tail of a Soviet convoy of jeeps and armored cars taking the relief guards to the Russian War Memorial in the British sector. The pattern was changed slightly from Friday's.

The Russians then put jeeps in front of and behind their three armored cars as if to say the U.S. escort was unnecessary. The American sedans went along just the same, crowding in between the Soviet escort vehicles and the armored cars.

The realignment Saturday to place American sedans both fore and aft apparently was intended to show the U. S. Army was escorting the whole convoy.

To Russian protests that an

American escort was unnecessary, U. S. authorities said that all armored units—including American—travel West Berlin streets only under escort.

### Howard Payne Gets Big Endowment

BROWNWOOD—A gift of \$100,000—an endowment to be used for faculty increments—has been given to Howard Payne College by Mr. and Mrs. William Fleming, Fort Worth, "to help undergird one of our Baptist schools that is making a valiant effort to maintain the great Baptist tradition."

"The Howard Payne Board of Trustees has accepted, with gratitude, this generous gift from two friends who are leading in the program to strengthen Texas Baptist schools as well as other important phases of work of the Baptist General Convention of Texas," said Dr. Guy D. Newman, HPC president, and Dr. A. Donald Bell, executive vice president.

The money is invested in a high revenue bearing fund administered by the Baptist Foundation of Texas. Dr. Newman explained, and the revenue to be received by the college is designated for "faculty augmentation." It may be used to help build Howard Payne's faculty through addition of teachers in vital academic areas, increased salaries for teachers and faculty increments.

**Motel Planned**

BALLINGER (AP) — A Red Klutts Hamilton rancher, has bought a 3-acre site two miles west of Ballinger on U.S. 67 and is to build a 25-unit motel costing \$125,000. Klutts formerly was of Coleman.

**Irishmen Say They're Best Hole-Diggers**

WOMBWELL, England (AP) — A 39-year-old Irishman challenged the world Saturday to produce a team that could beat a group of his countrymen in a hole-digging match.

Works contractor Patrick Burke described as dawdling the 46-minute unofficial world record for digging a hole six-feet square and four-feet deep.

"Only Irishmen can dig holes really quickly," Burke said in an interview.

Burke announced he is writing to a band of British hole diggers in nearby Lincolnshire during their formal try to take on his champions in the first recorded international contest of its kind.

His letter will go to Frank Johnson, landlord of Eilers Tavern in the Lincolnshire village of Epworth where hole digging as an organized sport began recently.

It all started over several pints of ale in the tavern, where Alfred Brown, a husky digger of local holes for septic tanks, boasted to a friend he could dig a hole "in this floor and bury you in 15 minutes."

There was a prompt response from seven of his companions and Johnson shepherded the contestant diggers to a field in back of the tavern, where all agreed the soil is extremely fastdigging.

Three men, using spades, tied for first place, each digging the required six-foot square, four-foot deep holes in 46 minutes. The other four used shovels.

Word of the Epworth match oozed northward until it reached the ears of Burke and the 30 or 60 workers he employs.

Burke said he intends suggesting to Johnson that three or four of his best men line up against the English diggers of Lincoln. He thinks all should use the same size spade—or shovel.

"But why do they want to dig holes in the first place?" a reporter asked Burke, who settled in England from his native County Mayo 25 years ago.

"Because they're not there," he replied.

**Carrier Air Conditioning and Heating**

We've just been appointed dealers

Because so many people in this community want to air condition their homes or businesses, we set out to provide the best money can buy. Today we are honored to announce our appointment as franchised dealers for Carrier Air Conditioning—backed by the skill and know-how of the great institution that founded the air conditioning industry over forty years ago.

This important news means that we now offer a complete line of Carrier Weathermakers—the most compact and efficient self-contained unit ever built for air cooling, dehumidification, air cleaning and circulation. Our new connection also provides expert advice on the installed air conditioning of larger spaces.

Whether you plan to air condition your home or business—tomorrow, or in the near future—it will pay you to talk it over with our engineering experts now. We're as close to you as your telephone—ready, willing and able to give you every help.

## 1,600 Planes Taking Part In Mock Combat

WASHINGTON (AP) — More than 1,600 jet interceptors and bombers will engage in mock combat over a 14-million-square-mile arena Sunday in "Exercise Sky Shield III."

This will be a training exercise for the North American Air Defense Command's manned fighters and missile defense (by simulation) against bombers of the Strategic Air Command. None of the participating planes will carry nuclear weapons, the Defense Department said.

It is intended to prove neither that the SAC attacking force nor the NORAD defending force is better.

But it will prove one thing: that the civilian economy of the United States and Canada can get along without commercial air transportation for 5 1/2 hours. Beginning at 2 p.m., all commercial and private aircraft in 49 states and Canada will be grounded, while the sky is turned over to the vast training exercise of the two countries' military.

Hawaii will not be affected and the grounding period in Alaska will be only 3 1/2 hours.

Grounding of all but participating military aircraft is necessary because the fighters and bombers will be using electronic counter measures against radar and communications. Radar and radio are vital in the navigation of commercial and private aircraft.

For the 5 1/2-hour period, more than 1,800 commercial flights in the United States and about 130 in Canada will be grounded. In addition, hundreds of flights normally made on a Sunday by private fliers will be impossible.

While the exercise area reaches up into polar regions and far out into the Atlantic and Pacific oceans, the public will see little of the spectacle.

There will be glimpses of "enemy" bombers darting in at jet speed and low altitude to avoid radar detection and fighter-interceptors racing to meet them. But much of the action will be far up and out of sight and in remote, uninhabited areas of the Canadian North.

## Tower Looks Into Land Fuss

WASHINGTON (AP)—Sen. John Tower, R-Tex., said Saturday he will confer with Army officials next week concerning the proposed use by Ft. Hood, Tex., troops of a large area of privately-owned lands in Texas for maneuvers.

Tower said he has received protests from landowners who say Army officers have served notice selective condemnation proceedings will be initiated if they do not obtain voluntary easements for the planned October maneuvers.

He said he will ask the Army to explain whether use of the land is necessary in the national interest, and if so urge that owners not only be recompensed for damages done their property by tanks and trucks but that they be paid for use of the lands.

## TEXANS' VOTE IN CONGRESS

WASHINGTON (AP)—How Texas congressmen voted on recent roll calls:

On Byrd, D-Va., amendment, rejected 30-52, to eliminate investment credit provision from tax revision bill: For — Yarborough. Not voting — Tower.

On committee amendment, adopted 54-39, liberalizing expense account provision in tax revision bill: For — Tower. Against — Yarborough.

On committee amendment, adopted 66-20, eliminating tax revision bill's provision for withholding of taxes on interest and dividends: For — Yarborough and Tower.

On resolution, adopted 294-96, proposing constitutional amendment outlawing poll tax: For — Brooks, Gonzalez, Rutherford, Thomas, Thornberry, Young. Against — Alger, Beckworth, Burleson, Casey, Dowdy, Fisher, Kilgore, Mahon, Patman, Poage, Purcell, Roberts, Rogers, Teague, Thompson, Wright.

On Cramer, R-Fla., motion, rejected 192-221, to recommend (kill) bill giving president authority to accelerate public works programs: For motion — Alger, Beckworth, Burleson, Casey, Dowdy, Fisher, Kilgore, Mahon, Poage, Rogers, Rutherford. Against — Brooks, Gonzalez, Patman, Purcell, Roberts, Teague, Thomas, Thompson, Thornberry, Wright, Young.

## Auditions Monday

Musicians or singers who would like to audition for the Midland Symphony will have that opportunity here Monday afternoon. Dr. Lara Hoggard, director, will be at the HJC music building between the hours of 1 p.m. and 5 p.m. and would welcome the opportunity to hear instrumentalists and vocalists. Information may be had from Mrs. Douglas Wiehe at AM 9-3506.

## Noted West Texan Taken By Death

WICHITA FALLS (AP) — Relatives were informed Saturday of the death of W. B. Hamilton, 74, well known oil and cattle dealer. The Wichita Falls man was stricken with an apparent heart attack earlier in the day at his lodge in Antonio, Colo.

Hamilton was one of Wichita Falls' most prominent citizens, being a past mayor and past president of the West Texas Chamber of Commerce.

He built two of the largest buildings in Wichita Falls, The Hamilton Building and the Hamilton Parking Garage.

Hamilton was a 32nd degree Mason and a member of the Board of Trustees of Southern University where he graduated.

In 1916 he organized and was general manager of the Texoma Oil and Refining Co., which was later sold to Continental Oil Co.

## Reserves To Resume Class Work Tuesday

The Big Spring Police Reserve recruits will be back with their notebooks Tuesday night, for their third training session. The training program, which began last week, will include about 12 sessions.

The recruits will begin riding with regular police officers after the training period is completed and they have successfully passed all the exams. Each volunteer has agreed to work at least four hours each week, augmenting the police department strength by 18.

Assistant Police Chief Leo Hull is conducting the training course, calling in men from various police departments to explain their work and how it fits into the overall police department operation.

Tuesday, the recruits will hear more about the authority of the police, particularly about the laws of arrest, searches and seizures. Detective Jack Jones will discuss crime scenes, giving basic instructions on protecting the scene, locating witnesses, preserving evidence and other procedures.

Classroom instruction concerning firearms will be given by Capt. Walter Eubanks and Sgt. Robert E. Dugan.

## LeRoy Dampier Rites Monday

Funeral for LeRoy Dampier, 63, who died Saturday at 7:30 a.m. in a local hospital, will be held at 4 p.m. Monday in River Funeral Home Chapel. The Rev. A. N. Trotter will officiate, and interment will be at Valdosta, Ga.

Mr. Dampier had been ill for the past seven years. Born in Georgia Sept. 8, 1898, he had lived in Big Spring at 1201 Barnes since June, 1962.

Survivors include five sons, Talmage Dampier, Brunswick, Ga.; Lloyd Dampier, San Diego, Calif.; Herman Dampier, Du Pont, Ga.; LeRoy Dampier Jr., Spartanburg, S. C.; and Louie Dampier, Arkansas; two daughters, Mrs. Myrtle Harkrider, Big Spring, and Mrs. V.H. Oquinn, Spartanburg, S. C.; three brothers, Clarence Dampier, Fort Pierce, Fla.; Adolph Dampier, Valdosta, Ga.; and J.H. Dampier, Du Pont, Ga.; 23 grandchildren.

Things Are Humming

Things are humming along Main Street in downtown Big Spring. Pictured in the foreground are workmen getting started on the new First National Bank project. In the background, immediately across Fifth Street, the First Federal Savings and Loan building is taking shape. Together, the plants represent well over a million dollars of new commercial construction.

## No Findings In Estes Probe Expected Before Elections

WASHINGTON (AP)—Senators investigating alleged political influence in the Billie Sol Estes deals said Saturday they doubt they can hand down a verdict before the November elections.

Democratic and Republican members of the Senate Investigations subcommittee said in separate interviews they would be surprised if writing a report of findings is completed that early.

But they did not rule out the possibility.

They indicated much would depend on how long Congress remains in session and how soon the hearings can be concluded. They expect to hand down a sharply divided report.

Chairman John L. McClellan, D-Ark., recessing the hearings Friday, announced plans to call Estes as a witness Sept. 12, and said

the end of the hearings then would be in sight.

The subcommittee is investigating allegations that gift-giving Estes, who used to buy batches of \$100-a-plate tickets to Democratic fund-raising dinners, had political help in swinging farm-aid deals on which he made millions of dollars.

### MUCH GOOD

After sharp-toned quizzing of Undersecretary of Agriculture Charles S. Murphy, McClellan told the subcommittee he believes the hearings "may not turn out all the scandals that some people had hoped for." But expressed belief much good would flow from the public airing of the issues involved.

At first, Murphy obviously resented some of McClellan's sharp questions, but finally got acquainted with a fact of life—that's how the senator always runs his hearings. The showing of resentment then vanished.

McClellan did not join in partisan sparring which has marked the hearings, with Republican Sens. Carl E. Mundt of South Dakota and Carl T. Curtis of Nebraska charging the evidence showed favoritism, while Democratic Sens. Sam J. Ervin Jr. of North Carolina and Edmund S. Muskie of Maine rejected this idea.

### NEUTRAL

McClellan remained loftily neutral but asked questions that often had a bite, no matter who was on the witness stand. His sole objective, he said, was to get the truth. And against the 2-to-2 background that already is apparent in the five-man group, McClellan holds the key to the content of the majority report.

From Texas came word that Estes, the Pecos promoter who made a fortune in grain storage, cotton-acreage allotment and fertilizer deals, would ask to be excused from testifying until after his trials on fraud and theft charges.

Now in bankruptcy, he is under indictment on charges of having made extra millions by mortgaging nonexistent fertilizer storage tanks—operations which have no direct connection with his dealing with the Agriculture Department.

## Coin Show Slated Here In October

Members of the Big Spring Coin Club have announced that they will stage a coin show and display Oct. 12, 13 and 14 in the Settles Hotel ballroom and adjoining rooms. They are anticipating an attendance of more than 1,000. Dealers throughout Texas, as well as some out-of-state coin dealers, have accepted invitations to the show.

## School Clothing Needed For Poor Youngsters

Salvation Army officials said Saturday that the supply of clothing for needy children in its bins is extremely low and that many of the youngsters who came to the citadel for garments cannot be supplied.

An urgent appeal for clothing for children, suitable for wear to school, was sounded by the Salvation Army officials.

Sizes 6 to 14 are in heaviest demand. Clothing of all kinds is needed. Shoes are also needed it was said.

Anyone having wearable children's clothing they are willing to

This youngster needs clothing and R. E. Blankenship, at the Salvation Army, shows him a pair of jeans from the limited supply of clothing for children now at the citadel.

## His Choice Is Sharply Limited

## Rain-Maker Looks Toward Bigger Things

LITTLE ROCK, Ark. (AP) — Homer Berry, self-styled rain-maker extraordinary, chalked up another \$600 to his bank account Saturday, formally retired from rainmaking and said he was going on to bigger things.

He wants to air condition Chicago and drive smog from Los Angeles.

The \$600 came from 12 farmers in the Joiner, Ark., area, near the Mississippi River. They contracted with the 55-year-old retired Air Force major to bring them two inches of rain by Saturday, and they got more than two inches.

The rest of Arkansas got rain, too. Malvern had more than five inches.

But Berry took credit for the rain in East Arkansas, where cotton fields were dry. The Weather Bureau credited nature.

JUST AS HE SAID

Berry collected \$500 last Saturday from Little Rock radio station KLRA after 1.52 inches of rain fell on Little Rock at just the hour Berry said it would.

Berry said he has perfected his art and will go on to other fields of weather control. He said he is confident he can lower Chicago's temperature six degrees in summer and raise it 20 degrees in winter. But he says he has no formal contract yet.

He wouldn't divulge the secret of how he would do it. Neither would he say how he would drive smog from Los Angeles, or when.

His three immediate projects will be:

1. Preventing an early frost in Arkansas that often kills pastureland.
2. "Bringing the kiddies a white Christmas, which they don't usually have in Arkansas."
3. Preventing a late frost next spring that sometimes damages the peach crop.

Berry said he was retiring from rainmaking because people who needed rain "would worry me to death with orders." He said he was primarily interested in research.

At first, Murphy obviously resented some of McClellan's sharp questions, but finally got acquainted with a fact of life—that's how the senator always runs his hearings. The showing of resentment then vanished.

McClellan did not join in partisan sparring which has marked the hearings, with Republican Sens. Carl E. Mundt of South Dakota and Carl T. Curtis of Nebraska charging the evidence showed favoritism, while Democratic Sens. Sam J. Ervin Jr. of North Carolina and Edmund S. Muskie of Maine rejected this idea.

McClellan remained loftily neutral but asked questions that often had a bite, no matter who was on the witness stand. His sole objective, he said, was to get the truth. And against the 2-to-2 background that already is apparent in the five-man group, McClellan holds the key to the content of the majority report.

From Texas came word that Estes, the Pecos promoter who made a fortune in grain storage, cotton-acreage allotment and fertilizer deals, would ask to be excused from testifying until after his trials on fraud and theft charges.

Now in bankruptcy, he is under indictment on charges of having made extra millions by mortgaging nonexistent fertilizer storage tanks—operations which have no direct connection with his dealing with the Agriculture Department.

Members of the Big Spring Coin Club have announced that they will stage a coin show and display Oct. 12, 13 and 14 in the Settles Hotel ballroom and adjoining rooms. They are anticipating an attendance of more than 1,000. Dealers throughout Texas, as well as some out-of-state coin dealers, have accepted invitations to the show.

**Adams Avenue Ready For Paving**

Most of the curb and gutter has been installed on Adams Avenue from the Student Union building on H.C.J.C. campus east toward the drain ditch. Paving, being done by W. D. Caldwell, is supposed to be completed and opened in time for the first home football game Sept. 21.

**Highway Sealcoating Job Here Is Almost Completed**

A king-sized seal coating job on state highways and federal roads in Howard County is now nearly completed, according to Clint Kent, maintenance engineer for the Big Spring District office of the Texas Highway Department. Big Springers were made keenly aware of the program last week when the crews of the contractor, Strange Brothers, San Angelo, moved onto Third Street.

A heavy layer of asphalt, oil and gravel was laid the length of that thoroughfare from the east edge of the city to the point where Third and Fourth streets merge as a single segment of IS 20. Kent said that the contractor has already completed a similar seal coat job on US 87 from Third street in Big Spring northward to the Martin County line—22 miles. This sealcoating was on the old slab of US 87 to Fairview and on the dual slab from that point on to the county line.

The contractor is to sealcoat FM 700 for 2.8 miles from US 87 to IS 20. Also slated for treatment is 2.3 miles of Big Spring State Park Road and 14.6 miles of FM 818 (the Elbow-Lomax road).

Another item on the contract calls for seal coating of 2.3 miles on FM 461 from US 87 to the Glasscock County line. In the meantime, Kent said that Cage Brothers, the contractors engaged in rebuilding the south leg of US 87 from Fairview to Big Spring into a four-lane road, are now preparing to surface the new roadbed. Some of the road has already been primed and surfacing will be pushed ahead.

Joe Smoot, resident engineer for the Texas Highway Department, reported that priming has already been finished on at least half of the mileage of the new road and that the contractor will probably begin final surfacing next week.

**WINGS OVER BIG SPRING**

**Holiday Weekend Sliced By Sky Shield Grounding**

**BY M. A. WEBB**  
A brand new Piper Cherokee B flew into Howard County Airport at 7:30 p.m. Tuesday. It rolled off the assembly line at Vero Beach, Fla. Monday, fully loaded.

Ted McClung, airport manager, went after the new craft and flew it for Big Spring Aircraft, Inc., of which he is an official. He made the return trip of 1,430 miles in three legs, with 10 hours and 43 minutes flying time. He said he had good weather all the way.

The new Daytona white, with metallic green trim, craft has full lights, including revolving beacon, and landing light; has a full panel of instruments, including two radio receivers, including standard broadcast, and frequencies from 108.5 through 128.5, transmission with nine channels and three more possible; carpeted floor and luggage compartment; new upholstery front and rear, and about everything else a pilot-owner of an aircraft could wish for four places. The craft is powered by a 160-horsepower Lycoming engine and carries 50 gallons of fuel with a seven-hour range at from 136 to 139 miles-per-hour.

Private pilots have an invitation to fly-in to the Springdale,

Ark., municipal airport Sunday, Sept. 9. Free coffee and doughnuts will be served from 7 to 10 a.m., and Northwestern Arkansas fried chicken from 10 a.m. to 12 noon.

See the Hillbilly Sky Divers, from Neosho, Mo., during the show, the invitation says. A temporary control tower will be set up by the FAA and will transmit from the tower on frequencies of 121.5 and 118.9. The tower will receive on 121.5, 118.9, and 122.5 kilocycles. A signal light will be used for craft without radios.

Arkansas Poultry Princess Linda Riggan, will be at the airport and will award prizes for the oldest airplane, pilot, from the greatest distance, the oldest pilot, the youngest pilot with a private license. A door prize trophy will be given for the largest number of planes from any one city.

"Remember to keep your airplane out of the air from 1 to 5:30 p.m. Sunday," McClung said Friday. "The Air Force is going to be using the air for operation 'Sky Shield' No. 3, and all private and commercial craft will be grounded—crop dusters and all."

Those flying to or from other

cities for the Labor Day holidays are having to work out their schedules to get them out of the air during the four and a half hours.

The weather has been good for flying during the past week and transient traffic has been steady at Howard County. The flying club activity has been off for several days.

Webb Aero Club's three airplanes have not been as busy as usual, and the Piper Colt had only one pilot registered for the entire week—Bryan. Registered for the Cessna were Dowlearn, Small, Hitzel, Marks, R. L. Ziman, Mitchell and Frank. The Tri-Pacer drew Robinson, (2), Hartsill, Hansen (2), and Marks.

Big Spring Flying Club members signing were: Cook (5), Porter, Thomas, Clark (2), Ward, Brock, Norton and Thomas (5), Stanley (2), Jay Lebcowitz.

The only question being asked is: "What has happened to all the girl students?"

The newest student to pass his examination for private license is Sgt. Thomas Dowlearn, Webb Aero Club. He is with the weather station at Webb AFB.

**A Loaded Panel**

Big Spring Aircraft's new Piper Cherokee B, which was flown in Tuesday night, has a full panel of instruments. Ronnie Casbeer, student and employe of the company, looks over the panels.

**NBC RADIO NETWORK  
ALMOST SOLD OUT**  
Affiliates cheer good news, praise 'leadership' for success.  
The NBC Radio network is currently 84% sold out. William K. McDaniel, executive vice president in charge of the network, told a meeting of the NBC Radio affiliates executive committee last week.  
He said latest reports from LNA/BAR, based on monitoring for July, gave NBC Radio 46% of all sponsored radio network time measured. The reports, a project of Leading National Advertisers and Broadcast Advertisers Reports, cover the ABC, CBS and NBC radio networks but not Mutual.  
Mr. McDaniel said that during July NBC Radio sold more commercial minutes within its weekend Monitor program than one network sold in its entire broadcast schedule.

# Officers Ask Public's Help In Solving Case

Do you know anything which could have a bearing on the identity of the person who caused the death of Stanley Williams?

Officers Saturday sounded an appeal to the public for help in their efforts to solve the bludgeon murder of the 90-year-old retired farmer.

Mr. Williams, fatally beaten, was found at his residence 517 N. Benton, last Sunday night. So far, officers said, the round-the-clock efforts of the past week to find his killer have failed.

Gil Jones, district attorney, said that so far every lead the officers have traced has melted away.

"We are no nearer to the solution of the case today than we were when Mr. Williams was first found at his home at 10 p.m. a week ago," said Jones.

"We need help and we believe that there may be someone in the

area who has the information which we can use to apprehend his killer."

### CHECK ALL LEADS

He emphasized that anyone who has any information, even though it may seem utterly remote, is asked to give the facts to the officers.

"We will have someone on duty from 8 a.m. to 5 p.m. daily at phone AM 4-5575," Jones said. "If you know anything which has heard anything which appears to have some connection with this case, please call us at that number."

"All information we get will be treated with the utmost confidence. Any thing we are told we will check out completely. All we ask is that the public lend a hand."

He pointed out that someone may have heard something about the case or know something related

to it which could be the key needed to unlock the problem.

"It may be that you think we already have been told whatever it is that you know or have heard," Jones said. "Call us anyway. It's very likely we do not have the information you have."

Jones said that every clue the officers have found so far has failed to pan out.

"Sheriff Miller Harris," he said, "is back from Dallas where he made a recheck of information we had which offered possibility two men in that city may have been implicated in the slaying."

The first check early this week showed the men had no part in the case and Harris' second investigation only confirmed the findings of the first trip.

"Mrs. Williams, (wife of the victim) is still too badly confused to help us. "We have tried psychiatry in our efforts to help Mrs. Williams tell us what transpired at her home last Sunday but she could not provide us with any workable material."

A man taken to Midland on Saturday for a lie detector test also failed to produce any useable information.

"We are up against a blank wall," Jones said.

"We believe someone may have the information we need to get us on the right trail. If that person will call AM 4-5575 and tell us what he or she knows, it could lead to the capture of the person who beat a poor old man to death."

# Population Of World Goes To 3.25 Billion

UNITED NATIONS, N.Y. (AP) — With the birth rate doubling the death rate, the world's population has reached an indicated 3.25 billion.

U.N. statistics published Saturday night estimated the world birth rate at 36 per 1,000 population in mid-1961, the death rate at 18 per 1,000.

The baby boom is swelling the world at the rate almost five million monthly.

At its present growth rate, estimated at 1.8 per cent, the world could touch the 4-billion mark in less than 15 years.

The figures, covered in the annual U.N. Demographic Yearbook and the latest quarterly population statistics report, indicate China may be near—if it has not passed—the 700-million mark.

The yearbook reviewed population figures, birth rates, death rates and marriage statistics for 1952-60.

The two documents brought population estimates generally up to mid-1961. The world figure at that date was 3.06 billion. U.N. officials declined to project an official figure for beyond that. But at the growth rate of 1.8 per cent an unofficial projection puts the present figure at about 3.25 billion.

Central America with an annual rate of growth of 2.7 per cent was listed as the fastest growing area. Southwest Asia was next with 2.6 per cent. Countries of northern and western Europe showed an increase of only 0.7 per cent a year.

### U.S. FIGURES

The latest official estimate of U.S. population was given as 185.8 million, as of last April 1. The annual rate of increase in the United States for the 1953-60 period was 1.7 per cent.

India's population was estimated at 440.3 million in mid-1961, the Soviet Union's at 218 million. The latter had a growth rate of 1.7 per cent, the same as the United States.

The U.S. provisional birth rate in 1961 was estimated at 23.4 per 1,000 population, down two-tenths from 1960 and the lowest in 10 years. The death rate was estimated at 9.3, lowest since 1956. This contrasted with the 36-18 world figure as well as with tropical and southern Africa's highest birth rate, 48, and highest death rate, 27.

### LOW DEATH RATE

The Soviet Union reported the lowest death rate, 7.1 in 1960, and a birth rate in that year of 24.9.

The U.S. marriage rate estimated for 1961 was 8.5, down from the 9.9 rate of 10 years ago. The U.S. divorce rate was estimated as 2.24 for 1959, the last reported.

Statistical department officials said census figures generally are understated and that official figures have only a slight margin of error.

# No Smallpox; It Was Mites

NEW YORK (AP) — Two persons suspected of having smallpox definitely do not have the disease, Bellevue Hospital said Friday.

The cases had caused a quarantine of 200 persons at Idlewild Airport where they had arrived from Brazil.

Instead of having smallpox, the hospital said, the two persons were suffering from mite infestation.

A mite is a spider-like insect that sometimes infests animals or plants.

But, before the case was cleared up, about 200 persons had been placed under quarantine. They included passengers aboard the Pan American World Airways plane and Idlewild employees with whom they came in contact.

Doctors said the rash was found on two of three children of Mrs. Erecema Castiglione of Philadelphia. The family group was returning from Sao Paulo after visiting relatives.

Mrs. Castiglione and the children, Sandra, 7; Rocco, 6, and June, 4, were sent to Bellevue Hospital.

The city has been smallpox conscious since another scare Aug. 11. It was learned then that a boy found to be suffering from smallpox in Canada had traveled through the city en route from Brazil.

# Russian Ballet Troupe To U.S.

MOSCOW (AP) — The Bolshoi Ballet Company, with 120 dancing members, left by plane today for a tour of the United States and Canada.

The tour is a part of the Soviet-American cultural exchange program. With the party was an American member of the company, Anastasia Stevens, 19, daughter of Edmund Stevens, Time Magazine correspondent in Moscow.

# To Enter Seminary

James John Mahoney, 1901 Duquoin, Big Spring, Texas, has been approved for admission to the Southwestern Baptist Theological Seminary, Fort Worth. Orientation and registration procedures for new students begins Sept. 6 and will mark the beginning of the 55th year of operation for the seminary, the largest evangelical seminary in the world.

# AMERICA'S MAN POWER REACHES FOR THE STARS

Behind the scientist in the laboratory and the engineer at the drawing board, stands the unsurpassed skill and productivity of the American worker . . . indispensable factor in America's dramatic progress into new realms of achievement.

We proudly salute Labor for its vital part in keeping America moving forward!

# LOOKING 'EM OVER

With TOMMY HART

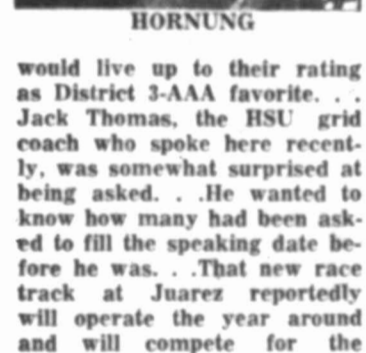

Perry Walker, who grew up in these parts, is trainer of Dan's Sugar Bars, one of the entries in that fabulous All-America Quarter Horse Futurity at Ruidoso Downs—richest horse race in the country this year. Dan's Sugar Bars is owned by Rhoades Bros., and Meek of Lovington, N.M., and was second to Big Reward in a trial heat recently. In nine starts, Dan's Sugar Bars has won two and finished second twice for earnings totaling \$2,523.

Perry is a part-time jockey. In event you've lost track of Buddy Blattner, who used to team with Dizzy Dean for a baseball television chore for one of the networks twice each week, he's now the voice of the Los Angeles Angels. Notre Dame and Syracuse may renew their football series with an annual Thanksgiving Day game, which could—in its own way—damage the prestige of the annual Turkey Day classic between Texas and A&M. Floyd Patterson will try to enter the ring against Sonny Liston the night of Sept. 25 weighing 190 pounds. The Big Spring B football team's scrimmage against Colorado City Sept. 8 will start at 9 a.m. The Steer varsity goes to Levelland that afternoon for a 4:30 p.m. scrimmage against the Amarillo Sadies. Discount the fact that the Chicago Bears lost their first three exhibition games. They were hobbled by costly injuries. They'll be tough when the regular NFL season begins. There'll be more golf shows on the TV networks this winter for a number of reasons. For one thing, golf shows are considered good buys for sponsors. The total audience isn't high because the shows aren't screened during prime time but the rates are cheaper. At the same time, they reach a certain audience. They are screened amid pleasant backgrounds, a factor most favorable to commercial messages. Sponsors can merchandise a lot on the programs because there is more inactivity than, for instance, a boxing or a football show.

## Lindsey Impressed By Sweetwater

Melvin Lindsey, the Big Spring coaching aide who watched Sweetwater in a scrimmage last week, said about all the Mustangs needed to become a standout club is a breakout runner. He added he thought that, barring injury, the Mustangs

Grings' money with Sunland Park and Ruidoso Downs. The oval, which will also offer dog racing, is being built by Johnny Alessio, who has been running the horse track at Tijuana. Ted Kluszewski, the former Cincinnati pitcher, now owns three steak houses in that city. He also does some TV work on the side. Some of the best known names in golf have been competitors in the Big Spring Invitational tournament, at one time or another. Include in that group such personalities as Billy Maxwell, Ernie Vossler, Bobby Nichols, Don Cherry and Iverson Martin. Jerry Rhome, the SMU quarterback, last year threw three more pass completions than did TCU's celebrated Sonny Gibbs in eight less attempts—yet he was destined to start the 1962 season as the Ponies' second string signal-barker. Reason: SMU is going more with a running game this fall and coach Hayden Fry reasons Don Campbell will do a better job for him in that department. Buddy Glaspie, Stanton's fine quarterback, would have had a perfect day in passing in that scrimmage against Roscoe the other day, in all probability, had not a receiver stumbled in going down on a pass pattern. Harlin Dauphin, the Stanton coach, says he wouldn't trade Buddy for any quarterback in District 7-AA.

HORNUNG

would live up to their rating as District 3-AAA favorite. Jack Thomas, the HSU grid coach who spoke here recently, was somewhat surprised at being asked. He wanted to know how many had been asked to fill the speaking date before he was. That new race track at Juarez reportedly will operate the year around and will compete for the

## Calcutta Pools Are Being Cut Out

HSU is quietly integrating its athletic teams this year, something Southwest Conference schools are apt to do within two years' time. Lewis Henson, HSU's new basketball coach, who visited here last week, says he has four boys measuring 6-feet-7 each. That doesn't mean any will be playing by the time the season starts. Bryan Adams High School, the football favorite in District 6-AAAA, is coached by Bob Cowser, who led the Longhorn league in hitting back in 1947 while playing for Sweetwater. There are ten teams in 6-AAAA, which means each team is permitted only one warm-up game. Eddie Don Harris is the only scratch player in the 158-member Big Spring Golf Association. Jimmy Newsom, Paul Mosley and Charles Bailey are members with two stroke handicaps. Joe Kerbel, the former Breckenridge mentor, will have to develop a better line than West Texas State College appears capable of fielding if Pistol Pete Pedro is to run wild on the gridiron for the Buffaloes again this year. Graduation robbed Kerbel of all but one letterman lineman. That recent pro football game in Midland grossed \$46,000—\$3,500 less than a similar promotion last year—but more sponsor

tickets were sold and the sponsoring group was able to turn over close to \$9,000 to its favorite charity. Yvon Durelle, the lightweight who was going great guns until he ran into Archie Moore, may pursue a ring comeback. He's been trying to make a buck wrestling. Don Perkins, the Dallas Cowboy back, gained more ground carrying the ball in NFL play last season than did Green Bay's celebrated Paul Hornung. Don Meredith of the Cowboys averaged eight yards a carry in 1961. Calcutta pools at golf tournaments are being cut out all over the country, due to a suggestion by Uncle Sam that he take a share of the income. A club in a West Texas city is supposed to have been all but wrecked financially when the Internal Revenue Bureau asked for a cut of the take for the past five years.

## Out Few Days

DALLAS (AP)—Mike Kelsey, first-string center for SMU, collapsed from a heat stroke Saturday on the first day of Southwest Conference football practice. Lester Jordan of the Athletic Department said Kelsey probably will be out for several days.

One Foursome In Cup Matches

Pictured above are four principals who took part in Friday's Cosden Cup matches at the Big Spring Country Club. The visiting delegation won the cup by a margin of two points but the local twosome in the above picture captured their match, 2 1/2 to 1/2. Left to right, they are Bobby Wright, Big Spring; Bill Craig, Colorado City; W. E. Ramsey, Big Spring; and Gary Littlejohn, Midland. Wright also won medal honors in the Invitational tournament with a two-under par 69.

# Martin Gets Tough; Neely Greets 71

HOUSTON (AP)—Coach Jess Neely, well pleased with the condition of his squad, sent 71 Rice footballers to the practice field in shorts Saturday for their first workout. The Owls have almost a month to prepare for their opener Sept. 29. "It looks like they all came

back in pretty good shape," Neely said. "One or two of the boys are a little heavy, but they have been that way and it looks like they are just meant to be big boys." The only squadman counted out of action this year is sophomore halfback Parry Rice who under-

went a knee operation recently. Jim Loo, halfback from Bay City, missed practice due to a recent foot operation that was required when a fish fin became embedded in his foot. Sophomore halfback candidate Jimmy Stark of Seagoville will miss the early workouts due to a recent emergency appendectomy.

## Amerson Blacks Out

HARRISBURG, Pa. (AP)—Glen Amerson, defensive halfback with the Philadelphia Eagles, was admitted to a hospital Friday night in unsatisfactory condition after reportedly blacking out during practice.

## Barnard's Team Decisions Powell Crew In Cup Tests

A. G. (Barney) Barnard waited until he arrived here Friday morning to complete the makeup of his Cosden Cup team but he made few mistakes.

Daryle Hohertz, Big Spring, over Bill (Red) Roden, Odessa. Team match split, 1/2 to 1/2. Points all even, 1 1/2 to 1 1/2.

ROY PEDEN, Kermit, over Weldon Bryant, Big Spring; Rusty Young, Fort Worth, over Earl Reynolds, Big Spring. Visitors won point in team match for 3-0 sweep.

Barnard's raiders fell behind early in the match but then all but swept the Big Spring contingent from the links.

ROY PEDEN, Kermit, over Weldon Bryant, Big Spring; Rusty Young, Fort Worth, over Earl Reynolds, Big Spring. Visitors won point in team match for 3-0 sweep.

ROY PEDEN, Kermit, over Weldon Bryant, Big Spring; Rusty Young, Fort Worth, over Earl Reynolds, Big Spring. Visitors won point in team match for 3-0 sweep.

Results: Bobby Wright, Big Spring, over Gary Littlejohn, Midland; W. E. Ramsey, Big Spring, halved with Bill Craig, Colorado City. Big Spring won point in team match. Edge to locals, 2 1/2 to 1/2.

Results: Bobby Wright, Big Spring, over Gary Littlejohn, Midland; W. E. Ramsey, Big Spring, halved with Bill Craig, Colorado City. Big Spring won point in team match. Edge to locals, 2 1/2 to 1/2.

Results: Bobby Wright, Big Spring, over Gary Littlejohn, Midland; W. E. Ramsey, Big Spring, halved with Bill Craig, Colorado City. Big Spring won point in team match. Edge to locals, 2 1/2 to 1/2.

## WRIGHT GRABS MEDAL HONORS

Bobby Wright firmed up his position as favorite in the 31st annual Big Spring Invitational Golf tournament Friday by capturing medalist honors with a two-under par 69.

Wright, who resides in Big Spring, was out in 35 and came home with a 34.

Wright, who resides in Big Spring, was out in 35 and came home with a 34.

## Oilers Nudge Texan Eleven

MIAMI, Fla. (AP)—The champion Houston Oilers headed home today with a 34-31 victory over arch rival Dallas in an American Football League exhibition game.

Quarterback Jack Lee heaved a 63-yard pass to Charles Hennigan for the winning touchdown in the final minutes Friday night before 27,530 Orange Bowl spectators.

It was a battle of quarterbacks in 80-degree tropical weather. Quarterback Jack Lee heaved a 63-yard pass to Charles Hennigan for the winning touchdown in the final minutes Friday night before 27,530 Orange Bowl spectators.

## Rain Cuts Short Drill At Forsan

FORSAN — Rain cut short a scrimmage between football teams of Sands and Forsan high schools here Friday night, after each team had crossed the goal line once.

When Sands ran the ball, Forsan fielded eleven men. When Forsan had possession, Sands used an eight-man defense.

ly by injuries, among them guard Jim Alexander, whose legs and heels bother him; H. K. Elrod, troubled with an arch ailment; David Roberson, sprained ankle; and Harry King, who has knee problems.

## Al Dark Signs New Contract

SAN FRANCISCO (AP)—Alvin Dark signed a new two-year contract Saturday as manager of the San Francisco Giants, with a boost in pay.

The former star shortstop originally signed a two-year pact for the 1961-62 seasons.

Although salary figures were not reported officially, it was believed he will receive a \$45,000 annual salary.

## Lamesan Records 299 On Maples

LAMESA (SC)—A. D. Beck of Lamesa missed having a perfect game here Wednesday when he rolled a 299 game at Lamesa Bowling Club. He was competing in the Commercial League.

Beck, a post office employee, posted 11 straight strikes before throwing the last ball and hanging the four pin. He finished with a series of 566.

Although a perfect game has been rolled in competition here, Beck is the only Lamesan to come so close to the perfect game. A North Texan scored 300 about two years ago in a travel league affair.

## Peterson Is Named MVP

SAN ANTONIO (AP)—Pennant winner El Paso dominated the all-star Texas League team with five selections, two of them unanimous choices.

# Goliad Mavericks Point For Sept. 13 Openers

The Labor Day weekend means just that for eighth and ninth grade football players at Goliad Junior High School, who are now in the midst of preparation for their Sept. 13 openers in Snyder against Lamar.

The eighth graders play at 6 p.m., the ninth graders at 7:30 o'clock that evening. In all, 65 boys answered the initial call to practice.

The Mavericks will be trying to improve upon a 3-6 win-loss record. The Mavericks eighth graders tied one and lost eight in 1961. R. E. Dodson is head coach of the Mavericks. His assistants are Jimmy Marcus, Oakley Hagood and Jack Tayrien. Tayrien, new to the staff, is a former Odessa athlete who later attended Oklahoma State University and Corpus Christi University.

The Mavericks had skull practice Saturday morning, were to work 80 boys to round out the final unit. Next practice will be Tuesday.

Runnels' first game of the season will be Wednesday, Sept. 13 when both the eighth and ninth-grade squads host Sweetwater.

The school's nine-game schedule extends through Sept. 22. Four games will be played at home.

## Lewis, Aides Greet More Than 60 At Runnels JH

Runnels Junior High School kicked off its football season Friday when more than 60 eighth and ninth graders reported for the first practice session of the season.

Lewis, who coaches the offensive and defensive backfields, will be assisted by Dan Bustamante, guards, centers and defensive linebackers; Bobby Zellars, tackles and defensive line; and Tom Henry, offensive and defensive ends.

The school's nine-game schedule extends through Sept. 22. Four games will be played at home.

## Two BS Horses In Top Event

RUIDOSO, N. M. — Two Big Spring - owned horses, B. Jolly and Merry-Bo, are entered in the Ruidoso Mile, a one-mile event with a \$5,000 purse, here today.

B. Jolly is owned by Mrs. E. C. Tucker and Mary Ann Jones while J. R. Dillard is the owner of Merry-Bo.

Seven horses are in the field. Broker's Sun and Bay Thrust are favored.

## Merritt To SMU

DALLAS (AP)—Ronnie Merritt, all-district tackle at Lee High School in Midland last year, has signed a letter of intent to attend Southern Methodist University.

Coach Hayden Fry announced Saturday, Merritt, a 220-pound 6-footer, will study engineering.

# Announces... FROM 16,000 ENTRIES!

# DRIVE SAFELY... SCHOOL'S OPEN

THE RINGING OF THE FIRST SCHOOL BELL OF THE NEW TERM SOUNDS AN ALERT TO MOTORISTS EVERYWHERE TO DRIVE A BIT MORE CAREFULLY AT ALL TIMES. TO WATCH THE ROADS AND CURBS A BIT MORE CLOSELY IN ORDER TO PROTECT THE PRECIOUS LIVES OF CHILDREN GOING TO AND FROM SCHOOL!

- COURTEOUS DRIVERS ARE LIFE SAVERS!
- OBEY ALL TRAFFIC SIGNS AND RULES!
- BE SURE YOUR CAR IS SAFE TO DRIVE!
- WATCH OUT FOR AND OBEY SCHOOL SAFETY PATROLMEN!

## REMEMBER:

CHILDREN ARE UNPREDICTABLE... THEIR SAFETY IS YOUR RESPONSIBILITY... WHEN IN DOUBT... STOP!

**Oh—For Some Snow**

Clad in bermuda shorts, 2nd Lt. Edward F. Randolph might be wishing he were wearing wool pants and standing on top of a snow covered mountain about to try out his snow skis. Looking on is his wife, Patsy, who is also a snow skiing enthusiast.

**World Travelers Are Big Spring Residents**

By PATSY BRAZIEL  
On a ship from Europe en route to the United States in 1961, two American students met and discussed their European travels during the past year.  
Edward had gone abroad with several friends and had attended the University of Munich in Germany, where he frequently enjoyed his favorite sport, snow skiing, in the Italian Alps near Cortina, Germany. His favorite city was Paris and his favorite country, Spain.  
Patsy told how she had gone abroad on a European studies program and had attended the University of Vienna during the year. She had toured most of the iron-curtain countries along the border

of the free-world and had gone snow skiing, also her favorite sport, in the Austrian Alps. Yet, her favorite city was Rome and her favorite country, Germany. So, returning home, they agreed that it was just as well they had toured Europe alone.  
Two and one half months ago, Edward and Patsy Randolph were married, and now they live at 1600 Bluebird, Second Lt. Randolph is a member of Pilot Training Class 64-B, which recently arrived at Webb Air Force Base for primary and basic jet-flying instruction. Commissioned in June, Webb AFB is his first active-duty assignment and he will be stationed here for more than a year.  
Lt. Randolph, a native of Richmond, Va., is a graduate of the University of Virginia with a BA degree. Snow skiing tops his list of sports, but he will have to exercise his interests in water skiing, golf and hunting while in Texas. Lt. Randolph is also a good performer on the Spanish guitar.  
"I like Texas very much," said Mrs. Randolph in her Georgia drawl.  
After two weeks here, she says she already feels at home in Big Spring and is looking forward to life at Webb.  
A graduate of Vanderbilt University in Nashville, Tenn., Mrs. Randolph holds a BA degree. Her major is history with a minor in psychology. Patsy shares her husband's sports interests; although she has not hunted with him. Since he has bought her a gun, she most likely will be going hunting soon.

**Ship's Clothesline**

Staterooms aboard the luxurious SS France include the clotheslines which pull out from special reels mounted in the shower stalls. This convenience may have been inspired by the habits of American passengers.

**Be Clean Painter**

When painting, slip a small plastic bag over the hand that holds the brush. It will keep you free from paint and allow air to circulate so your hand does not perspire. Plastic baggies of ideal size are available at grocery stores on a handy roll for one-at-a time use.

**The Figure Determines The Style**

"It is accepted that darker colors and unbroken lines are more flattering if you are under 5'2", and a little overweight. Your flare for style would tell that you can get away with an illusion of height and slimmness through proper fit and cut. An easement in one area can minimize a bulge. Snuggness in another emphasizes a good line."

A belt or no belt? V neck or round neck? Flared skirt or tight skirt? Choose those with the right cut for you to build a better figure. A belt emphasizes a tiny waist. But, it also emphasizes a large one unless the belt is made from the same fabric as the dress.

Fabric manufacturers are showing dark back-grounds with a choice of over-all figure designs. Some of these are eastern in influence while others are abstract. Another group draws inspiration from peasant motifs of many countries.

**Preserve Draperies**

Suds draperies often, so dirt and dinginess can't get a "toehold" on the fibers. Remove them from an automatic washer before the spin cycle so wrinkles don't get "pressed in."

Iron, if necessary, before the fabric has fully dried—but only enough to smooth it out. Hang still slightly damp, stretch seams and edges and finish drying on the rods.

**October Plans Told**

Mr. and Mrs. Loyd Hodnett, Vincent Route, Coahoma, announce the engagement and forthcoming marriage of their daughter, Nancy, to Paul Graves, son of Mr. and Mrs. Jessie Graves, Coahoma. The couple plan to be married Oct. 4 at the Vincent Baptist Church with the pastor, the Rev. Woodrow McHugh, officiating.

**Conquer Space with Ethan Allen Custom Room Plan Furniture**

Now, add living room to every room in your home... easily solve all your decorating and storage problems in any room, any size with our Ethan Allen Custom Room Plan furniture by Baumritter. Here's all the warmth and charm of fine Colonial furniture with the utility and storage space you've dreamed about.  
Open stock Ethan Allen makes homemaking easier, too—there's cabinet, drawer and shelf space for all your belongings. (Helps teach children neatness, too—because there's a place for everything!) # Cebik-Yater Vows Are Solemnized Saturday

Wedding vows were exchanged Saturday evening by Mary Helen Yater and LeRoy Bruce Cebik in a double-ring ceremony at the First Baptist Church. The Rev. Robert F. Polk, pastor of the church, performed the ceremony.

The bride is the daughter of Mr. and Mrs. C. H. Yater, Big Spring. The bridegroom's parents are Mr. and Mrs. James S. Cebik, Stratford, Conn.

Wedding music was provided by Robby Allen, who sang "The Lord's Prayer" and the "Wedding Prayer". He was accompanied by Jack Hendrix at the organ.

The bridal aisle was marked by satin bows, leading to the altar, which was banked with baskets of white chrysanthemums, snowshoe gladiolus and palms lighted by wedding tapers.

### WEDDING DRESS

Given in marriage by her father, the bride was attired in a poie de soie gown with a sweetheart neckline. The skirt was a floor-length sheath with attached side scalloped panels adorned around the sides and bottom with seed pearls. The long, tapered petal-point sleeves were of hand-applied Chantilly lace. Her elbow-length veil of tulle was secured by a crown of pearlized stephanotis, and her bouquet was also of pearlized stephanotis augmented by an orchid in the center.

For something old the bride carried a handkerchief from her paternal grandmother. Something new was her wedding dress; borrowed was a pearl ring from Mrs.

Mel Art of Mexico City, and something blue was a garter from the material of her mother's dress. She wore the groom's gift of pearl earrings.

Mrs. Frank Lawson, of Dallas, cousin of the bride, served as her matron of honor. She wore a street length after-five gown of gold metallic fabric with matching veiled flower hat and gold shoes. In identical attire was the bridesmaid, Jo Ann Horton, Big Spring. Serving as best man was Donald G. Gregory, Big Spring, while Harley R. Fritz was groomsmen. Ushers were L. P. Alexander Jr., Abilene, cousin of the bride, and Sammy Waters, Big Spring.

Dana McDaniel of Big Spring was flower girl. Altar taper lighters were Frankie Lynn Lawson, Dallas, and Sheila Yater, Big Spring, cousins of the bride. They were dressed in gold, as were the bride's attendants.

For a wedding trip to an undisclosed destination the new Mrs. Cebik wore a yellow embroidered linen suit with beige accessories. Upon their return, the couple will live in Big Spring.

The bride is a graduate of Howard County Junior College, where she was the recipient of the American Legion God and Country Award, as well as a member of Phi Theta Kappa, honorary fraternity, and Delta Psi Omega, drama fraternity. The bridegroom is also a 1962 graduate of Howard County Junior College and was salutatorian of his class. He was a member of Phi Theta Kappa and Delta Psi Omega. He is employed in Big Spring.

A reception was held immediately following the wedding in Fellowship Hall of the church. In the receiving line were the parents of the bride and groom, the bridal couple, the matron of honor and the bridesmaid.

Serving at the refreshment table

were Mrs. Wesley Yater, Mrs. Paul Miller and Mrs. Bill Draper. The three tiered white wedding cake was decorated with cascading yellow roses and lilies-of-the-valley.

Out-of-town guests were Mrs. Le Ruth Joiner, Abilene; Mr. and Mrs. Ray Myers, Colorado City; Mr. and Mrs. R. M. Myers, Snyder; Mr. and Mrs. R. C. Miller and daughter, Fort Worth.

### Mrs. Adams Is Home From Wichita Falls

Mrs. Jack Adams has returned home from Wichita Falls where she has been doing work on her Masters Degree at Midwestern University.

### Remove Scorches

If a white garment is scorched during ironing, wet a cloth with hydrogen peroxide and place it over the spot. Run the hot iron over it. The scorch comes off almost instantly. Do not use this first aid on scorched colored cloth.

### Former Resident Visits Roberts

Mrs. Peggy Kraer and her daughter, Sheri, Fullerton, Calif., were Friday evening guests of Mr. and Mrs. Joe Roberts. Mrs. Kraer is a former Big Spring resident and was employed by Cosden Petroleum Corp., before moving to California.

An informal dinner party was held at the Cosden Country Club Friday evening, at which time Mrs. Kraer had a chance to visit with former co-workers of Cosden. Mrs. Kraer and Sheri were en route home from Corpus Christi where they had been visiting relatives.

MRS. DAVID J. HENRY

## Henry-Bedwell Service Performed In Evening

Marriage vows were read for Miss Alice Faye Bedwell and David J. Henry in a Saturday evening ceremony at the St. Mary's Episcopal Church in Big Spring. The single-ring service was performed by the Rev. Donald N. Hungerford, minister of the church.

Parents of the bride are Mr. and Mrs. Luther G. Bedwell, 2508 Seminole Drive. The bridegroom is the son of Mrs. Martha Henry, Woodhaven 21, N.Y.

The sanctuary was arrayed with urns filled with large white chrysanthemums and white album lilies. The couple knelt on a prie dieu of white satin for their prayer. Satin markers were placed on the pews.

Vocalist, Miss Suzanne Compton, accompanied by Robert Phelan at the organ, presented "Ave Maria" by Schubert and "The Lord's Prayer" by Dubois.

### WEDDING ATTIRE

Given in marriage by her father, the bride wore a formal gown of Chantilly lace over bridal satin fashioned with a scalloped neckline beaded with pearls and se-

quins. She wore a waist-length veil of silk illusion. Her cascade arrangement of white Frenched carnations were placed atop her white Bible.

Miss Brenda Sanders of San Antonio, cousin of the bride, served as maid of honor. Bridesmaids were Misses Ann Willis and Neva Jean Bedwell, sister of the bride. They were dressed identically in shades of pink and white with pastel shades of silk embroidered organza over taffeta. They carried single large white chrysanthemums tied in matching satin.

Wayne L. Robeen of Michael, Ill., served as best man along with ushers, James F. Hunziker of Los Angeles, Calif., and Jackie M. Lee of Waco.

### RECEPTION

A reception was held in the home of the bride's parents following the ceremony. The couple and the bride's parents greeted guests.

The table, laid with blue over white, was centered with an arrangement of white chrysanthemums. Crystal appointments were used in serving the three-tiered

cake trimmed with blue frosted flowers.

The house party was comprised of Miss Patty Schauer, Mrs. Herschell Matthies, Mrs. C. C. Lawson, Mrs. L. Z. Gray and Mrs. Richard Arnold. Miss Zetta Long was in charge of the guest register.

Guests attending from out of town were Mrs. Alice Bell, grandmother of the bride of Dierks, Ark., Mr. and Mrs. W. B. Sanders, Mr. and Mrs. J. E. Holmes, all of San Antonio, Mrs. Alberta Adams, Odessa, Mr. and Mrs. John Badgett of Tarzan, Mr. and Mrs. Clyde Chesshire of Albuquerque, N. M., Mr. and Mrs. Leigh King of New Mexico, Mr. and Mrs. Alton Wright of Odessa and Mrs. M. Jessen of Stanton.

For a wedding trip to an undisclosed destination, the bride chose a beige sheath with black accessories and the corsage from her bouquet. They plan to reside in Big Spring.

### Elizabeth Arden

### Ardena Body Cream

Let Elizabeth Arden bring you a new, lasting luxury from head to toe—at the touch of Ardena Body Cream! With each lavish caress of this rich, flowing cream summer-parched skin becomes exquisitely dewy, supple and silken smooth. ### Bardwells Have Illinois Guests

FORSAN (SC) — Guests of Mr. and Mrs. D. M. Bardwell and sons are Mr. and Mrs. M. W. Woods, Effingham, Ill., Mr. and Mrs. Bill Wood and their daughters, Patty and Dianne, Andrews, and B. Bardwell, Ardmore, Okla. The group will attend the Bardwell family reunion Sunday in Sweetwater.

Mr. and Mrs. Ted Henry are spending the weekend in Monahans with his brother and family, the Lawrence Henrys.

Mr. and Mrs. C. L. Draper will vacation for the coming two weeks in Indio and Sacramento, Calif.

### Dishwater News

NEW YORK—A dishwasher that cannot run out of hot water is now available. The new dishwasher heats its own water to the sanitizing temperature of 180 degrees with a gas burner. The new household appliance meets official health standards for dishwashing in hospitals and restaurants. Total water consumption is approximately 10 gallons a complete cycle.

MRS. JOHN BENNY BARNETT

## Miss Story Bride In Double-Ring Ceremony

Miss Ellabeth Story became the bride of John Benny Barnett Saturday evening in a double-ring ceremony at the chapel of the First Methodist Church in Big Spring. Performing the service was the Rev. R. L. Bowman. The altar background was formed of three candelabra interspersed with emerald fern trees.

Parents of the couple are Mrs. H. H. Story of Forsan and Mr. and Mrs. Harry F. Barnett of Kermit.

Mrs. Jesse Louis Overton of Forsan, organist, accompanied Mrs. Oscar Boeker of Forsan, soloist, in "Whither Thou Goest." Mrs. Overton played the traditional wedding marches.

Given in marriage by R. G. Strom of Alpine, the bride's brother-in-law, the bride wore a gown designed and made by her mother. Fashioned of white bridal satin and Chantilly lace, the bodice featured a scalloped neckline and petal-point sleeves appliqued with lace. The bouffant skirt of tiny pleats featured a lace panel in front and a chapel train. The bride's headdress was an imported lace mantilla. She carried a bouquet of miniature gardenias tied in satin streamers atop a white Bible borrowed from Mrs. Overton.

**ATTENDANTS**  
Matron of honor, Mrs. I. E. Plarner of Dallas, sister of the bride, was dressed in a frock of peach colored raw silk designed with a nylon organza overskirt. She carried a nosegay of spider chrysanthemums caught in a shower of peach satin streamers.

**RECEPTION**  
Guests from San Angelo, Kermit.

**Daughter Is Born To K. Walravens**

FORSAN (SC)—Mr. and Mrs. Kenneth Walravens are the parents of a daughter, Debra Ann, born Thursday. She weighed 6 pounds and 3 ounces at birth.

Mr. and Mrs. Eibert Strickland and children visited in Borcket with her parents, Mr. and Mrs. E. E. Blankinship recently.

Mr. and Mrs. John Cardwell plan to be in Odessa Monday for a holiday-weekend visit with the J. D. Breithaupt and the Angue Edens.

Mr. and Mrs. A. L. Hawkins are in Graham to visit their parents for a few days.

**Miss Monroney Is Grandparents' Guest**

FORSAN (SC)—Wendy Monroney Snyder, has been here visiting her grandparents, the G. L. Monroneys and the Bob Cowleys. Mrs. D. C. Cowley is a surgical patient in a Big Spring hospital. Mrs. Jimmy Hagan and children, Susie and Jimmy, Pecos, have been visitors in the home of her parents, the S. C. Cowleys.

## 'ROUND TOWN

With LUCILLE PICKLE

August certainly took her final bow with a day of diversity. While the temperature never reached such a tremendous high, the heat was oppressive until the sand came. With the coming of the sand and wind came the welcomed coolness and by the time September rolled around the air was fresh and cool from the rain . . . at least out on our hills we had a little moisture.

BETTIE ANDERSON plans to leave Monday for her home in Phoenix, Ariz., after visiting her parents, MR. and MRS. OLLIE ANDERSON, and other relatives.

DR. and MRS. T. J. WILLIAMSON, Franklin, Tim and Trent, returned to their home in Kerrville Friday after a short stay here with MRS. NORA WILLIAMSON. The family had been in Levelland to visit their daughter and son-in-law, MRS. FRANK HUNT and MR. HUNT and their son.

One of the most pleasant surprises of the summer for MRS. LOY ACUFF was to have as a guest for a short time MISS DOLLY MARIE GLOVER who taught Mrs. Acuff freshman English in Big Spring High School 42 years ago. Although the two have corresponded since Miss Glover went to John Tarleton College to teach, their paths never crossed. Miss Glover now teaches at Stephenville. The Acuffs recently stopped in that city to see Miss Glover, but she was in Waco on a visit. The teacher called on Mrs. Acuff at her office in the court house unannounced and the two recognized each other immediately.

DR. and MRS. H. M. JARRATT have returned from a months vacation that took them from here to Houston to Ouray, Colo. When the two left here in late July, they

### Pamper The Floor With A New Rug

Pamper your floors with a bright new look of luxury. An accent rug placed in any area will give your room a lift and contribute added importance to the rest of your furnishings.

The timeless beauty of classic Greek designs have been recaptured by designers. The motifs concern themselves with columns, olympian torches, and the perennial favorite, the "fleur de lis" set on solid backgrounds. They are available in circular, square or rectangular shapes and are richly tufted. This pile in itself gives them the real look of heirloom pieces.

The ancient Greeks never had it so good, however. These new rugs have modern built-in features through use of man-made fibers which give them long life. They have the added virtue of being chemically resistant to soiling, fading, moths and mildew. They are, incidentally, non-allergenic.

### Jaycee-Ettes To Meet

The Big Spring Jaycee-Ettes will meet at 7:30 p.m. Tuesday in the home of Mrs. Chub Jones, 1709 Alabama.

went to Houston where they were cohosts for a tea to honor Mrs. Jarratt's parents, MR. and MRS. JUDSON W. BAILEY, who celebrated their 50th wedding anniversary. The couple has lived 48 of their 50 married years in Houston. Their three children honored them by inviting 300 friends for tea.

After the stay in Houston the Jarratts went to Chama, N.M., then to Ouray, Colo., for fishing and later attended the Glorieta, N.M., Baptist encampment during foreign missions and brotherhood week. Dr. Jarratt is district president of the Baptist Brotherhood.

MR. and MRS. DON PARKS and their children have returned from Graham where they attended funeral services for his father, David Parks, who died in Graham on Aug. 25.

MRS. JOE NIXON with her cousin, MRS. BRYAN COUEY of Abilene has returned from a three weeks automobile tour of the far western states, and believe it or not they didn't go to the World's Fair.

The two women took the tour to visit relatives whom they hadn't seen in a number of years and visited first in Pasadena, Calif., in the home of Mrs. Nixon's sister, MRS. C. C. WARREN, and Mr. Warren. Later they went to Tracy, Calif., east of San Francisco, where they were guests of Mrs. Couey's sister, MRS. ALFRED SOUZA, and her family. On Aug. 18 they attended the dedication of the tremendous San Luis Dam Project near Las Bamos. Dignitaries present were headed by President Kennedy and included Gov. Ed Brown and Secretary of the Interior Udall.

After a tour of San Francisco, the women went to Roseburg, Ore. where they visited Mrs. Nixon's brother who took them on a tour of a logging camp for which he is supervisor. After the tour Mrs. Nixon said she knows now why lumber is so expensive.

Starting back home the travelers just passed through Reno and stopped at Lake Tahoe where they saw Liberate's show. He now has brother George with him for the first time in five years. Emmett Kelly, the sad clown is also in the offering.

The tour included Yosemite Park, Hoover Dam, Grand Canyon, Petrified Forest and the Painted Desert. The women left here on Aug. 10 and returned Aug. 30.

### French Women Gain

PARIS—National statistics reveal that although Frenchwomen today eat less than their grandmothers did, they are gaining weight. In 1900 the average Frenchwoman weighed 114 pounds. Today the average Frenchwoman weighs 124 pounds.

### Success Formula

Here's how one wise woman manages to look like a million dollars on the tightest budget. . . Meticulous personal cleanliness, plus a "wear once, wash once" wardrobe policy, are two vital aspects of her secret formula for success.

## CAFETERIA MENUS

# MEGAPHONE

NEWS FROM THE SCHOOLS

6 Big Spring, Texas, Sunday, September 2, 1962

The Record Man

Oscar Glickman, owner of The Record Shop, displays some of the 50 records he will give free weekly and monthly to winners of the Megaphone's record contest. Read the story for details on how to win.

## To Win A Free Disc Involves No Risk

Say, kids, are you interested in records? Do you want to start a collection, have a collection you'd like to add to, want "jive" twist discs, dreamy listening music, lively show tunes?

If you are a record fancier, then you're sure to be interested in the Megaphone's weekly and monthly record giveaway. The rules are simple, and your chances of winning are as good as the next fella's.

Here's all you do: Trot down to your school's office the latter part of this week, ask 'em for a Megaphone entry blank, print your name, address, phone number and school on the blank and drop it into a box specially provided for the contest. At the end of the week, the boxes will be carted to the Herald office and put into a master container, from which members of the Herald staff will take a name each week.

Contest winners will be announced only in the Megaphone each Sunday, so better check it every week while you're reading your school's news. If you should be the lucky winner of a free weekly record, report to the Herald office following the announcement of your winning entry, and

pick up a certificate authorizing you as the winner. Then take that to The Record Shop, 211 Main, and present owner Oscar Glickman, or one of his employes, with your certification. This will entitle you to the 45 rpm single recording of your choice.

In addition to the weekly prize, a monthly drawing will also be held. The monthly winner follows the same procedure, but is entitled to the 33 rpm LP album of his choice at The Record Shop.

That's all there is to it--no jingles to write, no puzzles to solve. Just put your name on an entry blank and then keep your fingers crossed. The chances are good that you'll be a weekly winner of a 45 single or a monthly winner of a long-playing album, which you choose yourself. Mr. Glickman says if the record of your choice is not in stock, he will try to get it for you.

Get your entry blank in this week in time for the first drawing. First weekly winner will be announced in next Sunday's Megaphone.

## Lucky Sands Students Return To New Facilities

**By MARIE GRAHAM**

Another summer has past and students at Sands School are looking forward to the coming year. The apple of our eye is a new addition to the school which includes a large gymnasium, cafeteria, home economics department, and science department. We hope everyone is as proud of it as Mr. R. N. Pierce, superintendent, is.

Several new teachers have been added to the faculty this year, but many former ones are back. They

are as follows: Knott Elementary, principal and sixth grade, Harry Bradstreet; fifth, Carl James; fourth, to be filled; third, Mrs. Raye McGregor; second, Mrs. Eddie Gill; first, Mrs. Ola Motlet. Ackley Elementary, principal and sixth, A. H. Smith; fifth, yet to be filled; fourth, Mrs. Keith Bray; third, Mrs. Nancy Goodson; second, Mrs. Gladys Burns; first, Mrs. Faye Newman; co-op music teacher, Mrs. Raymond Stevenson; Junior high and high, principal and science, Arnold Oates;

## Art Will Be Taught For First Time At Goliad

**By KAREN ELROD**

Thursday, Goliad began its fifth year with a total of 898 students enrolled. The seventh grade class has 334 students; the eighth grade class is made up of 283 students; and 281 students are enrolled in the ninth grade. A very hearty welcome is extended to our new seventh grade class and to all other newcomers at Goliad.

Even though school officially started Thursday, many students had been attending daily since Aug. 3. C. W. Tanner, our driver education instructor, had 120 students to complete their lectures during August. Also, many came to school for advanced and beginning band classes. These were taught by Bill A. Jones. Even though these courses were offered in the summer, they may be taken during the school year also.

This year eleven new teachers joined our faculty. These are: Mrs. Maurine Burks, art; Hollis P. Ford, math; W. H. Hallmark, driver education; Mrs. Mary Ann Jenkins, biology and physical science; Miss Margo Lauderdale, girls physical education; Donald Morton, choir director; Mrs. Sue Shockey, typing; Jack Tayrien,

boys physical education; Mrs. Ann Therwanger, speech; and Mrs. Helen Worley, study hall clerk. Marvin James, who is teaching ninth grade English, is substituting during Mrs. Cook's absence.

A great deal of interest has been shown in art which is a new elective course this year.

Kelly Mize, one of our excellent custodians, has been in the hospital several times this summer. He had recently been in the hospital again until Thursday morning when he was discharged. Thursday afternoon he was back at Goliad with us. Thank you for a good job, Mr. Mize!

Coach R. E. Dodson started workouts with the football boys Thursday afternoon. Close to 70 boys have signed up for football this year.

As a gift from the freshman class, a black and white Hereford will be our mascot at all of the Goliad-in-town football games. Danny Kirby, Harrell Newton, and Gary Earhart are taking care of our "Maverick" and the freshman girls are raising money for its food.

Kay Bettle, Marilyn Meacham and Mrs. Cornelia Gary, our annual sponsor, attended a journalism workshop Aug. 12 at Texas Tech in Lubbock. They made plans for the annual, the 1963 Maverick, which will be distributed in May. Cliff Talbot and Rich-

# Sophomores Overwhelm Juniors And Seniors

## BSHS

**By ANNETTE LEBKOWITZ**

The new school year of 1962-63 begins the sixty-first year of the Big Spring Independent School District. The school's birthday occurs on Dec. 14, 1902, since the district was created Dec. 14, 1901.

The upper classmen happily greeted the 579 sophomores Thursday morning although the 242 seniors and the 353 juniors were outnumbered by the under classmen.

Leaders plan to use much the same uniforms that added so much color to our games and pep rallies last football season.

**PEP SQUAD**

The pep squad had their election of officers during their summer sessions. They elected Nancy Moore, president; Joyce Davidson, vice president; Jane Tamplin, secretary; Alice Coker, treasurer; and Sara Beth Homan, drill leader. This year the pep squad's uniforms are black corduroy jumpers, gold blouses, and black tennis shoes. The pep squad plans to attend eight out of the 10 games the Steers will play during the 1962-63 season.

BSHS is losing one senior to Germany. Cora Sue Turner will be leaving Monday for Wiesbaden, Germany, to attend school for a year.

For all students who have failed to pick up a senior magazine, they

## Registration Climbs To 701

## RUNNELS

**By MARY NEWTON**

The doors of Runnels once again opened Thursday and with the opening came the familiar sound of banging locker doors and greetings to friends. Everyone seemed quite eager for the start of school. It is hoped that all had a very pleasant summer.

The enrollment at present is 701. Registration was held on August 23 and 24.

An opening assembly (in the gym) started the school year on Thursday morning before classes. Student Council President Bobby Griffith welcomed the newcomers to Runnels after Mrs. Doris Gambill led the student body in singing "America." Also participating in the program were Sarah Smith, Susie Engle, Mike Cary, and Ronnie Smith, Student Council officers and representatives.

Rosee Newell, principal, discussed school rules and introduced new teachers. These teachers are Cleo Carlie, former sixth grade teacher at Boydston Elementary, science and arithmetic; Miss Wanda Armstrong, physical education; Mrs. Jane Smith, Language Arts; Mrs. Irene Miller, reading, and speech; Mrs. Martha Dickson,

Spanish and Language Arts; Cliff Patton, physical education. Runnels Junior High extends a warm welcome to these new teachers.

Linda Ann Taylor, editor of the El Palomar, announced that the seventh and eighth grade students are scheduled to have their pictures made at the end of the week. Freshmen pictures are scheduled for the middle of September. Mrs. Jo Hill will serve in the capacity of sponsor for the annual.

During the summer months, the band held two practice sessions. During the June session, the drum major was chosen receiving the honor was Edwin Munnick, a freshman. Students are now working hard for a show to be presented for Webb Air Force Base later this month.

Students join in wishing Mrs. Velma Griesse, seventh grade English teacher, a speedy recovery from her operation. She is in a Dallas hospital and will return home sometime next week. Best wishes are extended to F. C. Gambill, eighth grade social relation teacher, who is in a Houston hospital making satisfactory progress.

Approximately 100 students participated in the session of summer driver education lectures. These students will begin driving next week. Later in the year there will be lectures offered to those who were unable to attend the summer course.

We hope all of you are enjoying this Labor Day holiday.

## Carr To Direct Coahoma HS Band

## COAHOMA

**By CAROLYN WILSON**

Hello, everyone! It is really nice to be back giving the news from CHS. I hope everyone had a marvelous summer vacation.

Activity at CHS started this year with a note of excitement as students, new fish and old upperclassmen, assembled Thursday to pre-register for the school year of 1962-63.

Faculty members for this new year are: Miss Janie Tucker, English and Spanish; Grady Tindal, athletics and mathematics; Jim Spann, athletics and mathematics; Mrs. Rob Etheridge, commercial; Mrs. Paul Allen, home economics; Phil Wynn, science; Mrs. Rod Tiller, English; S. G. Oakes, vocational agriculture; Layle Roberts.

Adding to the excitement of the beginning school year, cheerleaders Sandie Clanton, Kay Porter, Darlene Mason, Shirlene Richters, Elaine Carpenter and Shana Fryar presented some pep yells. The leaders attended a cheerleading school this summer where they learned many new yells and stunts. Serving as sponsors for cheerleaders and pep section will be Mrs. Paul Allen and Mr. O. A. Madison.

New band director Felton Carr is doing a splendid job with the band. During workouts twice a day, the band participates in playing and marching skills. Along with a few members of the band, Lathan Wood, drum major, Mary

Madison, and Peggy Greenfield, majorettes, attended a band marching and twirling school at McMurry College in Abilene. Beatrice Kintley was chosen this summer as another majorette and Nadine Honeycutt is also on trial basis.

Upon returning from their first scrimmage game of the season, the football boys and coaches were honored by the F.H.A. girls with an ice cream party. Along with the F.H.A. Chapter mothers, the faculty was also invited. Another activity hosted by the home economics club was a poster party held Friday night. Posters were made for all the different football games of the season in addition to other projects. Refreshments were served.

Well, I'm looking forward to serving as your Megaphone representative. Read the whole page and see what your friends in the other schools are doing, but all you at CHS please don't forget to let me in on the latest news for the Megaphone. See you Tuesday for the first full day of school.

They'll Speak Through The Megaphone

These are the young people who will speak to the Herald audience through the Megaphone this year. Only one, Carolyn Wilson of Coahoma, was missing when this picture was taken. Pictured left to right, front row, Marilyn Gam, who will edit the page and be the HCJC correspondent, Annette

Lebkowitz, BSHS; Bonnie Simpson, Forsan; Karen Elrod, Goliad; Mary Frances Newton, Runnels; Oscar Boeker, Coahoma, was missing when this picture was taken. Pictured left to right, front row, Marilyn Gam, who will edit the page and be the HCJC correspondent, Annette

## Upperclassmen Receive Rings

**By BONNIE SIMPSON**

School started with a bang bright and early Monday morning. Because of a slight change in the schedule, students are finding it harder to get up in the mornings. School takes up at 8:30 and classes are dismissed at 3:30 in the afternoon.

Tuesday meant Doomsday for the freshmen as this was initiation day. All freshmen are required to wear a beanie until Homecoming, which will be our fourth football game of the season.

There have been four additions to our school this year. Forsan has two new teachers and two new subjects. Our new instructors are Oscar Boeker and Mrs. Oscar Boeker. Mr. Boeker is our new football coach and also teaches mechanical drawing, driver's education, shop, and physical education. Mrs. Boeker teaches typing, bookkeeping and shorthand. Subjects being taught at Forsan for the first time are mechanical drawing and journalism.

Seniors were seen proudly flashing their rings around the past week. Most of the Seniors received their rings Wednesday. The ring has been standardized with a black stone and the Buffalo mascot on one side. A personal option is the crest, which may appear on the ring.

The Service Club honored the football players with a supper Thursday night in the Forsan cafeteria.

Los Curraicos, the Spanish Club, elected their class officers this past week. The officers for the club will be Jimmy Flynt, president; Bill Stockstill, vice president; Paula Gordon, secretary; treasurer; Lonnie Nichols, program chairman.

A scrimmage with Sands Friday night at Forsan marked the beginning of football season. In spite of several injuries among the players, the team looked good and showed fine school spirit.

## Football Team Ready For First Encounter

## FLOWER GROVE

**By CAROLE WADE**

Flower Grove School will begin the new 1962-63 term on Tuesday, Sept. 4. Repairs and improvements have been made to the school building and campus.

The list of faculty members will remain the same this year. Teaching at Flower Grove will be Mrs. Elfrieda Moseley, Miss Clarice Hambrick, Eddie Gill, James Blanton, Robert Waldrop, Gilbert Barnette, S. B. Lively, Mrs. Robert Waldrop, and J. W. Mossengale. Also Mrs. Eugene Barkowsky, J. L. Newbury, superintendent and cooks Vivian Howard and Mollie Wade will be at Flower Grove.

Coach Massengale and the football boys began practice this week to get ready for their first game of the season. The Dragons have won regional the past two years in six-man football.

The cheerleaders and majorettes have also been putting in some extra work. They attended twirling and cheerleading school in Odessa the first week of July. Since then, they have spent many hard hours in practice. Mrs. Robert Waldrop is their sponsor.

We hope to have all of our "last year" students back again, plus a lot of new ones. It is always a great boost to our classes to have new students.

## Sept. 4 Is D-Day

**By MARGARET COOK**

The Garden City buses will run at the usual time Sept. 4th. At 8:40 there will be a general assembly in the grade school auditorium for all students.

Registration for elementary, Junior and senior high students will begin at 9:00 o'clock. Superintendent Murphy expects to have an increase in high school enrollment over last fall.

Students will be dismissed at 11:30 Tuesday. The lunch room will open Wednesday.

The faculty for the Garden City schools is complete with the exception of the home economics teacher.

The senior high boys have practiced football for the last two weeks and played a scrimmage game at Flower Grove Thursday. The Bearkats will meet Loop in the first regular game of the season on Sept. 7 at 8:00 p.m. on their home field. Good luck, team!

Progress on the new cafeteria is good. The students hope to put it to use in the near future.

MRS. ELGIN MAURICE DAVIS

## Peggy Nutt Married To E. M. Davis

LAMESA (SC) — The First Methodist Church here was the scene Saturday evening for the wedding of Peggy Jean Nutt and Elgin Maurice Davis with Dr. E. D. Landreth, pastor, officiating.

The bride is the daughter of Mr. and Mrs. Donald E. Nutt and the bridegroom's parents are Mr. and Mrs. Elgin Davis.

Wedding vows were repeated before an archway entwined with greenery and bronze chrysanthemums flanked with baskets of bronze spider chrysanthemums and candelabra.

The bride was escorted and given in marriage by her father. She wore a formal gown of white cloud mist taffeta fashioned with a sweetheart neckline and fitted bodice. The bodice was enhanced with Alencon lace appliques and the back of the gown formed a bustle accented by two flat bows. Long sleeves tapered to petal points over the hands.

Her ballerina veil of silk illusion was attached to a tiara of pearls and she carried a white orchid surrounded with feathered chrysanthemums on a white Bible.

Joe Beth Davis, the bridegroom's sister, was maid of honor and Dorice Humes and Malu Vasquez of Hebbronville were bridesmaids. Candlelighters were Susan and Nancy Nutt, the bride's sisters.

Richard Davis, the bridegroom's brother, was best man. Groomsman were Bill Petteway and Don Garner of Roswell, N. M.

A reception was held in Fellowship Hall of the church after the ceremony.

For traveling the bride wore a gold suit with black accessories and the orchid from her bridal bouquet. The bride is a graduate of Lamesa High School and attended Texas Tech and the University of Texas. The bridegroom, also a graduate of LHS, is also attending the University of Texas. The couple will reside at 203 E. 34th Street in Austin.

## Vows Are Pledged By Miss Porter-S. Miller

Matrimonial vows of Miss Annette Porter and Samuel Lynn Miller were solemnized Saturday evening at the First Baptist Church of Coahoma. Performing the double-ring ceremony was the Rev. H. B. Graves, pastor of the church.

Parents of the couple are Mr. and Mrs. H. A. Porter of Coahoma and Sam Miller of Midland and Mrs. Alice Miller of Hobbs, N. M.

Vows were repeated before an archway of greenery flanked with baskets of white chrysanthemums, emerald fern trees and tall cathedral candelabra. The pews were marked with satin ties.

Miss Elizabeth Miller, sister of the bridegroom, provided nuptial music. She was accompanied

by Miss Linda Kay Thomas, pianist, as she sang "Whither Thou Goest," "Because" and "The Lord's Prayer."

**WEDDING GOWN**

Attired in a formal length gown of white Chantilly lace over bridal satin, the bride was given in marriage by her father. The scalloped neckline and petal-point sleeves of lace accented the molded bodice. The voluminous skirt featured organza tiers with scalloped edging. A bouffant bustle was attached to the back of the skirt. She wore a veil of silk illusion attached to a tiara of pearls. She carried a cascade of white orchids and carnations atop a white Bible.

Articles of sentiment were her bridal gown, a pearl droplet, a gift

from the bridegroom, her veil, belonging to her cousin, Mrs. Les Christi, Kansas City, Mo., and a blue friendship garter.

Miss Shirley Kay Porter attended her sister as maid of honor. Bridesmaid was Miss Carol Beesinger of Lubbock, and bridesmatron was Mrs. J. M. Stanley of Midland. All were dressed in blue taffeta sheaths with matching organza overskirts and headpieces. They held nosegays of white chrysanthemums tied in showers of blue satin streamers.

Ronald Miller of Dallas served his brother as best man. Groomsman were J. M. Stanley of Midland and Jerry Robertson of Big Spring, along with ushers, DeWayne Frazer and Michael Hinsley, both of Coahoma.

Out-of-town guests attending the wedding were Mr. and Mrs. A. V. Thurman of San Antonio, Mr. and Mrs. W. A. Davis of Junction and other relatives from San Angelo, Midland, Odessa and Mason.

for traveling to points in New Mexico. Upon their return, they will live in Big Spring.

A graduate of Coahoma High School, the bride is a senior student at Shannon School of Nursing in San Angelo.

The bridegroom graduated from Big Spring High School and is presently employed with Montgomery Ward and Co.

**Modern Furniture**

The newest upholstered furniture, more deeply cushioned than ever, caters to the human frame from headrest to footrest and is something to behold in an extravagant selection of colorful florals, trapuntos, quilts, embroidered textures, velvets, silks, linens and polished cottons.

Upholstered ottomans and benches are flexible seating extenders by themselves or combined with lounge chairs to make a chaise; without cushions, they double as tables.

**Water Is Enemy**

Never scrub wood floors to excess. Water is the natural enemy of wood. A coating of wax, well polished and buffed, is the most satisfactory finish for all types of wood floors.

## Garden Service Joins Lamesans

LAMESA (SC) — Ruby L. O. Barron and Claude Aubrey Dutton were married Friday in a 7:30 p.m. garden ceremony at the home of the bride's parents, Mr. and Mrs. Spencer Barron, Star Route 2.

The bridegroom's parents are Mr. and Mrs. Jess Dutton, Abilene.

W. T. Hamilton, minister of the Lamesa Church of Christ, read the double ring vows before an archway entwined with greenery interspersed with white asters and flanked with baskets of champagne gladioli and white asters and hurricane lamps.

The bride, given in marriage by her father, wore a traditional gown of white silk organza and re-embroidered Alencon lace. The fitted bodice, designed with a sabrina neckline and long sleeves ending in petal points over the hands, was accented with aurora sequins. Front and back panels of lace enhanced the deep tucks which formed the colonial panniers of the skirt.

Her veil of white silk illusion was held in place by a crown designed of satin, lace and pearls and she carried a white orchid surrounded by sweetheart roses on a small white mother-of-pearl Bible.

Mrs. Bill R. Reid was her sister's matron of honor and Kenneth Latia of Abilene was best man.

A reception was held on the lawn with the couple assisted in the receiving line by their parents and the matron of honor. Guests attended from Abilene, Lubbock, Henrietta, Clarendon, Lamesa, Mesquite and Hobbs, N. M.

The bride is a graduate of Lamesa High School and attended Texas Tech. The bridegroom, a graduate of Texas Tech, attended Wylie High School and Cisco Junior College.

The bridegroom will be employed by a Lubbock grain company after completion of a 10-month tour of active duty at Fort

## Oasis Club Gathers At Washes

The ranch home of Mr. and Mrs. C. V. Wash, located south of Forsan, was the scene of a patio party for members and guests of the Oasis Garden Club, Thursday evening. Cohostesses and hosts were Mr. and Mrs. Jesse Coker and Mrs. Lois O'Bar Smith.

Tables on the patio were laid with pink cloths and centered with mugs of iced tea.

Special guests included members' husbands, Dr. and Mrs. J. E. Hogan and Mrs. Hogan's mother, Mrs. Dudlin of Magnolia, Ark.

Yearbook chairman, Mrs. I. G. Wilson, distributed the yearbooks for the coming year.

The next meeting will be Sept. 12 in the home of Mrs. J. D. Leonard.

## Labor Day Meeting Postponed For ABWA

The Scenic Chapter of the American Business Women's Association has postponed its formerly scheduled Labor Day meeting until Sept. 10 at which time it will meet at the Sands Restaurant at 7:30 p.m.

## Homemade Styles Can Look Smart

You can be a skilled seamstress and turn out unimaginative dresses. Or, you can lack sewing background and put together a smart looking outfit.

The secret, according to Miss Joan Messmore, fashion-coordinator for a fabric company in New York, is an elusive little thing called "style."

To achieve style in dressmaking is the alternate aim of every home sewer. It can be learned by observation and study, she believes.

"Style is difficult to analyze since it is an expression of individuality," she points out. "Yet, ask yourself these questions: What is your taste? Do you like highly styled clothes or subdued fashions? How do you combine your taste with lines suited to your figure? What are the finishing touches that set this dress apart from ordinary ones? Unusual buttons? Special seamings? All this adds up to style."

## COSDEN CHATTER

### Jim Raes Leaving For Michigan On Tuesday

Mr. and Mrs. Jim Rae will leave Tuesday for Lansing, Michigan, where he will accept a position as assistantship at Michigan State University. Rae is a graduate student in physiology and anatomy. Mrs. Rae, the former Joan Bratcher, will enroll as a junior. The couple, along with her mother, Mrs. H. T. Bratcher, and friends, Mr. and Mrs. Chuck Snyder, are enjoying the weekend at Buchanan Lake. Mrs. Bratcher's younger daughter, Gayle, left Wednesday for Lamoni, Iowa to enter Graceland College.

Ray, Blake and Iris Ann Tollett, with Lynn and Paula Pat Green, are enthusiastic about their vacation trip which took them to Salt Lake City, the World's Fair in Seattle, Disneyland and San Francisco, where they were guests aboard the USS Coral Sea, an aircraft carrier. Perhaps the highlight of the trip was seeing the Astronauts in Los Angeles.

Linda Hickson departed Saturday for Portland, Oregon, there to enter Warner Pacific College. Co-workers in Customer Accounting feted her at luncheon Thursday at Cosden-Gounry Club. Mrs. Joe Bell is the new employe in that department.

Durango, Colorado was the delightful vacation spot for Mr. and Mrs. J. E. Smith and Teresa.

Pauline Sullivan has been under treatment at Howard County Hospital Foundation.

Mrs. Winston Harper is convalescing at home following major surgery.

Mr. and Mrs. W. E. Gibson Jr. are home from a two-week vacation in Raton, New Mexico.

A Friday luncheon honored Mrs. James Drake, who will devote full time to her homemaking duties.

The refinery girls gathered at the conference room Tuesday for a salad luncheon. Special guests were those who had birthdays during the month and Mrs. Gene Kidd, who is leaving Big Spring. She will be replaced in the yield

department by Pauline Parker.

Mr. and Mrs. Tommy Weaver are holidaying at Lake J. B. Thomas as the cabin guests of Mr. and Mrs. Cliff Proffitt.

Janet Thorburn is in Rock-springs for the weekend, visiting her grandparents, Mr. and Mrs. R. R. Corder.

Liz Towles of Houston has been the guest of Mr. and Mrs. Bobby Fuller. Miss Towles came especially for the wedding of Kathleen Thomas and Michael Musgrove, Saturday evening.

Friends and coworkers of Mickey Kinney congregated Tuesday evening at the home of Mrs. Roy Granbery for an Italian dinner. The honoree will be leaving next week for the University of Texas.

Mrs. Chester Matheny is the houseguest of Mr. and Mrs. Bill Sisk in Midland this weekend.

Mr. and Mrs. Bunky Grimes of Denton are holidaying here with their parents, the George Grimeses.

Sallie Lane of Odessa is the new member in the Purchasing Department.

Mr. and Mrs. Johnny Hood have been on vacation in Colorado and New Mexico.

Mrs. W. H. Kay has been in Fort Worth for a few days visiting her sister, Mrs. Maycie Perry, and other relatives.

Mr. and Mrs. Paul Holden and Beverly are holidaying in Austin with relatives.

Mr. and Mrs. R. M. Nugent and Rod are having a holiday in East Texas. Rod will be leaving soon to resume his studies at Rice University.

Airman 2.C. and Mrs. David Henry are on a wedding trip to Oklahoma following their marriage Saturday night in St. Mary's Episcopal Church. The bride, the former Alice Bedwell, is the daughter of Mr. and Mrs. L. G. Bedwell, 2508 Seminole Dr. Parents of Airman Henry are Mrs. Martha Henry, New York, and the late Mr. Humphrey Henry.

# M. Musgrove-Kathleen Thomas Pledge Vows In Candlelight

Matrimonial vows were pledged by Miss Kathleen Thomas and Michael Ray Musgrove, Saturday, 8 p.m. at the First Methodist Church in Big Spring. Officiating over the double-ring ceremony was Curtis Camp, minister of the 14th and Main Church of Christ, Big Spring.

Parents of the couple are Dr. and Mrs. Clyde E. Thomas Jr., 408 Washington Blvd., and Mr. and Mrs. T. P. Musgrove, Del Rio.

The altar was centered with a large Grecian urn, holding white chrysanthemums, gladioli and lilies. Similar arrangements were placed on either side. Candelabra holding cathedral tapers lighted the altar in a semi-circle arrangement. Few candelabra holding votive lights marked the bridal aisle. The couple knelt on a white prie dieu for their wedding prayer. Nuptial selections, "Because" and "The Lord's Prayer," were

sung by Mrs. Don Newsom, accompanied at the organ by Mrs. Charles Rainwater.

**BRIDAL GOWN**

Given in marriage by her father, the bride wore a gown of white bridal satin fashioned with white rose beading on the bodice and three quarter sleeves. The neckline was styled in a Juliette portrait fashion. Two white satin roses were attached to the back of the waist flowing into a cathedral length train. Her short rose-embroidered veil from Brussels, a gift from her sister, Miss Cleo Thomas, was attached to a white satin pillbox hat. Her white Rainbow Bible was topped with a bouquet of white orchids showered with stephanotis, tulle leaves and picot satin streamers.

Traditional articles of sentiment were her pearls, her wedding veil, a handkerchief borrowed from Mrs. Buel Fox, a six pence in

her shoe, a gift from Mrs. Jimmy Johnson of Levelland, and a blue garter, made by Miss Bo Bowen.

**ATTENDANTS**

Miss Cleo Thomas attended her sister as maid of honor. Bridesmaids were another sister, Miss Nancy Thomas, Misses Linda Capps of Amarillo and Liz Towles of Houston. Attending as bridesmaids were Mrs. Lanny Hamby of San Antonio and Mrs. Bobby Fuller. Junior attendants were Tana Leigh Thomas and Carol Jane Lucas, both cousins of the bride, who were train bearers. Mike Thomas, brother of the bride, was ring bearer.

The senior female attendants were attired in sheaths of royal blue peau de soie fashioned with petal overskirts. Their veiled hats and other accessories were fashioned of matching color. They carried nosegays of white chrysanthemums showered in blue satin streamers. Mrs. Thomas and Mrs. Musgrove, mothers of the couple, wore corsages of cymbidium orchids.

Bobby Fuller was best man. Ushers were Clyde McMahon Jr., Milton Davis, Ricky Terry, Tommy Buckner, Ted Fritzier of Wichita Falls, Jimmy Johnson of Levelland and brothers of the bridegroom, Jerry and Joe Don Musgrove.

**OUT-OF-TOWN GUESTS**

Guests arriving from out of town were Mrs. T. E. Lucas and children, Carol Jane, Patti and Richard of Houston, H. T. Lucas of Houston, grandfather of the bride, and Miss Kay Cougar of Bryan.

**RECEPTION**

A reception at the home of the bride's parents was held after the ceremony.

Guests were served from a table laid with a cloth of embroidered silk organza over white satin. Silver and crystal appointments were used in serving the three-tiered bride's cake embossed with white roses. It was topped with an archway of roses and wedding bells. The centerpiece was a tall silver candelabrum tied in satin surrounded at the base by white chrysanthemums.

Members of the house party were Miss Cougar, Miss Mary Connor of San Antonio, Mrs. Larson Lloyd, Mrs. M. R. Koger, Mrs. J. O. McCrary, Mrs. Clyde Johnston, Mrs. Walker Moore, Mrs. Lucian Jones, Mrs. Toots Mansfield, Mrs. Guilford Jones, Mrs. George Amos, Mrs. Steve Baker, Mrs. Ira Driver, Mrs. E. P. Driver, Mr. and Mrs. Jerry Worthy, Dr. and Mrs. John B. Norton, Mrs. Roy Hughes, Dr. and Mrs. G. T. Hall, Mrs. Roy Tidwell and Mrs. Elvis McCrary. Nikki Thomas was in charge of the guest register.

**WEDDING TRIP**

For traveling to Mexico City and Acapulco, Mexico, the bride changed into a boxy suit of cinnamon and white light-weight wool trimmed with Kelly green. She wore light brown lizard accessories.

The bride attended Texas University and Texas Tech, where she was a member of the Chi Omega Sorority.

A graduate of Texas Tech with a BA degree in business administration, the bridegroom belonged to Delta Sigma Phi. He is presently

employed with Cosden Petroleum Corp.

The couple will live at the Alta Vista Apartments.

## Patterns Add Pep To Remodeling Job

Feel like redecorating—but worried budgetwise? Seeming miracles can be accomplished for few dollars when you key your room to a carefully chosen fabric pattern and follow through with touches of color and accessories.

Used as draperies, with white background and identifying accessories such as these Renaissance figures, your room takes on lightness, brightness and individuality. Upholster or slipcover furniture in solid tones chosen from predominant drapery colors. To add unity to a large room, repeat the print on chairs or couch.

For an early American room, key your accessories accordingly, emphasizing the rustic quality as do these carved wooden figures.

## Meet Madame President

Mrs. Preston E. Harrison, by profession a graduate registered nurse, is president of the Permian Basin Medical Woman's Auxiliary.

Born, reared and educated in Clovis, N. M., she entered the Methodist Hospital School of Nursing where she received her R. N. She is also a certified graduate from Margaret Hague Maternity Post-Graduate School of Obstetrics in Jersey City, N. J. She is a member of the ANA, TGNA and an associated member of Nurses Association of Big Spring.

The Harrison family, members of the First Presbyterian Church, reside in the superintendent's residence on the State Hospital grounds, where Dr. Harrison is hospital superintendent.

Mrs. Harrison's interests center around her husband's hospital and civic activities, their two sons and their activities and her own hobby of growing cattleya orchids and other exotic tropical plants in a greenhouse at her home.

MRS. PRESTON E. HARRISON

## WEBB WINDSOCK

By MOLLIE HARTZOG

Every so often the expression Red Carpet Day crops up, so last week we decided to investigate and see what we had been missing these four years at Webb in the way of red carpeting. We were advised to wear slacks and be at the Officers' Club at 9 a.m. We gratefully accepted our coffee and doughnut and settled back to hear a lecture by Col. Dahke, student squadron commander. We nearly dropped our doughnut when he said the Air Force was run by civilians and three civilians at that. Turned out he was talking about the President, the Secretary of Defense and the Secretary of the Air Force. We determined to listen more respectfully thereafter and learned quite a bit about our command and the Air Force in general.

We boarded a bus and proceeded to the parachute shop where a patient young man named Garner Thixton folded and folded and folded a chute and we garnered a few tips on how to fold those contour sheets in the linen closet. He also explained the working, construction and life (seven years) of a man's parachute. We were so fascinated with the folding, Capt. Grill had to whistle at us to catch the bus. Capt. Grill was guide and head-counter, a feat deserving of cheers.

The flight simulator section was next and we entered a large, cool building filled with cockpits and lockers which turned out to be electrically run airplane simulators that the pilots practice flying in. The lockers were full of the electrical workings which were explained to us by a sergeant who was rather grim when his master check system showed an imbalance somewhere. The light blinked doggedly which meant he had to go fix it. He soon did so and gallantly assisted Mrs. Goins, a wife from Class 64-A, into a simulator and explained the switches, with which he simulated flight. When the office phone rang, he "bailed out" at 16,000 feet leaving her to recover from an aileron roll. Each wife tried her hand at simulated flying and their questions were, to us, remarkably intelligent. Our questions concerned the cute little wiggly needles and who emptied the ashtrays.

Still smiling with determination, Capt. Grill led the ladies next to the lunch hour with their husbands. His hand shook a bit but he seemed to relish his dinner. At noon, he escorted the group of wives to the squadron building

where their husbands were preparing to fly—or being briefed; hence, the briefing room. The room itself was large, filled with tables and chairs and decorated with suspended miniature aircraft exquisitely constructed by the pilots. We sat with our husbands, chatting, until a shriek of "attention" blasted forth. Everyone jumped up except those ladies paralyzed with fear, and a grim-looking major strode in, lectured on disaster control and strode out. We were terrified until we realized he was that nice fellow who lives across the street from us in Capehart. . . somewhat terrified himself no doubt, facing all those ladies. An instructor shot forth a navigation question, received a semi-correct answer; he shot another question and received a highly technical answer which must have been correct since he looked so disappointed and sat down. Then outsized ear protectors were distributed and donning them, the ladies sallied down to watch their husbands go flying.

Rounding up, counting heads, and herding the 21 wives to the bus, a haggard Capt. Grill was met with a feminine chorus of "happy birthday" which nearly undid him. He grinned weakly and fell into a seat.

Off to physiological training, the group entered an oxygen chamber, a tank seating 13 people and capable of reproducing the atmosphere of 25,000 ft. altitude. This was not reproduced nor was the chamber closed, but a nervous collection of ladies heard of the effects of not enough oxygen and high altitude in a description given by Capt. Lillie of that section.

Safely in between the runways, the ladies watched their student husbands land and-or bounce in, which led to much giggling.

Final on the agenda was academics, the school rooms where the bookwork takes place. There Lt. Jim Gehrig assisted in many ways and explained fuel systems, celestial navigation, and an ingenious peg board with 1,000 golf tees in certain colors which showed at a glance the academic hours attained by each class of students in each subject. It resembled an electronic brain to us.

A social hour at the Officers' Club ended this Red Carpet Day for us and for Class 64-A at Webb. The tour gave the student wives a greater understanding of their husbands' demanding jobs here and it left us rather in awe of the whole program of flying.

BIG SPRING, TEXAS, SUNDAY, SEPTEMBER 2, 1962

SECTION D

## Labor Union Strength Here Set At 4,000 Members

By SAM BLACKBURN  
Eighty years ago, a man named Peter J. McGuire, New York, had an idea.

He was a member of an organization which had begun to have a strong influence on working men across the nation. This group called itself the Knights of Labor.

It was a forerunner of the labor unions of today, and it grew out of the clash between labor and

capital which came as a product of the industrial revolution.

McGuire's idea was that labor ought to set one day aside to emphasize itself. And being a New Yorker, the way he favored to achieve such emphasis was to have a parade. So McGuire fathered a plan which led to a big parade—the first celebration of what we now call Labor Day.

**MUCH COMMENT**  
In 1884, the Knights of Labor

staged a second parade and it caused much additional comment. By that time the Knights could boast of nearly a million members—a total they actually achieved two years later.

The Knights of Labor had first appeared as a secret society in 1860. A small group of Philadelphia tailors formed the first chapter. They held secret meetings and affiliation with the organization was something no member ever openly admitted.

The original Knights of Labor knew if their employers learned of their organization, their jobs would be taken and they would probably have great difficulty getting new employment.

As the group gained strength in numbers the need for secrecy diminished. By 1882, when McGuire proposed the big procession of working men and women through the streets of Gotham, members of the Knights of Labor not only admitted their membership but openly boasted of it.

**SKETCHY**  
Labor Day was celebrated in a somewhat sketchy manner from year to year from 1882 on.

Away out on the West Coast, Oregon's legislature considered the matter and legally set aside a day for honoring labor. The date designated in this first legislation by any state was the first Saturday each June. The bill became a law Feb. 21, 1887. Four years later, it was amended—Labor Day in Oregon was declared a state holiday to be celebrated on the first Monday each September.

Today, from coast to coast and in all U. S. territorial possessions, Labor Day is celebrated as a legal holiday on the first Monday each September.

In Big Spring, organized labor is a much stronger group in the county's economic framework than many realize. There are 4,000 men and women who are members of some union.

A thousand of these are members of Local 826, International Union of Operating Engineers. This organization lists in its ranks the army of workers who keep the big Cosden refinery going, as well as workers in numerous other industrial enterprises in the county.

**RAILROAD**  
The railroad brotherhoods, of which there are representatives of a number in Big Spring, used to be more important numerically here than they are today. There was a time when the railroad unions in Big Spring included a considerable percentage of the town's residents. With the shift of operational activities from Big Spring and with the steady reduction in personnel as railroads streamline their oper-

ations, the number of union members here has diminished.

There are a number of other important unions in the county however. The barbers have their own active local with 40 members. J. M. Stewart, secretary, said about half of the barbers in the town are active members in the local.

Henry Lemons, secretary of the Carpenters Union, said his group has about 150 members. It is one of the older organizations of its kind here, dating back to 1903. There are 35 active members in the Bricklayers Union, according to Robert Pearson. Both these unions show variation in membership in accordance with building activities in the community.

Plumbers here carry union cards but their membership is in the Odessa chapter.

**OLDER GROUPS**  
One of the older unions in the community is the Typographical (Printers) Union. It was established in 1917 and now has 15 members. Some of its members, however, are from Midland and Odessa. Robert Clark is secretary.

Another union group, which has 30 members and has an important role in the ranks of organized labor, is the local chapter of the Retail and Wholesale Employees Union. Mrs. Ray Bedford, secretary, said members of this union are employed in the Safeway and Piggly Wiggly Food stores. Headquarters are in Dallas.

The Communication Workers Union is an organization serving the employees of the Southwestern Bell Telephone Co. There are 90 members in the local chapter and W. A. Fitzgerald is president.

There are several unions made up of federal employees. One of these is the American Federal Employees Union at Webb AFB, where the membership is 120 and Rex Hammond is secretary.

**ANOTHER BRANCH**  
There is another branch of the same union which has its membership from federal employees at the Veterans Administration Hospital. It has around 160 members and Raymond L. Cooper is president.

The National Association of Letter Carriers has a local chapter with 28 employees of the Big Spring post office on its membership rolls. Emory Parrish is president.

Contracts which the unions have with their employers have one common feature—all specify that the first Monday in September is a holiday and that the workers be released from their duties to pay honor to their fellows and themselves.

And all good union members celebrate Labor Day.

## Money Management Course Set At HCJC

A special course, with a twin purpose concerning money management, will be offered at Howard County Junior College during the fall.

The course features a series of eight lectures on effective money management within the family circle. On the one hand, it is aimed at providing consumer information to counselors; on the other, it is designed to assist the general public in family money matters.

This is another offering under the sponsorship of the Big Spring Chapter of Credit Unions, Texas Credit Union League and the college.

Evening meetings are scheduled in Room A-2 at HCJC and will be conducted from 7:30-9:30 p.m.

The first class is set for Sept. 10 and succeeding classes will meet weekly.

The lectures and their subjects include:

Sept. 10—"How to stretch the family dollar." — Mrs. Catherine Crawford, Home Demonstration Agent, Howard County.

Sept. 17—"Can you really figure interest rates?" — Duke Baker, president, Big Spring chapter of Credit Unions.

Sept. 24—"Should you buy or rent?" — Robert Stripling, First Federal Savings and Loan.

Oct. 1—"Consumer beware"—Dr. Billy J. Hinton, chairman of the Economics Department, Baylor University.

Oct. 8—"Why have a will?" — Ralph Caton, 118th District Judge.

Oct. 15—"Why buy insurance?" — Walter Stroupe, certified insurance underwriter.

Oct. 22—"Can you spot a clunker?" — Justice Holmes Shroyer Motor Co., and Rex Bishop, past president, VA Credit Union.

Oct. 29—"Can you afford to send your children to college?" — Dr. W. A. Hunt, president, Howard County Junior College.

Persons wishing to register in advance for the course may do so by sending reservations to Dr. Melvin Crawford, director of the evening division of the college. Cost is \$10.

The planning committee for the course included Dr. Hunt; Ben F.

Johnson, dean of HCJC; Dr. Crawford; Baker; Tolford H. Durham, president, VA Federal Credit Union; Leslie E. Clemens, director of education, Texas Credit Union League.

SEPT. 22

## Kiwanis, Webb Revive Kids Day

"Kid's Day" will be celebrated in Big Spring Sept. 22. This event, which formerly was held each fall, was dropped last year but is being revived.

As in the past, the project is jointly sponsored by the Big Spring Kiwanis Club and Webb AFB.

This year's program is aimed at boys and girls in the age brackets from junior high school down. Details of the program have not been worked out but Rev. V. Ward Jackson, chairman of the club's youth committee, said that he has been assured of wholehearted cooperation from Webb.

An initial event will be an essay contest open to all junior high school boys and girls of both Goliad and Rannels junior high schools. The students are invited to write an essay on the subject: "The Contribution of Airpower to Our Freedom."

The best essay by a boy and the best essay by a girl will be selected shortly before Sept. 22. The winning pair will serve as honorary base commander and WAF commander respectively for the afternoon at Webb and will be extended special honors by the base.

In addition, each will receive a model of a T-38. These trophies are provided by Northrop Aviation, manufacturer of the speedy jet trainers used at the base.

The Kid's Day celebration will be coordinated with the 15th anniversary of the U.S.A.F. The 15th birthday of the Air Force will be Sept. 18.

As a part of the celebration, the essay winners will be presented with their awards and runners up with pen and pencil sets.

Announcement will be made soon of the deadline for the essay contest. Additional information will also be made public, Jackson said.

Major Charles Smith, information officer at Webb, is working with Jackson and his committee in preparation of the program.

All boys and girls who are junior high school age and under will have a part in the program, it was promised.

## Spit And Sweat A Way To Beat Radioactive Peril

MONTREAL (AP)—A Finnish scientist offers spit and sweat as tools in the war against radiation hazards to health.

Dr. Kai Setälä, 48, professor of pathology at the University of Helsinki, told a session last week of the International Congress of Radiology that an increase in saliva and sweat can carry radioactive strontium-90 safely out of the body.

Radioactive strontium is a long-lived fallout product that collects in the body. An excess can cause bone cancer.

Setälä said in experiments on cats and mice he worked out a technique of treatment that almost seems too simple.

There are two key steps in the treatment, one triggered by a parathyroid gland extract and the other by a drug.

The gland extract gets the strontium out of the bones into the blood, Setälä said, and the drug stirs up the salivary glands to the point where they absorb the strontium and secrete it in saliva and sweat.

Ordinarily the strontium would be reabsorbed immediately. But an ointment traps the strontium on the skin surface and renders it insoluble in water. Thus it can be washed off.

He is a native of Gainesville.

AIRMAN LEYBA

## Airman Is Sent To University

Airman I.C. Guillermo Leyba, Physiological Training Unit at Webb AFB, is scheduled to leave this week for the University of Colorado to enter the USAF Airman Education and Commissioning Program. He will work toward a degree in personnel management.

Airman Leyba is the third Webb man to be tapped for the program. Due to the capacity enrollment this year at the Officer's Training School, Airman Leyba will get his military training through the AF ROTC program at the University.

To qualify for the program an airman must have 30 semester hours at an accredited college or university. Leyba began his studies at Howard County Junior College in 1960, and has acquired 42 semester hours.

Airman Leyba entered the Air Force in 1957. While at the university he will be given the grade of staff sergeant, and commissioned a second lieutenant on graduation.

**WHAT IS AN INTERNIST?**  
Answer—A physician specializing in the diagnosis and treatment of disorders affecting the inside of the body. Sometimes the symptoms of an illness can be almost the same for different diseases. Then, your family doctor may wish the opinion of an internist to confirm or help him make the proper diagnosis.  
This help often saves much sickness-time. It illustrates why it is seldom wise for people to attempt to diagnose or treat themselves. You are safer when you consult your physician.  
YOUR DOCTOR CAN PHONE US when you need a medicine. Pick up your prescription if shopping nearby, or we will deliver promptly without extra charge. A great many people entrust us with their prescriptions. May we compound yours?

**MEN IN SERVICE**

Airman Basic Denman G. Shoultz, son of Mr. and Mrs. William D. Shoultz, Lamesa, is being reassigned to Sheppard AFB, Tex., for technical training as an Air Force wire communications specialist.

Airman Shoultz, who completed the first phase of his military training, was selected for the specialized course on the basis of his interests and aptitudes. The airman attended Lamesa High School.

Army Specialist Four Jerry R. Chapman, 20, son of Mr. and Mrs. Howard Chapman, Lamesa, participated with more than 70,000 Army and Air Force personnel in Exercise Swift Strike II, a

two-week U. S. Strike Command maneuver in North and South Carolina that ended Aug. 17.

Specialist Chapman is a machinegunner in Company E of the 101st Airborne Division's 502d Infantry, regularly stationed at Fort Campbell, Ky. He entered the Army in July, 1959. He attended Lamesa High School.

James R. Whitefield, airman, U.S.N., son of Mr. and Mrs. Sterling R. Whitefield, 609 Holbert, is serving with Attack Squadron 46 aboard the attack aircraft carrier USS Shangri-La, currently operating in the Mediterranean as a unit of the Sixth Fleet. The Shangri-La was scheduled to return to the United States on August 31.

Airman 2.C. Robert A. Grant of 235 Riverside, Colorado City, has been scheduled for release from Air Force active duty during the latter part of August.

Airman Grant, an Air Force aircraft engine mechanic, was called to duty with the 149th Air Transport Wing at Van Nuys Air National Guard Base during the defense buildup last year.

Airman 1.C. Oscar Galindo, El Paso, has arrived here for duty with an Air Transport Command unit. He was formerly stationed at Webb AFB.

The airman is the son of Mr. and Mrs. Feliciano Galindo, El Paso. He is married to the former Elnora Rocha, 602 NE 9th, Big Spring.

**Foreign Language May Be Required Of AF Personnel**

The Pentagon has announced that all USAF officers will establish, immediately, the objective of becoming proficient in at least one foreign language. In the future, individual qualifications in a foreign language will be a consideration in career development actions concerning assignment, promotion, and retention.

The Webb AFB education office reports attendance at a recent meeting at the Air Academy, at which the matter was discussed. The Department of Defense has given the Army the responsibility for developing a workable plan for all branches of the service.

In the meantime, the USAF is conducting a survey, and making a study within the Air Force, to determine the type of program that will be suitable to the needs of personnel.

Local officials, according to Joe Hinton, educational officer at Webb, will await the results of the Colorado Springs meeting before attempting to set rules for qualification.

**Demonstration Held For Base Personnel**

A demonstration team from Sheppard AFB visited Webb AFB last week for two performances showing the non-compatibility of fuel and liquid oxygen.

The "Missiles Hazard Demonstration Team" consists of three members headed by Chief Warrant Officer, Henry B. Bean; T. Sgt. Noble L. Derrington; and Oliver O. Hollie.

**Cooperatives To Stage Membership Meetings**

The 23rd annual membership meeting of Cap Rock Electric Cooperative, along with the membership meeting of Wes-Tex Telephone Cooperative, will be held Saturday in Stanton.

Registration will begin at 1:30 p.m. with the business session slated at 2 p.m. in the new Stanton High School auditorium.

Substantial gains in both cooperatives are reflected in the annual reports to be distributed at the meeting. A program has been arranged, and the directors and Manager O. B. Bryan will report on the financial condition and the operations of the two organizations.

Three directors will be elected to three year terms by each of

the cooperatives. Electric Cooperative directors whose terms of office expire this year are W. D. Howell, Edgar Phillips and J. C. Sale. Wes-Tex Telephone directors whose terms expire are Mrs. H. S. Hanson, D. O. Lawson and Jack Hopper.

Two outstanding students served by Cap Rock Electric Cooperative's lines will be awarded college scholarships. In addition, cash awards of \$500 will be distributed among members attending. Children will be entertained at a free movie while the business sessions are in progress.

Both of the cooperatives have had a successful year. Cap Rock made its sixth consecutive annual capital credits refund to members in August. Over \$350,000 has been returned to members in this manner during the past six years.

The Electric Cooperative, started in 1939 to serve Martin and Howard counties, now reaches 5,000 members in a 13-county area. The telephone cooperative, activated in 1950, now serves 1,300 members in seven counties.

Charles Stephenson, Soil Conservation Service, and Lorin McDowell III, ranchman from Glasscock and Howard counties, will attend the first annual Ranch Management Conference in Lubbock Sept. 7. The conference will be held on the Texas Tech campus to bring ranchmen and range management personnel together.

Other ranchmen wishing to go may contact the Big Spring SCS office and make arrangements, Stephenson said.

The conference will begin at 9 a.m. after registration and a coffee in the Tech Union. Dr. Gerald Thomas, dean of the School of Agriculture, and Dr. Donald Huss, president, Texas Section of the American Society of Range Management, will welcome the guests.

Dr. Thomas said there has been a pressing need for this type of conference for years to acquaint the ranchers and range management people with the latest information on brush control, grazing

systems, stocking rates, poisonous plant problems, wildlife management, range reseeding and other problems which concern the West Texas ranchers.

Speakers will include Thomas V. Copeland, range manager for the Post-Montgomery estate; Tad Moses, agricultural editor, Texas A&M; C. A. Rechenbin and Doug Robinson, state soil conservationists, SCS; W. J. Waldrip, Texas Experimental Ranch, Throckmorton; Jim Barron, manager, Spur Headquarters Ranch, and J. L. Schooler, rancher, Morton.

The first year's program is sponsored by Texas Tech, American Society of Range Management, Texas Section, U. S. Soil Conservation Service, Texas A&M College System, West Texas Chamber of Commerce, and the Lubbock Chamber of Commerce.

Dr. C. Douglas Smith is now Associated With Dr. C. N. Rainwater for the practice of General Dentistry 202 Permian Bldg. AM 4-8711 office hours by appointment

University Exes Plan Charter Bus

The Ex-Students Association of the University of Texas is planning a charter bus to the Texas-Texas Tech game Sept. 29. A special meeting and social evening will be held Sept. 18 to plan the trip. All ex-students of the University are welcome.

Any ex-student also is welcome to participate in the trip to Lubbock. Reservations may be made with Bob Hickson at AM 4-8283. A block of 40 tickets has been bought for the occasion.

The planning meeting will be at 7 p.m. Sept. 18 at the Big Spring Country Club, and it will constitute the fall meeting of the association. Films of last year's Oklahoma game will be shown, along with a buffet style dinner and the playing of bingo.

COLONELS SERVE THE SERGEANT  
Co. Rex Fryer (left), M. Sgt. Paul McDaniel, Col. H. C. Collins

## Sergeant Retires, Treated By Colonels During Ceremony

M. Sgt. Paul J. McDaniel was given his certificate of retirement in an informal ceremony in the office of Col. Rex Fryer, deputy commander at Webb AFB last week. He was served coffee by Col. Fryer, and Col. Harold C. Collins, commander of the Pilot Training Group, following the informal ceremony.

The sergeant has completed 21 years of active service with the USAF. He enlisted at Fort Sill,

Okla., shortly after the U.S. entered the war.

He spent two years in Germany flying with MATS, and came to Webb in November, 1960 from Chanute. Most of his Webb tenure has been spent in the instrument trainer section.

The sergeant is a native of Missouri, near Lebanon. Presently he calls Simpsonville, S. C., his hometown. He expects to return to Simpsonville and enter the life insurance business.

The sergeant is married to the

former Miss Dorothy Henderson of Trenton, Mo. They have two girls—Ernestine, 13; and Maxine, 11.

### Father Dies

Funeral was held Thursday in Quitaque, Tex. for the father of Bill Edgar, manager of KWAB, local television station. Mr. Edgar died Wednesday of a heart attack.

## DEAR ABBY Dress For The Occasion

DEAR ABBY: What is the proper attire for women attending a Garden Club meeting where they exchange plants, bulbs, soil and fertilizer? Some of the members come dressed in high heels, fancy hats and rhinestone jewelry like they were going to church. Others come in house-dresses and flat shoes. I am —

FRANKLY CONFUSED  
DEAR FRANKLY: When women get together for social chat they may get dressed up in their fancy go-to-meeting clothes. But if they meet to fool with fertilizer and dabble in dirt, they should dress down to earth in flats and wash dresses.

DEAR ABBY: We just bought a very nice house in a neighborhood where the houses are kind of close together. The lady who lives next door must have nothing better to do all day but stand at her window and look through mine. Now I am 50 years old, and I don't need a bodyguard. Should I go over and ask her to please quit looking in my window? Or should I stand there and try to outstare her?  
LOOKED AT  
DEAR LOOKED: Why don't you just pull down your window shade and forget about it?

DEAR ABBY: What do you

think of a 42-year-old man who must go down to the cellar for a smoke in his own home? That man (?) is my son. The reason he can't smoke in the house is because his wife is a nut on smoking. She claims smoke makes her sick. Well, that song and dance is making ME sick and I told my son yesterday that if he wasn't man enough to stand up for his rights in his own home he should move out to the doghouse. Will you give this nutty wife a few jabs in your column? She reads it daily. I'll be watching for it. Thank you.  
SOMEBODY'S MOTHER

DEAR MOTHER: Perhaps your son should have one room in the house where he can enjoy a smoke if he so chooses. But if HE does not object to going underground to please his wife, keep your jabs to yourself and don't try to stir up trouble.  
Unload your problem on Abby. For a personal reply send a self-addressed, stamped envelope to ABBY, care of the Big Spring Herald.

For Abby's booklet, "How to Have a Lovely Wedding," send 50 cents to ABBY, Box 3365, Beverly

### The End Of The Holiday

The wives have just discovered where their husbands have been going for their "Boys' Night Out," as the movie is titled from which this scene is taken. Namely, the boys have been whooping it up at Kim Novak's apartment, getting what they can't get at home (and it's not what you're thinking, so stop snickering). That's Jessie Royce Landis at the left awaiting the crash. Anne Jeffries aiming the vase at Miss Novak, and Janet Blair (behind Miss Novak) going after Tony Randall, whose back is to the camera. At right is sociology professor Oscar Homolka, whose presence gives the whole plot away.

## Wives Be Careful— It's 'Boys' Night Out'

If the truth lies in the ancient maxim that the way to a man's heart is through his stomach, then the converse bears watching. If a wife provides too few goodies, her husband may wander to where the provisions are sweeter and more ample.

For example, in "Boys' Night Out," a sophisticated farce, Howard Morris is one of a quartet of men (along with James Garner,

Tony Randall and Howard Duff) who readily falls under the spell of lovely Kim Novak. But, Morris' seeming infidelity springs from the fact that his wife, Patti Page, has dieted him out of his home.

With many people diet-happy, and calorie-conscious to a degree depending on the last word read and digested, audiences will have a happy time identifying with Morris. As Patti stuffs her three sons and starves their father, Morris resorts to pilfering their school lunch boxes, while complaining of malnutrition. His idyl with Kim consists of gorging a dinner she prepares for him.

Miss Novak, who has sized up the situation, well knows the way to a man's heart. After a dinner of glazed fowl, potatoes swimming in butter, asparagus floating in rich cream, and frosted cake, the Connecticut Casanova drowns happily, awaking to catch the last train for the suburbs, after boiling down a nightcap—a chocolate malted.

The peccadilloes of Randall and Duff are equally harmless. Miss Novak handles them as aptly as she did Morris.

Randall's wife, Janet Blair, has the maddening habit of finishing every sentence he starts. In fact, he has almost given up even starting one at home. So, on his night out, Miss Novak lets him talk for hours, becoming that rare female jewel—a good listener. After talking himself hoarse, Randall cheerfully catches his late train home.

Duff, a do-it-yourself addict, has been thwarted by his wife, Anne Jeffries, who won't let him near a tool chest. He spends his night out with Miss Novak repairing the Hi-Fi, as gleeful as a father tinkering with his son's electric train.

Complications and solutions race merrily along in producer Martin Ransohoff's comedy. Garner, the bachelor in the commuting four-some sharing the New York apartment, falls in love with Miss Novak who has taken up residence there. Jessie Royce Landis, Oscar Homolka, Fred Clark, William Bendix, Jim Backus and Ruth McDevitt have cameo roles under Michael Gordon's direction.

MGM and Joseph E. Levine present "Boys' Night Out," a Kimco-

Filmways picture-filmed in CinemaScope and Metrocolor, for MGM release. It opens today at the Jet Theatre.

### Touched

Paula Raymond should be dead. John Agar just touched her. "Hand of Death," beginning Thursday at the State Theatre, is the story of a scientist (Agar) whose experiment backfires, turning him into an indestructible monster whose slightest touch brings instant death to the victim. Miss Raymond, however, survives while Agar doesn't.

## 'Spiral Road' Tells Of Pathway To God

"The Spiral Road," by Dutch novelist Jan de Hartog, has been brought to the screen by Universal producer Robert Arthur. The film is now playing at the Ritz Theatre.

Starring Rock Hudson, along with Burl Ives and Gena Rowlands. "The Spiral Road" is a screen appraisal of civilized man's struggle against the jungle, combining the jungle's brutal dangers with the constant battle of the human spirit against the lures of depravity and degradation.

Director Robert Mulligan led his "Spiral Road" troupe deep into the jungle of Surinam (Dutch Guiana), only 4 degrees north of the equator. Only once before—almost 20 years ago when the late Clark Gable starred in "Too Hot to Handle"—had a Hollywood color camera ventured into these equatorial jungles so dense that Surinam's four rivers afforded the only access to the interior.

**ALTERNATE SITE**  
Although "The Spiral Road" is a story of Dutch colonial doctors battling plagues and epidemics in Malaya, climatic conditions around present-day Indonesia prompted the alternate choice of Surinam as a filming site. Actually, Surinam's large Javanese population, its awesome jungle and the old-world Dutch architecture of its only city, Paramaribo, makes it an ideal background for the story. A complete Javanese jungle village was erected near the banks of the Commewijne River by art directors Alexander Golitzen and Henry Bumstead as one of the main sets for the film.

Only a part of "The Spiral Road" was completed in the Surinam jungles, the major portion of the dramatic story being filmed on the Universal lot. A large and complex movie set erected on the back lot created a perfect replica of the jungles of Surinam, mainly through the use of plastic replicas of jungle foliage that cannot be grown in North America.

**CHANGE OF PACE**  
"The Spiral Road" marks a change of pace for Rock Hudson, who portrays a young doctor trained by the Dutch government and sent to the Colonies to work. Rock's last two films have been comedies—"Come September" and "Lover Come Back." Hudson, discovered and developed as a screen star by Universal, has been with the company since 1949 and has appeared on the screen in 45 films.

Behemoth Burl Ives became famous as the "Wayfaring Strangers" because of his success as a folk singer, but in the past few years he has become better known as "Big Daddy" as a result of his smashing performance

### Ambassador Of Folklore

Burl Ives might well be called Illinois' roving ambassador of native folklore and song.

Although several decades now have passed since he left his home in Hunt Township, some 200 miles south of Chicago, he has carried his boyhood memories throughout the professional life which has established him as one of the foremost balladeers of our time.

Burl, one of six children of Frank and Cordelia Ives, has sung the songs he learned in the corn country wherever his wanderlust has taken him. And it is no empty label that has been pinned upon him as "the Wayfaring Stranger" for he has traveled, from teen-years on, to the far corners of the earth, and beyond, singing for his supper to the accompaniment of his eloquent banjo or guitar.

In "The Spiral Road," Burl essays a straight dramatic portrayal, not once making use of his vocal talents. This is in keeping with his multi-faceted personality because he has proved himself adept in many fields, achieving renown, in addition to his other capabilities, as recording artist and writer, with three books under his outside belt, and another in the gestation process.

### Job For A Bum?

Rock Hudson has just spent three weeks in a dugout canoe making it into the jungle to become Burl Ives' medical assistant—and to begin one of the strangest stories of the diverse ways men find their God. At the moment, however, Hudson is a thorough unbeliever. That can he's just brought to Ives is marked P. G.—for "pure gin."

on Broadway and the screen in "Cat on a Hot Tin Roof." Ives, who stands well over six feet and weighs more than 300 pounds, is seen as an almost-legendary giant of jungle medicine. Like Hudson, Burl is a native of Illinois and was an actor long before he gained world-wide attention as a singer of folk tunes. He is also a writer of note, four of his books having been published.

**RETURNS TO SCREEN**  
Gena Rowlands, in private life the wife of actor-director John Cassavetes, is seen as the Dutch girl who sails to the jungle colony to marry Hudson. Miss Rowlands, who retired to await the birth of her first baby three years ago, returned to the screen to co-star with Kirk Douglas in "Lonely Are the Brave." Her work in this film caught the eye of Arthur, who chose her for "The Spiral Road."

Mulligan, at the age of 36, has been turning out one movie after another, including "The Rat Patrol" and "The Great Impostor," with Tony Curtis, and "Come September." Sir Laurence Olivier brought Mulligan to Hollywood's attention after he directed the great British star in the award-winning TV dramatic special, "The Moon and Sixpence."

**OTHER ACTORS**  
Others selected by Arthur to play key roles in "The Spiral Road" include:

Geoffrey Keen, noted British actor brought from London after his performance in "The Angry Silence" to portray the dedicated Salvation Army officer at a jungle leper colony; Ibrahim Bin Hassan, 4-foot-3 Malayan film comic flown from Singapore to Hollywood to play Burl Ives' servant;

Gorgeous Hong Kong beauty, Judy Ren, who adds exotic excitement as the jungle girl whose sultry charms lure Rock Hudson into a tropical love tryst;

Stage and screen actor Robert F. Simon, recently with Cary Grant and Tony Curtis in the comedy, "Operation Petticoat";

Edgar Stehl, a veteran of 32 years on stage, screen and TV, cast in the role of a Javanese sultan who devotes his life to the game of billiards.
