UNSCHEDED STOP
Train, tank truck there at same time

Truck Wrecked By Train; Flagging Efforts In Vain

STANTON — An asphalt truck which could not make it across railroad tracks here Saturday was demolished when it was struck by an east-bound Texas and Pacific freight train and dragged about 100 yards along the tracks.

No one was in the vehicle at the time. Driver Mike Martinez, 30, Odessa, had left the truck on the tracks and was trying to flag the train to a halt when the collision occurred. The train crossing is south of the intersection of Texas 137 and US 80 near the west edge of the city.

The train, which shuttles from Big Spring to Toyah, was moving east on the return trip to Big Spring when the accident occurred about 5:15 p.m. Engineer in charge of the train was Cecil L. Kirkland, 1301 W. 5th, Big Spring.

The truck had been on the tracks about 40 minutes while the driver tried to get help to move it. The tank of the truck was empty.

"I tried to get someone to help pull the truck from the tracks," Martinez said. "A man in a pickup tried, but couldn't do it. Two other truck drivers said they did not want to try it."

Martinez said he walked about 50 or 60 feet west of the crossing when he saw the light on the train.

"I waved my hands and yelled, but it did not do any good. I don't know how fast the train was moving when it hit the truck," he said.

Wreckage from the truck's cab

was strewn along the track. After volunteer firemen from the local fire department extinguished the blaze which started after the collision, the tank portion was rolled away to the right side of the tracks and the cab was pulled to the other side. The train received only minor damage, but a crew from the T&P station in Big Spring was

dispatched to make repairs before the train continued on its way. Martinez was going north on his way to a construction site of Jones Brothers Dirt and Paving Contractors about two miles north of Stanton. He said he had taken the truck over the tracks there several times previously without difficulty.

U.S. Moves For Caribbean Defense

WASHINGTON (AP) — The United States has decided to throw strong support behind Latin American moves for creation of a Caribbean defense organization to reinforce military protections against growing Communist power in Cuba.

Formation of a new defense pact, probably embracing 10 nations, is expected to be the central issue up for discussion in the meeting here Tuesday and Wednesday of foreign ministers of the Organization of American States. U.S. officials said all 20 countries now active in the OAS — Cuba is an outcast — will be represented.

Administration authorities are reported encouraged by soundings on the Caribbean defense pact concept made in New York this week by Secretary of State Dean Rusk.

Rusk is said to have found widespread interest in new steps to deal with the continuing buildup of Soviet military might in Cuba in support of Prime Minister Fidel Castro. Latin American foreign ministers are reportedly impressed and concerned by Castro's rapidly expanding ability to make serious trouble in neighboring countries by shipping out Communist agents and arms for subversive attack on anti-Communist governments.

Worry is greatest in those countries which touch or are close to the Caribbean.

This speculative group of countries does not include Mexico,

where officials recognize existence of considerable — though they hope declining — pro-Castro sentiment. Nor does it include Haiti, whose officials are concerned because of their country's nearness to Cuba.

Countries which have a secondary concern about Castro and which have been in the past less enthusiastic about participating in actions against Cuban communism include those more remote from the Caribbean.

U.S. officials say some group like this was contemplated by the American foreign ministers when they met at Punta Del Este, Uruguay, last January. The conference urged the American nations to strengthen their defenses and to cooperate as may be necessary or desirable for that purpose.

Troops Readied For Mississippi Crisis

Lt. Governor Is Held In Contempt

NEW ORLEANS, La. (AP) — The U.S. 5th Circuit Court of Appeals declared Mississippi Lt. Gov. Paul B. Johnson in contempt of court Saturday for his part in blocking Negro James H. Meredith from the University of Mississippi.

The three-judge panel of the court ordered Johnson fined \$5,000 a day unless he shows by 11 a.m. Tuesday that he intends to cooperate with court orders prohibiting interference with Meredith's enrollment.

The same court, with eight judges sitting in, convicted Mississippi Gov. Ross Barnett of contempt Friday for stopping Meredith. It ordered him fined \$10,000 a day and taken into custody if he fails to purge himself of contempt by 11 a.m. Tuesday.

The court did not order Johnson taken into custody under the present circumstances—even if he fails to purge himself.

But it did say that if Johnson acts in place of the governor in violation of court orders he would be committed to custody of the U. S. attorney general, and his fine would be increased to \$10,000 a day.

NOT THERE

Neither Johnson nor Barnett appeared at their show-cause hearing.

The brief hearing in advance of the ruling was almost a replay of the legal maneuvering in the same court room Friday involving Barnett.

John Doar of the Justice Department led the three-judge panel that Johnson is clearly in contempt for stopping Meredith, 29, and federal marshals at the Ole Miss gates last Wednesday.

But he asked only for a fine against Johnson, saying a jail sentence would serve no purpose because Johnson's moves were more or less done in behalf of the governor.

The Justice Department suggested the same deadline for Johnson to purge himself as Barnett received Friday.

SOUGHT EARLIER DATE
Meredith's attorneys, appearing at the hearing along with the Justice Department attorneys to press the action against Johnson, urged a quicker deadline—as they did in the case of Barnett, too. Against Johnson, the slightly

'Task Force' Built Up At Nearby Base

BULLETIN
WASHINGTON (AP)—President Kennedy early Sunday signed a proclamation commanding "All persons engaged in such obstruction of justice" as may interfere with the execution of court desegregation orders to desist immediately.

OXFORD, Miss. (AP)—Traveling football fans deserted their University of Mississippi campus Saturday while troop-carrier helicopters whirred into Memphis, Tenn., 87 miles away, ready for the big push to put James H. Meredith, a Negro, into the all-white school.

Throughout the sunny weekend normally devoted to football and undergraduate dates, the federal government built up their integration task force of deputy U.S. marshals into the hundreds.

LAST LEGAL MOVE
And, in New Orleans, La., the 5th U.S. Circuit Court of Appeals took what appeared to be the last bit of legal maneuvering before the federal government moves against the citizen army of peace officers backing Mississippi Gov. Ross Barnett.

UNITED NATIONS, N.Y. (AP)—The British reported persistent deadlock Saturday after the latest East-West talk over Berlin.

The report came as President Kennedy arranged to review world affairs with U.S. Secretary of State Dean Rusk and British Foreign Minister Lord Home at lunch Sunday in Washington.

A British spokesman said Lord Home discussed the Berlin question with Soviet Foreign Minister Andrei A. Gromyko late Friday at the Soviet U.N. mission.

"They talked for about 30 minutes," he told a reporter. "They discussed Laos briefly and then the rest of the time they spent talking about Berlin. They went over the ground again but we can't say that they really made any progress."

NO DEADLINE
But, in reply to a query, the spokesman said Gromyko did not mention any deadline for the West to meet Soviet demands — which are the signing of a German peace treaty or treaties and the withdrawal of British, French and U.S. garrisons from West Berlin.

Latest indications are that the Soviet Union is willing to wait at least till after the U.S. congressional election Nov. 6 before pressing these demands.

The Home-Gromyko meeting appeared to have been the first high-level East-West contact on Berlin since Rusk and Soviet Ambassador Anatoly F. Dobrynin interrupted their occasional exchanges of views on the matter last month. U.S. sources have said Rusk plans to have another conference with Gromyko in the next week or so.

State Guard Units Are Federalized

WASHINGTON (AP) — President Kennedy put the Mississippi national guard into federal service Saturday night to enforce desegregation orders if needed.

The White House announced Kennedy's action after reporting that three separate communications Saturday between the President and Gov. Ross Barnett of Mississippi failed to produce what Kennedy considered an assurance that law and order would be maintained in the state.

Army and air units of the Mississippi National Guard are being ordered to duty on Monday, the White House said.

The Mississippi Guardsmen thus were ordered to service while Army troops were being assembled on the edge of Mississippi to move into the state if necessary to enforce federal court orders to enroll Negro James H. Meredith in the University of Mississippi.

The White House, after announcing that President Kennedy will address the nation by television and radio Sunday at 6:30 p.m. EST issued this statement at midnight EDT: "The President talked today with the governor of Mississippi on three separate occasions."

LAW AND ORDER
"The President was unable to receive from Gov. Barnett satisfactory assurances that law and order could or would be maintained in Oxford, Miss., during the coming week. The President is therefore federalizing the units of the Mississippi National Guard, Army and Air, in case they are needed to enforce the orders of the federal court."

"Telegrams have been dispatched tonight so that these units will be available for service Monday."

Acting Press Secretary Andrew T. Hatcher said papers required to complete the orders would be signed by Kennedy Saturday night.

ABRAMS IN CHARGE
It was understood Maj. Gen. Creighton Abrams, who has conferred with Atty. Gen. Robert F. Kennedy this week on the potential need for troops in the Mississippi desegregation crisis, probably would be sent to that state.

National Guardsmen are under the jurisdiction of their respective states until ordered into federal service. A White House spokesman said the Mississippi Guardsmen will be under the command of their present general.

The Mississippi National Guard consists of approximately 11,500 men of which all but 1,000 are Army troops.

Meanwhile, federal troops were ordered to stand by, as it was announced the President would speak to the nation on the racial crisis.

High officials still hoped that emergency use of federal troops would not be necessary.

LITTLE HOPE LEFT
But, as one official put it, there seemed little hope left that Governor Barnett would bow to federal court decrees and admit Negro James H. Meredith to the University of Mississippi.

"One thing is certain, though," he said. "There is no room for compromise. It is basic that the Constitution as interpreted by the federal courts must be enforced."

At a late hour, the federal government began marshaling its forces and orders went out to send Army units to stand by at the Memphis, Tenn., Naval Air Station—just about 50 miles from the campus of the university at Oxford, Miss.

At 10 p.m. the Army received orders to assemble a force of troops at the Memphis base for

Reviewing The Big Spring Week

With Joe Pickle

There was little joy in Mudville Saturday, for Snyder's Tigers had caught our Steers looking a week further down the line when they play Wichita Falls. The result was sobering, to say the least. However, if the Steers play with the same fire and determination that Snyder had in playing us, the Wichita game could be interesting.

There is a good prospect that about five million dollars of construction on Interstate 20 loop will be under way next year. The Texas Highway Department announced last week that \$1,458,000 had been authorized for paving and other improvements on the loop, which would go on top of some three and a half million for the structures, grading and base work. One basic contract will be let in October, the likely in December with the paving lettings sometime late in 1963.

The most costly fire in a decade destroyed the Newsom Food Store at 1910 Scurry last week with a loss. You have to know what an avid Aggie fan Don Newsom is, and what a good sense of humor he has to appreciate this: Boyce Hale had been awakened by the alarm and went down to see if he could help. An hour or so later the bone-weary Don leaned heavily on Hale's shoulder and said, "Boyce, when LSU beat A&M 21-0 last night I didn't think it was possible for anything worse to happen."

Report Restrictions May Be Taken Off Oil Imports

ST. LOUIS (AP) — The Post-Dispatch said Saturday that a secret report to President Kennedy could mean the end of present quotas on imports of crude oil.

The report, by a high-level cabinet committee, would remove the present legal basis for the import quotas, the newspaper was told.

Imports are now limited on the ground of national security.

The Post-Dispatch story said the report recommended that from now on the controls be considered simply a price-support device for the economic benefit of the domestic petroleum.

The newspaper story also said that changes were adopted, new legislation eventually would be required to justify continued import restrictions.

operating on a contest basis, with every military and civilian organization participating. While there is no official goal, the base is aiming at \$10,000 participation.

In the contest, recognition will be given on the basis of amount of gifts pledged in relation to the unit's personnel and payroll strength. Webb people will be rewarded, said Col. Head, on the basis of "who is first with the most."

The same slogan applies throughout the UF organization.

OTHER SESSIONS
Jack Y. Smith, vice chairman of the over-all campaign, with Lee O. Rogers as general chairman, is meeting Monday morning at the Wagon Wheel with various labor leaders who will be organizing soliciting teams.

Tuesday morning, the "big gift" division—one which is accepting the responsibility of raising \$40,000—will meet for a breakfast session to launch its canvassing effort. Douglas Orme heads this group and will have two dozen

You Can Now Pay Poll Tax For Voting In '63 Elections

Monday initiates poll tax paying time again.

Poll tax payments can be made from Oct. 1 through Jan. 31 each year. Mrs. Zarah LeFevre, county tax collector, urged that all persons who are qualified to hold poll tax receipts to obtain them before the fading days of the season.

"We are now ready to issue 1962 poll tax receipts for voting use in 1963 elections," said the tax collector.

The price is the same as usual—\$1.75 per voter. Of the money, the schools get \$1; the county 25 cents and the state 50 cents.

To be eligible to pay poll tax, a citizen must be a qualified elector of the county. This means he must have been a resident of the state of Texas for at least one year and of Howard County for at least 30 days.

SOMETHING NEW

Something new has been added to the poll tax receipts this year. This should tend to reduce a lot of confusion in future voting where the election of county commissioners is an issue.

Mrs. LeFevre said she had the 1962 receipts designed to include a space in which the voter's commissioner precinct number will be entered by the deputy issuing the receipt.

The receipts now show the voter's name, vital statistics to support his claim as a legal voter; his address and race and his voting box number, and his commissioner's precinct number. This will be important in elections where commissioners are being chosen. In Commissioner Precinct 1, for example, only voters residing in Voting Boxes 1, 18, 12, 13 and 14 are entitled to vote in such elections. In Commissioner Precinct 2 contests, voters who live in voting boxes 2, 9, 10 and 15 are privileged to vote. Voting boxes on Commissioner Precinct 3 are Nos. 3 and 16 and Commissioner Precinct 4, Nos. 4, 5, 6, 7 and 11.

OFF SEASON

The ensuing year is an "off" season politically and it is speculated that the number of poll taxes sold will be fewer perhaps than were issued for the current year. As of Jan. 31, 1962, the office of the tax collector had issued 7,787 poll tax receipts for 1961. This was larger than in 1960 but smaller than the number in 1959.

The time is at hand, too, for the issuance of exemption certificates. These are permits granted to citizens who attain their 60th birthday prior to Jan. 1, 1962. In other words, a voter who became 60 years of age before last New Year's Day is now privileged to vote free in all elections which follow. He must get an exemption certificate, however, if he lives inside the boundaries of Big Spring. These exemption certi-

IT'S THAT TIME AGAIN
Tax Collector Deputy Genevieve Cass reads a 1962 poll tax receipt

ates are free. If he lives outside the city limits of Big Spring, he votes free and does not have to show an exemption certificate at the polls.

Last year, the tax office issued 1,732 exemption certificates which was almost a record breaker. The only other year when more exemption certificates were issued was 1959 when the total was 1,743.

FIRST VOTE

Not only are the older citizens entitled to an exemption certificate. Any resident of the county who has attained his 21st birthday after Jan. 1, 1962, and who is otherwise a qualified elector, is eligible to obtain an exemption certificate. Any such voter can obtain an exemption certificate at any time within 30 days of any election.

There is one other group who benefits from this exemption provision—newcomers to the state. A person who has moved into Texas after Jan. 1, 1962 from another state and who becomes otherwise qualified as an elector is entitled to apply for and be issued exemption certificate permitting him to vote in elections which come up. There is one exception in the matter of voting privileges which causes considerable dissatisfaction and confusion each year. This is the state law which deals with the voting rights of men and

Donna Marie's Term Upheld

Action of the circuit court of St. Clair County, Ill., in ordering Donna Marie Stone, 14-year-old admitted slayer, to custody of the State Youth Commission has been upheld by the Illinois Supreme Court.

Donna Marie was sentenced to the commission by Circuit Judge Richard T. Carter when she pleaded guilty before him to a charge of manslaughter. This was in Belleville, Ill., on Aug. 20.

The State Youth Commission, doubting its own authority to receive a juvenile convicted of so serious a crime, had Illinois State Attorney General William G. Clark file a petition on the matter before the state supreme court. In Springfield, the court ruled that the circuit judge had acted properly and that the girl was legally ordered into the commission's custody.

Donna Marie and her 32-year-old boy friend, John Edwin Myers, admitted the murder of four persons in a hectic three-day journey from Illinois to Big Spring last September.

Myers, under conviction and facing death in the electric chair if the Texas appeals court sustains his conviction, is in the Howard County Jail. He was found guilty of the murder Sept. 1, 1961 of Arthur DeKraai, an itinerant Iowa plumber, near here.

Donna Marie pleaded guilty to the part she had in the slaying of George Ballard, 43, and his young daughter, Carole, near Belleville. The Ballards were the first victims of the pair. The Illinois court sentenced Donna Marie to the custody of the commission until she is 21 years of age. At that time there will be a new determination in her case.

HOME COUNTY

The law says that any person in military service must register and secure a poll tax in the county in which he was inducted into the military service.

This precludes the vast majority of service men and women who live in Big Spring from voting in local elections. They may obtain a poll tax receipt and vote absentee in the elections in the counties from which they were inducted but they are not privileged to vote in any local elections.

It is pointed out that a considerable number of Webb personnel have lived here for a considerable period of time—some for several years. Many own their homes and are deeply concerned in local government. They are pertinently interested in the schools and the administration of school affairs. They want to voice their views in elections which come up in the community but they are not permitted to do so under the state law.

Many taxpayers, according to Mrs. LeFevre, pay their real estate taxes and their poll taxes at one time. Real estate and personal property taxes for the county, Howard County Junior College, state and common school districts can be paid effective Oct. 1.

Goldberg To Be On Bench For Supreme Court Term

WASHINGTON (AP)—The Supreme Court opens on Monday a new term with the swearing in of Arthur J. Goldberg as an associate justice to take part in decisions certain to add important chapters to history.

The former secretary of labor in President Kennedy's Cabinet confirmed by the Senate last Tuesday, takes his seat on the high bench amid speculation whether the tribunal will now become more liberal.

At the second Kennedy appointment to the court, the onetime Steelworkers union lawyer is regarded as likely to strengthen the liberal wing of a previously closely divided tribunal. Earlier this year the President named Byron R. White to the court.

LIBERALS?

Goldberg, successor to retired Justice Felix Frankfurter, leader of the conservative wing, and White, successor to Justice Charles E. Whittaker—also a conservative—may align themselves in the difficult term ahead with the four jurists generally considered to be liberals. They are Chief Justice Earl Warren and Justices Hugo Black, William O. Douglas and William J. Brennan.

Early predictions of court trends are hazardous, however, for the justices do not always divide in fixed patterns.

For instance, after more than three years, few observers would hazard a guess as to how Justice Potter Stewart will vote on any particular case. And White, in his

first major dissent last June, voted against the court's liberals.

Some clarification of the court's future trend may come, however, with its handling of three nationally vital issues in the months ahead. They are:

1. Does the Constitution permit Bible reading and recitation of the Lord's Prayer in public schools? The court ruling last June against a state-prescribed prayer in New York schools touched off reactions that startled the justices.

2. What does the Constitution do for scores of Negroes and whites arrested in sit-in demonstrations in the South?

3. What standards will be evolved in determining constitutionality of apportionment of state legislative districts?

RELIGION

In the religious activity field, the court has been asked to review a Maryland state court decision that Bible reading and recitation of the Lord's Prayer at daily school opening exercises is not unconstitutional.

The justices also have been asked to review a decision by a federal court that Pennsylvania's law requiring Bible reading at school opening exercises violates the Constitution. The state law does not call for recitation of the Lord's Prayer and the lower court did not rule on that question.

Two other appeals in the religious activity field were taken to

Justices last June agreed to hear six appeals by Negroes and whites arrested in five southern states.

The thorny question lurking in these cases is whether it is unconstitutional for a state to enforce private segregation practices of restaurant operators and other business men.

Some two dozen other racial appeals, on which the court will either grant or deny hearings, piled up during the summer.

Last term's decision that voters may sue in federal courts to challenge apportionment of state legislative districts will have echoes in the new term.

Already promised a high court hearing is an appeal from a decision holding invalid Georgia's county unit system as used in the choice of state officials. New York, Maryland and Michigan reapportionment cases also are expected to be heard.

The new birth is an absolute necessity. Jesus said, "Ye must be born again" (John 3:7). How is one born again? How does he know when he has had the new birth? How can a birth be undone, if it is possible for a man once saved to become lost? We hope to answer these questions in the articles to follow.

Tell me why modern day preachers stop when they read verse 3 of John 3? It says, "... except a man be born again, he cannot see the kingdom of God." Why do they not read on to verse 5? It says, "... Except a man be born of water and of the Spirit, he cannot enter into the kingdom of God." Thus, the Lord tells us there are two elements in the new birth: 1. The Holy Spirit, and 2. Water. The word "Spirit" is literal. Why then claim that the word "water" is figurative? One should not let his prejudice against baptism blind him to the plain statements of Scripture.

We invite you to our services today (9:30 and 10:30 a.m. and 7 p.m.) and promise to teach nothing but those things you can read in your own Bible. Welcome! —Adv.

NEW BOOK AND GIFT SHOP HAS ITS OPENING MONDAY Mrs. Modesta Simpson with some unusual gift items

Modesta's Book And Gift Shop Due To Open Monday

Modesta's, a book and gift shop with a flair for the unusual, will open Monday in the mall of the College Park Shopping Center. The personal touch will be featured in this modern shop which faces the mall's fountain.

Mrs. Modesta Simpson is owner-operator of the shop assisted by Mrs. Roy Bruce, Mrs. Shelby Read and Mrs. Inogene Lloyd. The formal opening will begin at 9 o'clock Monday morning with regular store hours from 9 a.m.-5:30 p.m. daily.

The store features a wide selection of gifts, stationery and books. In the gift section, German imported cutglass and American pieces in a variety of colors are among the many items for the home. Hand-painted and hand-

carved bric-a-brac are elaborately displayed on modern islands with glass shelves. Brightly colored and decorated candles are a featured item.

The book shelves are stocked with a wide range of best sellers and standard editions. Etiquette, gardening, government and history, to name only a few, are subjects covered by the hundreds of fiction and non-fiction books which the new shop offers. Novels, atlases, dictionaries and cook books add to the collection.

"We plan to add to our selections as we learn the literary tastes of our customer," Mrs. Simpson said.

A special feature, the bride's gift corner, offers a selection of gifts for the bride. A unique service of Modesta's will be assistance to the future bride in planning her selections. Bride's books, printed in English and Spanish, are one example of the many items for the bride.

The new store is decorated in a blue theme, including the carpeting. The book and gift sections are departmentalized and a browsing nook is located among the book stacks. A light-colored ceiling reflects a soft light on the interior.

Long Kohler Strike Ending

SHEBOYGAN, Wis. (AP)—The United Auto Workers and the Kohler Co., announced today that bargaining representatives have agreed on a settlement of their long dispute and a proposed one-year contract now goes to the union membership for ratification. Members of UAW Local 833 will meet Oct. 7 at nearby Sheboygan Falls to vote on the terms. Pending that action, spokesmen for both sides declined to discuss any of the terms at a news conference this morning.

The dispute at the big plumbing ware firm at Kohler resulted in one of the nation's longest and most bitter strikes.

Mexican Air Fete Boosted To Lions

Lions of Mexico City are urging fellow members in the United States to participate in the International Air Rally to take place between Mexico City and Acapulco Oct. 31-Nov. 4.

L. Poyo-Skillin, director of the Mexico City Lions committee on tourism, wrote: "Our club will endeavor to take care of all our fellow Lions and will offer a special trophy to the best qualifying Lion-Pilot, apart from all other trophies." He may be contacted at Ures 13, Mexico 2, D. F.

LETTER TO EDITOR

Indifferent Attitude Hit

To The Editor:

I'm sure that the free parking downtown on Saturday will help business some, but what this town needs is a good face lifting. And I don't mean the buildings, I mean the people.

If the managers and employers would paint a smile on the faces of their employees, and create a friendly air in their places of business it would help more than free parking all week.

Nothing dampens the spirit of a shopper more than for clerks to act as if they don't care whether you buy or not, or they're waiting on you because they have to. Clerks who act as if they are doing you a great favor by waiting on you have run off more business than anyone knows.

I have gone to places here with every intention of buying an article, but because of the unfriendly attitude of the clerk, have left without it. (I will be going through or to another town soon, so I'll wait and get it there.) I have talked to others and know that I am not the only one that feels this way.

If the merchants don't want our money bad enough to at least be nice, why force it on them?

A warm smile and a friendly manner don't cost a thing, and they do pay off.

Mrs. B. C. Coates
407 Benton

Band Boosters To Meet Monday

Reports from various fund-raising committees of the Big Spring Band Boosters Association will be forthcoming at a meeting scheduled at 7:30 p.m. Monday in the high school band room.

Russell E. McKisicki, new band director for junior high schools, will be introduced to the club. He assumes duties Sept. 17. Other business will include discussion of plans for the Lion's Club fun-rama Oct. 8-13.

Telephones

MEXICO CITY (AP)—Mexico has more than 565,000 telephones in service in 621 communities, the government announced.

SOME STILL PAY

Reaction To Free Parking Is Mixed

Downtown business men have mixed reactions on how effective the free Saturday parking program is proving.

Yesterday was the fourth Saturday when the meter maids were off the job, and the customer had free parking anywhere downtown.

As has been story on each of the four Saturdays the project has been under way, there was evidence of absent-mindedness on the part of scores of motorists. Free or not, they still deposited their nickels and pennies just as they do every day.

Fewer of the merchants seem

to have covered the meters in front of their establishments with paper bags.

FORCE OF HABIT

On the east side of the court house, however, a check of the meters showed more than 50 per cent were registering time—indicating that the motorists had paid their fee.

The free parking is on an experimental basis and is to continue for the remainder of the present year. After the year ends, a decision on the future of the plan will be worked out.

Downtown merchants interviewed expressed the opinion, for the most part, that no great difference in Saturday business has developed since the free parking was adopted.

One was enthusiastic for its continuation. He said that he is convinced it is of much help to his store.

Another business man said that he had noticed one car parked all day in front of his store on two Saturdays. He did not believe that his business was improved materially by free parking.

IT'S FREE

Another felt that plan was failing to do the best it could because no effective way to impress on customers that Saturday was "free" had been worked out.

"If we all covered the meters in front of our places of business," he said, "or if we could get the message across to the public in such a way they would remember it would perhaps the program would work better."

One store manager said that he was doubtful if the benefits his store was receiving would offset the fee which each merchant pays to the city for leaving the meters inoperative on Saturdays.

Another merchant who said his Saturday business has always been good, added that the free parking did not seem to have changed the conditions.

Police Chief Jay Banks said he had received no comment from merchants one way or another relative to the free parking.

Since shopping centers have free parking, downtown merchants figured the same privilege downtown might bolster trade in that area. Hence the weekend experiment with gratis parking time.

Johnson Opens Air Show In Midland Today

Vice President Lyndon Johnson will officially open the Midland Jaycees big air show today, touching off a round of aerial exhibitions and unusual aerial and space exhibits.

A feature of the show at Midland Air Terminal will be the precision flying exhibition by the Navy's famous Blue Angels. This daring team touched down at the air terminal Friday in preparation for the big show.

Planes from Webb AFB made fly-overs at Midland and Odessa Friday and Saturday as a salute to the impending show.

The vice president was due to arrive at the air terminal Sunday at 11 a.m. and will be at the Jaycee luncheon honoring visiting dignitaries and participants. He will deliver a short welcome at 1 p.m. to set the show in motion.

Besides the Blue Angels, the United States Army crack parachute team will appear. Planes on exhibit include the F-104 jet fighter, the skybolt ballistic missile, the Agena satellite vehicle and a Mercury capsule similar to the one Lt. Col. John Glenn made his epochal orbits of the earth.

HOW TEXANS VOTED

WASHINGTON (AP)—How Texans as members of Congress are recorded as voting on recent roll calls (all are Democrats except Tower and Alger, Republicans):

SENATE

On passage, 52-41, of compromise farm bill: For—Yarborough. Against—Tower.

On Morse, D-Ore., amendment, rejected 12-65, to hold first class postal rates at present levels: Against—Yarborough. Not voting—Tower.

On Smith, R-Maine, amendment, rejected 38-40, to increase ceiling on pay of top senatorial aides from \$18,880 to \$20,000: For—Yarborough. Not voting—Tower.

On passage, 72-3, of bill increasing government salaries, civil service pensions and postal rates: For—Yarborough. Not voting—Tower.

HOUSE

On passage, 202-197, of compromise farm bill: For—Brooks, Gonzalez, Kilgore, Mahon, Poage, Purcell, Roberts, Rutherford, Thomas, Thompson, Thornberry, Young. Against—Alger, Beck-

worth, Burleson, Casey, Dowdy, Fisher, Rogers, Teague, Wright. Listed as not voting—Patman.

On Kearns, R-Pa., motion, adopted 214-198, to send college aid bill back to committee for changes (an action which may have killed the bill): For—Alger, Beckworth, Brooks, Burleson, Casey, Dowdy, Fisher, Kilgore, Mahon, Poage, Purcell, Roberts, Rogers, Rutherford, Teague, Thornberry, Wright, Young.

Against—Gonzalez, Thomas, Thompson. Listed as not voting—Patman.

On passage, 249-144, of \$3.6 billion foreign aid appropriation bill: For—Beckworth, Brooks, Gonzalez, Mahon, Patman, Purcell, Roberts, Thompson, Thornberry, Wright. Against—Alger, Burleson, Casey, Dowdy, Fisher, Kilgore, Poage, Rogers, Rutherford, Teague, Young. Listed as not voting—Thomas.

On passage, 384-7, of resolution of warning to Cuba:

All Texans voted for the resolution except Alger. He voted against.

M. SGT. ARTHUR MICHEL SAYS GOODBYE TO AIR FORCE Veteran master sergeant retired after 35 years

Sgt. Michel Ends His Long Career In Air Force Today

After 35 years in service, SM. Sgt. Arthur T. Michel is swapping his uniform for mufti. Friday afternoon Sgt. Michel, who also is the non-commissioned officer with the longest continuous tenure at Webb AFB, was honored at a retirement party at Webb AFB headquarters. Members of the staff and a group of senior master sergeants joined the deputy commander, Col. Rex Fryer, in celebrating the occasion.

Sgt. Michel has received orders placing him on the retired list, effective today, terminating a long career in the Army, its air corps and then the Air Force. He enlisted in the Army Aug. 3, 1927 at New Orleans, La. and was assigned to the Air Corps at Fort Sam Houston. On the date of his retirement he will have completed 35 years, one month, and 27 days on active duty.

At the beginning of World War

II the sergeant was commissioned a first lieutenant. He moved up to a captain a year later and to major in 1947. In February 1950 Sgt. Michel was separated from the service as a commissioned officer, promptly re-enlisting with the rank of master sergeant.

Sgt. Michel has been serving as first sergeant of headquarters squadron, M and S Group.

He is married to the former Winifred Young of Waco. They have one son, 1st Lt. Fred L. Michel, who is on duty as flying instructor at Reese AFB in Lubbock.

Home Loans

MEXICO CITY (AP)—The government loaned its employees outside the federal district (Mexico City) \$9.6 million last year to buy houses, officials said.

Safety Seals Go On Sale

The Big Spring American Legion Post opens a campaign for greater safety in the home, on highways and at work Monday with the sale of safety seals. This drive has been conducted annually for the past 20 years, according to Post Commander Clarence L. Daves.

Members of the American Legion will be selling the seals in hopes that they will encourage safety. The seals are designed for use on letters and packages.

Proceeds will go into the welfare and building fund of the organization. This year the group is attempting to raise enough to build a baseball park for teenagers.

The sale lasts one week. Persons delivering seals and making collections will have a letter of authorization from the post commander.

Thousands Of Balloons To Stress Restaurant Month

Helium-filled balloons will float over West Texas Monday morning as the Permian Basin Restaurant Association participates in a launching which will see 70,000 balloons released in Texas.

The colorful spectacle will kick off Texas observance of October as Restaurant Month, according to Al Bagwell of Wagon Wheel Drive-In, president of the PBRA. Balloons will be released between 10 a.m. and 11 a.m. Local members of the Texas Restaurant Association

have helped purchase the balloons. Some of the balloons will have free gift certificates attached to them and the lucky finders will receive a souvenir gift by mailing the self-addressed card to TRA headquarters before Oct. 31.

"This promotion was tried last year in Dallas and it worked so well that the TRA decided to use it throughout the state this year," Bagwell said.

The purpose of the campaign is

to call attention to the TRA and to urge patrons to seek out member restaurants when they eat out.

TRA president Guy T. Jones, Dallas restaurant and club owner, will speak at a dinner meeting of the PBRA in Odessa Monday at 7 p.m. in Cairo's Restaurant. Jones twice was president of the Dallas Restaurant Association and twice was named outstanding restaurateur of Dallas.

Convict Brought To Stanton In Probe Of Hicks' Murder

STANTON — A convict serving six years for burglary from Palestine has been returned to Martin County jail by Sheriff Dan Saunders and is being held as a material witness in the investigation of the Travis R. Hicks' murder.

Saunders said that he took custody of the man in Huntsville at

the state penitentiary. He said he wanted to have him here for questioning in the Hicks' case and he had hoped he might have presented the matter to the grand jury which convenes here this week.

"I do not think I can be ready in time to do anything at this session of the grand jury," he

said Saturday. "Meantime, we are working on a lead which we hope will be helpful and if it works out, perhaps the man we have in jail here can help out."

Saunders said that the man is James Monroe Stewart, 35, who was recently returned to Huntsville as a parole violator out of Mitchell County. He had been paroled out of prison on the Palestine burglary count and allowed to go to that county, Saunders was told.

Saunders and his deputies, with officers from Howard County and elsewhere, have been working since Sept. 1 on the murder of Hicks.

ONLY CANADA WORSE

U.S. Employment Rating Is Poor

WASHINGTON (AP) — Unemployment has been running higher in the United States than in any other industrial nation of the free world except Canada, a panel of economists reported to President Kennedy Saturday.

The finding was the most surprising in a book-length report issued by the presidential committee named 10 months ago to judge the reliability and usefulness of the government's monthly statistics on employment.

The six-man team of professional economists, including labor and industry economists, rejected emphatically the charges heard from time to time that the job reports understate or overstate unemployment significantly or are distorted for political purposes. However, the committee recommended many revisions and addition to the job data.

"After careful investigation, the committee has unanimously and categorically concluded that doubt concerning the scientific objectivity of the agencies responsible for collecting, process-

ing and publishing employment statistics is unwarranted," the report said.

It confirmed also the basic accuracy of studies showing that U. S. unemployment for years has been higher than that of her major free world partners. The difference usually has been explained away on the ground that different yardsticks are used for unemployment abroad.

This comforting theory was demolished by the report. Reduced to the terms used here, the composite unemployment rate of seven foreign countries in 1960 averaged only 2.1 per cent of the labor force. The rate here was 5.6 per cent.

The rates were 7 per cent for Canada, 1.9 per cent for France, 1 per cent for West Germany, 2.4 per cent for Britain, 4.3 per cent for Italy, 1.1 per cent for Japan, and 1.5 per cent for Sweden.

The study gave several possible explanations, the foremost being the phenomenal industrial expansion of Western Europe and Japan in recent years.

West New Guinea Facing Collapse Of Law, Order

HOLLANDIA, New Guinea, (AP) — West New Guinea, on the eve of transfer from Dutch to United Nations administration, is facing a partial collapse of public services, communications and law and order.

The few remaining Dutch residents fear it is unlikely that the United Nations will be able to do much about it the next few weeks.

In Hollandia, capital city of this territory which has been ruled by the Dutch for 134 years, reports of disorders are increasing as the Dutch make ready to hand over administration to the U.N. on Monday. The U.N. will hand over the territory to Indonesia next May 1.

There are reports that head hunting tribes, brought under con-

trol only in recent years, have resumed activities.

The exclusive Hollandia Yacht Club, completed four years ago, burned mysteriously early Saturday leaving its 300 Dutch members with no place to go for recreation.

Earlier last week 15 Papuans staged a knife battle in front of Hollandia's police station, leaving one dead and three seriously injured. One Dutch woman reported that she was molested by a Papuan during the fight.

Telegraph connections between Hollandia and several coastal and interior points already are suspended and are sporadic with Balikpapan international airport.

In Hollandia the water has been declared unsafe for drinking because of lack of filtering chemicals.

Red China Has Birthday, But Is Facing Troubles

HONG KONG (AP)—Gay banners are going up in Red China for the celebration Monday of national day, the 13th anniversary of the Communists' takeover of the China mainland. But there's trouble behind the holiday facade.

The Chinese Communist party has publicly admitted its ranks are split by dissension. Though Red China's top leaders have always refrained from purging each other, another reshuffle of secondary posts appears to be in progress. Shortages and hunger persist.

"The goods we produce are still insufficient to meet the needs of the people in our cities and in our countryside," said a communique Friday night following a secret four-day session of the party's policy-making Central Committee in Peiping.

The communique announced the dismissal of two old generals—Huang Ko-Chang and Tan Cheng—from the party secretariat.

Both are from Hunan Province, where Communist boss Mao Tse-

tung was born. But Hong Kong political experts said both were regarded as followers of a former Defense Minister Peng Teh-Huai, and that their days have been numbered since Peng fell from power in September, 1959.

The communique offered a relatively frank discussion of the government's mistakes and hinted at popular discontent.

It was believed food and other shortages due to a two-year economic crisis have become so widespread some top-level acknowledgement of the situation was necessary.

Salvation Army To Honor SS Teachers

Sunday school teachers will be guests at a fellowship supper at 5 p.m. today during a rally at the Big Spring Salvation Army Post.

Other special guests will be Maj. and Mrs. Emery Frierson, Dallas, divisional youth secretaries for the Corps. They returned Saturday from Lubbock, where they attended an area Guard and Sunbeam rally along with a group from the local post.

Sunday school during the rally begins at 9:45 a.m. today, and holiness service is scheduled for 11 a.m.

Development Plan Tribesmen Move

KATMANDU, Nepal (AP) — Power, transport and communications get top priority in this Himalayan kingdom's second \$88 million development plan, officials said.

SAIGON, Viet Nam (AP)—More than 120,000 mountain tribesmen, about one-fifth of their kind in South Viet Nam, have moved down from their mountain retreats into government security areas.

County Pig Show Opens Wednesday

Seventeenth Annual Howard County FFA and 4-H Club Pig Show opens Wednesday at the Howard County Fair Grounds. It runs through Thursday and is under the sponsorship of the Big Spring Junior Chamber of Commerce.

Herb Helbig, county farm agent, said Saturday he estimated 50 to 55 animals will be entered in the show. Approximately \$200 in prize money has been posted to go to winners.

Trophies are to be awarded to the grand champion and reserve grand champion barrow and to the grand champion breeding gilt. Ribbons go to class winners and runners up.

Highlight of the show will be the big sale of Thursday night at which 30 head of the 50 or more barrows expected for the show will be sold at auction.

Dub Bryant will be the auctioneer and Wayne Graham, Jaycee president, says that his members have lined up a large number of buyers to take part in the sale.

Initial event will be the entry day activities Oct. 3. Entries will be accepted and weighed in from 8 a.m. to noon.

Thursday morning, Jack Euel Limer, Lubbock, former professor at Texas Tech, will begin his task of judging the entries.

The only new feature of this year's show over others is that an entry fee of \$2 per head for barrows will be collected from the young exhibitors. The entry fees will be paid back to the winners in prizes.

No entry fee is charged for the breeding gilts. Helbig pointed out that the reason for this is that the bulk of the barrows shown will be sold whereas the gilts will be returned to their owners' homes.

A showmanship trophy is to be awarded as a special feature of the show.

No Ruling In School Case

No ruling has been handed down by Judge Ralph Caton in the Gay Hill-Center Point school annexation case motion for a new trial.

It was reported, as the week ended, the common schools, which had filed the motion for a new trial, now plan to file an amended motion. If they follow this course, they will be granted 10 additional days time in which to prepare and file their motion.

Judge Caton has said that he has asked the attorneys for the common school districts if they desire to have a hearing at the time a ruling is made on the motion. He said he has not heard directly on this question but Hartman Hooser, one of the attorneys for the schools, said Friday it is probable the amended motion will be filed.

A judgment handed down by Judge Caton ruled the Howard County school board had acted properly in its action annexing the two common schools to the Big Spring district. The judgment was based on a verdict returned by a jury in 118th District Court in the trial of a protest brought by Gay Hill and Center Point against annexation.

The new trial motion followed. It is generally agreed there is little likelihood the motion will be granted by Judge Caton and everyone agrees that the case's next stop (after the formal motion ruling) will be in the state court of appeals.

Good To The Last Bite

Billy, left, and Lewis Coley, sons of Mr. and Mrs. C. W. Coley, showed the proper way to put away chicken barbecue at the pre-opening game event sponsored Friday by the Evening Lions Club. It must have been as good as it looks here because the food was all gone by 7:15 p.m. and late arrivals had to be turned away.

Pre-Game Barbecue Crowd Cleans Lions' Cupboard

A few late arrivals went away hungry Friday night when the food ran out at the third annual Evening Lions Club pre-opening game barbecue.

"Everything ran out about the same time, 7:15 p.m., and we had to turn away a few persons," Cotton Mize, ticket chairman, said. "We served 778 meals."

Some 20 Lions dished out the chicken barbecue and trimmings at the high school cafeteria before the football game with the Snyder Tigers at Steer Stadium. Food prepared included 400 chickens and 100 pounds of beans.

"This was by far the best attendance we have had. Next year we will probably have to prepare for a thousand persons," Mize said.

The barbecue is expected to net

about \$300, three times that of last year when about 500 persons were served. Mize said about 850 tickets were sold, but many were not used. More than 100 persons purchased tickets at the cafeteria.

Proceeds from the event will go into the sight conservation fund of the club. Purchase of glasses for persons who cannot afford them is one of the main projects of the Evening Lions.

CARD OF THANKS

We wish to express our heartfelt gratitude and appreciation to our many friends for their thoughtfulness and kindness shown us in our bereavement. Also for the food and beautiful floral offerings.

The Family of Mrs. W. T. (Bill) Boadle.

Death Takes Mrs. Young, Ex-Resident

Mrs. Paul C. Young, Silver Heels Addition, died early this morning in a Baton Rouge, La., hospital following a short illness.

She became ill in July and was hospitalized here for surgery Aug. 6. Her ailment was diagnosed as cancer of the liver. Until then she had apparently been in good health.

Mrs. Young returned to Baton Rouge in mid-August to spend her remaining days with friends and relatives there. She was born there and had lived there most of her life.

She was well known locally for her work at the St. Mary's Episcopal Church and for many hours she spent at the Big Spring State Hospital as a volunteer worker. She was the wife of Dr. Young, chief psychologist at the hospital. They came here from Baton Rouge about 2 1/2 years ago upon his retirement from the faculty at Louisiana State University.

Always an active woman, Mrs. Young's routine was greatly restricted during the last month of her life, but her spirits remained good. She responded with her pastor, the Rev. Donald Hungerford, until the last few days.

She was president of the Women of St. Mary's Church and also was a member of St. Mary's Guild. She was also active in the United Church Women group.

She and Dr. Young were married some eight years ago. They had no children.

A private funeral will be held Monday at the St. James Episcopal Church in Baton Rouge. The family has requested that memorials be in the form of donations to either the St. Mary's Episcopal Church or the St. James Episcopal Church.

Furniture Stores Staging Fall Festival This Week

Major furniture dealers in Big Spring are cooperating again this year for the annual "Fall Furniture Festival"—a joint showing of the newest in home furnishings, accomplished through "open house" hours in the evenings the latter part of this week.

Ten stores will remain open until 9 p.m. on Thursday and Friday, and are inviting the public to take the "grand tour" of displays which include every wanted suite or individual piece that homeowners use in new homes or in homes being redecorated.

The Festival is marked by \$100 gift in free merchandise, to go to some person who registers at any or all of the participating stores. There is no obligation whatsoever, and all adults are invited to sign cards. A drawing will be held Saturday, and the winner will be entitled to \$100 in merchandise from any one or all of the stores taking part.

"Your home comes first" is the theme of the Festival, which principally is to have the public take a look at the large and varied stocks of home furnishings available in Big Spring.

Stores joining in the event are Barrow Furniture Co., 205 Runnels; Big Spring Hardware Furniture Department, 110 Main; Carter's Furniture, 110 Runnels; Elrod Furniture, 806 E. 3rd; Good Housekeeping Shop, 907 Johnson; Trantam & Gibson Furniture, W. 4th at Gregg; Thomson Furniture, 1210 Gregg; Montgomery Ward, 221 W. 3rd; Wheat Furniture, 115 E. 2nd; White's, 202-204 Scurry.

NEW! "in-the-ear" HEARING AID

- ★ Amplifies Sound 22 Times!
- ★ Weighs 1/3 ounce!

Beltone announces the new Utopian—a thimble-sized hearing aid that goes within the ear, without any cords, wires or plastic tubes! It provides remarkably clear higher fidelity hearing, at natural ear-level, for people with mild losses.

You slip the Beltone Utopian in and out of place, as easily as snapping your fingers. Women can conceal it completely; amazingly inconspicuous on men. It is ideal for convenient use at parties, church, movies, meetings and other occasions when you want to hear better.

FREE BOOK—Come in, phone or write for illustrated FREE book that reveals all the amazing facts.

SEVEREST TEST YET FOR ASTRONAUT

Schirra Due To Orbit Wednesday

Editor's Note — Within a few days astronaut Walter M. Schirra Jr. is scheduled to become the fifth American to orbit the earth in the Mercury capsule. Here is a preview of the flight and what it is expected to prove.

CAPE CANAVERAL, Fla. (AP) Handsome, easy-going Walter M. Schirra Jr., famed by months of preparation, is scheduled to rocket at six times around the world in 9 hours 11 minutes next Wednesday to broaden man's knowledge of space travel.

The six-orbit mission will be the most severe test yet for an

American space pilot, nearly doubling the time spent aloft by astronauts John H. Glenn Jr. and Malcolm Scott Carpenter.

The flight, which had not figured in Project Mercury plans until a few months ago, will be a stepping stone to the United States' next man-in-space adventure, an 18-orbit, 24-hour journey scheduled next year. Both flights will be milestones on the path to the moon.

Schirra's primary job will be to determine what must be done to the Mercury capsule to make

it capable of the 24-hour flight. How well he can conserve fuel, coolant water and electrical power will be the items under closest scrutiny as the 39-year-old Navy commander races around the world, more than 100 miles high, at 17,500 miles an hour.

To reduce consumption of these vital ingredients, Schirra is to spend long periods in drifting flight. In this cruise mode, all power and control systems will be shut off and the capsule will yaw freely on its roll, pitch and yaw axes. Instead of riding up-

right as he will under controlled flight, Schirra will rotate slowly, making about one revolution every 30 minutes—thus flying head-down at times.

Schirra, a native of Hackensack, N. J., has as his backup pilot, Air Force Maj. Leroy Gordon Cooper Jr.

He is scheduled to blast off between 7 a.m. and 9 a.m. Wednesday. If the Atlas booster rocket does its job, Schirra and his "Sigma 7" capsule will follow the space trail blazed by Alan B. Shepard Jr., Virgil I. Grissom,

Glenn and Carpenter and the four orbiting Russian cosmonauts: Yuri Gagarin (one orbit), Gherman Titov (17), Andrian Nikolayev (64) and Pavel Popovich (48).

Schirra's flight will not match the achievements of Titov or the tandem flight last August of Nikolayev and Popovich, all boosted by superior Russian rocket power. It will be at least 18 months, when the two-man Gemini spacecraft and its Titan 2 booster are ready, before the United States will be able to surpass present Soviet feats.

U.S. Asks That Reds Be Sent Home

UNITED NATIONS, N.Y. (AP) — The United States asked the Soviet Union Saturday to send home two members of the Soviet U.N. delegation alleged to have bought secret American defense documents from a U.S. sailor.

The request was made in a note that a messenger from the U.S. delegation delivered to the Soviet delegation at 4:05 p.m.

The two whose recall was asked were Evgeni M. Prokhorov, 31, a

second secretary in the Soviet permanent U.N. mission, and Ivan Y. Vyrodov, 38, a third secretary there.

The Federal Bureau of Investigation said it caught the sailor passing Navy instruction manuals to Prokhorov Friday night in a car parked outside a diner in Larchmont, N.Y., while Vyrodov was in the diner.

FBI Director J. Edgar Hoover identified the sailor as Yeoman I.C. Nelson Cornelius Drummond, 33, assigned to the U.S. Navy base at Newport, R.I. Drummond, a Negro, is a native of Baltimore, Md.

Drummond was held for \$100,000 bail on a charge of conspiring unlawfully to transmit information on U.S. national defense to two Russians. They were named as co-conspirators but were not held or even questioned because they have diplomatic immunity from arrest under an agreement between the United States and the United Nations regarding U.N. headquarters.

Canada-Built Spacecraft Is Put In Orbit

WASHINGTON (AP) — A U.S. rocket early Saturday hurled a Canadian-built spacecraft into orbit to make a scientific topside study of the ionosphere, using the longest antennas ever sent into space.

Named the Alouette, the 320-pound spacecraft rode a Thor-Agena B combination rocket into a nearly circular polar orbit shortly after 2 a.m.

The launch was made from Vandenberg Air Force Base in California and was the first from the Pacific Coast by the National Aeronautics and Space Administration.

NASA announced that Alouette was in an orbit ranging from 597 to 619.2 miles above the earth and its speed was ranging between 15,822 and 15,900 miles an hour.

Light Rain In Parts Of State

Light showers moved across northern and central sections of Texas Saturday after spotting the South Plains late Friday night.

Temperatures, chilly in the early morning, rose to warm levels by early afternoon. Most apparently were in the upper 70s through the middle 80s.

The showers across North Central Texas Saturday afternoon were stretched on a north-south line from Gainesville to Lake Whitney. They moved eastward, radar reports indicated, at about 30 miles per hour.

Elsewhere over the state, skies were partly cloudy to clear. The weather bureau said a few showers would continue in Central Texas and East Texas at least through Sunday, mostly in the afternoon.

Temperature changes were expected to be minor with a slight warming trend in the northern section Saturday night.

Walker With Gov. Barnett

DALLAS (AP) — Former Major General Edwin A. Walker, who has called for a crusade against the use of any troops in Mississippi, is reported to be with Mississippi Gov. Ross Barnett.

Walker's office Saturday night released a statement by him that said, "I am in Mississippi—beside Gov. Ross Barnett."

"I called for a national protest against the conspiracy from within," he said.

The statement continued, "Rally to the cause of freedom in righteous indignation, violent vocal protests and bitter silence under the flag of Mississippi at the use of federal troops."

"This today is a disgrace to the nation, a dire peril—a disgrace beyond the capacity of the crucifixion by the anti-Christ conspirators of the Supreme Court in their denial of prayer and their betrayal of a nation," Walker concluded.

24 HOUR AMBULANCE SERVICE

FIRST FULL TIME DENTIST
Dr. Ralph Lydic, Big Spring Hospital

Local State Hospital Gets Its First Dentist

Dr. Ralph Lydic, first dentist to be employed at the Big Spring State Hospital, came here for health reasons.

It was not his health problem, however, Mrs. Lydic suffers from asthma and needed a change of climate.

The Lydic family came here from Beaumont where Dr. Lydic had lived previously in El Paso and since the climate agreed with them, they selected West Texas again as a place to settle.

"West Texas seems to agree with the entire family," Dr. Lydic said. "Our boy Ralph has noted that he awakens more refreshed than he did on the coast."

The Lydics have three children. Ralph, 15, is in the 10th grade and hopes to play for the Steers when he becomes eligible. Nona, 11, attends Marcy Elementary.

which is about four blocks from where they live in the Douglas Addition. Philip is 4. The family lives at 3703 Hamilton.

The 42-year-old dentist was born in Newark, Ohio, but moved away shortly afterward. His father worked for the oil industry and the family moved frequently. Dr. Lydic attended Beaumont College and then went on to the University of Texas School of Dentistry at Houston, taking a break in between to serve a tour with the Armed Forces during World War II.

Scenes of the other accidents and drivers involved were: Al Fourteenth and Austin, Melba H. Burney, Andrews, and Wilmet E. Wilkerson, 801 Anna; at Fourth and Gregg, Manuel Galitan, Big Spring, and William Bonner Jr., 1405 Virginia; and at Seventh and North Scurry, Cruze Salazar, 406 NW 10th, and Manuel Renteria, 702 Cherry.

Forsan Due To Set Bid Date

FORSAN — Forsan County Line Independent school district trustees are to meet Monday night with representatives of the architect firm of Gary and Hertz to set a date for opening bids on a \$300,000 school improvement program.

The architects said the final plans have been completed and will need only approval of the board to clear the way for the bids to be asked.

The project calls for improvements to the Forsan school and to the Elbow school plants. Elbow school is a part of the Forsan district.

The improvements slated for Forsan school include additional classrooms, visual aid room, cafeteria, snack bar, girls and boys locker rooms, and the remodeling of the present cafeteria into a superintendent's office and library. The old locker rooms are to be overhauled. All of these facilities will be attached to the existing buildings at the school.

At Elbow a separate building will be built in which classrooms will be provided. There will be a music room, visual aid room, science laboratory, teacher preparation room and an office for the principal incorporated in the structure.

No Injuries In Minor Collisions

No injuries were reported in four minor collisions investigated by Big Spring police Friday afternoon and Saturday.

A three-car accident occurred shortly after noon in the 200 block of West Third. Drivers involved were Clarence Smith, OK Trailer Court, Russell Griffin, Odessa, and Joe Brewer, 805 Anna.

Scenes of the other accidents and drivers involved were: Al Fourteenth and Austin, Melba H. Burney, Andrews, and Wilmet E. Wilkerson, 801 Anna; at Fourth and Gregg, Manuel Galitan, Big Spring, and William Bonner Jr., 1405 Virginia; and at Seventh and North Scurry, Cruze Salazar, 406 NW 10th, and Manuel Renteria, 702 Cherry.

Month's Rainfall Sets New Record

According to records available on rainfall since 1890, September of this year is the wettest in the history of Big Spring.

Showers which fell from 5 to 6 a.m. Friday added .99 inches to the grand total for the month. The U.S. Experiment Station said the total measured at that point for September has now reached 9.50 inches.

This hangs up a new record well above the nearest competitor—September, 1932, when 8.70 inches fell. The next wettest September was in 1919 when the gauges registered 7.43 inches.

Dryest of the Septembers in the town's history was in 1922. The official report for that month was "trace."

Gets Life Term In Slaying Case

LUFKIN (AP)—A district court jury found Roy Marshall, 61, guilty today in the murder with malice killing of a Tyler detective's son.

Marshall was sentenced to life in prison. The state had asked the death penalty for the slaying of James Turner, 21, son of detective Jess Turner.

Swimming instructor Jim Halson at the YMCA gives a few swimming tips to two members of the first Tri-Gra-Y Clubs to be formed at the Y. About 20 4-6 grade girls turned out for the program Saturday morning. The swimmers are, left to right, Julia Falon and Sheila Parson.

LBJ Pushing Trinity Canal Authorization

WASHINGTON (AP) — Early authorization of the Trinity River barge canal as part of a \$900,000 program in Texas was urged Saturday by vice President Lyndon B. Johnson.

His position was taken in a letter to Maj. Gen. William F. Cassidy, chairman of the Board of Engineers for Rivers and Harbors.

Johnson, in urging the board to give all consideration to early authorization of the over-all Trinity Basin work, supported the request by Army Engineers district offices in Fort Worth and Galveston and the Dallas division headquarters.

The vice president, when serving in the Senate from Texas in 1958, sponsored a resolution which resulted in a four-year study of the Trinity River Basin. He received this report on Sept. 21.

"This report now enables us to start a planned development of the Trinity Basin which will conserve water for agriculture and industry," Johnson's letter said.

"It will bring us flood control that will halt destruction of homes and loss of life.

"Tremendous growth and prosperity will be brought to the whole Trinity watershed with development of water transportation between the Dallas-Fort Worth area and the Houston ship channel.

"With wise conservation of our water resources, we also can develop great natural vacation places and national wildlife refuges. One of these is envisioned by the report surrounding Tennessee Colony Reservoir on the main stem of the Trinity. It lies stretches for miles along the giant reservoir, unequaled as a place to fish and relax."

Snyder Girl Loses Cornet

Josephine Linville, Snyder, Friday reported the theft of a cornet valued at \$300. She told police the instrument was left beside a school bus at Steer Stadium during the Big Spring-Snyder football game.

A transmission worth about \$25 was reported taken from Guy Hefington, 1506 W. 3rd, some time Friday night. He said an inquiry had been made earlier in the day about a transmission of that type and that he had taken it from the car to show it. However, it was not purchased and was left off the car.

The Silver Saddle Motel received a forged check for \$22 Friday, according to Mr. and Mrs. A. A. Hood, 1104 W. 3rd.

Pack 14 Gathers Numerous Awards

A host of awards went to members of Pack 14, sponsored by the Boy Scouts, P.T.A. at a meeting Thursday at the high school cafeteria.

Den 5, sponsored by Mrs. B. M. Nugent, won the attendance award. Den 4 opened the meeting and games were arranged by assistant cubmaster Darel Highley.

Curtis Bruns and Guy Bell were awarded one-year service pins and two-year pins went to Dee Highley, Larry Bruns, Stanley Thornton, Neal Bryson, Wayne Patterson and Terry Price.

Arrow points went to Pink Dickens, Dee Highley, Terry Price, DeWayne Peters, Jon Davie Steele, George Anderson, John Teague, Randy Petty, Fred Bunch, David Humphrey and Randy Pitman. Peters and Teague were also awarded Lion and Bear badges, respectively, and Petty, Anderson and Bunch received Wolf badges.

Twenty-four boys were inducted as bobcats.

Arabian Princes Pledge War On Revolutionaries

By DAVID LANCASTER ADEN (AP)—Two princes of Yemen's ousted royal family flew to Saudi Arabia Saturday to campaign for the overthrow of a revolutionary army command that has seized power and proclaimed Yemen a republic.

The princes plan to meet in Jidda with Prince Saif Al Islam Al Hassan, who claims the vacant throne of the remote Red Sea kingdom, and will seek support from Saudi Arabia's King Saud.

Hassan, who was in New York heading the Yemeni delegation to the United Nations when rebellious troops overthrew the monarchy Wednesday, flew from London to Beirut on his way to Jidda.

Threatened with death if he returned to Yemen, Hassan said assassination is possible but "I think I will live."

Abdul Rahman Bin Yehia, youngest uncle of the Imam Mohammed Al-Badr who was reported killed in the uprising, and the Emir Yahia Bin Ibn Al Hussein are joining him in Jidda.

Remnants of the royal family evidently hope to rally support among the tribes against the new military regime. But most tribal leaders already have pledged support to the revolution. These include some chieftains of the powerful Hashid and Bakil clans.

A reported rally of royalist tribes in the city of Taiz to march against the revolutionary command in Sana, the capital, appears to have been crushed by the execution of a dozen royalist leaders, including the Imam's brother, Prince Ismail.

The Sana radio also announced the new regime has received recognition from the Soviet Union.

The Soviet Union, along with Red China, has a heavy investment in aid programs in the backward mountain kingdom.

Some 100 Americans working on U.S. aid programs in Yemen were reported safe.

Yemen's desert and mountain borders remained sealed.

See Signs Of Major Purge In Red China

TOKYO (AP)—Signs of a new purge in Red China appeared today in the firing of two old cronies of party boss Mao Tse-tung from the Communist Central Committee secretariat.

The committee announced Friday the dismissal of Gen. Huang Ko-Cheng, a vice minister of national defense and former army chief of staff, and Gen. Tan Cheng, chief of the army's political department.

Both men are from Hunan Province where Mao was born, are party veterans and rank high in the councils of the party and armed forces.

The central committee, which directs the 17-million member party, also issued a reminder of the "rightist" purges of 1959, called for a struggle within the party against revisionism and dogmatism and strengthened the watchdog group that ferrets out wrongdoers from Communist ranks.

The committee, reporting on its 10th plenary session which ended Thursday, gave no reason for dismissal of the two generals; it did not say if they were relieved of other functions.

Davidson Named On Industrial Promotion Panel

Carroll Davidson, manager of the Big Spring Chamber of Commerce, was elected to the board of directors for the Texas Industrial Development committee at the second annual conference conducted Thursday and Friday.

The organization met at Texas A&M College with representatives attending from all parts of Texas. Purpose of the group is to aid in the advancement of industrial, economic and community development in Texas.

Ray Hedges, executive vice president of the Odessa Chamber, was elected president of the group. Other officers chosen were James Bradley, College Station, vice president; and W. C. Price, Corpus Christi, secretary-treasurer.

Two Collisions Are Reported

Judy Robinson, 3202 Drexel, was driver of a car which was in a collision with a parked vehicle belonging to the City of Big Spring. The accident occurred at 3203 Drexel Saturday evening.

Drivers of cars which collided at Eighth and Golad were William Shepherd, 1509 E. 17th, and Richard Egan, 1804 Garcia.

2 New Clubs For Girls Organized At The YMCA

Two Tri - Gra - Y clubs were formed at the Big Spring YMCA Saturday morning as 20 girls enrolled in the program, according to Francis Flint, general secretary.

This is the first time a girl's Gra-Y program has been undertaken at the Y, although Gra-Y has been active in the past. Girls in grades 4-6 are eligible to enter and Flint urged others to enroll at the next meeting this coming Saturday.

Activities include a club meeting at 9 a.m. with crafts, gym and swimming until noon.

Gra-Y also had good participation at its first meeting Wednesday despite a threat of rain. There were 92 boys enrolled in clubs at six schools. A practice session in flag football and swimming were held Saturday morning at the Y.

Enrollments at the schools are Washington 29, Park Hill six, Airport five, Cedar Crest nine, Boydston 30 and College Heights 13. The clubs will be open for membership at least one more week.

Gra-Y clubs on the North Side have not been fully organized, but one club has been formed at Lakeview and others are expected to be organized at Kate Morrison and Bauer.

CRISIS

(Continued From Page 1) use in Mississippi "in the event it becomes necessary."

The Pentagon did not identify the units or the size and makeup of the force it was sending to Tennessee. But some units, identified as military police, were among the first flown in.

Informed sources said the planning, going on for several days in the Justice Department, called for use of about 500 Military policemen and about 1,000 infantrymen.

The Justice Department also has been mustering federal marshals from various parts of the country and it is expected they would be used first before any federal troops are called in.

Administration sources have been saying that the administration hopes to effect Meredith's admission peacefully, and to employ federal marshals, with troops being called on only as a last resort.

The President and the attorney general conferred at the White House for about two hours during the afternoon. Then, a short time before he was scheduled to fly to Newport, R.I., for a short weekend visit with his family, the President's trip was canceled.

While the White House gave no reason for his decision to remain in Washington, there were strong indications it was prompted by the Mississippi situation.

The Mississippi crisis was given as the reason for cancellation of a trip which Robert Kennedy had planned to make to San Francisco to deliver a speech. He arranged to read the speech by telephone.

Patrolman Sam Fuller, with the Big Spring Police Department, was kept busy last week telling local school children and parents about safety. In five days he delivered 25 lectures on safety to an estimated 1,100 persons.

Patrolman Fuller discussed safety before Parent-Teacher groups and assisted with school Safety Patrols. The patrols have now been set up at Bauer, Lakeview Elementary and Junior High and at Washington.

"We are trying to instruct the children in all aspects of safety, not just traffic safety," he said.

He urged school organizations which are interested in the program he is helping carry out to contact Police Chief Jay Banks.

CARD OF THANKS We wish to express our deep appreciation to our thoughtful friends for their expressions of sympathy and a special thanks to the Pythian Sisters of Sterling Temple for serving food. Your kindnesses will be remembered always.

Car And Garage Lost In Fire

A car and garage belonging to Charles Watson, 2201 Warren, were destroyed by fire Friday afternoon. Firemen received a call about 3:50 p.m. and two units were dispatched. Cause of the blaze was not determined.

First Tri-Gra-Y

Swimming instructor Jim Halson at the YMCA gives a few swimming tips to two members of the first Tri-Gra-Y Clubs to be formed at the Y. About 20 4-6 grade girls turned out for the program Saturday morning. The swimmers are, left to right, Julia Falon and Sheila Parson.

Connally Looking To 'New Team' To Administer State Government

Editor's note: This story about John Connally is the second of two based on interviews of the Democratic and Republican candidates for governor. The profile on Jack Cox was published last week.

By GARTH JONES

AUSTIN (AP)—John Connally's eyes glow and he smiles in expectation when he talks about heading a brand-new executive team in the stolid old Capitol in January.

That's what the six-footer calls it—"team"—although there was no such thing as a "John Connally slate" in this summer's political campaigns in which he was elected Democratic nominee for governor.

And he still faces a hurdle—he must defeat Republican Jack Cox in the general election Nov. 6.

Connally is a brilliant man, vigorous with a tremendous vitality, personable, dynamic, with a great interest in people and events. He is tall and trim.

"Do you realize that we will have a completely new team for the state—a new governor, lieutenant governor, attorney general and speaker of the House?" he asked as he pounded a fist into a palm in enthusiasm.

OPPORTUNITY

"Think what a golden opportunity it will be to come to grips with the many problems we are facing."

Connally expresses confidence that he will succeed both in the general election and in solving many of the problems of state government.

His career has been a succession of triumphs.

His first successes as he approached adulthood came at the University of Texas.

There he headed an impressive list of the top organizations on the campus, became president of the student body, and climaxed a spectacular college career by marrying the sweetheart of the university, campus queen Idanell Brill.

They have three children, Mark, 9; Sharon, 12; and John B. III, 16. He was handsome then. And the maturity of 45 years has only accentuated his good looks.

When he walked down the corridors of the university it was to a chorus of "oohs" and "ahs" from the co-eds. But people who knew him then recall he retained his touch with the unimportant people. He wasn't too big a man on campus to stoop to chat with a kid working his way through college by polishing great stacks of dirty dishes.

PEOPLE

And when he talks of politics, he still talks in terms of people, not smoke-filled rooms and big deals.

Connally possesses a tremendous vitality, and when you are with him you get the feeling that "there is a dynamic man."

His brilliance certainly is attested to by his rapid rise after his college days to become one of the state's greatest legal minds who headed up scores of major businesses as trustee or officer.

Then President Kennedy nominated him to be the administration's first secretary of the Navy.

Up to this point he had not sought public office himself, although he quarterbacked some of Vice President Lyndon B. Johnson's campaigns and helped bring Johnson to the verge of Democratic nomination for president.

He resigned as secretary to run for his first public office—that of governor—and led a six-man field in the first Democratic primary.

Then his tremendous vitality carried him to victory in the runoff against Don Yarborough, the liberal from Houston.

Connally doesn't think he is much of a politician if you mean by that term the type displayed in editorial page cartoons.

the people of Texas to go demagoguing around," says Connally. He points to the Democratic primaries.

"I used no gimmicks, no glamour," Connally said in the interview. "I didn't have a single issue with sex appeal. I tried to talk reason and impart as much information to the people as I could."

Connally also points to the recent El Paso state Democratic convention and particularly to his keynote speech.

"That was a helluva political speech in the usual political sense. I didn't brag about our party, although I like to. I didn't cuss the Republicans, although I like to. I told the convention what was wrong with our state and what I thought should be done about it."

NO POLITICS AS USUAL

Connally told cheering delegates that "Texas today simply does not have time for and cannot afford the luxury of politics as usual."

Connally, youthful looking although he has a generous sprinkling of gray in his hair, likes to talk long and persuasively about people and their problems whether in Texas or the nation.

Visitors to Connally's headquarters—a converted business house on the outskirts of Austin's business district—fail to find any rumpus, cigar-in-the-face type of politician.

Connally retains his neat business-executive appearance even with both feet on the desk and one fist pounding a hand to emphasize a point. Associates say they never have seen his tie crooked.

Typewriters and duplicating machines hum in partitioned recesses of the headquarters, even on a Saturday afternoon when the interview took place.

"John respects two things in people who work for him," says a top aide.

"The first is intelligence, and I mean applied intelligence. The other is work, work, work."

"He brings out the best performance in his people because he expects the best of them and they just do it."

"That man knows where he is going."

Right now Connally says he knows where he is going.

GET VOTE OUT

"I think I'm going to be Texas next governor," he says simply and quietly. "If we can just get a large enough vote out Nov. 6"

JOHN CONNALLY

I have no fear at all of the outcome."

He agrees with Republican Cox that this campaign is the greatest effort yet by the Texas GOP in a race for governor.

Connally was born Feb. 27, 1917, on a farm near Floresville and he still calls that home. His father was a barber, butcher, bus driver and tenant farmer until he purchased a small ranch in 1932, shortly before Connally entered college.

While still in school, Connally's tremendous vitality gave him the drive to work in two statewide political campaigns and also for Johnson's campaigns.

Later he became secretary to Johnson while the present vice president was a U.S. representative.

With Allied forces in North Africa and with carrier task forces in the Pacific.

Then he was president of an Austin radio station, still working in political campaigns but never for himself.

ATTORNEY

Between 1932 and 1960, Connally was attorney and administrative executive for the late Sid W. Richardson and Perry R. Bass, extremely wealthy oil operators.

Connally is still an independent co-executor, without bond, of the multi-million-dollar Richardson estate.

Connally made the nominating speech in Johnson's 1956 bid for the Democratic presidential nomination. Adlai Stevenson won. In 1960, Connally was considered one of the leaders in the planning for

Johnson's second bid for the presidential nomination, won finally by John F. Kennedy.

When Connally resigned as secretary of the Navy he said he sought the Texas governorship.

"With the conviction that military strength alone cannot guarantee our security and our way of life. . . It is my firm conviction that responsible political leadership of the separate states is an essential foundation upon which leadership must ultimately depend."

Today he says of his resignation:

"I was concerned about the general attitude of the people and the diminishing confidence I thought I saw in their attitude toward public officials."

CONFIDENCE

He adds, "People no longer feel they have a part in government. They don't feel any more that they can take up a pitchfork and get things done like they used to."

"I think the greatest single thing we can do is restate a basic faith and confidence in this country and its leaders."

Connally thinks a part of this problem "comes from the failure to discuss problems with the people. People will understand if they know what you are trying to do."

"We tend to downgrade the capacity and desire of the people to understand."

Connally stresses what he calls the need of expanding Texas' educational facilities to meet the future's demands.

"People are more conscious of the dire necessity to meet responsibilities in the field of education at all levels. People are aware more than ever that their economic fortunes depend on how much education they have," he says.

"People are aware that times are changing so rapidly that they have to be mentally equipped just to keep pace, let alone keep ahead of the times."

SPACE AGE PROJECTS

Connally noted the space age projects in the Houston area and other parts of the state.

"These projects must be built around the favorable educational and industrial climate. And not all of them should be in metropolitan areas. We should see that the rural areas benefit also."

In all of this expansion and growth, government leaders must not forget the young people of the state, Connally said.

"We must marshal and mobilize the young people and make them feel they are a part of all this. They are a responsibility in the political atmosphere as well as to the economic atmosphere. If we do not make the state attractive, the young people will not stay here, they will go where there are opportunities."

"We must marshal and mobilize our human resources at all levels. We must make life better for everyone. There will never be a point when we can sit down."

Washington observers tell of Connally's entry into the intricate Pentagon whirl where civilians sometimes find themselves bogged up by career military men.

Connally proceeded to hire the largest auditorium in Washington and summon every Navy and Marine officer in the area. For about an hour he outlined his plans. The speech was recorded and played to units of the fleet.

"It was so simple, but no one ever thought of it before. It took months for the personalities and controls of previous secretaries to seep down through Navy channels," said one Washington writer.

RANCH MEETING

A similar gathering took place within days after Connally became party nominee for governor.

Each statewide officeholder or

applicant for such a job, including the 181 members of the legislature, received an invitation to Connally's Floresville ranch.

They sat on hay bales while the nominee told them what he planned to do "when" he became governor. He never says "if."

Again and again he stresses the importance of a close link between government and the people.

"People want to feel that government is not run for their particular benefit, but at the same time they want to feel that it is not run for anyone else's particular benefit."

"I won't be a loady to anyone at any time. It is part of my responsibility to tell the people what is happening in state government."

Connally said Texas Democrats had more than unity at the El Paso state convention.

"MANY PROBLEMS" "What we had at that convention was a realization that Texas has many problems and no one segment stands alone," he said.

"If we had just one problem we could take it and solve it right away. But we have many problems. We have to move forward on a broad front."

During the campaign, Connally promised an "open door policy" for public information from state agencies. He promised to hold frequent news conferences and said he would encourage heads of other state departments to do the same.

Connally likes to think big and plan big but he has time for personal touches.

"Would it be too much trouble to fix us a cup of coffee?" he asks a secretary.

Some months ago, while secretary of the Navy, Connally inspected the University of Texas Naval ROTC Corps. He bent to speak to a cadet. The cadet misunderstood. He thought Connally was asking to inspect his rifle.

Up came the rifle smartly, and just as smartly crashed into Connally's eye, causing extensive bleeding.

But the secretary refused to leave the airport until he had sent word to the cadet: "Don't worry. It wasn't my fault."

WIFE WITH HIM The nominee and Mrs. Connally have traveled much of the campaign trail together. "What Nellie?" is his frequent question. "Nellie always laughs at my jokes," he says proudly.

Mrs. Connally, who still has the svelte figure and dimpled charm that made her a campus queen, usually sits beside her husband on the speaker's platform. She seldom takes her eyes off him when he is speaking.

"She and John often discuss campaign plans together," says an aide. "She has good political savvy. I'd call her an ideal campaign wife."

The Connallys are members of the Methodist church. He does not drink liquor, smokes a pack of cigarettes a day. He has a particular aversion to dirty ash trays.

"Right in the middle of a big conference, I've seen him get up and empty all the ash trays himself," an aide said.

Connally likes to play golf and hunt, although his current exercise is limited to walking the streets and shaking hands.

Outside his political career and his family, Connally's top interest is his Floresville ranch.

"Every minute I can I like to spend down there working with the cattle," he said. "We have used every conservation measure we can—terracing, constructing water tanks and planting coastal Bermuda grass. Right now I have an interest with my brothers in about 500 head of nice Herefords."

Marine Officer Shows Films At ABClub Luncheon

Films on combat arms, training and tactics were projected by Capt. Dick Petroll of the U.S. Marine Corps at the Friday luncheon of the American Business Club in the Settles Hotel.

Capt. Petroll is the only Marine Corps regular officer stationed in this immediate area. He helps with the training of the MC reserve unit in the Midland-Odessa area.

He was introduced to the group by Harold Davis, who himself is an officer in the MC reserve.

Justin Holmes announced that new members of the ABClub would be formally initiated into the organization next Friday. Guests of the club included Walter Wheat, Ronnie Wooten, Bill Carr and Dr. Douglass Smith.

Trade Pact

NEW DELHI (AP)—India and Communist North Viet Nam have agreed to another three-year extension of their 1956 trade pact.

Lions To Launch Bulb Sale Here Monday Evening

Downtown Lions will launch their annual lightbulb sale Monday evening.

Teams were to report this afternoon to sack the several thousand bulbs which will be offered in assorted watts at \$2 per sack.

The actual door-to-door sale will be kicked off about 5 p.m. Monday.

The city has been divided into 12 districts which will be worked by teams captained by Milton Barnett, Bob Dean, Don Young, Doug Ward, Phil Hines, Pete Cook, Wayne Bonner, Wayne Bartlett, Russell Bennett, L. D. Carothers, Bill Sneed and M. R. Turner.

All net proceeds from the sale of the bulbs will go to the Lions Club welfare fund. The principal projects of that fund are traditional Lions programs for sight conservation and blind work, and

for the Lions League of Texas Crippled Children Camp, and the local crippled children's center.

James Tidwell, president, urged residents to receive the Lions as generously as possible to broaden the program. "In the past we have been able to broaden our program of helping unfortunate adults and children, thanks to the wonderful response of Big Spring residents," he said. "I know this year will be no exception, thanks to warm-hearted people."

DA Appointed

AUSTIN (AP)—Henderson County Attorney Mack Wallace was named district attorney of the Third Judicial District Friday.

Two Candidates Meet In Quanah

QUANAH (AP)—Opposing campaigns overlapped Saturday when John Connally, Democratic nominee for governor, met his Republican opponent Jack Cox and both made strong bids for election.

More than 1,000 persons heard the gubernatorial candidates at the Fiesta Mexicana in this West Texas town.

Cox led off the speaking with a shirt-sleeved plea for votes — hammering for increased tourism, teaching of Spanish in schools beginning at the third grade level, and improvement of Texas' per capita income.

Connally countered with the Democratic program which included teaching English to preschool children of Latin descent and increased trade between Texas and Mexico.

He promised improvement of the state's political system, not a "trade for another system."

Neither candidate delivered a prepared speech. They did not meet on the speaker's platform

but were earlier introduced at a press luncheon.

Although Connally did not hear Cox's speech, his comments followed closely in rebuttal of points made by Cox.

Cox again called for a debate of the issues with Connally, from the same platform.

Cox asked election to help establish a two-party system in Texas.

Connally's answer to the two-party plea was to declare himself "proud to be the Democratic nominee, proud of others on the Democratic ticket and proud of the platform of the Democratic party."

New Plant At Wichita Falls

WICHITA FALLS (AP)—A million-dollar expansion program covering an entire block in downtown Wichita Falls was started by Times Publishing Co. this week.

The project follows eight years of study and projected planning. The new location will be known as "Times Square."

Rhea Howard, president of the 55-year-old publishing company, said the huge new home for Wichita Falls Times and Record News has been designed for future expansion as "North Texas and Southern Oklahoma continue to grow and prosper."

The building will be the largest single level newspaper plant in the Southwest.

The structure is so designed that a second story can be added over the entire area and a 10-story office tower is included in projected plans.

General contractor is R. G. Farrel Co., Odessa, and architect is Don R. Goss and Associates, San Angelo.

Scheduled for completion late next summer, the new Times and Record News home will be located on a site purchased by the company in 1954.

Strengthening Of Oil Laws Termed Vital

AUSTIN (AP)—The House General Investigating Committee says Texas needs to strengthen its oil laws to avoid facing further federal intervention in oil and gas regulation.

The committee gave Gov. Price Daniel a list of nine tentative recommendations and urged quick legislative action.

The recommendations capped four public hearings into the state's multi-million dollar slant-hole oil wells scandal. The last hearing ended Thursday.

The committee said the hearings "revealed glaring weaknesses in existing legal structure that could have serious consequences for the entire oil and gas industry in Texas.

"Because of these weaknesses, the committee is fearful that failure of the state to act promptly to cure existing conditions might be an open invitation for further federal intervention in oil and gas regulation," the report said.

Eight of the recommendations centered on strengthening the Texas Railroad Commission's powers to regulate the oil and gas industry.

One major recommendation asked for a revision of the marginal well statute "to eliminate the incentive for placing a well on marginal status and to provide criminal penalties for violation."

Under present statutes, a marginal well, one which can produce less than 20 barrels of oil a day, can pump at its capacity every day of the month. All other wells are held to the commission's allowable which currently is eight days a month.

Other recommendations are for: Providing criminal penalties for violation of commission regulations, intentional well deviation without a commission permit and passage of a new offense of "theft of oil."

Prohibiting establishment of "grandfather" wells—cases where one well supplies oil to dummy wells so that one well can produce more than its normally allotted allowable.

Authorizing the commission to charge back against future allowances any recoveries stemming from slant-hole or other illegal removal of oil.

A conflict of interest statute to establish a standard of conduct for all state officials and employees and to provide criminal penalties for violations.

Requiring reports and other materials filed with government agencies to be signed under penalty of perjury.

And, providing legal procedures for the temporary replacement of state officials who cannot or will not perform their duties.

The three-man Railroad Commission has been operating for several months without the services of Commissioner Ernest O. Thompson, who has been ill.

Member Drive Harvests A Big Crop

Members of the Big Spring Chamber of Commerce are reaping a big harvest of new members during their current membership campaign. Forty-two new members have been enlisted during the first 28 days of the three-month drive.

The contest began Sept. 1 with all members, including those enrolled during the contest, eligible to vie for the award of \$100 and tickets to the Cotton Bowl football game and other New Year's Day activities in Dallas.

Only persons ineligible are Roy Reeder, Chamber president; Jeff Brown, Ambassador's Club president; Carroll Davidson, manager, and Kenneth Pace, assistant manager.

The Chamber membership has been organized into two teams competing for most members. Jerry Mancill heads the SMU Aggies and Mel Stinson leads the TCU Red Raiders.

To date the drive has increased membership from 769 to 811 persons. New members enrolled this month are:

Johnny Johnson, Johnson Insurance Agency; Julian W. Henry, Automatic Appliance Service; W. A. Kenney, Kenney Pawn Shop; John E. Ray, Ray's Laundry; Aubrey Weaver, City Jewelry and Pawn Shop; J. L. Christensen and G. Christensen, Christensen Book Shop; N. E. Play That Won Friday's Game

Gale Potter (41) of Snyder is shown in the act of picking off a Big Spring pass in the fourth quarter before starting a 61-yard run that gave the visiting Tigers a 14-8 football victory over Big Spring here Friday night. The intended receiver was Charley West (20). Big Spring was inside Snyder's one-yard line when the game ended. (Photo by Keith McMillin.)

Texas Easily Subdues Tech Raiders, 34-0

LUBBOCK, Tex. (AP)—Massive Texas methodically ground undermanned Texas Tech into submission, 34-0, here Saturday night before 42,000 fans, largest ever to see a game in West Texas, as the Longhorns successfully opened defense of their Southwest Conference championship.

Texas, led by the hard running of fullback Ray Poage and halfbacks Ernie Koy and Jerry Cook, scored the second time it held the ball. End Tony Crosby kicked the first of his four conversions in five attempts and Texas held a lead with 6 minutes gone.

The game was held up momentarily after the Longhorns had run three plays, by a light failure in two standards. The trouble wasn't repaired until halftime.

Poage scored the first two touchdowns, the first on a 10 yard run and the second on a 1-yard plunge.

Cook capped a 16-play 61-yard drive with a yard burst to tally the third touchdown. Quarterback Tommy Wade went three yards

for the fourth and Wade passed 9 yards to halfback Hix Green who raced the final six yards with 30 seconds showing on the clock.

For three quarters the Raiders battled valiantly but the Longhorns wore them down in the final stanza when they put three touch-

downs on the scoreboard. Koy, although he didn't get on the scoreboard, picked up 65 yards on 7 carries, most of it in the first half when he sparked two touchdown drives.

Poage was the top back on the field with 82 yards on 22 carries, 11 on 60-yard drive and trailed only by 14-6 at half time.

In the third, Runnels lumbered 59 yards in seven plays to count again, Jaure going the last 15. Roy Navarette crossed over for the two extra points.

San Angelo returned the ensuing kickoff for 80 yards and a touchdown and scored again in the fourth, going 67 yards in four plays.

Griffin was the Yearlings' leading ground gainer with 90 yards in eight carries.

On offense, Jaure, Navarette, Baker, Ronnie Dale Smith, Wesley Ballou and Griffin all excelled for Big Spring. On defense Mike Carey, Freddy Stiel, Ronnie Westbrock, Sammy Mims, Saracho and Jaure were the workhorses.

Norm Larker, booted vigorously by the Candlestick Park crowd in the first game, put the Colts on top to stay in the second game with a two-run third inning homer off loser Juan Marichal (18-11).

Branca a young right-hander now 10-9, fanned nine and puzzled the Giants with his pinpoint control.

The split left the second placers 1½ games behind Los Angeles with the Dodgers needing only one victory over St. Louis Saturday night or Sunday to win the flag.

Another Colts' victory over the Giants on Sunday would also win the pennant for the Dodgers.

Only if the Dodgers lost both games and the Giants won Sunday would the race end in a tie. That would necessitate a best-of-three playoff beginning here Monday.

Runnels Wins At S. Angelo

SAN ANGELO—Big Spring Runnels won its third straight game here Saturday afternoon, defeating San Angelo Lee in a close one, 22-20.

At one time in the game, the Yearlings led by a score of 22-6. They never trailed.

Big Spring drove 70 yards in five plays in the opening quarter to get its first TD. Joe Jaure passing to Bobby Griffin for 54 yards and the tally. Bobby Baker threw the key block on the play.

The Yearlings counted again in the second when Griffin roared 78 yards on a pitchout. Jaure played a leading role in clearing the way for him. Tony Saracho made the two extra points on a run and Big Spring led, 14-0.

Lee came back to tally, however, on a 60-yard drive and trailed only by 14-6 at half time.

In the third, Runnels lumbered 59 yards in seven plays to count again, Jaure going the last 15. Roy Navarette crossed over for the two extra points.

San Angelo returned the ensuing kickoff for 80 yards and a touchdown and scored again in the fourth, going 67 yards in four plays.

Griffin was the Yearlings' leading ground gainer with 90 yards in eight carries.

On offense, Jaure, Navarette, Baker, Ronnie Dale Smith, Wesley Ballou and Griffin all excelled for Big Spring. On defense Mike Carey, Freddy Stiel, Ronnie Westbrock, Sammy Mims, Saracho and Jaure were the workhorses.

Playoff Could Move Back Series Start

By JOE REICHLER
Associated Press Sports Writer

LOS ANGELES (AP)—The only things certain about the World Series Saturday were that the New York Yankees will be in it, that Whitey Ford, the eminent southpaw, will pitch the opening game for the American League champions and that it will open in a National League city.

The Yankees' opponent may be the Los Angeles Dodgers and then again may be the San Francisco Giants. The way the two clubs have been playing in recent days,

even that may be doubted. Both clubs seem reluctant to face the Yankees.

Even the opening date is in doubt. The series may start Wednesday on schedule, or the opener may be pushed back until Thursday. That would happen if the National League race ended in a first-place tie. This would necessitate a best-of-three playoff series starting Monday in San Francisco with the next two games to be played in Los Angeles.

Prior to Saturday's activities,

the Dodgers led the Giants by 1½ games after enjoying a four-game bulge only a week ago. During that period they have lost five of seven, hardly a pace to insure a team the pennant. The Giants, no ball of fire themselves, have managed to win four of their last six to scare the daylight out of virtually the entire population of Los Angeles.

The Dodgers are tight, no doubt about it. The pressure has become agonizing. The Dodger clubhouse was like a morgue Thursday night when they were beaten by Houston in a wholly inept exhibition. Manager Walter Alston's team, needing just one more victory to assure a tie, played better Friday night but lost again, this time 3-2 to St. Louis.

In the meantime, the Giants, also showing the pressure of the pennant race, were rained out of their game with Houston. A doubleheader was scheduled for Saturday afternoon. The Dodgers took on the Cardinals again at night.

No matter which team wins, the Yankees will face a tired and spent opponent. New York, on the other hand, figures to be well rested and relaxed after clinching the American League pennant nearly a week ago. The Yankees undoubtedly will be the favorite.

Little Maury Wills, the Dodgers' base-stealing wonder; Jim Gilliam, the handyman; big Frank Howard, Willie Davis, Ron Fairly and other Dodgers are dragging their feet. They are badly in need of a rest as is practically the entire overworked pitching staff.

It is the same with Willie Mays and company, according to word from San Francisco.

If the Dodgers win, without the necessity of a playoff, Don Drysdale, the 25-game winning right-hander, is a cinch to pitch the opener. If the Giants should overtake the Dodgers, Jack Sanford, the burly, 23-game-winning right-hander, will oppose Ford.

McREYNOLDS SHINES

Rice Ties LSU In 6-6 Battle

BATON ROUGE, La. (AP)—Sophomore quarterback Walter McReynolds, passing with skill, led underdog Rice to a 6-6 tie with fifth-ranked Louisiana State Saturday night.

The 19-year-old Galveston, Tex., product rattled the fabled LSU defense with his aerials. He clicked on 13 of 23 passes for 179 yards. Only one pass was intercepted.

Operating with the skill of a surgeon, McReynolds—a pre-med student—was also able to shake loose for spectacular runs when he was unable to find a target.

The Rice touchdown came on a 30-yard toss from McReynolds to sophomore tailback Gene Fleming.

LSU almost pulled the game out of the fire in the final two minutes but sophomore halfback Danny Leblanc fumbled on the Rice 8 after catching a pass from Lynn Amadee. The drive was set up by

a 39-yard pass play from Amadee to Jerry Stovall.

The Rice tally came in the second period, capping a 52-yard drive in 15 plays. Nine were on passes by McReynolds, who played on offense throughout the game. The elusive Stovall shook himself free from three Rice players and had to dodge an official in his 6-yard spurt for the Bengal touchdown.

LSU center Dennis Guabatz blocked Preston Johnson's field goal attempt from the 21 midway in the first period.

The tie snapped LSU's game winning streak. LSU ranked number five in the Associated Press poll, was defeated 16-3 by Rice last year.

Rice..... 0 0 0 0-0
LSU..... 0 0 0 0-0
Rice-Fleming 30 pass from McReynolds (kick failed)
LSU-Stovall 6 run (kick failed) A-67,500.

SPLIT TWO GAMES

Colts Deal Jolt To San Francisco

SAN FRANCISCO (AP)—Houston's Bob Bruce baffled San Francisco 4-2 in the second game of a doubleheader Saturday, virtually eliminating the Giants from the National League pennant race after they had stayed alive with an 11-5 decision in the opener.

The split left the second placers 1½ games behind Los Angeles with the Dodgers needing only one victory over St. Louis Saturday night or Sunday to win the flag.

Another Colts' victory over the Giants on Sunday would also win the pennant for the Dodgers.

Only if the Dodgers lost both games and the Giants won Sunday would the race end in a tie. That would necessitate a best-of-three playoff beginning here Monday.

Norm Larker, booted vigorously by the Candlestick Park crowd in the first game, put the Colts on top to stay in the second game with a two-run third inning homer off loser Juan Marichal (18-11).

Branca a young right-hander now 10-9, fanned nine and puzzled the Giants with his pinpoint control.

Jack Sanford labored through 5-2-3 innings in the opener to win his 24th game and the Giants' 100th of the season. Loser Ken Johnson was clouted for five runs in the first inning.

Leading the assault against the Dragons was Jerry Payne who tallied three times and Billy Williams who scored eight points. Bill Foster chipped in with six and Vernan Ashill with three.

The Dragons were not able to score until the second half when Jimmy Winfred scored 12 and Jim Weeks added one tally.

Sterling City 14 8 0 12
Dawson 0 0 6 12

Porkers Deck Tulsa, 42-14

FAYETTEVILLE, Ark. (AP)—Quarterback Billy Moore dovetailed a 90-yard touchdown run into what was pretty much a one-man passing show Saturday as the Arkansas Razorbacks swamped Tulsa 42-14.

Moore's long scoring gallop came in the third period after his uncanny passing had set up all three of the Razorbacks first half touchdowns.

The victory left the Razorbacks, three-time champions or co-champions of the Southwest Conference, with a 3-0 record going into the start of league action against Texas Christian next week.

From the start Saturday's game was a wide-open affair with Tulsa's passing ace, Stu McBirnie, threatening to make it a two-way air traffic deal.

But by the second quarter Arkansas had established that its depth and Moore's deadly passing would be too much for the Tulsans.

Moore completed 12 of 14 passes for 112 yards and piled up 126 yards more rushing, including his 90-yard scoring scamper which set a record for a Razorback touchdown run from scrimmage.

The tentative lineup for the Tigers is Albert Mendoza, center field; Jimmy Fierro, shortstop; Jay Martinez, third base; Pat Martinez, first base; Robert Dutchover, catcher; Nico Paredes, right field; Don Collier, second base; Tom Arista, left field; and Tony Fierro on the mound with Horace Yanez ready in relief.

Each team scored the first time it had the ball.

MIAMI, Fla. (AP)—Lanky George Mira passed and ran Miami to a tight 21-0 victory over Texas Christian Saturday night in a see-saw battle between two football giants in the Orange Bowl.

The 6-foot, 175-pound junior from Key West passed for two touchdowns and ran three yards to score another and beat the rugged Texans in the final quarter.

With the towering Sonny Gibbs quarterbacking, the Texans matched the Hurricanes with touchdowns in the first and second quarters. They battled on even terms through the third but Mira pulled it out in the fourth with a 32-yard run and a spectacular catch of a Mira pass by Ben Rizzo, good for 12 yards and the final Miami touchdown.

LOS ANGELES (AP)—The St. Louis Cardinals, getting superb 2-hit pitching from Ernie Broglio, defeated Los Angeles 2-0 Saturday night and kept the reeling Dodgers from clinching the National League pennant.

This was the 9th loss for the Dodgers in their last 12 games, but they still go into the final game of the season Sunday leading the second-place San Francisco Giants by a full game, if the Giants lose, or if the Dodgers win, or if both lose, Los Angeles will have its second National League pennant in four years. If the two clubs are tied after Sunday's games, a best-of-three playoff series will start in San Francisco Monday.

ing the second-place San Francisco Giants by a full game, if the Giants lose, or if the Dodgers win, or if both lose, Los Angeles will have its second National League pennant in four years. Shorthorns Bomb Ponies, 20 To 8

The Big Spring High School B team showed plenty of poise, know-how and determination in flogging Sweetwater, 20-8, in a football game unrec'd here Saturday night.

Sweetwater got its lone tally with three minutes left in the game on a fourth-down play. Big Spring suited out 43 boys and played them all.

Big Spring opened the scoring in the second quarter on a pass from Rickey Earle to Johnny Hughes, the play covering about three

yards. Gary Holeman added the two extra points on a run.

Dub McMeans scored for the Shorthorns on a dive play from the eight in the third period.

Earle bootlegged the ball in front of the 30 for the final touchdown in the fourth period.

The Big Springers, who have now won three straight games, visit Abilene to play the Abilene High JV's in a 1:30 p.m. game next Saturday.

ROBERT LEE (SC) — Robert Lee scored in every quarter in trouncing Sands, 49-0, in a game played here Friday night.

Rusty Dodson, Comie Hallmark, and Phil Lowder teamed up in scoring all the touchdowns against the outmanned Sands Club. As if that weren't enough, the defense held the Sands rushing game to one yard on the ground.

Lowder and Hallmark did all the damage in the first half. Lowder scored once on the ground and then they teamed up, as Hallmark passed to Lowder for two more and a 21-0 halftime lead. In the third quarter fullback Rusty Dodson added to the Sands miseries as he scored three touchdowns in hiking Robert Lee's lead to 41-0.

Robert Lee scored his final tally in the fourth quarter when Thery Theford threw a TD pass to Hallmark, who had switched from quarterback to halfback.

Nittany Lions Down Falcons

UNIVERSITY PARK, Pa. (AP) — Penn State's fourth ranked Nittany Lions finally came alive in the second half Saturday to down a fired-up Air Force Academy 20-6 for their second straight football victory over a Service Academy.

The Lions beat Navy 41-7 last week.

The Nittany Lions, billed as the top college power in the East, led by only one point at halftime, but quarterback Pete Liske fired two touchdowns passes to halfback Roger Kochman in the final 30 minutes to break the game open.

The second scoring pass covered 15 yards while the first was for 3.

Kochman sparked the Lions second period comeback, grinding out 30 yards on the ground, and grabbing four passes for another 37.

Until that time, the Air Force played almost even ball with the Lions behind fancy running and passing of quarterback Terry Isaacson.

Isaacson scored the Air Force's lone tally in the second quarter on an 8-yard bootleg around his own right end.

Title Play Arrives In Football Loops

By The Associated Press
Championship play comes to eight of the 32 districts of Texas Class AAAA-AAA schoolboy football this week but there still are some outstanding intersectional games.

The headliner involves leading teams of the two divisions as Port Arthur of AAAA tangles with Orange, a top-rated outfit of Class AAA.

Texas and Denton hook up in an important Class AAAA battle of undefeated, untied teams and it's the same with San Antonio Harlandale and San Antonio Brackenridge.

Wichita Falls, the 17-game winner of Class AAAA, meets Big Spring. This might have been a top engagement had not Big Spring taken an unexpected 14-8 tumble before Class AAA Snyder last week.

Dumas, defending champion of Class AAA, continues its foray against AAAA teams, meeting El Paso Austin, an undefeated, untied eleven. Dumas clobbered Pampa 40-8 last week.

Mighty Brownwood, whose 47-0 defeat of Belton last week shot it into the Class AAA favorite's role, starts the race for the district championship, tangling with Stephenville.

Only 28 teams are undefeated and untied in Class AAAA, while

just 22 occupy this distinction in Class AAA

Class AAAA
1. Friday: El Paso Tech vs. El Paso Bowie (C). El Paso Jewell vs. El Paso Irving. Yuleta at El Paso Jefferson (C). Saturday: El Paso Burges at Yuleta Bel Air (C).
2. Friday: Lubbock at Midland Lee.

Stallings Named QBC President

STANTON (SC) — Jimmy Stallings, president of the Quarterback Club, had charge of the weekly meeting held Tuesday at the high school.

Officers named for the year were Jimmy Stallings, president; Fred Holder, vice president; and Paige Elland, secretary.

Cadets Decision Syracuse, 9-2

NEW YORK (AP) — Army's brash Chinese Bandits stole the ball twice in the space of 68 seconds Saturday and the West Point Cadets converted the breaks into a field goal and touchdown for a 9-2 football victory over Syracuse at the Polo Grounds.

Both Army scores came in the fading minutes of the second quarter with Art (Cammy) Lewis, son of the late West Virginia football coach, setting up the first and triggering the second as the high spots in a brilliant iron man performance at quarterback.

Dick Heydt, a place-kicking specialist from Palmerton, Pa., booted the field goal from the 20-yard line. A minute and 8 seconds later, Lewis dropped back

from deep formation and rifled a 32-yard scoring pass to end Bobby Bedell. Heydt's attempt for the extra point banged against the goal post and bounced back.

The victory was the second for the "new look" Army team under the steel discipline of Paul Dietzel, who turned out championship eleven at Louisiana State. It was the second setback for Syracuse, perennial Eastern powerhouse beaten last week by Oklahoma 7-3.

Syracuse's two points came on a safety in the final period when halfback Ken Waldrop of Army took John Snider's punt on the goal line and was dumped in the end zone by Gene Stancin, Syracuse center.

Rebs Shaded By Tascosa

MIDLAND — Quarterback Bucky Kimble brought across a Midland Lee touchdown on a 40-yard fourth-quarter run, but the Rebels failed to complete a passing attempt for the extra point and fell 7-6 victims of the Tascosa Rebels.

The slight score edge fails to reflect the monopoly Tascosa achieved. The visitors outrushed Midland Lee, 225 to 90 yards, and outpassed it, 77 to 22 yards, notching 15 first downs to Lee's six.

Tascosa's tally came at the end of the second frame on a 30-yard pass play from quarterback John Weilding to halfback Bill Defee. Defee booted the conversion, and Tascosa enjoyed a 7-0 edge until Kimble broke loose.

Kimble ran from a quarterback sneak. His passing attempt for the points after was batted down. A fumble recovery set up the score.

Tascosa threatened twice with drives that carried to Lee's one-yard stripe in the first and third periods. The game leaves Lee at 0-2 and Tascosa 2-1.

Successful Run For PAT

Dalton Walton (12) legs it successfully into the end zone for the extra points that wound up Snyder's scoring for the night in Friday night's football game here. Coming up to try and head off Walton are Rick Wisener (11) and Rickey Peters (32). Snyder scored the game, 14-8, with two fourth-quarter touchdowns. (Photo by Keith McMillin).

A brash, young band of Snyder athletes exploded a time bomb on the Memorial Stadium square here Friday night and in the pandemonium that resulted made off with a 14-8 football victory over the Big Spring Steers.

The crowd, estimated at 6,000, found it hard to understand how a team that could score 86 points in its opening game, as Big Spring did against Plainview, could come back and get limited to a single touchdown.

Snyder richly deserved the victory. With a little luck, the difference in the score could have been even more pronounced.

Following the game, coach Don Robbins of Big Spring said:

"I accept the whole responsibility for the defeat. The boys did what we asked them to do. We just didn't have them ready mentally or physically. We lost tackle Dick Irons early with a concussion and that hurt. It also hurt when Baxter (Moore) went out."

The Tigers consistently outcharged the Longhorns in the line and their pony backs punished and confused the Big Spring defense with a series of rather elementary maneuvers. The Longhorn blocking left much to be desired.

Snyder waited until the fourth period to strike and then counted

twice within a space of a little more than 3 1/2 minutes.

Big Spring didn't stage a sustained march until the dying seconds of the game, when desperation passes moved the Steers 44 yards (49, if you care to include a five-yard loss that resulted when Albert Fierro was tackled trying to pass) down inside Snyder's one. The clock betrayed the provincials at that point.

The Longhorns got their lone touchdown after Charley West had recovered a fumble by Bob Pena on Snyder's 18 relatively late in the second period.

Rickey Wisener passed to Eddy Nelson in the corner of the end zone for the tally, the play covering 13 yards. Darrell Aldridge crashed in to fell Wisener behind the line as Big Spring made its bid for two extra points.

Shortly before the half ran out, Snyder powered its way to Big Spring's five but the Steer linebackers began to crash effectively and Snyder lost 17 yards in four plays before yielding possession of the pigskin.

That defensive stand perhaps highlighted Big Spring's play of the night. They hounded the Snyder ball carriers relentlessly and never let them get started.

Big Spring picked up a safety in the third when Dalton Walton, fading from his own eight-yard line as if to pass, was tackled in the end zone by Dickie Spier.

Big Spring found itself running on a flat wheel in the third after its most effective ball carrier, Baxter Moore, suffered leg cramps and had to leave the game. He was used sparingly thereafter.

Buster Barnes, who played a fine game in the line for Big Spring, picked off a Snyder pass on his own five in the third to snave off a Tiger threat, returning the ball all the way to Snyder's 41 in a run that would have done justice to a back.

The Bengals finally began to roll in the fourth, moving 80 yards for their first score with 8:29 showing on the timepiece. Soph Leslie Brown, a star of the first magnitude, set up the tally on a sensational 64-yard run down to Big Spring's 13. From that point, quarterback Jimmy Wilson counted on a nifty rollout. Wilson then fumbled in the try for the extra points that would have tied the score.

and DeeRoby Gartman accepted passes and moved the ball down to the one but the Steers were frustrated there when time ran out.

Big Spring was outgained roughly by a margin of three to one on the game but did manage to hold the edge in the air.

Snyder scored a first period touchdown that was nullified when the officials spotted an illegal receiver down field. End Malcolm Bolger accepted a pitch from Walton in the end zone on the play, the pass covering 24 yards.

Coach Horrace Bostick of Snyder charged onto the field in the fourth quarter when one of his players was exiled for unsportsmanship conduct. The penalty was for 15 yards but Bostick's appearance served to give the Tigers the inspiration they needed to take charge.

Score by quarters:
Big Spring 0 6 2 0-8
Snyder 0 0 0 14-14

Big Spring took to the air in Snyder territory a short time later and the results were disastrous. A flat zone aerial by Fierro was intercepted by fleet Gale Potter at the Tiger 39 and he sprinted the remaining 61 yards to pay dirt for the touchdown that won the game.

Walton proceeded to tear out around end for the two extra points that Snyder didn't actually need.

Big Spring got its last chance to score when a faulty Snyder punt rolled out on its own 45. There was 2:33 minutes left in the game.

Humberto Hernandez, Nelson

which ended with halfback A. C. Hillman scampering over from four yards out. The drive was highlighted by a 24-yard run by halfback Jerry Wilson. Quarterback Wayne Rape added the point conversion to give Berger a 7-0 halftime lead.

Following a scoreless third quarter the Bulldogs started their second scoring drive. This one went 73 yards. Fullback Lee Johnson carried the pigskin four times for 44 yards then quarterback Deen Alexander crashed one yard off left guard for the TD. Rape again booted the conversion to give the Bulldogs the 14-0 victory.

Outstanding on offense for Berger was Johnson and Wilson while on defense it was Bob Gaiser, Melvin Gibbs, and John LaGrone. The three made nearly half the tackles in the game.

BORGER — The Borger Bulldogs, despite a 30-mile-an-hour south wind, shut out the Odessa Bronchos, 14-0, in a game here Friday night.

The Bulldogs defense held the Bronchos to 48 yards rushing in the first half and only six yards rushing in the second half. At the same time the Bulldogs offense was racking up 248 yards on the ground.

Neither team was able to score in the first quarter even though the Bulldogs made it to the 14 at one time.

In the second quarter Borger put together a 53-yard drive

Gail Coyotes Slam Garden City, 30-0

GAME AT A GLANCE

Garden City	30
Yards Rushing	227
Yards Passing	119
Passes Completed	9 of 18
Passes Intercepted	4 for 12
Punts, Average	4 for 42
Fumbles, Yards	9 for 70
Fumbles Lost	9

By LARRY LAWRENCE
GARDEN CITY—A Gail offense able to produce equally as well through the air or on the ground, with backing from a sturdy defense, scored four times here Friday night as the Coyotes hung up their fourth eight-man victory without a loss in a 30-0 rout over the Garden City Bears.

The Bearcat 10. Garden City never penetrated beyond the Coyote 20. Inexperience hindered the Bears, whose 18-man squad is studied with eight freshmen, six sophomores, one junior and three seniors. Two frosh and three sophomores fill out the starting lineup for Garden City, while Gail's first team was of four seniors, three juniors and a sophomore.

On its next possession Garden City drove to the Gail 35 from its own 20 as the half ended.

The opening tally came midway in the first period with a 50-yard Coyote march in three plays. Nunnally drove for 12 yards before Stevens ran it over from the 32, then picked up the points after.

Ex-McMurry Standout To Play In Pan-Am Games

ABILENE — Lance Stephens, former member of the McMurry College Basketball team, has been named to the Canadian basketball team which will represent that nation at the World Basketball Tournament and the Pan American Games.

Stephens was the leading scorer of McMurry's outstanding 1962 basketball team. Not including the NAIA play-offs, Stephens wound up his senior year with a total of 524 points for the 29 games. This is an average of 18.7 points per game.

Last Half Surge Propels Forsan Past Stanton B

STATISTICS

2 Passing Yards	2
13 Passes Attempted	11
Passes Int.	1
4-29 Punt, Average	2-60
2-20 Punt, Average	1-30
Fumbles Lost	1

Two safeties accounted for four of the points.

Forsan won the toss and elected to receive. On the third play, the Buffs fumbled and Stanton recovered on the Forsan 21-yard line. Stanton passed on fourth down after failing to gain more than five yards, and Forsan intercepted on its 9. Forsan failed to make a first, punted, and got it blocked and recovered by Stanton on the six. The ball went over to Forsan on downs—at the one-foot

Big Deer Crop Awaits Hunters

By The Associated Press
 Texas hunters are expected to harvest one of the heaviest deer crops in the state's history this year, a Game and Fish Commission official says.

John Carlisle reports there are approximately 23,000 surplus deer in the East Texas area alone.

Lake Texoma, site of the fishing contest between Oklahoma and Texas anglers Oct. 5-6, is putting out some big black bass recently. Area fishermen say the 22 anglers of the two squads should be ready for an all-out assault on bass when the Texoma Bowl fishing contest gets underway.

Game wardens are cautioning Texas hunters it is against the law to shoot doves from automobiles or from a public road.

Randell Wilson of Jasper is the new game warden at Dam B in Central Texas. Wilson's work will include not only enforcement of game laws but also improvement of boat safety on Dam B Lake.

Green Bay Challenges Chicago Bears Today

By JACK CLARY Associated Press Sports Writer

The National Football league's oldest rivalry—and one of its biggest pairings today—will help decide the shape of things in the Western Conference when the defending champion Green Bay Packers and Chicago Bears meet for the 87th time.

a four-way tie for the top spot in the West with Detroit and Baltimore, which meet in Baltimore Sunday. Green Bay will be host for this one, and trails in the storied series 50-30-4.

In the other NFL action, Washington, the surprise Eastern Conference leader with a 1-0-1 mark, opens its home season against the St. Louis Cards (1-1). New York

and Pittsburgh match 1-1 records in Pittsburgh, Cleveland (1-1) is at Philadelphia (0-2), Dallas (0-1) travels to Los Angeles (0-2) and two winless (0-2) clubs, Minnesota and San Francisco, meet in San Francisco.

Fort Stockton Panthers Eke Out 14-12 Win Over Bisons

By DOUG SPRADLING
FORT STOCKTON—The Stanton Buffaloes couldn't capitalize on their extra point attempts and thus were edged out by the Fort Stockton Panthers, 14-12, in a game played here Friday night.

the touchdown. Dub Whittenburg kicked the extra point and at the end of the first half Fort Stockton led, 7-6.

Half way through the third quarter the Buffs' Williams intercepted a pass on the Fort Stockton 35-

The Bears are battered physically. Halfback Charlie Bivins and all-league linebacker Bill George are out, while fullback Rick Casares, halfback Willie Gallimore, defensive back J. C. Caroline and offensive tackle Fred Williams are hurting and due for only limited action.

Tornadoes Nudge Kermit, 13 To 6

LAMESA — The Lamesa Golden Tornadoes, before the largest crowd to watch a football game here in a decade, hiked their victory string to four by edging the Kermit Yellowjackets, 13-6, in a game Friday night.

The Yellowjackets took the first quarter lead when end Pat Caskey caught a 16-yard TD pass from quarterback Bobby Nolan.

Lamesa tied it in the second quarter, when fullback Jay White went 10 yards into the end zone.

The Redskins, after a 17-16 stunner over Cleveland last week, will be at full strength for the Cardinals in the D. C. Stadium home opener. Halfback Billy Barnes is off the injured list, and is expected to add more ground support for Norm Sneed's passing and the exceptional running of Bobby Mitchell.

COSDEN
 meet the 'SENIORS'
 of the Cosden family...
 J. C. SELF

This is the 3rd in a series of special Cosden presentations recognizing the long and valued services of these employees who have been associated with the Company 15 years or longer. Cosden is proud of the scores of workers who have contributed their efforts through so many years toward the success of the company.

Had it not been for the lure of farming, J. C. Self would be counting 18 years with Cosden instead of 15. But it was a venture he felt compelled to experience soon after he first joined the company as a pipeline walker at the end of 1944.

His tenure of consecutive service began April 7, 1947, as a yardman. He was at the lube oil warehouse and the loading rack before entering the laboratory 13 years ago as a bottle washer. Climbing up the classifications, he has been special tester for several years and now carries that rating in the Chemical Laboratory. One detects a note of pride when he relates the growth of Cosden's laboratories, in manpower and specialized equipment, over the years.

Self, born in Trent, was educated in Midway and Coahoma. Next month, on the 16th, he and his wife, the former Macqueline Moore of Vincent, will observe their 18th wedding anniversary. Their home is at 817 West Eighth Street. They are affiliated with the Church of the Nazarene.

Football is the major interest of the two Self lads. E. J., 16, is a junior at Big Spring High and has been in training for the Steer squad. Lonnie, 15, is in ninth grade at Rannels Junior High, and plays on that team.

Their Dad is a golfing enthusiast but has lately been demonstrating his bowling ability in the Cosden League.

Imagine! Only 50¢ each! They're so modern, store so easily and won't break, rust or chip. Sturdily constructed of quality Polyethylene. Comes in several attractive kitchen colors.

2 FOR 1

Project Mohole Begins Work On Second Phase

By MAX B. SKELTON
 HOUSTON (AP)—The second phase of a \$35 to \$50 million drilling project is to begin next week in Puerto Rico.

Project Mohole eventually is to involve a record string of oil drilling pipe from 30,000 to 35,000 feet even though the objective is not the discovery of oil.

Scientists hope to drill through the earth's crust within the decade and, for the first time, find out the composition and physical properties of the earth's mantle. Geologists believe the mantle is a mass of solid rock some 1,800 miles thick but, in the absence of samples, no one knows the exact composition.

A drilling crew is to begin next week a 1,000-foot test 1 1/2 miles inland from Mayaguez on the west coast of Puerto Rico. The objective is to find out more about the rock formations which may be encountered while drilling through the crust.

A diamond-studded drill bit shaped like a doughnut will cut

out core samples of a rock formation similar to that geologists believe they will find in lower zones of the crust.

CUT SAMPLES

Two of the four prospective sites for the final drilling site are near Puerto Rico. One is north of the island and another is off its east coast. The other prospective sites are off the Hawaiian Islands.

An ocean site will be used in that the earth's crust ranges in thickness from 3 to 30 miles and the ocean floor provides the thinnest segments.

Scientists currently believe the string of pipe that eventually is to reach the mantle will extend through some 15,000 to 20,000 feet of water and through crust formations approximating another 15,000 feet.

SPONSOR

Mohole is sponsored by the National Science Foundation, an independent federal agency. The miscellaneous projects committee of the National Academy of Sci-

Rig Count Off Again Last Week

The rotary rig count in the Permian Basin took a dip again during the past week, dropping from 216 at the end of the previous week to 205 Friday.

Reed Roller Bit Company listed 245 units active at this time last year.

Lea County, N. M., with 28 rigs making hole, continued as the most active area in West Texas and Southeast New Mexico. Other more active counties include Gaines and Andrews, each with 15, and Ector, 13.

The count for the Basin, with the previous week's figures in parenthesis, follows:

Andrews 15 (30), BORDEN 7 (2), Chaves 0 (1), Cochran 1 (1), Coke 1 (1), Concho 1 (0), Crane 9 (13), Crockett 3 (4), Crosby 1 (0), DAWSON 10 (10), Ector 13 (17), Eddy 4 (3), Fisher 7 (6).

GARZA 1 (2), Gaines 15 (12), Hockley 2 (2), HOWARD 4 (4), Lea 28 (33), Loving 1 (2), Lynn 1 (1), MARTIN 4 (5), Midland 5 (3), MITCHELL 2 (2), Pecos 9 (15), Presidio 1 (1), Reagan 2 (0); Reeves 6 (5), Roosevelt 1 (2), Rounsell 9 (9), Schleicher 2 (2), Scurry 2 (4), STERLING 2 (1), Stonewall 1 (2), Sutton 3 (2), Terrell 0 (1), Tom Green 1 (1), Upton 7 (6), Val Verde 2 (2), Ward 10 (6), Winkler 8 (9) and Yoakum 4 (4).

Refiners May Boost Plant Capacities

HOUSTON (AP)—Domestic oil refiners, despite oversupply, are expected to boost plant capacities sharply the next 12 years.

An annual survey made by Petroleum Refiner magazine indicates the nation's oil refining capacity will rise from 10.5 million barrels a day to 16.5 million by 1975.

The publication says such expansions may seem out of line but explains the situation this way:

"While the current ratio of crude runs to stills to total capacity does not seem to indicate a need for increased capacity, the industry must keep three to four years ahead in its planning to provide for future demand."

An even sharper growth is expected in other Free World areas.

RISE FORECAST

Total capacity in Western Hemisphere areas outside the United States is forecast to rise from 4.3 million barrels a day in 1961 to nine million by 1975.

Western Europe is expected to boost its capacity from 4.6 million to 10.2 million barrels daily.

Other Free World Eastern Hemisphere areas, excluding Western Europe, are expected to boost their combined capacity from three to 6.6 million barrels daily.

The magazine estimates free world expansion projects planned by the hydrocarbon processing industry for 1963 will cost \$4,000,000,000 compared to \$3,900,000,000 this year.

These proposed expenditures include petrochemical and gas processing projects as well as oil refining.

Domestic oil refiners plan to spend \$540,000,000, but other free world areas plan to spend \$1,505,000,000.

Kelley Is Guest Speaker For DD Dinner Meeting

Frank Kelley, Colorado City, will point out the importance of having women in the oil industry Tuesday evening at the Industry Appreciation Dinner of the Big Spring Desk and Derrick Club.

Members and their employer guests will gather at Cosden Country Club at 7:30 p.m. for the club's highlight of the year. Mrs. Clyde Johnson, president, will extend the welcome to visitors.

Kelley one of West Texas' best known citizens, was a district landsman for Mobil Oil Co. for 43 years before his retirement. However, he began his career as a school teacher.

A vigorous civic worker, he has twice been president of Colorado City's Chamber of Commerce and was on the school board for 25 years. He has served in every office in the West Texas Chamber of Commerce and has long been active on committees in behalf of water conservation.

Kelley is currently climaxing extended service with the Texas Good Neighbor Commission as its

FRANK KELLEY

chairman. He is vice president of the executive board and chairman of the budget and finance committee of the American Cancer Society, Texas Division.

Kelley's work played a key role in development of the vast Scurry County fields. His special interest is raising American Saddle Horses and staging horse shows.

Mrs. S. Gorman is general arrangements chairman for the dinner. Mrs. Herbie Smith heads the house committee, and Mrs. Doryne Heifer has arranged the program. Also assisting are Mrs. G. C. Broughton, hospitality, and Helen Hurt, publicity.

Multiple Wells Prevalent On Week's Report

AUSTIN (AP)—A total of 170 oil wells were completed during the past week, the Railroad Commission reported Saturday, making a total this year of 7,660 completions compared to 7,057 in 1961.

There were 48 gas well completions and 88 dry holes.

The oil well completions included 28 dual completions, five triples, one quadruple, and seven additional completions in previously reported multiple completed wells.

There were two oil wildcats, one in Dist. 7-B and one in Dist. 8. The four gas wildcats included two in Dist. 4, and one each in Dist. 6 and 8.

There were 28 dry tests.

The 126 wells plugged included 10 gas and 26 oil wells.

Total average calendar day allowable was 2,781,556 barrels compared to 2,744,957 on Sept. 22.

Alaska Acreage

DALLAS—Atlantic Refining Co. has acquired oil and gas rights on more than 231,000 acres of land in northern Alaska.

COMPLETIONS

DAWSON
 Chase Service No. 49-24 West Welch Unit, spacing 1,320 feet from the south end 1/4 section from the west line of section 37, M. ELBAR survey, pumped 65 barrels of oil, gravity 24 degrees, 10 per cent water, acidulated with 8,000 gallons, total depth 11,960 feet, 3 1/2 inch casing at 8,505 feet and 7 7/8 inch casing at 11,975 feet, open hole between 11,975-965 feet. Completed in the Wells (San Antonio) field.

Arg Drilling Co. No. 1 H. L. Spruill, 660 feet from the south and 3,500 feet from the west line of section 34, Taylor CBL survey, flowed 563 barrels of oil, gravity 27.8 degrees, seven per cent water, 18-24 inch choke, tubing pressure 650 pounds, casing pressure 620 pounds, total depth 7,800 feet, 2 1/2 inch casing at 4,277 feet and 4 1/2 inch casing at 7,800 feet. Completed in the Kirpatrick (Pennsylvanian) field.

GARZA
 Oiler Corp. No. 1 Ada Webb, C. S. SW section 1341, HEART survey, in a corner at 3,583 feet. The hole is in the Garza, East (Glorietta) field.

Shell No. 2-B W. Kirpatrick, C. SE NW section 32, GRABER survey, flowed 340 barrels of oil, gravity 33.9 degrees, no water, gas-oil ratio 269:1, tubing pressure 790 pounds, casing pressure packer, acidulated with 300 gallons, total depth 8,400 feet, 2 1/2 inch choke, 4 1/2 inch casing at 8,205 feet and perforations between 7,600-15 feet. Completed in the Kirpatrick (Pennsylvanian) field.

MARLEN
 Texas No. 1 R. P. Mayfield, spacing 1,390 feet from the south and 686 feet from the west line of section 29-28, 7AP survey, flowed 230 barrels of oil, gravity 27.6 degrees, 12.4 per cent water, 18-24 inch choke, 4 1/2 inch casing at 8,700 feet and 4 1/2 inch casing at 8,700 feet. Completed in the Turner-Gregory (Lester) field.

MITCHELL
 Anderson No. 2-38-A Morrison, spacing 667 feet from the south and 339 feet from the east line of section 29-28, 7AP survey, pumped 26 barrels of oil, 25 per cent water, gravity 27 degrees, traced with 60,000 gallons, acidulated at 3,222 feet, 4 1/2 inch casing set at 3,227 feet and perforated between 2,415-248 feet. Completed in the Turner-Gregory (Lester) field.

Grace Dedicates Plant In Japan

NEW YORK—A plant to manufacture container sealing compounds was dedicated last week in Atsugi, Japan, 35 miles from Tokyo, by Daxex Kabushiki Kaisha, a subsidiary of W. R. Grace and Co.

The first Grace manufacturing facility in Japan, the plant will manufacture compounded rubber and plastic sealants for metal cans, glass container closures, bottle crowns, aerosol cans, industrial pads and drums, and industrial parts. Most of these sealing compounds, marketed under the trademark of "Daxex," have been used by Japanese container makers and packers since the early 1920's. At that time they were supplied by Dewey and Almy Chemical Company, now a division of W. R. Grace and Co. The new plant will greatly shorten product delivery time.

Sterling Test Awaits Orders

A straddle packer test on Roden Oil and Cosden No. 2-A Reed, Sterling County Montoya test, was inconclusive because the packer failed. Operator tested a section of the Montoya between 9,094-110 feet. The project is now at 7,135 feet waiting on orders.

Tool was open three hours, but packer failed after 1 1/2 hours. The operator recovered 180 feet of gas-cut drilling mud, 478 feet of slightly gas and oil-cut drilling mud and 180 feet of gas-cut salt water. Thirty-minute initial and final shut-in pressures were 4,125 pounds and 3,575 pounds, respectively. Flow pressures were zero and 200 pounds.

Location is C NW SE, section 9-30, W&NW survey.

Anniversary

Shell Oil Co. celebrated its 50th anniversary this week. Ceremonies commemorating the founding were held Thursday in Seattle, Wash. at the site of the company's first gasoline depot and service station.

FIFTIETH YEAR

Sulphur Company Started Freeport

FREEPORT, Tex. (AP)—The Freeport Sulphur Co., a pioneer of production of Sulphur in Texas and the founder of Freeport in November 1912, is celebrating its golden anniversary this year.

The company began with capital stock of \$200,000, put up by its six founders July 17, 1912.

Eric Swenson, its first president, invested \$50,000; Sidell Tighman, \$100,000; S. A. Swenson, \$40,500; and William Andrews, Charles Jones and Frank Hastings \$500 each.

On Sept. 30, 1913, Freeport Texas Co. was chartered as a holding company for Freeport Sulphur Co., Freeport Townsite Co., and other subsidiaries, but the corporate name again became Freeport Sulphur Co., Dec. 9, 1936.

The first sulphur produced was at the former, three miles southeast of Freeport, Nov. 12, 1912. It was displayed on an eight-wheel wagon on the lawn of Tarpon Inn.

Mule teams were used to bring the load of sulphur over dirt road from Bryanwood the same day that the first lots of the town were sold.

Things looked good. A new town was about to be born on the bank

of the Brazos River across from the historical town of Velasco. As a result, the new sulphur industry has since spread to multi-million-dollar proportions with operations extended to other places and other industrial activities.

Gov. Oscar B. Colquitt, in a dedicatory address delivered from the porch of Tarpon Inn, christened the town Nov. 20, 1912.

Although many men played important roles in the birth of the sulphur firm, it was Dr. Herman Frasch, a petroleum scientist, who made an important two-fold contribution.

It was through his work that a process of melting sulphur underground by the use of steam and bringing it to the surface through use of compressed air that an economical and practical method of getting sulphur out of the ground was established.

He made it possible for Freeport Sulphur Co. to get the options at Bryanwood by turning them down when offered to his Union Sulphur Co., then successfully operating in Calcasieu Parish, La. His answer when offered the option was: "We have all the sulphur we need, and I do not believe that anyone else knows how to get sulphur out of a dome."

CAN AMERICA KEEP THE CUP?

Our country has leadership in many fields... in science and invention, in business and trade, in cultural and living standards. But can we hold this lead?

Not unless we pay attention to the dilemma of higher education. The cost of leadership has gone up and colleges are in a squeeze. Many face shortages. To give us the leaders our country needs, they need modern classrooms, up-to-date science facilities and, over and above all, a steady supply of competent teachers and professors.

HELP THE COLLEGE OF YOUR CHOICE NOW!

to know how the college crisis affects you, write to HIGHER EDUCATION, Box 36, New York Times Station, New York 36, N. Y.

NOTICE OF SALE OF REAL ESTATE PROPERTY
Sealed bids covering the sale of the State Highway Department's warehouse property which includes all of Block No. 1510 in the City of Big Spring in Howard County, Texas will be received at the office of Mr. J. C. Roberts, District Engineer, Texas Highway Department, Abilene, Texas, on or before the 10th day of October, 1962, at 10:00 a.m. and there will be a public opening of said bids at that time.
The property consists of a 75 ft. x 21 ft. warehouse and office building of concrete and masonry construction, a 38' x 58' sheet iron constructed building, a 50' x 30' sheet iron constructed building, a 1,500 gallon underground gasoline tank and other minor improvements. The property is located on the south side of the State Highway, near the intersection of the highway with the city limits and is situated on a 2.5 acre tract of land owned by the State. Bids will be received on or before the hour and date set for the opening thereof, and will be in the hands of the engineer indicated by that time. The price bid by the bidder shall be the amount of the bid, plus the amount of the expenses incurred in the sale of the property as required by law. Bids may be submitted by letter. Bidders or authorized agents are invited to inspect the property and to view the same at any time before the opening of the bids. Each bid shall be accompanied by a check in the amount of \$5,000 payable to the order of the State Highway Commission of Texas as a guarantee that the bidder, if successful, will accept the same. The check shall not be returned until the successful bidder has accepted the same and the check shall be applied to the purchase price of the property. The successful bidder shall be bound to execute the necessary instruments to convey the property to the State. If the bidder fails to do so, the State will convey the property to the successful bidder for the same price as the successful bidder bid for the same. Bids will be received on or before the hour and date set for the opening thereof, and will be in the hands of the engineer indicated by that time. The price bid by the bidder shall be the amount of the bid, plus the amount of the expenses incurred in the sale of the property as required by law. Bids may be submitted by letter. Bidders or authorized agents are invited to inspect the property and to view the same at any time before the opening of the bids. Each bid shall be accompanied by a check in the amount of \$5,000 payable to the order of the State Highway Commission of Texas as a guarantee that the bidder, if successful, will accept the same. The check shall not be returned until the successful bidder has accepted the same and the check shall be applied to the purchase price of the property. The successful bidder shall be bound to execute the necessary instruments to convey the property to the State. If the bidder fails to do so, the State will convey the property to the successful bidder for the same price as the successful bidder bid for the same. Bids will be received on or before the hour and date set for the opening thereof, and will be in the hands of the engineer indicated by that time. The price bid by the bidder shall be the amount of the bid, plus the amount of the expenses incurred in the sale of the property as required by law. Bids may be submitted by letter. Bidders or authorized agents are invited to inspect the property and to view the same at any time before the opening of the bids. Each bid shall be accompanied by a check in the amount of \$5,000 payable to the order of the State Highway Commission of Texas as a guarantee that the bidder, if successful, will accept the same. The check shall not be returned until the successful bidder has accepted the same and the check shall be applied to the purchase price of the property. The successful bidder shall be bound to execute the necessary instruments to convey the property to the State. If the bidder fails to do so, the State will convey the property to the successful bidder for the same price as the successful bidder bid for the same. Bids will be received on or before the hour and date set for the opening thereof, and will be in the hands of the engineer indicated by that time. The price bid by the bidder shall be the amount of the bid, plus the amount of the expenses incurred in the sale of the property as required by law. Bids may be submitted by letter. Bidders or authorized agents are invited to inspect the property and to view the same at any time before the opening of the bids. Each bid shall be accompanied by a check in the amount of \$5,000 payable to the order of the State Highway Commission of Texas as a guarantee that the bidder, if successful, will accept the same. The check shall not be returned until the successful bidder has accepted the same and the check shall be applied to the purchase price of the property. The successful bidder shall be bound to execute the necessary instruments to convey the property to the State. If the bidder fails to do so, the State will convey the property to the successful bidder for the same price as the successful bidder bid for the same. Bids will be received on or before the hour and date set for the opening thereof, and will be in the hands of the engineer indicated by that time. The price bid by the bidder shall be the amount of the bid, plus the amount of the expenses incurred in the sale of the property as required by law. Bids may be submitted by letter. R. R. McEWEN JR.

ANNOUNCING... A CHANGE IN OWNERSHIP OF YOUR BUICK-CADILLAC DEALERSHIP

McEwen Motor Co. becomes a newly-owned company with the association of Hollis Webb as partner with R. R. McEwen Jr. Mr. Webb has been associated with McEwen Motor Co. since 1935...

General Manager of McEwen Motor Co. Now he becomes an operating partner of Mr. McEwen. Thus, Mr. Webb associates himself with this company in a new role...

HOLLIS WEBB

Under the new ownership, no major changes are contemplated; the operation of Buick-Cadillac sales and service will be substantially the same.

OUR JOB IS TO SEE THAT YOU ARE COMPLETELY SATISFIED WITH OUR BUICK OR CADILLAC AND OUR SERVICE

McEwen Motor Co. announces an "Owner-Relations" Department, created out of the sincere conviction that our customers are entitled to preferred treatment.

We will provide immediate investigation and satisfactory handling of any misunderstanding that may occur in the servicing of your car - Buick, Cadillac, or any other.

We will see that you have personal, friendly and efficient action on any problem - large or small - relating to your Buick or Cadillac, or to our dealership.

SEE THE '63 BUICKS THURSDAY, OCT. 4. SEE THE '63 CADILLACS FRIDAY, OCT. 5.

Rains Again Delay Belated Area Crops

Cotton harvest, already far behind schedule due to late planting and summer drought, was delayed again last week by general rains which covered most of West Texas.

Gins were idle most of the week as wet weather engulfed the countryside. It was Friday before fields had dried out enough for picking to resume.

Here in Howard County, crops seem to be further behind schedule than in other counties in the area. So far, the Texas Employment Commission office survey shows only 222 bales of 1962 cotton have been ginned. The crop is estimated by TEC at 36,800 bales. Some stepup in ginning in this county is beginning and will make itself more evident, the TEC believes by the middle of October.

MECHANICAL HARVEST

However, farmers for the most part are turning almost solidly to mechanical pickers this year. This will mean that little of the crop will be gathered before frost hits and defoliates the fields. Strippers will be almost universally used in the county.

Some observers think that as

much as 95 per cent of the crop will be stripped this season. Two factors bring this into being — the lateness of the crop and the reluctance to pay braceros the 70 cents an hour guarantee now required, and they are skeptical that ordinary sources of domestic workers will be adequate.

GENERAL PICTURE

What is true in this county relative to help and mechanical picking is true in all the West Texas counties of the area.

Glasscock County, with an estimated 9,200 bale crop has ginned 10 per cent of its crop — 920 bales.

Martin County, with a 46,000 bale crop forecast, has ginned 2,322 bales.

The Lamesa office of the TEC reports that pickers are badly needed in the Dawson County area and that the farmers anticipate that 80 per cent of the crop will be stripped. Dawson County has a crop estimated at 140,000 bales and to date has ginned only 4,420 bales.

Gaines County, with an 80,000

bale crop in prospect, has ginned 500 bales.

Sweetwater TEC office said that help is a big problem in its area and that harvesting is moving slowly.

Nolan County, with 19,000 bales to pick, has ginned 559 bales. Last week 272 bales were ginned.

Scurry County had a 35,000 bale crop in sight and has ginned 635 bales.

Mitchell County has ginned 1,538 bales of its 32,000 bale crop and Fisher County 801 bales of its 29,000 bale crop.

Political Action Group Proposed By Furniture Men

AUSTIN (AP) — Ed Bridges, president of the Retail Furniture Association of Texas, announced today the formation of a statewide Political Action Group.

Bridges said the committee seeks to enroll all of the organization's 756 member furniture stores in the group. Members are Herman S. Brown, Austin, chairman; John Lestage, Port Arthur; Barney Herod, Houston; David Lack, Victoria; E. A. Thom, San Antonio; Lovett Ledger, Copperas Cove; Deward Nollner, Abilene; S. E. Patton, Odessa; L. D. Lowry Jr., Mount Vernon; Eddie Schreiber, Galveston.

Committee Warns On Reduction In Foreign Aid

WASHINGTON (AP)—The Senate Appropriations Committee warned the Senate today drastic foreign aid reductions would blunt U.S. "central offensive capability" at a time of crisis in Berlin, Cuba and Southeast Asia.

It issued a formal report in advance of debate opening Monday asking Senate passage of a \$4,422,800,000 foreign aid money bill that would restore \$792,400,000 of the \$1,124,400,000 cut previously made by the House.

The committee reminded the Senate that the bill it approved is \$332 million below a previously passed authorization measure and \$538,500,000 less than President Kennedy originally requested.

The report said testimony of top administration spokesmen "indicated that a severe reduction in the aid program would not only constrict the conduct of our foreign policy, but it would reverse the policy already laid down by Congress." It added: "In the detailed testimony before it, the committee did not discover any evidence which would support a drastic reduction in the aid program."

Man Suffocated In Ditch Accident

LAMESA (SC) — A 38-year-old laborer was buried alive and suffocated here Friday when the wall of a 21-foot ditch collapsed on him about 10:58 a.m.

The victim was identified by city police as Gubentino Herrida, 38, a native of New Braunfels.

Employed by Ramsey Enix Co. Inc. of Amarillo, Herrida was bracing the sides of the ditch,

being dug in the east part of town to contain 14-inch tile outfall line to Lamesa's new sewage disposal plant.

Co-workers noticed the bottom portion of the wall cracking and yelled a warning to Herrida, who was perched on a ladder putting plank braces into place. But it was too late.

A portion of the wall, 25 feet long and eight feet wide, collapsed and the avalanche of dirt completely buried him. After more than two hours of digging, he was found at 12:02 p.m., almost upright.

While some of his co-workers were hand-shoveling in an effort to locate his body before he suffocated, others worked frantically to put up the braces and complete Herrida's unfinished work since the danger of similar accidents grew as a large crowd gathered.

While over 100 persons watched, other laborers dug feverishly in the cramped quarters. The ditch, normally only three feet wide, then spanned eight feet at the top.

After would-be rescuers found Herrida's body, it took an hour and 19 minutes to free the victim. He was carried from the ditch at 1:21 p.m. and pronounced dead of suffocation by Dr. Norman W. Staker.

Martin Court Term To Open

STANTON—The Martin County Grand Jury, to be organized Monday, will have three more matters to consider than were originally slated to be laid before it. Gil Jones, district attorney, said Saturday.

He will present two complaints of robbery by assault and a third complaint alleging indecent exposure in addition to the cases originally scheduled for the jury's consideration.

Judge Ralph Caton, judge presiding of 118th District court, Jones and Jerry Spence, court reporter, will be at the court house Monday morning to empanel the grand jury.

The cases which Jones said will be laid before the body for consideration are:

Matilda Sangado Valles, indecent exposure; Albino Mata, murder with malice; James Roy Jones, robbery by assault; Henry Odell Burford, robbery by assault; John Angel, defrauding with a worthless check; Conway Arnold Preas, DWI second offense; and Jimmy D. Hancock, theft.

Will Oppose Amendment

AUSTIN (AP) — A six-member steering committee to direct recently organized opposition to the trial de novo amendment was announced today by Dr. Abner V. McCall of Waco.

McCall, president of Baylor University, is state chairman of the Committee to Preserve Local Self Government. The committee has launched a drive to defeat proposition No. 4 on the Nov. 6 ballot. The proposed constitutional amendment would require appeals to state and local agency decisions to be tried completely anew in state courts.

Members of the steering committee are W. T. John Garwood, Austin, former state supreme court justice; James E. Taylor, Austin, executive director of the Texas Motor Transportation Association; W. E. Tinsley, Austin, executive director of the Municipal Advisory Council; and W. A. Olson, general counsel of the Texas Municipal League. McCall and J. E. Sturrock, manager of the Texas Water Conservation Association, complete the steering group.

He will present two complaints of robbery by assault and a third complaint alleging indecent exposure in addition to the cases originally scheduled for the jury's consideration.

Judge Ralph Caton, judge presiding of 118th District court, Jones and Jerry Spence, court reporter, will be at the court house Monday morning to empanel the grand jury.

The cases which Jones said will be laid before the body for consideration are:

Matilda Sangado Valles, indecent exposure; Albino Mata, murder with malice; James Roy Jones, robbery by assault; Henry Odell Burford, robbery by assault; John Angel, defrauding with a worthless check; Conway Arnold Preas, DWI second offense; and Jimmy D. Hancock, theft.

Federal Employee 'Interest' Bill Is Endorsed

WASHINGTON (AP)—The Senate Judiciary Committee approved today a bill to overhaul and consolidate existing laws with respect to conflicts of interest and bribery of government officials and employees.

Passage of the measure before Congress adjourns is being urged by the Justice Department. The House passed the bill last year.

It would tighten some conflict-of-interest regulations for regular federal employees, while lifting some of the restrictions on outside interests of part-time employees and consultants.

He will present two complaints of robbery by assault and a third complaint alleging indecent exposure in addition to the cases originally scheduled for the jury's consideration.

Judge Ralph Caton, judge presiding of 118th District court, Jones and Jerry Spence, court reporter, will be at the court house Monday morning to empanel the grand jury.

The cases which Jones said will be laid before the body for consideration are:

Matilda Sangado Valles, indecent exposure; Albino Mata, murder with malice; James Roy Jones, robbery by assault; Henry Odell Burford, robbery by assault; John Angel, defrauding with a worthless check; Conway Arnold Preas, DWI second offense; and Jimmy D. Hancock, theft.

A Mother's Role As Chauffeur

Man's work is from sun to sun but woman's work is never done . . . and when the woman is a mother of school age children all of whom use the same family car for transportation, chauffeuring becomes another part of her day's work.

Big Spring mothers who take part in a car pool are relieved of the duty some of the time but those who are independent of others really spin their wheels when there are more than one child to pick up. Pictured today are some mothers who have children in as many as three schools and others who bide their time while waiting for music lessons, club meetings, etc.

MAKING THE FIRST PICKUP halfway between College Heights Elementary School and Goliad Junior High, Mrs. Kenneth Normand whose home is on the San Angelo Highway, has Diane, 10, in the car and is about to gather in David, 14, who manages his eighth grade football team.

A QUICK TRIP to Big Spring High School by Mrs. Normand completes the day's round by picking up Cheryl, 15, left, a sophomore, and her friend, Sheryl Dittrich, who rides with them.

A FULL CAR SAVES TIME for Mrs. Robert F. Palk, 2810 Coronado, when she takes Ann Morton, daughter of Mr. and Mrs. Lester Morton, to Brownies; her sons, Tommy and

Bobby to music and Scouts, respectively, and daughter Nancy with Ann to attend the Brownie meeting.

SITTING IN THE BACKGROUND is Mrs. Harold Summers, 1605 Osage, who is waiting while her daughter, Ashley, 9, has a lesson in organ from Mrs. Champ Rainwater. This is Ashley's second year of music.

son in organ from Mrs. Champ Rainwater. This is Ashley's second year of music.

IT'S EASIER TO TAKE THE family and the dog when the older children of Capt. and Mrs. Thomas Seebo take bowling lessons at Webb AFB bowling lanes. Thomas, who already is a member of the Children's League at the base, gives pointers to

Darla Lynn, 14, who is beginning her first year in the league. Mrs. Seebo keeps Gary Duane, 7, happy, holds the dog, Amber, and when necessary, keeps score for the bowlers.

SECTION C

BIG SPRING, TEXAS, SUNDAY, SEPTEMBER 30, 1962

Miss Fowler Marries G. D. Toles In Lamesa

MRS. GLEN DALE TOLES

LAMESA (SC)—Miss Lois Marie Fowler, daughter of Mr. and Mrs. C. P. Fowler of Welch, became the bride of Glen Dale Toles, son of Mr. and Mrs. T. C. Toles of Lamesa in a double ring ceremony at 7:30 p.m. Saturday in Hillcrest Baptist Church here.

Rev. E. L. Crawford performed the ceremony before an altar banked with baskets of white gladiolus flanked by pedestals of candelabra. The baptism was accented with runners of ivy and miniature orchid flowers.

The bride, given in marriage by her father, wore a formal gown of white Chantilly lace and tulle over net and taffeta fashioned with a square neckline outlined in scallops and long tapered sleeves ending in petal points over the hands. The bouffant skirt was enhanced with appliqued panels of scalloped lace.

Her veil of silk illusion was attached to a crown of pearls and she carried a bouquet of white carnations.

The bride's sister, Miss Joyce Fowler, was maid of honor. Mackie Wilson was best man and ushers were O'Dell Tucker of Amarillo and Dennis Schneider of Lamesa, brothers-in-law of the bridegroom.

A reception was held in the Fellowship Hall of the church after the ceremony with guests attending from Lamesa, Amarillo, Spang, Welch, Big Lake, Live Oak, Calif., Artesia, N. M. and Cisco.

For a trip to Ruidoso, N. M., the bride chose a two-piece hot pink suit with white accessories. They will reside in Lamesa.

The bride is a graduate of Dawson School in Welch and the bridegroom is a graduate of Lamesa High School and Midwestern University and Texas Tech. He was a member of the National Honor Society.

CAFETERIA MENUS

COAHOMA SCHOOLS

MONDAY: Pork goulash, creamed corn, tossed salad, pineapple upside down cake, bread and butter and milk.

Thompsons On Jet Tour Of Europe

If plans develop as scheduled for Mr. and Mrs. R. W. Thompson, they will be in Lucerne and on to Venice today. Rome will be the next stop, with Nice, Monaco and Monte Carlo completing their visit to Italy. After an extensive tour of France, they plan to return to New York and then, on Oct. 15, to Fort Worth.

After a year of planning, the Thompsons joined a group of 80 West Texans for their jet tour in Europe. Vice president of Cosden Petroleum Corp., Thompson is on his month's vacation, a result of 25 years of service.

The party left Fort Worth, Sept. 22, to visit England, Belgium, Switzerland, Austria, Holland, Germany, Liechtenstein and Luxembourg.

London sightseeing opened their tour with a side trip to Oxford and Stratford-on-Avon, after which they will visit The Hague, capital city of Holland, and palaces and museums. Before touring Germany, they will visit Brussels, Bastogne and Luxembourg.

Rice Stretcher

Leftover cooked rice stretches a chicken and vegetable mixture Chop the chicken fine. The vegetables may be a combination of cooked ones. Mayonnaise is usually the best dressing for this mixture.

Webb Wives Receive Orientation Cards

Fifty-two wives of Webb personnel graduated from the Family Services Orientation Course conducted September 25-27 at the John H. Lees Service Club. Lt. Col. Maxfield H. Bence, director of personnel, opened the three day program by explaining the purpose of the course and introduced Col. Wilson H. Banks, base commander, who told of the mission of the Air Training Command and the 3560th Pilot Training Wing.

Commander of the 3560th Pilot Training Squadron, discussed the mission of the 3560th Pilot Training Group and the part the instructor pilots and ground instructors play in that training. Lt. Col. William A. Clair, operations officer for the 331st Fighter Interceptor Squadron, explained the purpose of that unit and the mission of the Air Defense Command. Other speakers included Maj. Earle W. Brokaw, accounting and finance officer, Lt. Col.

Mount E. Frantz, commander of the USAF Hospital Group, Maj. Benjamin F. Meacham, base chaplain, Maj. Lawrence R. Simpson, security and law enforcement, Maj. Charles A. Smith, information officer, Capt. Joel K. Carter Jr., staff judge advocate, Capt. Margaret J. Wyatt, personnel affairs and family services officer, Lt. Alvin T. Ringer Jr., commissary officer, Lt. Warren E. P. Hausman Jr., personnel services officer, SMSgt. Charles E. Pogue, member of the board of directors of the WAFB Federal Credit Union, Mrs. Betty Forsythe, merchandise manager of the WAFB Exchange, Mrs. Leonard R. Einstein, family services volunteer and Clarence Hunnicutt, American Red Cross field director.

Col. Rex D. Fryer, deputy base commander, presented certificates to those dependents attending the course and awards to the active volunteers.

Those receiving Family Services Awards were: Jean Ambrose, 25-hour stripe and 50-hour pin; Almedia Ayers, 50-hour guard, 25-hour service stripe and a farewell gift; Judith Blevins, 25-hour stripe, 50-hour pin and 100-hour guard; Judy Boyd, 25-hour stripe and 50-hour pin; Jimmie Ann Davis, a 25-hour stripe and 50-hour pin; Dale Harrell, a 1-year service stripe and farewell gift; Rose Harris, a 1-year service stripe; Pam Hayward, 25-hour stripe and 50-hour pin; Patti Jacob, 50-hour pin; Carole Jensen, 25-hour stripe and 50-hour pin.

Also Norma Kuhns, 500-hour guard and 1-year service stripe; Barbara Rice, 25-hour stripe; Barbara Sparks, 25-hour stripe, 50-hour pin and 100-hour guard; Carole Studley, 25-hour stripe and 50-hour pin; Natalie Voss, 2-year service stripe and Judy Zieg, 25-hour stripe.

Fifty-three received certificates.

Party Given At Snyder's

Sixteen members and a guest of the Hannah Class of the First Baptist Church were entertained Thursday evening with a salad supper at the home of Mrs. R. H. Snyder. Mrs. Della Hicks, class president, was cohostess.

Foursome tables were set in the patio and were covered with pink cloths.

Mrs. F. W. Bettle was a guest.

Invocation was given by Mrs. Ormer Williams and Mrs. W. A. Stall brought the devotional thoughts.

Entertainment was the showing of colored slides with commentary of scenes from Greece, France and Hawaii.

During the business session the women voted to give \$10 to the state mission fund.

Mrs. Bettle offered the closing prayer.

PVT. AND MRS. BOZY ALLEN

Miss Peggy Bennett Is Bride Of Bozy Allen

Miss Peggy Bennett became the bride of Pvt. Bozy Allen Thursday evening at the Sand Spring Baptist Church. The double ring ceremony was read by the Rev. Eddie Swinney before an altar set with pink and green floral arrangements.

Parents of the couples are Mr. and Mrs. J. R. Bennett and Mr. and Mrs. W. K. Allen of Sand Springs.

Miss Linda Thomas, pianist, presented a program of traditional wedding selections. She also accompanied trio vocalists, Misses Carolyn Wilson, Janis Lilly and Martha Love, who sang "Because" and "O Promise Me."

BRIDAL DRESS
Given in marriage by her brother, Gerald Bennett of Big Spring, the bride wore a white street-length dress of taffeta, fashioned with a sweetheart neckline. The bodice was detailed with lace, the skirt was overlaid with nylon organza. Her short veil of illusion was secured by a cluster of baby's-breath. Her attire was made by her mother. She carried a bouquet of white carnations centered with pink carnations atop a Bible.

In keeping with tradition, she wore a blue garter, a birthdate penny in her shoe, and gloves, borrowed from her sister-in-law, Mrs. Gerald Bennett.

ATTENDANTS
The bridesmaids, Miss Brenda Pile and Miss Myrtle Ann Bennett, were attired in identically styled dresses of pale blue cotton satin. They featured scooped necklines and bouffant skirts.

Buddy Weaver served as best man while Leonard Sampson attended as groomsmen.

Following the ceremony a reception was held in the home of the bride's parents. Mrs. Eugene Bennett presided at the guest register, and Mrs. Bonnie Bennett and Miss Dorothy

Weaver served at the refreshment table. The table, covered with lace, was centered with a miniature church steeple with bride and groom figurines inside. Pink streamers, engraved in silver with the couple's names ran the length of the table. The three-tiered bride's cake, made by Mrs. Gerald Bennett, was decorated with pink rosebud frosting and topped with bride and groom figurines.

Approximately 50 guests registered. At present, Pvt. Allen is stationed at Camp Polk, La.

Make Chow-Chow At End Of Season

The thrifty homemaker has been using vegetables as they matured all summer long, but there comes a time, just before the first killing frost, when only odds and ends of vegetables are left in the garden.

While there usually are plenty of green tomatoes, there may be only a few green peppers, half a dozen big cucumbers, a few handfuls of onions. One excellent way to use these leftovers is to make End-of-the-Garden Chow-Chow. This recipe uses small amounts of various vegetables and is delicious.

Mix a quart each of very small cucumbers, large cucumbers cut in chunks, green tomatoes sliced, small onions, large onions sliced and cauliflower. Add 4 green peppers, chopped.

Cover the vegetables with salt water, using a cup of salt to each 4 quarts of water. Let stand for 24 hours, then heat the brine slowly until the vegetables are well scalded. Drain.

Mix a cup of flour, a cup and a half of sugar, 6 tablespoons of mustard and 1 teaspoon powdered tumeric to a smooth paste with a pin of vinegar, then slowly add an additional quart of vinegar and heat all of this in the top of a double boiler.

Do not allow it to boil, but cook it until thick, then mix it with the hot vegetables. Pack in sterilized jars and seal.

Doctored Beans

If you like to "doctor" baked beans, there are a good many savory ingredients with which you can heat the beans. Choose among chopped onion and green pepper, sliced ripe olives, bits of crisply cooked bacon, finely sliced celery.

First Forum Event Held At Basses'

A salad luncheon, the first meeting of the Modern Womans Forum for the fall, was held Friday at the home of Mrs. A. C. Bass.

Mrs. Bass, president, greeted the guests, after which Mrs. Ira Driver gave the history and changes in the club collect. The constitution and by-laws were read by Mrs. Hugh Duncan.

Mrs. Driver will be hostess at an Oct. 12 dinner at which time Dr. W. A. Hunt will speak on "Viewing Europe." The theme for the year's programs is "The Awareness of International Affairs."

Control Weeds In The Early Autumn

Early fall is the perfect time to control lawn weeds. They're still growing lustily, so will absorb the killing chemicals. Select a warm day (above 70 degrees) to do the job and you won't have to worry about weeds spoiling your lawn in spring.

Most broad-leaved weeds are readily killed by applying 2, 4-D to them, either as a spray or in granular form. The granular form is much safer to use near desirable plants as it is applied with a fertilizer spreader. Therefore it cannot drift much on the wind.

It is true that results are not always perfect when granular 2, 4-D is used, but they're close enough so that it isn't worth taking a chance of injuring your broad-leaved ornamentals by spraying.

Some weeds that are not readily killed by 2, 4-D alone, succumb to a combination of that chemical with its near relative, 2, 4, 5-T. All you need do is read the label on the package to see whether you're buying the combination or 2, 4-D only.

Express The Personality In Jewelry

Don't be afraid to wear your jewelry boldly and with pride. If you feel like wearing one dramatic jeweled pin on a simple sports dress go ahead. Don't stop to ask yourself if it is correct to wear elaborate jewelry with casual clothes. Most rules are made to break.

You don't have to wear pearls with your little black dress. It might be fun to try one of the new Far Eastern jeweled collars instead—a striking fashion of the season, with vari-colored stones on multiple strands of fine chain, worn close and flat at the base of the throat.

This season's jewelry fashions are a natural for the woman who likes the tailored look. Nothing could be more correct and effective with a new fall suit than the bulky gold jewelry, real or costume, that highlights every collection. Gold chains of all sizes and finishes are being shown in handsome necklaces and bracelets, teamed with gold earrings and accent pins to spark a lapel or a neckline.

However, if you want to wear your favorite diamond pin with your suit or tailored dress, don't worry about whether it's correct to wear diamonds in the daytime. If you like it, wear it. Jewelry is the most personal of all fashions, and it should express your own personality.

Represent Many WMU Years

Many years of working with the Women's Missionary Union are represented by, left to right, Mrs. A. H. Hobb, Mrs. E. E. Mason, Mrs. W. W. Robertson and Mrs. Della K. Agnell, all of whom were present at the WMU Association Meeting, Friday at the East Fourth Baptist Church. (Herald Photo).

Work Of WMU Told At Meet

Accomplishments of the Women's Missionary Union were reported and discussed at the Big Spring Annual WMU Association meeting held Friday at the East Fourth Baptist Church.

Under the direction of Mrs. W. M. Irwin, the meeting was begun Friday morning and continued through the early afternoon with luncheon at noon.

Reports for the year were given by Mrs. C. O. Hill, mission study; Mrs. W. B. Younger, community mission; Mrs. R. B. Murray, prayer; Mrs. B. D. Rice, stewardship; Mrs. B. T. Faulkner, Sunbeam Band; Mrs. Billy Jo Reynolds, Girl's Auxiliary; Mrs. Curtis Smith, Young Women's Association.

Forecast of the work for the coming year was brought by Mrs. Irwin, Mrs. W. E. Anderson, Mrs. C. R. Mathis, Mrs. Pearl Bettle and Mrs. Reynolds.

Two churches, the Baptist Temple and Westside Baptist, were recognized as having Honor WMU organizations, each having achieved all the aims.

Special music was furnished by the Temple Baptists.

During the noon hour, the group heard an address by Miss Blanche Grove of Bridgeport, a retired missionary from China. Miss Grove also was the speaker for the GA and YWA Association meeting held Thursday evening.

A special feature of the afternoon was the recognition of four WMU members all of whom are 75 years of age or older. Two of the four had been members of the WMU for 50 years or more. Eight members of the gathering have been charter members of a missionary organization.

Mrs. Mathis read the calendar of prayer for missionaries and afterward a skit, "The Versary Sisters," was presented by a group from the First Baptist WMU. Those taking part were Mrs. J. C. Pickle, Mrs. Reynolds, Mrs. Faulkner, Mrs. D. D. Dyer and Mrs. T. K. Price.

Mrs. Hassell Given Party

A surprise housewarming was given Mrs. Dorothy Hassell at her new home in the Barnes addition, Friday evening by Mrs. Dorothy Cornett and Mrs. J. L. Barron, both of Lamesa, and Mrs. Mary Fortune.

The 40 guests attending included Mrs. Hassell's associates at Big Spring State Hospital, where she is a supervisor.

After a set of pottery was given Mrs. Hassell, coffee was served from a table centered with a mass arrangement of autumn flowers.

The Modern Woman Is In Quandary

BOSTON (AP) — Women must find some way—either in the home or in a profession—to express their creative and intellectual talents if they are to be at peace with themselves.

That's the belief of Dr. Grete Lehner Bibring, recently installed president of the American Psychoanalytic Association and the first woman to hold the office.

Questioned about the problems of the modern American woman Dr. Bibring, 63-year-old Viennese-born psychiatrist, lit a cigarette, propped her chin on her hand and said:

"The problem is that modern woman or the American woman—whatever she should be called—is neither fish nor fowl."

This is why?

Her role in the home has been changed by modern advances; her vital contribution to the family life can be replaced in the kitchen by a TV dinner and in other areas by push-button devices. She finds herself with leisure time, but she does not know what to do with this time.

A woman must contribute in some capacity to feel like an essential part of society. If these women could follow a profession or do some kind of work meaningful for them, their families or the people around them, perhaps they would not become dissatisfied with themselves.

French Bread

Next time you plan to serve French toast to your family, have some French bread on hand and use slices of it dipped in the egg and milk solution. This difference in bread makes for pleasant variety. Serve with maple syrup, jam or jelly.

Herb Dressing adding chopped fresh thyme to dressing for salad. A Greek combination that's refreshing.

Pack Shoes With Care

Take good care of the shoes in your wardrobe when you move from one house or apartment to another. The prices of shoes being what they are, you'll want the family's footwear to arrive at your new residence ready for use, without scuffs or scratches or stained with polish.

This is not accomplished by throwing the shoes helter-skelter into one big box and away they go. It requires a little extra care in packing, especially for those expensive dress shoes in milady's collection.

First rule of packing whether you're packing shoes or china, is to use a sturdy box or container. Such cartons can be obtained for a small charge.

Next, spread some cushioning material—crumpled newspaper is fine—along the bottom of the box. Wrap each shoe individually in kraft wrapping paper and then place them in pairs in a disposable plastic bag. This will keep them together and aid you in unpacking.

Separate each pair of shoes with generous amounts of paper cushioning. Fill the voids with paper and place a layer of cushioning at the top before closing and sealing the carton. Label the box as to contents. Using this procedure you'll be ready to step out the first night in your new home.

A Good Gardener Keeps Tools Clean

One of the very last chores of the gardening season, one that can be done even after very cold weather, is cleaning the "tools of the trade." Caked earth should be removed, if necessary by first soaking the tool and then scraping off the soil that still is in place.

The edges of tools like hoes, spades and shovels should be sharpened, for they do a better job and the gardener has an easier task when edges really cut into the ground.

A few minutes spent in examining the wooden handles of all the long-handled tools for possible roughness will save many a sore hand next season. Rubbing with sand paper, first in a coarse grade, then in a fine one, will soon make the handles smooth to the touch.

The little hand tools like trowels and cultivators that are so easy to lose in tall grass or in among garden plants deserve a special treatment—painting their handles so they can be seen easily.

Research has shown that the color most visible in the garden is bright orange and that bright yellow runs it a close second. Take your choice of these colors, paint handles now so you're able to spot your tools no matter where you leave them.

East Meets West In Jewelry

The opulent eastern look is the trend of the season in jewelry.

From the Near and Far East, comes inspiration for the elaborate gold and jeweled necklaces and pins, bracelets and earrings that add drama to the fall and winter fashion picture, according to late reports from the Fashion Coordination Institute.

Typical of the India-Pakistan look are the delicate filigree necklaces and pins seen in every jewelry collection this fall, as well as the new jeweled collars which are one of the season's most important innovations. These often are of multi-colored stones combined with simulated pearls and gold-tone chains in multiple-strand necklaces worn close around the base of the throat, collar fashion.

Change Accessories As Season Changes

Too many people feel that "changing seasons" in a home involves great expense or a complete revamping. Not at all. A little imagination and a few light-hearted touches can breathe the freshness of summer into a snug, warm winter-room.

A change in accessories and arrangement can be the magic touches for changing the climate in your home.

Start by reversing the point of interest in your room. For example, turn the fireplace, which is normally a center of interest during the cold months, into a garden spot with ferns. Rearrange furniture groupings with the view-point toward windows, doors or terraces. Your idea will be to bring the outside in and direct attention outward.

Autumn Cup

Autumn fruit cup: canned pineapple tidbits mixed with sliced pitted dates and a suspicion of lemon juice.

SHE'S A CHARMER

Texas' Miss Wool Takes The Big City In Stride

NEW YORK (AP) — Pretty and polite Carolyn Barre, 20, of Yoakum, Tex., won the hearts of some blasé types she met here on a recent trip as a contest winner.

"I just love people, that's all," says honey-blond, brown-eyed Carolyn, 5-7½, 128 pounds, explaining why a cab driver refused to accept fare from her.

"If you are nice to people, they'll be nice to you," she says. "I just told that driver that his taxi picture didn't do him justice; matter of fact, most cab driver pictures are terrible," she says in a Southern drawl. "Then he showed me lots of pictures he'd taken and we had a conversation about photography. He was a fine man."

SHE'S MISS WOOL

In the midst of her explanation Carolyn stops to tell a brand new acquaintance, relative of a Croton, N. Y. boy attending Texas Western University at El Paso, Tex., that "you must make sure that he comes down to Yoakum, now d'ya hear? Maybe for a good Thanksgiving dinner. My mother would love it."

In a fashionable restaurant Carolyn exuded such charm that the waiter ran after her to present her with the table centerpiece, complete with imported vase. She has made a big hit with the 40 designers of the 47-piece wool wardrobe and accessories she was awarded as Miss Wool of America.

"All my life I've heard about Yankees, but I've been treated as nice here as I ever was in Texas. Everyone should have a travel education. I wouldn't want to live like this all the time or have a glamor job in the movies or on TV. I feel sorry for those girls like Elizabeth Taylor who can never lead a real life because the public won't let them. Marriage and family life is the only real life for a woman."

NORTHERNERS' PREOCCUPIED
The basic difference between Northern and Southern boys is muscle and sideburns, she says. "Southern boys are tanner with

Miss Kathleen McRee Marries In Colorado

Marriage vows uniting Miss Kathleen McRee and William Edward Droke II were solemnized Saturday afternoon in the chapel of the Warren Methodist Church of Denver, Colo. The Rev. Carl Curtis performed the double-ring ceremony before an altar arrayed with beauty baskets of white gladioli and pompon mums, flanked with cathedral candelabra holding bridal tapers.

Mr. and Mrs. William T. McRee, 1905 Morrison Drive, are parents of the bride. The bridegroom's parents are Mr. and Mrs. William E. Droke of Silver City, N. M.

Providing nuptial selections was Sutter Gardman, classmate of the bridegroom, organist. He presented "Andantino," "O Promise Me," "Romeo and Juliet," and "Liebestraum." "Ich Liebe Dich" was the organ solo after the wedding guests were seated.

WEDDING ATTIRE

The bride was given in marriage by her father. She wore a suit of light beige wool, accented with shades of brown, accented with a brown scarf at the neckline. Other accessories were a brown velvet hat, beige formal length gloves and black kid shoes inlaid with brown lizard. Her bouquet of staphenotis surrounding white bifolia orchids was placed atop a white Bible.

Articles of sentiment were a sapphire ring, a gift of the senior Mrs. Droke when she married; a sixpence borrowed from Mrs. J. Cloyd Miller II, and a blue garland borrowed from Miss Linda Milam of Big Spring.

ATTENDANTS

Miss Milam, a former roommate of the bride, was maid of honor. She was dressed in a brown and white wool ensemble completed with a white mink pillbox and autumn mist accessories.

Harold Dean McDonald of Evanston, Wyo., served as best man, Usher was Phillip Robertson of Ft. Collins, Colo.

OUT-OF-TOWN GUESTS

Out-of-town guests were Mr. and Mrs. W. R. Gregar of Roswell, N. M.; Mrs. Nancy Dowally and son, Mark, Miss Jerelyn Huddleston, Miss Carolyn Ashlock, Mr. and Mrs. Jay Miller, Mr. and Mrs. E. S. Ketchum, all of Albuquerque, N. M.; Mr. and Mrs. Sidney H. Curtis of Silver City, N. M.;

MRS. WILLIAM EDWARD DROKE II (Barre Photo)

Michael Steppe of Fort Collins, Colo.; Mr. and Mrs. T. H. Ormon, Mr. and Mrs. Jimmy Baldwin, Berger.

WEDDING DINNER

A dinner was held after the ceremony for the wedding party, out-of-town guests and relatives at Bauer's Restaurant in Denver. Table decorations were yellow tapers in silver candelabra and an arrangement of wedding slippers

under an arch of wedding bells. The two-tiered bride's cake was frosted white and embossed with tiny yellow and white chrysanthemums.

A graduate of Big Spring High School and Texas Technological College, the bride also attended Howard County Junior College. She taught school in Albuquerque, N. M., for 18 months and is now teaching third grade in the Aurora, Colo., elementary school.

The bridegroom attended Silver City High School and received his BS degree from the University of Arizona in 1960. He was president of Theta Chi Fraternity, president of Student Senate College of Liberal Arts, a member of Beta Beta Beta, Kappa Kappa Psi and president of the Pre-Med Club. Presently he is a third year student at the University of Colorado School of Medicine, where he is a member of the Nu Sigma Nu Medical Fraternity.

Following a wedding trip to Aspen, Colo., the couple will reside at 3515 East 10th Ave., Denver 6, Colo.

Catsup Adds To Mushroom Flavor

A catsup-flavored salad dressing with an added fillip—mushrooms!

MUSHROOM DRESSING

1/4 cup salad oil
2 tbsps. redwine vinegar
2 tbsps. catsup
1/2 tsp. Worcestershire sauce
1/4 tsp. salt
1 small clove garlic
1 can (3 ozs.) broiled mushroom crowns (drained)
Shake together in a jar the oil, vinegar, catsup, Worcestershire and salt. Peel and cut garlic in half; insert halves on a toothpick and add to dressing. Add mushrooms. Allow to stand for an hour or so for flavors to blend. Remove garlic; shake well before using. Makes about 1 cup.

Simple-To-Fix Soups Are Popular

This is a simpler-to-prepare version of one of the most popular quick soups we have ever concocted.

CLAM ONION CHOWDER

1/4 cup butter or margarine
1/2 cup water
2 1-3 cups milk
1 envelope (1 1/2 ounces) onion soup mix
1 can (10 1/2 ounces) minced clams
Melt butter in a medium saucepan over low heat; stir in flour. Add water, milk and dry onion soup mix. Cook and stir constantly over low heat until thickened and bubbly; cover partially and simmer 5 minutes. Add clams, including liquid in can; reheat but do not boil. Makes almost 1 1/2 quarts.

Scandinavian Soup Is A Warm Treat

Ever serve the last meal of the weekend around the fireplace? Nice and cozy!

SCANDINAVIAN SOUP

1 lb. (2 cups) quick-cooking yellow split peas
Cold water
Ham bone
1/4 tsp. ginger
1/4 tsp. baking soda (if needed)
Salt and pepper
Soak peas in cold water to cover overnight; soaking shortens cooking time. Drain; add 6 cups cold water, ham bone and ginger. If the water you use is hard, add baking soda. Boil gently until peas are tender—about 1 1/2 hours. Remove ham bone; cut off any meat; dice and return to soup with salt and pepper to taste. If soup is thicker than you like—it thickens after refrigeration—thin with stock.

Quick Pudding

To prepare a baked rice custard pudding, add cooked rice to a rich custard mixture and top with nutmeg.

LGA Resets Time For Luncheon

The Ladies Golf Association luncheon slated for next Friday was scheduled for 2 p.m. instead of the regular 1 p.m. at a Friday session of duplicate bridge at the Big Spring Country Club.

With 12 tables used in play, winners in the north-south division of the senior masters section were Mrs. E. G. Patton and Mrs. Dan Greenwood, first; Mrs. B. B. Badger and Mrs. Don Penn tied for second and third with Mrs. Ray McMahan and Mrs. D. A. Brazel; Mrs. Ward Hall and Mrs. Elvis McCrary, fourth.

East-west winners were Mrs. Tom South and Mrs. Hudson Landers, first; Mrs. D. E. Jonker and Mrs. Paul Lee, second; Mrs. J. Y. Robb and Mrs. Harvey Williamson, third; Mrs. Ayra McGann and Mrs. Ben McCullough, fourth.

JUNIOR MASTERS

Six tables were in play in the junior masters section.

Winners in the north-south division were Mrs. L. B. Edwards and Mrs. E. P. Driver, first; Mrs. Jesse Jackson and Mrs. E. C. Smith Jr., second.

In the east-west division, Mrs. W. W. Inkman and Mrs. Shine Phillips won first; Mrs. John Hatch and Mrs. Ebb White of Dallas, second.

Serve Strawberry Sauce With Cream

A delightful all-year-round strawberry sauce to serve with a soft meringue and other desserts.

STRAWBERRY SAUCE

1 package (1 pound) frozen whole strawberries
1/2 cup light corn syrup
1/2 cup light cream
Thaw strawberries according to package directions; turn them into a strainer over a measure to drain thoroughly; reserve and refrigerate berries. To the strawberry juice add enough cold water to make 3/4 cup; gradually stir into cornstarch in a small saucepan, keeping smooth; stir in corn syrup. Cook and stir constantly over moderate heat until clear and thickened; cool. Fold in drained berries. Refrigerate until serving time. Makes about 1 1/2 cups.

Thin-Skin Best

Thin-skinned grapefruit, with a russet tinge to their skin, are usually heavy with juice and make extra-good eating.

Girls Going Buggy Over New Pet Pins

Jewelry has gone buggy this season with replicas of insects and other members of the animal kingdom taking over.

The latest craze in jewelry is the pet pin fad. The miniature pins, ranging in size from a quarter inch to two inches, come in everything from spiders to turtles. Live pets have been increasing in popularity at a fantastic rate during the past few years, including not only dogs and cats but also such critters as alligators, hamsters, horned toads, chameleons, white mice and turtles.

In keeping with the tradition of naming live pets, the pet pins each has its own monicker. There are such names as "Betty" the butterfly, "Myrtle" the mouse, "Tommy" the turtle, "Pierre" the poodle, and "Cindy" the cat.

Salad In Molds

Ever turn portions of potato salad into custard cups and chill before turning out? These molded salads look pretty surrounded with parsley and topped with pimiento cut-outs.

Macaroni Tip

When macaroni is leftover, you will find it takes on extra flavor when it is reheated with a little stock. But make sure the pasta isn't overcooked in the first place!

Garden City Couple Married Fifty Years

GARDEN CITY (SC) — Learning to give and take with love and being thankful for God's gifts are the secrets of the long and happy marriage of Mr. and Mrs. William Joe Williams who celebrated their golden wedding anniversary Saturday.

The Williamses were married in Garden City Sept. 29, 1912, seated in a surrey with fringe on top. Their attendants were Miss Essie Cox and her cousin, Miss Mae Cox and the bride's brother, C. E. Lovelace. Essie is now Mrs. John Chaney of Big Spring and Mae is Mrs. Jim Ratliff of Garden City.

The town boasted a post office and one store when the Rev. Warren Graham performed the ceremony.

The couple has two children, Mrs. D. W. Parker of Garden City, and Charles Wofford Wil-

liams of Riverside, Calif., and seven grandchildren. They have made a continuous home in Garden City for the past 27 years where Mr. Williams was active in farming and served as school custodian. They have also lived in Big Spring and Howard County. He is now retired and has as hobbies gardening, working with flowers and reading. Mrs. Williams quilts, knits and crochets. They are both members of the Methodist Church.

There was no special party planned for the occasion other than a family dinner at the Parker home in Garden City.

Caper Sauce

A Czechoslovakian combination: slices of roast pork served with caper sauce.

District Meeting Is Slated For Rebekahs

STANTON (SC) — The Stanton Rebekah Lodge 284 will be hosts Monday night for the district meeting of Rebekah Lodges when Mrs. Leona Shepherd, State President of the Rebekah Assembly, will make her official visit at the Stanton Odd Fellow Lodge Hall at 7:30 p.m.

All Rebekahs are urged to attend this meeting as Mrs. Shepherd will discuss her program and plans for the year.

Mrs. Shepherd is a member of Ora E. Davis Rebekah Lodge No. 241 of Denton where she has been active in all phases of fraternal work since 1945. She was awarded the highest meritorious award pin, having brought into her lodge more than 100 members.

Mrs. J. A. Wilson was the guest speaker when the Stanton Home Demonstration Club met Wednesday in the home of Mrs. Les Durham. Mrs. Wilson demonstrated and made a flower arrangement.

Mrs. Roy Linney, president, presided at the business meeting. One new member, Mrs. Stanley Barnes was introduced.

Election of officers was held with Mrs. Linney re-elected as

president; Mrs. Jim McCoy, secretary; Mrs. Les Durham, treasurer; Mrs. N. L. Riggan and Mrs. Stanley Reed, council delegates.

Nine members answered roll call. The next meeting will be held at the home of Mrs. Wainie Haynie.

The Martin County Home Demonstration Council met Tuesday at the REA Willie Wire Hand Room when the nominating committee was named for the new year. They were Mrs. Les Durham, Mrs. Stanley Reed, Mrs. Sam Cox and Mrs. Donnie Jones.

Mrs. Roy Linney and Mrs. Donnie Jones, delegates to the state meeting, gave a report of the sessions they attended in Dallas. Achievement Day for October was discussed and plans were made for the tour, as each club in Martin County is responsible for their October tour.

Simple-To-Fix Soups Are Popular

This is a simpler-to-prepare version of one of the most popular quick soups we have ever concocted.

CLAM ONION CHOWDER

1/4 cup butter or margarine
1/2 cup water
2 1-3 cups milk
1 envelope (1 1/2 ounces) onion soup mix
1 can (10 1/2 ounces) minced clams
Melt butter in a medium saucepan over low heat; stir in flour. Add water, milk and dry onion soup mix. Cook and stir constantly over low heat until thickened and bubbly; cover partially and simmer 5 minutes. Add clams, including liquid in can; reheat but do not boil. Makes almost 1 1/2 quarts.

Scandinavian Soup Is A Warm Treat

Ever serve the last meal of the weekend around the fireplace? Nice and cozy!

SCANDINAVIAN SOUP

1 lb. (2 cups) quick-cooking yellow split peas
Cold water
Ham bone
1/4 tsp. ginger
1/4 tsp. baking soda (if needed)
Salt and pepper
Soak peas in cold water to cover overnight; soaking shortens cooking time. Drain; add 6 cups cold water, ham bone and ginger. If the water you use is hard, add baking soda. Boil gently until peas are tender—about 1 1/2 hours. Remove ham bone; cut off any meat; dice and return to soup with salt and pepper to taste. If soup is thicker than you like—it thickens after refrigeration—thin with stock.

Quick Pudding

To prepare a baked rice custard pudding, add cooked rice to a rich custard mixture and top with nutmeg.

Music Is Profession, Hobby Of The Mortons

Getting the choir at Goliad Junior High School in tip-top shape is of primary interest to Donald Morton, both professionally and personally. Because the choir is only in its second year and Morton is teaching his first year of music, he is especially interested in organizing a choir of which the school can be proud. In his opinion, the majority of the students are offering the best of their musical talents.

Morton and his wife, who were married in January, moved here recently from Mineral Wells, where he taught high school English, and she was a teacher in the Seventh Day Adventist School. They have purchased a home at 4212 Parkway Road.

Music is of mutual interest to the Mortons, since they both enjoy singing and listening to their collection of records. He has a knowledge of the piano; although he remarked that he uses it mostly as a "tuning fork" in his classes. At present, both Mr. and Mrs. Morton are singing in the choir at the First Christian Church, he a tenor, she, an alto.

Although Morton graduated from North Texas State University with a BA degree in English, he prefers the field of music, in which he lacks nine hours earning his degree. His plans are to return to NTSU to complete his hours.

As far as Mrs. Morton is concerned, she has attained her life's ambition, staying home and being a fulltime housewife. Although she enjoyed teaching the children in the church school and attending college, she is more satisfied in her present occupation. She lists gardening and flower arranging as her favorite pastimes, expressing a desire to become affiliated with a garden club.

Morton is content with the situation in Big Spring, working at a job he enjoys and coming home to a new house. After attending college and a two-year hitch in

Happy Newcomers

This week's featured newcomers, Mr. and Mrs. Donald Morton, find a great deal of pleasure in their life in Big Spring. Morton is pleased with his work as a music director, while his wife enjoys being a full-time housewife for the first time.

the Navy, traveling to Hawaii, Japan, China and the Philippine Islands, settling down is welcomed. Besides singing, he relishes a good novel.

Both Mr. and Mrs. Morton were

impressed with Big Spring's hospitality, referring to both merchants and townspeople. According to them, the second best thing they like about their new town are the cool nights following the hot days.

'ROUND TOWN

With LUCILLE PICKLE

Where once we had pretty flowers at the intersection of Marcy and Wasson Dr. we now have the most bountiful crop of careless weeds in town. Also there are other lots and areas that are head high in tumbleweeds. What this town needs is a good job of weed chopping and this is meant for me and thee.

MRS. HAROLD DAVIS and MRS. LOUIS STALLINGS are to return this morning from Lubbock where they attended the Tech-Texas football game last night. MR. and MRS. BOB WOOD of Paducah, parents of Mrs. Davis, came here Friday to stay with Alan and Chris Davis while their mother was away. Mr. Davis had to miss the trip to Lubbock as he had business in Austin.

MRS. JEROME LUSK plans to leave Saturday for Dallas where she will join her son-in-law and daughter, MR. and MRS. W. C. MITCHELL, and accompany them to their home in Lafayette, La. The Mitchells will be in Dallas this week on business.

Women who had more fun than anyone last week were MRS. BOB SATTERWHITE, MRS. ROY LASSITER, MRS. CUN GRISBY, MRS. ALVIN THIGPEN, MRS. BEN McCULLOUGH, MRS. AYRA McGANN and MRS. W. J. GARRETT. They formed a party that spent three days at the Cosden cabin at Possum Kingdom. They swam, fished and went boating and were fortunate enough to have one day so rainy they couldn't do anything but play bridge all day long.

Devotees of the art of raising roses will be happy to know that MRS. E. L. LUCAS, Southeastern Director of the American Rose Society, Norman, Okla., will be in our city this week. She is to be the houseguest of MR. and MRS. ADRIAN RANDLE. The date of her visit here will be announced as soon as her schedule is received by Mrs. Randle.

A great number of Big Spring women gathered for a delightful morning Thursday at the Big Spring Country Club for the Wasson-Currie-Robb coffee.

MRS. J. M. MORGAN who is past 90 years of age arrived just as I was leaving so I only had a short hello from her but she appeared to be ready for a good visit.

It was nice to meet MRS. W. F. NOLEN whose husband is CAPTAIN NOLEN of Webb AFB. The Nolens and their five children have been in Big Spring since January... but they didn't come from too far away, their home being in Dallas. She was with MRS. JOE BLUM who wore a most striking hat of fluffy feathers in shades of green... MRS. E. O. ELLINGTON wore an attractive dress with modern print design featuring turquoise, purple

and black. Her purple hat complemented the attire... MRS. J. M. MILAM was wearing a clipped feather hat with a suit of heliotrope wool... MRS. TOMMY HART'S shocking pink wool suit was pretty with her dark hair and MRS. WALTER EUBANKS looked sharp in a lipstick red crepe.

There were all types of hats... lizard, feathers, fur felts, ribbon and one a little on the spring side (mine). A number of pretty knit suits brightened the scene and an unusual number of bone shades in dresses, suits and coats as well as accessories.

The beautiful brass candelabra on the front table where guests registered belongs to MRS. E. V. SPENCE who brought it back from Mexico. It is a joy to her not only as a candelabra with various colors of votive lights, but also as a decorative piece to hold fresh flowers for various occasions.

Orchestra Leader Says Young People Are Conservative

NEW YORK (AP)—Young people have become more conservative at dances, says orchestra leader Lester Lanin.

His vantage point at the podium permits him to observe many things in these last decades.

He plays for society—Vanderbilts, Mellons, Mills, Whitneys, Fords. He is popular with public high school students and Ivy League colleges. He plays nationality parties, businessmen's parties and for the President and Mrs. Kennedy.

"Young people realize these are serious times, and whereas conversation at parties often has been frivolous, now one hears talk about atomic bombs, Russian problems, feeding the population of the world. I don't mean youths are too somber. They are beginning to think, and have more fun in a refined way. Their attitudes have changed. Instead of coming up angry-like and saying, 'Hey, play a rumba, you guys, will you?' they say 'When you get around to it, would you please play...'"

Rent For \$1 Electric Carpet Shampooer

It's easy to clean carpets with the new Blue Lustre Electric Shampooer. It costs only \$1 per day rental for this easy-to-use electric Shampooer when you buy Blue Lustre Carpet Shampoo. You'll be amazed at the new look of your carpeting. Available at BIG SPRING HARDWARE CO. 117 Main AM 4-3265

Are you interested in the Catholic Church? An inquiry class will begin Monday, Oct. 1, at Immaculate Heart of Mary Church rectory at 8 p.m. The classes will be held each Monday and Thursday at the same hour.

The reason you care to attend these classes—regardless of what it is—is entirely acceptable. Just remember you are welcome. The discussions will stress reason, not emotion; facts, not feelings. To be sound, religion must have an intellectual foundation. You will build convictions, not prejudices.

For further information, call: Fr. Francis B. Beazley, O.M.I. AM 4-2882

IMMACULATE HEART OF MARY CHURCH Highway 87, South

Mrs. Wallum, Sons Visit At Parks

FORSAN (SC)—Recent guests of Mr. and Mrs. Henry Park and sons, Roger and Stevie, were her niece, Mrs. Ray Wallum, and sons, Jerry, Terry and Larry. They visited en route to her parents' home in Miami, Ariz. The

Wallums reside in Pensacola, Fla; while Mr. Wallum is serving an overseas tour of duty.

Mr. and Mrs. W. F. Swiger are in Kermit visiting the Jeff Greens and the Harry Barnetts.

Guests of Mr. and Mrs. A. P. Oglesby were Mr. and Mrs. Charles Hall and children of Odessa.

Mr. and Mrs. J. H. Cardwell

are vacationing and visiting relatives in Fort Worth, Dallas and Nacogdoches.

Mr. and Mrs. H. A. Sanders of Kilgore visited Forsan friends Thursday. Former residents, they were en route home from a vacation to the World's Fair in Seattle, Wash., California and Wyoming.

AAUW Giving Awards For College Teaching

The College Faculty Program of the American Association of University Women Educational Foundation is offering 50 awards for 1963-64 to university women interested in college teaching. Mrs. M. F. Blackbird, Big Spring AAUW branch publicity chairman, has announced.

"The AAUW has long been concerned with the college faculty shortage, and has been urging the further education of mature college graduates to help fill the gap," said Mrs. Blackbird. A \$225,000 grant from the Rockefeller Brothers Fund, she explained, is now providing a three-year demonstration program among 11 southern states to attract potential faculty members.

Full tuition grants and personal stipends for graduate study are available to women with bachelor's degrees who are 35 years of age or older and who have not recently been in a graduate study program or on a college faculty. Candidates who reside in one of the 11 states included in the program, must plan to be full-time graduate students.

The application for the 1963-64 awards is Jan. 15, 1963. Local college women interested in the pro-

gram may call AM 4-7339 or AM 4-6359 for further information. Application blanks may be obtained from the College Faculty Program Coordinator, 2401 Virginia Ave., N. W., Washington 7, D. C.

Mrs. McCall Takes Second HD Term

Mrs. A. J. McCall was re-elected president of the Forsan Home Demonstration Club when the members met for a special session and afterwards for a covered dish luncheon.

Named to serve with Mrs. McCall are Mrs. Melvin Newton, vice president; Mrs. Lee Yarbrough, secretary; Mrs. Kenneth Duffer, treasurer and council delegate; Mrs. Lewis Soles, reporter; Mrs. McCall, assistant reporter.

Mrs. J. R. Howard was a guest. Members drew names for secret pals and will do so each month. A covered dish luncheon will be served at the all day meeting on Oct. 5 when a crafts day is planned.

Anchovy Flavor

Ever mash anchovy fillets with hot olive oil and toss with strands of thin spaghetti? A delicious Italian combination! But if you like, you may substitute melted butter for the olive oil.

P-TA Postponed

The Sands P-TA unit has postponed its formerly scheduled Monday session until Oct. 9, 7:30 p.m.

Mrs. R. Rodman Is City HD Hostess

Seventeen members of the City Home Demonstration Club answered roll call with after-retirement plans Friday afternoon at the home of Mrs. Robert Rodman. Mrs. Ross Callihan presented a program entitled, "Food for Fitness," showing slides pertaining to serving balanced meals attractively. Mrs. Callihan pointed out the importance of eating correctly and getting the correct amount of nutrients. She also pointed out ways to select the correct foods. Mrs. M. F. Hodnett read the devotion from James 1:17-19. Mrs. L. R. Helms won the special game prize. The next meeting was scheduled for Oct. 12, 2 p.m., at the home of Mrs. Ervin Daniels, 1310 Johnson, with Mrs. L. C. Rone, co-hostess.

204 MAIN Where Only The Look Is Expensive

WEBB WINDSOCK

By MOLLIE HARTZOG

Have you ever tried reading a store shelf? Not the labels, but the things that are missing. For instance, currently missing from the shelves of the Base Exchange are starch and safety pins. What easier way to foretell a luncheon at the Officers Wives Club? A roundabout way maybe, but there it is. The fall luncheon, with a fashion show presented by Zacks, will be this week, Thursday, October 4 at 12:30 at the Officers Club. We moseyed into Zacks earlier this week hoping for a sneak preview of the fashions. Although it was two sweaters and a blouse later when we walked out, we had managed to glimpse some of the luscious party clothes and soft knits and such. We'd like to say we'll be there with bells on. A new blouse, anyhow.

There are three small steps to take to see this fashion show and luncheon. First, find your membership card to the OWC or call the club on Monday if you don't have a card available. Next, give your card number and your husband's name to Mrs. Boughton, AM 3-4048 or Mrs. Price, AM 3-3283 for a reservation. Third, bring your card and \$1.25 to the club on Thursday and you're in! If on the day after payday you don't even have \$1.25 left, you may charge the luncheon to your husband's account at the club. This way you will be armed to buzz down and pick up one of those goodies you saw at the fashion show. All you need do is casually mention his taking someone to lunch at the club one Thursday . . . it was right there on his bill, etc. On the other hand, if you change your mind about the luncheon, be sure to cancel by noon Tuesday, October 2, the deadline for cancellations and reservations.

Medical Group met for bridge recently in the home of Mrs. Ad Lindsay on Ent Drive. One of the news items to result from the chit chat was the mention of the arrival of Dr. Kressel, a new dentist, and his wife Bonnie, new members of Medical Group.

Mrs. Bobby Gilbert was a bridge hostess last week for two tables of card players. Having demolished a chocolate sundae pie, the group settled down to some action from which Mrs. J. L. Welch emerged as high scorer, and Mrs. Robert Wray won both second place and the traveling prize. The group chooses their prizes by popular demand, they also stick to a national brand. They chose money.

The coolness of an early fall morning is just right for a little invigorating exercises, reports Mrs. J. C. Day. Golf, says she, is the answer. You don't have to be good enough to hit the ball, just

try not to injure anyone else around. On Tuesday mornings at 9, the golf house at Webb is filled with ladies and more are welcome, hitters or missers. The point is in the practice and they hope to get in enough practice so a tournament can be held in a few months. They even have "booby" prizes and one of the most improved golfer. If you join the group and can't even hit the ball, and join the tournament and manage to frighten it a few inches, you've improved 100 per cent right there. You are a shoo-in for a prize so how can you miss! You've just improved the most.

The swinging and the walking will make a new gal of you and if you can't face the entire nine holes at first, there will always be another tired lady just wishing not to be the first to suggest a return to the clubhouse. And some of the excuses are delightful. We have heard about forgetting to thaw the roast for dinner, having to go feed the bird. The best we ever heard, was from one energetic young woman who, having sunk a 10-foot putt on the second hole, suddenly remembered she had decided to forego golf and sleep late that morning, so off she went back to bed. If you have any questions or want to ask about equipment rental, call Mr. Maxwell at the golf shop on base.

Stricklands Are Parents Of A Son

FORSAN (SC) — Mr. and Mrs. Delbert Strickland announce the birth of a son, Ernest Marvin, on Sept. 26 in Medical Arts Clinic Hospital at 2:15 a.m., weighing 6 pounds at birth.

Grandparents are Mr. and Mrs. E. M. Strickland of Forsan and Mr. and Mrs. E. E. Blankenship of Burket. Mrs. Blankenship is in the Strickland home with her daughter at the present time.

Mr. and Mrs. Jack Lamb are in Fort Worth with his mother, Mrs. J. M. Lamb.

Mrs. N. G. Bell and daughter, Belinda, of Snyder were guests of Mr. and Mrs. J. W. Snelling on Saturday.

Prepare The Annuals For The Spring

A few of the loveliest of annual flowers like best the cool weather of early spring and will not thrive when temperature rises. These include larkspur and sweet peas, two annuals that many gardeners have found disappointing because they have not considered the requirement given above.

As you know, it isn't always easy to work the soil in very early spring, so preparing it in fall and sowing the seeds of these two annuals then will not only suit the flowers but also the gardener.

Larkspurs need only a shallow drill prepared for their seeds. But sweet peas like their roots deep in the cool soil: for them, dig a trench a foot deep and, if you can acquire manure, mix it with the soil at the bottom of the trench.

Then cover this mixture with two inches of soil and on top of this sow the seeds, spacing them an inch apart. Cover with soil three inches deep, then fill in the trench with any rough material like straw or hay. Leave the extra soil alongside the trench for use in spring.

As the young plants grow, thin them to stand six inches apart. Provide a support of wire or brush for them to climb on. Draw in the stored soil a little at a time until the trench is almost filled. This will insure coolness for the roots.

It may be necessary to guide the vines to their support, but usually their tendrils assist them to climb without any outside help. And, when you pick masses of the deliciously fragrant blooms, this extra preparation will seem well worth while.

Two TESCO Employees Retire Here Saturday

By M. A. WEBB

Two long-time employees of Texas Electric Service Co. have retired. A. B. Sisson, who has been with the company almost 40 years, and George Melear, with 36 years in Big Spring, cleaned out their desks Friday and went out to enjoy the fruits of their labors.

Sisson, a native of Fannin County, has a wood-working shop at home for his spare time. He started work for Texas Power and Light Co. in Paris in 1923. He came to Big Spring in 1928 as a lineman, and became consultant for TESCO a year ago, after serving 38 years as superintendent of distribution.

"The job as consultant is an unusual one," he said. "It has been a pleasant job but the title is one that makes people look down their noses, and then they look at the brief case and wonder what you're going to spring on them. But I liked it."

Mr. and Mrs. Sisson live at 1600 Nolan. They have a son and daughter. The daughter is now Mrs. R. F. (Pepper) Martin and lives in San Antonio.

"Grandchildren are my hobby," he said, "and I have four."

The son lives in Big Spring. "I have enjoyed my work with the company and am leaving with mixed emotions," he said Friday. "It is hard to think about retiring but I am going to make the most of it."

Melear, who has spent about 40 years, "off and on", with power companies, is not quite retiring. He goes to work for The Herald Monday morning.

"It's almost the same job I've had here," he said. "I have been at the head of the collection and meter reading department. So I'll

RETIRED FROM TESCO
A. B. Sisson and George Melear

put in a part of my retirement days at a similar job which won't take all my time."

He is a native of Dublin, but received his education in Waco where he went to work for Texas Power and Light Co. in 1913. He left Waco for El Paso in 1918, remained there for six years, and then went back to East Texas where he was associated with his father in the cotton business for two years.

"I came to Big Spring in 1928

went to work for the engineering department, then came into the local office in 1927," he said. "I missed a couple of years during the depression but since then have been here constantly."

The Melears, who live at 109 E. 17th, have no children.

"I have a hobby it is watching and following football and baseball during the season," he said. "I am probably going to do some running around and visiting. I got behind on that in the past several years."

Melear is a deacon in the First Baptist Church, has worked with Boy Scouts, and has been a member of the Lions Club.

Gin Accident Results In Suit

Zack Mauldin, Lamesa, a former employe of the Lamesa Co-Op Gin, has filed a suit in 118th District Court here against Delta Electric Co., Big Spring, asking \$160,025.

Mauldin, who gives his age as 40, alleges he was working on the gin at Lamesa Oct. 15, 1960. At the same time, he says, the defendant was rewiring the gin. Mauldin says that while working 15 feet above the floor, he came in contact with a live wire which caused him to fall from the place he was working.

He relates that his skull was fractured and that he suffered extensive brain injury. He asks that he be paid \$160,025 for injuries he received.

Carpenter Orders Pending Appeal Cases To Trial Docket

County Judge Ed Carpenter has ordered all pending appeal cases from the corporation court and the justice of peace courts set down on a docket for disposition in his court the week of Oct. 9, he announced Saturday.

"I have asked County Attorney Wayne Burns to prepare a list of all pending appeal cases and to notify the principals or the attorneys in these cases," Judge Carpenter said.

"On the opening day we will sound the docket. Those cases which are shown to have faulty bonds or faulty complaints will be dismissed. Those which are shown to be valid will be set for trial. I plan to call a jury and be ready after Oct. 9, to try any cases which are reported ready for trial."

463 PENDING

Burns said that a check of the county court docket shows there are 463 pending appeal cases. Of this total, 259 are from the corporation court; 113 from justice of peace court No. 1, and 91 from justice of peace court No. 2.

He said the cases date back to January, 1960.

A few months ago, the court set down 100 pending appeal cases for disposition. Burns, as county attorney, attacked the validity of the cases charging that the bonds were faulty in many and that complaints in others were incorrectly filed. The court upheld the contention of the county attorney and threw out the bulk of the cases.

The objection offered to the bonds was that they were improperly signed. Burns said the law required that appeal bonds be personally signed by each surety and that the bulk of the cases before the court were faulty for the reason that the second surety's name was generally signed by the first surety.

NOT VALID

Many of the complaints attached to the appeals were ruled not valid in that they did not follow the form prescribed by law for such documents.

The attorney general's office, queried on the issues, agreed with the county attorney's position.

Burns said he had not gone over the Appeal cases which are to be called for trial Oct. 9 but that he was certain many have the same errors which marked the 100 aired at the earlier session of the court.

He said his office will draw up a docket listing the 463 cases. Copies of the docket will be sent to all attorneys involved.

Letters will be sent to all de-

fendants where an attorney is not indicated advising them to be in court Oct. 9.

Since the earlier hearing at which the 100 appeal cases were dumped from the docket, the corporation court has been strict in demanding that all appeal bonds be prepared in accordance with the law. The court has made certain that all complaints are in proper legal form. As a result of this policy, officials at the city court report relatively few appeals have been taken from the rulings of the court.

RELUCTANT

Attorneys, too, have displayed a reluctance to post bonds in appeal cases.

Prior to the session at which the faults in the bonds were

brought out, a flood of appeals hit the county court clerk's office almost weekly from the corporation court.

Many of the appeals taken from the corporation court to the county court were on traffic violation cases. Motorists picked up for violation of traffic laws used the appeals route as a way to forestall having their insurance rates hiked under the state insurance rate law then in effect. The law provided for a heavy rate penalty for each moving traffic violation against the driver. As long as the case was on appeal, however, the rate hike was held in abeyance—no conviction being entered.

This regulation has been changed. It was stricken on Aug. 1 and eliminated one of the major causes for many corporation court appeals.

Ship Is Severely Damaged At Pier

NEW YORK (AP)—Flames severely damaged an Argentine cargo-passenger ship berthed at a pier here—and at one point, the 549-foot vessel threatened to sink—before the blaze was put out early today by more than 200 firemen. During the more than four-hour battle to save the 11,340-ton Rio

Jachal, 29 firemen were injured or sickened by dense smoke. Seventeen of them were hospitalized, none in serious condition, along with one crew member also overcome by smoke.

Parole Hearing Due Gomez

V. A. Gomez, serving a 7-year sentence in the state penitentiary for conviction on a charge of embezzlement in this county, is slated to come before the Texas Board of Pardons and Paroles for a hearing sometime in the near future.

Hollis Webb Now Partner With M'Ewen

Announcement is being made of the association of Hollis Webb as a partner with R. R. McEwen Jr., in the ownership of the McEwen Motor Co. Webb is a long-time associate with the company, has recently been serving as new car sales manager and general manager. The company is dealership for Buick and Cadillac.

Webb has been with McEwen since 1935, except a period from 1952-57, when he owned and operated a Buick dealership in Colorado City. McEwen has been chief administrative officer of the company since 1952, following retirement of his father, R. R. McEwen Sr. The elder McEwen established the firm here in 1935, and operated it continuously for 17 years. He now resides in La Jolla, Calif.

Navy ROTC Tests Slated

Vice Adm. V. R. Smedberg, Chief of Naval Personnel, announced that the annual national competitive examination for the Regular Naval Reserve Officer Training Corps will be given to eligible high school seniors and graduates on Dec. 8. Application forms are available and must be mailed by November 16.

The NROTC program makes it possible for young men to earn regular commissions while studying at the civilian college of his choice which has an NROTC unit. All tuition, fees and books are furnished by the Navy, and the student receives an annual retainer of \$600 for not more than four years. During the summer months the student goes on training cruises as a midshipman. After successfully completing the usual four year college course, he is commissioned in the Regular Navy or Marine Corps and goes on active duty as a prospective career officer with the Navy's fleet. Immediate assignments to flight training or submarine training offer varied career potential to those who apply and qualify.

High school seniors and graduates who have reached their 17th birthday but not the 21st birthday on June 30, 1963 may apply for the aptitude test. Those who make a qualifying score will be given a medical exam early in 1963. From the number of qualified young men remaining in competition, more than 2,000 will be selected to begin naval careers in college next September.

Application forms are available at high schools, Navy recruiting stations or from the chief of Naval Personnel, Department of the Navy, Washington 25, D. C.

Warranty On Fords Doubled

A 24-month or 24,000-mile warranty now will go to every purchaser of 1963 Ford cars and trucks.

Announcement of the new warranty, a doubling of the 12-month, 12,000-mile guarantee which has been in effect, was made Friday by R. W. Andrews, president of Shasta Ford Sales, as the 1963 models went on public display.

"Extension of this warranty to other car and truck models for 1963," Andrews said, "is possible because of continued progress toward quality and reliability goals that year after year have enabled Ford dealers to be the leader in providing products requiring less and less maintenance."

Terms of the new warranty provide that for 24 months or for 24,000 miles, whichever comes first, free replacement, including related labor, will be made by authorized dealers of any part with a defect in workmanship or materials. Tires and tubes are not covered by the warranty; appropriate adjustments will continue to be made by the tire people. Owners will remain responsible for normal operations, such as wheel, brake and clutch adjustments and engine tune-ups, and for routine replacement of such items as filters, spark plugs, ignition points, wiper blades, and brake and clutch linings. The warranty also will not apply to appearance items due to usage and exposure to the elements.

eligible for appearance before the board with a plea for a parole.

Sometime ago, in an action initiated by Gomez's attorney in federal court in Houston, a writ of habeas corpus ordering his release was granted. However, for some reason Gomez has not elected to take advantage of the provisions of this writ and is still in prison.

Jones said that had Gomez been released, on the writ he would have pushed ahead with plans to prosecute the defendant on other charges which are still on file against him.

However, the district attorney said, if the man goes before the parole board and is released on parole, there are no plans to push the trial of the pending charges. "As long as he abides by the terms of his parole and keeps his record clean," Jones said, "we will just hold the other cases in abeyance."

Gomez was found guilty of embezzling plumbing supplies allegedly stolen from the Saunders Co., a wholesale plumbing firm. The alleged thefts occurred in 1957. Gomez was a fugitive from justice for a long time and, on his return, delays were encountered which further postponed the trial.

Social Security Schedule Listed

Ervin Fisher, manager of the Big Spring district office of the Social Security Administration 700 Rummels, has posted a new schedule for field workers in the district.

He announced dates and towns where a representative from the office will be during the period, Oct. 1 through Dec. 31. Any client who needs help from the Social Security office is free to call at the local office any day in the week.

The office will send a representative to Colorado City on Oct. 9 and 23; Nov. 6 and 20, and Dec. 4 and 18. The place is the Colorado City Chamber of Commerce office and the hours are from 10 a.m. to noon on each of the specified days.

The Social Security representative will be in Lamesa in the post office basement on Oct. 3, 10, 17,

24, and 31; Nov. 7, 14, 21 and 23; Dec. 5, 12, 19 and 26. The hours are from 10 a.m. to noon on each of these dates.

A representative will go to Lorraine for conference with clients by appointment only on any agreed date. The conferences will be in the Lions Club building.

The office will have an agent in Snyder from 10 a.m. to noon on Oct. 4, 11, 18, 25; Nov. 1, 8, 15 and 22; Dec. 6, 13, 20 and 27. The place will be the second floor of the court house. It was pointed out that an agent of the local office will not be in Snyder on Nov. 22 due to the date falling on Thanksgiving.

The agent will be in Stanton, on the second floor of the court house, Oct. 22, Nov. 26 and Dec. 17. The hours are 2 p.m. to 4 p.m. These representatives will assist older or disabled workers and the

survivors of those who have died to complete their applications for retirement, disability claims or family insurance benefits. He will also take applications for Social Security numbers and furnish any information needed relative to the program.

Couple Killed As Car Hits Pillar

CORSICANA (AP)—Ray Lee Herndon, 32, and his 30-year-old wife were killed Friday night when their car slammed into a concrete pillar at an underpass near here. The accident occurred shortly after 8 p.m. on U. S. 75, 12 miles south of here.

Odessan Named

COLLEGE STATION (AP)—The Texas Industrial Development Council has named Raymond W. Hedges of Odessa president.

City Trucks Back On Job

Two of the three city dump trucks, which were out of service Monday, went back to work Friday, Roy Anderson, assistant city manager, said Friday afternoon. The other was scheduled to be back on the job Monday. A garbage truck was also in the truck shop Friday.

"The cleanup work, on streets where a lot of dirt was washed in during the floods two weeks ago, has been held up because only one dump truck was on the job," he said. "One can't move dirt very fast, but three can get the job done in a hurry."

"We have to pull our garbage trucks off a few pickups when we have high water," Larry Crow, city manager, said Friday. "This had to happen during the high water of three weeks ago in a few places. We have some alleys which

will not carry heavy vehicles during muddy weather, and some washouts which trucks could not cross," he said, "but these are put back in shape as fast as they dry up. One alley, behind Purdue, had a heavy washout during the big rains, and others got boggy."

Dies At Game

PORT ARTHUR (AP)—A Port Arthur businessman, W. S. (Bud) Martin, suffered a fatal heart attack Friday night while attending the Port Arthur-Pasadena high school football game.

Baptist Honored

INDEPENDENCE, Tex. (AP)—Dr. Rupert N. Richardson of Abilene was honored Saturday as Texas Baptist elder statesman of the year in ceremonies at the birthplace of Christian education in the state.

YOUR DEALER CAN SAVE YOU MONEY NOW

...with his special installation offer on a FLAMELESS ELECTRIC CLOTHES DRYER

Now is the time to buy your electric clothes dryer... now while you can take advantage of your dealer's special money-saving installation offer. Let him show you how a flameless electric clothes dryer takes the work and worry out of drying clothes... how your clothes will dry sunshine fresh in clean, gentle electric heat with no worry about fumes or odors. And with precisely controlled electric heat, even your daintiest washables dry with complete safety. White clothes stay white... colored fabrics stay bright. See the new flameless electric clothes dryers at your dealer's soon and get the details of his special money-saving installation offer now in effect.

Fire Losses Exceed Last Year's Total

Big Spring's fire losses for 1962 will run close to the losses for 1961, and will exceed 1961 losses, according to Fire Marshal A. D. Meador.

The Newsom Grocery fire last Sunday will push the total higher than 1961, although the exact figure for the September insurance loss payments has not been set.

Total losses through August, 1962 ran to \$85,938.03, with September to be added. The 1961 loss figure, given by Meador, was \$95,587.42. The 1960 losses were given as \$163,702.19.

Fire loss figures furnished to the Texas Fire Insurance Commission, and by which insurance rates are set, are the actual losses figured by adjusters for insurance payments to property owners.

The building and content loss for the first eight months of this year, were: January, \$17,700.30;

February, \$4,486.24; March, \$4,880.24; April, \$25,519.06; May, \$2,355.96; June, \$6,800; July, \$9,598.32; and August, \$10,598.01.

BenJack Cage Now Brazilian Citizen

RIO DE JANEIRO, Brazil (AP)—BenJack Cage, the Texas tycoon who fled to Brazil in 1959, has been granted Brazilian citizenship, the Justice Ministry said Friday.

A spokesman reported Cage obtained the citizenship about a month ago. He had skipped bail and fled to this extradition-free nation after being sentenced to 10 years in prison in connection with an \$8 million insurance swindle in Dallas.

A Devotional For The Day

I was glad when they said unto me, Let us go into the house of the Lord. (Psalms 122:1.)
PRAYER: O Father, we thank Thee for the church where we meet with Thy people to worship and pray. May we always give priority to these divine appointments with Thee in Thy house. In our Savior's name. Amen.

(From The 'Upper Room')

John Connally's Leadership

Before the primaries of last May, The Herald supported as candidates John Connally for governor, Preston Smith for lieutenant governor, Waggoner Carr for attorney general, Joe Pool for the state's congressman-at-large, and George Mahon for Congress from the 19th District.

We see no reason to change position now, and believe that these men should be elected in the general election in November.

They have one thing in common: a good background in, and a sound working knowledge of, political affairs.

Of the group, it would appear that John Connally is facing serious opposition. Texans who have enrolled under the Republican banner are cheered over the reaction their young candidate has been getting. He is an engaging personality, and a forceful speaker, and has the attributes of a leader.

But we feel that the people of Texas would serve themselves better to put into the governor's chair a man who has established that he can work effectively with groups of varying shades of political philosophy, which indicates he can main-

tain harmonious relationship with the Legislature.

This is important, because a deadlock between the chief executive and the lawmakers can result in no good purpose for the state. Texas will be facing serious problems (nothing new) as the Legislature convenes next January. These will be dominated by the problem of finance, perhaps changing the sales tax statute; and of establishing sounder controls over oil drilling in the state. The "loan-shark" legislation is still to come, and there should be a program of effective state advertising, to mention only a few. All this workload calls for a close working relationship between governor, lieutenant governor, and legislature.

John Connally, while he has not pleased the extremists at either end of the political spectrum, has done some effective mediating and practical reconciling of differences. Far more than forensics or clever phrases, this is an evidence of sound leadership. We believe he is a man of moderation and good will, a man possessed with keen mind, strong character and an ability to get things done. He can lead Texas in an era of progress with less turmoil. The state can use this.

Time For Human Concern

The time is at hand when the United Fund appeal is being presented to our community.

Once again we urge all citizens who have concern for their community and for their fellow man to give earnest consideration to appeals for help in time, in contacts or in money.

Logically, this is civic obligation for each individual. If one does not do his part, another must do more... yet all benefit from the spirit of humanity the United Fund helps to sustain in our community.

There is more than mere obligation, however, for there is the positive force of

joy in knowing that you have helped another.

Those who give and work earn for themselves that warm feeling of personal pride everytime a young Scout gets his tenderfoot badge; an indigent child gets a pair of shoes at the Salvation Army; a family without means receives needed medicine; a soldier overseas is rushed home on emergency furlough at Red Cross urging; a child grows stronger in mind, body and soul because of the YMCA ministry. To these can be added the services of other participating agencies, and each can be multiplied countless times. Those who share in this unified effort become a part of all its goodness.

Marquis Childs As Goes De Gaulle, So Goes France

PARIS — So very much depends in France and in Europe on the presence of Charles de Gaulle that conversation invariably turns on whether he is likely to survive the fanatical assassins who have twice failed, the last time by the narrow margin, to destroy him. And the next topic who can succeed de Gaulle as head of the Fifth Republic and indeed whether there is anyone who can stem a swift collapse into chaos.

AS FOR Le Grand Charles, a name applied both satirically and affectionately, he is proceeding with his own plan of succession as though the threats to his person and therefore to the future of France were the flimsiest imaginings. He is putting forward, despite the doubts of many of his closest advisers and the opposition of almost every political figure in France, a referendum to change the constitution so that presidents in the future will be elected by direct ballot rather than through the present electoral college made up of some 80,000 provincial and municipal officials.

THE PRESIDENT so elected would not be the ceremonial figurehead of the pre-de Gaulle past but a chief executive with the broadest powers. In a television address last week he compared the executive he would create to the President of the United States. But, as Paul Reynaud and other veteran members of the National Assembly have pointed out, the American President has nothing like the authority which de Gaulle implies the new French president would have. The U. S. President is constantly thwarted by Congress.

THE SHADOW of a man on horseback falls across this debate. While most of the opponents pay polite obeisance to de Gaulle, saying that he would never arrogate supreme power to himself, they are haunted by the memory of dictators who in the last century seized authority in the ruins of a democratic system they helped to bring down.

When the de Gaulle-imposed new premier, Georges Pompidou, a complete newcomer to politics, stood for the first time before the Assembly, Reynaud, survivor of so many crises, spoke words that in their boldness startled the largely powerless men out of the political past. "We recognize you," Reynaud said, "because you are the same kind of premier imposed by the last of the Bourbons, Louis Philippe."

POMPIDOU was head of the Paris **The Big Spring Herald**

THE GREAT EXPERIMENT

J. A. Livingston Market Timid In Face Of Profitless Prosperity

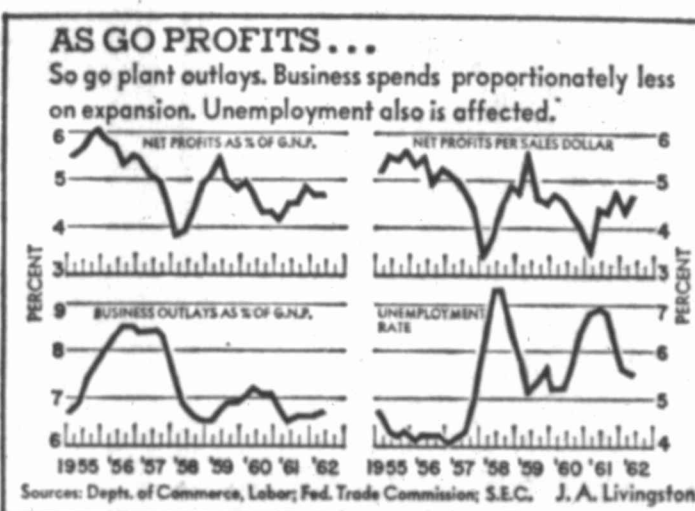

The turnaround in the stock market since August 22 is cause for neither surprise nor alarm. Stocks weren't on the bargain counter when the bear market started last December. Yields then were 2.7 per cent. And, even after the 20 per cent drop to the bear-market low of June 26, yields had risen to only 3.9 per cent. (Our forefathers thought 6 per cent was the "just price" for commons. But after a 15-year epoch of price inflation and economic expansion, common stocks had become a cult.)

Then, the rally, which lasted to Aug. 22, reduced the commonstock yield to about 3.5 per cent—less than the return available in many savings banks, and savings and loan associations, and on E-bonds. And without risk of market loss! A 3.5 per cent return on industrial stocks can be justified only if the outlook for prosperity is a clear and present prospect, only if rising production and rising profits assure rising dividends.

Such is not the case today. Hence, the reaction during the last month. AN ANCIENT HISTORY To be sure, Walter W. Heller, chairman of President Kennedy's Council of Economic Advisers, has come forth with a new forecast: "Business will show continued moderate expansion throughout the rest of the year." This is reasonable. The fits and starts advance since the forepart of the year has not come to a full halt. Despite the drop in orders for durable goods and the flattening out of business expenditures on new plant and equipment, consumers continue to show plenty of spending confidence. Retail sales register good gains over a year ago. And why not? Purchasing power has risen throughout the year.

Personal income is at an all-time high: so is employment, and so is output, or nearly so. The August figure of 118.5 in the Federal Reserve index of industrial production was only one-tenth of a point below July's.

However, to Wall Streeters, 1962 is fast becoming ancient history, even if it still has three months to run. Speculators and investors have set their radarscope on 1963. What will it bring forth? PROFITLESS PROSPERITY To a stockholder, 1963 still looks like more of an old postwar se-

embark on a first-hand study of what the Common Market means to you and me—to the United States.

So, investors and speculators are hesitant. Investors in mutual funds have discovered stark reality: Stocks can go down as well as up. This has slowed sales, which are off 37 per cent from a year ago. And the Dow Theory, itself, inhibits investors. After the rise from the June low, which regained more than a third of the previous decline, a setback is a normal occurrence. Stocks have slipped back to where they were on Blue Monday, May 22. Naturally, market technicians—Dow theorists—ponder: Will the June lows be tested? This both economic fundamentals (profits) and Wall Street forces (technical conditions) explain the month-long decline in stock prices and militate against a quick advance.

Large Primary Contest

CHEYENNE, Wyo. (AP)—Wyoming Democrats are sure of one thing about their 1962 general election ticket. Their candidate for secretary of state will be a big man. Robert Outsen, on leave of absence as deputy secretary of state, is 6 foot 5 and weighs 220 pounds. His primary election opponent, Frank L. Bowron of Casper, is 5 foot 7 and weighs "well over 225 pounds."

To Your Good Health Paralyzed Members Should Be Exercised

By JOSEPH G. MOLNER, M. D. Dear Dr. Molner: I had a partial stroke about seven years ago. Since then I have not been able to use my left hand or foot. I am 73. As a child I had a scarlet fever infection and am partly deaf in my right ear. Could the infection have caused the stroke?—M. E. Scarlet fever has caused a good many cases of deafness. I doubt that it had anything to do with the stroke, many years later. A stroke is a disturbance of circulation in the brain. It is usually an obstruction which shuts off the blood flow to some area of the brain, and generally a consequence of hardening of the arteries, the normal result of aging. At times a blood vessel gives way to high blood pressure, and the hemorrhage damages the brain in that area. Either way, some of the brain tissue is damaged and can no longer send through our nerves the "signals" ordering certain muscles to move. The hemorrhage type tends to be more violent and sudden; the obstruction type comes on more gradually. In either case, there may often be some degree of recovery from the paralysis. This can be helped by physiotherapy and exercise

shortly after the stroke has occurred. This treatment is not used as much as it should be. It's natural to have little interest in strokes until one occurs in our own family. At that point, it may take some time before we begin to catch up on information about strokes—and thus valuable time can be lost. Treatment soon after the stroke is important, because when there are no signals for muscles to move—that's "paralysis"—the muscles lose tone from inactivity. Stiffness and rigidity begin. The paralyzed arms or legs should be kept moving so that the muscles and joints will be able to respond as the damaged brain areas recover to whatever degree they can. In addition, braces can be used to strengthen limbs, sometimes permitting a patient to walk again when otherwise he could not. More and more special methods are being developed, such as electrical impulses to "substitute" for the absent nerve impulses, thus causing paralyzed fingers, for example, to exercise involuntarily. However, that is a matter for the therapists to handle. The important thing for patients (or their relatives) to remember is to pro-

Around The Rim A Gridiron Wizard Off The Gridiron

Here it is football time again, and if there's any one thing wrong with this great pastime, it is the lack of experts who can tell the athletic directors, the coaches and the players—not to mention other fans—how the game should be played.

It has been by observation that men don't enjoy football unless they are more expert than the coaches. (Women fans don't count. All they look at is other women's dresses.)

NOW I USED to see some football games—even covered a few as a cub reporter when the paper had scraped to the very, very bottom of the barrel—without knowing all the complexities, the wizardries, the fine artistry of the game. That was when I didn't have much fun. So I decided to become an expert.

This status had to be developed, since I had no actual participation background. When I was in High School in Colorado City there weren't enough kids to field a team; not enough able-bodied, that is. Most of us were either asthmatic, spindly-legged and pigeon-breasted, or just plain sickly. Besides, there wasn't enough money in all of Colorado High School at the time to buy two helmets, let alone 11 or 22 or so.

ANYWAY, I began to offset this handicap by reading after sports writers, who are as important experts by their own standards as anybody I know. Then I listened to real smart fellows in the stands around me. You know, the kind of guys who stand up and bellow, "Throw the bum out," meaning either the coach or the referee, and some times both.

Then I noted that the real deep-down experts were not the ones who stood up and bellowed, but the ones who quietly muttered criticism to their neighbors after every play. This was the area that

attracted me, and I am now a practitioner in this routine. If you want to try it some time, you'll see that it makes people around you think you very likely were at one time on the Notre Dame athletic staff.

JUST A COUPLE of examples will do: Say the home team has lost yardage heavily on a couple of plays. The thing to do is to lean over to your neighbor and say "The stupe is splitting his ends and wide." If this doesn't impress your neighbor, it will your wife, who wonders which of those darling boys are the ends. Anybody knows that only a real expert can position ends absolutely correctly.

Or, if a couple of pass plays fly, you can make the observation, "Why in thunder couldn't he have seen the left half down there, completely in the clear after he executed his buttonhook. Or at least there was the left end, ready for a down-and-out-er." This sets you up as a real authority on pass patterns.

I FOUND IT VERY impressive to blast at the coach for letting his guards get mouse-trapped, and this made people in all the nearby seats watch the guards, to see where they got caught in the mouse-traps—at least until the ball was snapped. Then everybody watched the man who took the ball.

You can see that great variation may be developed on this sort of theme. One major suggestion: Keep on talking about the linemen and where they missed their assignment. Everybody looks at the ball-carrier. It sets you up as a top judge to find fault in the—er, the forward.

ANOTHER SUGGESTION. Don't give the coach credit for anything. Any play, any pattern, any tactic, could have been improved upon. Let 'em know it, boy, and you're a football expert.

—BOB WHIPKEY

Holmes Alexander Another Fence In The Cold War

GUANTANAMO BAY, Cuba — On June 10, 1888, a battalion of U. S. Marines landed here at Fisherman's Point, where our two-engine Marine transport out of Cherry Point, North Carolina, landed yesterday beneath a flag which marks that battle of long ago.

THE MARINES, dispatched by the prayerful McKinley, were joined by a ragged group of Cuban freedom fighters, and together these allies defeated Superior Spanish forces, captured the Bay and were participants in the swift, decisive action which drove from the Western Hemisphere the last of the unconscionable foreign imperialists—until now.

Yesterday and today we three reporters traversed by motor vehicle and helicopter the 24-mile-long, seven-foot-high, steel-wire fence, topped with slanted strands of barbs. At intervals of several hundred feet are painted signs, facing the enemy and reading in English and Spanish: "United States Property. Keep Out."

BEYOND THE FENCE, of course, lies Red Cuba. American Marines in battle fatigues, armed with rifles and small arms, stand lonely sentry duty. Within easy eyeshot on The Fence's other side, stands or sits the Cuban sentry, a blanket-red, resolute, hostile figure as viewed from a distance, and occasionally a Cuban foot patrol moves along the line.

THE FENCE—or as the No Man's Land is called, the Cactus Curtain—is the extension of the world-wide frontier that lies between the Cold War enemies. The American parapet in Korea looks out over the equally desolate waste of the Demilitarized Zone, where the wildlife leaps and flies in almost utter security from the heavily armed posts. The American checkpoints between East and West Berlin are formalized military posts with guardsmen in snappy uniforms, white gloves and tasled. Across the heart of Berlin stands The Wall. In Southern Germany, the high-

ways are under the frowning surveillance of heavy armor, and the borderline is backed up on both sides with infantry, tanks, missiles and manned aircraft.

COMPARED WITH the grim visage of unjoined battle in Asia and Europe, The Fence seems frail, insufficient and impotent. It does not have the appearance of separating ponderous forces as do the DMZ and The Wall. The Cactus Curtain thus far—or as far as the visiting reporter can learn from Navy officialdom—has been breached mainly by insulting shouts and lewd gestures from the Red Cubans.

American sentries do not respond in kind. They are trained and instructed to bear themselves in the proud description of "professional Marines." There must have been some refugees and defectors cross The Fence, but these are not discussed. The Base Commander, Rear Admiral Edward J. O'Donnell, a combat veteran of World War II, says that Glimo, as everybody calls it, is not a "port of exit."

"MY JOB IS to stay here," Admiral O'Donnell explains in a low-keyed voice and manner that have no front-line connotations. "My posture is defensive. You fellows can look around and see what you see, but you'll be doing us a favor if you don't confirm what the enemy probably knows already."

The Navy Lieut. Commander, an aviator, who serves as information officer explains the policy of telling the press nothing and of asking it to reveal nothing. It seems that Castro makes propaganda out of our stories, and inflames world opinion. THE POLICY, despite the unresisted invasion of the Hemisphere by Soviet armor and the fortification of Cuba, is still watchful waiting. The war is the war of nerves—but its non-combative nature is of dubious duration. (Distributed by McNaught Syndicate, Inc.)

David Lawrence Inconsistency In The Government

WASHINGTON — It may sound like a paradox to point out a helpful inconsistency in government policy which has just emerged—but it could turn out to be a lesson learned.

Just five and a half months ago, the President of the United States stirred up a controversy when he denounced steel company executives because they decided to raise prices so as to offset wage increases of the previous three years. The American people were told by Mr. Kennedy that "stability" was imperative—that the nation was confronted with grave crises in Berlin and Southeast Asia, that reservists were being asked to leave their homes, and that union members were being asked to hold down their wage requests.

BUT NOW the President and the Congress have agreed that the government must raise both wages and prices in its own business establishment. The international crises now are even more grave—the Secretary of Defense says they are "more serious than at any time since Korea." But the hard facts of economic life have been finally faced by the government in its own operations. The prices of certain postal services rendered have not been high enough to cover costs. So the government in its own biggest business operation—the Post Office Department—has determined to raise the prices of its services so as to get the money to pay for them. About half of the \$603 million in revenues to be derived from the increased prices to be charged for carrying the different classes of mail will be used to pay wage increases for postal employees. The other half goes to help meet the deficit.

THERE'S NO doubt that the Post Office Department and elsewhere deserve higher wage rates. They can belong to labor unions and the government helps collect the dues for the unions, but there can't be any strikes. So federal employees have to depend on political pressures to get an increase in wages through Congress. The real question is whether the wage rise follows any "guidelines" and whether "productivity" will be increased.

BUT, EVEN as the necessity for the

wage-and-price increases is emphasized, so also is it significant that in this instance the spokesmen for the government, including the President, didn't raise a fuss over the economic consequences of what they are doing. Does it mean that they at last recognize the validity of economic truth versus economic theory? For workers who have no incentive to work hard become careless and inefficient. Also, a government that pays out more than it takes in loses the confidence of the public. So an increase in the price of services rendered by the government does become essential, just as in private business.

THE MOST important aspect of what the government has just done in raising wage and prices in its own business is the certainty that the impact of this will be felt in private enterprise, as the public finds itself compelled to pay increased prices.

When wage rates in government go up, this has a relationship to employment scales in other lines. Also, if the costs of selling by mail rise, then somehow the increased cost has to be added to the price.

The \$603 million cost item for mailing may be multiplied many times throughout the national economy before it is absorbed. The net result may be to help some of the larger businesses grow larger as they take over the customers of the small businesses that are forced to the wall. This is the inexorable behavior of the profit-and-loss system. THE PRESENT stagnation in steel and in other industries is due to the impairment of economic law by government intervention. It may be that the administration at last has recognized that "stability" has become a synonym for stagnation, and that price increases and wage increases must be allowed to find their own natural level in a constantly changing economy. So what seems to be an inconsistency by the administration could turn out to be a lesson learned from which business may yet derive some encouragement. Maybe steel can raise its prices next year, after all, when another demand arises for wage increases. (Copyright, 1962, New York Herald Tribune, Inc.)

MEGAPHONE

NEWS FROM THE SCHOOLS

5-D Big Spring (Texas) Herald, Sunday, Sept. 30, 1962

JUNE FORESYTH, JACQUE SEVEY WINNERS IN RECORD DRAWING

June Foresyth, a sophomore student from Big Spring High School, is this week's winner of the record to be given away by The Record Shop. June Foresyth is the daughter of Mr. and Mrs. W. H. Foresyth, 1300 Birdwell Lane. Also, Jacque Sevey, a student from Goliad Junior High School, is the winner of this month's free LP album to be given away by the Record Shop. Jacque's parents are Mr. and Mrs. John W. Sevey, 1507 Avion. These winners may pick up a certificate at The Herald and take it to the Record Shop to receive their records.

Would you like to win a free record? All you have to do is fill out an entry blank at your school and drop it into the handy box.

In addition to a free 45 rpm to be given away each week, Oscar Glickman, owner of the Record Shop, will offer a long-playing record as a bonus once a month.

You may also fill out the blank below and send it to The Herald as an entry.

Fall Presentation Cast Announced

By MARILYN GUM

The second student body assembly of the year was held in the College Auditorium last Friday during the activity period. In joint meeting, the sophomores and freshmen nominated officers to the Student Government Association.

Roger Hubbard, Larry Mauldin, and Ben Lockhart were nominated for the office of vice president. Running for the office of secretary are Pat Saunders and Cheryl Jones. Charles Driver and Ralph Schaefer were nominated for treasurer.

Separate class meetings were held for the purpose of selecting nominees for class officers and three SGA representatives. These students were selected as nominees in the sophomore class: Kenneth Windham, Johnny Cone, Gary Walker, president; Bill Thompson, Jim Wilburn, vice president; Kay Crowmover, secretary-treasurer; Neal Brinson, Anita Murphy, Tommy Wise, Gary Pickle, Stan Woolover, Janie Harrington, SGA representatives.

These students were selected as nominees for class officers from the freshman class: Jackie Hipp, Jimmy Oldham, Charles Driver, president; Anthony Rhoades, Robert Fry, Don Bynum, vice president; Marilyn Gum, Sharon Gary, Brenda Cook, secretary-treasurer; Lloyd Senn, Chet Cumber, Hedy Gaida, Gerald Alexander, Alice Long, Sara Manuel, Billy Horn, Karen Butler, Janis Hudson, Ann Klepper and Larry Deighton, SGA representatives.

Elections will take place Friday, Oct. 5 by secret ballot. Don't forget to vote!

Anyone interested in working on the HCJC newspaper, El Nido, is urged to meet in El Nido office Monday morning. Journalistic experience is not required.

Beginning tomorrow morning at 8:30 a.m. student and faculty pictures will be taken in the Student Director's office in the SUB for the 1962-63 year. Time schedule for pictures is from 8:30-12:30 a.m., 1:00-3:30 p.m.; 6:30-9:30 p.m. Monday through Friday. Boys are requested to wear coats and ties. It's free!

The Lass-O Club, a social organization for girls, held its first meeting of the year last Monday. These officers were named: Donna Jo Percy, president; Pat Saunders, vice president; Janice Win-

ans, secretary; Sena Goodlett, treasurer; Peggy Lewis, reporter; Carolyn Cross, representative to the Inter-Club Social Council. Meeting will be held on the third Friday of each month during the activity period. All girls are urged to join.

The cast for the fall drama, "A Man Called Peter," has been selected. Pat Saunders, Ann Klepper, Anita Murphy, Winn Richardson, Jerry Hatfield and Mrs. Fitz are among the cast. Others include Jim Owens, James Marston, Jerry Franklin, James Jarman, B. C. Hathaway, Janice Hudson, Marilyn McKeavy. The first rehearsal is scheduled for Thursday at 7:30 p.m.

Representing Runnels as cheerleaders are left to right, Sherry Hampton, eighth; Jackie Cook, eighth; Sarah Smith, ninth; Cindy Jones, ninth; Susie Engle, ninth; Julia Vaughn, eighth.

Parent-Faculty Party Scheduled For Tuesday

By MARY NEWTON
Runnels Student Council met Thursday and plans were made for a Parent-Teacher Get-Acquainted Tea to be held Tuesday, Oct. 2, 7:00-8:30 p.m. Parents and teachers are to assemble in the gymnasium where refreshments

'Y' YOUTH YAK Youth And Government

By KAREN KEE
Plans, plans, and more plans have really gotten under way this week for the caucus meeting to be held tomorrow night. The purpose of this meeting will be to select from the candidates of the various clubs persons to run for Governor, Speaker of the House, and Senate Reading Clerk at Pledge in Abilene. If the candidates from Big Spring are successful in the elections in Abilene, they will run for their respective offices at Youth and Government. Candidates successful at Youth and Government receive the honor of running the state government for a day. Also elected will be a person who will be sent to Austin to report on the activities of the House and Senate. So that the Big Spring delegation will be familiar with the strict requirements of parliamentary procedure, a demonstration by Truett Vines and his parliamentary procedure team was presented in a joint meeting last Monday night. Members of this team included Don White, Keith Bristow, Mike Houston, Keith Howey, Den Patterson, Ronnie Crowmover, Johnny Turner, Danny Coates, Dick Irons, and Freddie White, who presided as president. These boys presented an excellent mock meeting and their superb performance was enjoyed by all the clubs.

For those who didn't come through with flying colors in the

Friday night the Big Spring High School pep squad made their first home appearance at the Steer vs. Tiger football game. The pep squad wore their black jumpers, gold blouses, and black tennis shoes. As the game began the pep squad marched out on the field

information, composition, comprehensiveness and neatness. Only high school seniors may enter. Essays must be between 350-750 words in length. Each school may submit up to 10 entries.

Math Teachers Attend Meet In San Angelo

By KAREN ELROD
The mighty Maverick ninth grade football team won its second game in an exciting contest with Travis of Snyder here Thursday night. The score was 12-6. To help the cheerleaders and band urge the boys on to victory, our Maverick was present for his first game. As the result of a contest to give him a name, he is now known as "Spunky." The winning entry was submitted by Cindy Lowery from the eighth grade. She was presented with a season

ticket to all Goliad home games. The eighth grade football team played the "ravis eighth grade team in Snyder, also on Thursday night. The score was 14-14 with Paul Waggoner and Kirby Horton scoring the points for Goliad.

As a result of the exciting elections held last week, the office of ninth grade class president is now held by Gary Phillips. Serving with him as vice president is Barbara Adams and as secretary is Jackie Crawford. Eighth grade class president is Mike McCreary, vice president is Mark Price, and the secretary is Janelle Sione. Thomas Land is the seventh grade class president with David Compton serving as the vice president and Linda Gray as secretary. Student council representatives from the ninth grade are Sue Burns, Danny Kirby, Laura Martensen, and Bob Worley. Eighth grade representatives are Richard Cauley, Diana Durshied, Beverly Peters, and Kay Stater.

Faculty members and ninth grade students received their picture proofs Thursday. They are reminded that all proofs must be returned Tuesday or Wednesday of this week.

Thursdays the freshman girls recited to Beta Hardy, the degree chairman, the required memory is work to become an FFA member.

Library Club Organized

By MARIE GRAHAM
The Sands Senior high football boys journeyed to Robert Lee Friday night to play in an exciting battle. The junior high boys did not remain idle as they played Stanton Thursday night at Sands. The basketball team has been anxiously waiting for the season beginning Monday, Oct. 1. Simultaneously the girls began workout in the new gym. Mr. Turner, coach, set up rules and is anticipating a good season. District play has been changed to Flower Grove, Klondike, Gail and Loop.

FLOWER GROVE

Is everyone ready for Monday, Oct. 1? Remember, the football and individual pictures will be taken. Come prepared! The senior colored picture will also be taken, so all you seniors wear something colorful!

Students at SHS are looking forward to the organization of several new clubs this year. At the top of the list is a Library Club. An organizational meeting will be held during the noon period Wednesday, Oct. 3 in the library for any student interested in serving as library assistants or in being members of the Library Club.

The FFA officers have been getting acquainted with their new duties as they prepare to go to the State Fair. Officers are as follows: Mariene Gibson, president; Martha Burrow, vice president; Marie Graham, secretary; Joyce Graham, treasurer; Ruth Lemon, yearbook chairman; Joyce Merrick, historian; Ann Campbell, parliamentarian; Wanda Gaskins, reporter.

Homecoming Set Saturday

By BONNIE SIMPSON
This coming Saturday will mark the 13th annual Homecoming here at Forsan. Registration, coffee, and visitation begins at 2:00 p.m. Saturday. The barbecue supper begins at 5:30. Each class will have a candidate for Homecoming Queen.

After the candidates have given a speech at the barbecue, the exes will select their choice for Homecoming Queen for '62-'63. She will then be presented at half-time during the football game. The game is to be an eleven man contest against Coahoma's B team. The game starts at 7:30 p.m. Everyone is invited to attend.

Mums may be purchased from any FFA girl. Prices range from \$2.50 to \$4. All mums will be delivered Saturday afternoon.

Friday school favorites and class favorites were chosen. High school favorites are Carla Jo Hughes and Tom Evans. Class favorites are Lanell Overton and Jerry Shortes, seniors; Dena Parker and Donnie Gooch, juniors; Charles Newcomb and Pam McKinnon; Judy Hughes and Bill Seal, sophomores.

Last Monday the initiation of FFA new members took place in the school cafeteria. Dena Parker, FFA president, explained to the members about the Big and Little Sister program. A short business meeting, followed in which Chapter Parents were elected. The Home Economics department entered a booth in the Dawson County Fair. The booth won second place in the fair. Theme of the booth was "Taking Care of the Sick."

Home Economics Booth Places Second In Fair

By CAROLE WADE
School spirit was high at Flower Grove this week as the Dragons prepared to meet the Ira Bulldogs on Dragon field. A spirit-filled pep rally was held Friday in the gym.

The senior class has announced that all class pictures will be taken Friday, Oct. 5. Everyone is urged to come prepared for the pictures.

The student council met Wednesday during activity period. The following officers were elected: Glynn Coughman, president; Den-

Sophomore Class Will Sell Cakes And Pies For Project

By CAROLYN WILSON
This week was picture taking week as everyone around CHS decked out in their best for the "Bulldog" pictures. Tuesday the photographer for the annual came out to take the high school pictures while he waited until Wednesday to picture the junior high and elementary.

Monday as everyone arrived at CHS they were met with a very unique surprise... the cheerleaders had made miniature jerseys of all the football players out of paper and hung them up on the wall. Each jersey had the player's initials painted at the bottom as well as their number and all other markings of the jersey. The cheerleaders have also put little football men up for sale. These dolls sell for \$1.50 each and the girls will put your number or name on them. Everyone is sure to buy one to represent your boyfriend, favorite player, or you boys buy one and surprise the girls!

Tuesday the Homemaking III girls moved out to the Vocational Agriculture shop to begin work on remodeling furniture. The girls are removing paint, sanding, staining and varnishing. This

Friday school favorites and class favorites were chosen. High school favorites are Carla Jo Hughes and Tom Evans. Class favorites are Lanell Overton and Jerry Shortes, seniors; Dena Parker and Donnie Gooch, juniors; Charles Newcomb and Pam McKinnon; Judy Hughes and Bill Seal, sophomores.

STANTON

Buffaloes Play Fort Stockton

By CAROLYN SPRINGER
The Student Council of Stanton High School has set its meeting date for each Wednesday. These meetings are open to any member of the student body. A group of student council members went to Big Lake Saturday to attend a meeting of the West Texas Forum. Mr. Bill Johnson, sponsor, accompanied them.

There are two organizations selling magazines at SHS, the Pep Squad and the FFA club. Be sure and buy your subscriptions to magazines from these clubs.

Class meetings were held last Thursday. It was decided that all classes would set up booths for the Halloween Carnival.

The Buffaloes journeyed to Fort Stockton Friday night, while the Junior Varsity met Forsan at home.

seems to have caught the eye of many girls for there have been two new registrations into the class.

Thursday, Mr. O. A. Madison, principal; Vernon Long, junior class president; and Linda Nichols, vice president began totaling the junior class magazine sales. Although an exact figure is not yet known, it is thought that the class has done very well.

The second edition of the CHS "BARK" paper came out Friday. Sales profit seems to be going up each time.

The High School Store opened last Wednesday, with such things to be sold as gym socks, gym shoes, special study cards, Bulldog book covers, and etc. The Student Council members are running it. The store is open in the morning before school and during the noon period.

Also Wednesday, class meetings were held at which time the sophomores decided to begin a money making project by selling pies and cakes. To buy a cake or pie, just order from any sophomore. The juniors reinstated their sergeant at arms, Dwayne Fraser, and reminded him of his duties. A rule was put into effect that disturbing the meeting was a fine of 10 cents payable within three days at the end of such time, if no payment has been made, one day in detention hall must be served.

Detention hall days for this year are Tuesday, Wednesday and Thursday, after school.

Friday was "color day." It added spirit and much color to the decorated halls. This was done in preparation for the game with Lorraine. Even though the boys had a small defeat Friday before last, they look just great. Keep it up boys and best of luck for the rest of the season!

Lover, Come Back

Rock Hudson and Doris Day have their ins and outs in Universal-International's "Lover, Come Back," now at the Jet Drive-In Theatre. Their outs don't count for much, however, and they're definitely in at the fade-out.

Bramble Bush

Barbara Rush is comforted by Richard Burton following an emotional experience in this scene from Warner Bros. Technicolor film, "The Bramble Bush," showing Thursday and Friday at the Jet Drive-In Theatre.

High Country

Randolph Scott and Joel McCrea team for the first time in the outdoor, Old West thriller, "Ride the High Country." MGM color film which makes a return showing Saturday at the Jet Drive-In Theatre.

Story Of Hero Of Iwo Jima

In "The Outsider" Tony Curtis portrays Ira Hayes, the tragic Marine hero from the Pimi Indian reservation in Arizona. The picture opens Wednesday at the Ritz Theatre.

Curtis plays the shy and inarticulate young Pima Indian boy who participated in the flag-raising at Iwo Jima during World War II, and, seeking an escape from the hero worship which pursued him, traveled a downward path of alcoholism that eventually led to his death in 1955.

"The Outsider" marks the third time that Tony has portrayed an actual person on the screen, the others being "Houdini" and the fabulous Ferdinand Demara in "The Great Impostor."

In appearance, Curtis is extraordinarily convincing as he plays the part of the simple, truthful and pure young Indian boy who was victimized by well-meaning hero-worshippers. To portray Hayes, Curtis has made no attempt to assume the young Indian's physical appearance completely, relying principally on changes in the shape of his nose and darker makeup. He enriches the interpretation with Pima mannerisms of gait, attitudes and speech. The major changes have come from within.

"The Outsider" is a motion picture of the world-famous Marine hero of World War II, yet the story—from William Bradford Huie's story, "The Hero of Iwo Jima"—is by no means a "war movie" in conventional terms. Stewart Stern's script tells the drama of a Pima Indian lad whose shyness would never allow him to bask in a hero's spotlight, whose sincere worship of the truth made him a hero to everybody but himself. And through Ira Hayes, as performed by Tony Curtis, "The Outsider" tells a strong story of his people, the Pimas, their struggles and hardships, and their never-ending seeking of the agricultural waters once guaranteed them by the U.S., but no longer theirs to enrich their arid fields.

Shirley Poses As Geisha Girl

"My Geisha," Paramount's romantic comedy about a famous Hollywood marriage that almost goes on the rocks in Japan, is now at the Ritz Theatre. Filmed in Technicolor and Technirama, it

My Geisha

Shirley MacLaine is two-timing Yves Montand, and he doesn't know it—nor does he know that, in two-timing his wife, they are two-timing each other. It's a rather simple plot, involving Miss MacLaine jealously dressing up as a geisha girl to fool her husband, which she does. The whole crazy mess is explained away (and hilariously) in "My Geisha," now showing at the Ritz Theatre.

The Outsider

Tony Curtis, at right, nervously awaits examination for entrance into the U.S. Marine Corps. In this scene from "The Outsider," the film is based partially on William Bradford Huie's biography of Ira Hayes, the Pima Indian who becomes a hero for his part in the flag-raising on Iwo Jima, but whose sense of guilt at playing a part of a lie (a controversial item not stressed in the movie) drives him into alcoholism and death.

Jules Verne Story

Chester the chimp and Red Buttons (the studio caption failed to specify which is which) are seen in a scene from "Five Days in a Balloon," based on one of Jules Verne's many prophetic classic novels. The film begins Friday at the Ritz Theatre.

stars Shirley MacLaine, Yves Montand, Edward G. Robinson and Bob Cummings. Yoko Tani, lovely Franco-Japanese, co-stars in the Steve Parker Production.

For the first time in her varied and successful career Miss MacLaine does an impersonation—that of a geisha girl. A geisha, translated literally, is "a person of the arts"—a demure, cultured, precisely trained entertainer adept in

subtlety, delicate song, and the gentler arts of pleasing men. This represents quite a transformation for the leggy, blue-eyed, red-headed, tall, Scots-American actress whose laugh resembles the hoop of a small calliope. Compressing the exuberant Shirley into the dimensions of a geisha girl would, therefore, seem to require not only a masterful job on the part of the make-up man, but a real acting accomplishment for the star.

In the film Miss MacLaine portrays a successful American actress married to a director who goes off to Japan to make an all-Japanese picture. All of his previous films have starred his wife and he is determined to make a name for himself on his own without the assistance of her big box-office name. She, on the other hand, is just as determined to play the lead in his new film even if she has to masquerade as a geisha girl to do it. She succeeds in her purpose but almost loses her husband were it not for a few lessons learned in the course of acquiring her geisha-girl know-how.

Montand, France's gift to America's female fans, plays Shirley's husband, Montand, Robinson, whose name adds distinction to any cast, will be seen as the Hollywood producer friend of the couple who finds himself very much in the middle of their tug-of-marriage. Cummings returns to motion pictures after an absence of eight

years during which he became one of the best-known television stars in America with his own "Bob Cummings Show." In "My Geisha" his role is a comic one, that of the actor who falls in love with his co-star, the geisha girl impersonated by Shirley.

Scott, McCrea Star Together

Metro-Goldwyn-Mayer's "Ride the High Country" is an outdoor drama of the Old West, co-starring Randolph Scott and Joel McCrea for the first time and introducing Mariette Hartley.

At the beginning of the story, set in the High Sierra country of California's gold-mining era, there is a honky-tonk carnival scene featuring a race between three horses and a camel, in which the camel streaks to victory. This unique contest sets the keynote for the action and tumultuous incidents that follow. The picture is photographed in CinemaScope and color.

It is at the carnival that Steve Judd (McCrea) encounters his old cronch, Gil Westrum (Scott), now a pitchman. Both men had been quick-triggers "town tamers," but the years have caught up with them. Steve has been hired to transport a shipment of gold from a mining camp over the lonely mountain trails to Sacramento, but it is too big and dangerous a job for one man. He enlists Gil and the adventurous young drifter, Heck Longtree, in the project.

Steve little suspects that his old friend and the young drifter are planning to double-cross him and steal the gold. Nor does he anticipate a further complication in the person of Elsa Knudsen (Miss Hartley), a girl who insists on joining them on the trail. She has run away from home to marry Billy Hammond, one of the brothers of a wild, undisciplined, fighting clan. Marry him she does only to discover that all the brothers now consider her property.

It is after Steve, Gil and Heck have started back from the mining camp with the gold, taking a terrified Elsa with them, that the action reaches a climax involving the ironic situation of the pair who had attempted to double-cross Steve joining him in their united battle against the pursuing Hammonds.

Ron Starr, who appeared on Broadway in "The World of Suzie Wong," enacts Heck Longtree, with other featured roles played by Edgar Buchanan as the befuddled judge who performs the marriage ceremony, R. G. Armstrong as Elsa's puritanical father, Jenie Jackson as a saloon keeper, and James Drury as Billy Hammond.

"Ride the High Country" was filmed on locations at Mammoth Lake in the High Sierra, Frenchman's Flat, Conejo Valley and Malibu Canyon. For other scenes, part of a Western town was built on the back lot at MGM.

MEN IN SERVICE

Airman Basic Daniel T. McCrary, son of Mr. and Mrs. Eluis B. McCrary, 1201 Runnels, is remaining at Lackland for technical training as an Air Force policeman.

DANIEL T. MCCRARY

Airman McCrary, who completed the first phase of his military training at Lackland, was selected for the specialized course on the basis of his interests and aptitudes. The airman is a 1961 graduate of Big Spring Senior High School.

Herman L. Hodges, musician seaman U.S.N., son of Mr. and Mrs. Henry F. Hodges, 1006 E. 12th, has reported for duty at the Naval Air Station, Pensacola, Fla. The air station is the site of basic flight training for Navy and Marine Corps pilots.

Marine Private Haskell W. Wright Jr., son of Mr. and Mrs. H. W. Wright, 514 Westover, was among nearly 600 Marines of the Third Battalion, First Marine Regiment, who completed eight weeks of rigorous field training at Camp Pendleton, Calif.

The battalion is scheduled to depart for the Far East in September, 1963, for a normal tour of duty with the Third Marine Division. It currently is a unit of the First Marine Division at Camp Pendleton, Calif.

Two members of the Charley Parrish family, Coahoma, in the Navy were assigned to stations last week.

Barbara A. Parrish, seaman apprentice, has reported for duty at the Naval Station, Long Beach, Calif. The Long Beach installation provides services and facilities for more than one third of the Navy's Pacific Fleet.

Gary G. Parrish, airman apprentice, USN, recently was graduated from the Aviation Familiarization School at the Naval Air Technical Training Center at Memphis, Tenn.

During the two-week school students receive instruction in flight theory, aircraft handling, first aid and survival practices. Graduates of the school are eligible to enter one of the many advanced technical schools at the Memphis installation.

Harold L. Ferguson, 21, son of Mr. and Mrs. Isom H. Ferguson, Lamesa, recently was promoted to specialist four in Germany where he is a member of the 14th Armored Cavalry Regiment. A tank driver in Troop K of the regiment's 3d Reconnaissance Squadron, Specialist Ferguson entered the Army in November, 1960 and received basic training at Fort Hood. He was last stationed at Fort Knox, Ky., and arrived overseas in March, 1961. Ferguson is a 1960 graduate of Lamesa High School.

Army Specialist Five Leon S.

Devorce, 34, recently departed from Hawaii with the 25th Division's 35th Infantry for Thailand.

Specialist Devorce is a member of the infantry's First Battle Group which relieved other 25th Division troops who have been in Thailand at the request of the Thai government since May. The battle group included support units of artillerymen, transportation and signal specialists, medical aidmen and combat engineers.

Devorce, who had been in Hawaii since July 1961, is first cook of the group's Company B. He was graduated from Wallace High School in Colorado City in 1946 and entered the Army in July, 1948. His mother, Mrs. Corine Thompson, lives in Colorado City.

Army Pvt. Donald E. Hauser, son of Mrs. Alice Payne, 1103 E. 14th, recently completed eight weeks of advanced individual infantry training at Fort Polk, La. Hauser received basic training at Fort Chaffee, Ark. The 17-year-old soldier attended Big Spring High School and was employed by Dawson Geophysical, Midland, before entering the Army.

Capt. Edwin A. Henningson, a graduate of Webb AFB, has received the pilot of the month award for August at Clark AB, the Philippines.

The captain is commander of Detachment 1, 33rd Air Rescue Squadron. He was cited for flying his helicopter on a mission that saved a man's life—an injured man was moved from the place of his injury to the hospital.

Capt. Henningson graduated here in 1954 and he has chalked up some 2,200 hours of flight time. His wife is the former Dolores Belle, Big Spring. She and the couple's two daughters are with the captain in the Philippines.

COW POKES By Ace Reid

"I always wanted to rope an antelope, now I just wantta git loose from one!"

YOU CAN ENJOY GOOD HEALTH IN OLD AGE . . .

Retain your good health right through your later years. It may be necessary to give the body some extra care, but this is simply routine. More attention to diet and rest can be helpful—and moderate exercise is essential.

But most important is regular attention by your Doctor. He will guide you in the use of necessary medicines, which should be taken only at his direction. He will prescribe only the best medicines, such as those of Parke, Davis & Company.

We invite you to bring your prescriptions here promptly, as we are prepared to serve your every pharmaceutical need.

This extra care can do much toward making old age your most healthful and pleasant years.

DEAR ABBY Time To Speak Up

DEAR ABBY: After ten years of marriage I have found out that my husband has been embezzling checks from the company for which he works. I stumbled on this quite by accident about two months ago.

He is a good husband and father. We don't live extravagantly and I don't know what he is doing with the money. We have three precious children and it would kill me if he was caught and sent to prison. I can't bring myself to tell my pastor or my dear mother. I don't want to discredit him in their eyes. I shall be watching and praying for you to tell me what to do. He doesn't know I know.

BURDENED
DEAR BURDENED: Tell your husband what you know—today! And INSIST upon threat of exposing him yourself, that he confess to his employer while he may still be able to make restitution. The law will be easier on him now than later.

DEAR ABBY: My wife is a beautiful girl, and after 10 years of marriage I am still crazy about her, but she can't hold a candle

to my mother when it comes to housekeeping.

She's a romantic mate, a good cook and she isn't lazy. We have six adorable children and she's a terrific mother. I give her credit for teaching them to love each other, to share and to control their tempers. She never nags and asks very little for herself. But our house is usually upside down. It's an old house but my mother lived in an older house and kept it as neat and spotless as a hospital. How can I get my wife to be a better housekeeper?

UPSIDE DOWN
DEAR UPSIDE: You are married to a beautiful, romantic, undemanding woman. She is a good cook and a terrific mother to your six children. Quit comparing her to

your mother and count your blessings. You can't have everything—but you come close.

For Abby's booklet, "How To Have A Lovely Wedding," send 50 cents to ABBY, Box 3365, Beverly Hills, Calif.
