

**Better Late Than Never**

James A. Kehoe, second from right, front row, finally is enrolled in a law school—50 years after he made the decision to become a lawyer. On the way to Harvard University in 1912, he stopped by West Point to visit his brother, became fasci-

nated by the uniforms, and entered the military academy. Kehoe, 66, a retired brigadier general, has decided to take up where he left off in 1912 and is a freshman law student at the University of Kentucky.

# France Teases Tiny Nation Over Taxes

MONTE CARLO (AP)—France shadow-boxed bewildered Monaco Saturday in their pantomime over who should pay what taxes.

French customs guards kept slipping out of the wings to check cars leaving the flower-strewn 368-acre principality, flagging a portable sign reading: "Halt! Customs."

They attacked saying: "You have nothing to declare?" The counterattack was: "No." The cars then sped ahead. The individual clashes lasted no more than 10 seconds.

One smiling customs official said at mid-day: "So far, no one has had anything to declare. There has been no difficulty at all."

A crew of customs inspectors also went aboard a few trains but failed to turn up evidence that passengers were smuggling anything more dangerous than sultan out of the Mediterranean paradise for gamblers and tax dodgers.

A stream of tourist buses rolled unmolested to the two ritual stops in Monaco: The trim newly refurbished palace of Prince Rainier and fabled Monte Carlo Casino.

At the palace, where former American actress Grace Kelly presided as first lady, tourists scrambled out to take pictures of the six ancient cannon, with pyramids of cannon balls.

At the gambling casino, where the whirl of the roulette wheel creates more anxiety than the tax collector, tourists could rush in for a quick test of luck in the high-ceilinged uncarpeted outer room which the croupiers call "The Kitchen."

Monacans kept their smiles but underneath there was some evidence of wounded pride. Monaco has been a French protectorate since 1861.

"Why don't they go away and let us alone?" one bartender asked.

"This is a fight between Frenchmen. Monaco is caught in the middle. The sooner the comedy is over, the better," added a business man.

"They (the French) seem to want to use an atomic bomb to kill mosquitoes," said opposition leader Jean Charles Rey.

French officials seem to take the attitude that talks on the future tax status of Monaco residents and corporations have broken down. The Monacan view is that

the talks have just been suspended.

But no date has been set for future negotiations.

There are 12 principal roads crossing the French-Monacan frontier. At midnight customs control points were established at two and withdrawn within an hour.

Saturday, only one checkpoint was operated—and that only intermittently—on the coast road between Monte Carlo and Nice.

France announced last April the tax-free position of Monaco, a haven for the rich, was pinching France's economic interests. The De Gaulle government claimed too many French corporations were setting up there to escape taxes. Goods produced in Monaco enter France duty free to compete with tax-paying French firms.

France demanded Monaco align itself to the French tax system and gave six-months notice of intention to wipe out the complex economic agreement between the two countries that held no tariff barrier.

Prince Rainier said Monaco did not need the money it would collect from income taxes and

claimed imposing them at French insistence would be a surrender of independence.

Having given the required six-month notice for terminating the pact France felt free Friday midnight to start putting the squeeze on Monaco to get in line.

So far, the pressure hasn't even bruised anyone, but the obvious threat is that France can make things much more difficult if it chooses.

## Nehru's War Cry

NEW DELHI, India (AP)—Prime Minister Nehru called upon his people Saturday for discipline and sacrifice to support India's efforts to oust Chinese Communist troops from the northeast frontier. All India Radio quoted Nehru as saying that the effort at the front must be supported by the people at home. He spoke from Madras before leaving for a state visit to Ceylon.

## SOMETHING IN A NAME

By T. H. Tabet, preacher  
Church of Christ, 200 West Highway 80  
P.O. Box 1583

The temple Solomon built was a type of the church of Christ. This is admitted.

See I Cor. 3:16; I Pet. 2:5; I Tim. 3:15. At the consecration of the temple Solomon prayed "that all people of the earth may know thy name, and fear thee, as doth thy people Israel, and may know that this house which I have built is called by thy name" (II Chron. 6:33).

Accordingly, the church in the New Testament was called by the Lord's name (Acts 20:28; Rom. 16:16). It was never called by a man's name. It was never called by the name of a doctrine, not even by the name of a true doctrine. The honor was not divided between Christ and some-

one (or something) else. We are commanded, "And whatsoever ye do in word or deed, do all in the name of the Lord Jesus, giving thanks to God and the Father by him" (Col. 3:17).

Hence, while the name alone is not enough; the name must be right. The right name was characteristic of the church which we read in the Bible. Indeed, there is something in a name!

"When Jesus Marveled" and "Salvation and the Dial System" are the sermons today at 2000 West Highway 80 (10:30 and 7:00). Come, and hear the word of God!

# U.S. Chamber President Opposes Short Work Week

WASHINGTON (AP)—A shortened work-week would obstruct the national effort to speed up the rate of economic growth, a report by the U.S. Chamber of Commerce said Saturday.

The study, analyzing increasing demands by labor unions for a reduction in working hours to spread employment, suggested that the end-result could be the opposite—the spreading of unemployment.

The report noted, on the other hand, a variety of social gains that might result from cutting the 40-hour week to 38 hours, 36 hours or less. It mentioned more time for education, healthful recreation, civic activities and family life.

But the conclusions were similar to those reached by President Kennedy, who has opposed any "arbitrary" reduction of the work week as a potential handicap to business expansion at home and American trade overseas. Kennedy told a news conference he hopes instead to see "employment high five days a week, and 40 hours."

The Chamber study said a shorter work week standard "will inevitably raise total labor costs," and employers would be forced either to increase prices or reduce the amount of earnings devoted to research and investment.

This in turn would damage the ability of domestic goods to compete with foreign goods and in the long run could be self-defeating to labor, the Chamber said. It argued:

"In the highly competitive setting in which most firms operate today, the interests of labor will be better served if the level of profits of the business is adequate for continued investment than if the total increment goes to lab-

or as higher wages or a shorter work-week.

"If profits are maintained through increased prices, inflation drains away the excess labor gain. But if profits are not maintained, enterprise failure and unemployment must follow."

While progress in technology is sure and certain, the report went on, the gains in goods and incomes which could be achieved will never be produced if labor takes its share in the form of shorter work hours.

The study disputed the argument that the shorter work week would reduce the unemployment impact of automation. It would increase the demand for highly trained and well educated clerical and technical workers who have no unemployment problem now.

## Senate OKs Water Bill

WASHINGTON (AP)—The Senate approved and sent to the White House Saturday a compromise \$2.4 billion omnibus water projects authorization bill.

Approval was by voice vote. In controversy in recent weeks and one of the last blocks to congressional adjournment, the bill would authorize future construction of some 207 flood control navigation, beach erosion and power projects in the various states.

The compromise was approved Friday night by the House. Texas projects costing \$164,652,000 are in the bill. Included is a flood control project on the clear fork of the Brazos River near Abilene, \$31,200,000.

the Chamber said, and whose work cannot be "shared" with laid-off manual laborers and blue-collar workers.

Experience in the rubber industry, where shortened hours have been in effect for years, suggests that a high percentage of workers will simply take a second job to improve their incomes and will wind up working longer hours instead of shorter, the report said.

It conceded that a shortening of hours may be "highly acceptable" in recessions so as to keep the whole labor force at work, and could be useful in some areas having temporary distress.

# Rain Causes Some Delay In Agriculture

COLLEGE STATION (AP) — Rains fell in many Texas areas over the weekend and early in the week. Harvesting, stalk destruction and plowing were delayed in the rain belt, said John Hutchison, director of the Texas Agricultural Extension Service. The overall harvest dropped still further behind last year's schedule.

Rain varied in the central area but was general and brought relief from the extended drought which has gripped some counties. It helped pastures and ranges, the director added, and also wheat and other small grains. Plowing can start in the areas where dry soil held up early destruction of cotton stalks.

### THE WAY IT LOOKS

The director said the situation shaped up this way in reports of district agents:

In far South Texas, scant moisture was received. Most of the district needs a general rain. The shortage of irrigation water hampered vegetable production in the Rio Grande Valley. Weed control in vegetables was a big problem.

Ranges improved but more rain is needed in the southwest counties of the South Central District. Oats are making good growth but rain is needed to get other crops up. Livestock conditions are good.

Tractors and stalk shredders hummed as southeast and upper Gulf Coast farmers bedded land. Some oats are up. Planting of small grain and clover is continuing. The mop-up stage has been reached in harvesting and the stubble or second rice crop harvest has started. Pastures and ranges are fair to good. A general rain is needed.

### MOSTLY GINNED

Moisture was adequate in East Texas where about 90 per cent of the cotton has been ginned. Pastures were average to below. In the past week, 63 cases of screwworms were reported.

Rain Monday and Tuesday gave some real relief from the drought in Central Texas. Cotton is about all picked and prospects for a good peanut crop improved. The rains will improve pastures.

A general rain is needed for pastures and small grains but cotton farmers would like to see open weather continue in West Central Texas. The harvest is well along; livestock are in fair to good condition; marketings are normal.

The cotton harvest in far West Texas is in full swing but behind last year's schedule. Rain is needed. Shearing is about complete and calves are moving from the highland Hereford area.

### NEAR COMPLETION

In Northeast Texas, moisture is adequate; the cotton harvest near completion; and good yields for corn and grain sorghums are reported. Harvesting of peanuts are being planted. Pastures are average.

Light showers to heavy rains hit North Central Texas and interrupted the cotton harvest which is now from 50 to 90 per cent complete. Moisture is fully adequate in the area. Pastures are the best in eight years. Livestock are in good condition and grains are being planted.

Moisture is fully adequate throughout the Rolling Plains where 10 to 80 per cent of the small grains are planted. The cotton harvest ranges up to 40 per cent complete.

Rain delayed harvesting in some South Plains counties. A considerable acreage of cotton was being defoliated, some perhaps too early. Ranges were good.

### GOOD STAND

Wheat planting is about over in the Panhandle where moisture is adequate and most wheat up to a good stand and growing. Cotton is opening slowly and needs good weather for maturity. The sorghum harvest has started and early yields have been excellent. Wheat pasturing is still light due to late planting. Range conditions are excellent.

## Paint Horse Show Set For Abilene

ABILENE — A paint horse show is slated for Nov. 3 at the West Texas Fair Grounds in Abilene. The show is sponsored by the American Paint Quarter Horse Association.

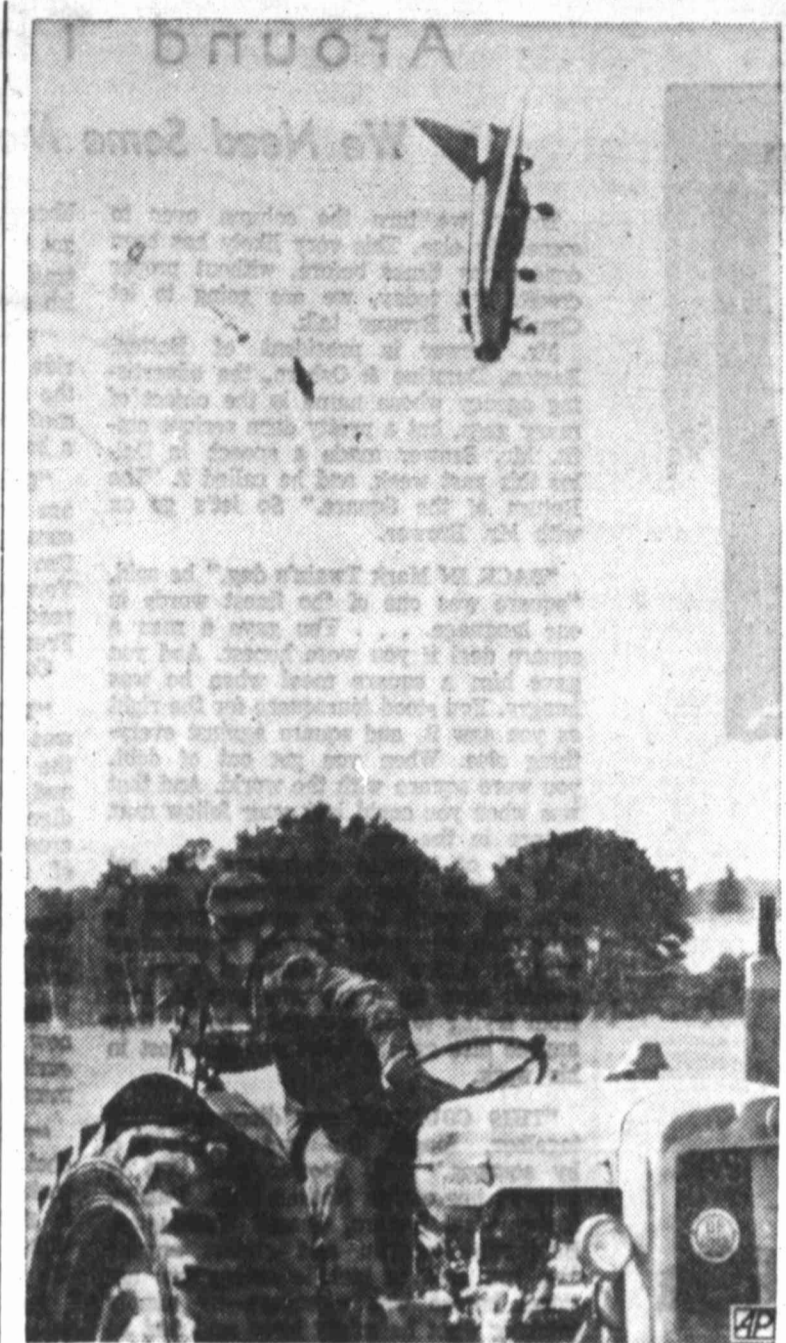

Halter and performance classes will be presented and judging will start at 10 a.m. Performance classes will consist of events in western pleasure, reining, pole bending and barrel racing.

Trophies will be presented the first place horse in each class as well as to the grand champion mare, stallion and gelding. An all-around champion will be chosen and receive a trophy.

## Candidates For Governor Will Be Busy This Week

By The Associated Press  
Democratic and Republican candidates for governor will crisscross Texas this week in campaigns for Nov. 6 general election votes.

Their itineraries:  
Republican Jack Cox: Monday in Lubbock for a television talk; Tuesday, a bus tour from Houston to Nacogdoches; Wednesday, bus tour from Nacogdoches to Texarkana; Thursday morning in Dallas and to Houston that evening; Friday in Houston; Saturday in Galveston and Beaumont; Sunday in Austin.

### Dramatic Photo Of Plane Crash

This picture of a Lightning jet fighter plane plummeting to earth near Hatfield, England, was taken by amateur photographer Jim Meads. The pilot, George Aird, had bailed out and is coming down by parachute. A farm worker on a tractor turns to watch the scene. The picture was obtained exclusively by London Daily Mirror.

## Common Market Entry Is Pushed

LLANDUDNO, Wales (AP)—Prime Minister Harold Macmillan told 4,500 cheering party delegates Saturday Britain's entry into Europe's Common Market would signal a brilliant revival in European industry, trade, culture, sports and politics.

Declaring that the movement for European unity "has caught the imagination of the young," the Conservative leader asserted: "Europe is once more on the move. This is a great moment of history."

The bubbling of revolt within the party against his plan to join the Common Market already squelched in the weeklong maneuverings at the party conference here, Macmillan appeared to be directing his words to Chancellor Konrad Adenauer and President Charles de Gaulle at the final session of the Conservative party's annual conference.

The West German chancellor and French president hold in their hands the British government's bid to enter the six-nation European trade group. Both men have appeared less than anxious for Britain's entry.

Macmillan described the Common Market movement as a dramatic turning point in human affairs.

"There is something here of that release of the spirit which lifted Europe out of the Medieval twilight into the brilliance of the Renaissance and the modern world," he said.

"It has not only inspired Europe's youth, he went on, but transcended party politics and national barriers. Its impact has not even been limited to economic affairs."

"With the development of the European idea there has come a resurgence and new vigor in all aspects of European life — in sports, in the arts, in science and industry."

It is in that march into the future that Britain wants to share, he said, not only from the standpoint of self-interest but for the good of Europe and the world as well.

Warning against delay, Macmillan said Britain must seize the opportunity to enter the European trade bloc now "or forfeit the chance of influencing events."

Half a dozen times young men and women in the audience got to their feet and interrupted Macmillan by shouting such slogans as "Stand by Britain and the Commonwealth" and "Be true to Britain."

Macmillan, 68, took the heckling in good humor as stewards led the offenders from the hall. The hecklers were members of a small rightwing splinter group — the League of Empire-Loyalists.

After a week of debating in this Welsh seaside resort Macmillan's associates in and out of Parliament now favor his pro-European

## Contradictory Elements In Farm Labor

By OVID A. MARTIN  
WASHINGTON (AP) — The nation's farm labor market has contradictory surpluses and shortages.

The over-all demand for farm workers has been going down year by year with an increase in mechanization and enlargement of farming units. From a peak of 11,290,000 in 1929, annual farm employment dipped to 6,990,000 last year. A further decline is indicated for this year.

Yet some states report shortages of skilled hands.

Farm workers are divided into two general groups — regular, year-around seasonal.

The regular work force is composed primarily of adult males who live on the employer's farm or ranch and assist him in day-to-day farming activities. Sometimes farm couples are employed, with the wife doing some of the lighter chores and the husband the heavier field work.

The seasonal workers are, for the most part, migratory hands some of whom are brought in from Mexico and Caribbean areas. Some also reside in nearby towns and cities. They are used primarily for such seasonal operations as cultivation and harvesting of crops.

SHORTAGES  
A recent Labor Department survey showed that despite the decline in the number of farm jobs, there are shortages of the so-called regular hired hands, including farm couples, farm equipment operators, dairy hands, irrigators, and shepherders.

Several states report that the main reason for shortages of qualified regular farm workers, particularly those with mechanical ability is the inability of farmers to match wages, hours and working conditions in non-farm industries.

The labor department survey gave a state-by-state picture of their respective farm labor situations.

In the South, the department found no shortages in the Carolinas, Alabama and West Virginia. Mississippi, Arkansas and Louisiana showed need for more skilled workers, particularly for operation of machinery.

LONG DECLINE  
Texas reported shortages in general farm hands, tractor operators, irrigators and ranch hands. The number of regular hired hands was found to be continuing a long decline.

In California, a rising need for skilled regular hired hands in California to operate and maintain new machines is being met primarily by regular hired hands and growers themselves. In Colorado, the demand for experienced farm hands has exceeded the supply for the past several years.

A report from Idaho gives a good picture of the changing demands on farm hands.

MECHANIZATION  
"Due to the mechanization factor, the skills a good farm hand must possess have been upgraded," the report said. "He must not only be able to operate more complex machinery but must be capable of repairing it. He must be a welder as well as a livestock feeder as most diversified farms must follow a crop rotation plan which includes a livestock program."

## DEAR ABBY About Those Naked Kids

DEAR ABBY: The lady who lets her children run around naked is doing them and her community a favor. Nudist children are never juvenile delinquents. No, the world isn't going crazy. It is slowly awakening to the fact that morality does not come from the clothing store.

A NUDIST FAMILY IN NASHUA, IOWA  
DEAR FAMILY: Aren't there laws? And those who break them might risk having the book thrown at them. Including the Good Book: "When thou seest the naked cover him." Isaiah, LVIII, 7.

DEAR ABBY: I am very puzzled over your attitude towards people who let their small children run naked in their yards. You are fair in most respects but so unfair in this one. A naked child is a beautiful thing. Your thinking reveals either a sick or nasty mind.

DISAPPOINTED  
DEAR DISAPPOINTED: My reason for objecting to small children playing naked in their yards is that child molesters and sex maniacs always seem to turn up where they are least expected. Parents who allow their children to romp unclothed should build high fences.

DEAR ABBY: I met an artist about six months ago and fell for him brush, palette and easel. I started taking painting lessons from him but he told me to save my money because I had no imagination and was wasting my time and his. (I knew this, but took the lessons to get to know him better.) He is not married and doesn't appear to have any inclinations in that direction I have bought more of his paintings than I have room for, but I can't seem to get anywhere with him. I can't sleep nights for thinking about him. Tell me how to get this man to realize how I feel about him.

NO ARTIST  
DEAR NO: You don't have to be an artist to draw conclusions. This man is in love with his art. All you will ever get from him is the brush.

DEAR ABBY: Regarding OLD-

FASHIONED MOTHER who reported the children's misbehavior to Father at the end of the day so that he could do the punishing:

My mother did that, and half the time we didn't know what we were being punished for. We grew to fear our father, and instead of running to greet him, we'd hide. Then Father passed away when we were in our teens. Our mother had no control over us because she had no one to do the disciplining for her. All she could say was, "If your father were only alive!" She was fortunate because we never got into any real trouble. So, I want to agree with you, Abby. Tell parents again that disciplining children is a joint effort, and should take place the moment a child needs it and not "when Daddy comes home."

## EVEN NEWER BEHIND THE WHEEL!

You'll never know how really new a 1963 Cadillac can look until you've seen it from the driver's seat. For only in action does this great car reveal all its secrets. Here's a hint of what you have in store: A newly refined engine so silent you won't be quite sure it's running—until you touch the accelerator pedal. And then! The instantaneous response will bring you quickly up to date on Cadillac's new true-center drive line. For as the big car glides away from the curb and down the road, you'll experience a wholly new sensation in smoothness. The exclusive design and precision assembly of the new Cadillac drive line

makes the flow of power from engine to rear wheels incredibly smooth under all load and road conditions. And while you're at the wheel, be sure to adjust it to your favorite angle. This year, the new Cadillac adjustable steering wheel moves easily to six different positions. It's an extra-cost option, convenient for the family and especially refreshing on long journeys. But these are only a few of the seventy ways in which Cadillac performance, ride and handling have been advanced in 1963. Make an early date with your authorized dealer to sit at the wheel of a new Cadillac. It's the world's nicest place to sit.

# JFK's Public Image Faces Greatest Trial

**By ARTHUR EDSON**  
**WASHINGTON (AP)** — Next month President Kennedy's public image, built so laboriously and so zealously, faces its greatest trial. On Nov. 6 voters choose 435 representatives, 39 senators and 35 governors.

John F. Kennedy's name won't be on any ballot. Many races will be settled strictly on local issues and local personalities. Yet the results are bound to affect the President's political reputation.

Democratic gains, he they ever so humble, will be set upon as proof that Kennedy is all but invincible, sure of another term in the White House.

Republican gains, especially in the House, will be taken as evidence that Kennedy will have his troubles in 1964.

**TRADITION LOOMS**  
 Making it more exasperating for Kennedy, tradition is against him. Historically the party in power loses ground in these off-year elections.

Republicans may pick up a few governors, where they now trail 34-16.

Democrats are expected to hold their own, or even gain, in the Senate, where they lead 64-36.

Most interest centers in the House, where the Democrats have control, more or less. Statistically Republicans must gain 44 seats to take over. Actually enough conservative Democrats have lined up with them to block presidential projects.

Since Kennedy and his advisers insist he must pick up five or six House seats what the voters think of the President becomes increasingly important.

**INFLUENCES**  
 Our impressions are influenced by Kennedy's speeches, messages to Congress, vacations, legislative proposals, news conferences, trips abroad, subordinates, eloquence, errors and relatives, maybe the most restless political family of all time.

The image a politician casts is often thought more important than what he is or what he stands for.

Perhaps this is an inevitable result of an age in which techniques of packaging, of selling, often are stressed until quality is forgotten.

**TOO MUCH**  
 Possibly too much has been made of Kennedy's differences with news writers and commentators, of his calling up reporters to protest, of his going to visit a columnist in an effort to persuade him to change his mind.

Rarely is it pointed out that Kennedy, once a newsman himself, always was interested in the written word, especially when it described him.

Most presidents have frowned on granting private interviews. Kennedy may give as many as three a week, to publishers, to columnists, to White House reporters who have problems they think only he can solve.

Kennedy has another gimmick that seems to work nicely. He (or Press Secretary Pierre Salinger) picks out a state and invites some of its publishers to lunch.

**BETTER VIEW**  
 Not much solid material may come out of private interviews with the President or his staff, but a reporter inevitably will get a better perspective on the administration's problems.

Does this accessibility, unprecedented in modern times, subtly influence the tone of the news and the political criticism?

Some reporters fear it might, and don't ask to see the President.

Some Republicans insist it does, and declare Kennedy is handled more gently in print than his predecessors.

Former President Dwight D. Eisenhower is known to feel the press treats Kennedy too tenderly. He was particularly surprised that there wasn't more of a public outcry after the invasion of Cuba fizzled so miserably.

**SUCCESSFUL**  
 If Republicans are correct in their conclusion, then Kennedy indeed has been successful in selling himself.

This success, if it is a success, may not help Kennedy much on election day.

Presidential coattails aren't what they used to be.

More endangered than anything else, though, is the precious image that in elections the Kennedys are unbeatable.

This can be tarnished by the nationwide results of Nov. 6.

So look for a steady flurry of presidential activity.

The Kennedys never aim for second place.

## Adenauer, JFK Plan Strategy Talks Nov. 7

**WASHINGTON (AP)** — Chancellor Konrad Adenauer and President Kennedy will meet here Nov. 7 in a new effort to align Allied strategy on Berlin in advance of a possible conference between Kennedy and Soviet Premier Khrushchev.

Kennedy could conceivably talk also with British Prime Minister Harold Macmillan and French President Charles de Gaulle if a Khrushchev trip to the United States should be decided upon. However, officials said Saturday there are no current plans for Western summit diplomacy beyond the Kennedy-Adenauer meeting.

Adenauer initiated the plan for his talk with Kennedy ten days ago and the White House made the public announcement Saturday.

While the United States, Britain, France and West Germany are agreed on the defense of West Berlin against any Soviet-Communist aggression or open threat to its supply line, there is evidence of disarray in Allied understanding of the approach to the expected new Berlin crisis in the next month or two. Most of the misunderstanding seems to be in the Washington-Bonn relationship. Officials here privately say it is more apparent than real and that it is largely related to German domestic politics.

Adenauer seems certain to discuss with Kennedy the manner in which the predicted Berlin crisis may arise. As U.S. officials now see it, a Khrushchev visit to the United Nations in New York next month and a Khrushchev-Kennedy meeting may be an essential part of the Soviet plan but this evidently is not finally decided.

Administration leaders were interested to note that Soviet Foreign Minister Andrei Gromyko declined comment when asked in New York whether Khrushchev would attend the General Assembly meeting.

Khrushchev himself, however, has thrown out hints to recent official visitors that the Berlin crisis is so grave he would like to talk it over with Kennedy. Other Soviet officials have speculated on his attendance for a brief time at the U.N. General Assembly.

## De Gaulle Faces Another Crisis

**PARIS (AP)** — President Charles de Gaulle, France's man of crisis, is squarely in the middle of another one.

The World War II Free French leader who returned to power to quell the strife over Algeria has started what promises to be an all-out joust with old-line politicians and legal experts argued that the National Assembly should decide. They said this is spelled out clearly in the Constitution.

The National Assembly registered its opposition to de Gaulle's plans by ousting his cabinet. De Gaulle slapped back by dissolving the National Assembly. That will necessitate new elections.

Frenchmen will vote three times—Oct. 28 to give their verdict on the presidential election referendum and twice more in November in two rounds of legislative elections.

When the count is in on these tests at the polls, it should be clear whether the determined de Gaulle, 71, has won or lost. If the figures go against him, de Gaulle has said, he will walk out.

Many expect de Gaulle to get a majority in the election referendum.

But the majority may be thin and abstentions heavy.

## Market Puts On Indifferent Show

**NEW YORK (AP)** — The stock market last week put on a mixed and indifferent performance yielding no clues as to where it may be heading.

Volume dropped to the lowest total in two years. Turnover for the week was 11,822,738 shares, compared with 13,956,680 the week before. It was the smallest weekly total since 10,852,200 shares were traded in the week ended Oct. 15, 1960.

The reason for the light trading was at least threefold. Trading was cut drastically Monday because of the Jewish holiday Yom Kippur. The Columbus Day observance Friday also dampened trading. In addition, World Series baseball distracted Wall Street's attention.

A further reason for slow dealing was great uncertainty as to where the market is heading and, consequently, a reluctance of many investors to commit themselves.

"The public seems to have deserted the stock market, at least for the time being," said Bradbury K. Thurlow of Winslow, Cohn & Stetson.

The Dow Jones industrial average was off 12 at 586.47, a minor change.

This average, incidentally, was moving close to where it was in the Columbus Day week of 1960, also a period of marked uncertainty. That year the market began to pick up steam before election day, a start of the tremendous market upsurge of 1961. Some stock analysts believe that election results this year, as well, may spur the market, but most of the experts have their fingers crossed.

The Associated Press average last week made a small gain of 8 at 218.5.

Even before the week started, Wall Streeters expected little of it. The holidays and the baseball games were too much to contend with, they knew.

The general market level was drifting along in a limbo between the June lows and the August highs, making no decisive moves.

The usual "mixed bag" of business and economic news backgrounded market action. The week started with a cheerful forecast that building contract awards in 1963 are likely to rise to a record. Steel production showed its first weekly drop since early September and reports were of a slowdown of incoming business.

Some of the corporate news, however, was quite good. Radio Corp. and IBM reported record earnings. General Electric reported a substantial rise in profits as well as record sales.

Bond prices closed mixed with only narrow changes resulting from lazy trading. Corporate trading on the New York Stock Exchange plunged to the lowest level in six years both Monday and Friday.

Corporates maintained a slight plus edge, the eighth gain in nine weeks, but much smaller than the previous two advances. Corporate volume for the week slipped to \$16,276,000 par value from \$18,796,000 the previous week and was the lowest since the holiday week of Sept. 5-9, 1960, when it was \$15,870,000.

Government bonds ended unevenly lower, the first weekly downturn since the opening week of September.

### Reds Followed Code, Cubans Shied Anyway

MIAMI, Fla. (AP)—The Soviet tanker Druzhva followed the seaman's code to the letter in attempting to rescue three young men escaping from Communist Cuba in a leaky sailboat. But the tanker never completed the rescue.

It broadcast a distress call in English with all the pertinent details. A motorboat was lowered. The exiles were fished from the sea. But at the last minute, the men jumped from the rescue boat and were picked up by a U.S. Coast Guard helicopter.

The unidentified refugees, who sailed from Cuba 10 days ago, had floundered up the Gulf Stream to within 25 miles of Miami. They were without food and water. Before dawn Friday, they spotted the lights of the tanker.

Lt Cmdr W. C. Wallace, the helicopter pilot who answered the distress call, described the rescue.

"The tanker had lowered a motorboat and secured the sailboat when we reached the scene. By this time you could see the hammer and sickle. The tanker was ready to hoist the motorboat. We were just hovering near the stern.

"They the tanker didn't make it on the first pass and one man jumped into the water. We went down to about five feet above the waves, fished him out and circled again.

"The motorboat started to make another pass, and two more jumped into the water. I don't think the Russians tried to stop them."

He said the Russians sank the 15-foot sailboat. The Cubans were taken to Miami for processing by immigration officials.

### Suburbs Face Big Problem Over Schools

AUSTIN (AP)—Suburbs of large Texas cities face growing problems in providing adequate schools, the Bureau of Business Research at the University of Texas said Saturday.

New school facilities in Texas last year cost \$88.5 million, the bureau reported, a substantial drop from the 1960 peak of \$104.4 million spent for new schools.

Metropolitan areas, especially suburbs, "are burdened most heavily with the problems of maintaining facilities to match rapid growth due to interstate and intrastate migration," the bureau said.

As an example, the bureau reported, Mesquite, on the outskirts of Dallas, spiraled in population from 1,696 in 1950 to 27,526 in 1960.

"Many suburban localities such as Mesquite find themselves with big city problems without the necessary organization and funds to deal with the situations which arise," the bureau said.

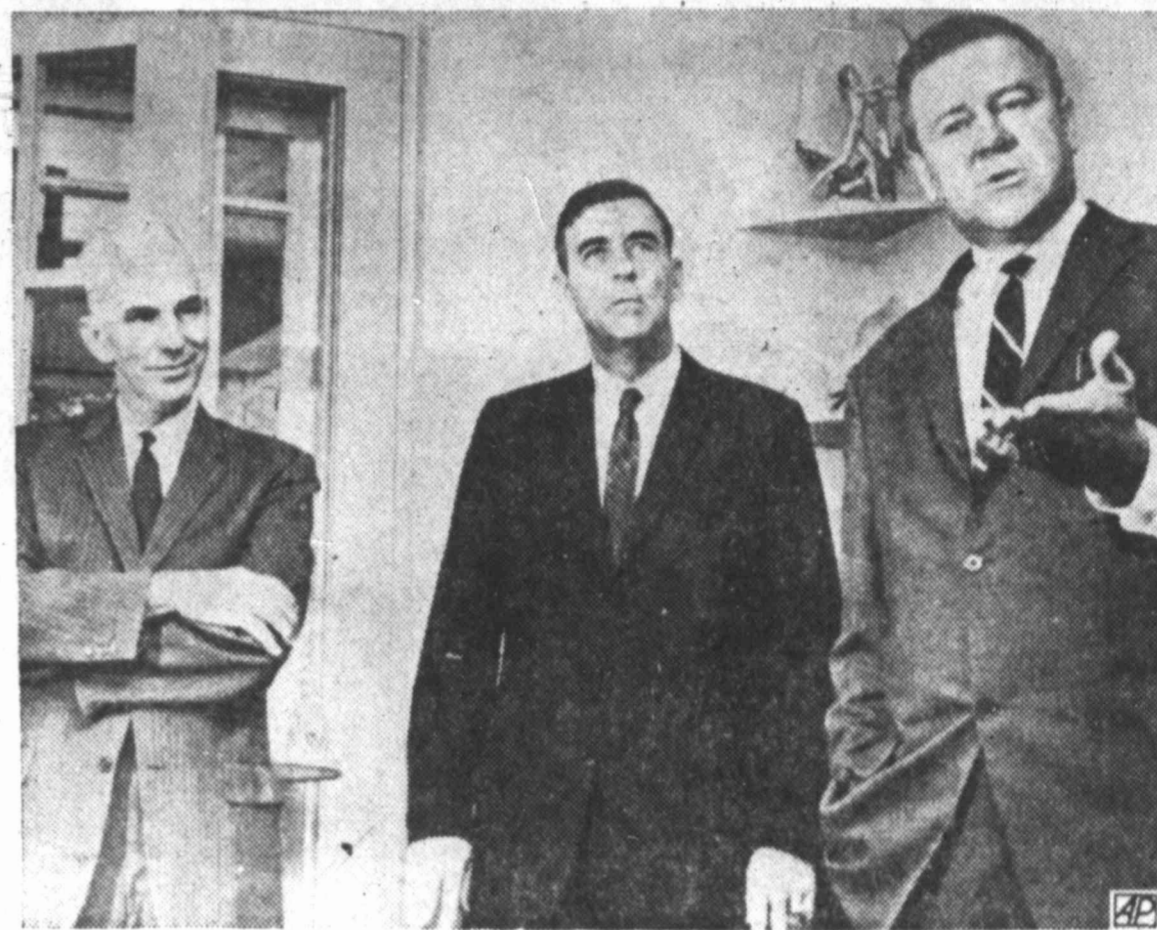

One of the major problems of financing school construction in the quickly growing metropolitan areas is the higher cost of interest on bonds caused by a greater risk than with bonds issued by older and well established cities.

Rural areas are faced with a steadily declining population, leaving them with excessive school facilities and mounting per student costs.

The bureau said educational construction in this decade should be a major component of the total building activity in Texas.

### Washington Psychiatrist Is Dropped For Walker Exams

DALLAS (AP)—A single psychiatrist will examine former Maj. Gen. Edwin Walker instead of two, as originally directed by the government.

U. S. Dist. Judge Claud Clayton signed an order late Friday at Oxford, Miss., dismissing Dr. Winfred Overholser of Washington from the case, the Dallas News reported.

One of Walker's lawyers had complained that Overholser was "a man who presses for commit-

ments to mental institutions."

The court authorized Dr. R. L. Stubblefield, chief of psychiatry at Southwestern Medical School here, to obtain any professional or legal help needed to conduct the sanity test.

Clayton ordered psychiatric examination of Walker after his Oct. 1 arrest at Oxford during integration rioting at the University of Mississippi. The ex-general was charged with incitement and seditious conspiracy.

His lawyer agreed to the mental test and picked Stubblefield in obtaining Walker's release under \$50,000 bond Oct. 6. The Justice Department later designated Overholser to join Stubblefield.

Robert Morris, Dallas lawyer, protested assignment of Overholser.

"All Gen. Walker asks for is a trial. Anyone who has seen and talked with him can draw the conclusion that he has the capacity to stand trial," Morris said.

## Orangemen Nudge Boston College

SYRACUSE, N.Y. (AP)—Sophomore quarterback Walley Mahle, playing his first varsity game, scored Syracuse's first two touchdowns of the season Saturday and gave the Orange its first victory of the year—12-0 over Boston College.

# Penn State Is Upset, 9-6, By Cadets

WEST POINT, N.Y. (AP)—Opportunist Army pounced on a fourth period fumble and scored on a 15-yard pass from quarterback Cammy Lewis to Dick Peterson Saturday for a 9-6 upset victory over Penn State, ranked third nationally.

The fiercely played game ended in utter confusion. Twice the excited gray-uniformed Cadet corps rushed out on the field prematurely and had to be removed before the last play could be run off.

The previously unbeaten Nittany Lions were leading 6-3 on field goals of 32 and 24 by Ron Coates when Tom Kerbs, center on Army's brzen Chinese Bandits, grabbed a ball on the Penn State 18 which had slipped from the hands of Junior Powell.

# Cougars Lose To Tide, 10-3

TUSCALOOSA, Ala. (AP)—Defensive specialist Lee Roy Jordan scored the winning touchdown and bulwarked an awesome Alabama defense Saturday as the Crimson Tide whipped Houston 14-3 in a blistering inter-sectional football game.

The stingy Tide threw Houston backs for a minus-49 rushing yardage. The Cougars managed to pick up 45 yards passing but still wound up with a four-yard deficit over-all.

Alabama had to come from behind to win. A brilliant pass interception and runback by Houston halfback Gene Ritz set up a 30-yard Cougar field goal by Bill McMillan late in the first period.

The top-ranked Alabamians erased the deficit and went ahead early in the second quarter when the Houston center passed the ball over the head of fullback Bobby Frenzina as he went back to punt.

The Tide scored again midway in the third, marching 65 yards in 12 plays. Quarterback Jack Huribout took the Tide in for the touchdown with halfback Cotton Clark going the final three yards.

Fullback Eddie Versprille made key runs on 14, 11 and 10 yards during the drive.

The Alabama defense was so rugged in the first half that it held Houston to a minus 46 yards rushing.

Alabama has now run its unbeaten string to 22.

The Razorbacks piled up a 28-7 lead in the first half only to have Baylor come back after intermission with its own passing attack behind quarterback Don Trull and

# All-Out District Play Is Carded

It's virtually all out conference play in Texas school football's upper divisions this week with 21 undefeated, untied teams putting records on the line.

Defending champion Wichita Falls of Class AAAA rests but other top-rated teams have district warfare.

Brownwood, the big favorite in AAA, meets Mineral Wells. The Lions look undefeated, untied Weatherford 14-0 last week in the sweep toward the title.

The only game matching undefeated untied teams comes in Class AAA where Lamar Consolidated meets Bay City in a District 11 clash. San Marcos meets once-tied Cuero in another game that has unbeaten outfits.

Undefeated, untied teams in AAAA are El Paso, Borger, Fort Worth, Richland, Irving, Wichita Falls, Dallas, Samuel, Denison, Tyler, Lee, Houston, Austin, Spring Branch, Port Arthur, Kingsville and San Antonio Harlandale. Unbeaten but tied are Dallas Jefferson and Galena Park.

# Terps Shatter N. Carolina

CHAPEL HILL, N.C. (AP)—Undefeated Maryland rode the crisp passing of quarterback Dick Shiner in a couple of second half breaks to a 31-13 Atlantic Coast Conference football triumph over winless North Carolina Saturday.

The Terps zoomed off to their fourth straight victory by scoring two touchdowns and a field goal the first three times they had the ball.

North Carolina, battling to stave off a fourth straight setback, scored two touchdowns in the second period, but committed two costly fumbles after intermission.

After an errant Tar Heel hand-off was nabbed by Maryland's Fred Joyce on the North Carolina 41, the Terps drove for what proved to be the clinching touchdown in the fourth quarter. That one made the count 24-13.

Shortly afterward, a fumbled punt gave Maryland a first down on the 12, and Shiner tossed to Ernie Arzilli from the 8 two plays later for another score.

Shiner scored Maryland's first touchdown on a 5-yard run and passed 21 yards to halfback Tom Brown for the second, both coming in the first period.

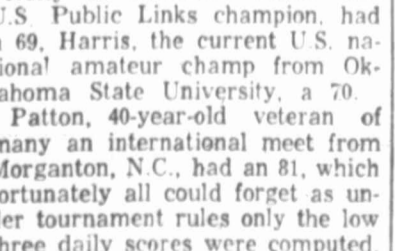

# U.S. Wins Eisenhower Cup In Japan By Eight Strokes

KAWAN, Japan (AP)—American golfers produced a superb final round to win the third world amateur team championship Saturday and keep the handsome Eisenhower Cup in the United States for two more years.

But the performance of many of the other 23 national teams, particularly the Canadians, raised a question as to how long U.S. domination would continue.

Making the shots when they had to the American team of Deane Beman, Dick Sikes, Labron Harris Jr., and Billy Joe Patton won with a total 85 strokes for the 72-hole medal play tournament, eight less than Canada.

Beman from Bethesda, Md., and a pressure player deluxe, putted magnificently and turned in a 4-under-par 66 on the rugged 6,785-yard Fujii Course Sikes, a University of Arkansas senior and U.S. Public Links champion, had a 69, Harris, the current U.S. national amateur champ from Oklahoma State University, a 70.

# Purdue Upset By Redskins Of Miami U.

LAFAYETTE, Ind. (AP)—Miami of Ohio caught Purdue with the letdown jitters and stunned the Boilermakers 10-7 Saturday.

A rugged line, an alert pass defense and the aerial lightning of sophomore southpaw Ernie Kellerman got the job done for the Redskins, who were undefeated in four games but who had not played Big Ten caliber competition.

The Boilermakers, ninth-rated among the nation's college football teams after a 24-6 victory over Notre Dame last week, contributed to their own downfall with three costly fumbles.

Bob Jencks scored all of Miami's points on a 31-yard field goal, a tremendous pass from Kellerman and a conversion. Forrest Farmer got Purdue's touchdown on a pass from Ron DiGravio, Skip Ohi converting Ohi missed two field goal attempts, and Jencks missed one.

The Boilermakers seemed to have the situation under control in the second quarter and were leading 7-3 when the Redskins suddenly reversed the picture. With the ball on the Miami 12, Kellerman faded to his own goal line and cut loose with a sky-scraping pass that came down with perfect timing at the Purdue 45. Jencks took it there in full stride and sped down the sideline untouched.

Neither team could score again. Purdue twice tried for a tying field goal in the second and third quarters, but disgained another try in the fourth in a go-for-broke bid for victory that failed.

With fourth down and 10 yards to go on the Miami 35, DiGravio gambled on a pass to Steve Weil and got a first down on the 11, but with fourth down and 2 to go on the 3-yard line he called a running play and lost the ball on downs.

Purdue had 21 first downs to Miami's 10 and outgained the Redskins 203-89 yards rushing and 163-151 passing.

Purdue 3 7 0 0-10  
Miami 1 3 0 0-7

### Lions Governor Visits Coahoma

COAHOMA (SC) — David M. (Doc) Ellis, governor of Lions District 24-1, Thursday honored Joe Nixon for his outstanding membership enlistment work in the Coahoma Lions Club.

Ellis, who is a member of the downtown club there, was making his official visit to the Coahoma club, and there was a turnout of 33 members and one Cub Lion, the Rev. Jack McClelland, on hand to honor him. The governor presented Nixon with his Master Key, earned for having introduced more than 12 men to Lionism. He also gave keys to R. A. Foster, L. F. Kinder and J. F. Gibson, the president, for having drawn in more than two new members.

The governor also made a brief inspirational address, and he was presented with a pin and pencil set by the Rev. Harold Perdue, as a remembrance from the Coahoma Club.

Accompanying Ellis here were Cecil Bridges, Stanton, immediate past district governor; Dr. Steve Shannon, Midland, deputy governor, and zone chairman, Louis Carothers, Big Spring.

The governor is scheduled to make his official visit Monday evening to the Evening Lions Club in Big Spring, and the following week he is to be with the Big Spring Downtown Lions Club on an official visit.

### Intersection Needs Signal

To the Editor:

How many collisions occur at an intersection before our city officials take any action?

I have reference to the intersection of Birdwell Lane and Marcy Drive. Birdwell Lane is the only street from which residents of Kentwood and the Worth Peeler Addition may exit from that area. With the speed limit set at 60 m.p.h. on Marcy Lane anyone coming from Kentwood on Birdwell onto Marcy or better still trying to cross must be either a daredevil or reckless driver.

If any intersection in town needs traffic signal lights this one does. Let's not wait until we have a fatal accident at this intersection to do something. To steal a phrase and change it about "a stitch in time may save a life, yours or mine."

If there are other residents of Kentwood who feel that some action should be taken on this matter speak up and let yourself be heard.

### Calls For Change In Fiscal Policy

To the Editor:

If our nation ever needed better leadership, that time is now. Leadership in respect for law and fiscal sanity is a must. Dennis Taylor, I think, can bring that leadership to Washington if we will elect him to represent us in the U. S. Congress. Mr. Taylor is a Conservative Republican, and he knows what the word means, if we don't start conserving some of our assets we will be seeking more and more aid from our Allies.

We have a law. That law says if any department, including the President spends more money than has been appropriated by the Congress for them to spend, they are subject to stiff penalties and a jail sentence. We hear speeches all about how we have to save, and then we go right ahead voting to pay whatever is spent by appointing a Subcommittee on Supplementals.

How many of you hear how many Supplemental Appropriations are passed and voted for without one thought that our Supplemental Appropriations are fast becoming larger than our original budget which we hear so much about it being cut here and there. They range from two to three hundred thousand to the little matter of two billion dollars which President Kennedy informed Sen. Byrd he had spent over the appropriations while the Congress was in session. So you see the budget reduction means nothing, in fact I remember reading last year how our present congressman informed all the congressmen that if they needed any more than the appropriations in their districts it could be given later. So we are treated like children; we are only to be good citizens and keep the money tree filled in Washington.

The Budget has gone up from \$ billion in 1950 to \$99.3 billion 1963 and at the same time our national debt has gone up and up to \$308 billion. This has to end now. Let's get some new leadership in Washington. . . vote for Dennis Taylor (R) for Congress.

# Give God A Chance—God Will Open Doors For You!

**NO PLACE LIKE HOME**

Just for a moment, close your eyes and picture the scene in your childhood home that you liked best. Was it the music box in the front room, the grandfather clock, the large, fragrant kitchen? Whatever you are thinking of, your memory is a treasure chest of things you hold dear.

Let your mind wander further. You will remember not only loving scenes and favorite objects, but family and friends, their ways, their thoughts, their

talk. God and His goodness were mentioned often. Prayer was a common practice. There was faith and trust and a feeling of security.

Sunday was a special day, and all activities were centered around the church and the home.

Come back to the present a moment. The Church was home to you then! It can be your home now; a place of worship where the heart remembers and rejoices.

## THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and

support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

# PERSONNEL & PERSONALITIES IN A NEW INDUSTRY

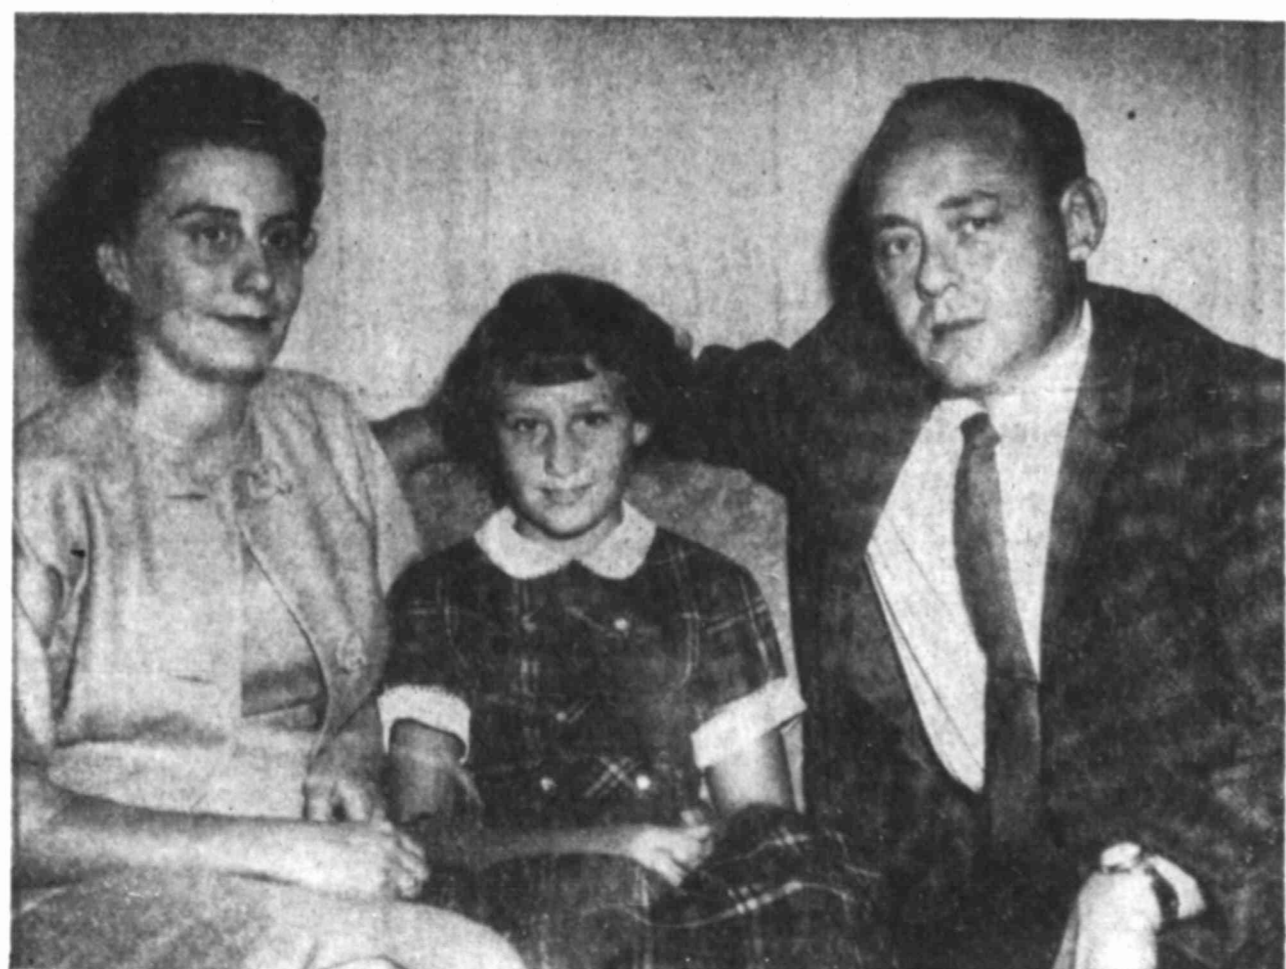

PLANT SUPERINTENDENT C. J. Haralson, Mrs. Haralson, Carole, Nancy, Patty, Michele and Melissa

## BIG SPRING'S AMMONIA PLANT

For more than a year now a new member of the Big Spring industrial family has been rising east of the city in the form of an ammonia facility by W. R. Grace & Co. But it takes real families to give life to a member of an industrial family, and these are some of the Big Spring families connected with the operation of the plant and marketing of its products. Wednesday the

couples will be busy in helping to welcome visitors to the formal dedication of the ammonia plant. When guests arrive for the brief dedication program and tour at 11 a.m., they will find coffee and sweet rolls ready at an informal reception. Afterwards, a dinner party at Cosden Country Club, with officials of W. R. Grace & Co. Nitrogen Products Division, as hosts, will climax this eventful day.

# Pearson-Adams Vows Repeated In Evening

Miss Sandra Pearson and Mackie Adams were united in marriage Friday evening at 8 o'clock in the First Methodist Church with the pastor, the Rev. Dewitt H. Seago, officiating.

The bride's parents are Mr. and Mrs. Carl Pearson, 1103 Mesa Ave. Adams' parents are Mr. and Mrs. Troy E. Newburn, 1600 Avion.

The double ring service was read before altar arrangements of emerald palms and an arch of wedding tapers flanked by baskets of white gladioli and white mums. Nuptial music was provided by Mrs. Jimmie Cribbs at the organ. The presentation included traditional wedding marches, "O Perfect Love," "Because," "Always," and "The Lord's Prayer."

Given in marriage by her father, the bride wore a white Chantilly lace gown designed with sweeping chapel train of lace and illusion. The scalloped neckline was embroidered with white sequins and seed pearls, and the sleeves were tapered to points over the hands. A crown of seed pearls and white sequins secured the fingertip veil of illusion margined with lace. The bride's bouquet was a cascade of feathered white mums and fringed carnations.

In keeping with tradition the bride carried a lace handkerchief which belonged to her great grandmother; a pearl bracelet belonging to her mother; the new wedding gown; a blue garter and birthday pennies in her shoes.

### ATTENDANTS

Miss Zetta Long, maid of honor, bridesmaids, Misses Joanne Mowell, Midland, and Kathy Pearson, junior bridesmaid to her sister, wore dresses of red luster chrome spun taffeta, styled with fitted bodices, scalloped necklines, short scalloped sleeves and bouffant skirts. Each wore a headdress of red illusion and white flowers, and carried a matching cascade bouquet of

white chrysanthemums and pom-pom mums.

Buster Adams of Stanton, brother of the bridegroom, was best man. Ushers were David Mayo and John Warth. Mike Pearson and Jim Snyder served as groomsmen.

Kimberly Casey, daughter of Mr. and Mrs. Monroe Casey, was flower girl. She was dressed as the bride's attendants. Ringbearers were Kimberly Trawick, daughter of Mr. and Mrs. Floyd Trawick; and Dennis Hambricht, nephew of the bride.

Royce Rowden and Patricia New were those who lighted the tapers.

### RECEPTION

A reception was held afterward in Fellowship Hall of the church. In the receiving line were the couple, the parents and their attendants.

The refreshment table was laid with white silk embroidered organza cloth and centered with the attendants' bouquets. Silver appointments included the candelabra which flanked the centerpiece. The three-tiered wedding cake was topped with a miniature bride and groom and was em-

bossed with confection roses.

Mrs. Junior Landers was in charge of the register. Other members of the house party were Mrs. Bob Hambricht, San Angelo; Mrs. H. C. Deaver, Birming-

ham, Ala.; Mrs. Jim Hambricht of San Antonio; and Mrs. Gary Neel of Big Spring.

Guests from out of town included Mrs. Cordie Burson, Winters, the bride's maternal grandmother; Mr. and Mrs. Jess Edwards, San Angelo, paternal grandparents of the bride; Mrs. Connie Moorison, Corpus Christi; Mrs. John Mowell of Midland; Mr. and Mrs. Earl Watson, Midland; Mr. and Mrs. A. C. Dunn, Sonora.

### WEDDING TRIP

The couple left afterward for an undisclosed destination. For travel the bride wore a suit of off-white with a touch of gold

from woven jacquard brocade. Her accessories were of gold and she wore the corsage from her bridal bouquet.

After the wedding trip they will be at home at 3200 W. 8th St.

Both the bride and bridegroom attended Big Spring High School. He is employed at Western Car Co.

# Margaret Oliver And Leslie Scruggs Marry

Before an arch of greenery, flanked by wedding tapers and baskets of gladioli, Miss Margaret Oliver became the bride of Leslie Scruggs in a double ring ceremony performed by the bridegroom's father Friday evening at 7 o'clock in the Apostolic Faith Chapel.

Parents of the bride are Mr. and Mrs. Henry H. Oliver, Gail Rt. and the bridegroom's parents are the Rev. and Mrs. John F. Scruggs, 1307 Goliad.

Miss Bobbie Bishop, Ralls, with piano accompaniment by Mrs. Louin Accock of Hempstead, sang of "The Wedding Prayer" and "Whither Thou Goest."

Given in marriage by her father, the bride wore a formal gown of chantilly lace featuring a scalloped neckline and long tapered sleeves. Rows of net edged with lace formed the skirt which swept into a short chapel train. The veil of tulle was also edged in lace and attached to a small crown of iridescent beads, sequins, and pearls. Her flowers, white roses and carnations, were carried atop a white Bible, a gift from her brother, James Wawak.

**TRADITION**  
Items of tradition worn by the bride included new bridal attire; the white Bible, something old; a pendant borrowed from Miss Jo Clanton; a blue garter; and birthday pennies in her shoe.

Mrs. Bob Platkowski, attired in a blue cotton satin dress, served as matron of honor. She carried a single, long stemmed red rose. Mrs. G. D. Blankenship, Sand Springs, and Miss Jo Clanton, Gail, the bridesmaids, were attired as the matron of honor.

Oscar Henry Schombury Jr., Bellville, served as best man, with James Wawak, and Melvin Accock, Hempstead, the groomsmen. Ushers were George Peoples and Tedd Reimer, Buhler, Kan.

Wearing blue cotton satin dresses, Debbie Scruggs, sister of the bridegroom, and Rondha Richardson, Sand Springs, were ring bearers.

**WEDDING TRIP**  
For a wedding trip to points in New Mexico, the bride traveled in a navy blue suit and black accessories. They will reside at 2107 Main in Big Spring upon their return.

The bride is a graduate of Big Spring High School, where she was a member of the FHA, girl's choir, Triple Trio, UIC, and the Spanish and Latin clubs. She is presently employed by the Big Spring State Hospital. The bridegroom, a graduate of Waller High School, is employed by Lewis Stores, Inc.

**RECEPTION**  
The honored couple, their parents and attendants formed the receiving line at a reception in the home of the bridegroom's parents.

The bride's table was laid with white lace over blue and was graced with blue tapers in candelabra. The long stemmed red roses carried by the attendants formed an arrangement for the table.

The three-tiered wedding cake was topped with a miniature bride and groom and was trimmed with blue rosettes.

Miss Clanton presided at the register. Out-of-town guests registering were Mrs. Gladys Murray, sister of the bride, Van Nuys, Calif.; Mr. and Mrs. Marvin Bishop, Ralls; Louin Accock, Hempstead; Mr. and Mrs. Tedd Reimer, Buhler, Kan.; Mrs. Mary Smith, Bellville; and Mr. and Mrs. Elmer Accock, Bellville.

## WEBB WINDSOCK

By MOLLI HARTZOG

Wigs and wags, and we don't mean puppy dog tales. If there is a wig and a woman to wear it, there will be a wag with something to say. Such was the meeting of the 3561 Pilot Training Squadron at the Officers' Club Thursday afternoon. They turned out in droves to attend a wig show, given by Jo Polone, and an informal talk peppered with many, many questions. The wigs ranged from the top quality \$350 models down to beatnik level, the latter bringing forth many wags and remarks as different types of faces were fitted beneath it.

Mrs. Polone's advice included being fitted and having the proper styling, choosing color carefully, wig-cleaning every two or three months, and allowing at least a week for ordering. She also mentioned that the finest quality of wig was hand tied and made of European hair.

As the meeting ended, all hands were raised as everyone talked at once to her neighbor and tried to describe her preference in wig style, color and length. Except for a few pleased individuals who already had a wig safely hidden for the holiday season nearly upon us, but weren't talking.

Among the guests were Mrs. Wilson Banks, Mrs. Rex Fryer, Mrs. H. C. Collins, Mrs. John Ise, guest of Mrs. W. L. Meerdinck, and Miss Faye Stevens of Wayne, Mich., the guest of her sister, Mrs. Robert Hess. Mrs. Meerdinck won a crystal and teak hors d'oeuvres tray, while Mrs. Carl Hayden won a cheese shaker of ceramic ware. Door prizes were won by sitting on pins (safely hidden under the cushions).

**A ROUND IN BRIDGE**  
Have you tried playing bridge with those new round cards? Although smaller than regular cards, they must be held, so we've been told, in a sort of horseshoe position. Willing to try this novelty in a bridge session at the home of Mrs. Matt Smith, wife of one of Webb's flight surgeons, was Mrs. Milton Engel. She arrived confident as most bridge players with new cards are, only to be met with shouts of "Surprise!" as the wives of Medical Group welcomed her to a shower for the littlest Engel soon to arrive.

Co-hostessing was Mrs. R. Frost who also assisted with the red and white decorations... umbrellas with streamers suspended from

## Achievement Tour Set For Oct. 22

## Council Sponsored, Miss Lane To Appear

Sponsored by the City Home Demonstration Clubs Council, Miss Carol Lane will be presented in a program on travel comfort Monday afternoon at 2 o'clock in Fellowship Hall of the First Methodist Church. The program is to be open to the public.

Child's Play

"Tour-Alluring USA" is the topic chosen for Miss Lane's address which will be illustrated and demonstrated by the speaker. The topic refers to the many pleasures and conveniences available to the American motoring family embarking on a typical weekend or vacation. Travel budgeting, tour-ette vacations, how to travel with children and family camping are to mention only a few of the subjects to be discussed.

Carol Lane shows a "Quiet Book," a simple do-it-yourself item which eases restlessness of youngsters while traveling.

## Meet Madame President

MRS. JEROME LUSK

Mrs. Jerome Lusk, who has lived in Big Spring since 1924, is president of the Big Spring Gold Star Mothers. She participates in numerous voluntary activities such as serving refreshments to patients at the VA Hospital, working for the Crippled Children's Home, and Bible classes.

The daughter of Dr. and Mrs. G. S. True, she moved here with her parents in 1909 and married Jerome Lusk in 1913. They lived in Bell County until returning here in 1924.

"We are a small group, but are trying to be of service to others," said Mrs. Lusk.

The Gold Star Mothers was organized in 1928 by Grace Darling Seibold. She believed that mothers who had lost their sons in the war could best honor their sons by uniting together with loyalty, sympathy, charity, benevolence and love for each other.

## R. Johnson Returns From Tour

From Istanbul to Macchu Picchu and back home in six weeks is the trip just completed by Richard Johnson, returning this week.

His tour took him to many places which began with Istanbul. From there he went to Athens, Greece and to Verona, Italy where he visited with his sister-in-law, Mrs. E. J. Casey.

After seeing the sights in Nice, Puerto Rico, Caracas, Rio de Janeiro, Sao Paulo, Buenos Aires, and Peruvian cities of Lima and Cuzco, a three-day trip by auto rail and truck, up into the Andes, took him to the lost city of the Incas-Macchu Picchu.

Returning to Cuzco, he left from there by plane for Panama and the States.

## Dr. Hunt Is Forum Guest

Dr. W. A. Hunt, president of Howard County Junior College, was the guest speaker for a meeting of the Modern Woman's Forum, Friday in the home of Mrs. Ira Driver.

Dr. Hunt was introduced by Mrs. Harwood Keith, program leader. He chose as his topic "Viewing Europe," and told of his recent trip overseas and his views of activities there.

The forum voted to assist with the Christmas party at the Big Spring State Hospital, and representatives will attend the Oct. 18 meeting of all hospital volunteers when the Christmas affair will be mapped out.

Mrs. Hugh Duncan will be hostess for the Oct. 26 meeting.

## Eager Beavers Make Plans

Seven members of the Eager Beaver Sewing Club gathered at the home of Mrs. D. D. Johnston Friday, making uniforms which are to be worn while serving at the VA Hospital.

Also the group decided to dress a doll in identical uniform, and place it on display at the hospital.

The next meeting will be held with Mrs. W. O. Washington.

## Will Nehru's Daughter Succeed?

NEW DELHI (AP)—A slight, intense woman who says she would like to escape from public life is an outside possibility for becoming the next Prime Minister of India.

She might be the successor to Jawaharlal Nehru because she is

his daughter. Everybody's list of possibilities includes the name of Mrs. Indira Gandhi although some rate her low on the list.

The disappearance of the Prime Minister's youthful vigor, which he had kept remarkably well into his 73rd year, has stirred up talk of the succession even though Nehru apparently hopes to remain in office for many more years.

**POLITICS SHAPES LIFE**  
Mrs. Gandhi is especially conscious of her father's health because she is closer to him than anyone else. She lives in the Prime Minister's house as his hostess and companion. He is a widower, she a widow with two teen-age sons.

## 'ROUND TOWN

With LUCILLE PICKLE

The past week has been one for fun with the Fun-O-Rama holding sway. Almost every young person in town and almost that many adults visited the amusement center for at least one of the evenings. BILL ESTES was there with daughter, DENISE, and her friend, JILL EINSTEIN. MRS. TOMMY WEAVER rode all the rides with her son, JIMMY, and the RALPH STARK family took it in en masse along with her sister, MARTHA LEYSATH and the granddaughters, JOHN LEYSATH. The MARSHALL CAULEYS were there almost every night as he was busy working for the sponsoring Lions Club. Among the adults who enjoyed the fun were MRS. R. J. MICHEAL, MRS. HARRY LEES, MRS. GEORGE HALL, MRS. JOE FLOCK and numerous other women who formed parties and supported the home town activity. The SEBRON WILLIAMSSES were there with their little son who had so many choices of rides and games he couldn't make up his mind where to start.

MR. and MRS. JAMES WYATT LANCASTER and daughter, Donna, report that FRED LANCASTER is still responding well to the cobalt treatments being taken at Baylor Hospital in Dallas. The elder Lancasters are staying at the home of her sister, MRS. MYRTLE HALL, in Royce City and receive their mail there, Rt. 2, Box 123. The Lancasters sent word of their appreciation to all their friends here who have sent letters, cards and flowers.

ALBERT SMITH barely missed an impromptu visit with his son-in-law, Wally Cataldo, during the week. Cataldo is employed by the government and was stationed briefly at Holloman Field at White Sands, N. M. During a short break he hurried over to El Paso where he knew Mr. Smith would be making a run as a Texas and Pacific trainman. Unfortunately, Smith's train left at 4:40 and Cataldo got in at 5:10. The

Cataldos make their permanent home in Connecticut.

MR. and MRS. A. W. MOODY left Saturday morning for a short vacation which they will spend with relatives in Mineola and Tyler where they will see the famous rose festival.

MR. and MRS. FRANK ARNER and MR. and MRS. WELDON NUCKLES are expected to return this evening from Dallas where they took in the State Fair of Texas.

MRS. ANNA VASTINE returned Thursday evening from a month of vacationing in various cities in California. She accompanied a friend, MRS. JACK COKER, back to her home in San Bernardino, and en route visited the Grand Canyon, Hoover Dam and Las Vegas.

She spent five days with a former Big Spring resident and long time friend, MRS. MARY DELBRIDGE, who now makes her home in Chula Vista Calif. Mrs. Delbridge's health is much improved and the two women, along with a friend, had delightful automobile trips around Chula Vista, down to San Diego and on the ferry to Coronado. They especially enjoyed Balboa Park. Mrs. Vastine visited DR. ROBERT DELBRIDGE and his wife and little girl who also live in Chula Vista. After her stay with Mrs. Delbridge, Mrs. Vastine went to San Leandro near Oakland where she spent the remainder of her time with her son, JOHN VASTINE, and his family.

MR. and MRS. W. W. GRANT have double trouble, and they aren't able to share it. She is convalescing at Cowper Hospital from a recent illness, and he became ill and is a patient in the Howard County Foundation Hospital.

MR. and MRS. BEN HAWKINS of Lubbock were here Friday, and in a hurry to get back home in time to receive some Big Spring friends, MR. and MRS. TOMMY JORDAN who went to Lubbock Friday evening to be at their home. They wanted to be on hand for the initiation of their daughter, JOAN, into her sorority at Tech. The Hawkins, incidentally, are now grandparents. Their daughter, JUDY, and her husband, First Lt. Ronald R. Clark, are the parents of a son, Ronald Jr., now four months old.

Returned this weekend from Mexico, where they have been vacationing, are MR. and MRS. E. V. SPENCE. They spent about 10 days at Morelia, about 75 miles from Mexico City. Mr. Spence got home just in time to leave for Fort Worth and a part on the water association program.

SHINE PHILIPS, a patient at the San Angelo Memorial Hospital, is here this weekend for a visit with his wife and friends. She will accompany him back to San Angelo the first of the week.

MR. and MRS. STEVE BAKER were in Lubbock Friday night to attend the formal presentation of Chi Omega Sorority pledges at Tech. Their daughter, Diane, is an active member. Joan Jordan is one of the pledges.

MRS. GUS TAUTE of Del Rio is visiting here and attended the birthday of the Thrift Shop on base at Webb. Mrs. Taute was one of the instigators in the setting up of the shop.

MR. and MRS. O. B. CAVE and Jane of Roby are spending the weekend with her parents, MR. and MRS. W. F. TAYLOR. The Taylors and the JOHN TAYLORS met the Caves in O'Donnell Friday night for the homecoming festivities and football game between O'Donnell and Spur. All Taylor eyes were on the O'Donnell quarterback, FENN TAYLOR, sophomore, whose team won the game, 22-6.

A feature of the half activities was the crowning of the new football sweetheart by last year's favorite, JANICE WINANS, daughter of former residents, MR. and MRS. CLYDE WINANS, who is now a freshman at HCJC.

## November Set For Service

Date of the formal installation service for officers of the newly organized Howard County Legal Secretary's Association has been set for Nov. 3, according to plans made at the Thursday organizational meeting.

Officers of the local chapter are Mrs. Jerry Lee Homfield, president; Mrs. E. D. Sawyer, vice president and membership chairman; Mrs. Billy P. Flynn, secretary; Mrs. Joe Sharpnack, treasurer; Mrs. Bob Stewart, program chairman; Mrs. Dalton Conway, parliamentary and by-laws chairman; Mrs. Billy J. Owen, publicity chairman; Miss Kay Thornton, governor.

The meeting was held at the Snac-A-Ritz cafe with City Judge William H. Eysen Jr., as speaker. He is also local chairman of the Howard County Bar Association.

Charter members of the organization in addition to the officers are Mrs. Lysle Owen, Mrs. Robert Thomas, Mrs. Henry Robinson, Mrs. Milas Wood, Mrs. A. M. Patterson, Mrs. Jim Wade, Mrs. Thomas B. Shelly, Mrs. Edgar Ray.

Special guests were Mary Wyatt, president of the Midland Chapter and Jan Kenna, a Midland member. Elaine Talley of Dallas, state president, will attend the November meeting which will be held at the Cosden Country Club.

## Women Change Banquet Scene

NEW YORK (AP)—Stag dinners seem destined for extinction now that men take their wives everywhere, even to business banquets. Ironically, women-only luncheons have increased by a thousand per cent, says Claude Philippe, longtime banquet manager.

"This twist may be one reason for the new epicurean life of our country and certain hotel innovations," says Philippe, explaining. "The average luncheon or 'banquet' has become a three-course meal—appetizer, roast and dessert, instead of sumptuous repasts as in past eras.

"It is almost devoid of sauces. Ladies eliminate whipped cream but keep meringue on the menu. Men have become even more conscious of diet than women, and fewer desserts are served in men's dining rooms. Table wine has become a status symbol. Chicken instead of heavy meats is on more menus."

## Plans Are Made For Community Day By UCCW

The United Council of Church Women met at St. Mary's Epis-

copal Church Friday morning, when plans were made for World Community Day.

Mrs. Joe B. Johnson gave the devotion on "Channels To Peace." It was agreed to send a delegate to the District 20 meeting of the UCCW to be held in Brownfield, Oct. 22.

The next UCCW meeting will be

at the First Methodist Church with the observance of World Community Day. Parcels for Peace will be placed at the altar.

Members voted to make a memorial gift to St. Mary's Church and to give a book in remembrance of Mrs. Paul C. Young. The group was dismissed with prayer by Mrs. Robert Short.

# Timely Tips Of 1908 Not Too Far Fetched

By KATHLEEN DOZIER  
Time saving tips and household hints are frequently passed along wherever women gather. Not too far fetched from these bits of information were the suggestions made by a popular publication in the year 1908.

A column, "Our Girls," informs its readers of the latest in imported belts, shirtwaist cases, handmade bayberry bags for waxing flat irons, a unique barn party and piazza table covers.

According to the feature, one of the summer novelties brought from Frankfurt is a raffia belt. The foundation is rather stiff linen canvas of the kind used for cross-stitch embroidery. To make a belt, cut a strip rather wider than the finished belt. Turn over each edge to give firmness. Buttonhole stitch all around with raffia and work a narrow border just inside of black or colored silk. Fill in the rest of the space with raffia, using plain cross stitch or any of the long fancy stitches. If a girl knows anything about dyeing raffia she can make charming effects in colors to match different costumes. Gold thread used sparingly is effective.

### SHIRTWAIST CASE

A shirtwaist case is made of cross-barred dimity, with a little figure in color, and is bound with ribbon to match. To make the case, take a strip of material 28 inches by 23. Bind each end. Fold the two ends over until they just meet in the middle, thus forming two pockets seven inches deep. Bind the ends of this oblong case and fasten ribbon ties on the edges of the two pockets. Make a little sachet of the same material and the case is complete.

Young people enjoyed a barn party where short white dresses and sunbonnets and checked aprons were worn by the girls and the young men wore knickerbockers, "soft" shirts, handker-

chief ties of bright silk, and broad straw hats. Guests helped themselves to refreshments as they were inclined.

### BAY-BERRY BAG

Now, for making a bay-berry bag, a gift greatly appreciated by any housekeeping friend or by the girl who launders her own dainty shirtwaists, gather berries of the right waxy condition. Make the bags of ticking or heavy linen about eight inches square. Use for each bag a half-pint or a little more of bay berries. The bags will last for a long time, and they are far neater and safer to use than the candle ends generally saved for the purpose. Something of the delicious fragrance clings to the garment after ironing.

### WHY NOT?

These instructions of more than a half century ago could possibly be reemployed for practical purposes. Why not have a nice new shirtwaist case for elegant packing purposes. Bay-berry scented blouses and lingerie certainly has

a pleasing sound, and raffia belts are as fashionable during the summer season as ever they were in 1908.

### TABLE COVERS

When it comes to piazza table covers, it is doubtful that many know just what the articles might be, not to mention needing such. For the uninitiated, a piazza table cover is a table cover for the piazza table of a summer cottage. The cover is usually of crash or denim, and a small chain is run into the hem. This will keep the cloth from being blown off the table and make it hang much more evenly than if weighted by shot in each corner as was the old method. Such chain is inexpensive and can be bought at any hardware shop.

Come to think of it, that piazza table cover might be the top tip of them all for the patio tables of West Texas. Should the hardware stores be short on chain supplies, it is suggested that orders be placed early.

## Stars Are Overadvised

NEW YORK (AP)—Opera stars, says Blanche Thebom, are a misunderstood, overadvised and underappreciated bunch of artists. "They're subjected to a continuous storm of criticism from

all sides," she ruefully reports. Miss Thebom, a reigning mezzo-soprano in the realm of Verdi, Mozart and Wagner, regards musical comedy as a fine tonic for criticism-bruised warblers.

"You discover that what you've been working at all your life seems to be justified," she finds. Such therapy, however, the songstress recommends only occasionally. Opera remains her basic

love despite the slings of unwanted advice and comment.

"First of all, the commonest notion is that every opera star is about 60 years old and eight feet around," the soigne lady of 42 asserts.

"Then, everybody knows all about singing. Even members of an orchestra seem surprised when a performer knows what to do in rehearsal."

recruit training at the naval training center, San Diego, Calif. He enlisted through the local Navy recruiting station located in the post office basement.

Specialist Four Edwin L. Faubion, son of Mrs. Helen Faubion, Big Spring, has been assigned to the adjutant general section of Headquarters VIII U. S. Army Corps in Austin. He entered the Army in March, 1959 and after completing basic training was transferred to Korea where he served until September, 1962. Specialist Faubion was employed by the Duncan Oil Company when he entered the Army.

Army Pvt. Benjamin F. Newton, 21, son of Mr. and Mrs. Milton C. Newton, 800 Wyoming St., completed eight weeks of advanced individual LaCrosse guided missile training at The Artillery and Missile Center, Fort Sill, Okla., Sept. 28. The LaCrosse, a solid propellant guided missile, is designed to supplement tactical air and conventional artillery weapons. Newton entered the Army last May and completed basic training at Fort Chaffee, Ark. The former Lakeview High School student was employed by the YMCA in San Antonio prior to entering the Army.

Army Pfc. Sidney J. Huse, son of Mr. and Mrs. Felix K. Huse, Lamesa, recently completed eight weeks of intensive field training with other members of the 4th Armored Division at the Seventh Army Training Area in Grafenwohr, Germany.

Huse is assigned to Company A of the division's 35th Armor in Erlangen. He entered the Army in July, 1961 and completed basic combat training at Fort Leonard Wood, Mo. The 19-year-old soldier is a 1961 graduate of Lamesa High School.

### Piano Winner To Make Tour

MILWAUKEE (AP)—The musician who won the Van Cliburn International Piano Competition at Fort Worth recently is going to make a year's concert tour.

Ralph Votapek, 23, was granted a year's deferment last week from military service. He had been scheduled for induction Friday.

The Wisconsin draft director, Col. Bentley Courtney, said the local draft board agreed to Votapek's deferment so he could make the tour.

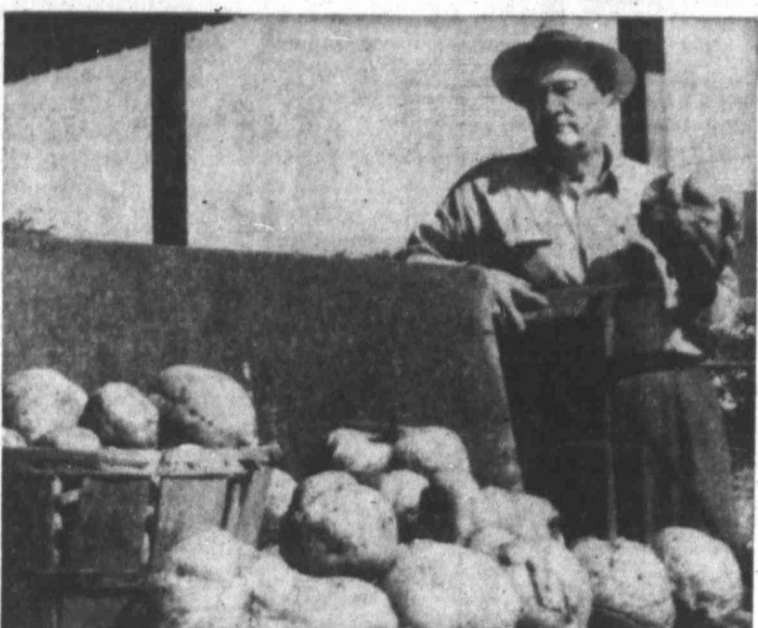

FORT WORTH (AP)—The two Russian pianists who won \$7,000 in prizes at the Van Cliburn International Piano Competition last week apparently spent a good part of their winnings before leaving Fort Worth.

Sources close to the contest said last week that Nikolai Petrov, who won the second prize of \$5,000, bought two suits, a top coat and accessories, two expensive portable radios of a top high-fi manufacturer, a tape recorder and a quantity of American jazz records.

Mikhail Veskresenski, who won the third prize of \$2,000, bought clothing for himself and his family and a portable record player.

### Chang Pardoned

SEOUL, Korea (AP)—South Korea's military government has pardoned former Premier John M. Chang. He had served 15 days of a 10-year sentence on charges that he helped finance a plot to overthrow the government.

THESE ARE YAMS WHAT AM! H. L. Shirley and His Kingsized Sweet 'Taters

## Shirley's Taters Were A Real Crop

By SAM BLACKBURN  
Everyone agrees that things grow big in West Texas but, honestly, this is ridiculous!

H. L. Shirley, who lives at 911 Lancaster, has a small tract of land five miles east of town just off IS 20. He planted 12 sweet potato slips someone gave him.

Thursday, he harvested the crop. The 12 plants produced three heaping bushels of sweet potatoes including 11 monsters whose combined weight was 63½ pounds.

Three of the big boogers weighed more than seven pounds each. The smallest of the lot was a shriveled-up specimen which tilted the scales at barely four pounds. Shirley started to throw it away. "Made the others look bad," observed the veteran T&P railroad conductor.

However, he decided to keep the lot and the crop made a tidy pile of golden produce in the back of his pickup truck.

How come the plants turned out such king-sized potatoes?

Shirley doesn't know. Someone gave him the slips and he planted them. The only special treatment the land had was a coating of cotton seed hulls plowed under last fall. The land is sandy, he said.

The big potatoes are solid and appear to have excellent eating qualities.

Shirley said that Mrs. Shirley plans to can the crop. "We will give some of 'em away," said Shirley. "What's left, we'll can."

## Slow Cotton Crop Gains, Bugs Persist

You can't hear it, but if you could, that moist chewing sound in the countryside would be cotton leaf worms at work.

Some West Texas counties are having a plague of these worms. They are particularly bad around Sweetwater. However, some producers regard them with favor for they may defoliate the cotton and make the crop ready for strippers.

"There are some fields in this district," said a spokesman for the Texas Employment Commission in Sweetwater, "where the leaf worms have been so thick you can see the bolls and stalks of the cotton almost as bare as if defoliant had been used."

In a general way, however, farmers are continuing their warfare on cotton pests. Poisoning is still under way to deal with bollworms as well as leaf worms on late cotton.

HOWARD SLOW  
Compounding the insect worry is that about frost. Will it be late enough for September bolls to mature?

Here in Howard County, the crops are far behind schedule—more so, in fact, than any other county in the area. Through Friday, only 416 had been ginned of an estimated 36,800 hale crop. TEC estimates that only one per cent of the crop has been ginned and only 5 per cent of the cotton is now open.

In Glasscock County to the south of Howard County, 27 per cent of the crop of its 9,200 bales (2,506) have been ginned. A quarter of the crop is open.

Martin County has ginned 5,988 of its 46,000 bale crop. This represents about 13 per cent of the crop and it is guessed that a

quarter of the cotton is now ready to pick.

Dawson County, which expects to have a crop of 140,000 bales, has ginned 13,377. Observers expect the harvest tempo to speed up sharply in the next 10 days. A considerable part of the county's rather extensive irrigated tracts will become ready for picking soon.

MIGRANT CREWS  
In Sweetwater, the TEC said that defoliation has already been started by farmers in some of the counties it serves and strippers are in the fields. The office reports a considerable number of crews of migrant pickers are now in the area, especially between Sweetwater and Colorado City.

Nolan County has ginned 2,228 bales; Mitchell 3,953; Scurry 2,922 and Fisher 3,651 bales so far this year.

Meantime B. B. Manly Jr., USDA cotton classifier in Abilene, said that grades on cotton from this area slipped some last week as compared with earlier weeks: District 1, which comprises Howard, Martin, Midland and Glasscock counties, submitted around 2,000 samples for the week.

GRADES DECLINE  
The grades were dominated by middling light spot and strict low middling light spot—these two categories accounting for 68 per cent of all the samples examined.

Manly said that cotton from District 1 and other districts is much duller and has more spots in it than in the past four seasons. Probably the dullness was caused by the weather and spots by insects.

Rains and heavy dew on open

cotton are the primary cause of dullness and cotton loses some of its brightness each day it is left open on stalk.

Spots, he said, may be caused by several factors. Primary cause is insects when they show up this early in the season. Drought conditions, too, may cause dullness and yellowing of the fibres.

Later in the year, frost and freezing weather can cause spots ranging from light spots through spots, tinges and yellow stains. This is the result of immature cotton being killed before the bolls mature and open.

Manly said the market is showing signs that it may become more active. At the present time, little cotton is being sold.

### Needed: Cafe With Wheels

GRANTHAM, England (AP)—A fine new highway curves round the edge of Granttham, but long-distance truck drivers ignore the bypass and continue to clog the town's narrow main street.

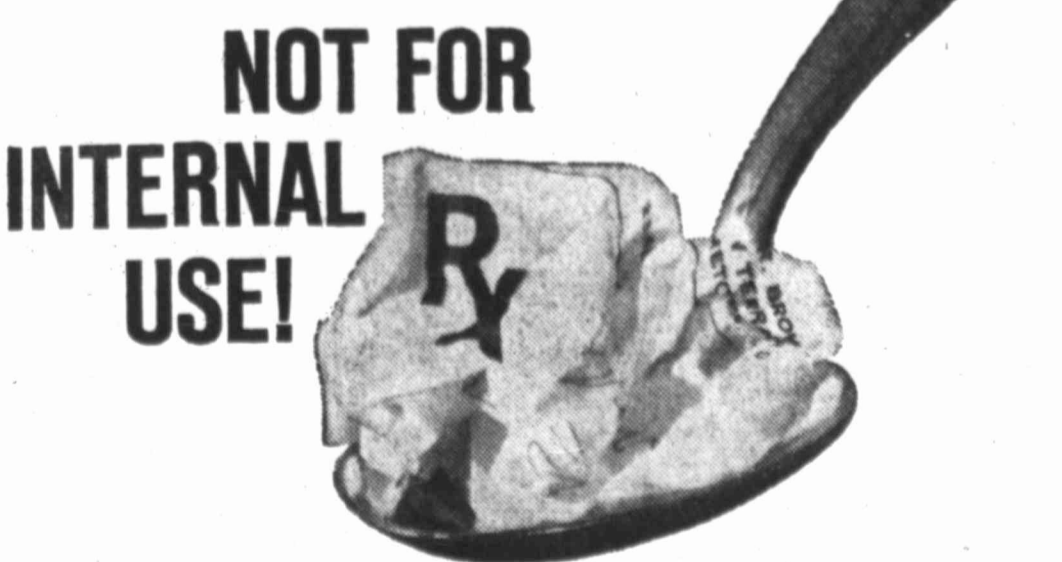

Investigating officials found they like to eat at Tony's Cafe, where a plate of eggs, chips and tomatoes sells for 3 shillings—42 cents.

"I'd rather get stuck in any traffic jam than miss a good fry-up at Tony's," said John Walsh. "Most of the lads think the same."

The authorities have persuaded Tony to move his cafe to a site on the highway.

## JC Tennis Courts Will Be Dedicated

Howard County Junior College will formally dedicate its four new tennis courts at 3 p.m. Oct. 21.

The ceremonies will be to officially title the four courts in honor of the Big Spring Kiwanis Club. John Coffee, a member of the club, will be the dedication speaker.

The Kiwanis Club sponsored the program to get the four concrete based courts constructed and donated a considerable part of the cost.

The college had been in need of modern tennis courts for some time. A suggestion made in a speech at a Kiwanis Club meeting by Anne Smith with the physical education department of the college, led to the adoption of the program to build the courts.

The club put up a sizeable part of the cost (borrowing the money from a local bank) and the college

was able to produce the needed balance. College workers actually built the courts.

The courts are to be named "Kiwanis Tennis Courts" and a sign bearing this legend is to be unveiled as a part of the ceremonies Oct. 21.

Dr. W. A. Hunt, president of HCJC, will be the master of ceremonies at the program. The senior high school band is to play. J. C. Pickle, president of the Kiwanis Club, and Soc Walker, president-elect, will formally present the courts to the college.

Miss Smith will appear on the program and the part she had in initiating the project will be recognized.

The courts are located east of the principal college buildings and near the men's dormitory.

## Gay Ballet Opens Series On Tuesday

The curtain goes up Tuesday at 8:00 p.m. on the first of the current series of the Big Spring Concert Association, and it promises to be a gala affair.

Headed by Lois Smith, prima ballerina, and Earl Kraul, premier danseur, the National Ballet Guild of Canada will bring a company of 80 to town. Included are more than a score in the ballet company, plus the concert orchestra, directors and technical staff.

On the program are the second act of Swan Lake, regarded as the world's best-known and most-beloved ballet created to magnificent score of Tchaikovsky; Concerto Barocco, a ballet of pure dancing set to the music from Bach's Double Violin Concerto in D Minor; and a spirited passage from Offenbach's "In the Underworld." The second act of Swan Lake is regarded as an epitome of the complete ballet and projects

the exquisite grace of movement of the swan. Concerto Barocco calls for several principal soloists and eight other dancers of technical virtuosity. The Offenbach passage insures an animated climax to the program.

During the past week several individuals and business firms came to the aid of the concert association to help it see daylight on the current fine arts series. HCJC trustees, recognizing that college full time enrollment had been doubled in recent years and that the association series helped the college save several thousand dollars in not having its own series, increased its participation by \$500 per season.

Then came a list of patrons who combined to further help the situation. They will be recognized by an appropriate plaque to be on hand for the performances.

Included are Truman Jones, James Duncan, K. H. McGibbon,

H. G. Keaton, A. Swartz, R. W. Whipkey, Elmo Wasson, First Federal Savings and Loan, Saunders Company, Grant's, Cosden Petroleum Corporation, First National Bank, Clyde McMahon, Howard County Hospital Foundation, Hemphill-Wells Co., Malone and Hogan Hospital Foundation, Security State Bank, Edwards Heights Pharmacy, Optimist Club, Pinkie's Pioneer Gas, Medical Arts Hospital, Reeder Insurance, Pollard Chevrolet, Safeway Stores (both stores), Texas Electric Service Co., Cowper Clinic-Hospital and one anonymous.

## Kennedy Kin's Trial Delayed

SANTA MONICA, Calif. (AP)—Mrs. Patricia Lawford will appear in Municipal Court Nov. 21 to explain why her driver's license was allowed to expire, and to present a new one.

The wife of actor Peter Lawford and sister of President Kennedy was due in court last week, but her attorney advised Judge W. Blair Gibbons that Mrs. Lawford had just returned from the East and had not had time to prepare a defense.
