Four Down

Of the eleven units at Webb AFB, four have completed their drive for contributions to the United Fund, for a 100 per cent participation. At a meeting in the Wing Conference room, Col. Wilson Banks pointed out to the group commanders the urgency of the situation. From left—Major W. A. Mason, 331st (acting for Lt. Col. Jack C. Price); Lt. Col. Mount E. Frantz, Base Hospital; Col. George E. Franks, M and S Group; Major Lawrence Casey, Civil Engineering Group; Col. Harold C. Collins, Pilot Training Group; Col. Charles W. Head Jr., Air Base Group; and Col. Banks, base commander.

Tops In Campaign

Berthe Condron, shows the cards that put Col-Tex Pipeline section of the organized labor division of the United Fund over the top. The 10 men in this section averaged gifts of \$15.80, over its quota and the first in the division to do so. This morning, the total campaign reported \$66,212.48 collected toward the \$100,324 goal.

Catholic Leaders Examine Liturgy

VATICAN CITY (AP)—Roman Catholic leaders examined new today means of putting more inner vitality into the outer forms of church life.

They continued their study of liturgy, or public worship, at the Vatican Ecumenical Council, turning specifically to the different language rites now used in the Church.

Latin is the liturgical language in the West. The East uses Greek, Syriac, Coptic, Armenian and Slavonic with the approval of the Holy See.

Today, for the first time, the council opened with a Mass celebrated according to an Eastern rite, the Greek Melchitic. The languages used were Greek and Syriac.

A spokesman said the 2,337 council fathers present in today's session examined all the language rites now used from a "theandric" viewpoint—how divine influence figures in the ritual.

The spokesman indicated the rites were not debated from a viewpoint of greater use for modern languages. Such a discussion is expected later. Many of the council fathers are known to favor a greater use of current languages in the liturgy.

Extensive revision in ritual and modes of worship is a basic emphasis of the council.

Record Fund Recommended For Colleges

AUSTIN (AP)—A record \$162 million should be spent on state colleges during 1964-65 with students helping more to foot the bill, the Texas Commission on Higher Education decided Tuesday.

In a special clean-up meeting for items squeezed off the agenda at the regular Oct. 8 meeting, the commission:

Upped total appropriation requests for all 20 state-supported colleges and universities by \$4 million over staff recommendations to \$162 million—a 35 per cent increase over 1962-63.

Agreed to ask the legislature to raise tuition from \$50 to \$100 a semester.

Increased research spending requests by \$1.4 million over initial staff recommendations to \$5.8 million during the biennium and requests for all medical schools except South Texas in San Antonio by \$1.6 million during 1964-65 to total \$33 million.

Reinstated previously cut air conditioning requests totaling \$885,853 and educational television budget items totaling \$500,000.

And, ordered the staff to study ways to eliminate high school type courses such as remedial writing and reading and tours from programs of state institutions.

Commission member John E. Gray of Beaumont, speaking in favor of the tuition increase, said that "we cannot sit here today and recommend spending increases—and we have recommended some substantial increases—and not face up to where the money will have to come from."

Commission member John E. Gray of Beaumont, speaking in favor of the tuition increase, said that "we cannot sit here today and recommend spending increases—and we have recommended some substantial increases—and not face up to where the money will have to come from."

K Says Soviet Union Won't Be 'Reckless'

Suspect Takes Truth Test In Williams Death

A young Negro compress worker, who has no previous local criminal record, has been formally charged with the Aug. 26 murder of Stanley Williams, 90-year-old retired farmer.

He was identified by John Wood, Texas Ranger sergeant, who has been working with local officers on the case, as Jerry Lee Parker, 21. He was arrested earlier this week and has been held in the county jail while officers questioned him about the slaying of the aged Big Spring man.

The charge was filed in the court of Justice of the Peace Jess Slaughter late Tuesday and no bond was set in the case.

TRUTH SERUM This morning Parker was taken to the Big Spring State Hospital where he submitted to examination while under the influence of truth serum. He had signed a voluntary waiver to take the test.

Bobby West, investigator for the district attorney, and Fern Cox, deputy sheriff, said Parker was picked up as a part of a dragnet effort to round up all possible suspects in the slaying.

When he was questioned, officers said that answers he gave indicated the man had some knowledge of the case which could have been acquired only by his having had a part in its perpetration.

NO RECORD HERE Officers said that Parker is unmarried and lives with his parents. He has a record as a juvenile offender in another town and county, it was indicated, but no record here of any prior clash with the law.

Mr. Williams was attacked by an intruder in his home at 517 N. Benton the night of Aug. 26. He was so badly beaten that he died two days later. Mrs. Williams was also beaten but recovered from her injuries. She was unable to provide officers with much help in the identification of her husband's assailant.

An investigation into the case has been under way since that night. One Negro was arrested and charged with the murder but a later check revealed he had no part in the case and the murder charge against him was dropped.

Draft Situation Unchanged

Officially, things are unchanged in the office of the local Selective Service Board despite the new crisis over Cuba.

Unofficially, things have changed considerably. The telephone, for instance, has been jangling with persistent regularity since the President's announcement of the new policy toward Cuba.

Mrs. Louise Nuckolls, chief clerk, said that she has had no change in the number of draftees to be called up for service in November. No orders have come down for more men to report for preinduction medical examinations.

"We sent two into service from this office in October and the same number is set for November," said Mrs. Nuckolls. "Our November order calls for no new medical exams nor did we send any for such examinations in October."

She said that the suddenness of the Cuban situation had not allowed sufficient time for the headquarters of the Selective Service to send out modifications for the November orders.

GRID TRAIN IS CALLED OFF

GALVESTON (AP)—A spokesman for the Santa Fe Railway announced today that plans have been cancelled for a special train to carry football fans from San Angelo to Brownwood tomorrow.

The railway official declined comment on whether cancellation of the special resulted from diverting the equipment to possible military use, but in San Angelo, General Agent E. A. Tusha said the cancellation came because military officials had requisitioned the equipment.

Apparently Calls For Summit Talks

MOSCOW (AP)—Premier Khrushchev, commenting on the U.S. arms blockade, said today the Soviet Union will take no reckless decisions nor "be provoked by unwarranted actions of the United States."

"We will do everything in our power to prevent war from breaking out," the Soviet leader messaged the British philosopher, Bertrand Russell, who had sent Khrushchev a plea for Soviet efforts to avoid a nuclear war.

At the same time Khrushchev suggested a summit meeting. He expressed belief that a "meeting at the highest level would be useful to discuss all questions that have arisen and to eliminate the threat of nuclear war."

Before the Cuban crisis a rose President Kennedy said he would welcome talks with Khrushchev if the Soviet leader went to the United States for sessions of the United Nations General Assembly.

Diplomatic sources in Washington suggested the initiative for possible summit talks had come mostly from Moscow.

Khrushchev coupled his apparent call for a summit conference with repeated calls for the United States to back off from its naval blockade of arms shipments to Cuba.

He warned that the situation could go out of control and a war might break out, adding: "We fully realize that if war should break out that it would be a nuclear war from the very first hours. This is very clear to us. But evidently it is not clear to the government of the United States of America."

"The United States government must display reserve and stay the realization of its piratical threats which are fraught with the most serious consequences."

Navy Converges On Soviet Ships But No Contact Yet

WASHINGTON (AP)—The United States and the Soviet Communist States and the Soviet Communist States approached an armed showdown on the high seas at mid-morning today, as Soviet cargo ships moved toward Cuba and American naval power converged on them.

The Defense Department said it had no reports of interception of any ships.

The department also said it had no report that any of the Cuba-bound Russian ships had changed their course.

Strung out along the approaches to Cuba were an estimated 25 Soviet ships. Some of them quite possibly were carrying offensive

weapons to the Cuban Communist movement which President Kennedy says must be stopped.

At 9 a.m. Eastern Standard Time, Kennedy's quarantine went into effect and the historic moment was at hand. The first warships headed in toward the first Soviet cargo ships.

A few hours before, the Navy had broadcast radio warnings to all shipping to stand clear of the area, that it could become dangerous.

There was a report that Soviet Embassy officials here were claiming that no Soviet ship would head the stop signal of any U.S. warship.

Cuba's Fidel Castro saw the quarantine as an act of war and Moscow took a grave and angry view.

For more than a year the tension between the United States and Cuba had mounted. Then on Monday night, Kennedy made his move, announcing a quarantine with the clamp on offensive arms shipments into Cuba. He was accepting the fact that anything might happen as a result.

The Defense Department made public aerial reconnaissance photographs which it said proved the charge that the Soviet Union was installing or has installed ballistic missiles, almost certainly with nuclear warheads, on Cuban sites.

Officials said the search of the plane apparently is part of the government policy announced Monday that no Cuba-bound Soviet planes would be allowed to stop at Canadian airports.

LIMA, Peru (AP)—Peru will send armed forces to aid in the quarantine of Cuba if the Organization of American States in Washington votes unanimously for such action by its members. Foreign Minister Luis Edgardo Llosa told newsmen Tuesday night.

WASHINGTON (AP)—President Kennedy has told his Cabinet to lay off political campaigning during the Cuban crisis, the White House announced today.

SOFIA, Bulgaria (AP)—Communist Bulgaria announced today a general battle readiness alert for its armed forces.

HOUSTON (AP)—Pickets went up on a Port of Houston dock Tuesday to stop the unloading of a ship the West Gulf Ports Council of the Maritime Trades Department said has made port in Cuba.

HOUSTON (AP)—America's ambassador to the United Nations, Adlai Stevenson, has cancelled a trip to Houston this week and other trips from Oct. 21-27 during which time he was to make talks celebrating the 17th anniversary of the U.N.

Stiff Sentences For Bank Robbers

GEORGETOWN (AP)—Stiff prison sentences were handed down Tuesday to two Austin men who robbed the Coupland State Bank of about \$200 Oct. 13.

James E. Foster, 24, was sentenced to 24 years and Slavis Godfrey Gilbert, 47, to 35 years in the penitentiary by Dist. Judge D. B. Woods.

Mail Robbery Search A Failure

WEYMOUTH, Mass. (AP)—Federal officials conceded failure today after almost literally taking apart an \$18,000 ranch home in an 11½-hour search for most of \$1.5 million stolen Aug. 14 in the Plymouth, Mass., mail robbery.

Contest Moves

DALLAS (AP)—Contestants in the Miss Teen-Age America contest have finished their talent auditions before the judges and have started rehearsals on a nationally televised show for Friday.

France Gives Full Support To Hemisphere

PARIS (AP)—France today expressed full support for the United States' position in Cuba.

In a communique after a Cabinet meeting the government expressed its understanding of the American position in the face of "recent and growing installations of Soviet offensive armament in Cuba."

The Cabinet statement said the reciprocal pledges of the North Atlantic Treaty are and remain the basis of French policy.

DALLAS (AP)—Some 100 federal agency managers met in Dallas Tuesday to discuss emergency plans which would be put into effect if the Cuban situation becomes more alarming.

JAMESTOWN, N.Y. (AP)—Gov. Nelson A. Rockefeller today called an emergency meeting of the Civil Defense Committee of the Governors' Conference for Saturday morning in the Pentagon in Washington.

TOKYO (AP)—Japanese shipowners reported today that three Japanese freighters proceeding to the Caribbean Sea have been instructed to return home because of the U.S. quarantine of Cuba.

OTTAWA (AP)—Canadian officials cleared a Cuban airliner to continue a flight to Havana today with two East German missile experts and five Czech technicians. The plane had landed at Goose Bay, Labrador, for refueling.

David Sim, deputy minister of customs, said the airliner had been "searched and cleared and is now on its way to Cuba."

Officials said the search of the plane apparently is part of the government policy announced Monday that no Cuba-bound Soviet planes would be allowed to stop at Canadian airports.

LIMA, Peru (AP)—Peru will send armed forces to aid in the quarantine of Cuba if the Organization of American States in Washington votes unanimously for such action by its members. Foreign Minister Luis Edgardo Llosa told newsmen Tuesday night.

State Supreme Court Calls Off Hearing On Impact Plea

AUSTIN (AP)—The Texas Supreme Court dismissed today the Oct. 31 arguments it had scheduled on an application to sell liquor in Impact, an incorporated area adjoining Abilene.

The dismissal of the requested writ of mandamus was asked by Atty. Gen. Will Wilson.

Wilson said an Oct. 12 ruling of the Court of Civil Appeals make the arguments unnecessary.

The court action on the mandamus plea had no bearing on another suit in state courts questioning the legality of Impact's incorporation election.

scheduled on the motion filed by CCH Inc. of Odessa. The petition by CCH asked the State Supreme Court to order the Eastland Civil Appeals Court to set aside its order by which Odessa Dist. Judge C. V. Milburn was prohibited from ruling on an action which would have required the Liquor Control Board to issue a liquor license to CCH for Impact.

On Oct. 12, the Eastland court denied a rehearing of its Sept. 21 ruling that tiny Impact is not a city because "the incorporation was by illegal methods."

The Supreme Court ruling today applied only to the case involving

the liquor permit application.

An appeal on the Eastland court's ruling concerning the incorporation of Impact still could be brought before the Supreme Court.

The question of Impact's incorporation was appealed by about 30 persons after an Abilene district court jury last May favored the validity of Impact's incorporation. The Sept. 21 ruling of the Eastland court that reversed the Abilene decision held that Impact was not a city because "the incorporation was by illegal methods."

by the whim and caprice of Mr. (Dallas) Perkins, founder of Impact."

Chinese Advance; India Rejects Truce Offers

NEW DELHI (AP)—Chinese Communists are advancing into northeast India at four points, and India has rejected Peiping's proposal for peace talks on Chinese terms, an official spokesman said today.

Chinese troops have driven to within 10 or 12 miles of the important monastery town of Towang, in northeast India, to the west and are also pushing toward it from the north.

A fresh Chinese attack into India has been launched at Asflia, on the northeast frontier about 100 miles east of Towang.

At the eastern end of the northeast border, near Burma, an Indian post has fallen and the Chinese are driving down the Lohit River valley.

Although the spokesman de-

clined to comment on the over-all Ladakh situation, it appeared to observers that the Chinese might have overrun all Indian military posts on what the Chinese claim to be their territory.

High Indian officials said a Red Chinese proposal for a meeting between Prime Minister Nehru and Premier Chou En-lai to settle the border dispute was "pure hypocrisy."

They said the stationing of Soviet missiles in Cuba affects the whole security of the Western Hemisphere and cannot be tolerated.

Convinced that the council would wind up in a deadlock over opposing U.S. and Soviet resolutions, the small powers delegated Ghana, the United Arab Republic and Cyprus to ask Thant to intervene.

Extra Day Allotted For Paying Taxes

Mrs. Zirah LeFevre, county tax assessor-collector, said that her office will be open all day Oct. 27 (Saturday) as a convenience to taxpayers who want to take advantage of the 3 per cent discount on tax payments which is allowed in the month of October. Normal hours of the office is closed Saturday.

Mrs. LeFevre said that taxpayers have been remarkably prompt in paying taxes so far this year. For the first 15 working days of the month (taxes became payable Oct. 1), her office has collected \$406,529.34. In the same 15 working days in October, 1961, the collection total was \$163,440.72.

Poll tax receipts issued, contrary to what might be expected since 1963 is an "off" political year, are ahead of the number issued to this same date in 1961. This year's receipts total 387. Last year's total was 316. This year the office has also issued 460 exemption certificates to overage voters who are residents of Big Spring. Older voters, living outside of Big Spring, do not need exemption certificates to vote.

Mrs. LeFevre pointed out that from Oct. 1 through Nov. 2, all taxpayers who pay their current taxes are given a three per cent discount. From Nov. 3 through Dec. 2, the discount allowed is two per cent and from Dec. 3 through Jan. 1, the discount drops to one per cent.

No discount is allowed from Jan. 2 through Jan. 31. The taxpayer pays the full face of his tax bill in that period.

Starting Feb. 1, the taxpayer who has not settled his tax bill pays the face amount plus one per cent penalty plus interest from Feb. 1 at six per cent.

DEAR ABBY

Personal Privacy

DEAR ABBY: As a teacher of physical education, I feel I must ask you not to bring up the "problem" of gang showers again. There is nothing wrong with girls showering together, and for you to side with one girl who felt "embarrassed" to shower with other girls has created a problem in our school. We cannot provide private showers, and only 20 out of my 400 girls object to gang showers. Showering after gym is vital for cleanliness and in order to be sure all girls shower I must give them a lower grade if they refuse.

PHYS ED TEACHER
DEAR TEACHER: I agree that showering after gym is necessary, but the issue was: Should girls be forced to strip and shower together—and if they refused for reasons of personal modesty or home training, should they be given a lower grade? I say there should be private showers for those girls who object to disrobing before other girls. If the school cannot provide facilities, no girl should be penalized for insisting on her right to personal privacy.

DEAR ABBY: My son-in-law

has been in Germany with the Armed Forces for the past ten months. Last week my daughter had a lovely 8-pound baby boy. The doctor said it was a "delayed birth" and that 10-month babies were common these days. The neighbors say they never heard of such a thing. Will you please put this in the paper so the neighbors will shut up?

DEAR PROUD: Yes. Ten-month babies are now almost as common as seven-month babies.

DEAR ABBY: Here is the situation: A middle-aged man started to drop his young unmarried secretary off at her apartment on his way home from work. After a couple of months she started inviting him in for a drink. He accepted and spends about an hour there before going home. He has liquor at home, plus an affectionate wife, and dinner on the table. Would you care to hazard any predictions as to the outcome?

INVOLVED
DEAR INVOLVED: I predict that the dinner will get colder and colder and so will the wife. Unless somebody wises her up.

CONFIDENTIAL TO LOVER-BOY IN HIGHLAND: If you continue to go around with a married woman, better be prepared to go two rounds with her husband.

What's on your mind? For a personal reply, send a self-addressed, stamped envelope to Abby, Box 3365, Beverly Hills, Calif.

For Abby's booklet, "How To Have A Lovely Wedding," send 50 cents to Abby, Box 3365, Beverly Hills, Calif.

LETTERS

A Member Of Family

To the Editor:

When people pick up an animal on the street or from its own yard, don't they realize the heart-break they cause? A family pet is so much a part of that family it is taking away all the joy that the pet has brought to the children. Can't they feel the tears that fall when it's gone, the hours of wishing, waiting and hoping for its safe return? Can't there be just one honest person who will return what he's taken away?

Last weekend someone took our Siamese cat from our home just east of Sand Springs. The children and I have shed enough tears to fill a bucket. For us this wasn't just a cat; this was part of our family. We had him since he was a few days old. Now what could the people who took him know about him as a kitten, his ailments, diet, the things he likes best, even his name? How can people be so cruel? These people won't go unpunished, will they? This must surely be in the category as stealing from the blind, for to steal the laughter from a child's eyes and replace it with tears of grief for a lost pet is indeed terrible.

I raise Siamese kittens and have never sold them. I only give them to people who need a pet and to those who can enjoy its growing through kittenhood. I know there are others who have lost pets dear to them, and I hope this letter eases their heartaches a little. So to whoever you are and wherever you are, take good care of our pet... and next time you want to pick up a pet that belongs to a family, think of the tears and heartaches you're going to cause... and don't, please don't do it...

East Is Cooled

By The Associated Press
Coolest weather of the season spread across most of the eastern half of the nation today.

Paving Due On Birdwell

Curb and gutter have been completed on the strip of Birdwell Lane between East Fifteenth Street and Marcy Drive. The contractor, W. D. Caldwell is now grading the right of way preparing to lay the base for pavement.

No estimate has been made on completion date of the paving, but traffic will be permitted over the strip as much as possible until finished.

Other work being done on the assessment paving program include Brown, between West Third and West Fourth, where topping will soon be completed; San Jacinto, between West Third and West Fourth; and Austin, from 100 feet south of East Third to East Fourth.

A traffic hazard at the intersection of Wason Road and Randolph Street (from Wason to Webb Village) has led to the channeling of traffic at the corner. Bruce Dunn, director of public works, and Larry Crow, city manager, said Monday that vehicle traffic will be channeled for prevention of congestion at the intersection.

Channels for right and left turn traffic from the north; for right, left, and through traffic, from the village and from the east, were being constructed Monday. The work will be completed as fast as possible to relieve the congestion, especially during the time children are going to Marcy school and leaving for home.

Better Informed Public Is Needed, Pace Reports

A need for a better informed public was reflected in the results of the community attitude survey conducted by the Big Spring Junior Chamber of Commerce in September. Kenneth Pace, assistant manager of the Chamber of Commerce, told Rotarians of the results following tabulation of questions submitted to 6.6 per cent of the residents of the city, and their answers.

"We selected 20 areas of the city and Jaycees submitted a list of questions to residents, to determine their attitude of the city," Pace said. "The frustrating thing about a large percentage of the answers was the big showing of those who did not know, especially about the city's school system."

"There was space at the end of the questionnaire for suggestions on what each person thought was most needed in the city," he continued. "The No. 1 suggestion was for the overall improvement in the appearance of the city. Other suggestions were for cleaning up vacant and abandoned property; more friendly retailers and clerks, and better streets and sidewalks."

Pace said there was no suggestion about any evidence of neglect of duty on the part of officials.

Pace told Rotarians that the Jaycees, following a national model along the same lines, would select one of the suggestions for an annual project.

"The City of Big Spring is all we have to sell," he continued.

Kennedy Defines 'Offensive' Term

WASHINGTON (AP) — In his formal proclamation of the arms quarantine around Cuba, President Kennedy specified what weapons are to be considered offensive.

The following are declared to be prohibited material:
"Surface to surface missiles; bomber aircraft; bombs, air to surface rockets and guided missiles; warheads for any of the above weapons; mechanical or electronic equipment to support or operate the above items; and any other classes of material hereafter designated by the secretary of defense for the purpose of effectuating this proclamation."

NO MENTION OF BAPTISM

By T. H. Farber, preacher
Church of Christ, 2000 West Highway 80
P.O. Box 1253

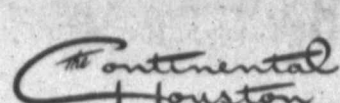

"When the jailer asked Paul what to do to be saved, Paul didn't mention baptism (Acts 16:31). The fact that the jailer was baptized (Acts 16:33) is evidence that he was saved and was carrying out the command of Christ to be baptized."

So says the letter I received; but I emphatically deny this. We do not have a record of all Paul said to the jailer — just his first statement, wherein he told him to believe. But Paul did not stop at telling the man to believe. The next verse says of Paul and Silas, "And they spoke unto him the word of the Lord, and to all that

were in his house" (Acts 16:32). From the results of the sermon we know they mentioned baptism. They did more than mention it. They made it so important that the jailer left the jail unguarded to attend to baptism immediately. He did not even wait until morning. And if he was saved first, he must not have known it, for we are told that he rejoiced after baptism; not before (verse 34). Welcome to our mid-week service tonight, 7:30. Sermon on the eldership.
—Adv.

Piggly Wiggly Banquet Set

Piggly Wiggly employees and their guests from over a wide West Texas-New Mexico area will gather in Lubbock at the Fair Park Coliseum Thursday evening for their annual awards banquet. Some 600 persons are expected to attend.

Two employees of the Big Spring Piggly Wiggly store, Jessie B. Hayes and Lonnie Taylor, are among those to receive service awards.

Safe driver awards are to go to these Piggly Wiggly drivers: A. D. Emmonds, Ansel Grizzell, Ed Nabors, Earl Ballou, Lee Grim, Bob Kent, Ralph Spikes, Joe Czarzes, John Cross, Paul Fewell, J. C. Johnson, Jack McCallum, W. Ouellette, James Taylor, Alvis B. Bass and Bobby D. Brock.

Others receiving service awards will be O. B. Haught, L. A. Clements, Richard Marchbanks, Alonzo Miller, Elroy Belcher, H. R. Courtney, Willie James Parker, Richard Braboy, Ansel Grizzell, Geraldine O'Brien, Nellie Acree, Willie Brewer, Wanda Stump, Melvin McCallum, Charles D. McNutt, Ralph Spikes, Rubin G. Wright, Louise Hunt, Estelle Welch, and Marie Hunt, Lubbock; Bill Dumas, Joe B. Martin, Marlow Summitt Jr., Floyd H. Brasher, and Ola Mitchell, Andrews; V. L. Patterson, Iona Oliver and Doyle Floyd, Brownfield; Lorene Newberry, Floydada; Bobby Melton, Merle Johnson, Joyce W. Berry, Mildred Throckmorton and Bruce Hicks, Levelland; Douglas Haynes, Lee Roy Brown, and John E. Stevens, Muleshoe; Rob Poole, Charlene Haynie, Sybil Greer, Melvin Byrd, Tom A. Drake, and Charles H. Collom, Post; Della Jackson, and Charles C. Mize, Seminole; Lonnie Haynes and Charlie Bloxom, Slaton; and Opal Maroney of Snyder.

Enrollment Takes Another Loss

Big Spring public schools lost a total of nine students during the week ending Oct. 19, according to Sam M. Anderson, superintendent.

Enrollment was 7,459 students compared to 7,468 the previous week. Elementary schools had 4,385 pupils, a loss of four, and secondary schools had 2,921 pupils, down seven. Special Education picked up two pupils showing a total of 153 at the week's end.

Military, Civil Defense Forces In Texas Are Busy

By ED STAATS
Associated Press Staff Writer

Military and civil defense forces in Texas prepared Wednesday for any eventuality that might result from the President's announced quarantine of Cuba.

At Dallas, the Texas Air National Guard announced the doubling of its training period for the next two months.

The Dallas Naval Air Station at nearby Grand Prairie was on alert and intensified anti-sabotage security forces were thrown around the station.

At Ft. Hood, the 19,000-man Exercise Three Pairs was halted abruptly at the midway point, although live firing exercises were to continue.

Houston Mayor Lewis Cutrer met with local Civil Defense officials Tuesday. A second meeting was scheduled Wednesday.

The Dallas city-county Civil Defense stressed the need for home preparedness to more than 150 persons who called for information.

Civil Defense Director B. B. Smith said Dallas area Civil Defense personnel were "brushing up" on all emergency procedures "just in case."

Builders of fallout shelters in Houston, Dallas and other cities reported business was brisk. One Dallas firm reported more than 300 queries about its shelters.

Other than the action of the Texas Air National Guard, the military revealed little. One field grade officer was quoted: "We just can't tell you what we're doing here."

All queries regarding possible troop movements in the five-state 4th Army area were referred to the Pentagon.

BASES ACTIVE
Increased activity was reported at nearly all major bases in Texas.

At Ft. Hood the 1st Armored Division Tuesday was placed in the Strategic Army Command, as had been expected.

The commander of the maneuvers, Gen. Paul D. Adams, cancelled a speech he was to make in San Antonio Thursday night. An Army spokesman said, "he has commitments elsewhere."

At James Connally Air Base at Waco, all inquiries were referred to a "command post." A spokes-

man would confirm only its "increased alert" status.

There was evidence also of increased activity at Biggs Air Force Base and at Fort Bliss. Officials declined any comment, however.

At the Civil Defense headquarters near Denton, Bill Rosch, a spokesman, said officials are "just awaiting developments. The Civil Defense headquarters there is one of the several places from which the United States government could operate in case of emergency."

DEDICATED RESPONSE
Lt. Col. Nowell Didear, commander of the Texas Air National Guard's 136th Air Defense Wing, said the accelerated training is to "achieve increased combat readiness for any eventuality."

He said Tuesday the additional active duty training days are authorized immediately as a "dedicated response to the President's concern over the international situation."

The Air Guard statewide was told to review its present ready status of its aircraft, personnel, equipment and supplies.

Lt. Col. Didear said the decision to double the training time was made at Austin Tuesday afternoon at a meeting with Maj. Gen. Thomas S. Bishop, state adjutant general.

At Fort Worth, a spokesman for Carswell Air Force Base said personnel were on "telephone" alert but that no men or equipment moved out. He noted that "Carswell is always on alert," which means that 50 per cent of the

forces are ready to move out on short notice. The "telephone" alert means that personnel have been instructed to stand by for easy contact.

There was no unusual activity at any of the five military bases in the San Antonio area.

At Austin officials at Bergstrom Air Force Base, home of a number of B52 jet bombers and K135 jet tankers, answered questions by saying "SAC (Strategic Air Command) is always on the alert."

STRATEGIC UMBRELLA
Later this statement was issued:

"As you know, 50 per cent of SAC's combat aircraft and a greater percentage of its missile force have been put on a 15-minute alert status since July, 1961. It is part of the President's decision of Monday and in order to provide a strategic umbrella under which current U.S. actions are made possible, SAC has further increased its alert capability. Details as to the exact numbers and disposition of its alert forces are classified."

The Jefferson County Civil Defense unit is maintaining a 24-hour emergency alert "for the duration of the Cuban crisis."

Mayors of eight Jefferson County cities will rotate serving at night in the Civil Defense headquarters at the Jefferson County Airport between Beaumont and Port Arthur.

The chairman of the county Civil Defense, Judge James A. Kirkland, said the action was taken because "we are all aware that we are presently in a perilous

situation and that conditions could worsen."

He explained that the mayors were staffing the Civil Defense headquarters at night so in case of evacuation a high official would be present to order an evacuation. The formation of the Jefferson County alert plan was announced Tuesday at a meeting of the Civil Defense Council.

Children Protest
MOSCOW (AP) — About 100 sign-carrying Russian children staged a 75-minute demonstration outside the U.S. Embassy today to protest American actions against Cuba.

Ike Asks GOP Support In Crisis But Not Silence

GETTYSBURG, Pa. (AP)—Former President Dwight D. Eisenhower has urged fellow Republicans to support President Kennedy's Cuban decision, which Eisenhower said "had to be made."

But while he promoted bipartisanship in foreign affairs he contended "a united America need not and should not degenerate into a conformist, a silenced America."

On that note he urged election of Republican candidates Nov. 6,

winning a standing ovation from an audience of more than 750 attending a \$10-a-plate GOP fundraising dinner in this historic battlefield community Tuesday night.

Eisenhower began his address to the Republican audience with a reference to President Kennedy's action Monday establishing an arms quarantine and other measures to curb what he said is a buildup of Soviet offensive power in Cuba that menaces the Americas.

Increased activity was reported at nearly all major bases in Texas.

At Ft. Hood the 1st Armored Division Tuesday was placed in the Strategic Army Command, as had been expected.

The commander of the maneuvers, Gen. Paul D. Adams, cancelled a speech he was to make in San Antonio Thursday night. An Army spokesman said, "he has commitments elsewhere."

Joins Exclusive Club

R. L. Beale, left, Big Spring district manager, and Fred Smith, Cincinnati, Ohio management consultant and principal speaker, look over a program for the 15th annual TESCO Quarter Century Club meeting here Tuesday evening. Beeman Fisher, (in picture at

right), president of Texas Electric, welcomes the newest member of the 25-year group in presenting a gold wrist watch to Charlie Merritt.

Fundamental Virtues Are Lauded At TESCO Dinner

Texas Electric Service Company employees, meeting to honor members of their Quarter Century Club, were challenged Tuesday evening to better living through fundamental virtues.

The appeal to some 250 Big Springers and guests at Cosden Country Club came from a man who was satisfying a desire to see Big Spring. Through a quirk of fate, it was Fred Smith, then in Nashville, Tenn., who carried out the manuscript prison Frank Grandstaff has written in his cantata, "Big Spring." Grandstaff, serving a life term as a habitual criminal, had read Shine Phillips book, "Big Spring, Casual Biography of a Prairie Town," and had a pen-friendship with Phillips. Thus he came to compose the cantata. Smith was doing some volunteer religious and social work in the Tennessee prison and agreed to carry out the cantata and submit it for consideration.

right tensions such as fear of God, love, sense of right and wrong. Claim your responsibilities rather than your rights. Experience a genuine deepening of your faith in yourself, in others and in God. You can do more than you think."

Among company officials here with Fisher were W. P. Portwood, vice president division and district operations; Bill Marquardt, manager of these functions; F. W. Rogers, vice president and treasurer; B. B. Hulse, vice president and assistant treasurer; C. W. Coysa, superintendent of power; Fred Woerner, general commercial manager; Emory Cantey, counsel; W. D. Madry, assistant vice president; W. E. Payne, superintendent of power; J. W. Godfrey, superintendent of transmission; Vance Gilmore, advertising manager;

Merritt Joins Ranks Of Company's Veterans

The proudest man at the 15th annual TESCO Quarter Century Club meeting here Tuesday evening was Charlie Merritt, who joined the ranks of the company veterans.

Everyone in the TESCO family knows Charlie, and most Big Springers do too. Famed as a barbecue artist, Charlie actually is more widely known for his civic activities.

Last year he received a plaque from the West Texas citizen P-TA as the outstanding citizen of his community.

A native of McKinney, he came here in 1937 on a tip from the late Sam Leach, that R. L. Beale needed a man to take care of the division transmission headquarters. In 1951 he transferred to the district office, after Beale had become the district manager.

Charlie and Mrs. Merritt, who

was Hazel Howell before their marriage, have two children. Clarence is in the Air Force at Otis AFB, and Lilian Viola is a junior in high school. Mrs. Merritt and Lilian were on hand for the affair Tuesday evening.

He is a steward and secretary of Baker's AME Church, president of the Lakeview Branch of YMCA, active in Cub Scouts. He is a Mason and past secretary of his lodge, president of the Lakeview Quarter-back Club (in high school he played football, basketball and baseball and played semi-pro baseball). He also is an active worker in the United Fund and in Parent-Teacher Association work.

As for his cooking avocation, Charlie simply loves to do it and has prepared barbecue for as many as 2,600.

Paving Plans Now Include 40 Blocks

The second project in the city's continuing assessment paving program will include approximately 40 blocks of Big Spring streets. The city commission adopted resolutions Tuesday night declaring the necessity of paving four more streets including 10 blocks.

These, added to two former sets of resolutions, bring the total to about 40 blocks on which engineering has been authorized. Bids will be called for, after the engineering has been done and specifications set up, and then public hearings called to determine the property owners' feelings before contracts are let.

The four streets covered by resolutions Tuesday night are Nolan, from Sixth and Ninth; Benton, from Seventeenth to Eighteenth; Nineteenth, from Scurry to Gregg; and Goliad, from Twentieth (west of Goliad Junior High) to Marcy.

The commission also gave authorization to the city manager to request permission for an actuated traffic signal at Marcy and Birdwell Lane. Manager Larry Crow said the highway department had authorized a four-way-stop red blinker light at the intersection, which would stop all traffic.

"If we can have the standard traffic light only half the vehicles would have to stop at the intersection," he said. "Then there is the matter of getting fire trucks across the highway to the area south. We can install a standard light, with an actuator triggered by electronics from the fire truck, which will change the light to permit the truck's crossing without stopping."

Methodists Take Bids On Building

LAMESA (SC) — Officials of Northridge Methodist Church have tentatively accepted low bids on construction of a new building in the Northridge Addition.

The successful low bidder on construction was Leon Burk Construction Co. of San Angelo, whose base bid and additional room alternate totaled \$77,276. Second was Purcell Construction of Lamesa with a bid of \$80,000.

Combined costs of the construction and air conditioning was figured at \$87,236 and the church board has 30 days in which to accept the bids.

Sealy Electric Co., Lamesa, was the low bidder on air conditioning work, submitting a figure of \$8,960.

Survey Results Are Completed

Tabulation of answers to the second phase of the Community Attitude Survey conducted by Big Spring Jaycees pointed out six areas in which local citizens think improvement can be made.

In this portion of the survey, persons questioned were able to expand on answers given to the first part and could introduce their opinions in other areas. The first segment consisted of rating various services and facilities on the basis of quality or adequacy.

Many answers buttressed the results of the first phase. For instance, one of the areas cited as needing improvement was storm drainage. On the initial phase, 66 per cent of the persons listed this service as inadequate.

The appearance of the city needs to be improved and paving is inadequate, the residents pointed out. The persons questioned also said retailers and clerks were unfriendly.

Police protection and law enforcement fared well on the initial phase, with only 19 per cent calling it inadequate. The second phase, however, brought to light the fact that most complaints of inadequate service came from residents of the North Side.

The final area in which improvement needs to be made was said to be recreation facilities for persons of all ages.

Suggs Requests Water Service

A request was made Tuesday night by Arlie Suggs, Suggs Construction Co., US 80 east, that the City of Big Spring consider running water lines to his property. He also discussed a major drainage problem in which he said about four feet of water flooded his property during the September rains.

The city commission authorized a study of the cost of a water line. The city manager and director of public works were instructed to see what could be done in the matter before work on the IS 20 by-pass route is started.

Suggs told the commission that he felt he should get water since he had been in the city limits for three years.

The drainage problem was considered one not created by the annexation of the area to the city but one which will be alleviated when the overall drainage program, included in the Master Plan bond program, is completed.

Morris Clanton, owner of property in the Rice Addition near the rodeo grounds, appeared to appeal a decision of the Planning and Zoning Commission in a rejection of a rezoning request. Clanton had sought, unsuccessfully, on three occasions to get his property rezoned from residential to general residence so he could establish a trailer park. The city commission told him that there was too much opposition from property owners in the area to grant a zone change.

A request from Big Spring automobile dealers to close Main Street, from Fourth to Sixth, was granted for Nov. 17, when the annual automobile show will be held.

Mechanical cleaning of several thousand feet of sewer line was authorized, on a unit foot basis. City Manager Larry Crow and Public Works Director Bruce Dunn told the commission that recent floods, and a long period of time, had allowed silt and debris to accumulate in some sewer lines. The accumulation cut the capacity of the lines and caused some difficulty in low areas during high water periods.

Proposals from two pipe cleaning firms had been received and the Shur-Kleen Pipe Cleaners, Inc., Plainview, will be contacted about

CARD OF THANKS

The family of Mrs. Joe Williams wishes to express their sincere thanks for all the lovely cards and expressions of sympathy received at the death of their loved one. A very special "Thanks" to all the nurses at Cowper Hospital who were so very kind and gentle with our loved one during her illness.

Success Seen For Club's Candy Sale

Rev. V. Ward Jackson, chairman of the Kiwanis Club candy sales committee, said today he would make a report on the success of the sale at the Thursday luncheon of the club in Hotel Settles.

He said that a small turnout of club members showed up Tuesday night and that sales were good considering the few who were working. Tentative plans call for a general cleanup drive Friday in an effort to wind up the campaign in one night.

The club has been endeavoring to sell 2,000 bags of Halloween candy this week. The drive has encountered a number of handicaps. On its initial night, rains kept the workers from their task. The second night, a football game was in conflict.

Profits derived from the sale of the candy will go to bolster the club's funds for youth work and for retirement of a debt the club incurred to provide the Howard County Junior College with modern tennis courts.

Officers Named

WESTBROOK (SC) — Vickie Jarratt was elected president of the Young Peoples Class of the First Baptist Church Sunday. Other officers include Tommy Bryant, vice president; Janelle Williamson, secretary; Lynda Sullivan, treasurer; Louise Lewis, reporter; Donna Bryant and Larry Bell, social chairmen. Mrs. Rex McKenney is the class teacher.

Commission Purchases Two New Police Cars

Two new cars for the Big Spring police department were purchased at Tuesday night's city commission meeting.

Jones Motor Co. was low bidder on Dodge cars with a net cost to the city of \$2,613.32. Two cars were traded in. Delivery of the new cars is to be made in 35 days.

The unit price of the cars was \$2,289.16. One used car trade-in allowance was \$937.50, and the other \$987.50.

Shasta Ford Sales' bid listed the unit price at \$2,625.70 with trade-ins at \$1,025.70 and \$1,125.70, and the net cost at \$3,100.

Pollard Chevrolet's unit price was \$2,511.94. Trade-ins were \$800 and \$850, with net of \$3,372.00. Bids for a new radio base station, two transmitter consoles, and eight mobile units, for the public works department, are to be asked following a Federal Communications Commission regulation that all non-police transmissions be removed from the police radio station.

Roy Anderson, assistant city manager, told the commission that the FCC had ordered an application for a local government radio station must be filed before Dec. 7 or the city would run the risk of having the police department's radio station license revoked.

Anderson said list price figures showed that the base station, including antenna which could be mounted on the present police antenna mast on South Mountain, transmission lines, two consoles (one at the city hall and one at the public works field office at the warehouse yard) would cost approximately \$1,300.

Eight mobile units, for cars and trucks, would run to \$3,680. Installation cost would be around \$300. The estimated trade-in value of the eight units now being used was \$1,400, leaving a net estimated cost for the change-over of approximately \$3,880.

Anderson said permission would have to be granted by the Office of Civil Defense Mobilization to trade in the old mobile units, since that office had provided half the cost.

He also said that bids would be received as soon as possible in order that the application for the new station and frequency may be made before the Dec. 7 deadline.

OIL REPORT

Spraberry Well Is Indicated

Spraberry production in the southwestern sector of Dawson County picked up another new well in Standard's No. 1 O'Brien. It has not been potentialized yet, but it pumped 91 barrels of new oil in the first 18 hours on production.

In Martin County, Pan American No. 1 Humble-Wolcott is having mud troubles in attempts to take drillstem tests on the Silurian.

Another venture in the same county, Mobil No. 1 Donham, will be plugged and abandoned after testing the Spraberry. The test is in the northeastern part of the county.

Dawson Roden and Maguire No. 1 Adcock is digging below 6,189 feet. It is 2,173 feet from the south and 1,650 feet from the west lines of section 31-35-6N, T&P survey.

Standard No. 1 O'Brien, C NE NE, section 13-26E, Kent CSL survey, pumped 91 barrels of new oil and 70 barrels of water in 18 hours.

Garza Fair No. 1 Justice Estate, C SE SW SW, section 18-4, H&GN survey, is plugged and abandoned at 8,090 feet after packers failed on an attempted straddle test of the Strawn.

Glasscock Eisner No. 1 Clark Estate, C NW NW, section 42-35-4S, T&P survey, is drilling below 9,312 feet in lime.

Howard Tidewater No. 1 Lockhart is waiting on cement to set 8 1/2 inch casing at 3,186 feet. Operator is bottomed at 3,189 feet and has

Martin

Mobil No. 1 Donham, C NW NW, section 33-35-3N, T&P survey, is preparing to plug and abandon. Operator tested the Spraberry for more than 1 1/2 months.

Pan American No. 1 Humble-Wolcott is still trying to take drillstem tests on the Silurian, between 12,325-425 feet. On an attempt Tuesday mud troubles developed. Drillsite is 1,851 feet from the west and 606 feet from the north lines of league 250, Hartley CSL survey.

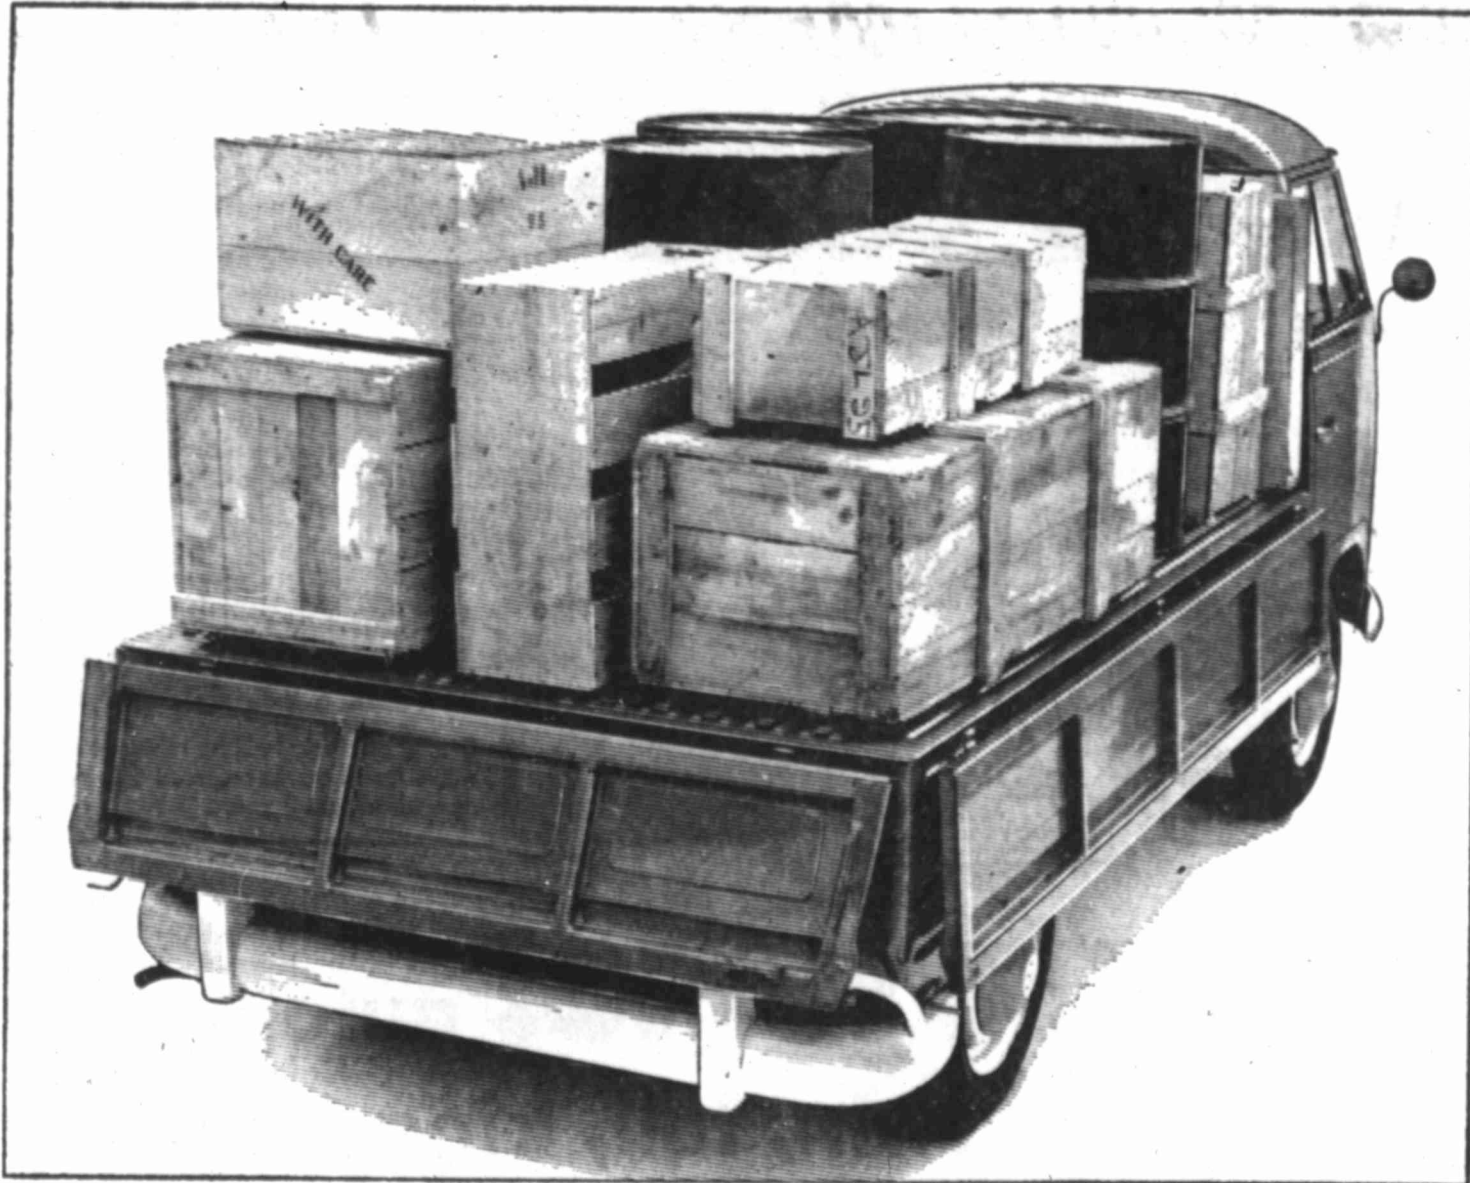

Credit Conference Set In San Angelo

STANTON (SC) — The board of directors and general manager of the Western Production Credit Association will attend an area group conference of PCA managers and directors in San Angelo Thursday and Friday.

President Jim Franklin, Stanton, will preside. Other association representatives that will attend are vice president E. G. Branch, Rankin; B. W. Golladay, Midland; Walter Poage, Rankin; and George Clark, Odessa.

Representatives of six associations from a 59-county area of West Texas and the Panhandle will attend the meeting, sponsored by the Federal Intermediate Credit Bank of Houston, supervisory and discount agency for all 36 PCA groups in Texas.

Topics on the agenda include management development and statistical data on operations of associations.

How would you get at the stuff in front if the sides didn't come down?

Does your pick-up keep things from you? Do you still have to unload the stuff in the rear, and then the stuff in the middle, to get at something in front?

The Volkswagen would never make you do that. The sides get out of your way.

All 3 sides drop on the VW. Like tailgates. You load it like a flatbed.

You work with a clear deck, 5 feet wide and 8 1/2 feet long. It's 2 1/2 feet longer than a standard half-ton.

And it's all flat. No wheel well.

You can carry 1,764 lbs. on the deck with no strain. Some owners even carry light tractors on it.

If it rains, we have hoops and a tarp that turn the VW Pick-Up into a kind of covered wagon. These are extra.

There's also a weatherproof locker 4 feet long and 5 feet wide under the bed. You can store tools there at night.

The VW Pick-Up is built a little differently from most others. For one thing, its body is welded into practically a solid hunk of steel. No bolts to loosen or rattle.

For another, its engine's in the rear. You get traction in mud, sand and snow. And it won't ever boil over or freeze up. It's air-cooled.

Up on deck and down in the engine room, the VW Pick-Up has little ideas for helping you that other pick-ups haven't quite caught up with yet.

One of the littlest is the price of the truck.

Halloween Carnival Set

GARDEN CITY (SC)—The Halloween Carnival will be held at the high school Oct. 31, according to B. L. Murphy, superintendent. King and Queen coronation ceremonies will be held in the gymnasium at that time. Candidates have been chosen for all grades in both elementary and secondary schools.

They are: first grade, Cynthia Currie and Gregory Gallamore; second grade, Lisa Hunt and Harley Loo; third grade, Bobbie Glenn and Dale Bohanan; fourth grade, Patricia Sawyers and David Pagan; fifth grade, Carol Jacobs and Douglas Gallamore; sixth grade, Sandra Stone and Russell Carter; seventh grade, Gaylene Etchison and Gene Pruett; and eighth grade, Olivia Stone and Billy Hoch.

Candidates in the secondary school are: freshman, Lana Short and Michael Hoch; sophomore, Linda La Marina and Dennis Seidenberger; junior, Gail McDaniel and Bobby Blalock; and senior, Betty Jo Schraeder and Ritchie Reynolds.

Taylor Selected For Committee

Jimmy Taylor, First National Bank, Big Spring, has been named a member of the 1962 National Farm-City Week Committee in Texas.

Dolph Briscoe Jr. of Uvalde, chairman of National Farm-City Week, said the purpose of the week is to increase the understanding between rural and urban residents of their interdependence on each other.

Communities throughout Texas and other states are planning special observances for Farm-City week, and both men and women's groups are participating in the activities. Mrs. C. B. Dewees of Fort Worth is Texas chairman of the Women's Activity Committee.

Livestock Judging Winners

town; L. D. Wythe, College Station; the coach; Layton Black, Levita. From left, front: Bryan Stuckey, Monahans; Larry Osbourn, Valley Spring; and John Kuykendall, Cherokee.

Castro Charges Piracy, Rejects Any Inspections

HAVANA (AP)—Asserting he has the weapons to "repulse any aggression," Prime Minister Fidel Castro rejected any limit on Cuba's arms buildup Tuesday night and called the U.S. arms quarantine an act of piracy.

"Our arms are defensive," Cas-

tro declared as he defied a U.S. proposal for the United Nations to send in an inspection team to investigate President Kennedy's charge that Soviet missile bases are planted in Cuba.

Anyone trying to carry out an arms inspection in Cuba "had better come ready for combat," the bearded revolutionary leader told the nation in a 90-minute television address.

Castro scoffed at Kennedy's warning in his speech Monday that the flow of Soviet arms to Cuba was a menace to the Western Hemisphere.

He ridiculed the Organization of American States for its solid support of the U.S. quarantine of Cuba. He called the organization's inter-American defense pact a "scrap of paper only" valid for those following in the flock of imperialism.

Castro, who had mobilized

Cuba's military forces right after Kennedy's blockade announcement, was 30 minutes late for his address.

President Osvaldo Dorticos, dressed in a militiaman's uniform, and other high government officials sat in the studio. An announcer said the prime minister was speaking "at a particularly delicate moment in the history of the world."

Castro emphasized he would tolerate no outside interference on the question of arming Cuba and implied it was the United States that had forced him to arm.

Castro spurned the U.S. plan before the U.N. Security Council to send U.N. observers to see that Cuba complies with Kennedy's demand that Soviet offensive weapons be dismantled and re-

U. S. Electrifies Latin America

By WILLIAM L. RYAN
An AP News Analysis

MEXICO CITY (AP)—The United States appears to have electrified Latin America and to have leaped overnight to a position of real leadership in the Western Hemisphere with its bold showdown challenge to the Soviet Union.

Latin American sources attending the hemisphere finance ministers conference here say that the initial shock has worn off and that Latin leaders are taking a new and appreciative look at Washington.

If the United States wins its gamble to halt the Soviet weapons buildup in Cuba, these sources say, it will be in a far better position than ever before to push ahead with the Alliance for Progress program to lead the hemisphere toward political, social and economic stability.

The extreme left is not expected to take all this lying down. The Communists and their Castroist allies in Latin America can be relied upon to do all in their power to threaten governments and leaders with noisy demonstrations and various forms of violence.

But something new has been infused into the Latin-American scene with the development of the greatest world crisis since the end of World War II.

The overwhelming vote of the Organization of American States in support of President Kennedy's decisions is a token of the change.

Latin Americans point out that President Kennedy's action will not necessarily make people of the hemisphere love the United States. But they say that if the Kennedy decision is made to stick, it will create respect for the United States of a sort which was not there before.

In private, Latin Americans of the educated class concede that their countries look for strong leadership. It is, they say, part of the heritage of the "caudillo," the strong chief who commands respect rather than affection.

In private they will concede, too, that they may say one thing while meaning another. In the past two years at hemisphere conferences, Latin-American leaders have stubbornly opposed strong action against Cuba, offering the explanation that pressures upon them left them no other choice. There is a hint in all this

that if the strong leadership had been present the United States would have insisted stubbornly upon having its way and eventually would have won it.

President Kennedy's action against the Cuban buildup was taken without prior public blessings from the governments of Latin America. Yet even governments which had followed the soft approach to Castro readily fell in behind Washington.

The new thinking and the new hint of excitement have been reflected in speeches at the finance ministers conference. There are new calls for more positive, aggressive economic action, for planning which reaches down to the grass roots, for less bureaucracy and red tape.

There is also appearing a note of refusal to apologize any more to the extreme left.

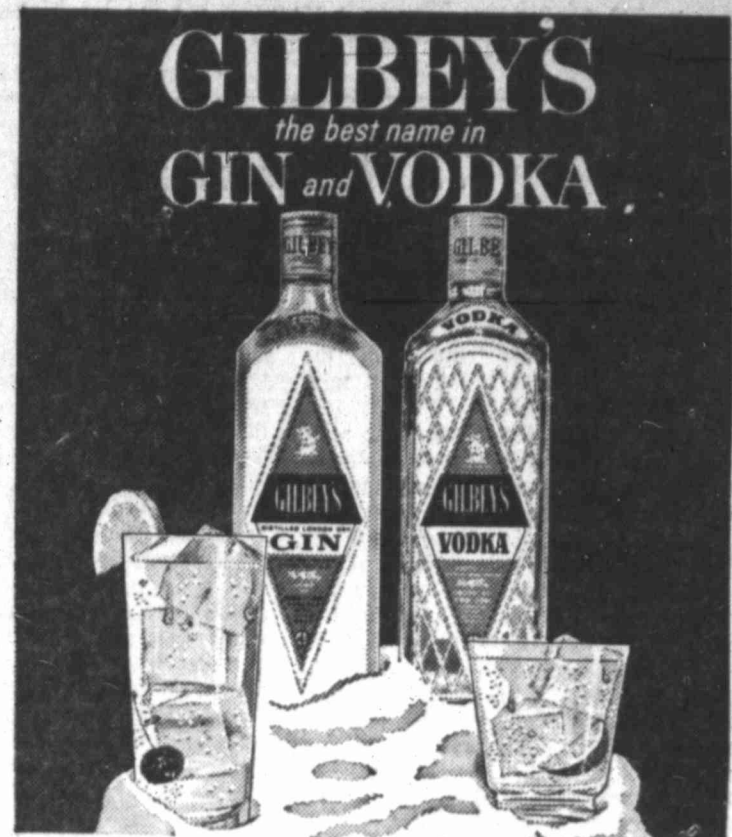

In essence, there seems to be developing in Latin America a call to battle with the extremists on the economic, social and political fronts. For this, tough leadership in Washington might be just what the hemisphere doctors ordered.

Mexican Support

MEXICO CITY (AP)—Mexican newspapers reported Tuesday solid support of the United States' action against the Communist arms buildup in Cuba.

A Devotional For The Day

Herein is my Father glorified, that ye bear much fruit; so shall ye be my disciples. (John 15:8.)
PRAYER: Our heavenly Father, we thank Thee for this life and all Thy blessings, which we receive from Thee from day to day. Grant that we receive these gifts with thankful hearts and use them in the service of others. Through us may others be blessed, in the name of our Lord. Amen.

(From The 'Upper Room')

The Unforeseeable

In a situation as hazardous as the present international crisis, complete and accurate information is not predicting the results of the United States decision to effect a military quarantine of Cuba.

There are several possibilities, the most sobering of which is a direct challenge to our policy of intercepting all carriers into Cuba and turning back those bearing arms and materials deemed to be militarily offensive in nature. If Russia or any of its satellites attempt to run this selective blockade, there can be chain of events erupting into shooting war. If, on the other hand, Russia resorts to cries of anguish and ineffectives but acquiesces in the quarantine, there may be a period of relaxing of explosive tensions.

The appeal of both sides to the U.N. Security Council is not likely to produce results except as a possible safety valve. Russia's demand for a denunciation of the U. S. policy as aggression is not apt to be acceptable by the council, and indeed it would not be acceptable at all to us. Similarly, the Soviets are apt to block demands for action upon them. The alternative is that some agreement might be worked out for using the council to seek the accomplishment of a neutralized Cuba.

Meanwhile, the Organization of American States has given solid backing of the quarantine, and if events continue un-

abated, it is not illogical that in time the quarantine could ripen into a full fledged blockade. In short, the pressure of complete economic reprisal would be substituted for direct military action. With Cuba in dire straits already, this could produce a chaos that not even Castro's dictatorship could withstand. This is perhaps the only hope of internal action in Cuba, and this could result only if Russia decides to write off Cuba, a prospect that is obscure if not remote at this moment.

Elsewhere in the world developments will be watched closely. The clash between Indian forces and Chinese troops, which now claim the right to scrap previous agreements and invade Indian territory, is tremendously portentous. The war in Viet Nam is tedious. What happens in these theatres could well determine reactions in Korea and particularly on Formosa, where Chiang waits for a crack at the China mainland. And finally, and by no means least, is the matter of Berlin. We have said unequivocally that we will not be pushed out of Berlin in violation to our rights to be there. What if Russia uses the puppet East Berlin government to try to accomplish that in reaction to our Cuba action?

Make no mistake, these are critical moments—extremely critical moments. It is a time for calmness and of resolve. It is a time for prayer, for faith and for courage.

Coahoma Earns A Fire Rate Cut

Two of our neighboring cities have received reductions in fire insurance rates. Colorado City had three cents cut from its rate, which will mean about \$1,500 savings on premiums of \$43,216, or 3.3 per cent.

Coahoma also will save about \$1,500, but on premiums of \$13,648, this amounts to about 11 per cent. That's a pretty substantial saving in anyone's books.

How can Coahoma, in the wake of one of its most costly fires, qualify for a rate reduction? The answer is probably two sided. For one thing, Coahoma has

added a new piece of fire equipment which, on a per building basis, gives it one of the best standings in the region. Coupled with this is an effective volunteer fire department.

An equally important factor is the improvement of Coahoma's water supply system. With more adequate water reserves assured, and with a number of new fire plug locations, the town is much more secure against the danger of major fires.

Whatever the reasons in either case, we're happy to see our neighbors qualify for the saving.

David Lawrence

Penalties On Business

WASHINGTON—Some day, when there's a deep depression in America while the European economy forges ahead, there will be post-mortems to find out the why and the wherefore.

Some of the things happening today that are glossed over or ignored will doubtless be recalled, and maybe a remedy will then be prescribed. But, as of now, such principles as "equal protection of the law" are being disregarded and business is being severely handicapped. In some instances, enterprises are being strangled and forced to close down altogether. Here are a few of the practices that reveal glaring inconsistencies in today's labor-management laws and in the interpretations given them by the National Labor Relations Board:

1. A COMPANY that goes out of business because it thinks it cannot make ends meet is penalized by being ordered to continue to pay wages for work not being done if somehow the closing down can be related to a labor dispute. The "obligation" then continues indefinitely or until the workers some day find "comparable" jobs. The big labor unions, however, with tens of millions of dollars in their treasuries are not required to bear any of this expense.

2. A labor union can conduct an unjustified strike and put a company out of business but is under no obligation to reimburse the employer for any of his losses.

3. A LABOR-UNION executive for a region of area—with authority over many local unions—can nullify the desires of the members of a local union who may wish to accept a cut in wages as a means of helping to keep their employer in business.

Recent news dispatches describe instances in which companies have gone out of business due to labor difficulties.

THUS, THE NATIONAL Labor Relations Board—which now is controlled by Kennedy administration appointees—announced last Thursday that Deering Milliken, Inc., one of the country's largest textile companies, had been ordered to assume back-pay payments in behalf of a small company in Darlington, S. C., that it does not own but which happens to have in it some individuals who own

some stock in both companies. The payments start from the time the Darlington Manufacturing Company closed down in 1956 through the present and up to any future date until the employees shall find "comparable" employment.

THE BOARD, by a 3-to-2 vote, analyzed the reasons for the shutdown and ruled that, while some of the causes may have been economic, the fact that there happened to be a labor dispute in which animosity was displayed by the employer toward the organizing of a union superseded all else and hence justified the imposition of a penalty in the form of back pay. No consideration was given to the company's legitimate desire to avoid the higher wage costs that the union would demand.

The textile company, in fighting the case, relied on a decision of the Eighth U. S. Circuit Court of Appeals, evidently believing that in these days a court decision is a sacred matter and presumably must be obeyed even by governmental boards. The court had said:

"BUT NONE of this can be taken to mean that an employer does not have the absolute right, at all times, to permanently close and go out of business, or to actually dispose of his business to another, for whatever reasons he may choose, whether union animosity or anything else, and without his being thereby left subject to a remedial liability under the labor management relations act for such unfair labor practices as he may have committed in the enterprise, except up to the time that such actual and permanent closing or true and bona fide change in ownership has occurred."

But the National Labor Relations Board said all this was "obiter dicta"—extraneous opinion—because, in that same case, the court happened to order reinstatement by the successor company of some employees unlawfully discharged by the predecessor company. In the Darlington case, however, there is no successor company, as the assets have been sold at auction. No case exactly like this one has been reviewed by the courts.

AS FOR the instance in which the regional director of a steel union in western New York insisted that the local union in a small company maintain its wage rates in accordance with the rates prevailing in the big steel companies, this resulted in a closing of the plant. In this case, the company not only had recognized the union but had made a contract with it in 1960 which was still in effect. Yet, when most of the members really wanted to revise that contract to save their jobs, the national union stepped in and pressured the local union into voting against acceptance of the pay cut. It is reported that a threat was made to deprive the local union of certification in the international union.

SO THE Buffalo Steel Company went out of business. Its 450 employees now are out of work and the prospects for re-employment are dim, because the area already has 7.9 per cent unemployment, which is well above the national average.

That's how the labor-union monopoly operates today in America, while European competitors, which face no such obstacles, are steadily sending their products to this country for sale at lower prices.

'War Scare' Will Rule The Markets

NEW YORK (AP)—The war scare as it grows or ebbs in coming days will rule the stock and commodity markets.

Stock prices tumble if war seems imminent or, worse, if it starts. Fear of what war will do to peacetime industry sends prices of stocks of consumer product makers tumbling. What passes for prosperity in wartime is quite different from the real thing in peacetime.

BUT A SCARE, if it seems to be no more than that, can bolster stocks of companies that traders guess—they can't always be sure—will get increased military orders and profit from them, or can convert quickly from consumer to defense production.

Actual war disrupts stock markets everywhere. After the outbreak in 1914 of World War I the New York Stock Exchange was closed for four and a half months.

Commodity prices usually rise sharply at the first hint that world trade routes may be clipped, or that businessmen will be rushing to stock up on supplies before they become scarce, or that housewives will buy anything from food to appliances they fear may be rationed.

Sober second looks may change this. At the time of the Korean War, American housewives went on a scare buying binge, despite assurances that the war was too small to disrupt consumer production or to tax production facilities. Only after food began spoiling on the shelves did some of them learn that all they had done was send prices up needlessly.

STOCK TRADERS will be busy trying to guess how serious the quarantine of Cuba will be—what the reaction of the Soviet Union or of some of our allies shipping goods to Cuba, will be.

If the United States succeeds in calling Soviet Premier Khrushchev's hand, there will be still another aftermath of a bigger build-

up in U.S. defenses. There is almost sure to be a belief among American businessmen and consumers alike that trouble will be just that much more likely in other parts of the world where Khrushchev tries to regain face.

Paring industrial material stocks tends to stop even when a war scare turns into a shaky peace. Buying of consumer goods, already planned, may be delayed no longer by many families.

WHILE Americans are trying to

decide how serious this war scare is, or while they're waiting for the Soviet Union to react in deeds, that is, not words—many are expected to follow the usual pattern.

The timid will sell stocks, preferring cash in hand. Others will stay on the sidelines and put off any buying plans. Some will look for stocks they think will profit from a defense buildup.

Few sober observers will argue there's anything healthy about the fever-glow of wartime activity or of massive defense buildups.

Cynthia Lowery

A Responsible Job

NEW YORK (AP)—Network television and radio is doing a responsible, carefully restrained job of keeping the American public informed during the crisis over Cuba.

There has been no relaxation in coverage since the President's broadcast address Monday night. A constant stream of special news reports, programs and bulletins which have interrupted entertainment programs have kept us up to the minute. Some of the bulletins did not report new developments but were welcome reassurance that nothing new had occurred.

Television had its cameras on the meeting of the United Nations Security Council, the session of the Organization of American States and on the facade of the White House. From points where television could not set up cameras, it brought in the voice reports of its correspondents.

The correspondents stuck close to the facts, refraining from theory or prediction. They were uniformly selfless, concerned and, thankfully, calm.

It was almost impossible to concentrate on the regularly scheduled entertainment shows, although it was comforting to know that as long as the set was

on you wouldn't miss anything important.

Tuesday night the comedians' jokes seemed silly—not a bit funny. The careful sound of audience laughter on the Garry Moore Show, taped last week, sounded out of place. ABC's "Cornball" was a long hour about disarming an unexploded German bomb and it was surely no night for a war story. Fist fights and quickdraws were boring. Not even Edie Adams in a tunic and rather offbeat little special, was able to take one's mind off the troubled world.

There must be some dancing in the corridors today at CBS. The authoritative Nielsen ratings, estimating audience sizes, were released Tuesday—with "The Lucy Show" in the No. 1 position.

What's more, in Nielsen's list of the top 10 weekly shows actually it became a tie in ratings—CBS had seven; NBC, three, and ABC, one.

Next to the phenomenally successful Lucille Ball series, came "The Andy Griffith Show," followed by "The Danny Thomas Show." In fourth place was another new CBS comedy series, "Beverly Hillsbillies," tied with NBC's "Bonanza," a top show last season.

To Your Good Health

Charlatans Should Be Reported To Authorities

By JOSEPH G. MOLNER, M.D.
Dear Dr. Molner: There are some men in this area (not doctors) who treat people through the bottoms of their feet. They claim to open the blood vessels and tell which organs of the body are afflicted by pressure of a certain part of the foot.

Lots of people consult these men. My husband has emphysema, ulcers, etc., and is going for treatment. He has not been helped so far and I think the man is a quack. He isn't even well-educated. I would like your opinion.—MRS. H. H.

This is a new one on me, but charlatans keep cooking up hokum too fast for any one person to keep track.

You will be doing a great public service, and perhaps even save some lives, by reporting such people to the authorities (local or state health department) without delay.

Dear Dr. Molner: I am a 15-year-old girl and have a problem with my teeth. They are yellowish, which is embarrassing. I've gone to a dentist and he said to have them cleaned. Will the enamel of the teeth be destroyed? Will they decay rapidly after I have had cleaning done? My father says, "I keep brushing."—S. J.

I agree that you should keep brushing, but I would follow the dentist's advice, too, and have him clean the teeth more often. This removes tartar and other accumulations that won't come off with ordinary brushing.

enamel. Instead, it will reduce risk of decay. I've had this done every few months for many years, and I've had much less tooth trouble than people who don't realize the value of professional cleaning.

Dear Dr. Molner: Four years ago my daughter became deeply depressed and was treated by electrical shock. Recently she again entered the hospital for the same treatment.

I have heard that shocks can permanently injure the brain, and since the treatments did not cure her the first time, I wonder if it is wise to continue.—Mrs. M. S.

Electro-shock therapy has some risks but brain damage is not among them. The principal danger is physical injury from the convulsive reaction, but doctors take every precaution, since they know of this problem.

When you say your daughter was not "cured," don't forget that she was brought out of depression for a period of several years. That is no small accomplishment. Recurrence of such illness can occur and additional treatment is necessary.

Dear Dr. Molner: I have Hunner's ulcers of the bladder. I would appreciate any information

I can give you. They are tiny ulcers which occasionally occur in the urinary bladder, causing frequency and sometimes bleeding. Their control consists primarily of clearing up any infection, either of kidney or bladder, or at some remote site,

such as teeth, tonsils or sinuses. Irrigation of the bladder also is helpful.

The ulcers tend to heal and disappear if the infection is eliminated.

Dear Dr. Molner: What is the effect of eating starch? My husband eats about four boxes of ordinary starch a week and enjoys good health otherwise, but he has this craving.—F. S.

The oddity of taste and appetite isn't particularly uncommon, but I know of no reason for it. The only dangers are, first, that the extra calories in the starch make you fat; second, if you fill up on starch, you may spoil your appetite for more vital foods—protein, vegetables, fruits, cereals.

What are ulcers? How should they be treated? What can be done to help rid yourself of ulcers and stay rid of them? For answers, read Dr. Molner's helpful booklet, "How to Heal Peptic Ulcers and Keep Them Healed."

For your copy write to Dr. Molner in care of the Big Spring Herald, enclosing a long, self-addressed, stamped envelope and 20 cents in coin to cover cost of printing and handling.

Dr. Molner welcomes all reader mail, but regrets that due to the tremendous volume received daily, he is unable to answer individual letters. Readers' questions are incorporated in his column whenever possible.

Around The Rim

Incident On Second Street

In this business I've been thrust into a few ticklish situations where violence threatened, but never have I actually seen anyone shot or shot at. On occasions I have heard a shot and learned that it had claimed a life, but always I was separated by a margin of time and distance from the actual occurrence.

The nearest I remember ever having come to it was when I was a lad, and that was enough to convince me that I never really wanted to be around when something of this sort happened.

I DON'T KNOW that I even recall who the principals were in this event, but some of the details are etched in my mind, particularly the fearful but happy ending.

This incident took place on West Second Street. On the north side of the street was the bank, with offices overhead. Separated from the bank by a stairwell and occupying the west end of the building was the post office, a sort of focal point for town activities. Across the alley, where lately the Bon Ton Bakery had been, was an undertaking establishment.

SECOND STREET was a dirt affair with gravel top. The area next to the sidewalk was splashed with tobacco juice and sprinkled with Bull Durham sacks. A few Prince Albert cans, flattened by buckboard wagons and Model-T flippers, nestled in the sand and gravel.

It was in the afternoon, after school as I recall, and a lot of kids had come to town. Also, the T&P shops whistle had

blown and a lot of hands were making their way to the stores or through downtown toward home.

Almost as though by premonition, people began rushing toward the post office. Somehow word had spread that trouble was brewing.

I DON'T EVEN know how I got there, but as I rounded Main into Second I sensed the crowd was fading back. One line pressed back against the walls of the bank and post office. Another retreated methodically back across Second toward the drug store. Between them stood two men, and behind them was pure daylight.

There they stood, each peering down a rifle with the other in his sights. They didn't waver, and even the breeze seemed to stand still. No one spoke a sound. And there they stood, like two statues, but with a finger tensed on the trigger.

THIS COULDN'T HAVE gone on for more than a minute or two, but it seemed like an eternity. Suddenly, a block down the street there came a wail. One of the men's wives came running like the wind and crying out, threw her arms around his neck so that her body was in front of his. His adversary lowered his gun. The woman wept, the crowd moved in and the crisis passed. I never knew for sure what the trouble was, probably misunderstanding over a trade. I never forgot, however, that penetrating, haunting look in the eyes of those two motionless figures.

—JOE PICKLE

Inez Robb

'The Joy Of Cooking'

When I read the obituary of Mrs. Irma S. Rombauer last week, I felt that I had lost one of my best friends, even though I had never seen or met this 83-year-old author of "The Joy of Cooking."

Her masterpiece has been a lamp unto my culinary feet for so many years that I sometimes thought of her as a member of the household. Indeed, through her book, I have spread domestic peace and tranquility through the land for almost a quarter of a century.

FOR YEARS I have mailed a copy of "The Joy of Cooking" to my friends and then to my friends' children when they were married. In all modesty, it seems to me that no writer of advice to the lovelorn can or could do more to make marriage a happy and an honorable estate.

Since the genesis of her famous book began with a pamphlet designed for a bride—her own daughter, Mrs. Marion R. Becker of Cincinnati—it was and is a helping hand to the newlywed.

IT WAS ALWAYS Mrs. Rombauer's wise contention that any woman could learn to cook if (1) she could read and (2) there is no excuse for poor cooking.

Her daughter's friends kept Mrs. Rombauer so busy copying the 100 recipes she had selected for Mrs. Becker that eventually the author expanded the recipes to 350 and had them mimeographed. She gave them away with no thought of profit.

FINALLY, IT occurred to Mrs. Rombauer, a widow, that there might be money in a cookbook. So she added another 350 recipes, making 700 in all, and had the book printed in 1931 at her own expense. The title she chose, "The Joy of Cooking," was not so much a name as a message.

The book enjoyed a pleasant enough sale in St. Louis, Mrs. Rombauer's home town, but it was not until Bobbs-Merrill took it over in 1934 that "The Joy of Cooking" began its slow growth into a national institution. It jogged along, selling 8,000

to 10,000 copies annually until 1943. Then one of the most dynamic Americans who ever lived, Wendell Willkie, defeated Presidential aspirant, accidentally sent its sales skyrocketing.

IN THAT YEAR, Willkie's own book, "One World," was the No. 1 best-seller all over the nation with the single exception of St. Louis. In that city, "One World" played second fiddle to a new edition of "The Joy of Cooking" by a home-town author.

Mrs. Rombauer, always a shy woman who could seldom be coaxed to make a public appearance, picked up her courage and her pen and wrote Willkie. She apologized prettily for the fact that she and St. Louis had kept him and his book from a clean sweep of first honors from coast to coast.

IN TURN, Willkie wrote Mrs. Rombauer a charming missive saying he was delighted to yield honors to her in St. Louis, since Mrs. Willkie had used "The Joy of Cooking" as a kitchen Bible for several years. There followed a note from Edith Willkie.

The delightful correspondence between the three was widely printed around the nation. It sent the sale of the cookbook skyrocketing to 75,000 copies in 1943. (That is the famous wartime edition of the cookbook, which many cooks still cherish. The resourceful Mrs. Rombauer, mindful of wartime shortages, wrought a miracle by coming up with an Angel Food Cake that called for only two eggs instead of the traditional 12 to 13.)

EVER SINCE Wendell Willkie lent a helping hand, the Rombauer cookbook has sold 90,000 to 100,000 copies annually, an inspiration to women and a godsend to the men they feed. The book, which started out as a handful of family recipes set down for a bride, made Mrs. Rombauer a millionaire.

No woman ever earned money more gloriously or was a greater benefactor to mankind in the process. Ave atque vale, with love.

(Copyright, 1962, United Feature Syndicate, Inc.)

Fascinating, Useful Book

Fascinating. And reasonably priced: Three pages for a penny. Here you can see yourself, your neighbors, and your faraway cousins and aunts in Oregon, Oklahoma, Indiana, or New York where they can't put on airs. They're unvarnished statistics. And so are you.

What a wonderful game! Call it "Serendipity." Leafing through the 1,048 pages, including 46 pages of index, preface, and table of contents, you search for one thing and stop transfixed as your imagination fastens on something else—like skipkip-hopping through a dictionary.

YOU SEE ONE social change after another. You can plot the "Go west, young man" movement of the center of economic gravity in America.

In 1790, the approximate heart of U. S. population was 23 miles east of Baltimore. Ten years later it was 18 miles west. By 1810 it had moved southward to west of Washington, D. C. In 1860, the center neared Chillicothe, Ohio; by 1910, Bloomington, Ind., and by 1950 it was in Illinois and still is—and moving westward.

AS A CITIZEN, you can claim credit for this wonderful volume, first as one of the statistics and second as a co-publisher. It was compiled by your Bureau of the Census in your Department of Commerce. But don't let that go to your head. For a copy, you still have to shell out your own \$3.50 to your Government Printing Office, Washington 25, D.C.

What a source for moralists, sociologists, and tschik-tschik-tschikers. It traces statistically the acceleration in divorce rate among men and women and the sharp rise in illegitimacy.

BACK IN 1940, seven out of every thousand unmarried women had babies; today it's 23 percent. And though the white female population outnumbers the nonwhite by about eight to one, unmarried motherhood among the nonwhites is far more prevalent. Is this a moral or an economic commentary? Sociologists and statisticians will debate this growth. Part of it could be better data-gathering—having more accurate reports than twenty years ago.

Interested in eating habits? Beef con-

sumption per capita has risen 75 per cent—from 49 pounds in 1930 to 87 pounds in 1961—but veal, pork, and lamb consumption has declined. Chicken has doubled on the American dinner plate and turkey has quadrupled.

WHEAT FLOUR use per capita is down about a third. Does this reflect calorie-conscious birth-control, or less rigorous indoor living, or a reaction to mass-production bread?

You'll see statistics on telephones—77,000,000 of them; automobiles, three out of four families own them; agriculture—productivity per acre, per man, and per head of livestock—the more we try to control farm production the more we increase it by technological and methodological improvements.

AND WHAT FURTHER do you wish? Wages of workers; dividends of stockholders; the number of college graduates; the degree of air pollution by cities; artificial satellites in orbit; atomic energy; and the amount spent on and the number of persons engaged in research and development? Search the index.

It's called the Statistical Abstract of the United States and is just about the finest statistical compendium in the world.

You can be proud of this book as a citizen and co-producer. And, if you're interested in business, geography, economics, politics, and sociology, you can't afford to be without it.

WHAT OTHERS SAY

Reform of our antiquated tariff structure, like tax reform, is long overdue. Trade cannot expand, nor can American industry maintain its competitive strength by resorting to any longer to protectionist measures. An efficient and growing economy depends on accepting the disciplines imposed by competition. Protectionism has had its day.

GOP Daughter Adapts As A Kennedy Wife

HYANNIS PORT, Mass. (U-P)—On or about Nov. 7, the day after a new senator is chosen in Massachusetts, Joan Kennedy will start calling at least a small part of her life her own.

Since last April, the blonde and willowy Joan, newest adult member of the vast and thriving Kennedy clan, has spent a good deal of her waking hours on her husband Ted's campaign for the Senate.

It's not that Joan minds keeping irregular hours, or her husband's frequent absences, or meeting strange people from another social world who speak the unfamiliar jargon of politics.

She recognizes that as part of being a Kennedy, "First of all," says Joan with disarming seriousness, "I'm crazy about my husband. I want to be part of his life. And politics is most of Ted's life."

LEARNS QUICKLY
Until October, 1957, politics held little fascination for Joan Bennett, eldest daughter of a staunch Republican family from Bronxville, N. Y., and a student at Manhattanville College of the Sacred Heart in Purchase, N. Y.

"Then I met Ted and started going around with him. Ted's so enthusiastic about everything. It's contagious. But I don't think I really caught it until this year."
When Ted delivered the dedication address at the opening of a new gymnasium built for her college by the Kennedy Foundation, Ted's sister, Jean, introduced them.

REPUBLICAN EYEBROWS
A few months later they were engaged and Joan climbed aboard the political bandwagon.
They were married on Nov. 29, 1958—with scarcely an eyebrow raised among the Republican Benettes of Bronxville.

"They're not THAT Republican," laughs Joan. "Besides, they're crazy about Ted. In fact, she adds in a confidential tone, "I think they voted for my brother-in-law."

By the time their first child was born in 1960, Joan was a veteran campaigner.

A short time later, Joan was back campaigning for Jack's presidential nomination, traveling by bus with Ted and the energetic Kennedy sisters through the coal-mining towns of West Virginia.

KENNEDY NAMES
Her daughter's name, Kara, is

Correction

It was incorrectly stated in Tuesdays report of the Beta Omicron Chapter, Beta Sigma Phi, that Mrs. Robert Blessingame was transferring to Houston. It should have read: Mrs. Robert Blessingame presented a bracelet charm to Mrs. Ronald McMillan, who is transferring to a Houston chapter.

Miss Malone Marries At Home Of Sister

LAMESA (SC) — Miss Wanda Louise Malone and Finis Ray Rogers were married at 3 p.m. Sunday in the home of the bride's sister, Mrs. Olen Bullard. The Rev. Clifton Igo, pastor of the Second Baptist Church here, officiated in the double ring ceremony.

The bride is the daughter of Mr. and Mrs. Johnnie Malone. Mr. and Mrs. Jed Rogers are the parents of the bridegroom.

Given in marriage by her father, the bride wore a formal gown of Chantilly lace and tulle over net and taffeta. It was designed with a fitted bodice, square neckline and long tapered sleeves outlined in seed pearls. Her circular veil of silk illusion was attached to a crown of se-

Before The Mast

Joan Kennedy sits with daughter, Kara, left, and Edward Jr., in front of a ship model, part of their living room's nautical decor.

Gaelic for "dear little one," found in a book of old Irish names that Ted picked up while browsing in a bookstore.

Their second child, Edward Jr., was born last year. He's known as Edward to some. Teddy to others. Joan calls him "Edouard."

Once Ted announced his candidacy for the Senate last April, Joan has devoted virtually every evening to some form of campaigning. First it was rounding up delegates to the Democratic State Convention.

STAGE FRIGHT
A few weeks ago, Joan accepted an invitation to address a meeting of women at Ohabi Shalom (Jewish) Temple in Brookline with the wives of Ted's rivals, Mrs. Nancy Lodge and Mrs. Suzanne Hughes.

"All the way to Brookline," she says, "I practiced saying the name of the temple. Then, at the last minute, I lost my nerve. I skipped the name. I was afraid I'd mispronounce it."

Right now, the name "Ohabi Shalom" rolls off her tongue as if she spoke fluent Hebrew.

Usually, Joan operates on her own campaign schedule, supervised by Sally Fitzgerald, wife of a Kennedy cousin, Bob Fitzgerald. Sally drives her around, keeps her company and acts as an informal secretary.

During the campaign, the children have been staying at the old

Garden Club Elects New President

A new president, Mrs. Tippi Anderson Sr., was elected Tuesday morning by the Rosebud Garden Club, meeting in the home of Mrs. Clyde E. Thomas Jr., 400 Washington Blvd.

Mrs. Anderson will fill the office vacated by the resignation of Mrs. Dick Lane.

Tickets for the flower show to be held at the Big Spring Country Club, Nov. 3, were distributed among members for sale. Tickets are priced at 50 cents each. "Japan" was chosen as the club's flower show theme. Members voted to give financial aid to the Big Spring State Hospital Christmas Fund.

Refreshments were served to 15 members from a table centered with a Hakota doll and single white rose.

Mrs. Walter H. Ross will be hostess for the next meeting on Nov. 27.

Maules Announce Daughter's Plan

LAMESA (SC) — Mr. and Mrs. Wilburn R. Maule announce the engagement and approaching marriage of their daughter, Linda Vonell, to Jimmy W. McAninch of Merkel.

The wedding is planned for Nov. 24 in the home of the bride-elect's parents here.

The bride-elect, a graduate of Lamesa High School, is employed by Lamesa National Bank. The prospective bridegroom, a graduate of Merkel High School, attended Texas Tech, and is now employed by Crimm Auto Supply here.

SISTERLY VISIT
At least until their 7 p.m. bedtime, Joan can be located there, too, lounging in slacks, an old sweater and sneakers or boots. She usually begins campaigning after the kids are asleep.

Once the campaign is over, win or lose—and Ted's favored to win—Joan has two personal projects in mind.

First, she's going down to Austin, Texas, for a long-delayed visit with her younger sister, Mrs. Candy McMurrey, whose husband is studying law at the University of Texas.

Then she's going to catch up with her scrapbook. She takes pictures of Kara and little Teddy, sends the film to the drugstore for processing, then cuts the two or three best prints from the roll of 12.

The bride is the daughter of the Rev. Fred Clark of Virginia and Mrs. Elizabeth Clark of Dallas.

Commandments Topic For Parents

"The Ten Commandments for Parents" was a devotion used by Mrs. Roy Rosene at the Reba Thomas Circle meeting in the First Methodist Church parlor Tuesday evening.

Mrs. W. H. Gray was hostess with Mrs. Ed Shive leading the opening prayer.

The study course discussion, "Today's Children," was guided by Mrs. Lige Fox, Mrs. W. S. Goodlet and Mrs. W. D. Duggan. Fourteen members of the class were present.

Mrs. Goodlet, 1902 Gollad, will be hostess at the next circle meeting, Nov. 13.

Duffel Bags Packed To Ship Overseas

The packing of duffel bags for shipment to needy persons overseas was the main undertaking when members of the Esther Circle of Kentwood Methodist Church met at the church Tuesday morning.

Mrs. Kenneth Born, president, conducted the meeting as officers of the class made district quarterly reports.

A program on literature and public relations was presented by Mrs. Harold Pearce, assisted by Mrs. Born and Mrs. Tommy Franklin.

Ten members and a visitor, Mrs. Jim Smith, were present. Mrs. Eddie McLain will be in charge of the program for the Oct. 30 meeting at the church.

'Politics' Theme Of Program

A film from the Ford Foundation Library, "Where Were You?" was presented for the Tuesday evening program of Business and Professional Women. Held at the Wagon Wheel Restaurant, the meeting was conducted by Mrs. Fred McGowan, president. Mrs. Cass Hill, chairman of the legislative committee, was in charge of the program. The invocation was given by Mrs. Vena Lawson.

The film depicted the story of behind-the-scenes operations in a political party. It told of choosing the candidate; the nomination; and campaign for election. The story of election was portrayed, demonstrating the apathy of many which enables a few to win and dominate politically.

Also, the film reviewed the rights and advantages accrued by the average citizen who participates in political activities. It pointed up the urgency of an enlightened and participating electorate in proper functioning of political parties.

Guests for the evening were Mrs. Lou Wolfson, Mrs. John Bennett and Miss Johnnie Polk. A new member was Miss Wilrena Richbourg.

All-Day Events Slated At Club

In conjunction with the senior golf tournament at the Big Spring Country Club, there will be a bridge tournament, a Mexican costume dance and a La Fiesta supper, Saturday afternoon and night.

All bridge players who are members of the club or an associate club are invited to participate in the bridge tournament which will begin at 1:30 p.m. Entry fee will be \$1 per person. Prizes will be \$25 for first place; \$15, second; and \$10, third.

Mrs. Elmo Wasson, chairman of the bridge committee, is to be in charge. She will be assisted by Mrs. H. W. Wright, Mrs. Lloyd Wasson and Mrs. Z. M. Boykin.

Morris Patterson, chairman of the entertainment committee, is in charge of dance and supper arrangements. The Mexican theme will be carried out in costumes and decorations. Dancing will begin at 8 p.m., with supper to be served later. Members may bring guests. Manuel Puga and orchestra will provide the music.

Over Five Hundred Recipes In Judging

Time has expired for submitting recipes in the Herald contest for a food-preparation booklet, and there are no less than 579 of them.

The recipes (each of them without any identification) have been taken to Lubbock, where advanced classes and faculty members in the Department of Food and Nutrition are to judge them.

There will be eight prize winners—one in each of seven recipe categories, and a grand award. Cash prizes will be paid, \$10 for each of the classifications, and \$100 to the grand winner.

Every recipe received will be printed in a special collection, titled "Tastes O' Texas," in a supplement to The Herald to be issued in November. The magazine will be available at a special sales price in addition to being a part of the regular Herald issue.

Here's the way housewives of the area turned in their favorite recipes: Salads, 69; Breads and Rolls, 54; Main Dishes, 92; Vegetables, 36; Pies and Cakes, 191; General Desserts, 113; One-Dish Meals, 24.

'The Year 2000' Theme For Spoudazio Foras

How women will look fashion-wise in the year 2000 was the program theme Tuesday evening for Spoudazio Foras Study Club.

Thirteen members, attired in imaginative future fashions, met in the home of Mrs. J. W. Dickens, 624 McEwen.

"Women—Sharing Their Fashion Sense" was the program presented by Mrs. Bill Coleman. Current world-wide trends in dress were reviewed, along with the distinctive styles of leading designers. A fashion forecast for the space age was written and presented by Mrs. Ennis Cochran.

Proceeds from last Saturday's rummage sale were reported by Mrs. Hulén Harris, finance committee chairman. Members voted to donate remaining clothing to a welfare agency.

Refreshments and entertainment at holiday parties for needy children will be provided by the club as part of this year's project.

Mrs. Cochran won the fashion-of-the-future prize in a slim pants costume with sari-type top.

Cohostess was Mrs. Jo Bright. A guest was Mrs. George E. Dyer.

Mrs. Harry Named Class President At Baptist Temple

Mrs. Alvis Harry was elected president of the Ruth Sunday School Class, Baptist Temple Church, Tuesday evening at the home of Mrs. H. M. Jarratt.

Those elected to serve with her are Mrs. Wayne Graham, social vice president; Mrs. Joe Blessingame, membership vice president; Mrs. Ray Crooks, secretary; and Mrs. Jimmy Shoults, treasurer.

In response to a unanimous appeal from the class, Mrs. Ross Hill will serve as teacher. Group leaders and a year book committee were named.

The second Thursday of each month will be a social meeting, with the next session to be held at the home of Mrs. Hill, Nov. 8.

Mrs. Stanley Harbin and Mrs. Hill gave the opening and closing prayers.

Party Plan Is Told By Rebekahs

A Halloween party, open to the public, will be given by Rebekah Lodge No. 284, Tuesday at the IOOF hall. Entertainment and refreshments for the event were announced by the group Tuesday evening.

Mrs. J. R. Petty reported on the Big Spring State Hospital Advisory Council meeting. The lodge will assist the hospital volunteers on Ward 6 for the annual Christmas party, she said.

A rummage sale was scheduled for Oct. 27, and the next initiation ritual, Nov. 8.

Mrs. W. C. Moore conducted memorial services and draped the charter for Mrs. Nora Iden. She was assisted by Mrs. John Bowers, Mrs. J. R. Petty, Mrs. A. J. McCall, Mrs. O. R. Rodricks, Mrs. C. D. Herring, Mrs. Carl Mangum, Mrs. Eula Pond and Mrs. Lonnie Griffith, chaplain.

Mrs. J. L. Unger sang "At The Cross," accompanied by Mrs. R. W. Hewett at the piano.

Cheer Cards Are Written By Class

Cheer cards were written to sick acquaintances when the Homemakers' Class of the First Christian Church met Tuesday afternoon in the home of Mrs. J. T. Allen. Mrs. Tom Rossoson was cohostess.

An opening prayer was led by Mrs. F. O. Robinson. Fourteen were present to participate in the recreational activities directed by Mrs. O. G. Burns.

They're here now... at 1/2 price

Fullmer's Reign As Champ Ends

By BOB MYERS
Associated Press Sports Writer
SAN FRANCISCO (AP)—The long reign of Gene Fullmer as king of the world boxing association middleweight division was over today, terminated by a mauler and brawler much in the same mold as the Utah strong boy.

The new ruler is Dick Tiger of Nigeria, the British Empire champion of the 160-pounders, who won the title by unanimous decision Tuesday night in 15 rough, bruising rounds before a crowd of 11,600 in Candlestick Park.

There was blood, as is usual with a Fullmer fight, but no knockdowns. There was drama, as a host of Tiger's countrymen, resident in the flowing robes of their native land, swarmed into the ring and hoisted their idol to their shoulders.

Fullmer, unbeaten in 17 straight ring engagements, met defeat in the eighth defense of the crown he had won in this same city by a 14-round knockout over Carmen Basilio Aug. 28, 1959.

Fullmer fought the last 4 1/2 rounds in a familiar Fullmer pattern. He was cut and bleeding from gashes over both eyes, but he was still flailing away with both fists at the final bell.

Referee Frankie Carter had it 10-1, Judge Jack Downey 9-5 and judge Vern Bybee 7-5. Under the California system of one or more points to the winner of a round, none for the loser and zero for an even round.

Does he think he can whip Tiger in the rematch?
"If I feel like I can't, there won't be one," said Fullmer.

Fullmer will meet the 33-year-old Nigerian again Jan. 19 in either Bozeman, Mont., or Las Vegas, Nev.

A modest fellow, Tiger had praise for Fullmer. "After three or four rounds I knew I was tangling with the champion." There was a disagreement in another area, Fullmer said he

though, the league office was forced to start a campaign of its own two weeks ago—fearing that there was too much violence on the field for the safety of the players.

Since the anti-violence edict went into effect in the conference, officials have stepped off 1,052 yards in penalties in seven games—an average of 150.3 per game. Last Saturday, in three conference games, a total of 609 yards in penalties was assessed, an average of more than 200 a game.

Clarke Heads For New Fame In Pro Ball

By JACK HANDB
Associated Press Sports Writer
Don Hutson, Elroy Hirsch, Frank Clarke—Frank who??? It may not ring a bell in your home town but it is a big name in Dallas. If the Cowboys' flanker back keeps catching passes it will be big name coast-to-coast.

In six games Clarke has caught 11 touchdown passes. He still has eight games to go. Hutson set the National Football League record of 17 for Green Bay in 1942. Hirsch tied it for Los Angeles in 1951 on a 12-game schedule.

Clarke is another one of the men who got away from Paul Brown at Cleveland, like Bobby Mitchell. Placed on the draft list after three luckless years with the Browns, the former Colorado star wound up in Dallas when the league expanded in 1960.

Clarke is the leading scorer in the NFL with 66 points, passing idle Paul Hornung of Green Bay. In three years with the Browns he caught a total of 10 passes and didn't score a point.

"I wasn't happy to leave Cleveland," said Clarke in Dallas. "I felt I had left a great deal unfinished. But the more I thought I realized that Dallas was the ideal situation where I would have more of a chance. After all at Cleveland they had some pretty good catchers when I was there in Preston Carpenter, Pete Brewster and Ray Renfro."

The rap on Clarke has been that he could catch the long ball but heard he pattered feet on the short on.

"I used to think the six-pointer was the only thing that mattered," he said. "It took me a long time to realize I was wrong. Catching the short ones ought to be easier than the long ones. It was only a question of getting more confidence in myself I knew I had to learn to fight for the ball under pressure."

Mike Frush and either Cockrell or Johnny Sheridan will start at the end positions for Cooper while Barry Phillips and Bob Black will be at guards and Joe Benson at center.

Cooper fields a much better team than it did last year and is tough defensively.

The Cougars are five deep in lettermen at ends, three deep at tackles, guards, center and halfbacks and two deep at quarterback and fullback.

Two of the newcomers on the Cooper squad are the Turner twins, James and Mike, who are sons of the former Albany and Sweetwater coach, Elwood Turner. They are juniors. James is a 165-pound fullback while the 180-pound Mike performs at tackle.

Ridley has been one of the most pleasant developments in 1962 Cooper camp this fall. Injured most of last year, he has improved his speed and uses it to good advantage.

Cooper opened with a victory over Lubbock Monterey, then topped Waco in a massive upset. The Cougars were next tied by Sweetwater. Since that time, the Cougars have lost to Odessa High and Midland Lee.

Adult and student tickets for the Big Spring-Abilene Cooper football game, which will be played in Abilene Friday night, have gone on sale here.

Big Spring was shipped 504 adult duets. Priced at \$1.50 each, they are on sale at the School Business Office. The 500 student duets, which go for 30 cents each, are available at the high school.

The paid attendance at the Big Spring-Odessa High game here last week amounted to 4,701. The cash income totaled \$4,541.50.

Texas, LSU, Alabama Favored This Week

By HAROLD CLAASSEN
Associated Press Sports Writer
NEW YORK (AP)—Reverting to the blindfold and lucky stab method of picking college football winners after missing on 13 of 56 games last week, that's an average of 786 and pulled the season's totals down to 197-72 for 791.

Texas over Rice: The Longhorns haven't lost and the Owls haven't won this season.

Alabama over Tulsa: Joe Namath must be one of the best collegiate passers in the country today.

Northwestern over Notre Dame: Notre Dame is powerful, strong and slow. Northwestern is powerful, strong and fast.

Southern California over Illinois: The Illini have taken their lumps all season but nothing to

those they will get trying to stop Trojan fullback Ben Wilson.

Ohio State over Wisconsin: Wisconsin has a great passing attack but Ohio State has Paul Warfield, a great defender against passes.

Louisiana State over Florida: The Louisiana Tigers have Jerry Stovall.

Washington over Oregon: But the Huskies will be too busy to think about next weekend's encounter with Southern California which decides the coast title and the Rose Bowl designation.

Arkansas over Hardin - Simmons: The Texans have won but once in three years.

Michigan State over Indiana: Saines, Lewis and Rubick give

the Michigan State Spartans a real triple threat over the bench-poor Hoosiers.

Mississippi over Vanderbilt: They are playing this one in Memphis to spare the feelings of the Commodore followers.

Auburn over Clemson: The sophomore Auburn team came of age in last week's triumph over Georgia Tech.

Penn State over California: California switched to the wing T this year but continues to fly in the wrong direction.

Missouri over Iowa State: The Iowans have only Dave Hoppmann while the Missourians have

seeds of competent backs.

Maryland over South Carolina: Dick Shiner, the Maryland passer, was outshone last weekend at Miami but won't go into eclipse for a second straight week.

Nebraska over Colorado: The Buffalo remnants of last year's Big Eight champions haven't the power to stop Dennis Claridge.

Skippering over the others in a hurry: Friday

DETROIT over Dayton. EAST: Boston College over Houston. Brown over Rhode Island. Ohio University over Buffalo. Columbia over Lehigh. Princeton over Cornell. Dartmouth over Harvard. Syracuse over Holy Cross. Boston University over Massachusetts. Pittsburgh over Navy. Rutgers over Pennsylvania. Yale over Colgate.

SOUTH: Duke over North Carolina State. Florida State over Virginia Tech. Furman over The Citadel. Army over George Washington. Georgia Tech over Tulane. Kentucky over Georgia. Mississippi State over Memphis State. Wake Forest over North Carolina. Tennessee over Chattanooga. Virginia Military over William & Mary. Virginia over Davidson.

MIDWEST: Cincinnati over Richmond. Purdue over Iowa. Minnesota over Michigan. Kansas over Oklahoma State. Oklahoma over Kansas State. Wichita over Montana State.

SOUTHWEST: Baylor over Texas A&M. Southern Methodist over Texas Tech. FAR WEST: Miami over Air Force. Arizona State over Texas Western. Wyoming over Colorado State. Idaho State over Montana. New Mexico State over North Texas State. Oregon State over Tennessee. Washington State over University of the Pacific. New Mexico over San Jose. Utah State over Brigham Young. Utah over Idaho. UCLA over Stanford.

LOOKING 'EM OVER

With TOMMY HART

Judging off the Big Spring-Odessa High football game last weekend, I'm inclined to think the defenses are catching up to the offenses.

Of course, there's the San Angelo-Permian game to consider, too. (Final score: San Angelo 39, Permian 24). There didn't seem to be any defense in that one.

Big Spring is in a good shape to go into its Nov. 16 game with Abilene battling for first place.

Of course, in order to retain their chances at the top spot, the Steers have to knock off Abilene Cooper, Permian and Midland High, in that order.

They can't afford to overlook any of the three and this is not about to suggest they are.

Cooper is rugged, despite its wretched record of the past three weeks (the Cougars have had two halfbacks hurt). Permian is always Permian and it will always be rough, as long as it has Mike Love, Midland, of course, has a defense that perhaps is tougher than that fielded by Odessa.

A win over Cooper would insure the Steers of keeping out of the 2-AAFA cellar and probably relegate Cooper there.

The Steers have showed more punch than they did against Odessa but, for rock 'em, sock 'em football, the game couldn't be beat. Most everyone agreed that the Steers carried the fight to the enemy. With a little luck, they could have won.

Scoreless deadlocks are usually dull but most everyone I talked with after the game were happy with the outcome. More than a few regarded it as a moral victory for the Steers.

Against Midland Lee, the Steers played two quarters of good football and then spent the rest of the time trying to hold the lead they had.

Against Odessa, they put together four solid quarters of 'hard-nosed' ball and deprived the Bronchos of a scoring chance, much less a score.

When Bob (Buddy) Rogers of Big Spring was in training with the National Guard in Louisiana, his house trailer was located immediately next door to the one occupied by Bob Pratt, the golfer who led the Ontario Golf Open after one round of play the past week. Pratt is now playing out of Las Vegas.

Dale Hopkins, another Big Spring, spent part of his vacation recently competing in the Golden Sander Trapsporting tournament at Amarillo and he didn't come back empty handed.

Hopkins copped the Henry Hertner Memorial trophy by winning the handicap event, scoring 93x100 shooting from the 24-yard line.

Buffalo Calves Register Fourth Victory In A Row

STANTON—Stanton Junior High School, coached by Floyd Sorley, wound up its second undefeated season in a row by belting Sands of Ackerly, 48-18, here Tuesday night.

The Buffalo Calves' winning skein this year extended over four games and Sorley saw fit to use all 74 boys he had.

George Smith scored two touchdowns and two extra points. One touchdown came on a 20-yard runback following a pass interception.

Buddy Shanks counted two touchdowns. Tony Hernandez two six-pointers and two extra points.

Robert Roten a touchdown and Ronnie Dauphin two extra points.

Stanton led at half time, 26-0. Sands had two passes picked off by the Calves. Smith got one and Pat Hall the other.

In 10th yards gained, Stanton led by a margin of 412 to 146.

Brenda Dyson, escorted by Buddy Shanks, was crowned junior high football queen at half time. Other candidates and their escorts included: Dianna Thompson (escort: Butch Robnett); and Sherry Vest (escort: Guy Brown).

The cheerleaders and drum majorettes took part in the coronation ceremonies, along with the mascots of the two groups, Mitzie Harvard and Joanna Haggard.

Regular Duty A Big Help, Says Roberts

PHILADELPHIA (AP)—Baltimore's Robin Roberts, named the American League Comeback Player of the Year in the annual Associated Press poll, says getting a chance to pitch regularly made him effective.

Cast off by the Philadelphia Phillies, with whom he was one of the National League's outstanding

pitchers, and by the New York Yankees, Roberts said he was pleased about his being chosen in the poll.

Members of the Baseball Writers' Association gave him 81 of the 106 votes cast. Pitcher Dick Donovan of Cleveland got nine and pitcher Hank Aguirre of Detroit and second baseman Billy Moran of the Los Angeles Angels three each.

Winner of 234 games in 14 seasons with the Phillies, Roberts was sold to the Yankees last fall and released May 8. The Orioles signed him as a free agent two weeks later.

The shock of the release from the Yankees made Roberts aware that he had to develop a change of speeds, he said.

For five years he had been trying for that change. All of a sudden, he got the hang of it, Roberts said. He won 10 games and lost nine for the Orioles. More important his earned run average 2.77, was the second lowest in the league. With the Phillies the season before he won only one game and lost 10.

Roberts said he didn't see much difference in the two major leagues. The right-hander, who had six 20-game winning seasons in succession as a Philly, observed: "You still have a man with a bat in his hand and you still have to get him out."

Roberts said he didn't see much difference in the two major leagues. The right-hander, who had six 20-game winning seasons in succession as a Philly, observed: "You still have a man with a bat in his hand and you still have to get him out."

The Herald Sports Team Plays A 60 Game Football Schedule

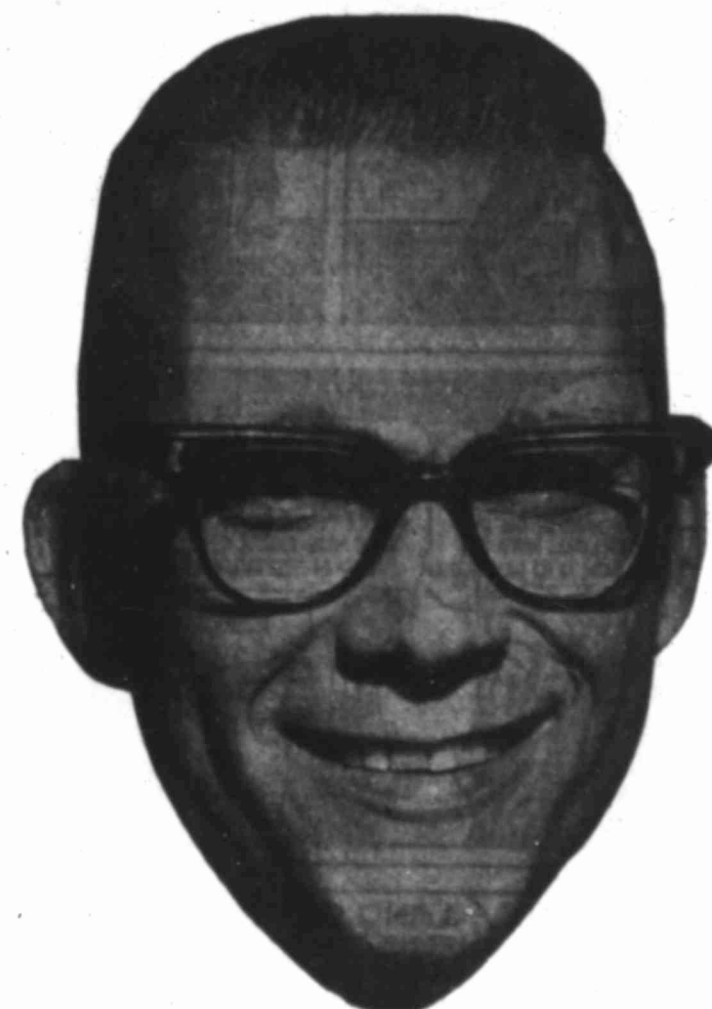

... to bring Herald readers
complete football coverage in West Texas!

DOUG SPRADLING
Sports Writer

M. A. WEBB
Sports Writer

JOE BEYER
Sports Writer

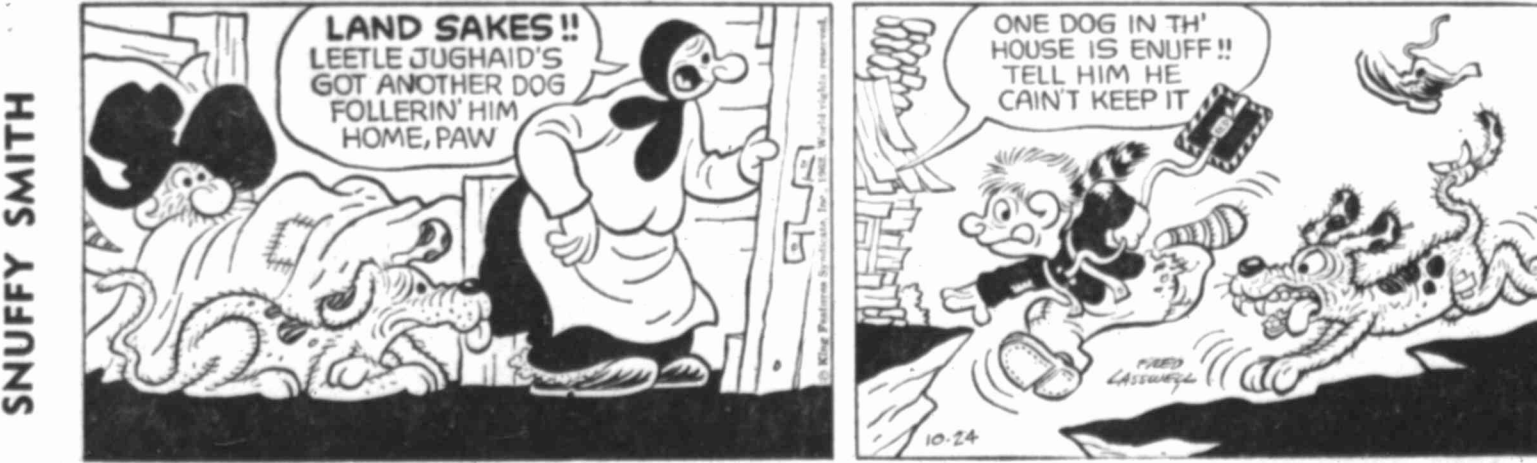

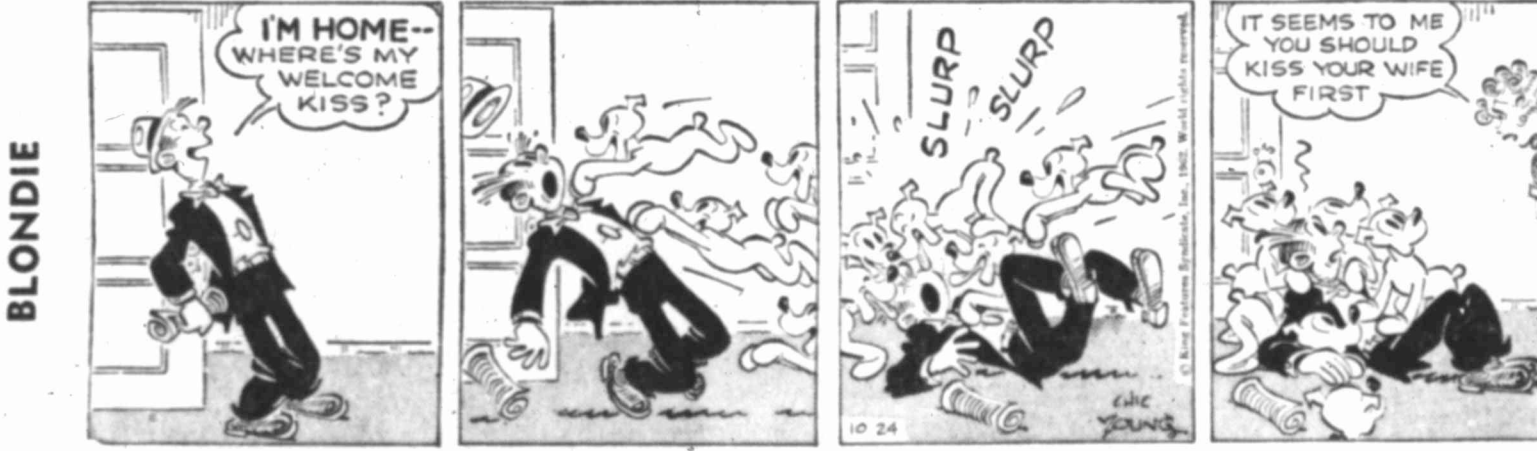

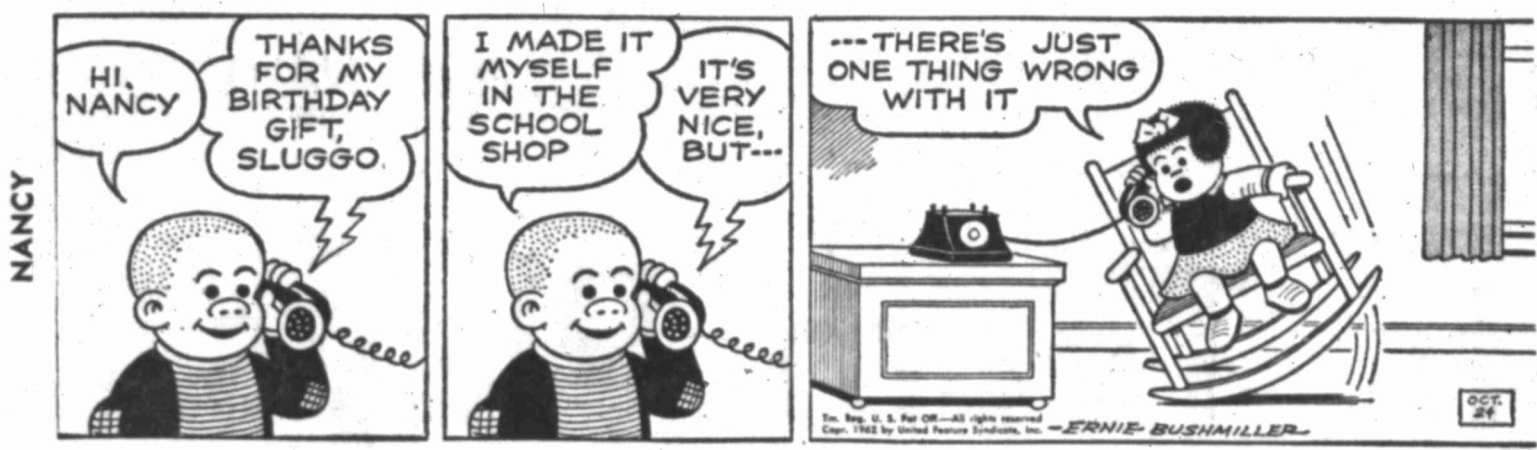

The Herald sports staff will cover some 60 games this season . . . a 6-year schedule for the average team! They'll travel many hundreds of miles to bring you on-the-spot coverage. Their stories from the stadiums will be supplemented by reports from special correspondents over this West Texas area . . . by the Associated Press sports wire . . . by Wirephoto. Follow your favorite team, wherever they play, by reading The Herald every day! It costs just pennies a day to be "in the know" about football when you are a Herald subscriber!

Grand Jury To Meet Thursday

Twenty felony cases, involving 22 defendants, are slated for presentation to the Howard County Grand Jury when that body is organized Thursday morning.

Bobby West, investigator for the district attorney, said that additional cases may be added to the list before the grand jury completes its work.

Judge Ralph Caton, 118th District Court, has instructed a panel of 20 to appear before him at 9 a.m. Thursday for grand jury duty.

He will select 12 of the panel members for the jury.

The offenses to be investigated by the grand jurors include a rape case, a robbery by assault charge and an armed robbery complaint. The other cases are for less violent offenses.

The rape complaint names A. C. Elliott as the defendant and accuses him of raping a babysitter at his residence on the night of Sept. 3.

Emil Gebo and Norman Laplante are charged with the Oct. 16 holdup of the Silver Saddle Motel in which the manager was held up and hit over the head with a pistol.

The robbery by assault complaint is against Charlie Jewel Buford, who is accused of hitting Willie Nolan on the hand and stealing his money and pocket knife. The offense occurred Oct. 7.

Other cases: Hilario Ramirez, burglary; Francesse Jobe Gatliff, DWI second offense; Jessie Lee Clark, DWI second offense; Victor Jacob Alacski, passing a forged instrument; Jerry Hinson, theft over \$50; Manuel Peguero, car theft; Vince W. Broadwater, theft over \$50; Robert Lee Green and Billy James Green, burglary; John I. Lewis, burglary; Lloyd Pierce, fondling.

It is estimated the grand jury can complete its work in a day and a half.

Cooler Weather For N.W. Texas

Cooler weather is forecast for Northwest Texas Thursday, but elsewhere temperatures are to remain at comfortable levels, the highs generally in the 70s and 80s.

The Panhandle was chilly Wednesday morning with an official low of 39 at Dalhart.

A stationary cool front lay east to west across extreme South Central Texas early Wednesday, but was inactive.

The only cloudiness was along the Red River and the northern portion of North Central Texas.

The cool weather in store for the extreme northwest corner of the state is expected to cover all of the Panhandle area by Thursday.

Ordination Rites

KNOTT (SC)—Lloyd Robinson and Bobby Bayes were ordained as deacons in services at the First Baptist Church Sunday. Rev. H. B. Grave Jr., Coahoma, served as moderator.

Mail Plans For 331st Men

An announcement was made at Webb AFB late Tuesday that wives of the Webb-based 331st FIS, which was deployed earlier this week, could leave mail addressed to their husbands at the 331st Orderly Room, where it will be forwarded to the unit for distribution.

Over 350 Attend Scout Honor Court

An estimated 350 persons were on hand Tuesday night to see Scouts rewarded for their efforts during a Court of Honor. The affair took place in the auditorium at Howard County Junior College.

Six scouts presented by Joe M. Jackson were given life promotions. They are Roger Leshner, Peter Einstein, Tommy Seato, Andy Cairre, John Davis and Bob Rozell. Tommy Whiset, Lane Lewis, Gary Bayless, John Johansen and David McNary received stars. Lav Spradling presented the star awards.

The program included Scouts from the entire district. Invitations had been sent to Troops in Coahoma, Sand Springs, Garden City and Sterling City. Dr. W. A. Hunt, president of HCJC, was master of ceremonies for the program. Troop 7, sponsored by the Downtown Lions Club, opened the program. Troop 39, of the First Presbyterian Church, gave a demonstration on the use of the patrol method.

Other awards included first class, which went to Larry Cal-

han, Don Johnson, Carroll Tafese, Richard Knous, Bryan Peay, Mike Spradling, Philip Welsh, Richard Olson, Andrew Wood, James Cairre, Donald Langley and Greg Willis.

Receiving second class awards were Jimmy Ray Seals, Stephen Lavender, Ervin Fisher, Jimmy Wilson, Douglas Ball, Dewey Sheat, Gordon Marchant, Larry Sells, Mike Alexander, Tommy Rutledge, De Elrod, Mark Clemmons, Mike Aslin, Coy Reagan, Bob Rodman, Larry Perkins and Mike Adams.

About 150 merit badges were presented to the boys by Doug Orme.

U.S. Releases Photo Evidence

WASHINGTON (AP)—The Defense Department released early today 14 aerial photographs of Soviet missile sites, bomber fields and patrol boats in Cuba.

There are three pictures of Soviet ships bound for Cuba carrying light jet bombers in crates visible on the decks.

One high-altitude shot of a major airfield and, in an enlarged portion, shows a jet bomber almost assembled and 18 crates containing more of the IL28 bombers.

In another, seven Soviet PT boats are pointed out moored near an airfield. The Pentagon said the boats are armed with guided missile launchers.

Among the others were air photos of intermediate and medium-range missile bases, surface-to-air missile sites, a missile assembly depot and MIG21 jet fighters at a Cuban airfield.

News Released
TOKYO (AP) — Communist China's official New China News Agency reported President Kennedy's announcement of a quarantine of Cuba for the first time Wednesday.

Traffic Stopper

Mrs. Anne MacDonald, 31, mother of four, shows how she acts as a roadside vamp to slow down fast drivers outside the village of Graveley, England. Wearing a halter top and jeans, Mrs. MacDonald gives the hitch-hiking sign to passing motorists. When they stop and offer her a lift she thanks them for stopping and tells them she hopes they'll observe the speed limit. Sign indicates the village's 30-mile-per-hour speed limit.

Texas Candidates Heat Up Campaign

By The Associated Press

Republican Jack Cox drew the largest audience of his campaign Tuesday night at Rio Grande City where he said "the people are tired of what is going on in state and national government."

"There is a rumble of change in the state, and on Nov. 6 there is going to be a titanic change in Texas," he said.

The GOP nominee for governor addressed a rally estimated by newsmen to number from 5,000 to 7,000. Cox spokesmen said the number was higher.

Cox called for a two-party system and added, "as governor I pledge to you to develop industrial capacity that has never been dreamed of and which is impossible under a one-party system."

Speaking in Tulla, his Democratic opponent, John Connally, said Republicans in Texas want to use the state to gain national political power and are attempting to make a political pawn of Texas.

"My opposition is not interested in the problems that face Texas," Connally said. "They are hungry for power and their interest is only in national affairs," he said.

Connally ended a whirlwind tour of West Texas and the High Plains in Tulla Tuesday night.

He was to be in Austin and then South Texas today. He was to campaign in Alice then go to Victoria for another area-wide rally.

Cox was to address some 600 women invited to a luncheon at a Fort Worth Country Club today. He was then to talk with Young Republicans at Texas Christian University.

Wednesday night he is to speak in Abilene and Thursday begin a two-day bus tour through Central Texas.

In Austin, Secretary of State Frank Lake reminded all state-wide candidates with opposition that they must file a sworn statement of campaign expenses before and after the Nov. 6 voting. The first report is due not later than Oct. 29 and the second report not later than Nov. 16.

The statement must include all gifts, loans, debts, obligations and payments received or made before or after the announced candidacy, Lake said.

Candidates for a district office involving more than one county also must file expense reports with the secretary of state. One-county district candidates and county candidates file expense statements with respective county clerks.

X15 Tries New Re-Entry Tactic

EDWARDS AIR FORCE BASE, Calif. (AP)—An X15 rocket plane, hunting a safe way to top its 314,750-foot altitude record, zipped to the fringe of space and back Tuesday without its bottom tail fin.

This ventral fin was designed to help stabilize the X15 in atmospheric flight, but U.S. space agency engineers believe it may have the opposite effect during re-entry from space.

Flights to 350,000 or even 400,000 feet are expected later this year if safe re-entry techniques are perfected.

Engineers estimated the X15 reached 3,818 m.p.h., and 134,000 feet in the test.

U.S. Communists Ask Summit Meet

NEW YORK (AP) — The Communist party, U.S.A., urged President Kennedy Tuesday to meet immediately with Soviet Premier Khrushchev on the Cuban crisis.

The telegram from Gus Hall, leading Communist spokesman, also urged "suspension of all proposals which can aggravate war danger," but did not refer directly to the President's quarantine action.

Scholarship Winner Named

Howard County Teachers Association announced Monday evening that its new scholarship had been awarded to Jerry Dean, Forsan.

The county unit of the Texas State Teachers Association, will award \$100 annually to a student planning to become a teacher. Dean is enrolled currently in HCJC.

At the meeting held at HCJC, Merritt Romanson, Forsan, presided over a symposium on TSTA professional matters. O. A. Madison, Coahoma, spoke on texts; Mrs. B. M. Keese, HCJC, discussed Future Teachers of America; Darrell Flynt, Elbow, talked about Teacher Education and Professional Standards; and Roy Stockstill, Forsan, outlined amendments to be considered at the general election.

George Archer, Gay Hill, will be the county delegate to the annual state meeting of Texas State Teachers Association in Austin this weekend. Mrs. Archer, president of the county unit, will be the alternate. Others planning to attend include County Supt. Walker and Mrs. Bailey and Mr. and Mrs. Loy Acuff.

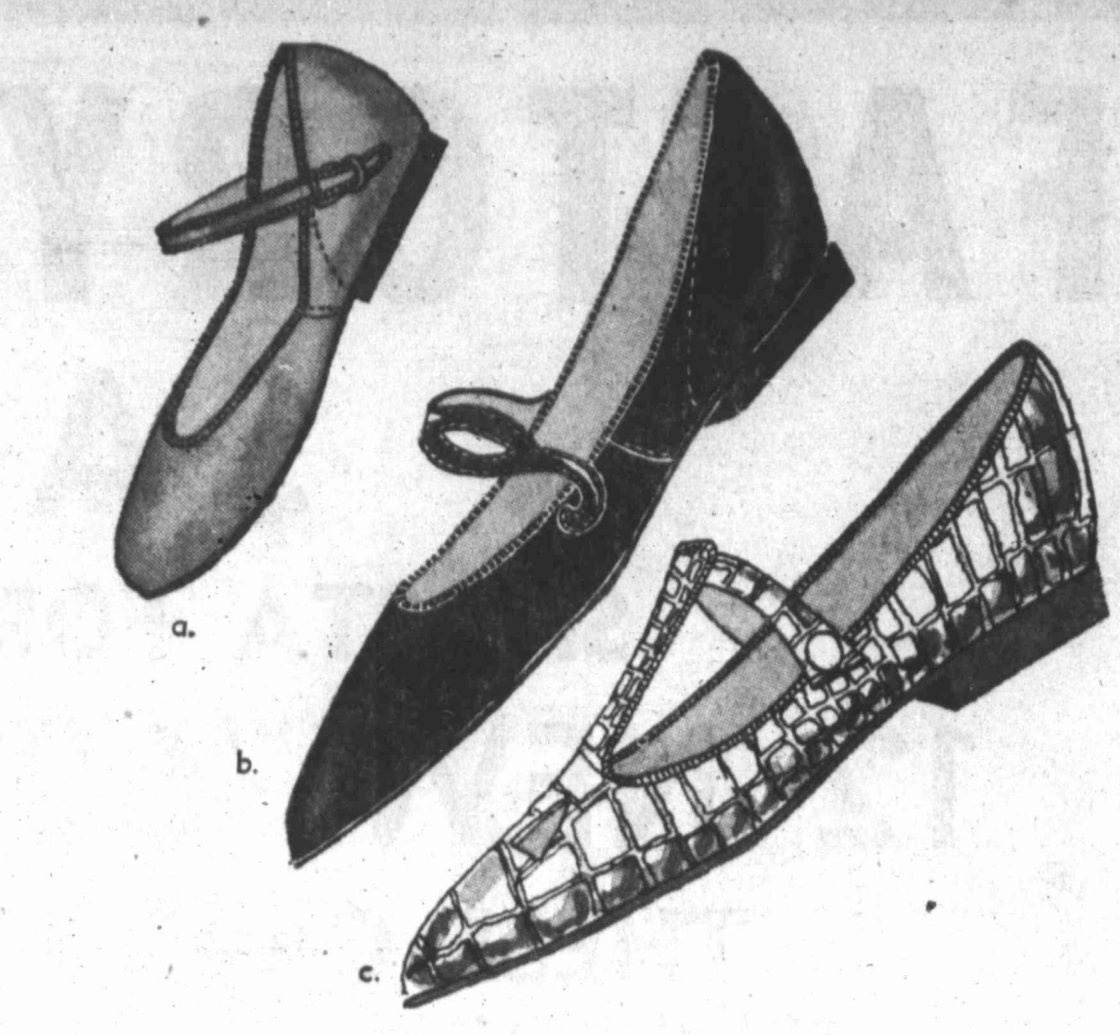

Mrs. Archer named Bob Van Meter, Evelyn Norris, Millie Buchanan and George Archer as a committee to report next meeting on the NEA code of ethics. About 100 registered for the meeting and Gay Hill and Vealmoor faculties were 100 per cent.

Pacifist Calls For End To Crisis

LONDON (AP)—British philosopher and nuclear disarmament Bertrand Russell fired off telegrams to President Kennedy and Premier Khrushchev Tuesday night.

To Kennedy he said:
"Your action desperate. Threat to human survival. No conceivable justification. Civilized man condemns it. We will not have man murdered. Ultimatums mean war. I do not speak for power but plead for civilized man. End this madness."

To Khrushchev he wired:
"I appeal to you not to be provoked by the unjustifiable action of the U.S. in Cuba. The world will support caution. Urge condemnation to be sought through the U.N. Precipitous action could mean annihilation for mankind."

Jackie Calls Off Social Schedule

WASHINGTON (AP) — Jacqueline Kennedy has canceled her social schedule for the time being.

The White House reported Mrs. Kennedy has called off a reception for poets attending the national poetry festival at the Library of Congress. She had planned to meet the poets Tuesday in the White House.

No formal reason was given for the cancellation, nor was any definite word given as to how long Mrs. Kennedy would abandon such functions.

Moss Creek Lake Closing Announced

Moss Creek Lake will be closed from the end of the day Nov. 4 until the morning of Nov. 24, Bruce Dunn, director of public works, said Tuesday morning.

The closing will be in conformity with the city commission's stipulation that the manager, R. L. Millaway of the lake, would be given 30 days' vacation each year. The vacation time is split into two 15-day periods to prevent a single 30-day closing.

RIVER... Funeral Home
MEL J. SCHLECHT • OWNERS • ERNEST WELCH

FAMILIES who have been inside the River Funeral Home know that it is as attractive and complete as any funeral establishment in the Big Spring vicinity. Many families even go beyond this and say that our facilities are superior to any available.
