Addition For First Presbyterian

Dr. R. Gage Lloyd, right, turns the first shovel of ground in ceremonies conducted Sunday at the First Presbyterian Church. An addition which includes a new sanctuary, classrooms and other facilities will be added to take care of church

membership which has grown from 137, when the present church was built, to more than 600 members. Others taking part are, left to right, Glenn T. Guthrie and Mrs. Lloyd.

Presbyterians Open Way For Building

Growth of the First Presbyterian Church of Big Spring was highlighted Sunday with breaking of ground for a new sanctuary which will more than double available space.

In 33 years the church membership has more than quadrupled. When the present church was built in 1929, there were 137 members. Present membership

stands at 604, according to Dr. R. Gage Lloyd, pastor.

The entire congregation at morning services turned out to assist with the groundbreaking ceremony. Services were terminated 15 minutes early, and at 11:45 a.m. persons attending followed the choir out in procession to the site of the new addition.

George Oldham opened the ceremony with a prayer. Mayor George Zachariah pointed out that the addition is another step in the growth of the city. Keynote speaker was F. H. Talbot, president of the Men of the Church.

Dr. Lloyd was the first to turn

earth before representatives of various committees and departments took the shovel in hand to assist. Several 50-year members of the church and the congregation took part.

The addition will be of quasi-Gothic architecture to match the present building. It will contain a new sanctuary, nursery, five classrooms, parlor and church offices.

Suggs Construction Co., Inc. is contractor for the work. The addition will cost \$241,067, but other expenses such as land and furnishings will bring the total cost to \$283,753.60.

(See CHURCH, Pg. 6-A, Col. 6)

Candidates In Texas Ending Campaigns

5,000 Expected At County Polls

Final preparations were being pushed here today for the Tuesday general election. Political observers estimate about 5,000 will cast ballots in this county.

The polls open Tuesday at 8 a.m. and close at 7 p.m.

Frank Hardesty, County Democratic Chairman, said due to the intensity of the campaign for governor, more interest has been generated in politics than would normally be the situation in an off-year.

"I look for around 5,000 votes," he estimated.

The Republican leaders believe their party will poll more votes in the county this year than it did in 1960.

BIGGER TURNOUT

"We look for a bigger turnout of our voters but, percentage-wise, perhaps we will not do much better than we did in the 1960 voting," Ralph Hughes, former GOP chairman, said.

The potential vote total for the election is 9,567.

Both Republican and Democratic leaders urged that everyone vote. The bigger the vote, Hardesty said, the better for the welfare of the county and state. The Republicans also urged that all voters make a special effort to be at the polls.

Free transportation to the polls has been set up by the John Connally for Governor headquarters.

A phone call to AM 3-3403 or AM 3-6305 will provide any voter a ride to the polls. Hardesty said if the voter forgets these numbers, all he has to do is call Hardesty at his store or at his home.

GET BOXES

Meantime, election judges were scheduled to pick up the last of the voting boxes at the office of the county clerk sometime today. Six boxes were still unclaimed Monday morning.

Mrs. Pauline Petty, county clerk, said she would set up headquarters in her office Tuesday night to tabulate returns. She asked that all precinct judges call

in their results as quickly as the votes are tabulated.

Biggest interest in the current election is the governor's race. Both John Connally, Democrat, and Jack Cox, Republican, have made the most intensive campaigns for the post ever seen in Texas in an "off year" election.

No county or township offices in Howard County are contested. A contest of local concern is the congressional race. George Mahon, veteran Democratic congressman from this district, is opposed by Dennis Taylor, Crosby County Republican.

BOX LIST

Mrs. Petty has released a corrected list of the 16 voting boxes in the county.

The number of the box, the place where voting will be held, the judge and his assistants are listed in the order named. Some changes from the list published recently have been made, she said.

Election Precinct 1, Northside fire station, Big Spring. Judge: Davidson, judge; Mrs. Eck McClure, Mrs. R. Davidson and Andrew C. Tucker, assistants. Potential vote, 890.

Election Precinct 2, Washington Place school, Big Spring; Loy Acuff, judge; Mrs. W. B. Younger, Mrs. Kyle Cauble, Mrs. J. H. Burnett Jr., assistants. Potential vote, 1,282.

Election Precinct 3, Main Street Fire Station, Big Spring; Dan Conley, judge; Mrs. C. E. Shive, George Melear, Mrs. W. E. Jones and Ralph McLaughlin, assistants. Potential vote, 1,330.

Election Precinct 4, City Hall, Big Spring; S. P. Jones, judge; Jess Thornburg, G. G. Marshall, Mrs. Billie Smith, assistants. Potential vote, 2,014.

VINCENT

Election Precinct 5, Vincent, Baptist Administration Building; Frank Whitaker, judge; Mrs. L.

(See COUNTY, Page 6-A, Col. 3)

MARK YOUR BALLOT RIGHT

Party leaders Monday urged voters to be sure they correctly mark ballots during Tuesday's general election.

Simply explained, the voter must scratch the names of all candidates for which he does not wish to vote. In many cases, there are three candidates vying for one post. The voter must scratch at least two of them, or his ballot will be ruled invalid.

Voters may vote by drawing a line through the entire list of opposition party candidates. But as there are at least three parties listed on the ballot, two parties must be crossed out to vote in this manner.

Connally, Cox Speak Tonight

By The Associated Press

Texas' political hopefuls Monday make their final appeals for votes in Tuesday's general election and wind up a hard fought campaign between Democrats and Republicans.

The standard bearers—Democrat John Connally and Republican Jack Cox—wind up their drives for the governorship with statewide television addresses Monday night. Both rested Sunday after a strenuous week of campaigning.

The Texas Election Bureau estimated that between 1 million and 1.5 million of the 2.35 million qualified voters in the state will go to the polls Tuesday.

Unlike previous years when

they offered only token opposition, Republicans have candidates entered in eight statewide races and in 13 of the 22 congressional districts. They are also contending for 13 State Senate seats and 84 seats in the state House of Representatives out of the 181-member Texas Legislature.

The Constitution Party will have candidates in several races. Its slate is headed by Jack Carwell, candidate for governor.

Texans will also vote on 14 constitutional amendments.

While the major candidates rested Sunday, campaign workers were busy making preparations for the final push Monday.

At San Antonio a crowd estimated by police at 10,000 lined up Sunday for "I Am A Democrat Day" and to dine on 3½ beeves and 30 kegs and 220 cases of beer.

Headlining the 18 speakers was Albert Pena Jr., Bexar County commissioner, who made a personal appeal for support of Connally in the governor's race. Pena is state chairman of the Political Association of Spanish Speaking Organizations—a group that withdrew an earlier endorsement of Connally.

CONNALLY—

AUSTIN (AP)—Democrat John Connally spent an hour this morning doing the kind of campaigning he likes "best of all"—street corner handshaking and talk.

The gubernatorial nominee stopped voters on the street, went through two banks, a stock broker's office, a drug store, real estate office and cafeteria introducing himself and asking last minute support.

"Good morning, I'm John Connally," he told young girls, old men, bank presidents and shoe shine porters. "I just want to say hello to you. I'll certainly appreciate your vote tomorrow."

Or: "I just wanted to come in and remind you all tomorrow's the day. I sure hope you'll help me tomorrow."

"I like this type of campaigning," Connally told a small group (See STATE, Page 6-A, Col. 7)

QUALIFICATIONS FIRST

(AN EDITORIAL)

As voters go to the polls tomorrow—and may there be a large turnout—The Herald urges that the qualifications of the candidates be considered above all factors.

On this basis, we feel that a vote would have to be given to John Connally for Governor, Preston Smith for Lieutenant Governor, Waggoner Carr for Attorney General and George Mahon for Congress from the 19th District.

Connally, we think, is on the threshold of a great career of public service in Texas, and can be one of the state's finer governors. His record, his background, his training, his career and his personal stature make him by far the ablest man.

Qualifications of opponents of Smith, Carr and Mahon are all but unknown. On the other hand, we know that these three men can serve us honorably and well.

It is the future progress and well-being of Texas that is at stake tomorrow. The Kennedy administration is not running this time. Let's think of our state, and pick the best men for its posts of responsibility.

GOP Watchers Assigned To County Voting Boxes

There will be official Republican watchers on duty in each of the major voting boxes of the county Tuesday.

"We will have two watchers at each of the larger boxes," said Ralph Hughes, former county chairman of the Republican com-

mittee. "We are placing the watchers on duty not because we believe there will be any irregularities but to enable us, once the count is completed, to notify the state headquarters promptly that all election activities in this county were above board."

"The only result from having watchers in the precincts," reported Frank Hardesty, county Democratic chairman, "will be to embarrass some of our judges and perhaps slow down the voting procedures in the boxes."

Hughes said that the Republican workers in the county, under the leadership of Ralph Gossett, currently chairman of the party, have been to several training sessions studying the procedure a watcher must follow in an election.

"We have complete confidence in the voting officials," said Hughes. "It's because there are other areas in the state where there seems a probability of irregular voting that we want to be able to assure our headquarters that no such missteps occurred here."

Hardesty said that he doubted if the Republicans had complied with the state election laws in the matter of appointing their watchers and cited sections from the code dealing with such appointments. He reiterated that in 1960, the presence of watchers posed problems in some of the boxes and he said that he hoped no such developments would arise Tuesday.

Indians Lose Another Post

NEW DELHI (AP)—The Indian government announced today the loss of one of its most important military positions on the battle lines to the Chinese Communists. The position at Daulat Beg Oldi, at the northern end of the line in Ladakh, was evacuated a few days ago, a Defense Ministry spokesman said.

Stanton Youth Seriously Hurt In Sunday Crash

Souval (Porky) Britton Jr., 21, Stanton, a student in Howard County Junior College, and the son of Mr. and Mrs. Souval Britton Sr., a prominent Martin County farm family, is in grave condition in Cowper Hospital and Clinic as a result of a one-car accident early Sunday morning.

Young Britton, unconscious since the mishap, has a severe brain concussion, serious chest injuries, and a badly damaged leg.

He was hurt at 4:05 a.m. Sunday as he travelled westward on IS 20. The accident occurred at the point where the Hartwells

Road overpass crosses IS 20.

A. N. Henry, state highway patrolman, said that Britton was alone in his car.

For some reason, as yet undetermined, the driver swerved off the slab just before his car was to pass under the overpass. It crashed into the guardrail posts, then into the guardrail, tearing out 95 feet of guard railing and 13 posts.

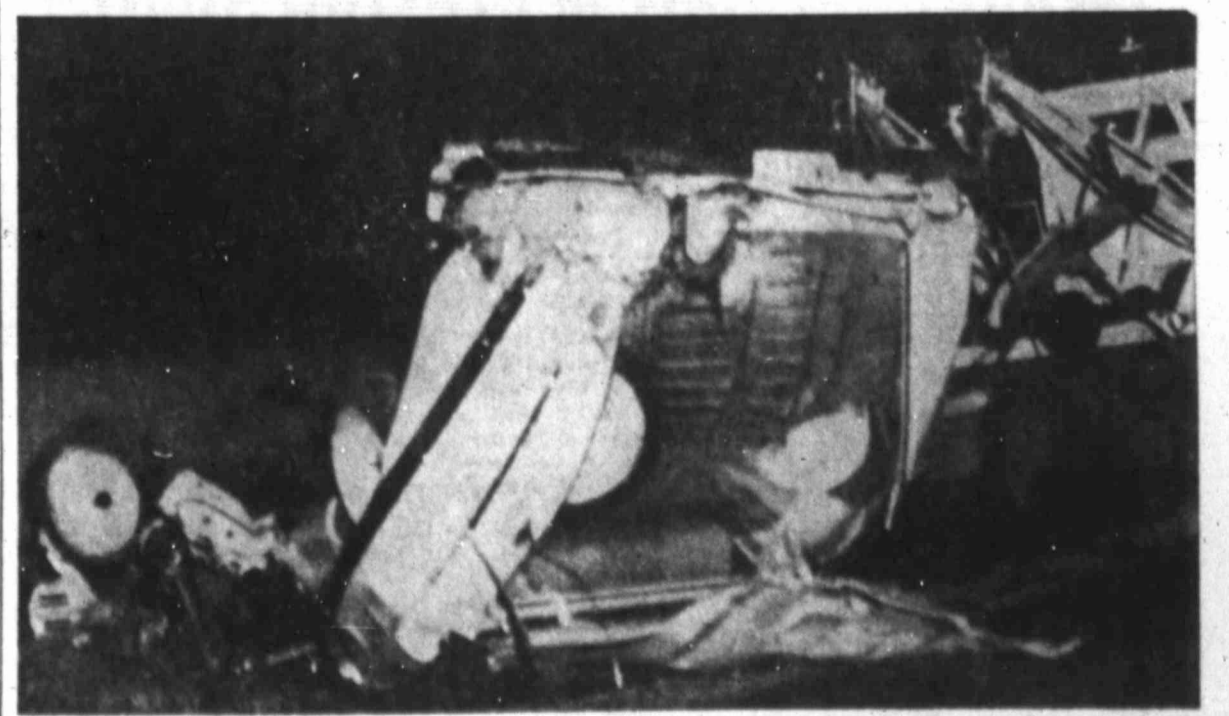

Sixty feet further on, Britton was hurled from the skidding wreckage of the car and was found unconscious in the middle of the slab.

The car, which had turned over

shortly after the first impact, spun on for another 100 yards terminating its wild journey bottomsides in the median between the two paved segments.

Another motorist, a short distance behind Britton saw the mishap, Henry said. The officer said that all indications were that the young driver had gone to sleep at the wheel.

In its journey under the overpass, the car barely averted crashing into three huge concrete pillars which support the overstructure.

Remains After Long Plunge

This is all that remains of a car after it ripped out 13 guard posts near the Hartwells Road Overpass on US 80 five miles west of Big Spring at 4 a.m. Sunday. The driver, Souval F. Britton Jr., Stan-

ton, was taken to Cowper Clinic and Hospital where he had not regained consciousness at noon Monday.

UNITED FUND

UF Has A Long Way Yet To Go

Another \$1,000 was added to the United Fund campaign total this morning, but the drive is still some \$20,000 short of its goal. At UP headquarters, the total gifts stand at \$83,753.60.

A brighter report on the effort came from Webb AFB this morning, where the 331st FIS was reported over its goal. This helped put the Webb Division effort 93 per cent complete. The Big Gifts Division is also pressing toward its goal, but most other divisions need several giant steps to be within shooting distance.

As the pace of the campaign slowed down, leaders called on workers to get their cards worked, then report. With time running out, every contact is important in getting the annual solicitation over the top.

Residents were reminded that 13 local welfare agencies depend upon the United Fund for a large portion of their financial support. Without this assistance many of them would be forced to close their doors.

These agencies include the Boy Scouts, YMCA, Lakeview YMCA, Girl Scouts, Red Cross, Howard County (Crippled Children's) Rehabilitation Center, Texas Rehabilitation Center, Westside Rehabilitation Center, Texas United Fund, Mill and Ice Fund, Salvation Army and the Air Force Aid Society.

WHAT IS THE 'VP'?

Questions And Answers On Polio Vaccine Program

- Q. What is the "VP" Program?
- A. "VP" is the symbol for a mass immunization program to be held in Howard and Glasscock Counties. "VICTORY OVER POLIO" is the goal.
- Q. Who should take this vaccine?
- A. All persons residing in the two counties. This includes everybody from babies to senior citizens.
- Q. When will the program start?
- A. The first date is next Sunday, Nov. 11.
- Q. What will happen at the Clinics?
- A. Each person will be given a dose of Type I Sabin Polio Vaccine—two drops of vaccine on a sugar lump.
- Q. What will this cost?
- A. Nothing. A donation to help defray the cost of the program is being requested. Everyone will be immunized whether he contributes or not.
- Q. What time may I go to the clinic?
- A. The clinics will be open from 12 noon until 5 p.m. It will take you just a few minutes to get your vaccine.
- Q. I have had the Salk polio injections. Should I take this too?
- A. By all means. While the Salk vaccine was a very important step, this vaccine provides more complete protection for a longer period of time. Sabin vaccine also prevents you from being a carrier of the dread virus. This means protection for the whole community because the virus can be eliminated from the area.
- Q. Is there any danger in taking this vaccine?
- A. It has been given to millions of people here in the United States as well as millions elsewhere in the world. There have been no reactions in all these people.

- Q. What about pregnant women?
- A. They should take the vaccine. It will protect them, without causing them any trouble, and it may give temporary protection to the newborn.
- Q. If I am sick, should I take the vaccine?
- A. If you are troubled with vomiting or diarrhea, it would be better for you to take your vaccine at a later date.
- Q. I am a diabetic. Should I take the vaccine? What about the sugar lump?
- A. Diabetics, like all others, should take the vaccine. The sugar lump contains 9 calories, so it will not upset the diabetic. If you wish, the dose can be given to you directly from a dropper.
- Q. Does the vaccine taste bad?
- A. There is no taste to it.
- Q. Will this one dose give me complete protection?
- A. This dose will give protection to Type I only. Type III and Type II will be given later.
- Q. Who is sponsoring the clinics?
- A. The Permian Basin Medical Society and The Junior Chamber of Commerce.
- Q. Who recommends the Sabin oral vaccine?
- A. The National Institutes of Health, the Surgeon General of the United States, The Permian Basin Medical Society, and your family doctor.
- Q. Why can't my family doctor give the vaccine?
- A. He can. However, because of the increasing number of cases of Type I polio in Texas, the physicians of Howard County have agreed that the mass immunization program should be undertaken NOW.

Amendments Up For Vote

By The Associated Press
Voters determine Tuesday the fate of a record number of proposed amendments to the Texas Constitution.

Several have stirred bitter controversy. Fourteen amendments will be presented voters in the general election. That exceeds by one the previous mark set in 1919 and equaled in 1935.

None of the 14 has touched off as much fireworks as has Proposition 14, which calls for trials de novo on all appeals from actions, rulings or decisions of administrative or executive agencies of government.

A trial de novo is one in which the entire case is considered by the appellate court as if no trial had occurred in the lower court or administrative agency.

Opponents contend the requirement of new trials of appeals conceivably could wreck local governments. They claim the amendment would put the courts in the business of making administrative decisions and would dump excessive litigation on already crowded dockets.

TRIAL BY JURY
Supporters declare the amendment, in effect, preserves the right to trial by jury and would prevent arbitrary or unfair rulings by an administrative agency, executive department or political subdivision.

The State Bar Association recently approved the proposal and quickly drew praise from organized labor for what labor said was recognizing the need for "this vital amendment."

The state also includes an amendment permitting state employees to serve as advisers and

consultants to federal, state and local agencies. This amendment, opponents claim in part, would permit expansion of federal influence among large numbers of state agencies. Proponents argue, in effect, that it is a waste of talent to forbid state employees to advise agencies outside their own so long as no conflict of interest is involved.

EMERGENCY SET-UP
Another proposal calls for the insuring of continuity of state and local governmental operations in case of enemy attack by empowering the legislature to provide temporary succession to public office. Legislative seats would not be included.

Opponents contend a nuclear attack probably would destroy state and national communications and surviving lawmakers would have no way of knowing what vacancies existed and who were available to fill them.

Two amendments would raise public welfare expenditure limits, which proponents say is necessary from a humanitarian and economic standpoint. On the other hand, it was noted recently that an increase in maximum assistance to needy aged, blind and children would be the third raise in recent years.

OTHER ITEMS
Other proposed amendments, several of which also have met stiff opposition, would:

- 1. Delegate limited zoning powers to any county bordering on the Gulf or the tidewater limits thereof.
- 2. Permit the creation of hospital districts in Ochiltree, Castro, Hansford and Hopkins counties.
- 3. Authorize the resale of lands of the veterans land fund remaining unsold after having been first offered for sale to veterans.
- 4. Provide workman's compensation insurance for all employees of all political subdivisions.
- 5. Authorize retirement, disability and death benefits for elected and appointive officers and employees of counties and political subdivisions who have served in such capacity for 12 years or more.
- 6. Provide for a state program of acquiring conservation storage facilities in reservoirs.
- 7. Create hospital districts and prescribe limitations upon the powers of such districts.
- 8. Authorize Titus County to levy taxes for homes for the aged and permit creation of two hospital districts in Brazoria County.
- 9. Provide that taxes and bonds previously approved in an independent school district located primarily in Dallas County cannot be voided by a boundary change. It provides that ad valorem taxes can be levied in those areas newly taken into such school districts without further election.

Assembling Of Cuban Evidence Reads Like Fiction Spy Thriller

EDITOR'S NOTE—This fourth article of the Cuban crisis tells how the United States pieced together evidence of the Soviet military buildup.

By RELMAN MORIN
WASHINGTON (AP)—Imagine a strip of photographic film, 20 to 30 feet wide, some six miles long. Cut in sections, it is stretched across the floor. Photo analysts, on hands and knees, crawl around the pictures, peering at them through stereoscopes, special magnifying glasses. The technicians note any detail of change in terrain. More especially, they look for objects on the sites that weren't there yesterday.

They chart the birth of a crisis, a Soviet nuclear threat to the United States swiftly taking shape on Cuban bases.

Beginning Monday, Oct. 15, says a chief of intelligence, American pilots flew six and seven photo reconnaissance missions over Cuba daily.

"We blanketed the island," he says. The planes brought back miles of film.

OUT OF NOWHERE
Today, you look at a sequence of pictures taken above a missile site. The first shots show empty country. Then, apparently out of thin air, construction becomes visible in succeeding days—anti-air-

70,000 feet? "If so," the officer says, "there was the possibility that we wouldn't be able to get any more high-altitude photos—which are better because they show more-out of Cuba." Low-flying planes, often coming in at altitudes of 300 to 800 feet, continue the surveillance. The officer won't disclose what brought down the U2 in China.

BECAME UNEASY
Late September—"We began to be uneasy because of the large numbers of Russian ships coming to Cuba. They never carried missiles on deck, always in the holds. This became apparent later."

Sept. 28—a photo of a Soviet freighter shows some large crates on deck. In the picture, they look cylindrical, like miniature Quonset huts. Evaluation indicates they are probably R-16s—Soviet light bombers, with a range of 750 miles. These crates are unloaded in remote ports, not Havana, and solely by the Russians, not the Cubans.

Late Sept. to Oct. 1—Cuban refugees report heavy night-time truck traffic on the highways. The freight is covered. It appears to be larger than ordinary cargo.

Early October—Bad weather and clouds over Cuba cause a second suspension of the reconnaissance flights.

Oct. 14—a photo mission reveals sites under construction. They are medium rockets, range 1,000 miles, and for intermediates, range 2,000 miles. On the same day, pictures are taken of the cylindrical crates, seen Sept. 28 on the freighter, now at San Julian airport. Now it is confirmed that the assembly for the IL-28s was in the crates. The missiles and the bombers are offensive weapons.

TRAIN OF EVENTS
Oct. 15—These photographs are

evaluated in the early evening. They touch off the train of events that led to the quarantine.

"I think, but I can't prove absolutely, that the Russians started the construction work about Oct. 10 or 11," he says.

By Oct. 19, at San Diego Los Banos, photographs showed 7 missiles, 4 reactors, 100 vehicles, and tents for 500 men. The base became operational in three days, the officer said.

"The problem was to confirm the available evidence, assess the magnitude, and determine the nature of the Soviet threat," he says. He and members of his staff worked 34 hours without sleep to accomplish this.

The Soviet objective was described as "a rapid secret simultaneous deployment" of the missile bases.

"In this day and age," the officer observed, "even the rapid development of a weapons site is a casus belli." (provocation to war.)

Before the end of the week of Oct. 15, the evidence was clear. The President was preparing to present it in his statement ordering the quarantine. Kennedy was ready to make it on Sunday, Oct. 21, but Secretary of State Dean Rusk persuaded him to wait a day, saying it would be difficult to present all the ambassadors on a weekend.

EVIDENCE SHOWN
On Monday, Oct. 22, an hour before the President spoke, representatives of the NATO, SEATO and CENTO alliances were invited to the State Department. Waiting for them was Roger Hillsman,

director of the Bureau of Intelligence and Research.

He presented the American findings, showing photographs and slides of the Soviet rocket installations in Cuba. Later, he delivered the same briefing to representatives of the neutral nations.

The general impression is that the U.S. case was wholly persuasive.

At 6 p.m., Soviet Ambassador Anatoly F. Dobrynin, was called to Rusk's office. He emerged 25 minutes later. Rusk had told him about the arms-blockade of Cuba. The ambassador, normally a bluff cheerful-looking man, seemed shaken.

Says an agent, "We caught them with their launchers down and their rockets showing."

GOP Due Test On Congressmen

By MIKE COCHRAN
Associated Press Staff Writer

Texas vote Tuesday to elect 23 congressmen and confirm or repudiate GOP claims that this Democratic stronghold may be in for a surprise.

Optimistic Republicans, staging their strongest bid since the Civil War, predict half a dozen of their men may be en route to Washington when the election smoke clears.

The lone Republican representative from Texas is Bruce Alger of Dallas, who has won the 5th Congressional district since 1954.

Alger this time faces a severe test from Democrat Bill Jones, a state representative from Dallas.

Republicans are contesting all but five of the Democratic incumbents in 21 of the 22 congressional districts and in the race for congressman-at-large.

The only unchallenged Democrats are Olin Teague of College Station, Bob Poage of Waco, Joe Kilgore of McAllen, Omar Burleson of Anson and Henry Gonzalez of San Antonio. These are from Districts 6, 11, 17 and 26.

BARRY AND POOL
The congressman-at-large race pits Republican Des Barry, 54, Houston businessman, against Joe Pool, 51, the Democratic nominee from Dallas.

Republican leaders openly declare strong candidacies in many districts but admit secretly their major hopes lie possibly in six races. These include congressman-at-large and Districts 3, 9, 16, 18 and 22.

Dist. 3 matches Republican William Steger, a Tyler lawyer, against incumbent Lindley Beckworth, Gladewater Democrat.

In Dist. 9, Dr. Dave Oakes of Dickinson is challenging Clark Thompson of Galveston, Democratic incumbent.

Rep. J. T. Rutherford of Odessa faces possibly the strongest challenge in Dist. 16, where Odessa businessman Ed Foreman is making a spirited bid under the GOP banner.

Dist. 18 also could provide an upset, Republicans declare, as they send Amarillo Mayor Jack Seale against Rep. Walter Rogers

of Pampa, Democratic incumbent since 1951.

CONSERVATIVE TEST
In Dist. 22, Rep. Bob Casey of Houston, a conservative often at odds with the Kennedy administration, gets the test from Republican Ross Baker, an oil operator.

GOP leaders noted that Sen. John Tower, Republican from Wichita Falls, carried these five districts in his victory over Sen. William Blakley in 1961.

The Republicans claim also they had good primary turnouts in these districts this year, they boast of a good GOP organization and say all have long histories of conservative or Republican voting.

Elsewhere, the district races stack up like this (Democratic incumbents listed first):

- 1. Rep. Wright Patman, Texas, vs. James Timberlake, Texas, Arkansas businessman.
- 2. Rep. Jack Brooks, Beaumont, vs. Roy James, Beaumont furniture dealer.
- 3. Rep. Ray Roberts, McKinney, vs. Conner Harrington, Plano farmer and businessman.
- 4. Rep. John Dowdy, Athens, vs. Raymond Ramage, Huntsville merchant.
- 5. Rep. Albert Thomas, Houston, vs. Anthony Farris, Houston lawyer.
- 6. Rep. Homer Thornberry, Austin, vs. Jim Dobbs, a Crosbyton native who heads a lecture presentation firm.
- 7. Rep. Jim Wright, Fort Worth, vs. Del Barron, Fort Worth real estate man.
- 8. Rep. Graham Parrell Jr., Wichita Falls, vs. Joe Meissner, Wichita Falls businessman.
- 9. Rep. John Young, Corpus Christi, vs. Lawrence Hoover, Corpus Christi geologist.
- 10. Rep. George Mahon, Lubbock, vs. Dennis Taylor, Crosbyton, a Baptist minister.
- 11. Rep. Clark Fisher, San Angelo, vs. Edwin S. Mayer, who ran for governor as a Republican in 1958.

President Urges Citizens To Vote

WASHINGTON (AP)—President Kennedy has urged Americans "to take part in our democracy" by voting Tuesday.

He said this is the way we can show the world's freedom loving people "how strongly we believe in our country, how strongly we work for it, how strong we want to be."

Weekend Violent Death Tally Is 24

By The Associated Press
At least 24 persons met violent deaths in Texas over the weekend and blame for 11 of the fatalities was laid on traffic accidents.

Nine of the dead were gunshot victims. The Associated Press tabulation started at 6 p.m. Friday and ended at midnight Sunday.

WOMEN PAST 21 WITH BLADDER IRRITATION

After 21, common kidney or bladder infections affect twice as many women as men and may make you tense and nervous from too long urinating, burning, itching, irritation both day and night. Secondly, you may lose sleep and suffer from headaches, backache and feel old, tired, depressed. In such irritations, CYSTEX usually brings fast, relaxing comfort by curbing irritating germs in urine, acid urine and by analgesic pain relief. Get CYSTEX at drugstore. Feel better fast.

LOST SHEEP

By T. H. Tarbet, Preacher
Church of Christ, 200 West Highway 80
P. O. Box 1383

"Jesus certainly never indicated that any of his 'sheep' would ever be lost. See Jno. 10:14 and Jno. 10:26-30 and read in context." So says the letter; but the statement is not true. John 10 speaks of sheep which shall never be lost; but by reading it you will see they are those who follow Him. In other words, they are the faithful ones. Jesus and His disciples preached to what He called "the lost sheep of the house of Israel" (Matt. 10:6 and 15:24). Christ also gave a parable on "the lost sheep" (Luke 15:3-7). The Father said of the returned prodigal son, "He was lost and is found" (Luke 15:24). Does

all this sound like Jesus never indicated that any of His sheep would ever be lost? The father did not compel the prodigal son to return; and God does not force His lost sheep to return today. Christ spoke of people "which for a while believe, and in time of temptation fall away" (Luke 8:13). These were said to be like plants which came up from the seed, and having once experienced life, then withered away because they were in shallow soil (Luke 8:6). —Adv.

WHILE YOU'RE VOTING DEMOCRATIC TUESDAY, NOVEMBER 6, VOTE FOR 2 WEST TEXANS

Waggoner Carr & Preston Smith

WAGGONER CARR of Lubbock, veteran of two terms as house speaker, County Attorney, and winner of the Democratic nomination for Attorney General. He is a native born Texan. His public career has been given entirely to representing West Texas and his election will insure full representation for every citizen of West Texas.

SENATOR PRESTON SMITH of Lubbock, veteran of three terms in the Texas House and 2 terms in the Senate and winner of the Democratic nomination for U. S. Gov. over four other opponents. All his legislative career has been in representing West Texas. He has lived in Texas all his 50 years.

For the first time in history, West Texans have two candidates for two of the top three positions in Texas government. These two candidates represent great hopes for our fast growing West Texas area, and for a greater Texas. If all West Texans will vote Tuesday, we will increase the effectiveness of both these West Texas candidates.

Negroes Run In Georgia

ATLANTA (AP) — Political resurgence of Georgia Negroes sharply underscores Tuesday's general election which will put a Negro in the state Senate for the first time in 92 years.

More Americans Die In Viet Nam

SAIGON, South Viet Nam (AP) — The war in Viet Nam has brought death to three more Americans.

Republicans Find Hope At State Level

WASHINGTON (AP) — The great GOP try for broader beachheads in Congress seems largely repulsed. But the party could strengthen itself considerably in another political power bastion—the U.S. governorships.

That's the outlook three days before the Nov. 6 balloting in which voters will elect 35 governors, 39 senators and fill all 435 House seats.

Taking into account the Cuban crisis — the precise effects of which stump most political sages — an Associated Press survey indicates:

Governorships — Republicans stand a good fighting chance of adding a net of a half dozen or more to the 16 they now hold.

Senate — The Democrats, now in control 64-36, won't suffer much slippage. They might even pick up a seat or so.

House — Minusculé GOP gains, perhaps as few as a half dozen or less. A gain of six would make the new roster read: Dem. 255, Reps. 180.

But Kuchel, Dirksen and Capehart were rated ahead for reelection anyway, so Cuba could not be called decisive in their cases, nor in many others.

One "in" it appears not to have helped is Sen. Joe J. Hickey, D-Wyo. Political pros shake their heads in pity over his plight.

When Republicans were pressuring Kennedy for a blockade, Hickey prepared a statement calling such talk reckless.

DEAR ABBY

Moon Marriage May Be Next!

DEAR ABBY: Approximately 25 years ago, as a United Press reporter, I covered (from the surface) a wedding in which all participants were clad in diving suits of the bulky, heavy type, with helmets and air hoses to the surface.

Georgia, who fell in love while diving, and wanted to be married under water. They had their underwater wedding, but the Methodist Bishop of Atlanta thought they were taking "the plunge" in a more spiritual atmosphere, so he married them again, on land, the same day.

DEAR ABBY: On March 8th, 1954, Bob Smith married Mary Beth Sanger at the Aquarena in San Marcos, Texas. This was, I am sure, the first underwater wedding on record.

DEAR ABBY: I am 10 years old and want to get married on the moon. Do you think they will have a rocket ship that will get to the moon by the time I am old enough to get hitched?

What's on your mind? For a personal reply, send a self-addressed, stamped envelope to Abby, Box 3365, Beverly Hills, Calif.

For Abby's booklet, "How to Have a Lovely Wedding," send 50 cents to Abby, Box 3365, Beverly Hills, Calif.

More Than Half Legislature To Be Picked In The Election

More than one-half of the 1963 legislature will be picked in Tuesday's general election.

With Republicans making their most widespread attempt in recent political history to capture state Senate and House seats, there are 13 contested races for the Senate and 84 for the House.

That does not count the statewide race for lieutenant governor, who is presiding officer of the Senate. The speaker of the House will be chosen after the legislature convenes.

Seventeen Democratic nominees for the Senate, including 15 incumbents, are without GOP opposition.

Only 66 Democratic nominees for the 150-member House are without Republican opposition.

Due to political defeats, withdrawals to run for other offices, and similar actions by incumbents, there will be at least 10 senators in the 1963 legislature who did not hold that job in 1962 and at least 58 new House members.

An Associated Press check in campaigns showed at least a dozen hot races between Republicans and Democrats. In other contests the Democrats are heavily favored.

Republicans predicted they will take at least one state Senate seat and at least 10 House seats, re-

electing the two present GOP members.

Democrats predict they will recapture the two GOP House seats and make it a solid Democratic legislature in 1963—as it was for the past decade.

In Senate races, the closest appears to be between former state Rep. Jim Bates, Edinburg Democrat, and McAllen Mayor Robert Barnes.

The close House races include: Rep. Menton Murray, Harlingen, and Fausto Yturria Jr., Brownsville Republican.

Democrat Amando Canales, San Diego, and Uvalde Serna, San Diego, Republican.

R. G. Pendleton, Andrews Democrat, and Gene Dean, Lamesa Republican.

Rep. George Cook, Odessa Democrat, and Republican Elwood Weylandt, Odessa.

William Davis, Midland Republican, and Democrat Harry Lawson, Midland.

Rep. Collier Adams, Lubbock, and Republican Dick Turner, Lubbock.

Rep. Olen Petty, Levelland, and

Burnet Roberts, Levelland Republican.

Republican Henry Stollenwerck and Democrat Rufus Higginbotham, both of Dallas.

Democrat John Burnett and Republican George Macatee, both of Dallas.

Democrat Raleigh Brown and Republican Ed Templeton, both of Abilene.

Democrat John Burnett and Republican George Macatee, both of Dallas.

Science Shrinks Piles New Way Without Surgery Stops Itch—Relieves Pain

New York, N. Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain — without surgery.

In case after case, while gently relieving pain, actual reduction (shrinkage) took place.

Most amazing of all—results were so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!"

The secret is a new healing substance (Bio-Dyne®)—discovery of a world-famous research institute. This substance is now available in suppository or ointment form under the name Preparation H®. At all drug counters.

Texans don't want a Puppet Governor!

Connally has always taken orders from Lyndon Johnson!

LOOK AT THE RECORD:

- ▶ In 1937, before Connally graduated from college he was working in Lyndon Johnson's first race for Congress. Following Johnson's election, Connally went to Washington as Congressman Johnson's assistant.
- ▶ In 1948 Connally managed Johnson's Senate campaign, (87 vote landslide) which involved the scandalous vote frauds of Duval County and Box 13 in Jim Wells County. Johnson took Connally back to Washington as administrative assistant (top man) in his Senate office.
- ▶ Late in 1949 Connally joined the law firm of Powell, Wirtz and Rauhaut in Austin. State Senator Wirtz was Under Secretary of the Interior when he resigned his Washington post to return to Texas to run Johnson's first Senatorial campaign in 1941.
- ▶ In 1952 John Connally went to work for Fort Worth oil man, Sid Richardson. Attorney General Will Wilson said, "Sid Richardson did not hire (Connally) for his training or knowledge. Sid Richardson hired him because he was LBJ's campaign manager." Lyndon Johnson had this comment on Mr. Richardson, "Nobody did more to send me to the Senate than the late Sid Richardson." Fort Worth Star Telegram, January 12, 1961.
- ▶ In 1956 Lyndon Johnson tapped Connally to place Johnson's name in nomination for President at the Democratic National Convention.
- ▶ In 1956, 1958, and 1960 Connally was picked to lead the Johnson forces in the county and state conventions.
- ▶ In 1960, Johnson called on Connally to lead the drive to obtain the Presidential nomination for him. Later, Connally was active in Johnson's Texas campaign.
- ▶ As a reward, Connally was tagged for the post of Secretary of the Navy shortly after President Kennedy visited Vice-President-elect Johnson's ranch. The New York Times termed Connally's appointment as "Mr. Johnson's biggest patronage plum." (June 4, 1962)
- ▶ In 1961 Connally, after less than a year on the job he pledged to fill for four years, resigned to run for Governor of Texas. Time magazine said Connally's announcement for Governor "certainly seemed to carry Lyndon Johnson's political fingerprints." (December 22, 1961) After Connally's victory over Yarborough, Time said "His mentor Lyndon Johnson thus tightened his grip on the Texas Democratic organization." (June 8, 1962)
- ▶ All over Texas long-time Lyndon Johnson backers are spearheading Connally's million dollar campaign. Why? Federal pay offs from the Kennedy-Johnson team.

With this background it's an insult to Texans' intelligence to pretend that John Connally is not the hand-picked candidate of Lyndon Johnson. Thinking Texans will reject this brazen attempt to merge State and Federal patronage into one gigantic political machine run out of Washington by L. B. J.

Jack Cox is independent! He has no obligation to any one but the people of Texas. He owes no favors to the special interests in Texas or to anyone else. He will not betray the future of the people of Texas to get big name endorsements and big money contributions.

Texans who want to keep Texas independent of Washington control will vote for...

JACK COX FOR GOVERNOR

JACK

COX

Reds Charge Aide Is Spy

MOSCOW (AP)—For the third time in a month the Soviet Union has accused a member of the U.S. Embassy staff of spying and ordered him out of the country.

The State Department termed the latest charges, against Richard Carl Jacob, a secretary-archivist, "a complete fabrication."

In Conference

Mrs. J. W. Wilcox and Mrs. Carl Benson shown left and right in the lower photo were initiates during a sorority conference in Big Spring Saturday. Above, directors and presidents are shown, front row, Mrs. John P. Ward, left, and Mrs. A. G. McDonald; second row, Miss Lois Rogge, Midland, Mrs. Tony Simmons, Seminole, Miss Joann Croom, Andrews, Mrs. Ed Hatch, Lamesa, Mrs. Jack D. West, Midland, and Mrs. Grover Springer, Lenoar; third row, Miss Faye Matthews, Odessa, left and Mrs. O. L. Taulman, Odessa.

Conference Of Region Concludes At College

About 150 delegates from Odessa, Andrews, Midland, Lamesa, Seminole, Denver City and Big Spring attended the Delta Kappa Gamma Regional Conference Saturday at the Howard County Junior College.

Following the morning registration and coffee, seven new members were initiated into the society. They are Mrs. Carl Benson and Mrs. J. W. Wilcox, Beta Kappa Chapter, Big Spring; Mrs. Jack Baker and Mrs. Ouis Roberts, Epsilon Omicron Chapter, Lamesa; Mrs. Francis Holt, Mrs. Clayton Harper, and Mrs. Ike Moore, Gamma Lambda Chapter, Seminole.

Four sectional meetings concluded the morning program that was highlighted by a sing-song and roll call of chapters. For the noon luncheon Mrs. John P. Ward, recording secretary of Alpha State, Delta Kappa Gamma,

addressed the delegates on the topic "New Times Demand New Measures." She urged them to meet the challenge of new times calmly and with fortitude, in keeping with the ideals of the founders of Delta Kappa Gamma.

Mrs. Ward was introduced by Mrs. A. G. McDonald, Odessa, co-director of the meeting. The invocation was given by Mrs. Claude

FORUM WON'T MEET

The Modern Woman's Forum will not meet on Nov. 9. The group will meet next for a Christmas luncheon on Dec. 14 in the home of Mrs. E. T. O'Daniel, 1704 Harvard.

Miller, Stanton, and the welcome by Mrs. S. R. Hefley. Mrs. Roy Green introduced the chapter presidents. Music for the luncheon was provided by Ira Schantz, accompanied by Jack Hendrix.

Zeta Kappa Chapter of Odessa won the attendance award. A breakfast for presidents and directors at the Settles Coffee Shop preceded the day's activities. Mrs. A. C. Kloven headed the committee in charge of over-all arrangements for the convention. Miss Mowida Rhine was in charge of the coffee; she was assisted by Mrs. Frank Milligan, Sterling City, Mrs. E. P. White, Stanton, and Mrs. Harold Heaton. Serving at the registration desk were Mrs. Roy Cantrell, Mrs. Clifford Hale, Mrs. R. T. Newell, Miss Mary Foreman and Mrs. H. J. Barbee.

Mrs. B. M. Keesee, Mrs. Ena Mae Derrick, and Miss Eulalia Mitchell were in charge of decorations.

Legal Secretaries

Shown, from left, at the installation dinner for the newly organized Howard County Legal Secretaries Association are Miss Kathryn Thornton, governor; Mrs. Joe Sharpnack, treasurer;

Miss Elaine Talley, president of National Legal Secretaries Ass'n., Wichita Falls; Mrs. Jerry Lee Homfield, president; Mrs. E. D. Sawyer, vice president; and Mrs. Billy P. Flynn, secretary.

Howard County Legal Secretaries Organized; Installation Is Held

The officers for Howard County Legal Secretaries Association, the local chapter of Texas Association of Legal Secretaries, were formally installed Saturday

evening during a banquet held at Cosden Country Club. Installing officer was Miss Elaine Talley, Wichita Falls, president of the National Association. She presented the gavel of authority to incoming officers.

Master of ceremonies, Roger Brown, secretary of the Howard County Bar Association, was introduced by Mrs. Dalton Conway. He presented the guest speaker, R. H. Weaver, and introduced William Eysen, president of the local Bar Association. Those installed were Mrs. Jerry Lee Homfield, president; Mrs. E. D. Sawyer, vice president; Mrs. Billy P. Flynn, secretary; Mrs. Joe Sharpnack, treasurer and Miss Kathryn Thornton, governor. The charter was presented to the association by Miss Irene Fox,

an official from the Fort Worth chapter.

Out of town guests included Miss Mary Wyatt, Midland; Robert White, Fort Worth; Miss Gayle Orma, Miss Sue Robinson and Mr. and Mrs. Dale Dye, all of Lubbock.

Fats Necessary

It should be remembered that moderate amounts of fats—particularly poly-unsaturated fats—are necessary for good health. A balanced diet is important and extremes of all sorts should be avoided. No one should make major changes in diet without consulting a doctor first.

Keys To Nutrition

Variety and moderation in food consumption are the keys to proper nutrition. Fish plays an important role in good nutrition because of the quantity and quality of its protein, the many vitamins and minerals it supplies, and, depending on how it is prepared, it tends to be low in fat and hence in calories.

BSP Event

Attending the preferential tea given by Mu Zeta Chapter, Beta Sigma Phi, were from left, Miss Beverly Jones, Mrs. Louis Newell, Mrs. John Gochnauer, Mrs. Don Mansell, Mrs. Kurt Roeloffs and Mrs. Carl Reeves.

Mu Zeta Has Tea

The Mu Zeta Chapter of Beta Sigma Phi was hostess to pledges at a preferential tea in the Blue Room of Cosden Country Club Sunday afternoon.

Mrs. Dick Lindsly greeted guests as they arrived. The pledges attending were Mrs. Kurt Roeloffs, Mrs. Carl Reeves, Mrs. Louis Newell, Mrs. John Gochnauer, Mrs. Don Mansell, Mrs. Loyd Jones, Mrs. Joe Sharpnack and Beverly Jones. Each received a memento of the occasion.

Coffee, sandwiches and cookies were served during the informal affair.

Steers Prep For Midland

Bruised but happy, the Big Spring Steers turned their backs today on one of their sweetest victories in years and went at it hammer and tong to get ready for Midland Friday.

Apparently the Steers came out of the victory over Odessa Permian with nothing worse than a multiplicity of bruises. Eddy Nelson had a slight chest injury. Nevertheless, Coach Don Robbins degreed a stiff workout for Monday, and a couple more just like it are in store Tuesday and Wednesday. Defensive techniques will come in for polishing.

Stopping juggernaut fullbacks is getting to be a weekly challenge, and this is no exception. Midland's Bulldogs, a much better team than their season record indicates, has one of the roughest in the league in Ross Montgomery.

who tops the beam well over 200 pounds. His speciality is battering the tackles. This helps the half-back trap go well. In addition, Midland uses lots of quick pitch-outs to keep the backers from pulling in too much.

Midland also has a fine passer in Bill Wood, who, incidentally did the same thing to Abilene Cooper that Harmon Smith of Permian did to Big Spring. Wood ran back the opening kickoff 77 yards for a TD against Cooper. He also passed for several crucial gains, and he looked good on the keeper off the belly series.

In Bob Stanley, 190-pound left linebacker, Midland has the best linebacker in the league, in the opinion of many observers.

On the line, the two teams will stack up evenly, but in the backfield Midland will average better than 175. The Dogs have five offensive and five defensive starters back from last year.

The best hope of the fired-up Steers will be in getting around and over the Dogs, and as in the case of most of their victories, in scrapping to the "nth degree."

Young Man On The Lam

Dickie Spier (34), star fullback of the Big Spring Steers, cuts sharply as he seeks to pick up yardage against Odessa Permian in the above picture. The game, won by Big Spring, took place here last Friday night. No. 33 John Vance, Permian halfback. (Photo by Keith McMillin).

Packers Shooting For Perfect Record

The Green Bay Packers are rolling along toward the first perfect season in the National Football League since the Chicago Bears' mighty monsters of the Midway ran up an 11-0 mark back in 1942. There doesn't seem to be anyone around who is going to halt the Packers' blitz.

The defending NFL champions made the present-day edition of the Bears victim No. 8 Sunday as they won their 18th game in a row, 38-7. The string includes a victory in the last regular 1961 game, a resounding 37-0 championship victory over the New York Giants and six exhibition games this summer.

Only the Detroit Lions have come close to beating Green Bay

so far, losing 9-7 to a last-minute field goal last month. Detroit gets another crack on Thanksgiving Day, and if the Lions can't do it then, who will?

Maybe it could be the Giants if the two teams meet again in the title game. The Bears had their string snapped by Washington 14-6—the year after the 73-0 route—in the title game in 1942. The Giants have been itching to get another crack at the Green Bay team that so humiliated them last year.

New York took over the top spot in the Eastern Conference with a shaky 31-28 victory over the St. Louis Cardinals and Washington dropped to second place by losing 38-10 to the Dallas Cowboys.

In other NFL action, the Lions defeated the Los Angeles Rams 12-3, Philadelphia and Cleveland rallied in the final seconds to beat Minnesota 29-31 and the Baltimore Colts defeated San Francisco 23-3.

The Packers solved Chicago (4-4) in the second half with the combination of Bart Starr's passing and fullback Jim Taylor's running.

Starr set up three touchdowns, and Taylor scored four times, his second breaking open the game in the third period.

Taylor held on to the NFL rushing lead with 124 yards for 934 over-all as the Packers again played without halfback Paul Hornung, out with an injured knee. They also were without flanker Boyd Dowler on offense. He did only the punting.

The Giants (6-2) outscored St. Louis 25-11 three touchdowns to two in a furious fourth period, with the winner coming with 3½ minutes left on Y. A. Tittle's 20-yard pass to Alex Webster. Tittle, who tossed seven touchdown passes last week against Washington, completed only eight of 31 throws for 172 yards against St. Louis, but three went for touchdowns.

Soph quarterback Charley Johnson threw two TD passes for the Cards, and hit end Sonny Randle 16 times for 256 yards and one TD.

consul's interception of a Hadl pass led to two Denver touchdowns. Hadl had accounted for the Chargers' first two scores with touchdown passes to Jerry Robinson and Jacque Mackinnon.

A week ago, Dallas intercepted five George Blanda passes as the Houston quarterback suffered his worst afternoon in three American League seasons. Blanda got revenge Sunday by tossing two extra points to account for all of the scoring against the Texans.

Broncos Take Lead In West Conference

The Denver Broncos, dangerously close to being the worst team in the American Football League last year, are the new Western Conference leaders today because of an alert defense and a hurry-up halfback named Donnie Stone.

With the Broncos capitalizing on three San Diego errors and Stone crashing through for three touchdowns, the Colorado upstarts, who dropped 11 of 14 games last year, overcame the defending conference champion Chargers 23-20 at San Diego Sunday. It was the Broncos' seventh in nine games, and boosted them to the top of the West over Dallas.

The Texans fell a half game behind, losing a 14-6 decision to Houston in their own Cotton Bowl backyard after trouncing the Oilers 31-7 a week ago in Houston. It was the Texans' second defeat in eight games.

The Oilers' victory put them only a half game behind the Eastern Conference-leading Boston Patriots, who were held to a 28-28 tie by the last-place Bills in Buffalo Saturday night.

New York's Titans emerged from a last-place tie with Buffalo by beating winless Oakland 31-21 at the Polo Grounds in Sunday's other game. The Titans, with two straight victories, own a 4-5 record to Buffalo's 3-5-1.

Stone, a 24-year-old Arkansas U. alum, built over for Denver's first and second touchdowns, then scored the third and what proved to be the winning TD on a 13-yard pass from Frank Tripucka. The Broncos, trailing 17-7 at halftime, went in front 21-20 on Gene Mingo's conversion following the last touchdown by Stone late in the third period, then added two more points on a safety.

A recovery of a fumble by San Diego's John Hadl and Austin

made the present-day edition of the Bears victim No. 8 Sunday as they won their 18th game in a row, 38-7. The string includes a victory in the last regular 1961 game, a resounding 37-0 championship victory over the New York Giants and six exhibition games this summer.

Only the Detroit Lions have come close to beating Green Bay

consul's interception of a Hadl pass led to two Denver touchdowns. Hadl had accounted for the Chargers' first two scores with touchdown passes to Jerry Robinson and Jacque Mackinnon.

A week ago, Dallas intercepted five George Blanda passes as the Houston quarterback suffered his worst afternoon in three American League seasons. Blanda got revenge Sunday by tossing two extra points to account for all of the scoring against the Texans.

Lone Star Race Is Narrowing

The Lone Star Conference football race is expected to be trimmed to a two-team situation this week.

Southwest Texas, leading with a 5-0 record, takes on winless Howard Payne at Brownwood Saturday. Texas A&I, in second place with 4-1, takes on lowly Sul Ross at Kingsville.

Southwest Texas brushed East Texas State aside 36-8 last week while A&I was knocking Lamar Tech virtually out of the race with a 7-0 victory.

Stephen F. Austin finally won a game, clipping Howard Payne 30-15. Sam Houston State beat Sul Ros, 20-6.

Tickets Secured For Midland Tilt

Season ticket holders will have first call on tickets for the Big Spring-Midland football game in Midland Friday. They may purchase the tickets at the school business office starting at 8:30 a.m. Wednesday.

General sales will open Thursday at 8:30 a.m. and will continue to 2 p.m. Friday. School officials said they had requested an initial block of 1,000 tickets.

Longhorns Will Meet Bears In Bitter Family Struggle

Leading the Southwest Conference by the closest margin possible, meets Baylor at Waco Saturday in another of those bitter family struggles.

The league still hasn't had a jarring upset but this could be the time for it. Baylor, angry over being able to win only one game all season, will be cocked and primed to shoot down the haughty Longhorns and feel that it has had a pretty good year after all.

That the hour of doom may be approaching is hinted in the results of the 15 conference games played thus far. Eight of them have had margins no greater than 10 points. There has been one tie, one decided by two points, one by three and one by four.

Texas' widest range in its last three games has been just four points.

Texas is a bare half-game

ahead in the conference race as the campaign moves down the rocky November trail. Arkansas and Texas Christian are tied for second. Southern Methodist is one-half game back of those two only because it hasn't played as many games. Rice has a 1-1-1 record and still is in the race.

Baylor, Texas A&M and Texas Tech have been eliminated but still can have a say in where the title is to go.

Texas beat Southern Methodist 6-0 last week to return to the top spot. Texas Christian edged Baylor 28-26 and Arkansas downed Texas A&M 17-7 to remain first in the race. Rice won its first conference game when it walked Texas Tech 14-0.

Only three conference tilts are on this week's schedule. Southern Methodist and Texas A&M meet at Dallas and Rice and Arkansas

angle at Fayetteville in addition to the Texas-Baylor melee.

Texas Christian and Texas Tech step out for intersectional tests. Texas Christian plays Louisiana State in a night game at Baton Rouge. Texas Tech is at Boston College.

LOOKING 'EM OVER

With TOMMY HART

In the post-mortem of his tiger's Juarez fight with the Mexican middleweight boxing champion, Everardo Armenta, Martin County's Melton McMorries says he is convinced Hilario Morales can throw leather with any welterweight in the world.

Morales, who only recently joined the McMorries stable, got a draw with Armenta. Chances are he would have won the decision easily had he not been knocked flat of his back in the last round.

Armenta was using the same punch with which he earned the 160-pound championship of Mexico but Morales, once down, bobbed up immediately. McMorries, who is a cotton farmer in the Tarzan community by trade, says there is not a doubt in his mind but that Morales, in top physical condition, would be the better man of the two Hilario came in a trifle overweight. Ordinarily, he's a border line lightweight or a junior welterweight.

Both of the boys in the Juarez fight, which occurred several nights ago after two postponements, took some tremendous punches. The draw leaves Morales with an untaunted record in Juarez. He has beaten L. C. Morgan, George Green and Curtis Cokes there.

McMorries may now send him after some of this country's big-name fighters.

Bridgeport, Maryland State, Geneva, Youngstown and Ithaca.

Since their opponent has excellent credentials (with a lineup consisting mainly of ex-college regulars), the HCJC Jayhawks will regard that Thursday night benefit basketball game here with Webb APB's student pilots as their official 1962-63 opener.

The contest should serve as a good conditioner for their ensuing five games. As early as Nov. 26, the Jayhawks start a trip into Kansas that will see them meeting Coffeyville JC (the defending national titlist), Chanute, Garden City, Hutchinson and Ark City in six nights.

If that's not going out of one's way to pick a fight, it comes close to it.

The Jayhawks are also entered in the San Antonio tournament, which takes place Dec. 7-8. The local collegians have won the Alamo City title three times running but it won't be an easy touch to repeat. San Angelo College, among others, is entered there this year.

Only six teams will compete in the Dec. 28-29 HCJC Tournament here, smallest number in history. The field includes San Jacinto, Decatur, the H-SU B team, Odessa, Amarillo and the host school.

Walter Carter and Ernest Turner have been named co-captains of this year's Jayhawk team. Unless my memory is playing tricks, Turner is the first Negro athlete ever voted to the position. He's a worthy heir to the job.

Sharp Scores Feature Of Week's Bowling Activity

Bobby Lane's Bowl-A-Rama was host last week to the Longhorn Traveling League. Some good scores were recorded, such as the Sweetwater team recording a 1109 game. Rowell with a 662 series, and Chester Coffman bowling for the local Bowl-A-Rama team with a 256 individual game. Among local bowlers Paul Cortez (Reeder), Al Pope (Security State Bank) and Lucky Chappel (Carling Ale) all had 257 scratch for the week's high and Pat Allen, bowling for Coahoma Insurance had a 235 scratch high for the ladies.

The Big Spring Mens Bowling Association will have a called meeting this month to discuss several important items. The exact date will be announced. Do you know the officers of the Mens Association? Harvey Hooser, president; O. D. Daniel, first vice president; Bill Bell, second vice president; Douglas McDonald, third vice president; Chester Coffman, fourth vice president; Billy Ray Carter, secretary-treasurer; Horace Battfield, Wade Bledsoe, J. K. Fields, James Suggs, directors.

If you men have any complaints, now you know whom to contact. We will give you the officers of Ladies Association next week.

All League Secretaries, Please turn in your high game, series, both individual and team. We surely want the sponsors of each so that we can give them a little

Reagan Grabs Beaumont Title

BEAUMONT, Tex. (AP)—Dave Reagan put his second shot 18 inches from the pin on the 16th hole and won his second tournament in a seven-year golfing career—the \$20,000 Beaumont Invitational.

It was this shot plus a hook by Lionel Hebert on the same hole that proved the turning point Sunday in a tournament that saw Ragan finish with a 2-under-par 70 for a 72-hole score of 283 and \$2,800 first money.

Hebert was tied for second place by Don Massengale of Jacksboro, Tex., who had a closing 67 over the 6,556-yard Tyrrell Park Municipal Course, and Dow Finsterwald of Tequesta, Fla., who finished with a 73. The trio each had 286 and each won \$1,500.

Bo Winger of Odessa, Tex., Jerry Steelsmith of Glendale, Calif., and Rex Baxter Jr. of Amarillo, Tex., tied for fifth place at 287 and picked up \$1,000 each.

Lakers Rounding Into Top Form

By The Associated Press

Boston Celtic Coach Red Auerbach was talking about the Los Angeles Lakers.

"They're opening on the road. Everywhere they go, it's the opening game for the home team, they're higher than kites and just aren't going to get beat.

And the Lakers, now happily back at home in the Sports Arena, upheld his prediction, winning their fourth straight National Basketball Association game Sunday night, a 125-106 decision over the hapless New York Knicks-erobckers. It was the only game scheduled in the league.

In Saturday night action, the Celtics whipped winless Detroit 125-114, Los Angeles beat San Francisco 127-115, Syracuse defeated Cincinnati 130-111 and St. Louis edged Chicago 114-109.

UPSETS HELP Cloudy Post-Season Bowl Picture Getting In Focus

In respect to the football bowls an unlikely series of upsets last weekend helped focus a faint glimmer of light through the muddy, soupy uncertainty surrounding which teams are likely to get bids for the New Year's classics.

There doesn't appear to be room for leftovers.

Ohio State, Purdue and Michigan State fell victim to full-blown upsets in the Big Ten, which made Northwestern (6-0) look big as the visiting team in the Rose Bowl. Southern California (6-0) whipped Washington 14-0, probably its biggest hurdle. It gave the Trojans the inside track as the host team.

In the South, Alabama (7-0) and Mississippi (6-0) emerged as the dominant teams in the scramble

PRO FOOTBALL

competition for the Cotton Bowl host, but Arkansas 17-7 victors over Texas A&M, and Texas Christian, 28-26 winners over Baylor, are still in the running with 2-1.

In the East, bowl-minded coach Paul Dietzel got his Army team (6-1) past Boston University 26-0. The Orange Bowl has expressed interest in the Cadets, who have yet to play Pitt and Navy. Dartmouth remained unbeaten with a 9-0 triumph over Yale while Penn State beat Maryland 23-7.

Mississippi, which has an outstanding passer in Lynn Griffing and a less than mighty schedule, may have the best bet to finish with a perfect record. The Rebels close out against Chattanooga, Tennessee and Mississippi State. Alabama still must play Miami (Fla.), Georgia Tech and Auburn.

Tulsa May Win MV

By The Associated Press

Tulsa has latched onto at least a share of its first Missouri Valley Conference football championship in 11 years because the Hurricane is one of the nation's best at throwing and catching the ball.

A passing game which has produced 176 yards a game resulted in all three touchdowns in Tulsa's 24-18 victory at Cincinnati Saturday. Each of Tulsa's trio of quarterbacks—Ramiro Escandon, Stu McBennie and Ron Sines—tossed one TD pass.

The Hurricane needs only a tie with Wichita Nov. 22 to wrap up an undisputed title.

Compare YOUR Taxes With Those of Two-Party States!

Texas has the lowest total per capita taxes of any of the ten largest states. Look at the comparison between Texas and some of the biggest two-party states:

New York	\$287 per person.
California	\$278 per person.
Massachusetts	\$233 per person.
TEXAS	\$162 per person.

Spier, Moore Fatten Average

Dick Spier and Baxter Moore fattened their averages among the major ball carriers of the Big Spring Steers as a result of Friday's conquest of Odessa Permian.

Spier has a 5.5 average with four touchdowns to boot. Moore's sensational fourth quarter back-breaking run gave him a TD also and edged his average to 4.4.

Albert Fierro now has seven TD passes has completed 30 of 81 for 565 yards. Rick Wisner, out the past two weeks due to a knee injury, has a better completion average but less yardage. Among receivers Humberto Hernandez added a touchdown to run his total to four. He has pulled in 12 passes for an average gain of 25.3 yards.

The yardstick for Steers follows:

Player	Yds	Per	TD	Avg
Dick Spier	66	290	4	4.1
Baxter Moore	25	116	1	3.2
Rick Peters	23	116	0	3.1

Franklin Kirby Wins Two Prizes

Big Spring's only entry in the Charleer Drag Races at Hobbs, N. M. on Sunday sacked up two trophies.

Franklin Kirby captured his regular C altered class, then he went on to win the little eliminator class which carried an added trophy and cash award.

Local drag racers plan to participate in the races Nov. 11 at Wall, southeast of San Angelo.

Moss Creek Lake To Close Today

Moss Creek Lake will be closed for two weeks, beginning today, Bruce Dunn, director of public works, said this morning.

The closing is arranged so the manager, R. L. Millaway, can have a part of his annual vacation. He gets one month's vacation during the year, half of it now and the other half during the spring when the regular clean-up, fix-up, work is being done at the lake," Dunn said.

The lake will be open again on Nov. 19.

SOUTHWESTERN INVESTMENT COMPANY

Threat

This map shows Yemen, where the Nassar-backed revolutionary regime sent its military forces to the frontiers to invade Saudi Arabia. A broadcast from the capital of Sana (A) announced the troop moves and said naval forces were sailing northward from Hodeida (B). President Abdulla Sallal told a crowd in the south Yemen town of Ta'izz that invading Saudi and Jordanian troops had been repulsed along the northern Yemen frontier.

Middle East Crisis May Set Off War

DAMASCUS, Syria (AP) — A deepening crisis over Yemen threatened today to touch off a Middle East conflict pitting conservative monarchies against President Gamel Abdel Nasser's United Arab Republic.

On one side are the royal strongholds of Saudi Arabia and Jordan and on the other the Yemeni revolutionary regime backed by the U.A.R.

The crisis touched off by the overthrow of Yemen's ancient throne in September reached a new fever point Sunday with threats by the rebel regime to invade Saudi Arabia's main southern port of Qizan and the interior city of Najran.

DEPOSED KING

Saudi Arabia and Jordan are supporting attempts by the deposed Yemeni king, Imam Mohammad Al-Badr, to regain his throne. The United Arab Republic has sent planes and tanks and perhaps 1,000 soldiers into the tiny Red Sea country to aid the revolutionary regime.

Yemeni revolutionary President Abdullah Sallal voiced the invasion threat against Saudi Arabia as that country's radio claimed royalist warriors now control Yemen's entire northwest.

Communications purporting to come from Al-Badr's headquarters claimed hundreds of rebels, including many U.A.R. troops, had been killed in the fighting. The communiques said that in northern Yemen royalist forces have tightened their siege of the region's capital of Sada.

Sallal disputed the claims, saying that his U.A.R.-supported army and air force crushed "a large-scale Saudi invasion" and that the entire northwest region where the fighting occurred was now "completely under republican control."

BIG CLAIMS

He claimed nearly 4,000 invaders were killed in four days of fighting.

In Cairo, the government-owned Middle East News Agency said Yemeni tribesmen had been forced at gunpoint to join the Saudi Arabians in attacking northern Yemen. A U.A.R. military spokesman scoffed at Saudi and Jordanian radio claims of high Egyptian casualties. "We lost only two men," he said.

At U.N. headquarters in New York, a member of the kingdom of Yemen delegation, which is still loyal to the monarchy, said that Al-Badr's forces had captured 180 Egyptians and held all the country outside the largest towns.

No Nobel Peace Prize

OSLO, Norway (AP)—The Nobel Committee of the Norwegian Storting (Parliament) today announced it had decided not to award the Nobel Peace Prize for 1962.

The prize money has been reserved for next year, the brief announcement said.

No reason was given for the committee's decision, but in the past the prize has not been awarded in times of great crisis.

Informed sources said the committee regarded the world situation as "too labile"—that is, too unstable—to make any award this year.

Webster's Third International Dictionary defines the word "labile" as meaning: Characterized by a ready tendency toward or capability for change; readily or continually undergoing chemical or physical or biological change or breakdown...

Wound Is Fatal

By The Associated Press
Israel Phillips, 15, of Premont died of a gunshot wound in the head Saturday minutes after a 22 caliber rifle being held by a friend discharged. The incident occurred on a cotton farm, 15 miles north-east of Sweetwater.

A Devotional For The Day
 Be kindly affectioned one to another with brotherly love; in honour preferring one another. (Romans 12: 10.)
 PRAYER: O God, may Thy light shine upon our personal lives so that each of us may become a unit to strengthen our church. Help us to show more friendliness and affection toward others. We ask it through Jesus Christ our Lord. Amen.
 (From The 'Upper Room')

Enlarging On The Idea
 Now that the city has its first medallion issued by the Texas Historical Survey Committee, perhaps it is time to consider expansion of our efforts to preserve historical facts and things.
 Doubtless there are several buildings and spots in the Big Spring area which are deserving of identification and whose owners or sponsors would be interested in having them so marked.
 The local historical survey committee has submitted the "big spring" from whence the city gets its name, as a candidate for a state tourist marker. In time this may be recognized. If so, this will make it incumbent upon the community to improve the spring, perhaps seek more

Growing Export Importance
 Texas export trade, at \$236.6 million in 1960, is headed toward the billion-dollar mark and should get a big boost toward that goal by the Trade Expansion Act passed by Congress this year.
 Export trade is one of the more promising factors in this state's economic growth. It brings new money into the economy, encourages job-creating investment and creates business for Texas seaports.
 The U. S. Department of Commerce, in this region through its field office in Houston, is backing up the new trade act with a campaign to encourage industry to move more aggressively into foreign markets. One aspect of that campaign is the award of "E-for-Export" pennants for outstanding contributions to the nation's export expansion program. There are three categories: For export

David Lawrence
How Business Regards The Elections

WASHINGTON — Four separate predictions as to the outcome of the congressional elections Tuesday are being discussed in political circles. Each would have a different impact on the trend of American business.
 First, the present Democratic party margin in both houses could be retained without any gain for the Democrats.
 Second, Republicans could make small gains in the House of Representatives and perhaps even in the Senate.
 THIRD, the Republicans could make substantial gains in both houses.
 Fourth, the Democrats could increase their margin in both houses.
 If there is virtually no change in the margin of the parties, business will be encouraged. It will mean that the existing coalition of conservative Democrats and Republicans in Congress will continue to restrain to a large extent the experimentalism and radicalism of the Democratic party's quasi-socialist bloc, business would be encouraged and stimulated.

IF THE DEMOCRATS increase their margin in both houses, business will be discouraged and there will be renewed talk of deflation and a possible recession in 1963, with more unemployment.
 If the Republicans make small gains, business will receive its first big stimulus in the last two years. Businessmen will feel that the stronger coalition of Republicans and Democrats in Congress—which is anti-radical—will prevent any legislative hostility to the free-enterprise system and to the upward movement of the markets of the country.
 SHOULD THE REPUBLICANS accomplish a landslide—which seems improbable—the favorable effect on business will be even greater.
 But what really will happen? Public opinion polls are not available because nobody has polled every district, and, of course, nationwide polls by party are meaningless in measuring the trend in congressional campaigns. A big majority in New York City, for instance, may increase the Democratic percentage across the country, but it would not foretell the large number of Republican seats that could be won by narrow margins in various districts composed of small towns and rural areas.

MANY PEOPLE are asking if the Cuban situation will affect the election results. This is doubtful, as the problem has not been clarified and probably will not be by election day.
 Resolute action by a President on the international front is of limited popularity, no matter what the circumstances. For, due to economic factors, the people are

WHO PUT IT THERE IN THE FIRST PLACE?
James Marlow
Keep An Eye On Election Effects
 WASHINGTON (AP)—The most interesting result of Tuesday's elections should be the effect—if any — on President Kennedy's handling of Congress the next two years.
 FOR THREE reasons:
 1. It's been a dull campaign. The Democrats may keep their present Senate margin 64 to 36 —and even pick up one or two seats; in the House—where they

Hal Boyle
Female Bellwethers
 NEW YORK (AP)—Things a columnist might never know if he didn't open his mail:
 You can tell the condition of the nation's economy by the way women dress. "When things are booming," says fashion director Ruth Sellers, "bright colors and highly styled clothes are in vogue. But when a downturn occurs mid-lady's fashions become more conservative."
 Prosperity Note: A luxury laundry here charges up to \$6 a yard for washing fine tablecloths by hand.
 Ever wonder why a yawn helps wake you up and feel more alert? The act of yawning and stretching quickens your pulse, thereby giving you more pep.
 Odd Jobs: Did you know some fellows in this country make a living as bosom pressers, belly men and neckers? But their jobs aren't particularly romantic. Respectively, they are laundry workers who press shirt fronts, men who attach sounding boards to pianos, and necktie stitchers.
 Busy Houses: The average American housewife now opens 800 cans and carries out 1,000 pounds of garbage a year.
 Our Quotable Notables: "The ultimate effect of shielding men from the effects of folly is to fill the world with fools."—Herbert Spencer.
 You can win money from your bartender by betting him he can't fold a piece of paper in half eight

times. No matter how large and thin the paper, he won't be able to do it.
 Apt Definitions: Writer Hugh Mulligan says a complaining wife is a "vintage wine."
 Looking for an atomic age hideaway? Operators of 27 commercial caves in Missouri say they can shelter a million persons in an emergency. Lester B. Dill, operator of the huge Meramec Caverns in that state, says he already has made 5,000 reservations.
 Somebody was wrong: The first time George Gershwin, the noted composer, played the piano in a theater he was laughed off the stage by both the audience and his fellow performers. And who remembers their names now?
 The high price of keeping calm: Americans spend about \$200 million annually on tranquilizers.
 Worth repeating: The best way to keep teenagers out of hot water is to put some dishes in it.
 Tidbits: Ancient Romans ate beans at funerals because of a belief that the souls of the dead resided in them. The banjo has been called "America's only national musical instrument." Basketball draws more paid admissions than any other U.S. sport. Diamonds have been found in Arkansas, California, Indiana, North Carolina, Ohio, Virginia and Wisconsin.
 It was William Shakespeare who observed, "God has given you one face, and you make yourself another."

To Your Good Health
Reasonable Amounts Of Sweets Aren't Dangerous
 By JOSEPH G. MOLNER, M.D.
 Dear Dr. Molner: Recently a drug clerk told my sister that there are many cases of diabetes among young people and he attributed this to the fact that they consume so many sweets, candies, soft drinks, etc.
 I had always thought that my sugar taken into the body was eliminated via the kidneys. Although my four children eat well-balanced diets of meat and fish, cereals, vegetables and salads, they are often treated to sweets after meals—not as a replacement for meals. I would appreciate your opinion.—L. K.
 My opinion is that your sister ought to listen to smarter drug clerks. Sugar doesn't cause diabetes, except to the extent that people who are fat are more likely to develop the disease than those who aren't.
 There's substantial reason to believe that diabetes is increasing simply because in the last 35 years we have found out how to keep it from killing people prematurely.
 Many who used to die in misery at an early age now live to have children and raise them, and see grandchildren grow up. Heredity plays a big role in diabetes.
 Reasonable amounts of sweets aren't dangerous. They are good, and there's no need to be fearful.
 Dear Dr. Molner: My sister's five-year-old son had a fit the other day for the first time. She

Around The Rim
All Treats And No Tricks
 To give you an idea of how things were in those days of yore, when I was a stripling, the kids didn't get taxi-service on the eve of All-Saints' Day in order to raid the sweet-meats cabinets of the neighborhood.
 We had heard the expression "trick or treat" but we preferred to play tricks at the faint risk of digesting some buckshot without swallowing it.
 A FAVORITE Halloween trick, done without benefit of costume, was to attach a wire of some length to the window screen of widow-woman a few doors down the street, pull it taut until you could locate somewhere behind a tree or hedge and then play a tune by drawing a piece of metal across it.
 Sometimes the maternal parent would get a phone call from the maligned party in which the caller would suggest that boys would be better off at home getting their school work. It never occurred to the victim to bring a batch of homemade candy out as a sort of peace offering. Had she done that, we might have retreated in confusion and panic.
 ANOTHER PIECE of knavery was to upend an outhouse and deposit it in a front yard a couple of streets over but we were regularly briefed on the lack of logic in that maneuver. After all, we had an outhouse, too, and it was pointed out that witches have a hard time distinguishing between such appurtenances at the witching-hour. Better to invest our time guarding our own lean-tos, we were told.
 Any donkeys in the neighborhoods, and there were invariably a few which wore no man's collar but which liked to forage up and down our alleys, were likely to wind up on the second porches of old mansions or braying in the cabbage patches of some enterprising gardeners.
 THE HUCKSTERS have long since took charge of Halloween and perhaps it is just as well.
 The hobgoblins have moved out and been replaced by brass commercialism to such an extent that Halloween has become all treat and no tricks.
 In other words, the candy makers probably make enough at that time of year to assure their kids of a bountiful Christmas. Until five years ago, Halloween lagged behind Christmas and Easter as a candy holiday.
 NOW, THANKS to some clever promotion, more sweets are sold in the few days before Oct. 31 than for any other holiday season.
 It may have been the fashion a few years ago to turn off all the lights in the house and hide behind the furniture, hoping the hobgoblins would pass you by. Now, it's sort of useless not to flip the front porch light and station yourself beside the door, with a generous supply of treats at hand.
 It may be a form of piracy but it isn't apt to become unfashionable anytime soon.
 —TOMMY HART

Inez Robb
Hope For The Older Folks
 There was another one of those ominous pieces in the newspapers the other day reaffirming the horrendous modern dictum that a man who hasn't got it made in the corporate or industrial structure by the time he's 35 just ain't going to get it made at all.
 OH, HE'LL KEEP his job all right. But it will be in the second or third corporate echelon. He may never even make 50th assistant vice-president if, by age 35, he hasn't zoomed off the pad with such lift that he is already in orbit. If he hasn't made the executive suite on the 40th floor by that time, he is doomed to the water cooler and the stenographic pool 20 floors down.
 The most depressing part of this forecast is that in a mere two-month period the age that separates the tycoon from the tyro has been lowered by five years. Toward the end of August, another prognosticator, widely quoted in the press, said that any man who isn't in the big league by the time he has reached 40 has forever lost the race for the top rung.
 AT THAT TIME I gloomily predicted that within another decade any American who has lost his lisp and his baby teeth will be too old to do anything more than sign an application for old-age relief. Obviously, I was unduly optimistic. Probably only five years are best before the eight-year-old newsboy is headed for the showers, retired for senility!
 However, there is still a little light in the East for those of us who have not only passed 35 but never see 40 again. The Peace Corps, for example, has discovered that there's life in the old folks yet, and valuable life, too. So they are recruiting volunteers in their sixties, who turn out to be valuable in point of experience and endurance.
 THE NATIONAL COUNCIL of Jewish Women, an educational and service group, is taking a leaf from the Peace Corps, is organizing a volunteer service group of senior citizens to help staff undermanned

Holmes Alexander
Columnist Favors Connally, Barry
 WASHINGTON — Prejudice without responsibility is a "freedom" never mentioned by the politicians—but a grand and glorious one! On every pre-election day, the Washington-domiciled columnist, with no vote, nevertheless can cast his nationwide "ballot," like this:
 SOME OF THE HOUSE and Senate candidates get my hurrah for no reason at all except that I like 'em, with Dan Brewster (D) and Fife Symington (R) of Maryland, I have emptied many a glass of grog and chased red foxes on horseback over galloping grass. With Perkins Bass (R) of New Hampshire, Crosby Kemper (R) of Missouri, George Lodge (R) of Massachusetts, and Tom Johnson (D) of Maryland, I have had good luck and good times, so I wish them luck tomorrow. Johnson is in trouble with the law, but you don't desert a friend when his luck turns sour.—Bill Workman (R) of South Carolina—yes, indeed!
 BILL FULBRIGHT (D) of Arkansas, deserves to get the scare of his life because he has been wrong about Cuba, wrong about the military, wrong about almost everything as chairman of Foreign Relations. But the Republicans have nominated a non-entity against him, and it serves them right if they lose. Fulbright's defeat would lower the "tone" of the Senate, which has already suffered grievously in that respect. An intelligent man should be able to learn from experience: a shaky ally for Fulbright.
 BEST OF ALL the candidates for governor is John Connally (D) of Texas, a coming national figure. On the anti-Communist issue alone, but also because he favors capital punishment for dope dealers, Dick Nixon (R) of California is a must. Other Republicans, such as Rockefeller (N. Y.), Romney (Mich.), Scranton (Pa.) are obvious choices. The sitting governors in Arizona, Paul Fannin (R), and Maryland, Millard Tawes (D), deserve another round.
 THE GOOD RIDDANCE list of incumbents has to be headed by Sen. Joe Clark (D-Pa.) the Lumatic Leftist, closely followed by Sen. Wayne Morse (D-Ore.), a man who literally talks his own head off. Men as old as Senators Alexander Wiley

Outstanding Students

Susan Ford of Lubbock and Gregory O. Lipscomb of Houston hold plaques they received upon being named most outstanding boy and girl students by the University of Texas Dads' Association at Austin. Both are seniors at the University.

Big Factors Behind Vote For Governor

By GARTH JONES
Associated Press Staff Writer

Texas elects a governor Tuesday with voter turnout and the international situation vital forces behind the balloting.

A record-breaking vote for this non-presidential election year, possibly encouraged by the Cuban crisis, apparently will favor Democrat John Connally.

Voter participation of a million or less could shift the winning odds to Republican Jack Cox.

Polls open at 6 a.m. in the state's most populous areas, 7 a.m. in others and 8 a.m. in rural sections. All polls must close at 7 p.m.

Texas will decide the success or failure of the greatest statewide effort by Republicans in 90 years. Texas has elected only one Republican governor, E. J. Davis, just after the Civil War. His term was brief.

There are seven other statewide Democrat-Republican contests, and many inter-party congressional, legislative and county contests. There is no U.S. Senate race.

AMENDMENTS

Up for a decision are 14 proposed amendments to Texas' much-patched Constitution. There has been no drawing of party lines on the amendments.

More than 2.35 million Texans are eligible to vote Tuesday by the Texas Election Bureau, a highly accurate but unofficial vote counter, estimates less than half of those eligible will mark ballots. Robert Johnson head of the bureau, predicted the vote will be in excess of one million. If the million mark is reached it will be the largest off-year poll in Texas history. Johnson said the record figure probably will be realized because of the strong Cox-Connally contest.

There were more than 2.28 million votes for governor in the presidential year of 1960, including 612,000 for the Republican nominee. Only about 800,000 Democrats and Republicans took part in the 1958 off-year gubernatorial election.

Attention focuses on the governor's race where Cox, 41, a one-time Democratic office holder turned Republican and now an oil drilling executive, meets Connally, 45, a Democrat, close friend of administration leaders who quit as secretary of the Navy to make his first campaign for office.

GOOD PERSONALITIES

Both men are handsome, personally successful in private business, fluent speakers and untiring campaigners.

The third candidate is Jack Carswell, 39, a Houston funeral parlor operator, the Constitution Party nominee. Carswell's party collected a little more than 18,000 votes in the 1960 presidential vote in Texas.

Cox was born in the Breckenridge oil fields and was a rough-neck-skilled oil field worker—at 15. Later he served six years as a state representative from the home town area. In 1960 he ran for governor, losing by 189,000 votes to Gov. Price Daniel in the Democratic primary.

Connally was born on a Wilson County farm near Floresville. As a student leader at the University of Texas, Connally began campaigning for Lyndon B. Johnson, now vice president. While managing an Austin radio station and later as lawyer for a firm representing wealthy Fort Worth oil operators, Connally was active in Johnson's races for the Senate and for the Democratic presidential nomination.

COX'S SLOGAN

Cox contends the vice president sent Connally back to preserve Johnson's political strength in Texas. "Independent of Washington Control" is Cox's campaign slogan.

Connally denies any Washington

ties. He calls Cox a "party-switcher" and has accused Cox of running as an "independent" and "conservative" rather than a Republican.

An unexpected campaign issue came with the Cuban crisis. Connally supporters say it put an end to claims of a last-minute surge by Cox.

Both candidates applauded President Kennedy's blockade of Cuba. However, Cox added that he hoped the President had not waited too long to act on what Cox and others had advocated for some time. Connally at once accused Cox of improper partisanship—"petty sniping... for political gain."

Both sides speculate that the intense public interest growing from the Cuban situation may stir out more apathetic voters.

TWO-PARTY STATE

Cox says his election would take Texas a long step toward a two-party state. He has tried to capitalize on what he calls a strong tide of Texas sentiment against Johnson and "New Frontierism." Cox plugs hard for election law reform.

Connally says the most important issue is whether he or Cox can provide the most effective leadership. He tells voters the next governor will work with overwhelming Democratic majorities in the state Senate and House. He has worked for party harmony and unity, quieting at least temporarily bitter party fuses that highlighted Texas Democratic losses to Republican presidential nominees in 1952 and 1956.

Both men have urged the importance of improving public schools and higher education, of promoting the attraction of industry and tourists, and of emphasizing efficiency and economy in government.

SECOND HOPE

The No. 2 hope of state GOP leaders is Des Barry, 54, Houston businessman, candidate for congressman-at-large—the 23rd congressional seat given Texas by the 1960 census but not yet assigned a district. The Democratic nominee is Joe Pool, 51, Dallas manufacturer and former state legislator.

There are 18 Democrat-Republican contests in the 22 other congressional districts, leaving only four congressmen without general election worries.

Democrat Preston Smith, 49, Lubbock state senator, and Republican O. W. Hayes, 43, of Temple, are in the show down for lieutenant governor.

Other statewide candidates:
Attorney general—Democrat Waggoner Carr, Lubbock; Republican T. E. Kennerly, Houston.
Railroad Commissioner (unexpired term): Democrat Ben Ramsey, San Augustine; Republican Bernard Hanson, Midland.
Comptroller—Democrat Robert S. Calvert, Austin; Mrs. Hargrove Smith, Houston, Republican, and J. M. Rummier, Houston, Constitution.

SADLER AND FAY

Land Commissioner—Democrat Jerry Sadler, Pecos; Republican Albert Fay, Houston.
Agriculture Commissioner—John White, Austin; Republican Harry Hubbard, Marfa.

In voting on the 181 members of the 1963 legislature there are 13 contested races for the Senate and 84 for the House.

Two of the 14 proposed constitutional amendments have attracted most attention—Proposition No. 14 providing for a complete new trial (trial de novo) on appeal of administrative agency decisions and No. 4 to permit the state to buy space in proposed local or federal lakes. Another proposal, No. 7, would provide for succession of powers and duties of many state and local offices in case of enemy attack.

Foundation Gains Studied

WASHINGTON (AP)—A House committee studying tax exempt foundations says that 38 such groups made capital gains of more than \$73 million on sales of stock during a seven-month period that included the sharp decline in the stock market last May.

H. A. Olsner, director of the House Small Business Committee's study of tax exempt foundations, said Saturday the figures tend to support the demand of Chairman Wright Patman, D-Tex., for a moratorium on further tax exemptions for the foundations.

Olsner said that as part of the overall study the committee asked more than 500 foundations for details on their stock transactions between Dec. 1, 1961 and Jan. 31, 1962.

"The purpose," Olsner said in a memo made available to newsmen, is to assess the role of the tax free foundations in the market tumble of 1962—in other words to determine to what extent, if any, foundation professionals helped trigger the stock market plunge of 1962 and profited later by purchasing stocks at lower prices."

He said the inquiry shows 38 foundations sold \$146,135,000 worth of stocks in the seven-month period, racking up capital gains of \$73,442,000.

METHODIST HOME MEETING
Dr. H. Clyde Smith, Rev. Daris Egger

Challenges Of Children Explained To Methodists

The new challenges of caring for today's orphaned children were presented to Dr. H. Clyde Smith, Superintendent, Big Spring Methodist District, and Rev. Daris Egger, Pastor of First Methodist Church, Colorado City, members of the Board of Commissioners of the Methodist Home in Waco, at the Board's annual meeting Friday.

The three Methodist Bishops of Texas highlighted the group of 200 ministers and laymen. The Board of Commissioners is comprised of three representatives from each of the 48 Methodist districts in Texas and New Mexico. Hubert Johnson, Superintendent of the Methodist Home, presented the new challenges confronting the 73 year old institution.

"Over 450 boys and girls look to the Methodist Home for not only shelter, clothing, food and care, but for love and sense of belonging as well."

Bishops William C. Martin of Dallas and Bishop Paul E. Martin of Houston paid tribute to Commissioners who have died since the 1961 meeting. Bishop Paul V. Galloway of San Antonio

Mrs. Steele's Brother Dies

T. S. Lane, brother of Mrs. Travis Steele, died of a heart attack late Saturday while visiting in Louisiana. He was born May 7, 1907 in Coleman County.

Mr. Lane was in Big Spring last week for the funeral of Travis Steele, a Big Spring policeman. Mr. Lane was a 23 year veteran of Phillips 66 and had made his home at Lindsey, Okla. for eight years. Prior to that, he was a long time resident of Breckenridge. He is survived by his widow, two daughters, two sons. Mrs. Steele will attend the funeral which is slated for 10 a.m. Tuesday in Lindsey with interment to be there.

Suspect Caught

BUFFALO, N.Y. (AP)—Albert Frederic Nussbaum Jr., 28, alleged bank robber and one of the FBI's 10 most wanted men, has been captured here following a reported tip to the FBI by his mother-in-law.

Crash Kills 3

Three persons were killed in a two-car crash Sunday 10 miles south of Graham, in North Central Texas. Killed were Ezekiel Thompson of Graham, Jim Lee Fletcher of Tulahoma, Okla., and Billy Ray Mills of Odessa, Tex.

Kennedy Feels Cuban Watch Is Long-Term

WASHINGTON (AP)—President Kennedy feels U.S. surveillance of Cuba will have to be continued in some form long after the current missile crisis is settled, government sources report.

In offering this view of the President's thinking to newsmen Sunday, the source did not specify how long the watch would be kept. The object they said, would be to guard against any future introduction of Soviet missiles into Cuba.

The government sources who discussed Kennedy's position emphasized that he is determined to verify the removal of the weapons by international inspection teams—and that nothing less will be satisfactory.

The administration's continuing stress on the necessity of international inspection is being viewed in some quarters as a means of keeping pressure on Castro.

As far as it can be ascertained, the United States has set no deadline on compliance from either Moscow or Havana. Nonetheless Kennedy was understood to feel the United States cannot wait indefinitely.

At the same time, Washington is convinced the missile bases are coming down. Their destruction is almost complete, Edward M. Martin, assistant secretary of state for inter-American affairs, said Sunday in a television interview.

Cold Spreads Over Wide Area

By The Associated Press
Gusty northerly winds fanned cold air, rain and snow from the north central region eastward and into sections of the South today. Light snow fell as far southward as parts of Tennessee and Kentucky where temperatures dropped to the 30s. Readings were in the 40s from Alabama through the Carolinas and northern Florida.

Texas Due Cold Spell

By The Associated Press
A new mass of cold air edged into the Texas Panhandle-Plains early Monday and was to spread over most of the state by night-fall.

Shortly before dawn the weak cold front lay on an east-to-west line running through Lubbock. It was partly cloudy at Lubbock and at McAllen in the Lower Rio Grande Valley and cloudy around El Paso. Elsewhere skies were clear.

Early morning temperatures ranged from 38 degrees at Dalhart to 64 at Brownsville. Other low readings included Amarillo 41, Texarkana and Lufkin 42, and Junction 43.

Lows of nearly freezing with possible frost in Northeast Texas were predicted for the northern part of the state Monday night. A few scattered showers were predicted for extreme Southwest Texas Monday night.

ON THE SHELF

THE PYRAMID CLIMBERS. By Vance Packard. McGraw-Hill, \$5.

By The Associated Press
Maybe big business executives are about to get a break.

Packard calls them the "most manipulated and exploited job holders in the land."

But there's a trend, he says in his new book, towards judging them by results instead of by conformity to artificial standards. There are even signs of a movement away from the traditional authoritarian pyramid of big business towards one in which division chiefs have nearly complete authority.

Packard, who wrote such best selling social studies as "The Status Seekers" and "The Hidden Persuaders," thinks executives need a national professional association like those of doctors, lawyers and engineers.

"An association of executives could suggest to its members," he says, "where reasonable cooperation with the corporation ends and where exploitation begins. It could examine current practices in such controversial matters as company policies in moving executives around the landscape, the ethical issues posed for executives by many companies, the common practice of interviewing executives' wives, the lock-in techniques of setting compensation, the widespread practice of subjecting executives to nonconfidential psychological testing, and the usual practice of rating executives by a form which the executives themselves have had no part in shaping."

Of more interest to go-getting young pyramid climbers, no doubt, are the road maps drawn by Packard of the best routes to the pyramid and the kind of people he thinks are likely to make the steep ascent most readily.

Since styles change, what sort of an executive is big business seeking just now?

As a "successful package," he is likely to be tall and lean, says Packard, with the look of a white Anglo-Saxon Protestant. He is clean cut, clean shaven, doggedly friendly, neat and inconspicuous in dress. He wears long socks, has hair neither too long nor too short, shuns the smoking of pipes, lacks red hair. He makes a fine first impression, exudes self confidence but has a touch of naturalism about him. He wears a hat, belongs to the right clubs and knows how to act in them. His college is likely Ivy League.

This is the more interesting view of Packard's finding that on the contrary highly successful individual business men come in all sizes, shapes, education and breeding.

The wife of the man who can cut the mustard wears the right

(not necessarily the best) clothes and says the right things to the right people. These sophisticated, pressurized couples are ready to move to a new city or to slough off old friends lagging on the ladder.

The successful climber may work 60 or 70 hours a week, neglect his love life and find himself in emotional or physical crises, but the rewards are glittering, even including six figure salaries, private planes, Hollywood style offices and high style pensions.

Traits that count in the race are listed by Packard as surging energy and drive, the ability to concentrate a competent (not necessarily brilliant) mind on essential problems, a talent for communication, the ability to take criticism, to handle subordinates evenly, to use tension as a stimulant, to enjoy running big projects and to generate confidence.

In getting to the top, however, an executive is likely to find office politics a fact of life. He not only has to prove he is good, but to show he knows his way around the intricacies of an organization. He pays due respect to lines of command but doesn't let himself

get blocked by a lagging superior. He works in the department from which promotions in his company are most likely. He knows how to play the power game with threats and flattery, or if he doesn't he hires a career consultant to teach him.

—JOE WING
