NO LUMP OF SUGAR Tiny babies take it straight

DOWN THE HATCH Adults swallowed it too

22,729 Take Polio Vaccine

A little more than half the population of Howard and Glasscock counties joined Sunday in the first in a series of steps to stamp out polio. They were the ones who appeared at clinics to take the Sabin Type I oral vaccine.

from being a "carrier" of the polio virus. All the clinics—there were 10 in all—stayed fairly busy throughout the afternoon. Particularly was response heavy at Coahoma and Knot.

TYPE II TAKEN IN MITCHELL

COLORADO CITY (SC)—Four stations in Mitchell County administered 6,898 doses of Sabin II vaccine Sunday.

Those in charge of the program said they regarded it as satisfactory, although they felt that the response should have been greater.

A make-up date for those unable to appear for their No. 2 vaccine Sunday will be set at a later date.

Air Attacks In Katanga Arouse U.N.

UNITED NATIONS, N.Y. (AP)—The U.N. Congo Command is threatening action against secessionist Katanga's air force after reports of bombings in North Katanga.

A message from the U.N. Command in Leopoldville Sunday said the U.N. air force would fly over the area to verify the reports and would announce later what action, if any, it would take against Katangan planes.

U.N. officials said they had "fairly reliable" reports that about 10 Katangan planes dropped at least 69 bombs Saturday in five successive strikes at objectives in North Katanga. There was no estimate of casualties. The reports told of bombing victims being evacuated.

50 PLANES The United Nations lately has issued reports indicating that Katanga President Moise Tshombe, who had only one operational plane in September 1961, now has something like 50, along with 20 to 30 pilots and technicians.

The message from the Leopoldville office of Robert K. A. Gardiner in command of the U.N. operation in the Congo, estimated about 10 planes may have carried out Saturday's bombings, striking a road junction and a hospital and near a bridge.

It did not speculate on the purpose of the bombing. The area is peopled by Baluba tribesmen hostile to Tshombe, and Premier Cyrille Adoula's Congolese national army also there, perhaps to try to recapture Katanga. The United Nations worked out a Congolese-Katangan cease-fire agreement last month but Adoula repudiated it.

NO FORCE U.N. Acting Secretary-General U Thant has said repeatedly that he does not intend to resort to force to end Katanga's secession. But action by the U.N. force against Katangan aircraft might well develop into warfare.

Diplomatic sources said Thant has given Tshombe until Thursday to do something about carrying out Thant's Aug. 20 plan for bringing Katanga back into the Congo. They said Thant threatened to take unspecified measures if Tshombe failed to comply.

U.S. Undersecretary of State George C. McGhee is flying to Europe this week for conferences with British and Belgian officials on efforts to unify the Congo and possible action to persuade Tshombe to accept a draft constitution for the Congo.

Sabin Sees No Excuse For Omitting Type III

DALLAS (AP)—Dr. Albert Sabin, developer of the oral polio vaccine bearing his name, says there will be no excuse for outbreaks of the disease in areas halting vaccination programs.

A reporter asked Sunday what may result from cancellation in some communities of plans to dispense Sabin's Type III vaccine.

"It would be a needless occurrence (of polio) because otherwise the communities might have proceeded with a vaccination program," he replied.

Dallas is among the cities across the nation which decided not to dispense the Type III serum. This occurred in September after U.S. Surgeon General Luther Terry said it could be linked to cases of polio developed by persons given Type III.

Dr. Sabin discussed the matter as he arrived to a speaking engagement. He will address the Dallas Hospital Council today.

Indian Bones Are Uncovered

GALVESTON (AP)—A truck mired in soft ground led to the weekend discovery of skeletons believed to be those of eight Karankawa Indians at push Jamaica Beach.

An anthropologist from the University of Houston was expected to examine the skeletons today.

The Karankawas were cannibals inhabiting the Galveston area when the first white explorers arrived.

A Negro maintenance man, Willie Holiday, discovered the first skeleton Saturday when his truck, laden with top soil, stuck in the soft ground.

He used a shovel to free the truck and uncovered the skeleton. He called Jasper Smith, a resident of Jamaica Beach. With careful digging they uncovered one skeleton intact.

Bones from three others were located Sunday. Officials said there may be as many as eight skeletons in a 20-foot square area.

Kennedy Calls Cuban Negotiators For Talks

SHAPED LIKE QUARTERED CIGAR Wingless Craft May Become Space Taxi

EDWARDS AIR FORCE BASE, Calif. (AP)—Its looks suggest half of a missile nose cone cut lengthwise.

It's 24 feet long, is made mostly of plywood and has no wings. But a space agency spokesman predicts it not only will fly—next January or February—but will point the way to providing taxi service between earth and satellites.

The strange craft taking shape behind a curtain in a U.S. space agency hangar here is called a "lifting body." Scientists are trying to develop devices that can plunge safely into the atmosphere at orbital speeds of 18,000 miles per hour and interplanetary speeds of 25,000 m.p.h. or more.

Today's Mercury astronaut capsules re-enter safely but must land where their parachutes take them.

"When we start running a taxi

service to and from satellites we'll need more maneuverability," says Paul Bikle, director of the National Aeronautics and Space Administration research center here.

The "lifting body" was chosen from many shapes tried at NASA research centers at Sunnyvale, Calif., and Langley, Va.

The lift that keeps aircraft airborne comes from this vehicle's underside rather than from wings.

The craft, 13 feet across and 7 1/2 feet deep, weighs 500 pounds without a pilot. It's designed to land at 55 m.p.h. Later models will land at about 200 m.p.h., the landing speed of the X15 rocket plane.

The device has a plastic window in the nose so the pilot can see. Small rudders and elevators on the craft's blunt rear end provide stability.

Sharp Resigns, Blount Named To Judgeship

LONGVIEW (AP)—Gregg County Judge Earl Sharp, under indictment in Wood County on slant oil well drilling charges, resigned today.

His letter to the county commissioners was from Rochester, Minn., where he is undergoing treatment at the Mayo Clinic.

R. E. (Peppy) Blount, former legislator and University of Texas football player, was appointed county judge for the remaining seven weeks of Sharp's term. Blount received 3,802 written votes last Tuesday to Sharp's 2,774 for the office.

In his letter, Sharp said that it appeared he would have to remain at Rochester for a considerable time and that he felt the interests of the county would be best served by the appointment of Blount. Blount is a Big Spring native.

42 Missiles Are Counted Leaving

WASHINGTON (AP)—President Kennedy summoned his three Cuban crisis negotiators to the White House today to discuss developments to date in their talks with Soviet and U.N. representatives.

The announcement of the meeting, issued by the U.S. delegation at the United Nations, did not elaborate. One development certain to be on the agenda is the Soviet missile withdrawal.

Deputy Secretary of Defense Roswell L. Gilpatric confirmed Sunday the United States has counted 42 Russian missiles on ships steaming away from Cuba.

INSPECTION NEEDED He stressed that without on-site inspection the United States cannot be certain whether the 42 were all Moscow sent in.

"The Soviet" said there were 42," he said. "We have counted 42 going out. We saw fewer than 42 in U.S. reconnaissance flights over Cuba."

"Until we have so-called on-site inspection of the island of Cuba we could never be sure that 42 was the maximum number the Soviets brought into Cuba."

The negotiators Kennedy will see are: U.N. Ambassador Adlai E. Stevenson; Charles D. Yost, Stevenson's Security Council deputy, and John J. McCloy, chairman of the President's Cuban crisis coordinating committee.

A delegation spokesman said the three will discuss with the President "developments to date in negotiations on the Cuban question with Acting U.N. Secretary-General U Thant and Soviet First Deputy Foreign Minister Vasily V. Kuznetsov."

The negotiating team had their last White House session a week ago Saturday. Since then there have been three meetings with Kuznetsov.

Among matters apparently still unresolved are:

Inspection of Cuba and ships entering Cuba.

Disposition of a score or more Ilyushin-28 medium jet bombers in Cuba which Kennedy included in the category of offensive weapons that had to be withdrawn.

NO CHANGE Cuba's U.N. representative Carlos M. Lechuga told reporters on Sunday Cuba has not altered its objection to any inspection of its territory or ships. He said Cuba

did not object to inspection of ships of other nations.

Authoritative U.N. sources said the United States and the Soviet Union have been unable to agree on how long the International Red Cross Committee should inspect Cuba-bound Soviet ships to make certain no more Soviet missiles are slipped in.

Thant has declared he hoped to announce final agreement on all points by Tuesday.

Washington sources have said the United States insists the Soviet Union also pull out the jet bombers.

NOT DISCUSSED

Cuba's Lechuga said Sunday: "We never discussed that."

Gilpatric, the Pentagon's second civilian in command, reaffirmed U.S. determination to see the bombers, capable of dropping nuclear bombs on American targets, removed from Cuba.

Speaking on a taped radio-television-ABC—"Issues and Answers"—Gilpatric made clear the United States does not feel bound to lift its naval blockade.

"Our obligations do not come into play until the Soviets have fully carried out their commitments and, as of the present time, there has been only partial fulfillment," Gilpatric said.

Girl Who Lived After 2,500-Foot Plunge Marries

EAST BREWSTER, Mass. (AP)—A 20-year-old telephone operator, who plunged 2,500 feet from an airplane and escaped with minor injuries, was on her honeymoon today.

Miss Lois Ann Frotten and John E. Burke, 31, were married Saturday.

Three months ago the couple decided to celebrate their engagement by taking a sky dive together.

Burke landed safely but Miss Frotten's chute failed to open and she plunged 2,500 feet into Mystic Lake. She hit soft mud at the bottom of the lake and escaped with only two small vertebrae fractures and a cut nose.

The couple has vowed never to sky dive again.

CRMWD Approves Waterflood Pact

Directors of the Colorado River Municipal Water District Monday authorized officials of the district to proceed with a final draft of an agreement to supply water to Sun Oil Company for a northern Coke County waterflood project.

It and when concluded, the agreement would provide for the district to deliver salt and raw lake water to Sun. The salt water would be the normal flow of the Colorado River which the district intercepts in channel dams.

Directors also went on record as not opposing an extension of the ban on pit disposal of oil field brines in the Sharon Ridge field by as much as four months. A group of operators in the field had approached the board last month with a proposal for a six months extension.

The board, said Charles Perry, Odessa, president, could not make a recommendation for an extension, but it would not lodge objection on a four-month extension provided efforts are made to solve the salt water disposal problem.

Adenauer Party Suffers Setback

FRANKFURT, Germany (AP)—Chancellor Konrad Adenauer's Christian Democrats suffered their worst election setback ever in a state vote Sunday.

Adenauer and other top party leaders had no immediate comment. The country's newspapers were quick to interpret the vote in Hesse as an important protest against the federal government's handling of the Der Spiegel case.

The publisher of the news magazine Der Spiegel and four editors are under arrest on suspicion of committing treason by publishing military secrets. The government has been accused of high-handed methods, and Defense Minister Franz Josef Strauss has been particularly criticized.

UF Still Short Of Its Goal

The United Fund campaign had not picked up much speed this morning, as headquarters listed the total accounted for at \$92,523. This is almost \$11,000 short of the \$103,324 necessary to meet the budgets of 13 local welfare agencies.

Workers have been urged to wind up the campaign this week. A meeting has been called for 5 p.m. Tuesday of volunteers in the Employe Division, in an effort to determine the status of a great many contact cards. Plans will be made to get these cards worked before the drive closes.

No other divisions have met their quota, but the Special Gifts Division and the Big Gifts Division are only about \$700-\$800 away from going over the top.

Fighting Grows Again On India-China Border

NEW DELHI, India (AP)—Hostilities between Indian and Communist Chinese troops are picking up again around Walong in their undeclared border war. An Indian spokesman said today there were three weekend clashes in that area just west of the Burma border.

The spokesman said five Indian soldiers were wounded.

The Indians also had a brush with a Red Chinese patrol near Jang, at the west end of India's North East Frontier Agency, he said, but otherwise a lull continued.

The report from the front came as Prime Minister Nehru, striving to put the nation on guard against all eventualities, told newsmen he has asked the United States for planes. He did not say what kind of planes, but India evidently could use additional transports.

Concerning the weekend fighting, the spokesman said a Red Chinese party of unspecified size approached an Indian position near Walong on Saturday night and opened fire. He called this a

probing action from which the Red Chinese withdrew.

That same night, an Indian patrol operating on the Himalayan ridges northwest of Walong encountered some Red Chinese. One Indian was wounded in the clash.

Another Indian patrol exchanged fire Sunday night with the Red Chinese and four Indians were wounded.

Since the initial Communist thrusts into Indian-claimed territory at 13 points in the offensive launched Oct. 20, there has been a lull of almost three weeks. Both sides have been moving up reinforcements.

There was no immediate indication of the kind of planes Nehru requested.

A U.S. Embassy spokesman said there has been some discussion with the Indian government, though no orders via the U.S. mission, on American transport planes as part of the military aid. Washington has already agreed to permit transfer to India of some transports it had ordered from Canada.

Honoring Those Who Gave

About 100 visitors and patients at the Big Spring Veterans Administration Hospital observed Veterans Day Sunday with traditional ceremonies. Shown during raising of the colors is a patient at the hospital. Guest speaker was Capt. A. J.

Blasingame, 331st Fighter-Interceptor Squadron, Webb AFB. The High School Band performed at the opening ceremonies in front of the hospital building.

Gen. Walker Test Ended

DALLAS (AP)—A court-ordered psychiatric examination of former Maj. Gen. Edwin Walker has ended but may be resumed, a Parkland Hospital spokesman reports. Walker received a weekend pass to observe his 53rd birthday Saturday and the hospital subsequently told of his discharge by Dr. R. L. Stubblefield.

Walker was charged with insurrection and seditious conspiracy after integration riots at the University of Mississippi. A federal judge then ordered the psychiatric tests to help determine whether Walker could undergo a trial.

Stubblefield conducted the examination. He heads the psychiatric department at the Southwestern Medical School, a branch of the University of Texas.

In reporting the discharge of Walker, a hospital spokesman read a statement from Stubblefield which also said: "Additional conferences may be arranged by consultation between Dr. Stubblefield and his attorney, Charles Webster, a professor at the Southern Methodist School of Law, and attorneys for Gen. Walker."

Two Men Drown

By The Associated Press
Two Houston men drowned Sunday while fishing near Half Moon Reef in Galveston Bay off Texas City. They were Clement Pink, 51, and Tillman Henderson, both Negroes. Henderson was an elementary school principal.

Good news for asthmatics

Specialist's discovery now makes it possible for bronchial asthma sufferers to quickly relieve choking, coughing, gasping spasms and do it without use of internal drugs or painful injections. So safe you can get Dr. Guld's Green Mountain in either cigarette or compound form without prescription. Ask your druggist for it.

DISTRESS, DEBT, DISCONTENT

By T. H. Tazbel, Preacher
Church of Christ, 2800 West Highway 80
P.O. Box 1383

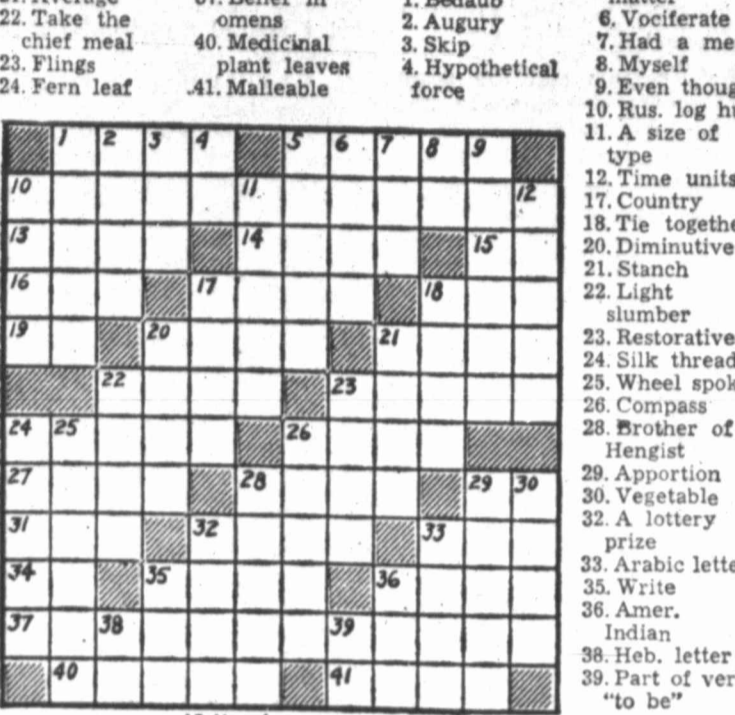

"And every one that was in distress, and every one that was in debt, and every one that was discontented, gathered themselves unto him; and he became captain over them..." (1 Sam. 22:2). This was said of David; but is a figure of Christ. Christ said, "Come unto me, all ye that labour and are heavy laden, and I will give you rest" (Matt. 11:28). In Him there is hope for a hapless and helpless humanity. He is able to save them to the uttermost that come unto God by Him... (Heb. 7:25). He is the "captain of their salvation" (Heb. 2:11), and has said, "I am come that they

Hiss On TV Causes Flap

NEW YORK (AP)—A televised appearance of Alger Hiss on a program entitled "The Political Obituary of Richard M. Nixon" was met Sunday night by a flood of phoned and telegraphed protests, cancellation of the program by several stations and picketing of network studios.

One Midwestern station carrying the program received a bomb threat but it proved to be a fake. Pickets appeared outside studios of the American Broadcasting Co. in New York and Los Angeles.

ABC said the taped program gave an honest summary of Nixon's career, including comments from persons applauding him. Nixon could not be reached immediately for comment.

NEW YORK (AP)—A televised appearance of Alger Hiss on a program entitled "The Political Obituary of Richard M. Nixon" was met Sunday night by a flood of phoned and telegraphed protests, cancellation of the program by several stations and picketing of network studios.

ABC said the taped program gave an honest summary of Nixon's career, including comments from persons applauding him. Nixon could not be reached immediately for comment.

The Taft Broadcasting Co. said it ordered the show off its two stations where it had been sched-

uled, in Cincinnati and Columbus, Ohio.

Walter H. Annenberg, editor-publisher of the Philadelphia Inquirer and president of Triangle Publications, ordered the program off two Triangle stations in Philadelphia and New Haven, Conn.

Nixon, as a U.S. representative from California, started a 1948 congressional investigation of Hiss, then a high official in the State Department. The probe centered about charges by the late Whittaker Chambers that Hiss had been a member of a Communist underground cell.

DEAR ABBY

Breakfast For Hubby

DEAR ABBY: Your guess that 75 per cent of the married women make breakfasts for their husbands was conservative. I live in a 16-unit apartment building and I took a poll. Only two men make their own and they are both bachelors. By the way, I have made over 18,000 breakfasts for my husband. We've been married over 52 years and I missed only 9 times. (Three days for each "baby.")

BLESSED LONELY

K May Have Been Helped Rather Than Hindered By Cuban Crisis

By WILLIAM L. RYAN
AP Special Correspondent
An AP News Analysis

Strong evidence from Moscow has been helped as much as he has been hurt by the Cuban crisis. Indications are that he will have his way in preparing the U.S.S.R. for a long-pull economic cold war.

Close examination of what went on before, during and after the 45th October Revolution anniversary seems to justify speculation concerning developments of high significance in the global political-economic war.

A picture emerges of Khrushchev as chairman of a collective of Soviet leaders whose theories, doggedly pushed since the de-Stalinization congress of 1956, now are being vindicated.

The collective thus has had the opportunity to apply a coup de grace to its internal enemies and turn its attention to Khrushchev's original program. This seemingly was based on the assumption that nuclear war would ruin the Soviet Union, and that the logical course was to prepare for economic war on a world scale.

This does not mean Communists will not grab opportunities where they find them. But it can mean that the overriding policy is "better safe than sorry." It can mean that so long as the United States and the West keep their guard, caution will be the Kremlin watchword.

The Cuban adventure showed how close Moscow could come to blundering into nuclear war with recklessly wrike policies. It is even possible the missile buildup

Anti-Sabotage Rewards Offered

JOHANNESBURG, South Africa (AP)—South African police are offering cash rewards to anyone giving information leading to the conviction of a saboteur, the Sunday Express reported Sunday, quoting police officials.

For two months incidents of sabotage — especially the blowing up of electric power stations and lines — have been hitting South Africa's biggest cities. Although arrests of African suspects have been reported, there have been no announced convictions.

in Cuba was undertaken against Khrushchev's better judgment, that he was overruled when the decision was made some months ago to go ahead with it.

Indications now are that Khrushchev's side has won whatever debates went on in party councils regarding the decision to pull back the missiles.

Having won that argument, the collective is strengthened in holding back impatient Communists who want aggressive action in West Berlin and elsewhere.

All these things undoubtedly were dealt with during the parade of visits satellite leaders made to Moscow recently.

Walter Ulbricht, head of the East German Reds, has been nagging the Kremlin for quick and decisive Berlin action, because the problem adds to his headaches in an economically floundering satrapy.

But Ulbricht and company seem to have been told they will have

to wait. The Russians probably already have a peace treaty for East Germany drawn up and ready to be signed by the Red bloc at a given signal, but for a while there seems little chance this will be done.

Principally, the Kremlin seems preoccupied with putting off the time when it might have to take

an action which would take the U.S.S.R. beyond the point of no return.

The whole Communist bloc is burdened with economic problems. It has, in addition, the problem of Red China, an ailing giant whose leaders are clamoring for tough action against the United States.

Obvious deep economic difficulties in East Germany, Bulgaria and to a lesser extent in other satellites also may be dictating attention to internal bloc problems as a matter of Communist world security.

The whole tone of the 45th anniversary celebration was one of moderation.

The keynote speech by Alexei Kosygin, laid heavy emphasis on economic problems. He stressed the need to satisfy Soviet consumer demands for meat, butter, milk, shoes, clothing and dwellings.

All this may signify a significant turn in Soviet policy. It can mean that the present Soviet leadership, has decided, with regard to Communist expansion, to make haste a little more slowly, at least while the Western world remains on the alert.

Abilene Area Residents Take Vaccine

ABILENE (AP)—Residents of a dozen West Central Texas counties turned out nearly 125,000 strong to be immunized against polio Sunday.

About 65,000 received Type II Sabin oral vaccine distributed by the Taylor-Jones County Medical Society. Dr. Marshall Turnbull, director of the group, reported there were 53,879 in Abilene alone.

While the total was somewhat smaller than the number taking Type I Sept. 30, Turnbull said Taylor and Jones counties could count on a lowered incidence of polio. Dates for distributing Type III serum remain to be set.

Also taking part were 12,000 persons in Nolan County, including Sweetwater, 6,698 in Mitchell County, including 4,776 at Colorado City; 5,494 in Coleman County; 5,000 in McCulloch County; 1,600 at Roby and 1,200 at Rotan, both in Fisher County; 2,710 at Breckenridge, in Stephens County; 3,000 at Haskell and 1,062 at Baird, in Callahan County.

Type I vaccine was distributed at the same time to 11,000 in Brown County, including 10,000 at Brownwood, and to 4,740 at Balinger and 3,100 at Winters, both in Runnels County.

Oilmen Told They Won Several Fights In Capital

CHICAGO (AP)—Oilmen were told today they won several major fights in Washington in 1962 but must expect renewed attacks on several fronts next year.

Frank Ikard, executive vice president of the American Petroleum Institute (API), said the industry can expect a continuing drive to reduce percentage depletion for oil and other minerals.

He said new efforts will be made to induce the government to establish a national fuels policy with end use controls.

Ikard's first report as the top Washington spokesman for the domestic petroleum industry was placed before the opening general session of API's annual meeting.

About 6,000 are attending the three-day meeting.

Ikard was a member of the House Ways and Means Committee when he resigned as a Texas congressman a year ago to head API's Washington office.

Two amendments to reduce the 27 1/2 per cent depletion tax allowance on oil and gas were defeated in the Senate this year but Ikard

said the votes indicated no significant gains for the industry.

"Some lawmakers have a blind spot on this subject," he said. Ikard said fuels policy legislation would substitute government directive for purchaser preference in the consumption of various fuels. He predicted advocates of such legislation will attempt a 1963 comeback.

The coal industry has argued that national security dictates a need for a national fuels policy. The coal interests, however, have denied they are seeking end use controls.

Ikard said a recent report by a special study group for the Senate Interior Committee supported oil's contention the nation already has a fuels policy in the form of free competition.

"But this struggle has not ended by any means," he said. "These groups that have fought so hard are not ready to run up the white flag. They are, in effect, fighting harder now than ever."

He said those seeking a fuels policy may start another campaign early next year when the special study group's report goes before the Senate committee.

Ikard commended Congress for passing President Kennedy's new trade expansion act.

"Passage of this measure undoubtedly caused the Russians to alter many of their plans for economic penetration of non-Communist countries," he said. "It was a resounding victory for the free side of the cold war contest."

The Howard County Hospital Foundation announces the association of Dr. J. Amanda Keelyn in the practice of internal medicine.

might have life, and that they might have it more abundantly" (Jno. 10:10).

"Christ is the hope of the world! We preach Christ crucified" for your benefit; and invite you to come and hear the Christ story. Like Paul, we are "determined not to know anything among you save Jesus Christ, and Him crucified," and just as Paul preached the commands of Christ in preaching Christ, we are careful to not divorce Him from His teaching. —Adv.

Smoking Study

WASHINGTON (AP)—A government advisory committee has started an extensive study aimed at finding whether smoking is a cause of lung cancer.

Fair Condition

AUSTIN (AP)—J. Frank Doble, the folklorist and author, was listed in fair condition today by Brackenridge Hospital. He was injured Nov. 2 in an auto accident.

Grandparents A Plenty

Two-year-old Span Arlyn Blagrave, son of Mr. and Mrs. Derwood Blagrave, inspired a family gathering at the home of Mr. and Mrs. Cecil Alfred. Five generations were represented, and nine of Span's 10 living grandparents were there. In the back row are Mr. and Mrs. Cecil Alfred, left, and Mr. and Mrs. Arthur Blagrave, grand-

parents; and seated from left, are Mrs. Albert Shortes and Mrs. John Alfred, great grandmothers, Mrs. Stanley Williams, a great-great-grandmother, holding young Span, and John Alfred and P. O. Hughes, great-grandfathers. Tom Blagraves, another grandparent, was not present.

Miss America Credits Her Title To Music

"It said that music can soothe the savage breast, but it may even have a greater potential in developing beautiful women.

This year's Miss America, Jacquelyn Mayer, feels that music helped get her the beauty crown "that every girl dreams she'll wear some day."

The hazel-eyed, 115-pound brunette is 5 feet 5 1/2 inches tall. She sings, plays the piano, organ, clarinet and bassoon. She explains:

"A musical instrument can help you develop poise, grace, patience, coordination, cooperation and team work. When you play in a band, you must make your own part good for everyone's sake. Recitals, concerts and duets require good posture and build stage presence. When you sit at a musical instrument, you have the urge to compose and it develops your imagination."

TOURED WITH WARING
Jackie took piano lessons from her mother, a junior high school music teacher. She learned to play the clarinet in the Sandusky, Ohio, high school band, and taught herself the bassoon by renting it from the high school. She also took piano lessons in Austria when she was an exchange student in her senior year. After a year at Northwestern University where she studied speech, she went on tour singing with Fred Waring's band, learning a great deal about audience appeal and "enjoying the wonderful experience of working for a great musician," she says.

She did a skit as her contribution to the talent bit in the Miss America contest.

Experience in high school talent shows is a good way to enhance a musical career. I was always in the school choir as an alto or second soprano, and I plan to major in music when I return to Northwestern to finish my education," she explains. She was awarded a \$10,000 college scholarship with her title.

TOOK OVER CLASSES
Jackie's musical home did a great deal for her, she says.

"We were always hearing music around the house. Mother exposed us to it to create the desire. She didn't force it on us. My sister and two brothers play and my sister and two brothers play and my sister and I take over Mom's private piano lessons when she has been away. When I was little Mom's music business was small, but it is amazing how it has grown and how many little 5 and 6-year-old youngsters want to learn how to play the piano."

The Austrian family with whom she lived and boys she dated there weren't surprised that she won the Miss America title, she says.

Buffet Supper Dish

Choose small scallions and chop fine, including most of the green top; add to creamstyle cottage cheese. Serve this savory combination, restaurant-style, on a relish tray that includes pickles, carrot sticks, apple butter and marinated mushrooms. Nice for a company buffet supper.

Lass-O Club Tea Is Held

The 12th annual mother-daughter tea was held by the Lass-O Club at Howard County Junior College Sunday afternoon. Approximately 40 mothers and daughters, faculty members and faculty wives called and were served in the parlor of the Student Union Building.

MISS MAYER

They kept writing her that she would win.

LOVE NO WORRY
Do boys like girls who are beautiful but dumb, instead of the more talented types?

"Guys want a girl who has some kind of talent whether it be music or something else. You just can't win on looks alone," she says.

Although Jackie has lots of beaux, she isn't worried if she

Former Residents Meet At Knott

The annual reunion of former Knott residents, now in its fourth year, was held Friday at the home of Mrs. H. C. McClain, Knott. A covered dish luncheon was served, and those attending were:

Mrs. Clem Shanks, Mrs. R. N. Adams, Mrs. O. B. Gaskins, Mrs. Fred Roman, Mrs. R. L. Stallings, Mrs. P. E. Little, Mrs. Lonnie Smith, Mrs. Robert Brown, Mrs. Roy Phillips and Mrs. Bob Merrick.

Also Mrs. N. C. Petty, Mrs. T. J. Brown, Mrs. Roy Cornelison, Mrs. Fred Adams, Mrs. Lee Castle, Mrs. Oscar Smith, Mrs. Frank Hodnett, Mrs. Evalyn Walker, Mrs. Willey Burchell, and Mrs. Johnny Shortes.

Also, Mrs. Minnie Anderson, Mrs. Loucille Sample, Mrs. G. Shortes, Mrs. Mary Brown, Mrs. W. A. Jackson, Mrs. Velma Airthart and Mrs. Frances Glenn.

Miss Mary Ann Bell were those who served, assisted by Miss Sue Lewis and Miss Linda Paige.

The life of a college girl was presented in original poems read by Mrs. Harold Davis. Also on the program was Mrs. Wayne Keller who sang "Summertime," with piano accompaniment by Mrs. Vonnie Downey.

Sponsors of the Lass-O members are Mrs. Marshall Box and Miss Linda Milam.

Duplicate Winners Are Told

Ten tables were in play for the Sunday afternoon duplicate session held at Cosden Country Club.

Those placing in north-south positions were Mrs. Jack Irons and Mrs. Tom South, first; Mrs. D. M. Penn and Mrs. J. Gordon Bristow, second; and Mrs. B. B. Badger and Mrs. Anne Hardy and Mrs. Winston Harper and Harvey Williams, tied for third and fourth.

In east-west positions, winners were Mrs. Ben McCullough and Mrs. John Stone, first; Dan Greenwood and Mrs. Garrett Patton, second; Mrs. Ayra McGann and Mrs. Myrtle Lee, third; and Mrs. George Pike and Mrs. Ralph Wilson, fourth.

'Worry' In A Repeat Performance

A repeat performance of the "Arthur Worry Dance Party" was given Friday night before a capacity crowd at the Officers Club, Webb Air Force Base. Music for dancing was by the Hi Fies.

The intermission show, written by Mrs. Lawrence Casey, featured a cast that included Maj. and Mrs. Casey, Mrs. A. K. Halverson, Maj. S. H. Osborne, Mrs. Paul Lee, Lt. John Holden and Mrs. Norman E. Buhner. Mrs. Veryl C. Hewitt was in charge of music, and the presentation was made by Mrs. Leonard Einstein.

The M and S and C. E. Group was in charge.

Space-Age Rooms Suit Youngsters

Children can squint a cloud into a camel or a kingdom, or turn a weed patch into a jungle. It's entirely a matter of imagination. And parents can use their imagination to make such fancies more than passing. One way is to provide a child with a personalized bedroom by decorating it just for him. A space-age room in red, white and blue is implicit in a space-ship window shape, and cantilevered bunk beds. An odd, irregular series of shelves complete the setting, and control the clutter.

Men Eat Most Of Lunch Box Meals

Statistics of a large research organization show that men eat 54 per cent of the lunch box meals; teenagers 11 per cent; children 20 per cent; women 15 per cent. Soup was one of the lunch box leaders. Favorites among condensed soups: tomato first place; vegetable and chicken noodle vie for second; vegetable beef, mushroom, chicken rice and chicken vegetable follow in that order.

Seasoning Utensils

Always use a fat that contains no salt for seasoning an iron cooking utensil.

Today's Children Are Fundamentally Sound

By JOY MILLER
AP Women's Editor

NEW YORK (AP) — Dr. Benjamin Spock, considered an indispensable as a diaper pin by most young parents, gives them further aid and comfort with his diagnosis of today's children: "Fundamentally sound."

One way you can tell they're sound, he said the other day, is by how they study—"longer, harder, with more judgment and showing maturity in their extracurricular interests."

As reassuring in person as he is in print, Dr. Spock has a

craggy, good-humored face and a rangy, 6-foot-4 frame. He's the author of probably the best-thumbed manual in America—a book on baby and child care that has sold 13 million copies—and a just-published volume "Problems of Parents."

"Many parents still are going through more strain, worry and suffering than they need to in bringing up children," he said.

If you're tempted to worry about the younger generation, he advises comparing it with the

youngsters of the 20s when he was going to school.

"The serious student then was frowned on by everybody, and the only approved things were proms, clothes and sports. I not only approved of these things," the former Yale man added with a grin, "but I applied myself with great earnestness."

He admitted there is more delinquency today but "most of it is insignificant pranks, moderately destructive. Studies asking leading citizens what they did as adolescents show that 90 per cent did these things."

Accompanied by his wife, Dr. Spock was on his way to Cambridge, Mass., to see his two sons and make a few speeches in behalf of H. Stuart Hughes, Harvard history professor running for the Senate as an independent.

"I'm sure I'll disturb and alienate parents by insisting this is important too. But I simply can't stay in the nursery when I have such strong feelings. The problem of achieving peace can't just be talked about; we must support the candidates working for peace."

Dr. Spock, who teaches child development at Western Reserve Medical School in Cleveland, Ohio, is no longer in private practice. So perplexed parents call his wife Jane for advice.

"I don't give it," she said shaking her head firmly. "I suggest they ask their pediatrician to recommend a psychiatrist. I'm even very careful not to give advice about my grandsons, although that's hard."

They are Danny, 3 1/2, and Peter, 1 1/2, sons of Michael, 29, who, aft-

Visits Six Flags

Miss Teen-Age America 1962, Darla Banks, 16, of Fresno, Calif., gets a big kick in feeding a baby goat from a bottle while she visited Six Flags Over Texas near Dallas. Miss Banks won the Miss Teen-Age Contest Oct. 27 in Dallas.

Airman Rescued From Mine Shaft

IDAHO SPRINGS, Colo. (AP)—"He's alive! He's alive!" Cheers echoed Sunday through the abandoned shafts of an old Colorado gold mine as tired and grimy rescuers pulled to safety a 23-year-old airman buried 14 hours in the murky depths.

Airman 2 C Chester West of Rye, N.Y., fell 200 feet down a shaft in the Idaho Bride mine. He was injured seriously.

West and Airman Robert I. Hanson, 19, of Wittenburg, Wis.,

were exploring the mine three miles west of here in the central Rockies when West plunged down the shaft Saturday afternoon.

Hanson made his way to the highway and hailed a motorist, who notified officials.

Norman Blake, district state mine inspector and about 35 volunteers began searching for West.

Once West was found, it took rescuers three hours to bring him out of the winding tunnels.

"The kid's just darn lucky to be alive," said Dr. Freeman D. Fowler, who examined West. West was taken to a Denver hospital, where officials said he had a collapsed lung, broken cervical vertebra and other injuries. Hanson was treated for shock but was in good condition.

West's widowed mother, Hermine West, and her daughter Julia, 22, a student nurse at Cornell Medical Center, arrived in Denver from their Rye, N.Y., home Sunday night by plane.

Museum To Open Tuesday

The Odessa Meteorite Museum will open its doors at 11 a.m. Wednesday, to hundreds of visitors from throughout the state to get their first close-up of nickel and iron fragments of a strange visitor from outer space that descended here 25,000 years ago.

The long dream of the citizens of Odessa to develop the Odessa Meteor Crater is now a reality. Paul E. Pursler, Special Assistant to the Director of NASA Manned Spacecraft Center, at Houston, will cut the ribbon announcing the formal opening.

The new museum, with its many specimens of meteoritic material gathered from meteor craters throughout the United States and other parts of the world, represents nearly a year's hard work by the Odessa Meteorite Museum Committee of the Odessa Chamber of Commerce and thousands of dollars contributed to the project by nearly 400 members of the Odessa Meteorological Society headed by Tom Rodman. Although preliminary exploratory work began on the meteor crater near here by the University of Texas in the 1930's, prior to World War II, headed by Geologist Frank Evans, now a citizen of Midland, no real interest was created to develop and preserve the meteor crater as a tourist attraction until this year when the second official Texas Information Marker designating the meteor crater as a tourist attraction was dedicated April 17, 1962.

A dedicatory luncheon will follow the ribbon cutting ceremony in the Ballroom of the Lincoln Hotel where Pursler will speak.

Workers Quit Jobs In Siberia

MOSCOW (AP)—Report from central Siberia: Some 47,000 disgruntled workers have quit their jobs in the first six months of this year and construction of a model industrial center is years behind schedule.

The report was published Sunday in the Soviet newspaper Sovetskaya Rossiya.

"Whole groups of workers are leaving, displeased by confusion and low salaries," the newspaper said.

The story appeared as the Supreme Soviet, the Soviet Union's parliament, was called into session Dec. 10 to ratify recommendations on speeding up and improving industrial and farm production. The Communist party Central Committee meets next Monday to outline an action program at a meeting next Monday.

The newspaper, reporting on a special study in the Kemerovo area of central Siberia, accused construction leaders of concentrating on such little jobs as building greenhouses and making repairs while neglecting major tasks so they could report overfulfillment of construction quotas.

Raid On Suspect's House Uncovers Small Arsenal

BALTIMORE, Md. (AP)—Federal agents searching the house that had been occupied by accused bank robber Bobby Handell Wilcoxson and his girl friend came upon a small arsenal.

Hand grenades, parts of a sub-machine gun, two automatics, a sawed-off shotgun, and ammunition were just part of the cache catalogued and hauled away by federal agents Sunday.

Saturday, some 20 FBI agents had surprised the dwelling's occupants—Wilcoxson, 33, and Jacqueline Ruth Rose, 19. They submitted to arrest without a struggle. The Rose girl's 14-month-old baby was turned over to police matrons.

Wilcoxson was on the FBI's most-wanted list and had been referred to many times as a "modern-day Dillinger." He is charged with a number of bank robberies throughout the country which reportedly ended in the shotgun

slaying of a bank guard.

The Rose girl is charged with driving the getaway car on at least one occasion.

The FBI also wants to ask them about the \$1.5-million mail truck robbery in Plymouth, Mass., last August.

Agents recovered some \$21,000 in cash, still in bank wrappers; a large bunch of keys, which agents said would operate any General Motors car on the market; an assortment of press passes; special police badges; a two-way radio; \$600 worth of travelers checks; a passport; various identification cards, and two magazine articles comparing Wilcoxson to John Dillinger.

Dillinger, a notorious bank robber, was arrested in Tucson, Ariz., and taken to Crown Point, Ind., but escaped from jail there March 3, 1934. Dillinger was shot to death by federal agents when he emerged from a movie house in Chicago July 22 that year.

Free Ball In Sands Game

Eddie Herm (on ground) of Sands scrambles to cover a free ball in Friday night's game with Cooper. The play occurred in the opening minutes of the third period. The Mustangs lost four yards on the fumble. No. 29 is halfback Joe Felty of Cooper; No. 65 end Danny Clanton, Sands. Cooper won the game, 28-6. (Photo by Lee Bernard).

Northwestern's Hopes Die; Southern Cal Shooting High

With Northwestern's pleasant dream suddenly turned into a nightmare, the race for the national college football championship today had narrowed down to three teams—Southern California, Big Six powerhouse, plus Alabama and Mississippi, the wreckers from the Southeastern Conference.

Longhorns Need Victory Over Tough TCU Squad

Standing in the way of Texas and a return trip to the Cotton Bowl is Texas Christian—the team that ruined the Longhorns' dreams of an unbeaten season in 1961. Southern Cal, Alabama and Mississippi are three of the four undefeated untied major powers in the country. Both Southern Cal and Mississippi have won seven, while Alabama has trampled eight foes.

Steers Face Fast Team In Abilene

Plainly disappointed with the showing of the Steers in their last Friday game, Coach Don Robbins decreed hard workouts for this week. "It's the only way I know we can get ready for Abilene," he declared. "We weren't playing like we can, and we're going to have to play an entire game against Abilene like we played against Permian or get chased out of the park."

Palmer-Snead Team Stroke Third Straight Canadian Cup

SAN ISIDRO, Argentina (AP)—The United States possessed its third straight Canada Cup golf crown today but the American tandem of Arnold Palmer and Sam Snead almost lost it on the treacherous 10th hole of the Jockey Club course.

LOOKING 'EM OVER

By TOMMY HART
NEW YORK (AP)—Under direct pressure from President Kennedy, the AAU and NCAA are expected to sign a pact today ending the bitter, 2½-year war for control of amateur sports in the United States.

The President's brother, Attorney General Robert Kennedy, was here to sit in as mediator at a meeting called by Kenneth (Tug) Wilson, president of the U.S. Olympic Committee.

The college federations reported gravely concerned over the effect of the battle between the Amateur Athletic Union, governing body of many U.S. amateur sports, and rival federations formed with the sanction of the National Collegiate Athletic Association, which runs the college show.

Leaders of the three new college federations—track and field, basketball and gymnastics—issued a statement today in which they said they agreed to the broad principles worked out at an earlier exploratory meeting in Washington, D.C., Oct. 26-27.

The college federations listed the four broad principles of settlement as follows: 1. The new federations and the AAU would enter into a signed agreement.

2. The U.S. Track and Field Federation would consider ways and means of cooperating with the AAU in regard to international recognition.

3. Dual sanctioning of competition in the United States would be put into operation.

4. Federation members would be asked to make their facilities and personnel available for AAU events in accordance with established sanctioning policies.

When Big Spring's Charley Johnson had that big day for the St. Louis Cardinals against the New York Giants a week ago Sunday, the 365 yards his pass receivers picked up constituted a club record.

Stub Allison, who used to coach the University of California football team, had some lean years. Before he died, he liked to tell about the time the U.S. president, Robert Sproul, fell in step with him as he left the field following a defeat.

"Mr. Allison," Sproul began the conversation, "How many students in your class were in the U.S. Army?"

"Oh, I dunno," Allison replied, "maybe 16,000 or so."

"Mr. Allison, would it be possible to place two of them in front of the ball carriers?" Sproul inquired.

The spectator who tells the game arborer he needs glasses is sometimes more right than funny. A West Coast optometrist examined the eyes of one prominent West Coast football official and found the man's vision so poor that he couldn't identify a three-foot blowup of a football player's picture from ten feet away. He thought it looked like a palm tree. The doctor also found a baseball umpire's sight so poor that the umpire depended on the second base umpire to signal him on the close balls and strikes.

A responsible doctor revealed recently he had screened 242 athletes and found 20.4 per cent with visual defects.

Jim Taylor Crushes Toward 2 Records

Jim Taylor, the Green Bay Packers' fullback, built like an army tank and combining his firepower and mobility, is hurtling toward a pair of National Football League records that may substantiate his own judgment that he is a better fullback than Cleveland's Jimmy Brown.

Taylor scored four touchdowns for the second straight game Sunday and upped his league-leading ground gaining total to 1,075 yards in leading the defending champions to a resounding 49-0 victory over the Philadelphia Eagles, a team that had beaten this same group of Packers for the 1960 title.

But Taylor who wants nothing more than to be recognized as a better fullback than Brown, has drawn a bead on the Cleveland star's season ground-gaining record of 1,527 yards which he set in 1958, the season he led the NFL with 18 touchdowns. This latter record is shared by Steve Van Buren and Erloy Hirsch.

In pacing Green Bay to its ninth win without a loss this season, and 17th in all competition since last season, Taylor has amassed 14 touchdowns to add the current scoring leadership to his ever-growing list of credits.

The victory kept Green Bay all alone atop the Western Conference, with perhaps a second title match in a row in store with the New York Giants. The Giants stayed a full game in front of the Eastern Conference with a 41-10 victory over the Dallas Cowboys.

while second-place Washington defeated Cleveland 17-9. New York is 7-2 and the Redskins 5-2-2. Pittsburgh (5-4) stayed in the Eastern fight with a 27-17 win over the St. Louis Cardinals, Dallas and Cleveland are all but finished with 4-4 records.

Detroit remained two games in back of the Packers with a 38-24 win over the San Francisco 49ers in the diminishing Western race. Baltimore handed Los Angeles coach Harland Svare his first loss 14-2 and his Roger LaClerc's 17-yard field goal in the final 13 seconds pulled the Chicago Bears over Minnesota 31-30.

The last the Eagles remember of Taylor was his face being pushed into the mud of Frank Field by linebacker Chuck Bednarik as the final seconds of the 1960 title game ran out. They remember him now as having torn their defenses for 141 yards Sunday. They get a further lacing from Bart Starr's passing that got 274 yards on a fantastic 15-for-20. Tom Moore accounted for the champs' other scores, playing for defending scoring king Paul Hornung, who made only token appearances.

Green Bay's defense remembered, too. The 1960 Eagle quarterback, Norm Van Brocklin, now is coaching the Vikings. But successor Sonny Jurgensen and King Hill got only 24 yards passing. The Eagles had led the league with 2,075 prior to the game.

Quarterback Y. A. Titile, half-back Frank Gifford and end Ed Snodgrass, plus the loss of Eddie LeBaron did in the Cowboys. Titile upped his league-leading passing yardage to 2,331 with 315 and hit passing lead to 22, hitting Snodgrass twice and Gifford once.

LeBaron was lost on the game's first series of plays and Don Meredith guided the Cowboys the rest of the way.

Dallas and Denver are on the brink of a ding-dong fight to determine the American Football League's Western Division champion, and it's a good bet that the Boston Patriots have at least a rooting interest in the Broncos.

Dallas leads the West by one-half game over the Broncos after losing the New York Titans 52-31 Sunday while Boston was beating Denver for the second time this season, 33-29. The Pats' victory kept them one-half game ahead of the defending league champion Houston Oilers, who defeated the Oakland Raiders 28-20.

San Diego, two-time Western titlist, lost its fifth straight 40-20 to the Buffalo Bills, who haven't lost in the last five games.

Boston has its own work to do, facing the Oilers in Houston. The Pats already own a 34-21 victory over Houston, but have lost their two 1962 contests against the Texans by convincing scores of 42-28 and 27-7.

The Texans (7-2) used their usual combination of Len Dawson's passing and the running of Abner Haynes and rookie Curtis McCClinton to finally down the Titans 14-0.

Boston's fourth period spurt on Ron Burton's 91-yard run and the fourth field goal by Gino Cappelletti beat Denver 7-3.

The Bills (4-5-1) rolled to a 37-0 lead over the Chargers (3-7) at halftime and have now won four and tied one after losing their first five games.

Houston, their ninth loss and 15th in a row since last year with a 14-point spurt in the last quarter after Oakland had gone ahead 20-14.

San Diego, two-time Western titlist, lost its fifth straight 40-20 to the Buffalo Bills, who haven't lost in the last five games.

Barnum Takes First Tourney

LAFAYETTE, La. (AP)—Big John Barnum has ended years of frustration with his first major tournament golf victory. In addition, the 51-year-old pro—known as a fine teacher of fundamentals—gave the youngsters a lesson in par-shaving.

He fashioned four sub-par rounds over the 6,555 Oakbourn Country Club course for a 72-hole total of 270 to win the \$17,500 Cajun Classic Sunday. His was the lowest 72-hole score ever recorded for the tourney.

Playing his first golf in more than a month, Barnum, a tall husky man, who many of the younger pros look on as a "father," equaled the course record Saturday with a 63 and then came back with a 3-under-par 69 to win the first prize of \$2,400 going away.

Taby Loop For Young Bowlers

As time goes on, one word which will be heard more and more, is "Taby." "Taby" is the Texas Association of Bowling Youth and is a growing organization composed of boys and girls of school age.

Some highlights of the week HIGH GAMES (men)—Tom Seebö 257; R. L. Ladd 249; Champ Rainwater 249; Buddy Meeks 243; (women) Ronnie Bachstadt 265; Nelly Kerby 232; Jewell Wadsworth 231; high series (men)—Buddy Meeks 276; Tom Seebö 671; Champ Rainwater 627; Ladies—June Daniels 672; Nell Kerby 633; Jeanett Hayden 610.

The Taby League in Big Spring needs more members; and it is not too late to get into a league. The league meets each Saturday at 9:30 a.m. at the Bowl-A-Rama.

Three games are bowled and the charge is \$1.25, which includes shoes, ball, and bowling. The rules provide, among other things, that only soft drinks will be sold and consumed on the premises, no pin ball machines will be in operation, and there will be no smoking on the lanes while the league is in process.

A responsible doctor revealed recently he had screened 242 athletes and found 20.4 per cent with visual defects.

Big Spring Men Take Drag Honors

Big Spring racers shared in the honors Sunday in the San Angelo drag races at the Wall track. Fred Anderson captured L stock in the stock car class. Franklin Kirby was a double winner with victories in C altered and in the little eliminator divisions of the hot car class.

Four Grid Games On Tap For Week

This is the way the week's grid menu shapes up: THURSDAY—Runnels 8th vs Goliad 9th at 6 p.m., and Runnels 9th vs Goliad 9th at 7:30 p.m.

Dallas, Denver To Settle West Division's Winner

Dallas and Denver are on the brink of a ding-dong fight to determine the American Football League's Western Division champion, and it's a good bet that the Boston Patriots have at least a rooting interest in the Broncos.

Dallas leads the West by one-half game over the Broncos after losing the New York Titans 52-31 Sunday while Boston was beating Denver for the second time this season, 33-29. The Pats' victory kept them one-half game ahead of the defending league champion Houston Oilers, who defeated the Oakland Raiders 28-20.

San Diego, two-time Western titlist, lost its fifth straight 40-20 to the Buffalo Bills, who haven't lost in the last five games.

Boston has its own work to do, facing the Oilers in Houston. The Pats already own a 34-21 victory over Houston, but have lost their two 1962 contests against the Texans by convincing scores of 42-28 and 27-7.

The Texans (7-2) used their usual combination of Len Dawson's passing and the running of Abner Haynes and rookie Curtis McCClinton to finally down the Titans 14-0.

Boston's fourth period spurt on Ron Burton's 91-yard run and the fourth field goal by Gino Cappelletti beat Denver 7-3.

The Bills (4-5-1) rolled to a 37-0 lead over the Chargers (3-7) at halftime and have now won four and tied one after losing their first five games.

Houston, their ninth loss and 15th in a row since last year with a 14-point spurt in the last quarter after Oakland had gone ahead 20-14.

San Diego, two-time Western titlist, lost its fifth straight 40-20 to the Buffalo Bills, who haven't lost in the last five games.

Boston has its own work to do, facing the Oilers in Houston. The Pats already own a 34-21 victory over Houston, but have lost their two 1962 contests against the Texans by convincing scores of 42-28 and 27-7.

The Texans (7-2) used their usual combination of Len Dawson's passing and the running of Abner Haynes and rookie Curtis McCClinton to finally down the Titans 14-0.

Boston's fourth period spurt on Ron Burton's 91-yard run and the fourth field goal by Gino Cappelletti beat Denver 7-3.

The Bills (4-5-1) rolled to a 37-0 lead over the Chargers (3-7) at halftime and have now won four and tied one after losing their first five games.

Houston, their ninth loss and 15th in a row since last year with a 14-point spurt in the last quarter after Oakland had gone ahead 20-14.

San Diego, two-time Western titlist, lost its fifth straight 40-20 to the Buffalo Bills, who haven't lost in the last five games.

Boston has its own work to do, facing the Oilers in Houston. The Pats already own a 34-21 victory over Houston, but have lost their two 1962 contests against the Texans by convincing scores of 42-28 and 27-7.

The Texans (7-2) used their usual combination of Len Dawson's passing and the running of Abner Haynes and rookie Curtis McCClinton to finally down the Titans 14-0.

Boston's fourth period spurt on Ron Burton's 91-yard run and the fourth field goal by Gino Cappelletti beat Denver 7-3.

The Bills (4-5-1) rolled to a 37-0 lead over the Chargers (3-7) at halftime and have now won four and tied one after losing their first five games.

Houston, their ninth loss and 15th in a row since last year with a 14-point spurt in the last quarter after Oakland had gone ahead 20-14.

San Diego, two-time Western titlist, lost its fifth straight 40-20 to the Buffalo Bills, who haven't lost in the last five games.

Boston has its own work to do, facing the Oilers in Houston. The Pats already own a 34-21 victory over Houston, but have lost their two 1962 contests against the Texans by convincing scores of 42-28 and 27-7.

The Texans (7-2) used their usual combination of Len Dawson's passing and the running of Abner Haynes and rookie Curtis McCClinton to finally down the Titans 14-0.

Boston's fourth period spurt on Ron Burton's 91-yard run and the fourth field goal by Gino Cappelletti beat Denver 7-3.

ROS COE CONE
State Farm man in Big Spring

Cone Is Agent For State Farm

Claim service, at or away from home, makes insurance adjustments for car owners most convenient, and State Farm Insurance has this convenience for its policy holders all over the United States. Buyers in ever increasing numbers are taking advantage of this service and of the net lower costs of State Farm insurance.

Many people do not have a thorough knowledge of the various coverages in automobile, fire, and life insurance.

"This makes it most important to have an agent, with a broad knowledge of all types of insurance, handling your insurance problems." Roscoe Cone, local agent for State Farm Insurance Companies, said this week.

Cone has the experience and knowledge necessary to provide

proper counseling in the general insurance field.

One of every eight automobiles in the United States is now covered by State Farm and these companies carry more cars than any other company in the world. There are over 400 companies in the United States writing automobile insurance.

State Farm's policies are backed by their huge assets and reserves, and there are now close to eight million policies in force.

The State Farm Insurance office in Big Spring is conveniently located in the Eleventh Place Shopping Center where parking is never a problem.

Roscoe Cone invites you to drop by and discuss your insurance problems and needs with him—in auto, life, fire and casualty, and home insurance — at 1006 1/2 Eleventh Place.

Bryant's Auctions Held On Tuesdays

That sound coming from the stand is not "gibberish."

It's "Dub" Bryant auctioning off a lawn mower. Comparatively few men are able to master the fast "lingo" used by auctioneers, which is a musical sound to many who attend auctions.

"Dub" Bryant's Auction, 1008 E. 3rd, has grown during the past four years and sales often run past midnight. Buyers come from miles away to purchase items needed around the home and yard at about one-third the cost of new items.

Anyone interested in buying has an opportunity to go to the big white house, enclosed with a chain-link fence, and inspect everything to be sold, before auction time which starts at 7:30 p.m. every Tuesday.

Men can buy anything from a pair of pliers to a motor boat. Shop tools, and carpenter tools are available at most of the auctions. Women can practically furnish a home from items put up for auction at the house on East Third.

"Dub" Bryant accepts items on consignment and people come from many area communities with all kinds of household and other goods. It has become a mecca for those being transferred from one job to another, and they often dispose of all kinds of goods and equipment rather than having to move it.

"Dub" has his wife, Velma, office manager, who provides more than a dozen clerks on auction night to speed up the sales.

He operates his own furniture store during the day, but is available for auctions in other communities. He is consequently on the road a lot. His voice has also become familiar over the public address systems at local rodeos where he gives a running account of events.

Typewriters Make Good Holiday Gifts

The son or daughter in college or high school would appreciate nothing better than a new typewriter for Christmas. Mothers or Dads, who do lots of writing, would also appreciate the new Royal "Empress" typewriters now in stock at Thomas Office Supply. They come in colors to match home or office decor.

Christmas is just a little over a month away and many are looking for and trying to decide on, a suitable present for some member of the family. And what's to keep a person from giving a Christmas present to himself if he needs it?

The Royal portable, for the traveling man, is also something to think about in the way of convenience for making out reports and taking care of his correspondence.

Business forms, office furniture, paper, and other items needed at home or in the office, are in stock at Thomas Office Supply. Eugene Thomas, owner, can help you prepare a full set for records or bookkeeping.

How old is the furniture in the office? Maybe the whole family could get together and give dad's office a new look just by changing desks, chairs, tables, and other items to modernize furnishings.

There are fibre glass, moulded

BIG SPRING DAILY HERALD

SEC. B BIG SPRING, TEXAS, MONDAY, NOVEMBER 12, 1962 SEC. B

Seeks Union With Trinidad-Tobago

This is St. George's, capital of Grenada, British West Indies island whose new government wants to join Trinidad-Tobago in a unitary state. This has upset plans for an eastern Caribbean federation of eight British West Indies islands whereby they would all stay in the British Commonwealth but cease to be colonies.

West Indies Isles Want A Federation

By RICHARD G. MASSOCK BRIDGETOWN, Barbados (AP)—Eight lovely little British West Indies islands, lying in a row within rocket range of Cuba, are blissfully unbothered by Communism's bristling fortress in the Caribbean Sea.

Their easy-going, dark-skinned people go about the harvesting of bananas, cocoa beans and sugar cane with scarcely a thought of Fidel Castro.

The leaders of the Windward and Leeward Islands are worrying instead about the ways they can achieve independence, as their big sister islands, Jamaica and Trinidad-Tobago, did this year.

One of the lush islands, Grenada of the nutmeg groves, has upset plans for an Eastern Caribbean federation whereby they all would stay in the British Commonwealth but cease to be colonies.

UNITARY STATE

Grenada's new government wants to join Trinidad-Tobago in a unitary state. This leaves seven other island governments talking about federation, with the capital in Barbados.

The eight islands, all hopeful attractions for tourists with their

hot sun, tropical scenery and sandy beaches, are Barbados, Grenada, St. Vincent, St. Lucia, Dominica, Monserrat, Antigua and St. Kitts.

Both in total area—1,326 square miles—and total population, about 700,000, they are smaller than Trinidad alone. Trinidad, with 800,000 people on its 1,864 square miles, lies 16 miles north of South America. Grenada, famed as the spice island of the Western Hemisphere, is the nearest of the Windwards, 90 miles north of Trinidad.

NEW GROUPING

Trinidad was talked of as the head of a new grouping of Britain's Caribbean Islands before the original West Indies federation collapsed with Jamaica's withdrawal. Then Trinidad, with its tiny ward, Tobago, went independent soon afterward.

That left Barbados hopeful of heading a "Little Eight." Now Grenada's chief minister, Herbert Blaize, elected on a "Join Trinidad" platform, claims a mandate from his people to ask union with that island. He has asked the British Colonial Office to call a conference to start negotiations.

"It may take two years for Grenada to join Trinidad and Tobago," Blaize said in St. George's, Grenada's capital. "It would be of benefit for all. About 40,000 Grenadians, nearly one-third of the people born on this island, already live and work in Trinidad. There is not a single family in Grenada without some connection in Trinidad."

NOT SO SURE

Trinidadians in Port-of-Spain are not so sure of Grenada's welcome. Prime Minister Eric Wil-

liams some months ago offered to take in other West Indians, but objection is reported among his political opposition.

Trinidad's population is about one-half of African descent, about one-third of East Indian ancestry. Some East Indians there have expressed concern over the possibility of becoming an even smaller minority with the addition of Grenada's almost totally African-descended inhabitants.

More important perhaps is Trinidad's reluctance to take more immigrants from the other islands. Eric Gairy, former chief minister whose party lost control of Grenada in September's election, says:

"Trinidadians don't want more Grenadians because the Grenadians have a habit of working themselves up in good jobs."

BOTH AGREED

Barbados' premier, Errol Barrow, says his government is willing to enter into a federation with one or more islands of the Eastern Caribbean. Ernest Motley, opposition political leader, agrees "in principle" with the federation idea.

Sir Grantley Adams, of Barbados, prime minister of the first ill-fated West Indies Federation, says "the West Indies cannot live without federation." He suggests an economic association before talk of political independence.

Cuba, Castro, Communism? "There are two men in Grenada we think are Communists but they have no following to speak of," an official at St. George's said. "It's about the same in the other islands. And nobody would wish an atomic rocket on us."

Panhandle Is Cooled

By The Associated Press

Thermometers sagged below freezing Monday morning in the Texas Panhandle in the wake of a fast moving Pacific cool front.

The cooler air darted across central areas of the state Sunday and on southward into the Gulf of Mexico.

Skies were clear throughout the state and expected to stay that way. Forecasts called for lower temperatures in most sections overnight. A warming trend was in prospect for the western third of Texas by Tuesday.

Sunday brought afternoon temperatures ranging from a warm 92 degrees at Laredo down to 62 at Amarillo and Dalhart.

Readings before dawn Monday edged down to 30 at Dalhart, 34 at Lubbock and 35 at Amarillo.

Clear Photos Taken Of Moon

SAN JOSE, Calif. (AP)—What astronauts will some day see when they are 300 miles from the moon has been revealed in remarkably clear photographs released by the Lick Observatory on nearby Mt. Hamilton.

The photos show high, rugged mountains, gaping valleys, mysterious seas that may be dust or lightweight rock, cracks and craters, some of which have mountain ranges within their perimeters.

A series of cool, calm nights with no haze earlier this year was credited by University of California scientists for the clarity of the photographs. The 120-inch reflecting telescope with which the photographs were taken is the world's second largest.

Prairie Fire Burns In Kansas

GREAT BEND, Kan. (AP)—A prairie fire swept over about 3,200 acres of central Kansas Sunday driven by 20 to 30-mile-an-hour winds.

Six firemen from Lyons were injured when a sudden gust of wind whipped the flames around them. Five were hospitalized for treatment of burns and smoke inhalation.

Fire fighters said they believed the blaze was started by careless hunters.

Governor

Henry Bellmon, 41-year-old Billings, Okla., wheat farmer, and his wife Shirley, flash happy smiles after Bellmon's election as Oklahoma governor. Bellmon beat W. P. Atkinson, the Democratic candidate, to become Oklahoma's first Republican governor since statehood 55 years ago.

A Long Wait For A Throne

By JAN SJOBY

STOCKHOLM, Sweden (AP) — A king who waited 68 years to take his throne, Sweden's Gustaf VI Adolf turned 80 Sunday. Swedes and foreigners alike honor him as one of the most popular and dedicated kings in a monarchy whose roots stretch back through ancient times.

Only two other Swedish kings before him have reached the age of 80: His father, Gustaf V, who died at 92, and his great-grandfather, Carl XIV Johan, one-time marshal of France who founded the Bernadotte dynasty.

APPRENTICESHIP

When Gustaf Adolf took the throne Oct. 30, 1950, he had behind him 43 years of apprenticeship as crown prince. In that time, he acquainted himself with the problems of this northern European kingdom. Perhaps no Swedish king ever has known his people and country as well.

He took his crown as king with the motto "Duty Above All" and even antimonarchists in Sweden concede he has lived up to it.

King Gustaf VI Adolf has often been called the ideal 20th Century monarch.

The duties of a king in Sweden's constitutional monarchy are largely representative and his share in government affairs is in effect limited to "advise, encourage and warn" his cabinet ministers on questions that arise.

But he has also learned the finest points of good relations with the public.

A few months ago, he introduced a string of 70 government functionaries to a foreign dignitary without once slipping on a name or title.

duced a string of 70 government functionaries to a foreign dignitary without once slipping on a name or title.

BREAKS PRECEDENT

He has made press coverage of his court easier and recently broke royal precedent by inviting Swedish and foreign newsmen to an informal reception at his palace.

A staunch supporter of the Swedish democratic system, Gustaf Adolf has personally done a great deal to open channels between the court and the people.

He is often seen in public, opening exhibitions or new industrial plants, watching an ice hockey game at the Stockholm stadium or a ballet performance at the royal theater.

Deeply interested in archeology, Gustaf Adolf has worked actively on archeological sites in Greece, Italy and China, as well as Sweden. He still makes annual trips to Italy to take part in the excavations of the Etruscan site near Manzia, traveling incognito, as the "Count of Gripsholm."

He also collects Chinese art objects and is an active botanist and landscape gardener. Until recently he played golf.

VISITED U.S.

As crown prince, Gustaf Adolf visited the United States twice, the first time in 1926 as the guest of President Calvin Coolidge. He and his English-born wife, now Queen Louise, traveled across the country to the West Coast, with many stops along the way. He made a second U.S. tour in 1938, visiting New York, New England, and several Midwestern states.

He holds honorary degrees from seven American universities — Chicago, Clark, Harvard, Lafayette, Pennsylvania, Princeton and Yale.

Gustaf Adolf's eldest son, Prince Gustaf Adolf, was killed in an airplane accident in 1947. The present crown prince, Carl Gustaf, is the king's grandson, 16 years old.

20 Indians Killed

GORAKHPUR, India (AP) — Twenty persons fell to their deaths from the roof of an overcrowded railway car Sunday when the train was jolted as it passed over a bridge between Manjiki and Bakluha. Six other passengers were injured.

BUT SOME SOIL DRIED

Good Weather Helps Farmers

COLLEGE STATION (AP) — Good weather helped farmers last week but brisk northerners dried top soil in many areas.

John Hutchison, director of the Texas Agricultural Extension Service, said the need increased for general moisture.

Livestock conditions are generally good except in the dry southern and southwestern counties, Hutchison said.

Moisture was short in some Panhandle counties. Cotton and grain sorghum harvests continued; cattle and ranges were in good condition; and some wheat is being grazed.

WAITING FOR FROST

Good weather sped up South Plains harvesting. The sorghum harvest was 90 per cent complete. Most farmers waited for frost so mechanical stripping can be started. Wheat made good progress. Ranges and livestock were in good condition.

All the Rolling Plains reported adequate moisture. Wheat planting is complete and cattle are being moved to grain grazing. Cotton picking is continuing.

North Central Texas farmers just about finished the cotton harvest. Most grain is now planted. Moisture was adequate. The condition of livestock and ranges was excellent.

The cotton harvest is about over in Northeast Texas. Moisture is adequate. Livestock are in good condition. Pastures are average and some oat fields are furnishing grazing.

SEEDS HARVEST

Cooler, drier weather sped the far West Texas cotton harvest. Recent rain started winter weeds growing and improved ranges.

Scattered rain in eastern and southern counties of West Central

Texas District will benefit grass and grains. The cotton harvest near Abilene has picked up. Livestock are in good condition. An increase in screwworm cases was noted in areas where rain fell. Deer numbers are scarcer than last year but in good condition.

GENERALLY GOOD

Though moisture is generally adequate in Central Texas, a good rain would help seeded and growing crops and ranges. Early oats are furnishing grazing. The peanut harvest is in the last half with yields fair to good. A light pecan crop is being picked. Pasture grasses are mature.

Moisture in East Texas is short to adequate; ranges are average to below; but livestock are in good condition. Ranchers reported 126 cases of screwworms the past week.

Southern and western parts of the South Central Texas District need a general rain. Cooler weather slowed armyworms and warm weather was needed to boost grass and revive spots hit by the worms. Livestock conditions vary, depending on rain and worms.

DRIED SOIL

Northern dried top soil and permitted farmers to get on with delayed field work in southeast and upper Gulf Coast counties. Stalk destruction, plowing and planting of oats, Gulf rye grass and other soil building crops kept farmers busy. Cattle are fair to good. Pastures are holding up well.

Lower Rio Grande Valley counties got good rains but most of far South Texas is dry. Rains helped vegetables and citrus. Green peppers were moving from the Valley in volume. The tomato harvest was starting. Ranchmen in the Winter Garden area faced the problem of winter feeding.

Police Check Five Thefts

Five thefts were investigated by Big Spring police Sunday, including two batteries stolen from cars on the Settles Hotel parking lot. Two billboards were reported stolen and a generator was taken from a truck.

L. F. Freeman, Dallas, a guest at the Settles Hotel, told police Sunday that a battery was stolen from his car on the parking lot. While Patrolman Bob Husson was investigating, he found a battery missing from a car owned by Bill Wilson, who is an employee of the hotel.

R. E. (Dusty) Rhoades reported a billfold taken from his room Saturday night. He said the door to the room was not locked. Bill Logan, 4005 Dixon, told police a generator was taken from his truck while parked at Clanton's Service Station. He said an old generator was put in its place.

Eloy Garcia, employed on the George White farm on Andrews Highway, reported the loss of a billfold during the weekend. He said it contained \$615 in cash.

Gay Hill P-TA Meets Tuesday

The Gay Hill Parent-Teacher Association will hold its regular meeting at 7:30 p.m. Tuesday at the school. An executive committee meeting will be held at 7 p.m., and a social hour will follow the regular program.

The International Club of Webb AFB will present a special program in which members will be dressed in homeland costumes. The seventh grade, under the direction of Delmer Turner, will also have a part on the program. Everyone is urged to attend.

Graveside Scene

This was the scene in the rose garden at the home of Mrs. Franklin D. Roosevelt, vice President Lyndon Johnson, Harry Truman, Dwight D. Eisenhower and U.N. Ambassador Adlai Stevenson.

Mrs. FDR Is Buried

HYDE PARK, N.Y. (AP)—The body of Mrs. Franklin D. Roosevelt was in its final resting place today, beside that of her husband, the nation's 32nd president. Both had wished it that way.

Mrs. Roosevelt was buried Saturday in the rose garden of the family estate here, now a national shrine. Her body was brought here from New York City, 85 miles away, where she died last Wednesday at the age of 78.

A light rain fell upon the bowed heads of her five surviving children, three U.S. presidents and a host of world statesmen as the casket was lowered into the grave.

The headstone reads on one side, "Franklin Delano Roosevelt, 1882-1945." On the other is etched, "Anna Eleanor Roosevelt, 1894"—the space of her death date still unmarked. The graves of two of the couple's favorite dogs, Fala and Chief, are nearby.

Among those attending the last rites, beside her immediate family, were President and Mrs. Kennedy, former President and Mrs. Harry Truman, former President Dwight D. Eisenhower, and Adlai E. Stevenson, U.S. ambassador to the United Nations.

New Building Code To Get 1st Reading

The first reading of a building code ordinance will be considered by the Big Spring City Commission at its regular Tuesday night meeting. The ordinance sets up administration for the Southern Standards Building Code but provides certain changes to fit local needs.

In other business the city commission will consider a request to close Union Street, between East Third and Fourth; read recommendations from the Planning and Zoning Commission; consider a resolution authorizing the mayor to execute a deed without warranty to the Choate Estate; study an ordinance increasing Texas Municipal League retirement to the maximum authorization; consider a resolution authorizing release of a building to the U. S.

Government; and consider authorization for advertising of bids on two booster trucks for the fire department.

E. C. Smith, who owns property on each side of Union street, proposes to build a modern motel. He requests closing Union to provide better facilities.

The Planning and Zoning Commission requests the removal of control of the sale of alcoholic beverages for off premises consumption from the zoning ordinance; and that it be handled by the city commission just as the on-premises consumption permits are handled.

Property formerly dedicated by the Choate Estate, for right of way on the east side of Goliad, but not needed, is being returned to the estate if passed by the commission.

A building, owned by the city on Webb AFB, will be released to the government for demolition as it can no longer be used.

Purchase of two booster trucks for the fire department will be considered Tuesday night and probable authorization granted to call for bids. These trucks will come under the 1963 bond program but must be ordered now for delivery in the early part of 1963.

Mrs. Whitney's Funeral Today

Graveside rites were to be held at 2 p.m. today for Mrs. Nola Whitney, 54, wife of H. W. Whitney, Corpus Christi city manager and a former city manager of Big Spring.

Services were held Saturday in Corpus Christi and the body was returned here by Nalley-Pickle Funeral Home for burial at Trinity Memorial Park.

Mrs. Whitney died Friday in a Corpus Christi hospital following a short illness. She had been in ill health most of the summer and her condition suddenly became worse last weekend.

She was born Jan. 10, 1908 in Sweetwater and the family moved to Big Spring in 1913. Except for a brief time after her marriage, she made her home here until 1958, when Whitney was named city manager at Corpus Christi.

Funeralbearers at the service were Roy Anderson, Walton Morrison, Robert W. Whipple, Joe Pickle, Herbert Stipp and H. V. Crocker. She is survived by her husband; two daughters, Mrs. Nancy Little, Big Spring, and Beth Whitney, Corpus Christi; one son, H. W. (Bud) Whitney Jr., Dallas; her mother, Mrs. J. W. Couch, Pampa; three sisters, Mrs. Ed McBride, Big Spring, Mrs. Andy Isham, Grand Prairie, and Mrs. Frank Kuns, Pampa; and seven grandchildren.

School Trustees Meet Tuesday

The 1962 audit of books for the Big Spring Independent School District has been completed and a report to trustees is slated Tuesday evening.

George Thornburn, certified public accountant, will make the report at a regular meeting of the board at 7:30 p.m. at the School Administration Building, 100 E. 10th.

A Civil Defense plan for local schools will also be discussed. "We have a plan of action in the event of disaster, but I think it needs review," Sam M. Anderson, superintendent, said. "During the Cuban Crisis, many coastal cities found that plans which they thought were adequate came up short."

The status of the superintendent's car and the athletic department station wagon will be reviewed. The station wagon was purchased by the department with an agreement that it would be replaced after one year at a cost of not more than \$175 to the school. The superintendent's car is being leased for \$100 a month. The arrangement expires Nov. 30. Other business will include discussion of a school for the Kentwood Addition site, textbook selections and routine reports.

Dividend Called

NEW YORK (AP)—Kerr-McGee Oil Industries Inc. has declared a quarterly dividend of 25 cents, 15 cents more than voted in previous quarters. The larger payment is due Jan. 2.

Former Teacher On Way To Prison For 18 Months

Robert Tipton, who was convicted of embezzling yearbook funds of the 1960 senior class at Flower Grove School, is on his way to the state penitentiary to serve 18 months. He is a former attorney and school teacher.

Tipton was given a probation sentence at the time he pleaded guilty to the embezzlement charge. The probation began May 25, 1960 and technically would have expired Nov. 25, 1961. However, according to Gil Jones, district attorney, Tipton did not track the terms of his probation. He failed to make restitution of the stolen money as he was told to do; he failed to report to his probation officer and then for months he was out of pocket and a warrant was pending for his arrest.

On Sept. 13, the probation order was nullified by Judge Ralph Caton and Tipton was ordered to serve his original sentence.

Today, Sheriff Miller Harris of Howard County and Clarence Airtight, Martin County deputy, will go to Huntsville to deliver Tipton to penitentiary officials. Harris is also taking two convicted Howard County men to prison—Manuel Pequeno, under four year sentence for theft, and Manuel Pineda Jr., two years for forgery.

Tipton's case caused considerable comment at the time of its occurrence. Flower Grove school had a Halloween night carnival as a part of the senior class fund raising efforts to provide the class with a year book. Tipton, as sponsor of the class, had possession of the money. He left on that night—Oct. 31, 1959—ostensibly on a brief visit to Arkansas. He did not return and was extradited to Martin County.

The school board members of the Flower Grove district personally reimbursed the seniors to insure publication of the year book.

Beauties

Annie Carroll Warren, right, of Tuscaloosa, named University of Alabama's 1962 Homecoming Queen, has her crown straightened by another beauty queen of renown—Lynda Lee Mead, a former Ole Miss coed who was Miss America of 1960. Miss Warren, a sophomore at the university, reigned over festivities in Tuscaloosa.

Bad Storm Rips Guam

HONOLULU (AP)—Typhoon Karen—described as the worst tropical storm in Guam's history—has rendered the island nearly helpless, leaving hundreds injured, at least one dead and an estimated \$100 million in damage.

Karen ripped the tiny island—hub of the United States Pacific defense ring—late Sunday night and early Monday, Guam time, with winds estimated at 150 knots. The Navy's Pacific Fleet headquarters at Pearl Harbor said a three-day warning of the big blow "saved countless lives." Guamanians and U.S. military personnel and their dependents began digging out of the battered island. Guam's acting governor, Manuel Guerrero, sent an urgent appeal to Washington to rush aid.

Kaye And Lucy Are A Delight In Combination

By CYNTHIA LOWRY
AP TV-Radio Writer

NEW YORK (AP) Danny Kaye is probably the most talented and endearing clown currently practicing his art. Lucille Ball is generally conceded to be our premiere comedienne. Throw them together before the television cameras, and the result is bound to be just what it was Sunday night: A delight.

In the hour-long NBC special, Kaye danced, sang and told a droll story in a perfect imitation of Maurice Chevalier's English accent. Miss Ball turned up doing a tentative twist and even essayed a song. She also attempted a few imitations. If she did not quite capture her subjects—Judy Garland, Carol Channing and Marlene Dietrich—it was much funnier that way.

Danny and Lucy seemed amused with three sketches about foreign restaurants, not the best material they've ever had. They had comedy problems with chopsticks and with authentic jungle decor. They were funniest getting progressively drunker on salad dressing in an elegant French joint.

The hour went by on running feet, which doesn't happen very often these days.

Arthur Godfrey made one of his rare television appearances Saturday night on CBS. It was an hour variety show about Hollywood. Arthur wandered around showing us the corner of Hollywood and Vine, an empty Hollywood Bowl, a CBS rehearsal hall.

There were a couple of dance numbers and some jolly singing, but the most interesting moments were demonstrations by stunt men of a phony fight and listening to a cigar-smoking man who makes his living imitating crying babies. During the whole grand tour not a single Hollywood star was glimpsed—only Art Carney in a duet apparently taped in New York. Godfrey seemed subdued and the hour, long and lackluster.

NBC's "Chet Huntley Reporting" Tuesday night will be a re-evaluation of Franklin D. Roosevelt's New Deal 30 years after his first election as president. Interviewed for the show were FDR's Secretary of Labor Frances Perkins, former Postmaster General James A. Farley, onetime Secretary of Agriculture Henry A. Wallace and others close to the president in the early days.

Recommended tonight: "Ben Casey," ABC, 10-11 (EDT)—an amnesia case for the earnest neurosurgeon.

Birchers Said Growing In Amarillo Area

LOS ANGELES (AP)—Applications to join the militantly anti-Communist John Birch Society have been "pouring in by the hundreds" in the Amarillo, Tex., area, the society's founder said Sunday.

Robert Welch said there has been "an amazing surge of interest" in the organization since the elections.

Appearing as a guest on the weekly program of Dr. James W. Fairfield Jr., conservative Congressional minister, Welch told of a flood of membership applications. He mentioned specifically the Amarillo area, where Rep. Walter Rogers of Pampa, Tex., defeated Amarillo Mayor Jack Seale, a Republican, for Congress in the 18th Texas District.

Seale entered the race with the support of John Birch Society members. Rogers made a major issue of what he called Seale's "Birchism." Welch said the election results nationally indicated "somewhat a sweep to the left."

ON THE SHELF

THE AUTOBIOGRAPHY OF UPTON SINCLAIR. Harcourt, Brace, \$6.95.

By The Associated Press
The word "phenomenon" is the one that fits Sinclair. Few individuals of this age can come close to him for persistence, prolific output and singleminded devotion to the goal that he calls "social justice and the democratic ideal."

The younger generation is likely to find this account slightly unbelievable. Take the matter of books alone. He began writing at the age of 13, so he has been at it for 71 years. The list of his books, between 1901 and 1961, hits the figure of 89. There also were more than two dozen plays—virtually all unplayable—and innumerable pamphlets.

If he had not been primarily an author, he probably would have held simultaneously the jobs of preacher, school superintendent, soapbox orator, head of the uplift society, chairman of the health food group and delegate to international conferences.

By his own account, he had a messianic complex. He had decided early in life that he knew all the answers for eternity and had to do something about them; it came as something of a shock when he found, several years after he had been graduated from college, that there were other people with the same complex, called socialists.

He remained basically a socialist, although he turned Democrat to run for governor of California in the days of the Great Depression of the 1930s, and he broke with the socialists to support American intervention in both world wars. In his early days he was a Muckraker—one of those expose writers who attacked the industrial abuses of his time. In later years, his greatest successes were with a series of novels

about Lanny Budd, a figure he created as exemplifying the spirit of the times from 1911 to 1950.

Sinclair used the novel to preach—not in the religious sense, but in the social sense. He wrote so much, so rapidly, that he sounds like an unedited tape recording; there was little time to refine, revise or polish.

Because he has reached a mellow age, he has the grace to speak somewhat lightly of his tilting at innumerable windmills and more substantial targets. He takes credit—and deserves some of it, no doubt—for changing the way people think at the present time.

As a book, his autobiography suffers from the slapdash methods into which he fell during his crusades. But it has a basic vitality that characterizes an Old Crusader and it is a bright record of the unique human spirits of the century.

—MILES A. SMITH

Dulles Sees Peril In Cuban Retreat

DURHAM, N.C. (AP)—"The Cuban retreat was a particularly difficult one for Khrushchev to take and we must be on our guard," Allen W. Dulles said Sunday night.

The former chief of the Central Intelligence Agency said that the Soviet Union, "caught off balance by the strong and vigorous action of this country," will "try to redress the balance."

Speaking at the opening session of the 4th annual student symposium at Duke University, Dulles said, "I, myself, didn't think Khrushchev would put long-range missiles in Cuba."

your friend for life...

Liberal-Conservative Fight Begins Over Control Of GOP

WASHINGTON (AP)—The firing on the right and the left already has begun in what promises to be an 18-month battle between conservatives and liberals for control of the Republican party.

By the time the Republican National Convention meets in mid-1964, delegates will have before them the results of presidential primaries, the record of the Republicans in Congress and the performance of party governors in choosing a presidential candidate. No one is doubting that President Kennedy will be the Democratic standard bearer.

Meantime the prospects point to plenty of intraparty battling. Last Tuesday's election gave both sides some fresh ammunition.

The party's liberals could point to the re-election of Gov. Nelson A. Rockefeller in New York and to the victories in governor races of George Romney in Michigan and William W. Scranton in Pennsylvania as marking a trend toward moderation. If not liberalism, within the party. They could cite this with the notation that a couple of candidates regarded as liberals won key Senate races in the two biggest states. They are

Sens. Jacob K. Javits, R-N.Y., and Thomas H. Kuchel, R-Calif. Beyond this the liberals could demonstrate to their party brethren that extreme rightism does not pay by citing the defeat of four John Birch Society members in three House races in California and one in Texas.

Against this the conservatives could point to the gain of four new Republican House seats in the South, where the winning margin for either 1964 presidential candidate might lie if results in other sections of the country are close.

They could cite the narrow escape of Sen. Lister Hill, D-Ala., from defeat by a Republican candidate as evidence that there is inbred Dixie antagonism to the Kennedy administration's policies—particularly on integration—that could be reflected by substantial electoral defection from the President in that area in 1964.

The conservatives' biggest victory produced a new contender for national recognition in the re-election of Sen. Thurston B. Morton, R-Ky. Morton, former Republican National Chairman, won easily in a race that was expected to be much tighter. Although he served as national chairman at the designation of former President

Dwight D. Eisenhower, Morton is regarded by those who know him well as just about as conservative as Sen. Barry Goldwater, R-Ariz. The party conservatives could feel reassured that their viewpoint is going to be amply represented in the minority leadership in the new Congress.

Rep. Charles A. Halleck, R-Ind. will be back running the Republican show in the House. In the Senate, Sen. Everett M. Dirksen of Illinois again will be directing the minority floor operations and Sen. Bourke B. Hickenlooper, R-Iowa, will be running the GOP Policy Committee.

That the liberals are disturbed at this prospect was demonstrated when Sen. Clifford P. Case, R-N.J., came forward the other day with a proposal that Republicans who consider themselves progressives band together to work for their objectives. Case said any such grouping should include Rockefeller, Javits, Kuchel, Romney, Scranton, Gov-elect James A. Rhodes of Ohio and Rep. John V. Lindsay of New York.

Because the liberals tend not to run in a crowd and because they don't always agree on who is liberal enough to be one of them, probably nothing tangible will come from this proposal.
