Bypass Called Start Of New Era For C-City

COLORADO CITY — Janie Lee, the pretty homecoming queen of Colorado City High School, stood in a crisp breeze atop an overpass and snipped a red and black ribbon at 10:20 a.m. today to symbolize the opening of the IS 20 bypass loop here. She is the daughter of Mr. and Mrs. B. B. Lee.

NEW BYPASS IS OPEN Janie Lee cuts the ribbon

Several hundred people huddled around the two overpasses and sent up a cheer as scores of others sounded automobile horns at the cutting of the ribbon.

SOUND PROGRAM Petry said that the highway program was sound.

"It is always the policy of the department to serve the good of the most people," he said. "I have never seen a community with the understanding and vision that Colorado City has demonstrated in accepting the loop."

Charles C. Thompson, master of ceremonies, said "we are going to make the best of this for a time although it will hurt some of our people. But in the long run, we think that IS 20 is one of the greatest things that has happened to Colorado City since the coming of the T&P Railroad in 1881."

He enumerated several new businesses, including service stations and tourist courts that are springing up already along the loop.

SOME ADJUSTMENT County Judge Elmer Martin also acknowledged that the new loop would call for a period of adjustment of some businesses but said that Colorado City was fortunate to have the IS highway so close to town. He predicted it would mark a new era of progress for the community.

J. C. Roberts, district highway engineer of Abilene, said "the opening of the loop here today leaves only the Big Spring loop and the improvement of the road in Callahan County for completion of the route through the 148 miles of the district."

"This is a tribute to this community to have a celebration commemorating this event," he said. He commended Colorado City on planning for a lighting system surrounding the entrances and exits to the route.

BIG SPRING VISITORS More than a score of Big Spring people, headed by the commissioners' court and the chamber of commerce Ambassadors' Club, joined with their neighbors in opening the loop around the north edge of town.

The new Interstate Loop 20

Big Snowstorm

The season's first major snowstorm left a blanket more than a foot deep across broad areas from the Great Lakes into New York and southward into Tennessee today.

Americans will be wise to invest in the things which preserve our heritage for the next generation.

Waggoner Carr, attorney general, told a large banquet gathered Thursday evening at Cosden Country Club for the annual district Boy Scout meeting.

"A generation from now, the world won't remember the size of the car you drive, the house you had, or the money you had in the bank," he said, "but the whole world may be changed by the part you played in the life of one small boy."

Carr called Scouter volunteers the most important people in the world, and he urged that "we put first things first." This can't be rightly said of a nation that puts three times as much into bubble gum, or into fingernail polish or hair restorer each year as it invests in Scouting.

There is a desperate need for adults to put more into a program such as Scouting, he said, because a recent survey indicated that two-thirds of the boy population had no contact with institutions concentrating on the fundamental virtues.

"We can't do business as usual

on this," he declared. "We've got to do better."

Two Scouters—R. L. Cranford and Tom Veatts—received the coveted Scouters key award, which is based on extensive training and service. Joe A. Moss, vice chairman, made the presentation, and assisted by H. L. (Whitey) Weeks, recognized the 28 packs, troops and posts that reached membership goals during the roundup.

R. L. Tollett, district chairman who left a sick bed to take part in the meeting, told the crowd that he did not propose to welcome them, but rather to express appreciation for their contribution to character development and citizenship training in boys. Installed with the district chairman were Joe Moss and Joe Pickle, vice chairman; Jack Guiley, commissioner; Carl E. Campbell and Jack R. Alexander, executive board members; Erven Fisher, W. D. Harris, Leroy Hollingshead and Ralph McLaughlin, council members. Others heading operating committees were Joe M. Jackson, D. D. Johnston, Ben F. Johnson, Champ Rainwater, and Lige Fox.

Boys, as usual, carried off the honors. A Cub Pack 14 den under Mrs. J. W. Dickens presented a clever Christmas skit; Peter Einstein, troop 46, gave a boy's view of Scouting, and Robert Read, Ship 111, gave his views of the Explorer program. Walter Wheat, assistant scoutmaster of Troop 5, was roundly applauded for two vocal selections, and Mrs. Wm. T. McRee furnished the dinner music. Decorations for the occasion were furnished by the After Five Garden Club.

During the year three Eagle awards had been earned by Max Tarbox, who now resides in Lubbock, and by Lester Goswick and Jim Savers, and this achievement was recognized.

P. V. Thorson, Midland, council executive, installed the officers and noted that the Lone Star District was currently leading the other eight in the council. The prayers were led by the Rev. Mar-

vin James, Kentwood Methodist pastor.

Tollett disclosed that the present membership in the district is 1,359, a gain of 41 over the end of last year and only 46 under the goal the district set for itself this year. He predicted the district would be the first in the council to go over the top. Within the last 90 days, said Thorson, 2,000 boys have been inducted into scouting in the council, reflecting the continuing popularity of the program.

Units attaining their recruiting goals during the roundup were: Troops 3, 4, 7, 9, 11, 12, 39, 135, 136, 146, 179, 300, 301; Packs 12, 14, 46, 63, 97, 109, 113, 137, 138, 202, 236; Posts 1, 444, Ships 111, 136, Squadron 236.

Your gift helps buy parts for toys that city firemen are rebuilding, gets goodies for Yule distribution; and—if there is money left—helps feed children who are hungry throughout the year. This work is handled by school teachers and public health people who know about the real need.

Send your gift now to The Herald for acknowledgment. Make checks to CHRISTMAS CHEER FUND.

Only one gift was received today for the CHRISTMAS CHEER FUND, but it was a handsome one, for \$50. The giver asked to remain anonymous.

This brings the Fund total to \$391.41. This is nice progress but many more gifts are needed. They don't have to be large ones, but wouldn't you like to have a part in making Christmas happier for poor youngsters?

NEWS BRIEFS

MOSCOW (AP)—Soviet Premier Khrushchev and Yugoslav President Tito met again today amid indications they discussed the officially ruptured relations between their two Communist parties.

VATICAN CITY (AP)—Pope John XXIII left his apartment today for the first time since he became ill 10 days ago and prayed with the Vatican Ecumenical Council in St. Peter's.

AUSTIN (AP)—Ben Looney, 68, executive secretary of the Texas Water Commission, died today. He had been ill of influenza. Survivors include his widow and one son, Ben Looney III of Midland.

NORFOLK, Va. (AP)—Thirty-one Navy dependents leave here by air today to return to Guantanamo Naval Base in Cuba.

GENEVA (AP)—The Soviet Union today publicly offered—and then backed off from—a proposal to allow international inspectors to check on robot seismographs placed inside Russia for policing a nuclear test ban.

Adlai, Kennedy Show No Sign Of Alleged Rift

WASHINGTON (AP)—Adlai Stevenson and President Kennedy, meeting in public for the first time since the tempest over the U.N. ambassador's role in the Cuban crisis, shook hands warmly Thursday night.

Stevenson, quick as ever with a quip, introduced Kennedy as "the author, producer, director and star of Mr. Khrushchev's new hit play in Moscow—A Funny Thing Happened to Me on My Way to Cuba."

Stevenson said he was "proud to be a member of the supporting cast."

The occasion of their meeting was the Kennedy Foundation awards dinner where the President handed checks to four foreign scientists for work against mental retardation.

In the background were echoes of the clamor set off this week by a magazine article—co-authored by a close friend of the President—which portrayed Stevenson as having advocated a soft line in the Cuban crisis.

The article set off speculation that someone in the administration was "out to get Adlai." Apparently in an effort to still the talk, the President made public a letter Wednesday expressing his "fullest confidence" in Stevenson.

Thursday night, presiding at the dinner, Stevenson received a standing ovation.

Stevenson remarked that the United Nations "may soon be crying for peace 'and I have been crying for it in the past week."

"But despite what has happened," Stevenson added, "I am convinced that most of the press of this country follows Joseph Pulitzer's remark that accuracy is to a newspaper what virtue is to a woman—except, as someone has pointed out, a newspaper can always print a retraction."

Stevenson previously had denounced the Saturday Evening Post article as inaccurate and a gross misrepresentation of his position.

The story, written by Washington newsmen Stewart Alsop and Charles Bartlett, a close Kennedy friend, quoted anonymous but apparently high ranking officials as saying Stevenson dissented from Kennedy's decision to set up a naval blockade around Cuba and advocated a diplomatic approach.

In his talk Thursday night, Kennedy made no mention of the Cuban crisis.

Errant Minister Free On Bond Awaiting Appeal

HENDERSON (AP)—Notice of appeal won at least temporary release from jail Thursday for the Rev. LeRoy Daniels, 27, who ran away with a 16-year-old choir singer.

The Baptist minister was serving a 90-day jail sentence for contributing to the delinquency of a minor.

He and the girl, Flora Jean Cole, disappeared Nov. 2 after a high school football game at Tatum, near here in East Texas. Authorities returned the pair after they were found living in Wichita, Kan.

Defense lawyer Bob Loyd gave notice he was appealing the Nov. 23 conviction of Daniels to the Texas Court of Criminal Appeals. County Judge Charlie Langford denied a motion for new trial last week.

Three members of the Christal Farms Baptist Church at Tatum, where Daniels was pastor, posted \$1,500 bond for him.

Daniels signed legal papers earlier agreeing to divorce his bride of four months.

Rescuers Digging For 37 Miners

Crews More Than Halfway Into Tunnel

CARMICHAELS, Pa. (AP)—Rescue workers plodded to within some 4,000 feet today of 37 men trapped deep underground by a tremendous coal mine explosion.

U.S. Steel Corp., which operates the Robena No. 3 mine, said a re-check of its records showed a 37th man missing. A total of 36 men were believed trapped at first.

The men have not been heard from since the explosion at 1:15 p.m. Thursday.

Rescue crews had gone slightly more than halfway into the two-mile tunnel from the mine shaft after more than 22 hours of digging.

Lewis Evans, Pennsylvania secretary of mines, described the situation as "desperate," but held out hope the miners may be alive.

"We hope the men built barricades to stop the flow of gas," he said.

OTHERS UNHURT Forty-four others working in another section of the pit walked out unhurt. Some returned to search for their colleagues who are 650 feet underground.

Slowed by deadly gas and tons of rubble that left shavings hanging like burnt matches, the rescue crews proceeded cautiously in the tunnel—its concrete walls buckled by the blast.

"Those men are looking into the barrel of a shotgun," said one union official. "With those fires smoldering down there, it could cause another explosion."

But the search goes on. So do the hopes and prayers of wives, brothers, sisters and relatives keeping a vigil in a corrugated metal building adjacent to the mine shaft. Ministers tried to comfort the grieving families.

The blast was the second in the 16-year-history of the Robena mine.

GAS, COAL DUST Evans, who is directing the operations, blamed it on a combination of gas and coal dust. He described the blast as one of tremendous nature.

The mine, one of the world's largest soft coal operations, is about 50 miles southwest of Pittsburgh. It produces coal for U.S. Steel's Clairton (Pa.) Works.

The mine shaft drops straight down 525 feet from the surface. At that point there is a sloping tunnel without branches extending two miles to the working face.

The tunnel drops gradually from 525 feet to 650 feet. That's the point where the men are trapped. There is only one exit to the surface.

FIRE IN AREA Mine officials said air coming up from the mine shaft contains large amounts of carbon dioxide, indicating there is fire in the blast area.

The first indication of anything wrong was the reported failure of an electric exhaust fan. It blew out, but was repaired in 10 minutes. Five minutes later it conked out again.

James Girod, an assistant mine superintendent, said the first crews down the shaft detected dust coming from all directions, indicating an explosion or fire.

The major problem for the rescue teams was to pump bad air out and clean air in. Concrete ventilation shafts had buckled under the blast.

Inside a corrugated steel shack above the surface some three dozen relatives of trapped miners waited in bitter wintry weather for news.

Snow and ice created snarled traffic on roads leading to the mine. Some cars skidded into ditches; others stalled.

The mine was opened in 1946 and has produced as much as 20,000 tons of coal a day—enough to heat more than 2,000 homes for a winter.

The explosion happened on the 55th anniversary of the worst U.S. mine accident on record. On Dec. 6, 1907, a disaster in a mine at Monongah, W. Va., killed 361 persons.

More Cold Air Arrives

By The Associated Press

106 KNOWN DEAD

Worst Is Over For London Smog

LONDON (AP)—The worst smog in a decade loosened its lethal four-day grip on London today, leaving 106 known dead and more than 1,000 in hospitals.

Dense patches persisted in parts of the British capital, but in most places the sun finally seeped wanly through a thin blue haze in mid-morning.

"London is like an oasis, completely ringed by a slowly clearing fog belt," said a spokesman for the British Automobile Association.

Visibility rose to 150 yards at London Airport, and weathermen said it should increase to an operational 2,000 yards later. At midday, not one civil aircraft had been able to get in or out of the airport in 88 hours.

Still fogbound in the Thames Estuary, downriver from London, were more than 170 ships, many carrying Christmas foodstuffs badly needed in the nation's shops. Commuter trains into London

were up to 20 minutes late during the early morning rush hour. Main line trains on longer hauls ran up to 3½ hours behind schedule.

Heavy fog still was reported in the eastern counties of Norfolk and Suffolk, with visibility on the roads averaging 25 yards. Ice on highways in many areas also made driving hazardous.

Hazy sunshine was forecast in most parts of the British Isles until nightfall. The prediction was that frost and fog would return during the night in patches in the southeastern part of the country.

Mild, cloudy weather, with some rain or drizzle, is expected to set in Saturday.

The smog settled in Monday night and eased once for a few hours Thursday. But Thursday night London groaned to a standstill again as the black pall descended.

Except for a few stragglers, all

the city's buses returned to their depots by 10:30 p.m., two hours before normal quitting time. Train schedules remained in chaos.

Even in the brightly lit West End, people groped their way through the shrouded shopping streets.

At the height of it all, Sir Winston Churchill went out to dine.

The 88-year-old war leader spent 2½ hours at the Savoy Hotel with friends of the Other Club, an exclusive dining group he helped found 51 years ago. He came out in the muck with a smile and a "v" sign.

Outside London, dozens of automobile accidents occurred on icy roads, and fog still blanketed many parts of the country. Traffic fatalities were surprisingly few because more and more drivers left their automobiles at home.

U.S. Expecting Cuban Withdrawal

WASHINGTON (AP)—U.S. authorities expect the Soviet Union to withdraw thousands of troops from Cuba now that Red bombers and missiles have been pulled from the island.

American intelligence sources estimate there are 9,000 to 15,000 Soviet troops in Cuba. Many were assigned to install and man the offensive weapons.

The Pentagon said Thursday Navy patrol planes had counted 42 bombers aboard Soviet ships outbound from Cuba. This is the number of bombers the Soviets told U.S. officials they had in Cuba—somehow more than American experts had estimated.

This apparently completes the removal of Soviet offensive weapons from Cuba.

Nearly a month ago, the U.S. Navy counted 42 Soviet missiles on their way out. U.S. authorities said they know of none remaining in Cuba.

They said U.S. negotiators will press in discussions with Soviet representatives in New York for removal of the Soviet troops. The Soviet Union, the authorities said, is expected to pull the men out.

It was understood Premier Khrushchev informed President Kennedy last month Soviet ground troops associated with the weapons would be withdrawn.

At his last news conference, Nov. 20, Kennedy said "a number of Soviet ground combat units" were in Cuba. "We are informed," he added, "that these and other Soviet units were associated with the protection of offensive weapons systems and will also be withdrawn in due course."

Some of the Soviet troops were said to have been used to protect the missile site positions and to man the estimated two dozen anti-aircraft missile installations that U.S. experts believe the Soviets

set up to defend their offensive weapons complex.

The anti-aircraft installations feature 20 to 25-mile range surface-to-air missiles. Washington wants these dismantled, too, though there is no current report the Soviets are doing so.

So far, officials said, several hundred Soviet soldiers have been seen aboard ships leaving Cuba. A large-scale troop withdrawal, U.S. strategists believe, would not only weaken the Kremlin hold on Cuba, but lessen the chance of a U.S.-Soviet clash should the United States decide to move against Cuba in the future.

Market Steers An Uneven Course

NEW YORK (AP)—The stock market followed an uneven course in moderate trading early this afternoon.

The Associated Press average of 60 stocks at noon was off 2 at 241.6, with industrials off 3, rails off 4, and utilities up 1.

Changes of most key stocks were fractional, but here and there wide moves were prompted by special situations.

Steels gave ground. The irregular oil section reflected some further investment demand. Aerospace stocks were jolted by news that the air-launched Skybolt missile may be headed for the discard.

Postmaster Job

WASHINGTON (AP)—Acting Postmaster David Holster Jr. is eligible for appointment as postmaster at Midland, the Civil Service Commission said Thursday. Charles Froesche was the only other applicant for the \$9,725 job.

President Sees SAC War Rooms

OMAHA, Neb. (AP)—President Kennedy came to the headquarters of the Strategic Air Command on this Pearl Harbor anniversary to get a personal look at the war rooms from which nuclear retaliation against any future attacker would be launched.

Kennedy's blue, white and silver jet transport emerged from leaden skies and landed in a light snow flurry at SAC's Offutt Air Force Base. The flight from Washington took 2½ hours.

After the usual ceremonial welcome from Air Force brass, Kennedy climbed into an open convertible for the short drive to SAC's subterranean command post. He was bareheaded, though the thermometer registered only one degree above freezing.

The motorcade had barely begun when the President reverted to his campaign-trail ways. His car stopped and he clambered out to personally greet a crowd of several hundred Air Force wives and youngsters lined up behind a restraining rope. For several minutes, he walked in front of the crowd, grabbing hands thrust at him from all directions, and occasionally, stopping to ask a wife about her husband's military duties.

Vice President Lyndon B. Johnson, who arrived at Offutt 15 minutes before the President, was in the welcoming delegation. On hand, too, was Nebraska's Democratic governor, Frank Morrison.

Accompanying the President on the tour of the top secret command post were Undersecretary of Defense Roswell L. Gilpatric, and the uniformed chiefs of the three military services.

Hereford Breeders Hold Auction Here

Hereford breeders, who are in the market for top bulls and females for their herds, will be in Big Spring today and Saturday to attend the 19th Annual Auction of the Howard County-South Plains Hereford Association.

Opening event will be the annual banquet at the Hotel Settles at 7 p.m. Friday. The association members and their special guests will dine and hear an address by Delbert Downing, Midland, widely known speaker.

The auction will be Saturday—preceded in the forenoon by the annual show. The sale and show will be in the buildings at the County Fair Grounds. Walter Britten will wield the hammer as auctioneer.

Judging will be Bill Dameron, Hereford. He will select the champion and reserve champion bulls and the champion and reserve champion females, from the 63 selected Herefords consigned to the sale. Trophies posted by

the Texas Electric Service Co., State National Bank, Elmo Wasson's Men's Store, Dr. H. F. Schwarzenbach, and the Big Spring Chamber of Commerce will go to these bulls.

He will also select the grand champion and reserve champion pen of three bulls from the eight such pens to be shown. Kimbell Grain Co. and John Davis Feed Stores are donating trophies for these winners.

First National Bank's revolving bull trophy will also be presented to one of the breeders whose animals are on consignment.

Judging begins at 9 a.m. The Howard County Home Demonstration Clubs will serve sandwiches, coffee, pie and other food at the barn. The sale begins at 1 p.m. Breeders who have animals consigned to the sale are Buchanan Herefords, Big Spring, three bulls and two cows; Hugh Campbell & Son, Ballinger, three bulls; James Coates, Big Spring, one bull; P.

H. Coates, Big Lake, two bulls; Gordon Cox, Andrews, one bull; Charles W. Creighton, Big Spring, three bulls, two cows; G. T. Hall, Big Spring, one bull and one cow; W. L. Harkrider, Big Spring, two bulls; Jennings T. Lewis, Blackwell, one bull; Fred B. Moore Sr., Hamlin, one bull; Price Turner, Sweetwater, one bull; Libb Wallace & Son, Sonora, two bulls; Leland Wallace, Big Spring, three bulls; Youngblood ranch, Lamesa, two bulls.

Pens of three bulls are consigned by S. F. Buchanan, Big Spring; James Coates, Creighton Hall, R. H. Odum Jr., Snyder; George Mousel, Cambridge, Neb.; and Youngblood ranch.

Officers of the association are Charlie Creighton, president; R. H. Odum Jr., first vice president; F. A. Youngblood, second vice president; J. P. Taylor, secretary, and Loy Auff, treasurer.

The public is invited to attend the show and the sale.

Youths Throw Jobs Pattern Out Of Kilter

WASHINGTON (AP)—The Department of Labor reported it is investigating why 150,000 extra teen-agers suddenly turned up as unemployed in November to throw the nation's job picture out of kilter.

The increase among job-hunting teens aggravated an expected increase in unemployment to boost the national idle rate from 5.5 per cent in October to 5.8 per cent in November, the 1962 high.

One explanation may be that the November count came toward the end of the month and perhaps caught some of the seasonal unemployment rise usual in December when many youngsters, as well as adults, look for holiday jobs.

The over-all figures showed unemployment increased by 507,000 to 3.8 million. Employment declined by about 912,000 but showed a record for the month at nearly 68 million.

The unemployment increase was somewhat higher than expected because of the teen-agers. Most of the other additional unemployment had been anticipated because of reduced outdoor activity due to colder weather, principally in farming. Nearly 400,000 withdrew from the labor force.

Weymour Wolfbein, labor department manpower director, said the new job figures do not reflect worsening economic conditions. He conceded that employment is not rising fast enough to absorb unemployment.

Compared with a year earlier employment in November was up by 630,000 and unemployment was down by less than 200,000.

The 5.8 per cent idle rate was first reached last January and, after a decline, climbed again in September. It means that 58 out of every 1,000 workers in the work force are jobless. The rate is seasonally adjusted.

Wolfbein said the Labor Department is investigating to determine whether the increased teenage unemployment indicates more students are quitting school, or merely that many are seeking after-class work.

Yule Season

NEW YORK (AP)—Rockefeller Center has ushered in the Christmas season with the lighting of 7,000 clear bulbs on a 67-foot Maine evergreen in the plaza between 49th and 50th Streets.

JFK To See Hole Dug By Atom Blast

WASHINGTON (AP)—President Kennedy will view a nuclear-fueled hole in the ground in Nevada on his weekend tour of military and scientific centers in the Midwest and Far West.

The White House, in announcing Kennedy's schedule, said he will fly over the U.S. nuclear weapons test ground in southern Nevada on Saturday. Among other things he will see the crater—1,200 feet across and several hundred feet deep—that was dug by a nuclear detonation equivalent to 100,000 tons of TNT in a test explosion last July.

Kennedy left Washington Friday morning, landing first at Offutt Air Force Base in Omaha, Neb., for a tour of the Strategic Air Command underground headquarters and a secret briefing.

He went from there to Santa Fe, N.M., arriving early in the afternoon, for a tour of the Los Alamos scientific laboratory where he got a briefing on the Rover nuclear-powered rocket project.

By helicopter he travels to Kirtland Air Force Base, near Albuquerque, N.M., for another tour and more briefing, this time at the nearby Sandia Corp. plant where many of the items used in nuclear bombs and warheads are made.

He will stay overnight at Albuquerque, attending Mass at the base chapel Saturday morning—a Roman Catholic observance of the Feast of the Immaculate Conception.

After Mass, Kennedy will fly to Indian Springs Air Force Base in Nevada. Then he takes a helicopter ride over the nuclear testing grounds en route to a tour of three installations at the nuclear development station near Las Vegas, Nev.

After that Kennedy skips over to Palm Springs, Calif., for a day and a half of relaxation. He will stay at singer Bing Crosby's home leaving Sunday night for an overnight flight back to Washington.

U.N. Heartened By U.S.-Russ Agreements

UNITED NATIONS, N.Y. (AP)—U.N. delegates have taken heart from two U.S.-Soviet agreements on scientific cooperation in a series of space experiments and on the general economic benefits of disarmament.

Delegates expressed guarded hope that the two agreements, together with the easing of the Cuban crisis, signaled a period of comparative harmony in East-West relations.

At Geneva, however, disarmament negotiators were deadlocked as tight as ever on the key issue of controls.

In short, the Soviets and the West were agreed on the great benefits disarmament would bring, but they were no nearer agreement on disarmament itself.

Adlai E. Stevenson, chief U.S. delegate at the United Nations, hailed the limited agreement on cooperation in space as a "practical demonstration that our nations can, despite political differences, cooperate in a highly important field of human endeavor."

The fruit of a broad agreement between President Kennedy and Soviet Premier Khrushchev early in the year, it provides for scientists of the two nations to work together in the use of earth satellites in communications, weather forecasting and mapping of the earth's magnetic field.

The agreement was worked out in summary at Geneva last June by Hugh L. Dryden, deputy director of the National Aeronautics and Space Administration (NASA), and Soviet academician Anatoly A. Biagonravov.

In 1964-65 the two nations will coordinate the launching of weather satellites after working out methods of exchanging information gained from experiments this year and next.

In 1964-65, called the International Year of the Quiet Sun, each nation will launch a satellite to map the magnetic field.

Next year, they also will cooperate in experiments with the U.S. communications satellite Echo A12.

The agreement omitted any tests with Telstar, the American Telephone and Telegraph Co. communications satellite. The Soviet Union holds that use of space should be limited to governments.

In the second agreement a declaration said world disarmament would be of multi-billion-dollar benefit to lesser developed nations and would not hurt the economy of any nation. It said the world is spending \$120 billion a year for weapons.

The declaration was approved unanimously by the General Assembly's economic committee which is considering a report by a group of international experts that a shutdown of arms factories would not set off an economic recession.

The declaration is less binding than a resolution.

Masons Elect

WACO (AP)—The Masonic Grand Lodge of Texas, closing the grand communication, elected H. W. Fullington of Odessa grand junior warden, a post from which he will progress year by year to that of grand master.

RIDICULE

By T. H. Terbet, Preacher
Church of Christ, 200 West Highway 80
P.O. Box 1202

The tract under review ridicules the idea of one God manifested in three persons. John 1:1 says, "The Word was with God, and the Word was God." It is agreed that "the Word" is Christ. But that Christ could both be with God and be God, is ridiculed. But since the word "God" means "Deity," I say it makes good sense to say, "The Word was with Deity and the Word was Deity." Both statements are true, for Christ is not the only person in the Godhead.

It remains, as a stubborn fact, that the Bible says, "The Word was God," and no amount of ridicule can erase the fact.

LEE Optical

DEAR ABBY: Are you being paid by the Post Office Department? What do you mean. "Packages properly wrapped will be delivered in good condition?" Have you ever looked in the back room of a post office? Packages marked FRAGILE and HANDLE WITH CARE are pitched like footballs through canvas chutes and then heavy boxes are thrown on top of them. It's the careless handling, not the "wrapping," that accounts for most damage.

GRIPED

DEAR ABBY: I am a post office employee who handles packages and I want to thank you for putting in a good word for us. If only more people would realize the importance of wrapping packages! One woman raised the roof because she sent a shoe box filled with oatmeal cookies to her son in Korea. And he wrote her and asked what was supposed to have been in the box of "sawdust."

DISGUSTED MOTHER

DEAR ABBY: I am 26. I was married in church at 18. It lasted 3 months. I got a civil annulment. A year later I married a high school sweetheart. That lasted 10 months. I got a divorce. Then I married a man old enough to be my father and that didn't work, either. Now I am single again and have never been happier. I am not beautiful, and don't run after men, but I don't have any trouble getting them. Now I realize that I will never make a good

Sandra Griffith Weds Marshall Byerley, III

Mrs. Marshall E. Byerley, III

Miss Sandra Kay Griffith and Marshall E. Byerley, III, were married in a single ring ceremony performed at Del Rio on Sunday, Dec. 2.

The bride is the daughter of Mr. and Mrs. Johnnie W. Griffith of Forsan. Mr. and Mrs. Marshall E. Byerley Jr., 2600 Carol Drive, are parents of the bridegroom.

The bride wore a brown wool suit with matching accessories. She is a graduate of Forsan High School. The bridegroom, employed with Lacy Electric Co., spent 2 1/2 years in the United States Army after graduating from Big Spring High School.

The couple will reside at 2600 Carol Drive.

Distaff Trainee

Mrs. Glenn B. Hanle, wife of 2nd Lt. Glenn B. Hanle, gets the top thrill of Red Carpet Day as she sits in the student's side of a Webb AFB T-37 trainer. Alongside her is 1st Lt. Walter E.

Kowalk, Blue Flight instructor pilot, who was one of the hosts on the Webb flight line. This week 19 wives of students in Class 64-C took part in the all-day base facilities visit.

Prayer Week Is Concluded

Observing the Foreign Mission Week of Prayer, the programs at the First Baptist Church included a Wednesday night presentation of the Lottie Moon Christmas Offering Story, narrated by Mrs. D. D. Dyer and Mrs. Charles Sweeney. This was followed by a solo, "Send the Light," by Glenn Faison.

The program continued with a candle light period. Bob Bradbury represented the Sunday school; Clark Hitt, the Brother-

hood; Zack Gray, the Training Union; Mrs. Zack Gray, the Woman's Missionary Union; Dick Snyder, the young people. The Rev. Robert F. Polk, pastor, conducted the service.

Mrs. W. F. Taylor portrayed in pantomime the missionary, Lottie Moon. Twelve children were dressed to represent a few of the 52 countries where missionaries serve.

The Johnnie O'Brien Circle gave Thursday's program on "The Light Banishes the Darkness of Sin." Mrs. Jack Morton gave the introduction. Mrs. J. P. Gordon related the efforts in Vietnam, Mexico, the Philippines and in Spain. Mrs. Faison, told of the number of Baptist churches, mission points and the foreign fields served. She reported that 61 percent of the churches are self-supporting.

Mrs. Charlie Upton told of all locations for Latin America and how "the light will banish sin." The closing prayer was offered by Mrs. Polk.

"The Light Rebukes the Darkness of Selfishness" was Friday's topic. The concluding program was presented by the Mary Hatch Circle and introduced by Mrs. J. E. Hardesty. A brief summary of preceding programs was made emphasizing "selfishness begins within the heart of individuals who do not acknowledge stewardship to God."

Mrs. Alton Underwood told of comparison of church building in Korea. Mrs. T. K. Price named personnel needs in Malaya. Mrs. C. O. Hitt told a story from "A Missionary in Nigeria," and directed the prayer periods.

Duplicate Winners At Officers' Club

A make-up game for the Webb Air Force Base Duplicate Bridge Club was held Tuesday evening in the Officer's Club. Eight tables were in play.

North-South position winners were Mrs. Dan Greenwood and Mrs. Ray McMahan, first; Mrs. Lloyd Nalls and Mrs. Bill Emerson, second; Mrs. Elvis McCrary and Mrs. Winston Harper, third. Winners in the East-West position were Mrs. John Stone and Mrs. Ben McCullough, first; Mrs. Wally Slate and Mrs. Bob Dyer, second; Capt. and Mrs. Don Jenker, third.

Club Makes Hospital Decorations

Mrs. A. C. Bass, 106 Washington Blvd., was hostess to the Big Spring Garden Club for coffee and a luncheon Wednesday morning, with Mrs. J. E. Hogan presiding.

A workshop was held during which wall decorations were made and later placed in the Big Spring State Hospital dining room.

Mrs. Clyde Angel reported that the Garden Club Council would again be responsible for decorations at the annual Chamber of Commerce banquet set for Jan. 11. She said that the outdoor decorations contest would be sponsored by the Chamber, with prizes to be donated by Texas Electric Service Co. The Garden Club Council will serve as judges.

Mrs. Bill Wilson served coffee from a table spread with a pink sequin. The centerpiece was a pink poodle tree surrounded with rows of pink roses and flanked with pink ceramic poodles.

Mrs. George McAlister was welcomed as a new member.

'Painted' Cookies

"Hand-painted" Christmas cookies look merry on the tree. This recipe for edible paint comes from the test kitchens of an appliance manufacturer: Blend 1 egg with 1/4 teaspoon water, divide the mixture into several small dishes and using vegetable dyes, make each a different color. Use a regular paint brush and make designs on cookies before baking.

Hyperions' Program On Trends

Current trends in television, literature and movies were a feature of the program presented when the 1946 Hyperion Club met Wednesday evening in the home of Mrs. Harry Blomshield.

Mrs. Don Newsom, Mrs. Bennett Brooke and Mrs. Carl Markham participated in the panel discussion explaining the plans and progress made in each field.

During the business session, members voted to continue giving aid to some children attending a local school. The group will donate \$1,000 dollars to the Howard County Rehabilitation Center to be used for physical therapy equipment.

Refreshments were served by Mrs. H. M. Jarratt, cohostess.

Daughter Is Born

Mr. and Mrs. Jimmie King of Pampa are parents of a daughter, born there on Dec. 1. The child's grandparents are Mr. and Mrs. J. F. King, 600 Elgin St., and Mr. and Mrs. S. A. Bradford, 1316 Wood St.

Hathaways Hosts Entertaining With Dinner

Mrs. Lillian Patton was the honored guest when Mr. and Mrs. Paul Hathaway entertained the J. C. Penney Co. employees Tuesday evening in their home at 713 Tulane. Mrs. Patton, who is leaving the company after five years association, was presented a gift.

A turkey dinner was served from the buffet to the 40 attending. Red satin runners entwined with holly were centered with poinsettias on the damask covered tables where guests were seated.

A party followed the dinner, during which employees received Christmas payments which are given by the company each year.

Crisswells Visit Cletus Brewer

WESTBROOK (SC) — Mr. and Mrs. Albert Crisswell were in Dallas over the weekend to visit with her son, Cletus Brewer, who is a patient at the Methodist Hospital in Dallas. Mr. Brewer fell at his home, and his back will be put in a cast Friday.

LADIES' SOCIETY

Officers Election Is Held By Society

Election of officers was the occasion of a called meeting of the Ladies Society of the Brotherhood of Locomotive Firemen and Engineers at Carpenters Hall Wednesday afternoon. Mrs. W. N. Wood, president, appointed Mrs. J. F. Skalicky and Mrs. Lois Garland as tellers.

Those elected were Mrs. J. C. Cravens, president; Mrs. D. C. Pyle, vice president; Mrs. J. P. Anderson, secretary; Mrs. P. L. Bradford, treasurer; Mrs. E. A. Williams, collector; Mrs. Frank

Wilson, board of trustees chairman; Mrs. C. B. Sullivan, board member; Mrs. Cecil Kirkland, board member.

Also, Mrs. M. E. Anderson, chaplain; Mrs. L. A. Griffith, warden; Mrs. J. F. Skalicky, conductor; Mrs. O. T. Arnold, flag bearer; Mrs. Minnie Barbee, outer guard; Mrs. L. N. Brooks, magazine correspondent; Mrs. C. L. Kirkland, delegate to grand lodge and Mrs. L. N. Griffith, alternate. Eighteen were present for the meeting.

WHY?

The five sources of knowledge by which modern man has determined the rightness of a practice are: Intuition, Reason, Empiricism, the Voice of the (Roman) Church, and the Scripture. Absence of a common authority has produced a divided Christendom and turned many to agnosticism. "Why should I reject this religious practice but conform to this doctrine?" can be answered satisfactorily only when there is one universally accepted standard of criterion. This authority must possess: (1) Internal consistency; and (2) Adaptability to every religious need. Intuition, Reason, and Empiricism fail to supply satisfactory answers to man's religious needs. The Voice of the (Roman) Church lacks the internal consistency required by such a standard. Only the Scriptures possess a perfect internal consistency and provide for every religious question. The Bible boldly claims that it alone, without the aid of any creed or catechism, is to be authoritative in the church. (II Tim. 3:16-17) Whoever adds to or subtracts from the teachings of the Scripture receives Divine condemnation. (Rev. 22:18-19). Let us return to Bible authority for every faith and practice!

The Northside church of Christ welcomes you to its services. Sunday: 10 a.m. Bible Study; 11 a.m. Worship; 6 p.m. Worship.

OWC Luncheon Music By The College Choir

Yuletide decorations and choir music were featured for a luncheon Thursday at the Officers Club, Webb Air Force Base. Places were set for 128 members and guests of the Officers Wives Club.

The Nativity scene was a centerpiece for the main table, where OWC officers and Mrs. Wilson Banks were seated. Also ornamenting the tables were gold-wrapped packages and gold dusted cedar.

A constellation ceiling in red and white was centered with a kissing ball, while the stage featured gold wrapped packages and cedar boughs on the piano and metallic ropes on the curtain backdrop.

Mrs. James M. Gehrig Jr., president, introduced the guests as Mrs. R. W. Whipkey, Mrs. Ike Robb and Mrs. H. C. Slipp. Also, she acknowledged the presence of Mrs. Lee Rousey who is leaving soon for the Philippines.

Newcomers named were Mrs. G. B. Kennedy, Mrs. B. D. Crooks, Mrs. M. Kressel, Mrs. R. B. Meyers, Mrs. D. J. Coppage, Mrs. D. M. Blue, Mrs. D. C. Quackenbush, Mrs. G. H. Johnson and Mrs. C. L. Chastain.

Also, Mrs. V. K. Kelley, Mrs. D. W. Whitmer, Mrs. K. D. Robinson, Mrs. H. L. Seale, Mrs. W. C. Wirstrom, Mrs. C. R. Stewart, Mrs. L. J. Forrest and Mrs. E. H. Schuster.

The program of music, presented by the Howard County Junior College Choir under the direction of Ira Schantz, included

Week Of Prayer Noted At Church In Westbrook

WESTBROOK (SC) — Members of the Westbrook WMU of the First Baptist Church are observing the Lottie Moon Week of Prayer for Foreign Missions.

Theme of the program will be "God's Gift, the Light of the World." Mrs. Royce Moore, program chairman, is in charge of the programs.

Mr. and Mrs. Altis Clemmer were in Abilene Saturday, and visited in Cisco and Clyde with their parents.

Mrs. Frank Oglesby has returned from a visit in Andrews with her sister, Mrs. Joe Brackeen and family.

"Lord, We Pray Thee," "Old Hundredth Psalm Tune," "The Birth of Christ," "Sussex Carol," "Pat-a-Pan," "Concerto No. 5 in D" with Sonnet Johnson, violinist, "Three Christmas Hymns," and "Wassail Song."

Jack Hendrix was the pianist, accompanying the choir. A drum and piccolo obbligato was provided for "Pat-a-Pan," by Sonnet Johnson and Jackie Hipp. Lonnie Webb and Ted James played trumpet obbligatos to "Old Hundredth Psalm Tune." Mrs. Wayne Keller gave a vocal solo.

Mrs. Robert Chepolis was the program chairman.

Winning door prizes were Mrs. R. E. Coil, Mrs. Gary Hartsell, Mrs. H. C. Collins and Mrs. M. H. Bence. A U.S. Lady subscription was won by Mrs. Ruth Kelly.

Center Fielder's View

The New York Mets are certain they will have a better team in 1963 than the one they fielded last season. But the Mets aren't sure that their new ball park, Municipal Stadium at Flushing Meadow Park, will be ready. Concrete is now being poured in the park that will seat 55,000.

Maroons Boast Great Team But For Naught

Mississippi State, probably one of the strongest college basketball teams in the country, isn't likely to go anywhere. Not that they won't win a bundle of games, maybe even more than any other team in the rugged Southeastern Conference. And that includes potent Kentucky.

But the Bulldogs are barred by tradition from competing against schools with Negro players. That eliminates them from the NCAA and NIT post-season events, just as it did last season.

LOOKING 'EM OVER

With TOMMY HART

Prior to the recent opener of the basketball series between Big Spring and Colorado City, coach Delnor Poss of Big Spring received a letter from Caddo Matthews, the Wolf mentor, which said, in part, "and in a kidding manner, of course!":

"If you beat us too badly, the coaches are going to have a wrestling match out on the court after the game."

The Steers swamped the Wolves, 59-22.

Bobby Maines, the one-time HCJC basketball star who is now the Los Angeles representative for the Reed and Carnrick pharmaceutical concern, writes to this window suggesting that HCJC institute an annual game between its contemporary and the Atlanta.

Several schools now play such a contest and it invariably draws well.

HCJC has a long and storied basketball history. I rather think the basketball buffs here would like to see such former Jayhawk greats as Bobby Williams, Clarence (Casey) Jones, Maines, Dr. Charley Warren, Ray Crooks, Larry Glere, Harold Rosson, Howard Jones and many, many others.

Several of the former Jayhawks are now making their homes in and around Big Spring.

Maines, incidentally, says he's through with sports except from a spectator's viewpoint—he's too busy. He sends his regards to all his old friends here.

HCJC's recent trip into Kansas will, no doubt, shake up the National juco ratings.

The first ratings issued by the NJCAA coaches had Coffeyville in first place, Hutchinson, Kansas, in ninth, HCJC 11th and Ark City, Kansas, in 17th position.

HCJC lost to Coffeyville but won over Hutchinson and Ark City. San Angelo was ranked sixth in the poll, just back of Tyler, Moberly, Mo., took its place immediately behind Coffeyville and Len Morris of Jacksonville, Texas, was third, right ahead of Young Harris, Ga., (which took an undefeated record to the National tournament last year and proceeded to lose its first game).

Incidentally, coach Buddy Travis of HCJC would like for his boys to get another chance at Coffeyville, either on a neutral court or here. He reasons the Hawks could give the Red Ravens all they could handle under such circumstances. Coffeyville beat the locals by 19 points in their meeting at Coffeyville but HCJC left Kansas with a 4-1 won-lost record.

With a healthy Eddy Nelson and Richard Bethell back on the firing line, Big Spring High School would have to be conceded a good chance at the 2-AAAA basketball championship.

Coach Delnor Poss of the Steers rates San Angelo's Minton White and Nelson as the two top players in the conference. The jury is still out on how long Bethell, who suffered a broken wrist in the Steers' opening game with Colorado City, will be idle.

Bobby McCraw, the Abilene Cooper quarterback, completed 24 passes the past football season, none of which was for a touchdown. The Cougars scored only two TDs through the air lanes all season.

Local B Team Enters Snyder Cage Tourney

Big Spring High School's B team and Lamesa square off in the first round of the Snyder B team basketball tournament at 5:30 o'clock today.

In other games, Lubbock tangles with Hamlin at 1 p.m., Snyder opposes Brownfield at 2:30 p.m., and Lubbock Monterey meets San Angelo Lake View at 4 p.m.

If the Steers win their opening game, they will meet the survivor in the Monterey - Lake View contest at 11 a.m. Saturday. A loss would find them opposing the loser in that contest at 8 a.m. tomorrow.

The consolation finals are booked for 4:30 p.m., the game for third place at 6 p.m. and the title bout at 7:30 p.m., all on Saturday.

Coach Jimmy Marcus will take ten boys with him. Probable starters for Big Spring include Larry Seals, Joe Rattie, Keith Bristow, Benny Kirkland and Mike Peters.

Lamesa and Lubbock High are pre-tournament favorites.

Yearlings Win Two Thrillers

Runnels Junior High swept the boards in two basketball games with San Angelo Edison here Thursday night but it took some doing in both contests.

The local eighth graders prevailed, 17-12, by rallying strongly in the final period. Ronnie Anderson led the surge for Big Spring in that round, getting all of his six points in the final six minutes.

The Yearlings could score by one free toss in each of the first two periods and trailed at half time, 10-2. Ernest Culler led Edison with six points.

The victory left Runnels with a 2-0 won-lost record.

The Runnels ninth graders won, 41-39, for their second win in two assignments.

Joe Jaure, the top scorer for Runnels with 13 points, hit two free tosses in the final seven seconds to pull the game out of the fire for Runnels.

Jury Indicts Trio In Cage Bribery Case

AUSTIN (AP)—Three men were indicted by the Travis County grand jury Thursday for contempt of the Legislature—the first such indictments in a decade.

They are M. C. Pearson of Austin, E. D. (Sig) Dickson of Dallas and M. D. (Duck) Mallard of Bryan.

The cases stem from hearings last summer by the House General Investigating Committee on alleged point shaving in Southwest conference basketball games.

Dickson refused 292 times at a July 13 hearing in Austin to answer questions about bookmaking and point fixing.

Pearson invoked constitutional immunity 44 times at the same hearing in refusing to answer committee questions about his business, whether he was a bookmaker and whether he held a U.S. wagering tax stamp.

Mallard refused 125 times at a May 25 hearing in Waco to answer questions about bookmaking operations.

The grand jury said all three are accused of contempt for refusing to answer questions "pertinent to the matter under inquiry."

On conviction, contempt of the Legislature is punishable by a fine of \$100 to \$1,000 and a jail term of 30 days to 12 months. It is a misdemeanor.

Dis. Atty. Tom Blackwell said the cases will be turned over to the county attorney's office for prosecution.

The committee's citation for contempt were forwarded to Blackwell by House Speaker James Turman.

Former Reps. Dewitt Hale of Corpus Christi and Charles Ballman of Borger and returning Rep. Menton Murry of Harlingen signed the citations against Dickson and Pearson.

Another non-returning member, Rep. Bill Pieratt of Giddings, declined to sign. Rep. Bill Hollowell of Grand Saline was not present at the July 13 hearing and thus ineligible to sign.

Turman has named Hollowell as the new committee chairman. He filled the vacancies with Reps. James Nugent of Kerrville, Neil Caldwell of Angleton and Sam Collins of Newton.

The committee ordered Nov. 19 that a contempt citation for former Gregg County Judge Earl Sharp also be prepared.

Sharp was summoned to testify at a Dallas hearing dealing with investigation of slanted oil well drilling in East Texas. He has been indicted in Wood County on charges of drilling an illegally slanted well and is named in three penalty suits filed by Atty. Gen. Will Wilson.

Mavs In Split With Angelo

Goliad Junior High gained a split in two games with San Angelo Lee here Thursday night, the ninth graders winning by the decisive margin of 50-23 after the eighth graders had lost, 38-22.

In the ninth grade contest, the Maverick threesome of Harold Newton, Paul Soldan and Simon Terrazas controlled the boards.

Terrazas led the scoring with 13 points while Newton had nine and Soldan eight.

Goliad, on its way to its second victory in two starts, built up a 27-10 advantage at half time and the coaches made liberal use of their subs in the final half. They played a total of 16 boys.

David Lawlis led the Lee eighth graders to victory, scoring 12 points. Kirby Horton kept Goliad within hailing distance with a ten-point output.

The two Goliad teams visit San Angelo Monday for games with Edison.

Ninth graders: BS GOLIAD (50) — Newton 3-3-9; Kumbell 6-8-0; Bedell 6-0-0; Soldan 6-0-0; Kirby 6-0-0; Terrazas 6-1-13; Morris 6-0-0; Lloyd 6-0-0; Whitley 6-1-13; Pace 6-0-0; French 6-0-0; Cavender 6-1-1; Earnhart 3-1-5; Graves 6-0-0; Tubbs 6-0-0. Totals 23-29.

Schoolboys Square Off In S'final Skirmishes

By The Associated Press

Texas schoolboy football barges into semifinals with 16 games on the calendar this weekend.

The collision of Dumas' undefeated, untied Brownwood at Lubbock Saturday and the battle between Class AAAA favorite Bor-

ger and resurgent San Angelo at Borger highlight the program. Dumas has lost only an inter-division bout with Borger, which last week defeated Arlington. Brownwood has won 11 straight games.

In other Class AAA scraps, Dallas Samuel plays Lukin at Tyler, Spring Branch meets Beau-

mont South Park at Houston and Brownsville is host to San Antonio Brackenridge.

Spring Branch, Borger, Samuel and Brownsville are favored to make next week's semifinals.

Brownwood, Orange, Pharr-San Juan-Alamo and McKinney are favored to advance in Class AAA. McKinney plays Jacksonville at Commerce, Orange takes on Bay City at Baytown and Austin Johnston plays Pharr-San Juan-Alamo at Pharr.

Denver City battles Winters in the only match this weekend of undefeated, untied elevens. It's the standout in Class AA, which also offers Jacksboro vs. Mineola at Garland, Rockdale vs. Humble at Huntsville and Missouri City Dulles vs. Sinton at Victoria.

Class A defending champion Albany plays Clifton in the division's feature tussle at Breckenridge. Other Class A games match Sun-

day and Rotan at Lubbock, New London and Smithville at Kilgore and Waller and Ingleside at Seguin.

Albany, New London, Rotan and Waller are the favorites.

The schedule: Class AAAA — Friday: San Antonio Brackenridge at Brownsville (night), Saturday: San Angelo at Borger, Dallas Samuel vs. Lukin at Tyler, Spring Branch vs. Beaumont South Park at Houston (night).

Class AAA — Friday: McKinney vs. Jacksonville at Commerce (night), Saturday: Dumas vs. Brownwood at Lubbock, Orange vs. Bay City at Baytown (night), Austin Johnston at Pharr-San Juan-Alamo (night).

Class AA — Friday: Denver City vs. Winters at Midland (night), Jacksboro vs. Mineola at Garland (night), Rockdale vs. Humble at Huntsville (night), Missouri City Dulles vs. Sinton at Victoria (night), "Class A—Friday: Sunray vs. Rotan at Lubbock (night), Albany vs. Clifton at Breckenridge (night), New London vs. Smithville at Kilgore (night), Waller vs. Ingleside at Seguin (night).

Other 2-AAAA players were named to the first team. They were A. K. Drones, a junior tackle for San Angelo; and Mike Love, Permian fullback who was moved to halfback on the team.

Other 2-AAAA players on the Honorable Mention list include Bob Bearden, Abilene end; Joe Hurley, Midland High end; Edward Martindale, San Angelo guard; Jim Grissen, San Angelo center; and Rusty Harris, Abilene back.

Howard County Junior College (6-1) was to meet Texas Southmost in the first round of the San Antonio Basketball tournament at 11 a.m. today.

The Hawks are defending champions in the meet.

REAL HANDY ANDY

Tom Tresh Wins Rookie Laurels

BOSTON (AP) — Switchhitter Tom Tresh of the New York Yankees walked a major league footstep into the American League Rookie of the Year award today.

A picture of versatility in all he undertook, Tresh drew the votes of 13 of the 20 members of the Baseball Writers' Association of America who were on the selection committee.

Los Angeles Angels' catcher Bob Rodgers was named on four ballots while one vote apiece was given to Minnesota second baseman Bernie Allen, Los Angeles pitcher Dean Chance and fireballing relief hurler Dick Radatz of Boston.

Tresh was a vital cog in another Yankee march to baseball supremacy, playing 111 games at shortstop, then moving to left field for 43 after Tony Kubek returned from service. With three additional games in a pinch-hit role, Tresh batted .286, scored 34 runs, drove in 93, hit 26 doubles, five triples and 20 homers.

Born in Detroit 24 years ago, Tresh is the son of former Chicago White Sox and Cleveland Indians catcher Mike Tresh, 1938-49.

The latter was known as a fine, iron-man receiver who caught every game in one season. His best batting season was 1940 when he hit .281.

Mike Tresh was in the stands when Tom won the fifth world series game 5-2 over San Francisco by hitting a three-run, eighth-inning homer.

The younger Tresh is a 6-foot, 180-pounder who says he prefers the outfield to shortstop. He currently is in his sixth semester at Central Michigan University at Mt. Pleasant, Mich., where he is majoring in physical education.

Rookie of the Year in the Inter-

Minter Mentioned For All-State 11

Walter Minter, Big Spring senior tackle, gained Honorable Mention on the Fort Worth Star Telegram's Class AAAA all-state team announced this morning.

Two 2-AAAA players were named to the first team. They were A. K. Drones, a junior tackle for San Angelo; and Mike Love, Permian fullback who was moved to halfback on the team.

Other 2-AAAA players on the Honorable Mention list include Bob Bearden, Abilene end; Joe Hurley, Midland High end; Edward Martindale, San Angelo guard; Jim Grissen, San Angelo center; and Rusty Harris, Abilene back.

Curcice Bows Out As Grid Mentor

PALO ALTO, Calif. (AP) — Cactus Jack Curcice bowed out officially as Stanford's head football coach Thursday night amidst cheers of his players at an awards banquet here.

"I'll always have the memory of the great second half comeback you fellows made against Cal," he said, referring to the last game he coached in which Stanford topped Cal 30-13. The players presented him with the ball from the Big game.

Curcice, 55, was fired Nov. 27 after compiling a record of 14 wins and 36 losses for the Indians over a five-year period.

Denver City battles Winters in the only match this weekend of undefeated, untied elevens. It's the standout in Class AA, which also offers Jacksboro vs. Mineola at Garland, Rockdale vs. Humble at Huntsville and Missouri City Dulles vs. Sinton at Victoria.

No Pre-Rinsing No Screens To Clean

Class A defending champion Albany plays Clifton in the division's feature tussle at Breckenridge. Other Class A games match Sunday and Rotan at Lubbock, New London and Smithville at Kilgore and Waller and Ingleside at Seguin.

Albany, New London, Rotan and Waller are the favorites.

The schedule: Class AAAA — Friday: San Antonio Brackenridge at Brownsville (night), Saturday: San Angelo at Borger, Dallas Samuel vs. Lukin at Tyler, Spring Branch vs. Beaumont South Park at Houston (night).

NFL's Eastern 11's Bidding For Crumbs

By JACK CLARY
Associated Press Sports Writer

NEW YORK (AP) — With the New York Giants firmly tucked away as the National Football League's Eastern Conference champions for the second straight year, the Western title and a frantic scramble to determine the second-place finisher in the East occupy this weekend's attention. The Washington Redskins, at the break-even point of 5-5-2 after their fine start, make a do-or-die bid for second in the East Saturday afternoon in Baltimore against the Colts, in a nationally televised game (CBS). A victory would keep them in the running with Pittsburgh, Cleveland and Dallas, all aiming at a spot in the Playoff Bowl at Miami Jan. 5 against the Western runner-up. Green Bay can clinch a tie for its third consecutive Western Conference title by beating San Francisco Sunday on the West

Coast. A Packer victory plus an upset of Detroit by the Minnesota Vikings would make the Packers champs. Otherwise, the title won't be decided until next Sunday's wind-up when Green Bay takes on the Los Angeles Rams and Detroit plays rugged Chicago. The Bears host the Rams this Sunday. This week's selections (last week 7 correct, 4 wrong; season total, 78 correct, 43 wrong, 5 ties):
NFL
Green Bay over San Francisco—Powerful Packers want to wrap up the Western title on their own. San Francisco offense no mystery to Green Bay's rugged defense.
Detroit over Minnesota—Lions had close call against Vikings three weeks ago, but bail-out artist Earl Morrall came to rescue, and he did it again last week.
New York over Cleveland—Even if Giants do ease off and

use their reserves, Browns' inconsistent attack led by Frank Ryan and fullback Jimmy Brown, doesn't carry the Y.A. Tittle-Alex Webster sting.
Philadelphia over Pittsburgh—Eagles on beam with Pete Retzlaff back to catch Sonny Jurgensen's passes. Steelers' defense can't do it all and its offense is battered.
Baltimore over Washington—Johnny Unitas' receivers, Raymond Berry and Jimmy Orr, and Colt runners Mark Smolinski and Lenny Moore, too much for Redskins, and Washington quarterback Norm Snead has very little left in way of running help.
Dallas over St. Louis—Cowboys' 1-2 quarterback punch of Don Meredith and Eddie LeBaron healthy again while the poor Cards could use either one in their attack.
Los Angeles over Chicago—Rams have received the quarterbacking they needed from rookie Roman Gabriel and he and his mates may find the Bears a little down after last week's tough loss to New York.

STEERS OF TOMORROW

Gra-Y All-Stars Tangle Saturday

Big Spring Steers of tomorrow meet Saturday in competition on the football field east of the YMCA as Gra-Y Allstars square off in two matches.

The first of the two games begins at 7 p.m., according to Jerry Swatling, director of the Gra-Y program. In the first game the second ranked Allstars will battle each other and in the second game, immediately afterwards, the top players will match wits and skill.

Players for the teams have been selected by pitting boys from the top three teams in the league against players from the lower four teams. In the top three are College Heights, Boydston and Lakeview, Cedar Crest, Park Hill, Airport and Washington make up the lower half of the spectrum.

Tickets for the two games are available at the Y or from Gra-Y boys. They sell for 25 cents each. Proceeds will go to World Service, Swatling said.
As added entertainment for spectators, the baton class of the Y will perform during halftime.

Coaching the top three teams, who will play as the North League, are Ralph Ross and Barry Godfrey. Howard Berry and Joe Van Fleet are coaching the South League players.
On the North League teams are Billy Morton, Rocky Wooley, Gary Johnson, Mike Marino, Phillip Burchett, David Wanner, Rickey Jackson, Bill Mullett, Danny Cunningham, Guy Burrough, Kenneth

Brown, Barry Knocke, Roy Warren, Thomas Jones, Clarence Farmer, Claude Tucker and Ouin Jackson.

The South teams are composed of Dick Nicholson, Gary Hines, Mark Slate, Gary Crane, Jimmy Wilson, Carl Johansen, Steve Tidwell, Pat Weaver, Lee Rudeseal, Scott McLaughlin, Johnny Waggoner, Steve Bingham, Manual Bustamante, Mike Honea, Bob Derrick, Travis Reynolds, Paul Shirley, Mike Bridges, Charles Huff and Philip Lynn.

San Angelo Wins In Tournament

SAN ANTONIO — The San Angelo Bobcats defeated Holy Cross, 71-25, in the first round of the San Antonio Basketball tournament here Thursday night.
The Cats play San Antonio Edgewood at 2:30 p.m. Friday in a second round game.

Coaches Due Dock

MOBILE, Ala. (AP)—Both of last year's head coaches will return as mentors of the North and South in the 14th annual Senior Bowl football game here Jan. 5. Weeb Ewbank of the Baltimore Colts will make his fourth appearance as head coach for the Southerners, and the Dallas Cowboys' Tom Landry will lead the Yanks.

Big Spring (Texas) Herald, Friday, Dec. 7, 1962 7-A

Kelley Leads Links Meet

CORAL GABLES, Fla. (AP)—"I just stayed relaxed and hit the ball."

That's the way Al Kelley, playing his first PGA tournament, said he took the first round lead over 148 more seasoned pros and 10 amateurs in the 72-hole, \$20,000 Coral Gables Open Golf Tournament.

The 27-year-old pro of seven weeks standing collected a 6-under-par 65. Going into today's second round,

Kelley, born in Akron, Ohio, and playing out of Coral Gables, held a one-stroke lead over Dave Ragan, with whom he grew up in Orlando, Fla.

Wrong-Way Missile Sets Off Safety Method Review

CAPE CANAVERAL, Fla. (AP)—

Range safety procedures will be surveyed carefully as the result of a wrong-way runaway section of a Polaris missile which escaped destruction and landed in the Atlantic Ocean 150 miles east of Savannah, Ga.

"If that missile piece had headed inland instead of toward the wide open ocean," a source said, "the only thing we could have done would be to pray that it did not hit a populated area."

The Polaris began twisting wildly in the sky shortly after the second stage ignited during a test flight Thursday, and the range safety officer beamed a radio signal to destroy the missile.

However, a large section, still under power, escaped detonation and suddenly shifted from an in-

tended southeast heading to a northeast direction.

After word of the wayward rocket leaked out, the Air Force admitted it landed in the sea 300 to 350 miles northeast of Cape Canaveral. There was no nuclear device aboard. The range safety officer reported, without elaboration, that the command destruct system had worked properly.

Sources said that apparently the missile was not properly wired for complete detonation.

The failure Thursday was another disappointing blow to the Navy's advanced Polaris A3 development program. The rocket now has failed six times in as many flights, five times because of trouble in the second stage. The Navy said that such failures could be expected early in the test program of such a complex missile as the A3, which is being developed to increase the

rocket range of Polaris submarines to 2,875 miles. The earlier operational A1 and A2 models have maximum range of 1,725 miles.

An advanced version of the Titan missile, the power-packed Titan 2, also failed in a launching Thursday from Cape Canaveral. Premature cutoff of the second-stage engine caused the big rocket to drop into the Atlantic before it had traveled half its intended 8,000-mile distance.

The flight was the most ambitious yet planned for Titan 2, whose longest previous test was 5,000 miles. The missile is being developed to carry nuclear warheads to targets halfway around the globe. It later will be used to boost the Gemini and Dyna-Soar manned spacecraft into orbit. The Titan 2 record now is five successes in eight test flights.

McGovern Is New Senator

PIERRE, S.D. (AP)— January will become a major milestone for George McGovern when he is sworn in as South Dakota's first Democratic U.S. senator in 26 years.

It caps a campaign he started in 1953 when Democratic affairs in the state, traditionally Republican, were at perhaps their lowest ebb.

The Democrats then could muster but two votes in the 110-member legislature.

McGovern asked that something be done about the situation. Ward Clark, Democratic state chairman, named McGovern executive secretary.

McGovern already has come up with some firm philosophies. Such as, "Bad politics are caused by good people who don't take their political responsibility seriously."

He generally sums things up by commenting that, "If our political life is not what it should be, who is to blame but ourselves, the people?"

McGovern's ascendancy to the Senate was confirmed Wednesday when Republican Sen. Joe Bottom conceded the Democratic victory after a month-long recount.

McGovern held a 504-vote margin as he moved up to give the Democrats a 67-33 Senate majority starting next month.

The senator-elect became a Democrat in 1945 because he said he felt that party was "more on the side of the average American." He shies at the label of liberal, saying: "The longer I stay in politics, the less comfortable I feel wearing a label. I vote on either side, depending on the issue."

Backfire

Warren Swanson, Washington D.C. laborer, who shot an air pistol at Teamster President James R. Hoffa in a federal courtroom at Nashville, is shown outside Nashville General Hospital where he was taken for treatment after spectators joined Hoffa in beating him after the attack.

Jury Selection

BEAUMONT (AP)— Jury selection was resumed today in the murder trial of John Mack Herring. Four more jurors were needed.

Adenauer Will Retire Next Fall

BONN, Germany (AP)—Chancellor Konrad Adenauer will retire from office next fall, the parliamentary floor leader of the Christian Democratic party announced today.

Heinrich von Brentano said the chancellor, who will be 87 in January, made the announcement at a meeting of party executives Thursday night.

Brentano also told a meeting of the party's members in parliament the party executives had rejected a coalition government with the opposition Socialists. A new coalition with the Conservative Free Democrats, who quit the government over the Spiegel affair several weeks ago, was practically assured.

Adenauer's impending retirement did not particularly surprise West German politicians. He has been under pressure for some time from his own party to relinquish the government reins to a younger man. He has been chancellor for 13 years, since the West

German Republic was inaugurated. Last year, after his party lost its parliamentary majority and had to form a coalition with the Free Democrats, Adenauer said he would retire in sufficient time before the 1965 general election to give his successor a chance to get used to his office. However, Adenauer refused to set a date for his retirement.

Authoritative Christian Democratic sources say his successor probably will be the vice chancellor and economics minister Ludwig Erhard, known as the father of West Germany's "miracle" postwar recovery.

Officer Waits For Review

SAN ANTONIO, Tex. (AP)— Col. John A. Herrington, sentenced to five years at hard labor and dismissal from the Air Force for killing his wife and wounding a son, started a long but hopeful wait today for a review of his case.

His case goes to Maj. Gen. W. T. Hudnell, commander of the San Antonio Air Materiel Area and Herrington's superior, for review.

It probably will be at least five weeks before Hudnell gets the case. The transcript of the nine-day trial must be typed and checked.

The transcript will be in two parts, classified and unclassified, because part of the testimony dealt with top-secret defense matters.

Start At The Top

HURON, S.D. (AP)— Juareen Thompson, 17, has a conflict between school and career—it's her hairdo.

The Huron High senior was sent home last week by Principal Glen E. Peterson, who objected to her platinum mink-colored, up-swept hairdo. Peterson said her hair stylist's creations "are too sophisticated for high school girls."

Miss Thompson models for the stylist, Kenneth Welker. He says she needs the hairdo for a contest this week. He suggested the principal start his criticism with women teachers who tint their hair "the worst shades of blue and purple I've ever seen."

Pearl Harbor Day Passes Quietly Without Ceremony

PEARL HARBOR, Hawaii (AP)— The "Day of Infamy" was marked quietly and without ceremony today while the Navy at Pearl Harbor turned its attention to sports.

On Ford Island, less than a mile from the black-scarred coast

where the Japanese attack of Dec. 7, 1941, was centered, a nine-hole golf course was dedicated. A boxing program at Bloch Gymnasium, across the water from the sunken hulk of the USS Arizona, featured five amateur Japanese fighters.

There was no official recognition of the 21st anniversary of the darkest moment in U.S. naval history.

Tax Chief Wants To Rule Fairly

WASHINGTON (AP)— Internal Revenue Commissioner Mortimer M. Caplin says his agency does not want to interfere with legitimate expense account deductions in setting up new tax rules.

Caplin gave his promise that the regulations enacted by the Internal Revenue Service "will achieve a basically fair and sound approach consistent with the intent of Congress" under the law that authorized them.

Caplin issued his statement after two days of hearings on proposed tax rules which the IRS says are designed to stop expense account abuses.

The proposed regulations brought a chorus of protests from businessmen and their organizations.

The 1962 tax law, effective Jan. 1, requires more stringent business accounting of expenditures for travel, entertainment and gifts.

A small boat shuttled between the shore and the memorial, as it has done daily since last Memorial Day when the shrine was completed. A Navy official said larger-than-usual crowds were expected to make the trip. Otherwise activity in the busy harbor was normal.

Veterans groups, other patriotic organizations and individuals planned to take flowers to honor the 1,102 men entombed in the Arizona.

Although it has done so in other years, the Navy scheduled no speeches or ceremonies above the battleship. A new policy of the Navy department specifies that tributes to the dead of battle may be held only on Memorial Day.

The American flag was raised over the Arizona at dawn—a daily ritual. The Arizona is considered still in commission by the Navy because her crew is aboard. Giant aircraft carriers, nuclear submarines and other modern warships pipe a salute as they move by her "berth."

est in the Pacific—stood alongside the Arizona Thursday and 4,000 members of her crew lined the deck to pay homage to the fallen warship.

The Arizona Memorial honors all dead of the Japanese attack. A total of 2,403 men perished in the terrible moments of a Sunday morning that marked America's entry into World War II. The Arizona died eight minutes after

Red Infiltration Of Peace Moves Will Be Probed

WASHINGTON (AP)— The House Committee on Un-American Activities will hold hearings next week aimed at determining whether the Communist party is influencing groups organized to seek world peace.

The hearings will begin Tuesday and last three days. Chairman Francis E. Walter, D-Pa., announcing the hearings, said they will deal specifically with a group known as Women Strike for Peace.

"It is with reluctance that the committee deemed it necessary to conduct hearings which touch upon alleged peace activities in this country," Walter said. "Unfortunately, the Communist conspiracy, through treachery and deceit, has established a long record of converting man's greatest dreams into tools for bringing about man's most tragic losses of dignity and freedom."

taking a bomb down her stack.

Four battleships were sunk, one was heavily damaged and three sustained light damage. Six—California, Maryland, Nevada, Tennessee, Pennsylvania and West Virginia—returned to carry the war to Japan. Only the Arizona and the Oklahoma, which sank while being towed to the West Coast, ended their battles at Pearl Harbor.

A former battleship, the target vessel Utah, was sent to the bottom in the attack. The Utah's rusting hulk still rests in the mud, a tomb for 54 men.

One man who "died" in the attack on adjacent Hickam Field recalls it took a few minutes to realize "it was the real thing. Most of us thought the Navy was doing some target practice..." Chief M. Sgt. James I. Wells Jr. was a maintenance man at Hickam. He was listed as killed in action and memorial services were held in his home towns of Browder and Crofton, Ky. Wells, who lists his home as Jeffersonville, Ind., said a body was mistakenly identified as his.

"I get the feeling I'm attending my own funeral every time Dec. 7 rolls around," Wells said.

This Sort Of Thing Could Snowball

WALLACEBURG, Ont. (AP)—

Three thousand school children were puzzled when two Santas appeared in the annual Santa Claus parade Thursday. The youngsters, unable to distinguish the impostor, pelted both with snowballs.

BIG SPRING DAILY HERALD

SECTION B BIG SPRING, TEXAS, FRI DAY, DECEMBER 7, 1962 SECTION B

Segregated Senator

Sen. Allen J. Ellender (D-La.), who has been having his troubles on a current tour of Africa, gestures from the gangway of his plane at Dar-es Salaam, Tanganyika, after being refused entry to the country by local authorities. Tanganyika was following Uganda's lead in declaring the Southern U.S. Senator unwelcome after saying he found little evidence of African ability for self-government.

Dixie Solon Ires Africans

WASHINGTON (AP) — Rep. Barratt O'Hara, D-Ill., chairman of the House subcommittee on Africa—after being urged by the State Department — has charged Sen. Allen J. Ellender, D-La., "has hurt us very much" by remarks attributed to him in Africa. O'Hara told reporters at a hastily called news conference, that Ellender was in no way speaking on behalf of Congress.

Skybolt Seems Headed For The Junk Heap

WASHINGTON (AP)—The trouble-plagued Skybolt, an air-launched missile that gave the manned bomber hope for longer life, may be headed for the discard. A final decision has not been made. But informed sources say that as of now Defense Department budget drafters are not planning to allot money for the 1,000-mile-range missile next year. These sources said the project is in serious trouble—and not only because the Skybolt has suffered five test flops in a row. It was reported the Skybolt has lost favor with top Pentagon officials. They were said to have come around to the view that by the time it is ready in any numbers the pre-eminent role in U.S. nuclear striking power will have been assumed by the Polaris submarine-launched missiles and intercontinental ballistic missiles. The Air Force has been aiming to get the Skybolt combat-ready by October 1964. But the dismal test record so far may have pushed the operational date farther down the road.

General Revenue Fund Deficit Drops

AUSTIN (AP)—Texas' general revenue fund deficit totaled \$34.9 million Nov. 30, a drop of \$21.4 million from Oct. 31, State Treasurer Jesse James reports. Total net of all state funds was \$168.8 million and outstanding warrants totaled \$82.4 million Nov. 30, James said.

Judge Rules Tulane Not Under Integration Law

NEW ORLEANS (AP)—An attorney claims that a federal judge's decision in the Tulane University desegregation case could provide a new legal basis to thwart desegregation of public institutions. U.S. Dist. Judge Frank B. Ellis Jr. of New Orleans ruled that Tulane, as a private institution, cannot be forced to admit Negroes. Ellis — President Kennedy's civil defense director before being named to the federal bench—said there was not sufficient state involvement in the operation of Tulane to bring it within the scope of the 14th Amendment, the equal rights provision of the U.S. Constitution.

Says Guard Can Live With Plan

DALLAS (AP)—The new military reserve force plan is "something the Texas National Guard can live with," the president of the National Guard Association of Texas says. Maj. James Rose said Wednesday his group was still opposed to reduction of the reserve, but Defense Secretary Robert McNamara's final plan is better than the original, which would have slashed two battle groups and two artillery battalions from Texas. Rose said the new plan retains the present strength and could result in an overall modernization of the Guard.

John P. Nelson, attorney for the two Negro women who sought to enter Tulane, said the decision "opens the door to new and more subtle forms of racial discrimination in higher education." Nelson, in oral arguments and briefs, contended that a state university was transferred to the Tulane Educational Fund and that no new university was created. Tulane attorneys argued that the state institution called the University of Louisiana ceased to exist in 1884 and that a new private university, namely Tulane, came into existence. Ellis cleared the way for Tulane to accept Negroes voluntarily, ruling that the state act under which the Tulane Educational Fund took over the University of Louisiana was unconstitutional to the extent that it compels discrimination. Nelson said he will appeal the decision to the 5th U.S. Circuit Court of Appeals here. Tulane has said it would admit Negroes "if it were permissible to do so."

A Devotional For The Day

Being found in fashion as a man, he humbled himself, and became obedient unto death, even the death of the cross. (Philippians 2:8.)

PRAYER: Dear Lord, take away my load of guilt and sin by the merits of the Savior's death. Help me to put my hand of faith in His hand of mercy and love, and thus walk surely and safely with Him through this day. In Jesus' name. Amen.

(From The 'Upper Room')

Dedicating A New Route

Colorado City is taking a far-seeing step today in the formal dedication of the Interstate 20 loop.

There may be some feeling "if you can't whip 'em, jine 'em" in celebrating the opening of a traffic artery which will undoubtedly remove a major portion of the IS 20 traffic from passing through the center of town, but this is not the compelling reason for observing this event. The reason is that it is indeed a milestone, although it will bring local problems during a period of adjustment. Those in the service businesses—gasoline stations, cafes, motor courts—may feel a definite reaction from the change. For them it will be a period of adjustment, and although the doctrine may be hard, the adjustment will be made in time.

The Highway Department has maintained that once the Interstate system is firmly established, more traffic will come

off it to flow into the towns along the route than now is forced to come through them. This is not at all far fetched, for studies have shown that the Interstate system has a drawing power (attracting traffic from alternate or distant removed routes) far beyond what anyone had predicted. Looping of cities is going to increase that drawing power, and the percentages will help take care of the localities.

Most drivers don't stop in places because they have to go through them. They stop because they have a reason, and alert communities can help supply those reasons. Colorado City is facing this problem with an enlightened, positive outlook, and in the end the community will be stronger economically because IS 20 touches it than it would have been had there been no IS system.

Maybe Voters Don't Want Imbalance

If rural voters have unduly large representation in state legislatures, this does not necessarily mean that the voters demand such special privileges. Those who think so will have to explain the recent vote in Oregon.

For years Oregon has been noted for having the fairest representation system of all the states. The local politicians, wishing to get rid of this system, put on the ballot this fall an apportionment measure to give the rural areas unduly large representation. The measure would have put this system into the constitution, thus making it harder to abolish.

The plan was to set up 30 districts, each to have one representative no matter how few its residents. The rest of the state would have only 35 members, apportioned according to population. The scheme was backed by the Republican State Central Committee, the Farm

Bureau Federation, the state Grange and a variety of conservative elements. As Oregon does not have many large cities, the backers had good reason to hope for success.

What happened? The change lost overwhelmingly, 199,000 votes to 313,000. The city vote is hardly large enough to have produced this result. A good many rural inhabitants must have refused to help themselves to something to which they were not entitled. Local politicians lined up for the measure, but the voters did not follow.

This sequence of events in Oregon may well be pondered in other states. When a clamor is raised against abolishing old apportionment evils, or making more equitable adjustments in keeping with the times, it may be the politicians and not the people who are doing the shouting.

David Lawrence

Was Monroe Doctrine Swapped For Missiles?

WASHINGTON — U Thant, secretary general of the United Nations, has just made a remarkable speech full of news that has heretofore been withheld from the world, including the American people.

The secretary general announced that the Cuban situation was recently the subject of a "compromise," and he defined this as the type of negotiation which is characterized by "the principle of give and take." But what did America give and what did it take? What did the Soviet Union give and what did it take? The answers have not yet been officially revealed.

THE AMERICAN PEOPLE will be surprised at U Thant's statement. They have hitherto been led to believe that President Kennedy won a big victory and that Premier Khrushchev suffered a severe defeat. What does the secretary general know that has not been disclosed by the White House or the Department of State? In these days of "manipulated" news—when the idea of deliberately misleading the people is defended as part of the "arsenal of weaponry"—it will take a congressional investigation to find out what really happened.

It may be that Congress will muzzle itself. Too already there are rumors that the Democrats, who were so quick to start an inquiry by the Senate Foreign Relations Committee to find out about the U-2 incident in 1960 during the Eisenhower administration, now are unwilling to find out why it is necessary for the U-2's to continue flying over Cuba and what the administration may have given away.

THE PRESENT STATUS of the Cuban affair is not clear. President Kennedy in his statement to the American people on Nov. 20 said that the missile bases were being dismantled and that the Soviet government had stated that "no offensive weapons will be reintroduced." The President added:

"Nevertheless, important parts of the understanding of Oct. 27 and 28 remain to be carried out. The Cuban government has not yet permitted the United Nations to verify whether all offensive weapons have been removed, and no lasting safeguards have yet been established against the future introduction of offensive weapons back into Cuba."

MEANWHILE, THE UNITED STATES has demobilized its military forces which were assembled in the southeastern part of the United States, and the "quarantine" or blockade has been abandoned. It is not known exactly what else the United

States has promised to do. There was an intimation that this country would not engage in any "invasion" of Cuba. Whether the non-invasion offer now is in effect or whether it can be regarded as having been negated by the failure to obtain verification by the U. N. of the dismantling of the missile sites in Cuba has not been clarified as yet. Certainly in the Nov. 20 statement Mr. Kennedy said flatly that the United States wouldn't "abandon the political, economic and other efforts of this hemisphere to halt subversion from Cuba," but he added that "these policies are very different from any intent to launch a military invasion of the island."

Anastas Mikoyan, first deputy premier of the Soviet Union, recently went to Cuba presumably to argue for international inspection and verification, but he claims he was unsuccessful. So he turns the task over to the delegations from the United States and the Soviet Union who are stationed in New York City at the United Nations. The United Press International in a dispatch on Monday of this week said:

"UNITED NATIONS—U. S. and Soviet diplomats discussed the Cuban situation for almost six hours today but there was no change in their positions."

But what is there to discuss and agree upon if the situation has already been settled by a "compromise"? Is Mr. Kennedy's pledge of no invasion in effect today? Is Russia afraid to let Cuba approve on-site inspection because it may have a bearing on the same principle now being debated with respect to future disarmament agreements? The Soviets, of course, don't like inspection.

Meanwhile, another UPI dispatch on Monday may be revealing. It said:

"WARSAW — Polish Communist leader Wladyslaw Gomulka tonight called on the United States to confirm its non-aggression pledge to Cuba before the United Nations. In a 65-minute speech Gomulka said the Soviet Union had acted 'exclusively in the interests of peace both when installing rockets and in removing them from Cuba.' He said if the missile bases had not been set up, Cuba now would face a bloody intervention, 'but the decision to drop the idea of a Cuban invasion by the U. S. A. was the expression of a compromise in the frames of peaceful co-existence.'"

SO IT IS EVIDENT the Soviets feel they have obtained—and now wish to have confirmed—a pledge that there will be no military interference with the Communist base in Cuba and that what the Soviets are doing there will be overlooked by the United States even though this is a flagrant violation of the Monroe Doctrine. The willingness of the United States to give up the principles of the Monroe Doctrine in exchange for the withdrawal of a missile threat is evidently the "compromise" which the Soviets feel they have achieved. But there is no certainty that all weapons capable of being used for offensive purposes have been removed or that the Soviets will ever stop launching from Cuba subversive activities aimed at other countries in this hemisphere.

(Copyright, 1962, New York Herald Tribune, Inc.)

Punishment

MASSILLON, Ohio — False fire alarms are an unpopular prank among the younger set these days.

Juvenile authorities say they haven't had much trouble rounding up youngsters who turn in false alarms. They're put to work on Saturdays, polishing brass or scrubbing floors at the fire stations.

As for the effectiveness of this sentence, one juvenile officer says: "I've never had a repeat offender."

McNaught Syndicate, Inc.

'JUST THINK, SHE WAS MISS DIPLOMACY OF '61'

James Marlow

Have We Grown Since Pearl Harbor?

WASHINGTON (AP)—What has changed since Pearl Harbor, 21 years ago today, the length of time in which a human being is supposed to come to maturity?

In those 21 years man has had some moments of isolated splendor.

He shook the pull of earth and soared into space. He stood on the threshold of the unknown: a journey to the moon. He made great progress against forces that shorten his life, like disease.

Yet, his life became more uncertain than ever.

HIS PRIMITIVE inability to work out reasonably a peaceful existence on this limited earth didn't improve. His deep hostilities toward his neighbor haven't changed. They just took new directions.

These have been a distressed, distracted, grouping 21 years.

They have been so full of talk

of war, fear of war and war itself, of invasions, killings, tyrannies, treacheries and assassinations, that man has seemed to learn nothing from the massacres that ended temporarily in 1954.

The examples come to mind easily enough: war in Korea, China, India, Viet Nam, Laos, North Africa, the British-French-Israeli invasion of Egypt, the assassinations in Algeria, revolutions in Asia and Latin America, the slaughter in the Congo, Moslem-Hindu bloodbaths, the American-Russian missile crisis in Cuba.

HE WENT on making bigger bombs as if hypnotized by fright into thinking that if he frightened himself enough he'd become too frightened to use what frightened him.

To future generations, if there are any, this may look like simple jungle witchcraft, especially since man is now so deep in his own atomic trance he has been unable to come out of it.

But to mankind today it all seems so normal and practical that he is pouring into bombs he hopes he never uses vast resources and treasure which, if employed for the good of mankind, could make life better and richer.

Historians may decide World War II didn't change things basically but only rearranged them in a way just as grisly.

BY ELIMINATING Nazism-Fascism as a third and more ambitious world force, it quickened the inevitable confrontation between the Western and Communist concept of life and progress.

The war didn't lessen this problem. It intensified it. Communism, which was limited to Russia and held within its borders, expanded jubilantly after the war in Europe and Asia.

As part of the rearrangements of World War II, old enemies became new allies, old allies became new enemies.

The deep roots of ancient ages remain as fresh as ever: racial and religious hate, national cupidities, enormous chasms between rich and poor and old intolerance, and even new nationalisms.

Perhaps in time, around the world, man out of need and fear, will choose to live peacefully for reasons of common sense. He has not shown much of it in the past 21 years.

Hal Boyle

He Didn't Horse Around

NEW YORK (AP)—An inability to draw horses led cartoonist Herb Gardner to seek fame as a playwright—and he won on his very first try.

"I've always associated horses with the unemployment problem," said Herb, author of the current Broadway comedy hit, "A Thousand Clowns."

"Most of the times I left jobs it was because sooner or later the boss would ask me to draw a horse, and I couldn't. When I drew a horse it looked like a cross between a dog and radio city."

At 27, tall and curly-haired, Gardner himself looks like a cross between Thomas Wolfe and Orson Welles when they were that age.

Herb started yearning to be a writer at 13. He learned the rudiments of stagecraft in his youth by working as an orange juice salesman and hat checker in Times Square theaters and recalls seeing one play 140 times.

There followed several frustrating years as a commercial artist, years in which he sculptured bunnies and walrus for a toy firm

or drew endless panels in animated film cartoons.

Gardner was making a good living as creator of the Nebbish comic strip when he decided to chuck it all and gamble on his writing skill. Working in a cheap unheated West Side apartment, he turned out "A Thousand Clowns" in 2½ years. It rang an immediate bell.

His experience has made Herb something of an apostle for the philosophy of chance-taking.

"Too many people are working frantically to buy time," he said. "They work just to have Saturday and Sunday off."

"I didn't want to go on buying time, because I was afraid I might find the time I bought I was merely using to buy more time."

"There is too much living for the time being. People should do now all the things they'll wish 30 years from now they'd done."

With the royalty money rolling in, Herb and Rita, his actress wife, are now busy furnishing an expensive six-room apartment on the East Side. But the acclaim that greeted his first play hasn't gone to his head.

To Your Good Health

Rheumatoid Arthritis A Severe Disease

By JOSEPH G. MOLNER, M.D.
Dear Dr. Molner: I have been an arthritic and a wheelchair invalid for 15 years but am only 50. Two doctors say I had rheumatoid arthritis but some 10 others say it is osteoarthritis. The V.A. says it is osteo. Why is it we hear that they have found help for rheumatoid but not for osteo?—J.V.W.

By and large, rheumatoid arthritis is by far the worse, but not nearly as prevalent. Here is the difference. Rheumatoid arthritis is an acute, severe, inflammatory disease.

Osteoarthritis, on the other hand, is a condition rather than an active disease. It is the term we use to describe joints that have become worn or damaged. Or, more likely, both. It is the result of wear and tear.

It is true that we can do something for rheumatoid arthritis. We can, by proper care, limit somewhat the amount of damage it does while it is in its active phase.

Candidly and sadly I admit that we do not know very much, but it is not for want of effort and study. It is a savage disease, difficult to control and to understand.

(Remember that rheumatoid arthritis can strike at any age. It is not a disease of old people. Osteoarthritis, on the other hand, for the most part develops late in life.)

When an acute attack of rheu-

matoid arthritis has run its course, and the inflammatory period has ended, what is the result? It is deformity in the joints that have been attacked. Deformities of a different nature occur with osteoarthritis. The two conditions can exist as a mixed form of joint disease in the same patient.

Hence we do all we can to reduce the immediate danger from rheumatoid arthritis, for there is not much we can do after the damage has occurred.

Not much—but something. Aspirin, or its equivalent, remains as effective as anything we know, both in combating inflammation and easing pain.

Heat helps the afflicted joints. Movement, even at the expense of pain, keeps the joints from gradually stiffening. And, for most people, once the pain of the first movements in the morning is past, it lessens.

In many cases, too, the discomfort waxes and wanes. Trying to keep your mind on something else may sound like thin advice, and I guess it is, but it works just the same.

Dear Dr. Molner: Please give me the names of the drugs you mentioned concerning epileptic seizures?—J.M.D.

I don't know what good it will do, because all of them are prescription drugs—diltiazem, milan-

olol, tridione, phenorone, mesantoin, mebaral, mephobarbital, meprobamate, and quite a few others under various chemical, generic or trade names.

Anti-convulsants, sedatives, tranquilizers, many types of all of these and in various combinations, are used. It's important to find the combination which best suits each case. That's part of the "science and art" of medicine.

In this column I discuss what things are available for various ills, what people can do for themselves, and what things require skilled care. Choosing the correct drugs for an epilepsy patient is sometimes easy, but sometimes very intricate. Let your doctor do the selecting. He has spent years learning how.

Troubled with varicose veins? To make sure you are doing all you can to relieve the problem, write to Dr. Molner in care of the Big Spring Herald requesting my booklet, "How to Deal with Varicose Veins," enclosing a long, self-addressed, stamped envelope and 20 cents in coin to cover the cost of handling.

Dr. Molner welcomes all reader mail, but regrets that, due to the tremendous volume received daily, he is unable to answer individual letters. Readers' questions are incorporated in his column whenever possible.

Around The Rim

Power Of Teen-Age Opinion

A former Cabinet member has advanced a proposal for protection of innocent passengers against reckless drivers. Although the idea advanced by former Welfare Secretary Abraham Ribicoff was labeled far-out by some observers when first publicized, it has gained growing attention and adherence.

Essentially, Ribicoff's idea was aimed at the teen-age driver—and passenger. He suggests that girls stop dating young braves who like to horse around in traffic. Perhaps it was the simplicity of the idea that brought the first fishy stares from a few adults, but I think that same reason appealed to the youngsters.

THE IDEA IS spreading, mostly as it travels the teen-age grapevine, and it is producing results—from individual action to organized boycotts.

Several teen-age "idols," such as Frankie Avalon, have picked up on the idea and have helped spread the word. But they have helped the boys push along a complementary idea—a boycott of girls who use their feminine wiles to urge their dates into highway excitement.

That the date-boycott has produced results has been shown. But there is yet a step further to go. Someone should start

spreading the idea that the word "chicken" is a fighting word.

MANY A YOUNG life has been lost because an ordinarily sensible teen-age driver has been changed into a motor maniac out of fear of being called chicken. Once young people lose this fear (which amounts to abject conformity) and replace it with righteous anger, the word "chicken" will rapidly drop from the teen-age vocabulary.

Earlier generations of young people had their own policing and law enforcement system, unofficially recognized by adults and public servants. That such a system still can work has been amply demonstrated through use of such comparatively tame experiments as teen-age juries for teen-age offenders. The delinquents may fool their elders, but are not so likely to fool their contemporaries.

A RETURN to the older system might, in fact, solve most of our problems of so-called juvenile delinquency. Let the kids know what's expected of them, and then turn them loose to police themselves. A few delinquent young people or a few bloody noses is much better than blood on the highway or on the blade of a knife.

—BOB SMITH

Return Of The Maestro

Old musicians neither die nor fade away. Fortunately, they just go on and on making beautiful music, as witness the indestructible Pierre Monteux, still going strong at 87; the legendary Pablo Casals, who is a year younger; Fritz Reiner, Charles Munch and Lotte Lehmann, who, nearing her 75th birthday anniversary, came out of semi-retirement last month to help coach the Metropolitan Opera's current production of "Der Rosenkavalier."

BUT WITNESS in particular Maestro Leopold Stokowski, who is willing to admit to 75 but whom many ardent admirers believe to be five to 10 years older.

But, even for a musician, 75 is a ripe age at which to found a major new symphony orchestra, as Stokowski has done. The American Symphony Orchestra, under his baton and organization, is playing its first season and playing divinely.

IN CARNEGIE HALL a few nights ago an SRO audience really made the rafters ring at the conclusion of the orchestra's third New York concert so far this season. That audience not only beat its hands together but was not above yelling its appreciation of the inspired way in which the old—or should I say "senior"—maestro drew magnificent sounds from the orchestra he has been putting together for the past 18 months.

My own reaction was that I had heard an evening of ravishing music from Albeniz's "Fete-Dieu a Seville" (with orchestration by Stokowski) to Brahms' lyrical "Symphony No. 2 in D Major, Op. 73." But I am an amateur at best. So I was delighted the following day to see that the critics had been as deeply moved as I by the beauty of the music drawn from the new orchestra by its creator, Stokowski.

AT AN AGE when most men are re-

tired, Stokowski began building the new orchestra. In the process the maestro auditioned more than 400 musicians before he selected the 95 who now compose a musical ensemble that in its first season already demonstrates true ability no less than polish and precision.

Slightly more than one-quarter of the orchestra are women. And the 25 women members of the American Symphony Orchestra compose one of the largest, if not the biggest, bloc of their sex ever to play in a major or big league American orchestra. Chosen on merit, they play everything from the harp, which is traditionally a woman's instrument, to the timpani.

IN THE 32 YEARS since I first saw him conduct, Maestro Stokowski's red-blond mane has turned snow white. But he still has a fair amount of it left, to form wings on each side of his lofty brow.

And speaking of wings, now as then it is a joy to watch Stokowski conduct. His hands are exceptionally beautiful and expressive. They move with the grace of birds above the orchestra. Stokowski himself has all grace and graciousness as an oval rolled through Carnegie at the end of the concert.

THE MAESTRO, straight and commanding as a man half his years, insisted the orchestra rise and share the applause with him. Then, in a short and charming speech, Stokowski said he would reward such a good audience by playing for it, so close to the yuletide season, some old and traditional Russian Christmas music.

All and all, it was a triumphal evening for the ever-young Stokowski, for his new orchestra and for the enchanted audience.

If It's Rocky Vs. Kennedy—

WASHINGTON—It is a long way to that climactic moment in June of 1964 when the Republicans choose a candidate to run against President Kennedy. But it is not too early to see at least the broad shape of things to come in the light of the Congressional elections of last month.

THE GENERAL assumption of followers of the game of politics is that the GOP nominee will be Gov. Nelson Rockefeller of New York. Rockefeller, re-elected by a majority of more than a half-million votes, has long since begun to lay the ground work for an ambition that has grown as he has got deeper into the ruck of practical politics.

He has many assets. His is a brand name that does not call for a lengthy buildup toward nationwide identification, as would be essential with the newly elected Republican governors, William S. Scranton of Pennsylvania, George Romney of Michigan and James Rhodes of Ohio.

EQUALLY IMPORTANT is the inevitability, as it appears today, that the choice must come from one of the governors who demonstrated in November that they could win in the big-city states that are essential to victory in a national election. Moderate-to-liberal Republicans in Congress are already planning how they can contribute to the stature of these governors.

Sen. Clifford P. Case of New Jersey, who won re-election two years ago by 220,000 votes while President Kennedy was carrying the state by 27,000, wants to make sure that the governors have their share of the spotlight allocated by the Republican National Committee. He is proposing a series of conferences in the various state capitals at which moderate Republicans would meet with the governors on problems of national and state interest, such as urban renewal and an expanded housing program.

THESE CONFERENCES would get national attention and focus on the relation of the state and Federal government as viewed from the perspective of liberal Republicanism.

Republicans react with varying degrees of enthusiasm—or lack of it—to the likelihood of a Rockefeller candidacy in '64. Senator Goldwater indicated after the November 6 election that Rocky, the Governor's professional nickname, would be acceptable, adding that he was more conservative than most of the party's conservative realized. In view of the outcome on November 6 and President Kennedy's current high standing, moderate Republicans fear that Rockefeller may needlessly sacrifice himself in the vain effort to defeat a popular incumbent

President. Why can't he be saved, they are saying, for 1968?

BUT IN TODAY'S explosive world a great deal can happen in the year and a half before the nominating conventions. If Laos should go down the drain and the great American effort to purge South Vietnam of communism conspicuously fail, the President's standing might be abruptly altered. A deepening recession with no success in alleviating hard-core unemployment could work the same result.

At the same time, of course, all governors are in trouble as taxes fail to keep pace with the mounting cost of schools and highways. Rockefeller promised in the campaign that he would not raise taxes during his next term. But he will be faced after the first of the year with tailoring a budget that must include big increases for schools called for in his program.

ONE ASPECT of a Kennedy-Rockefeller race disturbing to some observers is the stress on the big money in current political life. Members of the Kennedy family are said to have contributed without stint to meet the demands of the 1960 national campaign—a private estimate of the total out of their combined fortunes going as high as \$2,500,000. Administration sources call this greatly exaggerated.

But that would be nothing in comparison with what the Rockefeller clan could and probably would put up if their man were in the race. Figures just compiled show that the Republican state committee and the chief citizens' committees spent \$2,184,000 to re-elect Rockefeller to the governorship. The Republican figure includes \$1,074,346 spent on television.

THAT WAS in just one state for the governorship and, with laws covering the reporting of campaign funds as loose as they are, it is probably not the whole story. Nineteen-sixty-four could become the battle of the moneybags on a scale not hitherto seen.

Local Pastors Organize Volunteer Chaplain Service

A new volunteer chaplain service, instituted during November by the Big Spring Pastors' Association, is moving off slowly. Meanwhile, the Association is seeking to get more of its membership into the new program.

Instituted Nov. 15, the program calls for voluntary visits to all patients in the four private hospitals in the city. Two local pastors tour the hospitals at least once each day. They assume these duties for 15 day periods. "The patients have been receptive to our visits," the Rev. V. Ward Jackson, pastor of the First Church of God, said.

Major consideration is given to newly admitted patients, seriously ill patients and persons who have special need of a spiritual ministry. Rev. Jackson said. The chaplaincy service also extends to helping relatives of patients.

The dates of service for the ministers is on a volunteer basis, as far as this is possible. At present there are about 25 active members in the Association and efforts are being made to stimulate participation by others.

APOSTOLIC FAITH

APOSTOLIC FAITH—The Rev. Johnny Scruggs, 11 a.m., 7:30 p.m.; Sunday school, 10 a.m.; Wednesday evening, 7:30 p.m., 1307 Goliad.

Eternal Life

THE NATURE AND SOURCE OF ETERNAL LIFE, AND SOME CONSEQUENCES OF SUCH A GIFT

Scripture—John 14:1-3; 17:1-3; Romans 6:4-23; I Corinthians 15:3-28; I Peter 1:3-9; I John 5:11-13.

By N. SPEER JONES

WHAT IS eternal life? How can we come by it? These are the basic questions of belief we find outlined in this week's lesson.

The promise of eternal life is given in the opening verses from the fourteenth chapter of John, wherein he quotes Christ's words a few hours before His crucifixion. Christ realizes that His saddened and perplexed disciples will be then even more demoralized. Therefore He orders them, in the imperative voice, not to let their hearts be troubled. The assurance of why they need not worry comes in the next two phrases—"believe in God, believe also in Me." Even though—and in fact, because of the fact that—Christ is going to suffer and die, He is and will be always the Savior. The phrase, "My Father's house" previously referred to

all of God, but he can realize that fact.

Bishop Westcott helps us define eternal life as follows: "Eternal life is a life which with all its fullness and all its potencies is now; a life which extends beyond the limits of the individual, and preserves, completes, crowns individually by placing the past in connection with the whole; a life which satisfies while it quickens aspiration; a life... capable of conquering, reconciling, uniting the rebellious, discordant, broken elements of being on which we look... a life which gives unity..." ("Peloubet's," p. 459). In Paul's letter to the Romans, he outlines the Christian's position in regard to sin and life (Chapter 6:4-10), his responsibility to "reckon," "let not sin reign," and "present (himself) to God" (vs. 11-14) and the old life contrasted with

GOLDEN TEXT.

"This is eternal life, that they know Thee the only true God, and Jesus Christ Whom Thou hast sent."—John 17:3.

God's temple in Jerusalem. Now it no longer means that or any known dominion of God. The word "mansion" comes from the same word as the word "remain," meaning to abide—in a permanent sense.

J. Ritchie Smith (in "Peloubet's Select Notes," p. 461) speaks of John's thinking of three comings of Christ—"in the flesh, to make atonement for sin; in the Spirit, to apply the benefits of His atonement; in glory, to judge the world." In his seventeenth chapter, John gives us a definition by Christ of eternal life. "And this is life eternal, that they should know Thee the only true God, and Him Whom Thou didst send, even Jesus Christ." This life is God's gift to man, where-by he is saved. It is divine and limitless. It is the equivalent of knowledge; it enables man to understand the fact of God. He cannot hope to understand

the new, eternal life (vs. 15-23).

Paul makes the interesting point that those who are free in regard to righteousness are the servants of sin; every good thing brings its responsibilities. But the reward of sin is death. Eternal life, however, is not the reward of anything; it cannot be earned by man, for it is the free gift of God.

In the assigned passage from his letter to the Corinthians, Paul indicates the certainty of Christ's resurrection (verses 3-11), its necessity (vs. 12-19) and its implications (vs. 20-28). Death came with man; eternal life comes with the new man, through Christ.

The verses from Peter's letter represent a hymn of praise to God for His great gift.

The lesson concludes with another assurance of this gift of eternal life, to those who believe in Christ.

NADAB AND ABIHU

These two men were priests under the Old Testament, they were sons of Aaron; their deeds are recorded in Leviticus 10. This records that they died because they offered "Strange Fire" on the altar before God. Their deed of disobedience was not something immoral. Their sin against God was great, lawless and highhanded; it was the sin of presumption, but it was not immoral; they were not murderers, whoremongers, thieves nor liars; but they died for their sin of "Strange Fire" on the altar before God; they breathed no longer; no longer could they walk and talk among men; their portion under the sun was ended; they lay in death; God had taken their lives; their deeds he had recorded in the Bible; they serve then to warn us. Man today thinks of himself as discriminating and cunning; but nevertheless the majority of people today with before God with as much burlesque and senseless inconsistency; with as much lawless presumption as did these two sons of Aaron. The idea of church, "your church—my church," "the church of your own choice," the Lord's church; what you read in the New Testament seems to be forgotten as these strange fires burn today. One church featured in their worship a world noted bird whistler!!! Mechanical music, infant baptism and sprinkling as a substitute for immersion are strange fires on the altar.

Children Give Choir Program

Sixty-five boys and girls from Marcy Elementary School, under the direction of Principal Bill Dawes and Mrs. B. F. Meacham, choir director, presented a Christmas program for the Big Spring Kiwanis Club Thursday at Hotel Settles.

Suitably costumed, the youngsters took the club on a tuneful tour of the world in relation to Christmas. The boys and girls had prepared elaborate backdrops and properties to add effectiveness to their presentation.

Announcement was made that the Kiwanis Club annual installation of new officers will be Jan. 12. Place and details are to be worked out by the Rev. Ward Jackson and Bob Travis.

The Kiwanis Club will man the Salvation Army kettles Dec. 21. Assignments of hours will be announced next week.

The Westside Park Christmas Party is set for noon Dec. 20. All gifts for youngsters should be wrapped, addressed and taken to the Reagan Insurance Agency office on West 4th.

Two new members were formally inducted into the club by Sam Blackburn. The new members are Sam Fuller, City police officer, and Neil Hohenstreet, Big Spring druggist.

ON THE SHELF

YOU CAN ALWAYS TELL A HARVARD MAN. By Richard Bissell. McGraw Hill. \$5. It might be indicative of what you will find in this book to say that the author got his Harvard degree in anthropology by taking all the wrong courses.

Bissell is a real clown—that's a compliment—and has written a volume that explores all the nonsense that characterizes the human race, pegged tenuously to the school and its adherents.

He has rung all the changes on his theme, without missing a bet. He begins with the legend of the broad "a" and Harvard insouciance. He gives you an irreverent history of Harvard's founders and upholders. He makes with the wit in discussing sports, journalism, drama, music and various other diversions as they are practiced in Cambridge.

He delights in putting irrelevant footnotes into his text, as

though he were writing a solemn thesis. He drags in a mob of off-beat characters who have made some sort of marks in the world despite their Harvard background. Roosevelt and Kennedy—are among his special targets.

As a writer and humorist, he is like a one-man band (juggling at no extra cost) who is determined to please his audience and throws out quips, gags, puns and nonsense with reckless abandon.

This is real fun, full of good old unabashed corn, and long may it live.

Miles A. Smith

Bridge Plot Cuts Into Tourist Trade

MEXICO CITY (AP)—Tourist visits to Matamoros dropped off sharply after it was reported several dissidents have planned to blow up the bridges linking that border city with Brownsville.
