Skybolt Hits With A Test, But Doomed

CAPE CANAVERAL, Fla. (AP) — The controversial Skybolt air-launched missile registered its first success in six tests Saturday, but the White House and Pentagon said the flight would not alter U.S. plans to cancel the weapon.

Acting Secretary of Defense Roswell F. Gilpatric strongly indicated in Washington that this launching was the last for Skybolt. The Air Force has several missiles remaining which it hoped to

Mac Facing Showdown Due To JFK Deal

LONDON (AP) — Prime Minister Macmillan comes back from the Caribbean sunshine Sunday to face the fight of his life before a nation disturbed and divided about his nuclear deal with President Kennedy.

Macmillan's decision to switch Britain's H-bombs from its air force to submarines and to link this deterrent with the North Atlantic Treaty Organization brought criticism from every side.

Among the toughest critics were newspapers which normally support the Conservative government. They saw the Macmillan-Kennedy agreement as the end of Britain's nuclear independence and of its special position as first of the equals among America's allies.

Officially the Defense Ministry is "quite happy" with the Polaris deal and was making little comment on the new Skybolt test success. A spokesman said only that the American authorities "quietly" cancelled the project on the evidence which they had."

Defense Minister Peter Thorneycroft, returning from the Nassau talks, defended the agreement right down the line.

"It is a formidable deterrent and an addition to the armory of Britain and the Western alliance and as such is good for both," he said.

The agreement is an executive decision which theoretically does not require approval by Parliament. But it is certain to be hotly debated soon after Parliament returns from the Christmas recess Jan. 22.

The opposition Labor party and the Liberals already have denounced the agreement. But Macmillan may face greater embarrassment from right wing members of his own Conservative party.

Lord Beaverbrook's Daily Express denounced the agreement under a terse banner headline: "The sell-out."

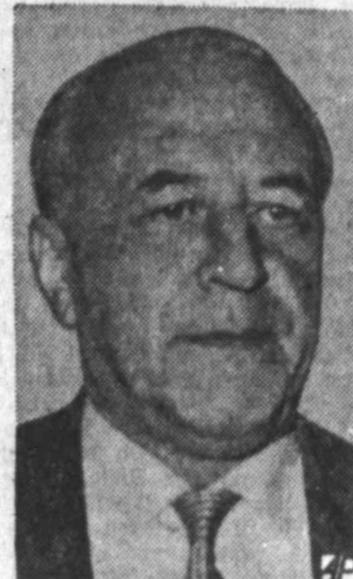

The Daily Telegraph, Conservative, asked editorially if Britain should not decide to go it alone and build its own missiles for its own nuclear warheads.

Reviewing The Big Spring Week
With Joe Pickle

Brightest news of the week was the \$165,000 grant announced by the Dora Roberts Foundation for construction of a health and rehabilitation center to bear the name of the foundation's creator. This facility will house the rehabilitation (crippled children's) center and the city-county health unit. It will supply one of the most pressing needs of the community. Other gifts announced by the foundation were \$30,000 for Home of St. Mark's (an adoption center) and \$50,000 for Methodist Hospital, both in Houston.

It was, in every way, a fine week for the Howard County Rehabilitation Center, for there was a round of Christmas entertainment, highlighted by a party at the 331st Fighter Interceptor Squadron on Friday afternoon. Coming as it did on the heels of news about the new plant, a \$1,000 gift by the 1946 Hyperion Club for equipment was a real heart-warmer.

The week was not without its other side, for Chief Warrant Officer E. J. McKnight of the 331st FIS was injured fatally a week ago today when his car failed to make a curve near the City Park and crumpled on a culvert. Before the week was out, R. E. McClure, who has had more than (See THE WEEK, Page 6-A, Col. 1)

VALERIAN ZORIN

Zorin Removed As Russia's U.N. Delegate

MOSCOW (AP) — Valerian A. Zorin, veteran hard-line Russian negotiator tripped up by the Kremlin's soft-line switch in the Cuban crisis, was removed Sunday as Soviet delegate to the United Nations.

Nikolai T. Fedorenko, now ambassador to Japan, was named his successor, Tass reported.

In announcing the change, Tass mentioned no new assignment for Zorin and left unclear whether Zorin's rank as a deputy foreign minister was affected. When a senior Soviet official loses his rank, this normally is made clear.

(Newsman's inquiries at Soviet U.N. delegation headquarters in New York brought only expressions of surprise. Callers were told no official word of the change had been received.)

HEALTH?

(Zorin was at the delegation's country house in Glen Cove on Long Island. U.N. acquaintances of Zorin suggested that health might be a factor in the change. They said Zorin, who is 60 years old, was tired and seemed somewhat unsure of himself at a news conference Saturday reviewing the U.N. General Assembly session.)

Fedorenko, 50, is a Far Eastern affairs expert who also has served in the Soviet Embassy in Peking.

The standing of Zorin apparently suffered because of the Cuban crisis. In the United Nations, he flatly denied U.S. charges in October that Soviet missile bases were being built in Cuba, only to have Premier Khrushchev admit their existence shortly afterward.

SINGLE TEST

"Today's single test did not conclusively demonstrate the capacity of the missile to achieve the target accuracy for which the Skybolt system was designed. This flight test was one of an extensive series planned for the research phase of the project."

"It is always expected that some tests of this sort should succeed and that others will fail. Many additional tests had been planned and would be required during the research phase to prove out and perfect this complex weapons system."

Kennedy's Swim In Warm Waters

PALM BEACH, Fla. (AP) — President Kennedy and his wife paused on an Atlantic cruise Saturday and swam in offshore waters where charter fishing boats have caught shark in recent weeks.

The First Lady also took a brief run on water skis while a Coast Guard boat and two Secret Service speedboats stood watch.

The Kennedys were joined in the water by Princess Lee Radziwill, the First Lady's sister, who is here on a visit from her London home.

LAST CALL ON CHEER FUND

This is just about the last call for the CHRISTMAS CHEER FUND.

While you're counting your Yuletide blessings today, why don't you remember the less fortunate? A little gift would do much to brighten a poor child's Christmas, and it will help in preventing hunger in destitute homes during the next year. The CHRISTMAS CHEER FUND works closely with public health officials and school teachers, to step in when an emergency arises.

Send your gift — today, please — to The Herald. Make checks to CHRISTMAS CHEER FUND.

Thanks to these fine friends, especially young Cub Scouts:

Texas goes into 1963 recording three births to every death.

This means Texas' population will be increasing about 170,000 in 1963, the State Department of Health says.

The population, according to estimates, slipped over the 10 million mark on July 27.

The state department, in a year-end report, said local health services were extended to four more counties during 1962 — with such units now serving three out of every four persons.

It was, in every way, a fine week for the Howard County Rehabilitation Center, for there was a round of Christmas entertainment, highlighted by a party at the 331st Fighter Interceptor Squadron on Friday afternoon. Coming as it did on the heels of news about the new plant, a \$1,000 gift by the 1946 Hyperion Club for equipment was a real heart-warmer.

BIG SPRING DAILY HERALD

Freedom Approaches For Cuban Prisoners

CASTRO MAKES MARK WITH RANSOM

1,100 Of Them Due In U.S. By Christmas

By The Associated Press

Cuban Prime Minister Fidel Castro has become the first head of state in the 20th Century to successfully exact commercial goods in exchange for prisoners of war.

The Cuban leader accomplished that Friday when he signed an agreement to swap 1,113 prisoners captured in the unsuccessful Bay of Pigs invasion in April 1961 for much needed medical supplies and food.

The international ransom was demanded of the Allies by the German Gestapo chieftain Heinrich Himmler during World War II.

Himmler offered to exchange the lives of a million Jews for 10,000 trucks. The offer, negotiated through a Hungarian intermediary by the late Adolf Eichmann, was refused.

However, ever since man real-

ized the commercial potential in holding his prisoners hostage instead of killing them, ransom has been a profitable adjunct of warfare.

Ransom was so commonplace in the wars of the Middle Ages that it became an accepted part of the customs of war.

When Richard the Lion-Hearted of England was captured in Venna while disguised as a woman, the knights of England contributed \$4 each toward his ransom.

To raise the rest of the \$500,000 ransom, the English levied what scholars have said was the first tax on movable property. Late in the 100 Years War, the French paid \$2.5 million to free King John from the British.

The sum was so large it had to be paid on an installment basis. During the 18th Century, the Barbary pirates grew wealthy plundering ships and holding passengers for ransom.

Carl Blomshield Dies In Ft. Worth

Carl S. Blomshield, 69, for more than a score of years a civic leader in Big Spring, died Friday afternoon in a Fort Worth Hospital following a brief illness.

The body was to arrive here early Sunday morning and will be in state at Nalley-Pickle Funeral Home until shortly before time for services at the St. Mary's Episcopal Church at 10 a.m. Monday.

The Rev. Donald Hungerford, rector, will officiate, and burial will be in the Trinity Memorial Park.

For 22 years after coming here in the late 20's, Mr. Blomshield served as district manager for Texas Electric Service Company. Following a heart involvement, he was transferred to less demanding duties in the headquarters at Fort Worth.

Mr. and Mrs. Blomshield had acquired a place in the country near Fort Worth, but after his retirement three years ago with a record of 35 years service with the company, they moved into Fort Worth. He had submitted to surgery last summer but apparently had made a complete recovery. Recently he and Mrs. Blomshield visited their many friends here.

Born March 16, 1893, he was graduated from the University of Michigan with a degree in chemical engineering. After service in World War I, he joined Texas Power & Light, a segment of which later became TESCO.

Several times a director of the Big Spring Chamber of Commerce, he was a member of the committee which waged the successful effort to become the home of the Big Spring State Hospital. He was a past president of the Big Spring Kiwanis Club.

Always an active worker in be-

half of Boy Scouts (both his sons became Eagle Scouts), Mr. Blom-

shield served as district chairman and was awarded the Silver Beaver, the highest honor the Buffalo Trail Council can pay. He was senior warden and for many years a member of the vestry of the St. Mary's Church here. He was one of the early members and officers of the Big Spring Country Club and took part in many other civic functions. He was also a 32nd degree Mason.

Mr. Blomshield leaves his widow, Mrs. Mary Blomshield, twin sons, Harry Blomshield, Big Spring, and John Blomshield, Amarillo; a sister, Mrs. Agnes Waggoner, Macon, Ga.; and several grandchildren. Arrangements in Fort Worth were handled by the Ray-Crowder Funeral Home.

Earlier, James B. Donovan, of New York, chief negotiator with Castro in the deal, told Ernesto Freyre, Families Committee secretary by telephone from Havana that it looked like Monday for the arrivals.

A spokesman of the Cuban Families Committee, which is pushing the barter deal, said this might speed action sufficiently to bring the prisoners back Sunday.

Earlier, James B. Donovan, of

New York, chief negotiator with

Castro in the deal, told Ernesto

Freyre, Families Committee sec-

retary by telephone from Havana that it looked like Monday for the arrivals.

BACK BY CHRISTMAS

Red Cross officials in Wash-

ington expressed optimism that the entire prisoner group will be back

by Christmas Day.

On their arrival at Homestead,

the returnees will be given physi-

cal examinations and a warm

meal. The public will be barred.

A reunion with loved ones will

follow at Miami's Dinner Key Auditorium.

SPIRITS HIGH

HAVANA (AP) — Spirits were

Anti-Missile Missile Hits Its Target

WASHINGTON (AP) — A Nike Zeus antimissile missile successfully intercepted the first ICBM target using decoys in a Pacific test today, the Army announced.

A salvo of two Zeus missiles was fired against the target and its decoys, but one of the Zeus missiles developed trouble after launching and was destroyed, the announcement said.

One of the questions raised by defense department experts about the Army's Nike Zeus has been its ability to "discriminate" between the true ICBM target and decoys which show closely similar images on a radar screen.

The Army announcement today did not say how many decoys were in the Atlas missile which was lofted from Vandenberg Air Force Base, Calif. It was sent about 5,000 miles to the area of Kwajalein Island, where the Zeus weapons were launched.

Now did it say how far away or how high that target was when the intercept occurred.

The Army said ground tracking equipment indicated the target was "well within the lethal radius of a Zeus operational warhead."

Neither the Zeus nor the ICBM carried nuclear warheads, however.

TESTS TO CONTINUE

Zeus tests against ICBMs in the Pacific will continue, the Army said. The statement added:

"The capability of the inter-

Reds Launch A New Earth Satellite

MOSCOW (AP) — The Soviet Union launched another earth satellite today—the 12th since March.

The series of satellites, all unmanned, are probing space for information which will be used to plan future space flights by men.

The launching was announced by Moscow radio, which said the satellite's orbit time is 90.45 minutes.

At the highest point of its orbit, the satellite—called Cosmos 12—is 233 miles from the earth. At the lowest point it is 130 miles away.

The announcement said the satellite's mechanisms are functioning normally. Its weight was not revealed.

When Cosmos-1 was launched in March, the Russians said the series would gather information about meteorites, cloud formations, radiation, temperatures and related matters.

Rumor Of A Tidal Wave Causes Snafu In Hawaii

HONOLULU (AP) — A tidal wave didn't hit Hawaii Friday but a predawn alert that one was on the way caused traffic jams, panic and a monumental snafu.

There wasn't much that went right after an earthquake in the Aleutian Islands, 2,000 miles north triggered the warning. The alert lasted nearly an hour before sleepy-eyed residents could return to their beds.

Hawaii Gov. John A. Burns ordered an immediate investigation to "rectify the confusion" and gave thanks that Civil Defense effects "were brought to light in a situation that didn't result in an actual disaster."

Here's what happened:

- Sirens sounded the imminent enemy air attack warning instead of the tidal wave alert, sending many persons scurrying to public and private shelters.

ceptor single ICBMs under research and development conditions is a valuable contribution to our understanding of the basic factors involved in problems in this field.

The tests do not represent an offense-defense contest but from the performance of components of the Nike Zeus and the behavior of re-entry bodies, a better estimate will be possible following the test series of the capabilities of the Nike Zeus system."

Defense Secretary Robert S. McNamara has refused to permit the Army to start production of the Zeus until complete tests, including those of its ability to discriminate between an ICBM and ICBM decoys, have been completed.

City Budget Work Is Near

Work will start Jan. 2 on the preparation of the 1963-'64 budget for the City of Big Spring. City Manager Larry Crow said last week. He has set up a calendar, a copy of which has gone to all department heads, for orderly preparation of the new budget.

City Secretary C. R. McElroy will take the first step when he begins the estimate of probable income from all sources, computes the fixed charges, and estimates the total sum available for operating expenses.

The city manager will begin, Jan. 7, to set up tentative allotments for departments. The department heads will submit their budget requests between Jan. 16-25. The manager will tabulate and analyze expenditure requests, as a preliminary to reconciliation of probable revenues and prospective expenditures, by Jan. 31. He will complete the review of estimates and fix tentative budget figures Feb. 12 for submission to the city commission Feb. 19.

The public hearing has tentative date for March 29. The commission is expected to adopt the budget and pass the appropriation ordinance at the same meeting. The budget becomes effective April 1, 1963.

Blast In Arctic

WASHINGTON (AP) — The Atomic Energy Commission announced Saturday the Soviet Union detonated another atmospheric nuclear blast in the arctic, the 36th reported by the AEC in the current test series.

Area Engineering Officer

Owen H. Ivie, second from left, was among the officers installed at the meeting of the Permian Basin chapter of the Texas Society of Professional Engineers at Midland Thursday evening. Ivie is assistant general manager of the Colorado River Municipal Water District and was installed as first

vice president. Pictured are Bryan Henderson, second vice president; Ivie; Bascom Lynn, Midland, president; Ernest Angelo Jr., secretary-treasurer; James C. Henderson and Raymond Garrett, directors. Not pictured was Jerry Jenkins, also a

Weather In Texas Makes S. Claus

★ ★ ★

Take The Runners Off His Sleigh

By ROBERT E. FORD
Associated Press Staff Writer

"Drat it," cried Mr. Claus, kicking wildly through the trash left from wrapping presents. "I know it's here somewhere."

"What's here?" asked the interviewer, twirling his pencil expectantly.

"My monkey wrench, of course," said Mr. Claus.

"Same thing every year. Lose my monkey wrench."

"Why Mr. Santa?" said the newsman politely, "what do you need a wrench for?"

"What do I need a wrench for?"

"Why I need it so when I get

down around Texas I can take off my sleigh runners and put on rubber tires."

"Sleigh runners don't do so good on plain ground, you know," he added beligerently.

"I wouldn't know," said the reporter. "I'm a Texan."

"My monkey wrench, of course," said Mr. Claus.

"Same thing every year. Lose my monkey wrench."

"Why Mr. Santa?" said the newsman politely, "what do you need a wrench for?"

"What do I need a wrench for?"

"Why I need it so when I get

handle and freezing almost everywhere. Not much rain and very little snow."

"Winds will be strong from the north, and if they hold until Monday night, they'll help push me along."

"So north of Amarillo somewhere, I'll stop the reindeer and change to wheels. It's rougher riding, though."

"Can you imagine the big bounce I get when I hit Palo Duro Canyon in the Panhandle. Nearly takes my head off."

"But it's better now than in the old days before rubber tires. Those old-timey wooden wheels with their iron tires were murder."

"He said I wasn't going down any Chinese chimneys because I'm afraid of the Asian flu."

"Terrible joke. Terrible. I'll leave some presents for his youngsters but I won't leave him a thing."

"I'll tell you, son," said Mr. Claus, "the weatherman is trying to fool me. Sunday he's going to sprinkle a little snow on the Panhandle, but I know it won't be enough for sleigh runners."

"In fact, he's issued a cold wave warning for Saturday night and Sunday, with temperatures as low as 10 degrees in the Pan-

handle, but I know it won't be enough for sleigh runners."

Jess Slaughter, justice of the peace, ruled death due to natural causes, holding that it was probably caused by a heart attack.

The body of Mr. Carrasco was removed first to River Funeral Home and later to Kiker Funeral Home in Colorado City. Funeral arrangements will be announced at that establishment.

Mr. Carrasco lived at 207 NE 8th Street. He was born in Grandfalls and had lived here for eight years.

He was married in Big Spring to the former Miss Felix Garcia.

Survivors in addition to his widow include three daughters, Linda, Betty and Mary Ann Carrasco and one son, Manuel Carrasco Jr., all of the home address; four brothers, C. L. Carrasco and Eucladio Carrasco, both of Colorado City; Edmundo Carrasco and Cruz Carrasco Jr., both of Odessa; four sisters, Mrs. Rosalea Martinez, and Mrs. Celia Dies, Colorado City; Mrs. Rosa Barrea, Loraine and Mrs. Savana Delgadillo, El Paso.

British Prestige Hurt By Nuclear Deal, Says Tass

MOSCOW (AP) — Tass, the Soviet news agency, said Saturday night the Kennedy-Macmillan talks at Nassau resulted in a heavy blow to Britain's prestige.

"British public opinion regards the outcome of the Macmillan-Kennedy talks in the Bahamas as a failure for British diplomacy," Tass said, and then asserted its own view that "a serious blow has obviously been dealt to Britain's prestige and her prospects for the possession of an independent nuclear force."

"However, the decisions passed at the Bahamas have given fresh impetus to the nuclear arms race."

"One can see clearly in the adopted decisions a tendency to set up limited, multilateral NATO nuclear forces. This concession to the pressure brought to bear on the United States by its European allies, who do not wish to be fully dependent on the United States for nuclear power, will satisfy most of all the Bonn revenge-seekers, who dream of putting their finger on the atomic trigger."

The news agency also commented: "The British press is unanimous on one point: The Macmillan-Kennedy agreement means that Britain will have to increase still more her military expenditures."

Tass also had a few words to say about Berlin, that President Kennedy and the British prime minister did not produce plans for a solution of the German problem. Tass said Premier Khrushchev had warned that if the German problem is not solved, it would be "very easy to go from one crisis to a more dangerous one."

"Both Western leaders remain silent on this matter," said Tass.

HURRIED EXIT BY SANTA
First prize winner in decoration contest

Tough Luck For Ol' Santa Good Luck For Decoration Winners

Misfortune for Santa was good fortune for the W. M. McClanahans, 3908 Parkway. Their imaginative scene of "Santa Up A Tree" took first prize in the Christmas Decoration Contest.

The scene shows Santa tred by a little black dog with toys scat-

tered about the lawn where they were spilled as Santa Claus made his hasty ascent. A fireplace is in the background. For their efforts the McClanahans were awarded an electric yard light.

Second prize went to the L. D. Carothers, 802 W. 14th, for "An-

icipation." The display carries out the idea of baby's first Christmas. The Carothers are expecting their first child. With second place went an electric yard light.

Third prize of a sun lamp went to the L. K. Gladdens, 1722 Purdue. Their "Santaland" scene depicts Santa in his workshop surrounded by reindeer, elves and a Snowman.

LARGE FIELD

Forty-seven entries were judged Friday night and a decision on the winners was not reached until 11:30 p.m. All one-family residences in the city and Webb Village were eligible. Judges were John O. Johansen, Mrs. W. H. Banks and Mrs. C. J. Horton.

Citizens got into the Christmas spirit early with many beginning their decorations almost as soon as the contest opened. It officially began when the Christmas street decorations were lighted at the end of November. The biggest influx of entries, however, did not come until the contest drew to a close.

"The caliber of the decorations was very good," Kenneth Pace, assistant manager of the Chamber of Commerce, sponsoring agency, said.

HONORABLE MENTION

Although only three prizes were given, five other decorations received honorable mention.

The residence of Col. Charles Head, 7 Albrook, had a large Christmas card with the silhouette heads of the Heads Hayes Stripling Jr., 613 Edwards, showed Santa and his sleigh suspended in midair. The M. H. Barnes', 2703 Daphne, put Santa into the Space Age in an orbiting rocket.

Also in the honorable mention category was a door decoration with a painting of Jesus, Mary and a donkey at the residence of C. M. Lewis, 2201 Alabama, and a house trailer with models of Bethlehem and the Nativity at the home of J. M. Baugh, 708 E. 13th.

Deputies Arrested

AUSTIN (AP) — Travis County Sheriff T. O. Lang said Saturday two deputy officers have been arrested in connection with alleged illegal deer hunting.

Gins Handle 7,400 Bales

Only 7,400 bales of Howard County's 1962 cotton crop had been ginned through Friday and there are no indications of a sharp build up in ginning.

As a result of the tedious process the harvest is making the Texas Employment Commission announced that the Friday check of ginnings would be the last it would make until the completed report. The TEC does not expect this final report until February.

The TEC reported the ginnings through Friday in Martin County had reached 24,854. No further reports on Martin County will be made until the harvest is completed.

Glasscock County, the only other county served by the local TEC office, has completed harvest of its crop.

Two Injured In Westside Crash

Two persons were injured, neither seriously, in a collision about 2:15 a.m. Saturday in the 1200 block of West Third.

Arthur Evans Temple, Webb Air Force Base, was taken to the Webb hospital for treatment of a lip injury and broken teeth. Valencia Santiago, 508 N. Douglas, was taken by Nalley-Pickle ambulance to Howard County Foundation Hospital with cuts and bruises on the head.

Two other accidents were noted Friday, both minor. James Dewitt North, 103 Gregg, and Anna Watson Berry, 1605 Thorpe, were drivers of cars in collision in the 200 block of Scurry. Mary Coates, Coahoma, reported a hit-and-run accident about 8:45 p.m. Friday in front of Malone and Hogan Hospital. She did not know the time of the accident.

VA Patients Get Yule Cheer

Some 50 volunteers from a dozen organizations helped spread Christmas cheer to upwards of 200 patients in the Veterans Administration Hospital here Friday evening.

They visited all the wards, pausing to visit with each patient before distributing gifts. Two men equipped for the role — Dr. R. Gage Lloyd and Maj. Robert Short—doubled for Santa Claus to liven the evening.

Among the organizations represented by volunteers were the American Red Cross, Salvation Army, Jewish Welfare Board, BPOE Elks, Legion and Auxiliary, VFW and Auxiliary, DAV and Auxiliary of Big Spring, Gold Star Mothers, the Legion Post 430 of Odessa, the DAV and Auxiliary of Lamesa, and the VFW and Auxiliary of Lubbock.

Local Woman's Brother Dies

Services will be held at 10 a.m. Wednesday in the Moore Mortuary of Denver, Colo. for Joe Bailey, 51, brother of Mrs. Bertha Morton.

Big Spring Mr. Bailey died in a hospital at Denver after a year's illness.

He was born Sept. 6, 1911 in Clarksville. On occasions he had visited here with Mrs. Morton.

Survivors include two sons, Alvis Welton Bailey and Gerald Franklin Bailey, Englewood, Colo.

SEEING GOD

By T. H. Tarbet, Preacher
Church of Christ, 2000 West Highway 80

AWED BY CHRISTMAS SIGHTS AFTER 47 YEARS IN PRISON

CHICAGO (AP) — William R. Pethic, 68, viewed Chicago's pre-Christmas sights with the enthusiasm of a youngster today after 47 years in prison.

Pethic, paroled Friday, had a sightseeing spree with his lawyers and newsmen. Awe left him only monosyllables.

Tears at his first glimpse of brightly lighted department store windows gave way to enthusiasm.

At Congress Plaza, he gaped at a five-story Christmas tree aglow with myriad lights, and said, "This must be the biggest tree in the world."

He viewed the city from atop a 60-story apartment building at Wabash Ave. and Wacker Dr., and said, "Gosh."

In a restaurant, he dined on a massive steak and remarked, "We'd have a riot in the prison if we ever got a meal as good as this one."

He paid a somber visit to the graves of his parents in a suburban cemetery.

Pethic, who drove a grocery wagon, was sentenced to life imprisonment in 1915 for murdering a woman customer and her 2-year-old son with a knife after an argument about changing a \$20 bill.

Texas Lawyer Chosen To Handle Mississippi Case

WASHINGTON (AP) — The Justice Department Saturday named a prominent Texas attorney to handle its criminal contempt case against Mississippi's Gov. Ross Barnett and Lt. Gov. Paul B. Johnson Jr.

He is Leon Jaworski of Houston, president of the State Bar of Texas and immediate past president of the American College of Trial Attorneys.

Atty. Gen. Robert F. Kennedy, announcing the appointment, said outside counsel was obtained because a number of Justice Department officials were involved in negotiations with the governor during the crisis over the admission of Negro student James H. Meredith to the University of Mississippi last September.

"As a result they might very well be called as witnesses in the contempt proceeding," Kennedy said in a statement.

The Justice Department Friday

asked the federal court of appeals in New Orleans to hold Barnett and Johnson in criminal contempt for attempting to block Meredith's enrollment.

Jaworski, 57, will serve as a special U.S. counsel. He obtained his bachelor of laws degree of Baylor University in 1925 and master of laws from George Washington University in 1926.

During World War II he was an Army colonel and served as chief of the Army's war crimes section in directing prosecution of some of the first major war crimes trials.

Hit-Run Death

TEXARKANA, Ark. (AP) — A hit-run driver struck and killed a 46-year-old Texas woman two miles south of Texarkana on U.S. Highway 71 Friday night, state police said.

The victim was Louvell Tucker of Waskom, Tex. The body was taken to a Marshall, Tex., funeral home.

Police were searching for the driver of the car that hit the pedestrian, then roared away.

Tech Slates Workshops

LUBBOCK — A nationally known reading consultant will conduct workshops on two weekends in February for the West Texas School Study Council, according to Dr. Berlie Fallon of Texas Tech, council director. He is Dr. A. Sterl Artley, education professor at the University of Missouri and a past president of the International Reading Association.

Dr. Artley will hold a workshop Feb. 1-2 in Lubbock, Feb. 8-9 in Plainview and Feb. 9 in Andrews. The morning session will run from 9 a.m.-12:30 p.m., while the evening session is scheduled from 4:30-8:30 p.m.

Dr. Artley is the co-author with Helen Robinson and Marion Mon-

roe of "The New Basic Readers" of the Curriculum Reading Series and "Reading for Independence Series," published by Scott and Foresman.

He has had 10 years of experience teaching grades one through 12 in public schools and has been at Missouri since 1946. He has been supervisor of the Reading Clinic at the Pennsylvania State University, director of the Child Study Clinic at Missouri and summer school teacher at the University of Chicago and Stanford University.

**Promoted**

Eight captains at Webb AFB will trade their bars for gold leaves sometime next summer, it was announced last week at ceremonies conducted by Col. Wilson H. Banks, 3560th Pilot Training Wing Commander. The captains, from left, are William

G. Harris, Walter H. Baxter, Col. Banks, Charles R. Lillie, Livingston M. Standish, George O. Guss and Hugh S. Bowden. Captains Scott Smith and Vervil Hewitt were not present.

Eight Webb AFB Captains To Be Promoted To Major

Eight Webb AFB captains Friday were notified of their promotion to the grade of major, in a congratulatory ceremony in the wing conference room.

To be promoted are Capts. Walter H. Baxter, 3561st Student Squadron; Hugh S. Bowden, 3561st Pilot Training Squadron; George O. Guss, 3561st Pilot Training Squadron; William G. Harris, 3560th Pilot Training Group; Vervil C. Hewitt, 3560th M&S Group; Charles R. Lillie, base hospital; Livingston M. Standish, 3561st Student Squadron; and Scott

G. Smith, 3561st Student Squadron.

Notification and congratulations to the eight officers came from Col. Wilson H. Banks, base commander.

The eight captains at Webb were part of 4,226 promoted Air Force-wide. Of this group, 4,112 were in the primary zone (12 years of active federal commissioned service) and 214—about five per cent—in the secondary zone (9-10 years of active federal commissioned service).

Capt. Smith was the only Webb

officer to be chosen in the secondary zone. He is in the 11-year bracket.

Effective promotion dates are

unknown but all will don their major leaves in 1963. Most will re-

ceive authority to go to major after July 15, 1963.

Capt. Baxter is the director of

officer training in the Student

Squadron. He is a native of San

Benito, Texas, and has been at

Webb since October, 1961. A West

Point graduate, he was last sta-

tioned at the Air Force Academy,

Colorado Springs, Colo.

Capt. Bowden is an instructor

pilot in the 3561st Pilot Training

Squadron. He is from Union City,

Tenn., and has been stationed at

Webb since July. His last assign-

ment before coming to Webb was

at Bitburg Air Base, Germany.

Also in the 3561st Pilot Training

Squadron is Capt. Guss, a flight

commander with that unit. He

has 15 years service and at one

time was an instructor pilot at

James Connally AFB, Texas. He

is from Powhatan, Va.

Capt. Harris is the 3560th Pilot

Training Group assistant operations

officer. He is a Strategic Air

Command exchange officer

and has been stationed here since

May, 1960. Upon completion of his

three year tour here in March,

1963, he will be reassigned to the

99th Bomb Wing, Westover AFB,

Mass. He is a member of the Order of Daedalians.

The new major-to-be from M&S

Group is Capt. Hewitt who is the

officer in charge of property ac-

counting. A native of Galesburg,

Ill., he has been at Webb since

September, 1959. His previous as-

signment before coming here was

at Ankara, Turkey.

Capt. Lillie is the officer in

charge of the Webb Physiological

Training Unit. He comes from Ath-

ens, Ohio, and has been stationed

here since April, 1960. He has 13

years of service and was last sta-

tioned at Lackland AFB, Texas.

Another SAC exchange officer is

Capt. Standish, an academic in-

structor in the Student Squadron.

He has been at Webb since May,

1960 and in June, 1963, will be re-

assigned to Wright-Patterson AFB,

Ohio. He is from St. Petersburg,

Fla.

Capt. Smith is a tactical officer

in the Student Squadron. He is

from Tampa, Fla., and has been

stationed at Webb since October,

1961. Before coming to Webb he

was the 7th Student Squadron com-

mander at the Air Force Academy.

Mrs. Brown, a native of Missis-

sippi and graduate of the Tunica

County High School, Tunica, Miss.,

served as secretary for a law firm

in West Monroe, La. before com-

ing to Big Spring as the bride of

Airman 3.C. Dock L. Brown, a jet

mechanic in the CAM Squadron,

Webb AFB. Her husband is also

a native of Mississippi. She at-

tended Delta State College, Cleve-

land, Miss.

Mrs. Smyth has two years tenure

in the department.

Coed's Introduction Is Also A Holiday Greeting

LUBBOCK—A common introduc-

tion is a cheery season's greeting

from one Texas Tech coed . . .

especially this time of year.

"Hi! I'm Mary—Mary Christ-

mas," she'll say to a stranger. And usually this begins a light conversation during which Mary must prove to her doubting lis-

tener that her last name really is

Christmas.

Mary is the daughter of Mr. and

Mrs. John R. Christmas of Level-

land. The 19-year-old Tech sopho-

more is majoring in home econom-

ics education.

Some people may remember the

Christmas family from newspaper

and magazine articles in the

summer of 1965. That was when

Mr. and Mrs. Christmas, Mary

and Stanley, spent three days in a

Houston fallout shelter as a Civil

Defense experiment.

The name Christmas is unique

in origin, also. It dates back to

Mary's great-grandfather, a full-

blooded Seminole Indian who just

had a baby boy.

Social Security Visits Listed For Area Towns

The schedule of visits to cities in the Big Spring district of the Social Security administration has been announced for January, February and March.

A representative of the administration will be at each of the cities to assist older or disabled workers and the survivors of those who have died, to complete their applications for retirement, disability and family insurance benefits. He will also take applications for Social Security numbers and furnish information about the program, and is available for talks before groups on request.

Erven Fisher, district manager, will be at the Chamber of Commerce Office in Colorado City, from 10 a.m. until 12 noon on Jan. 8, 22, Feb. 5, 19, and March 5, 19.

Bill Patton will be in the La-

mesa post office basement from

10 a.m. to 12 noon each Wednesday during the three months.

Patton will also be at the Lion's Building, Loraine, by appointment only, on the second floor of the courthouse in Snyder from 10 a.m. to 12 noon each Thursday during the three months, and in the courthouse at Stanton, from 2 to 4 p.m. on Monday, Jan. 28, Feb. 25, and March 25.

Persons interested may also ob-

tain service by going to the dis-

trict office at 700 Runnels, Big

Spring, or by calling AM 4-5226.

New Face At Police Station

MRS. DOCK L. BROWN

A new face now being seen at the police station is Mrs. Dock L. Brown, 1904 Scurry, who is Chief Jay Bank's new secretary. She will fill the place being vacated Dec. 31 by Mrs. Adeline Smyth who has resigned.

Mrs. Brown, a native of Missis-

sippi and graduate of the Tunica

County High School, Tunica, Miss.,

served as secretary for a law firm

in West Monroe, La. before com-

ing to Big Spring as the bride of

Airman 3.C. Dock L. Brown, a jet

mechanic in the CAM Squadron,

Webb AFB. Her husband is also

a native of Mississippi. She at-

tended Delta State College, Cleve-

land, Miss.

Mrs. Smyth has two years tenure

in the department.

Brisk Sales Needed For Savings Bonds

It will take some brisk Christ-mas sales in U.S. Savings Bonds for District 5 to reach its quota. Larson Lloyd, chairman, pointed out Friday on receipt of November sales reports.

During November, sales for the eight counties in the district amounted to \$39,925—an amount exceeded in some previous months by single counties. This left the total for the district at \$1,260,715, or 72.9 per cent of the quota set for the year. Indicative of the let-up was the \$93 in sales from Martin County, the pace-setter for the district all year. Andrews and Scurry counties are lagging sadly, both under 50 per cent of the quotas for the year.

About two-thirds of the November volume came from Howard County where \$24,393 in bond sales were reported by Robert W. Currie, county bond chairman. This brought to \$605,095 the aggregate of sales for the year, or 81.8 per cent of the quota.

Other sales for November, the cumulative total and percentage of sales to date, include: Andrews \$1,331, \$24,781 and 41.3; Dawson \$1,031, \$72,594 and 66.6; Gaines \$1,650, \$93,615 and 78.0; Martin \$93, \$86,733 and 217.0; Mitchell \$3,961, \$203, \$35,510, or 80.7 per cent of quota.

District's Revenues Show Sizeable Gain

Through 11 months, revenues to the Colorado River Municipal Water District are running substantially ahead of the same period a year ago. Most of the gain, however, is due to the addition of an oilfield repressuring project during this year.

Revenues amounted to \$149,239 in November, making \$1,875,001 for the year, whereas the 11-months period last year generated \$1,784,024. The sale of water through November aggregated \$1,361,324 from the member cities, about \$2,000 more than in November, 1961. Recreation facilities produced \$59,467 for the 11 months, up \$2,000.

New Hope Raised In Dock Strike

NEW YORK (AP)—A new union proposal on the chief point in dispute raised hopes Saturday of averting a strike of 60,000 longshoremen on Atlantic and Gulf coasts.

The International Longshoremen's Association is threatening to call its members off docks from **Sear sport**, Maine, to Brownsville, Tex., unless agreement on a new contract is reached by 5 p.m. Sunday.

A new offer by the union would submit the size of work crews to an impartial study committee and allow a two-year contract to be negotiated on other issues.

The size of the work gangs has been the main stumbling block in the talks.

Secretary of Labor W. Willard Wirtz earlier this week proposed a one-year contract with the work issue submitted to a study committee. Both sides rejected the move.

Saturday, however, the shipowners said they would agree to Wirtz' proposal, but are opposed to a two-year contract.

Alexander P. Chopin, chairman of the New York Shipping Association, said: "We are opposed to a two-year contract on the

grounds that it would only postpone the featherbedding issue."

He also said in answer to the new proposal that, "All of the union's original exorbitant demands are still on the table."

A Taft-Hartley Act injunction halted a four-day strike by the union on Atlantic and Gulf coasts last October. An 80-day cooling-off period under the injunction expires Sunday.

Thomas W. Gleason, executive vice president of the union, said he was "optimistic by nature and hope the operators will accept our proposal, which we think will avert a strike."

The shipping association is representing 135 firms in the bargaining talks which until Saturday had shown no signs of progress.

On the work issue, the shipping association wants to cut the size of work gangs from 20 to 17 men.

But the union contends the industry already is automated too much and it isn't willing to "negotiate our men out of business."

Chopin says the longshoremen are simply trying to block efforts.

The companies have offered a 27-cent hourly pay increase over a three-year period. Wages now average \$3.02 an hour.

Government Leaders

Pictured above with the district's new member of the Texas Legislature, Ed J. Carpenter, are members of the Tri-Hi-Y and Hi-Y groups in Big Spring who will be in Austin this week for the Youth and Government program. Robert Maho-

ney, high school senior, is this district's candidate for governor, and the Big Springers will be working hard for his election. They also will offer bills that won approval at a "pre-Legislature" district session in Abilene.

Scouts Cited For Their Aid

Three Scouts in Troop 136, Sand Springs, last week were commended for their assistance following an accident. Making the commendation at the Christmas party at the Scout Hut in Sand Springs was Jimmy Parks, Texas Highway Patrol.

Honored on the occasion were Douglas Earnest, Wesley Wright and Jimmy Ernest. Royce Tucker, State game warden, accompanied Parks.

Reagan Wall was inducted into the troop at the meeting. Scout rings were presented to senior patrol leaders Jimmy Earnest and Russell Long. Mark Swann and Kenneth Early received senior patrol leader patches.

Christmas gifts were exchanged. Speakers for the meeting were M. A. Lilly and Hollis Grifford, safety engineer for Cosden Petroleum Co., sponsor of the troop.

Awards were made during a court of honor. W. L. Murphy received an assistant scoutmaster patch, and Jimmy Earnest and Russell Long received junior assistant scoutmaster patches.

Receiving merit badges were Russell Long, Wayne Murphy, Larry Candler, Wesley Wright, Mark Swann, Kenneth Early, Melvin Mason, Marvin Wright, Andy Wilson and Marvin Lynn.

Raymond Overton, a mechanic

ton, but the courts held that such districts did indeed have this power.

The Texas Highway Department is going to take a second hitch at offering for sale the former warehouse site opposite the VA Hospital on Gregg Street. The new bid date has been set for Jan. 19. Bidders may make offers on all or on quarter parcels of the block.

There is a good chance, if this week will produce as much as \$100,000 in permits, that the record 1958 building year will be exceeded here. There are a few projects pending which might just bring this to pass.

Nat Shick thinks this may be the last year that he may adorn his Christmas tree at 510 Gregg. It's not that Nat is getting old, but they don't make ladders as steady as they once did—and it takes a steady ladder as well as patience to individually tie four or five thousand tin lids in place.

The pre-Christmas season rolled in a busy climax with a host of Christmas services and cantatas (there will be more today and then the traditional mass at Immaculate Heart of Mary Catholic Church Monday midnight). Massive parties were thrown for patients at the VA and State Hospitals. Service clubs had kiddie parties, too.

A number of business establishments were reporting record volumes of business. There were signs that buying would go right down to the wire. With a late crop, shopping may continue brisk after the holidays, too. Records were smashed for volume at the post office, but despite this clerks heroically cleared the office each day.

Officers wrote "solved" across a mystery murder case. Since a decomposed body was found in a field between here and Stanton last Sept. 1, officers had been digging. First they established the victim as Travis R. Hicks. Last week, they obtained a statement from James M. Stewart admitting the slaying.

Police received a new radar unit during the week and put it to work at once. For the most part, warnings were issued to heavy-footed motorists who were fudging on the speed limits. In town and on the highways, officers will be cracking down in order to cut down on holiday traffic mishaps, they said.

A decision by the Texas Supreme Court relieved some anxiety among junior college authorities. The power of a junior college district to levy an ad valorem tax had been challenged in Houston.

FUNERAL NOTICE:

MRS. ODESSA BAKER, age 62. Passed away Thursday afternoon in Big Spring. Services at 3:00 p.m. Sunday in Henderson, Texas.

MANUEL GARRASCO SR., age 32. Passed away Saturday morning. Services are pending at Kiker & Sons Funeral Home, Colorado City.

RIVER
Funeral Home
610 SCURRY

Working From The Top

This house at 1510 Scurry was damaged heavily Saturday about noon when a fire broke out in a front room of the house. Firemen here are shown putting in water through the roof to make sure the blaze in the top is extinguished. No occupants were injured, but one fireman received a burn on the hand.

Coahoma's Needy Children Find A Real Santa Claus

COAHOMA — Fifty boys and girls from Coahoma's most needy families—bulk of whom are Latin-Americans—will have a better than usual Christmas this year.

The person responsible for this happy state of affairs is Mrs. Carlene Cooper, 1601 11th Place, Big Spring. Mrs. Cooper is one of the owners of the Hardin Oil Well Service Co., here. She commutes daily from Big Spring to Coahoma.

She became an unofficial Santa Claus by accident. About a month ago, she heard of a woman in Coahoma who has eight young children. The father had abandoned the family. Mrs. Cooper decided to see that this family had a bit of Christmas.

"Somehow," she said, "the thing sort of spread out. Before I knew it, I had located about 50 little tots who were in for a bleak sort of Christmas if something wasn't done."

She began to hunt for toys. People in Big Spring gave her playthings—new and second hand. Other people in Coahoma added to the stock as did friends of Mrs. Cooper in Colorado City.

Twenty-three kids were insured of a Christmas visit from Santa Saturday.

On Monday, Mrs. Cooper will complete her self-assigned job. She will take the remainder of her stock to the Coahoma office and she anticipates the mothers of at least 18 or 20 more kids will be on hand to help her bring the Yule spirit to humble Coahoma homes.

Little Town Of Impact

Sells Its First Liquor

IMPACT (AP) — Legal liquor was sold in Taylor County Saturday for the first time in more than six decades.

Impact Mayor Dallas Perkins bought the first bottle at the C. C. H. Inc. package store in Impact, a tiny community on the northern outskirts of Abilene.

Business was brisk all day long with most customers not awed by the photographers clustered around the stores. One man said: "This is the first stuff I've ever bought over the counter."

Two bids were submitted for construction of the Mobile Rapcon facility at Blithevile Air Force Base Blytheville, Arkansas. The apparent low bidder was Hughes & Co., Blytheville, Ark., with a bid of \$50,000. Government estimate on the job was \$48,504.

In addition to the C. C. H. Inc. store, owned by John McCown, a

store operated by Charles Daily of San Antonio opened late Saturday.

Roy Jackson of San Angelo must renegotiate his lease for a store at Impact before he can use his liquor license issued Thursday by L. C. B. administrator Coke Stevenson in Austin, agents said.

Business was brisk all day long with most customers not awed by the photographers clustered around the stores. One man said:

Business was brisk all day long with most customers not awed by the photographers clustered around the stores. One man said:

"This is the first stuff I've ever bought over the counter."

Two bids were submitted for construction of the Mobile Rapcon facility at Blithevile Air Force Base Blytheville, Arkansas. The apparent low bidder was Hughes & Co., Blytheville, Ark., with a bid of \$50,000. Government estimate on the job was \$48,504.

In addition to the C. C. H. Inc. store, owned by John McCown, a

store operated by Charles Daily of San Antonio opened late Saturday.

Roy Jackson of San Angelo must renegotiate his lease for a store at Impact before he can use his liquor license issued Thursday by L. C. B. administrator Coke Stevenson in Austin, agents said.

**Record Mail Rush
Slowly Subsides**

Thirty-one thousand more pieces of Christmas mail were handled Dec. 21 this year than for the same date in 1961, E. C. Boatler, postmaster, said Saturday.

He reported the volume of mail Friday hit 135,172 and the figure for the same date a year ago was 104,455.

The total Christmas mail for December now stands at 2,295,229 pieces which represents an increase of 147,257 over the first 21 days of the month in 1961.

He said that there was a marked drop in the volume which came in on Saturday and that it appears the bulk of the mail has been handled.

Boatler said that the Christmas

parcels are being handled as rapidly as they arrive. In addition to the trucks owned and operated by the post office, Boatler has borrowed four trucks from Webb AFB, and one each from the U. S. Experiment Station and the Soil Conservation Service. These have been manned by regular workers of the department and have been able to keep the mountains of packages levelled off.

He said that the office will operate full force Monday, but on Christmas Day, only a handful of workers will be on duty.

Only registered and special delivery mail will be delivered, so belated cards and parcels will be handled on Wednesday.

**County Officials To Be
Sworn In On January 1**

Lee Porter, county judge elect, has announced that all office holders beginning new terms, elective or appointive, in the county family will be sworn in Jan. 1, at 9 a.m.

The ceremonies will probably be in the county commissioners court room. If a sizeable number of friends and relatives show up, the place will be changed to the county court room.

Porter, currently county auditor, will become county judge on Jan. 1. His post as auditor will be filled by Wade Choate, now district clerk, who is resigning from his elective office. Choate was appointed auditor by Judge Ralph Caton of 118th District Court.

Taking Choate's office will be Fern Cox, who is now chief deputy

sheriff. Cox will be sworn in at the ceremonies.

New officials who are to take office for the first time on Jan. 1 are Porter, Cox, Ray Nichols, county commissioner, Dutch Cowley, justice of the peace, and Jim Miller, constable. The latter two officials are for the Forsan district—an area which has not had a justice or a constable.

Officials who were re-elected and will begin new terms include Ralph W. Caton, 118th District court; Pauline Petty, county clerk; Frances Glenn, county treasurer; Walker Bailey, county superintendent; L. J. Davidson, county commissioner; Jess Slaughter, Big Spring justice of the peace; W. A. Hunter, Comanche justice of the peace; Lee Young, Big Spring constable, (already on duty serving out an unexpired term), and Ralph Baker, county surveyor.

The public is invited to attend the ceremonies.

Ed Carpenter, now county judge, who is to become a member of the state legislature with the beginning of 1963, is to report to Austin Jan. 7 for the opening session of the legislature.

Cox, who succeeds Choate, is to serve two years—until the first general election. Choate had been re-elected as district clerk at the last election and is resigning from a four-year term to become auditor.

All of the other officials are elected to four year terms.

**Radar Unit Puts Whammy
On City's Fast Drivers**

**Radar Unit Puts Whammy
On City's Fast Drivers**

Eighteen drivers in Big Spring Friday night felt the effects of the new radar unit being used by the Police Department. Fifteen were issued tickets for speeding and three were cited for driving without an operators license.

The unit went out officially for the first time about 9:15 a.m. Friday and remained in use until about 2 a.m. Saturday.

"We hope by reducing speeds it will cut down on the number of accidents," Chief Jay Banks said Saturday. "With the holiday traffic on the road we won't be able to eliminate all the accidents, but

every person we can slow may help save lives."

He said the campaign of strict enforcement by police officers likely will increase the number of tickets issued each day, especially through use of the radar unit.

"Almost everyone in Big Spring knows about the campaign," he said. "Perhaps their awareness of this will make people want to drive more carefully."

The number of tickets issued over the past week shows a trend toward more citations for violations. For the week of Dec. 8-14, there were 34 tickets issued. It jumped to 88 during the week of Dec. 15-21, not counting the tickets issued by policemen using the radar unit.

The new unit has the advantage of mobility. It can be used from a moving car or from a parked car.

**Tshombe Joins
U.S. Protest**

ELISABETHVILLE, Katanga (AP) — President Moise Tshombe's government has joined in the protest made by some Leopoldville deputies against the arrival in the Congo of a U.S. military mission.

"We protest against the neo-colonialist maneuvers which are against the interest of the American people," said a communiqué issued by the presidential office.

The communiqué also said Katangans have the right to demonstrate, "even if these demonstrations are against a great foreign power interfering in African politics."

Windows of the U.S. consulate were broken in a demonstration Thursday.

"We have always had friendship for the American people, but for the last two years we have been victims of State Department policy," the communiqué said.

The Texas & Pacific ticket office, on the other hand, said that no great buildup of passenger fares had been noted on their trains. Travel, it was said, was about as usual on the east and west runs.

The Continental Bus Station in the old Crawford Hotel Building, was teeming with buses and passengers Saturday afternoon. Frank Rice, the manager, said that in his opinion there is twice the traffic equal or better than prevailed a year ago.

"They're going everywhere you can name," he said. "We have specials running by dozen. A bus pulls in and out of this station nearly every 20 minutes."

The rush began early this past week and was rapidly nearing peak Saturday.

At the Greyhound Bus station near the Settles Hotel, the same scene was being repeated.

J. S. Owens, manager, said that the lines are running buses each 20 minutes and that every bus is loaded to the limit. He said that the traffic is equal or better than that at this season a year ago.

The two bus stations in Big Spring report that nearly all of their available equipment has been called into use to accommodate the throngs of fares who have showed up.

Longhorns Win Del Rio Meet

DEL RIO—Big Spring repeated as champion of the 12th annual Del Rio basketball tournament by defeating Del Rio, 69-55, in the finals here Saturday night.

The Steers, now 9-4 on the year, were slow in getting started but

took charge in the last three quarters. They led at halftime, 36-30.

Albert Fierro of the Steers suffered a cut over one eye when he was accidentally elbowed by one of his own teammates and had to have about five stitches to close

the wound. The big rebounder picked up three fouls early in the contest and saw action only about half the game.

Fierro was named to the all-tournament team, however, along with Dee-Roy Gartman while the Steers' Eddy Nelson was named the tournament's outstanding player.

Jerry Hilton, Del Rio; Gary Larson, Del Rio; Ray Ellidge, Del Rio; Wayne Johnson, Bracketsville; James Schmidkite, Kerrville; and Juan DeLaGarza, Eagle Pass, were others named to the all-tournament team.

Each of the all-tournament selections received a small trophy, as did Nelson.

Nelson scored 19 points in the final game, 16 of them the first half. Fierro and Gartman each had 12 while Ronnie Banks wound up with 11.

Nelson scored a total of 60 points in the three games.

Jerry Hilton scored 25 points while Chano Bravo had 11.

Hilton, Best and Roger Blanks of San Felipe were named to the all-tournament team last year and were back this season.

Big Spring will now be idle until Jan. 3, at which time it plays Midland Lee in Midland in its 3-AAA opener.

BIG SPRING (69)—Fierro 3-12; Gartman 5-11; Nelson 1-6; Banks 4-11; Ellidge 4-9; Wrightson 2-4; Andrews 6-6. Total 10-30. **DEL RIO** (55)—Hilton 1-3; Lawson 3-6; Espinoza 1-3; Ellidge 2-1-5; Ortiz 1-1; Bravo 3-5-11; Simmons 1-0-2. Total 10-26. Score by quarters: Big Spring 15 36 52 69 Del Rio 15 30 42 55

Davidson Loses To Cincinnati

CINCINNATI (AP) — Cincinnati's No. 1 ranked basketball Bearcats put on a second half defensive squeeze and a display of offensive sharpshooting Saturday night that sank ambitious Davidson 72-46.

Sluggish Cincinnati shooting helped produce a see-saw first half in which the lead changed six times in four minutes.

It was the 26th straight victory over two years for Cincinnati and 64th in a long row of home court games.

Davidson, surprise conquerors of No. 2-ranked Duke earlier this week, led off with a high-pressure defense that combined with erratic Cincinnati shooting to keep the issue tight at first.

The Bearcats took back the lead for the last time at 21-20 on a field goal by Ron Bonham, and staged a flurry that set an 8-point halftime edge.

The second half speedup hoisted Cincinnati to their highest lead 63-39.

OVER INGLESIDE

Rotan Sweeps To Class A Crown With 39-6 Victory

CHICAGO (AP) — Fourth-ranked Loyola of Chicago failed to reach 100 points for the first time this season but had more than enough to topple Seattle from the ranks of the unbeaten 93-83 at the Chicago Stadium Saturday night.

Loyola, in winning its seventh consecutive game without a defeat, swept into a commanding 66-44 lead early in the second half, only to have the Chieftains whittle away until the Ramblers led 84-82.

Loyola's balanced scoring, however, paid off in the final minute when Leslie Hunter sank two consecutive baskets to pull the Ramblers out of danger.

Stadium Bond Is OK'd By Voters

HOUSTON (AP)—Harris County voters approved Saturday a \$9.6 million supplemental bond issue for construction of a domed sports stadium for the National League Houston Colts.

Final but unofficial tabulations showed 42,915 voted for the bonds while 36,110 were opposed.

Elorde Triumphs

MANILA (AP) — Flash Elorde, Filipino holder of the world junior lightweight boxing title, easily defeated Solomon Boyshaw of Cleveland in a 10-round, non-title bout Saturday night. Each weighed 136.1 pounds.

Elorde's lone touchdown came when Bobby Jones plunged over from one yard out in the last quarter.

Herron's two touchdown passes went for 6 and 50 yards. He hit Joe Frank Garcia for the 6-yarder and followed it up by hitting Lenis Polnac with a 58-yarder.

Ingleside's Mustangs, an upset team all year, could not find the strength to overcome Herron's leadership and a superior hitting Rotan line. Rotan was so in control of the game that they needed to punt only twice during the night.

Rotan led at the half with a 33-0 bulge. The Yellowhammer's lone second half tally came when Eddie Lang took a punt on his own 27 yard line and raced 73 yards for a touchdown with two minutes gone in third quarter.

Until the final quarter, Rotan had scored every time it got the ball.

Herron puzzled the Mustangs throughout the game with his run-pass option plays.

Rotan amassed 162 yards rushing to 180 for the Mustangs. Herron threw four of nine passes for 108 yards, to spell the difference in the game.

Ingleside was led by quarterback David Blaschke to its only tally, which took a punt on his own 25 and returned it to the 40 before being snared by Bill Ashton. Blaschke led the team to the Rotan 32 when alternate quarterback David Whitney hit end Ben Fregia with a pass down to the Rotan 5 yard line.

Two plays later Jones plunged through the awesome Rotan defense for a 50-yard gain.

Ashton led the Rotan defense with five unassisted tackles and

several other assists at his linebacker position.

Former professional great Sammy Baugh sat in the stand with 2,500 other spectators to watch his son, Bruce carry the ball as Rotan fullback. The younger Baugh ran over a two-point conversion after Herron's 58-yard ball.

Rotan 7 26 5 0-3-9

Ingleside 0 0 0 6-6

BUCKEYES ON TOP

DETROIT (AP) — Ohio State, the nation's third ranked basketball power, drove to its sixth straight victory over a sophomore-studded Detroit team 101-66 Saturday night in its first road test of the season.

Two plays later Jones plunged through the awesome Rotan defense for a 50-yard gain.

Ashton led the Rotan defense with five unassisted tackles and

HOUSTON (AP) — Bill Tobin, taking advantage of a key block by Andy Russell, broke loose for a 77-yard touchdown run in the third quarter Saturday to break the deadlock with 14:17 left in the game.

Tobin, who got to play only a small part of the game, had a 10-yard run.

Russell, with two interceptions, then paced the powerful Missouri defense—the fifth best in the nation—as it protected the 14-7 lead by turning back three late Tech threats by giving up nothing more than a 24-yard field goal by Billy Lothrop.

A fumble recovery at the Missouri 15 paved the way for Lothrop's three-pointer late in the third period. Two interceptions gave the Engineers three chances at the Tiger 23-and 22-yard lines before Russell made his game-saving pass thefts.

Missouri, a touchdown underdog, never trailed in a game witnessed by a crowd of 55,000 and a national television audience.

The Tigers took a 7-0 first period lead with a 67-yard drive that Jim Johnson climaxed with a 21-yard touchdown. Tech matched this with a 61-yard second quarter surge to tie the score as Joe Auer, behind perfect blocking, scored on a 6-yard run.

Tobin, a 193-pound senior from

Wilmington, Del., had a 10-yard run.

He'll thank you time and time again as he enjoys the pleasure of his personally selected Resistol Hat—the thoughtful way to remember him this Christmas. There's no hat finer nor more comfortable because of the exclusive "SELF-CONFORMING"® leather.

One Big Sports Blast In Big D

DALLAS (AP) — When you speak about Cotton Bowl Week, it brings to most minds the big football classic. But that's just part of a vast program.

It is something of a sports extravaganza, with beauty queens, parades and a host of other affairs thrown in.

This year's Cotton Bowl Week includes college and high school basketball, bowling and tennis tournaments, a skeet shoot and a rodeo — although it will not be the National Finals Rodeo, which had been held here for the past three years.

The non-football events will be climaxized by the Cotton Bowl Festival parade preceding the game Jan. 1.

Thirty-two of the state's high school basketball teams will begin play Wednesday morning in the 23rd annual invitational tournament. Four gyms will be used at the start. The tournament queen will be crowned at 7 p.m. Wednesday. The tourney runs through Saturday.

The Cotton Bowl Rodeo begins a five-day run at the State Fair Livestock Coliseum Thursday night, with the first of seven performances at 8 p.m. nightly through New Year's eve with 2 p.m. matinees Saturday and Sunday. The rodeo is sponsored by the State Fair of Texas.

Also on Thursday, the Cotton Bowl College Basketball Tournament sponsored by the Southwest AAU starts at the Dallas Memorial Auditorium with 16 teams beginning play at 9 a.m.

The sixth annual Cotton Bowl Tennis Tournament starts at the Automobile and Recreation Building at State Fair Park. The basketball tournament will continue through Monday, with no games on Sunday. The tennis meet will wind up Sunday.

A basketball game between SMU and the University of Tulsa is scheduled for 8 p.m. Friday at the SMU Coliseum.

There will be competition Saturday, Sunday and Monday in the 10th annual Cotton Bowl Singles Classics and Ragtime Doubles Classics at the Industrial Bowling Center.

Record Mail Rush Slowly Subsides

Thirty-one thousand more pieces of Christmas mail were handled Dec. 21 this year than for the same date in 1961, E. C. Boatler, postmaster, said Saturday.

He reported the volume of mail Friday hit 135,172 and the figure for the same date a year ago was 104,455.

The total Christmas mail for December now stands at 2,295,229 pieces which represents an increase of 147,257 over the first 21 days of the month in 1961.

He said that there was a marked drop in the volume which came in Saturday and that it appears the bulk of the mail has been handled.

Boatler said that the Christmas

parcels are being handled as rapidly as they arrive. In addition to the trucks owned and operated by the post office, Boatler has borrowed four trucks from Webb AFB, and one each from the U. S. Experiment Station and the Soil Conservation Service. These have been manned by regular workers of the department and have been able to keep the mountains of packages leveled off.

He said that the office will operate full force Monday, but on Christmas Day, only a handful of workers will be on duty. Only registered and special delivery mail will be delivered, so belated cards and parcels will be handled on Wednesday.

Boatler said that the Christmas

Jet Age Santa

Twenty-seven youngsters from the Crippled Children's Center were on hand Friday afternoon in the 331st Fighter Interceptor Squadron area to witness the arrival of Santa Claus by jet fighter plane. The jolly old gentleman climbed down,

went inside for a visit, and gave them each a present and a bag of fruit. After Santa left, the kiddies were shown two cartoon movies before being returned by bus to the Center. Sgt. Billie Prather was in charge of the program.

Christmas Rushes Near, Shoppers Match Tempo

Traffic was jammed, parking places were almost non-existent downtown and sidewalks were teeming with pedestrians Saturday as Christmas shopping days narrowed to one.

Banks will be open Monday and closed on Christmas.

BASE QUIET

Webb AFB is on a holiday footloose with activities at a minimum.

Many service stations will be closed on Christmas Day but all will be open on Monday it was said. Barbershops will be closed both Monday and Tuesday.

The shops have long made it their custom to close on all Mondays and this year Monday will be no exception.

Many restaurants and cafes are to be closed Tuesday. Some will close down Monday afternoon and not reopen until Wednesday.

The post office will be on full-time footing Monday but Tuesday just as few men as can possibly keep the incoming and outgoing mail cleared will be on duty. E. C. Boatler, postmaster, said that special delivery and registered mail will be delivered but no other deliveries will be made. All windows in the office will be closed.

Monday, he said, the bulk of what Christmas mail and packages may be on hand will be handled. He said that he does not anticipate any heavy influx of mail on Monday night or on Tuesday.

MEASURES UP

Christmas last year was phenomenally successful for businessmen, and some were a little fearful, this year's volume might not measure up. The much smaller and belated cotton harvest, plus the persistently and unseasonably warm weather contribute to their worries. However, a spot check Saturday indicated they were fretted for nothing—business was good. Most retail stores will be open Monday, and managers

are anticipating another busy day. Several of the automobile agencies, however, will close Monday as well as Christmas Day. All public offices will be shut down both days.

Stores were thronged and the post office, operating with its parcel post department and stamp windows open, was doing a fairly heavy business.

Most merchants, eyeing crowds over and contemplating last year's records, ventured that gross volume for the season would equal and in many cases exceed 1961 figures.

The public is invited to attend the ceremonies.

Ed Carpenter, now county judge, who is to become a member of the state legislature with the beginning of 1963, is to report to Austin Jan. 7 for the opening session of the legislature.

Cox, who succeeds Choate, is to serve two years until the first general election. Choate had been as district clerk at the last election and is resigning from a four-year term to become auditor.

All of the other officials are elected to four year terms.

Buses Busy In Holiday Haul

Christmas travellers are going by bus on their holiday journeys in almost record breaking numbers.

The two bus stations in Big Spring report that nearly all of their available equipment has been called into use to accommodate the throngs of fares who have showed up.

The Continental Bus Station in the old Crawford Hotel Building, was teeming with buses and passengers Saturday afternoon. Frank Rice, the manager, said that in his opinion there is twice the traffic equals or better than prevailed a year ago.

"They're going everywhere you can name," he said. "We have special runs by dozen. A bus pulls in and out of this station nearly every 20 minutes."

The rush began early this past week and was rapidly nearing peak Saturday.

At the Greyhound Bus station near the Settles Hotel, the same scene was being repeated.

J. S. Owens, manager, said that the lines are running buses each 20 minutes and that every bus is loaded to the limit. He said that the traffic is equal or better than that at this season a year ago.

The Texas & Pacific ticket office, on the other hand, said that no great buildup of passenger fares had been noted on their trains. Travel, it was said, was about as usual on the east and west runs.

The courses, sponsored by the National Science Foundation, will be limited to high school juniors of high academic ability who are attending smaller high schools without strong science programs.

Summer Courses

COLLEGE STATION, Tex. (AP)—Texas A&M will conduct three six-week courses in math, biology and physics this summer for selected high school seniors.

The two bus stations in Big Spring report that nearly all of their available equipment has been called into use to accommodate the throngs of fares who have showed up.

Monday, he said, the bulk of what Christmas mail and packages may be on hand will be handled. He said that he does not anticipate any heavy influx of mail on Monday night or on Tuesday.

SAFETY WATCH

Officers, charged with maintaining safety on the streets, roads and highways, were looking apprehensively to the next 72 hours.

The courses, sponsored by the National Science Foundation, will be limited to high school juniors of high academic ability who are attending smaller high schools without strong science programs.

Traffic is expected to hit an all time high as thousands of cars will be on the road. The forecast made by the Texas Department of Public Safety is that 91 persons will die in the state in holiday traffic.

Longhorns Win Del Rio Meet

DEL RIO—Big Spring repeated as champion of the 12th annual Del Rio basketball tournament by defeating Del Rio, 69-55, in the finals here Saturday night.

The Steers, now 9-4 on the year, were slow in getting started but

took charge in the last three quarters. They led at halftime, 36-30.

Albert Fierro of the Steers suffered a cut over one eye when he was accidentally elbowed by one of his own teammates and had to have about five stitches to close

the wound. The big rebounder picked up three fouls early in the contest and saw action only about half the game.

Fierro was named to the all-tournament team, however, along with Dee-Roby Gartman while the Steers' Eddy Nelson was named the tournament's outstanding player.

Jerry Hilton, Del Rio; Gary Larson, Del Rio; Ray Ellledge, Del Rio; Wayne Johnson, Brackettsville; James Schmidke, Kerrville; and Juan DeLaGarza, Eagle Pass, were others named to the all-tournament team.

Each of the all-tournament selections received a small trophy, as did Nelson.

Nelson scored 19 points in the final game, 16 of them the first half. Fierro and Gartman each had 12 while Ronnie Banks wound up with 11.

Nelson scored a total of 60 points in the three games.

Jerry Hilton scored 25 points while Chano Bravo had 11.

Hilton, Best and Roger Blanks of San Felipe were named to the all-tournament team last year and were back this season.

Big Spring will now be idle until Jan. 3, at which time it plays Midland Lee in Midland in its 3-AAA opener.

BIG SPRING (89)—Fierro 3-6-12; Gartman 4-4-1; Larson 4-1-2; Ellledge 4-3-11; Johnson 4-4-1; Schmidke 4-1-2; DeL Rio (88)—Hill 9-25; Lawson 3-6-6; Espinosa 1-1-3; Ellledge 2-1-5; Ortiz 2-1-3; Bravo 3-5-11; Simmons 1-0-2. Totals 29-55-100.

Dallas Texans Seek To Unseat Houston

By MAX R. SKELTON

HOUSTON (AP) — The well-balanced Dallas Texans challenge the pass-minded Houston Oilers in a Texas showdown Sunday for the American Football League championship.

Dallas will be trying to wrestle from the defending champions the title Houston has held since the AFL was organized in 1960. The Oilers are favored by 6½

points in the Texas feud that will be televised nationally (2 p.m., CST). An overflow crowd of 37,000 is expected at Jepson Public Schools Stadium.

Records leave little choice between the two teams. Both won division titles with 11-3 records. They rank one-two in the AFL in both total offense and total defense. Neither gained a wide statistical edge while splitting two

regular season games.

Houston's attack, as in 1960 and 1961, centers on the explosive, passes of George Blanda. The pro of 13 years is backed by such top runners as Charlie Tolar and Billy Cannon, but about two out of every three yards the Oilers gained this season resulted from passes.

Dallas blends the brilliant passing of Len Dawson, the AFL's player of the year, with the power and speed of Curtis McClinton,

the rookie of the year, and Abner Haynes, the league's leading ground gainer in 1960. The Texan formula has resulted in near-perfect balance in that Dallas gained 2,456 yards in 14 games on passes and 2,407 yards rushing.

Blanda set a league record this year by having 42 passes intercepted but he rallied the Oilers from behind six times and Houston moves into its third title game seeking an eighth straight victory. Blanda had only 22 interceptions last season, when he preceded Dawson as the league's player of the year.

Dawson threw three touchdown passes as the Texans ran over Houston, 31-3, in late November while intercepting six passes and recovering three fumbles. A week later Blanda bombed Dallas for a 14-6 victory as the Houston defense prevented the Texans from crossing the Oiler 34-yard line in the first 55 minutes.

Houston led the league in total offense, averaging 355 yards per game to 347 for runner-up Dallas. The Texans led in defense with 292 yards, compared to 295 for second place Houston.

Dawson set a league record with a .609 percentage compiled while completing 189 of 310 passes for 2,759 yards and 29 touchdowns. Blanda completed 197 of 418 for 2,810 yards and 27 touchdowns.

Houston led the league in total offense, averaging 355 yards per game to 347 for runner-up Dallas. The Texans led in defense with 292 yards, compared to 295 for second place Houston.

Dallas clinched the Western Division championship Nov. 18 but Houston had to maintain its seven-game winning streak to the Eastern title by 1½ games over the Brown Patriots.

Both teams are in near perfect physical condition, but Dallas will end who was injured four weeks ago.

Dawson threw 26 touchdowns passes before Burford was injured and 12 of them were to the former Stanford end.

Houston won the first AFL championship in 1960 by defeating the Los Angeles Chargers, 24-16. The Chargers later moved to San Diego and lost to the Oilers, 14-3, in the 1961 title game.

LOOKING 'EM OVER

With TOMMY HART

Coach Don Robbins of BSHS was able to have the Big Spring-Wichita Falls football game transferred here because Odessa High's Bronchos agreed to move the site of their contest with the Coyotes to Wichita Falls . . .

The five-game home schedule of the Steers next fall is one of the most attractive ever offered local patrons . . .

The Longhorns have only two District 2-AAAA games here but they'll be against teams that consider

GOODWIN

BARNETT

top contenders for the championship at the present time — San Angelo and Midland . . . NBC will telecast 50 major league baseball games in 1963, starting Saturday, April 13, and continuing through Sunday, Sept. 29 . . . For the first time, some of the telecasts will originate on the West Coast from the home of the Los Angeles Dodgers and the San Francisco Giants . . . The network has also contracted to air games in the Cincinnati, Pittsburgh and Milwaukee clubs in the National League . . . This will be the network's seventh year of major league baseball coverage . . . Any way you look at it, Big Spring's Charley Johnson had a sensational season with the St. Louis Cardinals . . . He shattered Paul Christman's team passing records by 12 completions and 239 yards in aerial gains, although he didn't take over as the regular Card quarterback until the team's sixth NFL game . . . Forsan had trouble with its game clock and, for that reason, didn't finish its invitational basketball tournament until 12:30 a.m. a week ago today . . . A capacity crowd saw the championship games at Forsan, by the way . . . in a poll taken by Odessa's Sam Payne, District 7-AA basketball coaches picked the teams to finish in this order in conference standings: 1. Crane; 2. Stanton; 3. Sonora; 4. McCamey; 5. Alpine . . . Crane received all the first place votes . . . Harlin Dauphin, the Stanton coach, says his biggest problem will be a lack of speed . . . San Jacinto, which sends its basketball team to the HCJC Christmas tournament here next weekend, defeated San Antonio College, 77-51, recently.

Lubbock Team Is Lacking Height

Dave Robinson, one of the regulars on the Lubbock Westermer basketball team which played here last week, is the son of a former Big Spring man, Clifford Robinson . . . Clifford was the brother of the late Newton Robinson, who ran for justice of peace here at one time but died before the election . . . Cliff now works at Reese AFB in Lubbock . . . The consensus on the Lubbock team is that it doesn't have enough height to go very far when the serious campaigning begins, even though it does have a splendid early season record . . . The team was physically superior to the resident Steers because it has been working out as a unit since early September . . . Several of the local players, of course, weren't able to report for drills until they finished the football season . . . Delnor Poss, the local high school coach, will try to book a home-and-home series with both Lubbock High and Lubbock Monterey next season and would like to get his team to Lubbock next year.

Goodwin Should Glisten On Coast

It wouldn't surprise many West Texans if Odessa's Ronnie Goodwin (of Baylor) emerged as the top star for the West in the next week's East-West Shrine game at San Francisco . . . Goodwin is difficult to defend even if you're familiar with his style . . . If he's a stranger to you, as he will be to the East, he's "murder" . . . Pinky George, manager of Alejandro, Lavorante, says the injured boxer understands everything said to him and can open his eyes upon command . . . But to do this, he'll use his fingers to pry them open . . . The South American, who has been in a coma over two months now, can move each foot when told and even eats a few soft foods, if fed slowly . . . But the big fellow can't move around, sit up or talk . . . Doctors say his case is one of the strangest in Los Angeles medical history . . . The late E. C. Nix Jr., who won the Big Spring Invitational Golf tournament title in 1946 and who went to the finals here on two other occasions (in 1933 and '39) had a dormitory at Hardin-Simmons university named for him . . . The family gave liberally to the Abilene school . . . Not many know, perhaps, that the ex-Baylor hurler who made good in the major leagues, Ted Lyons, recently underwent an operation on his eye . . . Ted, now 61, served as a talent scout for the Chicago White Sox the past season . . . Houston Furr High School was entered in two different places in the recent Victoria Invitational Basketball tournament and lost each time in the first round . . . The peculiar turn of events occurred when the tournament officials wound up with only seven teams . . . Dave Barnett of Big Spring won consolation honors in the recent Midland YMCA Bozo speech.

Odessa Permian Kayoes Monterey

ODESSA — Odessa Permian won its eleventh game of the season by downing Lubbock Monterey, 60-49, here Friday night.

After being behind one point at the end of the first quarter the Panthers tied the score at 15-15 in the second quarter. The Panthers were never behind from that point on.

High for the Panthers was Charlie Morton with 17. Tops with the Monterey team was Gary Hughes and Jerry Haggard, with 13 apiece.

Snyder Nudges Hamlin, 58-55

SNYDER — In an overtime period Snyder outscored Hamlin with its fifth game of the year, 58-55.

Snyder led at the end of the first two quarters with Snyder coming back and taking the lead in the third, with both teams playing to a tie at the end of the fourth. Stuart Long was high for the winners with 18 while Jimmy Wilson and Darrell Albridge paced the losers with 10. Big Spring won consolation honors in the recent Midland YMCA Bozo speech.

Tiger Mentor May Become TCU Coach

ARLINGTON (AP) — Steve Wheeles, Jacksboro's 180-pound quarterback, accounted for 44 points in one of the greatest individual performances of Texas schoolboy football history Friday night.

In the process he carried Jacksboro to a smashing 52-0 triumph over Rockdale for the state Class AA championship and a state record.

It was the widest margin of a final game ever had been won by the 43 years of the Texas Interscholastic League.

Wheeler, who hasn't said where he'll go to college but obviously can have his pick, is coached by Chuck Curtis, who was a great quarterback at Texas Christian in the late 50s.

Opinion is growing that not only will Wheeler go to Texas Christian but Curtis may also make the 40-mile trip from Jacksboro to Fort Worth to become head coach of the Horned Frogs.

Abe Martin has become athletic director.

Wheeler did this in his final game for Jacksboro as a crowd of 9,500 marveled:

He ran for three touchdowns. He passed for three touchdowns. He passed for six conversion points.

He ran for two conversion points. He passed for 166 yards.

He rushed for 40 yards.

He intercepted two passes, one setting up a touchdown.

The only other fellow to even be noticed was Robert Leach, the fine running Jacksboro halfback. Leach took a punt back 91 yards to a touchdown. He also took a 12-yard pass for a touchdown. But it was Wheeler throwing it, so nobody paid much attention to the receiver.

Dale Gideon, the Jacksboro fullback, was the leading ground

winner with 109 yards but attracted no attention since Wheeler was on review in every offensive play in one way or another.

Jacksboro's defense was like a stone wall. It held Rockdale to a minus six yards rushing and it intercepted six of Dickie Summers' passes. That was only three fewer than Summers com-

peted.

Rockdale got 98 yards passing its total offense was 92.

Jacksboro rolled up 386 yards total offense with 220 of it on the ground.

Jacksboro was completing a 3-year record of 37-2-0 of the finest ever, but virtually the entire team is being swept away by graduation.

HCJC Tournament Entry

The Hardin-Simmons University Buttons (above) see first round action at 9 a.m. Friday in the annual HCJC Christmas Basketball Tournament, at which time they meet Odessa. From left, front row, they are Bobby Daniels, Dickey Neal, Ed-

die Phay and Ambrose Kirk. Back row, Mickey Fugitt, Rolf Estresvag, David Denton, Phil McCallum and Scott Rust. Not shown are Ed Murphy and Ken McMinn.

HSU Buttons Bring 5-2 Record Here For Meet

ABILENE — Coach Jim Gray's Hardin-Simmons University junior varsity basketball squad will carry a five-game winning streak into its first-round match in the annual Howard County Junior College Christmas tournament Friday and Saturday in Big Spring.

The H-SU Buttons open the tournament Friday at 9 a.m. by

meeting Odessa Junior College. If the Abilene team wins its opening contest the Buttons will then play on host Howard County in a 9 p.m. contest Friday.

The Hardin-Simmons team, composed of players who do not play on the Cowboy varsity squad, opened the season with two straight losses — to the Howard

Payne B team, 76-72, and to the North Texas State Frosh, 61-44—and since that time they have conceded to five consecutive wins.

Victories have been over the Midwestern University Jayvees, 62-69, and 66-57; Ranger Junior College, 75-39; Lubbock Christian College, 88-65; and to the Abilene Christian College junior varsity 67-66.

Probable starters for the Buttons include 6-7 Ed Murphy at center, 6-2 Phil McCallum and 6-4 Ken McMinn at forwards and 5-9 Dickey Neal and 5-9 Ambrose Kirk at guards. Other squad members expected to compete include Mickey Fugitt, David Denton and Rolf Estresvag.

McCallum, a sophomore who played on last year's H-SU freshman team, is the Buttons' leading scorer with 148 points and a 21.3 average per game. Murphy is averaging 14.3 points with 100 points total and Kirk has 75 points for a 10.7 average.

The boy who attends a school and quits before he has been there a year would come under the agreement and would have to wait two years at another school before becoming eligible.

The plan also will prevent any gentleman's agreement among the coaches such as they had in the Southwest Conference last year when they agreed among themselves that they would take a boy if he was given a release by the coach of the school to which he had gone in the first place.

However, the letter of intent didn't have to be filed when it was signed and the coaches were using this to get more boys than the limit set forth in the letter of intent rule. Now all enrollment applications must be filed and when done so there can be no agreement allowing a boy to transfer to another school without paying the penalty.

The agreement should create a bond of friendship between the two conferences and go a long way toward eliminating high powered recruiting that has bordered line ethics.

After meeting the Phillips team, featuring the Raiders' former All-Southwest Conference stars, Del Ray Mounts and Harold Hudgens, here, the Raiders launch conference play against Texas Christian in Fort Worth Jan. 3. Texas Tech is winless in seven starts.

CHAMPAIGN, Ill. (AP)—Unbeaten Illinois rang up its fifth successive basketball triumph Saturday, outlasting Oklahoma in a thriller 93-90, after the Illini trailed seven times by nine points.

Illinois, No. 8 in The Associated Press poll, led 91-90 with 13 seconds left. Oklahoma then called time to set up a play.

Oklahoma's Farrell Johnson tossed the ball in bounds. But Illinois' Dave Downey intercepted and drove half the length of the court for the clinching basket.

Lopasky capped the half with a blazing 70-yard punt return to put Houston ahead at halftime, 35-7.

Trophies will be awarded all entries and coaches will receive gifts. Ten all-star players will be Bill Murren, Decatur Baptist, 73.

No One In NFL Makes Fun Of Lions' Studstill Now

DETROIT (AP) — When Pat Studstill reported to the Detroit Lions in 1961 at 170 pounds few gave him much of a chance of making the National Football League.

"I expected the Lions to take one look at me and tell me to keep my bags packed," says Studstill, a native of Shreveport, La., who now lives in Houston. "I must have looked like some high school kid."

Studstill had few college statistics in his favor. He was shuffled around in his college days at Houston University. After a leg injury his career ended early in his senior year. He played 10 minutes.

The Los Angeles Rams contacted him and said they would draft him.

"Just the idea of being drafted got me all excited," recalls Studstill, "but when the draft list was announced, I wasn't even mentioned."

"It was silly to even think I could get to pro ball. I even

laughed at myself when I looked at my small legs and little body."

One evening in the spring of 1961, however, the phone rang. On the other end was Bob Nussbaumer, Detroit Lion scout.

"You're welcome to report to our camp and try out as a free agent," Nussbaumer told Studstill. A former Houston assistant had put in a strong recommendation.

Studstill impressed Coach George Wilson in the 1961 exhibition. He kept Studstill as an understudy to punter Yale Lary. Then when Terry Barr took over as a fulltime pass receiver, Studstill became the man to return punts and kickoffs.

A dazzling 100-yard runback of a kickoff against the Chicago Bears early in '61 was the second kickoff handled by Studstill.

For the '61 season he ranked fourth in the NFL on kickoff returns, averaging 29 yards. On 16

returns he went 448 yards,

laughed at myself when I looked at my small legs and little body."

OU Relations With SW 11's May Improve

By HAROLD V. RATLIFF
Associated Press Sports Writer

The Southwest Conference-Big Eight Conference agreement on recruiting football players should solve a host of problems. The most important will be better relations between Oklahoma of the Big Eight and Southwest Conference members.

Under the agreement there will be a mutual recognition of letters of intent. In other words if a graduating schoolboy signs with Texas he will not be touched by Baylor, Texas A&M, Arkansas, Texas Christian, Southern Methodist, Rice or Texas Tech of the Southwest Conference or Oklahoma, Kansas, Kansas State, Iowa State, Missouri, Colorado, Oklahoma State or Nebraska of the Big Eight.

If the boy wants to make a change he can do so by forfeiting two years of eligibility. That would leave him only two varsity years at the school to which he is transferring after spending two years there to establish residence. You can count on the fingers of one hand the number of times a school and/or athlete would want to go through with such a plan.

Oklahoma in the past recruited boys who had signed letters of intent at Southwest Conference schools. It was legal, of course, since Oklahoma and its conference were not bound by the rule. However, it caused much hot talk and resentment and Oklahoma was in bad with a number of the conference schools.

This hazard has been removed by the agreement. Oklahoma will do its recruiting just like the rest — contact the boy in the specified period and if unable to sign him give it up.

It is likely that somebody eventually may think of something to circumvent the rule but at this time there appears to be only one loophole and it's rather weak.

If a school wants to unethical it can evade the agreement in one way.

It is specified that if a boy signs one of the letters of intent it's officially known as a pre-enrollment application — he must pass the college entrance examination or it becomes void. If he did not he would be eligible to go to another school in the two conferences and not run into loss of eligibility.

Suppose a boy signs with a school and another school talks him into deliberately flunking the entrance exam. He then could go to the other school without penalty. But can you imagine a school willing to suffer the derision over apparently having scholastic standards so low it would take a boy who couldn't meet the requirements of one of its opponents?

A boy can sign with one of the schools, spend a year there and then withdraw and go to another school without ruling afoul of the agreement. However, he then will fall under the transfer rule and have to spend a year at the other school before he would become eligible.

The boy who attends a school and quits before he has been there a year would come under the agreement and would have to wait two years at another school before becoming eligible.

The plan also will prevent any gentleman's agreement among the coaches such as they had in the Southwest Conference last year when they agreed among themselves that they would take a boy if he was given a release by the coach of the school to which he had gone in the first place.

However, the letter of intent didn't have to be filed when it was signed and the coaches were using this to get more boys than the limit set forth in the letter of intent rule. Now all enrollment applications must be filed and when done so there can be no agreement allowing a boy to transfer to another school without paying the penalty.

The agreement should create a bond of friendship between the two conferences and go a long way toward eliminating high powered recruiting that has bordered line ethics.

selected, one of which will be for most valuable player honors. All will receive trophies.

The Jayhawks have championed five of their 10 invitations, including the 1952-53 and 1954-55 seasons, as well as the last three. Jim Knotts (1954-55), Harold Henson (1959-60) and Ron Weeks (1960-61) have been Jayhawks selected for past MVP honors. Last year's test saw the Hawks claim the championship from Decatur with a 10.7 win.

The Jayhawks are currently spending the Christmas holidays at home but will resume practices later this week.

The championship results of the past 10 tournaments, with the most valuable player selected from each tournament, are:

1952-53—HCJC 74, Wharton 70, Charles Christian, Marion, MVP. 1953-54—Wharton, 70; Charles Christian, Marion, MVP. 1954-55—HCJC 91, Wharton 81, Jim Knotts, MVP. 1955-56—Odessa 80, Wharton 78, George Jones, Wharton, MVP. 1956-57—Decatur Baptist, 76, Decatur Baptist, 55. 1957-58—Ark City (Kan.) 70, HCJC 52, Tom Jackson, Ark City, MVP. 1958-59—Wharton 74, Amarillo 55, Jerry Spence, Wharton, MVP. 1959-60—HCJC 86, San Angelo 62, Harold Henson, HCJC, MVP. 1960-61—HCJC 86, Decatur Baptist 70, Ron Weeks, MVP. 1961-62—HCJC 86, Decatur Baptist 73, Bill Murren, Decatur Baptist, MVP.

Saturday's events are to be the fifth-sixth place game at 5:30 p.m., the third-fourth place at 7:30 p.m., and the championship game at 9:30 p.m.

PEOPLE IN THE NEWS

By The Associated Press

President Kennedy, at a White House luncheon in honor of Chile's President Jorge Alessandri, commented that Alessandri told him that he and two of his brothers were members of the Chilean Senate at the same time.

"My view is there should not be such concentration," Kennedy said in a tongue-in-cheek toast to his Chilean counterpart, "but he has survived and maybe others will."

Kennedy's two brothers, Robert F. and Edward M., are the U.S. attorney general and a U.S. senator, respectively.

Where There's Life—And Anita...

Bob Hope is still alive—just in case you heard a rumor he was dead.

Told that an American newspaper had been flooded with calls from people asking if it were true he had died in London, where he's making a movie, the comedian quipped: "I'm working with Anita Ekberg, and that's no spot to die—or even feel like it, you know."

Caroline Gets Edible House

Caroline Kennedy, 5, is getting a house for Christmas—a gingerbread one. It's a gift from the children of Yorktown, a New York City area which is predominantly German, to the President's daughter. It was sent to Palm Beach, Fla., where Caroline and her parents will spend the Christmas holidays.

An Absent-Minded Professor?

Dr. Paul Siple, a geographer and explorer who has been a member of four Antarctic expeditions, lost his way—in the middle of Atlantic City, N. J. Siple tuned up 20 minutes late for a speech to the New Jersey Science Teachers Association. The explorer said he couldn't find the hotel where the association was meeting.

Maybe It Was Inherited

DALLAS (AP) — It is just an old family tradition that the son of Mr. and Mrs. Lee Taylor was born under a street light, then taken to a hospital.

Taylor, who delivered the child himself at 7:20 a.m., came into the world in almost the same circumstances 32 years ago in Detroit.

History repeating itself started rudely early one morning when unmistakable signs that birth a month premature was imminent.

The family made it to a north Dallas street intersection where a plucky, six-pound, four-ounce boy was born.

"I wrapped him in my trenchcoat and drove off with one hand," said Taylor. "My wife was doing fine. She just relaxed and asked about the baby."

A surprised officer stopped giving a motorist a ticket when Taylor sought aid.

At St. Paul Hospital, the baby and mother were in good condition.

He 'Died' 21 Years Ago

Edward E. Shelton of Austin has a yellowed newspaper clipping of his obituary. Shelton, then a seaman first class, was on the USS California when the Japanese attacked Pearl Harbor Dec. 7, 1941. When the "abandon ship" order came he swam 200 yards to Ford Island.

After the attack, Shelton answered muster aboard the California, despite a leg wound. But through a clerical error, he was reported to the Navy Department as lost in action. Adm. C. W. Nimitz sent a telegram of sympathy to his mother on Dec. 16, 1941. But later she received a postcard from her son dated Dec. 17.

Scientist Runs From Fallout

Physicist Robert J. Satory, employed in Wallingford, Pa., until recently, has left the United States with his wife and 18-month-old daughter to escape nuclear fallout.

"I believe it is best to get to the Southern Hemisphere where the amount of fallout, by test, is only one-tenth that in the Northern Hemisphere," said Satory, 37, before he and his family departed from Miami by ship to start a new home in New Zealand.

Registration Of Aliens Required

Registration of all aliens will begin Jan. 1, and forms will be available then at post offices.

The registration must be completed not later than Jan. 31, and aliens willfully neglecting this will be subject to fine up to \$200 and imprisonment of 30 days.

Aliens who may be out of the country during January will be required to register within 10 days after their return. The forms may be filled out and left with the clerk at the postoffice.

Ad Man Killed

By The Associated Press

OLD WESTBURY, N.Y. (AP)—Harrison McCann, 82, founder and honorary chairman of McCann-Erickson, New York advertising agency, and his wife, Dorothy, were killed Friday in an automobile accident.

McCann, 82, founder and honorary chairman of McCann-Erickson, New York advertising agency, and his wife, Dorothy, were killed Friday in an automobile accident.

Maj. Council Is Transferred

Maj. Ray E. Council, 331st Fighter Interceptor Squadron materiel control officer at Webb AFB, is being reassigned to the Mississauga Officers' School, Sheppard AFB, then further reassigned for duty at McConnell AFB, Wichita, Kan. His reassignment to Sheppard is effective Dec. 31.

Maj. Council has been with the 331st since his arrival at Webb in June, 1961. Before coming here he was the supply officer and later the commander of the 768th AC&W Squadron, Morarity AFS, Morarity, N. M.

In his 17 years of Air Force service he has spent almost five years overseas. He spent three and a half years in the early '50s at Landstuhl Air Base, Germany, and then from August, 1958 to July, 1959 spent a year at Shemya, Alaska.

Maj. Council was born in Plant City, Fla., but now lists Sacramento, Calif., as his permanent home. He is a graduate of the University of Florida and has a bachelor of science degree in mathematics.

Local Operator Has Indicated Discovery

Discovery production has been indicated from the Canyon sand in Runnels County at Duncan Drilling Co., Big Spring, and Keith Graham, Midland, No. 1 C. B. Hayes.

The project is bottomed at 2,920 feet and has 4½ inch oil string cemented at 2,909 feet. The operator will try to complete from an open hole.

Prior to running casing, the operator conducted two drillstem tests in the Canyon sand. The first was for 1½ hours from 2,908-915 feet with gas surfacing in 25 minutes. No volume was reported. Recovery was 700 feet of free oil, with 180 feet of heavily mud-cut oil and 82 feet of muddy filtrate water.

Bottomhole flow pressure ranged from zero to 250 pounds with a final shut-in reading of 1,260 pounds in 30 minutes.

The second test was for 35 minutes from 2,914-920 feet. Gas surfaced in two minutes and was followed by oil in 18 minutes. No rate of flow was reported for either. Recovery was 510 feet of free oil, 240 feet of heavily oil-cut mud and 87 feet of filtrate water. Bottom hole flow pressure ranged from 225 to 675 pounds with 30-minute

final shut-in pressure of 1,260 north with the completion of Thurman Armstrong No. 1 Edgar Strauch.

The oiler pumped 37.5 barrels of 47-gravity oil on initial potential from perforations at 4,278-88 feet which were acidized with 500 gallons. This re-entry was originally drilled and plugged in 1959 at a total depth of 4,509 feet. It is 330 feet from the south and 2,370 feet from the east lines of section 96, ETRR survey, about 2½ miles northeast of Miles.

GAINES DISCOVERY

David Fasken, Midland, No. 2-D Jones has been finalized as a San Andres discovery pumping 116 barrels of 31-gravity oil on initial potential. It also produced 12 barrels of water daily.

Production was from perforations at 5,497-552 feet after the project was plugged back from a barren Devonian. The Yates was also found non-productive. Hole was drilled to 12,695.

The zone was washed with 500 gallons of mud acid and treated with 2,750 gallons of regular acid. It was fractured with 5,000 gallons. Location of the discovery is 660 feet from the north and 330 feet from the west lines of section 376, block G, CCSD-RGNG survey. It is about 15 miles northwest of Seminole.

Wildcat brought in three oil and 21 gas wells. One wildcat oil well was reported in each of Districts 7-C, 8 and 9.

Wildcat gas wells reported were five in Dist. 2, nine in Dist. 3, four in Dist. 4, and one each in Dist. 6, 7-C, and 8.

Wells plugged totaled 156, including 93 dry holes.

Total average calendar day allowable as of Saturday was 2,704, up 3,665 barrels daily from Dec. 15.

Liquid Petroleum Usage On Increase

Liquified petroleum gas sales in 1961 will increase 10 per cent over 1960 to an estimated total volume of 10,778,000,000 barrels, according to the annual year-end review of the LP-gas industry by Phillips Petroleum Company.

Sales of LP-gas to domestic and commercial customers is expected to be up about six per cent above 1961. Sales for manufacture of chemicals is expected to show the greatest percentage gain, with an increase of 20 per cent to an estimated consumption of 4.5 billion gallons.

The site is 467 feet from the south and 840 feet from the east lines of section 142-97, H&TC survey, about 10 miles southwest of Snyder.

Zone Gets Second Well

The second Wichita-Albany producer in the Sharon Ridge field in Scurry County has been finalized by Socony Mobil Oil Co., Inc. No. B R. O. McClure. It is a one-mile northwest extension.

The well pumped 57 barrels of 37.4-gravity oil daily plus 26 per cent water with a gas-oil ratio of 187-1 from perforations between 8,476-539 feet. Perforations were treated with 500 gallons of acid and fractured with 40,000 gallons of fluid.

A dual producer, it earlier was completed from the lower Clear Fork on pump for 92 barrels of 27.8-gravity oil from perforations between 2,993-3,3,202 feet. The well was acidized with 500 gallons and fractured with 20,000 gallons.

The site is 467 feet from the south and 840 feet from the east lines of section 142-97, H&TC survey, about 10 miles southwest of Snyder.

Slight Drop In Rotaries Seen On Last Tabulation

The holiday season failed to bring any marked decline in rotary rig drilling activity in the Permian Basin Empire. The Friday day survey of Reed Roller Bit Company showed 235 active units, a drop of eight from the number working a week earlier.

The latest count of rigs in the West Texas-Southeast New Mexico territory is nine below the 244 registered Dec. 22, 1961.

Lea County, N. M., with 39 units on the latest check, was one up from the previous week and remained in first place. Andrews and Ector Counties were in second place with 19 rigs each.

In the area, several changes were noted. Garza County picked up a rig for a total of six to the Dawson County for the lead. Borden County had four units.

A look at the counties, with the previous week's totals in parentheses, follows.

Andrews 19 (14), BORDEN 4 (5), Chaves 4 (3), Concho 9 (1), Crane 12 (15), Crockett 4 (12), DAWSON 6 (6), Ector 19 (16), Eddy 7 (8), Fisher 6 (5), Gaines 9 (11);

GARZA 6 (5), GLASSCOCK 2 (1), Hale 1 (1), Hockley 1 (1), HOWARD 3 (5), Iron 1 (0), Kent 3 (2), Lea 39 (38), Loving 2 (2), MARTIN 2 (2), Menard 2 (1), Midland 9 (10);

Mitchell 1 (0), Nolan 1 (1), Pecos 3 (17), Reeves 17 (11), Roosevelt 2 (1), Runnels 8 (7), Scurry 3 (6), STERLING 0 (1), Stonewall 8 (0), Terrell 2 (2), Terry 1 (21), Tom Green 2 (0); Upton 7 (8), Ward 8 (8), Winkler 5 (5) and Yoakum 6 (5).

Long Holiday

BEAUMONT (AP) — Mobil Oil Co. Refinery started an extra long Christmas weekend Friday with a 5 per cent general wage increase. The raise is retroactive to Dec. 16 for union-represented salaried employees and Dec. 17 for hourly roll workers.

Three Area Counties Pick Up New Locations

Three area counties picked up new projects at week's end.

ACKERLY FIELD

The Ackery field in Dawson County picked up one new location. Socony Mobil Oil Co., Inc. No. 1 J. H. Green, about four miles northwest of Ackery, is to be drilled to 8,750 feet.

The project is on a 240-acre lease and it spots 660 feet from the south and east lines of the north-east quarter of section 43-34-4n, H&TC survey.

EXPLORERS

Wildcats have been staked in Tom Green and Menard counties. The Tom Green site is George W. Strake, Houston, No. 1 Alice H. Huff, projected to 7,300 feet to abstract 1,892.

COMPLETIONS

GARZA

K. K. Amini No. 1 W. V. Roy, spotting 330 feet from the west and 660 feet from the east lines of section 1,191, GC&SF survey, about nine miles southwest of Christoval and 2½ miles west of the one-well Ju-Jan-Jac (Strawn) pool. The operator is A. A. Schoenfeld scheduled the Menard prospector to 1,500 feet as No. 1 Mrs. E. V. LaCouture.

It is 467 feet from the north and east lines of the south half of section 38-A, GH&SA survey, about nine miles southeast of Fort McKavett and 10 miles southeast of the Shaheen (3,880-foot Strawn sand) pool. On some maps it spots 467 feet from the north and east lines of I. W. Ellis survey, about 1,892 feet to abstract 1,892.

The zone was acidized with 500 gallons and fraced with 34,330 gallons. The well was topped at 1,177 feet, elevation is 2,544 feet. The operator set 2½ inch casing.

Sawmills Robertson No. 13 W. N. and L. R. Reed pumped 44 barrels of 30.5-gravity oil on initial potential in the Hagerman field. Location is 330 feet from the south and 360 feet from the west lines of section 1,522, GH&SA survey. The well was acidized with 15,000 gallons. The other spots on a 160-acre lease about five miles northeast of Forson.

MARTIN

Frankfort Oil Co. No. 2 J. F. Peters pumped 21 barrels of 34.5-gravity oil on initial potential in the Hagerman field. The well was acidized with 15,000 gallons. The elevation is 2,720 feet, total depth is 8,050 feet, pay was topped at 2,568 feet, total depth is 2,684 feet pay was topped at 2,537 feet and 4½ inch casing was set. The well was acidized with 15,000 gallons. The other spots on a 160-acre lease about five miles northeast of Forson.

The zone was acidized with 500 gallons and fraced with 34,330 gallons. The well was topped at 1,177 feet, elevation is 2,544 feet. The operator set 2½ inch casing.

'Twas Just Before Christmas

For

Kathy, Donna and Aneica Stevens, daughters of Mr. and Mrs. Johnnie B. Stevens, 601 Washington Blvd.

Their letters to Santa were written with care,
And this matter finished they then did prepare
Red stockings for hanging from the mantelpiece tall
In hopes that St. Nicholas would stuff one and all.
Then up the stairway and into their beds
With bright dreams of Christmas filling their heads.

Dear Santa—from Aneica, Kathy and Donna . . .

. . . and so to bed

Sculptured Art

Mrs. M. B. Pitzer, Sand Springs, shows several examples of original art which she calls sculptured painting. After applying a durable compound to

the board canvas, Mrs. Pitzer moulds and sculpts the substance before painting it with oils.

Interesting Art Form Styled By Mrs. Pitzer

By JO BRIGHT

"Each time I start one, I wonder why I do it and tell myself it will be the last," said Mrs. M. B. Pitzer of Sand Springs as she gazed critically at one of her recent paintings.

Mrs. Pitzer, 62, has developed an art form which she refers to as sculptured art, explaining that she didn't know what else to call it.

Starting with a "canvas" of wood—plain lumber of good quality—she applies a compound of her own secret ingredients, which she moulds with her fingers or carves with a small pocketknife in making the subjects stand out from the canvas. The first layer of the compound is simply a base which she lets dry overnight. The next day when she is ready to work, small amounts are placed on the canvas as needed.

For soft lines, she works with her fingers to shape and round the subjects. The knife is used in making distinct outlines of eyes, mouth or features where delicate work is required. When the basic sculpture is finished, Mrs. Pitzer paints the picture with oils, just as she would a flat painting. An interesting effect is achieved by leaving part of the wood exposed, without paint, as a part of the picture, such as a fence post or barn wall.

FROM MONAHANS

Mrs. Pitzer came to Big Spring three years ago from Monahans to

be near her children after her husband's death. Mr. Pitzer had been an oil lease operator in West Texas since the early oil boom days. She said he always encouraged her with the hobby—proclaiming that each painting was the best she had done. However, he did not want her to sell any of the paintings, so she has not considered it until now.

Mrs. Pitzer believes that she comes by her talent naturally since her mother was also an artist. "Matter of fact, my mother was a little bit of everything; there weren't many things she couldn't do," said Mrs. Pitzer. Apparently she was a qualified tinsmith, judging by the work evident in a chest of intricate design, she made of copper and bronze and passed on to her daughter.

GRANDCHILDREN TALENTED

Mrs. Pitzer says that none of her own children are interested in painting, but she sees creative ability developing in her grandchildren. She has three sons living in Big Spring; Preston, Jack and David Pitzer. A daughter, Mrs. Travis Waller, lives next door, and another daughter, Mrs. Maxine Lindsey, resides in Albuquerque, N.M. "They aren't as impressed with my work as their dad was, but, guess, what they want for Christmas?" she asked. A painting, of course.

Several of her pictures depict a spiritual theme, one being a like-

WEBB WINDSOCK

By MOLLI HARTZOG

When the tree is up, the gifts placed around it, and the house polished and smelling of greenery and spices, there seems to come a pause of nostalgia for us when we wish we might be back in South Carolina. This being impossible for eight out of our 10 Air Force years, our thoughts turn to our early married days and our firm decision to establish dignified Christmas traditions within our own family which would come to mean a lot to us in our travels.

We found that traditions have a way of establishing themselves regardless of any little pushes. As we survey our Big Spring situation this Christmas, we note the traditionality of six bedraggled wooden birds, purchased years ago in France. Next we see a handful of World War II foil stars and a faceless Santa from that South Carolina tree. There is a wobbly manger scene, vintage who knows when, and a white mache bell bearing tooth marks from a puppy that currently is groaning with old age under the typewriter table. Our portable security we find undignified, worn and in laughable condition. But . . . in our family, it's traditional.

Many Webb dwellers are leaving here for the holidays. Among these, Laurie Huss and her mother have journeyed by train to visit Capt. Huss in Omaha. The C. W. Semlers are in Florida, and the Jerry Smiths are in Philadelphia. Here visiting Lt. and Mrs. Bill Gough are Mrs. Gough's family, Chief Master Sgt. and Mrs.

FLIGHT PARTIES

Most of the flights held parties this past week at which they made merry and exchanged mostly useless gifts. Our husband sheepishly brought home a little red hammer to fix that "Tomato Can," sports car, and a bald neighbor received a brand new toothless comb, and a set of pink plastic curlers. The list gets even more silly, and Red Flight got so excited at their party they ran across the street and gate-crashed the Green Flight party with great success.

We wish you all the joys of Christmas and the warmth of your own holiday "traditions." And if you've never seen a kumquat, we've a few on hand and will save you one. They are holiday fare in Florida and California, but according to our West Texas postman "They don't look like much more than shrunk-up tangerines."

Longer Plant Life

AP Newsfeatures

Here's how to make your mistletoe last during the holiday season:

Spray it with clear plastic or wax. This will keep the leaves from shriveling and the berries from falling, says the Society of American Florists.

Collins Is Engaged To Miss Warner

Mr. and Mrs. Robert M. Brookier of Washington, D. C., announce the engagement of their daughter, Nancy Jane Warner, to Don Alfred Collins, son of Mr. and Mrs. Alfred R. Collins of Inks Lake and Big Spring.

Miss Warner's father, the late Dr. Harold E. Warner, was co-founder of the Cynthia Warner School of Washington, D. C. Her mother is director of the school.

A graduate of the Montgomery Blair High School, Washington, Miss Warner finished the Montgomery Junior College, and is presently studying at the National Institute of Health.

Collins, a graduate of Big Spring High School, attended Abilene Christian College and Houston University before his enlistment in the U. S. Navy. He is stationed at the Naval Medical Center, Washington.

The engaged couple will vacation with his parents at Inks Lake and Big Spring, during the holidays.

Listen Well If He Drops Brand Name

If you're buying a Christmas present for a youngster this year you'd better listen carefully to what he's saying. His wants are definite and he drops brand names you may never have heard of. The supreme insult is to get something "too babyish," but they also hate things they have to grow into.

Girls naturally go for dolls and doll clothing, wall mirrors for the bedroom, and suitable clothes for themselves. One comment: "I'll never wear those long pants. Mother says I'm not old enough to wear them. Anyway, they're too big."

The design on her husband's memorial monument is an original; one which she created and had cast in bronze. This is a line of work she is interested in, and hopes someday to enter the field, which is in itself an art form.

In the past 12 years, Mrs. Pitzer has completed approximately 30 paintings, most of which she has given to her family or friends. A number of her works will be on display at Elrod's Furniture Store this week.

Boys and girls both lean toward pets (boys want alligators and lizards; girls want kittens). Both like paint sets, stamps, coins, skates and money. Small contributions are cheerfully accepted since both boys and girls seem to be saving up for "something" that changes each time more money is added or spent.

Boys lean heavily toward science, joined by a seven-year-old girl who asked for—"A chemistry set with real animals that are dead, like a frog or a fish, and a 'thing' you look through to study it."

Powell-Williams Vows Exchanged At Stanton

STANTON (SC)—Nuptial vows were exchanged by Miss Nancy Williams and Charles Powell in a candlelight service performed Friday evening at 7 o'clock in the First Methodist Church. The Rev. Ellis Todd, pastor, performed the double ring ceremony before a background of poinsettias and candles.

The bride is the daughter of Mr. and Mrs. O. L. Snodgrass Jr., and Powell is the son of Mrs. Charles Powell and the late Mr. Powell of Stanton.

Mrs. James Jones, organist, presented a program of music, and accompanied the vocalists, Miss Brenda Bryant and Miss Carol Nichols, as they sang, "Whither Thou Goest," "Because" and "The Lord's Prayer."

Given in marriage by her father, the bride wore a chapel length gown fashioned of imported white silk over white satin. The fitted bodice, styled with a high neckline and collar, was of imported white Alencon lace. The yoke was edged with ruffles of silk, and the long tapered sleeves were closed with self-covered buttons. The voluminous skirt ended in a ruffle of Alencon lace, with separate ruffles of silk and small bows edging the ruffles of satin and lace. The skirt extended into a chapel train.

Mrs. Pat Trailkill, maid of honor, was attired in a floor length Jacqueline Kennedy formal. She carried a long stemmed red rose. Best man was Eddie Avery, with Billy Powell and Gerald Alexander, Big Spring, serving as ushers. Parents were lighted by Brenda Bryant and Carol Nichols.

RECEPTION

The church parlor was the scene for a reception, where the bridal couple, their parents and members of the wedding party welcomed guests.

The refreshment table was laid

MRS. CHARLES POWELL

with a white lace cloth and was centered with a three tiered wedding cake topped with bride and groom figurines. Candles, in the Christmas theme, flanked the cake.

Guests included Mr. and Mrs. R. Y. Sadler and children, Joyce and Greg, of Jal, N. M., and Mr. and Mrs. Bill Sadler and daughter, Cindy, Wolfworth.

The bride chose for the wedding trip, a beige sheath trimmed with satin cummerbund and matching satin collar. She wore an orchid corsage. The Powells will make their home at 504 Burleson, Stanton.

The bride also decorated a tree for the Westside Recreation Center, and served refreshments to 35 youngsters there. Under the leadership of Mrs. Clyde Thomas Jr., the girls have been in business with a gift wrapping service in Anthony's Dept. Store to earn funds for a trip to Europe.

MRS. C. W. CROCKER

Stanton Church Scene Of Marriage Service

STANTON (SC) — The First Baptist Church was the scene for the wedding of Miss Lona Avery and C. W. Crocker, Saturday evening at 7 o'clock. The Rev. W. C. Wright, Lamesa, officiated in the double ring service, read before a background of lighted candles and candelabra. A large basket of white mums centered the altar. The bride is the daughter of Mrs. Ogal Avery, Stanton, and the late Mr. Avery. Crocker's parents are Mrs. Pauline Battist, Headton, Okla., and Eddie Crocker of Midland.

Miss Phyllis Long, at the organ, presented a program of nuptial music and accompanied Mrs. Glenn L. Brown as she sang "The Lord's Prayer" and "Whither Thou Goest."

Given in marriage by her brother, the bride wore a sheath of white cotton brocade, designed with scalloped bateau neckline, cap sleeves, and a short overskirt of organza. Her shoulder length veil was secured by a crown of pearls. She carried white carnations with a white Bible.

Miss Linda Lawson was maid of honor. Bridesmaid was Miss Martha Johnson, and matron of honor, Mrs. Dorothy Smith, Waco. All wore dresses of blue cotton satin with matching veiled hats. Each carried a single red rose.

Clyde Crocker, Midland, was best man to his brother. Ushers were Eddy Avery and Donald Avery, brothers of the bride. Allen Hill and J. C. Brown, Midland, were the groomsmen.

RECEPTION

A reception was held in the church parlor where a receiving line was formed by the bridal pair, the parents and members of the wedding party.

The refreshment table was spread with a blue cloth and an overlay of white lace. The centerpiece was a small white Christmas tree, based in evergreen.

The bride's cake was heart shaped, embossed with a blue motif.

Guests were registered by Mrs. Eddie Avery, sister-in-law of the bride. Other members of the house party were June Harrill and Patty Harroll, Beverly Wilhite, Babby Wilhite, Cindy Avery, Janette Avery and Sherry Avery.

Out of town guests were Mr. and Mrs. H. R. Wilhite, Odessa; Mr. and Mrs. D. Crocker, Midland; Mr. and Mrs. Eddie Crocker, Midland; Mr. and Mrs. W. B. Hickman, Dumas; and the Rev. and Mrs. W. C. Wright, Lamesa.

The couple left afterward on a

Piano Recital Is Presented

Piano students of Mrs. George R. Harrington were presented in a Christmas recital Tuesday evening at the First Church of God, 21st and Main St. Mrs. Georgette Stephenson played Christmas carols on the organ as the prelude.

Those participating in the recital were Markay Brooks, Sherry Buford, Emma Lou Dillard, Randy Faulkner, Charlotte Helm, Helen Beth Heckler, Cynthia Hickson, Don Hickson, Hope Harrington, Ronda Hooper, Ginger Key, Maurice Key, Debbie Lowe, Joellen Nix, Floretta Rau, Larry Sloan, Sheryl Walker and Vicki Walker.

Kentwood Circle Sacks Stockings

One hundred Christmas stockings were filled by members of the Morning Circle of Kentwood Methodist Church, Tuesday morning at the home of Mrs. Jim Smith, 1800 Laurie. Eight members attended, participating in the project which will provide a Christmas stocking for each child attending the Friday night church program and party.

A program was presented by Mrs. Eddie McLain, after which refreshments were served. The Christmas theme was carried out in decorations.

'Over 30' Set Inspires Gala Gowns

For years the forgotten fashions have been the party-goer who is over 30 and larger than a size 14, according to the fashion writer, Evelyn Livingstone.

Designer I. Doctor specializes in flattering costumes for the mature woman, and has recently brought forth his first strictly after-five dresses. They exhibit his usual flair for helping the discerning—but no longer young—woman carry her years with grace and dignity.

All the designs cover the shoulders and upper arms—a must for mature women. Skirts are easy, sometimes even flowing, yet they create the illusion of a fundamentally slim silhouette. Their delicate beading, festive fabrics and glowing colors give an all-out party look.

WMS Program On Red Letter Days

Red letter days for December, including the Week of Prayer, birthdays of missionaries and Christmas Day, were discussed for the Woman's Missionary Society's program held at Knott Baptist Church Tuesday.

Mrs. L. O. Free called the meeting to order, and Mrs. V. L. Jones reported plans for an enlistment survey. Mrs. Gene Hasston reported that the Little Moon goal had been exceeded by almost \$100.

Plans for reviewing "The Chains Are Strong" by W. C. Fields, were outlined by Mrs. Jack Myers. The study will begin Jan. 8.

Secret pals were revealed and gifts exchanged during a social hour, when refreshments were served. Boxes of homemade candy were collected from the members, and will be delivered to shut-ins and elderly people of the community.

Home For Christmas

Happy to be home for Christmas are Airman and Mrs. James Lawrence who have been stationed

in Japan. With them is shown his great aunt, Mrs. Annie Lawrence.

Stateside Looks Good To The J. Lawrences

When their Japanese bicycles and their automobile arrives from Japan, Airman and Mrs. James Lawrence expect to see more of Big Spring; but presently, they are so pleased with being back in the States that they haven't really thought too much about their surroundings.

Based at Tachikawa for the past 10 months, Lawrence is now stationed at Webb AFB as airman I.C. in materiel control. His assignment in Japan was cut short when he received compassionate reassignment to return home to be with his legal guardian and great aunt, Mrs. Annie E. Lawrence.

Mrs. Byerly Is Shower Honoree

FORSAN (SC) — Mrs. Marshall Byerly III was honored recently with a bridal shower in the home of Mrs. Paul Lancaster. Other hostesses were Mrs. Doyle Whetzel, Mrs. Price Stroud, Mrs. Elbert Strickland, Mrs. Nell Draper, Mrs. Bill Hughes of Forsan and Mrs. Danny Thomas and Mrs. Charles Middleton of Big Spring.

The refreshment table was covered with a red felt cloth under a red net cloth centered with a Christmas arrangement of a large white candle on a block of styrofoam clustered about with silver and blue Christmas balls. Her callers were carried out in red and silver in other appointments.

Mrs. Strickland presided at the register. Mrs. Thomas served from the silver coffee service.

Holiday Party Held In Coleman Home

Mr. and Mrs. Bill Coleman were host and hostess for holiday party in their home at 1100 Lloyd St. Friday evening.

The refreshment table was covered with a red linen cloth and centered with an arrangement of red carnations in gold foliage. Silver and crystal appointments were used.

Approximately forty guests attended the affair.

Plans Announced

Holy Trinity Catholic Church, Dallas, will be the scene for the wedding of Miss Mary Sue Trey and George Stephen Baird April 3. Students at Southern Methodist University, Dallas, Miss. Trey is the daughter of Mr. and Mrs. Mark A. Troy of Leawood, Kan., and Baird is the son of Mr. and Mrs. J. T. Baird, Big Spring.

Mr. and Mrs. C. R. Shouse of Miami, Okla., arrived Friday for the holidays with their son and his family, the C. W. Shouses.

A Christmas tree was enjoyed Thursday by personnel on the Petroleum Building's sixth floor. They assembled for a bountiful buffet. The festivity was also arranged as a birthday salute to Mrs. W. H. Kay.

Vacationers next week will include Mrs. J. R. Bizzell, Mrs. Jim Marcus, Bob Kiser, Trevor Crawford, Lloyd Nails and M. W. Griffin.

Henry Schaeidl will also vacation next week. His daughter, Lynn, will join him for a brief visit in Brownsville with his parents.

The Leon Farris home will have holiday guests. Her mother, Mrs. J. G. Ford, aunt and uncle, Mr. and Mrs. Charlie Johnson, all of Roosevelt, Okla., will be here as will be their son, James, a student at the University of Texas.

HARALSONS' MOVE

Mr. and Mrs. Jack Haralson and daughters are happily settled at their new address, 701 West 17th, just in time for Christmas.

Expected here for the holidays is Mrs. O. R. McClure of Abilene as guest of the Joe Jacksons. Mrs. McClure is the mother of Mrs. Jackson.

Mr. and Mrs. Joe H. Rockwood and Helen of Midland will be here for Christmas Eve and Christmas Day with Mrs. Rockwood's mother, Mrs. John Cliffurt Hurt, Helen and J. C.

Mr. and Mrs. S. T. Bogan Jr., Douglass and Pat are holidaying in Quaque and in Tulsa, Okla., with relatives.

LUNCHEON SERVED

Turkey and lots of trimmings graced the Friday luncheon table where credit department personnel assembled.

Mickey and Eddie Kinney are

Gift Giving Greater At Yuletide

With the biggest gift-giving season of the year at hand—Christians accounts for 41 per cent of the gifts an average family buys each year—are new opportunities to put your creative talents to work dressing up packages.

Some wrapping paper, tags, tissue, enclosure cards, and tie-on decorations, mixed with a dash of imagination, is all you need to whip up your best batch of holiday packages yet.

First, a few simple, yet important rules to help you turn out professional looking packages.

Be sure to cut your paper the right size. It should extend beyond the end of the box no more than three-quarters of the depth.

Tap the lid to the box to prevent bulges, then lay the box upside down on the paper, being sure to center the pattern so that it shows to best advantage. Fold the paper around the box and seal. Miter the corners at the ends and seal.

Once your gifts are neatly wrapped, you're ready to let your imagination roam to decorate them.

Candy-Making Tips Are Time Savers

Like to make candy for gifts on special occasions? Save shallow tin boxes with tight lids. Line the boxes with foil or several thicknesses of waxed paper and mold your candy in the container. All you have to do then is to protect the top layer, seal and gift wrap.

Old-fashioned cooks liked to use marble slabs in making candy because when the sweet was poured onto the marble it cooled quickly. Nowadays some modern kitchens boast marble slabs, but they're used often for candy-making than they are for candy-concocting.

COSDEN CHATTER

Much Excitement In Holiday Preparations

Cosdenites are in a flurry of excitement, preparing for Christmas Day, entertaining guests, or preparing for hurried trips to visit friends and relatives. Numerous departmental parties prefaced the weekend.

The Jack Y. Smiths will have holiday guests, their daughter and her husband, the Louis McKnight of Perry, Okla.

Mrs. Lawrence is a native of San Bernardino, Calif., but her husband, a native Texan, hails from Coleman. Their mutual hobbies are bowling and cycling. Their bicycles, when they arrive, will be used frequently, just as in Japan where the vehicles are a popular

Mrs. Bill Horne, Billy and Anna, departed Saturday for Norman to have Christmas with their mother and grandmother, Mrs. W. H. Kay, and Mr. Kay.

Mrs. Julia Bonfield and Freda are in California for the holidays with their daughter and sister and her family, the Curtis Barnards.

Mrs. J. E. Smith and Teresa are in Abilene with relatives for the holiday season.

IN SAN ANTONIO

Sally Lane, with her parents, Mr. and Mrs. A. O. Lane of Odessa, will have Christmas in San Antonio.

Holiday guests of Mr. and Mrs. Mike Musgrave are his parents, Mr. and Mrs. T. P. Musgrave of Del Rio.

The Ray Scotts will enjoy Christmas dinner in Lamesa with relatives.

The "Jerry" Callahan home in Coahoma was the scene of the National Secretaries' Association's Christmas party Thursday night. Games provided diversion.

NOON PARTY

Service department personnel gathered Friday noon for the annual covered dish luncheon and gift exchange.

Mr. and Mrs. S. Gorman and Mike will drive to Colorado City on Monday for Christmas Eve and Christmas Day in the F. A. Derebus home. Mrs. Gorman and Mrs. Derebus are sisters.

Mr. and Mrs. C. R. Shouse of Miami, Okla., arrived Friday for the holidays with their son and his family, the C. W. Shouses.

A Christmas tree was enjoyed Thursday by personnel on the Petroleum Building's sixth floor. They assembled for a bountiful buffet. The festivity was also arranged as a birthday salute to Mrs. W. H. Kay.

MRS. JERRY PAUL NICHOLS

—Barr's Photocenter

Miss Taylor Is Bride Of Jerry Paul Nichols

Miss Rita Ann Taylor became the bride of Jerry Paul Nichols in a double ring ceremony performed by the Rev. John F. Martin, minister of Birdwell Lane Baptist Church, at 8 p.m. Friday evening in the East Fourth Baptist Church.

The bride is the daughter of Mr. and Mrs. Kenneth Taylor, 504 State St. Parents of the bridegroom are Mr. and Mrs. Oliver Nichols of RT 2.

White gladioli entwined with greenery formed an arch on the altar. Two candelabra, holding tall red tapers, were flanked by basket arrangements of green leaves and gladioli.

Accompanied by Mrs. J. P. Aslin, organist, Mrs. Darrell Jackson, sister of the bridegroom, sang, "I Love You Truly" and "Whither Thou Goest." The couple knelt upon a prie dieu as "The Lord's Prayer" was sung.

Given in marriage by her father, the bride wore a street length gown of white lace designed with long tube sleeves fastened with tiny

pearl buttons. The bodice was of tiered lace. A tulie cummerbund was worn at the waist of the softly pleated skirt. Her elbow-length veil of illusion fell from a pearlized, sequined, pillowbox hat. In tradition she had something old, something new, something borrowed and blue.

The bridal bouquet was a white orchid surrounded with clustered white carnations.

Attendants to the bride were the matron of honor, Mrs. Bill Coats, and the bridesmatron, Mrs. Dean Blake. They were identically attired in street length sheaths of red satin, matching slippers and small, veiled hats. Their bouquets were of red and white feathered carnations.

Serving as best man was Dois Ray, Groomsman was Ronald E. Shaw. Ushers were Pat McPhaul and Dick Charles Nichols, a brother of the bridegroom.

RECEPTION
A reception was held in Fellowship Hall of the church. With the couple in the receiving line were

their parents and members of the wedding party.

The refreshment table, covered with white linen, was centered with an arrangement of white carnations flanked by red candles in crystal holders. The three-tiered white cake was topped with red roses and a miniature bride and groom.

At the register was Miss Linda Kaye Taylor, sister of the bride. Attending from out-of-town were Mr. and Mrs. R. M. Kinman of San Angelo; Mr. and Mrs. Darrell Jackson of Andrews; and Mr. and Mrs. Garland Nichols, Knott.

For a wedding trip to an undisclosed destination, the bride wore a knit suit of amber, black accessories and an orchid corsage from her wedding bouquet.

The bride is a graduate of Big Spring High School, and attended the Medical Arts Clinic School of Nursing. She is now employed in the clinic.

The bridegroom, a graduate of Knott High School, served for two years in the military service.

REHEARSAL DINNER
A rehearsal dinner, given by the bridegroom's parents, was held in their home honoring the couple and their attendants. Thirty attended the dinner.

Get-Together Wools With At-Home-Look

The newest look for at-home evenings are elegant hostess gowns in all-American wool styled with either swirling skirts or slim columns slit at the knee.

The bride, given in marriage by her father, wore a wedding gown of white lace over satin, styled with chapel train. Her scalloped neckline was accented with seed pearls, and the sleeves were long and tapered. She carried a white satin Bible topped with white orchids surrounded by white mums.

Mrs. Jackie Corbell of Colorado City, the bride's sister, was matron of honor. Bridesmaids were Misses Carroll Little of Lorraine, Wanda Coker of Anson and Carol Jackson. De Anna Simmons and Sue Holman, all of Colorado City. Candelighters were Kenneth and Gary McIntire of Anson. Flower girl was Carla Corbell, and ring bearer was Kevin Herm, a cousin of the bridegroom.

Gerald Owens of Stephenville was best man; ushers were James Herm of Coahoma, Jackie Corbell of Colorado City and Darrell Sloan of Abilene.

Groomsmen were Brad Rose and Don Redwine of Colorado City; Thomas Vest, Marvin Wallingsford and Gary Parnell of Colorado City.

The bride is a senior in Colorado City High School.

The bridegroom, a graduate of Lorraine High School, attended Fort Worth College.

Dress a doll in this lace-ruffled bridal dress. Then stand her under the Christmas tree to thrill a little girl and add a fairytale touch to your Christmas decorations, too. Please order doll clothes No. 3224 by size for 16-inch, 19-inch and 21-inch dolls.

Send 35 cents in coins for this pattern to IRIS LANE, care of Big Spring Herald, Box 1490, New York 1, N. Y. Add 5 cents for third class or 10 cents for first class mail. New Fall-Winter Pattern Book 50 cents. Add 15 cents extra if you wish it sent by first class mail.

Magazines, Books Head Their List

Boys and girls in the age group from 3 to 6 prefer color books and magazines ahead of toys, but they like trains, paints and knitting sets. Next come skates, skis and sleds, followed by robes, pajamas and underwear. Surprisingly, 77 per cent said they liked everything they received, and 31 per cent said they got everything they wanted.

But their comments betrayed their feelings: "My pajama pants are too big," "I might never get to read books because Mommy is too busy to read them to me," "The shovel I got was too big," "The racing car is too dinky and little—it makes a loud noise and doesn't work," "I got a jumping thing that you wind up and jump over. It wears me out."

Among presents received by girls in this group, dolls rated highest as best liked, with the boys plumping for the mechanical department, including cars, trucks, trains, bulldozers, fire engines, toy cannons, and a missile set "that fires." Other special favorites included games, paints, crayons, stuffed animals, policeman's suits, skates, sleds, a shaving set (complete with soap, brush, razor and hand-suds), blue mittens, and a toy grinding gadget in which you insert ice and flavors and eat the snowy results. This latter item also turned up on the list of things wanted but didn't receive. Other things on the most-wanted list included an Army suit, snowplow truck, flashlight to play "spooky house," and an easel.

Seasoning Blended

A French recipe call for a bouquet garni? In a cheesecloth bag tie together a bay leaf, several peppercorns, a few cloves, some parsley sprigs and celery leaves and a sprig of thyme.

Holiday Visitors On Highways And Byways

Big Spring (Texas) Herald, Sunday, Dec. 23, 1962 5-C

Meet Madame President

A member of the Planters Garden Club for the past four years, Mrs. E. O. Sanderson now serves as president of the organization.

She and Mr. Sanderson, a building contractor, have three sons, J. O., who lives on Knott Rd.; Harry of Big Spring, and Gerald Sanderson of Worms, Germany.

The Sandersons are members of the Westside Baptist Church, where she has served as associate superintendent of the junior Sunday school department for 23 years. For the past eight years she has been director and councilor for the Junior Girl's Auxiliary. Also, Mrs. Sanderson has substituted as a teacher in the intermediate department of the church school, and is vice president of the Vota Vita Sunday school class.

MRS. E. O. SANDERSON

Decorations Judged At Garden City

GARDEN CITY (SC)—Garden City School decorations were judged Wednesday afternoon, with first place award made to the seventh grade; the library, second; and the junior class, third.

The senior class sponsored the annual Christmas party in the high school building. A girls' sextet sang "Oh, Come All Ye Faithful," "Silver Bells," and "Rudolph the Bow-Legged Cowpoker." Father Ernest from Big Lake brought the Christmas message. After group singing by the student body and refreshments, the gifts were distributed.

The annual Christmas program

will be given by the Presbyterian, Baptist and Methodist churches tonight, at 6 p.m. There will be a community party afterward.

**Bride-Elect**

Miss Brenda Joy George's engagement and approaching marriage is announced by her parents, Mr. and Mrs. Marvin George, Stanton. Miss George will be married to Ronald Shelton Hubbard, son of Mr. and Mrs. B. S. Hubbard Jr., Big Spring, at the First Baptist Church, Tarzan, Jan. 27. Both Miss George and Hubbard are students at Texas Tech.

Mrs. Lancaster Is Hostess For Party

FORSAN (SC) — Mrs. Paul Lancaster entertained in her home for a Christmas party in her home for employees of the Amerada Oil Company. Gifts were exchanged from the family Christmas tree.

She also entertained for her daughter, Elizabeth, on her seventh birthday. Thirteen guests attended and were presented with favors of blowout horns and served refreshments.

Junior Department Has Church Party

FORSAN (SC) — The junior department of the Forsan Baptist Church had its annual Christmas party in the fellowship hall of the church on Friday evening. About 15 members of the department, plus their teachers, Mrs. C. L. Gooch, Mrs. J. H. Cardwell, Mrs. Mac Robinson and Mrs. Elmer Patton, were in attendance. Gifts were distributed from the Christmas tree and refreshments were served to the children.

MRS. A. L. HARRISON of Maude is visiting her son and his family, DR. and MRS. PRES-TON HARRISON. •

MIKE JARRATT and VINCENT FRIEDEWALD, roommates at Southwestern Medical School at Dallas are here for two weeks

MRS. HILA WEATHERS is in Van Nuys, Calif., to spend the va-

A happy Christmas is in store for BILL GAGE who has been dismissed from a local hospital after being hospitalized for almost three months. He came home Friday and is looking forward to visiting his friends who are invited to come by for a chat.

MR. and MRS. WAYNE LOWRY of Bridgeman, Mich., arrived Saturday to visit their parents, MR. and MRS. M. S. WARREN, 606 E. 16th St.

MR. and MRS. JACK JOHNSON are looking forward to the arrival of their brothers and their families for a holiday visit, the first time the sister and two brothers have been together in seven years. MR. and MRS. J. E. SEABOLT and Kurt will come from Nederland while MR. and MRS. B. H. SEABOLT and John will journey down from Hagerstown, Md.

Incidentally, the Johnsons have recently celebrated their 25th wedding anniversary and on the anniversary day received a card from a daughter, MRS. ROSS PIKE, who lives in Big Spring. The next day they received a card from the other daughter, MRS. TONY STARR, who lives in Honolulu, Hawaii, and the cards were identical.

One of the best Christmas presents for MR. and MRS. BOB SATTERWHITE came Wednesday night when they received a telephone call from their son, ENSIGN BILLY BOB SATTERWHITE from his station in Adak, Alaska. They talked for 20 minutes about everything they could think of. It was snowing heavily in Alaska and raining hard here but the connection was fine. Ensign Satterwhite said he would be flying Christmas Day and wanted his parents to wish all his friends here a Merry Christmas for him. He expects to be back in Oak Harbor, Wash., about Jan. 10 where his wife is at present. She is the former MARILYN MANN.

A big Christmas present for MRS. F. W. BETTLE was a round trip plane trip to Flushing, Queens, N. Y., from her son-in-law and daughter, MR. and MRS. G. TAKARO who live in Flushing. Mrs. Bettle went by train to Dallas Thursday night and was met Friday morning by MRS. SEARCY WHALEY, a daughter-in-law who took her to her new home for a layover visit before plane time. Mrs. Bettle plans to return here Jan. 14.

MRS. HILA WEATHERS is in Van Nuys, Calif., to spend the va-

cation days with her daughter and her son-in-law, MR. and MRS. VINCENT FRIEDEWALD.

with their parents, MR. and MRS. F. W. JARRATT and DR. and MRS. VINCENT FRIEDEWALD.

DR. and MRS. H. M. JARRATT were in Sweetwater Thursday night for Mrs. Jarratt to present a program of piano and organ Christmas selections for the Antheneum Study Club. Prior to the presentation, the Jarratts were dinner guests of DR. and MRS. H. W. MCINTYRE at their home.

Guests in the home of MR. and MRS. H. G. KEATON are her sister, MISS MALVIN MORTON of Chicago and DR. and MRS. A. A. LEDBETTER JR., and their little Abby who are stationed at Ft. Hood.

MR. and MRS. H. C. STIPP and LEWIS PRICE are in Houston where the Stipps will spend the Christmas holidays with MR. and MRS. LOUIS STIPP and David, and Mr. Price joined Mrs. Price at the home of their son-in-law and daughter, MR. and MRS. ERNEST POTTER and their family.

H. W. SMITH has joined Mrs. Smith in San Antonio at the home of their daughter, MRS. FRANK HOWELL, and Dr. Howell and their children, to spend the holidays.

MR. and MRS. BILL BRADFORD and Lavelle will spend Christmas in Houston at the home of their parents.

BILLY G. McILVAIN of Burley, Idaho, arrived Saturday evening to spend Christmas in the home of his parents, MR. and MRS. BILL McILVAIN on the Wilkerson ranch. Christmas Day will be a big one for the family who will be joined by the five sisters of Mrs. McIlvain and their families. They include MR. and MRS. GRADY L. HODNETT, Kirby Lynn, Donnie, Terry and Vicki Lou of Lamesa, and Mr. and Mrs. F. F. McGowan, Mr. and Mrs. C. E. McDaniel, Mr. and Mrs. W. L. Osborne and Roy Lee, Mr. and Mrs. Willie McDaniel and Temple. Others who will join the group are Mr. and Mrs. Denny McGowan and Judy of Odessa. About 30

are expected for the day which will include a huge Christmas tree and gift exchange along with the traditional meal at noon.

MR. and MRS. ROSS PIKE and their son, John, will spend Christmas with his parents in Wichita, Kan.

MR. and MRS. CHARLEY JOHNSON and Charles Craig, of St. Louis, Mo., and JUDI SHIELDS of Tulsa, Okla., arrived here Saturday for the holidays with their parents, MR. and MRS. C. E. JOHNSON and MR. and MRS. RICHARD SHIELDS.

MR. and MRS. C. C. JONES are spending the holidays in El Paso with MR. and MRS. C. W. HARPER.

MR. and MRS. JOHN KNOX Sue will visit over the holidays in Monahans with MR. and MRS. TRUETT POER, and in Pecos with the W. H. KNOXES.

MR. and MRS. DAN CONLEY are to spend Christmas in Palo Alto, Calif., with their son and his family, MR. and MRS. JIM-MY CONLEY and son.

MR. and MRS. PETER SMITH and their four children of Alameda, N. M., were overnight guests Saturday in the home of MR. and MRS. LARSON LLOYD. They were en route to Dallas to spend Christmas.

Thirty-five employees of Piggly Wiggly held their Christmas dinner party Tuesday night at the Settles Hotel. Feature of the evening was the reading of "Buying Happiness" by Mrs. W. A. Hunt. The group exchanged gifts from a big tree.

Cub Den 4, Pack 138, spread

**Plans Marriage**

Announcement is made of the engagement and approaching marriage of Miss Lyn Nell Mason, daughter of Mrs. A. B. Mason and the late Mr. Mason of Coahoma, and Doris Orville Ray, son of Mr. and Mrs. D. M. Ray, Route 1, Big Spring. The wedding is planned for Jan. 26 at 7:30 p.m. in the Coahoma Methodist Church.

some Christmas cheer at the Vaughn Rest Home last week by bringing a fruit basket to the elderly patients. MRS. LETHA BLAIR is the den mother.

Guests in the home of Mr. and Mrs. Ben Erwin on Christmas Day will be Mr. and Mrs. W. A. Shaw and from Midland, Mr. and Mrs. Richard Frazier.

Mr. and Mrs. Helen Harris and family will be in Burkett for Christmas to visit her mother, Mrs. Emma Golson and his parents, Mr. and Mrs. Quinn Harris.

The L. D. Coppedge family will be joining other relatives for a family reunion with her mother, Mrs. George Allen, in Abilene. Mrs. Allen has nine children and

45 or 50 people are expected for the event.

The W. C. RAGSDALES left yesterday to spend Christmas with their parents, the J. L. TURNERS in Tyler. En route they will visit briefly with his brother in Fort Worth. They will be accompanied as far as Dallas by Mrs. E. W. DOZIER who will be meeting there with her children from El Campo, Little Rock, Ark., and Washington, D. C.

MRS. DON ANDERSON and son, Pat, will spend the Christmas holiday with MR. and MRS. WARREN ANDERSON and son, Alan, in Dallas. The men are sons of MR. and MRS. V. T. ANDERSON of Big Spring.

New Water System Was Early Christmas Present

By SAM BLACKBURN
FORSAN—Forsan's best Christmas present was delivered to the residents of this little city a couple of weeks before Christmas Day but no one complained.

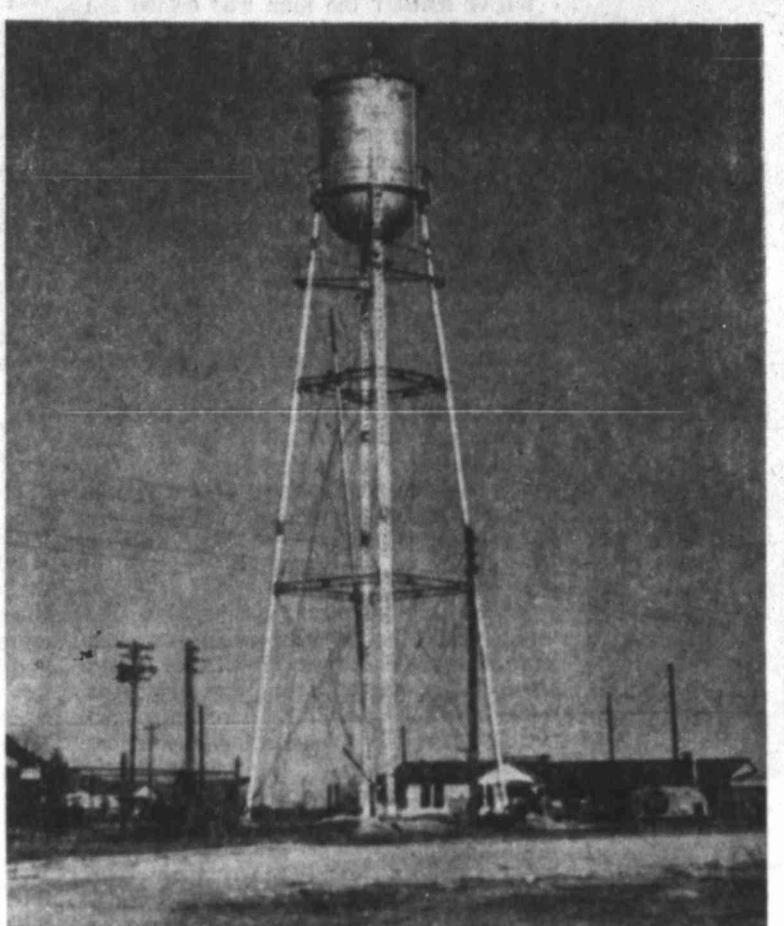

It wasn't Santa who brought the gift; it was a bunch of husky workers who put the final touches to the town's new water system by tying the final joint of pipe into the new 50,000 gallon storage tank atop its 80-foot tower.

The final result is a steady flow of crystal clear water at good pressure—something Forsan folk have not enjoyed for a long, long time and something they saddled themselves with a \$50,000 debt to enjoy.

The first flow of water in the taps through the new city water system was an occasion for celebration on the part of the 75 patrons of the department and a day when the Forsan City Council could heave a sigh of relief at a job completed.

The final task was the installation of a lead-in line from the base of the storage tank to the pipeline. Cathey Construction Company, Big Spring, workmen finished that job early last week. Cathey had the contract to raze a 50,000 gallon steel storage tank at Handley, where it had been bought from the Texas Electric Service Co., bring it to Forsan and re-erect it on its tower.

Forsan City council bought the tank from TESCO for \$300. It cost \$6,500 to tear it down, bring it to Forsan and put it back in service. Reinstalation of the tank was the final step in the water system

FORSAN'S NEW WATER STORAGE FACILITY
County Town completes water system improvement

renovation for Howard County's youngest incorporated town. It climaxed a project which began early in 1962 and was financed by a bond election last March at which Forsanites agreed to go in

debt for \$50,000 to provide their town with adequate water. The vote was 55 for and 23 against the issue.

The bonds were sold April 17. When the money was on hand,

the first deal the city council had to make was to buy the old, privately owned, water system from its two owners—Mrs. Wilma Smith, Corpus Christi, and D. W. Day, Big Spring. The property included two water wells, one 12,000 gallon and one 1,200 gallon storage tank, one pump and what existed of the original water lines. The council paid \$5,800 for the system.

A contract was awarded to R. B. Hodgson, Midland, for a completely new line. Contract called for 375 feet of 6-inch pipe; 4,350 feet of 4-inch line and 5,650 feet of 2-inch line. The new system was laid along the streets where the old lines had been in the alleys. While the lines were being laid, the old system continued in service.

The cost of the new lines was \$30,720.

Most of the 75 water patrons have had to install new feeder lines from the city system to their houses. The old lines, lacking adequate storage facilities and choked with rust and silt after more than 15 years service, were kept working until the new line could be tied into the new storage tank.

KEEP OLD TANKS

C. J. Lamb, mayor, said the old storage tanks will be kept in use as emergency water supplies. Meantime, the new tank with its 50,000 gallon capacity, is almost big enough to absorb the maximum pump potential of the two wells. The wells are 265 feet deep.

The problem now—and it isn't a real problem—is how to make a \$50,000 bond issue stretch to cover a total expenditure which will probably exceed that amount.

No one is worrying about it. Forsan is revelling in its water supply—plenty of pressure, plenty of good pure water.

It was to insure this sort of water supply that the people of this community voted to incorporate themselves into a legal town.

District Prepares For New Contract

If a contract to supply Sun Oil Company with water for a northern Coke County waterflood project is executed as expected early in January, the Colorado River Municipal Water District is going to be ready to move.

Groundwork for issue of revenue bonds, approximating three million dollars, is being laid. Approval of the contract, which previously was given substantial agreement, will

Church Schedules Special Program

Members of the First Church of God will observe the annual Christ Birthday program today at 7 p.m., under the direction of Mr. and Mrs. Raymond Stevenson and Mrs. V. Ward Jackson. The offering will go to missions.

Each member of the church is urged to give a gift to Christ comparable to the most expensive gift which he plans to give at Christmas time.

The title of the pageant is "The Holy Nativity." The church choir, children from the Sunday school, and members of the Youth Fellowship will participate in the pageant.

The minister, Rev. V. Ward Jackson, extended an invitation to the public to attend the service.

Postpone Meetings

The Unitarian Fellowship will resume meetings Jan. 6 at the YMCA building. Meetings during the holidays have been postponed.

In November, 1948 he enlisted in the Air Force as a technical sergeant and was stationed at Lowry AFB, Colo. Five months later he went to Germany for duty on the Berlin Airlift. He worked on C-54 aircraft which were used on the coal run from Wiesbaden to Berlin. In May, 1951, he received a commission as a second lieutenant.

In 1952 he attended squadron officers school at Maxwell AFB, Ala., and then in 1953 he went to the aircraft maintenance officers school at Chanute AFB, Ill. Upon his return from Germany in 1956 he was assigned to Webb and during the next six years held duties as field maintenance officer, workload control officer and group maintenance administrative officer, all in the 3560th M&S Group.

He is married to the former Dorothy L. Brines of Boulder, Colo. They have three children: Joan (married to Wilbur L. Tucker, Big Spring), Suzanne, 16, and Patricia, 13. The Smiths also have a grandson.

Mrs. Smith was active with the Webb AFB Gray Ladies and served as chairman for one year.

Youth To Hand Out Booklets

A booklet challenging youngsters to teen-age evangelism will be distributed here by the youth of the First Assembly of God, the week of Jan. 6-13.

Teen-agers throughout the nation will be distributing the tiny booklet, titled "Chicken," during the Week of Prayer of Assembly of God churches. Termed "Operation Saturation," the youth hope to get one of the booklets into the hands of every young person in Big Spring.

The book was written and used by the Rev. David Wilkerson, director of Teen-age Evangelism, New York City.

A Devotional For The Day

When they were come into the house, they saw the young child with Mary his mother, and fell down, and worshipped him. (Matthew 2:11.)

PRAYER: "O heavenly Father, give us the wisdom to see ourselves as we are; give us the humility to accept ourselves as we are; and give us the faith to know that Thou wilt accept us as we are and make us what we ought to be, through Jesus Christ our Lord. Amen."

(From The 'Upper Room')

Where Christmas Begins

Now we come to Christmas, that wonderful season of the year when we are given over to bemoaning that Christmas is not like it used to be or what it ought to be.

There probably was never a Christmas, since people began consciously to observe it, that was quite all that it should be. Over the centuries, it has been forgot, revived, popularized, commercialized and corrupted. Worst of all, it has become a temptation for some to criticize how others keep or do not keep it.

Now, as in the cavalcade of years long gone, there is nothing except one's self

to bar an individual from a purer, richer observance of the season. After all, it does commemorate the birth of Christ and reflects God's love toward man. What better way then to mark it than to love one another, to forgive one another, to care for one another, to respect one another, and to do the many other things for which Christ lived the example?

These are the attributes which must spring from the individual heart and flow out day by day in expressions which are oblivious to the failures and foibles all about us. The real spirit of Christmas begins in a single soul.

Chamber Leadership

Dr. Carl B. Marcum has been elected to the presidency of the Big Spring Chamber of Commerce as the successor of Roy B. Reeder. The new president is well equipped to serve in what could be a significant year.

Like others who have filled this place, he will operate from a platform of service built by his predecessors and by all those who support the Chamber as its members and its workers.

This is particularly true at this time, for during the past year under Reeder's leadership the Chamber has accomplished considerable in revitalizing its program, in consolidation, in strengthening the organization and financial structure, in firming up its whole area of activity. These things, rather than the spectacular which

often gets the dramatic play, constitute the effectiveness of such a cooperative undertaking.

Our Chamber is wisely and consciously embarking on a period in transition, utilizing its seasoned and devoted workers of many years and at the same time drawing in younger hands and talents. Thus, we will gain the benefits of experience as well as renewed leadership.

We have gone through a period of re-coupling, appraisal, adjustment, and planning. There will be a necessity for continuing these things, but we also will be called upon to tackle the hard job of execution. Much of this could not be accomplished but for what has been done up to now, and much of what has been done so far could lose meaning without execution.

Holmes Alexander

The Federalists: American And African

SALISBURY, Southern Rhodesia—Hamilton and Madison, co-authors of the Federalist Papers and promoters of the American Federation, make an astonishing parallel with the two chief builders of the Federation here—Sir Roland Welenky and Sir Edgar Whitehead. It is not a precise analogy (history abhors sameness), but it serves.

THERE'S ALEXANDER HAMILTON, called Sandy by his friends, and by John Adams "the bastard brat of a Scot peddler," an illegitimate West Indian, a boy wonder whose writing brilliance won him a prize in his teens and brought him to King's College (now Columbia U.) in New York, where he became a fiery revolutionist, an intrepid soldier who was first over the ramparts at Yorktown, the best brain in Washington's Cabinet, a fighter who died as a duelist.

THERE'S ROLAND WELENKY, born in 1907, called Roy, taunted as a Jew, self-educated as he read Marx, Mill, Shakespeare, Robert Service and Arthur Conan Doyle by the light of the locomotive engine of which he was the driver. A colossus of a youth, he was heavyweight champion of Rhodesia at 19, lost the title at 20 in a brutal knockout by Doug Hammom, fought a few more times for money and became instead a fast-fisted labor leader in the mining districts of Northern Rhodesia. Like Hamilton, he married a fine woman and went on to the heights—a knighthood and then to become Prime Minister of the Federation of Rhodesia and Nyasaland.

THERE'S JAMES MADISON, called Jimmy by friends, and "a withered little applejohn" by Washington Irving. No soldier but a scholar, a poor wartime President but a statesman nonetheless, pedantic and colorless, Madison was the complement of Hamilton in the federation days, becoming progressively more liberal in the Jeffersonian tradition while Hamilton became more conservative until he was far to the right of his own party.

There's Sir Edgar Whitehead, born in 1905, educated at Oxford, son of a baronet, holder of many high appointive positions, a dependable and soldierly man, a grumpy bachelor and unexciting personality, a riser to the top by merit and brain power, as Madison was. His party was overthrown in the December 14th election, but he is still a political powerhouse, growing more liberal with age.

WELENKY AND WHITEHEAD, like Hamilton and Madison, helped put together the Federation in the 1950's, and are trying to hold it together in the 1960's. Everybody likes the hearty, blustering and sometimes blundering Welenky. Everyone knows the hard-of-hearing, taciturn, no-personality, every-inch-of-integrity

"I BELIEVE in private enterprise—to the point where it is in the interest of the community—but when it gets to the stage where it is likely to be harmful, then I believe in State enterprise. I would allow private enterprise (in the best sense of the word) full scope"

"Federation, which is itself an act of faith, is only now to be put to the test, and it is therefore too early to say whether the spirit of (racial) partnership . . . will prevail. I believe that it will."

WHAT FORCES are mounted against the federation of these former British possessions in Central Africa? One force is the changing political climate in Britain, where the Conservative party is singing a doleful swan song and the Socialists are rising again.

Another is the American attitude that presses from two directions. One pressure is to uphold and represent the \$87 million business investment by American firms which require political stability. The other pressure is the American policy, which calls for universal suffrage, at a faster pace, leading almost certainly to African rather than European leadership in the Federation.

THE STRONGEST FORCE against Welenky's powerful maintenance of law-and-order is the impatient, resentful, white-man-go-home surge of Pan Africanism, inside and outside the Federation's borders. Both British and American attitudes lean toward Pan Africanism and give it added strength.

It would seem a hopeless battle for Sir Roy—except for one factor. As Napoleon was Corsican and Burke was Irish, yet each was a great Frenchman and Briton, so Welenky is Polish and a great keeper of the English tradition.

THE UNKNOWN FACTOR is that he seems gifted with genius which rises above all other considerations. Already he is called The Rhodesian. He may end up being called The African, not a racial term at all, but a continental one.

A MIGHTY TIGHT SQUEEZE

Texas' Top News Stories

No. 1 Spot No Comfort For Billie Sol

By RONNIE THOMPSON
Associated Press Staff Writer

Being tabbed Texas' big newsmaker in 1962 is probably little consolation for Billie Sol Estes, the pudgy West Texas promoter whose multi-million dollar empire crumbled into bankruptcy.

Texas editors, voting in the annual Associated Press poll of the Top 10 Stories of the Year, named the Estes scandal the state's top news story of the year.

There were many big ones, though.

Texas elected a new governor . . . investigators tried to straighten out crooked oil wells . . . Texas' ex-Maj. Gen. Edwin A. Walker walked into trouble in New life in state politics.

AND THE University of Texas Longhorns, for a while the No. 1 team in the nation, paved an unbeaten path to the Southwest Conference championship and the Cotton Bowl.

Here are the top 10 story ranking as selected by the editors who put them in your newspapers. (First place votes in parentheses and total votes at the right):

1. Billie Sol Estes (19)	199
2. Texas Political races (1)	164
3. Slant oil well scandal	132
4. Former Maj. Gen. Walker	63
5. GOP upsurge in Texas	60
6. Nine new astronauts	55
7. Probe of Henry Marshall's death	53
8. Disagreeable Texas weather	51
9. Special session of Texas legislature	38
10. The University of Texas Longhorns	28

ESTES WAS almost a unanimous choice for the No. 1 spot, taking all but one first place vote. One editor picked Texas politics first. First place votes counted 10 points, second place, nine, and so on.

From the start newsmen felt Estes' downfall was one of the great scandals of our time. Broke and tired, the West Texan has since been involved in tedious legal questions and faces even more.

A Tyler district court jury sentenced him to eight years in prison following a month-long trial on swindling charges. The

ST. LOUIS (AP) — Sgt. Terence St. Louis said his name and the name of this city should be pronounced "St. Louis."

St. Louis is stationed at Scott Air Force Base, Ill., about 15 miles from St. Louis.

MEET ME IN ST. LOUIS, Looie

ST. LOUIS (AP) — If Glendale dogs are a little confused, there may be a reason.

The Dog House Cafe has this sign in the window: "No Dogs Allowed."

GLENDEN, Wyo. (AP) — If Glendale dogs are a little confused, there may be a reason.

The Dog House Cafe has this sign in the window: "No Dogs Allowed."

ONE STORY that did not develop after ballots were in the hands of voting editors was the dramatic kiss-and-kill murder trial of an Odessa teen-ager, John Mack Herring, at Beaumont. Undoubtedly this story might have figured high in the ratings.

FOLLOWING bloody rioting that erupted as the federal government forced integration on Ole Miss, Walker was indicted by a federal grand jury on charges of insurrection and sedition conspiracy. A court battle on this is yet to come.

Other top stories that made big headlines in Texas when they broke included the naming of nine new astronauts at NASA's manned spacecraft center near Houston; some of the most disagreeable weather in memory during January, and the special session of the Texas Legislature.

Decorating The Christmas Tree

Art students at Goliad constructed a Christmas tree of cellophane bags for the State Hospital. Sue Frazier and Bill Moser put the final touches on the tree.

Goliad Art Classes Make Holiday Tree For Hospital

By KAREN ELROD

Goliad's Christmas Assembly program featured the band and choir doing several arrangements of Christmas carols. One feature was a vocal solo by Elizabeth Hayworth, soprano. Russell McKissick and Don Morton directed the music and Irving Fisher acted as narrator.

This year's Christmas dinner in the cafeteria was served Wednesday.

Christmas activities included the faculty dinner Tuesday evening, the FFA December meeting honoring the girls' mothers, and the yearbook staff dinner Thursday.

Art classes, taught by Mrs.

Burks, made a beautiful Christmas tree to give to the state hospital.

The library offered many new books to be checked out during the holidays. From 12 to 15 new books have been out daily. Also, the new electric charge machine is now in use.

Classes will resume Jan. 2. Merry Christmas to all.

McCombs, Kirby Are Mr., Miss Front Page

By MARY NEWTON

The special Christmas edition of the Round-Up was sold Thursday. This issue contained the pictures of Miss Front Page, Carol McCombs, and Mr. Front Page, Milton Kirby, who were elected by the student body. Letters to Santa Claus were also in this issue. Hughlon Marberry, eighth grade, has recently joined the Round-Up staff as sports writer.

The Student Directories were issued Wednesday. The directory contains all the students' addresses and telephone numbers.

The Melody Maids, girls' vocal ensemble, gave a Christmas program at the Lions Club, ABC Club, and the state hospital this week.

The Christmas assembly Thursday afternoon opened with the band playing several Christmas favorites, including a special arrangement of "Jingle Bells." The choir told the Christmas story in song and verse plus "The Night Before Christmas." The latter arrangement featured these soloists: Georgia Spalding, Jan Millan, Sherie Shiple, Sybil Smart, Pat Ball, Lou Sullivan, Duanne Parcell, Sheryl Gambill, and Mary Newton. Student Council members, Bobby Griffith, Susie Engle, and Sarah Smith also took part in the program.

Following the assembly, home room parties were held before students were dismissed for the holidays. School will resume Jan. 2, 1963.

The Future Homemakers delivered card tray favors to the Veterans Hospital. Class meetings featured the program, Christmas

Dance Tickets Now On Sale

By KAREN KEE

Approximately 100 Y youth enjoyed a Christmas program presented by the Kappa Xi Tri-Hi-Y last Monday evening. The program which consisted of a devotional by Nancy Moore and a Christmas reading by Jane Thomas was climaxized with the lighting of individual candles while the group sang "Silent Night."

Before the program some twenty senior girls and their mothers were dinner guests of Mrs. Jane Thomas. On behalf of our club I would like to thank Jane not only for the lovely dinner, but also for the wonderful job she and our other sponsors, Charlene Driver and Gay Neil Harper, have done directing the senior girls' club.

Mrs. Dorothy Tow is the winner of a \$50.00 gift certificate from Zack's. The sophomore girls sold tickets on the certificate as a money-making project.

Twenty-one delegates to youth and government met in Judge Carpenter's office Thursday to sign an official commission for the trip. The delegation from Big Spring consists of eight seniors, eight juniors, nine sophomores, and five sponsors. Three additional representatives were elected to attend this week. They are Christi Liles, Joyce Davidson, and Nancy Hedlestone. The group will leave Dec. 27 and return Dec. 30.

Don't forget to buy your tickets early for the semi-formal New Year's Eve dance featuring the Classics. Tickets may be purchased at the YMCA for \$3.00 per couple. No stags will be admitted. Reservations must be made in advance.

MEGAPHONE HALTED BY HOLIDAYS

The Megaphone will not appear in the December 30 or the January 6 issues of the Herald due to the Christmas holidays.

Be sure to read the Megaphone on January 13.

Classes will resume Jan. 2. Merry Christmas to all.

Home Economics Girls Stage Style Show For Mothers

By MARIE GRAHAM

Several holiday activities filled the last week of school before Christmas at Sands High School.

The following activities took place: The Library Club held its party Dec. 17 in the cafeteria; a home economics style show was presented at the Tea for Mothers

on Wednesday; the all-school assembly featured Rev. Alber Cooper on Friday, and the high school party was held on the patio of the new addition.

The Christmas holidays officially began at SHS Friday. High School teachers visiting their families are: Mr. and Mrs. R. N. Pierce, Gordon; Mr. and Mrs. Arnold Oates, Palestine and Paris; Miss Jane Laetsch, Houston; M. B. Maxwell Jr., El Paso; Keith Bray, Muleshoe; Mrs. Ancel Harry, Mr. Rowland Mullins, and Mr. Arlan White are remaining in the area, visiting with their families.

Everyone attending the Sands tournament enjoyed the fine work and wonderful sportsmanship displayed by the teams entered. Appearing at the tournament were several familiar faces home from college to enjoy the Christmas holidays. Several were Mike Kemp, Judy Roman, Larry Hall, and Reba Bodine.

Wednesday, Jan. 2, the students begin a new year of school.

The second semester begins January 18.

Happy holidays!!

Reeves Is Prexy

PLAINVIEW — Thomas Edward Reeves, son of Mr. and Mrs. Edward L. Reeves, South Route, Coahoma, was recently elected vice president of the newly organized Wesley Fellowship at Wayland Baptist College, Plainview. The organization, which has 30 members, is composed of Methodist preference students.

Reeves, sophomore mathematics major and biology minor, is a transfer student from the University of Alaska, Fairbanks, where he attended college the previous semester. He is a 1961 graduate of Coahoma High School.

The girl's basketball team entered in the Sands tournament. The boy's team was in a tournament at Ft. Stockton.

Classes will resume on Jan. 2, 1963. We'll see you after the holidays!

Adjustment

Tony Franciosa cheers up newlywed Jane Fonda by telling her that her unexpected marital problems with Jim Hutton require only a period of adjustment. The scene is from the film version of "Period of Adjustment," Tennessee Williams' first Broadway comedy. The film is the Christmas offering at the Ritz Theatre.

The War Lover

Wounded Steve McQueen and co-pilot Robert Wagner fight to keep their crippled B-7 flying in this scene from "The War Lover," World War II drama about a man who found a special delight in the brutalities of destruction. The film will play Saturday at the Ritz Theatre.

Plenty Of Entertainment For Holiday Season Here

There is plenty of entertainment, movie-wise, for the holiday period. Just about every taste will be represented at the theatres, and the number of listings on the playbill has been just about doubled from usual. The movie fan thus will have a wide range of choices throughout the week, both in number and variety.

Topping the bill is "Period of Adjustment," in which Jane Fonda, daughter of actor Henry Fonda, makes her first really important appearance. This film is by Tennessee Williams and is his first comedy, originally written and successfully produced on the Broadway stage.

"Period of Adjustment" finds Miss Fonda, a newlywed, discovering there are thorns in the marital bed of roses—and a friendly couple of "old" marrieds tries to straighten them out, only to get tangled up in unexpected difficulties themselves.

The film begins Christmas Day at the Ritz Theatre, and co-stars Anthony Franciosa.

About the only picture with a religious theme is "Samson," a classic which is now showing at the Ritz, on a double bill with a U.S.—Japanese film, "Miracles of the World."

TV favorite Steve McQueen will be seen in "The War Lover," as a World War II bomber pilot who finds a sadistic joy in the brutalities of war. It has some good action shots, with an about-average plot.

HORROR WITH HISTORY

Lovers of the horror theme will have their kicks at a special Saturday midnight show starring Vincent Price, as the evil King Richard III. "Tower of London" contains all the usual horror ingredients, Richard being the kind of man he was, but it is a cut above the average in that it is valuable historically.

King Richard, incidentally, was famous for the words, "A horse, a horse, my kingdom for a horse!" His cry was uttered at the climactic battle which spelled the end of

JAMES STEWART

GRACE KELLY

ALFRED HITCHCOCK

A Classic Returns

"Rear Window," one of Alfred Hitchcock's classic successes, returns to the Jet Drive-In Theatre tonight. Starred in the suspense drama is James Stewart as a photographer with a broken leg who spends his mending time peeping out his rear

tic battle which spelled the end of later extended down the peninsula, only to be hammered into submission by Charlemagne and his Frankish legions.

CLOSE TO HISTORY

The plot stays pretty close to history, except for the fact that Madison's character was as much a heel as his foe. Hollywood does stretch a point here and there, as is to be expected, and the Teutonic armies which spent several hundred years carving up Rome were not so numerous as the film depicts. Certainly, one should not be led to believe the studio publicists' proclamation that Albion was "mightier than Attila the Hun" or "more feared than Genghis Kahn."

But the bloody battle scenes are what one has come to expect from a U.S.-Italian effort, which the kids usually find wild enough. And the story does accurately reflect the barbaric cruelty of our Aryan ancestors before they finally became Christianized.

"Reptilicus" continues the State's playbill the day after Christmas. This is a U.S.-Danish science fiction film with a reverse twist of the plot and an O. Henry ending. Seems some Danish engineers working in the far north drill through a mass of ancient, frozen flesh, and take it home. There, the scientists discover the thawed flesh is growing, and they watch it in fascination. It grows into a reptilian monster that sets out to destroy the world.

TAIL WAGGER

Thus, the twist, it is known that the salamander, among other creatures, can grow new parts, although a salamander's tail cannot grow a new salamander. It would seem that "Reptilicus" is a case of the tail wagging the monster. The Jet Drive-In Theatre leads

A Horse

No, it's Vincent Price starring as base, cowardly Richard III, whose only claim to immortality lies in the words he cried on a bloody battlefield while his kingdom fell about him: "A horse, a horse; my kingdom for a horse!" The film, "Tower of London," will be a special midnight feature Saturday at the Ritz Theatre.

William Holden is shown with French actress Capucine in a scene from "The Lion." The film plays next Friday at the Ritz Theatre.

William Holden is shown with French actress Capucine in a scene from "The Lion." The film plays next Friday at the Ritz Theatre.

Social Error

OAKLAND, Calif. (AP) — Was Richard Click mad? The car behind his was trying to crowd into his parking space.

Click, 46, stepped out of his auto and walked back to have a few words with the rude motorist. No one was in the other car. Click accidentally had hooked its bumper to his car's trailer hitch and had towed it two miles from Alameda across a bridge to Oakland. "My car did seem to drag a little," Click told police.

MEMPHIS, Tenn. (AP) — This Christmas essay with a blazing finish was turned in by a Memphis second grader:

"Once upon a time Santa-Claws came down the chimney."

"It was lit."

Big Spring (Texas) Herald, Sunday, Dec. 23, 1962 5-D

The Conqueror

Jack Palance portrays Albion, king of the Lombards, German tribe that conquered a portion of northern Italy during the latter days of Rome, in "Sword of the Conqueror," now showing at the State Theatre.

Pirate Battle

Kerwin Mathews does battle with pirate chief Christopher Lee in this scene from "The Pirates of Blood River." The swashbuckling film opens Wednesday at the State Theatre on a double bill with a monster movie, "Reptilicus."

Spirited Menu For Symphony

A spirited musical menu will be served up to members of the Big Spring Concert Association here March 19 when the Dallas Symphony makes its appearance.

The symphony has forwarded its program for the evening. Included is "the overture from Rossini's 'La Gazza Ladra'" and the overture fantasy from "Romeo and Juliet" by Tchaikovsky.

Following the intermission, three movements—adagio allegro molto; largo, scherzo and allegro con fuoco—will be performed from Dvorak's "New World" symphony No. 5, E minor, opus AS.

Donald Johanos will conduct the orchestra, rated one of the outstanding symphonies of the nation, in its appearance here.
