Crippled Children's Center Fund Boosted

Police Chief Jay Banks, left, and Col. Jack Price of the 331st FIS, Webb AFB, hand a check for \$1,906.64 to Jim Bill Little, president of the Howard County (Crippled Children's) Rehabilitation

Center Monday. The money came from proceeds of the benefit football game between the police department squad and the 331st.

Almost \$2,000 Goes To Help New Center

A check for \$1,906.64 was handed to Jim Bill Little, president of the Howard County Rehabilitation Crippled Children Center, Monday. The amount represented the net proceeds from the benefit football game Dec. 14 at Memorial Stadium.

The game was initiated by the uniformed men of the Big Spring police department and by men of the 331st Fighter Squadron of Webb Air Force Base.

Police Chief Jay Banks and Col. Jack Price of the 331st presented the check to Little in the police classroom.

"We are proud of the men of

both outfits for the part they played in raising money for a worthy cause," both men said during the brief ceremony. "The police officers and the 331st men conceived the idea of the football game. They not only worked hard at getting ready for the game, but played a game that gave the fans their money's worth," the officers said.

They also expressed appreciation to those who donated time and materials to help promote the benefit game.

"Businessmen were liberal in their support. Schools were generous in lending uniforms and equipment, along with the stadium

for the game. Coaches were generous with their time. The Rainbow Girls pitched in and handled the concessions stand from which over \$160 was netted. Boy Scouts handled tickets at the gates and the seating," Chief Banks said.

"The amount raised at the game was more than we anticipated and, while it is not a big amount in building a new center, will help a needy cause."

The two men emphasized the fact that top officers in both units helped, but that it was the lower echelon men who put the game over.

Traffic Kills 626 Americans

By The Associated Press

Traffic killed at least 626 Americans during the four-day Christmas weekend when 818 deaths were counted from accidents of all types.

Fire deaths numbered 105, many of them attributed to overtaxed heating equipment in homes because of severe cold weather. There were 82 persons killed in accidents other than those in the traffic and fire categories.

Auto fatalities, far more numerous than for a usual non-holiday weekend span of 102 hours, were fewer than safety experts estimated in advance of the weekend.

The National Safety Council, which had estimated the traffic death toll at 650 to 750, said belated reports may boost the final figure close to 650. The count covered a period of 102 hours, from 6 p.m. (local time) last Friday to midnight Christmas.

There was a sharp rise in the traffic death rate on Christmas, due largely to the heavier travel, the homeward rush of millions and hazardous driving conditions in many sections of the country. At least 160 persons were killed in traffic accidents in the last 24 hours of the long holiday.

Snow, rain, sleet and cold covered broad areas of the nation. Safety experts said the inclement weather had curtailed travel over most of the holiday. However, millions were on the highways in the final day.

The number of traffic deaths compares with a record toll of 706 for a four-day Christmas observance in 1956. The 706 toll also is a record high for any holiday period. The lowest number of traffic fatalities in a four-day Christmas period since World War II was 535 in 1951. In last year's three-day Christmas holiday, traffic fatalities total 524.

An Associated Press survey for

a 102-hour non-holiday period, from 6 p.m. Dec. 7 to midnight Dec. 11, showed 371 deaths on the highways, 64 persons killed in fires and 76 others in miscellaneous accidents. The over-all total was 511.

And Texas Leads In Fatalities

By The Associated Press

Texas had perished at a rate of more than one every two hours and the Lone Star State led the nation when the Christmas holiday death count ended at midnight.

By the time Christmas was over, The Associated Press had tabulated 73 violent deaths in Texas, 58 of which resulted from traffic mishaps. Fires and miscellaneous accidents accounted for the other fatalities.

Many state roads and highways were either ice-glazed or rain-slick during the four-day holiday period and many multi-fatality accidents helped boost the total past that of every state. Only California came close to the number of deaths recorded in Texas.

The AP violent death count began at 6 p.m. Friday and included all forms of violent deaths, except homicides and suicides.

CHEER FUND AT \$1,290

Some gifts caught up in the holiday mail came in today to give the CHRISTMAS CHEER FUND a strong finish.

These were: Harding Well Service Co. \$25; anonymous, \$25; Mrs. Crancy Plovman, \$15; E. Marguerite Cooper, \$10.

This brings the Fund's total to \$1,290.50. It means that many a poor child had a happier Christmas, and it means that some reserve money will be available through the cold months to help feed youngsters who are in hunger.

To these—and to everyone who had a part in this program, The Cheer Fund and all its sponsors send along most gracious thanks and best wishes for a bright New Year.

Oklahoma Leads Oil Flow Increase

TULSA (AP)—Oklahoma led an increase in U.S. oil production last week, the Oil and Gas Journal said today.

Average daily production last week was 7,343,125 barrels, up 3,125 from the previous week, the magazine said. Oklahoma output was up 12,800 barrels to 569,300.

Arkansas produced 75,000; Colorado 14,200; Louisiana 1,370,700; New Mexico 301,800 and Texas 2,496,550.

MIAMI, Fla. (AP)—One thousand Cubans — relatives of the Bay of Pigs invasion captives released just before Christmas — await a joyful exodus tonight from the Communist ruled island into south Florida.

In another surprising development, hundreds of Russians who had been stationed in Cuba left for home Tuesday night on a Soviet passenger liner.

The Russians — men, women and children — presumably were bound for home aboard the Admiral Najimov, the former German steamship Berlin, which had been berthed in Havana for two weeks.

They boarded the vessel during the day, arriving in long truck and bus convoys. There had been no announcement by Cuban officials of plans to move any large number of Russians off the island. The Admiral Najimov left from a dock near where an American vessel was being prepared to take on 1,000 relatives of the invasion captives who were ransomed from Fidel Castro.

ARRIVAL TIME
The steamer African Pilot, which made the ransom run Saturday, is scheduled to arrive about 7 a.m. Thursday at Port Everglades, 25 miles north of Miami. It will land parents, brothers and sisters, wives and children who had stayed in Cuba to be near their imprisoned loved ones.

A Pan American cargo plane left Miami International Airport

at 7:30 a.m. for Havana with Red Cross nurses and emergency supplies for use aboard the African Pilot on the trip to Florida.

The travelers are not likely to come aboard overburdened with material goods. Associated Press newsman Joe McGowan Jr., pool representative for U.S. news agencies, said in Havana that a Cuban official told the Prisoner Families Committee that those leaving could take only the clothes they wore.

The official said that any family leaving Cuba will forfeit all its possessions, but if one immediate family member remains, this would not be the case.

CASTRO BONUS
Permission for the relatives to depart was given by Cuban Prime Minister Fidel Castro — a Christmas bonus, he said — on the deal exchanging 1,113 captives of the Bay of Pigs invasion of April 17, 1961, for \$53 million in sorely needed medicines and food.

The only shadow marring the prisoners' return to freedom was

(See ARRIVAL, Page 8-A, Col. 6)

Soviets Accuse U.S. Embassy Of Espionage

MOSCOW (AP)—The Soviet Union again today accused the U.S. Embassy in Moscow of espionage and demanded it stop the alleged spying. U.S. Ambassador Foy D. Kohler promptly rejected the charge as unfounded.

Kohler in turn accused the Russians of carrying on an anti-American campaign in the press and on television.

The new Russian complaint was an outgrowth of accusations in the Soviet press earlier this month against five U.S. Embassy officials.

Soviet newspapers linked the five with Oleg Penkovsky, 43, a Soviet scientific official who is being held for trial on charges of spying for the United States, and Greville Wynne, a British businessman who was arrested in Hungary in November and now is awaiting trial in Moscow, also for espionage.

Dies Of Injuries

By The Associated Press
A A Sharrock, 80, died Tuesday of injuries suffered earlier in the day in a car-pickup truck crash that also killed his wife. The accident occurred in a drizzling rain about 6 miles north of Sweetwater, where the Sharrocks resided. Three other persons were injured, but not seriously.

Clothing Store Robbed Here; Charges Are Filed

A man outfitted himself from head to foot at Prager's Men & Boys' Wear, 102 E. 3rd, locked an owner and two employees in a store room, pulled a gun on Joe Clark, the other owner, dropped two big cases of clothing, and ran away Wednesday morning.

Big Spring police received the call about the robbery at 8:49 a.m.

A man giving the name of

Thomas M. Spoon, 31, was arrested by police in the alley, in the 600 block between Main and Runnels, at 9:15 a.m., and was questioned about the robbery.

A. J. Prager, Don Schiecht, employe, and J. D. Moore, custodian, told police they went into the store about 8:30 a.m., and were confronted by a man who pulled a knife, forced them into a small room, and locked the door.

Joe Clark said he started in the store a few minutes later and met a man coming out with two big suit bags. He said he asked the man what he had and what he was doing and was told that he bought all the items from Prager before opening time.

Clark said he called for Prager and got no answer. He said the man then dropped the bags and said he had a gun in his coat pocket. The man ran to the alley between Main and Runnels and started south. Clark said he then called police and let the three other men out of the store room.

An unidentified woman called police and said a man had thrown some clothing down beside the First Baptist Church as he went down the alley. Clothing found in the bags, and by the church, were identified as having come from Prager's. The man arrested for questioning was wearing several items of new clothing and was carrying over \$70 in cash.

Prager said one cash register

had been taken into a back room and opened. A hole was cut in the roof, over the store, to permit a man to lower himself into the store.

Police said charges of armed robbery were filed against Spoon early this afternoon.

The four men who faced the man at the store were at the police station at noon giving statements. They will be called on to try to identify the suspect in a lineup today.

THOMAS M. SPOON

Bodyguards Named In Assassination Plot In Tunisia

TUNIS (AP)—President Habib Bourguiba said today his own bodyguard was among the plotters who had planned to assassinate him in bed in his white-walled palace near Tunis.

The pro-Western Tunisian leader did not disclose how the plot was uncovered. Some 400 suspects were rounded up for questioning. A score still are being held.

Speaking before the congress of the Tunisian Women's Union in Le Kef, 25 miles from the Algerian frontier, Bourguiba said: "Thank God the plot failed. I am not afraid of death but after my death the country would be in a state of total anarchy. The plotters thought of eliminating me but not of replacing me."

Bourguiba has run this North African nation almost singlehandedly since the republic was set up after Tunisia gained independence from France in 1956.

Hazardous Driving Conditions Noted

AUSTIN (AP)—The Highway Department reported hazardous driving conditions in several areas today.

In the Odessa District where the temperature is about 22 degrees, roads are icing and dangerous, the department said. Bridges have been sanded and traffic is moving slowly, particularly in the northern portion.

In the San Angelo District, ice is on bridges and they have been sanded.

Ice spots are reported on roads, especially in the Ballinger and Eden areas and on U.S. 290 west of Ozona, but roads should be clear by noon.

Traffic is moving satisfactorily in the Abilene district although iced bridges have been sanded and several ice spots are reported on roads.

Talks To Open

RAWALPINDI, Pakistan (AP)—An eight-man Indian delegation arrived today to negotiate for a settlement of the 15-year-old Kashmir dispute. The conference opens Thursday.

Wave Of Intense Cold Spreads Over Midwest

A wave of intense cold spread across the Midwest today, driving temperatures to record depths.

The mercury plunged to zero or below in at least 15 states across the north from the western mountains to the Great Lakes region.

Milwaukee's -14 shattered an 83 year record for the date. The -22 posted in Madison, Wis., was the lowest in 78 years. Green Bay, Wis., had -19 and a new mark.

Thermometers registered -31 in Craig and Eagle, Colo., -29 in Hibbing, Minn., and -27 in International Falls, Minn.

The -20 in Minneapolis-St. Paul tied a record for the day after Christmas.

Readings early in the day elsewhere included: Emmetsburg, Iowa, -25; Wausau, Wis., -22; Des Moines, Iowa, -15; North Platte, Neb., -14; Bismarck, N.D., -11; Helena, Mont., -7; Rockford, Ill., -6; Chicago -4; Kansas City -2; Sault Ste Marie, Mich., -1.

The zero belt reached as far south as Oklahoma.

The temperature plummeted 32 degrees in about 12 hours in the Minneapolis-St. Paul area.

The weather was clear in the icy central section of the nation. But some snow fell in the Great Lakes and Ohio River regions. Two inches of snow fell in six hours in Buffalo, N.Y.

In Atlanta, Ga., dense fog curtailed air traffic, stranding hundreds of Christmas travelers.

Fog and low clouds were reported in most of the southeast section of the country. Utility poles and lines snapped because of accumulation of ice in some areas of Atlanta and northeastward. Residents in the Toccoa, Gainesville and Cornelia area were without electricity and telephone service Tuesday night.

Snow covered much of West Texas and the Texas Panhandle on Christmas. Freezing rain, with

mixed sleet and snow was forecast.

In Tennessee, only traces of the 3 to 5-inch snowfall on Christmas remained on most of the highways but fog shrouded many areas. It was the first white Christmas in Memphis since 1913 and the first in Nashville since 1935.

Snow covered most of Kentucky, except northern portions, with five inches in southeast areas. More snow was indicated.

There was a blanket of white across much of Kansas, Missouri, Iowa, Colorado, Wyoming and most of Wisconsin. A 3-inch fall in Ponca City was the heaviest amount in northern Oklahoma. Freezing drizzle dampened other parts of Oklahoma. In New Mexico, snow covered most northern regions. Icy conditions were reported throughout the state.

Baltimore's three inches of snow was the first Christmas snowfall to measure more than a trace in the Maryland metropolis since 1909.

Light snow fell in most of New England. New York State, not including New York City, Pennsylvania, Ohio and in parts of New Jersey. The snow in New Jersey turned to rain.

In the Far West, cold air moved into Utah, dropping temperatures far below normal. Nearly a foot of snow was dumped in Cedar City. It also was cold in Oregon and Washington but skies were mostly clear. Readings were near zero Tuesday in Bend and Redmond, Ore., and 9 above in eastern parts of Washington.

Temperatures plummeted to near zero in the northern Panhandle as the icy air swept through the northwestern part of Texas and on into the central portion of the state.

The Weather Bureau issued a hazardous driving warning for extreme Southwest Texas where snow and some freezing drizzle was expected.

Light precipitation was forecast elsewhere over the southern and eastern sections of the state, but will be decreasing from the northwest.

The forecast for Wednesday morning, called for occasional light drizzle or freezing drizzle and possible snow for the south portion of North Central Texas, the north portion of Northeast and Southwest Texas.

Wednesday night it will be colder over the southern and eastern areas, but not so cold in the northern and central portions of Northwest Texas.

The Weather Bureau said there will be some drizzle or rain in South Central and Southeast Texas Wednesday night with possible freezing drizzle in the north portion of those sections.

Early Wednesday the mercury slid to the 3-degree mark at Dalt under clear skies.

It was cloudy over the remainder of the state and occasional rain and drizzle was reported in parts of South Texas. Lubbock was the only point reporting snow. Freezing temperatures were reported early in the day along and northwest of a line from Clarksville to just north of Waco, south of Junction and Marfa.

Four Faced An Armed Burglar

J. D. Moore, left, standing; A. J. Prager, Joe Clark, and Don Schiecht, right, sitting, make statements about the store robbery to Police Pa-

trolman Jim Wade, left, after a burglar had threatened the three with a knife, and Clark with a gun Wednesday morning.

Christmas Is Real

Linda Sue Holland, 5, daughter of Sam Holland, unemployed miner in Hazard, Ky., grins happily as she clutches a stuffed dog under her arm and holds a handful of peanuts. Linda Sue is fully dressed to protect her from the cold in her unheated home. The Holland children were the first to receive gifts of toys and sweets shipped to Hazard for distressed families as a result of news and TV stories describing conditions in Eastern Kentucky.

Business Is Bad In Former Sin Town

By LOYAL GOULD
KAISERSLAUTERN, Germany (AP) — The German B-girl slammed her fist on the bar and said business was bad.
"The GIs still have the money but they have too many other things to do now. They don't take as much interest in us and the bars," she complained.
The girl sat in a almost empty saloon in Kaiserslautern's Stein Strasse. The street is off limits for American troops after 7 p.m.
This city in southwestern Germany used to be known among Americans as "sin town." With 75,000 Americans—military personnel and dependents—it is the largest American community outside the United States. But it has changed.
The B-girl explained: "There were good times when the money really poured in, but that's all part of the past now."
Until a few years ago, Kaiserslautern reported 2,000 to 3,000 prostitutes. Police say about 1,000 remain.
Kaiserslautern had one of the highest rates in Europe of incidents involving U.S. soldiers.

There were frequent stabbings, shootings and rapes as well as race riots between white and Negro American soldiers.
"The Kaiserslautern newspapers published some mighty angry editorials against the Americans here," said Manfred Stichter, head of Kaiserslautern police.
"But since Col. Plachte moved in, the editorials center largely on domestic and foreign politics."
Col. Fred L. Plachte took over this strategic North Atlantic Treaty Organization post charged with defending a 1,200-square-mile area between the Rhine River and the French border three years ago.
At that time, irate local residents claimed Kaiserslautern was "about the closest thing to hell on earth you can imagine."
Known as a no-nonsense and aloof soldier, Plachte applied what a sergeant called "firmness coupled with fairness" to straighten out the situation.
Plachte began by visiting the units in his command and lecturing on the favorite theme, "the American diplomat in uniform."

"Don't forget," he is fond of saying, "that when you wear that uniform your every action reflects on the United States."
"And any man, casting dishonor on our country can expect prompt disciplinary action."
Associates say Plachte goes over every court-martial case in his command and makes no distinction between officers and enlisted men facing trial.
Plachte inspected personally every bar in the Kaiserslautern area frequented by American troops.
Within nine months, nearly two dozen off-limits bars closed down for lack of business.
Joint American-German committees were formed to attack the problem. These now include a group consisting of American officers, German clergymen, politicians and civic leaders; an organization of German newspapermen and U.S. Army press officers and a venereal disease control committee.
Plachte also began an intensive recreational and educational program for his men to keep them away from the city's night life.
Soldiers may now choose among service clubs, libraries, craft shops, bowling alleys, theaters, gymnasiums, photo centers, road and gun clubs, golf courses, a dozen athletic programs and various school classes.

"I AM"

By T. H. Tarbet, Preacher
Church of Christ, 2900 West Highway 80

Jesus said, "Before Abraham was, I am" (Jno. 8:58). This not only asserts that he was before Abraham; but "before Abraham was, I am." It identified Christ with the "I AM" of the Old Testament, The Almighty (Isa. 48:16, 17; Exo. 3:14). Deity knows no past tense nor future tense, but always the present.
The Watchtower tract under review, seeks to get away from the force of Jno. 8:58.
Throughout the tract has cast doubt on the accepted Bible translations, introducing other versions; and a different version for almost every passage under consideration. In the case of Jno. 8:58 it not only introduced other translations; but left the original Greek and took Hebrew translations (page 36).
The tract refers to Jno. 8:24 where a man said, "I am he." But in every place in the Bible where men say "I am," it is in an entirely different way from the way the Lord said "I am" in Exo. 3:14, Jno. 8:58, etc. Men do not use the "am" as a contrast with "was," and do not speak of their past existence by saying "I am"; but Jesus did. "Before Abraham was, I am," Jesus said!
—Adv.

Mexico Chalks Up 32 Deaths

MEXICO CITY (AP)—A total of 32 deaths in traffic crashes and bloody disputes over the holiday period was counted late Christmas Day by Mexico City police.
More than 165 persons were injured in the violence, with 14 reported robberies and assaults, 32 other assorted offenses and 2,910 tickets filed for traffic violations.
Police said most of the accidents were caused by speeding automobiles and trucks.
The city was decorated like a Christmas tree, and there was a brighter side as the capital celebrated one of its most joyous Christmas days.
The archbishop primate of Mexico, Msgr. Dario Miranda, called at a midnight mass before the main altar of Mexico City's cathedral for all Mexicans to unite before Pope John XXIII in praying for complete success for the Ecumenical Council.
The high prelate also asked for God's blessings upon all of the Mexican people, before a crowd of some 2,000 who attended the midnight services.
Msgr. Luigi Raimondi, apostolic delegate, said after the mass was over that Mexico "is living in an atmosphere of peace and efforts for a better future."
President Adolfo Lopez Mateos spent a quiet evening at home with his family, after having received earlier in the day his cabinet and closest associates for the traditional Christmas "abrazo."

Two-Car Crash Is Fatal To Four

HENDERSON (AP)—A two-car collision near this East Texas city Christmas Day killed four persons including an Arkansas couple and their infant daughter.
The dead were Lloyd Raymond Hutchins, 53; Glenwood Selden; Selden's wife, Mary Joyce, 21, and their infant daughter, Valerie Selden, about 9 months old.
The Seldens were from El Dorado, Ark. Hutchins was a resident of Burnet, Tex.
Hutchins and the father and daughter died shortly after the accident. Mrs. Selden died hours later in a Henderson hospital.
Seriously injured were Mrs. Iris Hutchins, widow of the other man killed, and their daughters, Virginia Hutchins and Marie Hutchins.

Texas Soldier Accident Victim

SEOUL, Korea (AP) — A U.S. Army spokesman said Spec. Michael W. Davis, 19, a 1st U.S. Cavalry Division soldier, was killed Christmas Eve when he stepped on a trip flare.
The spokesman said Davis, of Freeport, Tex., was on duty as an observation post leader with the 1st Reconnaissance Squadron, 9th Cavalry, and stepped on a trip flare, while investigating activity in the vicinity. He was hit in the face by the exploding flare.
Davis is survived by his mother, Mrs. Aneta R. Davis, who lives at Rt. 1, Freeport.

DEAR ABBY

Give Your Mouth A Rest

DEAR ABBY: What is wrong with a woman who pretends not to know that her husband is having an affair with a neighbor when everybody else knows it? I told her last summer and she just laughed and said she didn't believe it. But I notice she is losing weight and looks terrible, poor thing. The lady who is carrying on with her husband is always at her house acting like she is a good friend to the wife when she just wants to be around the husband. How can I get the poor wife to realize this woman is stealing her husband right from under her nose?

DEAR ABBY: I have been having the same dream over and over and I wonder if it means anything. I dream that I am a big bird, soaring through the air. I can view the cities and mountains and water below clearly, but I always have the feeling of not being able to cover enough territory. Does it have any meaning?
DREAMER

DEAR DREAMER: I'm "a-Freud" I'll have to make a wild guess. You sound like a salesman who has to cover the twelve Western States in ten days.

DEAR ABBY: When my parents saw my report card they told me I couldn't go to any of the school dances until after next report card time. My steady went to the school dance without me last Friday night and I heard he

Red Victims

SAIGON, Viet Nam (AP)—The South Viet Nam government reported today that seven passengers were killed and 15 injured when Communist guerrillas blew up a train loaded with holiday travelers.

ready to break up with him if you think he is wrong.

DEAR GROUNDED: I don't see anything wrong in your boy friend going to the dance without you. Offer him his freedom. He seems to want it. And get your grades up so you can go to the dances and protect your own interests.

DEAR ABBY: My mother lost her wedding band last May. My Dad is no longer living. I am wondering if it would be proper for a son to buy his mother a wedding ring and give it to her as a birthday gift.

THE SON

DEAR SON: I think it is a beautiful thought. Try to get one like the one your mother lost.

What's on your mind? For a personal reply, send a self-addressed, stamped envelope to Abby, Box 3365, Beverly Hills, Calif.

For Abby's booklet, "How To Have A Lovely Wedding," send 50 cents to ABBY, Box 3365, Beverly Hills, Calif.

Headon Crash Kills 5 People

BRYAN (AP) — Five persons perished when two automobiles collided head on near here Christmas Day. It was the largest multi-fatality accident of the holiday in Texas.

Only a small child survived the crash which occurred during a driving rain on State Highway 6.

Two of the victims, Maxwell M. Draper, 39, and his wife Betty, 31, were from Waco. Their 5-year-old daughter, Derenda, was listed in serious condition at St. Joseph's Hospital in Bryan.

Hospital attendants said Mrs. Draper was pregnant.

Three Houston Negroes perished in the second car. They were James Ernest Harvey, O. J. Harvey and James Ernest Harvey Jr. Their relationship, if any, was not immediately known.

The Drapers were returning home from Houston where they spent the Christmas holiday weekend with Mrs. Draper's parents, Mr. and Mrs. F. W. Sager.

Christmas presents and wrappings scattered on the rain-soaked highway marked the scene of the crash eight miles south of here near Peace Creek in Brazos County.

The driving rain hampered wrecking crews removing the bodies from the tangled wreckage. Four died instantly. Another was dead on arrival at a hospital.

Oilman Buys Part Of Closed Base

MISSION (AP) — A Weslaco, Tex., oil and gas producer last week bought a large portion of deactivated Moore Air Force Base at public auction.

Milburn E. Anderson bought the 217 1/2 acres of land some 150 buildings for \$215,000. The purchase price included a golf course, a swimming pool, a bowling alley, hospital, theater and about 75 two and three-bedroom residences.

Runways, warehouses, water and sewage facilities and several hundred acres of land was retained by the government for use of the Department of Agriculture.

James E. Winsor, General Services Administration official, said Anderson paid \$15,000 down with a cashier's check and would pay the balance due in installments.

Anderson, who bought the facilities and land in the name of his wife, Florence, said they had not decided what they would do with the property.

Christmas Reflects Good Will; Even Reds Are Nice

By The Associated Press
Christmas 1962 lived up to the seasonal traditions of good will, good cheer, merry making, Christian religious observance and peace. There was a minimum of international discord to disturb the lull in what the world calls the cold war.

Moscow radio broadcast best wishes to the United States and urged good will between the two nations; then the Soviets set off another in their series of nuclear tests. The blast was the 24th of the current test series recorded by Sweden's seismological observatory at Uppsala.

Among the happiest celebra-

tions anywhere were those of the 1,113 Cuban invasion captives delivered from Fidel Castro's prisons earlier in the week. They had the additional joyous word that 1,000 members of their families would be allowed to leave Cuba tonight and join them in the United States.

There was much over which the world could shudder and shiver—the continued jungle war in Viet Nam, the conflict between monarchists and republicans in the deserts of Yemen, the perennial prospect of trouble in the Congo, the wall in Berlin.

But the undeclared India-China border war remained quiet, and

in most nations political leaders in Christmas greetings to their people spoke of peace with more assurance.

The message of Canadian Prime Minister John Diefenbaker was an example: "Despite sorrow and hope unfulfilled—the message of the manger still comes to us across centuries to sustain our faith—the message of good will for all men and brotherhood for all creeds and races."

After the weeks of the Cuban crisis, Pope John XXIII in his Christmas message described the year as one of "fear and trembling" but declared wisdom and prudence had avoided a war. He said this was a "sign for the year that is coming."

In one of his most active days since he fell ill a month ago, the Roman Catholic pontiff left the Vatican and visited a children's hospital, then appeared at noon in the window of his study and blessed a crowd of 50,000 in St. Peter's Square.

Churches in many lands were crowded as Christians paid homage to the Christ child and gave thanks for another year of what passes for peace in the nuclear age. In the Holy Land pilgrims jammed the Church of the Nativity in Bethlehem.

President Kennedy spent Christmas at Palm Beach, Fla. After presents under a tree for Caroline and John Jr., the President and Mrs. Kennedy attended Mass at St. Edward's Roman Catholic church, cruised in the 90-degree afternoon aboard the presidential yacht, entertained friends for egg nog and had a quiet Christmas dinner at their borrowed ocean-front residence.

Leatherwood Funeral Held

Funeral services for P. C. Leatherwood, 51, Rt. D, Lamesa, were scheduled for 2 p.m. today from the Nalley-Pickle chapel. The Rev. Mack Alexander, pastor of Central Baptist Church, was the officiant, assisted by the Rev. R. Gage Lloyd, pastor of the First Presbyterian Church, Big Spring. Burial was in Trinity Memorial Park under the direction of Nalley-Pickle Funeral Home.

Mr. Leatherwood was asphyxiated by smoke from a burning mattress at his home in Dawson County Monday afternoon. The home did not burn and he was not burned.

He was born Sept. 25, 1911 in Big Spring, and was a graduate of Big Spring High School. He was an active farmer in Howard and Dawson counties and moved to the Dawson County residence in 1952. Mr. Leatherwood was a veteran of World War II, during which time he served in an artillery unit. He was a member of the First Baptist Church in Big Spring.

Survivors include two sisters, Mrs. Franklin Nugent and Mrs. Bart Wilkinson, Big Spring; four brothers, Spencer Leatherwood, Tacoma, Wash., Dave Leatherwood, West Columbia, Paul Leatherwood, Stillwater, Okla., and Cecil Leatherwood, Big Spring.

South of the equator it was a summer day, with parks and beaches the favorite spots. In Australia, however, the temperature was 10 degrees below the usual 70 and people were glad for a bit of fire.

In Moscow, youngsters still dreamed about gifts. The gift exchange is either on New Year's Eve, or on Jan. 7, the Russian Orthodox Christmas. Flanking one side of the 30-foot Christmas tree in the big Moscow department store, GUM, was a life-size figure of the Russian Santa Claus, Grandfather Frost, and on the other was a white-clad Soviet Soviet space man. Silver space ships topped the tree.

Garden City Residents Report Holiday Visitors

GARDEN CITY (SC) — The Jack Woodley family is spending Christmas in Odessa and Brownfield.

Mr. and Mrs. Bill Richardson and daughter have gone to DeKalb and Texarkana for the holidays. The B. L. Murphys have gone to Mesquite, Clarksville, Fort Worth and other points in the eastern section of the state.

Mr. and Mrs. Alton Bryant are spending the holidays with his parents, Mr. and Mrs. Alvie Bryant, and with her parents, Mr. and Mrs. Adams in Midland.

The M. Bohanan family has gone to Georgetown, to visit his sister and family, the Andy Whitelegs. The Bill Ballards are spending the holidays with relatives in San Angelo.

Mrs. Rube Ricker is in Austin visiting her daughter.

The Rev. Ernest McLaughlin family spent Christmas with his parents, Mr. and Mrs. A. K. McLaughlin, in Vera. Mrs. McLaughlin and Suzanne will go from there to Johnson City, Tenn., for a visit with her parents, Mr. and Mrs. C. L. Kelley.

Robert Carter, a junior student

in Texas Tech, Lubbock, is visiting his parents, Mr. and Mrs. Roy Carter, during the holidays.

Gary McDaniel, a freshman student in Texas Tech, is a visitor for the holidays with his parents.

Care For Electric Blankets

Keep the luster and good looks of your electric blanket by washing and drying it in your home laundry equipment. While today's electric blankets are invariably machine washable, there are special care. So be sure to check the manufacturer's label on the blanket for particular directions first. Once the washability is determined, it is a simple washing process.

For the washing of an electric blanket requires no more time or effort than that needed for the caring of a regular type of blanket. Certainly there is no need to feel skeptical about washing electric blankets because of the wiring inside. The wiring, say the experts, is so well insulated that soap and water cannot touch it.

Begin by placing the blanket in your washer with cold or warm water and a light duty liquid detergent or specialty product. When you're ready for drying, pre-heat your dryer at normal temperature for about five minutes.

A towel or two may be inserted in your dryer to act as a buffer. It is also a good idea to tie or sew up the plug inside a corner of the blanket or a washcloth.

Place the electric blanket in the dryer and allow it to tumble for about twenty minutes.

This will dry the electric blanket most of the way, but for best results, hang your electric blanket on a line to complete the drying process, preferably lengthwise over two parallel clotheslines.

To restore blanket texture to new appearance, lay it on a smooth surface and brush thoroughly with your hands to get complete fluffiness and smoothness.

Then finish up by simply pressing the binding at either end with a cool iron. Avoid ironing any other portion of the blanket.

Have Visitors

GARDEN CITY (SC)—The R. T. Duncans were hosts to relatives and friends on Christmas Day. Guests included Mr. and Mrs. Kenneth Scott and daughter, Alisa, of Big Spring, and the Howard Hobson family of Midland.

Mr. and Mrs. Ronnell McDaniel. The McDaniel family will go to Pecos to visit Mrs. McDaniel's cousin, Jack Harris, and family.

Mr. and Mrs. Sam Ratliff left Monday for Pecos to spend the holidays with their daughter, Mrs. Jiggs Barfields, and family.

Mr. and Mrs. Glenn Jo Riley, students at Texas Tech, Lubbock, are visiting his parents, Mr. and Mrs. Glenn Riley. Glenn Joe is a senior engineering student at Tech, and she is a sophomore in home economics. They plan to spend part of the holiday vacation with her parents, the Hershel Williamses at Hamilton.

Sweetheart

Lynn Staker, daughter of Dr. and Mrs. N. W. Staker of Lamesa, has been named as sweetheart of the Lamesa DeMolay chapter for 1962. James Neeley was picked by DeMolays as DeMolay of the year for 1962.

Miss Liles Entertains

Miss Christy Liles, daughter of Mr. and Mrs. W. E. Ramsey, San Angelo Highway, was hostess for a luncheon held Saturday in the Blue Room of Cosden Country Club. Miss Liles entertained 14 friends at the holiday affair.

Guests included Misses Charlotte Shive, Kay Oakes, Nancy Hedleston, Tommy Lou Hutto, Gwyn Davis, Karen Hodnett, Cheryl Whittington and Gail Watson. Also Misses Jan Anderson, Judy Engle, Sharon Talley, Suzanne Peters, Janice Sparks and Dianne McEwen.

White linen covered the dining table where an arrangement of red carnations formed the centerpiece.

Candidate

Carol Lee, daughter of Mr. and Mrs. B. B. Lee of Lamesa, is one of the "Frogette" finalists for the title of "Miss Horned Frog" at TCU where the former "Miss Lamesa" is a senior journalism major. The winner of the "Miss Horned Frog" title will be featured and announced in the TCU annual.

Hickson Family Visits Here

Mr. and Mrs. Johnny Hickson and children, Johnny and Regina, left yesterday to return to Oklahoma City, Okla., after visiting here with Mrs. Hickson's parents, Mr. and Mrs. Weldon McClanahan, his mother, Mrs. Ethel Hickson, and his brother, Robert Hickson, and family.

Also here with the family is his sister, Linda Hickson, a student at Warner Pacific College, Portland, Ore. She and her mother will leave the latter part of the week for Garland, where they will visit with Linda's sisters, Mrs. Gene Hansrote and Mrs. L. D. Hull, and their families. She will leave Jan. 5 to return to Portland.

Ray Hightowers Hosts At Dinner

GARDEN CITY (SC)—Mr. and Mrs. Ray Hightower were host and hostess for a Christmas Day dinner in their home. Guests were their children and their families, including the Harry Middletons of Knott, the Russell Hobbs of Rule and the A. B. Kellys of Midland.

Engagement Announced

Mr. and Mrs. W. J. Beckham of Lamesa announce the engagement and approaching marriage of their daughter, Patricia Jo, to Richard E. Orson, son of Mr. and Mrs. Raymond Orson, also of Lamesa. The wedding is planned for 8 p.m., Jan. 26, in the First Baptist Church, Lamesa. The bride-elect is a graduate of Lamesa High School, and was first runner-up in the 1962 Miss Lamesa pageant. She is a music major at Baylor University. The prospective bridegroom, also an LHS graduate, is a student at Texas Tech.

The New Look Is Rich Sans Glitter, Beads

A striking change has taken place in evening fashions at the most important formal events! Instead of the mad race to outdo her rival with more glitter, more beads, and more shining brocades, the new look is a rich, sophisticated understated look in evening wools. Wool appears everywhere from the opera to lavish society

balls, and intimate parties-at-home with black and white in the lead, and the "shift" the most contagious style.

Both bright and pale colors are favored for wrappers. There are wool coats and capes to the floor, giving the after-dark scene that covered-up look of serene elegance. Fantastically dramatic in the elongated, stark simplicity of line, these evening wraps are pure fashion—and pure common sense. They're flattering because they "curtain" the surprise inside, and they are also supremely warm, protecting the gown beneath from crushing or soiling. Among the most attractive styles are coachman's coats in glowing colors, and cocoon capes in palest pastels.

The wool coat is the fashion sensation of the year with both short and long forms. Toe-tip wool dresses in a great-occasion mood are pliant, slender columns that make graceful backgrounds for exciting textures—fluffy mohairs and wools; muted hand-blocked prints; dimensional weaves; and the breeze-light sheers that are as fine as chiffon. Although ever so lightly fitted, they're all shape and substance. Supple wool glides over the body with contour-enhancing artistry.

The femininity of long skirts has taken over for at-home entertaining. Handsome, tailored, shirt-style tops; tiny wool shells; or scoop-necked sweaters are ideal mates for evening separates. They team with swirling, deep-textured full skirts, or with long, slender columns, slit to the knees. Wherever the skinny column is achieved, designers have thoughtfully inserted a pleat, backing the ankle, to give complete freedom of movement on the dance floor. Avant-garde hostesses will love the lively long "skimmers" in horizontally striped bulky wool.

These multi-faceted all-American wools are the newest signature of evening fashion. They're sophisticated, daring or quietly charming, and integrated with their style appeal is their endearing trait of handsome, perennially good-grooming talents.

These multi-faceted all-American wools are the newest signature of evening fashion. They're sophisticated, daring or quietly charming, and integrated with their style appeal is their endearing trait of handsome, perennially good-grooming talents.

Legion Women Supply Gifts

Women in the American Legion Auxiliary helped hospitalized veterans play Santa Claus to their families.

The auxiliary bought presents for all ages to stock special gift shops set up for two days in the Veterans Administration hospitals across the country.

The 150,000 patients were invited to select gifts for each member of their families. These were gift-wrapped and mailed, all without cost to the patients.

The auxiliary thinks the morale building it achieves with the hospitalized veterans is worth the expense.

Don't Forget

There are three things for which thanks are due: "an invitation, a gift, a warning," says an old proverb. This is a gentle and timely "warning." At the end of this gay holiday season of "invitations" and "gift-giving," writing notes of thanks will be in vogue. Small boxes of note paper, beautifully decorated in holiday patterns, are excellent "stuffers" for Christmas stockings, or for that small, yet distinctive gift.

Garden City Guests Of Phoenix, Ariz.

GARDEN CITY (SC)—Mrs. W. W. Ramsey and daughter, Shay, of Luke Air Force Base, Phoenix, Ariz., have been holiday guests in the home of Mrs. Ramsey's parents, Mr. and Mrs. J. L. Parker.

Miss Nichols Is Bride Of Ronald McReynolds

STANTON (SC) — Miss Velma Carol Nichols became the bride of Ronald McReynolds in a ceremony performed by the Rev. Ellis Todd, pastor of the First Methodist Church, at 8 o'clock Saturday evening in the home of the bride's parents.

The bride is the daughter of Mr. and Mrs. Elma Nichols. Mr. and Mrs. Minter McReynolds are parents of the bridegroom.

The ceremony was performed under an arch formed of green foliage flanked by candles.

Given in marriage by her father, the bride was attired in an apricot colored wool suit with which she wore matching accessories. Her corsage was of white feathered

carnations and lily of the valley tied with white satin ribbon. Mr. McReynolds served as best man for his son.

After the wedding trip the couple will reside in Midland, where the bridegroom is attending a training school. The bride attended Stanton High School.

A reception was held in the home immediately following the ceremony. The refreshment table was covered with a damask cloth, and the centerpiece was a Christmas arrangement. The table held a white tiered cake and crystal punch bowl.

Guests were members of the bride's and bridegroom's families.

Gaskins' Guests Are Brothers And Sisters

KNOTT (SC) — Mr. and Mrs. O. B. Gaskins have as their guests during the holidays, her brothers and their wives and husbands, Mr. and Mrs. Leonard Smith of Big Spring, Mr. and Mrs. L. O. Smith of Knott and Mr. and Mrs. Steward Thomas of Lamesa.

Mr. and Mrs. K. M. Neeley and son of Herman, Calif., are visiting their sons and families. Mr. and Mrs. Bobby Bayes of Knott and Mr. and Mrs. G. C. Bayes of Sand Springs. Mrs. Neeley is the former Cleo Grantham and was reared in the community.

Mr. and Mrs. Dick Clay are spending the holidays with her mother, Mrs. Williams, and with other relatives in Kossie. Mr. and Mrs. Raymond Steven-

son, Janice and Judy, are visiting her parents, Mr. and Mrs. H. U. Cook, in Conroe.

Mr. and Mrs. Carl James and family are visiting her parents in Shamrock.

Mr. and Mrs. Harry Bradstreet are with relatives in San Antonio.

Mr. and Mrs. Alton Parker and family of Lyford were recent guests of Mr. and Mrs. Edgar Airhart. They were en route to New Home to spend Christmas with her parents Mr. and Mrs. J. F. Airhart.

Mr. and Mrs. E. L. Roman and daughter, Judy, attended a family reunion at the home of Mrs. Roman's mother, Mrs. Jack Curry, in Taboka Sunday.

are better than they have to be!

Red China Seeks Border Treaty

TOKYO (AP)—Chinese Communist Premier Chou En-Lai has initiated negotiations for a border treaty with Mongolia, Central As-

ian country which forms a buffer between Red China and the Soviet Union.

The Russians probably will consider the move as scratching at their back door. Mongolia announced early this year that it was siding with Moscow in the ideological dispute with Peking.

Bomb Banning Vessel Returns

GRAVESEND, England (AP)—Everyman III, the ban-the-bomb vessel, returned Sunday night from an unsuccessful effort to

carry the campaign to the Soviet Union.

The two-masted 48-foot fishing ketch sailed for Leningrad Sept. 26 with an international crew of 12 nuclear disarmers. The captain is Dr. Earle Reynolds, an American professor of anthropology who lives in Hiroshima, Japan. The crew had hoped to go

ashore at Leningrad, to talk to Russians and distribute leaflets.

Soviet officials refused permission to land and allowed the visitors only a short meeting with officials of the local peace committee. When they were asked to leave, the crew scuttled Everyman III in protest. The ketch was refloated and sailed to Stockholm for repairs.

Syria Headed Toward Democracy

DAMASCUS, Syria (AP)—Premier Khaled El Azem's government, has abolished Syria's

years-old state of emergency and set the Middle Eastern country moving toward a new parliamentary democracy.

The move, put into force one week ahead of schedule, set the stage for a series of regulations designed to culminate in election of a new parliament next July.

SEN. WARREN R. AUSTIN

Sen. Austin, Former U.N. Legate, Dies

BURLINGTON, Vt. (AP)—Warren R. Austin, 85, who campaigned against U.S. entry in the League of Nations after World War I, and became U.S. ambassador to the United Nations after World War II, died at his home.

Austin, a Republican, turned internationalist in the 1930s when he supported Franklin D. Roosevelt's foreign policy while opposing him on domestic issues.

He served in the Senate from 1931 until he was appointed to the U.N. mission by former President Harry S. Truman in 1946. He became head of the mission until 1953 when he was succeeded by Henry Cabot Lodge.

It was Austin who led the fight for a U.N. resolution naming Communist China as the aggressor in Korea after the Reds came to the rescue of the North Koreans when they had been mauled by U.N. forces in 1950.

He accused Red China of trying "to shoot its way into the United Nations," and dramatically produced a 1950 model Soviet machine gun captured from the Korean Reds as proof.

The Soviet delegate, Jacob A. Malik, left the Security Council room rather than examine the gun.

Told of Austin's death, Truman said in his Independence, Mo., home: "I'm sorry as I can be to hear about his death. He was able and distinguished senator and did a wonderful job while he was in the public service."

Austin was born in Highgate, Vt., and after graduation from the University of Vermont, entered his father's law office. He was admitted to the bar in 1902.

He married Mildred Marie Lucas, whom he had met at college, 61 years ago. She was with him when he died. They had two sons, Warren Jr. and Col. Edward Lucas Austin of the U.S. Army.

Austin was one of the first to work to rearm the United States after the Munich pact. He supported revision of the Neutrality Act and lend-lease to aid the Allies, and in 1940, with Rep. James W. Wadsworth, R-N.Y., introduced the first peacetime compulsory military service bill, even before Roosevelt had called for a draft.

20 Volunteer For Skin Grafts

SAN ANTONIO (AP)—Twenty servicemen have volunteered to give their skin to help save the life of a two-year-old badly burned girl.

The first volunteer, Pvt. Frank J. Schell III, a military policeman at Fourth Army Headquarters, Fort Sam Houston, entered the hospital Sunday and will undergo surgery Monday to have skin removed from his leg for a graft on the girl's face.

Young Sylvia Amesquita received second and third degree burns over 60 per cent of her body when her clothing caught fire while she was trying to warm a tortilla over an open fire at her home.

A story in the San Antonio Express about Sylvia's fight for life drew about 300 volunteers, all servicemen stationed at San Antonio bases. Twenty men were picked from the group to donate skin.

Santa Visited At Legion Home

Santa made his annual appearance Sunday afternoon at the American Legion Christmas party. He had gifts for the children and adults exchanged presents.

Punch and Christmas cookies were served to the 40 or more persons present and all harmonized in singing carols.

Another party is slated Monday night as the American Legion members bring in the New Year with their traditional Black Eyed Peas Party. The hall will open at 9 p.m. with fellowship and refreshments scheduled until midnight. Then members will be served ham, peas and cornbread.

The festivities will continue until the Legionnaires head for home. Joe Maenner is in charge of arrangements.

Birthday

This is the quadrangle at Ft. Sam Houston in San Antonio, where Geronimo slept during his 40-day stay. The fort celebrated its 83rd birthday Dec. 22. The post — whose hundreds of thousands of troops have included such men as Eisenhower, Wainwright, Bliss and Pershing — is now headquarters for the 4th Army. This picture appeared in color on the cover of the latest San Antonio telephone directory.

Historic Fort Still In Use

FT. SAM HOUSTON, Tex. (AP) — Geronimo once slept here. . . so did Eisenhower, Wainwright, Pershing, Bliss and countless thousands of men of lesser fame. Ft. Sam — often called "the Grand Old Lady of the military Southwest" — celebrates its 83rd birthday Saturday and the years have been good to her. Deer — instead of captured Indians — now sleep in the famous fort's quadrangle. Missiles are on display on a parking lot, the cavalry sabres are in the museum. Here Black Jack Pershing recruited and quartered his troops for expeditions against Pancho Villa. Here Ike met Mamie. And here burn victims from all over the world are flown for treatment in one of the three or four top burn wards. Ft. Sam — about three miles from downtown San Antonio and bordered on three sides by houses is the home of the Brooke Army Medical Center.

This huge center, with its 10,000 workers, has a surgical research unit that specializes in treating burns. The fort also trains Army medical officers. Ft. Sam is also the home of 4th Army Headquarters, where the command of Army units in five states rests. The first stones of Ft. Sam's quadrangle went down in 1876. On Dec. 22, 1879, U. S. Army troops started permanent occupancy. In September, 1886, Capt. A. M. Lawton and troops of the 4th Cavalry arrived with the renegade Indian leader, Geronimo. He couldn't stand walls around him so Geronimo slept in the quadrangle during his 40-day stay. In March, 1910, Lt. Benjamin Foulois soared over Arthur MacArthur field in a Wright brothers plane — the first military flight. Now about 17,000 people — military and civilian — work at Ft. Sam. And the fort and its tenants pump about \$60 million a year into the San Antonio economy.

All-Nuclear Navy Urged

WASHINGTON (AP)—The Senate House Committee on Atomic Energy and Vice Adm. Hyman C. Rickover joined today in recommending that the Navy install nuclear power in all future aircraft carriers and other surface ships. With the Soviet Union now building nuclear-powered submarines, Rickover contended, the Navy must have more nuclear-propelled aircraft carriers, even though these cost about \$150 million more than a conventionally powered carrier. Rickover's testimony, with supporting comments from the congressional atomic group was taken last March 31, when the committee held a secret session aboard the Enterprise as she underwent training exercises a few miles off Guantanamo Bay, Cuba. The Enterprise, the world's largest ship, is the only nuclear-powered aircraft carrier. Release of the 57-page report, after much censoring by both the

Defense Department and the Atomic Energy Commission, probably marks a drive by the committee to win congressional approval for more nuclear-powered naval vessels in the new session of Congress. The committee chairman, Rep. Chet Holifield, D-Calif., said in a foreword that "the United States must prosecute vigorously the conversion of the Navy to nuclear propulsion in the surface fleet as well as in the submarine fleet." Rickover, who pioneered nuclear submarines, told the nine Congress members: "I think without your forcing we will not have a nuclear surface Navy." At the shipboard session, Rickover ridiculed the theory that the nation and Navy could not afford nuclear-powered aircraft carriers because they cost from 30 to 50 per cent more than older, conventionally powered carriers. He offered this comparison between World War II and present cost for defense items: "An Army rifle went up from \$1 to \$100, a factor of three. A destroyer from \$9 million to \$35 million, a factor of four. "A conventional aircraft carrier from \$55 million to another conventional one, \$365 million, five times." Rickover said Congress so far had voted \$2.7 billion for nuclear-powered naval ships and that total research and development costs had been less than \$1.2 billion. Because this included "several hundred million dollars for the cost of building laboratories and land-based buildings," he said, "the actual development cost on naval nuclear propulsion is relatively small—about the same as you spend for the development of one missile."

Two Held For Auto Theft

COLORADO CITY (SC)—Police Chief Leon Yeager, picked up two youths wanted in Colorado state for theft, Tuesday morning, making the arrest about 8:30 at the Paris Yarrowburgh Service Station. The two were driving a car reported stolen in Breckenridge, Colo. According to Sheriff Rod Triplett, the two men were wanted for grand larceny and theft.

Strangled

Pretty Donna Kimmy, 22, of Huntington, Tex., was found dead in a New Orleans motel bath tub. Miss Kimmy was an airline stewardess for Trans-Texas Airways. Dr. Charles B. Odum, Parish coroner, said death was caused by strangling.

Independence For Algeria No Panacea

By ANDREW BOROWICZ ALGIERIA (AP) — Five months after independence, Algeria is a land of economic woes, of unfulfilled promises and hardship. To a handful of politicians with more experience than others, the aid of France—not so long ago a bitter enemy—represents the main hope for relief.

But many of those in power think there should be no compromise with the principles of the revolution, that one million men did not die so that colonialism could reconquer Algeria in a different form.

From east to west, from Souk Ahras to Tlemcen, across the arid plains and rugged mountains, the problem is how to fill empty stomachs, how to clothe children suffering from exposure. The United States as well as France is helping.

The country found itself on its own with brutal abruptness. Eighty-five per cent of the million European settlers who were Algeria's economic backbone have left. The result: The economy is at a virtual standstill with 85 per cent of the adult men lacking work.

Algeria's politicians grope for a solution amid promises and slogans. Disillusioned troops—only yesterday national heroes—criss-cross the countryside in search of food and supplies.

TENSE FACES Faces are tense in the National Assembly building, where the glass in the windows still has not been replaced after plastic bomb attacks by European extremists long ago. For hours on end, the deputies listen to charges of corruption and inefficiency; to calls for new economic and financial measures and calls for unity.

In the corridors an official once tortured by French paratroopers for his part in the independence struggle, shrugged his shoulders.

"In three weeks I will be a free man," he said. "You see, I can buy a bar cheaply from a European who is leaving. The hell with the government, Algeria? They are running it. I did not fight for this Algeria."

"We did not fight for this" was on the lips of virtually every Algerian who was willing to talk freely.

Mohammed B. was a political commissar in the rebel army, first in the interior of embattled Algeria, then in its foreign bases.

Three years ago, in a rebel army camp, he said firmly that an independent Algeria did not need Europeans to live and prosper.

"They are cowards for leaving us like this. They did it on purpose, to ruin us. They should have stayed and helped, and we would have forgiven them."

Some, however, are happy with newly acquired freedom and the possibilities for the future.

Haasiba Belkebir was a maid. Today she works as an assistant surgeon in a hospital. She goes to bars of the big hotels where she can watch foreign diplomats and their wives.

Columbus Copy Ends Its Voyage

NASSAU, Bahamas (AP)—Nina II, a close copy of the smallest of Christopher Columbus' ships, reached San Salvador Island Tuesday night 117 days after sailing from Spain in an effort to retrace the voyage of discovery.

The Nina II sailed from Palos, Spain, with a nine-man crew on Sept. 19, hoping to reach land at San Salvador at the eastern fringe of the Bahamas on Oct. 12, the place and date that Columbus made his famous landfall in 1492.

"Columbus' three ships, the Santa Maria, Pinta and Nina, sailed from Spain on Aug. 3, 1492, with 120 men and made the voyage in 70 days.

Aboard Nina II were the captain, Carlos Etayo, 42, a retired Spanish naval lieutenant who long dreamed of the venture and financed the building of the ship; Robert Marx, 28, a Pittsburgh-born underwater explorer; Michel Viales, a Frenchman, and six other Spaniards.

The ship, a 40-foot caravel built of oak from plans of the Nina in the Columbus Museum in Spain, carried no radio, engine or other modern equipment. Its crew lived on food such as the 1492 crew had—lentils, honey, rice, beans and biscuits—and depended on 15th century navigation instruments.

Clues Studied DES PLAINES, Ill. (AP) — Hampered by snow and cold at the scene, police pushed their search for clues today in the Christmas Eve hijacking of a Brink's armored truck containing upwards of an estimated \$100,000.

Replacing Israeli Leader A Puzzle

By HAL McCLURE JERUSALEM, Israeli Sector (AP) — Replacing David Ben-Gurion will be easy, says an Israeli joke, because the country has two million other prime ministers-in-residence.

The quip points up the average Israeli's sharp interest in national affairs and his concern over the question: After Ben-Gurion, what?

Not that the 76-year-old prime minister appears ready to step down. He seems healthy, mentally alert and full of vigor.

BIG BOOM But Israel is in the middle of a boom that could make it one of the most influential and powerful nations in the Middle East. Some Israelis, both in and out of Ben-Gurion's Mapai party, have talked about younger leadership to keep pace with the changing times.

For the face of Israel is indeed changing. Once the fledgling nation seemed headed toward a rigid socialism coupled with a strict theocracy. In recent years a slow change of direction has been noted.

Government participation in private enterprise is lessening. State-owned enterprises frequently are advertised for sale.

SOCIALIST VENTURE The kibbutzim, a successful socialist venture, primarily in agricultural communes, has remained static while the country's population increased. The giant Confederation of Labor (Histadrut), a cooperative organization that owns hotels, restaurants, trans-

portation and other businesses, has not maintained its share of the mushrooming economy.

Signs of boom are everywhere—new hotels in Tel Aviv, towering office buildings and modern apartments, new American and European autos; stores stocked with goods; a well-dressed citizenry.

The gross national product increases about 10 per cent each year—a rate that would make many advanced countries envious.

MORE BUSINESS A canny businessman bluntly described it: "We're getting more immigrants, and more businesses are moving in — and spending money."

Government bank experts view the boom with mixed reaction. "It's good, but we're keeping an eye on it," said a Bank of Israel spokesman. "We believe it's overheated, like a ball bearing. The economy has been asked to produce more goods and services than it can handle."

By most Mediterranean standards, prices are not cheap. Israel still depends on many imports—goods it has not started to manufacture. This year's trade gap is expected to reach \$440 million. It will increase before leveling off, economists say.

TOURIST HAVEN Tourists more and more are finding the Holy Land ideal for climate, scenic and historical attractions and good buys—particularly diamonds, furs and knitwear. More than one-third of the tourists are not Jews.

The visitor Ben-Gurion wants most is the Jewish immigrant from highly developed Western democracies.

"Fifteen years ago," Ben-Gurion told an interviewer, "I hoped that Jews would come to Israel from all parts of the world, including the Western democracies."

"I am sorry that only a few individuals decided to immigrate. There was no large-scale mass immigration from the Americas, England, South Africa."

NO SPLIT Is there a split between Israeli Jews of different ethnic origins, say between those of Europe and Yemen or Morocco?

"There is no split," says the prime minister. But he admits there is a differential in social, economic and educational levels.

The problem, he says, must be tackled promptly in two fundamental areas—housing and education.

The man mentioned most often as Ben-Gurion's successor is the minister of finance, Levi Eshkol, No. 2 man in the Cabinet. But he is 67, and political leaders may look for a younger man.

A dozen parties, in the fifth Knesset (parliament) range from extreme Orthodox to Communist. Ben-Gurion accuses the opposition of irresponsibility and hopes some day to see a realignment of parties—the socialist laborites and liberals on one side, the conservatives on the other.

Guard To Open Recruiting Drive

WASHINGTON (AP) — The Army National Guard—wearing a "we'll show McNamara" chip on its shoulder—will open an aggressive recruiting drive in the new year.

Informed sources, disclosing this today, said they are confident the Guard can reach its goal of 400,000 men. It now is about 25,000 short.

They indicated the effort will be spurred by a desire to disprove Secretary of Defense Robert S. McNamara's skepticism that it can be done.

Earlier this year, McNamara sought to trim Army Guard and Reserve strength by 53,000 men on grounds it was not possible without lowering standards to recruit enough men to maintain the Guard at 400,000 and the Reserve at 300,000. Under his proposal, the Guard would have taken a 33,000-man cut and the Reserve a 20,000-man reduction.

Congress directed the Defense Department to make every effort to muster the higher strength without sacrificing quality. Since then the Army has boosted its standards for Guard and Reserve recruits, making it even tougher to reach the manpower objective.

Knowledgeable officials said Guard recruiting would be helped if final agreement could be reached quickly between the Pentagon and state governors on a controversial streamlining of the Guard structure.

A chief feature of the Army-McNamara plan calls for reconstituting four low priority Guard infantry divisions into brigades with a quicker reaction capability in a national emergency.

The Army also wants to lop off a net of 338 obsolete company and detachment-size Guard units.

A parallel Reserve reorganization of roughly the same magnitude already is under way, with a March 31 deadline for completion.

A committee representing the governors has been trying to decide on when to seek a meeting with McNamara to discuss the Guard reorganization. Indications point to a meeting in early January.

Guard generals met here in early December. They found they were split and tossed the problem to the governors, who must approve any Guard changes in their states.

Among other things, the state Guard chiefs want the Guard troop strength spread more evenly among the states.

The Army concept would designate six Guard divisions as high priority outfits. They would be built to 80 per cent of full combat strength and would be given better arms and equipment.

Two other Guard divisions would be pegged at 70 per cent of full strength. These are outfits assigned secret special missions under the war plans. The remaining 15 Guard infantry divisions would be held to 60 per cent of strength.

Mr. and Mrs. Don Garrison of El Paso received the nicest Christmas gift of all yesterday, a baby girl born about 1 p.m. El Paso time in that city.

The 6½ pound newcomer has been named Ruth. She has an older sister, Emmy Jean, age 2½.

Don is the son of Mr. and Mrs. John W. Garrison of 807 E. 13th Street.

Emmy Jean was flown here Tuesday night to spend a few days with her grandparents.

SPORT NEWS OF 1962 IN PICTURE REVIEW

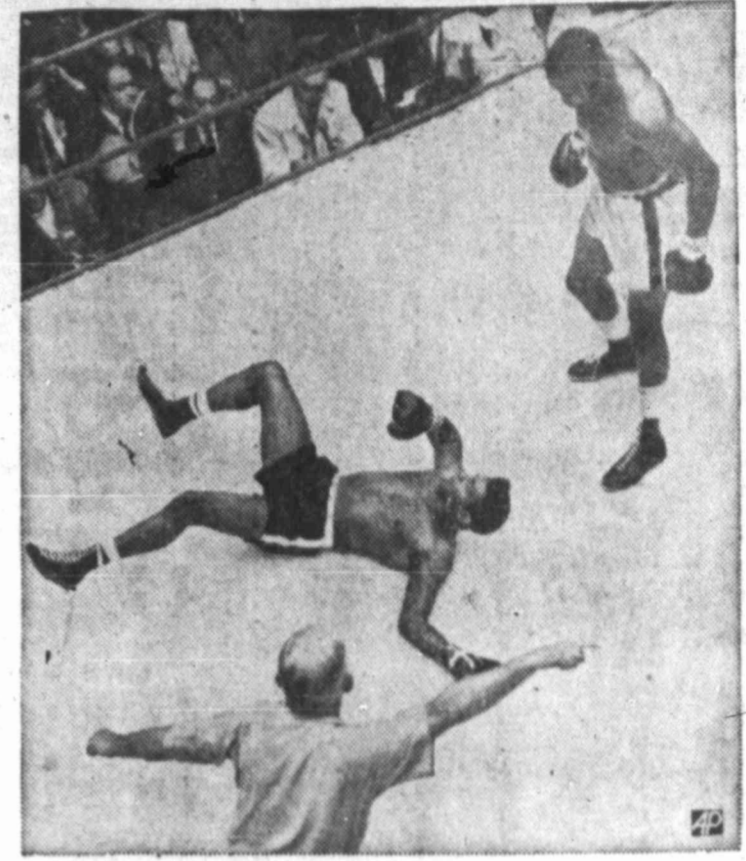

BY THE ASSOCIATED PRESS

KEEPING THE CUP—Weatherly sails to victory over Australian challenger Gretel in the fifth and final race off Newport, R. I., in September. The American sloop won the series, four races to one, to keep the famed America's Cup in U. S. possession.

SPEEDING TO MARK—Los Angeles Dodgers shortstop Maury Wills successfully completes steal of second in game at Houston in June. He went on to pilfer 104 bases during season and win the Most Valuable Player award of the National League.

QUICK FINALE—Ref Frank Sikora signals Sonny Liston to neutral corner after knockout of Floyd Patterson in first round of September title bout in Chicago.

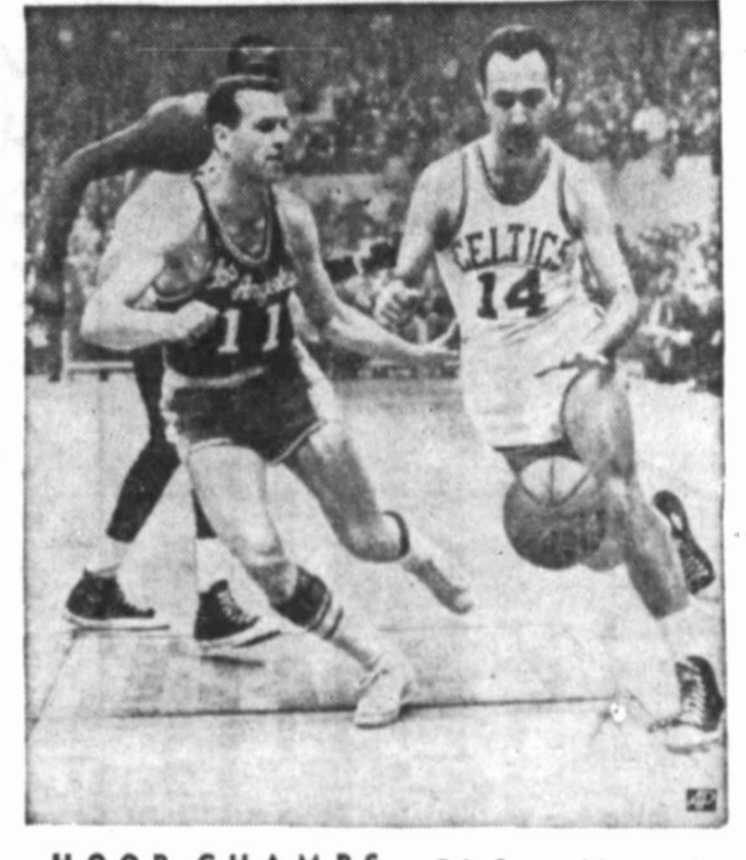

TOP HORSE—Kefau, 5-year-old Bohemia Stable gelding, made turf history by becoming the first thoroughbred to be selected as "horse of the year" for the third time.

LANE LEADERS—Don Carter and Marion Ladewig won World's Invitational Bowling crowns at Chicago in November. It was his fifth win and Marion's third.

GRID SHARPSHOOTER—Giants' Y. A. Tittle, heavily rushed by Redskin defenders, fires touchdown pass, one of seven, in game at Yankee Stadium, N. Y. His performance equalled one-game mark as professional football increased its popularity.

HOOP CHAMPS—Bob Cousy drives past Lakers' Frank Selvy in NBA title game at Boston in April. Celtics won their fourth straight pro basketball crown.

GRAND SLAMMER—Rod Laver of Australia makes a return at Wimbledon in July. He won French, English, Australian and U.S. titles for a tennis grand slam.

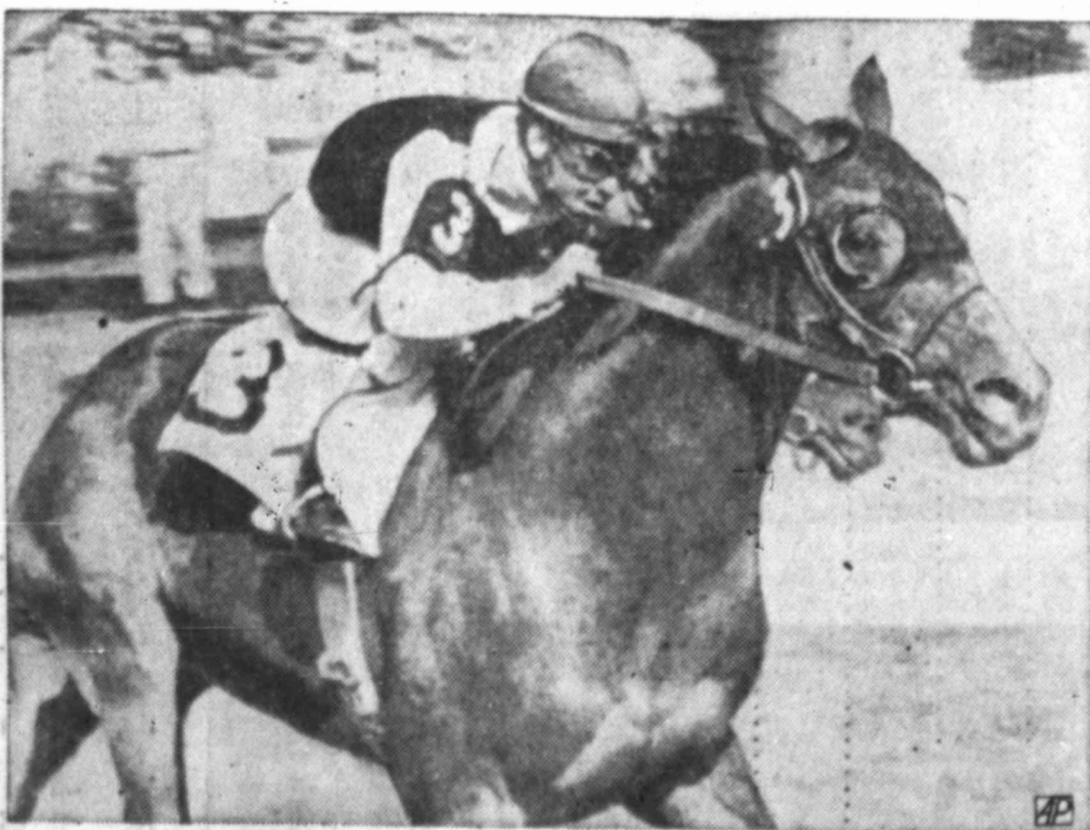

THE BIG THREE—Arnold Palmer of Latrobe, Pa.; Gary Player of South Africa and Jack Nicklaus, Columbus, Ohio, dominated golf this year. Palmer won the Masters and British Open. Player took the PGA while Nicklaus captured the U. S. Open.

TRACK STAR—Jim Beatty, 28-year-old insurance agent from Los Angeles, set five American records and one world mark in races from one mile to 5,000 meters.

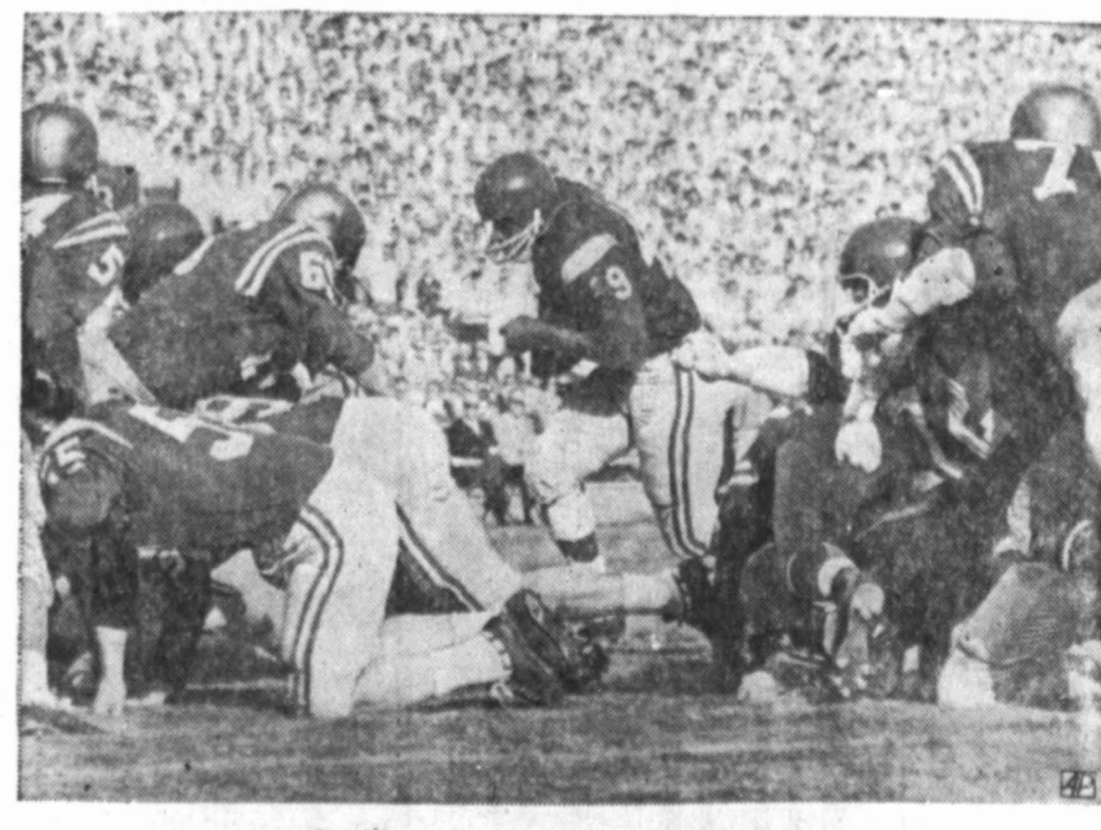

BIG MOMENT—Chuck Hiller of the Giants starts for first after hitting grand slam homer in the fourth World Series game. However, the Yankees won the Series.

RECORD RUN FOR ROSES—Bill Hartack pilots Decidedly to victory over Roman Line in the 88th running of Kentucky Derby at Churchill Downs in May. Decidedly broke Whirlaway's record with a 2:00.2 clocking for the ten furlong race.

WATER POWER—Australia's Maury Rose churns through turn in Chicago Invitational meet in August. He set many records in freestyle races during year.

TROJANS ON TOP—Southern California's Ben Wilson scores against Notre Dame in December game at Los Angeles. The Trojans went on to win game and complete undefeated season to win rating as the nation's outstanding college football team.

Santa Meets Mary Christmas

Santa Claus probably got the surprise of his life in Lubbock. He met Mary Christmas, 19, a Texas Tech sophomore from Levelland, Mary, daughter of Mr. and Mrs. John R. Christmas, and her family made news in 1955 when they spent three days in a fallout shelter as a civil defense experiment in Houston. Mary and Santa exchanged holiday greetings, and then Santa wanted to know, "Is your name really Mary Christmas?"

Kennedy Pardons Jake The Barber

PALM BEACH, Fla. (AP) — John (Jake the Barber) Factor, a one-time Chicago underworld figure, turned philanthropist, has been granted a Christmas pardon by President Kennedy.

This apparently wipes the slate clean for Factor, 70, who turned from a barbering career to the more exciting world peopled by Al Capone and Roger Touhy.

The pardon, first applied for in 1954, clears away a 1943 conviction for mail fraud and evidently will put an end to the government's attempt to have Factor deported to his native England.

"I am very surprised and grateful," Factor said Tuesday at Palm Springs, Calif. "I hope I have earned it. It is a wonderful Christmas present and I believe justice has been done."

The pardon was signed Monday by Kennedy at his vacation headquarters.

Factor was paroled from the Federal Correctional Institution at Sandstone, Minn., in 1949 after serving six years of a 10-year sentence. He moved to California, became a successful real estate operator and plunged into philan-

thropic work. His donations have been estimated at more than \$2 million, including \$25,000 toward the unsuccessful 1961 effort to free the Bay of Pigs Cuban invasion prisoners in exchange for tractors.

Factor grew up on the West Side of Chicago. Following his parents' wishes he became a barber, first in a neighborhood shop, then in a glittering hotel salon.

Soon the dapper, 5-foot-6½-inch Factor was making deals. In 1925 he was named in federal warrants charging use of the mails to defraud persons taking a flyer in the Florida land boom.

He went to Europe and stories of his gambling luck preceded him back to the United States. He claimed to have broken the bank at Le Touquet in 1930, walking out of the casino with \$650,000.

Factor gained national attention in 1933 when he charged he had been kidnaped by Touhy, a prohibition beer baron. Touhy was sentenced to 99 years on kidnap charges, paroled after 25 — and mysteriously shotgunned to death on the steps of his Chicago apartment building days later.

South African Group Aims To Kill Whites

By HENRI JONKER
PAARL, South Africa (AP)—A terrorist organization dedicated to "killing the whites" has established itself in South Africa, according to testimony presented at an inquiry into recent race riots here.

The underground movement calls itself "Poqo" — which means "we stand alone." It operates in secret in the segregated African townships which lie outside South Africa's cities and towns. It is carrying on the work of the militant Pan-Africanist Congress, banned in 1960.

These details about Poqo were related to the Supreme Court justice conducting the inquiry into the violence of Nov. 22 when a band of between 100 and 200 Africans stormed into Paarl. The Africans hacked to death two young whites and attempted to storm the police station. Five Africans were killed by police fire and more than 300 arrested.

Some of the Africans who testified at the inquiry were brought into a cleared courtroom wearing masks to safeguard them from Poqo revenge. They said Poqo terrorists had killed several Africans in the Paarl location who wouldn't join them or do their bidding. Police said Poqo men who tried to storm the Paarl jail Nov. 22 wanted to liberate comrades arrested after "peaceable Africans" had informed on them.

Poqo's all-male membership has instructions to arm itself with home-made weapons, and their chief plan is to honor an African nationalist pledge that South Africa shall be taken over by a black government in 1963, the inquiry was told.

Lt. S. I. Sauerman of the Security Police testified that Poqo began to show its head in 1961. Poqo meetings are held under cover of darkness, frequently in the bush, and women are not admitted.

A police sergeant described cases of Poqo intimidation.

A white shopkeeper was murdered in a demonstration of readiness to kill whites. Three mulatto women — obstruction Poqo activities by occupying African men with less serious matters — were hacked to death. Another mulatto woman, the sergeant stated, was for the same reason dragged from a man's room, stabbed 17 times, drenched in kerosene and set alight. She survived but was crippled for life.

The sergeant said he had great difficulty investigating the murders and assaults because the Africans feared Poqo reprisals and were unwilling to help the police. It emerged that the only distinguishing mark of Poqo members is two small vertical cuts on their foreheads just below the hairline.

Norstad Honored

French President Charles De Gaulle, in typical French military fashion, kisses Gen. Lauris Norstad, Supreme Commander of Allied forces in Europe, after he received the Grand Cross, highest rank in the French Legion of Honor in Paris.

Hoffa Criticizes Court Officials

DETROIT (AP) — Teamsters Union President James R. Hoffa has criticized severely the federal judge and prosecutor in his Nashville trial which ended in a hung jury Sunday.

Hoffa was especially critical of the decision of Judge William Miller to present to a federal grand jury in January evidence of alleged jury tampering during the 42-day trial. He also had verbal fire for Atty. Gen. Robert F. Kennedy.

His remarks came in a taped interview with television newsman Ven Marshall of WWJ-TV, Detroit. The interview was taped Monday and broadcast that night and again Tuesday.

Hoffa was on trial on a charge of violating the Taft-Hartley Act by accepting, with the late Owen Brennan, a Teamsters vice president, more than a million dollars from a Michigan trucking firm, Commercial Carriers, Inc.

The jury became deadlocked Sunday after 17 hours of deliberations.

Asked for his views on Judge Miller's conduct of the trial, Hoffa replied:

"My reaction is that we had ready and were set to file an affidavit of prejudice, not only during the trial but before the trial."

Of prosecutor James Neal, Hoffa said:

"He is one of the most vicious prosecutors who ever handled a criminal case for the Justice Department. Half truths, innuendos and every sort of underhanded

tricks were used by him in this trial."

He charged Atty. Gen. Kennedy was trying to move Hoffa's next federal court appearance, scheduled for Miami Jan. 4, out of the jurisdiction of the Tampa federal court. "Kennedy viciously stated some time ago that the case belonged in the Tampa court. Now he is trying to move it to Miami."

Asked about rumors of jury tampering, Hoffa said:

"It is the oldest trick in the world that when you displace a juror you think understands the situation, you discredit that juror or someone close to him."

"It is a disgrace, in my opinion, for anyone to make a statement that this jury was tampered with because if they had such a suspicion they should not have waited a month after their suspicion to remove this person, and not during the trial, but at the time they got their information."

At Nashville, the trial judge said: "No comment. The record speaks for itself."

Judge Miller said "close labor union associates" of Hoffa were involved.

Only A Few Braceros Here

MEXICO CITY (AP) — The ministry of Foreign Relations says about 180,000 migratory workers have returned to Mexico after finishing contracts in the United States.

The ministry said that as of Dec. 15 only 10,000 of the braceros remained in the United States. They were expected back in Mexico during January.

The United States hired fewer braceros this year than in the past three. A total of 432,000 were hired in 1960 and about 380,000 in 1961.

The Light And The Might

Symbolizing Christmas and its protector, a medium tank of the 2nd Armored Division lends its might for protection while the red nose of Rudolph lights the way for Santa on his mission to spread Christmas throughout the world. The display was a project of Combat Command B of the Hell on Wheels division at Fort Hood.

BIG SPRING DAILY HERALD

SEC. B. BIG SPRING, TEXAS, WEDNESDAY, DECEMBER 26, 1962 SEC. B

U.N. Social Functions Are Worse Than Formal Battles

By TOM HOGE
UNITED NATIONS, N.Y. (AP)—"It's grim enough dealing with Cuba or the Congo all day," said the diplomat, staring glumly at the milling throng of drinkers. "To fight your way through this every night is a bit too much."

With 110 member nations determined to wine and dine each other before the General Assembly session ends soon, the average delegate usually winds up his day being jostled about a smoke-filled room.

The envoy first must stand in line up to half an hour to pay his respects to the host ambassador. Then he is free to battle his way through the packed room in search of a cocktail tray.

If the drink gives him courage to try the buffet, the guest attaches himself to another long line inching past the food tables. After receiving a plate of spiced beef or one of the volcanic curries that most U.N. parties feature, he has the final problem of finding a place to sit.

After a three-week round of U.N. receptions and banquets during his 1960 visit to the assembly, Soviet Premier Khrushchev told a newsmen: "This life would make a stone sick."

tion as a fruitful field for quiet diplomacy. His successor, U Thant, goes to parties when time permits and engages in informal exchanges he could never fit into his busy work schedule.

With the rapid growth of the United Nations, receptions have become so jammed that it is difficult for a jostled delegate to indulge in any quiet lobbying.

The growth of the world forum has posed an acute problem for the U.N. catering staff which handles parties at the East River headquarters.

"We can't accommodate more than 750 persons in the main dining room at one time," said Frank W. Reickert, who runs the network of bars and restaurants.

"When Algeria gave a party in honor of Premier Ahmed Ben Bella in October, the attendance was so large we had to open the west terrace for the overflow."

Most countries like to entertain during the first six weeks of the session, while their foreign ministers are still in town. Reickert may get six applications for the dining room the same night.

"We just have to take them on a first come, first served basis with no favoritism," he said.

Countries with huge guest lists often solve the problem by holding their functions in New York's big midtown hotels. Oil-rich Saudi Arabia gives a glittering reception each fall at a rooftop room.

Train Accident
NEW YORK (AP)—A string of empty passenger cars rolled down an incline and collided head-on with a Long Island Rail Road passenger train carrying some 40 Christmas Day commuters. Seven of them plus two trainmen were injured, police said.

Alcoholism Is Termed 'Respectable Disease'

NEW YORK (AP)—Alcoholism is "a disease as respectable as cancer or tuberculosis."

And, "It is no more painful for the alcoholic to stop drinking, through the aid of modern drugs, than it is for a woman to have a baby."

Public realization of these two facts could speed the recovery of thousands of alcoholics, declares R. Brinkley Smithers, president of the National Council on Alcoholism, Inc.

"The sooner alcoholism is treated, the better the chances for a good recovery," Smithers said in an interview during Alcoholism Information Week, sponsored by the council.

One severe roadblock is the stigma attached to alcoholism as the drinker's own fault, and a sign of moral or character weakness, he said.

And, "It is no more painful for the alcoholic to stop drinking, through the aid of modern drugs, than it is for a woman to have a baby."

Public realization of these two facts could speed the recovery of thousands of alcoholics, declares R. Brinkley Smithers, president of the National Council on Alcoholism, Inc.

One severe roadblock is the stigma attached to alcoholism as the drinker's own fault, and a sign of moral or character weakness, he said.

legal and even a sign of prestige among some groups, Smithers points out.

But about 1 of 15 drinkers becomes an alcoholic, unable to control his drinking. This means five million Americans are alcoholics.

"Why should we look down on the one who gets sick?" asks Smithers. "Of course, once the alcoholic has been informed of the nature of his disease, he must realize he cannot drink with impunity. He must be helped in every way, and if he continues to drink, he is either sicker than the ones who recover, or has other problems as well."

legal and even a sign of prestige among some groups, Smithers points out.

'Give Me A Bite'

Two-year-old Amos Allen looks on in dismay while his sister, Toni, 3, attempts to bite through the cellophane covering of a giant peppermint stick in Huntington, West Virginia.

Soldiers Rushed To Watch Cuba Still Standing Guard

MIAMI, Fla. (AP)—American soldiers who were rushed to south Florida during the Cuban crisis are still on duty manning radar screens and anti-aircraft missiles aimed in the direction of Cuba.

Others are behind barbed wire barricades handling complicated electronics gear turned to air movements over Cuba.

The Christmas holiday brought no relaxation of the American guard.

Movements of Navy ships in and out of the big Key West Navy base, only 90 miles from Cuba, remained under tight security wraps. Navy sources said the ships were keeping a close watch on Cuba waters.

President Kennedy touched off

the buildup on Oct. 23 when he told the nation of the presence of Soviet missiles in Cuba and demanded their removal.

A month later he said the missiles had been taken out and that many of the troops would be leaving Florida. Many did.

The tanks and tough troopers

Car-Train Crash Kills 3 Persons

EL PASO (AP)—A Southern Pacific freight train and a small, foreign-built automobile collided at an El Paso crossing Tuesday and killed a couple and their 8-month-old son.

Police identified the dead as Billy Earl Seward, 25; his wife Virginia, 19; and Billy Earl Seward Jr., the infant son.

The weather was clear and bright and authorities said a warning signal was flashing. A trainman said the car slowed as if to stop, but then continued onto the track.

The 103-car freight train continued more than 1,000 feet before it could be stopped after hitting the car.

of the "Old Ironsides" 1st Armored Division left their temporary base at Gulfstream race track.

Huge mobile field hospitals designed to be flown to Cuba to handle invasion casualties have disappeared from the Opa-Locka air base near Miami. The base is still thronged with fire engines, crash and fuel trucks and other equipment that would be used to stock a captured airfield.

At Homestead Air Force Base, where units monitor every move in the Cuban air lanes, most of the special planes flown in during the crisis have left.

At Key West, at the tip of the chain of rock and coral islands stretching from the Florida mainland in the direction of Cuba, missiles are still stacked in their launching pads. The city baseball stadium is crammed with military vehicles.

Headquarters, behind sand bags and barbed wire, is established in a luxury beach hotel.

Radar and rocket units dotted along the keys stayed in place, and in action.

A Marine officer, who noted that the bulk of a possible invasion force had been pulled out, was asked how long it would take to reassemble it.

"It wouldn't be a matter of days or weeks," he said. "It would be a matter of hours."

Two Families Escape East Germany In Speeding Bus

BERLIN (AP)—Eight East German refugees crashed through three barriers into West Berlin before dawn today while the bullets of border guards rattled off their armor-plated bus.

Eight bullets hit the bus but only one man was injured, by flying glass when the windshield smashed.

The escapees were the owner of the bus, his driver, their wives and their four children. The children included three girls, 1, 3 and 13 years old and a boy of 10.

Police said the bus, of Soviet manufacture, belonged to one of the few private contractors the Communist regime still permitted to operate.

The group drove 120 miles to Berlin from their homes at Neugersdorf, near the Oder-Neisse border between East Germany and Poland.

They had fitted metal plates inside the bus to protect themselves from the bullets they were certain the border guards would fire at them.

The bus swung around Berlin to come into the city on the autobahn from the west.

While the women and children lay on the floor, the contractor

and the driver drove audaciously up to the control post at Babelsberg where vehicles heading for West Berlin are checked.

It was 5:30 a.m. and still dark. Ignoring signals to halt, the driver drove the bus at top speed toward the steel and concrete barricades which stretch across the four-lane highway leaving only one lane for traffic.

Border guards fired tommy guns at the bus as it sped by. The heavy vehicle crashed through three metal barriers.

There still was about 1 1/2 miles of highway to go to the West Berlin city limits but the autobahn curves at this point, giving cover from the guards' fire.

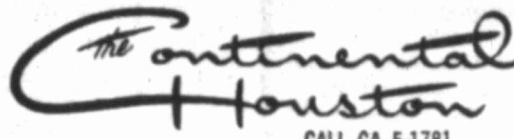

A few minutes later the bus swept triumphantly past the Western Allied checkpoint at Dreilinden and into the sanctuary of West Berlin.

The refugees were taken to a reception center to be interviewed by officials.

A Devotional For The Day

Jesus turned, and saw them following, and saith unto them, What seek ye? They said unto him, Rabbi, . . . where dwellest thou? He saith unto them, Come and see. (John 1:38-39.)
PRAYER: Help us, our Father, to be witnessing Christians. Having found Jesus for ourselves, send us forth to tell others of His love for all men. In Christ's name we ask. Amen.

(From The 'Upper Room')

Place For Emphasis

Commenting on the presence of a group of Columbia University "talent scouts" in Dallas recently, the Daily Texas newspaper at the University of Texas, observed that competition for the gifted high school seniors is becoming stiffer.

The lesson should not be lost on the university, the Texas observer. Hence there should be not only more impetus on its Operation Brainpower to attract outstanding high school graduates for the university but also to search outside of the state and compete for non-Texas outstanding students.

This is a worthy suggestion, because institutions like to make a showing with their products. Moreover, there is a need and a demand for training our gifted young people for a maximum of their exceptional talents.

We cannot, however, be quite as en-

thusiastic about a talent search as for a program for making sure that our institutions achieve an excellence in education. The university and several other elements of the system possess a distinctiveness and an effectiveness above the average. Yet, none would argue that the university or our other schools of higher learning have attained all that they should in brilliance of performance. This should be the first order of business. If Texas can command the brains (staff) and provide the facilities and the clear purpose, our schools will earn a reputation of excellence that will not only induce our best young talent to train at home but may attract others from over the nation. In the process, not only the exceptional minds will be benefited, but our entire academic population as well.

Fiscal Muddle

For public opinion to understand and judge the performance of government, as a working democracy requires, the average citizen must have a reasonably clear picture of where its money comes from and how it is spent. In this respect, however, the Texas state government even baffles the experts.

In an unenvied attempt to bring some semblance of order and clarity to Texas' fiscal affairs, the Texas Research League—on the request of the governor and the Legislative Budget Board—is making a detailed study of state financial management. The study will not be finished until next year, and its recommendations presumably will require constitutional amendments as well as legislation to carry out.

Meanwhile, the league has submitted one long overdue proposal: To reduce the state's 239 separate funds to 55. That would be only a partial reform, but it would reduce the absurdity of a multiplicity of accounts which are inexcusably

wasteful and incomprehensible to the general public. It would at least limit each agency to a single operating fund, where two now have 14, another 10, and nine more than one.

The present cumbersome nonsystem is the byproduct of "earmarking" of tax revenues, a device used by the legislature to usurp an executive function in order to protect its pet, and politically potent, programs. As a result, while some funds run deficits, others accumulate surpluses, and sound budget control to minimize the burden on taxpayers is impossible.

All of the political forces that brought about this jerry-built fiscal structure can be expected to defend it against a sensible remodeling. The only way reform can be achieved is for the people to impress upon their legislators that they want a state fiscal system that they can understand. Otherwise, the taxpayers will remain in the dark as to whether they are getting their tax dollar's worth in state works and services.

Manned Bomber Following The Cavalry?

It has been obvious for some time that it is the fate of the manned bomber to repeat the history of cavalry, right down to the romantic attachment that led to a last-ditch fight to save the man on horseback long after the tank and armored car had replaced both.

SENTIMENTAL DEVOTION to the cavalry by powerful segments of the armed forces and the public finds its counterpart today in the same stubborn constancy to the manned bomber, which is being overtaken by rocket and missile, just as surely as the cavalry was doomed by armored forces.

President Kennedy has placated the British government over cancellation of the Skybolt program and sent Prime Minister Macmillan home happy from Nassau with a Christmas package of Polaris missiles instead.

BUT THE dust-up with the British government and people over Skybolt probably won't be a patch on the angry Congressional outcry against dropping Skybolt. That air-to-ground missile was designed to arm the manned bomber, which has powerful advocates in Congress. They can only see the cancellation of Skybolt as another direct assault on their baby.

The devotion of Congress and public to the manned bomber, which played the same glorious role in World War II as cavalry did in the Civil War, can be seen in the fact that the last two Congresses have passed substantial appropriations for the B-70 (RS-70) which the Chief Executive has failed to spend.

SENTIMENT KEPT the cavalry—the romantic, high-riding, rough-riding cavalry—in being right through World War II. Even though the increasing mechanization of warfare between the two World Wars clearly indicated that cavalry was outmoded, that no more would there be any great, suicidal charges at any future Balaklava, sentiment in the nation and the armed forces kept the cavalry alive until 1946.

The Army did not abolish the cavalry as a separate arm of the services until a year after the end of a way in which it played no part. At that time what remained of the cavalry and its proud traditions were merged with the armored forces.

BUT SO powerful were that pride and sentiment that the two overcame for

GOP Scores Gains In Legislatures

WASHINGTON (AP)—Republicans scored net gains of about 150 seats in state legislatures in the Nov. 6 election, and in the process ousted Democrats from control of both Senate and House in three states—Pennsylvania, Colorado and Utah.

Democrats still will control both legislative chambers in 26 states. The Republicans will have such two-house command in 19 states; and in four states control will be divided.

Before the election, Democrats dominated both legislative branches in 28 states, the Republicans in 14; and in 7 states control was divided. (Nebraska has a one-chamber legislature of 45 senators elected without political labels; therefore it cannot be classified.)

THE LEGISLATURES of the 50 state have about 7,500 members. Net Republican gains of around 150 are small in proportion to the total of seats but the gains are hailed by the GOP high command here as a sign of party progress. Republican leaders point, in particular, to a net pickup of 26 seats in the South as evidence of the growth of a two-party system there.

Democrats point to a victory in Hawaii, where they won control of the Senate and retained control of the House.

Democrats also picked up some seats in traditionally GOP northern New England—eight in New Hampshire and two in Maine—though the Republicans retain overwhelming majorities in both state capitols.

Forty-five states held election for their legislatures Nov. 6. The exceptions were Kentucky, Louisiana, Mississippi, New Jersey and Virginia. Some of these five will hold special elections to fill vacancies.

The exact effects of legislative reapportionment on the election remain to be worked out. Several legislators revamped themselves after the 1960 census. The clamor by urbanites and suburban dwellers for greater voting strength will be loud in most legislative sessions of 1963.

The biggest Republican gain Nov. 6 was scored in Maryland where a judge's edict enlarged

the House of Delegates to give greater influence to populous areas. Nothing was done about the rural-dominated Senate. Republicans gained 22 seats in the legislature as a whole. Percentage-wise, however, they made their biggest advance in the un-revamped Senate. There they raised their slim majority from three to seven of the 29 senators. Despite GOP gains, the new House also will remain Democratic.

In Georgia, a Negro was elected to the state Senate for the first time in 92 years after historic reapportionment gave 25 of the 54 seats to nine urban counties. LeRoy R. Johnson, Negro attorney and a Democrat, was one of seven senators elected by Fulton (Atlanta) County. Previously Fulton had only one senator.

Republicans won two Senate seats to break the Democratic monopoly of the chamber. The GOP also retained its two House seats.

Texas will have seven Republican state legislators, more than at any time since Reconstruction. The outgoing legislature had two. Other Southern states in which Republicans gained were: Alabama 2, North Carolina 6, Oklahoma 13, Tennessee 2.

THERE WAS a dead heat in

ANNAPOLIS, Md. — It was during a hectic session of the Maryland General Assembly.

Gov. J. Millard Tawes had just dispatched another delegation when an observer suggested that legislative pressures might be getting on his nerves.

"Who me?" asked the governor. "No, sir. Not me. Not getting on my nerves."

Whereupon, he picked up his cigar and stuck the ash end in his mouth. Fortunately, the cigar had gone out while the delegation chatted.

To Your Good Health

Irritation Can Result From Faulty Infusions

By JOSEPH G. MOLNER, M.D. (or even not so ordinarily) used for I.V.'s. About the most serious result is the possibility of some sloughing (or loss) of tissue from an instance of extreme irritation, but even then the area will heal, and the only permanent consequence might be formation of a small scar. The general health is not impaired.

This can happen occasionally. The needle is placed in a vein but may slide out. The patient's arm may move. The tube may be accidentally pulled or bumped. Unless this is noticed immediately and the fluid shut off, it continues to flow, but instead of going into the vein it suffuses the tissues outside. The result is swelling, because the fluid cannot be carried away as readily as in the vein.

With the commonest intravenous fluids, saline (salt) solution, or glucose (sugar), no harm results and there isn't even much discomfort. The flow eventually slows down as the tissues fill. Later the fluid is gradually absorbed.

The same can apply to some medicated solutions. Others, however, can cause irritation of the tissues—pain, swelling and redness. But this, too, eventually subsides. In any event, material being put into a vein is germ-free and clean. There may be irritation but there is nothing to produce infection.

There is no permanent danger to health from any such incident with the preparations ordinarily

used for I.V.'s. About the most serious result is the possibility of some sloughing (or loss) of tissue from an instance of extreme irritation, but even then the area will heal, and the only permanent consequence might be formation of a small scar. The general health is not impaired.

Around The Rim

Things Are Back To Normal

Just when I thought the younger generation might be going to pot, my faith has been restored.

I noted the other day that a young collegian had just established a new record for revolutions in a stock-model clothes spin-and-dry unit. It made him, he admitted, a little dizzy. Otherwise, he came through the ordeal in fine physical condition—and with honors for his school.

SO THINGS are back to normal, after all.

In my day (and you can date me from it, too, because that was when Old Gold was making the blindfold taste tests by furnishing free cigarettes and black coffee), underclassmen devoted themselves to such serious pursuits as goldfish eating. Institutions across the country vied to see which could produce a lad who had consumed the most live goldfish. The rules were a little loose in that no minimum size was applied to the fish.

A MORE EQUITABLE test developed shortly thereafter. The next great intercollegiate competition came in swallowing razor blades. Gillette should have offered a cup for this, because young men popped on the original snap, crackle and pop diet to uphold the honor of their school.

Rather tame, but a forerunner of the

latter day competitive spirit, was the fad of seeing how many bodies could be packed in the baby Austin automobile. Whether the Ringling Bros. clowns got the idea from college boys or vice versa, I never could figure out, but the collegians did a fair job in cramming freshmen into the confines of a dwarfed cab.

NOT SO MANY years ago a variation of this swept the land when collegians were challenged to see how many young men could be packed into a telephone booth. Some mighty feats of compression were achieved.

A couple of years back, colleges were electrified by news that enterprising young men had pushed a bed a distance of several miles. Before it was all over, it began to appear as though some nervous-say-die scholars would shuttle a bed across the continent.

SINCE THEN, things have been pretty dull in fields of higher learning. I had begun to wonder if perhaps the critics weren't right after all, that perhaps something was amiss in the halls of learning. But not anymore, for the spin-and-dry marathon has come along. Young Americans are still as zany as their Dads.

—JOE PICKLE

Marquis Childs

Dealing With The 'Revolutionaries'

By WILLIAM S. WHITE (For Marquis Childs, who is on vacation)

WASHINGTON—It is hard to put down the troubling suspicion that much of the State Department is operating on the shining-eyed conviction that all "revolutionaries" are necessarily good guys and all traditional governments are necessarily bad guys.

SOMETIMES IT seems that the one sure way to assure official American sympathy to any uprising anywhere is for the rebels solemnly to tell Washington straightaway that they are the liberal reformers and their opponents the evil "reactionaries."

The latest instance in this melancholy tale is this government's decision to grant official recognition to the insurgent regime in Yemen, in the Middle East.

THIS "REVOLUTION" is not really comparable to that conducted by George Washington and others in colonial United States. Though it was indeed begun by a local leader called Abdullah al-Sallal, it was in fact very quickly taken over by Colonel Nasser's Egypt. Nasser sent in 12,000 Soviet-trained Egyptian troops, supplied with Soviet-made bombers and tanks, against the barefoot tribesmen who remained loyal to the royal Yemenite government of the tribal king, Mohammed al-Badr.

In the meantime, Saudi Arabia and Jordan gave some assistance—but of a far more ragged scale and kind—to the old regime of Al-Badr.

IN STATE DEPARTMENT definition, of course, a king is more or less automatically a "reactionary," even in a remote area like this which is living in roughly the 18th Century and where any serious talk of "democracy" is an absurd jest.

The American action in giving recognition to the Egyptian-led insurgents puts us in the company of, among others, the Soviet bloc. But it does not put us in the

company of, say, Britain, which is in no great hurry to celebrate this supposed great movement toward liberal reform.

OUR MOTIVES are quite correct. We wish to see an end of fighting in the Middle East and the disengagement of all hostile forces, in fear that otherwise the thing might blow up into major war and give the Russians some opportunity to intervene.

It is easy to go along with the objective. But it is not easy to see why—since the disengagement of the contending forces is our central aim—we did not at least withhold recognition until Nasser had actually withdrawn his troops and Soviet-made weapons. We have had only a somewhat vague "indication" that he will do so.

WHAT, THEREFORE, is really left? We have given the great boon of American recognition to a "revolution" which was only nominally homemade and actually results in a victory for Nasser Egypt. If Colonel Nasser can rush into Yemen upon the "invitation" of some force seeking to overthrow the existing authority, why cannot he rush into other Arab countries on other "invitations"—or other pretexts?

The United States is rightly trying to bring about his total detachment from the Soviet Union, which in the past was close to him and which, indeed, built up his present military force. But is the pattern of Yemen a good way to do that? Surely not.

FOR NASSER IN Yemen showed an alarming capacity for military amphibious operations on a considerable scale. After all, he hurled what amounts to a full division across the Red Sea. It would hardly seem wise to encourage him in such an adventure until we know, and do not merely hope, that he has really turned away from the Soviet Union and toward the West, as he has sometimes seemed to do.

(Copyright, 1962, United Feature Syndicate, Inc.)

Alexander Guest Column

Politics A Rich Man's Game

By PHYLLIS M. GALLAGHER (Author of "All Is Not Quiet on the Potomac")

A few weeks ago my husband and I dined with Holmes and Mary Alexander before they took off for Africa.

We were discussing the fall elections and the economics of running for public office. I told Holmes how amazed I was that book editors, in reviewing my latest novel—"All Is Not Quiet on the Potomac"—had seemed to miss, somehow, its central theme; that is, the high cost of running for political office and the problems that result. Holmes was kind enough to ask me to do a column during his absence on this subject.

THE DAY HAS passed when an able, dedicated and public-spirited, but poor man, can hope to run successfully for public office and, particularly, the Presidency of the United States. In the days of Roosevelt I and II, Taft and Woodrow Wilson, to mention a few, all the candidate needed was time, ability, eloquent statesmanship and the constitution of an ox. In recent years, however, the cost of campaigning at all levels of politics has become astronomical, and is growing more so. A vast organization is needed and even though there may be volunteer workers, the permanent paid nucleus of it must be supported. Then there are the costs of billboards, posters, a flood of hand-outs, costly travel, usually with an entourage, expensive radio time, newspaper advertisements and almost prohibitively costly television time, not to mention subsidies of one kind or another handed out to countless local organizations.

THE REPORT is that the cost of the Eisenhower and Taft competition for the nomination alone in 1952 was \$5,000,000; that the two major political parties spent, during the 1960 campaign, an astonishing total of \$143,000,000. Ninety-five per cent of this money was contributed by a relatively few individuals, by business and by pressure groups of one kind or another. No attempt is made to enforce the prohibition against contributions in excess of \$5,000 to a political party. It would be naive to close one's eyes to the fact that heavy contributions expect a quid pro quo of some kind if the candidate is successful. This whole subject of political contributions had been under careful

study by Senator Albert Gore of Tennessee for some time.

POLITICS, particularly at the national level, has become a rich man's game, or a rich organization's game. There was a time not long ago when the force of the candidate's personality and stature, plus a resume of his achievements, was impressed upon the voters. Now it is the weight of his money—or his organization's money—with side shows, the hallmark of present day campaigns, not fair, studious and dignified debates of issues.

This raises serious and disquieting questions about the future of the country. Shall the people exercise their responsibility to select the best candidate available for all political offices—their lack of wealth notwithstanding—or leave the field to rich men who can afford a fling at politics, or to the pawns of pressure groups?

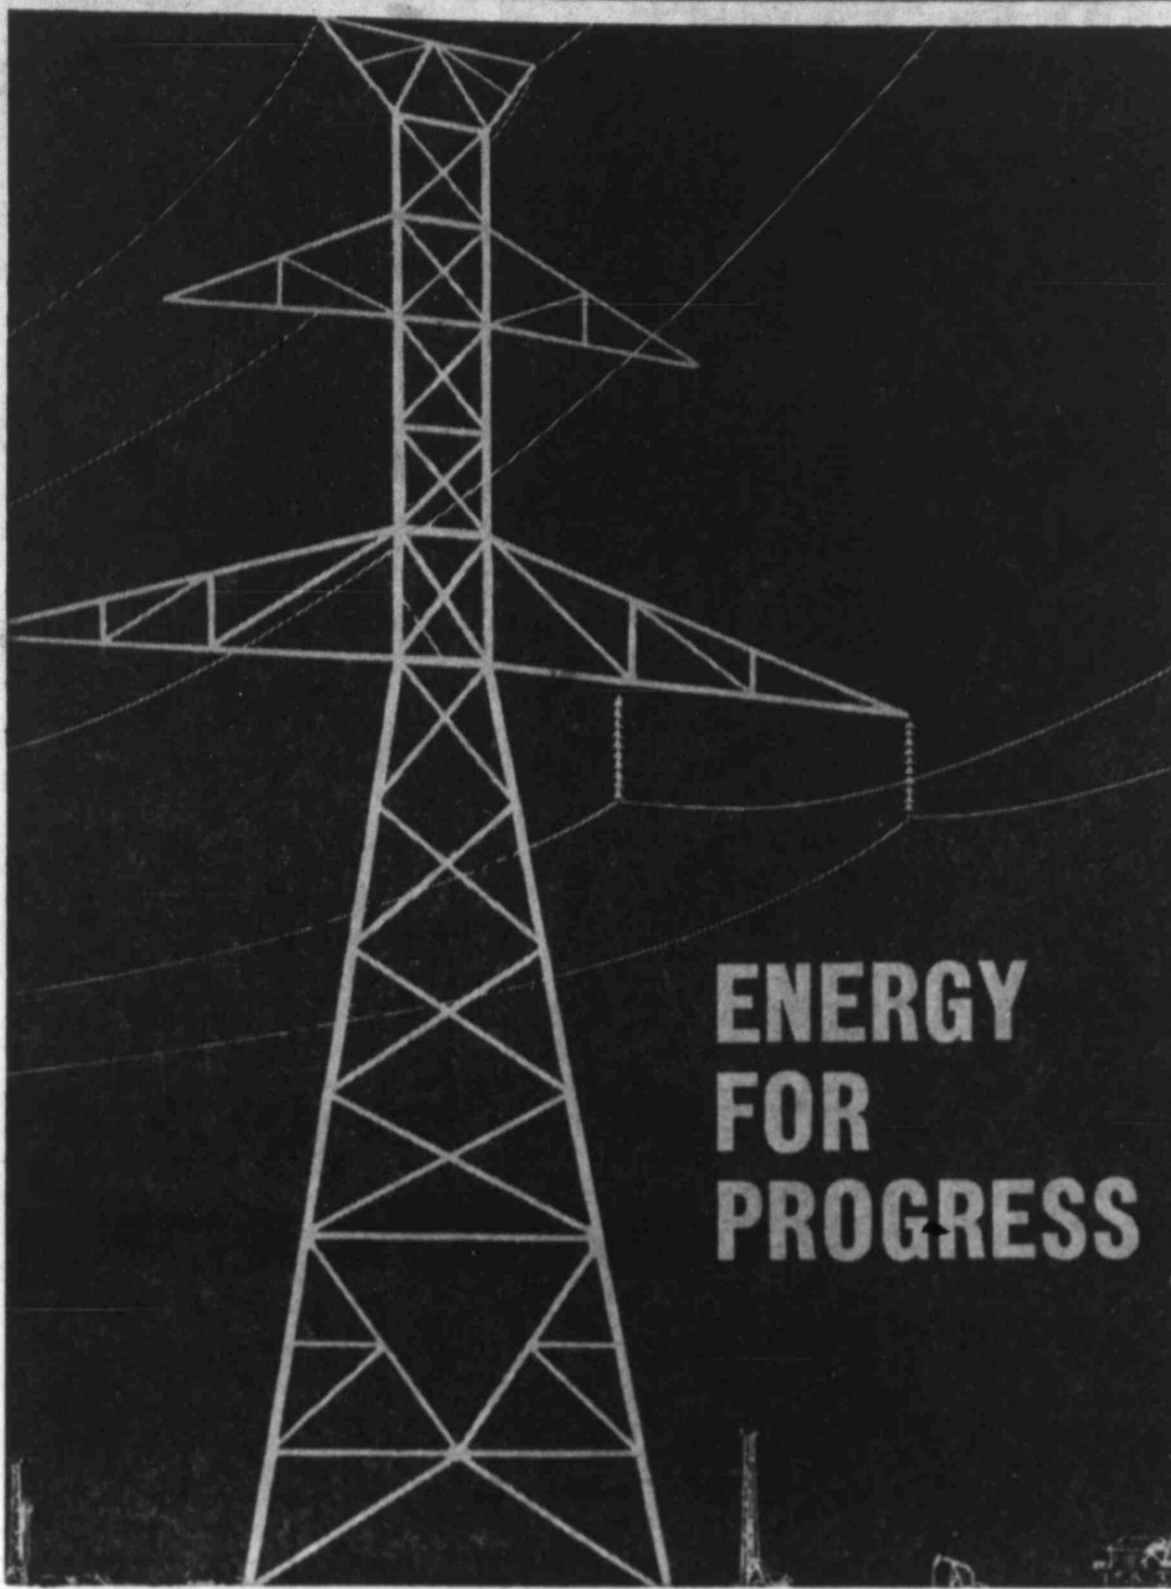

FOR YEARS both parties have implored the people not only to contribute, but to vote. The majority have done neither. Wouldn't it be better if each American adult contributed one dollar per year to the political party of his choice (or less if he cannot afford a dollar) so that candidates of proven merit may make the campaigns with the public's support? Citizens making such regular, yearly contributions would have a keener and more personal interest in politics and, consequently, in the welfare of the country. The poor man, then, would be on an equal footing with the rich one who, if he has ability, should certainly not be eliminated from politics because of personal wealth. On the contrary, but it does mean that rich or poor, the best man could win.

BUT AS THINGS are trending, it may well turn out that in a short time the House, the Senate and the Presidency of the United States will be reserved for men whose wealth is great enough to insure their election, or men backed by the fabulous wealth of special interests. Then our government can be easily become a government of the rich, by the rich and for the rich which, even if it does not perish from the earth, will probably function with less equality than we presently enjoy.

Gushed Wrong Thing

BURKESVILLE, Ky. (AP)—One of America's first oil gushers was brought in March 11, 1829, near Burkessville. The oil was a great disappointment for Dr. John Croghan—he was drilling for salt.

ENERGY FOR PROGRESS

POWER FROM PLANT TO ELECTRIC CONSUMER
Transmitted by Texas Electric Service Co. over big lines

Electrical Reserves Meet Needs Here

Noticing the many thousand extra lights burning in Big Spring during the Christmas season points out the tremendous amount of electric power demanded to keep these lights burning.

Some lights are small and do not require a great amount of current to keep them burning, but on each string there are several and the wattage gets big.

The sudden demand, when everybody turns on his Christmas decorations, is far above the normal demand for lights in the city.

Yet that power is supplied without cutting the efficiency of the normal lighting demands.

Many Christmas trees today are placed in revolving stands and each of these stands requires electric power to turn it. Revolving,

colored lights, also require power.

Texas Electric Service Co. has shown its ability to furnish the power necessary to not only provide a street lighting system for Big Spring, but to handle sudden demands without creating a strain on its distribution system.

Christmas lighting power all along Texas Electric Service Company's transmission lines, is just a small part of the energy furnished to build bigger and better cities, to provide power for industry, and for farms.

The electric industry, and the petroleum industry, such as found in Howard County, are partners in the production of energy. Electricity helps pump oil from the ground and transport it to market. Oil and gas, in turn, help produce the electric power used in all

homes, farms, cities, and businesses.

Texas Electric Service Co. is constantly building ahead to assure plenty of dependable electric service for the areas it serves. Texas Electric Service Co. is at the customer's service to help get the maximum benefit from the use of electric service.

Specially trained men are available, at no cost, whenever a customer has a question or problem concerning power applications, lighting, wiring, electric heating, refrigeration, air conditioning, or other uses.

The company serves an area of West Texas 450 miles long, and 120 miles wide.

Whenever a button is pushed, or a switch is thrown, to turn on electric lights or power, there is never a question in the mind of the person whose finger pushes or pulls, about whether or not the power will be there to do the job demanded. The generators at the other end of the lines feeding Big Spring are capable of meeting the demands placed on them.

Luster For The Holidays

Blue Lustré, that magic rug and carpet cleaner, can make old rugs, dirty rugs, soiled rugs, take on a rejuvenated appearance. Holiday time may find a lot of tracks made on those carpets after the parties are over. Blue Lustré will bring back a lively appearance.

Quick, Easy Method Of Cleaning Up

"Home for Christmas" is an all-American custom. Getting the house spick and span for holiday guests has always been the chief concern of housewives everywhere. Blue Lustré Carpet and Upholstery Cleaner provides the answer for a quick and easy method of cleaning rugs and upholstery without a lot of trouble and inconvenience.

This premium quality liquid concentrate, when mixed with water, creates a billowy foam. The cleaning action of this foam instantly restores forgotten colors dulled by soil and separates the dirt particles from the fabric to allow easy removal by vacuuming. It can be used with any type of rug shampoo applicator.

Since Blue Lustré is a special formula that contains absolutely no soap, it is never necessary to rinse and no oily or gummy residue remains to cause rapid re-soiling. It is an excellent cleaner for upholstered pieces and has become first choice among housewives for the cleaning care of room furnishings.

Blue Lustré is particularly good for cleaning soiled spots or traffic pathways as they appear without the necessity of going over the entire carpet again. It is economical to use and your carpets and upholstery can be kept clean for very little cost. One half gallon of Blue Lustré concentrate is sufficient to clean three 9x12 rugs. It is available at Big Spring Hardware.

Check Up On Hot Water Heater

How long has that water heater been working for you?

Now would be a good time to take an inventory of the old heater and, if it seems to be getting along in years, to see about a new heater before the old one falls apart.

Montgomery Ward can furnish a heater with a guarantee, and in the size needed by your family.

Go by and see them, either gas or electric, and let their appliance men give you the information needed on a new heater to start a safe "hot water" year with the new calendar year.

Check Insurance

The New Year will soon be here and it is a good time to make a check on the insurance policies covering homes, buildings, cars, and accidents.

Milburn Insurance Agency, 1110 Gregg, can help you with your problems and advise with you on the kind and amount of coverage needed.

Hot Rod Hobby Turns Into Full Time Business

A. L. and Billy Moore, operators of Speed Equipment Co., 1206 E. 4th, started on a hobby of making racers and repairing racing cars. They now have a business of it.

Stick floor shifts, seat belts, multiple carburetors, superchargers, general auto repair, welding, both gas and arc, are available at the shop.

The brothers also stand ready to advise with anyone wanting to convert his car into a racer. "Souped up" cars are their specialty since the hobby turned into a business.

They maintain a fully equipped garage for their work and remain open until 10 p.m. each day.

If they sell it, they can install it.

Buckeyes Move Up On Ballot

By JOE REICHLER
Associated Press Sports Writer
Cincinnati's powerful basketball team, proud possessor of a 26-game winning streak, was the choice of the Associated Press panel today as the nation's top college cage team for the fourth straight week.

The Bearcats, who whipped Dayton and Davidson, surprise conqueror of highly rated Duke, to extend their unbeaten string to eight last week, were the first choice of all 45 sports writers and sportscasters comprising The AP panel.

Except for Cincinnati, not a single team retained its place in last week's top ten list.

Unbeaten Ohio State (6-0) and Loyola of Chicago (7-0) each moved up a peg, to second and third respectively. The Buckeyes, who whipped Detroit 101-66 in their only game last week, narrowly edged out the Ramblers for runner-up spot, 376 points to 368. Loyola whipped Western Michigan, Indiana and Seattle last week, but was held to 93 points by the Chieftains, the first time in seven games that the Ramblers failed to top the 100 mark.

Illinois, which extended its unbeaten string to five with a 93-90 triumph over Oklahoma, vaulted from eighth to fourth as Colorado, West Virginia and Seattle all dropped out of the top ten and were replaced by Arizona State, Southern California and Stanford. Arizona State, which whipped Colorado and Minnesota on successive nights to boost its record to 7-1, jumped into sixth place, behind Kentucky. The Wildcats (5-2) added two victories, beating Iowa and West Virginia, the latter for the Kentucky Invitational championship, 79-75 last Saturday.

Southern California zoomed into seventh place on the strength of a pair of weekend victories over Nebraska which boosted the trojans' record to 9-0. Duke, beaten by Miami as well as Davidson, fell from second all the way to eighth place, barely beating out Stanford and Mississippi State. The Blue Devils received 92 points to 91 for Stanford and 90 for Mississippi State.

Aerial Battle Is Forecast In Blue-Gray

MONTGOMERY, Ala. (AP)—Despite continuing rain, Blue-Gray coaches are busily preparing their All-Star football squads for a forecasted aerial due in the annual game Saturday.

Though hampered by wet grounds, Blue Coach Bob Devaney of Nebraska sent his team through an outdoor passing drill while the Southern squad worked on the aerial game inside.

The Yankee squad looked good, Devaney said, as quarterbacks Dave Hoppmann of Iowa State, who also will be used at halfback, and Pete Smith of Michigan State were hitting their receivers well.

In keeping with the offensive drills, the Blue squad also worked on pass defense in preparation for the expected Rebel aerial attack.

The Gray squad spent most of the drill trying to get its passing attack ready.

Head Coach Tom Nugent of Maryland announced several changes, including moving Auburn's Winky Giddens to defensive tackle. Giddens probably will handle the Gray squad's punting, Nugent said.

Maryland's Walter Rock was shifted to offensive tackle and Fred Moore of Memphis State to defensive guard.

Nugent said that all four of his ends will see action on offense since, as he put it, all are exceptional receivers. They are Don Downs of Auburn, Johnny Hudson of Tennessee, Johnny Baker of Mississippi State and Pete Widenor of Duke.

Holiday Meets Start Around The Country

Hey, mom, you can wash those tablecloths. Today is the day junior starts executing those basketball plays he has been diagramming on your best linen all week.

In countless cities, towns, villages and hamlets, the scribbling stops and the firing starts as the nation's collegians return from a holiday layoff to the heaviest Christmas tournament schedule in history.

Eight major tournaments get under way today, three more join in Thursday and an additional 10 start Friday in action that will reach its peak Saturday when 19 championships will be decided. Numerous minor holiday tournaments also get under way.

Of the country's top ten elite, six will be campaigning for higher honors in the top tournaments—third-ranked Loyola of Chicago, No. 4 Illinois, sixth-rated Arizona State, No. 7 Southern California, ninth-ranked Stanford and No. 10 Mississippi State.

Top-rated Cincinnati No. 2 Ohio State, fifth-ranked Kentucky and No. 8 Duke will be outside the tournament limelight.

The big push begins today with the Los Angeles Classic, the Holl-

day Festival at New York, Quaker City at Philadelphia, All-College at Oklahoma City, Far West at Portland, Ore., and Big Eight at Kansas City grabbing center stage.

Here's the line-up: Los Angeles-Colorado State U., 5-2, vs. Southern California, 9-0, and St. Louis, 4-3, vs. Washington, 3-3, in afternoon games, Utah State, 7-1, vs. UCLA, 7-2, and Stanford, 7-0, vs. Northwestern, 2-5, in night games.

Holiday Festival-West Virginia, 4-2, vs. Boston College, 3-3, and Holy Cross, 4-1, vs. St. Bonaventure, 3-3, in afternoon, Illinois, 5-0, vs. Penn., 5-0 and NYU, 3-1, vs. Duquesne, 5-1, night.

Quaker City-Providence, 4-2, vs. Delaware, 5-1, and Villanova, 9-2, vs. Manhattan, 4-1, afternoon, LaSalle, 4-2, vs. BYU, 3-5, and St. Joseph's, Pa., 5-2, vs. Bowling Green, 4-0, night.

All-College-Creighton, 6-4, vs. Wyoming, 3-4, and Oklahoma City 3-5, vs. Baylor, 3-3. The first round will be completed Thursday with Memphis State, 5-2, vs. Toledo, 4-2, and Chicago Loyola, 7-0, vs. Arkansas, 3-3.

Far West-Iowa, 2-4, vs. Arizona, 5-2, and Oregon, 2-3, vs. Washington State, 2-3. The first round will be completed Thursday with Seattle, 5-1, vs. California, 6-1, and Oregon State, 3-3, vs. Idaho, 5-0.

Big Eight-Colorado, 5-2, vs. Kansas, 4-4, and Iowa State, 4-3, vs. Nebraska, 4-4. The first round will be completed Thursday with Kansas State, 2-5, vs. Missouri, 4-4, and Oklahoma State, 7-1, vs. Oklahoma, 4-4.

Also getting under way today are the Western College Athletic Conference tourney at San Francisco and the Gulf South Classic at Shreveport, La.

Aussies Take 2-0 Davis Cup Lead

By WILL GRIMSLEY
Associated Press Sports Writer
BRISBANE Australia (AP)—Rod Laver, playing crushing tennis, and veteran Neale Fraser, hanging on grimly on tiring legs, sent Australia off to an imposing 2-0 lead with the opening singles today in the 1962 Davis Cup challenge round.

The flashy, brilliant Laver uncorked the form that carried him to a grand slam sweep of major championships in smashing Mexico's No. 1 pride, Rafael Osuna, in 69 crisp minutes 6-2, 6-1, 7-5.

Fraser, a 29-year-old, playing in his fifth challenge round weathered a powerful challenge by stylish Antonio Palafox for a 7-3, 6-3, 6-4, 11-9 triumph that took two hours, 50 minutes.

Thus Australians end wily Captain Harry Hopman were in a position to clinch their tenth Davis Cup victory in the last 12 years Thursday when the doubles will be played on Milton Courts here.

The Mexicans are conceded a good chance of prolonging the series by winning the tandem match since Osuna and Palafox have been playing together for years and won the American championship in the past year at Brookline, Mass.

The Australian team was not announced, but it is almost certain to be Laver and Roy Emerson, the latter the world's No. 2 player who asked to be excused from a singles assignment because of bruised ribs.

The Fraser-Palafox match provided the most fireworks.

It was a case of wasted opportunities for the talented Mexican who repeatedly had the Aussie veteran on the ropes, but never could deal a knockout blow.

At the end of the match played under gloowering cloudy skies in intense humidity before a crowd of 7,000, Fraser was almost out on his feet.

It was the first challenge round for the tense 29-year-old Mexican stylist and he was obviously the victim of his own inexperience.

On the other hand, sheer doggedness won for the weary Fraser, who was a surprise last minute replacement for the ailing Emerson.

It was a case of wasted opportunities for the talented Mexican who repeatedly had the Aussie veteran on the ropes, but never could deal a knockout blow.

LOOKING 'EM OVER

With TOMMY HART

Sports dialogue: GEORGE HALAS, owner-coach of the Chicago Bears: "I never try to talk a player into playing another year. He has to have the desire himself. I did it once about 20 years ago with an All-American tackle. I asked him to come back and he was a stinker that year."

BILLY MOORE, Arkansas' All-American back: "In our game with Texas this year, we thought Danny Brabham had crossed the line before he fumbled and that we should have had a touchdown, but that was before we saw films of the game. I guess we ran that play over and over 30 or 40 times and there was no doubt about it — Pat Culpepper and Johnny Treadwell stopped him a yard short of the goal. Nobody will ever hear any kicks out of the Arkansas players that they were cheated out of a touchdown."

Ex-Texasan RED KONKRIGHT, after his Oakland Raiders had beaten the Boston Patriots in their final AFL game: "It was a 33-member team victory and the best effort we made all year. Cotton Davidson called his best game of the year."

Fighter BOBO OLSON, offering sympathy to Eddie Machen, who has been committed to a mental hospital: "I was in Rome when I read about Eddie. I knew just how he felt. I felt that way lots of times and except for my kids, I thought there was no use. I was broke. I owed the government money and whenever I tried to get hold of my manager, Sid Flaherty, he was never there. But whenever he wanted me to fight, he showed up. Like after I beat Mike Holt in South Africa. I was vacationing with my kids in Oregon for about two months. Sid showed up and wanted me to fight Doug Jones with only 15 days training. After I lost to Jones, I couldn't get hold of him again. The only reason I'm fighting at my age is to straighten myself out with the government. In 1956, I owed \$102,000 and now it's down to \$72,000. I don't expect to ever be able to pay it but if I keep on paying, maybe some day there'll be a settlement."

FRANK LANE, former baseball front office boss, now general manager of the Chicago Zephyrs, a pro basketball team: "The Chicago White Sox have too many good players for the club to go bad. Even if they don't make any changes, they'll be very respectable. But they won't be a permanent contender unless by some hook or crook they can come up with a little power at third base and a catcher. They need a catcher body. Sherm Lollar is still the best they have and he's 38."

Boxer ZORA FOLLEY (195½ pounds) on why he lost to Doug Jones recently: "I was too light. I thought I'd be faster — and I was — but I was also weaker. I'll never weigh less than 200 pounds for a fight again."

JESS NEELY, Rice coach, discussing the upcoming Cotton Bowl game: "I expect such a defensive struggle, the outcome could be decided by an extra point or by a field goal. Fans watching the game should get their money's worth."

WILLIE McCOVEY, first baseman for the San Francisco Giants, discussing Mike McCormick, the hurler his team recently swapped to Baltimore: "I look for McCormick to come back next year. It didn't help to put him in the bullpen last season. Mike isn't a reliever and never was. He's a pitcher who has to take his turn and know what's coming. Maybe his difficulties became a mental hazard after he heard so much about them."

Heavyweight fight champion SONNY LISTON: "I don't think Floyd Patterson is trying to duck fighting me. I'll fight him anytime or any place. I think the fight will be set."

Ole Miss' Second String Quarterback Able, Too

NEW ORLEANS (AP)—True enough, quarterback Glenn Griffing is the big gun of Mississippi's football attack. But when the Rebels tangle with Arkansas in the nationally televised Sugar Bowl game here New Year's Day, you might do well to keep your eye on the second-string quarterback, Jim Weatherly.

If Ole Miss tradition holds true, Weatherly, a sophomore, is slated for big things next year—the signal-calling job on a major football power, perhaps even All-America contention. The benefit of having a top-caliber quarterback—with a top-caliber stand-in waiting hungrily on the bench—shows through in the recent years of success for Coach Johnny Vaught.

Tapers End Long Losing Streak

By The Associated Press
The Philadelphia Tapers had good reason to celebrate today. Their fame in the American Basketball League is over. The hungry Tapers finally tasted victory Tuesday night after 10 consecutive setbacks. In the only game played, Philadelphia, led by Andy Johnson's 29 points, defeated Pittsburgh Rens 110-102. Long Beach was scheduled to play at Oakland, but the game was postponed to Thursday.

Field Goal Brings Texans Victory

Quarterback Len Dawson (16) held the ball which End Tommy Brooker kicked 25 yards for a field goal to win the American Football League championship for the Dallas Texans in their game with the Houston Oilers. The kick gave the Texans a 20-17 victory in 17 minutes, 54 seconds of the sudden death playoff for the league crown in Houston. (AP Wirephoto)

BOWL DUCATS AVAILABLE

A block of 1,000 seats, ranging from the 50 yard line to the 20 yard line has been reserved for state-wide sale for the Southwest Challenge Bowl, January 5, in Buccaneer Stadium, in Corpus Christi. Ticket requests may be mailed to Challenge Bowl, P. O. Box 2029, Corpus Christi, Texas.

There is no limit to the number of tickets ordered per each application. A 25 cent handling fee must be included with each application. All seats are priced at \$5.40, including tax. The Challenge Bowl, the nation's newest bowl game, matches graduating seniors from the Southwest Conference and other Texas Colleges in a challenge to graduating seniors from colleges throughout the nation. Hotel and motel accommodations are plentiful in Corpus.

AAU May Balk In Peace Offer

PALM BEACH, Fla. (AP)—Gen. Douglas MacArthur, the middle man in a dispute between the Amateur Athletic Association and the National Collegiate Athletic Association 34 years ago, has stepped in to try and make the current controversy die and fade away.

The five-star general earlier this week accepted President Kennedy's request to attempt to referee the feud over certification of U.S. athletes for the 1964 Olympic Games. It was understood, however, that only the NCAA was willing to accept arbitration. The AAU, which is being challenged by the NCAA for authority to certify American athletes for the 1964 summer Olympics in Tokyo, must poll its 32-man executive committee before agreeing to the talks.

Texas Tech Footballers Respect Steers, Hogs

LUBBOCK — Texas and Arkansas, one-two in the Southwest Conference, each placed three men on the Texas Tech all-opponent football team announced recently.

Five other schools landed one gridders each to Boston College, Rice, Texas A&M, West Texas State, and Texas Christian. Arkansas' All-America, quarterback Billy Moore, gained the most honors, being selected the outstanding player and the best back.

Another All-America, Johnny Treadwell, the Longhorn guard, won the outstanding lineman award and polled the most votes for the all-opponent team, 64 of a possible 70 points.

Other "outstanding" honors went to wingback Ernie Koy, Texas, sophomore back; and top sophomore center Ronnie Caviness, Arkansas, sophomore lineman.

- FIRST TEAM
(33 squad members voted for first and second teams with a first team vote counting two points, second a maximum points 70. Number of points follow each name.)
Ends—Art Graham, Boston College, 61; Gene Egan, Jerry Bruns, Texas Tech, 50; Arkansas, 52; Scott Appleton, Texas, 51; guards—Johnny Treadwell, Texas, 64; Ronnie Caviness, center—Jerry Hopkins, Tex. A&M, 45; quarterbacks—Bill Moore, Arkansas, 43; halfbacks—Pete Pedro, West Texas, 61; Tommy Ford, Texas, 51; fullback—Tommy Crutcher, Texas Christian, 50.
- SECOND TEAM
Ends—Stacy Ferguson, Texas, 23; Tom Magoffin, TCU, 27; tackles—Ray Schoen, SMU, 47; Mel Simpson, Texas Tech, 25; guards—Robert Burke, Baylor, 40; Johnny Nichols, Rice, 28; center—Ronnie Caviness, Arkansas, 28; quarterbacks—Sonny Gibbs, TCU, 19; halfbacks—Bill Harris, Colorado, 14; fullbacks—Pete Moore, Arkansas, 33; Pete Pedro, West Texas, 57; outstanding lineman—Johnny Treadwell, Texas, 58; Art Graham, Boston College, 16; outstanding back—(maximum 70 for individual honors)—Bill Moore, Arkansas, 45; Billy Moore, Arkansas, 33; Jim Fauer, TCU, 30; outstanding sophomore lineman—Ronnie Caviness, Arkansas, 51; Mel Simpson, Texas Tech, 25; outstanding sophomore player—Koy (14 of possible 37); outstanding player—Moore (11 of possible 35).

Stanley Dancer Earns Award

LEXINGTON, Ky (AP)—The seventh annual Horseman Award went today to Stanley Dancer, leading money winning harness driver in the nation the past two years. The award is given by the Horseman & Fair World, a national harness racing weekly. Dancer, of New Egypt, N.J., is trainer of Su Mac Lad, harness Horse of the Year and winner of \$667,849. He also handled Henry T. Adjos, leading winner of the season at \$220,302. Dancer drove horses that won a national high of \$760,343 during the 1962 season, when he won 122 races, many of them stakes.

Stricken Boxer Eats Heartily

LOS ANGELES (AP)—Boxer Alejandro Lavarante, knocked out nearly 90 days ago, is still in a coma.

But the Argentine heavyweight was able to eat a special Christmas meal at California Lutheran Hospital. Although he never opens his eyes, he has been responding to stimuli and taking food through his mouth for some time.

Lavarante, 26, underwent three brain operations after he was knocked out Sept. 21 by Johnny Riggins. Doctors haven't given up hope he will emerge from the coma but they can't predict when.

Walt Carter Top Scorer

The annual HCJC Christmas Basketball tournament starting here Friday morning has been cut to two days but all six places in the meet will be determined. Four games are on tap Friday and three on Saturday. Action starts at 9 a.m. Friday in a game between Odessa College and the HSU B team. Two hours later San Jacinto of Houston and Amarillo College square off.

Decatur Baptist and HCJC drew first round byes and do not play until Friday night. Decatur tangles with the winner of the San Jacinto-Amarillo imbroglio at 7 p.m. while HCJC meets the survivor in the Odessa-HSU tussle at 9 a.m.

HCJC and Decatur have been seeded one-two in the tournament. The Hawks, 12-2 on the year, are on the defending titlist in the

H-SU Leader

Top scorer for the H-SU B team, which plays Odessa in the first round of the annual HCJC Christmas tournament here Friday morning, is Phil McCallum (above). 6-5, 176-pound sophomore. He's scored 149 points in seven games. The Bulldogs play Odessa at 9 a.m.

The local have lost to only one junior college opponent this season. That reversal came at the hands of the national defending champion, Coffeyville, Kansas. The Texas Tech Picadors were the only other club to measure the Big Springs.

HCJC's cagers have defeated Webb's Student Squadron, Garden City, Kansas; Chamute, Kansas; Hutchinson, Kansas; Ark City, Kansas; the Texas Western freshmen; Texas Southmost, Del Mar, San Angelo, McMurry's B team, Henderson County and Clarendon. Walter Carter, the HCJC's All-America candidate, has scored 264 points this season for an 18.8 average. Ernest Turner isn't far behind, with 191 points for a 15.6 mark.

HCJC scoring:

Player	Pt	Reb	Stk	Ass
Walter Carter	264	50	24	294
Ernest Turner	191	71	40	181
Lois Balentine	68	24	18	289
Bob Simpson	65	24	18	111
Jim Wilburn	36	18	30	36
Conroy Lacy	24	32	30	31
Bill Sinches	15	15	31	31
Jackie Swann	15	15	43	31
Charles Cumbers	15	9	41	31
Dick Ehlins	14	14	22	30
Jim Oldham	15	0	30	30
Bruce Lockwood	15	0	30	30
TOTALS	601	287	1082	4

Graves Pleased Over Workout

GAINESVILLE, Fla. (AP)—"I am most gratified with the way our team performed," University of Florida football Coach Ray Graves said as he evaluated the squad's holiday practice for Saturday's Gator Bowl game against Penn State at Jacksonville.

Graves said the team's double practice sessions Christmas Day, taking time away from holiday festivities, "proved to me that this team wants to play football next Saturday."

"This attitude will be important," said the Florida mentor. He called Penn State one of the best teams in the nation.

The Gator "Go" team and the "Big Blue" (two-way unit) worked out Tuesday on passing. Other fundamentals were to be stressed as practice tapers off during the week.

Motorcycle Classic Set

DAYTONA BEACH, Fla. — The third annual Grand Prix of the United States motorcycle race, featuring competition between American and foreign cyclists, has again been scheduled for Daytona International Speedway for Sunday, February 10, following conferences between Bill France, president of the speedway and Tom Galan of New York City, president of the sponsoring United States Motorcycle Club.

The 200-kilometer race (124-mile) Grand Prix will be staged over the 3.1 mile course that embraces the high banked west turn and the straightaways of the two and a half mile oval track plus twisting flat infield roads.

The 200-kilometer race, highlighting a two-day program for International motorcycle competition, will be open to motorcycles up to 500 cc. Three additional races are scheduled for the smaller classes for Saturday, February 9, with a 60 kilometer race for 'cycles up through 50 cc, a 100 kilometer race for 'cycles up to 125 cc, and a 125 kilometer race for 'cycles up to 250 cc.

In the two Grand Prix of United States races staged at Daytona International Speedway in 1961 and 1962, the foreign riders have dominated with Tony Godfrey of London, England winning the first in 1961 with a Matchless machine, while Kunimitsu Takahashi of Tokyo, Japan, won the second annual event last February with a Japanese made Honda machine.

Galan, in announcing the schedule of events for the two days of USMC races at Daytona International Speedway, predicted a large field of foreign riders for the third annual two-wheeled speed classic. The Grand Prix of United States race was added to a Sunday program that already included four outstanding sprint events—two 25-mile pole position races for the late model stock car drivers to determine the pole position for the fifth annual "Daytona 500" race scheduled for February 24; a 25-mile NASCAR Grand National circuit champions race, open only to the drivers who won one or more Grand National events during the 1962 season, and a 25-mile race for entries in the American Challenge Cup race for grand touring and classified cars to determine pole position for the 250-mile race for these classes on Saturday, February 16.

The Giants are preparing for the championship game with the Green Bay Packers on December 30. Tittle set a season record for touchdown passes in the NFL this year. (AP Wirephoto)

Red Raiders Play Phillips Friday

LUBBOCK — Two Texas Tech Cagers will carry double figure scoring averages into the Red Raiders' next game, with the Phillips 66ers here Friday night, Dec. 26.

Sid Wall, Dallas junior, paces the Raiders with a 16.9 average, more than three ahead of sophomore Harold Denney of Amarillo, who is averaging 13.6 a game. Two other newcomers to the Raider lineup are next in line—sophomore Glen Hallum of Brownwood with a 7.1 average, and junior Bill Murren of Atlantic City, N. J., a Decatur Baptist College graduate, who is 7.0.

Hallum, 6-5 forward, is the Raiders' leading rebounder, averaging seven off the boards each game. Most accurate from the floor is senior forward Bobby Gindorf of Panama, with a 48.6 mark. He hit seven of nine attempts in the Raiders' last game, against Oklahoma, to bring his accuracy mark to 17 goals in 35 attempts.

Wall is the next most accurate, connecting on 49 of 108 tries for a 45.4 mark.

In free throw shooting, Denney, a 6-8 center, is tops. He has been successful on 29 of 44 attempts for a .659 mark. Best mark among those hitting 20 or more is Wall, who has missed only four of 24 tosses for an .833 figure.

Wall and Denney have led the scoring in the Raiders' first seven games. Denney, with 18 and 16, respectively, was high against Nebraska and Oklahoma. Wall, whose best was 23 against Memphis State, also paced the Raiders against New Mexico, Florida, Auburn, and Alabama.

Gindorf has been the best rebounder three times; Hallum, four. Season's high came when Hallum pulled 14 down against Florida.

After engaging the Phillips team here Dec. 26, the Raiders don't play in Lubbock again until Jan. 5, when they are hosts to Texas A&M.

Boxing Group Scorns Match

NEW ORLEANS (AP)—An official of the World Boxing Association, disclosing terms of a contract calling for heavyweight champion Sonny Liston to give the man he dethroned—Floyd Patterson—a rematch, says any state or nation allowing such a bout should be suspended by the organization.

Emile Bruneau, chairman of the WBA's world championship committee, told newsmen the contract calls for Liston to give Patterson a rematch or surrender a percentage of his purse in future fights until he has paid the ex-champion \$1 million.

In Tacoma, Wash., Dr. Charles F. Larson, president of the WBA—successor to the National Boxing Association—said Bruneau "pretty well expressed the opinion of all of us."

"I'm not going to make any further comment at this time," Larson said Monday, "except to say that I simply feel that a rematch would be the worst thing possible for boxing at the moment."

Liston won the heavyweight crown from Patterson in a first round knockout last September in Chicago.

Touchdown Club Honors Sherman

WASHINGTON (AP) — Coach Allie Sherman of the New York Giants — who never made the grade as a first-string pro player — was named professional Coach of the Year today by the Washington Touchdown Club.

Sherman, 39, whose Eastern Division championships led to the National Football League crown Sunday against the Green Bay Packers, will be honored by the club at its annual awards dinner, Jan. 12.

In his two years as Giant coach — years in which his charges have captured two Eastern Division championships — Sherman has compiled a 22-5 won-lost record, with one tie game. The Giants lost the NFL title game to Green Bay last year. This year, the New Yorkers have rolled up a 12-2 mark.

The Associated Press named Sherman its pro coach of the year in 1961. He succeeded Jim Lee Howell as Giants coach in 1960.

Warriors Defeat Hawks, 94 To 91

Don't ask Willie and Willie what's wrong with the Warriors. They've got a ready answer.

The new San Francisco 1-2 scoring punch of Willie Chamberlain and Willie Naulls fired another broadside Tuesday night as the Warriors continued to show improvement since a recent 10-game losing streak, edging St. Louis 94-91 for their fourth consecutive victory.

Chamberlain scored 32 points and Naulls, acquired in a trade with New York, contributed 22 points in the first game of a National Basketball Association doubleheader at New York. In the nightcap, Syracuse ended a three-game losing streak by subduing the Knicks 123-111.

In the only other game scheduled, Oscar Robertson scored 33 points and picked up 13 assists while carrying Cincinnati to a 131-120 decision over Detroit.

Badgers, Trojans Retreat Behind Gates To Work Out

PASADENA, Calif. (AP)—Wisconsin and Southern California moved behind guarded practice field gates today as Rose Bowl fever surged for the first post season meeting of the nation's top two football powers.

The Badgers and Trojans entered the stretch run of drills for their meeting in the 49th Rose Bowl game New Year's Day while followers argued the merits of their favorite.

West Coast fans, who watched Southern Cal roll up 10 straight victories and earn the No. 1 rating among the country's collegiate teams, are virtually united in the belief that the Trojans are unbeatable. Some appear almost sorry for the visiting Badgers.

Headliners in 1962

Pro golf's biggest headlines were saved for the two men pictured above, shown in a playful mood, Jack Nicklaus (left) won the U.S. Open and \$61,842 in official PGA earnings. Arnold Palmer took the Masters and led money winners with \$81,448.

SEASON'S GREETINGS TO ALL

May You Have

Enough happiness to keep you sweet,
Enough trials to keep you strong,
Enough sorrow to keep you human,
Enough hope to keep you happy,
Enough failure to keep you humble,
Enough success to keep you eager,
Enough friends to give you comfort,
Enough wealth to meet your needs,
Enough enthusiasm to look forward,
Enough faith to banish depression,
Enough determination to make each day a better day than yesterday!

OK PAL!

THE NEXT ONE'S ON ME

The grim spectre isn't kidding. That "one for the road" may well take you all the way into eternity. Holidays and week-ends are the times of greatest danger... the highest casualty lists. More drivers are on the road in more of a hurry, traffic is congested, driving strain increases. Add to this potion, the drinking driver... and the mixture is DEADLY!

LAST YEAR DURING THE HOLIDAY SEASON, OVER 135 PEOPLE DIED IN TRAFFIC ACCIDENTS ON TEXAS HIGHWAYS!

THIS YEAR, THE FOLLOWING SPONSORS JOIN WITH THE BIG SPRING LAW ENFORCEMENT OFFICERS IN URGING EVERYONE TO SLOW DOWN AND LIVE!!

DRIVE SLOWLY AND CAREFULLY

Six Children Perish In Fire

POUGHQUAG, N.Y. (AP)—Mr. and Mrs. John R. Thompson returned from a Christmas visit Tuesday night to find their wooden frame home in flames. Their six children perished in the fire.

Thompson, 32, attempted to enter the blazing house in the town of Beekman to rescue the children but was blocked by the flames and suffered burns about the hands and face.

Killed in the fire were three boys and three girls: Patricia Joan, 8; Joanne Elizabeth, 7; Barbara Lynn, 6; John R. Jr., 4; Michael Joseph 3, and James, 9 months.

Firemen and sheriff's investigators probed the gutted ruins for a clue to what set off the blaze.

Pack Meets

Cub pack 179 met during the weekend at Kentwood Methodist Church to go caroling. Afterwards they gathered at the home of Mark E. Farmer, 807 Lorilla, cubmaster, for a Christmas party where gifts were exchanged and Santa Claus visited. About 45 attended the function.

Something To Crow About

That's Chickie, the Bantam rooster Cory Crawford, 8, hatched from a two-egg incubator last Christmas and trained to sleep on his pillow. With Chickie awakening them each morning at 7, the Crawfords, of Wenatchee, Wash., have thrown away their alarm clock. But one is enough. Mrs. Crawford said that, after the holidays, Cory will take the incubator to school — and he's not to bring home any more chickens.

Former Lubbock Resident Dies In Philippines

MANILA (AP)— Charles Newton Hodges, who came to the Philippines with U.S. forces during the Spanish-American War and built a successful business career, died Tuesday. He was 83.

Hodges, from Lubbock, Tex., died of a heart attack at the Iloilo Mission hospital in Iloilo on Panay Island.

After his discharge from the U.S. Army, Hodges opened a laundry and barber shop in Iloilo. From this beginning he branches out into real estate, both on Panay and neighboring Negros Island.

Hodges' holdings reportedly are worth millions of dollars. He is also said to have substantial properties in Lubbock. He made several large donations of land to the city of Iloilo for parks and other purposes.

Hodges is survived by a brother, John A. Hodges of Lubbock. His wife died five years ago.

Dies In Fire

SAN ANGELO (AP) — Miss Janet George, 19, died today in a fire that swept her small apartment after an explosion. She was an employe of the General Telephone Co., and moved here from Slaton.

Yuletide Softens Television Fare

By CYNTHIA LOWRY AP TV - Radio Writer

NEW YORK (AP)—The Christmas commercial, which started with gift themes on Halloween—or so it seemed—disappeared at Midnight Monday as if a magic eraser had moved over the television screens.

The holiday, for many the end of a four-day weekend, was obviously considered to be less than ideal for relaxed, concentrated viewing. Tuesday, although the regular daytime shows tried to compete with family talk and unwrapping gifts in millions of living rooms, many of the performers acted as if they didn't believe they had very large or attentive audiences. Some local news shows without much news to report, introduced behind-the-camera helpers. Even the weather girls made their reports in leisurely manners.

The most impressive Christmas television was the religious services. Watching a church service through the miracle of television is not the same thing as going to Church, but the midnight services were impressive. Millions could see cathedrals they may never visit in person.

Bing Crosby seemed subdued and almost uncomfortable in his Christmas Eve special on ABC. Costar Mary Martin, an energetic performer, appeared to be carrying the major burden in the low-key show.

It was rather disappointing — bits and pieces of music and talk, and none of it too engaging. Highlight was the singing of United Nations Children's Choir — cute children of U.N. personnel.

It was ABC's initial dip into color television and the producers appeared a little frightened and tentative about it.

Friends, colleagues and business partners will take over ailing Dick Powell's job as host on his Tuesday night NBC anthology series for the rest of the season.

Gregory Peck will introduce the first show on which Powell does not appear—the Jan. 8 "Project X" in which Michael Rennie stars.

Robert Mitchum plays host on the Jan. 15 show, and Frank Sinatra Jan. 22.

Wrong size? Wrong color?

Turn the "Wrongs" into wonderful right gifts. It will be our pleasure to exchange any gift
