Reds Claim Sub Defense From Pole

MOSCOW (AP)—The Soviet Union claimed Saturday a Soviet nuclear-powered submarine has demonstrated that such vessels can take up combat station under the North Pole to stop any sneak attacks by enemy rocket-firing subs.

Izvestia said the atomic submarine Leninsky Komsomol had completed a cruise to the North Pole in a mock maneuver under arctic ice "to detect and destroy enemy nuclear subs trying to approach Soviet shores."

The Leninsky Komsomol cruised for many days in submerged state under the ice of the North Pole area, the government newspaper said.

Izvestia gave no date for the Leninsky Komsomol's mission but said: "This heroic cruise is a remarkable stage in the history of domestic and international navigation."

Accompanying the story was a picture purporting to show the submarine's crew planting a flag at the North Pole after having broken through the ice.

The Russians claimed they were

the pioneers in voyages under arctic ice and said American claims of being first were contrary to the truth.

The American Nautilus, the world's first known atomic-powered submarine, made what was heralded as the first transarctic passage in August 1958. Several other U.S. atomic subs since have made trips under the ice to the North Pole—the Sargo in the dead of the arctic winter in February 1960.

The U.S. Navy said the Seadragon made the most direct route traveled of the arctic's northwest passage in August 1960 and said the voyage pioneered "a possible military and commercial route through the Parry Channel."

Izvestia said Soviet submarines were "in the beginning of the 1930s bravely sailing under the ice, and our atomic submarines once visited the high latitudes of the Arctic Ocean."

Underground Tests Stopped To Help Talks

WASHINGTON (AP)—President Kennedy suspended U.S. underground nuclear tests Saturday in a move obviously intended to spur the lagging negotiation for a nuclear test ban.

Kennedy announced the postponement while the recently resumed test-ban talks by the United States, the Soviet Union and Great Britain were in a weekend recess. The negotiators met four times last week in Washington and resume discussions Tuesday in New York. No progress has been reported from these talks.

Kennedy announced he has asked the Atomic Energy Commission to postpone the Nevada tests during the present discussions.

READY TO RESUME

But he added, "We are maintaining the capability and readiness to resume our test program at any time. We have no intention of again accepting an indefinite moratorium on testing. And if it is clear we cannot reach a workable agreement, we will act accordingly."

The U.S. series of underground shots has been going on for the past 18 months. The White House did not say when the next blast was planned or give the projected ending date for the series, prior to Saturday's action.

MAIN ISSUE

The chances for a test-ban treaty hinge almost entirely on the issue of underground tests. Tests in the atmosphere are relatively easy to detect but, without on-the-spot inspection, there is no certain way to distinguish between earth shocks caused by underground nuclear blasts and those due to earthquakes or other natural causes.

Russia recently relaxed its rigid position and offered to accept limited on-site inspection on its territory. The United States has said Moscow must go further and so far the Russians have not agreed to this.

Back In The Freezer; Warm-Up By Monday

Heavy Snow Warnings For The Midwest

Relentless winter kept the bad-weather throttle open Saturday, driving more cold southward into the Great Plains and barbing a moderating trend in the East with snow and freezing rain.

Hazardous driving warnings were issued for a large area extending from North-Central Texas northeastward through the Tennessee Valley and much of the Ohio Valley.

Heavy snow warnings went out for much of eastern Illinois and northern Indiana. Four or more inches of new snow atop already snow-packed roads was expected with lesser amounts northward into southern lower Michigan.

141 DEATHS

The siege of severe weather, blamed for at least 141 deaths since last week, showed no signs of relenting in the winter-weary midcontinent.

Overnight temperatures ranged far below zero in Montana, North Dakota, Minnesota, Nebraska, Wisconsin, Iowa, northwestern Illinois, Michigan and Maine. And the Chicago Weather Bureau said a low-pressure weather system developing over the central Ohio Valley was expected to draw arctic cold deeper into the nation's midlands.

Overnight low temperatures Saturday included Bemidji, Minn., 28; Wausau, Wis., 28; Marquette, Mich., 24; Minneapolis-St. Paul, 22; Bismarck, N.D., 21; Freeport, Ill., 18; North Platte, Neb., 17; Helena, Mont., 14.

Officials of Watertown and Jefferson counties in New York State off Lake Ontario declared their snow-plagued section a disaster area and said they would appeal to Gov. Nelson A. Rockefeller for assistance.

Looking At The Award Winner
Keith McMillin and Sam Blackburn (sitting) admire McMillin's photo that won first place in one of the Associated Press Managing Editor's contests. Blackburn earned an honorable mention for his story of an interview with John Edwin Myers, convicted murderer, now awaiting in Howard County jail the outcome of an appeal bid.

'Ready To Talk' To Settle News Strike

NEW YORK (AP)—Mayor Robert F. Wagner spent the day at City Hall—and prepared to spend the night if necessary—trying to talk printers and publishers into settling the 50-day newspaper shutdown.

Wagner called in both sides—including top officials of the newspapers as well as their representa-

tives who have been carrying the negotiating ball—for a special Saturday gathering which got under way shortly after 11 a.m. After a morning session that Wagner said was devoted mainly to getting organized, he met during the afternoon with subcommittee members from both sides.

He told publishers not on the management subcommittee they could leave City Hall but asked them to remain at their offices or homes—where he could reach them if he needed them.

Representatives of nine other unions whose members have been idled by the shutdown also were summoned to City Hall.

Leaving one of the sessions Saturday evening, Walter N. Thayer, president of the Herald Tribune, said there had been no change in the situation because "there had been no opportunity."

Wagner, Thayer said, had merely received a "review of the background of the dispute."

Meanwhile there were signs of bargaining progress in Cleveland's 58-day newspaper strike by the Newspaper Guild and Teamsters Union against two dailies, the Plain Dealer and the Press and News.

Llano Girl Takes Top Honors At Ft. Worth Show

FORT WORTH (AP)—Janey McBride, 15, pocketed top money Saturday when her 990-pound Hereford took the championship of the junior steer show at the Southwestern Exposition and Fat Stock Show.

It was a familiar role for an offspring of the Heston McBride family at Llano.

Janey's brother, Dan, won the junior steer show last year and his Hereford went on to be named the stock show's reserve grand champion steer.

The 106-pound auburn-haired 4-H Club exhibitor took the honor by defeating her younger brothers, Dan and Bo, who placed near the top with their steers in the Hereford division.

Herald Staff Men Share In AP Awards

Once again Herald staffers have shared in the awards made annually by the Texas Associated Press Managing Editors Association.

Keith McMillin, Herald photographer, won first place in the sports photography competition for newspapers with circulation under 75,000.

Sam Blackburn, the Herald's court house reporter, won honorable mention for his story of an interview with John Edwin Myers, currently in Howard County jail waiting the outcome of an appeal from a murder conviction.

Announcement of the awards was made on the eve of the annual convention of the managing editors at Houston. Winning entries were selected by out-of-state newspapermen.

McMillin's picture was taken at the Steer-San Angelo football game and was titled "Stretching It," a picture of one player barely hanging onto another by the thread of a jersey.

Blackburn, who has won two previous awards for stories he wrote for the Herald, interviewed Myers and reported the man denied shooting some of the victims of which he is accused. He blamed the shootings on his young paramour, who was taken to Illinois for trial.

Herald staffers too, had a share in the awards this year. Clifton Lawrence, now with the Corpus Christi Caller-Times, received honorable mention for his long feature concerning the Latin American vote. He was formerly Herald city hall reporter.

Don Henry, another former city hall reporter here and now sports editor of the San Angelo Standard Times, won a first place award for a sports story concerning ACC repeating as champion and a second place award for a feature concerning a pitcher's duel.

The annual community service awards went to the Pecos Independent, in the under 75,000 category, and to the Corpus Christi Caller-Times in the over 75,000 class, for its campaign to make a national park of Padre Island.

Longshoremen Go Back To The Docks

NEW YORK (AP)—Longshoremen trooped back to the docks in East and Gulf Coast ports Saturday in the end of a 34-day strike—the Atlantic's longest and costliest.

A local dispute that had delayed the return at Norfolk, Va. was settled at noon and one that was holding up resumption of work at Mobile, Ala., was settled shortly thereafter.

The docks were humming with thousands of longshoremen, calculating time and a half overtime pay for working on a Saturday.

The strike was settled on the basis of a formula proposed to employers and the International Longshoremen's Association by a special board appointed by President Kennedy and headed by Sen. Wayne Morse, D-Ore.

More than 16,000 longshoremen reported on the New York waterfront to work 127 ships crisscrossing at 74 ports. Passengers arriving aboard the liner Italia from a Nassau cruise were the first in more than a month who did not have to carry their luggage ashore.

Ports where men were back on the job included Philadelphia, Baltimore, Portland, Maine, Florida and New Orleans, the latter the largest on the Gulf Coast.

Those in Texas voted to return Sunday.

Dock workers in Baton Rouge, La., slated to work were delayed by a heavy fog.

The shipping paralysis in the Hampton Roads area around Norfolk was cured when warehousemen and terminal operators came to an agreement. Members of the IILA delayed their return pending agreement in the terminal dispute.

Cost of the strike that immobilized almost 700 ships has been estimated unofficially at \$800 million.

Incentive Pay?

AUSTIN (AP)—Do-nothing public officials will get smaller paychecks if a bill by Rep. Maurice Ball becomes law. Ball, a Dallas Republican, introduced a bill Friday to deduct from salaries of public officials who neglect their duties.

To Try To Free Americans Held In Cuba Prisons

HAVANA (AP)—James B. Donovan returned to Havana Saturday to try to get release of more than a score of Americans held in Cuban prisons.

The New York lawyer, who negotiated successfully with Prime Minister Fidel Castro for 1,113 Bay of Pigs invasion prisoners, was sped away by Cuban security police in an unannounced destination immediately after he flew in from Miami, Fla.

It was understood he would meet Castro to discuss conditions that could lead to the release of the imprisoned Americans.

Shriver In Panama

PANAMA (AP)—Peace Corps Director R. Sargent Shriver has arrived in Panama on the first leg of a 15-day working visit with Peace Corps volunteers stationed in Latin America.

Shah's Program Getting Support

TEHRAN, Iran (AP)—Samplings at the polls indicated millions of Iranian voters backed Shah Mohammed Reza Pahlavi's basic reform program Saturday by a ratio as high as 1,000-1.

Service Today For Mrs. J. B. Pickle

Death came early Saturday to Mrs. J. B. Pickle, resident of Big Spring for more than 40 years, outstanding church worker and member of one of the city's widely-esteemed families.

Mrs. Pickle died at 3:50 a.m. at her home, 1201 Settles, after a prolonged illness. She was 78. Her health had been failing for some years, and she took a marked turn for the worse late Friday afternoon.

Mrs. Pickle was known for her dedication to her church, the First Methodist, where she had taught a Sunday School class for more than 30 years, had been active in the Women's Missionary Society and had served on the Board of Stewards. Only the decline of her health finally limited her faithful activities.

She also centered warm devotion on her home and family.

Funeral services will be held at 2 p.m. today at the First Methodist Church with a former pastor, the Rev. H. Clyde Smith (now district superintendent) officiating, assisted by the Rev. Robert F. Polk, pastor of the First Baptist Church. Burial will be in Trinity Memorial Park, under direction of Nalley Pickle, Funeral Home.

Mrs. Pickle is survived by her husband, two sons, Joe Pickle, managing editor of The Herald, and J. J. (Jake) Pickle, Austin, member of the Texas Employment Commission; two daughters, Mrs. Miller Harris of Big Spring and Mrs. Jonathan Lancaster of Kermit; 14 grandchildren and seven great-grandchildren.

There are also a sister, Mrs. W. V. Baker, and two brothers, C. W. Duke and Sidney Duke, all of Lamesa; and several nephews and nieces.

One daughter, Mrs. Jeanette Bailey, preceded her in death in 1954.

Mrs. Pickle was born Mary Theresa Duke on June 9, 1884, in Lampasas County. Her parents,

MRS. J. B. PICKLE

Man Killed In Gas Explosions

BETHEHEM, Pa. (AP)—Gas explosions ripped through three homes Saturday, killing one man and injuring two other persons.

Residents of a three-square block area on the South Side were evacuated as a precautionary measure while authorities checked natural gas lines in efforts to pin down the leak.

Reviewing The BIG SPRING WEEK

This winter seems determined to go down as one that really was. Cold wave after cold wave seems to be the order, and last week another one barreled in suddenly to drive temperatures down to a minimum of 10 degrees. Frequently we go several years without having it get that fresh, but three times this season we've felt temperatures in the 3-10 degree range.

The traditional Mother's March for the March of Dimes last week met with good response. Members of the P-TA in various school districts handled the collection that brought in well over \$2,500. Meanwhile, other MOD activities continue. The Howard County Tuberculosis Association, still short on its barest needs, is seeking also to bring its appeal to a successful close.

The next fortnight will see con-

siderable activity on the contracting and financing front. Last week city commissioners set Feb. 12 as the time for obtaining bids for enlargements to the distribution system. The Colorado River Municipal Water District will open bids Tuesday afternoon on its \$2,750,000 revenue bond issue. Assuming that it sells, construction bids will be opened here a week later on construction of a 51.5-mile pipeline job from Lake J. B. Thomas to Sun Oil Company's waterflood project in northern Coke County.

Mary Thornton won the grand championship at Abilene last week with her 928-pound steer bred by J. C. Sale of Stanton. The fine animal brought \$1,500 on the auction. This was a tough show to win, and the honor is therefore (See THE WEEK, P. 6-A, Col. 1)

Ice Hazards Plague East Part Of State

The fourth major norther of January, propelled by icy and stiff winds, was plunging most of Texas back into the freezer Sunday morning.

The cold was due to cling in the Big Spring area today, but the weatherman held out a promise of warmer readings by Monday.

The low reading here Saturday morning was 20, and the mercury was due to skid several degrees below that in the early Sunday morning hours. There was an 18-degree reading by 9 p.m.

NO MOISTURE

No moisture was indicated in the newest wintry blast.

A high of 40 may be reached today, and by Monday, the temperature should go up to 50, forecasts said.

Meanwhile, another round of freezing rain and icy roads was predicted for eastern sections of the state to replace an ice sheath that covered a wide area most of Saturday.

Freezing temperatures prevailed in the Panhandle-Plains area and in scattered points of extreme Northeast Texas Saturday afternoon while most of the state had a warmup.

Brownsville and Laredo had heavy fog for the high readings of the afternoon while at Dalhart the mercury never got above 21 degrees.

A hard freeze was predicted to encroach deep into Central Texas by dawn. Zero to eight below was forecast for early Sunday in the Panhandle.

DRIVING HAZARDOUS

Driving was hazardous in a great expanse from the Red River south below Dallas and Fort Worth, and from the Louisiana border to Abilene. Bridges usually were iced and often roads were spotted with the glassy stuff.

Hundreds of accidents resulted, but caution kept deaths and injuries low. In Dallas alone, more than 100 traffic accidents were reported in five hours after midnight Friday.

The Weather Bureau issued hazardous driving warnings for as deep into the state as Nacogdoches, Lufkin and Henderson. Along the coast, another menace to traffic developed. Dense fog hampered traffic by car, sea and air. Houston visibility was down to an eighth of a mile and most planes were grounded. Most ships remained stationary.

The temperature at dawn sank to one degree above zero at Dalhart in the upper Panhandle. By noon, Dalhart and Amarillo both had 13 degrees with ice crystals forming in the sunny air.

By dawn Sunday, the Weather Bureau said the colder air would spread over most of South Texas, too.

Some light snow fell at spots in the Panhandle and from the Red River south to Fort Worth and Dallas. The main misery, however, was from drizzle which froze as it touched ground. Sanding crews worked steadily, but often ineffectively, because the steady slow fall soon froze over the sand.

Grissom, Glenn Assigned To Future Moon-Shot Projects

HOUSTON (AP)—Astronauts Virgil Grissom and John Glenn Jr. received major assignments Saturday on projects to place U.S. spacemen on the moon in this decade.

Grissom, the second U.S. astronaut to make space flight, will concentrate on the two man flights of Project Gemini. Glenn, the first to make an orbital flight, will concentrate on Project Apollo.

New specialization assignments were announced by Dr. Robert Gilruth, director of the Manned Spacecraft Center, the training base for the nation's astronauts.

Gilruth announced specialization assignments for each of the seven astronauts selected in 1959 and for each of the nine new trainees selected Sept. 17.

"The assignments are designed to insure pilot input into the design and development of spacecraft and flight control systems and to provide part of the broad training which the pilots will undergo," Gilruth said.

Maj. Donald Slayton, one of the original seven, will continue as the overall supervisor of astronaut duties. Slayton was removed from flight status under the one-man Project Mercury program last year because of a heart condition.

No changes were made in the assignments of Maj. Leroy Cooper Jr. and Cmdr. Alan Shepard Jr. Cooper is to be the pilot on the next Project Mercury flight, now scheduled for April. Shepard, the first astronaut to make a space flight, is Cooper's backup pilot.

Unmanned Gemini flights are scheduled to begin late this year with two-man flights following in 1964. Space officials have expressed hope the three-man moon shots of Project Apollo can begin by 1967.

Lt. Cmdr. Scott Carpenter will specialize on the capsule that will be used in making actual landings on the moon. Cmdr. Walter Schirra will specialize in overall operations and training.

Current planning calls for Apollo's moon shots to be made through use of two capsules. A small space ship called the "bug" will be attached to a mother ship which will carry three astronauts. After the mother ship begins orbiting the moon, two of the space-

Looking Smug

And why shouldn't he? Both of these are his wives, real legal. Except, of course, one of them is only a "Blithe Spirit," the name of the Big Spring Civic Theatre's next production. David Guy is the harassed husband and his wives are Donna Lee (left) and Jean Clonts.

Little Theatre Play Slated This Week

"Blithe Spirit," promising to be one of the best plays ever staged by the Big Spring Civic Theatre, will be offered to local patrons Friday and Saturday evenings at 8:15 p.m. in the city auditorium.

Tickets are available at the Chamber of Commerce offices or they may be obtained at the door each evening.

Richard Robertson, who has starred in many local productions, is director for the current play and Bob Lewis is producer.

The lead parts of the comedy are played by David Guy, Jean Clonts and Donna Lee. Guy and Mrs. Lee have turned in top performances for local audiences. It is Mrs. Clonts' first lead role, although she has had character parts in several BSCT plays.

Supporting roles are played by Sandra Perrin, Kurt Vaughan, Jane Snyder and Lois Davis.

Bob Aldridge designed the set, a tricky feat as there is consid-

erable stage action handled by the invisible "spirit." Dick McClurg and Pete Stone assisted in building the set. John Arnold will handle lights and sound. Jay Allen guided publicity and the prepared program. Joanne Watkins fixed properties and handled prompting chores. Martha Conway is doing make-up. Gordon Wheeler, hair styles, and Iris Moll, costumes.

Noel Coward, author of this play, poses the question: what would a wife do if her husband's former wife (now deceased) comes back to visit as a spirit? And more importantly, what does the husband do? His answer is fun for the actors as well as the audience.

"The play is going real well," Robertson said Saturday. He had refreshing comments on all his cast, which includes some of the best talent ever to walk the local amateur stage.

Highway Work Here Bid At \$217,524

Clayton Equipment Co., Odessa, was the apparent low bidder on grading, structures, base and paving, for 2.8 miles of the business route of US 20 (US 80) in the city limits of Big Spring. The bids were tabulated in Austin Friday by the Texas Highway Department. The bid price was \$217,524.

Work will be done on East Third and East Fourth streets in Big Spring to modernize the two streets as the highway business route from Union Street to Tulane.

The project will include regrading the streets, widening to the three-lane width of the present streets where curb and gutter is already in from Union Street west, laying curb and gutter, completing drainage structures under the streets to connect with the city's drainage lines, and repaving.

Some interchange structures will be included where the business route takes off from the by-pass route going around the city to the north.

The property owners and the City of Big Spring will pay for the curb and gutter along the routes.

Other IS 20 work, on which bids were taken Friday totaling \$12,399,879, will include 14 miles of signing, delineation, and safety lighting from one mile southeast of Roscoe to three miles east of Sweetwater in Nolan County. E. H. Black, Austin, placed a bid of \$181,503 for the work.

Missing cash, and a stolen automobile, were investigated by Big Spring police Friday night.

Roy Bruce, operator of a service station at 215 E. 3rd, told police Friday that \$65 in bills was missing from a cash drawer hidden in the station. He said \$30.80 in change and \$52.38 in checks were not taken.

Police found an east door unlocked but no signs of forced entry at the station. They reported it possible only if a person had been locked in the station, or if he had a key. Bruce said about \$85 in cash was in the safe at the station and police found no evidence of attempted entry to the safe.

Esequio Paralez, 506 NW 7th, reported his car stolen from the parking lot at the Club Cafe. He said the 1952 model car was parked there at 9:30 p.m. and when he left the cafe after midnight, it was gone.

COL. CHARLES E. YEAGER

Col. Yeager Speaks At Webb Friday

Col. Charles E. "Chuck" Yeager, the first pilot to fly faster than sound, was speaker for Class 63-D at the dining-in at Webb AFB Friday evening. He is now commandant of the Air Force's Aerospace Research Pilot School at Edwards AFB, Calif.

"The young, the eager, and the devoted should have little trouble in finding their place in today's aerospace program," Col. Yeager said. "If we can get younger pilots into our Aerospace School, those who have a degree in engineering and 600 to 800 hours in high performance aircraft, we will end up with men only 27 or 28 years old who can serve the Air Force for about 15 more years."

Col. Yeager added he hoped that some day he would see a few members of Class 63-D join his Aerospace School.

"Young men can best enhance their careers in the Air Force by helping themselves," Col. Yeager said.

President of the Mess was 63-D Class Commander, Capt. Thomas J. Kuhns.

BOB SMITH

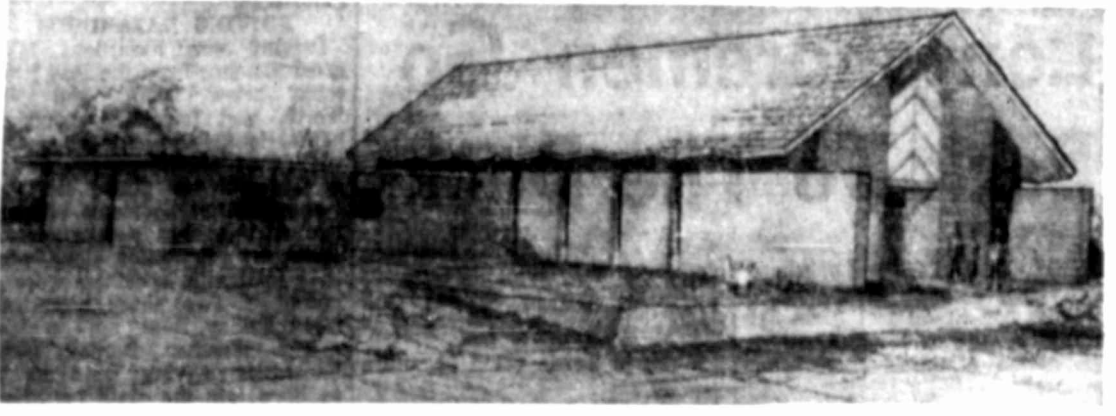

Smith Releases Third Record

That singing policeman has done it again. Patrolman Bob Smith, who has two popular recordings to his credit, released a third one here Saturday. And like the previous two, the current recording was written by him and performed by him, with the help of other local musicians.

On a Clet label, this one: the title of the two songs are "Me and My Baby Had Trouble" and "Tavern Outside of Town." The label reports "background by the Mendon Singers" and Smith said these include Weldon Myrick (another policeman), George Peoples, Billy Pitcock, Dena Hall and Dolores West.

Smith is a native of New Bern, N. C., and lived on a tobacco farm until joining the Air Force. He was stationed at Webb AFB for 3 1/2 years and after discharge, joined the Big Spring Police Department.

Smith has worked in music practically all his life, on talent shows, television, radio and stage.

PROPOSED NEW PLANT of recently organized Stadium Baptist

Church Plans New Building

The Stadium Baptist Church, organized last October, has announced plans to build a 5,000 square foot plant to cost about \$30,000. It is the first phase of a much larger building to be completed at a later date.

This first unit will have educational space for 170 and will seat 158 in the sanctuary. The congregation is currently working on financing with interim pastor Rex Williams, J. Arnett. No dates have been set for letting a contract.

The plant will be located in the area bounded by Tulane, Rutgers and Colgate in the College Park Estates area.

With 52 members and Sunday School enrollment of 78, the congregation held its first meetings in the HGE hall on east US 80. They moved next to 2003 Scurry, then began meeting in the new shopping center, where meetings are conducted now.

A. C. Faulkner is Sunday School superintendent. J. D. Buchanan is Training Union superintendent. Joanne Cox is pianist, and Joe Feay is song leader.

MEN IN SERVICE

Navy Lt. (jg.) Daniel R. Dunn, son of Mr. and Mrs. Joseph R. Dunn, 1617 E. 17th, is serving aboard the attack aircraft carrier USS Franklin D. Roosevelt, currently serving with the Sixth Fleet in the Mediterranean as part of an aircraft carrier striking force.

The ship deployed from the United States in September, and has visited Italy, Greece, Turkey, Spain, and several Mediterranean islands. Christmas was spent in Naples, Italy.

Army Pvt. Johnny L. Palmer, son of Mr. and Mrs. John A. Palmer, 811 E. 14th, recently was assigned to the 81st Artillery, a Nike-Hercules missile unit on Okinawa.

Palmer, a fire control operator in the artillery's Battery D, entered the Army in June, 1962 and received basic training at Fort Polk, La. The 20-year-old soldier was graduated from Big Spring High School in 1961.

S. Set Smiley Smith of Greenville, Miss., has arrived here for assignment with a United States Air Force support unit. The sergeant is married to the former Linad L. Pitts, Stanton.

Set Edward L. Mullican and his wife returned this past week from Fort Richardson, Alaska, near Anchorage where he completed a 26-month tour of duty. He is the son of Mr. and Mrs. Frank Mullican, 2706 Clanton, and former of Silver.

After driving down the Alaska Highway, he was discharged from the U.S. Army at Fort Lewis, Wash. The 25-year-old soldier is a 1956 graduate of Colorado City High School. He and his wife will reside in Canyon, where he will be a student at West Texas State College.

WHEN I AM WEAK

By T. B. Zarbel, Preacher
Church of Christ, 2001 West Highway 80

"... When I am weak, then am I strong" (II Cor. 12:10). Many of our critics think they have found a weak spot in our religion in that we reject instrumental music in worship. But we are able to explain why we do so. It is simply a matter of respect for the authority of Christ who is the head of the church, and whose will is found in the New Testament. He has specified exactly what we are to do for worship music — sing. Nowhere has given authority to instrumental music. We then decided for our practice are able to give Bible authority for singing, and our critics they are not able to give

WE WATCH THEM GROW UP

Babies are of great importance to us. Even before birth, mothers get from us the vitamin and calcium additives their physicians prescribe. Our baby department stocks all the many health-aids needed for baby's comfort and better health.

When you have any usual or emergency need for your children, please depend on us to do everything possible. From a nipple to a prescription, we'll be a "mother's helper."

YOUR DOCTOR CAN PHONE US when you need a medicine. Pick up your prescription if shopping nearby, or we will deliver promptly without extra charge. A great many people entrust us with their prescriptions. May we compound yours?

Youth Spotlited For YMCA Banquet

The city's youth will be in the spotlight Tuesday evening for the annual YMCA banquet and membership meeting. Young people have major parts in the program and the speaker, Walter K. Kerr, is nationally recognized for his work with and for youth.

Tickets for the annual banquet, which will be held in the Student Union Building of Howard County Junior College, at 7:30 p.m., are on sale at the YMCA, Eighth and Owens, and by board members. Tickets sell at \$2.50 for adults, \$1 for students.

Outstanding youth awards will be made during the program by J. R. Redden, president of the Y's Men's Club. Karen Kee, a member of the Senior Tri-Hi-Y, will give a special music presentation. Phoebe Rice, Karen Gibson and Sue Cook will provide the dinner music. John Fish, Senior Hi-Y, will bring the invocation and Brenda Cowper, Senior Tri-Hi-Y, will pronounce the benediction.

Dr. W. A. Hunt, outgoing president, will introduce new board members, officers of the board for 1963, and acknowledge outgoing directors. Francis Flint, general secretary, will make his annual report and Joe Pickle, membership campaign chairman, will give a report on his committee.

Retiring board members will be hosts for the banquet and a reception is planned after the dinner meeting and the structure will be heated.

Kerr is currently devoting his full time to a youth foundation which he established. It is designed to help youth achieve the highest degree of development and citizenship in an effort to help them in their fight for freedom. Headquarters are in Tyler.

A native of Abilene, Kerr attended Hardin-Simmons University then received his law degree.

from the University of Texas Law School. During his college years, he was an accomplished musician and played in light opera. His legal work was on the governor's legal staff, which he left to enter the ministry.

He held pastorates at the University Methodist Church, Austin; Central Methodist Church, Austin; First Methodist Church, Kerrville; and Marvin Methodist Church, Tyler.

He has served on a host of youth-centered committees and organizations, including the Youth Conservation Commission of Austin, vice-chairman of the Juvenile Advisory Board of Travis County, president of the Austin Ministerial Association and secretary of the Austin Council of Churches.

He has been active in the Kiwanis Club and Toastmaster, and is holder of Scouting's Silver Antelope and Silver Beaver awards.

He is author of a book on juvenile delinquency and has appeared on television and radio shows. He is presently chairman of the Texas Committee for the White House Conference on children and youth. He was technical advisor on a Biblical movie.

He spends considerable time as a speaker to gatherings everywhere, including behind the Iron Curtain, where he held a Christian rally.

In his 1962 fall crusade, he spoke to 250,000 young people, climaxed with a youth rally in the Cotton Bowl at Dallas.

'I'm Ready'

Rendell Rainey, 6-months-old son of Mr. and Mrs. Weldon Rainey, is all logged up for the Y roundup, with Texas belt buckle and three brands.

Officers Organize Fourth Safety Patrol At Schools

A new 32-man safety patrol, at College Heights elementary school, was put to work this week following a week's training by Sherrill Farmer of the Big Spring police traffic division. Supervision is under officer J. D. Campbell.

Lt. Stanley Bogard, chief of the traffic division, said the College Heights Patrol was the fourth school group organized by police as a safety measure in preventing children from being injured during rush hours when school is opening or closing.

Bogard said the school safety program is being constantly expanded. Two general safety programs have been set for Tuesday and Wednesday of the coming week. The lieutenant will speak to the Driver Education class at Goliad Junior High Tuesday, and to the DE group at Rannels Junior High Wednesday.

Warrant Officer Farmer said the captain of the College Heights patrol is Kenneth Brown, lieutenant is Bill Jones, and Jimmie Reams, sergeant.

Makes Recovery

Carroll Jones, Amarillo, son of Mr. and Mrs. R. V. Jones, Big Spring, is making satisfactory recovery at his home in Amarillo after undergoing surgery in a hospital there Jan. 15. He was moved to his home for convalescence Friday.

Glasscock Show Opens Monday

GARDEN CITY—More than 60 Glasscock County boys and girls will enter livestock in the 26th Annual Glasscock County Livestock Show Monday. The judging will be held in the old gymnasium building and the structure will be heated.

Oliver West, Glasscock County agent, says this will be the largest show in several years. Scheduled for exhibit will be 160 fat lambs, 20 fat pigs and one registered Hereford heifer. In addition, the 4-H girls will have a favorite foods show, exhibit baking products, and sewing exhibits.

The livestock show judge will be Midland County Agent Tom Newman. Jay Poyner of Odessa will be the auctioneer.

A barbecue dinner will be catered and, following the meal, the annual fat stock auction will be held.

Boys and girls who will exhibit

livestock include: Bill Cook, Royland Duncan, Martha Duncan, Margaret Jo Cook, Diane Harris, Mike Kelly, Walter Lowe Jr., Roy Lee McDaniel, James Lee McNutt, Charles Parker, Baylor Pruett Jr., Gene Pruett, Kay Schraeder, Rudy Halfmann, Sandra Halfmann, Diana Halfmann, Betty Schraeder, Carolyn Schraeder.

Ritchie Reynolds, Jerry Schafer, James Seidenberger, Dana West, Tommy Houston, Judy Halfmann, Wayne Halfmann, Robert Halfmann, Kenneth Schafer, Larry Schafer, Robert Plagens, Earl Plagens, Laurie Lange, Roger Lange, Steven Seidenberger, Pat Halfmann, Doug Gallamore; Roland Halfmann, Janice Halfmann, Beverley Halfmann, Buddy Henrichs, Ronnie Hirt, Steven Hirt, Judy Hirt, David Pagan, Rodney Pagan, Robert Honeycutt, Velma Sherrard, Nancy Davee, and Darrell Underwood.

Planning Set For Annual Y Member Drive

The foremen and wranglers are quietly poking around the coats to get their branding irons sizzling hot this week for the annual YMCA membership roundup.

Final plans will be polished after the YMCA's annual banquet Tuesday evening when Dr. Walter Kerr, one of the nation's leading speakers, comes to town.

More than 150 volunteers, split into two rival ranches, are ready to go after it in a real range war. For that reason there is liable to be a lot of double branding during the week of Feb. 4-8.

Those under ranch boss James 'Big Jim' Tidwell are seeking to apply the Circle T along with the Y brand. By the same token, the forces under Ranch Boss Buddy 'Tex' Redden are itching to clip the hair with the Rocking R.

This year's participating membership campaign is being organized along the lines of an early-day western roundup on the open range. Under the ranch bosses are four foremen, who in turn each have four wranglers. The wranglers have recruited four cowboys or cowgirls to see that the roundup reaches as many Y prospects as possible.

Meanwhile, plans are being developed, too, for the sustaining division, which will have its appreciation dinner later in February. Sustaining members are those who do not actually take part in the Y program but whose extra support makes the program possible.

First round of the participating roundup will be on the afternoon of Feb. 4 when an informational meeting is held for all ranch personnel, from the cattle baron, Col. Joe 'Pecos' Pickle, to the cowboys and chuck wagon gangs. The kickoff dinner will be the evening of Feb. 5 with Walter B. Halley Jr., Dallas, as the speaker. Report sessions will be climaxed with the third in the series the evening of Feb. 8 when the ranches hope to make a successful accounting of the roundup.

Midwest Building Damaged By Fire

A short in an electric circuit was the apparent cause of considerable water and smoke damage from fire early Saturday morning at the Midwest Building, Seventh and Main. The blaze was discovered at 3:45 a.m. by sheriff's deputy D. R. Buzbee.

Workers were installing new heating and air conditioning equipment in the building and the small fire which filled the building with smoke, was blamed for broken water lines which caused the flooding on the upper floor.

The exact cause was being investigated Saturday and the building was being cleaned up. Most of the offices on the lower floor were open Saturday morning, as usual. Firemen were commended for their care of office furniture.

Funeral Held

DALLAS AP—Mrs. Hiram Boaz, 83, widow of a founder of SMI, died Friday after a long illness. Services were held 4 p.m. Saturday.

Mrs. Brown Dies

HOUSTON AP—Mrs. Herman Brown, widow of the former president of Brown & Root Inc. died Friday night after a long illness. Her husband died Nov. 15.

Water District Has Busy Days Ahead

Staff members of the Colorado River Municipal Water District are facing some of their busiest days since the inception of the district a decade ago.

The board of directors is scheduled for two meetings within the next 10 days to consider sale of \$2,750,000 in revenue bonds and to let contracts for construction of 31.5 miles of pipeline. Bond bids will be opened at the Settles at 2 p.m. Tuesday, preline bids at 10 a.m. Feb. 5 at the Settles.

Meantime the district office in Big Spring has been besieged by inquiries from prospective contractors for the pipeline job. Half a dozen have made inspections on the ground, and more than that number are expected to make similar surveys this week.

The initial meeting of the directors is set for 2 p.m. Tuesday at the Settles Hotel when proposals will be opened on the bond issue. Bids will be on a series

covering six years. The district proposes to retire \$250,000 of the amount in 1964 and then \$500,000 in each of the next succeeding five years.

Proceeds will finance the cost of the pipeline through which the district proposes to furnish Sun Oil Company with as much as 3,000,000 gallons of water per day. The water contract is spread over 16 years and diminishes in the contract quantity. The district is prepared to spend \$431,000 from its improvement and extension fund to finance pipelines from the Colorado River and to construct channel dams on the river to draw off upwards of 1,000,000 gallons of normal low flow per day. This water is highly brackish and this means of disposal will help the district control a pollution problem that has been blocking plans for a second major lake on the Colorado River.

Murder Charges Listed For Grand Jury Session

Howard County grand jury for the January term of 118th District Court, which convenes Tuesday, will consider two charges of murder with malice, four complaints alleging assault with intent to commit murder and one case alleging statutory rape.

In addition to these more serious offenses, the grand jurors will consider 22 lesser complaints running the gamut from DWI second offense to possession of narcotics.

The murder cases to be laid before the grand jury by Gil Jones, district attorney, includes the charge against James Monroe Steward—a charge that he shot to death Travis Hicks and dumped his body in a lonely field in Martin County. This slaying, the state alleges, occurred Dec. 1, 1961. The scene was a room in a local motel.

ing Dan Tenor with a club as climax to a disagreement which had first led to a fist fight.

Cirilo Pena Ramirez, charged with knifing Thomas Carreno as climax to a disagreement over money to be placed in a pike box.

Defendants charged with DWI, 2nd offense, to be taken before the grand jury are:

William R. Newsom, arrested Nov. 17, Ervin W. Ray, arrested Jan. 18, Emmett C. Hartman, arrested Dec. 31, James M. Barber, arrested Dec. 25, Orval Smith, arrested Dec. 20, Nannie W. Truman, arrested Jan. 23.

The state alleges that each of these defendants has previously been arrested and convicted for simple DWI.

BURGLARY

Burglary complaints to be taken before the grand jury:

Jose Valdez, accused of breaking into the Howard County Farm Association office and taking a number of articles which he later sold in Old Mexico. The alleged offense occurred Sept. 18.

David Brown, accused of breaking into Mary's Liquor store Dec. 19, and taking whisky.

Thomas Spoon, accused of burglary in several counts and with breaking into Prager's store Dec. 26 and robbing several persons who came upon him in the building.

Daniel F. Clevenger and Dwayne Myrick, charged with breaking into Johnny's Liquor store Sept. 12.

Forgery and forgery and passing complaints:

Bobby Nichols and Mike Hickman, accused of forging some checks and passing them in a number of Big Spring stores Nov. 23.

Evangelina Martinez, accused

of cashing a forged check in a local store Nov. 26.

Edith Jane Keene, accused of trying to cash a forged check Dec. 7.

THEFT

Theft over \$50 complaints:

Jimmy Cavitt, accused of taking a 1951 Harley-Davidson Motorcycle Jan. 9.

Robert J. Patrick, accused of taking a saddle from Ray Walker Dec. 28.

Dickie Lee Bennett, accused of converting seven heifers to his own use and benefit Dec. 28.

Other cases:

Fernando Cano, failure to stop and render aid, after a collision Dec. 25 in which Mrs. Vera Haws was injured.

George Anguiana, possession of narcotics, alleged to have had a marijuana cigarette on his person Dec. 15.

Burford Wright, car burglary, accused of taking a suitcase and a coat from a car Nov. 30.

Isaac Orval Pope, car theft, accused of taking an automobile Jan. 2.

Arthur Brooks, theft by bailer, accused of taking a borrowed car and not returning it.

Junior Lee Mezik, fondling. He is alleged to have made improper advances to an 11-year-old girl Oct. 30.

All Presidents

Mrs. Maxine Alldredge, front, National President of the Veterans of World War I Auxiliary; Mrs. Ann Bodeen, Rising Star, state auxiliary president, were all at regional meeting in Big Spring the Big Spring Auxiliary; Mrs. Myrtle True, Friday.

Speaker Urges Support For Pension Legislation

Mrs. Maxine Alldredge, National President of the Auxiliary of the Veterans of World War I, was in Big Spring Friday to address over 150 members from 15 West Texas Districts and Branches. The meeting was also attended by State President Geneva Ann Bodeen, Rising Star.

Mrs. Kathleen Swindell, president of Big Spring Chapter 1474, and Mrs. Myrtle A. True of Big Spring, District 19 president, were hostesses for the meeting. The luncheon of turkey, dressing, and all the accoutrements, was served buffet style.

Mrs. Alldredge spoke to the group on the new pension bill for

veterans of World War I, their widows, and dependents, which was introduced in the Congress last week. The new bill provides an increase in pensions up to \$100 per month for veterans and to \$75 for dependents, and stipulates limitations up to \$4,800, depending upon source of other income.

"The new bill," Mrs. Alldredge said, "eliminates those who do not need the pensions. This has been one of the objectionable features in past bills."

"The people in Washington know what the bill to increase pensions is, but we have to let them know, from the grass roots, what we think about it and how badly it is needed."

"There is another thing we must understand also, and it is most important," the national president said. "We must write letters to our Congressmen in a straight forward manner, telling them what we need and why we need it. Above all we must not write sarcastic or biting letters. We must think, when writing

what a sarcastic or 'name calling' letter would do to our own thinking if some one wrote it to us. Antagonizing letters hurt us and our cause. Write your letters as voters and constituents, with a problem, asking for help. But don't dictate."

The meeting, following the talk by the president, was given over to speakers who encouraged a drive for members in all districts including both Veterans and Auxiliary.

The regional quartermaster reported that the 1963 membership goal was 6,700.

District representatives were present from barracks at Lamesa, Odessa, Sweetwater, Monahans, El Paso, Littlefield, Plainview, Giney, Kermit, Amarillo, Midland, Andrews, San Angelo, Colorado City, and Big Spring.

Mrs. Alldredge and the state officers, as well as regional officers, left immediately after the meeting for another meeting at 8 a.m. Saturday in Temple. This was the national president's second trip to Texas.

County Short Of Quota, But On State Par

Howard County fell short of its quota on U. S. Savings Bonds sales during 1962, but it was slightly ahead of the area pace and on a par with that of the state as a whole.

This district (No. 5), which has been one of the pace setters in Area 1, fell off during the year with heavily oil and agricultural counties accounting for most of the disparity.

During December, Howard County sold \$54,424 in E&H bonds making \$639,519 for the year, or 89.1 per cent of the quota.

Martin County, second only to Deaf Smith County in the area and also third highest in the entire state in percentage of quota, achieved a remarkable 223.3 per cent. James Jones, Stanton, the county chairman, said sales of \$2,534 during December made \$89,327 for the year.

Other district records included Andrews \$1,313 in December, \$26,094 for the year for 43.5 per cent of quota; Dawson \$10,377 in December, \$82,971 for the year and 75.4 of quota; Gaines \$9,099 in December for \$102,714 for the year and 85.6 of quota; Mitchell \$2,534 in December, \$216,077 for the year and 80.0 per cent; Scurry \$19,290 in December, \$193,220 for the year and 52.2 per cent. The District total was \$109,210 in December, \$1,369,926 for the year, or 79.2 per cent of quota.

Sales in Texas during 1962 totalled \$143,146,965, which is 86.7 per cent of the goal. In Area 1, sales reached \$13,083,235, or 85 per cent of the quota.

U. S. Treasury officials said that E&H bonds outstanding now had a new record cash value of \$45.49 billion. Redemptions during 1962 were the second lowest in the past eight years.

Driver Stopped, Dragging 'Tale'

Big Spring police stopped a car and arrested three occupants for drunkenness at 10 p.m. Friday. They were dragging a "tale" behind them.

Seems that the car struck a cable fence around a car lot, hit an old car without a motor, and knocked it into another car on the lot, and the driver said he never knew he had hit anything.

Officers found the 20 feet of wire, with posts, dragging behind the car and started looking for other damage. They found it at Western Car Co. on West Third.

Harry Back Home

KANSAS CITY (AP)—Harry S. Truman went home from Research Hospital Friday a day or two earlier than his physicians had expected.

C. A. Threet Killed In Road Mishap

STANTON (SC) — Cecil Armon Threet, 48, employe of H. G. Counts Construction Co., Midland, was instantly killed at 2:30 p.m. Friday when a loader he was operating at School and Theresa streets here overturned and pinned him beneath the heavy machine. He was dead on arrival at the Stanton hospital.

The body was later removed to Arrington Funeral Home and then to Owens-Brumley Funeral Home in Wichita Falls where arrangements are pending. Burial will be in that city.

Mr. Threet was one of the workers employed in a paving program in Stanton. Counts has the contract.

He made his home at 904 N. Fort Worth, Midland. He had lived in Midland for 11 years, moving here from Holiday.

He was a veteran of World War II and served with the Marine Corps.

Born Dec. 25, 1915 in Archer County, he was married Dec. 18, 1915 to Miss May Scamper in Lawton, Okla.

Survivors in addition to his widow are one daughter, Mrs. Jo Ann Thomas, Midland; one son, J. R. Threet, Midland; a brother, Percy Threet, Victoria, and a sister, Mrs. Bertie Noble, Phoenix, Ariz.

Forsan Club Elects Officers

FORSAN (SC) — New officers were elected Thursday night for the Forsan Service Club. J. C. Ferguson is president; C. L. Rutherford, vice president; H. C. Tidwell, recording secretary; and Darrell Fyatt, financial secretary.

The business meeting, presided over by Max Alexander, was held following the regular dinner. The next regular meeting, Feb. 28, has been scheduled as Ladies Night.

Screwworm Fight Needs More Money

The campaign for more funds to support the screwworm eradication project is being stepped up in this area.

Texas livestock men and sportsmen had pledged to raise three million dollars and lack one million meeting the goal. The program, which has already shown such promise, is thus in danger of being reduced, if not halted.

Deer hunters and other sportsmen are urged to take part because the screwworm has been one of the worst enemies of good deer hunting, etc. Contributions may be left at the First National Bank with Jimmy Taylor or at the State National Bank with Carlton Chapman.

Junior Stockmen Go Next To El Paso Exhibition

Now that the Abilene Fat Stock show is behind them, members of the Howard County 4-H Clubs are getting ready for the El Paso exhibition which opens Feb. 3. It closes Feb. 8.

Lovell Kuykendall, assistant county agent, said the local 4-H club exhibitors will leave for El Paso Feb. 1. The plans call for the clubs to enter nine steers, 10 lambs and five breeding sheep.

Last year, Lucy Thornton won a grand championship in the lamb division at El Paso.

Kuykendall said that competition was sharp at Abilene last week and that the club members were pleased with the achievements earned.

Mary Thornton's major victory—the grand champion steer of the show—was the highlight. Her animal sold for \$1,500. Kuykendall said that Abilene makes it a cus-

Show Winners Exhibited Today

Judging was completed on the 63 entries in the Las Artistas Art Club membership show Saturday. The exhibit featuring the top winners will be open to visitors Sunday afternoon from 1 to 5.

The collection of paintings was judged by two Lubbock painters, Mrs. W. A. Fix and Mrs. R. E. Pollard. Mrs. Fix has studied with Emil Bristram, Taos; Xavier Gonzales, Cape Cod; Bror Utter, Fort Worth; and Don Kingman, N.M. She is a teacher and has a studio in Lubbock. Her work is represented in several private and public collections and she has won honors in many state, regional and national shows.

Mrs. Pollard, the former Juanita Tittle, who was head of Abilene Christian College art department until her marriage several years ago, now heads the art de-

partment at Lubbock Christian College. She has studied extensively under many well-known instructors and received her master's degree, with a major in painting, from Texas Woman's College in Denton. Her work in several media is represented in national museums and private collections.

AMAZING PSORIASIS STORY

Jan. 10, 1960 Pittsburgh, Pa. "Doctored for psoriasis 30 years. Spent much money to no avail. Then used GHP Ointment and Tablets for 2 weeks. Scales disappeared as if by magic. In 6 weeks skin completely cleared and clean. First time in 30 years. Thanks for your marvelous products." This much abbreviated report tells of a user's success with a dual treatment for the outward symptoms of psoriasis. Full information and details of a 14-day trial plan from Canam Co., Dept. FL 280 J, Rockport, Mass.

What can the DIFFERENCE in Eye Care and Glasses Be?

1. "Both pairs LOOK alike . . . but one is a so-called 'bargain'. I wonder what the difference is?"

2. "Maybe the difference is in the quality of the materials . . . or something important has been left out of the prescription for the sake of cutting cost."

3. "I'm very particular about my eyes, and I want to be sure about the care they receive . . ."

4. "... that's why I have my eyes examined and glasses fitted at TSO!"

YOUR BEST GUARANTEE OF DEPENDABLE EYE CARE IS THE ENVIABLE REPUTATION FOR FINEST QUALITY AT TSO

Seek Showdown On British Entry Into Common Market

BRUSSELS, Belgium (AP)—France's five partners in the European Common Market were reported ready Saturday to press the De Gaulle government for a showdown on whether Britain gets in the flourishing trade bloc.

It should be no longer than 10 days. Monday's meeting was arranged as a reprieve for Britain after President Charles de Gaulle's government demanded last week immediate suspension of talks on Britain's entry bid.

France's Common Market partners, which seem to want Britain in, hope the meeting will set up a study group that will return a report on the status of Britain's application. He said the time limit

Kennedy Tax Plan Rapped By USCC

WASHINGTON (AP)—The U.S. Chamber of Commerce termed President Kennedy's tax reduction and revision program unbalanced Saturday and said it offers a bleak prospect for economic growth.

The chief complaint was that too much emphasis is put on consumer spending, at the expense of incentives for investments that will create jobs and expand production.

'step up the growth and vigor of our national economy, increase job and investment opportunities, and improve our productivity', a statement of the chamber's board of directors declared.

THE WEEK

(Continued From Page One)

all the more important. Everyone who has heard Walter Kerr speak urges Big Spring people not to miss the opportunity to hear him here Tuesday when he addresses the YMCA annual banquet. He is, they say without exception, one of the most powerful speakers in the country today, and a man with a real message especially for young people. You can get tickets for the banquet by calling the YMCA.

A bill is due to be passed to the legislative hopper at Austin for the sale of surplus lands at the Big Spring State Hospital. There are 508 acres in the hospital tract, and how much the state will ask for authority to sell is not yet definitely established.

The announcement of the spelling bee being sponsored by the Herald in connection with all schools in Howard County got immediate response. So far a lot of interest has been shown, and by March 16 when the county eliminations will be held, there ought to be a lot of practice going on. You might compete at home against your child.

Garrett Patton, who has put in nearly a score of years as a unit leader in Boy Scout work, was paid a high tribute for his volunteer services. Last Thursday at Odessa, he received the Silver Award. When this award, which is based on a broad base of service, goes to a unit leader, you can know that it is all the more deserved.

Oil developments have been pretty quiet for several weeks now. Last week C. W. Guthrie No. 1 Jack Berry completed as a second small producer in the Zant (San Andres) field in northwestern Glasscock County. It made 32 barrels of oil pumping from 3,671-803 after being shot.

A distinguished guest in the city the past week was Harold S. Ketter, founder of the Y Indian Guides. This is a program for youngsters about the time they start to school, and their dads, and in recent years it has spread rapidly.

The Chamber of Commerce aviation committee is exploring the possibility of an air show here at a meeting of this panel last week. Prospects for staging such a show appeared good, provided that an estimated \$2,000 in costs can be underwritten.

Rumors found their way into the press last week concerning reported negotiations between W. R. Grace & Co. and Petrofina S.A. for the controlling interest in Cosden Petroleum Corporation. These rumors found their way into the press last week concerning reported negotiations between W. R. Grace & Co. and Petrofina S.A. for the controlling interest in Cosden Petroleum Corporation.

Another Battle Over Sexton Will CLEBURNE (AP)—Another court battle in the Sexton will case is set in Cleburne's district court Monday.

The case is an appeal trial of a July 24, 1958, probate court decision against Mrs. Agnes Kirk, former Cleburne rest home operator, who claims she was willed a large part of the million dollar estate of J. E. Sexton.

WEATHER NORTH CENTRAL TEXAS Generally fair Sunday through Monday. Colder Sunday. Little warmer Monday. High Sunday 24-34.

SOUTH CENTRAL TEXAS Clear to partly cloudy Sunday through Monday. No to cold Sunday night and north portion Sunday. A little warmer Monday. High Sunday 26-38.

TEMPERATURES MAX MIN CITY SPRING 35 25 Abilene 32 22 Amarillo 32 24 Chicago 32 22 Denver 32 22 El Paso 32 22 Fort Worth 32 22 Galveston 32 22 Houston 32 22 New York 32 22 San Antonio 32 22 St. Louis 32 22

At that moment, history will have been made. The last state to keep intact its record for public school segregation will have given way to the edicts of federal courts.

Y's Men Get Charter District Governor John Heelan, Amarillo, right, and Big Spring President J. R. (Buddy) Redden, examine the charter presented Saturday night to the new Y's Men's Club at the YMCA.

YMCA Service Club Gets Charter Saturday

The Big Spring Y's Men's Club became the fifth in Texas to receive a charter Saturday. District Governor John Heelan, member of the sponsoring Amarillo Club, presented the charter to Big Spring president J. R. (Buddy) Redden at a dinner at the YMCA building Saturday night.

David Balsinger, president of the Roswell, N.M. Y's Men's Club, was also a guest. Paul William Alexander started the Y's Men's movement in Toledo, Ohio in 1922 and is still active in the work.

Kennedy Sends An Envoy For Nuclear Talks

WASHINGTON (AP)—A White House special envoy, under instructions to work fast, will fly to Paris Sunday to begin developing a blueprint for a U.S.-European nuclear weapons partnership.

This effort conflicts with the aims of French President Charles de Gaulle. Ambassador Livingston T. Merchant, called back from leave to undertake the task, will confer in Paris with Ambassador Thomas K. Finletter, top U.S. representative in the North Atlantic Treaty Organization council.

'Hellzapoppin' Comic Is Dead

ALBUQUERQUE, N.M. (AP)—John S. (Ole) Olsen, 71, of the famous comedy team Olsen and Johnson died Saturday of a kidney ailment. His pudgy partner, Chic Johnson, died of a similar condition Feb. 26, 1962 at the age of 70.

Olsen was thin, and Johnson, his giggling, tall guy partner, entertained the country for almost half a century through every phase of show business—vaudeville, Broadway shows, movies, radio and television.

Italian Chief Blasts Allies

ROME (AP)—Premier Amintore Fanfani helped his left-leaning coalition government to a vote of confidence in Parliament Saturday with a blunt foreign policy speech criticizing France and West Germany, two of Italy's allies.

The fiery little government chief, who visited the United States last week, denounced French President Charles de Gaulle for keeping Britain out of the European Common Market. He pledged Italy will continue to work for Britain's entry.

State Deficit

AUSTIN (AP)—The state general revenue fund shows a deficit of \$60,508,881, compared to \$42,281,647 Jan. 9 state Treasurer Jesse James said Friday.

South Carolina Is Last To Yield To Integration Laws

Clemson president, the state's church leaders, and the intelligent young men who hold positions of honor in the student body, the answer is unanimous. Every effort will be made to avoid violence or disorder.

That's the big difference between South Carolina next week—when Gantt enrolls on Monday—and Mississippi last year. Mississippi's governor defied federal courts.

Military Puts Out Schedule Of Pay Raises

WASHINGTON (AP)—The Pentagon has sent Congress a military pay increase bill that ranges from \$7 a month for the newest recruit to \$257 monthly for four-star generals and admirals.

Solons Turning To Committee Work

AUSTIN (AP)—Texas' show-me-first legislature settles down to tedious committee work this week after giving Gov. John Connally his first legislative victory.

After brief sessions, both houses are expected to adjourn so legislators can turn their attention to a four-day string of public airings of prime legislative proposals. Capitol visitors will get a chance to speak on measures concerning equal rights for women, loan sharks, the poll tax, and slant hole drilling bans.

Accused Youth Ordered Freed From School

ODESSA (AP)—Nathan Curry, 17, accused of brutally slaying a Cisco church secretary in 1961, was ordered released Saturday from the Gatesville Training School for boys.

The youth was committed to the Gatesville school after he confessed the slaying of Mrs. Florence Hussey, whose beaten and stabbed body was found in her Cisco home June 28, 1961.

Cuban Inquiry Due To Take Up Air Strikes

WASHINGTON (AP)—A Republican investigation of the 1961 Cuban invasion disaster is aimed at settling history right on whether two air strikes were canceled, Sen. Everett M. Dirksen, R-Ill., said Saturday.

"What I want to know," the Senate minority leader said in an interview, "is whether three air strikes were essential for success of the invasion, did they take place, and if not, why not?"

L. T. Bronon Rites Monday

Lloyd T. (Bud) Bronon, 67, 501 Edwards Blvd., died at 2:30 p.m. Saturday in a local hospital after an illness of two years. He had been a long-time rancher in north-eastern Howard County.

Moscow Sends Note To JFK

MOSCOW (AP)—A new Soviet message for President Kennedy, possibly directly from Premier Khrushchev, was delivered to U.S. Ambassador Foy D. Kohler Saturday for quick relay to the White House.

Residents' Father Dies In Oklahoma

W. H. Davis, father of several Big Spring residents, died Saturday in Muskogee, Okla., and local survivors left to attend the funeral, which will be held at 2 p.m. Sunday in Muskogee.

A&M President's Home Destroyed

COLLEGE STATION (AP)—Flames from a fireplace destroyed the two-story frame home of President Earl Rudder of Texas A&M Saturday.

Car Mishap Fatal

DALHART, Tex. (AP)—A car turned over 16 miles east of here Saturday, killing Clyde Lewis, Jr., 34, and critically injuring James Rice, both of Dumas.

Connally Denies Senatorial Plans

SAN ANTONIO (AP)—Gov. John Connally said Saturday he has no ambitions to run against Republican John Tower in the 1966 senatorial election.

Cantrell Is Named

HOUSTON—P. E. Cantrell has been named director of the division order unit in Gulf Oil Corporation's domestic crude oil supply department here. He succeeds L. Rutledge, who is retiring after more than 42 years with the company.

Former Resident Dies In Midland

MIDLAND—Funeral was held here Thursday for Mrs. Louisa Naves, 41, who died in a local Monday. She formerly lived in Big Spring and was born July 13, 1921.

Would Put Delay On Remarriages

AUSTIN (AP)—An interim legislative study committee recommended Saturday that Texas' divorce laws be changed to prohibit a person from remarrying for six months after a divorce.

Polaris Sub To Go On Duty In Mediterranean

WASHINGTON (AP)—The first U.S. Polaris submarine will be stationed in the Mediterranean this year, perhaps representing the lead vessel of a North Atlantic Treaty Organization nuclear force.

CURRY
ANCE SERVICE

It will be taught by the Rev. Byron Orand, pastor of the Lege Baptist Church, which will be studied during the course is "The Grace of Giving."

Classes will meet from 7-8 p.m. each night Monday through Friday. It is for persons of all age groups.

Flying Club Officers And Airplanes

New officers of the Big Spring Flying Club, with its two airplanes in the background, are: Standing, left to right, John Stanley, president; Betty Ray Clifton, treasurer; sitting, Joe Clark, maintenance

officer; All Eldredge, operations officer, Dr. M. A. Porter, vice president, and Buster Weaver, secretary. The airplane on the left is the Custom Colt. On the right is the club's Tri-Pacer.

WINGS OVER BIG SPRING

Auto Tags Go On Sale Here Friday

Eager beavers will soon be able to place brand new 1963 motor car plates on their cars. The new tags go on sale next Friday.

The first tags to be sold will be the DE and DF prefix series. There are 9,989 of the DE tags and 4,014 of the DF passenger tags on hand. The third prefix assigned to Howard County is DD. Tags in this series run from 7700 through 9999.

Mrs. Zirah LeFevre, county tax assessor-collector, said that the fees for tags are unchanged and that deadline is the same as ever — April 1.

She said the tags will be dispensed in both of her offices in the court house. In the main tax office in the east end of the first floor, ordinary tag transactions will be handled. The automobile tax office will devote its time primarily to the cars where title transfers are involved and where application for heavy equipment are made.

She said that the same system will apply as in 1962—license plates can be obtained at the four Lewis and 10 stores and at the two Newsom Food Stores.

She also announced that she would have a deputy in Coahoma with tags and supplies March 13 and 14 as a convenience to residents of that area in buying their plates.

The tags will be issued from the Coahoma City Hall.

Annual Rodeo Dates Slated

Taxpayers who have not paid their county tax bill are warned that the last fading interval to escape paying a penalty is at hand.

Deadline for settlement of taxes, without penalty, expires at midnight Jan. 31. Mrs. Zirah LeFevre, county tax collector, has announced that she will keep her office open until midnight Thursday as a benefit to belated taxpayers who want to settle up their tax accounts and pay their poll taxes.

Effective Feb. 1, unpaid tax bills will carry a penalty of 1 1/2 per cent. In March, the penalty doubles to three per cent. April sees the ante up to 4 1/2 per cent and in May it is six per cent.

June penalty is 7 1/2 per cent and in July the penalty jumps to 11 per cent plus an additional fee of \$1 for costs.

Taxes become delinquent on that date.

Tax Office Merger Made

LAMESA (S) — Tax offices of the City of Lamesa and Lamesa school district have been consolidated.

Mrs. Gladys Dennis, long-time assessor-collector for the school district, will be in charge of the merged office and will have three other employees at the present time.

Merger contract was approved by the board of trustees and the city council following detailed studies of the proposal.

All records necessary for current operations have been moved from City Hall into the school business office, temporary location of the consolidated office.

Here's A Chance To See The City

By M. A. WEBB
Ever take a look at Big Spring from the air? It would be interesting to many residents to see how much area the city covers. Every one can have a chance, today at 1 p.m., when flights over the city can be made for a penny per pound. All the money will go to the March of Dimes.

The Big Spring Flying Club, Inc. will have a Piper Tri-Pacer available, with commercial pilots, to show folks the city from the air, and at the same time help a worthy cause. Webb Aero Club will also have a part, with one or two more airplanes.

If the weather acts up, so that flying is rough or impractical, the events will be postponed until the following Sunday. All of it will take place at Howard County Airport.

Big Spring Flying Club, Inc. will be a year old in February. The club now has 26 members and could possibly use as many as 35. It owns two airplanes — a two-place Piper Custom Colt, and a four-place Piper Tri-Pacer. The group meets each second Monday at 7:30 p.m. at the Chamber of Commerce office and invites any one interested in flying, and becoming a member, to attend the meetings. The next meeting will be Feb. 11.

The Colt was the club's first aircraft and helped about 10 of the members get their private pilot's licenses. The Tri-Pacer is comparatively new to the club. It is dual controlled and has a full panel, including two radios.

Persons interested in flying might like to know that, as long as there are vacancies, memberships may be had for \$75. Dues are \$14.50 per month and flying time is \$5 an hour for the Colt and \$6.50 an hour for the Tri-Pacer.

There are several qualified instructors available at Howard County Airport and members may take their choice. Prices vary for the instructors.

Incidentally, President John Stanley says the Colt will be standing by at the airport Sunday while the Tri-Pacer is taking up passengers for the March of Dimes. If a person is really interested in joining the club and would like to see how the aircraft performs, he may be able to get a test ride.

New club officers are: presi-

dent, John Stanley, vice president, Dr. M. A. Porter, secretary, Buster Weaver, treasurer, Betty Ray Clifton, operations officer, Al Eldredge, and maintenance officer, Joe Clark.

Persons interested in club membership may contact any of the officers or may write to the Big Spring Flying Club, Inc., Rt. 1, Box 145.

NOTE: After an absence of several weeks this column is resuming. The writer would appreciate telephone calls or written notes, or visits happening in the area around Big Spring. Please clubs, individuals and groups whether they own airplanes or not, are invited to send in items. The Herald's number is AM 4-4321.

Water Research Meeting Slated

LUBBOCK — Representatives of 22 agencies engaged in water research and development will meet Feb. 1 at Texas Tech to review their activities.

"It is not the intent of this conference to replace or conflict with other conferences but to supplement these efforts," Dr. Gerald Thomas, Tech agriculture dean, explained.

He said the conference will bring together scientists, technicians, and other persons interested in water problems. Another aim will be to focus attention on water for the future of West Texas and the nation. Special attention will be given to programs relating to water on the High Plains of Texas.

'Honest John' Returns Letter

NEWTON, Kan. (AP) — A letter from Florida, signed "Honest John," has been delivered to Carl Hedrick of Newton, easing Honest John's conscience.

The letter contained \$5. The man wrote he was helping raise a Kansas City post office in the 1930s and found a letter addressed to Hedrick. The man kept \$5 that was in the envelope.

"I don't remember who sent the money," the man wrote. "All I have now is a piece of paper that is hard to read as I have kept it in my pocket."

Big Spring (Texas) Herald, Sunday, Jan. 27, 1963 7-A

FIRST SESSION

Management Class Begins Wednesday

The first session of the first Management Seminar to be authorized for the Big Spring Veterans Administration Hospital will begin at 1 p.m. Wednesday.

Dr. Harold Weiss, chairman of the department of speech and theater at Southern Methodist University, will be lecturer. His presentation will be the first of five scheduled during the coming five months. Dr. Weiss will speak on "Barriers and Gateways to Effective Communications."

Dr. Weiss is a graduate of Colorado State College, receiving his doctorate from the University of Wisconsin. He has written some 20 articles, pamphlets and original plays. He is a past president of the Texas Speech Association and a Fulbright professor of speech and English in Thailand.

Purpose of the program is to train division and service chiefs and their assistants in management skills and administrative theories and principles. The seminar supplements the regular training program locally under the guidance of Philip Hanigan, chief of the Registrar Division.

Two-hour sessions will be conducted each month. Other guest speakers and dates they are scheduled are Feb. 27, Dr. A. Q. Sartain, SMU, "Morale and Job Satisfaction," and May 8, Dr. Morris G. Campbell, Ahlberg Christian College, "Counseling Techniques."

Army Seeking Instant Infantry

LOS ANGELES (AP) — Army recruiters are trying a new twist — "The Army enlistment twist."

A song aimed at the younger set was recorded last week by Dick Dale, billed as the pied piper of the surfers, and singer Francine York.

An Army plug distributed with the record says: "This spin should make lots of instant infantry. Let's fire one, bend our knees, swivel our hips and twist on down and enlist."

DR. HAROLD WEISS

ing and Control; Dean John M. Claunch, SMU, "Morale and Job Satisfaction," and May 8, Dr. Morris G. Campbell, Ahlberg Christian College, "Counseling Techniques."

The sessions will be held from 1-3 p.m. each meeting date in the recreation room on the second floor of the hospital. Management officials from various other agencies have been invited to attend. About 40 persons in all are expected to be present for each seminar.

Missionary To Speak Here At 2 Churches

Rev. M. Frank Gillham, Southern Baptist missionary to Japan, will speak today in two local churches. For the morning service, he will be at East Fourth Baptist; for the evening service at First Baptist.

Rev. Gillham is pastor of the Yokohama International Baptist Church. Through its bilingual program — English and Japanese — he ministers to people of many nationalities.

Appointed by the Foreign Mission Board in 1957, for East Pakistan, Rev. Gillham transferred to Japan early in 1958 for health reasons. He served in Tokyo and Nagoya before going to Yokohama.

The son of a Baptist minister, he was born in Pampe and lived in several Texas towns during boyhood. He received the bachelor of arts degree from Howard Payne College, Brownwood, and the bachelor of divinity degree from Southwestern Baptist Theological Seminary, Fort Worth. Before going overseas he was pastor of the First Baptist Church, Medina; Victory Baptist Church, Comanche; Calvary Baptist Church, Tucson, Ariz.; and the First Baptist Church, Kerens.

He and his wife, the former

Wynon Holmes of Brownwood, have two children, Mark and Marsha Sue.

While on furlough, Rev. Gillham has been serving as the associate co-ordinator of the Japan New Life Movement. They will be returning to Japan, sometime in late summer.

Everything piles up handsomely in a Chevy II including savings

Imagine a low-loading wagon roomy enough to handle most anything you can heft—and still trim enough to slip into cramped parking spots. We imagined it, built it and called it Chevy II. Made it as dependable as a wagon can get. And made it so it'll keep piling up savings for you over the years. Those show up in the way the engines (you have your choice of a 6 or 4 in most models) put the squeeze on gas. They grow with upkeep-cutters like the brakes that adjust

themselves. An exhaust system that has new ways and means of lasting longer. A Delcotron generator that keeps reserve power built up in your battery, helping it to reach a vigorous old age. And a wash-and-dry ventilating system that helps guard against rusting of sheet metal under the doors. Want to hear more? How about a palatable price, natty interiors, the fitness of Body by Fisher craftsmanship—and a talk with your Chevrolet dealer right soon!

See four entirely different kinds of cars at your Chevrolet dealer's... Chevrolet, Chevy II, Corvair and Corvette.

Casey Heads Board

Major Lawrence R. Casey heads the new board of governors of Webb's Officers Club. Major Earle Brokaw, Capt. Walter Baxter III, Maj. Glen E. Hartwell, Casey, Capt. Joel K. Carter, Capt. Glede Vaughn, Lt. William Leach Jr. are on the board and Hartwell, Vaughn and Leach are retiring members. Others are Capt. Warren Wood, Capt. Charles W. Rogers, Maj. Robert L. Rader (club officer), Capt. Wayne Kunk Lt. Edwin Saiki.

Two-Day Nursing Institute Scheduled Here In February

People in the professions who may come in contact with heart cases are being urged to take part in a two-day nursing institute on cardiovascular diseases here Feb. 7-8.

The event, which will feature the appearance of a number of outstanding authorities, is being sponsored by the Howard County Council of the Texas Heart Association in cooperation with the Texas Graduate Nurses of District No. 24 and the Licensed Vocational Nurses Association of District No. 25.

Among those to appear on the program are Dr. John Rafter, Galveston, faculty member of the University of Texas Medical branch and a leading authority on cardiovascular diseases; Dr. Joe O. Arrington Jr., Lubbock, member of the board of directors of the Texas Heart Association; Inez Farris, R.N., Lubbock, former instructor in nursing and nurse supervisor; Dr. William G. Hook; Dr. Amanda Keely, Dr. Jack H. Burnett of Big Spring.

Also taking part on the program will be Dr. Milton Talbot Jr., who will preside; Dr. John H. Fish, president of the Howard County Heart Council; Bessie Love, president of District 14 of TCNA; Mrs. Billie Miller, president of LVNA, District No. 25. Dr. Hood will lecture on anatomy and physiology of the circulatory system. Dr. Arrington will discuss congenital heart diseases and then the patient with a myocardial infarction. Mrs. Farris will talk about nursing care of the patient with cardiovascular disease and then the three will participate in a question and answer panel.

Dr. Derrick's address on research in cardiovascular diseases will be at 7 p.m. on Feb. 7. Dr. R. E. Koenig will preside

INEZ FARRIS

at the second-day session which opens with a special film. Dr. Keely will discuss patients with hypertension and Dr. Burnett will lecture on the patient with congestive heart failure. Together with Mrs. Farris, they will be on a panel for questions and answers and final summary.

Doctors, registered nurses, licensed vocational nurses, technicians, nurses technicians, and other professional personnel concerned with cardiovascular ailments are being urged to participate in the institute. Arrangements are in charge of Mrs. Dorothy Williams, Mrs. Johnnie Amos, Mrs. Wynne Kemper and Mrs. Debra Whitley. Sessions will be held at the Casden Country Club.

COW POKES By Ace Reid

"Nope, I didn't get bucked off no hoss, my jeep's outa gas."

Stanton C-C Dinner Monday

R. A. Bremer, area co-ordinator for the Federal Housing Administration, will be guest speaker Monday evening at the annual Martin County Chamber of Commerce Banquet. Bremer is from Dallas.

The banquet will be held at 7:30 p.m. in the Cap Rock Electric Co-op auditorium in Stanton. Toastmaster will be James Eiland.

New directors to be installed are James Wheeler, O. C. Turner and J. H. Fryar. Stepping down will be R. O. Anderson, Jack E. Hodges and C. R. Crim.

Another highlight of the banquet will be presentation of Martin County's outstanding farmer by Jake Hodges. The speaker will be introduced by Floyd Smith, Bob Cox, outgoing president, will make a report on Chamber activities during 1962 before retiring in favor of Roy Pickett, new president.

The Xi Alpha Beta Sorority will

furnish the meal under the direction of Mrs. Leo Turner. The Stanton Music Club will furnish entertainment.

Other persons participating in the program will be the Rev. W. H. Uhlman, who will deliver the invocation; and Cecil Bridges, to introduce guests. Roy Phemister will give the benediction.

Going from Big Spring are Carroll Davidson, Chamber manager, Kenneth Pace, assistant manager, Carlton Chapman and several members of the Ambassador's Club.

G. W. Vest Rites Held

COLORADO CITY (SC)—George W. Vest, 76, retired farmer, died unexpectedly Thursday night at the Morris Nursing Home in Roscoe.

Funeral services were to be held Saturday at 2 p.m. in the Fifth and Elm Church of Christ in Colorado City. Burial was to be in the Colorado City Cemetery under direction of Kiker and Son Funeral Home.

He was born in Arkansas June 17, 1886, and married Lucy Burge in Sidney, Ark. in 1908. She died in 1928. He came to Mitchell County in 1929 where he farmed in the Looney community.

He married Rebecca Hale, Nov. 29, 1932. She died Sept. 11, 1957. He was a member of the Fifth and Elm Church of Christ.

Survivors include two sons, J. D. Vest, Monahans, Pasco, West, Colorado City, one daughter, Mrs. Fred Warner, Colorado City, one brother, Roger Vest, Saline, Ark., four sisters, Mrs. Will White and Mrs. Martin Montgomery, both of Cave City, Ark., Mrs. Ollie Smith, Dodson, and Mrs. Bertha Cole, Little Rock, Ark., four grandchildren and two great-grandchildren.

Deadline Near For Tax Bills

Dates for the annual Big Spring Cowboy Reunion and Rodeo have been announced. The speaker will be introduced by Floyd Smith, Bob Cox, outgoing president, will make a report on Chamber activities during 1962 before retiring in favor of Roy Pickett, new president.

The rodeo is one of the oldest in West Texas from the point of continuous operation, having been an established feature for three decades.

Producers this year will be Beutler & Son, Elra and Jiggs' of Elk City, Okla.

Among the specialty acts will be Billy Buschhorn, who has a horse routine; J. W. Stoker, who uses black light in trick roping; and Jerry Olson, the clown, who has a Roman riding act.

DEAR ABBY

Things Could Be Worse

DEAR ABBY: I am married to a man who is twice my age. He was an old bachelor when I married him. He doesn't want me to work. I can't type because we don't need the money. My life is boring. He doesn't want children because they make him "nervous." I came from a poor family and was blinded by the assurance of financial security and an easy life. But now I'm sorry I married him. He is very good to me and gives me all the material things I want, but I'm not happy. When he passes on, he'll leave everything to me. Would I be a fool to walk out now? OLD MAN'S DARLING

DEAR DARLING: Although you can still have a reasonably happy and useful life. Get into volunteer work. Work with children and underprivileged people. Perhaps when you see women your age who were so "blinded" by love they married men who gave them lives of hard work, poverty and more children than they can feed, you'll appreciate your lot and a man who is good to you. I don't recommend marrying for money, but since you did—look for the silver lining.

DEAR ABBY: I am 15 and the oldest of five children. When I was 12 our Daddy died and a year later Mamma married again. Abby, there is something wrong with this man. There are things I can't even tell my mother about. Our house is like a jail. He goes through everyone's drawers and listens in on all phone calls. He acts like a peeping Tom. He walks into all the rooms of the house without knocking even if the door is closed. (No locks, he took them all off.) In order to get some privacy while taking a bath I put a chair in front of the door and he got so

mad he took the door off by the hinges. If something isn't done about him, I am going to run away.

DEAR FRIGHTENED: Your new father sounds like a sick man. Tell your mother how you feel about him and why—and don't spare the details. When she realizes that her husband cannot be permitted to behave in his present manner, you'll have peace and privacy. But not until.

DEAR ABBY: We are parents of a very active 11-year-old boy who is the leader of his neighborhood gang. We are proud of his qualities of leadership, but he wants too much freedom too soon.

We have a full half-acre lot behind our house where our son and his gang have always played. Now he is trying to persuade us to let him build a tree house in a wooded area three blocks from our home. We don't like this idea, Abby. Are we being over-protective? None of the other mothers is in favor of the tree house either. What do you think?

DEAR MOTHER: Tree houses are for the birds. You need not apologize for refusing to let an 11-year-old boy have a tree house in a wooded area three blocks from home. Stick to your decision.

DEAR ABBY: I plan to be married this summer and have a question no one seems able to answer for me. I have heard a lot about "wedding bells" but have never heard them rung at a wedding. If there are such things when they are rung, and who rings them? Thank you. Brides-to-be

DEAR BRIDE: Wedding bells are the church bells. And if your church has church bells, the person whose job it is to ring the bells can ring them when wedding guests enter the church and while they depart after the ceremony.

What's on your mind? For a personal reply, send a self-addressed, stamped envelope to Abby, Box 3365, Beverly Hills, Calif.

Hate to write letters? Send one dollar to Abby, Box 3365, Beverly Hills, Calif. for Abby's new booklet, "How to Write Letters for All Occasions."

Bids Requested

The Webb AFB procurement office this week sent out invitations for bids on the alteration and air conditioning of the Communications Building. Bids will be opened in the office of the Air Force Contracting Officer at 2 p.m., Feb. 21, 1963.

MID-WINTER ANNIVERSARY REVIVAL

JAN. 27th TO FEB. 3rd

K. D. BIRD

TRINITY BAPTIST CHURCH

810 11th Place Big Spring, Texas

7:30 P.M. Daily

Evangelist K. D. Bird, of Denver, Colorado, will be our guest speaker for this campaign. He is pastor of Denver's Baptist Bible Temple. He will bless or blister in his preaching. If you like the plain truth of God's word attend this meeting.

EVERYONE IS CORDIALLY INVITED TO ATTEND

This marks Brother Power's 11th anniversary as pastor of Trinity Baptist Church.

Brother Bird will be with us for his first service on Monday evening, January 28, and will continue through the third of February.

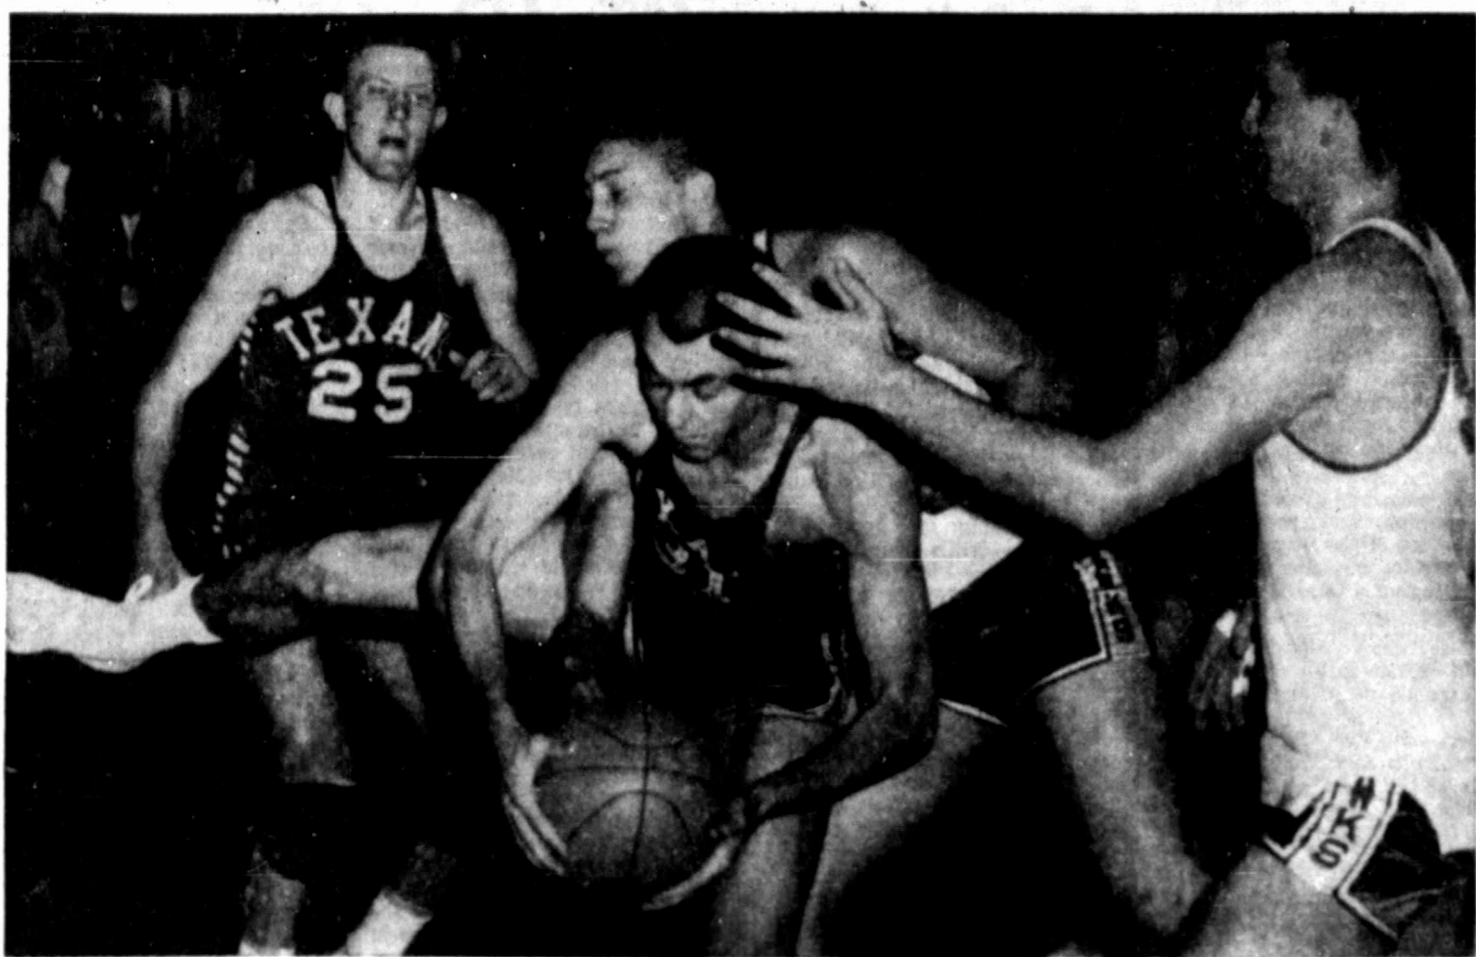

There will be a well-rounded song service each evening under the direction of Ben Hall, so enjoy this part of the Revival also.

Jim Ned Winner By 51-41 Tally

WYLLIE—The Jim Ned Indians kept their District 6-A record spotless at 5-0 by downing the Wylie Bulldogs, 51-41, here Friday night.

Amarillo Kayoes Pioneer Troupe

LUBBOCK — Amarillo College turned back Lubbock Christian College, 80-74, in a Western Conference basketball skirmish here Friday night.

Hazzard Leads Bruin Quint To Victory

LUBBOCK (AP)—Walt Hazzard's 32-point scoring sparked UCLA to a 103-80 victory over Texas Tech here Saturday night. Coupled with an 83-63 triumph Friday night, the run-and-shoot contest gave UCLA a 13-4 record for the season.

Texas Tech has a single victory against 12 losses. Texas Tech stayed with the visitors' scoring through the first ten minutes but UCLA pulled out ahead 49-31 at halftime.

The Red Raiders, thanks to Mike Gooden's 21-point spree, closed the gap to 15 at 87-72 with three minutes left before UCLA again widened the margin.

DALLAS (AP)—Bud Koper, 6-5 bomber from Oklahoma City University, scored the final 4 of his 41 points in overtime Saturday night to lead the Chiefs to a 94-90 victory over Southern Methodist.

It was Koper's shooting, though, that kept the Chiefs alive. He hit 17 of 25 with driving and turning jump shots from the 20 to 25-foot range for a sizzling 68 per cent.

The victory evened the Chiefs' season series with SMU. The Pioneers winning the season opener at Oklahoma City 55-53.

Herb Steinkamp matched his career high at Rice with 25 points, two more than Kendall Rhine Rhine, who scored 44 points against Arkansas in last appearance, fouled out with 1:56 left.

Rebel Rally Shades Bovines, 48 To 45

Midland Lee rallied in the closing second of its game with Big Spring here Saturday night to win a 48-45 decision and move closer to pace-setting San Angelo in the District 2AAAA basketball race.

The win was the sixth in eight league starts for the Rebels. Big Spring has now lost eight conference starts in a row. San Angelo lost to Midland High Saturday night and saw its lead over Lee sliced to one game.

Big Spring had a three-point bulge at 37-34, going into the final period but couldn't stand pressure.

Lee warmed to the challenge and moved out front, 44-39, with a little over four minutes to play.

Big Spring fought back to pull within a point of a deadlock, at 46-45, with 2:45 to go and blew numerous chances thereafter to go ahead.

John Williams sank two free shots for the Rebels with ten seconds to play, the only two he made all night, to ice away the verdict.

Big Spring's inability to hit from the free throw line cost dearly. The Steers actually outshot the Rebels from the field, 20 field goals to 18, but Midland tossed in 12 gratis pitches to only five for the Longhorns.

The Midlanders did a very effective job of keeping Big Spring's Eddy Nelson boxed out most of the night and held the Longhorn ace to 17 points, his lowest point aggregate of the conference season.

Stellar defensive work by Ronnie Banks, Albert Fierro, DeeRoby Gartman and Charley West blunted the Midland attack and kept the score as low as it was.

Both teams came to play ball and kept the spectators, most of whom seemed to be from Midland, on the edge of their seats most of the evening.

Midland forged a 32-28 advantage on two field goals by Art Fowler, the game's leading rebounder, in the third but the Steers scrapped back to deadlock the count and then go ahead just before the period ended.

A field goal by Frizzell early in the fourth gave the Rebels a 39-37 advantage and they managed to keep the lead from there on.

BASEBALL RULES GROUP VOTES TO INCREASE STRIKE ZONE

NEW YORK (AP)—Baseball's rules committee in a decisive step to give some relief to the home run plagued pitchers, voted unanimously Saturday to widen the batter's strike zone by nearly a foot.

This drastic action, recommended by virtually all 20 major league managers, is expected not only to enable the pitcher to better cope with the hitters but to reduce the vast number of bases on balls which lengthened and dragged out games in recent years.

The change in the strike zone will be in the area of the batter's knees and shoulders. Under the new rule, which goes into effect in 1963, the definition of the strike zone will read:

Space above home plate which is between the top of the batter's shoulders and his knees when he assumes his natural position.

The old rule, in effect since 1950, reads x x x "space above home plate which is between the batter's armpits and the top of his knees when he assumes his natural stance."

"This change could make a difference of from 10 to 12 inches," said C. Hubbard, supervisor of the American League umpiring staff and a member of the 9-man rules committee.

BASEBALL RULES GROUP VOTES TO INCREASE STRIKE ZONE

Bill Newton, although he picked up four fouls early in the game and eventually fouled out, gave the Rebels the poise they needed at crucial moments.

No one besides Nelson hit in double figures for Big Spring, although Gartman wound up with nine points and Banks eight.

The Steers play Odessa High here Tuesday night. Midland also won the B game, 48-37. The ranks of the local reserves have been sadly decimated in the last few days.

Don White tossed in 14 points for Big Spring while Terry Grace led Lee with 11.

Loyola, the leading team in offense in the nation, turned cool at the start of the second half and within one minute, the Californians had tied it, 43-43. A 30-second close-in shot put the Broncos ahead, 45-43, but within 60 seconds, Hunter, Smith and Harkness powered the Ramblers ahead, 50-45.

Santa Clara never recovered completely, although working into the 39-59 tie before Loyola broke it up for keeps.

Mainly through the shooting of Les Hunter, substitute Billy Smith and Jerry Harkness, Loyola snapped a 39-59 knot at 7:30 of the second half and padded out the margin.

Until that point it was a fairly close contest.

The Broncos from California, unranked with a record that now is 9-5, trailed 43-39 at halftime after making up a 12-point deficit within a period of two minutes.

Lagging 41-29 and with the crowd thinking that Loyola had the game under complete control, Gene Shields, Tim Cullen and LeRoy Jackson began peppering the

Loyola Surges To Topple Santa Clara, 92 To 72

CHICAGO (AP)—Loyola's second-ranked Ramblers of Chicago broke out of a tight game in the last 12 minutes Saturday night to defeat rugged Santa Clara, 92-72, and stretch a victory string to 18 for the season.

Top-rated Cincinnati tangled with No. 3 Illinois in the second game of a Chicago Stadium doubleheader that drew an overflow throng of more than 20,000 spectators.

Until that point it was a fairly close contest.

The Broncos from California, unranked with a record that now is 9-5, trailed 43-39 at halftime after making up a 12-point deficit within a period of two minutes.

Lagging 41-29 and with the crowd thinking that Loyola had the game under complete control, Gene Shields, Tim Cullen and LeRoy Jackson began peppering the

Abilene Eagles nudged Permian.

San Angelo Rams decision 'Dogs.

Clarendon — The San Angelo Rams won their eighth straight Western Conference basketball game by cooling off Clarendon College, 81-59, here Saturday night.

Odessa Surprises Cooper, 69 To 66

ODESSA — Odessa High shocked Abilene Cooper 69-66, in a District 2AAAA basketball game here Saturday night.

The win was Odessa's third, compared to five defeats Cooper is now 2-6.

E. V. Rogers tossed in 18 points for Odessa while Dennis Brewster had 17. James Medlin 12 and Joe Ed Williams 11.

For Cooper, Roy McCharen counted 25 points. Don Ray 13 and Jack Stricklin 12.

BRONZED MEMENTO
R. L. Tollett (left) receives gift from Ed Thompson

Tollett Gets Plate Of Story Featuring Him

R. L. Tollett, president of Coston Petroleum Corporation, Saturday received a bronzed plate of a story which recently appeared featuring him in Drill Bit Magazine. During November, 1962, Tollett was featured in the "Man Of The Month," a page dedicated to men who have played an important role in the oil industry of West Texas. Tollett is cited for his part in building Coston, then a struggling concern barely out of bankruptcy, into one of the largest custom inland refineries.

Since then Tollett has been in the business of making Coston the best inland refinery he and his staff of personnel could make it.

Standard Dividend

CHICAGO (AP) — Standard Oil Co. Indiana reported net income improved again in 1962 for the fourth consecutive year and reached a record high last week.

Oil Production Lagging Behind

By MAX B. SKELTON
HOUSTON (AP) — Domestic oil production this year is lagging behind the early 1962 rate that led to record output.

Mobil Has Increase

NEW YORK (AP) — Socony Mobil Oil Co. increased its quarterly dividend today and reported higher earnings for 1962.

Basin Oilmen Are Opposed To Tax Cut

If the administration "had pointed an atom bomb at the Permian Basin it could not have more effectively threatened destruction of the Basin economy than it has with its proposed tax plan," the executive committee of the Permian Basin Petroleum Association said in a prepared statement.

Rig Count Shows Gain

A significant gain in rotary rig drilling activity in the Permian Basin Empire was shown by the Frayday survey of Reed Roller Bit Company.

New Reference Book Released

Phifer Petroleum Publications has released 1963 Petroleum Review of Midland County, Texas, a new oil reference book.

Marketing Manager Named By Gulf Oil

FORT WORTH—M. C. Enright has been named manager of Gulf Oil Corporation's Fort Worth Marketing Division.

Carr Given Trial Money

AUSTIN (AP)—When the big slant hole oil trials begin in Texas, Carr will be represented by four high priced lawyers.

The Legislature appropriated \$82,000 emergency money Thursday to Atty. Gen. Waggoner Carr to continue the slant hole probe and to prepare and try cases between now and Sept. 1.

"When we get to court in these cases," Carr said, "we'll be sitting across the table from some of the best attorneys in Texas. We must match them."

Says Depletion Is Essential

ABILENE (AP) — The present depletion provision for oil and gas is "absolutely essential," W. N. Tindell, president of the West Central Texas Oil and Gas Association said Saturday.

Re-Entry Test Set In Dawson

Midland operators will re-enter a previously dry wildcat in Dawson County for a try at Spraberry production about 2 1/2 miles south-west of O'Donnell and a half mile from Spraberry pay.

Association Names Officer Slate

Cecil Atwood, Kermit, has been elected 1963 chairman of the Central Permian Basin Chapter of the Association of Oilwell Servicing Contractors.

WOMEN'S NEWS

Big Spring Daily Herald

SECTION C

Big Spring, Texas, Sun., Jan., 27, 1963

BUSINESS DISPOSED of, refreshments are in order. Mrs. Fred Stitzell, Mrs. Tommy Weaver and Mrs. Ray F. White partake of coffee and cookies in the lobby of the Cosden office building.

STOCK PURCHASING is done by telephone. The order is made and the transaction completed by mail or in person through the offices of a reputable stock broker. Mrs. Roscoe Cowper, president of the Common and Preferred Club, and Mrs. J. R. Farmer, who helped organize the club, are shown.

WALL STREET NEWS interests Mrs. G. F. Dillon and Mrs. Ralph Gossett who scan the Journal's market sheet to gather closing market quotations.

The publication is considered a most reliable source for current market trends, and is referred to regularly by members of the women's investment groups.

ANTICIPATING A GAIN, Mrs. Ralph Gossett, Mrs. Ann Houser, Mrs. W. A. Bryans, Miss Dorothy Driver, Mrs. Fred

Eaker, Mrs. Ralph Baker and Mrs. Lee Rogers, members of the Common and Preferred Investment Club, have a look

at their monthly report. Their meeting place is in the offices of the Chamber of Commerce, Permian Building.

Market Monitors May Be Source Of Demand

By KATHLEEN DOZIER
Men, have you suddenly become over-supplied with an abundance of off-brand golf balls, have the labels on your shirts changed, or maybe your particular brand of shaving supplies have been replaced by a new and different quality? If so, wise up, 'cause chances are the wife is playing the market.

MRS. G. THORBURN AND J. LIBERTY

Don't be alarmed, however. She is entering this field—primarily established by her, the consumer—with a willingness to cultivate a knowledge and appreciation for the buying and selling of stocks.

Particularly interested are those who have pooled their resources for study, evaluation and investment in stocks. In the past few years such organized groups have sprung up all over the country. Usually numbering no more than 20 or less than 17, the women are organized usually with the help of a stock broker. A constitution and by-laws are set up to terminate at a designated time. In most instances the period of activity is from five to 10 years.

When her presentation is made and discussed, along with other similar accounts, members are called upon for a motion on stock preference. This can be accepted or refused by vote of the group.

RESEARCH EXTENDED
Having purchased a stock does not mean that the group puts it aside to await profits. It does mean that more interest is shown. Members keep close tabs on their investment, watching the market report, reading further on production and demand, clipping press notices and noting developments which could affect adversely or benefit the company in which they are interested.

ESAs In District Contest

Alpha Chi Chapter of Epsilon Sigma Alpha chose Mrs. William G. Mitchell to represent the chapter as outstanding ESA member in district competition. The selection was made at Mrs. Mitchell's home Thursday evening, when members also nominated Mrs. Robert Hamilton to run for district treasurer.

Mrs. Dewey Wheat who is moving to Hobbs, N. M., received a recognition pin, after which the program was presented Mrs. Ara Cunningham told of the VA Hospital, Mrs. Ken McGowan, Webb Air Force Base, and Mrs. Marvin Steen, the Big Spring State Hospital.

MRS. C. L. SCHMIDT JR.

Miss Margaret Moran Bride Of C. L. Schmidt

LAMESA (SC) — Linda Margaret Moran and C. L. Schmidt Jr. exchanged wedding vows at 8 p.m. Saturday in All Saints Episcopal Church, Wichita Falls. The bride is the daughter of Mr. and Mrs. Edward W. Moran of Wichita Falls, and the bridegroom is the son of Mrs. C. L. Schmidt and the late Mr. Schmidt.

French bows. An empire jacket with bracelet length sleeves held the Watteau aisle-walk train. Her triple bouffant veil was attached to a pillow of matching lace detailed in back by hand-made French roses. She carried an old-fashioned nosegay of butterfly roses and lily-of-the-valley.

Permanent Pleats

After washing pleated skirts, pull them lengthwise through an old nylon stocking, one that you've cut the foot from. Then hang the skirt up to dry and you'll see that the pleats fall into place easily. They'll take much less time to iron now.

Rainbow For Girls Has Officers Installation

Miss Sara Beth Homan, daughter of Mr. and Mrs. J. H. Homan, 801 Grege, was installed as worthy advisor of Big Spring Assembly No. 60 Order of Rainbow for Girls, Saturday evening. The open installation was conducted at the Mission Temple.

SARA BETH HOMAN

"Faith, hope and love, keys to happiness" was the theme chosen by the new officer, coral and white her colors, coral carnation, the flower, and First Corinthians 13:13, the Scripture.

Other officers and their stations include Carol Hughes, worthy associate; Sara King, charity; Sheri Andre, hope; Merry Lee Dibrell, faith; Lana Satterwhite, recorder; Kay Bettle, treasurer; Cindy Hale, chaplain; Freddie Kay Woods, drill leader; Terry Land, love; and Linda Gray, religion.

Ethan Allen Early American

You're off to a great beginning with these dining room pieces. Ethan Allen has combined the practical with the beautiful. For instance, that handsome round extension table opens to seat six people and has a wood grained plastic top that resists burns and scratches. The buffet not only keeps your good silver handy in the specially lined and divided drawer provided, but the Welsh top has grooved slots on three levels to display your china. The lustrous, hand-rubbed nutmeg finish on solid maple and birch coordinates beautifully with Ethan Allen's upholstered living room pieces. It's all open stock... over 400 pieces to choose from for living room, bedroom or dining room. Won't you come in to see our Ethan Allen collection?

MRS. DOIS ORVELL RAY

Miss Mason Is Bride Of Dois Orvell Ray

Miss Lynn Nell Mason became the bride of Dois Orvell Ray in a double ring ceremony performed by the Rev. Harold Perdue in the Coahoma Methodist Church Saturday evening.

The bride is the daughter of Mrs. A. M. Mason of Coahoma and the late Mr. Mason. Mr. and Mrs. D. M. Ray, Route 1, Big Spring, are parents of the bridegroom.

An arch of green palms formed the background for the ceremony. Baskets of palm leaves and arrangements of white gladioli flanked the arch.

Lewis Loveace of Coahoma accompanied by Miss Linda Thomas at the organ sang "O Promise Me" and "The Lord's Prayer."

The bride, given in marriage by her brother, B. L. Mason of Sand Springs, wore a formal gown with Chantilly lace bodice designed with a scalloped neckline and long pearl sleeves. The flowing satin skirt featured a lace panel in front and lace flower appliques scattered over the satin. A large satin bow was centered in back at the waist. The bouffant skirt extended into a sweeping train. Her elbow length veil of illusion fell from a jeweled bandeau. The bridal bouquet was a feathered chrysanthemum surrounded with white gladioli and tied with satin ribbons.

ATTENDANTS

A sister of the bride, Mrs. Weldon Rainey of Big Spring, was matron of honor. Other attendants were Mrs. Gorman Finley, Big Spring, bridesmatron, and Miss Rosalie De Vane, Coahoma bridesmaid. All were attired in

identical yellow brocade dresses worn with yellow patent slippers. They carried bouquets of white chrysanthemums.

Flower girl, Diana Rainey, wore a yellow dress which matched those of the attendants. The ring bearer was Paul Dean Ray, a brother of the bridegroom.

Serving as best man was Ronnie Reid. Ushers were Gorman Finley and Philip Riddle.

Lighting the altar tapers were Melvin Lee Mason, the bride's nephew, and Dewayne Ray, the bridegroom's brother.

RECEPTION

Following the ceremony, a reception was held in the fellowship hall of the church. With the couple in the receiving line were the bride's mother, and the bridegroom's parents.

The refreshment table was covered with a white linen cloth and centered with an arrangement of yellow chrysanthemums. Silver appointments were used with a crystal punchbowl. The white three-tiered wedding cake was decorated with yellow roses and topped with a miniature bride and groom.

Presiding at the register was Miss Dona Ray, sister of the bridegroom. Members of the house party, who alternated at the punchbowl, were Miss Darlene Mason and Miss Leatha Mason, nieces of the bride, and Mrs. Dick Nichols, sister of the bridegroom.

An out-of-town guest was Pearl Gillem, San Diego, Calif., an aunt of the bride.

WEDDING TRIP

For a wedding trip to an undisclosed destination, the bride chose a traveling suit of royal blue wool

with which she wore matching accessories. She wore the corsage from her bridal bouquet.

After the wedding trip the couple will make their home at 1205 Pickens, Big Spring.

The bride is a graduate of Coahoma High School and attended Howard County Junior College. She is now employed with the State National Bank.

The bridegroom graduated from Sands High School, attended Howard County Junior College and is employed by Gandy's Creamery, Inc.

WEBB WINDSOCK

By MOLLI HARTZOG

There was silence. The desert afternoon sunlight fell strongly against the spiky cactus outlining the empty boots and the crumpled Navajo blanket which lay nearby. No breath of air stirred. The stillness was unusual, almost ominous and there was the feeling of something unfamiliar in the atmosphere, something to watch for, quietly, waiting. A bit of motion in the distance and a figure in western clothing appeared, hooded and halted for the hot sun.

Soon another figure appeared and another until they were fairly swarming upon the scene.

"Tragedy in the desert? Nope. A fashion show in western wear modeled by the wives of Hammer Flight at the Officers' Club. The blanket, boots and cactus? A centerpiece arrangement, all presented by Ward's Western Shop. And if you don't find that silence unusual, you have never attended a ladies' coffee."

The 350th wives were holding their monthly meeting and the beautifully tailored fashions were very popular as were the tiny, handmade boots for little children. Door prizes, too, came from the same source as were assorted articles of hand-tooled leather. The mahogany paneled VIP Room at the Officers' Club was the scene of a farewell coffee Wednesday for Mrs. K. L. Nellermoe who leaves soon for Europe. The steaming coffee and sugary pastries were a welcome treat to the guests who had braved 15 de-

gree weather and a biting wind to get there. Hostesses were Mrs. James Gehrig, Mrs. Selmer, Mrs. M. Stefanello, Mrs. S. T. Colquitt, Mrs. Orin Knutson, Mrs. Burt Huffines and Mrs. A. G. Boughton. Their gift for the departee was a silver filigree charm bracelet.

Mrs. J. E. Price was honored with a bridge-baby shower Thursday in the Cosden Club's Blue Room. The bride-to-be was Mrs. Jack Price. But the shower was really for the littlest Price who arrived a month or so ago at Webb AFB Hospital. Hostesses were Mrs. J. S. Stewart and Mrs. G. H. Smith, who served their guests with coffee and lemon-meringue pie. Among the guests was Mrs. Myrtle Lenneman from Clearwater, Fla. Mrs. Lenneman is the mother of Mrs. R. L. Sardner and is visiting her daughter here in Big Spring.

There was a special meeting of the OWC Board Tuesday to discuss the overall plans and committee chairmen nominations for the "Night in Old New Orleans" to be presented in April. Mrs. Fred Armstrong, heading the club decorating committee, has requested many volunteers for labor. We volunteered for nothing, obligingly dropping our pencil and prolonging the under-the-table search. In her best executive manner, OWC president, Mrs. Gehrig, accurately summing up the situation suggested that "in her absence, shall we assign Mrs. Hartzog the publicity committee?" Needless to say, we emerged at once, resigned to our fate. Any volunteers for poster drawing?

Club Hears Of Project

Reports of their project in the West Side Recreation Center were heard by members of Junior Woman's Forum Friday morning at the home of Mrs. Delnor Pass. Mrs. Melvin Lindsey was cohostess.

The program included talks by Mrs. E. C. Smith on the history of Hawaii and Mrs. Max Green, the history of Alaska.

Mrs. Pass announced that the club would elect officers Feb. 28 and the next meeting planned for Feb. 14 at the home of Mrs. Kenneth Orr, 3219 Cornell.

Bride Winners At Country Club Duplicate Games

Twelve tables were in play for the duplicate bridge games held at the Big Spring Country Club Friday afternoon.

Winners in the north-south position were Mrs. J. H. Holloway and Grover Cunningham Jr., first; Mrs. J. Gordon Bristow and Mrs. James T. Collins, second; Mrs. E. O. Ellington and Mrs. Travis Reed, third, and Mrs. B. Badger and Mrs. C. M. Dublin, fourth.

Scoring high in the east-west position were Mrs. Fred Kasch and Mrs. Truman Jones, first; Mrs. F. L. Powell and Mrs. Elmo Wasson, second, and Mrs. Gerald Harris and Mrs. Ladd Smith, third. A three-way tie for fourth place was won by Mrs. Joe Herbert and Mrs. Glenn Riley; Mrs. Ben McCullough and Mrs. Ayrta McGann; and Mrs. Malcolm Patterson and Mrs. Tom South.

Miss Stroud To Marry

LAMESA (SC)—Mr. and Mrs. Ira Stroud announce the forthcoming marriage of their daughter, Carolyn Sue Stroud, to Terry Joe Sides, son of Mr. and Mrs. H. C. Sides of Abilene.

The wedding is scheduled for Feb. 8 in the home of the bride-elect's brother, Kenneth Stroud of 2922 Russell St., Abilene.

The bride-elect attended Lamesa High School and Gariand's Beauty School in Abilene.

The prospective bridegroom, a graduate of Abilene High School, attended McMurry College and Hardin-Simmons University. He recently received his discharge from the U. S. Army and is employed as an artist at KPAR-TV in Abilene.

LIVING IN ALASKA Cost Of Living Is A Problem

(The Herald presents herewith the first of a series of weekly articles dealing intimately with aspects of life in Alaska, the 49th state. They are written by Mrs. Lois Davis, wife of Capt. Richard L. Davis, assigned to the 331st FIS at Webb AFB. The Davises spent nearly four years on duty in Alaska before being transferred to Webb and Mrs. Davis originally wrote the article for her hometown paper, the Kenosha, Ohio Times. In addition to her interest in writing, she is attending classes at H.C.J.C. Mrs. Davis is also active in the Big Spring Civic Theatre, of which she is a director.)

By LOIS DAVIS

Before going to live in America's Last Frontier, I imagined it would be just what the name implies: wild, desolate, uncivilized, snowbound the year around and barely fit for human habitation. The people who managed to survive there would be bearded Klondike type characters left over from the gold rush and Eskimos who eat around all day chewing blubber.

But instead of the anticipated log cabins and igloos, we found the largest city in Alaska to be very progressive and cosmopolitan. Although other places are still remote and isolated, Anchorage has many modern schools, churches and shops as any city of its size in the "south forty-nine." One department store sums up the situation rather succinctly with the motto, "If you can't find it here, you're better off without it."

There is a city hall, public library, international airport, civic auditorium and a chamber of commerce which invites visitors to "Help Keep Alaska green—bring money."

There are restaurants which specialize in business and Italian cuisine as well as many other exotic dishes at exorbitant prices. One hotel dining room features salad tossed while you wait and dessert burned on your plate. Ice cream is 50 cents per scoop.

At the airport restaurant you may enjoy a Sunday smorgasbord, "All you can eat for only four dollars." Or if you want a light snack you can step into a drug-store or cafe and have a hamburger for 60 cents and a small Coke for 15 cents. A cup of coffee is 15 cents also.

It does take a person some time

to become accustomed to the cost of living in Alaska. People are paid high salaries and the prices are correspondingly high. Should you take one dollar into a large supermarket in Anchorage, buy one quart of homogenized milk and one loaf of sandwich bread, you would have one thin dime to put back in your jeans. Milk is 40 a quart and bread is 50 a loaf. By the pound butter is 85, hamburger .59, coffee 79, lettuce .39, bananas 39 to 49, eggs 53 to 89 a dozen and sugar 65 for five pounds. These are the everyday shelf prices. Farther into Alaska and away from the distribution centers, the prices are higher.

Clothing in the local stores is generally 15 to 20 per cent higher which accounts for the tremendous volume of business transacted by the mail order offices. Part time sales clerks make \$1.50 per hour. All of the clothing and nearly all of the food in the stores must be shipped from Seattle and the consumer pays for the transportation.

A home that costs \$15,000 in Big Spring, costs \$25,000 in Anchorage. Carpenters make \$8 per hour. A one floor plan, two bedroom furnished apartment in one of the several large housing developments rents for \$185 per month. Utilities included. And they are small! I know because we lived in one for several months. I could clean the whole place and never move the vacuum cord to a different outlet. Of course the apartments located closer to the business district cost more.

Fuel oil is another major expense although the houses are well built and insulated. Still, a furnace burns a lot of oil in order to keep a house comfortable when it's 20 degrees below zero.

All items considered, an average salary in Alaska buys no more than an average salary in Texas. It is very difficult to go to Alaska today and make a fortune. There are enough people already there to fill the available jobs except for those professions which require special training.

Bride-Elect

Miss Linda Pratt's engagement to Willis Lyle (Bill) Owen Jr., son of Mr. and Mrs. W. Lyle Owen, 1608 Tucson, is announced by her parents, Mr. and Mrs. Ward Pratt, Sioux Falls, S. D. The wedding is planned for August in Sioux Falls. Miss Pratt and Owen are graduate students at the University of Indiana, Bloomington. He is a graduate of Big Spring High School and received his BA degree from Rice University.

Group Wives Hostesses For Party

A come-as-you-are affair was held Friday evening at the Webb pavilion with Air Base Group wives, hostesses headed by Mrs. T. L. Thomas, Bachelors of the group were guests.

Those on the arrangements committee were Mrs. John Nichols, Mrs. Walter Morbeck and Mrs. Fred Hoover.

Relay races and games provided entertainment for the evening, and the buffet table featured a Valentine centerpiece.

Pre-party arrangements included snapshots taken during impromptu calls to the home of each member and guest.

Program Featured For WMU Session

FORSAN (SC)—Christian witnessing was the theme for a program presented to members of the WMU circles of the Forsan Baptist Church this week. Mrs. L. T. Shoultz was in charge and gave the opening prayer.

Participating in the program were Mrs. Bob Cowley, Mrs. Bonnie Gandy, Mrs. Carl Lee and Mrs. Jesse Overton. Those having parts in responsive reading were Mrs. Wash, Mrs. Tommy Ahlerson, Mrs. J. L. Overton and Mrs. Mae Robinson.

Closing the session, refreshments were served to nine members.

COSDEN CHATTER

Bridal Shower Held For Mrs. Broughton

A group of friends complimented Mrs. Robert Wayne Broughton, the former Teresa Smith, with a bridal shower Friday evening at the home of Mrs. George O'Brien. Decorations followed an all-white theme, and the refreshment table featured a wedding cake. The guest list included friends and relatives from San Angelo, Abilene, Fort Stockton and Odessa. Hostesses were Mrs. John I. Balch, Mrs. Aftan Randie, Mrs. G. Z. Zachariah, Mrs. Bill Emerson, Mrs. Leon Farris, Mrs. J. M. Griffith, Mrs. Ted McClung, Mrs. J. R. Pharis, Mrs. H. D. McElrath, Mrs. M. A. Long, Mrs. H. F.

COSDEN CHATTER

Bridal Shower Held For Mrs. Broughton

Heard, Dwayne Hefner, Mrs. O'Brien and Miss Bessie Love.

Janet Thorburn, daughter of the George Thorburns, will be home Monday for mid-semester holidays from the University of Texas.

Mr. and Mrs. Leon Farris visited relatives in Roosevelt, Okla., last weekend.

David Proffitt will spend two weeks with Mr. and Mrs. Tommy Weaver and Jimmy. The two boys left Friday via bus for Slaton to be guests of Mr. and Mrs. Buddy Proffitt over the weekend.

Mrs. Joe Roberts remains in Malone & Hogan Foundation Hospital, where she has been confined the past week.

CHURCH IN THE HILLS

The little frame church in this snow-blanketed mountain village lifts its tall spire above its rugged environment like a sentinel guarding a sacred trust or a lighthouse on a rockbound coast.

Wherever man has pushed his habitations — in the bleak wastes of the polar regions, under the blazing tropical sun, or in the milder climates of the world — he has built his churches dedicated to the worship of God.

The fact that no community seems complete without its house of worship bears eloquent testimony to the universal recognition of man's need of religion.

The village church plays a vital part in the life of the community. The spiritual standards of the people are fashioned there; marriage vows are spoken at its altar, and the honored dead sleep in its sacred soil.

There it stands in every community — the little frame church — pointing the people to God, teaching them the way of life, giving them strength and faith for every need.

THE CHURCH FOR ALL, ALL-FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Vaughn-Horne Vows Pledged In Evening

Marriage vows were solemnized for Miss Anita Fern Horne and Don Everly Vaughn in a ceremony performed Saturday evening at 7:30 o'clock in the sanctuary of College Baptist Church. The double ring service was read by the pastor, the Rev. Byron Orand.

The bride is the daughter of Mrs. Bill Horne, 1409 11th Place, and the late Mr. Horne. The bridegroom's parents are Mrs. Tommie May, 1501 Tucson, and Oliver Vaughn, Denver City.

The altar scene was flanked by baskets of white gladioli. A program of music was presented by Mrs. Orand at the piano.

Given in marriage by her brother, Billy Horne, the bride wore a sheath of white crepe fashioned with rounded neckline and cap sleeves. Her hat was a veiled circlet of white tulle, and her only ornament was a single strand of pearls. She carried a white orchid, centering a cascade arrangement with a Rainbow Bible.

Miss Carolyn Halbrook was maid of honor, wearing an aqua silk dress, and matching headpiece. Her flowers were white carnations in a corsage arrangement.

Tommy Wagoner was best man, and Jimmy Hensley served as usher.

RECEPTION
A reception was held at the church, where guests were registered by Mrs. Daryl Cox. Those attending from out of town were the bride's paternal grandmother, Mrs. F. B. Barbee of Quanah, the bride's aunt, Mrs. Glendon Jirrell of Sayre, Okla., and Mr. and Mrs. Oliver Vaughn of Denver City.

The refreshment table was spread with a white satin, skirted cloth having tiers of white net ruffles. Appointments were of silver, and the centerpiece was a miniature bride encircled with flowers.

WEDDING TRIP
The couple departed afterward

MRS. DON EVERLY VAUGHN

on a wedding trip to an undisclosed destination. For travel the bride chose an aqua shantung suit, black accessories and the orchid from her bridal bouquet. They will return to make their home at 408 Austin.

The bride is a junior in Big Spring High School, and Vaughn, a senior at BSHS, is employed at Newsom's Food Center, West 3rd St.

CAFETERIA MENUS

COAHOMA SCHOOLS
MONDAY: Meat loaf, pickled beets, tossed greens, macaroni and cheese, applesauce cake, bread and butter, chocolate and white milk.

THURSDAY: Fried chicken and gravy, rice, celery sticks, peas and carrots, pumpkin pie, bread and butter, chocolate and white milk.

FRIDAY: Sandwiches, tomato soup, shredded lettuce with Thousand Island dressing, ice cream, bread and butter, chocolate and white milk.

Coordinates

Here's a simple trick that's sure to encourage neat and attractive closets and drawers. Cover a hat box and glove container with plain or printed cotton bag fabric. Simple or ornate trimmings are sewed to the fabric before it is glued to the boxes.

June Or January

The keynote for meals in most homes during January is economy. As the Christmas bells arrive, the food budget feels the squeeze.

Take heart, for thrifty meat cuts can come to your aid. This doesn't mean drab meals either. Because many economy meats are braised, exciting flavor blends can result.

Spanish steak is an example. Budget beef arm or blade steak slowly cooks with tomatoes and onion slices to yield a zesty dish adapted from the cookery of Spain.

Meat cookery experts state that

arm and blade steaks, like arm and blade pot-roasts, are braised to be deliciously tender when served.

SPANISH STEAK

1 arm or blade steak, cut 1 1/2 inches thick
2 tbsps. flour
1 tsp. salt

3/4 tsp. pepper
3 tbsps. lard or drippings
1 large onion, sliced
1 can (16 oz.) tomatoes
Flour for gravy

Combine flour, salt and pepper. Dredge meat with seasoned flour and brown in lard or drippings.

Pour off drippings. Add onion and tomatoes. Cover tightly and cook slowly about 2 hours or until tender.

Thicken cooking liquid for gravy. Additional seasoning may be added, if desired. Yields: 4 to 6 servings.

Big Spring (Texas) Herald, Sunday, Jan. 27, 1963 5-C

Davidson Speaks On Communism

Carroll Davidson, Chamber of Commerce manager, told City Home Demonstration Club members what they could do to combat communism when the group met Friday afternoon in the home of Mrs. D. D. Johnston.

Davidson said that often not enough is done in the home to influence children and impress upon them the ideals of the American way of life.

The opening devotion was given

by Mrs. M. F. Hodnett with each member answering roll call with whether or not they had paid their poll tax.

Refreshments were served to 15 members and one guest, Mrs. L. P. Arnold of Odessa.

Mrs. B. D. Rice, 1515 E. 17th will be hostess for the Feb. 8 meeting.

Meet Madame President

MRS. CHARLES W. HEAD

Mrs. Charles W. Head, wife of Col. Head, 7 Albrook, Webb Air Force Base, is president of Tall Talkers Toastmistress Club. Mrs. Head, the mother of four children, Bill, 16, Nancy, 14, Denise, 13, and Kathy, 10, is also active in the Parent Teacher Association and is Webb Neighborhood chairman for Girl Scouts. She serves as treasurer for the Officers Wives Club at Webb, and is a spotter for Catholic Women of Webb. Other interests include bridge.

Mrs. Brown Married To J. Gilmore

Mrs. Helen Brown and Jimmy Gilmore were united in marriage Friday evening at 8 o'clock in the East Fourth Street Baptist Church. The Rev. Billy Rudi officiated.

Mr. and Mrs. J. T. Gilmore, the bridegroom's uncle and aunt, served as best man and matron of honor.

After a brief trip, the Jimmy Gilmore will make their home in Big Spring, where she is employed by Casden Petroleum Corporation and he is with the Yellow Cab Co.

Accessories In Decor Are In Good Taste

By VIVIAN BROWN

AP Newsfeatures Writer

Decorative accessories a far cry from the household junk available several decades ago, are helping to shape a new look of good taste in the American home.

Many accessories are imports, eight won awards given by the American Institute of Interior Designers.

The 1963 awards are for hand-woven tapestries from Sardinia; black porcelain bowls and planters, matte glaze vases, sterling silver and porcelain cutlery from Germany; Swedish serving trays with non-slip surfaces, cast iron casseroles with white enamel interiors and teak handles, stackable bottles from Finland. There are hand-cut solid glass sculpture from Sweden and a number of new pieces of Danish silver. Winning towels made and designed in America are called "Snowflakes," "Northern Lights" and "Stockholm."

Personal Religion Is Guild Topic

Religion of a personal nature was the program topic discussed by Mrs. Les Beauvais when the St. Monica's Guild of St. Mary's Episcopal Church met Friday morning in the parish house.

Following group prayer, Mrs. Ralph Hughes read a chapter from "The Screwtape Letters" as the devotion.

Mrs. Jack Burnett reminded members to call on the men who live at Halfway House when they need odd jobs done around the home. Plans were made to deliver eight baptismal candles to the homes of recently baptized children.

Mrs. Hughes served refreshments to 12 members.

Texas Girls Win In Wool Contest

LAS VEGAS, Nev. (AP) — Two Texas girls took top honors in the wool fashion division at the national finals of the Make It Yourself with Wool Contest.

Elizabeth Cullison of Pottsboro topped the senior wool fashion award. Vicki Ann Keeling of Gary won the junior division.

The winners were announced Monday at the annual convention of the National Wool Growers Association.

Mrs. Doshier Honored At Afternoon Shower

Mrs. Willard Doshier, the former Anita Sue Gibbs of Lomax, was honored Friday afternoon at a miscellaneous shower held in the home of Mrs. Lawrence Adkins, Lomax. She is the daughter of Mr. and Mrs. Ralph Newman.

In the receiving line with the

bride and hostess were Mrs. Newman and the bridegroom's mother, Mrs. Ernest Doshier. Corsages of white carnations were presented to the bride, her mother and Mrs. Doshier.

Approximately 50 guests called during the hours from 2 to 5 p.m. and were registered by Mrs. Melvin Fryar, sister of the bride.

The hostesses, who alternated at the serving table, were Mrs. Ned Fryar, Mrs. Cecil Long, Mrs. James Moore and Mrs. Gene Perry.

Also Mrs. Bob Glen, Mrs. Simon Parum, Mrs. Jap McIlvann, Mrs. Fred McGowan and Mrs. Dan Smith.

The serving table was laid with an off-white cutwork linen cloth, centered with an arrangement of white carnations and daisies based in gold magnolia leaves. Flanking the flowers were white tapers in pink ceramic holders.

Guests were registered from Big Spring, Stanton, Seminole, St. Lawrence, Lamesa and Lomax.

There's A Knack To Party Giving

By PATRICIA RUSAK

TORONTO (P)—Party is often a magic word to everyone except the mother of the little boy or girl who is celebrating a birthday or any other occasion.

For mothers a party should be as much fun to give as it is for children to attend, says wedding and entertainment consultant Claire Dreier.

One of the easiest ways to enjoy giving a party for children is to plan at least two or three weeks ahead and get every detail down on paper—time, number of guests, theme, games and refreshments.

"This will leave your mind clear to do the fast thinking necessary in case of emergencies," she says.

The role of the parent at a child's party is that of a leader who isn't too prominent," says Miss Dreier. Mother must be patient, gracious, thoughtful, firm and most important of all, she must be enthusiastic.

New Rainwater

All-weather car coats of sturdy cotton denim take on new comfort for winter wear. In look-alike styles for men and women, these coats are laminated with Scott Apparel Foam to provide insulation in all temperatures and to keep their crisp good looks. By Treemcoat.

Newcomer Club To Organize

The organizational meeting of the Newcomer's Club will be held the morning of Jan. 31 at Coker's Restaurant from 9:30 to 10:30 a.m.

The purpose of the club is to help new residents become acquainted and familiarize them with the local civic and social organizations. The group will elect officers and committees to plan activities for members.

Mrs. Joy Fortenberry will assist at the club in her capacity as club hostess. All women who are new residents here are urged to attend the meeting where coffee and doughnuts will be served.

To Marry

Mr. and Mrs. O. R. Mauldin of O'Donnell announce the engagement and approaching marriage of their daughter, Sandra Neil, to Donald Wayne York of Coahoma. The wedding is planned for March 30. The bride-elect attended O'Donnell High School, and the prospective bridegroom, a graduate of Coahoma High School, attended North Texas State College. He is employed by the Reef Corp., and is a member of the Masonic Lodge.

Mrs. Richard Orson, Former Miss Beckham

LAMESA (SC) — In a candle-light ceremony at 8 p.m. Saturday in the First Baptist Church, Patricia Jo Beckham became the bride of Richard Edsal Orson.

The bride is the daughter of Mr. and Mrs. W. J. Beckham, and the bridegroom's parents are Mr. and Mrs. Raymond Orson.

The Rev. Walter G. Horn, pastor of the First Presbyterian Church, read the double ring rites.

Given in marriage by her father the bride wore an original gown of her own design, fashioned of white delustered satin with a voluminous overskirt of imported white Italian velvet. The fitted bodice featured a jewel neckline and long tapered sleeves with fitted satin petal points trimmed with white velvet over the hands. The velvet overskirt formed deep folds in front of the skirt, revealing wide panels of satin, and the skirt ended in an aisle-wide coronation length train. Her chapel length veil of silk illusion was attached to a coronet of seed pearls, and she carried a bouquet of white roses with cascades of lilies-of-the-valley and stephanotis.

Mrs. Maurice Davis of Austin was matron of honor. Best men were Mike Jenkins and Keith Leatherwood.

A wedding reception was held in the church parlor after the ceremony and guests attended from Wichita Falls, Atlanta, San Antonio, Trent, Abilene, Lubbock,

MRS. RICHARD E. ORSON

Minneapolis, Minn., Dallas, Canyon, Lovington, N. M., Waco and Houston.

For traveling the bride chose a red silk serge suit with red printed satin blouse and matching accessories. She wore a corsage of white roses.

The couple will be at home in Lubbock after Monday and will

Rodriguez' Reception At Home

Longtime residents of Big Spring, Mr. and Mrs. Chon Rodriguez, 104 NW Third, are observing their 50th wedding anniversary today with a reception at their home.

Besides all of their friends, expected for the event, the Rodriguez' children will be there—all 15 of them—with their families, including 32 grandchildren.

Mrs. Rodriguez was born at Nochistlan, Jalisco, Mexico. Santa Cruz, Chihuahua, Mexico was the birthplace of her husband. Both came to the States when they were children. They were married Jan. 27, 1913 in the Sacred Heart Chapel by the Rev. E. M. Chevrier, the parish priest.

Until 20 years ago, Rodriguez was an employee of the Texas &

MR. AND MRS. CHON RODRIGUEZ

Pacific Railway Co. Since then he has been in the restaurant business here. Mr. and Mrs. Rodriguez, naturalized citizens, are members of Immaculate Heart of Mary Church, and he has his fourth degree in the Knights of Columbus.

Their children, who speak but do not read or write the Spanish language too well, were educated in the Big Spring schools. The Rodriguez sons are Gus, Rudy,

Ralph, Charlie, Jimmy, Nacho, Albert and Benny, all of Big Spring, and Tony of Van Horn. The daughters are Senida, Aurora of Odessa, Juanita, Helen, Anna Bell and Marie.

All will assist during the reception which begins at 3 o'clock. The reception table is to feature a white and gold motif, with cloth of gold and white and a centerpiece of gardenias.

AAUW Groups To Meet For Study

Two meetings are announced for study groups in the American Association of University Women.

Monday evening at 7:30 the arts and crafts study group will meet in the home of Mrs. Bruce Dunn, 416 Hillside, to work on individual projects.

Thursday evening, Jan. 31, the literature study group will meet with Mrs. Marvin Tatum, 3608 Dixon, to discuss Patrick Dennis' "The Genius."

SQUADRON SCROLL

Wives' Red Carpet Day Postponed By Weather

The cold weather may be held responsible for postponing the 63-G wives Red Carpet tour of the T-38 facilities Wednesday but it doesn't discourage other squadron activities.

Looking ahead to February, the next H and Bye Coffee will be at 10 a.m. Friday, Feb. 1. A board meeting for the officers of the Student Squadron wives will be Feb. 11, and the next meeting of all the wives will be Feb. 14. Class 64-A is in charge of the Valentine's Day meeting.

While their husbands were "dining in" at the Officers Club Friday evening, the wives of 63-D dined out together at Carous Restaurant. After dinner they met to play bridge and Tripoli.

Mrs. Donald M. Blue assumed the duties of 64-D class coordinator at a meeting of the class wives Jan. 24 at the home of Mrs. Donald Quackenbush. Officers who were elected by the group include Mrs. William Wirtstrom, secretary; Mrs. Robert Meyers, Games Day chairman; and Mrs. George Kennedy, publicity chairman and class reporter. As Games Day chairman, Mrs. Meyers will plan a get-together every third Monday at which the wives will play bridge, canasta and other games. Mrs. Willy Gillis, a new member of 64-D was introduced at the meeting. Refreshments and decorations carried out a Valentine's Day motif.

The members of the new class, 64-E, are now settled into life in Big Spring. Lt. Neil T. Reavely is the tactical officer for the group. He and Mrs. Reavely have been at Webb for two years. Capt. George T. Tobin, the class commander, and his wife, Arlene, arrived in Big Spring early this month. The Reavelys, who had from California, came to Webb

from Shepherd Air Force Base at Wichita Falls. With them are their two sons, 2½ years and 8 months old. Capt. Reavely has had previous training as a navigator and has seven years in the service.

Capt. and Mrs. John R. North, on leave from Pease Air Force Base in New Hampshire, visited with Capt. and Mrs. Donald M. Blue last weekend. Capt. North had just returned from SAC duty in Spain.

Mrs. James Is Honored At Shower

KNOTT (SC)—Mrs. Carl James was honored with a shower held Thursday afternoon in the home of Mrs. Robert Cheatham. Guests were registered by Mrs. Arnold Lloyd.

The refreshment table was covered with a pink linen cloth. The centerpiece featured a pink stork standing over a tray holding the favors, which were miniature pink and white diapers filled with colored mints.

The pink and white theme was carried out in the cake decorations of rosebuds, booties and safety pins. Crystal and silver appointments were used. Alternating at the serving table were Mrs. Charles Williams, Mrs. Morris Barnes, Mrs. Calvin Hughes, Mrs. Harry Bradstreet and Mrs. Bobby Roman.

Other hostesses were Mrs. Jewel Smith, Mrs. P. E. Little, and Mrs. Claude Nichols.

Engagement Announced

Mr. and Mrs. Floyd William Parsons, Little Rock, Ark., formerly of Big Spring, announce the engagement of their daughter, Lou Anne, to Billy Raymond Smoot, son of the Rev. and Mrs. Raymond McGee Smoot of Slaton. The wedding will take place in early spring. Miss Parsons graduated from Baylor University and the University of Texas. She is a member of Beta Gamma Sigma, honorary fraternity in the school of business, and is a past president of Phi Gamma Nu, an honorary business sorority. Smoot, a graduate of Texas Technological College in Lubbock, is vice president of Phi Delta Kappa, an honorary educational fraternity. Both Miss Parsons and Mr. Smoot are teaching in the Odessa schools.

Sunshine Club Meets In Doug Smith Home

FORSAN (SC)—Mrs. Doug Smith entertained the Sunshine Club of Otis Creek in her home this week. Mrs. Avra Allison will be the next hostess.

Jerry Bardwell Terry and Gerry Harkrider have been home during semester holidays from Sul Ross at Alpine.

Joyce Shoults has spent the mid-term vacation with her parents, Mr. and Mrs. L. V. Shoults. She is a student at Hardin-Simmons in Abilene.

Mr. and Mrs. G. L. Monroey have returned home from Corpus Christi.

Mr. and Mrs. J. H. Cardwell are in Odessa this weekend with the T. D. Brethaus.

Mr. and Mrs. W. B. Dunn and daughter, Wilma, of Odessa are spending Sunday with Mr. and Mrs. J. P. Kubecka.

Mrs. Bettye Anderson has been dismissed from a Big Spring hospital in San Angelo Thursday to attend funeral services for Mrs. J. Watkins, mother of Mrs. Henry Park, were the Rev. and Mrs. Carl Lee, Mrs. C. V. Wash, Mr. and Mrs. Jesse Overton, Mrs. T. R. Camp, Mrs. A. L. Hawkins, Mrs. J. H. Gardwell, Mrs. T. T. Henry, Mrs. Lois Smith, Mr. and Mrs. Jim Snelling, John Cole, and Mr. and Mrs. Park and sons, Roger and Steve.

Nellermoes To Be Party Honorees

A hon voyage party is planned for this afternoon honoring Capt. and Mrs. Kenneth Nellermoe at the Albert Hohertz residence, 2800 Parkway.

Capt. and Mrs. Nellermoe are leaving soon for an assignment in Europe.

Members of St. Paul Lutheran Church are to call during the hours from 3 until 5 o'clock. Hostesses are Mrs. Leroy Budke, Mrs. John Foster, Mrs. Walter Pachall, Mrs. Harold Hanson, Mrs. Walter Hiedeman and Mrs. Hohertz.

Featuring an arrangement of yellow flowers for the refreshment table a yellow motif is being used for the occasion.

Eager Beaver Club Makes Donation

Mrs. J. E. Freeman presided at the Friday afternoon meeting of the Eager Beaver Sewing Club in the home of Mrs. W. O. Washington. Six members were present, voting to donate \$5 to the March of Dimes.

The next meeting will be in the home of Mrs. C. C. Bell on Feb. 1.

Engaged

Mr. and Mrs. E. M. Strickland, Forsan, announce the engagement and approaching marriage of their daughter, Della Janette, to Lloyd James Copus, son of Ordeil Copus, Black River Falls, Wis. A March wedding is planned.

BIG SPRING DAILY HERALD

SEC. D BIG SPRING, TEXAS, SUNDAY, JANUARY 27, 1963 SEC. D

Thursday Is Your Last Chance To Qualify For Voting In '63 Elections

Only four more days remain for Howard County citizens to pay a poll tax and qualify to vote in elections which may come up during 1963.

Deadline for payment of such taxes expires at midnight Jan. 31. Mrs. Zirah LeFevre, county tax assessor-collector, said that she will keep her office open until midnight Jan. 31 as a convenience to last minute poll tax buyers.

Unless there is a grand rush of belated voters to qualify themselves in the four days remaining before the poll tax deadline, this year stands a chance of being one of the lightest in poll tax sales on record.

Friday saw the total poll tax and exemption certificate standings at 3,268. On the same date in 1961 the total was 4,674 and for the same date in 1959 the figure was 5,014. Total poll tax issued in 1962 (poll tax receipts bearing dates 1961) was 9,519. For the previous year, the total was 8,170.

It is pointed out that this may well be the last year the poll tax will be collected in Texas. A ruling of the U.S. Supreme Court has outlawed the poll tax and the deadline for the state to comply is near. Meantime, it is anticipated that the legislature may beat the deadline by passing enabling legislation eliminating this method of qualifying to vote.

Plans are already being worked out for some sort of registration system to replace the ousted poll tax, once it is thrown into the political ashcan.

Meantime, the voter who wants to take part in any elections which are in store this year must have his poll tax receipt. The last hour to obtain such receipts is almost here.

The price of a poll tax receipt is \$1.75. Of this, \$1 goes to the state school fund, 50 cents to the state and 25 cents to the county.

Persons over 60 and a few others who attain voting age within a specific interval are entitled to exemption certificates which permit them to vote without paying poll tax. Exemption certificates are issued by the tax assessor's office but are required only in incorporated towns. This means that voters of the age qualifications in communities outside of Big Spring need no certificate to entitle them to vote in any election.

A number of special deputies have been appointed and are stationed in establishments to issue receipts.

Mrs. Cliffs Sledge will be at the Casden Office building all day Jan. 29 to write receipts and issue exemption certificates. Judy

Income Forms Are Requested For Pensioners

Veterans and dependents on the Veterans Administration non-service-connected pension rolls and parents of deceased veterans receiving dependency and indemnity compensation who do not return their income questionnaires by Jan. 31 will not receive any checks and may even have to pay back the money received in 1962.

Robert W. Sisson, manager of the VA Regional Office in Lubbock, Texas issued this warning although the questionnaires were mailed a month earlier than usual this year. The income information forms were sent out by the VA with the Nov. 30 checks but the return deadline remains Jan. 31.

Sisson pointed out that the questionnaire carries a printed warning which reads: "Important: Failure to return this card before Jan. 31, 1963, will result in discontinuance of payment. You would also be required to pay back all pension you received last year."

Since these benefits are paid only to those veterans, widows, dependent parents or minor children whose incomes are below certain limits, the VA is required by law to receive an income report each year to support the payments.

Cotton Crop Is About In

Ten days more — assuming the weather continues reasonably fair — will see the long belated 1962 cotton crop finished, ginner's estimates Saturday.

Figures compiled Saturday showed that the crop this year will exceed 25,000 bales but will be hard pushed, from present indications, to reach 26,000 bales.

Meantime, gins were having a hard task ginning the cotton being brought to the yards. The newest problem reported by ginner's is the high static electricity which has built up during the current cold weather.

At the Fairview gin, which was built new this past year, the owners estimated that the dirt and other problems posed by the cotton was doing heavy damage to the machinery.

"It won't surprise me if we have spent \$10,000 to \$12,000 repairing the damage this season's crop has done," said one of the owners.

Total ginnings reported by the 12 gins at noon Friday stood at 24,710 bales. This was an increase of 2,255 bales over the report the previous Friday.

Most of the ginner's feel that one week of good weather would see the crop completed. They predict with the unstable weather conditions, that the job will be finished by Feb. 9.

The equality of the cotton continues to deteriorate as the last remnants are brought to the gin.

Gets Certificate

LETTERS TO EDITOR

Favors Sheriff's Stand, Whistle Is Remembered

To the Editor:

The present feud between some of the Howard County Commissioners and the Sheriff's Department is another example of how far petty politics can go even at the local level.

Quite frankly it escapes me how a group of men, headed by a man who doesn't even drive a car, can complain about the deputy sheriff's eating at the jail on the interest of law enforcement when commissioners draw handsome salaries plus expense accounts for a job which can not possibly take more than half of their time. After all, we do have the county road system.

Please, let's follow the recommendations of our sheriff who has proved that he does his job efficiently and above the level of petty politics.

Yours for good law enforcement,
 DOYLE BYNUM

Vendor's Day Slated At Webb

"A special Vendor's Day will be held at Webb AFB March 17," according to Col. Rex D. Fryer, Webb Deputy Commander and chairman of the base vendor's relations council. "Additional details of Vendor's Day will be sent out by direct contact with vendors and through the press," Col. Fryer added.

The Webb AFB Vendor's Relations Council is composed of Col. Fryer, chairman; Col. Charles W. Head, Air Base Group Commander; Lt. Col. Julian Baird, Wing Comptroller; Maj. Lawrence R. Casey, Civil Engineering Group Commander; Maj. Harry Hon-Wing, Procurement Officer; Maj. Charles A. Smith, Wing Information Officer; and CWO Joe Brown, Base Equipment Management Officer.

The council aids in maintaining good relations between the Air Force and the vendors doing business with it.

To the Editor:

I have just finished reading Joe Pickle's article "The Time the Men Walked Out" which I enjoyed but also which brought back memories of the time when we could depend on the "deep throaty sound of the shop whistle to warn us that the children must be getting off to school soon, and again that the man of the house would be in for lunch soon. Then if we became lax, it always reminded us it was five minutes to one, and it always blew on the hour, after the earlier warning that it was almost work time, lunch time or quitting time at the shop.

For years, we listened for the shop whistle. Then when it was still, there was something missing from our day.

I saw a movie several years ago, "The Whistle at Eaton Falls" about a factory town when the whistle at the factory did not sound. It made me remember how I loved the old shop whistle. I have wanted someone to write about it for so long.

Sincerely,
 MRS. NILE BAILEY
 204 NE 12th

Credit Union Elects Officers

Gil Webb, civil service employee at Webb AFB, was re-elected president of the Webb Credit Union for 1963. Omer Williams, another civil service employee was re-elected vice president and Duke Baker, a civilian, was named to succeed himself as treasurer.

Among other matters that came before the board at the meeting of the directors Thursday, was naming two delegates — Webb and Major Charles A. Smith, a director — to represent the union at the annual convention of the Texas Federation of Credit Unions in Fort Worth, March 22-24.

A Devotional For The Day

It was too painful for me; until I went into the sanctuary of God. (Psalms 73:16-17)
PRAYER: Heavenly Father, Thou hast promised that if we draw near to Thee, Thou wilt draw near to us. May we not forsake Thy house, but in joy and devotion worship Thee there in spirit and in truth. In Jesus' name. Amen.

(From The 'Upper Room')

Down To Four Days . . .

We're down to four days. That's all you have left in which to qualify as a voter in 1963—either by payment of your poll tax or securing an exemption certificate.

The hard fact is that if you do not have one or the other after Thursday, you can't vote.

It won't make any difference what issues might come up—and you never can tell—until you just flat out vote.

There are lots of reasons for safeguarding your right to vote, and being safe to raise your voice at the polls is right up

there at the top. Some have pointed out that the poll tax may be on its way out, and this may be your last chance to hold a poll tax receipt. There are many, many other reasons.

But the real reason is that good citizenship demands that individuals secure their right to vote. If someone took it away from us, we'd be willing to fight for it. If it is that precious, why in heaven's name don't we attend to this matter of a poll tax receipt or exemption certificate Monday—first thing?

Step Toward Civic Improvement

The city commission last week decided to double the projected paving program from 32 to 64 blocks under the continuing assessment program. But on the originally planned 32 blocks appeared advantageous enough to the commission to consider exercising an option to double the program.

Accordingly, a public hearing will be ordered on the entire spread rather than the 32 previously announced. The results of the hearing will be a definitive influence upon the commission.

It has been our conviction over the years that few civic improvements can return as great of benefits to a community as paving. Occasionally a few

things directly affecting health and safety such as water and sewer improvements, fire stations, security facilities, etc.—have to be given priority.

But right behind them we would put paving. This not only provides good driving surfaces, but more important it reduces water and wind erosion. It also furnishes a firm border for beautification and improvement of abutting property. It brings comfort and convenience to the property owners and it contributes immensely to civic pride and an appearance of stability.

For these reasons, we believe the commission action was a wise one and when the time comes we hope residents will support the commission at the public hearings.

David Lawrence Two Years In And Out Of Office

WASHINGTON—This is the "second anniversary week" for the Kennedy administration, and a lot has been written lately evaluating what has happened since the inauguration in 1961. So maybe it is timely to examine retrospectively how Mr. Kennedy's predecessor has fared in the last two years and how Dwight Eisenhower has weathered the storm of contrasts to which he has been so often subjected since he left the White House.

FOR IT SEEMS that President Kennedy's speech writers are politically expert enough to make sure that, when anything bad develops on the current scene—for instance, the early phases of the Cuban controversy—the public must be told that the whole thing originated under the Eisenhower administration anyhow.

INDEED, THE OTHER day, in defending America's prominent role in supporting the U.N. intervention in the Congo—which is growing in unpopularity—the official White House statement was careful to put the umbrella of virtue over the existing policy by intimating that it was the preceding administration which had initiated U.N. efforts to harmonize things in the Congo. The statement points out that "the previous administration determined wisely that the United States could best be pursued through the United Nations."

Except, however, for these occasional efforts to gloss over delicate situations that may not be popular with the people, the tendency of the presidential speech writers now is to imply that the United States government really began to function only after January 20, 1961.

PERHAPS General Eisenhower, quietly sojourning at Gettysburg or Palm Springs, is given to reflective solitude. He must be happy to read that, after all, it apparently was all right for him to go to Augusta, Georgia, to play golf or to be away from the White House on vacation and weekend trips. For the latest statistics from the White House confirm that, whether on official or unofficial travel, Mr. Kennedy, during his first two years in office, has been out of Washington more days than his predecessor during the same period in office. It is quite clear that such statistics will be considered meaningless now for it is being said that the President has to keep moving if the country is to keep moving.

AS FOR BIG crises when the people's hair stood on end, the impression has been conveyed that this happened for the first time when the "quarantine" was imposed around Cuba last October. Yet the tensest moment in recent history occurred when President Eisenhower and the Congress took a firm stand to ward off any attacks on Quemoy and Matsu that might lead to an invasion of Formosa. Red China has been and is far more responsible than the Sacred Union.

There was tension, too, when American marines landed in Lebanon in 1958 in a turbulent Middle East situation. But

J. A. Livingston Can You Depend Upon History Repeating?

Louis H. Bean has been an agricultural economist, a forecaster of presidential elections, and a business analyst. Now, he has turned economic archaeologist, an archaeologist being a fellow who digs into the ruins of the past for insight into the present and the future. Not that America's economic history can be termed a ruin.

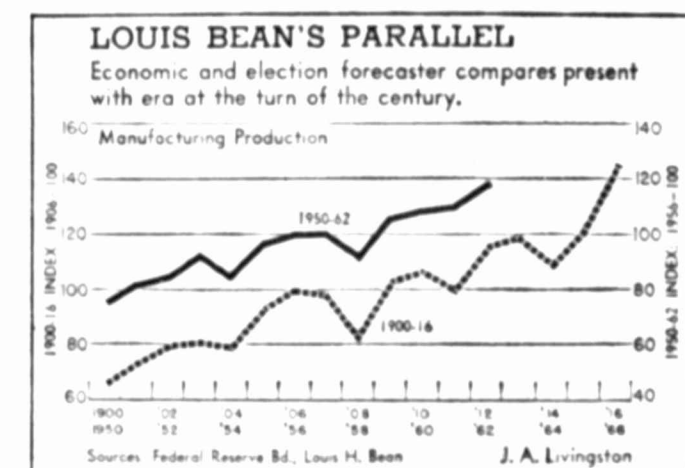

In his recent book, "How to Predict the Stock Market," Bean presents an arresting chart. It could be called either "The Glorious Parallel" or "The Terrible Threat," depending on which side of the bed you get out of.

HE COMPARES the ups and downs in manufacturing from 1900 to 1914 with those of 1960 and 1962. You can't mistake the remarkable coincidences in timing: If a peak came three years after the turn of the century, a peak also occurred three years after the turn of the half-century, if a trough came four years after the turn of the century, a trough also occurred four years after the turn of the half-century.

Peaks	Troughs
1903, 1953	1904, 1954
1907, 1957 (x)	1908, 1958
1909, 1959 (x)	1910, 1960 (x)
1912, 1962	1911, 1961 (x)
1913	1914

AFTER 1914, manufacturing activity turned down sharply and a bottom was reached in 1914—just before the outbreak of World War I. Bean thinks this influenced the 1914 by-election. The Democrats, despite Woodrow Wilson's popularity, lost 59 seats in the House of Representatives. However, they gained three in the Senate and maintained a majority in both Houses.

AFTER 1914, industrial demand rose sharply, first under the impetus of orders from the Allied Powers for munitions and other supplies, second as the United

States prepared for and entered the war.

A FATALISTIC interpretation of the chart suggests that now—a dozen years after the turn of the half-century—we're at the top of a boom again and headed for a sharp fall.

And if 1912-14 history were to repeat, this slump could influence the 1964 election.

The letdown might not be severe enough to defeat President Kennedy, but it might reduce Democratic strength in Congress so that in the President's second term he'd have trouble rounding out—completing—his program.

QUESTION: Can Bean's archaeological stupor be presumed to be prophetic?

Answer: It's not a prediction merely, a remembrance of things past, requiring appraisal.

The parallel has a shortcoming. Back in the 1900's, statistics were spotty. Information on steel, cotton, sugar, refining, flour, milling, and cigar and cigarette manufacture was adequate. But researchers had to dig back into libraries and manuals to develop the detailed data for Bean's chart. Information today is far more complete. Therefore, it can be argued that the parallel is accidental rather than historical, that it has no genuine historical basis.

BEAN, HOWEVER, offers a common cause for the common formation. The early 20th Century was an era of capital expansion. Integration of the steel in-

dustry, the beginnings of an automobile industry, and technological improvements coincided with the discovery of the mass market. And construction was rising.

Again in the second half of the 20th Century, capital expansion resulted in ever-rising peaks. The pent-up wants of the war produced the postwar boom which carried into 1955-56. And then came the retardation of growth which gave Candidate Kennedy his slogan—to get the country going again.

IF I WERE interpreting Bean's chart, I'd say that we're more likely to be on the threshold of another expansionary wave than heading into a recession. But then I get out of the right side of the bed this morning.

To Your Good Health Several Causes Of Cold Fingers

By JOSEPH G. MOLNER, M.D.
 Dear Dr. Molner: Why do the fingers of my 18-year-old son turn white in intense cold? Could he have latent scurvy or could he have hypothyroidism? As a child he bit his nails and even his fingertips to the point where they ulcerated. Is there anything we can do? Mrs. D. P.

I doubt whether the early nail-biting has anything to do with the problem. As for his fingers having been frostbitten, well, that can cause excessive sensitivity to cold afterward, but it's likely that if this had happened, it would be remembered.

Have your son examined to see whether some other condition is present. Raynaud's disease comes to mind. Although this is more common in women, and is noted later in life as a rule, it can occur in males too.

Another possibility is cryoglobulinemia, in which a certain type of protein in the blood is precipitated or converted into solid form, by cold. The result is that the blood thickens and flows less easily. The extremities suffer from the slowed circulation.

Raynaud's disease is a disturbance of circulation in the fingers, and a spasm of the blood vessels takes place in exposure to cold. (This usually affects both hands. If only one is involved, then look for some other trouble.)

An occupation or even a hobby

may involve some factor which affects one hand. Poisons, certain metals are an example, can have such an effect. Or various muscular pressures seemingly may affect the circulation.

Still another possibility is that an extra cervical rib in the neck, or pressure from a muscle in the neck, can curtail circulation in an arm.

Some drugs, ergot, for example, can give similar symptoms.

As you've gathered, diagnosis of the cause of "cold fingers" isn't simple, but detailed investigation can trace it out, and then you know how to correct it or, alternatively, how to limit the discomfort.

Dear Dr. Molner: My son was recently hospitalized for pains in the chest which were diagnosed as pericarditis. What does this mean? It was described as a virus infection of the heart lining. No medication. He was just told to take it easy.—Mrs. M. H.

The pericardium is a sort of membrane that encloses the heart, a sentry or guard against infiltrating germs.

At times this membrane itself becomes inflamed or irritated, and this is pericarditis.

There are various causes. Virus infections (as in this instance) are relatively common. However, other germs can be present at times: Rheumatic fever (a streptococcus infection), typhoid, pneumonia and

Around The Rim You Can Always Look It Up

Perhaps you noticed there's to be a spelling bee in the city and county schools. This is just for kids, and a good thing, too.

As an old fundamentalist, I am a believer in accurate spelling, but what one believes in and how one actually practices are horses of opposite hue. One of the sadder traditions is that, although they do more writing than most people and ought to be proficient with words, newspaper staffers are the lousiest spellers extant.

THERE ARE dictionaries all over the place, but they never seem to be handy at the right time, and besides, if you don't know how to spell a word, how can you look it up? The best thing is to have at least one man of high erudition to whom you can yell across the city room and say, "Ed, how do you spell 'deliquesces'?" and he will spit it right back at you without looking up from his own typewriter. That kind of savant is hard to come by these days, and incidentally, what would a country reporter be doing with the word "deliquesces"?

I RECALL a great personal triumph when somebody told me how to spell a word pronounced TIZ-ik. You spell it p-t-i-h-i-s-i-c, but don't ask why. It was enough to know that's the way Webster handled it.

Webster always seemed to me to be sort of confused. Anybody knows that when you're talking about the sports program you say a-th-a-let-ics, but Mr. W. lost his "a." And if you need a horse doctor, you call for the veterinary, and never mind an extra syllable in there, either.

WHO EVER HEARD of going to a soda fountain and ordering anything but a sassa-parilla, but if one of the youngsters spells it that way, he's going down. We

all know about an illness called diphtheria, and only the pompous would trouble to call it "diph-th-eria."

To be honest, I always had trouble with the precedence of the "e's" and the "i's." Which comes first? You have to master "achieve," and then you worry about how to spell "receive."

I THINK OLD spelling books had a rule, but it seemed to me the rule was so complex that it was easier to ignore it, and just have a throw at the word, trusting the odds. After all, about as many words are spelled "ei" as "ie," and you might be right half the time.

Another thing: Why use all those forbidding words, when some simpler ones would do? If you're asked to spell sanguinary, just settle for bloody. If you need something like soporific, just say it makes you sleepy. And why be concerned with verisimilitude, when you can say it looks like the truth?

BEE SPELLERS have to be heavily dependent upon the pronouncers, too. Imagine a poor kid in a line having the President of the United States call out a word like "Cuber—an island off the coast of Florida." Or, "vigah—meaning strength or energy." What's a kid to do? Embarrass the President of the United States?

Or what if a contestant is asked to spell "porpise." He has every right to ask, "Do you mean like a fish, or like 'My brother hit me on the poipose'?"

WELL, YOU could look through the study book that your children have brought home, and you will find that spelling is not as easy as you might think. Just try a few of those words, yourself.

As one might say (as long as the dictionary is right here) that for those young spellers it is going to take a lot of perspicacity to stay on the present scene.

—BOB WHIPKEY

Marquis Childs Power Of The Trade Unions

WASHINGTON—While the incident of the caracul skins may be only a pinprick in the time of massive troubles to many observers here, it is symptomatic of the arbitrary power of the Trade Unions as it compounds the problems of American foreign policy.

ONE AIM of that policy has been to help preserve the independence of the landlocked country of Afghanistan, with its long border with the Soviet Union and its quarrel with its next-door neighbor, Pakistan. Afghanistan's principal means of earning dollars, and thereby keeping up a trade relationship with the West, is through the sale of skins of the caracul sheep which go into costly fur coats.

Because of the quarrel with Pakistan this cargo is sent not through Pakistani ports but trans-shipped across Russia. Last fall 40 bales of these skins came as high-priority freight to New York on the Queen Mary. The International Longshoremen's Association refused to unload them because they were marked "trans-shipped via the U.S.S.R."

THE 40 BALES went to England. On the next voyage they were returned to the United States and this time the union was persuaded to move them onto the docks. But that was not a patch on what it took to get a ship with a considerable cargo of skins unloaded in New York. Assistant Secretary of State for Near Eastern and South Asian Affairs Philip Talbot conducted the formal negotiation for a truce with George Meany, head of the AFL-CIO, and Thomas Gleason, the fiery second in command of the longshoremen's union. At one point after Gleason had demanded to know why the goods were marked "trans-shipped via the U.S.S.R." if they expected the longshoremen to unload them, Meany exploded.

MAYBE THEY DID it so that you'd act just the way you did and cause as much trouble as possible.

The State Department previously had had several sharp encounters with the union over the longshoremen's refusal to unload ships carrying cargo to Cuba at any time during 1962. This stand went far beyond the official position of the American government, which was to make plain that foreign ships engaged in trade with Cuba after the Cuban crisis in October would not be welcome in American ports.

BUT EXTENDING a boycott back to the first of the year the union offended Britain, Norway and other friendly powers that claimed to have called off any

shipping relationship with Cuba following the crisis. The union in effect made itself the clearing agent for all vessels entering East and Gulf Coast ports.

Gleason, Captain William V. Bradley, president, and other leaders of the longshoremen's union on the East Coast have just won what is, on the whole, a favorable settlement after a strike reported to have cost the shippers and others \$750,000,000. They have been actually aware that the longshoremen's union on the West Coast, headed by Harry Bridges, whom the government tried for years to deport to his native Australia as a Communist, has got important concessions from West Coast shippers and has in turn held off on pressing the issue of automation and the cut-back in the total number of jobs. As a result, Bridges has endeared himself to the shippers.

"YOU HAVE to be a blanket-blank Communist," Gleason stormed at federal mediators during the strike negotiations. "To get anything out of this blanket-blank Communist government."

Unions functioning in the same field torn by rivalry and hostility have enormously complicated the effort to maintain order and peace on the labor front. Similarly factional struggles within unions that have about as much democracy in their organization as a Soviet satellite get in the way of American Newspaper Guilds. This Gleason means to succeed. Bradley, who is having his troubles not only in his union but elsewhere.

IN THE NEWSPAPER strike in New York the head of the printers' union, Bertram Powers, is said to be determined to show the American Newspaper Guild that he can set the pace and get a better deal. This has prolonged the news blackout which some union officials in New York State are now saying gloomily will go into March.

As a consequence many who in the past were sympathetic to the necessity for labor to organize to confront the power of organized industry are beginning to ask whether or not if present trends continue, public opinion will be forced to face changes that will mean an end to free trade unionism. And some more realistic labor leaders are asking these same questions Joseph A. Beirne, president of the Communications Workers of America, suggests in his just-published "New Horizons for American Labor" the need for a new kind of unionism that will meet the challenge of automation and put an end to the jurisdictional disputes that plague labor and industry alike.

Holmes Alexander Hungary Today, Cuba Soon

WASHINGTON—Almost exactly six years before this winter's influx to the U.S.A. of Cuban Freedom Fighters, a similar refugee movement of beaten anti-Communists was flowing out of Hungary.

Not all of the Hungarians, and perhaps not all of the Cubans, are exemplary characters, but as a whole these are brave patriotic losers of battles which are hot phases of the Cold War and catastrophes for the entire Western World.

ALTHOUGH THE situations differing in Hungary and Cuba, there is a striking likeness to all Communist conquests. First comes the blood bath, which obliterates all known opposition to the Red rulers. Then the clutch of a prodigious police power is fastened on the people. Finally, there is—as time and circumstances allow—the construction of a facade which gives the outward appearance of a captive people who have become reconciled to their lot—and a condition of Pax Communista is recognized and accepted by the West.

WE CAN, I am saying, by looking at Hungary six years afterwards, get a glimpse of what Cuba may be like six years hence—if we let the Communists have their way.

In Budapest, at the end of 1962, a telltale article was published by Lajos Korolovskoi entitled, "The Changing Image of Hungary in the Western Press." Appearing in the "New Hungarian Quarterly," a Red party organ, this piece is valuable as a documentary revelation, for it literally exults in the conversion of the

Western press. The article, in short, tells the world: "Communist rule is good for countries. Who says so? Why, the great news media and opinion-makers of America, Britain, France and West Germany say so." The article is a selective digest of Western comment, circa 1960-62. Let's see.

OXFORD PROFESSOR A. J. P. Taylor in the New Statesman: "There is more food and more academic freedom. There are no arbitrary arrests, no knock on the door in the night. The Communist Government is still there, outwardly monolithic, but it rules without fuss. It does not ask to be loved or admired, only to be left alone while it tries to do its best."

The N. Y. Times: "Some Western observers consider it possible that a new soft breeze was blowing in Hungary." The Times thought it important that a Budapest television revue "lampooned the shortcomings of the regime."

THE (LONDON) TIMES: "The people in the streets of Budapest are adequately, if not particularly smartly, dressed. The children are looked after."

The Frankfurt Rundschau finds it an "undeniable achievement" that the Communist system has "vigorously promoted schooling and further training."

LOUIS TEISSIER of "Paris Combat" found "nothing" to make him feel he was "living in a world subject to the authority of a proletarian State." The people were "just like home."

NEWS FROM THE SCHOOLS

Big Spring (Texas) Herald, Sunday, Jan. 27, 1963 3-D

Outstanding Team

Karen Kee, senior, and Freddie White, senior, were chosen as the Outstanding Hearing Committee Team while participating in the Youth and Government activities in Austin. In observance of YMCA Week in Big Spring, they enacted a committee on the Jo Anne Forrest program last week.

J.R. Redden To Give Awards

By KAREN KEE
This past week has been YMCA Week in Big Spring. The youth took an active part in the week by speaking to various service clubs, making recordings for the radio stations, and finally Thursday night, appearing on the Jo Anne Forrest program.
The annual YMCA Dinner has been scheduled for Jan. 29. Tickets may be purchased at the Y and are \$2.50 for adults and \$1 for students. The program which has been planned especially for the youth will feature Walter K. Kerr who has had wide experience and participation in youth work.
Dr. Hunt will introduce both new and returning board members and J.R. Redden will make the outstanding youth awards. Francis Flint will make an annual report on the enrollment plans. Entertainment will be provided by the youth. Thelma Rice, Karen McGibson,

Achievement Day Names Five Winners

By CAROLYN WILSON

One of the big things of last week was the Achievement Day on Saturday. Big winners of Grand Champion title winners included: Martha Love, sophomore, for her German Chocolate cake; Carolyn Robinson, junior, for her pink wool suit she made; sophomore Olen Fryar, for her lamb show; Gary Hansen took top honors in the call show Janice Crawford won the dog show with her bronze dachshund.
Monday night the FHA had their monthly meeting with plans being made for their Sweetheart Banquet and the summer trip. The Sweetheart banquet will be held Feb. 14 with Janis Lilly and Judy Wolfe planning the program. The sophomores will decorate, the juniors will prepare the food, and the seniors will help with the decoration and food preparation. The freshmen will take care of the cleaning up afterwards.
Also on the program Monday night was the Rev. Jack McClendon as a guest speaker. The program theme was, "To be a better citizen." Rev. McClendon spoke on the citizenship of the Mexican people, where he served as a missionary for nearly 20 years.
Thursday morning first period the Student Council met for their weekly meeting. Also Thursday afternoon report cards were handed out.
Monday the Library Club will meet for its monthly meeting. A note to some of you who are not members, it is still not too late to join the club.
There are only six more games

of the Coahoma teams, so be sure to support your Bulldog teams in their final rounds of this year. Next Tuesday night the CHS teams will compete against the Jim Ned Indians on the Coahoma basketball courts.

Goliad Greet New Teachers

By KAREN ELROD

Goliad began its second semester Monday morning. At this time, many students in the ninth grade changed sections while the students in the eighth grade changed electives. The student office workers and library helpers were also given this year.
School was dismissed Thursday for the students because of the teachers' in-service training day Friday.
Monday afternoon a new Draver Education lecture series will begin. This course is for only ninth grade students 14 years of age or older, and will be the last course given this year.
School was dismissed Thursday for the students because of the teachers' in-service training day Friday.

BONUS DISC WINNER IS ANNOUNCED

Kenny Harris, a seventh grade student from Goliad Junior High School, is this week's winner of the record to be given away by the Record Shop.
Kay McBride, a senior at Sands High School, is the winner of this month's long-playing album bonus.
The winners may pick up a certificate at the Herald and take it to the Record Shop to receive their records.

their own for being chosen All-Tournament Players.
Monday afternoon a new Draver Education lecture series will begin. This course is for only ninth grade students 14 years of age or older, and will be the last course given this year.
School was dismissed Thursday for the students because of the teachers' in-service training day Friday.

BS Council Hosts Faculty Dinner

By ANNETTE LEBOWITZ
The Big Spring High School Student Council honored the faculty with a dinner Thursday, Jan. 24. The dinner was held in the high school cafeteria. Decorations followed the theme of "The Gay Nineties." Those taking part in the program were Tammy Gentry, Kathy Harris, Linda Mason, and Kathy Mason.
BSHS would like to welcome all new students who checked in this semester. The following new students are attending BSHS: Carlos Houliad Jimenez, Costa Rica; Patricia McDade, Lake View Jr. High; David Highley, Missouri; Paul Lovell Lubbock, William Henry Pedro Midland; Zenn Rorer Taylor, Dennison; Nancy Carol McCown, Midland; Kay Dyer, Atokery; David Proffitt, Slaton; Alan Aten, Farmington; Jean Randall Abiene Dewey Pupies Sweetwater, and Eric Rodzankas, France.
The Library Club is now making plans to attend the state meet on Feb. 14-16. They plan to sell doughnuts to the study hall students to raise the money. The officers: Daria Moore, Jerry Bethell, Charlotte Shive, and one more student will attend.

Ruth Tarbet Wins Honor

By MARIE GRAHAM

The Student Council has been very busy last week preparing the first edition of the school newspaper, "The Pony Express." The paper will be published every two weeks and the price for each copy is 10 cents. All the classes in both Knott and Ackery elementary and the junior high and high school are urged to report any news.
Ruth Tarbet won a contest held at the school as the Homemaker of Tomorrow. She will be given a chance to participate in the state contest against other girls from other Texas schools.
Sands wants to welcome some new students to the school this week. They are Roger and Yolinda McCasland, from Okama, Okla., and Thomas Stocks from Forsan.
Monday during fourth period class a Library Club meeting was held in the school library. Kay McBride and Gladys Williams gave book reviews on new books in the library.
A Student Council meeting was held Wednesday afternoon during the last period. The council discussed money-making projects and selected the Student Council pins.

YMCA Presents Program At ABC

Joe Leach and YMCA members presented the program for the American Business Club Friday noon—a program based on the part of the YMCA plays in the community life of Big Spring.
Leach, physical director for the Y, was presented by Charles Dunham, program chairman. Leach introduced Cheryl Whittington and Baxter Moore, young Y members. Miss Whittington emphasized that the Y offers a complete program for the younger people of the community, and adults as well.

Home Economics Group Take Part In Project

By BETTY HOLLANDSWORTH

Activities at Flower Grove are finally running smooth again after semester tests. The fall semester honor roll was announced last week. No one made the A honor roll, but those making the B honor roll were: Carole Wade, Dennis Walker, Lee Roman, Jim Murrell, Betty Langston, Butch Howard, Lawana Froman, and Lynn Caughman, seniors; David Cave, Richard Cabellers, and Keith Howard, juniors; Genevieve Carmichael, Bobby Deatherage, Jimmy Hollandsworth, Sophie Perez, Becky Haggard, and Naomi Caughman, sophomores; Roselita Salazar, Dena Robertson, and Faye Aneston, freshmen.
A box supper and forty-two party, sponsored by the P.T.A., was held Saturday night. The boxes were auctioned and games were also played.
New students at Flower Grove are Jackie Mims, senior; Ervin Coker, junior; Richard Perry, sophomore; Wade Garrett and Margaret Cockerell, freshmen.
The FFA Chapter, sponsored a

hog show last week on the school campus. Bill Pierce was the judge. Twelve pigs were entered in the show. Mike Roman received a trophy for champion. The boys also entered in the Stanton show. Mike Roman won first place in the lightweight division while Jack Webb placed second in the heavyweight. Tommy Everett also placed sixth in this division.
The homemaking girls recently started a new project of upholstering couches and chairs.
An exemption plan is being offered to all high school students at Flower Grove this last semester. The plan exempts students from taking six weeks tests if their grades are high enough.

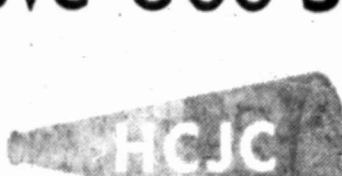

Junior College Registration Soars Above 600 Students

By MARILYN GUM

Registration at HCJC at the present time has gone over 600. Registration will continue through Friday, Feb. 1. Anyone wishing to add or drop a course must do so before Feb. 1.

Jayhawkers will get a holiday from school Friday, Feb. 15 as faculty members will attend the Texas Junior College Teachers Association meeting in Dallas, at the Hotel Adolphus. The College Singers will also attend the conference to sing Friday night along with other choirs from Junior Colleges.

Editors of the Jayhawker, Kay Crowmover and Janie Harrington, and their staff have been busily working to meet a deadline by Feb. 1. The class section is to be in at this time.
An up-and-coming event worth

any Jayhawker's time is the Concert Association's presentation of the First Piano Quartet. Any full time student at HCJC may attend by showing the spring activity card. Some students are not aware that they can take advantage of the Concert Association's various programs on their activity cards.
Spring induction into Phi Theta Kappa is scheduled for Feb. 10 in the HCJC Cafeteria. A supper on Sunday evening, Feb. 3 will be held for the new members to orientate them about Phi Theta Kappa. Invitations will be sent out

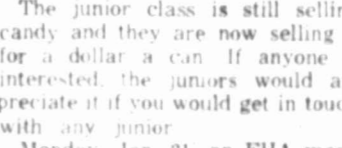

to new candidates. The supper will be held in the parlor. The Junior College National Honor Society will induct 20 members. Present members of the society are Kay Crowmover, Janie Harrington, Conroy Lacy, Gary Pickle, Neal Brinson, Cotton Thompson, and Gary Walker. Sponsors are Mrs. Elizabeth Martin and Rudolph Brewster.
Several activities are going on at the HCJC campus at the present. This weekend the Las Artistas are having an art show in the old SUB. On Feb. 15 the Kiwanis Club will host their annual Pancake Supper in the dining room.
Saturday night the Jayhawkers hosted South Plains on their court. They will journey to Amarillo Tuesday.
A number of interesting adult classes are getting started on campus. Two of them include a hat making course and a blue print course.

Junior Class Selling Candy For Jr.-Sr. Banquet

By BONNIE SIMPSON

The junior class is still selling candy and they are now selling it for a dollar a can. If anyone is interested if you would get in touch with any junior.
Monday Jan. 21, an FHA meeting was held in the school cafeteria. The donation was given by Pam McKinnon, Lanell Overton was presented the Betty Crocker Homemaker award by President Dena Parker. This award is given after the senior girls have taken the Betty Crocker Homemaker test. The senior girl with the highest score on the test is given the award. Members answered roll call with why they approved or disapproved of teen-age marriages. Two films on courtship and

marriage were shown. Refreshments were served by the sophomore girls.
Report cards were passed out Wednesday. If some of you students did not get yours, you probably do not have your school debts paid. Students who have not paid their debts will not receive their report cards until they do so, and starting Monday, they will not be able to participate in school activities.

Music Leaders Will Attend Convention

By MARY NEWTON

Music students were given a holiday from school Friday as the teachers were engaged in an In-Service Education Training Day.
Report cards were issued Wednesday. The honor roll and report list will be posted next week.
Mrs. Doris Gambill, chair director, and Joe Burchfield, band instructor, will attend the Texas Music Educators' Convention next week. The three-day meeting will be held in Houston. The program there will consist of performances given by the all state choir, bands and orchestra.
The FHA class meetings were held Thursday. The program presented was film entitled, "A Shoebox Full of Dreams." This film told the life of Mrs. Billie Davis Pettit, who will circulate Monday through Wednesday for Best All Around Class Favorites, Most Beautiful, and Most Handsome. Elections will be held the latter part of the week.
The El Palomar staff will make pictures of the volleyball teams next week. The staff announced that organization pictures are here. Please pick these up if you ordered one.
The advanced band added about twenty new members last week. The students who previously played in beginner band were transferred to the advanced section.
Best Wishes are extended to Mrs. Florence Lennox, freshman home economics teacher. She has been in the hospital about three weeks.

S. Houston College Conducts Teacher Education Survey

HUNTSVILLE, Pa.—Are college students who prepare to teach weaker academically than those who plan other careers as some have questioned?

Dr. Hunter, Lake education courses as "grade point" courses. Do prospective teachers load up with "how to teach" courses and neglect "what to teach"?

Based on a recent study at Sam Houston State Teachers' College the answer is no to these questions.

Dr. Suiter Ryan, associate dean of the college at Sam Houston, reached this conclusion after an analysis of records of 894 students awarded bachelors degrees.

Teachers' certificates were earned by 372 of the graduates while 422 students did not choose to qualify for certificates.

Students preparing to teach excelled in grades earned in all course work with a 2.60 median grade point average on a four-

point system, compared to 2.15 for the non-teacher group.
The teacher group scored higher on the School and College Aptitude Test when they entered college. The teachers were in the 79th percentile and the non-teachers scored in the 68th percentile group.
Dr. Ryan selected four academic fields: biology, English, history and mathematics, and compared records.

The records show 133 graduated with majors in these four fields. Eighty-two qualified as teachers. Fifty-one did not qualify.

After comparing the two groups Ryan concluded:

1. The non-teacher group, on the average, completed only the equivalent of one three-hour course more in their major field than did the teacher group.

2. The teacher group had significantly higher entrance examination scores, higher overall grade point averages and higher grade point averages in their major fields.

3. Grade point averages in education courses (excluding student teaching) were slightly lower than in the students' major fields.

4. Students do not load up with "how to teach" courses. The credits earned in education courses average almost exactly the requirements of the state's standards.

Records of the 82 teacher graduates show:

1. Completed an average of 28.8 semester hours in their major fields.

2. Earned a grade-point average of 2.94 in their major fields.

3. Completed an average of 18.9 semester hours in education.

4. Earned grade point averages of 2.83 in education courses.

The 51 non-teacher graduates' records show:

1. Completed an average of 31.4 semester hours in their major fields.

2. Earned a grade point average of 2.64 in their major fields.

Dr. Ryan said this higher caliber teacher is being prepared at Sam Houston because of the state's program for teacher education and certification.
He said each college is made responsible for seeing to it that each teacher is well prepared,

Report Cards Handed Out

By CAROLYN SPRINGER

Thursday report cards were given out in class meetings.
All sophomores are urged to bring their dues as soon as possible so the order may be mailed for the best ribbons.

Schedule changes were completed this week and it is hoped everyone knows where he is supposed to be during all the classes.

The Stanton Buffaloes A and B basketball teams played host to Sonora Tuesday afternoon. The Buffaloes came out victors in both games. Later that afternoon the girls teams met McCamey. Congratulations go to our fine basketball teams.

The senior members of the student council have been chosen to serve as the nominating committee to help select the candidates to run for various duties of the student council for 1963-64.

The FFA boys exhibited their stock in the County Livestock Show last weekend. Many of them received ribbons and trophies for their stock. The stock they exhibited have been their projects for some time.

SHS would like to welcome its new teacher, Mrs. Jack Fryar. We are very glad to have you as part of our faculty.

Students!

'Taras Bulba' Spectacular Film Of Cossack Battle

Cossack Chief

Yul Brynner is starred as a Cossack chief in "Taras Bulba," which plays all this week at the Ritz Theatre. One might say the actor was type cast for this role—he claimed long ago that he is half Mongol.

Women In His Work

Efreim Zimbalist Jr. faces the four women in his life in this scene from "The Chapman Report," which allegedly is based on the workings of Kinsey-type sex surveys. The film may be seen through Tuesday at the Jet Drive-In Theatre.

"Taras Bulba" spells Spectacular with a capital "S." The spelling might also be "S."

Insiders here it that the economies of Hollywood will preclude many more costly spectacles, and "Taras Bulba" may be one of the last of its kind. It may also make a lot of money.

So the producers see the dollar sign from both ends of the scope.

Yul Brynner is cast in the movie's title role. He is a part-legendary historical figure who played a minor but bloody role in the development of that peculiar race known as Cossacks (or, Kazaks, if you want to be more correct).

The Cossacks originally were made up of exiled Russians driven out by the Grand Dukes of Moscow, forerunners of the Czars.

These men were a mixture of political prisoners, criminals, freed slaves, and misfits—in many ways akin to American frontiersmen. Other nationalities joined them, particularly Poles and Ukrainians, although the language remained Russian.

Women were few along the Russian frontiers, however, so the decimated Tartar tribes were raided and bargained with for wives. The result was a highly mongrelized race that remained half savage, half civilized, moving ever eastward into Siberia—rebellious, tight-knit, and full of fight.

The rise of the Cossacks was made possible by the breakup of the conquering Tartar (Mongol) legions which previously had enslaved Russia, and the development of guns, which Tartars did not have.

In "Taras Bulba," the Cossacks are portrayed more like the Tartars they conquered than Russians—or Cossacks. The Tartar costumes, plus use of Argentine horsemen with their darker skins, leads one to believe that the Cossacks (or the Tartars) were of Asiatic origin. The Tartars, however, were descended from Nordic invaders who came out of Teutonic territory. One such tribe, called Russ, settled down in Slavic country and built a village called Moskva, while others gave rise to the Mongols, Tartars, Persians, Turks, and Hindus.

Taras Bulba was the leader of a band of Cossacks that got involved in a war with the Poles. The movie centers on his legend. There is not much in the way of story or plot, and little room is left for deep characterization. "Taras Bulba," however, makes up in blood and thunder and other spectacular ingredients what it might lack otherwise. Filmed in Argentina with the aid of gauchos, there are many scenes of

Hearty Mates

Alec Guinness and Dirk Bogarde have differences of opinion over how a ship's crew should be handled, in this scene from "Damn the Defiant," but their argument becomes academic when the crew mutinies. The film returns Saturday to the Jet Drive-In Theatre.

13 West Street

Alan Ladd and Dolores Dorn are co-starred in "13 West Street," new shocker-drama from Columbia playing Saturday at the Jet Drive-In Theatre. Also starred is Rod Steiger.

because it was badly named ("Man Crazy," if anyone remembers).

Brand came out of World War II as the fourth most decorated soldier, having served in the Commandos and the Rangers. He later worked in theatre, but his movie castings were mostly unfortunate.

Some Returnees Not Highly Rated

Among the returning films, "Voyage to the Bottom of the Sea" probably will not rate very highly, except for kids who like way-out science fiction that is short on science but long on fantasy. It stars Walter Pidgeon, which is a long comedown for him.

The Chapman Report" claims to be the inside story of how the Kinsey-type sex surveys operate and Dr. Kinsey's heirs should sue. It's just another gimmick to juice up the tired old formula for movie romances.

But Others Are Above Average

Scanning the playbill, however, we come across a few of high quality and good hackles descend.

Perhaps the best of these is "Africa Ablaze," which is "Something of Value" with a new name.

It is the film version of the Robert Ruark novel which was based on the Mau Mau uprising in Kenya Territory. Ruark's story was based on people he knew and events he was close to, and ripped the hide off the situation. The movie has only a bit less power than the book.

The story shows graphically how man's inhumanity to man will distort ideals into cynicism and love into murder.

An example of the film's powerful message was during its first run under the original title. It was in a Southern movie house, and the story got around to some revolutionists who were about to surrender to British authorities, only to be cut down in ambush by a tricky white settler possessed of a pathological racial hatred. When one of the Mau Mau, dying, cut down the bushwhacker, the audience cheered. They had groaned in disgust when the settler intruded upon what would have been

Scarface

Barbara Nichols gains attention from Neville Brand as Scarface Al Capone in this scene from "The Scarface Mob," opening Thursday at the Ritz Theatre. The picture is based on the story of Eliot Ness, government agent who helped smash the Capone mob.

a peaceful settlement of the uprising. For a white Southern audience, this was unusual.

"The Rack" is a brave attempt to put on film a subject that is difficult enough in a book—brainwashing. Paul Newman stars as a young lieutenant captured in Korea, brainwashed, and made to say things he shouldn't about Uncle Sam. The trial scenes try to delve into the why's and wherefore's of brainwashing, and succeeded about as well as the limits of the camera would allow. The result, while failing in its ultimate objective, nevertheless is well worth seeing.

Alec Guinness and Dirk Bogarde put a bit of history on film in "Damn the Defiant." The Defiant was much like the Bounty, in that British sailors had a harsh and unjust lot in the early days of His Majesty's Navy. Unlike their compatriots, however, the mutineers of HMS Defiant answered the call to arms when the Union Jack was in danger, instead of being off to the South Seas.

Guinness and Bogarde, as usual, give sterling performances.

—BOB SMITH

Knowland Sees GOP Strength

REDONDO BEACH, Calif. (AP)—Former U.S. Sen. William F. Knowland says the Republicans could lose the nation's two most populous states and still win the presidency in 1964.

The key, he says, is a strong Republican showing in the South.

LOS ANGELES (AP)—Actress Cathy Downs is suing industrialist Robert M. Brunson for separate maintenance, charging cruelty.

'Untouchables' In Film Version

What looks like a big movie is due this week. It is "The Scarface Mob," based on the novel, "The Untouchables," and produced by Desilu.

"The Untouchables," as a TV series, made famous the intrepid government agent, Eliot Ness, and has enjoyed great popularity. The movie version of the breakup of the Capone gang follows Ness through the adventures of the real man upon whom the semi-fictional character was based. If the movie sticks close to history, "The Scarface Mob" should make for exciting viewing.

Robert Stack is starred as Ness, with Keenan Wynn, always a sure bet for an excellent performance, as one of his helpers.

Neville Brand, as "Scarface" Al

Stamps In The News

By SYD KRONISH
 AP Syndicated Writer

Sierra Leone, a member of the British Commonwealth of Nations, has announced the issuance of 13 new stamps depicting various flowers found in this nation located on the west coast of Africa.

The name Sierra Leone was given to the country by a Portuguese adventurer, Pedro da Cintra, in 1462. He described it as "The Lion Mountains." Although it is principally an agricultural country, much of its wealth is derived from the production and export of iron ore and diamonds.

The flowers shown are the following: fireball lily, jina, gbo, stereospermum, black eyed susan, herseed, blushing hibiscus, climbing lily, beautiful grinum, blue bells, broken hearts, ra-pothi, blue plumbago and the African Tulip Tree.

scheduled for issuance July 24

President John F. Kennedy announced that the U.S. Post Office Department would issue an Eleanor Roosevelt commemorative postage stamp on Oct. 11, the 70th anniversary of her birth.

Mrs. Roosevelt becomes the first First Lady since Martha Washington to appear on a U.S. postage stamp.

Denomination and first-day city of issue have not been announced as yet. Mrs. Roosevelt died last November.

Mrs. Roosevelt will become one of two women to be honored on U.S. postage stamps in 1963. Previously the Post Office Department announced a commemorative for aviatrix Amelia Earhart.

Belgium has issued a set of five semi-postals depicting portraits of the Queens of Belgium. The honored monarchs are: Louise Marie, Marie-Henriette, Elizabeth, Astrid and Fabiola. The additional values on the stamps go to the Belgian anti-tuberculosis fund.

At a December stamp auction in New York, record prices were paid for the 4 cent and 8 cent Blush Paper of 1908. The 4 cent orange-brown on Blush Paper cataloging for \$1,400 old for \$1,900 and the 8 cent olive-green cataloging for \$1,300 went for \$1,550. The stamps were part of the collection assembled by the late Harold G. Duckworth of Springfield, Mass. The entire sale of various stamps realized a total of \$130,425.

Kiwanis Club Committees Named For Pancake Supper

Bob Bradbury, general chairman of the annual Kiwanis Club Pancake Supper, announced his committees Thursday. The pancake supper, a tradition with the local club, will be served Feb. 15 from 5 to 8 p.m. The place will be the Howard County Student Union Building.

Tickets have been placed in the hands of all Kiwanians. The price is 75 cents for adults and 50 cents for children.

The menu will be pancakes, bacon, butter, syrup, coffee or milk. A ticket entitles its holder to eat all of the pancakes he wants.

Lewis Newell, ticket chairman, said that he hopes Kiwanians will sell all of the tickets allotted to them before Feb. 1. The biggest part of the customers at the annual dinners buy tickets in advance. However, tickets will be sold at the door.

Profits from the supper are used for the club's work with underprivileged children.

Bradbury said that Jack Roden will head up the procurement committee. Bill Edgar, Sam Blackburn and Bradbury will handle

publicity.

The famous pancake recipe of Jack Atkins will be used again as in past suppers. Atkins will direct the preparation of the mix. Robert Stripling and Earl Stovall will be his assistants. Pancake cooks will be headed by Harve Clay, a veteran at this post. His aides are Wendal Parks, Frank Rice, Bradbury, Sherman Smith, Bob Travis, Roscoe Newell, Earnest Welch, and Ladd Smith.

Bacon cooks will be under the direction of DeLaine Crawford. He will be helped by Stanley Tropashka, Bill Jay, Neil Hohenstreet, Sam Fuller, Ervin Fisher, Ed Corson, Stanley Ballou, Joe Ackery, Jim Thompson, S. T. Bogan and Ewing Werlein.

Bacon servers are Jack Alexander, Soc Walker and J. C. Pickle. Milk committee is Rev. V. Ward Jackson and Col. George Franks. John Coffee heads up the coffee committee. Bill Pool is to be his assistant. Jay Banks is chairman of the syrup and butter committee. John Stanley and G. G. Morehead will lend him a hand.

Walter Eubanks is chairman of the table hoppers. Members of this

committee are T. B. Atkins, John Bennett, Elmer Boatler, Stanley Bogard, Dr. Roscoe B. G. Cowper, Jack Davis, Bruce Dunn, George Thorburn, Merle Stewart, H. W. Smith, Dr. W. B. Sanders, Robby Robertson, Horace Reagan, Blackburn, Bill Eysen, Norman Furlong, Dr. W. B. Hardy, S. A. Waits and Charles Smith.

Newell and Bill Johnson will sell tickets at the door. Nat Shick, Clyde Hollingsworth, and Bill Mead will form the reception committee.

Navy Team To Visit Here

A specially trained team from the Dallas Naval Air Station will be on the campus of Howard County Junior College offering information to students concerning the Navy's Aviation Training Programs Feb. 11.

The Navy currently offers three programs of flight training, all leading to a commission. The NAVCAD - Naval Aviation Cadet program is open to men who have completed 60 semester hours or 90 quarter hours of collegiate work. Persons selected for the program will receive commissions and Navy "Wings of Gold" upon completion of 18 months of flight training.

The AOC - Aviation Officer Candidate and NAO - Naval Aviation Observer programs are restricted to men who have completed four years of college (120 semester or 180 quarter hours) and have attained a degree. The AOC and NAO will be commissioned after only 16 weeks of pre-flight training.

Age limits are 18 and 25 years for the NAVCAD program and 19 and 28 for the AOC - NAO candidates must be between 19 and 27½ years old but veterans may add one month to the age limit for each month of active duty up to a maximum age of 30½.

Thursday Is Final Day Of Local School Census

The closing date for registration of children of school age for the 1963 census is only four days away. Dan Conley, school census trustee, urged all parents to get the information in as soon as possible.

Exams Scheduled For Youngsters

The Children's Service League of Midland is sponsoring a diagnostic clinic for cerebral palsied children Feb. 4th at the Midland Cerebral Palsy Treatment Center, 2111 W. Ohio, Midland, from 9 a.m. until 1 p.m.

Dr. F. T. Driscoll will be one of the examining orthopedic surgeons, assisted by pediatricians and physical speech and occupational therapists. There will be no charge for this examination.

College Loan

WASHINGTON (AP)—A \$844,000 loan to Paris, Tex., Junior College has been approved by the Community Facilities Administration. The money will finance two dormitories and a student center.

sible if they have not done so already.

All children who will become six years of age on or before Sept. 1, 1963 must be counted. In addition, all children born between Sept. 1, 1945 and Sept. 1, 1957 must be registered for the census.

We are not permitted to take any names after Jan. 31," Conley said.

To date few persons have showed up at the public schools in Big Spring to fill out the census forms. Even fewer have called the Administration Office to turn in the information. However, most census blanks sent out with school children have been returned, according to a check with local school principals.

Parents with children who must be registered may go to any school in the system to fill out the necessary forms. For the convenience of persons who cannot go to a school, the information can be taken over the phone by calling AM 4-7073 and the forms will then be mailed to the persons for signing.

The count was made earlier in private schools.

The census serves two purposes. First, it meets requirements of the Texas Education Agency. Also, it helps school administrators determine what the student load will be in the future, a necessity for efficient planning and spending.

Well, It's Better Than Warm Beer

DETROIT (AP)—It was so cold in Detroit last week that only five per cent of all the city's beer

trucks made deliveries, a brewery workers spokesman said.

"Icy roads are bad enough," said Ed Grzman of Local 38.

"But, the beer would freeze too," he added.

Economical **GAS** can help you

CUT

HOUSEKEEPING

COSTS

With costs continuing to climb, it's wise to examine every area of your budget for possible economies. You may find some expenditures unnecessary . . . others which could be trimmed by more careful planning. Two good ways to make substantial savings (and actually achieve superior results) are by cooking and drying with Gas!

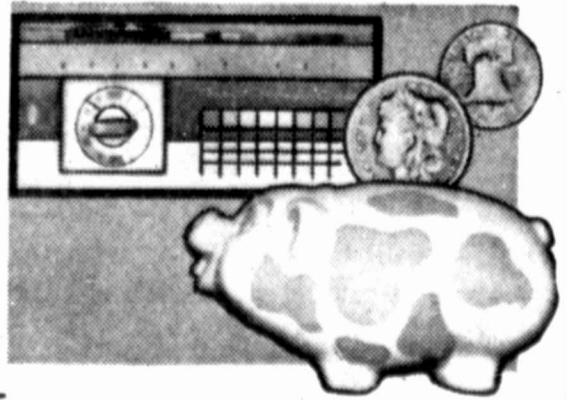

A GOLD STAR RANGE...

costs less to buy, install, operate & eliminates food and fuel waste; thermostatically-controlled burners prevent boil-overs and burning, measure the precise amount of heat for best results & broils and roasts meat with less shrinkage & keeps entire meals savory and serving-ready for hours in the OVEN-WITH-A-BRAIN.

A GAS CLOTHES DRYER...

starts working instantly, shuts off instantly to save you time and fuel & pampers all fabrics . . . helps clothes last longer & operates nine times more economically than the coil-type kind & saves you as much as \$24.72 a year in utility costs!
