

Star Lites

By Bill Ellis

JAMES ROBERTS IN THE ANDREWS COUNTY NEWS... Farming, more than any other business, is like rolling high dice at a craps shooter's convention.

And now that everybody and his neighbor is getting into the act on the sale of wheat to the Russians, farming should be considered a hazardous occupation.

The editorial 'we' has been used by newspapers since the founding of this nation but the past several weeks was the first time we have seen it applied to a farmer's harvest.

How did it suddenly become 'we' shouldn't sell 'our' wheat to the Russians? Does the wheat belong to the American consumer? Does it belong to the government? Does it belong to George Meany and the longshoremen?

Where were the 'we's' when the poor devil was standing out in the middle of his field, week after week, scanning anxiously the skies for possible rainbearing clouds that would moisten the field enough for him to get his seed into the ground?

Where were the 'we's' when the first small stand withered under the searing sun and the farmer wrestled with the agonizing decision as to whether to plow it up and replant or go with the poor stand?

Where were the 'we's' that late afternoon when the man and his wife stood at the edge of that south 160 acres and stared in shocked disbelief at the utter destruction. Twenty minutes earlier, a lovely, green, waving stand of 12-inch high plants had completely disappeared under the savage seven minute hail that had swept in from New Mexico and laid waste everything to the Caprock?

Where were the 'we's' when the cotton farmer walked out into the green field and noticed for the first time that the rich, ripe bolls appeared sickly on second glance and a closer look revealed that the weevil had bored all the way through and the entire crop was heavily infested?

Where were the 'we's' when the farmer hunted high and low—and in vain—for someone to help him and his wife and two teenage sons hoe the weeds that overshadowed the field despite the earlier application of expensive Treflan?

Where were the 'we's' earlier in the year at planting time when the price of milo, cotton and wheat were so low that despite his choice of what to plant, it didn't appear that even if he dodged all the perils of nature, that the harvest would bring enough to pay fuel, fertilizer, and seed expense much less his own labor?

And now that the wheat farmer has managed to raise a bumper crop, despite the adversity of weather, inflation and soaring fuel costs, suddenly everyone, suddenly all the 'we's' want to rush in and tell him who to sell to and for what price.

All of a sudden it's not the farmer's crop any longer. Now it's 'our' crop.

Jumpin' jeosophat? The farmer has a commodity for sale and at long last the whole world wants to buy it. Now, instead of storing it in expensive elevators, buyers everywhere are clamoring for it.

And as far as we are concerned, the American farmer ought to sell his crop to the highest bidder whether he be the American consumer, an Arab potentate, a Russian wheeler-dealer or a Ubangi native.

It is hard for us to visualize a Russian, an Arab, or a Ubangi native having more bargaining power, more purchasing power, more money to spend on food, than an American citizen.

But if the Russian citizen is more willing to pay the price of American wheat than is the American consumer, then we firmly believe that the farmer should be free to sell overseas.

It's his crop just as surely as it's the artist's painting, the manufacturer's sewing machine, the author's book, the designer's gown, the oil

pay the going price...do without! That's free enterprise!

LAST WEEK'S EDITION of the Friona Star carried a picture of Otho and Grace Whitefield in their bicentennial attire on our Thanksgiving paper. Only thing was, we forgot to mention that the couple was Otho and Grace.

We had a real cute caption figured out, had it all spaced out, but something happened to the caption and it was left out.

Our apologies to Grace and Otho, and to those of you readers who may not have recognized them—this will inform you as to who the nice couple was!

A BABYSITTER is a teenager who comes into a home to act as an adult while the adults are out acting like teenagers.

15 CENTS

14 Pages Plus Supplement

Marie Fleming Gains Grid Contest Lead

Jack Clark is wishing that the football games would come out a little closer to the way they were supposed to—especially after the last two weeks.

Clark, who led the Friona Star's contest for eight weeks, had a two-game lead a couple of weeks ago. Prior to last week's games, he was tied for the lead, and going into the final weekend of games, Clark found himself a point behind in the standings.

Marie Fleming did a fine job of gaining ground during the week, scoring a 15 during a week of several upsets, and climbing into first place in the standings with a 179 total.

Clark and Bobby Drake, who were tied for the lead a week earlier, go into the final week still tied, but a game behind Mrs. Fleming with a 178 season total.

Fred Barker, Jr., another of the contest regulars, had a good score of 14, and moved into third place, his highest spot this season, with a score of 177.

Don Fortenberry and Mike Smith are tied for fourth with scores of 176. A number of other contestants still have a good shot at one of the grand prizes. As usual, a list of leading contestants may be found elsewhere in this issue.

For the week, Raymond Auburg won first prize and a check for \$10.00 by correctly picking 16 games.

Auburg's only misses in the 20-game slate were Childress over Spearman, Ohio State over Michigan, Kansas over Missouri and Baltimore over Miami.

Donita Martin and Marie Fleming were the only contestants to pick 15 games right. Mrs. Martin won second place and \$6.00 on the basis of her tie-breaker score, which was six points off the actual score. Mrs. Fleming, who has finished "in the money" three times this year, took third place, only seven points off on the score.

Six contestants correctly picked 14 games. They were Mike Smith, Bobby Wied, Mal Manchee, Eune Martin, Mollie Kirk and Dale Cleveland.

The contestants are shooting for grand prize of two tickets to the Cotton Bowl game January 1 plus \$30.00 in cash. Second grand prize will be two tickets to the Sun Bowl Game and \$20.00 cash. Third grand prize is \$15.00 cash.

In case of a tie for one of the three grand prizes, tiebreaker scores will be used to break the ties, with the affected contestant's entry blanks being called up, and the tie-breaker scores tallied.

WIN PRIZES...Raymond Auburg, left, was first place winner, and Donita Martin won second prize in the 12th week of the Friona Star's football contest. Auburg shows Donita how he came to outscore her by a point for the \$10.00 first prize. Both of the winners are employed at Friona Consumers.

Project Xmas Card Ready To Kick Off

Modern Study Club announced this week that it would once again sponsor "Project Christmas Card," a program which benefits Parmer County Community Hospital, during the Christmas season.

Residents of the area are requested to bring their cards year to donate to the fund rather than mailing Christmas cards locally. Names of those contributing are published on a full page in the Christmas edition of the Friona Star, as a community-wide greeting each year.

Deadline for donating and being a part of the fund this year will be Tuesday, December 16.

Donations may be left at Friona State Bank. The club will also place containers at several local businesses, where residents may leave their donations.

Melba Allen, chairman of the project for 1975, says that once again the drive will be made for a specific item. Hospital administrator Elda Hart says the hospital can use a Coulter Counter, a lab instrument which checks the blood count. Cost of this piece of equipment is estimated at around \$4500, and the

drive will attempt to raise that amount.

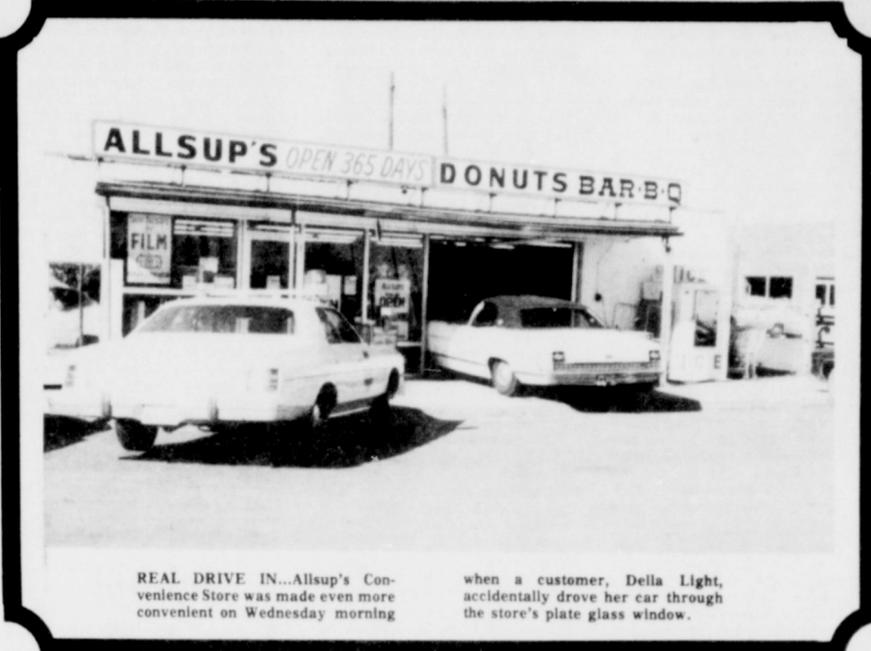

Bank Offers Free Portrait

Friona State Bank this week announced a special plan to provide a free family portrait for customers of the bank.

Customers are asked to call Friona State Bank at 247-2706 and make an appointment for their portrait to be taken by professional photographers. Appointments will be made in evenings and on weekends, if necessary, so that all family members may be present.

Within 30 days, those having their portraits made may return and take their choice of several poses for their free portrait. At that time, they may also purchase additional portraits, but customers are under no obligation to do so, it is pointed out.

"This is just our way of saying 'thank you' to our valued customers," said Robert Neelley, bank president.

REAL DRIVE IN...Allsup's Convenience Store was made even more convenient on Wednesday morning

when a customer, Della Light, accidentally drove her car through the store's plate glass window.

United Fund Tops Goal--Sets Record

The Friona Area United Fund drive for 1975 went over the top in a big way, it was announced this week by chairman B. K. Buske and co-chairman Charles Caudill.

As of Tuesday afternoon, the UF had received \$11,737.95 in contributions and pledges. This amount to 130 per cent of the 1975 goal of \$8,500, and represents new all-time records for the drive, both from a standpoint of amount collected, and percentage of the goal raised.

It marks the first time in the last few years for the UF drive to reach its goal.

Buske had wanted the drive to reach the top in a week's time, and on Saturday morning, November 22, following the Monday, November 17 kickoff, the drive had gone over the top by 30 per cent.

"We had more help this year than the UF drive had ever had before. We were able to see more people. Some 130 businesses were contacted this year, compared to only 58 last year. Several people contributed this year, in addition to the 'old faithful' supporters," Buske said.

There were three new agencies in the fund drive this year, and both Buske and Caudill expressed their desires to have all of the local charitable drives come into the United Fund Drive.

"This year, for example, the Cancer Drive could be paid more than it has raised on its own, if it had been a part of our drive. And there would undoubtedly have been a number of specially designated checks if the Cancer drive had been a part of the UF," he stated.

There seems to be more support this year for a "one drive" push. Residents, and businesses alike get tired of contributing to a number of drives throughout the year.

It was pointed out by the UF officials that based on the amount collected as of Tuesday, Friona's per capita giving for 1975 amounted to \$2.40, as compared to \$1.32 in 1974, and should rank Friona in the top ten for the state, in the category of United Fund donations, per capita.

The disposition of the extra 30 per cent collected by the drive will be at the discretion of the local United Fund board of directors. Buske and Caudill explained. The local board will decide what to do with the extra money collected over the goal. The decision will be announced in the near future.

The total announced Tuesday may be enhanced even further. Buske said there were still two rural areas that had not reported.

He praised the work of his zone chairmen and the rural chairman, Bob Welch. The rural area contributed over \$3,000 this year, which was an increase.

Also, United Fund officials were high in their praise of area industrial support of the drive, particularly Missouri Beef Packers, which donated \$500.00 from the company, plus individual gifts from employees.

UP A TREE...Blenda Eddins, left, daughter of Mr. and Mrs. C. V. Eddins, and Donna Bentley, daughter of Mr. and Mrs. Don Bentley, climbed a tree in order to

rescue a kitten belonging to one of the girls, and while they were there, they decided to enjoy the scenery awhile.

(Star Photo)

TOPS GOAL...The above group turned out last Saturday morning to paint the United Fund sign up to 100 per cent, signifying that the local drive had reached the top. Actually,

the drive went 'way over the top, hitting 130 per cent of the goal of \$8500.00. From the left are Jim Lovelady, Terri Welch, Wendell Gresham, Bob Welch, Dan Ethridge,

Charles Caudill, Eufaula Ethridge, Geneva Riethmayer, Joann Mills, (unidentified), Louisa Wilson, Charles Allen, Donna Carnes and B. K. Buske.

Friona Flashbacks ...from the files of The Friona Star

45 YEARS AGO—NOV. 28, 1930
C.R. Conway, Friona, architectural student at Texas A&M University, won award of mention on his entry in recent competition conducted by the Beaux-Arts Institute of Design, New York City. Conway entered design for "A Drawbridge in Mediaeval Times." Sixteen A&M architectural students were cited for their entries in recent competition of the Institute, two receiving award of first mention and fourteen the award of mention.

40 YEARS AGO—NOV. 15, 1935
Friona and the surrounding territory received a light fall of snow, beginning in the early hours of Monday morning and continuing intermittently until nearly noon. Considerable portion of the fall was in the form of fine hail and consequently did not reach a depth of more than half an inch, but produced about one sixteenth of an inch of moisture, most of the snow disappeared during the afternoon.

35 YEARS AGO—NOV. 29, 1940
It was the worst yet, of its kind, in the way of a storm, a rain, or a sleet, and it began sometime Saturday night and continued through Sunday and a part of Sunday night, in the form of either mist, fog, rain or fine hail, until about two and a half inches of real moisture had fallen all over the Friona territory, and the greater part of the entire Panhandle, judging from reports that have been coming in by radio, by car and by word of mouth. The trees were not the only victims of the ice tragedy, as the city was covered with broken and trailing telephone and electric wires, the telephone system having suffered the greatest damage, and will require many days to again restore them to perhaps, the greatest inconvenience to our people was the breaking of the electric lines, as that shut out all our light and power. This service was cut out before noon Sunday and the city was in a complete "black out" for four days.

30 YEARS AGO—NOV. 30, 1945
Workmen are nearing the completion of the building that is to house the office and cafe for the group of tourist cabins that have recently been erected by C.F. Loflin, on the highway. Reports, substantiated by visible evidence, are to the effect that at least four new residence buildings are in process of construction, with others rumored for the near future. Among those rumored are two new church buildings and a business building, probably within the coming year.

25 YEARS AGO—NOV. 16, 1950
Engineer "Red" Smith, who is handling the engineering problems for the city of Friona, was here Wednesday checking with local officials regarding early commencement of the waterworks and paving projects. Smith stated that he believed contract for the waterworks could be let by the middle of December, and that some firms already had guaranteed a 6-weeks delivery on the pipe when ordered. The bonding company is expected to have representatives here early next week to complete the board transactions, delivering the money to the city at that time.

20 YEARS AGO—NOV. 25, 1955
Dale Stowers, son of Mr. and Mrs. C.T. Stowers, was killed in an automobile collision late yesterday (Wednesday) near Guymon, Oklahoma. Details were meager at presstime, other than that the fatal accident occurred seven miles north east of Guymon on Highway 54, the head-on collision also killing two occupants of the other vehicle. Stowers, 20, had lived in Friona until recently. Mrs. Bertie Stowers of Friona is his grandmother.

15 YEARS AGO—NOV. 23, 1960
Mr. and Mrs. J.W. Baxter celebrated their 60th wedding anniversary Sunday afternoon, Nov. 13 at a reception in their home. The couple were married at Arapaho, Oklahoma November 15, 1900. They moved from Elk City, Okla. to

Friona in 1938. All seven children of the couple were present.

10 YEARS AGO—NOV. 25, 1965
Nine members of the Friona Chieftains' District 3-AA championship team were named to the all-district team, which was announced this week by district coaches. Two team members, Gene Weatherly and Bob Sims, made the team both ways, so that Friona had seven places on the two first teams, and four on the two second teams. Weatherly was a repeater from last year's first team. Named to the first team offense were end Travis Graves, tackle Gene Weatherly, guard Bob Sims and center Bing Bingham. Ray Braxton was picked to the first team defense along with Weatherly and Sims. Making the team offense were guard Bill Perkins, and halfback Joe Mabry. On thesecondteam defense were Bill Weatherly and Terry Fite.

5 YEARS AGO—NOV. 26, 1970
Five members of the Friona Chieftain football team were named this week to the all-district teams. Making the first team defense were linebacker Bill Bailey and corner back Wesley Clark. Safety Don Fortenberry and lineman J.V. Finley were listed as honorable mention. On offense, James Weatherly made the first team at guard. Bailey was listed as honorable mention at running back and Finley made the offensive team at tackle.

School Lunch Menu

Week of December 1-5
MONDAY—creole spaghetti, buttered English peas, hot rolls-butter, buttered beets, peanut butter and honey and milk.

TUESDAY—corn dogs, buttered corn, hot rolls-butter, English peas, cherry cobbler and milk.

Friona Receives Sales Tax Check

Comptroller Bob Bullock mailed checks totaling \$14.5 million to 670 cities and towns Friday, rebating their October city sales tax. Bullock said his office has rebated a total of \$223.7 million to cities collecting the sales tax so far in calendar 1975. During all of calendar 1974, he said, a total of \$233.7 million was rebated.

With a normal November and December, Bullock predicted city budgets will enjoy \$25 million to \$30

million more revenue from the sales tax this year over 1974.

The Comptroller said 154 of the total 824 cities collecting the sales tax will not receive their rebate until the end of the December quarter, because they fell below the \$500 cutoff for monthly rebates.

The City of Friona received a check for \$6,259.03 while the City of Bovina received a check for \$2,805.02.

Bookmobile Schedule

The High Plains Bookmobile will be in your area on the following dates:

Wednesday, December 3—Needmore, 9-10 a.m.; Stegall, 10:30-11:30 a.m.; and Threeway, 12 noon-2 p.m.

Thursday, December 4—Oklahoma Lane, 9-10 a.m.; Rhea Community, 10:45-11:45 a.m.; Friona, 1-1:30 p.m. and Hub, 1:45-2:45 p.m.

Friday, December 5—White's Elevator, 10-11 a.m.; Larbuddie, 12 noon-1 p.m.; and Clay's Corner, 1:15-2:15 p.m.

Saturday, December 6—Farwell, 8:55-11:50 a.m.; and Friona, 1-3:45 p.m.

Our family at
FRIONA STATE BANK
has a free gift for your family...

A lovely 8 x 10 Natural Color Portrait!

This lovely portrait of your entire family will be taken at our facility by professional photographers . . . And, like your savings account, this beautiful portrait will grow more valuable to you as the years go by!

All you do for your free portrait is call us at 247-2706 and make an appointment for your portrait sitting. These sittings may be arranged for evenings and weekends, so Dad can be there!

Within 30 days, you will be able to return and take your choice of several poses for your free portrait. At this time, you may purchase additional portraits at special low prices — but you are under no obligation.

Call today and take advantage of this free portrait offer . . . it's just our way of saying thank you to our valued customers.

One free portrait per family, please.

REMEMBERING...
By BILL D. BROOKS

Blacksmith Shop

Dad ran a blacksmith shop. It was located next to our house and so we kids practically grew up in it. There were so many fascinating things to see in the shop, things to hear, things to touch and fiddle with.

The coal forge was the first thing you noticed. Its blower roared, its orange-white fire would shoot hot sparks up at the roof and put out black smoke that hovered about in the rafters, settling there on wood already blackened.

Beside the forge was the slack tub, a large iron container filled with water. It was used for cooling hot iron and heat treating metal. Iron plunged under the water would hiss and send up white steam. The water would bubble and boil.

Across one side of the shop were all the motor driven machines. One motor powered all the pieces of equipment by means of a large, long shaft high up near the rafters, with various pulleys, wheels and gears on it. Long, flat belts ran from the shaft down to the machines. There were grinders, drill presses, and an awesome thing called a trip hammer. The trip hammer made a loud WHAP! WHAP! WHAP!

noise as it shaped a plow point or hammered two pieces of iron together for a "forge weld." The grinder would send bright orange sparks, first circling the stone then spraying out in all directions as high as the rafters and as far as the wall. There was the anvil on the huge block of wood with its hammer ringing as it struck. There were different types of tongs for handling hot iron. Hanging from the rafters were things blackened with soot from years of storage. Keep because someday they might be needed. There were sacks of fresh coal for the forge, work benches, tool bins and boxes and heaps of assorted junk, broken parts and discarded pieces. The place was like a wonderland of stuff for a young boy to build just about anything he could dream up. The scrap pile always yielded enough parts to devise some toy or add the finishing touches to some exciting new invention.

Since we had the only blacksmith shop for miles around, we got to meet most of the people in the community. Sooner or later everyone needed a blacksmith because, in those days new parts were seldom

bought. The old ones were usually repaired or rebuilt, or to just talk. They talked about the weather mostly. I guess because it was so important to them — the farmers and ranchers. They couldn't always pay for the work when it was done but Dad would do it anyway. He knew they would pay when the crop came in or when people stopped by each day, either to get something fixed times got better. Sometimes they would pay with a ham or bushel of fresh "roast-neers" or maybe by doing work on our farm.

It was dirty work and I'm sure it was hard on Dad but it was honest and it made us a living. It also taught me many things about tools and equipment and people that I have since found most helpful.

Accident Increase Predicted

Traffic accidents and deaths are going to increase in the next few weeks, according to Major C.W. Bell, Regional Commander of the Texas Department of Public Safety.

Traffic volumes will mount due to Thanksgiving and Christmas holiday traffic. Christmas shoppers will travel in large numbers. Both deer and quail season will be open and hunters will be out in large numbers. Football traffic will also continue to be heavy and travel to basketball games will add to highway traffic, said Bell.

Increased night time driving will add to the problems of the motorist. Speed too fast for conditions and the drinking driver continue to be the leading factors in accidents.

Major Bell said that DPS troopers investigated 1,095 accidents involving 569 injuries and 22 deaths in November and December of 1974 in the Lubbock Region.

Major Bell also reminds the Texas motorist to recognize hazardous weather conditions as a factor in causing traffic accidents. The driver should adjust his speed to prevent a tragedy.

Beats the weather!

Hybrid seed corn

You can't count on a perfect growing season so plant Weather Master. Emerges vigorously in cold wet soils, resists frost and drought, stands strong. Large root systems are shaped to penetrate deep as well as fan out near the surface.

For consistent high yields, plant Weather Master 4-way crosses... the sure ones!

Getting ready for holiday baking? Here's some good news from the USDA Marketing Service! The total pecan harvest is up 75 per cent from a year ago and prices are running slightly lower.

Nutrition studies show that pecans are an excellent source of calcium, phosphorus, iron protein, quality carbohydrates and vitamins A and B.

How many pounds of pecans in the shell does it take to make a pound of meats?

Here's the rule of thumb: 2½ pounds of good quality native pecans will yield a pound of meats (about 4 cups); 2 pounds of paper shell pecans of good quality will yield a pound of meats.

It is reported that pecans in the shell will keep fresh for about a year when stored at a temperature range from 32 to 38 degrees F., however, if you wish to pick out nuts in your spare time to have for the busy holiday season, then store the shelled nuts in a covered container in the refrigerator. They will keep fresh for about six months. Pecans become rancid unless properly stored.

Why not try something different with that Thanksgiving turkey dressing? Here's a recipe for pecan stuffing:

Turkey or roasting chicken
4 cups water
2 stalks of celery
1 peeled carrot, cut into ½ inch slices
1 small onion, cut into quarters
1 cup butter or margarine

2 cups thinly sliced celery
2 cups of chopped onions
½ cup finely chopped parsley
1 cup long-grain rice
4 cups of small torn cornbread pieces

2 cups of small torn whole wheat bread pieces
2 cups of pecans
2 cans (4 oz. each) mushroom stems and pieces, undrained
3 tps poultry seasoning
¼ teaspoon salt
½ teaspoon pepper

Combine turkey or roasting chicken, neck and gizzard, water stalks of celery, carrot slices and onion quarters in sauce pan, cover and simmer gently until gizzard is tender. Set aside to cool stock. Discard vegetables and neck piece. Cut gizzard into small pieces.

Melt ½ cup butter or margarine in fry pan. Add sliced celery, chopped onion, and parsley; cook over low heat until tender but not brown. Set aside. Brown unwashed rice in remaining ½ cup butter in fry pan or Dutch oven. Add poultry stock and enough water to make 3 cups liquid.

Simmer 10 minutes, stirring constantly. Combine in large mixing bowl the breads, celery-onion mixture, rice and stock, pecans, mushrooms, seasonings; mix well. Season cavity of bird with salt; stuff loosely with dressing; skewer and roast poultry as desired. Yields 12 cups stuffing.

Lola Goodwine's Services Held

Funeral services were held here November 17 for Lola Goodwine, 71, who passed away November 14 in Parmer County Community Hospital.

Born June 25, 1904 in Indiana, Miss Goodwine had been a resident of Friona for 66 years.

Funeral services were held in the Union Congregational Church, with Rev. David Plumb, pastor, officiating. He was assisted by Rev. Bobby McMillan of the Friona United Methodist Church.

Burial was in Friona Cemetery, under the direction of Parsons-Ellis Funeral Home.

Miss Goodwine had been a member of the Union Congregational Church since she was a child. She was also a member of the Friona Woman's Club and the Home Arts Club.

She was associated with Friona State Bank for 25 years, retiring in May of 1969.

Survivors include three sisters, Mrs. Nelda Bragg of Canton, Texas; Mrs. Floy Enochs of Hilltop Lakes, Texas; and Mrs. Margaret Price of Yuma, Arizona.

Two brothers also survive, Clyde Goodwine of Friona and L.E. Goodwine of Anaheim, California.

Miss Goodwine was preceded in death by her father, W.E. Goodwine in 1923, her mother, Minnie in 1943, and three sisters, Elsie Clennin (1918), Lucy Goodwine (1959) and Glee White, earlier this year.

LOLA GOODWINE

Pallbearers were Frank Spring, Charles Allen, Glenn Reeve, Sr., Earl Drake, James Cunningham and Ralph Wilson.

Squaws Drop Couple After Opening With Pair Of Wins

Cold Quarters Prove Costly

The Friona Squaws, after opening their season with a pair of wins, ran into a little bad luck the second week of their season, dropping a pair of games to stand 2-2 at the Thanksgiving break.

In both games played this week, the team was off to an ice-cold start, and it proved fatal in both games.

The team fell to Vega on Monday, 58-53, and on Tuesday was edged by Muleshoe, 44-41. Both games were played on the road.

In the Vega game, the Longhornettes jumped into a 16-11 lead after one quarter, and Friona just never could gain the upper hand. The Squaws played on even terms for the remainder of the game, but the early lead was too much for them to overcome.

The Squaws scored only six field goals during the first half, four by Rhonda Parsons. They hit only six of 16 field goal attempts.

Miss Parsons, a sophomore, had an outstanding game with 22 points, and Terri Patterson added 22 to tie for scoring honors.

"We didn't do the things we did in our first two games. We took only 36 shots from the floor. We just didn't play well enough to win," said Squaw coach Al Lemons.

The Muleshoe game was very similar, from Friona's standpoint. Muleshoe scored the first eight points, before Miss Parsons scored a pair of free throws to break the scoring ice for Friona.

The Mulettes then took a 12-2 lead before Rhonda scored a field goal to make the first quarter score Muleshoe 14, Friona 4.

The Squaws played on even terms in the second quarter, getting scores from Parsons, Terri Patterson and Myrna Phipps. Half-time score was 25-15, Muleshoe.

The Squaws began to click in the third quarter, and then in the fourth quarter, chipped away at the lead until with only 22 seconds remaining on the clock, they tied the score at 41-all on a shot by Phipps.

But the Friona rally was to no avail, as Muleshoe scored three points on Friona fouls, to pull out the 44-41 win.

Lemons indicated that the team was much too charitable against Muleshoe. "Christmas came early for Muleshoe," was his remark.

PROJECT CHRISTMAS CARD

For The Past Few Years PROJECT CHRISTMAS CARD
Has Been A Success And Again, For The Benefit Of Those
In Our Community Who Enjoy This Way Of Wishing Their Friends

MERRY CHRISTMAS

Between now and December 16, you may deposit to the Project Christmas Card account at Friona State Bank the amount of money you normally spend on local Christmas cards. Boxes will also be placed at other places in town. Names of depositors will appear in the giant Greeting in the Christmas edition of the Friona Star. This year, the money will go to purchase a Coulter Counter for the hospital lab which is expected to cost in the neighborhood of \$4500.

Your Participation Is Invited.

7th, 8th, 9th, Girls Win Two Of Three

Friona's freshman Squaws hosted a Muleshoe team last Monday night and came away with a 34-33 victory. Friona's first half shooting was as cold as the weather outside as they could only manage to put 14 points on the board. Renae Monroe and Vickie Smiley kept the Squaws close during the first half, but it just wasn't enough as Muleshoe went to the dressing room with a nine point lead.

By the end of the third quarter of play, Monroe and Varla Welch had brought Friona within one point. The momentum seemed to turn to Friona as they took a 2 point lead with 4:37 left in the game. During an exciting final four minutes, Friona held on to win 34-33.

7th Tops Muleshoe

After losing a one point season opener to Canyon, Friona's seventh grade Maidens came back to defeat Muleshoe by a 30-22 count. Although Muleshoe hit the bucket first, Friona came back with baskets by Myra

Veazey, Lynn Blackburn and Jaselle Malouf. Friona led 15-14 after a tight second quarter.

The Maidens outscored Muleshoe nine to two in the third quarter and then came up with a strong final stanza to take the win.

8th Grade Falls

Friona's eighth grade girls have run into some rough luck the first two times they've taken the court this year. They have been defeated by Canyon and Muleshoe with only one point separating the winners from the losers. Playing a close game against Muleshoe, forwards Shannon Parr, Karen Patterson, Sarah Mears and Dana Miller all had a hand in the first half scoring. Friona led 12-11 at the half.

It took a while for Friona to get their motor running in the second half, but stayed in the game and even led going into the fourth quarter, which saw Muleshoe sink some vital free throws to ice the game.

F HAS THE HARVEST SEASON BEEN GOOD TO YOU?

We hope so because you deserve the reward that comes from hard work. Your dollars, also deserve the security of a strong financial institution where they continue to grow at the highest rate the law allows with insured safety up to \$40,000.

Squaw Junior Varsity Falls At Muleshoe

The Friona Squaws junior varsity suffered their third loss of the 1975 season against one win at Muleshoe Tuesday by a score of 47-42.

The game was fairly close from start to finish. Although the JV Squaws trailed for most of the way, they did put on a spirited rally midway through the third quarter to take the lead from the home team, 32-31. But Muleshoe responded and regained control.

Muleshoe broke out ahead, and led by five, 15-10, at the end of the first quarter.

Cindy Smiley scored a basket, and Linda Nelson a free throw, as Friona pulled to within three at 21-18. Muleshoe then took a seven-point lead, but the battling Squaws held on, getting scores from Betty Rando and Donna McBroom, to go to halftime still down by three, 27-24.

Muleshoe opened the third quarter scoring, but two baskets by Miss Smiley and a pair by Miss Rando, while Muleshoe was scoreless shoved Friona out front for the first time, 30-29 and 32-29.

Interest Is Expressed In Talent Show

Considerable interest has been expressed by the public in a local talent show, which is being proposed by the Friona Kiwanis Club.

The club is interested in staging an amateur talent show, to be held in January, and is accepting entries for the show.

No entry fee is being charged. Those wishing to enter are requested to call 247-3114 or 247-3271.

Votes Due Monday In ASCS Election

Farmers are reminded of the Monday deadline for returning ASC committee election ballots to the County Agricultural Stabilization and Conservation Service Office at Farwell. Voters will elect three Committeemen and two Alternate Committeemen for each community in the county. Those elected will serve during calendar year 1976.

DECORATING TIME...City of Friona employees were busy earlier this week putting up the Christmas decorations down Main Street and Highway 60. The employees' job came at a brisk time, as

temperatures plunged early in the week to the lowest of the season, proving that the Christmas season can't be too far off. The above crew was working at the Main Street intersection with Highway 60.

PICKUP WRECKED....Bill Fallwell of Friona late Wednesday night, Fallwell apparently lost control of the vehicle and it crashed across a culvert on the Ross Terry property west of town.

Friona late Wednesday night, Fallwell apparently lost control of the vehicle and it crashed across a culvert on the Ross Terry property west of town.

For Rent

You're doing without a Zimmatic center pivot. Saving your hard-earned capital for other improvements. Don't want to borrow right now.

But it's costing you money every year you wait. Two ways. First, you're losing the extra crop production you get under irrigation. Second, inflation is at work. Boosting prices, dropping the value of your dollars.

Why not rent a Zimmatic under our new lease plan? Let the system pay for itself and put some extra money in the bank for you at the same time.

Our rental rate includes: You can include freight, installation, pump.

other "above ground" items in one flexible package, tailored to your needs. Why wait to irrigate? It's just costing you money. Call us today for details on our new lease plan.

Social Security Base To Increase January 1

Beginning January 1 the maximum amount of earnings in a year that count for social security will automatically increase to \$15,300-up from this year's maximum of \$14,100, Jose A. Martinez, social security field representative, announced recently.

Also, in 1976, the maximum amount that a social security beneficiary can earn and still get all his social security checks will increase to \$2,760. The 1975 figure is \$2,520.

People who earn more than \$2,760 in 1976 may still get some social security benefits, but every dollar they earn above \$2,760 may cause a reduction of 50 cents in their social security

benefits for the year. No matter how much they earn in 1976, they can get their full benefit for any month in which they do not earn more than \$230 (up from \$210 this year) and do not perform substantial services in self-employment.

These will be the second automatic increases to take place under provisions of amendments to the social security law passed in 1972 and 1973.

The social security tax rate, now at 5.85 percent of taxable earnings for employees and employers each, and 7.9 per cent of taxable earnings for self-employed people, will remain unchanged in 1976.

'Medicare Carryover' Provision Explained

Doctor bills for October, November and December may in some cases count toward the \$60 annual deductible for both 1975 and 1976 under the "carryover" provision of Medicare medical insurance, according to Jose A. Martinez, social security field representative.

Medicare medical insurance doesn't pay for the first \$60 in covered medical

expenses in a calendar year. "But, people who haven't had \$60 in covered expenses before October should be sure to send in all the bills for covered services they receive in October, November and December," Martinez said. "Any expenses you have during the last three months of the year can be counted toward your deductible for that year can also be counted toward the deductible for the next year."

The carryover rule helps people who might otherwise have to pay the \$60 deductible twice in a short period of time—at the end of one year and at the beginning of the next year.

Bills for covered medical services performed in New Mexico should be attached to a filled-out "Request For Medicare Payment" form and sent to The Equitable Life Assurance Society, P.O. Box 3070, Station D, Albuquerque, New Mexico 87110. If the services were secured in Texas, the bills would go to Group Medical and Surgical Service, P.O. Box 22147, Dallas, Texas 75222.

Teague Named Amarillo Mgr.

Comptroller Bob Bullock announced Friday he has appointed Bill Teague as manager of his Amarillo district office, effective Monday.

Teague, 49, is being transferred from the Comptroller's Brownsville office. "I've made the promise that I will turn the Comptroller's office into the best agency in state government," Bullock said. "To do that, I've got to start out with the best people. Bill Teague is one of those."

A retired 21-year Air Force veteran, Teague has an associate degree in government and took 110 hours as an accounting major at the University of Texas at Arlington.

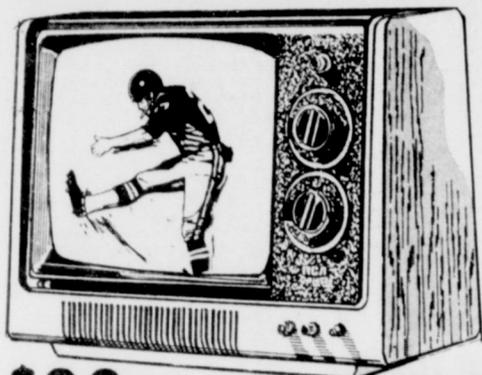

He and his wife, Charlene have two children—Ronald, 4, and Cheryl, 19, both living in Fort Worth.

Teague is a member of the Masonic Lodge and the Elks Club.

If you make butter the first ingredient on sandwiches, it will add to the moisture and flavor and help keep the filling from soaking into the bread.

HOMECOMING QUEEN AND COURT ANNOUNCED...The 1975 Homecoming Queen and her court at South Plains College in Levelland were named Friday morning, November 14 at the Homecoming pep rally. From left are Gayla Self,

daughter of Mr. and Mrs. Max Self of Friona, third runner-up; Linda Hernandez of Muleshoe, first runner-up; Crystal Moreland of Lubbock, Homecoming Queen; Melanie King of Post, second

runner-up; and Mary Marina of Morton, fourth runner-up. All candidates for Homecoming Queen were introduced at pre-game activities at 7:30 p.m. Saturday for the SPC Homecoming Game.

Cotton Producers Need To Check On ASCS Help

Cotton producers who have not already done so are urged to contact the Agricultural Conservation and Stabilization Service (ASCS) office to discuss the disaster section and other provisions and regulations of the current farm program as they relate to low yields from the 1975 crop.

The disaster section of the farm program provides that producers on farms having a low yield can receive supplemental income designed to partially offset crop losses or extremely low yields resulting from conditions beyond the producer's control.

Also, there is a provision for a weather adjustment in production records used for 1975 by ASCS to establish each cotton farm's future payment yields. Neither disaster payments nor yield adjustment is "automatic."

Producers must make application at their County ASCS office for a yield adjustment and/or payment. The application must be filed no later than 15 days after completion of harvest and before the crop residue is destroyed.

It is not necessary for producers to complete ginning and have production records on hand before

applying for low yield consideration.

The application may be filed at any time between now and 15 days after harvest. Production figures can be furnished later after the cotton has been ginned and warehouse bale weights are available. A determination of eligibility will be made after production records are furnished to the ASCS office.

"There is a danger that some producers may not apply for program benefits at the proper time and then learn later that their yields were low enough to qualify for a yield adjustment, a payment or both," says Prentice Mills, ASCS office manager.

Any cotton producer whose farm's cotton production is less than 90 percent of the program yield established for the farm should file for a yield adjustment. If the farm's cotton yield in Parmer County is below 57.29 percent of normal, he will also want to file for a disaster payment.

There are crop substitution rules and other details that requires an explanation for each farm. No two are alike. This is why it is so important for each cotton producer to visit with the people in his ASCS

CECIL GOLDEN

Pastor Is Named

Cecil Golden of Plainview has been named interim pastor at Friona's First Baptist Church.

Golden has served as head of the Modern Language Department and professor of Spanish at Wayland Baptist College since 1971.

A graduate of Samford University, Birmingham, Alabama, Golden is also a graduate of the Southern Baptist Seminary of Louisville, Kentucky. He received his master's degree in Spanish at the University of Alabama in 1963.

Mr. and Mrs. Golden served as Southern Baptist missionaries in Honduras from 1958-1965. They have four children, one son and three daughters.

AUCTION

Tuesday, December 2, 1975 -- Sale Time 11:00 a.m.

LOCATED: From Friona, Texas 1 1/2 miles South on Highway 214.

LEROY LUNDY & DALE WESTBROOK — OWNERS

\$200 CASH BACK AND YEAR-END PRICES ON '75 DODGE PICKUPS.

You can still get your pick of the pickups from Dodge!

YOU CAN GET A \$200 REBATE ON TOP OF LOW YEAR-END PRICES.

Based on Manufacturer's suggested retail price, a brand-new '75 Dodge costs less than a '76 Ford or Chevy. Retail customers get a \$200 rebate through November 30th on any two-wheel drive Dodge pickup from participating Dealers.

YOU CAN GET THE BIGGEST PAYLOAD IN THE BUSINESS.

A '75 Dodge D100 pickup carries more total weight than a similar '76 Ford or Chevy. 225 pounds more. Maximum payload is 2,537 pounds.

YOU CAN GET GOOD GAS MILEAGE.

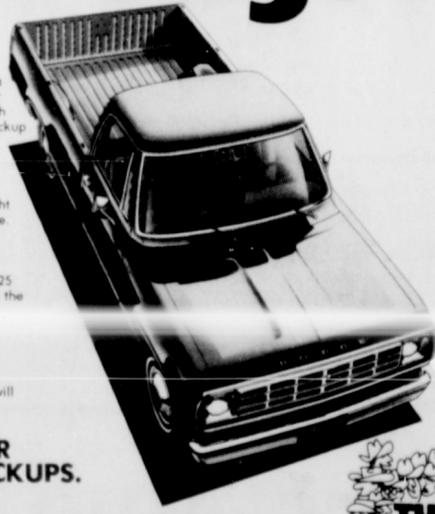

1975 EPA estimates show Dodge pickups with a 225 Slant Six engine get 26 mpg on the highway. 16 ft. hi.

YOU CAN GET A WIDE SELECTION OF '75 MODELS FOR IMMEDIATE DELIVERY.

Dodge builds 52 different kinds of pickups. One will suit your needs. But supplies of '75's are limited. So hurry.

SEE YOUR DODGE DEALER FOR THE PICK OF THE PICKUPS.

*Not included are state and local taxes, license and title fees, destination charge, and Dealer prep. if any.

DE STUDENT OF WEEK...This week's Distributive Education student is Debra Dorrell. Debra serves as vice-president of the DECA Club and is a senior at Friona High School. She is employed at Friona Industries Inc.

Home Arts Club Plans Brunch

Friona Home Arts Hobby Club met Thursday, November 20 at the Community Room of Friona State Bank.

The members made Christmas

decorations from old Christmas cards.

The group will meet on Monday, December 8 at 9 a.m. at the home of Mrs. T.A. Sherley. A brunch will be the highlight of the meeting. They will make plaster figurines and decorations and exchange gifts.

Members present were Mrs. Ida Adams, Bessie Boatman, Lorene Outland, Mary Dixon, Irene Sherley, Rosella Landrum, Camille Laceywell, Jewell Berry and two guests, Barbara Parrett, daughter of Mrs. Sherley from Knoxville, Tennessee and Eula Mae Madole of Clovis, program director.

Second Girl Born To Grimsleys

Mr. and Mrs. Jimmy Grimsley are the parents of a baby girl born Monday, November 17 at 7:59 p.m. in Parmer County Community Hospital in Friona.

She weighed eight pounds, five ounces and was twenty inches long at birth.

The new arrival was named Poppy Ann. She has one sister, Holly, two years old.

Grandparents are Mr. and Mrs. David Grimsley of Friona and Mr. and Mrs. Jack Gomez of Hobbs, New Mexico. Great-grandparents are Mrs. Theo Grimsley of Olton, Texas; Mrs. Ester Bomar of Springlake, Texas; Mr. and Mrs. Frank Debitetto of Columbus, Ohio and Mrs. Louis Gomez of Prospect, Connecticut.

Charles Rays Have Boy

Mr. and Mrs. Charles Ray are the parents of a baby boy born Monday November 24, at 2:32 a.m. in Parmer County Community Hospital.

He weighed eight pounds one ounce, and was named Chesley Ben.

He has one sister Brandy, 3 years old.

Grandparents are Mr. and Mrs. John L. Ray, Friona, and one great-grandfather, John W. Shelton, Floyd, Texas.

Town Talk

With Your News Item

Thanksgiving Day 1975 will probably be more special to all of us since we are observing our bi-centennial and are more conscious of the customs of our forefathers.

Many local people will be involved in family get togethers for this very special day. We will be eating turkey and dressing, ham, sweet potatoes, pumpkin pie and many other traditional dishes and will probably incorporate the colors red, white and blue in our decorations.

Probably the biggest difference in the way we observe Thanksgiving Day now and the way the Pilgrims did it will be our afternoon entertainment.

Can you imagine a group of those early Americans gathered around a television set watching a football game?

+++

At least one Friona family had an early family Thanksgiving gathering.

Early last week Frances and Buddy Fallwell were making plans and preparations for having "all the children and grandchildren home for the weekend."

Sarah Ann, the oldest of their children, and her husband, Jesse Lappin, and their three children, Jay, Buddy Keith and Mollie, live here. So does Bill, the youngest.

Then Larry and his wife, the former Vicky Ulen, live at Black. Terry and her husband, Randy Allmon, and their son, Cleve, live at Summerfield.

Living the farthest away, Hazel, planned to come from Fort Worth, where she is employed by John Peter Smith Hospital. Linda, an employee of Santa Fe, and Gary, who is employed by Iowa Beef, both live in Amarillo.

Gary and his wife, the former Boni Odom, and their two little girls, Dana and Allie, moved from a farm south of Hub to Amarillo several months ago so that Boni could complete her training at Northwest Texas Hospital School of Nursing.

+++

Tom Gee has been visiting his parents, Mr. and Mrs. J.T. Gee. Tom is a registered nurse and is employed in the Portland, Oregon area. He has been on vacation and visited friends and relatives over a large part of the middle west.

In Ann Arbor, Michigan, he visited with Jimmette McLean, daughter of Mrs. Pearl McLean and the late Jim McLean. They were classmates in Friona High School and she works with the youth of a church in Ann Arbor.

Then, of course, he visited with Owen and Linda Houston and children, Robin and Jay, in Lubbock. From there he went to Houston to visit friends and former

co-workers before returning to the Pacific Northwest.

+++

Jim and Amelia Sims Taylor have a new baby girl. They named her Amy Lynn for two of Jim's cousins, Kathy Lynn and Amy Sue Renner.

Kathy is teaching at Iraan and Amy works in Lubbock. Due to the distance between Friona and Iraan, it wasn't feasible for Kathy to come home the first weekend.

However, Amy drove up to take a look at their namesake. She also visited her parents, Ansel and Iona Renner.

Little Amy Lynn's grandparents are Mr. and Mrs. J.B. Taylor of Center, Colorado, and Mr. and Mrs. J.P. Sims, Hereford, all formerly of Friona.

+++

Surely some of our local hunters came home with deer from New Mexico. The only one I have seen was a big buck, which was killed by Donald Grabbe of Canyon. He is the brother of Mrs. Eric V. Rushing and brought the deer by for the Rushings to see.

Larry Fairchild of Adrian and V.R. Wilcox hunted in the Ruidoso area, but I've not heard a report on the results. Heard by the grapevine that Dr. Jon Mack Roden and maybe another Frionan or two joined Larry and V.R. at the Fairchild cabin.

+++

Word of the death of Mrs. Bill Hannold, the former Edith Galloway, of Wilcox, Arizona, was received in Friona late last week. Mrs. Hannold had been ill several years, but was able to make a trip here to take care of some business matters following the death of her husband a few months ago.

+++

Mr. and Mrs. Charles Russell apparently picked the right time to visit relatives in Denver last week. They came home Tuesday just ahead of the snow storm which closed roads in southeastern Colorado and northeastern New Mexico.

+++

During the ragtime years most people still got around in the horse and buggy—the automobile was considered a plaything of the rich.

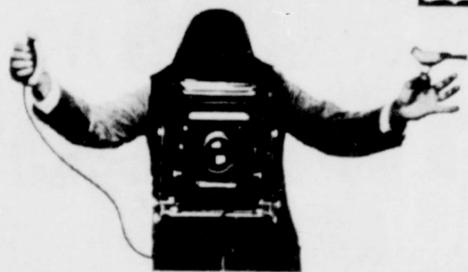

History plays funny tricks. Today everybody has an automobile, and when you get rich, you move out in the country and buy a horse.

+++

Mrs. E. S. White called this week to say that they had left out a list of hostesses on the Whites' 50th anniversary party.

Those helping were Florene White, Lillian McLellan, Faye Reeve, Ethel Bengler, Mrs. Corrine Shaffer, Thelma Jones, Lillie Taylor, Sue White, Juanita Reed, Lisa Edelman and Sharon White who entertained with music and singing.

The FRIONA STAR

CORNER CATCHER

The only center pivot in the world that hits the corners.

In a typical quarter section where a regular center pivot is irrigating 132 acres, you can now do about 150 acres. But the new Valley Corner System isn't limited to squares. Irrigate both ends of a rectangle. Irrigate odd shaped pieces of land too. It's the answer to getting valuable productive land that's been wasted, back under center pivot irrigation.

For flood irrigators, it's also the answer to automatic water and labor saving center pivot, without wasting valuable acres. No monitoring, no labor problems, no night work. But you have all the advantages of precise irrigation and fertilizer application through the system, that produces higher yields than ever before. It's a simple concept, precise in operation and engineered with quality of all Valley-built Center Pivots.

Reception Honors Lazbuddie Couple

~~~~~

Mr. and Mrs. Claud Heath

~~~~~

Bryce and Mrs. Callie Wood, all of Portales; Mr. and Mrs. R.B. Sweatt of Kress, Texas; Mr. and Mrs. John Warrick of Tucumcari, N.M.; Carl Bruegel of Dimmitt.

Also, Elvin Julian of Maple, Texas; Mr. and Mrs. Russell Harmon of House, N.M.; Cynthia Barclay of Ft. Worth, Texas; Mr. and Mrs. Oral Palmitier of Fields, N.M.; Mrs. Betty Mobley of Clovis; Mr. and Mrs. T.B. Cox, Canyon; Mr. and Mrs. Everett Cox, Vivian and Diane of Amarillo; Mr. and Mrs. Clarence Mason, Jack Julian, Mrs. George Poteet, Mrs. Tony Poteet and Lynn, Mr. and Mrs. Eugene Redwine, Mrs. Luther Ham and Mr. and Mrs. Bert Gordon, all of Muleshoe.

Attending from Hereford were Mr. and Mrs. Earl Warrick, Mrs. Lena Menefee and Mrs. Sam Long; from Friona were Mr. and Mrs. Dee Willard and daughters, Dena Jo, Gena and Tena; Mr. and Mrs. Everett McBroom, Mr. and Mrs. Charles Mercer, Mr. and Mrs. Pete Mimms, Mr. and Mrs. J.W. Gammon, Mr. and Mrs. Henry Ivy; from Dimmitt were Mrs. Donna

Williams, Mr. and Mrs. Fred Bruegel; from Lazbuddie were Leland Ivy, Mr. and Mrs. Wesley Barnes, Mr. and Mrs. Jim Daniel, Todd and Amy, Mr. and Mrs. J.T. Mayfield, Mrs. C.C. Graef, D.B. Ivy, Mr. and Mrs. Volley Hodges and Rev. and Mrs. Harvey Hudnall of Farwell.

Cordelia McClain and Claud Heath were married November 14, 1915 in the farm home of the bride's parents, Mr. and Mrs. R.M. McClain at Tribby, Oklahoma. An uncle of the bride, Rev. Don Ward, officiated at the ceremony.

The couple lived in Temple, Oklahoma for the next two years, until after the birth of their daughter, after which they moved to Shawnee, Oklahoma where they made their home for many years. In December of 1925 they moved to Lazbuddie and made their home in that community for one year before moving back to Shawnee where they lived until 1931. In 1931, they moved back to Lazbuddie and have made their home on the same farm since that time.

Mr. and Mrs. Claud Heath were honored with a reception on the occasion of their 60th Wedding Anniversary on Sunday afternoon, November 16 at their farm home in the Lazbuddie Community.

Hosting the reception was the couple's only child and her husband, Rev. and Mrs. Harvey Hudnall of Farwell. Assisting the Hudnalls were their daughters, Mrs. Sue Harmon, who made the cake and the mints, Mrs. Nancy Carol Warrick and Mrs. Janell Jordan.

Guests were greeted and registered by Mrs. Hudnall. Presiding at the serving table were Renee Warrick and Brenda Harmon, the only great-granddaughters of the Heaths. They have five great-grandsons.

Centering the serving table, which was covered with white lace over purple, was an arrangement of orchid carnations, baby's breath and greenery surrounding the numbers "60th" in white. Flanking the floral arrangement was the three tiered white cake spaced with columns and decorated with white and orchid roses with wedding bells on top, a silver coffee service and punch bowl. Mints, nuts and frosted orchid punch were served on crystal appointments.

The white napkins were imprinted with the words, "Ma and Pa, November 14, 1975" in orchid.

Mrs. Heath wore a corsage of white carnations edged in orchid and a purple ribbon. Mr. Heath wore an identical boutonniere. The hostesses wore corsages of orchid carnations with white ribbons.

During the day, telephone calls of congratulations were received from the Heath's only grandson, Mr. and Mrs. Wayne Hudnall and Eric from Honolulu, Hawaii; Mrs. Heath's brothers, A.C. McClain of Shawnee, Oklahoma and Spence McClain of Baton Rouge, Louisiana. The couple received several gifts and cards from several states.

Those attending were Mr. and Mrs. Jessie Wright of Oklahoma City and Mrs. Lorena Wright of Longview, Texas, both nieces of Mr. Heath; Mr. and Mrs. M.A. Cox of Farmington, New Mexico, Heath's sister; Mr. and Mrs. Jimmy Jordan and Justin of Farmington; Mr. and Mrs. Johnny Warrick, Renee and J.W. of Lubbock; Mr. and Mrs. Robert Harmon, Bob, Brenda and

Principal Releases Junior High Roll

LARRY E. ANTHONY...Elzie Jenkins, Regional Vice President of Cal Western Life announced recently that Larry E. Anthony has broken all records for first year agents with the Fort Worth Agency of Cal Western. Larry has exceeded past records with over one million of volume in less than one year of service. Anthony was recently honored by the Great Southwest Association of Life Underwriters as the Rookie of the Year. Larry and his wife, Rebecca, reside in Arlington, Texas. He is the son of Mr. and Mrs. A.W. Anthony Jr., of Route 2, Friona.

The first quarter honor roll was released this week by Cecil Maddox, Friona Junior High School principal.

Having All A's were:
EIGHTH GRADE—Kylie Barnett, Jamie Fuks, Sonya Gore, Joel Hight, Sarah Mears, Dana Miller, Rod Owen and Gary Wright.

SEVENTH GRADE—Cindy Alexander, Lynn Blackburn, Kipi Fleming, Margaret Ramirez, Mike Schueler, Dana Smith and Myra Veazey.

SIXTH GRADE—Kim Barnett, Jim Mabry, Jay Norsworthy and Amber Smith.

FIFTH GRADE—Patty Hinton.

Students with All A's and 1 B were:

EIGHTH GRADE—Robert Alexander, Tony Castaneda, Milton Dixon, Sharla Duggins, David Fleming and Pepper Weatherly.

SEVENTH GRADE—Kelly Caudill, Tim Mercer, Janette Reed,

Rick Roden and Dianna Wright.

SIXTH GRADE—Sammie Adkins, Christy Benge, Angie Castaneda, Winfield Davenport, Andy Fleming, Sunny Horton, Trent Johnson, Bonnie Lunday, Chris Mabry, Gwendolyn Maurer, Rene Noland, Greg O'Brien, Shawn Osborn, Oralia Rodriguez, Christie Wiseman and Beverly Wright.

Streaking Chiefs Run Basketball Mark To 4-0

DEDICATION....A dedication ceremony for the recently completed dam on Running Water Draw north of Clovis was held on Tuesday of this week. A number of dignitaries, including US Senators Joseph Montoya and Pete Domenici of New Mexico, representatives Harold Runnels and Manuel Lujan, Llet-

ant governor Robert FERGUSON OF New Mexico, and Ed Thomas, assistant administrator for the Soil Conservation Service, Washington, D.C., were on the program. The Clovis dam site was completed about a year after a similar dam on the draw was finished near Bovina (SCS Photo)

Junior Varsity Boys Win One, Lose One

Friona's junior varsity boys won their second game and lost the third of the season to give them a 2-1 record.

On Friday, November 21, they met Cooper here and won by two, 48-46. Cooper took the lead 4-0, but Cliff McLellan put Friona on the board with 4:27 left in the quarter.

Koty Kothmann tied it at 6-6 but again Cooper went ahead. Friona took their first lead, 11-10, with 46 seconds left on a basket by Kothmann.

Cooper again took the lead and led until Edward Castillo gave Friona a tie at 15-15 with 5:31 left in the first half. Friona never trailed in the game after this and led by 14, 43-29, with 1:19 left in the third quarter.

In the next eight minutes Cooper made 17 points while Friona could only manage four and they trailed by 1, 47-46 with 1:19 left in the game. Friona scored a free throw with one second on the clock for the 48-46 win.

Monday, November 24, the junior varsity went to Vega and lost their first game of the season 60-52.

Friona never led in the game, but tied it twice, 37-37 with 7:42 left in the game and 39-39 with 6:18 left.

This game saw lots of action from the free throw line with 51 fouls being called, 28 on Friona and 23 on Vega. Friona went to the line 26 times making 12 and Vega went 31 times making only 10.

Vega out shot Friona from the field 25-20. Vega's longest lead of the game was 16 points, 28-12 with 2:42 left in the first half.

Friona made 11 points before Vega scored again and trailed by only 5, 28-23 with 7:50 left in the third quarter.

The surprising Friona Chieftain basketballers won a pair of games early this week, to run their season record to 4-0 for the young season.

In spite of a frigid shooting performance at Vega on Monday, the team pulled out a 47-43 win in overtime, and then followed that up with a sparkling performance at Muleshoe Tuesday night, thumping the Mules, 60-48.

At Vega, the Chiefs were off to a sparkling start, leading 16-8 after a quarter, and 32-16 at the half. But in the third quarter, the team really went cold.

"We were as cold as the weather outside. We couldn't hit a lick," stated Chieftain coach Larry Dyess.

Dyess said Vega changed its defense for the second half and shut off the team's inside attack, and the Chiefs couldn't hit from outside.

Friona went five minutes of clock time without scoring, and that allowed the hometown Longhorns to catch up. The Chiefs scored only eight points the entire third quarter.

Friona managed just one field goal in the fourth quarter—by sophomore Jeff Whiteside, and Vega completed its catchup job, tying the score at 44-all and sending the game into overtime.

About a minute into the overtime, Whiteside scored for the Chiefs to put them back on

top, 46-44. Friona then went into a delay game. Vega got the ball, but missed its shot. Mark Neill was fouled just before the buzzer and scored one of two free shots for the final margin of 47-44.

At Muleshoe, the Chiefs had what Coach Dyess called "About our best game."

The team was off to another great start, taking quarter leads of 14-8 and 31-18. This time, however, they kept their good play up during the second half.

Roy Smith, who was real "hot" in the first half with 14 points, suffered a sprained ankle just as the second half started, and missed the rest of the game.

Dyess said the ankle was sprained pretty severely, and Smith would need to stay off the ankle for a few days.

The team got another game of good scoring balance. David Barnett scored 17 points, Mark Neill 16 and Smith 14 to pace the offense. And Dyess said the team played better defensively than it had all year.

"I'm just thrilled to death at the way the kids are playing. They have done everything I've asked of them, and then some. Our young players have been a pleasant surprise," Dyess said.

Every player on the team saw action in the Muleshoe game.

JV Falls At Muleshoe For 2nd Loss

Friona's junior varsity boys lost their second game of the season, 52-44, at Muleshoe, Tuesday, November 25, leaving their record at 2-2.

Friona took the lead early in the game and kept this lead until the Mules went ahead 34-33 with 7:21 left in the game. From this point on the game was tied 3 times and changed hands twice with Muleshoe taking the lead to keep it at 41-39 with 5 minutes left.

Friona's longest lead of the game was 13 points, 25-12 with 1:21 left in the first half.

Muleshoe's longest lead was 8 points, which they held twice, 50-42 with 37 seconds left and the final score.

"I'd rather explain higher gas bills than why you don't have gas."

Your natural gas bill is higher. And, you have every right to know why.

One reason is lower temperatures brought on by winter.

The main reason, however, is simply that you are paying more for natural gas. Because we are paying more. This chart shows how much:

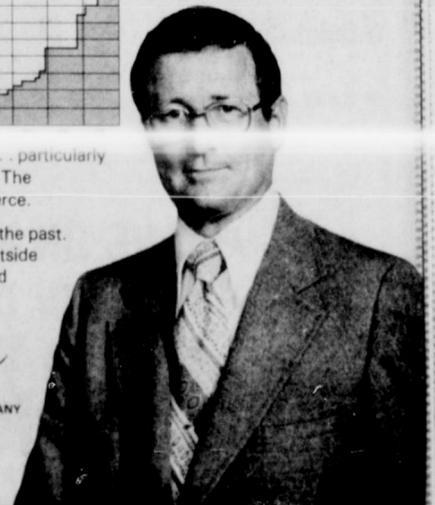

This increase hurts both you and Pioneer. It adds to your bill and to our cost... a cost for which Pioneer is not entirely compensated. It is passed through without mark-up or additional charges.

Why does gas cost more? Competition... particularly from petrochemical and other industries. The competition for gas has never been so fierce.

We will have to pay more for gas than in the past. But by working together, and without outside interference, you'll have the gas you need today and in the future.

With inflation continuing to out-pace Social Security benefits, it seems nearly everyone would have to be included in a private pension plan. How extensive is this involvement?

An estimated 30 million persons, nearly one-half of the private nonagricultural labor force in the U.S. were enrolled in about 300,000 private pension plans having total assets of approximately \$150 billion as of 1972. With the rate of increase continuing, by 1980, the figures will be 42 million people, 500,000 plans and \$225 billion in assets. The HR-10 and IRA plans are particularly applicable to self-employed individuals, with or without employees. Prime examples being professional men, service-oriented businessmen and farmers and ranchers.

Basketball Teams Sweep Cooper Pair

Friona's Chiefs and Squaws scored a pair of wins against tough teams from Lubbock Cooper here last Friday. The Chiefs were impressive in their second straight win, 75-53, and the Squaws showed a lot of character by coming from behind for a thrilling 56-50 win.

The Cooper girls are coached by Don Watkins, former coach in the Friona Junior high system.

The Chiefs never trailed in their battle with the Pirates. Jimmy Murphree gave Friona a 2-0 lead with a layup only ten seconds into the game. Cooper managed to tie the score at 2-2 and 4-4. Mark Neill untied it for Friona with a tip-in with 6:40 left in the opening period, and the Chiefs were never caught again.

Some good shooting by Neill and David Barnett paced the team to an

18-9 lead at the first quarter buzzer.

Roy Smith hit a hot streak for the Chiefs as the second quarter got untracked. He started the scoring with a jump shot from outside for a 20-9 lead, and hit successive baskets to give the Chieftains leads of 24-10, 28-14 and 30-14, the latter score coming with 4:51 left. Friona scored 12 points in the first 3:09 of the second period.

The scoring pace slackened off somewhat during the remainder of the period, and it took a goal by Jeff Whiteside 16 ticks before halftime to enable Friona to regain a 12-point lead at 36-24.

Friona hit a scoring drought early in the third quarter, and Cooper trimmed the 12-point margin to six at 40-34 with 3:44 left in the quarter.

But Coach Larry Dyess called

time out, and calmed his players down, and they went out and played a more steady brand of ball. David Barnett got four straight baskets to push the Friona lead back to 12 points at 48-36.

The three-quarter score was a nine-point lead, 48-39.

The Chiefs put a little defense into their act to begin the final quarter. Smith stole the ball twice, and Whiteside a third straight time, all turning into easy layups for Friona, which stretched its lead to 56-39 only two minutes into the quarter, and put the game out of reach.

Barnett then hit another of his streaks, with six points, and Friona's lead became 60-43. Neill scored seven points in the quarter, including the last two free throws with two seconds left for the final margin of 75-53.

Barnett was impressive with 27 points, the second straight time he claimed scoring honors. Neill and Smith each scored 17 points.

The Squaws played catchup all night in their battle against Cooper. The visitors took the lead early, and had a 12-9 lead at the end of the first quarter.

Terri Patterson and Myrna Phipps scored some baskets to keep Friona close, but Cooper increased its lead to five at halftime, 22-17.

Cooper's lead became ten points as the third quarter began to unwind. The Squaws picked up their scoring tempo somewhat with 20 points, but Cooper clicked off 22 to take a 45-37 lead at the three-quarter mark.

Miss Patterson was the star for Friona in the final quarter. The Squaw defense turned in some timely plays, enabling Friona to cut the lead, and finally tie the game.

Cooper also committed a number of fouls, and every time they did it meant two points from Miss Patterson, who was deadly from the free throw line.

It marked the second time in as many games for the Squaws to come up with some fourth-quarter heroics, but this time, they had to come from behind for the win.

Miss Patterson, who had 38 points in her team's first outing, almost had a carbon copy with 36 points

against Cooper, and Myrna Phipps added ten.

Freshman Boys Top Muleshoe

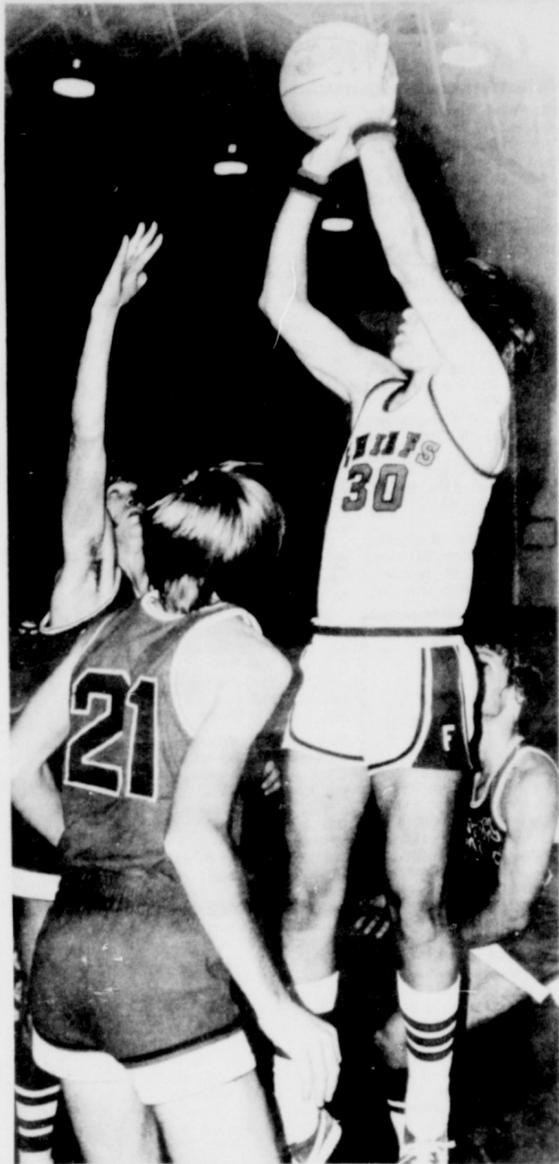

The freshman boys won their basketball opener over Muleshoe this week, 49-42.

Jeff Peak scored the first eight points for Friona, as the Freshman Chieftains grabbed a lead that became 14-6 at the end of the quarter.

However, Peak also collected three fouls during the quarter, and was in foul trouble early.

Kevin Kothmann picked up the scoring pace, and wound up as high point man with 16 points. Mike Hutson scored 12, and Peak, who fouled out, had ten.

Friona 9th	14	22	36	49
Muleshoe 9th	6	14	30	42
Scoring:	Kevin Kothmann 7-2-16;	Mike Hutson 5-2-12;	Jeff Peak 5-0-10;	Chris Barnett 3-0-6;
Leslie White 1-2-4;	Fred Garza 0-1-1.			

TWO POINTS COMING...About to score two of his 27 points against the Lubbock Cooper team last Friday night, David Barnett goes high in the air for his jump shot. The Chiefs

picked up their third win of the year Monday night at Vega. The Chieftains then romped on Muleshoe, 60-48, Tuesday night for their fourth win of the young season.

COME HERE BALL... Myrna Phipps (50) seems to be saying something to the ball as it enters the

hands of a Lubbock Cooper guard. Playing a strong second half the Squaws took the game 56-50.

Squaw JV Wins One, Loses One

The Friona Squaw Junior Varsity won their first game of the 1975-76 season last Friday night over the Cooper JV, 37-30. Then on Monday at Vega, the team led the Vega JVs for most of the game, before dropping a 44-39 decision.

Cindy Smiley scored a pair of baskets around a free throw by Barbara Rhodes in the Friday night game, to pace the Squaws to a 5-0 lead, and it became 11-0 before the visitors finally got on the scoreboard.

Betty Rando scored a pair of goals, Miss Rhodes another one, and Robin Zetsche a two-pointer as Friona roared to a 15-3 lead at the end of the opening quarter.

Misses Rhodes and Rando scored a pair of goals each as Friona increased its lead at the half to 25-12. The team pretty well coasted in for the win, as every player on the squad was able to see some action.

At Vega, Miss Smiley again got the team off and running with a 2-0 lead. She scored a pair of goals a little later to give the Squaw JVs an 8-3 lead. Linda Nelson added a pair of goals, and Friona had a 13-7 lead at the quarter break.

The scoring rocked back and forth in the second quarter, with the Squaw forwards sharing the scoring. Vega pulled to within two at 24-22, but Friona responded with a goal by Miss Rhodes for a 26-22 halftime lead.

The Squaws started the third quarter off on the right foot, and had a nine-point lead at 33-26 midway through. But Friona hung on 33 for more than five minutes of clock time, and that proved fatal. Vega

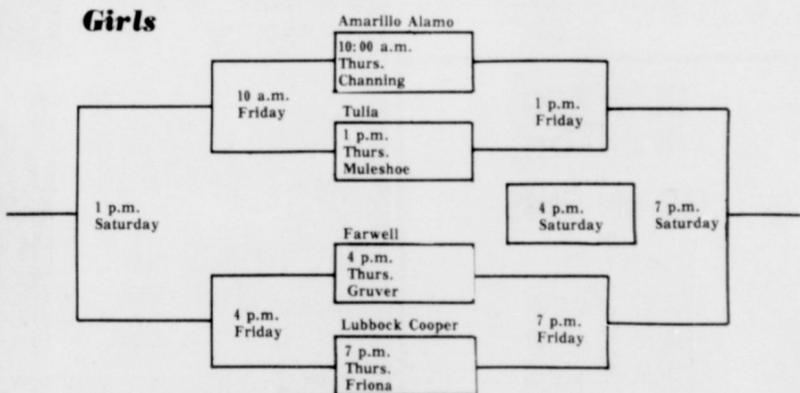

Miss Smiley scored a free throw with 13 seconds left to break the scoreless spell and tie the game back up for Friona, 34-all at the quarter mark.

Vega took a lead, Linda Nelson tied it at 36, when Vega went back ahead to stay. Vega was holding a three-point lead and forcing Friona to foul, and this accounted for the final margin of five points.

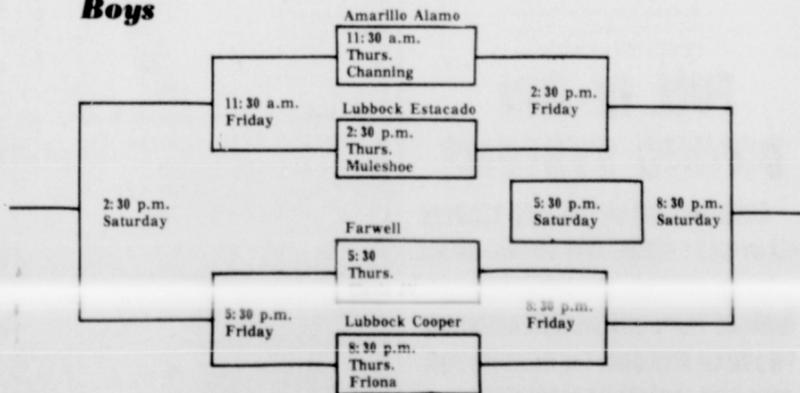

SQUAW JV	15	25	31	37
Cooper JV	3	12	18	30

SCS Report

This is the third and final article on crop residue management.
 This week I want to talk about the water and fertility holding capabilities of your soil. Soil that has all the organic matter removed has no way to hold water or fertility for growing plants.
 The soil that has no or very little organic matter takes water slowly or not at all. The water that is taken in sticks tightly to the soil particle and is not available to growing plants. The organic material in a soil with good levels of humus acts like a sponge. It soaks up the water and gives it up easily.
 A similar situation exists with fertility. One exception is in our higher lime soils. There is a chemical reaction between the fertilizer and the lime. This makes some of the fertilizer unavailable to the plants.
 The advantages of saving our crop residues on the surface are too numerous to count. Let's just say that residues are great for the soil.
 Surface management of our residues are also great for our pheasants, which we will be hunting in the next week or so.

If your blankets are badly worn, you can cut out the bad spots and combine what's left to make one big blanket, which can now be used for the warm interlining of a quilt cover.
