U. S. To Continue Push For Viet Nam Reforms

WASHINGTON (AP)—The United States intends to press firmly for policy reforms by the government of South Viet Nam even though it has evidently failed in its drive to oust strongman Ngo Dinh Nhu.

Nhu and his brother, President Ngo Dinh Diem, in separate interviews in Saigon Thursday displayed public confidence in the security of their positions.

The past two weeks Nhu had been the target of considerable criticism from Washington, the chief immediate complaint being that he was responsible for attacks on Buddhist temples and widespread arrests on Buddhist monks and nuns and demonstrating students who supported the Buddhist opposition to the Diem government.

CRISIS OVER

In an exclusive interview with The Associated Press in Saigon Thursday, President Diem said his government considers the Buddhist crisis to be a closed incident now and he predicted better relations between Viet Nam and the United States.

In a separate meeting with a number of foreign correspondents

Viet Nam Aid Ban Studied

WASHINGTON (AP)—Sen. Frank Church said today he may offer a resolution to shut off all American aid to South Viet Nam unless drastic reforms are undertaken by the Ngo Dinh Diem government.

Church, an Idaho Democrat, said demands for stern U.S. measures — including some for a withdrawal of American military advisers — were voiced at what he described as a briefing.

The two-hour closed briefing of the Far Eastern Affairs subcommittee of the Senate Foreign Relations Committee was conducted Thursday by Roger Hilsman, assistant secretary of state for far eastern affairs. Sen. Frank Carlson, R-Kan., said he also served notice on Hilsman that the American people are fed up with being "tied up with a dictator" in the Southeast Asian country.

Church told a reporter the briefing reflected "a deteriorating situation" in South Viet Nam growing out of the Diem regime's treatment of Buddhists.

"If we don't realize how shocked, indignant and aroused the people of the world are, we are losing all our perspective," Church declared.

Church said there were suggestions that unless the situation is altered, the United States should pull out its military and economic advisers.

"I am thinking of offering a resolution serving notice on the South Viet Nam government it cannot continue to rely on American help unless drastic reforms are undertaken," Church added. "This would backstop the administration in whatever strong measures are needed."

Carlson, in a separate interview, said he would support such a resolution.

"Unless there are drastic changes," he said, the administration "is going to have a difficult time getting foreign aid for South Viet Nam."

Sen. Frank J. Lausche, D-Ohio, the subcommittee chairman, told the Senate after the meeting Thursday he concurred with President Kennedy's recent statement that there must be a change of policy by the South Viet Nam government and possibly a change in personnel.

Big Enrollment

LURBOCK — Texas Tech is expecting more than 12,000 students for its fall semester. Orientation for entering freshmen will begin Sept. 16. Registration will be Sept. 17-19 and classes will begin Sept. 20. Opening this fall is a new residence hall for 808 women.

in the Vietnamese capital, Nhu who is head of the Vietnamese secret police, said he did not intend to retire.

Only three days earlier President Kennedy had said in a public statement that the government of South Viet Nam had "gotten out of touch with the people" and lacked the popular support necessary for it to win its war against Communist guerrillas. For years, the guerrillas have terrorized the countryside in a struggle to take over South Viet Nam.

U.S. officials had no immediate comment on the Diem or Nhu statements, which were being studied here with great care. But authorities said privately that Kennedy's statement in a television interview defined U.S. policy and that policy continues.

Early last week there was considerable confidence here that pressures then operating against the Diem government would result in radical changes in Saigon. There were persistent rumors of a possible coup by Vietnamese military leaders.

NO SECRET

U.S. officials generally made no secret of their desire to see Nhu removed from the government.

There apparently was some hope here that Diem would find some other position for his brother,

er, Nhu. Now, however, Washington quarters have concluded that there is no prospect of any top personnel change in the regime.

This undoubtedly means that Kennedy faces an exceedingly difficult task in getting the policy reforms he wants. And American officials in Saigon, including the new U.S. ambassador, Henry Cabot Lodge, may find the task of working with the Saigon government increasingly difficult and complicated.

The Diem government is dependent on the United States for its survival in the war against the Communist Viet Cong. That support is now running at the rate of more than a million dollars a day and includes the presence in South Viet Nam of 14,000 American military men.

Kennedy said it would be a mistake to withdraw U.S. military assistance, but he also said that without reforms the war against the Reds cannot be won. The implication for the future is that unless the Diem government changes its ways the United States will have to reconsider its support policy.

Many officials privately agree that Kennedy could not indefinitely back what he considered to be a losing fight.

♥ 10 8 3
♦ K Q 5
♣ K 10

The bidding:
West North East South
Pass Pass 1♥ 1♠
Pass 2♠ Pass 4♠
Pass Pass Pass

Opening lead: Six of ♣

Faulty technique led to declarer's downfall in today's hand. After two passes East opened the bidding with one heart. Holding nine cards in the major suits and 11 high card points he was fully justified in attempting to compete for a part score. South overcalled with one spade and when his partner offered a raise he proceeded to game.

Notice that North did not fall into the common error of bidding two diamonds which could only serve to confuse the issue. North's spade support is acceptable when it is considered that overcalls are rarely made on a suit which is not reliable.

West opened the six of hearts and the ace was played from dummy. The jack of spades was put thru for the trump finesse. East ducked the first round, but he covered the ten with the king and declarer played the ace as West discarded a club. A small diamond was led to North's jack, so that a finesse could be taken against East's nine of spades. One more round of spades finally exhausted East's trump holding.

South cashed the king of diamonds, but when East showed out it was revealed that the suit was hopelessly blocked. Declarer was obliged to overtake the queen of diamonds with North's ace in order to make a club play for his 10th trick. When the king of clubs lost to West's ace, South conceded a one trick setback.

Declarer committed his error when he led the first diamond to dummy's jack. Better technique would have been to play the king of diamonds from his hand and overtake with dummy's ace. If the suit divides three-two, he can afford to use up two honors on the same trick. The unblocking play gains when West has four diamonds to the ten. South subsequently cashes the queen and, when East shows out, declarer leads the spot card that he has retained, finesse North's nine and runs the suit. He takes five diamonds, five spades and the ace of hearts to score an over-trick.

"GOING STEADY"

"Steady dating" or "going steady" is one of the reasons given at the assembly in Iowa for the purpose of studying the problem of premarital pregnancies in our high schools.

It is pointed out that a boy and girl being constantly together, usually develop a husband and wife attitude toward each other, that overfamiliarity destroys barriers of modesty, and wrong ceases to appear wrong.

At the assembly one speaker said, "Most parents actively encourage or placidly accept going steady." He said, "Mothers are afraid their daughters will be wallflowers."

"Going steady" is not a Bible subject, but the Bible does tell us to "prove all things; hold fast that which is good" (I Thess. 5:21); to "abhor that which is evil; cleave to that which is good" (Rom. 12:9).

Better that our daughters be wallflowers than wallflowers. The same is true of our sons. There is no double standard.

By T. H. Tarbot, preacher, Church of Christ, 2000 West Highway 28, where you are always welcome. —Adv.

Pakistan Says It'll Remain Western Ally

RAWALPINDI, Pakistan (AP)—Pakistan has advised the United States it will remain a firm West ally against communism despite its recent economic, border and cultural pacts with Red China, high Pakistani sources said today.

They said the assurance was given to Undersecretary of State George Ball, who will report Monday to President Kennedy on results of his three-day mission to determine the drift of Pakistan's foreign policy.

The sources said Ball was told, however, that Pakistan plans no basic change in foreign policy to accommodate the United States.

JETPORT

They cited an air transport agreement Pakistan concluded with China and the United States' subsequent suspension of aid for a jetport at Dacca, East Pakistan.

They said Pakistan is not going to beg for aid at the cost of revising its foreign policy. The withdrawal of U.S. aid for the airport was not even mentioned in talks with Ball, the sources said.

They said Pakistan has no intention of entering into any military alliances with Red China.

At the same time, it was made clear to Ball that Pakistan will continue to oppose U.S. arms aid to India. Pakistan regards India as its real enemy and believes the American weapons being sent to help India ward off another Red Chinese attack ultimately will be turned against Pakistan.

Ball said his talks with President Mohammed Ayub Khan had given each a better understanding of the other's views.

NEXT MONTH

Z. A. Bhutto, Pakistani foreign secretary, who will confer with Kennedy in Washington next month, said he expected positive results from the discussions with Ball.

"I hope a better understanding of Pakistan's case will arrest the deterioration of Pakistan-U.S. relations," Bhutto said.

The sources said Ball was told that Pakistan believes communism is a threat to the West but no special threat to Pakistan.

Morse, Wallace Continuing Feud

WASHINGTON (AP)—In the imposed so far as they are concerned.

Immediately affected are about 50 dependents of U.S. military personnel who had been scheduled to go to Saigon. McCloskey said their trip is being delayed and the journeys of others are being considered on a case-by-case basis.

Texas Pilot Dies

MANILA (AP)—A pilot killed in an F100 jet crash at Clark AFB Thursday was identified by the Air Force today as Capt. Raymond Bishop of Seguin, Tex.

Wallace retorted in Alabama, "It is true that I am a little nervous as is the case of thousands of other veterans of our wars... To what does Sen. Morse attribute his condition?"

The governor confirmed that he is receiving 10 per cent disability "for a nervous condition caused by being shot at by Japanese airplanes and anti-aircraft guns in combat missions during World War II."

Morse was not immediately available for comment on Wallace's reply.

TRAVEL CURBS: As a precautionary step no American officials are being sent to South Viet Nam except those on essential business, and trips of U.S. dependents have been held up.

In announcing this Thursday, State Department press officer Robert J. McCloskey suggested American tourists stay away, too, although no formal ban has been

China Claims Soviet After Ore-Rich Area

TOKYO (AP) — Red China accused the Soviet Union today of trying to subvert a district government of its uranium-rich Sinkiang province and of stirring up trouble along their common border in 1960. It said thousands of Chinese were lured or forced into the Soviet Union and are still there.
Furthermore, the blast over Peking Radio charged that Premier Khrushchev in 1958 "put forward unreasonable demands designed to bring China under Soviet military control." These demands were not explained.

But Peking was more specific about what it says has been going on in Sinkiang, the remote province in northwest China where Moscow in 1950 won the right to exploit various minerals including uranium, used in the manufacture of nuclear weapons.
A Chinese language version said the Soviets admitted during the third preliminary judging of the Miss America pageant at Atlantic City. Miss Shopp also played marimba when she won title in 1948. (AP WIREPHOTO).

Presumably they would be used as a fifth column in Ili, once controlled by czarist Russia.
An English language broadcast, however, spoke of Soviet subversive activity in Ili and called it an example of "how the leaders of the Communist party of the Soviet Union have sabotaged Chinese Soviet unity."

In April and May 1962, Peking said in the English broadcast, "the CPSU Communist Party of the Soviet Union" used their organs and personnel in Sinkiang, China, to carry out large-scale subversive activities in the Ili region and "covered several tens of thousands of Chinese citizens into going to the Soviet Union."
It said Peking lodged repeated protests but that Moscow had refused to repatriate them on the "pretext of the sense of Soviet legality" and "humanitarianism." It added that "to this day this incident remains unsettled. This is indeed an astounding event, unheard of in the relations between Socialist countries."

MANY CONFLICTS
The border between the Soviet Union and China in Sinkiang is ill-defined and there have been repeated conflicts there. The czarist government occupied Ili district in 1871. In 1881, through British mediation, it was bought back by China. The Soviet Union encouraged independence movements in the area during Chinese Nationalist control.
Last March, Peking said it would re-examine treaties forced upon China by czarist Russia, including those affecting Sinkiang and areas of Siberia absorbed by the Soviets.

The latest charges were in a 30,000-word attack on Khrushchev and the Soviet party published in the official Peking People's Daily, and the theoretical organ, Red Flag. The article seemed to bear the stamp of Mao Tse-tung himself.
NEAR SPLIT
First part of the article broadcast by Peking Thursday said Soviet-Chinese relations have reached "the brink of a split" and the differences in the international Communist movement have reached a new stage of unprecedented gravity.
The article also declared that Peking forced Khrushchev to crush the 1956 Hungarian revolt after he had decided to "abandon

Self-expression is the dominant necessity of human nature."

DAILY GUIDE— Everyone may be trying to get into the act today, but it can all turn out to be fun. Choose some form of recreation and have yourself a time.
This is an excellent day to enjoy spending, and there will be those who will enjoy selling and counting the money, but those who buy may reap the most enjoyment.
Jupiter is in Aries, so that the Arians are likely to reap praise, prestige and pleasure today since the moon is also in Aries. Librans could profit through favors and opportunities from others, especially if married, as the emphasis is on partnerships.
Leos and Sagittarians ought to enjoy recreations in happy companionships. Cancerians win publicity in career matters; Capricornians ought to extend hospitality.
In the early evening a change of pace could cause some upsets in communications and transportation so allow more time to get where you are going; check information and messages.
A little romantic sentiment will not be amiss tomorrow. Plan sensible but happy weekend.

HAPPY BIRTHDAY, VIRGO!
You may be finding all the unexpected events and changing plans somewhat upsetting to your fastidious and routine ways.
Try to think big and go along with very progressive measures. You can be more independent now than at any other time in your life, so use this cycle of a few years to open up a new world of opportunities.
If you fret and fuss, all will be

conference of 81 Communist parties in Moscow met "in an unnatural atmosphere" of Chinese-Soviet dissension, nearly ending in rupture.
The article—one of a long series of Chinese assaults on the Soviet leadership — accused Khrushchev and his friends of having "committed innumerable foul deeds."
"Not all the water in the Volga can wash away the great shame you have brought upon the Communist party of the Soviet Union and upon the Soviet Union," it said.
The article asserted that Khrushchev since 1956 has attempted over the stiffest Red Chinese resistance, to forge closer ties with the United States in pursuance of his policy of peaceful coexistence.
Khrushchev's support for anti-party elements in China in 1960 presumably referred to Marshal Peng Teh-ai, who was sacked as defense minister a few months after opposing Mao's communes project. Peng was said to have voiced his opposition in a letter to the Soviet leader.

SECRET REPORT
The Chinese said the dispute dates back to 1956, when Khrushchev downgraded Stalin and "viciously and demagogically told a host of lies in his secret report" about the Soviet dictator.
Khrushchev at that time said it was possible to effect the transition from capitalism to communism by parliamentary means, a theory the Chinese have unrelentingly attacked.
The article described the Hungarian uprising and the riots in Poland of 1956 as a direct result of Khrushchev's denunciation of Stalin.
"The two events were different in character," the article said, "but the leadership of the CPSU made grave errors in both. By moving up troops in an attempt to subdue the Polish comrades by armed force it committed the error of great nation chauvinism. And at the critical moment when the Hungarian counter-revolutionaries had occupied Budapest for a time it intended to adopt a policy of capitulation and abandonment of Socialist Hungary to counterrevolution."
"We insisted on the taking of all necessary measures to smash the counter-revolutionary rebellion in Hungary and firmly opposed the abandonment of socialist Hungary."

SECRET REPORT
The Chinese said the dispute dates back to 1956, when Khrushchev downgraded Stalin and "viciously and demagogically told a host of lies in his secret report" about the Soviet dictator.
Khrushchev at that time said it was possible to effect the transition from capitalism to communism by parliamentary means, a theory the Chinese have unrelentingly attacked.
The article described the Hungarian uprising and the riots in Poland of 1956 as a direct result of Khrushchev's denunciation of Stalin.
"The two events were different in character," the article said, "but the leadership of the CPSU made grave errors in both. By moving up troops in an attempt to subdue the Polish comrades by armed force it committed the error of great nation chauvinism. And at the critical moment when the Hungarian counter-revolutionaries had occupied Budapest for a time it intended to adopt a policy of capitulation and abandonment of Socialist Hungary to counterrevolution."

Sisters Add More Laurels To List
Sandy and Carol McCombs, 1506 Lancaster, added four more twirling trophies to their championship collection in competition with 280 twirlers at the Wichita Falls Labor Day Twirling Festival. The contest was sponsored by the Ridger High School Band Boosters and sanctioned by the National Baton Twirling Association. Twirlers attended from Texas, New Mexico, Colorado, Oklahoma, Arkansas and Louisiana.
In addition to the four first place trophies, the local girls won five medals in other contest events.
Sandy and Carol are members of the Lubbock Matadors Twirling Corp. (1963 Texas State Champions) that toured the North-Central states and attended the United States National Championship contest in Milwaukee, Wis. during July. Sandy is a sophomore at Big Spring High School and Carol is in the eighth grade at Goliad Junior High School. Both are band members.

Taylor, Adams Are Elected Directors
A Big Spring businessman, John Taylor, and a Howard County cotton grower, Harvey Adams, will be the county's two directors for the Plains Cotton Growers Association for 1963-64. They were elected at a luncheon meeting of the group here. Fifteen farmers and businessmen attended the meeting.
Speaker was Ed Dean, Lubbock, with the association, who reviewed the cotton crop outlook from a national viewpoint and also discussed legislation before the Congress affecting cotton. There are 23 counties on the High Plains in the Plains Cotton Growers Association.

Shells Sent To Patients
Girl Scout Troop No. 398 of Galveston has more than a passing interest in the Big Spring State Hospital. Its members gather shells from beaches in their area for use by patients at the hospital.
Their first shipment of scallops, butterfly shells and sand dollars arrived this week and more will be forthcoming upon request.
The shells are used by patients in occupational therapy to make articles for sale to the public or to keep for themselves. Almost any raw material can be used. Patients and instructors use their ingenuity to develop many creative articles during the time spent in this portion of the patient's treatment.
This search for raw materials from the sea was begun several weeks ago when Mrs. Hila Weather, volunteer coordinator, wrote to Jack Springer, manager of the Galveston Chamber of Commerce, asking if he thought a Scout troop might like to collect the shells as one of its projects. Troop 398, composed of girls ranging in age from nine to 12, responded to the invitation.
On a special trip to the beach the girls picked hundreds of the multi-colored shells along with numerous sand dollars. The lat-

ter are usually scarce, but for some unknown reason this year the Gulf's beaches are littered with the small shells.

AGED CAR AND DRIVERS
Robert Edwards (kneeling), David Edwards

Antique Car Is Member Of New Webb Family

Antique car enthusiasts now have another "Classic" added to the Big Spring inventory. The "new" addition is a 1931 Dodge that has just chugged almost 2,000 miles from Washington, D. C. to Webb Air Force Base.

Piloting the car through the main gate was David Edwards, who made the journey in five days of driving. For the last leg from Loraine to Big Spring, he was joined by his younger brother, Robert. Both boys are the teenage sons of Maj. and Mrs. Roy G. Edwards, who recently transferred here from Bolling AFB, Washington, D. C.

The Edwards family calls the ancient vehicle "Agnes." The boys bought the car in Alexandria, Va. last April. The old auto had not been driven since 1957 and was inoperative. Four months of spare time was spent by the boys in searching junk yards and in restoring Agnes to a point where she could pass the Virginia vehicle inspection.

In the midst of the restoration project, Maj. Edwards was notified of his impending transfer to Webb AFB. This notification set the boys into a flurry of activity in readying the car for the cross-country trip. It was decided that

David would drive the old wood-wheeler, with back-up from Maj. Edwards in another family heirloom, a 1951 station wagon. Mrs. Edwards and Robert planned to drive ahead in the family auto, a 1962 model.

As it turned out, none of the planning went according to schedule. Mrs. Edwards, in the faster car, expected to arrive in Texas about two or three days ahead of the other cars. The plan called for a stopover in Loraine, with Maj. Edwards' sister and her husband, Mr. and Mrs. Floyd Coffee.

This plan did not take into account that once Maj. Edwards and David got the old cars rolling, they drove extra hours, and to the surprise of everyone, arrived in Loraine only four hours after Mrs. Edwards and Robert had parked the newer car.

WEEKEND FETE

Centennial Celebration For Sabine Pass Victory Set

SABINE PASS, Tex. (AP)—This town and nearby Port Arthur are set for a celebration this weekend observing the centennial of the Battle of Sabine Pass.

The Confederacy flag, will grace every street corner, rebel yells will pierce the air and a Confederate cannon will boom to open the celebration.

The occasion will commemorate the victory of Lt. Dick Dowling and his force of "47 Irishmen" who defeated a federal armada which attempted to invade Texas Sept. 8, 1863.

Dowling's guns forced the surrender of two gunboats and the capture of 350 Yankee prisoners. The rest of the 20-ship fleet fled to New Orleans.

A large quantity of weapons and ammunition also were seized. Hundreds of mules were dumped overboard by the fleeing federal boats.

The Confederate resistance was credited with saving Texas from the "scorched earth" ordeal imposed on other areas of the South.

Former Atty. Gen. John Ben Shepperd of Odessa will preside at a Saturday centennial luncheon. Atty. Gen. Waggoner Carr will speak on the significance of the battle.

DICK DOWLING, VICTOR OVER YANKEES

Consolidation Is Confirmed

It's official now—Vealmoor consolidation with the Borden County Independent School District has been checked out and confirmed. The vote cast in last Saturday's election has been canvassed by both the Howard County and the Borden County Commissioners courts and found to be for the consolidation.

Howard County Commissioners Court checked out the votes cast in this county in the election Thursday morning and found the 29-21 consolidation total to be correct. At the same time, the Borden County Commissioners Court met in a special called session and canvassed the Borden County vote. The results were 144 for consolidation and none against.

Walker Bailey, Howard County school superintendent, said that the consolidation of the Vealmoor district and that of Borden County is now completed. He said it is possible an election on tax rate and debt assumption may have to be held but such an election would have no impact on the consolidation itself.

Vealmoor, he said, has no outstanding bonds. He did not know if there are any bonds outstanding against the Borden district but if there are, then the election on debt assumption will have to be held. The tax rate election is also essential.

Big Spring residents may get frequent glimpses of "Agnes" for she will be used to transport the boys to and from their studies. David will enroll next week as a freshman at Howard County Junior College and Robert will graduate from Big Spring High School in the summer session next year.

In their spare time, the boys may visit all of the local junk yards in a search for parts. Right now their quest is for a method of locking the doors. Does anyone know the whereabouts of a right door handle for a 1931 Dodge?

Poll Tax Repeal Meeting Planned

AUSTIN (AP)—More than 100 leaders of organizations interested in repeal of the poll tax are expected to attend a statewide meeting here Monday.

The meeting with Gov. John Connally as keynote speaker, is sponsored by the League of Women Voters.

WESTBROOK (AP)—The Westbrook Cemetery Association had a clean-up day Monday, and Charles Gressett reports the cemetery is in good condition. Churches served at Baptist Church.

At a business meeting W. A. Bell was elected vice president of the association to succeed Ira Hambrick, resigned. The members voted to have lunch alternately at the Baptist and Methodist Churches on clean-up days.

DEAR ABBY

You've Had Your Chance

DEAR ABBY: I am 15, and have been dating a boy 17 up until my parents broke it up. Both my parents work during the day so I stay home alone. I was told I couldn't have my boy friend in the house when no one was home. He came over only three times. I was going to tell my parents, but before I had a chance to tell them they found out from a neighbor. I was told not to let him in the house again. This I told him, but he came over one more time anyway. My parents found out about it and now they won't let me date him at all. I swear if they give me just one more chance it will never happen again. Don't you think I deserve one more chance to prove myself worthy?

WANTS ANOTHER CHANCE
DEAR WANTS: If you will reread your own letter you should understand that you've had all the chances you deserve for a while.

DEAR ABBY: I have four boys and four girls and I would rather have EIGHT boys than one girl! My boys play nicely with each other, eat whatever I cook, wear whatever I pick out, and when I tell a boy to do something he says "Okay, Mom." He doesn't always do it, but at least he doesn't give me an argument! My girls fight with each other, turn up their noses at left-overs, won't wear what I buy for them, and argue when I ask them to do something. And another thing that makes girls a big headache... they try to look sexy at 12, but boys don't even think about girls until they're 18 or 21. **MOTHER OF BOTH DEAR MOTHER:** Four will get you eight, that there are other mothers who prefer girls to boys. And for equally good (or bad)

Now you can get a fresh start financially!

Our loan plan helps you get caught up and stay caught up!

Find out how you can clean up all your bills, even installment payments, and actually have money left over every month. Telephone right now and ask about our new Fresh/Start/Plan.

DEAR "STONE'S" WIFE: No. And keep chipping away.

CONFIDENTIAL TO "INCONSOLABLE": The innocent have been suffering for years. And if I knew why, I would possess the key to one of life's most baffling mysteries. The Book of Job comes closest to answering your question.

Tell your troubles to Abby. For a personal, unpublished reply, please send a stamped, self-addressed envelope.

Hate to write letters? Send one dollar to ABBY, Box 3365, Beverly Hills, Calif., for Abby's new booklet, "How to Write Letters for All Occasions."

RESPONSIBLE PARENTS KNOW WHAT'S BEST FOR THEIR FAMILIES

Many depend on TSO for professional eye care.

Over the years, many responsible homemakers have learned through experience, or from friends, about the dependable, professional eye care available at TSO. At TSO members of your family receive a three-phase examination. First, a complete visual history is recorded. Next, the eyes are examined internally for evidence of disease or defect; then, for abnormalities of vision. Should glasses not be needed, there is only a \$300 charge for the eye examination. And the cost of fine eyewear is most reasonable. Single vision glasses are as low as \$14.85. Invisibles bifocals are as low as \$17.85, including eye examination, lenses and frame. Single vision Micro-Sight Contact Lenses, if preferred, are \$65 complete. Bifocal contact lenses are also available at reasonable cost. Guard against eye disease, eyestrain and poor vision—with an annual, professional eye examination at TSO. Convenient credit at no extra cost.

Coahoma Hopes Up As Season Opens

COAHOMA — The harsh, grating sound of football shoulder pads crashing into steel blocking frames floated strangely across the peacefulness of Coahoma as head coach Jimmy Spann of the Bulldogs talked about his team. The Bulldogs open their 1963 season at 8 o'clock tonight, at which time they entertain the Class B Hermitage Cardinals here.

PAT WASHBURN'S

Sports Round Table

FLOWER GROVE—Drive 70 through this little town, blink twice, and you might miss it completely. That's a typical reaction to Flower Grove. Yet, its small red brick high school surrounded by the community's four or five houses produces some of the strongest Class B six-man football teams in Texas.

In nine years, six of them at Sidney, J. W. MASSINGILL has won 80, lost 14, and tied one. He's never had a losing season, he's never finished lower than second in the district, and his 7-3 mark in 1962 was his worst year. He's yet to lose a bi-district contest and in five times that he's taken his team to the regionals (the equivalent of a state championship game in Class B) he has produced three winners. In three years at Flower Grove his record is 27-5-1 with his Dragons taking the regional crown in his first two seasons.

There's no mystery to Massingill's success. Success has left him modest. "I've been fortunate and had good boys. I give the kids all the credit." Actually Massingill wins because he likes to yell. He yells constantly at his team and they move. At Flower Grove there's no question who's the boss. But off the field over a game of dominoes he's got a soft, friendly voice like a purring kitten—that's why sports-writers don't mind driving so far to see him.

"I'll use the single wing just as I have the last nine years and since the team is so light we'll have to depend on the speed of a couple of boys to make us go. Overall, the team speed is bad. What has really hurt is the loss of seven boys off last year's team, four of them all-district. But I have 16 boys out for the squad this fall and with nine of them only freshmen and sophomores, I'm building up to some real good teams in the future."

Massingill's starting six-man unit looks this way: BOBBY DEATHERAGE, junior end, 150-6-0"; ANTHONY HANSON, senior center, 165-6-0"; DAVID CAVE, senior end, 140-5-6"; JACK WEBB, sophomore halfback, 160-5-10"; NORBERT GONZALES, senior halfback, 140-5-6"; and MIKE ROMAN, junior quarterback, 135-5-9".

The three captains, Hanson, Cave and Gonzales are the only returning lettermen with Hanson, an honorable-mention all-district boy in 1962, the only starter to come back. Massingill expects Roman to be the outstanding team leader of the campaign with JOHNNY HOWARD and CORKY PERRY of Grady seeing a good deal of action along with the starting unit.

Mertzion is picked to win the district as they did last year when they beat us for the title," Massingill said. "They've lost only three boys of the team that went to the regionals last year. They should be big with a lot of power. They're real competitive. They'll have a good pass attack."

Christoval should come in second. It has more experience than we and more starters returning. They have five boys back off their six-man first team unit in 1962. They'll be big and powerful. "It'll be a fight between Water Valley and us for the cellar. They lost heavily. They'll be speedy and pretty small just like us."

Sale Of Season Ducats Is Due To Pick Up Next Week

Season ticket sales have slowed down for the 1963 Big Spring Steers football games, Don Crockett, in charge of sales, reported Thursday. At 2:30 p.m. Thursday, 742 five-game booklets had been purchased, leaving the number sold at 33 less than that last year's 775 amount. "Although it's slowing down quite a bit," Crockett said, "we expect it to pick up again on Monday and Tuesday of next week when the first game with

Lamesa will give us a shot in the arm. "There's still quite a few good seats left, not necessarily if six of eight people want to sit together, but certainly for twos and threes. Almost all the seats half way up are sold out but there's still some good choices down low and towards the top of the stadium." The booklets may be bought for \$7.50 at the Business Administration Office at 13th and Austin. Single game tickets go on sale next Wednesday for \$1.50.

Weary Willie Is Due Back

By MIKE RATHET An Associated Press Staff Writer

Weary Willie Mays will be back tonight. And that just might spell trouble for the Los Angeles Dodgers, tenaciously holding their grip on the National League despite a serious surge by streaking St. Louis.

The Dodgers, who have been running out front for two months and 13 r's days, maintained their five-game edge over the Cardinals as Pete Richert and Larry Sherry collaborated on a five-hit, 4-0 shutout of the Chicago Cubs Thursday night.

The Cardinals, meantime kept the pressure on, extending their longest winning streak of the season to eight games with a 9-0 wallop of the New York Mets behind the six-hit pitching of Curt Simmons and the 5-for-5 batting performance of Curt Flood.

Both the Dodgers and Cardinals have 22 games remaining, including a vital three-game series at St. Louis later this month. But for the moment, the Cardinals are hoping Mays is fit and ready to go against the Dodgers tonight.

The San Francisco Giants' 100,000-year center fielder collapsed from exhaustion on Labor Day in the first game of a doubleheader with the Cubs. He's been resting since then for tonight's start of a three-game series with Los Angeles at San Francisco.

The Cardinals are scheduled to play a two-night doubleheader with Pittsburgh's Pirates, losers of five in a row. While the Dodgers and Cardinals were winning Thursday, Houston defeated the third-place Giants 5-2 in 10 innings with Bob Aspromonte's three-run homer the big blow. Milwaukee's rookie Bob Sadowski shut out the Pirates 8-0 on eight hits in the only other game scheduled.

Richert, 23, a left-hander, went 7-13 in innings before he ran into a jam. Sherry took over, held the Cubs hitless the rest of the way and protected Richert's third victory against one loss. Richert actually drove in the only run the Dodgers needed with a single in the second off Bob Buhl, 9-13.

Willie Is Due Back

park homer for the Dodgers. Flood collected a triple and four singles in support of Simmons, who brought his record to 13-7 by blanking the Mets. Rookie Grover Powell was the loser.

Aspromonte doubled and scored the tying run for the Colts in the ninth before tagging Don Larsen's first pitch for the clinching homer in a four-run 10th. Larsen had just replaced Bob Bolin, 8-5, after a single by Howie Goss put across the tie-breaker. Willie McCovey hit his 36th homer in the bottom of the 10th but Don Nottebart, 9-6, retired the next three Giants to end it. Tom Haller also homered for the Giants.

Sadowski struck out 12 Pirates as he brought his record to 4-5. Eddie Mathews led the Braves attack with four runs batted in on a three-run homer and a double.

Two Hydroplanes Have Collision

ATLANTA (AP) — Elimination heats for the world outboard championships this weekend at Lake Spivey began on a spectacular note.

Running in the first elimination for hydroplanes Thursday, Bobby Wilson of Graham, Tex., and Freddie Goehn of Bryan, Tex., collided. Both were taken to a hospital but later were released in satisfactory condition.

MAJOR LEAGUE STANDOUTS

Table listing major league standout players and their statistics for various teams.

Maxwell In Tie For Utah Lead

SALT LAKE CITY (AP) — Favored Gary Player, Billy Maxwell and Don January—all tied with four-under par 66—led a bulky field of 150 golfers into the second round of the 72-hole \$40,000 Utah Invitational Golf Tournament today.

The field will be cut to the low 70 golfers and ties following today's play.

Player, the gallery favorite and fifth leading money winner on the tour, fired a 33-33-66 Thursday in a round he called one of his best ever. But it was Maxwell who was

the talk of the tournament after he smashed a four wood for a hole-in-one on the 243-yard par three 10th hole. The ball bounced once on the green, hit the pin and slid into the cup. "It was my first hole-in-one in tournament play," said the elated Maxwell. "It was straight to the hole all the way."

Railroad Panel Boss Hits Task Head-On

WASHINGTON (AP)—President Kennedy's choice as chairman of the arbitration panel which will rule in the railroad labor dispute is losing no time in getting to work.

Ralph T. Seward, a long-time professional arbitrator who lives here, was named only Thursday to head the seven-member panel. He told a newsman he plans on meeting with Secretary of Labor W. Willard Wirtz today to make preparations for calling a meeting of the full group.

Under the course charted by a bill enacted last week to avert a nationwide railroad strike on Aug. 29, the arbitration panel is to work out a solution dealing with the cracking issues of 32,000 freight and yard firemen's jobs and makeup of train crews.

Kennedy appointed Seward and two university faculty members, all with broad experience in arbitration of labor disputes, to round out the board.

DISAGREEMENT
Congress provided for appointment of two panel members each by management and the unions and for selection by the President of the three remaining members if the labor-management members could not come to agreement on them. It took the two union

UNION PAIR
The unions are represented by H. E. Gilbert, president of the AFL-CIO Brotherhood of Locomotive Firemen and Enginemen, and R. H. McDonald, vice president of the AFL-CIO Brotherhood of Railroad Trainmen.

Under a timetable set up by the legislation, the board must begin hearings within 30 days and issue its decision within 90 days. The binding arbitration award will be effective 60 days after it is filed and will remain in effect for two years.

Seward, who keeps an office within a short walk of his Georgetown home, has served as impartial umpire in disputes between Bethlehem Steel Co. and the AFL-CIO United Steelworkers Union, the International Harvester Co. and the United Farm Equipment Workers Council, and General Motors Corp. and the AFL-CIO United Auto Workers Union.

LABOR BOARD
He was the first president of the National Academy of arbitrators and served as a public member of the War Labor Board during World War II. He also served as chairman of a board of conciliation and arbitration in 1947-49 for the United States Steel Corp. and the United Steelworkers.

Healy has been an arbitrator since 1945. He was a member of the special presidential board in the East Coast Longshore dispute in 1963, was chairman of a Taft-Hartley board of inquiry in the West Coast maritime dispute of 1962, and was a member of a similar board of inquiry for the Maritime industry in 1961.

Aaron has been an arbitrator since 1946. He was vice chairman of the Wage Stabilization Board in 1961-62 and served through three years of World War II on the National Labor Board. He served as president of the National Academy of Arbitrators last year and was a member of the advisory committee to the office of automation and manpower in the U.S. Labor Department.

Under the legislation the public members of the arbitration board will be paid up to \$100 a day and expenses while working. The other members are paid by their organizations.

Waterworks Bids Opened

LAMESA (SC)—Low bids totaling \$285,330 for major waterworks improvements were accepted by Lamesa City Council Wednesday.

San Antonio Machine & Supply Co. was the successful bidder on a 250,000 gallon water storage reservoir with a bid of \$14,010. Pittsburgh-Des Moines Steel Co. of Dallas got the contract for a 500,000 gallon overhead steel water storage tank by turning in a bid of \$71,830.

The remainder of the bidding was in two divisions.

Division I called for construction of a 1,000,000 gallon reservoir, a field booster, concrete foundation for the elevated storage tank and an automatic control system. R. B. Butler Inc. of Bryan won the contract with a bid of \$161,506.

Division II bids were for construction of lines and nine fire hydrants in the downtown area, tie-in of new lines for the overhead storage tank and other lines to increase distribution capability, ditches and paving repair. Low bidder was Panhandle Construction Co. of Lubbock, \$37,984.

Rail Commission May Shut Down Ft. Trinidad Fields

AUSTIN (AP)—The Texas Railroad Commission says it will shut in the Ft. Trinidad Fields or reduce allowances unless operators persuade the commission otherwise at a Sept. 16 hearing.

A spokesman said Thursday decision was based on evidence that "tremendous volumes" of casinghead gas has been wasted by flaring and venting from the fields' wells in Madison and Houston counties.

Testimony at a commission hearing indicated 200 million to 300 million cubic feet of gas was flared in October, 1962.

Officials said that after a May 7 hearing the commission discarded plans for a shut-in order. Operators had indicated they would be injecting the gas by July 1.

"It is now apparent that the timetable for elimination of flaring is lagging and the date when promised elimination of flaring by voluntary operators has passed," the spokesman said.

Most of the acreage in the fields is operated by major companies. The 43 wells there have a combined allowable of 13,300 barrels per day.

Slowing Down Is The Problem

COLUMBUS, Ohio (AP)—The biggest problem with Mrs. Julia Eckert is "slowing her down," according to the sisters of St. Rita's Home.

Mrs. Eckert will be 105 Saturday.

A week ago Mrs. Eckert fell. She fractured three ribs in six places and was taken to the hospital for treatment. She was back at the home in time for dinner that evening.

She was sent back to the hospital with a threat of pneumonia. However, she was to be released again today — in time for her birthday party.

"She'd better be here," commented the sisters. "She's invited everyone to the party and they're all counting on it."

Job Training Bill Approved

WASHINGTON (AP)—The Senate has passed a bill under which the federal government for the third year would pick up the whole tab for teaching skills to unemployed workers under the Manpower Training Act.

It's the first piece of legislation suggested by President Kennedy in his civil rights message to be acted on by Congress. But it involves jobs, and not strictly racial issues.

The measure was approved by a voice vote Wednesday and sent to the House where a labor subcommittee has completed hearings on it but has taken no action. Sponsors there said it would be handled in a separate bill, as in the Senate, and not tied to the big civil rights package.

The Senate bill waives the requirement for states to match federal funds in financing the training program in fiscal 1965 starting July 1, 1964. It authorizes an additional \$161 million in federal funds to pick up the state's share of the \$322 million outlay scheduled for that year.

Washington is paying the full cost of the program in the first two years, fiscal 1963 and 1964.
