TRAGEDY HAS AGAIN visited our community, with the loss of another of our young men—Dale Smith.

Dale was one of the first people we met after moving to Friona just over 20 years ago. His friendly smile and helpful manner helped assure you that you were not a stranger for long.

In the years that followed, Dale has been our friend, neighbor, and close business associate. We have counted it a privilege to have worked with him in Lions Club and in numerous civic endeavors, such as the Chamber of Commerce.

It was fitting that the Chamber singled out Dale Smith for its "Most Courteous Employee" award in 1963, which was only the fourth year for the award. It was fitting, because when you think of Dale, the words "courteous" and "friendly" are the first which come to mind.

We have observed Dale working in his capacity as head of the installment loan department at the bank, and in this capacity he dealt with people from all walks of life. To him, each one was just as important as the other.

Dale was the type of "ambassador of good will" that any company would be more than proud to have representing them. Although it never showed on the balance sheet, he was one of the biggest assets Friona State Bank ever had.

Like Jerry Brown, Dale has been plucked from our midst in the prime of his life. We shall miss our association with him. Our condolences go out to his lovely family, and to his associates at the bank.

ARTHUR DRAKE was for three decades thought of as "Friona Wheat Growers," since he managed the elevator for almost 30 years.

Here again was an instance where in his work for a company, Drake gave 110 per cent. For years he was my "resident expert" on the farm situation, and I'm sure that many farmers and customers relied heavily on Arthur's advice and expertise through the years.

Drake was also a church and civic leader, having served on the official board of the Methodist Church for a number of years. He is a former member of the school board, and was board secretary.

Drake's loss is a double blow to this particular family in a month's time.

Once again, our hearts, and those of the entire community, go out to his family.

And as one of the ministers said this week, we are reminded once again that life is fragile and fleeting.

It seems that in recent weeks, our community has had more than its share of tragedy.

These three men were each well known; they were leaders and pillars in our community.

We have all suffered a loss, and we share this loss with members of the families involved.

Christmas Break Set For School

The Friona Schools' Christmas holiday schedule was announced this week by Superintendent Tom Jarboe.

Tuesday, December 21, will be the final day of school prior to the break, and the schedule for Tuesday will be somewhat different from usual.

School will start an hour later than usual on Tuesday, December 21, at 9:45, due to the school faculty's Christmas breakfast; and will dismiss an hour early, at 2:45 p.m.

Classes will then be out until Monday, January 3, when they will resume at the regular schedule.

Jarboe pointed out that barring any missed days due to bad weather, the next scheduled holiday break for Friona schools will be February 28, March 1-2, the early Spring break.

City Gets Sales Tax Payment

State Comptroller Bob Bullock Tuesday sent \$42.1 million to 973 Texas cities as their share of the one per cent city sales tax for December.

The 1982 statewide total is up 8.8 per cent over the 1981 year-end total. This payment reflects taxable sales made in October and reported to the state by the end of November.

Friona received a total of \$4,984.98 for the current period.

The city's receipts for 1982, through the period ending December 7, amounts to \$94,137.72. This compares to \$90,873.99 for the same period in 1981, and represents an increase of 3.59 per cent.

Houston received \$8.4 million. Houston's payments for 1982 are up 9.5 per cent over 1981.

Dallas got \$4.9 million, up 9.2 per cent for the year.

San Antonio got \$2.3 million, up 8.8 per cent for 1982.

Fort Worth received \$1.6 million, bringing the total for 1982 to \$25 million, up 4.2 per cent for the year.

Austin received \$1.5 million, up 14.4 per cent for the year.

El Paso received \$1 million up 3.6 per cent for 1982.

Bullock also sent December rebates to the state's two Metropolitan Transit Authorities. The Houston MTA received \$9.6 million, bringing the total received this year to \$166.7 million, up 8.5 per cent over last year. The San Antonio MTA got a check for \$1.5 million, bringing the 1982 total to \$20.8 million, up 4.9 per cent for the year.

The city and MTA sales taxes are collected along with the state sales tax by merchants and rebated monthly to the cities in which they are collected by the Comptroller.

Band Sets Christmas Music Mon.

The Friona Bands will have their Christmas concert on Monday, December 20, at 7:30 p.m. in the Junior High Auditorium.

Admission will be \$2.00 for adults and children and student tickets will sell for \$1.00.

Bands performing will be fifth, sixth, seventh and eighth grades and high school.

Everyone is invited to come by and hear the bands, under the direction of Jim Parker and Zane Polson.

STOCKING STUFFER....The main item for Christmas for Mr. and Mrs. Gary Cowart of Clovis will be a new baby daughter, Beth Ann, who was born at Parmer County Community Hospital Wednesday, December 15. Beth Ann, the second child for the couple, was given a bright red Christmas stocking for her blanket.

Farm Leaders React To PIK

(Courtesy of the Castro County News) By BRENDA SCHULTE

"American agriculture is bankrupt and unless something is done, immediately and drastically, American farmers will go bankrupt," says Elbert Harp, director of Texas Grain Sorghum Producers Association.

Most American farmers would agree with that statement, and the Administration, too, must be concerned with agriculture's dilemma, as efforts are being made to pass new legislation which hopefully would help the ailing industry.

Last Thursday, President Reagan asked Congress to approve a "Payment in Kind" (PIK) farm program as a possible solution to the current depressed farm economy.

The PIK proposal would permit the government to pay farmers in surplus grain rather than cash when they agree not to plant all their acreage in 1983. This would cut back production and help eliminate storage problems, the President said.

Texas Corn Growers Association President Carl King of Dimmitt, Ray Joe Riley of Dimmitt, board member of the TCGA, and Harp

were in Washington last week to discuss the new proposals with government officials and make suggestions.

"There are a lot of unanswered questions about the program," Harp said. "We stay in contact with officials daily on working out details. In general, we're enthusiastic about the potential of the program. If it is administered correctly, it will help to reduce stocks, which in turn will hopefully help prices. And, it will allow some farmers to cut back on some of their production costs."

"We don't want to compromise the future of our farmers with short-sighted, quick-fixes," said King. "There is much work to be done in working out the mechanics of the program, but I'm encouraged that the PIK program at this point is acceptable to most farmers."

"Once the mechanics are worked out, it will be an additional option to farmers," King said. "They won't have to participate, it will be an added option."

King gave an example of how the program would work if implemented: "If a farmer has a 100-acre corn base, he would probably plant 50

Five Elected To C-C Board

Five new directors have been named to the Friona Chamber of Commerce board following the recent election.

Welcomed to the board at its monthly meeting this week were Larry Knowles, Johnny Mars, Karen Britting, Karen Zachary and David Barnett.

It marks the first time for two women to be elected to the Chamber board in one election, and for three women to be on the board at once. Janet Buske is a holdover member.

Other holdover directors are Ted Procter, D.L. Harguess, John Blackwell and Mike Hanes. Bob Hurst, the 1982 president, will be an ex-officio board member in 1983.

The retiring directors will be Rick Jennings, Robert White, Danny Kendrick, Mike Cortese and Lois Norwood.

Tickets to the 1983 Chamber banquet are now on sale at the Chamber office or from board members. Tickets are priced at \$10 in advance and \$8 for students. At the door, tickets will be \$12.50 and \$10.00.

The banquet will be catered by Poor Boy's Steakhouse of Clovis. Congressman Kent Hance will be the speaker. The banquet is slated for January 20, 1983 at the Community Center.

At the chamber's board meeting this week, Hanes was elected as president for 1983; Johnny Mars was named vice president and Janet Buske was re-elected as secretary-treasurer.

acres," King said. "First he must sign up for the present 20 per cent diversion program, where he gets paid for 10 per cent of acres set aside. Then, under the new PIK program, he has the option to sign up for 30 per cent more diverted acreage. He will then be paid in PIK certificates (in grain)."

"We recommend that payment be 80 per cent of established yields. Hopefully, farmers will get a 75 per cent payment."

The program calls for farmers to receive stock-piled grain, either government-owned or under federal lien, in return for cutting back production. The farmer can either use the grain as livestock feed or sell it on the open market.

Diversion payments have previously had a \$50,000 limitation, but the Senate Agriculture Committee voted to eliminate that clause Monday so all farmers can participate in the PIK program.

Harp said the chances are good that the PIK program will pass, "but the problem will be to get it launched in time for this year's crop. That's why it is so important to get it passed in this lame duck session of Congress."

The PIK program would include corn, cotton, grain sorghum, wheat and rice.

King and Harp both have voiced opinions about several phases of the program.

They do not want the PIK program to be used as a substitute, but feel it should be tacked onto the current program as an additional option for farmers to use.

"We don't want target prices or loan rates lowered or frozen at the present level," King said. "We want the PIK program on top of the present program as it is."

"Another thing that worries us is the timing on when the PIK certificates are issued," he said.

The certificates would be issued effective sometime after the first day of the marketing year for the commodity in question, according to a speech Secretary of Agriculture John Block made to the Senate Agriculture Committee.

In the case of corn, this could be October 1, 1983; for wheat it would be June 1, 1983; and for rice and cotton it would be August 1. At that point, ownership of the commodity would be transferred to the farmer, Block said.

He added that the CCC would allow from four to six months to take delivery. During this time, the commodity would be owned by the farmer, who would be responsible for any marketing decisions and accrued storage charges.

"We want to make sure the markets will not be destroyed by dumping an excess amount of grain on the market at the wrong time," King said.

"We are asking that they spread the distribution over a period of five or six months," Harp said, "and that the government continue to pay storage and interest on the grain."

Block said the PIK program would probably be used in 1983 and 1984, and if it works "we will see moderate increases in 1983, with significant gains in 1984 and 1985."

King encouraged farmers to contact government officials representing their area and tell them they would support the PIK program if it is piggybacked on the present program and as long as it is beneficial to the grower.

Hunters Weather

Even though the temperature dropped down to the low 20s and there was a light dusting of snow, this failed to put a damper on the opening day of pheasant season last Saturday in the area.

In fact, probably about as many hunters as usual were in town for the opening weekend of the 1982 season.

And, according to reports which were being bandied about, the hunting was excellent, with most hunters being able to get their limit of birds.

Hunters wishing to enter the "Longest Tailfeather Contest" may bring their entries to Friona Wheat Growers. Prizes will be awarded to the top three feather entries in Friona, and the winning feather will be entered in the annual Parmer County Sweepstakes.

The hunter entering the longest tailfeather in Parmer County will receive a plaque from the County Game Management Association.

The Friona Noon Lions were reported to have fed some 245 hunters at their annual pheasant hunter's breakfast last Saturday morning.

Xmas Light Judging Set

Those who have entered Friona's Christmas Lighting Contest, sponsored by the Friona Chamber of Commerce, are reminded to have their lights on early and late Saturday, December 18, as that will be the night the homes are judged.

Residents are shooting for prizes of \$100, \$75, \$50 and \$25 in the competition.

NEW FACILITY....Prairie Acres Nursing Home has a new beauty shop for the women residents. The area originally built for a garage has been re-modeled for the women's hair care.

Church groups take turns doing the residents' hair one day each week. Members of the Sixth Street Church of Christ are shown performing their duties this week.

Dale Smith Rites Held On Thursday

Funeral services for Dale Wayne Smith, 41, were held Thursday, December 16, at 2:30 p.m. in the First Baptist Church with Dr. Carrol Green, pastor, Dr. C.H. Murphy, pastor of the First Baptist Church of Lamesa and Rev. Archie Echols, pastor of the Friona United Methodist Church, officiating.

Burial was in the Friona Cemetery under the direction of Ellis-Blackwell Funeral Home.

Born January 12, 1941 in Hereford, Smith married Jere Buske June 17, 1962 in Friona. He was a member of the First Baptist Church, Friona Evening Lions Club, having served in all offices and had served as

Pioneer Hi-Bred Pledges Funds To Expand Markets

Pioneer Hi-Bred International, the nation's leading seed company, today pledged more than \$600,000 in grants to three organizations working to expand grain and soybean exports.

FAYE BUCK

Mrs. Buck's Rites Held In Childress

Funeral services for Melba Faye Buck, 56, of Childress were held Tuesday, December 14 at 2 p.m. in the Calvary Baptist Church of Childress, with Rev. Frank Fincher, pastor, officiating.

Burial was in the Childress Cemetery.

Born August 5, 1926 in Eldorado, Oklahoma, Mrs. Buck had lived in Childress since 1947. She had been a nurse's aide at Childress General Hospital. She was a member of Calvary Baptist Church in Childress.

Mrs. Buck died Saturday, December 11 at Lubbock General Hospital of injuries suffered in a car accident one month ago in Childress.

Survivors include three sons, Ronnie Buck and Fred Buck, both of Lubbock and D.C. Buck, Jr. of Fritch; one daughter, Theresa Buck of Friona; one sister, Olamae Ward of Mabank and one grandson, Troy Buck of Fritch.

Pioneer will provide \$160,000 to the U.S. Feed Grains Council and \$25,000 each to U.S. Wheat Associates and the American Soybean Development Foundation for export market expansion, according to Thomas N. Urban, president of Pioneer. All three are non-governmental groups established to develop overseas markets for U.S. grain and soybeans.

"The record of these organizations in boosting exports during the 1970's is outstanding," says Urban. "We need them even more now to help raise farm income and that's why we're increasing our support." Pioneer and many other agri-business companies have been regular contributors to foreign market expansion work.

While admitting that exports won't solve the immediate low-price problem, Urban believes additional foreign sales are the only long term answer for utilizing American farm productivity and raising prices received by farmers. The company is pledging its stepped-up support over a three-year period because of the long range nature of building export markets.

All three market expansion groups receiving Pioneer support also benefit from farmer checkoffs in many states. Each dollar contributed by farmers and firms like Pioneer is "matched" by about \$2 from the Foreign Agriculture Service and another \$2 from countries where market development work is being done.

The organizations expand markets by showing potential overseas customers how to use U.S. grains and oilseeds to improve debts. To do this, they employ people in the targeted countries to set up demonstration projects, usually in cooperation with local businesses involved in food production and marketing.

The U.S. Feed Grains Council recently estimated that for each dollar it spends overseas, additional grain sales worth \$170 to \$440 result. With the 4-for-1 matching effect on farmer-agri-business dollars, each additional dollar the Council receives from its supporters should produce from \$850 to \$2,200 in extra grain sales.

MERRY CHRISTMAS!

Colonial Christmas

Although the earliest American Christmases were rather grim due to the fact that the Pilgrims disapproved of celebrating the holiday, Christmas in the colonies in time was generally pretty festive.

There were no Christmas trees, as the German custom was not introduced into this country until the 1880s, but in other ways, Americans made merry.

In Williamsburg, Virginia, for instance, the celebrating began a week before Christmas and lasted until Twelfth Night, or January 5. Festivities included caroling, dancing and much feasting.

The holiday season was ushered in with a huge bonfire and candles were lit in every window, while fiddlers and singers filled the air with music.

Balls, fox-hunts, and visits between neighbors and family set the tone for the social season in colonial Virginia during the holidays.

The Dutch who settled on Manhattan Island brought over their Christmas customs from Holland, including the legend of Sante Klaas. So intent were the Dutch on celebrating Christmas that all Council meetings were called off from December 14 to three weeks after Christmas!

In Maryland, the many Catholic settlers brought holiday customs from their native England to keep a merry Christmas, too.

Food, of course, was an important element in all colonial celebrations, although it varied in ethnicity. The Dutch, for instance, favored doughnuts, sweet cakes, short cakes and ginger cakes, fruit pies, preserves, fried shad,

roasted chicken and bowls of milk and cream.

Virginians feasted on roast turkey with grapes, kumquats, roast beef, cranberry mold, spiced crab apples and glazed sweet potato slices.

Christmas Day itself always centered around church services, ranging from morning worship to midnight mass, with churches festively decorated and voices raised in praise of the season.

Because colonial settlers were often widely scattered, greetings at Christmas-time were likely to be sent by way of musket fire. This custom of firing muskets, as a matter of fact, has evolved into setting off firecrackers in some parts of the south today.

Although the colonial Christmas did not have Santa as we know him, or the tree, or gift-giving to the extent of modern times, it was a time of joy. A poem published in the *Virginia Almanack*

during Colonial times expressed it best:

"Christmas is come, hang on the pot, Let spits turn round, and ovens be hot; Beef, pork, and poultry, now provide To feast thy neighbours at this tide; Then wash all down with good wine and beer And so with mirth conclude the year."

Why do the bells of Christmas ring? Why do the little children sing? Once a lovely shining star, Seen by shepherds from afar, Gently moved until its light Made a manger's cradle bright.

There a darling baby lay, Pillowed soft upon the hay; And its mother sung and smiled: "This is Christ, the holy Child."

Therefore bells for Christmas ring, Therefore little children sing.

Eugene Field

Angels Bring Good Tidings

The good news of Christ's birth was first given to mankind through an angel, according to St. Luke: "And there were in the same country shepherds abiding in the field, keeping watch over their flock by night.

"And lo, the angel of the Lord came upon them, and the glory of the Lord shone round about them; and they were sore afraid.

"And the angel said unto them, Fear not: for, behold, I bring you good tidings of great joy, which shall be to all people.

"For unto you is born this day in the city of David a Saviour, which is Christ the Lord."

Angels have played an important role throughout the story of the Nativity. It was the angel Gabriel who first announced to Mary that she would be the mother of the Messiah.

And, when Joseph learned that Mary was pregnant, an angel appeared to him in a dream, assuring him that "that which is conceived in her is of the Holy Ghost."

When Herod the King sought the life of the Infant Jesus,

it was an angel who warned Joseph to "take the young child and his mother, and flee into Egypt..."

After Herod's death, an angel informed Joseph when it was safe to return to Israel.

Throughout the Old Testament times, God used angelic messengers to help His people in their various encounters. Indeed, He promised them through Moses that his angel would guide them: "Behold, I send an Angel before thee, to keep thee in the way, and to bring thee into the place which I have prepared."

Angels have even won battles for the Israelites in Old Testament times. Isaiah wrote of one such victory: "Then the angel of the Lord went forth, and stood in the camp of Assyrians a hundred and fourscore and five thousand..."

And, it was an angel that shut the mouths of the lions in the den where Daniel was held captive by King Darius!

King David praised such angelic helpers in his 34th Psalm: "The angel of the Lord encampeth round about them that fear him, and delivereth them."

Jacob's vision of a ladder reaching from

earth to heaven, with the angels of God ascending and descending upon it, has an important message for mankind, especially at Christmastime.

As the poet Francis Thompson wrote: The angels keep their ancient places;

Turn but a stone, and start a wing!

'Tis ye, 'tis your estranged faces,

That miss the many-splendored thing.

Hance Named Best Inflation Fighter

When it came to fighting inflation in the 97th Congress, no member of the House of Representatives did a better job than Texas Democrat Kent Hance, according to the National Association of Realtors (NAR).

The NAR evaluated 40 roll-call votes taken during the 97th Congress, and, with the help of computers and economic models, gave each member of Congress a "grade" on their "Economic Report Card." The 40 votes used in the survey measured a member's voting record on such issues as slowing the growth of federal spending, reducing the federal government's deficit, boosting new home construction, and reforming the Tax Code.

Hance was given an "A" by the NAR.

If Hance's votes had set government policy, said the NAR, consumer prices would have decreased in

1981-82 and mortgage interest rates would have fallen by more than six per cent. Hance's voting record on inflation was the best of the 435-member House of Representatives, said the NAR.

The NAR also said Hance's voting record would have added more than 150,000 jobs in Texas over the past two years and Texans would have realized an increase of \$2,200 in household income.

Housing starts in Texas would have increased by more than 80,000 units in 1981-82 if Hance's votes had become public law, said the NAR, and commercial and industrial construction in Texas would have increased by \$1.1 billion.

The NAR said the economic models used to assess the economic impact of the 40 votes are the same models used by the Congressional Budget Office and the Administration.

Partners map progress.

Lewis and Clark were men of destiny who challenged over 2,000 miles of trackless wilderness west of the Mississippi. Captain Meriwether Lewis, army officer and frontiersman, chose the artist and mapmaker Lieutenant William Clark for his partner. From 1803 to 1806 the two young men combined their skills and talents to search for a northwest passage to the Pacific Ocean.

As partners, Lewis and Clark provided detailed maps and valuable scientific journals which later encouraged rapid settlement and development of the West.

Today there is a new frontier to challenge — an energy frontier. You and Southwestern Public Service Company are partners like Lewis and Clark. Partners working together making energy decisions to make a difference. For instance, when you install a High-Efficiency Add-On Heat Pump in your home, you and SPS work together to better manage electricity. And when electricity is efficiently managed, it makes the difference. Together, Lewis and Clark charted the maps that made the difference which helped win the West. Together, you and SPS can work as partners, charting progress for a new frontier in electricity management.

You and SPS, partners managing electricity, make the difference.

Happy Homemaker

By JUNE FLOYD

A number of years ago I heard a man say, "There's no end of the things a woman can put together and call it salad."

It seems that the list grows longer each time I pick up a cookbook or anything else that contains recipes. Many of the combinations I had never heard of a few years ago now make my favorite salads.

One of them is Layered Salad. To make it you tear one large head of lettuce into bite size pieces and place in large salad bowl.

Then layer as many of your favorite salad vegetables as are available to you.

Good ones to use are: green peppers, onions, squash, radishes, broccoli, zucchini, tomatoes, carrots or just about anything else you can think of.

For the last layer of vegetables, use one box of frozen green peas or the same amount of fresh ones if you have them.

Next, cover the salad with a thin layer of mayonnaise and finish with a generous sprinkling of bacon bits.

Refrigerate overnight then toss when ready to serve.

Fresh Fruit Salad is another of my favorites. This, too, may be made of many different combinations. One good one is pineapple, strawberries, apples, peaches, oranges, green grapes, cantaloupe and bananas.

Make dressing by mashing a small banana and combining it with 1 tablespoon lemon juice and 1

tablespoon honey.

Then, if you want to prepare a "do it ahead of time" frozen salad, you will probably enjoy the following:

Frozen Fruit Salad
1-6 oz. can frozen orange juice
1-6 oz. can frozen lemonade
1 can crushed pineapple
2 pkgs. frozen strawberries
1 small jar maraschino cherries
4 sliced bananas
½ cup honey
½ cups water

Mix all ingredients. Freeze in 9x13 pyrex dish. Will keep up to three months.

For a very pretty salad, which is sure to please members of your family and guests, try

Ginger Ale Salad

1 pkg. lime gelatin
½ cup boiling water
½ cup juice from fruit cocktail
Mix well and pour into your favorite dish or mold and cool. Add one cup ginger ale and refrigerate.

When mixture is syrupy, add ½ cup chopped celery, 1 No. 303 can fruit cocktail and ½ cup nut meats. Refrigerate until firm.

Health Salad is another one made of fruits and vegetables.

1 small package gelatin, any flavor
1 cup boiling water
1 cup fruit juice
2 small carrots, grated
1 medium apple, peeled and grated
1 or 2 stalks of celery, chopped
1 medium can pineapple, drained
1 chopped orange (optional)

Let gelatin, water and juice partially set before folding in remaining ingredients.

If you'd like a quick and easy main dish to serve with salad, you might want to try a Pepperidge Farm test kitchen recipe, which is an old time favorite and has recently been adapted to microwaving.

Microwave Herbed Chicken Casserole
1/3 cup butter or margarine
1-8 oz. pkg. herb seasoned stuffing
1 ½ cups cubed cooked chicken or turkey
1-1 lb. can tomatoes, stewed and

chopped
1-6 oz. can sliced mushrooms with liquid
5 slices American cheese, halved diagonally

Place butter in 1 ½ quart casserole and microwave on high for 35 seconds or until melted. Combine remaining ingredients, except cheese, in casserole.

Microwave on high for 8 minutes, turning dish every two minutes. Arrange cheese, pointed edge toward center, around sides of casserole and microwave two minutes longer, or until cheese is softened. Makes six servings.

Modern Study Club Has Two Meetings

The Modern Study Club met Tuesday, December 7 for an evening of Christmas music.

Guests for the evening were the Trebelaires, a musical group which were organized in 1956 by a club member, Eva Miller and are presently directed by club member Linda Murphree.

Members of the 1982-83 Trebelaires are Patti Hinton, Erika Pope, Stephanie Miller, Faith Ann Wright, Melanie Blackwell, Celia O'Brian, Jeana Mason, Darla Butler and Dee Ann Harguess. They were accompanied by Lucy Beth Hinkle.

Following the musical program refreshments were served by the hostesses, Rhea Foster and Mary

Pryor.

The Modern Study Club met Tuesday, November 16 for their regular meeting. The program was on conservation of energy.

A quartet comprised of Geary Brogden, Bob Welch, Charles Caudill and Libby Procter sang "Big Bad John," "Sixteen Tons," and "Atchinson, Topeka and Santa Fe."

Amy Mason gave the federation report and LaVerne Burrow led the group in the pledge to the flag.

Mark Freeman, of Southwestern Public Service presented slides and held a question and answer period on "What's in the word coal?"

Hostesses for the evening were Leta Tannahill and Fay Reeve.

Around The House

By LAURA JACOBS

Gift Ideas For Gardening Friends—Along about this time every year, the thoughts and attentions of most of us have turned away from lawns and gardens to the approaching holiday season. If you're like most of us, you'll still be hunting that "very special gift" right up until Christmas.

Here's a list of gift possibilities for the green thumbs in your family:

Plants are always welcome. Perhaps the lady of the house would like something in bloom for the holidays. Christmas cactus, kalanchoe, azalea, mums and the traditional poinsettia (no, they're absolutely not poisonous) are available at local nurseries and florists.

Foliage plants are welcomed by almost everyone, and there's a tremendous variety from which to choose. Some good low-light requiring plants are Chinese Evergreens, Janet Craig Dracaena, Cast Iron Plant and Philodendrons. Don't

overlook hanging baskets, hanging containers, and macrame hangers. Bonsais, sand paintings, terrariums and dish gardens also make excellent gifts.

Although they are seldom considered, what's wrong with outdoor specimen plants as Christmas gifts—the choice is practically limitless. Flower and vegetable seeds are also pleasing to gardening enthusiasts.

Other gift suggestions for the zealous gardener would include a subscription to a gardening magazine or a gift certificate from a bookstore. Or, if you prefer to make the gift selection, books on any gardening topic you can imagine are available in the gardening section of your local bookstore.

How about garden accessories, such as garden sculpture, a wind chime or bird feeder? Or maybe someone would like a fancy container for a favorite houseplant? Patio furniture may be useful, and any gardener who likes the

outdoors would appreciate a hammock for moments of relaxation.

For the weather buff, there's a rain gauge, a sun dial or a thermometer. Minimum-maximum thermometers are useful outdoors or in the greenhouse to tell how cold it got or how hot.

Or how about a work certificate, such as "I promise to cultivate the vegetable garden," or "I'll water the lawn six times," or "This certificate good for season-long lawn mowing and edging." There are many possibilities for gardeners who need encouragement.

Let's not forget our own top-quality pecans, grown here in Texas, which can be enjoyed as a part of the table fare during the holiday season. Pecans can be purchased in small amounts and can be made to fit almost any budget. A nice surprise for any gift recipient.

So, whatever you do, don't overlook these unusual gifts.

FHS Girls Win Three In Week

The Friona Squaws have won their last three games, to run their season record to 6-3.

The Squaws beat Springlake-Earth, 55-37 here last Saturday as Sherry O'Brian scored 19 and Kristi Britting ten.

Against Vega here Tuesday, Miss O'Brian once again scored 19 points, and Cara Brockman came up with her best scoring night with 18 points. Friona won, 52-31.

Then at the Farwell tournament, Miss O'Brian popped the nets for 26 points as the Squaws took a 46-38 win.

"We're shooting real well. The girls are playing with a lot of confidence now. I'd like to see them win the tournament," said Coach Don Herbert following Thursday's game.

Next week, the FHS teams host Channing in the final games prior to the holiday break. It will be the second meeting, as the teams played Channing earlier at the Vega tournament.

Six Chiefs All-District

Six members of the 1982 Friona Chieftain football team have been named first-team all-district, with five players capturing spots on the second team.

The all-district 2-AAA team was announced this weekend, on the eve of district champion Littlefield playing Refugio for the state championship.

Four of the players chosen to first team status from the Chieftain squad were unanimous choices by all six district coaches.

Friona's first team selections included (offense) **Charlie Morgan**, junior, runningback (unanimous); **Carl Jackson**, guard, senior (unanimous); **Mark Montoya**, kicker, senior; (defense) **Bruce Patterson**, secondary, senior (unanimous); **Carl Jackson**, linebacker (unanimous); and **Juan Sammarron**, defensive lineman, senior.

Named to the all-district second team were (offense) **Eloy Caballero**, wide receiver, junior, and **Roddy Berend**, center, senior; and (defense) **Jeff Lundy**, secondary, senior; **Martin Lopez**, lineman, senior, and **Montoya**, punter.

It marked the fourth time for Montoya to gain all-district honors.

"I felt we came out pretty well, considering there were six teams in the district this year, and the amount of talent in the district," said Chieftain coach Tommy Moss.

A near miss all-district selection was tackle Michael Chaney, who lacked one vote making either first or second team.

Morgan was a unanimous pick, in spite of missing two district games, showing his respect by district coaches.

Squaws Seeking Title Bid At Farwell Meet

Friona High School's Squaws won their opening game at the Farwell Tournament Thursday night, but the Chieftains lost out to a fourth-quarter surge by Plains.

The teams were playing in second round action on Friday. The Chiefs were playing Lazbuddie's boys in the consolation bracket, while the Squaws were to meet Lazbuddie's girls in the winner's bracket.

If the girls win Friday, they would be in the tournament finals Saturday at 6:30 against Olton or Texico. Should they lose, they would play the Olton-Texico loser for third place.

The Squaws used Sherry O'Brian's

26 points for the basis of their 46-38 win over Plains Thursday night. Miss O'Brian scored 13 field goals as Friona stretched their three-point halftime lead to an 11-point margin entering the fourth quarter.

The Chieftains made it a close game for three quarters, trailing by just three, 36-33 entering the final quarter, when Plains outscored them, 26-13.

Plains came out man-to-man, and Friona took an early lead. Then they switched to a zone defense and the Chiefs did not do as well.

Robert Escalante's 12 points paced the Chieftains.

Safety Assn. Warns Of Drunk Drivers

"Fly your American flag the week of December 12-18 in memory of the victims of drunk and drugged drivers," the executive director of the Texas Safety Association said today.

"Drunk drivers kill themselves, their passengers and persons in other motor vehicles at an appalling rate," George R. Gustafson, Executive Director of the 1400 member Texas Safety Association said, "and the Texas Safety Association and the Texas Women Highway Safety leaders join with other groups in the national observance to honor the memory of the victims of drunken and drugged drivers."

"Nationally, we experience 26,000 deaths caused by drunk or drugged drivers—some 2,000 of those deaths in Texas," Gustafson said. "We believe it is time to stand up for the rights of the victims of drunk drivers," he said. "The week before Christmas is an appropriate time to pause and remember those persons taken away from family and friends by the selfish and irresponsible actions of drunken and drugged drivers."

The Texas Safety Association

actively promotes awareness of the high cost of drunken and drugged driving through its administration of the National Safety Council's Defensive Driving Course and many other safety programs.

Gustafson noted the efforts of many groups to heighten awareness of the devastating effect of DWI on the public. Those groups include the Governor's Task Force on Traffic Safety which seeks tougher DWI sentences and a return to the 21 year old drinking age, Mothers Against Drunk Driving and the Bell County DWI Task Force in Belton, among many others. National Drunk and Drugged Driving Awareness Week is a joint project of the National Association of Women Highway Safety Leaders and safety councils all over the United States in response to a joint resolution passed by both houses of the United States Congress and signed by the president.

Chieftains Down S-E; Fall To Longhorns

The Friona Chieftains defeated the Springlake-Earth Wolverines, 60-56 in a game here last Saturday. The win was the team's third of the season.

H.F. Hutto Rites Held

Funeral services were conducted in Tulia Monday for Hansford F. (Wee Boy) Hutto, 61, who has relatives in the Bovina area.

Hutto was born July 23, 1921 in Haskell. He moved to Tulia in 1939 from Littlefield. He served in the Army Air Corps during World War II, and was employed at the Allen Doan Tractor Co. as a truck driver.

He was a member of the First Baptist Church and the Veterans of Foreign Wars.

Survivors include his wife, Joan Horseman Hutto, whom he married August 11, 1945 in Highwycombe, England; a daughter, Julia James of Fritch; two sons, Gary Hutto of Edmond, Oklahoma, and Terry Hutto of Muleshoe.

Also surviving are a sister, Furne Harris of Odessa; three brothers, Ed Hutto of Clovis, S.R. Hutto of Dimmitt and Doyce Hutto of Littlefield. Five grandchildren also survive.

Friona held a 14-13 lead after the first quarter, and increased that to seven points, 30-23 at the half.

Springlake-Earth made it closer in the second half, but never could gain the upper hand.

Scoring was divided among nine Friona players, led by Joey Howard and Michael Chaney, who each scored 14 points.

"We did not play too well defensively, but shot better at the free throw line in this game," said Chieftain Coach Tom Johnson. The Chiefs hit 50 per cent of their half-court shots (six of 12).

On Tuesday night, the Chieftains hosted the Vega Longhorns, dropping a five-point decision, 52-47.

A bad second quarter for Friona proved to be the difference in the game. Vega outscored the Chiefs, 18-5 in that period, to take an 18-point halftime lead of 35-17.

Friona came back for a good second half, outscoring the Longhorns, 30-17, but the early deficit was too much for them to overcome. Once again, a low shooting percentage hurt the Chieftain cause.

Richie Malouf's 16 points led Friona in scoring.

Christmas Events Are Set

Union Congregational Church announces three special worship events: the adult cantata and children's choir at the 11 a.m. worship service on December 19, the children's Christmas Pageant on December 19 at 6:30 p.m. and the special Christmas Eve candle lighting service on December 24 at 7 p.m.

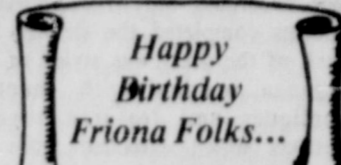

The Union Congregational Church adult choir will present its annual Christmas cantata this Sunday morning at the 11 a.m. worship service. The cantata, "Love Transcending," by John W. Peterson, is an inspiring and delightful work. The choir is under the direction of Karen Renner. Nelda Ellis is the accompanist and Gaye Tannahill is the soloist.

At the same morning worship service the Junior Choir, under the direction of Nancy Edelson, will be presenting their Christmas special music. The efforts of the Junior Choir are always enjoyed by all.

Sunday evening, at 6:30, the children will present a Christmas Pageant. In a creative and fun-filled manner, the children (kindergarten through sixth grade) re-enact the Christmas story. The participation, costumes and atmosphere of worship and joy makes for a delightful time. Following the pageant, Santa Claus will visit the children.

On Friday evening at 7 p.m., Union Congregational will have its special Christmas Eve service of candles and carols. "The members find this service to be most important and meaningful for them," says pastor Skip Sircic. "It is a time to pause and allow the spirit of Christmas, the power of that holy night so many centuries ago, to speak to us in a dramatic way," he concluded.

The community is invited to attend any or all of the services. Union Congregational Church is located at 1601 Euclid.

Double Ring Wedding Ceremony Unites LaDonna Broadhurst, Scott Steven Coursey

LaDonna Beth Broadhurst became the bride of Scott Steven Coursey in a double ring ceremony at 4 p.m., December 18 in Bacon Heights Baptist Church in Lubbock.

The bride's father, Rev. Charles Broadhurst, performed the ceremony assisted by Rev. Clayton Coursey, father of the groom.

Parents of the couple are Mr. and Mrs. Charles Broadhurst of Littlefield and Mr. and Mrs. Clayton Coursey of Fort Worth.

Presented in marriage by her father, the bride wore a traditional white gown styled in silk organza and chantilly lace. The Queen Anne neckline was edged in a row of the lace which was adorned with seed pearls. The bodice of the dress was in silk organza, overlaid with rows of chantilly lace and embroidered with seed pearls. The leg of mutton sleeves of silk organza, featured rows of lace

running the entire length of the sleeves, and were richly embroidered in seed pearls. A ruffle of chantilly lace decorated the wrists. Covered buttons completed the sleeves. The back of the dress was styled of silk organza overlaid with chantilly appliques and featured covered buttons which extended from the neckline to below the waistline. The empire waistline was overlaid with chantilly lace. The full skirt featured rows of chantilly lace which extended from the waistline to the bottom of the skirt, where two rows of lace and organza circled the skirt and flowed into a full chapel length train.

Her chantilly lace brim picture hat featured a small brim which had appliques and flowers made of lace. Each applique and flower was centered by a cluster-bow of seed pearls. The crown of the hat was also covered in lace and a white satin

ribbon circled the crown and formed a bow in the back, complete with satin streamers. A two-tiered veil of illusion completed the hat.

She carried a cascading bouquet of ivory sweetheart roses, stephanotis, grape sweetheart roses, baby's breath, holly foliage and two detachable roses for their mothers.

Serving the bride as matron of honor was her sister-in-law, Mrs.

Donna Broadhurst, of Lubbock. Bridesmaids were Mrs. Judy Mankins and Mrs. Emily Moore of Lubbock and Debbie Cockrell of Abilene.

The bride's attendants wore gowns styled in grape lustreglo, and the bodices featured spaghetti straps with a shirred effect above an empire waistline. The gowns were enhanced with elbow length chiffon capes in the same shade of grape.

They carried informal bouquets of grape sweetheart roses, holly berries and foliage and baby's breath, centered with a lighted votive candlecup. They wore crowns of baby's breath and holly berries in their hair.

Attending the groom as best man was his brother, Mike Coursey of Fort Worth. Groomsman were David Coursey and Doug Blakely of Lubbock and Andy Jones of Atlanta, Georgia.

Ushers for the ceremony were Leslie Broadhurst of Lubbock, brother of the bride, Lance Broadhurst of Littlefield, brother of the bride, and Danny McDaniel of Lubbock.

Diane Dooley, cousin of the bride from Portales, New Mexico, and Debbie Mullenix of Lubbock registered the guests.

Mrs. Beverly Thurman of Littlefield was organist. Marsha Coursey was pianist. Vocalists were Trina Foster and Marsha Coursey. They sang "Surely The Presence Of The Lord," "Only The Beginning" and "Wedding Prayer."

Centering the church rostrum were three interlocking brass candelabras, flanked by two brass spiraling candle trees. The candelabras were decorated with Christmas pine and holly and baby's breath, to the sides were Roman columns decorated with poinsettias. The focal point of the decorations was the couple's unity candle arrangement. The aisles of the church were decorated with votive cups, pine and holly.

The reception was held in the Fellowship Hall of the church. Mary Knox of Littlefield was reception coordinator.

Mrs. Bill Stewart, who had hip surgery at St. Anthony's Hospital Monday of this week and Claude Blackburn, also a surgical patient there, are reported to be in satisfactory condition.

Billie Chandler of Houston, Bill's and Willard's daughter, is with Bill in Amarillo.

Pheasant hunting season is always a real special time for a lot of Friona folks including Robert and Carol Zetsche, who always have visitors from downstate.

Saturday morning's breakfast guests included Paul Tacker of Duncanville, Texas, who is Carol's cousin; Ronnie Clanton of Midlothian, Texas; and Dr. Bob Norton of Denton, along with a dozen other friends of these three.

Chris and Robin Crunclenton of Lubbock were also present. Robin is the couple's daughter.

In spite of the bitter cold, the hunters went out and had pretty good luck. The out-of-towners returned to their homes Sunday night.

Davis Bennett, a former Friona resident, who now lives in Dallas, was a weekend guest in the home of Mr. and Mrs. Frankie Allen, Eddie and Rodney.

Hap and Julia Fairchild are home for the upcoming Christmas holidays. They've been down at Zapata, Texas, where they usually spend most of the winter months.

David and Frankie Carson came home from Apache Junction, Arizona, Thursday. They had been out there several weeks.

Weekend visitors in the home of Mr. and Mrs. W. Odell Holley were Mr. and Mrs. Aurturo Gomez of Amarillo.

If friends of Eugene Boggess have been thinking that he has caught the biggest fish in the pond and is just about to pop off his buttons, they're wrong.

His buttons are about to pop off all right, but for a different reason. His newest grandson, who was born to Joe and Wendy so far north in Montana that it is almost in Canada, was named for him.

After all, not every grandfather has the distinction of having one grandson out of two named for him.

Little Jarrad Eugene may be in for some confusing moments when he's old enough to learn about family

It's A Boy For

Joe Boggesses

Mr. and Mrs. Joe Boggess of White Fish, Montana, became parents of a baby boy Sunday, December 5 at a hospital there. He weighed seven pounds and was named Jarrad Eugene.

Jarrad is the first son of the couple, whose daughter, Dusty, will be four years old on January 3.

Maternal grandparents are Mr. and Mrs. Harold Watson of Colorado Springs, Colorado. Paternal grandparents are Mr. and Mrs. Eugene Boggess of Friona.

Mrs. J.M. Watson, also of Friona, is the child's great-grandmother.

relationships. His mother and paternal grandmother, Doris Boggess, were both named Watson before they were married.

The first weekend of Parmer County's pheasant hunting season sparked a series of progressive family meals in Myrl Buske's home.

Hunters and members of their families began arriving in Friona early Friday afternoon and by evening just about every bed in the Buske house had been spoken for.

When Rick and Deann Styles, with daughter, Sheri, arrived from Abilene, they brought dinner for everyone. Philip and Phila Mae Weatherly and Pepper, who attends Texas Tech in Lubbock, and B.K. and Janet Buske and their two little ones, Lindsay and Garland, joined the group for dinner and an evening of visiting.

Then, at noon the following day, Phila Mae prepared lunch for the group. Myrl said, "The girls did let me prepare breakfast Saturday morning."

Out-of-town guests included David R. Marrs, Odessa; John Hunter and Troy Limbaugh, Abilene; Julie Hiller, Lubbock; Mr. and Mrs. J.L. Watson, Memphis, Tennessee and Jean Marrs, Tigrett, Tennessee.

Geary Brogden and sons, Kevin and Matt, were also part of the festivities.

Persons who attend the regular monthly third Tuesday covered dish luncheon at Friendship House the twenty-first will be in for a very special treat.

Linda Murphree and her 1982-83 Trebelaires will be presenting a program of Christmas songs. Members of this singing group are Melanie Blackwell, Faith Ann Wright, Celia O'Brian, Stephanie Miller, Erika Pope, Gena Mason, Dee Ann Harguess, Darla Butler and Patti Hinton.

The Rhea Community has five new

residents, who were formerly residents of Friona. Recently Bob and Roxanne Hurst and sons, Clint and Clay, and Lynn Koelzer moved from 1103 West Sixth to the former home of Walter and Martha Schueler.

This isn't the first time Roxanne has lived in that community. When she first moved to the area with her parents, Paul and Doris Hall, and brother, Brian, the family lived a few miles southwest of where the Hursts now live.

Richard Collard, local attorney, is doing his chores this week with an

injured right hand. Valton Howard is dispensing stamps, selling money orders and doing other post office jobs, as well as running errands, such as going to Ann Gee's Country Store for doughnuts, with an injured arm, which caused him to spend some time in the local hospital and Allene Cleveland is also home after a stay in the hospital.

All these injuries, as well as a few minor ones, are due to falls during last week's cover of ice. Of course, there are also some who fell but only injured their pride.

Do it yourself!

FIRST AID FOR EYE INJURIES

In case of accident, properly applied "first aid" has been known to save lives as well as to reduce medical complications. Injuries to the eyes can be made less severe by first aid, too. Here are some examples:

BLOWS: Cold compresses should be applied continuously for about 15 minutes and thereafter if pain and swelling persist, each hour. "Black eye" can signal internal damage and should be examined by an eye specialist.

CUTS: DON'T WASH THE EYE WITH WATER. DO bandage it and see an eye specialist as soon as possible.

CHEMICAL BURNS: Alkalis or acids can cause extremely serious burns. The eye should be flushed with water IMMEDIATELY and constantly for at least 15 minutes with the eye kept open. As soon as possible, get the patient to an eye doctor.

Any eye injury is serious and requires immediate attention. Vision is too precious to take chances.

This message is brought to you in the interest of better vision by Drs. Armistead & Smith, Optometrists, Littlefield, Texas.
