## Reconsider Sit-In Case, Says Court

WASHINGTON (AP) — The Supreme Court directed South Carolina courts today to reconsider the breach of peace convictions of 65 Negroes arrested while demonstrating against racial segregation at Rock Hill, S.C.

The order came as the court began hearing two days of arguments in five sit-in cases that may bring far-reaching rulings in the court's 1963-64 session on this question:

Can private businessmen who want to operate segregated establishments invoke state trespass laws to back up their exclusion of Negroes?

This issue is presented in cases the court agreed at its last term would be considered and set for argument this fall.

The order as to the Rock Hill Negroes was one of more than 500 issued by the high court in acting on the many petitions which piled up during its summer recess.

Among others which touched on the racial issue, the court:

—Rejected an appeal by Clemson College, and thus let stand a lower court decision that the suit resulting in admission last year of the first Negro to Clemson was a class action affecting all Negroes similarly situated.

This means that other Negroes who may seek admission to Clemson, a state-supported college in South Carolina, start with an established court ruling that they are "entitled to freedom from a racially discriminatory policy."

—Granted a hearing to the Rev. Fred L. Shuttlesworth, Negro convicted of interfering with police when they took a group of Freedom Riders into "protective custody" in Birmingham, Ala., May 16, 1961. Shuttlesworth said he was fined \$100 and costs, and on failure to pay the fine was sentenced to 30 days of hard labor and given an additional term of 180

days of hard labor and 16 days for costs.

—Agreed to hear an appeal by the National Association for the Advancement of Colored People from an Alabama state court injunction barring it from intrastate business in Alabama. The state contends the NAACP has failed to comply with the state's constitution and laws.

The court faces the complex civil rights questions at the same time that Congress is considering legislation dealing with identical issues.

### CITY POLICY

Last May 20 the high tribunal decided in a group of sit-in cases that demonstrators demanding service in stores and other places of public accommodation may not be arrested if a city or state makes segregation its policy by ordinance or official statements.

It did not say anything about whether a private businessman has the right to discriminate when there is no state or local segregation policy. But on the same day the justices agreed to hear this week the five cases which appear to pose this question.

In the legal background of the new arguments is a decision of 80 years ago. The Supreme Court of that time decided the Constitution's Fourteenth Amendment bars only discrimination by state action, as distinguished from discrimination resulting from personal choice.

### ENSURE TREATMENT

Counsel for the Legal Defense Fund of the National Association for the Advancement of Colored People in a preliminary brief told the Court the Fourteenth Amendment's guarantee that states may not deny equal protection of laws also means that states must ensure such equal treatment.

## Fred Korth Quits Navy Chief's Post

WASHINGTON (AP) — Secretary of the Navy Fred Korth, who last week protested against a tentative Pentagon decision to deny the Navy more nuclear-powered aircraft carriers, is resigning and will be succeeded by Paul Nitze, now an assistant secretary of defense.

The White House said today that President Kennedy accepted Korth's resignation Saturday. The resignation will take effect Nov. 1.

In a letter to Kennedy dated Friday, Korth of Fort Worth, said he was submitting his resignation "with the utmost regret . . . so that I may return to private business and attend to my pressing private affairs."

Earlier last week, Korth persuaded Secretary of Defense Robert McNamara to delay a decision against placing nuclear-powered plants in planned super-carriers. McNamara agreed to delay the decision until Korth could present additional arguments in favor of nuclear engines for the carriers.

There was no indication in the exchange of letters between Kennedy and Korth that the policy dispute between the Navy and McNamara was a factor in Korth's resignation.

White House sources also said there was no connection between the resignation and the controversial TFX fighter plane contract.

Korth has been secretary of the Navy since December 1961. Before coming to Washington, he was president of a bank at Fort Worth.

Korth, in his letter of resignation, said he wanted to assure Kennedy "of my highest esteem." He added that he was resigning with great regret for what he described as "urgent reasons."

Were it not for these reasons, he said, it would be his desire "to continue to support, as secretary of the Navy, your and Secretary McNamara's leadership of our national defense."

In a "Dear Fred" letter Kennedy said: "As secretary of the Navy you have made a real contribution to the advancement of United States national security interests, and the nation is in your debt for your many years of public service, including this last period of almost two years when you have

Club President Visits

Dr. Thomas J. Natoli, Norristown, Pa., national president of the American Business Clubs, arrived shortly before noon today to address the local organization. On hand to greet him were, from left, Duffy McKeel, Odessa, past national president; Bill Cox, Lubbock, district governor; Dr. Natoli; and Bob Hickson, local club president.

## Debate, Unity Arguments Spice GOP'S Activities

WASHINGTON (AP) — A sharp exchange about debates and party unity has stepped up the tempo of the undeclared struggle for the 1964 Republican presidential nomination.

Sen. Barry Goldwater and Gov. Nelson A. Rockefeller, leading prospects for the GOP nod, traded barbed comments after the New York governor called Saturday for a series of debates on how the party should deal with the issues of the day and the Arizona senator turned him down.

It added up to a long-distance debate about how best to unite the party for the presidential race next year.

**SPLIT PARTY**

Goldwater said that if Rockefeller had thought it through, he might have decided that intra-party debates could split the party.

Rockefeller said Sunday night that Goldwater was mistaken. He said he hoped the senator would change his mind.

Meanwhile the chairman of the Republican National Committee said he would not object if Rockefeller and Goldwater wanted to discuss differences within the party.

"I've always been of the school that the party suffers from underexposure," Rep. William E. Miller of New York, said.

But Goldwater insisted that debates should be with Democrats, not with other Republicans.

### DID NOT MEET

Rockefeller and Goldwater addressed Western Republicans gathered at Eugene, Ore., Saturday — but they did not meet. Rockefeller flew home shortly before Goldwater arrived.

Back in Albany, N.Y., Rockefeller issued a statement saying, "I do not understand the logic of the claim that such discussion and debate would under-

## NEW TYPE FOR EASIER READING

**OLD**

This paragraph is set in the Herald's old type which has been in use for many years. Using the traditional eight-point type base, this style has served the nation's newspapers faithfully since the old days of the wide sheets and eye-straining tiny type.

**NEW**

Today the Herald introduces its eye-pleasing new nine-point type, joining the leading progressive newspapers of the nation in giving readers the advantage of the latest scientific printing developments. This is a sample of the new type.

The Herald look different today? You bet, and we're proud of the new fashion. Maybe you readers can't exactly put your finger on the newness—but it is this type you are now scanning.

Called Royal Nine-Point, the type is completely replacing our old eight-point-base type. Royal is a brand-new development in the printing world. Its designers after years of study have come up with a large, easy-to-read type that at the same time doesn't require excess space to tell our many news stories to you.

Instead of the eight-point type, this news is now produced in the nine-point Royal type. That's not a big difference in measurement, but your reading of the above paragraph, compared with the smaller size, will demonstrate that in ease of reading it does make quite a difference.

A lot of work was necessary to make the change. Engineers had to figure new mathematical formulas covering the width of letters — ranging from the skinny "i" to the fatter "w" and "m." Equipment manufacturers had to produce new matrices, the molds in which the individual letters and characters are formed in the Linotype machines. Our mechanics had to make changes in these machines in our plant.

All of this meant a lot of work — first planning, then execution. But the results are designed to please you, our daily readers, in making the modern Herald easier to read.

## Adenauer To Leave Helm Of Germany

### Officials Deny Fresh Slide Is Approaching

BELLUNO, Italy (AP) — Authorities denied today that a huge new landslide is moving rapidly down on the Vaiont Dam reservoir.

Provincial authorities in Belluno and Italian Army officials on the shores of the reservoir said there was no new avalanche menace beyond earth slides that have been threatening since the catastrophic avalanche hit the reservoir Wednesday night.

Most residents of villages in the area who escaped the flood generated by the first avalanche were taken out last week.

There were reports today that the threatened landslides had started moving and that full evacuation had been ordered. But authorities denied these reports and said villagers had actually been authorized to return briefly to their homes this morning to pick up belongings.

### AFTER REPAIRS

The man who built the Vaiont Dam said today the giant barrier could still furnish electricity after repairs.

"I see no reason for not using the dam again," said Giuseppe Torno. It's not badly damaged and can provide hydroelectric power again with repairs. With part of Mt. Toc in the middle, the reservoir will be much smaller, of course, but still very large.

Thousands of soldiers still dug in the mud for bodies, and the exact casualty toll was not known.

### TOURS AREA

President Antonio Segni, touring the area Sunday, was told by Interior Minister Mariano Rumor that at least 1,800 persons were dead in Longorane and other villages below the dam.

He said at least 2,342 are presumed dead from villages around the reservoir. Rescue officials said the final figure could reach 3,000.

Torno said the fact that the dam held despite the gigantic landslide was proof of its excellence. He said that if the 873-foot-high concrete dam had given away, thousands more would have died.

From a geological point of view, no man in the world could have forecast such a tragedy," said his assistant, Alberto Zanone.

Most of the nation was still not convinced.

A government commission pressed an investigation to determine whether authorities knew the slide of rain-soaked Mt. Toc was slipping and whether evacuation warnings would have averted the loss of life.

Vice Mayor Terenzio Arduini of Longorane told Segni, "President, we here are convinced that individual responsibilities for what happened can be ascertained. We are asking for justice, nothing more."

## Erhard Assumes Chancellor Post

BONN, Germany (AP) — Konrad Adenauer, 87, steps reluctantly out of office Tuesday after more than 14 years as the first and only chief executive of the West German Federal Republic.

The Adenauer era has brought most of this country from the depths of disaster and disgrace following World War II to strength and prosperity. But Adenauer leaves behind a lingering problem — West Germans still are separated from 17 million fellow countrymen who are under Communist rule.

Adenauer's friends say he is responsible for the strength and prosperity that the Soviet Union has frustrated his efforts to reunite Germany. His enemies say strength and prosperity would have come anyway, and accuse Adenauer of helping prevent reunification, a serious charge in German politics.

### HEAVY HANDICAPS

Erhard starts as chancellor under heavy handicaps. One is Adenauer's low opinion of his political ability. Adenauer intends to remain in politics as chairman of his party and member of parliament. He probably will do a lot of public prompting.

Erhard has promised a different style of government. The old chancellor ran things himself and made all major decisions on foreign policy. The Erhard cabinet will be more a committee of equals, with a chairman not much interested in foreign affairs. There are many misgivings about how this will work in a country accustomed to one strong hand.

### TIE TO WEST

Adenauer's major accomplishment has been to tie West Germany closely to the West. It was Adenauer who in 1950 first offered the Atlantic Alliance, a West German army, despite strong opposition among many Germans to rearmament.

In 1952 Adenauer rejected a Soviet offer to reunite Germany on condition it remain neutral.

Adenauer has lived his political career in the framework of responsible parliamentary democracy. Under his strong leadership, this form of government has lasted longer than the Weimar Republic, which followed World War I, or Adolf Hitler's "Thousand Year Reich."

### BY ERHARD

Adenauer, who will be succeeded as chancellor by Economics Minister Ludwig Erhard — a man he has publicly opposed — claims as the crowning accomplishment of his rule the friendship treaty he signed last January with President de Gaulle of France, Germany, he

## Metropolitan Division Launches Effort For UF

The Metropolitan Division of the United Fund launched its campaign this morning, under Larson Lloyd.

"I think we can wrap out part of the effort in three or four days," Lloyd said.

Meanwhile, other volunteers continue to make requests on their campaign contacts. The United Fund this morning has in hand almost \$47,000 in pledges and cash.

## U.N. To Debate Red China Seat

UNITED NATIONS, N. Y. (AP) — The General Assembly begins today its annual debate on the seating of Red China in the United Nations. The proposal is expected to fall short of approval once again.

For the first time since the issue was raised, the resolution to seat Peking and oust Nationalist China is not being sponsored by the Soviet Union, which is embroiled in an ideological dispute with Red China. The Soviet Union will back the proposal, however.

Albania, the only European Communist country siding with Red China in the Communist family fight, put the China question on the U.N. agenda this year. Albanian chief delegate Halim Budo planned to introduce the resolution formally before the 111-member General Assembly this afternoon.

All other Communist and some nonaligned countries were expected to speak for the resolution. Nationalist China, the United States, Costa Rica, Guatemala and others were expected to speak against it.

The Soviet Union still says that Communist China has a right to be seated in the United Nations, even though the two Communist giants are at odds. India also has continued to support the cause of Peking's membership despite the Chinese invasion of Northern India last year.

The Albanian resolution is expected to be voted down Wednesday. One diplomat speculated that it would get fewer favorable votes than last year and there would be more abstentions because of Peking's refusal to sign the limited nuclear test-ban treaty.

Last year's vote was 42 for the resolution, 56 against it and 12 abstaining.

Albania's resolution calls for the immediate removal of the representatives of Chiang Kai-shek — from all United Nations organs — and an invitation to the government of the People's Republic of China to send representatives to occupy China's place in the United Nations and all its organs.

Diplomatic sources said Albania had tried in vain to get several Arab and African countries to join her in sponsoring the resolution.

### ALGERIAN REVOLT

## Berber Rebels Take To Mountain Hideouts

MICHELET, Algeria (AP) — The Algerian government thinks it has ended the Berber revolt, but several hundred rebels are believed to be hiding in the mountains from where they could wage guerrilla war.

The army's easy occupation of Michelet, where the rebels had set up headquarters, surprised President Ahmed Ben Bella's officers.

"It is all over," said one army commander. "Our men never fired a single shot, not even when they were shot at by snipers near Azazza and Fort National."

NOT NEEDED

"We consider the operation at an end," the officer said. "Most of these troops clearly are not needed here any more."

The only losses were two soldiers killed and two wounded by snipers, he said.

INTO MOUNTAINS

Berber forces under Hocine Ait Ahmed and Col. Mohand Oul Hadj withdrew into the Kabyle Mountains before an army force of three light French tanks, artillery weapons and four bazooka-equipped infantry battalions occupied Michelet Saturday.

In Algiers, Ben Bella promised to pardon all but the ring leaders of the revolt, which was largely based on opposition to his one-man rule. He urged the rebel soldiers to lay down their arms.

The army was so confident of its position that it pulled most of its troops out of Michelet Sunday.

## Six Killed In Copter Crash

NEW YORK (AP) — A passenger helicopter apparently ripped by an explosion shortly after it took off, crashed in flames at Idlewild Airport today, killing six persons.

It was one of a New York Airways fleet that shuttles passengers between Manhattan and metropolitan airports.

A company spokesman said the dead were three passengers, and three crewmen. Police, however, listed the victims as four crewmen, and two passengers and said one crew member escaped.

The craft crashed near the center of the sprawling airport, and burst into flames.

A grass fire broke out around the burning craft as fire-fighting equipment sped to the scene.

The twin-engine, twin-rotor craft—a Boeing Vertol 107B—is one of four operated by New York Airways. It can carry up to 25 passengers.

How many were aboard at the time was not immediately certain.

Petrofina Official Centers

Jacques Meeus, left, one of the top officials of Petrofina, S.A., parent company of American Petrofina of which Cosden Oil & Chemical Co. is a wholly owned subsidiary, conferred here Monday with R. L. Tollett, Cosden president on operations. He also discussed preliminary plans for expansion of the refinery in Big Spring on the eve of meeting of the Cosden Oil & Chemical directors in Dallas Tuesday. Meeus was honored at a dinner given by Tollett at Cosden Country Club Sunday evening.

# GOREN ON BRIDGE

**BY CHARLES H. GOREN**  
 (As told by The Chicago Tribune)

**ANSWERS TO BRIDGE QUIZ**

1—As South you hold:  
 ♠ 10 6 4 3   ♠ K J 4   ♠ A 4 4 4  
 The bidding has proceeded:  
 North   East   South   West  
 Pass   Pass   1   Pass  
 3   Pass   ?

What do you bid now?  
 A—Despite partner's previous pass, we would have high hopes of getting to slam, but it is important not to make the mistake of employing a four no trump bid at this point. If partner has a singleton club or the king-queen of clubs, the slam will be a virtual cinch. It is better, therefore, to describe your hand in such a fashion that partner will realize that all he needs is second round control of clubs. You should therefore bid four hearts. He will presumably return to four spades, whereupon you will bid five diamonds. If he has a singleton club, he may then bid six.

2—East-West have 70 part score and as South you hold:  
 ♠ A 9 2   ♠ 7 5 2   ♠ 6 4 3   ♠ Q J 5  
 The bidding has proceeded:  
 North   East   South  
 1   2

What do you bid?  
 A—Pass. There is no need for you to assume the role of the great defender, for the two diamond contracts completes their game, a raise by you is not necessary for partner is well over the limit and he should be misled as to your strength.

3—Partner opens with two no trump and you hold:  
 ♠ A 7 5   ♠ 10 6   ♠ Q 5 3 2   ♠ 8 6 2  
 What is your response?  
 A—Three no trump. Since partner's maximum high card value is 24 points, there is no reasonable hope for slam and nothing is to be gained by showing the diamond suit.

4—As South you hold:  
 ♠ 9 7 4 3   ♠ Q 6 2   ♠ 10 4 3 2  
 The bidding has proceeded:  
 North   East   South  
 1   2

What do you bid?  
 A—A jump to three clubs is our choice. A mere five raise to two clubs, though it designates a good hand, would be quite inadequate and a jump to no trump is not desirable without a spade stopper.

5—As South you hold:  
 ♠ 7 5   ♠ A K 3   ♠ A K 2   ♠ K 10 6 4 3  
 The bidding has proceeded:  
 South   West   North   East  
 1   Pass   Pass   Double

What do you bid now?  
 A—Pass. When partner failed to keep one club open, offensive prospects for your side virtually disappeared. The best chance for a profit lies in the hope that complete silence will induce the enemy to overreach themselves.

6—As South you hold:  
 ♠ J 10 9 8 4   ♠ A K Q 9 7   ♠ 6 2   ♠ 5  
 The bidding has proceeded:  
 South   West   North   East  
 Pass   Pass   1   Pass

What do you bid now?  
 A—Three hearts, a jump response is absolutely forcing for one round even though you have passed. It is your intention to bid four spades on the next round, and in this way you may be able to induce your partner to try for slam if he can.

7—Partner opens with one heart, and you hold:  
 ♠ J 4 2   ♠ J 10 5 3   ♠ Q 6 5   ♠ K 5 2  
 What is your response?  
 A—Despite the fact that you have ample trump support you should refuse to raise to two hearts. Some action must, however, be taken and the proper procedure is to respond with one no trump. Where the choice rests between a response of one no trump or a single raise, with evenly balanced hands the no trump bid should be preferred if the raise is of minimum proportions.

8—As South, both vulnerable, you hold:  
 ♠ Q J 10 9 8 5   ♠ K J 4   ♠ 10 9 5   ♠ 7  
 The bidding has proceeded:  
 West   North   East   South  
 1   2   Pass

What do you bid?  
 A—Pass. There is little doubt that your best contract would be two spades, but there is also little likelihood that you can buy the contract at that, for partner will surely construct a suit as a one bid. Had partner's two club bid been doubled, it would have been a clear-cut test case for two spades, but under the circumstances silence is the best policy.

# Priest Joins Police Runs

KANSAS CITY (AP) — A police car, siren screaming and red lights flashing, swerved in and out of traffic at high speed, finally stopping alongside two wrecked vehicles.

A police sergeant and a captain stepped out. The sergeant began his routine duties of checking licenses, skid marks, other evidence. The captain stopped to comfort a fractured arm.

Few noticed that in addition to his captain's insignia he wore a tiny gold cross on his collar tabs.

**FRIDAY ROUTINE**

It was the beginning of another Friday night on squad car patrol for Msgr. Joseph V. Sullivan, chancellor of the Kansas City-St. Joseph Diocese. He has followed the routine, riding the cars from 7 p.m. until midnight every Friday, since his appointment as one of three department chaplains a little over a year ago.

Police department veterans say they cannot recall any other chaplain who actually participated in police patrol work.

For the priest, 44, who has been a radio announcer, disc jockey and school superintendent, it is a means to an end.

"When you share a few of their — police — frustrations and a few of their dangers, you begin to understand their problems," he said. "Most of the men I have met are just like anybody else — they want a home, a vacation now and then, but most of all they need the appreciation and good will of the people they serve."

**NEVER IN DANGER**

Msgr. Sullivan said that while there is a "calculated risk in every police call" that he never had felt in physical danger during the 30-odd weeks he has been riding the patrol cars in all parts of Kansas City.

"I have encountered some violence," he said, "but the police handled the situation so swiftly and so expertly that I never felt I was endangered."

Because few of the people recognized him as a priest, he was able to observe people in situations and in actions that a man in civilian clothes would not ordinarily encounter, the priest said.

"I have learned things about human nature you can't find in books," he said. "I feel that I have gained more myself than anyone else."

# U.S. Rises As Importer Of Meats

WASHINGTON (AP) — The United States is moving up among the nations of the world as a meat importer.

The United States is importing 25 per cent of the total quantity moving in world trade compared with about 15 per cent for the 1956-60 average. Britain is the top importer, but its share of the world trade has dropped from 57 per cent to 46 per cent in recent years.

The increasing volume of U.S. imports has been bringing sharp protests from the nation's livestock producers, particularly cattlemen. The latter have been operating this year under considerably lower prices than last year. They blame imports in part.

U.S. meat imports in 1962 totaled 1,850,000,000 pounds compared with an average of 890 million for the 1956-60 period.

**POWERFUL PLUNGER CLEARS CLOGGED TOILETS in a jiffy!**

# 31 Die Violently During Weekend

Traffic accidents claimed 16 lives and Texas counted a total of 31 violent deaths during the weekend.

The toll was recorded between 6 p.m. Friday and midnight Sunday.

John Gipson, 64, was killed Sunday in a dynamite explosion at a water hole on the Sabine River near Grand Saline. Frank Hill, 46, of Alba was injured.

Carter Billings, 29, a dredging company employe from Aransas Pass, was injured fatally Sunday night when his car went off the road and overturned 4 miles southeast of Port Lavaca.

An expressway collision which sent one car plunging 30 feet from a Dallas overpass to the street below Sunday afternoon killed Diego Gonzales Bermea, 38, his wife, 35, and Mrs. Max Guerra, 30. Five other persons were injured.

Ernest Slaughter, 26, of Odessa was killed Sunday when another truck hit his stalled pickup at an Odessa intersection.

Albert Wheeler Jr., 21, of Lexington, Tex., died Sunday after he was beaten and shot in the neck during an argument at a tavern near Rockdale.

Hugh Franks, 41, was shot to death in Fort Worth Sunday.

Gordon Bradford, 20, died in Houston early Sunday when his car overturned and burned.

# TURNING POINT

"... Ye turned to God from idols to serve the living and true God" (I Thess. 1:9). This refers to the conversion of these people. To understand how and when one is converted, we only need to see how he turns to God. One has not turned to God the moment he believes. Believing and turning are listed as different things, with the turning coming after the believing. As great a number that believed turned unto the Lord" (Acts 11:21).

Repentance is in the process; but is not the point of turning. The turning must be added to the repenting. The message is:

"Repent and turn to God" (Acts 26:20). Men must do both these things.

Take with this passage, Acts 2:38. "Compare the two. One says, 'repent and turn to God,' the other, 'repent and be baptized.' This baptism is the point at which the turning is complete.

By T. H. Torbett, preacher, church of Christ, 3900 West Highway 80, where you are always welcome.

# Police Battle Terrorists At Posh Caracas Cafe

CARACAS, Venezuela (AP) — Police and pro-Communist terrorists fought a brief battle at a fashionable outdoor cafe Sunday while dozens of customers threw themselves on the ground for protection.

There were no injuries, but several bullets shattered the glass window of a nearby supermarket owned by New York's Gov. Nelson A. Rockefeller.

Police captured two terrorists and said they were Communists and university students. Authorities said they were members of a gang of 15 men and two women who staged a daring attack on a suburban police station in Baruta an hour earlier.

Another member of the gang was wounded and captured outside the police station. The other terrorists escaped.

# Oil Controls' Decline Seen

ABILENE (AP) — The philosophy of those in government who seek broader federal controls of oil and natural gas "will be exposed as unsound and will not prevail," an industry spokesman asserted today.

Minor S. Jameson Jr., executive vice-president of the Independent Petroleum Association of America, advanced this view in remarks prepared for the annual meeting of the West Central Texas Oil & Gas Association.

He said leaders of the domestic petroleum industry are optimistic in a struggle for sound federal government policies on oil and gas because the industry has a better case than ever before and is better organized to present it.

Jameson also declared that "opposition to sound policies is nowhere as strong and as effective as the opposition the independent producer faced a decade ago when, for example, most international oil companies bitterly opposed import restrictions."

Concerning imports, he said: "The government program of restricting oil imports is here to stay and, equally important, this program can be strengthened and improved so as to be made more effective."

The IPAA executive had this to say about natural gas: "The intolerable federal utility regulation of local production of natural gas is not here to stay, and corrective legislation to eliminate utility control of gas producers can be—and in my opinion will be—obtained."

Jameson said percentage depletion and related tax provisions applying to oil and gas production likewise are here to stay as vital minerals policy.

"In my opinion these provisions will be reconfirmed by the Congress in its current over-all consideration of broad tax policies," he predicted.

# Dallas Is Plagued With Grass Fires

DALLAS (AP) — More than 100 grass fires kept firefighters busy over the weekend in Dallas and Dallas County.

The fire department reported 90 grass fires Saturday and Sunday in the city. There were no injuries.

# Santo Domingo Students Rally

SANTO DOMINGO, Dominican Republic (AP) — Santo Domingo University students held a noisy demonstration in a university building Sunday against the new ruling junta and "Yankee imperialism."

An estimated 1,000 students heard speeches by members of the pro-Castro Fragua student group, but under a sharp police warning against disorderly conduct, they did not carry their demonstration into the city's streets.

Santo Domingo students have demonstrated several times since the overthrow of President Juan Bosch by a group of military leaders late last month.

# Red Adair Team Snuffs Out Blazing Well Fire

BOWIE, Tex. (AP) — A burning oil well that had raged out of control for nearly three days was snuffed out Sunday by a specialized firefighting team from Houston.

ABILENE (AP) — The philosophy of those in government who seek broader federal controls of oil and natural gas "will be exposed as unsound and will not prevail," an industry spokesman asserted today.

Minor S. Jameson Jr., executive vice-president of the Independent Petroleum Association of America, advanced this view in remarks prepared for the annual meeting of the West Central Texas Oil & Gas Association.

He said leaders of the domestic petroleum industry are optimistic in a struggle for sound federal government policies on oil and gas because the industry has a better case than ever before and is better organized to present it.

Jameson also declared that "opposition to sound policies is nowhere as strong and as effective as the opposition the independent producer faced a decade ago when, for example, most international oil companies bitterly opposed import restrictions."

Concerning imports, he said: "The government program of restricting oil imports is here to stay and, equally important, this program can be strengthened and improved so as to be made more effective."

The IPAA executive had this to say about natural gas: "The intolerable federal utility regulation of local production of natural gas is not here to stay, and corrective legislation to eliminate utility control of gas producers can be—and in my opinion will be—obtained."

Jameson said percentage depletion and related tax provisions applying to oil and gas production likewise are here to stay as vital minerals policy.

"In my opinion these provisions will be reconfirmed by the Congress in its current over-all consideration of broad tax policies," he predicted.

Adopt the pace of nature: her secret is patience. —Emerson  
**DAILY GUIDE**—There will be a New Moon on Thursday, so the next few days are for finishing projects started earlier in the month, taking care of details pending on old matters, and recharging your personal batteries so you will be able to start off over the weekend with renewed energy. Adjust your pace to the rhythm of nature, the ebb and flow of the earth's tides, the magnetic force of positive and negative: it will save you much wear and tear as well as frustration.

**HAPPY BIRTHDAY, LIBRA!**  
Your chance to air your views this month and the fact that you could gain through others in the coming months suggest that your best bet would be to cultivate other people, seek favors now, discuss matters with partner, mate or associates.  
Be careful of spending this week and watch finances next June and December, when the temptation to be extravagant or to gamble may be strong. In the summer watch health and try not to work too hard.  
In the middle of February social matters or ties with loved ones could be difficult.

A constructive day if handled right, and that means a sensible blending of the practical with originality. A last minute aid can balance the books.  
Librans are well in the throes of explaining their ideas and intentions; recent delays in communications are over for them. Arians have luck with them, but will do well to listen and learn.

**Jessie's Catches Hit The Jackpot**

PHILADELPHIA (AP)—Jessie, a one-year-old Labrador who likes to retrieve things, pulled her biggest coup to date Sunday.

She returned from her daily run in Fairmount Park with a man's wallet containing \$45. This by far topped the softball she retrieved Friday and the baseball Saturday.  
Her master, Charles E. Rosenberg, turned the wallet over to park guards. Through identification papers, authorities located the owner of the wallet, Luke Jones of New York.  
Jones said he lost the wallet Saturday while visiting here.

**Marriage Announced**

Mr. and Mrs. Don A. Collins are at home at 502 Blanford St., Apt. 2, Rockville, Md., following their marriage at the Christ Congregational Church, Silver Springs, Md., Aug. 10. The bride is the daughter of the late Dr. Harold E. Warner and Mrs. R. M. Brooker. She attended Montgomery Junior College and is now training at the National Institute of Health. Collins, a former resident here, is the son of Mr. and Mrs. A. E. Collins; Buchanan Dam. He attended the University of Houston and for the past three years he has been stationed at the National Naval Medical Center, Bethesda, Md.

**Will Attend National GS Event, Sail To Nassau**

NANCY THOMAS

Nancy Thomas, daughter of Dr. and Mrs. Clyde Thomas Jr., will attend the National Girl Scout Council in Miami, Fla. Oct. 21.

A member of Senior Girl Scout Troop 200, Miss Thomas was chosen as one of two representatives from the West Texas Council's 40 applicants interviewed by a committee at Sweetwater.

Following the Miami meeting, she will go with a party of senior Scouts and adult Scouts to Nassau, Bahamas, sailing aboard the SS Bahama Star. Adults from this area who also will take the trip are Mrs. D. M. Costlow, Stanton, Mrs. Larson Lloyd, Big Spring; Miss Fane Downs and Miss Harriet Redving, both of Abilene. Some 8,000 adults are expected to participate in the Miami event.

Miss Thomas, Mrs. Lloyd and Mrs. Costlow will travel by plane out of Dallas Oct. 20, and will return home Oct. 28.

**HINTS FROM HELOISE**

**Mix Milk, Save Shirts**

Dear Heloise: Here is a hint for large or small families who are heavy milk drinkers. I have found a way to save on our milk bill and still have more milk to enjoy. I mix fresh milk half and half with non-fat dry milk. The whole mixture will taste so much like sweet whole milk that it will surprise you! As far as vitamins and calories are concerned, the milk nutrition of the mixture is exactly the same as whole milk, but the butter fat is less. This is far better when it sets

HELOISE

in the refrigerator for at least 24 hours. D. C. Dear Heloise: Daddy's old T-shirts make perfect bath towels and washcloths for a baby's soft skin. I cut the arms off each T-shirt to make baby's towels, and use the sleeves for washcloths. I always use a thick terry bath towel for a pad underneath the baby at bath time, and use the T-shirt towel for drying. Mother My two boys ran me ragged when they wanted drawing paper. Instead of buying expensive drawing paper, I bought a roll of the cheapest shelf paper. I put this roll of lining paper in a metal-edged box (the kind that foil or waxed paper comes in) and now my boys can tear any size piece, large or small, as they want it. Mrs. Elois B. Dear Heloise: Other than an apron what can be made from neckties? Is there any possible way they could be made into bow ties? The present style in my house is narrow bow ties, but since mine are all big, they are outdated in shape. Wife Dear Friend: I don't know of any pattern you can get to make a narrow bow tie. The best thing, I think you can do, is to go to your dime store and buy the cheapest bow tie you can find in the shape you want! Rip this dime-store tie apart, press it with an iron and you will have the exact pattern for a professional bow tie! You will be able to see how the original tie was sewn. Ties are even more expensive when handmade, so don't worry if you haven't a sewing machine. Just try to buy a handmade

**Plans Told**

Mr. and Mrs. J. S. Bentley of Eula announce the forthcoming marriage of their daughter, Joseph, 507 Lancaster, to Thomas H. Corwin, 611 Caypor. The wedding is planned for Oct. 26.

**Miss Cole Is Complimented**

A complimentary affair was the shower for Miss Marilee Cole Saturday evening in the home of Mr. and Mrs. Hartman Hooser, 1800 Brent. Miss Cole, bride-elect of Larry D. Hoth, Summer, Iowa, and

daughter of Mr. and Mrs. W. C. Cole, is to be married Saturday evening, in the chapel of the College Baptist Church.

In the receiving line were the honoree, Mrs. Cole, mother of the bride-elect and Mrs. Hooser.

Mrs. Zula Reeves registered the guests.

The tea table, laid with floor-length, handmade white organza, featured wedding bells, rings and bows of white and silver in the scallops along the sides. Carrying out the bride's chosen colors, an arrangement of bronze and yellow mums in an antique china vase centered the table, blending with white candles in crystal candelabras. Serving the guests were Mrs. L. D. Koefler, Odessa, and Miss Beverly Hooser, daughters of Mrs. Hooser.

Miss Sylvia Cole, sister of the bride-elect, displayed gifts, assisted by other hostesses. Hostesses' gifts were a pressure cooker and an electric mixer. Assisting Mrs. Hooser with hostess' duties were Mrs. L. S. Bonney, Mrs. Zula Reeves, Mrs. D. Bennett, Mrs. Bill Horne, Mrs. Doug Clemens, Mrs. C. L. Lumpkins, Mrs. Leon Cole, Mrs. Eddie DeVore, and Mrs. Irene Dempsey.

**Session Held For Council**

St. Mary's Episcopal was the host church for the Friday morning session of the United Council of Church Women. Opened with the Lord's Prayer, the meeting continued with a devotion, taken from Martha's Meditation and given by Mrs. Donald Hungerford.

An announcement was made concerning the arrival of duffel bags next Wednesday. Layettes and friendship packets will be taken to the altar at 2 p.m. Nov. 1, World Community Day, to be held at the First Methodist Church. The regular meeting will precede the program and a nursery will be open.

Refreshments were served to 17 members, after which the dismissal prayer was given by Rev. Hungerford.

**Mrs. Riddle Visits Here**

Mrs. Kyle L. Riddle, Langley Air Force Base, Va., is a visitor in Big Spring, having arrived Sunday afternoon, and currently is a house guest of the R. W. Whipkeys.

Mrs. Riddle resided here in 1957-59, when her husband, Brig. Gen. Riddle, was commander of Webb Air Force Base. They had a four-year tour of duty in Europe before returning to Langley a few months ago.

**Girls Ranch To Be Dedicated**

Officers, directors and parents of the High Sky Girls Ranch have issued a public invitation to attend a dedication ceremony Sunday from 2 until 2:30 p.m., followed by open house from 2:30 until 5 p.m. The ranch is located three miles north of Midland on the west side of the Andrews Highway.

**Student Visits**

Terry McDaniel was a visitor this weekend at the home of his parents, the Hank McDaniels, City Park Road. He is a student at North Texas State College, Denton.

how tie and you will see how expensive they are.

Anyone have any more ideas for using old ties? If so, do dig up that pencil and write to Heloise care of The Big Spring Herald. We'd love to hear from you. Heloise

Irene Zenker I always pack our shoes in old nylon stockings when we travel. This way, the dust that is on the sole, and the polish, will not come off on clothing in the suitcase.

(Mail letters to Heloise in care of The Big Spring Herald.)

**NEW WAY TO BE SUDDENLY SLIM**

Are you a woman whose figure is on the good side but might look perfect? You'll be thrilled by the new easy way science has discovered for you to become Suddenly Slim. If you're more than 15 pounds overweight, then this idea is not for you. If your weight problem falls within this range, then you can realize a new, smoother figure today, without diet or exercise.

Suddenly Slim is an all-new kind of 4-oz. girdle constructed of science fibers. One startling innovation is the sheer nylon front panel. This permanently stiffened by a science process and cannot give or sag. Its' surrounded by a slimming action border. A featherstitched panel down each side of this girdle will contour your hips if they are a problem. The girdle itself is of a "wonder" Lycra spandex blend. It's a new power net consisting of nylon, acetate and spandex. It feels like nothing on but has such slimming strength, it gives your figure everything that's possible with a foundation.

"Suddenly Slim" is the peak achievement of the designer-genius, Olga. Be "Suddenly Slim" today in either girdle or panty version. Featured at Hemphill Wells, 214 Main, Dial AM 4-8233.

—Adv.

**Club Hears Program On E. Berlin**

"I was constantly reminded of how lucky we are to live in a free country," said Miss Arali Phillips, as she described her tour of Europe to members of the City Home Demonstration Club Friday afternoon. Mrs. W. N. Norred was the hostess.

Miss Phillips showed maps and slides of the city of Berlin and told of the six hours she and four members spent in East Berlin. She said that their visa and passports were kept at the checkpoint and their money counted before they were allowed to continue into the city. Although the city has about a million residents, Miss Phillips said that most of the streets were deserted.

The devotion was given by Mrs. Merle Hodnett, followed by a business session conducted by Mrs. D. D. Johnson. Twelve members answered roll call by telling the things they could do for the community.

A football theme was carried out on the refreshment table where the centerpiece was a miniature goalpost made of marigolds. The cloth was of ecru lace, and napkins featured football players, Mrs. Johnson and Mrs. Alton Underwood served.

Mrs. Underwood will be hostess in her home at 601 E. 16th for the Oct. 18 meeting.

**Former Resident's Work To Be Featured**

Miniature Kachina masks made of sterling silver by Myron Deighton of Oklahoma City, formerly from Big Spring, will be a featured exhibit at the Midland Gem and Mineral Show Nov. 2-3 at the National Guard Armory.

His exhibit will include pendants with hand made chains, ring, squash blossom necklace with earrings, belt buckle and black leather holster and knife sheath with silver rose and leaf design.

Rockhounding and silver-smithing is Deighton's hobby, and he has won many national awards for his excellent silver work with these Kachina masks.

These masks are miniature replicas of full size masks worn by the Hopi Indians in their dances. The Hopi believe that a group of super-natural beings named Kachinas live in nearby mountains and visit their villages at intervals during the first half of each year. Because the Kachinas cannot be seen by man, the Hopi put on the masks and costumes representing different Kachinas and perform dances and ceremonies in their honor. These dances are very important to the Hopi as a spiritual means of petitioning for rain, good weather, bountiful

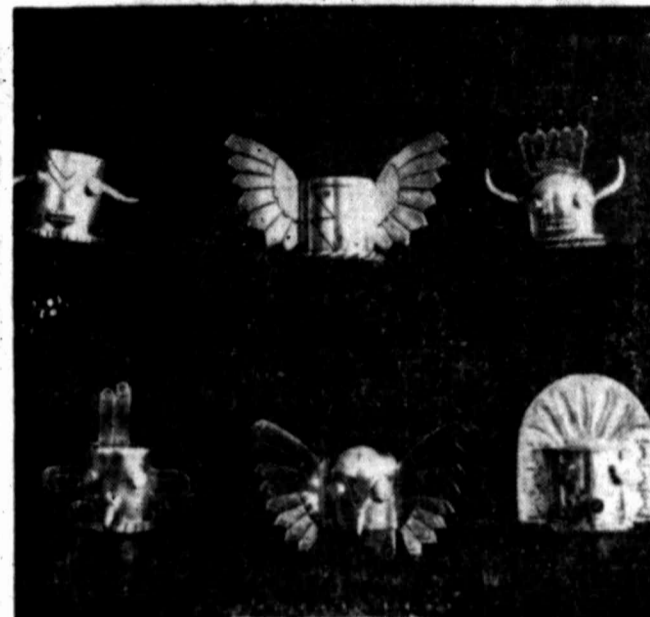

crops and other blessings. While dances of the Kachinas are very important to the Hopi, they are not as well known as the famous Hopi Snake Dance.

These replicas, made of sterling silver, are stamped with hand made dies and turquoise are used for eyes. They are named for the Gods they represent, some of which are Spirit of Cow, Crow Mother, Mud

Head (clown), Spirit of Eagle, Homis Kachina, Evil Spirit and Spirit of the Great Horned Owl.

Several other special exhibits will be on display at the show, as well as displays by individual club members.

The show is sponsored by the Midland Gem and Mineral Society and is the first display of this kind to be held in Midland.

### Games Are Reported By Clubs

Duplicate sessions were held Saturday evening and Sunday afternoon with winners named for each.

#### COSDEN CLUB

Six tables were in play Sunday at Cosden Country Club with Mrs. E. L. Powell and Mrs. Elmo Wasson winning first; Mrs. Loyd Nalls and Mrs. Fern Durham, second; Mrs. Hudson Landers and Mrs. Jack Irons, third; and Mr. and Mrs. Glenn Riley and Mrs. B. B. Badger and Mrs. J. H. Holloway, tied for fourth.

#### ELKS DUPLICATE

Duplicate game winners Saturday evening at the Elks Lodge Hall were Mrs. Fern Durham and Mrs. Jack Price, first; Mr. and Mrs. Joe D. Herbert, second; and Mrs. Bill Emerson and Mrs. Bob Dyer, third.

### Duplicate Players Gather At Webb

Nine tables of players met for duplicate bridge Thursday evening at the John H. Lees Service Club, WAFB. Master point night was observed.

Winners in the north-south position were Mrs. Elmo Wasson and Mrs. E. L. Powell, first; Mrs. Dan Greenwood and Mrs. Ray McMahan, second; Mrs. J. J. Havens and Mrs. Robert Dyer, third; and Mrs. B. B. Badger and Mrs. Glen Lingenfelter, fourth.

East-west winners were Mrs. John Stone and Mrs. Ben McCullough, first; Mrs. Ayra McGann and Mrs. J. H. Holloway, second; Mrs. Lloyd Nalls and Mrs. Bert Wall, third; and Mrs. R. E. Dobbins and Mrs. Bill Emerson, fourth.

### Mrs. Kester Speaks For P-TA Meeting

Mrs. Dan Kester was the guest speaker Friday at the Cedar Crest School Parent-Teacher Association's meeting. Mrs. Kester, of the Howard County Library, discussed family unity.

Mrs. Thomas Carpenter presided during the business session as Marvin Kilgore presented the budget, which was approved as read. Mrs. A. A. Zolinger gave a report on the carnival project.

The door prize was awarded to Mrs. J. L. Stevens and the room count won by Mrs. Ruth Van Meter's first grade class.

### Family Unity Is Stressed In Talk

Sam Anderson, superintendent of Big Spring schools, stressed family unity in his talk made Wednesday afternoon to the Washington Parent-Teachers Association. He discussed the subject in relation to civil defense and the preservation of the American way of life.

The business session, with Mrs. Clyde Thomas Jr. presiding, included project plans for bicycle racks and playground seeding. Also the budget was approved.

### Durhams Return To Washington

Mr. and Mrs. C. J. S. Durham left Saturday for their home in Washington, D. C., after a two-week vacation here with his mother, Mrs. T. M. Collins, and Dr. Collins. While here they went to Inks Lake for a week of fishing.

### Are Recent Guests

Recent guests of Dr. and Mrs. T. M. Collins have been Mrs. Marion Owens, her sister, Miss Edna Murdock and E. H. Longhenry of Dallas. Also, Mr. and Mrs. A. R. Collins of Burnett were here for a brief visit and on business.

### Committee Gets Petitions

Chairman Carlton Chapman, head of the table, outlines areas for stronger insect control petitions to be circulated in Howard County. About 30 members of the agricultural committee of the Chamber of Commerce attended the meeting of get petitions signed by cotton and related industry citizens by Oct. 31.

## C-C Committee Petitions Urge Insecticide Research

Petitions requesting more research, and more insecticides for use in the control of the tobacco budworm and beet army worm in West Texas cotton producing areas, were handed out for circulation at the Big Spring Chamber of Commerce office this morning. Similar petitions, to be signed by cotton farmers and all others in cotton-related

### Warren Rites Set For Today

Services for Aubrey Lee Warren, 56, who died Wednesday in Brawley, Calif., were set for 3 p.m. today at Nalley-Pickle Chapel. Burial was to be in Trinity Memorial Park under direction of Nalley-Pickle Funeral Home.

Mr. Warren lived in Howard County from 1913 to 1933 when he moved to Brawley. He was born Jan. 13, 1907, in Hill County.

Survivors include the widow, Mrs. Peggy Warren; three brothers, Louis S. Warren, Sunnyside, Wash., J. W. Warren and George Warren, both of Coahoma, two sisters, Mrs. Cleve Tyler, Coahoma, and Mrs. H. C. Parks, Sacramento, Calif.

Pallbearers were Harold Harrington, Clifton Harrison, Ebb Echols, Ralph White, Clovis Phinney and Earl Reid.

## 1964 Farm Issues Up For Study

WASHINGTON (AP) — With farmers harvesting the largest volume of crops in history, questions are already being raised in farm circles about 1964 production prospects.

This year's crop volume is estimated at nearly 2 per cent larger than the previous record set in 1960 and matched in 1962, although 58.4 million acres of cropland were held out of use under government payment programs.

Farmers will be free to return 51.4 million acres of this land to crops next year. If so used, the crop volume could well be enormous. Surplus problems could be complicated.

Of that idled this year under federal payments, 33.4 million acres were wheat, corn, sorghum and other feed grain land held out of production under wheat and feed grain land diversion programs. The remaining 17.6 million acres of the soil bank land out of use. There is no program to pay farmers for keeping some wheat land idle.

It can be assumed that feed grain programs again will idle a large part of their acreage next year, possibly as much as 25 million acres. Payments and price supports are expected to be effective in idling at least 25 million acres.

### Memory Returns

A hitchhiker, who sustained partial loss of memory after apparently being struck by a car at FM 700 and US 80 East last Thursday, may have wished to forget his real identity.

The man, identified as being James Douglas Dinsmore, 27, 385 W. Holt Street, Pomona, Calif., was returned voluntarily to California Sunday after being discharged from Howard County Hospital Friday.

He was a parolee from a Federal penitentiary there. He said he originally was arrested for violation of the Dyer Act (car theft). Hospital authorities said he was under no restraint and talked over the situation with us.

He was under no restraint and talked over the situation with us. Hospital officials said Dinsmore was accompanied to California by J. B. Hall, Big Spring deputy sheriff. Officials said Dinsmore was admitted to the hospital after the accident. He told doctors at the hospital the last thing he could remember was walking along the highway in Odessa.

Positive identification was secured Monday morning when hospital authorities received a letter from Mr. and Mrs. Douglas James Dinsmore, parents of the man. Officials said they expect full recovery of memory.

### No Decision Is Reached

Howard County Commissioners' Court resumed discussion of the worthless check department in the office of Miller Harris, sheriff, today but had reached no definite decision on whether the department should be shut down.

The commissioners are convinced the operation of the department as it functions is illegal and have so advised the sheriff's office.

Protests against closing the department had been received by the commissioners from merchants.

Lee Porter, county judge, suggested that Wayne Burns, county attorney, contact Wichita Falls, the only other city where a similar department is maintained, and find out how the operation is carried on.

At a conference in Austin of county judges and commissioners recently, the members of the other officials and with the attorney general's office on the worthless check department they were told they said, that the department is not authorized by any law on the books.

The department has existed for more than a year.

### Formal Opening Today For Firm's Third Store Here

Hull & Phillips, long time grocery store operators in Big Spring, have opened their third store in the city. The formal opening of No. 3 today, at 501 W. 3rd, will see door prizes for registrants.

The store, recently purchased from Newsom's, is under full management of Eldon L. Hull, M. B. Hull, and Elmo Phillips. They have operated stores at Ninth and Scurry, and at 611 Lamesa Highway, for several years.

### Increased Air Service Scheduled In Big Spring

Beginning Oct. 27, air service for Big Spring will be increased.

Six flights a day serving Big Spring on routes between Dallas and Midland-Odessa, Dallas and Albuquerque, and Midland-Odessa and Albuquerque, will be announced by Trans-Texas Airways following the final order in the Southwestern Area Local Service Case issued by the Civil Aeronautics Board Oct. 11.

Service is scheduled to begin on all flights Oct. 27.

Flight 199, Dallas-Midland-Odessa, departs Dallas at 7:05 a.m., Fort Worth at 7:24 a.m., Abilene 8:27, and arrives in Big Spring at 9:08. The flight leaves Big Spring at 9:13 and terminates at Midland-Odessa at 9:37 a.m.

Flight 198, from Midland-Odessa to Dallas, arrives Terminal at 4:45 p.m., leaves Big Spring 5:16 p.m., and arrives at Abilene 5:57, Fort Worth at 7, and terminates at Dallas at 7:17 p.m.

Flight 197, Midland-Odessa to Albuquerque, departs Terminal 10:35 a.m., arrives Big Spring 11:01 a.m., departs Big Spring 11:06, arrives Lubbock 11:45, Clovis 11:30, Santa Fe 12:39, and Albuquerque at 1:07 p.m.

Flight 196, Albuquerque-Terminal, leaves 7 p.m., Santa Fe 7:28, Clovis 8:37, Lubbock 10:22, arrives Terminal 11:30.

Flight 191, Dallas-Albuquerque, departs Dallas 5:30 p.m., Fort Worth 5:47, Abilene 6:52, and arrives Big Spring at 7:33 p.m. Leaves Big Spring 8:38, arrives Lubbock 8:17, Clovis 8:10, Santa Fe 9:19 and terminates in Albuquerque 9:47 p.m.

Flight 190, Albuquerque to Dallas, leaves Albuquerque at 6 a.m., Santa Fe 6:28, Clovis 7:37, Lubbock 9:32, and arrives Big Spring at 10:11. Leaves Big Spring 10:16, arrives Abilene 10:57, Fort Worth 12, and Dallas 12:17 p.m.

### Weather Forecast

It will be generally fair over most of the nation Monday night. Scattered showers and thundershowers are expected in the eastern sections of the north and central Plains. Occasional rain is expected along the Pacific coast from northern California to the border and showers are in prospect for the northern Rockies and the northern Great Basin. (AP WIREPHOTO MAP)

### Bibles From Gideons

George O'Brien Sr. presents Gideon Bibles to Holiday Inn Manager Ronnie Ruden Sunday afternoon. The Bibles were made available to the Ponderosa Motor Inn on US 87 also. The international organization has made Bibles available to hotels, motels, and apartment houses, as well as hospitals, for more than 60 years.

## Jose Lopez Murder Jury Sought In District Court

Jose Nunez Lopez, accused of the murder of Gloria Gomez, is on trial today in 118th District Court.

First of the special veniremen called for duty was being interrogated at noon. Others of the venire had been instructed to report to the court at 2 p.m. and the remainder of the 44 prospective jurors left to come back to the court house at 4 p.m.

Lopez' case was the third on the list of murder matters set down for trial this week. He was suddenly pushed to top position when the state announced that plans for trial of James Monroe Steward had run into a snag and the case, by agreement with the defense attorneys, had been passed for the term.

At the time, Roger Brown, one of the attorneys for George Lopez, the second case on the docket, presented a motion for a continuance. This motion, filed with the court, set forth that George Thomas, principal counsel for the defendant, had

been hired for only four days and had no time to prepare a defense. The court indicated it would grant the motion.

This left Lopez as the sole surviving defendant. The state and defense announced ready in his case. Wayne Basden is his attorney.

Gil Jones, district attorney, made a brief statement to the venire prior to the individual questioning of the members, relative to the case. He told the panel that Lopez is accused of fatally beating a woman named Gloria Gomez on March 25.

That sudden development in the Steward case was somewhat unexpected by court observers. All of last week it had been indicated that the convict would go on trial as the No. 1 defendant for the Nov. 30, 1961 murder of Travis R. Hicks. No announcement was made of what had arisen to make the continuance necessary.

R. H. Weaver and E. L. Hamby, court appointed attorneys for Steward, said they were hap-

py about the continuance, pointing out they had not enough time in which to draft plans for their client's defense.

Ives' case, which will be continued in all probability, involves the shooting March 31 of Loma Flippen O'Neal. The woman was slain in her house on that date.

Of the 150 special veniremen called for jury duty in these cases, only 70 were in the court room when the roll was called. When excuses were considered by the court, the balance remaining was 44.

### Gen. Dean To Get New Post And A Promotion

Announcement has been made of the appointment of Maj. Gen. Fred M. Dean to a new important strategic post in Washington and the simultaneous nomination to be lieutenant general.

General Dean is a former commander of Webb Air Force Base, having served as a colonel here in 1953-55. Currently, he is commander of the 12th Air Force, with headquarters at Waco, and reportedly will be going to his new job with three stars—around November 1.

Announcements said that General Dean will head a new office for weapons evaluation that has been created in the Arms Control and Disarmament Agency. This is a new arm of the government that has not been highly publicized, and which was launched by President Kennedy in a speech made to the United Nations in September, 1961, when he told

Washington dispatches said that General Dean, who has climbed remarkably fast up the Air Force promotion ladder, will be presenting plans and programs for disarmament to his superiors, to other officials of the executive branch of the government and to the Congress.

Washington dispatches said that General Dean, who has climbed remarkably fast up the Air Force promotion ladder, will be presenting plans and programs for disarmament to his superiors, to other officials of the executive branch of the government and to the Congress.

### County Docket Trials Begin

First of a number of civil cases slated for jury trial in Howard County Court was under way Monday afternoon. A jury panel had been called to report to the court at 1 p.m. and Judge Lee Porter called the case of R. H. Weaver vs. Imogene Lloyd for trial. This is a matter over a debt.

### Funeral Pends For Airman

Services for S. Sgt. Robert E. Benson, 29, of 192-B Hunter Drive, Webb Village, who was killed in a car-truck collision near San Angelo Saturday, are pending at Nalley-Pickle Funeral Home.

S. Sgt. Robert L. Julian, also of Webb, was injured in the same accident. Miss Diane Johnson, 19, San Angelo, with the two airmen, was in Shannon Hospital with injuries described as not serious.

S. Sgt. Benson was born Oct. 24, 1933. He had been at Webb AFB for about eight months and was with the 32nd Central Air Rescue Section, based at Webb.

He is survived by the widow, Mrs. B. Hunter Drive, and three daughters, Deborah Lynn, Treasa Diane, and Cynthia Dawn.

### L. Gonzales Funeral Set

Leonardo Gonzales, 73, a retired laborer, of 508 N.W. 10th, died at 2:05 a.m. Sunday after a lengthy illness.

He was born Nov. 6, 1889 in Old Mexico. He moved to Fort Worth in 1916 and to Howard County in 1934. His wife, Mrs. Josephine Gonzales, died Nov. 22, 1946.

Services are set for 8 a.m. Tuesday at the Sacred Heart Catholic Church, with the Rev. Patrick Casey officiating. Burial will be in the Big Spring City Cemetery under the direction of Nalley-Pickle Funeral Home.

Survivors are a daughter, Mrs. Tom Arista, Big Spring; six sons, Louis Gonzales, Leonard Gonzales, Jess Gonzales, Leonard Gonzales, Carlos Gonzales, all of Odessa, and Richard Gonzales, San Diego, Calif.; two sisters, Mrs. Temo Hozgoin and Mrs. Ambristio Diaz, both of Odessa; a brother, Simon Gonzales, Old Mexico; 22 grandchildren and three great-grandchildren.

# Brown Rips Giants, Johnson Is Hero

By The Associated Press  
"If he had run any harder, he'd have killed one of us." Jimmy Brown received that tribute from defender Sam Huff after staying on his record-breaking course Sunday by rambling over, around and through the New York Giants for three touchdowns in a 35-24 Cleveland victory that kept the Browns undefeated in the National Football League.

career yards and has scored 10 touchdowns this year. The Browns' victory maintained their one-game hold on the Eastern Conference lead. St. Louis slipped into second with a 24-23 decision over Pittsburgh on Charlie Johnson's 28-yard pass to Bobby Joe Conrad with five seconds remaining and Jim Bakken's conversion.

The Chicago Bears reclaimed the NFL's only other unbeaten team, crushing the Los Angeles Rams 32-14 as Mike Ditka grabbed four touchdown passes. Green Bay's defending league champion Packers remained one game back in the Western Conference race with a 3-28 decision over Minnesota.

A one-man Mr. Inside and Mr. Outside, Brown dove one yard for the first Browns' touchdown, took a screen pass 72 yards to the touchdown that put Cleveland ahead to stay and wound up his performance with a 32-yard scoring run.

The former Syracuse All-America and NFL rushing record-holder gained 123 in 23 carries on the ground and grabbed four passes for an additional 86 yards.

Donald Reed won the I-Sportsman and the H-Sportsman divisions. Larry Bailey took B-Compact Stock and Ed Cole was tops in the G-Sportsman, C-Stock, and Middle Stock Eliminator.

CHARLIE JOHNSON

## WALKER ERA RETURNS

# SMU 'Field Mice' Winning Games

DALLAS (AP) — In the late forties Southern Methodist had what is called "The Doak Walker Era."

ump was considered one of the great events in the comeback of a football team that dragged the depths three years during which it won only four games, lost 24 and tied two.

Stanford Lake Haul

Mr. and Mrs. Otis Perry and Mr. and Mrs. Billy Ray Brashears and their families returned recently from a fishing trip on Lake Stanford. They caught 53 black bass which weighed out at close to 175 pounds. The lake is not far from the town of Hamilton. Perry is at left in the above picture, Brashears at the right.

## Statistics Led By Same Four

The same four Big Spring players continued to lead in the statistical departments in team totals as the Steers lost their first district game Friday night to the Odessa Bronchos, 12-0.

Dick Irons, 210-pound senior fullback, took a commanding lead in the rushing category as he now shows 191 yards gained in 47 carries for a 4.1 average. Two of his runs have gone for touchdowns. Albert Fierro remains in second place with 3.0 average pickup as he has totaled the ball 38 times and covered 114 yards.

Fierro, the oily Steer as yet to throw a pass, has completed 23 of 65 tosses for 459 yards and an average gain per pass of 19.9 yards. He has had three interceptions and three of his bombs have gone for TD's. He has completed 35.1 per cent of his passes.

Charley West, who took two of Fierro's tosses for 41 yards in the Odessa game, again leads the pass receivers. He has now gathered in 12 aeriels, for 239 yards and a 19.9 average gain. He has caught one pass for a touchdown Tommy Erhardt, a 144-pound wingback who made a sensational diving catch on a 47 yarder from Fierro against the Bronchos, owns the best receiving average on the Steers.

Although Johnny Hughes was out of the lineup, he maintained his lead in the punting department with the same figures as last week — 11 punts for 413 yards and a 37.5 average each time he toes the ball. DeeBobby Gartman, who has taken over from Hughes, has booted the ball eight times for 249 yards and a 31.1 figure.

Individual, team yardstick: RUSHING PLAYS, PASSING PLAYS, PASS RECEIVERS, PUNTING

# Ex-Steer Mentor Recalls Powerful Single Wing

By PAT WASHBURN

Power packed single wing football, the pet offensive invention of Bernie Bierman and his Minnesota Gophers as they won game after game in the 1920's, roared into Big Spring Oct. 4 in the form of the Wichita Falls Coyotes.

OBIE BRISTOW

The Coyotes, one of the few teams anywhere still using the old time attack after it was almost completely junked for the glamour of T formation football, show past season records indicating that the single wing can still be run devastatingly well. Coming into the Big Spring game, Wichita Falls was undefeated after having rambled roughshod over three opponents in succession—Pampa lost, 27-6; Amarillo fell, 13-0; and Odessa was trounced, 20-6.

Most fans gave the Steers little chance against the high-powered Coyotes. In the three previous games, Wichita Falls had run 94 offensive plays off the single wing, picking up a net of 438 yards for a 4.5 average. In an attempt to shake up defensive alignments, the Coyotes also ran off the T approximately 40 per cent of the time and showed even better results. A total of 42 plays had picked up 237 yards for a 5.6 average.

With this bulldozer attack grinding out 4.9 yards on every carry while a Spartan defense limited opponents to an average of only four points a game, the Coyotes and their sportswriters exuded sparkling confidence in the outcome of the contest. But the rest is history—and what most people didn't know, the scouts had predicted it. Big Spring outplayed the Coyotes and came away with a richly deserved 12-8 victory.

WASHBURN: To one man, the game brought back memories. Obie Bristow, a former coach of the Steers in his den to the green grass of his early 1930's, used the single wing and his variations year run by him and his stooge—the one to become one of the to-better illustrate the potent of this almost forgotten play. Big Spring has ever had the helm. He knows the intricacies of the single wing as well as any of the men who know the T. He has seen the line and the unbalanced line, and the unbalanced line, he said in beginning of his demonstration of the basic single wing attack that ranged from the soft chairs of the sweep, and the power

plays off tackle. These are the main plays that make this formation move. It makes a great offense, especially if you've got a good hard running back."

ADVANTAGES He listed the advantages of a single wing attack and slowly showed that if a team's power can be contained, the single wing loses its effectiveness.

"In a true single wing, you've got power to burn on one side of the line," he said with a sly smile. "Counting the center there are nine men on the strong side which leaves only a tackle and a guard on the weak side. That's an unbalanced wing attack—in a balanced offense like the Coyotes use there are three men on the weak side. This way Wichita Falls loses some of its power on one side but they make the weak side a little stronger for reverses."

You hit mainly to your stacked side with sweeping end shift over to meet this concentration of men they'd better kiss the dog goodbye. And just when your defense gets shifted over good and is keying on that end run you hit them with a reverse which can be one of your best plays on a single wing if you don't run it too often.

### STRONG REVERSE

The reverse is strong because the men on the defense think the play is gone and take off after it and when their positions are left vacant you switch the flow of the play and they're caught dead."

The Wichita Falls reverse had been more than effective coming into the Big Spring game. It had been almost deadly. The Coyotes had only run it four times a game on the average but each time it had picked up 12.5 yards. The Coyotes ran into a brick wall in the Steer contest.

Another advantage is that the quarterback is already back in the slot and ready to pass since he doesn't have to fade back and then search for receivers. A quick pass is very effective. The quarterback is also in position to quick kick and there's no way to defend against that call since there's no way to tell when it's coming.

With four men on one side of the line eligible for a pass it's like suddenly letting a bunch of birds out of a cage, wheat that ball is snapped. You quickly flood an area with receivers on running pass and there's no way to cover them all unless you're just lucky. A good quarterback is poison on a running pass—it's the hardest play in football to stop."

Bristow listed as other advantages the always potent presence of laterals; the disappearance of precision blocks since the ball carrier runs behind a wave of men (mass interference); and the speed a good power runner picks up before he hits the line since he receives the ball five yards deep in the backfield.

"The best way to stop a single wing attack is to blitz and red dog the line," Bristow said. "If you don't do that but instead hold back to see where the play will develop, the wave of blockers will form and you've had it. With a successful red dog maneuver, you can red dog for a five yard loss almost every time. That's the main weakness of the single wing—a loss is usually substantial."

The Steers learned well.

## HOGS MUST WIN

# Texas Meets Arkansas In Crucial SWC Tilt

By The Associated Press  
Coach Darrell Royal of Texas anticipates that his team will be named No. 1 in the nation this week. He says it will be a hand-carry because what may be the biggest game of the Southwest conference season is coming up Saturday night at Little Rock.

Texas was No. 1 last year at the time it met Arkansas. The Longhorns won 7-3 and stayed on top. But the next week they were led 14-14 by wireless Rice and fell down to No. 5.

Then, Texas plays Arkansas back in August the predictions were free that this would settle the championship. Since then some momentous things have happened. Arkansas lost to Baylor 14-10 last week at the same time Texas was beating the No. 1 team in the nation—Oklahoma 28-7.

## PAT WASHBURN'S

# The Roundtable

JOHN DIBRELL, head coach of the Big Spring Steers from 1942-46.

"The wonderful fire and spirit of this year's Steers has really impressed me. They seem to gain speed and the ability to fight back after they're behind and that's a real tribute to the coaches and to the boys. One of the strong points is their overall team effort. They're popping them right well. Barring injuries, I think now they'll go a lot farther than everyone thought at the first of the season."

Offensive coach LUKE JOHNSON of the Chicago Bears.

"The day is almost gone when all you had to be was a good runner. They can defend you too easily if they know you're going to run every time you get the ball. Even JIM BROWN threw a pass for a touchdown two years ago. ALEX WEBSTER has started throwing the way FRANK GIFFORD used to, and PAUL HORNING will be driving everybody crazy again next year with that pass-run option of his. It won't be long before every back will have to be able to pass, run, catch passes and block, or the defense will murder him. You could say that (RONNIE) BULL is the typical runner of the future."

ED CHERRY, a former head coach at Richmond, sizing up the Steers.

"I think they're outstanding on defense—that's what is going to win ball games for them. They have the best downfield and open field blocking that Big Spring has ever had. The passing attack is real good but there isn't enough running power combined with speed. But of course, the passing loosens up the defense and makes the running go so you can't complain."

RONNIE BULL, Chicago Bear's back and former all-Southwest Conference halfback at Baylor.

DEAR ABBY

**Naive Mama Gets Fooled**

DEAR ABBY: Several days ago my friend had her first child, a boy. Three weeks before she had the baby her doctor told her that, according to her heart beat, she was going to have a girl. My friend believed the doctor and gave away all the gifts she received for a boy, thinking she'd have no use for them. Now that she has a boy she is very disappointed and angry because she gave away many things she could have used. Don't you think her doctor should be held responsible for what she lost out on?

A FRIEND  
DEAR FRIEND: There is no way to foretell the sex of a child before birth. Some doctors will take a good-humored guess, but their predictions are rarely taken seriously. Nor should they be.

DEAR ABBY: I think you gave that 17-year-old sinner a bum steer when you told her to quit her job because a lecherous middle-aged man tried to kiss her. If she quits a job every time she runs into that, she'll be looking for a new job every week. Why not stop him cold with "No more of that! You're too fine a man to behave that way!"

DEAR MADELINE: Are YOU kidding? That wouldn't stop a high school freshman. There's only one way to straighten out a lecher, short of using a baseball bat—and that's to remove yourself from the scene.

DEAR ABBY: Something happened last night and I'm still shivering. My fiancé and I were driving through a residential

district at exactly ten o'clock. There were no lights, and the speed limit was 15 m.p.h. We were doing about 10. Suddenly, out of nowhere, a small boy, no more than nine years old, appeared in front of us on a bicycle. We came within inches of hitting him. There was not a single light or reflector on his bike and he was riding it right down the middle of the street. Slow as we were going, we might have killed him. He didn't seem the least bit disturbed about his close call. He just laughed and went pedaling down the middle of the street. Please put this in your column, Abby, for thick-skulled parents who teach their children nothing about safety, and neglect to outfit their children's bikes with proper lights.

DEAR MARY: Your letter MAY wake up a few parents, but you and your fiancé should have followed that boy home and had a talk with his.

CONFIDENTIAL TO MR. FLETCHER, THE HISTORY TEACHER: Esther and Mary were absolutely right! And if you write to me, I'll answer your letter, too.

What's on your mind? For a personal reply, send a self-addressed, stamped envelope to Abby, Box 3365, Beverly Hills, Calif.

Hate to write letters? Send one dollar to Abby, Box 3365, Beverly Hills, Calif., for Abby's new booklet, "How to Write Letters for All Occasions."

**Mexico Schooling For 86 Per Cent**

MEXICO CITY (AP)—Eighty-six per cent of the children in 14 Mexican states now attend school as a result of a recent drive to provide schooling for all. The campaign included construction of new facilities, providing teachers and extending the school program into rural areas. The percentage of school children in other states is smaller.

## Two Killed, 20 Injured In Bus Crash

KEARNY, N.J. (AP) — Two persons were killed and 20 to 25 were injured today when a Greyhound bus smashed into the rear of a tractor trailer on the fog-shrouded New Jersey Turnpike.

Police said the victims were two women who apparently were sitting at the front of the bus.

The dead were not immediately identified.

The bus was bound for New York City from Philadelphia. Its passenger capacity was 45 or 46. A state trooper described the bus as packed.

Three trucks were involved in the smashup, which occurred in the northbound lane of the super-highway just north of Newark.

The flow of northbound commuter traffic was halted for two hours, police said.

It appeared the bus struck two trucks, but the second impact was the worst.

The front of the bus was mangled and the rear was heavily damaged. Passengers were pinned in the vehicle for almost two hours.

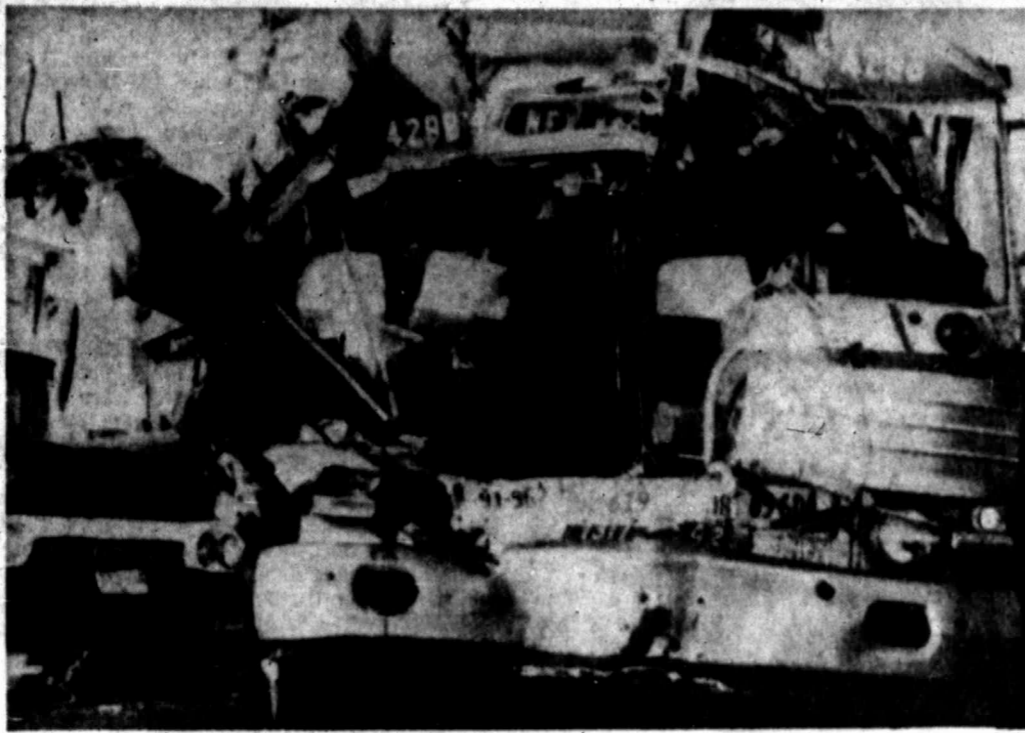

St. James Hospital in Newark reported 20 of the injured were brought there. Five more were taken to another hospital.

The smashup occurred in dense fog that settled over the Kearny Meadow area between the Passaic and Hackensack river bridges.

The bus apparently came along toward the end of a chain-reaction collision involving the three trucks.

### Redistricting Up

RALEIGH, N.C. (AP)—A special session of North Carolina's General Assembly convened at noon today to try to redistrict the state Senate—something no legislature has done since 1941.

Vehicle rams into trailer-truck on fog-shrouded New Jersey road

## Ecumenical Unit Vetoes Modernization Of Mass

VATICAN CITY (AP) — The Ecumenical Council withheld today approval on a wide range of changes in the Roman Catholic Mass, including the partial replacement of Latin with local languages.

In a vote in St. Peter's Basilica, a council document on liturgy — public worship — failed by 78 votes to obtain a required two-thirds majority.

Of the 2,242 prelates voting, 1,417 voted for the document. Thirty-six voted against.

The outcome of today's voting was unexpected. The council fathers — cardinals, patriarchs, archbishops, bishops and other prelates from around the world

— had been expected to give the measure strong approval.

Last week they voted almost unanimous approval of 19 amendments changing the wording of the document.

The amendments were worded so that regional groups of bishops would be able to decide what changes they want in their geographic areas, with the Vatican giving its concurrence rather than issuing an over-all order for the entire church.

— had been expected to give the measure strong approval.

— had been expected to give the measure strong approval.

### Carnival Date Is Moved Back

Date of the Gay Hill P-TA carnival has been moved back one week to avoid conflict with some other activities.

George Archer, principal, said the new date would be Nov. 2, and the starting time would be 5:30 p.m. when serving of the meal will begin. The entertainment booths will open at 6 p.m.

### Hatchett Gets Honor Certificate

LAMESA (SC) — Charles Hatchett, Lamesa High School vocational industrial coordinator, has been awarded a certificate of honor.

Edward C. Shive, area supervisor for the state department of education, made the presentation in special ceremonies at the school. Shive noted that out of 60 VIC instructors in his 75-county district, only five such certificates were awarded.

Requirements included professional attitude, leadership ability and classroom teaching. The award is given by Sigma Chapter of Iota Lambda Sigma fraternity of the University of Texas.

Hatchett has been in the Lamesa system since 1954.

## Make way for the rip-snortin'est, sportin'est Comet ever built—the hot new Comet Caliente

There's new wham in Comet's styling... new scam in its engines—up to a special high-performance 289 cu. in. V-8—now in action in the Comet Durability Run!

### BULLETIN—Daytona Beach, Fla.

On October 11, the lead car in the 1964 Comet Durability Run completed 50,000 miles at speeds well over 100 mph. This Comet—specially equipped and prepared for high-speed track driving

—was still going strong 'as this went to press. The same skills and engineering excellence that are helping to make Comet's Daytona performance possible go into every '64 Comet. This is a surprisingly hot new kind of Comet... engineered with the most responsive engines in its field.

### Elegance in a compact-price car

The '64 Comet is newly styled—bigger, bolder looking—with elegance usually found only in leading luxury cars. Example: the top-series Caliente features interiors with walnut-like paneling.

### Every bit as hot as it looks

The '64 Comet is newly designed... with a new wider, road-gripping stance... big-car ride and comfort. A hot new lineup of luxury options includes power steering, power brakes. See the '64 Comets at your Mercury dealer's now.

## Rights, Tax Issues Under Solons' Study

WASHINGTON (AP) — Senate and House committees will consider at a leisurely pace this week the two major bills left for Congress this year — civil rights and tax reduction.

The only major legislation scheduled for floor action in either branch is a broad college construction aid bill expected to pass the Senate Tuesday or Wednesday.

The Senate Finance Committee opens its public hearings on the \$11-billion tax cut bill Tuesday with Secretary of the Treasury Douglas Dillon the lead-off witness.

Dillon is expected to testify at least two days. Chairman Harry F. Byrd, D-Va., has made it plain that several weeks of hearings are in prospect, although he says the schedule is not firm yet.

The House passed the bill Sept. 25. The Senate committee has been holding staff briefings on the measure in advance of the public testimony. The briefings end today.

The House Judiciary Committee resumes its closed-door consideration Tuesday of the sweeping civil rights bill approved by a subcommittee. Atty. Gen. Robert F. Kennedy have been invited to give his views on this version.

Chairman Emanuel Celler, D-N.Y., has given no indication of when he thinks the committee may reach final agreement on the measure.

At most, only 12 weeks remain for this year's session, and there would be that much time left only if Congress decides to stay on the job right up to the time the 1964 session convenes, Jan. 3.

We lend thousands of dollars every day. For all the money you want, come see us first. \$100 or \$5,000 — the money we provide goes a long way to make nice things happen for you.

# National Guard Officials Expect Blast In Discrimination Report

WASHINGTON (AP)—A presidential committee set up to act against racial discrimination in the armed services is shaping its final report and National Guard

sources say they expect the Guard to be "raked over the coals."

There are reports—denied by committee officials—that the group may recommend withholding funds from any state which refuses to end segregation in its guard units.

If this happens, the much buffeted President's Committee on Equal Opportunity in the Armed Forces likely will suffer new hammering from Southern members of Congress and Dixie governors.

The guard is segregated in most of the states of the old Confederacy.

### MANY MEASURES

The presidential committee, headed by Washington lawyer Gerhard A. Gesell, submitted an initial report June 13 recommending many measures to eliminate discrimination against Negro servicemen in areas around military bases.

The seven-man committee told Kennedy bias in the reserve and National Guard had been under intensive study. It promised that a follow-up report on

this problem would be completed soon.

Sources close to National Guard affairs said they understood that report was expected by Sept. 1. Some sources suggested the White House might have passed the word to hold up the politically touchy document and perhaps tone it down.

### END OF YEAR

Repeated attempts to reach Gesell were fruitless. An aide in his law office told a reporter Gesell "does not grant interviews."

An official connected with the presidential committee denied

the group had been pointing toward Sept. 1. He said the members hoped to have the report ready by the end of the year.

This official said the committee had not reached a consensus. This could indicate a split on how severely to deal with the Guard in the final recommendations.

In its June 13 recommendations covering the regular services the committee called for much more stringent measures than Secretary of Defense Robert

S. McNamara finally ordered.

### PROPOSAL VETOED

Among other things, McNamara rejected a proposal that if all efforts at persuasion should fail the services should consider closing bases "near communities where discrimination is particularly prevalent."

Nonetheless, McNamara has drawn heavy fire from Southern senators and House members for actions taken to carry out an equal opportunity program he ordered July 26 after considering the Gesell report.

A day after the defense secretary returned from South Vietnam, Sen. Strom Thurmond, D-S.C., criticized McNamara for Pentagon issuance of a directive requiring base commanders to take an "inventory" of discriminatory practices around their bases.

### PUBLIC EVENTS

Earlier, some Southern governors protested when it became known that the armed services had acted to bar participation by any of their units or equipment in public events where admission, seating or other accommodations are segregated.

The Pentagon then hastily re-wrote an anti-discrimination directive under which the services had acted to make it clear the directive does not apply to the National Guard while under state control.

State governors are jealous of their rights and prerogatives in controlling the National Guard within their states. The Defense Department recognizes the Guard as "an organization of volunteers under the command of the respective governors."

### TREAD EASILY

Traditionally, federal officials have tread carefully in relations with the Guard—although McNamara bucked the governors and the politically influential Guard interests when he pushed through a drastic reorganization which eliminated four Guard divisions and hundreds of smaller units.

Under the law, the Guard is state property unless called into federal service, as was done during World War II and to a lesser extent in the Korean War, the Berlin crisis of 1961 and the racial troubles in Arkansas, Alabama and Mississippi.

However, even while the Guard is under state control the federal government pays its members for drilling and training and furnishes its arms and equipment.

The government never has taken the extreme step of withdrawing federal funds, although this last-ditch course was suggested when some state governors threatened a fight to the finish against the Guard reorganization.

Any such move in an effort to force integration of the Guard would be certain to bring on a bitter fight—and in such a fight Southerners probably would be supported by many Guard backers in other parts of the country.

'MAN ALONE'

Solid, swift, silent Super Torque Ford for '64! Bred in open competition, built for total performance—hundreds of pounds heavier, it's stronger, smoother, steadier than any other car in its field. Sixteen new body styles, 5 distinct rooflines.

## What's new? This year only your Ford Dealer can say 'Everything!'

New '64 Thunderbird... so beautifully different... so uniquely Thunderbird! Three models, completely done over with exciting new shell bucket seats. More luxurious ride. Even the ventilation is new! Largest trunk in Thunderbird history!

New '64 Falcon—great new style, great new ride, same great economy! Wider rear tread and improved suspension provide the plushest ride ever built into a compact. Choice of 17 models and 5 engines up to 164-hp V-8.

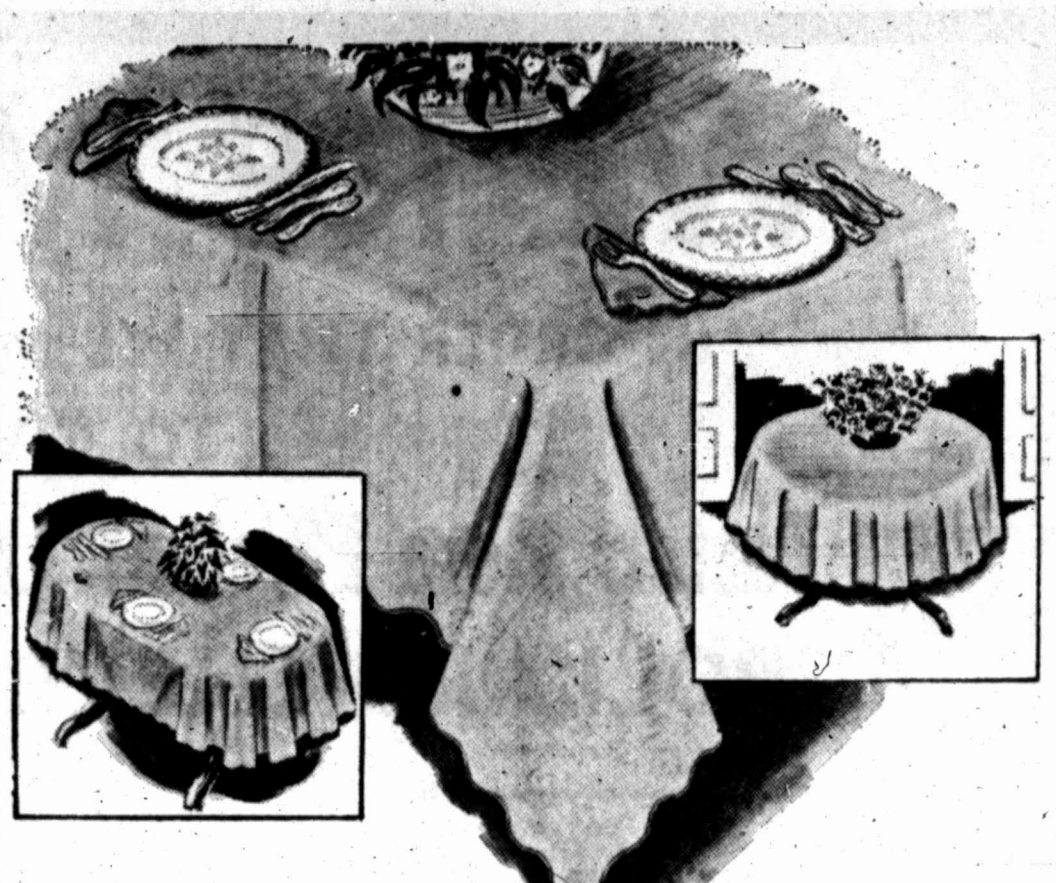

New '64 Fairlane... family car with sports-car feel! Choice of 2 Sixes or 3 V-8's... including the same basic 289-cu. in. that powers the Cobra to win after win! Smooth, new 3-speed automatic transmission. New smoother ride. New elegance in and out. Eighty roomy models.

### Lawyers Given Traffic Lights

RICHMOND, Va. (AP) — The 4th U.S. Circuit Court of Appeals is installing miniature traffic signals in its courtroom here. It hopes they will make long-winded lawyers see the light.

On the right side of the lectern which the attorneys use in addressing the court, visible only to the speakers, three small lights are being installed. One is green, one is amber, the other red.

The court plans to give each attorney an allotted time to make his presentation. When he starts, the green light will glow. Five minutes before his time is up, the amber light goes on.

When his time expires, the red light goes on. At that point he'd better stop or risk the displeasure of the court.
