Hotels Sold To Florida Interests

The Settles Hotel and Crawford Hotel of Big Spring have been sold to a Florida investment group and the new owners have had title to the properties since Oct. 26.
W. H. Oliver, manager of the hotels, said that two representatives of the group have been in Big Spring for two days inspecting the property. They were Dan Solove and Jack Sobel, with Congress International Inc., of Miami Beach, Fla., a subsidiary owned by the investment group.
NEW CORPORATION
A new corporation will be set up, it was said, to operate the two hotels here. Announcement of the new corporation title will probably be made soon.
Oliver said the two representatives were well pleased with the properties. They told him their group had investigated conditions here and have enough confidence in the future to want to own and operate the two hotels to serve the town. They said complete plans are yet to be made but that it is certain some changes will be made in the Settles and that likely the Crawford, which has been empty for many months, will be put into new use. Nature of the use planned was not discussed.
POLICY CHANGE
Oliver said the two representatives of the new owners also stressed one new policy which

he has been instructed to make immediately effective—any all charitable, benevolent or civic groups in need of meeting places for conferences or other purposes are hereafter invited to make use of such facilities, rent free, at the hotels. In the past rental has been charged for the use of the rooms and facilities.
"The new owners are deeply concerned about making the hotels the center of community life and will cooperate in all ways to that end," Oliver said.
The hotels have been owned for three years by Bankers Life and Casualty Insurance Co., which operated them under the corporate title of Great Plains Hotel Company.

Our Heritage Is Important

The Herald is offering a series of items which should be of interest to every household—and which should be in the hands of every young person.
This is the series of Americana Historical Documents that literally denote our nation's great heritage.
These documents are on antiquated parchment which will last, and is suitable for framing if desired.
The Declaration of Independence is now available, at only 26¢. Others will be offered on subsequent weeks. Come by The Herald office and see these exciting documents. You'll want a complete set. Incidentally, there's nothing finer you could give a young person as a Christmas present!

U.S. Expels Soviet Trio For Spying

UNITED NATIONS, N. Y. (AP)—The United States is expelling three members of the Soviet U.N. delegation after accusing them of a spy plot with another Russian and an American electronics engineer.
Diplomatic immunity prevented prosecution of the three delegation members, but the U.S. government demanded their immediate departure from the country. They were expected to leave today or Friday.

PROVOCATION

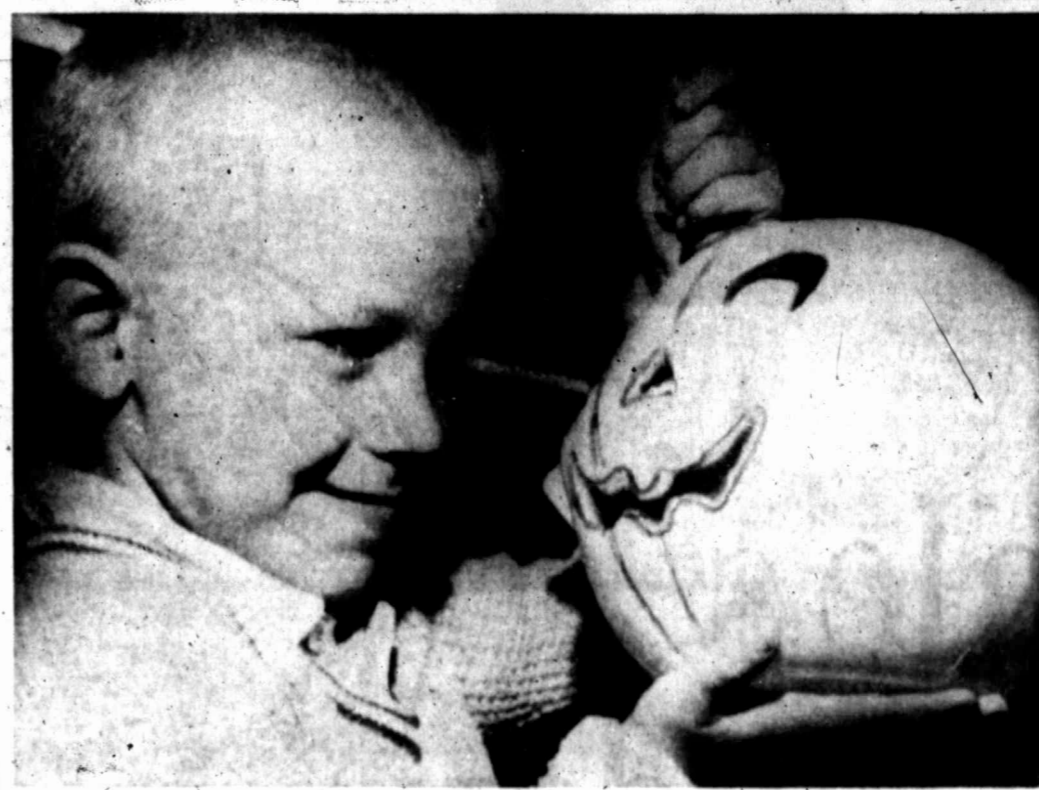

The Russian government was expected to protest the expulsion order and reject the espionage charge. A member of the Soviet U.N. delegation claimed the case was a provocation to prevent further improvement of U.S.-Soviet relations.
The three ordered expelled were Gleb A. Pavlov, 39, an attaché; Yuri A. Romashin, 38, third secretary; and Vladimir I. Olenov, 37, identified only as a member of the Soviet delegation.

TWO ARRESTED

The Federal Bureau of Investigation linked the three with two persons arrested on spy charges in a railroad station parking lot in Englewood, N.J., Tuesday night—Igor A. Ivanov, 33, of New York City, Russian chauffeur for Amtorg, the Soviet government trade agency, and John William Butenko, 38, of Orange, N.J., control administrator for the International Electric Corp. of Paramus, N.J.

The FBI said Butenko met Ivanov, Pavlov and Romashin in the parking lot and handed them a briefcase containing data on "a highly sensitive Air Force contract" being handled by International Electric.
The corporation is working on a worldwide electronic control system for the Strategic Air Command.
Romashin and Pavlov were arrested with Ivanov and Butenko but were released because of their diplomatic status.
FBI agents said they found a minute document copy that worked from a cigarette lighter in Pavlov's car.

Demo Chiefs Deny Dumping Of Lyndon

To Be Or Not To Be—A Spook
Steven Krakosky, 3 1/2-year-old son of S.Sgt. and Mrs. S. E. Krakosky, leaves little doubt about his intentions on this Halloween night as he goes shopping for the big event. He decides that the traditional spook night cannot be celebrated without a pumpkin.

Unwarranted Speculation—Humphrey

WASHINGTON (AP)—Sen. Hubert H. Humphrey said today "it is inconceivable" that Vice President Lyndon Johnson will be dumped from the 1964 Democratic ticket.
Humphrey, the assistant Democratic leader, described as "unwarranted speculation" reports that he is a possible substitute for Johnson as President Kennedy's running mate in his bid for a second term.
"It is inconceivable that Vice President will be renominated," the Minnesotan said in an interview. "He has done a fine job and I am for him."

CIVIL RIGHTS

Humphrey, who is expected to lead the fight in the Senate for Kennedy's civil rights legislation, noted that Johnson supports this measure and has worked and spoken for racial equality.
This activity has diminished Johnson's popularity in the South, where the former senator from Texas lost the presidential election in 1960.
But Humphrey said he doesn't think the party would be any better off with some other vice presidential candidate either in the South or in the North.

SUBSTITUTE

"We won't solve our problems by temporizing with them or substituting another candidate for Johnson," he said.
President Kennedy made it clear a year ago last May in a news conference that Johnson "will be on the ticket if he chooses to run." Johnson does choose to run.
Kennedy's associates said Johnson's renomination is such an accepted fact around the White House that the President hasn't even bothered to discuss it with the vice president.
"We were fortunate to have him before—would again," the President said. "He is invaluable."

Woodard, Ramos Indicted On Charges Of Murder

Howard County grand jury voted indictments against two men charged with murder, but did not act on the charge against a third in their report submitted to the 118th District Court late Wednesday.
The grand jury billed Emzie Woodard for the shooting of Herbert Lee Tillis. Tillis was slain Oct. 25.
It also indicted Abel Ramos, accused of the knifing death Sept. 14, of Ray Gene Guthrie.
No indictment was voted against Eddie Lee Wright. Wright had been arrested on an assault with intent to murder charge when Isaac Smith was shot in the face with a shotgun on Aug. 27. Smith later died of the injuries received.
The grand jury returned 15 indictments in its report to Judge Ralph Caton.
It indicted Maximino Velasquez, accused of incest with his sister, but it did not vote a bill against Steve Harper, who had been accused of statutory rape. Bond was set for Velasquez in the sum of \$5,000.

An indictment was returned against David Driscoll, accusing him of assault with intent to rob. He is alleged to have beaten Margarito Flores in an attempt to steal his money. The offense was Oct. 3.
The grand jury did not indict Pedro Lara Portillo who had been charged with unlawful possession of narcotics.
Other indictments included:
Rudolph Q. Watson, DWI second offense; Oscar Grothe, DWI second offense; Norma T. Harvey, worthless check; Charles R. Jordan, forgery and passing; Kendall C. Webb Jr., attempt to pass a forged instrument; Raymond H. Davis and William Lee Trussell, burglary; Larkin L. Ashburn Jr., DWI second offense; Abelardo Gonzales Zapata, burglary; Mike L. Graham, car burglary; and Robert Field Cundiff, car theft.
Other cases considered but in which no indictments were approved:
Joe Q. Lajias, DWI second; Howard Welch, Joe Snow and Jimmy Felts, burglary; Howard

Kerr, worthless check repeated; Kenneth Cole, worthless check; Hector Medellin, a d Francis E. Rivera, attempted burglary; and William Paul Gee, car burglary.
Gil Jones, district attorney, said three of the defendants who were not indicted were notified with the stipulation their offenses, in reduced form, be filed in the county court.
He said that these were Kerr, worthless check; reduced to simple worthless check; Lajias, DWI second, reduced to simple DWI; William Park Gee, car burglary, reduced to simple theft. All of these cases were filed today in the county court and Wayne Burns, county attorney, said he plans to prosecute them.
Jones said that two defendants whose names were on the original grand jury list were not taken before the grand jury these were the cases of E. B. Honeycutt, charged with writing a felony worthless check; and Ben C. Caldwell, worthless check over \$50 and theft over \$50.

United Fund Drive Gets \$1,000 Boost

Another thousand dollars was reported by the United Fund Thursday morning as workers, notably in the employees division, continued their contacts.
The \$1,022 for the day boosted the total so far to \$84,526.99, pushing the campaign to 80.65 per cent of the goal.
Jack Y. Smith, general chairman, renewed his appeal to division chairmen to check with captains and workers to step up contacts in order to put the drive into the home stretch.
Webb AFB, which has attained its quota, is continuing its cleanup and is expected to make a final report probably Friday.
Smith said one of the hopes for success hinges upon continued good response from the employees division.
Employees of 59 firms have reported so far, leaving 61 yet to be heard from. Many of the larger employe groups are in, but there are a number of substantial ones yet unreported.
Employees in six firms — Anthony's, Cowper Clinic, Truman Jones Motor, McGibbon Oil, Security State Bank and State National Bank — increased giving by \$50 to \$100. Big Spring Herald, Cabot Corp., Montgomery Ward, Pollard Chevrolet, Saunders and Co. and Swartz — increased \$100 to \$200. First National and Safeway College Park store employees increased between \$200 and \$300. Texas Electric Service workers boosted their total giving over \$500.
Many other firms showed increased employee giving.
Reports are still expected from employe groups at American Bus Terminal, Asia Cafe, Bettie-Womack Pipe Line Construction, Big M, Big Spring Hardware, Big Spring Printing, Big Spring Theatres, Big Spring Wholesale Meat, Borden Company, Bowl-A-Rama, Burton-

WATCH OUT FOR GOBLINS

Tonight the goblins will be stirring, and many of them will be young children.
If you have to drive about this evening, then take it double easy. Some of the ghosts may be clad in white, but black and somber colors are favorites with goblins, making it difficult to see them. Besides, goblins and ghosts have witching on the mind and can't be bothered about cars.
So won't you please watch out for them? Make this the most cautious night of driving.

Banks Denied

AUSTIN (AP)—The State Banking Board said Wednesday no public need existed for proposed state banks in Houston and at Lone Star, in Northeast Texas. It denied both charter applications.
Deborah Ann Scott, three-year-old daughter of Mr. and Mrs. John B. Scott, 2613 Rebecca, was pronounced dead on arrival at Howard County Hospital Foundation about 6:50 p.m. Wednesday.
The little girl was run over by a car in the driveway of her home. There apparently were no witnesses. It is believed the car rolled backwards down the sloping driveway after a child in the neighborhood released the emergency brake.
Police Chief Jay Banks said the car struck Deborah Ann as it rolled backwards down the driveway, crushing her body beneath the wheels. She was taken to the hospital by a neighbor.

World War II Law In Effect

HOUSTON (AP)—A City Court jury has agreed with a Houston Army Reservist that World War II hostilities have not stopped.
The jury acquitted Norris Gardner, 28, on a charge of driving without a license. The court decided Wednesday that a state law, exempting servicemen from driver's license qualifications for six months after their discharge, is still in effect.

Some Sad, Some Gay Over Heat, Drouth

The fall drouth and protracted heat spell across much of the nation were as much one man's meat as they were another's poison.
In the areas where forest fires laid waste thousands of acres of tinder-dry timberland there was agreement that the loss was high. But agreement ended there in a poll taken by The Associated Press.
Some states and communities reported the unseasonably warm and dry spell ruined crops, stunted winter wardrobe sales, cut tourist travel to a low and chopped damagingly into hunting equipment sales.
BUMPER CROPS
Yet, the poll showed that the same unseasonable circumstances in other states and communities resulted in bumper crops, swelled sales in summer clothing, boosted fall travel to a high and delighted the sporting goods store operators with increased sales.
Except for a few instances, estimates of losses and gains were tentative and in round figures at best. In most cases it was said the losses and gains could not be determined for weeks or months to come.
For some unexplained reason, travel agents in some sections said, the protracted heat wave sent record numbers of tourists scrambling for winter cruise reservations.
HUNTING OUT
Because of the drouth and accompanying hot weather, some states canceled their hunt-

ing seasons to keep sportsmen out of the parched woodlands and fields.
This brought a cutback in the sale of guns and ammunition and in fees collected for hunting and fishing licenses.
In other areas, the hot weather drove thousands into the woodland recreation areas where no restrictions were placed against their use.
The same lack of rain that stunted and shriveled up some crops, was a blessing for others that thrived beyond the highest expectations of farmers.
LOSSES
Alabama state officials set timber losses there at more than \$500,000 with an overall loss in economy due to the drouth and hot weather of more than \$3.5 million. But record yields were reported in cotton, corn and some other crops due to the heat.
Pennsylvania officials reported heavy forest fires and crop losses but declined any estimate. Losses were noted in hunting license revenues and gun and ammunition sales when the season was suspended. Travel business was off 40 per cent.
A New York state agriculture department spokesman said crop loss through drouth and early frost amounted to about \$13 million with a "wild guess" of \$100,000 in timber losses due to fires.

Big Fire Roars Through Forest
MENA, Ark. (AP)—A 7,000-acre fire burned out of control through the Ouachita National Forest in west Arkansas early today. The fire began Wednesday and doubled in size during the night despite efforts of 300 workers.
John Koen, supervisor of the 15 million-acre forest, said 500 men would be called in today.
Two bombers unloaded 12,000 gallons of fire retardant on the fire and the planes will be used again today.
Winds of 25 to 30 miles per hour hampered firefighters.
"This fire is creating its own draft now," the Forestry Service said.
The huge forest extends from Hot Springs into Oklahoma.
The fire is the largest to hit the state during its extended drouth. Arkansas is in its 53rd day without significant rain.
In October 787 forest fires have destroyed 12,458 acres of grass and timberland.

Reward Up For Yanks

SAIGON, Viet Nam (AP)—The commander of South Viet Nam's 4th Army Corps, Brig. Gen. Huynh Van Cao, offered a \$3,000 reward today to any unit in his command rescuing three U.S. Army men believed captured by Communist guerrillas.
The Americans—two officers and a medical sergeant—were with a Vietnamese company virtually wiped out by the Communists Tuesday in a battle 140 miles southwest of Saigon.
Government losses were listed today as 16 known dead, 32 wounded, and 34 missing, including the Americans.

FACE EXECUTION

Castro Claims 'Several' CIA Agents Apprehended
HAVANA (AP)—Prime Minister Fidel Castro said Wednesday night his government has captured several agents of the U.S. Central Intelligence Agency, including two Canadian pilots, who were sent into Cuba on sabotage missions after Hurricane Flora.
He indicated they may face death sentences.
He said several prisoners from a CIA ship called the Rex would appear on television to tell their stories. He did not say when they would appear or give details of their capture but said the Rex was a 150-foot diesel craft flying the Nicaraguan flag and based in West Palm Beach, Fla.
In West Palm Beach, port manager Joel Wilcox said the

FACE EXECUTION

Castro said the pair had piloted a Canadian commercial plane into Havana on several occasions. He said their last trip aroused suspicion when it was discovered they were transporting mail from the U.S.
Castro accused the CIA of systematically raiding Cuba and linked the Oct. 21 stranding of the American freighter J. Louis near Cuban waters with a CIA foray he said was taking place at the same time.
Castro said that Cuban fighters strafed the J. Louis because it was thought the freighter was a mother ship from which coastal raiders in small boats were being launched.

Slant-Hole Suit Penalty \$309,300

AUSTIN (AP)—The state has won \$309,300 in penalties from East Texas oilmen in the first trials of its slant-hole civil penalty suits.
The total includes \$304,800 assessed by a jury against H. M. Harrington Jr., Charles Lutes, Reid Allgood, and J. W. Baton; and \$4,500 assessed Oct. 7 by Dist. Judge Herman Jones against seven Longview oilmen.
The jury ordered Harrington and Lutes to pay the state \$117,416 each, and Allgood \$60,841, for their parts in the 16 days of drilling and 3,650 days of production from the Wood County well. Baton was ordered to pay \$9,125 for his part in the well's production, but was assessed nothing on the state's allegation that he participated in the drilling of the well.
A total of 77 similar penalty suits, filed by the state in the wake of last year's slant-hole investigation, remain to be tried. The state seeks \$22 million in penalties.

Norther Due Today

The comfortable temperatures hanging around Big Spring for the last few days are due for a tumble tonight. A norther is forecast for late this afternoon, and temperatures may drop to the mid-forties.
Friday's high may not climb any higher than 65 degrees. In 1912 the Nov. 1 low was a shivering 29 degrees, and Big Springs probably will have to wait a while for temperatures that low this year.

Beaumont Sheriff Loses In Court

BEAUMONT (AP)—Suspended Sheriff C. H. Meyer has lost another round in his legal fight to regain the office.
The 9th Court of Civil Appeals refused this week to grant him a rehearing and thereby upheld an Oct. 3 decision which refused a writ of mandamus that would have ordered the 136th District Court to reinstate Meyer.

Rain, Snow Ease Drouth For North

CHICAGO (AP)—Rain, snow and cloudy skies covered Northern areas of the nation today from the Rockies into New England.

More rain and snow pelted northern New England, ending the long drouth in most areas. One to three inches of fresh snow fell in eastern parts of Maine and the season's first wintry storm dumped more than 18 inches of snow in some parts of the state.

Snow also fell in Wyoming and Colorado, with four inches in Leadville, Colo., and smaller amounts in Lander and Casper, Wyo.

In the Midwest, still in need of heavy, steady rains to ease drouth conditions, light rain fell from southern Wisconsin westward through South Dakota and northern Nebraska as well as into northern sections of Illinois and Indiana and western Lower Michigan.

The rain and snow in New England prompted officials in Maine, Massachusetts and Rhode Island to lift restrictions on outdoor burning and the public use of woodlands. Restrictions also were lifted in most of New Hampshire but continued in Vermont and three New Hampshire counties as well as in New York and New Jersey.

Sunny skies were indicated for most of the Atlantic Coast states except Maine. But more rain was in prospect for the southern Great Lakes region and lower Ohio Valley westward into the Central Rockies.

Mostly clear weather prevailed in other parts of the nation.

Burl Crow Dies At CC

COLORADO CITY (SC)—Burl Crow, 84, died at the Root Memorial Hospital Wednesday morning.

Mr. Crow was born April 11, 1879 in Arkansas, but had lived in Mitchell County since 1927. He was a farmer. He was a member of the Church of Christ. He married Ollie Copeland in 1898 in Arkansas. Mrs. Crow died in 1961.

Funeral will be held Friday at 2 p. m. at the Kiker and Son Chapel with Roy Holland and Fletcher Cauten, Church of Christ ministers, officiating. Burial will be in the Colorado City Cemetery.

Mr. Crow is survived by three daughters, Mrs. J. a m s Coker and Mrs. Johnnie Miller, both of Colorado City, and Mrs. Ben Smith of New Boston, Texas; one brother, C. P. Crow, De Kalb; and three sisters, Mrs. Lillie Fountain, Mrs. Beulah Fountain, both of New Boston, Mrs. Alice Beene, De Kalb; 7 grandchildren and 11 great-grandchildren.

Musical Knowledge Pays Off

Miss Anna Marie Brian, 36, a music education major in college, says "Different types of metals have different tones. If it goes 'do-re-mi,' instead of 'fa-so-la,' sometimes I can prevent a mistake that might have

ruined a piece of delicate machinery. She gave up a career as a music teacher to become the junior partner in Brian and Brian. (AP Wirephoto)

U.S. Seeks Shortcut For Space Route To Moon

WASHINGTON (AP)—The United States is taking a detour in its space route and hopes it will be a shortcut to the moon with about \$50 million less in toll charges.

It eliminated Wednesday four flights from the Apollo program—flights in which a low-powered Saturn rocket would have carried two astronauts into orbit aboard a stripped-down Apollo spacecraft.

The flights were scheduled to begin in 1965. Skipping this step will mean a nine-month delay in the first orbital flights of Apollo astronauts. The next flights are to be the orbiting of the full three-man Apollo craft with a more powerful rocket system, Saturn I-B, in 1966.

A spokesman said the space

agency feels that by concentrating on the stripped-down program the United States has a better chance of putting a man on the moon by the target date of 1970.

The National Aeronautics and

Space Administration said the action would save some \$50 million and help it stay within its stripped-down budget for this fiscal year—\$5.35 billion.

Meanwhile the astronauts will get their training in two-man Gemini spacecraft.

"Truths We Hold"

The above heading is the title of a tract recently handed to me; and which I am happy to review, for such a review will be of interest and information to all readers. The leaflet was written by C. DeWitt Matthews, and published by the S. S. Board of the Southern Baptist Convention. Every word will be reprinted, a little at the time, along with some comments from me. Those who save all these articles will have a complete copy of the leaflet. It begins:

"There are nearly twenty-five million people in the world today who are called Baptists. Nearly 90 per cent of them re-

Algeria, Morocco Already Disagree Over Cease-Fire

BAMAKO, Mali (AP)—The cease-fire in the Algerian-Moroccan desert war doesn't take effect until midnight Friday and already the two North African neighbors disagree about what they've agreed to.

Algerian President Ahmed Ben Bella and King Hassan II of Morocco signed the agreement Wednesday night with Emperor Haile Selassie of Ethiopia and President Modibo Keita of Mali.

Based on a compromise formula drawn up by Selassie, it called for:

1. A cease-fire all along the Moroccan-Algerian border at midnight on the night of Nov. 1-2.
2. Withdrawal of Moroccan

McWatters Attend Funeral Of Son

Mr. and Mrs. W. D. McWatters left this morning for Pittsburg, Texas, to attend the funeral of their son, Herman McWatters, who died there of a heart attack at 5:30 p. m. Wednesday. Funeral will be held Friday.

forces from territory claimed by Algeria. officers is to determine the limits of the demilitarized zone. The Algerians said they had the right to administer the demilitarized zone. The Moroccans said they did not.

Appeal Court Eyes Trial Of Billie Sol

AUSTIN (AP) — The Court of Criminal Appeals took under study Wednesday whether Billie Sol Estes received a fair trial last fall when he was convicted of swindling.

The court heard arguments in the case but probably will not reach a formal decision for two months or more.

Estes's lawyers contended he didn't get a fair trial because

widespread news coverage prejudiced the Smith County jurors who heard the case at Tyler.

Lawyers for the state maintained the trial was fair. They added that Estes perhaps should have drawn more than an eight-year sentence.

INADMISSIBLE

John Cofer of Austin, counsel for Estes, said the jurors at

Tyler received information through newspapers, radio and television "which was inadmissible and taken into the jury box."

For the state Leon Douglas said:

"If we accept this argument, we will have to pick a jury of illiterates. If a person commits a crime bad enough to attract a lot of publicity, he could never be tried."

Estes was assessed the eight-year sentence for swindling Reeves County farmer T. J. Wilson. The state said Wilson was induced by Estes to sign a \$94,500 chattel mortgage on non-existent fertilizer tanks.

ON BOND

Estes, a former Pecos resident who now lives at Abilene, is free under bond in this case and another in which he received a 15-year sentence on a federal charge of fraud at El Paso. He was not in the courtroom here.

Cofer said three jurors in the Tyler trial stated they had an opinion before hearing any evidence that Estes was guilty.

He said three or four jurors had read in newspapers that Estes was even being suspected of murder at Franklin, Tex., in connection with the death of Henry Marshall.

SUICIDE

Marshall, a U.S. Department of Agriculture official who investigated some of Estes's cotton allotment dealings, was shot five times with a bolt action rifle in 1961. His death was ruled a suicide.

Douglas told the appeals court that the jury at Tyler, after a 17-day trial, judged the case as fairly as any other jury would have.

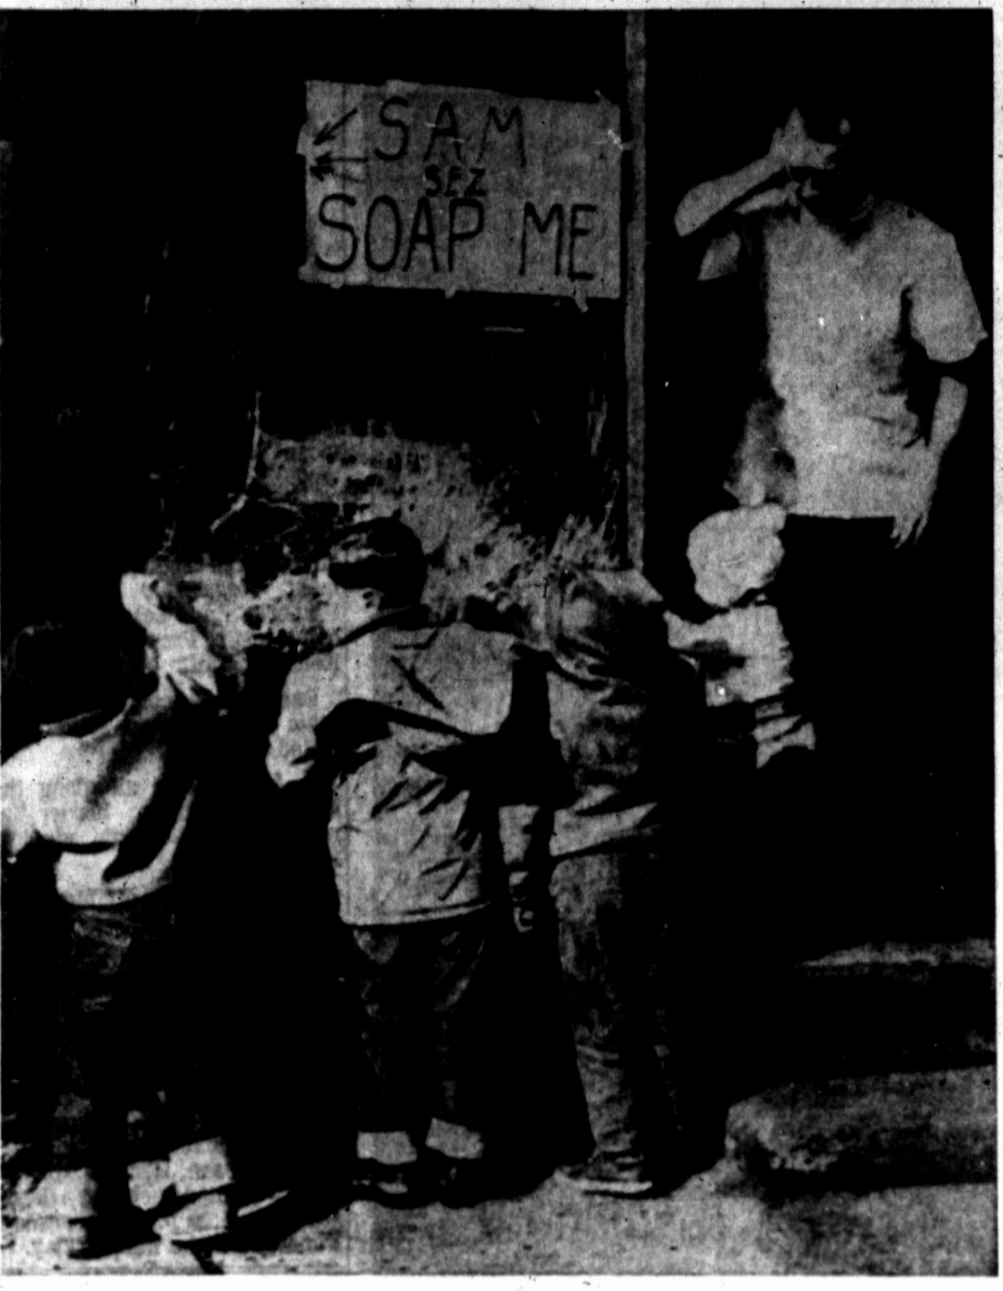

Cofer complained that Estes was given four times the minimum sentence for swindling.

TELEVISION

Cofer said television cameras were used liberally at the Tyler trial to film the trial and "sell soft drinks and soup and being used for political purposes."

The Court of Criminal Appeals has the final ruling in state criminal matters unless a federal court decides to consider the case on a constitutional question.

The state claims Estes victimized farmers like Wilson by inducing them to execute chattel mortgages on fictitious fertilizer tanks. By such dealings, Estes allegedly raised large sums of cash by discounting the mortgages to large finance companies.

Legal Soaping

Barber Sam Devey of Pittsburgh's Greenfield section believes that if you can't beat 'em, join 'em. He placed bars of soap outside his shop and invited the neighborhood

youngsters to soap the windows in a modified version of Halloween trick-or-treating. Looks like they took him up on the deal. (AP Wirephoto)

House To Debate Bracero Extension

WASHINGTON (AP) — The House takes up today a bill to extend the Mexican labor program for one year.

This is the second time the House debates the program this session. Last May a two-year extension was defeated, the first congressional vote against the program since it was begun 12 years ago.

Under the bracero program, the Department of Labor is authorized to bring Mexican workers into the United States for use in areas where domestic workers are not available. The secretary of labor must certify that this will not hurt wages and working conditions of Americans and that a reasonable effort was made to attract domestic help at comparable wages.

Rep. Benjamin Rosenthal, D-N. Y., who is leading the opposition, said today "at the moment we seem to be a little bit behind. Those who are for it have been in there scratching and clawing. We who oppose it do so on what we think are good, solid moral or economic grounds, but we can't generate the same fervor they do."

Rep. Charles Gubser, R-Calif., a farmer who has used imported Mexican laborers and is a strong backer of the program, said "I don't think either side is giving away any points. We've just done everything we possibly can, but we can't count-

er all the propaganda that has been put out."

Rep. Henry Gonzalez, D-Tex., who is of Mexican descent, asserts it is a "slave labor bill."

Last May 29 the House turned down the two-year extension by a vote, 174-158.

The administration has said it favors the extension provided it is amended to provide transportation and housing for American migrant laborers equal to that given the imported Mexicans.

WASHINGTON TODAY

Worker Picture Looking Cheerful

WASHINGTON (AP)—In the news from Washington:

JOB: The Labor Department is expected to report a slightly more cheerful picture of the nation's employment situation today.

October is usually a good month and some small seasonal rise in the number of Americans with jobs is expected in the Bureau of Labor Statistics' preliminary report.

WORLD NEWS

Eight Slain By Grenade

VIENTIANE, Laos (AP)—An unidentified person threw a hand grenade into a crowded fairground early today, killing eight Laotians and injuring at least 62 others. There was no indication of the motive behind the bombing.

COLOMBO, Ceylon (AP)—Nine Maldivians—three men, four women and two children—died of starvation and exhaustion when their boat drifted for 16 days in the Indian Ocean, survivors reported today.

Eleven survivors were brought to Colombo after being picked up off Sumatra by a freighter.

The survivors said they had put out from one of the Maldivian Islands southwest of Ceylon.

Stormy seas pushed them off course, and they lost their water supplies and most of their food.

BEIRUT, Lebanon (AP)—Baghdad Radio claimed today that Kurdish rebels in North Iraq are surrendering in increasing numbers to the Iraqi army.

The rebels have been waging war for self-rule for two years.

PARIS (AP)—A two-stage French rocket has been fired from an altitude of 310 miles from a base in the Algerian Sahara.

Gaston Palewski minister of state for scientific research, announced today.

Palewski said the firing Wednesday was another test in an expanding French space program.

Board Visits Guadalupe

CARLSBAD, N. M. (AP)—The National Park Advisory Board visits today the Guadalupe Peak area of Texas which has been proposed as a national park in a bill before Congress.

The 11 members visited Carlsbad Caverns Wednesday as part of a tour of parks in Arizona, New Mexico and Texas prior to a field meeting.

Big Bend National Park in Texas is the site for the field meeting which begins Monday.

The board planned to head for Big Bend Friday.

National Park Service Director Conrad Wirth and the associate director, George Hartzog, are with the board.

Following the visit to the proposed park area which includes the peak and 77,000 acres of nearby mountain land, the board will report its views on the site to the secretary of interior who will report to Congress.

The 8,710-foot peak is the highest point in Texas.

Atlanta Drinkers To Look Around

ATLANTA (AP)—Drinking people in the Atlanta area may have to scout around considerably today to find a source of supply.

Newcomer Maps Amazing Chrysler Firm's Rebound

DETROIT (AP) — Chrysler Corporation's phenomenal recovery, which is likely to result in a second 2-for-1 stock split and doubling of dividends within less than a year, was plotted by a 44-year-old accountant who went on the automaker's payroll only six years ago.

He is Lynn A. Townsend, who took over as president of Chrysler July 26, 1961. It then was wobbling, beset by internal dissension, and plagued by lawsuits and a loss of \$15.7 million in the preceding six months.

Townsend trimmed 7,000 jobs out of middle-management and reorganized at the top. He wrought a quick switch from red to black ink as auto sales began accelerating toward the record-breaking levels of this year.

Townsend joined Chrysler in 1957 as comptroller, moving over from the company's accounting firm of Touche, Ross, Bailey & Smart, in which he was a partner. He was promoted from administrative vice

president when L. L. Colbert was relieved as president and board chairman four years later.

Chrysler directors, noting a profit of \$100 million in the first nine months of this year, decided in New York Thursday to propose a new 2-for-1 stock split and to continue a 25-cent quarterly dividend afterward. Stockholders will vote on it Dec. 17.

Chrysler, the price of its stock spiraling, decided on a 2-for-1 split only last April.

Chrysler was in turmoil when Townsend took over. First, a conflict of interest charge forced out William C. Newberg as president and Colbert, who had advanced to chairman, assumed the presidency also.

Criticism of his handling of the conflict of interest case, declining sales and losses brought about Colbert's stepping out and into chairmanship of Chrysler Canada.

Within a year, Townsend re-

Big Spring (Texas) Herald, Thurs., Oct. 31, 1963 5-A. such as autos, furniture and lumber, at \$340 million, a drop of 18 per cent from August but 3 per cent above last September. Sales of nondurable goods, such as clothing, food and drugs, were estimated at \$664 million, 5 per cent below both August and last September. Changes from August to September in retail sales for larger cities ranged from a drop of 10 per cent in El Paso to drops of 15 per cent in Austin and San Antonio. Fort Worth sales were down 9 per cent, Dallas down 11, and Houston down 12. Bids Awaited WASHINGTON (AP) — Bids for a new postoffice at Kamp, Tex., will be opened Dec. 9. The government plans to sign a 10-year lease on the building.

Retail Sales Show Drop For September In Texas

AUSTIN (AP)—A steep decline in sales of autos, furniture and lumber dragged the total of September retail sales in Texas down to \$1 billion, August, and 3 per cent from September, 1962. September sales brought to \$9.5 billion the total for nine months, 2 per cent ahead of 1962. The University of Texas Bureau of Business Research said the bureau estimated September sales of durable goods,

Rocket Engine Loading On 'Pregnant Guppy'

The first production model of the nation's most powerful rocket engine, the F1 (center), is prepared for loading in Los Angeles onto the "Pregnant Guppy" cargo plane — the one that splits in the middle for loading purposes. The aircraft will fly the production model F1 to Marshall Space Cen-

ter in Huntsville, Ala., for ground tests. It will not be flown. North American, builder of the rocket engine, says delivery of engines for actual flight will begin next year and flight tests will be conducted at Cape Canaveral, Fla. (AP Wirephoto)

Thin Diet Of News Filters Through Viet Nam Censors

SAIGON, Viet Nam (AP) — Newspaper readers and radio listeners in South Viet Nam get a spoon-fed, government-approved account of American participation in the war effort against the Communist-led Viet Cong.

It is a pretty thin diet. Everyone knows a lot of Americans are around, but there isn't much information for public consumption on what they are doing.

Major events, such as the September visit of U.S. Defense Secretary Robert McNamara, are reported as top stories. McNamara's report to President Kennedy, largely favorable on situation here, also received play.

TRAVELS

The biggest continuing story here recently has been the European and U.S. travels of Mrs. Ngo Dinh Nhu, outspoken sister-

in-law of President Ngo Dinh Diem. Newspapers printed lead accounts of her activities and pictures of her appeared on their pages almost every day. All accounts here depicted her as a heroine overcoming powerful enemies.

The news policy is attributed to two factors: A desire to emphasize the role of the Vietnamese military, and a desire not to give Communist North Viet Nam an opportunity to charge U.S. violations of the 1954 Geneva agreement.

American casualties generally are reported and there frequently are pictures of high American military officers cutting ribbons to open hospitals and the like.

South Viet Nam's 27 daily newspapers are published in Saigon and distributed to towns in outlying provinces. All are government-controlled.

AUSTIN (AP) — The Nov. 4 special election in Texas will not require that the sale of alcoholic beverages be prohibited on that date, Coke R. Stevenson Jr., administrator of the Liquor Control Board, said.

"All types of alcoholic beverages may be sold during legal hours of sale on that date in wet areas," Stevenson said.

pers that have strayed from the government line have been closed down from time to time. The radio station in Saigon is owned and operated by the government, as are the half dozen stations in other towns.

American participation comes in for marked attention from the Communist side. Radio Hanoi in North Viet Nam regularly assails the "U.S.-Diem clique," its term for the Saigon government. It hurls charges of "imperialist aggression" by the United States and regularly reports accounts of victories over South Vietnamese and American Forces.

CENSORSHIP During martial law from Aug. 21 to Sept. 16 there was open censorship. For all practical purposes there has been censorship before and since that admitted period. Editions sometimes appear with blank spaces or unrelated, unexplained pictures filling in holes. Some pa-

FINANCING MAY BE ARRANGED

1,000 Yanks May Leave Viet Nam In Two Months

TOKYO (AP)—America's top military commander in South Viet Nam said today at least 1,000 of the 15,000 American troops in Viet Nam will be on their way home within two months.

The statement by Gen. Paul D. Harkins, made in Saigon to a correspondent of the Stars and Stripes, was in line with a White House announcement earlier this month.

The White House said after an inspection trip by Defense Secretary Robert S. McNamara to South Viet Nam that 1,000 American military personnel who have been training Vietnamese troops probably could be withdrawn by the end of this year.

parades as such," Harkins said, "because there will be sporadic incidents for a long time to come. But I can safely say that the end of the war is in sight."

(Communist guerrillas routed a 120-man company of crack South Vietnamese special forces 140 miles southwest of Saigon Tuesday. The guerrillas killed 20 of the government troops, wounded 30 and were believed to have taken 15 men prisoner, including all three American military advisers with the company.)

Stibbens also quoted Maj. Gen. Charles J. Timmes, who commands the U.S. Military Assistance Advisory Group in Viet Nam, as saying he feels "we have completed" the job of training South Viet Nam's armed forces.

Stibbens also quoted Maj. Gen. Charles J. Timmes, who commands the U.S. Military Assistance Advisory Group in Viet Nam, as saying he feels "we have completed" the job of training South Viet Nam's armed forces.

VICTORY
Harkins told the Stars and Stripes "victory in the sense it would apply to this kind of war" is just months away.

Stars and Stripes correspondent Steve Stibbens said Harkins' personnel chief told him detailed plans for reduction of U.S. troops in Viet Nam have been drawn up and that approval of these is expected "within a few days" from Pacific Command headquarters at Honolulu.

Diet Centers Open
MEXICO CITY (AP)—Twenty-one new centers where mothers will be taught to feed their children balanced diets despite low income were put into service today. They will be operated by the National Child Welfare Institute.

Pumpkins, Apples Among Week's Best Food Buys

By The Associated Press
Modern goblins and witches have enough pumpkins available to make this Halloween the scariest ever. There are plenty of apples, too, for all the "ducking" parties any youngster could want.

The Agricultural Marketing Service lists both apples and pumpkins among the week's best food buys. Supplies are abundant.

Also best buys are bananas, Tokay grapes, lemons, and Mexican and Florida juice oranges. Fresh cranberries are available in volume. Apples and lemons are priced lower wholesale than a week ago at most markets. Avocados, cantaloupes, Honeydew melons and all kinds of grapes except Tokays are higher.

Tangelos, persimmons, pomeloes, Mexican strawberries, and Florida avocados are now available at many markets.

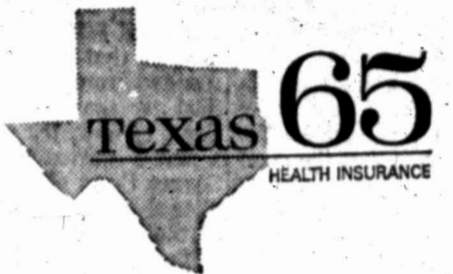

Best buys among vegetables include cabbage, carrots, celery, lettuce, onions, potatoes, squash,

sweet potatoes, tomatoes, rutabagas and purpletop turnips. Lettuce and sweet potatoes cost less wholesale than last week. Other items are mostly steady.

New crop peanuts and pecans are becoming readily available. This year's record pecan harvest is estimated at four times the 1962 crop. More almonds, filberts and walnuts also are in prospect.

Milk prices are slightly higher. Pork, beef and lamb are in seasonable abundance at modest cost. Broiler-fryers and turkeys continue economical.

District Court Held Right On Appealed DWI Cases

Two 118th District Court convictions for DWI second offense have been upheld by the Texas Court of Criminal Appeals, Ralph Caton, judge, has been advised.

Conviction was not entered in the minutes of the court at the term in which it was rendered, but was so entered almost a year later without a nunc pro tunc order.

Big Springers Enter Sale

Catalogue for the 17th annual sale of the Concho Hereford Association has been issued and includes three consignors from Big Spring.

Sale date is Nov. 12 at the fairgrounds on San Angelo. The sale starts at 1 p. m. with Walter Britten the auctioneer.

Pickers Make Off With Property

Joe Lemon, an Ackery farmer, hired a crew of cotton pickers who harvested a strange crop.

Court Refuses

AUSTIN (AP)—The Texas Supreme Court refused to grant three loan companies permission to seek a court order testing the new state loan regulations.

WEATHER

NORTH CENTRAL TEXAS: Fair and warm today, partly cloudy and cooler tonight. Mostly cloudy Friday and cooler.

MRS. ETHEL READ CHURCH, age 72, passed away Sunday morning in Cleveland, Ohio.

DEBORAH ANN SCOTT, 3-year-old daughter of Mr. and Mrs. John B. Scott, passed away Wednesday.

RIVER-WELCH Funeral Home Member of the Golden Rule

Local Firms Important In Manufacturing

The importance of manufacturing to the Texas economy will be stressed in the observance of Texas Products Week Nov. 1-10.

Big Spring feels the impact of products made at home with nearly three score firms and plants engaged in processing and fabrication.

The importance of production is illustrated in U. S. Chamber of Commerce estimates that a new plant hiring 100 new factory employees will add \$710,000 additional personal income to the area.

Schedule Added By Continental

Continental Trailways is adding another schedule through Big Spring, Frank Rice, manager, announced today.

Pack Has Award Day

Awards abounded at a meeting of Cub Pack 100 at St. Paul Presbyterian Church Tuesday evening.

Webb Airmen Receive Awards

Six Webb AFB airmen this week received cash awards totaling \$135 for suggestions in their respective departments.

DAILY DRILLING

BORDEN: No. 1 Clayton is running tubing to test permeability perforations.

Finals In Good, SE

In Borden County, Penroc No. 2 has been completed for initial flowing potential of 285 barrels of 42 gravity oil in the Good SE field.

Camporee Set Friday

Many Scout troops will begin gathering Friday afternoon at the Roundup grounds southeast of town for the Fall Camporee.

Light showers or rain is forecast for Thursday, night from the lower Lakes area and the Ohio valley westward through the central midwest.

IN-SERVICE SESSION Principals study classroom teaching methods

Administrators Work To Improve Teaching Methods

The administrative and supervisory staff of the Big Spring Independent School District are winding up a two-day meeting today observing classroom instruction in four local classrooms.

High Interest In Cotton Project

A dozen or more farmers and business men from Howard County will join others from Midland and Martin counties in Lamesa Monday morning to go to Lubbock for a meeting with Secretary of Agriculture Orville Freeman.

The Howard County group will leave from the Big Spring Chamber of Commerce office at 9 a. m., bearing petitions for the release of stronger insecticides or pesticides to control the tobacco budworm and beet army worm.

Some 25 men met with the agriculture committee of the Chamber of Commerce this morning to turn in petitions signed by cotton farmers, landowners and business men directly interested in cotton farming.

A few petitions were still out but were to be turned in today for photostating. The number of signatures will not be known until Friday.

YOUNGSTERS AID CROP

Young people from several Big Spring churches will be out "trick or treating" tonight, beginning at 5 p. m. They will be working for the Christian Overseas Program (CROP), which is a community food appeal of Church World Service.

St. Lawrence Festival Set

ST. LAWRENCE — The sixth annual St. Lawrence Fall Festival will be held Sunday afternoon and evening at the St. Lawrence Parish Hall 14 miles southwest of Garden City.

Statesman Tom Connally's Funeral Held At Marlin

MARLIN (AP)—Former Sen. Tom Connally, D-Tex., who left this Central Texas farm community to become one of the nation's ranking statesmen during World War II, was buried here Wednesday.

Vice President Lyndon Johnson arrived just before the 15-minute church service and a brief graveside ceremony. President Kennedy, former President Truman and Gov. John Connally sent elaborate floral arrangements.

Connally, 86, died Monday in Washington after a long illness. He was a former county attorney here and a state representative before going to Washington to serve 10 years in the House and 24 years in the Senate.

He and Mrs. Connally had lived in Washington since his retirement in 1953.

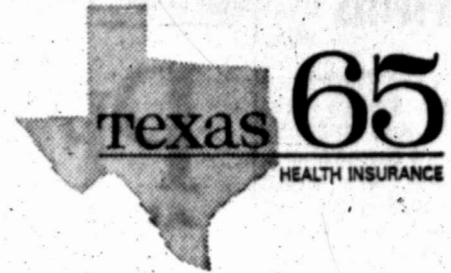

"Among the statesmen of this world he was a political giant," said the Rev. Asbury Lenox, pastor of the First Methodist Church where Connally was a member.

"Among his constituents and neighbors here at home he was surely a warm friend."

Connally was a member of the building committee when the church was built in 1910 and his name is on the cornerstone.

The vice president sent word he was coming to relatives here only about two hours before time for the services. He flew to Waco and took a smaller plane to Marlin. Aides said he probably would return to Washington today.

Try This On Your Hula Hoop

Both the hula hoop and the "twist" have slipped in popularity recently, but how many people mastered the art of doing both at the same time? Three-year-old Beth Frickle of Savannah gives a convincing demonstration. She is the daughter of Mr. and Mrs. A. T. Frickle. (AP WIREPHOTO)

Big Brazil Sickest Of Latin Countries

EDITOR'S NOTE — A million dollars a week of U.S. money is going into Brazil, one of the sickest countries in Latin America. Here is a look at the country's problems.

RIO DE JANEIRO (AP)—At night tiny candle flames spurt up mysteriously along the curving sands of Copacabana Beach. Tended by faithful worshippers with offerings of food, flowers, and liquor, they are voodoo tributes to Yemanja, the "mother of waters."

A hundred feet away Rio's Avenida Atlantic, street lamps blazing, swarms noisily with automobiles. Concrete and steel hotels and apartment houses line the inland side of the street. Radios blare out jazz and bongo rhythms.

CONTRASTS

Rio, with its voodoo shrines and its Christian churches, its palatial homes and its sprawling hillside slums, is a city of violent contrasts.

This is a land in transition. Sao Paulo, 280 miles south, is a modern industrial city with skyscrapers and 45 million people to Rio's 3 million. The Amazon valley, far to the north, is mostly untamed jungle. The Far West is undeveloped frontier land with millions of fertile acres.

Brazil has the potential of greatness in its natural wealth and the capacity of its people when educated and given good leadership. Its leaders talk confidently of the future but the future is still undecided.

In the cold war struggle Brazil is caught up with many other Latin American Nations. Communists are active throughout the area. The victory presumably will go to the leaders who can ride the wave of revolutionary change as it gains force.

No other country in Latin America faces quite the problems Brazil is so big it embraces them all in some degree. It has so many problems the people try to ignore them. Impatient North Americans would like many times to do something about them but are torn between hope and despair.

Behind the usual front of diplomatic politeness and statements about traditional friendship, relations between the United States and Brazil are at a low point, and periodically come under severe strain.

SHAKE UP

The one thing on which officials of both nations agree is that the country needs to be shaken up from top to bottom. Reform is the great rallying cry in Brazilian politics. Every major political leader presents himself as a leftist—that is, as a man who favors radical change.

A few days ago President Joao Goulart said textile manufacturers have complained they are stocking millions of yards of cloth while 20 or 30 million people are practically naked.

"It is not enough just to complain," Goulart said. "What is necessary is action which will improve the standard of living of the people."

DEMANDS

Higher living standards, agrarian reform, better education, industrialization, more schools, roads and water systems are among the standard demands of political leaders. Goulart, who is one of the nation's biggest land owners, is a constant advocate of agrarian reform.

In 20 years, says a U.S. expert on the subject, several hundred agrarian reform programs have been drafted and, more than 25 have been introduced into Congress. Yet little has actually been done. One ambassador here says Brazil is underdeveloped economically and overdeveloped politically, so that political debate and maneuver become substitutes for real action.

The most urgent problem is inflation. The Getulio Vargas Foundation says the cost of living rose 51 per cent in nine months this year. Items went up more. The cost of beans, a staple of the poor, tripled from December to mid-October.

Inflation has developed as a race between rising costs and rising salaries. The demand for wage increases has brought strikes and threats of strikes. The labor unions, with some Communist leadership, are the main sources of the government's political strength. Their demands get action.

The wage price spiral has led to heavy issues of paper currency. Brazilian officials predict it will all turn out all right. But foreign experts are divided over whether the economic crisis will create a major political crisis.

U. S. AIDE

Last March the Goulart government agreed with the United States to take measures for curbing inflation in return for U.S. financial aid. The United States promptly made the first of several loans which netted Brazil about \$4 million. Brazil took a few anti-inflationary steps, then Goulart shook up his cabinet, ousting the finance minister who had made the agreement.

Thereafter the three-year plan for fiscal reform was quietly shelved. The United States reacted by suspending a prompt \$100 million loan to support the Brazilian budget. U.S. officials considered halting all aid to Brazil, but decided to continue assisting the country's development where they could be sure of results.

Currently the United States is pouring aid into Brazil at the rate of \$350 million a year. This helps to build schools, roads, highways and industries, to feed poor children and treat the sick—especially in the impoverished northeast where Communists are a political force.

Brazil is slightly bigger than the Continental United States with a population of almost 80 million people. Half the population cannot read or write. In many areas medical facilities are skimpy and living conditions primitive.

♠ 4

The bidding:
South West North East
1 ♠ Pass 2 ♠ Pass
2 ♠ Pass 4 ♠ Pass
3 ♠ Pass 5 ♠ Pass
6 ♠ Pass Pass

South rebid his suit and North, having made his move, was content to offer a simple raise. South now cue bid the ace of diamonds and, when his partner reciprocated in hearts, South proceeded to six spades.

Observe that North's cue bid with a void is looked upon as a highly dangerous practice. There is too much risk that a highly aggressive South might expect to find North with the ace and be induced to ruff for a final no trump contract.

West opens the king of hearts, and declarer has available a choice of various plays most of which hinge on finding either two-two division of the adverse spades or the king of diamonds favorably located. Since neither of these possibilities comes to pass, South appears destined to fail.

There is one winning line of play, however, which allows for the unfavorable spade break and requires only a reasonable division in clubs. The heart opening is ruffed in dummy and the two top clubs are cashed as South discards the jack of hearts. A third club is ruffed with the ace of trumps, establishing the dummy's suit. A spade is led over to the queen, and a fourth club is played on which declarer discards his last heart. West ruffs this trick but is powerless to proceed profitably. If he returns a heart, South ruffs in his hand, draws the last trump with North's king of spades and discards his diamond losers on the remaining clubs.

Top Earnings Reported By Many Firms

NEW YORK (AP)—Increased earnings—some at record highs—are being reported daily by most of America's corporations, large and small. The profit gains delight stockholders and stock traders, enhance the life expectancy of many jobs, trim estimates of the federal Treasury deficit, assure financing of future business expansion plans.

Companies with household names lead the parade. Profits after taxes in the July-September quarter increased over last year for General Motors, American Telephone, IBM, General Electric, Jersey Standard Oil, and for most of the steel companies, chemicals, drugs, airlines, tobaccos, foods, utilities and even the long-ailing rails.

WELL AHEAD

The majority predicts the year as a whole will be well ahead of 1962.

There is a minority, as always. A few individual companies in all of the industries falter. And in some industries most firms report earnings running behind a year ago. These include cement, paper, and many in the packaging industry. Some companies much in the public eye report earnings running against the tide, often for temporary reasons. These include Ford Motors, Polaroid, Du Pont, National Cash Register, Westinghouse Electric, Martin Marietta, A&P, Brunswick and American Machine & Foundry.

BIGGER SPLASH

But the gainers make the bigger splash. General Motors and Chrysler's notable profit increases overshadow Ford's slip.

In the chemicals Union Carbide, Allied Chemical, Olin Mathieson, American Cyanamid, Monsanto are ahead, even if Du Pont, Texas Gulf Sulphur and National Distillers & Chemicals aren't.

The steels are almost unanimous in reporting earnings running well ahead of a year ago. Other metals also are profit gainers this year. Alcoa, Kennecott Copper, Magma Copper, St. Joseph Lead, Reynolds Metals.

The oils speak up with an all but unanimous voice.

AIRLINES

In the airways Pan Am, American, Western and Continental forge ahead although Delta slips behind last year's profit pace. Lockheed Douglas and McDonnell aircraft makers advance.

The rails are more mixed. Ahead this year are New York Central, Pennsylvania, Santa Fe, Norfolk & Western, Seaboard Air Line, Chesapeake & Ohio, Great Northern, Western Pacific, Southern, Wabash and Missouri Pacific. Lagging are Atlantic Coast Line, Erie-Lackawanna, the Milwaukee, and Chicago-Great Western.

Behind the increased earnings are many things: increased sales in an expanding economy, automation and other labor-unit cost-cutting, increased depreciation allowances for tax purposes—even the population explosion.

And sparking the optimism about the future of profits is the expectation that corporate income taxes will be cut.

Project Okayed

WASHINGTON (AP)—The House Agricultural Committee approved Wednesday the Big Creek, Tex., watershed project. No cost figures were disclosed.

Plans Made For Livestock Show

ACKERLY — Seven adults were present at a meeting in the agriculture department at Sands High School Monday night to discuss plans for a com-

munity livestock show. Vocational agriculture instructor Keith Bray said boys from the four-county area attending Sands High School would participate, whether they were FFA or 4-H club members. A secretary-treasurer, Buster Pitts, was elected by the group which planned a fund raising campaign in December, and an election of a full slate of officers in January. The association will hold its annual fair in the future, Feb. 1, 1964. "The interest was good and the men present are hoping for an annual fair in the future along with the show," Bray said.

Qualls Arrested

W. A. Qualls, wanted here on charges of writing a felony worthless check, has been arrested in Monroe, La., according to Miller Harris, sheriff.

Qualls will be returned to San Antonio from Monroe. San Antonio officials have a car theft case against him. A hold order will be filed in Bexar County to insure the prisoner being returned to Howard County when San Antonio has handled his case there.

BIG SPRING DAILY HERALD

SEC. B BIG SPRING, TEXAS, THURSDAY, OCTOBER 31, 1963 SEC. B

COAHOMA'S NEW POST OFFICE OPENS
Service starts Saturday in new building

Coahoma's New Post Office Building To Open Friday

COAHOMA — Coahoma's attractive new post office building will be put in service Friday. There is only one problem — the office's stock of 390 new lock boxes may not be in place. The aperture in which these boxes (as well as the mail slots) will fit is in evidence on the west wall of the lobby. The boxes were ordered months ago to be shipped from New England during the middle of October. They should have been here long ago. No one seems to know just where the boxes are. Smith Cochran, postmaster, has not been told and communications with postal officials in Dallas have not been very helpful. A search is being made for the missing boxes, he was told.

Webb Student To Speak At 4-H Achievement Day

A former 4-H Club boy, who spent six months in Turkey as a member of the International Farm Youth Exchange and who is now a student pilot at Webb AFB, will be guest of honor and special speaker at the annual Howard County 4-H Club Achievement Day Saturday. The guest of honor is 2nd Lt. Robert Horning, 1902 Mittel. Horning's home is in Revere, Minn. As a boy he lived on a farm and was a member of the 4-H Club in his community. Later, when he had completed college (majoring in agricultural engineering) at South Dakota State College, he was named as an exchange student under the International Farm Youth Exchange Program, an enterprise sponsored in many states by the 4-H Club.

LT. ROBERT HORNING

the National Guard Army at 1 p.m. following a barbecue dinner to be served to all 4-H Club members, their families and friends.

The presentation of awards for achievement will follow, with Ed Carpenter, state representative and former county judge, making the awards.

Herb Helbig, county farm agent and Mrs. Catherine Crawford, county home demonstration agent, said the formal portion of the program will be at the armory, but that live stock demonstrations will be at the fair barn. Demonstrations and displays will be featured.

After he and Miss Bushong had returned to the states, they kept up their acquaintanceship and in April of this year, they were married.

They came to Big Spring soon after he will graduate next year from Webb AFB. Horning's address will be at

Longtime Lions Honored At Meet

Lions had a refresher on their organization at the Wednesday meeting of the Downtown Club in the Settles. Some of those present had been around for a major portion of the 45 years Lions International has existed.

Joe Pond, who reviewed the founding and growth of Lions International, received his certificate for 35 years of membership. One member of the club, Jimmie Greene, has a longer membership, approximately 40 years.

Others receiving veteran membership awards were Joe Pickle 30 years; Dan Conley 25 years; Willard Sullivan, Carl Smith, Choc Jones, Ludwig Graue, Gilbert Gibbs, 20 years; B. M. Keese, 15 years; Dr. W. A. Hunt, 10 years.

Wednesday's program centered around the club's new enrollment campaign. Pond recalled how Melvin Jones, Chicago, conceived welding an assortment of business and trade clubs into a cohesive organization dedicated to something besides professional improvement — to community service.

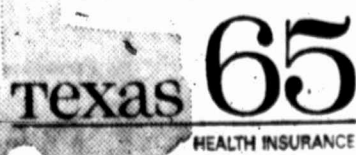

Out of an informal gathering in Chicago grew the first meeting of Lions in Dallas Oct. 8-10, 1917. By 1920, the club became international in character with addition of Canada, followed by China, Mexico and Cuba in 1924-28. Today there are 676,

843 members in 17,592 clubs on every continent and in every free nation of the world. Because of its international complex, Lions International had an interest in United Nations antedating that organization. The club is known popularly as "the world's greatest doers," boasting a record of nearly a quarter of a million separate service activities each year.

The club is beginning plans now for maximum attendance in San Angelo Nov. 25 when Aubrey D. Green, Lions International president, will speak. San Angelo sponsored the Big Spring Downtown Club 34 years ago.

DEADLINE OCT. 31

Commercial Fish Shows Slight Drop

ROCKPORT (AP)—The Fish and Wildlife Service has reported that 15 Texas fishing vessels sank or burned and were a total loss, 12 more were heavily damaged by various mishaps and 24 were transferred to foreign countries. Some of the transferred vessels are still considered as registered in the U. S. Custom-house under the American flag; others were sold to neighboring Latin American countries. About 19 vessels were fined by Mexican authorities, who alleged they fished too close to shore and entered territorial waters of that country as defined by its statutes.

DEEP TRAWLING
Three vessels were rigged for deep water trawling for royal red shrimp. In general, these craft were fitted with a special winch holding from 300 to 400 fathoms (1,800 to 2,400 feet) of 1/2 to 9-16 cable, with 30 fathoms (180 feet) of 3/8-inch cable for bridle, according to Orman H. Farley, statistician in charge of gathering data in this area. All vessels used a conventional 60-80 foot trawl, towed at speeds of from 1,000 to 1,200 revolutions per minute. For 1962, total landings of edible fish in Texas dropped 172,000 pounds in volume and \$15,000 in value, according to year-end statistics compiled recently by Fish and Wildlife personnel, Farley said.

TOTAL VOLUME
Drum, red snapper, spotted sea trout and flounders accounted for 69 per cent of the total volume and 70 per cent of the value.

However, Farley said, despite the drop over the preceding year, the 1962 landings were 454,000 pounds and \$133,000 in value over the average of the eight years, 1955-62. According to records available, the statistician said, commercial landings amounted to 211,000 pounds valued at \$51,000 to fishermen and established a new record for Texas in both volume and value.

The increased catch, he said, did not result from any phenomenal increase in the founder population of any given area, but from an increase of operating units in this fishery. More spear and net fishermen in the Coastal Bend worked flounders to compensate for losses suffered as a result of poor shrimp and oyster catches. Average price to the fishermen for flounders was 24.4 cents per pound.

POLL TAX REPEAL HIT BY CHAMBER

LAREDO, Tex. (AP)—The South Texas Chamber of Commerce has gone on record opposing the movement to repeal the poll tax. The chamber said in a resolution Tuesday the action would help organized labor gain more seats in Congress and the legislature.

Hollis Fitch of Eagle Pass is the new president. Other officers are Homer Innis of Corpus Christi and John Bell of Houston, vice presidents, and H. A. Fahrendorf of San Antonio, re-elected treasurer.

AMISTAD POWER SALE APPROVED

WASHINGTON (AP)—A bill to authorize government sale of electric power generated at the Amistad Dam in Texas was approved Wednesday by a Senate interior subcommittee.

The bill was amended to protect downstream water rights of irrigators and other users.

WALLACE'S REAL BOSS REVEALED

MONTGOMERY, Ala. (AP)—Some light has been shed on who's the real boss in Alabama. Mrs. George Wallace, wife of the governor, spoke briefly at a hospital dedication Wednesday, then introduced the governor thusly: "And now I'd like to give my husband permission to say a few words."

WAYWARD GOBLIN RESCUED BY DAD

LEXINGTON, Ky. (AP)—Halloween Eve provided both a trick and a treat for County Patrolman H. J. Buchignani.

Dr. Ted D. Ballard reported to county police that a small, lost trick-or-treater was at his home. Buchignani, dispatched to the Ballard home, discovered the lad was his 5-year-old son, Barry.

Centenarian Gets Insurance

Mrs. Eunice Oliver, 102 years old, is one of more than 13,000 senior citizens enrolling in Texas 65. The Texas 65 plan is being explained to her by her 73-year-old daughter, Mrs. Sadie Oliver, by using a "spelling board" on which large plastic letters are placed for her to touch with her fingers. The elder Mrs. Oliver has been deaf for 50 years and is almost blind. Texas 65 is the first health insurance she has ever owned. She lives in the Three Forks Community, near Belton.

Deadline Today For Over 65 Insurance

Big Spring residents are making many inquiries and some are enrolling in the "Texas 65 Health Insurance" plan, according to reports from eight Big Spring insurance agencies.

The deadline for enrollment, where the insured is using a 10-day trial period for examination of the policy, is midnight Thursday. The insurance becomes effective Friday. Nine local agents are ready to answer questions, or to enroll those interested.

"The policy is designed for persons 65 years old or over who do not have health insurance," one agent said. "We endorse the policy and recommend it to persons 65 and over. An agent is required to examine the insured 10 days to look over the policy. If he does not feel that it fits his needs he may return the policy to his agent and get his full month's premium back."

After Thursday policies cannot be returned and will be in effect as long as premiums are paid. It is endorsed by membership and is held by 56 major insurance companies in the United States.

There are two types available—a basic plan at \$9 per month with limited coverage provided and a major medical plan, at \$10 per month, providing additional benefits.

Sons and daughters may enroll their parents. Husband and wife may both enroll even if one spouse is not 65 years of age. "We feel that every person over 65, or relatives wanting to insure parents or other relatives over 65, should get acquainted with the new policy," an agent said. "It is the first time such insurance has been available. There is no age-limit for coverage."

Hit-Run Driver Later Struck By Ambulance

DENVER (AP)—A hit-and-run driver whose rented car fatally injured a 6-year-old boy was struck by the ambulance taking the child to a hospital Wednesday.

The woman, who had jumped in front of the ambulance waving her arms, was critically injured.

Preston H. Smith, walking

Strike Voted For Ford Plant

DALLAS (AP)—Unless further talks bring agreement on a new contract, the United Auto Workers have voted to strike at the Dallas Ford Plant.

More than 1,000 cast ballots Wednesday night and the vote was 98.5 per cent for a strike if negotiations failed on work standards and on health and welfare grievances.

Composer Fetes

MEXICO CITY (AP)—Agustin Lara, composer of more than 2,000 popular songs, marked his 63rd birthday Tuesday at a dinner in his home here. Lara told guests he planned to release five new compositions soon.

MRS. JEFF HUDDLESTON AND MRS. NEWTON FRISBIE

Friends, Neighbors In 1926 Reunited Here

By KATHLEEN DOZIER
Back in 1926, Newton Frisbie and Jeff Huddleston took their wives, both 26, to live in Dermott. The men worked side by side at the Sante Fe pump station during the days. Their wives, Lydia and Rosalee, swapped recipes and talk at their homes, snugly situated

with hardly a breath between the two.
Lydia had four children, all under school age, and Rosalee, having none of her own, took it upon herself to help her neighbor. "I grew to love those children, and I believe they were at my house as much as they were at home," she recalls.

The friendship grew, but after two years the Huddlestons were sent to Station. Not long after, the Frisbies moved to Amarillo. The couples lost touch, and the years went by. Now, five children, 14 grandchildren and three great-grandchildren later, Lydia and Rosalee have resumed their friendship.

New Class Forms At Baptist Temple

Eight women of the young adult department of Baptist Temple met Tuesday evening in the home of Mrs. Phil Grisham, 2400 Merry Drive.

The group named their Sunday school class "Joy," meaning "Jesus first, others second, and yourself last." The red carnation was selected as the class flower, and the class song will be "Let Others See Jesus In You."

The meeting was conducted by Mrs. Grisham, the class teacher, and Mrs. H. M. Jarratt, department superintendent. Date for the next meeting is Nov. 18.

Favors Delivered To Nursing Homes

Halloween favors were delivered to several convalescent homes Wednesday following a business meeting of the Ladies Home League at the Citadel.

Mrs. William Thomas presided as plans were completed for a Halloween party to be held Friday from 6 to 8 p.m. at the Citadel. Booths and games will be featured.

The devotion was brought by Mrs. Jimmy Moore and announcement made that next Wednesday would be a workday.

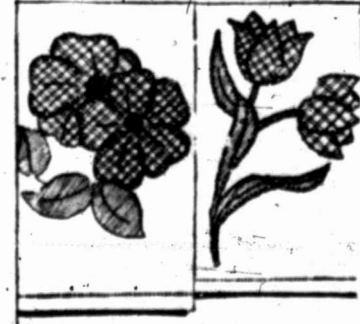

Mrs. J. R. Kirby served refreshments to 11 women.

Dave Griffiths Return Home

FORSAN (SC) — Mr. and Mrs. Dave Griffith have returned to their home in Olden after a visit in the homes of the Burl Griffiths and the J. W. Griffiths.

Dan Fairchild of Odessa has been visiting here with his parents, the M. M. Fairchilds.

Guests of Mrs. G. L. Monroey Monday were Mrs. Audrey Johnson of San Diego, Calif., and Mrs. Josie Prather, Mrs. A. A. McKinney and Mrs. Frank Hull, all of Big Spring.

Applique-Flowers

These applique flowers may be used on guest towels, place mats or aprons. Hot-iron transfer pattern No. 725 contains 3 motifs.
Our Needlework Book containing coupon for selecting one pattern free is 50 cents.
Send 25 cents in coins for this pattern to MARTHA MADISON, Big Spring Herald, Box 1490, New York 1, N. Y. Add 5 cents for third class or 15 cents for first class mail.

House-Haunting Held At Lenora

The annual Halloween house-haunt was held for Big Spring Baptist youth Saturday night at Lenora. Young people and their sponsors numbered 350.
Haunting was in a spirit room, an Indian room, morgue room, spook room and graveyard, all in a house in the rural area of Lenora.

All joined in singing, playing games and in fortune telling. J. T. Springer, head sponsor of the group, was in charge.

The next youth rally will be held at Vincent Baptist Church Nov. 30. A film will be shown.

HINTS FROM HELOISE

Hair Spray Used Reconditioning Hats

Dear Heloise:
For those who have beautiful flower hats, here's a trick to use when the flowers get out of place.
I put an invisible nylon hairnet over my flowered hats and then straighten any flower which happens to be out of place. Then all I do is pick up my can of hair spray and spray the hat and all.
The hair spray has just enough stiffening in it to hold the flowers in place. This is especially good for damp days when delicate flowers seem to wilt.

are an expensive set of encyclopedias.—I. D. K.
Dear Friend:
Take an old washrag and dip it in a solution of 5 per cent copper sulfate. (You can buy it at your drugstore. It is poisonous, so keep it out of the reach of children and do not buy too much.) Dip your washrag in this solution, and hang it outside to dry. (Hand it high enough so that no child or animal can get to it.)
After the washrag is thoroughly dry, rub all your leather-bound books with it. It will not harm the leather. It prevents mildew. This cloth will do hundreds and hundreds of volumes of leather books.
Dear Heloise:
I have three girls and each had a cotton raincoat covered with clear plastic. After a year or so, the plastic was torn. I just ripped the plastic off the outside of the raincoats and the cotton part of the coats makes darling little dusters for the girls to wear around the house.—Mrs. H. H.

Dear Heloise:
This idea is really for the birds.
What do you use to prevent mildew on good books? Ours when you stuff roasting chick-

Miss Cowley Complimented

FORSAN (SC)—Miss Martha Cowley of Abilene, bride-elect of Douglass Williams, also of Abilene, was honored with a coffee at the home of Mrs. A. O. Jones, Forsan. Some 30 guests attended the Saturday morning affair.

Miss Cowley is the daughter of Mrs. Leta Hill, Abilene, and Kenneth Cowley, Big Spring. Her grandparents are Mr. and Mrs. S. C. Cowley, Forsan.

Cohostesses were Mrs. M. M. Fairchild, Mrs. L. T. Shoultz, Mrs. G. L. Monroey, Mrs. Vera Harris, Mrs. J. P. Kubecka and Mrs. Leo Parker, Big Spring.

A red and white motif was carried out. A red rose in a circle of white ribbon loops formed the honoree's corsage.

Canasta Game Winners Told

Mrs. Melvin Fryar and Mrs. Jackie Crawford were named as winners in the Hi-Lo Canasta Club session Wednesday morning.

Mrs. Ronald Fryar was hostess at her home, 4208 Parkway. Kitchen tablets were the prizes given.

After refreshments were served, names were drawn for Christmas, and Mrs. Roy Holmes became a new member.

The next meeting will be in the home of Mrs. Crawford, 1600 Jennings, Wednesday at 8:30 a.m.

Baptist Women Meet At Knott

Six members of the Baptist Women's Missionary Union met Tuesday afternoon at Knott for a lesson taken from the book, "Grace McBride, Missionary Nurse." Mrs. Fannie Shroyer was the teacher.

There's the question of your legs also, so pack your own razor, instead of depending on your hostess' brother or husband to supply one. There are long-handled lady-like razors packed in trim travel cases.

TOELESS SLIPPERS make it important to keep your feet and toes in good shape, but don't wait until you get away for the weekend to spruce them. Take what you need for touch-ups. And if you have corns or calluses, take the proper foot aids with you for emergency use.

Few girls forget daily essentials such as lipstick, if they use it, and powder. It's the occasional stuff that slips their mind—sunglasses, suntan lotion, raincoat and headcover. Take cleansing tissues out of their box and pack them in a neat roll. And don't forget toothbrush and paste. It is the last packed usually, and easily forgotten.

A Devotional For The Day

Fear none of those things which thou shalt suffer . . . be thou faithful unto death, and I will give thee a crown of life. (Revelations 2:10.)

PRAYER: Heavenly Father, we thank Thee for Thy faithfulness to us and for all those whose courage and trust in Thee have enabled them to endure. Do Thou so sustain us, O Lord, as we try to bear witness to Thy saving and keeping power. This we pray in the name of Jesus, our Savior and Master. Amen.

(From The 'Upper Room')

Key Principle Still Involved

The House Judiciary Committee has reported out a compromise civil rights bill after scuttling a tougher one written by a judiciary subcommittee. The latter measure was so far-reaching that the administration conceded it would automatically have little chance of passage.

The new version, which is due to get House consideration, has modified the public accommodations section to restrict this phase largely to such businesses as hotels, restaurants, hotels, etc. It greatly narrows the federal power to initiate civil rights litigation.

Softening of the bill enhances the prospect of a vote on civil rights this

session, but it does not guarantee passage. The fair employment section is still broad and far-reaching enough to generate heavy opposition, particularly from Southern congressmen.

The public accommodations section still involves a principle which, although now involving a restricted field, could eventually spread to all public accommodations. Persuasion is a better way to handle this problem, and persuasion is making progress, although sometimes seemingly tedious. It is too easy to simplify the issue as human rights versus property rights, but this ignores the deeper principle that one of the most fundamental of human rights is the right to own and manage property.

Lewis And Clark - Again

Of the three great events in our history as a nation, two are obvious, the adoption of the Constitution and the Civil War. The third, the Louisiana Purchase, transformed the United States from a gangling group of seaboard colonies into a continental nation. The purchase made certain our extension to the Pacific.

Fortunately at the time of the purchase our President was a man of vision, Thomas Jefferson. Immediately after Congress accepted the addition of this great territory, he arranged for its exploration, so that we might know what we had gained.

He commissioned his secretary, Meriwether Lewis, and William Clark to go up the Missouri and head west. The Lewis and Clark expedition lasted two years, crossing Missouri, Kansas, Nebraska, South and North Dakota, Montana, Idaho, Washington and Oregon. It was partly luck that when

the Missouri ended, the explorers found a way through the Rockies that led to the Columbia River and the ocean.

It is of great interest that the expedition is to be re-created under the auspices of the new Bureau of Outdoor Recreation, in the Interior Department. Their men will follow the Lewis and Clark route and, as they go, inventory historic sites such as camp grounds noted in the expedition journals. They will also mark existing and planned recreation developments along the route, and examples of land, fish and wild life management in the countryside.

Next year it is hoped to have a sesquicentennial re-enactment of the expedition. A group clad like the explorers will make the long trek to the Pacific on foot and by canoe, just as the original party. With one exception: They'll know the route in advance.

Holmes Alexander

Good Business, Not Do-Gooders

BUENOS AIRES, Argentina—There are no American do-gooders in Argentina—and what a relief.

The Peace Corps couldn't find enough squalor, disease, ignorance and failure to justify setting up its bleeding hearts clinics. American Ambassador McClintock tried to get the Argentines to start a Peace Corps of their own, and send teachers and comforters into other parts of Latin America. The idea seems to have fizzled with the arrival of the new government under the easy-going President, Dr. Arturo Illia. The Argentines lack the degrading experience of poverty, and they are not rich enough to suffer the guilt complexes of an Affluent Society. Oh, happy land.

AMERICAN GOOD GUYS, however, abound where do-gooders do not. Contented capitalists who are here from the U.S.A. to make money, spread the gospel and the benefits of private enterprise around them in the process.

Actually, American oil firms here do not practice unalloyed capitalism. They work for the Argentine government's petroleum entity, the YPF, but invest their own money, own their own rigs and seem to enjoy proving that private enterprise methods can always put socialism in the shade.

BUT FOR A full-fledged good guy, there's the International Basic Economy Corporation (IBEC), started years ago by Nelson Rockefeller. Its manifestation in the Buenos Aires area is the supermarket—called the Mini-Max. IBEC's manager is a huge jolly Kansan, R. W. Boogaart, who came here a couple of years ago and by next month will be running six Mini-Max in Buenos Aires and another in Salta.

"Everybody loves us," he says, "including the government. We sell food so cheaply that even the Communists can't hate us."

BOOGAART EMPLOYS over 1,000 Argentines, sells to 145,000 customers a week and has financed local manufacturers who now make every piece of equipment in the supermarkets except the cash registers and counter scales.

Then there are the Kaiser Industries.

WHEN ALL ELSE FAILS

James Marlow

De Gaulle Constant Thorn For White House

WASHINGTON (AP)—French President de Gaulle, almost 73 now, said once: "Old age is a shipwreck." But if the waters of time are lapping at his decks, he is still on the bridge, still a captain and very much a critic.

The Kennedy administration's duel with him, compared with De Gaulle's ominous and blunt suspicions about American defense of Europe, has an almost delicate elegance in its pointed but restrained thrusts.

Repeatedly the administration has criticized him without naming him, as if still trying to be neighborly with the man next door who keeps honking his horn all night and building fires on the sidewalk.

DE GAULLE, dreaming of a resurrected France since his father talked to him about it in childhood, must be realistic enough to know France lacks the resources to be a No. 1 power again, like the United States and Russia.

But reality beclouds a dream. And De Gaulle, perhaps out of frustration and injured pride, persists in making France sound bigger than it is if only by the tactics of obstruction and hostility.

He had blocked Britain from joining the Common Market and endangers the Western Alliance by suggesting Europe cannot depend indefinitely on the United States, its pledged ally, to stand beside it in time of danger.

Nevertheless, the Kennedy administration tip-toes around

him. Not so Sen. J. W. Fulbright, an Arkansas Democrat who doesn't have to deal directly with the Frenchman.

THIS WEEK in the Senate Fulbright, chairman of the Foreign Relations Committee, slammed head-on into De Gaulle.

De Gaulle recently boasted that France not only isn't borrowing from others, "particularly Americans," but is paying off its debt to them and "even on occasion is granting them certain facilities."

Fulbright reminded him dryly that France still hasn't paid the United States almost \$5.5 billion it has owed since World War I. Back of Fulbright's attack was De Gaulle's news conference stunts last July 29.

BUT BACK OF that were similar episodes. De Gaulle inflicted a brutal embarrassment on President Kennedy last Jan. 14 by holding a news conference—and this was hardly an accident—a few hours before Kennedy sent a highly optimistic message to Congress about this country's relations with its allies and the alliance itself.

"How fares the Grand Alliance?" Kennedy asked. Then he answered himself: "Free Europe is entering into a new phase of its long and brilliant history."

But before Kennedy could get the words out of De Gaulle, at his Paris meeting with the press, slammed the Common Market door in Britain's face, rejected this country's proposal for a multinational nuclear force among the NATO allies, and said France opposed a Common Market "under American leadership and domination."

ON APRIL 19 De Gaulle, shooting another poisoned arrow, said France could not be sure of the intentions of its allies, much less of its enemies.

To offset the kind of suspicions De Gaulle was trying to arouse about the United States, Kennedy, at Frankfurt, West Germany, on June 25 pledged to risk the destruction of American cities to preserve European freedom.

Two days later, June 27, France's information minister, after newsmen were told he would give De Gaulle's reaction to Kennedy, warned Europe against trusting its security indefinitely to the United States.

keep silent and make his comment by way of sounds and gestures.

He can smile, chuckle, coo, gurgle or pretend to be so affected he has to wipe away a happy tear—anything to escape telling the truth.

The safest thing is to resort to the half-truth. Simply say, "Why she reminds me of a movie star." You don't have to add what movie star she reminds you of. Maybe Lassie—or Marie Dressler playing a witches' role.

THE SUREST way to become a social outcast in these cases is to resort to humor. It is always out of place.

I recall one time at a cocktail party when a strange woman had been boring me with a collection of family photos, and I had run out of ready answers.

"Bet you can't guess who this is?" she said coyly, holding up a faded snapshot.

"A refugee from the Johnson flood?" I guessed wildly.

The lady hardly hesitated a second. She reached up and calmly and slowly poured her martini over me. The photo was one of her made in her teens.

I felt rather silly standing there in the middle of a crowded room with a wet olive squarely atop my big square head.

Hal Boyle

Snapshots Become Ordeal

NEW YORK (AP)—One of life's ordeals is trying to figure what to say when someone shows you snapshots of his near and dear ones.

No matter how well you know a fellow or how likeable he may be, sooner or later he will put the friendship to a strain by whipping out his wallet.

"Lemme show you a recent pitcher of my ball and chain and all our little-leg irons," he will say.

HE THUMBS through his credit cards, plucks out a color photo of his wife and kiddies, plants it in your perspiring palm and demands, "Well, what do you think of them?"

Well, if you told him the truth he'd break your arm, for the first-time-things-you-think-are-these-couldn't-be-real-people-they-must-be-dressed-up-for-Halloween." and "She looks like Lon Chaney in a fright wig, and the kids look like vultures."

Liar that you must be, you stare at the snapshot as if struck dumb with the beauty of them all, then mumble in a voice husky with emotion:

"GEE, THEY really make the long voyage home worthwhile, don't they? Who wants to remain reasonably honest of soul has to

written a good description, but no physician would try to decide on that basis.

Since your husband can only see light, I would say that he is most certainly ready for attention—meaning, probably, surgery. Whether anything else is wrong with his eyes would be pure guesswork on my part.

And that's really all I can say, medically. Cataracts can be removed when they interfere enough to require removal—sooner for, say, an engraver, and later for someone who doesn't need his eyesight for close work.

What concerns me is the fact that your husband should have seen his doctor occasionally, and didn't. He's on a pension and doesn't want to waste his money. We can all understand that, even doctors!

I agree that medical care costs money. Any skilled service does. Doctors are "quite expensive." So are TV sets, and

butter, and clothes, and everything else. And I concede, sadly, that our economy has gone through such gyrations that the person on a fixed pension is in a squeeze. He doesn't receive any annual raises, and is forced to get along as best he can even though the price of everything goes up.

I, like everybody else, wish somebody could invent an economic miracle and make a pension pay for as much now as it bought in the beginning.

In general, doctors have established a scale of fees which we believe to be fair. Unlike the grocery store or the beer store or most any other enterprise, we do NOT take the view that you count your money and then decide whether you do or don't buy. We know that when you need medical or dental care, you need us. It's necessity, not choice.

Around The Rim

More Forum, Less Fisticuffs Please

When we urge our legislators to roll up their sleeves and accomplish something, I suppose few of us have in mind that they enjoy in a bit of fisticuffs in the congressional hallways. But this week, two of our Texas congressmen saw fit to do just that.

IT'S REGRETTABLE that the honorable men have so little to do in their high offices that they have the time and energy to play little-boy games, coupled with name-calling on the House floor.

What with huge appropriations for moon rockets, and the famous Red Menace, and a tax cut, and the so-called civil rights issue, it would appear our duly elected representatives should pretty well have their hands full trying to figure out a proper way to vote when the time comes.

IN CASSIUS CLAY, we have a loud-mouthed fighter who appears to be able to handle that world problem with ample headlines and news notes. In our congressmen, I think we should expect something better.

Who, for instance, votes for a congressman because of his ability with the gloves on? Surely, one Cassius

at a time is enough.

MEDICAL SCIENCE has done and is doing wonders against the various diseases that afflict mankind. But I would prefer that a little more time be given to study of the "bugs." That is to say, the "cold bug," the "flu bug" and "that bug that is going around."

That last one, "the bug that is going around," has proved the most disastrous one in our household. No one seems to know what it is or what to do about it. Just wait about 24 hours and it is gone, leaving the victim dehydrated, hungry, weak and discouraged with his plight.

AND THERE ISN'T even a name for the thing. When someone asks why you weren't holding your cue at the pool table yesterday, it's "oh, I was fighting with 'that bug that is going around.'" Surprisingly enough, everyone seems to know just what you are talking about.

If science can't discover a cure for the thing, at least the learned doctors should come up with a name for it. It's unsatisfying, to say the least, to be bedridden by a bug without a name.

The Uniform Beckons To Young Women

WASHINGTON — The Woman's National Pistol Shooting champion is a young lieutenant in the WAF's (Women in the Air Force).

Naturally, the WAFs are proud of her, and the whole force is praying that by the time the 1964 Olympics open in Tokyo, such a category (i.e., pistol shooting by women) will be included in the competition. The WAFs feel their girl could shoot the sax off any and all possible entrants.

HOWEVER, that's the only shooting she'll ever get to do. The women who wear Uncle Sam's uniform in the WAFs, WAFs, WAVES and Women Marines are eligible for any jobs in the Army, Air Force, Navy or Marines except two. By law they are prohibited from combat activity and from jobs beyond their physical strength.

Otherwise, careers virtually unlimited are open to women in the services. In innumerable instances, "his" and "hers" careers in the services are interchangeable, a fact I have discovered as a member of the Defense Advisory Committee on Women in the Services (DACOWITS). The committee has just concluded its autumn meeting in Washington.

IF I WERE A bright young girl who could not go to college, or the parents of such a girl, I would give the most serious consideration to a career in the military or in one of its nursing and health services. The basic enlistment requirements for women in all four branches of the uniformed services are the same: She must be bright, of impeccable character (as testified to by her pas-

tor, teachers and community leaders) and ambitious. She must also have a high-school education or its equivalent, be not less than 18 years old, unmarried, have no dependents and in good health.

ONCE SHE IS in the service, her pay and benefits, including retirement rights and annual leave, are identical with those of servicemen in the same pay grade. In some cases women enlistees can be guaranteed a choice of a specific kind of training or type of assignment.

Women are eligible for service school training and enjoy the same opportunities for off-duty education as servicemen. Many women have earned college degrees through off-duty study.

All four services are always looking for off-duty material among the enlisted personnel. The girl who has the stuff gets her back at officers' training school.

ALL OF THE women's services are all over the alert for college graduates to qualify for an officer's commission. Often a brilliant woman engineer or scientist, against whom many big firms still have an unreasonable prejudice, goes into one of the services, which is overjoyed to have her.

The members of DACOWITS decided that the high-school graduate who goes into the service has a great deal more quiet, unobtrusive and diligent supervision than the comparable girl who tasts her first experience of away-from-home freedom on a college campus.

David Lawrence

Johnson Staying On Ticket?

WASHINGTON—While everybody is assuming that President Kennedy will be re-nominated, there are persistent reports in Washington that next year maybe Lyndon Johnson will not be on the Democratic ticket as the vice presidential nominee.

Cognizance has been taken of such reports in Texas, where Governor John Connally was quoted in a United Press International dispatch a few days ago as saying:

"The Democrats want to win the 1964 elections, and they might incur a loss if they drop the Vice President."

THEN CAME an Associated Press report of a speech in Baltimore by Senator Thruston B. Morton of Kentucky, Republican, in which he said:

"There are some funny things going on in Washington. The Secretary of the Navy (Fred Kohr) left town rather hurriedly. Lyndon Johnson's boy, Bobby Baker (former secretary of the Senate Majority), resigned. Now I wonder if Lyndon is expecting the purge."

The subject came up first at the President's news conference on May 9, 1962. The question asked was:

"THERE HAVE BEEN rumors in print and out of Texas that Vice President Johnson might be dropped from the Democratic ticket in 1964. I would like to ask: Do you have any reason whatever to believe that either end of the Democratic ticket will be different from 1960?"

The answer by the President was: "Well, I don't know about what they will do with me, but I am sure that the Vice President will be on the ticket if he chooses to run. We were fortunate to have him before—would gain. I don't know where such a rumor could start. He is invaluable. He fulfills a great many responsibilities as Vice President, participates in all of the major deliberations. He has been in the Congress for years. He is invaluable. So, of course, he will be, if he chooses to be, part of the ticket."

BUT THE QUESTION has continued to provoke discussion on Capitol Hill. The cause of the speculation is doubtless political. Some of the celebrities in the Democratic party would like to be considered for the vice presidential nomination. The first objective, of course, is to create an impression that there may be a vacancy in that spot. Lyndon Johnson was named originally because it was figured that he would help to retain the Southern electoral votes not only due to his leanings toward

the conservative side but on the assumption that he would be closer to the "civil rights" position of the South than any other nominee and would thereby help the Kennedy ticket.

BUT TIMES have changed. The South is headed away from the Democrats and toward Goldwater. Also, Vice President Johnson has supported the Kennedy administration policies 100 per cent and is campaigning for them constantly, whether it be on "civil rights" or any other domestic as well as foreign policy issues.

Incidentally, there has been some talk about Attorney General Kennedy being selected for the second place on the ticket, but this idea has been abandoned by its enthusiastic proponents, who now see Bobby Kennedy as a possible manager of the national campaign. This would necessitate his resignation from the Department of Justice, and it has been said in some circles here that January 1 is the date tentatively selected for his withdrawal from the Cabinet.

MUCH OF THE Washington talk and gossip reflects wishful thinking on the part of those who would like to displace Lyndon Johnson as Vice President. Notwithstanding the rumors, political experts generally believe that the Democratic ticket will be the same in 1964 as it was in 1960 and that the Attorney General will not give up his post as head of the Department of Justice.

(Copyright, 1963, New York Herald Tribune, Inc.)

Used To Yelling

COLUMBUS, Ohio (AP)—Highway innerbelt construction noise nearby has made use of a loudspeaker system necessary in three county common pleas courtrooms, the presiding judge, Joseph J. Hatter, says.

In discussing the matter with county commissioners, the judge suggested microphones, for witness chairs only. Witnesses often cannot be heard, he explained, but he said he felt attorneys and judges would talk loud enough.

Shining Pupil

KINGMAN, Kan. (AP)—Eleven-year-old Rita Turner learned to knit when she was 4 years old. Her mother was her teacher.

In the last county fair here Rita walked off with top honors in knitting competition. Her mother finished second.

LOOKING 'EM OVER

With Tommy Hart

With four games left to play, the Big Spring Steers have already equaled their entire 1962 victory output. That may seem surprising in view of the fact that the 1962 Steer club is fondly remembered as one of the more successful in the school's history. That is not exactly true—last year's club won five, lost four and tied one but did wind up in second place in the District 2-AAAA standings.

Midland High is the next hurdle the Steers face and coaches are wisely cautioning their boys not to look beyond that game. They have only to point to the outcome of last year's "Big Spring" event into the game favored but couldn't build a defense to slow Ross Montgomery, who pulverized the middle of the Steer line all night.

Bill Easterling, the junior high school football mentor at Coahoma, is building himself quite a record. During his seven years on the job, Bill has seen his teams win 40 games while losing only ten. During the past four years, his Bulldogs have compiled a 34-4 record. His 1960 club went undefeated. In 1961, Coahoma Juniors lost only twice. Last fall, Easterling coached his boys to a 6-1 record.

Glenn Frazier, the veteran coach at Andrews, has yet to coach a team which has lost a game in Kermit. His Mustangs have beaten Kermit six times. He previously coached Wink to two victories over the Yellow Jackets.

Dangers Of Road Facing Four Football Powers

By MURRAY ROSE

The dangers of the road face four of the nation's Top Ten college football teams this week and Navy Coach Wayne Hardin has turned psychologist in an effort to beat the hazard this Saturday at Notre Dame.

Probably in the hopes of preventing a letdown by his Midies, following their 24-12 conquest of all-conquering Pitt last Saturday, Hardin has painted a gloomy picture of what it means to be a visiting team playing in the shadow of the Golden Dome.

grade is idle in the eighth week of the 1963 grid warfare. The ninth grade will host San Angelo Edison in a 7:30 encounter in the new stadium while the eighth grade will play an earlier 6:30 contest, also against Edison.

The ninth grade is still plagued with the same problem that it has faced all season—injuries.

"We're pretty beat up," said head coach Tom King Thursday. "Five boys are out with injuries that they received in last week's game with Sweetwater. That has really hurt us, especially since two of those boys are both our fullbacks."

"We've been pretty unlucky all season long. Since practice started back in September, we've lost five of our seven line-men and two of our four starting backs. The fill-ins are doing the best they can and in my estimation, that's real good."

The backfield will be almost entirely new this week with only Paul Waggoner, left halfback, again taking a starting role. Joining him will be three new faces in their respective positions: Hoyce Kennedy will move to fullback after a stint at right halfback; Jackie Thompson will

be the right halfback; and Bill Owens will go at quarterback. The line will be the same: Tommy Newsom, left end; Kenneth Hamby, left tackle; Joe Sulak, left guard; Jerry Cook, center; Pat Armstrong, right guard; Bobby Bowers, right tackle; and Mike Williams, right end.

Despite the fact that they suffered a 44-0 defeat at the hand of San Angelo two weeks ago, at a time they were far below par physically, the Midland Bulldogs have outgained their six opponents by a substantial margin.

The Bulldogs, who boast a 1-2 record in conference play and a 4-2 overall mark, visit Big Spring Friday for an important game with the resident Steers.

The Bulldogs have picked up an average of 15.8 first downs per game, to 12 for the opposition.

In rushing plays, they have averaged 223.7 yards per game, compared to 156.7 yards for the enemy.

They've been outgained in the air over the year, but only by a total of 20 yards, and they've picked off five of their opponents' aerials, while yielding only two to the foe.

Aerial gains of the Bulldogs amount to 446 yards for the year, compared to 466 for the opposition.

Ross Montgomery is the Bulldogs' leading ground gainer, having gained 455 yards in 103 tries over the year for 4.4 yards per carry.

Cubby Rice is next, with 263 yards gained in 45 rambles for a 7.3-yard average while Bill Wood ranks third, with gains totaling 212 yards in 47 lunges for a 4.5-yard average.

Wood, one of the great passers in West Texas, has completed 33 aerials in 71 tries for 382 yards. Mike Lindsey also passes occasionally for the Bulldogs. Top receiver on the Bulldog team is big Mack Lawrence, who has gathered in 15 for 237 yards.

'Dogs Outgain Opposition

The Rannels Yearlings, playing a full slate of Halloween games tonight as all three teams get set to see action.

The ninth grade squad journeys to Snyder for a 7:30 game with Travis while the eighth graders take on a Travis crew in the new stadium at 5 p.m.

The seventh grade will face the Stanton junior high team in the air of the Junior Buffaloes at 6:30.

The ninth grade will show a new face tonight when it gets possession of the football and tries a series of offensive downs. Instead of the usual passing game, there will be an emphasis on running with the fullback supplying the power.

There are several lineup changes for tonight's game as injuries have hit the Yearlings hard. The biggest loss is at the quarterback slot. First string

Barnes To Start For TWC Frosh

EL PASO—Texas Western's crack freshman football team makes its home debut Saturday night at Kidd Field by hosting the University of New Mexico frosh while the Miner varsity takes a week off from the gridiron wars.

Coach Don Boyce's TWC yearlings lined up for the New Mexico encounter last Saturday night at Roswell by whipping New Mexico Military, 20-9, to even their overall record at 1-1.

The Miner yearlings have size up front to protect a speedy backfield headed by fullback Mark Yarbrough, a 205-pound native of Amarillo who won the state 440-yard dash last year.

Walter Johnson, a 195-pounder from Stockton, California, who is a consistent 9.7 performer. Chuck Hughes, a gifted wingback from Abilene and quarterback Mario Lopez, who weighs only 150-pounds, but is a magician with the football.

Operating at ends will be Ken Stice (190 from El Paso) and Ken Ragsdale (190 from El Paso) or John Grogan (185 from Rusk).

Chili Supper Is Set At Coahoma

COAHOMA — The Coahoma Quarterback Club will sponsor a chili supper in the High School Cafeteria prior to the Coahoma-Rotan football game here Friday night. Hours are from 5 to 7 p.m.

Admission price is \$1 and proceeds will go toward purchase of a whirlpool for the school's athletic team.

Tickets can be purchased from any Quarterback Club member and can also be obtained at the cafeteria door.

The price of admission includes a ticket for a drawing, which will be held at half time during the game. Winner of the drawing gets a shotgun.

The Coahoma Bulldogs will not be at peak strength physically when they face the Rotan Yellowhammers at 7:30 p.m. in a District 6-A game here Friday.

Ted Cearley, starting end, broke his hand on the last play of the game in last week's game with Merkel and will probably see limited action, if any, against Rotan.

First string center Ronnie Burgess has been forced to quit temporarily because he was experiencing dizzy spells and was told he had high blood pressure.

First string center Ronnie Burgess has been forced to quit temporarily because he was experiencing dizzy spells and was told he had high blood pressure.

Dallas Shaken Up

DALLAS (AP) — Coach Tom Landry of the National Football League's Dallas Cowboys shook up the team again as he continued his "re-evaluation program."

The Cowboys, 1-6, in the NFL so far this season, play the Washington Redskins here Sunday.

Landry announced Wednesday that rookie Jim Stiger would replace ailing Amos Marsh at fullback, guard Jim Ray Smith will move into Ed Nutting's spot at right tackle, defensive end Bob Lilly will take John Meyers' tackle job and reserves Joe Bob Isbell and Larry Stephens will see active duty as replacements for Smith and Lilly.

Landry also switched safety Livingston so that Gaechter will be the "off safety" while Livingston guards the end zone on the left side where most of the action focuses.

The Dallas coach said he may also start Amos Bullock at halfback against the Redskins Sunday, depending on how well injured Don Perkins is able to move. Landry said Perkins won't play in the Redskin game as much as in the past.

He said Tony Liscio, a 6-4, 240-pound lineman, may be brought up from the taxi squad before Sunday. Liscio, a rookie from Tulsa picked up from the Green Bay Packers, can play either offense or defense.

If the Cowboys activate Liscio, Dallas will have to cut one player from the squad.

\$54,000 AT GETTYSBURG

Tutor Finds Battlefield Bonanza

WASHINGTON (AP)—A high school teacher who had to have another look at the Gettysburg battlefield got the glorious news today—that "moldy stuff" he scooped up last June is worth \$54,200.

"I feel sick. My legs are still shaking. Wow."

And then, "I'm waiting for some confirmation."

That was George C. Rapport's response when told by a newsman that the cache of mutilated currency he turned in to the Secret Service in New York last July has a redemption value that the Treasury sets at \$54,200.

Rapport has been waiting since then to hear from the government. The Massapequa Park, N.Y., man said that except for his wife Ruth, he has told nobody else about his find.

"It would just be my luck to run into something and get into trouble," said Rapport, 46, a social studies teacher at a Bellmore, N.Y., high school.

Last June 26 the vacationing Rapports and their two children, Eileen 17, and Jack 13, visited the Gettysburg battlefield in Pennsylvania.

WENT BACK They toured the Civil War

site, but Rapport said: "You know how it is on a tour. Things go so fast you can't appreciate everything. So we went back."

Next day Rapport was walking by the Eternal Light Peace Memorial at the Gettysburg National Military Park. His wife and two children were in their car nearby.

On the ground lay a rotten bundle.

"There was no one around," Rapport recalls. He picked it up—"I had no idea what was inside"—and placed it in the trunk of the car.

Later, he put it in the cellar of his home.

"I couldn't possibly spend any of it. It didn't look like currency. It was too moldy."

About 10 days later, I didn't know what to do with it, so I reported it to the Secret Service in New York."

He says he was called to Washington by the Secret Service about three weeks ago to tell his story.

W. T. Howell, deputy treasurer of the United States, said the mutilated currency was forwarded to Washington to see how much was redeemable.

Howell checked the National Park Service to see if it had

any claim under law. He was told it did not.

INCOME TAX

Howell then notified the Internal Revenue Service since such findings are subject to federal income tax.

That is where the matter stands now, Howell said, with the Revenue Service checking on whether it has a tax claim.

Howell said he could foresee no hitches, that once the Revenue Service is done Rapport will get his money.

Rapport knows how he'll spend the money.

"I want to send my kids to school. That's enough."

10-B Big Spring (Texas) Herald, Thurs., Oct. 31, 1963

Insurance Chief Retorts To Compensation Blast

DALLAS (AP)—The head of the Association of Texas Fire and Casualty Companies, has termed as unfounded and unfair the criticism of workmen's compensation insurance rates by the Texas Manufacturers Association.

Roy Langston replied Wednesday to a report made public in Austin Tuesday.

Ed Burrus, TMA executive

Never Late In 46 Years

BOSTON (AP)—William F. Dailey is precise about leaving his house at 7:10 a.m. every weekday. He's careful he doesn't miss the 7:25 a.m. commuter train from Bedford, Mass., to Boston.

At 8:30 he begins his day as general plant personnel supervisor for the New England Telephone Co.

Dailey, 64, has less than two months to go to complete a working career of 46 years with a remarkable attendance record.

Not only has he never missed a day of work; he's never even missed an hour.

In 1919, he recalls he started early and walked more than seven miles through a raging blizzard, but he got to work on time.

He says his wife keeps him in top health by rejecting any out-of-package meals in favor of old-fashioned dinners, which she starts in mid-afternoon.

The three children all were born on their father's day off.

MAINE WOODS

Rescuers Hunt 6 Lost In Snow

MILLINOCKET, Maine (AP)—Relays of rescue teams, hindered by deep snow and severe winter-like conditions, pushed their searches today with diminishing hopes for six persons lost in Maine's northern wilderness.

The missing, including four hunters, were caught by a double blast from near-blizzard storms that battered the state on two successive days with up to one and a half feet of snow and gale-force winds.

The ground search for a woman and a park ranger in the rugged basin area of mile-high Mt. Katahdin, north of Millinocket, was reinforced today by four experienced mountain climbers from the University of Maine.

The missing woman, Mrs. Margaret Ivusic, about 50, of Boston, was camping on the mountain in balmy weather last weekend with a companion, Mrs. Helen Mower, Concord, Mass.

Mrs. Ivusic became exhausted Monday and stopped on the trail while Mrs. Mower went to the Baxter State Park Camp of ranger Ralph Heath, 37, of Sherman, for assistance.

Heath traced the trail used by the two widows and once exchanged calls with Mrs. Ivusic Monday but could not locate her. He set out again Tuesday morning just before a heavy snowstorm hit the mountain

Women Attend Abilene Meet

Fourteen Big Spring women attended the Diocesan Convention of Catholic Women, held Tuesday and Wednesday at the Windsor Hotel in Abilene.

Father Francis Beazley, pastor of Immaculate Heart of Mary Church here, said the meeting also was attended by Catholic women from Midland, Odessa and San Angelo.

Headquarters of the Diocese is in San Angelo. The local women who attended are parishioners of the three Catholic churches in Big Spring.

Workman Will Lead Discussion

David Workman, Stanton, manager of the Western Production Credit Association, will lead a discussion at the 52-county area meeting of managers and directors in Del Rio today and Friday.

Workman, together with George Clark, Odessa, one of his directors, will lead the panel on director-management relationship.

MEN IN SERVICE

Airman 2C Charles E. Harris Jr., of Buena Park, Calif., is being reassigned to March AFB, Calif., following his graduation from the Air Force technical training course for aircraft engine mechanics at Sheppard AFB. Airman Harris studied the operation and maintenance of reciprocating aircraft

engines and related systems.

The airman entered the Air Force in October, 1959. His wife, Mary, is the daughter of Mr. and Mrs. W. L. Burns, 1526 E. 17th, Big Spring.

Airman 1C Nollie A. Wilson, Big Spring, has graduated from the Noncommissioned Officer Preparatory School at Randolph AFB. He received the academic award in his class for attaining the top scholastic achievement.

He was trained in the duties and responsibilities of Air Force noncommissioned officers. The course included study in organization, management, leadership, military justice, security and human relations. Airman Wilson is a physiological training specialist with the 3510th USAF Hospital.

The airman, son of Mr. and Mrs. Silas Wilson, 2500 Seminole, Big Spring, is a graduate of Big Spring Senior High School. He is married to the former Wilma R. Williamson, 1608 Bluebird.

Army 1st Sgt. Travis W. Shults, son of Elmer L. Shults, Big Spring, re-enlisted for three years in the Regular Army, Oct. 11, while serving with the 483rd Preventive Medicine Unit near Stuttgart, Germany.

Shults, first sergeant of the unit, entered the Army in 1942, was last stationed at Fort Bliss, Tex., and arrived overseas on this tour of duty in October, 1962. He is the son of Mrs. Lydia E. Shults, Golden Eagle Nursing Home, Brownwood, and is a graduate of May High School. His wife, Jean, is with him in Germany.

Capt. Edgar L. Hawkins, La Mesa, is participating in Exercise Big Lift, the joint Department of Defense demonstration of U.S. capability for rapid massive reinforcement of NATO forces in Europe. Capt. Hawkins, an Air Force pilot, is a member of a Composite Air Strike Force of 116 Tactical Air Command aircraft deployed to France and Germany. Combat air and ground forces for the exercise are being provided as elements of the U.S. Strike Command.

The captain, who received a B.S. degree from Texas Technological College, is the son of Mr. and Mrs. W. E. Hawkins, 309 N. 15th, Lamesa.

News now... these elegant ribbon knits in fully-lined dresses. Designed with a charming simplicity, easy to accessorize. Acetate and rayon blend in black or red.

Right: Shallow scoop neck, banded waistline. Sizes 14 to 20, 25.98.

Hempill-Wells

South Carolina Farmer Charged With Slavery

COLUMBIA, S.C. (AP)—An indictment charging a white Florence County farmer with holding a Negro worker in slavery and peonage was returned by a federal grand jury Wednesday.

The two-count indictment, charging the arrest of McKenzie with

the intent of placing the Negro in a condition of peonage. Convictions under the charges provide penalties of a \$5,000 fine or five years imprisonment, or both.

Aged Man Dies

DALLAS (AP)—Hatton Hall, believed between 110 and 114 years old, died Wednesday of burns suffered in a fire at his home the day before.

Apple Salad

For this recipe use 2 red apples, 1/2 cup French dressing, 2 pounds of small scallops cooked, 1 cup diced cucumber, 1 cup sliced celery, 1 cup mayonnaise, salt and lemon juice to taste and salad greens. Core apples, sliced thin, do not peel. Drop into French dressing. Slice scallops, combine with cucumber and celery. Add to apples and French dressing; toss lightly to mix; chill several hours. Add mayonnaise, salt and lemon juice; toss again. Serve on salad greens with additional French dressing or mayonnaise. Makes 8 servings.

Apples Make Good Eating Year 'Round

One of the all time favorite fruits is the apple. You'll find ample supplies of apples in food stores the year around.

Apples are grown commercially in 44 of the 50 states. Each variety of apple is meant for some particular use: baking, salads, sauce, pies or eating out of hand.

The food section this week features apple recipes.

CHEESY DUTCH APPLE CAKE

- 2 cups sifted flour
- 1/2 cup sugar
- 1 tablespoon baking powder
- 1 teaspoon salt
- 1/4 cup (1/2 stick) butter
- 1 1/2 cups shredded Cheddar cheese
- 1 egg, beaten
- 3/4 cup milk
- 2 medium-size apples

GLAZE:

- 3/4 cup sugar
- 1/2 teaspoon cinnamon
- 1/4 cup (1/2 stick) butter
- 1 tablespoon lemon juice

Preheat oven to 375 degrees F. Sift together flour, sugar, baking powder and salt; cut in butter until it resembles coarse meal. Add Cheddar cheese and toss lightly to blend with dry ingredients. Combine egg and milk; add to dry ingredients and stir only until blended. Spread evenly in pan. Pare, quarter and core apples; cut in 1/4-inch slices. Press apple slices diagonally into dough with rounded edges up, about 1/2-inch apart into buttered square or deep round pan, 9 inches. Bake 35 minutes. Meanwhile, prepare glaze. In a saucepan, blend together sugar and cinnamon; add water, butter and lemon juice; bring to boil. Remove from heat and allow to cool slightly. Remove cake from oven; pour glaze over cake loosening edges to let glaze run down between cake and sides of pan. Return to oven; bake 15-20 minutes or until cake is well browned and apples are soft. Serve while warm topped with Lemon-Raisin Sauce, ice cream or cream. Makes 9-12 servings.

LEMON-RAISIN SAUCE

- 1/2 cup sugar
- 1 tablespoon cornstarch
- 1/4 teaspoon cinnamon
- 1 1/2 cup raisins
- 1 teaspoon lemon juice
- 1 tablespoon butter

In a saucepan blend together sugar, cornstarch and cinnamon; add water. Cook over medium heat, stirring constantly, until mixture comes to boil; add raisins and simmer 2-3 minutes. Remove from heat; add lemon juice and butter; stir until butter is dissolved. Cool.

AUTUMN'S GOLD SALAD

- Salad mold, 6-7 cup
- 1 package (3 oz.) lemon-flavored gelatin
- 1 cup boiling water
- 1/2 cup dairy sour cream
- 1/4 teaspoon dry mustard
- 2 tablespoons lemon juice
- 1 tablespoon grated onion
- 1/4 teaspoon salt
- 1 1/2 cups shredded Cheddar cheese
- 2 cups diced, unpared Red (or Golden) Delicious apples
- 1/2 cup chopped green pepper
- 1 cup whipping cream, whipped
- Salad greens
- Apples
- Lemon juice

In a bowl combine lemon-flavored gelatin and boiling water; stir until gelatin is dissolved. Add sour cream, mustard, lemon juice, onion and salt; beat with rotary beater until smooth. Chill until jelly-like in consistency. Fold in Cheddar cheese, apples and green pepper; then fold in whipped cream. Spoon into mold which has been rinsed with cold water; chill until firm. Unmold on salad greens; garnish with unpared apple slices which have been dipped in lemon juice to prevent browning.

If using a tall mold, additional gelatin will be needed. Soften 1 teaspoon gelatin in 2 tablespoons cold water. Add with boiling water to lemon-flavored gelatin; stir until all gelatin is dissolved. Makes 8 to 10 servings.

WENATCHEE APPLE BRAID

- 3 Newtown apples, peeled, cored and quartered
- 1/4 cup water
- 1/2 cup finely cut dried apricots
- 6 tablespoons broken walnut meats
- 2 tablespoons brown sugar, firmly packed
- 1 tablespoon melted butter
- 2 teaspoons shredded lemon peel
- 1 teaspoon cinnamon
- Pastry for 2-crust pie

Cook apples in water until mushy. Drain and measure to 1 cup of sauce.

Mix together applesauce, apricots, nuts, sugar, melted butter, lemon peel and cinnamon. Prepare pastry; substituting 1 of 2 tbsps. lemon juice for water, if desired. Roll out pastry to 14"x8" rectangle. Spoon apple mixture down center of pastry. With scissors, cut pastry 2 1/2 inches from both sides at 1-inch intervals. Alternating left and right, fold strips across top of filling. Moisten strips to secure at overlap point. Slip onto cookie sheet, and bake in moderately hot oven (425 degrees F.) about 35 minutes, or until pastry is done and golden brown. Sprinkle with combined sugar and cinnamon, or drizzle with a light glaze, if desired.

QUICKEST APPLE COFFEE CAKE
Canned biscuits entwined with apples

Capture Apple Flavor In Quick Coffee Cake

Capturing fresh apple flavor is a pleasure indeed when it's accomplished by our morn-to-night apple recipes. The Quickest Apple Coffee Cake is easier-than-pie to make, would be a treat for breakfast or the neighborhood kaffeeklatch. No pastry-making is involved here, because prepared refrigerated biscuits are entwined with tasty apple crescents.

Fresh Apple Dumplings a traditional family favorite, go to dinner or into lunch boxes with equal facility. These could also be served with a white-cup of whipped cream or ice cream. Our third recipe is European in origin—Apple Kuegen. Using a yeast dough, layered with slim apple slices, this versatile cake will stay moist and flavorful for several days.

QUICKEST APPLE COFFEE CAKE

- 1/2 cup chopped nutmeats
- 2 tart red apples
- 2 cans refrigerator biscuits
- 1/3 cup butter or margarine, melted
- 2-3 cup sugar
- 2 1/2 tps. cinnamon

Grease a 9-inch round cake pan and sprinkle with half of the nuts. Wash apples, quarter and core, and slice each unpared quarter into five thin wedges. Dip biscuits into melted butter, coat on all sides with mixture of sugar and cinnamon.

Overlap biscuits in pan 1/2 inch around edge, rest in center with apple slice tucked between, peeling side toward bottom of pan. Sprinkle with remaining nuts. Bake at 375 degrees F. for 25-30 minutes. Loosen from pan, invert over serving dish. Let stand a few minutes before removing pan. Makes about 10 servings.

FRESH APPLE DUMPLING

- 1/4 cups sugar
- 2 cups water
- 1/2 tsp. cinnamon
- 1/2 cup butter or fortified margarine
- 6 apples
- 1/4 cup chopped raisins
- 1/4 cup chopped walnuts
- 1 tbs. honey
- 2 cups enriched flour
- 1 tsp. salt
- 2-3 cup shortening
- 1-3 cup light cream or top milk

Combine sugar, water and cinnamon. Cook 5 minutes; add butter. Set aside. Pare and core apples. Fill with mixture of raisins, nuts and honey. To make pastry: Sift flour and salt into mixing bowl, cut in shortening; add cream a tablespoon at a time. Mix and press together. Roll 1/4 inch thick Cut into squares.

Place an apple in each pastry square, sprinkle with additional sugar and spices; then dot with butter, fold corners and pinch edges. Place in greased baking pan. Pour over sauce. Bake in moderately hot oven, 375 degrees F., 35 minutes.

QUICK APPLE COBBLER

- 2 cups canned apple sauce
- 1/2 cup seedless raisins
- 1/2 cup light brown sugar
- 1/2 cup chopped walnuts
- 1/2 tsp. cinnamon
- 1/4 tsp. nutmeg
- 1 cup biscuit mix
- 1/2 cup sugar
- 1/4 cup butter

Combine apple sauce, raisins, brown sugar, walnuts, cinnamon and nutmeg. Pour into 9" pie pan. Combine biscuit mix and sugar; cut in butter. Sprinkle evenly over apple sauce mixture. Bake in hot oven, 400 degrees F. for 25 to 30 minutes. Makes 4-5 servings.

SWEDISH BAKED APPLES

- 1 cup hot water
- 1 1/2 cups brown sugar

6-8 medium apples, pared and cored

- 1 egg yolk
- 2 tbsps. cream
- 6-7 graham crackers, crushed

Combine hot water and 3/4 cup brown sugar and boil to a syrup. Dip and roll each apple in the beaten egg yolk, which has been mixed together with the cream, then roll in the crushed graham cracker crumbs. Place in buttered baking dish and pour the brown sugar syrup around the apples. Fill apples with remaining 3/4 cup brown sugar.

Bake uncovered in a 350 degrees F. oven for 1 hour, or until done. (Covering apples with foil the last 15 minutes to keep from over-browning may be necessary).

Apple Muffins

To make apple muffins, use 1 cup sifted enriched flour, 1/2 teaspoon salt, 2 teaspoons baking powder, 1 teaspoon apple pie spice, 3/4 cup instant or regular whole wheat cereal, 1/4 cup brown sugar, firmly packed, 1 cup grated raw apple (about 2 1/2 medium apples) 1 egg, 1/2 cup milk, 3 tablespoons salad oil or melted shortening, and 1 teaspoon granulated sugar. Heat oven to hot 400 degrees F. Butter muffin tins. Sift together flour, salt, baking powder and spice. Mix in cereal and sugar. Sprinkle apples with a few tablespoons flour mixture. Beat together egg, milk and salad oil. Add to dry ingredients all at once. Stir until part of flour is moistened. Add apples. Stir until most of flour is moistened. Fill muffin tins two-thirds full. Sprinkle tops with sugar. Bake 20 minutes or until golden brown. Makes 12 medium muffins or 24 small muffins. The muffins may be refrigerated overnight before baking. They may also be frozen after baking. To thaw, heat in foil wrapper in hot oven 400 degrees F. 20 to 25 minutes or until hot.

Daltons Grow Apples In Backyard Orchard

By JO BRIGHT

Mr. and Mrs. Nathan Dalton live with their 16-year-old son, Jerry, at 2405 Main St. Dalton has a green thumb in the garden and his wife a light touch in the kitchen, so between them they produce some good fruit and preserves.

"When the blackberries are ripe, I spend a lot of time in that patch," said Mrs. Dalton, "or the birds beat me to the berries."

This year, there was an abundant crop of apricots and a good one of plums and grapes, but the entire yield of three cherry trees could be held in one hand.

"My father died when I was young, and I cared for my mother so I have always known how to cook," said Mrs. Dalton. "I was working, too, so I learned to cook things quickly. Why, I can cook biscuits as quickly as I can make toast."

The Daltons have hot biscuits every morning—and corn bread almost daily. She shops only once a month, storing many purchases in their 20 1/2 ft. freezer. They buy half a beef at a time and have it processed. Here are some of the recipes Mrs. Dalton used in serving the fruit from this year's apple crop.

APPLE CASSEROLE

- 8 sliced apples
 - 1 cup sugar
 - 1/4 tsp. cinnamon
 - 1/4 tsp. nutmeg
- Mix together and place in buttered casserole dish. Then crumble following ingredients and sprinkle over top of mixture in casserole.

TOPPING

- 1/2 cup margarine
 - 1 cup brown sugar
 - 1 cup flour
 - 1/2 cup nuts
- Bake at 325 degrees for 45 minutes.

APPLESAUCE CAKE

- 2 cups sugar
- 3/4 cup shortening
- 4 eggs, beaten individually
- 4 cups flour, sifted
- 1 box dates (8 oz.) cut in small pieces, floured

MRS. NATHAN DALTON

- 2 tps. cinnamon
- 2 tps. allspice
- 2 tps. cloves
- 3 cups applesauce (8 oz. pkg. dried apples makes 3 cups)
- 4 level tps. baking soda, dissolved in applesauce
- 1 tsp. vanilla
- 1 1/2 cups pecans, chopped

Cream sugar, shortening. Add eggs one at a time. Add spices and applesauce. Add floured dates. Beat well. Add flour, nuts and vanilla. Bake in loaf pans about one hour and 15 minutes at 400 degrees. Makes 5 pounds.

APPLE PIE

- CRUST:
 - 2 cups flour
 - 1 cup shortening
 - 1 tsp. salt
 - 1/2 cup very cold water
- FILLING:
 - 3 cups apples
 - 1 cup sugar
 - 1/4 cup brown sugar

- 3 tps. flour
 - 1/2 tsp. cinnamon
 - 5 parts butter or margarine
- Mix lightly and put in pie tin. Dot with butter. Put on top crust. Slit top crust with small gashes with sharp knife. Brush with pastry brush dipped in cream. Bake 25 to 30 minutes in a 425 degree oven.

APPLE RING FRITTERS

- 4 medium apples
- 1 tsp. lemon juice
- 1 tsp. powdered sugar
- 1 cup flour
- 1 1/2 tps. baking powder
- 1/4 cup sugar
- Pinch salt
- 1 egg, beaten
- 1-3 cup milk
- 1 tbs. shortening

Pare and core apples and cut in 1/2-inch thick rings. Sprinkle apple slices with lemon juice and powdered sugar. Let stand while making batter.

Mix flour, baking powder, sugar, salt in mixing bowl. Add beaten egg, milk and shortening and beat until smooth. Dip apple rings in batter and fry in deep fat (375 degrees) until brown. Drain on paper.

Early Autumn Brings Ripe Fruit Harvest

Autumn brings a bountiful harvest of choice crimson and golden apples. The Red Delicious apples are tall, broad-shouldered and taper to five prominent knobs or points at the blossom end. These apples have rich red skins and are sweet-flavored and smooth-grained — favorites for eating and salads.

First of the harvest is the Jonathan, known as the Halloween apple. These apples are tart with bright red skins stripped with darker red. They are good for salads, pies, cooking or just eating.

WHAT'S FOR DINNER MRS. SKINNER?

Your choice of two quick-to-fix spicy good dishes. Grand eating for family suppers or party fare.

CHILI-NOODLE TWIST

Cook a 10-oz. package of SKINNER Noodles while you slowly simmer one can (1½ to 2 cups) of your favorite brand of chili. Drain noodles and pour chili generously over top. Serves 4 to 6.

CHILI-MAC

Cook two cups of Skinner Elbow Macaroni as directed on package. Heat one can (1½ to 2 cups) of your favorite chili. Pour chili over cooked macaroni. Serves 4.

AND make sure the dish is "right" by starting with Skinner Macaroni or Skinner Pure Egg Noodles. They're made with 100% amber durum wheat... a special wheat grown in a special area... to make the finest and best tasting macaroni and noodles.

SKINNER MACARONI with the  of quality

MOLASSES TAFFY SPICED APPLES

Serve Spiced Apples With Whipped Cream

This recipe calls for three-clove and ginger, 6 tablespoons fourths cup unsulphured molasses, 7 to 8 large apples, three-fourths cup sugar, and whipped cream. In a 10-inch three-fourths cup water, ½ tea-sketil combine molasses, sugar, syrup and serve with whipped cream. Makes 6 servings.

Fresh Apples Called For In This Cake

Apple-Graham Cake calls for fresh apples in the batter. and simmer 15 minutes. Serve hot or cold as meat accompani-ment. (Keeps well on pantry shelf or in refrigerator.)

APPLE-GRAHAM CAKE

3 large apples, pared
3 tbsps. butter
1-3 cup sugar
2 cups graham cracker crumbs, crushed fine
2½ tps. baking powder
¼ tsp. salt
½ cup milk
1 tsp. vanilla
2 eggs, separated
2 tps. melted butter
3 tps. sugar
½ tsp. cinnamon
1 cup whipping cream
Cream butter and sugar, add egg yolks and beat thoroughly. Combine graham cracker crumbs, baking powder and salt; add alternately with milk and vanilla to other mixture, stirring until well blended. Beat egg whites until stiff and fold into cake mixture. Pour half of cake mixture into well-buttered glass baking dish and cover with a layer of sliced apple. Pour remainder of mixture over apples. Arrange balance of sliced apples on top of cake and cover with melted butter. Mix together sugar and cinnamon and sprinkle over apple slices. Bake at 350 degrees F. for 45 minutes.

CHUTNEY

1 can (20-ozs.) apple slices
¼ cup raisins
¼ cup unsulphured molasses
½ cup vinegar
½ tsp. salt
1 tsp. ginger
1 tsp. dry mustard
1 tsp. curry powder
Combine all ingredients in saucepan. Bring to a boil, stirring occasionally. Reduce heat

Billy Graham Approves Houston Stadium Crusade

HOUSTON (AP)—Billy Graham has accepted an invitation to conduct a "crusade for Christ" in the new Harris County domed stadium.

But the crusade, originally scheduled for November of 1964, apparently will be delayed.

"It will probably be in 1965 because the sound system may not be ready for November, 1964," Graham said.

The stadium itself is due to be completed by mid-October next year.

A spokesman for Graham said the acoustical system was the key to the problem.

The invitation for Graham to hold an area-wide crusade was read by the Rev. George Reck, pastor of Zion Lutheran Church and president of the Association of Churches of Greater Houston.

Graham and a party of clergy and lay people toured the stadium construction site today after a breakfast at which he accepted the invitation.

In his talk to the 375 ministers, Graham's theme was a challenge.

"We need today to return to conscience-preaching... simple, authoritative," he said.

"All over the world it seems that people are searching... Men are the same the world over—in great spiritual need."

Town's Name Up For Election

LEVITTOWN, N.J. (AP)—They vote on a touchy subject here Tuesday—the name of the town.

Shall it remain the third Levittown in the nation, or revert to its original name of Willingboro, which dates back to 1688?

The campaign has been fought in the courts, on the streets and in the Levittown Life, a weekly newspaper.

The editor of the paper, Stanley Goldstein, 39, said the movement to restore the name to Willingboro started about a

year ago as people became dissatisfied with being another Levittown.

They complained that their mail sometimes went to Levittown, N.Y., or Levittown, Pa., finally reaching them a week later.

74 Drowned

JAKARTA, Indonesia (AP)—Huge waves sank the motor launch Lematang in the Java Sea off South Sumatra Oct. 10 and 74 persons drowned, the Antara news agency said today.

It reported five crew members were rescued by a passing vessel, after drifting for 10 days without food or water, but one of them died aboard ship.

Texans Buy 12 Surplus Buffaloes From Refuge

LAWTON, Okla. (AP)—Texans have bought 12 surplus live buffalo from the nation's largest wild herd at the Wichita Mountains wildlife refuge near here.

The animals, among 50 being disposed of, must be kept for breeding. They are 18 months old, weigh 400 to 500 pounds and cost \$160 each.

The Frank Buck Memorial Zoo at Gainesville will receive two as gifts.

Paying customers were the

O. J. McCullough Tool Co. of Houston, six buffaloes, and Percy L. Cook of Mansfield, four.

Julian Howard, manager of the wildlife refuge, said older animals aren't sold alive because they are too wild and difficult to manage.

He said the government received requests from 41 states and the District of Columbia for a total of 130 live buffaloes. Since only 50 could be shipped

live, bidders were picked by drawing numbers from a hat. The government regularly disposes of surplus animals to keep the herd at 1,000. Late next month 80 buffaloes will be butchered.

Attack Kills Wife

BUFFALO, N.Y. (AP)—Mrs. Annabelle Dill, 61, was killed this week when her husband, Edward, 61, apparently suffered a fatal heart attack at the wheel of their automobile, causing it to swerve into three other cars at an intersection.

DEAR ABBY

Car Pool Swamped

DEAR ABBY: Three other mothers and I are in a car pool. My problem is not with them. It's with a mother who is not in our car pool. This mother has never asked if her children could ride with us. She just sends them over every morning with instructions to get in the car. We have four children in our car without her two, and it is very crowded. This mother has a car sitting in her driveway all day. Am I wrong to resent the nervousness of this woman? How can I put a stop to it without getting a bad name with all the neighbors?

CROWDED

DEAR CROWDED: With a car in her driveway, and lacking the manners to ask if her children may ride with you, this woman should be asked not to send her children over for a ride because the car is filled to capacity without them.

DEAR ABBY: I was painting my house on the outside and my neighbor's cat (she is one of those mushy types) got paint smeared all over herself. It wasn't my fault. Now this neighbor thinks I put paint on her cat intentionally, but I didn't. Should I apologize, or shouldn't she have taught her cat not to bother people when they're painting?

GEORGE

DEAR GEORGE: PEOPLE can't resist bothering people when they're painting, so don't expect more from an animal. Curiosity has killed many a cat. Your neighbor was lucky. Hers was only decorated for bravery. Apologize.

DEAR ABBY: I am engaged (ring and all) to a girl for whom I care so much it hurts. We have fought bitterly about one matter, but I finally gave in because it meant so much to her. She was engaged before, but returned the diamond. However, she did not return a gold charm bracelet he gave her. It is loaded down with charms from HIM. Each has sentimental significance—the anniversary of their first date, his gold football even a small calendar with a tiny ruby marking their "wedding date." She wears this bracelet constantly and claims it means nothing to her. She says she tried to give it back to him, but he refused it. Am I wrong to resent it? BUGGED

DEAR BUGGED: No. She is either cold and unfeeling, or very cruel. Take a long, hard look at this woman. In my opinion she has too much jewelry at the moment to appreciate a wedding ring.

CONFIDENTIAL TO ROG: The difference between a prejudice and a conviction is that you can explain a conviction without getting mad.

Mayor Vetoes Pigeon Shoot

NILES, Mich. (AP)—Niles' downtown pigeon population won't face a firing squad—it's been given a reprieve by Mayor Mowatt S. Drew.

A businessman had proposed lining up 125 marksmen on a Sunday morning, mostly along downtown rooftops, for a one-hour pigeon shoot.

Drew rejected the plan as too dangerous.

Safeway Presents:

"THE PRICE IS RIGHT"

THE BRIGHTEST, NEWEST FUN GAME OF THE YEAR—

3 WAYS TO WIN

1. WIN \$100.00

At home, run the card under your faucet. Under one of the black areas will appear ONE of the words.

THE PRICE IS RIGHT—

When you have collected cards with all four words—"THE" "PRICE" "IS" "RIGHT"—bring them to Safeway for your \$100.00 CASH PRIZE. Don't forget each card can be a JACKPOT WINNER.

2. WIN MERCHANDISE

If the card you have is a merchandise winner, the item will appear below the TV Big Winner Number.

This could be any ONE of the following:

- 1-lb. Can Edwards Coffee
- 2-lb. Package Safeway Beans
- 10-Lb. Bag of Sugar
- 1/2-Gal. Curtin Lacerne Ice Cream
- 2-12-Oz. Cans Bel-air Orange Juice
- Beef Steak (limited to a retail price of \$2.50)

3. WIN A TV BONUS PRIZE

Each card you receive from Safeway contains a "TV Big Winner Number." It will be revealed when the black area beneath is washed away.

Keep all cards you collect, and check each week with the night time "The Price Is Right" show on ABC Television Wednesday evening.

Any and all cards can be played against any "TV Big Winner Number." If you have a number that matches exactly the amount won by the show's big TV winner—which will be announced by Bill Cullen at the end of the program, bring the card to Safeway and you may win up to \$500.00 CASH.

Big Jackpot Board, Located in Each Safeway Store

Save all "The Price Is Right" cards and play each week for the duration of the game. Winning number will be posted each week at Safeway, in case you miss the TV show.

BIG WINNERS IN "THE PRICE IS RIGHT"

When it draws near to witching time of night, tricks. Full moon brings peak of noise, restlessness. Arians still able to benefit during day. In the evening hours the moon goes into Taurus, so get set for practical matters to be important in the next two days. Taureans should be listening to other people, but not necessarily believing all they hear, or following the advice being so freely given at this time. Some selfish motive can be suspected, or confusing unrealistic ideas of their own may give them trouble. They need to do some straight thinking in the next two weeks. Leo's can make action taken at home base recently work out through discussion and going over details. Aquarians need to discuss details of career with those in authority; watch out for confusion or misdirection at the end of next week. Full moon tomorrow; bring all pending matters to a peak of accomplishment. **HAPPY BIRTHDAY, SCORPIO!** You have some excel-

lent prospects coming up so should make good progress. Immediate concern is to get your ideas over to others; after next spring you can count on cordial cooperation from others for a full year. Martial relationships or partnerships will be favored then. There are still some problems in domestic surroundings and affairs, especially next February. In the summer months turn to old ties for solid support, as opposed to new and somewhat erratic or powerful friends. Curb temptation to spend in next two weeks, and be ready for some sudden surprise in financial matters next week.

Pack Inducts 10 Members

Ten new members were inducted into Pack 137 during a meeting held Tuesday at the Washington Elementary School. The honor banner was won by Webeles, who opened the program and assisted with skits. Den 4 also assisted with skits. A preview of next month's program was presented by Den 5. Inducted into the Pack were Brent Burrow, Steve Jones, Dug Ballard, Jason Campbell, John

ny Tom, Don Weeks, Ronald Alderton, Leslie McMullen, Guy Prather and Gary Cantrell. Numerous awards were also presented at the meeting. Receiving Thanks Badges were former Den Mothers Mrs. A. G. Goodson and Mrs. Buddy Travis. Mrs. Doyle Hale was given the Den Mother's Trailing Award. Boys awarded badges and awards were Mike Carroll, Gary Bradley, Jimmy Davidson, Tommy Welch, Jerry Wilson, Mike Johnson, Mark Reaves, John Weeks, Mike Goodson, Jeff Wickline, Danny Porter, Keith Gunn, Ricky Simpson, Mike McGrath, Donny Shanks, Fain Sherrill and Danny Ballard.

Flow Of Gold Slowing Down

NEW YORK (AP)—The flow of American investment dollars abroad, especially to the Common Market, is slowing down. Once hailed as a good thing both for the American and European economies, such spending of late has become a worry to those seeking to cut U.S. deficits in world dealings. Washington reports that threats of new taxes are holding down sales of foreign securities to Americans keeping such hot money at home and trimming the loss of U.S. dollars and gold.

The big rush of U.S. corporations to build plants overseas appears to have tired. And a larger proportion of such expansion is being financed abroad rather than with additional Yankee dollars.

VENTURES
The auto industry seems to have completed most of its European ventures. The chief remaining increase in spending there now is by U.S. chemical firms. The total of U.S. manufacturing expansion in Western Europe this year is a bit below last year, and American firms tell the U.S. Department of Commerce that next year's spending will be down still more. Part of the slowdown in American business spending in the Common Market may be due to increased opposition there to what they fear will be American domination of their industries. But part of the lag may be due to the signs that the big growth in the European economy in recent years is peaking out, too.

16 PER CENT
Most interesting to Washington monetary officials is that this year the worldwide investments of U.S. manufacturing, petroleum and mining companies is calling for only 16 per cent additional funds financed from U.S. sources. The rest of the cost is being borne by earnings and funds generated abroad by previous U.S. investments there. This is important just now because the United States is trying to trim the flow of dollars abroad and to raise the influx of funds from abroad. It has been running a deficit for so many years now that the big piles of dollars held by foreigners threaten U.S. gold reserves and could, if the situation should worsen, cast doubts on the value of the dollar.

STILL SIZEABLE
While the buildup in American investments overseas still seems to be slowing now, it is still a sizeable figure—an estimated \$4.9 billion this year, compared with \$3.7 billion in 1959. If money generated overseas pays the major share of that expenditure, and if other earnings abroad flow back to the United States, American investments could be a minor worry for Washington officials seeking to hold down the net outflow of dollars. The major problems would be the outlays for foreign economic and military aid and for maintenance of U.S. military forces abroad, plus the danger of any sudden rush of short-term money to more lucrative markets.

Living Costs Holding Firm

WASHINGTON (AP)—The cost of living remained unchanged in September with fluctuating prices of selected items balancing off the Labor Department said today. Food prices fell six-tenths of one per cent from August. Transportation costs also eased, largely because of gasoline price wars in the Midwest and season-end lower prices for new cars of the 1963 models. On the other hand, clothing prices were up slightly and there was a 1.9-per cent increase in the cost of such services as auto insurance, medical services, home repairs, laundry and dry cleaning. The department's price index remained for the second straight month at 107.1. This means that selected items which cost \$10 in the 1957-59 base period now cost \$10.71. In detailing the food price drop the department's Bureau of Labor Statistics said largely seasonable lower prices of fresh fruits and vegetables more than offset a seasonal egg price increase.

Atlantic Hunt For Tug Ended

PORTSMOUTH, Va. (AP)—After nine days of fruitless search in the Atlantic for the missing tug Meltowax, the Coast Guard has ended its hunt. The tug disappeared between New York and Charleston, S.C. She was last heard from Oct. 20 when she radiocast her position as 50 miles off Norfolk, Va., sailing southward to the area where hurricane Ginny was born off the Carolina coast. The 105-foot Meltowax carried a crew of four.
