DIEM OUT?

Coup Hits Viet Nam

TOKYO (AP) — A military revolt erupted in Saigon today against President Ngo Dinh Diem and there was an unconfirmed report that he has been ousted.

A high U.S. military source in Tokyo said he had heard — but could not evaluate — a story that Diem was deposed and his adviser-brother, Ngo Dinh Nhu, killed by dissident South Vietnamese.

Heavy fighting was reported around Diem's yellow stucco palace. Marines in battle dress surrounded the national police headquarters in Saigon and took over outlying police stations, apparently without resistance.

The fighting erupted at Saigon's luncheon and siesta hour.

Planes Draw Fire

A half dozen high-flying U.S. officials in Washington called it a coup of "real proportions" that appeared to be moving fairly far, though there still was no way of knowing whether it would be successful.

A qualified source said top military figures, though not necessarily all of them, headed the rebel movement.

Most communications from Saigon to the outside world were cut off.

Lodge Meets With Diem

U.S. Ambassador Henry Cabot Lodge, representing a war ally of South Viet Nam critical of Diem's strong-arm actions against Buddhist and student opposition leaders, saw Diem shortly before the shooting started.

Lodge originally had planned to leave Saigon Thursday for consultations in Washington. He disclosed Wednesday he was postponing his departure until Saturday.

Accompanying the ambassador to the presidential palace for the talk with Diem was Adm. Harry D. Felt, commander of U.S. Pacific forces, who was returning from a meeting of the Southeast Asia Treaty Organization at Bangkok, Thailand.

Marines Lead Rebellion

Exactly how the U.S.-backed armed forces were split was not immediately apparent, but South Korea's embassy reported to Seoul that members of the 7th Marine Division and some army troops touched off the uprising.

The Korean report said marines, in addition to occupying the national police headquarters, took over the government radio station, navy headquarters and the international telegraph office.

Diem's ambassador-designate in Washington, Do Vang Ly, expressed deep concern at reports of the revolt. He said the fighting, coming on top of government reverses afield in the past few days, might give the Communist guerrillas opportunity to build themselves up again in South Viet Nam.

Ly's predecessor, former Ambassador Tran Van Choung, declared in Boston the reports "came as no surprise to me."

"I have known for a long time of the deep discontent of the whole population of Viet Nam," Choung said.

The former ambassador, a Confucianist, is the father of Mrs. Ngo Dinh Nhu, Diem's sister-in-law and Viet Nam's First Lady. She now is in Los Angeles at the windup of a tour of the United States to explain the government's position in the political-religious crisis.

There was no immediate comment from her.

Roaring Explosion, Flames Kill 62 During Ice Show

385 Injured In Indianapolis

INDIANAPOLIS (AP) — A gas explosion hurled flames and concrete slabs as large as pianos through a crowd watching an ice show finale Thursday night, killing 62 and injuring 385.

It was the second explosion disaster in the United States within a few hours. Seven died and 25 were injured in a similar explosion which shattered a drug store in Marietta, Ga., Thursday night.

More than nine hours after the 11 p.m. (EST) Indianapolis blast, authorities from miles around Indianapolis sorted the dead and dying.

The Red Cross, coroner's office and Civil Defense agreed on the 62 dead figure after thorough checks of the six hospitals, three improvised morgues and numerous funeral homes where bodies were taken.

The injured number 385, of which 176 remained hospitalized — many in critical condition. Many victims were charred by the leaping gouts of flame, or crushed under tumbling structural concrete slabs which mushroomed from the explosion.

Injured Consoled

A woman pinned under a section of concrete bleachers is consoled by an unidentified man, himself injured, following an explosion that ripped through the Indiana State Fairgrounds coliseum late Thursday night. Sixty-two persons were killed. (AP Wirephoto)

Await Identification

Blast Like Thunderclap, Says Skater

INDIANAPOLIS (AP) — "It was a roar like 20,000—oh, God! 20,000,000—thunderclaps," said Joan Berggren, 21, Imperial, Sask., end skater on the line in the Holiday on Ice Revue.

Miss Berggren was waiting in line at General Hospital early today to give blood for the injured in an explosion that killed scores during the ice show at the Indiana State Fairgrounds Coliseum Thursday night.

HEARD ROAR

"We were on the opposite side of the ice and just heard a roar," she said. "I knew it was raining and thought lightning had hit the building. I thought of an earthquake also."

"I heard the roar and looked up and then ran for the curtains, because I thought the ceiling was falling. Then I looked back and saw the debris and bodies all over the ice. It was horrible."

Jack Ladue, 35, Plattsburg, N.Y., one of the stars of the show, also was waiting at the hospital to give blood. He said he was in the wings waiting to take his final bow, when the explosion occurred.

NO PANIC

"I don't think I've said the Lord's Prayer as many times in the last two years as I did tonight," Ladue said. "It's a fantastic thing there was such a lack of panic. People had enough sense to just walk to the exits."

"Most of them just stood there dumbfounded with a look on their face that said, 'It can't happen here but it does.'"

PINNED

"Some poor little girl was pinned and eight or nine of us tried to get this piece of concrete 10 to 12 feet long off of her, but she was just—Ladue shrugged and tears came to his eyes—she was dead."

Ladue said, "The orchestra kept playing for a good 10 minutes—I say 10 minutes—it could have been only 3 or 4."

He said the show was only 3 minutes from its end and had started 12 to 15 minutes late.

Fighting Erupts Anew In Sahara

RABAT, Morocco (AP)—King Hassan II said Algerian forces attacked the Moroccan town of Figuig in mass today and he has ordered his troops to withdraw.

At a news conference at the royal palace, the somber king announced Morocco would not fight back.

He said his government will abide by a pledge made Wednesday in Mali to cease hostilities and seek a negotiated solution to the frontier problem with Algeria. A cease-fire in the frontier war is scheduled to begin at midnight tonight.

The king said there were dead and wounded in the Algerian attack.

Figuig, a town of about 8,000 inhabitants, is several miles inside Moroccan territory in northeastern Morocco. The defined and agreed-upon part of the Moroccan-Algerian frontier ends south of Figuig.

IN DISPUTE

The king said he has informed the U.N. secretary-general, the International Red Cross and the Organization of African Unity about the attack. Bitterly, he stressed that Figuig at no time figured in the dispute over the border.

"It is unthinkable that new fratricidal fighting should take place in an area which has never been contested," he said.

He has ordered the Moroccan garrison at Figuig, consisting of one company, to pull back a kilometer (6 miles), Hassan said.

He added that Algerian troops controlled the ridges around Figuig, and were pounding the town with artillery and mortars.

UF Slows To Crawl

After a fair response Thursday, the United Fund came almost to a complete standstill today.

Jack Y. Smith, campaign chairman, reported virtually no receipts at campaign headquarters, leaving the total just short of \$84,000.

There are several hundred unreported cards, but at this rate, Smith pointed out, failure of workers and donors can mean only one thing — failure to approach the goal. He pleaded for immediate response.

Leslie Barr Fatally Hurt

Leslie W. Barr, 46, pumper for the Colorado River Municipal Water District and a long time resident of Howard County, died about noon today of injuries received in a two-vehicle collision on the Snyder highway at 8:50 a.m. Funeral is pending at Nalley-Pickle Funeral Home.

Mr. Barr was a passenger in a pickup truck driven by his son, David Wyndell Barr. The son was treated for a bruised knee and released. Driver of the second vehicle involved, a large tractor-trailer, was Joseph Rush Haynes, 62, 2210 Nolan. He was not injured.

Investigating officers said the accident occurred as Haynes was traveling north on SH 350 and in the process of making a left turn into the State Highway Department maintenance yard with a load of sand, at the north city limits. The pickup was traveling south on the highway when the collision occurred.

Mr. Barr was a resident of Vincent and had been a CRMWD pumper at Lake Thomas since Jan. 1, 1956.

Survivors include the widow, Mrs. Maureen Barr, Vincent; two sons, Grady Barr, USAF, and David Barr, Vincent; one daughter, Mrs. Nelda Thomas, Big Spring; his mother, Mrs. L. M. Barr, Clyde; his grandmother, Mrs. W. P. Barr, Clyde; three sisters, Mrs. J. Glynne and Mrs. Faye Smith, both of Stanton, and Mrs. Norma Bearden, Clyde; three brothers, Jack Barr, Brownfield, Vernie Barr, and James Barr, both of Vincent. There are five grandchildren.

Victim Pulled From Debris

A victim is carried from the rubble by rescue workers following an explosion that wrecked the coliseum at Indianapolis Thursday night. Seats and concrete collapsed on top of spectators watching the last act of Holiday on Ice. (AP Wirephoto)

Drug Store Blast Kills 7 Celebrants

MARIETTA, Ga. (AP) — A night to clear debris in a search for other possible victims. The front portion of the two-story concrete structure threatened to collapse, hampering rescue operations.

Seven persons were killed and 23 injured, 8 seriously.

The State Crime Laboratory director, Dr. Herman Jones, and other experts at the scene theorized today that a natural gas leak in the basement set off the devastating explosion. Jones took air samples and other specimens in an effort to establish the cause.

Firemen and civil defense workers worked through the

blasted area for several hours. The corner drug store was demolished and windows were broken in stores next door and store to buy Terry a Halloween mask. Mrs. Carter and two other children, Danny, 10, and Bobby, 5, were outside the store and suffered cuts from flying glass.

The other victims included Mrs. Ralph Fowler, mother of Bob Fowler, executive editor of the Marietta Journal; Mrs. Betty Joe Carlisle, 24, a store cashier; S. A. White, an oil distributor; Mrs. Ofelia Scott and Mrs. Marie Harfield.

All the dead were found inside the building. Twenty-five persons were admitted to a hospital with injuries. Most were treated and later released, but eight were listed in serious condition.

Among the dead were Joe Ben Carter, 33, and his son, Terry, 7. They had entered the store to buy Terry a Halloween

First Frost Due Today

The season's first frost and light freeze may hit Big Spring tonight, if the weather forecast holds true.

Clear and colder weather is on the program for tonight, with temperatures dipping to 30 to 35 degrees. A northeasterly wind of from 10-15 miles per hour today is supposed to diminish tonight.

A warming trend is expected Saturday with clear to partly cloudy skies. Football fans are warned to take some extra wraps to the games over this area tonight.

The record low for Nov. 1 was set in 1912 when the temperature dropped to 29 degrees. Low for the 24 hours ending at 8 a.m. today, at the U.S. Experiment Station, was 41 degrees.

DISTRICT WARFARE HEADS CHOICE FOOTBALL ACTION

Football buffs who were tricked by the Halloween spooks last night are in for a treat tonight. Conference warfare flames are all over the area.

Herald teams will be on hand at six of the games this evening and Saturday to report the action and bring back pictorial evidence of the excellence of play.

Here's the way the men will be assigned:

Midland at Big Spring — Tommy Hart, game story, Keith McMillin, photography.

McCamey at Stanton — Joe Mosby, game report; Lee Bernard, photography.

Rotan at Coahoma — Joe Beyer, game story; Danny Valdes, photography.

Imperial at Garden City — Buck Sitton, game story; M. A. Webb, photography.

Sands at New Home — Pat Washburn, game story.

Midland Lee B at Big Spring (Saturday) Pat Washburn, game story; Lee Bernard, photography.

Our Heritage Is Important

The Herald is offering a series of items which should be of interest to every household—and which should be in the hands of every young person.

This is the series of American Historical Documents that literally denote our nation's great heritage.

These documents are on antiquated parchment which will last, and is suitable for framing if desired.

The Declaration of Independence is now available, at only 26¢. Others will be offered on subsequent weeks. Come by The Herald office and see these exciting documents. You'll want a complete set. Incidentally, there's nothing finer you could give a young person as a Christmas present!

Trapped Mine Trio Hauled To Surface

BROISTEDT, Germany (AP)—Three men trapped for more than a week in a flooded iron mine were brought to the surface today.

The miners — Gerhard Hansch, 43; Emil Pohl, 34, and Fritz Leder, 36 — were hauled up in a bomb-shaped rescue capsule from a gallery 259 feet underground.

A mine foreman, Paul Syska, went down the rescue shaft with the capsule, helped the trio into the little compartment and followed them back up.

IN SHAFT

The rescue was accomplished through a shaft drilled after contact was made with the men Sunday. The shaft broke through into the gallery early today.

A medical specialist, Dr. Horst Hartmann, and three mine officials waited for the men in a decompression chamber at the head of the rescue shaft. The miners were to be kept there for three hours while the air pressure around them was brought down to that of the atmosphere outside.

The men were trapped in a dead-end mine gallery the size of a four-room apartment on Oct. 24 when a nearby dam broke and flooded the mine. The waters compressed the air in the gallery, and the air in

turn kept back the water. Eighty-six other miners escaped when the water came pouring in. Forty others are missing and believed drowned.

Dr. Hartmann reported the condition of the rescued miners was so good it could scarcely be believed they had been underground for more than seven days.

The rescue capsule moved smoothly, bringing up one miner at a time, at three-minute intervals. Syska came up last.

The men went straight into the decompression chamber clamped over the top of the shaft.

FALSE ALARM

The engineer in charge of the boring, Winfrid Berghoef, said only once during their long ordeal did the three men become excited. That was when

there was a false alarm that the level of the water in the mine was rising.

Berghoef said the most critical period of the whole operation was early today when the last 63 feet of shaft were being bored.

He said there was a danger of the drill striking a fault in the earth and opening a fissure that would let the air out of the gallery.

After clearing the decompression chamber, the miners were to go to a nearby hospital for a quick medical checkup before the reunion with their families.

Except for the air pressure factor, the painstaking rescue drama enacted on a wheat field near here was similar to one played out near Hazleton, Pa., last August when two miners were lifted to the surface after being trapped 14 days.

Bronc Rider Suspended In Major Rodeo Scandal

DENVER—Professional rodeo Wednesday disclosed the first major scandal in its competitive history.

The board of directors of the Rodeo Cowboys Association said they had suspended Paul Mayo, 21, leading contender for 1963's bareback bronc riding championship, on a charge of manipulating drawing of mounts.

Mayo, from Grinnell, Iowa, and R. C. (Judge) Tolbirt, 25, Columbus, a rodeo secretary, were involved in a hearing before the board, and were suspended indefinitely from the cowboy association. They were fined \$500 each. Mayo's name was stricken from the championship title standings as well.

Riding judges Don Feddersen and George Martin said they discovered Tolbirt cheating, favoring Mayo during official drawing of bucking stock for the Memphis, Tenn., rodeo in mid-September. RCA officials then

placed Tolbirt and Mayo under bond pending formal hearing before the full board of directors at its regular fall meeting Monday at the San Francisco Cow Palace.

Tolbirt admitted his part, the board reported. He said Mayo instigated the plot to provide the Iowa cowboy with the best bucking horses at rodeos where he, Tolbirt, was employed as arena secretary.

Mexico Nearing Goal For Cotton

MEXICO CITY (AP)—Mexico expects to reach its production goal of three million bales of cotton a year soon, perhaps within a year or two.

Minister of Agriculture and Livestock Julian Rodriguez Adame said this week that all the

factors necessary to reach the goal currently exist.

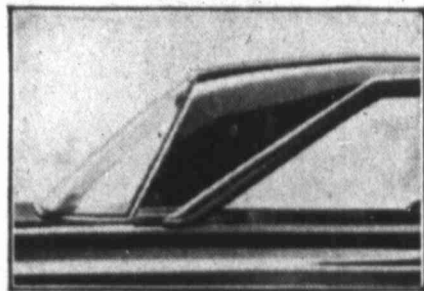

He said seed has been improved, fertilizers made more plentiful and progress made in the fight against cotton plagues.

In spite of this bright outlook however, he said this year's crop will be only about two million bales, a decrease of about 378,000 bales in comparison with last year.

He attributed the de-

crease largely to excessive rains in two prime producing areas — Matamoros, in Tamaulipas state, and Delicias, in Chihuahua state.

Snow Spotted At Muleshoe

Texas noted its first snow of the season Friday—a few flakes mixed with rain at Muleshoe near the New Mexico line—and freezing temperatures covered a small portion of the Panhandle.

Lowest temperature of the night was recorded at Dalhart with 30 degrees. It was the only point reported by the Weather Bureau as having freezing weather.

The temperature at Muleshoe reached 2 degrees above freezing as the snow fell.

The leading edge of the cold front moved rapidly through Texas and into the Gulf of Mexico. Temperatures ranged as low as the 30s as far south as a Lufkin-Del Rio line.

FREEZE WARNED

Freeze warnings went up for Northwest Texas and eastward along the Red River to Lake Texoma for Saturday morning.

Patches of light rain mixed with a few thunderstorms dotted a sector 100 to 150 miles behind the weather front, disappearing as it advanced.

Skies cleared in the Panhandle, where the cool air started arriving Thursday, and temperatures dropped.

ICY GLAZE

The mercury sagged to 30 degrees by 5:30 a.m. at Dalhart. Heavy fog coated patches of roadway and windshields of parked cars with an icy glaze in the Dalhart area.

With the front already past, the temperature reached a high of only 36 Thursday at Dalhart, a sharp contrast downstate. San Angelo, Presidio and Cotulla shared an 89-degree mark — the warmest in the nation.

No immediate warming was in prospect. The Weather Bureau predicted it would freeze again Friday night over most of Northwest Texas and freezing temperatures would spread into parts of North Central Texas.

Skies were due to clear throughout the state's northern half by Saturday while clouds thickened a bit more over southern sections.

 Pass Pass Pass

Opening lead: Jack of ♠
 Many problems of dummy play can be greatly simplified if declarer is patient enough to employ the "question and answer" routine. South's setback in his vulnerable four spade contract reveals a lack of planning that may occasionally afflict even the more experienced campaigner.

West opened the Jack of diamonds which South won in his hand. Declarer ruffed out the deuce of diamonds and proceeds to draw trumps in three rounds. The heart suit appeared to offer the best prospect for developing a 10th trick, so South led the Jack of hearts next. When West played low,

declarer was confronted with a guess. He finally decided to let the Jack ride in the hope that West had the Queen. East, however, turned up with that card and, after he returned a heart to his partner's ace, a club shift by West netted two more tricks in that suit.

While declarer was somewhat unlucky to suffer a setback on the deal, he could have virtually eliminated the guesswork, had he merely been willing to do a little inventory taking. South requires only one additional trick to supplement the nine winners he has available in spades and diamonds. He can afford to test both the clubs and hearts, therefore, but, since the club suit can be played in only one way, it is suggested that he turn his attentions in that direction first.

It is suggested that, after drawing trump, declarer lead a club from his hand and put up the King when West plays low. East will win two club tricks and then attempt to cash a third. South ruffs in his hand as West shows out. East is known at this point to have started with a five-card club suit headed by the A-Q-J-10. If he had the ace of hearts as well, he would surely have opened the bidding in third position. Therefore, when declarer leads the Jack of hearts, if West plays low, the King can be put up from dummy with complete confidence that it will hold the trick.

Three Brothers Jailed By Fourth

BRIGHTON, Colo. (AP)—A drama of three brothers arrested by a fourth played its latest act in District Court here.

Francis and Peter Hoffman, 20-year-old twins, were placed on probation for burglarizing an automobile repair shop. Last month, their brother, Virgil, 27, was sentenced to two to three years for the same burglary.

The three were arrested last March 9 by policeman Gilbert R. Hoffman, 29.

"They were my kin," the oldest brother said today. "But I knew what had to be done and I did it."

Not Even Stamp Can Halt Mail

OLYMPIA, Wash. (AP)—Neither snow, nor sleet, nor the lack of a stamp stops the U.S. mail.

Gov. Albert D. Rosellini's office said this week he'd received a letter with a nickel taped in place of a stamp. It had been run through the post office cancelling machine.

The Bible Alone?

Is the Bible enough? Are the churches of Christ unjustified in affirming a "Bible only" position? Can one not learn all he needs to understand by simply studying for himself his own copy of the Scriptures? Must the Bible be supplemented with the "Living Voice of the Church" or the "Creeds of the Councils"? Many think so.

One thing is certain: The Bible can be understood without any reference to the commentaries of men upon its teachings! It can make the man of God "complete" in every Christian duty. (II Timothy 3:16-17.) While some parts of the Scriptures are "hard to be understood" yet, none of its truths are impossible to understand!

Furthermore, all truth is revealed in the Scriptures. In them God has given us "all things that pertain to life and godliness" (II Pet. 1:3). Unless one lives in its teachings, he has no life in himself. (John 6:53.)

Christ never said that "the Church" or the "Creeds of Denominationalism" would lead a soul to heaven, but He did say that the Scriptures would lead us to eternal life! (John 20:30-31.)

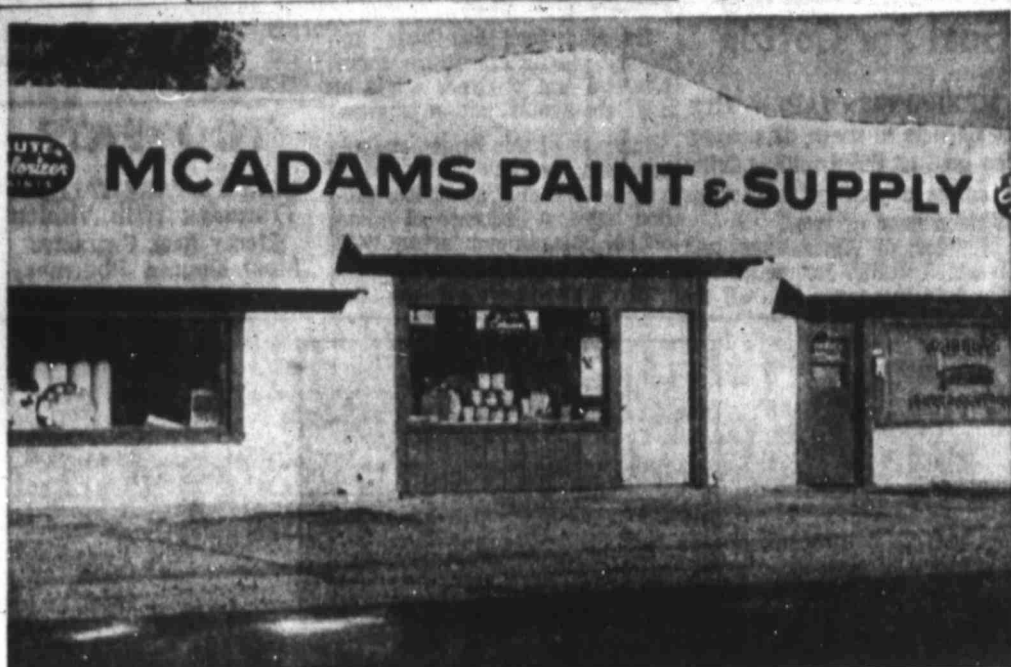

A "Bible alone" position is therefore a Scriptural position and one which deserves careful examination before it is thrown overboard as the product of impractical legalism.

The gospel is God's power to save men of every race, color, and creed! We plead with men to return to the Bible for every faith and practice. This is the safe way! How could it be wrong?

The Northside church of Christ (601 N. Rannels) invites you to visit with them. A Bible Church for a Bewildered Age!

NEW PAINT AND SUPPLY STORE
McAdams opens for business today

McAdams Open New Paint And Supply Store Today

The McAdams Paint and Supply Store, 2207 Scurry, opened its doors for business for the first time today, with an official grand opening set for tomorrow.

The grand opening, which will feature special door prizes, will continue for two weeks, during which time customers of the store will have a chance to register for eight prizes to be given away in a drawing Nov. 15.

The prizes include 12 yards of inlaid linoleum, a decorative screen door, a 9x12 foot rug, an electric drill, a set of outside shutters, \$50 of cabinet work,

five gallons of paint and two cartons of vinyl tile.

The store will be open six days a week from 7:30 a.m. until 5:30 p.m. It will handle paint, floor coverings, carpeting, shutters, formica, ceramic tile, and wallpaper.

"We can handle anything for the home from the smallest order to the largest job," Bob McAdams, co-owner, said Thursday.

The business, run by Tom McAdams and his two sons, is an extension to the cabinet trade which they have been in since 1948. With the addition of the paint business, making cabi-

nets will become only a small part of their work.

Most of the present work is divided between building contractors and outside individual jobs. The firm has a payroll of about \$3,200 each month. It has eight employees.

In the next couple of years, the McAdams plan to expand to a new location on Farm Market Road 700, where they will be able to have a larger paint and cabinet shop.

Until today's opening, they have specialized in the making custom cabinets, store fixtures and the installation of cabinets.

Mexico Wants Citizen's Trial

MEXICO CITY (AP)—The Supreme Court has sided with a lower court in ruling that a Mexican charged in Texas with a 1954 slaying should be tried in Mexico.

The court ruled this week in the case of Alfredo Cervantes Martinez, accused in the fatal shooting of Jacob S. Floyd Jr. at Alice, Tex.

Extradition of Cervantes, sought by U. S. authorities, was denied by a lower court.

Mexico holds it retains the right to try its citizens no matter where a crime occurred. The Supreme Court agreed with the lower court that Texas authorities should send evidence in the case to Mexico so that Cervantes could be tried.

Appeal Goes Out For Texas Family Hit By Major Illness

DALLAS (AP)—An appeal for help has gone out for a luckless Plainview family of 16—divided between a son in poor condition and hemorrhaging because of leukemia at one hospital, and a daughter under treatment for rheumatoid arthritis at another hospital.

Ex-Mayor Dies
HASKELL, Tex. (AP)—Courtney Hunt, 83, twice mayor of Haskell and a member of the legislature in 1939, died here after a four-month illness.

Twenty-five Dallas area Marines responded with donations of blood at the Wadley Research Institute and Blood Bank for Jose Nunez, 11. Doctors said he may need more before the hemorrhaging can be checked. He's at Baylor Hospital.

Across the city at Scottish Rite Hospital for Crippled Children, Alacia Nunez, 14, is receiving treatment for her arthritic condition. Both young patients are being

treated without charge by the hospitals.

Doctors said the boy's case was diagnosed as leukemia in June but he was dismissed when the disease went into remission. He entered Baylor Monday when

Ross Renamed
AUSTIN (AP)—Gov. John Connally renamed Jack Ross, chairman of the pardons board, as state parole compact administrator for Texas today.

symptoms indicated a relapse.

His sister first went to Scottish Rite Hospital in 1957 and has been re-admitted "on and off" since, a hospital official said. For her current stay, she was admitted Oct. 2.

With the children in Dallas are the parents and an older brother.

A spokesman for the Greater Dallas Leukemia Chapter, Inc., helping with the case, said the father is unable to work because of illness.

LAMAR'S RESTAURANT FORMAL OPENING
New restaurant located at US 87 North and Andrews Highway

Open House Saturday For Lamar's Restaurant

Lamar's Restaurant, Big Spring's newest, will hold formal opening Saturday at its new location at the intersection of US 87 North and Andrews Highway. The new restaurant, owned and operated by Joyce and Lamar Green, will be open from 6 a.m. to 11 p.m. seven days each week.

The new restaurant is large enough to seat 112 persons without adding chairs or tables, and can handle more if needed. The dining area has three sections, one of which can be closed with sliding doors for private parties or civic meetings. There are 14 booths seating four persons each, seven tables seating four,

three tables for six, and 10 chairs at the lunch counter.

The interior is finished in birch paneling throughout, and the floor is tile in 12-inch motled squares. There is a spacious lobby with two rest rooms. The building is cooled with refrigerated air conditioning in the summer, and heated through the same ducts in the winter from a central heating system.

The kitchen equipment is stainless steel, as is the bar at the lunch counter.

"We will serve general restaurant lunches and evening meals," Green said. "We will also have a \$1 lunch for those in a hurry. The others will be varied. The menu will also show steaks, salads, chicken, Mexican dishes, appetizers, sandwiches, sea foods, a la carte, pies, regular breakfasts, and drinks."

Green said the building was constructed by a local contractor, J. D. Jones, and that 99 percent of all labor and materials were by local concerns.

"We tried Big Spring First, and it worked," he said.

Mr. and Mrs. Green are long-time residents of Big Spring and have two sons and a daughter in the schools. They live on Oil Mill Road in the former Mabry home.

LETTERS TO THE EDITOR

School Grounds, Poll Tax Draw Comments

To the Editor:
I wonder how many of us have noticed the rough, rocky condition of the Runnels school grounds? Obviously the students have concern as they are trying to sell magazine subscriptions to raise funds for improvement of this condition. I think the children have a legitimate complaint. What about tax money for this purpose? If it's not available, could it be allocated for this? We spend tax money to beautify the center of a street, to keep a City Park and to grow grass on some school grounds, but not on all of them. Spending tax money for the aforementioned is all right but I feel improvement of the Runnels grounds is all right, too. If no tax money is available, then let's help the children to help improve the situation.

BYRON SMITH JR.
2404 Alabama

To the Editor:
Please give your readers more international news. We are starving for information about other countries and relationships between them and us.

Thank you for the interest you show in giving us background for headline stories such as those you were printing concerning Viet Nam. Keep it up.

Sincerely,
GAIL M. SEWARD
408 E. 8th

To the Editor:
I sincerely hope the people of Howard County vote Nov. 9 to abolish the poll tax as a requirement for voting. The privilege of voting should not have a price tag of any kind on it. Because literate persons of voting age have no money is not sufficient reason to deny them a voice in the government under which they live.

There is another reason why we should vote now to abolish this discriminating law. This

has to do with confusion if the anti-poll tax amendment is adopted by only two other states before the 1964 elections. Two qualifications for voting then might prevail.

The matter is stated in the Nov. 30 Abilene Reporter News: "One will have to pay the usual poll tax to be qualified to vote in local, county and state elections. He then will have to obtain a second registration in order to vote in 1964 presidential, senatorial and congressional elections. An elector who has only the latter will not be able to vote in local, county and state elections. Through misunderstanding, qualified electors could disfranchise themselves by failing to obtain the necessary receipts. Election judges would have tremendous difficulty in holding elections. Two poll lists would have to be available at the polls. Two sets of ballots would have to be available for each election. Two sets of bal-

lot boxes would be required. Two sets of ballots would have to be counted, and two sets of election returns prepared. . . . So if we vote to repeal the poll tax Nov. 9 we not only vote to give participation to all citizens, but we can also save ourselves from confusion, duplication in the voting machinery, and save taxpayers a considerable sum of money. Let's vote out the poll tax.

Kiwanians Elect New Officer Slate

The Rev. V. Ward Jackson will be Kiwanis Club president in 1964, succeeding S. A. Walker, currently holding the office. Jackson was elected at the annual election Thursday noon. A report of the nominating committee in which Jackson was nominated for the presidency was unanimously approved.

Other officers elected are: Bob Travis, first vice president; Clyde Hollingsworth, second vice president; Bill Johnson, secretary-treasurer; Jack Alexander, Ed Corson, Roscoe Newell and Jim Thompson, directors.

The new officers are to be inducted into office Dec. 13. Lt. Gov. Del Barber will be installing officer at the Cosden Country Club.

Announcement was made Thursday noon for the Kiwanis Club first annual chili supper. This event, to which tickets are soon to be on sale, will be Nov. 30 from 5 to 8 p.m. at the Student Union Building of Howard County Junior College. Bob Travis is general chairman. He announced that food assembly and preparation committee chairman would be Delaine Crawford; serving committee chairman, J. C. Pickle; adver-

tising, Bob Bradbury; Jay Banks, bus boy committee chairman, and Ewing Verleth, ticket sales committee chairman.

Program for Thursday featured a film tracing the development of the Air Force from earliest days to the present. The film was introduced by Lt. David Hodson, of the Webb AFB information office. It was made up of clips from old news reels, showing all types of airplanes which have appeared since 1913.

The film was issued in connection with the Sept. 15 anniversary of the USAF, its 16th birthday.

Reds Claim U2 Downed

TOKYO (AP) — Communist China said today the Chinese air force shot down a U.S.-made U2 high-altitude reconnaissance plane that intruded over the Hua Tung near Shanghai.

Peking Radio, in a broadcast monitored in Tokyo, said the plane belonged to the Nationalist Chinese and added that the U2 was on a "harrasing mission."

It gave no other details. The Communists claimed in September 1962 they shot down a Nationalist Chinese U2 plane over East China. The United States later acknowledged that it had sold two U2 planes to the Nationalists.

The U.S. government then took the position that operation of the high-flying reconnaissance aircraft was strictly a Nationalist Chinese affair.

Last December, North Korea charged an American U2 had flown over its territory.

The Communists made a big propaganda issue of the U2 after Francis Gary Powers' American U2 crashed deep inside the Soviet Union May 1, 1960. The United States said it suspended U2 flights over Soviet territory after the Powers incident.

A&M Enrolls 13 Howard Students

COLLEGE STATION — Thirteen Texas A&M University students are listed as residents of Howard County, a newly-released report of Registrar H. L. Heaton indicates.

Among the more than 8,100 Texas Aggies enrolled for the Fall Semester are residents of 244 counties of Texas, 44 other states plus the District of Columbia and 48 countries around the world. There are a record 358 foreign students enrolled.

The registrar's report lists the following students from Howard County: Jerry Mack Bumgarner, Donald Patrick Dorsey, Wesley H. Honeycutt, Morrisette W. Horne, Karl J. Miller, Coy Lee Mitchell, Lawrence York Moore, Jack R. Roden, John R. Schwarzenbach, George Lacy South, Thomas Robert South, George Edward Whitaker and George Gilbert White.

Featuring the Finest Sea Foods and American Foods
Accommodations for Clubs and Civic Organizations

At the Intersection of IS 20 and Highway 87
North of Big Spring

A Devotional For The Day

Thou wilt light my candle: the Lord my God will enlighten my darkness. (Psalms 18:28.)
PRAYER: O Lord, be with us and give us courage to go where we should go this day. When night falls, may we have the assurance that we have done Thy bidding. Through Christ, our Lord. Amen.

(From The 'Upper Room')

How About Backing The Boys?

Will fans rally behind the Big Spring football team this Friday and in succeeding weeks?
The exciting brand of play in early season games stirred a lot of enthusiasm, but a defeat at Odessa and a ragged game last week made it appear that the fans were a lot flatter than the team. After all, the fans had nothing but a stiff wind to cope with, while the boys had that plus big, rugged opponents who were scrapping for their only real hope of a victory this season.

This evening when Midland comes to town the Steers will be facing a team many had picked to win the district. The visitors have a fine ball club, make no mistake, but so do we. Besides, our lads have shown a disposition to fight like a wounded wolverine in the clutch. This has resulted in some colorful and exciting football in the past, and it will this Friday.

Everyone loves to win, but we don't want to have a reputation of being a bunch of fair-weather fans. We urge you to salute a bunch of young men who take a lot of hard knocks to do their best.

Disclosure Is Proper

The Senate, through its investigating committee, is now having a look at the extracurricular activities of Bobby Baker, former secretary to the Senate majority. Baker quit several months ago when the propriety of his participation in certain business ventures was questioned.

Despite the columnists, who are always hinging at a new cause celebre, those close to the scene are doubtful that the Baker case will yield a major mountain. This is not particularly because of his former connections with the majority, but more because it effects the Establishment. Both sides of the aisle, while they may be partisan, tend to bear equal allegiance to the Senate as an exclusive institution.

Speculation that a beautiful foreign woman would be injected into the case added spice, but preliminary reports from West Germany, where the lady reportedly had gone back to the beet fields for a time, didn't exactly enhance this romantic angle. So far there has been a lot of name dropping but little concrete tie-in.

Nonetheless, the activities of Baker deserve close scrutiny and disclosure. It may or may not be established clearly that pressure was applied to jockey him into curious business enterprises, but interests in business ventures ought to be capable of establishment. The public is entitled to know the extent and type of business in which its executive, legislative and judicial members are involved. The public judgment might have a sobering effect on activities.

Marquis Childs Bitterness In Mississippi

NATCHEZ, Miss.—In this old town that venerates its ante-bellum shrines the sense of fierce resistance to the tide of change is perhaps stronger than anywhere else in beleaguered Mississippi.

In Philadelphia, Chicago, Washington and Richmond, Va.

SO THE SCALAWAGS must be buried and the one-party system preserved. When the legislature meets in January, he promises, we will see that this never happens again. He explained later that laws would be passed requiring fixed party registration so that those choosing to be Republicans would not be permitted to vote in the Democratic primary and would, therefore, have little influence in the state.

Trying to put over the Republican case in Mississippi, says Johnson, are these slick writers brought in from Texas. They are the same slick writers dealing in mass psychology who put Sen. John Tower and Rep. Bruce Alger over on innocent Democrats in Texas. And, what is more, the four-color Phillips posters—on 1,800 billboards—came from Fort Worth.

THAT DRAMA of a year ago was for Mississippians a deliberate provocation by the Kennedy administration. It was an act designed to subjugate a sovereign state and by military force alter its ancient ways. The blood passions of a hundred years ago are boiling.

There are those from Chicago who say their museums have more places to park chewing gum than any we have here. And there are the high-class ladies from San Francisco who complain they get their tennis shoes dirty riding in the subway.

THE HATRED of the Kennedys is a pervasive force. This reporter was told by one who has stood up to the ruling passion that in his opinion the safety of the President and his brother, the attorney general, could not be guaranteed if they came into the state. This would not be due to any laxity or indifference on the part of the authorities but because fanatical hatred is so deeply rooted. And, moreover, you hear disquieting reports of how widespread is the distribution of arms that can be readily purchased.

IF THE NEGRO can be kept an isolated minority, in large part disfranchised and in any event politically impotent, he cannot expect to begin to achieve equality of economic opportunity. In a state seeking to attract Northern industry with the inducement of low wages this may be a vital factor. But the struggle has deeper roots in ancient habits that confirm the white man's belief in his innate superiority.

AS HE SPEAKS from an improvised stand at home plate in the Natchez ball park to a crowd of perhaps 800 the reasons for the violent opposition to the first Republican bid in nearly a century are clear. This says Johnson, means divide and rule by the Negro minority.

THE first commandment is a plea to put first things first—not just a meaningless exhortation for men to worship God unreasonably. It is God's desire that men live full-orbed lives. A love for God, and reverence for His law is a sure foundation for a well-ordered life. The making of graven images, and the worship of false gods are signs of spiritual deterioration. But bear in mind that "graven images" can be anything, however good, that we put above God the Creator. It can be your job, your pastime, a secret sin, or a devastating habit. When God is put in His rightful place, the rest of life falls into harmony. If He is shoved into a remote corner, life will lack luster, drive and purpose. But if He is put first, then the "all things" that Jesus promised will be given unto us.

His political arithmetic is: Mississippi is 58 per cent white, 42 per cent Negro. If you divide the 58 then the minority will swing the balance. And he cites the consequences of this

THAT MAN'S BACK IN TOWN

James Marlow Air Of Simple Directness Aids Barry

WASHINGTON (AP) — Sen. Barry Goldwater is unique among presidential possibilities of recent times. He gives an impression of simple directness without theatrics.

So far Goldwater, deliberately or not, has managed to keep those natural traits of a politician inconspicuous. He may not be able to do it permanently as he steps up his efforts for the Republican presidential nomination.

This, in addition to whatever appeal his ideas may have, probably accounts to a great degree for his popularity in the public opinion polls. Singly or together the hallmarks of most candidates since President Franklin D. Roosevelt have been a sense of drama and often of almost

fierce conviction, a permanent smile and camera-consciousness. ROOSEVELT spoke like a father sure of his family. Former Vice President Richard Nixon and New York's Gov. Nelson A. Rockefeller give an impression of seeking approval. Kennedy, on the other hand, while he can manage to look relaxed when he wants to, uses such self-conscious and manufactured phrasing in his prepared talks that it often gets between him and his listeners.

Hal Boyle Gotham Knocked By Many

NEW YORK (AP)—"How do you live here, nice as it is to visit?" inquired the cozy critic. "Believe me, this place is for the birds — and I do mean pigeons. People no longer have a status here."

Well, she was a pretty girl and I supposed she meant what she said. BUT—OH, dullness! — How out of everywhere can you be? There are several kinds of people who knock New York.

There are the butter and egg men who arrive with a fist waving green and say they won't take any chicken feathers from anybody. There are those from Chicago who say their museums have more places to park chewing gum than any we have here. And there are the high-class ladies from San Francisco who complain they get their tennis shoes dirty riding in the subway.

One who becomes accustomed to the faster tempo of this city is never quite the same again. There are calmer spirits, who say that "the New York pace" is a device for getting attention rather than distance. BUT THAT isn't so. There is a pace of possibility here — an electric sense of anything can happen, a gift of hope, a quest of unreasonable demand, a faith that you will soon meet Aladdin and he will rub his lamp and all you longed for will come true. That's what makes happiness for many here—living on bread crumbs while forestaging cake. Excitement is a nutrition in New York.

Excitement is a nutrition in New York. HE HAS been running hard—without formally admitting it—but just because this is so he has been able to pick his spots and pace himself: a dinner here, a rally there.

For Goldwater this kind of political luxury is coming to an end. He'll be under pressure, mental and physical, when he goes into the state primaries: handshaking by the thousands, speech after speech to scrutinizing crowds, and always having to be concerned about his opponent.

Excitement is a nutrition in New York. HE HAS been running hard—without formally admitting it—but just because this is so he has been able to pick his spots and pace himself: a dinner here, a rally there.

For Goldwater this kind of political luxury is coming to an end. He'll be under pressure, mental and physical, when he goes into the state primaries: handshaking by the thousands, speech after speech to scrutinizing crowds, and always having to be concerned about his opponent.

To Your Good Health Pleurisy Inflammation Of Membrane

By JOSEPH G. MOLNER, M.D.
Dear Dr. Molner: Please discuss pleurisy. My 17-year-old daughter had it twice recently, but was relieved with medication.

Dear Dr. Molner: In what way is mineral oil harmful, besides destroying Vitamin A? I have a lot of trouble with constipation and the oil seems to help me more than anything else.—MRS. M. F.

She is planning to go away to school next year. Would this be wise? I am concerned.—MRS. W. E. H.

There's no harm, other than in preventing the absorption of some vitamins. I don't like to see anyone get into a laxative habit, but for occasional use mineral oil is all right.

The pleura is the membrane which lines the inside of the chest wall and, thus, the outside of the lungs.

Are you bothered with ringing in the ears? If so, write to Dr. Molner in care of The Herald for the booklet, "Ear Noises—Their Causes and Cures," enclosing with your request 10 cents in coin and a long, self-addressed, stamped envelope.

When this membrane becomes inflamed, we call it pleurisy or pleuritis. Since the lungs are constantly moving, sufferers of pleurisy sometimes wish they didn't have to breathe, because it can feel like a bushel of gravel in the chest. There often is a cough—and you can guess how that feels. Fluid may accumulate in the pleural space, the cavity between chest wall and lungs, and sometimes needs to be drawn off through a hollow needle, but that isn't as bad as it may sound. In fact, it provides a good deal of relief as well as fluid for diagnosis.

Dr. Molner welcomes all reader mail, but regrets that due to the tremendous volume received daily, he is unable to answer individual letters. Readers' questions are incorporated in his column whenever possible.

Of course, one may have a slight attack of pleurisy and not suffer too much. It can also

be brief, and a combination of medications for comfort and to suppress the inflammation makes this a far less difficult ailment than it was in the days when we couldn't really do much of anything except nurse the patient and wait for Nature to achieve a cure.

Around The Rim Why Not Renovate And Use Amphitheatre?

Every now and then some community organization goes on a binge to get more cultural activities for Big Spring. Sometimes they are successful, as when the Little Theatre and the Foreign Film Club were revived, but generally the efforts fall on deaf ears and after a while the campaign sputters to an end.

might be used for certain types of performances, but none were built for theatrics.

ONE OF THE problems is, of course, a lack of facilities. More important, however, is the failure to see those which are already in existence.

THE EVENTS which could be staged there are only limited by lack of imagination. It would offer a front-row seat to about 800 persons for a theatre production. More rooms for dressing and props could be added by altering the stage area. This work would also make every part of the stage visible from any seat in the house. Theatre performances could range from regular plays to special productions for any seasonal event, such as Easter, Christmas, Thanksgiving pageants.

A GOOD EXAMPLE of this falling stands like a sore thumb in City Park. This is the amphitheatre, which is now used sparingly as the site for an annual barbecue, an Easter Sunrise Worship service and perhaps a few times more each year.

Renovation could also include provisions for an audio system which would permit every spectator to hear words whispered on the stage.

CONSTRUCTED by the WPA from 1936-1938, the sturdy structure remains essentially as it was built. Time and vandals have taken their toll, but with a minimum of renovation, it could still be a useful site for many open-air events. With a capacity of more than 8,000, although admittedly this would be crowding the seating a bit, the amphitheatre remains the only suitable structure which could cater to a really large crowd for a theatre performance. Other areas, such as the rodeo arena or the football stadium,

PARKING AREAS already exist, but sidewalks and steps to the amphitheatre would make the site more desirable. There is adequate space at the rear for refreshment booths.

Although the idea once was prevalent that WPA-constructed projects were not meant to be used, the citizenry need not accept it. We have the amphitheatre, why not do something with it? Otherwise, we might as well tear it and other projects out and put something more useful in their place.

—JOE BEYER

Inez Robb Autumn Beauty In Virginia

WASHINGTON — Cherry-blossom time is the traditional season of pilgrimages to the nation's capital. From all parts of the compass, Americans flock to Washington in the spring to be dazzled by the pink and white trees and their reflection in the tidal basin. And it is a lovely sight.

and women Marines (and breathes there an American with soul so dead he does not take a special pride in the corps?) who are stationed at Quantico, the pride of the post is the United States Marine Corps Memorial Chapel.

BUT I would like to recommend an autumn tour of the capital. Despite the long drought and the summer heat that lingers here, the foliage is spectacular, a brilliant melange of reds, yellows and greens of every shade.

THE CHAPEL, completed six years ago, replaced an old makeshift chapel that had once been the post brig. Like the old chapel, the new one is a working fulfillment of ecumenicity. A memorial to Protestants, Catholics and Jews who have served in the corps since its inception in 1775, it was built for the use by all three.

THE TREES OF autumn envelop the city. They wrap the city in color, forming a vivid background for this capital of white marble, pale stone and gleaming monuments. Unlike many American cities, Washington is a community of many trees and gardens. Today the roses are in full bloom in its gardens and its streets are brilliant with autumn foliage.

The chapel is a pleasant red-brick structure of contemporary colonial architecture on a modified Georgian theme. What really glorifies the chapel is its memorial windows, not of stained but of clear etched and carved glass. These beautiful windows antedate similar windows used in the nave of the great new cathedral of Coventry. The 18 windows of the chapel depict the history of the Marine Corps, including one commemorating the orbital flight of Lt. Col. John H. Glenn Jr., USMC, on Feb. 20, 1962.

Millions of Americans are convinced that the tenth wonder of the world is autumn in New England, with its spectacular foliage. But a drive through the Virginia countryside at the moment is as glorious as any through the Berkshires or the White Mountains.

AT THE BASE of all the other windows there is etched a verse from the Bible. But at the base of what is now known as the "Glenn Window" (which depicts his orbital craft, Friendship VII) are Glenn's own moving words delivered before a joint session of Congress:

DESPITE URBAN sprawl at the beginning of the journey, the drive 30 miles through the Virginia countryside to Quantico, home of the Marine Corps schools, is a joy to the foliage buff. The Marine base itself, which shares the Potomac with the capital, is surely one of the most beautiful military posts in the nation. Its terrain is slightly rolling and heavily wooded.

"As our knowledge of the universe increases may God grant us the wisdom and guidance to use it wisely." Would that more Americans could see this memorial chapel.

Aside from the spit-and-polish men

David Lawrence The Civil Rights Outlook

WASHINGTON — Racial tension is unfortunately not diminishing. News dispatches in the last 24 hours tell a tragic story of inflamed feelings and irresponsible action.

tee. Faced with certain defeat on what was termed an "extreme" measure, the President had intervened personally to get a compromise bill reported out by the committee, and was successful. The saying that "half a loaf is better than none" was, however, disregarded by these Negro leaders, who apparently thought it was better to see the more sweeping bill go down to defeat than to work for one that had a chance of passing.

In Philadelphia, for instance, the Associated Press reports that on Monday 500 Negroes rioted. They broke windows and looted stores. Shattered glass littered the streets. Policemen turned back news photographers for fear their flashbulbs might touch off more outbreaks. The demonstration arose because last Saturday a Negro was shot and killed by a white policeman who said that the Negro lunged at him with a knife while resisting arrest.

NOW, THIS particular demonstration was orderly and, while it attracted many spectators, there were no untoward incidents. The episode, however, emphasizes the tense feeling which is aroused.

IN ST. AUGUSTINE, Fla., according to a United Press International dispatch, white men drove through a Negro neighborhood near that city Monday night, blasting homes and Negro night clubs with rifle and shotgun fire. A live hand grenade was tossed at one night club but it failed to explode. Authorities said two or three cars containing white men were involved.

Whether Congress will pass a "civil rights" bill is difficult to predict now, but there is certain to be a delaying filibuster in the Senate.

These are typical of many disorders that do not always attract national attention. Nearly every day the press associations carry in brief form a list of disturbances due to racial friction.

IF A "CIVIL RIGHTS" bill is enacted, there will be at least a law on the subject instead of vague court orders. The issue then will be clear-cut, and obedience to a law of Congress on the subject of racial discrimination in specific forms will be a plain obligation for the first time, since no statute has ever been passed before covering the same ground. The constitutionality of such a law will, of course, be tested, but the problem should be removed from the realm of street "demonstrations" and left to the orderly processes of law to handle.

THE QUESTION arises as to whether the recent agitation and series of "demonstrations" hasn't produced a racial consciousness that didn't exist before as widely as it does today. Certainly the subject is one that causes grave concern to the police everywhere.

Negro leaders are themselves divided. Although Attorney General Robert F. Kennedy is certainly doing his utmost to diminish racial discrimination and is trying to do it by legislation, he was nevertheless the object of a picketing demonstration Monday night in New York City. The pickets were led by the organization known as the Congress of Racial Equality and included persons from other "civil rights" groups. A spokesman for the demonstrators was quoted by the UPI as having exclaimed: "The Kennedy brothers sold out the American Negro by trying to water down a strong civil rights bill."

THE REFERENCE was to the administration's efforts to get a bill through the House Judiciary Commit-

While presentation ceremonies were in progress, a severe thunderstorm—forecast by Kenny and his staff—struck the area. More than a gallon of water managed to get into the weather bureau offices, so floor mopping was carried on while the ceremonies continued.

MRS. A. D. HENDERSON

Vows Pledged In Afternoon

Miss Betty Jo Paul and Airman 2.C. Arvin Dwight Henderson exchanged wedding vows Wednesday afternoon in the parsonage of Crestview Baptist Church. The Rev. R. B. Murray, pastor, read the nuptial rites.

The bride is the daughter of Mr. and Mrs. Joe Ervin Paul, Old West Highway 80. Mr. and Mrs. Louis Henderson, 4790 Draper Road, Jackson, Mich. are parents of the bridegroom.

Given in marriage by her father, the bride was attired in a three-piece suit of wool knit. A blue and white jacket topped the blue skirt and white blouse with which she wore a white headband and matching accessories. Her corsage was of blue and white carnations.

Attending the bride as maid of honor was her sister, Miss Evelyn Ann Paul. Best man was Airman 2.C. Lou F. Henderson of Jackson, Mich.

Following the ceremony, a reception was held in the home of the bride's parents, who joined the couple in receiving guests. Members of the house party were Miss Lydia Simonek, Miss Madeline Paul and Miss Mildred Paul.

Out-of-town guests were Mr. and Mrs. Lewis Simonek and family of Stanton.

The couple will take a wedding trip to Michigan in May. They will reside in Big Spring until the bridegroom is discharged from service and will then make a home in Michigan.

The bride attended Big Spring Schools. Henderson is a graduate of Vandercook Lake High School in Jackson. He is stationed at Webb Air Force Base.

Edith Head, Paramount's internationally known designer, sets the tempo for a glittering evening in this most provocative dress. It is cut with spare beautiful lines, its all bias top clinging lightly to the figure, its back dipped daringly low and softened by a detachable swing of cowl drapery. The fashion-favored overblouse look is achieved by the front skirt section being attached to a separate underbodice. Tiny waist pleats ease the stender tapered skirt's silhouette. For the most effective results, make this sensational design in a fluid fabric silk, wool or rayon crepe, jersey, satin or velvet. To select your correct size, use Spadea's exclusive ready-to-wear size chart.

Size Bust Waist Hips Length-x
10 34 24 35 16 1/2 in.
12 35 25 36 16 3/4 in.
14 36 1/2 26 1/2 37 1/2 17 in.
16 38 28 39 17 1/2 in.
18 40 30 41 17 1/2 in.

x-From nape of neck to waist
Size 12 requires 2 3/4 yards of 36-inch fabric with nap. To order Pattern No. MG-801, state size, send \$1.00. Add 25 cents for first class mail and special handling. Pattern Books No. 20, 21, 22, 23, 24 and revised Duchess of Windsor are available for 50 cents each or any three for \$1.25 or all six for \$2.50. Add 10 cents for postage on each book.

Address SPADEA, Box 535, G.P.O. Dept. B-5, New York 1, N. Y.

Prairie View Has Election

Officers and chairmen were installed Thursday morning for the Woman's Missionary Union of Prairie View Baptist Church. The candlelight ceremony was conducted by Mrs. J. C. Pickle.

Students Attend Party

Peggy Ann Riherd was hostess Thursday evening at a Halloween party held in the home of her parents, Mr. and Mrs. Carl Riherd, 1604 Kentucky Way. She was assisted by Cindy Smith, Harriett McKinney and Marilyn Wade.

Guests were students in Mrs. Forrest Gambill's seventh grade homeroom at Rannels Junior High School.

The garage of the home was converted into a "horror house" where the youngsters played games and sang songs.

The Halloween theme was carried out in the den with lights glowing in orange pumpkins. An orange cloth decorated with black witches covered the refreshment table where the centerpiece was formed of party favors. Thirty guests called from 7 to 8:30 p.m.

Mother's Prize Offered By BMA

LONDON, England (AP)—The first woman who can prove that she has given birth to a live baby after reaching the age of 53 years, 7 months and 12 days is eligible for \$73.50 prize money.

The British Medical Association is putting up the money. Dr. Harvey Flack, editor of the association, announced the motherhood contest in his publication recently.

NUTRITION IS TOPIC

Pound Rebels of the Take Off Pounds Sensible Club will hear a talk on nutrition and physical fitness Tuesday at 7:30 p.m. in the YMCA Building. Jim Gilbert, physical director at the YMCA, will speak and demonstrate several exercises. Interested persons are invited to attend.

Style Show, Lunch Planned For Families

Mothers, fathers, brothers, sisters, in fact many relatives and friends, members and non-members, will be lunching at the Big Spring Country Club tomorrow when "The Many Looks of Bobbie Brooks" will be modeled by Big Spring's fashionable young women. Sponsored by the club, the show is to be presented by Swartz.

Here for the occasion will be Miss Carmen Hakim of New York, southwestern fashion coordinator and commentator for Bobbie Brooks. Throughout the Southwest she presents and commentates special fashion shows for juniors and young adults.

Tomorrow's show will stress wardrobe coordination, using a handful of carefully chosen items to create outfits for almost any occasion.

Tickets and reservations at the club are available to all who are interested.

MISS CARMEN HAKIM

Taking office were Mrs. Shirley Fryar, president; Mrs. W. C. Fryar, vice president; and Mrs. Philip Stovall, secretary-treasurer. Circle chairmen are Mrs. B. M. Newton and Mrs. Stovall. Others installed were Mrs. Carl Grant, prayer; Mrs. J. W. Rives, mission study and publications; Mrs. D. M. Ray, community missions and enrollment; Mrs. R. C. Thomas, Girls Auxiliary director; Mrs. Grant and Mrs. Newton, GA leaders, and Mrs. Donald Long and Mrs. Shirley Fryar, Sunbeam leaders.

Plans for the year were made at the business session following the installation. Mrs. Rives will conduct a study of the book, "Mandelbaum Gate," Nov. 26.

Mrs. Ray, community missions chairman, announced that some of the church members will conduct services at the Veterans Administration Hospital Saturday evening.

Mrs. Grant, prayer chairman, reported that the Week of Prayer for foreign missions is set for Dec. 9-13. The prayer week for home missions will be March 1-8.

Flower Show Judges To Be Honored

Preceding the flower show, Saturday at the Cosden Country Club, a judges luncheon will be served in the club's Blue Room. Nine out-of-town judges will be present with Mrs. O. S. Womack, chairman of judges, serving as hostess.

Also attending will be the general chairman for "Melody in Flowers," Mrs. Clyde Thomas Jr., Mrs. John Furquerson, president of the Rosebud Garden Club, and Mrs. Bob Carlisle, president of the sponsoring organization, the Big Spring Garden Club Council.

Judging in the divisions will begin at 1 p.m. The show, open to the public, will be from 3 until 7 p.m. Admission is 50 cents.

Handbook Out

The long-felt need for a complete, elementary guide to gardening under glass, designed either for those who already have a small greenhouse, or are planning to build one, has at last been met with the publication of the "Greenhouse Handbook for the Amateur" by the Brooklyn Botanic Garden.

Travelers Enthralled With Islands' Beauty

Beauty and variety are reported by two Big Spring women who have returned from a two-week tour of the Hawaiian Islands.

Mrs. J. E. Brown and Mrs. Gene O'Daniel were among the five Texans who joined 29 Californians on one of the live tours the Farm Bureau organizes each year to the islands.

Their travels took them to four islands and included inspection trips to numerous farms, pineapple plantations, horse and cattle ranches, dairies, industries and numerous scenic attractions.

Jet flights took them to Honolulu where the party assembled, and from there they flew to the island of Hawaii with visits at Kona and Hilo, plus one day at Mauna Loa where they had lunch on the rim of the historic volcano's crater. They also inspected fields reclaimed from crustation of lava issuing out of active volcanos, then flew to Kauai where they saw fields of pineapple, coffee plantations

MRS. GENE O'DANIEL AND MRS. J. E. BROWN

exotic tropical growths and many other sights. They next visited the Valle Isle, Maui, where once was located the capital of the Hawaiian kingdom.

They flew back to Honolulu and a tour of the island of Oahu with its multiple farming operations, historical and religious shrines, Pearl Harbor and Waikiki beach. On their trip west, Mrs. Brown and Mrs. O'Daniel flew as far as California in company with Mrs. T. J. Good, Mrs.

Modesta Simpson, Mrs. Modesta King, and Wade Simpson, who are still visiting in Hawaii.

Bera Baptist WMU Meets

Thirteen members of the Berea Baptist Women's Missionary Union were at the church Wednesday evening for a business session.

An election was held, with Mrs. Vic Ames named president and Mrs. Alvin Ringer, program chairman.

The prayer calendar was read by Mrs. Robert Fitzgibbons, and the prayer for missionaries worded by Mrs. Vaughn Martin. The closing prayer was by Mrs. Garner Thixton.

The group will meet again at the church Nov. 6 for a Royal Service program.

HINTS FROM HELOISE

Fur Storage Method Not For Deep Freeze

Dear Heloise: Having been in the fur cleaning and storage business for over 30 years, I was shocked to read the letters you sent me from women stating they store their furs in a can or bag and freeze them in their deep freeze. They are wrong.

The leather becomes very stiff and brittle and it is possible the fur or skin might break if mishandled. Also, the creases in the lining will be almost impossible to press out.

Furs should be thoroughly cleaned or fumigated before storing to make sure there are no moth eggs present. Moth eggs can do great damage even if placed in a fur vault. Cold air simply retards the action of the larvae.

Gentle brushing of the fur with the hand or a brush will not remove any soil or grease as your readers state.

Women should not consider the cost of cleaning and storing their furs as an expense. Modern methods of fur care actually tend to make the hairs water repellent and crush resistant, adding years to the life of fur garments. —Jack Abrams

Dear Gals: Many of you have written to me that you were storing your furs in deep freezer. This is an answer to your letters from a furrier who has been in the business for over 30 years. Let's take his word for it. Eh? Heloise

Dear Heloise: If your cream deodorant dries out before you have finished the jar, just run a little water into the lid of the jar, shake it lightly and screw the lid back on tightly. Enough moisture remains in the lid of the jar (after shaking the excess water off) to keep the cream from drying up. —C. Booth
It works! Heloise

Dear Heloise: My son's school teacher had

all the children take a piece of cotton, dip it in vegetable oil and wipe the tops of their screw-top paste and glue jars before even beginning to use them. This prevents them from sticking! I now use this method at home. —Mommy

Dear Heloise: I put our collection of leftover foods in mayonnaise jars. After a day or so when I have dabs of this and dabs of that

set all of these jars in a deep pan. I then fill the pan with cold water until it covers at least one-half of the jar. I put this pan on the stove burner and when the water begins to boil, turn off the heat and let it sit 15 or 20 minutes. The food is nicely warmed and we have no dirty pans to clean! —Joan Leonard

Chili Supper Set Tonight

The aroma of onions permeates the air at the home of Walter Stroup today as preparations continue for the annual chili supper being sponsored by Band Boosters before the Big Spring-Midland football game tonight.

Club members are preparing to serve 500 or more persons beginning at 5 p.m. at the high school cafeteria. Serving will continue until 7 p.m., assuring everyone the chance to eat and still get to the ball game in plenty of time. A few workers will remain after 7 p.m. to serve latecomers.

Two serving lines will be dishing out chili, beans, homemade pie, coffee and tea to speed the operation this year, Stroup, who is president of the Band Boosters, said.

Tickets cost \$1 for adults and 75 cents for students. Proceeds will go into the general fund of the Band Boosters organization to pay for uniforms for band students, an annual trip, and other band expenses. At this time about 250 tickets have been sold, but as many more are expected to be sold at the supper. At least preparations are being made for that many, Stroup said.

Last year the group fed about 500 persons, netting some \$350 from the supper. Pies which were not consumed at the supper were sold later in local stores, bringing proceeds to about \$450.

Visitors at the game will be able to see all three local school bands perform during halftime.

Opening Delayed For Coahoma's Post Office

COAHOMA — You can't operate a post office when there are no mail slots in which to mail letters and no lock boxes into which mail can be deposited.

Therefore, the scheduled opening today of Coahoma's new post office building is being delayed. When it will be put in service is in the laps of the gods—rather, it is an issue which will be settled when 300 lock boxes and the metal panel with the mail slots reaches town and can be installed.

Smith Cochran, postmaster, who had planned to move from

the building where he has operated the post office for two decades today, reluctantly decided to continue business at the old stand until the missing equipment arrives.

The remainder of the new brick post office is ready for occupancy.

The Coahoma State Bank, owner of the new building which it erected and leased to the government, will begin collecting rent today. Its lease became effective Nov. 1.

Meantime, Cochran and the U. S. Post Office officials are wondering where the shipment of mail boxes may be. The boxes were supposed to have reached Coahoma early in October and had they showed up, all would have been ready for the grand opening today. Now no one knows when the opening can be held.

All Souls Day

MEXICO CITY (AP) — All banks will close Saturday in observance of All Souls Day. Most schools closed Thursday and today for the religious weekend.

Fall Camporee Expecting 15 Troop Participation

About 15 troops of Boy Scouts of the Lone Star District, covering Howard, Glasscock, and Sterling counties, are expected at the Camporee grounds south of Big Spring on the Country Club Road on Saturday. The grounds will be open at 8 a.m. and activities begin at 9 a.m.

Bill McRee, Scout executive said. Activities at the Fall Camporee serve to earn points for advancement for all Scouts. These will be in the form of contests to be judged by members of the Order of the Arrow and Explorers.

Camp will be set up before 9 a.m. Camp inspection will be made between 9 and 10 a.m. Troop demonstrations, 10:11-30 a.m.; lunch, 11:30 a.m. to 1 p.m.; rest period, 1:2 p.m.; patrol skills and contests, 2-4:30 p.m.; dinner, 4:30-6:30 p.m.; clean up and preparation for campfire, 6:30 to 7:30 p.m.; campfire ceremony, 7:30-9, and

Rough Day To Be Guilty

Thursday was a rough day for defendants who pleaded guilty in Howard County Court. Judge Lee Porter's sentences were stern and he was cooperative in abiding by the recommendations of Wayne Burns, county attorney.

Marvin D. George, charged with writing a worthless check, pleaded guilty and was sentenced to pay a fine of \$100 and costs.

Paul W. Gee, charged with the theft of a guitar and case from Charles Cummings, was sentenced to serve 90 days in the jail and pay costs of the case.

Howard Kerr, charged with writing a worthless check, was sentenced to pay a fine of \$1 and serve 90 days in jail.

Both Gee and Kerr were defendants who had faced grand jury indictments for more serious offenses and who were not indicted on the stipulation they pleaded guilty to lesser offenses in County Court.

Arthur Hughes Dies Thursday

Arthur Hughes, of 505 Goliad, died Thursday in a local hospital. He was born in Rusk County and had lived in Big Spring 16 years.

Services will be held at 2:30 p.m. Sunday at Mt. Bethel Baptist Church with the Rev. Melvin Montgomery officiating. Burial will be in City Cemetery under direction of River-Welch Funeral Home.

Survivors include the widow of Big Spring; a sister, Jessie Hughes, California; a brother, David Hughes, California; three step-daughters, Mrs. Magaline Henry, Big Spring, Mrs. Aline Russell, Dallas, Larissa Franklin, California; three step-sons, Earliest Franklin, Stephenville, L. C. Franklin, Dallas, and Sylvester Wright, Dallas.

It's General Withycombe Officially At Webb Today

Webb AFB today had its first authorized general officer in the 12 years of its operation.

Howard J. Withycombe, wing commander, put on the stars of his new brigadier general rank, and members of his staff and other key base personnel flocked to the Officers Club to congratulate him.

Nominated by the President several weeks ago, Gen. Withycombe had been confirmed Oct. 24 with the promotion becoming effective Nov. 1.

Armed with this assurance, he welcomed his colleagues at Webb with an open house Friday at 9 a.m. He had a cake baked for the occasion, too, in reality a pair of cakes. One contained a map of the United States with stars at key locations in Gen. Withycombe's career. There was a star for San Jose, Calif., where he was born, stars for his stations, including one at Big Spring Bombardier School during World War II, and another at Webb. There were stars sprinkled around at Childers and at Watsonville, Calif., where his sons, Howard Jr. and Keith were born, Brooks Field where he trained, at bases in Alabama, California, Florida. A cluster around Washington testified to repeated service there including duty as operations officer and pilot in the "brass hat" squadron at National Airport.

There were stars, too, tracing his career overseas, a miniature Eiffel Tower symbolizing European (France and Germany) duty, a "hump" for his days of flying over the Himalayas, a star for Shanghai, where he was personal pilot for Lt. Gen. Albert Wedemeyer, CIB commander.

The general was kept busy for more than an hour receiving congratulations and best wishes.

With his honor came one of Webb AFB, too, for now the base is marked for a general officer to command the wing. A decade ago it had a general in command, but only for a few days before he was moved to a new post.

Gen. Withycombe is a native of San Jose, Calif., where he earned his bachelor's degree in economics (from San Jose State) in 1939. A brief career as owner of a grocery business was interrupted by enlistment in

Woman Hurt In Accident

A 29-year-old Austin woman was treated at Cowper Hospital and Clinic about 4:40 p.m. Thursday for injuries received in a two-car collision at West Second and North Gregg.

Dorothy Carol Riggs, 1721 Enfield, Austin, was treated for a minor bruise of the head and neck. Doctors said the woman was released from the hospital Friday morning after it was determined there were no broken bones.

Driver of the other vehicle, Ashberry Thomas Waldrop, 4751 N. M., was not injured, police said. The accident occurred while both vehicles were traveling north on Gregg, according to police.

Burl Crow Rites Held

COLORADO CITY — Services for Burl Crow, 84, who died in Root Memorial Hospital Wednesday morning, were set for 2 p.m. today at Kiker and Son Funeral Home Chapel in Colorado City.

He was born in Arkansas, April 11, 1879, and had lived and farmed in Mitchell County since 1927. Mr. Crow was married to Ollie Copeland in Arkansas in 1898. She died in 1961.

Survivors include three daughters, Mrs. James Coker and Mrs. Johnnie Miller, both of Colorado City, and Mrs. Ben Smith, New Boston; a brother, C. P. Crow, DeKalb; three sisters, Mrs. Lillie Fountain, Mrs. Beulah Fountain, both of New Boston, and Mrs. Alice Beene, DeKalb; seven grandchildren, and 11 great-grandchildren.

Damp Castorbean Harvesting Seen

WASHINGTON (AP)—An experimental grain combine attachment that makes it possible to harvest damp castorbean seed has been developed by the Agriculture Department.

The castorbean is increasing as a commercial crop on some sections of the Great Plains, particularly in Texas, Oklahoma and Nebraska. Existing harvesters will not harvest the seed efficiently unless it is completely dry. The new unit is being tested in Nebraska and Texas.

Driver Injured In Butane Explosion

Raymond McKee, 29, Gall Road, driver for Smith-Coleman Butane Co., is recovering in Malone-Hogan Foundation Hospital from burns suffered in a flash explosion of a butane truck Thursday afternoon.

He is burned about the face and one arm. His condition is painful but not serious, attendants said.

The sudden blast occurred as McKee was unloading butane into an above ground tank on the Richard Parker farm about 20 miles northwest of Big Spring. McKee told his employers he had just turned off the valve and was checking the truck when the sudden explosion occurred. The time was about 4 p.m.

He managed to escape the roaring flames which destroyed the truck and trailer tank, burned a small dwelling near the scene, and seriously damaged two farm tractors parked close by.

The storage butane tank on the ground did not explode but burned out.

A fire truck from Big Spring was called. A Nalley - Pickle ambulance brought McKee to the hospital.

Sonny Buzbee, deputy sheriff, also went to the Parker farm. He said the main residence on the place is about 100 yards from the tank. Two women, he was told, and three children were in the house when the blast occurred. They left the scene. The house was not damaged.

Student Council Members To Attend Annual Forum

Four members of the student council at the Big Spring High School will journey to McCamey Saturday to take part in the West Texas Forum of Student Councils.

Going from Big Spring are Rick Price, Dub McMeans, Tommie Touchstone and Susie Engle. They will be accompanied by Harold Bentley, assistant principal at the high school.

Registration begins at 9:30 a.m., with the day's program to begin at 10 a.m. At 11:15 a.m. the students will divide into various discussion groups. Lunch will be served at 12:15 p.m. by the Women's Study Club of McCamey.

Catholics Hold Special Services

Special services are being conducted at Big Spring's Catholic Churches today to observe All Saints Day, a Holy Day of Obligation for Catholics.

Two Masses have been scheduled at each of the churches. At St. Thomas Catholic Church, an evening service will be at 6 p.m. and at Immaculate Heart of Mary, at 7 p.m.

Because today is a Feast Day, Catholics may eat meat, contrary to the normal rules against its consumption on Friday.

On Saturday, which is All Souls Day, Masses at St. Thomas will be at 7 a.m., 6 p.m. and at 7:30 p.m. at Coahoma. At Immaculate Heart of Mary, they will be at 6:45 a.m., 7:30 a.m. and at 8:15 a.m. at the Veterans Administration Hospital.

Grader Bids

Howard County Commissioners Court is to open bids Nov. 25 on a new motor grader for the county road and bridge department. The proposal is for the county to trade in two old motor graders. The road and bridge department has 11 road graders but two are in bad repair.

Special services are being conducted at Big Spring's Catholic Churches today to observe All Saints Day, a Holy Day of Obligation for Catholics.

Two Masses have been scheduled at each of the churches. At St. Thomas Catholic Church, an evening service will be at 6 p.m. and at Immaculate Heart of Mary, at 7 p.m.

Because today is a Feast Day, Catholics may eat meat, contrary to the normal rules against its consumption on Friday.

On Saturday, which is All Souls Day, Masses at St. Thomas will be at 7 a.m., 6 p.m. and at 7:30 p.m. at Coahoma. At Immaculate Heart of Mary, they will be at 6:45 a.m., 7:30 a.m. and at 8:15 a.m. at the Veterans Administration Hospital.

Manufacturers' Work Force Here More Than 1,100

More than one of every eight workers in Howard County is involved in manufacturing some product. This county has about two score local manufacturers employing one-eighth of the total labor force. Over 1,100 residents are engaged in making everything from plastics to food and drink, from building materials to school supplies, and from oil processing to printing. The payroll is estimated in excess of \$7,000,000 per year. As a result of this manufacturing complex, the product value is increased by some \$31.5 million, another way of setting the estimate on the value of manu-

factured goods. Much of the county's manufacturing efforts are relatively recent, including the ammonia plant, and a carbon black plant. These are clustered around one of the county's major processing centers, the Cosden Oil and Chemical Co. refinery, which also took a new tack during the 1950's with a stride into petrochemicals. And while the major plants supply most of the jobs and get most of the attention, the vast majority of the manufacturing in plants here are smaller organizations, most of them employing only a few. There are soft drink manufac-

turers, an ice plant, a bakery shop, meat processors, a candy maker, and a tortilla factory. Supplying the building trades, there are two concrete plants, a sheet metal fabricator, an awning maker, several cabinet and woodwork shops. In the printing field, there is one newspaper, three trade printing shops and a rubber stamp factory. There are three machine shops and two sign companies, plus a jewelry maker, a feed mill and a school equipment manufacturer. Two boot makers add their craft to the burgeoning list of manufacturers.

Grace Plant Fills Need Of Farm Land

W. R. Grace is a comparative newcomer to Big Spring, but the firm fills one of the most vital needs of the area. It produces anhydrous ammonia, without which cotton production in the area would drop considerably. Although the plant officially was dedicated Oct. 17, 1962, it has been in production more than a year. Anhydrous ammonia was first shipped into Big Spring and stored for resale in an effort to build up a market in the area. The first load of home-produced product was shipped during the middle of August, almost two months before.

Importance Of Texas Products Week Underlined

One out of every seven persons in the Texas labor market is engaged in making some kind of product. Over half a million of the state's citizens are engaged in industry of some type, ranging from one-man operations to giant petrochemical and metal mills, and they take in about two and a half billion dollars in annual pay. Facts such as these underline the importance of Texas Products Week, Nov. 1-10.

Sponsoring the observance are the Texas Industrial Commission, Texas Manufacturing Association, and the Texas Industrial Council. "Products made by Texas industries serve world markets and bring a better way of life to millions of the world's citizens. Increased market opportunities for Texas-made products help expand Texas industry. This in turn will create new and better job opportunities for Texans," said Gov. John Connally in proclaiming the special week.

The reason for most of new industrial plant locations in Texas," he said, "is due to markets. The more Texas products we sell, the more we will be able to make." Hence, if the special week focuses attention of the great range of Texas-made products, the demand for more of them may help create more jobs. It also may attract new industries. Texas is gaining new plants at the rate of about 350 per year. Each one of these employing 100 people creates three-quarters of a million dollars in new payrolls.

Longtime Help To Oil Field Rig Operators

The Southwest Tool and Machine Company is no stranger to long-time Big Springers. The business has been doing oil field welding, machine work and heavy construction repairs in Howard County since 1936. Southwest was located for 10 years in Pecos and since 1946 has been in its present buildings at 901 E. 2nd. With seven on the payroll working in several spacious shops, there isn't much expansion planned for the near future. The \$200,000 in facilities are in use 3 1/2 days a week with most of the business coming from oil companies and contractors in the Permian Basin.

Cabot Plant Employs 90

Growth has been the theme at the Cabot Carbon Company plant east of Big Spring on US 80.

The plant was constructed under the name of General Atlas in 1950 and went on stream in 1951. It has always been a part of the Cabot organization, however. Since it was opened, capacity has been more than doubled. Currently the plant can produce about 120 million pounds of carbon black annually. With some 90 plant personnel and additional construction workers on the employ rolls, the payroll totals about \$700,000 each year. Services and payroll add more than \$2 million each year to the Big Spring economy. A. R. (Dave) Davenport is plant superintendent. During its 13-year tenure in Big Spring, the plant has constantly been in the process of updating to improve working conditions, resulting in more efficient recovery of carbon black and better service to customers. Most of Cabot's product goes into the manufacture of tires.

CACTUS PAINT CO. Tailors Product For This Area

Cactus Paint Company was built in West Texas to meet the special paint needs of the arid, hot and dusty climate. For 16 years it has met those requirements. Founded in the summer of 1949 by Murph Thorp Sr., W. K. Jackson and E. B. McCormick, it is now operated and managed by C. E. Campbell. The firm employs 10 persons, with an estimated annual payroll of about \$80,000. Although most of the pigments and other raw materials used in the manufacture of paints are not available locally, the company uses solvents and asphalt made here for its products. The firm has specialized in meeting peculiar needs of the individual. It can compound any special color or can match one already in use. It has colors which are impervious to fumes and which will stand under heat, cold and sun. During the 16 years of existence, Cactus Paint Company

has spread its sales area eastward to Fort Worth and Dallas, south into the Rio Grande Valley, north to Plainview and west to include El Paso and the eastern part of New Mexico.

Reef Corp. Has 75 Employed

Reef Corporation, with 11 years in the production of liquid petroleum gas products, has its plant in Howard County east of Big Spring but operates in Borden, Scurry and Dawson counties as well. The firm gathers gas from more than 800 wells connected to a gathering system with more than 300 metering stations. It operates in 18 fields in the four-county area. Reef processes propane, butane, iso-butane and natural gasoline. Dry residue gas is also obtained. The company employs some 75 persons throughout the year, with a payroll last year of \$468,771. Heading the operation is Charles Sweeney, manager.

Jeter Builds Metal Fixtures

Jeter Sheet Metal Co., on 18th Street in Big Spring, turns out a wide variety of structures and fixtures for the heating and air conditioning trade. Ducts, drains, sinks and general installations of cooling and heating equipment are handled by the firm. L. J. Jeter is the owner of the firm and is assisted by three employees. He has been in business here for 10 years and confines nearly all his operation to the immediate Big Spring area.

Cabinet Shop Is Expanding

The McAdams Paint and Supply Store, 2207 Scurry, is Big Spring's newest addition to the paint business. Opened Nov. 1, the store carries a complete line of paint, floor coverings, carpeting, shutters, formica, ceramic tile, and wallpaper. There is enough of each product in stock to handle any job, no matter how large, according to Bob McAdams. "We can do any job for the home from the smallest order to the biggest job," McAdams said. The business, which is run by Tom McAdams and his two sons, is an addition to the cabinet trade which they have been in since 1948. With a yearly sales volume of \$130,000 to \$140,000, they have a monthly payroll of approximately \$1,200 which covers eight employees. The store, which will be open six days a week from 7:30 a. m. to 5:30 p. m., does most of its work with individuals and building contractors. In the next couple of years, the McAdams plan to expand and build a larger paint and cabinet shop on FM 700.

Cosden Makes 100 Products

Cosden Oil and Chemical Company spans more than 30 years as a home-town industry, although the firm had to battle its way out of bankruptcy twice in its early years. Now it stands as a profitable concern which pioneered into the production of petrochemicals and has built up a broad, solid base as a petrochemical manufacturer. Organized by the late Josh Cosden, one of the most flamboyant personalities the industry has seen, it twice flourished during and after the depression. It was reorganized the second and final time in 1939, and has since continued to grow. Only this year, the firm

which began with assets of about \$5 million was purchased by American Petrofina, Inc. for about \$90 million. The plant here has a throughput of about 36,000 barrels a day and is a large purchaser of crude produced in the area. Cosden now manufactures more than 100 products ranging from aviation gasoline to polystyrene. Employing more than 1,100 persons, the firm has always been one of the most important employers of the city. In addition to refining and petrochemicals, Cosden has been instrumental in exploration for and development of area oil production.

Specializing In Upholstery

The House of Seat Covers, 1004 W. 4th, specializes in tailor made seat covers for cars but also does extensive work in repairing and renovating factory installed upholstery. The plant also does furniture upholstery. B. B. Flippo, who has had three years experience, and G. A. Ellington, with 15 years in the business, are owners-operators of the plant. They have no other employees. They keep a wide selection of seat cover patterns and are equipped to turn out a completed job in from half a day to a day. The firm organized for business 22 months ago.

A Maker of Texas Products

for **34** Years

Yes, since 1929, the processing of a Texas resource — crude oil — has been going on at the Cosden refinery in Big Spring. From more modest days when gasoline was virtually the sole product, the Cosden plant has branched into the production of a host of items, including the broad spectrum of petrochemicals.

This has been done using Texas materials. Texas labor, Texas know-how, a great deal of in-Texas purchasing. Cosden is proud to be an example of what Texas can and does produce, to add income to our state, to support its public functions, to strengthen the whole Texas economy.

... A Major Producer Of CARBON BLACK

Cabot Carbon, with more than a century of know-how in producing the finest carbon blacks, burns natural gas with a special furnace oil to yield the highest grades of carbon black available today.

The modern plant recovers the microscopic particles of black so effectively that it is smokeless in its operation. These particles are pelletized and packaged for shipment throughout the United States and to several foreign countries. Expert craftsmen, using the best in equipment, control quality precisely to any specification for furnace blacks.

Feds Voice Objections To Anti-Secrecy

WASHINGTON (AP) — A Senate subcommittee studying a bill to require government agencies to make their records open to the public has ended its hearings with objections from government witnesses.

The federal officials asserted the bill would invade the private rights of citizens and hamper the government's investigative work.

Paul Dixon, chairman of the Federal Trade Commission, contended the bill should include safeguards to protect confidences obtained in investigations.

D'Andelot Belin, lawyer for the Treasury Department, asserted the bill would require the government to disclose citizens' private affairs "to any business competitor, neighbor, prying relative or criminal who seeks for whatever reason, to gain access to such information."

Belin mentioned government medical records on military personnel, records on savings bonds holders and bank records, all of which, he said, would have to be open to public scrutiny under the bill.

Asst. Atty. Gen. Norbert Schlei asserted few would argue with the bill's general objectives, but it raises myriads of practical problems.

"Much of the information in agency files which is legitimately entitled to be held in confidence is purely personal in nature," he said, and the bill would afford no protection to private personal information.

Previous witnesses have complained of growing secrecy in the federal government.

To Destroy Fish

DALLAS (AP) — The Texas Retail Grocers Association advised its 4,000 state grocers Thursday to destroy at once all smoked, packaged fish products which originated in the Great Lakes area.

The State Health Department asked the action because of an outbreak of deadly botulism in Tennessee and Michigan.

'March Of Dimes' Child

Mary Lou Graves, 5, daughter of Mr. and Mrs. Raymond Graves of Flint, Mich., is the National March of Dimes Child for 1964. Mary Lou was born with an open spine and, after surgical treatment, is learning to walk.

She is representative of the tens of thousands of youngsters in the U.S. crippled by birth defects or arthritis, a group that March of Dimes funds tries to aid. (AP Wirephoto)

Bracero Bill Passes But This May Be Final Round

WASHINGTON (AP)—A one-year extension of the Mexican farm labor program had approval of the House today but there were indications this will be the last round for the 12-year-old program.

The measure was sent to the Senate by a 173-138 vote Thursday, although a member after member rose to say he was supporting the extension just to give large users of Mexican labor a chance to adjust to the end of the program.

The House voted down a bill to extend the program another two years last May 29.

This time House members similarly rejected an amendment to the one-year extension that would have provided that in 1964 only those farms which have used such labor in the past would be eligible.

Rep. James Roosevelt, D-Calif., sponsor of the amendment, said there was a three-way division on the bill, including those who supported the program more or less in perpetuity, those who wanted to halt it but not so abruptly that farmers would be hurt, and those advocating an immediate end. He classed himself in the second group.

Critics of the program, under which about 195,000 Mexican laborers were brought into the United States last year for farm work, say it depresses wages and working conditions for domestic farm labor. They add that it is "slave labor" for the Mexicans.

Backers of the program say Americans just won't do the "stoop labor" that the Mexicans are brought in for, and that an end to it will mean higher food prices.

Federal Suits Request Texas Loan Law Hearing

FORT WORTH (AP) — Suits asking a panel of three federal judges to hear an application seeking to declare one section of the Texas Regulatory Loan Act unconstitutional were filed here Thursday.

The suits were brought by Texas Consumer Finance Corp. and two wholly owned subsidiaries. The corporation has its home office here.

The section of the loan act under attack provides that for a firm to obtain a license to do business, at least 51 per cent of the stock must be owned at all times by Texas citizens.

Consumer Finance contends the law is unreasonable in that the firm cannot control the acts of its stockholders or know for certain from day to day that 51 per cent of the stock is owned by Texas residents.

Three other Texas loan companies were turned down Monday by the Texas Supreme Court on an application for a writ of mandamus aimed at the same section of the law.

Drowns In Lake

EASTLAND (AP) — Gordon Moore, 72, drowned Thursday when he slipped down a steep bank and fell into deep water at Proctor Lake east of DeLeon.

DEAR ABBY Bachelor's Problem

DEAR ABBY: I am a happy bachelor and here is my problem. Two neighbors, one right next door to me on my left, and the other right next door to me on the right, are divorces. They both tell me their troubles and cry over both fences whenever they catch me outside. Now my back yard is flooded with their tears and my grass is drowning. How can I keep these two husband-losers from ruining my yard?

HAPPY BACHELOR
DEAR HAPPY: Grow rice.

DEAR ABBY: I have a sister who isn't the smartest person in the world, but I love her. She tells me her troubles and cries on my shoulder. She has a husband, but he's no help (He cries on his mother's.) Well, my sis called me at 4:15 this morning and scared my husband out of his wits. She wanted to know if she should call the police to look for her 18-year-old daughter who went out on a date and wasn't home yet. She was hysterical. Abby, I'll admit she's called at odd hours for reasons like there was a mouse in her bedroom, she is terrified of thunder storms, etc. But this time she really needed me, and my husband refused to drive me over there to calm her down. (I don't drive.) He said if anything like that ever happens again, I can go live with my sister. Who was unreasonable? Him or me?

BIG SISTER
DEAR SIS: I can't blame your husband for being fed up with your sister's hysteria. Tell sis to lay off the nocturnal S.O.S.'s, or you will lose your happy home.

DEAR ABBY: I have the perfect solution for the busy housewife who was embarrassed by the thoughtless person who just happened to be in the neighborhood so she thought she'd drop in and pay a social call. Bake a pie or something and take it over to her house. But don't give her any notice. Just ring her bell like she rang yours, and see how SHE likes it.

"TURN ABOUT"

CONFIDENTIAL TO MRS. J. O'S.: A pat on the back develops character — if given young enough, often enough and LOW enough.

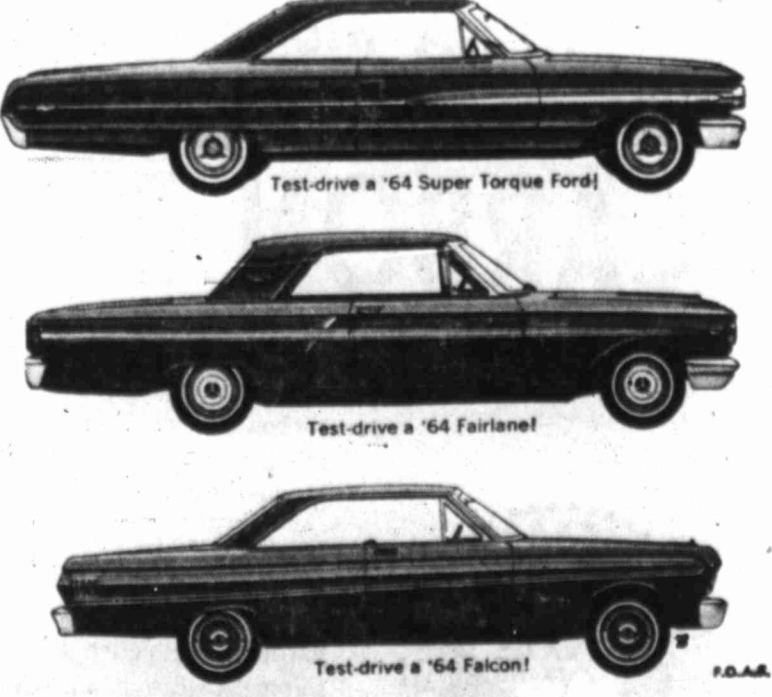

What's on your mind? For a personal reply, send a self-addressed, stamped envelope to Abby, Box 3365, Beverly Hills, Calif.

Hate to write letters? Send one dollar to ABBY, Box 3365, Beverly Hills, Calif., for ABBY's new booklet, "How to Write Letters for all Occasions."

Sandhill Cranes Return In Time For Hunters

Vanguard of the annual fall influx of Sandhill Cranes has reached Howard County—well behind schedule for their yearly visit and just in time to face the shotguns of hunters who want to kill the big birds.

Bill McIlvain, who manages the Wilkinson Ranch west of town, said that the cranes are arriving daily. A big natural salt lake on the ranch is their night-time stopping place. During the day, the flights of cranes are all over the southwestern quadrant of the county working on grain fields.

Lomax Community usually is heavily invaded by the Siberian visitors. Arthur Stallings, who lives near the Lomax gin, said he had seen a few flights of cranes over the community in

the past 10 days. However, he says that the number is nowhere normal for this season.

FIRST SEEN

McIlvain said the first Sandhill Crane he noted were around Oct. 15. Each day since, their numbers have been augmented.

The hunting season for the cranes opens Saturday. Hunters are allowed to kill two birds daily through Dec. 1.

Last season, the first year that shooting cranes was allowed, a lot of hunters tried their luck but relatively few succeeded in bringing down a bird.

Sandhill Crane hunting is permitted only in this one part of the continent. It is the only place, the Bureau of Sports Fisheries and Wild Life, Albuquerque, N.M. reports, where there are concentrations of the cranes in large enough numbers to make hunting possible.

Furthermore, there is no danger in these parts, the experts say, of shooting one of the fast disappearing whooper cranes by mistake. In other parts of the continent, sometimes the whoopers are found with the Sandhills.

There are more Sandhill Cranes this year than last, the Bureau said.

Late arrival of the big birds this fall will prevent much damage to crops. Nearly 100 per cent of the grain in this district is already harvested.

The cranes are wary. When a flight lands on a field, it appears that several serve as sentinels and it is difficult to approach close enough to insure a good shot. It is almost impossible to get near enough to obtain a good photo. Cranes fly with their necks straight out in front with their long legs extended.

They take off at the slightest alarm and their vast wing spreads are such that they can quickly soar beyond range.

The Sandhill Crane stands about four feet high. Some of the larger birds will weigh as much as seven pounds. They are an over-all gray in color and can be identified by black wing tips and (if the observer can get near enough to see it) by a bald red forehead.

ONLY SHOTGUNS

The law specifies that the hunters are restricted to the use of shotguns in hunting the cranes. Shotgun loads, such as are commonly used on geese, have been recommended as best for hunting the long-legged invaders.

At peak season, it is estimated by competent observers, there will be more than 150,000

of the big birds in this area. Last year, federal authorities said that despite widespread efforts, less than 3,000 cranes were killed by hunters.

The Sandhill Crane, according to experts, is edible and certainly offers a king-sized drumstick. However, the few cranes killed here last season and the fewer which were eaten did not stir up any wild enthusiasm for crane among local gourmets.

John Richard Coffee, Big Spring attorney, killed two cranes last season. Mrs. Coffee stuffed the big birds with apples, Coffee said, and baked them with dressing. "Like you would a turkey," Coffee explained.

KIDS LIKED IT

"My kids loved the meat," said the lawyer. "It is dark, like dove, and, if you like that taste, you'll love Sandhill Crane. Personally, I can take it or leave it and I would just as soon leave it."

Coffee said that picking the cranes is a wearisome task and that he recommends anyone who wants to bake one to skin it.

Hunters are warned not to go on farms without permission in their search for the big birds. They are also warned, even though their luck is good, that the law means what it says—not to exceed two cranes per day, Nov. 2 through Dec. 1.

Murchisons Quit Firm

DALLAS (AP)—About \$20 million worth of Alleghany Corp. stock changed hands Thursday marking the end of the Murchison financial empire in the mammoth holding firm.

Minutes after the transfers, Allan P. Kirby and associates, who waged a bitter three-year battle with John D. and Clint Murchison Jr. over Alleghany control, acquired most of the stock.

Involved in the transaction, which took place at the First National Bank in Dallas, were 1,895,654 shares of Alleghany common stock sold by the Murchison interests to Bertin Gamble, Minneapolis financier and head of Gamble-Skogmo, Inc.

Gamble purchased 1.5 million shares of Alleghany about a year ago and took an option on the rest.

After buying the rest of the Murchison holdings in Alleghany, Gamble sold 1.6 million shares to Kirby, Morristown, N.J., investor; Allied Properties of San Francisco, Calif., and Coral Ridge Properties, Inc., of Fort Lauderdale, Fla. This transaction involved \$16.8 million.

Connally Backs Welfare Issue

AUSTIN (AP)—Texas voters should approve the public welfare constitutional amendment in the Nov. 9 election, Gov. John Connally said.

The amendment provides that the ceiling on public welfare funds spent yearly by the state be raised from \$54.5 million to \$60 million.

"This is a sound proposal which should be approved by the voters," Connally said. He added that the amendment would allow for more realistic utilization of federal matching funds, which account for 70 per cent of the state welfare program.

The amendment is Proposition 2 on the ballot.

Connally said the amendment would allow for more realistic utilization of federal matching funds, which account for 70 per cent of the state welfare program.

LADY WEATHER PROPHET SEES A ROUGH WINTER

CRAB ORCHARD, Tenn. (AP)—If you think the drought is bad right now, just haven't talked with Crab Orchard's lady weather prophet lately. The winter ahead, she says, looks like a dilly.

"If we get a snow for all the fogs I counted in August," Mrs. James Lane said Thursday, "we're going to need sideboards on the shovels."

Helen Lane's annual prediction of the weather ahead—based on such signs as August fogs; the number of hornet nests close to the ground; the density of the spider population and thickness of tree bark—has become something of a Tennessee institution.

Methodists Set Revival

A week of evangelistic services begins Sunday at the North Side Methodist Church.

Guest speaker will be the Rev. Silvestre Gallardo, pastor of the Bethel Methodist Church in San Angelo. Services will be at 7:30 p.m. each day through Friday. The series of messages will use Christ as the central theme.

The Rev. Gallardo is a graduate of Southern Methodist University, with a bachelor of divinity from Perkins School of Theology. He became a Methodist minister 19 years ago. Rev. Gallardo is also a musician and he will play several numbers on the violin during the revival.

Dividend Hiked

HOUSTON (AP)—Directors of the Texas Eastern Transmission Corp. increased the quarterly dividend today from 20 to 22½ cents.

NEW CHEVELLE!

BY CHEVROLET

The kind of comfort you'd expect in a large interior. Come on down and sit in it.

The kind of handling ease you'd expect in a smaller car. Come on down and drive it.

Only a car that looks as good as this could come between Chevrolet and Chev II. Come on down and stare at it.

New Chevelle Malibu Sport Coupe

Now—Chevy spirit in a new kind of car!

We built this one to do a lot more than just stand around looking beautiful. Held its weight down in the 3,000-pound range. Then built four lusty engines for it—two sixes and two V8's—with output all the way up to 220 horses!

And if that combination of modest weight and potent power gives you the idea that this is one frisky car indeed, you've got the right idea.

You've also got a roomy car with a generous amount of space for legs, hips, shoulders, hats and luggage. Yet its 115-inch wheelbase keeps it highly maneuverable in traffic and very easy to park.

With its Full Coil suspension, it's got a ride that reminds you of the Jet-smooth kind the way it muffles noise and cushions bumps.

And the fine hand of Body by Fisher craftsmen shows up beneath this one's suave good looks, too. Just listen to the solid *thunk* of a door closing or look at the neat seams and smooth metalwork. You'll see what we mean.

Sound good so far? There's more. Like the fact that Chevelle comes in three series with eleven models—convertibles, sport coupes, sedans, wagons, even Super Sport models with front bucket seats. Like the fact that (and see if this doesn't strike you as one of the nicest surprises of all) the new Chevelle comes at an easy-to-take price!

Like to hear more? The listening's wonderful at your Chevrolet dealer's—and so's the driving.

Ask about a SMILE-MILE Ride and the Chevrolet Song Book at your Chevrolet dealer's

New Educational Materials In Use

By BUCK SITTON
The first major change in Presbyterian educational materials since 1875 has a direct influence on the education programs of two Presbyterian churches in Big Spring.

"A greater study in depth and more class participation is the result of the new materials," said Rev. R. Gage Lloyd, pastor of the First Presbyterian Church.

Members of the First Presbyterian Church and the St. Paul Presbyterian Church began using the new Covenant Life Curriculum Oct. 6, on Communion Sunday.

The new materials are in paperback form. They supplant the International Sunday School Lessons published quarterly in pamphlet form.

The International Sunday School Lessons are used by most Protestant denominations. "We'll continue using them in our children's classes until Covenant Life Curriculum can be inaugurated in all of the Sunday School classes," Rev. Lloyd said.

Plans call for the program to be taught in every class within a four year period. The First Presbyterian started with adult groups first and will gradually include the younger classes.

DOCTRINE SAME
Rev. Lloyd emphasized that doctrines and government of the church are the same. The Bible remains the basis for teaching. The old lessons were based on fragments of the Scripture, and the new lessons are more comprehensive. There was little continuity in the old lessons. Now, Rev. Lloyd pointed out, more attention is given to history.

"The Covenant Life Curriculum includes study of the Bible, church history and community life, and the application of the Gospel to personal life in the three areas," Rev. Lloyd said.

SPARKED INTEREST
The new church materials have sparked considerable interest. "The first printing already has been sold out," he said.

The new literature has been in the planning and production stage for eight years. It is destined to be the study material for the next fifty years.

Five denominations of Presbyterian churches inaugurated Covenant Life Curriculum on Oct. 6. They are the Presbyterian Church, U. S., Associate Reformed Presbyterian Church, Moravian Church in America, Cumberland Presbyterian Church and Reformed Church in America.

Church leaders have said the new material provides studies on the history, nature and mission of the church to help members better understand the role of the church. The curriculum offers practical help on how to be a Christian in daily life with studies on such special issues as secularism, conformity, Communism, racism, alcoholism and atomic warfare.

ADULT CLASSES
The materials are being used in five adult classes which meet at the regular Sunday School hour at the First Presbyterian. Also, the church is experimenting with a Wednesday night class for teachers of the children's classes. Total enrollment in the adult classes is about 160.

Teachers are Rev. Lloyd, adult men; Mrs. J. O. Johnson, Century class; Mrs. Roland Schwarzenbach, Covenant class; Glenn Guthrie, Elizabeth McDowell class; and B. S. Hubbard Jr., Quo Vadis class for young adults.

Baptists Firm Program Of San Antonio Convention

SAN ANTONIO — Program for the annual Baptist Convention of Texas meeting here Nov. 12-14 has been completed by convention officials. It was announced today.

The three-day convention, meeting at San Antonio's Municipal Auditorium, is expected to attract more than 6,000 Baptists from throughout the state.

The chief chaplains for the United States Air Force, Maj. Gen. Robert P. Taylor of Washington, D. C., will be one of the principal speakers. Chaplain Taylor was once before in San Antonio in 1945 when he was hospitalized at Fort Sam Houston after winning the Silver Star for gallantry during the Battle of Bataan in the Philippines.

Each convention session will open with a devotional message by the Rev. J. Sidlow Baxter, former pastor of the large

First Baptist church in Scotland — Charlotte Chapel in Edinburgh. Dr. K. Owen White, president of the Baptist General Convention of Texas and the Southern Baptist Convention, will deliver the annual president's message during the meeting's opening session. Dr. White, pastor of First Baptist Church, Houston, will seek re-election to the office.

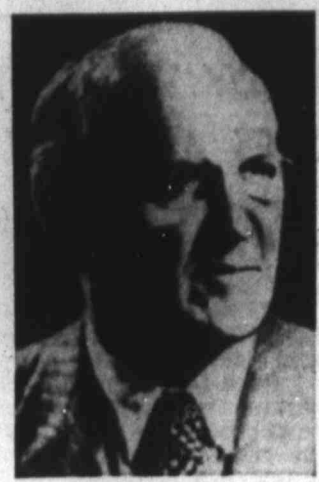

The annual convention sermon will be preached by the Rev. W. M. Shamburger, pastor of the First Baptist Church, Tyler, Tex.

A special Wednesday night session aimed at launching a state-wide evangelistic crusade among Latin Americans in Texas will feature messages by Dr. T. A. Patterson of Dallas, executive secretary of the BGCT, and the Rev. Rudy Hernandez of Dallas, staff evangelist for the convention.

EXPERIMENTING
The smaller St. Paul Presbyterian Church has one adult class and is experimenting with a night class for teachers, according to the pastor, Rev. E. A. J. Seddon. Bert Addison is the teacher for both classes.

Rev. Seddon pointed out that Rev. Schwarzenbach has received special training by the southwestern Presbytery, the regional governing body, in the use of the new teaching materials.

Members of the Christian Education Committee, responsible for the church's educational program, are J. T. Clements, chairman; Mrs. J. W. Tipton, Henry Dirks and Robert Rodman.

DR. ROBERT G. LEE

Great Orator Speaks Here

A towering figure among Southern Baptists for over four decades and sometimes called "the last of the great orators," Dr. R. G. Lee will speak Monday at the Baptist Temple.

His appearance here is sponsored by the Brotherhood of the Church but is open to the public and for all members of the family. Most of the Brotherhoods in the Big Spring Association are joining in the meeting to hear Dr. Lee deliver his famous sermon, "Calvary."

This will be Dr. Lee's second appearance here. Many years ago when the Big Spring Pastors Association each year brought here a leading figure in the world of religion, Dr. Lee was among the first invited. He delivered his epochal sermon, "Pay Day Someday," which he has given over 800 times, to a capacity crowd at the First Methodist Church.

For 33 years Dr. Robert G. Lee was pastor of Bellevue Baptist Church in Memphis, Tenn., leading that congregation from 1,400 members to 9,000 members, the largest Baptist congregation east of the Mississippi. During his ministry there, 24,000 persons joined his church, 7,600 of them by baptism. Four times he headed the Tennessee Baptist Convention and three times he was head of the Southern Baptist Convention.

Nicholas Engel Attends Seminary

Nicholas (Nicky) Benson Engel, 17-year-old son of Mr. and Mrs. E. J. Engel, 106 E. 24th Street, is in the second year of an arduous study program which could culminate with the solemn vows of priesthood.

The youth is in his second year at St. Anthony's minor seminary in San Antonio. The equivalent of a high school senior, Engel is studying Greek, Latin, church doctrine and other classical subjects.

He must take two years of college work before he can graduate from the minor seminary.

NICHOLAS ENGEL

GARDEN CITY
Engel attended public school at Garden City from the third through the 10th grades after his parents moved here from Graham, Okla. in 1954. He has two married brothers, Gary Engel and Eddie Engel, both of whom live on the old San Angelo Highway.

Engel's aim is to join the Oblate Fathers, a missionary order of priests. The Order has missionaries in many parts of the world.

Following his studies in the minor seminary, Engel will become a novitiate of the Oblate Fathers Order. The year as a novitiate will be spent at Sarita near Kingsville, where he will continue studies of the scripture and the history of the Order.

EXPERIENCE
Father Francis Beazley, resident priest of the Immaculate Heart of Mary Church where young Engel was a parishioner, said the Order gives Novice Priests practical experience in the application of their religious training.

Engel will take his first vows upon completion of a year's

training with the Order. Then he will enroll in St. Anthony's major seminary in San Antonio for an additional seven year's study of theology, philosophy and church history.

He can qualify for the final vow of a priest after three years study in the major seminary. "The final vow is for life," Father Beazley said.

The Big Spring priest said Engel decided on studies for the priesthood after attending a one-week workshop at St. Anthony's following his sophomore year at Garden City in June of 1962.

"The workshop affords students an opportunity to see what seminary life is like," Father Beazley said.

Headquarters of the Oblate Heart of Mary Church where young Engel was a parishioner, said the Order gives Novice Priests practical experience in the application of their religious training.

Engel will take his first vows upon completion of a year's

LATTER DAY SAINTS
Priesthood meeting, 8 a.m., 10 a.m. Sunday school; 6 p.m., sacrament meeting.

WORSHIP IS MANDATORY

Many church members seem to feel that worship is optional and unimportant. Actually, Scripture shows that it is mandatory and essential.

The lesson taught in this week's International Sunday School Lesson should be a guide to us all in making our services of worship more helpful to those who attend and more glorifying to God.

The purpose of worship, Christian worship service, is to bring spiritual profit, benefit and help to the participants. In worship all may learn spiritual truth or receive spiritual comfort.

True worship helps men and glorifies God.

Today's Golden Text taken from Colossians 3:16: "Let the word of Christ dwell in you richly in all wisdom; teaching and admonishing one another in psalms and hymns and spiritual songs, singing with grace in your hearts to the Lord."

SAVORING THE THINGS THAT BE OF GOD
Men often worship the will of the majority. So often people fear to stand for a given principle lest they fail to palliate and soothe the will of a given majority. Fear, politicking, dodging to savor and favor the will of other men describes a sin of every age. Men are afraid of other men, they are not afraid of God. Men tend to worship other men. Men tend to exalt their own opinion of themselves!

Jesus said to Peter, "Get thee behind me, Satan: thou art an offence unto me: for thou savorest not the things that be of God, but those things that be of men." —Matt. 16:23. This rebuke against Peter was brought about because he objected to Jesus' telling him and the other disciples about His forthcoming clash with the elders, chief priests and the scribes. He objected to what Jesus said about His being killed and raised again the third day. "Be it far from thee, Lord, this shall not be unto thee." Jesus called him "Satan." In this Jesus put into one word the meaning of another. Peter was, in this, following the devil — savoring the things that be of men.

Politically this is so often the sad story. It seems that some who should lead men for their welfare lead for their "ill-fare" by seeing which way the crowd is going, then running in front of it.

What is taught in the Bible regarding baptism as well as faith should be taught without savoring the things that be of men. This applies with equal force to matters of Christian Living and to the minister as he preaches and the listener as he hears. We must seek to savor the things that be of God, not of men!

Elbert R. Garretson, minister

Shall I force my child to go to Sunday School and Church?

Yes, definitely! Startled? Why? How do you answer Lucy when she comes to the breakfast table and announces, "I'm not going to school today!" You know, Lucy goes.

How do you answer when Lucy comes in besmudged with dirt and says, "I'm not going to take a bath!" You know, Lucy bathes.

How do you answer when Lucy, threatened with illness, says, "I'm not going to take that medicine!" You know, she takes it.

Why all this timidity, then, in the realm of spiritual guidance and moral training? Going to wait and let her decide what Church she'll go to when she's old enough? Don't fool yourself. By that time she'll probably believe that a decision neglected by her parents during her first twenty years might not be necessary at all. You didn't wait until she was "old enough" to decide she should go to school.

Afraid she'll later succumb to the old story about "... too much religion when I was young ... parents made me go?" This tale is obviously false. Just because she takes a bath tonight doesn't mean she'll discontinue them at the age of twenty-one.

What shall I say to Lucy when she announces she doesn't like Sunday School and Church? That's easy. Be consistent. By firmness and example you can show her that church-going is a necessity. And in later years, she will thank you for bringing into her life the greatest values a mature person can possess — Christian habits and ideals.

THE CHURCH FOR ALL · ALL FOR THE CHURCH

The Church is the greatest factor in the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and read your Bible daily:

- (1) For his own sake.
- (2) For his children's sake.
- (3) For the sake of his community and nation.
- (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

	Sunday Ephesians 5:8-17	Monday Jeremiah 18:1-10	Tuesday Luke 17:1-10	Wednesday Luke 17:11-21	Thursday II Timothy 3:1-7	Friday II Timothy 3:14-17	Saturday Ephesians 6:1-8

Strategy Meeting

Down in Garden City, the Bearkats haven't been idle as they get ready to meet the Imperial Longhorns in an important 6-B clash at 7:30 tonight. Chalk talks like the above are common. Jack Woodley, head coach,

points out some offensive maneuvers as sophomore end Riley Chandler (18) and sophomore quarterback Earl Plagens look on. Both boys are starters.

NFL Leaders Slated In Football Toughies

By JACK HAND
Associated Press Sports Writer

NEW YORK (AP)—Both the Chicago Bears and Green Bay Packers, heading toward their big rematch Nov. 17 in Chicago, face difficult challenges this weekend in important National Football League games. The Bears have been dragging in recent weeks but still are all even with the Packers in the Western Conference race. Now they have to face an improved Colt team in Baltimore Sunday. The Bears edged the Colts 10-3 earlier when Raymond Berry was out of action. Berry will be back for this one. Green Bay had its troubles beating Baltimore last week without Bart Starr and Tom Moore. Starr still is out but the Packers added Zeke Bratkowski to back up John Roach against tough Pittsburgh. The Steelers still have a shot in the East but they must take this one. Thanks to the Giants, things were better last week and the old average went up to 34.14 for the NFL. But the two-league total is 44-28-3. Let's try again: (All games Sunday unless otherwise indicated.)

NFL
Baltimore 17, Chicago 14—The old Johnny Unitas-Berry battery is back in action and the Bears have been struggling. Ron Bull may be sub par. The Colts led last time 3-0 going to the fourth quarter but lost 10-3. This time they'll go all the way.
Cleveland 35, Philadelphia 7—You don't stop Jimmy Brown two weeks in a row, especially with no running game. Sonny Jurgensen out of action and King Hill a doubtful factor.
New York 31, St. Louis 28—Looks like a tight fit but, when in doubt go with old pro, Y. A. Tittle, over the hottest kid in the business, Charlie Johnson. Cards have top catchers in Sonny Randle, Bobby Joe Conrad but Giants are on the move.
Green Bay 30, Pittsburgh 20—Tom Moore expected back but Ron Kramer is doubtful for Packers who have won six in a row since opening loss to Bears. Steelers' Ed Brown had hot hand against Dallas last week but Packers' defense is ruffled. The top field goal men will be in action, Lou Michaels for the Steelers and Jerry Kramer for Green Bay.
Detroit 21, San Francisco 10—Lion's defense too much for punchless 49ers who lost first meeting 26-3. Injuries to Nick Pietrosante, Larry Ferguson, and Ollie Matson force Lions to

count on Earl Morrall's passes. Dallas 28, Washington 24—Same old story for the Skins with that leaky pass defense and Don Meredith throwing. Norm Snead should have better luck, probing Cowboys' vulnerable secondary despite shakeup by Tom Landry.
Minnesota 28, Los Angeles 24—Could go either way with Roman Gabriel on a two-game winning streak. Both clubs banged up and Dutch Van Brocklin has whip out after losing four straight.
AFL
Boston 24, Houston 21 (Friday night)—A "must" for the Pats at home after loss to Buffalo. Tighter defense should shut down George Blanda and Charlie Tolar for upset win.
San Diego 28, New York 21 (Saturday night)—Figures all say San Diego with solid running of Keith Lincoln and Paul Lowe and passing of Tobin Rote. Jets made it close, losing 24-20 on the Coast and they are at home.
Buffalo 24, Denver 21—Jack Kemp over Mickey Slaughter in first of two-week home and home series.
Oakland 21, Kansas City 14—Flip a coin. The Chiefs collapsed in second half against Oilers. Oakland got hot with Cotton Davidson against San Diego. Oakland is home so they get the vote.

Rookie Is Leader In Almaden Open

SAN JOSE, Calif. (AP)—Babe Hiskey, a rookie professional who was born on a golf course, defied odds of 1.5 million-to-one with a double eagle Thursday and still wasn't happy. "I thought I might shoot 60," the 24-year-old University of Houston graduate said after his 35-31—66 gave him the co-lead with veteran Dutch Harrison in the \$25,000 Almaden Open as today's second round began. Hiskey, from Pocatello, Idaho was upset about three bogies on his final six holes. But the gallery, virtually none of whom saw the shot, was excited about the 185-yard iron shot Hiskey holed on the par five, 545-yard 13th hole. The tall, slender youngster, playing in only his 12th pro tournament, played the back nine first at Almaden Golf and Country Club and blasted a 350-yard drive on the dog-leg 13th. His second shot, with a No. 2 iron, bounced once and rolled into the cup. Hiskey's literal birth to golf came at Burley, Idaho, when he

failed to give his mother sufficient notice of his impending arrival. Harrison, 52, didn't take a single bogey on the 7,045-yard, par 36-36—72 course. Hiskey and Harrison were two strokes ahead of the fivesome of Jay Hebert, Jim Ferree, Dudley Wyson, Don Whitte and Alex Sutton.

the confident line

Those words could mean several things. They could mean the feeling of confidence you get from authoritative styling. Or they could mean the feeling of confidence you get from wearing clothes with lines as beautifully tailored as Kuppenheimer. In this case, they mean both things, which is why we say the Kuppenheimer Look is the Confident Look. Come in and try on a new Kuppenheimer, and you'll see why.

Texas Meets SMU In Crucial Contest

By The Associated Press

The Texas Longhorns, who've been getting top performances from a Ford, a Duke and a shoeless boy, risk their No. 1 national ranking and one of the country's four unblemished records against SMU Saturday on a college football program dotted with key conference clashes.

The Longhorns, 6-0, may be in for a stiff test from the sophomore-laden and upset-minded Mustangs, who upset Navy 32-28 earlier in the season. Texas squeaked by SMU last year 6-0 but may have to be stronger this time.

The Longhorns had difficulty

in their last two games in the tough Southwest Conference, beating Arkansas and Rice by a total of only eight points behind their three-pronged attack—rusher Tommy Ford, passer Duke Carlisle and Tony Crosby, who kicks in his stocking feet.

Second-ranked Illinois, meanwhile, collides with Purdue, third-ranked Mississippi takes on LSU, fourth-ranked Navy is at Notre Dame and fifth-ranked Auburn, the only other unbeaten-up in the Top Ten, meets Florida.

Sixth-ranked Oklahoma goes against Colorado, seventh-ranked Alabama faces Missis-

issippi State, eighth-ranked Wisconsin battles Michigan State, ninth-ranked Ohio State plays Iowa and 10th-ranked Pittsburgh goes against Syracuse.

The Mississippi-LSU game will be regionally televised as will the Air Force-Army game at Chicago and the Southern California-Washington clash.

While the Top Ten risk their rankings, Princeton and Bowling Green join Texas and Auburn as the only teams still guarding perfect records. Princeton tangles with Brown while Bowling Green takes on Miami of Ohio.

Almost all those games will have important bearing on the conference races.

BOWLING BRIEFS

TUESDAY COUPLES LEAGUE

Runnels Wins 7th Grade Game In Stanton, 12-0

STANTON — Big Spring Runnels' seventh graders slashed Stanton, 12-0, in a show of power here Thursday evening. The win was their third in five starts. John Patton roared 30 yards for the Yearlings' first score in the opening period. Luven Flores galloped 25 yards for the Big Springers' second tally in the second quarter.

Stanton threatened in the third round, advancing the ball as far as Big Spring's four. The Yearlings dug in, however, and threw the Junior Buffs back to the 17.

The Big Spring coaches played 26 linemen and seven backs. The Yearlings visit Snyder for a game with Travis next Thursday. The Yearling mentors called the win a "fine team effort."

Steel Work Ended

HOUSTON (AP)—The last structural steel was to be placed in the dome of Harris County's \$19 million domed sports stadium today in a "topping out" ceremony. The stadium is scheduled for completion next fall.

Hey Gram! I'm Standing Up

Roger Eric Beutel, who was two weeks old Thursday, gets a helping hand from his grandmother, Mrs. Jenny Nelson, as the tot shows newsmen how he can stand up. His grandmother told newsmen in Long Beach, Calif., that Roger can support his own weight while standing, needing only an adult arm for balance. She says the tot can take a few steps, walking with a slight stoop as he leans into an adult arm across his chest. (AP Wirephoto)

Big Military Construction Bill Awaits Kennedy's Pen

WASHINGTON (AP)—President Kennedy has a compromise bill on his desk to authorize \$1.642 billion for construction at 400 military bases, many in Texas. The Senate sent the bill to the President by voice vote Thursday. The House passed it 356-1 earlier. Senate-House conferees added \$250,000 for runway lights at Laredo Air Force Base. This was the only addition for a Texas installation made by the conference committee. Money to build the projects must be considered in separate legislation. The other Texas projects are (type of construction is identified by letter as follows: A, operation facilities; B, training facilities; C, maintenance facilities; D, research, development and test facilities; E, supply facilities; F, hospital and medical facilities; G, administrative facilities; H, troop housing; I, community facilities; J, utilities; K, ground improvements; L, real estate and M, family housing in number of units only Army — Aeronautical maintenance center, C, \$1,754,000; Ft. Hood, C, E, G, H, J, \$7,018,000; Ft. Sam Houston, H, J, M, 204 units, \$216,000; Camp Wolters, A, \$257,000. Navy—Naval Air Station, Corpus Christi, A, B, H, \$208,000. Air Force—Amarillo AFB, B, F, \$3,958,000; Bergstrom AFB, Austin, A, H, \$463,000; Biggs AFB, El Paso, A, \$174,000; Brooks AFB, San Antonio, B, D, H, L, \$1,153,000; Carswell AFB, Fort Worth, A, J, \$841,000; Dyess AFB, Abilene, H, \$653,000; Kelly AFB, San Antonio, C, F, G, H, \$4,345,000; Lackland AFB, San Antonio, F, H, \$1,394,000; Laughlin AFB, Del Rio, A, C, J, \$909,000; Randolph AFB, San Antonio, A, G, L, \$3,044,000; Reese AFB, Lubbock, A, J, L, \$504,000; Sheppard AFB, Wichita Falls, B, E, H, \$1,723,000; Perrin AFB, M, 100 units.

Carr Addresses Methodist Group

AUSTIN — Attorney General Waggoner Carr will address the annual meeting of the board of trustees of The Texas Methodist Foundation here Tuesday. The attorney general will speak on "Charitable Foundations—Their Place and Future." The Texas Methodist Foundation is guided by thirteen directors elected from the trustees representing the Annual Conferences of the Methodist Church in Texas. Horace Garrett of Big Spring is a member of the board of trustees.

School In Mission

MISSION (AP) — K. S. Wendler Construction Co. of Austin is the apparent low bidder for a new high school in Mission. The bid was \$954,842.

Thus the devil played at chess with me, and yielding a pawn, thought to gain a queen of me, taking advantage of my honest endeavors. —T. E. Brown

DAILY GUIDE — The Full Moon in Taurus draws in the influence of Neptune in Scorpio, so you can expect that some mystery or illusion could cloud the usual practical approach expected when the moon is in Taurus. Those born at the end of April can expect a culmination of some personal interest. They need to be very wary of accepting favors, of supposed advantages offered, but can be highly creative and lucky if they keep their wits about them.

For all it is a time of bringing projects started two weeks ago to a peak, of riding the crest of the high tide of energy and emotion, but with the appearance of things, temptation to overlook tricky situations.

November brings an emphasis in action for Sagittarians, Geminians, Pisceans and Virgoans, with special accent for the first two. Critical opposition can give trouble.

Lively and variable weekend with much action, travel talk.

HAPPY BIRTHDAY, SCORPIO! The unusual friends made in the past two years may be in conflict with some old ties during the summer months. February can bring a renewal of some problem at home base or with parent or domestic tie.

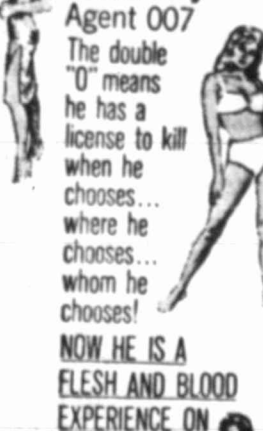

You are well favored, from April on for a year, to receive advantages through your alliances, including marriage. Seek favors, especially in June and December, when you may be expanding dramatically. This coming week voice your ideas, but check carefully for mistakes or unrealistic plans. Keep your eye on finances, also, as some unexpected complication can catch you unawares.

City Officials Attend Meet

Nine Big Spring city officials will attend the annual conference of the Texas Municipal League, to be held Sunday through Tuesday in Houston, according to City Manager Larry Crow.

Expected to make the trip are Crow, Assistant City Manager Roy Anderson, City Secretary C. R. McCleary, Director of Public Works Ernest Lillard, Police Chief Jay Banks, Mayor George J. Zachariah and Commissioners W. L. Thompson, Arnold Marshall and John Stanley.

Crow said most of the officials are going in separate cars, leaving for Houston Sunday morning and returning Tuesday night.

Robert Willis, mayor of Livingston, is president of the Municipal League. The primary objective of municipal officials at the conference will be to find the best solution to local revenue needs for all of Texas.

Stadium Baptist Sets Revival

The Stadium Baptist Church has scheduled its autumn revival for Nov. 17-24 at the new church sanctuary at Tulane and Rutgers.

The pastor, Rev. J. W. Arnett, will serve as the evangelist, and Joe Peay, who leads singing at congregational worship of the church, will direct music. Services will be held at 10 a.m. and 7 p.m.
