## McCormack Takes Issue With Critics

WASHINGTON (AP) — The head man in the House of Representatives took sharp issue Saturday with critics who claim Congress has been in session too long and done too little this year.

### Shooting Stops On Morocco, Algeria Front

ALGIERS (AP) — Shooting stopped late Saturday in all sectors along the contested Algerian-Moroccan frontier, Algerian field headquarters announced Sunday.

The end of hostilities was announced 24 hours after the official cease-fire went into effect at midnight Friday. The report said an artillery duel in the Figuig-Beni Ounif sector ended by early evening and no engagements had been fought since.

The report came from Algerian headquarters at Colomb-Bechar after both sides in the undeclared frontier war traded artillery and machinegun fire in violation of the Bamako ceasefire agreement.

Each side accused the other of violating the agreement within minutes after it came into effect.

Morocco had dispatched troops to its eastern frontier and military duels shattered a brief calm Saturday in the sector bordered by the Moroccan town of Figuig on the north end and the Algerian town of Beni Ounif on the south end.

Algerian authorities said 105-mm Moroccan shells ripped in to Beni Ounif 23 minutes after midnight Saturday and kept coming for 20 minutes. The Algerians said they ordered their artillery to return fire later.

Morocco charged the Algerians fired in Figuig Saturday after the ceasefire deadline.

### Terrorists Kill Two In Venezuela

CARACAS, Venezuela (AP) — Pro-Communist terrorists firing a machine gun killed two policemen Saturday in a patrol car in Caracas.

One terrorist was wounded but his companions picked him up and fled in a car.

Police blamed the attack on the Armed Forces of National Liberation — (FALN) — which is trying to topple President Romulo Betancourt's government.

The ambush brought to 35 the number of Caracas policemen slain by terrorists in the last three years.

### Reviewing The Big Spring Week

With Joe Pickle

What a halftime sight that was—those 250 or more band members from Big Spring High, Goliad and Runnels Junior High Schools. And what a thriller that was on the football field with the Steers annexing another victory and keeping alive their title hopes. Every department rated praise, but the defensive play in the line and superb kicking turned the tide.

Winter sent out its warnings last week, but the predicted light frost did not materialize unless in a few light places. Nevertheless, the 49-degree readings were in frigid contrast to the balmy summer temperatures which had held on.

The United Fund needs your help. It needs it now. You may be one of the several hundred who have not yet made a gift. If so, won't you consider a worthy gift? You may be one of the workers who has not yet completed his job; if so, won't you please vow to get after it Monday?

The grand jury last week re- (See THE WEEK, P. 8-A, Col. 5)

## Foreign Aid Facing New Senate Fight

WASHINGTON (AP) — Senate foes of foreign aid, facing a tough task in cutting the authorization below \$3.8 billion, turn next to an effort to terminate the present program in 1965.

Sen. Allen Ellender, D-La., a long-time critic of the present system, said Saturday he will join in the fight for an amendment to wind up the current program June 30, 1965.

This amendment also would limit assistance after that date to no more than 50 countries meeting what Ellender called "very strict criteria." More than 100 countries now receive aid.

Sen. Wayne Morse, D-Ore., will call up such an amendment sometime next week after the Senate resumes debate Monday on a compromise \$3.8-billion authorization bill backed by Democratic and Republican leaders.

The bill cleared its first major hurdle Friday when the Senate voted 46-29 to reject a Morse motion to send it back to the Foreign Relations Committee with instructions to take a second look and return it no later than Nov. 8.

Sen. Everett M. Dirksen, R-Ill., the Senate Republican leader, sponsoring the compromise measure with Majority Leader Mike Mansfield of Montana, interpreted that vote as an indication the Senate finally will approve a figure pretty close to the \$3.8 billion.

How long it will take to reach a final vote, however, neither Mansfield nor Dirksen would predict.

Morse and a group in revolt against the program have now piled up more than 50 amendments on which they seek separate votes.

Some of them will be offered to the pending compromise proposal which slashed \$385 million from the committee bill in an effort to take the steam out of demands for much deeper slashes.

# U. S. Will Recognize Reform Government

## Claims No Part In Changeover

WASHINGTON (AP) — The United States is preparing to recognize the new South Viet Nam regime early this week — probably Monday—following the formation of a mixed military-civilian government.

U. S. officials disclosed this Saturday after President Kennedy canceled plans to attend an Air Force Academy football game in Chicago to confer with top military and State Department advisers at the White House.

The major concern at the conference was the steps to be taken in the U. S.-backed war against the Communist guerrillas.

While the administration had said without qualification that the U. S. government had no hand whatever in the coup which overthrew the South Vietnamese government, there was no mistaking that officials were hopeful that the change forecast an improved tide of events for the future in the troubled Asian country.

Kennedy had said in a Labor Day interview that changes in policies and personnel were in order in the South Vietnamese government.

Among those in attendance were Secretary of State Dean Rusk, Secretary of Defense Robert S. McNamara and Gen. Maxwell D. Taylor, chairman of the Joint Chiefs of Staff.

Beside the question of recognition, informants said the top officials discussed the composition of the new Saigon government and the resumption of U. S. economic aid programs, which have been curtailed in the last two months.

The military group headed by Gen Duong Van Minh is expected to continue to hold sensitive Cabinet posts such as the ministry of defense, interior, police administration and all activities connected with the war effort.

The United States apparently bends in the public announcements of the military committee assurance that South Viet Nam will return to a constitutional democratic form of government.

The suspension of some aid programs has not led to food shortages, but there have been speculative price increases and hoarding of flour, cement, chemicals and steel products.

## Calls Husband's Death 'Murder'

Mrs. Ngo Dinh Nhu at her news conference in Beverly Hills charged that the deaths of her husband and brother-in-law in South Viet Nam "were murders, either with the official or

unofficial blessings of the American government." She said their deaths "cannot be hidden under the label of suicide." (AP WIREPHOTO)

## Tho Named New Leader Of Viet Nam

TOKYO (AP) — South Viet Nam's new premier, Nguyen Ngoc Tho, is a slender, 55-year-old Buddhist who was vice president under Ngo Dinh Diem.

In a nation where politicians are sometimes considered divided on northern and southern lines, Tho is regarded as a southerner.

His background contrasts sharply with that of the toppled chief of state, for Diem was a Roman Catholic and, in the eyes of many of his people, a northerner.

Tho was born May 26, 1908, in Long Xuy province—a part of Cochinchina under French colonial administration. He joined the civil service at 22 and became a "mandarin" like Diem.

But while Diem was characterized by northern rigidity, Tho was considered endowed with southern warmth and charm.

These qualities made him something of a mediator for the Diem government, which he served from its birth in 1954—to all appearances with loyalty.

His reputation of being a go-between might be one reason why the generals who toppled Diem picked Tho to head a stop-gap regime.

Diem named Tho to head a special government committee during the Buddhist crisis last summer to deal with Buddhist grievances. But Tho was given no real powers and was unable to solve the dispute.

## Dragon Lady Blames Americans

LOS ANGELES (AP) — Mrs. Ngo Dinh Nhu Saturday angrily denied that her husband and brother-in-law could have taken their own lives in a revolt from South Viet Nam—and then, a few hours later, summoned a priest to her hotel room.

She sent for the priest as Saigon reports were describing photos of bodies identified as those of Mrs. Nhu's husband, the nation's secret police chief, and his brother, President Ngo Dinh Diem.

The insurgents now in control say both are dead, victims of suicide.

An aide in Mrs. Nhu's party said that she was distraught and fearful for the lives of her three younger children, whom she believes were in the presidential palace during the blazing battle which toppled the Diem regime.

At a news conference earlier Mrs. Nhu, her voice choked with emotion, had declared that "any crime committed against the Ngo family cannot be hidden under the label of suicide."

"I can confirm that suicide has always been considered as incompatible with our religion," Mrs. Nhu said at her hotel.

In a prepared statement she said many Asians had told her: "Whoever has the Americans as allies does not need any enemies."

"I did not believe them," she continued, "but if the news is true, if really my family has been killed with either the offi-

## Reds Claim U.S. Helped In Overthrow

TOKYO (AP) — Communist North Viet Nam and the Soviet Union claimed Saturday the United States is behind the overthrow of President Ngo Dinh Diem's government in South Viet Nam.

North Viet Nam, which is supporting the Viet Cong guerrillas waging war in South Viet Nam, said outright the United States "organized the coup d'etat in Saigon."

Moscow noted that U. S. officials had denied involvement. "But nobody believed these denials," the Soviet government newspaper Izvestia said.

Hanoi radio noted that the leaders of the coup are as much opposed to communism as they were to Diem.

A broadcast said "The fact that the U. S. imperialists have organized a coup has shown ever more clearly their true nature as aggressors."

# Crowds Celebrate Diem's Downfall

SAIGON, South Viet Nam (AP)—Jubilant crowds celebrated the downfall of President Ngo Dinh Diem and his brother Ngo Dinh Nhu Saturday.

Victorious military leaders freed Buddhist monks from jail and set up a Buddhist-led provisional regime, suspending the constitution and dissolving the National Assembly.

They declared the president, 62, and his adviser-brother, 52, committed suicide. The junta of 16 generals said the brothers shot themselves upon being captured after, once slipping through the troops surrounding their shell-pocked palace.

There was a rumor that the two were shot resisting arrest, another that they had in fact escaped. But it appeared likely that the two brothers — Roman Catholics who guided this largely Buddhist nation for the last nine years—were indeed dead.

While Vietnamese crowds excited in the streets, Gen. Duong Van Minh and his revolutionary junta named Nguyen Ngoc Tho, 55, a Buddhist, as premier for a provisional civil government. He was vice president under Ngo Dinh Diem but had little power.

Whether Tho becomes a real administrator or a figurehead under military control, U. S. of-

icials expected South Viet Nam to drop preoccupation with its political-religious crisis and step up the American-backed war against Communist guerrillas.

Censorship imposed in Saigon at the outset of the uprising Friday was eased. Censors permitted transmission of a backlog of news stories, some being delayed.

CEASE FIRE  
 Detachments of the army, marines and air force headed by the junta battled down resistance of palace guard and elite special forces in an 18-hour fight that ended shortly before dawn. A cease-fire was called.

The generals told newsmen the brothers slipped out of their hands during the cease-fire, apparently boarding a departing truck while casualties were being hauled from the blasted grounds of the palace.

The brothers sought refuge at a church in a Chinese quarter of suburban Cholon. Though the Roman Catholic Church condemns suicide, Radio Saigon said the two took their own lives after being arrested.

Indicating they had been free several hours, the junta said they killed themselves at 10:45 a.m.

had actually been slain by revolutionary troops and that the generals were presenting their death as suicide to avoid embarrassment.

The military men had said Friday night the brothers would be allowed to leave the country if they surrendered peacefully.

The junta announced casualties on the revolutionary side had been only about five killed and 20 wounded. Casualties of the loyalist troops were not known, but they also appeared fairly light.

Crowds around the shattered palace cheered tank drivers, marines and other troops who spearheaded the revolution.

Wild scenes of enthusiasm greeted Buddhist leaders when they returned to their pagodas after release from jail.

FLOCKED  
 Emotional Buddhists flocked around them in the cloisters in Xa Loi and An Quang pagodas that had been deserted since Diem cracked down on pagodas Aug. 21.

One of the foremost monks regarded as a key organizer of the Buddhist cries of persecution into a movement that eventually led to Diem's downfall. There was speculation they

### ACHIEVEMENT DAY

## Webb Officer Tells Of Turkey

Some 80 per cent of Turks make their living on the farm, according to Lt. Robert Horning, guest speaker at the Achievement Day program Saturday for County 4-H Club members.

Awards were given at a barbecue lunch in the National Guard Armory. The day's activities also included steer and lamb showmanship judging at the Rodeo Arena and home-making contests at the Armory. These activities preceded the presentation of achievement awards.

(See Page 6-A for award winners)

Horning is stationed at Webb AFB. He participated in the International Farm Youth Exchange Program during June through December of last year, living with 13 different Turkish families.

He told of his experiences in Turkey as an exchange student. Farmers in Turkey live together in small villages, and they raise a wide variety of crops on the surrounding land.

Lt. Horning said, "Most of the work is done by hand but some of the rich farmers use modern machines which they buy from other countries," he added. Tractors are used primarily for transportation.

Commenting on the wide variety of products grown in Turkey, Lt. Horning noted that Turkish villages "are self sufficient."

Pointing out differences in social customs, Lt. Horning said the Turks sleep, sit and take their meals on the floor. "The people there eat yogurt but do not drink whole milk, and most of the cooking is done with olive oil," he said. Turkish men eat separately from the women and children, and the cooking is done outdoors, he said.

"There are 15,000 4-H Club members in Turkey although the clubs were organized only 10 years ago," Lt. Horning said. The motto of students who participate in exchange programs abroad is, "Learning Another Way of Life by Living It."

Bud Saunders, local 4-H leader, opened the program with a review of past 4-H accomplishments, and the speaker was introduced by Herb Helbig, county farm agent.

Some 300 persons attended the program. Ed Carpenter, former county judge and state representative, presented the awards.

## United Fund Edges Ahead

Bolstered by reports from the Southwestern Bell Telephone Company employees and a final report from Webb AFB, the United Fund edged up Saturday to \$87,399.40.

This was 83.3 per cent of the goal for the campaign, which previously had been set to end by mid-November. The gain for the week was \$7,631, or 6.6 per cent of the quota.

Webb AFB made its last report Friday, showing over \$11,700, or 18 per cent more than its goal. This is one of two divisions so far to exceed its target in the campaign, said Jack Y. Smith, campaign chairman.

The out-of-town division was the first to go over. (See Page 3-A for more on United Fund.)

Southwestern Bell employees came in 100 per cent strong in

their support of the United Fund, one of the few larger groups to achieve total participation, the chairman said.

While the response Friday was encouraging, Smith noted that reorganization of the campaign in several divisions will have to be undertaken this week. Major amounts are still outstanding in some divisions, notably the big gifts and the employees groups.

While the present percentage is commendable, Smith said that an earlier start had been made this year, hence the campaign should actually be further along. In the West Texas area, some other cities were doing better. Stamford and Levelland were over the top, and Midland and Odessa, after staying abreast as to percentage, were beginning to pull away.

### The BILL OF RIGHTS

The Herald is proud to announce that it now has available the second in the AMERICANA HISTORICAL DOCUMENTS COLLECTION. This one is a reproduction of the BILL OF RIGHTS, the cornerstone of American democracy, and a cherished item that every home should have, every child should be familiar with.

This is on beautiful antiqued parchment that looks and feels old. It is offered as a public service for only 26¢, including sales tax. You may order by mail, or drop by The Herald office.

Some copies of the DECLARATION OF INDEPENDENCE also are on hand. May we urge you to consider joining in this wonderful collection of historical Americana?

### Goliad Choir Entertains ABC Friday

The Goliad Junior High School choir entertained American Business Club members at the service organization's regular Friday luncheon at the Settles Hotel.

Numbers offered included "Praise to Thee We Sing," "Story of the Creation" and "Country Style." During the latter song, the group was accompanied at the piano by Ann Garrett.

Bob Hickson, ABC president, reported that 11 charter members had been recruited for a proposed club in Lamesa and thanked members for helping create interest in the Ambuc movement there.

Hickson also stated that the first Friday of each month would henceforth be set aside as "Big Hat" Day within the club. A Texas-styled hat goes to each member recruiting at least three members into the club in a year's time.

Team captained by Walter Stroup and Joe Clark are leading in the attendance contest being staged within the club, each with a total of 68 points.

Other teams, and their point aggregate, include:

Tom Marr, 59; Pete Hull, 53; Byron Neel, 49; and Richard Hughes, 28.

The contest extends through November, after which the winning contingent will be treated to a party by the losing teams.

Gordon Myrick and Henry Bell were introduced as new members while Curtis Kelley and Melvin Lindsey were included among the guests present.

Lindsey spoke briefly on the Big Spring High School football team. He is first assistant coach at the local school.

### Fall Festival Slated Monday By Martin C-C

STANTON (SC) — A Fall Festival and chili supper, sponsored by the Martin County Chamber of Commerce, will be held downtown Monday. The festival will kick off the chamber's annual membership drive, and will be held from 4 to 7 p.m.

An automobile show and implement display will be featured, and a Lions Club band will furnish music. Old-fashioned, homemade chili, with or without beans, will be served.

### GOD AND MAN

"Questioning God's Righteousness" and "Taking God's Place" are not only my sermon title today (10:30 a.m. and 7 p.m., respectively), but are two awful things of which we human beings are often guilty. I wonder if we realize it.

Come and study these vital subjects with us today. Come in time to get your children in Bible classes suitable to their ages, while you attend the adult class in the auditorium and study Revelation chapters 4 and 5. You will be glad you came. So will we.

You are also invited to attend our mid-week Bible study each Wednesday evening, 7:30.

We are presently studying the Old Testament. Also attend one of our ladies' Bible classes. The class for "working girls" is Monday, 7:30. The other class is Thursday morning, 9 o'clock. Both classes are studying The Women of the Bible. You are always welcome. Review of leaflet will continue Monday.

H. Terbel, preacher, church of Christ, 1900 West Highway 80, where you are always welcome. —Adv.

By SAM BLACKBURN Broadway has seen a successful comedy titled "Unsinkable Molly Brown."

Murder records have a well known classic account of bungled homicide captioned "Indestructible Mr. O'Malley."

To this list may we add the saga of "Smoky, the Unlovable Cat?"

To all practical purposes Smoky, who is a lanky feline of ebony hue and clearly a fine specimen of the species *Felix Domesticus Allicatus*, lives at 1307 Baylor.

This, on the records, is the residence of Mr. and Mrs. Sherill B. Carroll and their 5-year-old son, Pat, who is probably Smoky's best friend.

#### DEMONSTRATED

Smoky, on two recent occasions, has demonstrated his penchant for (1) getting lost and (2) making his way home.

Mrs. Carroll said that Smoky originally was the property of a neighboring family. Prior to last August, this family pulled up stakes and moved to Abilene. Smoky was out on a stroll when the time for the family to leave arrived. They could not find him and had to go on their way leaving the cat behind.

Smoky showed up, noted that his erstwhile home was vacant, and calmly moved in with the Carrolls. This suited Pat to a tee—he and Smoky had been friends for a long time.

On Aug. 10, the Carrolls were to leave on their vacation. Their route took them through Abilene. They decided to take Smoky and reunite him with his old family. They loaded him in the car and away they went.

Smoky is not a good traveler. He developed violent car sickness and began to indicate general displeasure at his plight. His conduct became such that there was no alternative for the Carrolls but to disembark Smoky.

#### LEFT HIM

This they reluctantly did near Colorado City. They went on their way, enjoyed their vacation and returned home. From time to time they pondered what might have happened to Smoky.

Five weeks later, almost a day, they found out.

Smoky showed up at their back door, black and sleek as ever and as fat and as his lanky form ever is. He did not discuss how he made the 40 mile hike back from Colorado City. Nor did he reveal where he had kept himself most of the five weeks he had been gone.

SMOKY, THE UNLOVABLE CAT Pat Carroll, 5, and his persistent feline pal

All he wanted was to move back in, take up life where he had left it Aug. 10. This, the Carrolls agreed, was not unreasonable so the plan was adopted.

Late in September, Smoky developed ringworm as cats are prone to do. This made him an unfit playfellow for Pat and his brothers and sisters. It also made Smoky unfit for house occupancy. He was relegated outdoors and did not like it. Two stray kittens showed up and to Smoky it seems they got more than a fair share of the Carroll love and attention. To punish his faithless associates, Smoky left home.

Later, Bob Baker, the city animal warden, called Mrs. Carroll, on Oct. 28.

"I've got your cat over here at the city pound," Baker reported.

He had picked up the black cat, noted he had a collar and vaccination tag. He checked the tag with the veterinarian and found the name of Smoky's owners.

So Smoky's back home again. He is even more reticent about his doings this time than he was about the Colorado City interlude.

"My business," he purred in reply to questions.

This week—Nov. 3-9, is National Cat Week.

May the name of Smoky be submitted as the logical choice for Big Spring's Cat-of-Cat-Week?

### DOWN FOUR PER CENT

AUSTIN (AP) — Texas business made a poor showing during September, the Bureau of Business Research at the University of Texas said Saturday.

Dr. John Stockton found business barometers 4 per cent below August.

"This index revealed a rather erratic character during 1963, but if the monthly figures are smoothed, it appears that a turning point in the business cycle has not yet been reached," Stockton said.

"The continued hesitancy of the index to advance to higher levels confirms the conclusion that the current expansion is slowing down."

The first three quarters of 1963 still were 4.5 per cent above 1962.

A major influence in September decline was an 11 per cent drop in retail sales from August. Sales were 3 per cent lower than last year.

Auto sales dropped 20 per cent. Low dealer inventories were blamed.

Sales of nondurable goods made a poor showing. Apparel store sales were off 12 per cent. Hot weather kept winter buyers away.

Individual incomes climbed during September, a factor inconsistent with lower retail sales.

Oil production declined 3 per cent, and runs to stills dropped 4 per cent.

"None of the above barometers offers much encouragement with respect to further increases in the level of Texas business," Stockton said.

Of 20 cities reporting business trends, five showed total increases from August to September. These were Amarillo up 4 per cent, and Abilene, Beaumont, San Antonio and Wichita Falls, each up 1 per cent.

### Snake Hunt Dates Firmed

Jaycees have announced dates for their second annual rattlesnake roundup and have set sights on 5,000 snakes.

The roundup will be held March 20-21-22 at the Howard County Fair Grounds.

Last year the first roundup resulted in over 2,000 rattlers being caught, milked (of their venom) and disposed of.

"This year we hope that 5,000 snakes will be caught and brought to the pit," said Dr. Jesse Jackson, chairman of the roundup.

He said that Shelly Downs of Miconopy, Fla., is being contacted to act as curator of reptiles and consultant herpetologist. If he accepts, he will bring a collection of snakes, alligators and other reptiles from Florida for display.

Bill Ransberger, Sweetwater, has been asked to conduct the lectures and demonstrations in

the snake pits. The Texas Parks and Recreation Department has been asked to send its wildlife display to the roundup. This particular exhibit shows most of Texas animals alive and in their natural habitat.

### Flow Not Stopped

PRETORIA, South Africa (AP)—International criticism of South Africa's race segregation policies has not stopped the flow of immigrants into the country, the government's Statistical Bureau reports. A total of 24,235 persons came to live in South Africa during the first nine months of this year, 10,000 more than in the same period last year.

### IN 1900 THIS GIRL WAS EVERY RED-BLOODED AMERICAN'S DREAM.

Actually she still looks pretty good, if it weren't for those old fashioned clothes.

Same way with diamonds. They look best today with a modern setting to match your modern young woman. Like the ones you'll find in Zale's CONSTELLATION diamond designs. Here's truly magnificent up-to-date design that sweeps cleanly into a perfect setting for the brilliant Zale diamond. Unless you're courting a Gibson Girl, you'd better see the CONSTELLATION diamond collection at Zales. Where you'll also get modern credit terms to match.

*Constellation* DIAMOND DESIGNS

From the Constellation Collection of distinctive diamond designs: left, scintillating solitaire in six-prong mounting with interlocking wedding band, \$195; right, bridal pair with 7 superlative diamonds in a swirling setting of modern classic beauty, \$395. Your Zale Jeweler will be delighted to show you the many other unusual contemporary settings in the new Constellation Collection.

### Webb Closes Campaign With Bonus

Webb AFB closed out its most successful United Fund Drive Friday with a total of \$11,768.48—\$1,768.48 over its goal of \$10,000. Brig. Gen. Howard J. Withycombe, 3560th Pilot Training Wing commander, expressed his appreciation for the support of officers, airmen and civilian employees.

Of the 17 Webb-based units and the four separate activities reporting, only three failed to make their 100 per cent. One unit, the 420A Field Training Detachment, reported its quota oversubscribed by 110 per cent.

Lt. Col. Jay Lauer, project officer, reported the units making and exceeding their goals were: 420A Field Training Detachment—210 per cent; Detachment 32, Central Air Rescue Center—193 per cent; 3561st Pilot Training Squadron—174 per cent; 3560th Pilot Training Squadron—123 per cent; Headquarters, 3560th Air Base Group—119 per cent; 3561st Student Squadron—113 per cent; Resident Auditor—108 per cent; Detachment 16, 24th Weather Squadron—107 per cent; Detachment 2, 2953rd Air Force Communications Service—101 per cent.

Units making their goals of 100 per cent were: 3560th Supply Squadron, 3560th USAF Hospital, 331st Fighter Interceptor Squadron, Office of Special Investigations, and the ATC Manpower-Validation Team.

### Extra Dividend

Brig. Gen. Howard J. Withycombe, commander of the 3560th Pilot Training Wing, presents an oversize check, symbolizing

Webb's contribution of \$11,768.48 to the United Fund Drive, to Winston Winkle, co-chairman of the drive.

### Showers Fail To Give Needed Ground Moisture

COLLEGE STATION (AP)—About 95 per cent of the sorghum was harvested. The soybean and sesame harvests were picking up speed. Most of the district was dry. Rain was needed on ranges and grain and in dryland areas for plowing.

Light showers to three inches of rain fell in half of the Rolling Plains. Moisture was adequate in three counties. All others need rain.

Scattered showers fell over most of the North Central Texas but more are needed. Grain planting is in all stages. Some is being replanted because of poor germination. Livestock feeding is on and stock water is short.

Moisture is very short in Northeast Texas where most crops have been harvested. Pastures were below average and cattle were losing weight. Some hay is being fed and heavy herding is being done. The market is strong. Many counties were asking for emergency relief.

Scattered light rains in far West Texas helped but a general rain is needed for range plant growth. Livestock are in fair to good condition. The cotton harvest is making good progress. Some gins are operating around the clock. Irrigated small grains are furnishing good grazing.

West Central Texas is short on moisture. The cotton harvest

### Notes Decline For Building In September

AUSTIN (AP)—Total building in Texas dropped 17 per cent from August to September, the Bureau of Business Research at the University of Texas reported Saturday.

"This decline reflected a cut-back in permits issued to build both residential and nonresidential buildings," said James Kelly, a researcher.

The largest declines appeared in one-family dwellings, apartment buildings, hospitals, stores and mercantile buildings.

This decrease in building activity represented a drop in dollar value of \$18.2 million from August to September.

"The dollar value of permits issued in Texas for the first nine months of 1963, however, was 3 per cent greater than the estimate of the same period in 1962. Building construction authorized in Texas in 1963 totaled almost \$1,200 million in the first three quarters compared with a total valuation of \$1,168 million in the same three quarters of 1962," Kelly said.

**German Escapes**

MEXICO CITY (AP)—German convict Heinz Karl Franz Mens now has escaped the Ixtapalapa Prison. Convicted of theft, he broke out of the preventative city jail Lecomberri earlier this year.

### Ejects Safely

DALLAS (AP)—An Air Force pilot ejected safely Saturday before his F86 jet fighter crashed in a field in Grand Prairie. He is Maj. Henry Smythe Jr. of Dallas.

LETTERS TO EDITOR

Cites Heavy Revenue From State Poll Tax

To the Editor: Your editorial on the "Poll Tax Issue" stated that the revenue loss through doing away with the poll tax is inconsequential and should not be a consideration. Just for those who like to think for themselves let's look at the record. The voting poll tax receipts for the years 1956 through 1963 are: 1956—2,112,177; 1957—1,667,562; 1958—1,770,811; 1959—1,525,790; 1960—2,239,189; 1961—1,712,992; 1962—1,973,685; 1963—1,654,895; total 14,657,011. At \$1.75 each this would be an inconsequential total of \$25,649,769.25. Our schools received \$14,657,011.00 of this (which will have to be replaced by another source). Our State's

General Fund (you remember the one that was in the red most of this time) received \$7,328,305.50. Our counties received \$3,664,232.75. During this same period 2,589,890 exemption certificates were issued, all free, mostly to old people. Under terms of the 58th Legislature's law, which I hope never goes into effect, these people would have paid \$647,472.50. The most inconsequential amount and the one you failed to mention is the difference between \$1.75 and 25 cents for those paying only one poll tax per year. The poll tax by any

other name could win November 9th on its merits. JOHN CURRIE 903 Dallas To the Editor: "Give me a man who likes to read" and I'll give you an athlete or a tired man. Parking and making the long climb to the door of Howard County Library is quite a task. Add to this bad weather, a few small children or a heart over 50 and it is an accomplishment. When curiosity prompted my asking, I was told that elderly patrons usually make the climb only once. After that, they choose to rely on another to select their reading, thus missing the pleasure of browsing or research of some interest. Recent necessary safety measures have taken half the few convenient spaces for cars on 6th Street. It seems hard to believe there are only 19 steps to climb. Could you envision in the future perhaps a combined City-County Library? Set in one city block with parking all around? Big Spring is growing. The rest of the county is keeping pace.

Progress urges such a library facility. Let us hope it can be included in the expansion plans of the near future. Thank you so much for the wonderful American privilege of writing to the editor! MRS. H. J. ROBERTSON Box 283 Coahoma. Veterans Day To Be Holiday Veterans Day—Nov. 11—will be a holiday for the Howard County Courthouse offices, but the road and bridge crew will be working. Lee Porter, county judge, said the commissioners court approved the Nov. 11 holiday but that the road and bridge department asked that it be given another day off later on and that it be allowed to waive the Veterans Day layoff. The courthouse, under the holiday rule, will close at 5 p.m. Friday Nov. 9 and reopen for business at 8 a.m. Tuesday, Nov. 12.

STILL TWICE-A-WEEK

Garbage Pickup Schedule

Garbage collection will continue on a twice-a-week basis for city residents although there has been a change in route schedules, according to R. V. (Skeet) Foresyth, garbage department foreman. Foresyth said five routes will be collected each day with five trucks of three-man crews. Collection of the business district garbage will continue after 4 p.m. each day. Garbage will be picked up on Mondays and Thursdays for residents living in the five areas bounded by the following streets: (1) San Antonio on the east, T&P Railway tracks on the north, Eleventh Place on the south, and Ann Street on the west; (2) State Park Road on the east, Eleventh Place on the north, Elm Street on the west, and Webb Lane on the south; (3) Gregg on the west, Eleventh Place on the north, Johnson on the east, and FM 700 on the south; (4) T&P tracks on the north, State on the east, Eleventh Place on the south and Johnson on the west; (5) Eleventh Place on the north, FM 700 on the south and Birdwell Lane and Virginia on the east; (6) Eleventh Place on the north, State on the east to 15th Street, then west to Jennings, and south to 19th (zigzags southwest to FM 700), Nolan and Johnson on the west; (7) Thorp Street on the north, old San Angelo Highway on east, Willard on the south, and Wasson and West Streets on the west. Pickups on Tuesdays and Fridays are slated for residents living in the five areas bounded by: (1) east city limits, Second Street on the west, 12th

Church Slates Formal Open

Nov. 10 has been set as the date for opening the new sanctuary and wing. The first service will be at 11 a.m. and will include a luncheon. At 4:30 p.m. a singing worship will be held in order that friends of the churches may attend. Services will be held at the house. Dr. R. Gage Lister, will speak at the service. In 1930 when the present sanctuary was opened, Herbert K. Keaton and his daughter, Don Newson, in a drive to the new sanctuary church is located at 13th and Runnels, at the corner of the block from the auditorium. Connecting units is a new wing of educational facilities.

**Church Slates  
Formal Opening**

Nov. 10 has been announced as the date for opening of the First Presbyterian Church's new sanctuary and educational wing.

The first service will be at 11 a.m. and will include communion. At 4:30 p.m. the evening worship will be held in order that friends from other churches may attend, afterwards taking part in the open house. Dr. R. Gage Lloyd, minister, will speak at both services. In 1930 when the present church was opened, Herbert Keaton was soloist. The evening services on November 10 will include Mr. Keaton and his daughter, Mrs. Don Newson, in a duet.

The new sanctuary of the church is located at Eighth and Runnels, at the opposite end of the block from the present auditorium. Connecting the two units is a new wing containing educational facilities and offices.

**DEAR ABBY**

**The Time Is  
Not Here Yet**

**DEAR ABBY:** What advice have you for a 30-year-old woman who thinks it's time to marry, but doesn't know which man to choose? I've taught school for eight years, and am well-traveled, so I'm not a sheltered country girl. A 42-year-old minister (widower, three children) wants to marry me, but the fish-bowl type of life I'd have to live doesn't appeal to me and, besides, I'm not that goody-goody. A doctor has proposed, but my best friend is married to one and she says it's a dog's life. The most attractive candidate travels, and

he'd expect me to travel with him. That's no good for a woman who wants roots! There is also a young professor, but people in education don't make much and I don't want to work after I'm married. Can you help me?

**DEAR ANNETTE:** Face it. You haven't met the man you want to marry yet. When (and if) you do, you'll find a hundred reasons why you should marry him.

**DEAR ABBY:** Ron and I have been married only a few months and we are living with

his parents until we can afford an apartment of our own. We pay \$80 a month for our bedroom, but we have no privacy whatsoever. When I am away at work during the day, they go through every one of my drawers, if they would let me know what they are looking for, I'd be glad to help them find it. I have nothing to hide. There is no excuse for anyone even going into our room as clean as myself. My husband knows about his parents going through my things, but he says they'll be hurt if we make any accusations. What should I do?

**NOTHING TO HIDE**  
**DEAR NOTHING:** How about a compromise? Don't ask the folks about the "treasure hunts" — but put a lock on your door and end them.

**DEAR ABBY:** I am 20 and I suppose I should be the happiest girl in the world, but I'm not. You see, I am going to marry a wonderful young man, but my parents are standing between me and the most important thing in my life — the kind of wedding every girl dreams

of! I want a white gown and veil and I want to walk down the aisle. They insist that I get married in a short dress at a private ceremony in the parson's study. Their reason is a very narrowminded one. When I was only a child (17) I eloped with a boy the same age. I got pregnant right away. It was a big mixed-up mess. My folks had the marriage annulled and I gave the baby up for adoption. It is like it never happened now, Abby. Very few people in this town even know about it, and I think I have earned the right to start a new life. Can you help me convince my parents that they are wrong?

**STARTING OVER**  
**DEAR STARTING:** Sorry, I can't help you. I think your parents are right.

**CONFIDENTIAL TO "RELIGIOUS BUT TEMPTED":**  
"The lips of a strange woman drop as a honeycomb, and her mouth is smoother than oil. But her end is bitter as wormwood, sharp as a two-edged sword."

(Proverbs, 5:3-4).  
What's on your mind? For a personal reply, send a self-addressed, stamped envelope to Abby, Box 3365, Beverly Hills, Calif.

For Abby's booklet, "How To Have A Lovely Wedding," send 50 cents to Abby, Box 3365, Beverly Hills, Calif.

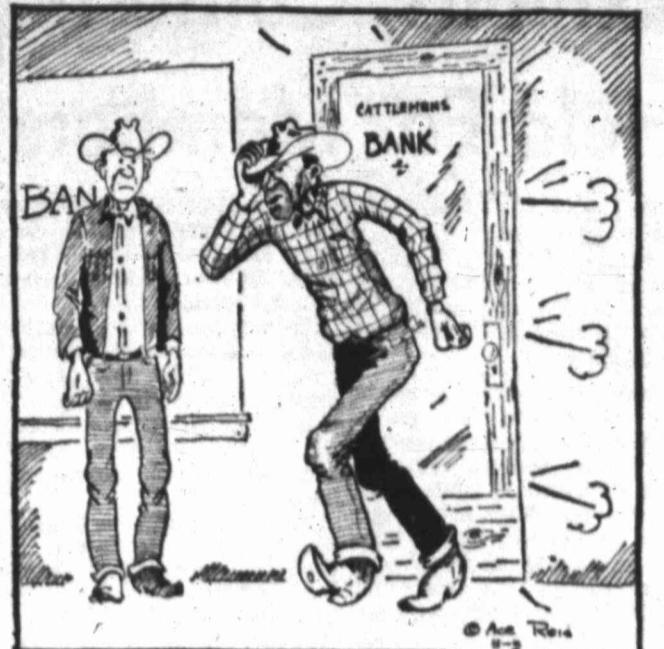

**Kefauver Held  
Stock In Drugs**

CHATTANOOGA, Tenn. (AP) — The late Sen. Estes Kefauver held \$13,000 worth of stock in the nation's drug industry, which was the object of one of his investigations.

An inventory of his estate revealed this week that Kefauver held stock worth about \$300,000 at the time of his death Aug. 10.

Kefauver held 200 shares in the Rexall Drug Co., worth \$7,000, and 51 shares in the Charles Pfizer Drug Co., worth \$5,100.

## Exhibits, Contests Held For Members

The county 4-H Achievement Day program began Saturday morning with judging of homemaking exhibits at the National Guard Armory and judging of lamb and steer showmanship at the Rodeo Arena.

There were three classes in each of the two divisions of lamb and steer showmanship. Respective winners in the three divisions of lamb showmanship were Mike Brady, Buz Mann and Dale Crenshaw. Winners in the steer divisions were Robert Haney, Mike Brady and David Adkins. Brady was the only winner of classes in both divisions.

Other results:

Steer Showmanship—Sharon Harrison, Mary Thornton, Dolores Lankford, James Crenshaw, Terry Soechting, and Robert Crenshaw.

The homemaking contests included Foods Preparation, Clothing Exhibits and Foods Exhibits. The top three winners respectively in the Foods Preparation division were Kathy Shaw, Martha Couch and James Shaw.

Carolyn Crawford and Sally Townes tied for top honors in the Clothing Exhibits contest. Foods Exhibit winners were Martha Couch, Betty Lou Little, Carolyn Crawford, Joan Crawford, Kendra Thomas, Sherry Thomas.

**GOLD STAR WINNERS**  
Bob Adkins and Kathy Shaw

## Awards Given 4-H Clubbers Saturday

A 17-year-old senior in Stanton High School but whose home is in Howard County, and a 15-year-old Big Spring ninth grader are the Gold Star boy and Gold Star girl of Howard County 4-H Clubs for 1963.

They are Bob Adkins, son of Mr. and Mrs. Lawrence Adkins, Lomax, and Kathy Shaw, daughter of Mr. and Mrs. James W. Shaw, 1806 Alabama. They were announced as the 1963 top 4-H Club members at the annual Achievement Day barbecue Saturday at the National Guard Armory.

Ed Carpenter, former county judge and now state legislator for this county, presented the two club members with their gold stars. Neither had the slightest clue they had been selected for the top honor until Carpenter announced their names.

**EIGHT YEARS**  
Adkins has been a 4-H Club member for eight years and is currently president of the Lomax club. He has piled up an astounding record in club work. His projects include beef cattle, sheep, swine and electricity. Some of his higher placings include second place heavy steer in the 1959 county show; third place heavy steer in the 1960 show, and third place light steer in the 1961 show. In 1962, his Southdown lamb was second.

He has received awards in entomology, (1958); electricity, (1959); field crops, (1960); and agriculture (1962). He was selected to attend the leadership workshops in 1961 and 1962. He was a member of the 1962-1963 livestock judging teams and also is a director in the Howard County Junior Rodeo. The 1963 judging team won first place at San Angelo. He is also associated with the Future Farmers of America and is currently reporter for his chapter. In this work, Adkins won the FFA lamb showmanship award in Stanton this year.

Adkins is a member of the First Methodist Church in Stanton and vice president of the Methodist Youth Fellowship. He is the church youth representative on the board of education.

**KATHY SHAW**

Kathy Shaw has an equally impressive record in the six years she has been in 4-H Club work. Outside of her club, she is a ninth grader at Goliad Junior high school where she is a member of the annual staff, a member of the National Junior Honor Society and secretary of the FFA chapter. She also is an active worker in her church—the Eleventh and Birdwell Church of Christ.

Her 4-H Club projects have included foods, clothing, electricity, home management, food preservation and safety. She has won blue ribbons two years and red ribbons on two other years in the annual county dress revue. She won a blue ribbon in the county favorite show for two successive years and took first place in the district favorite food competition. She has participated in the state favorite food contests in College Station. She was a delegate to the electric camp at Scott Able, N. M. Currently, Miss Shaw is secretary of the Big Spring 4-H Club.

Possibly the second most coveted honor of each annual Achievement Day is to be singled out for "achievement awards." Two boys and two girls received these medals from Carpenter Saturday afternoon.

Margaret Zike was presented her medal for winning a red award in the district records judging; a blue ribbon in the favorite foods show, and a red ribbon in the county dress revue. She is also a junior leader. Dolores Lankford won her medal for showing the reserve grand champion steer at El Paso.

Buz Mann was given his award for showing the reserve champion steer at the Howard County stock show.

Bud Saunders showed the reserve champion medium wool lamb at El Paso to merit his medal.

**OTHER AWARDS**

In addition to the Gold Star awards and the four achievement awards, medals were presented to a large number of other 4-H Club members who

have been outstanding in many fields. Agricultural awards were made to Kenny Clanton, Big Spring; Maxwell Barr, Vincent; David Adkins, Lomax; and R. L. Coates, Coahoma.

Beef cattle awards were made to Gary McNew, Big Spring; Daryl Coates, Big Spring; Mike Brady, Coahoma; and Regina Haney, Big Spring.

Clothing awards were to Carolyn Crawford, Big Spring; Carla Perry, Lomax; Cheryl Jones, Knott; Joan Crawford, Big Spring.

Dress revue awards were to Kathy Shaw, Big Spring; Martha Couch, Luther; and Betty Lou Little, Luther.

Electric awards were to James Murphy, Luther; and Sherry Thomas, Fairview.

Food nutrition awards were to Kendra Thomas, Fairview; Elton Gossett, Big Spring; Ocoee Puckett, Luther; and Linda Crawford, Big Spring.

Home economics awards were to Carolyn Underwood, Luther; Debra Anderson, Big Spring; Penny Frazier, Big Spring; Terry Soechting, Big Spring.

Swine awards were to Larry Don Shaw, Knott; Johnny Peugh, Knott; Brent Brooks, Big Spring; and Gary Riddle, Knott.

Leadership awards were to Carol Sturm, Luther; Sharon Harrison, Luther; Mark Barr, Vincent; and Robert Haney, Coahoma.

Recreation award went to James Haston, Knott.

Sheep awards were to Lucy Thornton, Big Spring; Debra Buchanan, Big Spring; Charlotte Mann, Vincent; Cathy Cantrell, Big Spring; Jerry Webb, Coahoma; and Larry Bennett, Coahoma.

Ronnie Anderson, Big Spring, and Robbie Brown, Knott, won highly prized citizenship medals.

**Zoning Board Meets Tuesday**

The planning and zoning commission will consider three requests for zone changes at a meeting 5:15 p.m., Tuesday, at City Hall.

Ike Robb has requested a change on property on Wasson Road at the City Park entrance from IF-2 (single family residence) to R (retail) for specific use as a Drive-In theater.

A request for a change from IF-2 (single family residence) to NS (neighborhood service) on a tract of land at Birdwell Lane and Twenty-Fifth has been made by Al Milch.

The commission also will consider a request by Roy Salome for a change from GR (general residence) to R (retail). The property requested in this zone change is a small tract of land in the amended William B. Curry subdivision.

## County Agent Sums Up Activities Of 4-H Club

Outstanding accomplishments by the 4-H Club and by its individual members were listed by Helbig in a brief summation of the year's activities.

He cited the following as of importance:

Odessa Stock Show, Dec. 30-Jan. 5, Mary Thornton, 2nd place lightweight steer; Dolores Lankford, third place middleweight steer and Robert Haney, fourth place, quarter-horse filly.

Abilene Stock Show, Jan. 23-25, Mary Thornton, grand champion of the steer show; Mark Barr, second place middleweight Hereford; County group five steers, first; county group 15 lambs, first.

Southwestern Show, Feb. 2-8, Delores Lankford, champion Hereford and reserve champion steer of show; Bud Saunders, reserve champion medium wool lamb; Lucy Thornton, champion ram and champion ewe, Southdown division; Sharon Harrison, second place, lightweight steer, and showmanship award; Mark Barr, second place heavy weight steer; Emma Lee White, fourth place lightweight steer; county group of five steers, first.

Houston Show, Feb. 24-March 2, Mark Barr showed reserve champion Hereford steer; Maxwell Barr, second place heavyweight steer.

Howard County Show, March 12, 13, 14: 4-H Club members won four of five championships in steer and lambs and showed 12 out of 16 firsts and seconds. Mark and Maxwell Barr showed the grand champion steer; Buz Mann, reserve grand champion steer; Debra Buchanan, champion crossbred lamb; Lucy Thornton, champion Southdown lamb; Johnny Middleton, first lightweight steer, Alton Callahan, first heavyweight finewool lamb; James Crenshaw, first lightweight Southdown lamb. Second place winners, lambs and steers, were Emma Lee White, H. K. Elrod, Janice Crawford; Charlotte Mann; and Nancy Phillips. Robert Haney had top Howard County-bred steer.

At the district contests, May 4, the 4-H Club senior livestock judging team — Bud Saunders, Bob Adkins, Phillip Richey, Robert Haney placed fourth as

did the junior team. The juniors were David Adkins, Mark Barr, Mike Brady and Freddie Newman.

Charlotte Mann, Emma Lee White, Martha Couch, Margaret Zike, Robert Haney, Mark Barr, Mack Frazier and Gary McNew attended the junior leadership workshop in Levelland in June. Kathy Shaw, Jane Murphy, Sherry Thomas, Karen Jackson, Lawrence Long, and James Haston, were county delegates at the Electric Show in Cloudcroft, N.M., in July.

Brad Posey won first at the Sears Gilt show in Big Spring and won area championship with the same gilt in Sweetwater. Ronnie Anderson's boar was champion at the Sweetwater show.

Kathy Shaw won first place in the Howard County Food and in the district competition. Kendra Thomas won a red ribbon at the district show.

Other events of outstanding character were numerous. The dress revue, for example, had 30 4-H Club girls participating. At the district show in Lub-

bock, Robbie Brown and Carolyn Crawford won blue ribbons and Robbie was named to the state dress revue. There she made an excellent showing and won second place at the Dallas achievement over 20,000 other girls in the state. She also won the award for the best wool garment at Dallas.

At the State Fair, Debra Buchanan's Suffolk crossbred lamb won first place; Sharon Harrison's middleweight Hereford steer, third; and Linda Foster's Hampshire lamb, fifth place.

There were a number of other achievements credited to 4-H Club members, Helbig said. The year has been exceptionally active for the club members, he said, and he cited the major events as proof of his statement.

In the county pig show Oct. 2 and 3, Larry Don Shaw's barrow was grand champion; Gary Riddle won second place with his lightweight; Brent Brooks, second with his heavyweight and Johnny Peugh, third place with his lightweight barrow.

### Delegations Attend In Lubbock

Between 12 and 18 ginners, and business men, interested in cotton production in Howard County will meet in Lubbock, Texas, Monday, Nov. 4, at the Chamber of Commerce. The meeting will be held at 9 a.m. Monday at the Chamber of Commerce, 1000-10th St. They will be joined by representatives from Martin and Midland counties, at 10 a.m., at the Restaurant in Lamesa.

"We have not been determining the exact number of ginners, but have names of those who will go to Lubbock who will take my car and get away," Carlman, chairman of the Chamber of Commerce committee, said Saturday. "The year has been exceptionally active for the club members, he said, and he cited the major events as proof of his statement.

In the county pig show Oct. 2 and 3, Larry Don Shaw's barrow was grand champion; Gary Riddle won second place with his lightweight; Brent Brooks, second with his heavyweight and Johnny Peugh, third place with his lightweight barrow.

The petitions will be determined the exact number of ginners, but have names of those who will go to Lubbock who will take my car and get away," Carlman, chairman of the Chamber of Commerce committee, said Saturday. "The year has been exceptionally active for the club members, he said, and he cited the major events as proof of his statement.

# Delegation To Attend Meet In Lubbock

Between 12 and 18 farmers, businessmen interested in cotton production in Howard County will leave the Chamber of Commerce office at 9 a.m. Monday to meet with Secretary of Agriculture Orville Freeman in Lubbock at 2 p.m. They will be joined by groups from Martin and Midland counties, at 10 a.m., at the Bel-Air Restaurant in Lamesa.

"We have not been able to determine the exact number going, but have names of several who will go to Lubbock if they can get away," Carlton Chapman, chairman of the Chamber of Commerce agriculture committee, said Saturday. "There will be transportation for all who can make the trip. Chamber of Commerce Manager Carroll Davidson will take his nine-passenger station wagon, and I will take my car. Others will take cars if needed."

The group will take petitions bearing over 2,500 names, requesting stronger insecticides for the control of the tobacco bud worm and beet army worm, and a stronger research program for insect control in cotton farming.

The petitions will be presented to Congressman George Mahon, who will in turn present copies to Secretary Freeman and to Dr. B. T. Shaw, administrator of the Agricultural Research Service, U. S. Department of Agriculture.

Chapman said a strong pressure-group move is under way to stop the release of all insecticides.

"If this should come about, the cotton area of Texas, largest in the nation, would suffer economic losses, and it could practically stop cotton production," Chapman said. "We feel that a research center should be set up somewhere in the Great Plains area to study the control of insects and make stronger insecticides available. The tobacco bud worm and beet army worm have developed a resistance to the insecticides being used, and we now have no stronger chemicals available. Something must be done or cotton farming will be a thing of the past in Texas."

Chamber of Commerce in 126 areas of North and West Texas and the Panhandle have joined with Howard County in getting petitions signed requesting stronger insect control.

## About 5,000 Expected For Freeman Meeting

Close to 5,000 farmers and businessmen from the Texas Panhandle and South Plains area are expected to crowd Lubbock Municipal auditorium at 2 p.m. Monday where Secretary of Agriculture Orville Freeman will conduct a question and answer session on the current agricultural problems. He is appearing in Lubbock on one of the stops in his "grassroots" tour of major agricultural areas in the United States.

Lubbock is the only place in which a session will be held in the cotton belt.

George Pfeiffenberger, executive vice president of the 25,000-member Plains Cotton Growers, Inc., has urged every interested person on the High Plains to be present whether or not they agree with the current administration, or with Secretary Freeman's farm policies.

"An overflow crowd at the auditorium Monday will let the Secretary know that we are vitally interested in his actions," Pfeiffenberger stated, "and we want him to remember the enormity and the importance of the High Plains agricultural economy whenever farm programs and policies are considered in the future."

Cotton farmers, land owners, and business men directly interested in the economic impact of cotton, have signed petitions urging more research in cotton insecticides to control the tobacco bud worm and the beet army worm. The area involved runs north of a line from Fort Worth to Austin, to El Paso. Well over 2,000 signatures have been included on petitions sent to the Big Spring Chamber of Commerce office. These will be presented to Congressman George Mahon, who is accompanying Secretary Freeman to Lubbock, who will in turn present them to the Secretary. Congressman Graham Purcell of Wichita Falls, will also accompany the Secretary to Lubbock.

The Lubbock "report and review" meeting is the last of an extensive series of similar meetings which have brought the Secretary face to face with thousands of farmers. He has described the meetings as "an opportunity for me to hear what farmers and ranchers have to say about the Department of Agriculture and about farm programs and legislation."

The meetings have been planned by the Secretary, with arrangements being handled by USDA agencies. No private organizations have had a part in the planning.

### C-C ACTIVITIES

Chamber of Commerce activities and committee meetings scheduled this week are:

#### MONDAY

9 a.m. - Group leaves for Lubbock to contact Secretary of Agriculture Orville Freeman regarding insecticides to control tobacco bud worm and beet army worm.

7:30 p.m. - Cultural Affairs Committee meets in conference room. Dr. Jack H. Burnett Jr., chairman.

#### TUESDAY

10 a.m. - Retail Committee meets in conference room. Adolph Swartz, chairman.

#### THURSDAY

5:15 p.m. - Public Health and Safety Committee meets in conference room. Charles Weeg, chairman.

### Firing Practice

(TOKYO AP)—A total of 165 soldiers of Japan's ground self-defense Nike missile force will hold their annual firing practice at the McGregor missile range in New Mexico this month, the Japanese Defense Agency said.

## WINGS OVER BIG SPRING

# Activity Has Picked Up At Howard County Field

By M. A. WEBB

The airways around Howard County Airport have been busy this week, with an average of seven or eight transient aircraft each day, Ted McClung, manager said. About three hours of bad weather, requiring IFR (instrument flight rules), hit the area, but flying has otherwise been good.

Some excitement, caused by a wild automobile driver wanted in more than one state for auto theft, happened this week. Police Patrolman John Martin, who owns a Cessna 140, and McClung in his Piper Colt, took to the air to try to locate the driver after he eluded pursuing peace officers. The man was later arrested in Lamesa after he abandoned his car.

Dr. M. A. Porter and family took a long flight to the Dakotas during the week to visit relatives.

Dr. P. W. Malone and party who flew up to the pheasant country several days ago have returned and report excellent luck in shooting the game birds.

Federal Aviation Week in Texas ends today. The agency, generally known as the FAA, was established five years ago to meet the requirements of national defense, commercial and general aviation, and the public right of freedom to travel through the air.

There is an FAA office in Big Spring, with two men in charge. Richard G. Bortner, who came here five years ago when the agency was established, is at Webb Air Force Base as air traffic representative for the area. His office, in the base operations building, is open to those interested in aviation and instrument flight traffic.

M. J. Aisbury, 2002 Nolan is

the maintenance man for the Big Spring VOR (visual omnirange) and the new Hyman VOR, as well as the Big Spring radio beacon located at Webb AFB.

The FAA is an independent branch of the U. S. government, charged with the safety and supervision of every aspect of civil aviation. It licenses pilots and other crew members, rates aviation mechanics, certifies the design, manufacture and performance of every civil aircraft, controls the nation's airways, maintains the complex radar equipment, conducts training, and engages in research in almost every phase.

Some 300,000 VFR (visual flight rules) pilots have been licensed and regulated, along with 84,000 airplanes. Weather reports are also received and distributed to private pilots. More than 20 air traffic control centers are maintained and 300 towers manned.

Miss Teenage Judy Dell, Akron, Ohio, smiling through tears moments after she was named Miss Teenage America in Dallas Friday night. The 17-year-old miss will reign as Miss Teenage for the next 12 months. (AP WIREPHOTO)

## Baptists To Meet Nov. 12

SAN ANTONIO (AP) — Election of a president of the Baptist General Convention of Texas to succeed Dr. Owen White of Houston will be a top business item when the Convention meets in San Antonio Nov. 12-14.

More than 6,000 Baptists will be here to conduct the business of the 1.7-million member denomination.

Dr. White, president of the Southern Baptist Convention as well as the General Convention

of Texas, led a Baptist controversy last year over theological liberalism in Baptist seminaries.

The small, grey-haired professor led conservative forces in opposing a book, "The Message of Genesis," by a Baptist seminary professor. The author, Dr. Ralph Elliott, said many of the teachings of the book of Genesis are mythical rather than literal.

Dr. White, the only man ever to serve simultaneously as president of both Baptist Conventions, said soon after his election as president of the nationwide convention last May that he would resign as head of the Texas group because of "the awesome and tremendous responsibilities" of being president of both.

### Elsa Maxwell Ends Reign As Party-Giver

NEW YORK (AP) — Elsa Maxwell, the hostess to royalty whose humble beginning made her the most unlikely modern-day climb to the top of the international social ladder, died Friday night at the age of 80.

Her death was noted by the millions from all walks of life who knew and loved her, and by her legions of critics who over the years of her reign as the world's greatest party-giver felt victim to her tart tongue.

Almost to the end Miss Maxwell lived her life to the hilt, having made her last public appearance at the April in Paris Ball in a Manhattan hotel only last week.

She was brought to the ball in a wheelchair. She wrote of her friends in the gossipy social world in a gossipy newspaper column for the New York Journal-American.

Thus has ended a life dedicated for many years to overcoming what Miss Maxwell found at the age of 12 to be snobbish restrictions of high society.

She once was told that her family was too poor to warrant her being invited to a party in California.

"I made up my mind I would give great parties all over the world," she later recalled—and she did.

### Funeral Set Today For Leslie Barr

Services for Leslie W. Barr, 46, who died at 11:30 a.m. Friday in a local hospital, are set for 2 p.m. today at the Vincent Baptist Church.

Mr. Barr, a longtime farmer of the Vincent Community, died following injuries sustained in a car-truck accident at 8:50 a.m. Friday on Highway 350 just north of Big Spring city limits.

He was born Aug. 11, 1917, in Callahan County and moved with his parents, to Vincent in the fall of 1932 from Clyde.

Survivors include the widow, Mrs. Maureen Barr, Vincent; a daughter, Mrs. Billy P. Thomas, Coahoma; two sons, Capt. Grady Barr, stationed with the U.S. Army at Fort Bliss, and David Barr, Vincent;

his mother, Mrs. L. M. Barr, Clyde, his grandmother, Mrs. W. P. Barr, Clyde; three sisters, Mrs. George Glynn, Mrs. Calvin Smith, both of Stanton, and Mrs. Norma Bearden, Clyde;

three brothers, Vernie Barr, Vincent, Jack Barr, Brownfield, James Barr, Vincent; and five grandchildren.

Funeral will be held at the River-Welch Funeral Home chapel at 4 p.m. today. The Rev. Presnal Wood, pastor of Midland's Crestview Baptist Church, will officiate. Burial will be in City Cemetery under the direction of River-Welch Funeral Home.

Survivors include the husband Harold L. Webb, Odessa; a daughter, Mrs. John G. Riel, Midland; a son, Elvis L. Webb, Midland; (one son Capt. Howard H. Webb, was killed in action during the Korean War); four grandchildren; one great-grandson, three sisters, Mrs. Ernest Rainey, Mrs. Floyd Hull, Mrs. C. L. Engle, all of Big Spring; four brothers, Morgan Coates, W. T. Coates, of Big Spring, Grover Coates, Coahoma, and D. F. Coates, California.

New Westerners Officers

Harold Graves, left, president, and Major Browning, vice president, were elected to head the Westerners Association of Square Dance Clubs at the Fall Dance Saturday night.

### Square Dancers Elect New Officers Saturday

Twenty-four squares registered at Webb AFB Service Club Saturday night for the Westerners Association dance. The dance was hosted by the Big Spring Squares, Cosden Promenaders, Howard County Hoedowners and Teenage Mates and Dates.

Harold Graves, Big Spring, was elected president, and Major Browning, San Angelo, vice president of the Association. The grand march began at 8 p.m. with A. V. Lewis as Master of Ceremonies.

Cities represented were Big Spring, Roscoe, Abilene, Midkiff, Barnhart, Stanton, Coahoma, San Angelo, Eldorado, Sweetwater, Hamlin, Andrews and others.

Over 500 Buy Boosters' Chili. Some 505 persons attended the annual Band Boosters chili supper, held Friday night at the high school cafeteria prior to the Midland-Big Spring football game.

Walter Stroup, president of the Band Boosters, estimated the supper netted \$425 to \$450 for the general fund of the organization. The money will be used for band uniforms, an annual trip and other band expenses.

Firemen Snuff Out Minor Fires. A grease fire caused smoke damage in the kitchen of the Dick Beard residence, 4113 Dixon, about 3:45 p.m. Saturday.

Police Check Three Thefts. Police Saturday investigated three complaints of theft. Someone removed a restroom door from Herman's Steak House, 1810 Gregg, according to a police report.

Yeggs Make Haul. Burglars made off with personal property valued at \$250 after forcing a back door at 109 Oak sometime last week.

Exhibition Set. An exhibition of paintings will be at the student center at San Angelo College Nov. 3-29. The college art department will present Bruce Drake, of Baylor University, in holding the exhibit.

### Barry Picked In GOP Poll

NEW YORK (AP)—Sen. Barry Goldwater of Arizona is the runaway choice in a nationwide poll of Republican presidential preferences for 1964, taken by The Associated Press among Republican state and county leaders.

Of the 1,404 who answered a questionnaire, 1,194 or 85.1 per cent voted Goldwater the party's strongest candidate against President Kennedy as of today.

Fewer, however, believe Goldwater will be nominated. Here his vote was 901—a 64.2 per cent of those who replied.

Gov. Nelson A. Rockefeller of New York received 56 votes as the strongest candidate and Richard M. Nixon, the 1960 GOP presidential candidate, received 44.

On the outlook for the nomination, Nixon had 72 votes to 65 for Rockefeller. Moreover, a sizable number of those who favor Goldwater for the nomination predicted that, if a deadlock develops in the nominating convention, Nixon will emerge again as the GOP candidate.

The convention, scheduled to open in San Francisco July 13, has a tentative apportionment of 1,308 delegate votes.

The survey was started in early October. By mail and telephone, Associated Press correspondents in 50 states polled 2,961 Republicans, including some city and town leaders, in Alaska, which has no counties, the national committeeman and committeewoman participated in the poll.

Of the total queried, just over 47 per cent replied. Republicans in New Jersey and Hawaii declined to participate.

The questionnaire asked opinions on two points: 1. "Who is the strongest potential GOP candidate against President Kennedy on the basis of present conditions? Why?"

2. "Whom do you think the party will nominate in 1964? Why?"

Three other Republicans were named several times in answers to both questions—Sen. Thurston B. Morton of Kentucky, Gov. George W. Romney of Michigan and Gov. William W. Scranton of Pennsylvania.

Goldwater topped all the potential candidates on both questions in every state except New York. There, Rockefeller received 13 votes to the senator's four on the strongest candidate question, and 10 to two on the probable nominee.

Only 29 of 62 who received questionnaires in New York returned them.

Chief Orders Pool Hall Closed. Notification of an indefinite suspension of operation was handed to the operator of the Northside Billiard Center, 312 NW 4th, Friday night, according to police chief Jay Banks.

EMILIO GONZALES is operator of the pool hall, and the owner is Simon Terrazas.

Grimaces And Lots Of Pull. Jack Rentore, Troop 3, Big Spring, struggles with a cedar limb in an effort to break up fire wood at the Boy Scout Camporee Saturday at the Camp Grounds south of Big Spring. He finally broke the limb. He is the son of Mr. and Mrs. C. E. Rentore, 708 Douglas.

### About 120 Scouts Attend Camporee

Twelve Boy Scout Troops, with around 120 boys and over 20 adult leaders and assistants, were on the Lone Star District Camporee grounds south of Big Spring Saturday.

Some troops came in Friday night and camped out. Others came in Saturday for the Fall Camporee.

The Lone Star District, from which troops came, includes Howard, Glasscock and Sterling counties.

Bill McRee, Scout executive for the district, said activities started when the boys began arriving. The weather was cool and action was brisk to keep comfortable.

Donald Campbell was assigned as camp director, and he was assisted by Order of the Arrow and Explorer Scouts, who handled the events and score cards.

Frosty Robison, D. D. Johnston, and Sherman Smith, all members of the camping and activity committee for the Lone Star District, camped with the boys.

Winners in camping activities, with ribbons awarded, were: First Place — Troop 3, Brass patrol; Troop 4, Flying Eagle patrol; Troop 9, Rattlesnake patrol and Longhorn patrol.

Second Place — Troop 4, Cave Man patrol; Troop 8, Beaver patrol (Coahoma); Troop 9, Panther patrol and Beaver patrol; Troop 39, Mineral Mutts patrol; Troop 141, Hawk patrol; Troop 146, Panther patrol and Flaming Arrow patrol; Troop 179, Fox patrol; Troop 300, Bald Eagle patrol; Troop 146, Wolf patrol; Troop 216, Flying Eagles patrol.

Third Place — Troop 7, Blackhawk, Outlaw, Beaver and Flying Arrow patrols; Troop 3, Eagle patrol (Coahoma); Troop 146, Skunk patrol; Troop 1, Eagle patrol.

Inspectors were Lige Fox and Paul Soldan. John Walker was chairman of the judges.

The big event, which officially closed the camp, was the Campfire ceremony from 7:30-9 p.m. Parents were invited to this ceremony, which included Indian dances by Order of the Arrow, and troop skits.

Twelve events of skill were held Saturday afternoon. The camping skills are required of individual Scouts and patrols to qualify for various advanced merit badges.

### How Texans Cast Votes

WASHINGTON (AP) — How Texas congressmen voted: On resolution, rejected 119-164, to authorize a European trip for a group of the House Committee on Education and Labor: For—

Beckworth, Brooks, Burleson, Casey, Patman, Thomas, Young. Against—Alger, Dowdy, Fisher, Kilgore, Mahon, Poage, Pool, Purcell, Rogers, Teague, Thompson. Not voting — Foreman, Gonzalez, Roberts, Thornberry, Wright.

On passage, 173-158, of bill to continue Mexican farm labor program another year: For—Beckworth, Casey, Fisher, Kilgore, Mahon, Patman, Poage, Pool, Purcell, Rogers, Teague, Thompson, Aiger, Foreman. Against — Beckworth, Brooks, Gonzalez, Thomas, Young. Not voting—Roberts, Dowdy, Thornberry, Wright.

On passage, 173-158, of bill to continue Mexican farm labor program another year: For—Beckworth, Casey, Fisher, Kilgore, Mahon, Patman, Poage, Pool, Purcell, Rogers, Teague, Thompson, Aiger, Foreman. Against — Beckworth, Brooks, Gonzalez, Thomas, Young. Not voting—Roberts, Dowdy, Thornberry, Wright.

### THE WEEK

(Continued From Page 1)

turned a couple of indictments for murder and investigated at least one other slaying case. One slaying case is too many, but it seems to us that our town acquires more than its share of this sort of violence.

Seldom has there been a worse week in the area for deaths from vehicles. A car rolled over little Deborah Ann Scott, daughter of Mr. and Mrs. John B. Scott, at 2613 Rebecca, taking her life. Leslie W. Barr, 46, was injured fatally in a collision at the north edge of town; 22 miles northwest of Lamesa.

Jose Ramon Martinez, 4, son of Mr. and Mrs. A. Martinez, was killed by a car; and Dawson A. Wright, 54, Lamesa, was crushed when a loaded cotton trailer overturned on him.

Something explosive must have been in the books Thursday. We had our own little episode in the afternoon when a butane truck blast burned (though not critically) Raymond McKee, 29, at a farm 20 miles northwest of here. Before the day was out explosions killed seven at Marietta, Ga., and 62 at Indianapolis, Ind.

The Settles and Crawford Hotels were sold last week to an investment group in Florida. Representatives visiting here said there were plans to activate the Crawford. They also stressed a desire to make the units community centers, and that sounds good.

When this column lost a club (Lions) button, Willard Sullivan volunteered that he had oodles of them and would send one. He did, with a snide remark about withholding his 100 per cent attendance buttons; also he enclosed a key ring and a quill toothpick. Gee, we're overwhelmed.

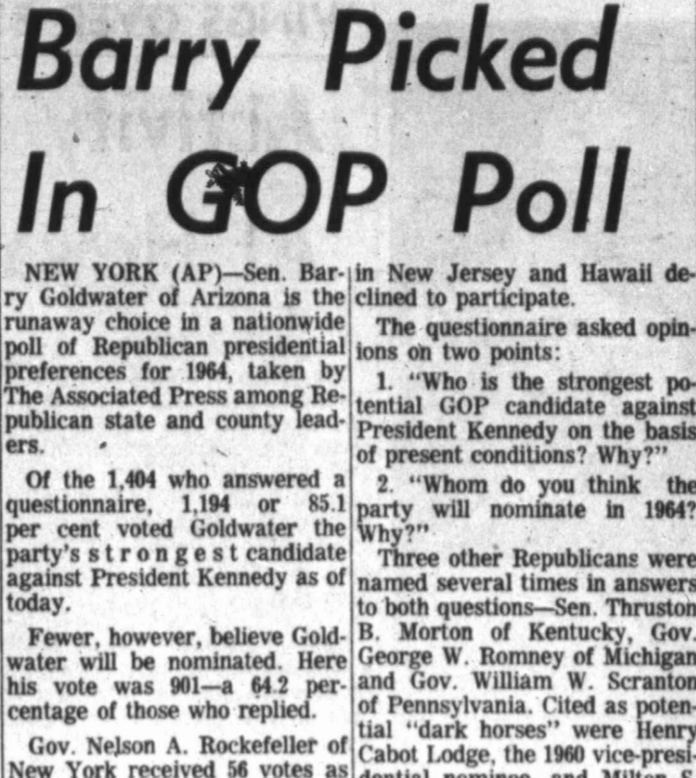

The Chamber of Commerce agriculture committee headed by Carlton Chapman has left no stone unturned in efforts to get more research in and re-

lease of cotton insecticides. Petitions started here now have several thousand signatures. The idea has the backing, too, of Rep. George Mahon, and the support of the governor is being sought.

Halloween was generally observed sanely here. One of our friends complained about roving bands of youngsters who go all the way across town to turn trick-or-treat into a shakedown. When this gets outside of a general neighborhood visitation, it loses its fun.

Honors came to our community through a couple of our citizens last week. Mayor George Zachariah was named first vice president of the Texas Society for Crippled Children and Adults, an organization he has helped for years. Warren A. (Bud) Farrow was named chairman of the advisory committee for the Texas Personnel and Management Association, which means he will be responsible for its activities.

You might say the new Coahoma post office got boxed out of business. Everything was all ship-shape for the formal opening—that is except the boxes, mailing slots, etc. Considering this minor shortage, officials decided a postponement might be in order.

Forecast. Snow flurries are forecast for North and Central Appalachians Sunday with snow squalls along Lake Erie. Rain and showers are expected in North Pacific states and showers in the lower elevations of North and

Central Rockies with snow in the higher elevations of that region. Showers will be widely scattered in the South and Central Plains. (AP WIREPHOTO MAP)

#### WEATHER

NORTH CENTRAL TEXAS: Mostly cloudy, a few widely scattered showers Sunday and Sunday night. Cooler north-west Sunday night. Monday generally high 50s, low 30s.

NORTHWEST TEXAS: Mostly cloudy, widely scattered showers Sunday. Partly cloudy, cooler, most sections Sunday night. Monday generally fair, high Sunday 45-50.

SOUTH CENTRAL TEXAS: Mostly cloudy with widely scattered showers Sunday becoming partly cloudy Monday. High Sunday 50-55.

SOUTHWEST TEXAS: Mostly cloudy and warmer Sunday with widely scattered showers. Clearing Monday. High Sunday 50-55.

EXTREME SOUTHWEST TEXAS: Closely to partly cloudy Sunday with scattered showers northward. High Sunday 70-80.

### Drouth-Breaking Rain Forecast For West Texas

By The Associated Press. Texas warmed up Saturday after its coldest night of autumn. Frost penetrated deep into the middle section of the state.

Still the drouth persisted, although cloud covers were thickening in West Texas and pushing slowly toward the east.

The Weather Bureau said rain would begin during the night in West Texas and spread east into Central Texas Sunday.

The whole state thirsted for rain to replenish dried up stock tanks and to germinate crops that had been dusted in.

A slightly warmer night was due West and North Texas. Temperatures touched a freezing or below at Lufkin, Brownwood, Dalhart and other points, most

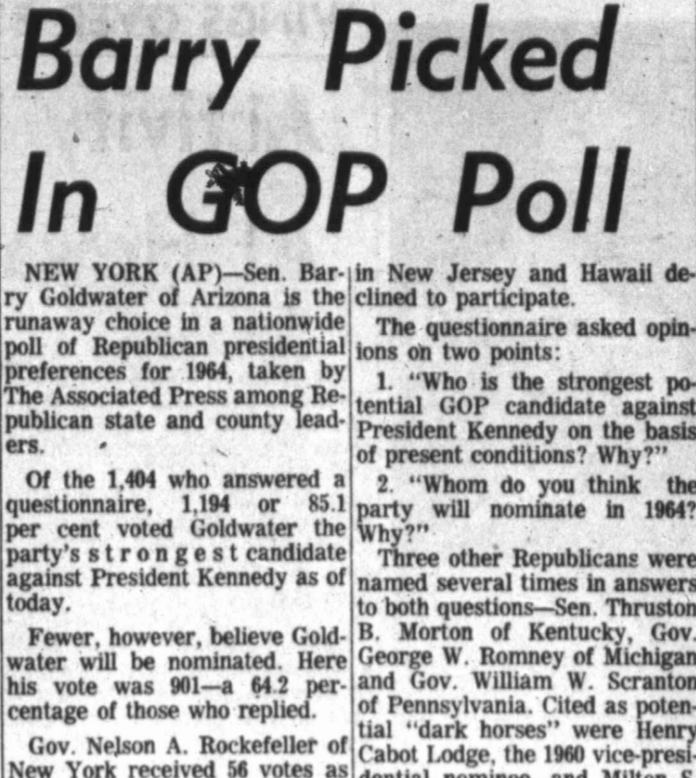

of them on the northern fringe of Texas.

South winds increased over West Texas and will take command in Central and East Texas Sunday, forecasters said.

New England had the bulk of the nation's clammy weather Saturday. There was snow, fog, rain and cold in the upper Atlantic Coast and Appalachian region.

The great fall drouth, dampened by a moderate sweep of rains in the last three days, almost ceased to be a concern.

However, conditions remained essentially lacking in moisture over much of the drouth region. This section included much of the nation's eastern half.

ARTHUR HUGHES, Passed away Thursday. Funeral service Sunday at 1:45 p.m. in Mt. Bethel Baptist Church with interment in City Cemetery.

CORDIE LORENA WEBB, age 60. Passed away Saturday morning in Big Spring. Services Sunday 4 p.m. at River-Welch chapel. Burial at City Cemetery.

Funeral Home. Member of THE ORDER OF THE GOLDEN GLOBE.

LESLIE W. BARR, age 46 of Vincent, Texas, passed away Friday at Big Spring. Services 2 p.m. Sunday at Vincent Baptist Church, interment in Trinity Memorial Park.

### NALLEY PICKLE Funeral Home

906 Gregg Dial AM 4-6331

### Mech Posti

Texas Employment sion offices in Sweet Spring and Lamesa estimated there were 7 strippers working in of the eight counties in these offices.

This easily represents time high for this area. The cotton harvest has proved so successful that the relatively few cotton crews which have been in the area are now laid off by the farmers.

Most fields have been for defoliation, and today, it was estimated, 10 per cent of the eight counties estimated cotton crop 000 bales had been ginned.

In Howard County, TEC is still sticking to dictation of a crop of 36, most observers are noting that the total will be above 40,000. Some statistical guesses are that total could reach 45,000.

In Dawson County, prediction is 150,000. TEC is still sticking to dictation of a crop of 36, most observers are noting that the total will be above 40,000. Some statistical guesses are that total could reach 45,000.

In Martin County, crop estimate is 75,000. 16,861 have been ginned. There are 75 strippers in the area.

The Sweetwater crop estimate is 35,158 of its 35,000. Already ginned. There are 75 strippers in the area.

Mitchell County, with potential of 28,000, has 13,412 bales and has 13 strippers at work.

Nolan County has ginned 17,000 bales and has 80 strippers in the area.

Scurry County, with a bale crop estimate of 15,191 bales. Fifty-two are at work.

Seven Crashes Occur Friday

Police Friday had a hectic day investigating automobile accidents. There were seven of them.

Arnold Davis, 6, son of Capt. and Mrs. George Edgar Davis, sustained minor injuries in a two-car collision about 11:15 a.m. in the 2400 block of South Gregg. He was a passenger in a car driven by his father.

Two accidents occurred in the 500 block of East Third within an eight-minute period. At 10:12 p.m., cars driven by Kenneth Richard Hoffman, Webb AFB, and Roger Dale Gammons, 2100 Rannels, were in collision. At 10:20 p.m., cars driven by Herbert H. McPherson, 601 Douglas, and Ernesto E. Limon, 504 N. Nolan, collided.

Considerable damage resulted in two other collisions. An estimated \$300 damage occurred to the car of James Robert Hyman, 3600 Calvin, when it was involved in an accident with a car driven by Jo Ellen Fiveash, 803 E. 14th. Damage to the Fiveash car was set at \$100.

An estimated \$200 damage occurred to a car driven by Robert Edmond McCarty, 435 Dallas, after the vehicle collided with a pickup operated by Clarence Elbert Graham at the intersection of FM 700 and Birdwell Lane.

Locations of other accidents and drivers involved: 600 Edwards, Ruby Green Curley, 600 Dallas, and Betty Jewell Lewis, 701 W. 18th; 4th and Begans, Ronnie Ward, Route 1 (parked), and unknown motorist.

PACKAGELINE For The Sound Elm R 1606 1/2 Gregg

# Mechanized Harvest Posting New Records

Texas Employment Commission offices in Sweetwater, Big Spring and Lamesa Friday estimated there were 700 cotton strippers working in the fields of the eight counties served by these offices.

This easily represents an all-time high for this area in mechanized cotton harvesting and has proved so successful that the relatively few cotton pulling crews which have been working in the area are now being laid off by the farmers.

Most fields have been treated for defoliation, and through Friday, it was estimated that 46 per cent of the eight county total estimated cotton crop of 380,000 bales had been ginned.

In Howard County, where the TEC is still sticking to its prediction of a crop of 36,500 bales, most observers are now guessing that the total will be well above 40,000. Some more optimistic guesses are that the total could reach 45,000 bales.

In Dawson County, where the prediction is 150,000, there is good reason now to think this figure could be 15,000 bales low.

Howard County has ginned 14,034 bales. Nearly 85 per cent of this has been stripped. TEC estimates there are 190 strippers at work in this county now. Howard County cotton is now 83 per cent open.

In Martin County, where the crop estimate is 75,000 bales, 16,861 have been ginned. There are 75 strippers in the county.

Glasscock County, with a 10,000 bale crop estimate, has ginned 5,893 bales. Thirty strippers are in the county.

The Sweetwater TEC office estimated Fisher County has 35,158 of its 35,000 bale crop already ginned. There are 54 strippers at work in the county.

Mitchell County, with a crop potential of 28,000, has ginned 13,412 bales and has 73 strippers at work.

Nolan County has ginned 7,657 bales of its 17,000 bale crop and has 80 strippers in service.

Scurry County, with a 29,000 bale crop estimate, has ginned 15,191 bales. Fifty-two strippers are at work.

## COTTON HARVEST REPORT

As Of Nov. 1, 1963

County	Est. Crop	% Open	% Hvstd.	Total Ginnings
HOWARD	36,500	85	38	14,034
Martin	75,000	75	23	16,861
Glasscock	10,000	85	59	5,893
Fisher	35,000	95	71.7	25,158
Mitchell	28,000	85	48	13,412
Nolan	17,000	95	45	7,657
Scurry	29,000	92	52	15,191
Dawson	150,000	75	37	43,732
TOTAL	380,000	85	46	141,938

## Weather Boosts Receipts At Area Classing Office

Favorable weather, increased machine picking and stripping, were responsible for an approximate 15 per cent increase in the sample receipts from District 1, says B. B. Manly Jr., of the U. S. D. A.'s Cotton Classing Office in Abilene. The portion of District 1 served by the Abilene office includes Glasscock, Howard, Martin, and Midland counties.

A total of 38,773 samples were classed for the week ending Oct. 25, 1963. This brought the total bales classed during the current harvesting season to 182,292, as compared to 80,440 total bales classed during the corresponding week, one year ago.

Grades improved over the previous week with a slight increase in per cent of White Grades.

Forty-two per cent of the cotton was classed as White and 58 per cent was classed as Light Spotted. Less than one per cent of the samples were reduced in grade because of rough preparation, bark or grass.

Staple length picked up last week. Most evident increase was for staple lengths of 15-16 and longer. The following is a percentage breakdown: 7 1/2, seven per cent; 29-32, 28 per cent; 15-16, 28 per cent; 31-32, five per cent; 1-inch, four per cent; 1-1-32, one per cent; 1-1-16, three per cent; 1-3-32, six per cent;

1-1/4, 11 per cent; and 1-5-32 and longer, seven per cent. Micronaire readings continued to be high. Less than one per cent of the cotton "miked" below the 3.5 reading. Ninety-six per cent of the readings were between 3.5 and 4.9, and three per cent was 5.0 and higher. The market was mixed with fairly strong demand for the long staple cotton and only light to moderate demand for the short staple.

## Construction Reported High

DALLAS (AP)—The Texas Contractor, a trade publication, will say Tuesday that the construction industry has almost reached the billion dollar volume total for the year.

The publication will report \$94,328,877 in contract awards during October, bringing the year total to \$976,832,987.

This is about \$39.5 million ahead of 1962.

"There is little doubt now that 1963 will be one of the biggest and best construction volume years in Texas, verifying the predictions of economists for this year," the magazine said.

"The weather has been more cooperative, so far as progress in construction work is concerned."

The figure for October was almost \$24.5 million higher than for September.

## Tax Payments Total Almost \$1 Million

Howard County taxpayers have paid \$935,961.51 of their 1963 tax bill since Oct. 1.

Mrs. Zirah LeFevre, county tax assessor-collector, said that the total paid this past October compares with \$784,178.23 paid through Oct. 31, 1962. However, she pointed out, mail payments received through Nov. 2, brought the total October tax payment in 1962 to \$1,119,733.11.

She feels confident the payments this year through Nov. 2 will match that achieved last year.

Effective Nov. 2, the discount rate which is allowed taxpayers drops from three to two per cent. Usually the bulk of the year's tax bills are paid in October.

Total tax roll is approximately \$1,600,000. Total collections usually average better than 97 per cent. There is every reason to believe, Mrs. LeFevre feels that the total this year will be as good as in the past.

She points out that the tax rate this year is two cents less than that last year. This will make an appreciable difference in the total collections although the tax valuation is slightly higher than in 1962.

Another factor, she said, which seems to have influenced October payments, was the reluctance on the part of many taxpayers to pay their current poll tax. The average voter is waiting until after Nov. 9 before considering his poll tax problem. If an election on that date carries, the poll tax, as a requirement for voting, will be abolished. If it is abolished, there will be no poll tax paid. The voter can be qualified to ballot for a registration fee of 35 cents. The poll tax is \$1.75.

Mrs. LeFevre urged all average voters in Big Spring, who have not done so, to come to her office before Nov. 9 and obtain exemption certificates. These are issued without charge. After Nov. 9, if the poll tax amendment is adopted, the registration rule goes into effect and average, as well as younger voters, will have to pay the registration fee.

## Election Next Saturday To Decide Poll Tax Issue

Howard County voters will join their fellow Texans in every county Saturday to say whether four new amendments to the already much-amended Texas Constitution shall be approved.

Absentee voting for the election closes Tuesday. Only 20 absentee votes have been polled so far in this county—one of the smallest votes in this category in many elections.

Mrs. Pauline Petty, county court clerk who is preparing the election supplies, said that all election precinct judges are asked to pick up their boxes, ballots and material Wednesday or Thursday.

No other issue will be before the voters in this county Saturday but the fate of the four amendments.

Most interesting of the amendments and the one which will bring out a sizeable vote if one shows, is a proposal to abolish the poll tax payment as

a requirement for voting in Texas elections. If this amendment is approved, a new system by which voters will register for the right to ballot, will be initiated.

The other amendments are of less general interest.

One deals with a proposal to set a new base in total funds for the care of the aged, needy and disabled of the state.

Another would authorize Jefferson County to establish a retirement fund for appointive officers and employees of the county's political subdivisions.

The fourth amendment proposes that the Veterans Land Fund be increased \$150,000,000. Polls will open at 8 and close at 7 p.m.

Voting will be in all of the regular voting places in the county.

These boxes and their locations are:

- No. 1, North Side Fire Station.
- No. 2, Washington Place School.

### OFFICIAL BALLOT

Date: November 9, 1963

HOWARD COUNTY CONSTITUTIONAL AMENDMENT ELECTION

Note: Voter's Signature To Be Affixed on the Reverse Side

Scratch or mark out one statement so that the one remaining shall indicate the way you wish to vote.

**NO. 1**  
FOR the amendment of the Constitution of the State of Texas so as to repeal the provision making payment of the poll tax a requirement for voting and so as to authorize the Legislature to provide for the registration of all voters.

**AGAINST** the amendment of the Constitution of the State of Texas so as to repeal the provision making payment of the poll tax a requirement for voting and so as to authorize the Legislature to provide for the registration of all voters.

**NO. 2**  
FOR the Constitutional Amendment providing for assistance payments to the (1) needy aged, (2) needy individuals who are permanently and totally disabled, (3) needy blind and (4) needy children; authorizing the Legislature to set up residence requirements for eligibility; authorizing the Legislature to make appropriations out of state funds for the payment of assistance grants on behalf of such recipients; providing for the acceptance of funds from the Government of the United States for the purpose of paying such assistance grants; providing that the amounts expended out of state funds on behalf of individual recipients shall not exceed the amounts that are matchable out of federal funds; and providing further that the total amounts expended per year out of state funds for such assistance payments shall never exceed Sixty Million Dollars (\$60,000,000).

**AGAINST** the Constitutional Amendment providing for assistance payments to the (1) needy aged, (2) needy individuals who are permanently and totally disabled, (3) needy blind and (4) needy children; authorizing the Legislature to set up residence requirements for eligibility; authorizing the Legislature to make appropriations out of state funds for the payment of assistance grants on behalf of such recipients; providing for the acceptance of funds from the Government of the United States for the purpose of paying such assistance grants; providing that the amounts expended out of state funds on behalf of individual recipients shall not exceed the amounts that are matchable out of federal funds; and providing further that the total amounts expended per year out of state funds for such assistance payments shall never exceed Sixty Million Dollars (\$60,000,000).

**NO. 3**  
FOR the addition of subsection (c) to Section 62 of Article XVI of the Constitution, to authorize all political subdivisions within Jefferson County, Texas, to establish, after approval of its voters, a Retirement, Disability and Death Compensation Fund covering all appointive officers and employees of said political subdivisions.

**AGAINST** the addition of subsection (c) to Section 62 of Article XVI of the Constitution, to authorize all political subdivisions within Jefferson County, Texas, to establish, after approval of its voters, a Retirement, Disability and Death Compensation Fund covering all appointive officers and employees of said political subdivisions.

**NO. 4**  
FOR the Amendment to Section 49-b of Article III of the Constitution of Texas to increase the Veterans' Land Fund by \$150,000,000; said Fund to be used for the purpose of purchasing land in Texas to be sold to Texas veterans who served in the Armed Services of the United States between September 16, 1940, and March 31, 1955; such funds to be expended in accordance with instructions and requirements that may be provided by law.

**AGAINST** the Amendment in Section 49-b of Article III of the Constitution of Texas to increase the Veterans' Land Fund by \$150,000,000; said Fund to be used for the purpose of purchasing land in Texas to be sold to Texas veterans who served in the Armed Services of the United States between September 16, 1940, and March 31, 1955; such funds to be expended in accordance with instructions and requirements that may be provided by law.

Texas Retains Perfect Status

By HAROLD V. RATLIFF DALLAS (AP) — The toe of shoeless Tony Crosby won for Texas the third week in a row Saturday as his extra points and 34-yard field goal proved the dif-

ference in a 17-12 victory over Southern Methodist to keep the nation's No. 1 team undefeated and untied through seven games. Tommy Ford, the blasting

Texas runner, got the Longhorns off to a touchdown the first time they had the ball—the sixth time this season they have done this. Ford gained 75 yards of a 78-yard drive, a 50-yard dash getting it moving and an 18-yard run setting up the score on the one.

Then Texas cashed in on a break as John Roderick, the SMU safety, touched a punt and Texas recovered the ball on the SMU six. Ford hammered over from two yards out for the touchdown.

Later in the second period Crosby, after first missing a field goal from the Southern Methodist 33 when the ball hit the crossbar, booted his field goal that, along with his two points after touchdown proved the difference in the tense game that had a crowd of 50,000 on its feet all the last half.

The Methodists fought back with everything they had. They scored late in the second period on a 60-yard drive with Danny Thomas passing for 33 and running for 13, and Billy Gannon keeping it moving with a 14-yard run.

Thomas' 11-yard run got to the Texas 22 and from there he pitched to Gannon in the end zone for the touchdown. John Richey missed the try for point and Texas led 17-6 at the half. The other SMU touchdown came in the fourth quarter as the Methodists threw fear into the Longhorns with a dazzling passing game. The second score also was a 22-yard pass—to Gannon again. Mac White threw it this time.

Texas recovered a fumble and was on the SMU seven-yard line as the game ended.

Texas rolled on tied with Baylor for the Southwest Conference lead and these two teams meet at Austin next Saturday.

The crowd Saturday was the largest to see a Southern Methodist home contest since 1958 when Texas was the opposition in the Cotton Bowl. There were 64,000 then.

Penn Wins, 7-2

PHILADELPHIA (AP)—Penn stunned a fumbling Harvard team with a third period touchdown that stood up for a 7-2 Ivy League football victory Saturday, ending the Crimson's string of nine games without a defeat.

Geiberger Is Low In Meet

SAN JOSE, Calif. (AP)—Lanky Al Geiberger birdied the final three holes with long putts, carded his second straight 5-under-par 67, and grabbed a four-stroke lead Saturday at the three-quarter mark of the \$25,000 Almaden Open Golf Tournament.

His 203 total for 54 holes put him four strokes ahead of Jay Hebert and Alex Sutton, and six ahead of a fiveosome of amateur Dick Lotz, Bob Goetz, Dutch Harrison, Bob Rosburg and Roger Ginsberg.

Geiberger shot 34-33 over the 7,045-yard par 36-36—72 Aladen course, but it was not until the last three holes that he stepped away from the field.

The defending champion dropped a 25-foot putt at the 18th hole, a 28-footer at the 17th and a 25-footer at the 18th that barely had enough steam to reach the cup.

Ginsberg, Bob Harris and amateur John Lotz — Dick's brother — also fired 67s on the rainy, chilly day. But they were back at 209, 210 and 211 respectively.

Turkey Shoot Set For Today

The Big Spring Jaycees will sponsor a turkey shoot today at 1:30 p.m. at the Western Sportsman's Club three miles out on the Andrews highway.

There will be seven different categories of shooting covering pistols, shotguns, and rifles. There will be no admission charge.

Deer hunters will be allowed to sight in their rifles or an expert will be on hand to do it for them.

All winners will receive oven-ready frozen turkeys.

Porkers Hang On To Shade A&M, 21-7

LITTLE ROCK, Ark. (AP)—Quarterback Bill Gray ran for one touchdown and passed to tailback Jack Brasuell for two more in leading Arkansas to a 21-7 Southwest Conference victory over Texas A&M Saturday night.

Gray hit Brasuell on a 13-yard scoring toss after a fumble recovered in the first quarter, then found him again on an 11-yarder with 11 seconds left in the first half. Gray climaxed a 58-yard drive late in the fourth period with a one-yard touchdown lunge.

The Aggies scored in the second period on a one-yard sneak by sophomore quarterback Charles LaGrange after the Razorbacks lost 26 yards on a punt attempt. The snap from center sailed through punter Bobby Nix's hands and he chased it into the end zone and ran it out to the one.

The 5-9, 170-pound Brasuell gained 58 yards on the ground and caught five passes for 60 yards. Arkansas sophomore fullback Jim Lindsey gained 84 yards rushing in 18 carries.

The Aggies made only one serious offensive move. Under LaGrange's sharp passing, they took the opening kickoff 56 yards to the Arkansas 12 before halfback Tommy Moore intercepted a LaGrange pass on the Razorback one.

Moore got the Hogs out of trouble with a 58-yard punt. On A&M's second play from scrimmage, Arkansas end Jim Finch rammed LaGrange and jarred the ball loose, and tackle Jim Williams recovered for Arkansas. The Razorbacks moved for their first touchdown in four plays.

Then the Aggies tied the score after the punting mishap, and it stood 7-7 until the Hogs made their 79-yard drive late in the second period. The big play was a 36-yard penalty against A&M for pass interference on the Aggie 10.

The Aggies now have a 14-1 record, to Arkansas' 4-3, looked good defensively through most of the game behind the hard tackling of center Ray Kubala. Although rookie LaGrange hit on seven of 16 passes for 84 yards, they had little to offer offensively, and got only seven first downs.

The A&M line caught Gray for 30 yards in losses.

Junior halfback Budgie Ford led A&M in rushing with 43 yards on 12 carries.

Irish Rattled By R. Staubach

SOUTH BEND, Ind. (AP)—Quarterback Roger Staubach set a Navy season total offense record and, with an Irishman named Pat Donnelly, led the Middies to their biggest football tally over Notre Dame Saturday, 35-14.

When the superb Staubach hit fullback Donnelly with a 30-yard pass in the third period, he broke the Navy total offense mark of 1,348 yards set by George Welsh in 1955.

Four plays later, Staubach shot an eight-yard scoring pass to Donnelly, breaking a 7-7 deadlock and igniting a 21-point third period rally.

The biggest previous Navy score in 37 meetings with the Irish was a 33-7 victory in 1956.

Trull Blitzes Frogs Behind Bears, 32-13

By ROBERT E. FORD WACO, Tex. (AP)—Baylor's Don Trull picked Texas Christian to pieces Saturday in one

of his typically brilliant, fourth-quarter finishes that made Baylor the winner 32-13.

of his typically brilliant, fourth-quarter finishes that made Baylor the winner 32-13.

A Junior Standout

Halfback Dennis Seidenberger scored three touchdowns on long scampers around left end Friday night as the host Bearkats clobbered Imperial, 55-4. Here, the 145-pound speedster is en route to a 72-yard TD run, longest of the night. Story on Page 3-B. (Photo by M. A. Webb)

of the end of the third period after Baylor gambled on a go-for-broke conversion for two points that failed.

Then Trull brought the Bears from behind by engineering three touchdowns in the final quarter.

But the play that brought the crowd to its feet screaming with less than three minutes remaining was a pass interception by Lawrence Elkins on the Baylor 26.

He ran the ball back 69 yards to the Texas Christian 5, where Kent Nix knocked him out of bounds. It was an anticlimax when Trull skirted the Baylor line to score on the next play to wrap up the goal line crossing for the day.

Trull ran for three touchdowns and passed for another to shake the sound TCU team to its foundations. His passing yardage totaled 273 yards.

Elkins, the No. 1 target of the Baylor hurler's passes, caught 10 for 116 yards.

But Trull, with Elkins frequently blanketed and the Horned Frogs rushing the quarterback hard, found others who can catch the ball, particularly Ken Hodge.

Trull hit James Ingram for his only touchdown pass and Dalton Hoffman, the fullback, scored once to go with Trull's three personal scampers across the goal line.

Yanks Lead In Cup Play

BOMBAY, India (AP)—Chuck McKinley and Dennis Ralston scored crushing straight-set victories in the opening singles Saturday which sent the United States into a 2-0 lead over India in the Davis Cup Interzone tennis finals.

First, McKinley, the bounding, rocket-hitting Wimbledon champion, blasted Premjit Lal off the court 6-4, 6-3, 6-0. Then Ralston, resorting to trick drop shots and lobs, completely confused India's world-ranking ace, Ramanathan Krishnan, 6-4, 6-1, 13-11.

Now the Americans need only to win Sunday's doubles match to clinch a challenge round berth against Australia.

Navarette On The Loose

Big Spring's Ray Navarette shows fine running form in the above picture, snapped during the B game played here with Midland Lee Saturday afternoon. The resident Shorthorns won the decision, 8-4. (Photo by Lee Bernard)

Shorthorns Edge Lee Bees, 8-0

By PAT WASHBURN

Both the Big Spring Shorthorns and the Midland Stone-wall Brigade jockeyed the ball at will between the 20 yard stripes Saturday afternoon in the new stadium but only the locals could find the right combination and stumble into paydirt as they took a hard fought offensive contest, 8-0.

The Steers one touchdown came early in a sheer power march that covered 67 yards in 15 plays. Tony Sarachó added a 15 yard ramble and Gary Earhart caught a 17 yard pass that set up fullback Rey Navarette's five-yard gallop around left end for the death dealing six points. Quarterback Van Tom Whatley then rolled out to his right and tossed to the Sammy Mims in the end zone for the two points and the only counters of the game.

tomatically vanished. Both plays occurred in the second half. The first time the Steers got their mittens on the pigskin in the second half they drove from their own 40 to the Brigade's 15 where the ball went over on locals when a pass from Benny Kirkland to Sarachó failed to net enough yards for the first.

But the Shorthorns weren't through. Midland was forced to punt and the Big Springers wound up another drive, this time carrying to the five yard marker before Rey Navarette had the ball knocked out of his hands and the Maroon and White pounced desperately on around left end for the death dealing six points. Quarterback Van Tom Whatley then rolled out to his right and tossed to the Sammy Mims in the end zone for the two points and the only counters of the game.

The Big Spring defense looked ragged at times but always managed to come up with the supreme effort about the time it appeared that the visitors were off and bound for touchdown territory. Several boys looked extremely good with Danny Kirby, defensive right halfback, getting a special nod from the coaches after the game.

Touchdown For Coahoma Bulldogs

Sophomore Marshall Williams (18) of Coahoma sees an opening and sprints for it on his way to Coahoma's third touchdown in Friday night's District 6-A game with Rotan, No. 12 leading the escort is T. Denton, No. 14 for Rotan

is Steve Edwards. Jimmy Spann's Bulldogs stormed on to achieve a 19-8 victory over the defending state titlist. Accompanying story on Page 3-B. (Photo by Danny Valdes)

Penalties, yards	7 for 46

**By JOE MOSSBY**

STANTON — For three-plus quarters here Friday night Stanton High was the best team on the field with the McCamey Badgers.

But they also count those last few minutes, and as a result McCamey took home a 14-0 conference victory.

The contest was by far the best showing of 1963 for the hapless Buffaloes, and Stanton gained an intangible bit of stature by its performance. Except for McCamey's desperation surge in the final minutes, the

Bisons out-hustled and out-gained McCamey all the way. A glance of the final statistics shows Stanton nosed McCamey by a single yard in total offense, 153 yards to 152 in the defensive wrangle.

McCamey earned both its late touchdowns, relying on the bull-sh power of 200-pound fullback Johnny Demaria. But in the first three quarters, the breaks all seemed to go against Stanton, in the form of fumbles, untimely penalties and a blocked punt.

McCamey's first touchdown came on a 60-yard march, with Demaria slashing through the middle for most of the gains. On the Buffalo 12, the big Badger rammed over his left guard and dragged two

Stanton defenders across the goal. The extra point kick was short, and McCamey had a 610 lead in the game.

Minutes later, McCamey took advantage of a wobbly Stanton punt on the Bison 33. Demaria led the punching down to the one, where on fourth down he bucked over the score. Demaria passed to end Joe Villegas for the two-point conversion.

Stanton had probably its best night of the year on offense, and the chief sparkplug was big Mike Hall, a 195-pounder working at fullback.

The Buffs worked mostly with straight-ahead quickies. Hall rammed up the middle time and again for short but consistent yardage, as the Buff forwards were able to dent the Badger line.

Quarterback Ronnie Driggers turned in a first-rate game, too, with his plays and ball-handing. But McCamey's strong defensive ends kept Stanton from threatening with the wide plays. David Dunn and Johnny Swanson also had good nights offensively.

**Lamesa Downs San Angeloans**

SAN ANGELO — The Lake View Chiefs romped and stomped up and down the field as fullback C. L. Avant covered an amazing 221 yards rushing but it was to no avail as the Lamesa Golden Tornadoes took a 31-13 victory.

Lake View scored first on a 99-yard scamper by Avant in the first quarter as he drifted through a huge hole at right tackle and eluded two tacklers at the 15 to go all the way. Joe Hartman kicked the extra point. The other Chief TD came in the fourth quarter and it was again Avant as he went over from the six to culminate an 80-yard drive in nine plays. The extra point try failed.

Lamesa got the scoring machine rolling in the second stanza after they recovered a Lake View fumble on the Chiefs 49. Five plays later running back Phil Russell put on the finale with a 21-yard scamper. The try for two points failed.

In the second half, the Tornadoes rolled the first time they had the ball covering 48 yards in 11 attempts with Russell going over from the two. In their next series of downs it was the same story, 38 yards in 12 plays, with Kirby Hodnett going the last 12 yards to strike the end zone.

The last Tornado scoring came the fourth period as Jay White dived into the end zone. Tim Anderson kicked the extra point.

**Yale Handcuffs Green Indians**

NEW HAVEN, Conn. (AP)—Fighting Yale moved for a score the first time it got the football and went on to upset stubborn Dartmouth, the pre-season Ivy League title favorite, 10-6, Saturday on a slippery field.

A crowd of 35,926, largest at Yale Bowl this season, saw the Eli take charge from the start and send the Indians to their second straight defeat after having won 15 in a row Yale surprised with its first play, a 29-yard screen pass. It highlighted a 53-yard drive for the Blue's only touchdown. Dartmouth never seemed to recover after that.

Randy Egloff's eight-yard smash through the middle for the touchdown and Chuck Mercein's conversion gave Yale a 7-0 lead at 6:27 of the opening quarter. And Mercein's 29-yard field goal about midway in the second period accounted for the remainder of Yale's scoring.

**Merkel Halfback Tips Roscoe, 22-0**

MERKEL—Merkel's tough Badgers unleashed C. D. Brown Friday night in Merkel and won their fifth District 6-A game without a defeat as they rolled over the Roscoe Plowboys, 22-0.

Brown, a 195-pound Badger halfback, scored 20 of his team's 22 points on touchdowns runs of 7, 8, and 22 yards and kicked two extra points.

# Leopards Vanquish Sands Ponies, 54-8

weakness for all it was worth. Surprisingly they never scored a touchdown through the gap.

The New Home linebackers were also pushed around with comparative ease by the Mustangs and time after time the deep men had to come up to nail a Mustang ball carrier. But due to the inconsistency of the Sands' attack, these backfield men of the Leopards were saved the embarrassment of getting smashed as they did a week ago against the Wilson Mustangs.

Don Boyd, a senior who never played football before this year, was easily the Mustangs' biggest standout on offense. Rolling right on pitchouts and running with a powerful, unsteady gait, he bulldozed his way through the line time after time for five yards as he dragged several New Home tacklers with him. It was his best performance of the year. Eddy Herm, a 155-pound junior halfback, gathered in a kick-off on his own 15 and headed up the middle behind dead-end blocking to the outside. He shot through a truck-sized hole and then outraced a surprised secondary to the goal line despite almost being tripped up on the 10 yard stripe by a determined diving, shoestring tackle.

But moments of glory were few for Ackerly rooters. The rest of the game was like a big bully rudely snatching a lollypop from a little kid. New Home literally took all the marbles. The Leopards backs were sensational. Terry Brown, a 136-pound fullback, led the slaughter with three touchdowns and an amazing 13.5 yards a carry. Kenneth McClung scored once as he rumbled for 11.3 yards every time he carried the ball and Dave Hancock had a 10.1 average as he added one TD to the rout. Quarterback Elton George pushed in two six-pointers and had the lowest rushing percentage with a credible 7.7.

On defense the Leopards were lacking and Sands had one of its best offensive nights of the season. The right tackle slot could be opened for a runner with no more effort than a mere push of the little finger, and Sands backs exploited the

proceeded to rip off the amount in one play as George went around left end.

Hancock uncoiled for a 64 yard shot over left tackle for a beautiful scoring run. George passed to McClung for the extra points to make the halftime score 30-0.

In the third quarter, it was again George to Brown for a scoring pass, this bomb going for 67 yards down the left sidelines with Brown scampering the last 40 in no danger of being stopped. George added the two points.

After both teams exchanged interceptions, New Home found itself 13 yards from paydirt and

# Seven Teams Experience Initial Grid Defeats

**By The Associated Press**

The top teams of Texas school football all came through Friday night as seven fell from the undefeated, untied ranks.

San Angelo, No. 1 in Class AAAA, blasted Midland Lee 49-0 to move toward a showdown for the District 2 title with Odessa. The latter kept the pace with a 9-0 decision over Abilene.

Dumas, the front runner of Class AAA, lashed Littlefield 49-13, with only Phillips standing in the way of the Demons to another district championship. Phillips whipped Levelland 28-24 to remain unbeaten and untied along with Dumas.

Rockdale, No. 1 in Class AA, established itself as the team to beat for the title with a 27-13 lashing of hitherto unbeaten, untied Caldwell.

Albany, the Class A top-ranker, wasn't impressive although staying on the victory trail. The Lions beat Ranger 14-12.

Falling from the ranks of the perfect records were Lampasas, Stinnett, Nocona, Caldwell, Devine, Columbus and Idalou.

Lampasas took an 8-6 thumping from Austin Lanier in Class AAA. Stinnett was smashed by Dalhart 38-0. Columbus was clipped by Katy 15-12. Nocona

**THE NAPOLI**

Rates a bow with a marked sense of individuality. The one button jacket, with forward pitch shoulder, boasts the slightest hint of gentlemanly waist suppression augmented by diagonal flap pockets, 6" side vents and semi-clover-leaf lapels. Trousery is comfortably beltless with side tabs and extension waist band. Tailored from fine Italian silk and wool sharkskin.

## LOOKING 'EM OVER

With Tommy Hart

Milton Ham, the former Snyder athletic great who is now coach of the Midland High B team, says the greatest thrill he probably ever got in college was when he tackled All-American Jimmy Saxton in the end zone in TCU's game against Texas University in 1960, which the Longhorns won by a score of 3-2. Milton never weighed more than 185 pounds when he performed for TCU but he was one of the most aggressive players the Frogs ever had. In three seasons of competition now, Abilene Cooper has never been able to score on Big Spring in football. The locals defeated the Cougars, 26-0 two years ago, 27-0 last year and 6-0 this year. Cooper played truly inspired ball against Big Spring this year, reasoning it had a better chance to defeat the locals than any other opponent remaining on its schedule. The Cougars have two splendid tackles and, no doubt, deserve a better record than they have. Anyone within hearing distance have any Reach and Spalding Baseball Guides dating from 1877 to 1941? William Puckner of 83 68th Street, Guttenberg, N. J., would like to buy them to fill out his library. Five Texans are among the starters on this year's Eastern New Mexico University's football team, along with five New Mexico residents and one from Illinois. Ex-Big Springers B. B. Lees is one of the coaches there. The Green Bay Packers manhandled the St. Louis Cardinals, 30-7, in their recent game and one of the big reasons was the fact that the Redbirds controlled the ball only a minute, 47 seconds of the second period. Notre Dame leads all schools in the country in player contributions to the two pro football leagues, with 24; followed by Southern California, with 19; and LSU, with 17. Baylor paces the SWC with 11, while Arkansas has furnished nine, Rice seven, Texas A&M seven, TCU seven, SMU five, Texas four and Texas Tech three.

DON TRULL

Eight-Yard Penalty Inflicted On BS  
Once, when Big Spring failed to make a first down on a fourth down situation in this year's football game against Midland Lee, the Rebels had 12 men on the field. It was that game, too, that the referee inflicted an eight-yard penalty against the Steers in a situation which called for only five yards. Seems he lined up with the wrong sideline marker in stepping off the yardage. One of the arbiters blew the duke in Big Spring's game against Odessa, too, when he refused to give the Steers credit for a recovered fumble, maintaining that an Odessa back's knee had touched the ground. The films showed the ball loose and a good three feet away from the Bronchos when his knee hit the turf. Big Spring recovered the ball deep in Broncho territory and was in a good position to drive in for what would have been an important score. An arbiter came from far across the field to

### Eight-Yard Penalty Inflicted On BS

rule on the play — the one nearest the point of contact seemed paralyzed, for some reason. The jobs of at least two head coaches in the important District 2-AAAA imbrogio. Almost universally, the Steers had been picked as the underdogs in the battle. Under the expert eye of a Tiffany gem-detective, the opal of victory might have betrayed a slight flaw — the Bulldogs were operating without the services of their bread-and-butter man, Ross Montgomery. Let it be said that the Steers are grateful for small favors — and who can argue with success? The Longhorns, approaching the form they showed against Wichita Falls a month ago, were not at full strength, either. Their glue-fingered end, Charley West, was pacing nervously up and down the sidelines in levis — incapacitated with a twisted knee. Too, ace tackle Coye Conner left the game with a gimp leg relatively early in the second half, forcing the Steer coaches to bring up reinforcements. The people clever with words are prone to say: "Man heaps together the mistakes of a lifetime and calls it destiny." The Bulldogs, a proud, hard-hitting crew worthy of all the praise that has come their way, have

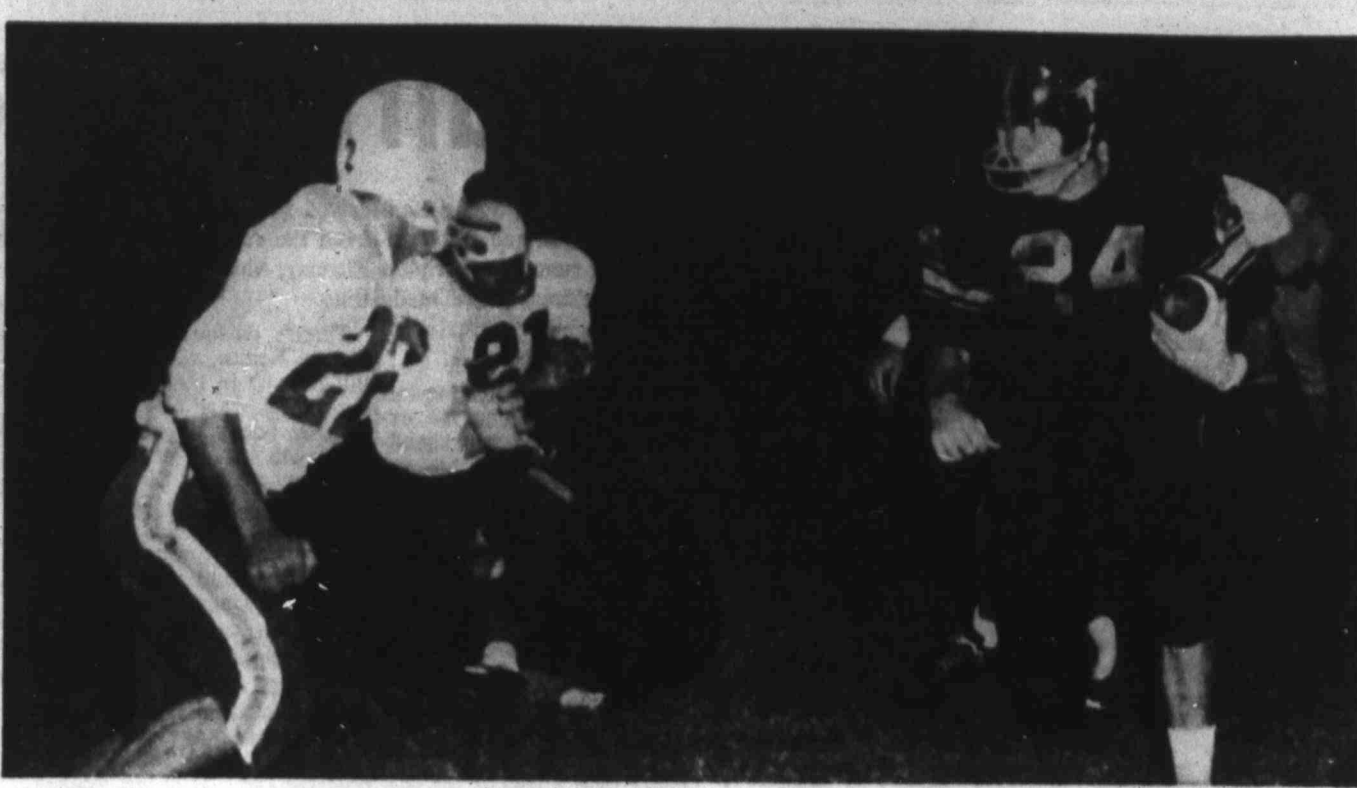

will only take the game seriously, Freddy Williams, a Big Spring High School sophomore, can become one of the finest running backs in Steer history. So far, however, the coaches haven't been able to get Freddy's undivided attention. CBS points with pride to the fact that viewing of NFL football games is up 33.5 per cent this year over 1962, claiming four million new fans. The network's tub-beaters say 30 per cent of the TV sets in use each Sunday afternoon are tuned in on NFL games. That leaves a relatively small audience for AFL games, doesn't it?

### Abe Martin Praises Don Trull

Gary Earhart, a fine looking sophomore, ran 82 yards for a touchdown in Big Spring's B game with Odessa here the other day that didn't go into the books — a clipping penalty wiped it out. One of the 2-AAAA coaches has been yelling instructions to his team in league games with the aid of a loud-speaker. Is that in accordance with interscholastic League rules? Bob Dabler, the former Amarillo College basketball great, is now at Texas Western College in El Paso. Willie Brown, the former TWC basketball standout, is currently employed by the Harlem Globetrotters. A lone handicapper at Sunland Park last Sunday picked Paso A Paso and Butch's Charm in the sixth race and combined them with Wise Spell and R. B. Jones in the seventh for a \$9,982.40 Big Q payoff. Abe Martin, the TCU mentor who should know about such things, compares Baylor's Don Trull favorably with Fred Benner, the SMU pass wizard of a few years ago, but says Trull is a better performer because he is a more dangerous runner. TCU scouts are of the opinion Trull is the finest aerialist Baylor ever had, outranking such stellar performers as Adrian Burk, Larry Isbell and Billy Patterson. If he

### Dragons Thumped By Mertzson, 44-25

FLOWER GROVE — The Flower Grove Dragons remained in the winless column Friday night as Mertzson and Mike Boyd thundered to a 44-25 victory. Boyd personally stashed away 20 points and was followed closely by Tim Sellman with 18. Oscar Molina added one six-pointer. Flower Grove 0 0 18 7 — 25; Mertzson 12 12 14 6 — 44.

Outta My Way, Fella!

Rickey Earle (24) of Big Spring swings downfield to run after receiving a pass from Albert Fierro and finds Barry Biscoe (22) of Midland waiting for him. The action occurred

in Friday night's football thriller here, won by Big Spring, 21-7. Earle made 20 yards on the play. (Photo by Keith McMillin)

## Herd Still Factor In 2-AAAA Race

cause to reflect upon a few of their clinkers and wonder if they were not fighting fate as well as a fired-up ball club. In the final analysis, a fumbled punt and an errant pass helped tie the albatross of defeat around the necks of the Midlanders. The first period was scoreless, although the Bulldogs cranked up and drove all the way to Big Spring's 14 before yielding possession. Big Spring's first big break blossomed early in the second quarter when Johnny Hughes — tremendous all night in the punting department — booted the ball all the way from his 19 to the Midland 27. Mike Hinsley of Midland let the ball slip through his fingers at about the 35 and Robert Goodlett recovered for Big Spring eight yards downfield. Seven plays later, quarterback Albert Fierro passed to Goodlett in the end zone from the seven for the score. Joe Juare booted the point and Big Spring led, 7-0. There was 8:46 still showing on the clock at the time. Big Spring blew a chance to score a short time later when Juare's try for a field goal from the eight had the height but not the distance. Just before the half ended, Bill Wood, the Midland quarterback, tried a screen pass at midfield and the most electrifying play of the season, if not the decade, resulted. Tim Smith, a holy terror on defense all night, got his meat hooks into the air and kicked it off, gathered his blockers and reared to a score. He was hit by opposing tacklers several times but the jolts merely seemed to right his momentum and he bruised into the end zone with a tackler draped around him. Time had run out when he completed his odyssey. Midland struck back with a first down in the third quarter. The Bulldogs took the kickoff and in three plays drove 55 yards to a score, making it look astonishingly easy. Wood sought out end Mack Lawrence with a pass at about the Big Spring 40 and Lawrence outtraced the Steer secondary to the flag. The play covered 55 yards. Big Spring failed to make a first down in the third quarter and with huge Cliff Hoffman boring holes in the Steer line the situation clouded over for Big Spring. Midway in the fourth, Midland drove from its own eight to the Steer 40 with a fury that had the Steers reeling but Dick Irons intercepted a Wood-through pass at that point and the break served as a transfusion to the entire Steer team. Irons, a Gargantua on defense for Big Spring all night, proceeded to spearhead a drive that paid off with the clinching TD. He smashed 22 yards on one occasion and picked up vital yardage on a fourth down play another time. A pass interference play against Midland moved the ball from the four to the one, from which point Fierro harried over. Fierro passed in the end zone to Baxter Moore for the two extra points. Midland, throwing caution to the winds then, inched into Big Spring territory but Don White intercepted another Wood pass and Big Spring had the ball at its own 29 when the end came. Montgomery was called upon to play only when Midland was forced into a punting situation —

he was hamstringing by an injured leg suffered in practice. Fierro was brilliant as the Steer quarterback and was again on the beam with his passes — he completed ten of 20 and a few others were dropped by over-eager receivers. Ricca Flores played his best game of the year in the Big Spring line, compelling grudging respect from a bigger Midland primary. He was one of many Steer standouts. Goodlett deserved to be spoken of in superlatives, as did Smith, White, Larry Jones, Moore, Jimmy Nipp and many others. The win was the sixth in seven starts for Big Spring. Midland is 4-3. Score by quarters: Big Spring 0 13 0 8 — 21; Midland 0 0 7 0 — 7.

## Bulldogs Rip Rotan 'Hammers, 19 To 8

fourth down play after they had a first down with goal to go on the Bulldog three. The lighter Bulldogs held Rotan to one first down during the first half, meanwhile racking up 10 of their own as they ploughed to two touchdowns and a 13-0 halftime lead. Quarterback Marshall Williams kept the ball on a swing around his own right end with 9-15 remaining on the clock in the second quarter, going seven yards for the first score to cap a 61-yard drive. Actually, the entire series carried 100 yards. It began with halfback Eddie McHugh taking a kick in his own end zone and logging it to the 39-yard line. With 20 seconds left until halftime, McHugh went 11 yards capping a 44-yard drive to tack on the winning touchdown. Ed Wolski kicked the extra point. Coahoma got the ball on this series with McHugh intercepting a pass on the Coahoma 30 and going to the 44 in Yellowhammer territory. He went to the nine, but the additional distance was nullified by a clipping penalty. The clincher was hung up by Coahoma on a five-yard run by halfback Travis Reid, capping an 88-yard drive. Fullback Howard VanLoon bulled over the Rotan score and quarterback Eddie Mac Lang carried around his own right end for the extra point. The Yellowhammers never penetrated the Bulldog line and did not keep a drive going for more than one first down except in the final period, when they racked up five first downs in a row on a series of down-and-out passes. Good defensive play choked off that drive 16 yards short of paydirt.

**By JOE BEYER**  
COAHOMA — The Bulldogs presented a ground attack and an impenetrable defensive wall for hometown fans here Friday night in the final home game of the season as they solidly trounced the visiting Rotan Yellowhammers 19-8.

The Yellowhammers came into the game highly favored, but were stopped at every turn. Only with time running out, after recovering a fumble on the Bulldog 20 yard line, were they able to push the ball into paydirt, and that on a

## Schoolboy Spotlight Is On Alamo City Friday

By The Associated Press  
Some district championships go on the line in the upper echelons of Texas schoolboy football this week. Attention is centered on San Antonio where two unbeaten, untied teams vie for the title of District 15. It's Highlands vs. Lee with Highlands able to clinch the title with a victory.

San Angelo, the top AAAA team, plays Odessa Friday. San Angelo and Odessa are tied for the District 2 lead and the winner will be a heavy favorite for the title and a spot in the state playoffs. Dumas, the undefeated, untied defending champion of Class AAA, also is rated tops and holds its position well, winning 19 straight games. But Dumas can't sew up its district title for at least two weeks since Phillips also is unbeaten in the district and these teams don't play until Nov. 15.

Garland can win the District 7 title of AAAA by beating Denton Friday. Some team titles also will be in the balance with Lamar of Houston able to clinch its zone by defeating Houston Bellaire

## Aroused Cats Rip Imperial

**By RUCK SITTON**  
GARDEN CITY — The home town Bearcats, led by a junior halfback and a sophomore end, struck like lightning here in every quarter Friday night to score a 56-0 rout of Imperial's visiting Longhorns in a 6-B, eight-man grid clash.

The halfback, Dennis Seidenberger, scored on a 17 yard sweep of left end in the first stanza, and he scampered around the same end on touch-down runs of 35 and 72 yards in the second frame. Two similar plays for extra points in the second and fourth periods won the shifty 145-pounder scoring honors for the night with a total of 22 points.

Riley Chandler, the end, was runner-up with 18 points. He scored on passes of 29 yards from fullback Gary Pagan and five yards from quarterback Earl Plagens. In the final frame, the 160-pound speedster swept right end from 34 yards out on a fake punt.

Chandler's first TD reception came on the first play of the second quarter capping a 60 yard drive. Pagan hit him running full stride in the south-west corner of the end zone. The second one was a perfectly executed jump pass from Plagens in the third period, climaxing a 49 yard march.

The quick-hitting Garden City defense completely bottled up the Buena Vista High School squad, causing the defenders to fumble nine times. Chandler also was a standout on defense. He blocked two punts, both of which were converted into touchdowns. Pagan turned the first blocked punt into a TD in the second period on a four yard ramble around right end.

**Eagles In Front**  
NEWTON, MASS. (AP) — Quarterback Jack Concannon guided a crisp offense and Boston College made the most of Vanderbilt mistakes for a 19-6 intercollegiate football victory Saturday.

Chandler did the honors himself on the second one with his fourth quarter romp. Pagan also tallied four more points on conversion blasts. Taylor Etchison, 125-pound junior end, scored the other Bearkat tally on a 39-yard interception in the fourth quarter.

The entire Garden City line played a sparkling brand of ball, paving the way for the runners with crisp blocks on offense and containing the Imperial attack with an alert, quick-hitting defense.

The Longhorns punctured the Kat defense on only one sustained drive of the night, moving 50 yards on eight plays in the third period. Senior quarterback Alfred Quintola scored the Steer touchdown on a tricky nine yard run around right end after twice eluding tacklers behind the line of scrimmage. The drive was kept in motion on a 15-yard fourth down pass from Quintola to senior end Tom Shreffler.

Garden City coach Jack Woodley swept the bench of reserves in the fourth quarter.

# Cards Face Tough Sledding Today

By MURRAY ROSE  
Associated Press Sports Writer

Getting a team up week after week is a huge problem for all pro football coaches. So picture the job Wally Lemm of the St. Louis Cardinals has ahead of him starting this Sunday with a key National Football League game against the New York Giants.

Within a five-week span, the Cards take on the Giants and Cleveland Browns twice each. After the Giants this Sunday, the Cards face Washington at home, the Browns in Cleveland, the Giants in New York, and then the Browns at home. By then the Cards could either be ready to wrap up the Eastern Conference pennant or nurse their bruises a few notches down from their current tie for second place.

The Browns, 6-1, are first in the East followed by St. Louis

and New York, 5-2 each, and Pittsburgh's rugged Steelers, 4-2-1.

In the other top NFL games Sunday, the Browns, hoping to be on the rebound from their 33-6 lacing by the Giants, take on the injury-riddled Eagles, 2-4-1, at Philadelphia; the Steelers face the Green Bay Packers, 6-1, who are tied with the Chicago Bears for first in the Western Conference, at Milwaukee, and the Bears visit the always dangerous Johnny Unitas and the Colts, 3-4, at Baltimore.

The other NFL contests pair Detroit, 3-4, at San Francisco, 1-6, and Los Angeles, 2-5, at Minnesota, 2-5.

The American Football League, which spreads its games over the weekend, has only two games scheduled for Sunday.

Kansas City's defending champion Chiefs, 2-4-1, battling to

stay in contention in the Western Division, meet the hot Raiders, 4-4, at Oakland, while the Buffalo Bills, 3-4-1, take on the Broncos, 2-4-1, at Denver in a clash of the cellar teams. The Chiefs have lost three straight while the Raiders have swept two in a row, including a 34-33 upset thriller over the San Diego Chargers last week.

The Chargers, leaders of the Western Division, met the Jets at New York Saturday night.

In the big NFL games, the Giants and Bears are slim favorites while the Browns and Packers are solid choices.

The Cards lost running back John David Crow for the season but their attack has rolled up top yardage in the NFL without much help from their oft-injured ace, Charlie Johnson's passes to

Bobby Joe Conrad, Sonny Randle, Jackie Smith and Bill Triplett, and the running of Triplett and Joe Childress have made the Cards potent threats on ground and in the air.

The Giants' fast-striking offense, centered around the extraordinary passing and signaling of Y. A. Tittle, has received additional momentum from the running of Hugh McElhenny, Alex Webster and Phil King.

There's double trouble ahead for the Eagles, who lost 37-7 to the Browns in their first meeting this year and also saw quarterback Sonny Jurgensen sidelined with a shoulder injury. Reserve quarterback King Hill suffered a concussion against the Bears last Sunday but is expected to play. Recently signed Ralph Guglielmi will be standing in the wings.

The Packers had a tough time beating Pittsburgh, 19-13, when they last met in 1960. This week it could be just as rugged with Green Bay quarterback Bart Starr out. The Packers beat the Colts 34-20 last Sunday with John Roach at the throttle and they now have ex-Ram Zeke Bratkowski in reserve. The Steelers, with Ed Brown Carr counted TD's for the Panthers in an eventful second half.

Additional momentum from the running of Hugh McElhenny, Alex Webster and Phil King.

## Permian Rallies To Rout Cooper

ABILENE — Odessa Permian got up off the mat in the second half to defeat Abilene Cooper, 34-13, here Friday night.

Cooper took a lead in the second quarter when Charles Soladay passed nine yards to Steve Sneed but Francey Tubb, Jim Huffman, Pat Brown and Don Carr counted TD's for the Panthers in an eventful second half.

Additional momentum from the running of Hugh McElhenny, Alex Webster and Phil King.

## Bronchos Blank Abilene Eagles

ODESSA — A 25-yard field goal by Marty McVey from the eight-yard line and a 34-yard touchdown pass from Billy Parks to McVey gave the Odessa Bronchos a 9-0 victory over the Abilene Eagles here Friday night.

The win left the Bronchos undefeated in 2-AAAA play. All the scoring occurred in the first half. The Odessa touchdown came after Gene Crawford blocked an Abilene punt.

Additional momentum from the running of Hugh McElhenny, Alex Webster and Phil King.

MOST MAINTAIN THEIR SENSE OF HUMOR

# Outdoor Writers Lead Busy Lives

A Big Hello

DecRoby Gartman of Big Spring gets ready to gather in a pass from Albert Fierro in the above picture, snapped during the Steer game with Midland High here Friday night. Big Spring won, 21-7. (Photo by Keith McMillin)

By BERNIE SMITH  
DALLAS (AP) — Think you have trouble keeping up with your fishing? What if you had to keep up with all kinds, as well as hunting?

That's what the men who write of the outdoors do. Outdoor editors keep sportsmen informed in the complex world of tackle, guns and boats, and also provide columns for those who cannot "get away from it all."

They answer many questions, quite creditably. Some of these reporters double in sports and other writing.

And they retain their sense of humor.

For example, Bob Bristor of the Houston Chronicle reported about several boatloads of anglers fishing "by the birds" on a very dull day. Suddenly the sea gulls concentrated on one spot in the bay. Boats whined

hull throttle to the spot, expecting a school of fish. The birds were merely enjoying what was left of a ham sandwich. Already at the spot were a boatload of jokers about to split their sides.

Harv Boughton of the Houston Post wrote about a papa and mama porpoise shushing a baby porpoise away from an artificial lure it was following.

Ken Foree of the Dallas News shocked his readers with the news that Whitney and Possum Kingdom Lakes were resting upon lower, heavier bodies of salt water.

Ed Holder narrated a trip to the Gulf oil rigs for bluefish, in the Fort Arthur News. He also wishes the critics of Rollover Pass could have seen the thousands of anglers catching reds, croakers and founder there right after Hurricane Cindy. In the Wichita Falls Times,

Carroll Copelin told of an angler fishing over a car body reef. The guy had a strike, then the fish hung in the reef. A skin diver told the angler he was hooked on a tremendous catfish that retreated into an old car body. The diver got a speargun, submerged a gain and returned empty-handed.

"Couldn't hit him?" the fisherman asked.

"No," the diver replied, "every time I'd start to get a bead on him he would roll the window up."

An automated squirrel turner was described by Jim Watson of the Beaumont Enterprise. A turner is a helper that scares squirrels back around a tree so a hunter can shoot them. When this automatic-equipped hunter saw a squirrel in a tall tree he would tie a balloon, cowbell and a string on a bush, then go

around the tree. When the squirrel retreated, the man pulled the string. The squirrel heard the bell, saw the balloon and retreated again—a fatal error.

Russell Tinsley in the Austin American-Statesman told how to get to oil rigs off Padre Island with outboards. The rigs are 30 miles from the nearest pass, so boaters launch their craft into the surf.

"Any boat in excess of 16 feet with high freeboard can run the surf," Tinsley wrote. "Going out, the person must remember to keep the bow pointed directly into the breakers and the weight back, to keep the nose up where rollers won't slosh over. When returning, the boatman picks out a roller, puts the craft on it, and skims in, just like surf-boarding. As the boat slides up on the beach, the occupants must jump out and pull it up

on the sand to keep the breakers from coming in over the stern."

Fred Maly of the San Antonio Light lost a world salt water fishing championship because of a dolphin. He and a partner both hooked the fish, but the rules allow only one man to a fish.

Also in San Antonio Dan Klepper of the News-Express told of large, tame catfish that eat out of their owner's hand.

Leo Dromgoole of the Borger News-Herald says the first Texas hunt of aoudads will be held this December. They are barbary sheep, from Africa, released in 1956 in the Panhandle.

It must have been Bubba Cruse of the San Angelo Standard-Times who reported a good showing of trophy horns among the antelope on big game ranches in the Trans-Pecos.

The Waco News Tribune-

Times Herald's Earl Golding went into deep East Texas on a bring 'em back alive alligator hunt. He would have waded right in after a huge 'gator, it says here, but he was carrying a camera.

Dick McCune of the Dallas Times Herald decides which number shot is best for a certain game, and stands pat. He told the best brush to use in bating a crappie blind, willows.

George Kellam of the Fort Worth Star-Telegram shined a spotlight on the bank while bass plugging at night, and narrowly escaped being clobbered by his partners for this sin. Lights generally spook bass, but a minute later Kellam connected with a lunger at the same spot.

A buddy found the print

smaller every year on shotgun shells, says Roy Swann in the Corpus Christi Caller-Times, so he bought his shells in various colors, 4s for ducks were blue, 2s for geese red, etc.

Sportsmen unable to engage in their favorite sport hungrily turn to reading about it.

## Bobcats Batter Rebels, 49-0

MIDLAND—San Angelo lived up to its rating as the state's No. 1 Class AAAA football team by punishing Midland Lee, 49-0, here Friday night.

San Angelo gained a total of 537 yards to a mere 85 for Lee.

WE BELIEVE IN... SERVICE BEFORE AND AFTER THE SALE!

THESE ARE THE PARTS COVERED BY OUR 5-YEAR, 50,000-MILE WARRANTY!

**THE DEPENDABLES' 5-YEAR/50,000 MILE WARRANTY—Chrysler Corporation** warrants for 5 years or 50,000 miles, whichever comes first, against defects in materials and workmanship and will replace or repair at a Chrysler Motors Corporation Authorized Dealer's place of business the engine block, head and internal parts (excluding manual clutch), torque converter, drive shaft, universal joints, rear axle and differential, and transmission case and internal parts, provided the owner has the car maintained every 3 months or 4,000 miles, whichever comes first, and the oil filter replaced every 3 months or 4,000 miles, and the carburetor and fuel filter cleaned every 3 months or 4,000 miles, and the dealer is notified in writing of such a defect within the warranty period. (1) except of such evidence and (2) the car's then current mileage.

### Read This About Our Warranty:

These are the things that are required for year 3 year, 50,000 mile warranty to be valid:  
1. Every 3 months or 4,000 miles, change engine oil. Cost approx. 2.00.  
2. Every 6 months or 8,000 miles, change engine oil and filter. Cost approx. 3.00.  
3. Every 6 months or 8,000 miles, clean carburetor air filter. No charge.  
4. Every 3 months, change carburetor air filter, cost only \$3.95.  
This is no more than you would normally do for any car.  
\* Items priced, genuine MOPAR parts.

THIS IS AN ACTUAL COPY OF OUR 5-YEAR, 50,000-MILE WARRANTY!

# Hearings Planned On Price Cutting

**By JERRY PILLARD**  
AUSTIN (AP)—The chairman of a House interim committee studying the Texas oil industry said Friday that it will hold hearings in Wichita Falls and Abilene, seeking to learn why crude oil prices have been cut in these areas.

Rep. George Cook of Odessa and Rep. Maurice Duke of Wichita Falls said oil company representatives will be asked to testify voluntarily.

"If they refuse to testify voluntarily, we intend to use the committee's power of subpoena to bring them before the committee," Cook said.

"I want the people of Texas to know that the members of the Texas Legislature are not standing idly by while certain isolated companies are allowed to make a shambles of its most important industry."

Duke said some oil companies have cut prices from 10 to 48 cents per barrel of crude in certain parts of the state. The average price for crude was about \$3 per barrel.

Duke said the most recent price cuts will cost the state \$500,000 in tax money alone and cut the Texas economy by \$9 million a year.

"Not only that, but these price cuts have occurred at a time when substantially all of the major importing companies are reporting record profits while at the same time independent producers in Texas are being bankrupted," Duke said.

Cook said the committee will

meet with Railroad Commission members Friday, and hold its first hearing with company representatives in Wichita Falls about two weeks from now.

Gov. John Connally said after a meeting with independent oil association leaders Oct. 20 that he will appoint a committee to look into pricing if price deteriorations continue.

The independents' protest centers on Cities Service Oil Co.'s

## CROCKETT COUNTY

### Gulf Dually Finals Lower Leonard Test

Gulf Oil Corporation duals a 11 1/2 mile north of Ozona and 3 1/2 miles southwest of the Ozona, North (Pennsylvania) field. Location is 660 feet from south and east lines of section 15, block OP, GC&SF survey. Near-est Ellenburger production is five miles west in the Vaughn field.

Trace Mining Company will re-enter and clean out to 4,200 feet for tests of the Strawn at No. 1 W. D. Valiant, a Sutton County failure 24 miles north-east of Sonora.

Originally drilled by Utex Exploration Company of Abilene, it was abandoned in September, 1959 at total depth of 4,483 feet. Location is 1,980 feet from south and 660 feet from west lines of section 14, block 5, TW&NG survey and eight miles south of Tucker Drilling Company No. 1-A J. D. Cowser, a recent Strawn sand gas discovery in extreme northwest Kimble County.

It was completed in June, 1948 for a calculated, absolute open flow potential of 13,000,000 cubic feet of gas per day through Wolfcamp perforations between 6,020 and 6,130 feet.

Location is 665 feet from northeast and 630 feet from northwest lines of the northeast 80 acres of the southwest half of section 40, block 31, T&P survey.

H. E. Barnes of Roswell, N. M., will drill No. 1 C Osage as a 3/4-mile north outpost to his recently completed No. 1 Federal, a San Andres oil discovery 20 miles northeast of Acme in Chaves County, N. M. Drillsite is 990 feet from north and 2,353 feet from west lines of section 33-6-26. Contract depth is 1,100 feet.

**ELLENBURGER**  
Charles F. Wilson of Midland will drill No. 1 Troy Williams as an 8,400-foot Ellenburger wildcat in Crockett County, section.

## Three Injection Wells Staked

Sunray DX Oil Company has staked three water injection wells in the Howard-Glasscock field. All are projected to 2,100 feet and are in section 16-29, W&N survey, on a 480-acre lease about three-fourths of a mile southeast of Forsan.

No. E-47-BDE Dora Roberts is 683 feet from the north and 1,960 feet from the west lines of the section. No. E-48-BDE Roberts is C NW NW of the section. No. RW-6-BDE Roberts is 1,308 feet from the north and 1,320 feet from the west lines of the section.

# New Spokesman Has Done It All

**By MAX B. SKELTON**  
HOUSTON (AP)—The new chief spokesman for the nation's independent oil operators is a producer, driller, pipeliner, supply man, bank director and rancher.

## PBPA Holds Annual Meet

The annual meeting of the Permian Basin Petroleum Association will be held in Odessa Dec. 5, W. T. Edwards, PBPA's president announced today.

The meeting will be held in the Lincoln Hotel Ballroom, New Mexico's Governor Jack Campbell will be the featured speaker. He will talk on "Conservation and the States."

New officers and directors of PBPA will be elected. All members and their wives are urged to pre-register, as the number attending will be limited to the seating capacity of the Lincoln Hotel Ballroom.

A crewcut makes H. A. True Jr. appear younger than his 48 years.

The Casper, Wyo., oilman says he faced a tough decision this week when he accepted election as president of the 7,000-member Independent Petroleum Association of America.

"I'm not sure I can afford the decision," he said.

True said this after Jake Hamon, the nominating committee chairman from Dallas, had told the trade group's meeting in Dallas it had been difficult to find a man who was willing to practically give up his own private business to do a two-year job for the independents.

True's predecessors in recent years have had to be travelers who frequently have seen more of Washington than their hometowns.

Harold Decker of Houston, who headed the association 22 months, made more than 30 Washington trips that lasted from five days to two weeks.

True's Washington problems are the same ones Decker battled. They include oil imports, a natural gas price controls, taxes.

## Active Rig Total Takes An Increase

An increase of seven rotary units operating in the Permian Basin Empire was noted by the Friday tabulation of Reed Roller Bit Company.

That survey registered 211 working rigs, while 204 were counted a week earlier. The Friday total was four more than the 207 listed in the two-state region on the comparable report for 1962.

Lea County, N. M., gained nine, up from 37 to 46, to retain possession of first place.

Pecos County, despite a decrease from 18 to 17, continued in second position and Ector County moved into third place with 14, an increase of two over the prior week's 12.

The county by county survey, with previous totals in parentheses, includes:

- Andrews 9, (10); BORDEN 2, (4); Chaves 1, (1); Cochran 1, (1); Coke 1, (1); Concho 2, (3); Crane 10, (10); Crockett 3, (4); Culbertson 0, (1); DAWSON 4, (4); Ector 14, (12); Eddy 8, (9); Fisher 4, (4); Gaines 8, (9); GARZA 1, (1); GLASSCOCK 0, (1);

- HOCKEY 2, (2); HOWARD 2, (1); Irion 1, (1); Kent 3, (3); Lea 46, (37); Lubbock 2, (2); Lynn 1, (1); MARTIN 5, (5); Midland 4, (5); MITCHELL 3, (1); Nolan 3, (4); Pecos 17, (18); Presidio 1, (1); Reeves 3, (3); Roosevelt 3, (0); Runnels 4, (4);

- Schleicher 1, (1); Scurry 1, (2); STERLING 2, (2); Stone-wall 3, (4); Sutton 1, (1); Terrell 0, (1); Terry 1, (1); Tom Green 2, (2);

- Upton 10, (10); Ward 6, (4); Winkler 8, (6); Yoakum 8, (7); TOTAL 211, (204).

## J. E. Turner Made District Engineer

J. E. Turner, sales engineer for Dowell Division of Dow Chemical Company at Midland, has been named district sales engineer. E. J. Davis, district manager, has announced.

Turner joined Dowell in 1953 upon graduation from Texas Technological College. He served as service and sales engineer at Hobbs and Farmington, in New Mexico, and later advanced to manager of the Hobbs station. He transferred to his present position in Midland early this year.

This is the 23rd in a series of special Cosden presentations recognizing the long and valued services of these employees who have been associated with the Company 15 years or longer. Cosden is proud of its scores of workers who have contributed their efforts through 50 many years toward the success of the Company.

RAYMOND A. MOORE

Raymond A. Moore, a native of Cisco, was in Germany when World War II ended. A corporal in the U.S. Army, he had spent three years in service when he came home late in 1945.

He received his associate arts degree in 1948 from Howard County Junior College. It was time to put down roots, he concluded, so he turned to Cosden. On Aug. 4 he reported at the refinery as a yardman. Since he had had some experience in the electrical field in the Army, he was happy to enter the electrical department within two years. For a long time now he has held the rating of Electrician A, specializing in instruments.

On Nov. 6 he and the former "Baß" Snyder, daughter of the R. H. Snyders, will celebrate their 15th wedding anniversary. They live on Sterling City Route, on one acre that accommodates vegetable gardens and a Shetland pony for each of the Moore youngsters. Gayle is 8 and attends Forsan third grade. At 5, Gary is in kindergarten at Christian Day School.

The family are staunch members of the First Baptist Church. A basso who has had training in gospel singing, Moore is a choir member, directs the singing in two Sunday School departments, and participates in Brotherhood events. Mrs. Moore is associate superintendent of a Sunday School department and heads a primary training union with the help of her husband. On weekdays she works for an insurance agency.

Golfing and water skiing are sometime hobbies for this Cosdenite.

## Cosden Oil & Chemical Company

Formerly Cosden Petroleum Corporation

## Project Testing A Higher Section

Socony Mobil Oil Company Inc., No. 1 George K. Mitchell, Terrell County prospect, 29 miles north of Dryden, is testing the upper and lower Strawn through perforations.

Earlier the lower Strawn section at 11,630-670 feet had flowed gas at the maximum rate of 3,000,000 cubic feet daily through a 1/2-inch choke for an unreported period of time after acidizing with 6,000 gallons and fracturing with 60,000 gallons.

### UPPER STRAWN

Now the upper Strawn zone at 11,106-120 feet has been perforated and acidized with 1,000 gallons. Both intervals were being flowed to pits to clean on a 32-64-inch choke.

No gas gauge has been reported. A fine spray of distillate was being flowed out with the gas. Flowing tubing pressure was 225 pounds.

The wildcat is 1 1/2 miles northwest of the multipay Brown - Bassett field and 660 feet from north and 1,980 feet from east lines of section 11, block 1, C&S&RGNG survey. It drilled to 16,369 feet in an unidentified formation and then plugged back to 12,475 feet in the 7/8-inch casing set at 14,730 feet.

Shell Oil Co. continues testing No. 1-10 Canon, East Pecos County multi-zone discovery prospect, 11 miles northwest of Sheffield.

### FLOWED

The McKee section flowed 10 barrels of condensate, four barrels of water of unreported source and 1,901,000 cubic feet of gas in 24 hours on an 18-64-inch choke from perforations at 8,339-86 feet, which had been stimulated with 11,300 gallons of acid. Flowing tubing pressure was 610 pounds. Testing continues.

Earlier No. 1-10 Canon had completed from the Ellenburger to extend production from that horizon in the multipay Sheffield area 3/4 mile southeast. From that zone it produced 327 barrels of 41.7-gravity oil, plus 25 barrels of water, in 24 hours, on a core of unreported size, and perforations between 9,554 and 9,657 feet, which had been treated with 15,000 gallons of acid. Gas-oil ratio was 1,865-1.

No. 1-10 Canon also has shown possible discovery gas-condensate production from the Des Moines sand of the Strawn at 7,685-7,727 feet and from an unidentified formation between 9,054-9,332 feet.

### SHEFFIELD

The Sheffield area has production from the Canyon, Devonian and Ellenburger, but none

## Gushing Well Blows In Near Medina

MEDINA (AP)—A gushing oil well blew in last week near the Bandera County town of Medina, throwing oil all over the drilling area before the well was partly controlled.

The well is on the property of rancher James A. Gallant about 2 1/2 miles northeast of Medina. It was drilled by the Tucker Drilling Co. while wildcatting for the Gulf Oil Corp.

"They have no idea how many barrels of oil it will measure," Gallant said. "The equipment is still in the hole and they haven't been able to measure it yet."

The well came in at mid-afternoon at a depth of 4,613 feet, he said. Townspeople from Medina gathered to watch the gusher until the drilling company closed off the area.

"They're all excited about it up there," Bandera County Sheriff Bryan Miller said.

Gallant said the drilling company has restricted technical information about the well. There are no other wells on his property, he said, and the closest oil activity he knows of is at D'Hanis and Uvalde almost 60 miles away.

## Hydrocracker

HOUSTON (AP)—Gulf Oil Corp. will install a hydrocracker at its Port Arthur refinery, Gulf officials said Saturday. The 15,000 barrel per day unit is expected to go on stream in early 1965.

## Five New Wells Listed This Week

AUSTIN (AP)—The Railroad Commission reported five oil and 20 gas wildcat wells were completed during the week ending Friday.

Oil well completions totaled 123 during the week, bringing the yearly total to 7,095, compared to the 8,681 in 1962.

Gas well completions totaled 102, bringing the year-to-total to 2,060, compared to 2,770.

### COMPLETIONS

**MITCHELL**  
Canadian States No. 1-A L. E. A. Smart is a Westbrook field completion with an initial pumping potential of 72 barrels of oil per day, with 50 per cent water. Gravity of the oil is 24 degrees, the gas-oil ratio is 209.1 and separator fraced with 25,000 gallons. On elevation of 2,139 feet, the total depth is 3,170 feet. Top of the pay zone is 2,646 feet. 5 1/2-inch casing goes to 2,132 feet. Perforations are between 2,446-2,482 feet. Wellsite is 467 feet from the north and east lines, section 16-29, T&P survey.

# ART IS UNIVERSAL

By KATHLEEN DOZIER  
Businessmen and women, heads of state, doctors, housewives, children and others make up the countless number who, in some way or another, test their artistic abilities.

Some seek to lose themselves and find refuge from everyday problems; others simply need an outlet for their creative urge; and then there are those whose natural talent supercedes all other desires and must be allowed to develop.

If the desire to create is there, then begin now. You will not be exclusive in the amateur ranks. You may not be a Michaelangelo, a Da Vinci or

even a Norman Rockwell, but you will have satisfaction and pleasure with canvas and brush, charcoal and pad, a lump of clay or camera and film. Whatever the media, your efforts will be rewarding.

Today, in recognition of Big Spring's observance of National Art Week, Nov. 3-9, only a few of the local artists are pictured. Included in the representation is Big Spring's only organized group of artists, Las Artistas. Also shown are housewives, a doctor, a stenographer, merchant, serviceman, apartment manager, school teacher and a child.

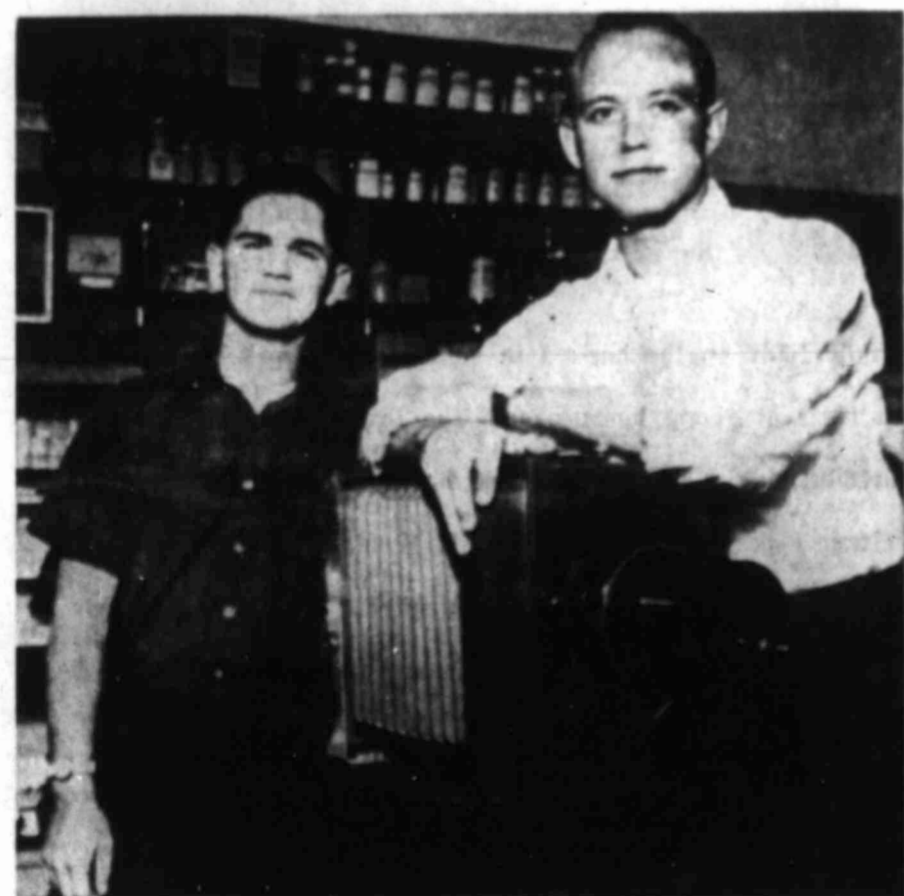

A SIDEWALK SHOW, sponsored by Las Artistas, will climax the National Art Week observance in Big Spring. Also, work of the local amateur artists will be displayed in the downtown stores. Here, from left, Mrs. Allen J. McClinton, Mrs. Frank Hartley and Mrs. D. L. Gilstrap, Las Artistas members, adjust easels and paintings in preparation for the sidewalk exhibit Saturday on the lawn at the Howard County Courthouse.

MOTHER AND DAUGHTER, Mrs. A. G. Edmonson, right, and Mrs. Ardis McCasland Jr., share a mutual interest — landscape painting. Shown in the McCaslands' new home, 813 W. 17th St., they are selecting paintings of their own to hang. Mrs. Edmonson studied at St. Mary's in Dallas and with Edna Gansa at Irving. Mrs. McCasland is self-taught.

SHADOW AND LIGHT in woods and stream were produced in Mrs. Billy Knight's landscape. Known by close friends as Jerry, Mrs. Knight is a member of the stenopool at Cosden Oil and Chemical Co. She has shown her work in Cosden exhibits and at Webb Air Force Base and has won both blue and red ribbons. Her art education includes 25 lessons in oil painting under Nokamura in Japan. Currently she is painting Christmas gifts.

PROFITABLE to the hobbyist, J. R. Windedahl, right, was his interest in photography. He is now in business at Windy's Camera Shop. What began as a career is now his hobby. Windedahl studied commercial art at the South Dakota State College and later at the Chicago Art Institute. He continues to paint, mostly in oils. His friend and part-time employe from Webb Air Force Base, Mike Yoder, also has related interests—photography and charcoal sketching. He is enrolled, too, in architectural and engineering drafting courses at Howard County Junior College.

A WORLD OF THEIR OWN is found by father and daughter, Dr. Jack Burnett and Lisa, when they bring out the canvas and tubes of paint. Lisa is the first and second place winner whose work, shown above, was judged last month at the State Fair in Dallas. Although he isn't a state winner, Dr. Burnett's painting, on the wall, proves his good sense of color and design. His interest in art was aroused when, as a child in El Paso, he lived across the street from the woman who illustrated an edition of the Oz books. Lisa's interest was sparked by her father.

## WOMEN'S NEWS

Big Spring Daily Herald

SECTION C

Big Spring, Texas, Sunday, November 3, 1963

**Plans Announced**

Mr. and Mrs. Ira D. Bigham, 2719 Lynn Drive, announce the engagement and approaching marriage of their daughter, Marilyn Sue, to William Allen French III. He is the son of Mr. and Mrs. W. A. French Jr., 714 Hillside Drive. The couple will be married Dec. 28, in the First Methodist Church.

**Harvest Theme Used For LGA Luncheon**

This being November, the Ladies Golf Association had a Harvest Luncheon Friday at the Big Spring Country Club. Mrs. Zolie Boykin presided, calling for reports from the various committees.

A display of gifts, to be sold during the Kitchen Parade, Bazaar and Tea Nov. 13, was featured on tables in the Gold Room. Holiday aprons, felt cloths, a dried arrangement, wall hangings, Christmas napkins and place mats were among the many articles exhibited.

Guests included Mrs. Frank Powell, Mrs. E. V. Spence and Mrs. Jack Rattie.

The polished luncheon table was set with natural straw mats and printed napkins. A harvest arrangement of wheat, bronze mums, oak leaves, grapes and other fruits, with ornamental ears of corn, formed the centerpiece. Vines of clustered grapes, berries and colored artichokes were used with small turkeys in the flanking arrangements. Mrs. Hayes Stripling and Mrs. E. W. Dozier were the hostesses. Mrs. Robert Stripling was the winner of the centerpiece.

New members were introduced as Mrs. Monroe Gifford and Mrs. Jack Dumphy.

**For Veterans' Needs**

Mrs. C. M. Steen, treasurer of the Alpha Chi Chapter No. 877 of Epsilon Sigma Alpha, presents a \$50 check to V. J. Belda, VA Hospital administrator. The money is for the Social Work Service Fund and will be used in assisting veterans to meet immediate emergent needs. The fund is under the supervision of the chief of Social Work Service, Grover Shaunty. The gift was made by the chapter in participation with the District 8 project.

**Bride-Elect**

Maj. and Mrs. Veryl C. Hewitt, Bangkok, Thailand, announce the engagement and forthcoming marriage of their daughter, Miss Veryl Lee Hewitt and First Lt. William H. Halker Jr., son of SFC and Mrs. William H. Halker Sr., Camp Zama, Japan. The wedding is scheduled for Dec. 22 at the Watana Church in Bangkok. The Rev. Taylor M. Potter of the International Church will officiate. Maj. and Mrs. Hewitt were formerly stationed at Webb AFB, and Miss Hewitt is a 1962 graduate of Big Spring High School.

**'ROUND TOWN**

By LUCILLE PICKLE

The South Texas trees and vines are especially beautiful now according to MRS. W. F. TAYLOR who, with her sister, MRS. JAMES A. SIDDENS of Seymour, spent several days visiting in the Cuero country. They were guests of their brother and sister-in-law, MR. and MRS. J. T. CLAGETT. The sisters were fascinated with the outstanding beauty of the old courthouse in Cuero that has recently undergone a \$2,000,000 renovating job. While modernizing the interior and giving the old landmark a general going over, the charm of the Texas pink granite and marble structure has been maintained.

While on the automobile trip, Mrs. Taylor and Mrs. Sidens stopped along the banks of the Guadalupe River and feasted on the scenery as they did when they resided in Kerrville where the tree leaves were particularly vivid. At their brother's place the pecan crop was a total failure due to the drought but the trees were still beautiful.

The women returned here late Friday afternoon and Mrs. Sidens continued to her home.

Two lovely native Big Spring girls were chosen for football queen and band queen Friday night and the choices seem to be good ones. SUE COOK and ANN GIBBS were both born in Big Spring and have attended school here since the first grade.

DAVID PICKLE is spending the weekend with the RALPH STARK family in Midland.

The children have had their annual Halloween Trick-or-Treat and the parents have swapped candy again this year. I shouldn't be surprised if in a few years there is some sort of regulation on who can take part in the door-to-door spookiness if the older children don't stop descending in packs on homes. There have been some complaints from those who don't think it particularly funny for young teenagers to be out on the Trick-or-Treat Circuit in bands of 10 or 12.

The little ones have a fine time though. Some of them are so little they can't even say the words, but they love to be costumed and painted and go with their older little sisters and brothers... with mother or dad backing them up in the cars.

About every school in town must have had a carnival Halloween night which is as good a time as any for the one big fund-raising effort of the year for the P.T.A.'s and also gives the children a glorified party. Even the parents get in on the fun, and a number of friends join the parents and teachers for the big dinners that are a part of the night's activities.

Over from Sweetwater for the garden club flower show Saturday were MRS. S. F. SUPOWIT and MRS. CLIFTON PERKINS. Mrs. Supowit was a college roommate of MRS. W. A. HUNT.

MR. and MRS. J. I. BALCH

**Jewelry Needs Fall Cleaning**

Your jewelry wardrobe needs change-of-season attention. Follow these cleaning and sorting tips to put "all that glitters" in top working order for fall and winter.

First, clear out all costume jewelry which is designed just for summer wearing and is taking up valuable space in your jewel box or drawer. For example, chalky white beads won't see the light of fashion until it's straw hat time again. (You might store summer jewelry and hats in the same box.)

Next, discard chipped and broken jewelry or have it repaired. If you can't wear it, don't keep it.

Now for the fall cleaning. Jewelry — real or frankly fake — is as susceptible to dirt as its owner. Give each item a careful bath in lukewarm suds, rinse thoroughly and use this quick-dry method.

Wrap each item of jewelry immediately in a tissue. Place all of the individually-wrapped items in a hairnet and hang or hold in front of your hair dryer.

When you put jewelry back in your jewel drawer or box, wrap each in a fresh tissue. This will keep each item separate and prevent the tangles and scratches of jewel-box jumble.

**Salty Anchovies Soaked In Water**

If you enjoy anchovies and want to cut down on their salty flavor, soak them in a little cold water before using. And here's a fine way to use them: drench thick slices of ripe red tomatoes with French dressing; top the slices with the anchovies.

To do this, turn the livers into boiling water, bring the water rapidly to a boil again, and then reduce the heat for the simmering.

**Partners Specialize In Selling**

TORONTO (AP) — The ultimate in specialization has been reached by Ruth Schmeizer and Dina Feraru, partners in a real estate firm.

They concentrate all their efforts on a single block — long stretch of Toronto real estate, one of the most valuable in Canada.

In three years they have sold many properties at more than \$5,000 a foot frontage and have rented dozens of business premises at healthy prices.

The area in which they specialize is in the heart of the city, a district dotted with prestige shops.

Miss Schmeizer, a tall blonde from Baden, Germany, and Mrs. Feraru, a Romanian-born widow who fled her homeland and came to Canada in 1952, concede that one goal is to make money.

But they add that an important reason for the decision to specialize in this area is that it reminds them of the intimate and exclusive shopping districts characteristic of fashionable boulevards in European cities.

**Making Gravy**

When you take that roast pork join out of its pan, make some gravy. Pour off the fat and then spoon back about four tablespoons of it; add 4 tablespoons of flour. Blend with a wooden spoon over low heat. Add two cups of water and cook and stir constantly until thickened.

**Motif Noted At Style Show**

Some 100 guests dined yesterday at noon while viewing the style show of young fashionables at the Big Spring Country Club. A football motif was used for the presentation of "The Many Looks of Bobbie Brooks" by Swartz.

Goal posts, wrapped in black and gold, formed the backdrop for the ramp and served as the entrance to the dining room. Above the ramp were Steer, Yearling and Maverick heads in colors of the high school and the two junior high schools. Large pom-poms of black and gold, red and white and black and white, interspersed with school pennants and footballs were used on the walls. Megaphones outlined the ramp.

Guests were seated at tables marked with runners of crepe paper in the school colors

with matching clusters of miniature pom-poms. Miss Carmen Hakim of New York served as commentator for the event. High school and junior high models were Anne

Garrett, Debby Duncan, Erin Marcum, Toni Clair, Judy Jones, Sherri Andre, Diane Brooks, Kathy Mason, Linda Mason, Candy Cash, Peggy Spier, Suzanne Milch, Jo Anna Patterson, Virginia Calciazer, Kenney Kay Stevens, Sue Knox and Carolyn Cook.

Mrs. Elmo Wasson was the general chairman for the show. Decorations were provided by Mrs. Zolie Boykin and Mrs. Jack Irons, and Mrs. James Duncan was in charge of the models.

MR. AND MRS. W. B. ALLEN

## Sterling City Couple Notes Anniversary

An open house will be the golden wedding anniversary observance honoring Mr. and Mrs. W. B. Allen of Sterling City, Friday, from 3 until 5 p.m. Friends are invited to call at the Lester Foster home in Sterling City. Hosts for the event will be their son, Bramlette Allen, and Mrs. Allen's brother-in-law and sister, Mr. and Mrs. Foster. Mr. and Mrs. Allen were married Nov. 8, 1913 in the Methodist Church at Water Valley. The late Rev. C. S. Hagaman, Baptist minister, officiated.

In 1901 Allen, known by the

nickname "Mud," moved to Sterling City with his parents, Mr. and Mrs. H. H. Allen, a pioneer ranch family from Valley View. He is an elder in the Presbyterian church. For 13 years he served as shop foreman for the Ford Motor Co. Also he worked for a number of years with Lowe Hardware Co., and now owns and operates a ranch in Sterling County.

**MERCHANT'S DAUGHTER**

Mrs. Allen, the former Lona Lyles, is the daughter of the late Mr. and Mrs. H. Q. Lyles who moved to Sterling City in 1900. They were engaged in the general mercantile business there for many years. Mrs. Allen is a member of the class of 1908, the first class to be graduated from Sterling City High School. After attending Baylor College at Belton for two years, she returned home to work in her father's store until her marriage.

For more than 60 years she has been a member of the First Baptist Church in Sterling City

## Flowers Are Combined For Beauty

The flowers, and some of their combinations, which form decorative arrangements include Sweetheart roses, with a few small white pompons; red carnations with white snapdragons; pink snapdragons, white carnations, and blue iris; miniature roses with little white pompons, tiny white stevia (baby's breath) or white marguerite daisies; red roses with huckleberry or eucalyptus foliage; red roses with white carnations or white snapdragons; red tulips, white snapdragons; red Scotch heather and variegated white-streaked-with-red carnations.

And for corsages Cymbidium orchids with philodendron leaves or maline puffs; carnations, whole or "feathered" (i.e., each carnation is separated into 6 to 8 flowers); camellias decorated with gardenia leaves; Sweetheart roses (red, pink, white or yellow) decorated with their foliage and/or tiny white stevia (baby's breath); Sweetheart roses with gardenias; Better Times red roses; Cattleya orchids with or without maline puffs; violets decorated with violet leaves, with or without red roses.

### Does It Pass?

Spread corned beef (fairly thick) in a baking pan and make some depressions with the back of a large spoon. Break an egg into each depression; sprinkle the eggs with shredded cheese and bake in a hot oven. Good brunch fare!

### Marries

Miss Thelma Kay Talley's marriage to Benny Winson Sullivan of Dallas is announced by her mother, Mrs. Mary Lee Edgerton, 607 Scurry. He is the son of Mr. and Mrs. Ben Sullivan, Captain, N. M. The couple was married Oct. 24. They are making their home at 4726 Reiger, Dallas, where he is employed with Priority Engineering Co. and attends the Metropolitan Technical Institute. The bride attended Big Spring schools.

## COSDEN CHATTER

### 'Fire Power' To Be Shown

H. N. Godbey, account representative for Ebyl Corporation, will be guest speaker for Desk & Derrick Club at 7 p.m. Monday in the Patio Room at Holiday Inn. He will present a film entitled "Fire Power."

Paintings by Mrs. Lowell B. Baird have moved into the Cosden Snack Bar for a two-week showing. The collection reflects the western theme. Mrs. Baird's husband, a 33-year-veteran of Cosden, is lub oil sales manager.

R. L. Tollett, who is on the directorate of the Texas Research League, was in Austin for a meeting of the board Thursday. He also attended the league's 11th annual membership meeting Friday.

Mr. and Mrs. Bobby Glen Davis are the parents of a daughter, Delisa Diane, who was born Oct. 30. They have two other children, Bobby Glen Jr. and Donald Patrick.

### IN JERUSALEM

Word has come to Mrs. Lynn Jordan from an ex-Cosdenite, Mary Archer, who posted her letter from Jerusalem. An employe of Aramco in Saudi Arabia, Miss Archer is vacationing in Jordan, Beirut, Cairo, Athens and Istanbul before returning to her job.

Roland Schwarzenbach, W. L. Whittington, George Harvell and Brandon Curry are in Kansas City attending the NPRA meeting.

The SPE packaging exposition in Dallas this week drew Robert Fuller, Cliff Balzer, Doug Warren and Granville Hahn.

Mr. and Mrs. John Murphy are vacationing in Mississippi. Among other vacationers are the Perry Chandlers, who are visiting relatives in Gilmer.

Mr. and Mrs. J. A. Coffey have become grandparents again. Linda Kay was born Oct.

Big Spring (Texas) Herald, Sun., Nov. 3, 1963 3-C

### Howards Visit At Home In Big Lake

FORSAN (SC)—Mr. and Mrs. P. P. Howard have returned from Big Lake where they visited with their son and family, the C. R. Howards.

Mr. and Mrs. J. P. Kubecka are in Odessa for the weekend with Mr. and Mrs. W. B. Dunn and daughter, Wilma.

Mrs. D. M. Bardwell and Mrs. Tod Henry were in Levelland Friday to bring Hubert Bardwell and Bill Stockstill home for a visit. Both are students at South Plains Junior College in Levelland.

### Standard Measure

When a recipe calls for the grated rind of a lemon, it's usually safe to use 1½ teaspoons of the grated yellow peel.

### Oven Dials To 'Clean'

AP Newsfeature

The chore that women abhor, oven cleaning, may be a thing of the past. A self-cleaning oven is now a reality.

The new oven operates at 800 degrees. To clean it three dials must be set to "clean" and oven door latched.

It cannot be opened while the cleaning cycle is in progress, or until the temperature of the oven returns to 600 degrees. The cleaning job takes about an hour-and-a-half for a slightly soiled oven to four hours for a real dirty job.

The cleaning process is done automatically by electricity. Compounds and chemicals are not used. This added feature costs about \$100 more than the regular priced oven.

### Fudge Made By 4-H Club Girls

"Quick Fudge" was made by the Gay Hill 4-H Club Foods Group No. 1 when it met Thursday afternoon. The newly organized group is led by Mrs. John Couch, with Martha Couch serving as the junior leader.

Plans were made for Achievement Day activities and the next hostesses announced as Daria and Debra Buchanan.

### Make Your Own

Bath powder in a shaker-top dispenser is a better traveler than a box of dusting powder which is easily upset in the suitcase. Better pack the shaker-top variety and make your own disposable dusting powder puffs en route.

Just open two facial tissues, pleat and gather together in a soft rosette. Sprinkle bath powder into the folds of the tissue, dust on powder and discard.

Through November 23rd only!

## THE RHYTHMIC FLOW OF SCULPTURED DESIGN

SETS THE CONTEMPORARY MOOD IN THIS NEW COLLECTION OF TABLES BY LANE

Softly sculptured legs and rails flow together as a single molded unit in these distinctive contemporary tables. Figured Walnut heartwood in the tops is bordered with pinstripe Walnut in a subtle variation of tone. Appropriately called "Rhythm", this superb collection exemplifies the great style and craftsmanship that has established Lane as the nation's leading maker of occasional tables.

Your choice of these four popular styles \$3995

Hoover-Freeman

The engagement and approaching marriage of Miss Carolyn Ann Hoover and John E. Freeman Jr. is announced by her parents, Mr. and Mrs. A. J. Hoover, 1612 Bluebird. Freeman is the son of Mr. and Mrs. John E. Freeman Sr., 2110 Johnson Street. The ceremony will take place Dec. 27, in the Wesley Methodist Church at 7:30 p.m.

### Norell Likes His Belted Creations

Despite fickle fashion's shifty attitude recently, belted suits are a cinch to be around dresses for a long time, if Norman Norell has anything to do with it. And the dean of American couturier has. His swingy, belted suit from last season's collection became a national uniform in all price ranges. Almost every suit had to have a belt because his did.

This year, although Norell has created an easy, waistless silhouette with a tier of a skirt, he is still belting his suits to the delight of the Belt Association.

"Some dresses need belts, others do not: This has always been true," Norell wrote to the association's executive director, Herbert Novick. "Belts are always a part of my collection."

These are comforting words to the industry. Whatever Norell does others will follow suit. Thus, while the shift, skimmer, chemise, muumuu, and Lillie, may have their day, the waistline is still here to stay.

Plans For December

Miss Suzanne Compton's engagement and approaching marriage to 2nd Lt. Frank Vance Jones is announced by her parents, Mr. and Mrs. T. J. Compton, 1894 Laurie. Lt. Jones' parents are Mr. and Mrs. Thomas M. Jones, Rockford, Ill. The wedding is planned for Dec. 21, at 7 p.m. at the First Baptist Church. The Rev. Robert F. Polk will officiate.

### Pack Proper For Safety In Shipping

Packing a gift for mailing? Make sure it is both securely wrapped and present-pretty.

For mailing safety, use two boxes—an inner gift box and an outer mailing box. Make sure both are strong enough to protect the article. Even soft items such as clothing should be packed in boxes which will withstand possible rough handling and arrive intact. If breakable articles were not cushioned firmly at the store, use crumpled tissues to fill in the spaces.

Of course you'll wrap the inner gift box prettily, but be sure to choose packable decorations. Avoid paper with glitter trimming. The glitter rubs off easily and probably will be in the bottom of the box when your gift arrives.

Also, eliminate fluffy bows and novelty ornaments which are easily crushed and flattened. Select tailored trimmings for mail-proof beauty. Fasten ribbons with an attractive gummed sticker or use a knotted cluster of streamers.

Now for the packing. Select a strong mailing box, just slightly larger than the gift box. To keep your gift safe and pretty, fill in the space between gift and mailing boxes with crumpled tissues in a variety of colors. By mixing aqua, pink, white and yellow you'll create a pastel potpourri of color that gives a festive greeting as soon as the mailing box is opened.

Be sure to wrap the outer mailing box with heavy paper and secure with sturdy twine. The address label should be typed or printed with indelible ink.

And don't forget your return address.

### SQUADRON SCROLL

## Mrs. Pearson Is Camping

By BARBARA HORNING

This week the squadron spotlight is on Mrs. John Pearson, coordinator of Class 64-G. She is busy this weekend camping with Senior Scout Troop No. 299. A native of Lincoln, Neb., Mrs. Pearson attended the University of Nebraska for three years and majored in physical education. She plans to complete work on her degree as soon as possible and go into physical therapy.

Her love for water sports prompted her to accept a job as lifeguard at the Officers Club pool toward the end of the season. She hopes her husband's next assignment will be somewhere on the coast so they can pursue their interest in swimming and water skiing.

**COSDEN TOUR**

The wives of Class 64-G toured the Cosden Oil and Chemical Co. Friday afternoon. They

viewed samples of different types of crude oil and how they were processed to eventually yield 13 different kinds of gasoline, diesel fuel, kerosene, jet fuel and carbon black. Cosden also makes petrol chemical synthetics, cosmetics and many other household items. The wives enjoyed their tour so much that they would like to publicly thank the Cosden Company.

Lt. and Mrs. Anton Taylor of Class 64-G were surprised recently with a visit from Lt. and Mrs. Vernon P. Taylor who were on their way from Stead AFB to Salina, Kan. The Taylors became acquainted a few years ago when they were all stationed at Walker AFB.

The wives of Class 64-E met Thursday night at the Big Spring Country Club to honor Mrs. Ken Furbush and Mrs. William Cooper with a baby shower.

Mrs. Neil Reavely was hostess Wednesday afternoon when the class met for a farewell coffee. Assisting her was Mrs. Jerry Johnson.

Those leaving are Mrs. Robert Franko, former Student Scoop reporter, who will accompany her husband to Waco where he will enter navigator school; Mrs. William Cooper whose husband has been assigned to missile research; and Mrs. Thomas Wood who will join her husband in Germany.

**COFFEE WELCOMES**

The wives of Class 65-C attended a welcoming coffee Tuesday afternoon at the home of Mrs. Ulay Littleton. The wives of the Blue Flight instructors were the hostesses and they served coffee and assorted pastries.

Keep in mind the Student Squadron meeting coming up Nov. 14 at 2 p.m. in the Officers Club. The wives of Class 64-H will hostess the program on flower arranging.

### Earl Crumleys Are Visitors

FORSAN (SC)—Visitors in the home of Mr. and Mrs. C. V. Wash have been her brother and sister-in-law, Mr. and Mrs. Earl Crumley of Carrizo, N.M. Guests in the Jesse Overton and Mrs. Belle Overton homes have been Mr. and Mrs. John Phillips from Chula, Mo.

### Family Makes Forsan Visit

FORSAN (SC)—Mr. and Mrs. Sammy Porter and daughters, Mary Lanel and Dianna, of Pampa were here for a short visit with her parents, Mr. and Mrs. A. P. Oglesby. They were en route to San Angelo to visit his parents, Mr. and Mrs. Sam Porter. His mother had suffered a stroke earlier in the week.

## Officers Installed By Catholic Women

Mass and communion in the base chapel preceded an installation breakfast held Friday by the Catholic Women of Webb. The group gathered in the chapel at 9:15 a.m., later adjourning to the NCO Club where the program was held. Taking office are Mrs. Richard Zenner, president; Mrs. Francis Loftus, vice president;

### Slow Broiling Prevents Curl

To keep steaks, chops and ham slices from curling during grilling or indoor broiling do not broil them too fast. Slash into the fat edge, being careful not to cut into the lean, also helps prevent curling.

You may want to trim off part of the outer edge of fat so the drippings won't blaze up too much.

and Mrs. A. L. Torres, secretary. Welcomed as new members were Mrs. Richard Von Davis, Mrs. James Schafer, Mrs. David Bourdon, Mrs. James Fontenot and Mrs. Sam Shields.

The Rev. James R. Plummer spoke on the importance of the daily mass and announced that one would be said daily at 11:30 a.m. in the base chapel. He thanked Mrs. William Clair outgoing president, and her board members for the service they have contributed during the past year.

Mrs. Norman Buihner, an active member of the group who is leaving soon for Turkey, will be honored at an informal coffee at 10 a.m., Nov. 8. The farewell affair will be held in the home of Mrs. Clair, 97 Gunter Drive. All women of the parish are invited to attend.

The group will hold its next monthly meeting Dec. 6.

## Theobald's A Woman, Mrs. de Montreynaud

NEW YORK (AP)—For nearly 20 years paintings signed Theobald have created a stir in Europe. Theobald's awards include the top prizes in the art world.

Not long ago one of the top English language newspapers in Paris printed a glowing account of Theobald's most recent showing and called the painter: "An artist at the forefront of his contemporaries."

Heartwarming praise indeed. Especially since Theobald is a woman—a pretty, brown-eyed blonde named Mrs. Dubois de Montreynaud, wife of a distinguished mathematician and mother of five daughters.

EXHIBITS The other day in New York, on her way home to Paris from her first U. S. exhibition—in San Francisco—Mrs. Montreynaud explained how a woman copes with the great French prejudice against women artists.

"I've painted since I was 18," she said. "At 20 I was already a permanent member of a famous old French society. "Using my name as it was, Theobald—Renee Theobald was my maiden name—they didn't know I was a woman."

She added charitably: "It's true maybe that many ladies just paint for pleasure. . . . But anyway, she said, Europe is becoming so quickly Americanized "It's going to be better for women one of these days."

HUSBAND APPROVES Nonetheless, her husband approves of her painting.

"I'm happy he respects my work and that he thinks it important for me to keep on painting. I try to help him in his field too. The fulfillment of one person in a family can be fulfillment for the whole family if we share . . ."

She uses one room of their large Paris apartment as a studio. "That way I'm home with the children and can help them with homework when varnish is

THEOBALD . . . with painting from her first U.S. exhibition

drying or I'm doing lots of secondary things."

Mrs. Montreynaud said she's called an expressionist "and I guess, I'm nearest to that." Whatever she is, she's not devoted to abstract art.

"I'm very sorry," she said, "that Andre Malraux, our minister of culture, with his reputation being such a cultured man, is putting emphasis on abstract art and considering it modern art, for abstract is not the French way of art."

"For Americans maybe, but French feeling has never been that way. Abstract art has been a very interesting new way to look, but it's something like a laboratory study."

FEELS STRONGLY Perhaps even more than abstract art, the prospect of homogenized civilization brings

out her strongest feelings. She said: "America is interesting to watch because, whether you believe it or not, that's the way we French will be in four or eight years. The differences are getting smaller and smaller."

"We're losing the greatest riches of the world, which lies in our differences. Remaining individual is a joy of life, the reason for living."

But she loves America, she protested.

"I have never completely recovered from a feeling I had at 18 when the American Army came to Paris."

"After four dark years, they came so gay and powerful and happy, and the whole town fell in love with them. For the rest of my life I will have a special feeling for America."

## WEBB WINDSOCK

By MARGE LYNCH

The Lynch family has recently returned from a month's vacation in the nation's capitol, my home town. While there, we saw many old friends, ate lots of seafood and shopped in the many stores. One day was set aside for a congressional tour of the White House where we found much activity in preparation for a state visit from the president of Bolivia. This was followed by a visit to Capitol Hill while Congress was in session. We stopped in to see Congressmen Mahon and Ratman from Texas, but unfortunately they were both out. Another highlight of our trip was cheering our alma mater, Maryland U., to victory over the Air Force Falcons in a thrilling football game. We also enjoyed a visit with my husband's parents and family in northeastern Maryland. It was a wonderful vacation, but we were happy to return to our home in Big Spring.

The hospital staff has welcomed a new member and his wife, Lt. and Mrs. Richard Friedman, from Burlington, Iowa. Lt. Friedman, an optometrist, is a graduate of the Illinois College of Optometry. They are making their home in the Carlton House.

Remember, the Christmas workshop will be held on Monday afternoons during November. The next session is tomorrow at 1:30 p.m. at the O'Club. The 356th PTS wives, as hostess group, has planned something a little out of the ordinary for their program at the November luncheon on Thursday.

Terry Patterson, Big Spring artist and teacher, will have an exhibit of her work with one of her paintings to be given as a door prize. She will tell the secret of selecting the right art object for the right place in our homes. Gen. Howard J. Withycombe will be the guest of honor, attending his first OWC luncheon at Webb. A brief explanation of the reorganization of the base personnel will be offered by Capt. Don Harris.

Reservations must be made before noon Tuesday, Nov. 5. Please call Mrs. K. A. Cunningham at AM 4-4467 or Mrs. D. F. Wilson at AM 4-8102.

### Serve With Beef

Escort a majestic beef roast to the table with Deviled Mushrooms. Remove the stems from six large fresh mushrooms. Fill the centers with deviled ham. Broil about 8 to 10 minutes. Sprinkle with chopped parsley and arrange on roast beef platter.

## HINTS FROM HELOISE Thirty-Pound Bean Testing Gives Results

Dear Folks: I don't know whether you ever cook fresh green beans or not.

If you don't have your own garden, then perhaps you buy them at the grocery store, from a vegetable man . . . or anywhere.

You and I both know that once in a while we get fresh green beans, and think that we are going to cook them that night or the next night. What happens?

We don't cook them for maybe three or four nights!

I have found out after talking to vegetable growers and produce manufacturers that when a string bean "is-a-string-bean" and is for sale it ought to be cooked!

I bought 'em. I tried 'em. Now I think I have the answer after testing 30 pounds . . . Before you buy a string bean break it in two. (And if the deal-

er will not let you break one to test it, then don't buy it!)

If you break the bean in half slowly and it "strings" when you pull it apart, and you get a string of the edge of the bean . . . it's going to be stringy no matter how you cook it. I have bought these luscious "looking" string beans and found we couldn't even chew them after putting all the good ham, salt pork and bacon in them and cooking them two hours.

Anyway . . . when you get home with some that do "snap" without this "string," and can not cook them right away, you can put them in a mixing bowl and cover them with water. You can set this bowl in your refrigerator over night and it freshens the entire batch of beans.

Bean growers tell me that you do not salt these fresh green beans while cooking them. You only salt them 20 minutes before you pour them in the bowl or dish them up. There is a difference. They're better!

But leaving them under water for a few hours makes them extremely crisp, easier to snap and . . . lush.

Do not buy one or two pounds of string beans and just leave them in your refrigerator for two, three or four days. This brings "wonder beans" into your kitchen! That means "we wonder what we are eating and why they don't taste right." So . . . cook 'em fresh or put 'em under water until cooking.

Dear Heloise: This is for mothers whose youngsters like to play store. It's a good rainy day game. Before opening your small can of fruits or vegetables turn the can over (so you will be cutting off the bottom of the can instead of the top). Empty, rinse out and save . . . This will look like a full can

HOME CARE AT ITS BEST  
Just off the press is the new "Heloise's Housekeeping Hints"—a book containing some of the best writings of Heloise. It includes money-saving hints, housekeeping short cuts, easier ways to do things—a wealth of information for the harried homemaker. Her column appears daily in this newspaper. To get Heloise's book, send check or money order for \$3.95 to Heloise Book, Idaho Free Press, Box 130, Nampa, Idaho. Allow about 30 days for handling of the order and shipping.

**Play Ancient Game**

It may be "stalemate" or "checkmate" but Howard L. Jones still enjoys a game of chess with his daughter, Laurie, right. Since his wife prefers bridge, Jones has taught his daughter the basic tactics and strategy of the game so that he will always have a handy partner. Mrs. Jones holds Bon Bon, a black poodle purchased in Germany, as she watches the slow progress of the game.

**Susannah Class Has Luncheon**

Thirty-one members and guests of Susannah Wesley Sunday school class met for luncheon at the First Methodist Church Friday.

Guests were Dr. and Mrs. H. Clyde Smith, the Rev. and Mrs. Marvin James and Mrs. Joe Wasson.

The Thanksgiving luncheon was served by Mrs. D. C. Pyle and her group. A harvest theme was used in decorations for the U-shaped table which held several arrangements of gold, bronze and red chrysanthemums. The devotion was given by Rev. James, associate pastor.

Mrs. W. E. Moren, president,

**Commercial Artist Has Worked For Disney**

By JO BRIGHT

Movie-goers may recall that three of Walt Disney's most loved productions were "Pinocchio," "Snow White and the Seven Dwarfs," and "Fantasia." The full-length features, produced in color, captured the imagination of youngsters and appealed to the art appreciation of adults.

**TETE-a-TETE**

by kathleen dozier

Youth is so refreshing, don't you think? We'll grant you, there are exceptions, but so it is with everything. Two of the nicest young people it's been my pleasure to meet recently were Linda and Rick Wehner who were here to visit their grandfather, Harve Williamson. They were with Ola (Mrs. Harve) when she went out to see the new feeder facility on the Snyder Highway. Linda is teaching in Fort Worth, and Rick, studying at NTST.

During World War II, Jones served with the Marine Air Corps in Hawaii. While he was overseas, his wife attended four art schools in Los Angeles before going to work for Disney at the Burbank studios.

**FASCINATING WORK**

"It was fascinating work," said Mrs. Jones, "but I came to feel that it was too confining." She explained that, like many jobs, it became routine and tended to stifle creative desires. She resigned to become a freelance artist, working for newspapers, doing fashion layouts for department stores, and designing record jackets. Interest in fashion led her to accept a job designing the children's wardrobe for a TV show.

The Jones family lived in Bonn, Germany, for 18 months, which perhaps sparked the keen interest they obviously have in governments and political situations over the world.

"In Germany we visited what had been a concentration camp and were almost sorry we did. The German people were wonderfully kind to us, and it was painful to remember that some terrible things happened in those camps. The German people seem to want to forget, too, and most said they knew nothing of what was going on during the war."

"Enjoying a foreign country means adjusting to it," said Mrs. Jones. "Their way of life may be different—but it's good, too."

With hobbies, the Joneses are versatile. Laurie has studied modern jazz dancing and languages; her father is an amateur writer, and all three play golf and swim. An interest in photography grew from the purchase of an excellent camera from a shop in Germany.

Laurie is Jones's chess partner, since his wife feels she is not very good at the game.

"Since my husband likes to write, if he ever comes up with the Great American Novel, I hope he'll let me illustrate it," said Mrs. Jones.

He may—and she just might.

While Emmaline (Mrs. John) Hodges celebrated her birthday the other night there were many little goblins celebrating at the same time—the festival of Halloween. . . . What with yesterday's flower show, the style show, the LGA luncheon and the upcoming tour of kitchens, Edna Womack (Mrs. Odell) is the busiest one, but she took time out Friday to visit with her husband's parents, the Stewart Womacks, who left yesterday to return to Fort Worth. . . .

Sherrie (Mrs. Frank) Powell, finding that campus life and ranch life are two great extremes and that book Spanish and kitchen Spanish are just as different, came to town for the women golfers' luncheon Friday as a guest of her mother, Lil (Mrs. Fred) Lurting. . . . Word from the land of the Orientals and the Veryl Hewitts—their daughter, Veryl, is to be married in December. Veryl, you remember, was a strong contestant for Miss Big Spring when Maj. Hewitt was stationed at Webb. . . .

Guess everyone was prepared with cold-weather wardrobes judging by the bundled bunch of football spectators Friday night. . . .

Jean (Mrs. Robert) Stripling, the lucky one who received a beautiful harvest centerpiece at the Big Spring Country Club Friday, must wear a special charm, because she was among the fortunate ones to see the recent Tyler Rose Festival which gets bigger and better each year. . . .

**Odessa Family Visits Walravens**

**MEAT PREPARED**

**Hat-Making Is HD Feature**

Hat-making was a special feature in meetings of Home Demonstration clubs during the week. Meat preparation, however, continued as the principal October program.

**FORSAN CLUB**

Six members of the Forsan Club gathered at the home of Mrs. Lee Yarbrough for the purpose of making hats. Mrs. Nell Norred conducted the all-day program, demonstrating steps followed in hat construction. She showed how to make hat frames and how to cover them. Also, one hat was taken apart and remade.

Club members brought covered dishes for the noon meal.

The next meeting will be at 9:30 a.m. Nov. 14 at the clubhouse. Mrs. Lewis Soles will be the hostess, and Mrs. Delaine

Crawford will give the program.

**WASSON CLUB**

Mrs. Paul Bruns and Mrs. H. G. Huestis were hostesses at the Bruns home for the Wasson Club's Monday meeting. Six members attended the program on the selection and preparation of meat. Beef stew and budget steak were prepared and served for the luncheon.

Mrs. Bruns gave the devotion, and members answered to roll call with neighborly acts which they appreciated. The thought for the day was given by Mrs. Tommy Freeland.

Mrs. Melvin Newton urged the members to assist in folding letters for the TB Association Nov. 4-8 at the First Presbyterian Church.

The next meeting will be Monday at the clubhouse with Mrs. Crawford presenting the program.

BAZAAR AND TEA

# Outstanding Kitchens Are On Parade-Tour

For the first time, a kitchen parade, bazaar and tea will be held by the Ladies Golf Association of the Big Spring Country Club. The event is planned for Nov. 13 with the kitchen tour scheduled from 1 until 3 p.m. The tea and bazaar will be at the country club, continuing until 5 p.m. Tickets, now available for \$1, are being sold to members and non-members of the club.

### Kitchen Tour

Two of the kitchens to be shown during the Kitchen Parade and Bazaar, Nov. 13, are those of Mrs. R. J. Ream, 508 Highland, above, and Mrs. Morris Patterson, southwest of the city near Elbow. The Reams' all-electric kitchen features birch cabinets and marbelized Korlon floors plus a breathtaking view of South Mountain through the window. Mrs. Ream is shown with her son, Jimmy. White pine with a fruitwood finish was used for cabinets and paneling in the kitchen-family room at the Patterson home. The floor is a blue and white Delft pattern in Amtico vinyl. A blue toile chandelier and Windsor rocker correspond with an old-world atmosphere for country living.

## Meet Madame President

Mrs. Bill Unger has lived in Big Spring for the last six years, and has been active in Las Artistas Art Club most of that time. She has served in several of the club offices, as vice president for two years and is now president of that organization.

The Ungers have two teen-age boys, Steve and Mark, who take care of all their mother's "spare" time . . . most of which is spent in the kitchen trying to keep pace with the growing appetites.

Mrs. Unger acquired her art education in college and from private instructors in San Angelo and Abilene. She and her husband were affiliated with the newspapers there for several years. They are now employed with the Big Spring Herald.

## Bridge Games Follow Friday Luncheon

The regular duplicate bridge session followed the Ladies Golf Association luncheon held Friday at 1 p.m. in the Big Spring Country Club.

Eight tables of players participated in the games and were reminded by Mrs. Elmo Wasson, director, that Master Point Day will be observed at the club next Friday. Mrs. Wasson also announced that the Winner's Game has been set Tuesday at the club, with play to begin at 7:30 p.m.

In Friday's games, those scoring high in the north-south position were Mrs. Fred Kasch and Mrs. Truman Jones, first; Mrs. J. H. Holloway and Mrs. B. B. Badger, second; and Mrs. Riley Foster and Mrs. Elvis McCrary tied for third with Mrs. J. H. Fish and Mrs. Anne Hardy.

East-west position winners were Mrs. John Stone and Mrs. J. D. Robertson, first; Mrs. James Duncan and Mrs. R. H. Weaver, second; and Mrs. Don Newsom and Mrs. Gerald Harris, third.

## GS Competitor For South American Trip

COLORADO CITY (SC) — Helen Byrd May, 16-year-old Colorado High School junior, will represent the West Texas Girl Scout Council in Region IX competition, to select a scout for the experiment in International living program sponsored by the Girl Scout organization.

Thirty-nine girls from the region comprising Texas, New Mexico and Oklahoma will compete at the region level, with one girl selected for the trip to South America in the summer. Their qualifications will be reviewed by a Dallas committee during the month of November and a final choice made.

Miss May, the daughter of Mr. and Mrs. Bob May, is head majorette of the Wolf Band, plays the flute, is a member of the Spanish Club and Future Teachers and a pledge to Quill and Scroll. She is secretary of her scout troop and is a council planning board representative. For the past three years, she has been on the all-district band. Now a Senior Scout, she began her scouting career in the second grade as a Brownie.

### Try This Trick For Traveling

Don't throw away the slivers of soap which remain when the bar is almost used. Let soap ends dry and wrap each in several facial tissues. Tuck the soap-and-tissue packets in the glove compartment of your car for on-the-road clean-ups.

You may like your own soap better than the liquids provided by most public washrooms, and the soft, strong tissues will come in handy for facial clean-ups.

## Corrective Therapy Puts Patient Back On The Job

By BUCK SITTON  
Willie T. Jones walks with a slight limp. Behind the limp is a story of courage. Jones has been walking with an artificial limb since November, 1961, following amputation of his right leg above the knee in July, 1960 after a serious accident.

Like many others similarly handicapped, he refused to become a burden on others. Back home there were four others to consider: his wife and three children—Willie T. Jones Jr., 11, Valton Marie T., and Travis Wayne 9. They now live at 406 NW 10th and Jones works as a nursing assistant at the Big Spring Veterans Administration Hospital.

first that I would return to work," he said.

The amputation was performed in a Lamesa hospital. When a serious illness which accompanied the amputation dropped Jones' weight from its normal 190 pounds to only 99 pounds, he was transferred to the Big Spring VA Hospital.

In Big Spring, Jones' plight came to the attention of Rex Bishop, corrective therapist in charge of the hospital's vocational rehabilitation program. "You couldn't ask for a better outlook from a patient," Bishop said. "Jones was determined to walk again."

It was a long road to recovery. While his weight was being built up, Jones was outfitted with a temporary artificial leg.

"At first he exercised on parallel bars. When his strength returned, we taught him how to walk properly with the artificial limb," Bishop said.

**SLOW GOING**  
"It was slow going at first. He had to learn how to put his weight directly on top of the limb and how to swing the stump 15 degrees."

Eventually, through patience and practice, Jones began to walk, at first down the corridor, then around the hospital grounds.

"We put him in the bachelor's quarters here so he would have to walk about four blocks to the hospital," Bishop said. "It was good experience—learning how to walk over rougher terrain and up and down ramps."

It took Jones a year to learn how to walk with the temporary limb. When his weight increased, he received a more permanent type limb.

"Jones showed such remarkable improvement, and his past work record was such that we decided to employ him in the hospital," Bishop said.

Leads Normal Life

Rex Bishop, left, adjusts the suction valve on Willie Jones' artificial limb. Jones, who received the limb when he lost his leg above the knee, has made a remarkable recovery and walks with only a slight limp.

## Criminal Docket Scheduled Monday

Seventeen defendants have been notified to report to 118th District Court at 10 a. m. Monday for the setting of a jury criminal docket for the week of Nov. 4. A 102 member jury panel is to report to Judge Ralph Cato at 1:30 p. m.

The case selected as first to be tried will get under way at that hour, Gil Jones, district attorney said.

Six of the 17 cases slated for trial are DWI, second offense cases.

The defendants and the charges against them are:

Pablo Ramirez Jr., DWI second; Tommy Jack Simmons, DWI second; Roy Stuart Warren, DWI second; Wayne Bartlett, forgery and passing; Richard Bohannon, forgery and passing; Douthitt Clay Buchanan, DWI second; William Paul Darrow, burglary; Wilfred L. Elrod, worthless check (three indictments); Clyde Huff, DWI second offense; Roy Roger Graham, burglary; Fox Henry Miller, burglary; Chuck Murphy, worthless check; Clyde Gilbert Tate, forgery and passing; Jimmy Odell Tilley, DWI second; William Ralph Dorrough, burglary; Ismael Florez, burglary; Robert Florez, burglary.

**REHABILITATION**  
Under an industrial rehabilitation program, the Big Spring VA Hospital seeks suitable employment for amputees and other handicapped persons.

"Jones is an asset in more ways than one," Bishop continued. "He visits other amputees and builds up their morale."

Prior to the accident, Jones had been employed at Lamesa Memorial Hospital. In addition, he had seven years experience as an U. S. Army medic, including service during the Korean War.

Jones says the only way his normal routine of life is affected "is that I can't do as much mechanical work as before."

The accident hasn't daunted his spirit. "You know," he said, "I entered a twist contest in Midland last year and won first place."

## Smith Adds To UT Library

AUSTIN — A distinguished University of Texas alumnus has presented a valuable 575-volume collection of Western Americana to the University Library.

C. R. Smith of New York City, American Airlines president who on Oct. 25 received a "Distinguished Alumnus Award" from the Ex-Students' Association, presented the collection in memory of his mother. The gift, housed at the Eugene C. Barker Texas History Center, will be known as the Marion Burck Smith Collection.

In a letter to chancellor Harry H. Ransom, Smith said, "I have long thought that the story about the West and the Southwest is our most interesting history."

The books, personally collected by Smith over many years, fall into the classifications of discovery, transportation, outlaws, cowboys and the range, Indians, Texana, the West, and painters and illustrators of the West. Reproductions from Western author-artists Frederic Remington and Charles M. Russell are well represented.

Among the more valuable items in the Smith Collection are a three-volume McKenney and Hall edition of "History of the Indian Tribes of North America," published in Philadelphia from 1836 to 1844; George Catlin's "North American Indian Portfolio," published in 1844 in London, and a portfolio of Indian photographs published by E. S. Curtis.

### A Devotional For The Day

The Lord, he it is that doth go before thee; he will be with thee, he will not fail thee, neither forsake thee: fear not, neither be dismayed. (Deuteronomy 31:8.)

### Use And Recommend Our Products

Texas Products Week not only focuses our attention upon our industries, but it reminds us that there is opportunity in producing to meet the growing Texas population. Most of us think of industry in terms of major plants, and indeed in our case this accounts for four-fifths of our employment and payroll. We can be proud of our complex including Coston Oil & Chemical, Cabot Carbon, Reef Fields, Sid Richardson Carbon, W. R. Grace & Co., the Herald, Cactus Paint Manufacturing Co., GAMCO, and others. Yet we have over two score more who employ one to 20 people, and whose products are sold largely within this immediate area. In the aggregate they constitute a sizeable payroll, and one with considerable potential for growth and diversification of output so that isolated undulations do not weigh so heavily upon community vigor. A couple of weeks ago Harry W. Clark, executive director of the Texas Industrial Council, pointed out a fact of industrial hope to the Lamesa Chamber of Commerce. Less than one of every five industrial plants (with 100 or more employees) is up for grabs, and the total is under 450 for the entire United States in a given year.

When you consider that the average small city is bucking the metropolitan giants in this contest, the competition is rugged and the odds overwhelming. On the other hand, if there is a demand for certain goods within the area, and a modest investment can equip an individual or small organization to produce for this need, a small industry can be brought quietly but effectively into being. As our area grows, the demand for the product may grow; indeed efficient operations may enable the producer to expand the perimeter of his markets. Now what are the elements which favor producing Texas products? As mentioned before, market for products is one. Another is vision and know-how; still another is management; and another is local capital. We should like to add one other element, namely patronage. It is ironic if not idiotic to let familiarity breed contempt and take the attitude because a product is made at home it is inferior. Most products made locally are every bit as good as those mass produced elsewhere. Many of our locally produced goods we know to be superior in quality and advantageous in price. So use them and recommend them, and help our Texas producers to grow.

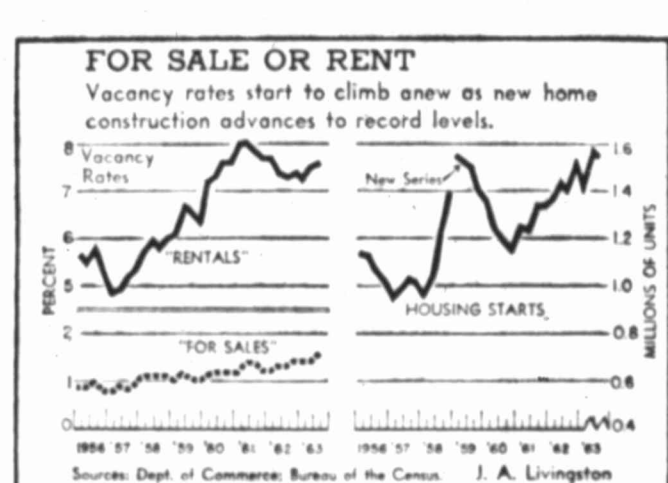

'NOW LET'S THINK THIS THING THROUGH'

### J. A. Livingston

#### Rosy Path Strewn With Thorns Of Maybe

"Generalized euphoria." That's the economic state of the nation today. We're going to sell wheat to the Soviet Union, maybe. We're going to have an easing of Soviet-American tension, maybe. We're going to have another 7,000,000-car year, maybe. We're going to get our balance-of-payments deficit under control, maybe. We're going to have a continued high level of business activity next year, maybe.

Source: Dept. of Commerce, Bureau of the Census. J. A. Livingston

"public confidence in the economy continues strong."

#### AIR POCKET

The advance in industrial and utility stocks heightens the sense of well-being. Investors and speculators bet that earnings in the months ahead will top the excellent third-quarter showing—a 15 per cent gain over last year, according to a Wall Street Journal tabulation. Even railroads do better. They registered a gain of 12 per cent. Yet, railroad shares are at a three-month low in the Standard & Poor's average and 6 per cent below the high reached in June.

#### NEW CLASS

One of Frederic Donner's professors at the University of Michigan, I. Leo Sharfman, used to tell his students that a business analyst's function is to point out dangers when prosperity rides high, and to see the bright spots, the favorable factors, when the economy is depressed and people are in the dumps.

The maybes are taken for granted and thus become mental realities. And they even acquire an official stamp. Before the House Ways and Means Committee, Secretary of the Treasury Dillon promised that business would be good, with or without a tax cut, during the first six months of 1964.

#### 8 VS. 2 PER CENT

The total output of goods and services—gross national product—is now running at an annual rate of \$500 billion. It was \$388.5 billion in the third quarter. The Secretary guesses that the rate will climb to \$596,000,000,000 in the current quarter. Now comes the maybe maybe.

#### SOONER OR LATER

however, the courts may find it useful to explore more fully whether the integrity of individuals or the income from businesses should be protected against the deliberate acts of citizens who, in effect, confiscate other people's property and regard picketing and "economic pressure" as synonymous with "free speech."

### Let Action Reflect Your Conscience

Could you operate effectively if you suddenly found your pay cut by one-fifth? More than a dozen agencies devoted to charity, welfare, character building, health and rehabilitation face that prospect unless a lot of people take a lot of personal interest in doing their part toward the United Fund. The United Fund has virtually stalled out four-fifths of the way toward its goal.

The main reason is that hundreds of people have not yet given, and that several score people who volunteered to help have not worked at the job as they should.

It's never too late to succeed if people are willing to work and to open their hearts.

Have you really done your part for the United Fund? Let your action reflect your conscience.

### David Lawrence

#### What Kind Of 'Rights' Are These?

WASHINGTON — Are there some new "rights" in the making—such as the "right to insult" publicly someone with whom you disagree? Is there a "right" to impeach the integrity of a public official? Is there a "right" to damage private property—all this in the name of "peaceful picketing"?

These are questions that have not been fully considered in the many picketing cases which have come before the courts. The tendency of the decisions has been to uphold picketing as a constitutional right so long as no violence is used. But would "peaceful pickets" be able to plead "free speech" in a suit for damages brought by a public official who had been accused of dishonesty? Would a businessman have the right to collect damages from those who attack the integrity of his business operations?

If places of business are recognized as serving the public, can customers be alienated and purchases discouraged without compensation to the injured business?

The fact that nobody is physically hurt in a picketing episode does not remove such activities from the area of potential danger. Street demonstrations are growing in number and are associated with deep-seated resentments and anger. The purpose is to influence other citizens to feel equally resentful. This is the way the spirit of a mob is engendered.

The "right of petition" is specifically granted in the Constitution. There is no barrier against the calling of meetings in any community to denounce or to applaud public policies. Citizens have a right to petition their representatives in the legislative bodies of government or their chosen executives for the purpose of securing modifications or continuance of existing policies or to propose new policies.

Sooner or later, however, the courts may find it useful to explore more fully whether the integrity of individuals or the income from businesses should be protected against the deliberate acts of citizens who, in effect, confiscate other people's property and regard picketing and "economic pressure" as synonymous with "free speech."

### Billy Graham

#### To Your Good Health

##### Some Mental Patients Have High I.Q.s

The patient, under such stresses, reacts according to his emotions rather than to logic. When, as in a hospital, the stresses of living are relieved, and the patient doesn't have to worry, or make any decisions, or assume any responsibility, he sometimes returns to normal. Then the object is to help him learn to adjust to the stresses of ordinary living again.

### By JOSEPH G. MOLNER, M.D.

Dear Dr. Molner: Could you explain the difference between mental and emotional illness? Can either be inherited?—L.W. For ordinary purposes mental and emotional illness mean the same thing. The latter term, I think, is better. Emotions are a mental rather than a physical problem, so in that sense we can say a person with emotional difficulties is "mentally ill."

Such emotional, or mental illness does not imply that the person has any lack of brains. Indeed, some mental patients have very high I.Q.'s that approach the genius level. And others may be of low intelligence. However, most of them are in the average range. That's why I think the term emotional illness is more accurate. It better describes the patient's real problem, which is simply that he is laboring under extreme emotional pressure—extreme for him, that is. Worry, fear, anxiety and the like are examples.

### Around The Rim

#### A Ship And Her Crew

She was the S.S. Nicolas Bowater, so sleekly bright in her company colors of green and yellow that the business of hauling cargo seemed a deception.

But she was all business the first time this yokel gaped up at her, moored to the wharf in the Baltimore harbor.

THE NICOLAS BOWATER hauls rolls of newspaper, mountains and mountains of them; or, more specifically, 7,000 tons of them, in six vast holds. And on this day, the big booms were swinging over these holds as longshore crews rushed against the threat of a drizzling rain to finish discharging so the vessel could be on her way back to the mill in Newfoundland to take on another burden.

The task was finished, and in the darkening of a damp autumn evening the Nicolas edged off and eased down the Chesapeake Bay. When loaded, she would take a draft of around 37 feet, she was over 400 feet in length and 60 feet beam. Forty-five officers and crewmen man her, keeping her running as smoothly as a good clock and as spic and span as an electronic kitchen.

AND IF SHE looked like a working girl dock-side, she became a creature of grace as she knifed the water, booms lashed down and decks cleared; lights gleaming in the officers and guests quarters amidship. But with her bridge darkened, so that the officer-on-watch could maintain alert lookout for navigational lights and markers, for other traffic in the sear lanes, and to attend to all those myriad things that an officer in control of a vessel must do.

ad things that an officer in control of a vessel must do.

A DECK BELOW, suites for guests took on the sumptuousness of a fine resort hotel. Service from steward's mates matched this, as did the food in the handsome, paneled dining salon.

On this voyage, the Nicolas was skippered by Captain W. H. Bosenquet, a stocky little fellow with ruddy face and twinkling eyes, a ready tongue that could spin off anecdotes or observations on world history, as one might wish.

CAPTAIN BOSENQUET is a Cornishman, and it seems that Cornwall protests its independence from the rest of Britain as Texas does from the rest of the U.S. Well, there's independence in Scotland, too, as the handsome first officer, Alastair Chalmers, would suavely declare, between the soup and the fish or between the salad and the cheeses.

Charming people they were, to put at ease prairie people in a new environment, and offering the run of the ship. A ship that was being chipped and repaired constantly, with bright-work kept shining and the cavernous engine room and all the electrical gear as neat as a hospital surgery room.

ONE COULD stand with the officer-on-watch, to see the plotting of course, to stare at the navigational devices which clicked away like the educated robots they are. Or scan the radar, or use the binoculars to sight another ship hull-down on the distant horizon, always an exciting sight.

There's a fascination—and a great one to the novice—about a good ship well run. A fascination one doesn't shed quickly. —BOB WHIPKEY

### Marquis Childs

#### Cold War In Mississippi

WASHINGTON—The strategy of the Southern segregationists in their war against the Kennedys and the North is not to be discounted. The goal is to hold change to a bare minimum in the conviction that Northerners will themselves be alienated by the tactics of Negro leaders who seek by public demonstrations to make their case.

THANKS TO the one-party system prevailing in most of the South and to the seniority, their representatives in Congress are strategically placed to delay and obstruct civil rights legislation. The odds at the moment are probably against passage of a civil rights bill at this session. While Northern—bickering—and—bickering—have something to do with it, if this is the outcome the Southern bloc can take a big share of the credit.

The deepest of the Deep South is Mississippi and there, as this reporter observed recently, the effort is to keep the struggle on a cold war basis. The visitor is told that everything is fine. If it weren't for a few outside agitators there would be no trouble at all.

RESISTERS AND nonconformists are squeezed out. At the beginning of last year 28 younger Methodist ministers signed a statement calling for freedom of the pulpit and for public schools to remain open if they were integrated. Only 12 are left in the state and one more is soon to go.

The University of Mississippi at Oxford is now 100 per cent white with the dismissal of Cleve McDowell, a Negro law student, who was found to be carrying a pistol. Up to 20 per cent of the faculty have left since the riots over the admission of James Meredith. One of those leaving was the distinguished dean of the law school, Robert J. Farley.

THE VISITOR is told of threats and intimidation contributing to fear and suspicion seldom reflected on the deliberately calm outer surface. When Ralph Bunche came to Jackson on United Nations Day, which Governor Barnett has refused to recognize, he spoke at a small Negro institution, Tougaloo College. For whites to attend that meeting in the college hall apparently took courage.

The chaplain of Tougaloo is a young white Methodist minister, the Rev. Edwin King. A Mississippian educated in the North, he was assigned to a parish in Vicksburg and then elected for his racial views. Tougaloo is integrated, with seven white students attending.

THE PRICE of conformity can be high. The Illinois Methodists reported they could find no Mississippi Methodist willing to go to the jail to administer communion to the ministers held there. Finally two Catholic priests took the elements of communion to the jail for use by the ministers.

Are Northern whites being alienated by Negro tactics? Lt. Gov. Paul Johnson, the traditionalist Democrat running for governor, says he has had 65,000 letters from every part of the North sympathizing with the segregationist stand. Time, if one accepts this view, is on the side of the resisters. (Copyright, 1963, United Feature Syndicate, Inc.)

### Holmes Alexander

#### What's Ahead In Argentina

BUENOS AIRES, Argentina — During 1963 two favorable events heaved Argentina into the arc of an ascending curve. In July a 63-year-old physician and former state governor from the back of beyond eked out a 27 per cent vote that made him the 29th President of the Republic. Later in the summer, the Alliance for Progress released \$25 million in loans to Argentina through the International Development Bank.

HERE IN THE autumn good results have begun to show. Dr. Arturo Illia took office as President on October 12th, but his reputation for being honest, uncomplicated and accessible had ridden on before him. His administration began in an aura of confidence. People with money were spending. People with jobs and professions were finding easier credit in the banks and market places.

Is it too good to last? Although American manufacturers are selling all they can make, they are not yet expanding their plants or taking on more workers in any numbers. It's a case of wait and see.

AMERICAN businessmen want to see Dr. Illia in action. His party is not called the People's Radicals for nothing. Some of his henchmen are Argentine-Firsters, alias anti-Yankees. Others, since the party has been out of power for 33 years, are overconcerned with patronage hunting, which could lead to inefficiency and payroll-paddling. Everything depends upon the old country doctor. Does he have what it takes to be a party leader, a policy maker? Can he release the energies of this big country with its compact population, its immense resources, its chance to become a model Latin Republic?

"You go read Dr. Illia's inaugural address," Ambassador Robert McClintock advised me upon arrival. "This man means exactly what he says—no perflage about him."

WELL, THE inaugural address is the manifesto of a socialist and a reformer. "As regards the oil policy

THE PRICE of conformity can be high. The Illinois Methodists reported they could find no Mississippi Methodist willing to go to the jail to administer communion to the ministers held there. Finally two Catholic priests took the elements of communion to the jail for use by the ministers.

Are Northern whites being alienated by Negro tactics? Lt. Gov. Paul Johnson, the traditionalist Democrat running for governor, says he has had 65,000 letters from every part of the North sympathizing with the segregationist stand. Time, if one accepts this view, is on the side of the resisters. (Copyright, 1963, United Feature Syndicate, Inc.)

HERE IN THE autumn good results have begun to show. Dr. Arturo Illia took office as President on October 12th, but his reputation for being honest, uncomplicated and accessible had ridden on before him. His administration began in an aura of confidence. People with money were spending. People with jobs and professions were finding easier credit in the banks and market places.

Is it too good to last? Although American manufacturers are selling all they can make, they are not yet expanding their plants or taking on more workers in any numbers. It's a case of wait and see.

AMERICAN businessmen want to see Dr. Illia in action. His party is not called the People's Radicals for nothing. Some of his henchmen are Argentine-Firsters, alias anti-Yankees. Others, since the party has been out of power for 33 years, are overconcerned with patronage hunting, which could lead to inefficiency and payroll-paddling. Everything depends upon the old country doctor. Does he have what it takes to be a party leader, a policy maker? Can he release the energies of this big country with its compact population, its immense resources, its chance to become a model Latin Republic?

"You go read Dr. Illia's inaugural address," Ambassador Robert McClintock advised me upon arrival. "This man means exactly what he says—no perflage about him."

WELL, THE inaugural address is the manifesto of a socialist and a reformer. "As regards the oil policy

## Traffic To Be Rerouted On Birdwell

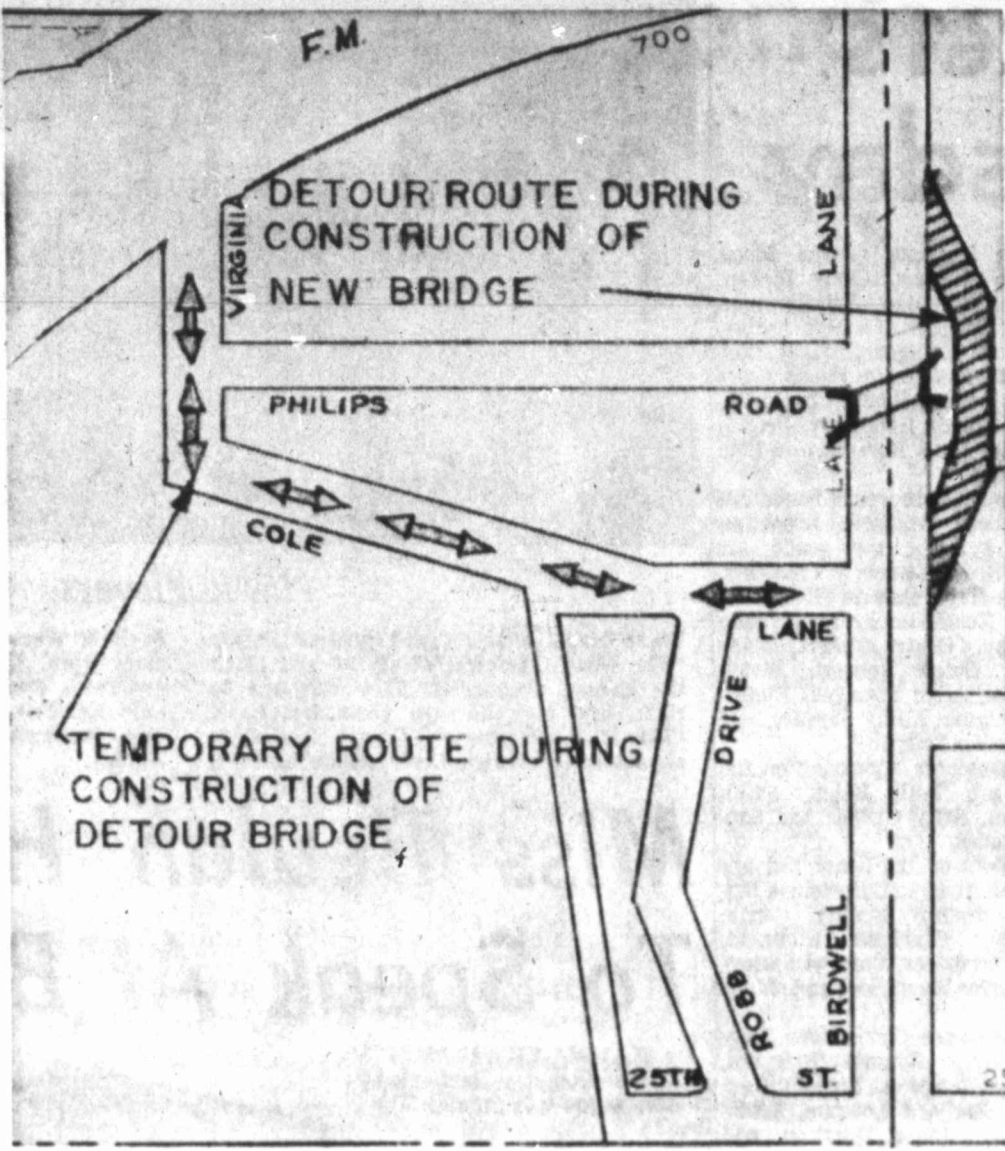

North and south bound traffic on Birdwell Lane will be rerouted beginning Monday according to public works director Ernest Lillard. While workmen are tearing out the old bridge over Big Spring Creek, traffic will be required to follow a temporary route, Lillard said.

The new route for northbound traffic is east off of Birdwell Lane on Cole Lane to Virginia Avenue, then north on Virginia Avenue to FM 700. Southbound motorists will use the same route in reverse, taking Virginia Avenue south to Cole Lane and east to Birdwell Lane.

City officials said the temporary route will be used for about a week while a detour bridge is being constructed west of the present bridge.

Pipe from the old bridge will be used in the construction of the detour bridge. This bridge will handle the flow of north and south bound traffic until the new bridge can be completed.

Contractor for the new bridge is Jones Construction Company, Big Spring. The bridge will be a multiple box culvert, and will cost \$12,900. The contract calls for completion of the new bridge within 60 days.

TRAFFIC ROUTE Construction on Birdwell Lane brings change

## Fund To Aid Teachers Of Journalism

The Newspaper Fund, for the sixth year, is offering fellowships to high school teachers who wish to improve their knowledge of professional and scholastic journalism.

The fellowships provide summer study in 1964 for teachers who have journalism responsibilities in public, private or parochial schools. Junior college teachers with similar duties also may apply. The program is financed by grants from The Wall Street Journal to encourage better teaching of journalism.

Two types of study are provided. One is a seminar (two to eight weeks) designed primarily for the inexperienced or inadequately trained journalism teacher or school newspaper adviser.

The second program offers a full summer's study at a school of journalism of the applicant's choice. This program is open to both experienced and inexperienced teachers. Graduate school credits are earned at most of the schools.

More than 400 teachers were

offered grants in 1963; and more than 1,700 have studied under the program which was begun in 1959. Information and application forms for the 1964 fellowships may be obtained from Paul S. Swenson, executive director, The Newspaper Fund, 44 Broad Street, New York, N. Y., 10004. Applications must be submitted before Feb. 10, 1964.

### LETTER TO EDITOR

#### Reader Favors Keeping A Poll Tax System

The statement in your "Poll Tax Editorial" in your issue of Wednesday, Oct. 30, 1963, that "The main reason for wanting to retain the poll tax is the vain hope that it will keep some people from voting" is wholly untrue. Who do you think is so grossly ignorant in this state that they think a poll tax will keep any one from voting? Every intelligent person knows that there is not one person in Texas as subject to the payment of a poll tax who is so poor that he could not save many times the amount of his poll tax by abstaining from the use of such non-essentials as alcoholic beverages, soft drinks, tobacco, tea, coffee, cosmetics, candy, and scores of other items.

Every well informed person in Texas also knows that the poll tax was originally imposed as a revenue measure for the support of the public free school system. Being a tax by the head or by the person it was properly designated a poll tax with out reference to the right or the place to vote. It never became a prerequisite to the right to vote until after it was discovered that too many people were too stingy to pay it even to help educate their own children. For this reason and in order to curtail the corrupt practice of un-

scrupulous political tycoons of controlling elections by taking a jug of cheap, rotten whisky and rounding up all available scalawags, regardless of residence, escorting them to the voting places, obtaining as many or more ballots than they had scalawags, marking the ballots and depositing them in the ballot boxes I can remember when such rotten practices were in vogue in Texas.

In a city election in this little town only recently we had an example of what is in prospect when city officials are alleged to have loitered throughout the day in and around the room where the election was being held, in which election people without a poll tax receipt and non-residents were alleged to have voted. The public officials charged with enforcing the law do not appear to be much impressed by this flagrant violation of the law. Hence it does not appear that it will matter much one way or another if the poll tax is or is not abolished.

But there are many of us who are reluctant to abolish the poll tax system until a better system is provided to insure the survival of righteousness and decency in elections. I suggest that you

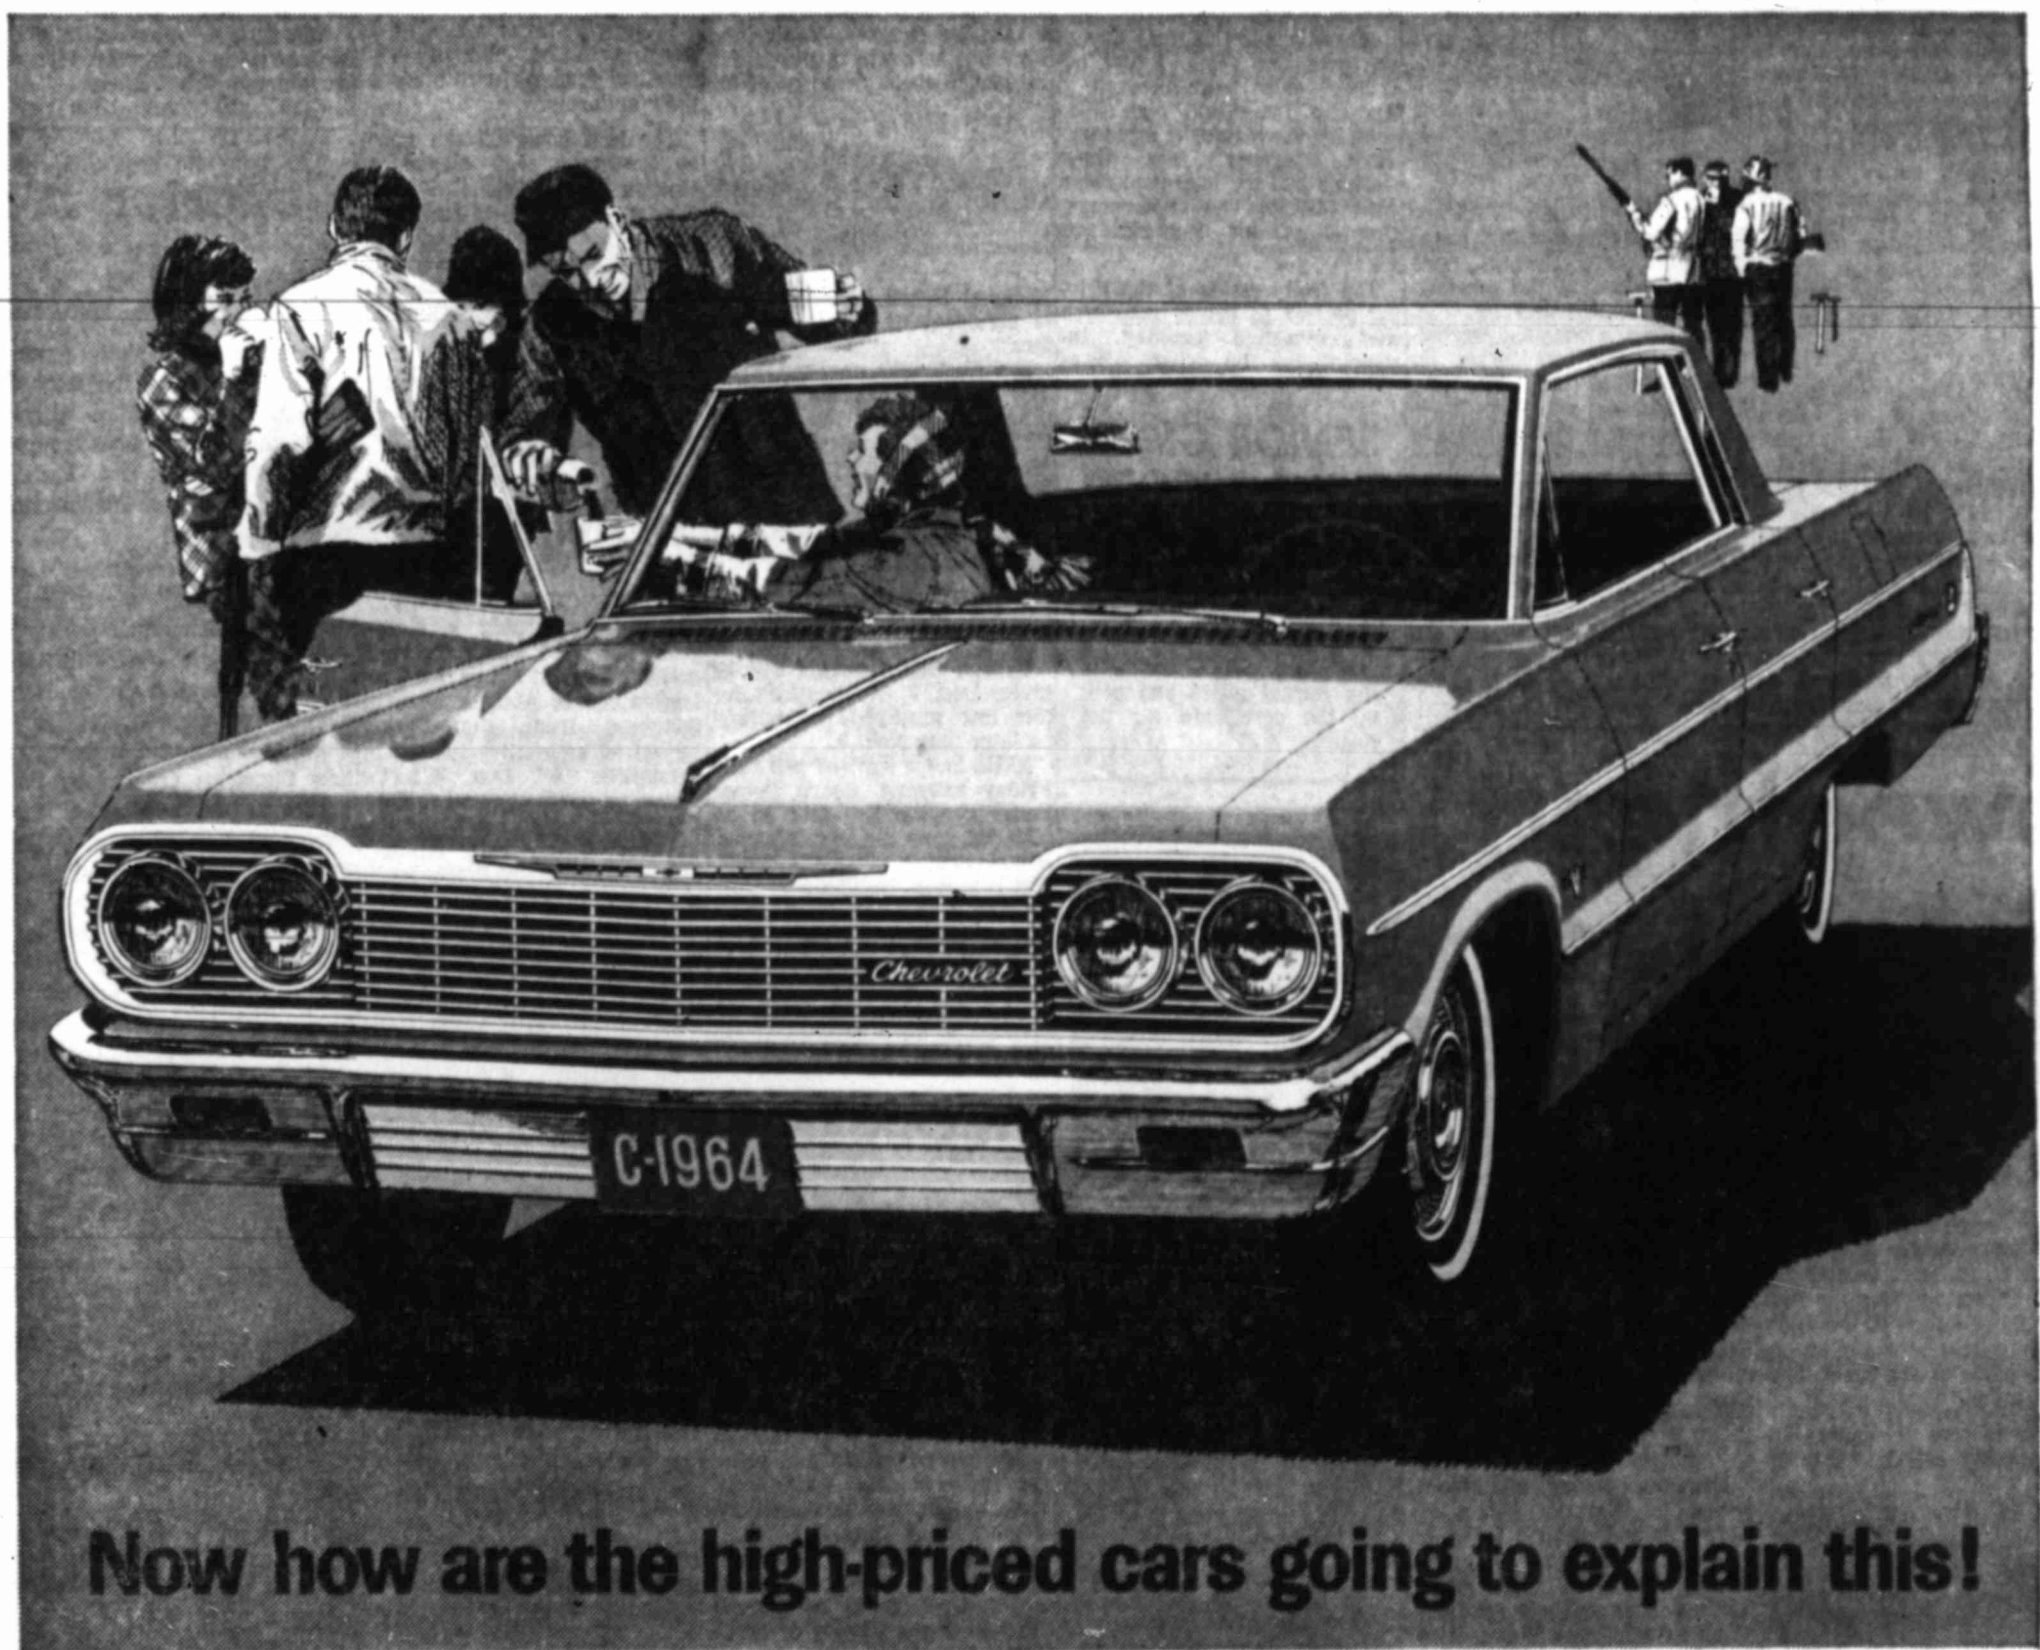

retract what you said about our motives, and tell us plainly if you want to see corruption and fraud prevail.

Yours truly,  
W. A. KADERLI

# '64 Jet-smooth Luxury CHEVROLET

Chevrolet Impala 4-Door Sport Sedan

Now how are the high-priced cars going to explain this!

Here are looks, luxury and comfort you'd expect to set you back plenty—if they came from anybody but Chevrolet.

Fresh-minted styling with clean uncluttered lines that give the '64 Jet-smooth Chevrolet its feeling of new length and lowness.

Rich new interiors with supple fabrics (sink your hand into the new vinyl upholstery of the new Impala Super Sport Series, for instance, and ask yourself if you've ever felt softer seat covering).

Here are the niceties of Body by Fisher craftsmanship like you'll find on some of the most expensive cars around. And stylish touches like the vinyl-clad roof\* you can order on the Sport Coupes.

Door-to-door carpeting and foam-cushioned front and rear seats are standard now in all models, including the modestly priced Biscaynes.

And there's a wealth of power to pick from. Engines from a peppery 140-hp 6 to a 425-hp V8\*. Transmissions that are refined for smoother, more silent operation. Sixteen power teams in all.

Then, with all of that going for you, you've got the '64 Jet-smooth ride at work to cushion you from road noise and vibration like few other cars can at any price.

Been promising yourself luxury like this someday? Your someday is here, as your Chevrolet dealer will gladly show you.

Ask about a SMILE-MILE Ride and the Chevrolet Song Book at your Chevrolet dealer's

NEWS FROM THE SCHOOLS

4-D. Big Spring (Texas) Herald, Sun., Nov. 3, 1963

## Junior Girl Chosen Queen

By SUE BLEDSOE

The Halloween Carnival Thursday was successful. A large crowd attended. Don Nell Allred, representing the junior class, was crowned Queen to climax the evening's festivities. She was escorted by Eddy Hermin. The court consisted of Sue Bledsoe and Bobby Gaskin, seniors; Terry Hambrick and Dennis Wells, sophomores; Kay Sample and Roger McCasland, freshman; Vickie Grantham and Gary Romine, eighth grade; Debora Williams and Ronnie Taylor, seventh grade. At the coronation, Queen Don Nell and her court were entertained with songs by Linda Shaw and Don Boyd. Robbie Brown and Randy Hambrick were pages.

The Student Council held meetings Tuesday and Wednesday last week. The theme, "The End of the Rainbow," was decided on and was carried out in the decorations which they provided for the coronation of the Halloween queen.

Report cards were received Wednesday. Students making a 90 or above average are Joyce Graham, Doris Martin, Vickie Menix, Ozell Campbell, and Sue Bledsoe, seniors; Ruth Lemon, Martha Robinson, Dar-

lene Wright and Don Nell Allred, juniors; Linda Bowlin, Terry Hambrick, Ann Lemon and Londa McCasland, sophomores; and Vickie Brinson, freshman; Sara Bledsoe, Charles Jones, Londa Kemp, Larry Newcomer, and Sheryl Williams, eighth grade; Brenda Beal, Brenda Ingram, Johnny McGregor, Beverly Snell, Aurora Robles, Sharon Roman and Debora Williams, seventh grade.

The Sands Booster Club chartered a bus for the football game at New Home Friday. Don Nell Allred was chosen Football Sweetheart and Eddy Hermin, Pep Squad Hero.

The basketball girls A and B teams will travel to New Home Tuesday for the first game of the season. The A girls are coached by John Turner; M. B. Maxwell and Eddie Gill coach the B team. Game time is set for 6:30 in the New Home high school gym.

## Forsan Queen Crowned At Game Ceremonies

By BETTIE CONGER

Pam McKinnon, daughter of Mr. and Mrs. Ray McKinnon Sr., was crowned Football Sweetheart during the halftime ceremonies of the Forsan-Imperial football game last Friday. She was presented with a bouquet of long-stemmed red roses by the captain of the football team, Kenneth Soles. Other nominees were Orveta Fryar, Jody Dodd and Deana Parker.

Miss Buff-la-ette was crowned. The honor went to Joy Flynt, daughter of Mr. and Mrs. Darrell Flynt. She was presented with an engraved charm. Miss Buff-la-ette is chosen by the pep squad on the basis of cooperation, responsibility and personality. Donnie Gooch, son of Mr. and Mrs. C. L. Gooch, was crowned Mr. Buffalo by Joy Flynt. He was presented with an engraved key ring. The pep squad's selection is based on sportsmanship and personality.

The Howard County TSTA had its first meeting Monday, in the cafeteria. W. M. Romans, president, presided at the meeting. A program, directed by Mrs. Lama Winn, Coahoma, consisted of a panel discussion on "Ethics" with Mrs. Bearden, Mrs. Fishback, and Mrs. Davis participating. A special musical number was presented by Diane Banks and Danny Kennemur. The next meeting will be held in Coahoma.

W. M. Romans gave a report on the TSTA convention held in Fort Worth. The girls basketball team will play Stanton Tuesday at Forsan. There will be an A and B game.

## Sweetheart Presented

By CAROLYN WILSON

The big news of the week at Coahoma High School was the crowning of Football Sweetheart, Football Hero, and Band Sweetheart. This year's Football Sweetheart is senior, Sandie Clanton. Sandie was also the Bulldog Sweetheart for 1962-63. She is the daughter of Mr. and Mrs. J. C. Clanton. Sandie has been a cheerleader for the past three years, editor of the Bark staff, class treasurer and an active member of the girls' basketball team.

Football Hero is Eddie McHugh, Junior. Eddie is the son

of Mr. and Mrs. L. W. McHugh. Eddie is halfback for the CHS Bulldogs, a member of the Student Council, and president of the junior class.

Band Sweetheart was also crowned Friday night. She is Nadine Honeycutt, daughter of Mr. and Mrs. R. E. Honeycutt. She is drum-major of the band, band member four years and majorette two years.

Wednesday the Student Council met and heard various committees report. Then they elected the boy and girl of the month. For the month of October, based on work done for the good of the school, the council elected juniors Sherilyn Robinson and Eddie McHugh. Sherilyn, daughter of Mr. and Mrs. Warner Robinson, is an active member of FHA and Student Council and was a Homecoming Queen nominee this year. Eddie McHugh, an active member of the Student Council, fullback of the CHS football team, president of the junior class and

The first basketball game will be Tuesday night in the high school gymnasium. The CHS girls will scrimmage the Garden City girls' team. Coach Grady B. Tindol handed out suits during PE class Thursday.

New towels have been ordered with "Coahoma Girls" printed on them in red. Also ordered were warm-up jackets for the team with "Coahoma Girls" printed across the back of the jackets. The FHA and FFA will share the concessions for all the basketball games this year.

## Stanton Officers Installed Tuesday

By CAROLYN SPRINGER

Officers of the Future Teachers Association were installed by the officers of the Palo Duro High School's FTA Tuesday in the high school auditorium.

The installation was attended by the student body, teachers and guests. Mr. Beryl D. Clinton, superintendent of the Stanton public schools, served as master of ceremonies for the service.

The officers from Palo Duro High School in Amarillo attending were Anita Stephens, president; Patricia Manney, vice president; Joel Shackelford, parliamentarian; and Gail Haesele, secretary. Mrs. Oaks, sponsor, accompanied the group to Stanton.

Each of the new members lit a candle and repeated the FTA pledge. Twenty-two members were installed. New members are Beth Biggs, Susan Brandt, Linda Costlow, Linda Manning, Linda Lauman, Sandra Jones, Buddy Stewart, Cindy Pickett, Cathy Workman, Pat Springer, Mike Springer, Carolyn Springer, Larry Haggard, Gary Clinton, Mary Glaspe, Bobby Cranford, Butch Robnett, Connie Gillum, Brenda Hightower, Brenda Flippo, Janis Burgess and Leta Johnson.

The first six weeks honor roll has been released. Freshmen in a king of the grade are Guy Brown, Beverly Clements, Linda Hays, Brenda Hightower, Judy Kokel, Becky Long, Judy Overby, Cindy Pickett, Gary Reid, Butch Robnett, Buddy Shanks, Mike Springer, Eunice Stephenson, Kathy Stewart, and Cathy Workman.

Sophomores appearing on the list are Beth Biggs, Susan Brandt, Betty Glaspe and Sandra Jones.

Juniors on the honor roll are Carroll Anderson, Hortensia Brisen, Tommy Bruton, Connie Gillum, Charlotte Kuhlman, Reba Ringener, Carolyn Springer, Dale Thompson and Mary Wilson.

Seniors are Jackie Bone, Roger Boyce, Ronnie Driggers, Nancy Hampton, Loretta Kennedy, Barbara Louman, Linda Lawson, Janis Morrison and Rodney Payne.

Students of the month for October have been selected by the Stanton High School faculty. Carol Anderson and Carroll Anderson, junior students, have been chosen for this honor. They will be guests of the Lions' Club at a luncheon Tuesday.

Next week will be observed as homecoming week at SHS. Each day will be designated for a certain thing and all students are urged to participate. Monday will be comic strip character day. Tuesday will be sweat shirt day. Wednesday will be western day. Dress-up day will be Thursday, and Friday will be color day. These activities are supported by the Student Council in order to improve school spirit.

Picture re-takes were made Thursday. The football boys also had their pictures made in their uniforms.

The first home district game of the year was played at Stanton High School Friday. Coaches for the squad are Bill Milam, head coach, Coach Edminston, and Coach Dadds. Captains for the team this year are Mickey Allen, Donny Polson and Ronald Hartzell.

Sue Cook was crowned Football Queen Friday during halftime activities at the Midland High-Big Spring game. Other nominees were Judy Engle and Nancy Thomas. Ann Gibbs was crowned Band Sweetheart.

The junior girls challenged the senior girls to a powder puff football game to raise money for the prom. The game is scheduled for Saturday.

College Board exams will be given Dec. 7. Applications for this test must be postmarked no later than Nov. 9.

BSHS had a spirited pep rally Friday morning. Coach Delnor Pose gave the pep talk on an editorial from the school paper. It was written by Donna Yates. The title was "A Chain Is Only As Strong As Its Weakest Link." Co-captains were introduced. They are Kenny Chrane, Jimmy Nipp and Coye Conner. Each gave a pep talk and urged the students to keep supporting the team.

Freshmen Crowned

By BECKY HAGGARD

Carol Ann Prbyla and Mike Welch, freshmen, were crowned King and Queen at a successful Halloween carnival at Flower Grove this week. Sherri Everts and Byron Hill, first graders, were crowned prince and princess. Boxes of candy were given to the best-dressed boy and girl by the student council.

The junior class will be selling Christmas candy for \$1 a box. Orders should be placed with one of the juniors or Mrs. Ables, sponsor.

The grade school and high school girls' A and B basketball teams played Garden City Tuesday. The Beakats won all three games. The next game is scheduled Tuesday at Flower Grove.

Mrs. Williams In Alpha Chi

ABILENE—Mrs. Janice Bowlin Williams, McMurry College junior, has been named a member of Alpha Chi, honorary scholastic fraternity.

The society chooses members on the basis of service to the school and scholastic achievement. Only juniors and seniors who rank in the top 10 percent of the class are chosen.

Mrs. Williams, the former Janice Bowlin, is the daughter of Mr. and Mrs. Jack Bowlin, Ackerly. Her major course of study is math. On the McMurry campus she is a member of Wah Wahaysee Service Club.

stalled the officers. They are Gary Clinton, president; Mary Glaspe, vice president; Bobby Cranford, secretary; and Larry Haggard, treasurer. Mrs. Hazel Pruitt was presented with the charter for the new organization.

Each of the new members lit a candle and repeated the FTA pledge. Twenty-two members were installed. New members are Beth Biggs, Susan Brandt, Linda Costlow, Linda Manning, Linda Lauman, Sandra Jones, Buddy Stewart, Cindy Pickett, Cathy Workman, Pat Springer, Mike Springer, Carolyn Springer, Larry Haggard, Gary Clinton, Mary Glaspe, Bobby Cranford, Butch Robnett, Connie Gillum, Brenda Hightower, Brenda Flippo, Janis Burgess and Leta Johnson.

The first six weeks honor roll has been released. Freshmen in a king of the grade are Guy Brown, Beverly Clements, Linda Hays, Brenda Hightower, Judy Kokel, Becky Long, Judy Overby, Cindy Pickett, Gary Reid, Butch Robnett, Buddy Shanks, Mike Springer, Eunice Stephenson, Kathy Stewart, and Cathy Workman.

Sophomores appearing on the list are Beth Biggs, Susan Brandt, Betty Glaspe and Sandra Jones.

Juniors on the honor roll are Carroll Anderson, Hortensia Brisen, Tommy Bruton, Connie Gillum, Charlotte Kuhlman, Reba Ringener, Carolyn Springer, Dale Thompson and Mary Wilson.

Hawk Players

These HCJC students will present Shaw's "The Devil's Disciple" Nov. 21 and 22 in the college auditorium. They are, left to right, first row, Barbara Thompson, Carol Chidlaw, Linda Carter, Cheryl Whiteside; second row, Charles Deere, Billie Stewart,

Jo Beth Wasson, La Precla Brown, Rosemary Horn, Lynn Palmer; third row, Bill Anderson, Paul Daniel, Jerry Dean, and Gary Kendrick. Not pictured are Jay Hatch, Eric Kasmussen, John Gula and Glenn Whitely.

## Miss Beulah Harriss To Speak At Banquet

By CLAUDIA RICHARDSON

HCJC's Women's Recreational Association will present Miss Beulah Harriss, retired teacher from North Texas State University, at a banquet scheduled Thursday evening in the small dining room of the Student Union Building. The public is invited to hear Miss Harriss, a leader in her field of physical education, speak in the parlor of the SUB after the banquet.

The Baptist Student Union has planned a hayride Tuesday for members and students interested in BSU. Plans are to meet in front of the SUB at 6:30.

Wesley Fellowship officers for the year are Gary Kendrick, president; Cynthia Vaughn, first vice president; Alice Coker, social vice president; Reta Hardy, secretary - treasurer; Connie Handal, reporter; and Carol Hughes, I-CSC representative.

Geology students left Friday on a trip to Big Bend.

The Hawks journeyed to Abilene Friday afternoon for a scrimmage with ACC.

HCJC girls have been participating in an intramural basketball tournament during activity period. The teams play

one day, and referee the next. Team coaches are Marilyn McReavy and Janice Hudson, Sue Evans and Beverly Holden, Gail Bailey and Donna Fleming, Venola Jolley and Ellen Farmer.

Plans are being made for an intramural co-ed tennis tournament. Any students interested should sign the posters that will be up this week.

## Goliad Choir Sings At Business Club

By DONNA DOBBS

The Goliad capella choir performed at the American Business Club Friday. The 44 were accompanied by Ann Garrett.

Students may sign up this week only, to have their names printed on the cover of their annual. Remember that the sale of yearbooks ends Friday, as does this opportunity to personalize your annual.

Miss Jo Beth Bentley, seventh grade English teacher, was married Saturday. She is now Mrs. Charles Corwin.

The seventh grade achievement tests will be Tuesday, Wednesday, and Thursday of this week. These tests are for the seventh grade only.

The Goliad band marched Thursday at the ninth grade game, and at the Steer game Friday along with the Runnels and high school bands. If the weather permits, they will march at the Goliad-Runnels game Thursday night of this week.

The pep rally Thursday was one of the most enthusiastic of the year. Skits were given by both eighth and ninth grade cheerleaders.

The calendar for 1964 is the calendar man has actually 26 seconds the solar year. We use has been 1382—so we are 17.75 hours late.

# Our Changing Calendar May Get A New Look

By SAM BLACKBURN

If the Vatican Ecumenical Council's recommendation of last month is accepted, this old world will celebrate Easter each year on the same date. Ultimately the world would have a calendar in which each day falls on the same date each month. No longer would Easter shift from as early as March 22 to as late as April 25.

Instead, Easter would probably be on the second Sunday in each April. Biblical historians are generally agreed that the first Easter—the date on which the Christ rose from His tomb—was April 9, 30 AD.

## PERPETUAL

The Council at a meeting in Rome, noting the confusion which has built up in the tangled operation of our calendar, has recommended adoption of a perpetual calendar and the establishment of a fixed date for Easter.

To show how widely Easter varies under the system employed since primitive times, you may recall that the holiday fell on April 14 this year. In 1964, it will be on March 29; in 1965, April 18; 1966, April 10; 1967, March 26.

Easter has fallen on its earliest possible date on two occasions in the past three hundred years. Easter was on March 22 in 1761 and in 1818. It will not fall on that date again in the 20th Century. In 1943, Easter fell on April 25—its latest possible date. It will not again be so late in the spring until 2038.

But it's not only the middle over Easter that makes date keeping a problem.

According to the experts we are already 2½ hours ahead of ourselves. This is of little immediate importance perhaps, unless you want to use it as an alibi for being late to an appointment. Nevertheless the statement is true.

## LONGER

The calendar we use, although it is the most accurate calendar man has ever had, is actually 26 seconds longer than the solar year. The calendar we use has been in service since 1582—so we are now approximately 2.75 hours ahead of the times.

Assuming nothing is done, when the year 4095 rolls around,

ANCESTOR OF FAMILY ALMANAC  
20-ton Aztec Calendar Amazingly Accurate

we will be a full day ahead of the sun.

It would seem that man, with all of his genius for astronomy, science and the like would have been able to design an accurate calendar. It's difficult because the true solar year of 365 days, five hours, 48 minutes and 46 seconds is hard to divide into workable units. Man has been trying to make such a division for six thousand years.

The history books show that in 4241 BC, the Egyptians, studying the changes in the season in relation to the flooding of the Nile, designed a calendar. This calendar had 12 months of 30 days each. To absorb the inaccuracy of such a plan, five days were added at the end of the year for a total of 365 days. This calendar was the world's most accurate until the middle of the 16th Century.

## MOON MOTIONS

The Babylonians tried another plan—a calendar based on the motions of the moon. This calendar had 13 months. Some of the months had 29 and some 30 days.

Early Greek cities, displaying an independent nature, had a

lot of calendars based on many premises. Some had 13 months and repeated either the sixth or twelfth month each year. One such Greek calendar had 354 days. To make things work out, the Greeks would wait eight years and then add three extra months to that year. This made things come out even.

Under the Romans, the matter of keeping track of the days was delegated to the high priest. He wasn't too handy at the job—by the time Julius Caesar came into prominence, things had gotten so badly out of kilter the summer months were occurring during the spring. In 46 BC, Caesar corrected the situation with his Julian calendar. This calendar had 365 days with the addition every fourth year of one day. The calendar was all very well and certainly a lot better than the one in use but the addition of one day each four years made the calendar year longer than the year of the seasons.

## MESSED UP

By 1582, this difference had things pretty badly messed up. Pope Gregory XIII remedied the picture by having 10 days arbitrarily dropped from the

calendar. He decreed the day after Oct. 4, 1582 should be Oct. 15 and not Oct. 5. He likewise decided to drop leap years on century years divisible by 400. This helped things some but, as stated, we have been steadily gaining until now we are better than two and a half hours ahead of ourselves.

The plan was not immediately made universal. In England, the Gregorian calendar did not become effective until 1752. In that year, England and all of its possessions awakened on Sept. 2, spent the day, went to bed and awakened on Sept. 14. That is why, if you want to look it up, you will find that George Washington, whose birthday we now observe on Feb. 22 was actually born on Feb. 11, 1732. Greece stubbornly held on to the Gregorian calendar until 1923.

Researchers say there are three calendars in each average American home. These vary widely. Most are given without cost. Many contain a wide assortment of information, in addition to the date.

## AZTECS

This is not a new thing. In the 16th Century, the Aztecs had a calendar which included a lot more than just dates. The renowned 20-ton stone calendar has symbols which tell the story of the world's creation

and its ultimate destruction. This calendar is 12 feet in diameter and three feet thick. It's a real conversation piece but hardly the sort of thing one would want to hang up in his kitchen.

In these days, millions of calendars are printed each year. Pharmacists, for example, handed out more than eight million gratis copies of a widely popular St. Joseph's Family Almanac Calendar this year. It is anticipated the 1964 edition will be in even greater demand.

As stated, a ceaseless campaign to have the new World Calendar adopted has been under way for nearly half a century. No positive action toward its adoption has been achieved. This calendar, if ever adopted would have all years alike, all quarters equal and all holidays on weekends. January 1 will always fall on Sunday. Hence, once you had a calendar in your home, there would be no need to replace it until it fell apart from age.

One's birthday would always be on the same day. And, for the superstitious, there would be 12 Friday-the-13ths in each year.

Art By The Crate

A million dollars worth of art is making its way to Lubbock for the "Art to Own-'63" show which will be held Nov. 8-21. The works will range in value from \$15 to as much as \$45,000. It is sponsored by the Fine Arts Committee of the Museum's Women's Council. Shown with a Gene Kloss etching, priced at \$25, and "Campo San Gallo, Venice," the most expensive painting in the show, is Mrs. Phil Simpson, Lubbock, a member of the fine arts committee.

## Art Arrives In Lubbock

Much excitement has been generated around the museum on the Texas Tech campus this week with opening of huge shipping crates bearing thousands of dollars worth of art works.

From the crates have been taken the bulk of a wide variety of paintings and graphics which will make up "Art to Own-'63," a purchase exhibition which begins Friday at 10 a. m. Exhibition hours will be 10 a. m. to 8 p. m. on weekdays and from 3-6 p. m. on Sundays. The show will continue through Nov. 21.

### INTERNATIONAL ART

This million-dollar exhibit, which is being sponsored by the fine arts committee of the Museum's Women's Council, has been assembled from sources in the United States and Europe by W. R. Fine, noted art collector of Dallas. Fine obtained much of the material from

## 'Lawrence' Is Far Above Average

The much-acclaimed "Lawrence of Arabia" spectacular opens today at the Ritz Theatre in Big Spring for a week's run.

Stretching some four hours, the movie lives up to much of its billing. Certainly, it rates several cuts above average even to the casual movie-goer. The historically-minded viewer will find it especially interesting and entertaining, for the plot sticks close to the actual adventures of the fabled and troubled T. E. Lawrence of England.

### ACCIDENTAL DEATH

The movie opens with Lawrence's death scene—he was killed in a motorcycle accident in 1935. Then the cameras switch to the early days of World War I in the Middle East.

Here is a facet of history much overlooked in this country. Yet the long and hard battle to beat back the Turkish allies of Germany and Austria from the Suez Canal was a major factor in the final Great War victory.

Lawrence had traveled and studied extensively in the Palestine-Arabia area just before the war. As the movie's story unfolds, he is a young British officer assigned to liaison duty with the scattered Arab tribes that are warring also against the Turks.

### WHIPS TURKS

With Welsh newcomer Peter O'Toole in the title role, the

Lawrence Of Arabia

Peter O'Toole (left) and Anthony Quinn are in a tense scene from the prize-winning "Lawrence of Arabia," opening a week-long run today at the Ritz Theatre.

movie shows the difficult but finally successful merging of the bickering tribesmen into a united force that harasses, attacks and whips the Turks. Lawrence becomes a virtual god to the Arabian fighters.

Top action scenes include the capture of the town of Aqaba after a long desert march, ambushing of Turk trains and the climax, the capture of the fabled city of Damascus, which ran the Turks out of Palestine.

### SCENERY

The film's most appealing feature, aside from the intriguing story itself, is the scenery—photographed in Arabia and southern Spain. It is tremendous, even to West Texas scenic enthusiasts.

Supporting O'Toole are fine performances from Omar Sharif as an Arabian chieftain, Anthony Quinn as a conflicting chief, Jose Ferrer, Claude Rains and Alec Guinness.

"Lawrence of Arabia" is a big movie—four hours of solid, remembered entertainment.—JOE MOSBY

## HONORS FARMERS

## New Chinese Stamp Issue Features Tillers Of Soil

By HAROLD C. PERDUE

The Republic of China will issue two postage stamps to honor the "Land to the Tillers" program which is ten years old.

The present program was an extension of one begun in 1949. In that year, the government reduced the rent of farm lands by 37.5 per cent and started a "Land for Farmers" program. The two stamps to be issued Nov. 12 will be a 0.80 with portrait of Chiang Kai-shek and a 5.00 denomination with picture of Dr. Sun Yat-sen, father of the Republic. Both will also show farm scenes.

The National Audubon Society has produced an "official first-day cover" for the release of the John James Audubon stamp in Henderson, Ky., on Nov. 29. The five-cent stamp will have James'

picture of "Columbia Jays." It is the third in a series of art reproductions on stamps for the U.S.

The cachet is produced in four colors and shows Audubon's painting of a great blue heron through Fleetwood Cover Service of New York. Proceeds will aid Audubon wildlife sanctuaries and conservation education.

Collectors desiring first day covers of this stamp should forward their envelopes with remittance to the Postmaster, Henderson, Ky., no later than Nov. 29.

KELLEHER RESIGNS  
The man who ran the U.S. stamp program for the Post Office Department has resigned his \$20,000-a-year job as special assistant to the Postmaster General amid charges of a political purge. James Kelleher officially left for "personal financial" reason.

A high point of Kelleher's postal program was the secret Mercury stamp released the day astronaut John Glenn orbited

the earth in 1962. Kelleher has written a complete behind-the-scenes story in an illustrated pamphlet. It starts with the origin of the idea and includes information about the post-release avalanche of orders at the Philatelic Agency.

### NO CHARGE

The pamphlet is available without charge by sending a postal card marked "Project Mercury Story, Please" to the Washington Press, Department 8, Maplewood, N.J.

On or about Nov. 17, Delta Airlines will inaugurate jet air-mail service at Jackson, Miss., and Shreveport, La. Official cachets are provided and the usual philatelic treatment will be provided. Patrons desiring these cachets should forward their covers to the Postmaster at Jackson (39295) and Shreveport (71101) five days prior to the flight.

The Republic of Togo honors the centenary of the Emancipation Proclamation with a four stamp set. Each carries a portrait of Abraham Lincoln and a symbolic broken chain.

## Laugh Dandy On Broadway

NEW YORK (AP)—"Barefoot in the Park" is Broadway's new laugh dandy. Rapid-fire gags, pert acting and a peanut-plot are the combination at the Biltmore Theater. They had the premiere audience in a state of continuous guffaw.

Neil Simon, the author, has had plenty of experience dashing off material for television comedy and a couple of seasons ago augmented the White Way's merriment with "Come Blow Your Horn." This latest concoction, examined closely, doesn't glisten with originality or probe any dramatic depths. But the assembly line has delivered a fun jackpot.

The plot concerns a young couple who are trying to find newlywed bliss in a five-flight Manhattan walkup. She's flighty—he's sedate—and a screwball neighbor and rakish mother-in-law provide further complications.

Elizabeth Ashley and Robert Redford handle romance and its woes with dash. Mildred Natwick carries off an offbeat role with wondrous hilarity, and Kurt Kasznar is able as a looney, gallant.

The direction by Mike Nichols is speedy and smoothly fitted to Simon's script.

## Western At Sahara

"Oregon Trail," a Twentieth Century-Fox release, opening today at the Sahara Theatre, features Fred MacMurray, Nina Shipman, Gloria Talbot, Henry Hull, John Carradine, Elizabeth Patterson, John Dierkes, James Bell, John Sanford, Tex Terry and Arvo Ojala.

"The Oregon Trail" tells of the United States' efforts to protect its citizens who have undertaken the long trek to Oregon and of the government's negotiations with England over the area in determining which nation will control it.

The Hangman

Paramount's outdoor feature, "The Hangman," stars (left to right) Robert Taylor, Tina Louise and Fess Parker. It plays Saturday at the Sahara Drive-In Theatre.

Wednesday through Friday  
SPIRAL ROAD with Rock Hudson and Burl Ives plus LAST WAGON with Richard Widmark.

Saturday  
BRIDGES AT TOKO-RI with William Holden and Grace Kelly plus THE HANGMAN with Robert Taylor and Tina Louise.

## Saga Of Fear Starts Today

Shock follows shock in Columbia Pictures' "Scream of Fear," which opens today at the State Theatre. Susan Strasberg, Ronald Lewis and Ann Todd are starred in the Hammer Film production, and Christopher Lee is co-starred.

"Scream of Fear" is a combination of entertainment, excitement and romance in a setting both evil and elegant. The scene is a French Riviera, villa, complete with swimming pool. The principals are a lovely young woman, paralyzed and confined to a wheelchair as the result of an accident; her attractive, warmly sympathetic stepmother and a handsome chauffeur. Missing from the scene—but strangely present on various occasions—is the girl's wealthy father.

Miss Strasberg, who appeared in "Picnic" as Kim Novak's kid sister, is a grown-up and attractive young woman in "Scream of Fear," playing the girl whose visit to her father and his second wife leads to a series of horrifying experiences.

### Matchmaker

NEW YORK (AP)—Gower Champion is to direct the musical version of Thornton Wilder's "The Matchmaker," due on Broadway next January.

Champion took on the assignment when "I Picked a Daisy" was postponed indefinitely.

The Wilder comedy is being retitled "Dolly—A Damned Exasperating Woman" for the song stage. Music and lyrics are being done by Jerry Herman.

## Gidget In Rome Comedy Opens Thursday At Jet

"Gidget Goes to Rome," new-est in the Columbia Pictures romantic comedy series, opens Thursday at the Jet Theatre.

James Darren for a third time romantically pursues and is happily bewildered by his teenage girl friend, the Gidget of the title. But a large measure of the audience appeal to be found in "Gidget Goes to Rome" may be attributed to the infectious charm and vitality of the girl who plays the role, Cindy Carol.

In "Gidget Goes to Rome," the girl takes off with a passel of her friends, and her fiancé, for a summer holiday in that famous city. With the help of Cesare Danova, playing an Italian sophisticate who is asked by Gidget's father to keep an eye on the girl, Gidget crashes Roman society. With the help of the Italian police, and the American embassy, she finally is persuaded to leave Rome after a series of happy misadventures which stem, in major part, from her own enthusiasm for life.

TEXAS PRODUCTS WEEK

# Candy, Tortillas Made Here

Ten years ago, Leon Kinney, who is manager of the Texas Employment Commission, began experimenting with candy. Out of this experiment has come Kinney's Candies. The plant operates on a sporadic basis, Kinney explains. Usually he is the sole employe, with Mrs. Kinney lending an occasional hand.

The plant features fancy Christmas mints in many colors. Most of these are made to order for holiday parties. Others are sold through stores in the area.

At this season of the year Kinney is usually to be found in his candy kitchen each evening. He is making candies for the Christmas trade. His chocolates are sold through Edwards Heights Pharmacy here in season.

Kinney said that the reputation of his mints has developed to the point where his operations are steady throughout the fall and winter.

where Mexican dinners are in high popularity the year around. Three machines are used in the manufacture of tortillas. One grinds and prepares the meal from which they are made. Another blends in the products and a third bakes the tortilla. The tortillas are packaged and sold to stores.

## D&C Serves Big Trade Area

A Big Spring packing house for 18 years, D&C Packing Co. specializes in custom killing of feed lot beef and suckling calves.

The firm also processes pork moved in from other slaughterhouses, and its products are wholesaled to groceries, markets and restaurants in the Big Spring-Midland-Snyder trade area. Some five persons make their living at D&C.

## Casey Operates Beef Operation

It's strictly a beef operation at Casey Packing Co., on the Snyder Highway in Big Spring. The firm, in business since 1955, specializes in killing and processing calves and cattle for groceries and cafes in the Big Spring area. No pork, poultry or other meat items are handled.

Casey covers a territory within a 70-mile radius of Big Spring. Eight people handled the operation, and the yearly payroll is around \$25,000.

## Packer Handles Freezer Work

Meats, from the farm right to the home freezer, are the

work of Big Spring Packing Co. The firm has 17 employes plus co-owners Jim Kinsey and Marvin Sewell. It serves all Howard County plus nearby areas like Ackerly and Garden City.

Big Spring Packing does its own killing and butchering of beef and pork, plus handling all types of poultry for its customers, who include groceries, cafes and individuals. The firm operates a freezer food plan for the householder, too. Under the food plan, a customer can buy meats, fruits and vegetables for his freezer on a monthly payment basis.

## Big Volume At Kimbell's

The Kimbell Feed Mills and Grain Company, has been storing grain and making feeds since 1956 and now has raised its yearly sales volume to \$2,000,000.

Dealing with farmers and ranchers primarily in a 100-mile radius, the mill produces 80 tons of grain when running at maximum efficiency. This grain is sacked and delivered on Kimbell's trucks.

In addition to the mills, there are also large storage bins which can hold up to 16,000,000 pounds of grain when filled to capacity.

The \$200,000 of facilities include a feed mill, a mixing plant, grain elevators, a retail store, public scales, and a pellet mill. No expansion is planned in the future with the pellet mill, which was added since 1956, the last major improvement.

Clyde Eager, the manager, said the payroll averages approximately \$800 to \$900 a week.

## MEN IN SERVICE

HOME ON LEAVE  
Don Schlecht, Vernon Jackson

Seamen Appren. Vernon W. Jackson Jr. and Don Schlecht are visiting Big Spring on a 14-day leave from the Navy before returning to California Nov. 7.

Jackson is the son of Rev. and Mrs. V. Ward Jackson Sr., 2003 Main St., while Schlecht is the son of Mr. and Mrs. Bill Schlecht, Denver, Colo., and formerly of Big Spring.

Both boys have completed three months of basic training at the San Diego Naval Base. Jackson was second class petty officer of Company 306 while Schlecht was the third class petty officer of the same company.

Jackson will return to Long Beach, Calif., where he will go to dental school on board the U.S.S. Cimarron. Schlecht will return to San Diego where he will serve as an ordnance technician.

Farrel Felts and Willis Knightstep, both of Big Spring, have enlisted in the U.S. Army for three years. They were sent to Fort Polk, La., last Friday for receiving and processing. They will also receive their basic training there.

Felts is married to the former Nancy Harden. She is planning to accompany him when he completes his training and is assigned to a unit.

Knightstep is the son of Mr. and Mrs. Riley Knightstep, 1609 Owens. Knightstep chose the Field Artillery for his advanced training.

Army Pvt. Paul Lovell, formerly of Big Spring, is on a nine-day leave visiting friends. He enlisted in the Army in April of this year and received his basic training at Fort Polk, La.

He attended the Airborne Jump School at Fort Benning, Ga., where he earned his Paratroopers Wings with the 101st Airborne Division, then attended the Army Aviation School at Fort Rucker, Ala., where he took a 15-week course as a Flight Simulator Operator. He graduated 15th in a class of 40.

Pvt. Lovell is presently en route to Germany as a Flight Simulator Instructor for the U. S. Army Transportation Corps.

Navy Lt. (j.g.) Walter C. Rose has graduated from the Air Force transition training course for C-130 Hercules transport pilots at Sewart AFB, Tenn.

Lt. Rose, son of T. R. Rose, 1226 E. 15th, Big Spring, received training in flight simulators, ground maintenance, turbo-prop systems and flying training in the C-130. The lieutenant is being reassigned to Moffett Field, Calif., for duty with the Air Transport Squadron.

2nd Lt. Myron J. Babler, Mt. Morris, Ill., has graduated from the Air Force transition training course for C-130 Hercules transport pilots at Sewart AFB, Tenn. He received training in flight simulators, ground maintenance, turbo-prop systems and flying training in the C-130. The lieutenant is being reassigned to Evreux AB, France, for duty with the 322nd Air Division.

Lt. Babler, who received a B.S. degree from the University of Illinois, was commissioned upon completion of Officer Training School at Lackland AFB. His wife, Rosalie, is the daughter of Mr. and Mrs. C. H. DeVaney, Coahoma.

## Students Recognized For Test Performance

William M. Clements, son of Mr. and Mrs. J. T. Clements, 1604 Tucson, has received special recognition for high performance on National Merit Scholarship Qualifying Tests given last spring.

A senior at the high school, Clements is a member of the National Honor Society. He is active in the band and the Boy Scout program.

Also receiving a letter of commendation for high performance is Mary June Somers, daughter of Mr. and Mrs. Chester Somers, now of Odessa. Miss Somers attended school here 1½ years before moving to Odessa.

About 32,000 students in the nation are being awarded letters of commendation. Although they did not reach the semifinalist stage of the current program, their achievements and academic promise were high enough to merit special note. Each student receives a letter signed by his principal and the president of the National Merit Scholarship Corporation.

## Nursing School Guilty Of Fraud

HOUSTON (AP) — A federal court jury after four days of deliberations has convicted the Texas School of Practical Nursing Inc., of Dallas and its three officials guilty of mail fraud and conspiracy.

Convicted on 18 of 19 counts this week were David Miller, President of the school; Warren Adams, a director; and Lola Christal, supervisor of training. Sentence will be passed later.

## Tortilla Plant 16 Years Old

Disappearance from the Howard County scene of the army of Mexican nationals who used to be here each fall has cut in sharply on the prosperity of one Big Spring manufacturer.

Leo Gonzalez, who with his wife, is owner-operator of the Big Spring Tortilla and Tamale Factory, 206 NW 4th, said that the braceros had been his biggest buyers for most of the 16 years he has operated the plant.

The plant has two employes in addition to the Gonzalez couple. The products are the tortillas, tamales and tostadas. Area served is Big Spring and nearby communities. The tortillas are on sale in scores of stores in the area. The tamales are also found in the stores. Heavy buyers are restaurants and cafes

Eagle Scouts

Charles W. Head III, 17-year-old son of Col. and Mrs. Charles W. Head Jr., and Andrew Caire, left, 14-year-old son of M. Sgt. and Mrs. James A. Caire, received the rank of Eagle Scout last week at Webb AFB. Gen. Howard J. Withycomb, wing commander, presented the awards at a Court of Honor held in the John H. Lees service club.

### NO NEED FOR A HEAVY FOOT!

When you first take the wheel of a new 1964 Cadillac, you're going to be amazed!

For this latest "car of cars" has attained a level of performance you have never before experienced. To be sure, there's greater smoothness and quiet. There is also increased agility and handling ease. And, above all, there's added power, acceleration and responsiveness. There is no need for a heavy foot in this dynamic car!

Cadillac's new performance is the result of many advancements throughout the power train. The engine is new—and it is the most powerful in the car's history. The famous Hydra-Matic transmission has been redesigned to provide the most responsive operation of all time. And a new Turbo Hydra-Matic on some models assures true brilliance of performance.

All in all, Cadillac is more than a hundred ways new. Its new styling is elegant as never before ... with a divided grille that makes it unmistakable on any highway. Its interiors are unusually luxurious. And its new options include an exclusive Comfort Control\* that lets you pre-set interior temperature exactly to your liking—and hold it season to season—while at the same time controlling humidity.

Visit your dealer soon and get ready for a surprise!

\*An extra-cost option combining heating and air conditioning.
