

GOP Still Likes Barry

By The Associated Press
Republican party leaders in Texas still name Sen. Barry Goldwater as their overwhelming choice for the next GOP presidential candidate.

Some chinks have appeared, however, in what was a solid wall of support in October.

A month before the Nov. 22 assassination of President Kennedy, members of the State Republican Executive Committee told The Associated Press they favored the Arizona conservative 100 per cent.

"How do you feel now?" The AP asked the same group this week.

AS STRONG
Committeemen who now say they either aren't as strong for Goldwater as before or who no longer believe he will get the nomination attribute their change of mind to:

1. The bare fact in itself that John F. Kennedy no longer is President.
2. The fact that Lyndon Johnson, a Texan, is President.

The Associated Press talked with Republican committee members from all 31 senatorial districts in the state, plus the state chairman and vice chairman. These people control the party in Texas.

They were asked two basic questions: Who they personally thought was the strongest candidate for the nomination; and who they thought was the strongest candidate for the nomination; and who they thought the party would in fact nominate next summer at San Francisco.

SHIFTED
They were also asked to explain why they had shifted support from Goldwater, if they had.

Twenty-two of the 33 polled said they were as strong as ever for Goldwater.

"Men may change but issues stay the same," sums up their feeling.

Four said they still supported him but they admitted to reservations.

One said he now feels Richard

Nixon will get the nomination. He foresaw trouble for Goldwater in the South, in light of Johnson's Texas home.

Three said flatly they had no idea who would get the nomination. And three declined to comment.

NIXON, LODGE
The only prospective candidates mentioned besides Goldwater were Nixon and Henry Cabot Lodge of Massachusetts.

Dr. L. A. Trubee of Rosebud said he feels Goldwater will get the nomination "if he announces for it—he might not announce now."

"Goldwater was really hurt by the fact that Lyndon Johnson is so strong in the Southwest," Trubee said. "I'm still for him, but I think Henry Cabot Lodge is the dark horse now."

One committeeman who didn't want to be named said he thought Nixon would get the nomination, "if it were held tomorrow."

Mrs. G. N. McDaniel of Borger, vice chairman of the executive committee, said Goldwater will get the nomination.

CARRY TEXAS
"The only thing that's changed is that he will have a harder time now of carrying Texas," she said. "But he'll still carry Texas."

Mrs. W. H. Lobaugh of Graham was not so sure. She said: "I simply don't know. Of course it's my wish that Sen. Goldwater be nominated. But I don't know what conditions will be in the next few months. I don't know what the East will do."

Among those still very strong about Goldwater is Mrs. Frank Buhler of Victoria.

PRINCIPLES
Sid Farmer Jr. of Galveston agreed: "The principles of good government don't change."

Some, like B. L. Morris of Orange, say Goldwater is still the strong front runner but they acknowledge the water has been somewhat muddied.

Puzzle of Wednesday, December 18, Solved

INFANT BAPTISM

My friendly critic states: "Whether or not children are to be baptized is a matter of interpretation of the Scriptures." Thus he suggests that when we refuse to recognize infant baptism, it is because we have an unwritten, man-made creed to which we are conforming.

I ask, What attitude do you expect of the person who would take the Bible alone as his authority? He can only recognize what the Bible authorizes. Where does it authorize infant baptism? Echo: Where?

Do you refer me to the few cases of the baptism of households? Before these examples can be taken to authorize in-

fant baptism, we must have proof that these particular households included infants. There is no such proof. If we take the Bible alone as authority, we must reject infant baptism.

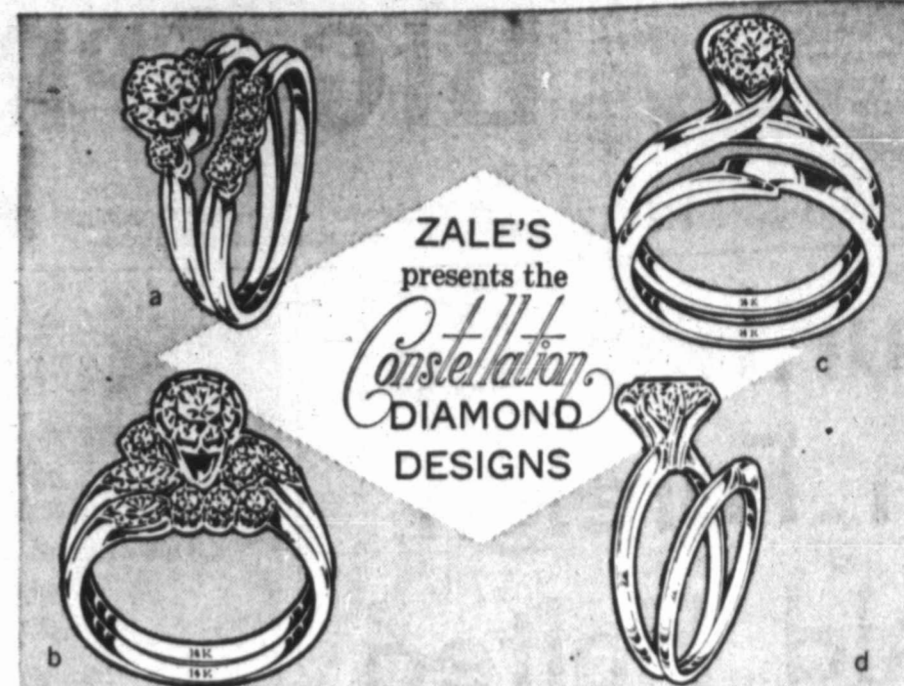

Baptism is the expression of the heart's desire to have the washing away of sins (Acts 22:16). One must obey from the heart (Rom. 6:17, 18).

Security Bank Ups Capital To \$200,000

Increase of capital stock from \$175,000 to \$200,000, with issuance of a \$25,000 stock dividend was approved by Security State Bank stockholders in a special meeting Wednesday afternoon. Also approved was a transfer of \$25,000 from undivided profits into the surplus account.

The stock dividend is payable to holders of record December 2, and will be executed as soon as approval comes from the State Banking Commission.

Security State earlier this month paid a cash dividend of 10 per cent.

Stockholders also voted to increase the bank's directorate from 11 to 15, and then added to the board Tom E. Rodman, Odessa attorney.

Following the shareholders meeting, directors were in session to act on various year-end matters.

Jewels Auctioned

LOS ANGELES (AP)—Flashy jewels and trinkets once owned by ex-mobster Mickey Cohen and appraised at about \$50,000, sold Wednesday for about \$19,000. The 43 pieces of jewelry were sold by the Internal Revenue Service, which had seized the baubles to help pay off almost \$375,000 in back taxes.

Michigan City Buried By Three-Foot Snow; More Due

MUSKEGON, Mich. (AP) — Muskegon—buried under nearly three feet of snow — shoveled and plowed its way through a dying Midwest storm today.

The Lake Michigan port city expected another 1 to 3 inches of new snow. This would bring its total accumulation to as much as 37 inches and set more weather records for December.

"Every time it snows now, we set a new record for the month," a Weather Bureau official said. Wednesday, the snow squalls and near-blizzard conditions broke five records.

Meanwhile, cold and snow continued to invade most of the eastern half of the nation in a pattern that has held true for nearly a week. The storm that blew in off Lake Michigan and dumped snow on Muskegon at the rate of one inch an hour Tuesday night and early Wednesday was part of a late fall storm centered over southwestern Ontario. It brought mid-winter temperatures and snow to most of the Midwest.

The snowstorm toppled Muskegon's 1962 month of December record of 54.2 inches. The record so far this month is 69.4 inches.

The Weather Bureau measured 15.7 inches in the 24 hours ending at 7 p.m. Wednesday and a record 17.9 inches in the 24 hours ending 12 hours earlier.

Snowplow crews in suburban Muskegon Heights gave up about noon Wednesday after plowing all streets three times in 24 hours with scant progress.

Muskegon main roads were passable, but few side streets were touched by plows. County schools could not send buses for rural pupils.

Muskegon public schools remained open, but Supt. Richard B. Warren left it to the discretion of parents whether to send pupils back to class after the noon recess.

Thickening ice trapped six freighters in or near the Detroit River, which links Lake St. Clair with Lake Erie.

The huge mass of cold air covering northern sections of the nation invaded much of the Southeast, dropping temperatures to near zero in some areas and to freezing along parts of the Gulf Coast from northern Florida westward to South Central Texas.

The mercury again plunged to sub-zero levels in most of the Midwest, marking a week of unseasonable cold, along with snow, in many areas. It was 17 below in International Falls, Minn., and in Illinois one of the lowest marks was -14 in Bradford. Gusty winds swept much of the cold belt.

It was the coldest day of the season in Chicago with 7 below, the seventh straight day of sub-zero readings, a record for December.

Temperatures dropped to near zero in Louisville, Ky., and it was 27 in Mobile, Ala. In Florida, low marks included 30 in Tallahassee, 41 in Tampa and 50 in Miami. Atlanta and Chattanooga, Tenn., shivered in the unseasonable cold, with readings of 12 and 13, respectively.

Near zero weather prevailed in sections of the Northeast while generally normal temperatures prevailed in the Far Western sections.

Mexico Agrees To Bridge Cost

BROWNSVILLE (AP) — Mexico has tentatively agreed to pay half the cost of a new \$450,000 bridge between Brownsville and Matamoros, says County Commissioner Tony Tomayo Jr.

Tomayo said Wednesday the proposal to replace the 34-year-old bridge will be submitted to the Mexican government officially Dec. 26.

Commissioners earlier refused a proposal that Cameron County pay 60 per cent of the bridge cost and Mexico 40 per cent.

Sect Relies On Sackcloth

JOHANNESBURG, South Africa (AP) — Sackcloth and ashes figure prominently in the ritual of South Africa's Latter Rain Assemblies.

This religious institution has its headquarters at Jantiel near Benoni, a gold mining town 20 miles east of Johannesburg.

The 200 men and women members at Jantiel live a communal life on 13 acres of land.

They pray at regular intervals throughout the day, kneeling on sack cloth. Praying begins at four in the morning. On special occasions they place a sack covered with ashes over their shoulders. They always take off their shoes before entering the church. They sing and clap hands and pray before each meal.

Ruby's Clubs To Be Sold

CHICAGO (AP)—Relatives of Jack Ruby are going to sell the night spots he has operated in Dallas to finance his courtroom defense.

Ruby, formerly of Chicago, is charged with murder in the shooting of Lee Harvey Oswald, accused assassin of President Kennedy.

Michael Levin, a Chicago lawyer representing Ruby's family, said Ruby merely managed the Carousel, a downtown strip joint, and the Vegas Club in Dallas.

"These places are owned by members of the family," Levin said. "They are going to sell the clubs to provide funds for his defense."

Meeting Postponed

A meeting of the Methodist Men of Wesley Methodist Church, originally set for 7 p.m. today, has been postponed, according to Bob Fawcett, president. It will probably be rescheduled in January. The meeting was called off because of the death of Mrs. Charles Peterson.

VA, State Hospitals Have Christmas Parties Today

Patients at the Big Spring Veterans Administration and State Hospitals will do their Christmas partying tonight with special celebrations slated at each hospital.

The program for the VA Hospital will be brought this year by the VFW. Post from Lubbock, who also brought last year's program. Nevin W. Mehler will be master of ceremonies.

Immediately after greetings from V. J. Belda at 7 p.m. the Lubbock group will plunge into a series of 17 acts. They bear such titles as "Problem Child," "Alvin Chipmunk Show," "How Great Thou Art" and "Silent Prayer."

Special recordings from the administrator of veterans affairs and the national commander of the American Legion will follow. The P-TA City Council will serve refreshments.

At the Big Spring State Hospital, festivities will begin at 6:30 p.m. in the Allred Building. The auditorium has been prepared for a gala party for all patients of the hospital. Mrs. J. L. Christensen, of the Big Spring Music Club, will be in charge of the main program.

Ace Ball and his group and volunteers from the Modern Woman's Forum will present special entertainment.

Activities at the Allred Building will continue for 45 minutes before adjournment to the wards for individual parties. Civic groups and volunteer organizations will sponsor the affairs. Gifts provided by the Volunteer Council and those which have been sent in by members of the family will be distributed by Santa.

\$3,749 Cookie

When radio station KDWB offered \$1.63 per pound for the largest Christmas cookie delivered to its studio, Paul Goodman, sophomore at Bethel College in St. Paul, engineered this 2,300-pound monster. Holding his head over the \$3,749 tab on the goodie is Don French, station manager. Goodman and fellow students bought 1,010 pounds of cookie mix, 725 pounds of shortening among other ingredients. Ranch-Style Christmas Due For Johnson Family

WASHINGTON (AP) — President Johnson is going home to a Texas ranch-style Christmas that features red velvet stockings hung from the mantel, a red-nosed deer and plenty of kinfolk.

There had been speculation that the Johnsons would spend their first Christmas as the First Family at the White House.

But the President told a news conference Wednesday he would be at his Texas ranch to spend Christmas Eve "with my sisters and my brother and my uncles and cousins and aunts."

HUNTING

On Christmas Day, Johnson said, he wants to relax. He said he may go hunting while he's in Texas or spend a day in the hills "communing with myself."

The kinfolk who drop in on the Johnsons at Christmastime are "innumerable," one aide said, and it's bound to be something of a big reunion.

"If God is willing and Mrs. Johnson is willing," the President said, he will leave for Texas after lighting the national Christmas tree Sunday night in the park area behind the White House. No departure time was set.

DECORATIONS

By the time the President gets home, the traditional Yule decorations will be up at his ranch. The Johnsons usually select one of their home-grown cedar trees and gather up masses of the holly and mistletoe that grow on the 400-acre ranch to fill the house with the Christmas greens.

Money

Hometowners Are Elated

JOHNSON CITY, Tex. (AP)—News that President Johnson and his family will spend Christmas in his home town brought happiness to this Central Texas area today.

"That's really good news," said E. H. Johnson, of Stover, Mo., a second cousin of the President, who is visiting other Johnson kin here. "We always have a family reunion at the ranch. I have been to quite a few of them, although I now live in Missouri. I made a special trip down here just to see our folk."

"Lord knows how many of us there are, there are quite a few."

E. H. Johnson, 63, is visiting a first cousin, Mrs. Ava Cox. Mrs. Cox lives in Johnson City but teaches school in Fredericksburg, 31 miles west of here.

President Johnson calls Johnson City his legal residence but his ranch is about half way between here and Fredericksburg.

Mexico's TV Said Gaining

MEXICO CITY (AP) — The head of Mexico's leading network says "television in this country is 'gaining ground' on TV in the United States."

Mrs. Johnson adds her own special touch. She puts a piece of red cloth over the nose of a huge deer head that hangs in the entrance to the living room and dubs it "Rudolph, the red-nosed reindeer" for the holiday season.

The family traditionally exchanges gifts on Christmas morning and a great deal of secret shopping, by phone and with the aid of friends, has been under way in past days.

Four gay red velvet stockings marked Lynda, Lucy, Mother and Father hang from the mantel on Christmas and are filled with Santas and Christmas baubles.

The Johnsons' Christmas dinner will be turkey and the trimmings as usual, prepared by ranch cook May Davis. The Johnsons' longtime family cook, Zephyr Wright, prefers to stay home in Washington with her family.

"It would be a rare day in Texas" if it snows on Christmas but it can happen, Johnson aides say. Once, it was warm enough to go swimming in the ranch pool and the Johnsons took a picture to prove it.

Area Schools Hold Yule Programs

Christmas programs will be presented in most area schools Friday afternoon and night, closing out school activities until after the holidays. Many of the programs will be musical and will include most of the students.

The first, at 1 p.m. Friday, will be at Coahoma High School auditorium. The president of the student body will lead the Pledge of Allegiance, and the band will play several numbers, with singing by all.

Numbers will be: "The First Noel," "It Came Upon the Midnight Clear," "Hark! The Herald Angels Sing," "O Come, All Ye Faithful," "White Shepherds Watched," "O Little Town of Bethlehem," "Away in a Manger," "Joy to the World," "We Three Kings," "Deck the Halls," "Jolly Old Saint Nicholas," "Silent Night," "Jingle Bells" and "Here Comes Santa Claus."

Garden City Schools will have a tree in the vestibule of the building where faculty and students will gather at 2:30 p.m. for songs and exchange of gifts.

Forsan schools will put on a musical operetta, using the first and second grades for the chorus and the third and fourth grades for the action at 7 p.m. in the gym-auditorium. Title will be "Christmas for Others."

The high school chorus will sing selected Christmas numbers. The public is invited to the program.

The Drama Club of Stanton will present a play, "The Glass Menagerie," at 2:30 p.m. in the high school auditorium to close activities until after the holidays.

Classes in the schools will have individual programs and gift exchanges. Some will be in groups. All schools will re-open Jan. 2, except Coahoma where students will return Jan. 6.

Jackie To Get Alliance Award

SAN ANTONIO, Tex. (AP) — The president of the San Antonio Mexican Chamber of Commerce, Perry Salinas, said Wednesday that Mrs. John F. Kennedy will receive the chamber's third John F. Kennedy Alliance for Progress Award.

Mrs. Kennedy's diligence in promoting goodwill and understanding between the United States and Latin-American countries was cited by Salinas as the reason for giving her the award, which she will receive early next year.

Christmas Lights Tying Up Traffic

LONDON (AP) — The lights are on in London and the traffic jams are awful to behold.

Regent Street is ablaze with stars flashing like outsize diamonds. Oxford Street is hung with flaming orbs—pink, green, blue and yellow.

The lights are part of the capital's Christmas and in 10 years have become a London tradition.

WILMINGTON, Del. (AP) — Irene du Pont, 86, last of the three brothers who led the Du Pont company from a small explosives manufacturing concern to the position of the world's largest diversified firm, died here today. He had been ill for some time.

Opening lead: King of ♠ Declarer's nimble performance in today's hand provides an unusual application of dummy reversal technique.

West overcalled South's opening one diamond bid with a preemptive jump to three clubs. North passed and East raised his partner to four clubs. South's four hearts call was in the nature of a testing bid. If it was greeted with a brisk double, it was his intention to retreat to the safer haven of five diamonds. When the bid reverted to East he chose to

sacrifice at five clubs, fearing that his opponent had negotiated a good bargain at four hearts. South passed, but North persisted to five hearts which East doubled to make certain that his partner did not go on.

West opened the king of clubs which South ruffed with the five of hearts. Since there was a shortage of communication with the dummy, declarer made the first heart play from his hand by leading the king. East won with the ace and returned another club.

Declarer observed that, if he ruffed with the six of hearts, and then cashed the queen—his last trump, the enemy's jack would probably still be outstanding. South would have to enter dummy with the ace of spades to drive out the last trump, and the opponents could cash a spade trick to set the contract.

South therefore ruffed the club return with the queen of hearts so that he would be able to continue the trump pulling process while North still controlled the spade suit. The six of hearts was led to the eight and East was in again with the jack. Another club was played forcing North to ruff this time, but the ten of hearts picked up the last trump, and South's diamond suit provided ample discards for dummy's losing spades.

Polka-Dot Sphere Will Be Orbiting

POINT ARGUELLO, Calif.—The U.S. space agency plans to give the world a new "Christmas star" today—a polka-dot satellite that could yield rich gifts in helping scientists predict the awesome explosions on the sun called solar flares.

The 12-foot-diameter balloon satellite, called Air Density Explorer, is to be aimed at an orbit passing close to the earth's poles. A solid-fuel Scout rocket from this naval missile facility is the booster.

Inflated in space, the aluminum-and-plastic sphere was expected to be visible only at twilight, illuminated against the

TECHNICIAN INSPECTS INSTRUMENTS OF SATELLITE
Inflatable 12-foot-sphere called Air Density Explorer

dark sky by rays from the sun just below the horizon.

Because of its height, ranging from about 375 miles to 1,875 miles, it was to be just a pinpoint of light but discernible because of its movement against fixed stars as it circled the globe every 122 minutes.

White polka dots, 3,400 of them 2½ inches wide and 400 just 1½ inches wide, were painted on the silvery skin to block some of the sun's rays and thus keep radio gear inside from getting too hot.

Primary mission of the satellite was to help scientists measure density of the atmosphere at high altitudes. Plans called for a worldwide network to track its radio beacon and note the "drag" exerted by sparsely scattered molecules of air.

A previous 12-foot balloon satellite—Explorer 9 launched from Wallops Island, Va., in 1961—indicated the density of the upper air decreases in proportion to a decrease in solar flare activity during an 11-year cycle.

In other words, solar flares—great eruptions on the face of the sun that can cause blackouts in radio and telephone communications—tend to compact the upper air and make it more dense.

Visibility times of the polka-dot satellite were not calculated, but a NASA spokesman said it would be whenever and wherever the orbit coincided with twilight around the globe.

Contract Okayed

WASHINGTON (AP)—Employees of Braniff Airways approved a new labor contract Wednesday, the Machinists Union said. It provides a 34 cents an hour wage increase in three stages.

Mourning Drapes To Give Way To Boughs Of Holly

WASHINGTON (AP)—In the news from Washington: Decorations: Boughs of holly replace the somber drapes of mourning at the White House next week.

The official 30-day period of mourning for John F. Kennedy ends Sunday, and that evening President Johnson presses a button to light the national Christmas tree in the park behind the executive mansion.

Greetings to the troops: President Johnson sent Christmas greetings to the men and women of the armed forces Wednesday, declaring:

"This is the time of Christmas—when the spirit of peace and brotherhood burns brightly in the hearts of all men of good will.

"It is also a time of remem-

brance of the good things of the past—the strength and courage of our dead President Kennedy; of the countless blessings with which our country and people have been favored.

"And, Christmas is a time for all Americans to be thankful for what is ours and what is promised us."

Red sales: East Germany has bought \$8,764,000 worth of American grain since President John F. Kennedy cleared the way on Oct. 9 for the sale of wheat and other agricultural products to the Soviet bloc.

Acheson mission: A proposal to send former Secretary of State Dean Acheson to Cambodia to talk with Prince Norodom Sihanouk is still "up in the air," according to State Department officials.

Sources said the suggestion Acheson undertake the mission was made by Undersecretary of State W. Averell Harriman in a conversation last week with Cambodian Ambassador Nong Kimmy.

The idea being that Acheson, a friend and champion of the Cambodian chief of state, might be able to heal the badly

strained U.S. relations with the little southeast Asian country.

Planes-lighting: The Federal Aviation Agency recommended Wednesday that all jet airliners be equipped with devices to drain off static electricity.

The FAA said its recommendation was based on the fact that the metal and plastic rods—called "wicks" in the trade—can improve the planes' radio communications and might offer some protection against lightning.

Board Wants Sprinkler System In By Spring

The Parks and Recreation Board Wednesday recommended to the City Commission that improvements in the park system be completed as quickly as possible.

This recommendation was made after board members heard a report from park director Johnnie Johansen on existing improvements. Board members said they would like the golf course sprinkling system to be in operation by spring.

Approximately \$74,756 has been allocated from the bond fund for improvements in virtually every park in the city.

Johansen noted that most of the pipe is available for installation of a new sprinkling system on the back nine of the golf course. He said other necessary work prevented city crews from working full-time on the installation at present. Labor for parks improvements is being charged to the general fund of the city budget wherever possible so that bond funds may be spent only on capital improvements.

No action was taken by the board on a proposal to build a teen-age baseball park.

"Our hands are tied until we locate a site for the park," explained Tommy Hart, chairman.

The board discussed the proposal Wednesday with city officials, representatives from the sports committee of the Chamber of Commerce and school officials. The meeting was set up to determine the possibility of joint action on the proposal.

Assistant City Manager Roy Anderson said Ernest Lillard, director of the department of public works, is in Dallas examining a second hand ditching machine. He pointed out authorization for the purchase of such a machine must come from the City Commission.

The machine could be used for digging ditches for sprinkler pipes in the city golf course, Anderson said.

Board members present included Mrs. H. W. Smith, W. D. Broughton, Randal Polk, Jack Watkins and Hart. Others present were Lester Morton, Harold Talbot, San Anderson,

School Burned By Firecracker

CENTER, Tex. (AP)—Fire Chief Ford Walter of this East Texas town said a firecracker thrown on the stage of the Center High School caused a fire that destroyed the building.

All 325 students and their teachers left the building without injury. Supt. F. L. Moffett estimated damage at \$300,000 to \$350,000.

Walter said an unidentified pupil threw the firecracker.

The school was built in 1955.

Reds Ready Wall For Yule Travels

BERLIN (AP)—East German border guards completed the enlargement of two crossing points in the Berlin wall today to speed the passage of thousands of West Berliners who will pour through for Christmas reunions with relatives.

The flow of West Berliners into the Communist sector of the city begins Friday morning, Communist officials appeared to be doing their utmost to avoid traffic jams at the five crossing points in the wall, which was built 28 months ago to prevent the escape of East Germans and to isolate West Berlin.

TROUBLE

The Reds felt large lineups at the wall might lead to trouble.

The East Germans knocked an additional door-sized hole into the concrete barrier at the pedestrian crossing at Oberbaumbruecke. They also enlarged the vehicle crossing in the Neukoelln district by removing several concrete slabs.

The Communist regime took the unusual step of assigning mostly officers to the work. Apparently they can be more relied upon not to make a break for the West.

Under the agreement between the East German regime and the West Berlin administration of Mayor Willy Brandt, an estimated 800,000 West Berliners will be allowed to visit close relatives on the other side of the wall on one-day passes until Jan. 5.

SINCE 1961

The Communists have refused to admit most West Berliners to East Berlin since the wall was started in August, 1961. The restriction has not applied to Allied military personnel and non-German civilians.

Long lines of West Berliners waited outside the 12 offices where applications for crossing permits were received. Some complained angrily when the offices closed at 6 p.m. with applicants still waiting in the cold.

Smile In Anticipation

Residents of West Berlin are all smiles as they stand outside office where they made application to visit East Berlin under the relaxed restrictions for the Christmas holidays.

One woman sips coffee and another waves a bottle of brandy. Flow of West Berliners to East Berlin under the new ruling will start Friday morning. (AP WIREPHOTO)

Antiquated Ordinances Studied By City Attorney

Recommendations for changes in Big Spring city ordinances are expected within two weeks from the Municipal Code Corporation of Tallahassee, Fla., according to City Attorney John Burgess.

Burgess and Bob Ussery, a representative of the firm, have been working this week to bring city ordinances up to date. Ussery left for Tallahassee Wednesday with notes on the codification work.

Municipal Code Corporation will furnish the city 100 copies

of all city ordinances, which will be bound under one cover in single volumes. Recommended changes in obsolete ordinances will be submitted to the City Commission for approval.

Burgess noted that several ordinances are antiquated, including one which prohibits the sale of mohair in quantities less than 1,000 pounds.

Another old ordinance prohibits the dragging of carcasses of dead animals through the downtown streets. This ordinance could be more comprehensive, Burgess said.

Other ordinances which need to be revamped prohibit the use of automatic milk dispensers in cafes, provide for water rationing and blackouts, and one creates a committee to advise the City Commission on Moss Creek Lake.

"Some of these ordinances are in conflict with state law and others have served the purpose for which they were drafted," Burgess said.

The attorney said he would prepare a list of all ordinances which may require change after he receives the recommendations from Municipal Code Corporation. The changes then will be submitted to the city governing body for its consideration.

Gen. Taylor In Pakistan

KARACHI, Pakistan (AP)—Gen. Maxwell D. Taylor, chairman of the U.S. Joint Chiefs of Staff, arrived here today to try to improve strained Pakistan-U.S. relations.

Taylor, who has just completed three days of talks with Indian officials, confers Friday with Pakistan's President Mohammad Ayub Khan. He had appointments with Foreign Office and Defense Ministry officials today.

Taylor's jet plane made a detour across the western Himalayas on the flight from New Delhi to Karachi so he could see the mountain terrain where Indian and Communist Chinese troops confront each other.

Pakistan has expressed anger and concern at U.S. military aid to India after the Red Chinese border attack on India last year. Taylor hopes to ease Pakistani fears about the Indian arms buildup and to prevent a further drift by Pakistan toward Red China.

Upon leaving New Delhi, Taylor said he had "very frank and very complete discussions" with Prime Minister Nehru and Indian military leaders. He said he told Nehru the United States is considering a proposal to send ships of the 7th Fleet on patrols in the Indian Ocean.

Grant Approved

WASHINGTON (AP)—The Urban Renewal Administration made a grant of \$949,212 and a loan of \$1,278,410 Wednesday to aid San Marcos in financing its Chataqua Hill renewal project.

Chamber Names Board Members

ANDREWS — Four directors have been named to the Andrews County Chamber of Commerce for three-year terms.

They are Gerald McCaskill, senior vice president of Commercial State Bank; Claude Mitchell, superintendent of Northern Natural Gas; Dr. B. D. Sanders, optometrist; and Jack Smartt, commercial representative of Texas Electric Service Company.

Retiring from the board are Bob Aldridge, Guy McGill, Joe Weatherby and Jimmy Wilkins. Wilkins also has served as president for the past year. New directors and officers will be installed at the annual banquet Feb. 3.

Killed By Auto

CORPUS CHRISTI (AP)—Ernestine Green, 16, was killed by a car on Interstate 37 Wednesday as she walked home from school.

Rescue Opens For Cattle

KENNEBEC, S.D. (AP)—Operations were under way today to rescue more than 120 head of cattle stranded in the Missouri River west of this central South Dakota community.

The cattle, reported standing chest deep in the icy stream, were isolated by rising waters of the Big Bend Reservoir. A sheet of ice lay between the animals and the shoreline, 200 yards away.

A National Guard demolition crew from Chamberlain was sent into the area Wednesday night, seeking to blast a path through the ice sheet if necessary. The temperature has remained below zero for several days in the area.

Other rescuers in boats and on shore also were whittling away at the three-inch ice.

Authorities said the cattle were stranded when the Corps of Engineers ordered a cutoff of water from the reservoir because of an icing situation there.

Christmas Entrees Head List Of Best Food Buys

By The Associated Press

Christmas food shoppers will find a broad array of main courses competing for their favor this weekend.

Beef, pork, veal, lamb and several varieties of poultry are featured variously at shops over the nation.

Beef attractions this weekend include chuck, rib and rump roasts. One national chain features rump roasts at 89 cents a pound in its New York area outlets.

The pork assortment is varied, with hams and loins the

most general features. Turkeys are priced about the same as a year ago. One major chain offers them at a range from 29 cents a pound to 43 cents in the Northeast.

Other poultry attractions include broiler fryers, baking hens, ducks, geese and capons.

Good vegetable buys include cabbage, carrots, celery, onions, sweet potato and tomatoes.

Fruit buys include cranberries, apples—especially Red Rome and Winesaps grapes, oranges, grapefruit, bananas and tangerines.

More People, More Wages Hike Throngs

NEW YORK (AP) — If you find the stores jammed this week and downtown sidewalks unusually crowded you can seek the reason in government statistics:

—There are 1.5 million more persons on payrolls this year than last.

—Factory workers' weekly earnings are at a record \$101.09 and average hourly pay is at a record \$2.49, or 8 cents more than a year ago.

—Overtime in manufacturing plants averaged three hours a week at latest count, and in the auto industry it was 6.4 hours.

—Profits of manufacturing firms are climbing to more than 10 per cent above last year.

BACKGROUND

All of this forms the background for the record December sales which the nation's stores seem sure to set.

And with the shopper flush, but still bargain conscious, the store aisles are crowded both days and evenings. Merchants have plenty of competition — downtown stores with suburban shopping centers, department stores with discount stores—and most newspapers are filled with promotional advertising.

Larger payrolls in factories tell only a part of the story.

The big gain in employment this November over last, the Labor Department reports, was in the service industries, up 77 per cent from 1962, and now accounting for 34 per cent of all payroll employment.

TO OTHERS

Nonfarm jobs now number 58,304,000. Manufacturing employment is now 17,241,000 of that, for a gain of 218,000 over last year. So, for all of the higher wage scales, longer work weeks and more overtime in factories, the big increase in spending money can be traced to others than the producers of goods.

Many saw their incomes increase this fall from other than payroll sources. Dividend payments are running well ahead of a year ago, thanks largely to a marked increase in corporate profits. Outlays from pension and other funds and from interest on savings also are fattening the shoppers' purses.

Government statisticians figure that about 80 per cent of the population is sharing to some extent in the increase in incomes this year from one source or another. The other 20 per cent is still the nation's stickiest problem.

But the more fortunate ones are crowding store aisles and the sidewalks between stores.

New Decline In Enrollment

Another decline in enrollment was reflected by Friday's survey of student population for the Big Spring Independent School District. There were 7,532 pupils in the school system, 13 less than during the previous week.

Elementary enrollment was 4,396, off five; secondary schools had 3,005, down six; and special education was off two to 151.

By school, enrollments and changes over the week, were: Airport 498, down two; Bauer 526, up two; Boydston 483, down two; Cedar Crest 294, up one; College Heights 457, up one; Gay Hill 117, no change; Kate Morrison 242, up one; Kentwood 112, down one; Lakeview 198, down three; Marcy 530, down two; Park Hill 251 and Washington 690, no change;

Goliad 807 Lakeview Junior High 68 and Runnels 850, each down one; and Senior High 1,280, down three.

Student Shoots Two Teachers

GROVES, Tex. (AP)—Police said a 15-year-old student, angered by a reprimand from teachers, shot and wounded two members of the Woodlawn Junior High School faculty Wednesday.

Carlos Rojo, 35, was in fair condition with wounds in the stomach, left arm and hand. David Garrett, 34, was treated at a hospital and released. He was struck in the leg by pellets from the .410 gauge shotgun.

The student was turned over to juvenile authorities. State law makes publication of his name unprivileged unless a complaint is filed.

Cops Get Raise

MEXICO CITY (AP) — Uniformed police in Mexico City received a pay increase of \$12 a month today. It boosted the total to around \$75 each hour about 6,200 men.

Another Bleak Yule Facing Destitute Tennessee Miner

WHITWELL, Tenn. (AP)—The Leo Sanders family will pay scant attention this year to Dec. 25. As Christmas Day, it will be stark and bleak.
At the end of a full year for southeast Tennessee's longest and bloodiest coal strike, it will have no special meaning. Like all days since 1959, it will be jobless, hopeless and hungry.
Sanders, 33, unskilled and illiterate, is one of thousands of former coal miners laid off long before the current walkout began. He and his wife, a tired 33, have seven children.
She expects her eighth baby in January.

FOUR YEARS
"My husband worked in the mines when we married in 1948," said Mrs. Sanders, "but he was laid off four years ago. He hasn't hardly worked since. Just what he could pick up, and there hasn't been much of that."
He has been getting \$15 per week in benefits from the United Mine Workers Union, "but they're fixing to cut that out."
Like so many families who live in the isolated mountain pockets which make up the southeast Tennessee coal fields, Sanders' future was set when he quit school, like his father before him, to work in the mines.
After World War II, 4,000 coal miners toiled in southeast Tennessee. As mountain mines closed in the face of mechanized competition from the central

plains states, the work force dwindled.
600 MINERS
When the present UMW walkout began Dec. 26, 1962, only 600 union miners were affected. Three men have been slain since 100 miners defied entrenched union sentiment and returned to work without a contract.
The strikers seek a wage of \$23.44-26.40 per day, plus 40 cents per ton royalty to the UMW welfare fund. The coal operators have offered \$20.12 per day—paid the 100 working miners—plus 10 cents per ton royalty.

The issues in the strike parallel those in a \$30-million anti-trust suit filed against the UMW by a group of small coal operators and scheduled for trial in April. The southeast Tennessee operators accuse the union of conspiring with the big, mechanized coal operators of western Kentucky to freeze them from the giant Tennessee Valley Authority coal market.
SOLE MARKET
TVA's Widows Creek steam

plant, just across the state line at Bridgeport, Ala., is virtually the sole market for southeast Tennessee coal. But because of labor difficulties—present and past—TVA has turned to western Kentucky for the tremendous fuel quantities needed to operate the plant and generate electricity.
The operators say they cannot pay the UMW scale and compete economically with mechanized mines elsewhere for the TVA market. Only one mine in southeast Tennessee is fully mechanized.
Leo Sanders goes into the abandoned mines virtually every day to scratch for fuel for the pot-bellied stove which warms the 2-room house—a converted garage—in which his family has existed for the past six years.
HOUSE BURNS
"That was when our house burned down," said Mrs. Sanders. The eldest son, Isaac Grady, 13, lives across the road with his grandmother, "else she'd be all alone." He is in the

sixth grade, likely the last schooling he'll ever know.
The rest of the family—three girls, three boys and their parents—live and sleep in a 12-by-12-foot room, furnished with two double beds, a couch and a stack of blankets.
To reach the kitchen, they go outside and in a back door. Mrs. Sanders carries water from her sister's, "three houses down"—about 200 yards. They have two kerosene lamps, no electricity.
The Sanders' circumstances may be extreme—but the pattern is a familiar one.
Mrs. Sanders was born across the road from where she now lives. When she was 17, she married Sanders. When the mines were operating, they saw little need for education; without education, they see no need to school their youngsters.
Whitwell, 10 miles away at the foot of the mountain, has the nearest junior high school. For one reason or another—lack of clothes, money or simply out of fear—few mountain parents send their children.

Dr. Grollman Gets Citation

Dr. Arthur Grollman, a consultant for the Big Spring Veterans Administration Hospital for more than 10 years, Wednesday was honored with a luncheon in his honor and was awarded a hospital director's commendation.
Members of the professional staff hosted the party and a special gift purchased by the group was presented by Dr. Jack Margolis, chief of medical service. The gathering was at the Cosden Country Club.
The citation read in part: "This certificate is awarded... for his outstanding contribution to this hospital... as a teacher and consultant to the professional staff. His continued interest in the veterans served by this hospital has been a material factor in helping our physician staff give the best of medical care."
Dr. Grollman, who is currently here for a two-day lecture session at the hospital, spoke on his travels in the Orient.

HANDSOME HOLIDAY BUFFET
Eye-catching array features toast with gourmet toppings

Holiday Buffet Offers These Merry Melba Munchables

The gay and active holiday season is here and an aid of the busy party-giver is the creation of recipes for a holiday buffet that is delectable, eye-catching and easy-to-prepare.

Whether it's two, four or scores of merry-makers that keep congregating for holiday cheer, you can have the makings of varied, tasty tidbits. For planned ahead specialties or for spur-of-the-moment treats let the melba toast family make it easy for you.

Here are three gourmet toppings created for these distinctive toasts. They can all be prepared ahead so that a gay assortment of munchables can be ready in a matter of minutes.

MERRY MELBA GO ROUNDS
2 pkgs (3-ozs each) cream cheese
1 tsp. chili powder
1 tsp. grated onion
1/2 tsp. salt
1/2 cup chopped pitted ripe olives

Combine all ingredients and chill until needed. Makes about 1 cup spread, or enough for 2 1/2 to 3 dozen slices of melba toast.
HAM OR STEAK WITH PICKLED MUSHROOMS
16 slices melba toast or melba rounds

Prepared mustard
8 slices ready-to-eat ham (1 8-oz. pkg.), or
16 thin slices broiled steak each about 1 1/2 inch square
16 pickled mushrooms (see below)
Spread melba toast lightly with mustard. Top with ham or steak square, then with slices of pickled mushrooms. Makes 16.

PICKLED MUSHROOMS
16 small fresh button mushrooms (about 1/4 lb.)
3 tbsps. grated onion

1 small clove garlic, finely chopped
2 tbsps. chopped parsley
1/4 tsp. dried thyme leaves
Dash pepper
1 cup cider vinegar
1-3 cup olive or salad oil
1/4 cup lemon juice
Cook mushrooms in boiling salted water to cover. Drain. Combine remaining ingredients in a medium-sized saucepan. Add mushrooms; bring to a boil; reduce heat and simmer covered, for 10 minutes or until mushrooms are tender but still firm. Cool. Refrigerate, covered, at least 2 hours or until needed.

CRISP MELBA PIZZAS
12 slices or rounds of melba toast
6 slices Italian salami
3 slices process American cheese
2 tbsps. chili sauce
1/2 tsp. dried oregano leaves
Arrange melba toast on a baking sheet. Top with salami and cheese, cutting them and stacking to fit toast slices. Spread each with chili sauce and sprinkle with oregano. Place under the broiler until cheese is bubbly. Serve hot. Makes 12.

Make Miniature Pies For Christmas Treat

A great way to make an impressive dessert is with this recipe for miniature pecan pies. You can stick to the basic pecan mixture, but more fun is to add a bit of this or that for a variety of pies, such as Pineapple Pecan Pies, Fruit Pecan Pies and Chocolate Pe-

can Pies. Then let guests choose one of each or the one that appeals most.
MINIATURE PECAN PIES
Pastry for 2 crust pie
2 eggs, slightly beaten
2-3 cup dark corn syrup
1/2 tsp. salt
1/2 tsp. vanilla
1/4 cup sugar

3-3 cup finely chopped pecans
Mix pastry; roll to 1/4 inch thickness on lightly floured board. Cut into 3 1/2 inch circles and use to line 24 individual tart shells or muffin pans (2 inches x 1 inch). Flute edges as desired.
Mix eggs, corn syrup, salt, vanilla and sugar together. Stir in pecans. Spoon about 1 tablespoonful into each unbaked shell. Bake in 400 degrees F. (hot) oven 25 to 30 minutes. Remove from pans and cool on rack. Makes 24.

PINEAPPLE PECAN PIES
Follow recipe for Pecan Pies, lining 32 shells with pastry, placing a scant teaspoon drained crushed pineapple in each and then covering pineapple with 2 teaspoons pecan filling. Makes 32.

FRUIT PECAN PIES
Follow recipe for Pecan Pies, lining 32 shells with pastry, placing a scant teaspoon chopped candied fruit in each and then covering fruit with 2 teaspoons pecan filling. Makes 32.

CHOCOLATE PECAN PIES
Follow recipe for Pecan Pies, lining 32 shells with pastry and adding 1-3 cup fortified chocolate flavored syrup to pecan filling. Makes 32.

Keep Cookie Jar Brimming With These Holiday Goodies

Keep your cookie jar filled with real goodies. Walnut Chocolate Cookies. Serve these cookies with a glass of milk for nibbling time, or with fruit for dessert. They're crunchy with walnuts, flavorful with rich brown semi-sweet chocolate morsels and nutritious. The famed team of chocolate and walnuts was never better set off than in this drop cookie dough that's lightly spiced with cinnamon and nutmeg.

Try walnuts and chocolate morsels together in sauces, frostings, cakes, pies, and other desserts too.
WALNUT CHOCOLATE COOKIES
1 cup shortening
2 cups dark brown sugar, packed
1 tsp. cinnamon
1/2 tsp. nutmeg
2 eggs
2 cups sifted all purpose flour
1 1/2 tps. baking powder
1 1/2 tps. salt
1/2 cup dairy sour cream
1 cup quick cooking oats
1 6-oz. pkg. (1 cup) semi-sweet chocolate morsels
1 1/2 cups chopped California walnuts
1 cup raisins
Cream shortening, sugar and spices together until fluffy. Beat in eggs, one at a time.

WALNUT CHOCOLATE COOKIES
Resift flour with baking powder and salt. Add to shortening-sugar mixture, alternately with sour cream. Stir in oats. Add chocolate morsels, walnuts and raisins.
Drop cookies from teaspoon onto very lightly greased cookie sheet. Bake at 350 degrees 15 minutes or until lightly browned. Remove from baking sheet and cool on cookie rack. Makes about eight dozen 2-inch cookies.

Employ Moderate Temperatures
For even cooking and minimum shrinkage, whether you are broiling or roasting lamb, use low or moderate temperatures. Then, for a rich brown color and crusty exterior, brush with seasoned spices before cooking.

Mrs. J. M. Hill Uses Recipes She Collected From Herald

By JO BRIGHT
Christmastime is a loving, sentimental season—and a bit of sentiment was involved in inviting Mrs. J. M. Hill to be the subject for this week's food feature.

Wife, mother, homemaker and teacher—Mrs. Hill is all these things, but where publicity is concerned, she's like the bridesmaid who was never a bride.

Young oldtimers will remember that 10 years ago Mrs. Hill was a member of the Herald staff. As a reporter for the society department and editor of the food page, she was ever the interviewer but never the interviewee!

During her early days of marriage, Mrs. Hill collected many recipes from local cooks which she tried out at home. That was before the days of the Hill children, Bobby, 8, and Kelly, 5, so there seemed to be plenty of time to experiment in the kitchen. However, she recalls that starting a complicated cake just before suppertime brought accusing glances from her husband when he was ready for a steak instead.

NEW METHODS
"I don't do that anymore," she said. "In fact, I use as much instant everything as I can find, and every short-cut I've ever heard of." She needs to; she has a busy family. Hill is assistant director of industrial relations for Cosden Oil and Chemical Co.; she teaches reading at Runnels Junior High School; Bobby is a third grader at College Heights; and Kelly is furthering his education at Jack and Jill Kindergarten.

"I would rather save time in the kitchen and spend it with my family in other ways," continued Mrs. Hill. "A dishwasher is of tremendous help to a working woman and I take full advantage of mine."
In utilizing her freezer to the fullest, Mrs. Hill stores cookie dough, pie crusts, cakes, lunch meats and even potato chips. By cooking two pounds of beans she can store half for later use.

The Hills purchase half a beef at a time which conveniently provides good meat at a savings. Hill has just returned from a hunting trip to Sierra Blanco with friends, Ladd and Howard Smith. The deer he shot is being processed now Mrs. Hill, who has never prepared venison, will appreciate recipes from more experienced cooks who have mastered methods for the gamey meat. Her husband often supplies quail and Cosden lake bass which she fries. They fish, too, at the company camp at Poussum Kingdom, where they like to go once a year, if possible.

GOOD COOK
"John is a good cook himself," said Mrs. Hill, giving credit to her husband for being a big help at home. "The only recipe I've ever had for biscuits was the one he gave me when we were married." When summer comes the family gathers around the barbecue pit where Hill is a fair hand at dishing up juicy steaks and chicken. Often friends join in for dinner or dips.

Mrs. Hill says that she shops weekly and looks for the advertised specials. She plans her basic menus a week ahead and cooks a number of things on Saturday when she is not in class. By having ham or roast for Sunday dinner, they can go to church and leave it cooking. They are members of First Methodist. She packs school lunches for the boys and sometimes for herself. Bobby and Kelly like for their lunch sacks to contain peanut butter cookies and a container of hot chocolate.

MRS. J. M. HILL, BOBBY AND KELLY

large steak Melt butter in heavy skillet. Sauté onions in butter until soft and golden. Add bread crumbs to onion and butter mixture. Spread over steak. Add pimientos. Place chopped olives along long side of the steak. Begin rolling steak around olives. Tie with string. Then flour steak and brown in margarine or bacon fat.

Place in roaster and bake at 350 degrees for 2 hours or until done. Serves six. Is good hot or cold.

RANCH GOULASH
1 lb. hamburger
1 can chicken gumbo soup
1 medium onion, chopped
2 small cans tomato sauce
1 tsp. mustard
1 soup can water
Brown meat in skillet. Add remaining ingredients. Simmer about 30 minutes or until done. Serve with mashed potatoes or rice.

SKILLET SWISS STEAK
2 lbs. chuck roast, cut one inch thick
2 tbsps. flour
1 tsp. salt
2 tbsps. bacon fat
1 medium onion, chopped, (about 1/2 cup)
1/2 cup chopped celery
1 1/2 cups tomato juice
1/4 cup chopped bell pepper
Brown quickly in bacon fat in heavy skillet. Remove meat and set aside. Sauté onion, celery and pepper until soft in same pan. Stir in tomato juice. Return meat to pan; cover. Simmer 1 1/2 to 2 hours or until tender. Good served with rice.

PEANUT BUTTER COOKIES
1/2 cup soft shortening (half margarine)
1/2 cup crunchy peanut butter
1/2 cup sugar
1/2 cup brown sugar, packed
1 egg
1 1/4 cups sifted flour
1/2 tsp. baking powder
1/2 tsp. soda
1/2 tsp. salt
Mix together thoroughly shortening, peanut butter, sugar, brown sugar and egg. Sift dry ingredients together and stir into shortening mixture. Chill dough. Roll into balls the size of large walnuts. Place 3 inches apart on a foil lined cookie sheet. Flatten with fork dipped in flour. Bake at 375 degrees F. 10 to 12 minutes or until set.

Checkerboard Salad Looks Gay, Is Delicious

We don't suggest that you play checkers on this board, but it does make a gay addition to any meal with its checks of red and white. Delicious too—it is made with a combination of fruits and walnuts mixed with real mayonnaise.

boiling water, then add gelatin, stirring until completely dissolved. Mix in lemon juice and salt. Chill mixture until thick enough to mound slightly when dropped from spoon. Reserve 1 1/2 cups thickened gelatin mixture; pour remaining mixture into chilled 13 x 9 1/2 x 2-inch pan.

Refrigerate. Add mayonnaise to reserved 1 1/2 cups gelatin; beat with rotary beater until light and fluffy. Fold in cranberries, chopped fruit and nuts. Spoon evenly over clear gelatin in pan. Chill until firm. Cut into 12 squares, unmold. Arrange squares, inverting half, checkerboard fashion on salad greens. Chill until ready to serve. Makes 12 servings.

CHECKERBOARD SALAD

Coffee Velvet Pie

Rich Coffee Flavors This Velvety Pie

Coffee-lovers will delight in this creamy-rich Coffee Velvet Pie, exquisitely flavored with instant quality coffee. The accompanying beverage is also instant quality coffee brewed in a carafe to bring out its full deep-bodied flavor.
COFFEE VELVET PIE
3 tbsps. instant quality coffee
2 egg yolks
1 1/2 cups milk
1/4 cup cold water
1 envelope (1 tsp.) unflavored gelatin
1-3 cup sugar
1 tsp. vanilla
2 egg whites
1/4 tsp. salt
1/2 cup sugar
1/2 cup heavy cream
1 baked 9-inch pie shell, cooled
Whipped cream

Combine instant coffee and egg yolks in saucepan. Gradually add milk and water, stirring constantly. Cook over medium heat, stirring constantly, until mixture coats spoon. (Do not boil.) Remove from heat. Pour over gelatin and 1-3 cup sugar and stir until gelatin is dissolved. Add vanilla. Chill until slightly thickened.
Beat egg whites with salt until foamy throughout. Add 1/4 cup sugar, 2 tablespoons at a time, beating after each addition until sugar is blended. Continue beating until mixture will form in peaks. Fold into gelatin mixture. Whip the cream; fold into egg white mixture.
Pour into pie shell. Chill until firm. Garnish with whipped cream. Makes 6 to 8 servings.

Dear Abby

Got Rid Of Wrong Dog?

DEAR ABBY: I recently had to get rid of our dog (she was only a puppy) because my husband abused her so terribly. If anything happened at the shop, or if he became upset around the house, he'd kick that poor little dog within an inch of her life. He says it's better to take it out on a dog than on a person. Is that a good enough excuse? He is 33 years old and in good health, but I can't understand such cruel actions. Do you think something could be the matter with him? Mentally, I mean. **WORRIED WIFE**

DEAR WORRIED: You are worried with good reason. Getting rid of the dog did not solve your problem. The hostility that motivated your husband to abuse the pup is still with him. Your husband may appear to be "in good health," but he could well be mentally or emotionally upset. (P.S. And some will say you threw out the wrong dog!)

DEAR ABBY: I wish my in-laws would stop sending us gifts! They are so one-sided in their giving. I don't mean to sound like an ingrate, but at Christmastime and on birthdays they give us so much that I feel like a piker because we can't give them anything to match it. How can this be handled? "THAT GIRL OUP SON MARRIED"

DEAR "THAT": Your signature revealed more information than your letter. You never have felt "accepted" by your in-laws. And if they gave you less, you'd probably complain more.

DEAR ABBY: I am 15 and I've got a problem. His name is Paul and he doesn't even know I'm alive. Every girl in school has flipped for him, including me. Some of the kids I hang around with have tried to find out if he likes me, but he does not say anything. I am not bad looking. In fact some people think I am cute. I have long blonde hair (natural) and large blue eyes. I've got everything but a good figure. (No curves.) I don't expect you to work miracles, Abby. I just want a little help in getting this guy to notice me. **BOY TROUBLE**

DEAR TROUBLE: Sometimes, the more "help" a girl has trying to get a boy to notice her, the faster he runs away. Don't try too hard, and tell your friends to quit "helping" you, and you might catch him through the novelty of your indifference.

What's on your mind? For a personal reply, send a self-addressed, stamped envelope to Abby, Box 3365, Beverly Hills, Calif.

Hate to write letters? Send one dollar to Abby, Box 3365, Beverly Hills, Calif. for Abby's new booklet, "How to Write Letters for All Occasions."

Webb Honors Announced

Several honor designations were announced this week at Webb AFB.

Capt. William M. Thompson, 3561st Pilot Training Squadron, was selected Instructor Pilot of the month for November. He is a native of Kansas City, Mo., and a graduate of the University of Kansas. He entered the Air Force through the ROTC program, and completed his flying training at Hondo, Laredo, and Perrin AFBs.

Capt. Thompson has served in Morocco and Germany and has been an inspector pilot at Webb since February, 1962. He had accumulated more than 2,000 hours of flying time, including 1,750 hours of jet time.

Airman I.C. Melvin H. Sharp of the Supply Squadron was named Airman of the Month for November. He has been in the Air Force 13 years.

Airman J.C. Earnest J. Lee, Jr., Food Service Section, was named Cook of the Month. He came to Webb in November, 1962, from Lackland AFB. He is a member of the Big Spring Little Theatre.

Airman I.C. Mark H. White, of the 3560th Field Maintenance Squadron, was named Airman of the Month for November. He is an aircraft radio repairman, and is responsible for maintenance of airborne equipment.

Dip In The Raw? Not For Debbie

HOLLYWOOD (AP) — This is the story of how Debbie Reynolds did not do a nude swimming scene.

She was reading the script of her new musical, "The Unsinkable Molly Brown," when she let out a small shriek. She stormed into the office of producer Lawrence Weingarten and tossed the script on his desk.

"You want me to swim in the nude?" she demanded. "Me? Debbie Reynolds?"

The producer tried to explain that it seemed natural that Molly, an uninhibited frontier girl, would take a bath in a mountain lake—in the altogether.

NO SYMBOL

"Are you out of your mind?" she said. "That might be all right for some of the other girls, but I'm no sex symbol. Never was, never will be."

The producer asked her to think about it. She thought about it.

She needed counsel. Who could advise her better than her friend, Carroll Baker, who has been making a kind of career of nude scenes.

"Hey—how did you do those scenes, anyway?" Debbie asked.

"Nude," Carroll replied.

"Now look here, Miss Carpet-bag, you know I couldn't do that."

"Okay, tell you what you do. Get some stripper's tape. Put it on and you get the same effect."

Debbie told the MGM makeup department to hunt up some stripper's tape. The makeup people called all over town. Nobody had ever heard of stripper's tape.

This was reported back to Debbie.

"Then ask a stripper what it is," she suggested.

STRIPPER

So the studio called the local eddyist academy, the Pink Pussycat, and asked to speak to a stripper.

"We'd like to get some stripper's tape for Debbie Reynolds to do a nude swimming scene in a movie," said the studio aide.

"Let her buy her own," was the answer. "She's loaded."

"No, you don't understand. We'd like to know where we could buy some stripper's tape."

The voice instructed where the studio could buy some of the flesh-colored tape that strippers use.

The makeup people brought it to Debbie.

Scout Awards Announced

Boy Scout Troop 3 held a Court of Honor Tuesday night at the Scout hut at Eleventh and Bell. Ten boys received awards.

Robert Smith and Jack Renfro were recipients of the Tenderfoot award while four lads—Elton Alexander, George Hill, Robert Dennis, and John Rutherford—advanced to second class. Stephen Lavender was made a First Class Scout while Kenneth Lavender moved to Life Scout.

Four merit badges were distributed with Steve Lewis getting two of them—Stamp Collecting and Coin Collecting. Kenneth Lavender was given the Personal Fitness badge while Bob Lavender received a Badging badge.

Receiving warrants of recognition were Robert Lavender, junior assistant scoutmaster; Steve M. Lewis, senior patrol leader; Kenneth Lavender, assistant senior patrol leader; George Hill, patrol leader of the Bobcats; Stephen Lavender, assistant patrol leader of the Bobcats; Steve C. Lewis, patrol leader of the Panthers; and Robert Dennis, assistant patrol leader of the Panthers.

Troop 3 is sponsored by the Kiwanis Club.

Another To File In Dawson County

LAMESA (SC) — Ralph H. Ranson, former educator and longtime Dawson County resident, has announced that he will seek the position of Precinct 3 commissioner by filing next month for a spot on the Democratic primary ballot.

He is the first to announce for either of the commissioner posts and the third to formally enter the 1964 political race here. Previously two others announced for sheriff. The incumbent commissioner is Alton Addison.

Ranson first moved to Dawson County in 1922. He was graduated from Texas Tech where he earned bachelor and master's degrees.

Prior to devoting full time to farming interests, Ranson completed 25 years of serving in the teaching profession. Most of that time was spent in administrative capacities.

Food Section Ranks High

Webb AFB Food Service section has been notified that it is one of the four Air Training Command Units that will be considered for the ATC Hennessey Trophy for 1964.

The notification said, "Your base has been selected as one of the four best food service operations in the command."

A worldwide competition will be made in January to select the best food organization in the Air Force.

Personal Income Rises Slightly Over October

WASHINGTON (AP) — Personal income in November was at a seasonally adjusted annual rate of \$472.8 billion, a slight increase over October, the Commerce Department said today.

Most of the payroll increase was due to increased employment by the service industries and by state and local governments.

The total manufacturing payroll showed little change from the previous month.

For the first 11 months, per-

sonal income ran at an annual rate of \$462 billion, a gain of \$10 billion, or 4.7 per cent, over the corresponding 1962 period. Agricultural income decreased, but all other major categories advanced over last year.

Pinatas Given

MEXICO CITY (AP) — More than 4,000 pinatas are being distributed free in poor sections of Mexico City by the government. These clay bowls, gaily decorated as stars, animals, birds or other objects are filled with fruits and candy. They are broken to let children scramble for the contents.

Mansion With No Tree Awaiting Kennedy Clan

PALM BEACH, Fla. (AP)—The \$400,000 oceanfront mansion where Mrs. John F. Kennedy and her children will spend the holidays has eight bedrooms, nine servants rooms, an inside garden, and a 75-foot heated swimming pool. But no Christmas tree.

It's secluded behind a 10-foot-high stone wall and a thicket

of palms. A guard stands at the gate. This Christmas, as on two past, there will be Secret Service men on the grounds.

The Kennedys leased the home in 1961. The late President could not cram his Secret Servicemen, aides and equipment into the nearby home of his father, Joseph P. Kennedy. The Kennedys returned in 1962. The mansion was designed in

Rulings Of High Court

1939 for the late financier Charles Ulrich Bay. The current owner is millionaire Col. C. Michael Paul, longtime friend of the Kennedy family.

Col. Paul referred modestly to his home as "one okay for a generously sized family. Rooms? Oh, I have more than I should have. I've really lost count, but I have lots."

There's lots of room for children's play, 400 feet of private beach, and a spacious lawn. Only no Christmas tree?

"Maybe," said a yard man, "they're waiting for some children."

Webb Recognized For Achievement

Brig. Gen. Howard J. Withcombe, wing commander, announced Wednesday that he had received a letter from Lt. Gen. Robert W. Burns, Commander of Air Training Command, that Webb AFB had been awarded the Air Force Certificate of Achievement. The award was made in recognition of the base's participation record of 29.62 per cent in the Civilian Suggestion Program.

Gen. Burns stated that Webb's support of the promotional program has demonstrated individual encouragement and motivation toward the Command's share of the total Air Force accomplishments.

Dip In The Raw? Not For Debbie

HOLLYWOOD (AP) — This is the story of how Debbie Reynolds did not do a nude swimming scene.

She was reading the script of her new musical, "The Unsinkable Molly Brown," when she let out a small shriek. She stormed into the office of producer Lawrence Weingarten and tossed the script on his desk.

"You want me to swim in the nude?" she demanded. "Me? Debbie Reynolds?"

The producer tried to explain that it seemed natural that Molly, an uninhibited frontier girl, would take a bath in a mountain lake—in the altogether.

NO SYMBOL

"Are you out of your mind?" she said. "That might be all right for some of the other girls, but I'm no sex symbol. Never was, never will be."

The producer asked her to think about it. She thought about it.

She needed counsel. Who could advise her better than her friend, Carroll Baker, who has been making a kind of career of nude scenes.

"Hey—how did you do those scenes, anyway?" Debbie asked. "Nude," Carroll replied.

"Now look here, Miss Carpet-bag, you know I couldn't do that."

"Okay, tell you what you do. Get some stripper's tape. Put it on and you get the same effect."

Debbie told the MGM makeup department to hunt up some stripper's tape. The makeup people called all over town. Nobody had ever heard of stripper's tape.

This was reported back to Debbie.

"Then ask a stripper what it is," she suggested.

STRIPPER

So the studio called the local ecodysia academy, the Pink Pussycat, and asked to speak to a stripper.

"We'd like to get some stripper's tape for Debbie Reynolds to do a nude swimming scene in a movie," said the studio aide.

"Let her buy her own," was the answer. "She's loaded."

"No, you don't understand. We'd like to know where we could buy some stripper's tape."

The voice instructed where the studio could buy some of the flesh-colored tape that strippers use.

The makeup people brought it to Debbie.

Scout Awards Announced

Boy Scout Troop 3 held a Court of Honor Tuesday in the Scout hut at Eleventh and d Bell. Ten boys received awards.

Robert Smith and Jack Renfro were recipients of the Tenderfoot award while four lads—Elton Alexander, George Hill, Robert Dennis, and John Rutherford—advanced to second class. Stephen Lavender was made a First Class Scout while Kenneth Lavender moved to Life Scout.

Four merit badges were distributed with Steve Lewis getting two of them—Stamp Collecting and Coin Collecting. Kenneth Lavender was given the Personal Fitness badge while Bob Lavender received a Bugling badge.

Receiving warrants of recognition were Robert Lavender, junior assistant scoutmaster; Steve M. Lewis, senior patrol leader; Kenneth Lavender, assistant senior patrol leader; George Hill, patrol leader of the Bobcats; Stephen Lavender, assistant patrol leader of the Bobcats; Steve C. Lewis, patrol leader of the Panthers; and Robert Dennis, assistant patrol leader of the Panthers.

Troop 3 is sponsored by the Kiwanis Club.

Another To File In Dawson County

LAMESA (SC) — Ralph H. Ranson, former educator and longtime Dawson County resident, has announced that he will seek the position of Precinct 3 commissioner by filing next month for a spot on the Democratic primary ballot.

He is the first to announce for either of the commissioner posts and the third to formally enter the 1964 political race here. Previously two others announced for sheriff. The incumbent commissioner is Alton Addison.

Ranson first moved to Dawson County in 1922. He was graduated from Texas Tech where he earned bachelor and master's degrees.

Prior to devoting full time to farming interests, Ranson completed 25 years of serving in the teaching profession. Most of that time was spent in administrative capacities.

Food Section Ranks High

Webb AFB Food Service section has been notified that it is one of the four Air Training Command Units that will be considered for the ATC Hennessey Trophy for 1964.

The notification said, "Your base has been selected as one of the four best food service operations in the command."

A worldwide competition will be made in January to select the best food organization in the Air Force.

Personal Income Rises Slightly Over October

WASHINGTON (AP) — Personal income in November was at a seasonally adjusted annual rate of \$472.8 billion, a slight increase over October, the Commerce Department said today.

About one-third of the month's \$1.5-billion increase in the annual rate resulted from increases in total wages and salaries, about one-third from interest and dividends, and about one-third from transfer

payments. The last category includes such items as Social Security benefits and unemployment insurance payments.

Most of the payroll increase was due to increased employment by the service industries and by state and local governments.

The total manufacturing payroll showed little change from the previous month.

For the first 11 months, per-

sonal income ran at an annual rate of \$462 billion, a gain of \$21 billion, or 4.7 per cent, over the corresponding 1962 period. Agricultural income decreased, but all other major categories advanced over last year.

Pinatas Given

MEXICO CITY (AP) — More than 6,000 pinatas are being distributed free in poor sections of Mexico City by the government. These clay bowls, gaily decorated as stars, animals, birds or other objects are filled with fruits and candy. They are broken to let children scramble for the contents.

Webb Recognized For Achievement

Brig. Gen. Howard J. Wilthcombe, wing commander, announced Wednesday that he had received a letter from Lt. Gen. Robert W. Burns, Commander of Air Training Command, that Webb AFB had been awarded the Air Force Certificate of Achievement. The award was made in recognition of the base's participation record of 29.62 per cent in the Civilian Suggestion Program.
Gen. Burns stated that Webb's support of the promotional program has demonstrated individual encouragement and motivation toward the Command's accomplishments.

By GEORGE W. CORNELL
Associated Press Religion Writer

Of the women, little was known. And he wondered. In the depths of women, behind the watchfulness of their eyes and the stillness of their lips, lay untold secrets. Luke would seek to learn them.

Therefore, none of the disciples had sought to do so. It was a notable omission.

To Luke, a cultured, urbane Greek physician, there could not be sufficient understanding of Jesus without inquiring into what the women knew of it. In every design, women fill a part.

Luke purposed to discover it. He strode along the road. From time to time, trains of traders passed, woolbuyers returning to Tyre or Sidon with packed mules; camels laden with wine casks from Cyprus.

THREE DAYS

By foot it was about a three-day journey from Caesarea to Jerusalem, but it had taken him five. Several times he had stopped to treat the afflicted.

Beside the vials and instruments he carried with him, a quiver of quills hung at his side, and a pouch of folded papyrus. He already had been in Galilee gathering facts for his book, and he now proceeded into Judea.

As he later stated in his introduction, he set down information "delivered to us by those who from the beginning were

eyewitnesses." It included material about Christ's coming unrevealed in any other document.

Of particular note was what he ascertained from women, to whom most scholars in those days paid scant heed.

IN JAIL

Luke, a Gentile heathen converted to Christianity, had become an associate of the missionary Paul, who had been arrested for sedition in 58 A. D., and was in Roman custody in Caesarea. He was kept in jail there for two years.

During that period, it is feasible that Luke made his investigations. Most of those who had known Jesus, in the flesh, still lived.

Luke had taken the coastal road, avoiding the interior which was torn with raids, pillage, executions and Roman patrols. Arrests and massacres multiplied, and insurrection smoldered.

At Joppa, he had turned eastward through the hill country to the Holy City, teeming now with soldiers, spies and gladiators brought there by the procurator, Festus, and also with hidden hostilities and cabals, including the dread daggers, the Sicarii.

FOR MARY

Luke learned that the Apostle John had sold his property in Galilee and purchased a house on Mount Olivet for Mary, the

mother of Jesus.

There, Luke must have found her and talked with her, for the account he gives could have come from no other source.

Mary was a humble woman, of calm and grace, in her final years. She welcomed him warmly. "Blessed be your coming." They sat in the garden, as tradition has it, and Luke, a painter by avocation, did her portrait, while marking her reminiscences.

It was a deeply personal account, how the angel had come to her, frightening her. "Hail, O favored one, the Lord is with you." She had been just a girl then, a promised bride, deeply devout, and afraid. "The power of the Most High will overshadow you; therefore the child to be born will be... the son of God."

DISTRAUGHT

This, and much else, Luke learned... of Mary's distraught visit to her aunt, Elizabeth, who offered reassurance. "Blessed are you among women, and blessed is the fruit of your womb."

Luke, in compiling his account, obtained exclusive disclosures not only about Mary and Elizabeth, but also about other women to whom Christ's coming brought testing and opportunities.

Among these were the Bethany sisters of Lazarus, Martha

and the other Mary; the widow of Nain; the penitent harlot, Mary Magdalene; Susanna, Joanna the wife of Chuzas and other ministering women of Galilee, the prophetess, Anna.

It was the aged Anna, Luke learned, who stirred such agitation at the temple when the child, Jesus, was brought there by Jewish custom, for his dedication.

It may be that Luke gave such attentive ear to women, partly because his friend and teacher, Paul, customarily advised them to keep silent. Doing otherwise, Luke elicited their help and brought unknown details to light.

BOYHOOD

He also uncovered the boyhood episode, when Jesus disappeared from a family caravan returning to Nazareth, and after a frantic search by his parents, was found at the temple talking with learned rabbis.

Through his inquiries in Jerusalem and Bethlehem, coupled with what he had heard in Galilee, Luke also determined the historical circumstances that had caused Joseph to take his bride away from home in her pregnancy.

"In those days," Luke learned "a decree went out from Caesar Augustus that all the world should be enrolled. This was the first enrollment when Quirinius

was governor of Syria. And all went to be enrolled, each to his own city.

"And Joseph also went up from Galilee, from the city of Nazareth, to Judea, the city of David, which is called Bethlehem, because he was of the house and lineage of David, to be enrolled with Mary, his betrothed, who was with child.

IN MANGER

"And while they were there, the time came for her to be delivered. And she gave birth to her first-born son and wrapped him in swaddling cloths, and laid him in a manger, because there was no place for them in the inn."

Luke stood inside the limestone grotto, which inhabitants thereabouts had pointed out to him as the place. There, still, he could see the hollowed-out rock food trough for oxen where the child had lain.

There, the gentle woman had washed him with salt water, warmed by Joseph over an open fire. There she had wrapped him around and around with long strips of muslin to hold his body firm and stimulate breathing through his nostrils.

Things had been difficult then, as they still were for believers. Luke worked with caution in his interviews at the crowded Bethlehem inn and elsewhere, lest undue suspicion be aroused

against him.

FOR HELP

Along an outlying road Luke encountered a young lad crying and imploring passersby for help. Luke was led by the youth to a shepherd's camp where an old man lay with a broken leg.

He had been hurt in a fall. Luke set the leg and was prevailed on to take supper with the shepherds. There, around the campfire, he gained other special remembrances for his book.

Luke did not finish his writing until later, probably in Rome following the execution of Paul, after 65 or 70 A. D. Luke himself, tradition says, lived on until he was 74, and died a bachelor in Thebes.

But this cultivated doctor, with his consideration for women and his artistic touch, left the sole record of some of the most memorable cameos of Jesus.

Only Luke records the parables of the good Samaritan, the prodigal son; the lost sheep. He saw the human side of Jesus, his responsiveness not only to men but to women, customarily relegated to a secondary place in those times.

PORTRAYAL

Indications are that Luke incorporated some items from Mark's book, and from the logia known as "Q", presumably by Matthew. But his most famous

contributions are his own, chiefly his intimate portrayal of the first Christmas.

One of the most stirring scenes was gleaned from those shepherds he had befriended. They told him how they had trembled as the sky brightened at midnight and rang with a glad proclamation:

"Be not afraid: for behold, I bring you good news of great joy which will come to all the people; for to you is born this day in the city of David, a Savior, who is Christ, the Lord."

Suddenly as that night Luke writes, the whole shimmering heavens had pulsed with celestial melody, with vast, angelic chorus: "Glory to God in the highest, and on earth peace among men with whom He is pleased."

Assassination To Hasten Building JFK's Library

CAMBRIDGE, Mass. (AP)—The assassination of President John F. Kennedy will hasten construction of the only memorial he is known to have planned for himself, a monument labeled his dearest wish.

The project is a library to house his papers and effects on the Harvard University campus where Kennedy was a student in the late 1930s. He selected the site for the library several months ago.

Kennedy could not foresee the irony in the site selection. A building a few hundred yards away bears the title "New England Book Depository Library." A harsh reminder of the Texas School Book Depository in Dallas where the assassin fired the fatal shots.

CONTRIBUTE

The late president's brothers and Harvard President Nathan M. Pusey outlined details last week for construction of the \$6 million library. They invited people everywhere to contribute towards its construction "as a tangible expression of love and respect."

Harvard donated more than two acres of land for the building on the site Kennedy inspected Oct. 22. He was assassinated Nov. 22.

Pusey said Harvard would not build on land close to the library.

"Nothing will detract from it," he said. "We want it to be a fitting memorial to a great president."

RAISING FUNDS

Atty. Gen. Robert F. Kennedy heads the corporation raising funds for the library and Sen. Edward M. Kennedy, D-Mass.,

is the group's vice president. They are brothers of the late president.

The attorney general said his brother "has been deprived of the personal enjoyment of such a library, but its speedy construction would be his dearest wish."

"The thousands of his fellow citizens who have been eagerly seeking a way of honoring his memory may find this memorial library a most appropriate way of carrying out their wishes."

OTHER SCHOOLS

The proximity of other schools, such as Massachusetts Institute of Technology and Boston University, was among the reasons Kennedy approved the site.

He wanted the library to be accessible to all the schools, but not too far removed from the Harvard library, which boasts the largest college book collection in the world.

Burglars Take Anything At All

NEW YORK (AP) — After four unsolved burglaries in 16 months, residents of an apartment building posted this sign in the entrance hall:

"Notice to thieves: others have preceded you. All cameras, hi-fi systems, transistor radios, diamond rings, pearls, necklaces, as well as worthless and worthwhile jewelry, have been filched from these premises. There's nothing left to take."

The sign has been stolen.

The area selected is a tract with enough room for a building of almost any size and shape. It is located on the Boston side of the Charles River, which splits the university's athletic facilities and the Graduate School of Business Administration from the Cambridge campus.

RIVER VIEW

The site commands a sweeping view of the river where scores of Harvard crews have rowed to fame. It faces rows of old buildings that house the men of Harvard. They include Winthrop House, where Kennedy lived as an undergraduate.

The design of the structure remains a mystery. But California architect John Carl Warnecke, chosen to design the Kennedy tomb in Arlington National Cemetery, accompanied Kennedy on his last trip to Boston in October. The president attended the Harvard-Columbia football game that day and stopped at the site to give Warnecke a look.

HISTORICAL

For visitors, Kennedy's memorial will present much in the way of historical interest. From the library they will be able to see Harvard Stadium and the playing fields the fitness-minded Kennedy held so dear.

They'll be able to visit Winthrop House and the classrooms where the student Kennedy worked hard to earn a degree with honors.

It was in these classrooms that he studied law. While at Harvard he wrote the senior thesis that led to his first published work of note, "While England Slept."
