

More Rangers Sent To Oil Fields

Fire Destroys KCRS Studios

Radio Station KCRS studios in the Scharbauer Hotel burned Saturday afternoon in a raging blaze which for an hour defied the Midland Fire Department and kept hundreds of spectators watching tensely.

Officials of the station said its interior and equipment were a "complete loss." While accurate appraisals of the destruction would require several days, they estimated the damage at approximately \$35,000.

The fire originated in a trash chute serving the hotel and opening at ground level next to the station's offices. Firemen believed it may have been started by a cigarette tossed into the chute from one of the upper floors of the hotel. KCRS employees thought the fire in the chute started at about 3:30 p. m. The station went off the air at 3:45 when someone jerked a master electrical switch, but it resumed broadcasting about two hours later from the main transmitter station west of the city.

Clouds of acrid smoke, much of which came from burning plastic materials in the studios, filled the hotel lobby, adjoining offices and some upper floor rooms and corridors where it was conducted by the building's ventilation system. No excitement in hotel.

However few guests were in their rooms, hotel employees reported, and there was no excitement in the hotel building. Elevators continued to operate.

Dunn Reiger, secretary-treasurer of the Scharbauer interests, said only minor smoke damage occurred in offices adjoining the KCRS studios and in upper levels of the hotel.

In estimating the loss in the studios, J. M. McDonald, KCRS manager, listed three transcription libraries, valued at \$2,500 each, as among most costly equipment destroyed. Other broadcasting apparatus, a \$1,500 console, desks and typewriters, and letter and record files were included in an early list of the fire's destruction.

Midland Voters To Decide Big Bond Proposal

Qualified voters of the City of Midland next Saturday will determine, in a special election, whether \$1,385,000 worth of bonds will be issued to finance civic improvements.

Ballots will be cast in the City-County Auditorium on West Missouri Street between 8 a. m. and 7 p. m. Citizens, in order to vote, must be qualified voters who have rendered property for taxation, and who reside within the city limits. Voters should bring poll tax receipts or exemption certificates to the polls.

Six Proposals

Six separate items are included in the election, and voters will ballot on each individual proposal. The items and amounts: (1) water system improvements—\$750,000; (2) sewer system extensions and additions to disposal plant—\$200,000; (3) drainage program in East Midland—\$30,000; (4) enlargement of city hall and fire station and police station and jail—\$80,000; (5) development of park and playground facilities, including new playgrounds, improvements to Pagoda Swimming Pool, and installation of municipal golf course—\$125,000; (6) streets, street markers and paving—\$200,000.

The election was called by the City Council at a meeting September 10 after several months of study.

The bonds, if voted, will be sold at an interest rate not to exceed three per cent, with date of maturity not to exceed 30 years.

Veteran Ranchman Succumbs At Marfa

MARFA—Charles E. Pruett, 64, member of a family which came to the Southwest from Arkansas in the late seventies, died of a heart ailment Friday.

He was a ranchman in the Tri-County Highland section of Texas for many years. Funeral services will be held here Sunday afternoon.

He is survived by his widow, the former Miss Annie Smith of Big Spring, and six brothers and sisters: J. R. Pruett, Maria, J. A. Pruett, Hot Springs, N. M., Mrs. A. G. Prudel and Mrs. J. W. Ensey, of Fort Davis; Mrs. Ben Smith, Amrillo; and Mrs. Steve Ward, Pecos.

WEATHER

Generally fair Sunday and Monday. No important temperature change.

May Be Under Spell

(NEA Telephone)
Joe Bartlett, 15, missing for 10 days from his Hutchinson, Kan., home is feared to be under the spell of a carnival hypnotist, according to his mother, Mrs. Joe Bartlett. The boy's bicycle was found on the Hutchinson fair grounds after the State Fair had closed. Since then the mother has had reports that he was seen at Pratt and Great Bend in a hypnotist's act.

German Saar May Become French Area

LONDON—(AP)—French representatives tentatively have told the United States and Britain France will merge her zone of Germany with their combined zones after the November meeting of the Council of Foreign Ministers, authoritative diplomatic sources said Saturday.

These sources, representing two of the governments concerned, predicted that one of the first major sequels to this move would be that the United States and Britain would back a French request, said to be imminent for the political and economic incorporation of the German Saar into France.

Asked to comment, a French spokesman said in London the question of the economic integration of the Saar into France was "likely" to come up before the four-power Council of Foreign Ministers.

A British Foreign Office spokesman said Britain expected the issue would be raised most certainly during these sessions to be held in London.

Britain, he added, would support "the political and economic integration of the Saar with France" on two conditions:

First, reparations due to France from Germany be adjusted in accordance with the value of the area she would take over.

Second, the final frontiers of the Saar, after it has been absorbed into France, be subject to agreed adjustments.

The Foreign Office spokesman (Continued on page 5)

Food Prices Lower

By The Associated Press

Price tags on major food items were lower at many groceries and meat markets across the country Saturday after the public got a quick taste of the record high cost of eating and found it too bitter.

A spot check of representative foods from coast to coast disclosed fresh meats, butter or eggs, or all three items, were down from the record retail peaks in most sections.

In most places the retail prices were only a few cents lower than two weeks ago, but in some cities the slashes were sharper.

In Seattle, for example, pork at 75 cents a pound represented a drop of 18 cents; in Denver butter fell 13 cents to 79 cents a pound; in Washington, sirloin steaks dropped from 93 to 79 cents a pound.

Resistance is fiercer. Retailers, market analysts and business research organizations agreed that consumer resistance was a major factor in the declines. Refusal of many housewives to buy the highest priced food items at their stores caused a drop in the wholesale price level, which is now reaching the retailer.

Dun and Bradstreet reported that discrimination against high-priced meats, butter and eggs continued at the retail level and that sporadic resistance was "generally strong enough to halt the spiral" in some food lines.

Meanwhile some basic foods, including milk, continued to rise, and the general price outlook was obscure. Although prices in most wholesale food markets and on major grain exchanges started a steady decline a week and a half ago, prices leveled off and in some cases staged comebacks late last week.

Also, the ponderous wholesale price index of the Bureau of Labor statistics hit a new postwar peak during the week ended September 20. However, the index did not take into account some price declines late in that week.

A comparison of prices Friday with the peak reached earlier this month in the Chicago exchanges and wholesale markets showed:

Wheat futures down 14 3/4 to 22 3/4 cents a bushel; corn down 24 3/4 to 28 1/2 cents; oats down 14 1/4 to 16 1/8 cents.

Wholesale beef prices down \$1.00 to \$3.00 a hundred pounds.

At 75 1/2 cents a pound, grade AA butter was nine cents lower wholesale than the peak on September 10. Large extra wholesale eggs were 7 to 8 1/2 cents a dozen lower at 56 to 57 1/2 cents and medium extras four cents lower at 50 to 51 cents.

In the meat picture, however, the drop in livestock prices did not keep pace with the wholesale price decline. On Friday, the top steer price was \$35.35 compared with \$35.75, the 1947 peak reached on September 16. Choice hogs brought \$28.25 compared with an all-time high of \$30.50 on September 11, while choice Spring lamb was \$22.50, compared with a September high of \$26.00.

Millions of gallons of water rush through a break in the dam at Lake Brandt, the source of water for Greensboro, N. C. The dam broke from terrific pressure built up behind it by heavy rains of the last two weeks. Note the road which has been cut out by the swift-flowing water.

Building Permits Top \$3,000,000

By TANNER LAINE

A growing, growing, growing Midland realized it was a city Sunday and almost bursting at the seams. The once little cotown, a water stop on the T&P halfway between Fort Worth and El Paso is spreading out like a prairie fire.

It has surpassed even the fondest dreams of its pioneers and its founders, by far. First there was cattle; then there was oil. Now Midland is enjoying a post-war growth with the deepest of roots—tall office buildings, solid business buildings, and homes by the hundreds, substantial homes of you and you, here to stay and live in Midland.

One Killed As 470 Jewish Refugees Are Loaded On Transport

JERUSALEM—(AP)—Some 470 Jews were transferred to transports for deportation to Cyprus Saturday night after their immigration ship "Despote" had been boarded at sea by British sailors in a fight in which one refugee was slain by gunfire and nine others injured.

The transfer to the transports, carried out under the glare of searchlights at Haifa's docks, was made quietly, although one man tried to leap overboard into the water and was stopped by a marine. Several of those who had been frustrated in their hopes of reaching Palestine as immigrants had bandaged heads or limps.

A government announcement said two Jews suffered gunshot wounds and one British sailor a broken finger in a 20-minute battle. A government spokesman said a British sailor who had been "surrounded by a party of Jews brandishing crowbars" fired the fatal shot.

It was the first refugee ship to try to crack the British coastal blockade since the interception in July of the 4,500 Jews aboard the Exodus 1947.

SUSPECTS RELEASED

BALLINGER—(AP)—Suspects arrested at Mason with a quantity of jewelry and cash were released here Saturday after officers determined they had no connection with a \$17,000 robbery here Saturday a week ago.

Hannegan Quits As Democratic Leader

WASHINGTON—(AP)—Robert E. Hannegan announced his resignation as Democratic national chairman Saturday and Senator J. Howard McGrath of Rhode Island, picked to succeed him, said he would proceed on the theory that his task will be to re-elect President Truman.

Hannegan, who will stay on as postmaster general, said he was giving up the chairmanship because doctors advised him to slow down and President Truman "indicated his approval" of McGrath on Hannegan's suggestion.

McGrath, 43-year-old lawyer, three-times governor, and former solicitor general of the U.S., was elected to the Senate last November. He told a news conference he will accept the party post without salary but stay in the Senate.

Hannegan's long-expected resignation announcement was contained in a call for a meeting of the national committee here October 29, when his resignation becomes effective. The meeting is expected to elect McGrath formally then and pick a site and date for the party's 1948 Presidential nominating convention.

Hannegan, 44-year-old St. Louis lawyer and former internal revenue commissioner, became chairman in January, 1944. He directed the late President Roosevelt's fourth-term campaign.

A President, being the titular leader of his party, is traditionally accorded the right to pick his own chairman and the committee makes it official.

Gael Sullivan, executive director and vice chairman of the committee since last February 12, when he took over full direction while Hannegan was recuperating from an operation for high blood pressure, will resign with Hannegan.

McGrath told reporters he considers the new job a "tremendous one with a lot of hard work which I will be happy to do to the best of my ability."

Sabotage Reported In Areas

AUSTIN—(AP)—Six more Texas Rangers Saturday were sent to South Texas at the instruction of Gov. Beauford H. Jester to halt reported sabotage and property destruction in five oil areas.

This brought to 10 the number of rangers now operating in Nueces, San Patricio, Jim Wells, Brooks and Duval Counties, where Jester said sabotage had been reported.

Two rangers were first sent when he received reports of a strike and mass picketing, the governor said.

"Subsequently there have been acts of sabotage on some leases where they were not patrolling," he reported.

"I have instructed Joe Fletcher, acting director of the Department of Public Safety, to get enough rangers down there to stop sabotage and destruction of property on wells and well equipment."

Rigs Are Picketed

Suit was filed September 25 at Corpus Christi in which Local 227 of the Oil Workers International Union (CIO) sought an order restraining Ranger Capt. Alfred Allee and his men from "cursing, defaming, arresting, beating, molesting, harassing, threatening with force or violence, or interfering" with members picketing drilling rigs in the Corpus Christi area.

A hearing is scheduled next Thursday in 117th District Court, Judge Cullen W. Briggs presiding. Jester said the suit will have no effect on his order to the Department of Public Safety.

The governor reported on instances in which the gas supply to drilling wells had been cut off by cutting a valve. This, he said, created danger of a blowout while repairs were being made.

He said he had received reports of three specific acts of damage totaling \$150,000. Oil companies have offered \$2,000 and the Union has offered \$1,000 as rewards for the capture of persons who caused the damage, he added.

Reds Flay U. S. Grecian Policy

LAKE SUCCESS—(AP)—Russia Saturday accused the United States of attempting to justify armed American intervention in Greece and declared the United States was using the Greek question to undermine the United Nations.

Soviet Delegate Andriy A. Gromyko told the United Nations Assembly's 55-nation Political Committee in a bitter 66-minute attack on American "interference" that the U.S. action "might cause the collapse of the U.N."

"The United States is ready to act in circumvention of the United Nations if their Greek proposal isn't accepted," Gromyko told the delegates. He then added carefully that the United States was attempting to "justify armed U. S. intervention in Greece," and was following a "dangerous path."

Reject U.S. Proposal

Gromyko rejected the proposal presented earlier by the United States in a formal resolution and re-offered a counter proposal absolving Soviet satellites of all blame for Balkan disorders.

The Russian resolution, a copy of one overwhelmingly rejected by the Security Council, blamed Greece for border unrest, demanded withdrawal of foreign troops and forced foreign military personnel from Greece, and asked the Assembly to create a commission to supervise economic aid to Greece, an apparent reference to the Truman Aid Program.

The American proposal accuses Albania, Bulgaria and Yugoslavia of supporting guerrilla warfare against the Greek government and calls for establishment of a special committee to investigate disturbances.

"Blame Interference" It was the second attack on U.S. policy within the day by the Soviet bloc. Poland asked the United Nations to condemn the Marshall Plan for European economic recovery and called on all members to refuse to participate in any economic program set up outside the U.N.

Gromyko again declared that "foreign interference" was the cause of the current Greek situation. He said Greek political leaders now in power have "more far-flung plans" and are awaiting "a conflict between Russia and the United States."

SAN ANTONIO CHOSEN

FORT WORTH—(AP)—The Southwest Credit Conference concluded a two-day meeting Saturday. San Antonio was selected as the site of the 1948 conference.

Fires Sweep Forests In East Texas

CONROE—(AP)—The Texas Forest Service mapped a grim, back-to-the-wall fight Saturday night against the worst woods fires in their memory, spread out over five Southeast Texas counties.

J. O. Burnside, the service's fire chief, said the situation was "getting worse."

An accurate count of the blazes, most of which Burnside has blamed on arsonists, could not be made because of smoke and haze, but he estimated there were 75 major fires in Montgomery, San Jacinto, Walker, Liberty and Harris Counties. Sixty-four fires covering 17,800 acres have burned out or been put out.

The service organized an all-out drive against the spreading flames as for a military operation. Field headquarters were set up at the Conroe Municipal Airport. The fires are being pinpointed on an area map and telephone and radio equipment has been installed to maintain contact with fire-fighting units.

More Men Are Needed

Burnside estimated between 150 and 200 volunteer workers are assisting forest service men, and said an additional 500 men were needed. He hoped these would be supplied by the Army or the Texas National Guard.

The entire fire area was overhung with a murky haze of smoke. A forest service pilot scouting the district reported one smoke column over San Jacinto County reached a height of 6,300 feet.

Col. Bill Nottingham, commander of the Texas National Guard unit at Houston, surveyed the situation and said Army-type planes would be sent in Sunday for general reconnaissance work.

Several Texas Rangers were in the section investigating the cause of the fires.

Gov. Beauford H. Jester said in Austin Saturday he might fly to East Texas to make a personal inspection "if anything can be gained by it."

Army Offers Aid

Gen. Thomas T. Handy, new commander of the Fourth Army, called on Gov. Jester Saturday and offered the Army's full assistance. Jester said additional fire fighting crews were being recruited through state agencies to assist the Forest Service.

Timberland owners began to offer rewards for arrest and conviction of arsonists. The total reached \$1,000. No estimate has been made as to the material damage in dollars.

Wink School District Wins Tax Control Suit

FORT STOCKTON—A jury in the 83rd District Court here Friday returned a verdict in favor of the Wink Independent School District in a suit brought by the Wink district to regain tax control of some 100 sections of Winkler County lands assigned to Kermit schools in April, 1946.

ACCEPTS 25-YEAR SENTENCE

BALLINGER—(AP)—J. T. Thomas, Sr., 40, Runnels County farmer who was found guilty on charges of murdering his son, J. T., Jr., withdrew his motion for a new trial Saturday and accepted a 25-year sentence assessed him by a 119th District Court here September 12.

Negro Apartment Fire Said Work Of Arsonist

Firemen who battled the blaze in Station KCRS studios Saturday afternoon hardly had time to change to clean, dry uniforms when they were called to an apartment house conflagration in the negro section Saturday night.

And as the firemen brought the last blaze under control, police were searching for a negro reported by several witnesses to have started the fire with gasoline. Witnesses said the man set the building afire because he had been flitted by one of the women tenants.

Commission To Study Mexican Labor Problem

AUSTIN—(AP)—The Good Neighbor Commission was handed the job of studying charges of discrimination against Mexican citizens doing contract labor in Texas.

Gov. Beauford H. Jester tossed the matter into the commission's lap after Interior Secretary Hec Perez Martinez of Mexico ordered the movement of contract laborers to Texas halted.

Jester said the Mexican Government's charges of discrimination against braceros (contract farm workers) in the rate of pay as compared to that of Anglo-American workers might be true "in isolated places."

He did not think the condition was general.

The governor said he has urged an early October meeting of the Good Neighbor Commission to consider all angles of the Latin-American discrimination problem.

Martinez said minimum pay rates in Texas were 25 to 30 cents an hour. Mexican worker had been contracted in California for 65 cents an hour and contracts are being drawn up for work in Arizona, Colorado, Arkansas and New Mexico at \$2.50 to \$3 per 100, he added.

Drains Low Wage Scale

At Houston, Chairman R. E. Smith of the Good Neighbor Commission said many Mexican farm laborers receive more than 35 cents an hour, and cotton pickers are paid \$2.50, \$2 and \$3.50 according to the condition of the cotton.

Caesar Hohi, said migratory workers receive much nearer \$3 a hundred than the \$2 figure quoted by Martinez.

Jester told reporters he had a letter dated September 2 from Martinez detailing the entire labor situation and listing 72 Texas regions where discrimination has been reported. He said he was referring this letter to the commission.

Dallas Flight Schedule Adjusted By Pioneer

Effective October 1, Pioneer Air Lines flight 52 will depart for Dallas from Midland 45 minutes earlier than at present, company personnel announced. The new departure time will be 3 p.m. instead of the previous 3:45 p.m.

The schedule adjustment is being made in order to allow earlier arrivals in destination cities, and to make for smoother connecting service with other airlines, they said.

Spencer Supports Individually Designed

Presents Air Service Cards

Congressman Ken Regan and the mayors of Midland and Odessa were presented complimentary Pioneer Air Service Cards in Regan's office here Thursday. C. R. Vandervoort, district traffic manager in this area for Pioneer Air Lines, explained the occasion marked the beginning of a new credit service which will enable qualified patrons to fly via Pioneer on a convenient deferred-payment basis. Pictured, left to right, Mayor E. G. Rooman of Odessa, Regan, Vandervoort, and Mayor R. H. (Rusty) Gifford of Midland.

Blame Attributed To 'Unidentified Growers' For Alien Labor Halt

DALLAS—(AP)—Austin Anson, executive manager of the Texas Citrus and Vegetable Growers and Shippers Association, Saturday blamed the end of the alien labor contract plan on one group of unidentified growers, and predicted that a new plan will be worked out within the next few days.

He warned growers not to "become hysterical" and predicted that a new plan now studied may be "a better solution than we had in the beginning."

He would not comment on what steps were being taken to correct the situation.

Anson was referring to a Mexican order halting contracts of Mexican workers in Texas and other areas.

Mabel Ringling To Wed Elephant Trainer

FORT WORTH—(AP)—Miss Mabel Ringling, 23, granddaughter of a founder of the Ringling Brothers Circus and a performer in the big combined show, confirmed Saturday that she and Richard Durant, an elephant trainer, obtained a marriage license in Shreveport, La., Monday.

At the Ringling Brothers and Barnum and Bailey Circus lot here, both Miss Ringling and Durant emphatically denied a report they were already married and said they were "not sure when it will take place."

With a Louisiana license, it was assumed they would not be married until the next stand in that state, which will be in Lake Charles on October 6.

Last Rites Saturday For Mrs. Countiss, Sr.

Funeral services for Mrs. Floyd Countiss, Sr., 69, who died Thursday night at her home here, were held at 3 p.m. Saturday in the Ellis Funeral Chapel, with the Rev. R. H. Hollowell, pastor of the First Methodist Church, officiating.

Mrs. Countiss had lived in Midland since 1909. She was born March 31, 1878, in Elliott County, Kentucky. Mr. Countiss died here Jan. 8, 1946.

Survivors include two sons, Bill and Floyd Countiss of Midland; four grandchildren, Mrs. Carter Flowers, Jr., of Lamesa, and Richard, Sue and William Countiss of Midland; two sisters, Mrs. Claudia Williams of Snyder and Mrs. Clyde Crews of Dallas; and two brothers, John D. Curnutte and James V. Curnutte of San Antonio.

WAA Building Sale At Big Spring Tuesday

BIG SPRING—When the sale of camp buildings at the Big Spring Army Air Field opens at 9 a. m. Tuesday, West Texans will have opportunity to provide 325 low cost homes to offset housing shortages.

That is the number of family-sized dwellings which War Assets Administration officials in charge of the sale estimate could be readily converted from the 167 barracks, mess halls, storage, administration and other GI buildings to go under the hammer at the Big Spring installation.

COLLISION REPORTED

Police reported a collision Friday on West Texas Street between machines of Mrs. Irene Keener and Mrs. E. W. Steiner. No injuries were reported.

War Inevitable In Korea Should U.S.-Reds Leave

By JAMES D. WHITE
AP Foreign Affairs Analyst

Russia, in proposing withdrawal of Soviet and American troops from Korea, acts upon an assumption that the United States will not agree.

The assumption is well founded under present circumstances, which Russia helped to create by prolonging the deadlock with America over the question of leading Korea into self-government.

These circumstances add up, from the American standpoint, to the virtual certainty that Korea would be plunged into civil war if military occupation forces were withdrawn before establishment of a stable government. Southern Korean leaders agree.

Russia might contest this opinion, but scarcely could deny the probability that if civil war did come, the Northern Communists and their real and prospective supporters in the South could quickly acquire control of the entire country.

Communism Popular

This is true, an American expert on Korea informs me, because if a decision were forced the Communists would fall heir to a majority of popular support in Southern Korea.

Add to this the unobtainable military superiority of the Northern Koreans and you come up with a politico-military pushover. It explains Moscow's sudden broad-mindedness and virtually insures American disagreement unless this country wants to hand over Korea on a silver platter.

Northern Korea has a force of possibly 200,000 armed men, whereas in the American-occupied Zone there are about 50,000, composed of police, constabulary and coast guard, none too well organized or armed.

Koreans Discontented

In addition, there are about 50,000 Koreans who belong to the right-wing "Korean Youth Movement" and similar organizations. But these are poorly trained and cannot be well armed, even secretly.

The expert's opinion that the Communists would find a majority of popular support in the American Zone is based on Korean discontent.

This stems from the hated trusteeship program and from the measures the South Korean police and interim government have taken to suppress anything that looked like left-wing activity.

Hospital Shareholders Slate Monday Meeting

A meeting of shareholders of the Midland Memorial Foundation will be held at 8 p. m. Monday in the private dining room of the Schreiber Hotel, Frank Stubbeman, chairman, said Saturday.

Stubbeman termed the meeting important and said matters concerning the staging of the forthcoming hospital campaign will be considered. He urged all shareholders to attend.

Preacher Scientist

Dr. Irwin A. Moon of the Moody Bible Institute, shown in one of his "Sermons From Science" demonstrations, is the producer of the sound-color film, "God of the Atom," to be shown at 8 p. m. Sunday in the First Baptist Church here. The film, said to be one of the most interesting and informative ever produced, deals with the Christian approach to the atomic bomb. The motion picture also will be shown at 7:30 p. m. Monday in the Baptist Church at Midland Air Terminal.

MIDLAND STUDENT IS ON SCHOOL HONOR ROLL

ABILENE—Irene Stultz of Midland, who is attending Draughon's Business College here, is among the high ranking students whose names appear on the school's honor roll this month.

Some zoos buy their snakes at so much a foot.

Operators Blamed By Coast Guard For Texas City Disaster

WASHINGTON—(AP)—The Coast Guard Saturday recommended that operators of the French vessel Grandcamp, which caught fire and blew up at Texas City last April in a death-dealing disaster, be cited to the U. S. attorney general for alleged violation of regulations covering shipment of explosives or "other dangerous articles."

The Coast Guard previously had identified the French Government as owner of the ship and the French Lines as operators.

The fire was attributed by the Coast Guard to probable unauthorized smoking in the hold of the vessel while it was being loaded with bags of ammonium nitrate fertilizer.

In the series of explosions which followed the fire, nearly 500 lives were lost and heavy damage was inflicted in Texas City.

Education Top Item On Youth Hit Parade

DALLAS—(AP)—Education is number one on the younger generation's hit parade, soaring enrollments at Texas colleges indicate.

Every college except one in the Southwest Conference reported all-time records for 1947. The lone exception was Texas A&M. The sharp decrease in freshman enrollment kept A&M from a record.

Sharpest increase in actual numbers was reported by Baylor University at Waco. Baylor's increase over last year was 694 students, for a record 4,405 this year to date.

Still by far the largest is the University of Texas, with a record of 17,390 students. It is more than twice as large as second largest

Nothing to It

There's nothing to being 100 years old, thinks Ferdinand Jeschke, of Melrose Park, Ill. Above he celebrates his centennial birthday by sawing fire wood, bracing the log with his wooden leg.

A&M with 8,343 students to date. Veterans are playing a prominent part, as they did last year. There was an increase in GIs at Baylor, Texas and TCU, a drop at A&M and Rice, and virtually unchanged total at Southern Methodist University at Dallas.

Lions Club Circus Will Present Final Performances Sunday

The Polack Brothers-Midland Lions Club Circus presented two of four performances in the Midland Softball Park Saturday afternoon and night—giving youngsters and grown-ups many thrills seldom witnessed in West Texas. Large crowds were on hand to see the featured entertainers and wild animals go through their acts.

Captain Roman Proske gave extraordinary performances with his Royal Bengal Tigers, even though one of the big cats offered resistance when he proceeded to take raw meat from it.

The spectators thrilled to pretty Jo-Madison's performance with "Slivers" and the Metro-Goldwyn-Mayer elephants. "Happy," the world's only barrel-rolling elephant, gave an added attraction to the afternoon show by trumpeting while doing his act.

Marree and her Pals, the Three Sidneys, Bobo Barnett, the Great Del Ray, and juggler Truzzi drew rounds of applause from the circus fans.

Performances will be presented at 2:15 p. m. and 8:45 p. m. Sunday.

The Midland Lions Club is sharing in the show profits, with its share going into the club's charity and welfare fund.

COTTON

NEW YORK—(AP)—The cotton market declined Saturday under heavy hedge selling. October 31.00, December 30.75-78 and March 30.81-84.

RUNAWAYS STOPPED

Rockford, Ill., parents of two runaway youths were contacted by Midland police Saturday after the two boys were picked up here Friday.

Permian Basin OIL & GAS LOG

James C. Watson
Oil Editor

Two New Wildcats Spotted In Pecos; One In Lamb

Staking of locations for two wildcat petroleum prospectors in Pecos County and for one in Southwest Lamb County, featured the oil development activity of the West Texas sector of the Permian Basin Saturday.

A West Crockett County exploration found the Ellenburger, but the top of that formation did not show any signs of oil and gas, and operator was making more hole.

Other interesting projects were in North-Central Sterling County, and in East-Central Upton County, where wildcats were drilling ahead in formations which may develop production.

TEXACO AND WEATHERFORD TO DRILL PECOS PROJECTS

Locations for two new wildcats for Pecos County were reported at the Midland office of the Railroad Commission Saturday.

The Texas Company No. 1 O. W. Williams will be 1,980 feet from north and east lines of section 17, block 2, H&C survey. That puts it six miles southeast of Imperial.

Drilling with rotary tools, to 5,100 feet, will be started at once.

G. W. Weatherford of McCamey has filed application with the commission for a permit to start drilling immediately on a wildcat in East Pecos, three miles southeast of Traan.

The project will be located 330 feet from south and west lines of the east half of section 59, block 1, I&GN survey. Name of the fee owner of the land was not given on the drilling application.

Cable tools will be used to dig the exploration to 1,500 feet.

FOREST, ET AL. TO TEST SOUTHWEST OF AMHERST

Drilling is to be started at once on a 7,560-foot wildcat in Southwest Lamb County. The prospectors are to be Forest Oil Corporation, Jerome Oil Company and H. R. Smith No. 1 Ida May Harris.

The location is 440 feet from north and east lines of labor 15, league 661, State Capital Lands. That puts it two miles southwest of Amherst. Cody & Terry of San Antonio have the contract to drill the exploration, using rotary. Equipment now is being moved to the district.

PLYMOUTH ENTERS 'BURGER' IN CROCKETT WILDCAT

The Plymouth Oil Company No. 1-O-A Hoover, West Crockett County, deep wildcat in the shallow Olson field, and located 2,011 feet from north and 660 feet from west lines of section 11, block GG, was making hole below 5,885 feet in the Ellenburger, which was entered at about 6,531 feet.

A drillstem test was taken in the top 48 feet of that formation, at 6,348-42 feet. The tool was open 30 minutes. Recovery was 30 feet of drilling mud with no shows of oil or gas.

OWENS OUTPOST MAKES OIL FROM WOLFECAMP HORIZON

Plymouth No. 1-A Owens, 660 feet from south and west lines of section 12, block GG, and an outpost to the discovery well of the Owens-Wolfecamp field, in West Crockett County, ran a 25 minute drillstem test in the Wolfecamp section at 5,833-70 feet.

Gas showed at the surface in two minutes. The volume was not gauged. Drilling mud flowed out of the drill pipe in 14 minutes. A spray of high gas was started in 15 minutes, and continued until the tester was closed.

Recovery, when all the drill pipe had been racked, was 60 feet of oil. No water developed. Flowing bottom hole pressure was 900 pounds. Flowing pressure at the top was 200 pounds. Shut-in bottom hole pressure was 2,650 pounds.

SOAGC TO DIG 8,400-FOOT PROSPECTOR IN N-W ECTOR

Standard Oil & Gas Company has filed an application with the Railroad Commission for a permit to start drilling immediately at its No. 2-A B. W. Cowden, at a depth from pre-Permian production on the southwest side of the North Goldsmith field, in Northwest Ector County.

The drillsite is 660 feet from south and 2,039 feet from east lines of section 10, block 45, TP survey, T-2-N. The exploration is scheduled to go to around 8,400 feet. That should take it through the Devonian and the Silurian, and might carry it into the Ellenburger.

STERLING WILDCAT DRILLS AHEAD AFTER SWABBING DRY

Plymouth No. 1 Frost, North-Central Sterling County wildcat about 12 miles north and slightly west of Sterling City, which showed some flowing oil from the Ellenburger about 8,370 feet, before that zone started showing water, tested at 8,388-99 feet, by swabbing through tubing for one and one-half hours.

At the end of that time, the well swabbed dry, and did not show any signs of oil, gas or water. Operator is drilling ahead below 8,423 feet, still in Ellenburger lime, and was making about a foot of hole about each 11 minutes.

Even Pigeons Have Pyramids in Egypt

Egypt has two more pyramids, those pictured above, in Cairo. They're the latest in ultra-modern pigeon lofts. The birds are a delicacy for Egyptians, which may explain the plush accommodations.

Shell To Dig Lower Permian Wildcat In Undeveloped Sector Of East Lea

HOPES, N. M.—Shell Oil Company, Inc. No. 1 Taylor-Glenn is to be a wildcat to 7,000 feet, to test into the lower Permian, in East-Central Lea County, adjacent to the shallow Hardy field, where the present production is from the Grayburg-Permian at above 3,800 feet.

The location is 3,300 feet from north and 1,980 feet from west lines of section 3-21-37, Derrick is being built and drilling with rotary is to start early in the week.

The tool was open four hours. Recovery was 30 feet of oil and gas. The tool was open 30 minutes. Recovery was 30 feet of drilling mud with no shows of oil or gas.

The prospectors are about two and one-half miles northwest of Seminole and 660 feet from south and 725 feet from east lines of section 22, block G, WT survey. It is adjacent to wells which are producing from the regular Seminole pay in the San Andres at 5,100 feet.

The well is 660 feet from north and 1,980 feet from east lines of section 25, block 13, University survey.

MAREE WILDCAT IS DRILLING THROUGH FUSSELLMAN ZONE

Gulf Oil Corporation has filed application with the Railroad Commission requesting permits to start drilling at once on three deep prospectors in the Waddell Ellenburger area of East Garza County, which was recently opened for production by that company at its No. 1-E-HH University.

The new explorations, all outside the proven area for deep production are:

Gulf No. 1-E-GG Texas (University), to be 660 feet from west and 2,000 feet from north lines of section 2, block 31, University survey.

Gulf No. 2-E-GG University, to be 660 feet from west and 667 feet from south lines of section 2, block 31, University survey.

Gulf No. 111-E Waddell, to be 660 feet from the east and south lines of section 22, block B-25, pl. survey. This prospectors is classed as a wildcat, while the two above listed projects would be considered in the semi-wildcat classification.

Each is projected to 10,900 feet. Drilling is to start immediately on all three of the new developments.

SKELLY MAKES LOCATIONS IN ECTOR AND ANDREWS

Skelly Oil Company has made locations for steepouts to the Wheeler field, in West Ector County, and to the Fuhrman-Mascho field in South-Central Andrews County. Both are to start making hole in the near future.

Skelly No. 1-B E. R. Thomas, to be at center of the northwest quarter of the southeast quarter of section 14, block 46, TP survey, T-1-S, is to drill to 10,700 feet to explore into the Ellenburger, in West Ector County, on the west side of the Wheeler field.

Skelly No. 1-C Texas (University), at center of northwest quarter of northwest quarter of section 5, block 9, University survey, is the Fuhrman-Mascho field steepout. It is projected to around 4,600 feet. The location is about three-quarters of a mile northeast of the southeast extension to the Fuhrman-Mascho field.

TENACO TESTS AGAIN AT N-E CROCKETT PROJECT

The Texas Company No. 1-U State Ellenburger wildcat in North-Central Crockett County, about three miles south of Barnhart, had reached 9,025 feet in Ellenburger lime, and was taking a drillstem test. The formation currently being penetrated has shown some gas and small indications of oil on drillstem test run below 8,700 feet.

S-E DAWSON WILDCAT IS DUE FOR 'BURGER' AT ANY TIME

Seaboard No. 6-A Robinson, deep wildcat in Southeast Dawson County, about 15 miles southeast of Lamesa, had reached 10,504 feet and was drilling ahead in Mississippian chert and lime.

The Ellenburger might be encountered at a turn of the drill pipe, interested observers think.

The Oil Pusher

GEOLOGISTS TO BE TOLD ABOUT BOND ISSUE NEED

Full details of the program for making needed municipal improvements in Midland, if the proposed \$1,385,000 bond issue is approved in the election to be held October 4, will be given to members of the Midland Geological Society Tuesday at noon, at a regular luncheon of the organization.

Mayor R. H. Gifford, City Manager R. C. (Bob) Hoppe, and the members of the city commission will attend the meeting and present the program. The commissioners are R. I. (Bob) Dickey, R. S. (Bob) Dewey, B. F. (Ben) Flack, Stanley M. Erskine, and William F. Hejl.

W. Dave Henderson, president of MGS, will preside. The program will be in charge of Bertie R. Haigh. The meeting will be in the Crystal Ballroom of Hotel Scharbauer.

NICHOLS IS NEW SKELLY ASSISTANT LANDMAN

Karl E. Nichols is the new assistant district landman for Skelly Oil Company in West Texas and New Mexico. He will work with H. Hilton Kaderli, chief of the department.

Nichols comes to Midland from East Texas where he was on a special assignment for Skelly. He had previously been in the company's headquarters at Tulsa. He and his family will shortly occupy a new house at 1309 West Michigan Ave.

31 PER CENT INCREASE IN OIL DEMAND IS FORECAST

Petroleum production in the world must be increased 31 per cent, or 3,750,000,000 barrels per year by 1951, according to "The Lamp," Standard Oil Company ("S.O.") publication.

In a recent issue of that company house organ, it was stated that during the period between now and the start of 1951 the oil needs of Europe will rise 63 per cent. The use of petroleum in the United States is expected to increase 16 per cent by 1951.

The report states that in 1946 Europe consumed only seven-tenths of one barrel of oil for each individual, as compared with a consumption of almost 13 barrels per capita in this country.

"For a long time to come, especially as economic conditions in foreign countries improve, many more people on the other side of the world are going to want more oil-consuming machines," "The Lamp."

It would appear from that survey, by an organization which is generally considered to be conservative and careful, that there is going to be a continuation, for some time to come, of the heavy demand for oil.

Gerome Grayum Is New Manager Of J. C. Penney Store

Gerome Grayum, manager of the J. C. Penney Company store in Cisco, the last two years, is the new manager of the Penney store in Midland, succeeding Austin Flint who is moving to Cisco to manage the concern's store there. Flint was manager of the Cisco store before coming to Midland about two-years ago.

The new manager of the Midland store is an active civic and church worker and is a former Lions Club president. He resigned as

MRS. KADERLI AND SON TO RETURN FROM MARFA VISIT

Hilton Kaderli will return to Marfa Saturday to bring Mrs. Kaderli and son, Hilton II, home from a visit with Mrs. Kaderli's parents, Mr. and Mrs. Jesse Blackwell, Sr.

TEXACO TO BUILD BIG NEW WICHITA FALLS TANK FARM

The Texas Pipe Line Company has awarded a contract to H. L. Butler and Son, of Dallas, to construct grades, levees, roadways, cattle guards, drainage ditches and culverts on the site of the company's tank farm at Wichita Falls.

Work on the contract will begin October 1. Eleven oil storage tanks having a capacity of 122,700 barrels each, and two tanks with capacities of 78,400 barrels each, will be erected on the site.

It is understood that the new Wichita Falls tank farm will be a unit on the new Basin Pipe Line System's big new line from Jal. N.M., by the way of Wink, Midland and Wichita Falls to Cushing, Okla., and on to Salem, Ill.

HILSEWECK QUITS GULF; POWERS TO SUCCEED HIM

E. H. Powers of Fort Worth, will become zone geologist in Midland for Gulf Oil Corporation for West Texas, effective October 1.

He will succeed William J. Hilsweck, who held the place three years, and who has resigned to become chief geologist for Republic Natural Gas Company, with headquarters in Dallas.

Powers was in the geological department of Gulf's Midland office several years ago. He has since been stationed at Wichita Falls and Fort Worth and comes here from an assignment as staff geologist in the district office at Fort Worth.

Hilsweck came to Midland from the Fort Worth office of Gulf. He is currently serving as president of the West Texas Geological Society, and has been active in other professional and civic organizations while a citizen of Midland.

Opening for Petroleum Geologist with active West Texas organization. Basic requirements: B. S. degree, one or two years West Texas diversified experience, 30 to 35 years of age and with ability to independently carry out assignments. All replies held in strict confidence. Address replies to Box 344, Reporter-Telegram.

Dallas Man Will Address Midland Clubs Wednesday

Horace B. Fort of Dallas, assistant to the director of the National Committee for Education on Alcoholism, will address the meeting of the Midland Lions Club in the Crystal Ballroom of the Scharbauer Hotel Wednesday noon, and will speak at an open forum in the North Elementary School Auditorium at 8 p. m. that night.

Members of the grand jury summoned to appear for the September term of 70th District Court will be selected Monday.

Listed for grand jury service in the original summons sent out by District Clerk Nettie C. Romer were the following Midlanders: G. Frank Aldrich, E. H. Barron, H. G. Bedford, L. L. Bevil, Ben F. Black, Floyd O. Peles, F. D. Breedlove, P. P. Bridgewater, John P. Butler, J. L. Crump, J. P. Carson, John Casselman, C. W. Chancellor, W. E. Chapman, W. N. Cole, H. S. Collings, Russell C. Conkling, John N. Cornwall, Frank Cowden and I. E. Daniel.

H. B. Fort

Fort, a former West Texas school man, will discuss "The Alcoholic Is Sick, Can Be Helped and Is Worth Helping," at the Lions luncheon. "Education on Alcoholism" will be his subject at the night meeting.

The National Committee for Education on Alcoholism is not involved in controversial issues and is concerned only with the sickness known as alcoholism or compulsive drinking, sponsors said. The committee, with an advisory board of 41 scientists, clergymen, medical specialists, business and professional men and women, and affiliated with the Yale Plan for Alcohol Studies is making a scientific coordinated attack upon alcoholism as a sickness and as the nation's number four public health problem.

The public is invited to attend the open forum Wednesday night.

Officers Finish Week Of Intensive Study; To Hold Trial Monday

Midland law enforcement officers concluded a week of intensive study of investigative procedures Friday afternoon, and Monday will participate in a moot court trial in the county courtroom of the Midland County Courthouse.

During the week they studied, practiced and discussed methods of interviewing witnesses, collecting evidence and apprehending criminals under guidance of Fred McIntyre, Federal Bureau of Investigation expert from El Paso.

In Monday's pseudo-court proceedings, McIntyre will act as judge. Noel Cason, FBI agent in Midland, will act as defense counsel, and Art Potter, El Paso FBI agent, will play the role of prosecuting attorney.

Members of the Midland Police Department, Sheriff's Department and State Highway Patrol will act as jury and witnesses.

Fighting Bulldogs Nudged By Austin Panthers, 6-0

El Paso Eleven Tabs On Aerial In Third

By TANNER LAINE

The bulky El Paso Austin High Panthers knocked and knocked at Midland's goal-line door Friday night, finally getting in for one touchdown, winning 6 to 0 over plucky bunch of over-weighted Purples of Midland High in the high school stadium here before a crowd of 4,000.

Give Midland "A" for effort. The kids fought a courageous battle, from kick-off to the last minute when they recovered an Austin fumble in midfield.

It took several goal-line stands by the Bulldogs to keep Austin from making up a healthy score. In fact, the ball was on Midland's one-foot line, with first down coming up, when the game ended the first half. The Panthers got down there on a pass, Salem to Surratt, good for 42 yards.

Austin High scored in the third quarter. Quarterback Salem passed to Right End Surratt over the goal-line from 16 yards out for the tally. Left End Shaeffer's place-kick for extra point was no good. That was the scoring for the night.

The visiting Panthers drove back with the second half kickoff without losing the ball in a sustained drive of 80 yards to get the score. Spavital passes to Fullback Langford, who then went flanking at the sides, and power thrusts by the Openheim boys, Buddy and Buster, halfbacks, ate up the yardage in this drive.

Midland's buck was to the wall from the start. Austin drove to the five-yard line and first down in the early second quarter but the Purple line held fast for downs. Then after a short punt, which they took for the Midland 35-yard line, the Panthers were again rapping at Midland's goal-line, getting to the 9-yard line before the Purple stiffened and held fast for downs. After the exchange of punts, Austin passed its way to the one-foot marker at the gun for the half.

Passes Fall
The Bulldogs were anxious and tried to fight downfield with the kickoff after the Austin touch. But a fumble stopped the drive. And by golly, the pesky Panthers were off again, getting to the Midland 40-yard line before the Bulldogs bowed their necks, jarred them loose from the ball and recovered it.

Midland turned on a passing attack in the last quarter but it could not click. The Bulldogs were trying to hit speedy Dunny Goode in the open as their only chance to win. A surging Austin line would not let the passer get a good one away. They rushed him unmercifully.

Coach Barnes Milam's charges deserve plenty of credit for the battle put up Friday night. Even in losing the fight was there. There was just not enough offense to beat the Panthers, that's all. Midland's defense, except on passes, was a joyful sight.

Here's the scoreboard:
GAME AT A GLANCE

Midland	Austin
7 First downs	13
83 Yards gained rushing	210
47 Yards gained passing	62
4 of 7 Passes completed	4 of 7

Austin	0 6 0-6

Substitutes: Midland—Henderson, Benwick, Getman, Morrow, Austin—Salem, Morrissey, Scott, May, Suder and Webber.

Razorbacks Defeat North Texas Eagles

LITTLE ROCK—P. Tough, inspired North Texas State College gave the University of Arkansas Razorbacks a full afternoon of trouble here Saturday but bowed before the Southwest Conference co-champions, 12 to 0.

Arkansas' speed demon backs, Clyde Scott and Aubrey Fowler, provided the victory punch, Scott scoring on an 11-yard end run in the first quarter and Fowler racing 75 yards on a punt return for the other touchdown in the third period.

The capacity crowd of 15,000 was amazed but pleased by the Texans' resistance.

Except for the Razorbacks' first scoring drive, the Eagles, 1946 Lone Star Conference champions, held the quick-stepping Scott fairly well in check, allowing him a net gain for the day of only 18 yards.

Ray Martin, Boston Rookie, Beats Bums

BOSTON—P. —Ray Martin, rookie righthander, sevened the Brooklyn Dodgers with seven hits Saturday as the Boston Braves whipped the new National League champions, 2-1.

The score: R H E Boston 010 000 0-2 5 2 Brooklyn 010 000 0-1 7 3 Martin and Mast; Behrman, Fatica, Gregg, Hatten, Barney and Edwards, Bragan.

Amarillo Drops Abilene, 6 To 0

AMARILLO—The Abilene Eagles fought strongly against terrific weight odds here Friday night before going down under the mighty Amarillo Golden Sandstorm, 6 to 0. Bobby Brown ran wide at right end for the Amarillo tally. Farmer missed the try for point. This sole score came in the second quarter.

Inability of receivers to hold passes cost the lighter weight Eagles a victory. Once King hit Beeman on the goal-line with a pretty toss but Beeman dropped it.

Getting A Free Ride

(NEA Telephoto)

Six cowgirls, members of the Annual Rodeo held in Madison Square Garden, New York, set a free ride from obtaining red caps as they arrived at Grand Central Station. In the front row from left to right are: Thressa Smith, Ada, Okla.; Bette Smith, Fort Worth, Texas; Helen Ruth Almy, Fort Worth; Elva Wake, El Centro, Calif. In the top row from left to right are: Geraldine Farrar, Brawley, Calif.; Martin Ann Graham, Pinedale, Wyo.

Midland Gun Club News—

Jim Mascho Made President Of MGC; Honored With Award

Jim Mascho, past president of the Midland Gun Club, has been drafted to fill out the unexpired term of Johnson Phillips, present leader, who resigned because of pressing business.

George Glass takes the vice presidency and the directors include Louis Thomas, R. B. (Bum) Cowden, Jim Bertrand and Bill Chancell.

The Midland Gun Club has presented Mascho a trophy commending his term as first president. Engraved on the plaque is: "Jim Mascho, first president of the Midland Gun Club, 1946-47, in appreciation of his untiring efforts, patience, leadership and ability in organizing the gun club."

Big Event Slated
Programs for the West Texas-New Mexico Shoot to be held at Midland Gun Club October 17-19 will be off the press soon. A 60-page catalog is being prepared.

Many expert shooters from all over West Texas and New Mexico will be in Midland for the shoot. Another skeet field is being erected, adjoining the club's present two skeet fields to make for more facilities in holding the large event. A grandstand for spectators is being erected.

May we say in any and all instances, SPORTSLANE has found the Midland High School coaches more than average in vigilant attention to avoiding injuries among the boys entrusted to them.

Brownfield Licks Lamesa By 33 To 7
BROWNFIELD—The Brownfield Cubs rolled to a 33-7 triumph, their second of the season, here Friday night over the Lamesa Golden Tornados.

Jerry Worsham, big Cub halfback, was the Brownfield scoring star, romping to two of his team's five touchdowns. Alton Martin, Billy Hamilton and John Dalton also shared scoring for the revitalized Cubs who won only one game during the 1946 season.

Hal Barron scored Lamesa's only touchdown on a six-yard jaunt after an intercepted pass set the stage.

Dallas Sells Oona To Austin Pioneers
DALLAS—P. —Hank Oona was sold to the Austin Pioneers Saturday by the Dallas Rebels and the Big State club announced it planned to use the veteran Hawaiian as a player-manager next year.

George Schepps also revealed the Dallas club had entered into a working agreement with the class B Austin club.

Emery Hreksko, righthanded hurler who was sent to Greenville of the Big State League last year, and Billy McDonald, 18-year-old 18-groove winner for Lubbock in the West Texas-New Mexico League, were both sold to Austin.

Moonglight is better than floodlights for landing airplanes.

The rule as set up the Inter-scholastic League confines the participation of high school youths in athletics to a maximum of eight consecutive semesters, regardless of illness or transfer.

For example, the rule does not allow, although the present age limit is 18 years, a boy of 15 or 16 years to participate in athletics if he has completed eight semesters.

Counts Ray, Breckenridge businessman, was elected chairman of the association and Jack Cox, state representative from the 10th District, secretary. As outlined by the chairman, the association has been formed to seek a revocation or a new vote on the eight-semester and Spring training rule.

sports

—THE REPORTER-TELEGRAM, MIDLAND, TEXAS, SEPT. 28, 1947

Mighty Bronchos Roll On, Whipping Plainview Bulldogs In Romp, 59-14

ODESSA—The Odessa Bronchos romped to their 17th straight victory here Friday night, trouncing the Plainview Bulldogs 59-14, in a wild scoring game.

Byron Townsend, hard-hitting Odessa fullback, led the way for the Bronchos, scoring four touchdowns and kicking two extra points. The Bronchos piled up 20 points in the first quarter over the game, but outclassed Bulldogs, but the visitors stayed in the game with a 40-yard touchdown pass late in the initial period from Quarterback Bo Eagle to End Bill Howton.

Odessa's first-period scores came on a foot plunge by Halfback Gerald Campbell, a 75-yard punt return by Quarterback Paul Matejowsky and a 30-yard gallop from scrimmage by Townsend.

Townsend went 62 yards for the fourth score in the second period. End Harold Dozier kicked two of the extra points in the first half. The third was a free-for-all with Townsend plunging over from the one shortly after the period started. Then 135-pound Halfback Donnie Myers took the kickoff on his own 20 and took it all the way to score. Townsend went over from the four and kicked the point, making the score 40-14 at the end of the third.

In the fourth period, Matejowsky passed to End Gene Campbell for 31 yards and a touchdown, then Myers fumbled on the kickoff, and Odessa recovered on the 8. Halfback Wilson Hall took it over from there.

Sub Fullback Tommy McKis-sack romped 34 yards for the Bronchos' final score. Odessa reserves played a great portion of the game.

Spavital led the drive of the big-hard-running, terrific-tackling Cowpokes who had the fumbling Frog (they committed five fumbles, one of which set up the second Aggie touchdown) on the defensive all the first half.

T. C. U. swept back on near-even terms in the last half but only once could get its offense-to-clicking without a fumble or penalty to boot it down.

Spavital whose race from the Aggie 13-yard line for the first touchdown was the feature of the game, netted 63 yards as top ball-carrier of the day. Lindy Berry was the most effective runner for T. C. U. with 35 yards.

Spavital's long touchdown dash came in the opening period. A fumble by Berry set up the second Aggie touchdown. Merlin London pounced on the ball on the Frog 36. Bob Meinert, Ken Robb, Grimes and Spavital took turns at smacking the line, working down to the 13 from where Carey arched a pass to Grimes on the four and he scored.

Brownwood Nudges Sweetwater, 6 To 0
BROWNWOOD—Buddy Fair took a lateral from teammate Floyd Griffin and scampered 23 yards for the game's lone touchdown here Friday night.

That first-quarter romp to pay-dirt meant the margin of victory as Sweetwater and Brownwood staged a see-saw battle through the second and third quarters before the Lions rose up to stall a Mustang threat in the last stanza short of the goal line.

By request we are giving the HOME schedules of the West Texas football teams in which Midlanders have expressed interest and which are located nearby. Lots of folks want to see their college games:

TEXAS TECH (At Lubbock)
Oct. 4—West Texas State.
Oct. 11—Tulsa.
Oct. 18—Baylor.
Nov. 8—Arizona.
Nov. 29—Hardin-Simmons (Homecoming).

HARDIN-SIMMONS (At Abilene)
Oct. 11—Arizona.
Oct. 17—New Mexico U.
Nov. 15—Texas Mines.

We have schedules of the Southwest Conference teams. Any Midlander wishing information, please call Sports Desk, The Reporter-Telegram, number 7 or 8.

ROUND UP THE STRAYS... Donnie Meyers, the fancy Dan of the Plainview Bulldogs (Midland plays this week), is a married man and has a child. He is the little scamper boy who ran so well against us last year (remember?). More glowing reports of Odessa's strength.

Some Midland fans were over here Friday night to see the Plainview mauling, and the superlatives they use in describing the Broncho machine are numerous and numerous. Give your Green Stamps to the American Legion. Jack McKnight, one of the best football players ever to hit Midland, has departed for Tulsa to live and work.

It costs more than \$100 to outfit a Midland Bulldog for a game of football. Burns McKinney, Midland oilman, the former Little All-American at Hardin-Simmons, is officiating games this fall. Burns worked the Lamesa-Brownfield tussle Friday night. He is a good caller. And speaking of good officials, how could you help saying those boys Percy Arthur.

THIS IS THE YEAR

President Branch Rickey was counting on 1948, but Brooklyn Dodgers got together and made this the year. They advise the fact with the numbers on the backs of, left to right, shortstop Pee Wee Reese and outfielders Arky Vaughan, Duke Snider and Pete Reiser.

Permian Basin Roundup—

Wink, McCamey And Andrews Shine With Weekend Victories

Oklahoma Aggies Defeat TCU 14-7

FORT WORTH—P. —Oklahoma A&M's Cowboys made Texas Christian's home opening a disappointment Saturday as Jim Spavital scattered 87 yards for one touchdown, John Carey passed to Bill Grimes for another and an iron-bound defense kept T. C. U. halted for all but a few minutes in the third period to net a 14-7 victory.

A crowd of 14,000—largest opening in T. C. U. history—marveled at the great speed of the Aggies, who pounded for 136 yards through the line and charged the would-be T. C. U. ball-carriers and passers for losses of 33 yards and 16 incomplete throws.

Andrews Surprises Pecos; Wins 40-13
PECOS—Andrews High School defeated the Pecos Eagles in a 7-A District game here Friday night by a 40 to 13 score.

Jack Young, Mustang quarterback, ripped and ran to count for five touchdowns and passed for a sixth tally. He made one touchdown on a 60 yard run with good blocking.

Pecos' scores were made by Allen Cunningham and Charlie Titus. Andrews made 20 first downs to six for Pecos. Andrews also moved 373 yards on the ground and through the air.

McCamey Parades Over Fort Stockton, 40 To 0
FORT STOCKTON—The McCamey Badgers staged a touchdown parade here Friday night to down Fort Stockton, 40 to 0.

Kirk Gregory, Ikey Courtney and Noble Lindzy shared scoring honors for the Badgers, the longest run an 80-yard return of a kickoff by Courtney at the start of the second half. Courtney made three touchdowns and Gregory two.

Mertzion Thrashes Garden City, 33-0
MERTZION—Mertzion thrashed Garden City 33 to 0 in a six-man football game here Friday, scoring two touchdowns in the first quarter and holding a 19 to 0 advantage at the half.

Littlefield Defeats Seminole, By 26-13

SEMINOLE—Littlefield took a three-touchdown first-half lead and fought off a determined Seminole aggregation here Friday night to win a high-scoring, non-district ball game, 26 to 13.

The visitors counted behind Shelby who made two scores. Price, on a quarterback sneak, and James Lee.

Seminole made its first touchdown in the third quarter when Joe Val Walker skirted end for 90 yards. The second came late in the fourth when Bobby Turner went across from the five.

Wink Wildcats Slay Denver City, 39 To 7
WINK—The Wink Wildcats scored their third straight victory here Friday night in a District 7-A game, whipping Denver City by 39 to 7 as Wildcats End George Dennis led the way with three touchdowns. Dennis took passes for 14 and 18 yards for two of the tallies in the first half, and went 30 yards on an end-around play to score in the last half.

Denver City scored, the first time the Wildcat goal line has been crossed this season, in the fourth quarter when they recovered a Wildcat fumble on the Wink 36 and went the distance on three straight first downs and a plunge from the one.

Rankin Rolls Over Water Valley, 29-21
RANKIN—Roy Lee Bell scored two touchdowns in spectacular runs here Friday night as Rankin took Water Valley 29 to 21 in a 6-man football tussle.

Tommy Hall scored five extra points as well as one touchdown for the victors and T. O. Blue made the first touchdown of the game on a 40-yard pass from Bell.

Water Valley was sparked by Cates' one long run for a TD, while two more were made on passes from Willis to Bamister and from Ainsworth to Willis. Jones kicked the extra points.

Morgan at halfback was outstanding for Rankin.

Public opinion on the controversial eight-semester rule invoked by the Texas Interscholastic League last Spring came to a head at Breckenridge, Texas, last week when businessmen of several West Texas cities met and formed an organization to be known as the Texas Anti-8-Semester Association.

The rule as set up the Inter-scholastic League confines the participation of high school youths in athletics to a maximum of eight consecutive semesters, regardless of illness or transfer. For example, the rule does not allow, although the present age limit is 18 years, a boy of 15 or 16 years to participate in athletics if he has completed eight semesters. Counts Ray, Breckenridge businessman, was elected chairman of the association and Jack Cox, state representative from the 10th District, secretary. As outlined by the chairman, the association has been formed to seek a revocation or a new vote on the eight-semester and Spring training rule.

BOWLING

The Automotive Bowling League is shaping up nicely as it goes into the fourth week of league competition. Elder Chevrolet Company had to roll two blind scores last Thursday night, due to a business meeting which tied up some of the bowlers, but they expect to be out in full force next week. Only one other blind score was used in the eight-team session.

All teams are now sponsored as Noble Hot Motor Company completed the circle last week. Nothing spectacular was shown Thursday night, for most of the leagues were busy adjusting both high and low averages set in the previous opening nights of bowling. Murray-Young Motors took high team series with 2643 total pins, with R. E. "Dead-Leg" Boothe of the Murray-Young five taking individual high three game series with a 562 count. Howard of the Ace Motor Huskies took high individual game with 210. Ace Motors now has a complete new team. Four of their five men are slicing four of the top six spots in the high average counts. These men are driving about 50 to 60 miles each week to bowl, and they are coming loaded for bear. They may be in last position now, but it is only a matter of time until they make their move.

Armed Cakewalks To \$100,000 Victory Over Texas' Assault

NEW YORK—The golden gelding from the Blue Grass, high speed Armed Cakewalked home by six lengths over the Texas terror. Assault, in their long-ballooned match race Saturday—and the victory wasn't over any poor old crippled colt such as Assault had been pictured.

The clubfoot comet from the wide open spaces was about as crippled and lame as Jesse Owens was in the 1936 Olympics, which is not crippled and lame at all. Every step he took around Belmont Park's racing strip, was a sound one—but he just wasn't running enough against the front-running darling of the Blue Grass, who led from end to end and rolled home as he pleased in this mile-and-a-quarter meander which just about decided the handicap championship of the year.

Biggest Stake Ever

Dotig Dodson, the hard-faced little Idaho booter, might just have left his whip home as he steered the sturdy son of Bull Lea right up to the paying teller's window where he picked up \$100,000—the biggest bankroll ever hung out for a match race in turf history.

Armed's sensational staminate, husky little bewitch, finished first by a nose over Inheritance. Mrs. Isabel Dodge Sloan's \$25,000 yearling buy, but after her number was put up to the judges disqualified her for what they said was "repeatedly bumping Ghost Run," who finished fourth and moved up to third through the disqualification, behind Inheritance and Vau-deville.

Second In Winnings

The \$100,000, however, stays on Armed's money-winning record, and leaves him less than \$10,000 short of Styxie at the head of money-men in the all-time list of money-men. It might have been more than that, but Styxie, a one-time Texas playmate of Assault, was able to get only second behind the Argentine rhumba kid, Rico Monte, in the Manhattan Handicap, which was a secondary feature on this richest one-day program in racing history, on which Belmont distributed \$182,500 among the quickest horses in the nine races.

The \$5,000 second money left Styxie with \$752,210—first horse in history over the three-quarter-mile mark—and Armed pressing him with \$742,900. Assault remains deep in third place with \$623,370.

Louise Suggs Wins Women's Golf Crown

DETROIT—Sun-tanned Louise Suggs of Georgia won the 1947 Women's National Amateur golf championship Saturday in a sensational finish from a fellow Georgian who went down to defeat after a heart-breaking challenge in the home stretch.

The tall silver cup went to Lillian Spriggs' Louise and the score board recorded the title winning feat as a two-up victory which came on the final green of the 36-hole championship bubble. The loser was slender Dorothy Kirby, 27-year-old Atlantan.

Byron Nelson Shines In Fort Worth Match

FORT WORTH—Byron Nelson made one of the three tournament appearances on his schedule this year Saturday at Fort Worth's Glen Garden Country Club as Texas linksmen grabbed a decisive edge over Oklahoma PGA members in inter-state match play.

Nelson made a four-under-par 67 as he and Frank Champ, Luke Champ, defeated Jimmy Gaunt and George Getchell, both of Oklahoma City, 4 and 3. Champ helped his illustrious partner with a par-shattering 68.

Armstrong Wins 14 to 0 Over Pittsburg

CHAMPAIGN, ILL.—Second-string halfback Dwight Eddie-man scored two touchdowns in the last quarter—one on a 40-yard punt return—to give Illinois a 14 to 0 victory over Pittsburg Saturday before a crowd of 22,079 spectators.

Georgia Tech Romps On Tennessee 27 to 0

ATLANTA—Bob Neyland, the "old gray fox" from Tennessee, got a football lesson Saturday from a former pupil as Georgia Tech swept to a surprisingly easy 27-0 victory over the Vols.

The well-drilled team of Bobby Dodd, a Vol star of the late twenties, meted out the worst defeat a Neyland-coached team has ever suffered.

Tar Heels Nip Georgia

CHAPEL HILL—P—Two perfect passes by big Walt Pupa brought North Carolina to a 14 to 7 football triumph over Georgia here Saturday after the Bulldogs had taken an early lead and had kept the Tar Heels' famed running back, Charley Justice, fairly well shackled.

Layne Sparkles Texas Win, 38-13

PORTLAND, ORE.—A big Texas team, confident of its own speed and quarterback Bobby Scruggs' passing a.m., thwarted Oregon's long-awaited revenge attempt Saturday to win going away, 38-13.

The Texans ran into a stout Oregon line that played them on even terms throughout the game but the Longhorns had the answer to this. They saved their punches for the breaks of the game, and when the breaks came, quickly called on Layne to pass over the Ducks' forward wall.

Two came early in the second quarter as Oregon fumbled first on the 27-yard line and then on the 30. Texas recovered both bobbles and Layne at once passed to the fleet Byron Gillory, halfback, for two touchdowns. It was the same play for each so-called.

Before Oregon recovered from these sallies—both within three minutes of the period opening—Layne again shot a 20-yard pass.

Williams Hits No. 32 As Sox Win, 8 To 1

WASHINGTON—Ted Williams hit his 32nd home run of the year with two on in the first inning as the Boston Red Sox mauled Washington, 8-1, here Saturday. Joe Dobson limited the Senators to five hits in winning his Eighteenth game.

Ben Hogan Leads In \$5,000 Chicagoa Play

CHICAGO—P—Ben Hogan of Hershey, Pa., missed a difficult 11-foot putt by inches but fired a seven-under-par 65, which equaled the course record and gave him a three-stroke halfway lead in the \$5,000 International Golf Tourney Saturday.

The 36-hole winner-take-all match among eight title-holders winds up with 18 holes Sunday.

Runner-up at the 18-hole mark was South African Bobby Locke.

Progress Reported In Water Conference

EL PASO—P—Engineers working on "physical facts" controlling the fulfillment of a possible Texas-New Mexico compact on division of Pecos River water said Saturday night that "favorable progress" was made in an engineering advisory committee conference here this weekend.

Chairman E. V. Spence of the Texas State Board of Water Engineers said that at least the basis for an understanding is being approached.

A final committee meeting is to be held at Santa Fe in late October, and then comes a full Pecos Compact hearing which is expected to decide whether Texas will carry its fight for half of the Pecos waters to the United States Supreme Court.

Doak Walker Stars As Mustangs Paste Santa Clara, 22-6

SAN FRANCISCO—P—Doak Walker ran a kickoff back for 97 yards and a touchdown, scored another on a 44-yard break-through, and, in all, accounted for 20 Southern Methodist points Saturday to demonstrate to Santa Clara, 22-6, that the Southwest Conference also can run the ball.

The Mustangs, who came to town as another "pass-crazy" team, threw the ball plenty, but mixed in running plays so well that the Santa Clara defense was never able to get set.

Oregon scored on a 30-yard pass from quarterback Norman Van Brocklin to end Art Milne and it stung the Texans into action. They unleashed one of their two sustained drives of the game, marching from their own 32 to a score on the first play of the fourth period—fullback Randall Clay plunging in the final three yards.

A 40-yard punt return by halfback Perry Samuels and a second drive of 45 yards in four plays accounted for the last two Texas touchdowns. A 13-yard toss from Paul Campbell to end Peppy Blount was the pay-off play in the last drive.

Al Vincent Released By Dallas Rebels

DALLAS—P—Al Vincent was released as manager of the Dallas Rebels here Saturday night.

President George Schepps of the Texas League club said Vincent was released "to provide him with a chance to better himself."

The former Detroit coach took over as Dallas manager last year and piloted the Rebels to the Dixie Series championship. This year the Rebels lost in the finals of the Texas League championship playoff with Houston.

Mobile Evens Dixie Series, Winning 6-0

HOUSTON—P—Mobile took a 6 to 0 decision from the Houston Buffs Saturday night to make the count one-all in the Dixie Series. The Bears dropped Friday night's opener, 8 to 2.

Permits -

(Continued from page 1)

When Midland went over three million in construction permits for a single year: Park Hill, Inc., \$12,000, to build a brick-veneer residence at 1212 Country Club Drive, size 27 by 69 feet for a price of \$10,000. C. R. Ervin received five permits, each for \$1,700, to build five residences at 2501, 2504, 2507, 1203, 1205 Burton Street. Size of each will be 31 by 32 feet with materials number. Total of the permits is \$8,500.

Dr. H. Glenn Walker received a permit to build a \$32,850 clinic at 2019 West Illinois Street. Size to be 32 by 48 feet of lumber and masonry material.

Permits Listed

And other permits went to: Ellis Conner, \$12,000, to move and install at 656-658 North Baird Street, two duplexes, each 35 by 50 feet; J. H. DeFord, \$7,300, to build a dwelling on Kansas Street, size 23 by 54 feet; J. C. Smith, \$3,600, to build a brick veneer residence at 1502 West Louisiana Street, size 26 by 61 feet; American Red Cross, \$6,000, to move a building to 701 West Indiana Street, size 24 by 40 feet; C. C. Boles, \$6,000, to move and repair a dwelling, 2405 West College Street, size 24 by 32 feet; O. E. Van Meter, \$2,900, to build a dwelling at 1110 West Washington Street, size 22 by 22 feet; H. B. Welch, \$1,000, to build a dwelling at 408 Estes Street, size 21 by 35 feet; Lumber, C. M. Pugham, \$5,000, to build a dwelling and office structure at 1505 West Wall Street, size 24 by 34 feet; Lumber; Paul Wecker, \$1,200, to build servants quarters at 1617 West Washington Street, size 18 by 23 feet; Lumber; Laughlin-Samuels and Company, \$1,600, to add to an office at 1002 West Kentucky Street, size 10 by 15 feet; Howard Moore, \$1,200, to repair a dwelling at 1509 South Baird Street, size 20 by 69 feet; Lumber; Cotter Hiett, \$1,000, to add a room to a structure at 315 West Indiana Street, size 16 by 18 feet; W. B. Yarbrough, \$750, to add to a dwelling at 303 West Storey Street, size 16 by 23 feet; Lumber; Clyde Cook, \$400, to build a garage at 801 North Main Street, size 14 by 28 feet; Lumber; W. C. King, \$500, to build a garage at 1009 West Louisiana Street; Charles Williams, \$200, to move a dwelling to the Edwards Addition, size 10 by 12 feet; Lumber.

Workers Want Jobs—But Not In Texas

EL PASO—P—Mexico Saturday made available for contract and employment in the U. S. except Texas some 3,000 farm laborers who flock to the border months ago and have been waiting in hope of jobs across the Rio Grande.

Alberto Monroy, chief of the Juares Migratory Labor Office, made the announcement.

Minister of Interior Hector Perez Martinez of Mexico said more workers will not be sent to Texas because of discrimination against those there.

600 Singers Attend Hill Country Meeting

HILL COUNTRY MEETING
FEDERICKSBURG—P—The 56th annual Song Festival of the Texas Hill Country Singers Association opened here Saturday with more than 600 singers, members of 22 choirs, participating.

The first concert of chorals songs in the German language was held Saturday night, a program of folk songs and classics.

ESTATE TAX SETTLED

WASHINGTON—P—The remaining tax claim of \$50,446,284.58 against the estate of Edsel B. Ford, son of Henry Ford and former head of the Ford Motor Company, has been settled for \$8,810,724.27, it was learned Saturday.

LSU Beats Rice In Final Heat, 21 To 14

BATON ROUGE, LA.—P—The Louisiana State Tigers blasted through for two fourth quarter touchdowns here Saturday night to win a convincing 21 to 14 victory over the Rice Owls before 46,000 fans.

With the chips down, LSU smashed 91 yards late in the fourth period to clinch a victory. Sandifer and Schroll, with Tittle's help, ran the ball to the 19, from where Tittle hit Bullock with the payoff pass. Tittle then placekicked the point.

Saar -

(Continued from page 1)

emphasized that Britain was not in separate consultation with the United States on the subject. But diplomatic informants declared they understood the United States would "agree in principle."

Expectation appeared general among government officials concerned with the future of Germany that, unless something "miraculous" happens, existing East-West differences over German and Austrian peace settlements will crystallize into a break after the Foreign Ministers Council.

The foreign ministers are expected to meet in London November 25 for what British leaders believe will be their "last chance" to write jointly agreed German and Austrian peace treaties.

The rich, coal-producing Saar Basin is now part of the French Zone of Germany. Its incorporation would bring to France an industrial and mining region of 736 square miles, with a population of almost 1,000,000. With coal as its basic industry, the Saar also turns out millions of tons of steel and iron each year, as well as ceramics, glass and certain chemicals.

California Upsets Navy Before 80,000

BERKELEY—P—California's Bears turned the tables at the stadium early today in an upset Saturday night, defeating Navy 14-7 before nearly 80,000 fans.

The Bears' comeback came in the second period, when they scored a pair and two runs to upset the lead they maintained to the end.

They added to the advantage with a 61-yard run to a touchdown in the fourth quarter to apparently clinch the victory only to have the Midshipmen make it a ball game with a score of their own.

The last four minutes provided thrills. Navy's bow, blocked a punt, recovered the ball and cracked over the California goal to trail 14-7.

ARMY BEATS VILLANOVA

WEST POINT—P—Army's green football team carried on the winning ways of its departed all-America backs, Glenn Davis and Felix Blanchard, by blowing Villanova 13 to 0 Saturday.

'Woodman' Saves That Tree, Builds Office Around It

Willard Stiver, of Elkhart, Ind., thought so much of a huge maple shade tree that instead of cutting it down to build an office, he built the office around the tree. So now it "grows" out of the office roof, left, with an ingeniously arranged trunk to prevent seepage and allow for wind swaying. At right, Stiver looks at his novel piece of office furniture which, he says, stimulates conversation.

Claims Against A&M Packing Company In Excess Of \$274,000

Allowances, secured, preferred and general claims against the A&M Packing Company of Midland total \$274,551.46, according to the claim docket of the referee in bankruptcy of the Federal District Court in El Paso.

Claims totaling \$256,575.30 were filed on or before Aug. 15, 1947, and \$17,975.16 after August 15. Allowances approved by court by the Federal District Court through September 9, total \$90,999.35.

The items filed before August 15 include secured claims amounting to \$53,881.43, of which the RFC claims approximately \$27,000; preferred claims, \$122,779.52, of which the RFC has approximately \$120,000; general claims, \$70,815.

The docket shows the following aggregate amounts of claims filed after August 15: secured, \$285; preferred, \$322.75; general, \$17,458.41.

A hearing on a reorganization plan for the concern submitted by J. E. Hill of Midland will be held at 10 a. m. October 1 before the referee in bankruptcy in El Paso. Operates Under Court Order

Hill, one of the firm's major common creditors, took over the operation of the plant for the benefit of the creditors when it got into financial difficulties last April. He now is operating it under a court order, the court indicating the plant, including approximately 1,325 food lockers, should be kept open to protect the foods of persons having lockers there.

Slaughtering of cattle at the plant stopped recently and only the locker plant now is operating.

M. W. Collier, secretary-treasurer of the firm under the proposed plan of reorganization, said Saturday weekly revenues from locker rentals total approximately \$65, whereas expenses are about \$427 a week. He said thousands of dollars worth of food stuffs are stored in the lockers, and every effort is being made to keep the plant in operation.

He pointed out, however, the RFC, as the principal creditor, will be called on to bear the major portion of the operating loss. Collier said the RFC has protested the continuing loss and if the protest is upheld it will be necessary to close the plant.

Efforts have been made to find a buyer for the packing concern, but no satisfactory bids have been received.

Russ Morgan To Play VFW Dance

Russ Morgan, creator of the famed "Music in the Morgan Manner," and one of the nation's most popular entertainers, will open the big VFW Hall at Midland Air Terminal when he brings his 17-piece orchestra here for a one-night engagement Monday, October 13, officials of the Midland Post No. 4149, Veterans of Foreign Wars, announced Saturday.

The VFW Hall has the largest hardwood dance floor in West Texas and preparations are being made to handle a crowd of more than 2,000 persons at the opening night dance. Tables and chairs have been installed and final arrangements are being made for the biggest night of entertainment seen in West Texas in many years. VFW members promised they would bring top flight entertainers to Midland when they took over the former enlisted men's club at the air terminal, and the Morgan dance is the first in a series of such entertainments.

Morgan is one of the best known and best liked band leaders in the nation and with his orchestra has been featured at most of the famous dance and entertainment centers in the country, including leading hotels, clubs and ballrooms, and theaters. The band also has been featured in radio programs and has made movies for the leading film companies.

Tickets for the dance are on sale in Midland and neighboring cities.

Dirt, Squirt And Quirt
— FARM, DAIRY AND RANCH NEWS —

Frank Orson has sold 95 mixed calves from his Andrews County ranch to J. O. Nobles of Midland at \$87.50 per head, October 15 delivery.

Carl Covington last week sold 14 head of "warmed up" steer yearlings weighing 870 pounds to H. M. Reynolds of Stanton at 24 cents a pound. They grossed \$208.80 per head.

Approximately 250 cattle were sold Thursday at the Midland Livestock Auction on a market that was slower and weaker—and what market wasn't? Some butcher calves scored \$20 per hundred-weight and a little over, and best stockers sold at around \$19. White-face cows of most desirable types moved at \$12.45 to \$14.20, best bulls to \$15.10. Jersey cows sold mainly at \$9 to \$12.

When Dan Thornton's Hereford herd was auctioned at Gunnison, Colo., last week (Monday and Tuesday) for \$875,940, a new world record for sale of a private herd was established. Previous record was \$620,000, set by Jack Turner last year when he sold his Silvercrest Hereford herd.

In the Thornton spectacle, top price was \$36,060, paid by Moseley Hereford Ranch of Jackson Hole, Wyo., for a bull TT Proud Prince. Top female was TT Zato Heires, purchased by 18-year-old Gerald Montgomery of Madeira, Calif., for \$35,000.

There were more than 400 cattle in the sale, divided into 380 lots which brought an average of \$2,300. And so was dispersed a herd of cattle which, in a comparatively

short time, has gained national leadership under guidance of a fellow who not so long ago was a Texas schoolboy.

C. C. Thomas and W. W. Perciful of the Midland Production Credit Association attended a fieldman's meeting of the Production Credit Association, Inc., at San Angelo September 22 and 23. The meeting, also attended by Production Credit Association staffs from Sweetwater, Coleman, Uvalde, San Sabal, Marfa and San Angelo, was called for credit discussions. Highlight of the session was an address by W. J. McAnnelley of Houston, president of the Federal Intermediate Credit Bank.

Frank Williamson and Buster Cole have three Quarter Horses in the Iowa Park Quarter Horse Show, a feature of the Texas-Oklahoma Fair, September 30-October 4. Frank is exhibiting a gelding and a stallion, and Buster is showing a gelding. This show is open to both the National and American Quarter Horse associations. Highlight of the session was an address by W. J. McAnnelley of Houston, president of the Federal Intermediate Credit Bank.

Jack Frost, resident of Dallas, ranchman of Sweetwater, and oilman frequently seen in Midland, says he plans no more public Hereford sales at his White Hat Ranch. He has sold out of bulls this year, and plans to dispose of his registered sale animals in private transactions in the future. It is his intention to reduce the size of his registered herd to about 100 top breeding cows and keep it at that size.

K. S. Boone sold three bulls in the Midland Livestock Auction Thursday. One sold for \$15, the other two for \$15.10. One weighing 1,600 pounds and selling for \$15.10 grossed \$241.60.

Terms used to describe color of horses are fairly well standardized, but a negro man arraigned in a Midland court awhile back added some new words to the horseman's vocabulary.

When asked to give the color of two horses he admitted having borrowed without the owner's consent, the man said one was a "goyer" and the other was "maroon."

FORT WORTH—(AP)—(USDA)—Cattle—compared week ago: beef steers and long yearlings weak to 1.00 and more lower, light yearlings 1.00-2.00 lower, cows around 1.00 lower, bulls 50¢ off, stockers and feeders 1.00 and more lower. Week's tops: good beef steers and yearlings 26.50; choice lacking, beef cows 17.75; bulls 17.00, closing top 16.50, feeder calves 21.00. Week's bulkers: good beef steers and yearlings 22.50-26.50, medium

Navy Department Awaits Decision Of Texans On Fate Of USS Texas

WASHINGTON—(AP)—The scrapping of the battleship New Mexico brings to mind pending negotiations which contemplate eventual use of the USS Texas as a museum and shrine memorializing Texas war dead. If those negotiations should fail, the Texas undoubtedly will end up in the junk yard like her sister ship.

Navy Department officials, questioned about the status of the battleship Texas historical shrine project, say they are awaiting word from the Lone Star state as to when the ship can be delivered. She is now tied up at Hawkins Point, in Chesapeake Bay near Baltimore, Md.

Postmaster Announces Air Mail Schedules

Effective October 1, air mail must be deposited in the Midland Post Office by the following times in order to make the five outgoing schedules with which the city is served. Postmaster N. G. Oates announced Saturday:

9 a.m.—Points East, North, West—direct to El Paso, Tulsa and Denver.

9:30 a.m.—Amarillo, Fort Worth, San Angelo, Austin, San Antonio, Houston, and other points East, South and North.

1 p.m.—San Angelo, San Antonio, and points East, South and North.

2 p.m.—Abilene, Fort Worth, Dallas, San Angelo, Austin, Houston, and points South, East and North.

6 p.m.—El Paso, Denver, Fort Worth, Dallas, San Angelo, Austin, Houston, and points South, East, North and West.

VISITING DAMRONS
Mrs. Robert D. McClanahan of El Paso is visiting Mr. and Mrs. J. R. Damron, 1103 West Kentucky Street, here. Mrs. McClanahan is the former Miss Mary Jo Wood of Midland.

It is proposed that the Texas be berthed in the Houston ship channel, within the shadow of the San Jacinto Monument. There she would be open for guided tours so that Texans from Dallas to Brownsville, El Paso to Texarkana, could inspect the gallant 33-year-old warship.

Rated as an "OBB" by the Navy because she is obsolete compared to the USS Missouri, Texans view her still as a formidable queen of the seas, the ship that climaxed a long service record in a furious exchange of gunfire with German shore installations during the Normandy invasion. She came out of that battle with her bridge shattered but still going strong, then helped finish off the Japanese in the Pacific.

Cost Estimates High
The idea of making the battleship a Texas shrine has met enthusiastic approval—but the catch is the question of money. Estimates on the cost of dredging a slip in which she can be permanently berthed run as high as \$175,000. A lesser problem is that of annual maintenance costs, ranging variously from \$18,000 to \$50,000. Admission fees at 10 cents to 25 cents should pay for painting and for personnel to handle affairs.

The Texas Legislature failed to provide the money. Gov. Beauford Jester named a commission, headed by Lloyd Gregory of Houston, to study means of raising cash. A state-wide campaign among school children to toss pennies, dimes, and quarters into the fund, already launched by school youngsters in the Gulf Coast section, has been proposed.

Manned By Standby Crew
Meanwhile, the federal government is out considerable expense while waiting for Texans to act. Now manned by a standby crew of three officers and 96 men, the ship is to be taken to the Norfolk, Va., Navy Yard and readied for her final role. The costs—approximately \$100,000, which Uncle Sam will put up as his share in the undertaking—will cover work such as repainting and sealing off of certain lower deck sections to keep down maintenance costs.

The Navy wants to time the trip from Baltimore to Norfolk so that as soon as the work is done there she can immediately be towed to Texas. The towing has to be done in other than the hurricane season because of the difficulties that could arise if severe weather were encountered enroute.

Texas Must Decide Soon
A Navy official said that the department hopes to have definite word from the Texas commission within the next 30 days as to when Texas can accept the ship. The department has suggested that it be towed down in January and tied up at a temporary berth until the San Jacinto Battleground mooring is ready. In any event, it was added, it should be delivered to Texas prior to next June.

Launched in 1914, the Texas is 573 feet long; at the water line she is 565 feet. Her beam is 106 feet and one inch, so that she barely squeezes through the 110-foot-wide locks of the Panama Canal. Her draft is 32 feet, three inches; displacement 34,000 tons, and speed 20 knots.

Recent Bride

Mrs. Jacob L. Williams, above, was Miss Angela Celestine Peters before her marriage September 21 to Jacob L. Williams in a single-ring ceremony in St. George's Parish Rectory, with the Rev. Frank Triggs officiating. The bride is the daughter of Mr. and Mrs. Ignatius C. Peters of Stanton, and the bridegroom is the son of Mr. and Mrs. J. L. Williams, Jr., of Milford, Iowa. Immediately following the ceremony, a reception was held in the Scharbauer Hotel, with Mrs. A. W. Wyatt, Helen Brinson, and Mrs. Roy D. Sterling serving in the wedding party. Following the reception, the young couple left on a wedding trip to Milford, Iowa. They will live in Midland, where both are employed by the Phillips Petroleum Company.

Angela Peters, Jacob L. Williams Exchange Vows In Ceremony Here

Miss Angela Celestine Peters became the bride of Jacob L. Williams in a single-ring ceremony in St. George's Parish Rectory at 3 p. m. September 21, with the Rev. Frank Triggs reading the marriage vows. The bride, who is the daughter of Mr. and Mrs. Ignatius C. Peters of Stanton, was given in marriage by her father. She wore a Doris original dress of heaven blue crepe fashioned with a self-loop trim.

'Coke' Party Honors Mrs. Essie Berryhill

Mrs. J. B. McCoy, 1405 West Illinois Street, honored Mrs. Essie Berryhill, adopted mother of the OES from Arlington, with a "Coke" party Friday afternoon. Mrs. Lee Thomas was co-hostess.

Following the playing of names, prizes were given and gifts were presented to the honoree from Mrs. Thomas, worthy matron, Mrs. George McDonald, and Mrs. McCoy.

Refreshments were served to the honoree, Mrs. Clyde Hamilton, Mrs. Dewey Pope, Mrs. Sherwood O'Neal, Mrs. John Ficke, Mrs. W. V. Harris, Mrs. J. Wayne Campbell, Mrs. Henry Spangler, Mrs. J. C. Carson, Mrs. Fred Wycoff, Mrs. Bertha Jones, Mrs. Frank Orson, Mrs. Frank Goodie, Mrs. J. O. Hyde, Mrs. Lee Thomas, Mrs. J. B. Wright, Mrs. Minnie Midkiff, and Mrs. McCoy.

Garden Club Council Selects November Flower Show Committee

The Midland Garden Club Council and the entertainment committees of the Midland, Yucca, and Texas Garden Clubs met Thursday morning at the home of the council president, Mrs. A. P. Shirey, 211 South L Street, to make arrangements for the flower show scheduled November 1-2 in the City-County Auditorium.

Bryans-Newland Rites Solemnized In Garden City

Rites joining Miss Bonnell Bryans, daughter of Mr. and Mrs. J. C. Bryans of Garden City, and Jack C. Newland, son of Mr. and Mrs. Cliff Newland of Frane, were solemnized at 7 p. m. Friday in a twilight ceremony at the home of Mr. and Mrs. H. M. Fitzhugh, sister of the bride, in Garden City.

The bride wore a blue wool jersey street-length dress fashioned with an insertion-fitted bodice. Her long gloves were of blue net. She wore a halo hat of black feathers with matching accessories and a corsage of red camellias.

Following the ceremony, the young couple left on a short wedding trip, after which they will live in Frane, where the bridegroom is employed by the Gulf Oil Company.

The bride is a graduate of Garden City High School and is employed by the Union Oil Company of California in its Midland office. Mr. Newland is a graduate of Crane High School and served four years in the Army Air Force.

'Coke' Party Honors Christian College Students

Honoring Miss Betty Zoe Hoefs of Fort Stockton, who is entering Christian College at Columbia, Mo., this year, Miss Mary Catherine Graham, daughter of Mr. and Mrs. W. T. Graham, 102 Butler Street, entertained with a "Coke" party recently. The guest list included Christian College students from Midland. Pictured left to right are: Patsy Lou Arlington; Mary Catherine Graham, the honoree, Sally Secor, Pat Ruckman, Virginia Stewart, and Florence Larsh. Another Midland girl not shown in the picture, who will attend Christian, is Jane Paterson.

Officers Elected At OES Party

The Order of the Eastern Star elected officers for the coming year at a lawn party Wednesday honoring Mrs. Essie Berryhill, adopted mother from the OES home in Arlington, at the home of Mrs. Fred Wycoff, 721 West Kansas Street.

Officers elected were: Mrs. Clyde Hamilton, president; Mrs. Fred Wycoff, vice president; Mrs. Henry Spangler, secretary-treasurer; Mrs. John Ficke, corresponding secretary; Mrs. L. C. Stephenson, parliamentarian; and Mrs. J. B. McCoy, reporter.

Preceding the business meeting, a program was given. Two poems, "If We Know Each Other Better" and "Forgive," were read by Mrs. J. B. Wright and dedicated to the club members. Gifts were presented to the honoree, Mrs. Wright, the retiring president, and Mrs. Hamilton, the retiring secretary.

Edith Wemple Is Feted At Luncheon

Edith Wemple, bride-elect of Hank Avery, was honored Saturday with a noon luncheon given by Helen Armstrong at her home, 1307 West Missouri Street.

The guests included Mrs. A. E. Pettit, Louise Cox, Betty Burnett, Liza Lawrence, Charlotte Kinsey, Elma Jean Nobles, and Eula Ann Tolbert.

Palette Club Meets For Weekly Luncheon

The Palette Club met Thursday afternoon at the clubhouse for a luncheon, with the following guests present: Mrs. Barbara Wall, Mrs. Davenport, Mrs. B. C. Girdley, Mrs. Charles Henderson, Mrs. Stephen Shannon, and Mrs. Charles Gibbs of San Angelo.

WMU Ends Week Of Prayer For State Missions

Friday concluded the Mary Hill Davis Week of Prayer for State Missions, which the Women's Missionary Union of the First Baptist Church conducted each morning, with Mrs. J. M. White, program chairman, and Mrs. Thurman Pylant, WMU president, in charge.

Featuring the week's theme, "Christ—The Answer to the Rural Church," the daily meetings were highlighted with discussions which included "Cooperative Program" by Mrs. John Godwin, "Rural Churches—Their Needs" by Mrs. J. S. Griffith, and Mrs. E. H. Powell, and "Hospitals and Schools of Texas Baptists" by Mrs. Joe Wright, Mrs. George Johnson, Mrs. R. Chanslor, and Mrs. Carl Hyde.

CHILDREN'S SERVICE LEAGUE NEEDS BED FOR SPASTIC CHILD

The Children's Service League has made an appeal for a bed for an eight-year-old spastic child, Mrs. Art Cole announced Saturday, following a meeting Friday at the home of Mrs. L. S. Page, 1305 West Wall Street. A mattress already has been obtained, Mrs. Cole said.

A small deposit is the only down payment needed, because your credit is good at Kruger's.

Good News From Cameron's
The shelves at CAMERON'S PHARMACY are now stacked high with new merchandise you've waited for. A few examples: automatic toasters, waffle irons equipped with heat control, stainless steel coffee makers, and especially hard-to-find Christmas tree lights—the ones that bubble and sparkle. And for the new arrival, Even-Flo nursing merchandise. Yes, at last you can get these nationally known bottles and nipples to keep baby happy at meal time. Also "under the Christmas tree" suggestions—Chanel No. 5, perfume toilet water, and soap.

On Mommy's Day Off
When "mommy needs a rest," just call 855 and ask for Mrs. Freddie Lou Pate. Children of all ages receive experienced care at the MIDLAND DAY NURSERY, 306 N. "D." So mommy can take the day off with assurance that Junior is in good hands. He'll receive well-balanced meals and Ozarka water, besides having lots of fun with other boys and girls. Though usually closed on Sundays special weekend arrangements may be made.

That 'Cared For' Look
Know the quickest, easiest way to get that "cared for" look? Here's how... just call OUR BEAUTY SHOP at 822 and make an appointment for a personalized permanent. Working girls especially need to be sure that their hair will stay neat and well-groomed throughout the day. A permanent adapted to the individual texture and color of your hair, will give it just enough curl for natural softness. No more midnight sessions with the bobby pin box when you have curls that stay curled and look "cared for."

Woolens For Mothers-To-Be
Waiting for the stork? Well, then, here's a suggestion to you personally. Mrs. Edna Rothwell at the MOTHERS-TO-BE SHOP knows how much you want just the right dress. That's why she is anxious to show you this new frock designed by Junior Mom. This dress in 100 per cent virgin wool, is styled with a soft round neck, luxuriant side pleated skirt, and three-quarter length sleeves. A self-trim yoke adds the finishing touch.

School Day Dresses At Franklin's
Readin', writin', and 'rithmetic days are here for the younger set. That means they'll be needing plenty of sturdy, subsalable school clothes. So, take the "Little Miss" by the hand and lead her down to FRANKLIN'S. You'll find lots of dresses styled in gingham and corduroy, to flatter her sweet little figure and priced to make mother's budget happy. Coats are available in a full range of sizes from 2 to 12... fluffy teddy bears and solid colored all wools to keep her warm and comfortable.

More For Your Money
Better refrigeration for less—that's what owning a new Sanitary or Coolerator ice-box means to you. These spacious boxes on display at THE SOUTHERN ICE COMPANY keep food naturally moist and protect health giving vitamins. Costs less, too... both original investment and daily operation. Take advantage of the 10 per cent cash discount, or if you prefer, buy on easy credit terms—there's no interest or carrying charge.

One Look At You
Step up in front of a mirror and take a good look at "Number One." Hundreds of people each day see that reflection when they see you. It may be only a hurried glance, but that impression sticks. Chances are that if your suit or dress is clean and well pressed "Number One" will rate high. The expert operators serving you at HABIT CLEANERS work to keep you well groomed. Colors retain their original lustre, fabrics look like new when cared for the Habit way. Remember—appearance counts.

Three More Days To Save
Only three days left to order personalized Christmas cards at THE BOOK STALL and take advantage of the special 10 per cent discount. A complete stock of custom made cards awaits your selection. Cheerful greetings... finest quality printing and paper... new colors distinguish the cards designed by Rytex. There's also a new Rytex stationery sample book. So stop by The Book Stall and select Christmas cards and stationery that you will be proud to send.

Washable Wall-Tex At Simmons
Having wall worries? Well, weep no more my lady. SIMMONS PAINT AND PAPER COMPANY is prepared to solve your problems. They have, for instance, washable Wall-Tex for kitchens and baths. When this canvas-backed material is applied directly to your walls, it affords complete protection against water marks and grease spots. The children can have a splashing good time in the tub with nary a thought for streaked wallpaper. See it in pure white, green ivy twine, the colorful pink and blue sail boat design, and a variety of other patterns.

Dear To A Man's Heart
If you asked a man the name of the one food nearest and dearest to his heart, chances are he'd reply—steak. There's nothing quite so good as a cut of tender, juicy beef cooked to please. The folks at KING'S ORIGINAL know how much you appreciate really fine food, that's why they work to give you the best. A well varied a la carte menu is served daily from 5:00 p. m. till midnight. King's Original makes the ideal away-from-home dining room.

Three Friends At Singer's
A thimble... a needle... a spool of thread—three of your best friends. Ripped hems and dangling buttons will never catch you unprepared when there's a handy, compact sewing kit "at your service." So here's a helpful hint, visit THE SINGER SEWING CENTER this week and see the leatherette, zipper-guarded kits. Each compact case houses scissors, thimble, needles, and multicolored threads. There'll be no scrambling for the blue, the red, or the green because spools are conveniently displayed so you can see the one you want.

For A 'Home Sweet Home'
How "Home, Sweet Home" is your house? Is it filled with beauty and inviting charm? That means a lot to children and hubby alike. Fresh, glowing upholstery adds that needed something. From the samples available at SANDERS FURNITURE WORKS you can select fabrics to dramatize your home's personality, at a price you'll like to pay. Call 782 for speedy pick-up and delivery service.

Wanna Plant A Lamp
With a tin cup or a precious antique vase, you can make a lamp that everyone will admire... that is, you can if you use a Plant A Lamp from MIDLAND HARDWARE. A few minutes will suffice to adjust the flexible, solid brass stand to the container of your choice, add a shade, some water, cut flowers or a cluster of ivy, and presto—a lamp created by you at a great saving. Because the cord is above water level, there is no danger of water leakage or electrical failure. Plant A Lamp is approved by the Los Angeles Safety Testing Laboratory.

Teenagers' Frocks At Wilson's
Fashioned to the tune of teenagers, Jonathan Logan frocks at WILSON'S rate an anchor in the Fall style parade. Kitten-soft black velvet cut with a deep round neckline, waste-caressing bodice, and a billowing, danceable skirt. Ideal for football games and sports wear... a jovial red and gray plaid woolen, with three-quarter length sleeves and a provocative face-framing hood. See these and many more at Wilson's.

Best In The West
The largest selection between Fort Worth and El Paso—that's what MILLER BROTHERS TRIM SHOP offers you. The shop, at 114 E. Wall (rear), is a wonderland of upholstery fabrics for your car... solid colored satins... gay plaids designed in cotton and plastic fibers... plastic leatherette in a variety of rich shades. You've probably never dreamed that so many handsome materials are available to give your car a new, weather-resistant personality. There's a style and a price especially for you... so visit Miller Brothers soon.

Dorothy Gray Products For Half Price
The half-price sale on Dorothy Gray products at DUNLAP'S lasts just three more days. So, thrifty shoppers, take heed. Here's a chance to select cleansing cream, texture lotion, and orange flower skin lotion for only a fraction of the usual price. Other features at Dunlap's cosmetic counter include safe, pleasant deodorant cologne... fascinatingly feminine perfume powder, and Eau De Parfum by Guerrielle. For a "more lovable you," shop Dunlap's.

In Kruger's Mail Box
"Dear Santa, I'm writing this letter a bit early, but here's why: For a long time now I've wanted a watch, so I thought that if I let you know in plenty of time you might get it for me. I don't care what kind it is, but please choose one from KRUGER'S. They have so many beautiful watches, and all designed by manufacturers who stand for the best quality... Elgin, Hamilton, Benrus, Gruen, Waltham, Bulova, Longines, Mathey, Tissot, Wyler, Mios, and Omega. And Santa, you can take advantage of Kruger's lay-away plan."

'Worldly Food' At The Log Cabin
When you're planning a celebration, think of the LOG CABIN INN on West Highway 80. There, in the private dining room you and your friends can enjoy delicious food prepared by the Inn's capable chef... Italian, Chinese, and Mexican dishes, besides the extra-fine steaks. Music by Jerry Roberts' orchestra begins at 8 p. m., dancing at 9. Open every night except Monday from 5-12. The Log Cabin is Midland's dining-dancing headquarters.

A Recipe For Health
During the winter months ahead, you'll feel better, work better, if you play at PLAMOR PALACE. Cramped, neglected muscles need the exercise bowling will give them... You can still join the Ladies League... so don't be bashful. You'll find lots more women who are "just learning" too. In the friendly, congenial atmosphere at Plamor you can relax and forget your cares. Come down this week and discover what so many folks are finding out each day... B-O-W-L-I-N-G spells fun for you.

Mrs. O. W. Hine: Career Creator For Dozens Of Midland Secretaries

Mrs. O. W. Hine's career is creating careers for others—that is the capacity in which she works at the Hine Business College, 706 West Illinois Street, which she and her husband own and operate. In October, the Hines will celebrate the first anniversary of their school, which began with a class of 29 students and since that time has doubled more than twice.

Mrs. O. W. Hine

The Hine Business College was born in the minds of Grace Hine and her husband when Mr. Hine was stationed at the Midland Army Air Field. After living in Midland two years, they preferred to become Midlanders rather than move back to their Indiana home. They established the school which offers a complete business course—short-hand, typing, accounting, and machine shorthand or stenotyping which interests many students. "Midland is definitely a good place for this type of 'business,'" says Mrs. Hine. "Secretarial work is the thing for a Midland girl, because beginning salaries here rate among the highest in the country."

Demand Exceeds Supply
Mrs. Hine places her students. "At present," she says, "the demand for good stenographers is greater than the supply."

Mr. and Mrs. Hine share the responsibilities of the college. While Mr. Hine handles most of the business, Grace Hine teaches the classes. She has had a great deal of teaching experience, having taught in the Midland public school system two years. She also has practical experience, having worked as a stenographer for petroleum engineers, in real estate and oil company offices, and as secretary to a hotel manager. Her greatest enjoyment comes from teaching, however. She thinks the desire to teach is just born in a person, and she does happen to come from a "line of teachers."

The Hine's home and college are combined in a large, rambling, white, eight room house. Classrooms, each of which seat from 11 to 15 students, are equipped with the most modern fixtures. Aiding Grace Hine in the school are her sister, Mrs. Clara Sonner, and Vivian Jaffertv, Anderson, Huffman, and Johnson Company secretary, who is teaching Business English at the night school.

With day classes lasting from 8 a. m. to 4 p. m. and night school from 6 p. m. to 9 p. m., Mrs. Hine has very little time for outside activities, although she is a member of the Business and Professional Women's Club, of which she is a former president in her hometown. Mrs. Hine, at present, is busy compiling a booklet of the most frequently used oil terms, which oil company secretaries are eagerly awaiting. The booklet entitled "Most-Used Words and Phrases in the Petroleum Industry" is strictly a shorthand book and will be published when the new shorthand manual has been revised. "It will be used as a textbook in our oil dictation course and as a reference handbook for stenographers," Mrs. Hine said.

McCamey News

McCAMEY—Mr. and Mrs. David Laningham are the parents of a boy, born September 22, at the Cooper Hospital. The baby has been named David Edward.

Mrs. Ralph L. Davis will leave Sunday for McKinney where she will undergo surgery at the veterans hospital.

Mrs. Louis Kefalas of Los Angeles is a guest of her sister, Mrs. L. M. Baesert.

McCamey IOOF Lodge will be instituted on October 11 with members of the San Angelo IOOF Lodge No. 266, as guests. The San Angelo Lodge will confer the initiatory degree upon a number of candidates.

A supper will be served at 7:30 p. m. followed by installation of officers. L. C. Steele, Sr., was elected to serve as first noble grand; J. W. McLean, as vice grand; F. L. Belcher, secretary, and Mack Strong, treasurer.

A Rebecca Lodge is to be installed soon.

Fire Prevention Week Observance To Be Sponsored

The Midland Junior Chamber of Commerce will sponsor observance of Fire Prevention Week in Midland, October 5-11. The Jay-Cee's committee on this project consists of: James Mims, Lawrence Shorck, Bill McGrew, Goodrich Hej, George Cunnam, Otis Buggett and Jack Baker. Plans for the observance call for several out-of-city speakers at various meetings; a poster and theme contest among public school students (with prizes); radio programs; and fostering of fire prevention themes at service clubs.

New School Buildings To Be Dedicated Soon

Midland's new South and West Elementary School buildings will be dedicated officially with special programs and ceremonies October 7 and 8. Supt. Frank Monroe announced Saturday. All present and former trustees of the school district are especially invited to attend. Dr. D. M. Wiggins, president of the Texas School of Mines at El Paso, will be the guest speaker at ceremonies held in the South Elementary building October 7 and in the West Elementary the following night. He also will address the Midland Lions Club October 8. The buildings were opened for classes last Spring, but were not finished completely until recently, Monroe said.

The public is invited to attend the special programs.

Eighty-five per cent of all passenger travel mileage in the United States is by motor vehicle.

LOST 42 POUNDS WITHOUT DIETING

The following remarkable story shows conclusively that Barcetrate DOES take off fat. It contains nothing harmful. In fact, it contains ingredients that make you feel better. No starvation diet—no weakness—no hunger. Barcetrate, the original grapefruit juice recipe takes off fat quickly, safely and you can eat plenty.

Here Is Proof
"When I started taking Barcetrate, I weighed 212 pounds and wore size 46 dresses. Now I wear size 18 and weigh 165 pounds. I started taking Barcetrate in March and by June I had lost 47 pounds. I would have lost more weight had I left off fattening foods, but I was anemic at that time and afraid to diet. People who knew me before I started taking Barcetrate are amazed at the weight I have lost. My flesh is firm; I have never become flabby or wrinkled and I am 40 years old. "Before taking Barcetrate I couldn't do my house work without becoming exhausted; had dizzy spells and my head and back hurt me constantly. I was so short winded, I was miserable. But now all

these things have gone and it is really a pleasure to do the chores I once dreaded.

"Three years ago I nearly died with Typhus fever and it left me anemic and I could never get my blood count up again or get back my energy. After taking Barcetrate my blood count started up and is now normal. So you see why I praise Barcetrate so highly and recommend it. Any praise I can give Barcetrate is small compared to the relief and happiness it has brought me."—Mrs. Eula Whitehead, 509 Harmon, Corpus Christi, Texas.

At All Druggists
The above is one of hundreds of amazing endorsements we have received. If you are overweight and want to take off ugly fat, just go to your druggist and ask for four ounces of liquid Barcetrate. Pour this into a pint bottle and add enough grapefruit juice to fill bottle. Then take just two tablespoons twice a day. If the very first bottle doesn't show you the simple, safe, easy way to take off weight, return the empty bottle for your money back.

The Rev. Earl Rice has moved to Midland to become pastor of the Assembly of God Church, 510 South Baird Street. Mr. Rice came to Midland from Pawnee, Okla., where he preached three years. He is accompanied by his wife, who is active in women's missionary circles, and his daughter, Jeanita.

North Elementary Has Week's Assembly

North Elementary School assembly was highlighted this week by stories reproduced by Susan Hill, Leta Diane Burnside, and Cecilia Hodges. The assembly also featured choral singing and a motion picture, "Songs of the Range," according to Mrs. Gladys Tolbert, principal.

Congratulations To:

Mr. and Mrs. F. S. Lillibridge on the birth, Friday of a daughter, Kathryn Ann, weighing seven pounds, two ounces.

Minstrel-Revue 'Runnin' Hi' To Be Presented Four Nights This Week

The minstrel shows "a thing of the past?"
"Don't answer the question until after you have seen the minstrel-revue, "Runnin' Hi," in the City-County Auditorium Monday, Tuesday, Wednesday and Thursday nights. Is the advice of the show's sponsors?
Through the combined efforts of Midland Community Theatre, Inc., and the Kiwanis Club, the two-hour musical revue and blackface minstrel is presented as a benefit for the Kiwanis Club's underprivileged children fund. The money raised will be used to furnish eye glasses, medical care, special treatment, food and other essentials for underprivileged children of the community.
The saying, "all musicals are alike" does not apply to this show. The original music and lyrics for which were written by William B. Pomeroy, Jr., oil man, who is prominent in Community Theatre productions. The script for a skit, "Daily Broadcast," also was written by Pomeroy.
Many Take Part
Among those taking part in the big production are John DeFord, Wheeler, Patricia Pryor, Barbara Hayden, David Cole, L. W. Meador, Melba Clark, Fred Little, Betty Joyce, Gerald, Joan Wyche, End Wheeler, Patricia Pryor, Barbara Hayden, David Cole, L. W. Meador, Duke Junerson, Norris Creath, Clifford Home, Larry Burnside, Riley Parr, Jess Williams.

GS Leadership Course Results In 10 New Troops, 17 New Leaders

Seventeen women received certificates at the closing session of the 10-hour Group Leadership Course in Girl Scout work Friday, and as a result Midland will have six new brownie Scout troops for girls seven to 10 years of age, three new intermediate troops for ages 10 to 14, and a new senior troop.
The course which began Monday, under the direction of Mrs. I. A. Searles, volunteer trainer, in the Children's Library in the courthouse also has provided leaders for six intermediate troops that were in existence but without leaders.
An investiture ceremony closed the session, and the instructor awarded certificates to the following qualified leaders: Mrs. C. E. Craig, Mrs. C. H. Cavitt, Mrs. John T. Roueche, Mrs. E. D. Williams, Mrs. Jack D. Brown, Mrs. Robert E. Morgan, Mrs. O. C. Arnold, Mrs. Bill Collyns, Mrs. Herchel Murff, Mrs. Neal Marks, Mrs. T. P. Tarwater, Mrs. Howard Ford, Mrs. J. B. Gillham, Mrs. Lamar Eschberger, Mrs. George Grimm, Mrs. R. F. Blackman, and Mrs. Charles Ten Eyck.
Those attending several hours but not completing the course were Mrs. E. D. Shaw, Mrs. S. C. Giesey, Mrs. James E. Sprinkle, Mrs. R. E. Gillispie, Mrs. Aldridge Estes, Jr., Mrs. E. J. Murphy, Mrs. J. C. Rinker, and Mrs. Vernon Bottoms.
Many Girl Scouts
More than 450 girls are active in Girl Scout work in Midland, under the leadership of more than 50 women. Active troops and leaders at West Elementary School, under the organization chairman, Mrs. Jack Wilkinson, are: Brownie Troop 6, Mrs. Robert Morgan; Brownie Troop 20, Mrs. Herschel Murff; Brownie Troop 17, Mrs. J. C. Rinker and Mrs. Bill Collyns; and Brownie Troop 19, Mrs. E. J. Murphy. South Elementary School Brownie troops, under the organization chairman, Mrs. C. H. Cavitt, are: Troop 11, Mrs. Edmund Borys and Mrs. Richard Grace; Troop 18, Mrs. Leland Ball; and Troop 21, Mrs. C. E. Craig; Mrs. C. H. Cavitt, and Mrs. E. D. Shaw.
Nine Brownie troops are in existence at North Elementary School with Mrs. Ben Black organization

chairman. They are: Troop 23, Mrs. Sherwood O'Neal and Mrs. Cecil Waldrep; Troop 24, Mrs. S. C. Giesey and Mrs. Neal Marks; Troop 25, Mrs. E. N. Splars and Mrs. Tommie Henderson; Troop 9, Mrs. R. E. Dupuy and Mrs. Wanda Faubion; Troop 2; Mrs. Jack Hazlip and Mrs. Mabel Shaw; Troop 16, Mrs. Joe Robertson, Mrs. P. C. Mayfield, and Mrs. Charles Ten Eyck; Troop 15, Mrs. George Grimm; Troop 14, Mrs. John Roueche and Mrs. R. E. Gillispie; and Troop 13, Mrs. Jack Brown, Mrs. E. D. Williams, and Mrs. Bill Little.
Mrs. J. S. Griffith is organization chairman at the junior high school. Intermediate troops are: Troop 3, Mrs. Howard T. Ford and Mrs. T. P. Tarwater; Troop 10, Mrs. Lamar Eschberger and Mrs. Beckers; Troop 7, Mrs. J. B. Gilliam and Mrs. James Sprinkle; Troop 4, Mrs. Orla Baggett, Mrs. Royce Blackman, and Mrs. Virgil Hamilton; Troop 12, Mrs. I. A. Searles; and Troop 1, Mrs. Buster Charlton.
In the senior high school, there are two troops: Troop 8, Mrs. Aldridge Estes, Jr., and Mrs. Don Johnson; and Troop 5, Mrs. J. J. Black and Miss Marianna Moseley.

Here to Study

First German exchange student to arrive in the U. S. since the war is Hermann Nickel, 18, who will study at Union College, Schenectady, N. Y. All arrangements were made for the Wehrmacht veteran by an American minister studying religious problems in Berlin.

STANTON NEWS

The Children's Service League: Its Importance Continues To Grow

Citizens are beginning to realize the Children's Service League is one of the greatest social aids in Midland, league officials said Saturday. Since the league was organized in 1939, its scope of welfare work has widened so much and it has brought light and happiness into so many homes it has become an integral part of the city's social system.

When the league first was organized, its primary service was making layettes, but now that is just a minor service. It distributes clothing to anyone needing it, especially to children, helps people whose homes are destroyed by fire by supplying them with the necessary articles to begin anew, and often pays hospital bills and buys glasses for people who cannot afford them out of their own income. These are the big services but by no means the only objectives.

Sponsors Easter Seals
The Children's Service League works in connection with other welfare organizations, the schools, the county health nurses, and doctors. It sponsors the Easter Seal campaign for crippled children in affiliation with the national, as well as the state organizations, and also helps in the infantile paralysis fund.

The league recently was instrumental in reorganizing the Well-Child Clinic, the purpose of which is to educate parents in better methods of child care and to provide, or stimulate the provision of, continuous health supervision of all children of the community from birth to six years of age. This clinic brings together in cooperative undertaking many public and private health and welfare agencies.

The league operates on small monthly dues from each of the 14 members, plus special donations. Mrs. John M. Hills says the organization finds Midland very cooperative in special appeals. In the recent drive for children's clothing, many donations were received.

Drive Continues
The clothing drive continues, however, because there are dozens of cases still to be handled. Mrs. Hills cites one case of two children still going to school without shoes—and the mornings are very cool. One family with five children (one crippled) an expectant mother, and a father not steadily employed is another case that must be handled by the Children's Service League. The league aids Latin-Americans and negroes, as well as the white people.

With its own building on South Connell Street, the league has storage space, so its present plan is to establish a stock of used clothes to be used when needs arise.

Of the dozen or more charter members, six still are associated with the league. They are Mrs. Cooper Hyde, Mrs. L. S. Page, Mrs. T. S. Jones, Mrs. W. T. Schneider, Mrs. Ralph Fitting, Jr., and Mrs. John M. Hills. Other members are Mrs. Art Cole, Mrs. Fred Cassidy, Mrs. Walter Collins, Mrs. Robert Dewey, Mrs. Robert Fitting, Mrs. J. D. Hatch, Mrs. Alan Leeper, and Mrs. Vaughn Maley.

Officers for the coming year are: Mrs. Maley, president; Mrs. Cassidy, vice president; Mrs. Hatch, treasurer; Mrs. Page, secretary; and Mrs. Hills, treasurer for the Crippled Children's Fund.

West Side HD Club Meets At Calhoun Home

The West Side Home Demonstration Club met Thursday afternoon at the home of Mrs. Edna Calhoun, 510 South Colorado Street, to hear a discussion by Mrs. Lloyd Mills, vice president, on "Ways to Better Our County Fair in 1948."

Following a demonstration on cooking and serving of frozen foods, Mrs. Mills discussed "Fire Prevention" and gave the main causes of fires as reported by the Midland Fire Department.

Those present were Mrs. Dwight Mauck, Mrs. Carl O. Hyde, Mrs. Lloyd C. Mills, Mrs. Ellis Scobey, Mrs. Edna Lodge, Mrs. F. A. Biru, Mrs. Leslie Brown, Mrs. J. D. Webb, Mrs. O. R. Phillips, the hostess, and two guests, Mrs. Calhoun and Mrs. T. L. Crawley.

During World War II when submarines were menacing Atlantic and Caribbean shipping lanes, 1,422,868 tons of sugar were ferried from Havana to Miami (213 miles).

Royal Newlyweds To Spend Quiet English Honeymoon

LONDON—(AP)—The world's most famous romantic couple—Princess Elizabeth and Lt. Philip Mountbatten—may have to be content with a quiet honeymoon in this land of scarcity.

Behind such an enforced expedient, if widespread opinion in well-posted circles proves correct, lies a royal resolution to abide by Britain's revised code of austerity, more severe in some respects than wartime constrictions.

It is known that King George VI has insisted upon fullest economy in the spending of money, the use of materials and facilities, and the employment of labor. Anything less, it is authoritatively reported, would be improper and unfair to a scrupulous public.

Prior to the recent imposition of a ban on all foreign pleasure travel, Elizabeth and her fiancé considered spending at least part of their wedding holiday abroad, possibly in Norway, with Princess Elizabeth's great-uncle, King Haakon. Unofficial reports have it that the king decided against a special dispensation for a member of the royal family.

Trip Too Expensive
A trip to one of the British dominions would fall outside these restrictions, but it would be expensive. What is more, although thrift is the prime consideration, another factor would be a desire scrupulously to avoid any suggestion, however dim, that one part of the commonwealth and empire was being favored over another.

Generally it is assumed that the couple will visit a distant part of the commonwealth, most likely Australia or New Zealand or both, next year, following a custom established generations ago by royal newlyweds.

Rumors that Princess Elizabeth was planning a honeymoon voyage to Australia and New Zealand in the great battleship Vanguard found no substantiation at Buckingham Palace, whose spokesmen treat these reports and others as "absolute speculation."

No Clue On Location
The royal couple alternatively could avail itself of the repeatedly expressed hospitality of New Zealand, Canada and South Africa, or of one of several American invitations. Here, too, however, the same frugal restraints obviously apply.

Thus in the end, the choice probably will be a country house, in the usually more clement south of England, which would be offered by friends of the royal family for as long as the couple wished to remain in it.

Official comment has been limited to the absolute disclaimer: "We haven't a clue where they will spend their honeymoon."

The public may not know where Princess Elizabeth and Lt. Mountbatten are going until they actually have arrived at their destination.

Attend Home Demonstration Convention

Mrs. B. L. Mason, right, of the Valley View Home Demonstration Club; Mrs. L. H. Moncrief, center, West Side HD Club; and Mrs. M. G. McConal, Prairie Lee HD Club were the Midland County delegates to the annual convention of the Texas Home Demonstration Association in Galveston last week. They are to return to Midland this weekend.

Texas Lawmakers Visiting Europe Report Many Interesting Sidelights

By TEX EASLEY

WASHINGTON—(AP)—Letters of Rep. Bob Poage of Waco give an excellent and informal presentation of what traveling lawmakers see when they go abroad.

Currently traveling in Europe with a "Home Agriculture Subcommittee" studying food production there, and the need for food imports, Poage wrote his wife on their first stopping point in the Azores. Although they stopped there only for gas and lunch, he drove with an army officer about the island, which he noted is covered with small farms, bordered with big rock fences.

He wrote from Berlin that, while the downtown area is in ruins, many of the suburbs of the city are virtually undamaged. Writing from Vienna, Austria, he said:

Visits Hitler's 'Eagle Nest'
"There is a substantial amount of damage here but not the great area you see in Germany. There are crowds on the streets and while everything is closed today (Sunday) there are lots of stores that evidently have a substantial amount of goods. In addition, the drought that is destroying German crops is not nearly so severe here, although things are dry here, too."

Writing from Munich, Germany, and telling of the beautiful Bavarian Alps, he related:

"We went up to Hitler's 'Eagle Nest' and saw the ruins of his home and of the SS guard barracks. Then we drove 150 miles, recrossing both the Austrian and the German lines through some magnificent country."

With Midland Teen-Agers

Being with the teen-agers really can be fun! Especially when you have a "Girl Friday" like cute Sue Johnson. Sue led me at a fast pace Friday night when we attended the week's big event, the football game between MHS and Austin HI of El Paso. The activities that go on in the student section—jumping up and down on bleachers, yelling at the very tip-top of lungs, waving at the friends, and seeing who's who—are so breath-taking it is difficult to see what is going on, but these are the sights I observed:

The first people to catch the eye are the cheerleaders, of course: Betty McCain, Norma Jean Hubbard, Lucile Wemple, Bob Short, and Bob English almost led the team to victory Friday night with the yells they gave forth. Seen in the cheering section were such familiar faces (to Sue, of course) as Frank Allen Robertson (Pancho), Roy Mann, and Bobby Woods. Jeralyn Jowell was wearing the cutest white sweater fashioned with a rib waist culminating in two tiers—the "n-w look."

Jimmy O'Neal and Bobby Holt couldn't help but catch the eye with the orchid sport shirts they wore. Allen Olson and Richard Blackwell were creating quite a disturbance with the bubbles they were blowing—the kids couldn't burst them because they were made of plastic.

Cute couples—Joe Anderson with Pat Hoppe, Alec Oates with Jean Devereux, Dennis Rhodes with Jo Ann Nelson, Peggy Charlton with Billy Briggs, and Joe Mabee with Jean Blackwell.

Charles F. Mathews, who is at the helm of the good ship MHS, was seen giving his support to the team. Teachers sitting in the cheering section were Miss Moore and Mrs. McGee.

Seen sipping "Cokes" at King's Drive-in, following the game and preceding the big dance at the gym, given by the Student Council, were Feggy Minear with Ken Nichols

and Jo Ann Glass with Eugene May. Losing a game cannot dispel any of the school spirit, so naturally everybody attended the all-school dance following the game. Among those seen at the dance were Toyah Chaple and David Anguish, Raymond Doyle, Jimmy Vaughn, Al Scoggins, Sarah Hunter and Bobby Cole, and scores of others. Then I lost my "Girl Friday" and later saw her dancing with Jimmy O'Neal.

Bobby-sox dominated the dance. Barbara Hayslip looked very cute in a yellow turtle-neck sweater and Rosalyn Leggett's blouse and skirt effect was charming.

It was lots of fun. See you next week.—Beverly.

In Oslo, Norway, he wrote: "We went into the dining room and sat down. The waiter brought us bread and butter and then left. We kept waiting only to find out after awhile that we were to go to the center of the room and help ourselves to the Smorgasbord. We went and looked—cold tongue, sardines, other fish and some tomatoes.

"The result was we did not eat breakfast, but we can hardly be said to suffer as we have had so much to eat everywhere. We have been telling these people their propaganda is bad, if they want us to understand they were in need of food they ought not to feed us so much."

Another Texas congressman traveling over Europe is Rep. George Mahon of Colorado City and Lubbock, who is with a special committee studying economic conditions in general in relation to appeals for more U. S. loans.

Using All Available Land

Excerpts in a recent report he sent from Europe:

"In going by train 70 miles from the port of Southampton to London, I was struck with the intensity with which the land is cultivated. The grain was off the wheat fields but many other crops were growing. However, they were not growing very well because England is in the midst of a terrific drought."

"In suitable areas the British are using such places as the right of way on the railroad for countless little gardens, and they are well cared for. I went out in the country and met with what we would call the AAA committee for one of the counties.

"A farmer in England has to cooperate with the government program. If he fails to do so the government can take over his farm; but the farm committee explained that they had encountered no serious trouble in securing cooperation."

FFA Boys Pick 16 Lambs For Spring Stock Show

By PANSY BURRUS

Have you ever spent a day with the FFA boys? I have, and what a day! I've often wondered what the Future Farmers of America do on field trips. Now I know.

The FFA boys went on a field trip to the Dick McKiff Ranch Tuesday morning to select 16 lambs for the stock show next Spring. Barbara Brashears and I went along.

We went in the old Cotton Flat school bus which has no seats in it. Therefore, we sat on boxes, boards, just anything we could find. The bus was but a flimsy frame on a junk pile but it still runs and never misses a bump.

Mr. Middiff, owner of the ranch, has about 1,900 sheep. He said the lamb crop was lighter this year than last year.

The return trip was even more crowded due to the added presence of 16 lambs. And most of us turned to our fourth period classes with a rather "sheepish" smell.

Boys who went to the ranch were: James Lanus, Leslie Phillips, Norman Drake, Don Bizzell, Archie Row, Bobbie Manning, John Middiff, W. B. Franklin, Robert Melton, Jerry Culp, James Lester, Alton Scroggins, J. R. Cuffman, vocational agriculture teacher, sponsored the trip and helped in selecting the lambs.

Midland Violinist Plays On Assembly Program

Miss Glenda Johnson, Midland violinist, played four selections on the assembly program Tuesday morning. She was accompanied by Mr. Homer Meek. Miss Johnson attended North Texas State Teachers College in Denton, was graduated from Texas Christian University in Fort Worth with a bachelor of arts degree, and spent six months with McMillian in New York.

Neal Adams had charge of the program, in which three students from the speech class of Miss Verna Harris participated.

Bob Short started the program off with an uproar of laughter from the audience. His speech was on "Phonetic Punctuation." He made sounds for the punctuation marks and told a story using the sounds.

Donald Droppelman gave an impromptu address of a negro preacher. Joe Anderson assisted him from the audience.

Virginia Breedlove gave a reading entitled "Angelina."

Club News

THE SPANISH CLUB. Los Habla-dores, held its first meeting Thursday with 21 members present. The club elected officers.

President is Toppa Chapel; vice president, Sarah Lew Link; secretary, Peggy Lou Watson; treasurer, Carolyn Schaffer, and reporter, Janice Slough. No English will be allowed during club period. Members will be fined for using it. Miss Minnie Jackson is club sponsor.

THE HOME ECONOMICS CLUB elected a reporter, Lady Kidwell, and a song leader, Martha Olliff, this week. Helen Harrison, Joyce Brown, Margaret Yates, Loweta Wreyford and Virginia Brooks were appointed on the social committee. The club decided to make Jackies, elected a Year Book Committee, and discussed plans for a summer party.

Alfred Reeves was elected president of the DISTRIBUTORS CLUB in the initial meeting Thursday. Don Smith was elected vice president, Laura Jobe, secretary, Neyla Jo Lee, reporter, and Wiley Ehrldge, sergeant-at-arms. The club members have ordered blue gabardine jackets with yellow lettering. The first project is to submit for State Constitution for the Associated Distributors of Texas. There will be an executive meeting Thursday night to plan this year's program.

THE DEBATE and Extemporaneous Speech Club has elected club officers. Harry Rolskamp is the new president. Maurine Denton is vice president; Lucille Wemple, secretary-treasurer; Frances Puett, reporter; and John Talbett, sergeant-at-arms. The club members discussed this year's debate topic: "Resolved: The federal government should require arbitration of labor in all basic American industries." Miss Weaver, who is in charge of the club, says she hopes by next year to be able to offer debate and extemporaneous speech as a credit course.

Francis Cobalt James Ireland, called the LATIN CLUB to order minutes of the last meeting. Joanne Glass was selected Musica (song leader) for the club.

Miss Lucy Moore, sponsor, offered suggestions for an assembly program to be presented later. James Ireland appointed an assembly committee to work on the program. Committee members are Bet Stuard, Joanne Glass, and John Stemburker.

Mona McGraw, program chairman, reported on the Junior Classical League, a national organization composed of secondary schools all over the nation. Anyone in school with a genuine interest in the classics is eligible for membership. There are no dues. The official insignia is a laurel wreath around a torch, with the letters J. C. L. inscribed below. A majority of the Latin Club members plan to join the Junior Classical League.

The Latin Club may sponsor a Roman banquet for the members later in the year.

A dairy cow requires about 150 more man-hours of labor per year than any other farm animal.

Motor vehicles scrapped in the United States in 1925 averaged 6.5 years old while those scrapped in 1945 averaged 12 years old.

Some Students Cheat Themselves
An Editorial
Why do we attend class every day? How many students have asked themselves this question?

Some, it seems, go because they have to. When they get to class they proceed to settle down and take a short nap. If they aren't sleepy, they make so much noise in class that the other students can't study or learn anything.

Fortunately there are many who sincerely try to learn by paying attention. A boy or girl may think, "It just doesn't interest me, why should I bother with it?" This person should realize that he, by thinking this, is cheating only himself.

There are always a few who never take advantage of their opportunities. In any case, they probably will realize their mistakes too late to do much about them.

The students who are willing to learn and work for their knowledge will later find it very worth their while.

Former Graduates Attend Colleges

Diana Debnain, who moved from Midland last spring, is attending a high school in Brazil.

Sally Secor, a graduate of 1946, is attending Christian University in Columbia, Missouri.

Billie Jean Jones has begun her second year at Baylor University in Waco. Billie is a graduate of 1946. She is majoring in speech.

Barbara Brown, Virginia Dungan, Mary Frances Phillips and Bert Conley, are sophomores at Hardin-Simmons University in Abilene. They were graduated in the class of 1946.

Catherine McDonough, Bobby Statton, Joan Chapman, Stanley Hall, Billie McKee, and Billy Dillon, graduates of 1946, are attending Texas Tech in Lubbock.

Mary Nell Caselman and Ann West are attending Stevens in St. Louis, Missouri. They were graduated in 1946.

Bill Brown, who was graduated in 1946, is enrolled in Texas A&M at College Station.

Rosemary Johnson, graduate of 1946, has been receiving nurse's training in Lubbock until recently. She became ill and has discontinued her course.

Two In Oklahoma
Billie Urlice, a graduate of 1946, is enrolled in Oklahoma University in Norman, Oklahoma.

Faye Shelburne is attending her third year at Oklahoma Baptist University in Shawnee, Oklahoma. She was graduated in 1944.

Doris Denton is attending Texas State College for Women in Denton. She is a graduate of 1946.

Audie Merril is now in her second year at McMurry in Abilene. Audie is a 1946 graduate.

Grace Baker is attending Texas Christian University in Fort Worth. She was graduated in 1946.

Paul Morrison and Richard Berry are enrolled at Texas Tech in Lubbock. They were graduated in 1945.

Henry Scott, a graduate of 1943 is attending Hardin-Simmons University in Abilene. He is a ministerial student.

Neida Ruth Norton, a graduate of 1945 has entered the nursing school at Bellevue Hospital in New York City.

Jannene Traverser is attending Draughon's Business College in Dallas. She is a 1947 graduate.

Little Bulldogs Take Stanton 19-12
Thursday's game gave us another example of the "Little Bulldogs" stamina, when they took the Stanton High ninth graders 19 to 12. Midland scored first and passed over for the extra point. Stanton retaliated with a score but failed to make their point. Both teams scored in the second quarter, but failed to make the extra points. There was no score in third quarter. Midland scored again in the fourth.

The Junior High Bulldogs played their first out of town Thursday afternoon, tangling with the Seminole Junior team in Seminole. The score was a tie up, 6-6.

Next Thursday the "B Boys" of the Bulldogs will battle the "Boo-cats B Squad." The Bulldogs showed up well in their game at Odessa and are expected to be somewhat improved for this week's tilt.

"Mole" Price, B squad back who received an injury in a scrimmage with Monahans Wednesday, will miss a few days practice, but is expected to be back in shape in time for the Angelo game.

P-TA Honors Faculty With Reception
The Parent-Teacher Association honored 27 teachers of Midland High School with a reception at North Elementary School at 7:30 p. m., September 23.

Mrs. Tom C. Bobo, program chairman, introduced Mr. Monroe, superintendent, who spoke on "Human Relations." He stressed the importance of the close connection between the home and school.

Mr. Mathews, principal, introduced the Midland High School teachers. Mr. Bissell, P-TA chairman representative, gave a talk on plans for a Junior Canteen. The P-TA goal for this year is a Junior Canteen for Midland.

Who's Who

This week it's Bill Gilmore, the newly-elected editor of the 1947-48 Cataloc. Bill's a senior, 16, with blue eyes and blond hair. He is five-foot-eight and weighs 130 pounds.

Bill moved to Midland from Penwell when he was in the first grade.

Since then he has taken a prominent part in school activities. Last year he was assistant editor of the Cataloc.

This year Bill is taking English, solid geometry, algebra, physics, typing, and physical education. Mr. Mashburn is his favorite teacher. His pet gripe is tests or exams.

Green is his favorite color and fried chicken his favorite food. He likes swimming and football and has gone out for football, basketball and track for the last few years. He says he likes to spend his spare time "loafing and running around with the gang."

Gilmore does not know where he will attend college, but he plans to study engineering. His ambition is to be a sanitary maintenance engineer.

His hobbies are athletics and collecting stamps. He also takes part in dramatics. He played the part of George Bigelow in the Community Theater's play "What A Life."

Football Boys Answer To Most Any 'Handle'

As the football boys walk down the halls, you are very likely to hear them called some unusual names.

Some of the boys with nicknames are: "Dunny" Goode, "Gorilla" Little, "Highchair" Hightower, "Concrete" Moncrief, "Out-House" German, "Cap'n" Deel, "Massive" Scroggin, "Hike" Hyatt, "Pul" Whitson, "Red on the Head" Pritchard, "Gold Dust Twins" Spaw and Roberts, "Lung Boy" Dunn, "Little Earl" Ward, and "Bone-Crusher" Hamblet.

The following additional names have no improvement over the first list: "Steeve" Stevens, "Stringbean" Richardson, "Hubba" Morrison, "Dum-Ditty" Messersmith, "Snack-over" Buckingham, "Moocher" Henderson, "Red John" Morrow, "Ken" Goode, "Blubber" Clarke, "Lefty" Lettwich, "Rabbit" Vellin, "Bandana" Branham, "Poot" Filler, "Scott" Ruckman, "Tater" DeVore, "Handsome" Miller, "Dee-Dee" Bevins, and "Ose Joe" Cooper.

The football boys even have nicknames for the managers of the team, "Coxie" Cox and "Prog-boy" Francis. The origin of these nicknames is a mystery that probably never will be solved.

Band And Drill Squad Salute El Paso Team
The Midland High School band and Drill Squad made colorful formations during the half at the football game Friday night between the Midland Bulldogs and the Austin High Panthers of El Paso.

The first formation consisted of the letters A and H, representing Astin High. The second formation was a bass clef made by the band and the treble clef made by the drill squad. The band played "Music in the Air."

The cheer leaders of Austin High School, El Paso, were present Friday afternoon at a pep rally at Midland High School.

J. W. McMillian, president of the Boosters Club, spoke to the group, preceding a short talk by Coach Gill.

The Student Council entertained with an all-school party in the Midland Gym after the game.

LIBRARY RULES ON DISPLAY
The rules of the Library are on display on the Library bulletin board. These rules are for the benefit of the freshmen and new students. They should be helpful for everyone.

Mrs. McMillian Gives Party For Room Mothers

Mrs. Guy McMillian, Midland High School room mother chairman, was hostess at a "coke" party for room mothers in her home at 1201 West Illinois.

Senior room mothers are Mrs. J. C. Velvin, Mrs. Y. D. McMurry, Mrs. N. B. Winters, Mrs. R. T. Gernan, Mrs. Forest Hunter, Mrs. J. C. Mayes, Mrs. H. A. Ireland, Mrs. Hugh L. Johnston, Mrs. Nelson Puett, Mrs. John Scroggin, Mrs. C. H. Sheppard, Mrs. L. B. Pemberton, Mrs. J. M. Devereux, Mrs. W. H. Ground, Mrs. John Caselman, and Mrs. A. L. Cowden.

Mrs. Peyton Anderson is general chairman of the senior room mothers. Other chairmen are Mrs. Velvin, Mrs. Hunter, Mrs. Puett, and Mrs. Devereux.

Junior room mothers are Mrs. Roy McKee, Mrs. W. H. Pryor, Mrs. W. F. Frotho, Mrs. G. W. Lynch, Mrs. James Fitzgerald, Mrs. R. C. Hoppe, Mrs. B. P. Guyton, Mrs. Ted Green, Mrs. W. A. Schaeffer, Jr., Mrs. Bill Wyche, Mrs. R. A. Whitson, Mrs. Paul Smith, Mrs. Roy Douglas, Mrs. F. R. Blackwell, Mrs. Albert Downing, and Mrs. C. A. Clarke.

Mrs. L. D. Link is general chairman of the junior home room mothers. Other chairmen are Mrs. McKee, Mrs. Fitzgerald, Mrs. Schaeffer, and Mrs. Douglas.

Sophomore room mothers' chairmen are Mrs. J. T. Morrow, Mrs. Frank Ashby, Mrs. Bill Studdert, and Mrs. C. W. Chancellor. Others are to be announced later.

Freshman room mothers are Mrs. Arnold Scharbauer, Mrs. Leif Olson, Mrs. G. W. Stice, Mrs. R. E. O'Donnell, Mrs. W. H. Gilmore, Mrs. Earl Chapman, Mrs. Al Borling, Mrs. George Abell, Mrs. Walter Anushin, Mrs. Bill Franklin, Mrs. Holt Jewell, Mrs. Winston Hull, and Mrs. Don Johnson.

Mrs. Bill Franklin is general chairman of the freshman room mothers. Other chairmen are Mrs. Scharbauer, Mrs. Gilmore, Mrs. Chapman, and Mrs. Franklin.

Foods Class Plans Season Settings
The second period foods class under the direction of Miss Clyde Parmley has been making a study of salads and entertainments. The girls had an entertainment Friday with each group choosing a different season and preparing salads, place settings, and decorations, accordingly.

Genor Brown, Patsy Collings, and Sarah Hunter chose the Halloween season.

Betty McCain, Joan McDonald, Nancy Gray, Loretta Russell, Mary Lee, Tunks, and Nelnie, Colburn chose the Christmas season.

The Valentine season was chosen by Jo Lucas, Dorothy Wolfe, and Nada Bramlett.

Irises should be dug and divided every four or five years.

Frank Monroe Names Committee Members

Frank Monroe, Superintendent of the Midland Public Schools, announces the appointment of members of the Distributive Education Advisory Committee for the year 1947-48.

Members are C. W. Chancellor, West Texas Office Supply; J. A. Adcock, White's Auto Stores; J. M. Cox, Harris-Luckett; E. P. Eubanks, Eubanks Wholesale Auto Parts; T. S. Henderson, Safeway, and C. F. Mathews, principal of Midland High School.

This committee is to serve as a consulting and advisory board to school officials and the coordinator on the problems of planning and operating the Distributive Education Program in Midland High School.

Personals
Roy Douglas injured his leg in football practice Monday afternoon and was out of school for the week.

Gerald Kubic withdrew from school Wednesday to join the Marines.

Fred Dunn was out of practice last week due to a knee injury.

Gordon Reigle, former student, is attending the Army-Navy Academy at Carlsbad, California.

Richard Berry, Paul Morrison, Stanley Hall, Jack Cox and Ervin Reer are home from Texas Tech for the weekend.

Marie Olliff went to the hospital Thursday morning to have her tonsils removed.

Moe Price was hurt in the scrimmage with Monahans Wednesday.

FRESH BLOOD A MUST FOR FREE ENERGY
Do you feel like you are tied to a drag every time you try to do something? If so, don't let a low blood count hold you down when you may release vibrant energy to every muscle fibre, cell.

Every day—every hour—millions of tiny red-blood-cells must pour forth from the marrow of your bones to replace those that are worn-out. A low blood count may affect you in several ways: no appetite, underweight, no energy, a run-down condition, lack of resistance to infection and disease.

To get real relief you must keep up your blood strength. Medical authorities, by analysis of the blood, have positively shown that SSS Tonic is amazingly effective in building up low blood strength in non-organic nutritional anemia. This is due to the SSS Tonic formula which contains special and potent activating ingredients.

Also, SSS Tonic helps you enjoy the food you eat by increasing the gastric digestive juice when it is non-organically too little or scanty—thus the stomach will have little cause to get balky with gas, bloating and give off that sour food taste.

Don't wait! Energize your body with rich, red-blood. Start on SSS Tonic now. As vigorous blood surges throughout your whole body, greater freshness and strength should make you eat better, sleep better, feel better, work better, play better, have a healthy color glow in your skin—firm flesh fill out hollow places. Millions of bottles sold. Get a bottle from your drug store. SSS Tonic helps Build Sturdy Health.

See the Kiwanis-Community Theatre minstrel revue "RUMIN' HI," Sept. 29-30-Oct. 1-2.

Odd Hair Shades Are Latest School Fad

Does anyone in Midland High School have natural-colored hair? Practically every hue has been displayed in new hair colors.

Blonde is the first choice. Next comes brunette.

Some bright character is running around with green hair. Red is evidently out of season now.

Some have two-tone combinations, such as a poroxid top with the rest natural brunette, or quite the opposite—a black top with the rest a natural blonde.

Some of the football boys are getting a free spotted dye-job from their helmets. Fortunately for them, the helmets fade gold and not purple.

Home Room 204 Elects Staff Of Red-Heads

Room 204 elected the following home room officers Wednesday: Mona McGraw, president; Edwin Pritchard, vice president; Betty Richards, secretary-treasurer, and Charlotte Schaefer, reporter.

The class' aim to elect all red-headed executive was almost reached. The only non-red-head is the reporter.

One-Pound Baby Has Good Survival Chance

LOGAN, W. VA. — (AP) — Physicians at the Cudden Clinic gave a one-pound baby girl a good chance to survive when her heart and lung action continued good 36 hours after her arrival.

Attendants have not attempted to put the infant onto scales for fear of endangering its life, but Dr. R. B. Mabry, obstetrician, said it weighed "no more than a pound. Hardly larger than a man's hand, the baby was born more than three months prematurely.

One-tenth of Great Britain's total bread production is home-baked.

LANDLORDS' EXPENSES RECEIVE CONSIDERATION

To carry out provisions of the Housing and Rent Act of 1947, rent officials will give more consideration to landlords' increased costs, according to Don Seale, area rent director for Midland.

"This means that where services cost more, or furniture and equipment are higher, or when any other factors substantially change the ratio between operating costs (excluding interest) and the gross rental income, the new regulations permit rent increases," Seale said.

If we could broadcast a radio message to the nearest star, it would take more than four years for the sound to be received there.

42 Years Of Service

1903 Honeymooning—1908 1947
Dr. John B. Thomas, pioneer physician-surgeon and community leader, has retired to enjoy his hobbies after serving Midland for 42 years. He came to Midland derby hatted in 1903. Dr. and Mrs. Thomas honeymooned at Niagara Falls in 1908.

"A derby hat, horse and buggy, and a little moustache were my sole possessions when I first came to Midland," recalls Dr. John B. Thomas, recently-retired pioneer physician who has served as one of Midland's community leaders, and as a surgeon and doctor for more than 40 years.

Doctor Thomas was invited to come to Midland from Abilene in 1903 after performing a major operation rarely done successfully at that time. This operation made medical history as the first of its kind ever performed in Texas west of Fort Worth.

"Major operations were formidable affairs in those days," Doctor Thomas said. "A high mortality rate was expected. People made out their wills. But my cases were successful, and I was able to go on from there. Young doctors should realize the importance of the results in handling their first cases in any locality."

West Texas is home to Doctor Thomas. He was born and reared in a family of six on a farm and ranch near Abilene. His early education was in public school. After attending Simmons College, he decided on a career as a physician and took his M. D. degree from the Medical School of the University of Texas in 1902. He returned to his beloved West Texas and began practicing in Abilene, until he accepted the invitation to come to Midland in 1905.

At Big Spring, during his early practice he met Miss Read Hurt, a doctor's daughter, whom he married in 1906.

Doctor Thomas was active in the growth and development of Mid-

land along with his practice. In 1927 he built the first modern and completely equipped office building constructed in West Texas at that time. The Thomas Building attracted the first influx of oil company personnel to Midland. The two top floors were constructed and equipped for hospital purposes. Later, these were closed in connection with his retirement.

As a pioneer citizen in a town which had no paved streets and a population of only 1,500 in 1905, Dr. Thomas was active in seeing that good schools should accompany the growth of population in Midland. He served on the board of education 20 years, holding the office of its president several years. He helped organize the Lion's Club, the Midland Country Club and the Midland Memorial Foundation.

Five years ago, a study by the Midland County Public Health Council brought out the need for a general hospital in Midland. Thomas was among the 25 charter members selected by the Chamber of Commerce to set up the Midland Memorial Hospital Foundation.

An Unusual City
"There are more people with college degrees living in Midland than in any other city of comparable size in the world. The majority of oil company employees are specialists in their fields. Midland is an unusual and talented town."

Midland is the Queen City of the South Plains," Doctor Thomas says enthusiastically.

"But," he continued, "there is one thing Midland lacks more than anything else... a modern hospital... a general hospital for the sick and injured of all creeds and races... a hospital in which no doctor or group could have unreasonable advantage over the others. The proposed Midland Memorial Hospital to be operated with open staff and on a non-profit basis is set up just that way. I would like to see young doctors have the benefits of practice that I never had in my early days in Midland."

In the interest of modern prac-

ice and the best, Doctor Thomas made frequent trips to the North and East where he did postgraduate work. He was made a Fellow of the American College of Surgeons in 1919, one of the most honored positions to be held by surgeons. He was admitted to Alpha Omega Alpha honorary fraternity at the University of Texas.

Doctor Thomas' plans for retirement were made before World War II, but the scarcity of doctors during the war required his continued service. His only son, John B. Thomas, Jr., of a family of four, was killed in action in Germany in 1945. Doctor Thomas had high hopes of his son's carrying on for him, but on report of his death, he immediately made plans for retirement and announced his withdrawal from practice in July, 1946.

Still active and energetic, hobbyist physician Doctor Thomas can tell funnier stories than anybody and has turned author. He began to accumulate stories he heard around Midland about 20 years ago. His collection became so voluminous that it was published in a book entitled, "Selected Stories, Quotations and Aphorisms." The Saturday Evening Post snapped up some of the choicest humor, paying Doctor Thomas monetary tribute. He recalled an order for a copy of the book from a doctor who wrote, "I'll bite. Here are my two dollars. I never thought a doctor could ever be funny."

Red Cross Building Is Moved Into City From Air Terminal

Midland's American Red Cross chapter now has a building of its own.

The building was moved Saturday from the Midland Air Terminal to a lot on Indiana Street, at the south end of A, and as soon as remodeling is completed will become the chapter's headquarters.

G. W. Brenneman is contractor for the remodeling work, which is expected to be completed by November 1. Mrs. Lillian M. Corbett, executive secretary, said.

The building, formerly headquarters for the Red Cross at Midland Army Air Field, was donated to the Midland chapter by national headquarters of the organization, but the Midland chapter is bearing the expense of moving it into the city, purchasing a lot, and remodeling the building.

Until the building is ready for occupancy, offices of the Red Cross here will continue to be maintained on the second floor of the courthouse, Mrs. Corbett said.

Coming Events

MONDAY
The United Council of Church Women will meet at 3 p. m. in the First Methodist Church with Delbert Downing as guest speaker, and special music presented by Mrs. Holt Jowell at the organ and violinist Glenn Johnson, accompanied by Homer Meek, Jr.

TUESDAY
The Recent Graduates Group of the AAUW will meet at 8 p. m. in the home of Louise Fillman, 706 North H Street.

The Vestry meeting of the Trinity Episcopal Church will be held at 7:30 p. m. with a discussion of the 1948 budget scheduled.

WEDNESDAY
The Woman's Wednesday Club will open its Fall season at 1 p. m. in the home of Mrs. Robert M. Turpin, 811 Cuthbert Street.

The Play Readers Club will meet with Mrs. W. Y. Penn at 3 p. m. Mrs. Charles Klapproth will read.

The Presbyterian choir will practice at 7:30 p. m.

THURSDAY
The Midland Garden Club, which will meet at 9:30 a. m. in the home of Mrs. R. T. Germon, will feature a discussion on "Landscaping at the Front of the House" by Mrs. Jim Mascho. The meeting is being called 30 minutes early to discuss the flower show.

The Palette Club will meet Thursday at the clubhouse.

The choir of the Trinity Episcopal Church will practice at 7:45 p. m.

FRIDAY
The Belmont Bible Class will meet at 3:30 p. m. in the home of Mrs. R. Chanslor, 605 West Ohio Street.

The Home Demonstration Council will meet at 2:30 p. m. in the assembly room of the courthouse.

SATURDAY
The 4-H Council will meet at 10 a. m. in the assembly room of the courthouse.

The Children's Theater will meet in the City-County Auditorium at the following times: Group 1 at 4:30 a. m.; Group 2 at 1:30 p. m.; and the Junior Workshop at 3:15 p. m.

There are more than 300 million cubic miles of ocean.

Shower Honors Stanton Bride

STANTON—Mrs. L. C. Gregg, the former Sue Patton, was honored with a bridal shower Tuesday night at the home of Mrs. Frank Roquemore. Co-hostesses were Mrs. Morris Zimmerman, Mrs. Clajer Epley, Mrs. Jack Jones, Mrs. James Jones, Mrs. Morgan Hall, Mrs. Ellmore Johnson, and Mrs. R. A. Bennett.

Jeep Caravan Exhibits Machine's Many Uses

A jeep parade through downtown Midland and demonstrations of Jeep versatility were presented Saturday to show the small but powerful machine's many uses in industry and agriculture.

The caravan exhibited the complete line of industrial and agricultural equipment manufactured by Willys-Overland Motors. A Jeep fire engine, station wagon, and Jeeps equipped with various auxiliary attachments were displayed and demonstrated at a location on West Highway 80.

Bel's Jones and Patricia Roquemore. Guests were met at the door by Nadene Cross and Patsy Kelly. Presenting at the bride's book was Mrs. Alvis Brewer, sister of the bridegroom.

Mrs. Johnson directed the presentation of gifts by Jo Jon Hall, Sue Jane Zimmerman, and Nancy Roquemore.

A program was presented with Sue Jane Zimmerman playing several selections and Jo Ann Jones and Betty Carroll Bennett singing "Always," accompanied by Mrs. Edmond Tom.

Members of the house party were Mrs. Alvis Brewer, Nadene Cross, Patsy Kelly, Patricia Roquemore, Belle Jones, Jo Ann Jones, Betty C. Bennett, Jo Jon Hall, Sue Jane Zimmerman, and Nancy Roquemore.

A large selection of gifts were on display.

Out-of-town guests were Mrs. Clayton-Henderson of Midland, the bridegroom's sister, and Mrs. Neil Rosemond of Odessa, the bride's sister-in-law.

After Lifetime Of Cattle Raising—

Frank Orson, Pioneer Rancher Opines Cowmen Alike Anywhere On Earth

By STANLEY FRANK

Looking back over a lifetime of cattle raising, Frank Orson of Midland, whose living has come from kine in Texas and in England for 70 years, has come to the conclusion that cows are cows and cowmen are cowmen anywhere on earth.

There are variations in quality and temperament, of course, but basically they are the same wherever you find them.

Orson was born in Winchester, England, Nov. 14, 1877. His parents, Robert and Rose Orson, were stock farmers who, like most of their agriculturalist neighbors, operated a combination dairy and beef farm. They favored a breed of cattle known as Lincoln Reds, which Orson describes as a type of Durham, or Shorthorn.

The elder Orsons, like many other Englishmen, had heard often of a certain distant land called Texas. Descriptions of the place led them to believe it was a country uncluttered with surplus population, a land where a man could find plenty of open spaces and a pioneer's rewards.

To Dallas In 1880

They arrived in Dallas in 1880, rented a farm for \$3 per acre. They could have bought a farm for that price, but chose to rent. One farm offered them at the \$3 figure now is the site of several Dallas skyscrapers. But who would have thought a jerk-water town of a few thousand people would ever become such a city as Dallas is today?

In 1881, the Robert Orsons moved to Breckenridge and went into the cattle business. Fifteen years later, in 1896, they moved to Scurry County. By that time Frank was by way of becoming a young man, and a fair hand on a ranch.

In 1901, young Frank married Sally T. Greenwood of Howard County, and the couple came to Midland on their honeymoon. They thought Midland then was about the best town they ever saw, and they still think so. They settled in this area, and in 1904 bought a ranch in Martin County, 20 miles north of Midland.

It was a wide-open country, all right. Big ranches and cheap cattle. He paid \$2 per acre for his land. Today he reckons its value at between \$40 and \$50 per acre.

As the eldest son of Robert and Rose Orson, Frank Orson inherited a sizeable estate in England. Robert Orson remained British as long as he lived. Frank Orson's mother, though, adapted herself to America so well that she might have been described as a "typical Texan." As for Frank, he was a Texan, all right. He'd spent all his life in the saddle, punching early-day Texas cattle.

But, when he inherited the family estate and went back to claim it in 1912, the robust cowman from Texas was able to fit into English country life, too. He returned to America, and then went back to England in 1914, intending to operate the family farm there for a couple of years. The first World War came along and prevented his

return to Texas until 1919.

Typically British Luring those five years, Frank became just as typically British as he had become typically Texan. He belonged to the same clubs and fraternities and otherwise conformed to the same general patterns as other Englishmen of his position. And, considering the three farms and rental properties he was managing, it was a fairly important position, at that. The property he inherited is worth approximately \$50,000. He still owns it, and has thought of selling it, but hasn't been able to do so as yet because it is not permitted, these days, to liquidate much property in England and leave the country with American dollars.

While Mr. and Mrs. Orson were in England, their sons Henry and Bill were born. Their other children include two sons, Dr. O. W. and Francis; and two daughters, Mrs. Rosalie Tom and Mrs. Sallye Covington. All live in Midland except Francis, who ranches near Andrews. All are interested in ranching.

Another son, John, died in 1923, at the age of 18, when he rode his horse into a surface tank for a swim. The boy and horse both took cramps and drowned before other cowboys in the party could aid them.

Now with his seventieth birthday close at hand, Frank Orson continues to give his two ranches—one in Martin and one in Andrews Counties—his personal supervision and considerable hard labor. Many another Englishman has become a successful Texan, and quite a few Englishmen have come to Texas and gone broke. But few Englishmen have become so completely Texanized as Frank Orson. He has punched Texas cattle and rolled Bull Durham cigarettes longer than most native sons.

He likes Texas and he likes England. As for which place he likes best—well, his chosen residence here speaks pretty well for Texas.

YOUR Newspaper: Serving Freedom by Serving YOU.

The Bulldog

(Continued from Page Six)

Booster Club Begins Sale Of Football Pins

Football pins are on sale to Midland High School rooters by the Midland Booster club.

The pins are gold with Midland High School printed in purple letters. They are trimmed with purple and gold ribbons and a gold football.

They sell for 50 cents each. The sale of pins is sponsored by the Bulldog Booster Club, and money obtained from sales will help pay for the majorettes' uniforms. The Booster Club also has furnished uniforms for the Drill Squad.

Bulldogs Meet Bulldogs In Plainview Friday

Yes, it will be Bulldogs vs. Bulldogs Friday when the Midland boys journey to Plainview for their fourth game of the season.

Midland's last trip to Plainview, two years ago left them badly defeated 20 to 0. They evened things up last year when they took Plainview 24 to 6.

The Midland Bulldogs have played great football this year and will really be in there to win. It's going to take plenty to hold them.

Meyers and Bogle will be the sharpest teeth in Plainview's bite.

Catoicos Are On Sale Until October 10

All students should buy their annuals as soon as possible, Mary Joe Cowden, business manager of the Catoico, announces. Annuals will be on sale until October 10.

The business staff of the Catoico has been hard at work selling ads. Students assisting in making sales are: Mona McGraw, Frances Puett, Bob Johnston, Fred McMurry, Charlotte Schaefer, James Ireland, Sara Kreischer, Pat Pryor, Jo Anne Montgomery, John Torbet, Jo Ann Wyche, Camden Chancellor, Maurine Denton, Barbara Ellis, Denzil Ann Kemp, Maggie Lee Murphy, Jerelyn Jowell, Anne Stevens, Suzanne Young, Gloria Anguish, Adele Blackman and Marylee Cowden.

BULLDOGS GIVEN DINNER

The Bulldogs were given a dinner at North Elementary cafeteria after the El Paso game.

Mrs. Walter Wilson was in charge of preparing the food. The Bulldogs are allowed to eat only dry roast beef and hot tea before the game, so they deserve a large dinner afterwards.

Peter Jefferson, father of Thomas Jefferson, bought 200 acres of Virginia land for a bowl of punch.

Typical West Texas Cattleman

Frank Orson, native Englishman who turned out to be a West Texas cowman, rolls a cigarette as naturally as any native son of the West. At 70, he manages two ranches, and has been working around Texas cattle since he was big enough to yell at them.

Newly Coined Medals Available To Vets

World War II Army veterans of Midland County have been authorized by the War Department to wear Victory Medals or American Defense Medals may obtain them at the U. S. Army and Air Force Recruiting Station in the basement of the Post Office Building at Odessa upon presentation of discharge certificate or similar papers bearing the required authorization.

1/Sgt. Percy L. Burlison announced. Although several million veterans have earned such medals, Sergeant Burlison explained, the medals only recently have been coined, and no general distribution has been made. Individuals in outlying cities may mail their discharge certificates to the recruiting station, Box 809, Odessa, and medals and the certificates will be returned by mail. Veterans applying for the medals by mail should make sure they include return addresses.

Clothes For The United Tastes Of America

The Rev. Dr. A. Boylan Fitz-Gerald, right, didn't like the high cost of living and decided to do something about it. So he opened a church family market in his parsonage garage in South Orange, N. J., where his parishioners buy produce, often at 50 per cent below retail cost. Needless to say, business is booming.

Alabama Has Top Health Program

MONTGOMERY, Ala.—A rich southern planter-politician's experiment with syphilis and tuberculosis control on his estate has helped give Alabama one of the nation's most progressive public health programs.

It began in 1943 when the Legislature ordered compulsory blood tests for all civilians between 14 and 50 in an effort to reduce the crippling effects of venereal disease.

This year following the same pattern, the lawmakers enacted a statute providing for compulsory mass examinations for tuberculosis.

The 1947 Legislature also renewed the war on syphilis. The four-year-old blood-testing law was extended, and the marriage statutes were tightened to require examination of both parties for syphilis before a license is issued.

The year's greatest innovation in health control, however, was enactment of the law to help battle the dread "white plague."

Henderson Responsible

The legislator primarily responsible for these innovations in health regulation is wealthy Senator Bruce Henderson of rural Wilcox County. He introduced the syphilis examination bill in 1943, got it renewed this year, and sponsored the tuberculosis program. He was a co-author, too, of the premarital blood test act.

Henderson's interest in public health problems arose out of an abnormally high absentee rate on his plantation in South Alabama's Black Belt. Almost invariably, the explanation was sickness.

Pays Doctor Bills

Determined to ferret out the cause of the crippling ills that plague his 500 Negro tenants, Henderson and his brother worked out a plan of free medical attention. The Hendersons paid the doctor bills, kept records of each case.

As the reports came in, one after another said "syphilis." When the picture was complete, venereal disease was the diagnosis in 60 to 70 per cent of the complaints. The No. 2 trouble was tuberculosis.

As the Negroes were treated, absenteeism declined, Henderson said, and production jumped again.

Convinced from these experiments that location of syphilis was the greatest factor in the fight to control it, The Black Belt Senator vowed to try it on a state-wide basis.

It has cost Alabama some \$300,000 thus far, but that, Henderson observed, is pitifully cheap considering the results.

Teacher 'Kept In' Unknown To Pupils

PHILADELPHIA—Miss Betty Johnston, 38-year-old teacher at the Tassart Elementary School, was "kept after school" for two hours and not one small fry on hand to witness the situation.

Miss Johnston reigned after classes to mark papers and failed to notice the building custodian had locked all doors.

"The teacher telephoned police when she realized her predicament. Two patrolmen arrived and produced a ladder but Miss Johnston refused to make the 25-foot descent from a first-floor window.

A search produced the janitor and his key.

Farms average only about two acres in Japan.

Against Lump Sum Loans— Taylor Cole Reports Views After Trip - Tour Of Europe

By TANNER LAINE

Taylor Cole of Midland, president of the International Junior Chamber of Commerce, who has just returned from a tour of Europe, is not in favor of lump sum loans to European countries by America.

Cole says: "In my opinion only stop-gap loans to European countries until the Marshall Plan is in effect is better. The putting of use of loan money is not always to the best interest of the countries."

The Midland JayCee executive is in favor of helping the European countries get on their feet in export and import, thus being more able to make their own way.

Pouring money into European hands without discretion creates an inflation, Cole believes.

Cole traveled in Great Britain, France and Belgium in the interest of the international JayCeers. He says the JayCeers of Europe are branches of senior chambers of commerce and are interested more in commercialism than in civic projects which is the interest of the United States Junior Chamber of Commerce.

He reported 70 new Junior Chamber of Commerce organizations in Europe, including an Austrian affiliate.

While in England, Cole attended an anniversary meeting of the British JayCeers. They have been organized 27 years. He attended a board of directors meeting of the Brussels Chamber of Commerce on the continent. This is the largest chamber of commerce organization in the world with 16,000 members.

The JayCeers are a junior executive branch of it.

With Cole on his European trip were his wife and Mr. and Mrs. John Ben Sheppard of Gladewater. Sheppard is president of the United States Junior Chamber of Commerce.

France is very interested in what happens in re-industrialization of the Rhur of Germany, Cole reports.

Taylor Cole

Smooth Dance Band Coming To Midland

Bob Peters, whose band will play a dance October 11 at the Midland Air Terminal sponsored by the Midland Fire Department, has one of the smoothest dance orchestras available today.

The most unusual feature of the band, one which gives it wide variety in tonal quality, is the sax section of three men, each capable of playing tenor sax and in addition alto sax and clarinet. This section's blending and voicing add to a varied effect unheard of in a band of this size.

The rhythm section with drums and string base is further accentuated by the string bass doubling on brass base for varied performance.

In addition to Bob Peters himself, on the trumpet, the band features Peter Flore and the lovely Bonnie Day. Bonnie sings the torch numbers and the ballads with delightful feeling and finesse. Peter Flore takes his place in the gifted sax section, when he isn't lending his voice to the sweetly sentimental numbers.

A vocal quartette, The Peter-pipers, completes the aggregation with three men and a girl (Bonnie Day) blending voices to sing romantic and harmonious melodies to the delight of all.

ported. They are very cautious about this and are watching America and Russia and England very minutely in regard to the matter, French people told Cole.

The Texas party in England saw the usual tourist sights of London including Houses of Parliament, Westminster Abbey, and many more.

In London we saw areas which had been bombed out. In France we saw whole cities which had been bombed," the Midlander said.

The Coles and the Sheppards were made honorary citizens of Paris. They took a train tour of the continent. Everywhere they went they were feted royally.

In the industrial Midlands of England Cole talked to industrialists who fear mass production. They say it will ruin England's crafts and trades. Although there is supposed to be a coal shortage in England because of strikes, we saw much coal on railroad cars, Cole said.

The JayCee executives and their wives flew to Europe and return. They took their own food for the most part.

Cole was an official ambassador of good will for Texas on the trip, appointed by Gov. Beauford Jester.

Harley Sadler Shows To Open Three Night Stand Here Monday

Harley Sadler's popular and well-known tent theater, featuring vaudeville acts, string and orchestra music along with a generous brand of the Tobey brand of comedy made famous by Sadler, will open a three night stand in Midland Monday.

The show will appear here under the auspices of the Veterans of Foreign Wars post. The company features among others Ray Kimo and His Ranch Boys Barn Dance Band of Nashville, Tenn.

Diane Forest, actress, singer and dancer, came direct from Hollywood to join Sadler's show. Red Cogburn and his orchestra, with Red featured as pianist, contribute a share of the almost three hours of entertainment under the big Sadler tent.

Five vaudeville acts alternate with the stage plays. June and Munde, jugglers, veterans with Harley Sadler who has been touring West Texas with his own company for a quarter of a century; Roland and Russell, brother and sister vaudeville act; Mack Johnston, talented dancer, and Bush and Maskiew, vaudeville team, perform against backgrounds of special scenery and lighting effects.

Sadler's shows never lack variety. The great Baile, magician, special orchestra and string music add spice to a program made for the entire family.

Sadler in red wig and bumpkin attire, appears in Tobey roles in each of the heart warming melodramas.

To Appear Here

Diane Forest, actress, singer and dancer, will appear in the Harley Sadler Tent Theater which will show in Midland Monday, Tuesday and Wednesday nights. The talented entertainer came direct from Hollywood to join Sadler's show.

Dutch Composer Says Cowboy Songs Only Genuine American Folk Music

EDGARTOWN, MASS.—(AP)—The cowboy song is the only genuinely American music at the present time, says Bernard Wagenaar, New York composer.

"That spirit which will be called typically American will most likely be marked by two very strong American characteristics—a healthy exuberance and a charming sentimentality."

Wagenaar, who has lived in the United States for 27 years, is working on his fourth symphony.

A seven-leaf clover has been discovered by scientists.

50 Officers To Attend State Traffic School

AUSTIN—(AP)—Fifty city and county traffic officers are expected to attend a traffic school to be conducted here October 6 to 11 by the State Department of Public Safety. Assistant Director Joe S. Fletcher said here.

Twenty hours of instruction will be devoted to study of the new traffic laws which became effective September 5 and an additional five hours will be devoted to the laws' application to engineering problems, he said.

Other studies include the technique of traffic law enforcement, accident investigation, records and analysis, and physical laws.

Texas Congressman Has Plenty To Eat

GRAPEVINE—(AP)—The high cost of living won't affect Congressman Wingate Lucas too much.

Lucas has 300 cans and 100 quarts of food canned by his wife ready to take with him when he returns to Washington.

You Wouldn't Take Your Watch to a Plumber

If your watch stops running, or runs too fast or too slow, you take it to the finest repair shop you can find. Why shouldn't you give your body the same consideration you give your watch? Too often, when illness comes, we listen to well-meaning friends or answer the call of the patent medicine vendor. The correct thing to do is to consult your physician. He alone can diagnose your trouble, prescribe proper treatment. We are ready at all times to fill your prescriptions properly.

Red Lantern On Freedom Train

In the play, "State of the Union," a political boss remarks that it applause won elections, William Jennings Bryan would have had three terms. Well, Henry A. Wallace gets a lot of applause, too, and he probably won't get even one term. But he can't be ignored.

According to a recent poll, there are several million Americans who would vote for him if they had the chance. A third party is shaping up, and Wallace is its boy. Evidently the millions of Wallace fans have an idea of what kind of president he would make, though the idea might be a trifle vague. Wallace has a way of changing opinions between speeches which is a little confusing. He also is inclined to ignore obvious factors when they interfere with his political train of thought of the moment.

Still, there are a few constant elements in the Wallace philosophy. So let's see if we can sketch a picture of Henry in the White House from material found in his Madison Square Garden speech, and try to imagine how our government might be run in the unlikely event that the picture came to life.

Our foreign policy would be drastically altered, and we would cease to resist Soviet expansion. Wallace says communism and capitalism can live side by side. In that view he differs from Stalin, who keeps warning his people of the inevitable war with the forces of world capitalism. We would cease resisting Communist infiltration and expansion in the United States. Wallace has declared war on the Red baiters and Russia haters, and he's dead set against the loyalty tests for government workers.

The Marshall Plan, if it were in operation, would be rebuilt or scrapped. Wallace carefully avoided mentioning the plan in his latest speech. But he said that the big financial interests are shaping our foreign policy—"under the present administration, Wall Street is all set to run the world." And the Marshall Plan is perhaps the most important element of that policy.

Most prosperous business men would be driven out of government service, along with our "military-trained" secretary of state. Wallace objects to Secretaries Forrestal Snyder and Harriman; McCloy, head of the World Bank and many others—not on their record as public servants so much as on their connection with Wall Street or big banks.

We should escape both depression and war. Wallace says that depression is part of the policy of both major parties, and that "war-with-Russia hysteria" is a propaganda weapon of reactionary capitalism. Yet he has created a little hysteria himself by implying repeatedly that war is inevitable unless his views are adopted.

There is one item, however, on which Wallace leaves most of us in the dark. He has never explained how, under his get-soft-with-Russia plan, we could avoid winding up as just another satellite of Moscow in a communistic world.

An orator is a man who can explain to his barber exactly how he wants his hair cut.

An Illinois doctor says that high noses indicate brains or that a neighbor is cooking liver and onions.

When his wife learns to read him like a book, the wise man turns over a new leaf.

A thief stole a woman's shoes in an Oklahoma night club. Her husband probably lost his shirt.

Flying Doctors Serve Aussie Outback Settlers

By BARBARA GORMLY
SYDNEY—Australia's "flying doctor" service, claimed to be the only one of its kind in the world, is carrying medical aid to farmers and cattle and sheep ranchers in Australia's lonely "outback."

The idea was conceived by the Rev. Dr. John Flynn ("Flynn of the Inland"), superintendent of the Presbyterian Inland Mission. Started 26 years ago with one base at Cloncurry in North-West Queensland, the flying doctor service now has eight bases throughout Australia covering virtually all of the dominion's 2,974,000 square miles.

Staffing each base is a doctor, pilot and radio operator. Each base is equipped with medical and surgical supplies, a two-way radio and a "Dixion" twin-engine aircraft fitted out as an aerial ambulance.

Medical Advice By Radio
People living on isolated farms and ranches contact the base with a "pedal wireless," power for which is obtained by working bicycle-like pedals. These are installed in homes for \$275.

In the case of mild illnesses, medical advice is given from the base by radio, together with instructions for the use of the medical kit with which every homestead is equipped.

Word done by Dr. J. G. Woods from his Broken Hill Base, New South Wales, is typical. With a practice covering area of 400,000 square miles, Dr. Woods sometimes flies more than 900 miles in one call. If a patient needs hospital attention he is flown back to base in the aerial ambulance.

The flying doctor service is maintained by government subsidy, private donations and a voluntary contribution scheme by which settlers in the area pay a yearly subscription.

Non-subscribers receive medical advice by radio from the base free of charge, but if the doctor is called to make a trip they are expected to pay.

Officials of the service say no deserving case is based on the average carrying capacity of the property ranging from \$16 for a property with 3,000 sheep to \$65 for a 17,000 sheep property. One head of cattle is regarded as the equivalent of six sheep.

Timber From Alaska May Boost Output Of U. S. Newsprint

WASHINGTON—(AP)—Bids for a second block of Alaskan timber totalling 1,500,000,000 cubic feet will be called for by the United States Forest Service.

It is the second such bid requested recently. The Service says the timber offered is enough to operate a \$35,000,000 pulp mill for 30 years.

Frank Heinzelman, a regional forester of Alaska, said bids would be opened for the sale of timber for the first mill, near Petersburg, Alaska, on October 1.

First Step In Plan
It is the second advertisement which was published September 15 called for bids to be opened December 15 for the same amount of timber near Ketchikan.

The sale of the Petersburg tract will be the first step in the Forest Service's plan to establish six huge pulp mills in the territory, each of which can turn out 525 tons of pulp a day.

The successful bidders can make pulp and ship it to the United States or make newsprint for shipment here.

The Forest Service does not tell the mills what kind of paper they must make, but with the newsprint shortage its officials say they believe that newsprint will be made.

Directed By Forest Service
Congressional hearings on the legislation permitting the sale of the timber developed the fact that Alaskan newsprint mills will find a ready market for their product on the West Coast and elsewhere in this country. Congress approved despite opposition from Indian tribes of southeast Alaska.

Mr. Heinzelman said he believes that each mill eventually will establish a town of from 6,000 to 10,000 persons, and bring much needed population to the territory.

The timber is to be cut under a sustained yield program, directed by the Forest Service, so that when the original area is cut over the first part of the tract will have renewed itself.

Corsets-To Be Or Not To Be?

WASHINGTON (AP)—Girls, you've got us worried. You've got Walter H. Lowy, a corsetmaker, worried. You've got the health authorities worried. Lowy worried first.

Lowy said in Chicago that if women are serious about getting that "new look," they'll get it. And then?

Then, Lowy said sadly, they will be wearing "waist-pinching corsets that were proved ruinous to health 40 years ago."

Ever anxious to keep you girls from ruining your pretty little healths, The Associated Press hustled a man around the U.S. Public Health Service to ask:

Does the death-clutch really ruin health?
Can this be proved scientifically?
If so, what can be done to save our poor girls?

Results Not Good
The health service man, Paul Stone, said he'd check around. The results are now in, and they're not good.

No scientist seems to know for sure whether a woman can corset herself to death, or even damage herself beyond repair.

Some doctors suspect she can. That's why the health service is worried, but—
It isn't going to do, anything about it.

"We're primarily interested in industrial health," said Stone.
"Now if some fiend were forcing chorus girls to wear these contraptions, we might step in. But if women want to stuff themselves into corsets, there's nothing the health service can do about it."

"After all, this is a democracy," Stone suggested that some of the women doctors down at the children's bureau might have some interesting figures on or in corsets. But Dr. Ann Peters said no.

Says Style Ridiculous
"Speaking as a doctor," she said, "we have thought that perhaps corsets may have changed the internal arrangement of some of the organs. But no one really knows."

"Lots of women fainted in those days, and the corsets were blamed. But again no one really knows. Because then it was fashionable for women to faint."

"Speaking as a woman," wound up Dr. Peters. "I think that style is ridiculous."

One of the leading department stores was called, and asked a Miss Murphy, in corsets, if any size 36 had tried to cram herself into a size 20.

She said, no, the hollering so far has been in the hemline dept. Did Miss Murphy believe that once a fashion, like the hour glass, got started, women would rebel and refuse to have anything to do with it?

"Well," said Miss M., "no." See, girls? That's why we're worried.

Weeping Wives Plague Kentucky Dean
LOUISVILLE, KY.—(AP)—Once it was irate fathers and tearful mothers who called upon Dean J. J. Oppenheimer of the University of Louisville to inquire why junior was about to flunk out of school.

Today, Dean Oppenheimer says he's plagued with weeping wives, worried when hubby-brings home a bad report card.

The dean says he has been lucky so far because veterans' wives haven't brought the children along to plead daddy's case.
"I'm expecting that almost any day," he added.

Naval Vessels Held in Reserve

Here are some of the Navy's reserves. These ships, stored at the Norfolk Naval Base, at Norfolk, Va., are carefully preserved and kept in constant readiness. Other ships are sold as surplus, scrapped, or converted to Merchant Marine use, but many vessels are kept to make up the nation's emergency fleet.

Revised Labor Law May Give Permit For Hiring Halls

WASHINGTON (AP)—Maritime hiring halls are back in newspaper headlines.

Senator Taft (R-Ohio) said at Santa Cruz, Calif., he "might consider" revising the Taft-Hartley Labor Law to permit continuance of the halls.

He made this statement to newspapermen after a conference with Harry Lundeberg, secretary and operating head of the AFL Sailors Union of the Pacific.

What is a hiring hall?
The record of the hearings on the Taft-Hartley law are filled with pages of discussion about them. Similar To Closed Shop
During these hearings last February Taft said:

"One thing that concerns me about the closed shop is this hiring hall, particularly in the maritime industry."
"There, apparently, the effect of the closed shop is the arbitrary ability of unions to limit the people that may be employed. Apparently the effect of that, more or less, is to destroy discipline and everything else of the ship."

"I mean these hiring hall businesses are so extreme a form of the closed shop."
The closed shop, in which only union members may be employed, is outlawed by the Taft-Hartley law and was a keynote of discussions, Labor Union's View

But Hoyt S. Haddock, executive secretary of the CIO Maritime Committee, and Joseph Curran, committee chairman, with other labor leaders, contended the hiring hall is not a closed shop but is "preferential hiring."

And it may be on that basis that a way can be found to exempt them from the Taft-Hartley law. One Labor Department official, who did not want to be quoted by name, said "there is serious doubt whether the hiring halls are outlawed by the act."

Haddock explains the hiring hall this way:
Under preferential hiring, priority of employment is given to union members. But where the union is unable to supply men the employer is free to hire elsewhere. And the union cannot compel non-union employees, secured by the employer from other sources, to join the union.

Haddock says it is only in rare cases, however, that the union cannot supply men.
Modern "Shanghai" Method
The record of the hearings traces American seamanhood back to 19th century days and the picturesque "shanghai" method of getting crews for ships. The "hiring halls" then were under private ownership.

"The seaman had to patronize such waterfront places or he could not get a job," Haddock said. "It was not infrequent that he was robbed of whatever money he had earned during his previous voyage and he was then immediately at the mercy of the so-called shipping master."

"That practice, incidentally, led to the Shipping Commissioners Act of 1872 which outlawed Shanghaiing. But the act, needless to say, did not eliminate it.
Growth Of Hiring Halls
During the first World War the government accepted a policy of collective bargaining and union control over hiring. It set up the Sea Ser-

vice Bureau to recruit seamen. After the war bargaining reverted to an individual basis and the maritime trade unions became dormant and remained so until the '30s.

In 1934 a West Coast strike occurred and the unions revived. It was out of this situation that the union hiring halls were reestablished. Under this system a union seaman, seeking work, reports at a hiring hall, located in all large West Coast seaport cities and in some on the East Coast. Each union has its own hiring hall. They are operated by union members.

The maritime companies request the unions for employees. The seaman first in line for the job gets it if he wants it. But the company has a right to reject him, for cause, and ask a replacement.

Linda Makes Recording Of Child's Hymn For Dying Girl

MACON, GA.—(AP)—Linda McMichael, six, stood before the recording microphone and sang as she had never sung before.
"Jesus loves me, this I know, For the Bible tells me so."
These were the words of the famous hymn for children—words best loved for little Carolyn Robb, age four, who was dying of cancer at Decatur, Ill.
"Little ones to Him belong. They are weak but He is strong."
The record was turned and Linda began to sing to "the little one."
"Carolyn, my name is Linda. I am six years old and live way down in Macon, Ga. I used to sing with my little brother over the radio. My daddy and mamma—they are Mr. and Mrs. R. L. McMichael—and they live at 720 Emory Highway."

going to sing you a little lullaby." And just as sweetly as she had sung "Jesus Loves Me," Linda sang Brahms' Lullaby.
Carolyn's story was told in an item carried by the Macon News and Macon Telegraph several days ago. She was suffering from cancer at the base of the brain and Decatur doctors agreed her case was incurable.
Before Carolyn dies, the story said, her parents would like to find a recording of her favorite song, "Jesus Loves Me."
Mrs. McMichael wanted to help. She searched through record albums but the beloved children's hymn was not there. Linda, hearing her mother read the story, wanted to sing for Carolyn.
Carolyn's swim with their tails, not their feet.

Outlook For Anti-Freeze Supply Is Critical This Fall

Midland service station operators last week sized up the anti-freeze situation for this winter in a few words: "There won't be much, if any."

That's the way it is. One firm was reported to have received a small shipment of Prestone recently, but it didn't last long.

Elsewhere along the anti-freeze front, there was a general feeling that the motorist who gets hold of some good, permanent anti-freeze can consider himself extremely lucky.

Station managers reported they have not even been able to get assurance from distributors that plain alcohol will be available in any quantity. One station owner

said he had written a big wholesale firm sometime ago, asking for a shipment of alcohol, and that his letter hadn't even been acknowledged.

There will be some small quantities of anti-freeze of various types, including alcohol, but nobody knows how much. Therefore, station operators say, available supplies probably will be parceled out to regular customers as long as they last.

Unless the picture, as Midland station operators see it, changes for the better in the near future, a lot of Midland motorists are going to be draining water from their radiators regularly this winter.

DON'T LET THIS HAPPEN TO YOU!

Let us check your brakes, lights, steering gear and the other pieces of equipment that you depend on to take care of emergencies! We have the equipment, men, and experience!

CHECK THESE HELI

Y FOR WINTER NOW!

Cars Require Special Care During Winter

As with winter approaching, cold weather and freezing temperatures are expected soon, automobile owners are being advised by mechanical and lubrication experts to take special precautions against extra wear which winter drives impose on motors. One of the first things which the winter motorist should do, according to men whose business it is to know about such things, is to have his car's cooling system to be sure it is clean, water-tight and functioning properly. Hose connections should be checked for possible weaknesses or rust, sludge and sludge should be removed from radiator and block, functioning water pumps should be repaired or replaced.

As for lubrication, it is common knowledge that lower temperatures require oils of lower viscosity than those recommended for summer driving. Some new cars are so precisely built that they use oil of about the same weight the year around, but even in these cars, new oil should be put in the crankcase frequently during West Texas winters. Whipping sand is more likely to filter into crankcases during winter storms. The same applies to differentials and transmissions.

A large number of Midland service stations and garages are staffed with experienced workmen who can produce autos for winter driving in a short time and at little cost.

It's Time For Your Winter Check-Up

You can depend on us to do the complete job when you bring your car to us for winterizing services. Just say, "Get my car ready for winter," and you may be sure we'll check everything. Our bumper-to-bumper changeover service protects every vital part from attack by Old Man Winter.

FUL SUGGESTIONS!

Religious Leaders Differ On Effect Of Atomic Bomb

By MAX GALL
WASHINGTON — Has the atomic bomb changed the religious beliefs of the people?

For more than two years, mankind has nursed the disturbing knowledge that he has invented the possible means of his own destruction.

Many have wondered whether this knowledge is driving Americans into the churches, driving them out of the churches, or both, or neither.

The question can't be answered through statistics because hardly any reliable figures exist.

How Is Religion Affected?
But here are the personal opinions of a few religious leaders:

This writer made a list of several churches in Washington and then asked each: "How has the atomic bomb affected people's religious beliefs?"

Here is what they said:

Father John Cronin, assistant director of the social action department, National Catholic Welfare Conference:

"I feel that with people in general, the atomic bomb has not affected their thinking in any way."

Bishop Charles W. Flint of the Methodist church: "I couldn't give an answer at this time. I couldn't put my finger on a single thing that would justify any conclusions."

Joseph Dawson, executive secretary for the Baptists of the United States: He thinks the atomic bomb has weakened the religion of "unold millions" by substituting in their minds the idea of "force" as a means of security instead of "reason and love and culture and all the instruments of civilization."

A. Powell Davies, Unitarian minister: he thinks the bomb "has tended to accentuate whatever beliefs were previous held" and that it has not caused "the abrupt change in religious beliefs that might have been anticipated."

Desert Town Inhabitants Develop Jet Air Power

MURCO, CALIF.—(NEA)—Nine civilian engineers and their families and a single woman secretary share remote Murco Army base—the "Wright Field of the West"—with the Air Corps.

They are here to help speed development of U. S. jet air power.

Despite its remoteness and the hot dry heat during much of the

year, they are finding life in the desert can be fairly pleasant.

The first of the engineers, Walter Gougan, C. R. Fernald, and August McEachern, all employed by General Electric, came here in 1942 when the Air Corps picked Murco as a test base for its first jet planes.

The number of civilians living here has varied some since that time, but those here now have been around several years, long enough to make the converted Army barracks in which they live look like

homes.

Only one, Virgil L. Weaver, has settled his family away from the base. He bought a small ranch about 15 miles from here. There he keeps a few cows and chickens, farming for a hobby.

The rest share a fairly normal community life at the base. There is a grade school for the children; the nearest high school, however, is at Lancaster, 30 miles away. A school bus runs older students over there from the base.

The officers' club here now has been opened to civilians and there is a movie theater, bowling alley and swimming. But most, depend on hobbies for their spare time.

John Burgess, an amateur painter, used the landscape around him as a model and splashed vivid desert murals on the walls of his barracks apartment. Waldo Runner turned cabinet maker and lined his apartment with built-in cupboards.

Since the engineers are there to work on jet engines, many of them have become model plane builders. A couple have converted old automobiles into "hot rods."

The hard-packed desert is their raceway.

Engineering husbands came in handy when wives first tried to regulate the oil heating stoves supplied them in the barracks. During winter, temperatures here often drop to 22 degrees and then climb 65 the same day. In summer the temperatures go as high as 130.

Biggest thrill comes to the civilian community when a new jet engine on which they have worked months finally is tested in speed flight. The jet-propelled P-80 Shooting Star which recently returned the world's speed record to U. S. had a G2 engine on which they had all worked.

Their work, and that of the Army and other scientists, has saved the government over \$20,000,000 in averting test-flight equipment crashes last year, according to the base commander.

Despite its remoteness and the hot dry heat during much of the

McKenney on Bridge

By WILLIAM E. MCKENNEY
America's Card Authority
During the masters mixed team-of-four championship in the national tournament, one of the hands got twisted. The East hand was in the West pocket and the West hand in the East pocket. When this was discovered, the tournament director had to throw out the matches involved and the following day all of the teams affected played another board.

It was this board that won the world championship mixed team-of-four title for Mrs. E. J. Seligman and Harry J. Fishbein of Philadelphia. When Fishbein played the hand, he sat South and he and his partner stopped at three spades, which Fishbein made.

When the hand went to his teammates, Kabakjian sat East and bought the contract for four dia-

monds, which looks impossible. At first glance it appears that he must lose one spade, three hearts and one club. However, to start with, he got a good break on the opening lead. He won the first spade trick in dummy with the queen, led the club and South won his queen with the ace.

South led another spade, which declarer won with the ace, a club was then ruffed in dummy and the third spade ruffed. Two rounds of trumps were taken, then declarer led a small heart and North won with the queen. He returned the heart king which south did not overtake, as that would have established declarer's jack. So North had to lead a club, on which declarer discarded his losing heart and ruffed in dummy.

The island, noted for its leper colony, is in the Hawaiian group. Dr. Wassell will work without pay at the Shingee Memorial Hospital, an Episcopal institution.

Yankee Cars Batter Confederate Soldier

GEORGETOWN, S. C. — (AP) — The Confederate soldier atop the stonky memorial monument here leads a tough life. He has been damaged by crashing automobiles four times during the last five years. One collision was so severe he required a complete replacement. That brought more trouble, because the replacement inadver-

tently was clothed in a Federal uniform. A change was effected quickly. Vitamin A, which reduces night blindness in aviators, can be obtained from the fins of a variety of shark. Squirrels use their tails for parachutes in long jumps.

Mirror-Hidden Camera Catches Camera-Shy

HOLLYWOOD — (AP) — Studio technicians who have nothing more important to do have figured out there are more than 1,000 New Yorkers who won't know they will hurt: be seen in a movie. In the filming of "The Naked City" on the streets of New York, the camera was hidden in a station wagon with special window glass. Those inside the car could see out but to people on the street the windows appeared to be mirrored. The reason was, of course, to keep the New Yorkers from becoming self-conscious while the camera was rolling. They didn't know they were within 100 miles of a camera. But the mirrored windows provided a problem in themselves that cameramen hadn't figured on. All too often some young woman pedestrian would stop beside the station wagon to examine her hair or face, never realizing she was looking squarely into the camera and spoiling several yards of film.

You don't need to run from a snake. The fastest American species can travel only three miles per hour.

In normal times, England burns 40,600,000 tons of coal every year in domestic grates.

Dutch Indies Revolts Delay Independence For A Year

NEW YORK — (NEA) — Independence for The Netherlands Indies, and creation of the sovereign United States of Indonesia, already have been delayed a year by the revolt in Java, Sumatra and Madura, Acting Gov. Huvertus J. van Mook said before departing for Batavia. The unwillingness or inability of the Republican government to live up to the Linggadjati independence agreement has not affected Holland's decision to grant the islands freedom, van Mook said.

But, he added, even if fighting were to stop today, and order to be restored, there would not be time to set up the machinery of self-government by Jan. 1, 1949, which is when the change-over was to have been made. Dr. van Mook, who was minister of colonies in the Dutch government-in-exile during the war, took time out from packing for his return to Batavia to tell an NEA reporter The Netherlands' side of the dispute that is causing the "frozen Underway Since 1918."

"When the Japs occupied the islands in World War II, the process of preparing the Indies for independence or a dominion status had been under way ever since 1918. We realized that the occupation would speed up the change-over—that after the Japs were ousted a new set of values would have been established. "So even before Tokyo's surrender we had decided that, after a short transition, Indonesia should be set up as a sovereign state which, we hoped, would maintain close ties with Holland even though the old colonial status would be ended.

"By the agreement of Linggadjati, last November 15, The Netherlands government and Indonesian authorities agreed on the framework of independence, effective at the beginning of 1949.

There was to be a Netherlands Indonesian Union, consisting of two sovereign parts—The Netherlands, and the United States of Indonesia—cooperating in national defense, foreign relations and economic matters—under the king or queen of The Netherlands.

Fall To Carry Out Agreement: "The Indonesian Republic officials accepted and initialed this agreement. I believe that many of them were sincere. But they have not carried out the terms of the agreement."

What happened, as Dr. van Mook explains it, was this: During their occupation the Japs built up a Quisling Indonesian organization to assist them in what they expected to be permanent rule. When Tokyo's defeat loomed, through this Quisling group the Japs proclaimed a Republic.

It was almost a month after Japan's surrender before Lord Mountbatten could send allied troops to Java. This gave the Japs ample opportunity to turn over arms to their Quislings and help them get control over the Republican setup.

"The situation in Indonesia was not engineered by the Communists," said Dr. Van Mook. "Indonesia is not fertile for communism. But the Communists have taken clever advantage of what the Japs started. They have concentrated on towns, people and plantation workers, who had no incomes during the occupation.

Communists At Work "For example, they have induced the Republican leaders to put laborers in charge of the plantations. These have quantities of rubber, tea, etc., either left over from before the occupation or produced while the Japs were there, and never shipped. There also is a certain amount of machinery and equipment.

"The laborers are permitted to sell this—though they are producing little or nothing—for money. Then the Communists tell them: 'See, this is nationalization. You're living easily, doing almost no work, you can readily see what communism does for the common people.'"

"Naturally, they think it's fine. They don't realize that such a thing can last only until accumu-

Oklahoma's King Can't Attend Royal Nuptials

NORMAN, OKLA. — (AP) — Richard King, first male society editor of the University of Oklahoma Daily, will not get to cover Princess Elizabeth's wedding.

When her royal highness walks down the aisle, King may be trudging over the campus here, looking for a new job.

It all started when Sports Editor Leon Bervet asked the student senate to finance his coverage of the Sooner's game against the University of Detroit—in Detroit.

King, a student senator as well as society editor, said if Bert got a free trip to Detroit, he should go to England to report the royal nuptials.

The senate turned them both down and Quenton Peters, general editor of the daily, fired King—allegedly for inefficiency. The faculty is considering the matter.

According to statistics, clerks are more prompt at paying their bills than people engaged in any other occupation.

Buttons, Buttons, Who's Got Buttons?

INDIANAPOLIS — (AP) — Thousands of buttons—most of them more highly prized than the ones that fall of shirts and roll under dressers—will be displayed in Indianapolis Oct. 2-5.

The layout will be the ninth annual show of the National Button Society, organization for devotees who claim to be the third largest group of collectors.

Dr. George E. Gould, Purdue University entomologist who is national treasurer of the society, said the display, including more than 1,000 competitive exhibits, will be valued at \$50,000.

Dr. Gould, incidentally, said it isn't such a far cry from the study of insects to button collecting. Introduced to the hobby by his wife, he has assembled one of the world's finest collections of buttons with insect designs.

'Charm Strings' Prized

Auction sales of household goods can be among the best prospecting grounds for button collectors, Gould said, particularly if a "charm string" can be found. These strings were all the rage among the girls 75 years ago. The nineteenth century maid was decked in high fashion if she could only collect one button from each of her friends.

The society display here will campaign in 1949. have buttons worn by George Washington at his inauguration in 1789 and buttons from the William Henry Harrison presidential

New Guinea uses tobacco as money and a native can purchase a wife for about two "sticks," worth about 12 cents.

Diphtheria caused more fatalities in England in one year than did the bombs of the Germans the same year.

Defendant And Lawyer Pass For Doubles

NEW BRAUNFELS—(P)—In the Dr. Ross murder trial, many noticed the look-alike qualities of Dr. Lloyd I. Ross, the defendant, and one of his defense attorneys, young Raymond Bartram, New Braunfels city attorney.

Several times when the state asked a prospective juror if he knew the defendant—that man with dark hair and horn-rimmed glasses—the juror would look at Bartram.

Both have dark skin, dark hair, the rugged features of Humphrey Bogart, and both wear horn-rimmed glasses.

British To Withdraw From Ethiopia Soon

LONDON—(P)—Britain expects to withdraw its military mission and occupation troops from Ethiopia soon under terms of a request from the African kingdom for conclusion of a new treaty of friendship, an authoritative source says. The proposed new alliance would replace the temporary British-Ethiopian agreement of 1944, which enabled Britain to maintain the military mission and troops in the country.

The population of all Latin American countries combined is almost as large as that of the United States.

Namesake City Sites Correspond With Originals

By JACK RUTLEDGE Associated Press Writer

It was probably just an uncanny accident, but pioneers who named Texas towns for European and eastern cities have them placed on the map just about like they are originally.

For instance, says the Tyler Telegraph: Athens, Texas, is south of Paris, Texas; Palestine, Texas, is southeast of Athens; and Italy, Texas, is west of Athens. That's the way they are abroad.

New York, Texas, is southwest of Boston, Texas, and Washington, Texas, is south of New York. And across an imaginary Atlantic (on the Texas map) London (new or old) is East of New York.

Few Seem Misplaced
The Telegraph admits that it's a little hard to explain what Canton is doing between Athens and Paris, or how Pittsburgh landed between Boston and New York, or why Carthage is east of Athens instead of southwest.

The mail continues to bring in explanations of how Texas towns were named and why.

C. P. Melton of Mercedes says Arp, Texas, was named for a newspaper editor—Bill Arp of the Atlanta Constitution. He's one of the few newsmen honored in Texas by having a town named for him.

Melton said Arp was both established and named by his father after a previous name—Strawberry—had been turned down by the postoffice department because there were so many others named Strawberry.

Named For Many People
Iraan was named for Ira G. Yates and his wife Ann, on whose land the town is built, says Mrs. Mae Sammons of Midland. (Incidentally there is a town named for Mrs. Sammons' husband—Sammons, Texas, near Mission.)

Pecos (pronounced Pay-Coes, as every good Texan knows) was named for a Spanish explorer.

Post, Texas, was named for C. W. Post, noted cereal manufacturer.

San Perlita was named for the wife of one of the founders of Willacy County. Her name was Pearl. Another valley town named after a woman is Elsa. Another is Donna, writes Mrs. R. C. Rodriguez of McAllen.

Per capita consumption of milk and cream in the United States during 1945 was 442 pounds, highest total ever reached.

Some primitive tribes prefer and even insist on marriages of cousins.

UNRRA Cargo for China's Commies

The big "Cs" marked on the UNRRA relief and rehabilitation supplies pictured above indicate that they have been allocated to Chinese Communists. The goods pictured above are part of some 10,000 tons of cargoes impounded in Shanghai, awaiting final distribution agreement among Chinese Communists, the Nationalist government and UNRRA.

Columbia To Have Powerful Cyclotron

NEW YORK—(P)—An atom-smashing cyclotron more powerful than any now in existence is in the first stages of construction at a 75-acre rural estate owned by Columbia University near New York.

The University said the new machine would be capable of accelerating hydrogen atoms to energies of 350,000,000 to 450,000,000 electron volts. It will be smaller than the cyclotron at the University of California but recent developments in construction will make it more powerful.

The heart of the machine is its magnet and this already has been cast by the Bethlehem Steel Company.

Passing Boats Spill Water Into House

NEW ORLEANS—(P)—Some residents of the flooded areas of Jefferson parish didn't like the idea of getting their furniture wet.

Deputy Sheriff Cy Ernst said one woman called him and requested that he "stop those motor boats from passing my house. They're spilling waves into my living room."

Many Texans Rank High In U. S. Navy

By TEX EASLEY
WASHINGTON—(P)—The U. S. Navy is a lot more than a fleet of ships out on the high seas.

Thousands of persons, some civilian, are busy at desks in buildings scattered about Washington, working on matters from highly secret tactical maneuvers to the problem of getting grits to the galleys of an LST in the Pacific.

Among Navy Department personnel are scores of Texans, many of whom were decorated for heroism during the war.

Starting at the top, there is Texas' own Admiral Chester W. Nimitz, serving as Chief of Naval Operations.

Two other Texans currently on duty in the Navy Department here also hold flag rank. One is Rear Admiral Albert G. Noble, Preston, who recently became the first Texan in many years to serve as Chief of Naval Ordnance. The other is Rear Admiral Ralph S. Riggs, born in Paris, now in Amarillo. He is a member of the Navy General Board.

Another pair of Texans who are admirals have been about headquarters lately in connection with their retirement. They are Vice Admiral W. R. Munroe, Waco, who has been commandant of the Tenth Naval District with headquarters at San Juan, Puerto Rico, and Rear Admiral Spencer S. Lewis, Calvert, ranking Texas Now Total 10.

Incidentally, the wartime peak of about 14 Texans with the rank of admiral on active duty has now dropped to 10.

Rear Admiral E. M. Pace, also a native of Calvert, is with the Bureau of Aeronautics, stationed in Los Angeles.

At sea or at various headquarters throughout the Pacific and in the Japanese and Chinese theaters are: Rear Admiral John D. Murphy, Dallas; Rear Admiral Stuart S. Murray, Dallas; Rear Admiral Herbert H. McLean, Llano, and Rear Admiral A. M. Bledsoe, born in Cleburne and now in San Antonio.

Brilliant War Records
There are several naval captains with brilliant war records currently on duty here.

Capt. Frank E. Shoup, Jr., of Dallas, a Naval Academy graduate of the class of 1923, is in the office of the Chief of Naval Operations. He was at Pearl Harbor during the Japanese attack, and commanded several ships during the war.

From Mineola comes Capt. Harvey P. Burden, presently with the Aeronautical Board. He is one of the so-called "most junior admirals" since his Naval Academy class of 1930 is the most recent from which individuals have been elevated to the rank of admiral.

Two brothers from Normangee hold the rank of captain, and each tries to outstrip the other in proving the excellence of his own branch of the naval service. One is Capt. Doyle G. Donaho, who is with the armament division of the Bureau of Aeronautics.

His brother Capt. Glynn R. Donaho, holds three Navy Crosses and two Silver Stars for gallantry as a submarine commander. On one of his forays his boat sank four Japanese merchantmen with only six torpedoes.

Lieut. Commander Herschel Schooley, former public relations officer and journalism instructor at Hardin-Simmons University in Abilene, is with the Navy's press section.

Lieut. Owen Hunsaker, Dallas, who holds degrees from North Texas State Teachers College at Denton and Southern Methodist University, entered the Navy as an enlisted man and now is assigned to the public information branch.

Another Texan, Lt. J. M. Stacy, El Paso, handled the publicity in connection with the recent speed-record flights of the Navy-Marine jet plane.

A civilian employe in charge of athletic training program arrangements for the Navy is Mack Saxon, former coach at Texas College of Mines in El Paso. He served as a lieutenant commander during the war.

Among enlisted men on duty at headquarters is Joe W. Penton, Jr., of Gainesville, yeoman third class. He aids in getting news releases prepared and dispatched to vessels at sea.

No. 1 Bachelor Girl Boosts Married State

HOLLYWOOD—(P)—Olivia de Havilland, who a little more than a year ago was Hollywood's No. 1 bachelor girl, is now the town's prize booster for the married state.

She stopped playing insane long enough on "The Snake Pit" set to offer a few sane observations, gleaned from her first year as Mrs. Mark Goodrich:

"There's nothing like wedded life. No girl should be without it. But don't get married just to be Mrs. Somebody. You really do know the real thing when it arrives. Make sure yours is."

"Don't fear for your freedom. I haven't given up one single thing, but I've gained lots. I can even have coffee in bed, served by my husband. What bachelor girl can make that statement?"

Autumn Days Bring New Trend In Signs

DALLAS—(P)—It's really too late in the year for vacationers to benefit by this newest trend. But almost everywhere tourist courts have big "vacancy" signs displayed. In three towns Dallas and San Antonio, apartments were advertised. Many homes were offered for sale.

Sea salt is derived from rivers. Evaporation in the open sea is enormous, but the salts are left behind.

A barbarous South American tribe, the Otomacas, marry young girls to old widowers and young boys to old widows.
