Regan Will Contest For Water Resources

By TEX EASLEY
WASHINGTON—(AP)—Protection of water resources of West Texas irrigated farmers is high on the list of things to which Rep. Ken Regan of Midland says he intends to devote his attention in Congress.

Paying his first visit to the capital since his election to succeed Ewing Thomson of El Paso, who left Congress to become a federal judge, Regan outlined to a reporter his interest in water utilization along the Pecos River and the Rio Grande.

He pointed out that after more than a decade of planning for the Pecos, the Red Bluff dam near the New Mexico line was built in the middle 1930s. Then a resident of Pecos added a member of the Texas Legislature, he had spent three months in Washington in getting federal funds for the structure.

"Everything then went along fine for years," he said. "The trouble now is the proposal of New Mexico interests to build a new dam and to rehabilitate the dam at Fort Sumner. I am against the building of any more dams on the Pecos until there has been a definite and equitable division of water between Texas and New Mexico."

Conferees were held recently at El Paso between Texas and New Mexico officials in an effort to reach an agreement on the matter, he said, but no final decision has been reached.

"You can be sure I'll fight against any upstream program that will deprive the people of West Texas of water rights which they have enjoyed for years and to which they are entitled," he added.

U. S. To Press Campaign Against Soviet Satellites

LAKE SUCCESS—(AP)—The United States, apparently certain of victory in its fight for a United Nations "watchdog" commission in the Balkans, made plain Thursday its intention to press for UN condemnation of three Soviet satellites accused of responsibility for Greece's border troubles.

An American spokesman declared the U. S. delegation would deviate from its position only if three accused nations—Yugoslavia, Albania and Bulgaria—officially agreed to cooperate with the border commission, which was approved by the UN's 57-nation political committee late Wednesday by a 37 to 6 vote.

The spokesman added that the three nations had made it evident they had no intention of complying—an assertion to which Bulgarian Delegate Boris Athanasov gave weight by telling interviewers:

"They (the U. S.) have the majority and can keep voting resolutions. They can decide this wall is back if they want to. This is a maneuver. It is railroaded and we refuse to take part in it."

Russia Almost Alone

The vote on the Greek border watch came as the political committee balloted a clause on United States proposals for preserving peace in the Balkans. The committee's decisions will go to the Assembly for final approval after it completes action on the U. S. proposals, but this was generally regarded as little more than a formality.

Russia, which has demanded that the UN find Greece to blame for the border conflict, cannot veto the proposals in the Assembly because the veto applies only in the 11-nation Security Council.

In Wednesday's vote on the Border Watch Commission, Russia was supported in the opposition only by White-Russia, the Soviet Ukraine, Yugoslavia, Poland, and Czechoslovakia.

Liquor Holiday—Maybe

WASHINGTON—(AP)—A two-month holiday from the distilling of liquor to save upwards of 10,000,000 bushels of grain for Europe was in prospect Thursday, beginning about October 25.

Joseph A. Eganard of Louisville, president of the Distilled Spirits Institute, said "it is just a question of mechanics" to work out the date for the shutdown asked by President Truman and his Citizens Food Committee.

Eganard told a reporter the "switches cannot be pulled overnight but that it could be done smoothly" in two or three weeks.

"My guess would be around the twenty-fifth," he said.

Charles Luckman, food committee chairman, turns his attention next to the beer and ale makers.

Brewing industry representatives will meet in Chicago Friday to discuss possible savings and will give Luckman their answer probably early next week.

Luckman said he has no doubt that the liquor industry will get together on the shutdown despite some uncertainty which developed at a conference on the plan Wednesday. A number of industry officials concurred.

This was what happened at the conference:

Thirty-nine companies were represented. After a two and one-half-hour discussion, 18 voted in favor of the shutdown. The remaining 21 firms abstained from voting, saying they wanted to confer further with their directors or stockholders.

Luckman said he assured the industry there will be no request that the shutdown be extended for a longer time, but he could not promise distillers will not be asked to adopt some conservation measures when the holiday is over.

Light Shower Fails To Alleviate Drouth; Cotton Crop Spared

Refreshing as it was, Wednesday afternoon's shower in Midland was just that—a shower. And a merely local one, according to reports Thursday.

The gauge at the City Barn registered 39 inches. The moisture was accompanied by gusty winds which tore a few branches off trees in some sections of the city.

Ranchmen and farmers reported Thursday morning they received light sprinkles. This was all right with farmers who now are busy with cotton picking. Heaviest rainfall report came from Stanton, where J. B. Gray said 1/2 inch fell on his land about four miles southwest of that city. Jay Floyd reported 1/2 to 3/4 inch on his ranch 16 miles east of Midland. Light showers were reported between Midland and Tahoka.

Hail Hits Levelland

Cotton fields in the Levelland area Thursday lay in virtual ruins—the result of a devastating 40-minute hail storm that caused an estimated \$2,000,000 damages.

The hail storm, accompanied by rain, moved in on the Hockley County town Wednesday afternoon and hammered the crops, peeled buildings and residences and denied automobiles.

Insurance men who estimated the less said crops suffered heaviest. Meanwhile, near Parma, approximately 140 miles north, lightning set fire to a 50,000-barrel oil tank of the Standish Oil Company. The flames began to consume an estimated \$92,000 worth of oil. The fire started during a violent electric storm in the Parma vicinity.

At Winters, approximately 50 miles northeast of San Angelo, a three-inch rain disrupted telephone service.

Airline Passengers Miss Death 500 Feet

EL PASO—(AP)—Capt. Charles Sisto of Los Angeles Thursday said 52 persons in a looping airliner missed death by only 500 feet Wednesday and that margin was because his head bumped a button and shut off three engines.

The 36-year-old pilot told reporters in a hotel room interview that a terrific dive into which the craft plunged Wednesday otherwise would have speeded up so that the ship would have hit the ground instead of looping.

The 48 passengers and five crew members were tossed about and bruised but none was seriously injured. Most continued on another plane to Los Angeles.

Does Outside Loop

Sisto said he did not know what caused the American Airlines DC-4 to dive as it was cruising at 238 miles an hour west of El Paso over Mt. Riley, N. M., en route west from Dallas.

The nose dropped suddenly as he was switching to automatic control.

"The plane went into an outside loop," he said. "It was traveling at a terrific speed. I was thrown against the feathering button. That was a factor in saving us because it shut off three engines."

He estimated it was all over in 30 seconds.

CAMP BOWIE PURCHASE PROPOSAL TO BE AIBED

SAN ANGELO—(AP)—The question of whether the State Game Department should drop its proposal to purchase 53,000 acres of the 116,000-acre surplus Camp Bowie military maneuvers area will be threshed out at a meeting of the Game Commission in Austin next Monday.

WEST LYNN PROSPECTOR IS HIGH ON ANHYDRIDE

York & Harper, Inc., No. 1 Ellsworth, West Lynn County prospector to 5,900 feet, 11 miles west of Tahoka, and 110 feet from south-west corner of section 38, Greggtown Railroad survey had reached 3,000 feet in anhydrite and shale and was making more hole.

Top of the anhydrite had been picked at 2,160 feet. Elevation is 3,174 feet. That gives it a datum of plus 1,014 feet. Some geologists correlate it to be 27 feet high to Hart No. 2 Edwards, and that is about three miles east and two miles south. They put the York & Harper exploration 42 feet high on the anhydrite to an unsuccessful effort applied by Illinois Oil Company several years ago about six miles west of East-Terr, County.

RUTLEDGE RITES SET

KENEDY—(P)—Funeral services were scheduled Thursday for Will J. Rutledge Sr., 76, well-known South Texas cattleman. He died at his home here Wednesday.

Can't Sell At His Price

M. N. Halperin, proprietor of the "Cut Price" Grocery in St. Paul, Minn., is charged with violating a state law requiring an eight percent markup on grocery items. He sold a can of shortening for 95 cents which the state claims should have sold for 97. Halperin's attorney intends to file a demurrer to test the law's constitutionality. The law, an unfair trade practice act, was passed in 1941, and was aimed primarily at chain stores.

Fate Of 300 U. S. Citizens Unknown

GUAM—(AP)—A devastating tropical typhoon, which "sat down" on tiny Iwo Jima, leveled some buildings and left others little more than twisted steel and wood, a faint radio message picked up by the Coast Guard station here reported Thursday.

The message, heard Thursday afternoon, was the first communication from the volcanic island 800 miles north of Guam in more than seven hours.

It contained no word of how some 300 Army, Air Force and Coast Guard personnel and their dependents fared in the lashing storm.

The typhoon brought sustained winds of 130 miles an hour, with gusts up to 160 miles, the message said. It reported a large quonset hut and one barracks building completely leveled and said damage to others was severe.

Water damage was described as great.

The Navy relayed earlier reports that the great Pacific storm was "sitting right on top of the island."

The Fourth Air-Sea Rescue Squadron, based on Guam, sent planes through the storm to search for a landing ship being buffeted by heavy seas off Iwo.

At Tokyo, U. S. Navy Headquarters said the landing ship was a commercial vessel known as "Coastal Jim." It said the craft had ridden out 30-foot waves and 140-mile winds, losing its top-side gear.

The landing ship reported it was bucking 80-mile winds at the typhoon's edge. It sought permission to enter the harbor at Chichi Jima, north of Iwo.

Chile Ousts Communist Diplomats

SANTIAGO, CHILE—(AP)—Two Yugoslav diplomats, accused by the Chilean government of fomenting, on orders from home, a Communist campaign against the United States and hemisphere solidarity, were expelled from Chile Wednesday night.

An official statement said the two men—Andrej Cunja, Yugoslav charge d'affaires, and Dalibor Jakasa, secretary of the Yugoslav Legation in Buenos Aires, a visitor in Santiago—were acting for the new Communist International headquarters in Belgrade and had received instructions to:

Intensify and coordinate a campaign against the United States of America in order to induce the greater democratic elements to join Soviet strategy against the western democracies; attack the policy of continental defense, and develop a plan of sabotage of production, either by means of slowing work or causing strikes and conflicts in industries producing raw materials.

Argentina Notified

Cunja and Jakasa were taken by automobile to Mendoza, Argentina, just across the border.

It was announced officially just before midnight that President Gonzalez Videla had notified President Juan D. Peron of Argentina of his action to "counterbalance the energetically revolutionary plan of the Communist Party" and that Peron had informed Gonzalez Videla that he would take the necessary steps to "defend Argentine sovereignty."

Officials said Foreign Minister Vergara Donoso told the Yugoslavs they had "seriously infringed the hospitality of our country and acted against its independence with subversive aims."

Robot Planes Make 1,700-Mile Speed

By ROBERT S. BALL
(Copyright, 1947, by The Detroit News)

CLEVELAND—(AP)—American robot rocket planes have crashed the sonic barrier at blistering speeds in the neighborhood of 1,700 miles an hour, a high government official revealed Thursday.

The flights have been carried on for months from a lonely island off the Virginia coast, where the National Advisory Committee for Aeronautics (NACA) has a small experiment station.

This disclosure of American progress in the field of supersonic flight—which is flight faster than the speed of sound—was prompted by publication Wednesday of accounts from England of the 900-mile-an-hour flight of pilotless rocket craft.

As in the English experiments, the American rocket ships are launched at high altitude from a fast-flying bomber. Their controls are pre-set to send them diving into the sea after a flight of 20 to 30 miles.

Telemetering devices installed in the robot automatically transmit pertinent data to observers aloft and on the ground. Radar also is used to track the rocket plane throughout its brief but sensational flight.

"It will not be many months before we have a piloted aircraft break through the sonic barrier (750 miles an hour at 30,000 feet), although he will be flying a turbo-jet plane with a rocket boost," the government spokesman said.

It was revealed that great progress had been made in recent months in perfecting controls for the supersonic aircraft, whose wings are so sharply swept back that they resemble a "V."

Thursday's disclosures coincided with, but were not a part of, the first annual inspection by military and civilian engineers of the NACA's flight propulsion research laboratory at the edge of the Cleveland Municipal Airport.

Among the 270 civilian engineers who toured the vast laboratories Wednesday was Charles A. Lindbergh, who headed the NACA committee which originally planned the facility in 1930. It was his first visit.

Need For United Nations Study Is Cited By Speaker

A clear and concise report on the United Nations, its organization, operation, objectives and chances to succeed, was presented in a most pleasing and understandable manner by Mrs. Ruth Bryan Owen, internationally-known lecturer, in an address before members of the Midland Concert and Lecture Association in the high school auditorium Wednesday night.

"You and the UN" was the subject of Mrs. Owen's lecture, which was well received by the audience. She was introduced by H. Winston Hall, association president.

Mrs. Owen, chairman of the Speaker's Research Committee of the United Nations, said the UN is the "most important and perhaps the least understood subject in the world today."

Public Opinion

"The United Nations will go no further than the public opinion of the world determines it will go," the lecturer said. "It is the obligation of the people to become fully informed on the subject in order to create an atmosphere in which the UN can work successfully."

"It cannot succeed in a pessimistic atmosphere in which we keep talking about another world war. We can and will create the proper atmosphere if we realize fully what the alternatives really are."

She suggested copies of the pre-amble to the UN charter be placed in all schoolrooms, and that study clubs adopt the UN as their No. 1 study project.

Mrs. Owen traced the history of the United Nations and the forming of its charter, and said a marriage (Continued on page 2)

WEATHER

Becoming partly cloudy Thursday night and Friday. No important temperature changes. Maximum temperature Wednesday was 89 degrees, minimum 61 degrees. Minimum Thursday was 60 degrees.

U. S. and Belgian soldiers march as guard of honor on either side of a gun carriage through the streets of Antwerp, Belgium, as the body of an American soldier is taken to the SS Joseph V. Connolly to be returned to the United States. Five thousand, six hundred war dead from the military cemetery at Liege are being returned on the ship.

Pacific War Dead To Arrive Friday

SAN FRANCISCO—(AP)—With 3,012 caskets and 16 urns stacked in her forward holds, the Army cargo ship Honda Knot will steam slowly into San Francisco Bay Friday bearing the remains of the first of America's World War II dead.

The Army has never designated a code word for the two-year operation which will bring 228,000 bodies back from 454 military cemeteries throughout the world, but unofficially the procedure has become known as "operation taps."

The Honda Knot, her flag at half mast, is scheduled to pass into the bay shortly before noon after an escorted 11-day trip from Honolulu. A carefully planned commemorative ceremony is programmed for noon on the Marina shore, just inside the Golden Gate.

Most of the remains are those of the men first to die—victims of the Japanese bombing of Pearl Harbor on December 7, 1941. Also aboard are remains of men who died in the China-Burma-India theater, men of all services and civilians who died while attached to these services.

McCamey Man Found Dead In Hotel Room

MCCAMEY—Vincent L. "Mick" Finn, 52, was found dead about 7 p. m. Monday in his room in the Texas Hotel. He had been suffering from a heart ailment for some time.

The body was shipped to Tulsa, Okla., Tuesday, where his sister, Mrs. Frank King, resides.

Finn was well-known in this section of the country. He had been employed by several oil companies as a scout. His last employment was with the West Texas Utilities Company at Rio Pecos Station.

He was a World War I Veteran and a member of the American Legion, Post of McCamey.

McCamey WSCS Circle Meets In Church Annex

MCCAMEY—The Women's Society of Christian Service met in the Methodist Church annex Monday afternoon.

The president, Mrs. Doc Adams, called the meeting to order and conducted a short devotional and business session before turning it over to Mrs. J. C. Mann, leader of the study course on "World Evangelism."

The 16 members present were: Mmes. H. C. Logan, L. C. Copeland, Dutch Culwell, Charles Bixler, I. I. Edwards, Doc Adams, Raymond Stowell, Bill Ramsey, Mollie Yates, Edward Heinz, D. C. Burch, Leo Plunier, T. L. Fuller, George Lawler, C. E. Harris and J. C. Mann.

WIFE OF PRESIDENT OF PRAIL SUCCUMBS
RIO DE JANEIRO — (P) — Senora Ca melia Dutra, wife of the president of Brazil, died shortly before midnight Wednesday of complications following an operation for appendicitis.

Senora Dutra, who was 63, had been in ill health for more than a year.

Fire Declared Most Potent War Weapon

Hugh B. Keepers of the Texas Fire Prevention Bureau told Rotarians at their meeting Thursday noon in the Scharbauer Hotel that fire is the most potent weapon of war.

He described the burning of Tokyo and other damage of fire during the war. He said 267,000 buildings burned in Tokyo in two hours and 89,000 Japs were killed.

Keepers also discussed the Texas City fire and explosion and asserted 200,000 dwellings in the United States burned last year.

James Mims, program chairman, said 70 per cent of fires result from carelessness and that the loss of fire this year already has reached \$700,000.

He said Midland's 1947 fire loss is already \$70,000 compared with \$18,000 for 1946.

Alas, objects, activities and ideals of the Business and Professional Women's Clubs were outlined by Miss Fannie Bess Taylor in an address. Mrs. Eleanor Luton, president of the B&PW Club here, also attended the session.

Miss Taylor is a member of the board of directors of the state organization.

FBI Agents Nab Two Atom Theft Suspects

ALBUQUERQUE, N. M.—(P)—Federal agents who have been probing thefts of confidential matter from the Los Alamos atomic project nabbed two more suspects Wednesday—and at the same time revealed the investigation also has covered a highly secret weapon project outside Albuquerque.

Complaints filed immediately after the simultaneous arrests 85 miles apart in New Mexico accused George Wellington Thompson, 38, formerly of Greenwood, Mo., of taking classified photographs from both the Army's Sandia Base here and the atom laboratory.

Thompson was arrested by agents of the Federal Bureau of Investigation and former Army photographers at Los Alamos, where the first atom bomb was assembled. After his discharge Thompson was a civil service employee for a time at Sandia.

Arraigned in Santa Fe, Thompson pleaded guilty to the Los Alamos thefts but denied taking any photos from the base here.

Paparella's hearing in Albuquerque was continued until next Monday, allowing him time to engage counsel.

Bonds of both were fixed at \$10,000.

Jurors Who Served Monday Are Notified Not To Reappear

Petit jurors called for service in 7th District Court last Monday and who had been instructed to reappear again October 13, Thursday were being notified by Sheriff Ed Larnell not to appear next Monday.

On this list were B. F. Abbot, Carl Acker, Clyde A. Allison, L. H. Anderson, A. L. Armentrout, J. N. Armstrong, Wayne E. Ashmore, H. J. Atwater, Lewis C. Ayers, E. P. Baker, L. I. Paker, Jesse Barber, Jr., David E. Barnes, Jr., T. Paul Earron, J. D. Bartlett, R. H. Battle, A. R. Beals, J. Gordon Bird, C. E. Bissell, Edward H. Black, W. B. Blakemore, Archie Booth, A. Borning, A. E. Bowman, G. Z. Branch, Malcolm Breneman, H. G. Brewer, D. C. Brooks, W. E. Brown, Walter Bryan, George Buckingham, J. S. Burkett, H. R. Busby, L. L. Butler, C. G. Campbell, D. H. Cardwell, C. C. Carden, R. Chausior, C. L. Chase, W. B. Chatham, Stanley Claiborn.

R. L. Clark, H. W. Coker, John H. Colvin, H. H. Conger, B. W. Coolidge, Ed Cowden, Felix Cox, P. L. Crawley, E. L. Critts, E. A. Culbertson, Walter Curran, John L. Daniel, B. F. Davidson, Jeff W. Davis, L. E. Davidson, J. E. Dickinson and G. N. Donovan.

A new jury list for trials beginning Monday will be announced Friday, District Clerk Nettie C. Romer said Thursday.

Need For—

(Continued from page 1)
velous organizational job has been done in two years.

The noted lecturer, a former congressman, discussed the various UN organizations—the Assembly, Security Council, Social and Economic Council, World Court and the Trusteeship Council.

She said most of the organizations and departments work in perfect harmony for a better understanding among nations of the world, but that the spotlight generally is focused on the Security Council, which deals with dramatic issues and in which disagreement is more apparent.

She said the nation does not have a balanced picture of the UN operations.

"The veto has been the most discussed and least understood of all UN matters," she explained. The United States sponsored the veto provision in the charter and is anxious that it remain in effect.

The Social and Economic Council, with its World Health Organization, International Labor Organization, International Refugee Organization and other departments, is doing a great and far-reaching work although its accomplishments generally are not watched by the public.

"The United Nations, representing the people of 55 nations, is building a foundation on which the peace and security of the world can rest," she said.

She discussed briefly the atomic bomb, and quoted scientists who say the mass destruction weapon is so tremendous in its implications that we must have one world or no world.

Answering questions from the audience following her lecture, Mrs. Cwen said there is no real reason or necessity for war with Russia, but that if we keep talking war it may eventually come.

She also said the establishment of an International Police Force is the first great need of the UN when its charter is amended.

In answer to another question, Mrs. Cwen said the food situation in Europe is desperate and she hoped Americans voluntarily will help feed peoples of war-torn European countries.

SIX MONTHS AND \$150
Pleading guilty Wednesday in county court to a charge of carrying a pistol, a Midland man was fined \$150 and given six months in jail.

PAIN IN YOUR BACK
Indicate that your bladder and kidneys need attention. The fluids that flow through them are irritating. CIT-ROS will quickly bring these fluids back to normal. Pain ceases and gradually the soreness leaves. A new remedy for lumbago is at your druggist, \$1.00. Get it today at MIDLAND DRUG

School Fire Safety Emphasized Thursday
Thursday was School Day of National Fire Prevention Week, observance of which is sponsored in Midland by the JayCeers, and an intensive program of activities has been arranged in all grade and high schools.

A showing of films of the Texas City disaster by Hugh V. Keepers, Dallas, was scheduled at the high school auditorium at 7:30 p. m. After the movie, an organization of a safety association, composed of all safety personnel in the Permian Basin area, was planned.

Wednesday, Inspection Day, found Midlanders investigating fire hazards around homes and business buildings. Firemen inspected buildings in the downtown area, making suggestions pertinent to increased safety against growing fire losses of life and property.

VFW's Schedule Big Meeting Thursday

An important meeting of the Midland VFW Post will be held in the organization's headquarters at Midland Air Terminal at 8 p. m. Thursday, when final arrangements will be made for the Russ Morgan dance in the VFW Hall Monday night.

Post officials said a large number of members are needed Thursday night to complete work details in short order. Every member who possibly can is urged to attend.

Members also are requested to make reports on ticket sales for the dance.

THE REPORTER-TELEGRAM, MIDLAND, TEXAS, OCT. 9, 1947-3

Educator Says Public Schools Are The 'Hope Of This Country' In Talk At West School Dedication Program

Dr. D. M. Wiggins, president of the Texas School of Mines at El Paso, in an address dedicating Midland's new West Elementary School building Wednesday night, told his listeners the hope of this country rests in its educational program, and the public school, to accomplish the task set out for it, must be a part and parcel of the community.

The noted educator spoke before a capacity crowd of parents, school officials, faculty members, students and special guests in the auditorium of the new building which is one of the finest and best equipped in the Southwest. He spoke Tuesday night at a program dedicating the new South Elementary building which is identical to the West school.

Vaughn C. Mailey, president of the Board of Education of the Midland Independent School District, presided, and the Rev. Howard Hollowell, pastor of the First Methodist Church, gave the invocation.

Students of the fifth grade sang "The Bells of St. Mary's" and "Singing Along," while second grade students sang "You're a Grand Old Flag."

Wesley Martin, West Elementary principal, introduced faculty members whom he termed "the best in West Texas."

Mailey said school trustees attempted to provide the best facilities possible for students, and that the new buildings represent the accomplishments of the people of the community rather than of the school board alone. He lauded former trustees on their efforts in developing the school system.

"The buildings represent another milestone in the progress of the community," he said.

Frank Monroe, superintendent of Midland schools, introduced the principal speaker.

Dr. Wiggins commented on the rapid growth of Midland and of West Texas, and congratulated citizens upon the erection of the fine new buildings. He said that while the new structures indicate the belief of citizens in the community, they show further their belief in the youth of the community.

Teacher Shortage

He commended school trustees on their fine and unselfish service and lashed out at persons who criticize without just cause or reason.

He discussed the scarcity of teachers and said that few college students today are interested in the teaching profession.

"Good leadership, scarce at the present time, must come from and through our educational institutions," he said.

He stressed the fact that education is big business and that public schools are expensive and becoming more expensive every day. Cooperative effort between the school and the home, the school and business and the school and industry are essential if our educational program and our country are to survive, he said.

Following the program, the building was opened for inspection by the guests.

Coming Events

FRIDAY

The Ladies' Golf Association will meet at 9 a. m. Each member will bring a sack lunch.

The Boone Bible Class of the First Methodist Church will have a coffee at 10 a. m. in the home of Mrs. O. S. Barnard, north of the Andrews Highway. The church nursery will be open for the children of members.

Mrs. Clyde Cowden and Mrs. C. M. Goldsmith will be hostess to an Althean Class covered-dish luncheon at 1 p. m. in the home of Mrs. Cowden, 111 North D Street.

SATURDAY

The Children's Theater will meet in the City-County Auditorium at the following times: Group 1, 10:30 a. m.; Group 2, 1:30 p. m.; and Junior Workshop, 3:15 p. m.

The B&P Club will be host to the City-County Federation luncheon at 1 p. m. in the Crystal Ballroom of the Schabarner Hotel.

How To Relieve Bronchitis

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

CREOMULSION for Coughs, Chest Colds, Bronchitis

Shower Honors Edith Wemple, Bride-Elect

Honoring Miss Edith Wemple, bride-elect of Hank Avery, Mrs. Guy Cowden and Mrs. A. E. Pettit entertained with a kitchen shower Tuesday in the home of Mrs. Cowden, 1100 West Illinois Street.

Floral arrangements of chrysanthemums and marigolds were used in the reception rooms, and gifts were placed in a large red and white laundry basket and opened by the honoree at the party.

Louise Cox served coffee and refreshments to guests from the dining room table, which was centered with an arrangement of white and purple grapes surrounding two Chinese vases.

Other members of the house party included the bride's mother, Mrs. Fred Wemple, Liza Lawrence, and Betty Bussell.

Guests were Louise Cox, Betty Burnett, Evelyn Wemple, Lucille Wemple, Liza Lawrence, Helen Armstrong, Margaret Mims, Ruby Millard, Lila Stewart, Elma Jean Nobles, Eula Ann Tolbert, Charlotte Kimsey, Joan Proctor, Kitty Ellis, Marylee Cowden, Montey Downey, Sudy Cowden, Mrs. Jack Nobles, Mrs. J. Progressive Club Meets In Home Of Mrs. Ledebur

Mrs. C. W. Ledebur, 1408 West College Street, entertained the Progressive Study Club Wednesday afternoon, when it met for a business session and program, featuring Mrs. Cecil Waldrep in a paper, "Shall We Adjourne?" Mrs. John Hill DeFord reading the "Club History," and Mrs. R. J. Hickman reading the "Club Constitution."

Mrs. Waldrep, president, had charge of the business session, during which a report was given on the rummage sale.

Those present included one guest, Mrs. W. H. Ledebur, and Mrs. L. O. Eaggett, Mrs. George J. Byrne, Mrs. James C. Clary, Mrs. W. E. Cox, Mrs. DeFord, Mrs. Hickman, Mrs. A. A. Jones, Mrs. W. C. Kimball, Mrs. Lindley Latham, Mrs. H. B. Mills, Mrs. W. C. Mitchell, Mrs. John V. Norman, Jr., Mrs. W. H. Pomeroy, Jr., Mrs. Grayville Porter, Mrs. Burt H. Self, Mrs. J. W. Thomas, Jr., Mrs. Waldrep, Mrs. W. B. Yarborough, the hostess, and two new members, Mrs. Sol Bunnell and Mrs. L. M. Freels.

FINE ARTS CLUB TO ADOPT, SUPPORT EUROPEAN FAMILY

The Fine Arts Club will adopt a European family to support with money, food, and clothing for one year, it was decided Wednesday at a meeting in the home of Mrs. Henry G. Murphey, 107 North G Street.

The meeting featured a program in two parts: "Progress of the United Nations" by Mrs. D. C. Haskin and "Field of Psychiatry" by Mrs. J. M. White.

A guest present was Mrs. Joseph L. Greene of Cincinnati, Ohio, mother of Mrs. B. R. Schabarum. Members attending were Mrs. E. H. Barron, Mrs. T. Paul Barron, Mrs. Tom Bobo, Mrs. Haskin, Mrs. J. Howard Hedge, Mrs. O. J. Hubbard, Mrs. George Kidd, Mrs. Y. D. McMurry, Mrs. Merrill Patton, Mrs. Nelson Puett, Mrs. Schabarum, Mrs. White and Miss Lydia Watson.

NORTH ELEMENTARY P-TA GIVES COFFEE FOR ROOM MOTHERS

The North Elementary School P-TA honored its room mothers with a coffee Tuesday morning in the home of Mrs. Charles Edwards, Jr.

Carnival plans were continued with the drawing of numbers for the booths each member will direct.

Mrs. Willard Bumpass, membership chairman, reported the unit now has a membership of 147 mothers and 102 fathers.

Mrs. Ben Black served coffee to Mrs. A. A. Jones, Mrs. E. E. Ryley, Mrs. E. E. Watt, Mrs. S. C. Geisey, Mrs. Ed F. Hitchcock, Mrs. John P. McKinley, Mrs. John M. Hill, Mrs. J. L. Thomas, Mrs. Lize Midkiff, Mrs. D. A. Walston, Mrs. H. H. Conger, Mrs. R. L. Burke, Mrs. R. E. Dupuy, Mrs. George Grimm, Mrs. T. J. Murphy, Mrs. C. Mayfield, Mrs. C. P. TenEyck, Mrs. R. E. Patton, Mrs. E. Birkhead, Mrs. J. S. Griffith, Mrs. B. R. Schabarum, Mrs. Lamar Lunt, and Mrs. Gladys Tolbert, principal.

Mrs. Ben Black is carnival chairman.

Mr. and Mrs. B. M. Hays Fete Luckv '13' Club

Mr. and Mrs. B. M. Hays, 1701 West Kentucky Street, entertained the Lucky "13" Club with games of "42" Wednesday night.

Arrangements of Fall flowers were distributed throughout the house.

Salad plates were served to Mr. and Mrs. Bill Cole, Mr. and Mrs. H. S. Collins, Mr. and Mrs. Clarence Hudman, Mrs. Jim Schroeder, Mr. and Mrs. C. H. Shepard, and one guest, Mrs. Maxine Taylor.

MIDLAND STUDENT IS MCMURRY BAND MEMBER

ABILENE — Audie Merrell of Midland is a member of the McMurry College Indian Band which will play host to more than a dozen West Texas high school bands Saturday, October 11, at McMurry's second annual band clinic.

The McMurry band will perform at a number of the school's football games this season, and will appear in new uniforms. The band will make a three-day concert tour before the Christmas holidays.

Mrs. Amelia Hawkins Entertains Methodist Wesley Bible Class

Mrs. Amelia Hawkins, 1107 West Indiana Street, entertained the Wesley Bible Class of the First Methodist Church Tuesday. Mrs. L. C. Stephenson was co-hostess.

The devotional from Mark 18:3-8 was given by Mrs. M. L. Wyatt with a poem, "Ee Of Service," and a prayer. Irene Bailey presented two songs, "I Have Regards" and "The Rosary." Following two readings, "Who Else" and "Christ, My All," by Mrs. H. S. Merrell, the program concluded with "People Will Talk" by Mrs. L. C. Stephenson and the Lord's Prayer.

One guest, Mrs. Stacy Allen, was present.

Members attending were Mrs. M. J. Allen, Mrs. Emma Allen Bailey, Mrs. W. A. Black, Mrs. Minnie Crumley, Mrs. T. A. Fannin, Mrs. J. M. Hughes, Mrs. Lela Hedges, Mrs. Mollie McCormick, Mrs. H. S. Merrell, Mrs. Ida Neeb, Mrs. J. M. Nolan, Mrs. Stephenson, Mrs. Mary Lou Snodgrass, Mrs. F. H. Wilmoth, Mrs. Wyatt, Mrs. E. P. Patton, and Mrs. John Ficke.

Stork Shower Honors Mrs. Ben Murray

Mrs. Ben Murray was honored with a stork shower Tuesday night by Mrs. J. C. Reynolds, Mrs. Goodrich Hejl, Mrs. Cleve Cullar, and Mrs. Woodie Holden in the annex of the Church of Christ.

Decorations carried out the stork theme, and assorted flower arrangements were distributed throughout the entertainment rooms. Favors were hand-painted balloon babies, and a stork and baby centered the table from which refreshments were served to approximately 32 guests.

Sub-Deb Pledges Meet At Anquish Home

The Sub-Deb pledges met Monday afternoon in the home of Gloria Anquish, 1106 West Texas Avenue.

Two members, Marylee Cowden and Patricia Fryor, were present. Pledges attending were Peggy Charlton, Jean Blackwell, Jo Ann Nelson, Jo Ann Boykin, Toya Chapelle, Rosalynn Leggett, Gloria Anquish, Ann Boring, Adele Blackman, Sue Johnson, Joyce Howell, Betty Wilson, Sidney Smith, and Suzanne Young.

There are about 1,700 colleges and universities in the United States.

THE REPORTER-TELEGRAM, MIDLAND, TEXAS, OCT. 9, 1947

Three Tilts Are Menued

Three football games were scheduled in Midland Thursday, a grid menu for one day.

At 4 p. m. in the high school stadium, the "C" string of Bulldogs (freshmen) were to meet the Lamesa freshmen.

At 6:30 p. m., the Bullpups of John M. Cowden Junior High of Midland were slated against the Odessa Junior High.

Grand finale game was set for 8 p. m. Thursday with the "B" Bulldogs meeting the Lamesa "B" eleven.

Ask your druggist for Kleenite today. **KLEENITE the Brushless Way** Get KLEENITE today at Service Drug Store, City Drug Store, Tully's, Midland, Palace and all good druggists.

Durocher Hints He Will Manage Dodgers Again

NEW YORK (AP)—Les Durocher flew back to the West Coast Thursday leaving behind the impression he was in the good graces of his boss, Branch Rickey, and that his chances of regaining his old job as manager of the Brooklyn Dodgers were better than fair.

Boarding a plane at LaGuardia Airport for Los Angeles Wednesday night, Durocher, whose season-long suspension ended with the last putout of the World Series, was his old wise-cracking, loquacious self. Jovial and smiling as he and Laraine Day, his film actress wife, waited for the take-off, Durocher revealed that he had a three and a half hour conference with the Dodger president and was "very happy with the result."

Laraine Drops Clue
"Obviously, I can't tell you what went on, and any statement will have to come from Mr. Rickey," Durocher told reporters who came to see him off. He admitted that the job situation was discussed. The strongest clue that Leo may already have been re-hired or will be soon came from Miss Day who jokingly told one of the reporters that she was considering purchasing a book on "How to speak Spanish in 10 easy lessons." The Dodgers are considering an offer to train in the Dominican Republic. Rickey could not be reached for comment.

Durocher was suspended by Commissioner A. B. Chandler on the eve of the 1947 major league season for "conduct unbecoming a major league manager," following charges brought by Larry MacPhail, retired President of the New York Yankees.

Kermit Expects Pecos 'Trouble'

KERMIT — "Plenty of trouble" is Coach Crickett Christian's prediction as his Kermit Yellow Jackets prepare to meet Pecos here Friday night. This will be the first home conference game for the Jackets and is expected to draw a raucous crowd to enlarge Walton Field.

Christian reports injuries will keep four of his first string men on the bench. With these four players out, including Bobbie Golden, Bobby Horner, Pete Wilson, and Royal Bealey, probable starting line-up for the jackets was still indefinite as game time neared.

While memories of their two conference wins in District 7-A so far this season are still sweet to the Yellow Jackets, they are not forgetting the sound walloping they received last year from Pecos. Kermit's record to date includes four games played, two non-conference. The Jackets remain undefeated in conference play with a 2-1-7 win over Denver City and last week's 42-0 victory in Seagraves. First game of the season was in Lamesa, ending in a 7-7 tie, and only game lost was on the home field when Hobbs, N.-M., took the big end of a 17-9 score.

TELEVISION PERMIT FOR HOUSTON IS SOUGHT

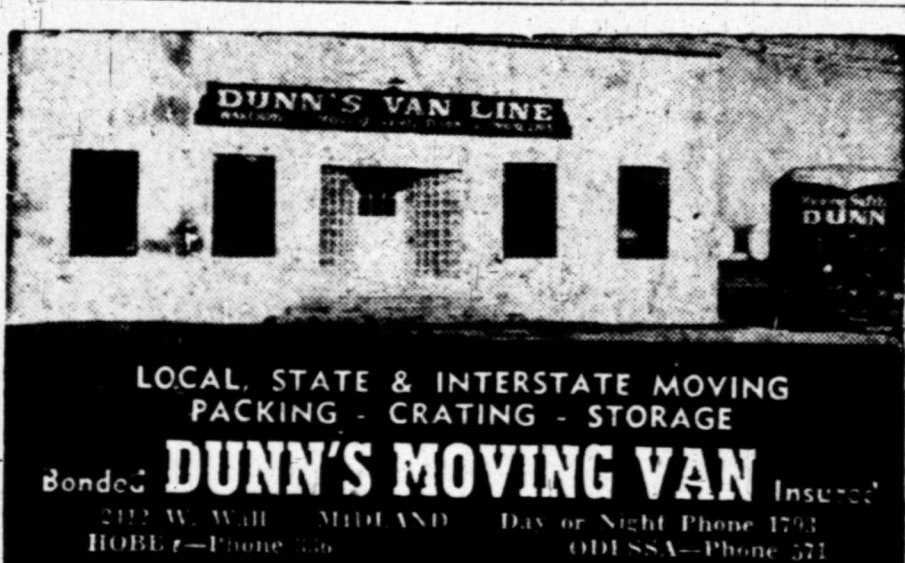

HOUSTON (AP)—On file in Washington Thursday was what was believed to be the first application for a television broadcasting station in the South.

It was filed with the Federal Communications Commission by attorneys representing W. Albert Lee, Houston hotel owner.

Kickoff Time Set 8 P. M.; Band, Pep Girls To Support

The Midland Bulldogs hit the long and rugged road of conference football competition in one of the toughest districts in Texas at 8 p. m. Friday in the high school stadium here, meeting the Sweetwater Mustangs in the opening 3-A game for both elevens.

A hammer and tongs battle is certain. It's the Purple and Gold of Midland against the Red and White of Sweetwater. Both will shoot the works.

Sweetwater is coming, loaded. The Mustangs are heavier. They have lost three straight games but to the most superior of schoolboy elevens. Midland has won one and lost three.

Sweetwater is known to be a passing outfit. Midland has been weak all season on pass defense. There will be a rock-rubbed battle of lines up front.

All week the Bulldogs have worked on pass defense and sandwiched in some offensive maneuvering. Sweetwater has drilled on the pass.

The visitors feature the T-formation with Robert Dulaney, 160-pound quarterback, a running threat. Passes to Morris Henshaw, 160-pound, letterman end, also are a weapon.

Midland sprouts from the "T" but could do some tricks from the single-wing before the night is over, of double-wing.

Scrogins Is Out
Out of the Friday night game for Midland will be Letterman John Scrogins, 207-pound tackle, who was injured in the Plainview tussle. He will be replaced by Dan Brannan, another husky lineman.

A surprise move Friday night may be Larry Messersmith, reserve back, at the safety position on defense for Midland. Messersmith will be instructed to "smash 'em" whenever Sweetwater throws 'em.

Coached by one of the best mentors in the business, Pat Gerard, the Mustangs are a threat any time. They lost last season only to the State Champion Odessa Bronco. Giggled greatly by graduation, the Mustangs are much weaker this fall but must not be underestimated.

Here are the probable starters:

Midland	Pos.	Sweetwater
Dunn	LE	Matthews
Deel	LT	Timmons
Whitson	LG	Wheeler
Monerief	C	Holliday
Fritchard	RG	Grey
Branch	RT	Mayerberry
K. Goode	RE	Hinshaw
Stephens	QB	Dulaney
Little	HB	Allen
Ryatt	HB	McMillan
D. Goode	PB	Lambert

Scout Council Buys Mountain Ranch For Camp

Purchase of the C. Hunter Strain ranch in the Davis Mountains by the Buffalo Trail Council, Inc., Boy Scouts of America, for a council camp site was announced Thursday by G. W. Brenneman of Midland, council president.

The property, consisting of approximately 6,000 acres, is located 24 miles from Balmorhea, and is 12 miles off the Pecos-Fort Davis highway. The main canyon is called Aguja, meaning needle in Indian; and is so called because of a towering rock in the middle of the canyon.

The total consideration for the property was \$74,981.25, Brenneman said. Plans for financing the project are being developed and will be announced soon.

Providing a camp for the Scouts of the 15 counties comprising the council is a big step forward, Brenneman said, and represents a capital expenditure and not an operating expense.

Deed to the property has been received and is made to R. M. Simmons of Sweetwater, George Abell of Midland, and Frank Myers of Pecos, as trustees.

Carl Elomshield, chairman of the council's Camping and Activities Committee said plans for developing the camp site are well under way and likely will be ready for the 1948 camping season.

TEN HURT IN CRASH NEAR HILLSBORO

HILLSBORO (AP)—A three-way traffic accident 12 miles from here Wednesday night-left ten persons injured, none critically.

Six of the injured were Hillsboro school boys returning to their homes after a day at the State Fair of Texas in Dallas. They were Joseph Dossett, 18; Robert Hunt, 16; Charles Arnold, 15; Kenneth Jacobs, 15; Billy Vaughn, 16, and Billy Siddons, 17.

Hornets Trim Odessa, 14-13

The Midland Hornets of Carver School roared back in the second half here Wednesday night to defeat the Odessa Steers, 14 to 13, in a negro football game.

Walter Lee Taylor, Hornet end, intercepted two Steer passes and ran them back for touchdowns. The Midlanders ran for extra points, one of them being the all-important one. Both of Taylor's runbacks were for 23 yards or more.

Odessa started strong and made two first-half touchdowns and a point were ahead, 13-0, at the half. A fast Steer broke away from scrimmage and ran 90 yards for one tally.

The Carver boys play San Angelo at San Angelo October 23 and play a return game here November 10.

Humble Will Air Southwest Games

Another exciting week-end of football broadcasts is in store for radio listeners, as Humble Oil & Refining Company's broadcasting crews cover every game on the Southwest Conference schedule.

Leadoff broadcast is the TCU vs. Miami U. contest in the Orange Bowl in Miami at 7:05 p. m. Friday, which can be heard over stations WRR, Dallas, and KGKL, San Angelo.

The Baylor-Arkansas game in Waco will be broadcast at 2:20 p. m. Saturday and will be aired by stations KCRS, Midland; KOSA, Odessa; KESB, Big Spring; KUN, El Paso; KRBC, Abilene; WRR, Dallas; KGKL, San Angelo.

The Texas-Oklahoma game will go on the air from the Cotton Bowl in Dallas at 2:20 p. m. Saturday with carrying stations being WFAA, Dallas, and WOAI, San Antonio. Rice and Tulane will tangle in Houston Saturday and the game goes on the air at 2:20 p. m. over KRLD, Dallas.

SMU is playing Oklahoma A&M at Stillwater, starting at 2:20 p. m. Saturday, and the broadcast list includes stations WFAA, Dallas, and KWFT, Wichita Falls.

At 8:05 p. m. Saturday from Baton Rouge, La., will come the Texas A&M-LSU game over station WFAA, Dallas.

TEXAS JIPPERS TO PLAY IN GAD CONTESTS

TOKYO (AP)—The 11th Airborne Angels, led by 1st Lt. Robert Woods, Corning, N. Y., former Army player, are heavy favorites over First Corps gridders in their football game at Kyoto Sunday.

The game will be the feature clash in the Occupation Football League. Airborne Coaches 1st Lt. James McClurkin, Birmingham, Ala., and 1st Lt. Robert MacKinnon, San Antonio, plan to field a team including: Pfc Karl Meyer, Amarillo, Texas; and Charles Pearce, Ballinger.

BOWLING

In the Women's Bowling League Monday night at Plamor Palace, Dunlap's won three games from Colin Cafe, Dunagan Sales took three from Permutt Water Softener, and Everybody's won three by forfeit from Team Eight in clean sweeps. King's won two games of three from Log Cabin.

Dunagan Sales set a new series record with 2,096 and took high single team game with 766. Jo Bryson of Dunlap's rolled high individual game with 203. She keggered high series also with 522 and holds a high average of 151 for 12 games bowled.

The standing:

 Private Dining Room
 Scharbauer Hotel
Wednesday
 8:00 p. m.: Second Wednesday night services
Sunday
 11:00 a. m.: Morning worship with the Lesson-Sermon entitled "Are Sin, Disease, and Death Real?"
 The Golden Text is: "He that is our God is the God of salvation; and unto God the Lord belong the issues from death" (Psalms 68:20).
 Among the citations which comprise the Lesson-Sermon is the following from the Bible: "For God hath not given us the spirit of fear; but of power, and of love, and of a sound mind" (II Timothy 1:7).
 The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Fear, which is an element of all disease, must be cast out to readjust the balance for God. Casting out evil and fear enables truth to outweigh error" (page 392).

TRINITY EPISCOPAL CHURCH
 H and Illinois Streets
 Rev. R. J. Snell, Rector.

 Elder B. R. Howze, Big Spring, Pastor.
 Regular services at 11 o'clock on second and fourth Sunday mornings. Services at 11 a. m. on second Saturdays.

Faith and Sight

We are awed by science! Our life saving sulfa drugs, penicillin, radar, the cataclysmic atom bomb, even our nylon hose, all are results of scientific research.

In laboratories all over our land scientists gaze through microscopes at tiny organisms too small for human sight and there find the basis for many gifts of health and countless comforts and conveniences for daily living. Through telescopes we may view the distant stars!

But there is a vast area of life above and beyond scientific sight. There are eternal values which cannot be seen with the physical eye—spiritual truths which must be accepted on faith. It is only by faith that we can lead to a higher plan of spiritual reality.

Faith and sight are not opposed to each other. Rather does each complement the other and together they make an invaluable contribution to the well-rounded life.

The Church has the faith-finding instruments for our use. You and your children should worship there for greater vision.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend and support the church of his choice. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church on Sunday and read your Bible daily.

Indians Flee Liberty-Born Terror

This tent city at Karachi houses 1,200 Moslem refugees, but hundreds more pour in daily.

Every male member of this Hindu family was murdered. Barely escaping with their lives, the women and children wait in despair at Delhi, after being flown from Gujranwala.

Terror and Death were twin stalkers on India's Freedom Train. Creation of the Dominion of India and Pakistan and withdrawal of British troops unleashed long pent-up religious hatreds that flared forth in spontaneous riots and organized massacres. Thousands of Moslems, caught in India, were murdered by Sikhs and Hindus. Matchless thousands of Hindus and Sikhs were slaughtered in Pakistan. NEA-Acme correspondent Bert Brandt, on a picture-reporting flight via Pan-American Airways, photographed one of the camps set up at Karachi for Moslems who managed to escape death. Other pictures show Hindus who saved their lives, but lost their possessions and, in many cases, their families.

Moslem refugees in the tent camp at Karachi, Pakistan, knead bread by hand, bake it in an underground oven.

ROUND-THE-WORLD FLIERS ARRIVE AT SHANGHAI SHANGHAI — Two Americans on a round-the-world flight in light planes landed at Shanghai's Lunghua Airfield Thursday after covering the 500-mile stretch from Aoyu in less than eight hours. The fliers, George Truman of Los Angeles and Clifford V. Evans of Washington, D. C., bucked 40-mile-an-hour headwinds all the way.

Mrs. Ray Seifert Elected President Of Boone Bible Class

Mrs. Ray Seifert recently was elected president of the Boone Bible Class for the coming year. Other officers are: Mrs. Earl Wilson, vice president; Mrs. T. F. Edington, secretary; Mrs. M. D. Mauck, treasurer; Mrs. W. F. Chesnut, reporter; Mrs. O. M. Luton, teacher; and Mrs. DeLo Douglas, assistant teacher.

Group captains are Mrs. W. E. Crites, Mrs. James Chauncey, Mrs. H. L. DeWees, Mrs. C. P. Cummings, Mrs. Bill Stallings, Mrs. O. S. Barnard, Mrs. W. V. Stafford, Mrs. C. H. McCall and Mrs. B. F. Black.

Rep. Ken. Regan Is Washington Visitor

WASHINGTON — Rep. Regan (D-Texas) made his first visit to the capital Wednesday since his election to the House to succeed R. Ewing Thomason of El Paso, who resigned from Congress to become a federal district judge.

One of the main objectives of the trip, Regan told a reporter, is to talk with postoffice officials regarding the need for enlarged post-offices at Odessa and Monahans. The one at Odessa was built when the city had a population of 10,000, he said, and is entirely inadequate now for its 35,000 residents.

Similar conditions exist in Monahans with its present population of almost 15,000. Mrs. Regan has been here a week making a thus far futile search for a house.

Firestone Distributes Farm Success Stories

Complete success stories of the operators of five of America's most outstanding farms, each of whom has made at least one major contribution to agriculture, are told in booklets now being distributed by the Firestone Tire and Rubber Company. W. G. Keeler, manager of the firm's Midland store, announced.

Based on personal interviews with the farmers and objective reports on their operations, the booklets outline the careers of the man and present in detail the new practices and techniques they have introduced.

GNE KILLED, TWO HURT IN CRASH NEAR EDINBURG

EDINBURG — One man was killed and two others were injured in an automobile accident near here Wednesday.

Dead was George F. Allen, pioneer Pharr farmer. His son, George, was critically injured, and H. D. Mahaffey, 64, McAllen, court reporter for the 92nd and 93rd District Courts, was seriously injured.

The opium habit of "playing possum" or feigning death is a nervous reaction over which the animal has no control; the rate of the heartbeat being slowed sharply.

Pass Around The Bottle

(NEA Telephoto) There have been many pictures of animals indulging in these days of luxury, such as, horses eating ice cream, cats eating corn on the cob, and many others. This is a bit different, this wild squirrel is enjoying a bottle of cold soda pop. The squirrel is owned by John Bunnell of Stephenville, Texas.

Accuses Air Forces Texas Hospital Plan Gets Federal Okay

AUSTIN — The way has been cleared for Texas to proceed with a \$72,000,000 community hospital construction program.

Dr. George W. Cox, state health officer, was notified Wednesday by Surgeon General Thomas Parran from Washington final approval of the Texas plan has been given by the United States Public Health Service.

"This action apparently clears the way for local project plans to be presented to the State Department of Health for approval and this facilitate the early beginning of hospital construction," Cox said.

U. S. To Share Expenses Top priorities have been given communities where no hospital service is available. They will be given the opportunity to benefit first in the program under which the Federal Government will share the expenses of building and equipping hospitals. The priorities were worked out by the State Health Department after a statewide survey. They were announced recently at a meeting here at which the program was explained.

G. R. Johnston, ex-chief public relations officer at Maxwell Field, Air University at Montgomery, Ala., has charged, in an open letter to Gen. Carl Spaatz, the school is a "phony educational institution" teaching "dangerous militaristic doctrines."

Donald B. Heath, 53, of Topeka, Kan., has been appointed by President Truman to be American minister to Bulgaria despite strained relations between the two governments. Heath will act as "official observer to watch out for American interests" in Communist-dominated Bulgaria.

Crane News

CRANE—The Fall revival at the First Baptist Church will begin Sunday and run through October 26, with the Rev. M. B. Carrol, pastor of the First Baptist Church of Brady, preaching.

The Rev. A. L. Byrd of Carlsbad will have charge of the music. He is a former resident here and now missionary to the State Sanatorium. He is a brother of Mrs. W. R. Crowner and Leon Byrd.

Al Moore returned home from an Odessa hospital Saturday. Mrs. J. R. Bell will honor her parents, Mr. and Mrs. J. H. Barnett, on their fiftieth wedding anniversary, Sunday at the Gulf Hall with open house from 3 to 5 p. m.

With Joan, Jean and Jane Woodbury enrolling in the first grade this Fall the Crane school has its first set of triplets. They are the daughters of Mr. and Mrs. Bill Woodbury of the Gulf Camp. To avoid confusion, each is enrolled in a different first grade room.

Big School Enrollment
 There are 618 students enrolled in Crane schools this year.

Mr. and Mrs. Leslie Johnson moved from the Gulf Camp here to the Gulf Camp at Iraan Monday.

A. R. Watkins visited his brother, Leroy Watkins, and family of Hobbs, N. M., last week and accompanied them to Abilene for the weekend to visit other relatives. Crane will play Fort Stockton Friday night on the home gridiron.

Construction of the new county hospital here will begin soon. The building will have 17 rooms for patients and six rooms for nurses' quarters.

Pat McLaurin and David Bonner Tech students, spent the weekend with their parents here. Crane's B football team was defeated by the Odessa B team Saturday night at the game here.

Mrs. A. R. Watkins and Ruedell; Mrs. E. R. Avert, Waleska and Lovell; and Mrs. V. M. Stacy and R. T. visited Mrs. K. E. Todd and family of McCamey Sunday afternoon.

The E. J. Simmons ranch barn was destroyed by fire Sunday morning. Approximately 1,200 pounds of wool, and winter feed were destroyed.

Minnesota Farmers Stick To Old Thresher

ROCHESTER, MINN.—(AP)—The heavily-puffing, steady-powered steam threshing rigs of today don't tempt a group of progressive farmers in this rich farming community.

No, siree! They prefer to stick to a 31-year-old steam thresher that they say will stack up for speed and performance against any of the 1947 models.

Present owners of the oldtime outfit, which was organized as a cooperative unit 31 years ago, are W. C. Dickinson, chairman and a partner for 30 years; Myron W. Clark, manager; Milton and Lloyd Hart, John Kendall, Arthur Aysford, Clifford Tvedt and Warner Johnson.

Christopher Groen, engineer who has worked on the rig for 10 years, says the hazards which largely brought about new methods of threshing do not exist when you "stay on the job and tend to your business."

Boys Attend Exhibit To Do Home Work

LONDON—(AP)—Officials at an office machinery display at Dartford, Kent, were puzzled when they noticed a great many school boys were attending the exhibition. They investigated and found the boys were doing their home work on an electric adding machine.

Niece Of Midlanders Killed By Automobile

ROSCOE—Merlene Brannon, 6-year-old daughter of Mr. and Mrs. Charles Brannon, who live 10-miles north of Hermleigh, was injured fatally late Monday when struck by an automobile at Inadale. The child was a niece of Mrs. Leonard Crabtree and W. J. Lee of Midland. Survivors include the parents, two brothers and a sister.

Island Trees Is GI Dream With 6,000 Homes For Vets

HICKSVILLE, N. Y.—(AP)—Doubling-up with the in-laws, living in hall bedrooms with "kitchen privileges" and other housing shortages woe ended for about 250 veterans in a pleasant stretch of Long Island countryside. Families are moving in at Island Trees, a potato farm three months ago and now the nation's biggest postwar rental project. It involves single houses where 6,000 families eventually will live in new homes renting for \$80 a month.

Ted Arken, 25-year-old veteran of three years' army service and one of the first tenants to arrive, in-

spected his house and announced: "This is for me."

His wife added: "It's the first place we've ever had to call our own."

The Arkens who have two children, moved from a small, crowded apartment in New York City.

Expanded To 6,000
 A neighbor, Raymond Kohler, 28, who spent three years in Africa and India with the air transport command, was asked what he thought of his new quarters and replied:

"My wife and I and three children have been living with my in-laws ever since I got out of the army two years ago. What do you think?"

Island Trees originally was planned as a 2,000-house project by Levitt and Sons, Long Island builders, but William J. Levitt, president of the firm, announced it had been expanded to 6,000 because of the overwhelming demand.

The entire job, to be finished in about a year, will involve an investment for \$48 millions. All of the homes are for veterans. Levitt said the demand is for rental homes now and that is what we are trying to satisfy."

The Levitts believe the 18,000-person community will be the largest such project ever built in the United States.

Three hundred of the houses are ready for occupancy. A hundred additional homes will be finished each week from now on.

The homes have a large living room, two bedrooms and a completely equipped kitchen containing electric refrigerator, electric stove and automatic washing machine. Each house stands on a 60 by 100 foot plot.

Island Trees, a 1,300-acre tract situated about 25 miles east of midtown Manhattan in commuting range, is a completely planned community. It will have its own shopping center, a 1,000-seat movie house, a postoffice, a bank, and a playground for children with a large swimming pool.

Batavia Population Is More Than Million

BATAVIA, JAVA.—(AP)—This capital of the Dutch East Indies now has a population of more than 1,000,000, the Chinese daily Sin Po reported after a recent survey.

Sin Po estimates that Batavia now has living in it 800,000 Indonesians; 130,000 Chinese; 60,000 Europeans and Americans, and 10,000 persons of other nationalities. Plans are underway for an official census, according to the paper.

Prowler Puts Judge Into Quick Retreat

DALLAS—(AP)—In Dallas, County Court-At-Law Judge Glenn Polk heard a prowler, took the law in his own hands (in the form of a pistol) but was forced to retreat. He saw a shadowy figure, challenged it, opened fire, then took to his heels. The prowler was a skunk.

DUSTER PILOT KILLED

HARLINGEN—(AP)—A former B-29 pilot, Lucian P. Jones, 26, was dead Thursday as the result of the crash of his crop duster plane near here Wednesday.

New Mexico Man Has Jinxed Automobile

DALLAS—(AP)—Mr. and Mrs. Jay Dickens of Clayton, N. M., own a car that is considered jinxed. They were returning from a visit when their small son, on the back seat managed to open the door, which flew open and tossed him onto the highway. He was not seriously injured.

Mayor Douglas Cornwall, who had owned the car previously, said one of his daughters had fallen from it in the same manner, with approximately the same results.

About 5,000,000 trees are used each year in the United States for wire service poles, enough to build a line 100,000 miles long.

Lubbock Court Offers No Rate On Stomping

LUBBOCK—(AP)—J. Solon Lea, presiding officer of the Lubbock Corporation Court, was forced to explain patiently to an irate woman that he was in no position to offer cut rates on stomping.

The woman telephoned and explained that a neighbor woman is "breaking homes, broke a windshield, and lies and cheats." What, she wanted to know, would be the fine if she gave the neighbor "a good stomping?" Lea explained the legal complications. The woman thought that over, then asked: "Would it cost me less if I took her out in the country and did it?"

Greek Aid Begins In Salonika-Athens Area

ATHENS—(AP)—The reconstruction program of the American Mission for Aid to Greece has been in effect with commencement of work on two projects in the Salonika and Athens areas, Maj. W. W. Vance of Galveston, executive officer of the district engineer corps, announced. Ten engineers are directing work on the Salonika-Athens 375-mile road. Immediate plans are to reconstruct a stretch of 30 miles from Salonika to Gida (Yidha), then to proceed west and south as rapidly as these areas can be made secure from guerillas. The engineers expect to repair 2,000 feet a day. The second project is the north quail wall in Liminalos, a small bay near the center of the town of Piraeus.

Area Firemen Meet Saturday

250 Visitors To Attend Big Event

It is only a coincidence but very fitting that Midland is host to the Permian Basin District Firemen's Association convention Saturday, during National Fire Prevention Week.

More than 250 persons are expected in the city Saturday for the one-day event. Representations will be here from 15 West Texas cities, from Big Spring on the East to Pecos on the West.

Firemen, their families and their friends will join with Midlanders in a day-full of activity and business. Cities represented will be: Midland, Big Spring, Stanton, Lamesa, Brownfield, Seminole, Denver City, Kermit, Wink, McAdams, Odessa, Fort Stockton, Monahans, Alpine and Marfa.

Registration begins at 9 a. m. at the City Hall and there will be various morning activities including call to order by President Clige White of Wink; invocation by the Rev. Vernon Yearby, pastor of the First Baptist Church of Midland; address of welcome by Mayor R. H. (Rusty) Gifford of Midland; response; roll call by J. D. McAdams, secretary; a feature by Hugh V.

District Legion Meet Slated In Sanderson

The Fall convention of the American Legion, 14th District, Department of Texas, will be held in Sanderson October 25-26. Midland legion officials announced.

Registration will get underway Saturday morning and a dance will be held that night.

Business sessions, memorial services, barbecue, and a joint session with the auxiliary will highlight the Sunday convention program.

SWITZERLAND STAGGERS SUMMER VACATIONS

BERN, SWITZERLAND—To relieve the summer strain on tourist facilities, school authorities of the three major cities in Switzerland are planning to stagger summer vacations.

As an experiment, the summer vacation in 1948 would begin on July 5 in Basel, on July 12 in Bern and on July 19 in Zurich.

Girl Scout Week Schedules Given To Leader's Club

Girl Scout Week schedules were presented to members of the Girl Scout Leaders' Club at the opening meeting of the year at 9:30 a. m. Wednesday in the Children's Library of the court house.

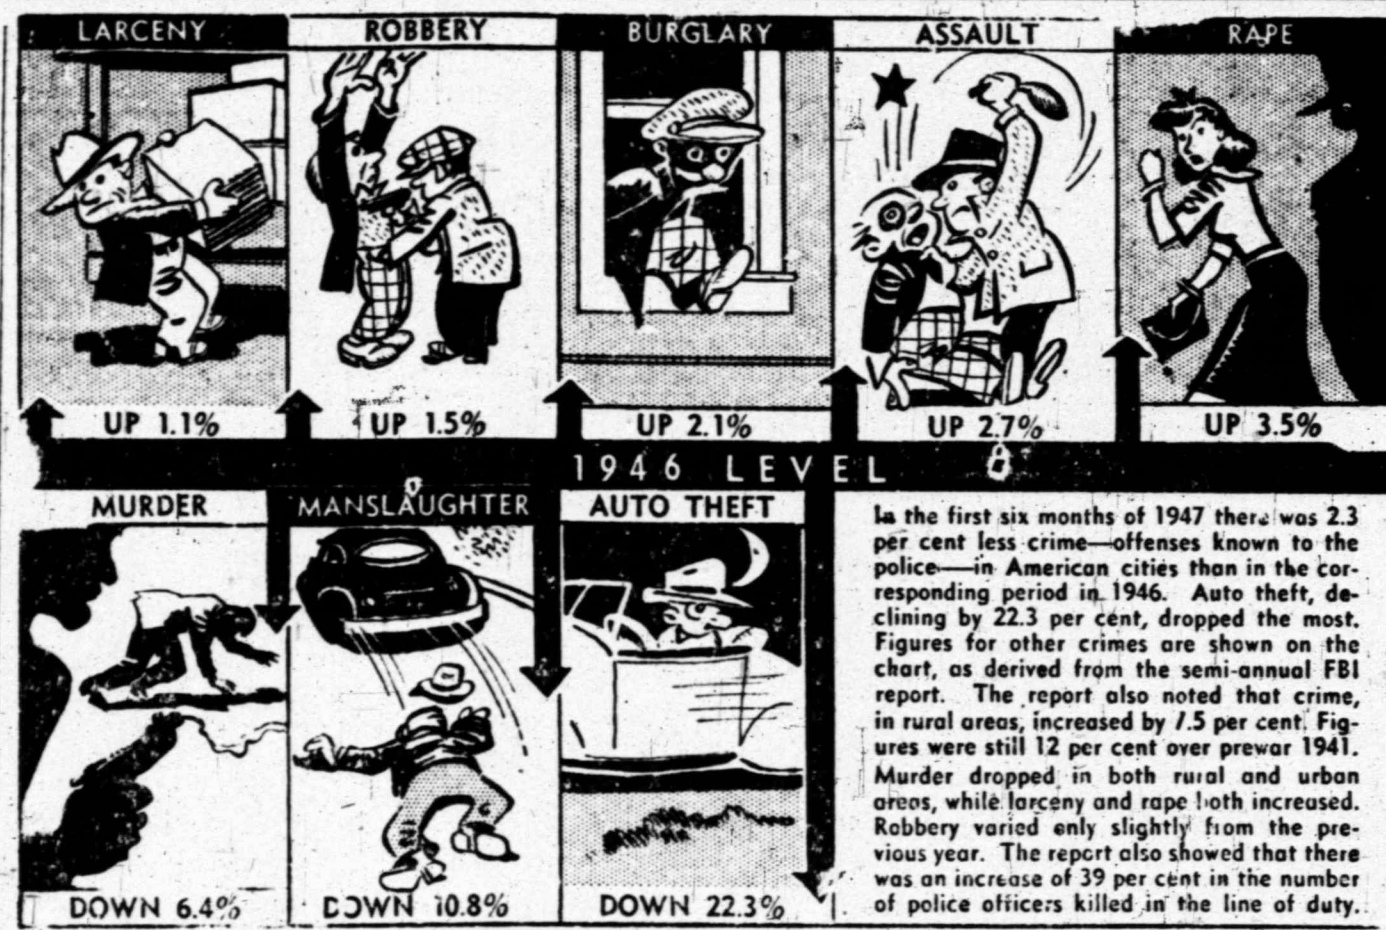

The schedule has been planned as follows: October 26, Girl Scout Sunday, with Scouts appearing in uniform in the churches of their choice and sitting together with a leader.

October 27, Homemaking Day; October 28, Citizenship Day and father-daughter box supper; October 29, health and safety-radio program; October 30, International Friendship Day; October 31, arts and crafts; and November 1, Out-Of-Door Day. The overall program will include window displays in downtown stores, which Mrs. I. A. Searles briefly outlined at the meeting.

After the Rev. Robert Snell, deputy commissioner, opened the meeting with a prayer and a welcome, Mrs. Searles discussed the visit to Mitre Peak, the Permian Basin area permanent camp, and Mrs. Stalcup discussed the Girl Scout Week program.

Mrs. Neal Marks, training chairman, made arrangements for the Brownie Workshop, which Mrs. Searles will conduct from 9 a. m. to 11 a. m. on both October 22 and 23. Mrs. Don Johnson presented the new leaders with books and literature, and the group was reminded of the Uniform Exchange which Mrs. Buster Charlton conducts at her home, 300 North Pecos Street.

Leaders present included Mrs. Stanley Erskine, organization chairman, Mrs. O. L. Stalcup, program chairman, Mrs. J. J. Black, Mrs. Don Johnson, Mrs. Charlton, Mrs. Otis Baggett, Mrs. Royce Blackman, Mrs. L. Eschberger, Mrs. Beckers, Mrs. Searles, Mrs. E. D. Williams, Mrs. John Roueche, Mrs. R. E. Gillespie, Mrs. L. H. Spaw, Mrs. Robert Morgan, Mrs. R. E. Dupuy, Mrs. Richard Grice, Mrs. P. C. Mayfield, Mrs. Charles Ten Eyck, Mrs. Bill Collins, Mrs. Jack Graves, Mrs. Leland Ball, Mrs. H. Murff, Mrs. C. E. Craig, Mrs. C. H. Cavitt, Mrs. Sherwood, O'Neal, Mrs. Cecil Waldrep, Mrs. S. C. Giesey and Mrs. Neal Marks, training chairman.

'Angel Street' Tryouts Continue Thursday

The second tryout reading for "Angel Street," Victorian thriller to be presented by the Community Theatre, Inc., will be held at 8 p. m. Thursday in the City-County Auditorium.

More than 20 appeared for the first tryout reading Tuesday night, according to Director Art Cole. No parts have been cast.

Building Continues On Legion's Home

Finishing construction continues on an American Legion building in Midland on South Colorado Street. Legionnaires were able to continue the building after getting a loan of \$12,000.

The brick building will be used by the Legion as a meeting hall. Some beetles protect themselves from enemies in the manner of skunks: the emission of evil-smelling or distasteful secretions; others merely by a repellent appearance.

Maybe this is the job for you!

Is getting a job your big problem right now? Maybe we can help.

Have you ever thought about being a telephone operator? It's a girl's job—and a good one too!

No experience? Doesn't matter—you learn (and earn, of course) as you go along. And telephone work has always held a fascination that's hard to describe. Why not see whether you can qualify?

The chief operator at the telephone office will be glad to talk it over with you.

'Angel Street' Tryouts Continue Thursday

The second tryout reading for "Angel Street," Victorian thriller to be presented by the Community Theatre, Inc., will be held at 8 p. m. Thursday in the City-County Auditorium.

More than 20 appeared for the first tryout reading Tuesday night, according to Director Art Cole. No parts have been cast.

Building Continues On Legion's Home

Finishing construction continues on an American Legion building in Midland on South Colorado Street. Legionnaires were able to continue the building after getting a loan of \$12,000.

The brick building will be used by the Legion as a meeting hall. Some beetles protect themselves from enemies in the manner of skunks: the emission of evil-smelling or distasteful secretions; others merely by a repellent appearance.

Maybe this is the job for you!

Is getting a job your big problem right now? Maybe we can help.

Have you ever thought about being a telephone operator? It's a girl's job—and a good one too!

No experience? Doesn't matter—you learn (and earn, of course) as you go along. And telephone work has always held a fascination that's hard to describe. Why not see whether you can qualify?

The chief operator at the telephone office will be glad to talk it over with you.

War Dead Start Long Journey Home

Marine Cpl Lawrence Pollack, of Chicago, stands at parade rest as the U. S. S. Honda Knot leaves Pearl Harbor, Hawaii, and slowly heads out to sea, bound for San Francisco with bodies of nearly 3000 World War II dead. Many of the dead were killed in the Dec. 7, 1941, attack on Pearl Harbor and are being returned at request of next of kin.

Turkey Lower-Priced Than Meat

By GAYNOR MADDOX
NEA Staff Writer

Turkey is relatively lower in price than beef, lamb or veal. Particularly the larger ones.

Braised Turkey

Have butcher cut up turkey into pieces, like chicken, either in quarters or into breasts, pieces, legs, drumsticks, thighs, wings, giblets, neck and back pieces. If the meat is fat, start in an ungreased pan; if it is not, add a thin layer of fat to skillet or Dutch oven. Rub flour thoroughly into surface of meat; cook slowly until brown.

Turn meat during cooking to brown uniformly. Season with scant 1/4 teaspoon salt and dash of pepper for each pound of meat. Add 1 1/2 cup water, cover tightly and simmer until tender—about 50 minutes per pound for white meat, and 60 minutes for dark meat.

This includes browning time. Add 1 carrot, 1 rib of celery and 1 small onion for extra flavor, if desired. If the meat sizzles during cooking, add more water, about 1/4 cup at a time, to prevent meat from sticking. Serve with pan drippings or gravy.

Roast Turkey

Correct roasting is slow cooking by dry heat on a rack in an open pan. It requires no water, no basting, no cover. For best results, follow these simple steps in roasting:

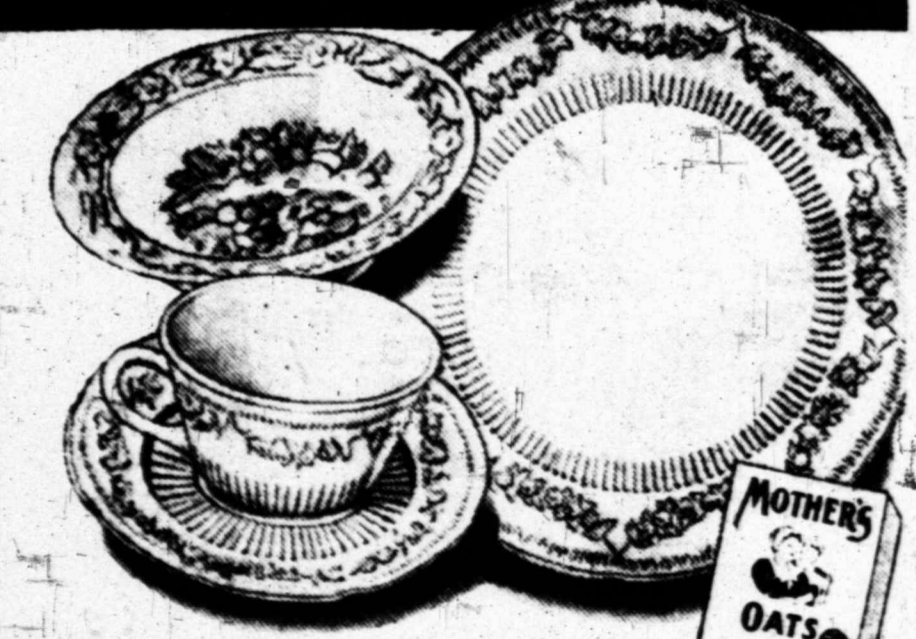

1. Rub cavity with salt (1/8 teaspoon per pound of bird).
2. Put enough stuffing in neck to fill it out nicely, and fasten neck skin to back with skewer.
3. Stuff cavity well, but do not pack tightly.
4. Truss bird and grease skin thoroughly with melted or softened cooking fat.
5. Place on rack in shallow pan.
6. Cover top and sides of bird with fat-moistened cloth, preferably clean white cheese cloth.
7. Place in preheated oven.
8. Do not sear, cover, or add water.
9. Moisten cloth with fat from bottom of pan, if cloth dries slightly during cooking.
10. Turn bird breast up when about three-quarters done. If breast meat browns too slowly.

Anything You Can Do I Can Do, Says Twin

SEATTLE—(AP)—Jimmy and Jackie Yotum, 15, who are twin girls despite their names, always do everything together. They had all their childhood ailments like measles and mumps at the same time and they both like music, but they climaxed the parallel when both came down with appendicitis at once and went to the hospital for twin operations. They're both recuperating nicely in twin beds.

Midland Garden Clubs Announced Flower Show Rules And Schedules

The three Midland garden clubs have announced general rules and schedule for the Flower Show to be held from 1 p. m. to 10 p. m., November 1 and 2, in the City-County Auditorium. Admission prices are 35 cents for adults and 15 cents for children.

General rules for the show, of which Mrs. A. P. Shirey is general chairman, are listed as follows:

1. Only amateurs, those who do not grow and offer for sale either plants or blooms, are eligible to make entries.
2. Exhibits must be in place by 10 a. m. on the days indicated in the schedule.
3. All specimens must be grown by the exhibitor. All other flowers

must be grown in Midland County. 4. In sections, an exhibitor may make one entry in any subdivision of a class.

5. All specimens must be displayed in either Coke or milk bottles.
6. Entries not made according to the schedule will be automatically disqualified for awards, but may be displayed.
7. Premiums will not be awarded unless the entries are judged worthy.
8. All exhibitors agree to abide by the decision of the judges.
9. While care will be taken of the property of the exhibitors, no responsibility will be assumed for loss or damage.
10. All entries must remain on display two days. Exhibits must be kept fresh and remain until 10 p. m. Sunday. All entries must be removed by noon Monday.

Ribbon Awards

Ribbons will be given in the following sections and classes:

Section A, horticultural, with: Class 1, roses of pink, red, white, yellow, two-toned pink, two-toned yellow, polyanthas (one specimen spray), and climbing rose (one specimen spray); Class 2, annuals, consisting of cosmos, zinnias, marigolds, peonias, nasturtiums, lithonia (Mexican Sunflower), Mexican cinerarias, and other annuals; Class 3, perennials, which include gailardia, dianthus (hardy garden pink), ageratum, snapdragon, carnation, verbena, salvia leucantha,

and other perennials; Class 4, chrysanthemums, including large flowered (one specimen) and pompons (one stalk); Class 5, the tubers, which includes dahlias, cannas, and other tubers; Class 6, shrubs, consisting of berry-bearing (specimen spray, not over three feet high) and flowering shrubs (specimen spray, not over three feet high); Class 7, potted plants, which include foliage, succulent and cacti, and flowering; and Class 8, unscheduled—any worthy exhibit not provided for in the schedules, except grasses.

Section B, artistic arrangements, which may be material not grown by the exhibitor, but must be grown in Midland County, includes flowers, fruit, vegetables, foliage, berries (dried), and mixed arrangements.

Section C, or miniature arrangements, will be judged in three sizes: arrangements not over three inches high or wide, arrangements not over five inches high or wide, and arrangements not over eight inches high or wide.

Arrangements of "tea for two" on trays with flower arrangements, but with no flat silver or service, will be displayed in Section D, it was announced.

Heading the schedule committee is Mrs. Dewart O'Haskin. Other committee chairmen are: Mrs. Henry Oliver, staging; Mrs. Fred Wycoff, entertainment; Mrs. H. A. Ireland, judges; and awards: Mrs. Sam Preston, hostesses; Mrs. Ralph Lowe, placement; Mrs. W. E.

Bret Harte Statue
ARCATA, CALIF.—(AP)—Arcatans are clamoring the famed early California writer Bret Harte as a native son, and some want his statue to replace that of President McKinley that has stood in Arcata's central plaza for half a century.

Harte lived here from 1837 to 1860, memorial sponsors say, and did much of his early writing here. He edited the weekly newspaper of old Uniontown, near Arcata.

And as early as they argue, he lived 50-60 months in the gold-mining mother-lode country which also claims him as a native.

Daughterly entries: Mrs. L. C. Link, publicity; Mrs. A. P. Shirey, general chairman; and Mrs. Roy A. Minear, secretary and general rules chairman.

Maine Gardener Raises Green Gladiolus

DENNISTOWN, ME. —(AP)—A couple of pale green blooms showed up in Fred Jackson's gladiolus bed this year—to the amazement of that U. S. Customs officer, who said he never had heard of a green "glad" and had believed it was impossible to raise one of that color.

New Alloy Steel Process Is Developed

NEW YORK —(AP)—A new process for manufacturing alloy steel which promises superior metals at less cost has been developed by M. W. Kellogg, Co., H. R. Austin, president, announced.

The new metallurgical process is an electric ingot method for continuous casting, and is expected to solve many of the problems for designers of turbo-jet engines where extreme temperature are essential to efficiency.

Kellogg engineers anticipate the production of alloy steel capable of withstanding 1,500 degrees Fahrenheit, and even higher, Austin said.

Actual cost of products produced under the new method are comparable with prices now paid for inferior alloys of similar chemical analysis, the company said.

Under the new system, alloying elements are continuously fed at a controlled rate into an electrical apparatus from which air is excluded and in which an ingot of any desired analysis is produced by progressive solidification.

JAPANESE EMPLOY ECONOMIC G-MEN

TOKYO —(AP)—The Japanese government has hired 1,250 economic G-men in its drive against black marketing. Most are plain consumers, assigned to watch their neighbors.

Pilgrims To Mecca Should Be Vaccinated, Committee Advises

GENEVA, SWITZERLAND —(AP)—An expert committee of the World Health Organization has recommended compulsory immunization of all persons who travel to Mecca on the annual Moslem pilgrimage.

The Interim Commission of the World Health Organization set up the committee last April, largely as a result of representations by the government of Saudi Arabia.

The committee's report proposes that all pilgrims undertaking the journey to Mecca should be compulsorily immunized against smallpox, cholera and possibly yellow fever in their own countries before departure. Such a safeguard, the report pointed out, would protect the health of Saudi Arabia, as well as that of their countries of origin.

Conditions Endanger Health

The committee also suggested new sanitary regulations to cover pilgrims arriving by air and by land. The international conventions hitherto had only dealt with the great majority of pilgrims who arrived by sea at the port of Jeddah, while those who journeyed overland from the Mediterranean areas and the ever-increasing number who arrived by air were placed under no sanitary control.

Britain's Dr. G. Stuart, one of the secretariat members of the committee, stressed the importance of adequate sanitary control of the 100,000 Moslem pilgrims who stream to Mecca every year from countries as far removed as West Africa and the East Indies.

Although there was no evidence at the moment of serious epidemics in Saudi Arabia or in any of the pilgrims' countries of origin, Dr. Stuart said, the pilgrimage "could, in certain circumstances, undoubtedly represent a great potential danger to the health of large areas of the world and must therefore be carefully watched."

Hungry Germans Buy Black Market Food

BERLIN —(AP)—In the British occupation zone, which is one of the hungriest sections of Germany, between 77 and 85 per cent of the Germans admit that they are buying or scrounging food over and above their official ration of 1,550 calories daily. This was disclosed by a poll.

In Hamburg, 85 per cent said they were getting food in addition to the official issue and in the province of Schleswig-Holstein 77 per cent made a similar admission.

The official survey observed: "Money has grown shorter. Exchangeable articles, such as jewelry and textiles and clothing, which might have been sold have become worn out or useless. Black market prices are falling, indicating a new phase in impoverishment."

Fugitive Gets Lodging 82 Days Instead Of One

DETROIT —(AP)—Thaddeus Smudka's hazy recollection of places landed him 82 days in the Wayne county jail when all he wanted was a night's lodging.

Smudka, 22, told authorities he had intended to ask to be put up at police headquarters for the night, but instead wandered into the nearby jail. There he was met by turnkey Richard C. Cruickshank, who has a good memory for faces and recognized his visitor.

Coal mine deaths totaled 1,034 in the United States in 1945.

455 Years Later—San Salvador Has Peace After Centuries Of Constant Trouble

AP Newsfeature

Where Christopher Columbus first set foot in the New World, the ocean swells still break in endless procession across a pebbly beach. Peace has come to the few hundred dark-skinned people who still live quietly on the little island. But Columbus' landing 455 years ago brought disaster and centuries of trouble for the Bahama islands of which it is a part.

Columbus commanded three small ships manned by mutinous crews. There were 88 men on the voyage. Rodrigo de Triana, a sailor aboard the Nina, raised

the cry of land at two o'clock the morning of Oct. 12, 1492. Dawn showed a dense forest growing apparently directly out of the sea. Better light showed the outlines of the low-lying island with the ground sloping gently to the beach.

Anchors were dropped. Columbus, a scarlet cloak over his shoulders and carrying the standard of the expedition, boarded the Santa Maria's pinnace. The captains of the Nina and Pinta escorted by most of the members of the expedition also launched small boats.

Columbus leaped ashore and stabbed the staff of the standard into the beach and when everyone had, in the admiral's own words, "given thanks to God, kneeling on the shore, and kissed the ground with tears of joy, for the great mercy received," he formally claimed the land for Spain.

Watling Island, it appears on British charts. For after years of conflict, the British took over and still hold the island. It was once part of the Spanish Main, happy hunting ground for English warships seeking Spanish treasure ships.

San Salvador, Columbus called it, and the name is still sometimes used.

Guanahani, the peaceful and friendly Lucayan Indians called it. But the Lucayans are gone today. Some were victims of disease and the guns of the Spaniards. Some were shipped eastward as slaves to die in Europe.

In their place are descendants of Africans. Their ancestors were sent to the islands as slaves.

The name Watling is a memento of another lurid chapter in the history of the island when it was a base for pirate bands. Wat-

ling was the name of one of the pirate leaders.

During World War II the island echoed to the drone of airplane motors and its inhabitants watched the submarine hunting craft of the Allies. But the island itself was little disturbed by war.

Its people still tend their farm plots and do a little fishing. They even have hopes that their island may some day attract tourists.

Russia's Choice

Undoubtedly, it is trite to say that the United Nations faces its greatest crisis. Everybody—even the diplomats who tried hardest to hide their concern—is saying that the UN has been pushed to where it must put up or shut up.

It's trite, but it's true. It's so true, and so important, that it can't possibly be repeated too often. The more sincerely one hopes that the UN eventually will succeed, the more it becomes his duty to insist that the world peace organization must absolutely find some way—and soon—of settling international arguments without exploding atom bombs.

We don't have to ask whether the UN experiment was worth while. It was more than that. It was inevitable. There had to be a table around which spokesmen for the nations could sit and substitute words for bullets. We provided such a table. It is the United Nations.

As of now, the UN is not functioning. With her veto, Russia is stopping dead every effort to attack a potential cause of future war. She has the Security Council stymied. The General Assembly has no veto, but neither has it any power to take positive action on other than procedural matters.

Now the United States wants to build up the Assembly to fill some gaps left by the Council's impotency. The possibilities along this line are limited.

The Assembly can remain in permanent session through a standing committee, and it can provide special committees—which Russia forbids the Council to do—to watch aggression. These expedients can make the Assembly a better sounding board for the world's conscience.

But, as the battle proceeds to build up the Assembly in hope of saving the UN, we must keep in mind practical things.

There is no way to give the General Assembly any positive powers without revising the UN charter. Such revision is subject to exactly the same veto that Russia has in the Council. It is not conceivable that the Soviet Union will withhold that veto against a move to get around the veto.

If Russia would cooperate to the extent of not vetoing such a charter change, she would cooperate to the extent of not abusing her Council veto. And then the charter change would be unnecessary.

The crisis confronting the UN is not basically procedural. It can't be resolved by tinkering with the machinery. It can be stated simply:

The non-Soviet powers have compromised and backed water until their backs are against open sky. One more step and they totter over the cliff. Russia presses forward. She refuses to concede or compromise.

We, and those who share our viewpoint, have made a stand under Secretary of State Marshall. The crisis is here. It involves one vital question:

Will Russia bull it through and break up the UN? Or, discovering that we've backed as far as we can go, will she play ball for world peace?

It has been discovered that chess was played as early as 800 B. C. Somebody must have come upon two ancients still trying to finish a game.

An Ohio man whipped his wife for revealing secrets. This sort of thing has to stop or none of our women will be safe.

There's a big difference in forgetting what you ought to know and knowing what you ought to forget.

Bloody Warning

Jamal Hussein, nephew of Jerusalem's Grand Mufti and spokesman for the Arab Higher Committee, warned a special UN committee that Arabs in Palestine would drench the Holy Land "with the last drop of our blood" to prevent partition and formation of a Jewish state.

Palestine Forest To Have 'Truman Grove'

JERUSALEM—A first tree of "Truman Grove" in the Children's Memorial Forest near the Jewish collective settlement of Ain Hushophet in northern Palestine has been planted by an American clergyman, the Rev. Dr. Carl Herman Voss of New York City, chairman of the executive council of the American Christian Palestine Committee and extension secretary of the Peace Church Union.

The grove is situated by Jewish National Fund land and named in honor of the United States President. It is a gift from the American Christian Palestine Committee.

It is the first of a number of similar groves which will be presented by Christian children in Sunday Schools and Christian churches of America to commemorate all Jewish children killed in Europe during the war.

Warsaw Again Ranks 'First City Of Poland'

WARSAW—War-ruined fire-gutted Warsaw, now struggling valiantly to rebuild but still having one of Europe's most acute housing problems, is nevertheless once again the "First City of Poland."

The latest census showed a population of 556,000, just barely topping Lodz's figure of 555,326.

Warsaw's pre-war population was 1,289,000.

Farm Fires Take 3,500 Lives And \$90,000,000 In Property Yearly

NEW YORK—Fires on farms in the United States are killing an average of 3,500 persons every year, injuring thousands of others and destroying \$90,000,000 worth of farm property, according to the National Board of Fire Underwriters.

"Thousands of tons of foodstuffs, worth tens of millions of dollars, are lost in fires which level barns, granaries, mills, elevators and warehouses," the underwriters report.

Attributing nearly all farm fires to faulty building construction and lack of knowledge, the board's technicians have prepared a booklet on fire hazards in rural areas to promote fire prevention on farms.

"Unlike urban areas where fire protection and water supplies are adequate, farms often face total destruction when fire strikes," the engineers point out. "When fire destroys a farm, the loss of farm equipment, livestock and personal property often throws such an economic burden upon a family that they can not regain their financial independence."

Although fire insurance may cover the dollar value of physical losses, the underwriters emphasize the cost of time and labor to rebuild, which they find "is usually far in excess of the value destroyed."

One out of every four fires on farms is classified as originating from an "unknown cause." Engineers are convinced, however, that a large percentage of such "mystery" fires, which destroy the evidence of their origin, can be attributed to spontaneous ignition.

Among all farm fires of the last four years in which approximate causes could be determined, lightning led the list. Principal causes of rural fires were found to rank as follows:

Lightning	37%
Chimneys, flues, cupolas, stacks	11%
Petroleum and its products	8%
Matches and smoking	7%
Sparks on roofs	7%
Stoves, furnaces, boilers, pipes	6%
Exposure	5%
Spontaneous ignition	5%
Electricity misused	3%
Friction sparks from machinery	2%
Hot ashes, coals, open fires	2%
Miscellaneous	7%
Unknown	100%

"When fire breaks out on a farm," the expert warns, "the first five minutes are more important than the next five hours."

Four basic rules for action are suggested:

1. Remove all persons from the building. Don't try to save valuables or pets. If you're trapped on upper floors close the door of the

Boeing Is Developing New Heavy Bomber

WASHINGTON—Boeing Aircraft disclosed it is developing a new heavy bomber, the XB-52, with an advanced model of the B-50, the latest in propeller bombers.

Neither of these planes was described, but the XB-52 is believed to be an effort to apply gas turbine-powered propellers to heavy aircraft.

The advanced B-50, to be known as the B-50C, will have important design changes.

Will Carry Record Load
William M. Allen, Boeing president, told of the new models in a statement submitted to the President's Air Policy Commission.

He also disclosed that the gross weight of the B-50, which is basically the B-29 Superfortress with larger engines, is 164,000 pounds, compared with the usual gross weight of 135,000 pounds for the B-29.

At peak loading, the B-50 carries 94 pounds for every square foot of wing—the heaviest wing-loading ever flown.

From 1900 to 1914 there were about 1,000,000 annual immigrants to the United States.

Shop Sells Steaks At 39 Cents A Pound

SHAMOKIN, PA.—At least one store is still offering meat at prewar prices and sometimes cheaper.

It's a small establishment in the main business section operated by Dick Rickert.

Advertising regularly, he offers such bargains as sirloin steak at 39 cents a pound, chuck roast at 39 cents and 49 and on the occasion at least—lamb chops at 14 1/2.

The bargains draw a steady stream of customers to the little shop where Mr. Rickert waits on all of them himself.

The merchant explains he doesn't buy the "best grades" of meat. His goods, he says, are "wholesome" but fall into the lower classifications such as "utility" and "commercial." And he looks for bargains himself and cuts his meat economically.

"I'm doing this to keep my customers," declared Mr. Rickert.

Hong Kong Merchants Bootleg Dead Pigs

HONG KONG—For possession of tainted, diseased and unwholesome food Tam Hai, 24, cool was given a maximum sentence of \$500 or six months in prison.

Heads of inspectors found in home 1,820 pounds of pork unfit for human consumption. The pig had died a natural death. Disposition had already set in.

It was revealed that there were two large gangs at work. They went down to ships and gave to hawkers while others were boiled and sold.

In 1778, the constitution of North Carolina provided that one was eligible for election governor of the state unless had property valued at 100 pounds.

From where I sit... by Joe Marsh

How to Tell You're Getting Old

Doc Walters gave me this formula: It's a sure-fire sign you're getting old when you resent other people having a good time.

And the Doc means it hasn't much to do with age. There are old folks in our town who get a big kick out of seeing other people enjoy themselves—seems to keep them young in spirit, with a twinkle in their eyes!

And there are some others who resent the young folks going fishing; who feel that community games and dances are just a waste

of time; or who criticize temperate people for enjoying a mellow glass of beer with friends.

They're often well-intentioned folks, too. But from where I sit, the minute we criticize our neighbors for enjoying wholesome pleasures—like a game of horseshoes, a glass of beer, or an afternoon's fishing—it's a sure sign we're growing old (in spirit anyway) no matter what our age is.

Joe Marsh

FAMOUS Berghoff BEER

BERGHOFF BREWING CORPORATION, FORT WAYNE, INDIANA

A favorite any place where better beers are sold, and ON DRAFT at TEXAN CLUB and SERVICE CLUB

Make a Note OF THESE Lightning Tips

For bright and cheerful living in your home, you need plenty of the right kind of light. Floor lamps, table lamps, decorative lamps and all sizes and types of lamp bulbs are available now—see your electrical dealer.

These timely suggestions will help you have better light:

1. Clean your new lamp bowls and lamp bulbs frequently. You'll get 25 to 30 per cent more light.
2. Select lamps with white shades or shades with white linings. Repaint them or reline them when they become soiled. Dark shades waste light.
3. Sit close enough to the lamp to get all the help it can give your eyes. A difference of a few inches may mean 50 per cent less light.
4. Avoid direct glare from lamp bulbs or bowl by using shades that are deep enough and big enough.
5. Arrange lamps and furniture so each lamp can serve two or more people, if possible.
6. Place each lamp so it puts no glare in the eyes of persons using it.

Despite your efforts to keep down food costs, you can still give your family cake occasionally. The eggs used in cake add protein, so does

Stanton News

STANTON—John McWhorter of Hobbs, N. M., was here Friday and Saturday visiting relatives.

Mr. and Mrs. B. F. Sanders were here Friday and Saturday visiting their daughter, Mrs. Dale Kelly, and family.

Mrs. W. E. Neill and baby spent a few days last week at Fort Hancock with W. E. Neill who is principal of the high school there.

Curtis Poyner of San Angelo spent the weekend at his ranch here.

Visitors at the Stanton fair included Mr. and Mrs. Jack Estes, Mr. and Mrs. Fidler Estes and children, Tom Estes; Wylene Brown of Big Springs; Mr. and Mrs. Alvin Brown and baby of Odessa; Mr. and Mrs. Alford Tamm and Mrs. Loy Mashburn of Midland; Wanda Mashburn from St. Joseph Academy at Abilene; and Mr. and Mrs. Dick Hittson and son, Dicky of Mineral Wells.

Mr. and Mrs. Eugene Atchison of Odessa visited Mrs. Clara Atchison over the weekend.

Mrs. McCoy is here for a few days visit with her son, Jimmy McCoy, and family.

Mr. and Mrs. Jake Eastman of Andrews visited Mr. and Mrs. Ernest Mims Tuesday.

Mr. and Mrs. Dan Renfro have as guests their daughters, Helen Renfro of Dallas and Francis Renfro of Abilene.

College students home over the weekend were Dorothy Gene Davis, Johnny Turnell, Jimmy Mashburn, Dick Madison, and Fate Kelsing.

Back From New York

Mrs. Nell White has returned from near Plattsburg, N. Y., where she visited her daughter, Mrs. Raymond E. Marshall, and family.

Mr. and Mrs. E. B. Caudle of Odessa visited here Sunday with Mrs. Caudle's sister, Mrs. George Shelburn.

Mrs. D. E. Caudle, who has been here several weeks visiting her daughter, Mrs. Shelburn, and Mrs. Liza Thomason, returned home with her son E. B. Caudle.

Mr. and Mrs. Dave Foreman and children spent Sunday visiting G. M. Hasley and family of DeLeon, Texas.

Gladys Johnson who has been visiting Mr. and Mrs. Elmore Johnson at Turkey, has accepted a position with an insurance company at Big Spring.

Billy Joe Smith and Mary Lou Vaughn were married Sunday in the Courtney Baptist Church.

Loretta Ross gave a birthday party in her home Saturday night. Those present were Mr. and Mrs. Perry Ross, Alta Mae Collins, Willie Joet, and Howard Aver.

Perry Ross made a business trip to Odessa last week.

Mr. and Mrs. J. W. Hardy of Garden City spent Saturday with Mr. and Mrs. H. A. Edwards and family.

Mr. and Mrs. Brandon Hardy of Los Angeles, Texas, spent the week with the Edwards and Ermon Hardy families.

Mr. and Mrs. J. L. Rives and Mrs. L. F. Rives are here from Austin visiting Mr. C. D. Shaw.

Mr. and Mrs. Carlton Hull of Childers are visiting their parents, Mr. and Mrs. Sam Wilkerson, and Mrs. Elmer Hull.

Mr. and Mrs. Alvin Brown, Sr. left Tuesday for Dallas to visit their daughter and attend the State Fair.

7,000 See Greek Drama In Ancient Theater

EPIDAUROS, GREECE—More than 7,000 persons, including archaeologists and educators from all parts of the world, attended the first presentation since 1897 of a drama in the ancient theater of Epidaurus, onetime sacred town of the Peloponnesus, 25 miles southeast of Argo.

The performance was Aeschylus' tragedy "The Persians," acted by 22 university students of the group of the ancient theater of the Sorbonne.

The program was a part of a week's celebration in commemoration of the anniversary of the French Archaeological School of Athens. The school was founded in 1846 for the purpose of teaching the French language to the Greek people.

Vegetable oils were burned by the ancient Egyptians for illumination.

the milk. Cake can be good food and should be counted as part of the day's total nutrition.

→ Coffee Cream Cake (Serves 8)

Two and one-quarter cups milk, 1 3 cup ground coffee, 2 3 cup sugar, 1 3 cup flour, 1 4 teaspoon salt, 2 eggs, slightly beaten, 1 teaspoon vanilla, 2 8-inch sponge layers, confectioners' sugar.

Scald milk with coffee in top of double boiler over hot water. Strain through fine sieve or cheese cloth. Combine and mix sugar, flour and salt; add slightly beaten eggs. Add hot coffee milk mixture and return to double boiler.

Cook over boiling water, stirring constantly, until thickened; cover and cook 5 minutes longer. Remove from heat, add vanilla. Cool. Spread between sponge layers and sprinkle top with confectioners' sugar.

Still prefer butter with your meals despite the price difference? Then try Butter Whip.

It is real butter, it has the same consistency and taste as the butter you've been buying, the color of sweet butter. Use it whenever you use butter, except in frying and baking. The formula takes only 15 minutes to prepare.

Butter Whip
One pound butter, 1 envelope plain unflavored gelatin, 1 can evaporated milk, 1 teaspoon salt.

Soften gelatin in cold water. Dissolve over hot water. Cut butter into small pieces. Set over hot water and stir until soft enough to beat. Do not melt the butter. Add dissolved gelatin and salt to the milk.

Gradually whip milk into butter with a rotary egg beater until mix does not separate. Add coloring, if desired. Pack in dish or container and place in refrigerator until hard. Allow half hour for the mixture to harden.

Deserted Bikini Atoll Is Again Safe For Human Habitation

SAN DIEGO, Calif. (AP)—Natural scientists who examined Bikini Atoll a year after the atomic tests reported here that the atoll "now is completely safe for human habitation" but that no natives had returned.

The members of the Bikini Scientific Resurvey, arriving on the Navy Transport Chilton, also said that there was nothing to add to the already known destructive powers of the aerial and submarine bombs exploded July 1 and July 25, 1946.

Bikini Atoll, said Capt Christian L. Engleman, Navy Resurvey Project Officer, "looks much like any other atoll today."

About the only visible wreckage, he added, was a beached landing craft.

Scientists **Find Dog**
Captain Engleman and other members of the expedition claimed to comment on whether they believe other tests should be held. He remarked as a "personal opinion" however, that "if you have a gun you ought to try it out occasionally."

The natural scientists brought with them "the wild dog of Bikini"—a female black and white mongrel which apparently was left behind inadvertently by the original expedition as a puppy and which has been named Flutonia.

Her destination from here was termed "classified," indicating she is to be subjected to further laboratory examinations.

Marine Life Unchanged
The bulk of the expedition's findings thus far were also termed "classified" for submission to the U. S. Atomic Energy Commission.

The resurvey personnel avoided eating fish caught in the area but Captain Engleman said examinations disclosed that radioactivity in the specimens caught was so slight that "it is doubtful if they could have been injurious."

Biologists headed by Dr. D. M. Whitaker of Stanford University, reported that the reproductive cycle of marine organisms "apparently continue unchanged."

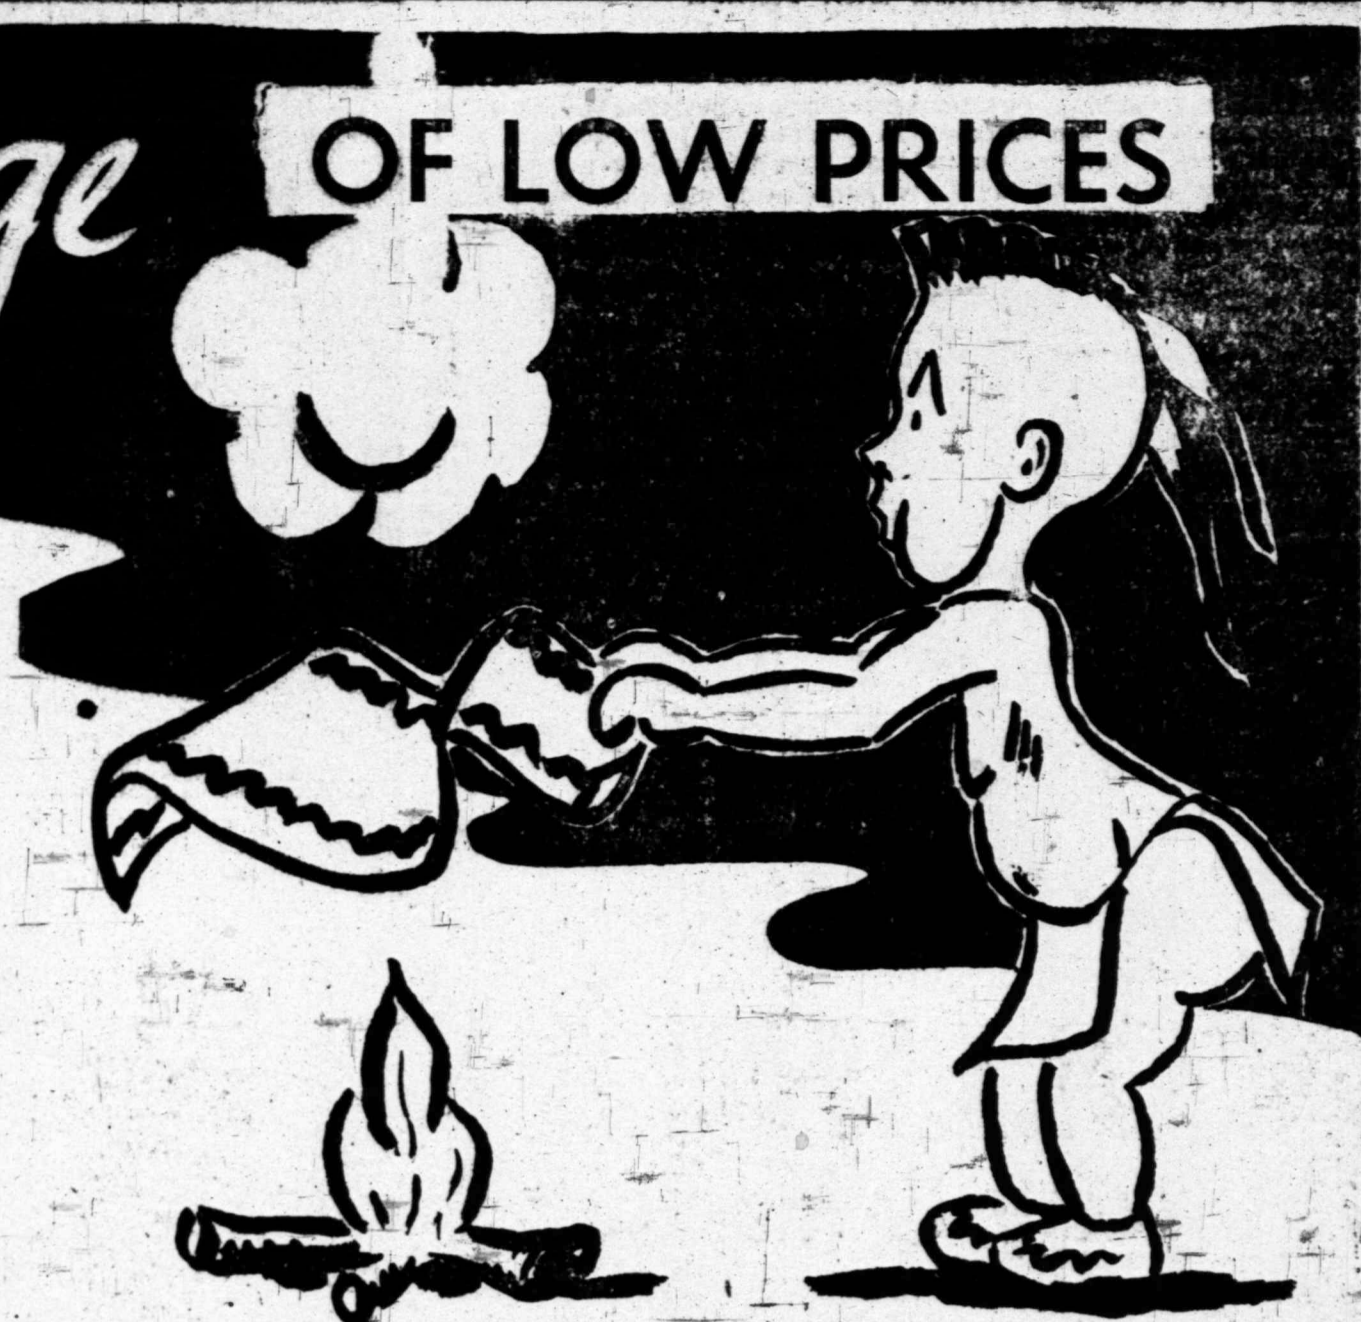

Chicago Kids Set Example For World

CHICAGO—Fourteen western kids of assorted ancestries got together last night in a flimsy shack in a concrete courtyard, cracked a bottle of pop over the roof and hung out a sign lettered "All-Americans Club."

"We haven't had a fight since we started the club," reported Harold Zuckerman, 10, the sergeant-at-arms. "Maybe if more brownies joined clubs with all the nationalities mixed up, they'd get along better."

Bluest laugh of the American Legion Auxiliary Convention in Los Angeles was provided by the president herself, Mrs. Lillie Brannaman, who slipped off her pinching shoes for a moment's relaxation. Her feet swelled and she couldn't get the shoes on in time to take her place at the microphone. Above, Mrs. Beatrice Trumbull, left, applies talcum to ease the situation.

Greeks To Receive Nitrate And Potash

ATHENS—(AP)—First shipments of nitrates and potash, two of three fertilizers vital to Greece's 1948 food production, are expected within the next 60 days for use in winter wheatfields, Dwight G. Griswold, chief of the American Mission for aid to Greece, announced.

The International Emergency Food Council has allocated 10,700 tons (pure nitrogen) units of nitrate to Greece. This will be obtained from 45,000 tons nitrate material. Griswold said 11,700 tons of this total are being purchased by the mission from the United States.

An additional 9,000 tons will be imported from Chile by the Greek government. Negotiations are now in progress to purchase the remainder from Belgium.

AMAG will also purchase about 5,000 tons of potash from the United States.

A Greek phosphate plant at Piraeus has delivered 25,000 tons super phosphate to the ministry of agriculture.

One specie of beetle, the bamboo-borer, emits an odiferous protective fluid which turns into gas when in contact with air. It looks like a minute jet of smoke.

Three Farm Groups Pledge Aid For Truman's Program

WASHINGTON—(AP)—Leaders of three major farm organizations Wednesday pledged President Truman "100 per cent cooperation" in the drive to save food at home in order to feed hungry Europeans.

The pledge of cooperation was extended to Truman by Albert S. Goss, master of the National Grange; Edward A. O'Neal, president of the American Farm Bureau Federation, and Quentin Reynolds, president of the National Council of Farmer Cooperatives.

They called at the White House to tell the President their organizations will make "an all out effort to meet the critical world food situation."

After conferring with the President, the farm leaders issued a statement which pledged:

Conservation of grain supplies by feeding more roughage to livestock in areas of abundant supply.

Marketing of hogs at lighter weight to conserve corn.

Feeding of less grain to beef cattle.

Closer culling of non-productive dairy herds and poultry flocks.

Elimination of feed grain losses by careful harvesting and storage.

O'Neal told reporters that Truman expressed appreciation.

"We are getting behind this food program 100 per cent," Goss said.

The farm leaders' statement said that "aside from humanitarian considerations, the people of this country should realize that they can strike a very effective blow against further inflation of food prices" by cooperation in the food program.

The program aims at saving 100,000,000 bushels of grain to feed Western Europe.

In 1946, community recreation agencies throughout the United States maintained 598 archery ranges.

132 OUT OF 134 PRIZE WINNERS IN TEXAS STATE FAIR CULINARY CONTESTS USED

IMPERIAL Pure Cane SUGAR

Before the war, in 1940, when the Texas State Fair sponsored culinary contests, 132 out of 134 prize winners used Imperial Pure Cane Sugar. And now that sugar again is ration-free, expert cooks all over the state insist on Imperial... because they know Imperial is 100% pure cane... extra fine granulated for easier creaming... quicker dissolving. For blue ribbon results in your cooking and baking... look for the blue crown trademark and the red block marked pure cane on the super-sanitary kraft paper bags of Imperial... Texas' own sugar.

THE ONLY SUGAR REFINED IN TEXAS

Wheat And Milk Shipments Pour Into Greek Ports

ATHENS — (AP) — Nearly 100,000 tons of wheat equivalents, the allocation of the U. S. Foreign relief program to Greece for July to September, have reached eight port cities for distribution, reports George Gardner, of Princeton, N. J., of the American Mission for Aid to Greece.

A total of 6,752 tons of powdered and evaporated milk, 195,207 pounds of DDT insecticide, and about 357 tons of beans also have been shipped from American ports into Greek harbors, he points out.

The first of two ships bringing post-UNRRA relief supplies into Greece were the Barbara Lykes and the Berea Victory. Both ships diverted from Germany transported 17,542 tons of flour.

Other ships arriving during September included the Hoosier State, which brought the first post-UNRRA shipment of dry milk, and the Bates Victory, which deposited half of its wheat cargo at Corfu and the remainder at Patras.

The J. B. Waterman brought a second shipment of powdered milk, totaling 1,680 tons, from New Orleans, transported 8,196 tons of wheat to Piraeus and an additional 6,350 tons of Volos in Thessaly.

Insecticides in Cargo

The Daniel Lowndale from New Orleans unloaded 5,350 tons of wheat at Piraeus and deposited the remaining 4,000 tons at Crete.

The Rosario brought first shipment of DDT powder insecticide and 146,880 pounds pure DDT.

Other wheat ships include the SS Theodore Foster, from Houston, Texas; the Arthur Riggs, Green Wave, Nicholas Biddle and Eghan Allen. Milk supplies are expected to arrive aboard the Exford, Excelsior, and Kate Kildare. Beans will be shipped on the Crest of the Waves.

There are about 1,700 colleges and universities in the United States.

Birthday Gift: Improved Health

As his 76th birthday finds him "feeling better than in a long time," Cordell Hull is pictured at Bethesda Naval Medical Center, going over the final draft of his 1400-page memoirs. The former secretary of state has been a patient in the Maryland hospital for over a year.

McKenney on Bridge

By WILLIAM E. MCKENNEY
America's Card Authority
The winter session of the 1947 national championships tournament will be held at the Hotel Chelsea in Atlantic City, N. J., November 9th to December 7th, inclusive. One of the players who, I think, will make a good showing at this tournament is Mrs. Marie Basher of Philadelphia. She is a quiet unassuming woman who has done considerable traveling to various tournaments during the past year and won quite a few events. Now, with the nationals right in her own back yard, she will play with and against many players whom she has met before. Mrs. Basher won the Philadelphia open pair championship with Charles H. Goren this year, and at that time I admired her clever handling of the bidding on today's hand.

Over on heart, Mrs. Basher (West) chose to bid two clubs, figuring to come in on a lower round of bidding with the spade suit. Much to her surprise, how-

John Johnson Jones In Moscow Would Be Ivan Ivanovich Ivanov

MOSCOW (AP)—The Russian equivalent of the Joneses have a big lead over the Smiths in Moscow. The Moscow Central Address bureau reported recently that the commonest name in the Soviet capital is Ivanov which is Jones in English. The Smiths are 'way behind. Kuznetsov is the Russian equivalent of Smith and in Moscow there are 48,000 of them. Put the Jones (and Johnsons) are 137,000 strong. The most common male Christian name is John and the most used woman's name is Mary. 1,500 With Same Name Ivan Ivanovich Ivanov is like saying John Johnson Jones. There are 1,500 with these three names in Moscow. Russians always have two given names. The second name is always the first name of the father with the suffix "ovich" for sons and "ovna" or "evna" added for daughters. A feminine family name is almost always distinguished from a male surname by the addition of "a" or "aya." Thus Mr. Ivan Ivanov's daughter Mary is Marya Ivanovna Ivanova. There are some 5,000 Marya Ivanovs in Moscow.

This Firm Is Noted For Its Quality Stock

A line of wall paper as complete as any to be found in West Texas, with approximately 300 samples to choose from; quality paints, painters' and paperhangers' supplies; household cleaners, polishes and waxes; artists' needs; and conscientious, personal attention to every customer's desires—these are among advantages offered patrons of Simmons Paint and Paper Company, "your home decorator," 206 South Main Street in Midland.

The store was opened June 15, 1944, under the title, Simmons-Hall Company. Then, on Feb. 1, 1947, Mr. and Mrs. James Simmons bought the entire company and continued working to establish a reputation for handling highest-quality merchandise and giving satisfactory, courteous, dependable assistance in serving every customer. They believe this is the surest way to build confidence in their firm, and they think public confidence is a firm's most valuable asset.

Mrs. Geraldine Simmons is personally in charge of the wallpaper department, which offers a wide assortment of patterns in paper priced to fit any budget.

Among other supplies to be found at Simmons Paint and Paper Company are fine plate-glass mirrors, beautiful pictures, linoleum, Cook's quality paints, painting and papering accessories, automobile paints and venetian blinds. The latter are custom made and are delivered within 10 days to two weeks after the order is placed.

A relatively new department is that where artists' supplies are found. Discovering that a surprising number of Midlanders and other residents of the Midland trade area are talented artists, Mr. and Mrs. Simmons have stocked a lengthy list of supplies for these West Texas artists.

The firm also rents floor sanding and polishing equipment, the former by the day, the latter by the hour. Newest equipment available to patrons is a versatile electric hand machine which does in a jiffy sanding and polishing jobs which would require hours of arduous toil by hand. It is ideal for sanding and polishing furniture, walls or woodwork. Sand paper and buffers may be used on it interchangeably. It is available on a rental basis, and is perfect for refinishing that table, desk, cabinet or any other wood decoration in the home.

Maryland Newsboy Keeps Tradition Alive
ANNAPOLIS, MD. (AP)—The Green family has a hand in the country's oldest newspaper again. In 1745 Jonas Green, the "Printer to the Province," revived the "Maryland Gazette." The newspaper had lapsed after being founded in 1727. Green continued to publish the "Gazette" until he died in 1767.

Today 13-year-old Edgar Scott Bowers, a descendant of Green, is a newsboy for the "Capital-Gazette Press," which publishes both the weekly "Gazette" and the daily "Evening Capital."

The boy lives in the same colonial home which Green occupied.

Melvin Haney Offers Up-To-The-Minute Service

Melvin Haney's Humble Station, located at 702 West Wall Street (U. S. 80 Highway) in Midland, is one of the most popular and up-to-the-minute service stations in the Permian Basin area. Motorists find the station's complete, prompt and courteous service, provided by a staff of well-trained attendants, to be quite satisfactory. The firm offers 24-hour service, and will call for and deliver cars for washing, greasing and repairing flats. Humble products, including regular and Esso Extra gasoline, and Atlas tires, tubes and batteries are handled by Melvin Haney's station. Stop in for service at any hour of the day or night.

Fine Service A Feature At City Floral Co.

City Floral Company, 407 West Wall Street in Midland, sells flowers, of course. But the firm features something more than flowers. Its service—service of such dependability that floral customers can pick up a telephone and order flowers for any occasion and be perfectly confident their order will be filled satisfactorily.

This means the customer who is not sure exactly what type of floral gift or decoration would be appropriate for a given occasion can rely implicitly on the City Floral Company's suggestions and ability to supply the order in a manner which the customer will heartily approve.

To build such confidence among patrons requires extraordinary attention to orders, naturally, but that is the goal of City Floral Company. The firm will send flowers any-

where by telegraph, and offers city-wide delivery service here. It also serves Stanton, delivering flowers there for special occasions such as weddings or funerals, and will see that smaller floral purchases are transported there, either by bus or other conveyance.

All Fall flowers now in season, as well as bulbs and pot plants are featured in the company's present stock. Flowers for corsages, tenners, weddings, home decorations and all types of bouquets are available at City Floral Company—call 2077 for personal attention to any floral order.

Many species of weevils protect themselves from enemies by falling and feigning death at the least alarm; others fold their limbs close to the body so they resemble seeds or particles of soil.

Heath And Templeton Offer Complete Line Of Plumbing Needs

One of Midland's newer business firms, Heath and Templeton Plumbing Company, 119 North Weatherford Street, was opened in January of this year by T. S. Heath and E. B. Templeton.

The firm features a complete line of bathroom fixtures, floor furnaces, water heaters, bath heaters, unit heaters and bath accessories.

Kohler, Kohler, American Standard, and Crane plumbing fixtures are stocked by the store, which is managed by Templeton. He came here from Odessa, where he was shop foreman 16 months in his partner's shop there.

In addition to handling best-known plumbing supplies at the store, Templeton contracts to install complete plumbing equipment in homes or offices, and makes service calls for patrons needing new fixtures or repairs on old equipment.

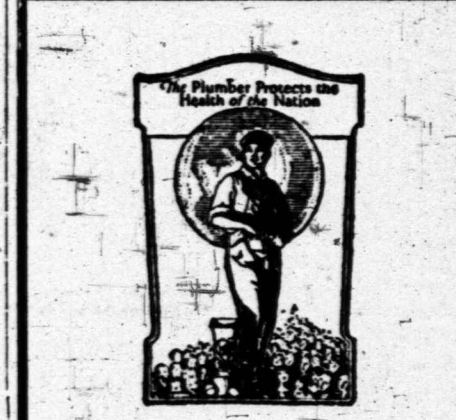

For competent, dependable plumbing service or new equipment of nationally advertised make, Heath and Templeton Plumbing Company (phone 2533) is a firm recommended by numerous satisfied customers.
