Five Arab Armies Encircle Holy Land

To Fight Zionism With Men, Money

BEIRUT, LEBANON—(AP)—The armies of five Arab nations started moving Friday, translating into action Thursday night's Arab League resolutions calling on the Arab world to defend Palestine from Zionism with men and money.

War office spokesmen in Lebanon and Syria said troops of those two countries bordering on Palestine had begun rolling at midnight and were "maneuvering" near the frontier.

Troops of King Abdullah's Arab Legion of Trans-Jordan, reputedly the largest and best-equipped military force in the oil-rich Middle East, started massing along the River Jordan in half a dozen hastily spotted camps.

The Lebanon Press said mechanized patrols of this force were ranging along the whole length of Palestine's eastern boundary in readiness for what the papers called invasion of Eastern Palestine.

To the south, reliable sources in Beirut said, Egyptian forces were preparing to move into the Sinai Desert, and Saudi Arabian cavalry was reported crossing into Egyptian territory at the invitation of the Egyptian Government to participate in cordoning off the Holy Land with a ring of steel.

Seven Saudi Arabian airplanes were reported unofficially to have landed at Egyptian airbases.

Emir Magid Arnan, Lebanon's war minister, said of course we cannot disclose the movements of our forces, but sources close to the war ministry estimated a mobile force of 2,000 Lebanese soldiers reached the Palestine frontier before dawn Friday.

Members of the Syrian delegation of the Arab League Council declined comment on the movements of Syrian troops.

Asks Iraqi Troops
Abdel Rahman Azam Pasha, secretary-general of the Arab League, who disclosed Thursday night that actual troop movements were under way to implement the league council's resolutions, flew to Amman Friday with Premier Salih Jabur, reportedly to ask Abdullah's permission to put Iraqi troops into Trans-Jordan to support the eastern flank of the armed cordon around Palestine.

The league's resolution said the decision to use troops and money to back up Palestine's Arabs was intended to counterbalance what the Arabs called "terrorist organizations and Zionist forces which threaten the security of Palestine Arabs."

It called upon the four states which border directly on Palestine—Egypt, Trans-Jordan, Syria and Lebanon—"to take military precautions on Palestine boundaries."

Newest Forecast Awaited

WASHINGTON—(AP)—The government looked anxiously to a new crop forecast Friday for a possible boost in the corn yield estimate which would ease the world grain shortage.

Despite signs of bettered midwest crop conditions, President Truman clearly was not banking on any great gain. Public observation of meatless and eggless days is of "vital importance" in easing Europe's hunger, he told his weekly news conference.

The new crop report, closely guarded within the Agriculture Department and awaited with unusual eagerness in the grain-conscious capital, was due for release Friday afternoon.

It contains the department's estimate of production of all major crops as of October 1.

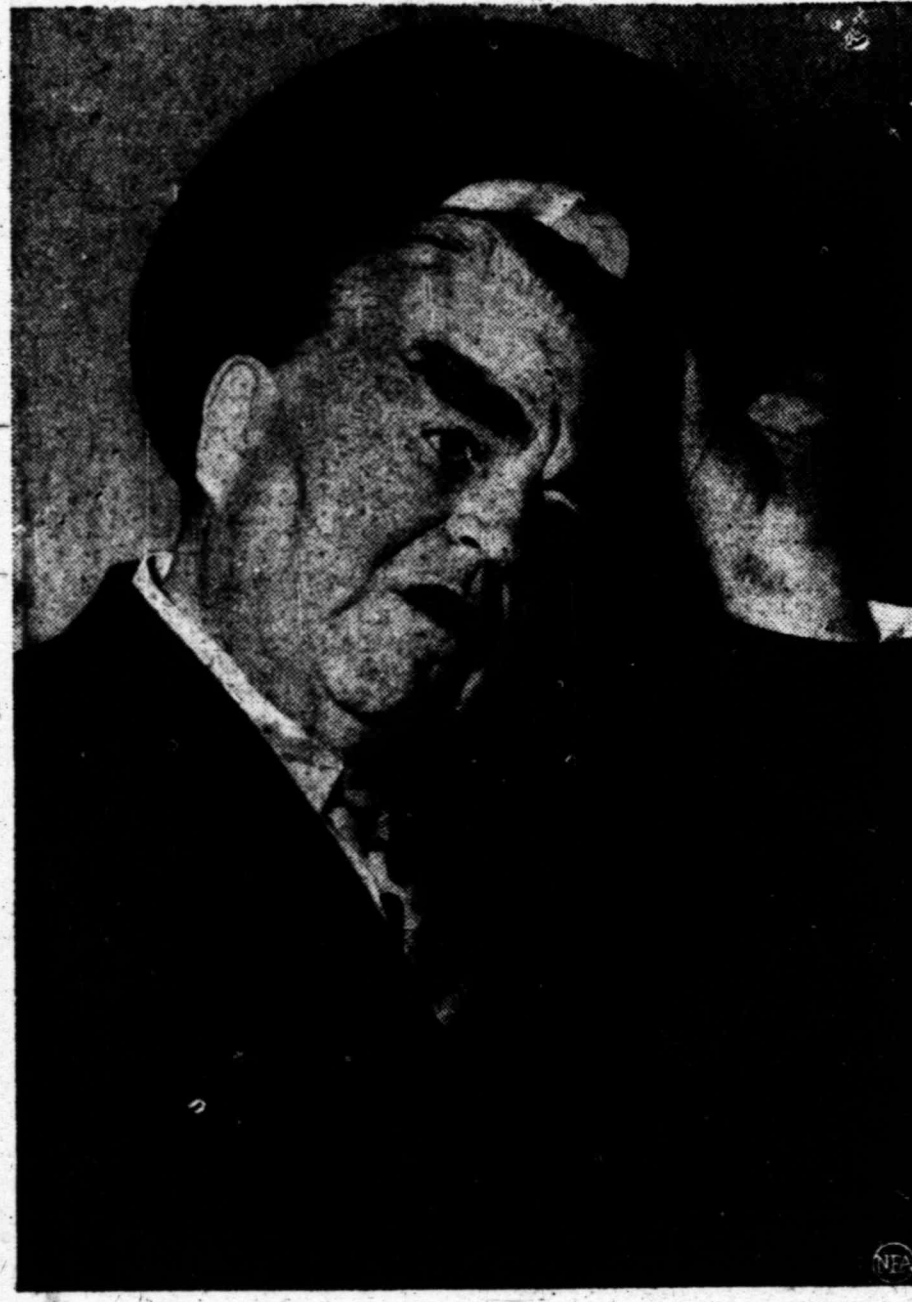

A boost of 100,000,000 bushels or so in the corn estimate, over the 2,403,913,000 forecast a month earlier, would go a long way toward making up the foreign deficit while maintaining a high level of livestock production in this country.

Corn was plagued by cool, wet weather at planting time and by lack of rain in mid-Summer. The production outlook on September 1 indicated the crop might be the smallest since the severe 1936 drought, and 27 per cent smaller than last year's record crop of 3,287,000,000 bushels.

It was this prospect which led Truman to call upon Americans to conserve food—particularly cereals and livestock products produced from grains—so that acute foreign needs might be met.

Slapped Down By Defiant Leaders

John L. Lewis, always a storm center in labor circles, was slapped down Friday by defiant AFL leaders, who voted to strip him and 12 other vice presidents of their "offices" in the federation.

Texas Cafe Men Come Back With Own Food Saving Plan

AUSTIN—(AP)—The State Restaurant Association of Texas came up with a save-food plan of its own Thursday, one which directors and officials of the group said would "go far beyond" the national administration's request.

"This will mean saving food every day in the week and every hour of the day," said Patrick D. Moreland, executive vice president of the association.

Officials of the restaurant, association offered this program to restaurateurs and their customers: "Eliminate meat as far as possible on every menu on Tuesdays and provide other nutritious food items not in critical supply; eliminate or reduce the amount of eggs served on Thursdays; eliminate poultry spotlight and push hot cakes, waffles, and cereals for Tuesday and Thursday breakfasts; serve one slice of bread or roll to the customer; and make butter available to the customer only upon request."

Moreland criticized the government's plan of meatless Tuesdays and eggless and poultryless Thursdays as apparently being "hastily conceived."

Fat Resists With Customers
He and other officials called attention to the unusual difficulties confronting all restaurants, especially steak houses, barbecue shops, fried chicken establishments, restaurants serving Mexican foods, and other specialty establishments.

Moreland said the customer would determine the fate of food conservation "in the final analysis."

Determination of the association policy had been awaited by many Texas cafes and restaurants before they decided on any of the menu changes recommended by the government.

'Just One More, Please'

President Truman recently turned the tables on the White House news photographers and "shot" them after ordering the group to "hold still." He followed up his first snaps with the words that he has so often heard from them: "Now just one more, please." Seventy-five lenses, which he has dubbed the "One More Club," presented him with the movie camera he's pictured using and a still camera.

World War II Dead Come Home Friday

SAN FRANCISCO—(AP)—A grey transport slips through the mists of the Golden Gate Friday with the bodies of men who died in World War II—the first to fall and the first to come home.

A nation's grateful tribute awaited the first funeral ship returning the war dead—most of them victims of Japan's attack on Pearl Harbor, which sowed American cemeteries all over the world.

In Washington, the capitol flag dipped to half-mast—an honor heretofore extended only on the death of a President or a member of Congress.

The transport Honda Knot, inbound from Honolulu, carried 3,028 bodies. In addition to the Pearl Harbor dead, the ship also bore some who died in later battles in China, India and Burma.

In all, nearly 300,000 Americans lost their lives in World War II. Actually the conflict cost more—the figure does not include the missing or those who died as prisoners.

The Honda Knot and a transport from Europe, due in New York October 25, are the first of many—officials say three-fourths of all Americans who died abroad probably will be returned for burial.

At noon, the Honda Knot drops anchor 300 yards off the curving Marina shore, just inside the Golden Gate. Forty-eight planes are escorting her into San Francisco Bay.

As memorial services begin, artillery will fire a measured, 21-gun salute. Half-Hour Service

From the shore, a little launch will carry a simple wreath to the ship—President Truman's tribute from the nation. Leaves from trees in all parts of the country were used to form the wreath.

Speakers for the half-hour memorial service include Gen. Mark Clark, Sixth Army commandant; Gov. Earl Warren, and Secretary of the Navy John L. Sullivan.

After taps, the Honda Knot moves on down the bay to dock at the Oakland Army Base.

Within three days, and with the greatest reverence, all 3,028 caskets will be sent to their final resting places, in accord with the wishes of next of kin. With each will go a guard of honor.

Amarillo Youth Fatally Shot In Holdup Attempt

OKMULGEE, OKLA.—(AP)—Grover G. E. Johnson, wounded in a shooting in his store Thursday night in which one Amarillo, Texas, youth was killed and another injured, was in a critical condition at City Hospital Friday.

Chief of Police Ellis Holly said the shooting followed a holdup attempt.

Hospital attaches said Johnson, suffering from a stomach wound, had about an even chance to survive.

In the same hospital was a youth identified by Holly as from Amarillo, who received a thigh wound. Holly said the boy's age was 15.

The slain youth Holly identified as Don Simmons, 17, also of Amarillo, who fled on the street outside the store.

Storekeeper Fires Back
Holly said the investigation showed Johnson then fired five times with a .38 caliber pistol he kept in the store. Simmons was struck in the neck and another youth in the leg.

Simmons died a short time afterward. The other youth jumped into an automobile parked in front of the building, drove about four blocks, then left the automobile and entered a private residence to ask for help, said Holly. Police were notified and the youth was picked up there.

Holly said he was told the automobile had been stolen from H. L. Carter, Amarillo.

Pat Neff May Quit At Baylor

WACO—(AP)—President Pat M. Neff of Baylor University Friday attended a morning-long trustee meeting during which, the Waco News-Tribune said, he might tender his resignation.

Persistent efforts to reach him by telephone for a statement were unavailing. He would not talk.

The News-Tribune said no official announcement had been made by Neff or members of the Board of Trustees, but said it had heard from three sources of the rumored resignation.

Food Plan Gets Cool Reception

By The Associated Press

Public observance of the government's meatless, eggless and poultryless days, which President Truman said was of "vital importance," appeared to have been only partially successful in the first test this week.

Surveys across the country on the first eggless and poultryless Thursday indicated that Truman's request for abstinence from those commodities was far from 100 per cent, similar to the reaction on the first meatless Tuesday.

Many Foods Advance
In Chicago, directors of the Chicago Restaurant Association voted not to enforce Truman's requests in his food conservation program but said they "will urge patrons to observe the President's wishes."

Surveys indicated that some restaurants complied with the request but many others did not. Some restaurant owners said they believed compliance would be more complete next week.

The first eggless and poultryless Thursday was marked by price advances in many of the country's primary food markets. These included gains in wholesale eggs and butter in New York and Chicago; in wheat futures and cash wheat in Chicago, Kansas City and Minneapolis; in flour in Minneapolis and New York; and in live hogs in some markets.

Warns of Health Menace
In Ithaca, N. Y., Gov. Thomas E. Dewey warned the nation Friday against "thoughtless or hasty planless generosity" in feeding Europe at the expense of American health.

Dewey, in his prepared national radio broadcast, did not refer directly to President's Truman's program for voluntary public food rationing.

Dewey implied that the rest of the nation well might follow New York's lead in promoting "better use of what we have" rather than emphasizing lower consumption.

POCKET KNIFE AMPUTEE DISCHARGED FROM HOSPITAL

HUNTINGTON, W. VA.—(AP)—Harry Benedict, 45, who used a pocket knife to amputate a thumb and four fingers when his hand became emmeshed in a corn husking machine, was discharged from a hospital Thursday after surgeons removed the rest of his forearm.

His hand was caught in the husker when he tried to extract an ear of corn which had lodged in the mechanism.

As You Like It

This new "half and half" dress, sporting a hemline to please everyone—in spots—is Hollywood's answer to the skirt length problem. Film actress Barbara Bates models the garment which may or may not please, according to where you're standing.

AFL Heads Vote To 'Strip' Lewis

SAN FRANCISCO—(AP)—Top AFL leaders slapped down a defiant John L. Lewis Friday by voting to strip him—and 12 other vice presidents—of the "office" in the federation by which he was able to bar the door of the National Labor Relations Board to 1,500 tiny local unions.

Though not a "red" sympathizer himself, Lewis refused to sign the affidavit required by the Taft-Hartley Act disavowing Communism. Unions whose officers don't sign cannot use the National Labor Relations Board.

The little federal locals, with 300,000 members, need the NLRB's protective facilities most among the AFL's big family of unions. Their national "officers" are the council members.

The 15-man council, over the opposition of Lewis, voted to do away with the offices of vice president, leaving only President William Green and Secretary-Treasurer George Meany as "officers" of the federation.

LATE NEWS FLASHES

TOKYO—(AP)—An American colony of 1,000 men, women and children was safe on tiny Iwo Jima Friday as the typhoon which scourged it with 170-mile winds curled toward Okinawa and Japan.

BUENOS AIRES—(AP)—Two Yugoslav diplomats, due in Buenos Aires Friday after being expelled from Chile on charges of "Communist agitation," will be asked to leave Argentina if they fail to quit the country voluntarily, a high government source announced.

PARIS—(AP)—All civil employes in Nancy and 12,000 miners in Briey, Damecourt and Auboué were reported to have struck Friday in protest against the shipment of 150 truckloads of sugar to Germany.

HAVANA—(AP)—Jose Manuel Aleman, minister without portfolio in the cabinet of President Grau San Martin, faced charges Friday in the House of Representatives that he financed an abortive military expedition to overthrow the Dominican government.

LAKE SUCCESS—(AP)—Guatemala proposed Friday that the United Nations Assembly create a small-country military force to be used against any "force which takes aggression against Palestine."

CENTRAL RUNNELS WILDCAT HAD FREE OIL IN 'BURGER'

Pan-American Production Company No. 1 Hugh Campbell, Central Runnels County wildcat, about five miles north of Ballinger and 467 feet from north and east lines of the J. Hays survey No. 630 6.8, topped the Ellengruber at 4,332 feet.

It drilled to 4,391 feet and took a one and one-half hour drillstem test at 4,341-91 feet. Gas showed at the surface in 17 minutes. The volume was estimated at 400,000 cubic feet per day. Recovery was 480 feet of oil cut, drilling mud and 380 feet of free oil. No water was developed.

The project was being drilled deeper at last report.

NE COMANCHE PROSPECTOR GETS OIL IN ELLENBURGER

Coats and Foster Drilling Company, of Lubbock, and associates, No. 1 C. A. Scott-Northeast Comanche County wildcat, two miles east of Comyn and a few miles west of Dublin, is reported to have entered the Ellenburger at 3,534 feet.

That marker was found in a core at 3,520-51 feet, in which the recovery was six feet of lime with good porosity.

The hole was drilled ahead to 3-554 feet and a one-hour drillstem test was taken at 3,532-51 feet.

Recovery was 10 feet of high gravity oil and 250 feet of oil and gas cut, drilling mud and drilling water. Operator representatives report that there was no formation water. Flowing bottom hole pressure during the test was 1,350 pounds.

The project is now drilling ahead below 3,335 feet and is still in the Ellenburger. Operator plans to drill the full thickness of that formation and then cement casing on bottom.

The sections which show for possible production will be tested through perforations in the pipe.

This prospective discovery is on a block of about 10,000 acres which Coats and Foster, and associates, hold in that area. It is located 330 feet from north and 440 feet from west line of the C. A. Scott farm in the William McClelland survey, abstract A-642.

SMC SPUDS FLANKER TO BALLINGER DISCOVERY

Southern Minerals Corporation No. 2 K. V. Northington, is to be a semi-wildcat in South-Central Runnels County, about one and one-half miles west of Ballinger.

It is 2,213 feet from northeast and 1,400 feet from southeast lines of the Northington lease in the T. Pratt survey No. 365 1/2. The project likely will drill to around 5,000 feet, to test into the Ellenburger—unless it gets commercial production before that zone is reached.

It had spudded and was drilling about 160 feet in shale and lime. Rotary is being used.

The new exploration is 933 feet southwest of the same company's No. 1 Northington wildcat project, which is preparing to rig up a pump and complete from section at 4,108-14 feet, in the Bend lime.

That zone had shown for a small production of oil, along with some water and the owner plans to try to make a well of some sort from that section.

PLYMOUTH TO PUMP NO. 1 FRONT TO START STEPOUT

The Plymouth Oil Company No. 1 Frost, Ellenburger discovery in North-Central—Sterling County, about 12 miles north and slightly west of Sterling City, and 1,980 feet from south and west lines of section 39, block 2, HATC survey, is moving off rotary rig and preparing to install a pump and complete as a well of some sort.

On last test reported it made about eight barrels of fluid per hour, swabbing approximately 50 per cent oil and 50 per cent salty water, from perforations at 8,338-63 feet which had been washed with 750 gallons of acid.

The rotary tools used on No. 1 Frost are being moved to Plymouth No. 1 Willie Mae Foster, a south-west stepout to the discovery. That exploration is slated to start making hole as soon as the equipment is rigged up. It is 660 feet from north and west lines of section 56, block 2, HATC survey. That puts it 2,516 feet southwest of No. 1 Frost. The No. 1 Foster is projected to 6,000 feet—unless it gets production or water in the Ellenburger at a higher point.

3,100-FOOT WILDCAT STAKED IN N-C HOWARD REGION

Russell Mezure, of New York City, has filed an application with the Railroad Commission for a permit to start drilling at once on his No. 1 J. W. Frail—a 3,100-foot-wildcat in North-Central Howard County, about 4 1/2 miles north of Big Spring.

It is 430 feet from north and east lines of northeast quarter of southwest quarter of section 1, block 2, HATC survey, T-2-N. Rotary tools will be used.

TWO MORE VENTURES TO BE RIGGED IN NORTH REYS

Applications covering the drilling of two new explorations to the DeWitt line, in the Ora area of extreme North Reeves County, have been received at the Midland office of the Railroad Commission.

George P. and Houston Hill, of Fort Worth, propose to start at once on their No. 1 J. C. Camp, located 336 feet from south and west lines of the southwest quarter of section 2, block 2, HATC survey, T-2-N.

Applications covering the drilling of two new explorations to the DeWitt line, in the Ora area of extreme North Reeves County, have been received at the Midland office of the Railroad Commission.

(Continued on page 8)

McCamey Badgers To Play At Denver City

MCCAMEY — Coach Glen Waggoner's McCamey Badgers will meet the Denver City Mustangs in a district encounter there Friday night. Neither team has won a district game, but each has one non-district win to its credit. The Denver City game to date are: Kerm 21, Denver City 7, Wink 39, Denver City 13, O'Donnell 0, Denver City 33. The Badgers lost 21-0 to Seminole; 20-0 to Monahans and won 40-0 over Fort Stockton. Coach Waggoner has announced his entire squad, with the exception of the center, Lawrence Barber, will be ready to go. Barber is suffering from a bruised thigh. David Pauley is expected to play even though he has an injured hand.

Babe Zaharias Downed In Fort Worth Meet

FORT WORTH — The armor of invincibility that had been built up by Babe Didrikson Zaharias through one of the most amazing careers of sport was cracked slightly at the seams Friday, and a 166-pound Dallas matron, Mrs. Betty Mims White, was the reason. The great woman athlete, American and British champion and victor in 19 straight tournaments, met defeat in the quarter-finals of the Texas Women's Open Thursday. Mrs. White sank a six-foot putt on the 18th green for one of the greatest upsets in golf history. A heavy cold bothered Mrs. Zaharias.

Odessa Beats Bullpups, 32-0

ODESSA — The Bullpups from John M. Cowden Junior High of Midland lost, 32-0, to the Odessa Junior High eleven here Thursday. The game was switched to Odessa after being previously slated at Midland. Ralph Brooks, Pup back, led a sharp passing attack for Midland but his receivers couldn't hold the ball. Midland penetrated the 10-yard line of Odessa only once. Odessa rolled at will. The two teams play in Midland, October 23.

Red Raiders' Chances Slim Against Tulsa

LUBBOCK — Texas Tech will try for the sixth time Saturday to beat Tulsa, but prospects are considered none too good. The two teams haven't been meeting long but in the period they have built up quite a rivalry, one idea though the series may have been the Golden Hurricane has rolled up 113 points and Tech only 27 in the five games. Last year Tulsa won, 21-6. A crowd of 12,000 is expected to see the game.

The Roman Colosseum was inaugurated by Titus in 80 A. D., and probably seated between 49,000 and 50,000 people.

Midland Vs. Sweetwater

Friday night is the night! The Midland Bulldogs open 3-AA competition against the Sweetwater Mustangs at 8 p. m. in the high school stadium here. The issue is clearly drawn. The winner stays in the district race; the loser must take a back seat. Both teams will shoot the works. A very close and stoutly-fought contest is predicted. The Bulldogs and the Mustangs are both young and green but lighting ball clubs. Both schools lost heavily by graduation, both have two lettermen starters. The rest are ambitious newcomers. Midland took a brisk workout Thursday and the coaches said "they are ready." The Bulldogs went scampering to the dressing rooms shouting "let's go, let's get a Mustang." Over at Sweetwater the same thing was happening only it was "get a Bulldog." Friday night will tell!

Sports

2 — THE REPORTER-TELEGRAM, MIDLAND, TEXAS, OCT. 10, 1947

'B' Team Wins By 37-0 As 'C' Loses

By TANNER LAINE
Scampering backs Moe Price, Goss Yeager and Dick Patton led the "fighting" team of Midland "B" Bulldogs who have ever seen to victory over the Lamesa "B" here Thursday night 37 to 0. And the passing of Frank Robinson, Midland quarterback, was right on the beam to help. The little Bulldogs drove 90 yards for a touchdown without losing the ball from the first kickoff. Yeager, quarterback, was on the payoff end of the drive with a swing around left end for a touchdown from a yard away. Jimmy O'Neal's place-kick was low. Lamesa had to punt. Then little

Moe tore loose and led 60 yards for a touchdown. O'Neal's kick was wide. It was Midland 12, Lamesa 0, at the end of the first quarter. In the second quarter, a Lamesa punt was a fizzer and Midland got the ball on the Lamesa 20-yard line. On the first play from there, Robinson backed up and uncoiled to Yeager over the goal line for a touchdown. O'Neal was still missing extra point kicks. It was Midland 18, Lamesa 0. The third quarter was packed with action, most of it Midland action. Early in the Patton bolted 47 yards for a touchdown with the prettiest run of the night, but the play was called back and Midland penalized for clipping. Not To Be Denied The little Bulldogs were not to be denied. They roared right on downfield for a score that counted in this third quarter. This time Price skirted left end for six yards and a fally. O'Neal's kick was blocked. That made the scoreboard read: Midland 24, Lamesa 0. Patton got his revenge in the fourth quarter. He flanked right end for seven yards and a touchdown after a drive of 58 yards with the Midlands with Wheat ripping off a nice center to the seven-yard line to set it up. O'Neal's kick was wide. That was not quite all. Little Quarterback Stringer of Midland intercepted a Lamesa pass and ran 44 yards for the final touchdown. And hurrah. Roy Mann place-kicked extra point. Final: Midland "B" 37, Lamesa "B" 0.

BOWLING

Burl's Super Service got hot in the Major Bowling League of Midland Wednesday night. Records fell. Davidson of Burl's rolled high series with 596. Mashburn of the same team legged high game, 231. The Supers had high team game with 915 and high team series with 2,669.

McDONALD SAYS GOP SHOULD NAME MacARTHUR
NEW YORK — The American people "should demand that the Republican Party nominate General Douglas MacArthur for the presidency," J. E. McDonald, Texas commissioner of agriculture, said here Thursday. The "gravity of the present situation demands the leadership of a man who has fully demonstrated his ability as an outstanding soldier, statesman and leader," McDonald said in a statement.

Arkansas-Baylor Tilt Highlights SWC Grid Action

By HAROLD V. RATLIFF
Associated Press Sports Editor
Arkansas' tight-fisted Razorbacks take their iron-bound defense to Waco Saturday to tackle the Baylor Bears in the most important of six games on the Southwest Conference schedule.

It won't have the general interest of some of the intersectional battles, particularly the clash of mighty Texas with unbeaten, undefeated Oklahoma at Dallas, but it will mean more. The other five teams of the conference will go hot and heavy after strong intersectional foes. Texas Christian's Horned Frogs start the festivities at Miami Friday night against Miami U. Since Baylor beat the Florida outfit, T. C. U. ought to do it, too, but prospects of suitable weather for the Horned Frog passing game are not too good. Texas and Oklahoma will hook up before 45,000 or more fans in the Cotton Bowl with the Longhorns favored as usual. The nation's sports writers see it that way anyway—they ranked Texas third and Oklahoma fifteenth. This Week's Predictions

Rice, seeking a victory and trying to show it deserves some of the things said about it before the season started, plays once-beaten Tulane at Houston. If the Owls don't win this one they'll be marked off the list of conference title contenders. Southern Methodist plays Oklahoma A&M at Stillwater expected to be victorious, but Texas A&M encounters erratic Louisiana State at Baton Rouge expected to lose.

Picking three winners against one loss and one tie last week so encouraged us we're expiring again: Texas-Oklahoma—Texas, 26 to 7. Baylor-Arkansas—Arkansas by a narrow squeak; but here's the best chance for an upset. Rice-Tulane—The Owls will win one; Rice by two touchdowns. Texas Christian-Miami — We'll take T. C. U., so there.

Southern Methodist — Oklahoma A&M—Watch Doak Wicker get S. M. U. by two touchdowns. Texas A&M-Louisiana State—The Aggies might win this one but we'll ride with the favorite.

Four Schoolboy Teams Lay Perfect Records On Line This Week

By WILBUR MARTIN
Associated Press Staff
Four of Texas' 16 undefeated, untied schoolboy football teams tangle in a pair of District 11-AA games Friday night to hold the spotlight in a schedule of 40 games. Forest of Dallas opened the week's play Thursday night with a major upset—unleashing two quick scoring thrusts to blank Highland Park of Dallas, 13-0.

In four other games, El Paso High defeated Douglas, Ariz., 19-7; Eastland beat Fort Worth Tech 26-7; Conroe downed St. Thomas (Houston), 19-12; and Milby (Houston) defeated Sam Houston (Houston), 20-0, in a District 13-AA tilt. Longview's undefeated, untied and unscored upon eleven tackles the surprising Texarkana team, and Marshall plays host to Kilgore in the two feature games of the night.

Odessa Meets Abilene
Two other highly important conference games take place at Abilene and El Paso. Odessa's Broncs take on Abilene in a District 3-AA game billed as the biggest obstacle in their path for a third straight district title and a shot at a second state crown. Unbeaten Austin of El Paso takes on Bowie of El Paso in a game that will practically settle District 4-AA's champion. Other undefeated teams which risk perfect slates Friday night are Wichita Falls, Amarillo, Corsicana, Waxahachie, Austin, Brackenridge (San Antonio), Brownsville, and Weatherford. Corpus Christi plays Saturday night and McAllen is not scheduled.

Chinese Hopefuls Get Bargain In Nuptials

NANKING — (AP) — Friday was bargain day for Chinese planning marriage, and 255 couples took advantage of it. The average wedding in inflation-ridden China these days costs about 30,000,000 Chinese dollars (\$375 U. S.). But couples participating in the government-sponsored mass marriage ceremony at Nanking Friday—birthdate of the Chinese Republic—only had to pay 100,000 Chinese dollars—about \$1.25 U. S.

Penicillin was first discovered by Prof. Alexander Fleming in London in 1929.

Armed Becomes Top Money-Horse Thursday

NEW YORK — (AP) — Four horses have worn the world money-winning crown so far this year and the chances are that Armed, latest to ascend the throne, will hang on to it for long. The Calumet Farm's golden gelding lifted the title from Mrs. Ethel D. Jacobs' Styrmie Thursday by outlasting Oscar E. Breault's With Pleasure to score by a length and a half in the Sysonby mile at Belmont Park. Armed now has earned \$761,500, while Styrmie's bankroll is \$754,710.

The production of a pound of beef requires directly or indirectly between 15 and 30 tons of water.

"I AGREE... it's the finest ACME ever brewed..."

says OSCAR JOHNSON of Shipstads & Johnson, producers of ICE FOLLIES of 1947

It takes skill and experience to produce a theatrical "hit" like the Ice Follies... or a beverage "hit" like Acme Beer. Here is the crowning achievement of nearly a century of skill and experience... the finest ACME ever brewed!

it's here... the finest ACME ever brewed...

In Time of Plenty—Prepare For The Future

In times like these, when money is plentiful, many of us pay cash and forget all about our charge accounts. It is wise to maintain your charge account so that when it will again be helpful it will be easy to say "Charge it, please." Your account will be established and your merchant will be happy to render the service.

It is well to continue your charge account—your merchant will be happy to grant credit to accounts with good ratings and welcomes such accounts. This is true not only in Midland, but all over the entire country.

Too, you're establishing a credit record that will be to your advantage wherever you go... a record that will follow you... for retailers throughout the nation, through the various credit associations, have access to your record and are eager to have prompt-paying accounts. Even though you do not need that credit now, a good credit rating established will stand you in good stead when you DO need it!

And it's mighty convenient to be able to walk into a store, make your selections and just say "Charge it, please." There's no fumbling around for a pocketbook or checkbook, no waiting for change, no delay. It saves you time and releases a clerk sooner to wait on someone else!

So—start this month, establish a credit rating and say:

"Charge It, Please"

FRIDAY, OCTOBER 10—PAY NOW For Merchandise Bought In September Or Earlier!

Mr. MERCHANT:—

If you are not now a member of the Retail Merchants Association it will pay you to investigate the many advantages to you of this service! The cost is nominal—the returns great!

THE REPORTER-TELEGRAM, MIDLAND, TEXAS, OCT. 10, 1947-3

Edith Wemple Honors Bridesmaids Amidst Pre-Nuptial Festivities

Miss Edith Wemple, bride-elect of Hank Avery, honored her bridesmaids with a luncheon Thursday in her home, 501 North Loraine Street. Each honoree was presented with a corsage of red roses, tied with blue and fuchsia ribbon, and a gold bangle bracelet inscribed on one side with the honoree's name and on the other with "Edith and Hank" and the wedding date, October 11. Large arrangements of bronze, white and white asters were distributed throughout the house, and the dining table, covered with a white cut-work cloth, was centered with red roses in a silver bowl, flanked by blue candles in silver holders.

Guests were Louise Cox, Liza Lawrence, Mrs. A. E. Pettit, Betty Barnett, Lucille Wemple, Evelyn Wemple and Helen Armstrong. Pre-nuptial dinner Pre-nuptial parties honoring the bride-elect were highlighted by a candlelight dinner given Wednesday in the Private Dining Room of the Scharbauer Hotel by Liza Lawrence. Edith Wemple was presented with a gift and a gardenia corsage. Table decorations were blue delphiniums.

The guest list included the honoree, Louise Cox, Betty Barnett, Lucille Wemple, Margaret Mims, Charlotte Kinney, Ruby Milward, Lila Stewart, Jo Ann Proctor, Edna Ann Tolbert, Elma Jean Noble, Mrs. Jack B. Nobles, Mrs. James V. McCoy, Mrs. A. E. Pettit and the hostess.

Mrs. J. J. Black Speaks To Odessa P-TA Unit

Mrs. J. J. Black made her first appearance as vice-president of the P-TA's 16th district when she spoke at the Odessa South Elementary School's P-TA "get-acquainted" tea Thursday afternoon on "Bettering Human Relations."

Midland HD Council Hears Mrs. Moncrief Report On Convention

The Midland County Home Demonstration Council heard Mrs. L. H. Moncrief report on the Galveston THDA convention and Marketing Workshop at a meeting Wednesday afternoon in the assembly room of the courthouse.

Mrs. H. O. Allen of the yearbook committee made a report and asked that the committee meet before the next council meeting, which is November 7. The committee includes Mrs. Robert Hord, chairman, and Mrs. Allen, Mrs. S. E. North, Mrs. C. C. Carpenter and the vice-presidents of the West Side and Busy Wives clubs.

Mrs. A. P. Jordan, expansion chairman, reported new members had been received into the Valley View, West Side, and Garden Addition clubs.

Council members present included Mrs. Moncrief, Mrs. Jordan, Mrs. O. R. Phillips, Mrs. J. D. Bartlett, Mrs. Preston Vest, Mrs. I. J. Howard, and Mrs. B. L. Mason.

Brownie Troop 23 Begins Miniature Zoo

Work was slated on a miniature zoo by members of Brownie Troop 23 at their second meeting Wednesday in the North Elementary School. Games were played by Betty Barrett, Barbara Beckman, Wendy Bradley, Carole Brady, Billie Donnell, Ardis Griffin, Mimi Green, Barbara Harris, Susan Hills, Judy C'Neal, Mary Pace, Miriam Parkison, Barbara Pitzer, Kay Adler, Patty Spiers, Donna St. Clair, Sally Jo Taylor, Alvia Waldrop, Judy Walker, Linda Williams, Marian Woods and Alice Mahaffey.

NEW-SEWING CLUB FORMED; PRESIDENT, MRS. DOCK MILLER

The Past-Tense Sewing Circle was organized Thursday afternoon in the home of Mrs. Chuck Houston, and Mrs. Dock Miller was elected president. Other officers are: Mrs. B. L. Mason, secretary-treasurer; and Mrs. Preston Vest, reporter. The next session of the club, which will meet the second and fourth Fridays of each month, will be in the home of Mrs. Mason. Each member is requested to bring two homemade gifts.

Those present included Mrs. Miller, Mrs. Mason, Dorothy Cook, Mrs. J. T. Weathered, Imogene Craig, LaHoma Wilson, Ethel Cavitt and the hostess.

Congratulations To:

Mr. and Mrs. E. P. Polson on the birth, Wednesday, of a son, Dennis Bertram, weighing 10 pounds, two ounces.

Mr. and Mrs. W. J. Lanham on the birth, Thursday, of a daughter, Judith Ann, weighing eight pounds, two ounces.

Mr. and Mrs. S. N. Crosby on the birth, Thursday, of a daughter, Doris Lynn, weighing six pounds.

Mr. and Mrs. M. S. Ware on the birth, Thursday, of a daughter, Alice Ann, weighing six pounds, 14 ounces.

Mr. and Mrs. H. F. King on the birth, Thursday, of a daughter, weighing six pounds, four ounces.

Mr. and Mrs. D. A. Williams on the birth, Thursday, of a daughter, Barbara Kay, weighing seven pounds, 12 ounces.

Mrs. Alma Thomas Tells AAUW Group Of World Tour

Mrs. Alma Thomas of Austin, formerly of Midland, told more than 50 AAUW members and guests Thursday night at the Presbyterian Church of her recent world tour, touching upon the highlights of people, customs, and manners of the various places visited.

Mrs. Thomas, who was introduced by Mrs. C. P. Henderson, began with a description of her embarkation at New Orleans and her first stop at St. Thomas in the Virgin Islands, which she found a pleasant winter resort.

Throughout her tour, Mrs. Thomas said she found American cigarettes to be the international currency. The speaker, in her tour, went from Madeira to Casablanca, then to Gibraltar. When her ship arrived at Brest, France, Mrs. Thomas said she saw for the first time the real devastation that had been wrought in Europe.

Mrs. Thomas described Copenhagen as a "nice, clean, fresh place" where women manage dresses and bicycles together beautifully.

"In London," Mrs. Thomas said, "the food situation is tragic." Following a discussion of Norway, Sweden, and Switzerland, Mrs. Thomas took her listeners back to France for a description of the "tragic lack-of spirit" in Monte Carlo.

She concluded by saying "the situation economically, politically, and socially is certainly not what we want if we are to deal with the people."

Following the lecture, the group was served refreshments by the AAUW social committee, headed by Mrs. E. A. Johnson. Others assisting Mrs. Johnson were Mrs. Jesse Powell, Mrs. J. W. Carroll and Mrs. George W. Glass.

Four hundred thousand pounds of ammunition could be hurled in half an hour by an American armored division in World War II.

GS TROOP 12 PLANS OVERNIGHT CAMPING

Mrs. I. A. Searles, leader of Girl Scout Troop 12, discussed plans for an overnight trip to Mitre Peak Camp October 18-19 at a meeting Wednesday in the First Presbyterian Church. Lella Norwood, chairman, conducted the opening ceremony, with Joan Turner, secretary, reading the minutes.

The troop expressed thanks to Mrs. J. S. Griffith, Mrs. O. S. Pullman, Eloise Williamson, and Mr. Burton for their assistance with the recent "Cook-Out" at Cloverdale Park.

Peggy Bissell, who assists the troop, played musical records of other countries and gave comments regarding them, as part of the International Friendship Badge field.

Troop members attending were Jane Flint, Madelon Schabarum, Marilyn Little, Lella Norwood, Lynn Griffith, Janet Hoffer, Joan Turner, Sherry Page, Jane Beakey, Betty Pitzer, Barbara Long, Mary Ann Searles, and Mrs. Searles.

Coming Events

SATURDAY
The Children's Theater will meet in the City-County Auditorium at the following times: Group 1, 10:30 a. m.; Group 2, 1:30 p. m.; and Junior Workshop, 3:15 p. m.

The B&PW Club will be host to the City-County Federation luncheon at 1 p. m. in the Crystal Ballroom of the Scharbauer Hotel.

SINUS CATARRH SINUS SUFFERERS
FIND CURE FOR MISERY DUE TO NASAL CONGESTION. SUPPLY RUSHED HERE!

A Problem Beyond Agreement

Two possibilities, one hopeful and the other discouraging, confront the United Nations in its disposal of the Palestine problem. Palestine is not the most critical issue before the UN, but the challenge, which it presents, transcends the fate of that tiny, strife-torn land 6,000 miles from Lake Success.

Palestine is only one of many crises that the UN has had to deal with. "But it is one of the few which have carried some hope of agreement between the United States and Soviet governments. There is no certainty of agreement now, but there is a possibility. The eventual UN decision must rest upon a Soviet-American accord.

No clash of ideologies appears in this case. Neither nation has commercial or strategic interests which threaten to bar agreement. Moreover, both Washington and Moscow seem to favor the majority report of the UN committee on Palestine, recommending partition.

The official American attitude has consistently been favorable to a national Jewish homeland in Palestine, though the record is one of cautious generalities. The most recent statement on the subject by the Soviets, who long were opposed to Zionism, was that they would favor partition if no more satisfactory solution could be found.

At least the germ of agreement is present. It may be assumed that Britain will offer no serious objections to a majority decision when the showdown comes. Her decision to give up the mandate of the defunct League of Nations indicates she is willing to toss this hot potato to almost anybody on almost any terms.

The spectacle of this country and Russia getting together on the solution of this urgent, tragic problem would be heartening. Even a single instance of agreement could scarcely fail to give the UN a shot in the arm.

But even if the United States and Russia do agree, what then? It is certain that any final decision will arouse opposition. There are radical and moderate Zionists, and anti-Zionists among the Jews. And then there are the Arabs.

How much trouble remains to be seen. The Arabs have threatened to drench the soil of their country with the last drop of their blood to prevent partition. They have made such threats before. Some persons, particularly Zionists, have called them a bluff. They point out that the Arabs have inferior arms, are incapable of fighting a modern war.

But the point of the UN's existence is to settle disputes without bloodshed. It is not enough to shrug off Arab threats by saying that the Arabs aren't strong enough to start a major war. It is the UN's job to decide these issues without any loss of life, without any war, little or big.

Yet the UN today is incapable of enforcing a decision. One of its many disputes has left the young organization, after two years, without a "police force" strong enough to prevent any violence such as is threatened in Palestine.

Surely, it behooves the UN members to give some action, as well as thought, to an international force, even if only a temporary and emergency one, to carry out the verdict of the world organization in this matter.

Telling them something they want to hear is the easiest way to make people believe you.

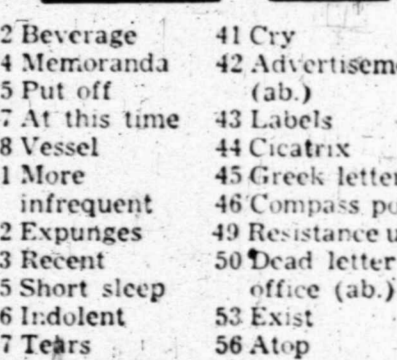

Don't flare up if you want to shine with your friends.

Beta Sigma Phi Meet Features Program On South America

Wilma Ruth Holman, 206 South I Street, entertained the Xi Theta Chapter of Beta Sigma Phi Thursday night at a meeting featuring a program on South American countries.

Lorraine Dimney presented a discussion of Argentina and Brazil, and Malou Doran discussed life in Chile and described the country.

It was announced that Dorothy Sain, a guest, is moving her membership to the Midland chapter from Big Spring.

Members present were Janie McKinney, Maudele Roberts, Lorraine Dimney, Margaret Gollwitzer, Ruth Waldrep, Juanita Sherrod, Lucille Johnson, Malou Doran, Margarine Fine, Ruth Smith, Eula Lee Cooper, Laverne Hallman, Caroline Oates, Willette Parr, Paula Grubb and the hostess.

Hurricane 'Busters' Eye New Disturbance

MIAMI—A tropical disturbance was centered about 600 miles from Miami in the northwestern Caribbean Sea Friday, and the weather bureau was keeping a careful watch for developments.

Grady Norton, chief federal storm forecaster, said that a hurricane hunting plane was scheduled to take off from Jamaica to probe the storm.

He placed the storm, 100 miles northeast of Swan Island, breeding ground for hurricanes during October, and said it was traveling slowly, 10 to 12 miles an hour.

Hurricane busting planes poised at Schenectady, N. Y., were kept informed of the progress of the disturbance for their evaluation.

The Navy announced Thursday they were now ready to take off on a moment's notice to drop dry ice and other chemicals into the next hurricane that developed in an attempt to dissipate it.

MIDLANDERS ATTEND OES MEETINGS IN ODESSA, STANTON

Midlanders attending the Stanton OES "Friendship Night" Thursday in the Stanton Methodist Church were Mrs. J. O. Hyde, Mrs. T. H. Bowman, Mrs. Fred Wyoff, Mrs. Dewey Pope, Mrs. Frank Goode, Mrs. L. C. Stephenson, Mrs. Allan Hargrove, Mrs. John Ficke, Mrs. Bernard Collins, Mrs. J. B. McCoy, Mrs. L. E. Baldrige.

The Odessa OES entertained with a "friendship" program, following the stated meeting Monday night. Members of the Midland OES Chapter attending were Mrs. Wyoff, Mrs. G. G. Hazel, Mrs. Wright, Mrs. Pope, Mrs. Hyde, Mrs. J. B. McCoy, Mrs. Ficke, Mrs. Bowman, Mrs. Mahlon Alcorn, Charlene Taylor and Mrs. Clyde Hamblen.

McCamey News

MCCAMEY—Mr. and Mrs. A. W. Harvin are the parents of twin girls, born last Monday.

Deward Cook has returned to work after several days layoff. He underwent a tonsillectomy at the Cooper Hospital.

Mr. and Mrs. H. H. Qualls and daughter and son-in-law, Mr. and Mrs. Guy Burton, Jr., of Columbia, Mo., have returned home from an extended visit to points in San Angelo, Cisco and Oklahoma City. In Cisco they visited Mr. Qualls' parents and brothers and sisters and Mrs. Qualls' mother, Mrs. Y. D. Yarbrough. In Oklahoma City they visited Mrs. Qualls' sister, Mrs. Boots Surles.

Mr. and Mrs. G. F. Martin of Comyn near De Leon, are guests of Mr. and Mrs. H. H. Qualls.

McCamey employees of the Rio Peco station with their wives and families staged a barbecue supper last Saturday night. Fifty persons attended.

Mr. and Mrs. Jack George visited in Toyah last weekend with Mr. and Mrs. Marshall Nevill.

Population Rise May Cause Permanent World Food Shortage

WASHINGTON—(AP)—The Population Reference Bureau says if Europe's population keeps on rising its food shortage may become a permanent world problem.

The bureau, an organization of U. S. university professors, estimates 32 European nations gained 11,000,000 in population during the war, despite heavy casualties, and will gain another 22,000,000 in the next ten years. The figures do not include Russia.

Even before the war Europe had an average of only 1.1 acres of crop land to feed each person, explained Guy Irving Burch, director of the bureau.

2.5 Acres Feeds One
"Nutrition and land experts generally agree it takes about two and one-half acres, on the average, to feed a person adequately," Burch said in an interview.

"In America we have about three acres a person for the production of food and clothing materials.

"If Europe keeps having an increasing number of babies, without heavy emigration, it means we, or other nations, will have to contribute an increasing amount of food to Europe, from our own diminishing reserves. And many European countries still are encouraging a high birth rate.

"This can't go on forever because high officials of the Agriculture Department say America is depleting the fertility of its croplands to raise gigantic crops for relief."

Midland Girls Pledge Sororities At Tech

LUBBOCK—Four young women from Midland have pledged social clubs at Texas Technological College, the dean of women announced.

They are: Elizabeth Castleman, daughter of Mr. and Mrs. A. L. Castleman, who pledged Kappa Kappa Gamma; Kathryn Kendrick, daughter of Mr. and Mrs. J. L. Kendrick, who pledged Delta Delta Delta; Evangeline Theis, daughter of Mr. and Mrs. Anton Theis, who pledged Lambda Chi Alpha; and Peggy Davis, daughter of Mr. and Mrs. H. E. Davis, Sr., who pledged Sigma Sigma.

MINISTER PROTESTS BEER RATION FOR JURY

CORPUS CHRISTI—(AP)—The Rev. L. L. Roloff, pastor of the Park Avenue Baptist Church here, appeared before Judge Cullen W. Briggs in 117th District Court here Thursday to protest drinking of beer by jurors in a murder trial now in progress.

Judge Briggs announced two days ago that jurors could drink beer with their evening meal, and set the maximum at two bottles.

COLLISION REPORTED

Police reported a collision on West Texas Street Thursday between machines driven by James W. Baze and Sam L. Farham. No injuries were reported.

The United States uses about half the timber harvested in the world.

Truman 'Overlooked One', Says Woman

DUBOIS, PA.—(AP)—Mrs. Leola Salada, president of the Clearfield County Women's Christian Temperance Union—noting President Truman's plan for meatless Tuesdays and poultry and eggless Thursdays—has an additional idea.

In a telegram sent to the President Thursday Mrs. Salada said: "Here's one you overlooked to save grain—whiskyless Wednesdays."

SWIMMING BAN LIFTED AS WATER SUPPLY GROWS

BASEL, SWITZERLAND—(AP)—A ban on bathing has been lifted here because recent rains replenished city water supplies.

About 5,000,000 trees are used each year in the United States for fire service poles, enough to build a line 100,000 miles long.

To Preach Sunday

The Rev. A. L. Teaf, above, will appear at both services Sunday for the first time as pastor of the Calvary Baptist Church. It was announced Friday.

NATIONAL LETTER-WRITING WEEK BEGINS SUNDAY

The period October 12 through October 18 has been proclaimed National Letter-Writing Week by the United States Post Office Department. Intended to promote increased correspondence and resulting mutual understanding between letter writers, the week will be advertised by posters in the Midland Post Office beginning Sunday.

AND AMMUNITION, TOO

A car reported stolen in Odessa Thursday contained a high-powered rifle, a .22 caliber rifle and several boxes of shotgun shells, Midland police were told.

About 567 tons of water are required to produce a ton of dry clover.

Community Chest Drive Scheduled

A Community Chest drive will begin in Midland November 17, it was announced following a meeting of the board of directors of the chest Thursday night.

Requests of the Boy Scouts for \$9,383.76, Girl Scouts \$4,500, and Salvation Army \$1,500 were approved for the budget at the Thursday meeting.

Other agencies can be included in the budget, Chairman Robert I. Dickey said. The Community Chest should be contacted by organizations desiring inclusion on the list of grants, he added.

The average human being takes into his body about 250 gallons of water every year.

Two-year-old Peter Edgar sneaked into a four-year-old swimming and diving class in Houston, was diving for stones in five feet of water before the instructor discovered his age, or lack of it.

Texas-New Mexico Highway Agreement To End October 31

AUSTIN—(AP)—New Mexico's imposition of a road mileage tax on commercial motor vehicles from Texas has caused Texas to ask termination of a six-year reciprocity agreement on October 31, State Highway Engineer D. C. Greer said Friday.

The agreement has proved "very unsatisfactory to Texas truck operators, Greer said. He noted that Texas allows New Mexico vehicles to use Texas highways without registering in this state and without imposition of any other fees or taxes.

Cancellation of the agreement will force New Mexico commercial vehicles to register upon entering this state.

ECTOR COUNTY HEARING SET FOR NOVEMBER 5

AUSTIN—(AP)—The Railroad Commission has set a hearing for November 5 on the following application:

Ector County—application of the Phillips Petroleum Company for a discovery allowable and new field designation, and maximum efficiency rate for the reservoir from which its McEntire well No. 1 is producing.

McCamey News

McCAMEY—Guests in the home of Mrs. Uhlans Gilliland for the last few weeks were her daughter and son-in-law, Mr. and Mrs. William Kwasiak of Poughkeepsie, N. Y.; her daughter-in-law, Mrs. Margaret Gilliland and her daughter, Mrs. George Miller and daughter, Becky, of Odessa.

Mr. and Mrs. Homer Mathews had as their guest Sunday their daughter, and son-in-law, Mr. and Mrs. Willis Pfister of Fort Stockton.

Mr. and Mrs. B. G. Ledgerwood moved back to Artesia, N. M., last week.

J. W. McLean made a business trip to Midland Tuesday.

Grandma Carlisle visited her son, Johnny, in Gustine, Texas, last week.

Mrs. Harvey Eckols and son, Champion, visited friends, near Kermit Monday.

Alec Cgle returned home from the hospital Monday and is still confined to his room.

Lee Alexander and family moved Tuesday to Pecos.

Mr. and Mrs. J. W. Spain have returned from a two weeks vacation trip to Abilene and Odessa.

Billie Gene Wilson, son of Mr. and Mrs. G. W. Wilson, fractured his left elbow Tuesday when he fell from the top of a car.

Pete H. Allen, 20, of McCamey, suffered serious injuries in an oil field accident near Crane late Monday.

It is estimated that at the time of the American Revolution only about 20 per cent of the inhabitants of the colonies in revolt against England were literate.

McKenney on Bridge

By WILLIAM E. MCKENNEY America's Card Authority

I think the most spectacular player that we will meet on the Pacific coast at the Regional Tournament to be held at Coronado Beach early in November, will be Lou Mathe of Los Angeles. Lou was a flyer in the last war and made many successful missions over German territory.

I like today's hand, which he played, for two reasons. First, it is a good example of not hide-binding yourself to a slam convention. If Lou had bid four no-trump and found out he was off three aces, I am sure he would never have reached the slam contract. How-

Hand analysis table with columns for Mathe, None, K, Q, J, A, and Dealer. Includes a small bridge diagram.

McCamey News

ever, having reached the slam his job was not over. It took very careful timing to make the contract.

West won the first trick with the ace of clubs, upon which the king was played from dummy, and now shifted to the deuce of trump which Lou won with the seven of hearts. East played the nine of spades. Mathe correctly figured West must have the ace of diamonds to justify the double, so at this point he led a small diamond and ruffed in dummy with the jack of hearts, came back to his own hand by leading the six of hearts which he took in his hand.

The six of diamonds was trumped with the queen of hearts. Lou then led a club, winning in his own hand with the ten-spot, and led the nine of diamonds, trumping in dummy with the ace. Now he came back to his hand with the jack of clubs, picked up the trump and claimed the balance of the tricks.

You Can Blame Your Weatherman For Worms In Your Apples

BUFFALO, N. Y.—Did you ever think of blaming the weatherman when you bit into a worm while eating an apple? You might, with some justification, if that apple came from Western New York, where 15,390,000 bushels were grown last year.

Trees Like Babies—The growers feed them vitamins, hormones and enzymes. Trees mustn't die wet feet—like a baby, they'll die if they do. If the land is like that, they must have tile drains in the ground.

Fire Prevention Is Theme Of JayCees

The Midland Junior Chamber of Commerce, sponsor of Fire Prevention Week observances here this week, was told it had done a good job by Hugh V. Keepers of Dallas, who spoke at the meeting of the organization Friday in the Scharbauer Hotel.

Motorcycles Are Built For Russian Amputees

MOSCOW.—War veterans crippled by the loss of legs are having special motorcycles built for them at a Kiev factory. According to the "Ukrainian Pravda," a Kiev newspaper, a veteran who has even lost both legs and one arm can operate one of the vehicles.

Wife Of Odessan Injured In Blast

FORT WORTH.—Mrs. Mildred Hightower Gray, 34, of Dallas, was burned critically in mid-morning Friday when accumulated gas exploded as she lit a cigarette in her tourist court cabin.

Reconciliation Of Film Couple Announced

HOLLYWOOD.—The reconciliation of film actor Mark Stevens and his wife was complete Friday when she dropped a separate maintenance suit that she filed last July.

Big Spring Man Is Stabbed 20 Times

BIG SPRING.—Preston Lovelace was found beaten and stabbed 20 times two miles north of here on the Gail Road, and officers were questioning two Latin-Americans they took into custody in connection with the incident.
