## Flying Boat Forced Down At Sea

### Persons Aboard Unhurt

LONDON—(AP)—A Boeing flying boat on a chartered flight from England to the United States made a forced landing at sea with 69 persons aboard early Tuesday.

The craft, which apparently encountered strong headwinds, exhausted its fuel supply and came down alongside an international weather ship.

The British Press Association and a source in the control tower at Shannon, Eire, Airport, said they had information that all the passengers were transferred safely to the weather ship.

In New York, however, the Coast Guard said winds of gale force and swells 25 to 35 feet high were preventing the transfer of the passengers and crew by life boat to the weather ship. The Coast Guard said it was advised the sea was too heavy to permit an air rescue attempt.

Most aboard are Britons, but the pilot is an American. He is Capt. Charles M. Martin, 33, a former naval flier. A spokesman at the Prestwick, Scotland, control tower, said none was injured and quoted a message saying the big plane was undamaged.

Another weather ship has been ordered by the Coast Guard to change course and join the one alongside the flying boat. Officials said it should arrive in about 30 hours.

The British Press Association quoted the manager of Prestwick as saying the passengers and crew of the stricken craft were transferred safely and the Shannon source also said the transfer had been completed. Both airports were receiving information from planes circling the spot, spokesmen said.

The flying boat's flight started from Poole, England. It stopped over at Shannon and was to have made stops at Gander, Newfoundland, and New York before arriving at Baltimore Tuesday afternoon.

The weather ship, the Coast Guard cutter Bibb, reported to headquarters in New York: "Sky-masters Hover Over"

"Afloat in winds of gale force, rough, choppy sea. Small boat unsafe to come alongside of plane. Hull is light. Passengers all on board. Plane riding well. Standing by."

Two sky-master planes were reported flying over the scene, which is about 1,400 miles west of Eire.

In London, Bernard News Service, which covers airports for British newspapers, said the passengers included seven "officials" of the United Nations, 25 employees of Shell Mex Oil Company, three members of an international organization concerned with refugees and nine employees of the Anglo-Iranian Oil Company.

### U. S. Urges Action On Palestine Split

LAKE SUCCESS—(AP)—The United States took the lead Tuesday in urging the United Nations Assembly's Palestine Committee to begin work immediately on drafting a specific plan for future government of the Holy Land.

First, the United States joined Sweden in a resolution calling upon the 37-nation committee to base its plan on the proposed partitioning of Palestine into separate Arab and Jewish territories.

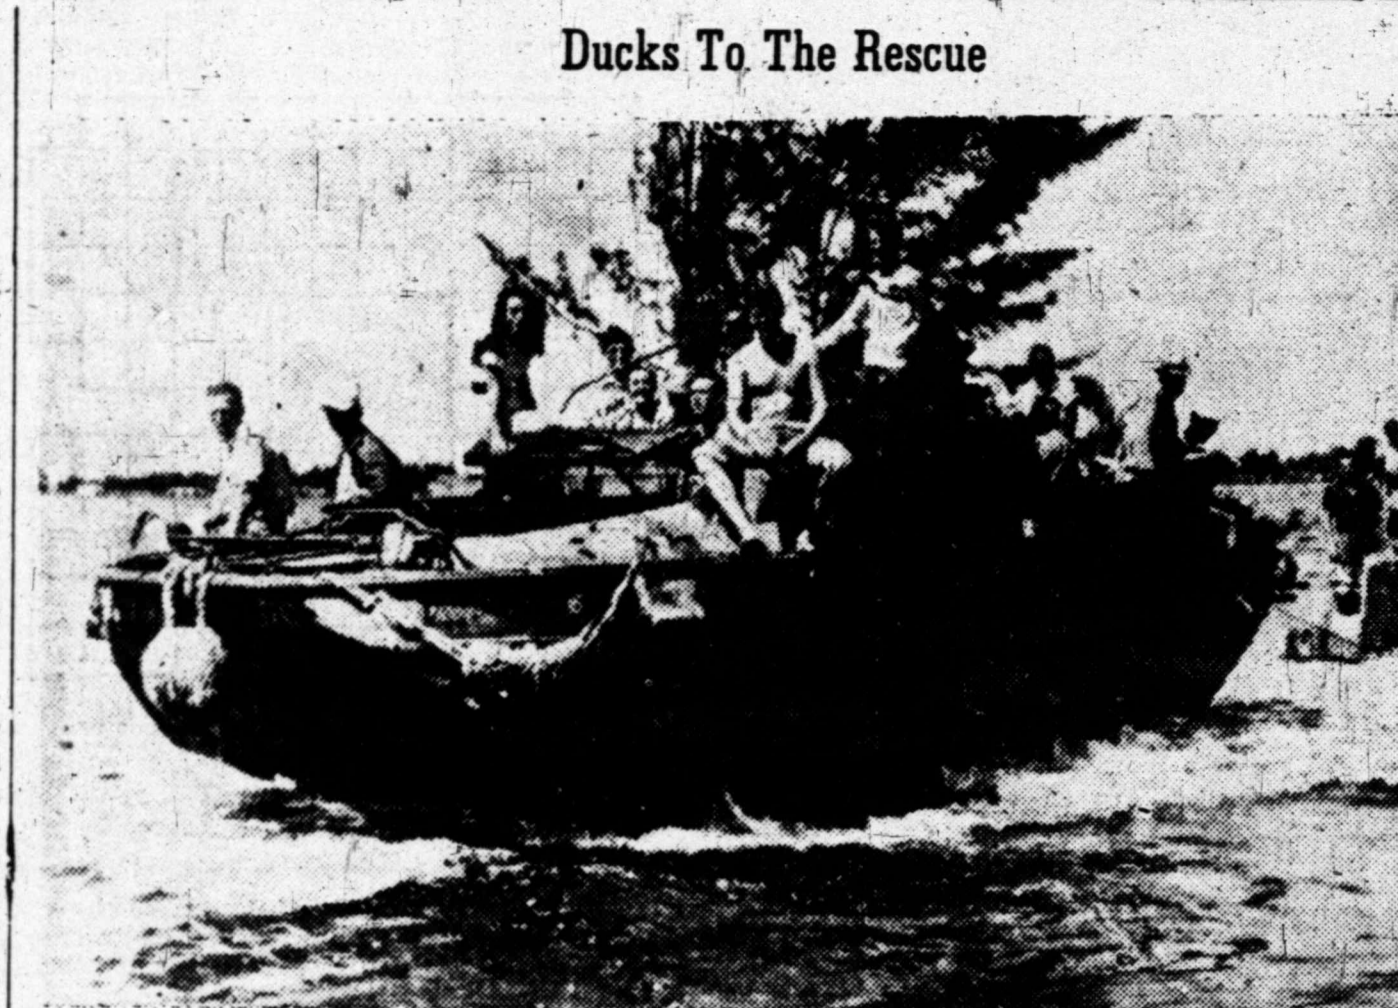

As a supplement to this, the United States submitted another resolution calling upon the committee to create a subcommittee to work out details of a plan for the future government of Palestine and report back to the 37-nation group November 3.

The Joint Swedish-American and American resolutions were submitted to Secretary General Trygve Lie Monday night for distribution to the other members of the Palestine Committee, which was scheduled to meet Tuesday afternoon.

### RAILWAY EXPRESS STRIKE IS ENDED

NEW YORK—(AP)—About 4,000 AFL teamsters returned to their jobs Tuesday, ending a crippling 26-day strike against the Railway Express Agency which had tied up the company's air and rail shipments throughout the metropolitan area.

After agreeing to submit their differences to an emergency mediation board to be named by President Truman, the striking employees went back to work.

Ducks, used to great advantage during landing operations during the war, are now being used in Miami, Fla., to rescue persons stranded in their flooded homes after a hurricane and tornado left most of the city under water.

### Heap Big Marshal

Jasper Saunkeah, 58, is a U. S. marshal at Oklahoma City, Okla., but he is also chief of the Kiowa Indian tribe. He is pictured here in full ceremonial dress at Medicine Lodge, Kan., to celebrate the signing of the Medicine Lodge peace treaty in 1867 between five tribes and the U. S. government.

### Taft-Stassen Team May Hinder Dewey

WASHINGTON—(AP)—Expressions of mutual respect between Senator Taft (R-Ohio) and former Governor Stassen of Minnesota hinted Tuesday that in a pinch they might consolidate their strength at the 1948 Republican convention.

Despite vigorous denials from both camps that there is any working agreement, a new air of Taft-Stassen friendliness has developed recently which may have a direct bearing on the campaigning for the GOP presidential nomination.

At a news conference here Tuesday Stassen was expected to be ready with another disclaimer of any deal with Taft. The Ohio senator has said flatly there is "nothing to" reports that he and Stassen are "learning up."

But the fact remains that the two had kind words to say about each other in a recent appearance on the same platform in Des Moines.

Taft and Stassen backers appear anxious to remain on good terms with each other for two very good reasons:

Each camp frankly thinks the other's principal has no chance to win the presidential nomination and hopes to gather in the major share of his delegates when he falls by the wayside.

Each camp concedes privately it needs the other's help to halt the expected drive of Governor Dewey of New York to obtain the nomination again.

Stassen has said he would not be interested in running with Dewey. Taft has kept publicly silent about the New Yorker, but he has told associates he appreciated Stassen's action in endorsing the Taft-Hartley Labor Bill just before Congress enacted it over President Truman's veto.

The Ohio senator has noted to friends that Dewey said nothing at the time.

The unspoken Taft-Stassen accord which thus has grown up may result in some careful maneuvering to keep out of each other's way politically until the chips are down at the Philadelphia convention.

### McHargue and Allison Reelected Directors For Midland In WTCC

Paul McHargue and James N. Allison were reelected Midland's directors of the West Texas Chamber of Commerce at the meeting of the Midland Chamber of Commerce Monday night in the Scharbauer Hotel. M. C. Ulmer, twice president of the West Texas organization, is a member of the directorate for life, giving Midland three members on the board.

The six planks in the West Texas Chamber of Commerce referendum for 1948 were approved by directors of the Midland Chamber. The six policy planks which, if adopted finally at the annual WTCC referendum convention in Abilene November 11, will be the nucleus of the organization's program of work for next year, include:

(1) on improving rural economy and life; (2) on freight rate parity; (3) authorizing (a) continuation of the West Texas industrialization campaign being carried on cooperatively by WTCC and the railroads, and (b) joint financial assistance to the joint committees now at work "providing the results of such aid be made available to all affiliates"; (4) directing the chamber to continue its efforts to obtain hospitalization and surgical benefits for all full-time chamber of commerce workers in West Texas as through a group insurance policy paid for by participating chambers; (5) proposing creation of a Latin-American Relations Commission composed of West Texans to work for improved relations with Mexico; (6) inviting member towns to come forward with suggestions to additional regional activities to be pursued, not duplicating any part of the WTCC's longstanding and current work program.

Miller and Allison explained the referendum planks.

Regan would enlarge three post offices.

WASHINGTON—(AP)—Rep. Ken Regan (D-Texas) urged the Post Office Department Tuesday to enlarge the post offices at Odessa, Monahans and Kermit, Texas.

The congressman contended the number of people served by the three post offices has increased greatly in recent years and the buildings are now inadequate.

For example, he said Odessa has grown from 10,000 at the time the present post office was built to a present population of 35,000 residents. Businessmen, he said, frequently are forced to form lines nearly a block long to transact business matters at the post office.

### Spears Is Released On Bond

Armo Spears, charged with murder in connection with the fatal shooting last Sunday night of Robert L. Wallace, 30, was released Monday night on \$5,000 bond for appearance before the grand jury, which was recalled by District Judge Cecil C. Collins to meet at 10 a. m. Wednesday.

Grand jurors are G. Frank Aldrich, L. L. Bevil, Floyd O. Boles, P. F. Bridgewater, J. P. Carson, John Casselman, W. E. Chapman, W. N. Cole, Russell C. Conkling, John N. Cornwall, Frank Cowden, and I. E. Dafield.

Wallace died Sunday night after a bullet crashed through the screen door of the home of Mrs. Lorene Spears, 105 South Carrizo Street, and struck him in the right eye. He was employed as a cook at the Ranch House. Mrs. Spears and her husband, Armo, were divorced about a month and a half ago.

Wallace came to Midland in October, 1945, after being discharged from the Armed Forces. Survivors include his parents, Mr. and Mrs. J. H. Wallace of Midland; a sister, Mrs. Margaret Wright of Midland; and the maternal grandmother, Mrs. J. W. Langreth of Pine Bluff, Ark. Funeral services were scheduled at 3 p. m. Tuesday in the Ellis Funeral Home Chapel, with Rev. Raymond Hall of the First Baptist Church officiating. The body will be forwarded to Houston for final rites and interment.

### Murder Charge Filed In Death Of Odessa Man

LAMAR, COLO.—(AP)—District Attorney Gordon Allcott said charges will be filed against a Keyes, Okla., man who gave himself up a few hours after two brothers were found shot fatally near Springfield, Colo.

Allcott identified the man as Thurman Glover of Keyes. He said Glover gave himself up at Texas home, Okla., Friday, and had been moved quietly to the Lamar jail.

Earl Wilson, 40, was killed instantly by four bullets in the body. His brother, Lucian C. Wilson, 38, of Odessa, Texas, died in a hospital Sunday night of a bullet wound in the brain.

Earl and another brother operated a restaurant in Pritchett, Colo., and Lucian was visiting them. The men were found slumped in the front seat of their automobile.

### Chamber Of Commerce Recommends Creation Of Planning Board Here

Directors of the Midland Chamber of Commerce, at their meeting Monday night in the Scharbauer Hotel, approved a recommendation of their Civic Affairs Committee that the Chamber of Commerce ask the City Council that it give consideration to a proposal to create a planning board and to employ a firm of planning engineers to make a master plan for the City of Midland.

The recommendation was submitted by Tom Sealy, Civic Affairs Committee chairman, and was explained also by Fred T. Hogan, a former mayor, who outlined the benefits to be derived from such a program. Sealy was authorized to submit the recommendation to the council, assuring cooperation of the Chamber of Commerce in the program. Sealy is a former city councilman. Hogan suggested that Midland County join with the city in the proposed plan.

Hogan, a member of the Aeronautics Committee, outlined the proposed program for the dedication of Midland Air Terminal November 1. Stanley Erskine, a member of the City Council, said work on the new terminal building at the airport is progressing on schedule. Directors were invited to attend the Jaycee luncheon Friday noon

when Harper Sibley of Sibley, Ill., a former president of the United States Chamber of Commerce, will speak.

James Mims, general chairman of the Jaycee sponsored Fire Prevention Week observance here, reported on fire prevention activities and the accomplishments of the campaign. President John P. Butler expressed appreciation to the Jaycees for their sponsorship of the program.

R. L. Miller, chairman of the Livestock-Agriculture Committee, reported on the recent Midland County Fair, which he termed "highly successful." He said a total of \$643.59 was raised for financing the event, and expressed appreciation to individuals, firms and organizations who had a part in staging the fair. He also cited the need for a permanent and adequate fair building here.

Plan Christmas Lights  
Miller also said the Texas Electric Service Company this year will install and take down the Christmas street lights at no charge.

### Spears Is Released On Bond

The congressman contended the number of people served by the three post offices has increased greatly in recent years and the buildings are now inadequate.

For example, he said Odessa has grown from 10,000 at the time the present post office was built to a present population of 35,000 residents. Businessmen, he said, frequently are forced to form lines nearly a block long to transact business matters at the post office.

### Bakers 'Next' Cook Convicted Of As Distillers Aggravated Assault Call Recess

WASHINGTON—(AP)—Chairman Charles Luckman of the Citizens Food Committee planned to pledge the nation's bakery industry Tuesday to wheat savings of 3,500,000 bushels a month for hungry Europe.

Meanwhile he called the 25 committee members together to report the closing of two other deals which he considers of major importance in the drive to conserve 100,000,000 bushels of grain this winter. They were:

1. A 60-day shutdown by whisky distillers starting at midnight October 25, agreed to by virtually the entire industry.

2. A pledge of "complete support" from the restaurant industry's National Advisory Committee, including cooperation in the spottily-observed meatless Tuesdays and eggless and poultry-less Thursdays. The industry added a 17-point savings plan of its own.

Both agreements were reached Monday night, on the eve of the country's second "meatless Tuesday."

To Eliminate Pick-Ups  
Tuesday a committee spokesman said baking company representatives would seek final terms with Luckman on their curtailment plan.

Luckman told reporters the baking industry is definitely committed to halt the practice of conignment selling—that is, sending stores more bread than they normally dispose of and then picking up the stale left-over loaves next day.

Many persons have suggested that bakeries offer a half-size loaf at a correspondingly lower price, a committee official disclosed. It has been urged that such a loaf, short-crust but not reduced in size of slice, would be welcomed by single persons or couples who find that the ordinary loaf dries out or moulds before it is used up.

Romanian Thieves Do 'Painless' Job  
BUCHAREST, ROMANIA—(AP)—A band of thieves put all the passengers in a railway carriage to sleep by using gas Monday night and robbed the night train from Bucharest to Iasi, the newspaper Natiunea said Tuesday.

When the passengers woke up Tuesday morning at Iasi station they found all their luggage gone.

Civil Suit Goes To Trial Here Wednesday  
Styled "A&M Packing Company versus Henry S. Brooks," a civil trial by jury was set for Wednesday at 10 a. m. by District Judge Cecil C. Collins, the district clerk's office announced Tuesday.

Members of the petit jury panel for the current week were instructed to report to the court Wednesday morning.

A non-jury civil case, a habeas corpus suit brought by an Arizona woman to recover custody of two children, will be heard by Judge Collins Friday.

WEATHER  
Becoming partly cloudy Tuesday night and Wednesday with a few showers from the Pecos Valley West and in the Panhandle. Not much change in temperature. Maximum temperature Monday was 82 degrees, minimum 65 degrees. Minimum temperature Tuesday was 64 degrees.

### Heap Big Marshal

Jasper Saunkeah, 58, is a U. S. marshal at Oklahoma City, Okla., but he is also chief of the Kiowa Indian tribe. He is pictured here in full ceremonial dress at Medicine Lodge, Kan., to celebrate the signing of the Medicine Lodge peace treaty in 1867 between five tribes and the U. S. government.

**Christmas Seal Sale Plans Discussed By Midland TB Group**

Plans for the staging of the annual Christmas seal sale here were discussed by John J. Redfern, Jr., campaign chairman, at a meeting of directors of the Midland County Tuberculosis Association in the courthouse Monday night. Dr. Homer B. Johnson, association president, presided.

Redfern said more funds must be raised in the campaign this year if the association is to continue its present program. He suggested personal solicitations in addition to the usual mail campaign as a means of increasing sales.

Doctor Johnson called a special meeting October 27 to complete plans for the drive.  
Mrs. Lennie H. Davidson, executive secretary, reported educational programs will be conducted in Midland High School and in the Latin-American and Carver Schools next week.

**Dancer Testifies In Havana Murder Trial**

**HAVANA** — (AP) — Patricia Schmidt told the Audencia Court Tuesday, "I hardly know how or when" she fired the shot which killed her yachtman lover, John Lester Mee of Chicago.

The Toledo, Ohio, dancer is on trial for murder last April aboard the yacht Satira in Havana Harbor. As in the first court session last Wednesday, the stone-eyed dancer called her sweetheart "Jack."

Responding to questions of Jose Manuel Puentes Carrtero, public prosecutor, Patricia, clad in black, testified:  
"Jack said he was going to kill me. I could not believe the words I heard. I saw him reach for a sword."  
"Like a flash in my mind, I remembered the gun in the drawer beside him. I grabbed the gun and told him, 'Jack look out, I've got a gun.'"  
"The shot was fired, I hardly know how or when."

Patricia posed to indicate the positions she and Mee occupied when the shot was fired. Under close questioning, she stated Mee was turning to the right to get the sword which she had used in exotic, oriental dances.

**INTRIGUE HINTED IN LATEST PARIS STRIKE**

**PARIS** — (AP) — Premier Paul Ramadier hinted at political intrigue Tuesday as a strike of 3,600 subway and bus operators, called by the Communist-dominated General Confederation of Labor in a demand for higher wages, threatened to paralyze Paris.

**U. S. Planes Asked To Hunt For 'The Object'**

**EL PASO** — (AP) — Mexican mounted troops Tuesday were to ride into the sandhills and mountains near Caseta, Mexico, seeking a mysterious flaming object which residents claimed soared over the town Sunday to explode in billows of smoke ten miles away.

Brig. Gen. Enrique Diaz Gonzales, commandant of the Juarez garrison, Monday night sent a request to Maj. Gen. John L. Homer, commanding general of Fort Bliss at El Paso, that U. S. military reconnaissance planes assist in the search for "the object."

The Mexican general suggested that the planes drop flares and otherwise guide the horse troops to any crater sighted.

**Four Persons See 'It'**

Caseta is just across the Mexican border from Fabens, Texas. The object was estimated to have landed about 15 miles southeast of El Paso.

At least four persons—three from Caseta and one from Colonia Reforma, about five miles from the border—reported they saw the flaming object.

**Large Crowd Attends Russ Morgan Dance**

A large crowd enjoyed the VFW-sponsored dance to Russ Morgan's music held Monday evening at the recreation hall of Midland Air Terminal.

**SAN ANGELO SOLDIER KILLED IN JAPAN**

**TOKYO** — (AP) — Pvt. George E. Lasater of San Angelo, Texas, was killed when the crane he was driving struck a high tension power line last Saturday. First Cavalry Division headquarters announced here Tuesday.

The "royal purple" of ancient Rome was extracted from shellfish and one hill in Lebanon is composed of shells discarded in the ancient manufacturing operations.

**We're disappointed, too...**

Most of us have been on various waiting lists for one thing or another longer than we like to remember.

Railroads are no exception.

The Texas and Pacific has been on a waiting list since May, 1945, when orders were placed for the new lightweight passenger trains.

These fine, new trains... the TEXAS EAGLE and the LOUISIANA EAGLE... were scheduled to be put in service in 1946. Here it is October, 1947, and we do not have a single chair car, diner, lounge or sleeping car!

To say that we're disappointed is putting it mildly. We had every reason to believe that long before now these modern EAGLE trains would be in service. You're probably disappointed, too, as you have a right to be, for we've told you a number of times that we expected to place these trains in service many months ago.

The equipment manufacturers are keenly disappointed, too. Their promises were made in good faith, but shortages of materials, work stoppages and other conditions have retarded production schedules. Time and again they've had to revise their delivery dates.

But now the manufacturers are confident they're over the production hump, and they say it won't be long before some of the cars will begin to roll. We now have their assurances that deliveries will start in November 1947, and be completed in April, 1948... and the new cars will be placed in service as fast as they arrive.

To refresh your memory, there are 48 cars on order—sleepers, lounge and club cars, diners, chair cars and the usual complement of express, baggage and mail equipment.

We're extremely sorry that you've had to wait for these fine, new trains, but when you see and ride them, you'll agree they were worth waiting for.

Dick Looby will discuss "American Memoir" by Henry Seidel Candy at 4:30 p. m. Wednesday over Station KCRS.

**WANT FAST HELP from GETTING UP NIGHTS?**

Here's good news for you folks who have to get up at night to pass water, have backache, too, because of minor functional kidney disorders.  
Three generations ago, a famous doctor developed a medicine for this very trouble. Now millions have used it, often with amazingly fast, effective results. The medicine is Dr. Kline's Swamp-Root, made of 16 herbs, roots, vegetables, and balsams — truly nature's own way to relief. Instantly you take it, it starts to work flushing out kidneys... increases the flow of urine, helping to relieve excess acidity... so irritated bladder gets a good flushing out, too. Caution: Take as directed. You'll say it's marvelous.  
For free trial supply, write Dept. D, Kline & Co., Inc., Box 1215, Stamford, Conn. Or — get full-sized bottle of Swamp-Root today at your druggist.

**Mrs. Hodge Opens UN Study Of WSCS Group**

The First Methodist Church's WSCS opened the first in a series of studies on the United Nations Monday afternoon in the Scharbauer Educational Building, featuring Mrs. J. Howard Hodge, guest speaker.  
Mrs. Hodge, who attended a meeting of the UN at Lake Success, N. Y., was introduced by Mrs. Earl Chapman, study leader, following the opening song, "The Church's One Foundation."  
Refreshments were served by Mrs. S. H. Hudkins from a crystal-appointed tea table, centered with an arrangement of white chrysanthemums. Other floral arrangements decorated the entertaining rooms.  
Guests from the Asbury Methodist Church attending were Mrs. J. A. Andrews, president, and Mrs. J. T. Moore, Mrs. Henry King, Mrs. O. M. Pullum, Mrs. Lennel Hester, Mrs. Preston Pirtle, Mrs. Theo Ferguson, Mrs. George Damron, Mrs. J. P. Carson, Jr., Mrs. Wayne Keener, Mrs. Clyde Gwyn and Mrs. E. H. Peyton.  
Other guests were Mrs. O. H. Bershell and Mrs. Edw. Gidson.  
Members of the First Methodist Church present were Mrs. W. B. Hunter, Mrs. C. H. Shepard, Mrs. J. B. Sanders, Mrs. Mollie McCormick, Mrs. Everett Klebold, Mrs. E. J. Voliva, Mrs. O. L. Crooks, Mrs. J. W. Thorne, Mrs. Mary Lou Snodgrass, Mrs. W. H. Black, Mrs. B. F. Haag, Mrs. John Ficke, Mrs. A. W. Stanley, Mrs. J. L. Barber, Mrs. M. L. Wyatt, Mrs. James C. Watson, Mrs. L. I. Baker, Mrs. Ben F. Black, Mrs. L. C. Stephenson, Mrs. Minnie Crumley, Mrs. W. F. Prothro, Mrs. Douglas Nix, Mrs. C. M. Chase, Mrs. R. L. Gray, Mrs. George P. Bradbury, Mrs. Oia Bole, Mrs. O. F. Hedrick, Mrs. Jack Goddard, Mrs. L. C. Rone, Mrs. C. S. Entler, Mrs. George Thompson, Mrs. Howard Hollowell, Mrs. D. C. Hoover, Mrs. J. M. Flanagan, Mrs. C. C. Watson, Mrs. W. E. Chapman, Mrs. F. H. Hudkins, Mrs. J. C. Smith, Mrs. Noel Oates, Mrs. Bill Wyche, Mrs. R. E. Throckmorton, Mrs. Stacy Allyn and Mrs. J. L. Tidwell.

**ST. CECILIA'S GUILD WILL ASSIST IN RUMMAGE SALE**  
The St. Cecilia's Guild of the Woman's Auxiliary of the Trinity Episcopal Church will assist in the St. Margaret's Guild Rummage Sale scheduled November 1. It was announced Monday at a meeting of St. Cecilia members in the home of Mrs. Cooper Hyde, 314 South L Street.  
Members are requested to bring rummage articles October 31.  
At the business session, announcement was made of the regional meeting of the Woman's Auxiliary and Laymen at 2 p. m. October 30 in Big Spring, with representatives from Colorado City, Odessa, Midland, and San Angelo participating. Those present will include two representatives from the national council, Mrs. Tabor, the national field secretary, and the Rev. Stanley Pulwood.  
The United Thank Offering will be taken at the 11 a. m. service, November 2, Mrs. D. C. Sivalls announced to the group.  
The program, which opened with the Auxiliary prayer and The Lord's Prayer, included the Gospel read by Mrs. Paul Kolm, and featured a review of the Book of Judges by the Rev. Robert J. Snell, rector.  
Refreshments were served to Mrs. Shriver, Mrs. D. C. Sivalls, Mrs. A. T. Barrett, Mrs. Duncan Aldridge, Mrs. Julian Muller, Mrs. W. Dave Henderson, Mrs. Peck, Mrs. Paul Kolm, Mrs. Hyde, Mrs. Payton Anderson, Mrs. W. T. Hoey, Mrs. Preston Lea, and Mrs. Harvey Herd.

**SON OF MIDLANDERS RECEIVES ARMY RECESS APPOINTMENT**  
Maj. Roy B. Skipper of Corpus Christi, son of Mr. and Mrs. H. E. Skipper, 605 South Weatherford, is among 5,900 men nominated recently by President Truman for recess appointments as commissioned officers in the Army.  
Major Skipper served 18 months overseas during World War II.  
The appointment is subject to confirmation by the Senate.

**COLLISION REPORTED**  
A collision was reported to police Monday between machines driven by William F. Ussery and C. L. Sears. No injuries were reported. The crash occurred near the negro section of the city.

**Circles Of Woman's Auxiliary Of Presbyterian Church Meet**

Circles of the Woman's Auxiliary of the First Presbyterian Church met Monday afternoon with various hostesses.  
Mrs. J. E. Dickinson, 206 Riddlea Drive, entertained Circle No. 1, with Mrs. Merrill Patton program leader. On the subject, "Have I Love That Works," Mrs. R. C. Crabb reported from the Survey article. Members present included Mrs. A. Knickerbocker, Mrs. Coe Mills, Mrs. Crabb, Mrs. D. N. McKee, Mrs. Patton, Mrs. C. E. Prichard, Mrs. W. P. Knight, Mrs. D. W. St. Clair, Mrs. C. A. McClinic, Mrs. Frank Wolcott, Mrs. Bill Collins and the hostess.  
Circle No. 2 met in the home of Mrs. J. M. Devereux, 1709 West Ohio Street. Mrs. John Drummond, co-chairman, conducted a short business meeting, with Mrs. Nelson Puetz, program leader, conducting the Bible lesson and Mrs. W. H. Gilmore giving the Survey article. The 14 members present were Mrs. Puetz, Mrs. Butler Hurley, Mrs. Drummond, Mrs. John Perkins, Mrs. Richard Peters, Mrs. R. N. Watson, Mrs. Gilmore, Mrs. John Mills, Mrs. J. M. Armstrong, Mrs. A. E. Lynch, Mrs. W. C. Fritz, Mrs. Frank Stubbeman, Mrs. William Hester and the hostess.  
Mrs. J. L. Greene, 706 West Louisiana Street, was hostess to Circle No. 3. Mrs. Roy Davis led the Bible study and Mrs. William Lit-

tle had charge of the Survey article. Those present were Mrs. H. F. Heath, chairman, Mrs. Arthur Stout, Mrs. Davis, Mrs. R. L. Miller, Mrs. Little, Mrs. W. T. Hays, Mrs. Hollis Roberts and the hostess.  
**Bible Mastery Month**  
Circle No. 4 met in the home of Mrs. H. M. Spangler, 1701 West Texas Avenue. Mrs. Spangler, chairman, opened the meeting with a prayer, followed by the announcement that October is "Bible Mastery Month" during which members are urged to read Matthew 26, 27, and 28 daily. The hostess announced the clothing drive for Europe, followed by the Bible lesson and Survey article by Mrs. John Hills. Members attending were Mrs. R. A. Dyan, Mrs. W. B. Standefer, Mrs. Harry Adams, Mrs. R. DeCichis, Mrs. M. B. Bell, Mrs. Sinclair, Mrs. N. B. Winter, Mrs. Andrew Fasken, Mrs. Hills, Mrs. William Osborn, and Mrs. Campbell mother of Mrs. Osborn.  
Mrs. E. C. Hitchcock entertained Circle No. 5 in her home, 704 North Pecos Street, with Mrs. Vern Cubit, chairman, opening the meeting with a prayer. The lesson was presented by Mrs. John Richards, and Mrs. L. A. Robey presented the Survey article, "Adventure In Colonizing." The following 14 members and one guest were present: Mrs. Cubit, Mrs. Richards, Mrs. D. M. Secor, Mrs. Keith Miller, Mrs. J. H. McClure, Mrs. Robey, Mrs. W. C. Murphy, Mrs. D. R. Dickson, Mrs. Z. C. Walton, Mrs. H. G. Parkinson, Mrs. T. R. Wilson, Mrs. Lee Thacker, Mrs. Paul Lathrop, Mrs. C. J. Thompson, a guest, and the hostess.

The Training Circle met in the home of Mrs. W. J. Hilsweck, 2194 West Kentucky Street, with the hostess giving the Bible lesson and Mrs. T. P. Tarwater presenting the Survey article. Those present included Mrs. A. P. Shirey, Mrs. T. M. Hills, Mrs. Ralph Crays, Mrs. Tarwater, Mrs. Murray Fasken, Mrs. Johnnie Crabb and the hostess.

**Congratulations To:**  
Mr. and Mrs. L. K. Mayfield on the birth Monday of a son, James Warren, weighing nine pounds, nine ounces.

**Sooner Students Still On Warpath**

NORMAN, OKLA. — (AP) — They take their football seriously at the University of Oklahoma. So it's not surprising that three days after the Sooners' 34-14 defeat by the University of Texas, the student body still is riled-up about officiating. Oklahoma claims gave Texas a touchdown. Sunday night a campus crowd here hanged Referee Jack Sisco in effigy and planned to burn the "body" — but someone kidnaped it. That didn't stop the Sooners. Monday night a new crowd of 3,000 produced a new body and burned it on a campus parking lot. As the flames rose from the dummy the crowd chanted "Jack Sisco's Body Lies a-Mouldering in the Crave." Then they tramped on the embers and went home. Advertise or be forgotten.

**Extra Wardens To Work Deer Season**

AUSTIN — (AP) — Breaking the game laws during this deer season is going to be hard if the Game, Fish and Oyster Commission's wishes are carried out. The commission Monday voted to double the number of special wardens hired during deer season — jumping it from last year's 15 to 30. Commissioner Frank Jones of Marfa was authorized to act for chafe of land for the Big Horn sheep project in far West Texas.

**REHEARING REFUSED**

WASHINGTON — (AP) — The Supreme Court has denied the State of Wyoming a rehearing on a June 2 decision which upheld Federal government claims to ownership of oil lands in Section 36 in Park County, Wyoming.

6—THE REPORTER-TELEGRAM, MIDLAND, TEXAS, OCT. 14, 1947

**Michigan Nation's Top College Grid Team; Notre Dame Second**

NEW YORK — (AP) — Michigan, voted the nation's number one college football team in The Associated Press weekly poll, probably will face the stiffest opposition of the top 10 Saturday when the high-scoring Wolverines clash with Northwestern in a Western Conference game. Although Michigan is expected to make it four straight wins, Northwestern is no pushover by any means. The Wildcats have won only one out of three, but that was a stunning 27-26 upset of the powerful UCLA eleven.

The Wolverines, who romped to a 69-0 victory over Pittsburgh last Saturday, received 93 first place votes, 29 seconds and a total of 1,238 points from 131 sports writers throughout the nation.

Notre Dame, which fell from the top to second place, is not expected to have much trouble with Nebraska next Saturday. The Fighting Irish apparently lost some prestige in their 22-7 victory over Purdue and received only 23 first place votes to place second with 1,103 points.

**Vanderbilt Cops Tenth**  
California, fourth top team, meets Washington State, Illinois, placed sixth after its scoreless draw with Army, meets strong Minnesota in another Western Conference struggle. The Gophers placed thirteenth in the poll. The Illini received only one first place ballot but managed to nose out the Cadets for sixth place, 529 points to 476.

Unbeaten and unscored-upon Pennsylvania, eighth in the ratings, meets Columbia in the outstanding game in the East.

Surprising Vanderbilt, whose 218 points just put them in the select 10, opposes Kentucky, conqueror of Georgia, in a Southeastern skirmish.

Texas, the Southwestern power, garnered 10 first place votes to place third with 996 points. The Longhorns were followed by California, 674; Georgia Tech, 623; Illinois, Army, Pennsylvania, 395; Penn State, 226; and Vanderbilt. Thirty teams figured in the balloting.

**Movies Show Texas' Disputed Touchdown Made 'On The Level'**

AUSTIN — (AP) — University of Texas Coach Blair Cherry said motion pictures made during the Texas-Oklahoma game Saturday showed Texas' second touchdown was made legally. The touchdown caused the Oklahoma coaching staff to protest that the runner's knee had touched the ground.

This was the first of a series of incidents that ended in bottle throwing and fist fights among the fans and the escorting of the game officials from the gridiron in a police car.

Cherry said late Monday that the game pictures showed Randall Clay, who scored, was erect throughout the questioned play and that there was no chance that his knee ever touched the ground.

It was an unusual play. Texas was on the three-yard line. Clay carried twice into the Sooner line, making a yard on each play. Capt. Max Bumgardner of Texas then called time out and Referee Jack Sisco signalled the clock to stop, with one second left. Then quarterback Bobby Layne called a quick lineup play and Jim Canady carried into the line but dropped the ball. An Oklahoma player grabbed at it, squirting it toward Layne, who lateraled to Clay, who scored.

Cherry said the pictures indicated Canady went over but that the ball "squirred from his hands."

This touchdown was the real turning point of the game when Texas went on to win 34-14.

Weldon Hart, Austin American sports editor, quoted Layne as saying that he suddenly saw the ball at his feet, picked it up, realized he couldn't advance and flipped it to Clay, who had faked out to the right as Canady hit the middle.

**MIDLAND MASONS AT SCOTCH RITE MEET**

EL PASO — Among the early arrivals from Midland for the 84th Reunion of El Paso Scottish Rite bodies here were Edgar G. Dill, H. A. Hensley, W. B. Hunt, J. A. Matthews, G. R. McDonald, J. Paul McHargue, E. D. Shaw, G. D. Simon and H. A. Tuma.

**TWO HURT ABOARD SHIP**

**Fighting Queen**

No one could better typify the fighting spirit of the Navy than Peggy Alice Barfield, 21, of Hening, Tenn. Flat on her back with infantile paralysis a year ago, she fought the battle of wheelchairs and crutches, determined to walk again. She won, and on Navy Day, Oct. 27, she will reign as Miss Navy over all Memphis naval installations.

**'Fighting' B Bulldogs Will Engage Odessa**

There will be a football game worth the money in Midland Saturday night.

The "B" Bulldogs will take on the "B" Odessa Bronchos in a feature battle at 8 p. m. in the high school stadium.

Midland is "raring" to go after swamping Lamesa by 37-0. The little Bulldogs recently dropped to the little Bronchos, 13-0, but Odessa only scored two quickies in the last few minutes to win. Up to that point the Midland team had held its own and more.

Thursday afternoon at Odessa the Midland "C" Bulldogs, or freshmen eleven, will play a similar team of Odessans.

**McCamey News**

MCCAMEY — Mr. and Mrs. O. S. Disop and Donald Lee of Hobbs, N. M., are visiting in the home of Mr. and Mrs. F. S. Eckold. Disop has accepted a position here with the Humble Pipe Line Company.

Mr. and Mrs. Hugh Deatherage spent the weekend in San Angelo. Paul Moore, who has spent several weeks in Hearne, is now at home and helping with his business at the Owl Drug Company.

D. L. French of Fort Stockton will act as relief man for B. F. Ellis, agent for the P&SP, while Ellis is away on vacation.

Mr. and Mrs. J. L. Adrian and Mrs. L. West spent the weekend in San Angelo as guests of their sister, Mrs. M. M. Campbell.

Mr. and Mrs. Pat Henley of Fort Stockton and Mr. and Mrs. N. C. Denny spent the weekend visiting in Del Rio and Villa Acuna, Mexico.

Mr. and Mrs. C. C. House of Fort Worth visited Mr. and Mrs. G. N. Irvine, Sr., last weekend. Mrs. House is a sister of Mr. Irvine.

Misses Ruby Nelle Cook and Georgia Mae Brown visited in Odessa and Denver City over the weekend.

Mrs. Deward Cook received an announcement of the birth of a nephew, born to Mr. and Mrs. R. L. Ball, Jr., of Charleston, W. Va. The baby has been named Raymond Lewis III and is the second boy of the third generation to be born on the maternal grandmother's side of the family.

W. W. VIRTUE COMPANY TO OPEN KERMIT STORE

The W. W. Virtue Company will open its new store in Kermit Wednesday, Robert G. Lindsay, manager of the firm's Midland store, announced Tuesday. An opening day ceremony and program is planned.

**Go Into Wing And Box Type Of Offensive**

The T formation, which hasn't clicked for Midland's Bulldogs, or else the boys aren't fitted to it, was scrapped Monday and the team went immediately into the box and single wing of offensive.

Midland had a sharp offensive ball club last year in Coach Barnes' team's first season and his modified box and tricky single wing did the trick. Rival coaches lauded the fine spinner thrusts and handoff plays of the potent Bulldogs. This season the "T" was taken up but it has not produced.

Midland has its speed centered in one back but the offense this year under the T formation has not been able to get him past the line of scrimmage and into the open.

The T formation must have a versatile and passing man-under and Midland doesn't have such this fall.

The change to the box and single wing came at a good time because Midland has two weeks to prepare for its next ball game—a 3-AA encounter with Abilene here October 24.

So in practice Monday the "new deal" began, and two sets of backs drilled and drilled on the new offensive as the line, over on another plot of grass, studied its blocking assignments.

**Stephens Is Hurt**  
Midland came out of the Sweetwater seap in fair shape with Quarterback Steve Stephens the only casualty. Stephens hurt a shoulder and will be out of rough drill for a week. He was out Monday running around to keep in shape and keep his wind and legs strong. He has no broken bones.

Two boys moved up from the "B" squad to the "A" Monday. They were Frank Robertson, 150-pound passer and quarterback, and Jimmy Davenport, husky 170-pound tackle.

Last season Midland beat Abilene 27-12, which was worse than Odessa licked the Eagles. And Pete Shotwell, coach of Abilene, said Midland really cleaned him up. But Abilene is much stronger this season, as Midland will find out in the next game.

**Steers Set Pace In SWC Offense; Frogs In Defense**

DALLAS — (AP) — The University of Texas has taken over leadership in both offensive departments of Southwest Conference football, rolling up 901 yards on the ground and 583 in the air for a total of 1,484 — an average of 371 per game.

Arkansas is second in total offense with 1,159 yards.

Texas-Christians has replaced Arkansas as the defensive leader, allowing an average of 128 yards per contest. Baylor is second with 130.

Ken Holland of Arkansas tops the ball-carriers with 253 yards on 29 runs, with Doak Walker of Southern Methodist second with 252 on 45 carries and Clyde Scott of Arkansas third with 237 on 51 tries.

In passing it's Bobby Layne of Texas by a wide margin. Layne has pitched 39 times and connected on 25 of them for 491 yards. Stan Hollmig of Texas A&M is second with 277 yards on 21 completions in 49 throws.

Byron Gillory of Texas has caught eight passes for 179 yards to lead that department.

Hollmig has the best punting average among those kicking 10 times or more with 45.1 on 24 boots. Ed Green of Southern Methodist is second with 44.5 on 10 kicks.

Lindy Berry of Texas Christian has run back 19 punts for 285 yards, but the best average is held by Bob Goode of A&M who has returned four kicks 28.2 yards per.

The condor, an American vulture, is one of the largest existing birds of flight, usually measuring four feet in length and nine feet between wing tips.

**Amateur Status Of 'Choo Choo' Justice Comes Under Fire**

RALEIGH, N. C. — (AP) — Charlie Justice's Southern Conference football future will be at stake Saturday morning when the executive committee of the conference meets at Durham to discuss the eligibility of the University of North Carolina's backfield star.

Dr. H. A. Fisher of North Carolina State College, a member of the committee, announced Monday night that a special meeting has been called to discuss Justice's negotiations with the Philadelphia Eagles of the National Football League and his eligibility for further participation in the conference's varsity athletics.

NFL Commissioner Bert Bell said league records showed Justice signed a contract with the Eagles while he was playing for the Baltimore (Md.) Naval Training Station during the war.

**Attorney Raises Question**  
Justice, known as "Choo Choo," gained national recognition last year when he led the Southern Conference in scoring honors and his Tarheel teammates to the Sugar Bowl, where they lost to Georgia, 20-10.

His eligibility was questioned last Saturday by John W. Wicker, a Richmond, Va., attorney, who asserted if Justice had signed a professional contract, as stated in a magazine article, then he should be declared ineligible, even though he signed the contract while under 21 years of age.

The Midland Bulldogs, high school football team, were entertained by the Brotherhood of the First Baptist Church at a third annual dinner honoring the griders Monday evening at the church.

Coaches, players and visitors were introduced. The Brotherhood quartet, composed of the Rev. Raymond Hall, Duke Jimeron, Joe Angel and Paul Simms, sang "Stout-Hearted Men."

After the dinner, films of the 1946 Alamog Bowl Game in San Antonio were shown.

What is Chiropractic?

It is a scientific method of adjusting the cause of disease without drugs or instruments, based on a correct knowledge of anatomy, and especially the nervous system. The Chiropractic idea is that the cause of disease is in the person afflicted. The function of every organ in the body is controlled by mental impulses from the brain which it transmits thru the nerves. Any impingement of these nerves interfering with the transmission of mental impulses results in an abnormal function called disease. This interference is produced by subluxated vertebrae pressing upon nerves as they pass out from the spinal cord. The chiropractor is able to locate the point of obstruction or interference, and by means of adjusting the subluxated vertebrae, corrects the cause and normal conditions of health, is the result.

CHIROPRACTIC is NOT Medicine — Not Surgery — Not Osteopathy.

CASE HISTORY No. 114—Severe pain in the adominal region

**Odessa Still Leads Parade Of Schoolboys**

By HAROLD V. RATLIFF Associated Press Sports Editor

DALLAS — (AP) — There were some changes made in the state schoolboy football rankings as the result of weird happenings last week-end.

The whole situation is in such a mess it doesn't appear to make much difference which teams are placed in the second ten. Anyway, here's how we rank the ten leaders:

1. Odessa.
2. Wichita Falls.
3. Corpus Christi.
4. Waxahachie.
5. Austin.
6. Longview.
7. Marshall.
8. North Side (Fort Worth).
9. Goose Creek.
10. Thomas Jefferson (San Antonio).

sent this man to a specialist who advised him to have his appendix removed. This was done but shortly afterwards the pains returned with the additional conditions of heartburn and constipation. Unable to get relief from drugs, he consulted a Chiropractor who declared that nerve pressure was the cause of his trouble. The pressure was traced to a twisted bony segment of the spine which the chiropractor adjusted back to normal. Immediately the heartburn subsided and all other symptoms disappeared.

### Pastor, 86, Builds His Own Church and Parsonage

The Rev. D. B. Hampe, 86, of Akron, O., thinks there is religion in hard work as well as preaching. So, donning overalls, he works from dawn to dusk every day to construct his own brick church and a little white frame parsonage. At left, the pastor, a great-grandfather, puts finishing touches to a paint job on his church belfry, and, right, planes a wall board for the parsonage where he and his 83-year-old wife will reside. It's the seventh church Reverend Hampe has started in his more than 50 years of ministry.

### McKenney on Bridge

By WILLIAM E. MCKENNEY  
America's Card Authority

The safety play has been written up in this column so often in the past, that I feel that every bridge player knows it as well as he knows that the king should be led from the king-queen-jack. However, every time a hand of this type comes up in a tournament, there are many who miss the play.

Just a word of comment on the bidding of this hand. When North bid two spades, there was no need for South to show the heart suit. As a matter of fact, it might prevent a heart lead.

The defense captured the first two diamond tricks, then West shifted to the queen of clubs which declarer won. Now a surprising number of good players laid down the king of trumps, only to lose

Abraham Lincoln was largely instrumental in removing the state capital of Illinois from Vandalia to Springfield.

Pemmican, a food used by pre-Columbian American Indians and by explorers today is a mixture of dried meat and fat.

### Royal Wedding Gown Costs Less Than \$800

LONDON.—Princess Elizabeth's wedding gown, now being stitched from secret designs sketched by the queen's dressmaker, will cost something under \$800.

A palace spokesman declared a press item asserting the gown would cost \$5,000 and be the equivalent of six years of clothes ration coupons, "bears no resemblance to the truth."

The board of trade has allotted the future queen a special group of coupons for wedding clothes, but has not disclosed how many. She will be married November 20 to Lt. Philip Mountbatten, who renounced his titles of prince of Greece and Denmark.

The palace spokesman said thousands of Britons have tried to contribute some of their meager clothing coupons to help the princess obtain a more extensive trousseau, saying:

"Every single day, more coupons come in, from the poor as well as the rich, in letters asking that the princess have a really gala wedding."

the whole hand because they could not then pick up the spade suit. When you hold nine trumps, with one top honor in one hand and two top honors in the other, you must play to the hand with the single top honor. If West held four spades to the jack-ten, there would be no way to pick up the suit, but declarer should give himself the one chance that all four are in the East hand.

The correct play is to lead to dummy's ace, and then East can be finessed out of his spade. After winning with the ace, a small spade is played from dummy up to the nine-spot. If East puts up to the ten, which is the correct play, declarer covers, goes back to dummy with a club, and leads another trump.

Note that declarer must be careful to win the club trick with the king, not the ace, in order to have the needed entry in dummy.

## Taft-Hartley At The Polls

For several weeks the special congressional election in Lehigh and Bucks Counties, Pennsylvania, was touted as a preview of the 1948 race. The principal reason was that the Taft-Hartley Law was the central issue of the campaign. Another reason was that industrial Lehigh County and rural Bucks were a small but representative cross-section of the American scene.

Interesting sidelights on the campaign were the united AFL, CIO and independent union support of the Democratic candidate, and the fact that the Republican candidate, speaker of the State Assembly, had steered Pennsylvania's version of a Taft-Hartley Bill through the legislature.

Well, as you know, Franklin Lichtenwaller, the Republican, won. And as you might suspect, the Democratic forces in the two counties minimized their defeat while the Republicans perhaps gave it exaggerated importance.

Though Lichtenwaller's winning percentage was slightly larger than the percentage of registered Republicans, the election still seems to show that a normally Republican (or Democratic) section will vote in a pretty normal way unless there is considerably more to stir up the voters' minds than the Taft-Hartley Law apparently had to offer.

The results might also indicate that the labor vote cannot be delivered in a bloc, even when two usually unfriendly union groups get together in an attempt to do so.

This special election doesn't necessarily prove that the big unions have lost out as a political force. Rather it may be that the big unions have overdone themselves in denouncing the Taft-Hartley Bill as a "slave labor law." Or perhaps they have beaten their breasts and rent their garments too early in the game.

If this "slave labor law" had taken money out of the envelopes of Allentown's organized workers, if it had cost them their jobs or destroyed their unions, then Philip Storch, the Democratic candidate, surely would have been elected.

The new law has done none of these things. Wages are still up and employment is still high. The talk about slavery and fascism has remained talk. Maybe the Taft-Hartley Law will do all the horrid things predicted for it by the unions' high brass, but it seems unlikely.

If or until the organized rank-and-file feel the effects of this law in their jobs or wages or personal freedom, it is doubtful that they will all jump through the hoop at their leaders' command. If and when they do feel those effects, they will express their feelings at the polls without millions of dollars' worth of urging.

As a footnote to the Pennsylvania election, we might suggest that maybe the Taft-Hartley Law won't be the big issue of the 1948 campaign, after all. And we'll bet that if Storch had been able to present a reasonable-sounding solution to the high-price problem, he'd have won by a bigger landslide than Lichtenwaller did.

## Strong - Arm Diplomacy

The Kremlin seems to delight in assigning its puppet, Tito, the crudest sort of provocations against the United States. He drew the job of shooting down our planes over Yugoslavia. Now he apparently has been ordered to see if his boys can push the Americans around on the Italian-Yugoslav border and grab a little more territory than the peace treaty gave them.

It's hard to imagine what Marshals Stalin and Tito hope to win by this primitive strong-arm diplomacy. Perhaps first prize in an international unpopularity contest.

## Homeland Of Junkers Is Being 'Polonized'

OLSZTYN, POLAND.—P—The Polish government has moved more than 500,000 people into East Prussia, once the powerful bastion of the Junkers and Nazi warlords, and "Polonization" is steadily going ahead.

All swastikas and signs of Nazism long since have disappeared. Everything as far as the eye can see is Polish—streets, shops, signs and customs.

The government recently announced that OlsztyN had been cleared of all Germans. There still are some thousands scattered in East Prussia, but these are rapidly being sent to Allied zones in Germany.

East Prussia is one of the most beautiful sections of post-war Poland. It is dotted with forests, many lakes, and is perfectly suited for dairy farming, stock-breeding and lumbering.

Approximately 2,000,000 Germans lived in East Prussia before the war. About 1,000,000 resided in the northern part which now belongs to Soviet Russia.

In the Crimean War appeared the first modern army medicine service; the first telegraph line between battle and home front, the first iron clads, the first news camera.

## The Dead End Kids

## Army Fliers Enter 'Eye' Of Hurricane

HAMILTON, BERMUDA.—P—Two members of the U. S. Army Air Forces told how they piloted a B-17 to the "eye" of the hurricane as it roared off the Florida Coast late Sunday.

The pilots—1st Lt. George Kougius of Stephenville, Texas, and 1st Lt. Charles B. Jones of New Bedford, Mass.—carried out the hazardous mission for the 53rd Weather Reconnaissance Squadron. "We carried on the nightmare journey for three hours, taking pressures and feeling our way into the center of the hurricane," Kougius related soon after greeting his wife and infant daughter, Patricia Ann, who awaited him. "Suddenly, after hours of blackness and an almost uncontrollable plane, we broke into the 'eye' with brilliant sunshine beating down on us."

Buck 140-Mile Wind  
 "The contrast was unbelievable. The sky was deep blue and the sea, 500 feet below us, was a peaceful green, absolutely calm, contrasting with the white fury of a few minutes before."

Jones' wife and young daughter, Darlene, were also on hand for the greeting. The wives had had no word from their husbands for five days.

After spending 20 minutes inside the 'eye,' Kougius said, he and his co-pilot had to battle their way out again.

"Hurricane winds of 140 miles an hour were beating against the aircraft and more than once it seemed as though the B-17 could not stand up against the terrific strain," he said.

When they finally reached Tampa, he added, they found eight bolts had been ripped from the plane where the wing joins the fuselage.

## BLACKBIRD HITCHES RIDE ON BACK OF ZOO PEACOCK

EVANSVILLE, IND.—P—A wild red-winged blackbird, evidently finding the wear and tear on wings too heavy, is saving his strength on visits to the Meskar Park Zoo, by becoming peacock-propelled.

Bob McGraw, head animal trainer, says the hitch-hiking blackbird perches on the back of a strutting peacock. Mr. McGraw says the peacock doesn't mind in the least—and even seems morose until his rider hops aboard.

Your Newspaper—Serving Freedom by serving you.

## Congressmen Are Paying Higher Rent

WASHINGTON.—P—Rents of 107 permanent residents of the fashionable Shoreham Hotel, including four members of Congress and James F. Byrnes, former Secretary of State, have been increased 35 to 45 a month.

Robert F. Cogswell, District of Columbia rent administrator, said the increases averaged 14 per cent and that in each case the tenants agreed to the rise.

## Dennis Day Asks For Family Name Again

LOS ANGELES.—P—Now Singer Dennis Day wants his old name back.

Christened Owen Patrick McNulty, he adopted Dennis Day as a professional name, and had it legalized when he went into the Navy in 1944.

## The Bootery, Exclusive Ladies Shoe Store, Opens Here Wednesday

A new store for Midland opens formally Wednesday evening—an attractive exclusive ladies shoe store.

It is The Bootery at 100 1/2 North Main Street, centrally located in the shopping district of the city. "We are happy to be in Midland and we pledge the best of service and quality merchandise," said C. E. Graham, manager of the new store.

"Our firm chose Midland as an excellent location to best serve patrons in the Permian Basin section of West Texas," the businessman stated. "Our customers will instantly know our desire to give the best in quality when they learn we are featuring these brands," Graham pointed out.

Extensive preparation for the opening of the fine, new store was in progress during Monday and Tuesday.

Interior of the store is attractively decorated and designed and gives an air of dignity and comfort.

Graham include Everett Fulton and Jason Currie, shoe salesmen, and Mrs. Leak, the cashier and also sales lady.

The Bootery will feature Penalo, Frank Sbicca, Naturalizer and American Girl shoes and Cameo nylon hosiery.

"Our customers will instantly know our desire to give the best in quality when they learn we are featuring these brands," Graham pointed out.

Interior of the store is attractively decorated and designed and gives an air of dignity and comfort.

C. E. Graham

There will be an open-house at The Bootery Wednesday evening from 7 p. m. to 9 p. m. This is for public inspection of the attractive store. There will be refreshments and favors and souvenirs for ladies.

The Bootery will feature exclusive ladies shoes. It also will handle hosiery and accessories with attractive departments for each.

Staff members of the store will

## World Weathermen Told Of Polar Trips

WASHINGTON.—P—Uncle Sam told weathermen from about 50 foreign countries, including Russia, how B-29's make regular flights over the North Pole to see what's doing meteorologically.

The disclosure was made in a special show of some of the tricks of weather reporting and observation put on by the Air Weather Service of the United States Air Force.

## VA Weighs High Cost Of Education To Vets

WASHINGTON.—P—The Veterans Administration has announced it is planning a national survey of the rising cost of education as it affects veterans of World War II. Many schools, a VA official said, have sought to obtain funds for additional buildings and teachers needed—to care for veteran students—by assessing special fees, such as quarterly maintenance fees, athletic fees or other charges. The University of Maryland, for example, increased its fees by \$20 per student this fall.

"There is a report that this fee is to be used to build a chapel," the official said. "We are not sure that the VA can approve payment of such a fee as a legitimate cost of education."

## Farm Belt Shows Signs Of Prosperity

MINNEAPOLIS.—P—There's prosperity in the farm belt. A Minnesota farmer went into a farm implement store to buy a piece of badly needed equipment. He found what he wanted but the dealer said he would have to postpone the sale because he wasn't sure of the price. The farmer took out a blank check, signed his name and handed it to the dealer. "Fill it in yourself," he said.

**Super-Salesman Tries To Hypnotize Prospect**

HOUSTON — (AP) — How far can a Bible salesman go when he is selling a Bible at around \$22, illustrated, printed in large easy to read type and brought up to date with latest translations?

Police debated this question as they held a stocky, personable young salesman on the complaint of a housewife that he tried to hypnotize her.

The 27-year-old housewife told police the man stopped at her house, got his foot in the door, and that a moment later she was sitting on a divan with the salesman, the Bible between them.

"You're going to buy this Bible," she said the man told her. "You're going to buy this Bible."

She told police she said she didn't want to purchase the book and

that she wished he would leave. But, she said, the man, speaking in low, spaced words, replied: "You're going to buy this Bible. You're going to buy this Bible."

The housewife said the man peered at her with the intentness of a hypnotist and held the Bible before him.

"She said he followed her across the room until she backed over a chair. The fall, she said, broke the spell and she was able to run for the neighbor and call police."

The man was arrested as he pressed the door bell at a home in the next block.

U. S. farm woodlots cover about 126 million acres, the largest acreage being in the eastern half of the country.

**'Cancer Mobile' To Combat Nation's Public Killer No. 2**

Dr. Willie Duncan, director of Kentucky's new "Cancer Mobile," interviews prospective examinees while a nurse stands by.

LOUISVILLE, KY. — (NEA) — Kentucky, a leader among states in the battle against cancer, is now getting ready to chase the nation's Public Killer No. 2 with the world's first mobile X-ray bus for cancer diagnosis.

Officially known as "Cancer Mobile," the bus already has toured the capital cities of the southeastern states and went to Miami; so state officials could see it at the regional conference of the American Cancer Society before it comes back here to go to work.

In collaboration with the State Health Department, the Cancer Society will keep the X-ray bus moving around the states in areas where hospital and other medical facilities are inadequate.

Early detection is the key to cancer cure. Kentucky has recognized this by taking the lead over all other states in its cancer control program. Already it has a network of 16 cancer detection and treatment clinics. The bus is designed to provide an extension service to these and other hospital facilities.

The state's doctors are solidly behind the program. The society already is besieged with requests from communities to have the bus visit them. Louisville Junior Leaguers, who sponsored the bus, have volunteered to travel with it and assist in taking case histories and handling patients.

The anti-cancer bus resembles in appearance the TB detection buses already in use, but it has a motor-driven tilt table and a special holder so that 14 by 17-inch chest films can be taken in upright position. The X-ray tube has a large focal spot to permit the almost continuous use involved in mobile detection work.

Oklahoma was the first state to have a mobile cancer detection unit, but it does not have X-ray facilities.

**Deputy Shot Down With 'Empty' Pistol**

ALBUQUERQUE — (AP) — A deputy sheriff shot in the chest with his own revolver is expected to recover to the vast relief of his small nephew, Charles Slaughterbeck, was wounded Sunday in a too realistic demonstration of how his 38-caliber revolver differed from the toy pistol he had just given the youngster.

Slaughterbeck snapped a handful of cartridges out and tossed the weapon to his brother's son, Teddy, 9, meanwhile assuring other relatives it was not loaded. Delighted, Teddy pulled the trigger several times. Nothing happened.

Then, pointing at Slaughterbeck, Teddy tried it again. A shot echoed through the house and the deputy went down.

A physician said Slaughterbeck suffered principally from loss of blood. He was given three transfusions.

**Eight Of The Briggs' Attend Same School**

DALLAS — (AP) — The Briggs family of Gladewater holds some sort of a record, with eight of their 12 children in the Gladewater public schools. The Dudley Williams family near Carthage is running a close second—it has seven children, all attending the same school. All the Williams, incidentally, are girls.

**Bartender Is Guest Star In Bermuda Bar**

NEW YORK — (AP) — "Guest stars" are an old custom in the night club field, but the practice was carried to an extreme here when Stanley Scott, head bartender at one of the swanky Manhattan hotels, was invited to be "guest barman" at the opening of a new cocktail lounge in Bermuda.

From 1776 until 1820 the numbers of Europeans who migrated to the United States totaled 250,000.

Scott, who is vice president of the International Bartenders League, hopped an airliner, made a one-night stand, and returned to his New York post with the loss of only one working day.

Tops in style! Tops in quality! Tops in low-cost performance!

*Studebaker's glamorous postwar Commander*

HERE'S the automobile that you've always hoped someone would build—the dramatically different, low, long, luxurious postwar Studebaker Commander.

It's brilliantly engineered and soundly constructed to give you top-quality performance.

Take nothing less than this low-swinging, roomy postwar Studebaker Commander if you're buying a new automobile and want the finest.

**MACKAY MOTOR COMPANY**  
200 S. Lorraine Midland, Texas

A wife owes her husband the responsibility of maintaining a home, even when she is taken out of life's picture.

*First Lady*

YES, SIR, in Mother's language she's the "first lady." And Mother had her in mind, as well as Dad, that day she took out a Southwestern Life Insurance policy on her own life. Mother calls it "Wife Insurance," it's her plan to make sure that Dad won't be head-over-heels in debt, if she should be taken away.

You see, she knows about wives who suffered lingering illnesses, and incurred big medical, and hospital, and other bills, and then were taken away. She knows what a struggle the husbands had trying to hold the family together and carry on, because they had no ready cash to pay those bills. She knows about them having to go in debt, and how many, many months it took some of them to get "back on their feet" financially. And since Mother wants Dad to be able to carry on, and to give her little "first lady" all the things they've planned together to give her, Mother has a Southwestern Life Insurance policy on her own life that will give Dad the cash he'd need in such an emergency.

How about your wife? Would you have the ready cash to pay the doctor, the hospital, the druggist—to settle all the bills you'd have to settle, if she were called away? Or would you have to "go in debt?" With Southwestern "Wife Insurance," you can avoid the long, tedious, financial set-back that such misfortune brings. You can have the ready cash when you'll need it most. Now, while she is in good health, is the time to put your wife's plan in effect. Let's talk it over.

**Canada Has Record Freight Car Shortage**

OTTAWA — (AP) — B. S. Liberty, Canadian transport controller, said Canada now is experiencing the worst railway car shortage he has ever known.

Liberty said he was in the midst of trying to solve problems arising out of the movement of grain. Every effort was being made to get the grain into elevators before the inland navigation season closed.

The aim was to try to avoid a situation similar to that of last winter when unfilled elevators meant the grain had to be moved by rail from the West to the Seaboard.

Temples of ancient Egypt had automatic machines, which supplied holy water on the insertion of a coin.

**On Your Wedding Day**

Your bouquet, those of your attendants, the church decorations must be truly magnificent, unusual, distinctive. We specialize in planning the floral decorations for weddings and receptions.

**Benny Goodman**  
Jazz band leader  
a Capitol Records artist

Del Monte Reporter: "What puts a band in the groove, Mr. Goodman?"  
Benny Goodman: "Sweet or hot, it's the smooth blending of many special features."

"Take our combo. Every boy in the sextet is a top instrumentalist. My tubman—he's got the beat for the boys. Nice, original pattern. My bass fiddle—he can draw out the low tones, rich and round. All the boys have a special talent for their stuff."

"Like any other line, it takes a combination of many qualities to make things click."

**Sweet or hot, Mr. Goodman, it makes sense for good coffee, too.**

**7 great coffees make Del Monte a richer blend!**

You know why we blend so many choice coffees? We want flavor—first, last and foremost. And ordinary blends of just three or four coffees won't deliver the deep rich flavor folks praise in Del Monte.

That sort of flavor takes seven of the world's great coffees.

Call us sticklers for quality, but we're out to give you the best cup of coffee you ever had.

From the famous coffee markets of the world come these seven coffees.

Each one carefully selected for a very special characteristic of flavor. Blended together, these qualities make the notably fuller flavor you get in Del Monte.

When you make your first cup of Del Monte, notice its heart-warming aroma—so friendly and inviting.

Next, taste its fresh, down-to-earth, true coffee flavor. Then maybe you'll agree, "only Del Monte gives you complete coffee enjoyment."

Be sure to ask for Del Monte Coffee.
