Atlantic Hurricane Hits Savannah

Waves Batter Coastal Roads

SAVANNAH, GA.—(AP)—A hurricane sweeping in from the Atlantic lashed Savannah and its environs with 80 to 100-mile an hour winds Wednesday and moved on across Georgia losing force rapidly.

Towering waves whipped up by the wind battered lowly beach areas and high tides caused flooded streets and roads along the Carolina-Georgia coast.

No casualties were reported here, but an unidentified negro man was crushed to death by a falling tree near Charleston, S. C.

Winds of gale force were expected to reach inland 15 miles before subsiding.

Phillips Ups Price Of Crude

BARTLESVILLE, OKLA.—Frank Phillips, chairman, and K. S. Adams, president of Phillips Petroleum Company, announced Wednesday that effective 7 a. m. October 15, the company has increased its price postings 20 cents per barrel on all grades at all points where it purchases crude oil.

69 Aboard Flying Boat Are Rescued

NEW YORK—(AP)—All 62 passengers and the crew of seven have been rescued from the giant flying boat, Bermuda Sky Queen, which was forced down in the storm-tossed North Atlantic Tuesday, Coast Guard Headquarters here announced Wednesday.

Completion of the rescue, which began Tuesday night, was reported by radio shortly after daybreak in a message from Capt. Paul B. Cronk, skipper of the Coast Guard cutter Bibb, which took the 62 aboard after it landed in high seas 820 miles off the Newfoundland coast.

The Coast Guard said it had notified the Bibb to destroy the abandoned plane as a menace to navigation and to proceed to Argentina, Newfoundland, and the rescued passengers and crew. The Bibb is expected to arrive at Argentina early Friday morning.

The message from Cronk read: "All passengers and crew aboard. Will advise further passenger details after careful check. Recommend plane be destroyed. Pilot Martin agrees."

Spend Night On Plane

A second message from the cutter captain fixed the number of rescued at 62 passengers and seven crewmen. Earlier reports had a total of 62 persons aboard the plane. Seventeen men and a woman remained aboard the wave-tossed airliner Tuesday night awaiting daylight and the resumption of the Coast Guard's rescue operations, which earlier had transferred their companions to the Bibb.

The plane was forced down when it ran short of fuel while bucking heavy headwinds on a flight from Ireland to Gander, Newfoundland, and the Coast Guard cutter went to its aid.

City Council Amends Airports Ordinance

An amendment to Midland's airports ordinance to exempt public air transportation companies from certain provisions of the original code, provided the concerns have entered into contracts with the City of Midland for the use of landing facilities at Midland Air Terminal, was adopted by the City Council at its meeting Tuesday night.

The new ordinance was passed as an emergency measure and is effective immediately.

The council also approved operation contracts with the American and Continental airlines subject to the acceptance of certain changes in the contracts as submitted. The contracts have been under negotiation several months.

H. B. Seifert and George K. Harris of Houston, officials of Pioneer Air Lines, submitted for consideration of the council, a revenue percentage payment plan for use by Pioneer of landing facilities at Midland Air Terminal.

Close Hospital Street

The council adopted an ordinance closing a street through site of the proposed Midland Memorial Hospital in West Midland, and authorized the hospital sponsors to proceed with its program of cleaning off the site. The request was made by Dr. John B. Thomas, president of Midland Memorial Foundation; John P. Butler, treasurer; and William Neely, attorney.

The council approved payment of current bills totaling \$30,879.95, general fund, and \$11,565.68, airport fund.

Erection of signs at the entrance to the Midland Air Terminal was authorized.

Murder Charged In Death Of Odessa

SPRINGFIELD, COLO.—(AP)—A murder charge was filed Tuesday against Thurman C. Glover, 43, of Keyes, Okla., in connection with the fatal shooting of two brothers near a lonely country graveyard.

A charge of being an accessory was placed against Glover's wife, Myrtle.

Earl Wilson, 40, of Pritchett, Colo., was shot to death and his brother, Lucian, 38, of Odessa, Texas, was wounded fatally in a burst of shots last Friday near Springfield.

Glover later surrendered to officers at Texoma, Okla.

Chastened John L. Faces New Battle

SAN FRANCISCO—(AP)—John L. Lewis, stripped of a vice-presidency in the AFL after an historic outburst of name-calling among the federation's top leaders, faced still another battle Wednesday over his miscellaneous collection of unions in Mine Workers' District 50.

Underneath the current of bitterness which swept the sixty-sixth annual convention was the growing threat that Lewis still might take a walk with his 600,000 United Mine Workers over the District 50 controversy.

His organizers have been stepping on a lot of toes within the federation, ever since his return to the AFL in January, 1946.

But anti-Lewis forces, cheered by the ease with which their overwhelming numbers set down the UMW president Tuesday, went right on with plans to bring the jurisdictional squabbles with District 50 before a tribunal which he could not control.

The fight was due to come over conflicting resolutions offered by a majority of the resolutions committee headed by a long-time Lewis critic, John P. Frey, of the metal trades department, and a minority represented by Thomas Kennedy, secretary-treasurer of the UMW.

Lewis took the gloves off in his first convention speech, stinging the leadership into fighting mood by calling them "intellectually fat and stately asses," and adding:

Affairs Hot Issue

"On this issue I don't think the federation has a head. I think its neck has just grown up and haired over."

The issue he referred to was the signing of non-Communist affidavits. That's what started the convention floor battle which was perhaps the hottest since Lewis toppled William L. Hutchison, the carpenters boss, with one punch at the Atlantic City convention in 1935. Lewis took his miners out of the federation after that and formed the CIO. He fell out with the CIO after 1940, however, and made his peace again with the federation six years later.

Clayton Resigns U. S. Post

WASHINGTON—(AP)—William L. Clayton quit Wednesday as undersecretary of state for economic affairs but agreed to stand by as an unpaid adviser to the secretary of state.

His wife's health was given by Clayton as the reason for his resignation, effective at the close of business Wednesday.

President Truman, accepting the resignation with reluctance, expressed "great satisfaction" over Clayton's assurance of his willingness to return to public service if Mrs. Clayton's health improves sufficiently to permit him to do so.

Clayton wrote Truman October 7.

"For at least three or four years Mrs. Clayton has been very anxious, for reasons of health, to return to our home in Houston. Endeavoring to meet her wishes, I have on several occasions, starting as far back as four years ago, tendered my resignation."

Truman told Clayton that his letter left him "no alternative but to acquiesce."

May Assist Later

Clayton wrote he had told Secretary of State Marshall, as well as the President, if Mrs. Clayton's health should be completely restored, as he hopes and believes it will be, he will be available later on for any special jobs which you think I may be able to do."

Government officials told a reporter it is possible no one will be appointed to succeed Clayton. The post of undersecretary for economic affairs was specifically created by Congress and will expire in June, 1948.

Clayton, 67, resigned as chairman of the board of Anderson, Clayton and Company, a Houston, Texas, cotton firm, to enter government service in 1940.

Florida Agencies Pool Resources To Fight Flood Menace

FORT LAUDERDALE, FLA.—(AP)—Federal, state, county and drainage district officials joined Wednesday to fight raging flood waters funneling toward Florida's Gold Coast.

City and state health authorities opened clinics to administer inoculations against typhoid. Schools were closed in many communities.

At least three cities have declared a state of emergency and National Guardsmen patrolled the streets to prevent looting and turn back sightseers.

The Army flew in 435,000 empty sandbags to be used for strengthening farm and district dikes, weakened by a month of rains.

The War Department authorized use of the Avon Park bombing range in Central Florida as temporary pasture for thousands of cattle marooned by flood waters in the Lake Okechobee region.

What Nerve! He Gave Policemen A 'Hot' Check

Well, the nerve of him, or something!

Policemen of Midland Wednesday were after a man who had the nerve to give the police department a hot check. Oh brother! The check was to pay for two tickets to the Policemen's Ball, October 22.

FLYING 'OBJECT' FOUND TO BE V-2 PROJECTILE

MEXICO CITY—(AP)—The War Department reported officially Tuesday that investigation of an explosion Sunday in the Zanalavuca Mountains, 35 miles south of Ciudad Juarez on the U. S. border, indicated it was caused by a V-2 projectile launched from a U. S. Army experimental station in Texas.

WEATHER

Generally fair Wednes-day night and Thursday. Not quite so warm. Maximum temperature Tuesday was 85 degrees, minimum 61 degrees. Minimum Wednesday was 61 degrees.

LATE NEWS FLASHES

COLORADO SPRINGS, COLO.—(AP)—K. V. Miller, Cascade, Colo., garage owner said Wednesday an injured man staggered into his place and said an Army plane, missing on a flight from Ogden, Utah, to Denver, had crashed into a slope near there.

LAKE SUCCESS—(AP)—Yugo-lavia charged Wednesday that Secretary of State Marshall's program to overhaul United Nations peace-keeping machinery was designed to destroy cooperation between Russia and the Western Powers.

TOKYO—(AP)—The Marianas were alerted Wednesday as a new typhoon built up over the Pacific 420 miles east of Guam and started whirling northward at five miles an hour.

BALBOA, CANAL ZONE—(AP)—U. S. Army Headquarters here said Wednesday six persons were believed to be aboard a U. S. Air Mission transport plane which has been reported missing in the mountains of Northern Peru since last Friday.

AUSTIN—(AP)—Gov. Beauford H. Jester Wednesday proclaimed November 7 through November 15 as Soil Conservation Week, and called on all citizens to cooperate in conservation projects.

Regan Calls On Truman

(NEA Telephoto)

A delegation of Texans called at the White House to extend an invitation to President Truman to come to Texas next Spring and receive a degree from Sam Houston State College at Huntsville. In the front row from left to right, are: H. G. Morrison, Senator Tom Connally and R. L. Thomas of Dallas. In the back row from left to right, are: Dr. Hartman Low, an, president of the college; Rep. Ken Regan of Midland, newly elected congressman, and Walter F. Woodall, a member of the Board of Regents of the college.

Brewers To Offer New Route Is Asked For U.S. 80 Highway Program

WASHINGTON—(AP)—Representatives of the nation's brewing industry came up Wednesday with a grain conservation program they hope will be satisfactory to the Citizens Food Committee.

Meanwhile the committee, having eased the rules for "meatless Tuesdays" to encourage use of such by-products as liver and kidneys on that day of the week, promised further shifts in policy any time somebody thinks up a "better and faster way to save grain."

Chairman Charles Luckman said he does not want the people "to feel that this is an ironclad program and not subject to change."

The brewers planned to outline their grain-saving ideas to Luckman during the day in reply to his demand for "a reasonably substantial reduction" in the use of wheat and corn for beer and ale.

Restrictions relaxed following a high industry official who asked that his name not be used said the group would offer Luckman "a definite program."

The chairman had expressed dissatisfaction with previous pledges by the United States Brewers' Foundation and the Small Brewers Committee.

At a press conference following the second meeting of the full 26-man conservation committee, Luckman made these other points:

The group has relaxed the meatless Tuesday program to the extent of approving increased use of meat by products "on Tuesdays as well as on other days."

He listed these by-products, which "are in plentiful supply and can be used freely," as liver, kidney, brains, sweetbreads, hearts, pigs feet and pigs knuckles, tripe, oxtails and tongue.

HCL Continues Upward Spiral

By The Associated Press

The cost of living spiral appeared headed toward the year's record peak set a month ago Wednesday as the nation's shoppers still hunted for the elusive food article bearing marked down price tags.

Action on most of the country's commodity markets Tuesday gave consumers little hope that any immediate reduction in the high cost of basic foods was imminent. There was one exception, however as butter dropped to the lowest wholesale price level in Chicago since last June 27. The top sold at 67 cents a pound. In New York the top grade wholesale butter declined 3 1/2 cents to 70 cents a pound.

Grain prices continued their upward trend at Chicago and in the cash wheat market red wheat sold for \$3.02 a bushel, the highest price since 1920. Corn and oats also were higher. Chicago brokers said December wheat had climbed 16 cents a bushel since margins were increased to 33 1/3 per cent of the purchase price a week ago.

Record Tax Roll

The city's record tax roll for 1947, totaling \$16,123,086 in valuations, was approved. The record high in valuations compares to \$14,975,240 in 1946.

The council canvassed the returns of the October 4 bond issue election.

Taxs Ask Increase

Representatives of Midland's three taxi concerns were present to ask permission to increase taxi fares here. The fare now is 25 cents. They propose to charge 25 cents straight for 16 blocks; 35 cents for 20 blocks, and 50 cents to West city limits. The representatives were asked to submit the proposition in writing for action at the next meeting.

A letter, signed by Don Thompson and Joe Robertson, asked the closing of "that portion of O Street, between Holloway and Brunson." The matter was referred to the city attorney for a recommendation.

Flying Boat Forced Down At Sea

A Boeing flying boat, of the same type shown above, made a forced landing at sea with 69 persons aboard Tuesday when its fuel supply ran out. An American weather ship, the Coast Guard cutter Bibb, was standing by 1,400 miles west of Shannon, Ire.

(NEA Telephoto)

NO OFFICIAL REPORTS ON DST AT DEEP DAWSON WILDCAT

Seaboard Oil Company of Delaware No. 6-A Robinson, deep wildcat in Southeast Dawson County, about 15 miles southeast of Lamesa, and 1,979 feet from south and 660 feet from west lines of section 37, block 34, TP survey, T-5-N, was reported to be coring below 11,066 feet in an unidentified lime formation.

Some geologists think that the true Ellenburger was entered by the project at about 10,900 feet. There is no verification of that call. Neither is there an official report available on a drillstem test which is supposed to have been taken to about 11,069 feet in which the recovery was said to have been only drilling mud, with no appreciable signs of oil or gas. Such a report is expected soon.

NW CROCKETT DISCOVERY IS TO BE COMPLETED

Byrd and Frost of Dallas, and associates, are preparing to complete their No. 1 Mavberry-Tippett, Northwest Crockett wildcat, for a discovery for a new oil field from a conglomerate section above 6,337 feet.

That zone flowed oil at the rate of 25 barrels per hour on a test made before the prospector was deepened to 7,736 feet in the Ellenburger, and found sulphur water and a slight amount of gas in that horizon.

The exploration is six miles southwest of the shallow Crockett field, and 660 feet from northeast and southeast lines of section 39, block 31, H&TC survey.

Geologists are not agreed as to the age of the formation which has shown for commercial production. Some think it is Wolfcamp, lower Permian, while others are inclined to the idea that it is likely upper Pennsylvanian.

W. H. CONKLING NAMED MGR PRESIDENT FOR NEXT YEAR

W. H. (Henry) Conkling, district geologist in the Permian Basin, for Sun Oil Company, is the new president of the Midland Geological Society. He was named to that place at a meeting of the organization Tuesday.

Clark R. Steinberger, West Texas-New Mexico district geologist for Skelly Oil Company, and who will become manager of a new office to be opened November 1, in this city, by the United States Smelting, Refining and Mining Company, was elected vice president.

A. E. (Ed) Pettit, district superintendent for the Cooperative Refinery Association, was selected secretary-treasurer.

E. Russell Lloyd, consulting geologist, is to be program chairman. The new officers will take over immediately and serve for the next 12 months.

W. Dave Henderson, of the firm of Henderson & McMillian, is the retiring president.

At the Tuesday luncheon meeting, Vaughn C. Maley, chairman of the Board of Education of the Midland Independent School District, told of the program now underway for enlarging and improving the physical plant, and other features of the public school system.

UPTON WILDCAT FLOWS MORE GAS AND OIL IN TEST

Slick-Urschel Oil Company, The Plymouth Oil Company, et al. No. 1 Alford, East-Central Upton County discovery for heavy gas, and some oil from the section of the Ellenburger so far penetrated, was drilled ahead from 11,296 feet, after taking a drillstem test at 11,296-256 feet.

The tool was open 30 minutes. A 1,000-foot water blanket was used. Gas and the water blanket appeared at the surface in six minutes. The gas was gauged at 12,600,000 cubic feet per day.

The drill pipe started spraying oil shortly after the gas appeared. The oil was estimated at from five to 10 barrels per hour. Gravity of that fluid was 49 degrees.

Open flowing bottom hole pressure was 2,750 pounds. Shut-in bottom hole pressure was 4,300 pounds. Operators planned to drill about 11,296 feet and take another drillstem test.

SOAGC DRILLS AHEAD AT DEEP COCHRAN PROSPECTOR

Stanford Oil & Gas Company, No. 1 Hall, South-Central Cochran County deep wildcat, about 15 miles south of Lhman, and 1,980 feet from south and 338 feet from west lines of section 13, block 1, ps survey, was reported by operator to be making hole below 10,702 feet in black shale. That formation is understood to be lower Pennsylvanian.

None of oil or gas have been

Truman-Rayburn Ticket Propo-ed

LOS ANGELES—(AP)—A Democratic slate of Harry S. Truman for President and Rep. Sam Rayburn of Texas for vice president was proposed by former Rep. Robert Ramspeck of Georgia, now executive vice president of the Air Transport Association of America.

He told the 43rd annual convention of the National Association of Postmasters Tuesday that reelection of Truman would protect their civil service rights, and for vice president "Sam Rayburn is the man."

The B&PW Club will have its regular dinner-meeting at 7 p. m. in the Private Dining Room of the Scharbauer Hotel.

If Stomach Gas or Sour Food Taste Robs You of Sleep

Here's How You May Help, Whether You Eat 500 Pounds or 2000 Pounds of Food in a Year

You can't feel cheerful, be happy and sleep well, if your stomach is always upset. As age advances the "old stomach" needs more help. The reason is this: Everytime food enters the stomach a vital gastric juice must flow normally to break-up certain food particles; else the food may ferment. Sour food, acid indigestion and gas frequently cause a morbid, touchy, fretful, peevish, nervous condition, loss of appetite, underweight, restless sleep, weakness, etc.

To get real relief you must increase the flow of this vital gastric juice. Medical authorities, in independent laboratory tests on human stomachs, have by positive proof shown that 888 Tonic is amazingly effective in increasing the flow when it is too little or scanty due to a non-organic stomach disturbance. This is due to the 888 Tonic formula which contains very special and potent activating ingredients.

Also, 888 Tonic helps build-up non-organic, weak, watery blood in nutritional anemia—so with a good flow of this gastric digestive juice, plus rich red-blood you should eat better, sleep better, feel better, work better, play better.

Avoid punishing yourself with over-doses of soda and other alkalis to counteract gas and bloating when what you so dearly need is 888 Tonic to help you digest food for body strength and repair. Don't wait! Join the host of happy people 888 Tonic has helped. Millions of bottles sold. Get a bottle of 888 Tonic from your drug store today. 888 Tonic helps Build Sturdy Health.

West Elementary P-TA Meets In Observance Of 'Membership Week'

The West Elementary School P-TA met in regular session Tuesday in the auditorium to observe national "Membership Week," and 175 members heard the announcement by Mrs. J. H. McClure, membership chairman, that the unit has 302 paid members.

At the business session carnival plans in their completed stage, were discussed by Mrs. George Bennett, carnival chairman.

Following Principal Wesley Martin's explanation of the "in-service" training course for teachers and the school-wide spelling bee for children, Mayor R. H. Gifford was featured in a short talk on the various plans for the use of funds included in recently-voted bond issue, after which a round-table discussion was held in which P-TA members asked questions on civic problems.

Special music, "Little Lena and Little Hans" and "East Wind, West Wind" was presented by Dorothy Routh and the Junior High School girls' chorus.

Announcement was made by Mrs. Elliott Barron of the coffee to be held at 9:30 a. m. Thursday October 23, in the home of Mrs. N. D. Cason, honoring room mothers. Each member was asked to donate a book suitable for elementary-age children, so that the school may have a library.

The next meeting will be at 3:30 p. m. November 11 in the auditorium.

High School Carnival Planned At P-TA Room Mothers' Coffee

Halloween Carnival plans were featured at a coffee Tuesday morning for High School P-TA room mothers in the home of Mrs. Al Cowden, with Mrs. George Glass, co-chairman, Mrs. Guy Cowden, carnival treasurer; Mrs. C. E. Nelson, publicity chairman; and Mrs. P. E. Weaver, assistant.

The following booths were planned: bingo, Mrs. W. H. Gilmore, Mrs. Al Cowden, and Mrs. George Glass; cake walk, Mrs. Bob Franklin and Mrs. J. Holt Jewell; penny-putting, Mrs. Frank Ashby, assisted by Mrs. Harry Pryor; bean bag, Mrs. Walter Anguish, assisted by Mrs. N. B. Winters; doll rack, Mrs. Forrest Hunter, assisted by Mrs. W. M. Studdert; coffee, Mrs. R. L. Denton; foods, Mrs. J. M. Devereux, assisted by Mrs. R. T. German, Mrs. J. G. McMillan, Mrs. D. R. Carter, Mrs. L. B. Pemberton, Mrs. Ted Greene, Mrs. Guy Lynch, Mrs. W. H. Grounds, and Mrs. Peyton Anderson; drinks, Mrs. J. T. Morrow, assisted by Mrs. Henry Murphy and Mrs. George Johnson; pies, Mrs. Bill Wyche, assisted by Mrs. John Scrogin, Mrs. Roy McKee, and Mrs. J. C. Velvin; and candy, Mrs. D. Downing, assisted by Mrs. W. A. Schaeffer.

The carnival is scheduled Saturday, November 1. Food booths will open at 6 p. m. to enable families to have their dinners at the carnival.

Room mothers attending the coffee were Mrs. Al Boring, Mrs. Earl Chapman, Mrs. Walter Anguish, Mrs. Nelson Puett, Mrs. Bob Franklin, Mrs. Lynch, Mrs. D. R. Carter, Mrs. Jewell, Mrs. Devereux, Mrs. C. H. Shepard, Mrs. McMillan, Mrs. Johnson, Mrs. Glass, Mrs. Moore, Mrs. R. E. Klebold, Mrs. Rhodes, Mrs. Scrogin, Mrs. J. C. Velvin, Mrs. McKee, Mrs. Gilmore, Mrs. J. W. Drummond, Mrs. Murphy, Mrs. Morrow, Mrs. Nelson, Mrs. Scharbauer, Mrs. Joe B. Wright, Mrs. Frank Blackwell, Mrs. Ted Greene, Mrs. Schaeffer, Mrs. J. H. Chapple, Mrs. N. B. Winters, Mrs. Studdert, Mrs. J. G. Chauncey, Mrs. W. T. Hagler, Mrs. Theo Ferguson, Mrs. Pemberton, Mrs. Grounds, Mrs. Ashby, Mrs. Wyche and Mrs. Hunter.

Persons may order pansy plants at \$1.35 per hundred by giving money and name to Mrs. J. Hollis Roberts. It was announced.

Those present included a visitor, Mrs. R. E. Patton, and Mrs. H. S. Forstrom. Mrs. Charles Henderson, Mrs. N. B. Larsh, Mrs. Leslie Brown, Mrs. J. H. Roberts, Mrs. J. W. Baker, Mrs. Butler Hurley, Mrs. O. H. Jones, Mrs. Foy Proctor, Mrs. J. A. Mascho, Mrs. Bob Hill, Mrs. Shirley and Mrs. W. E. Daugherty.

South Elementary Poster Winners Named

South Elementary School winners in the "Fire Prevention" poster contest in the first through fifth grades were announced Wednesday.

Winners are: First grade, Sandra Stewart, age six, first, and Judy McIntosh, age six, second; second grade, Charlotte Craig, age eight, first, and Shirley Ann Martin, age eight, second; third grade, Melba Bullock, age eight, first, and Doris Perryman, age eight, second; fourth grade, a class-project poster won first place, and Paula Smith, age eight, second; and fifth grade, Eddy Pinkell, age 10, first, and L. J. Kelley, age 10, second.

BAND-AIDES TO MEET
The Band-Aides will meet at 7 p. m. Thursday in the Band Hall of the high school, it was announced Wednesday.

St. Margaret's Guild Discusses Parish Dinner

St. Margaret's Guild of the Trinity Episcopal Church made plans for the Parish dinner, which is scheduled November 18, at a meeting Monday in the home of Mrs. W. A. Yeager, 1704 West Missouri Street.

During the business session, under the direction of co-chairman Mrs. John P. Butler, Mrs. M. F. Turner, general chairman for the dinner, named the following sub-chairmen: Mrs. Roy Kinsey, Mrs. W. A. Schaeffer, Mrs. William Studdert, Mrs. R. W. Hamilton, Mrs. William Potts, Mrs. J. P. Ruckman, Mrs. Fred Cassidy, Mrs. George Turner, Mrs. R. E. Morgan and Mrs. Lloyd Edwards. All church members have been urged to attend the dinner, which is an important part of the National Church's organization.

A rummage sale, scheduled November 1, was announced, and all members of both guilds are urged to collect all saleable clothing and deliver it to the county buildings on the East Highway the afternoon preceding the sale, so that articles can be marked and placed before the sale opens.

The program, under the direction of Mrs. Ruckman, who reviewed "Without God and Without Hope," including a devotional period of singing Morning Prayer chants led by Mrs. Preston Lee, church organist, and Mrs. Harvey Herd, a choir member.

Guests attending included Mrs. Nelson, Mrs. Lea, and Mrs. Herd. Members present were Mrs. Butler, Mrs. Taylor Cole, Mrs. Anthony Folger, Mrs. John FitzGerald, Mrs. Hamilton, Mrs. Dan Harston, Mrs. Kinsey, Mrs. C. C. Keith, Mrs. N. B. Larsh, Mrs. Selman Lones, Mrs. R. E. Roark, Mrs. Ruckman, Mrs. Eugene Russell, Mrs. E. H. Shaw, Mrs. Schaeffer, Mrs. Studdert, Mrs. Robert Snell, Mrs. Turner, Mrs. Yeager and Mrs. Don Thompson.

More Summoned For Ross Jury

LA GRANGE — (AP) — Court observers expect a jury will be completed Wednesday to hear the Ross murder case, now in its third day. Judge J. R. Puchs Tuesday ordered Sheriff T. J. Flournoy to summon 50 more men after the original venire of 104 Fayette County residents yielded only nine qualified jurors.

The residents of La Grange and Fayette County have shown little interest in the case against the 43-year-old Dr. Lloyd L. Ross, charged in the roadside slayings of four people who were once his friends. At no time during the trial have seats in the old courthouse here been at a premium, as was the case in New Braunfels, county seat of Comal County, near the scene of the May 25 tragedy. The case was transferred here on a change of venue.

Most Have Opinions Ross is charged with the murder of Mrs. Mary York, 67; Willard H. York, 39; her son, Mrs. Gertrude York, 43, his wife; and John York, nine, their son, all of San Antonio.

The state elected to try York first on the charge of the death of Mrs. York. An even 50 of the 86 prospective jurors examined were excused because they said they had formed an opinion either as to the guilt or innocence of the defendant.

Twelve said they did not believe in giving a defendant the death penalty because of conscientious scruples.

Second Grade Pupils Visit Fire Station

Second grade students of the West Elementary School, visited the Midland Fire Station Wednesday morning, as a conducted field trip project. The trip was an outgrowth of student interest in Fire Prevention Week and the presentation by second graders of a fire prevention program last Friday. School buses transported the youngsters to the fire station, where a demonstration of fire-fighting technique was conducted. The fire trucks were moved to the street for inspection and questions.

The students and their teachers, Mrs. F. B. Kington and Mrs. Barnes Milan, assured the fire fighters of their cooperation in preventing fires. A group of second graders will go to the Midland County Library Thursday to look for available materials on firemen and fire-fighting equipment. The materials will be used as references in the continued study of fire prevention. Other field trips are planned during the year.

Nimitz Says A-Bomb In Combat Might End Civilization

DALLAS — (AP) — Another combat application of atomic power might end civilization, Admiral Chester W. Nimitz declared here Tuesday night.

The chief of naval operations delivered the principal address at the All-Veterans Day at the Texas State Fair, warning that the United Nations must be augmented by an adequate national security. "In the evolution of an international society we have reached the comparable position of life in the frontier days, when each family contributed to the maintenance of the police force, but also kept its own guns loaded and handy," he declared.

Early Tuesday the Texas-born admiral revealed plans for virtual retirement from the Navy in mid-December.

Nimitz said he had already recommended his successor as chief of naval operations to President Truman. He said he was not able to divulge the name of the man he had recommended.

His future plans include residence in the San Francisco area and numerous visits to Texas, Nimitz said.

Max David Will Head Chest Drive

Max David, popular independent geologist, has been selected as campaign chairman of a forthcoming Community Chest drive. Robert I. Dickey, chairman of the Midland County Community Chest executive committee, announced the appointment.

The Community Chest campaign begins in Midland County, November 1 and runs through November 8. It will be a five-in-one drive. Boy Scouts, Girl Scouts and Salvation Army already are certified to receive benefit from the Chest and Goodfellow's is expected to be certified soon. An application by the Junior Canteen is expected.

Oil & Gas Log—

(Continued from page 1) reported recently. This wildcat flowed at the estimated rate of 20 barrels of oil per hour in a test at 10,401-483 feet.

OLSEN WILDCAT IN SE LEA TAKING DRILLSTEM TEST

R. Olsen Oil Company, et al. No. 1 Wimperi, Southeast Lea County wildcat, three and one-half miles east of Jal, and 1,080 feet from north and 680 feet from east lines of section 23-25-37e, was bottomed at 8,930 feet in an unidentified lime, and was taking a routine drillstem test.

There was no verification of rumors that this project had entered the Ellenburger.

PLYMOUTH MOVING IN TOOLS FOR ANOTHER STERLING TEST

The Plymouth Oil Company No. 1 Foster, 660 feet from north and west lines of section 56, block 2, H&C survey, semi-wildcat in North-Central Sterling County, slated to go to 9,000 feet to test Ellenburger, was digging cellar and pits and moving in rotary. It is 2,591.5 feet southwest of the same company's No. 1 Frost, discovery for a small production from the Ellenburger at 8,358-63 feet. That well is now installing a pump to complete. On last test it swabbed about eight barrels of fluid per hour, half oil and half water.

Police Alerted To Seek Hitch-Hiker

Odessa police Tuesday asked Midland police to watch for a hitch-hiker who left Odessa headed toward Midland and is a suspect of taking articles from cars. The man was seen prowling cars in Odessa and tools and papers were missing.

Tracy Gets A Bone. If Found, Not A Demerit

Where's Tracy? A dog belonging to Dr. and Mrs. W. L. Sutton of Midland, which is a mascot (self-propelled) of the Midland High School Band, football team, and of the students generally—is missing.

The little mixed Boston screw-tail and terrier with three white feet and white face likes to mingle with the students, race along beside the band on parades, and romp about on the high school grass with the gridlers.

The Suttons feed Tracy but most of the time, he is "at school."

Wednesday Tracy was absent and has been for two days, both at school, and at home. Any citizen seeing Tracy or knowing where he is should notify Mrs. Sutton, who is saving Tracy a bone.

Tracy, won't you please come home? No demerits.

New Winkler County Highway Engineer Visits Oil Men Here

Alton M. East of Kermit, recently appointed Winkler County highway engineer, was in Midland Tuesday afternoon conferring with various oil company officials concerning their present and future highway needs and requirements in Winkler County. He also was to visit with State Highway Commissioner Fred Wemple.

East, formerly city engineer of Midland, is engaged in developing a master plan of Winkler County's highway system. He said his county's program of highway planning and development eventually to provide all sections of the county with a connecting system of improved roads and highways.

YADEN RECEIVES ARMY COMMISSION

Capt. Earl N. Yaden (AC) of Midland was among 528 Texans nominated recently by President Truman for regular Army and Air Force commissions. The appointments must be confirmed by the Senate when it reconvenes.

Captain Yaden was in the Army five years during World War II, serving two years in the Southwest Pacific Theater.

Long Beach Man To Head Drilling Body

LONG BEACH, CALIF. — (AP) — E. C. Brown of Long Beach Tuesday was elected president of the American Association of Oilwell Drilling Contractors, holding its seventh annual meeting here. He succeeds J. E. Warren, Midland.

Joe S. Morris, San Antonio, was chosen president at large. Vice presidents for the various districts include: George S. McQueen, Fort Worth, West Texas and New Mexico; D. B. Ferguson, Carmi, Ill., cable tools; Lester D. Cain, Houston, Gulf Coast; William Broadhurst, Tulsa, central Mid-Continent; D. H. Graham, Long Beach, Cal.; M. Olds, Mount Carmel, Ill., Illinois, Michigan, Indiana and Kentucky; E. E. Pickering, Houston, well servicing; and Zee Zeppa, Tyler, cretaceous and tertiary basins. Other officers were re-elected.

Among the regional directors named were: Permian Basin — Guy Mabee, Midland; C. M. Ashby, Dallas, and Leon Olson, Tulsa.

Texas elected directors-at-large included George P. Livermore, Lubbock.

What Other Tire Can Hold a Candle to the New FISK Air-Flight

The tread is designed to sweep rain aside for certain traction. At a touch of the brakes you stop fast, straight-in-line. Sickle edges dig in, hold tight. Check these other Air Flight features:

1. Better Cord! Lighter...tougher...stronger. For longer tire life, more protection against blowouts. Gives tire the inner strength to take severe service, good roads or bad.

2. Stronger Sidewalls! Greater flexibility... cushions your car... saves wear and tear on your tires.

STOPPED COLD!

COOL and EVER satisfying thirst-quencher is that always uniformly flavor-perfect blend of never less than 33 fine brews... the truly great beer we proudly distribute... blended-splendid Pabst Blue Ribbon. Your choice—either in the famous bottles or the handy cans.

Texas-Arkansas Mentors Sing Blues

MEMPHIS (AP)—Titanic Texas, third-ranked among the nation's college football teams, opens its Southwest Conference feud with once-beaten Arkansas here Saturday and Coach Blair Cherry figures the time couldn't be less opportune.
"The Arkansas boys probably lost last week because they were looking over Baylor's head to this game," comments the new top tactician of the unbeaten Longhorns. "They'll be on the rebound."
Cherry describes his Texas crew, which has rolled up an average of better than 30 points a game in disposing of Texas Tech, Oregon, North Carolina and Oklahoma, as "a good team—not a great team."
"Then he adds: 'Arkansas is capable of beating us.'"
Drayling Coach John Barnhill of the Razorbacks, a conference co-champion and Cotton Bowl host last year, takes sharp issue on this point. "They should beat us by 50 points," he says.

ZAHARIAS, RILEY LEAD IN HARDSCRABBLE OPEN
FORT SMITH, ARK.—(AP)—Led by Mildred (Babe) Zaharias of Denver and Polly Riley of Fort Worth, nine entrants started a second day of medal play in the Hardscrabble Country Club's annual Women's Open golf tournament here Wednesday.
Mrs. Zaharias and Miss Riley Tuesday shot 78—three under women's par of 79—in the first 18 holes of the 72-hole event.

Three Games Are Carded In Week

With the varsity Bulldogs idle, three Midland football teams will play this week.

Thursday afternoon the "C" Bulldogs (third string graders of the high school) will play a similar eleven at Odessa.

Also Thursday the John M. Cowden Junior High Bullpups will play Lamesa in the high school stadium here.

Saturday night the "B" Bulldogs entertain the "B" Bronchos of Odessa. This tilt is called at 8 p. m. and fans wishing their taste of football weekly are urged to turn out in good numbers.

The varsity Bulldogs take a well-earned rest this Friday and thus have two weeks to prepare for Abilene. Offense is being stressed in drills this week by Coaches Barnes Milam, Aubrey Gill, Jack Mashburn, Earl Glassie and Clarence Holman.

Midland's "C" Bulldogs have won one and lost two so far this season. The frosh beat Stanton, 19 to 12, but lost to Odessa, 21-0, and to Lamesa, 7-0.

The Pups tied Seminole, 6-6, and lost to Odessa, 32-0, in two games previously this season.

The "B" Bulldogs dropped to Odessa, 13-0, to San Angelo, 12-0, then swamped Lamesa, 37 to 0.

Sports

6—THE REPORTER-TELEGRAM, MIDLAND, TEXAS, OCT. 15, 1947

GOLDEN GLOVES
I wish to participate in Golden Gloves:
Name _____ Weight _____
Address _____ Age _____
Class (open or high school) _____
Mail to: GOLDEN GLOVES, care of THE REPORTER-TELEGRAM, Midland, Texas.

Golden Gloves Starts

Plans are underway to organize a Midland Golden Gloves team and boys of the city are urged to get in their names if they wish to participate. Midland has been challenged by Odessa and Coach-Director Joe Shell of Midland accepted and he needs a team.

The Reporter-Telegram will accept applications of Midland boys to participate in Golden Gloves. The applications will be given to Shell. A coupon, to be mailed, will be run several times in The Reporter-Telegram. Boys are urged to fill it out and mail it.

Golden Gloves in Midland is open to both open and high school boxers. High school boxers are in the novice class. In specifying weight classification, boys are urged to remember these weights: flyweight, 112 pounds; bantamweight, 118 pounds; featherweight, 126 pounds; lightweight, 135 pounds; welterweight, 147 pounds; middleweight, 160 pounds; light heavyweight, 175 pounds; heavyweight, over 175 pounds.

Shell, experienced in Golden Gloves at Abilene, will be in charge of the Midland organization. He recently moved here from Abilene. He will coach and direct. Monday Shell was seeking a place to train the boxers.

California produces 69 per cent of the mercury mined in the United States.

Take Off Ugly Fat With This Home Recipe

Here is an inexpensive home recipe for taking off unattractive weight and helping to bring back alertness and grace of slenderness. Just get from your drugstore, four ounces of liquid Borax, add enough grapefruit juice to make a pint. Then just take two tablespoonsful twice a day. Wonderful results may be obtained quickly. Now you may slim down your figure and lose pounds of ugly fat without back-breaking exercise or starvation diet. It is easy to make and easy to take. Containing nothing harmful. If the very first bottle doesn't show you the simple, easy way to lose bulky weight and help remain slender, more graceful curves, return the empty bottle and get your money back.

Statistics Show Passes Surest Way To Push Pigskin Goalward

NEW YORK (AP)—College football coaches are learning, it appeared Wednesday, that the surest way to push a pigskin toward the other fellow's goal is to throw it—provided you have somebody who can propel it in the proper direction and somebody else to halt it down.

This was indicated more or less clearly in the weekly statistics of the National Athletic Bureau, which show the outstanding forward passers of 1947 are far ahead of their predecessors in the matter of accuracy and all aerial records are in danger.

Rex Olsen of Brigham Young University, the leading passer in the nation in the number of successful tosses, has completed 51 forwards in four games covering a total of 599 yards.

Watch Coming Along
Behind him in the bureau's rankings come Charley Conery of Mississippi with 46 completions, Norm Van Brocklin of Oregon with 38, Gene Bourder of Montana State with 34, Johnny Rauch of Georgia with 30, Jimmy Bowden of Texas Mines with 27, and five others with 25 each.

Most of them have played four games. Art Perry Moss of Illinois has completed 25 passes in three contests, and Johnny Lujack of Notre Dame has been on the throwing end of 25 successful pitches, although the Irish have participated in only two games.

The terrific pace being set in the aerial department is accentuated by the fact that Travis Tidwell of Auburn was leading the country at this point a year ago with 27 completions and that in the history of college football only two players have completed more than 100 passes in an entire season.

Tidwell Led in '46
Wilson (Bud) Schwenk set the record when he hit 114 for Washington University of St. Louis in 1941, and Ray Evans of Kansas completed 101 in 1942.

Tidwell completed only 79 passes last year when he led all the passers in the country.

Olsen, or any of a dozen other aerial artists, could wipe out Schwenk's completion record as well as the mark of 1,457 yards gained on passes in a season—set by Davey O'Brien at Texas Christian in 1938 and tied by Schwenk in 1941.

Tough Weekend Due In State's Schoolboy Race

By HAROLD V. RATLIFF
Associated Press Sports Editor

Thirty conference games bring the Texas Schoolboy football race slam-bang into the big middle of the battle for the championship this weekend.

Six of the contests are major affairs, one of them matching unbeaten teams as Thomas Jefferson of San Antonio makes its bid for a repeat as District 15 titlist against favored Corpus Christi.

And while a dozen districts are slugging it out with important conference games, mighty Odessa, the defending state champion and favorite to win again, will be clashing with unbeaten, untied—and possibly underrated—Amarillo in a top sectional battle.

Waxahachie Faces Test
Of almost as much significance as the Thomas Jefferson - Corpus Christi game will be the collision of Waxahachie Waco, in District 10, and Polk's tussle with North Side in the Fort Worth district.

Unbeaten, untied Waxahachie is the District 10 favorite but Waco, which has lost only to Austin, a District 15 powerhouse, is considered a major challenger—probably even more than Corsicana, which is undefeated and untied.

Poly hasn't lost a game, although it has been tied, but won't be expected to lick the fine North Side eleven that has bowed only to Odessa.

Mineral Wells, a favorite in District 9, clashes with Weatherford, which is undefeated. Tyler, a well-ranked team in District 11, meets Texarkana and Goose Creek, favorite in District 14, tangles with Beaumont in other important conference affairs.

Paraguay, with 1,108,040 people, has the smallest population among South American republics.

**Gaines Has Radiators
And Anti - Freeze**

H. L. Gaines, owner of Gaines Radiator Shop, 307 North Weatherford Street, reports he has an ample supply of radiators — except for Fords. Ford radiators are difficult to get at this time, he says. However, he has a wide range of radiators in stock for General Motors and Chrysler cars, and can supply a new radiator for almost any other make.
He also has some good anti-freeze on hand. Not a big supply by any means, but enough to take care of numerous customers who are wise enough to lose no time in preparing automobiles for winter driving. He, like every other automotive merchant in Midland, does not know where he can get more anti-freeze when his present stock is sold. He has approximately 160 gallons of ethylene glycol, released by the government last year. It is a permanent anti-freeze, which means it will not boil out of the radiator.
Gaines Radiator Shop specializes in cleaning and repairing old radiators as well as installing new ones.

**This Company
Headquarters
For Builders**

Although lumber and all other building materials continue in short supply, the builder has an excellent chance of filling his needs at Higginbotham-Bartlett Lumber Company, 211 West Missouri Street in Midland.
Charles Reeder, manager, a few days ago reported he had received a carload of siding—an item which has been difficult to obtain for a long time.
The company also has a big supply of barbed wire, poultry wire and 35-inch netting fencing, all of which have been rare on the American market several years. Stockmen will cheer news that the company has on hand a large quantity of one-by-six rough corral lumber.
Widmills Stocked
Higginbotham-Bartlett Lumber Company handles widmills, builders' hardware and painters' supplies; stocks a full line of Sherwin-Williams paints and Luminal water-mixed paints, and Imperial wall paper.
Regardless of the customer's needs, when it comes to building, painting or redecorating, Higginbotham-Bartlett is a likely place to find exactly what is wanted. And ranchmen of the Midland area make the store their headquarters for all heavy hardware and building supplies.

Popular And Well-Stocked Grocery And Market

This is an interior view of Westland Grocery and Market, on the Andrews Highway at the Wall Street intersection, which maintains a large stock of canned foods of all types, as well as frozen foods and fresh fruits and vegetables, and, of course, a well-supplied meat market. The store opens at 7:30 a. m. and closes at 8 p. m. each week day and is closed all day on Sunday. In addition to its particularly wide variety of foodstuffs, Westland Grocery and Market keeps a magazine stand for the benefit of customers in that part of the city.

**U. S. Attorneys Will
Represent Germans**

HOUSTON—(AP)—Two U. S. attorneys will represent 27 Germans living in the American Occupation Zone in Germany in a suit over the estate of the late Frank A. Lichter in civil district court here October 27.
Lichter, a native of Germany, died here 11 years ago. His will provided that the estate should go to "my heirs" after the death of his widow, who died last year.
Attorneys said this will supersede one in which Mrs. Irma O'Fry of Houston, Lichter's stepdaughter, was designated as the heir after Mrs. Lichter's death.
Dispute Estate
Mrs. O'Fry is attempting to obtain a court ruling that the term "my heirs" refers to her.
Lichter left an estate of \$1,500 in a Tomball Bank and royalties in the Bammel Gas Field.
U. S. District Attorney Brian Oden and his assistant, Fred Leigh, were appointed by Attorney General Tom Clark to represent the German residents, who were found to be relations of Lichter by Attorney Paul Strong.

Alexander II of Russia liberated 20,000,000 serfs at the time of the American Civil War which resulted in the freeing of the slaves.

Public Needs Ice Even In ZeroWeather

Winter is not far away, and you might think that when the temperature drops away down, business at Southern Ice Company drops a little, too.
Well, you're right.
L. W. Meador, manager of the plant, says during extremely cold weather people just don't buy as much ice as they do during the summer months, and there's no use saying they do.
However, even though frigid temperatures have an effect on the business, a lot of people use ice boxes for food storage the year around, and Southern Ice Company continues to deliver anywhere in the city. It also maintains its block ice and crushed ice service at the dock at 310 South Main Street, and Midlanders find this feature handy for special ice needs. Cold drinks are popular every month in the crushed ice.

Public Needs Ice Even In ZeroWeather

year, and any drink tastes better when cooled by good crushed ice.
In addition to serving the public's ice needs, the company sells Cool-erator ice boxes of 100-pound or 75-pound capacity, as well as ice chests for cooling large quantities of cold drinks or dairy products.
You'll find courteous, efficient service at Southern Ice Company, whether you order by telephone (the number is 5) or drive to the dock in your automobile to pick up a block of ice or a package of ice.

Helping Europe

After twice adjusting their sights to accommodate American suggestions, 16 "Western" European nations ask the New World for \$22.4 billions in the coming four years. The United States is asked to provide \$15.81 billions.

This is the answer of Europe, excluding the Soviet bloc which, as usual, refused to cooperate, to the question propounded by Secretary of State Marshall:

If you could get it, how much would you need to repair the worst ravages of war, avoid economic collapse, and get back to where you could support yourselves by your own production?

The 16 countries, plus Western Germany, have answered, in effect:

"If you will let us have \$22.4 billions from 1948 through 1951 we will work like beavers. We will try to get our farms, our mines, our factories producing faster than they were in 1938. We will rehabilitate our railroads, replace our sunk shipping.

"We will take for our own use only what is absolutely necessary. By the end of 1951 we still will be so short that we shall have to ration. But we believe that, by then, with rationing, we shall be able to live on our own production plus what we can pay for with the income from exports."

There is a specific answer to a fair question. No layman knows whether the answer is accurate. Will \$22.4 billions be enough? Would less do the job? Can Europe become even relatively self-sufficing by the end of 1951 on that or any amount we possibly could provide? Our best experts will have to advise Congress on these points.

We know that war-scarred Europe cannot rehabilitate herself without assistance, and that only the United States has resources sufficient to meet the minimum needs, whatever they may prove to be.

We know that even this rich country cannot support Europe permanently. We have the choice of letting her starve—with the inevitable result of anarchy and totalitarianism and World War III—or of helping her to get back onto her own economic feet. If the milk of human decency did not forbid that we see millions starve, then self-interest still would force us to act.

We know that to help Europe help herself will cost us more, temporarily, than merely to avert acute starvation. In the long run it will cost much less. For four years, anyway, it will cut an average of \$4 billions a year from the tax reductions for which we can hope.

We know that, though Europe disclaims asking for charity and hopes to repay, in fact she probably never can or will.

And, finally, we know that Europeans can't eat or wear or fabricate dollars. The dollars will be bookkeeping credits. Out of our plenty and out of our scarcities we are asked to squeeze \$4 billions worth of food, raw materials, manufactured goods a year for four years.

Is this a high price? Is it too much? Ask the men who fought World War II. Ask the parents of those who never came back. They ought to know.

An Indiana girl said she got married because she was tired of working. What she doesn't know is going to shock her.

Stitches are what are taken in heads that are not used by divers.

We could tell you exactly how many people are disappointed with the weather if we knew the exact census.

Kids Learn To Spell Tchaikowsky Early In This Musical City

By HAL BOYLE
MASON CITY, IA. —(AP)— Here the school kids learn to spell Tschalkowsky as soon as they do Mississippi.

This is one of the most music-conscious small cities in America, and it has a high school band that hasn't been defeated in state or national competition in 18 years.

They groom school children for band and orchestra work here as intensively as Notre Dame goes in for football. And the training starts in kindergarten.

More Fun Than Mother Goose
These junior members of the bubble gum set are too young to huff and puff through regular wind instruments, so they begin by learning the basis of all music — rhythm. Each kindergarten has its own small rhythm band, and the concerts are more fun than Mother Goose.

Band playing is something you have to sink your teeth into. The children therefore aren't encouraged to start playing wind instruments until the third grade.

"Before that their teeth aren't too good, and they have trouble with the reeds," smiled Carleton Stewart, high school band director and president of the National High School Band Association.

City Erects Music Building
The city was so proud of its band that in 1934 the citizens voted to erect a \$25,000 school building devoted exclusively to instrumental music—the first of its kind in the nation.

"Our band really starts in kindergarten. A good band has to be planned years in advance. It's too late to start in senior high school. You have to have continuity of training all along. I can go to the junior high schools now and pick the core of my band for three years hence."

Less than one per cent of the band players become professional musicians, but that isn't the aim.

"Most retain a lifelong interest in music," Stewart said, "and band playing teaches them many other things — teamwork, coordination, how to get along with the other fellow."

Depression Days Give One Texan Idea For Unique, Thriving Industry

By JACK RUTLEDGE
Associated Press Staff
Remember the depression? I. J. C. (Chase) Holland of San Angelo does, and with a great deal of appreciation and gratitude. It launched him on a unique and profitable industry.

Holland is owner of the Holland Jewelry Company, and in 1936 "things were terribly bad."

Some friends had extended credit and enabled the business to continue, and as a gesture of appreciation he wanted to send them a little token to show his thankfulness and gratitude.

First Went To FDR
The handle of an old umbrella gave him an idea. From it, he made miniature spurs, complete with rowel. He meant to attach the little spurs to cards, and send them to his 57 friends and creditors.

Then he decided to attach the spurs to a chain, and use them as the clips. He wore one such clip to a service club meeting, and before the luncheon was over, he had received an order for five more just like it.

The San Angelo man who ordered them sent them—the first of the now famous spur-clips—to President Franklin D. Roosevelt.

John N. Garner, then Vice President; Sen. Tom Connally; Jesse Jones, then head of the Reconstruction Finance Corporation; and Amon G. Carter, Fort Worth publisher.

Others saw the clips, and wanted them. Soon Holland had to hire another jeweler to help make them.

Employs 50 Today
Today he hires 44, of which 26 are ex-servicemen. He also has six traveling salesmen touring the country.

He advertises in national magazines.

A storage battery does not store electricity. Electric current passed through such a battery sets up a reversible chemical reaction which permits electricity to be generated chemically after the battery is "charged."

West Elementary Poster Winners Are Announced

Full participation by all students of the West Elementary School in the observance of Fire Prevention Week here was reported Wednesday by Principal Wesley Martin, who announced winners in the school's poster contest which was sponsored by Midland Jay-Cees.

First and second place winners in the contest were selected in each of the five grades. The winners by grades: first—Mike Dunagan and Bradley Woods; second—Janet Huffman and Lynn Murff; third—Jerry Fitzgerald and Linda Gardner; fourth—James Barron and Carl Gilmore; fifth—Paula Hancock and Mary Wynn.

Prizes were awarded at an assembly Tuesday afternoon when winners explained their posters to the student body.

Other activities included fire drills, class functions, study and lecture periods, and other special events. Every student took part in some phase of the program, Martin said.

An original fire prevention program was presented at an assembly period last Friday by second grade students as a feature of the week's activities. The program was arranged and produced under the direction of Mrs. June Kingston and Mrs. Barnes Milan.

Building Costs Rise Now 100 Per Cent

NEW YORK —(AP)— A national average increase of 104 per cent in building costs since 1941 was reported by the Dow Service, which based its findings on a survey in 140 cities throughout the 48 states.

The increase, said Myron L. Matthews in the Dow Service daily building reports "is due more to the cost of materials delivered at the site of construction than to labor's wage increases, adjusted."

He noted that "this conclusion does not deal with the whys and wherefores of the material price increases, of which wage increases at mill, quarry, forest, shop, etc., are contributors."

The national rise in labor cost since 1941 was reported at 77 per cent.

Up in All Sections
Increases in the average general construction cost for various geographical sections were reported by the Dow Service as follows: Metropolitan New York and New Jersey, 105 per cent; New England States (excluding the aforementioned), 108; South Central and Southeastern, 100; Mississippi West-Central tier states, 102; and Rocky Mountains and West Coast, 108.

+ Crane News +

CRANE—Funeral services were held Thursday afternoon in Hobbs, N. M., for Rt. M. Russell, father of R. V. Russell of the Gulf Camp, who died Tuesday of a heart ailment.

Lovelle Avent received a cut on her foot Thursday night when glass from a broken bottle struck her.

Mrs. T. C. Brightman is in a San Angelo hospital.

John Webb has returned from McCamey where he has been receiving medical attention.

V. H. Russell, L. E. Russell, and Douglas Pennie and family spent the weekend in Santa Anna and Brownwood. They attended the Russell family reunion Sunday.

Mr. and Mrs. E. Frank Craig, Jr. are on a vacation trip to Louisiana and Arkansas.

Mr. and Mrs. V. M. Stacy and E. R. Avent visited Mr. and Mrs. E. S. Brister and family of Kermit Sunday. They were accompanied home by their uncle for a week's visit.

The Golden Cranes will leave Friday for Marfa for a football game with Marfa Friday night.

David Bonner and Pat McLaurin, Tech students, spent the weekend with relatives here.

Mr. and Mrs. A. B. Corley and family moved from the Gulf Sand Hill Camp to Gulf Camp near Crane Saturday.

sent this man to a specialist who advised him to have his appendix removed. This was done but shortly afterwards the pains returned with the additional conditions of heartburn and constipation. Unable to get relief from drugs, he consulted a Chiropractor who declared that nerve pressure was the cause of his trouble. The pressure was traced to a twisted bony segment of the spine which the chiropractor adjusted back to normal. Immediately the heartburn subsided and little by little all other symptoms disappeared.

CHIROPRACTIC is NOT Medicine — Not Surgery — Not Osteopathy.

American Farmers Gain Increasing Comforts

With farm prices at record levels, the American farmer is using his increased income to get some of the modern conveniences his city brother has long enjoyed. Chart, above, based on a Bureau of Agricultural Economics census, shows the sharp rise in the percentage of rural homes with various modern improvements.

McKenney on Bridge

By WILLIAM E. MCKENNEY
America's Card Authority

The highest ranking active tournament player on the Pacific coast today is M. Schleifer, who became a Life Master about a year ago. When the eastern experts meet him at the regional tournament which will be held in Coronado, Calif., Nov. 7 to 11, they will find him one of the country's outstanding card players.

As I have often said before, the Pacific coast does not have its proportionate share of Life Masters, for the reason that the war prevented the coast players from participating in the larger tournaments around the country. But now, with the east and west coasts a few hours apart by plane, there will be more intermingling of eastern and western players at all major tournaments.

Any time that Schleifer enters a tournament, he can be counted upon to finish among the leaders. In today's hand he had to employ a double-trump coup in order to make his contract. The opponents cashed the first three diamonds

tricks, West winning the third diamond. West returned the six of spades, which was won in dummy with the queen. The queen and jack of hearts were cashed, and on the second round of hearts Schleifer found out that West had originally held four trumps to the king. The question now was, how could he capture the king?

One thing was certain. He must get rid of two excess trumps, so he led a small club from dummy and trumped it, re-entered dummy with a spade and ruffed the eight of clubs. Another spade put him back in dummy and he cashed the ace of clubs, discarding his good nine of diamonds. When he led the king of clubs, West was forced to trump, so Schleifer simply over-trumped and cashed the last trick with the high trump.

Iowa Farmer Is Shocked By View Of Europe's Need

GARNER, IOWA.—(AP)—Big-boned Jack Dethmers, comfortably well-to-do after years of rugged work in the black rich soil of Iowa, went abroad to see how the farmers of other lands were faring.

He was one of 22 curious Iowa farmers who paid out \$1,500 apiece for a month-long air trip to see European conditions, first hand.

Dethmers has come back appalled at the hopelessness of Europe's economic situation.

"Seems as if we knew less when we got back than when we started," he said soberly.

"We Just Have To Give"

"We'll have to feed them—the people over there. And we can't

sell it to them because they're already bankrupt. We'll just have to give it to them.

"It's either that or turn them over to the Communists. The feeling is pretty strong over there already."

The six-foot farmer, who worked his own way from hired hand, was considerably shocked at caste and class barriers in European lands which make it difficult for men to better their lot. Summing up his memories of Europe's distressed, he said:

"They can't understand why we were so lucky to have been born here and they so unlucky to have been born in Europe."

He told with a look of wonder on his face of hungry Germans

searching potato fields that had already been harvested.

"They picked up potatoes no bigger than a pea," he said. "But I suppose when one is hungry he'll pick up anything."

Dethmers brought back a conviction that European farming methods are outmoded and will have to be changed before machinery can be used well.

"They don't use the manpower and the tools they have efficiently," he said. "Even large farms are cut into small, irregular pieces."

Need Modern Methods

"In England they complained of lack of manpower, but they had 58 men working on one 1,400-acre farm. One farm had ten hogs and all one man did was take care of them."

Commenting on Germany, Dethmers said:

"You can see everything you need to see in one day. It is all blown to pieces."

He met a group of German mayors and asked:

"Why don't we see any young or middle-aged German men around—are they all working in the mines or factories instead of the farms?"

"All our young men," said one mayor, shaking his head, "are under the sod between here and Stalingrad."

Rental for the Panama Canal Zone right of way constituted 97 per cent of Panama's national income in 1945.

Spain Gets Most Imports From U. S.

WASHINGTON — (AP) — The United States and 20 Latin-American republics provided approximately 53 per cent of all Spanish imports in 1946, while purchasing only 39 per cent of Spanish exports, a detailed analysis of newly published official trade figures disclosed.

Of total imports amounting to \$252,033,000, exactly \$134,532,000 was paid to the West for food, heavy machinery, cotton and other commodities.

In contrast, the United States and the rest of the Americas bought only \$77,004,000 worth of goods from Spain, whose total exports amounted to \$194,312,000.

Nine nations accounted for the bulk of Spanish trade. And the pattern of commerce showed no relationship to the political position of the Franco regime. For instance, Mexico has never had diplomatic relations with Franco Spain and has long been the seat of Spain's exiled government. Yet one of Spain's fattest favorable trade balances in 1946 was with Mexico.

Argentina was the major provider of economic aid to Spain, its grain, meat and other foodstuffs imported by Madrid amounting to nearly \$25,000,000.

Food was the big item in purchases from the West, with raw cotton for Spain's textile trade a close second.

Father Makes Strong Appeal In Letter To All Auto Drivers

ELMIRA, N. Y. — (AP) — The following letter was written to the Elmira Advertiser, which observes: "If any driver can resist its appeal, he has no business with a driver's license." The contribution reads:

Dear Driver:
A few weeks ago, I saw a little girl struck by a car as she tried to cross the street. I saw a father race toward her and hold her to him as she struggled in the agony of death. I saw all the plans that had been made for her dashed and I saw the look of despair that came over his face. I could only offer a prayer that such a thing might never happen again.

Today my daughter, 6, started off to school. Her cocker spaniel, whose name is Scout, watched her leave and whined his belief in the folly of education.

Tonight we talked about school. She told me all about the girl who sits in front of her, a girl with yellow curls; and about the boy across the aisle who makes faces; about the teacher who has eyes in the back of her head; about the trees in the school yard and the big girl who does not believe in Santa Claus.

We talked about a lot of things — tremendously vital and unimportant things.

Now, as this is written, she is sound asleep with her doll "Paddy" in her arms.

When her doll gets broken or her finger gets cut or her head gets bumped, I can fix them. But when she starts off to school — when she starts across the street — then, Mr. Driver, she is in your hands.

Much as I wish I could it's not possible for me to be with her all the time. I have to work to pay for her home, her clothes, her education.

So Mr. Driver, please help me look out for her. Please drive carefully. Please drive slowly past schools and at intersections. And please remember that sometimes children run from behind parked cars.

Please don't run over my little girl.

With deepest thanks for whatever you can do for her, I am,

Very sincerely yours,
(Signed) Father.

Light Up---Cheer Up

ALL THE LAMP BULBS YOU NEED ARE AVAILABLE NOW!

Plenty of bulbs in all types and sizes will provide Better Light for Better Sight. With shorter days and longer nights ahead, it's time to stock up on your bulb supply. It's also a good time to check your home lighting. You'll probably be surprised at the number of empty sockets and the many places where light is inadequate. Empty sockets are useless and wrong size bulbs mean poor lighting as well as eyestrain.

Fill EMPTY SOCKETS

Fix the bulbsnatchers in your family by filling all empty sockets and replacing burned out bulbs. With the supply of bulbs plentiful, there's no need for blacked-out halls, closets or corners anywhere in the house.

Use RIGHT SIZE BULBS

For easy, comfortable seeing, use the proper size bulb for the lighting job to be done. Make sure that every member of your family has the best light possible for work, study or recreation.

Buy SPARE BULBS

For your own convenience, buy lamp bulbs by the half-dozen or dozen. Burned out bulbs can be replaced easily and quickly when you have an assortment of spares on hand.

Most stores sell Lamp Bulbs — put them on your shopping list today.

TEXAS ELECTRIC SERVICE COMPANY

"You'll be fresh when you arrive..."

"thanks to Hydra-Matic Drive!"

These words from Oldsmobile's new "radio song" have never been so aptly illustrated as in a typical ride to a football game. There's often a long distance to be covered. There's always traffic to contend with. Yet, if you're the driver of an Oldsmobile with Hydra-Matic Drive, you can... "Just forget the clutch and gear. All you do is sit and steer!" That's true in football traffic, or any other traffic. True on the highway, too. Hydra-Matic Drive takes care of all gear shifting—automatically—through four

forward speeds. And the clutch pedal is eliminated completely! What makes it even more impressive... this will be the ninth football season in which Hydra-Matic Drive has enabled Oldsmobile-owning fans to go to the games the easy way. GM Hydra-Matic Drive is a fully perfected, fully proved feature—and there's still nothing else on the market to compare with it. Oldsmobile introduced Hydra-Matic Drive 8 years ago. Today, Oldsmobile is still the lowest-priced car to offer it. Add to this Oldsmobile's traditional style-leadership—plus Oldsmobile's all-round, fine-car quality—and you'll see why so many football fans are Oldsmobile fans as well. You'll agree that...
