French Socialist Cabinet Resigns

De Gaulle Return May Be Hastened

PARIS—(AP)—The members of France's Cabinet handed their resignations Wednesday to Socialist Premier Paul Ramadier, but the premier himself did not resign. In the midst of what the premier called France's grave economic situation, his office announced Ramadier himself was firmly intent upon going ahead with the formation of a new government. It was not certain, however, that Ramadier would be successful. The announcement came with startling suddenness, just three days after Gen. Charles De Gaulle's smashing success in France's municipal elections. Some observers said the cabinet's unanimous decision to step down would facilitate the return to power of the liberation leader through his new party, the Rally of the French People. The cabinet reached its decision only a few hours after Ramadier had summoned the National Assembly back into an emergency session set for next Tuesday. Ramadier was expected to explain the reasons for the resignation at a news conference later in the day. The assembly was not due to end its Summer vacation until November 13. A communique issued after a cabinet meeting Wednesday morning said that because of the "complexity and gravity of the problems, it is necessary to inform the parliament."

Food Costs Continue In Dizzy Rise

The nation's consumers, juggling their budgets to cope with continued high prices, found little, if any cheer Wednesday in a prediction by the Bureau of Agricultural Economics on prices and supplies of major foods and farm products for 1948. The outlook by the bureau indicated higher prices were on the way in several commodities, some of which appeared toward peak levels reached during and after the first World War. Tuesday for the sixth consecutive day the Associated Press index of the wholesale prices of 35 commodities set a new all time peak. On livestock and meats, the bureau said prices probably will continue high and meat production was expected to drop about 10 pounds per person from the 1947 average per capita rate of 155 pounds. Wheat hits new high. Egg and poultry prices also are expected to average higher than this year, and dairy products may be higher the first six months of next year than in the first half of 1947. There may be a drop in the last half, the bureau said. Prices of wheat, which Tuesday in Chicago soared to the highest mark for the December future delivery since 1917, were forecast by the bureau to be governed largely by the size of next year's crop. Export demand was expected to continue large until the middle of 1949. December wheat at one time Tuesday was quoted at \$3.10 3/4 a bushel, while in the cash market No. 2 red wheat was sold for \$3.16 1/2, the highest price since 1920. The bureau's outlook on corn and other livestock feeds was that prices were expected to average higher than this year, and because of this year's poor corn crop, the total feed supplies would be smaller.

UN To Hear 'War Monger' Charges

LAKE SUCCESS—(AP)—The United Nations turned Wednesday to Russia's "war monger" charges with prospects of a series of verbal barrages outstripping anything heard in the two-year history of the peace agency. The Soviet demand that all governments prohibit "warmongering," the key issue of the Russian program in the 1947 General Assembly reaches the debating stage in the 57-nation Political Committee Wednesday afternoon with Deputy Foreign Minister Andrei Y. Vishinsky ready to fire the opening blast. The issue came up on the heels of a thumping defeat for Russia in the full assembly, which voted overwhelmingly in plenary session Tuesday to set up a Watchdog Commission in the Balkans, as proposed by the United States. The vote was 40 to 6 with only the Soviet bloc in opposition. The new commission will begin operations by November 21 and eventually have headquarters in Salonika, Greece. It will seek a solution to Greek border unrest, which a majority of delegates contend has been prompted by support to Greek guerrillas from Yugoslavia, Bulgaria and Albania. Russia and Poland, elected to the 11-nation commission, reiterated they would boycott the commission and indicated that the group would function with only the United States, France, Britain, China, Brazil, Pakistan, the Netherlands, Mexico and Australia participating.

Chile Also Breaks With Red Russia

SANTIAGO, CHILE—(AP)—Chile, blaming Communists for a recent coal strike, was aligned with Brazil Wednesday in a diplomatic break with the Soviet Union. The Chilean government said Tuesday night it had severed diplomatic and consular relations with Russia, and with Czechoslovakia as well, because of "instigations of international Communists" held to have "disturbed the public quiet of Chile." The Brazilian Foreign Ministry announced earlier in Rio de Janeiro that Brazil had cut diplomatic ties with the Soviet government because of what it called "outrageous and even calumnious" Russian press criticism of Brazil's President Eurico Gaspar Dutra and her army. Large Red Population. Chile's step will leave the Soviet-orientated section of Europe without a single representative, in Santiago. Yugoslavia broke relations with Chile October 11 in protest at Chile's expulsion of two Yugoslav diplomats. No other countries in the Eastern European bloc have had representation here. Brazil, with some 42,000,000 inhabitants and an area bigger than the Continental United States, has a Communist Party claiming 200,000 members—largest in the Western Hemisphere—although it was outlawed last May. Chile, with about 5,000,000 population and a size roughly equaling Texas plus West Virginia, has a Communist Party claiming 70,000. Brazil Congress Approves. Both countries have maintained diplomatic relations with Russia since 1945. Chile's Communists, dominate unions of coal, copper and nitrate miners. Brazil's Congress Tuesday voted confidence in the government after the break with Russia. The Senate acted unanimously, the Chamber of Deputies by a 190-to-6 vote—with Communist deputies voicing opposition.

Lieutenant Governor To Address Rotarians

U. S. Gov. Allan Shivers of Austin will be the speaker at the meeting of the Midland Rotary Club in the Crystal Ballroom of the Scharbauer Hotel at noon Thursday, with a capacity attendance of club members anticipated. Tom Sealy, program chairman, will introduce the "state official" who will be visiting Midland for the first time since taking office as lieutenant governor last January. Shivers will arrive here by plane Thursday morning and will be met at the airport by a group of Rotarians and other civic leaders. Members of other civic and service clubs have been invited to attend the luncheon.

Testimony Ends In Ross Murder Trial

LA GRANGE—(AP)—Testimony in the murder trial of Dr. Lloyd I. Ross was ended early Wednesday morning after one rebuttal witness for the defense testified the 43-year-old San Antonio surgeon was "abnormal" the day following the May 25 roadside slaying. Judge J. R. Fuchs handed attorneys for the state and defendant his charge, then dismissed the jurors until the 9-page set of instructions was perfected.

W. J. Peay, Pioneer Cattleman, Dies

William Benjamin (Billy) Peay, 62, pioneer rancher and resident of Midland County since 1905, was found dead late Tuesday at the Ralph Lowe Ranch in Andrews County, where he had gone to assist in a fall roundup. Death was attributed to a heart attack. The body was found by J. C. Locklar, ranch foreman. Peay was born November 3, 1884, in Cleburne, Texas, and came to Midland County in 1905. He had been connected with the Scharbauer Cattle Company, Brunson's, and other big cow "outfits" of this area. He was well-known throughout West Texas and at one time another had worked for practically all cattlemen of the Midland territory, assisting in roundups and other work. He also had ranch holdings of his own. Funeral services were to be held at 2:30 p. m. Wednesday in the Ellis Funeral Home Chapel, with the Rev. Howard Hollowell, pastor of the First Methodist Church, officiating. Interment was to be in Fairview Cemetery. Survivors include a sister, Mrs. Addie Augustine of Sterling City; and two brothers, T. A. and G. F. Peay of Robert Lee. Pallbearers: Sam Kelton, Dunn Reiser, Hughie Woody, Morris Cooper, Lon Roberts, Alvin Roberts, Bill Moore, O. W. Stice and Ed Darnell.

Frank Essex's Father Dies In Washington

Frank B. Essex, 75, of Silver Spring, Md., father of Frank B. Essex, Jr., of Midland, died Tuesday afternoon in a Washington, D. C. hospital, according to information received here. The Midland man left for Washington immediately after receiving word of his father's death. Mr. and Mrs. Frank Essex, Jr., had visited with the elder Essex at his home last week, returning to Midland Monday. Funeral services will be held Friday morning in Washington.

Lake Success — (AP) — Twenty-one persons were injured, some reported seriously, in the head-on crash of a Soo Line passenger train and a freight at Gladstone, near St. Paul Wednesday.

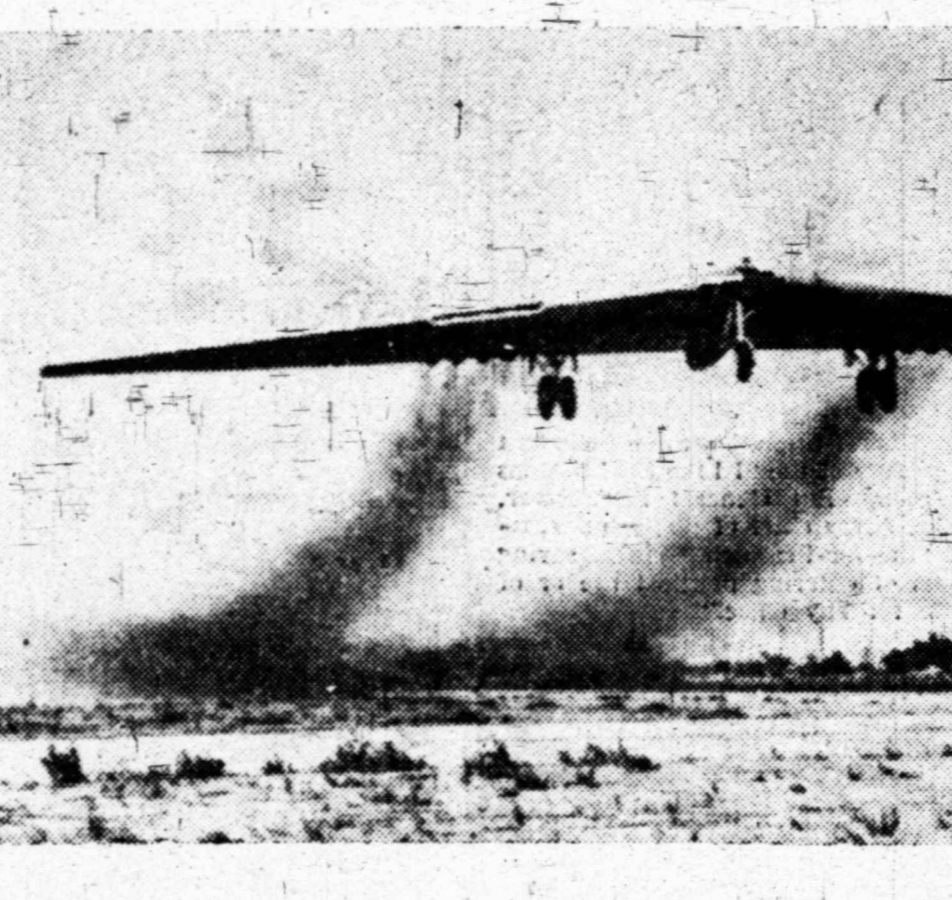

SAN FRANCISCO — (AP) — The Freighter Charles McDonnell, carrying 80 passengers and a crew of 36, sent out an SOS Wednesday after grounding on a reef in the Philippine Islands area, but an hour later reported she had pulled off under her own power and was "OK."

LONDON — (AP) — Prime Minister Attlee and Winston Churchill laid aside political differences Wednesday and paid joint tribute to Princess Elizabeth, congratulating her on her approaching marriage to Lt. Philip Mountbatten.

LAKE SUCCESS — (AP) — Russia and Czechoslovakia began their boycott Wednesday on Secretary of State Marshall's proposal for a year-round sitting of the United Nations Assembly.

HOBBS, N. M. — (AP) — A coroner's jury found that Pfc. Robert L. Barrett, 19, Bonham, Texas, took his life by hanging Tuesday night, four days after his bride of four months, Bobbie, left him.

Jet-Powered Flying Wing

Heavy plumes of smoke pour from eight giant engines as the jet-powered "Flying Wing" takes to the air. The wing was on its maiden flight with Northrop's Chief Test Pilot Max Stanley at the controls, heading for the Muroc, Calif., Army Air Base, after completing a series of test runs.

Taft Skips Primary In Wisconsin

WASHINGTON—(AP)—Senator Taft (R-Ohio) was reported Wednesday to have decided to pass up the Wisconsin presidential preference primary. Thus the first major battle of the GOP pre-nomination campaign likely will be fought there among Gov. Thomas E. Dewey of New York, Harold E. Stassen, Gen. Douglas MacArthur and possibly Gen. Dwight D. Eisenhower. With Wisconsin law permitting any candidate's name to be entered in the preference primary, with or without his consent, politicians generally agree that MacArthur's friends will battle for a share of the state's 27 delegates to the Philadelphia National Convention. MacArthur Favorite. The April 6 date for the primary may find MacArthur back in this country from his tour of duty in Japan. Any homecoming celebrations at that time are likely to freshen Wisconsin voters' recollections of the general's long record and his current administration of occupation forces in the former enemy country. MacArthur has been something of a favorite in Wisconsin since 1944. That is the year Wendell L. Wilkie withdrew from the Republican presidential nomination race after failing to win a single delegate in the primary. With his name the only one on the preferential ballot—as distinguished from the delegate ballot—MacArthur got 102,421 votes that year. Voters wrote in Dewey's name 21,036 times and gave Stassen 7,928 and Wilkie 6,439 by the same method.

Decision On Poultry Is Due Wednesday

WASHINGTON—(AP)—The Citizens Food Committee decides Wednesday whether to call off poultryless Thursday. Chairman Charles Luckman assembled his seven-member executive committee for an afternoon meeting to weigh a "final offer" from the poultry and feed industries to save grain for Europe in other ways. Luckman himself was reported leaning toward the plan but committee officials said the decision would be left up to the executive body. The proposal pledges specific savings of 16,800,000 bushels of grain from November through January by culling out poultry flocks and reducing the number of chicks hatched. It forecasts another 16,000,000-bushel saving through an industry-wide feed conservation drive. The plan has been presented to President Truman's Cabinet Food Committee for "appraisal and analysis," but poultry and feed industry spokesmen left town Wednesday saying they had "received no assurances whatsoever." An equally live topic of speculation was Truman's unexpected call for a meeting of congressional leaders at the White House Thursday. Senators and representatives wondered whether it meant the President decided to call a special session of Congress, presumably about December 1. However, two White House advisers said Truman's chief purpose in calling the meeting was to explore further the possibility of reaching a definite agreement on whether the lawmakers should be summoned into extraordinary session. The legislators invited to the executive mansion are the chairmen of the committees which must give assent before Congress can act on the President's \$580,000,000 program of winter aid for Western Europe.

Crawford Hotel Will Add Story, To Be Remodeled

Adding to the growing skyline of Midland, the Crawford Hotel will add another story, making this structure five stories high. Cal Boykin, owner, announced in addition to the new construction there will be other improvements to the Crawford. A new elevator will be installed and extensive improvements made within the hotel. The extra story will provide 30 new rooms for the popular hostelry. Building permit for the Crawford addition will approximate \$100,000. W. J. Pierce is the general contractor.

Moonshine Still Is Found Near Retreat Of Two Presidents

BALTIMORE—(AP)—Federal Alcohol Tax Unit officials would like to meet up with the moonshiner who had the temerity to set up a still on the grounds of Shangri-La, Maryland mountain retreat of President Truman and the late President Roosevelt. Tax unit agents disclosed Tuesday they found and destroyed the elaborate still on the Catoctin Reservation last month. It was in deep woods, less than a mile from the cabin where President Roosevelt held important conferences with Winston Churchill and where President Truman relaxes occasionally.

This Guy Must Have Been Mad Enough; He Ate Nails

LANSING, KAN.—(AP)—Three and one-half pounds of metal—including two complete safety razors without blades—was the yield of an operation on the stomach of an inmate of the Kansas State Prison. In addition to the razors, five metal washers, 401 nails of assorted sizes, a three-inch screw, a couple two-inch stove bolts, a two-inch nut, a large brass washer, 11 thumbtacks, a quarter-inch screw and 60 small metal objects, including paper clips and safety pins, were listed by Warden Robert H. Hudspeth in the recovery. Prison officials said the man, identified as James S. Payne, serving a one to five year sentence for arson, gave no reason for consuming the objects. The operation took place at the State Prison Hospital after he appeared there when a nail caught in his throat. His condition Wednesday was described as satisfactory.

Test Tube Baby

Mrs. Julie St. Paul embraces her daughter, Antoinette, 4, at her home in New York City. They are involved in a custody suit, which promises to write new legal history. Claiming that Antoinette is a test tube baby, Mrs. St. Paul asserts her estranged husband has no claim to full paternal rights and says she's the sole legal parent.

B. F. Whitefield, Pioneer Midland Merchant, Dies

Benjamin Franklin Whitefield, 72, retired merchant and civic leader, died at Midland Sunday 50 years, died at 5:30 p. m. Tuesday at the residence of a daughter, Mrs. Ralph Geisler, 1304 West Ohio Street, here. He had been ill since September 4. Whitefield was born September 15, 1875, in Ellis County, Texas, and came to Midland in 1898. He was married to Miss Earle Wolcott in Midland, October 3, 1900. Mrs. Whitefield died here 13 years ago. He was one of Midland's first retail merchants, and for 35 years operated a general mercantile store here. He freighted merchandise throughout West Texas and New Mexico and was one of the best-known early-day merchants of the Southwest. He retired from active business about 10 years ago, and since then devoted his time to farm and cattle interests near Midland. He owned considerable business property here. Highway Builder. An outstanding civic leader, Whitefield was one of the organizers of the Midland Chamber of Commerce, and was interested particularly in highway development. He was a member of a Midland delegation going to Washington years ago in a successful effort to have the Broadway of America Highway routed through Midland. He also was active in other civic affairs, and was a pioneer member of the First Christian Church. Funeral services were scheduled for 4 p. m. Wednesday in the First Christian Church, with the Rev. J. T. McKissick of Abilene, a former pastor, officiating. Interment will be in Fairview Cemetery. Survivors include two daughters, Mrs. Ralph Geisler and Mrs. H. Johnson Phillips; both of Midland; a son, Franklin Whitefield of Houston; a brother, J. W. Whitefield of Waco; and four grandchildren. Pallbearers are: M. C. Ulmer, Ralph M. Berron, H. G. Bedford, T. R. Wilson, R. B. Cowden, Maurice Kennedy, J. B. Livingston, and Harry McClintic.

Defendant In Lunacy Hearing 'Takes Over' District Courtroom

FORT WORTH—(P)—The lunacy hearing of former U. S. District Attorney, Chad O. Eastus was continued on joint motion of counsel Wednesday after the defendant informally opened the session by inquiring, "Is everybody happy?" and closed it by claiming he "is being illegally confined of his liberty."

Eastus strode daily into packed 27th District Court and greeted the crowd.

"Good morning, is everybody happy? I am. Let's gather around and spread a little sunshine." Then, waving his cigar and flicking ashes with abandon, Eastus strode to the front of the courtroom and, pacing back and forth, addressed remarks to the crowd and to individuals he spotted in the courtroom while he was returned to jail.

Thomas Declares Hollywood Has 79 Avowed Reds

WASHINGTON—(P)—Chairman Thomas (R-N.J.) said Wednesday the House Committee on Un-American Activities has "a very complete record on at least 79 Hollywood personalities who have engaged in subversive activities."

Thomas made this statement as the committee started the third day of hearings in its investigation of Communism in the motion picture industry.

He did not name any names but said "documented evidence" will be offered during the hearings on these 79.

Kaiser-Frazer Plans \$13,000,000 Program

DETROIT—(P)—Kaiser-Frazer Corp. revealed that it plans a \$13,000,000 expansion program in anticipation of 1947 earnings of nearly \$20,000,000.

A source within the firm, now the leading independent auto manufacturer, said serious production bottlenecks had been overcome in the last few months enabling Kaiser-Frazer to show a sizable earnings record.

Executive Vice President Edgar Kaiser said the corporation planned a \$10,000,000 expenditure for a new engine plant of its own at an undisclosed location.

He also announced a \$3,000,000 expansion program for the Detroit plant of Continental Motors, now under lease to Kaiser-Frazer.

The Willow Run firm plans to double production by next Spring, turning out 1,500 cars daily with another shift of workers added to the present force, he added.

CHILD'S BODY FOUND

HENDERSON—(P)—Missing from the home of his aunt at Overton since Monday, the body of Charles Martin Barfield, Jr., eight-year-old son of Mr. and Mrs. C. M. Barfield of Houston, was found by school students in a slush pit near a negro cemetery at Overton, where he had drowned.

Odessa Murder Trial Nearing End Wednesday

ODESSA—(P)—The trial of John L. Nall neared the jury stage Wednesday as defense and the state rested their cases late Tuesday.

The Houston man is charged with murder in connection with the death of Glen T. Thornton. Nall testified Tuesday he "went absolutely crazy" when he saw his former wife with her new husband, Thornton, here on the night of July 4 1946, and that he shot Thornton as the couple lay in bed in their apartment.

The defendant was on the witness stand almost three hours. He testified that there had been several efforts for a reconciliation with his wife before they were divorced last April.

Nall said he came to Odessa on July 4 on an impulse. He said the 22 caliber pistol with which Thornton was shot was in his car because he had used it for target shooting with a friend.

Does Stomach Gas and Bloat Make You Feel Miserable?

If so, here is how you may get blessed relief in freeing your stomach from the nervous distress it works this way: Everytime food enters the stomach a vital gastric juice must flow normally to break-up certain food particles; else the food may ferment. Sour food, acid indigestion and gas frequently cause a morbid, touchy, fretful, peevish, nervous condition, loss of appetite, underweight, restless sleep, weakness.

To get real relief you must increase the flow of this vital gastric juice. Medical authorities, in independent laboratory tests on human stomachs, have by positive proof shown that SSS Tonic is amazingly effective in increasing this flow when it is too little or scanty due to a non-organic stomach disturbance. This is due to the SSS Tonic formula which contains special and potent activating ingredients.

Also, SSS Tonic helps build-up non-organic, weak, watery blood in nutritional anemia—so with a good flow of this gastric digestive juice, plus rich red blood you should eat better, sleep better, feel better, work better, play better.

Avoid punishing yourself with over-doses of soda and other alkalis to counteract gas and bloat when what you so dearly need is SSS Tonic to help you digest food for body strength and repair. Don't wait! Join the host of happy people SSS Tonic has helped. Millions of bottles sold. Get a bottle of SSS Tonic from your drug store today. SSS Tonic helps Build Sturdy Health.

MAGAZINE GIFTS TO DUNBAR BRANCH LIBRARY ANNOUNCED

The Modern Study Club's gift of \$25 to the Dunbar Branch of the Midland County Library will be used to buy one-year subscriptions to the following magazines: Crisis, Grade Teachers, School Life, Science News, United Nations World, and United States News. Many of these periodicals are indexed and will be of special value to students of the Carver School.

The gift magazines will supplement the following which have already been ordered for the branch by the county library or by interested individuals: American Girl, Boys' Life, Calling All Girls, Child Life, Children's Activities, Ebony, Hygeia, and Wee Wisdom.

Other interested Midlanders regularly bring copies of the following magazines to the library to be forwarded to the branch: American Good Housekeeping, Life, National Geographic, Parents, and Readers' Digest.

The Truth About Big Business

It may be hoped that Soviet Deputy Foreign Minister Vishinsky was listening when Secretary of Defense Forrestal put him right on a favorite line of Communist propaganda. The idea that American big business is fomenting war, said Forrestal, is "utter nonsense." And he proceeded to prove his point so that even a Communist's convictions might be slightly shaken.

One could take issue, perhaps, with some of the secretary's statements. When he says that there is "not the slightest degree of historical support for the idea that businessmen have precipitated wars between great nations," he may be technically correct. But if some businessmen in the past have not encouraged war and contributed knowingly to aggressive efforts, then the Allied military governments had better call off their trial of the Farben-industrial executives in Germany.

Forrestal certainly cannot be challenged when he points out that men threw rocks at one another long before there were industrialists or business managers. History is on his side when he says that Napoleon and his wars were the offspring of revolution, not capitalistic goading.

Surely any industrialist or Wall Street banker can look about him and see that war is not profitable, even though America's factories were not bombed to rubble in the recent conflict. There is no lasting prosperity in producing the implements of destruction. Bombs and shells, guns and bullets, tanks and bombers are expendable and short-lived. But while they exist they sow the ruin which is the enemy of prosperity.

The big businessman can feel the effect of war's destruction in his own affairs. He can remember the high taxes, as well as the high profits of wartime. He can remember the necessarily wasteful process of conversion and reconversion. He can take a look at the size of the national debt. He can recall that the last war cost more than \$240,000,000 a day. He can guess what another would cost, and what taxes his business would pay then.

The businessman can look at some of the basic industries of England and France. And he can ask himself what guarantee he has that, if he seeks and gets war, he will not be inviting socialism to move in here and stay, whether America won or lost the war.

Another war would be in our own front-yard, and certainly it would be a war of unprecedented destruction. Even if America won it, big business would stand to lose. A man who has brains enough to head a big business surely has brains enough to see that.

American business today is building and expanding toward the only sensible goal of commerce—the production of goods which will maintain and increase buying power, repair the ravages of war, and create an ever-widening world market. War and the tools of war will do none of those things.

The charge of capitalistic war-mongering is a constant refrain of communism. There isn't much that can be done to refute it behind the iron curtain. But, sadly enough, a good many non-Communist Americans seem to have swallowed the story. We hope that all of them have read and pondered Forrestal's answer to the Vishinsky charges.

St. Margaret's Guild To Send Clothing To Puerto Rican Mission

Mrs. R. W. Hamilton, missionary supply secretary, reminded the St. Margaret's Guild of the Trinity Episcopal Church of a meeting Monday in the home of Mrs. George Turner, that its membership quota for clothing to be sent to a Puerto Rican mission had been received. Mrs. W. A. Yeager and Mrs. William Suddert volunteered to assist in making the garments.

During the business session, over which Mrs. William Potts presided, Mrs. M. F. Turner, general chairman for the forthcoming Parish dinner, explained further the work of her committee, and Mrs. Taylor Cole urged all members contributing clothing for the rummage sale, November 1, to have it in good condition and in the sale building on the afternoon of October 31.

Mrs. J. M. FitzGerald highlighted the program with a review of the chapter, "Why Believe in God," from the book, "Living Faith for Living Men." The devotional was led by Mrs. Hamilton.

Among those present was a new member, Mrs. Ray Stanley. Others attending were Mrs. J. P. Butler, Mrs. Eric Bucher, Mrs. C. E. Mrs. Robert Meyer, Mrs. FitzGerald, Mrs. Hamilton, Mrs. N. B. Larsh, Mrs. Potts, Mrs. Roger Northrup, Mrs. Eugene Russell, Mrs. E. H. Shaw, Mrs. W. A. Schaeffer, Mrs. Studdert, Mrs. Robert Snell, Mrs. George Turner, Mrs. M. F. Turner, Mrs. Yeager, Mrs. Don Thompson and Mrs. J. E. Warren.

The Chiropractor and You

No. 5 of a series of articles published in the public interest to explain and illustrate the practice of Chiropractic.

DR. C. L. BRADY
Palmer Graduate

CHIROPRACTIC ADJUSTS THE CAUSE OF DISEASE

Nature is the Chiropractor's only aid — adjustments remove the pinch on the nerves and enable Nature to do her part to make and keep the body well. Ninety-five per cent of diseases are due to pressure upon nerves along the sides of the vertebral column. This pressure interferes with their functions; hence inflammation, unnatural action, pain and distress are manifested where these nerves end. All diseases are prolonged until pressure upon these nerves leading to the affected parts is adjusted. It is the business of the Chiropractor to release this pressure with the hand, the doing of which has never been taught in other schools, nor practiced by them.

CHIROPRACTIC IS RIGHT!

Case History No. 19114. A business executive with a chronic kidney condition of 9 years standing. His system was so filled with toxins that a walk of but two blocks left him exhausted. He estimated that he had spent \$2,943 in seeking relief but without success. He had reached the point where, he said, "I no longer desired to live." When he was persuaded to investigate Chiropractic, spinal X-rays were taken and adjustments commenced to relieve nerve pressure. Much to his surprise improvement came almost immediately and within 90 days he was discharged as well.

FOR FURTHER INFORMATION concerning the modern Chiropractor and what he can do for you, phone 1256 for your appointment.

Odessa And Abilene Vote Big Bond Issues

Two West Texas cities, Odessa and Abilene, approved the issuance of civic improvement and expansion bonds in special elections Tuesday.

Odessa voted \$300,000 worth of bonds for the improvement of the city's water works and \$100,000 bonds for the extension and improvement of sewer lines. The vote was 88 to 29 in favor of the bond issuance.

Abilene voters approved the issuance of \$1,500,000 "cost of growth" bonds by a margin of more than five to one. The issue includes \$800,000 for financing school construction, \$600,000 for water works improvements and extensions, and \$100,000 for sewer system improvements and extensions.

Overell Heires Hunts For Housing

LOS ANGELES—(AP)—Heires Louise Overell is apartment hunting.

Her uncle, Fred and Emmanuel Jungquist, disclosed that the 18-year-old girl, acquitted October 5 after a 19-week trial with her now jilted lover, George Gollum, of charges of murdering her parents, has returned from a rest in a Northridge California sanitarium to begin "living her own life." She was in seclusion, however.

The mansion of her parents, Mr. and Mrs. Walter E. Overell, who died March 15 aboard their dynamited yacht, will be up for sale Thursday in settlement of their \$400,000 estate.

MCCAMEY—Mr. and Mrs. Mert Percell of Big Lake visited Mr. and Mrs. E. G. Wilkerson and son, Wayne, this week.

Mr. and Mrs. H. L. Puckett of Big Lake visited their son, Ray Puckett, and family the first of the week.

Twelve members of the B&P.W. Club of McCamey met with 10 representatives of the Rankin business and professional women in the courthouse in Rankin last Thursday night, to discuss tentative plans for the organizing of a B&P.W. Club in Rankin.

Mr. and Mrs. Dee Locklin and children; Mr. and Mrs. Tyson Gentry and Mrs. Dave Gentry spent Sunday with Mr. and Mrs. Sam Holmes on their ranch near McCamey.

Mr. and Mrs. "Slim" Earl of Odessa were Sunday guests of her uncle and aunt, Mr. and Mrs. J. Ed Smith.

Mr. and Mrs. Tom Spalding were in Houston last week, where they accepted delivery of a new Pontiac Superior Ambulance for the Spalding Funeral Home. The return trip was made by way of Corpus Christi. From Corpus they brought Mr. and Mrs. C. W. Moore, parents of Mrs. Spalding, back with them to McCamey.

Mr. and Mrs. F. C. Reimers were visitors in Fort Stockton on Sunday, where they attended the 40th anniversary of the First Christian Church. There was a large crowd for the all-day meeting and guests from the surrounding towns of Alpine, Pecos, Abilene, McCamey, Marfa and San Angelo were in attendance. Services were held in the high school auditorium, with the Rev. J. T. McKissick of Abilene presiding.

Combining jet and two engine designs, the plane will have a top speed higher than 350 miles an hour.

Denies Interest In \$51,809 Bank Account

DALLAS—Any right or interest in \$51,809 deposited in the late Tax Assessor Collector Ed Cobb's private bank account has been disclaimed by his widow, Mrs. Beale Cobb.

In a contest to the appointment of W. H. Ridd, Dallas attorney, as permanent administrator of Cobb's estate, she alleged the funds have never been a part of her husband's property.

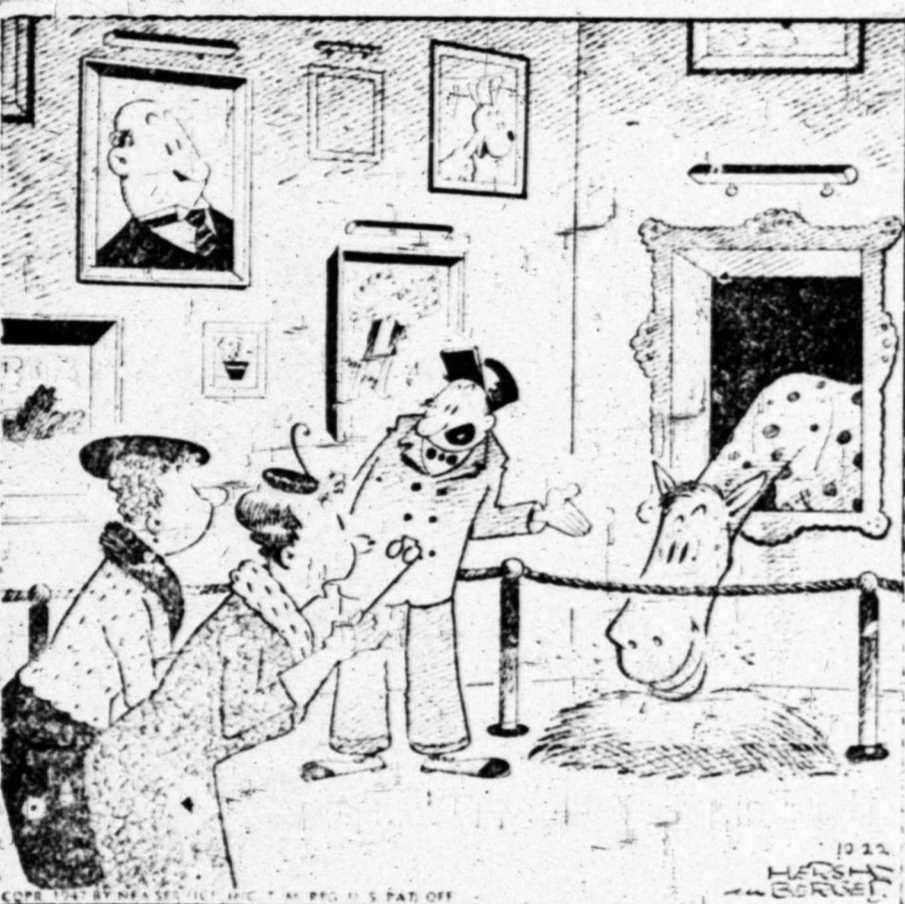

Mrs. Cobb said that if a court of competent jurisdiction, however, determined that the \$51,809 belonged to Cobb, then she claims the right to be appointed temporary administratrix of the fund.

She said Cobb's estate consisted solely of five acres of land near Irving, household furniture and recreation camp equipment.

6—THE REPORTER-TELEGRAM, MIDLAND, TEXAS, OCT. 22, 1917

Single Yank, No Brooks Named On All-Star Nine

NEW YORK—(AP)—Only one member of the world champion New York Yankees and not one of the National League pennant winning Brooklyn Dodgers made the 1917 Major League All-Star Team of The Associated Press, picked by 233 baseball writers throughout the nation.

The New York Giants, Cleveland Indians and Boston Braves; none of whom finished higher than third, each placed two men on the team which showed a National League complexion, with six representatives from the senior circuit as compared to four from the American. The St. Louis Cardinals and the Detroit Tigers, runners-up in their respective leagues, failed to place a man.

The Giants were represented by Johnny Mize at first base and Walker Cooper behind the plate. The Indians donated their five best combination of Shortstop Lou Boudreau and Second Baseman Joe Gordon. The Braves placed Third Baseman Bob Elliott and left-handed pitcher Warren Spahn.

Joe DiMaggio of the Yankees, Ted Williams of the Boston Red Sox and Ralph Kiner of the Pittsburgh Pirates made up the outfield, while Ewell Blackwell of the Cincinnati Reds won top honors among the right-handed pitchers.

Williams Leads Pack
No player was a unanimous choice. Williams, who led the American League in about every noteworthy batting department, drew the most support from the scribes, polling 209 out of a possible 233 votes. DiMaggio was close behind with 207 votes. Mize was third with 189 followed by Boudreau, 177; Blackwell, 158; Cooper, 141; Kiner, 137; Spahn, 115; Gordon, 113; and Elliott, 99.

The selections:
Outfield—Ted Williams, Red Sox; Joe DiMaggio, Yankees; Ralph Kiner, Pirates.
First base—Johnny Mize, Giants.
Second base—Joe Gordon, Indians.
Third base—Bob Elliott, Braves.
Shortstop—Lou Boudreau, Indians.
Catcher—Walker Cooper, Giants.
Pitchers—Blackwell, Reds (right-hander), and Warren Spahn (left-hander), Braves.

Gilchrist Proposes Joint Action On Texas Petroleum Research

COLLEGE STATION—(AP)—President Gibb Gilchrist of Texas A&M College proposed immediate joint action by A&M, the University of Texas, and the Texas Railroad Commission to put in motion a Texas petroleum research program of major proportions.

Such a program, particularly in the field of secondary recovery, has been urged in recent speeches by Chairman Ernest O. Thompson and Commissioner William J. Murray Jr. of the Texas Railroad Commission.

Resources of the state's two largest schools could be pooled under the direction of a committee composed of the heads of the Petroleum Engineering Departments of the University and A&M, with other men from the faculty of each of the departments and a member of the railroad commission to be appointed by the commission chairman as the fifth member. Gilchrist suggested.

The College President proposed that in order to prepare the way for a major undertaking, if the next Legislature sees fit to finance it, the committee could be set up immediately and the two schools could allocate necessary funds for the first two years of work.

Play Kits Thursday

Midland fans can get in a football mood early for the Bulldog-Eagle game Friday night by going out to the high school stadium Thursday night at 8 p. m. to watch the "B" Bulldogs play the Kittens of San Angelo.

This will be a "revenge" battle for the "B" Bulldogs. They lost 13-0 to the Kittens at San Angelo recently.

Coaches Earl Glasco and Clarence Holman have worked the "B" Bulldogs tirelessly this week in preparation for the game.

Off the beam in the Odessa game last week, the "Bees" will strive to get back in the win column. The public is invited to the game.

Schoolboy Card Sparkles With Important Tilts

By HAROLD V. RATLIFF
Associated Press Sports Editor
The schedule fairly glitters with important games this week in Texas schoolboy football with half of the dozen undefeated teams in danger of taking a tumble.

All except 13 of the 48 games in the state are conference affairs, bringing district showdowns in almost every area.

Longview, Austin, Corpus Christi, McAllen, Goose Creek and Poly (Fort Worth) face opponents that could drop them from the unbeaten ranks and cause no particular excitement.

Longview, the state's last undefeated team, plays Kilgore. Austin clashes with Brackenridge (San Antonio), and Goose Creek tackles Port Arthur in the year's big battle of District 14; Poly engages a strong rival in the Fort Worth district race, taking on Arlington Heights, and McAllen meets the surge of Harlingen, favored team for the Valley district crown.

Defending State Champion Odessa, the team everybody picks to succeed itself, plays San Angelo, and Wichita Falls, rated No. 2 in Texas, entertains Highland Park (Dallas). Neither of these undefeated, untied teams is expected to come close to losing. Austin (El Paso), another of the teams with perfect records, takes on weak Roswell, N. M. Corsicana and Marshall rest this week.

Forest (Dallas), which along with Goose Creek and Poly is undefeated but has been tied, engages Sunset (Dallas) with little danger of losing.

Newsprint Price Rise Held Unlikely Before First Of Next Year

FORT WILLIAM, ONT.—(AP)—Chairman Clarence Brown (R) of the U. S. House of Representatives, newsprint committee predicted the price of newsprint will not increase before January 1, but did not rule out the possibility of a boost thereafter.

However, Mr. Brown said in an interview upon arrival here for inspection of print mills following committee conferences in Toronto, that no increase should exceed increases in freight and coal costs to producers.

"I am convinced that any increase is absolutely necessary," Mr. Brown said.

But Representative Shafer (R) of Michigan, another committee member, told newsmen that unless newsprint prices are boosted, producers may divert production to more profitable types of paper, thereby cutting down the supply which already is short of demands.

Brown said private discussions with individual Canadian newsprint producers led him to believe industry is split three ways, with some companies wanting to increase over the present rate of \$90 a ton, some wanting a hike of three to four dollars to cover high freight and coal costs, and some seeking a raise of ten cents.

Sun Devils Lead Border Conference In Total Offense

TUCSON, ARIZ.—(AP)—A powerful ground offensive that has its roots in the tricky T formation has boosted the Sun Devils from the Arizona State College at Tempe into the lead in the Border Conference total offense division.

In six games, conference and non-conference, the Sun Devils have advanced 1,332 yards along the ground, the best in the league, and 290 yards through the air, for a total yardage gained of 1,622 yards.

The Sun Devils took a 90-yard lead over the Texas College of Mines, leaders last week, and were 236 yards ahead of Hardin-Simmons, the defending champions and favorites to retain their crown. The Cowboys, like Tempe unbeaten in the league, have made 293 yards via the air but only 1,094 yards on the ground. However, they've played only four games.

HURRICANE REPORTED NEARING NEWFOUNDLAND
WASHINGTON—(AP)—The weather bureau announced that the Atlantic hurricane was centered about 400 miles east-southeast of Cape Race, Newfoundland, early Wednesday.

The disturbance was moving northeastward about 40 miles an hour with full hurricane winds reported near the center. The weather bureau said all vessels in the path of the storm should exercise caution.

37 College Elevens Have Perfect Records

NEW YORK—(AP)—The first roundup of the nation disclosed Wednesday that 37 college football teams which have played in three or more games this year still can boast perfect records.

Among the unbeaten and untied elevens are 13 major clubs headed by California and Texas. These two powers already have won five contests. Michigan, No. 1 team of the country, has won four along with Penn State, West Virginia, Virginia, Baylor, Southern Methodist, Georgia Tech, Wake Forest and Utah.

Notre Dame, second ranked college of the country, and Pennsylvania have played only three games apiece.

At least one head is bound to fall this week, and there is a good chance that many others may roll with it. West Virginia and Penn State clash Saturday.

NEGRO CONVICT GIVEN 93 YEARS IN PRISON

Could Knock Eagle From Perch Friday

That feathered old warbird, the Abilene Eagle, could be knocked from his perch Friday night. It isn't a high perch, as conference power goes, for Abilene is once defeated in 3-AA circles as is Midland.

Abilene is oozing confidence for this one. Just as it was last year, when the Eagle followers were giving 20 points. Midland won, 27-12, in the best game for the Purple all season.

"They call them the revitalized" Eagles after they whipped Lubbock last weekend, 25 to 6. Maybe so.

Scout notes say Abilene is stronger than the 27-0 loss to Odessa indicates. That isn't maybe so, for scouts get the facts.

One fact is certain: Midland plays Abilene at 8 p. m. Friday in the high school stadium here. It is a 3-AA conference encounter. The winner will have its first notch of victory in the district.

Early, before the season began, Abilene got bales of publicity as the threat to Odessa supremacy in 3-AA. "Only the Eagles can stop them" was heard. The Eagles didn't stop them, for the game has been played. In fact, Abilene has an unimpressive season to date: won one, lost three, tied one. The Eagles' competition has been much stronger than Midland's, however.

High Cost Of Living Is Deferring Marriages

LOS ANGELES—(AP)—The high cost of living is deferring marriages. It's also raising no. with girls' beauty treatments and movie-going.

This testimony was given a joint congressional investigating committee by Mrs. W. L. Stanton, California legislative member of the YWCA.

She said a survey of 160 working girls showed that on their average salary of \$150 a month they'd had to cut down on meat-protein foods, beauty treatments, clothes, movies and even medical and dental care.

"One-tenth said they have deferred marriage because of living costs," she said.

Midland has scrimmaged a lot and drilled long on offense. The Bulldogs were idle and rested last weekend.

Here are the season scores of the two schools:

EAGLES
Abilene 6, Brackenridge 6 (tie).
Abilene 0, Brackenridge (SA) 13.
Abilene 0, Amarillo 6.
Abilene 0, Odessa 27.
Abilene 25, Lubbock 6.

BULLDOGS
Midland 7, Ysleta 13.
Midland 13, Brownfield 7.
Midland 0, Austin (EP) 6.
Midland 6, Plainview 13.
Midland 0, Sweetwater 19.

Two Collisions Are Reported By Police

Two collisions in the city Tuesday and Wednesday were reported by police.

Citizens said machines driven by Billie Walker and George Ratliff collided on West Wall Street Tuesday.

Wednesday, policemen said, a car driven by Mrs. Pleas Curd and a tractor driven by H. H. Watford collided on West Missouri Street. The tractor was pulling a bale of cotton.

No injuries were reported.

George Holt Glass, Jr., has been awarded the Midland Hardware and Furniture Company Trophy as the champion junior shooter of the Midland Gun Club for 1917.

Glass won the junior crown of the recent West Texas Skeet Tournament and has shot high scores in many matches throughout the year.

His shooting compares favorably with most adults.
