## Fireworks Flare In Movie Inquiry

### 44 Believed Killed In Greek Plane Disaster

ATHENS—(P)—The Greek Air Force said Monday a Swedish Airlines transport, officially reported carrying 44 persons, including two Americans, crashed Sunday night into Mt. Hymettos, southeast of Athens. Airmen who flew over the wreckage said all aboard were believed killed.

The airline ABA announced in Stockholm that 36 passengers and eight crewmen were aboard. The crew, it said, was made up of Swedes headed by a Briton, Capt. Kenneth John Douglas.

Air Force Headquarters said the Skymaster struck the 3,000-foot peak of the mountain, which extends north and south in the Attica Plain and rises sharply only a few miles east of Hassani Airport, forming a barrier to plane entrance from the east.

**Two Americans Aboard**

The plane, flying its schedule from Istanbul to Rome, flashed its last message early Sunday night. A British Air Force officer who flew over the wreckage said the tail of the plane was precisely on the ridge of the mountain and the forward part of the transport had dropped from 50 to 100 feet below the ledge.

The American board were reported on as Mr. Wanne and a Miss Rush; address not specified.

The wreckage was located Monday morning by a Greek Army plane. The pilot of the Greek plane said he could see only one person moving near the wreckage and believed the figure was that of a shepherd.

**Bright Flash Seen**

The plane was on a regular flight and was scheduled to have landed at the Athens Airport Sunday night for a one-hour stopover.

The last radio message from the plane was received by the airport here when it was 25 minutes out at 9,000 feet and was coming in for a landing.

A few seconds later mechanics at the Athens Airport reported they saw a bright flash of yellow light illuminate the sky on the other side of the mountain range about 15 miles southeast of Athens.

A heavy thunderstorm was raging at the time, however, and they thought the flash might be lightning.

The mountains in which the plane crashed rise precipitately from the Attica Plain, and because of the rugged nature of the terrain it appeared that ground search crews would have difficulty in reaching the wreckage.

The Greek Air Ministry appointed a special commission to investigate the crash and dispatched it to the scene at once.

**Far West Agriculture Hearings Postponed**

WASHINGTON—(P)—Chairman Hope (R-Kan.) announced Monday the indefinite postponement of the House Agriculture Committee's scheduled hearings in the Far West on long-range agriculture policy.

He made known the action in a telegram to Rep. Goff (R-Idaho) but gave no reason for it. Goff, a member of the group, said he assumed it was to give members time to prepare for the special session of Congress November 17.

**NO. 1 EDWARDS IS TO DEEPEN**

YORK & HARPER, Inc., No. 1 Edwards, West Lynn County, venture about 11 miles west of Tahoka, and 440 feet from south and west lines of section 38, GTRR survey, drilled to 5,500 feet, its contract depth, without logging any shows of oil or gas.

Top of the lime was at 4,090 feet, which gave it a datum of minus 916, on that marker. Soft drilling was found from 4,880 feet to 5,410 feet, but it showed no petroleum.

The project has been taken over by Honolulu Oil Corporation, and is now making hole below 5,677 feet in line. It will be carried on down to an undetermined destination to test into the middle Permian.

**GULF STILL HUNTS FOR OIL IN NO. 7-E WRISTEN**

Gulf Oil Corporation No. 7-E Wristen, Southeast Crane County (Continued on page 2)

**Dark Clouds Threaten Midland Area, But Only Bluffing So Far**

Although Midland skies have been obscured a most constantly by heavy clouds since Friday night, the whole area was mostly a bluff up to noon Monday, by which time a total of an inch of rain had fallen.

Most of this fell Friday night, when the city barn gauged a shower of 2.2 of an inch. Sunday morning, another .09 of an inch was recorded. Monday, an additional .02 fell from the heavy overcast, which extended over a large portion of the state.

Airline offices here reported heavy weather had prevented stops at some stations, but that schedules were being maintained.

At noon Monday, heavy skies prevailed over virtually all West Texas, and Southeastern New Mexico, but overcast was breaking up over Fort Worth and Dallas, airline offices reported.

### Wind, Rain Hinder Search For Missing DC-4 Plane

JUNEAU, ALASKA—(P)—A far-flung land, sea and air search for a missing Pan American World Airways plane with 18 aboard was organized in Southeastern Alaska Monday as a lashing wind and rain storm in which the four-engined clipper vanished Sunday near Ketchikan continued to grip the area.

Rain-soaked clouds scudded low over the rugged inland passage, threatening to hamper plans to send dozens of planes aloft in hope of finding the big DC-4.

The Weather Bureau here said prospects were for continuing heavy gusts, with conditions gradually improving during the day.

The 44-passenger transport, which was carrying only 13 passengers, including one infant, and a crew of five, disappeared Sunday after radioing the Annette Airport that "extreme turbulence" prevented a contemplated instrument landing.

Gusts of 40 miles an hour were being recorded then at the Annette Field, 12 miles from Ketchikan. Winds gradually increased during the day until they reached 63 miles an hour.

**De Gaulle Asks Dissolution Of French Assembly**

PARIS—(P)—Gen. Charles De Gaulle called Monday for dissolution of France's National Assembly and new general elections, and was promptly attacked by the Communists on charges of seeking to set up "a reactionary dictatorship."

De Gaulle asserted the results of municipal elections which were held throughout France the last two Sundays proved Parliament no longer represents the people and called for new voting laws to enable the national Legislature to have a "coherent majority."

De Gaulle's six-month-old Rally of the French People (RPF) piled up a larger popular vote in the elections than any other party—though it failed to show as well in rural voting Sunday as it did in the larger population centers a week ago. No party at present has a clear majority in Parliament.

**Red 'Warmonger' Resolution Due For U. N. Defeat**

LAKE SUCCESS—(P)—Russia's "warmonger" resolution, key Moscow proposal of the 1947 General Assembly, comes up for vote Monday with no prospects of passage and little chance of mustering any support outside the Soviet Bloc.

Also before the UN Assembly's 57-nation Political Committee for balloting are counter versions submitted by Australia, Canada and France condemning war propaganda.

The United States was opposed to any of the four resolutions as they stood. However, there was a possibility that the Australian, French, and Canadian proposals might be blended together to form a plan acceptable to the majority.

Soviet Deputy Foreign Minister Andrei Y. Vishinskiy was beaten, 29 to 12, Saturday night when the committee refused to send the Russian proposal to a drafting subcommittee for correlation with the other three. This action apparently swept aside all hopes for the Kremlin's plan.

**Two Ideas Proposed**

The Soviet resolution asks the UN to condemn the "criminal propaganda for a new war x x x by dissemination of all types of fabrications through the press, radio, cinema and public speeches. All member governments would be called upon to prohibit, on pain of criminal penalties, the carrying on of war propaganda in any form."

The Australian resolution requests member governments to take appropriate steps to counter war propaganda, not by censorship, but "by taking measures to encourage the fair and accurate reporting of official and other statements affecting international relations."

**PRE-ELECTION VIOLENCE KILLS 13 ON LUZON**

MANILA—(P)—At least 13 persons were killed in provinces of Luzon Island over the weekend as campaigning for the November 11 local and national elections neared its climax.

**CHINESE BANDITS ATTACK**

HONG KONG—(P)—Three Chinese customs camps near Linteng, just beyond British territory, were attacked Sunday by 40 bandits who kidnaped four customs guards, wounded four others and ransacked the camps.

**Red 'Warmonger' Resolution Due For U. N. Defeat**

LAKE SUCCESS—(P)—Russia's anti-"warmonger" proposal was defeated by the 57 United Nations Monday after the Soviet bloc, in a compromised move, withdrew their charges against the United States, Greece and Turkey.

PARIS—(P)—The nine-party Cominform, formed recently in Poland, is open to any Communist Party in the world, including the British and American, the French party secretary, Jacques Duclos, said Monday.

WASHINGTON—(P)—The Supreme Court decreed Monday that the federal government has "paramount rights" in oil-rich lands off the California Coast.

SYDNEY, AUSTRALIA—(P)—An Empire Airways Constellation Airliner, named after Sir Charles Kingsford Smith, landed here late Monday, 42 hours and 39 minutes after taking off from Burbank, Calif. The previous record was 43 hours.

SANTA FE, N. M.—(P)—The Los Alamos Atomic Energy Security Project said it had been informed by radio that two girls had been found dead on the icy slopes of Truchas Peak Monday.

**CZECH FOOTBALL PLAYERS DIE IN BUS ACCIDENT**

PRAGUE, CZECHOSLOVAKIA—(P)—Eleven persons, including some players on a district football team, were fatally injured Sunday night in a bus accident near Mirovice, in Northern Bohemia.

Six were killed outright and the others, among 14 injured, died in the night.

**Looking for a New Car—For \$19,000?**

Here's the first postwar Rolls-Royce to arrive in the U. S., pictured as it was hoisted from the hold of the SS Maurtania in New York. A number of the cars, priced at about \$19,000, were sent over for exhibition in major cities throughout the country.

### Vice-Chairmen Special Gifts Committee

### Butler, Allison Named To Hospital Committee

The organization of Midland Memorial Foundation's campaign to raise \$600,000 to construct a 75-bed general hospital here took further shape Monday with the appointment of John P. Butler and James N. Allison as vice chairmen of the Special Gifts Committee of which John W. House is chairman.

The Special Gifts Committee is charged with the responsibility of contacting firms and business establishments which make up the bulk of the commercial and business life of the community. A representative will be named in each of the 724 firms to solicit funds within its organization. House, Butler and Allison now are engaged in contacting outstanding businessmen who will comprise the committee personnel—including, in addition to the three chairmen, 12 division chairmen and 48 team captains.

The all-out, community-wide campaign will be launched in mid-November.

**Heads of C. of C.**

Butler, president of the Midland Chamber of Commerce, has been treasurer of the Midland Memorial Foundation since its organization. He long has been active in civic affairs here and is a former member of the City Council. He also is a past-president of the Midland Lions Club. He is vice president and cashier of the First National Bank of Midland.

Allison, publisher of The Reporter-Telegram, is a former president of the Midland Chamber of Commerce, and is a director of the West Texas Chamber of Commerce. An active civic leader, he is one of the original founders of Midland Memorial Foundation, serving as a trustee. He is a Rotarian.

The hospital organization now includes Ulmer, general chairman; Ralph M. Barron, vice chairman; House, special gifts chairman; and Butler and Allison, vice chairmen, special gifts. Other committee appointments will be announced this week.

The \$250,000 in cash aid pledges raised for the hospital last year will be applied against the \$600,000 goal. Construction of the four-story hospital will be started as soon as possible after the campaign is concluded.

### Maine's Forest Fires Are Under Control Monday

PORTLAND, ME.—(P)—The death toll from disastrous forest fires, which wrought \$32,000,000 damage in New England alone, mounted to 22 Monday as weary firefighters, holding virtually all blazes in check, were warned that rising winds would increase the fury of the flames.

As refugees began to trickle homeward in a few areas, the Red Cross added two to the list of dead in Maine, bringing the state's total to 15. Four others died in Massachusetts and Connecticut and three in Michigan. Nineteen injured have been hospitalized in Maine, and the list of missing was trimmed from 17 to 7.

Flames moving slowly west from Union Falls, in Southern Maine's York County on the Saco River, were reported confined Monday within a half a mile of the village of Clarks Mills.

"Under control" reports came from the groggy army of fire fighters on virtually all other fire zones. Red Cross Cases Drop

The number of persons finding haven in Red Cross shelters in Maine dropped Monday for the first time—to 2,215. A few went home, the Red Cross said, but most of them joined friends and relatives, some out of state.

After an overnight check in Maine, which suffered \$30,000,000 of the property loss and still was the prime danger spot, the Red Cross also reported, "Eight hundred and fifty-one permanent homes destroyed; 297 cottages destroyed; 76 homes damaged; 58 barns and outbuildings leveled; and 2,215 sheltered (compared with 2,500 Saturday night)."

Fires have blackened 100,000 of the state's 16 million forest acres from the New Hampshire line to the Canadian border.

**WEATHER**

Partly cloudy to cloudy Monday night and Tuesday. Warmer Tuesday. Maximum temperature Sunday was 62 degrees, minimum 55 degrees. Minimum Monday was 54 degrees.

### Screen Writer Is Held In Contempt

WASHINGTON—(P)—The House Un-American Activities Committee Monday voted John Howard Lawson, screen writer, in contempt for refusing to tell whether he is or ever was a Communist.

Robert E. Stripling, committee investigator, said that because the present hearings on Communist activities in Hollywood are being conducted by a subcommittee, the action will have to be submitted later to a meeting of the full committee.

If the contempt citation is voted by the full committee, a statement of its action is filed with the speaker of the House, who can turn the matter over directly to the United States attorney for prosecution before a jury.

The law calls for a fine of \$100 to \$1,000 and imprisonment of one month to a year in jail for anyone found guilty.

Lawson shouted during a tumultuous exchange with Committee Chairman Thomas (R-N.J.) that he was refusing to answer the question because it was an invasion of his private rights as a citizen. He contended it is a question which the committee has no constitutional authority to ask.

**Subpoena Challenged**

When Lawson was called as a witness, his attorney, Robert W. Kenny, renewed a challenge, first made last week, of the committee's authority to issue a subpoena (summons to appear and testify) for Lawson and 18 other Hollywood figures.

Stripling began the questioning of Lawson, asking him whether he is a member of the Screen Writers Guild.

"The raising of any question of affiliation or political belief is a matter beyond the power of this committee," Lawson replied heatedly, "but it is a matter of record that I am a member of the guild."

Lawson was named by Howard Rushmore, New York newspaperman, in testimony last week as one of the directors of Communist activities in Hollywood. Rushmore said he himself was formerly a Communist.

In the audience was a group of 25 film personalities, led by Humphrey Bogart, who came to the Capitol to protest the course of the committee's investigation.

**Traffic Is Blocked**

With his actress wife, Lauren Bacall, on his arm, Bogart and his associates came as spectators and "citizens" to buttonhole representatives and urge them to do something about what they called the unfair procedures of the House Committee on Un-American Activities.

Traffic in front of the old House Office Building, where the hearings are being held, was blocked for 15 minutes while the group posed for photographers.

The posing done, the group went immediately into the building and took seats in the back of the hearing room. They were the only seats available. Other spectators had taken the front seats more than half an hour before.

The group calls itself the Committee for the First Amendment. Group Asks Questions

It made public these questions which it said had been directed to Representative Nixon, (R-Calif.), a committee member:

"1. Is it true in an unguarded moment you told a newspaperman that the object of this committee was to 'give Hollywood a dose of preventive medicine?'"

"2. If you say this, what do you mean by 'preventive medicine?'"

"3. Do you think that if the motion picture and the radio had been invented when the first amendment to our Constitution was written, it would read 'Congress should make no law... abridging the freedom of the press, radio or motion pictures?'"

"4. Do you agree, Mr. Nixon, with the American principle that a man is innocent until proven guilty?'"

"5. Do you agree that an American is irrevocably damaged if, through undocumented charges, he is branded as un-American or Communist?'"

"6. If you do agree, don't you think it is your duty and right and privilege as a congressman and a member of the House Committee on Un-American Activities to protect the people of your country from such undocumented charges?'"

### 90 Leaders Ponder Aid For Europe

WASHINGTON—(P)—The White House called in approximately 90 leaders of business and organized labor Monday for an off-the-record study of ways to help Europe without forcing prices at home still higher.

At the same time, two senators who usually disagree on foreign policy matters voiced hope that the special session of Congress set for November 17 will limit its work to emergency assistance and leave the multi-billion dollar long-range Marshall Plan to the regular session.

This view came from Veteran Senator Tom Connally (D-Texas), former chairman of the Foreign Relations Committee, and Freshman Senator George Malone (R-Nev.), who voted against most of the foreign policy issues Connally supported last session.

"If we try to debate the so-called long-range Marshall Plan, we'll never get through," Connally told a reporter. "I think Congress will be in a mood to give prompt attention to any stopgap plan and pass it."

**Cites Confusion**

Malone, in another interview, said he wants "this feeding program" separated from other proposals "so as not to confuse the people and the issues."

The Nevada senator said much public confusion now exists because "feeding hungry people, rehabilitation of foreign industry, and opposition to communism" have been talked simultaneously.

President Truman listed consideration of the Marshall Plan along with action to curb inflation and get stopgap aid to Europe as the three reasons for the special session. Few expect any decision on the Marshall program before next year, however.

**Report Says World Faces Food Shortage**

WASHINGTON—(P)—An international Emergency Food Council report said Monday the twin problems of food and dollar shortages abroad could result in world economic collapse, if not chaos.

The report said world food production this crop year will be slightly below last year's skimpy output and appreciably below prewar. It added that the decline is serious because there are 260,000,000, or eight per cent, more people to feed now than before the war.

Per capita food supplies, for this crop year, which ends next June 30, will be two or three per cent below last year's level and nearly 10 per cent below prewar production, the report said.

**EISENHOWER VISITS HOME STATE SUNDAY**

ABILENE, KAN.—(P)—Gen. Dwight D. Eisenhower concluded a weekend of activities in his home state of Kansas Sunday by presenting a token collection of his World War II mementoes to the Eisenhower Memorial Foundation. He returned to Manhattan from Abilene Sunday before flying back to Washington Monday.

**EARTHQUAKE HITS MANILA**

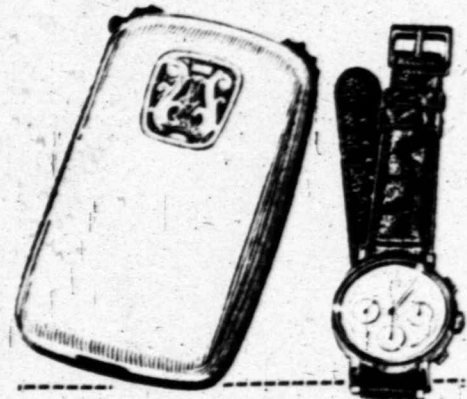

MANILA—(P)—A strong earthquake shook Manila for approximately 40 seconds Monday, but no casualties or damage were reported.

Here's the first postwar Rolls-Royce to arrive in the U. S., pictured as it was hoisted from the hold of the SS Maurtania in New York. A number of the cars, priced at about \$19,000, were sent over for exhibition in major cities throughout the country.

**TRIBUTES HELD FOR BOY FOUND ELECTROCUTED**  
MUNDAY—Funeral services were held here Sunday for Richard Van Norman, eight, found dead here Saturday. He had apparently been electrocuted Friday night. The boy, who had been the object of a widespread search, was found Saturday wedged between two buildings. A loose electric wire was blamed for his death.

**Tower Theater Schedules Grand Opening Tuesday**

Midland's newest and most modern theater, The Tower, at 210 North Main Street, will open at 6:30 p. m. Tuesday. J. Howard Hodge, owner-manager of Midland Theaters, announced Monday.

"It's a Wonderful Life," starring James Stewart and Donna Reed, will be the feature attraction of the opening program. The attractive new theater is of brick, tile and steel construction and combines all the latest features in picture house styling and design. Construction of the fireproof building was started last year. Latest equipment. All motion picture equipment in the theater is new and is the latest and finest available, Hodge said. The building is air conditioned, and the 635 seats are upholstered. The new house brings to four the number of theaters operated by Midland Theaters here. Subsequent-run pictures will be featured at The Tower, which will open daily at 1:45 p. m., with the screen program starting at 2 p. m. There will be three program changes weekly. "There will always be a good show at The Tower" is the pledge of the theater management.

**Guerrilla War Drives Greek Refugees Into Bulgaria**

Driven from their homes by fighting between guerrilla and government forces, these Greek refugees make their way over rugged mountain terrain as they cross the border into Bulgaria at Thodope Pass. They carry their household possessions on their own and their donkeys' backs.

**Oil & Gas Log-**

(Continued from page 1)  
wildcat ran a one hour drillstem test in the Ellenburger at 8,205-45 feet. There was a slight blow of air for eight minutes. Recovery was 20 feet of drilling mud, with no shows of oil, gas or water. The project is thrilling ahead. It will go to about 8,285 feet and another test will be run. So far the Ellenburger has not shown any indications of petroleum in this project.

**TEXACO DRILLS AHEAD AT SE CRANE DEEP VENTURE**

The Texas Company No. 1 King, Southeast Crane County wildcat, 660 feet from north and 660 feet from southwest lines of section 83, block X, GC&SP survey, and two and one-half miles southwest of the shallow Crane-Cowden field, was drilling in lime and chert, below 5,667 feet.

A drillstem test was taken for four hours at 5,458-5,538 feet. Air showed at the surface immediately. No gas came to the top during the investigation.

Recovery was 90 feet of gas cut drilling mud, 180 feet of oil and gas cut drilling mud, 270 feet of oil cut mud, 1,950 feet of oil cut drilling water, and 660 feet of salt water. Shutin pressure after 10 minutes, was 1,800 pounds.

The project is slated to drill to around 8,500 feet—unless it gets commercial petroleum production before that point is reached.

Advertise or be Forgotten.

**Barnes Milam Is Kiwanis Speaker**

Barnes Milam, head coach at Midland High School, in discussing Southwest Conference football at the Kiwanis Club meeting in Hotel Schaubauer Monday noon, predicted the winner of the Texas-SMU game next Saturday will go on to win the conference championship. He said the game is a "toss up."

Milam told of seeing the SMU-Rice and the Texas-Rice games the last two weekends, and related interesting incidents of both gridiron battles. SMU outclassed Rice Saturday a week ago but Rice showed great improvement in its recent game with Texas, he said.

In discussing the Midland football situation, Milam stressed the fact it takes years to build a championship ball club and said plans are underway next year to start the athletic program in the elementary schools here. The Midland Bulldogs are inexperienced this year and will be about the same next year, he said.

Joe Koehler, program chairman, introduced the speaker.

Jeff Williams was inducted as a new member.

Ammon Bradshaw announced plans for ladies night anniversary party next Monday night. A meeting will not be held at noon that day.

Max David, Community Chest campaign chairman, told of plans for the drive and asked for cooperation and generous giving on the part of the public.

R. L. Crays said the club made a net profit of \$489.07 on its recent minstrel staged in cooperation with the Community Theater.

**GS Week Begins; Show Windows Display Work**

Hundreds of Midland girls began the observance of national "Girl Scout Week" Sunday when they attended churches in groups under the leadership of assigned leaders. Monday's events were highlighted by homemaking within individual troops and a radio program at 10:30 a. m., featuring adult members in a round-table discussion on Girl Scouting and the council organization. Members participating were Mrs. I. A. Searles, volunteer trainer; Mrs. C. E. Bissell, commissioner; Mrs. Neal Marks, training chairman; Mrs. Don Johnson, senior troop leader; and Miss Dick Looby, radio chairman.

The observance, the purpose of which is to make a special effort to tell the community what Girl Scouts are doing and why they ask for help to carry on their program, is being brought to the attention of Midland through the Scout and Brownie displays and exhibits in several downtown show windows, including W. W. Virtues, Kiddies Toggery, and Dunlap's. Uniforms are modeled in the special displays, with Dunlap's exhibit including posters, buddy-burners, photography badge display, dolls, first-aid kits, and belts made by Troop 1, 2, 3, and 4. Virtue's display includes hand-made articles by Troops 19, 9, 18, 11, 6, and 21; and the Kiddies Toggery exhibit includes such articles as pillows, finger painting, and lapel pins made by Troops 23, 19, 17, and 24, and is highlighted by a poster, "Citizenship Action Around the World," featured with a large globe. The annual father-daughter box supper at 6:30 p. m. Tuesday in the North Elementary School cafeteria will feature the Citizenship Day events. Peggy Bissell and Peggy Ayres are in charge, with Lee Flood as master-of-ceremonies.

**Moment Musical Club Has Regular Meet**  
The Moment Musical Club of the Watson School of Music met Saturday with Juanda Bradshaw in charge and Zanle Bryant and Helen Sue Thompson presiding at the attendance cards. Twenty-one members present responded to roll call with musical expressions and their meanings. Secretary Dineva Merrell read the minutes.

The program featured the following: a biographical sketch of Ole Bull, by Jan Houck; "Lullaby" and "Merry-Go-Round," by the violin choir; a piano solo, "Ballet Music," from Rosamund, by Wanda Lou Steel; and a piano duet, "Bicycle Built for Two," by Barbara Glen Long and Wanda Lou Steel. Among those present were two guests, Dr. Velma Scott and Marlan Row, and two new members, Jan Scott, violinist, and Margie Gunter, pianist.

Others present included Wanda Lou Steel, Carolyn Gray, Helen Sue Thompson, Barbara Long, Juanda Bradshaw, Wanda Moore, John Charles Godwin, Patsy Entler, Zanle Bryant, Patsy Wilkinder, Dineva Merrell, Louise Ervin, Allen McCree, Barbara Timmons, Judy Orson, Sally Walston, Charles Sabine, Simone Walker, Jimmy Mashburn, Nanette Hays, Eddy Eubanks, David Klapproth, Wynne Warren, Jan Houck, Roger Walker and Gay Dover.

**DACHAU, GERMANY**—(AP)—Convicted of participating in a three-day murder orgy at the Guleen Concentration Camp, Former, S. S. Cpl. Wladislaus Dopierala was sentenced by a U. S. War Crimes Court Monday to be hanged. Witnesses said the victims of the murder orgy included 400 Polish priests.

**ALBANIAN COMMUNISTS WOULD JOIN COMINTERN**  
**BELGRADE, YUGOSLAVIA**—(AP)—The Communist newspaper Boroza said Monday the central committee of the Albanian Communist Party had made a bid for membership in the Belgrade "Information Bureau" established by Communists of nine European countries.

**VIRTUE STORE PICNIC HELD HERE SUNDAY**  
Employees of the Midland W. W. Virtue Store entertained personnel of the firm's Odessa store with a picnic Sunday afternoon at Cloyd-erdale Park. More than 60 persons attended. Bob Lindsay is manager of the Midland store.

**CYCLIST FALLS DEAD**  
**SAN MATEO, CALIF.**—(AP)—Fifty-year-old Joseph Currier of San Francisco borrowed a bicycle during a Sunday visit here, rode it a few minutes and dismounted, remarking: "I feel like a young boy again." Then he dropped dead of a heart ailment.

**Plan To Pipe Gas To East Is Upheld**

WASHINGTON—(AP)—A Federal Power Commission examiner denied Monday a motion for dismissal of the application of Trans-Continental Gas Pipelines Company, Inc. to build a \$150,000,000 natural gas pipeline from Texas to the East Coast. The dismissal was asked by David Searls, Houston, Texas, counsel for the Texas Eastern Transmission Corporation. At the opening of a hearing on Trans-Continental's application to build a 1,839-mile, 26-inch pipeline from near Mercedes, Texas, to New York City.

Searls argued Trans-Continental cannot prove ability to obtain the necessary pipe, which is in short supply. Texas Eastern has been authorized by the commission to supply much of the same area that Trans-Continental proposes to serve; Texas Eastern will use the already-constructed Big and Little Inch pipelines, which it is now in process of acquiring from the government.

**MARRIAGE LICENSE ISSUED**  
G. A. Ragsdale and Nila Pearl Ragsdale have been issued a marriage license by the Midland County clerk's office.

**Flower Show Entry Deadline Is Set At 10 A. M. Saturday**

Representatives of Midland garden clubs said Monday all Flower Show entries must be at the City-County Auditorium by 10 a. m. Saturday for proper placement and classification. Judging will be completed before the show opens at 1 p. m. it was announced.

All entries will remain on display during the two days of the show, remaining until 10 p. m. Sunday and being removed before noon Monday. The Flower Show committees will arrive at the auditorium at 8 a. m. Saturday to receive entries.

To conform to the rules, all flowers must be grown in Midland County, and those displayed in the specimen class must be grown by the exhibitor and placed in milk bottles. The garden club council announced all entries not made according to the schedule will be disqualified for awards.

**20th Century Meet To Feature Studies On History Women**

Mrs. Duke Jimerson, 1411 West Washington Street, will entertain the Twentieth Century Study Club at 3:30 p. m. Tuesday, when members will hear a program on "Women as a Force in History."

Included on the program will be: "On the Throne," Mrs. W. E. Shipp, Jr.; "In the White House," Mrs. Ray Howard; and "Behind the Scenes," Mrs. Frank Monroe.

**KIDNEYS GETTING YOU UP NIGHTS?**

If you get up nights—have frequent desire to pass your water—but have only scanty passages—yes, and have backache due to excess acidity in the urine, be glad you're reading this:

Three generations ago Dr. Kilmer, a famous doctor, found hundreds of his patients with this trouble. Painstakingly he made a medicine of 16 herbs, roots, vegetables, balsams—Nature's own way to relief. He called it "Swamp-Root" and millions of grateful men and women have taken it—often with amazing results.

Swamp-Root goes right to work to flush out kidneys... increases the flow of urine, helping to relieve excess acidity... so the irritated bladder gets a good flushing out, too. Many report getting a good night's sleep after the first few doses. Caution: take as directed.

For free trial supply, send to Dept. S, Kilmer & Co., Inc., Box 1233, Stamford, Conn. Or—get full-sized bottle of Swamp-Root today at your drugstore.

**Slipper Satin: The Aristocrat Of Fabrics Fashions Gleaming Gowns For Winter Evening Wear**

**ARISTOCRAT** of the dinner table and the ballroom is the dress of slipper satin. This fabric catches lights from chandeliers like a Grand Duchess' jewels.

Because slipper satin brings along its own starch, it asks no help from a crinolene petticoat to make a dress stand out.

Here slipper satin is shown ennobling two gowns: the ballet-length dress and the new floor-sweeping formal. Both gowns are designs of Adele Simpson, noted for a fashion excellence which women who buy dresses in moderate price brackets can afford.

—EPISE KINARD,  
NEA Fashion Editor.

Gleaming slipper satin heightens the elegant look of these dress-up fashions. Gold-colored satin is used for the evening gown, left. New hemline slopes from the ankle in front to a short train in back. Off-shoulder cuff is trimmed with brilliants and a fretting of gold threads. Ballet-length dinner gown, right, of bronze-colored satin has softly flared skirt, wide, crushed tizle.

**Mrs. Holderman, Shower Honoree**

Mrs. Charles Holderman was the honoree at a pink and blue shower given Friday in the home of Mrs. L. C. Rone, Gulf Tank Farm, with Mrs. George Thompson co-hostess.

A white damask-covered table was centered with an arrangement of Fall cutflowers, similar to arrangements used throughout the entertaining rooms.

A pink and blue color scheme was carried out in refreshments, with miniature storks as plate favors.

Guests included: Mrs. L. M. O'Neal, Mrs. Pen Dublin, Mrs. J. M. Stewart, Mrs. Frances Holcomb, Mrs. Ray Blackburn, Mrs. J. R. Smith, Mrs. C. S. Entler, Mrs. Joe T. Houze, Mrs. Bill Gorman, Mrs. Woodrow Wickman, Mrs. J. W. Williams, Mrs. Bill Taylor, Mrs. LaVerne Barnes, Mrs. Guy Spinks and Mrs. Horace Newton.

Out-of-town guests were: Margaret Wassoner, Colorado City; Mrs. W. R. Garrett, Fort Worth; Mrs. D. W. Evans, Big Spring; Mrs. C. D. Graham, Odessa, and Mrs. B. G. Newton, Roscoe.

**RETURNS FROM KANSAS**

L. T. Fowler, 111 West Ohio Street, returned Monday from Abilene, Kan.

**Medical Test Proved This Great to Relieve MONTHLY FEMALE PAINS**

Are you troubled by distress of female functional monthly disturbances? Does this make you suffer from pain, feel so nervous, restless, weak—at such times? Then so try Lydia E. Pinkham's Vegetable Compound to relieve such symptoms!

In a recent medical test Pinkham's Compound proved remarkably helpful to women troubled this way. It's what Doctors call a uterine sedative. It has a great soothing effect on one of woman's most important organs.

Taken regularly—Pinkham's Compound helps build up resistance to such distress. Also a great stomachic tonic!

**LYDIA E. PINKHAM'S VEGETABLE COMPOUND**

**The Chiropractor and You**

No. 6 of a series of articles published in the public interest to explain and illustrate the practice of Chiropractic.

**CHIROPRACTIC IS RIGHT!!**

The true value of any health service should be determined by its effectiveness in getting sick people well. The desire of the person who is sick is to get well. Words, opinions, arguments and pedantic description and prescription may arouse interest to a certain degree, but the final and decisive test is the effectiveness of the health service rendered.

Chiropractic has proved the accuracy of its principles and practice by actual results secured in restoring the sick to health, and it has been the means of bringing health to millions of individuals. Why not consult a competent Chiropractor in your own community and determine for yourself the value of Chiropractic as a health service.

CASE HISTORY NO. 556—Confined to bed for nine months with excruciating sciatic pain, this comparatively young man had given up hope for recovery. An office colleague told him he was sending him "a birthday present." It turned out to be a Chiropractor who called at the suggestion of the friend. Realizing where the cause of the condition lay, the Chiropractor pal-

**DR. C. L. BRADY**  
Palmer Graduate

pated the patient's spine, found a misaligned vertebra which was causing a nerve pressure, and adjusted it. Almost imperceptibly at first, the patient's condition improved. Within three months he was walking around again.

CASE HISTORY NO. 1470—This young man had been bothered with boils since he was a boy. At age 21 he was having 12 to 16 boils a week. The condition was so distressing that he had to remain in bed for long periods of time. At one period he was in bed for three months straight. On one occasion he had 13 boils lanced at one time. Having tried all else, he visited a Chiropractor and took spinal adjustments. The adjustments released nerve pressure and within six weeks the eruption of boils had entirely ceased.

FOR FURTHER INFORMATION concerning the modern Chiropractor and what he can do for you, phone 1256 for your appointment.

## Decline And Fall

For an hour John L. Lewis harangued the American Federation of Labor convention in San Francisco with one of his typically pompous, theatrical performances. He denounced and sneered at his fellow AFL executives. But the chief target of his wrath was the Taft-Hartley Law, to which he again attributed all the vicious, treacherous purposes that have never shown up in practice.

When he had finished the delegates arose and, in a moment, succeeded in doing what the Taft-Hartley Law was intended to do. They deflated the soaring ambitions of a power-hungry, egocentric labor leader whose selfishness and irresponsibility had so greatly abused the rights won by organized labor.

Specifically, the convention abolished the offices of 13 national vice presidents, one of which was held by Lewis. They did this because the United Mine Workers president had refused to sign the non-Communist affidavit required by the Taft-Hartley Law. They also removed him from another office—in advance. For Lewis had warned them that if they abolished the vice presidencies, he would not accept a place on the substitute executive council.

The removal of the vice presidents left only two national officers, a president and a secretary-treasurer. Both these executives are willing to sign the non-Communist affidavit. In doing so, they will give representation before the NLRB to nearly 300,000 AFL members who have no national officers of their own.

That was the immediate reason for the AFL convention's action. But it may be surmised that the delegates were fed up with Lewis tactics. It could be that they were tired of his attitude of "if I can't be leader, I won't play."

They had seen him walk out of the AFL when he was thwarted. They had seen him walk out of the CIO, which he helped found, when the membership refused to do his bidding. This time, if he wanted to take another walk from the AFL, it was evident that the convention was perfectly willing to open the door for him.

It could also be that the delegates were tired of the ham and corn which are the eye-smiting placards of the Lewis conceit. Maybe, too, they were frightened at the possibility of John L.'s becoming AFL president.

Probably nothing but infirmity or death will remove the well-paid, well-fed Lewis from his position of eminence in the UMW. From that position he made himself such a threat to the operation of the nation's economy that a law was passed in an effort to curb his power.

But the AFL delegates have succeeded in removing, once and for all, Lewis' ambition to be a dominant labor figure as well as an economic threat. At 67, his career outside the UMW appears to be finished. The blow that finished it was an intelligent, democratic example of labor's cleaning its own house. If there had been more such house-cleanings in the past few years, it is unlikely that a Taft-Hartley Law would be on the statute books today.

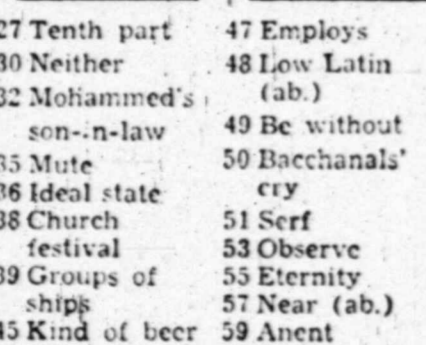

The lesson of John L. Lewis' fate will hardly be lost upon other heads of unions. Here was an able, intelligent man who for years fought labor's battles with skill and courage. But his growing self-importance let him forget that his power was not all of his own creation. So they turned him out.

A sofa several hundred years old sold for \$1,200 in the East. We wonder what took its place in the hotel lobby.

Answer to Previous Puzzle

## Oh Boy! If They'd Only Pull A Strike On This Job!

## Poles Probe Escape Of Opposition Leader

WARSAW—(AP)—A Polish government spokesman said Monday an investigation was underway to determine how Stanislaw Mikolajczyk, leader of the opposition Polish Peasant Party, had fled the country.

The informant confirmed published reports that Mikolajczyk had escaped. Mikolajczyk's whereabouts remained a mystery.

The inquiry, the informant continued, is being directed to learn whether there was negligence on the part of Polish frontier guards or security agencies which enabled Mikolajczyk, his secretary and three aides and their wives to slip out of the country.

Asked whether Mikolajczyk was aided in his flight by any foreign power, the spokesman said there was "circumstantial evidence" to that effect. He declined to elaborate.

**Charged Election Fraud**  
Mikolajczyk's disappearance apparently meant the end of the attack on the legality of Poland's parliamentary election of last January.

He was the chief complainant and had voluminous charges pending in the Supreme Court that the elections were marked by gross fraud and irregularities. Mikolajczyk also had demanded that the tribunal order a "free and unfettered" election. With the complainant gone, it was expected that dismissal of the appeal would become a mere formality.

United States and British officials had supported Mikolajczyk's declaration that the January balloting was marked by intimidation of Mikolajczyk's followers by the pro-government parties.

**SEARCH FOR KILLER**  
TOKYO—(AP)—A widespread search was pushed Monday for a hammer-wielding killer who clubbed two children to death and wounded another child and four adults on the outskirts of Tokyo Sunday.

## Windblown Hail Flays East Texas

By The Associated Press  
Hail, whipped with bullet force by a hard wind, cut a million-dollar path of damage through a broad section of East Texas Sunday.

At least three towns were left without electrical power, and telephone communications were disrupted by a hailstorm which struck late in the afternoon.

Hardest hit was Jacksonville, where Raymond West, editor of the Jacksonville Daily Progress, said damage might amount to \$2,000,000.

The Jacksonville power plant, which provides power for several other towns, was knocked out and electrical service was cut off at Arp, Rusk and at Nacooches for a time.

Jacksonville's telephone communications were hard hit, with only a few long distance lines available. Other towns said some telephone service was disrupted.

No injuries in the area were reported immediately. West said downtown Jacksonville stores were flooded by an accompanying rain after hail shattered practically all glass windows.

Jacksonville reported hail so thick it resembled snow.

In 1946, the death rate in France was the lowest in the history of the country.

## Krug Says Beer Cans Waste Nation's Steel

EL PASO—(AP)—There is no shortage of steel in the United States, only a wasteful diversion to non-essential purposes. Secretary of the Interior J. A. Krug declared.

Here to address the American Mining Congress, Krug said Sunday night that use of metal for beer cans was one example of waste that should be corrected if the United States is going to be able to allocate steel to Europe.

Krug termed his statements the first report on his inventory of domestic resources for overseas aid made as head of President Truman's Inventory Committee.

Easing of government controls of the mining industry was expected to be asked during the three-day meeting opening Monday.

Krug forecast the U. S. population to increase by 10,000,000 in the next ten years and said there is no place the surplus can settle, without congestion, except in the West.

## Shell Worker Hurt In Crash With Oil Truck At McCamey

McCAMEY—B. H. (Red) Koger, field gauger for Shell Oil Company, was injured late Sunday in a collision between his light sedan and a loaded oil transport about one mile west of here.

Suffering from shock, lacerations, and possible skull fracture and internal injuries, Koger also sustained first and second degree burns of both legs and a fractured knee.

Claude Chamber, also of McCamey, driver of the oil truck, was given first aid for burns of the face and arms and was released from the hospital.

The automobile was completely demolished. The oil transport caught fire and burned extensively before the McCamey volunteer fire department could quench the blaze.

## Rabies More Prevalent In Winter Than Summer

Rabies, contrary to popular belief, is more prevalent in winter than in hot-weather months, Dr. F. E. Sadler, director of the Midland-Ector-Howard County Health Unit, said Monday.

He quoted State Health Department records showing that of all animals brains submitted for examination by the department's laboratory in January, 1947, 33 per cent tested positive for rabies, while in July only 18 per cent were positive.

Dogs suspected of having rabies should not be killed immediately, but should be confined for 10 days for observation to see if the disease develops, the doctor said. If the dog sickens and dies during the period, the head should be packed in ice and sent to the State Health Department for examination.

Officers of the health unit here will assist in observing such suspected animals and in sending heads in for laboratory tests.

## CHINESE COMMUNIST OFFENSIVE CRUMBLING

NANKING—(AP)—The Army newspaper Pease Daily reported Monday the Chinese Communist offensive along the Mukden-Changchun Railway in Manchuria was crumbling and that the entire length of the 200-mile road would soon be cleared of Red Troops. The newspaper said Nationalists, striking northward from Tieling, 40 miles northeast of Mukden, had lifted the Red siege of Kaiyuan Station and had taken the city of Old Kaiyuan, three miles to the North.

### Walt Disney Modifies Testimony Concerning Women Voters League

A copy of a telegram sent by Walt Disney of Hollywood to the Un-American Activities Committee with the request it be added to his testimony of last Thursday before the committee in Washington, was released Monday by officials of the Midland League of Women Voters.

Disney's statement follows: "Some confusion has arisen over my testimony regarding the League of Women Voters. My testimony referred to the year 1941 at which time the several women represented themselves as being from the League of Women Voters. I want you to know that I had no intention of criticizing the League of Women Voters as of now. Please see that this is read to the committee on Monday and that it is added to my testimony."

Miss Anna Lord Straus, president of the National League of Women Voters, issued the following statement in Washington: "Mr. Disney, through his testimony has made it difficult for the very forces of democracy he is interested in preserving. Branding the League of Women Voters as a 'communist front organization' on the basis of what a few individuals are alleged to have said or done in 1941 is so patently irresponsible a statement that those who know the league will not be disturbed by it. To those who do not know the league, we welcome the opportunity to tell more about our work."

"The league is a real grass roots organization with local leagues in 550 cities and towns in the United States. Our deeds speak for themselves. Twenty-seven years of non-

### Golden Gloves Workout Stated

The Midland High School gymnasium will be open at 8:15 p. m. Monday for the training of Golden Gloves boys of the city. At an initial meeting Saturday night, 12 boys were present. The gym is completely equipped for the program, and Joe Shell is director and coach.

### Baby Injured In Car-Truck Crash

A two-months-old baby of E. J. Bailey of Odessa was treated for head injuries in a Midland hospital following a collision on Highway 80 in the city limits here Saturday.

An automobile driven by the child's father and a truck driven by Roscoe Matthews, negro, collided, officers reported. The baby was not seriously injured.

### COTTON

NEW YORK (AP)— Noon Monday cotton prices were 50 cents to \$1.00 a bale higher than the previous close. December 32.99, March 33.18 and May 33.10.

partisan support for such principles as the merit system, good public administration, modern charters and constitutions are well known. League concern for public education, pure food and drug laws, child welfare and other welfare objectives are familiar to all civic leaders. Citizens need only look around them at the solid accomplishments and reputation of the league in their home communities."

### Executive Board Meeting Called

The executive board of the Midland Chamber of Commerce and three Midlanders who are West Texas Chamber of Commerce directors will meet at 5 p. m. Monday in the chamber of commerce office here.

A referendum ballot of the WTCC will be completed at the meeting. WTCC directors who are Midlanders are M. C. Ulmer, Paul McHargue and James N. Allison.

### Kansas Wheat Crop Outlook Is Poor

MANHATTAN, KAN. (AP)— Prospects for next year's wheat crop in Kansas were described by R. I. Throckmorton, dean of the Kansas State College School of Agriculture as "the poorest since some of the most critical seasons in the 1930's."

In all but local areas the surface soils are too dry for seeding, he said, and except for Summer fallow land, the subsoil moisture is extremely low because of below-average rainfall for August, September, and October.

Kansas farmers, funneling wheat into the world's grain basket, raised bumper crops the last two years—294,000,000 bushels in 1947 and 217,000,000 bushels in 1946.

"In addition to lack of moisture, insects have been detrimental this fall," Throckmorton said. "The white grub has caused damage in local areas. The false wire worm is destroying seed in other sections."

SUITCASE STOLEN  
E. E. Inman, North G Street, reported to police Sunday the theft of a suitcase containing several articles of clothing.

## McKenney on Bridge

By WILLIAM E. MCKENNEY  
America's Card Authority

(First in a series of six special Lesson Hands.)  
With the increased interest in tournament bridge, this coming winter undoubtedly will be the biggest in the history of contract. In my travels I am impressed by the number of good bridge players both in the United States and in Canada.

I am devoting this week's articles to pointers which will give you a better understanding of the game, and every Thursday from now on I will give you a hand which I believe will improve your bridge.

First of all let us study the bidding of today's hand. Some players might pass the South hand. However, most tournament players will open the bidding with

U.S.-British Stars Gather In Portland For Ryder Cup Play

PORTLAND, ORE.—(AP)—The stars of British and American golf were warming up Monday for the weekend test of skill in the seventh play of the International Ryder Cup matches. Members of the challenging British team arrived Monday morning, and most of the ten United States' pro stars, who will defend the gold cup emblem of golf supremacy, are expected by nightfall. U. S. Team Captain Ben Hogan, who has been looking over the site of the event for several days, said Sunday night the Pacific Northwest's seasonal "heavy air" and the rain-soaked Portland Golf Club would slow any power drives this week.

U. S. Holds Lead
Hogan and Teammate E. J. "Dutch" Harrison stroked the 18-hole course Sunday as they opened their practice ahead of the others. The American team has captured four of six matches since the initial event in 1927. The U. S. successfully defended the cup in 1937 at Southport England. The British won twice, in 1929 and 1933. The war in Europe interrupted the alternating year schedule, although teams were named in 1939 and 1941, but did not play.

Two-ball foursomes open the matches next Saturday with one point scored in each of the four matches. On Sunday, eight match-play singles carry the competition, again over the 36-hole route, with a point each for the victors.

CONVICTED SPY REMOVED FOR DEPORTATION

DALLAS —(AP)—Dr. Wolfgang Ebell, convicted German spy and former El Paso surgeon, Monday had been taken from the Dallas County jail for deportation to Germany.

Ebell was convicted of giving information concerning the United States war effort to German agents.

TEXAS TECH SEEMS BORDER LOOP PUZZLER

Associated Press Sports Writer
The Red Raiders of Texas Tech have a dual personality that seems to contain the key to the Border Conference football throne room. The polished crew from Lubbock displayed one side of their personality last Saturday when they rose up and snipped down Denver University, 36-7, in a game at Denver.

But the previous week, another side of the Raider squad was evident when they went down, 32-6, before Baylor. As things stand, the Raiders occupy second place in the conference standing behind the defending champion, Hardin-Simmons Cowboys, and the Sun Devils from Arizona State (Tempe). All three teams are unbeaten in conference play, but Tech has played only one game to two for each of the others.

Right behind the Raiders are Arizona and West Texas (each 2-1), followed by Texas Mines (1-2), New Mexico (1-3) and the New Mexico Aggies and Arizona State (Flagstaff) (each 0-2).

Texas Longhorns Win Again

James Canady, (10), Texas halfback, is stopped by Jack Wolcott, (86), Rice Institute end, after a four-yard gain during the second quarter of the game played in Austin Saturday. Texas went on to win by a score of 12-0 and thus remain undefeated and untied for the present season.

Texas Conference Has Five-Way Race

By The Associated Press
The Texas Conference football chase shaped up as a five-team affair Monday, only Southwestern being out of the running.

McMurry and Howard Payne jumped back into the race with victories over Abilene Christian College and Southwestern last week.

This week, two conference games should help a little in straightening out the standings. Hardin College, unbeaten in conference play, plays Howard Payne, and McMurry tackles Austin College.

The only other game scheduled finds East Texas Baptist meeting Southwestern at Georgetown.

Hardin and Austin are the only undefeated teams left in loop play, while Southwestern is the only team to have lost all of its conference games.

Klein Wins In West Texas Open

SAN ANGELO —(AP)— Charles (Chuck) Klein, Amarillo professional, Monday was the West Texas Open Golf champion.

Playing in a chilling rain, he shot a 14-under-par 270 for the 72-hole route Sunday at the San Angelo Country Club.

Lloyd Watkins of Midland with a 273 was second, and Bill Maxwell, 18, Abilene High School senior, was third with a 283.

Mrs. Sam O'Neal of Odessa, who led the field all the way in her division, scored a 54-hole total of 258 to capture Class A honors among the women amateurs.

Second was Mrs. Bill Powell of San Angelo, who scored a 267, and third was Mrs. Bobbie Huestis of Odessa with a 271.

**Miss Princess Beats Barbra B**

DEL RIO — Thoroughbred Miss Princess, a half sister to Assault, Sunday won two matched races from Quarterhorse Barbra B here in a special event of the Del Rio Livestock Association fall meet.

She dashed the 350-yard distance in 18 seconds flat and continued on to the 440 yard mark in 22.2 seconds. Both horses carried 115 pounds. Tony Licata was up on Barbra B and Pat Castille rode Miss Princess. Both are veteran jockeys.

The combined race was billed as between a quarter-horse, who generally are considered crosses between English horses and Spanish horses brought to America at an early date, and a thoroughbred for the shorter distance races. Miss Princess was considered the Thoroughbred.

2—THE REPORTER-TELEGRAM, MIDLAND, TEXAS, OCT. 27, 1947

**Two Conference Games Scheduled**

Two conference games are scheduled in District 3-AA this week, two out-of-district tilts are carded, and the league-leading Odessa Bronchos are idle.

The slate is: Midland at San Angelo, Abilene at Sweetwater, Big Spring at Denison, and Lamesa at Ysleta. The Lamesa tilt is on Thursday night, the rest Friday.

Midland's Bulldogs should remember it was San Angelo who started the Purple on the downgrade last year. Midland had won four non-conference tilts, dropped to strong Sweetwater, then defeated Abilene.

**Graphic Interference**

Forced out of bounds in the first period of a night game with Kansas State in the Hub, Boston College back Will DeRosa bowls over a photographer. The lensman was penalized five yards, took time out. The Eagles smothered the Wildcats, 49-13.

**Top Schoolboy Outfits To Get Rest This Week**

By HAROLD V. RATLIFF  
Associated Press Sports Editor

The Texas schoolboy football campaign blusters into the November stretch with nine undefeated teams, three of them standing out like mountains against the sky.

Mighty Odessa, Wichita Falls and Corpus Christi set a terrific pace as the field lopes down the Autumn trail toward district championships and the play-offs.

Each of these teams is averaging more than 30 points per game with Odessa, defending state champion, the bellwether. The Bronchos have stamped for 246 points in seven contests.

This week finds Odessa enjoying an open date to allow Wichita Falls and Corpus to catch up.

Records of Texas high school undefeated teams:

Team	W	L	T	Pts.	Opp.
Odessa	7	0	0	246	35
Corpus Christi	7	0	0	218	47
Longview	7	0	0	99	0
Wichita Falls	6	0	0	187	7
Austin (El Paso)	6	0	0	111	26
Marshall	6	0	0	123	38
Corsicana	5	0	0	166	38
Goose Creek	5	0	1	95	19
Forest (Dallas)	2	0	3	31	7

By WILBUR MARTIN  
Associated Press Staff

The undefeated—Texas and Southern Methodist University—settle a lot of questions this week, the Southwest Conference championship almost certain to be among them.

Texas—with its passing genius, Bobby Layne—and Southern Methodist—with its great all-around performer, Doak Walker—have everything to gain in this one game.

Two conference and one sectional game take a backseat to the Cotton Bowl clash at Dallas Saturday. Texas Christian will meet Baylor and Arkansas takes on Texas A&M in the conference tilts, with Rice and oft-beaten Texas Tech in the sectional affair.

Last week's results—including a continuation of a terrific conference showing in inter-sectional play—only served to make the Texas-SMU game more attractive.

Layne's Longhorns, unbeaten in six straight games, smashed a lightning Rice eleven, 12-0, on the ground, overshadowing for the second straight week their dread aerial game.

Walker's Mustangs, unbeaten in five straight games, clicked in the air for a dramatic 7-0 victory over the University of California at Los Angeles.

Both Have Problems — Almost as big a question as the personal duel between Walker and Layne, the only two candidates for All-America honors in the Southwest, is that of each team's defense.

SMU has the problem of stopping Layne's deadly passes and Byron Gillyery and Tom Landry on the ground.

Texas' chore is that of stopping Walker on the ground, Gilbert Johnson's passes, and Dick McKissack's effective line plunging.

More people will be waiting on the outside to find out the answer than will be watching the game. The Cotton Bowl has been sold out for a couple of weeks.

Whichever wins, Texas or SMU, will be considered a shoo-in for the title. Two teams—Arkansas and the pre-season favorite, Rice—are out of the running.

Baylor, the 24-0 upset victim of A&M last week, A&M and Texas Christian University—victor over Oklahoma, 20-7—still have a chance.

There are 72 fatal accidents per 100,000 persons, on the average, in the United States.

**Two Lobos Making Gridiron History**

ALPINE—Glenn Beard, Kermit, 190-pound fullback for the Sul Ross Lobos, is setting a remarkable record during the current football season. The red-headed junior has torn up the turf for a total of 694 yards in the first five games of the year. This gives him an average of 94.5 yards per try in handling the ball on offensive plays.

In the same line, Otis Parks, Wink, end, has been sent into the backfield ten times this season to kick the Lobos out of the hole and has booted the ball for a total of 452 yards, giving him an average of 45.2 yards per kick during the first five games.

The Lobos have won two conference games, won one non-conference tilt, and dropped two other non-conference games this season. They have three remaining conference games in the New Mexico Conference plus two more non-conference affairs. On the basis of past performance, the two Lobos have excellent chances to top the national grid race before the end of the ten game season.

**CIVIL-WAR VETERAN DIES**

AURORA, Ill. — Daniel A. Wedge, who fought in 26 engagements as a Union soldier in the war between the states, died Sunday on his 106th birthday anniversary.

**Nine Top-Flight Elevens Remain All-Victorious**

NEW YORK — You could count the major all-victorious football teams on the fingers of your two hands Monday, and if you try the same calculation after the season passes the halfway mark next Saturday there probably will be a digit or two that won't even be put to use.

The biggest shock of last week's wave of surprise was Columbia's 21-20 triumph over Army, a team that had gone through 32 games since 1943 without defeat.

But if the Gaels from West Point are in need of consolation, they can find it in the fact that many others on last Saturday's list of favorites were subjected to the same indignities.

California, Baylor, Wake Forest and West Virginia were hauled rudely from the all-victorious ranks, and Illinois, unbeaten but once-tied, saw its hopes for another Big Nine title all but disappear in a 14-7 loss to Purdue.

More "Trimming" Due — Out of the wreckage, Texas, Michigan, Notre Dame, Georgia Tech, Pennsylvania, Penn State, Southern Methodist, Utah and Virginia emerged as the only major outfits still owning perfect marks, while Duke and Southern California remained undefeated but once-tied.

That list is due for further trimming Saturday when Texas, which blanked Rice, 12-0, collides with Southern Methodist, 7-0 winner over UCLA, at Dallas; and Duke, which ended Wake Forest's dreams, 13-6, invades Georgia Tech, 38-0 winner over The Citadel.
