Second Writer Will Not Talk

WASHINGTON—(AP)—A second screen writer, Dalton Trumbo, refused Tuesday to tell a House Un-American Activities subcommittee whether he is a Communist, and the group voted to cite him for contempt.

Trumbo, as did John Howard Lawson on Monday, took the stand that the committee had no right to question him about his political beliefs.

The 42-year-old writer was excused from the witness stand amid loud applause from spectators in the hearing room.

Chairman Thomas (R-NJ) pounded his gavel and warned the audience to refrain from demonstrations.

After Lawson refused to answer a question as to whether he had been a Communist, the committee voted to cite him for contempt.

Trumbo spent a lively 10 minutes on the witness stand before Thomas finally abandoned his persistent attempt to have the writer answer questions directly.

"This is the beginning of American concentration camps," Trumbo shouted as he walked from the witness stand with several capitol policemen standing around him.

"Are you a member of the Screen Writers Guild?" asked Robert E. Strapping, chief investigator for the committee.

"At this point," Trumbo replied, "I would like to introduce certain statements about my work from General Arnold, head of the Army Air Forces."

Witness Excused

"Just a minute," Thomas shouted above the banging of his own gavel. Thomas reminded Trumbo of what happened when Lawson refused to answer questions and was cited for contempt.

Then the witness was excused and the committee began the reading of a committee memorandum on "Communist affiliations of Dalton Trumbo."

It was similar to a report read on Lawson after Lawson refused to answer a question.

Before the hearing began, another writer, Emmett Lavery, had told reporters he was prepared to tell the committee that he is not and never has been a Communist. Lavery is head of the Screen Writers Guild and has been criticized by several witnesses before the committee.

Lavery was asked whether he would refuse to answer questions about his political beliefs as John Howard Lawson, another writer, did Monday at a stormy session which brought the threat of a contempt citation.

Enter Seventh Day

"No," Lavery said, "if they ask me whether I am or have been a Communist, I can truthfully tell them 'no.'"

As the committee went into the seventh day of its hearings, attorneys for some of the witnesses were pondering the possibility of taking the case into the courts, possibly through a habeas corpus writ.

But Paul V. McNutt, special counsel for the Motion Picture Association, told newsmen he believes witnesses at a congressional hearing are "privileged" and cannot be held accountable for their testimony.

Other attorneys in the case were not so certain but withheld announcement of their plans pending a further study of the law.

CHINA OUTLAW MINORITY PARTY

NANKING—(AP)—China's governing party Tuesday outlawed its minority-party, liberal opposition, the Kuomintang League, which termed the action "most unjust" but indicated it would be wise for members to obey and disband.

WARSZAWA — (AP) — The Supreme Council of self-exiled Stanislaw Mikolajczyk's Polish Peasant Party was summoned Tuesday to effect a complete reorganization November 30 under left wingers led by Czeslaw Wyczech, once minister of education.

GOSWICK, ENGLAND — (AP) — The fatalities resulting from derailment of an Edinburgh-London express near here Sunday rose to 24 Tuesday with the death of another of the 71 injured.

Blast Racks Woodward, Oklahoma

WOODWARD, OKLA.—(AP)—Fire was raging out of control through one of Woodward's main business blocks at noon Tuesday following a gas furnace blast.

Six stores were razed by the blast and fire. At least eight persons were known injured and many were feared dead.

Starting with a blast in the basement of the Oliver Shoe Store, the blaze at noon had claimed two-thirds of the block.

The explosion and fire struck Woodward less than seven months after the state's worst tornado ripped through the city on April 9 with a death toll of 110 and more than 1,000 injured.

At noon the Newcomb-Frost Department Store; the Oliver Store, Trego's Mens Wear; Brown's Drug Store; J. C. Penny Company, and the Boyle Hardware Store had been destroyed.

Firemen were hampered by the lack of chemical equipment and by low water pressure. The entire water system has not been replaced since it was damaged in the April tornado.

Known injured were Mrs. George Trego, wife of Woodward's mayor; Kenneth McCollum, John Laughan, H. C. Butler, Jr.; Bob Blacktop; Willard Guthrie, Jim Watson, and O. L. Goff.

As the fire spread, additional explosions blew out store windows up and down the street as gas gathering in the buildings from broken lines was ignited.

Oil Man Killed In Plane Crash At Big Spring

BIG SPRING—(AP)—Fred Childers, Seminole, Texas, oil man, was killed Tuesday morning when his plane crashed into a cottonfield 20 miles northwest of here.

Officers said Childers, reportedly en route from San Antonio to Seminole, apparently crashed while attempting an emergency landing. There was a heavy overcast in the area at the time, officers stated.

Childers was an independent oil operator and lease broker and was well known in Permian Basin oil circles. He was a frequent visitor in Midland where he had business associates and many friends.

He is survived by his widow and a daughter.

Funeral arrangements were pending Tuesday noon.

Additional Moisture Hinders Cotton Crop, Consoles Cattleman

Another 12 of an inch of rain was recorded Tuesday by the City Barn gauge, making a total of .35 of an inch received here since cloudy weather moved in Friday night to spend a long weekend, hamper cotton picking, damage ripe bolls, and otherwise make a general nuisance of itself to farmers.

The dampness is a definite hindrance to the cotton harvest now in full swing, farmers say, but will help some small grain planted for winter grazing.

Cattleman, always glad to see rain, say the moisture will benefit thirsty ranges. Their attitude toward the precipitation is "the more the merrier."

United Mine Workers Official Dies Monday

SAN FRANCISCO—(AP)—The body of John J. O'Leary, 67, vice president of the AFL United Mine Workers, who died here Monday after a heart attack, was en route back to Pittsburgh Tuesday.

O'Leary, third union leader here for the recent AFL National Convention to die, suffered a fatal heart attack the day after the convention ended. Joseph A. Padway, AFL general counsel, and Edward Thal, Detroit AFL leader, died during the convention.

Community Chest Is "Five-In-One"

Midland's "five-in-one" Community Chest drive officially opens Saturday and the actual work starts Monday.

A goal of \$22,000 has been set for the first Community Chest campaign.

Beneficiaries of the drive are: Boy Scouts, Girl Scouts, Salvation Army, Junior Canteen, and Goodwill Fund.

Alabama Governor Gets Texas Kiss

Gov. Jim Folsom of Alabama seems to be well pleased with his second date which Governor Jester arranged for the Annual Air Day in Texas (see page 1), Jester assigned Del Bradford, a University of Texas coed, as the visiting governor's "date" during the celebrations.

Stars Protest House Hearings

Curious spectators peer through a window for a glimpse of Hollywood movie stars and producers who arrived in Washington to protest the House Un-American Activities Committee's investigation of alleged communism in the film capital. From left to right are: Joe Sistrum, producer; Humphrey Bogart, Evelyn Keyes and Lauren Bacal.

Capture Of Bolivian Town By Communists Reported

RIO DE JANEIRO—(AP)—The Justice Ministry said Tuesday Col. Joaquim Rondon, governor of the Brazilian Frontier Territory of Guapore, had informed it that Communist elements had captured the Bolivian border town of Guayara.

The governor's province is on the Bolivian frontier.

The ministry quoted Rondon as saying his information was based on a report to him from a Captain Hernan of the Bolivian Army at the Brazilian frontier town of Guayara Mirim.

Hernan asserted that Communist elements of the "Pirista" Party captured the Bolivian town and were holding the town authorities. The Pirista Party is the Bolivian party of the revolutionary left.

Colonel Rondon was quoted by the ministry as saying Brazilian border troops were moving up to safeguard the frontier between the captured town and the Bolivian capital of La Paz.

Captain Hernan was quoted as saying the capture of the town was effected by a "large, well-armed group."

Texas Girl Is Victim Of Greek Plane Crash

LICPESI, GREECE—(AP)—Some 180 Greek Army stretcher bearers were to make the rocky descent of Mt. Hymettos Tuesday, bringing down the broken bits of bodies of the 44 persons killed Sunday night when a Swedish airliner struck the peak.

The Swedish Airlines System announced that among the dead were Gloria Marie Rusch, 24, of Dallas, Texas, and Edwin Warner, 39, of Washington. The wreckage burned after striking the mountain.

At Grove City, Pa., Harry H. Rusch father of Gloria Marie, said she was born in Dallas, where she worked for Fairbanks-Morse.

Lawmaker Claims 'Brass Curtain' Cloaks U. S. Casualties In Trieste

WASHINGTON—(AP)—Rep. Marjorie T. Bennett (R-Mo) declared Tuesday that "many" American soldiers have been killed or wounded by Communists in the Trieste area behind a "brass curtain of American military censorship."

The Missouri lawmaker, recently returned from a six-week tour of Europe and the Near East, said there have been "63 incidents of armed aggression by the Communists" against United States forces since they moved into the former Italian territory, bordering on Yugoslavia. Trieste now is a free state.

"These acts have resulted in the death or wounding of many American soldiers," Bennett added in a statement issued before he left for his home in Springfield, Mo. "I have the names and identifications of the incidents as furnished me by our military intelligence."

"In Europe they call it a 'cold war.' It is war and how soon, or if, it will engulf the whole world, no men outside of the Kremlin can say."

"The brass curtain of American military censorship has done a remarkable job in keeping from the American people the seriousness of the situation at Trieste."

The Army declined comment on Bennett's statement.

"There are four things this nation can do," Bennett said: "Surrender as we did with appeasement of Stalin at Potsdam, Yalta and all the rest; fight, which is not likely unless we are attacked; withdraw altogether and chalk up 300,000 soldiers' lives and other sacrifices of two great wars as a mistake, or we can extend all aid short of war, as we are doing."

Price Control Is Considered

WASHINGTON—(AP)—The Citizens Food Committee Tuesday estimated that it is 35 per cent along the way toward President Truman's goal of saving 100,000,000 bushels of grain for the relief of Winter distress in Europe.

Industry pledges will account for about 35,000,000 bushels in the next 90 days, a committee official said, but most of the rest must come from public self-denial and in farm savings of grain fed to livestock.

In the hope of tapping another industry source, Committee Chairman Charles Luckman will meet shortly with meat packing representatives, the official disclosed.

Meantime the White House and legislators of both parties made plans for the November 17 special session of Congress which Truman hopes will furnish about \$1,000,000,000 to get the grain and other products overseas while setting up controls against inflation at home.

Senator Taft of Ohio, candidate for the GOP presidential nomination, summoned the Senate's Republican Steering Committee into a meeting three days ahead of the special session. Republicans have undertaken to write a price program of their own, to match anything Truman sends to Capitol Hill.

Churchill Demands Reforms

LONDON—(AP)—Winston Churchill called upon the British Labor government Tuesday to follow the lead of the United States in removing price controls and to toss aside Socialist planning, which he said was holding up national economic recovery.

Making his fourth attempt to unseat the Labor government by parliamentary motion, the opposition leader declared that nationalization of basic industries had failed and weakened the nation in time of economic crisis.

"I feel fortified by what has happened in the United States," he declared, adding:

"The sovereign remedy to our present ills and darkening misfortunes is to set the people free."

To Fight Program

"Nationalization has proved a failure," the opposition leader told the House of Commons. "Dear food, dear coal—and soon dearer transport—grievously weaken our competitive powers in foreign markets."

With Churchill leading the attack, the Conservative Party mustered its forces for an assault on the Labor government's legislative program for the coming year, which calls for further nationalization of vital industries and curtailment of the powers of the House of Lords. This program was outlined last week by King George VI in a speech—prepared by the Labor government—opening the new session of Parliament.

Churchill spoke in connection with a conservative amendment to the king's speech.

Oil Production Continues Rise

TULSA—(AP)—The nation's crude oil production continued its record-setting trend by averaging 5,318,415 barrels daily during the week ended October 25, a jump of 35,365 barrels beyond the previous week's figure, the Oil & Gas Journal reported Tuesday.

Most important gains were in the following areas: Eastern area, up 2,000 barrels to 65,200; Illinois, up 7,400 barrels to 177,200; Indiana, 1,500 to 17,700; Michigan, 2,635 to 49,500; Kansas, 6,600 to 311,050; Mississippi, 6,600 to 108,730; Louisiana, 1,400 to 453,950; Colorado, 2,010 to 48,670; Wyoming, 4,580 to 124,900.

Only three states had decreased production, they were California, down 650 barrels to 928,800; Montana, off 610 to 24,130; and Florida, down 50 to 625.

Production in Texas, New Mexico and Nebraska remained unchanged.

De Gaulle-Ramadier Battle Lines Drawn

PARIS—(AP)—Premier Paul Ramadier's middle-of-the-road cabinet unanimously approved Tuesday the fighting reply to Gen. Charles De Gaulle which the Socialist premier is to deliver in the National Assembly.

Interior Minister Edouard Depreux said Ramadier had outlined to the cabinet the "defense of the Fourth Republic" he intends to deliver in answer to De Gaulle's call Monday for dissolution of Parliament and subsequent new elections.

Deputies favorable to De Gaulle, meanwhile, met at the assembly and appointed two committees to work out means of answering the general's appeal for revision of the French constitution and to recruit new members.

The immediate question before the assembly was whether Ramadier's government could survive a vote of confidence. The vote is due Thursday or Friday.

Presidents Meet At Paraguayan Border

BUENOS AIRES—(AP)—Presidents Juan Peron of Argentina and Higinio Morinigo of Paraguay met Tuesday at the Paraguayan border town of Paso de La Patria, and diplomats speculated that they talked of a large Argentine credit.

MFC GETS FLOWING OIL FROM ELLERBURGER AT DOLLAR HIDE

Midland Petroleum Company No. 5-DD-B E. P. Condon, one-quarter of a mile south of the discovery well for flowing production from the Ellerburger, in the multi-pay Dollar Hidefield, of extreme Southwest Andrews County, flowed 261.9 barrels of 43.9 gravity, oil in two hours and 15 minutes, during a drillstem test of the top section of the Ellerburger at 10,013-99 feet.

This new deep producer, located 660 feet from north and 1,984 feet from west lines of section 4, block A-55, psi survey, had already proven for commercial production from the Devonian and was deepened to explore the Ellerburger after The Pure Oil Company and Humble Oil & Refining Company No. 3-E-A L. E. Cosden, figured oil in the deep pay. That discovery was completed about a week ago, and is now on production.

No. 5-DD-B Cosden, of Macrotel, ran a three-hour and 25-minute test on the 10,013-99-1004 section A 1,890-1000, water blanket was used. In 50 minutes the water blanket, stained with gas and oil, started flowing at the surface. 520 cubic feet of gas in 52 minutes and the well flowed clean oil for the rest of the hours and 15 minutes of the test. Gas-oil ratio was 469-1. One hour and 10 minutes of flow on bottom before being further. Top of the Ellerburger was at 10,014 feet. Elevation is 3,161 feet above sea level.

SECOND WELL COMPLETED IN MIDWAY LAKE OIL FIELD

Shiloh Prairie Oil Company and The Atlantic Refining Company No. 2-46 University, located well to enter the Ellerburger in the Midway Lake field in northern Garret County, and 600 feet from north and 1,400 feet from east lines of section 20, block 46, T-P survey, has been completed from pay section at 7,610-39 feet.

In a 24-hour natural flowing potential test the well made 1,214 barrels of 44.9 gravity oil with gas-oil ratio of 271-1. The flow was through a one-half inch tubing choke. The new well is now being tied into tanks to be produced.

UPTON POSSIBLE DISCOVERY IS JUST MAKING MORE HOLE

Shiloh Prairie Oil Company and The Atlantic Refining Company No. 1-46 University, located well to enter the Ellerburger in the Midway Lake field in northern Garret County, and 600 feet from north and 1,400 feet from east lines of section 20, block 46, T-P survey, has been completed from pay section at 7,610-39 feet.

NW CROCKETT PROSPECTOR IS TO BE TREATED WITH ACID

Byrd and Foster, and others, No. 1-Mahberry-Duggett, Northwest Crockett County, prospective discovery, from the Wolfcamp-Permian was promising to make a 100-foot test in the section at 8,730-40 feet, with 500 gallons of acid.

Operators concluded that interval through perforations, for three hours, natural and recovered an average of three-quarters of a barrel of oil per hour during that period.

An attempt was made to inject 500 gallons of acid. It failed on account of mechanical trouble. A picker was to be set and the second try to get the acid into the formation was to be made.

MAHEE IS TAKING SW AT HENDERSON IN SAN ANDREAS

Oil Mahoe Drilling Company No. 1-Hendrick, Central-Southwest Andrews County, west of and one-half mile north-west of the Martin block and 1,000 feet from south and 600 feet from west lines of section 11, block 9-A, and survey, as between the Mahoe and the Martin block, is being drilled. It is a 100-foot test in the section at 8,730-40 feet, with 500 gallons of acid.

Operators concluded that interval through perforations, for three hours, natural and recovered an average of three-quarters of a barrel of oil per hour during that period.

The Chiropractor and You

No. 6 of a series of articles published in the public interest to explain and illustrate the practice of Chiropractic.

DR. C. L. BRADY
Palmer Graduate

CHIROPRACTIC IS RIGHT!!!
The true value of any health service should be determined by its effectiveness in getting sick people well. The desire of the person who is sick is to get well. Words, opinions, arguments, and pedantic description and prescription may arouse interest to a certain degree, but the final and decisive test is the effectiveness of the health service rendered.

Chiropractic has proved the accuracy of its principles and practice by actual results secured in restoring the sick to health, and it has been the means of bringing health to millions of individuals. Why not consult a competent Chiropractor in your own community and determine for yourself the value of Chiropractic as a health service.

CASE HISTORY NO. 556—Confined to bed for nine months with excruciating sciatic pain, this comparatively young man had given up hope for recovery. An office colleague told him he was sending him "a birthday present." It turned out to be a Chiropractor who called at the suggestion of the friend. Realizing where the cause of the condition lay, the Chiropractor pal-

ated the patient's spine, found a misaligned vertebra which was causing a nerve pressure, and adjusted it. Almost imperceptibly at first, the patient's condition improved. Within three months he was walking around again.

CASE HISTORY NO. 1470—This young man had been bothered with boils since he was a boy. At age 21 he was having 12 to 16 boils a week. The condition was so distressing that he had to remain in bed for long periods of time. At one period he was in bed for three months straight. On one occasion he had 13 boils lanced at one time. Having tried all else, he visited a Chiropractor, and took spinal adjustments. The adjustments released nerve pressure and within six weeks the eruption of boils had entirely ceased.

GREYHOUND

We don't like to keep ANYBODY waiting for telephone service

In the last two years we have installed 1,500 new telephones a day in the Southwest—more than 1,100,000 telephones in all. But many people are still waiting for service.

As fast as we take names from the top of the list, new ones are added at the bottom. About 45,000 more people apply every month. It's the greatest telephone demand in history.

We've started 85 new buildings or building additions since V-J Day. We've spent

\$135,000,000, and we're going to spend another \$265,000,000 to extend and improve service.

We've ordered switchboards by the ton and wire and cable by the thousands of miles. We're getting new equipment and putting it in faster than ever before. It's a tremendous job and we're impatient to get it done. For we don't like to keep anybody waiting for telephone service.

YOU WOMEN WHO SUFFER HOT FLASHES then FEEL CHILLY-

Here's Good News!

Are you between the ages of 38 and 52 and going through that trying "functional middle-age" period peculiar to women? Does this make you suffer from hot flashes, feel clammy, so nervous, irritable, weak? Then try Lydia E. Pinkham's Vegetable Compound to relieve such symptoms! It's famous for this!

Many wise "middle-age" women take Pinkham's Compound regularly to help build up resistance against this distress.

Pinkham's Compound contains no quinine—no habit-forming drugs. It helps nature (you know what we mean!). This great medicine also has what Doctors call a "stomachic" effect.

NOTE: If you may prefer LYDIA E. PINKHAM'S TALKER with added tone.

Reds In Filmland

There are Communists employed in the motion picture industry, just as there are Communists employed in hundreds of other American commercial enterprises. But the House Un-American Activities Committee has singled out the movie industry for investigation. And it has approached the investigation from what, by all logical arguments, is the wrong direction.

The Reds in filmland could do two damaging things. They might spread Marxist doctrine and undermine American institutions through the medium of the motion picture, and they might gain control of the movies' labor unions.

On the second count there is little ground for fear. Most of the big movie unions are affiliated with the AFL. Some of their officers may not be models of labor leadership. But few take orders from Moscow.

So that danger does not seem to have prompted the investigation. What, then, about Communist propaganda in American movies? One might think that the natural thing for the Thomas Committee to do, after weeks of preliminary investigation in Hollywood, would be to come to the fullness of hearings with cans of damning film evidence marked Exhibits A, B, and so on.

But the committee did not do the natural thing. Instead it brought in, on the first day, three prominent producers whose testimony confirmed what was evident: The movie industry is policing itself.

There are three excellent reasons for believing this testimony. First, there is nothing in their records or actions to cast any doubt upon the loyalty of the men who head the Hollywood studios. Second, any flagrant Red propaganda in a picture would bring a howl from the paying customers and hit the producer smack in the box office. Third, if subversive leftist propaganda were inserted so subtly as to get by the many studio executives who see a picture before its general release, there would be practically no chance of its scoring with the average movie audience.

Two or three pictures were mentioned by the committee and some of its witnesses as containing pro-Red or anti-democratic propaganda. There was, for instance, "Mission to Moscow." This was made in the midst of war when the Russians were our allies, behaving very well and fighting very well.

Maybe former Ambassador Davies, author of the book on which the film was based, was sold a bill of goods in Moscow. But the Thomas Committee hasn't investigated him, though Hollywood followed his book.

Something called "Song of Russia," another wartime picture, was mentioned. It was, as its producer, Louis B. Mayer, says, just another boy-meets-girl musical with a Russian background. Is that bad?

And then there was "The Best Years of Our Lives." One witness said that this was subversive because it portrayed an American businessman denying a returned soldier the right to his old job. Well how about "East Lynn" and all the other melodramas of 50 and 60 years ago in which a heartless American businessman tried to foreclose the mortgage and turn the poor heroine out into the cold?

A California baby of 22 months can ask for things in four languages. Imagine what it'll be when she grows up and gets married!

Polish Peasant Party Leader Reported In Stockholm, Sweden

LONDON—(AP)—A Polish Peasant Party leader here said Tuesday that Stanislaw Mikolajczyk's wartime leader of Poland's government-in-exile, had reached Stockholm, Sweden, in his flight from his Communist-dominated homeland.

The spokesman, Francis J. Wilk, editor of a Polish paper here, said the news of Mikolajczyk's arrival had been obtained from "a certain authoritative source."

He added that no word had been received as to Mikolajczyk's next move, but exiled Poles expressed belief he would try to reach Britain or the United States.

Mikolajczyk fled from Poland last week, apparently in fear of his life. His wife has been living in London since the Peasant Party leader left here more than two years ago to participate in formation of a provisional government of national unity in Poland.

Plan Anti-Red Campaign

Both the British Foreign Office and Home Office said they were ignorant of Mikolajczyk's whereabouts.

Exiled leaders of the peasant parties of several European nations were reported here to be planning to inaugurate a thorough-going anti-Communist propaganda campaign as soon as Mikolajczyk reaches London or Washington.

In Warsaw, a Polish government spokesman said there was "circumstantial evidence" that foreign aid helped Mikolajczyk to flee Poland.

Krug Proposes Subsidies For Mines

EL PASO—(AP)—Subsidies, aimed to keep mines in operation and build up strategic stockpiles, may be included in a "dynamic" minerals program to be presented Congress, Secretary of Interior J. A. Krug declared here.

Krug told the American Mining Congress Monday the program would be submitted by the Truman Administration.

He indicated that the several subsidy proposals under consideration would be for the purpose of keeping mines operating and to build up reserves.

Texas Woman Makes Gown For Princess

DENISON—(AP)—Mrs. J. C. Bryans of Denison, whose grandmother Harriett Sweetman, was a Parisian dressmaker before coming to the United States has completed a white silk nightgown as a trousseau gift to England's Princess Elizabeth. The gown includes five yards of imported white pure silk crepe and sixty yards of lace. It will be airmailed to Princess Elizabeth.

MADAME LEBRUN DIES

PARIS—(AP)—Madame Albert Lebrun, 69, wife of the Third Republic's last president died Tuesday.

In Warsaw, a Polish government spokesman said there was "circumstantial evidence" that foreign aid helped Mikolajczyk to flee Poland.

Weather Hinders Air Hunt

KETCHIKAN, ALASKA—(AP)—Plagued by continuing bad weather, a steadily growing fleet of air and surface craft set out again Tuesday in search of a missing Pan American World Airways clipper—spurred by new unconfirmed reports of smoke and flares near the Alaskan-British Columbia border.

As all earlier clues to the fate of the four-engine DC-4, which disappeared Sunday with 18 passengers and crewmen aboard, proved unfruitful, the Coast Guard announced receipt of reports of smoke on Dundas Island, 55 miles southeast of Ketchikan, and of flares on Graham Island, just south of the Alaskan-British Columbia border. Rescue ships were assigned both areas.

The Weather Bureau forecast continuing low visibility and some rain, conditions which hampered considerably Monday's search of higher mountain elevations along the coast. "Shuttling plane pilots and surface vessels alike brought back a discouraging 'no clues' report after beating a blanket path over the 280-mile route from Ketchikan to Juneau and return.

The outdated DC-4 air liner disappeared Sunday after passing the Annette Airport that features turbulence—prevented a scheduled landing.

Much of the hope for the 13 passengers and live crewmen aboard was pinned on the 19 years' Alaskan flying experience of its captain, Ail N. Mosen, known as one of the territory's best bush pilots before retiring with PAA in 1932.

America's Card Authority
(Second in a series of six special Lesson Hands.)

Today's Lesson Hand deals with reverse bidding. We hear a lot about reverse bidding this year, and it can become a confusing subject. My suggestion is, do not pay too much attention to its complications. However, today's hand gives you a simple rule to follow. With the South cards you have a biddable spade suit and a biddable heart suit. The reverse bidding rule as follows: If you bid the lower-ranking suit, and on the second round, you have to bid two in order to show the second suit, that means you have a very powerful hand.

Therefore, with a biddable spade and heart suit, you must bid the spade suit first unless you do have a powerful hand. If you have four spades to, the ace-jack-ten,

Pee-Wee Picks 57,500 Apples in 10-Hour Day

WENATCHEE, WASH.—(AP)—Paul "Pee-Wee" Coble is considered quite a man with an apple hereabouts, since he picked 49 boxes of the delicious variety in a 10-hour day and put in a claim for the world record.

His employer, A. L. Sylvester, vouches for the total and said the boxes were well filled and the fruit carefully handled. Figuring 125 apples to the box, Coble was handling the fruit at a rate of some 5,750 apples an hour, or 96 a minute. This doesn't allow for the time he consumed in moving, climbing and descending his 12-foot ladder.

Coble is a professional picker who follows the fruit and says he's also the world champion orange picker. The previous claimant to the apple snatching crown was Henry Wooten who accounted for 225 boxes in nine and a half hours.

Butcher Bird's Mate Acts Like Typical Male

MIAMI, Fla.—A female butcher bird skipped and fell down the chimney at Aaron Rosenberg's home here and came out in the living room looking like a crew. The family opened the front door and showed the feathered creature out. Her mate awaited outside, chirping lustily. The Rosenbergs reported that the male bird's reaction was almost human—the tone of his voice and sharpness of his chirps during a reunion on a nearby tree limb plainly indicated that he gave her a good bying out for her carelessness.

aid five hearts to the ace-queen, you should open the bidding with one spade. Then, if your partner bids no trump, or two diamonds, or two clubs, you can bid two hearts.

However, in today's hand South's strength justifies opening with one heart. Do not make the mistake of bidding two diamonds with the North hand. To go into the two zone, North should have at least one and a half tricks. He is better off to bid one no trump. Then when South makes the reverse bid of two spades, North knows he has a good hand and is justified in bidding three spades. South of course properly takes it to four.

In the play of the hand declarer must be careful to establish one diamond trick before he picks up the trumps.

Live Dangerously —Cross On AMBER or RED LIGHT

If you go through an amber or red light you are living dangerously. You can scare the pedestrian and may smash up another car.

We don't advise driving dangerously. We have found that courtesy pays—that the courteous driver is the safe one. We write automobile insurance for courteous drivers.

**Hospital Essay,
 Poster Contests
 Start In Schools**

Midland school students Tuesday began competition in a city-wide essay and poster contest sponsored by Midland Memorial Hospital Campaign, Frank Monroe, superintendent of schools announced.
 The school contest is due to reach its climax at the beginning of the hospital building fund campaign in November.
 Boys and girls entering the essay contest will answer the questions, "Why Should We Have a Hospital, and Why Should Everyone Give?" Art students will draw and letter posters in answer to questions, "Why Should the People Give, and Why Does Midland Need a Hospital?"
 The essay contest is open to students in the fourth through twelfth grades, and the poster contest for fourth to eighth grade students. The essays are limited to not more than 200 words.
 Awards to be given the winners also were announced. The best essay writer will receive a printed scroll of his or her essay. The winner also will make a personal appearance on the radio, reading the winning essay. A beautiful pastel sketch set will be given the most professional poster contributor.
 First place winners out of each grade will receive a one-pound box of Pangburn's Ragtime chocolates. Second place winners will receive certificates of merit for distinctive contribution to a meritorious cause. Judges will be campaign officials not connected with the school system.

**Earth 'Opens Up'
 In Baton Rouge, La.**

BATON ROUGE, LA.—(AP)—Ever wish the earth would open up and help you disappear?
 That's what it seems to be doing here, although no one has voiced and desire to disappear into it.
 Last Tuesday a Baton Rouge woman caught her heel in a little crack in the earth. Next day the crack was 12 feet long and an estimated 12 feet deep. It grew eight feet before investigators came to take a look. Tuesday the crack seemed to have stopped spreading.
 Nobody knows the cause of the opening, through the Louisiana State University Geology Department has joined the investigation.

**Girl Scout Program
 At Lions Club Meet**

The program, objectives and needs of the Girl Scout movement here will be discussed by Mrs. C. E. Bissell, president of the Midland Girl Scout Council, and Mrs. J. J. Blauk and Mrs. Stanley Erskine, adult leaders, at the meeting of the Lions Club Wednesday noon in the Scharbauer Hotel. The program is in line with the observance of National Girl Scout Week.
 The Lions Club Philharmonic Hill Billy orchestra also will play several numbers.

**Marine Corps Head
 Asks Retirement**

WASHINGTON—(AP)—Gen. Alexander A. Vandegrift, commandant of the Marine Corps, announced Tuesday he has asked to be retired from active duty Jan. 1, 1948.
 Vandegrift, the first four-star general in the history of the 172-year-old Marine Corps, was appointed commandant on Jan. 1, 1944. He said he has been considering retiring for the past year.
 Vandegrift told a reporter he bought a house near Lynchburg, Va., a year ago, and said he would go there to live when he is placed on the inactive list.

**Reckless Driving Law
 Held Valid In Ruling
 By Attorney General**

Royce Blackmon, Texas Highway Patrolman, stationed in Midland said Tuesday "we are glad to see the laws back us up."
 Blackmon was referring to the attorney general's opinion holding the "reckless driving" provision of Texas' new uniform traffic code is valid.
 The opinion released Monday was the first relating to the new safety laws since their enactment by the 50th Legislature.
 The "reckless driving" section of the code makes it a punishable offense to drive "in willful or wanton disregard of the rights or safety of others or without due caution or circumspection, and at a speed or in a manner so as to endanger or be likely to endanger a person or property."

**Cubbers' Pow-Wow
 Scheduled Tuesday**

A Cubbers' Pow-Wow for Cubmasters, Den Mothers and Pack committeemen of the Midland Boy Scout District will be held from 7:15 to 8:30 p. m. Tuesday in the educational building of the First Methodist Church, Ralph Smith, commissioner, announced.
 Plans will be made to give Midland Cub the best program possible during the coming year.
 Persons interested in Boy Scout and Cub work are invited, and urged to attend.

**Crozier Says Texas
 Faces Labor Shortage**

AUSTIN—(AP)—Labor piracy among employers is springing up again with Texas undergoing a serious labor shortage, becoming more acute each week, Texas employment Commission Chairman Harry Benge Crozier reported Monday.
 Crozier said job applicants are fewer than ever before in the employment service's history.
 For the first time since 1945, he is conducting intensive recruitment drives for common and semi-skilled labor and for secretaries, clerks, and typists. The demand in these categories far outstrips the supply," he said.

Stan Hollmig Is Sparkplug Of Aggie Team

DALLAS —(AP)— The value of Stanley Hollmig to Texas A&M's football team is best illustrated by the figures.

Statistics of Southwest Conference football for the season to date, released by James H. Stewart, executive secretary, show Hollmig not only as a great punter but that he's the heart and soul of the Aggie offense.

The big boy from Hondo has booted 45 times and averaged 40.0—and he's done this despite the fact that he always aims at the coffin corner and most times places the ball inside the 20-yard line.

But Hollmig also is a top passer. He ranks second to Texas' Bobby Layne with 362 yards on 31 completions in 75 attempts. He has racked up five touchdowns with his tossing.

Walker Paces Runners Layne has completed 34 out of 38 for 567 yards as one of the nation's top passers. Ranking third behind Hollmig in the conference is Jack Price of Baylor with 281 out of 61 for 321 yards.

Doak Walker of Southern Methodist continues to lead the ball-carriers although Clyde Scott of Arkansas is sorely pressing him. Walker has gained 390 yards net on 79 runs; Scott has made 387 on 81. George Walmsley of Rice is third with 291 on 46 carries.

Byron Gillory leads the pass-receivers with 197 yards on 10 catches. J. D. Ison of Baylor is second with 130 on eight, and Ross Pritchard of Arkansas is third with 122 on eight. Gillory has taken three passes for touchdowns and Ison and Pritchard two each.

Howard Hughes of Arkansas is the punting leader in actual average but has kicked only five times for a mark of 45.4. Frank Guess of Texas has 41.6 on 13. But Hollmig is the real leader.

Sierra's Offense Tops Aubrey Fowler of Arkansas leads the punt-returners with 233 yards on 11. Gillory is second with 163 on 10, and Perry Semuels of Texas is third with 72 on five. Their averages are 23.0, 16.3 and 14.4 respectively.

Texas is the leader in team offense with 2,067 yards in six games. Baylor is second with 1,548 in five, and Arkansas third with 1,479 in six.

Texas Christian tops in defense, having allowed an average of only 130.6 yards rushing and passing per game. Baylor is second with 150.4.

Sports Purple Takes Snappy Drill

Midland High School's Bulldogs, scheduled in a 3-AA game at San Angelo Friday night, took an abbreviated but extensive workout in bad weather Monday afternoon.

Wet grounds kept the Purple off its stadium turf, but the gridders worked on a lot near the high school where the footing was substantial. The drill was snappy.

Midland came out of the Abilene fracas in good physical shape. Charlie Moncrief, defensive demon of the Bulldogs and a crackerjack center, suffered a cut-nose which required two stitches, but he is okay.

John Scrogins, 207-pound lettered lineman, has re-joined the squad. Scrogins was injured in the Plainview tussle and declared out for the season. His injuries healed, however, and doctors say he may play.

Coch Barnes Milam indicated Monday he will call up four boys from the "B" team. They include: Frank Robinson, 155-pound quarter-back and passer; Gene Hejil, place-kicking end; Jimmy Davenport, husky 177-pound tackle; and Kent Miller, big center.

There was still hustle and fire amongst the Bulldogs as they worked Monday. They are pointing to San Angelo. The locals have played in all luck all season and hope for a break against the Concho Clan.

Taff Is Hurt San Angelo will be weakened Friday if Donnie Taff, big back, is out. He was injured in the Odessa game and may not regain condition for the Midland encounter. Still left to play for Coach Ed Ramsey's eleven are some big and rugged boys.

Here are the season's records of the two teams: BULLDOGS Midland 7, Ysleta 13. Midland 13, Brownfield 7. Midland 0, Austin (El Paso) 6. Midland 0, Sweetwater 19. Midland 0, Sweetwater 19. Midland 0, Abilene 26.

BOBCATS San Angelo 6, Denison 19. San Angelo 13, Lubbock 13 (tie). San Angelo 24, Mineral Wells 13. San Angelo 6, Mexico City 0. San Angelo 20, Lamesa 6. San Angelo 7, Odessa 40.

AP Writer Skids Odessa In State Schoolboy Ratings By HAROLD V. RATLIFF Associated Press Sports Editor

DALLAS —(AP)— The schoolboy football rankings took a beating last weekend. Austin, the No. 4 team, was kicked by Brackenridge (San Antonio); Thomas Jefferson (San Antonio); No. 10, was whipped by John Reagan (Houston); and so on.

Rating them now is a problem; that is, rating them in any order that won't leave you vulnerable. But here goes: 1. Wichita Falls. 2. Odessa. 3. Corpus Christi. 4. Lovviken. 5. Marshall. 6. Waco. 7. Corsicaria. 8. Waxahachie. 9. Goose Creek. 10. Amarillo.

DALLAS —(AP)— Texas sports writers placed Wichita Falls and Odessa on an equal footing as the strongest high school football teams in the state. The Dallas Morning News' weekly poll disclosed.

Clark Asks For Support Of U. S. Tidelands Case BOSTON —(AP)— Prefacing his remarks by asserting he was a Texan and a staunch supporter of states' rights, Attorney General Tom Clark Monday called upon state attorneys general to support a U. S. Supreme Court decree upholding the federal government's claim to off-shore coastal lands.

Clark told the 41st annual meeting of the National Association of Attorneys General he believed agreements could be reached in 90 per cent of present disputed cases. He said the federal government made no claim to inland or "made-made" land or waters and that among areas excluded from consideration was submarine, oil-rich terrain off Long Beach, Calif.

"All that we claim," he said, "is that the federal government owns the bottom of the ocean three miles out." Clark said the government contended oil wells in disputed areas off the coast should continue in operation in escrow until settlement is reached by agreement, if possible.

He suggested a committee of attorneys general try to work out

Irish Top Weekly Gridiron Ratings

NEW YORK —(AP)— Notre Dame, still toying with the opposition as it moves toward the November 8 meeting with Army, was back as No. 1 college football team of the country Tuesday on the basis of returns from the weekly Associated Press poll.

After giving the Irish second billing to Michigan for two weeks, the poll ranked the Wolverines as the runner-up position. The most extensive weekly poll in many years gave Notre Dame a point score of 1734 (10 points for a first-place ballot, 9 for second, 8 for third, etc.). Michigan's total was 1689.

Texas remained in third place with 1516 as a result of the Longhorns' triumph over Rice. SMU Climbs Up Two new tenants appeared among the top 10 with Southern Methodist and Illinois. SMU's Mustangs climbed from twelfth to eighth on a 7-0 win over UCLA and now face Texas Saturday to decide the Southwest Conference title.

Duke's 13-0 conquest of Wake Forest moved the Blue Devils from fifteenth to ninth in preparation for their forthcoming clash with sixth-place Georgia Tech this week.

Pennsylvania's success against Navy shoved the Quakers from eighth to fourth. Princeton, the foe which upset Penn last year, has a chance to knock down the Red and Blue, rating on Saturday.

Southern California, which takes on thrice-beaten Washington Saturday, zoomed from tenth to fifth place on the basis of its 39-14 whipping of California. The defeat dropped the Golden Bears from No. 4 spot to fourteenth. Unbeaten Penn State climbed from ninth to seventh off its 21-14 verdict over previously undefeated West Virginia.

Army Takes Tumble Army, still smarting from the 21-20 setback by Columbia that ended the cadets' non-losing streak after 32 games, tumbled from sixth place to tenth, just a notch ahead of Illinois. Saturday victim of Purdue, Illinois and Michigan collide in the key game for the Big Nine title this week, while Army draws an apparent breather in Washington and Lee.

Team standings with points figured on a 10-9-8-7-6-5-4-3-2-1 basis (first place votes in parentheses): 1. Notre Dame (78) 1734. 2. Michigan (69) 1689. 3. Texas (25) 1516. 4. Pennsylvania (11) 1165. 5. Southern California (6) 1133. 6. Georgia Tech (2) 957. 7. Penn State (2) 632. 8. Southern Methodist 558. 9. Duke (2) 252. 10. Army 208.

11—Illinois 206; 12—Virginia 193; 13—Kentucky 79; 14—California 65; 15—Wake Forest 61; 16—Purdue 45; 17—Louisiana State 35; 18—Alabama 33; 19—UCLA 28; 20—Columbia 27. Others receiving votes included Texas Christian, 12.

Friday Game Tickets Ready At High School

Midland fans who plan to follow the Bulldogs to San Angelo Friday night can obtain tickets for the game at the superintendent's office at the high school here.

These tickets will go on sale at 1 p. m. Wednesday. The tickets are for reserved seats near the 50-yard line in Bobcat Stadium. Plenty of student tickets to the game are available.

Richards Will Pilot Buffalo IL Club

BUFFALO, N. Y. —(AP)— Big-jawed Roger Peckinpaugh was out Tuesday and lantern-jawed Paul Richards, the pepper pot from Waxahatchie, Texas, was in as the Buffalo Bisons of the International Baseball League got themselves their fourth general manager in six years.

The Bisons announced the shift Monday night through their attorney, Benjamin D. Reisman, after Peckinpaugh had said in Cleveland that Buffalo had refused to re-hire him.

CHAMP WINS DECISION PHILADELPHIA

PHILADELPHIA —(AP)— Willie Pep, the featherweight champion with the leadweight punch, won a slowly-fought non-title decision over Archie Wilmer of Philadelphia in 16th rounds at the arena Monday night before a crowd of 6,222. Pep weighed 130 1/2 and Wilmer 131.
