

## SW Midland Wildcat Flows 20-30 BOPH From Devonian Zone

General American Oil Company and associates No. 1, Mrs. Hal C. (Jodie) Faye) Peck, Southwest Midland County wildcat, 30 miles southwest of the city of Midland, has proven for the discovery of a second deep pay.

The latest show for commercial oil and gas production came in a drillstem test in the lower Devonian at 12,175-325 feet. The exploration flowed oil at the estimated rate of between 20 and 30 barrels per hour for one hour and 25 minutes, through a one-half inch bottom hole choke, and then tester was closed.

The tool was open a total of two hours on the drillstem test at 12,175-325 feet. A 540-foot water blanket was used. Gas showed at the surface in eight minutes. The water blanket started flowing out in 30 minutes and oil flowed out at the top of the drill pipe in 35 minutes.

**Has 46-Gravity Oil**  
The oil was flowed to pits for one hour and 25 minutes. Gravity of the petroleum was 46 degrees. There was no formation water. The gas volume was not gauged or estimated.

After the tool was closed the drill pipe was pulled. Final recovery was 1,000 feet of clean oil and 560 feet of oil and gas cut drilling mud. That fluid was said to have been mostly oil.

Open flowing bottom hole pressure was from 1,600 pounds to 2,300 pounds. Shutin bottom hole pressure, after 18 minutes was 2,700 pounds.

This significant development is at the center of the northwest quarter of section 21, block 41, TP survey, T-4-S.

**Also Pennsylvanian Pay**  
It has already shown for a discovery of flowing oil from the Pennsylvanian lime at 10,344 feet. Elevation is 2,922 feet.

This new field opener is five miles northwest of the discovery well of the Pegasus field, which is nearest producing area to the General American and others No. 1 Peck.

It is to drill ahead to around 13-200 feet to locate and test the Ellenburger.

## SE Terry Discovery Makes 62.31 BOPH In Flow From Fusselman

Tide Water Associated Oil Company and associates No. 1 Nystel, Southeast Terry County deep wildcat, 14 miles southeast of the Sierrita field, flowed an average of 62.31 barrels of gravity oil per hour, through a three-quarter inch choke, for six and two-third hours, from perforated section at 11,475-542 feet in the Fusselman section of the Sierrita, to prove a new discovery.

The project is now preparing to install a Christmas tree and complete.

The flow came after the perforated section at 11,475-542 feet had been treated with 5,000 gallons of acid. Prior to the injection of the acid the well swabbed natural at the rate of one and one-half barrels per hour.

**Flowed After Treatment**  
After the 5,000-gallon acid treatment and it kicked off and started flowing. It was turned to tanks as soon as the flow started.

During the first hour the recovery was 51.3 barrels of fluid. It was cut with 14 per cent basic sediment. In the second hour the recovery was 51.3 barrels of fluid. The shutout dropped to seven per cent basic sediment during the second hour.

The well was flowed for a total of eight hours and 40 minutes. Total recovery was a 518 barrels of fluid. The shutout during the last six hours and 40 minutes averaged about two per cent basic sediment.

**Averaged 62.31 Bbl./Hr.**  
No formation water has been developed and none is expected. The flow during the last six hours and 40 minutes averaged 62.31 barrels per hour.

This important new discovery is 660 feet from north and west lines of section 9, block C-38, psl survey. That makes it four miles east of the Adair-San Andres field which produces from the Permian lime above 5,000 feet.

Amerasia Petroleum Corporation, Cities Service Oil Company and The Texas Company have contributed to the drilling of this wildcat.

It drilled to a bottom of 12,064 feet in the Ellenburger. That formation made salt water. Operators plugged back to 11,715 feet and cemented 5 1/2-inch casing at that point. This exploration indicated another possible discovery from the section at 9,350-75 feet in a Pennsylvanian lime. Some free oil was developed in that horizon.

## N-C Scurry Wildcat Staked By Armer

A wildcat location has been staked by L. H. Amer and G. H. Chisum, et al. on a half mile east of the southeast corner well of the (Continued On Page Eight)

## Truman Asks More Red Ink, Higher Taxes

By CHARLES MOLONY  
WASHINGTON—(AP)—President Truman Monday recommended a \$42,439,000,000 spending budget to Congress. He said it will plunge the government \$5,133,000,000 deeper into the red unless taxes are raised.

But even with "moderate" tax increase he wants, the President set no date for a balanced budget.

The cold war with Communist Russia takes the biggest spending bite—\$18,256,000,000. That figure for the 1951 fiscal year beginning July 1 includes \$13,500,000,000 for defense—up \$400,000,000 from this year—and \$4,700,000,000 for foreign aid.

Next in size comes cash for domestic programs, including Truman's "Fair Deal." This figure jumps \$923,000,000 to \$12,478,000,000. The \$42,439,000,000 spending total is equivalent to \$282.17 for each person.

It is larger than last January's record peacetime budget estimate, but \$838,000,000 less than the \$43,297,000,000 now expected to be spent by June 30.

**Tax Details Later**  
The budget message, read by Senate and House clerks, was the longest on record—27,000 words.

Truman stressed the importance of federal dollars to an expanding domestic economy. He said his program, embracing a "moderate" tax increase, is "prudent" and provides a solid base for moving toward budgetary balance in the next few years.

The President set no target for balancing the government's income and spending. The White House said the Administration tax bill is still under draft, and would be ready for Congress in a few days.

Truman sketched the make-up of 1951 spending in broad strokes. He changed off nearly \$304,000,000 from the 71 per cent his budget allotted to national defense programs, veterans programs and interest costs of the federal debt with these words:

"Financial requirements to pay the costs of past wars and to achieve a peaceful world."

**Defense Costs Higher**  
The military defense program alone was budgeted for \$13,545,000,000 in fiscal 1951, an increase of \$397,000,000 over this year. Foreign aid registered the biggest decline from this year—down \$1,253,000,000 to a 1951 total of \$4,711,000,000.

The "aftermath of war" costs also declined. Veterans, at \$6,080,000,000, would get \$25,000,000 less than this year. The annual interest charge on the debt, off slightly, would cost \$5,625,000,000.

But the increased cost of the domestic programs Truman wants to enlarge would cancel out more than half the spending decreases in the other fields.

The chief executive's forecast of a \$5,133,000,000 budget deficit for fiscal 1951 was based on estimates (Continued On Page Nine)

## 'Fifty Face'—From Frankenstein?

The "1950 Face," as just ordained by New York fashion experts, is mocked by actress Patricia Neal, left above, after a facial going-over by Hollywood Makeup Expert Pero Westmore. Says Westmore, "It's the same monstrous concoction I put on Frankenstein 20 years ago." At right above, Patricia wears her "natural look"—the one Westmore thinks she should have. As for New York's "1950 Face," Westmore continues: "It's so awful it's funny. They didn't release that mannequin face. It escaped."

## Chinese Gunboats Blast U.S. Vessel

By WAYNE RICHARDSON  
ABOARD THE FLYING ARROW OFF SHANGHAI

(AP)—Chinese Nationalist gunboats shelled this American freighter mercilessly Monday, rendering her unseaworthy with between 30 and 40 shell hits.

There were no casualties among the crew of 43 and 12 passengers.

Chinese Nationalist gunboats, blockading Red-held Shanghai, stood guard over the Flying Arrow after she shelling.

Numerous fires were started aboard. Sailors from the British sloop Black Swan boarded the Flying Arrow and helped the crew put out the fires.

Part of the ship's \$10,000,000 cargo loaded in Hong Kong was dumped overboard when it caught fire.

Capt. David Jones of Chicago pronounced the ship no longer seaworthy after inspecting the numerous shell holes. Some large ones were just above the waterline.

Captain Jones requested the ship's owners, the Isbrandtsen Line of New York, to ask the U. S. State Department to intercede for safe passage to the nearest port for repairs. Shanghai is the nearest port.

In New York, H. J. Isbrandtsen, president of the line, called for protection of the Flying Arrow by U. S. naval units. He said the shelling of the ship was "entirely unlawful according to international law."

Most of the shelling took place (Continued On Page Nine)

## Church Of Christ Members Protest Italian Incidents

DALLAS—(AP)—Members of Churches of Christ in the Dallas-Fort Worth area have protested to President Truman the recent stonings of their evangelists in Italy.

"Approximately 700 from this area held a mass meeting here Sunday," said John H. Banister, evangelist of Sears and Summit Street Church of Christ in Dallas.

"And every one of them signed his name to a telegram to be sent to the President."

Banister said there was no statewide call for mass meetings of protest, "but we have about 150,000 members all over Texas and they're all pretty indignant about this."

"We're not so much protesting about religious persecution," Banister said, "as we are protesting the suppression of civil rights. We should have the right to operate un molested."

Thirteen evangelists in Italy, supported mainly by Texas Churches of Christ, charged Catholics in Italy stoned them.

## Bond Set For Alleged Violator Of Parole

Justice of the Peace Joseph A. Seymour has fixed bond at \$5,000 for Charles Moe, wanted for a California parole violation.

Moe was arrested here on a charge of being drunk and resisting arrest, and was fingerprinted. On viewing the fingerprints, the California authorities requested that he be held.

**HANKS GOES TO TRIAL ON TAX FRAUDS CHARGE**  
AUSTIN—(AP)—District Judge Jack Roberts Monday overruled a motion to quash indictments against Raymond Hanks, former head of the state comptroller's office in Corpus Christi.

Hanks went to trial in 1948 District Court on indictments returned last Spring alleging motor-fuel tax refund frauds.

## New Tax Measure Readied

AUSTIN—(AP)—A broad base tax bill to raise between \$37,000,000 and \$40,000,000 annually will be introduced in the special session by Rep. Joe Fleming of Henderson, chairman of the House Committee on Revenue and Taxation.

Fleming said Monday the measure would be an extension of the present omnibus tax law, "with some additions."

He said that while he had not yet worked out details of the measure he will offer to solve the state's fiscal crisis, it will correspond roughly to the one he offered last session. It did not reach the floor.

Fleming said he would be getting his measure into final form as soon as the comptroller submits his new estimate of revenues and expenditures.

**One Of Several**  
The bill will be introduced as soon as Gov. Allan Shivers submits the question of finances to the special session.

Fleming's plan is one of several which convenes later this month to provide funds for state hospitals and special schools. There will be others contemplating heavy increases of natural resource taxes and there has been talk of a bond issue proposal to provide buildings funds for the eleemosynary institutions.

Fleming's proposals roughly correspond with the general tax idea suggested by Shivers, who has advocated a "broad base" revenue-raising measure. Shivers has not yet become more specific.

Fleming said items not now covered by the omnibus tax measure would be included in his bill. He mentioned taxes on the chemical industry, on telephones and hotels and added the list was not complete.

## Latin American Shot And Killed; Set Bond \$5,000 For Assailant

Pete Garcia died about 4 a. m. Sunday after being shot in the side near a dance hall in the Latin American sector of Midland late Saturday night.

Jose Benavides Monday was charged with murder in connection with the shooting and was bound over to a 70th District Court grand jury by Justice of the Peace Joseph A. Seymour. Bond was fixed at \$5,000.

The shooting occurred shortly after police and sheriff's officers had gone to investigate a cutting about midnight Saturday.

Nedina Mendoza was slashed severely. She was taken to Western Clinic-Hospital for treatment. Her condition Monday was reported satisfactory.

Deputy Sheriff Bill Peltis said he is awaiting the outcome of the woman's injuries before filing charges. A suspect is being held in the county jail.

## Altitude Test Fatal To Air Force Student

SAN ANTONIO—(AP)—School of Aviation Medicine authorities at Randolph Air Force Base Monday announced the death of a student who collapsed during a simulated high altitude test in a pressure chamber.

Dead as result of an "intra-ocular hemorrhage" is T/Sgt. George W. Hurst, 33, of Bellmore, N. Y.

Officials announced it was the first such death at the school.

## LATE NEWS FLASHES

**TAIPEI, FORMOSA—(AP)—**A Chinese Nationalist Navy spokesman late Monday said a gunboat fired on the American freighter Flying Arrow to keep her from entering a mine field and being blown to bits, with possible great loss of life.

**WASHINGTON—(AP)—**John L. Lewis Monday denounced Senator Taft (R-Ohio) and others for urging President Truman to go into court under the Taft-Hartley Act seeking to force miners to work five days a week instead of three.

**HOUSTON—(AP)—**Port Houston authorities, recalling the 1947 Texas City waterfront disaster, kept a fire boat standing by as longshoremen unloaded a cargo of fish meal, a fertilizer ingredient, which caught fire Sunday night.

**HONG KONG—(AP)—**Six or seven Chinese gunmen Monday robbed the Hong Kong branch of the Chase National Bank of an estimated \$33,000 and disappeared into the crowd thronging midtown Hong Kong's sidewalks.

## 47,000 Men Stay Off Job; Lewis Silent

PITTSBURGH—(AP)—More than 47,000 soft coal miners struck Monday in five of the nation's richest coal states in the second big work stoppage in two weeks by United Mine Worker members.

Diggers refused to enter the pits in many mines in Pennsylvania, West Virginia, Ohio, Kentucky and Alabama.

A half-dozen steel companies and the big Pittsburgh Consolidation Coal Company reported their mines were forced to close.

Practically all the 12,000 UMW miners in Eastern Ohio were staying away from work. In Kentucky, about 1,900 idle miners were counted. Only one Pitt-Consol operation was turning out coal. Mines operated by U. S. Steel and Republic Steel Corporation were closed.

Five thousand miners stopped work in steel company pits in Alabama.

In Ohio, UMW officials declined comment. But in Pittsburgh, a union chief said the walkout was news to him.

President John P. Buesarolo of the United Mine Workers' District Five said:

"You're telling me something I hadn't heard about. No strike has been ordered. One has been, I certainly would know about it. No Contract, No Work"

Miners gave no reason for not working but a sign posted at a mine of Pitt-Consol said:

"No contract, no work."  
UMW President John L. Lewis has instructed his men to work three days a week even though the contract expired last June 30.

U. S. Steel Corporation said all 15,000 miners employed in Pennsylvania, West Virginia and Kentucky by its coal mining subsidiary were closed.

Pitt-Consol, often called the world's largest commercial coal producer, said none of its mines in (Continued On Page Nine)

## West Texas Cancer Society Leaders Convene In Midland

Leaders from five West Texas districts of the American Cancer Society, Texas Division, convened at 11 a. m. Monday in Hotel Scharbauer here to discuss a program of activities aimed to map plans for an intensive campaign for 1950. H. Winston Hull of Midland, chairman of District 2, presided at the opening session and welcomed the visitors to Midland.

Several representatives from the state headquarters office in Houston are on hand for the meeting. They are Clark Sudduth, campaign director, Gertrude Linn and Margaret Sharp.

Districts represented include: One (El Paso); two (Midland); Three North (Amarillo); Three South (Lubbock) and Four (San Angelo).

Mrs. Joseph Perkins of Eastland, state field area commander, was the first speaker as the meeting got underway. "Leadership on a District Level, a Vital Place in the Texas Division" was her subject.

Other speakers and their subjects were: R. Henderson Shuffler, College Station, director of information and publications of the A&M College System. "Why Texas Needs a Successful Cancer Campaign—Educational and Financial"; Sudduth, "Recruitment of County Campaign Chairmen"; and Miss Linn, "The Women Can Help."

A roundtable discussion was to feature the afternoon session. A luncheon was served at noon in the hotel's Private Dining Room.

Chairman of the Midland County unit—John P. Butler, Dr. Tom C. Bobo and Mrs. Faxon Howard—were hosts with Hull to the gathering.

Among early arrivals, in addition to the speakers, were Dr. George Turner and Tom Patterson of El Paso; Mrs. J. M. Montgomery of Fort Stockton; Mrs. John J. Perry, Sweetwater; Leonard Gunderson of Amarillo; Dr. R. E. Windham of San Angelo, and Ethel Foster of Sterling City.

The meeting was to adjourn Monday afternoon.

## Flood Threat In Indiana Heightens

By The Associated Press  
The Washburn River, straining at its man-made bulwarks, threatened Monday to flood thousands of acres of Indiana land, adding to the devastation of one major levee breakthrough.

The Niblack Levee seven miles north of Vincennes, Ind., collapsed Sunday night, flooding 10,000 acres of lowlands and forcing evacuation of all persons in the area. But this run-off of water is expected to have little effect on the pressure of river water inching near the top of Vincennes sea wall. Meanwhile, 30 miles upstream—at the Grayville Levee—residents fled in safety fearing a momentary levee break.

**COMMISSIONERS MEET**  
The Midland County Commissioners Court met in regular session Monday. County Judge Clifford C. Keith said routine matters were considered.

## Pioneering Pooch

Faun, the seeing-eye dog of Anita Blair, 38, above, became the first dog in history to hear a Senate debate, after Sergeant-at-Arms Joseph C. Duke broke a long-standing Senate rule against animals by permitting Miss Blair and her dog to enter the galleries. Miss Blair, who was blinded 10 years ago in an auto accident at El Paso, Texas, is in Washington to protest a bill which she fears would put her out of business as a lecturer.

## Joan Edwards Back At Rankin

Joan Edwards, who has been unconscious almost a year, was returned to Rankin Sunday from San Angelo, where she had undergone treatments at a clinic for several weeks.

Her mother, Mrs. M. J. Edwards, reported there is some improvement in her daughter's condition but not enough to warrant continued clinical treatment.

Miss Edwards is able to take food through the mouth and feeding by tube has been discontinued. January 17 will mark one year of unconsciousness for the 25-year-old former employe of The Reporter-Telegram, who was injured in an automobile accident.

In a letter, Mrs. Edwards expressed a hope and prayer that 1950 would bring a change for the better to her daughter.

## Taxpayers Are Urged To Render Property

Midland County residents Monday were urged by J. M. Speed, tax assessor-collector, to render property for taxation at their earliest convenience.

He also said claims for homestead exemptions should be filed. The deadline for rendering property and claiming homestead exemptions is April 1, Speed said.

## Sprinkle Of Rain Here Early Monday

A sprinkle of rain fell and the temperature stayed at a fairly moderate level in Midland early Monday. It was a change from last week's cold wave and rain was reported by the OAA office at Midland Air Terminal. The weather forecast promised it will continue partly cloudy and more rain can be expected.

## Bond Set For Alleged Violator Of Parole

Justice of the Peace Joseph A. Seymour has fixed bond at \$5,000 for Charles Moe, wanted for a California parole violation.

Moe was arrested here on a charge of being drunk and resisting arrest, and was fingerprinted. On viewing the fingerprints, the California authorities requested that he be held.

**HANKS GOES TO TRIAL ON TAX FRAUDS CHARGE**  
AUSTIN—(AP)—District Judge Jack Roberts Monday overruled a motion to quash indictments against Raymond Hanks, former head of the state comptroller's office in Corpus Christi.

Hanks went to trial in 1948 District Court on indictments returned last Spring alleging motor-fuel tax refund frauds.

★ IN HOLLYWOOD ★

**Clark Gable's Marriage Left Lot Of Confusion In Wake**

By ERSKINE JOHNSON  
NEA Staff Correspondent  
HOLLYWOOD — Hollywood still is talking about Clark Gable's surprise marriage to Lady Sylvia Stanley. There was so much confusion when the first news flash arrived in Hollywood that Sylvia Stanley of Alderly, as she signed the marriage application, was not immediately identified as Doug Fairbanks' widow.

One M-G-M press agent, knowing Gable had been dating blonde producer Joan Harrison, even called Joan's secretary and asked if Sylvia Stanley was Joan's real name.

Clark and the bride first met 12 years ago when she was married to Doug and he was married to Carol Lombard. They were a frequent foursome. Best gag. Someone called M-G-M and asked if they had left for a honeymoon. A weary press agent said:

"Yes, they just left on a motorcycle for a fishing trip in the High Sierras."

Kirk Douglas "thanked" the Hollywood Women's Press Club for voting him most co-operative actor of the year by sending an orchid to every one of its 90 members. H. Bogart, voted most un-co-operative, continued to irritate the ladies by referring to them as "silly little wenches."

Betty Hutton in a national magazine: "I'll go on forever with lots of noise."

And an occasional broken bone.

Beloved By All — Column  
There were plenty of damp eyes in the audience when Frank Morgan's face flashed on the screen at the first sneak of the new Gable film, "Key to the City." It was Morgan's last role. Now that Guy Madison and Selznick had called it a day, agent Helen Ainsworth says to watch for a lot of big announcements regarding his film work as the "new" Guy Madison, with more mature roles.

There's no argument about Universal-International's junket to Germany for the premiere of "Francis" being good for the morale of U. S. troops stationed there. The film will get a real Hollywood premiere in Weisbaden with high and stars. Donald O'Connor, Yvonne de Carlo and Patricia Medina head the list of 36 Hollywoodites flying over January 18 in a USAF DC-4.

It's Shelley Winters' sully about the Indian squaw who had a husband named Short Cake. One day he died and, because they lived far from town, she was unable to call an undertaker. So she sent up

**Fires Bring Death To Five Of 14 Texas Weekend Fatalities**

By The Associated Press  
Five of fourteen persons who died violently in Texas over the weekend were burned fatally.

Traffic accidents took four lives and shootings three. One was beaten fatally and another died of undetermined causes.

Mrs. Ira Price, about 27, died early Sunday in a fire which gutted a Greenville apartment house. Her husband, advertising manager Sam L. Orem, 77, burned to death Sunday when fire destroyed his two-room frame house two miles outside Seagrville. He was partially blind and a semi-invalid.

Mrs. Neoma Smith, 37, was found dead Saturday in her Houston home, filled with smoke by a minor fire. Justice of the Peace Tom Maes returned an inquest verdict of accidental suffocation.

Billy Earl Hill, year-and-a-half-old negro boy, was burned fatally Saturday when the kitchen stove exploded in his Dallas home.

Third Crash Fatal  
Martin Oran Day, 40, of Houston died Saturday night while an ambulance taking him to a hospital had to wait for a freight train to pass. Day had been hurt in three collisions. A truck hit the rear of Day's wrecked car after the accident in which he first was injured. Enroute to a hospital, the ambulance collided with another ambulance.

Jimmie Allen, 46, of Hugo, Okla., was killed in a three-car wreck a mile north of Bishop, Texas, early Sunday.

Frank Pukil, Jr., 33, was shot to death at El Paso early Saturday. T Sgt. Kenneth Jones, 26, was charged with murder.

Emer Nelson, 81, retired Waco planing mill operator, died Sunday of burns suffered in a pre-dawn blaze which destroyed his home.

Earl Hughes, 27, was shot to death in Houston Saturday night, and Thomas Lee Coffee, 57-year-old gunsmith, was charged with murder.

Mrs. Eugenia Wells, 32, of Lubbock was injured fatally Saturday when the car in which she was riding with her husband plowed into a row of reflector posts near the Lubbock city limits. Mrs. Wells, a bride of two weeks, died Sunday. Her husband was not hurt.

Laborer Beaten Fatally  
Mike Sandoval, 25, a farm laborer, was beaten to death near Tahoka Sunday, and a 24-year-old Latin American was held in Lynn County jail.

Darrell Richardson, 14, son of Mr. and Mrs. E. R. Richardson of Seminole, was killed Saturday night in an automobile collision. Four other persons in the car in which he was riding and four occupants of the other car were not hurt.

Mrs. James H. Roper, 25, was found shot to death Sunday in the garage behind her home. Justice of the Peace C. E. Lynn withheld an inquest verdict.

Mrs. Vera Wright, 30, was found dead Sunday in a dry borrow pit in West Dallas. Sheriff Bill Decker said the woman apparently had been killed and then dragged into the borrow pit. He said an autopsy would be performed.

a smoke signal which read: "Squaw Bury, Short Cake."

Pat O'Brien plays another priest in "Dark Challenge." This time he has to reform Mickey Rooney. . . . Seneca Thorne, daughter of writer Lenore Coffey, will marry Douglas Storm in Scotland in March. . . . Prosperity note: Betty Grable and Harry James are trading in their 62-acre ranch for a 109-acre affair.

Keenan Wynan and Larry Parks will be among 500 starters in the annual Palmdale-to-Big Bear Lake "Hare and Hounds" motorcycle race.

It's on a 174-mile cowpath course which never touches the pavement. Keenan is a cycle fan from way back—he got his first bike 19 years ago. Last year there was a 40-bike pileup only two miles from the starting line. Keenan says he gives the field a two-minute head start to avoid the traffic.

Ish Kabibble of the Kay Kyrer show, on the New York water shortage: "Last night I went to a swanky Manhattan party. It was so swanky, water flowed like champagne."

The Oscar Derby this year will feature more new faces than any time in its history. Great bets for nominations include such recent film newcomers as Richard Todd, Paul Stewart, David Wayne, Robert Keith, Frank Lovejoy and Ralph Richardson.

Milton Berle just put the final "30" on his syndicated column. There soon will be another "30" on his marriage to Joyce Matthews. She wants a career other than helping Mama applaud Milton. . . . Jackie Gleason about a couple known for their constant battles: "When they were married, they were mispronounced man and wife."

**Hope Escapes Serious Injury In Accident**

HOLLYWOOD —(AP)—Bob Hope was wise-cracking as usual Monday, lucky that he doesn't have some cracked bones. His shoulder was dislocated.

Driving home with Fred Williams, one of his gag-writers, after a weekend in Palm Springs, their car started skidding on the pavement, swerved off the road, overturned and rammed a tree. Both men were thrown out.

**Evangelists Preach In Italian Hills**

FRASCATI, ITALY—(AP)—Protestant evangelists from Texas, who have charged Catholics stoned them recently, preached Sunday in towns in the Alban Hills south of Rome.

The 13 evangelists, members of the Church of Christ, previously charged Catholic priests had aroused the people of the Alban Hill area against them. They reported they were stoned out of Castel Gandolfo, Summer home of Pope Pius XII, a month ago.

The evangelists Sunday gave Bible readings to small groups in various Catholic hillside towns. Their congregations included Communists who said they had been excommunicated from the Catholic Church as a result of the pope's recent decree.

**Even Yes-Men Sometimes Suffer**

PITTSBURGH —(AP)—Police were looking for a yes-man Monday with cuts on his face.

When Louis Stein returned home unexpectedly he found a burglar ransacking his home. Stein told him to get out. The man stammered, "Yesir, yesir," and dived out a first-floor window in a shower of glass.

**Injuries Suffered In Auto Accident**

Cipriano Sanchez, Jr., a Latin American of Odessa, was treated at Western Clinic-Hospital Sunday for lacerations received in an auto collision about eight miles west of Midland on U. S. Highway 80.

The auto in which Sanchez was riding rammed into the rear of another, driven by Webster Jeffries Cunningham of Terminal, according to highway patrolmen who investigated. The accident occurred early Sunday.

Sanchez was dismissed from the hospital Monday.

Justice of the Peace Joseph A. Seymour Monday fined the driver of the car in which Sanchez was riding \$25 and costs.

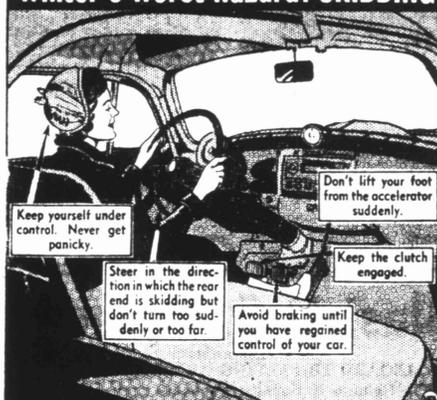

Municipally-owned stores provide most of the local liquor revenue in Minnesota.

**'Night Patrol' For British Recruits**

British recruits don dark goggles, which turn daylight into darkness, and take their first steps in a class on night patrolling. A chair can be a tricky obstacle, two of the new soldiers find. The course is part of a 10-week primary training program in Britain's 18-month National Service Plan. The best recruits are selected for training as officers.

**Winter's Worst Hazard: SKIDDING**

To keep a skid from becoming an accident, follow the rules above. Most important of all, learn to recognize skid conditions, and if you must drive then, use extreme caution.

**More Cold Weather Scheduled To Blow Into Texas Tuesday**

By The Associated Press  
The last bit of sting from last week's bitter northern gale way in Texas Monday to warm rain clouds and low fogs.

Cooler weather is due to enter the state Tuesday. The Weather Bureau explained that a cold mass air was moving east from the Pacific Coast, but it wouldn't have the punch of last week's norther.

The forecast called for colder in West Texas and the northwest portion of East Texas Tuesday.

Rain was falling over scattered areas of West Texas and foggy conditions prevailed from Dallas to Houston.

Minimum temperatures Monday ranged from 29 at Dalhart to 67 at Brownsville. Other low readings included Amarillo 31, San Antonio 39, Childress 36, Wichita Falls 37 and Junction 32.

Rain fell at El Paso, Marfa, Wink and Guadalupe Pass in West Texas and along the border in South Texas.

The Weather Bureau predicted widely scattered showers throughout the state Monday night except in the Panhandle and South Plains.

**Bids Received For New College Buildings**

AUSTIN—(AP)—Bids on six new buildings for two state teachers colleges were being received by the executive secretary of their Board of Regents Monday.

The new buildings—three at each—will be constructed at Sul Ross State College, Alpine, and at Southwestern State Teachers College at San Marcos.

The regents will meet at Fort Worth Friday to let the contracts.

**CAR RAMS UTILITY POLE**

A public utility pole and wires at North Main and Kansas Streets were damaged early Sunday when the pole was struck by an automobile. No personal injuries were reported.

**Albert S. Kelley To Assume Presidency Of Midland Kiwanis**

Albert S. Kelley will become president of the Midland Kiwanis Club at the annual officer installation banquet, scheduled at 7:30 p.m. Monday in the Crystal Ballroom of the Scharbauer Hotel.

Dr. James Boren, president of Hardin College, will be guest speaker.

Kelley succeeds Dr. R. Matthew Lynn, pastor of the First Presbyterian Church. H. W. Smith of Big Spring, lieutenant governor of Kiwanis District 12, will install the new officers.

Other new officers include: Reese Cleveland and Herschel F. Ezell, vice presidents; Marie Coleman, secretary, and Wesley Martin, treasurer. Directors are Lester Short, J. Harvey Hard, W. Henry Conkling and J. G. McMillan.

Retiring officers are Dr. Lynn, Lionel Craver, Ammon Bradshaw, Jr., Sam Salt and R. R. Russell. Doctor Boren, one of the Southwest's most outstanding speakers, has addressed gathering in many cities in the United States during the last several years.

Program arrangements are being handled by J. Harvey Hard, with Hastings Pannill as toastmaster. It is to be a ladies' night event.

**Lt. Dale H. Barnes Gets New Assignment**

OKLAHOMA CITY, OKLA. — First Lt. Dale H. Barnes, husband of Mrs. Imogene Barnes, 1800 North Big Spring Street, Midland, Texas, has been assigned to the Airways and Air Communications Service at Tinker Air Force Base, Oklahoma City. He will have duties in the installations and Maintenance squadron of AACOS which furnishes communications and navigational aids for military air routes throughout the world.

The lieutenant enlisted in the Air Force July 27, 1941, at Columbus, Ohio. He completed aviator cadet training and was commissioned a second lieutenant in April, 1943. In September, 1949 Lieutenant Barnes returned from Germany after several months duty with AACOS, the nerve center of the Berlin Airlift.

Newfoundland, Greenland, and Labrador also have been duty stations for Barnes who attended the University of Toledo and the Tri-State Business College prior to his enlistment.

Henry Clay imported the first Herefords to the United States in 1817.

**Man Drowns When Boat Overturns**

BEAUMONT—(AP)—Clint Spears, about 60, of Beaumont, was drowned Sunday night when his boat capsized in the Neches River. The accident happened about 300 yards south of Collier's Ferry near the Orange County side of the river. Harry Frederick, who was in the boat with Spears, was rescued by Lawrence McCormick of Beaumont, who was in a motorboat. He wasn't able to find Spears. Their boat apparently struck a log and overturned.

**HALF-CENTURY HIGHLIGHTS**

Man's age-old dream of controlled flight came true when the Wright Brothers—Orville and Wilbur, made the first successful mechanical "aeroplane" flight near Kitty Hawk, N. C., on Dec. 17, 1903. In the familiar picture, top, Wilbur Wright runs alongside the kite-like plane. Neither pioneer could foresee the incredibly rapid growth of the art of flying nor how man's complete mastery of the air would revolutionize warfare and peacetime transportation. Below is a symbol of aviation's advance—the new-found power of jet and rocket engines that has made the speed of sound seem lagging. But to remain aloft, today's mightiest aircraft must utilize the basic principles of flight worked out by the once-ridiculed Brothers Wright.

## Dieting With Patricia Morison— Beware Those Tempting Between-Meal Snacks; They Always Pack A Powerful Calorie Count

By PATRICIA MORISON  
NEA Staff Writer  
Written for NEA Service

My habit of drinking a glass of milk before I go to sleep dates back to childhood. Since this is one between-meal snack that I can't give up, I hoard milk for my nightcap by skipping it for lunch.

I've given up all of the other menacing little snacks which I munched on so freely during the holidays. If I had been a little firmer in my "No, thank you's" to hostesses who passed around candies, canapes, peanuts, cheese-dreams and other temptations, I wouldn't need to be dieting today.

Here's how I cut down on the sixth day.

By ALICIA HART  
NEA Staff Writer

Beware of those between-meal snacks. The most innocent-looking tid-bit can pack a powerful calorie count.

If you've been used to eating between meals, take a glass of water or a cup of tea or bouillon. Either one will relieve that empty feeling and help you resist temptation while you are getting used to three meals a day with no extras.

Should the temptation to eat between meals seem irresistible—or you have trouble going to sleep without that comforting cup of hot tea or glass of milk—set aside an allowance from your regular meals for this need.

**SIXTH DAY'S DIET**  
Breakfast  
Prunes (4) with 2 tablespoons juice  
Egg (1) boiled  
Whole wheat bread—1 slice  
Butter or margarine—1 1/2 teaspoon

## Abundant Living

By E. STANLEY JONES

Ps. 14:1; John 14:8-11; Isa. 8:19-20.  
**THE INTELLIGENT OUT OF THE NONINTELLIGENT?**

Yesterday we began to see how impossible it would be for the non-intelligent to bring forth the intelligent. "Out of nothing, nothing comes," is the universal law. But here is intelligence—you and I have it. Did that intelligence come out of the nonintelligent? If so, that is a materialistic miracle. Nature brought forth something she didn't have. Again, you and I have purpose—we choose. Did that purpose come out of a nonpurposeful universe? That too would be a materialistic miracle. As someone puts it: "Do we see the inkpot determine to write a Bible? Do the stones decide to come together to form a Taj Mahal?" If one does not believe in God, he is forced to believe in miracle, the very thing he condemns in the believer.

Suppose in the end I find that there is no God, that belief in God was all a mistake. Then I would not regret having held to a God, for life works better with this hypothesis. My life sums come out better; the results are superior. The universe is meaningful, and my life is happier. Moreover, I would rise up in the end and confront the universe and say: "Well, I thought better of you; I thought there was intelligence, and now I see that there is none. I thought there was purpose; now I see that the universe is purposeless. You have let me down; I am superior to you, for I acted on a higher hypothesis than you could sustain. I have thereby been superior. I cannot regret that I was."

A professor of electrical engineering, after passing through agnosticism to faith, put it this way: "If anyone could prove to me scientifically that this thing I have found is not true, I would still have to believe it, for the universe does not make sense without God. As Rousseau says: 'If there is no God we would have to invent one to keep people sane.'"

Children's Story Hour will be at 10:30 a.m. in the Children's Room of the Midland County Library.  
Children's Theater, all groups, will meet at 9:30 a.m. in the City-County Auditorium.  
League of Women Voters luncheon will be at 1 p.m. in Hotel Scharbauer.

## ★ RUTH MILLETT ★

### Mama Getting Too Fat? Better Tell Her So, Pop

By RUTH MILLETT  
NEA Staff Writer

A man who reads this column wants me to write an article that will jolt his wife out of her complacency. She has, in his words, "let herself get sloppy fat."

He blames her for "letting herself go"—but admits he can't talk to her about it.

He probably can't now. And if he could it might be too late to do any good, since taking off a lot of weight takes more willpower than many people have.

But if he feels so strongly about the matter, he should have mentioned it when she first put on a few extra pounds.

I know a husband who feels just as strongly about women putting on weight as the writer of this letter. Yet he has a wife who is as

slender as she was when a girl. The reason? He told her as soon as they were married he hoped she never would let herself get fat. And every time she started putting on an extra pound or two he noticed and remarked on it.

Don't Keep Secret

After all, that is really only playing fair. If a husband feels that strongly about anything that concerns his wife, he ought to let her know about it from the start.

Maybe he hopes his wife never will gain weight. Or he may feel he couldn't be happy living with a careless housekeeper. Or he might feel that he wouldn't want his wife to become a diubwoman, or a bridge hound. Or maybe her looks are so important to him he rather would have her buy expensive clothes than try to economize on her clothes budget.

But whatever it is about his wife that is of utmost importance to him shouldn't be kept a secret from his wife.

If he makes his feelings quite plain and she goes ahead and disregards his wishes, then she is asking for trouble.

But I can't help but feel sorry for the wife who falls her husband because she doesn't know she has slipped up on the one thing that matters most to him.

## West Texas Food— Spaghetti Is Choice Recipe

By FRANCES HAGAMAN

Mrs. J. M. Ratcliff, 2307 West Kentucky Street, remarked the other day that she had "to go home and cook some spaghetti because we're having company tonight." When asked for her recipe, she hesitated, saying "Oh, I'll have to think a minute—I just add a little here and a little there." That statement usually is the sign of a good cook and the recipe definitely sounds worth trying.

Put 1 pound ground meat in a slightly greased skillet to brown. While this is browning, dice 1 large onion and 2 sticks celery. Add 2 tablespoons finely chopped bell pepper and saute in 2 tablespoons fat. Add 2 tablespoons flour and brown.

Add 2 medium cans tomato sauce to onion mixture, mix and add to meat. Add 1 tablespoon Worcestershire sauce and salt and pepper to taste. Cover skillet tightly and simmer between 40 minutes and one hour, stirring occasionally.

When ready to serve, mix with one pound of spaghetti which has been cooked, and sprinkle with grated American cheese.

In those days was Hezekiah sick unto death. And Isaiah the prophet the son of Amoz came unto him, and said unto him, Thus saith the Lord, Set thine house in order: for thou shalt die, and not live.—Isaiah 38:1.

Definition Of Profit Is Vital

The sizable price cuts by Buick on some of its 1950 models stand in marked contrast to recent boosts announced by the steel industry. The natural thought in anybody's mind is: What goes on? There's probably nothing tougher than trying to figure whether a price hike is necessary. Too little of the information necessary for a judgment is available.

The Washington Merry-Go-Round

(Copyright, 1950, By The Bell Syndicate, Inc.) Drew Pearson says: Experts predict commercial airplanes will fly at the speed of sound; Congressman Burdick puts House leaders on the spot; Truman upset by GOP heckling.

WASHINGTON — Their findings will not be published for a time, but U. S. air experts have done some amazing research on the airplane of the future. As a result, they are definitely of the opinion that commercial airlines someday will fly at the speed of sound.

However, it probably will be too expensive to fly commercial planes faster than sound, because of the high cost of refrigeration, air-conditioning and structural strength that must be built into planes traveling at supersonic speeds. The danger of crashes also will be reduced to a minimum, the scientists say, by automatic aircraft control and radar-block traffic control.

Military planes, on the other hand, will fly at unlimited speeds powered by turbine-type engines. The risk of being ridiculed, they predict that, sometime during the next 50 years, rockets will be able to travel from the earth to Mars.

Biggest problem in interplanetary rocket travel is developing a fuel light enough to pack in a small space, yet powerful enough to break away from the pull of the earth's gravity. This will take an "escape speed" of 23,000 miles per hour.

However, government scientists say they believe an atomic fuel can be developed which will lift a rocket any size and propel it any distance. To leave the earth, an atom-powered rocket would shoot to the earth's outer atmosphere and circle the earth at a "satellite speed" of 18,000 miles per hour. Then an extra burst of 5,000 miles per hour would be necessary to take off into space. The experts are convinced that sometime before the end of this century, passengers will be able to make interplanetary trips with safety.

Independent Congressman Congressman Usher Burdick, a big, shaggy bear of a man, has House leaders on the spot and crying for mercy.

Burdick, a North Dakota rancher and ex-football great, wears a battered cowpoke's hat and is as independent as they come. Nominally a Republican, but he votes them as he sees them. Leaders on both sides of the aisle, however, would like him to forget his resolutions for an investigation of congressional payrolls.

In the cloakroom arguments, Burdick says bluffly, "Out my way, the folks kept asking, 'What about them crooks in Congress?' Is Drew Pearson the only one in Washington worrying about them? We'd better clean our house proper. If people are going to have any respect for Congress, we should be the first ones to put up, voluntarily, to kickbacks and payroll padding."

Only In A Democracy President Truman gave House Republican Leader Joe Martin of Massachusetts a hearty handclasp before entering the House chamber to deliver his "State of the Union" message.

"You're looking mighty good, Joe," beamed Truman. "How do you do it?" "Oh, that's because we Republicans don't have many responsibilities," replied Martin.

The President was somewhat upset by GOP heckling during his references to the Republican 90th Congress. And when he retired to Speaker Rayburn's office following the speech, John McCormack of Massachusetts perked him up.

It's All Quite Simple, Isn't It?

The Washington Merry-Go-Round

The President was somewhat upset by GOP heckling during his references to the Republican 90th Congress. And when he retired to Speaker Rayburn's office following the speech, John McCormack of Massachusetts perked him up.

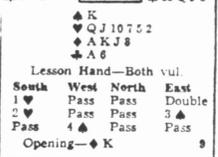

McKenney on Bridge

By WILLIAM E. MCKENNEY America's Card Authority Written for NEA Service

Today's hand was given to me by Herman Goldberg of New York. Yesterday Herman opened one of the largest bridge clubs still operating in New York City. Since then he has managed several restaurants and now he has gone back into the bridge business.

He is director of bridge activities at the Unity Contract Bridge Club in New York. He is also the instructor of bridge at the club. Goldberg not only should make a fine bridge instructor, but he should do well at the club, as he is one of the oldest bridge operators in New York.

Goldberg brings out two nice safety plays in today's lesson hand. South cashed the king of diamonds.

Lesson Hand—Both vul South West North East 1 ♠ Pass Pass Double 2 ♣ Pass Pass 3 ♠ Pass Pass 4 ♠ Pass Pass Opening—K

then shifted to the queen of hearts, which Goldberg, sitting East, won in his hand with the ace. Goldberg knew he had a losing diamond and a sure losing club. He must keep from losing two spade tricks. Therefore, the correct play at this time, as Goldberg points out, is the ace of spades guard against the singleton king. He played the ace of spades and when the king dropped he had located the other two spades.

Before picking up the outstanding trump he led the king of clubs, guarding against four clubs to the ten spot in one hand. South won the trick with the ace of clubs and returned the jack of hearts. This was won in dummy with the king. Now Goldberg cashed two rounds of clubs and ruffed the fourth club in dummy with the ten of spades. He then led a small spade and finessed the nine spot. The queen of spades picked up the jack and Goldberg made five-odd.

If North had been able to ruff the third club one lead of trump would have picked up North's last trump. Dummy still would have a trump to ruff out the losing club in declarer's hand and four-odd would have been assured.

19 Hurt When Bus Crashes Into Pole

DALLAS — A Continental Dixie bus smashed into a pole early Sunday, injuring 19 persons, none seriously.

The bus was coming to Dallas from Fort Worth. The bus hit the pole shortly after 4 a. m. The injured were treated at Parkland Hospital here and released. All of the injured received cuts and bruises.

The hurt included: Charlene Goin, 33, VA nurse at Amarillo. Luevita Hunt, 25, Forney. Anthony Lee Patterson, 22, Terrell. Pfc. Jas. A. Bailey, 23, DeRidder, La. Louise Jackson, 44, Shreveport, La. Grady King, 47, Forney. George K. Montgomery, 21, Perrin Field.

I Love My Doctor

By Evelyn Barkins

As a doctor's wife, I had to extend invitations to the hospital chiefs, who were, in a sense, John's bosses, although I definitely disapproved of his hospital aspirations.

"It would be fine if you were closely related to the head of the medical board by blood or marriage," I told John over and over again, "but this way, it's too precarious. It's like trying to get work in a closed shop, when they won't even let you join the union."

Since he persisted in his ambition, however, I stood by to help him get ahead. One day he telephoned in a dither: "Old Malcolm's coming home with me to visit this afternoon at 3. Roll out the carpet and cross your fingers," he said and hung up.

Old Malcolm was the chief in surgery, and I was prepared to give the devil his due. I ran into Freda's for the loan of the lace doily and gold-plated dishes (her great grandmother's) and with her material and spiritual help, armed with enough nuts and candies and fruit and little sandwiches for a charity bazaar.

WASHINGTON COLUMN

U. S. Defense, Foreign Policies Generally Favored By Editors

By PETER EDSON NEA Washington Correspondent

WASHINGTON—U. S. national defense and bipartisan foreign policies now in effect are in general supported by large majorities of American newspaper editors. These results are outstanding in a poll of more than 700 newspaper editors recently conducted by this column.

While the 345 editors replying indicated that from 60 to 70 per cent of their papers were opposed to the Truman administration's domestic expansion of the ratios were almost exactly reversed on key questions dealing with foreign relations. "There must be no retreat from our place as a world leader," as the Youngstown, Ohio, Vindicator, summed it up.

There were, of course, some vigorous exceptions. The Huron, S. D. Daily Plainsman regards the bipartisan foreign policy as "a negation of the democratic tradition, and an iron curtain between the public and the mistakes of the government."

A big majority of the editors still support the United Nations. One of the questions asked them was, "Do you feel that the United Nations is doing all it can to preserve peace?" Sixty-four per cent answered "Yes." Thirty per cent said "No," with six per cent giving no opinion. Editorial opinion in support of the UN job was three-to-one in the East, decreasing in the South and Midwest to a two-to-one endorsement in the West.

Still, the New York World-Telegram calls the UN "ineffective." The Wayneboro, Pa., Record-Herald says "Scrap it." A number of editors feel that the UN could do more if it had a police force to carry out its decisions. Others think the UN could do more if the Russians were not so contrary. There was taken exception to the opinion that the UN charter limited the effectiveness of the world peace organization.

Wants More UN Support. But as the Alameda, Calif., points out, "The U. S. is now spending \$400 on armaments for every dollar it spends on the UN. If the UN could be made more effective, then we could abolish needless spending on arms. And once the cold war is stopped, the budget-balancing problem would not be so great."

As reported earlier, the editors are three-to-one in favor of continuing the Marshall Plan aid to Europe for another two years, although many believe the amount should be gradually reduced. Similarly, editors want savings in the federal budget to be made first on domestic programs, second on foreign aid programs, and last and least on national defense.

As to how the defense money should be spent, there was varying opinion. Another question asked the editors was, "In the recent B-36 super-carrier controversy, do you feel that the Navy or the Air Force was right?" Thirty-seven per cent of the editors expressed bewilderment on this one. They were about equally divided among those who would express no opinion at all, those who thought that both were right in part, and those who thought neither was right. Of the 63 per cent of the editors who did have definite views, 42 per cent said the Air Force was right, as against 21 per cent for the Navy.

Another key question on the making of foreign policy for 1950 was, "Do you favor the continuation of the present policy at this time?" Answers from the editors were 67 per cent "No" to 28 per cent "Yes," with five per cent expressing no opinion. "Stop preparing Germany to be the next war," said the Galveston, Ga., Times, speaking for the majority.

Reservations on Germany. There were many reservations from editors who think rearming the Germans must come eventually.

dry sack and would have made a grade A hobo retreat in dismay, his shoes were not mated, and he had two ties around his neck. "Have I?" he asked, when I couldn't resist pointing out this latter absurdity. "Oh yes, I forgot I already had one on." He calmly removed the outer tie and put it in his pocket, while casually continuing his former conversation. As I sat and watched his movements with fascination, Dr. Malcolm reached in a side compartment of his jacket for a handkerchief and dropped a few theater tickets in the process.

"Your tickets, sir," John said, picking them up. "Mine?" asked Malcolm in surprise. Then, adjusting his glasses for a better look, he said: "So that's where they were all the time. Were for last night," he explained, as if \$6.00 tickets were ten cent chances on a lottery board, "but I couldn't find them, so we couldn't go."

FOR the entire period of his visit, I could not stop watching his slightest absent-minded gesture; so much so that it was not until he got up at 4 o'clock sharp to go that I remembered all my elegant preparations in the kitchen.

"Oh, John," I wailed, as the door closed behind Dr. Malcolm, "Come see what I did!" I led him into the kitchen where my resplendent feast stood in untouched glory. "It doesn't matter," John said consolingly. "He's so dizzy he couldn't know anyway, would he?"

We both laughed. "Eat your dinner," I said, offering the sandwiches. Then I gasped, "What a character! How can he tell the difference between an appendix and an infected finger?" "But I tell you he's white as surgery," John insisted. "The best man we've got. Except for those little tricks he pulls. You know he's so tony he operates on a raised stool, or else the table's too high. Well, one hot day last summer, he came into the operating room with nothing at all on underneath his surgeon's gown, and with back wide open."

"Oh no," I breathed incredulously. "What happened?" "Nothing," said John, obviously proud of his association with this personality, like a little boy boasting about how his Uncle Zeke killed three men before the cops caught him. "The nearest nurse tied his gown up behind, and saved the day."

A FEW days after Dr. Malcolm's visit, John came home with the marvelous news that he had received an appointment on the surgical staff.

"The lowest job in the hospital," he said with shining eyes, as if he had just been named Surgeon General in Washington. "Only a junior adjunct, but at least a start. And under Malcolm's service too!"

"It was my hospitality that clinched it," I laughed, as we swung about the room in a victory dance. Then we spotted in a real photo finish, "Oh, darling," I exclaimed, after a wistful embrace, "Isn't it wonderful! Isn't it grand? I just can't believe it!"

It seemed to me then that my marital education was finally complete. This unity between us, so that I could rejoice in his success as if it were my very own, was like a heady wine. But the degree I so rapidly pinned upon my chest was shortlived.

From Hitler and Mussolini back to the stock-market crash of '29, I have learned that nothing lasts. Everything I reach a point in life where I think "Eureka, this is it!" I find that I have unknowingly settled down on a pin cushion which sets me forth again. Our time bomb was set for the day following the confirmation of John's appointment.

Almost immediately, as inevitable in its occurrence and in its duration as a bad case of adolescence, our first major quarrel loomed upon the horizon.

(To Be Continued.)

A collection of puzzles including a 'Diving Duck' word search, a 'Borzo Dog' puzzle, and a 'Merry-Go-Round' crossword puzzle. The crossword puzzle has a picture of a dog's head in the center.

# SOCIETY

THE REPORTER-TELEGRAM, MIDLAND, TEXAS, JAN. 9, 1950-5

## Wanda Burnside Advanced To Head Office Of Rainbow Girls

Three new officers were elected by the Rainbow Girls at a meeting Saturday afternoon in the Masonic Hall. Wanda Burnside was advanced to the office of worthy advisor, succeeding Beverly Keisling as head of the chapter.

Ruth Wanelle Green was chosen Faith; Barbara Long, recorder, and Sue Talkington, treasurer, as the new officers.

Miss Long and Miss Talkington will serve one-year terms and Miss Green's term is for four months. Other members advanced in office to serve a four-month term are Betty Marie Nix, who becomes worthy associate advisor; Peggy Minnear, Charity, and Swan Hagler, Hope. Other offices in the organization will be filled by appointment.

The new worthy advisor announced that an installation service for new officers will be held January 29 with the Junior High School auditorium as the tentative location.

## Jimmie Mashburn Is Named President Of Junior Music Club

Jimmie Mashburn was chosen president of the Modern Musical Junior Music Club at the group's first 1950 meeting Saturday in the Watson Studio.

Cynthia Dupuy and Bob Gray were chosen vice presidents, Doris Morningstar, secretary, and Juanda Bradshaw, critic.

Juanda, Loraine Carlson and Barbara Timmons were members of the nominating committee.

Jerry Hyde was introduced as a new accordion student and Patsy Chambers, Carolyn Gray and Linda Breth celebrated their birthdays.

Ann and Sandra McFarland played "Jingle Bells," on the piano. Jerry played "My Country" on the accordion and Juanda played "Aragoñese" as a piano solo and "Flower Song" by Lange with Ned Watson playing the violin obbligato. Trudy Ann Symes played a piano solo, "Dancing the Hornpipe."

Others attending were Wanda Lou Steele, Jerre Ann Price, Katrina Shelburne, Jean Hawkins, Sarah Ann Pickett, Toni Redden, Patricia Hickey, Patsy Wilkerson, Mary Ervin and Robert Gray.

## How To Relieve Bronchitis

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

**CREOMULSION** for Coughs, Chest Colds, Bronchitis

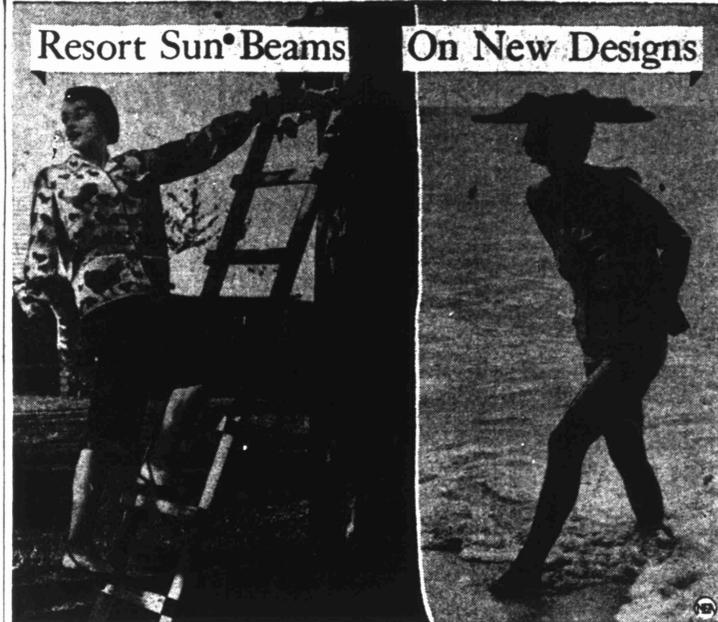

## Out-Of-City Friends In House Party For Bride-Elect's Tea

Marcella Bureson of Kermit was a Midland visitor Saturday to attend a tea honoring Jacqueline Thisis, bride-elect. She was a member of the house party and assisted in greeting the scores of callers in the home of Mrs. J. Howard Hodges.

Miss Thisis is to be married Saturday to Miles Pierce of Ozona and Alpine. In addition to Miss Bureson, several out-of-city relatives and friends were in the house party. The prospective bridegroom's mother, Mrs. Victor I. Pierce of Ozona, was in the receiving line with Mrs. Hodges, Miss Thisis and her mother, Mrs. Anton Thisis.

Hostesses with Mrs. Hodges at the party were Mrs. Jack Nobles, Mrs. Tom Bobo, Mrs. L. Waldo Leggett and Mrs. Raymond Leggett.

A favorite dish in the French province of Champagne is dandelion and bacon salad.

Humor breaks into print to add its fun to new playclothes. Amusing roosters, hens and chicks in vivid colors scamper over the white cotton play shirt shown (left) with green rayon pedal pushers. On the halter-styled blue linen bra, which is teamed with cuffed shorts and sweater-style cardigan (right), is emblazoned a grinning sun god in yellow print.

**NEW YORK**—(NEA)—Fun-provoking play clothes will enliven the 1950 leisure hours of American women.

Clown collars will add their merry note to fun clothes. So will circus colors and Harlequin plaids, used boldly to banish any somberness from background clothes of dark-edged fabrics which, for practical reasons, will continue strong for winter-resort.

**BY EPSIE KINARD**  
NEA Fashion Editor

The most fun, however, will break out in print: in motifs that depict amusing characters or tell as good a story as a comic strip. A "hen-party" tale is told, for example, by the roosters, hens and chicks which scamper over one white cotton play shirt. Designed like grandpa's night shirt with

side slits and patch pockets, this Dorothy Cox design pairs the loose-fitting shirt with green rayon pedal pushers that pick up a predominant color of the cotton print.

Designer Cox also turns her sense of humor loose on a three-piece play suit of Bermuda blue linen. Emblazoned on a halter bra, that's teamed with cuffed shorts and cardigan jacket, is a grinning sun god of yellow print.

## Election And Annual Report Slated At Girl Scout Meeting

Election of officers is scheduled and annual reports of officers and committee chairmen will be made at the January meeting of the Midland Girl Scout Association Monday night. It will begin at 8 p.m. in the Trinity Episcopal Parish House.

All registered adult Girl Scouts in the city are urged by Mrs. R. E. Morgan, president, to attend the annual business meeting. Progress of the year, which has seen a large increase in membership and number of troops as well as the purchase of a building to be used as a Girl Scout meeting place, will be outlined in the officers' and chairmen's reports.

## Many Visitors See Texas Art Exhibit

A large group of Midlanders visited the Palette Club Sunday afternoon and night to see the Texas Fine Arts Association art exhibit sponsored by the Modern Study Club.

The exhibit was shown to Modern and Palette Club members at a meeting last week in the studio. Nell Shaw, a trustee of the association, was the guest speaker.

Members of both clubs greeted visitors Sunday—Mrs. F. R. Schenck of the Modern Club and Mrs. R. L. Clarke, Mrs. Leonard Swords, Mrs. Arnold Scharbauer and Lucy Moore of the Palette Club in the afternoon and Mrs. C. C. Keith of the Modern Club and Bonny Bogardus and others from the Palette Club, a night.

## Library Has Books On Income Taxes

Timely information concerning income tax payments is contained in the 1949 edition of "Your Federal Income Tax," a publication issued by the Treasury Department and now available in the Midland County Library, Mrs. Lucille Carroll, librarian, announces.

Several copies of the publication are on hand in the main library and also in the Terminal branch and the Dunbar Branch Libraries, Mrs. Carroll said. The book may be used for reference in the library, or checked out for one week, she added.

**BUSINESS MEETING**

The next meeting of the Optimist Club will be devoted to club business, according to W. P. Z. German, Jr., president. The club meets at noon Tuesday in Hotel Scharbauer.

## Committee Plans For Cancer Education Campaign In County

An educational campaign to spread cancer information in Midland County was outlined at a meeting Saturday of the planning committee of the Woman's Field Army of Midland County for Cancer Education.

Mrs. Paxton Howard is commander of the Woman's Field Army, which works under the American Cancer Society of Texas and the Midland County Cancer Society Board, of which John P. Butler is chairman.

Members of the planning committee are Mrs. Ernest Sidwell, Mrs. James O. Simmons, Jr., Mrs. Joe Crump and Mrs. John M. Fitzgerald.

The purpose of the committee is to conduct a continuous educational campaign regarding cancer, the second-ranking cause of death in the United States. The campaign is aimed to "take the fear out of the word, cancer, and replace it with an intelligent awareness of symptoms, leading to early diagnosis."

**Three-Way Program**

The committee points out statistics showing that in localities where an adequate educational campaign has been conducted, only ten per cent of cancer cases are diagnosed too late for effective treatment, while the average in uneducated localities is 55 per cent with diagnosis too late to save life.

Three phases of a concentrated campaign to be carried on the next two or three months were mapped by the committee. They are: Work through clubs and organizations in the county, supplying speakers, films and pamphlets; operation of a downtown information booth; and cooperation with newspapers, theaters, radio and other mediums of public information.

Mrs. Howard appointed Mrs. Sidwell to take charge of a speakers' bureau, Mrs. Simmons to be chairman of work through clubs and organizations, and Mrs. Fitzgerald to be public relations chairman.

## Sales Training Course Will Open Here Monday Night

E. C. House, noted sales training expert and inspirational lecturer, will deliver the first of three lectures for merchants, sales persons, office personnel and professional people at 7:30 p.m. Monday in the junior high school auditorium. The lecture series will continue through Wednesday night.

Attendance at the opening night lecture is expected to exceed 300 persons. The course is sponsored by the Retailers Committee of the Midland Chamber of Commerce.

"Sales and Personal Efficiency" is the general theme of the series. The lecture subject Monday night is "The Way to Win." Tuesday and Wednesday night subjects are "Good Sales Technique" and "Extensive and Intensive Selling."

Persons who have not made reservations may enroll at the Chamber of Commerce or at the door of the auditorium.

## Cast Selected For Theater's 'Blithe Spirit'

Selection of the cast for "Blithe Spirit," first 1950 adult production in the Midland Community Theater, has been completed after tryouts last week, and rehearsals are starting this week for presentation "in the round" on February 15, 16, 17 and 18.

Donna Conkling will have the role of Elvira, who returns as a teasing ghost to plague her husband and his second wife. Charles Dixon will appear as Charles Condomine, the husband, and Alice Swift as Ruth, his wife.

Bill Adam as Dr. Bradman, Sabre Brady as Mrs. Bradman, Betty Swords as Madame Ardati and Betty Gaines as Edith, the maid, complete the cast, which will introduce several newcomers to Community Theater roles.

Art Cole will direct the play, a popular farce by Noel Coward. The cast was chosen by a committee headed by Joe Koesler, which heard tryouts on three nights last week.

The play, to be presented in the City-County Auditorium, will be the second production of the year by the theater, as the Children's Theater will give its first play of the season, "The Return of Rip Van Winkle," on January 27 and 28.

## Thousands Visit Loma Linda; Open House Continues

Thousands of persons visited Loma Linda Addition Sunday as the fast-growing residential section in Northeast Midland celebrated its first birthday anniversary.

Frank True, developer, said it was impossible even to estimate the number of citizens who crowded the addition Sunday to see and inspect the many new homes there. He said the visitors were "thick" from about 10 a.m. until after dark.

Three new buildings were open for inspection Sunday, and all had many visitors.

The furnished house at the corner of Maple and Edwards Streets could not accommodate the crowds and will be kept open for inspection each night this week and next Sunday, True stated. He said visitors in the house Sunday averaged 300 an hour for four hours.

C. L. Cunningham, J. T. Champion and Felix Stonehocker are the addition's building contractors. R. C. Maxson is the general sales manager.

## TRI-DELTS WILL MEET IN MRS. GRICE'S HOME

The Delta Delta Delta Alumnae Association will meet at 1:30 p.m. Thursday with Mrs. C. R. Grice, 1407 West Tennessee Street. Tri-Delts who are new in Midland and have not been contacted by the association especially are invited to attend the meeting.

Almost 600,000,000 acres of western lands in the United States are classed as semi-arid and arid.

## For Little Fellows With Big Colds...

Mother... the best-known home remedy you can use to relieve distress of his cold is warming, comforting Vicks VapoRub. If you rub it on at bedtime, it works even while the child sleeps! And, often by morning the worst miseries of his cold are gone. Try it. Get the one and only Vicks VapoRub!

## KKG Alumnae Will Fete New Members

The Kappa Kappa Gamma Alumnae Association will honor new members with a bridge-lunch at 1 p.m. Tuesday in the home of Mrs. Clark Steinberger, 1604 West College Street.

New members of the Association who will be honored Tuesday are Mrs. Robert Zonne, Mrs. Pete Wiggins and Mrs. Tom Miller.

## Congratulations To:

Mr. and Mrs. T. N. Davis on the birth Monday morning of a son, Dalton Price, weighing seven pounds, two ounces.

## OPEN HOUSE SCHEDULED FOR NEW SNYDER BANK

SNYDER—Open house will be held by the West Texas State Bank, Snyder's newest bank located at the southeast corner of the square, at 9 a.m. Saturday, Nolan Watson, president, has announced.

Business will be conducted following opening of the doors at 9 a.m. Saturday, Watson said.

## Longhorn To Play 154 Games In '50; Indians Open Here

By SHORTHY SHELburnE  
Reporter-Telegram Sports Editor

ABILENE—The Midland Indians will open the 1950 Longhorn League baseball schedule against the Big Spring Broncs April 12 in Indian Park. Opening date and pairings for the openers were decided in a league meeting here Sunday.

The schedule was lengthened to 154 games with the early April opening and a closing date of September 10. It will give each team 77 home games.

The official schedule was not adopted at the meeting but all preliminary business was completed. Information for the slots was submitted to a schedule maker and it is expected he will have completed work on it by late January. League directors voted five to three to remain Class D for the 1950 season.

**Other Openers**  
Other opening games will send Odessa to Roswell, Sweetwater to Vernon and San Angelo to Ballinger.

The opening series for Midland will be two games in Indian Park and two in Big Spring.

The sale of the Vernon franchise to a group of Vernon business men was approved by unanimous vote. Bob Huntley sold the club for a reported \$25,000.

The Longhorn League All-Star Game was awarded to San Angelo for the second straight year. Directors chose the site because it is centrally located and the park is the largest in the league.

**Bonus Rule Vote**  
A vote on repeal of the baseball bonus rule was taken. League members favored retaining the rule as is by a five to three majority.

An executive session was held to discuss broadcast rights for home games in the league. Nothing definite was announced by President Hal Sayles following the closed session.

The proposed change in classification of the league took up most of the time. A. D. Ensey of Odessa and Larry Gilchrist of Roswell led a fight to have the league advance to Class C. It was voted down, however.

President Sayles announced Buck Francis of Abilene has been named league statistician and secretary to the president for the 1950 season. He succeeds Troy Kegans, who held the positions last year.

**Same Cities**  
The league will operate with player limits of three class men, seven limited service men and six rookies.

With the sale of the Vernon franchise all questions concerning member cities of the loop were settled. Midland, Odessa, Big Spring, Roswell, Vernon, Ballinger, San Angelo and Sweetwater again will form the eight-team league.

### Only Three Of Ten Top Cage Quintets Remain Undefeated

NEW YORK —(AP)—Only three of the country's top 10 college basketball teams—Indiana, Holy Cross and Duquesne—still displayed all-winning records Monday.

The season is about one-third finished and only three major favorites are unbeaten: Cincinnati (six victories), Auburn (eight) and Army (three).

Indiana (10 victories) ranked fifth in last week's first Associated Press poll, Holy Cross (1) sixth, and Duquesne (nine) eighth.

The remaining seven of the top 10 all have dropped one to three games.

St. John's, ranked No. 1, lost for the first time last week to CCNY.

**Sectional Leaders**

A listing of the best teams, section-by-section, includes:

East—Long Island U. (11-1), Holy Cross (11-0), Duquesne (9-0), St. John's (13-1) and La Salle (7-2).

South—Kentucky (8-1), North Carolina State (9-2), Western Kentucky (6-4) and Tulane (10-2).

Midwest—Indiana (10-0), Bradley (11-2), Ohio State (8-2) and Kansas State (8-3). Several others: Minnesota, Cincinnati, Wisconsin, Oklahoma and Michigan—could displace the top four here.

Southwest—Arizona (9-1) and take your pick of a batch of mediocre Southwest Conference fives.

Rocky Mountain—Colorado (8-3), Utah (10-6) and Wyoming (12-4).

Far West—UCLA (10-3), Southern California (9-2) and Washington (12-1).

## SPORTS SLANTS

by SHORTHY SHELburnE

**Baseball Trade Talk** blew like the 12 noon Japanese trade winds at Abilene Sunday. Every club in the Longhorn League was trying to make a deal.

Harold Webb, owner-manager of the Midland Indians, was right in the middle of it.

But, so far as we could determine it all was still in the talking stage when the meeting broke up.

Webb was on a couple of deals for players with Albuquerque and Sweetwater.

He also opened negotiations with Vernon on a possible deal or two.

Outside of that, he says he has four good rookies lined up who will be ready to go in Spring training.

Just as we had expected, A. D. Ensey of Odessa and Larry Gilchrist of Roswell led the fight for advancement to Class C.

It seems they had polled the Longhorn members in Baltimore and had rallied some backing behind them.

But it all went the other way when the thing actually came to a vote.

Only San Angelo, Roswell and Odessa voted to change to Class C. Midland, Ballinger, Sweetwater, Big Spring and Vernon were against it.

Along with the approval of the Vernon franchise sale, several things of interest came to light.

The Dusters now will be owned by a corporation which includes more than 157 stockholders. Application for a charter has been submitted but hasn't been approved in Austin yet.

A Vernon spokesman said Hoot Gibson of San Antonio is first in line for the manager's job.

Cy Fawcett of Albuquerque revealed he will name a manager for the Sweetwater club soon.

He said the field has been narrowed down to a couple of candidates and he will close a deal with one of them by early next week.

Fawcett says the manager probably will be a class catcher, but it definitely will not be Sam Harshaney.

The 154-game schedule voted for 1950 will give the league more baseball than ever before.

Opening date was moved up to April 12, giving the loop a starting date two weeks earlier than last season's. Regular season play will end September 10, one day earlier than it did last season.

President Hal Sayles got in a good lick for his umpires. He got the league clubs to agree to use Longhorn ump's to call pre-season exhibition games.

Sayles feels the arbiters need the experience as well as the fees they will receive.

We learned definitely Sid Hudson, Washington hurler, has bought into the San Angelo Colts.

The deal has not been announced officially because Hudson has some things to talk over with the big league bosses.

If it all comes out right he may be able to furnish the Colts some top players through his connections in baseball.

**Rain Washes Out Los Angeles Open**

LOS ANGELES —(AP)—The Los Angeles Open golf tournament was rained out Sunday for the first time in almost quarter-century history.

Monday—weather permitting—the field was to take off again at the same stage it wound up Saturday night.

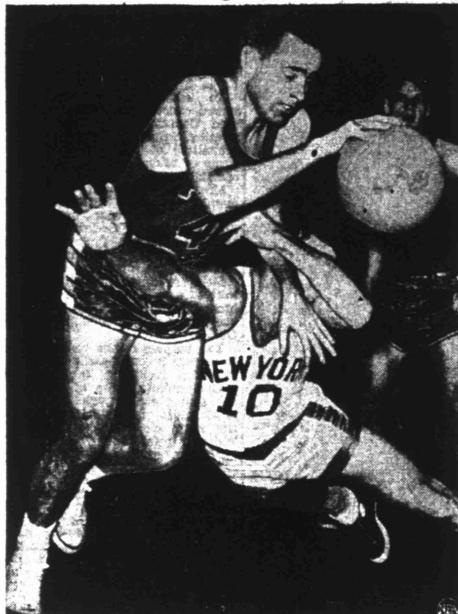

Willie Hunter, Riviera's own professional, urged the PGA to cancel it, pick'd up his ball and stomped off when the committee refused. Sixteen players in all quit during the round, including Ralph Guldahl, Johnny Revolta, Jimmy Thompson, E. J. (Dutch) Harrison and Johnny Bulla.

It finally took Ben Hogan, the sentimental favorite back from the has-beens, to bring on the cancellation. Hogan, playing his first tournament since he was left near death on a West Texas highway after an accident last February, carded a 73-69 the first two days.

Sunday he was four over par after the first nine, and commented: "It's idiotic to go on, but I'll be as idiotic as the rest of them."

All of Syracuse University's National AAU championship cross-country team with the exception of Dick Church will return for action next Fall.

### Hanger-On

Al Saemmer, Muhlenberg's smallest player, hangs on for dear life to the arm of Long Island's Tom Murtha in the first half of a basketball game played before 13,000 persons at Madison Square Garden. Behind them are the Blackbirds' Adolph Bigos, left, and the Mules' Bill Jackson. LIU won 69-58.

### Coaching Situation Shows Radical Change In Southwest Loop As Mentors Walk Out

By HAROLD V. RATLIFF  
DALLAS —(AP)—Things sure have changed in the coaching situation of the Southwest Conference.

Not too many years ago the coaches were leaving because they were asked to. Now they leave with the officials and alumni, tears streaming, asking them to stay.

Bob Woodruff, young Baylor coach, is an example. Woodruff had differences with Athletic Director Ralph Wolf and gave the university a "Me or Wolf" ultimatum. He got about everything except the presidency of the university. He had a five-year contract at \$12,000 a year. No such salary ever had been offered at the Baptist school before.

But Woodruff walked out and signed a seven-year contract with

Florida at \$17,000 a year. He had to make three requests to get the Baylor Athletic Committee to release him.

Coach Dutch Meyer of Texas Christian intimidated he was going to retire. The whole thing was left up to him but officials of the university pleaded with Meyer to stay. He finally decided to remain.

John Barnhill of Arkansas removed himself from the head coaching job and went out and obtained Otis Douglas from the pros. Barnhill now is athletic director only.

The situation is a far cry from 1946 when Frank Kimbrough resigned at Baylor under pressure and the alumni in 1947 paid Homer Norton \$20,000 to leave Texas A&M.

## Senior Bowl Tilt Is Financial Flop

JACKSONVILLE, FLA.—(AP)—The Senior Bowl football game was both a huge success and a dank failure.

The caliber of the football played was the highest. Travis Tidwell led the South All-Stars to an upset 22-13 victory over the better known stars of the North squad. Every player lived up to expectations.

### Arizona Again Tops Border Loop Cagers; West Texas Strong

By The Associated Press  
It's the old, old story in Border Conference basketball circles—Arizona leads.

It has won nine and lost one game to Texas this season.

Arizona's sole conference game was a 25-point victory over Arizona State College at Flagstaff.

But Arizona is no cinch to walk away with the title. West Texas State reigned as the favored outfit until it lost to Texas Western in the Sun Bowl hoop tourney. Arizona won it.

West Texas has won eight of its eleven games.

Arizona State College at Tempe is the mystery team. It has won only two of 11 starts but has given some strong Eastern outfits plenty of trouble.

You'll know more about the strength of Texas Tech, Hardin-Simmons, Texas Western and the two New Mexico teams after this week.

Hardin-Simmons lost to Texas Western and beat New Mexico A&M and New Mexico Tech beat Western, but lost to the Aggies.

Western and the Aggies face difficult trips this week. Both tour the western part of the league for games with the three Arizona teams.

West Texas will have its baptism of fire. It stacks up against Tech at Lubbock and Hardin-Simmons at home.

**BELGIANS TRAINING BRUSSELS**—(AP)—If the Belgian football team is beaten by Italy in March, 1950, it won't be for lack of training. The Belgians began working out together on December 15, and will increase the tempo of practice sessions until the game.

Last year, Belgium took a 5-1 licking from Wales, and many said it was because the Belgian all-star team had never played together before.

But a dismal crowd of only a little more than 17,000 left promoters an estimated \$20,000 plus in the hole. Players cashed in less than expected in their first professional venture.

Each of the winning Rebels took away \$475. The losing Yankees got \$343 apiece. All their expenses while here and transportation was paid, so their take was clear.

But Charles N. Rolfe, Jr., of Nashville, president of the Senior Bowl Association, hopes to get \$1,000 and more for each player in the next all-star game. That may mean moving the game to another site where it could be expected to draw better.

**Southwest Players Come Out Small End**

DALLAS —(AP)—The eight Southwest Conference players who played in the Senior Bowl at Jacksonville, Fla., Saturday knew this would end financial aid at their various schools.

The Southwest Conference, at its Winter meeting here December 10, decided it would and informed them at the time.

Of three Southern Methodist University players who participated, only one stands a chance to lose anything. He is Guard Jack Halliday.

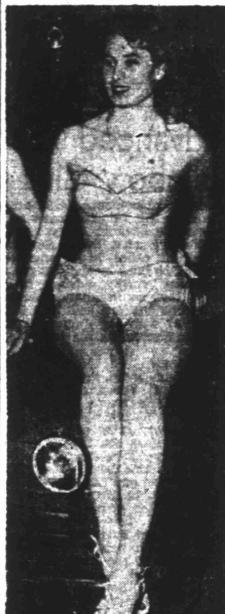

Doak Walker already had turned professional and Fullback Dick McKissack graduates at mid-term.

Halliday forfeits tuition of \$300 and \$65 per month for board, room and laundry by playing. He received only \$343 for his participation, so he ended up in the hole. His board, room and laundry money would have run four months, making a total of \$260. Added to the \$300 tuition he gives up \$560, so he ends with a deficit of \$217.

Other Southwest Conference players who forfeited athletic benefits by playing in the Senior Bowl are Ray Borneman and Paul Campbell of Texas, Rupert Wright and J. D. Ison of Baylor and Theron Roberts of Arkansas.

Bobby Jones won the U. S. Amateur championship five times—more than any other golfer in history.

### Out, Oui!

Shapely Maryse Delort of Paris, above, was named "Miss France of 1950" by a "supper jury" in a Marseille night club. The 19-year-old beauty beat out 12 other contestants.

### Fight After Cage Game Brings Action By TWC Officials

PORT WORTH —(AP)—Texas Wesleyan College's athletic council met Monday to discuss the fight that followed the college's basketball game with Abilene Christian College in Abilene Saturday night.

Two TWC players charged Referee J. J. McDaniel after the game ended. ACC won 50-46.

McDaniel told the Star-Telegram by telephone Sunday that he was not injured in any way.

"I was swung at but there were no real blows landed," he said. McDaniel added that he saw no other fights on the floor. "There was a lot of milling around after the game among students from both schools but I didn't see any punches."

**Players Not Justified**  
McDaniel said he wasn't certain who charged him.

Dr. Walter Gluck, vice president of TWC and chairman of the Athletic Council, called Monday's meeting.

Cosch Johnnie Edwards said regardless of the type of officiating, his players had absolutely no reason to charge the official. Edwards said, however, he thought the officials let the game get away from them in the second half.

Cosch A. B. Morris of ACC said the officiating wasn't any better or any worse than he's been used to all year.

# Announcing the NEW DESOTO

On display beginning Jan. 10<sup>th</sup>

Here's the best-looking new car of them all! It's the new DeSoto, designed to give you more room, more comfort, more visibility, more safety and more lasting satisfaction than any car you ever owned. Here's the car designed with YOU in mind.

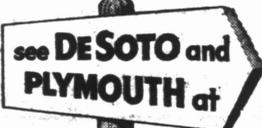

It's brand-new... not just a few changes. It's waiting for you to come and admire it from handsome new front grille to tail-lights. And it's waiting for you to come and ride in it.

It lets you drive without shifting. It has a terrific high-com-

pression engine, bigger-than-ever brakes, weatherproof ignition, feather-light steering. It's quality engineering at its best. Yet it is excitingly easy to buy and amazingly economical to operate.

No matter which make of car you thought you might buy this year, make yourself this promise... "I will drive a DeSoto before I decide." Let us arrange a demonstration.

Time in THE CROUCH MARK SHOW, "You Bet Your Life," Every Wednesday night over all CBS stations

Midland, Texas

## Bulldogs To Play Lamesa In Opener

The Midland Bulldogs take their first shot at a District 3-AA opponent Tuesday night when they engage the Lamesa Tornadoes in the Midland High School Gymnasium. Two games will be played with the first scheduled for 6:45 p.m.

The Bulldogs finished a lengthy warmup schedule by losing at 32-25 decision to the McCamey Badgers in McCamey Saturday night.

Lamesa is defending district cage champion. Several returning lettermen are on this year's squad. The Tornadoes have enjoyed a successful non-conference season and have established themselves as favorites in the district race.

**Starters Announced**  
Coach Jack Mashburn Monday announced his starting lineup for the conference opener will be Walter Spiller, Harrie Smith, David Weaver, Robert Burks and Reed Gilmore. Billie Phillips was listed as a possible starter to replace any one who may not be in good shape for the tilt.

Mashburn said he will use Norman Drake and Ollie Phillips frequently in relief roles.

**'B' Bulldog Starters**  
Coach Audrey Gill's 'B' Bulldogs, going strong all season, will play the first game against the Tornado B team. He is expected to start John Van Buskirk, Buddy Johnson, Dwane Bush, Jimmie Lineberger and Johnny Kennedy. The varsity game will be played immediately following the opener. The Bulldogs will play Odessa's Bronchos in Odessa Friday night in another conference clash.

## City Cage League To Launch Season Wednesday Night

The City Cage League definitely will open play here Wednesday night. Pat McMullan, league director, announced a double-header will be unveiled in the Junior High School gymnasium. VFW will play the Rebels and Ted Thompson will tangle with Watkins Mobile in opening games. Friday night will see the Jay-Cees meet Rotary Engineers in the first game. The Rebels take on Ted Thompson's five in the night-cap.

Work on the schedule had not been completed Monday. McMullan said the complete slate will be released sometime this week.

## Boxes On Sale Tuesday

Box seats for the 1950 baseball season will be placed on sale at Indian Park and downtown Tuesday, Harold Webb, owner-manager of the Midland Indians announced Monday.

Webb said he will arrive here late Monday or early Tuesday to assist in the advance sale.

The Midland skipper indicated all box seat holders of last season will be given first chance this year. He has followed that plan several seasons.

Details of the sale had not been worked out Monday but it is expected Webb will announce them Tuesday.

## Continued Slump In Sports Attendance Is Predicted In '50

NEW YORK — (AP)—A continued downward trend at the box office was predicted for 1950 sports Monday—but not for college and professional football.

In the annual year-end Associated Press poll of sports editors and writers, 40 of 90 experts said they believed the downward trend which followed the lush war years would continue this year.

Nineteen others thought attendance at sporting events would remain on a par with 1949; 23 expected only a slight reduction if any, and eight said attendance should go up in 1950. Many believe the leveling off period from the war years already has arrived.

Professional football—particularly since the merger of the National League and the All-American Conference into the new National American circuit—should bring increased attendance, said 28 writers.

Another 20 were confident college football would continue to show nation-wide gains next fall. Baseball, Basketball

Only nine thought major league baseball would show a boost in attendance over 1949. At the same time, saw continued high box office for basketball, both college and pro. College football was a major sport to show a gain in 1949 attendance over 1948. At least 88 major schools showed 12,398,157 and persons attended 444 games. This compared with 12,005,625 for 443 games in 1948.

There was a slight reduction in attendance and the same number compared with the all-time record of 20,972,601 admissions for the 1948 season. The 1949 total for the National and American Leagues was 20,312,377.

## Texas Loop Cagers Start Title Chase With Poor Records

By The Associated Press  
Ablene Christian starts defense of its Texas Conference basketball title Monday night, meeting Southwestern University at Georgetown.

Four other conference games are scheduled this week.

The circuit enters title play with a not-so-hot showing in season competition. McMurry hasn't won a game in 11 starts and none of the six clubs have broke even.

One other tilt is scheduled Monday night, Howard Payne vs. Trinity at San Antonio.

Tuesday, Austin meets Southwestern at Georgetown and Howard Payne opens a two-game series with Lackland Air Base at San Antonio.

Austin and Texas A&I meet at Kingsville Wednesday and Thursday and the other loop tilt matches ACC and Howard Payne at Brownwood Saturday.

McMurry has only one scheduled game this week, against Corpus Christi University at Abilene Saturday.

Last week only two conference teams managed victories. Abilene Christian upset Texas Wesleyan 50-48, and Southwestern beat Daniel Baker 50-39.

## Midland Ranchers Buy Top Herefords At San Angelo Sale

A. G. Bohannon, Midland rancher and president of the Midland Livestock Show, paid \$1,250 for Vagabond Model 50th at the annual Concho Hereford Association sale in San Angelo Saturday. It was the third highest price of the sale. The animal was consigned by McBride Brothers of Blanket, Texas.

Forty-eight head of registered Herefords brought an average of \$666 in the sale. Fourteen female animals averaged \$502 and the 34 bulls averaged \$733, plus.

**Proctor Is Buyer**  
Foy Proctor of Midland also was a buyer at the sale.

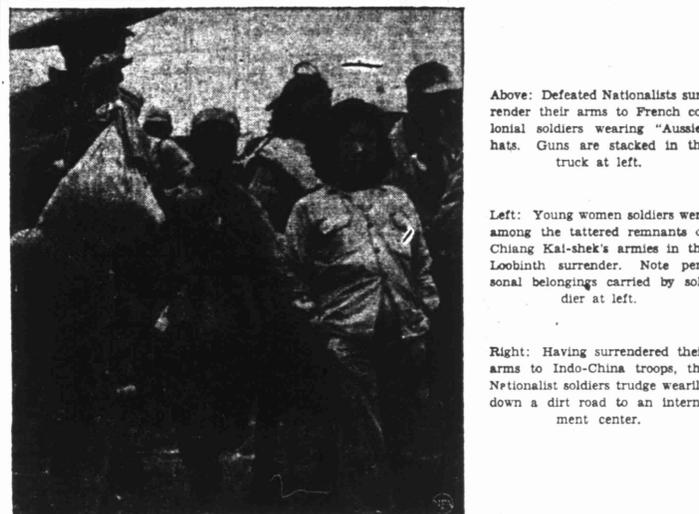

The top price bull, which was the champion sale bull, sold to Col. R. S. Waring of San Angelo for \$1,750. Kenneth Smith of Midland paid \$910 for the top priced heifer.

The champion sale female sold to Dr. H. A. Wimberley of San Angelo for \$850.

Grote Brothers of Mason and San Angelo paid second top price of the sale, \$1,300, for a bull consigned by the Num Betta Hereford Ranch of Big Lake.

**Chinese Reds Stake Claims On Chiang's Last Thin Holdings**  
LONDON — (AP)— Communist China is staking out claims on the last holdings of Chiang Kai-shek's tottering Nationalist government—Formosa, Hainan, Tibet and the Chinese seat in the United Nations.

Red China's news agency, in a radio dispatch Sunday night, said Foreign Minister Chou En-Lai had telegraphed UN officials demanding expulsion of the Chinese Nationalist representative from the Security Council.

Promise of future assaults by Chinese Reds on the two Nationalist islands of Formosa and Hainan, and on the mountain fastness of Tibet, were made by Pravda and Izvestia, the two biggest official newspapers in Moscow.

Simultaneously Izvestia, the Soviet government newspaper, charged the United States with "aggressive intentions" towards Formosa and Hainan. The Communist Party organ, Pravda, said America was continuing to give military help to Chiang Kai-shek and was planning to strengthen Nationalist military bases on the two islands.

Chou's telegram, according to the Peiping New China News Agency, said the Chinese Communist government "holds as illegal the presence of the delegates of the Chinese Kuomintang reactionary clique in the Security Council."

At Lake Success, a spokesman for the United Nations said the note had not been received at UN headquarters. The Security Council is scheduled to meet Tuesday with Chinese Nationalist Delegate T. F. Tsiang as council chairman for the month.

Russia's Izvestia forecast the renewed territorial drive by the Soviet's Chinese ally with a statement that "The people's Democratic government of China x x x is determined to free all Chinese territory including Formosa, Hainan and Tibet."

Isolated Tibet, bordered by China, Burma, India and Kashmir, recently was described by the American Radio Commentator Lowell Thomson after a visit there, as the "most anti-Communist country in the world."

## Chiang Loses Another Army

Rather than risk capture or death at the hands of advancing Red troops, remnants of the Nationalist armies as the China mainland—estimated at 23,000 soldiers—fled over the border of Indo-China near Loobinth and surrendered to French colonial troops. Here are some of the surrender scenes.

**Above:** Defeated Nationalists surrender their arms to French colonial soldiers wearing "Aussie" hats. Guns are stacked in the truck at left.

**Left:** Young women soldiers were among the tattered remnants of Chiang Kai-shek's armies in the Loobinth surrender. Note personal belongings carried by soldier at left.

**Right:** Having surrendered their arms to Indo-China troops, the Nationalist soldiers trudge wearily down a dirt road to an internment center.

# DADDY RINGTAIL

By WESLEY DAVIS

## Daddy Ringtail And Hickory, Dickory,

Hickory, Dickory and Dock were the three mice who lived in the Great Forest with their mother and father Mr. and Mrs. Churchmouse. I think I have told you before about the Churchmouse family, about how poor they were. Why, they didn't even have a clock for the little mouse boys to run up and down.

He would say to himself: "Some-day I'll have a great big house with whole big rooms full of cheese. I'll have just about everything in the world I want. I'll even have a great, tall clock that strikes with a great, big boom and I'll run up and down it all day if I want to."

"Happy day, Daddy Ringtail," said Dock, but he didn't smile. He would rather be thinking about all the things he would like to have than to be talking to anyone.

Daddy Ringtail listened carefully. He knew that the Churchmouse family was very poor, and that Dock would never have all the wonderful things he wanted, but Daddy Ringtail also knew something else. "Dock," he said, "you already have a something more wonderful than all the other mice in the world. You have a tongue that will talk, and what other mouse can do it?"

Well Dock didn't know any mouse that could talk, except those in his own Churchmouse family. He knew that having his tongue which would talk was better than having all the cheese in the world—even better than having a clock to run up and down. Yes, and very often, the things we have are better than all the other things in the world. Happy day!

"Happy day, Dock," Daddy Ringtail said, and smiled.

"Happy day, Daddy Ringtail," said, and smiled.

## Texan Preaches To End First 100 Years

CORPUS CHRISTI—(AP)—John A. Mayfield is 100 years old Monday. He celebrated the last day of his first century of life Sunday by preaching an hour-long sermon at the Eleventh Street Church of Christ.

Born in Green County, Tenn., Mayfield came to Texas in 1872. He worked as a cowboy three years in Colton County, East Texas, and later lived in Houston, Galveston and Mathis. He now lives at Ingleside.

An Alaska sealskin is so light and pliable that an entire suit can be passed through a napkin ring.

### Mine Strikes—Truman

(Continued From Page One)  
 Pennsylvania were working. In most cases, the miners simply did not show up for work or appeared and went home immediately.  
 The company is headed by George Love, a leader in the mine operators' united stand against the contract demands of President John L. Lewis of the United Mine Workers. Spurns Lewis' Demands  
 Love has refused flatly to bow to Lewis' demands for a wage increase for the miners and a boost in the royalties the operators pay to the UMW's Welfare and Pension Fund. There was no indication Monday's walkout would develop into a strike idling all of Lewis' 480,000 dues payers.  
 Everything pointed to a situation similar to that which existed in Illinois last week. Some 16,000 Illinois miners quit work. UMW officials said the strike wasn't authorized. They intimated the miners were just showing their displeasure at the operators' refusal to sign a contract.  
 The principals in the finish fight had nothing to say as Monday's walkout started. Lewis was at his Washington headquarters and Love wasn't available.  
 The latest development in the coal dispute is certain to be watched closely by Congress. There's little question that it will increase pressure on President Truman to invoke the emergency injunction of the Taft-Hartley Act to get the miners back on a five-day week.

## If You Are 85, 45 or 3, Hadacol Helps All Ages

HADACOL is good for all ages, bringing five of nature's B vitamins and important minerals to the young and old alike. Recently the HADACOL folks received the good news that among the countless thousands who had been benefited by HADACOL were a lady of 85, a man of 45 who felt like he was 18, and a beautiful little girl only three years old.  
 Mrs. Edmond Doucet, of Church Point, La., is 85 years old, having thousands of friends in the picturesque Evangeline section of Louisiana where she was born and has spent all of her life. These friends are happy to know that Mrs. Doucet feels better now than at any time in two years and gives the credit to HADACOL.  
 "I had been sick for almost two years and was suffering with gastric disturbances and bloating. I was run down, had lost weight and had to stay in bed most of the time. I lost courage and felt that there was no hope for me."  
 Mrs. Doucet had tried many preparations without apparent beneficial results when she heard the glorious news about HADACOL.  
 "After taking several bottles of HADACOL I felt like a new person," said Mrs. Doucet. "I eat anything I want without ill effects and sleep well. I feel much stronger."  
 Neville Dugas, of Route 1, Box 101 B, Carencro, La., is a successful farmer who had worked early and late at all kinds of hard work and it wasn't so long ago that he wondered if he would ever be able to work the way again. He had tried many medicines, but felt no better.  
 "I had all kinds of stomach disturbances," said Mr. Dugas. "My stomach was so bloated that it felt like it would swell up and burst. I suffered with gastric disturbances, heartburn and was run-down and nervous. I had no appetite and could sleep at night. I was so drawn and pale that my friends had difficulty in recognizing me. After the third bottle of

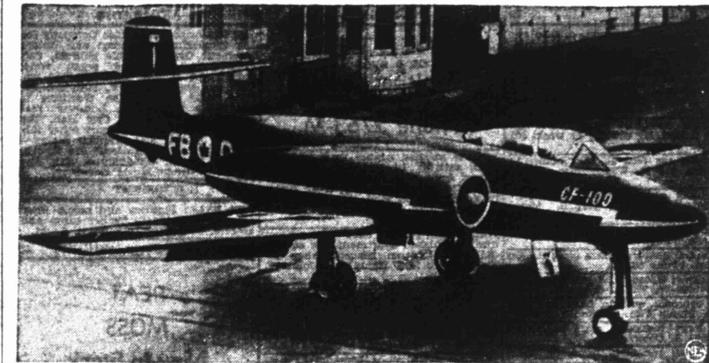

(Continued From Page One)  
 that the government would spend \$2,429,000,000 in this 12-months starting July, and take in only \$37,306,000,000.  
 And the federal debt, which accumulates with deficits, would amount to \$263,800,000,000 by June 30, 1951—more than \$1,754 for each person in the country.  
**Bigger Payroll Bite**  
 While the President saved details of his general tax boost plans for a separate message later, he urged Monday several acts by Congress which would bring a bigger bite into the nation's pocketbooks.  
 One would raise the social security (old age and survivors) levy on workers and employers to two per cent each on Jan. 1, 1951—1 year ahead of schedule—and apply it to income of up to \$4,800 a year. Total prospective revenue: \$1,200,000,000.  
 Another Truman proposal would hit both employees and their bosses with a starting tax of 25 cents on each \$100 of pay, beginning January 1, 1951, to "defray initial expenses" of his national health insurance program.  
 A third revenue-raising request called for a \$395,000,000 hike in mail rates to solve a \$555,000,000 deficit in post office operations. The brunt of the rate would fall on magazines, mailed advertising and newspapers.  
 Truman saw some expenditures at home urgently needed, and the benefits he proposed were numerous and broad.  
**Long-Standing Aims**  
 The big benefit proposals were lashed to aggressive renewals of long standing Truman aims. Bigger social security benefits for more people, both with respect to old age insurance payments and unemployment compensation; increased relief payments to the needy aged, the blind, and dependent children; further housing aids, business loans, farm price supports, and so on.  
 Truman hinted he will try sweetening his tax-raising call by approving a cut in sales (excise) taxes on such things as furs, jewelry, women's handbags, baby oil, show tickets, passenger fares and freight hauls—if other tax revenues are voted.  
 The President also indicated that his tax-hike bill will be aimed chiefly at corporations, whose income is already figured to yield \$10,518,000,000 or 23 per cent of government revenue, and estates and gift levies, which produce \$692,000,000.

### Texas Flood Projects Included In Budget

WASHINGTON — Construction funds for a number of Texas flood control projects were included in the national budget submitted to Congress Monday.  
 The Texas projects and amounts recommended for work during the 12 months beginning next July 1: Belton Reservoir, \$3,500,000; Benbrook Reservoir, \$3,000,000; Fort Worth Floodway, \$760,000; Garza-Little Elm Reservoir, \$4,500,000; Grapevine Reservoir, \$4,000,000; Hords Creek Reservoir, \$50,000; Lavon Reservoir, \$4,500,000; San Angelo Reservoir and Floodway, \$2,800,000; Texarkana Reservoir, \$2,500,000; Whitney Reservoir, \$15,000,000; Red River levees and bank stabilization below Denison Dam, \$700,000.

HADACOL I felt a real improvement and after the twelfth bottle of HADACOL I felt like I was 18 instead of 45. I am feeling perfectly well."  
 "My three year old daughter, Joan, had lost her appetite," said Mr. Dugas. "Her cheeks were pale and she cried often. I started giving Joan HADACOL and after three of the large economy size bottles she is now healthy, has an excellent appetite and her disposition is perfect."  
**JOAN**  
 All three of these people were suffering from a lack of B vitamins and certain minerals which HADACOL contains. HADACOL comes to you in liquid form, easily assimilated in the blood stream so that it can go to work right away. It is easy to understand, therefore, why countless thousands have been benefited by this amazing tonic, HADACOL.  
 A lack of only a small amount of B vitamins and certain minerals will cause digestive disturbances. . . . Your food will not agree with you. . . . You will suffer from heartburn, gas pains and your food will sour on your stomach and you will not be able to eat the things you like for fear of being in misery afterwards. Many people also suffer from constipation. And while these symptoms may be the result of other causes, they are surely and certainly the symptoms and signs of lack of B vitamins and minerals which HADACOL contains. And if you suffer from such a deficiency disorder, there is no known cure except the administration of the vitamins and minerals which your system lacks.  
 It is easy to understand, therefore, why countless thousands have been benefited by this amazing tonic, HADACOL.  
 So it matters not how old you are or who you are. . . . It matters not where you live or if you have tried all the medicines under the sun, give this wonderful preparation, HADACOL, a trial. Don't go on suffering. Don't continue to lead a miserable life. Many persons who have suffered and waited for 10 to 20 years or even longer, are able now to live happy, comfortable lives because HADACOL supplied the vitamins and minerals which their systems needed. Be fair to yourself. Temporary relief is not enough for you. Give HADACOL a trial!—Adv.

### Canada Claims 'Most Powerful Fighter Plane'

This long-range, all-weather fighter—the CP 100—built for the Royal Canadian Air Force, is said to be the most powerful fighter plane in the world. The plane, seen in Ottawa, is Canada's first front-line fighter.

### Chinese—

(Continued From Page One)  
 on the high seas outside Chinese territorial waters.  
 Captain Jones said afterwards: "We were 19 miles from the nearest land and were anchoring in international waters when we were attacked unexpectedly by a Chinese gunboat."  
 "They blundered that mines were being laid. At the time of my anchoring they signaled: 'You must not enter.'  
 "Shortly thereafter they started pumping shells into and over the ship.  
 "We saw shells going over the bridge and passenger cabins, plopping into the water on the other side, some very close."  
 "Even three short blasts on the steam whistle signifying my engines were going full astern did not stop them from firing."  
 "Two Chinese Nationalist destroyer escorts tailed the vessel from the time she passed through Formosa Strait on her northward trip from Hong Kong. They fired at least 38 shells at the vessel before they scored a hit. But once their gunners got the range they poured shots into her. Captain Jones said the ship's steering room was hit by 14 shells. Afterdeck houses and the water tank were riddled by other shells."  
**Fires Break Out**  
 The ship dropped anchor two miles off the mouth of the Yangtze River, main entrance to Shanghai's harbor. The Nationalists say they have mined the river's mouth.  
 Fires broke out first in the ship's after deck. Then cargo in the No. 5 hold blazed up.  
 The Chinese attack started shortly after the 6,214-ton vessel arrived in international waters off the mouth of the Yangtze.  
 The Flying Arrow was the fourth Isbrandtsen ship shelled by the Nationalists as they tried to run the blockade. The Flying Trader was fired on October 15 but escaped unharmed. The Flying Cloud was shelled November 15 and the Sir John Franklin on November 28. Both were hit.  
 In Hong Kong, a fifth Isbrandtsen ship, the Brooklyn Heights, is scheduled to sail for Shanghai Wednesday. She carries a crew of 42.  
 Eleven American members of the Flying Arrow's crew left the ship in Hong Kong rather than risk the trip to Shanghai. Additional crewmen, most of them British, were taken on. The ship's 12 passengers included seven women who are returning to Shanghai.  
**British Sloop Helps**  
 When Monday's attack began, Captain Jones radioed all American and British warships in the area: "Fire on afterdeck by Chinese warship."  
 The Black Swan, which was shelled by Chinese Communists on the Yangtze last Spring, came to the Flying Cloud's aid. She pulled to within 50 yards and her captain yelled through a megaphone: "I cannot take part in this war but if you cannot extinguish the fire with your own resources, we will board and help."  
 A few minutes later British tars swarmed over the sides and helped put out the fire.  
 In Washington, the U. S. State Department declined comment immediately. Previously, the State Department repeatedly had warned American ship captains to stay out of Chinese territorial waters.  
 The Flying Arrow left Hong Kong Saturday morning. She carried a general cargo for the Communist port. Sections of the ship were barricaded by 250 bales of cotton, which would stop some shells.  
 Before the shelling started, one of the Chinese gunboats warned Jones by blinker signals to stay out of the Yangtze. The 31-year-old captain did not answer.  
 Three hours after the bombardment ended, a Chinese gunboat still lurked in the background.  
 The British sloop Black Swan radioed Navy headquarters in Hong Kong that the fire aboard the freighter Flying Arrow was out and the freighter no longer required the warship's presence.  
 The message indicated the Flying Arrow was in no immediate danger and that the Black Swan was resuming its regular patrol.  
 The message said the British sloop would be in a position to give the Flying Arrow any aid she might need unless the freighter tried to run into the Yangtze, in which case the American ship would be on her own.

**HUSBAND OF FAMOUS BRITISH ACTRESS DIES**  
 MILAN, ITALY — (AP)—Monty Banks, film director husband of British Comedienne Gracie Fields, will be buried Tuesday in Cesena. Banks, 50, died in nearby Arona after suffering a heart attack Saturday.

### COTTON

NEW YORK — (AP)—Monday noon cotton prices were 10 cents a bale higher to five cents lower than the previous close. March 30.94, May 30.91 and July 30.52.

### AMERICANS, CANADIANS JOIN IN MANEUVERS

CHICAGO — (AP)—American troops escorted northward Monday to join Canadians in repelling a theoretical airborne invasion of Alaska.  
 They are taking part in "Exercise Sweetbriar," the greatest of a series of cold weather maneuvers held since the end of World War II.

### GOES TO LUFKIN

C. E. Johnson, press room foreman of The Reporter-Telegram, was in Lufkin, Texas, Monday attending a meeting of newspaper press foremen at the Southland Paper Mills.

### TO DALLAS ON BUSINESS

R. S. Brashears, business manager of The Reporter-Telegram, was in Dallas Monday, attending a meeting of Texas newspaper executives.  
 Fifty-six per cent of fire alarms turned in through Pontiac, Michigan's box system in five years were false but only one per cent of telephone alarms were false.

### General Douglas MacArthur has received more than 400,000 letters from Japanese during the occupation.

The American population is growing at the estimated rate of 10,000 a day.

### Conditions In Texas Negro School Called Disgrace To Country

AUSTIN — (AP)—Conditions at the Texas Blind, Deaf and Orphan School for Negroes were denounced in scathing terms at the State Hospital Board meeting Monday.  
 A survey report by J. C. Lysen, superintendent of the Minnesota School for the Blind, charged negro children are housed in "sub-standard living quarters" while the per capita cost of operating the Austin school is greater than that of the white school.  
 Lysen found "that a missing door knob and panel can't be fixed for lack of funds, but that the school could afford a new Pontiac automobile. x x x That some children had only crude benches to sit on instead of chairs. That one dormitory had one chair for four children."  
 Moyne Kelly, executive director of the hospital board, called one of the school's dormitories, housing 75 negro boys, "a disgrace to the country, outmoded and ill-equipped."  
 George E. Quick, St. Louis hospital consultant, advised the board: "This school is in the worst condition we have."  
**Voluminous Findings**  
 The negro was one of the first of the state's institutions discussed by the board as it began its review of surveys of 13 hospitals and special schools. After correlating the voluminous findings, the group will make recommendations to the governor and the Legislature.  
 Board members expected to spend at least three days—possibly the entire week—on its study to determine how much money is needed for operations of the institutions and launching of a building program.  
 The state hospitals and special schools at Abilene, Austin, Big Spring, Mexia, Rusak, San Antonio, Terrell, Wichita Falls, Inks Lake and Kerrville have a rated capacity of 13,292 patients. Their present load is 18,722.

### Sawing Wood

Freddie Mills takes time out from work on a tree trunk at his Belchworth, Surrey, training camp to wave to a well-wisher. The Englishman defends the world light-heavyweight crown against Cleveland's Joey Maxim at Earl's Court, London, January 24.

### CLASSIFIED ADS GET RESULTS

# WHAT'S THE MOST VITAL THING ADVERTISING DOES FOR YOU?

- ★ BRINGS INFORMATION TO MAKE SHOPPING EASY.
- ★ GIVES YOU BETTER GOODS FOR LESS MONEY.
- ★ RAISES STANDARD OF LIVING.
- ★ MAKES JOBS MORE SECURE.
- ★ ENTERTAINS AND AMUSES.

## This Case History Shows How Advertising Gives You Greater Personal Security

**Take this actual case of a brand of soap. A big company had developed a better, faster-acting soap powder that washes dishes faster, makes clothes whiter with less work.**  
 How could they sell it at such a low cost as to be able to sell it cheaply? Only through advertising.  
 Today they sell millions of dollars of this soap powder per year—making hundreds of new jobs in a huge factory, hundreds of jobs with firms who supply the raw materials, more and better jobs in stores that handle that soap—and in banks, railroads, truck lines, insurance companies, all of whom have more work to do—and more money coming in—because of this added soap business.

**Nobody Lost**  
 For the amazing fact is—this new brand of soap didn't take money from other soap companies. The product and its advertising increased the total consumption of soap. So there was more business, better business—more and better jobs.

**You're More Secure**  
 Apply this very prosaic soap story to the more glamorous fields of automobiles, refrigerators, clothing, furniture—everything you buy. You'll see plainly how advertising acts as the spark plug of business. You'll see how advertising—today and tomorrow—is creating opportunity for you, and making your present job more secure.

### What Others Say:

**LABORER**—There are no layoffs when things are busy. A rush means overtime for me. So when advertising sells goods for my firm, I get more in my pay envelope.

**EXPRESSMAN**—My job depends on goods being shipped. And the main reason goods are shipped is because they are sold. So by selling goods, advertising helps me be sure of steady work.

**HOUSEWIFE**—It's a perfect circle. When advertising makes us women go to the store to buy, we stimulate business. And it's when business is good that our husbands are secure in their jobs. So let's be grateful for advertising.

**SAILOR**—A ship's business is to transport goods. Always there has to be a buyer—or we tie up. So advertising to sell goods is important in giving sailors steady work and a chance to get ahead.

**Advertising... BY SELLING MORE GOODS TO MORE PEOPLE**  
**Makes your job more secure**

### Reds Offer To Return 2,500 Jap Prisoners

TOKYO—(P)—Russia Monday voluntarily offered to repatriate 2,500 more Japanese prisoners of war.

The surprise offer came after Allied occupation officials had hammered at the Russians for an accounting of 376,000 Japanese prisoners of war Western powers say still are in Russian hands. The Russians had said they held only 10,000 more and they were war criminals and would not be sent home. They have repatriated more than 1,000,000 Japanese prisoners.

William Sebald, head of the diplomatic section at General MacArthur's headquarters, announced the Russian offer.

The Russians recently walked out of two Allied council sessions rather than discuss repatriation.

### Myrna Loy Prepares To Shed Third Mate

HOLLYWOOD—(P)—Myrna Loy, the screen's "perfect wife," will shed her third husband.

She said Sunday that she talked by phone with Writer-Producer Gene Markey in London.

She decided to make the announcement after the conversation and commented:

"We're both regretful. We had hoped this would last. But it hasn't worked out."

She and Markey were married in 1946 with Adm. William Halsey as best man. She previously had been married to Producer Arthur Hornblow, Jr. and John Hertz, Jr. Markey's first two wives were Joan Bennett and Hedy Lamarr.

Phone 3000 for Classified Ad-taker.

### That Tree Growing In Brooklyn Proves Landlord's Headache

By HAL BOYLE  
NEW YORK—(P)—You've heard that a tree grows in Brooklyn.

But did you ever stop to think what would happen if you didn't want a tree to grow anymore in Brooklyn? Hearken, then, to this tale of a landlord's woe:

He owns a house in Brooklyn with a towering poplar tree in the front yard, a tree sturdy at the base but balding at the top.

Most trees attack households in only one way—the roots creep into the basement and try to throttle the furnace. But this poplar tree attacked from top to bottom. Its powerful roots kept breaking into the cellar, and its crown shed decaying branches on the heads of passersby.

"Somebody's going to sue me if I don't get rid of that tree," the landlord decided.

No Amateur Job

But how do you get rid of a tree in Brooklyn? It was too tall to be axed by an amateur.

Well, naturally, in this day and age, when you get a problem too big for personal handling you turn to the government.

So the landlord, who is a Republican, swallowed his pride and asked his tenants, who are Democrats, if they wouldn't ask the city administration, as a favor to them, to please come and take away the tree.

Weeks passed. And then came a letter from the Health Department. It was a summons, and it said in effect:

"Your tree is hereby and to-wit declared a community menace. YOU get rid of it."

"That's government for you!" muttered the landlord.

He hired a crew of men to take down the tree. Then he checked and found they had no insurance against being crushed by a falling tree.

Finally, the landlord went to a professional tree removal firm.

They said they would cut down and take away his tree for a mere \$400.

The moral of this tale is that if you buy a house in Brooklyn with a tree in the yard, be sure it is a young tree. And chop it down quick!

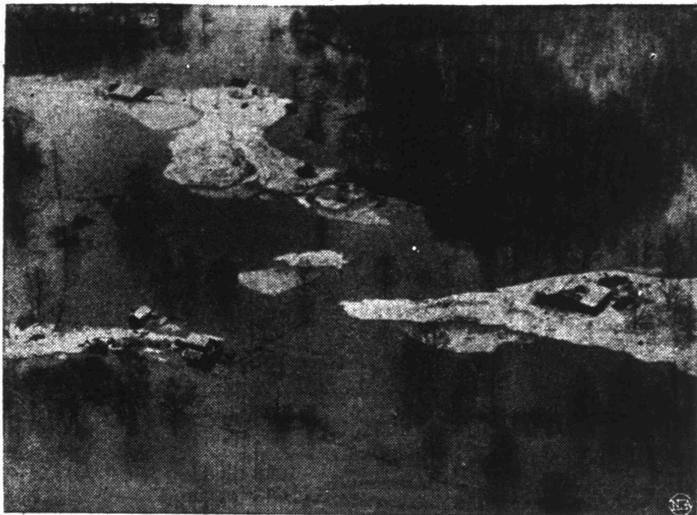

### SIDE GLANCES

"Maybe I do need fine, healthful, outdoor exercise, as the folder said, but there must be some easier way to get it than trying to break both legs!"

ISRAEL JOINS PARADE TEL AVIV, ISRAEL—(P)—The Israeli government announced it would recognize the Chinese Communist government Monday.

### Floods Continue In Illinois

(NEA Telephoto)  
Waters from the swollen banks of the Kaskaskia River near Vandalia, Ill., cover almost all of the farm-lands nearby. The few homes which are not completely under water are isolated along with their stock.

### ★ THE DOCTOR SAYS ★

### Doctors Say Chronic Drinking Is Symptom Of Real Sickness

By EDWIN P. JORDAN, M. D.  
Written for NEA Service

There is perhaps little doubt that the world would be better off if alcohol as a beverage had never been discovered. But it has been and millions of people all over the world have become so attached to alcoholic drinks that they are unable to stop. It is this particular aspect of the drinking of alcoholic liquors which I want to discuss today. Such people are labeled as chronic alcoholics.

Often the dividing line between the "social drinker" and the chronic alcoholic is not clear-cut and the heavy social drinker passes by imperceptible degrees into a state where he or she can no longer "take it or leave it" also as they usually claim, but most continue to "take it."

Not Hereditary

No one knows exactly why some people develop this craving for alcohol and inability to stop. Alcoholism is not inherited. As one man said, "Alcohol is an extremely effective agent for roiling blurring and softening the rigid and forbidding outlines of reality." As time goes on the person headed for chronic alcoholism seeks to shut out his troubles more and more often in drink. It is an escape.

Most doctors have come to consider chronic alcoholics as sick people and the alcoholism as a symptom of the condition which caused the person to take to drink, just as a fever is a symptom of pneumonia.

Unfortunately, there is as yet no specific treatment for the chronic alcoholic. Under careful supervision some alcoholics have been cured by a method which leads them to develop an aversion or distaste for any drink containing alcohol. Hypnotism has also been tried with some success. Electric shock treatments are under study. An organization of ex-alcoholics, called "Alcoholics Anonymous," often has succeeded when other methods have failed.

THE DOCTOR ANSWERS  
By EDWIN P. JORDAN, M. D.

QUESTION: I have a friend who became blind and I want to know if he can go to an eye bank.

ANSWER: This is not a simple question. An eye bank is not a place where one can get a new eye but merely a portion of the eye which is useful in a few—very few—cases of blindness. Only an eye specialist could tell whether a corneal transplant would help your friend.

A method which leads them to develop an aversion or distaste for any drink containing alcohol. Hypnotism has also been tried with some success. Electric shock treatments are under study. An organization of ex-alcoholics, called "Alcoholics Anonymous," often has succeeded when other methods have failed.

### \$2,000 Offered For Capture Of Slayer

LAREDO—(P)—A \$2,000 reward will go to the person who brings in the slayer of Air Force Corporal James Lindsay and Henry Whittenburg—dead or alive.

The two men were shot fatally last July 31 in separate rooms on separate floors of a Laredo Hotel.

George Ochoa, Laredo customs broker, has been charged with both killings. He is believed to be in Mexico, where he went the day of the shootings.

Henry D. Whittenburg, father of one of the slain men, Sunday telephoned Laredo Publisher William Prescott Allen to say he would match a \$1,000 reward offered by Frank J. Tighe, Huntsville, Tenn., merchant. Tighe was Lindsay's stepfather.

Tighe told Allen his offer is for any person in either the U. S. or Mexico who turns over the killer, dead or alive, to proper authorities. He said he won't require a conviction.

Tighe named Allen, Whittenburg and O. A. Stephenson of Laredo to decide who gets the money. Allen has Tighe's certified check for \$1,000.

### American, British Marshalls Not Kin

KHARTOUM—(P)—Former Secretary of State George Marshall isn't related to Dr. A. H. Marshall, city treasurer of Coventry, England.

Civil Secretary Sir James Robertson had to explain that to the Sudan Legislative Assembly the other day. The assembly was studying a plan for government reform prepared by the British Marshall.

A rumor started among the assembly members that if they approved the Coventry city treasurer's plan, the Sudan would get U. S. Marshall aid.

### KABUL BEING REBUILT

KABUL, AFGHANISTAN—(P)—This ancient, mud-walled city is rebuilding to the tunes of a military band. Modern civilization and an increasing birthrate have brought the greatest building boom in Kabul's history. Pushing things along is energetic Mayor Ghulam Mohammed, who has had strings of lights put up so work can go on throughout the night. He also provides a military band to entertain the workers.

Below the Mason and Dixon line there are approximately 180,000,000 acres of uncultivated forage-producing land available for grazing purposes.

### Jealousy Motive

Allen said he will meet Whittenburg in McAllen Wednesday to discuss final details of the reward he has agreed to offer.

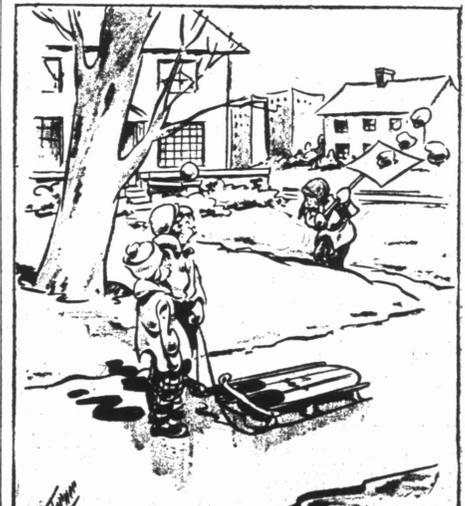

The Laredo Times, Allen's newspaper, has a standing offer of \$500 for anyone who can get an exclusive interview with Ochoa in either country.

David O. Gallagher, Laredo chief of police, says he believes Ochoa still is at large in Mexico.

Authorities here have tried to have Ochoa caught and extradited. Gallagher said he believes the motive for the slayings was jealousy.

Ochoa knew Lindsay, but it is not known whether he ever met Whittenburg. The slain men were acquainted and each knew Ochoa's wife, District Attorney James Kazen said.

### CARNIVAL

"Boy! What some people will do for money!"

### Little JUMPING-JACKS (and JILLS Too!) need JUMPING-JACKS SOFT SHOES FOR HARD WEAR

From six months to four years, Jumping-Jacks will start your child right—help keep feet and ankles straight. The patented one-piece sole from toe to top of the heel lends confidence for first steps. All seams are outside—nothing inside to hurt tiny feet. Insist on Jumping-Jacks—recommended by doctors.

\$4.25 to \$4.75

### Ward Votes Special Tax For Construction

MONAHANS—Ward County voters approved a special tax of 15 cents on the \$100 of county valuation for the purpose of road and bridge construction. The margin of approval was 36 votes.

The action was the first step in providing the construction of a county hospital. Two other steps will be necessary. The next will be a special election authorizing the county commissioners under the reallocation law to transfer the present road and bridge moneys into the permanent improvement fund and the general fund to retire a hospital bond issue and take care of operational expenses.

The third and final step would be another election authorizing issuance of hospital bonds.

Saturday's road and bridge-hospital proposition carried by a vote of 439 to 403. The vote in Monahans was about 7-3 for, but the vote of outlying communities in the county brought the margin of victory down to 52.1 per cent.

### DON'T LOOK NOW

OTHER WAYS ADVERTISING HELPS YOU AND YOUR FAMILY

- 1 Brings you better goods for less money.
- 2 Makes shopping more pleasant and easier.
- 3 Gears consumer demand to production, to create prosperity.

### BUT I'M AN AD!

I am an ad. But before you read me, just glance through the advertisements in this paper.

Look at them not just to see what goods or services you want to buy. Look at them in relation to your own job and future.

These ads—and all the advertising that you read and hear—are busy selling goods and services.

Now all the businesses and all the pay checks in America depend ultimately on somebody selling something to somebody else.

Advertising is the lowest cost way yet devised to sell goods. So advertising is what makes jobs, what makes more and better jobs, what gives you security and a chance for promotion. So be glad that business spends money for advertising. Be glad Americans read and listen to it—like it as well as the editorial material itself. For by selling goods, advertising keeps a business humming. And that's what makes jobs in general—your job—far more secure.

Advertising... Makes your job more secure
