Burdell No. 1 Keller, NW Scurry Prospect, Is Starting to Test

Value of oil and gas shows in the Burdell Oil Company, and others, No. 1 Keller, Northwest Scurry County wildcat, 10 miles northwest of Snyder, should be determined during the next few days. The exploration had cleaned out to bottom at 6,927 feet in the Canyon reef entered at 6,839 feet. A packer will be set, and the bottom 40 feet of the hole, between 6,887 feet and 6,927 feet, will be acidized and tested.

Will Test Upper Zone

After the petroleum yielding ability of that interval is ascertained, the operators will test the zone between 6,854 feet and 6,887 feet. That zone showed a little free oil and some oil and gas-cut drilling mud in a drillstem test. None of the Canyon section so far penetrated has carried any signs of formation water. The lower 40 feet of the project indicated only slight possibilities of oil or gas.

C-W Scurry Wildcat Flows From Canyon

Jones-Simpson Drilling Company and William Hamm, Jr., No. 1 Myers, Central-West Scurry County wildcat, one mile north of the Diamond-M field, and two and one-quarter miles west of the farthest west producer of the northwest side of the Kelley field, has shown for possible commercial production.

Rapid Sale Of CC Banquet Tickets Is Reported Here

A capacity attendance at the annual membership meeting and banquet of the Midland Chamber of Commerce Tuesday night is evidenced by the rapid sale of tickets, which went on sale several days ago. Carl Wopat, chairman of the general meetings committee, said Tuesday.

More O. & G. Signs Found In Midland

General American Oil Company and associates, No. 200 South Midland County wildcat, 30 miles southwest of the city of Midland, developed some signs of oil and gas in a drillstem test in the Fusselman section of the Silurian and is now making more hole. It is going to a round 13,200 feet to explore into the Ellenburger.

Howard Venture Is To Test In Permian

Standline No. 1 Hutto, Northeast Howard County venture to 9,000 feet to explore the Ellenburger, was bottomed at 6,053 feet in lower Permian lime and sand and was to run a drillstem test above that point.

Terry Prospector Is Drilling Black Shale

Standline Oil & Gas Company No. 1 M. B. Sawyer, Central Terry County wildcat, five miles south of Brownfield, had reached 9,025 feet in an unidentified black shale, and was drilling deeper.

Sun Has Gas Show In Nolan Wildcat

Sun Oil Company No. 1 Cooper, Central-Nolan County wildcat, five miles northwest of Sweetwater, and 680 feet from north and west lines of section 18, block 22, TP survey, was making hole below 3,212 feet in a Pennsylvanian lime, after a one hour drillstem test at 5,326-47 feet.

Los Angeles—(AP)—The Times Thursday quoted a Wartime Army colonel as saying an American supersecret self-aiming anti-aircraft gun has been in Russian hands since 1944.

Denfeld Seeks To Retire

BOSTON —(AP)—Adm. Louis E. Denfeld announced Thursday he had submitted a request for retirement more than 40 years Naval service.

Jury Recommends 18-Year Sentence For Armo Spears

ODESSA—A 70th District Court Jury Wednesday night convicted Armo Spears, 44, of Midland, on a murder indictment and recommended a sentence of 18 years in the state penitentiary. The verdict was read by Judge Paul Moss at 10:28 p.m. and a half hour after the jury began deliberations.

Freezing Weather Adds To Discomfort Of Flood Refugees

By The Associated Press
Flood threats at two of the danger spots in the Midwest watershed appeared easing Thursday but cold weather and freezing rain heaped more discomfort on thousands of refugees.

Truman Says Byrnes 'Can Do As Pleases'

WASHINGTON —(AP)—President Truman said Thursday James F. Byrnes is a free agent to do as he pleases about running for office.

★ IN HOLLYWOOD ★

Cary Grant Says He's Happy Even With Movie Honeymoon

By ERSKINE JOHNSON NEA Staff Correspondent HOLLYWOOD — A New York columnist insists Betsy Drake's marriage to Cary Grant was her second, not her first, as widely believed. Betsy insists the first marriage story is completely untrue. "I knew him (actor Stewart Hoover) we had dates but we were never married."

only one picture a year. Jimmy, who does three, says: "You have to do three to keep yourself in a job. If you do only one movie you're undercutting yourself. If you pick just one and it turns out to be a dog, you're dead at the box office."

"We're having a swell honeymoon right now. Any place is a honeymoon when you're in love." Cary's new leading lady was Rae Patterson before she changed her name. As Rae she sat for a year under contract at Paramount doing nothing. At M-G-M she's had three big leads.

Humphrey Bogart Eyes New York

By BOB THOMAS HOLLYWOOD —P— Attention, New York bistros! Humphrey Bogart is heading back to the big town.

The film tough guy and wife Lauren Bacall plan to leave for New York later this month. But he adds, "I'm going to stay out of that place," meaning the night club where he had his headlined tussle with a glamor girl. And he's leaving his hands at home with son Stephen.

Bogart was amused by the publicized prediction by a seer that he would be involved in a night club fracas in March and again in August. "How do you like that?" he said. "I got into one scrape in my life, and now I'm noted for being a brawler!"

Irene Dunne leaves for Rome a month after she finishes "Come Share My Love," probably in March. One of her resolutions for the new year will be good news for her fans: she says she'll do more picture-making in the future.

Dana Andrews, son of a Protestant minister, is playing a Catholic priest in his current picture. Incidentally, the actor plans to move his mother out here from Texas this year.

is this a commentary on the state of Hollywood? The No. 1 box office picture of 1949 was a remake — "Jolson Sings Again."

Bette Davis reported to the RKO lot this week to begin story sessions on her first picture as a freelancer, "The Story of a Divorce." She needs a hit.

Success Note: A new \$5,000,000 hotel, the Desert Inn, opens in Las Vegas in April. It was built by Wilbur Clark, who 15 years ago combined his chores as a San Diego bellboy with keeping a race track book.

Not in the script: Parley Granger was playing a particularly emotional scene for "The Edge of Doom," an location at 5th and Main streets in downtown Los Angeles. A drunk came weaving up the street and stopped to look things over. After a few minutes of watching Parley, he staggered up to assistant director Ivan Volkman and asked: "Say, Bud, who's the kid playing the drunk?"

A producer called in his casting director the other day and said he wanted an "Iris Adrian" type for his latest film. "Why not hire Iris Adrian?" asked the casting director. "No," said the producer. "I want an 18-year-old Iris Adrian."

"I've been hearing it," she said, "ever since I was 10 years old." No Feuding Now: Feud rumors to the contrary, Bud Abbott finally is getting an Arizona vacation. Says he postponed it twice during the last 10 months because of the illness of partner Lou Costello.

Jimmy Stewart doesn't agree with stars who insist on doing

Rescued Miner Faces Operation

Joe Burda signs a release giving Ashland Hospital authorities at Allentown, Pa., permission to operate on him if it becomes necessary. Burda, one of the two men trapped in a nearby mine, was rescued after being trapped overnight. His brother died in the cavern.

Acheson Must Long For Good Old Days Of Simple Diplomacy

By ARTHUR EDSON WASHINGTON —P— Secretary of State Acheson must long for the good old days, when diplomacy's triumphs could be figured in simple terms like acres and pennies. I kept thinking of this during one of Acheson's news conferences. Outside the auditorium where the conferences are held are a couple of illustrations of the State Department's finest hours. In well lighted cases are mounted the documents that completed the Louisiana Purchase and changed the ownership of Alaska from Russia to the U. S.

Have A Laugh

Probably the most ancient of all stories— A passenger summoned the porter and said, "Here's \$5; I want you to put me off the train at Buffalo; it will be about four o'clock in the morning when we get there and I am a heavy sleeper, but you be sure and put me off no matter how much trouble I give you because I will probably be two-thirds asleep." "Yes, sir, yes, sir," grinned the porter—and, sure enough, at four o'clock the next morning he had quite a struggle but he left a protesting man on the depot platform.

Women Can Swing Election In Britain By Sticking Together

By ALVIN STEINKOFF AP Foreign Affairs Analyst LONDON — More than half the 34,400,000 persons qualified to vote in Great Britain's general election February 23 are women, and if they stick together they can swing the whole thing. Searching for clues as to how Mrs. Brittain will use her vote, political canvassers have been listening attentively in the shopping queues where they can hear such complaints as these: "Why don't we get more dried fruit?" "Must so much of the sugar go to the restaurants?" Such scandalous prices for children's shoes, and they last only a fortnight."

Hawkins On Trial On Murder Count

JERSEYVILLE, ILL.—P—Lendar (Lucky) Hawkins, who dogged scores of Texas officers for five days in October, is on trial here charged with the murder of Albert E. Clark. Clark's body was found on a lonely road near here last October 12. There was a bullet wound in his head. Hawkins, a former minor league baseball player, was arrested October 17 near Dalhart, Texas, ending one of the biggest manhunts in the history of the Texas Panhandle. New Mexico and Oklahoma police joined in the chase.

Association Offers Way To Save Money

CHICAGO—P—The Gulf Ports Association pointed out Wednesday a way for America to save money in its foreign aid program by using inland waterways to ports on the Gulf of Mexico to reach world markets. The association said producers in the Midwest can ship from ports stretching along the Gulf from Tampa, Fla., to Brownsville, Texas, using modern waterways at cheaper freight and handling rates.

Midland Fair Sets Stockholders Meet

The annual meeting of stockholders of Midland Fair, Inc., producer of the annual World Championship Midland Rodeo, will be held Tuesday noon in the Private Dining Room of Hotel Scharbauer. J. Homer Epley, secretary, announced. Officers and directors for 1950 will be elected and reports will be heard. It is expected that dates for the 1950 Midland Rodeo will be established. George W. Glass is completing his second term as president of the association.

Dr. M. E. Sadler, Educational Leader, To Speak Friday

Dr. M. E. Sadler, educator and religious leader and president of Texas Christian University in Fort Worth, has chosen "Maintaining Democracy in a Revolutionary World" as his topic for the speech he will make here Friday night. Sponsored by the Midland TCU Exes, he will speak at 8 p.m. Friday in the Junior High School auditorium. The Senior Class of Midland High School, all Midland service clubs and other organizations, and all interested persons have been invited to hear the talk. Mrs. C. M. Pederson is president of the Midland TCU Exes. R. D. Madland, first vice president, R. L. Thorp, second vice president, Leon Pickett, secretary and Loyd Whitely, treasurer. Dr. Sadler, besides being well-known in the educational field is active in many national and international religious and welfare organizations. Save Children He is a member of the Committee of Colleges of the Save the Children Federation and the International Union for Child Welfare in Geneva. In 1945-46, he was president of the International Convention of the Disciples of Christ and was the World War II representative to the General Commission on Army and Navy Chaplains, Eighth Service Command. For the past five years, he has been general chairman of the Fort Worth Round Table of the National Conference of Christians and Jews, of which he also is a national director. Sadler has done much research work and has had many articles published in magazines of international relations religious education. He is co-author of "Japan," published in 1952 by Harper and has written several leadership training manuals published by the Bethany Press.

HALF-CENTURY HIGHLIGHTS

The dancing Castles symbolize a pre-World War I ballroom dance craze that swept over two continents. Doing the "Castle Walk" was a "must" for smart international society. And slim, beautiful Irene Castle set other styles—in fashion, figure and coiffure. Back in 1914, a woman's hair was still her "crowning glory." When Irene bobbed hers, it created a national furor. Defying their outraged husbands and brothers, women all over followed suit. In World War I, Vernon, an Englishman, saw action as a Royal Air Force pilot. After his death on a 1918 training flight in Texas, Irene went on to screen stardom, remarried twice, and became a Chicago socialite. She supervised the 1938 movie, "The Story of Vernon and Irene Castle," and watched her past unreal before her at its premiere.

Bridgewater Elected Director Of Midland Savings, Loan Group

Shareholders of the Midland Federal Savings and Loan Association, meeting in annual session Wednesday afternoon, named Percy F. Bridgewater a director of the organization, succeeding the late W. J. Sparks, and reelected Addison Wadley and J. R. Martin as directors. The terms are for three years. Holdover directors are T. R. Wilson, D. H. Roettger, J. P. Butler and I. E. Daniel. Directors, meeting following the shareholders session, reelected all officers. They are Martin, president; Wilson and Butler, vice presidents; and Bridgewater, secretary-treasurer.

MANY NEVER SUSPECT CAUSE OF BACKACHES

As we get older, stress and strain, over-exertion, excessive smoking or exposure to cold sometimes lead to kidney trouble. This may lead many folks to complain of nagging backache, loss of pep and energy, headaches and dizziness. Getting up nights or frequent passages may result from minor bladder irritations due to cold, dampness or dietary indiscretions. If your discomforts are due to these causes, don't wait, try Doan's Pills, a mild diuretic. Used successfully by millions for over 50 years, while these symptoms may often otherwise occur, it's amazing how long it takes Doan's to give happy relief—help the 18 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!

Apples Will Vary Many Dishes, Are Good In Meats And Salads

More plentiful than ever this year are apples and when a family tires of eating them raw, there are many ways of using them to add flavor to meats, salads, or vegetables.

Apple, Liver 'N Bacon Ramekins
Serves 4
Cut 1 pound thinly sliced beef liver into 4 pieces and place 1 slice on bottom of each of 4 greased ramekins. Pare, core and chop 4 apples; combine with 1 medium-sized diced onion, 1/2 teaspoon salt and pepper to taste.
Portion out this mixture into the ramekins and moisten each, with 2 tablespoons water. Top each with small pieces of bacon.
Core another apple and cut into 1 1/2 inch thick rings. Place one ring on top of each ramekin mixture. Cover and bake in a moderate oven, 350 degrees, for 20 minutes. Remove cover and bake 10 minutes longer.

Pork And Apple Scallop
Serves Six
Peel 6 apples, core and slice. Add water and cook in a covered pan until soft. Arrange 1 cup cooked, chopped pork in the bottom of a greased casserole and sprinkle with salt. Add a layer of apples and, using another cup of cooked, chopped pork, alternate layers until all pork and apples have been used. Sprinkle with 1/3 cup brown sugar and top with 3/4 cup moist bread crumbs. Bake in a moderate oven, 350 degrees, for about 30 minutes.

Buttered Carrot-Apple Pluff
Serves Six
Pare, core and quarter 2 apples

Coming Events

FRIDAY

The Bootery

Full Skirts Dance Into Spring

New fabrics add new interest to spring's short dance frocks. The rose-print damask cotton dress (left), with fringed scarves flying, takes its pattern from old Spanish shawls of rich design. The burgundy-colored chiffon dress (right), with full skirt of shirred bandings, takes its rich color from vintage wine.

One dream-dress of burgundy-colored chiffon, for example, is Elsenberg's gift to the party girl. An ankle-length skirt that floats full circle is made to look like sheer confection, with tucked chiffon bands sewed row-on-row from waistline to hem. Above it is a shirred camisole bodice and a waist-lining belt of burgundy-colored velvet.

The fabric with a subtle overlay of Iberian beige print over a background of deeper tone is new damask cotton. It takes its rich design from the rose-embroidered pattern of an old Spanish shawl. This fabric, a Tina Leser brain-child, she worked out with cotton mills, is used by this designer to make a dress as Spanish in feeling as Carmen's dance. Over the bare-topped bodice it has a wool-fringed scarf, and another swings out from the waistline of a full, ankle-length skirt.

Talk And Films Depict Cattle Industry For Wednesday Club

Movies and a talk described the "Evolution of the Cattle Industry" for members of the Women's Wednesday Club who met Wednesday in the home of Mrs. Tom Sealy. Mrs. Erle Payne assisted Mrs. Sealy as a hostess.

Mrs. Guy Cowden presided during the business session in the absence of the president, Mrs. Robert Turpin.

Mrs. Cowden, discussing the history of the cattle industry in Texas and Mexico, then came the opening range ranches before and during the era of the trail drives, followed by the Eastern and foreign corporation.

"In later years there were smaller operators, with fenced ranges and blooded stock, and lastly we have the stock farmers who devote a portion of their land to the growing of feed crops."

Mrs. Ben F. Black showed movies belonging to her and Mrs. George

Panel Talks Make Modern Club Program

Panel discussion on the subject, "Do You Know Your Neighbor?" made up the program for the Modern Study Club at a meeting in the home of Mrs. John Casselman Wednesday afternoon. Mrs. K. C. Slough was the panel leader.

The discussion concerned the minority racial groups in America, their contributions to American life and the problems of racial discrimination. Taking part were Mrs. Ed Shakely, Mrs. Harrie Smith and Mrs. R. E. Gulespie. The program was one of the club's series titled "Thoughts for Our Times."

Mrs. Slough, first vice president, presided for the brief business meeting in the absence of Mrs. F. R. Schenck, president. Announcement was made that the next meeting will be the annual business session, when officers for a two-year term are to be elected.

Mrs. Frank Brown of Flint, Mich., guest of Mrs. J. W. Brown, was a visitor. Other members present were Mrs. Al Boring, Mrs. J. W. Carroll, Mrs. G. C. Hughes, Mrs. C. C. Keith, Mrs. Lamar Lunt, Mrs. R. E. Morgan, Mrs. Brandon E. Rea, Mrs. C. H. Shepard, Mrs. C. L. Sherwood, Mrs. Carl Westlund and Mrs. Bert Goodman.

League Asks Help In Supplying Needed Children's Clothing

An immediate need for contributions of children's clothing has been found by Children's Service League members, who have asked for warm clothing for smaller children.

The clothing supply that is distributed by the League is collected by Girl Scout troops, but the many calls this year have reduced the supply of garments for children under 10 years of age.

Clothing may be taken to the League's workroom in the Re-Cross building on Tuesday afternoons or will be collected by League members who are called on the telephone. Mrs. C. H. Atchison is league president.

Especially needed are coats and jackets, usable socks and undergarments, warm dresses for girls under six years of age and shirts and long trousers for boys under 10.

Favorite RECIPES ... of WEST TEXANS

Strawberry Jam Cake
By MRS. EDDIE F. CONNER
1905 North Big Spring Street
Separate three eggs and beat whites. Cream together well 1/2 cup shortening or butter and 1 cup sugar. Add well-beaten egg yolks. Sift in 2 cups flour with 1/2 teaspoon soda and a pinch of salt. Add 1/2 cup buttermilk. Fold in 3/4 cup strawberry jam and 1/2 cup nutmeats (usually pecans) and the egg whites.
Bake in a 350 degree oven until cake turns brown on top.

Friendly Builders Club Adds Members

Four new members and two guests met with the Friendly Builders Home Demonstration Club in the home of Mrs. T. F. Lineberry Wednesday afternoon for a program on the making of dress forms. Mrs. Jeanette Roberts, acting county home demonstration agent, was in charge.

The new members were Mrs. J. G. Whitmore, Mrs. Floyd Bell, Mrs. H. C. Wood and Mrs. C. J. Haslam, and club guests were Mrs. C. G. Ponder of Goldsmith and Mrs. Jim Prince.

Members present included Mrs. Charles Bush, Mrs. W. M. Maxwell, Mrs. L. B. Berry, Mrs. L. P. Moore, Mrs. Theo Ferguson, Mrs. N. G. Baker, Mrs. H. R. Solomon, Mrs. P. Hope Stearns and Dr. Velma Scott. The Lineberry home was decorated with flowers including a table centerpiece of red carnations and stock and the hostess served refreshments.

Gum has been a U. S. possession for the last half century.

Senisa Garden Club Reaches Member Limit

Announcement that membership in the Senisa Garden Club has been closed was made by the president, Mrs. Ed Shakely, at a meeting Wednesday morning in the home of Mrs. G. C. Hughes.

Mrs. L. H. Michelson was welcomed as a new member, bringing the active membership to the limit of 30. The club has no inactive members. It is one of the newer garden clubs of the city, and was organized last winter.

For the program, Mrs. Joe Chastain discussed "Preparation of Spring Flower Beds."

It was announced that the next meeting will be February 1 with Mrs. W. L. Johnson.

Others attending the meeting were Mrs. N. T. Dilday, Mrs. Cal Glass, Mrs. W. P. Goodman, Mrs. Richard Hinkle, Mrs. I. W. Hynd, Mrs. F. N. Littlejohn, Mrs. Hastings Fannill, Mrs. Charles Sherwood, Mrs. Henry Spangler and Mrs. Dell Taylor.

Gamma Phi Alumnae Plan For Luncheon

Plans for a luncheon February 15 at the Midland Country Club were made by Gamma Phi Beta Alumnae who met Wednesday morning in the home of Mrs. Roger Northrup.

The luncheon will be for all Gamma Phis, whether or not they are affiliated with the local alumnae group. Sorority alumnae who recently have moved to Midland and have not been contacted by the association also are invited. Reservations may be made by calling Mrs. J. B. Richards.

Officers for the 1950 year will be elected during the luncheon meeting.

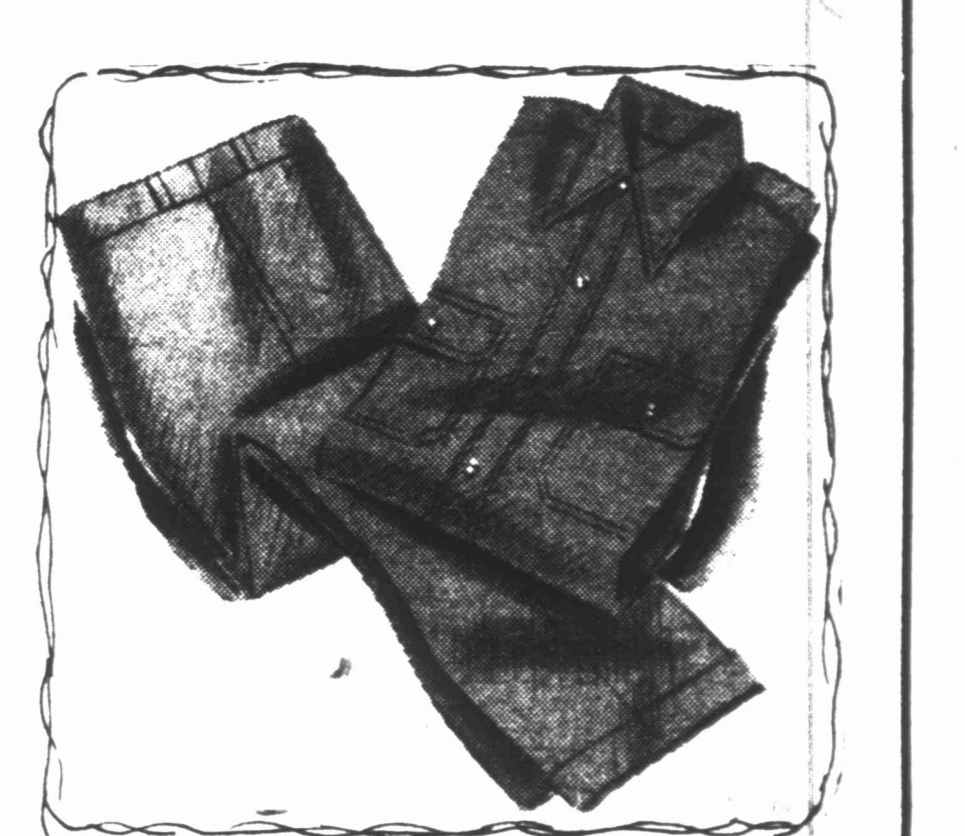

Attending the Wednesday meeting were Mrs. John Cornwall, Mrs. Sol Bunnell, Mrs. Richards, Mrs. Graham Land and Mrs. Fred Kotyza.

Take Off Ugly Fat With This Home Recipe

Here is an inexpensive home recipe for taking off ungrainy weight and helping to bring back alluring curves and graceful slenderness. Just get from your druggist four ounces of liquid Barentine. Add enough grapefruit juice to make a pint. Then just take two tablespoonfuls twice a day. Wonderful results may be obtained quickly. Now you may slim down your figure and lose pounds of ugly fat without back breaking exercise or starvation diet. It's easy to make and easy to take. Contains nothing harmful. If the very first bottle doesn't show you the simple, easy way to lose bulky weight and help regain slender, more graceful curves, return the empty bottle and get your money back.

And Jesus said, Are ye also yet without understanding?—Matthew 15:16.

Farmers Are Still Well Off

No doubt of it, the rosy glow has faded from the farm scene. But the 1950 outlook is still far from gloomy.

Naturally, all these things are linked to income. As that sagged, the farmer's assets in land and equipment began to inch downward in value.

That's the first pronounced drop to hit farm real estate since values hit depression bottom with a thud in 1932-33.

The government thinks farm land prices will fall still further this year. But it doesn't expect the decline to match that in the farmer's shrinking income.

Four Brave Men

The Workmen's Compensation Law may have to be modified to include a new group—the men who make their living taking down in shorthand everything said on the floor of the Senate.

Right now there are four men assigned to this work. But they have written Senate leaders they need more help.

You need only spend a day in the Senate galleries during a fullness debate to realize that the occupational hazards of these reporters are indeed severe.

Let's have adequate safeguards for the health and well-being of these brave workers.

Glider Crash Investigated

An Air Force investigation board hopes to find the cause of the freak glider crash, pictured above, that killed 13 men, 11 of them paratrooper students scheduled to "graduate" from Fort Benning, Ga., training school. Officers said they did not know what caused the glider to crash as it slipped in for landing. The wreckage, which is shown being loaded onto a truck, was spread over 700 feet of the runway at Lawson Field on Fort Benning reservation.

MIDLAND, TEXAS

The Midland Tractor Company, 801 South Baird Street, has been preparing to fill the Spring needs of the farmer and rancher by laying in a large stock of all lines which it handles.

In addition to Ford tractors, the firm handles Dearborn farm equipment and a complete stock of all parts for Ford tractors and for farm implements and trucks.

Authorized agent for the Ford tractor, the Midland Tractor Company has been serving Midland and area for the last 10 years.

New Repair Manager
R. J. Lindsey, manager, announces that Lee R. Jordan has taken over management of the repair shop and is qualified by training and experience to see that your job, large or small, gets the expert attention it deserves.

Layne-Bowler irrigation pumps, Berkeley water systems and a full line of Kelly-Springfield tires for tractor, truck and automobiles are featured by the Midland Tractor Company.

MacMillan oils may be obtained here also.

The repair department specializes in all kinds of tractor and farm equipment repair and service.

The telephone number of the firm is 1688.

If you are interested in viewing the latest developments in the tractor and farm equipment line, you are invited to visit the Midland Tractor Company and the management will be glad to demonstrate their products.

Reduction Of Guard Strength Announced
WASHINGTON — (AP)—Reduction of Army National Guard strength in 11 states and territories except Alaska has been announced by the Defense Department. The cut involves 6,515 members of the guard.

MaJ. Gen. Kenneth F. Crumer, chief of the National Guard Bureau, said the states will have until February 20 to get down to a 350,000 man ceiling, set by the current (fiscal 1950) budget. The guard totalled 358,515 officers and men on Dec. 20, 1949.

New Location—Plamor Palace To Open

Al Boring, owner of Plamor Palace, announces the reopening in a new and completely modernized location the early part of next week.

The new location is 111 North Weatherford Street.

"We have spared nothing to make this the finest bowling alley in West Texas and we intend to keep that reputation," Boring said.

A restaurant also is to be operated in the Plamor, and is set off from the alleys by a partition. The restaurant, in addition to serving the needs of the bowling customers, will serve meals and short orders. Home made pies and other good foods will be a specialty.

Has 12 Alleys
Twelve Brunswick alleys have been installed in the Plamor, and four of these will be devoted to open play. "We will be able to take care of open play during all hours the place is open," Boring said. Hours will be from 12 a.m. to 12 p.m.

At present nine leagues are organized and two others are in the process of organizing.

Other equipment includes 12 semi-automatic pinsetting machines, 12 electric-eye foul devices and two shuffleboards. Rest rooms and locker rooms also have been installed.

Boring says ample parking space will be available, especially at night.

Shades Of The Housing Shortage
LEWISTOWN, MONT. — (AP)—A breathlessly excited woman phoned florist Russell Dunnington and said: "I understand you are building a house. Have you rented it yet?"

Dunnington quickly applied this leitdown: "It's a greenhouse."

Your Friendly, Neighborhood Grocer

Westland Grocery and Market, located on the Andrews Highway just off West Wall Street, features fine foods, meats and fresh vegetables and provides free delivery service to its many customers. Quality products are priced reasonably. Plenty of parking space is available. Johnny Carter and E. V. Guffey are the managers.

Advantages Offered Dentist In Village Listed By McMurray

By WILLIAM C. BARNARD
Associated Press Staff

"Why do Texas dentists avoid small towns?"

We asked the question of Dr. C. A. McMurray of Ennis, president of the Texas State Dental Society. Last month he revealed that 37 Texas counties have no dentists and that there are no dentists in 92 towns of more than 1,000 population.

"I don't think Texas dentists avoid small towns," the handsome and sturdily built McMurray chuckled. "Their wives avoid small towns. Most wives go for the bright lights and big stores."

McMurray knows small-town dentistry. He has practiced at Ennis since 1928.

"Why should a young dentist pick a little town?" we asked. "What are the advantages?"

"There are many," he said. "He won't make as much money, but over the long haul, he'll save more. His operating costs are much less. A good office in Dallas would cost \$1,000 or more per month. You could get a comparable one in Ennis for \$15.

I know a big city dentist who has to make \$3,600 per month before he has any take-home pay. He has five assistants. You can hire help more cheaply in a small town. Just Another Number

"It's easier for a young dentist to establish himself in a small town. He can do it in two years. In a city it might take 10. In the small town he winds up as a prominent citizen — in a city he might be just another number in the phone book."

"The small town dentist doesn't need mahogany office furniture and thick carpets. No three-ring circus of frills to meet competition. He has to depend strictly on his ability."

"And if he's a good dentist, he'll have all the practice he can handle and his patients will come from an ever-widening area."

And what are the disadvantages of small-town dentistry, Dr. McMurray?

"A dentist in a small town has to get along, largely, without the aid of specialists. He must be versatile and prepared to handle almost any kind of case himself. No dentist who lacks confidence in his own work should locate in a little town. One other disadvantage might be that country people aren't as good at keeping dental appointments as city people. Please don't ask me why this is so because I don't know the answer."

HERRING COME TO DOCK
CAMPBELTOWN, SCOTLAND — (AP)—Fishermen here made a catch of herring without sailing. They located them under a steamer at the end of the quay and tossed their nets over the side.

Midland Iron Works Has Ornamental, Structural Specialties Experience

The Midland Iron Works, located at 900 North West Front Street, will design and make ornamental steel for any purpose and the years of experience behind the firm's personnel guarantee satisfaction with every job.

The firm, which specializes in ornamental and structural steel for residential, commercial and industrial purposes, performs a wide variety of services.

Owned and operated by Oscar and Tom Watlington, the Midland Iron Works was opened in 1944. The Watlingtons were in this type of business in Houston and other cities before coming to Midland. Winch truck service, which is used by many oil companies in the Permian Basin for setting equipment and erecting steel, is provided by the Midland Iron Works. The telephone number is 2303.

Portable Equipment
Portable welding equipment of the most modern and efficient type is used by the firm.

Special orders for beams and similar structural steel are taken and the firm will erect it according to the most exact specifications.

The managers invite you to get estimates on that next job for which it is equipped and qualified to perform. No undertaking in the steel line is too difficult.

Tabby's Tail Caught, Things Begin Popping

LOS ANGELES — (AP)—Things started to happen when Suzy, the cat caught her tail in the washing machine gears.

First the calico critter found herself suspended from the floor. Then the agitator agitated Suzy and started de-agitating Mrs. Carrie Ponder's laundry.

Two deputies turned the washer upside down, loosened a few bolts and liberated Suzy's battered tail. Whereupon a blurred streak of furry fury flashed out of the house and vanished into the shrubbery. Her tail bandaged, Suzy now feels all washed out.

On man-made Lake Karapiro, behind an Auckland hydro-electric dam on the Waikato River, four and eight-man crews prepare for the British Empire events in February. A New Zealand championship carnival sends them on their way.

Midland Amateur Up Against 'Tops' In Tampa Tourney

TAMPA, Fla. (AP)—Most of the country's best amateur golfers Thursday began a four-day struggle to make the "open" in Tampa Women's Open Tournament mean something.

In the previous three years the 72-hole medal play event has been held it has been pretty much a closed among the big four in women's pro golf—Babe Zaharias, Louise Suggs, Patty Berg and Betty Johnson.

Such crack amateurs as Marlene Bauer of Midland, Texas, Peggy Kirk, Polly Riley, Marjorie Lindsay, Betty McKinnon and Jean Hopkins will be trying to smash the stranglehold.

Bulldogs Enter Big Lake Invitation Tourney Friday

Coach Jack Mashburn and his Midland Bulldog cagers will depart at 6:30 a.m. Friday for Big Lake where the Purple will play in the Big Lake Invitation Basketball Tournament.

The varsity Bulldogs take on Barnhart at 9 a.m. Friday in a championship bracket, first-round tilt.

Coach Mashburn said he will enter the team in championship play only, passing up consolation competition.

The Bulldogs have been idle all week while mid-term exams were in progress here.

Hogan Comeback Slowed As Snead Takes Playoff

LOS ANGELES (AP)—The greatest golf comeback of all time didn't quite hit its peak. Which is one way of saying that Sam Snead beat out Ben Hogan in the playoff for the Los Angeles Open title. He did it by four strokes, too. But remember back a little.

Last February 5, that story from El Paso reported that "Hogan's left ankle, one bone of which was broken was placed in a cast... physicians plan to apply a cast for a broken pelvis bone. The golf star also fractured a collarbone and ribs."

The doctors said Hogan might never walk around 18 holes again, much less play that distance.

But he's the same Hogan who shot a 280, four strokes under par, in his comeback to golf over Riviera's tricky, treacherous 18 holes last week. And who finally lost to Slammin' Snead, the West Virginian, in Wednesday's playoff, postponed a week by rain.

Slammin' Snead slightly spoiled the playoff. He went around in 72 strokes, one over par. Bantam Ben, the tiny Texan, took 76 strokes.

It was the same smooth Snead who last year won more than \$30,000 as the country's top pro golfer, replacing Hogan, who he banked slightly less the year before.

"It was lousy," said Hogan in the dressing room at Riviera Country Club.

"He was terrific," said Snead, who never was behind from the first tee. "He's the same old Hogan. He scares you to death."

He wasn't quite the same old Hogan—the Hogan who's won this tournament three times before, plus the National Open over the same layout.

And Snead wasn't too scared. Not scared enough to foul up more than one hole in his drive for the tournament's first prize of \$2,600, plus his one-fourth share of the \$7,300 playoff gate. All told, Snead took in more than \$4,400.

Hogan's gate share, plus \$1,900 second money, boosted his bank account by \$3,700 plus.

SPORTS SLANTS

by SHORTY SHELburnE

Some high school coaches in Texas are yelling that professional baseball is killing football in their schools. On the surface that appears to be a far-fetched idea. But is it?

More than one coach has reported professional scouts have advised players not to participate in football and run the risk of having a baseball career ruined by an injury.

Denison last year had the most publicized case. Other reports have come in on similar happenings.

The addition of golf to the list of Spring sports in Class AA competition is a picture that we had expected to be.

Golf competition will be held by schools in all districts at the same time the schools hold their Spring track and field meet.

Each school may enter three singles golfers and two teams of four golfers. District champions will be certified in each division.

At the regional meet, only one singles player and one team will be certified. The winners will go to the state meet where golf this year will have an even break with baseball.

Harold Webb reminds us, baseball box seat holders of the 1949 season wish to reserve their box again. They do so by mail.

Just drop a check to the Midland Baseball Club, Midland Texas for the amount you paid last season. The price will be the same in 1950.

Only change in prices that amounts to anything will be the issuing of a 50-cent student ticket in the league.

The Abilene Blue Sox will join the Odessa Oilers for Spring training in Honda.

A. D. Ensey says they will get the training facilities for free. Everything will be located at a decommissioned air base near Honda.

Subby Greer, Abilene manager, and Al Monchak will swap out probably on helping each other drill individual players.

One thing about the sports world. You meet every type person and sooner or later every unusual situation and proposal.

Take this for example: Energetic Norwegians in London are talking of building a huge ski jump with imported snow.

THE REPORTER-TELEGRAM, MIDLAND, TEXAS, JAN. 19, 1950

Engineers Smash Watkins; JayCees Smother Veterans

Rotary Engineers, with Leland Huffman blazing in 22 points, settled the dispute over first place in the City Cage League Wednesday night.

The Engineers fired from every corner of the Junior High Gym to run up an 82 to 49 score over Watkins Mobil.

The two teams were tied for first prior to the game.

The JayCees lifted themselves out of a tie for last by stopping VFW 45 to 30.

Rotary's aggregation of cage stars proved what many have suspected a long time. They are the most potent bunch in the league.

Rotary All Way

The Engineers stacked up a 20 to 12 lead in the first quarter and increased it all the way. The half-time score was 35 to 21 and it stood at 56-37 at the end of the third.

Huffman, Frank Brahaney, Charlie Kelly and Leonard Shepherd staged a hot offensive show for Rotary in the final period. They counted 26 points between them.

Hall was high point man for Watkins Mobil with 18.

JayCees Win

The JayCee battle with VFW was close all the way even though the Jakes led from the first period on. Bill Hopkins and Chick Lamb poured in the points that kept the JayCees out front.

After leading 27 to 20 at the half, the Jakes rallied to increase their lead to 38-25 at the end of the third.

The Jakes couldn't hit in the final quarter, scoring only five points while the JayCees tabbed seven.

Lamb was high point man with 13 for the Jakes while Hankia scored nine for the Vets.

Williams Due To Get Top Baseball Salary

NEW YORK (AP)—The popular baseball argument—who draws the biggest paycheck, Williams, DiMaggio or Feller?—won't have the old familiar ring this year.

Ted Williams, the Boston Red Sox fly hawk, is almost sure to stand out by himself as the highest paid player on the major league diamonds.

Cleveland's Bob Feller, his one-time fireball now just lukewarm, took a reported \$200,000 salary week Wednesday. Joe DiMaggio, the New York Yankees' sore-heeled question mark, is said to face a \$25,000 scissoring on his contract.

But Williams received in the neighborhood of \$100,000 for his efforts last season, according to reliable reports, and there is no reason to believe he won't take an equally large gouge this time from Tom Yawkey's millions.

MOVIE TEAM IN GARDEN

NEW YORK (AP)—Sonja Henie's movie skating partner, Michael Kirby, will be her partner on her personal appearance tour in Madison Square Garden, January 20 to February 4. Kirby is a former Canadian figure skating champion and is hailed by Miss Henie as the most proficient partner she ever has had. "It's a treat to skate with him," says Sonja.

Intramural Cage Game Set Friday

A basketball exhibition between Midland High School's Intramural Champions and Odessa's Intramural Cage Champs will be staged at 7:30 p.m. Friday in the MHS Gym.

The tilt is sponsored by the Physical Education Department of Midland High. Proceeds will be used to purchase equipment for intramural sports.

The public is invited to attend the exhibition. Admission will be nine cents for students and 25 cents for adults.

The MHS championship squad includes Winford Brinson, Jimmy Chauncey, Bill Franklin, Louis Swedeen, Tommy Vannaman, Clyde Busic and George Galloway.

The Midland team is undefeated, having won four straight games.

Razorbacks Kick Props From Ponies

The Arkansas Razorbacks beat Southern Methodist 63-55 Wednesday night and swapped places with the Mustangs for the lead in the Southwest Conference basketball race.

In other games, Texas Christian trimmed Baylor 64-54 to gain a tie for third place with Texas. The Texas Aggies trimmed the Rice Owls 56-37.

Arkansas' victory gave the Porkers a record of three victories and one defeat. That was the record SMU had going into Wednesday night's game. SMU went scoreless for the first seven minutes of the second half, but the Razorbacks scored almost at will to go ahead 48-33. Razorback captain Jimmy Cathcart led the scoring with 20 points. Charley Lutz was high for SMU with 15.

Close With Bust

TCU's Frogs squared away their record at two victories and two defeats, closing with a burst in the last five minutes after leading Baylor most of the way.

The Frogs held a 30-26 edge at the half. Forward Harvey Fromme paced TCU with 21 points, while Guard Bill Hickman led Baylor with 13.

Sharp shooting and tight defense routed Rice and the Aggies went ahead from the word go. The closest Rice came to tying it up was after 11 minutes of play, when A&M led 14-7. The winners piled up a 28-16 halftime margin.

Big Joe McDermott was about the only reason the Owls left the court with some honor. He scored 18 points, the game's highest total. Jewell McDowell got 14 for the Aggies.

The northern division representative in the annual Pacific Coast Conference basketball playoff has defeated the southern team for the last three years.

Irish Reel

Adding a fillip to the indoor track season are Jim Reardon, left, and Johnny Joe Barry, two of Eire's finest, working on Columbia University's outdoor board track. Swedes generally are regarded as Europe's foremost routers, but Barry ran a 4:08 mile last year, and goes farther. Reardon runs middle distances.

NCAA Grid Rules Committee Makes Two Important Changes, Several Lesser Ones

PINEHURST, N. C. (AP)—College football, 1950 version, will not be changed drastically so far as the man in the stands is concerned, but coaches and players will note some differences in the fall.

The Football Rules Committee of the National Collegiate Athletic Association came up with two rather important changes and several lesser ones Wednesday night as it concluded three days of deliberations.

Following the leads of the Coaches' Association which last week recommended both changes, the committee indicated it believes the two-platoon style of play is more than a passing fancy. In addition it moved to curb the illegal use of elbows.

The number of free timeouts allowed a team was raised from four to five for each half. In addition, free timeouts now are available to substitutions from the bench. Such changes may be made without penalty while the clock is running until a team's allotted five free timeouts are exhausted. This will permit insertion into the lineup of specialists, such as kickers, which last year called for a five-yard penalty.

To Speed Play

To speed up play, however, the clock will be started when the ball is "spotted" for play by the officials rather than when snapped as before.

Retiring Chairman William J. Flaherty of Harvard said the offensive block rule was a result of a unanimous demand by the committee for such legislation.

FALSE TEETH That Loosen Need Not Embarrass

Many wearers of false teeth have suffered real embarrassment because their plate dropped, slipped or wobbled at just the wrong time. Do not live in fear of this happening to you. Just sprinkle a little FASTEETH, the alkaline (non-acid) powder, on your plates. Holds false teeth more firmly, so they feel more comfortable. Does not sour. Checks "plate odor" (denture breath). Get FASTEETH at any drug store.

DADDY RINGTAIL

By WESLEY DAVIS

Daddy Ringtail And Better Than Money

"Teh! Teh! Teh! Oh me, and oh my my!" said Uncle Bunkum. He said it because he was wanting a zoo of his very own, and he didn't know how he could ever get it. A zoo costs a whole lot of money. "Oh, but Uncle Bunkum," said Daddy Ringtail, "friends are better than money and a happier thing to have."

"You don't say!" said Uncle Bunkum. "I do say," said Daddy Ringtail with a happy smile. And so Uncle Bunkum sat down on the ground, there beneath the very tall tree with Daddy Ringtail's monkey house in the top. Uncle Bunkum was waiting to hear what Daddy Ringtail had to say about

kind that often lives at a zoo. "Did he have any money he would let me use?" asked Uncle Bunkum. "No," Daddy Ringtail answered, "the giraffe didn't have any money." Oh, but Daddy Ringtail said that he had been talking with some other friends—a lion, and an elephant, and a tiger, and a hippopotamus, and an ostrich, and a camel, and everybody.

the business of trying to get a zoo when he hadn't the money to buy one. Hah! How could friends ever get him a zoo? Daddy Ringtail explained that he had been talking with his friend, Mr. Hick-Hick, who is a giraffe, the

"Oh no, no!" Daddy Ringtail laughed and said, "Oh me, and oh my my!" said Uncle Bunkum some more. But Daddy Ringtail said that he didn't know anyone who had a zoo to sell—even to someone who had the money to buy it, because so a whole lot of money would have done no good even to Uncle Bunkum if he had had it. And then Daddy Ringtail laughed and told Uncle Bunkum the happy news. All the friends in the forest—the giraffe, the lion, the elephant, the tiger, the hippopotamus, the ostrich, and the camel, and everybody—all of them were wanting to stand together and be a zoo for Uncle Bunkum. "Happy day, and yippee!" said Uncle Bunkum. He said it to show how happy he was, because now he knew at last that friends are better to have than money and a happier thing to have. Well, Maybe Off A Foot Or Two

DENVER — (AP) — Measuring mountains from New Mexico to the Canadian border, plus Alaska, is part of the job of the people who work under the U. S. Geological survey's Rocky Mountain Regional Engineer Robert O. Davis. Davis admits that some of the present figures may be off a few feet. The principal reason for errors is the refraction of sight, caused by the varying densities of the atmosphere. The Denver office of the geological survey is planning an experiment to try to correct for this curvature. One field party will work from the top of a mountain and another from the base. Using portable radiolites, both parties will take readings at exactly the same minute, and thus corrections can be made for refraction. It has to be done this way because changes in the atmosphere can change the degree of refraction in as little as an hour. The Amazon is the world's largest river in volume.

Polio Victim Given Brand New Bicycle

DETROIT — (AP) — Six year-old Jo Ann Vandenberg's heart is full. "Gee, I didn't know there were so many people who wanted to be nice to me," she said. Jo Ann has a brand new bicycle, painted blue and white. It is a gift from Charles Hofffield, owner of a bike and hobby shop. His was one of many offers to Jo Ann. The dark-eyed tot, victim of infantile paralysis, was heart-broken over the loss of her own bike. She used it for leg exercises in a recovery program. A thief stole it.

Senate Approves Oleo Tax Repeal

WASHINGTON—A smashing Senate vote of 56 to 16 brought almost to a complete end Thursday the long fight to repeal federal taxes on oleomargarine.

Nothing remains now except to adjust quite similar Senate and House bills and for President Truman to sign the final repeal version into law.

Dairy state senators lost one point after another in their Senate battle to protect butter from what they called unfair competition by an imitation.

It was a victory for Southern senators and others who said a wholesome food has too long been unjustly taxed, and that housewives should have easy access to the cheaper table spread.

The net result of the Senate voting, which wound up with the 56-16 decision for repeal Wednesday night, is:

An end, effective July 1, to the tax of 10 cents a pound on yellow oleomargarine and of one-quarter cent a pound on the uncolored variety. Federal taxes on retailers, wholesalers and manufacturers, ranging from \$6 to \$600 a year, also would be wiped out.

FBI Agent Brown To Speak Friday At JayCee Meel

D. K. Brown, special agent in charge of the El Paso division of the Federal Bureau of Investigation, will address the Midland Junior Chamber of Commerce at a meeting in Hotel Scharbauer Friday noon.

Brown's address will highlight a program with the theme, "Know Your Law Enforcement Officers." City, county, state and federal officers will be special guests at the meeting.

D. K. Brown

Brown formerly was special agent in charge at Birmingham, Ala.; Cincinnati, Ohio, and Houston. Midland Police Chief Jack Ellington, Sheriff Ed Darnell, Highway Patrolmen W. B. Dixon and Jim Parks, Ranger John Wood, FBI Agents Roy C. Dahl and FBI Agent Noel Cason will be among the special guests.

President Irby Dyer of the Jay-Cees has invited the public to attend the meeting. Horace Burton is program chairman.

Inquest Conducted In Death Of Trio

NOVICE, TEXAS—Justice of the Peace Barclay Martin of Coleman was conducting an inquest Thursday in the roadside shooting deaths of three men.

The slottings occurred late Wednesday a quarter of a mile north of this Coleman County village.

The victims were T. L. Mulkey, 57, drilling superintendent for the Yeatman Drilling Company of Coleman; his son, Walter Thomas Mulkey, 19, former Coleman High School football star, and M. B. Tyler, 30, of Brownwood, an unemployed anesthetist.

N. R. Burks of Novice, an oil field gauger, who found the bodies, said a pistol was beside Tyler's legs.

The elder Mulkey was in the front seat of his car; the youth on the pavement behind his father's car, and Tyler in front of his own car. Both cars were headed in the same direction and parked on the same side of the road.

Editorial Writer Burned Seriously

DETROIT—A certain favorite reading matter of Detroiters wasn't available Thursday.

And at the same time the Detroit Free Press was forced to cover a story which it wished had never happened.

Neither the Free Press' "Good Morning" column nor its "Tiffy the Dopester" was in print, a circumstance which was nothing less than remarkable.

But the man who writes them both, Editorial Director Malcolm W. (Bing) Bingay, 65, was flat on his back and helpless in a hospital bed.

Bingay was critically burned in a freakish incident at a banquet Tuesday night. A coffee and brandy mixture, known as "cafe diablo" ("devil's coffee"), blew up.

Grace Hospital reported Thursday that Bingay's condition remained critical.

The average urban family receives about twice as much cash income as the average farm or village family.

Burglars Hit Three Times In Stanton

STANTON—Burglars struck three times in two days here recently, getting an estimated \$265 in cash and some merchandise from the three jobs.

Friendly Food Store was hardest hit. The burglars took \$200 from a cash register and attempted to enter a safe. The knob was knocked from the safe but it was not opened.

Dave Foreman's Grocery and Mac's Cleaners, in adjoining buildings, were burglarized Monday night.

An estimated \$50 in cash was taken from the grocery store and much damage was done to a safe and a cash register.

The cleaners firm reported \$14 missing from its cash register.

Collier, Ex-Ranger, Dies At Arlington

MERCEDES, TEXAS—W. W. Collier, 88, famed ex-Ranger and retired San Antonio banker, will be interred here Friday. He died Wednesday in the Masonic Hospital at Arlington.

When he was 16 he joined the Texas Rangers. Later, he became famous by capturing the notorious King Fisher, single-handed and unarmed.

HARRIDER QUALIFIES FOR PRESIDENT'S CLUB

DALLAS—W. B. (Bill) Harrider, Southland Life Insurance Company representative at Midland, has qualified for membership in the President's Club, top honor group composed of leaders among the company's field representatives. The announcement was made by Joe Woodward, vice president and agency director.

"Harrider consistently is among the monthly leaders in new business for Southland Life and is active in civic affairs in Midland," Woodward said.

ELECTION POSTPONED

ATHENS, GREECE—Greece's general election for a new parliament has been postponed until March 5.

Miners Wait For Contract

Herb Tressler, of Nemacolin, Pa., a coal miner for the Buckeye Coal Company, spends his free time fixing motor of his car. He voted for full strike, and hopes a complete shutdown will speed contract signing so he can get back to a five-day work week.

Rankin News

RANKIN—Dunn Lowery is chairman for the March of Dimes campaign in Rankin. Upton County's quota is \$5,000. Other members of the Rankin committee include: Ray Boggs, O. R. Adams, Gordon Steele, Jack Walcher, Jim Lane, T. L. Stephenson, Don Rhoads, Tom Workman and Ralph Daugherty.

C. C. White was returned home Tuesday from a San Angelo hospital where he underwent emergency surgery.

The Atlantic Oil Company's geophysical crew and offices are being moved to Seminole after being quartered in Rankin 21 months. Twenty families are being transferred.

Rankin P-TA members are reminded of a luncheon to be held January 26 in the home of Mrs. Campbell White in the Benedum Field. Mrs. White, educational director, will present the first of a series of studies "Freedom To Grow."

New School Buildings

Ground is being broken for the construction of a new elementary school building here. Equipment has been brought to the location. Construction will start soon on a gymnasium and band house.

Miss Neva Rae Taylor, who recently returned from Fort Worth to Rankin to accept a secretarial position in the office of County Attorney John Menefee, was honored at a "42" Party given by her parents, Mr. and Mrs. C. G. Taylor.

The event was held in the Upton County Park Building. Attending were: Mr. and Mrs. J. R. Senter, Mr. and Mrs. John D. Christy, Mr. and Mrs. W. A. Hudson, Mr. and Mrs. Jim Lane, Mr. and Mrs. David Workman, Mr. and Mrs. Dub Day, Mr. and Mrs. Harry Cowden, Sara Lee Stephenson, Mrs. Ted Hogan, Winston Holcomb and Fred Roady.

A new house in the Plymouth Oil Company's camp of the Benedum Field was razed by a gas explosion recently. Officials of the company believe the explosion resulted from a gas leak at a water heater. No one was injured by the blast. New furniture had not been moved into the new structure.

Many Economic Wars Head Toward Climax; Coal War Is Hottest

NEW YORK—Many economic wars, large and small, are flaring toward climax.

The coal war at home seems hotter than the cold war abroad. Temperatures rise in the coal fields while temperatures drop in some coal-less factories and homes, and others start shivering in anticipation.

And a lot of other antagonists, some time-honored, some relatively new, come to grips—in Congress, in the world marketplace, on the production front. Involved are food surpluses, life insurance taxes, auto production rates, and even the question of just how big a depositor has to be to deal with the House of Morgan.

Chrysler Corporation has been warned that CIO United Auto Workers may walk out unless a satisfactory pension and insurance plan is worked out.

Plagued By Surplus

Plagued by mountains of surplus food, the Department of Agriculture is opening a big clearance sale. Millions of dollars worth of government-owned surplus farm products are being tossed on the export market at a price below the cost.

Canada is reported objecting. It says it will keep any of the low-price food from crossing the border. It may even protest against the action as upsetting world markets.

Life insurance companies shiver at the prospect of having to pay \$90 million in taxes on their investment income for the years 1947, 1948 and 1949. A 1942 tax bill exempted the companies from such taxation for the three years, but the House Ways and Means Committee has just approved a bill to clasp the \$90 million on the companies.

But a little olive branch is tossed by George Whitney, president of J. P. Morgan & Company. He tells stockholders that the idea the banksters only to multimillions is just another "Morgan myth."

Still, you'd better not rush over with only \$1. Whitney says the bank is "not geared physically" to handle too many small accounts.

All-Improved

WHITE Super Deluxe

PREMIUM QUALITY TIRES

Unconditionally

GUARANTEED 25,000 MILES

Check ALL these Features:

- ✓ COLD RUBBER FOR SUPER MILEAGE
The amazing discovery, COLD RUBBER, is expertly compounded in the tread of EVERY WHITE SUPER DELUXE TIRE to give mileage and traction far superior to the best natural rubber... the greatest mileage ever known in passenger car history.
- ✓ 100% RAYON FOR SUPER STRENGTH
The tensile strength of rayon cord is 40% greater than that of cotton cord. This extra strength gives added protection against blowouts and tire failure.
- ✓ SUPER RIDING COMFORT
The easy-flexing sidewall construction is possible because stronger rayon provides necessary sidewall strength with only 4 plies. The tire is softer riding, cushions jolts and jars.
- ✓ SUPER SAFETY TREAD
Hundreds of road-gripping edges provide the traction needed for quick, sure stops. Flatter design puts more gripping surface in contact with the road.

POPULAR 6:00x16 SIZE... Priced at only... **\$14.35** PLUS TAX

TERMS AS LITTLE AS \$1.25 WEEKLY!

FREE INSTALLATION SERVICE AT WHITE'S LIBERAL TRADE-IN ALLOWANCE for your old worn tires!

The all-improved WHITE SUPER DELUXE is truly a great achievement in tire design and engineering. Throughout every phase of construction, "Bit-in-Safety" for your protection and security is ever the watchword of master craftsmen who build WHITE Super Deluxe Tires.

Executive Group Of TIPROA Sets San Antonio Meet

AUSTIN—Foreign oil imports, state taxes and apparent violations of the new Standard Gas Measurement Law will command attention at a meeting of 35 executive committee members of Texas Independent Producers and Royalty Owners Association January 31 at San Antonio.

The meeting was announced by TIPROA President Guy L. Warren of Corpus Christi.

Warren said the February cut-back in Texas allowances "underscores the fact that no solution to the problem of excessive imports is in sight."

The announcement said the meeting also would study the tax problem of the special session of the 51st Legislature. There was no expansion in the amount of the other study topic of apparent violations of the gas measurement law.

Plans also are to be discussed at the San Antonio meeting for the association's fourth annual convention at Dallas March 9, Warren said.

Stanton News

STANTON—Funeral services for Will Thomason, who died early Saturday, were held in the Church of Christ Monday, with G. E. Shelburne officiating. Interment was in Evergreen Cemetery.

Mr. and Mrs. Cleland Atchison and son of Andrews were visitors of his mother, Mrs. Clara Atchison, Sunday.

Mr. and Mrs. Jack Turner and son, Larry of Terrell were visitors of friends and relatives in Stanton Sunday.

Mr. and Mrs. Dale Kelly and sons, John Dale and Charles, of Hereford were in Stanton over the weekend.

The second semester in the Stanton schools started Monday. Mr. and Mrs. John B. Mills of Midland were Sunday visitors of his mother, Mrs. J. J. Mills.

U. S. dairy cattle have been increasing at the rate of 2,000,000 every ten years.

Truman—

(Continued From Page One)
 ator Taft (R-Ohio), who have been urging President Truman to act under the Taft-Hartley Law to halt the three-day week because of lack of coal, expressed doubt that Denham can do the same thing under Lewis and the union for not obeying injunctions.
 Taft said he doesn't think Congress intended to give anyone except the President the power to force men to go back to work without a contract. He said Denham might get an injunction to require Lewis to bargain with coal operators in good faith and stop demanding what they call illegal contract terms.
 He urged again that Truman declare a national emergency and seek the emergency-type injunction. Previous court actions of this type have resulted in heavy fines for Lewis and the union for not obeying injunctions.
 CIO President Philip Murray announced his organization "vigorously protests" Denham's action and said CIO lawyers will work with Lewis' United Mine Workers Union legal staff in fighting the case.

Damage Suit Filed As Result Of Wreck

A damage suit styled Ann Little, individually and as next friend for William D. Little, versus Core Laboratories, Inc., was filed with District Clerk Nettye Romer here Thursday.
 The suit asks judgment of \$15,000 for William D. Little and \$7,500 for Ann Little from Core Laboratories, Inc., due to injuries suffered by William D. Little in a truck-car crash at here on U. S. Highway 80, August 4, 1948.
 Three suits, filed as a result of the wreck, were settled in district court here last week.

Spears—

(Continued From Page One)
 October 10, two nights before the fatal shooting. Brooks advised him that he could not legally take her from the house.
Character Witnesses
 The prosecution called Sheriff Ed Darnell, J. H. Wallace, father of the slain young man, and J. E. Simms, partner of Wallace in the Ranch House restaurant, as character witnesses for Robert L. Wallace. All testified as to his good reputation.
 The final witness called was Jack Parmley, who testified for the defense that he had had a fight with Wallace, and that he considered Wallace's reputation was "bad."
 Spears was convicted by a 70th District Court jury at Midland June 3, 1948, for the murder of Wallace and was sentenced to 15 years, but a new trial later was granted by an appellate court. A change of venue, asked by the defense, transferred the trial to Odessa.
 Formal sentence will be pronounced by Judge Moss Friday or Saturday.
 One shot from a pistol went through the screen door of Lorene Spears' home and pierced Wallace's right eye, killing him almost instantly.
C. OF C. HAS NEW OFFICE SECRETARY
 Mrs. Johnny Caffey has assumed her new duties as office secretary of the Midland Chamber of Commerce, Manager Delbert Downing announced Thursday.
 She succeeded Mrs. Downing who had been serving temporarily since the resignation of Mrs. Martha Self last December 15.
 A graduate of Midland High School, Mrs. Caffey has resided in Midland and vicinity a number of years.
 Nitrocellulose is another name for gunpowder.

Spence—

(Continued From Page One)
 asking of bids for making an aerial survey of the Pecos River from Fort Sumner, N. M., to the Red Bluff dam north of Pecos.
 Johnson, chairman of the Commission, is the district engineer for the U. S. Geological Survey for New Mexico and the Southwest. Bliss is engineer for the State of New Mexico and is that state's representative on the Pecos, Colorado and Canadian River Commission. Wilson, the Texas representative, is president of Texas Cotton Industries, a farming corporation which operates farming interests in the Pecos area.
Other Representatives
 Others here for the meeting include: engineer advisors—Robert L. Lowry, El Paso; John R. Erickson, Santa Fe, and Royce J. Tipton, Denver, Colo.; legal advisors—Irwin S. Moise, Albuquerque, N. M.; George L. Reese, Jr., Carlsbad; James Stagner, Carlsbad; and Emil C. Rasmussen and W. L. Kerr, Midland.
 Attending the sessions as observers are E. W. Sweet, Barstow, president of the Red Bluff Water Power Control District; J. E. Couch, secretary, Red Bluff Water Power Control District; C. J. (Andy) Anderson, Pecos, manager, Red Bluff Water Power Control District; Col. E. V. Spence, Austin, Interstate Compact Commissioner for the State of Texas; J. E. Sturrock, Austin, general counsel for the Texas Water Conservation Association; Harold Albert, San Angelo, U. S. Geological Survey; A. H. Wolverton, Austin, engineer with the State Board of Water Engineers; T. N. Weinheimer, San Angelo, U. S. Geological Survey; and Rufus H. Carter, Jr., Albuquerque, United States Corps of Engineers.
 The population of the United States multiplied most rapidly after the Civil War; the increase was almost threefold between 1880 and 1910.

Veteran Employees Of Sunray Receive Service Emblems

Twelve Sunray Oil Corporation production department employees in North and West Texas were honored at a service award dinner Wednesday night at Hotel Settles in Big Spring, three receiving 20-year gold watches emblematic of longtime service records.
 The Sunray men and their wives were guests of Perry A. Gill of Midland, the company's division superintendent, who presented the awards in the absence of H. O. (Bud) Harder, Sunray's vice president for production who was retained in Tulsa on business. Luther Williams of Tulsa, editor of Sunray News, was a guest and spoke briefly.
Get Watches
 Honored with gold watches for 20 years of service were B. R. Wilson, Big Spring, J. S. Newcomb, Odessa, formerly of Pecos Valley, and B. D. White, Odessa, retired.
 Receiving silver tie-clip medallions of the Sunray brandmark, emblematic of five years service, were R. K. Norman of Midland; H. W. Andrews, W. O. Averett, W. T. Creelman, J. T. Gray all of Big Spring; M. A. Stegall, Cochran county; J. V. Hartman, Odessa; Doyle Burnett, Pampa, and I. R. Blanton from the company's New Mexico district.
 Other Sunray production men attending the affair included M. S. Patton, Jr., Midland; Lee Pruitt and J. T. McClanahan, Odessa; Bill Drain and Lloyd Peek, Scurry County.
CAFE BURGLARY REPORTED
 Officers Thursday investigated a burglary at the Pronto Pup on West Highway 80. They said nothing was missing but the establishment had been ransacked considerably.

Capacity Crowd Is Expected At Scout Council Banquet

No tickets remain for the annual Buffalo Trail Council, Boy Scouts of America, banquet at 6 p. m. Thursday in the Crystal Ballroom of Hotel Scharbauer, P. V. Thorson, district executive, announced today. It is the first time a council banquet has been scheduled in Midland.
 The banquet, to be preceded by a business session at 4:30 p. m., will feature an address by Dr. J. W. Marshall, president of Wayland College in Plainview.
 Officers of the 17 county Buffalo Trail Council will be elected, Thorson said. Dr. H. Lyman Wren of Snyder, outgoing president, will introduce the new officers at the banquet.
Annual Reports
 Other business to come before the council will be the application for a 1950 charter, the reading of annual reports and adoption of a program and objectives.
 Thorson said a capacity crowd of more than 250 is expected, including members of the executive council, district council representatives and their wives.
 Dr. H. Glenn Walker, chairman of the El Centro District Council in Midland, arranged the program, which includes awarding of two Silver Beaver awards to Scout leaders, a song program by members of the First Baptist Church Harmony choir, led by the Rev. Raymond Hall, assistant pastor of the church, and a playlet, "Time Will Tell" by 15 Midland Boy Scouts.

Episcopal Dinner Will Be Thursday

Three vestrymen and delegates to the annual convocation of the church will be elected at the annual parish meeting of the Trinity Episcopal Church Thursday. The meeting will be a dinner, beginning at 7 p. m., in the parish house.
 Annual reports from all divisions of the church will be made.

Four In Family Die In Period Of 30 Hours

GAINESVILLE, TEXAS—Four members of the same family, all more than 60 years of age, have died within 30 hours of each other.
 George Washington Gilbreath, 71, died in a hospital here Wednesday afternoon. His 64-year-old wife had been the first to die—in the same hospital Tuesday afternoon following a heart attack.
 Her uncle, the Rev. C. L. Brewer, 82, died early Wednesday at his home in Jimtown, Love County, Okla.
 And just before noon Wednesday, her father, James S. Brewer, 90, died at his home here.

Midland Group To Attend 3-AA Event

Members of the Midland High School coaching staff, football team captains and Alfred Baze, all-district tackle, will attend a banquet in Lamesa Thursday night, honoring District 3-AA grid stars.
 Delbert Downing, manager of the Chamber of Commerce here, will be master of ceremonies at the event.
 Coaches Jones, Rutledge, Mashburn, Gill and Beauchamp and Captains Harrie Smith and Jack Mobley will be among those attending from here.

Livestock

FORT WORTH—(AP)—Cattle 500; calves 300; bulls and stockers steady; other cattle and calves steady to weak; common and medium steers and yearlings 16.00-23.50; common to medium cows 14.50-18.00; good cow scalars and canners and cutters 10.00-14.50; bulls 15.00-19.00; good and choice fat calves 22.00-25.00; common to medium calves 16.50-21.00; medium to choice stocker calves 19.00-25.00; medium to good stocker yearlings 18.00-22.00; plain to medium cows 16.00-18.00.

 Sheep 250; feeder lambs steady; other classes poorly tested; good feeder lambs 22.50; odd head heavy slaughter lambs 20.00.

Williams Guilty Of Negligent Homicide

SAN ANGELO—(AP)—A jury decided Wednesday night David Williams, 26, was guilty of negligent homicide in the death of George Miller, 25, who fell under a grading machine after a buzzing plane frightened him.
 Miller was crushed under the wheels of the grader October 18, jumped or fell from the machine after a light airplane made two passes at him.
 Williams was fined \$250. A previous trial resulted in a hung jury.
 County Attorney Bill Tupper said he believed it was the first time in Texas a pilot was convicted in a death caused by a low-flying plane when the craft did not actually hit the victim.

RETURN FROM AUSTIN

Mr. and Mrs. Roy McKee and son, Scott, have returned from Austin where he attended a meeting of the Executive Council of the Texas Social Welfare Association.
 McKee is a member at large of the council.

RIDINGS QUILTS POST

FORT WORTH—(AP)—Paul C. Ridings, Texas Christian University publicity director and journalism department head, resigned Thursday to enter the commercial public relations field in Fort Worth. He has been on the TCU faculty since 1948, when he succeeded his late father, J. Willard Ridings. Ridings will be associated here with Guy Witherspoon in a public relations firm bearing their names.

The natives of the Marianas Islands are Chamorro, which in Portuguese means people "with cropped hair." They were so named by Magellan.

Permian Basin Oil & Gas Log

(Continued From Page One)
 oil or formation water were developed.
 This prospector is due to dig to around 7,000 feet to explore into the Ellenburger.

C-S Cochran Tester Strikes In Deep Lime

A discovery from the Mississippiian lime has been assured the Landon multi-pay area of Central-South Cochran County at Texas Pacific Coal & Oil Company No. 5-D Edwards.
 That development had swabbed 125 barrels of new oil in 24 hours from perforated sections the 10,400-555 feet and at 10,560-580 feet.
 The upper interval had been washed with 750 gallons of mud acid and the lower zone had been washed with 500 gallons of mud acid.
 Operator was preparing to treat the entire horizon with 5,000 gallons of acid, and test further. It is hoped that the large acid injection will cause the well to kick off and flow.
 This discovery had swabbed at the rate of about 75 barrels of oil per day before it was washed with the mud acid. No formation water had been developed in the Mississippiian pay.
 This well is showing for the first commercial production from the Mississippiian on the South Plains.
 The Landon field has production from the San Andres of the Permian above 5,100 feet. It also has one well producing from the Pennsylvanian lime and one completed producer from the Devonian.
 Texas Pacific No. 5-D Edwards, which is located 1,650 feet from north and 1,679 feet from west lines of section 13, block L, psi survey, is 7,223 feet. The sample showed good indications of oil and gas and good fractures.
 A 45-minute drillstem test was taken at 7,194-7,223 feet. There was a good blow of air at the surface in 18 minutes.
 Salt water started flowing at the surface in 25 minutes, and then continued in a steady flow until the tool was closed.
 There were no signs of oil. Open flowing bottom hole pressure was 3,300 pounds. Shutin bottom hole pressure after 30 minutes was 3,350 pounds.
 Salt content of the drilling mud was 3,600 parts per million. Salt content of the water was 57,000 parts per million.
 The venture will make more hole.
 Location is 660 feet from north and west lines of section 35, block 25, H&TC survey. The prospector is ten miles southwest of the Amerada Petroleum Corporation No. 1 Von Roeder, recently completed flowing discovery from the lower Canyon in the southeast corner of Borden county.

Standard Flows Salt Water In SE Borden

A white lime, which some geologists think is the Canyon reef of the Pennsylvanian, flowed salt water at Standard Oil Company No. 1 H. Eland, for the Diamond-M-Canyon field, is to be 15 miles southwest of Snyder. Exact location is 660 feet from north and east lines of section 146, block 25, H&TC survey.
 After topping a white lime at 7,192 feet, which is 4,786 feet below sea level, the prospector deepened to 7,223 feet. The sample showed good indications of oil and gas and good fractures.
 A 45-minute drillstem test was taken at 7,194-7,223 feet. There was a good blow of air at the surface in 18 minutes.
 Salt water started flowing at the surface in 25 minutes, and then continued in a steady flow until the tool was closed.
 There were no signs of oil. Open flowing bottom hole pressure was 3,300 pounds. Shutin bottom hole pressure after 30 minutes was 3,350 pounds.
 Salt content of the drilling mud was 3,600 parts per million. Salt content of the water was 57,000 parts per million.
 The venture will make more hole.
 Location is 660 feet from north and west lines of section 35, block 25, H&TC survey. The prospector is ten miles southwest of the Amerada Petroleum Corporation No. 1 Von Roeder, recently completed flowing discovery from the lower Canyon in the southeast corner of Borden county.

Scurry Fields List Four Completions

A list of four completions have been reported from Scurry County oil fields. Kelley field has two new producers, and North Snyder and Diamond-M-Canyon lime fields have one each.
 J. S. Abercrombie has completed two wells in the Kelley field. No. 2 Guy Stoker flowed naturally on a 24-hour potential for 32.6 barrels of 43.8 gravity oil, with no water. Production was through a one-fourth-inch choke.
 Tubing pressure was 575 pounds and gas-oil ratio was 820-1. Pay was topped at 6,569 feet, and total depth was 6,725 feet. A seven-inch oil string was set at 6,674 feet.
 Location is 467 feet from south and east lines of section 40, tract 22, Kirkland & Fields survey.
 Abercrombie No. 3 W. J. Conrad was completed for a natural flow.

Scurry Spotted With Eleven Drillites

Scurry County proven oil areas have been staked with 11 new locations.
 The North Snyder field will get five of the possible additions; the Kelley field is to receive five; and the Diamond-M-Canyon field will get one.
 Standard Oil Company will drill two explorations in the central part of the North Snyder field. No. 2 S.

NW Kent Wildcat Waits On Orders

Ryan Hays & Burke No. 1 Kenny, Northwest Kent County wildcat, 10 miles south of Spur, and 660 feet from south and west lines of the southeast quarter of section 57, block 2, H&G survey, was bottomed at 7,506 feet, according to electric log, and was circulating while waiting on orders.
 This venture started out under a contract to dig to 7,500 feet. The driller's log carried the total depth to be 7,509 feet.
 The project is bottomed in dry, Strawn lime. It has not logged any signs of oil or gas in any section it has penetrated.
 There is a strong possibility, according to informed observers, that the project will be plugged and abandoned shortly.

Vickers Will Plug Andrews Venture

Vickers Petroleum Company will plug and abandon the No. 1 Paken-Amerada in Central-South Andrews County 4,825 feet.
 On a two-hour drillstem test at 4,789-4,825 feet in the Grayburg lime of the Upper Permian, operators recovered 90 feet of gas, but drilling mud, and 210 feet of oil and gas cut sulphur water. There was a light blow of air throughout the test.
 The failure is 1,980 feet from south and 660 feet from east lines of section 12, block 42, G&MMB&A survey; four miles north of the nearest producing wells in the Midland Farms field; and eight miles south of the town of Andrews.

COTTON

NEW YORK—(AP)—Thursday noon cotton prices were 20 cents a bale lower to five cents higher than the previous close. March 30.74, May 30.76 and July 30.39.

MCKENNEY Answers Your

CANASTA

By WILLIAM E. MCKENNEY
Written For NEA Service

As I told you, Ely Culbertson now has joined the ranks of the canasta authorities and has just published a new book entitled "Culbertson on Canasta." In his new book he gives several very good examples of freezing the pack. There are several occasions when you should freeze. The defensive freeze is one not well understood by even the average player. I have built up a good example of the defensive freeze which is explained on page 49 of his new book. Your hand after the pick you need 120 melds: 2-A-K-K-J-J-10-10-9-7-5-5 Opponents' melds: Joker-A-A-A-A 2-K-K-K 2-8-8-8-8 2-7-7-7-7-7 6-6-6-6 2-4-4-4-4

Locations For WT Region Increase Over Past Week

Locations for 82 new petroleum explorations in district No. 8 of Texas were reported to the Midland office of the oil and gas division of the Railroad Commission of Texas during the past week. This is an increase of six over last week's total.

Locations again led the list with a total of 36 new field projects. Ector County was next with 12 new drill sites listed.

Andrews County reported five new projects. Cochran and Pecos each reported four new explorations.

Three new locations were listed in Garza County. Glasscock, Hockley, Loving, Sterling and Winkler Counties each listed two new projects.

The remaining drill sites were staked one each in Borden, Gaines, Howard, Mitchell and Yoakum Counties.

Three wildcat locations were reported in the area during the past week. These were divided one each among Gaines, Kent and Scurry Counties.

Five amended applications were filed. One of these was on a wildcat in Borden County. The remaining amended applications were distributed one each to Ector, Pecos, Scurry and Winkler Counties.

Standoll No. 2-A-P University of Texas. 2,051 feet from west and 660 feet from south lines of southwest quarter of section 16, block 11, University survey, rotary, 8,600 feet depth. Three Bar field, starting at once.

Cities Production Corporation No. 3-G Cowden. 1,880 feet from east and 660 feet from south lines of southeast quarter of section 15, block A-52, pal survey, rotary, 8,000 feet depth. Dollarhide-Devonion field, starting at once.

Standoll No. 11-Q-R-A-B Midland Farms. 1,385 feet from east and 660 feet from south lines of southeast quarter of section 9, block 42, T-1-N, G&MMB&A survey, rotary, 5,000 feet depth. Midland Farms field, starting immediately.

Standoll No. 6-S-R-A-A Midland Farms. 660 feet from north and 1,982 feet from west lines of section 7, block 42, T-1-N, G&MMB&A survey, rotary, 5,000 feet depth. Midland Farms field, starting at once.

Standoll No. 7-0-R-A-B Midland Farms. 1,987 feet from east and 660 feet from south lines of section 8, block 41, T-1-N, G&MMB&A survey, rotary, 5,000 feet depth. Midland Farms field, starting at once.

Borden County—
Condor Petroleum Company No. 2-37 Good. 660 feet from north and west lines of southeast quarter of section 37, block 33, T-4-N, T&P survey, rotary, 8,500 feet depth. Good field, starting at once.

Amended Seaboard No. 1 Modesta Good Simpson. 1,977.9 feet from north and 2,127.5 feet from east lines of section 10, block 33, T-3-N, T&P survey, rotary, 8,500 feet depth. Wildcat, starting immediately. Changed location.

Cochran County—
Skelly No. 1 W. B. Cook. 440 feet from south and east lines of section 24, league 131, Carson CSL survey, rotary, 5,100 feet depth. Levelland field, starting at once.

Cobb and Watson (Odessa) No. 1 and No. 2 C. S. Dean. No. 1 is 440 feet from south and east lines of southeast quarter of labor 11, league 90, Lipscomb CSL survey, A-78; No. 2 is 440 feet from north and east lines of northwest quarter of labor 11, league 90, Lipscomb CSL survey, A-78, rotary, 5,100 feet depth. Slaughter field, starting at once.

Coronado Oil Company (Tulsa, Okla.) No. 4 O. L. Slaton. 848.5 feet from north and 990 feet from west lines of 158.8 acres lease in tract 13, block V, P. B. Penny survey, rotary, 5,000 feet depth. Levelland field, starting at once.

Ector County—
Standoll No. 7-P-Deep C. Scharbauer. 660 feet from south and 3,300 feet from west lines of southwest quarter of section 28, block 44, T-1-N, T&P survey, rotary, 8,600 feet depth. Goldsmith-Clearfork field, starting at once.

DeKalb Agricultural Association, Inc. No. 9-B-T-P Lands Trust. 660 feet from north and east lines of unit C, section 25, block 45, T-1-S, T&P survey, rotary, 6,000 feet depth. Goldsmith 5600 field, starting immediately.

Leland Pikes No. 6 H. E. Cummins. 2,310 feet from east and 990 feet from south lines of section 33, block 45, T-1-N, T&P survey, rotary, 4,500 feet depth. Goldsmith field, starting immediately.

Leland Pikes No. 3 H. E. Cummins. 1,650 feet from east and 330 feet from south lines of southeast quarter of section 33, block 45, T-1-N, T&P survey, rotary, 4,500 feet depth, starting at once.

Samedan No. 1 W. P. Cowden. 330 feet from north and 990 feet from east lines of northeast quarter of section 20, block 44, T-1-N, T&P survey, rotary, 4,150 feet depth. Goldsmith field, starting at once.

Standoll No. 82-R/A-A J. M. Cowden. 660 feet from north and west lines of section 34, block 43, T&P survey, rotary, 5,500 feet depth. North Cowden Deep field, starting at once.

Phillips No. 5 Blakeney. 662 feet from south and 665 feet from east lines of southwest quarter of section 7, block A, pal survey, rotary, 4,300 feet depth. Goldsmith Clearfork field, starting immediately.

Humble No. 10-B W. F. Cowden. 1,980 feet from south and 660 feet from west lines of southwest quarter of section 28, block 44, T-1-N, T&P survey, rotary, 6,300 feet depth. Goldsmith Clearfork field, starting at once.

Morris & Scherck No. 1, No. 2 Paul Moss. No. 1 is 1,980 feet from east and 660 feet from north lines of northeast quarter of section No. 2 is 1,980 feet from east and 1,980 feet from north lines of northeast quarter of section 1, block 43, T-3-S, T&P survey, combination, 4,600 feet depth. South Cowden field, starting at once.

Vina Bagley No. 5 L. K. Colbert. 1,320 feet from north and west lines of northwest quarter of section 5, block 42, T-3-S, T&P survey, rotary, 4,500 feet depth. South Cowden field, starting at once.

Winston Hull Re-elected As ACS Leader

HOUSTON—H. Winston Hull of Midland has been re-elected lay director for District 2 of the American Cancer Society, Texas Division, president of the Texas Division, has announced.

As district director Hull is one of the three top leaders of the society in the 21 counties of District 2, which comprises Andrews, Borden, Dawson, Dickens, Ector, Fisher, Gaines, Garza, Glasscock, Howard, Kent, King, Lynn, Martin, Midland, Mitchell, Nolan, Scurry, Stonewall, Terry and Yoakum counties.

The other two district leaders—Mrs. John J. Perry of Sweetwater and Dr. Roscoe B. G. Cowper of Big Spring—and Hull make up the

Winston Hull

American Cancer Society's "triangle of leadership" for District 2. Under this plan of leadership a triumvirate consisting of a doctor, a layman, and a woman leader work out a coordinated program to fight cancer in the district.

In announcing Hull's appointment, Smith pointed out that similar "triangles of leadership" are being formed in each county in the state.

A division agent for the Texas Gulf Producing Company, Hull has been engaged in the geological, engineering, land, and administrative phases of the oil industry since 1923. He has resided in Midland for more than six years.

DEMOLAYS GIVE GIANT WASHINGTON MEMORIAL

ALEXANDRIA, VA.—A 17-foot bronze statue of George Washington has been erected in the George Washington Masonic Memorial.

It cost \$80,000 and it took the sculptor, Bryant Baker of New York, two years. It is the gift of the Order of Demolay, a Masonic youth organization.

The statue depicts Washington with hat in hand preparing to open a meeting of his old Masonic lodge in Alexandria.

Lemon Pie Is Always Popular Dessert

OLD STANDEY—You never have to worry about lemon pie falling to make a hit. It always draws applause.

By **GAYNOR MADDOX**
NEA Staff Writer

When in doubt about pie make it apple or lemon. Then you'll be safe. Here's a new lemon pie recipe:

Famous Lemon Pie
(Makes one 9-inch pie)
Three tablespoons cream-style cornstarch, 1 1/2 cups sugar, 1 1/2 cups lemon juice, 1 tablespoon grated lemon rind, 3 eggs, separated, 1 1/2 cups boiling water, 1 (9-inch) baked pie shell, 6 tablespoons extra sweet white corn syrup.
Combine cornstarch, sugar, lemon juice and lemon rind. Beat egg yolks; add to cornstarch mixture. Gradually add boiling water. Heat to boiling over direct heat and then boil gently 4 minutes, stirring constantly. Pour into pie shell.

Beat egg whites until stiff but not dry. Gradually beat in the white syrup. Spread meringue over top of pie, carefully sealing in all the filling by spreading meringue to touch all edges of crust. Bake in hot oven (425 degrees F.) 4 to 5 minutes or until browned. Cool on a cake rack away from drafts. Serve cold.
Here's a good fruit dessert, especially after a heavy meal:

Banana Apricot Delight
Six apricots, 2 cups water, 1 1/2 cup sugar, 3 to 4 ripe bananas (use fully ripe bananas—

yellow peel flecked with brown). Wash apricots and place into saucepan. Add water and cook over medium heat 10 minutes. Cover and continue cooking over low heat about 10 minutes or until apricots are tender. Add sugar and cook 5 minutes longer. Remove from heat and cool thoroughly.

Just before serving, peel bananas and slice into 6 dessert dishes. Cover with stewed apricots. Serve with sweetened whipped cream or custard sauce, if desired. Note: Canned or leftover stewed apricots may be used.

Game Wardens Take To Air In Illinois To Spot Violators

SPRINGFIELD, ILL. (NEA)—Fish and game violators in Illinois have something more than the game warden to contend with. A radio-controlled system, involving boats, cars and airplanes, has been successfully placed in operation by the Illinois Department of Conservation.

Key to the operation is a reconnaissance plane, which spots suspected violators. It radios the information to ground forces cruising rivers and nearby roads in boats and automobiles.

In one test, which resulted in the arrest of three men taking ducks out of season on the Illinois River, the observation plane was flown by William E. Morrison of Springfield, a former Navy flier. He followed the movements of the suspected men, the ground crews moved in to investigate and the arrests followed.

The autos and boats of the Conservation department are clearly marked with a huge white cross, so the flier can easily identify them from the air.

In another test nearly 100 department investigators participated in a three-day maneuver which was unofficially tagged "Operation Bluebird" because of the bright hue of the plane.

First step in the manhunt was a council of war the night before in Peoria, at which all participants were told their specific duties. Director Leonard Swartz of the Conservation Department and Samuel Carney, chief inspector, briefed the men in game enforcement methods.

The next morning the investigators split into three groups—airplane observers, automobile and boat crews. The plane took off with a pre-arranged signal to contact the ground forces at Chillicothe. Despite bad weather, the airplane, flying at about 1,200 feet, made contact with the first auto at the Illinois public shooting grounds near Springfield.

Up the Illinois River, near Putnam, the first cluster of suspected violators was spotted. A trio of hunters apparently was stalking ducks and geese. Flocks of ducks were so thick that at times they shadowed the ground and water as they passed over.

The plane banked and dropped down to get a clearer view of the men. Unaware of the official status of the plane, the suspects waved at the pilot.

Plane lookouts radioed to the automobiles and boats, marked the spot, and about seven minutes later the men were apprehended by the automobile investigators. The boats stayed in the center of the river to thwart any escape by water should the game violators be equipped with a boat.

Throughout State "The Flying Squadron" operates throughout the state of Illinois, particularly in areas where violators are liable to be numerous.

Since the agents of the Conservation Department are unknown in the areas where they are operating, the plane-boat-automobile tie-up is proving especially effective.

When asked about the present location of the enforcement group, Chief Inspector Carney commented:

"That is a military secret."

Spends Honeymoon As 'Stowaway'

COPENHAGEN (AP)—How would you like to spend six months of your honeymoon locked up in a cabin as a stowaway? That's how a 23-year-old Danish girl spent it. She just returned to Denmark after having visited—but not seen—the Panama Canal, Puerto Rico and Chile together with her husband, a greaser aboard a Danish freighter.

None of the officers aboard know anything about the romance sheltered by their ship, and will never know, if the sailor and his wife can keep their identity a secret. Six months ago the newly wed woman visited her husband aboard the ship at Frederikshavn on the east coast of Jutland. She overslept and did not wake up until the ship was at sea. Soon the whole crew knew about the stowaway. They fed her and she darned their socks.

1950 Auto License Plates Bright As Men's Neckties, Survey Made By AAA Brings Out

WASHINGTON, D. C. — Like men's neckties, automobile license plates for 1950 carry forward the post-war trend toward brighter colors, according to the American Automobile Association's annual survey of state motor vehicle registration and license laws.

The AAA report points out that drab hues used during the war have now been generally discarded for more cheerful colors, the variety of which would run the length of the spectrum. Orange, gold, chrome yellow, royal blue, red, bright green, lemon yellow, silver, light blue, cream and straw are among the shades used in 1950 license plates.

Cheerful Combinations
Cheerful combinations include silver on blue for Nevada; green on white for Colorado; blue on orange for Florida; black on lemon yellow for Ohio; yellow on blue for Pennsylvania, and gold on black for Indiana.

Nine states have now departed from the old practice of issuing new license plates each year. Five states—Connecticut, Delaware, Missouri, Maryland and Wisconsin—have some type of permanent plate. California is using its 1947 plates with a '50 insert, while Maine intends to use its 1950 plates for an indefinite number of years by providing date tabs. In Massachusetts, 1950 windshield stickers are authorized for use with 1949 plates, and Rhode Island has authorized black-on-white '50 inserts.

Here are color schemes for the 1950 automobile plates by state: Alabama, yellow on black; Arizona, black on white; Arkansas, white on dark green; California, black on yellow; Colorado, green on white; Connecticut, black on beaded aluminum; Delaware, white on black; Florida, blue on orange; Georgia, black on aluminum; Idaho, white on black; Illinois, green on white; Indiana, gold on black; Iowa, black on white; Kansas, green on treated aluminum; Kentucky, white on green; Louisiana, yellow on royal blue; Maine, black

on aluminum; Maryland, black on aluminum; Massachusetts, white on black; Michigan, black on white; Minnesota, white on black; Mississippi, black on yellow; Missouri, white on red; Montana, white on black; Nebraska, blue on white; Nevada, silver on blue.

Texas, Gold On Black
New Hampshire, white on green; New Jersey, black on straw; New Mexico, white on blue; New York, orange on black; North Carolina, gold on black; North Dakota, black on orange; Ohio, black on lemon yellow; Oklahoma, black on white; South Carolina, black on white; South Dakota, black on orange; Tennessee, black on aluminum; Texas, gold on black; Utah, orange on black; Vermont, white on green; Virginia, white on black; Washington, green on white; West Virginia, black on yellow; Wisconsin, white on black; Wyoming, white on black.

District and territory plates include: District of Columbia, chrome yellow on black; Alaska, blue on orange; Canal Zone, white on red; Hawaii, black on yellow and Puerto Rico, white on green.

Prospective Father Relieved Of Worry

BALTIMORE—A Ralph Fitting was pacing up and down the waiting room outside city hospital's maternity ward.

The prospective father got to the stage where he couldn't stand it any longer. He decided he needed a breath of fresh air. So he walked out the front door. A moment later he was looking down the barrel of a pistol. Two men relieved him of his wallet, containing \$45. When he ran back inside, he found he had gained a son. But Fleming could not stay around to meet the newest member of the family. Police hustled him off to headquarters to look through the rogue's gallery.

Youth Center Chatter

JOY HOWELL and JUNE HAZLIP Good afternoon, ladies and gentlemen. Thursday is here once again and from amid piles of school books and homework we are bringing you another edition of the YCC. (Boy, oh boy, with that beginning, have some news!). School days, school days, dear old golden school days—and tests! Yes, mid-term exams are here once again. This year, instead of being dismissed from school except when we have a test, we have to go to school and have regular classes all day. This time it isn't just because someone had a sudden mean streak and decided to make us go to school all day. A new law recently was passed in Texas and if we don't go to school the entire day during exams, we will have to go to school longer in the Spring. Here's one nice thing—On Thursday and Friday afternoons high school will be dismissed at 3 p.m.

Wanted: Dead or Alive (preferably dead) the person who first thought of the idea of examinations. This person is considered quite dangerous and is wanted on various charges throughout the United States. (And in a few foreign countries.) Big reward offered for his capture.

The question being thought most: Is it, or is it not, going to snow this week? Usually, by this time of the year, the first snow has at least begun to fall, but so far, this year, we have not seen a teeny, tiny, drippy-drop of snow. In fact, it still is warm enough to play tennis! Will it or won't it snow?

Attention: Be sure to listen to the MHS Band this coming Sunday. The band will broadcast its first concert at 3 p.m. over KCRS. From all the reports we've had, we have reason to believe that it will be very good.

Leroy Linnis and Bobby Petree were seen dashing around town and in the Youth Center over the weekend. The boys are from Stanton and are frequent visitors to the Center.

Have you ever heard of an educated car? Well, lend us an ear

and we'll tell you about the car that went to MHS. It all began when "Red" Morgan went to the Midnite Prevue and made the mistake of leaving his famous Model "A," keys and all, sitting in front of the YC. After the pre-views, Red returned expecting to see his little "car" in its usual place! Surprise! The car had vanished! (Now, we should stop and say, "Tune in tomorrow, same time, same place, and find out what happened!")

When a search of nearby driveways, alleys, and all other sorts of places failed to produce the missing car, Red solicited the help of Dick Monroe. At long last, about 5 a.m. to be exact, the car was found!!! One of the boys happened to notice it—sitting nonchalantly on the front porch of Midland High. We told you that the educated car—what next?

How did you get by on Friday the 13th? Not being the superstitious type, we patted black cats, spilled salt, walked under ladders, broke mirrors, and even attended the Midnite Prevue! All this, and believe it or not—our luck is getting better instead of worse! The Midnite Prevue seemed to be the big attraction for the teeners who turned our "en masse" to scream and shriek at the "Night Monster."

Mary Nell, Dick Monroe, Red Morgan, Charles Shepard, Don Lewis, "Duff" Dabson, Larry Ann Burnside, and Kenneth Goode were a few of the Teeners we saw there.

Among the "younger teen-age" were Lendon Cope, John Blackman, Jan Dickerson, Larry Ann Burnside, and Margy Nell. Friday the 13th was the night of the junior high football banquet and many of the "football heroes" attended the pre-views in suits, which they wore to the banquet. We heard several junior high girls r'arking on how cute the boys looked in their "formal clothes."

Lost and Found
Lost: One size 14 sense of humor, also one brown and black striped fountain pen. If found, contact Peggy Read.
Lost: One green billfold—some-where in the vicinity of a small town called Odessa. Lynn Griffith.
Found: All sorts of stuff—scarves, combs, billfolds, fountain pens, and mittens. Owners may have by identifying. Youth Center.
Lost: Black coin purse, if found, call Jan Beaky.
Lost: About a dozen fountain pens. Don Drummond.
Lost: One head—just any size. Call Kenneth Wright.
Found: Four tubes of lipstick—Sharon.
Found: About eight tubes of lipstick—Mary Jane Miller.
Lost: Our minds—June Hazlip and Joyce Howell.
Found: One "myself." Bobby Evans.

After mid-term examinations we will lose two of our most faithful YC members. Leon Cline is moving to California for the rest of the school year and Frank Ingham is going to a boys school.

By now, everyone has noticed the "new look" the boys are sporting! About a third of the boys got "butch" haircuts and now their hair is anywhere from one-eighth to five-eighths inch long. Of course, the boys no longer have to comb their hair (perhaps that is why they cut it) but just what will they do when it snows?

The boys aren't the only ones who are changing their hair styles. Jo Ann Nelson and Jean Blackwell now are wearing the new shorter hair style. Wilma Like had her hair trimmed a little; however, it still is quite long.

Last week we mentioned a bright pink shirt which Wayne Richardson was wearing. This week he had another new pink shirt. We have come to the brilliant conclusion that pink must be one of his favorite colors.

Wandering Thoughts
Where did Bet Studdert get her bright red turtle neck sweater? Alan Olson's new red jeep certainly can hold a lot of boys.

Our thanks goes to the unknown person who gave the Youth Center several magazines last week. We hear that Mary Nell makes a cute messenger boy! How about that, Mary?

On the bulletin board in the Center is a list of the various types of games you can check out. Plans are being made for a dance around Valentine's Day.

In celebration of the end of worry, brain strain, and hard studying, there will be a big informal Juke Box Dance Saturday night. Boys, get your dates—there will be no admission charge and come to the Center at 8 p.m. Saturday.

Want your fortune told? Want to know all about the future? Just ask Margi Carter to tell you your fortune. We noticed Jo Dean Downing and Emily Hamilton having the fortune told.

The band members can no longer spend their practice periods doing homework for other classes. A "spying system" (known to adults as an inner-communication system) has been set up. Mr. Hoffman now can tune in on the various practice rooms and hear what is going on.

Where—there they go! Dan Dickinson and Moe Price were doing acrobatic feats on a bicycle in the Center a few days ago. A bike which had been outside, was brought in the Center and all the Teeners had a lovely time trying it out. Roy Lee "Speed" Gloria Anguish ride around by stopping her ever, time she got started. Bill Spence was one of the faster riders but Moe and Don were the most interesting. Moe did the guiding and pedaling while Dan, who was on Moe's shoulders did the directing.

Peggy Minear seems to have a funny passion for sitting in wastebaskets lately!

Another person who deserves our heartfelt thanks this week is Mrs. R. W. Hamilton who took care of the Center last Tuesday afternoon while Mrs. Gwyn was attending an important meeting.

VFW Will Bring Busse Band Here

Another big name band is being brought to Midland by the VFW.

It is Henry Busse and his Orchestra scheduled to play a dance Friday night at the VFW Hall. The event is open to the public.

The band features Busse's trumpet and specialties including The Shuffle-Aires.

Henry Busse

Busse's band has played on all major radio networks, has made several movies and was featured in engagements at the Palladium of Hollywood, Strand Theater of New York, Coconut Grove of Los Angeles, Hotel New Yorker, Roosevelt Hotel of New Orleans and many others.

Henry Busse is familiarly known as the "Hot Lips Trumpet Man."

The U. S. Department of Agriculture recommends the use of lindane, a new insecticide, to control flies in dairy barns and milk plants.

Housing Troubles Complicate Divorce

WASHINGTON—(AP)—A Washington couple decided in 1941 to call it quits. In a property settlement the husband turned their house over to his wife and went out to look for a room. But in a city crowded with defense era government workers, it wasn't so easy. In the end his wife agreed to let him occupy a spare bedroom, adjoining hers as a matter of fact. He took his meals out.

In 1949 the wife sued for divorce. Federal District Court for the District of Columbia refused her a decree, contending that the circumstances indicated an estrangement and not separation. She appealed, and the U. S. Court of Appeals reversed the decision. Judge Thomas F. McAllister ruled that the "essential thing is not separate roofs but separate lives."

Four islands in the Marianas—Saipan, Guam, Rota and Tinian—are dotted with prehistoric burial sites evidently erected centuries before the islands were discovered by Magellan in 1521.

Give potatoes a gourmet touch by mashing them with sour cream and cheese and season to taste with salt and freshly-ground pepper. Turn into a shallow baking dish and run under the broiler to brown lightly just before serving.

Sensational NEW Food Discovery

IT'S CHURNED
IT'S BETTER

NEW Armour Process gives . . .
CLOVERBLOOM "99"
that delicious natural flavor your family loves!

If you've begrudged your budget the price of expensive natural spreads, Cloverbloom "99" is your wish come true. Your family will instantly approve the fresh, natural flavor of this thrifty NEW Spread, especially husbands who insist on the finest.

By law, we must label this NEW discovery oleomargarine, but no other margarine has ever had the fresh, sweet "melt-in-your-mouth" flavor of Cloverbloom "99." Armour scientists, after years of research, discovered a NEW process that gives Cloverbloom "99" that natural churned flavor, for Cloverbloom "99" is churned the natural way... that's one secret of its wonderful taste and texture.

This exclusive NEW Cloverbloom "99" process is so different from ordinary margarine making, we've built an entirely new plant in Texas to produce Cloverbloom "99" for you.

You must try Cloverbloom "99" to realize how wholesome and delicious it is. Although a few pennies more per pound than ordinary mar-

garine, Cloverbloom "99" costs considerably less than the more expensive natural yellow spread it so perfectly duplicates.

Be first in your neighborhood to try this NEW spread discovery. We are so firmly convinced that you'll prefer Cloverbloom "99" we will offer Double Your Money Back, if you aren't completely satisfied.

Hurry to your store and get a pound of Cloverbloom "99" today!

Also Available Uncolored

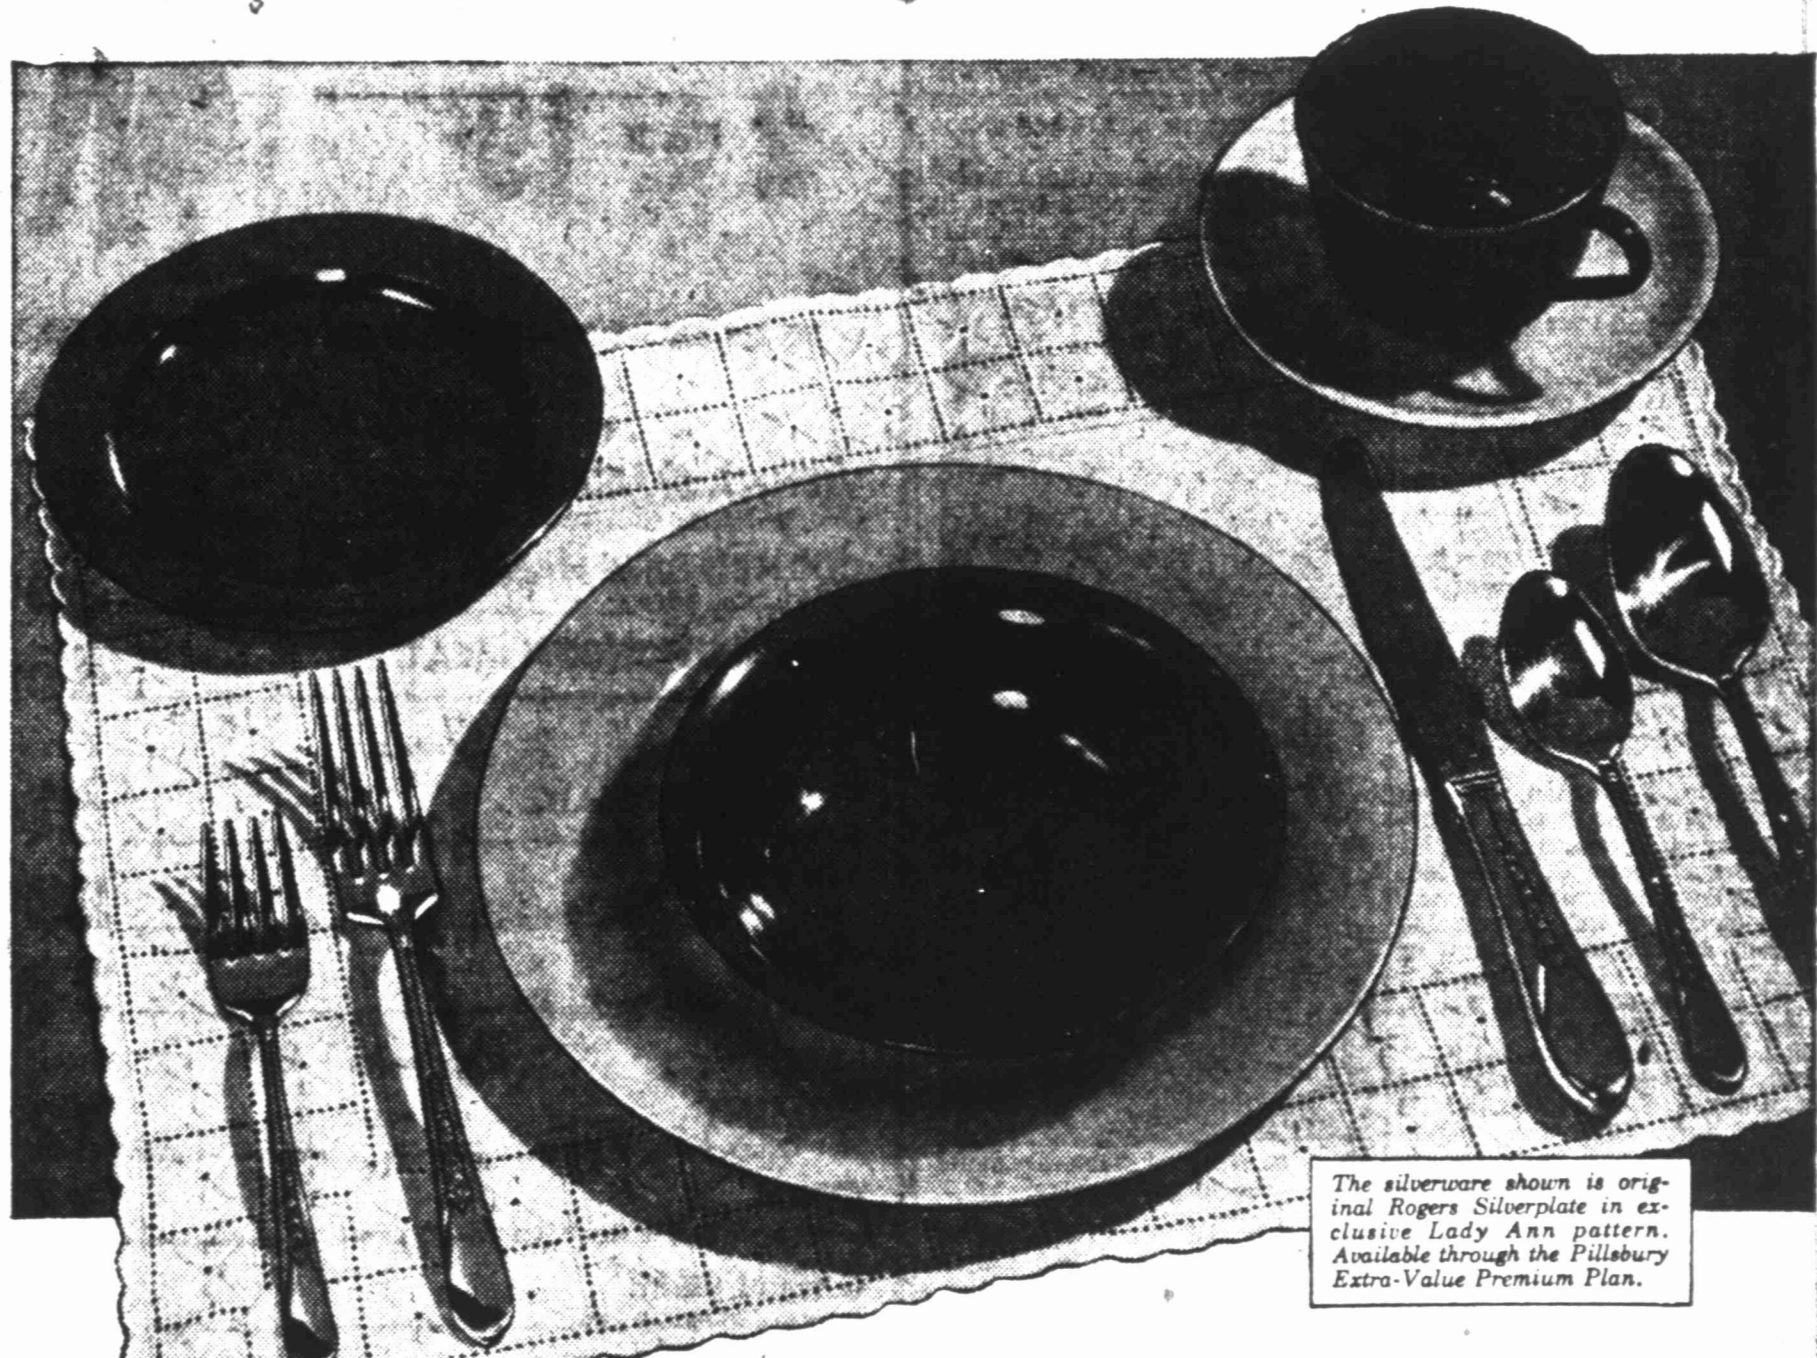

DOUBLE MONEY BACK GUARANTEE

If you are not completely satisfied with this grand new spread, return the unused portion to your grocer and he will refund double the purchase price.

CAA's Bright, Young Planners Seek New Way To End Air Traffic Crashes

WASHINGTON—(NEA)—Four bright young government planners have been working for a year on advances in air traffic control designed to prevent the sort of crashes and near-misses lately plaguing the Washington airport.

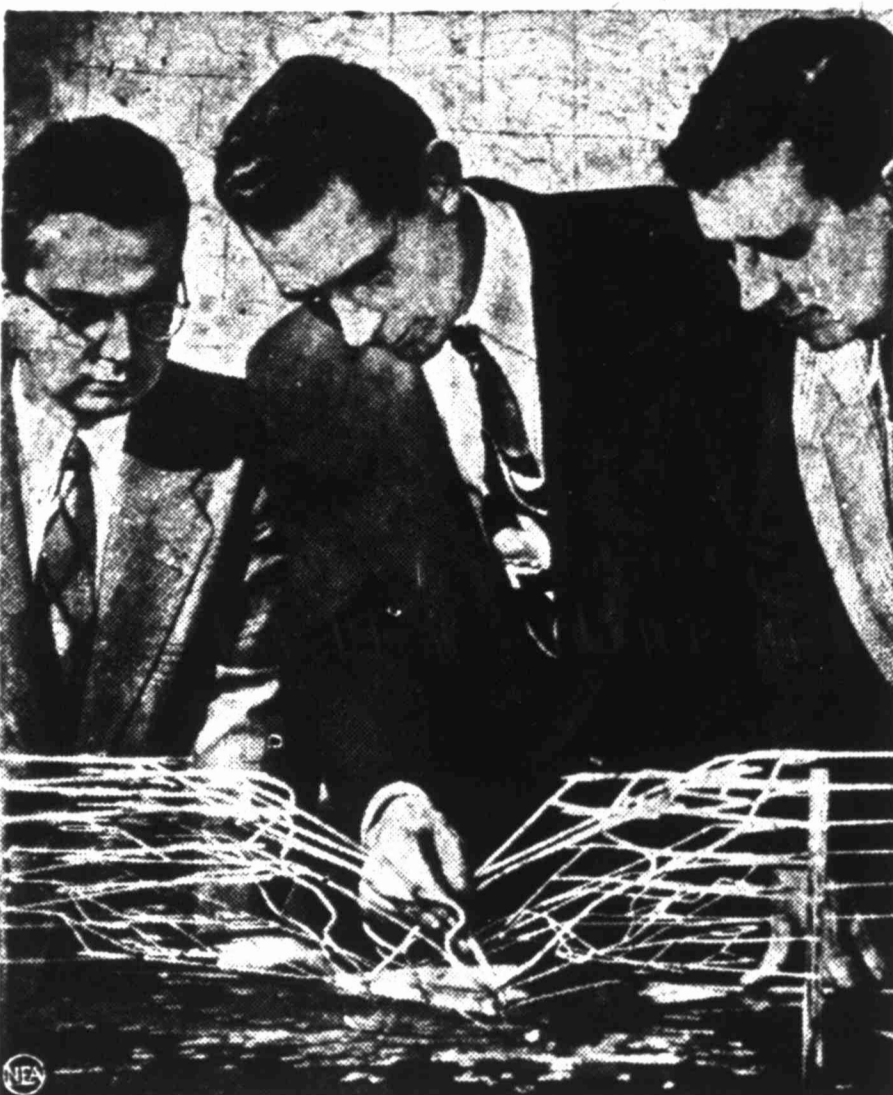

The steady rise in air travel and consequent overcrowding of the airlines over busy centers has worried the Civil Aeronautics Administration for a long time. It decided positive steps were needed. It set up a special committee to examine the problem and the committee wound up by naming the four-man planning team to up-date traffic control and navigation systems.

To get the bold, original thinkers desired for this job, the CAA committee tossed away dusty seniority rules and canvassed its far-flung personnel in an elaborate screening process.

Out of this careful weighing of talent came the members of the present team—Jack Hilton, Tom Dodson, Roy Jones and Simon Justman. This quartet—average age 35—was lifted from obscurity in the CAA ranks and handed one of the toughest assignments in aviation history.

Constant Confusion

How tough can be gauged from the November 1 collision that sent 55 persons to their deaths over Washington, from the close call Vice President Barkley's plane had about a week later, and from the constant confusion and danger that surrounds

CAA planners Simon Justman, Leslie Kullenberg and Roy Jones (left to right) study a complicated model used to visualize traffic patterns over an airport.

THE BEST COME FROM WASHINGTON STATE

the regular "stacking" of aircraft over landing fields when weather is bad or traffic heavy.

The CAA's young planners know these troubles first hand. Hilton more than once sweated it out for an hour or so in the CAA control tower at Indianapolis airport, trying to bring in a lost plane that was holding up a big stack of circling planes. He was chief controller there and one of the first CAA men trained in so-called Ground Control'd approach operations.

Jones, a 20-year veteran of aviation, served as an air route traffic controller for CAA from 1941 to 1948. He began his career with private airlines, learned to fly and do a variety of other jobs, including the writing of a text on navigation. When he joined the planning team he was senior controller at St. Louis. Dodson was working as chief communicator at the CAA's desert post in Lovelock, Nev. He felt buried there, for no promotion had been on the horizon since 1942. The new assignment was reward for his 16 years of radio operating experience in the Navy, the FCC and the CAA. Already in Washington.

Only Justman already was stationed in Washington when team selections were made. As a radar engineer with training in the Air Force laboratories at Wright Field, Dayton, Ohio, he had been brought into the CAA's communications engineering section in the capital.

The screening program that culled these men from 160 applicants emphasized five main qualifications. Tests or interviews were used to determine fitness for the exacting task ahead. The five traits looked for:

1. A keen sense of space relationship, a characteristic considered vital to any real grasp of how to juggle hundreds of aircraft in overburdened airfields during the course of a typical day.
2. General intelligence, with stress on analytical powers.
3. Broad interests, in all kinds of scientific and social development, to assure that the planners would be able to adapt knowledge from other fields to traffic control problems.
4. Creative thinking, to make certain that the planners would not be hamstrung by outworn ideas in their search for new solutions.
5. "Social intelligence," by which the screening committee meant the ability of a man to get along with others in working, on a difficult job.

Interviews were employed to measure applicants here with the likeliest candidates being subjected to severe grilling.

Pick Four Men

From the eight men with the highest combined scores the heads of CAA's traffic control and communications divisions picked the present four.

The team went to work in November, 1948. It now is under direction of E. R. Mehrling, who recently returned from duty in Germany as air traffic control adviser in the Berlin airlift operations of the Air Force.

One of the first major projects to engage the planners' attention is the so-called "private line." This is a proposed system calling for automatic two-way transmission for traffic control information between planes and the ground. Its goal is to assure a "position check" on each plane every 10 seconds, comparison of that position with the position of other aircraft, and relay of approval or change in a plane's flight path within 10 seconds.

If a relatively foolproof device of this sort can be developed, it may go far toward preventing repetition of mishaps like the tragic collision over the capital airport. And this is but one of the projects under study by the able CAA planning squad.

WINS COMMISSION TO MAKE FORRESTAL BUST

WASHINGTON—(AP)—The son of the late Kyosti Kallio, president of Finland from 1937 to 1940, has won a commission to execute a bronze bust of the late James Forrestal, first secretary of defense.

The sculptor, Kaleervo Kallio, won by submitting a plaster model in an open competition. His bust was unanimous choice of the award committee. The Forrestal Memorial Committee, of which Defense Secretary Johnson is chairman, will pay \$5,000 for the bust. It will be erected at one of the entrances to the Pentagon.

TOADS FOR LONDON

SYDNEY, AUSTRALIA—(AP)—An export license recently granted will allow an air-freight consignment of giant seven-inch toads to a medical research center in England. Scientists consider the toad of great value for research into the activity of the nervous system.

Different parts of the same fur pelt wear differently. The backs of most animals wear better than the sides and the sides outwear the bellies and the paws.

Abundant Living

By E. STANLEY JONES

Luke 10:27-37.

THE KINGDOM OF GOD IS AMONG YOU

We commented earlier on the fact that "the Kingdom of God is within you." But there is another translation which says, "The kingdom of God is among you." Which is correct? Jesus probably used both, for both are profoundly true. If the Kingdom of God is stamped into the constitution of our own beings, it is also stamped into our relationships with one another. There is a way to get along with ourselves, and there is a way to get along with other people, and that way is God's way. The Kingdom of God is among you.

If you try to get along with others on some basis other than God's, you won't. Your relationships will break down. Try to get along with your family on the basis of dominating the rest. Result? There will be seething revolt and your own frustration and unhappiness. In trying to dominate, you break the law written into the constitution of human relationships. No, you do not break the law; you break yourself upon the law.

The central law of human relationships is expounded by Jesus: "Thou shalt love thy neighbor as thyself." Now, you needn't obey that law; you needn't love your neighbor as you love yourself, but if you don't, you can't get along with your neighbor. Your relationships will break down. When you do not love your neighbor, you do not get rid of him; he comes back on your hands as a problem and a pain. Loving your neighbor is a forced option like eating—you do not have to eat, but if you don't eat, you can't live. You do not have to love your

Wanted—One Monkey Catcher, Outdoor Job

NEW DELHI—(AP)—Want an outdoor job with lots of live prospects? They need a monkey catcher here. The field hasn't been worked since 1947. A newly-hired monkey catcher, a Moslem, left India suddenly during the communal riots of that year before getting down to work. Hindus won't take the job because monkeys are sacred to them.

Besides perpetrating such annoyances as swiping golfballs right off the greens, the monkeys are occasionally vicious. Captured monkeys will be deported rather than killed. Municipal President Yudhvir Singh thinks they might bring some much-needed dollars in U. S. trade.

NEED HELP ON VITAMINS

DAVIS, CALIF.—(AP)—Horses make a lot of their own vitamins in their digestive tract, but not enough to keep them healthy, reports Dr. Floyd Carroll, animal husbandry expert at the University of California College of Agriculture. Good feed containing B vitamins has to supply the rest, he says.

IT'S HARD TO BELIEVE! BUT IT'S TRUE! IT'S ANOTHER TIDE MIRACLE!

A DAZZLING CLEAN WASH WITHOUT RINSING!

"NO MORE RINSING FOR ME!"

says Mrs. Elizabeth Davis of PORTSMOUTH, OHIO

"I didn't believe Tide could do it... till I tried it! But it's true! I took the clothes right out of those wonderful Tide suds and put them through the wringer and onto the line. And, they looked so bright and clean—I was proud to hang them up!"

TIDE cuts washday work in half!
No more rinsing!
Just wash... wring out... hang up!

YES, another Tide miracle has been discovered—and it's the washday news of the mid-century! With Tide in your washing machine—you can take your clothes right out of the suds... put them through the wringer and hang them on the line dazzling clean! *Without rinsing!* Hard to believe? Yes, but it's a fact—and women all over America are proving it today.

YES, CLEAN! You all know how clean Tide has always washed your clothes *with* rinsing. Actually cleaner than any other washing product you can buy. Now, we'd like you to try Tide without rinsing... and then compare the results. It's simply unbelievable how bright, fresh and clean you can get your wash with Tide, *without rinsing*. And think of the time and work you save! So try Tide... without rinsing! If you do, you'll never want to use anything but Tide again!

"I took my wash out of the Tide suds—wring it out—and hung it up CLEAN! I'll never rinse again!"

says Mrs. M. Hayes OF WEHAWKEN, NEW JERSEY

"My whole family wash dried so soft and fluffy—ironed so easily—without any rinsing at all!"

says Margaret Lockwood OF INDIANAPOLIS, IND.

"Tide now makes possible an amazing new kind of washday—quick and easy, almost beyond belief. Just think of all the time and all the work I'm going to save every week... without rinsing! And think of the wear and tear it saves on my clothes! Thank you, Tide, for the biggest washday miracle of all!"

"Talk about miracles! I take my clothes out of Tide's wonder suds, wring them out, and the dirt runs right out with the washwater just as they say it does! And what a beautiful fresh, clean wash *without any rinsing at all!* It dries soft, fluffy, easy to iron. From now on, it's Tide—and only Tide—for me!"

No Other Washing Product Known Can Match TIDE For Getting Out Dirt And Soap Film, Too

Tide
Oceans of Suds
CLEANS CLOTHES, sparkling DISHES

For the world's EASIEST washday... Try TIDE without rinsing!

SURPRISE FLAVOR—Good, hot cereal is important to a child's health. Vary the breakfast oatmeal to get youngsters interested.

By GAYNOR MADDOX
NEA Staff Writer

A good breakfast is vitally important to a child's health. If your child just isn't interested in eating a normal breakfast of fruit, cereal, bread and butter or fortified margarine, and milk, don't nag. Instead try making the morning cereal more interesting.

We asked the dietitians at two Chicago orphanages to experiment for us on how to get youngsters to eat better in the morning. Oatmeal was chosen for the experiment because of its high protein value, vitamin B1 and iron and its cost economy. They report that within two weeks most of the poor eaters were asking for seconds.

The dietitians make these suggestions: Prepare the breakfast oatmeal the way the children like it best. For flaky oatmeal, have the water boiling before adding the rolled oats, then cook two to five minutes, stirring occasionally. Turn off the heat and let stand for five minutes.

Creamy oatmeal can be prepared quickly without long cooking by adding the rolled oats to cold water, then bring to a boil and cook as usual. Don't forget the salt—it brings out the best flavor.

Vary this cereal. Variations: (1) Serve brown sugar as the sweetening. Children love the butter-scotch flavor. (2) Number one favorite at the orphanage was Raisin Spice Oatmeal. Stir 1 teaspoon cinnamon, 1 1/4 teaspoon nutmeg and 1/2 cup raisins into the boiling salted water before adding the cereal and cooking as usual. The raisins add iron and calcium. (3) Dried fruits also add flavor. Fold 1 1/2 cup chopped dates or cooked prunes into four servings of the cooked oatmeal just before bringing it to the table.

(4) Serve as eggnog topping instead of the usual milk or cream. Combine 1 beaten egg, 2 teaspoons sugar, 1 cup top milk and 1 1/4 teaspoon vanilla and serve it over hot cereal. (5) Chocolate bits are a party breakfast treat when served with oatmeal. Fold them in just before serving or sprinkle them over the top of each dish.

Remember the child's capacity for food. Serve small portions and let them come back for more. Too large a portion is discouraging to anyone, and particularly to youngsters.

Few Now Remember Reid, Whose Death Shook Film Capital

HOLLYWOOD—(AP)—Probably no more than a handful of persons recalled the 27th anniversary of Wallace Reid's death Wednesday. But it was an event that shook Hollywood.

Wally Reid, a slim but rugged young man with a whimsical smile and a charming manner, was a brilliant star of the silent era. He died at his peak—in the midst of a dope scandal.

Born in St. Louis, he became a reporter, civil engineer, cowboy and editor of a motoring magazine. He went into vaudeville and drifted to the movie studios in New York in 1910.

Didn't Like Acting
"I never wanted to be an actor," he said later. "I don't want to be an actor. The promoters liked the shape of my nose or something, and I was powerless to do what I wanted to do."

Fame had snared the actor after he appeared in a fight scene in "Birth of a Nation." He became a sensation and starred in picture after picture. Then fortune began to swing against him.

He suffered a severe gash in the head while making a picture in New York. But he continued making eight pictures a year and living even faster. Late in 1922, his studio announced that he was sick from "overwork and a bad case of klieg eyes."

Storm Breaks
Then the storm broke. It was revealed that dope was the real reason for the illness.

"More than two years ago all this trouble started," said his wife the former Actress Dorothy Davenport. "It was after his accident. Wally became a different man—not the smiling, happy boy I married. Whisky, Whisky, Whisky, morning noon and night was the program for months—and then drugs."

"He told me he felt like there were great big lumps at the bottom of his head. He began using morphine to ease the pain."

The scandal rocked the nation. Ministers were up in arms. A pitiful shadow of his former self, he slipped from 150 pounds to 120.

After six weeks of illness, he murmured "tell them, mama, I have won my fight—that I have come back." Then he fell into a lasting sleep on Jan. 18, 1923.

Among improved devices for use with combustion engines is a lubricating oil purifier which will filter the oil and heat it to a point where such liquid impurities as gasoline, kerosene, and water will be vaporized and driven off.

"If I keep on playing while taking a drink, the wife thinks it belittles her game!"
