### U. S. May Break With Bulgaria

WASHINGTON—(AP)—The United States threatened Friday to break diplomatic relations with Bulgaria unless that Communist country withdraws its demand for the recall of American Minister Donald R. Heath from Sofia.

An American note replying to the Bulgarian recall request was ordered delivered to the Bulgarian government in Sofia. It also was handed to Dr. Pete Voutov, ranking Bulgarian diplomat here.

The note described the demand for Heath's recall as simply the latest of a "series of indignities and restrictions" which have made it virtually impossible for the U. S. diplomatic mission in Sofia to carry on its duties.

The American note added: "Accordingly, unless the Bulgarian government withdraws its note of January 19 and demonstrates its willingness to observe established international standards of conduct, the United States government must conclude that the Bulgarian government does not desire to maintain normal relations."

"In these circumstances the United States government will be obliged to withdraw the United States diplomatic mission from Bulgaria and ask for the recall of the Bulgarian diplomatic mission from the United States."

Those threatened actions of the American government would constitute a break of diplomatic relations. The Bulgarian note of January 19 was the demand for Heath's recall. It was handed to the State Department late Thursday by Dr. Voutov, the Bulgarian chargé d'affaires here.

### Military Strategy Seen Behind Move To Recognize Spain

WASHINGTON—(AP)—The new American decision to help scrap the diplomatic boycott of Franco Spain apparently had military strategy as a major reason.

Diplomatic officials reported Friday Western military leaders long have favored this as a move toward bringing Spain into the Western defense system.

Their argument was that Spain's strategic position made it vital to an effective Western plan for stopping any possible Russian attack on Western Europe.

Their argument was that Spain's strategic position made it vital to an effective Western plan for stopping any possible Russian attack on Western Europe.

Secretary of State Acheson has disclosed the United States now favors sending an ambassador back to Madrid.

The Senate, which has much to do with foreign policy, showed general approval. Both economic and religious pressures have been apparent.

Recognition Asked

Sens. Eastland (D-Miss) and other cotton state senators have asked recognition, in part because of trade angles. Also, many Catholics have urged recognition of the Franco government as a defender of religion.

Those opposing recognition have argued mainly that Franco is a dictator raised to power by Hitler and Mussolini.

Acheson said the 1948 United Nations declaration which bars diplomatic relations with Spain "has not only failed in its intended purpose but has served to strengthen the position of the present regime."

Therefore, he said, the United States would support a move in the United Nations Assembly which would leave member governments free to send ambassadors or ministers to Madrid.

### Trade War, Politics Worry Oil Concerns

By SAM DAWSON  
NEW YORK—(AP)—Politics at home and a trade war abroad have top men in American oil companies conferring. The puzzle: what to do about imports.

Some oil men are said to favor voluntary cutbacks on the volume of their oil imports, to head off possible punitive measures by Congress. But others—finding more of their oil wells abroad piling up stocks because of the British drive to cut off American dollar oil markets—find the American domestic market more and more tempting.

The U. S. Bureau of Mines thinks imports will go on rising. It predicts the 1949 daily average of 640 million barrels imported will rise in 1950 to a daily average of 704 million.

U. S. oil companies which do not own oil wells overseas are clamoring for a Congressional curb on this flow. Some are asking quantitative quotas be clamped down. Others want a tariff high enough to discourage the imports.

Their outcry is sharper because in the Southwest oil production is being cut back—another slash this week in the amount Texas fields can produce. Pumps stand idle several days each month. Their owners get red in the face every time they think of Middle East and Venezuelan oil tankers docking at American ports.

Continue Decline

At the same time, American exports of oil and gasoline continue to fall. The Bureau of Mines notes this probably will continue in 1950 because of "the growth of crude oil supply and refinery capacity abroad, combined with the problem of dollar exchange."

This building of refineries abroad—much of it with Marshall Plan dollars—would offer a nice market for American-owned foreign crude oil, except for one thing: the British, and their sterling bloc, are banning or cutting back the purchase of oil either from dollar (Continued On Page Nine)

### Floods Menace New Sectors, Believed Easing In Midwest

By The Associated Press  
Floods menace new areas in the South and the Pacific Northwest Friday but they showed signs of easing at danger points in the Midwest.

More than 20,000 persons temporarily are homeless from the floods in the Mississippi and Ohio River valleys.

Rising floodwaters of the Mississippi River and its tributaries brought new trouble in Arkansas and Tennessee. But the big river appeared surging to a great up-stream from Charleston, Mo., at the edge of the threatened Birds Point-New Madrid floodway.

The biting cold which gripped wide sections of the country moderated Friday but there was some sub-zero readings. The cold moved into the northeastern part of the country and the mercury dropped to 11 below zero at Caribou, Maine.

Temperatures also were climbing in the Pacific Northwest. The (Continued On Page Nine)

### Armo Spears Files Motion For New Trial

ODESSA—Armo Spears, convicted on a murder indictment, filed a motion late Thursday for a new trial in 70th District Court here.

A jury Wednesday convicted him and recommended a sentence of 15 years on the indictment which charged he shot and killed Robert L. Wallace in Midland October 12, 1947.

The motion was filed by Attorney Duke Kimbrough, and alleged "the verdict of the jury was contrary to the evidence submitted."

Judge Paul Moss is expected to rule on the motion late Friday or Saturday.

At a trial in Midland in the Summer of 1948, Spears was convicted and sentenced to 15 years in prison. An appellate court granted a new trial and the case came to Odessa on a change of venue.

A pistol bullet pierced a screen door at the home of Spears' then divorced wife, Lorene Spears, and struck Wallace in the eye, killing him almost instantly.

### Midlanders Invest Million Dollars In U. S. Bonds In '49

Citizens of Midland County invested \$1,029,252.50 in U. S. Savings Bonds during 1949, according to the annual sales report received Friday by John P. Butler, county Savings Bonds chairman, from Nathan Adams of Dallas, state chairman.

This compares with sale of \$1,331,017.25 for 1948.

Total sales for the state were \$191,499,089, as compared with \$196,448,280 in 1948. Adams' report said. This is a decline of 2.5 per cent. However, Adams declared that sales last year were highly satisfactory in view of economic trends and because of a 3.9 per cent increase in the sale of E bonds, from \$139,591,216 in 1948 to \$145,114,738 in 1949. Series of F and G bonds accounted for \$46,394,351 of the state's sales total last year.

Adams said the people of Texas today hold more than \$1.5 billion in Savings Bonds.

### Texas Vote Against Aid To South Korea

WASHINGTON—(AP)—The margin by which Texas House members opposed continued economic aid to the South Korean Republic is the same margin—two votes—by which the House defeated the measure.

The vote Thursday was 193 to 191. Texans voted against the measure 11 to 9.

Texas voting for the bill were Congressmen Beckworth, Bursell, Combs, Lytle, Mahon, Thompson, Patman, Thornberry and Worley.

Against the measure were Bentzen, Fisher, Gossett, Kilday, Lucas, Pickett, Poage, Regan, Teague, Thomas and Wilson.

### Weekend At Nudist Camp Becomes Years

JERSEY CITY—(AP)—Mrs. William J. Nickerson obtained a divorce on charges of desertion Thursday.

She said her husband went for a weekend at a nudist camp two-and-a-half years ago and never came home.

### Ready For Dimes March Drive Here

Midland County's 1950 March of Dimes campaign will be in full swing by Monday. The goal is \$18,000.

W. P. Z. (Bill) German is chairman.

Preliminary work of the campaign is underway. Volunteer workers are prepared for a big push next week.

Posters and factual pamphlets will be distributed by Boy Scouts.

The Junior Woman's Wednesday Club will place the iron lung coin collectors in business establishments this weekend.

Stenographers are addressing for mailing March of Dimes cards to go to adults of the city. Cards for students will be handed at the schools of the city system.

The Midland Service League will handle receiving, counting and deposit of all contributions. The Police Department will assist in packaging the coins.

In communities other than Midland, the campaign will be directed from the schools.

Contributions may be mailed to this address: Polio or March of Dimes, Midland, Texas.

Volunteer workers all will be certified. They will carry cards signed by the campaign director.

Midland's goal or quota is almost twice that of 1949 when citizens contributed more than \$10,000 to go over the top. A cleanup campaign was necessary here and in other cities last year and Midland generously contributed more than \$4,000. It is believed an emergency cleanup campaign will not be necessary in 1950, the county director said.

### Reduction To Be Effective February 1

AUSTIN—(AP)—The Texas Company has announced it will reduce foreign oil imports 17.83 per cent effective February 1, State Railroad Commissioner Ernest O. Thompson reported Friday.

"This is most gratifying, and I wish to compliment the Texas Company officials on this evidence of business statesmanship now so necessary for the continued development and prosperity of our state and nation," Thompson said in a statement to the press.

Increasing importation of oil in recent months has caused dwindling markets for domestic crude, said Thompson.

"This reduced oil production due to lack of market demand has adversely affected the industry of Texas, and if allowed to continue will adversely affect the national defense," Thompson said, adding authority on oil declared, adding:

"The domestic oil producing industry, particularly the independent operators, will find themselves unable to explore for new oil fields or fully develop the new discoveries."

"It is peculiarly fitting that the company bearing the proud name of Texas should lead the procession in reduction of oil imports," Thompson observed.

Leach Announces Plan

The three-man oil regulatory body's senior member said announcement of the Texas Company's imports cuts came in a telephone conversation with Bayless Leach of Houston, vice president in charge of production. Leach called from New York City to break the news in Texas.

Thompson quoted Leach as saying this company had written to Congressman Wright Patman (D-Texas) to inform the Small Business Committee the company had found it possible to reduce its estimate of imports for future months.

The Texas Company has planned imports of 72,425 barrels of foreign crude and 7,600 barrels of residual fuel oil daily. The cut will result in importation of 62,250 barrels of crude and 3,500 barrels of residual fuel oil daily, Thompson said.

Thompson said Leach reported: "Only three days ago the Railroad Commission ordered a \$6,225 barrel daily cut in Texas' February crude oil allowance because of the continued drop in domestic market demand." (Continued On Page Nine)

### House Deals Hard Jolt To Asiatic Policy

WASHINGTON—(AP)—Republicans hung a "no-confidence" tag on the Administration's Asiatic policies Friday after the 193 to 191 House defeat of a Korean Economic Aid Bill.

Caught by surprise, the Administration took its severest foreign policy blow since pre-war days when 131 House Republicans joined 61 Democrats and one American Labor Party representative late Thursday to smash down the aid bill.

They topped by two votes the 170 Democrats and 21 Republicans who stayed in line for the measure, which the Senate passed last session with little show of opposition.

The bill would have authorized \$60,000,000 more to round out a \$120,000,000 program to help South Korea keep its economy going in the face of the Communist dominated Korean regime to the north.

Termed Clear Sign

Republicans termed the result a clear sign that members of their party—and some of the Democrats—have lost confidence in the State Department's handling of the cold war against Communism in the Far East.

Democrats replied tartly that election year winds are blowing. They intimated the Republicans have turned away from the bipartisan foreign policy.

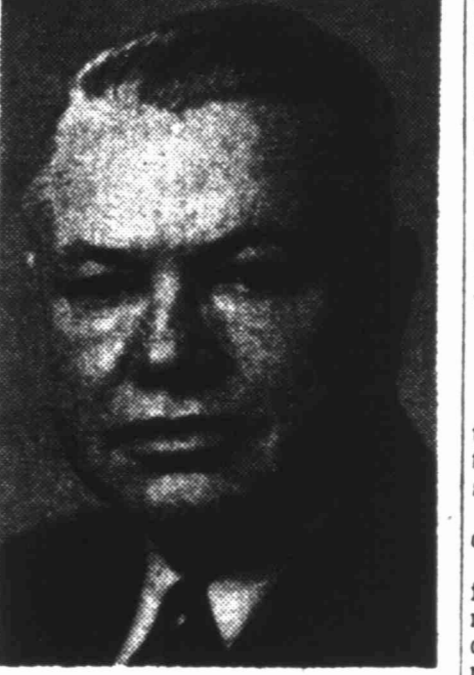

The uprising, which came on the first bill the House has acted on this session, could have widespread results.

Some lawmakers said it threatens the European Recovery Program with deep financial cuts. It also cast doubt on President Truman's (Continued On Page Nine)

### Midlander Gives Clue To Replace Battleship Loss

WASHINGTON—(AP)—A Texas told the Navy Thursday how to get a battleship to replace the mid-bound Missouri.

Don Leaton, 697 South Big Spring Street, Midland, sent the Navy Department this telegram: "Dear Sirs, After reading the news that the only battleship you have in action is aground in Chesapeake Bay, I have a suggestion to offer."

"If you were to see our congressmen you might borrow our battleship, the Texas, which is still afloat at Houston. Texas was declared surplus after the war and would have been broken up, but Texas took her over as a state shrine."

### Jury Gets Charge In Peterson Trial

BRADY, TEXAS—(AP)—The jury hearing the Sandra Peterson murder trial was told Friday the pretty 18-year-old Somerville, Mass., girl "has forfeited the right to live."

The right to breathe the fresh air of West Texas.

District Attorney Raiston P. Haun, summing up state arguments in the case against the shapely brunette accused of the August 25 hitchhiker slaying of a Brady real estate man, declared:

"You will, as stalwart citizens, maintain West Texas as the last citadel of decency by bringing in a verdict of death."

"In his charge to the jury, District Judge A. O. Newman made clear Sandra could be convicted even if the jury believed sensational testimony by her hitchhiking companion, Loretta Fae Moxingo, that she held the gun rather than Sandra, when Lewis Patterson was killed."

### MHS Wins First Game At Tourney

BIG LAKE—The Midland High Bulldogs won their first round game in the Big Lake Basketball Tournament here Friday morning with a resounding 55-32 victory over Barnhart.

The Bulldogs will not play again until Saturday morning when they meet the winner of the Inman-Fort Stockton game.

### State Due To Get Warmer Weather

By The Associated Press  
Warmer weather was scheduled to move into Texas Friday from the north and overspread the entire state by Saturday.

But skies, according to the forecasts, will continue cloudy.

The norther which chilled Texas for several days was more than 100 miles out the Gulf of Mexico on the Upper Texas Coast Friday morning.

Occasional drizzle was predicted in East Texas Friday night and Saturday. Drizzle and rain was falling Friday morning at Dallas and Fort Worth.

Occasional drizzle also was predicted for that part of West Texas east of the Pecos Friday night and Saturday afternoon.

Thursday's high temperature was 67 at Laredo, the low Friday morning at El Paso, at 30. At 8:30 a. m. Friday freezing readings still prevailed in the Panhandle and part of Northwest Texas. Readings included Childress 23, Wichita Falls 31, Amarillo 28, Lubbock 26, Midland 25, El Paso 39, Fort Worth 34, Dallas 35, Waco 36, Austin 38, San Antonio 41, Houston 48, Galveston 53, Brownsville 60, Laredo 48 and Lufkin 41.

### Nationalists Sink Communist Boats

TAIPEI, FORMOSA—(AP)—Nationalist planes Friday sank 29 more Communist junk boats off the Chinese coast.

The Communist junk boats were on the mainland and shot up four trains between Nanking and Tientsin, Chinese Air Force Headquarters announced.

The Chusan Islands, 100 miles south of Shanghai, are the object of a Communist amphibious attack forming in Hangchow Harbor.

### Coplon, Gubitchev Must Stand Trial

NEW YORK—(AP)—Federal Judge Sylvester J. Ryan ruled Friday that Judith Coplon and Valentine A. Gubitchev must stand trial on spy conspiracy charges.

The ruling came after six weeks of hearings through which the brunette ex-government girl and the Russian engineer sought to get the indictment against them dismissed.

Ryan denied defense motions to throw out the charges on the ground that the government's case depended solely on wiretap evidence.

The judge ordered that the trial begin next Tuesday.

### Sites Are Staked For Two Deep Projects In SW Borden Areas

Drilling is to be started at once on two new wildcats in Borden County. Both will be in the southwest sector of the county.

Nelson Bunker Hunt trust estate No. 1 Mrs. Bella Clark is located three and one half miles southwest of Gall, and 1,980 feet from north and east lines of section 3, block 31, TP survey, T-4-N.

It is projected to 9,500 feet, which should take it into the Ellenburger.

Seaboard Oil Company of Delaware No. 2-A Jerry B. Clayton, et al, will be four miles northeast of the Good field, in the southwest segment of the county, and 11 miles north of the town of Vealmoor.

The drillsite is 1,986.93 feet from north and 1,990.14 feet from east lines of section 27, block 32, TP survey, T-4-N.

The prospector is scheduled to dig to 8,500 feet, that destination is calculated to take the project into the Pennsylvanian lime formation.

### Pegasus Outpost Has Oil In Pennsylvanian

Magnolia Petroleum Company No. 3-30 Glass, Central-South Midland County deep prospect, and the farthest north exploration to be started in the Pegasus multi-play field, flowed oil from the Pennsylvanian lime in a drillstem test on the same at 10,350-466 feet.

The tool was run three hours and 33 minutes. Gas came to the surface in eight minutes and mud flowed out at the top of the drill pipe in two hours and 23 minutes.

Oil started flowing out of the pipe in two hours and 23 minutes. It was flowed to pits for 15 minutes to clean, and then turned to tanks.

5.4 Barrels In 15 Minutes

In 15 minutes of flowing, through a five-eighths inch bottom choke, and one inch top opening the section made 5.4 barrels of 44.8 gravity oil. Gas-oil ratio was 1,907-1.

At the end of the 15 minutes the project started heading and it sprayed oil and gas to the pits for the remaining 36 minutes of the test.

Open flowing bottom hole pressure was between 2,345 pounds and 1,970 pounds. Shutin bottom hole pressure was 4,835 pounds.

Rig Catches Fire

When operator had pulled all but 1,500 feet of the drill pipe, a fire was found in the rig, and that fluid sprayed over the motors and caused a fire. The blaze was extinguished in 20 minutes with only slight damage.

The fire damage has been repaired and the prospector is making more hole.

Interested observers think that the test became partially plugged during the test of the 10,350-466 foot horizon. The development is due to test through the Devonian and the Fusselman and into the Ellenburger.

Location is 1,980 feet from south and 680 feet from west lines of section 30, block 40, TP survey, T-4-S.

### Pennsylvanian Strike Completed In Upton

The Atlantic Refining Company No. 1 A. D. Neal, west side of the Benedum field in Central-East Upton County has been completed as a producer from the Pennsylvanian lime.

The well reported a 24-hour potential of 100 barrels and a quantity oil, flowing through a 20/64-inch choke. Gas-oil ratio was 7,060-1.

The production came from perforated interval at 10,040-106 feet, which had been treated with a total of 16,000 gallons of acid.

The new well is 660 feet from south and east lines of the north half of section 38, block Y, TCRS survey.

It drilled to a total depth of 11,570 feet in the Ellenburger. That section, as well as the Fusselman had logged some shows of oil and gas, but extended testing of those horizons failed to develop commercial production, and operator plugged back to 10,781 feet to complete in the Pennsylvanian.

Atlantic No. 1 Neal is one and one half miles west of the nearest completed Pennsylvanian producer in the Benedum field.

### NW Scurry Venture Swabbing In Canyon

Burdell Oil Company, and associates, No. Walker, Northwest Scurry County prospector, 10 miles northwest of Snyder, and one and one-half miles west of the southwest side of the North Snyder field, treated the lower section of the hole at 6,890-6,927 feet with 1,000 gallons of acid.

Unofficial sources report that the project now is swabbing out acid residue and salt water. No shows of oil or gas have been reported from that horizon.

It is presumed that operators will plug off the 6,980-6,927 foot section, and test the top of the Canyon reef at 6,854-90 feet.

That zone showed a little free (Continued On Page Nine)

(NEA Telephoto) Loretta Fae Moxingo, a 15-year-old juvenile, threw a bombshell into the murder trial of Sandra Peterson at Brady, Texas, when she announced she, not Sandra, shot and killed a Brady salesman.

### LATE NEWS FLASHES

WASHINGTON, (AP)—President Truman's forces won a preliminary skirmish Friday in the fight for control of the House legislative program in beating down a Republican-backed motion for adjournment.

WASHINGTON, (AP)—President Truman's tax program was reported Friday to call for a roll-back in excise tax rates and a "moderate" increase in corporation taxes—the whole aimed to bring in upwards of \$1,000,000,000 more government revenue.

BERLIN, (AP)—A Communist threat of disrupted train schedules between Berlin and the west over the Reichsbahn building dispute failed to materialize Friday.

First Bachelor Brigade Loss Has Put On Few Pounds

By ERSKINE JOHNSON  
NEA Staff Correspondent

HOLLYWOOD — Within five months Hollywood lost three of its "prize bachelors"—Jimmy Stewart, Clark Gable and Cary Grant. As Shelley Winters observes: "It's getting so there aren't enough lone wolves left in Hollywood for one good stag party."

I just cornered Jimmy, who is the first to desert the "bachelor brigade" when he married Gloria McLean. And you know what? He's crazy about matrimony although he admits he's had to make certain "adjustments."

Like living in a house with below-normal temperature and having the top of their convertible down despite icy winds blowing off Southern California's snow-capped mountains.

"Gloria," he said, "is just a good fresh-air girl. But I'm getting used to it."

Gloria has two children, 3 1/2 and 5. That created a problem for the ex-bachelor. But the kids accomplished something Jimmy, a doctor, and a hospital couldn't do several years ago.

Jimmy once went to a hospital for a week, under doctor's care, to gain weight. The doc thought he could gain about 10 pounds. At the end of the week he had lost half a pound.

But since his marriage Jimmy has gained seven pounds.

He credits the kids.

"I'm eating more than I've ever eaten in my life. I'm the 'example setter' for the kids. If I eat—they eat. Brother, I've been eating!"

I'm glad to hear that. M-G-M is rebooking "The Stratton Story" into a Hollywood theater before Oscar-voting time comes around to remind the voters of Jimmy's great performance. If anyone deserves a nomination, it's Jimmy.

HALF-CENTURY HIGHLIGHTS

Victory parade of the suffrage forces, with their bright yellow emblems and their Star-Spangled Banners, honored their leader Carrie Chapman Catt in New York, 1920. The women celebrated their newly-won right to vote after the 19th Amendment was passed. The woman suffrage movement began shortly after the Civil War, and once came near to success in 1878, but it wasn't until August, 1920, that the 19th Amendment was proclaimed in effect. It had been a bitter, 50-year struggle to overcome, as Mrs. Catt put it, the "primitive prejudices and resentments" against making women political equals. Today, women voters—as well as women legislators and even cabinet members—are taken very much for granted.

Cutting Of Spending Budget Isn't Easy For Several Reasons

WASHINGTON — Congress is working with calls for cutting President Truman's \$42,439,000,000 spending budget. But the cold record shows that this is easier said than done.

The increase for the four years totals \$3,889,000,000. Responsibility for after-budget increases in spending is disputable because:

1. Congress has sometimes voted to spend more on certain things than Truman recommended.

2. Truman has sometimes come through with new or expanded spending proposals after his initial budget message.

3. Circumstances unforeseen by either the President or Congress sometimes knock initial spending estimates haywire.

Examples of this last kind include cold war developments, which have sent costs soaring, and the 1949 business decline, which shot up subsidy outlays while knocking down tax revenue estimates.

Most Costly Yet Truman's new budget for the 12 months starting next July 1 is the most costly peacetime program ever laid down by a President at the opening of Congress. It foreshadows a \$5,133,000,000 deficit unless taxes are raised.

Yet it anticipates an \$858,000,000, or two per cent cut under the current spending rate of \$43,297,000,000. The current rate itself is the outgrowth of a \$41,858,000,000 program Truman submitted a year ago.

Here is the record on the four previous budgets Truman has submitted:

January, 1946: proposed spending total \$35,860,000,000; actual total at year's end \$39,289,000,000; increase \$3,429,000,000.

January, 1947: proposed \$37,528,000,000; actual \$36,066,000,000; decrease \$1,462,000,000.

January, 1948: proposed \$39,594,000,000; actual \$40,057,000,000; increase \$463,000,000.

January, 1949: proposed \$41,858,000,000; cost estimate with fiscal year half gone \$43,297,000,000; apparent increase \$1,439,000,000.

Col. F. R. Dent Wins Promotion To General

SAN ANTONIO — The United States Air Force has announced the promotion to the rank of brigadier general of Col. Frederick R. Dent, Jr., who is deputy chief of the engineering division of the Air Materiel Command Headquarters, Wright-Patterson Air Force Base, Dayton, Ohio.

General Dent is the son-in-law of Mr. John D. Robinson of Midland and nephew of Dr. J. F. Haley also of Midland.

A 1929 graduate of West Point, General Dent in 1938 received Master of Science degree in aeronautical engineering from Massachusetts Institute of Technology. He was the first glider pilot in the Air Force.

During World War II, he served overseas as a military observer attached to the American Embassy in London, and as chief of the Air Technical Section, Army Air Forces, London.

The general's military awards and decorations include the Silver Star, Legion of Merit, Distinguished Flying Cross, Air Medal with Cluster, Purple Heart, Army Commendation Ribbon, French Croix de Guerre with Palm, and Belgium Croix de Guerre with Palm.

He is a rated command pilot, aircraft observer, technical observer and glider pilot.

Mrs. Dent is the former Corra Lynn Robinson. The Dents have three children.

Repair Job At Air Terminal Finished

Repairs to the fire-damaged terminal building at Midland Air Terminal have been completed and final inspection of the construction project is scheduled this weekend, City Manager W. H. Oswalt said Friday.

The building, which houses station offices of three airlines, superintendent's office and a coffee shop, was damaged in a fire several months ago. The loss was covered by insurance.

The interior lobby has been redecorated and rubber tiles laid on the floor of the lobby, city office and coffee shop. New light fixtures also were installed.

Oswalt said the terminal, recognized as one of the most modern and most complete in the Southwest, now is more attractive than ever before.

Council Postpones Tuesday Night Meet

The regular "fourth Tuesday" meeting of the City Council has been postponed until 7:30 p.m. Wednesday because of the annual membership meeting and banquet of the Midland Chamber of Commerce scheduled Tuesday evening.

The postponement was announced by City Manager W. H. Oswalt, who said most members of the council plan to attend the C. of C. function.

'BIG INCH' GAS LINE EXPLODES IN OHIO

CALDWELL, OHIO — The "big inch" gas pipe line exploded near here early Friday with a roar heard miles away—spouting flames which reached an estimated 500 feet into the air.

NOVICE DEATH PROBE INCOMPLETE FRIDAY

NOVICE, TEXAS — Justice of the Peace Barclay Martin says the investigation into the mysterious roadside slaying of three men is incomplete. No verdict has been returned.

Sheriff H. F. Fenton said Thursday night tests in an effort to discover who fired the guns showed nitrites on the right hand of M. B. Tyler, one of the victims.

The three were found late Wednesday a quarter of a mile north of here. They were T. I. Mulkey, 47, drilling superintendent for the Yeatman Drilling Company of Coleman; his son, Walter Thomas Mulkey, 19, former Coleman High School football star, and Tyler, 30, Brownwood, an unemployed anesthetist.

Census Supervisor Is Midland Visitor

George T. Kesler of Odessa, district supervisor for the taking of the 1950 census, was a Midland visitor Thursday afternoon, making preliminary plans for conducting the population count here. He conferred with Delbert Downing, Chamber of Commerce manager; John D. Bechtel, manager of the Texas Employment Commission office, and others during his stay here.

The supervisor said the captain of a team of enumerators to work in Midland and Glasscock Counties will be named soon.

Thirteen counties included in Kesler's district. They are Brewster, Crane, Crockett, Ector, Glasscock, Loving, Midland, Pecos, Reagan, Terrell, Upton, Ward and Winkler.

Kesler has established a district office in a small building at the northeast corner of the courthouse square in Odessa. Robert Tatum is the assistant supervisor and Mary Nan Hawkins is the administrative clerk.

## Midland Club Hears Talks On Outdoor Work

Two talks on phases of outdoor gardening were given by members at the Midland Garden Club meeting Thursday morning in the home of Mrs. Sol Bunnell.

Mrs. Clem George spoke on "Better Grouping for Color and Accent" and Mrs. I. E. Daniel's topic was "Dividing and Transplanting Perennials."

Mrs. C. E. Bissell was introduced to the club as a new member and Mrs. T. B. Stephenson of Estes Park, Colo., Mrs. Charles F. Henderson's mother, was a guest.

**Tree-Planting Day**  
An announcement that Friday has been designated as Arbor Day in Texas was made. All members were asked to cooperate with the state program of planting trees, which will continue until March 1.

Mrs. George said a yard should be planned before any planting is done. It is better to contrast colors she said, adding that another means of accenting is to arrange flowers in various hues of one shade.

She pointed out that the trend now is to make beds more naturalistic and added that this type of bed is more attractive than others. Circular shapes and pulled-out triangles may be used for accent, Mrs. George added.

**Lifting Plants**  
Mrs. Daniel emphasized not crowding beds into which perennials are transplanted because they multiply quickly. Methods of lifting and dividing plants were included in her talk.

She also suggested using the younger, outer growth for transplanting and throwing the parent plant away.

Both of these talks were followed by group discussion.

Other members attending the meeting were Mrs. L. H. Anderson, Mrs. Harold Bahr, Mrs. Leslie Brown, Mrs. L. I. Baker, Mrs. Walter Deese, Mrs. R. T. German, Mrs. J. E. Hill, Mrs. Frank Jackson, Mrs. L. C. Link, Mrs. Lloyd C. Mills, Mrs. F. J. Nicholson, Mrs. Hal Peck, Mrs. George Phillips, Mrs. E. E. Reigle, Mrs. J. B. Sanders, Mrs. Frank Stubbeman, Mrs. Addison Wadley, Mrs. J. C. Watson, Mrs. C. ## Bride To Live On Ranch

Mrs. Louis Woodward, married in the First Baptist Church at McCamey recently, is the former Eddie Mae Hogg, daughter of Mr. and Mrs. F. J. Hogg of that city. The couple left on a trip to New Orleans and will reside on a ranch near Sheffield. Woodward is the son of Mr. and Mrs. Fannie Woodward of McCamey.

## Junior Club Names Nominating Group

A committee to nominate a slate of officers to be voted on at the February 1 meeting was appointed at the Junior Women's Wednesday Club meeting Wednesday in the home of Mrs. W. P. Z. German, Jr.

Mrs. H. L. Straughan is committee chairman. Members are Mrs. Frank Miller and Mrs. Wright Cowden.

During the business session a schedule for the distribution of money containers for the March of Dimes drive was worked out. The club is responsible for the placing of these containers throughout Midland and members will put them in all business houses and other downtown establishments.

Members also voted to contribute to the Latin-American Scholarship of the Texas Federation of Women's Clubs.

For the program, Mrs. German discussed "The Atomic Age," based on the TFWC paper.

## TFWC Recommends That Colleague Pick Woman As President

DALLAS—The Texas Federation of Women's Clubs wants a woman selected as the next president of the Texas State College for Women at Denton.

Mrs. J. Howard Hodge of Midland Thursday revealed the federation's wishes.

Dr. L. H. Hubbard retires September 1 as president of the women's college.

Mrs. Hodge, federation president, said the group's executive committee would ask its board Friday to favor naming a woman to the post.

## Eva Cowden Class Has Party Meeting

The Eva Cowden Class of the First Baptist Church was entertained at a party Thursday night in the home of Mrs. D. G. Roberts, with Mrs. Roberts and Mrs. E. B. Richardson as hostesses.

After a short business session, the group played games.

Attending were Mrs. E. Storey, Mrs. J. M. White, Mrs. J. B. Worley, Mrs. Joe Mims, Mrs. W. E. Hiltbold and Mrs. E. D. Williams.

## Pre-Nuptial Parties Honor Miss Bray

Mary Fern Bray, who will be married Saturday afternoon to Alton G. Neelley of Austin, is being complimented with a rush of parties preceding the wedding. Miss Bray, daughter of Mr. and Mrs. Henry L. Bray, has been employed with an advertising agency in Austin and returned to Midland early this week.

Her engagement was announced while she was visiting her parents during the Christmas holidays, but she has continued her work in Austin and the parties had to be concentrated in this week after her return. The wedding is to be solemnized in the First Christian Church.

A luncheon Friday with Mrs. Selman J. Lones and Mrs. Nelson Puett as hostesses, a tea given by Eliana Eastham Thursday afternoon and a coffee Thursday morning with Mrs. R. B. Cowden, Barbara Cowden and Mrs. Evans Dunn as hostesses, are included on the list of courtesies for the bride-elect.

The bridal party was entertained at the luncheon given Friday noon in the Midland Country Club by Mrs. Lones and Mrs. Puett.

A white Italian cloth covered the table, which was centered with two white wedding bells tied together with satin ribbon. Pink candytuft filled the bells and was falling out of them.

Piles were marked with cards with two silver wedding bells on their corners. A tiny bit of candy-

tuff was beside each place card. The honoree's corsage was of pink rosebuds.

Guests were the honoree, her mother, her sister, Patricia Ann Bray, Dorothy Jean Wahlstrom of Houston, Dorothy Moore of Corpus Christi, Mrs. Evans Dunn, Eliana Eastham, Mary Ellen Midkiff Conner, Barbara Cowden, Mrs. R. B. Cowden, Mrs. George McEntire and Shirley Lones.

Miss Bray, Miss Wahlstrom and Miss Moore are students at the University of Texas in Austin and are visiting here for the wedding.

Miss Bray and a group of her very close friends were entertained at an informal tea Friday afternoon by Eliana Eastham in her home, 1705 West Indiana Street.

Mrs. Dunn is to be Miss Bray's matron of honor for the wedding, and Miss Cowden a bridesmaid. Miss Cowden, who attends Adams College at Alamosa, Colo., could not be here for the party Thursday so her mother acted as hostess in her stead.

The coffee and kitchen shower was given in the Cowden home. Approximately 50 friends were invited.

Mrs. Frank Williamson and Mrs. John Dublin poured coffee for the guests who were greeted informally by the honoree and hostesses.

Bride and bridegroom figurines stood in the centerpiece of white stock and carnations on the dining room table, and the same flowers in shades of pink made an arrangement on a table in the living room. Gifts for the bride's kitchen were presented by the callers.

## Mission Lesson Is Discussed In YWA

"Do We Have What It Takes?"—The Means, the Missionaries, the Program and the Vision." was discussed by members of the Margie Shumate Young Woman's Auxiliary of the First Baptist Church who met Thursday night in the home of Dorothy Routh.

It was announced that the next meeting will be February 2 with Dorothy Raines, 1009 West Illinois Street. Betty Clark led the closing prayer.

Others attending were Lola Farnsworth, Nellie Clark, Marie Williams, Alafair Burton, Vera Lee Goin, Jean Godfrey, Dixie Wilson, Jane Mints, Dorothy Perkins, Mrs. L. A. Raines and Estelene Warren.

## Evangelist To Preach At Church Of Christ

Van Bonneau, evangelist from Dodson, Texas, will be the special speaker at a two-week service beginning Sunday at the Colorado Street Church of Christ, 710 South Colorado Street.

Services will be at 10:30 a.m. and 7:30 p.m. Sunday; and the two following Sundays and at 7:30 p.m. each week night. The public is invited to attend the meetings.

## Woman's Club Hears Speaker On Vocational Aid To Youth

Pointing out the responsibilities of parents and club groups in helping young people find the career for which they are best suited, Al H. Vineyard spoke at the Midland Woman's Club at its January meeting Thursday night. His subject was "Vocational Guidance."

The Altrusa Club was hostess in the home of Mrs. Quint Duragan, Grace Wallace Altrusa president, welcomed guests and presented the club program chairman, Estella Brown, who introduced the speaker.

Vineyard is personnel and industrial relations manager for the Shell Oil Company here and has had personnel assignments with the company in several other states.

He said that a parent's responsibility in assisting the child to choose a vocation does not lie in selecting the vocation and forcing the child to accept it, but in studying the child, noting his interests and aptitudes and, if his inclinations are definite enough, helping him choose high school courses leading to the preferred career.

**Honesty Most Important**  
Teachers and other persons with whom the child is associated should with parents the responsibility of teaching him honesty "by the old-fashioned religious approach," a quality which Vineyard termed of utmost importance in the young worker's adjustment to his job. He discussed briefly preparatory training in high school and college, the job application interview, and employee counseling for persons already employed, and commended clubs which give attention to vocational information for youth.

Four recommendations from the Woman's Club Building Planning Committee were presented to the club by Mrs. W. G. Epley, a committee member, and were referred to the member clubs for consideration before a vote is taken at the next Woman's Club meeting.

The recommendations are that the club approve the site recently granted by the City of Midland for location of the building; that the Woman's Club be incorporated to facilitate the business entailed in acquisition of property; that its con-

stitution and by-laws be revised to meet the conditions of incorporation; and that the club follow a financial plan based on club and individual memberships, annual dues, special contributions and special projects.

**Announces Meeting**  
Mrs. Epley announced that the committee has accepted the president of each club interested in the building to appoint a member to a finance committee which will meet with the building committee on January 27.

Mrs. George Kidd reported on welfare work including Christmas projects and purchase of winter clothing for children, and cooperation of the clubs in a "big sister" program to assist high school girls.

Mrs. J. W. Carroll reported for the library committee, which is encouraging wider use of the Midland County Library by residents and urges all Woman's Club members to own and use library cards.

A letter of appreciation from Mrs. J. Howard Hodge was read, expressing her thanks for the support of her home club in her recent election as president of the Texas Federation of Women's Clubs, and for the flowers sent by the Woman's Club to her inauguration.

**Altrusans Serve Refreshments**  
After the program and business meeting, at which Mrs. Charles M. Goldsmith, Woman's Club president, presided, the hostess club served refreshments. Mrs. H. N. Phillips poured punch at a table decorated in the Altrusa colors, deep blue and white. An arrangement of white carnations, their stems covered with blue and silver "glitter" was set below an Altrusa emblem plaque.

A similar plaque was placed in front of the fireplace in the room where the program was given, and a bowl of white gladiolus tied with blue ribbon on a bookshelf nearby.

Mrs. F. N. Shriver was general chairman of arrangements for the meeting. Mrs. Jack Maashburn greeted guests at the door and Mrs. Carroll was at the registry. Mrs. F. J. Mims, Mrs. Wallace, Mrs. Charles W. Romer, Mrs. Bertie Boone, Mrs. M. D. Cox and Mrs. Annie Ford assisted in serving.

## Book Reviewed At Tea For Esther Class

Entertaining in the new home of Mrs. J. C. Lawrence, 1615 West Louisiana Street, the Esther Class of the First Baptist Church had a number of guests for a silver tea and book review Thursday afternoon.

Mrs. Ray Howard, a class member, was presented to review a new book, "January Thaw," and emphasized its comedy as she told the story. A gift of appreciation from the class was presented to her at the end of her review.

Mrs. Robert Donnell, teacher, joined Mrs. Lawrence in greeting guests at the door, and Mrs. Bert Cole, Jr., was at the register. Mrs. John Hale, class president, served tea from the dining table.

American beauty roses centered the table, setting a red and white color note. Other flowers in the rooms had been sent with congratulations of friends to Mr. and Mrs. Lawrence, who were celebrating their third wedding anniversary Thursday.

Class members and guests who registered included Mrs. Howard Stanley, Mrs. James Windham, Mrs. O. Young, Mrs. H. D. Butler, Mrs. Dub Hagler, Mrs. W. E. Cowan, Mrs. R. K. Richards, Mrs. C. W. Murray, Mrs. Ed Sandford, Jr., Mrs. C. O. Murray, Mrs. H. C. Fowler, Mrs. Ralph Lee, Mrs. Vernon Bottoms, Mrs. L. Michaelson, Mrs. Ployd Littlejohn.

## Girl Scout Troops Hold Investiture, Advance In Rank

New members were initiated into one Girl Scout troop that met Thursday, while members of another completed a project to earn second class rank.

Johnnie Houston, Linda Pruitt, Joyce Sheen, Wanda Wilson and Carol Jean Wilson were initiated into Brownie Troop 36, which met in South Elementary School. Mrs. H. L. Helbert read the Brownie story for the new members and Mrs. F. G. Brasher, assistant leader, assisted with the investiture ceremony.

Mrs. Bill Rouse and Mrs. Sheen were visitors and Billie Helbert served refreshments to them and to Ruthie Adams, Nancy Ann Brooks, Dolores Brashers, Barbara Grimes, Cynthia McDonald, Roncole Mills, Gwendolyn Thompson and Mary Jane Wilson.

Girl Scout Troop 9 met Thursday in the Boy Scout Hut and 14 members were told that the necessary requirements for a second class rank have been completed. "Life in Mexico" was the theme of this work and the girls studied customs in Mexico, Mexican foods and Spanish songs. They also began work for arts and crafts badges by starting yarn belts.

Attending the meeting were Julia Marberry, Judy Poague, Helen Sue Thompson, Cynthia Dupuy, Jan Burke, Betty Jo Wallon, Sandra Sanford, Von Dean Herring and the leaders, Mrs. Charles Neuhardt and Mrs. J. C. Poague.

New officers were elected by Brownie Troop 21 at a meeting Wednesday in the home of Mrs. Fred Burleson, leader, for a cook-out and games.

Marjorie Faye Davis was named president; Beverly Burleson, secretary; Sharon Shaw, treasurer; and Deanna Darr, reporter.

Children Need Aid

Experience has taught us that when Congress talks of economy it usually means saving in foreign programs. Few lawmakers have the spunk to trim funds for domestic programs, especially where cuts would be sharply felt in their home bailiwicks.

This year the effort to slash foreign funds probably will be the most strenuous since World War II. For one thing, it's an election year and a nice show of economy will go well with the voters—provided it doesn't affect them. Secondly, the weakening of the bi-partisan foreign policy has opened the way to more outspoken criticisms of foreign aid, chiefly among isolationist Republicans.

It's too early to guess how deep a cut Congress may make in these programs. But it isn't too soon to plead that one project be spared the axe. The United Nations Children's Emergency Fund deserves whatever money it needs from the United States to keep going full tilt.

Surely no one needs to make out a case for helping children. It ought to be enough for us to know what children get the benefit of our aid.

The Children's Fund was set up by the UN in 1946, first to assist children in nations ravaged by the war and then to boost child health generally. It has provided food, clothing and medical care for the neglected youngsters of 13 European countries, China, India, the Philippines, Japan, Korea and the Palestine area.

In Europe alone the program has embraced 30,000,000 children. The organization has supplied 180,000,000 pounds of dried milk in two years to kids all over the globe.

But obviously much work remains to be done. More materials are needed for clothing and hospital linens. More child specialists must be trained to handle the unfortunate. Food shipments ought to be heavier than they are.

Said President Truman in commenting on the work of the Children's Fund:

"The establishment of lasting peace depends in large measure upon whether these children, who will shape the future, have healthy bodies and a normal and happy outlook on life."

Senators and congressmen, consider these children well before you slice a single dollar from the program to help them. They don't vote in American elections; indeed, they have no politics at all. But the kind of men you assist in making them may determine whether your own children will live in peace.

'We'll Learn 'Em'

DREW PEARSON ON 'The WASHINGTON MERRY-GO-ROUND'

(Copyright, 1950, By The Bell Syndicate, Inc.)

Drew Pearson says: Gambling racketeers undermine law enforcement; Federal grand juries cannot clean up gamblers but can crack down on them for federal offenses; Cop taking small rake-off to protect gambling joint is wide open for "fix" in murder case.

WASHINGTON—Earlier in this series I expressed the opinion that President Truman knew nothing about the links which some of his henchmen have with Costelloism and the gambling racketeers.

I base this opinion on the fact that, at this moment, federal grand juries are investigating the racketeers in Los Angeles, Miami and in Truman's home town, Kansas City.

This investigation includes the new Democratic boss of Kansas City, Charles Binaggio, who has carried the town for Truman by rewording majorities, but who, nevertheless, was hauled before a grand jury by the Justice Department at the very time Truman was in Kansas City for the Bill Boyle testimonial dinner.

Actually, these grand juries cannot clean up gambling, which comes under local law enforcement agencies but they can crack down on narcotics, income-tax evasions and illegal immigration, which go hand in hand with gambling. In fact, Frankie Costello, an Italian immigrant, could be deported to Italy tomorrow if the Justice Department wanted to.

Undermining Law Enforcement  
The important thing, whether they be in Miami, Kansas City, or Fresno, Calif., is the manner in which they undermine law enforcement.

Most people probably see nothing wrong with a \$2 bet or with slot machines in a beer tavern, but along with the \$2 bet and the slot machines go pay-offs to the police. These pay-offs may be only \$30 a week. But when a cop will take \$30 a week to protect a gambling joint, he will also take \$1,000 to fix a murder case. Once the pattern of a dishonest police force is fixed there is no boundary line where it can stop.

Today in Kansas City only two out of 13 gangland murders have been solved by the police in the last two years. And as a result of the current Justice Department investigation in Kansas City, a witness in the Binaggio case, Dan W. Robinson, was murdered recently. Another witness, Sam Butler, after being badgered by the gang, committed suicide.

The invasion of Costelloism always is slow, almost imperceptible. At first it scarcely can be detected. Almost always it gets a foot in the door through heavy political contributions to a candidate for public office. He may be completely honest, but he needs the money and doesn't think twice about the obligations he must fulfill after he takes office.

In Kansas City, for instance, it was Democrat Forrest Smith, running for governor of Missouri in 1948, who accepted the backing of the Binaggio gang. Now that he's in the governor's chair, Smith has no love for the gamblers or what they stand for, nevertheless Binaggio's political power is an inescapable fact. Binaggio even has been admitted, since Smith's election, to the secret Democratic caucus of the Missouri Legislature, where two Binaggio friends have been named by Governor Smith to the Kansas City Police Board.

Gamblers Guessed Wrong  
In Louisiana, Huey Long got started through exactly the same process. Frankie Costello arrived with a \$100,000 cash contribution to Huey's campaign, in return for which Huey opened up the state to slot machines.

Good salesmanship has contributed immeasurably to America's pre-eminence.

Failure to do this (develop jet air transports) will, in my opinion, seriously weaken our aircraft industry through loss of its position in world markets.

WTCC Groups Will Hear Reports On Area Water Jobs

ABILENE—Reports on tentative domestic and industrial water projects for West Texas will be made by representatives of the Bureau of Reclamation at a joint meeting of the Executive Board of the West Texas Chamber of Commerce and all committees of WTCC and affiliated West Texas Domestic Water Association to be held here January 26.

Harry P. Burleigh, state planning engineer for the Reclamation Service, will report on the results of recent studies of the Brazos and Colorado river watersheds by reclamation engineers for the purpose of locating sites for multi-city dams.

Encouraged by the call for immediate action on water resources as set forth in President Truman's executive order creating his Water Resources Policy Commission, committee members will discuss the meeting to pursue immediate passage in Congress of its bill to amend the present national water laws by establishing municipal water as a criteria for dam building and giving municipalities priority over all other water users.

men's grand jury probes in Kansas City, Miami and Southern California, plus forthright Senator E. C. Kefauver's investigation of interstate gambling are among the healthiest things that have hit this country.

Andy Jacobs, the droll Hoosier congressman, had a peck of fun at the expense of Michigan's John Lesinski, pompous chairman of the House Labor Committee.

Jacobs received a curt note sent to all committee members, "by order of the chairman—there will be no social gathering of the Committee on Education and Labor next Saturday at the committee rooms."

The tall Indiana representative sweetly replied, "Will you please advise me what I should wear, and if we should fetch our own turban juice? I shall not disobey your order. Frankly, I wouldn't miss it for anything."

McKenney on Bridge

A very capable player on the team of Chinese boys in New York is Dong Kingman, who is also an outstanding artist. One of his pictures recently won the American Water Color Society award.

Kingman points out a very interesting duplicate point in today's hand. While it is true, the cards lay, seven diamonds can be made, it depends upon a successful finesse and few players will bid a doubtful grand slam.

Most of the players stopped at two diamonds and made seven. However, six no trump is the best.

ter tournament contract, but it takes very careful play to make this contract, as Kingman points out.

The opening lead of the queen of hearts was won with the ace. Now the nine of spades was played and won in dummy with the ace. The ten of clubs was led and East refused to cover. When it held, declarer had to be careful or he would get himself blocked in one hand or the other.

At this point he must cash his five diamond tricks, winning the fifth diamond in dummy, then lead the seven of clubs and finesse the jack. This will leave declarer with a spade, heart and two clubs, as one of the hearts was discarded on the fifth diamond.

East is down to the cards undrilled, queen-ten of spades and king-nine of clubs.

It is not too difficult for the defender to count East's hand down, so the ace of clubs is cashed. Then the queen of clubs is played, throwing East in the lead. East has to return a spade into dummy's king-jack.

Have A Laugh

The great editor, Horace Greeley, looked up from his desk as an irate man waved a copy of that day's paper in his hand and roared, "I'm not dead!" Greeley agreed with the declaration.

"Well," the visitor continued, "you've listed me in the Deaths and I want a correction." Greeley replied, "No, we won't run a correction, but we'll give you a fresh start in life—we'll list you in the Births tomorrow."

Greeley persisted in regarding the word "news" as plural. He wired to a staff correspondent, "Are there any news today?" The correspondent wired back, "Not a single new."

I Love My Doctor

By Evelyn Barkins

MY business did not end with law school either. First, there was our annual anniversary which came next.

"A whole year?" we would exclaim whenever there was a respectful pause during the day. "Incredible!"

John bought me a complete set of legal stationery, beautifully engraved with "Counselor-at-Law."

"That's me!" I said happily, running my finger excitedly over the raised lettering and feeling more convinced and proud than when the Dean had given me my diploma.

I gave John a leather wallet (the storekeeper's best), as a symbol of our increased prosperity, and that night we had a big party at home to commemorate what Bob in his initial toast called, "The founding of the B. Republic."

"Dynasty would be more like it," I giggled.

There was a moment's silence for station identification. "Well, what do you know?" gasped Bob.

"A baby!" exclaimed Agnes, as if she were solving a cross-word puzzle, and had just hit the missing four-letter key word, top row across.

"Congratulations!" said Gert Shaw, for once too started for profanity.

WASHINGTON COLUMN

Local Communities Can Do Lot To Solve Unemployment

By PETER EDSON  
NEA Washington Correspondent

WASHINGTON—Labor Secretary Maurice J. Tobin has set up an "Economic Survey" conference room across the hall from his paneled office. The room is in charge of William L. Batt, Jr., who is the secretary's special assistant in charge of unemployment problems. The walls of the room are lined with charts and at one end is a big map of the United States showing employment conditions.

The map still doesn't look too good. There are 32 big black-headed pins in it showing the "E" areas where unemployment is 12 per cent or more. Aside from Honolulu, which was crippled by a cut in government employment as well as by the longshoremen's strike, all the other 31 areas are east of the Mississippi River. Sixteen are east of the Hudson. Six are in Pennsylvania and four are in the Southern Indiana Illinois area.

Eight of these areas have unemployment of more than 20 per cent. This amounts to real "depression level" unemployment and the situation may no longer be brushed off as "temporary."

No "Labor Surplus" Is Healthy  
The Truman administration plan to funnel government contracts into distress areas may have done a little good in a few places. But it has by no means solved the problem in "labor surplus" areas, as they are politely called. Incidentally, any businessman thinking that a labor surplus is a desirable thing to have should listen to the stories of exhausted credit and trade fallen off that come in from these "E" areas.

The general impression to be gained from reading the President's State of the Union, Economic and Budget messages is that everything in the country is lovely and is going to get lovelier. But buried in the messages are half a dozen proposals to deal with this really serious unemployment situation.

1. Increase unemployment insurance payments to a federal standard of 26 weeks maximum.

2. Increase coverage, since only 70 per cent of U. S. workers are now protected by job security laws.

3. Increase benefits to 50 per cent of wage, up to \$30 insurance a week for single workers and \$42 for workers with families.

4. Appropriate \$13,500,000 for an unemployment compensation to federal government employees laid off for economy or other cause.

5. Appropriate \$12,500,000 for unemployment "reinsurance." This means grants in aid to states that have paid out more than they have in their unemployment insurance reserve trust funds. Two states are in danger of this deficit now—Massachusetts and Rhode Island.

6. Increase grants in aid to the states for public assistance by \$250,000,000.

Aside from these proposals to do something about the unemployment situation at the national level, the main job in relieving unemployment is on the local community and the state.

Good Example  
Michigan has probably had greater success at this business than any other state. Gov. Mennen Williams formed a State Full Employment Committee under Harry Markel, former War Manpower Commission official and industrialist.

When a Michigan community now reports serious unemployment, troop the shooters are sent in to make surveys and form local Full Employment Committees.

They report considerable success. The copper mining region on the upper peninsula has just put 1,300 people to work at Iron Mountain, with 100 out of work at a trailer factory, was persuaded to make bids on government contracts. The first four bids were turned down but the fifth

was accepted and the factory reopened.

In Fort Huron, a local union got its international to advance \$30,000 to match an RFC loan, in order to reopen a factory. In Jackson, business and labor leaders at first wouldn't confer. American Legion and other civic groups finally got them together and the community now has 4,000 men at work who formerly were considered unemployed.

These Michigan cases are cited in Washington as examples of what local communities can do for themselves when they go to work on this tough unemployment situation. The President's budget message says unemployment trust funds will pay out \$2,000,000,000 more than they take in this year, if unemployment gets no worse.

Questions and Answers

Q—How many women have held the rank of United States ambassador?  
A—Mrs. Eugenie Anderson, representing the United States in Denmark, is the first woman ambassador in our history. When Ruth Bryan Owen held that post, she had the rank of minister.

Q—What is the oldest tree?  
A—The oldest tree is probably one of the giant sequoias in California, variously estimated to be between 3,000 and 4,000 years old. The "Dragon Tree" of the Canary Islands, which was blown over in 1868, was estimated to have been as old as the Great Pyramid of Cheops in Egypt—about 4,000 years old.

Q—Which university has the largest stadium?  
A—The stadium of the University of Michigan, with a seating capacity of 87,000 is the largest college stadium in the country.

Q—In what war was a chain stretched across the Hudson River?  
A—In 1778, a huge iron chain 1,500 feet long was stretched across the Hudson River at West Point to prevent British gunboats from going up the river.

Q—Is the Leaning Tower of Pisa still used as a bell tower?  
A—The Leaning Tower of Pisa, built for its original purpose, lest the vibrations should increase its tilt.

You have accepted the invitation of a close friend and later are invited to a large party you hate to miss.

WRONG WAY: Accept the party invitation, telling the friend you know she will understand.

RIGHT WAY: Be at least as considerate to your friends as you are of those you know or slightly. Not letting other invitations interfere with the plans you make with friends is one way of showing such consideration.

The giant sand dunes of Kitty Hawk, N. C. travel as fast as 20 feet a year.

While she was blowing her nose, I started on Percy. He was playing ball, he told me, only partially coherent and he ran into the gutter after his ball, when the car came.

"Almost killed him," Mrs. Pritchett wailed at this point. "Did it hit you?" I asked the surprisingly healthy looking child, who resembled a fullback for Notre Dame rather than an accident victim.

"Almost," said Percy importantly. "Fool!" shouted Mrs. Pritchett clubbing him over the head with her handbag. "I told you it hit you hard on your head!"

"This is almost as bad as starting a medical practice," I told John that night. "Only, thank heaven, we don't have to count on it for our living expenses, or else it might not be so easy to turn down those phonies."

BUT the next case that I got was a wonderful, real taste of under-estimated law.

A Mrs. Slater, 50, gray haired, and respectable, came in to see John, practically in nervous collapse. It appeared that her husband had been arrested for stealing some of his personal property, and the case was coming up next week.

"He said he would get even with me for leaving him," she sobbed, looking as much like a wretched child as Sister Kenny or a Salvation Army colonel. "Oh, doctor, what will I do?"

John was diplomatic. "Have you a lawyer?" he asked.

"No," she answered, "but Mrs. Ryan told me that your wife was an attorney. I can't pay much, but would she take the case for me?"

Would I? At the exact moment of acceptance, I was the spirit of Justice herself, scales, blindfold, and all; and Mrs. Slater went home with the happy assurance that the new criminology wizard, none other than the famous Mrs. B. herself, would rescue her from the dragons at the hearing next week. Then I sat down and tried to figure out just how I would accomplish this amazing feat.

THE REPORTER-TELEGRAM, MIDLAND, TEXAS, JAN. 20, 1950—5

## Community Theater Memberships Invited Before First Play

Members of the Midland Community Theater will have their first opportunity to use their admittance tickets for performances of the theater's initial 1950 adult production, "Blithe Spirit," February 15-18. Residents who intend to become members this year are urged to take memberships before the play date.

Although admittance tickets to members may be used as the holder desires, most members prefer to see all the productions, so the theater stresses membership sales at the start of each year.

Six adult productions are slated for 1950, with "Blithe Spirit," a comedy by Noel Coward, as the first. It will be presented "in the round," a type of staging which was used by the Community Theater last Spring for "Pygmalion," and is used in a number of experimental theaters and in Dallas' Theater '30, directed by Margo Jones.

The performance will be in the City-County Auditorium, in the center of the room with the audience seated all around, rather than on the regular stage. The presentation of "Pygmalion" demonstrated that for a play in which dialogue is of major importance, this staging gives the entire audience a better opportunity to hear distinctly.

Sale of tickets to members will open February 13, and to the public the following day. There will be a preliminary performance for a negro audience the night of February 14 as is the theater's custom, and instead of a Sunday matinee at the end of the run there will be a Saturday matinee on February 18.

Art Cole is directing "Blithe Spirit," concurrently with his direction of a Children's Theater play, "Return of Rip Van Winkle," which is scheduled January 27 and 28.

In the cast of the adult play are Donna Conkling, Alice Swift and Sabre Brady, making their initial bows to Community Theater audiences, and Charles Dixon, Bill Adam, Betty Swords and Betty Gaines, who have been seen in previous plays.

## Hat Revue Amuses JayCee-ette Guests

Informal fun was the keynote of the box supper at which the Midland JayCee-ettes, newly organized auxiliary to the Junior Chamber of Commerce, entertained members of the men's organization in the Crystal Ballroom of Hotel Scharbauer Wednesday night.

Each woman was asked to bring supper ingredients in a decorated box, and the prize for the prettiest box went to Ann Rogers, guest of Luke Browning. Each woman also decorated a hat, which was modeled by her husband or escort as she commented on its fashion features. The prize for the most original hat went to Mrs. Clarence Kerth, and the award as the best model was given to Howard Ford.

Pictures of the hat revue were taken. The group danced after the supper, which was served at tables covered with red-checked cloths and lighted with blue candles held in bottles.

Mrs. Frank Hawk was chairman of the JayCee-ettes' party committee, with Mrs. Ewing Hill, Mrs. Cleas Hines, Mrs. Howard Ford and Mrs. Ray Howard as other members.

## President Is Pyracantha Club Hostess

A Valentine theme was used by Mrs. E. W. Cowden when she entertained Pyracantha Garden Club members at an informal coffee Thursday morning in her home.

Mrs. Cowden used the coffee as a "get-together" so that members could become better acquainted.

The serving table in the breakfast room was covered with a Valentine cloth and centered with a circle arrangement of individually wrapped chocolate candies, each one attached to a Valentine. On either side of the center arrangement, tall, standing Valentines gave directions to refreshments.

**Fruit Arrangement**  
Pineapple tinted red carried out, with the other refreshments, the party theme.

The dining table was centered with a fruit and vegetable arrangement and the buffet in this room held an arrangement of nandina, with red candles in crystal holders on either side.

A new member of the club, Mrs. H. S. McPadden, was welcomed into the group. Others attending were Mrs. Max David, Mrs. Willard Bumpass, Mrs. C. M. Chase, Mrs. E. W. Cowden, Mrs. Jack Doran, Mrs. B. ## Mrs. Aldrich Speaks To Tejas Club On Back Yard Gardens

The things to work for in your back-yard room are intimacy, interest, usefulness and beauty, Mrs. Frank Aldrich said Thursday when she spoke to the Tejas Garden Club on "Making a Room of Your Back Yard."

Mrs. Aldrich, a member of the Midland Garden Club, was guest speaker for the meeting, which was held in the home of Mrs. J. A. Eubank. Mrs. J. D. Dillard assisted as hostess.

Plans for raising funds for the Woman's Club Building were discussed during the business session. Mrs. Rex Greer and Mrs. B. Hall were guests of the group. Other members attending were Mrs. R. W. Allen, Mrs. Floyd O. Boles, Mrs. Lee Conroe, Mrs. John Fletcher, Mrs. W. M. Ford, Mrs. H. L. Goodman, Mrs. M. R. Hayes, Mrs. C. W. Herndon, Mrs. Frank Johnson, Mrs. W. D. Lane.

## Mrs. Pete Strickland Is Shower Honoree

Mrs. Pete Strickland was the honoree at a pink and blue shower given Tuesday night by Mrs. R. L. Wright and Mrs. Roy Minear at 1702 West Illinois Street.

The table centerpiece was a china baby buggy filled with salmon pink roses and blue Dutch iris. Peggy Minear played selections on an organ banked with greenery.

Guests played games with the winners, Mrs. Shirley McGlaun, Mrs. Carl Henderson and June Keel, presenting their prizes to the honoree.

The guest list also included Mrs. A. B. Stickney, Mrs. Bertha Kenney, Mrs. Elmer Endinger, Mrs. Gray, Mrs. Inez Douglas, Mrs. Jim Watson, Mrs. Mowry, Mrs. McWhorter, Mrs. C. E. # DADDY RINGTAIL

And No! No! No!

A whole lot of people in the forest—a lion, and an elephant, and a giraffe, and a wolf, and everybody—had said they would be in a zoo for Uncle Bunkum if he really wanted to have one, and Uncle Bunkum said he did. He hurried away through the forest with Daddy Ringtail—on his way back to the Monkey Catcher's zoo—to tell the Monkey Catcher

that he wouldn't be living there any more. "Now if you've made a mistake," Daddy Ringtail said to Uncle Bunkum, "if you decide that you really don't want a zoo of your own, you can always change your mind." But Uncle Bunkum said he wouldn't be changing his mind. He wouldn't be deciding that he didn't want a zoo of his own, and so he came at last with Daddy Ringtail to the zoo where the Monkey Catcher was busy feeding the animals, and changing the covers on their beds, and being sure that

they were warm in their cages. The Monkey Catcher was so very busy that fine day that he couldn't even stop to say hello. "Oh, No! No! No!" Uncle Bunkum called, because he wanted to say that he wouldn't be living there any more. But all the Monkey Catcher said was: "Happy day, Uncle Bunkum, and welcome home to your cage." And then the Monkey Catcher hurried away with two big buckets of water for the elephants. My, my, but that Monkey Catcher was working hard and fast. Uncle Bunkum had never thought before just how much work there was to looking after a zoo with all the people in it. "Well now! Well now!" Uncle Bunkum said. Said Daddy Ringtail: "That Monkey Catcher! He's so very busy with all his work, but I'll stop him and tell him that you won't be living here any more."

"No! No! No!" Uncle Bunkum said. He crawled in his cage and locked the door. He didn't want any more to be moving away. He didn't want any more to be having a zoo of his own. Too much work. Too very much work. And so Uncle Bunkum changed his mind. He didn't really want the zoo he had

always thought he wanted, and so he said he didn't want it, thank you. Yes, and everyone should be like Uncle Bunkum. They should change their minds if they see they've made a mistake in thinking they want a something they really don't. Happy day! (Copyright 1950, General Features Corp.)

**MISSIONARIES WRITE HISTORY**  
LOS ANGELES—(AP)—Missionary reports make good history, says Dr. Frank J. Klingberg of the University of California. He and his staff have been working 19 years on reports from 1700 to 1949 of the British missionary societies. Some of the early reports deal with colonial America and give detailed data about communities, Klingberg says.

SHE'S YOUR GIRL, AIN'T SHE? DO LIKE IN THOSE ADS THAT SHOW THE LITTLE FELLER TAKIN' HER AWAY FROM THE BIG GUY?  
ER—AHEM—DID YOU NOTICE WHETHER THE BIG GUYS IN THOSE ADS ARE FOND OF VITAMIN-ENRICHED MRS. BAIRD'S BREAD?  
MAKES A DIFFERENCE  
MY GOODNESS!  
—STRONG? WHY, ME TRAINER SEZ I EVEN GOT HEADS IN MY HEAD!  
BUT UNCLE BUNKUM SAID HE WOULDN'T BE CHANGING HIS MIND. HE WOULDN'T BE DECIDING THAT HE DIDN'T WANT A ZOO OF HIS OWN, AND SO HE CAME AT LAST WITH DADDY RINGTAIL TO THE ZOO WHERE THE MONKEY CATCHER WAS BUSY FEEDING THE ANIMALS, AND CHANGING THE COVERS ON THEIR BEDS, AND BEING SURE THAT

**BOY ON THE CARPET**

The lad in this picture has been into some kind of mischief, and his dad has called him "on the carpet." His drooping head and downward gaze suggest a consciousness of wrongdoing.

These are always tense moments in parent and child relations, because they involve a meeting of personalities in a situation which might easily serve to strengthen or weaken the parental tie.

This is no occasion for parental anger, arrogance, or bluster. The situation calls for a sympathetic understanding, a calm appraisal, and good judgment based on the moral and spiritual elements in human conduct.

Parents need the wisdom of God and spiritual guidance in dealing with the behavior problems of their children. Mistakes made in these circumstances often lead to unfortunate results.

The counsel of the Church and the inspiration of the Scriptures is offered to every parent who seeks divine guidance in meeting the responsibilities of parenthood.

**HOLY BIBLE**

**THE CHURCH FOR ALL... ALL FOR THE CHURCH**

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

### Snead Wins Playoff

Sam Snead, right, receives congratulations from Ben Hogan, left, as golf announcer Homer Wilborn airs Snead's victory over Hogan in the twenty-fourth Los Angeles Open Golf Tourney. Snead defeated Hogan by four strokes, ending the 18-hole playoff with a score of 72.

### Rickey Suggestion Shades Daffiness Of Former Antics

NEW YORK (AP)—Remember the old daffiness days in Brooklyn when Babe Herman slammed a mighty three-bagger into the field this year if Branch Rickey really is serious about his latest brain child.

Think that was funny? Well, that was strictly straight stuff compared to what may happen at Ebbets Field this year if Branch Rickey really is serious about his latest brain child.

Speaking at the annual dinner given by Sports Magazine Thursday night, the beetle-browed boss of the Dodgers advocated a new idea in baseball.

"Here is a suggestion all managers should take," Rickey began. "In a situation where runners are on first and second with nobody out and a hopeless hitter at the plate, he should order two outfielders in, thus making a six-man infield and a one-man outfield. The first and third baseman should move in 20 feet down the line. Then you're equal to all occasions.

"We have plenty of hopeless hitters in our league. I have some on my club. I have a pitcher who never in his life has been able to hit a ball to the outfield. Yet there always are three utterly useless outfielders always waiting for him to hit one. How stupid can they be?"

### Bulldogs In Tournament

The Midland Bulldogs were scheduled to meet Barnhart in the first round of play in the Big Lake Invitation Basketball Tournament.

The opening game was set for 9 a.m. between the two teams.

Coach Jack Mashburn entered the Purple cagers in championship play only, electing to pass up consolation if they are defeated in the first round.

An 11-man squad made the trip. Included were Harrie Smith, Reed Gilmore, David Weaver, Ollie Phillips, Billy Phillips, Corky Moss, Walter Spiller, Norman Drake, Bill Branch, Ralph Brooks and Jack Mobley.

### Buffalo Is Approved As Pro Grid League Member; Houston Out

PHILADELPHIA (AP)—Out of the maze of rumors at the National-American Football League founding meeting came two solid facts.

1. Buffalo will become the organization's 14th member if a satisfactory schedule can be worked out.

2. Houston apparently is out.

After an eight hour session Thursday, Commissioner Bert Bell said the 13 owners had found a key to a 14-team schedule.

"Ray Bennison (president of the Chicago Cardinals) has proved to the owners that by using two swing teams we can play 12 games within 12 weeks, starting in late September and ending in mid-December, including the championship game," Bell said. A swing team plays every other team in both divisions once.

Unopposed To Buffalo

Discussing Buffalo, the commissioner said, "Nobody is opposed to Buffalo, providing a schedule is satisfactory to all."

Apparently the presentation of the Buffalo case by Albert O'Neill, power company president, sat well with the owners.

Glenn McCarthy, Houston, millionaire, failed in his quest to stir the imagination of the owners.

McCarthy, in presenting his case spoke of building a 110,000 seat covered stadium. He displayed sketches of the proposed plant.

"But from all indications, the lack of an immediate site has caused the owners to lose interest in Houston. That, plus the fact a 15-team league would be unwieldy."

### Baylor May Choose Head Coach Friday

WACO (AP)—Baylor University may name its new football coach Friday and sidewalk quarterbacks say it may be George Sauer.

The University's Athletic Committee has scheduled a meeting for 2 p.m. The school's Board of Trustees plans to meet an hour later to discuss the Board coaching situation.

Observers think the new coach will be named after these two meetings and before the annual football banquet Friday night.

Sauer, who coached Kansas to the 1948 Orange Bowl and who recently only recently has been mentioned in the list of "possibilities." But the rumors that he is "in" have been circulating with increasing frequency.

Woodruff To Florida

Woodruff has been searching for a new coach for two weeks, ever since Bob Woodruff quit—for keeps—to go to the University of Florida as athletic director and head football coach.

Woodruff had quit his \$12,000 a year post office before this year because of differences with Athletic Director Ralph Wolf. But he and Wolf both were retained in a compromise settlement that shifted Wolf to new duties. Then Woodruff suddenly asked to be let out of his five-year contract to take the better paying (\$17,000 per year) Florida post.

That was a period a few days ago when it looked like the job was Sammy Baugh's. But pro football's top passer asked not to be considered after he had a talk with Washington Redskins owner George Mar. Sammy decided to fling passes for the Redskins for the fourth straight season.

Termed Hot Prospects

H. N. (Rusty) Russell, Southern Methodist University assistant coach, and Missouri's Don Faurot were other "hot" prospects. But Thursday it was reported both had been withdrawn from consideration.

Jinx Tucker, Waco News-Tribune sports editor, said Faurot had withdrawn himself from the picture. Tucker added that Faurot was happy at Missouri where he has virtually a lifetime job.

Sauer, Cecil Isbell, former Ballisaunder, and former football coach, Buddy Parker, former coach of the Chicago Pro Cardinals, and Lowell (Red) Dawson, former Tulane coach, were said to be the ones now being most strongly considered.

And the sidewalk quarterbacks think that Sauer has the inside track.

Sauer left Kansas to take over at Navy early in 1948. He quit just recently when the contracts of two of his assistants were not renewed. He had two years left on a four-year contract to coach the Middies.

### Engineers Move Up In Tourney

ANDREWS—Rotary Engineers of Midland advanced in the first round of the Andrews Independent Basketball Tournament here Thursday night, defeating the Andrews Roughnecks 78 to 17.

The talented Rotary quintet was much too classy for the Andrews five and had things its own way. Leland Huffman, Charlie Kelly, Frank Branhany, Leonard Shepherd and several other of the Engineers played outstanding ball.

Rotary meets Bill Hale Motors of Odessa at 7:30 p.m. Friday in the second round.

Eight teams are entered in the tournament.

### Marlene Bauer Tied For Third In First Round Of Golf Meet

TAMPA, FLA.—(AP)—Stocky Polly Riley shot the best round, but ready Babe Zaharias wound up with low score.

That was the story of the first 18-hole round in the 72-hole Tampa Women's Open Golf Tournament Thursday.

Miss Riley, Port Worth amateur, had a two-under par 33 for the first nine and the day's figure of 70.

Miss Zaharias methodically swung around the tricky 6093-yard Palma Ceta course in par, 35-35-70.

The rest of the contenders in the \$3,500 event were well bunched. Tied for third at 74 were two amateurs, Marlene Bauer of Midland, Texas, and Peggy Kirk of Findlay, Ohio.

### Gulf Coast Circuit Welcomes Athletes From Other Schools

SAN ANTONIO (AP)—Any athlete whose college drops his particular sport will be welcomed by members of the Gulf Coast Conference and he won't lose any eligibility by transferring.

The transfer rule has been changed to permit students from schools like St. Louis University and Oklahoma City University, which are dropping football, to shift to either Midwestern or Wichita Falls, Trinity of San Antonio, North Texas State of Denton or University of Houston—schools making up the Gulf Coast Conference.

### SPORTSLANTS

BY SHORTHY SHELburne

There has been much discussion in these parts during the last year about which coach draws the largest salary. Some have pointed out Tugboat Jones as the highest paid. Others have said it is Joe Coleman of Odessa.

The latter guess probably would be correct. Odessa circles report Coleman has been drawing \$7,200 per year.

Coleman recently was given a new three-year contract as head coach of the Bronchos. There may have been a raise attached making his salary even more than \$7,200.

Big Spring and Odessa apparently are running in competition to see which can promote the biggest track meet this Spring.

Odessa has announced several Southwest Conference track teams will run in the West Texas Relays there late in March, creating a university division to the meet.

Big Spring now is talking about \$500 in trophies to be awarded winners in the annual Big Spring Relays.

From all indications, the City Oge League here will be a wide-open race from now on.

Last week Ted Thompson's outfit showed it will be in the race by whipping Mid-West Lumber 72 to 18.

Everyone, including us, thought that was a big score.

But along comes Rotary Engineers to clip a first-rate Watkins Mobil unit 82 to 49.

If this keeps up Pat McMullan will have to furnish bigger score books. The standard size score pads have room for only 75 points in the running score.

Speaking of basketball, Coach Leo Fields and his Stanton Buffaloes still are rolling along in the round ball.

The Buffs annexed the Hermleigh Invitational Tournament crown last week, whipping Trent, Loraine and Hermleigh.

Tuesday night Stanton downed Forsan 36 to 31 for its thirteenth consecutive victory.

The Buffaloes haven't lost one since they were defeated by Westbrook 28-27, in the season opener. That's a pretty fair record in any league.

Wilbur Martin, Associated Press sports scribe, says Charley Grimm may be just the man to manage in Dallas where the "grandstand wolves" are particularly ruthless.

Jolly Cholly managed in Chicago where the Cubs haven't been in the first division since Jack Ellington weighed in at 175 pounds.

Martin thinks, as do we, that Grimm can stand the Texas League razzing easily enough after having gone through so much in the Windy City.

### Regional Gloves Meet Is Underway

PORT WORTH (AP)—Port Worth Golden Gloves fans were a little groggy Friday morning, after watching 67 fights on the opening program of the regional tournament here Thursday night.

A record field of 229 fighters made the big program necessary. And 59 more bouts are on tap Friday night. The tournament ends a four-night run Monday.

### Fort Worth Coaching Clinic Is Scheduled

PORT WORTH (AP)—A coaching clinic at the Recreation Building here January 30-31 will be one of such clinics being held in 37 states under auspices of five national amateur baseball organizations.

The National High School Athletic Federation, American Legion, National Baseball Congress, American Baseball Congress and the National Amateur Baseball Federation are cooperating in putting on the clinics to which every amateur manager or coach is invited.

### ACC Registers Third Straight Loop Win

SHERMAN—Ablene Christian College Thursday night won its third straight Texas Conference basketball game, noosing out Austin College 46-45 on five quick points by Bobby Francl in the last three minutes of play.

Austin held a 44-41 lead when Fran's cut loose.

### Joe Berry Is Named Manager At Vernon

VERNON—Joe Berry, former Texas League hurler, Thursday came out of retirement to sign a contract to manage the Vernon Dusters of the Longhorn League.

Berry's signing was announced by Noah Mead, Duster official since the club was sold to Vernon interests by Bob Huntley early this month.

The new manager pitched for Tulsa in 1948 and went into business last season, retiring from the game.

Berry was with Oklahoma City and Shreveport in 1947, winning six while losing seven as a relief hurler. His earned run average was a respectable 2.39 for the season.

### Cincinnati Cagers Trip Mountaineers

NEW YORK (AP)—Mid-year examinations reduced college basketball competition to a minimum Thursday night. Not a single game was played in the nine major conferences, and only one of the top 20 teams in this week's Associated Press poll saw action.

Cincinnati, ranked 20th, pulled up a 56-51 lead, then withstood a late West Virginia rally to beat the Mountaineers 69-59 at Cincinnati. Cincinnati led 37-26 at the half.

### Bratton, Williams Set For 10 Round

CHICAGO (AP)—Johnny Bratton, winner of six straight battles by knockout, will be seeking an upset triumph over Lightweight Champion Ike Williams Friday night in their 10-round non-title bout.

A victory for the hard punching Chicago welterweight would put him in line for a title shot at Sugar Ray Robinson, 147 pound champion. Thursday odds favoring the champion were lowered from eight to five to nine to seven.

### Pioneer Air Lines Adds New Service

HOUSTON—Another new special service program for Pioneer Airlines passengers, low-priced rent-a-cars, has been launched and cars soon will be in every city on the company's system in Texas and New Mexico, Harding L. Lawrence, vice president of traffic and sales, has announced.

He pointed out that the intensified oil interest in Snyder had caused a car to be placed both here and in Sweetwater, the nearest point on the Pioneer system to Snyder.

The cars permanently are stationed at the Pioneer field office in each of the cities and reservations for their use can be made at the same time a passenger reservation is made.

Perfect alignment of your car makes life safer—more economical—easier to handle.

### Budget Proposed By Senator Byrd Gets WTCC Support

ABILENE—Support of Senator Harry F. Byrd's proposed \$38,000,000 federal budget for the fiscal year beginning July 1 can mean a savings of \$131,250,000 to West Texas taxpayers, according to a report of the Public Expenditures and Taxation Committee of the West Texas Chamber of Commerce.

WTCC President J. M. Willson has recommended the report of the committee to the 140 affiliates of the organization, urging them to seek the cooperation of their congressmen and senators in supporting the Byrd program.

M. C. Ulmer of Midland, chairman of the committee, said a crisis faces the Congress in session this month on maintaining the present spending budget of \$43,500,000,000 (or proposed \$42,400,000,000 for 1950-51) on \$38,000,000,000 in revenues.

### Stanton's Ranch Bull Grand Champ

BROWNWOOD —(P)—F. Baca Elidon, 28, shown by Stanton's Ranch of Johnson City, was named grand champion Hereford bull of the seventh annual Brownwood Livestock Show Thursday.

M. O. Andrews of Fort Worth showed the reserve champion, Moa Prince Domino.

The grand champion Hereford female, BHF June Mixer 3, was shown by Bowen Farms of Coleman. The reserve champion, Miss Blanchard 82nd, was exhibited by M. D. Willhite of Dallas.

Steen & Turbeville of Goldthwaite showed the champion Southdown ram and Don Smith of Talpa showed the champion Southdown ewe.

### Probe Of Williams DWI Case Promised

AUSTIN—(P)—Texas Liquor Control Board Administrator Coke Stevenson, Jr., says there will be an immediate investigation of a case in which one of his district supervisors pleaded guilty to a charge of drunken driving.

Thomas N. Williams of the El Paso district Thursday pleaded guilty in Ector County Court and was fined \$200 and costs.

By E. STANLEY JONES

James 3:16-18; 4:1-3; Phil. 3:19.

#### THE KINGDOM WORKS AS SELF-FRUSTRATION

We have seen that the Kingdom of God is among us—is the way we get along with one another, if we get along at all, is the breakdown of human relationships on a world scale.

Dr. M. E. Sadler, president of Texas Christian University, Fort Worth, will discuss "Maintaining Democracy in A Revolutionary World" at an open meeting here Friday night.

the Kingdom of God? It is here in the very frustrations that are being placed in working as self-frustration. Since we wouldn't take the Kingdom of God as our collective fulfillment, we must now take it as our collective frustration.

Suppose the opposite had taken place. Suppose our collective revolt against God had turned out as prosperity, as peace, as progress, as mutual helpfulness. Then we could have asked, "Where is the Kingdom of God's since opposite had turned out so well. The success of our revolt would indeed smite our faith a fatal blow.

O God, I begin to feel a sense of personal and collective guilt. We have been trying to live against the universe and not with it, and now we are up against it. I'm up against it—we all are. I lift pleading hands to Thee to help me, save me, Amen.

Finns Demonstrate Their Independence In Naming President

LONDON—(P)—The reelection of President Juho Kusti Paasikivi, Finland's oldest active statesman, demonstrates again the almost defiant stubborn independence of the hardy Finns—a nation of 4,000,000 living in the shadow of the Red colossus.

Despite a Communist pressure campaign, the Finns chose to more to place their independence in the tired but capable hands of a man who helped build the little republic after the first World War as its first prime minister.

## Television May Do Good Deed By Sending Viewers To Optician

By EDWIN F. JORDAN, M. D. Written for NEA Service

Among the owners of television receivers, the question has come up as to whether television hurts the eyes.

Q—Are the eyes damaged by television?  
A—Apparently looking at television does not hurt the eyes although, of course, it may cause symptoms of eye fatigue after a while.

Q—What is basal metabolism and how does it work?  
A—It is hard to explain this in simple terms but essentially it means the rate of speed of burning of the body's tissues to produce energy.

Q—Is it possible for a woman of 47 who has apparently passed through the menopause for nine months to become pregnant?  
A—It is commonly believed that this is true. Recently, however, this question has been restudied and it has been concluded that if the mother is otherwise in good health she is not much more likely to encounter serious complications than a younger woman.

Q—Is it possible for a woman who has her first child in the late 30's or early 40's runs a much greater risk than the younger mother?  
A—It is commonly believed that this is true. Recently, however, this question has been restudied and it has been concluded that if the mother is otherwise in good health she is not much more likely to encounter serious complications than a younger woman.

A—It is possible and quite often happens. Ovipulation, that is the passage of the egg, occurs at irregular intervals for some time after the apparent end of the menopause.

Q—Does a headache which is persistent come from high blood pressure?  
A—High blood pressure can produce persistent headaches but there are many other causes for headache and one should not jump to the conclusion that high blood pressure is always responsible.

Q—What causes shortness of breath? Sometimes I don't even have to be doing anything and I get this awful feeling.  
A—Shortness of breath on exertion is probably the sign of some weakness of the heart. Shortness of breath coming at other times is more likely to be a nervous reaction without serious significance.
