

Another Exploration Staked In Peck Area

Location for the third new exploration for the Peck area of Southwest Midland County, opened for development by General American Oil Company, and associates, No. 1 Mrs. Hal C. Peck, has been reported to the Railroad Commission of Texas.

That prospector will be Trebol Oil Company, Eodman, et al, of Odessa, No. 1-E Peck. Location is 1,980 feet from east and 660 feet from north line of section 20, block 41, TP survey, 1-4-S.

It is projected to 13,500 feet to explore the Ellenburger—and all the other horizons above. The venture is one-half mile west of the General American, and associates, No. 1 Peck.

**Battered In Ellenburger**  
That discovery, located at the center of the northwest quarter of the northwest quarter of section 21, block 41, TP survey, T-4-S, is bottomed at 13,337 feet in the Ellenburger.

Operators are conditioning the hole to run 5 1/2-inch casing. It is understood that the pipe will be cemented on bottom.

That well indicates that the new field opener is to be tested through perforations.

The well has flowed oil in commercial amounts from the Pennsylvanian lime, the Devonian and the Ellenburger. It is presumed that the Ellenburger will be tested first. Operators have not revealed whether or not they will undertake to make a dual completion from the well.

**One Mile West**  
Locations for a one quarter of a mile west outpost to the Peck discovery was announced a few days ago by Lewis T. Lohman and associates. It will also be on Peck land, and midway between the General American No. 1 Peck and the Trebol and others location.

Sinclair Oil & Gas Company is to start drilling soon on its No. 1 Sanders, which is a one location due north flanker to the Southwest Midland County discovery.

The Peck area is approximately 30 miles southwest of Midland.

SE Terry Opener To Get First Offset

A diagonal northwest offset has been staked to the Tide Water Associated Oil Company No. 1 Nystel, the recently completed discovery well of the Corrigan field in Southeast Terry County.

The new flanker will be the Tide Water No. 1 E. A. Tap, to be 660 feet from east and south lines of section 2, block C-38, 1st survey.

The No. 1 Nystel has flowing production from the Fusselman section of the Silurian at 11,475-11,542 feet. On the 24-hour production potential, it flowed for 1,152.27 barrels of 35.5 gravity oil.

Slated depth for the offset is 11,600 feet.

This new deep field is 14 miles south of the town of Brownfield.

SE Borden Discovery Sets Casing In Reef

George P. Livermore, Inc., No. 1 W. Reinecke, Southeast Borden County discovery for flowing oil from the top of the Canyon reef lime, is to cement 7-inch casing at 6,754 feet, the top of the reef, and make production tests to try to complete as producer and the discovery of a new oil field.

This venture flowed 24 barrels of clean oil in 30 minutes through a five-eighth inch bottom hole choke, naturally, during a drillstem test at 6,754-84 feet.

The oil flow started in 19 minutes after the tool was open. It was flowed to pits for seven minutes and then flowed to tanks for 30 minutes. It was during that 30 minutes that the well produced the 30 barrels of oil.

**Not Formation Water**  
Recovery, when the drill pipe was pulled was 1,080 feet of oil and five feet of drilling water. An analysis of the water showed that it was not from the formation.

The Livermore No. 1 Reinecke is 667.35 feet from north and 660 feet from west lines of the south half of the northwest quarter of section 33, block 35, H&TC survey.

That makes it five and one half miles southwest of Amerada Petroleum Corporation No. 1 Von Roeder, another Canyon lime discovery in Southeast Borden County. The Amerada well is four miles west of the nearest completed oil wells on the west side of the Sharon Ridge-Canyon field.

C-W Kent Area To Get Deep Prospector

Ted Weiner, and associates, and Sohio Petroleum Company of Fort Worth propose to drill an Ellenburger wildcat to 8,500 feet, in Central-West Kent County.

Drillsite is to be nine miles west of the town of Clairmont, and 665 feet from west and south lines of the northwest quarter of section 27, block G, Waco & Northwestern Railway survey.

The joint-venture will be the No. 1 Alice A. Carriger. Proposed site is 12 miles north of the Cogdell-Canyon field.

**Staking Confirmed**  
Official confirmation of the staking of the Bernald and Seaboard Oil Companies No. 1 R. L. Spires, a deep wildcat in Central-South Kent, has been received by the Railroad Commission of Texas.

It is slated to go to 10,000 feet to test the Ellenburger.

WEATHER

Partly cloudy and colder. Lowest temperatures expected Monday night 24 to 34 degrees; 18 to 26 degrees in the Panhandle. Maximum temperature Sunday 65 degrees. Minimum Monday 32 degrees.

Tornadoes Kill 47 In Four States

Angry Miners Continue Full Scale Walkout

PITTSBURGH (AP)—Angry soft coal miners continued their nationwide "No contract, no work" strike full blast Monday. They ignored both John L. Lewis' work order and a federal court injunction.

In some areas, lack of official notification is delaying a decision by United Mine Workers locals on obeying their chieftain's order to return to the pits "forthwith."

No mines are operating in the large bituminous (soft coal) producing areas except unorganized or independent union pits and those covered by new contracts with the UMW.

Pennsylvania, West Virginia, Indiana, Illinois, Alabama, Ohio and other important coal states all report the strike is as strong this week as last.

Determined strikers vow they'll stay out until they get a contract. Over the weekend, Lewis bowed to the court order and directed his 372,000 striking miners back to work. But with telegraph offices closed on Sundays in many small mining communities, several locals were late in receiving the official word.

**Lewis' Birthday**  
Some idle miners said they aren't working because Monday is Lewis' seventieth birthday.

Dave Fowler, president of UMW District 21 in Oklahoma and Arkansas, looks for a continuation of the strike despite Lewis and the court. He said:

"Some of the miners feel the government is trying to make convicts out of them. The miners fought for 50 years to get their union. They don't want it stolen away from them and to be reduced to slaves."

In Indiana, where all 8,500 UMW diggers are idle, President Louis Austin of UMW District 11 said:

"Apparently the miners are angry because they have no contract. In West Virginia, the Norfolk and Western and the Virginian Railways said no mines are reported working along their lines. About 14,000 miners are idle in Logan County, West Virginia.

**Grin Determination**  
No mines are operating near Harlan, Ky.  
Comment from rank and file diggers. (Continued On Page Seven)

Rafael Sabatini, Famed Author, Dies

ABELBODEN, SWITZERLAND.—Rafael Sabatini, 75, the Anglo-Italian writer whose washbuckling Captain Blood thrilled millions of readers, died at his hotel here early Monday.

The author of more than 40 historical novels published since 1904, Sabatini has suffered for years from stomach ulcers. His last book, "Turbulent Tales," was published in 1946.

His best-known works included "The Sea Hawk," "The Snare," "Scurvy," "The Black Swan" and three books on the Adventures of Captain Blood.

Many of his novels had been filmed.

UN Ballot For Texas Proposed

WASHINGTON (AP)—Former Undersecretary of State Will C. Clayton told senators Tuesday maybe Texas should have a vote in the United Nations.

Clayton was before a Senate Foreign Relations subcommittee to support a union of the Atlantic powers. He noted that Russia has a vote in the UN.

"If Byelo-Russia and the Ukraine are to have votes in the UN," Clayton said, "then Texas should have a vote, too."

P. S.—Clayton, huh, is a Texan.

★ LATE NEWS FLASHES ★

WASHINGTON (AP)—Southern coal producers Monday accepted John L. Lewis' invitation to resume contract bargaining on Wednesday.

WASHINGTON (AP)—Senators Martin (R-Pa) and McCarthy (R-Wis) Monday demanded investigation of charges that the Truman Administration is "riddled with Communists" and that the State Department has 57 card-carrying party members.

WASHINGTON (AP)—Assistant Secretary of State John D. Hickerson said Monday the United States is ready "at any time to sit down and talk" with Russia on the control of atomic energy.

WASHINGTON (AP)—Senator Ellender (D-La) Monday contended that President Truman's "inexcusable" delay in invoking the T-H Law in his handling of the coal strike will cost the Democrats thousands of votes in the congressional elections next Fall.

WASHINGTON (AP)—President Truman Monday chose David McK. Key, 50-year-old career diplomat, as U. S. ambassador to Cuba.

U. S.-Canadian Troops Start Mock Arctic War

Along the frozen border between Alaska and the Yukon, U. S. and Canadian troops Monday moved up the Alaska Highway in the start of the sub-Arctic maneuver, "Exercise Sweetbriar." More than 5,000 troops assembled at Whitehorse (marked by flags on map). From there they launched an airborne attack on Northway Airfield, with crack Canadian troops leading off under an umbrella of U. S. and Canadian fighter planes. Objective of the drive is to repel "aggressor" forces (A) in Alaskan territory between Anchorage and Fairbanks. Pictured below are rows of Jamesway huts at Northway Airfield, which provide shelter for troops in the exercises.

Department, Chain Store Tax Offered To Finance Schools

AUSTIN (AP)—The House went to work Monday on a cigarette tax bill to pay for new state hospital and special school buildings.

The measure, by Reps. Davis Clifton of Farmersville and Jack Cox of Breckenridge would boost the tax a penny a pack. It was estimated to raise \$8,000,000 a year, all earmarked for hospital buildings, for seven years.

This action brought the special session nearer a showdown on the question of whether or not it is willing to increase taxes, and how much, to pay for better treatment of the mentally ill and mentally deficient.

While the Senate met briefly and adjourned until 11 a. m. Tuesday, additional fund-raising measures were offered in the House.

One would levy an occupation tax on retail stores with gross receipts of \$1,000,000 a year or more. Three-fourths of the revenue would go to state hospitals and special schools and one-fourth to the available school fund.

**Aimed At Big Ones**  
"This bill is aimed at those large department stores like Foley's and Neiman-Marcus and the chain stores," its author, Rep. Jack C. (Continued on Page Seven)

Pecos Theater Is Damaged In Blaze; Fireman Injured

PECOS—Pecos Cactus Theater, pictured last year on the cover of a Saturday Evening Post issue, was damaged extensively by fire about 7 p. m. Sunday. The theater is located in the heart of the business district. Imaginary fire raged on the screen as real fire caught in the crowded theater.

The capacity crowd attending the Sunday night feature fled out of the building in an orderly manner and only one casualty was reported. Charlie Hayden, a Pecos fireman, was injured in fighting the blaze. His injury was termed "not serious."

Hal Cook, theater manager, also is a member of the Pecos Volunteer fire department, and assisted in extinguishing the fire, which reportedly started in the projection booth. The booth was gutted by fire and a part of the balcony crumpled.

Spectators credited Pecos firemen, headed by Chief Sammy Colquhoun, with preventing casualties and a greater property damage.

Derailed Freight Car Halts Traffic On T & P Monday

A car on a westbound Texas & Pacific freight train derailed at Bounce, five miles west of Midland about 8:30 a. m. Monday, and caused considerable damage to the tracks on the main line. D. Davis, Midland agent for the railway company, said.

An eastbound passenger train due in Midland at 8:43 a. m. still was being held up at noon. Davis said it was expected the track would be repaired and opened to traffic by 2 p. m.

No injuries were reported in the accident. Only one car jumped the tracks but rails were torn up for more than 50 yards.

Davis said a hot box caused the accident. A journal burned in two and allowed the trucks on one side of the car to drop to the ground. A wrecking crew from Big Spring was called to clear the tracks.

Your Midland Community Theater membership is needed—send check to 301 W. Missouri.—(Adv.)

Tennessee Is Hit By Winds Early Monday

SHREVEPORT, LA.—(P)—Tornadoes whirled through four states over the weekend, leaving at least 47 persons dead.

Another 200 or more were injured in East Texas, Northwest Louisiana, Southern Arkansas and Tennessee.

Nine persons were killed in the little Tennessee farming community of Hurricane Hills, near Ripley, early Monday.

The twisters previously had struck 38 persons with death in Northwest Louisiana and East Texas.

The sheriff's office at Ripley reported that still others, probably negro tenants of the stricken Woodward farm, were believed killed.

Three houses also were damaged by a twister at Rosemark, near Memphis. No one was reported injured at Rosemark.

As the tornadoes continued a northward course, the death toll mounted in Louisiana and Texas.

The Red Cross reported 29 killed in Louisiana. This total did not include one fatality reported by The Shreveport Times in Shreveport.

The death of nine-year-old Shirley Windsor in a Lufkin hospital Monday raised the death toll in Texas to nine.

The tornadoes—spawned Saturday when a mass of cold air collided with a mass of warm, moist air—struck at least 20 times in less than 24 hours.

**East Texas Hit First**  
This first to feel the twisters was Lower East Texas. A tornado smashed La Porte and Alvin Saturday afternoon. Another twister hit later that day at Chapel Hill, Brennon and Ballewville. At midnight the tempo increased as twisters struck at Corley, Groesbeck, Jeri-

(Continued On Page Seven)

Four Midland Men Are Named To Oil Import Study Panel

Four Midland men have been appointed by William J. Murray, Jr., chairman of the Texas Railroad Commission, as members of a Citizens Committee to seek a solution to the foreign oil imports problem.

The Midlanders are J. E. (Ed) Wacker, president of the Independent Petroleum Association of America; James L. Daugherty, governor of District 2-T-2; Lions International; John C. Dunagan, businessman-rancher, and W. P. Z. German, Jr., attorney.

Murray said Chairman E. J. McCurdy of Fort Worth and Dr. T. S. Painter of Austin will announce the time and place for the holding of a committee organization meeting.

The Railroad Commission chairman said he hopes the 100-member committee will see fit to conduct its own investigation of the import problem, "arriving at a course of action which will be in the best interest of our state and nation."

John D. Mitchell of Odessa and Henry W. Smith of Big Spring also are members of the committee, which includes citizens from all sections of the state.

No Damages Awarded In Civil Case Here

Judge Paul Moss has ruled that the plaintiff in a civil case tried here last week is not entitled to damages.

In entering judgment, Judge Moss also ruled that the defendant, who had filed a cross-petition, also was not entitled to collect damages.

The plaintiff was ordered to pay court costs.

H. B. Mills was the plaintiff in the suit, which was filed against the Colorado Sand and Gravel Company as the result of an auto-truck collision at the intersection of Wall and A Streets.

Rain, Snow, Cold Come To Midland

The most realistic touch of "this winter" came to Midland and vicinity Sunday night and early Monday. Freezing temperatures, a drizzle of rain and snow flurries arrived.

Precipitation recorded at the CAA office at Midland Air Terminal amounted to .05 inch liquid and a trace of snow.

Snow was visible on house tops in Midland early Monday while the temperature was at a low of 32 degrees. The mercury moved upward during the morning, melting the white stuff.

The sun broke through just before noon and warmed things considerably. A strong wind, which blew Sunday night and Monday morning was subsiding.

Exchanges Observe Holiday Monday

NEW YORK (AP)—Domestic security and commodity exchanges were closed Monday in observance of the Lincoln's birthday holiday. Livestock reports, however, were issued as usual by the Department of Agriculture.

Student Says He's Sorry Now

DALLAS (AP)—One of the Southern Methodist students who tangled with Texas A&M visitors here last week is sorry now it ever happened.

His girl won't talk to him any more. "She called me a brute and a bully," the unidentified student told The SMU Campus, college newspaper. "She won't even speak to me now."

Early Sunday Dinner Ends In Death For Three As Tornado Rips Texas Farm Home

SALEM, TEXAS (AP)—Tenant Farmer Dick Windsor and his family were about to sit-down to an early Sunday dinner.

His wife, Dovie, 26, already had the dishes on the table in their modest East Texas farm home.

The children—Shirley, 9; Betty Sue, 6; Linda, 4, and Linwood, 18 months—apparently were gathered around the table at 10:42 a. m.

Seconds later their bodies, Linwood's already lifeless, were scattered among broken and uprooted pine trees. Their one-story, rented home was flattened.

At 7:30 p. m. Sunday, Windsor, 36, died in Angeline County Hospital at Lufkin, 12 miles northwest of here.

He suffered a punctured lung and a severe head injury. At 4:50 a. m. Monday, Shirley, her pelvis and collar bone broken, died in the same hospital—third of the family to die.

Betty Sue, in serious condition, has a fractured skull and torn left leg. Mrs. Windsor's only apparent injuries are minor cuts and bruises, but doctors say she suffered terrific shock.

Least hurt, and hardly old enough to know her world has turned over, is four-year-old Linda. She has minor cuts and bruises.

That's how a dipping, prodding tornado came into the life of the Windsor family Sunday.

A clock found in the wreckage set the storm's arrival at 10:42 a. m. There was little salvageable property left. The roof of the house was found 300 yards away—in the top of some trees.

Mrs. T. E. Murray, who lives one and one-half miles from the white-painted Windsor home, saw the storm coming. It was small and funnel-shaped. It seemed to dip crazily in one direction and then another.

Then, suddenly, it flicked the Windsor house.

Besides the house, valuable pine trees surrounding it were destroyed.

But the damage to that small area was the only property damage here. Blinding rain came quickly after the screaming tornado. At Lufkin, 1.43 inches fell in 27 minutes.

At the hour the tornado struck, the barometer at Lufkin dropped to 29.22, equaled the freakish all-time low marked when the gulf hurricane hit last summer.

East Texas still was uneasy Monday. Sunday night a Beechcraft plane flying at 12,000 feet above Corrigan, 28 miles south of Lufkin, reported "vast turbulence" at that altitude.

It still was raining in this area Monday. Clouds were dark, heavy and threatening.

Lost Horizon May Become Musical For Jack Benny

By ERSKINE JOHNSON  
NEA Staff Correspondent

HOLLYWOOD—An independent producer is talking a deal with Columbia to buy the remake rights to "Lost Horizon" as a musical for Jack Benny. Howard Duff has switched to TV star Anne Sterling, which is nice dialing.

George DeWitt, the comic, was visiting at the home of Jerry Lewis when he noticed a large collection of guns in a glass case.

"I think," said George to Jerry, "you should put up a sign reading: 'In Case of War, Break Glass.'" Jerry and Dean Martin, by the way, will play a game of Canasta with a chimpanzee for a scene in "My Friend Irma Goes West." Even the chimp, I hear, has a different set of rules.

Midgets are doubling for children for the midnight-untill-dawn shooting schedule for "Union Station." The other night assistant-director Eddie Sauter "killed" out in the middle of a scene.

Have A Laugh

By BOYCE HOUSE

Of course everyone knows about the temperance committee's visit to ask Lincoln to remove General Grant from command because he drank. It so happened that Grant was the only Union general who was winning any battles, so Lincoln solemnly asked, "Do you know what brand of whiskey General Grant drinks? I'd like to send a barrel of it to each of my other generals."

Notre Dame was playing a Southern team and one of the players on the opposing club complained to the referee.

"That right tackle bites me on every play."

The official growled, "Then I suggest that, hereafter, you schedule Notre Dame on Friday! They don't eat meat that day."

Scholarship Pays Off

Say you're a student in a certain school on New York's East Side and you got grades of 90 or more, or just B-plus or better. Run your report card over to ice cream dealer Sam Miller and pick up, for free, a half pint of frozen custard. If your grades are lower, you get the cold shoulder. Miller is seen doing a rushing business after posting his sign offering ice cream awards for scholars.

Navy Continues Search For Plane With Nine Aboard

CORPUS CHRISTI —P— The Navy Monday threw out a three-pronged search for one of its planes, missing since Friday afternoon with nine men aboard.

A dawn to dark hunt by land, sea and air Sunday failed to find a trace of the PBM-3. A naval spokesman said it started again at sunrise Monday.

There is not much chance the plane is still afloat, the Corpus Christi Naval Air Station officer declared, "but there remains hope that we will be able to find the men. We're certainly not going to stop searching until every last hope is gone."

The plane was equipped with life rafts and individual life jackets. Several articles which might have come from a wrecked plane were discovered Sunday but they proved false clues.

Seventeen planes covered the Gulf of Mexico, jeeps patrolled miles of sandy beaches and two Coast Guard cutters conducted searches.

Investigators Seek Cause Of Atom Plane Crash Fatal To Three

ALBUQUERQUE, N. M. —P— Investigators tried Monday to learn what caused a light plane carrying secret atomic data to crash Saturday night, killing two security inspectors and the pilot.

The dead are Inspectors Warren G. Fleishman, 29, of Hitchcock, Okla., and Robert F. Purcell, 31, of Loveland, Colo., and Pilot Hugh H. Williams, Jr., 32, of Albuquerque.

The plane was returning here from the East coast. Officials said Williams radioed West Mesa Airport he was in sight of the field and was coming in to land. No more was heard from him.

Elmo Morgan, assistant to the Los Alamos AEC director, said the plane carried classified information, which is always accompanied by inspectors. He said there was nothing to indicate anything unusual about the crash.

VETERAN OKLAHOMA PUBLISHER DIES

DUNCAN, OKLA. —P— Willis F. Allen, 73, Oklahoma newspaper publisher since statehood, died at his home Sunday.

A native of Illinois, Allen came to Oklahoma in 1907 when he bought a weekly newspaper in Wagoner. From then to his death, he owned and edited almost a dozen papers in every part of the state.

MERRELLS HAVE GUESTS

Mr. and Mrs. H. S. Merrell had as their guests over the weekend their daughter and grandchildren, Mrs. Helen Ruth McCord, and Buddy and Nita Ruth, from Johnson City, Texas. Mrs. McCord, who was accompanied by Mrs. Clara King, also visited her grandparents, Mr. and Mrs. J. M. Hughes, and a sister, Mrs. Dale McReynolds. Mr. and Mrs. Merrell also had as their weekend guests Mr. and Mrs. Junior Grant of San Diego, Calif., who stopped in Midland enroute to New Orleans.

MELTON TO EL PASO

Dr. June Melton of the Western Clinic Hospital is attending a sectional meeting of the American College of Surgeons in El Paso. The meeting opened Monday and will continue through Tuesday.

FINED \$15, COSTS

A Midland resident was fined \$15 and costs Monday by Justice of the Peace Joseph A. Seymour on a charge of reckless driving.

Mansfield Finishes Second At Houston

HOUSTON —P— A Hondo, Texas, cowboy, Buddy Groff, grabbed the most money at the Houston Fat Stock Show rodeo.

Groff Saturday night collected \$1230 as the show's night roping champ.

First money of \$740 in bareback bronc riding went to Joe Venas of Spring, Texas.

Second man in bareback bronc riding was Wallace Brooks, Sweetwater, who won \$615. Bill Lawrence, Boulder, Colo., was third with \$495, and Bill Linderman, Red Lodge, Mont., fourth, with \$370.

Linderman collected \$900 as the champion saddle bronc rider. He was followed by Bill Hancock, Ozark, Ark., \$675; Billy Ward, Angels Camp, Calif., \$430, and Brooks, \$225.

Five Escape Death In Monahans Crash

MONAHANS—Four adults and a five-month-old baby narrowly escaped death early Sunday night when two cars collided at the entrance to the Gulf camp two miles west of Monahans on Highway 80.

Admitted to Monahans hospitals were J. S. Johnny Johnson, Jr., of San Angelo, driving alone in one of the cars; Harvey Abner, driver of the second auto, and Mr. and Mrs. Joe Findley and their infant son.

Abner and Findley suffered injuries of the body. Mrs. Findley received a fractured pelvis. Johnson has internal injuries.

The infant was knocked unconscious.

U. S. May War On One-Armed Bandits

WASHINGTON —P— Federal prosecutors from all parts of the country met with Attorney General McGrath Monday in what may herald the start of a nationwide community drive against slot machines.

While the federal government has no power to act against gamblers as a usual thing, McGrath's annual closed-door meeting with U. S. district attorneys will be followed this week by a federal-local crime conference at which the so-called "one-armed bandits" are expected to get close scrutiny.

H-Bomb Problems Prompt New Look At U. S. Foreign Policy

By JOHN M. HIGHTOWER  
WASHINGTON —P— The Truman Administration was reported Monday to be taking a new, overall look at American foreign policy to determine just where the United States now stands in the conflict with Russia.

The study is being made by the National Security Council. This agency embraces the State and Defense Departments and other agencies.

Responsible officials said the present review is not expected to produce any new turn in the direction of major foreign policy.

It may, however, answer questions raised by the long argument over the hydrogen bomb.

Questions are said to include: Whether the United States is more powerful in relation to Russia as the result of the H-bomb possibilities, how long it may be expected to hold any edge it has, what effect the possible new weapon will have on this nation's strategic planning, and how the bomb should be used.

Brannan Plan Foes Threaten Trial Run On Surplus Potatoes

WASHINGTON —P— Congressional critics of the Brannan farm plan said Monday they are considering applying it to the surplus potato issue.

"Economists tell us it probably would backfire and cost about \$400,000,000 this year," said one lawmaker, who would not permit use of his name. "That ought to blow the Brannan plan to pieces forever—but it might be worth it."

Secretary of Agriculture Brannan touched off a political explosion recently by asking senators what should be done with 50,000,000 bushels of surplus potatoes taxpayers paid for under the present price-support program.

Brannan opposes the present farm program, under which the surplus potatoes accumulated.

Last year he suggested that perishable foods, such as potatoes, be allowed to find their own market price levels without government price supports.

Robinson Fights In Miami Monday; Ike Slated Friday

NEW YORK —P— Lightweight Champion Ike Williams and Welterweight King Ray Robinson, who may be defending their crowns in the near future, sharpen up their punches in non-title bouts this week.

Williams steps up one division to tangle with Bernie Docusen, the fancy boxing New Orleans welter, in the ten-round headliner at Madison Square Garden Friday night. The hard-hitting champ from Trenton, N. J., has won his last nine fights.

Mrs. John Spurgers, Sr., has returned from San Bernardino, Calif., where she visited her daughter, Mrs. Peggy Joy Bridevever.

HALF-CENTURY HIGHLIGHTS

(Top Photo Copyright Harris & Ewing)

Inaugural firsts were scored by President Harding in 1921 and by President Truman in 1949. Harding was the first President-elect to ride in an automobile in the inaugural parade. He is seen with retiring President Wilson in the back seat of a limousine. President Truman's ceremony on Jan. 20, 1949, was the first to be witnessed on television by millions of persons many miles distant from the White House scene. The bottom picture was taken directly from a television screen in Cleveland, Ohio, and appeared on front page of the Cleveland Press as inaugural ceremonies still were in progress. Both incidents are symbolic of the tremendous impact rapid transportation and communications had on American lives in the twentieth century.

## TUESDAY

Morning circles of the First Presbyterian Women of the Church will meet as follows: No. 5 with Mrs. W. S. Maxwell, 805 North Baird Street; No. 6 with Mrs. D. W. St. Clair, 910 West Tennessee Street; and No. 7 with Mrs. F. R. Schenck, 1308 West Kentucky Street. The Evening Circle will meet at 7:30 p.m. in the church parlor. The Boy Scouts will meet at 7:30 p.m.

Chi Omega Alumnae will meet for luncheon at 12:30 p.m.

Conversational Spanish Group of the American Association of University Women will meet at 2 p.m. with Mrs. L. C. Thomas, 1607 West Texas Street.

Perennial Garden Club will meet at 8 p.m. with Mrs. J. C. Roberts, Jr., 600 North Colorado Street.

South Elementary Parent-Teacher Association will meet at 3:45 p.m. and the Executive Board at 3 p.m., both in the school.

Mrs. John M. Hills, Mrs. Cooper Hyde and Mrs. C. H. Atchison will be in charge of the clothing room of the Children's Service League, which will be open from 2 to 5 p.m. in the Red Cross building.

West Elementary Parent-Teacher Association will meet at 3:45 p.m. in the school. The Executive Board will meet at 2:30 p.m. in the school.

Circle Eight Square Dance Club will have a Valentine Party at 8 p.m. in the American Legion Hall.

Trinity Episcopal Men's Club will meet for supper at 7 p.m.

Daleth Delphian Society will meet at 8 p.m. in the Paletta Club studio.

Promenaders Square Dance Club will have a Valentine party and election of officers at 8 p.m. in the Midland Officers Club.

Order of the Eastern Star will have a Valentine party at 7:30 p.m. in the Masonic Hall.

Ladies Golf Association coffee for all women of the Midland Country Club will be at 9 a.m. in the Country Club.

Twentieth Century Club will meet at 3 p.m. with Mrs. R. Matthews, 2105 West College Street.

Altrusa Club will meet for dinner at 7:30 p.m. in Mrs. Atwood's Dining Room, 222 North Weatherford Street. This will be a guest night.

Welcome Wagon Newcomers Club will meet at 1 p.m. in the Ranch House.

Civic Music Club will meet at 8 p.m. in the North Elementary School Auditorium.

First Baptist Brotherhood will meet at 12 noon, the junior choir at 4 p.m. and the male chorus at 7:30 p.m.

First Methodist Men will meet for dinner at 7 p.m.

## WEDNESDAY

First Baptist Sanctuary choir will

rehearse at 8:30 p.m. and the teachers' and officers' meeting will be at 7:30 p.m.

Trinity Episcopal Holy Communion will be at 10 a.m. in the church. The senior choir will practice at 7:30 p.m.

Gamma Phi Beta Alumnae will meet for luncheon at 1 p.m. in the Midland Country Club with Mrs. John Cornwall as hostess.

Kappa Alpha Theta Alumnae will meet for dinner at 6:30 p.m. with Mrs. H. C. Hood, 1603 West Kansas Street.

First Presbyterian choir practice will begin at 7:30 p.m.

First Methodist choir rehearsal will be held at 7:15 p.m. and the Boy Scouts will meet at 7:30 p.m.

Play Readers Club will meet at 3 p.m. with Mrs. John Fitzgerald, 2002 West Wall Street. Mrs. Wilson Bryant will read.

International Relations Group of the American Association of University Women will meet at 7:30 p.m. with E. J. Elliott, 1602 West Kentucky Street.

Modern Study Club will meet for luncheon at 1 p.m. in Hotel Scharbauer.

South Elementary Parent-Teacher Association Study Group will meet at 1:15 p.m. with Mrs. Clyde Gwyn, 402 South Main Street.

Senisa Garden Club will meet at 9:30 a.m. with Mrs. Cal Glass, 1203 West Louisiana Street.

Junior Woman's Wednesday Club will meet at 3 p.m. with Mrs. James T. Smith, 719 West Kansas Street.

The pre-school study group of the North Elementary P-TA will meet in the home of Mrs. E. A. Vogler, 1806 West Louisiana Street, at 9:30 a.m.

The Star Study Club will have a covered-dish luncheon at 1 p.m. in the home of Mrs. Tom Nipp, 2302 West Brunson Street.

Lion Tamers Club will be hostess to Lions Club members and their ladies at a covered-dish dinner at 7:30 p.m. in the American Legion Hall.

Nu Phi Mu will meet at 7:30 p.m. with Joan Wallace, 1007 West Kentucky Street.

Night group of the Star Study Club will meet at 7:30 p.m. with Mrs. J. J. Johnson, 2501 West Brunson Street.

Opera Study Group of the American Association of University Women will meet at 8 p.m. with Mrs. R. B. Lambert, 925 North Edwards Street.

Paletta Club will be open all day for members who wish to paint. A pot-luck luncheon will be served at noon.

Woman's Wednesday Club will be hostess to the Midland Woman's Club at 3 p.m. in the home of Mrs. Marion Flynn, 101 North B Street.

First Methodist Workers' Bible Course will be held at 10 a.m. in the intermediate room of the Scharbauer Educational Building. The fifth lesson of "Our Faith" will begin at 7:30 p.m. in the sanctuary.

Trinity Episcopal junior choir will practice at 7 p.m.

Tejas Garden Club will meet at 9:30 a.m. with Mrs. Fred Wycoff, 721 West Kansas Street.

Midland Garden Club will meet at

## Scarf Forms Robe Guard

By ALICIA HART  
NEA Staff Writer

A small scarf tucked in at the neckline of a dressing gown is a clever answer to the problem of robe protection when a woman applies make-up.

The scarf, which should be in a gay, washable cotton or rayon fabric, will take the splatters from liquid foundation, powder, and even the lipstick smears which sometimes find their way onto a robe.

Easily dunked in warm water and mild suds, the neck protector is an excellent way to cut down on the dry-cleaning bill for negligees. Choose a colorful pattern so that the scarf serves another purpose. It will add a fashionable flourish to a dark classically tailored robe which is long on comfort but short on glamor.

A board meeting of the Midland Service League will be held at 9:30 a.m. in the home of Mrs. John M. Fitzgerald, 2002 West Wall Street.

Ladies Golf Association will meet at 1 p.m. in the Midland Country Club with Mrs. Ralph Love and Mrs. J. D. Dilard as hostesses. Members are asked to make their reservations early in the week.

First Methodist Senior Department party will be held at 7:30 p.m. in the Scharbauer Educational Building.

A board meeting of the Midland Service League will be held at 9:30 a.m. in the home of Mrs. John M. Fitzgerald, 2002 West Wall Street.

Moment Musical Junior Music Club will meet at 11 a.m. in the Watson Studio.

Children's Story Hour will be held at 10:30 a.m. in the Children's Room of the Midland County Library.

Rainbow Girls will meet at 3 p.m. in the Masogie Hall.

Dance for Midland Officers Club members and guests will begin at 9 p.m. in the clubhouse. Jimmy Furman's orchestra will play.

## Dr. Rankin Will Be Study Club Guest

ANDREWS — Dr. Hattie Love Rankin, a physician from Odessa, will be the guest speaker for the Andrews Study Club at 7:30 p.m. Tuesday in the Methodist Church.

Dr. Rankin served many years as a medical missionary in China. She will speak on "Russian Influence in China," and will display curios from that country. The club has been studying Russia this year in an effort to gain an understanding of the people and their customs.

PALETTA CLUB will be open all day for members who wish to paint. A pot-luck luncheon will be served at noon.

Woman's Wednesday Club will be hostess to the Midland Woman's Club at 3 p.m. in the home of Mrs. Marion Flynn, 101 North B Street.

First Methodist Workers' Bible Course will be held at 10 a.m. in the intermediate room of the Scharbauer Educational Building. The fifth lesson of "Our Faith" will begin at 7:30 p.m. in the sanctuary.

Trinity Episcopal junior choir will practice at 7 p.m.

Tejas Garden Club will meet at 9:30 a.m. with Mrs. Fred Wycoff, 721 West Kansas Street.

Midland Garden Club will meet at

## Memorial Book Month Stresses Library Gifts

By ALICIA HART  
NEA Staff Writer

With the idea that a book is a permanent memorial which brings enjoyment to hundreds of persons, The Woman's Wednesday Club again this year has set aside the month of February as the time to stress contributions to the Memorial Shelf of the Midland County Library.

The club started the shelf in 1935, and has sponsored it since. Each year, special emphasis is placed on book gifts during February. Since its organization in 1903, the group has been active in supporting a library in Midland and now has the Memorial Shelf as its special project.

Mrs. Lucile Carroll, Midland County librarian, has pointed out that giving a memorial book is a simple process and, that since it may be used over and over again, such a book is one of the most useful memorials ever conceived.

To give a book, a donor may call or write the Midland County Library or go in person. The information needed by the library is the name of the person to be memorialized, the names and addresses of persons to be notified of the gift, the name of the donor to appear on the bookplate, the amount the donor wishes to spend and suggestions to aid in selecting an appropriate book.

As soon as the gift is given, the library will send a printed card to persons who are to be notified of the gift, Mrs. Carroll said. She added that under present high publishing costs, very few books can be bought for less than \$3.50, while most of them range from \$4 to \$5 and more.

When suggesting a type of book, things about the person to be memorialized that the librarian should know are his hobbies, reading preferences, business or profession, religion, or general background.

Mrs. Carroll stressed the fact that the Midland County Library's small amount of spare shelf space makes it important to avoid duplication in memorial book gifts. A list of books that the library would like to have is kept on file at all times.

Other Midland members present were Grenade Peters, Faye Massey, Mary Stracener, Elsie Magee and Lucy Moore. Kathleen Wickman was a guest.

## Founders' Day Tea To Entertain P-TA

Mrs. L. W. Legett will be the guest speaker at the West Elementary Parent-Teacher Association meeting at 3:45 p.m. Tuesday in the school. The Executive Board will meet at 2:30 p.m.

The new teachers' lounge will be open for inspection. A Founders' Day tea will be held with Mrs. Malcolm G. Powell, Mrs. F. D. Ruedge, Mrs. C. Pannell, Mrs. F. C. Farham, Mrs. Victor McGowan, Mrs. Roger Northrup and Mrs. J. J. Travis as hostesses. Mrs. Powell is in charge of arrangements.

BURK — Mrs. M. L. Burk will be the guest speaker at the Junior Music Club meeting at 8 p.m. Tuesday in the school. The Executive Board will meet at 2:30 p.m.

## Quartet Opens CMA Year And New Auditorium With Concert

By SUE COLEMAN, Editor

Negro spirituals and some old quartet favorites, even "Road to Mandalay," were on the program with operatic duets and songs by classical composers when the National Male Quartet opened the

Midland Civic Music Association season Sunday afternoon in the new high school auditorium.

Appreciation of the music, shown in numerous calls for encores, was mixed with appreciation of the new auditorium. It was being used for the first time, and the audience noted with pleasure its excellent acoustics. There was no difficulty in hearing, even from the seats in and under the balcony.

Appropriately for a Sunday concert, the quartet opened its program with a religious tone and as a final encore sang "The Lord's Prayer," Malotte. Songs in the first group were "Worship of God in Nature," Beethoven; "Jesu, Joy of Man's Desiring," Bach; and "Omnipotence," Schubert.

A popular group of quartet selections included "Beautiful Dreamer," Stephen Foster; "Road to Mandalay," Speaks; "Lullaby," Brahms; and "Old Man River," Kern. The encore before intermission was "Mighty Lak a Rose," Nevin.

In another group were "Gloria Solida Gange," Scarlatti; "Were You There?," Burleigh; "Rose-Lipped Maid," Brahms; and "Battle of Jericho," spiritual. "Some Evening Chanted Evening" from the musical comedy, "South Pacific" was the encore.

Final songs by the quartet were "Water Boy," Robinson; "Big Brown Bear," Mania-Zucca; and "Morning," Speaks. Encores included "Sleigh Ride," a Russian song, and "Donkey Serenade."

Walter Hatcher, pianist who is also the arranger for some of the quartet's numbers, played a group of solos. Two Chopin compositions, an etude and the "Fantasie Impromptu," and "Ritual Fire Dance," de Falla, made up the group and his encore selection was "Moment Musical," Schubert.

Baggiore, spokesman for the quartet, congratulated the audience and all Midlanders on the new auditorium and expressed the group's pleasure at presenting the initial program in it.

The Civic Music Association's next concert will be on the night of March 9, when the Four-Piano Ensemble will play—S. C.

Other Midland members present were Grenade Peters, Faye Massey, Mary Stracener, Elsie Magee and Lucy Moore. Kathleen Wickman was a guest.

## Early Morning Look Features Party For The B&PW Club

By SUE COLEMAN, Editor

Hair curlers, house slippers and "first get up in the morning" look were worn by Business and Professional Women's Club members at a kidnap breakfast Sunday morning.

This is an annual B&PW party. About 45 members were at the breakfast, which was in the home of Ruth Donnell. She was assisted in making arrangements by Neta Stovall, Peggy Woody and Clara Gabbler. A number of other members called for those who attended, insisting that each come dressed just as she was at the moment.

No costume prize was given, but Ima Joy McCoy was judged the "best-dressed" of the group. She was wearing a "gay nineties" striped flannel robe and fuzzy house slippers.

It is believed the Japanese invented the folding fan about 676 A. D.

We're Still Paying

The Army's Criminal Investigation Division reports that \$2,000,000,000 worth of U. S. goods stockpiled in the Philippines for the invasion of Japan was stolen soon after the war ended.

Copies of these intelligence reports are in the hands of a New York newspaper. Further Army inquiry is said to have been dropped.

Unless the CID reports are grossly exaggerated, this heivry was so bold and flagrant that investigation should be pursued to the limit.

According to Army intelligence, the network of stealing and black market operations was broad and deep. It included Army officers and enlisted men; a large number of Filipinos, including many whose contacts reached to the top of the political ladder.

The thefts covered a great range. Jeeps, trucks, jeunet hut, narcotics, pipelines, even an oil tank farm were stolen. This last is a story in itself. The 17-tank arm had been a landmark for airmen. Its loss was discovered when pilots reported the landmark gone.

The Philippine government now says it could realize up \$45,000,000 from the more than \$1,000,000,000 in surplus supplies allotted to it. It wants another \$55,000,000 from the U. S. to make up a minimum of \$100,000,000 which it says we promised would be gained from sales of the material.

Why should you and I be concerned about stealing reported to have taken place thousands of miles across the Pacific? Because these thefts are an affront to every honest citizen—who is of necessity still paying in heavy taxes for the goods siphoned into Philippine black markets.

When he has dug deep into his pocket to finance war material purchases, the citizen deserves assurance first of all that his money was well spent. If the material wasn't used before war ended, he should be able to feel the surplus was sensibly and honestly disposed of.

Army authorities say the involvement of Filipino law enforcement units makes it impossible to obtain punishment of the Philippine offenders or regain any great part of the stolen material.

If that is so, there would seem little reason to hand the Philippine government another \$55,000,000 in lieu of those goods. If the Philippines suffer corruption that goes clear to the top, certainly the government must shoulder some of the blame.

As for Army offenders, 10 officers thus far have been convicted of stealing supplies. The CID indicates that many more must either have joined actively in thieving or closed their eyes to it. Every effort should be made to seize and punish others who still can be apprehended.

Maybe we can't wipe out this blot altogether. But at least we can reduce it from black to gray by showing we don't view such disgraceful dishonesty with indifference.

The Red Tide ---

DREW PEARSON ON THE WASHINGTON MERRY-GO-ROUND

Drew Pearson says: Republicans rowed over Magna Charta; Sam Rayburn opposes federal aid to education; General Groves blames FDR for atomic leaks.

WASHINGTON—The basic differences inside the Republican Party were not apparent in the new GOP Magna Charta issued last week. But during a closed-door caucus of GOP senators, they developed a significant cleavage which will have to be reconciled before the party can win any resounding victories.

When the proposed policy statement first was presented to the private meeting, Senator Margaret Chase Smith of Maine complained that part of the statement already had been broadcast by Drew Pearson, so it was urged that the senators keep further details from "leaking to Pearson."

Although almost every senator had his own ideas on what the policy statement should say, it was Brewster of Maine and Taft of Ohio who engineered the final compromise. "If you agree with 80 per cent of the statement, that is as much as anyone can expect," argued Brewster. "We can't draft a statement that will suit everyone perfectly."

The "young Turks" of Wisconsin, Vermont's sharpest spokesman was Vermont's shocked George Aiken who objected to the slogan, "Liberty Against Socialism" and urged instead, "Liberty Against Totalitarianism."

These are costly statements you are making," he warned. Aiken also condemned the "weak and vacillating" stand on civil rights, and criticized the implied endorsement of high tariffs. But his loudest protest was over the statement on farm policy.

"Drew Pearson says the Republicans are coming around to the Brannan Plan," taunted Aiken, then proceeded to criticize the GOP's equivocal stand on cooperatives and failure to endorse the Rural Electrification Administration. Aiken's support of REA was so vigorously backed up by Senator McCarthy of Wisconsin, Watkins of Utah and Young of North Dakota that the GOP policy drafters agreed to insert REA in the Magna Charta.

Joining Aiken was Massachusetts' cultured Senator Henry Cabot Lodge, Jr., who objected vigorously to digging up the old skeletons of Yalta and Potsdam in order to criticize Democratic foreign policy. "This looks backward when we ought to be looking ahead," objected Lodge.

Lodge also charged that the labor statement placed the greatest emphasis on retaining the name of Taft-Hartley, instead of correcting the injustices of Taft-Hartley. Senators Ives of New York and Smith of Maine also lined up with the "young Turks," but when the question of adopting the policy statement was finally put to a voice vote, only seven or eight shouted "No."

Remarker Senator Aiken afterward: "This is a great day for the Democrats." Air Va. Oratory Irate Secretary of Air Stuart Symington spotted Undersecretary of Defense Steve Early at a Washington cocktail party.

Just a few days before, their boss, Secretary of Defense Louis Johnson had made a blood and thunder "We-Can-Lick-The-Russians-At-5 A.M." speech, while almost simultaneously Symington was telling another audience about our inadequate air defenses.

So, at the cocktail party, Symington demanded bluntly of Steve Early, who is the great pacifier of the Pentagon: "What in hell is this all about? I thought we were all together on policy. Then Louis gives this speech that makes me look like a fool."

McKenney on Bridge

By WILLIAM E. MCKENNEY America's Card Authority Written for NEA Service

Recently, on my way to Washington, D. C., I was sitting in the dining car and as I paged through the menu I found today's hand. The author's name was not given, so I cannot give him credit for it.

I have seen many bridge hands where the proper play is to trump your partner's ace. Most of these trick-take hands I have met before, but I must admit I never have seen this play before. The

A 3x3 grid of cards: A 10864, K 98, K Q 109, None, 75, A Q J 104, A, 37632, N, W, E, Dealer, K 73, J 863, K 104.

Lesson Hand—N-S vul. South West North East 4 4 5 4 Pass Pass 5 Double Opening—K 13

unusual feature of this hand is that you have to trump your own ace, and you have to do it on the very first play. If you do not, you just cannot make your contract.

East and West did some nice bidding to try to keep North from bidding five hearts. However, East probably made a mistake in doubling, as otherwise declarer might have become a little careless in the play.

You can see when West opens with the king of diamonds, declarer can win it with the ace, but if he does he only can get into dummy once. He can lead a spade and then take the club finesse.

Now when he leads a heart West will trump. However, if declarer trumps his ace of diamonds in dummy at trick one, he can lead the five of hearts and finesse the ten-spot. When it holds he can go over to the ace of spades in dummy and lead the eight of hearts. Once again he can take the finesse. Now he can play the ace of hearts and pick up East's king.

In this way declarer will lose only one spade and one club trick making five-odd.

THE DOCTOR SAYS Treatment of Broken Bones Requires Very Careful Work

By EDWIN P. JORDAN, M. D. Written for NEA Service

Slipping on the sidewalks or streets is one of the many causes for broken bones. Now a fracture requires attention as soon as possible. A person with a broken bone should not move or be moved except with great care, as the fracture may be made worse by motion.

If a person fractures the lower leg while wearing high boots, the boots should not be taken off until after reaching the hospital, as the boot itself serves as a sort of splint. The proper splinting and moving of a patient who has suffered a fracture may make a great deal of difference in the setting of the fracture and in the time which it takes to heal.

Once a person who has a fracture has been brought to the hospital, skilled care is important. X-ray films must be taken to show just where the fracture is, and the position of the fragments. To this, the X-ray films have to be "shot" from different angles.

If the two parts of bone can be brought together in good position then healing should take place easily, especially in younger people. When the fragments are brought in proper position, the parts must be kept from moving to give the bone a chance to grow together. This rest generally is accomplished by using a plaster-of-paris cast.

Sometimes it is difficult to put the fragments back where they will heal properly and in good position. It may be necessary to pull the pieces apart with weights until they can be slipped in place. Occasionally a plaster-of-paris cast is used.

PECOS—Sid Kyle, Pecos oil man, has been named a member of the Pecos Housing Board, according to Mayor E. G. Stafford. Kyle was named to succeed Harold Meyer, who resigned several weeks ago. Other members of the board include Alton Hughes, Albert Sick, J. B. Kirklin and Monroe Kerr.

The board has charge of the housing area located at the old Army air base near here. RANGER BANKER DIES OF CRASH INJURIES RANGER—(P)—Funeral services will be held Tuesday for veteran Ranger Banker Edwin George, 84. He died Sunday of injuries received last Monday when his automobile and a T&P train collided at a crossing here.

He want their own committee in the Senate, not a subcommittee of the Senate Banking Committee. "You mention the Banking Committee," said McCuan, "and they think of Wall Street or La Salle Street where the bankers hang out."

"Yes, I can understand that," Lucas said thoughtfully. "Burger and McCuan, who had expected a knockdown drag-out battle, blinked: 'You mean you are going to help us get an independent small business committee?'"

"Sure," Lucas said cheerfully. "You have shown me the need."

WASHINGTON COLUMN

AEC's New Report Brings Us Up To Date On Atom Progress

By PETER EDSON NEA Washington Correspondent

WASHINGTON—David E. Lilienthal can leave the chairmanship of the Atomic Energy Commission fairly well satisfied on one point, at least. He has made a start on giving the American people as full an accounting as possible on the development of atomic science.

When the AEC's seventh semi-annual report to Congress was released, Lilienthal was asked, "What is the most important thing in the report?"

He replied that the most remarkable thing about the report was that it was released at all. It had been cleared by military security. Yet it contained a tremendous amount of new information on the progress of scientific research and the construction of new facilities for the AEC's rapidly expanding plants.

It revealed, for instance, that the making of A-bombs on a custom-built basis had been taken out of Los Alamos, New Mexico, laboratory. To say that the bombs are being built now on a mass production basis would give the wrong impression. But they are being built on the assembly line principle, at decentralized plants whose locations are not given for obvious reasons of military security.

Scientific Developments From a scientific standpoint, the most important part of the AEC seventh report is in a 100-page section which reveals U. S. progress in atomic energy research in physics, chemistry and metallurgy. This plus similar sections from the fourth, fifth and sixth AEC reports, comprise valuable chapters that bring up to date the famous Smyth Report on Atomic Energy, issued in 1945.

The Smyth Report still is considered basic, particularly its first two chapters. But for a current textbook on atomic science, it now would be necessary to include the AEC reports of the last two years.

In the fourth report, the AEC covered the use of isotopes and the government's policy on furthering atomic research. In the fifth report postwar progress on production of ores, processing of feed materials, and the purification and use of Oak Ridge and Hanford were reviewed.

The sixth report gave in brief form a complete review of atomic progress in biology and medicine. About 80 per cent of the research in these fields is unclassified, so it is possible to make fuller reports on this work.

Reports On Atom Behavior The seventh report tells what has been learned about behavior of the atom under various conditions. It indicates how this basic knowledge may be turned into engineering application, such as in building atomic machines to generate power. In physics, the research reports reveal what has been learned about the behavior of atoms inside the molecule. In chemistry, the report deals with their behavior outside the electrical shell. Then there is the practical application of this knowledge to such things as the structure of atomic shields, in engineering out the modifications of processes for making more efficiently fissionable materials and weapons.

Not all the atomic research now being carried on is reviewed in the AEC reports. There is a vast amount of unclassified, independent research in university and industrial laboratories. The government does not have to finance this work. It is reported principally in the technical journals.

Prof. Henry D. Smyth, now a member of the Atomic Energy Commission, at first proposed including reviews of this non-government research in the AEC reports. But it was found this would require publication of a tremendous volume. It would be further complicated by trying to decide which scientists should

get credit for what discoveries. So the idea was abandoned. The commission's "Weapons Effects Handbook" which has been in preparation for more than a year, is at last nearing publication. The military security review will be completed this month and the text then will be sent to the printers. It will be published this Spring.

This handbook will be nothing for the layman. It will be a technical textbook for training military forces and civil defense leaders in protection against atomic bomb damage. The handbook also will give specifications for the design of buildings which can best withstand blasts in the wonderful atomic age that lies ahead.

Q—What is the origin of the word sandwich? A—The sandwich, perhaps the most widespread article of food in the American diet, is said to get its name from the fourth Earl of Sandwich, who was so fond of the gaming table that he used to have food brought to him in the form of "sandwiches" so that play would not be interrupted at meals.

Q—Which one of the major orchestras was the first to be televised? A—In 1929 the Philadelphia Orchestra gave the first broadcast of a major orchestra over a nationwide hook-up. In 1948 the orchestra gave the first performance under a television camera.

Q—What is the amount of variation between the Julian and Gregorian calendars? A—Since 1900 the difference between the old and new style calendars is reckoned as 13 days.

Q—Why do skyscrapers seldom have lightning rods? A—A tall steel-structure building with a well-grounded metal roof has many of our skyscrapers—is a lightning rod in itself. Such a building is struck frequently by lightning but the occupants usually are unaware of it except for a loud thunder crash.

Q—Did Shakespeare appear in any of his own plays? A—It is generally accepted that Shakespeare acted the part of the Ghost in his own Hamlet.

What's RIGHT? Someone puts in a long-distance telephone call to you. WRONG WAY: Keep thinking of one more thing you want to say whenever the person starts to end the conversation.

RIGHT WAY: Let the person who is paying for the call end the conversation whenever he wants to.

INSURANCE MAN DIES BIG SPRING—(P)—Fred Stephans, 62, Big Spring insurance man died Sunday of a heart ailment.

New York City built its first water system in 1776, having been served previously from wells.

AT home Alice found Muriel in a state of badly concealed excitement. "What's been going on?" she asked.

Muriel made a weak attempt at nonchalance. "Nothing. Nothing at all."

"Nonsense," Alice scoffed. "Something's cooking. You look as if you were all bubbly inside."

Muriel laughed. "Oh, what's the use of trying to keep anything from a secretary who's practically an X-ray machine? If you must know, darling, Pat Boyland phoned me."

Pat Boyland was Muriel's agent, a shrewd man guiding the destinies of a number of top-flight writers.

"He gave you good news?" Alice said. "Yes, he did." Tawny lights flickered in Muriel's eyes. "He... Oh, Alice! I may have the most wonderful surprise for you. I can't tell you yet. Because it isn't settled. But I'm going to New York on Saturday to—well, to see Pat."

"Since when do literary agents work Saturdays?"

"Since hardly ever. But Pat's working this one. Muriel seemed to get herself, 'I'm mean, though, to hug you all of a wail, and then hold out on you.'"

"I am not all of a wail," Alice said, a little stolidly.

Muriel gave her an appraising look. "No, I don't believe you are. Sometimes I envy you, Alice. You've got your feet so firmly planted."

"You envy me? That's ridiculous!"

"Well, I do. To you, black's black and white's white and there's no annoying mysterious shading in between. It's so delightfully uncomplicated, darling."

"In other words," said Alice, "stupid."

# Fetching Bauer Sisters Are Capturing Golf Fans, Titles

By JAMES F. FOWLER  
AP Newfeatures

MIAMI — The shiniest stars on the women's golfing horizon today are a pair of North Dakota-born sisters with pale blue eyes, unorthodox swings and the determination to capture every honor the sport has to offer.

Petite Marlene Bauer, soon to turn 16, and her pretty 22-year-old sister, Alice, are fast becoming household pets as their feats on the

golf course are emblazoned in block type across the nation's sport pages. Honor and achievement already is theirs. But they want—and probably will get—a lot more.

Marlene was named the woman athlete of 1949 in the annual Associated Press poll of sports writers. She was voted the woman golfer of the year by the Women's Association of the PGA and holds the women's world scoring record for 54 holes of golf.

She and her sister have dominated Southern California's women's

tournaments for the last five years. But almost as remarkable as their accomplishments on the links is their ability to captivate the gallery. If they don't win the tournament, they at least win the hearts of spectators. A bad shot by either causes real anguish among the gallery.

**Capture Crowds**

What gets the crowd is their complete candor—not naive, but unsophisticated and natural.

Marlene is a little girl and looks it. She generally wears a big bow in her hair and very little makeup. Alice has more poise and is a little less shy than her younger sister.

Both are as feminine as a lace handkerchief. Marlene is five feet, two and a half inches tall and weighs 120 pounds. Alice is an inch shorter and weighs 108 pounds. They generally wear shorts and a sweater and have the figures for it. Marlene has light brown wavy hair. Alice has neither a brunette nor a blonde—just between.

Father Dave Bauer is their tutor and severest critic. A professional golfer himself, it was Bauer who taught them all they know of golf. He insists they practice until they become champions.

It's not unusual to see Papa Bauer give one of his daughters a scolding tongue-lashing during a tournament.

Alice became one Father Bauer wanted to become a champion golfer. But it took Marlene to interest Alice. The elder sister wasn't impressed with silver loving cups won on a golf course, so Marlene was used for ball.

Father Bauer cut the handles off a driver and putter when Marlene was three and a half years old, and Marlene began driving the front lawn of the Bauer home at Eureka, N. D., where both girls were born.

Within two months Alice, then 10, had swallowed the ball and begged for a set of golf clubs. The family moved to Aberdeen, N. D., where Papa was pro at the Hyde Park Golf Course.

By the time Alice was 14 she had won the North Dakota state women's crown and had been runner-up the previous year. Marlene, then eight, had qualified in the championship flight but was defeated in the first round.

They moved to California; five years at Long Beach, one in Los Angeles. They came, they played and they conquered.

**Won California Titles**

The Bauer sisters won the Long Beach city women's title five consecutive years. Alice won it four times, Marlene once.

Marlene won the Los Angeles women's crown in 1947 with Alice runner-up. Alice won it in 1948 with Marlene runner-up and Marlene recaptured the crown in 1949.

Marlene broke the world record for 54 holes of women's golf at the Indo Invitational tournament near Palm Springs two years ago with a remarkable 69, 70 and 71 for an aggregate of 210.

Marlene won the Palm Springs championship in 1947. Alice won it in 1948 and Marlene repossessed the crown in 1949.

Alice won the Santa Catalina tournament in 1947 and 1948. In the final year she set a new women's record for the tournament with rounds of 70 and 68.

Father Bauer scoffs when people say his daughters use an unorthodox swing. He contends it differs from the conventional swing only in timing and rhythm are stressed more than power. The looping backswing and bend of the knees look different, he says, but the result is the same—only better.

The girls follow the Winter circuit and return to their new home in Midland, Texas, in the Spring. Then school for Marlene and more golf. Then the circuit again.

It's a long road to travel, but they already have arrived.

# City Loop In Action

The VFW-sponsored City Loop League is slated for action Monday and Wednesday nights this week.

Wains Mobil and Ted Thompson collide in the opening game at 7:30 p. m. Monday and VFW meets Mid-West Lumber in the nightcap.

Wednesday night's card sends Ted Thompson against Mid-West and Watkins Mobil against first-place Rotary Engineers.

# Arizona Heads For Fifth Straight Title In Border Loop Race

By The Associated Press

Arizona holds a commanding two-game lead in the nine teams of the Border Conference heading into the second half of their basketball schedules.

If the entries continue to show the same form Arizona will lengthen its advantage and win its fifth straight league title.

Only one team is left to challenge seriously the defending champs—Hardin-Simmons.

Hardin-Simmons has done well in conference play, winning seven of its nine games. But outside the league it has fared poorly, losing six and winning two.

Last week Arizona got off to a shaky start on a three-game road trip before rallying to defeat lowly New Mexico by four points. It downed New Mexico A&M the next night by nine points and then swamped Texas Western 72-49.

**Nine Straight Wins**

This trip gave Arizona nine straight conference victories and a season's record of 20-2.

Arizona still faces a difficult trip through the eastern part of the conference. This week it will be at home to Texas Tech and Flagstaff. Arizona State Colleges at Tempe and Flagstaff met disaster last week when they visited Hardin-Simmons, Tech and West Texas. Flagstaff lost all three games. Tempe could beat only West Texas.

Tech will carry a 5-3 conference record when it plays three games in Arizona starting Monday night. It must win all of them to get back in the running for the title.

Hardin-Simmons doesn't engage in conference play this week.

# ACC Cagers Almost In For Loop Crown

By The Associated Press

Ablen Christian College can clinch the Texas Conference basketball championship this week. All it has to do is beat Southwestern Monday night and Austin Friday.

ACC has won seven straight conference games, taking three victories last week. It defeated A&I 60-51, 51-48, and McMurry 61-40.

Howard Payne replaced Austin in second place in the standings, winning four conference games. The Yellowjackets beat A&I 71-61, V-54, McMurry 75-60, and Austin 46-44.

McMurry lost another game, to Southwestern 44-46, to make it 19 losses this season against not a single victory.

Nine games are on this week's schedule.

# Bulldogs To Face Brownfield Here

The curtain comes down on the 1950 District 3-AA basketball season for the Midland Bulldogs Tuesday night.

A double-header is scheduled in the Midland High Gym with the Purple A and B teams taking on Brownfield quintets.

The B teams are scheduled at 6:30 p. m. and the varsity game will follow.

Coch Jack Mashburn's Bulldogs want this one badly and they'll be out to take the decision. Brownfield won in a previous meeting at Brownfield.

Indications are the Midland teams will play a wide open game, employing the fast break on offense and picking up opposing players all over the floor.

**Starters Listed**

That's the brand of ball which brought a win over the Odessa Bronchos last week.

Coch Mashburn is expected to start Reed Gilmore, Ollie Phillips, Ralph Brooks, Buddy Johnson and David Weaver in the varsity tilt.

Coch Audrey Gill probably will overtake McCormick, John Van Buskirk, Dwane Bush, Jimmy Lineberger and Johnny Kennedy as starters in the B game.

# New Pampa Skipper—

PAMPA — Virgil Richardson has been named manager of the Pampa Oilers of the Class C League. He replaces Grover Seitz, released recently by owner R. L. Edmondson.

# Baseball Millinery

New bonnets for ball players are modeled in Cleveland by Jean Campbell, left, and Noreen Schmidt. Miss Campbell is wearing a radical idea designed to eliminate glare from the sides. The peak is two inches wider than the standard worn by Miss Schmidt, but about an inch shallower. The cap adorning Miss Schmidt will be used by the Indians.

# Buc Slugger Aims At Babe's Record

PITTSBURGH —(P)—Ralph Kiner wants with all his heart to break Babe Ruth's home run record this year but he's not talking much about it.

He's afraid he'll jinx himself.

That is the story intimates get from the 27-year-old Pittsburgh Pirate slugger.

Ralph slammed out 54 home runs last year—just six short of the Babe's record.

Kiner's only comment for publication is:

"I hope to break the record and I'd like to. I've certainly been trying but it's a little tough."

"I hope to have a good year. If I tried to set a goal, it would be the worst thing I could do. I just go on from day to day. If I said I would break the record, I'd just be jinxing myself."

Ralph was honored Sunday night as Pittsburgh's most outstanding athlete of 1949.

**New Two-Year Contract**

He was guest at the annual dinner of the Dapper Dan Club, a sports-minded civic organization. He won the same honor in 1947.

The Dapper Dan's citation said Kiner's "booming bat thundered for 54 home runs (in 1949) and brought his four year total to 168."

The citation added:

"The Bucco's big boy looms as a

# Buc Slugger Aims At Babe's Record

future successor to the immortal Babe Ruth and quite a number of experts are predicting Ralph will break the great Bambino's record of 60 homers in one season before he is through."

Kiner recently signed a two-year contract with the Pirates calling for \$65,000 a season. He revealed:

"I took Roy Hamey (Pirate general manager) and I about 10 minutes to agree on my contract. The reason it took that long is that we didn't see eye to eye at the start."

Don Heathington, Baylor University, came star, Friday night unintentionally gave the Texas Aggies two points which won an important Southwest Conference tilt.

With less than five minutes to play, Jewell McDowell of the Aggies bounced a pass to teammate Martin Martin. Heathington slapped the ball from Martin's hands. The ball bounced up to the backboard, spun dizzily and fell

# Buc Slugger Aims At Babe's Record

The same goes for Oklahoma City, where Webb stands ace high with General Manager Jimmy Humphries.

Heretofore, Humphries hasn't had too many good rookies and limited service players available.

But he already has indicated he will have some this year to help out down here.

—SS—

Don Heathington, Baylor University, came star, Friday night unintentionally gave the Texas Aggies two points which won an important Southwest Conference tilt.

With less than five minutes to play, Jewell McDowell of the Aggies bounced a pass to teammate Martin Martin. Heathington slapped the ball from Martin's hands. The ball bounced up to the backboard, spun dizzily and fell

# Snead Sacks Cash In Open; Demaret, Haas Finish 2-3

SAN ANTONIO —(P)—Golf's Winter tour rolled on to Harlingen, Texas, and the Rio Grande Valley Open Monday minus its No. 1 attraction—Slammin' Sammy Snead, winner of the \$10,000 Texas Open and leader in all departments of the game for the year.

Silent Sam accumulated 265 strokes for 72 holes and grabbed the Texas Open here Sunday for the second time in three years. He also moved far in the lead in money earned in the five tournaments played thus far on the PGA tour. His margin in Ryder Cup points became alarming and he had a stroke average of 68.05 for 20 rounds to top the contenders for the Vardon Trophy.

The star from White Sulphur Springs, W. Va., left the tour for a couple of weeks, departing Monday for Meridian, Miss., where he will play some exhibitions and rest. He will miss the \$10,000 Rio Grande Valley Open and the \$10,000 Houston Open, rejoining the tour at St. Petersburg, Fla., for the open tournament there March 3-6.

**New PGA Record**

Sam shot an eight-under-par 63 in Sunday's Texas Open final round to beat out Jimmie Demaret of Ojai, Calif., by a stroke. He caught both Demaret and Fred Haas, Jr., of the New Orleans star, in the stretch. Haas, leader at the three-quarters mark with 199, shot a 68 and wound up third, a stroke back of Demaret, who laid down a 65.

The last two rounds Snead shot over the tree-lined 6,400-yard Brackenridge Park course totaled 126—a new PGA record for the final 36 holes of a tournament. It wiped out by three strokes the mark hung in the Texas Open by Sam Byrd in 1945.

The dramatic finish of the tournament came as lightning flashed, rain pelted the gallery of 8,000 and ball fell on the eighteenth green. Snead came to the last hole with nine under par and a chance to tie the competitive course record of 62 set by Demaret in 1947. But he drove onto the edge of the green 40 feet from the pin and three-putted.

**Just Couldn't Concentrate**

"Why'd you miss that two and one-half-foot putt, Sam?" asked a sports writer. "It was a-rainin', the hail was a-fallin' and the people were a-runnin' and a-screamin' and I just couldn't concentrate," replied Snead.

Sam won the tournament with rounds of 71-68-63-63, taking down \$2,000 first money to bring his total earnings for the year to \$7,558.

Demaret won \$1,400 and stayed in second place in money winning with \$4,582. Haas drew \$1,000 and vaulted from fifth to third in the cash column. Fred now has pocketed \$3,420.

Snead increased his Ryder Cup points to 224 with Demaret in second place with 130 1/2. Sam has a .55 edge over Demaret for the Vardon Trophy. Demaret's average for 20 rounds is 68.70.

Cary Middlecoff of Ormond Beach, Fla., shot a 67 in the final round for total of 270 and fourth place while George Pazio of Conshohocken, Pa., ended up with a 67 and 72-hole total of 271. Fred Hawkins of El Paso, Texas, was next with 273, shooting a 67 his final day.

Longest inter-league series scheduled for baseball Spring training is between the Cleveland Indians and the New York Giants, who will meet 18 times.

# Dizzy Southwestern Cage Race May Get Even More Confused

By The Associated Press

The dizzy Southwestern Conference basketball race Monday night may take another confusing turn in the drive toward the finish.

The two teams tied for the top—Texas A&M and Southern Methodist—risk their lofty positions Arkansas, A&M's foe, stands a chance to grab a share of the lead if it wins. Rice, which will meet Southern Methodist, stands a chance for some personal prestige, even if it can't count on going anywhere in the title chase.

The other game pits Texas against Texas Christian and the TCU Frogs have everything to gain by winning this one—a tie for first for one thing.

**Hectic Action**

A four-way tie for the lead was cut in half last week in some hectic action.

Southern Methodist whipped Texas A&M 56-50, and Texas 51-34; Texas beat Texas Christian 69-57; A&M nosed out Baylor 56-54 in overtime and Texas Christian thumped Rice 64-36. Arkansas won a non-conference game with Pittsburgh 41-36.

Until Saturday night, the largest margin of victory in 24 Southwest Conference games had been Rice's 19-point victory over TCU in Houston 80-61.

Now, strangely enough, the largest margin is 28 points, the 64-36 victory by TCU over Rice. And Texas, a 12-point victor over TCU last week, fell badly to SMU, a team that has dropped two games to the Frogs.

Joe McDermott of Rice hung on to leadership in season scoring, but by a slim margin. He has 285 points to 277 for Texas' Tom Hamilton. Hamilton leads in conference scoring, 117 points to 108 for second-place Paul Mitchell of SMU and 107 for McDermott.

Four tie conference games are scheduled this week, the next to last of play.

# Prexy's Married; He Oughtta Know

LEWISBURG, PA.—(P)—Bucknell University has granted official recognition to that sometimes forgotten figure—the college student's wife.

Bucknell President Horace Hildreth Sunday signed a legal-looking document conferring on all wives of recent Bucknell graduates the honorary degree of Ph. T. (Pushed Husband through).

The document read in part: "It is the wish and hope of the undersigned that although the spouse of the aforesaid Ph. T. may henceforth wear the academic cap and gown throughout the happy years to come, the aforesaid Ph. T. will continue to wear the academic pants."

# Midland Girls Win Runnerup At Odessa

ODESSA — The Midland High School girls' volleyball team battled its way to the finals of the Odessa Invitation Tournament Saturday before losing to Crane by a 36 to 11 score.

The runnerup Midland girls scored decisive victories over Andrews and Big Spring in other games.

Midland whipped Andrews 32 to 26 in the first round and downed Big Spring 28 to 20 in the semifinals.

Dorothy Allen was high-scorer for Midland in all games.

# Kerr Retires As Active Grid Coach

ANNVILLE, PA.—(P)—Andy Kerr has retired as an active football coach after 36 years to devote his full time to the annual Shriner's East-West charity game.

The veteran Kerr, one of America's foremost football coaches, resigned his "football for fun" job at Little Lebanon Valley College here Saturday.

"I intend to devote all my time to the annual East-West charity all-star game," Kerr said.

The grizzled veteran of 71 said the charity job had become so big it required much more preparation and now was a year round job. Kerr has been a coach in the East-West classic for 23 years. He is going to serve as Eastern representative and business manager.

# SPORT SLANTS

BY SHORTY SHELburne

Harold Webb says he has encountered little trouble signing his key players for the 1950 season.

Already in the fold are Ernie Nelson, veteran left hander, and Jim Prince, the slugging first baseman.

Webb has contacted Ralph Blair, the older veteran hurler, and they are expected to have no difficulty getting together.

Lou Dawson called the Skipper and notified him he is mailing in his signed contract immediately.

Gus Pena also has been in contact from Washington, D. C., where he has been playing basketball during the winter.

Webb feels assured Pena will be satisfied with the contract mailed him and will report to play centerfield.

That's five men who will form the nucleus of the Indians this season.

—SS—

The remainder of the infield probably will be obtained from the Cleveland Indians through their farm system.

Webb goes to Florida right away to look at a batch of players there and will hand-pick another bunch at Bakersfield, Calif., later.

Cleveland has lopped off its Tucson, Ariz., farm club and will have more players available this season.

—SS—

The same goes for Oklahoma City, where Webb stands ace high with General Manager Jimmy Humphries.

Heretofore, Humphries hasn't had too many good rookies and limited service players available.

But he already has indicated he will have some this year to help out down here.

—SS—

Don Heathington, Baylor University, came star, Friday night unintentionally gave the Texas Aggies two points which won an important Southwest Conference tilt.

With less than five minutes to play, Jewell McDowell of the Aggies bounced a pass to teammate Martin Martin. Heathington slapped the ball from Martin's hands. The ball bounced up to the backboard, spun dizzily and fell

through for an Aggie goal, knotting the score 43-43.

The Aggies later won by a 56-54 score in overtime.

—SS—

**HALF SLANTS**—Bob Hall, a smart Eli quarterback in the late 1920's, has been named athletic director at Yale. . . The Beaumont club of the Texas League will be known as the "Roughnecks" instead of the "Exporters." . . Something different in bowls: The Tomato Bowl Track and Field Meet at Jacksonville, Texas. . . Hardin-Simmons' baseball team opened training Monday. But missing from the roster are many stars of last season including Pitcher Bob McClesney. He has signed with the Abilene Blue Sox. . . Dunny Glode of Midland will be out for track at H-SU this year. He passed it up as a freshman. . . The Pittsburgh Pirates depend on the Frisco State, California, for their ball players. The Pirates now have 13 Californians on their roster. . . Harold Webb reports he hears nothing but good about LeRoy Jari, former Baylor hurler recently signed for the Midland Indians. The Longhorn League is the only Class D circuit left in Texas. All others are Class C or above since the Rio Grande advanced. . . Texas high schools with an enrollment of 75 to 100 students now may choose to play either Class B or Six-Man football without a vote was required prior to this year.

# DADDY RINGTAIL

By WESLEY DAVIS

## Daddy Ringtail And Thinking Things

The Huffen Puffen, the friendly wolf, had been away down the Whispering River for a little vacation. He was happy to be walking again on the 'ephant Path, walking along, and walking along, on his way home to his hollow tree house.

Pretty soon he met little-Mugwump Monkey. They said "happy day" to each other, and what a

very fine day it was, and then Mugwump said: "Huffen Puffen, how do you know what is where you aren't?"

The Huffen chuckled. He laughed. And then he laughed again. He said: "I'm not at my house, I'm not, but I know that it's waiting in my hollow tree."

But Mugwump said: "How do you know it's there now—when you are here now?"

The Huffen listened. He thought about it. He began to be a little bit afraid that something might have happened to his house and things while he was away for his vacation.

"A fire may have burned everything up," said Mugwump.

The Huffen began to look worried.

"Or somebody may have carried everything off," said Mugwump. The Huffen looked even more worried.

"Or maybe the rain has washed everything away," said Mugwump. The Huffen was plenty worried by this time, and away he ran up the 'ephant Path—and on and on to his hollow tree house. He ran almost as fast as Dr. Shoobly, and Mugwump was right behind him.

Oh, but happy day, there was the house with all the things in it. Fire hadn't burned it up. Nobody had carried anything off. The rain hadn't washed anything away.

"You got me scared, you did," said the Huffen Puffen to Mugwump, "and why did you say all those dreadful things?"

But Mugwump hadn't said—remember—that anything at all had happened to the Huffen's house. He only asked how the Huffen knew that everything was waiting there for him. And then the Huffen got to thinking and being afraid. That was what happened, and nothing more. Silly Huffen, for being so easily frightened. Happy day!

# Andrews News

ANDREWS — Craddock U. M. E. county chairman for the March of Dimes, announced Thursday that Andrews County had exceeded its \$1,500 quota by approximately \$25.

The home of Mr. and Mrs. Roy Sparks was damaged by fire Wednesday afternoon.

One hundred and twenty members of the First Baptist Church took the religious census of Andrews Sunday afternoon. The Rev. Eugene Brand is pastor of the church.

The first of a series of men's night dinners will be held in the First Christian Church at 7 p. m., Thursday, W. B. Fletcher, Jr., of the Gulf Oil Company of Midland will be the principal speaker. Special

music by a male quartet from Midland will be presented. A committee composed of Roland Tilly, Glenn Dyer and Clyde Broam is in charge of the event.

In observance to National Boy Scout Week, all Scouts were recognized along with their leaders in a combined Methodist and Baptist Church service in the Baptist Church Sunday night. Scouts also were recognized at a special service in the Christian Church.

Doris Mayme Johnston of Andrews is listed on the honor roll for the first semester at McMurry College.

Advertise or be forgotten.

# El Paso Stock Show Will Open Wednesday

EL PASO — An all-new rodeo, with livestock just coming out of Winter quarters and new entertainment to fill in between the cowboy events, will feature the 21st Annual Southwestern Livestock Show and Rodeo, which will open Wednesday at El Paso. The event will continue through Sunday.

Six rodeo performances are scheduled, including two shows Saturday and a matinee Sunday. The rodeo will be produced by Beutler Brothers of Elk City, Okla.

Horses, steers, calves, swine and sheep from a wide area will be judged in the livestock show. All grand champion animals will be sold at auction at 2 p. m. Saturday.

# C. of C. Directors Meet Monday Night

Directors of the Midland Chamber of Commerce will meet at 7:30 p. m. Monday in the Private Dining Room of Hotel Scharbauer. It will be the first regular meeting of the directors since their election at the organization's annual meeting January 24.

Robert L. Wood, president, will preside at the session. He said a proposed program of work for 1950, and a list of committee appointments will be submitted to the directors for approval. A number of other important matters also are listed on the agenda.

A full attendance of officers and directors is urged.

**GRAMMER-MURPHEY**

In Midland It's Grammer-Murphey For Beautiful Clothes!

**Abundant Living**

By E. STANLEY JONES

I John 1:7; Col. 2:4-7; Eph. 4:11-16.

**THE SECOND LAW**

You have now taken the preliminary steps in beginning the Christian way. Remember it is a way, and not merely a decision once made. A Christian is one who is responding to all the meanings he finds in Christ. Those meanings will unfold as you respond to them, but only as you respond to them. Those meanings will become meaningless unless you respond.

So many start well, but soon the glory fades, and they settle down to respectable mediocrity, without the spark of contagion. This often happens in the minister. In one pulpit I know, there is a fire extinguisher fastened underneath. The probabilities are that the precaution was unnecessary. No fire would break out in that pulpit! The life was noncontagious. One man prayed, "O God, grant that if any spark of divine grace has been kindled in this meeting, water that spark." Many of our sparks have been dampened out of existence, put out by mere neglect. If conversion is the first law of the spiritual life, then cultivation

is the second law. The way to fight disease germs is to raise the tone of health in the total organism, and the fact of health throws off the disease germs as they come expelled by health. When disease germs do get a footing, then nature sends up the temperature into fever in order to get rid of the germs. Professor William James speaks of "religion as a dull habit or an acute fever." If religion is going to be an acute fever, burning up disease germs in the process, you will have to cultivate it. I went into a radio station and noticed that the room was marked off into portions: "Live End"; "Semi-live End"; "Dead End." You and I can live in the live end of the Christian faith, the semi-live end, or the dead end. If we are going to be a plus sign and not a minus sign, we shall have to face all enemies and down them by taking hold of the resources of God. I am all eagerness to continue. This new life has the feel of the real and the eternal upon it. I would therefore cultivate my spiritual health so that it will have enough and to spare. Lead on; I follow—follow with the consent of all my being. (From the book "Abundant Living," published by Abington-Cokesbury Press of New York and Nashville. Copyright, Released by NEA Service.)

**Out For The Count**

Census Bureau Worker Jeanne Rogers displays one of a quarter-million portfolios to be used by enumerators in the 1950 U. S. census. A mountain of the packages is piled behind her. You will encounter one of the Census Bureau's enumerators with a portfolio some time after April 1.

**SIDE GLANCES**

'We can't put 'em to bed yet—let's wait till they find a deserted island to land on after that shipwreck!'

**One Killed, Three Hurt In Crashes**

MCCAMEY — One person was killed, three others injured, and officers were seeking a fourth as the result of three separate traffic accidents here or near here Saturday and Sunday. Killed was Robert Lee Browning, 25, of Crane Sand Hills. He died Saturday night when the car in which he was riding struck a culvert and rolled 300 feet. Later Saturday night, two Oesans, Frank A. Karacenek, 28, and William C. Stokes, 24, were injured in an accident near the fatal crash site. Both wrecks occurred about four miles south of McCamey. Leroy Smith, 23, of Crane, driver of the car in which Browning was killed, suffered minor injuries. Officers were seeking the driver of two stolen pickups late Sunday after one of the vehicles was wrecked near the city.

**Seven Students Die When Automobile Plunges Over Cliff**

BOZEMAN, MONT. — Seven Montana State College students were killed in an auto which plunged over a mountain cliff near here Sunday night. An eighth was hurt critically. The dead—two coeds and five members of a Sigma Chi fraternity basketball team—were: Phyllis Birkeland, Fort Benton; Donaldson McRae, Forsyth; Harvey M. Eide, Scooby; Gerald W. Early, Laurel; John W. Stinchfield, Evansville, Ind.; James K. Schrumph, Glendive, and Leslie Greenwell, Butte. Charles S. Olson of Helena is hospitalized here in critical condition. Sheriff Charles E. Rice said one of the girls was driving when the car plunged off U. S. Highway 10, west of Bozeman. The car hurtled over a bluff and "pancaked" on the Northern Pacific Railway tracks. Occupants of the car were returning from Absarokee, about 100 miles east of Bozeman, where two Sigma Chi teams from Bozeman played basketball Sunday afternoon. The other team returned safely in another car.

  - For County Commissioner Precinct No. 6 JACK MERRITT (Re-election)
  - For County Commissioner Precinct No. 7 JOE BARNHART, JR. (Re-election)

**Area Chiropractors Meet In Big Spring**

Dr. J. Dow Scott of Midland presided at a meeting of District 4, Texas State Chiropractic Association, Sunday afternoon in Big Spring. Seventy-nine chiropractors from 66 West Texas counties attended the session. Dr. H. H. Kennedy of Longview, association president, was the principal speaker. He commended Gov. Allan Shivers and the 51st Legislature for their determination to better conditions at the state's elementary institutions. He recommended also that the State Hospital Board create a Chiropractic Division in the institutional system, designating one hospital with a chiropractic staff for use of the new division. "Factual statistics from clinical experiences can be supplied that will prove that a large percentage of nervous abnormalities which best can be corrected by methods employed by the chiropractic profession," Dr. Kennedy said. "It is time to stress proper treatment, recovery and release of patients rather than to hospitalize them for life and forget them." Others from Midland attending the session were Dr. David M. Ellis and Dr. Velma Scott.

**Great Southern Has Best Year In 1949**

Don W. Moore, Midland representative of the Great Southern Life Insurance Company of Houston, said Monday the company has completed perhaps its best year in all respects since it was organized in 1906, according to information released by L. S. Adams, president. Assets at Dec. 31, 1949, were well over \$106,000,000, an increase of more than \$8,000,000 for the year. During 1949, new policies numbered 17,796 for a total life insurance of \$61,743,245 were written. At the year end more than 200,000 individuals owned Great Southern protection in excess of \$483,000,000. Cash payments made during 1949 to living policyholders amounted to \$2,298,308, and to beneficiaries \$2,801,890. Since the company was founded policyholders and their beneficiaries have received \$103,832,841. Serving the Southwest exclusively, the company continues its policy of making loans on farm and ranch properties and on urban residences and business properties. During 1949, \$12,900,000 was loaned to help finance the purchase and improvement of such properties.

**Nurse's Confession To Ranger Slaying Is Branded 'Hoax'**

LOS ANGELES —(AP)—A statement by a former Texas nurse that she killed a policeman there 25 years ago has been called a "hoax." However, Detective Lieutenant K. W. Lee of the Los Angeles Police said Mrs. Margaret Wilma Nash, who surrendered to officers Sunday with the story of a Ranger, Texas, slaying would be held awaiting official word. Mrs. Nash told police she shot to death Policeman Jimmy Daniels a quarter of a century ago. But Jim Ingram, former Ranger police chief, told the Fort Worth Star-Telegram he was sure Daniels was slain by one of two car thieves Daniels tried to arrest in 1925. In her statement, Mrs. Nash said Ingram had spent years trying to solve the case. Detective Sergeant S. T. Flowers said the existence of such an unsolved case has been confirmed in a telephone conversation with Police Chief W. G. Founds of Rancho Santa Anita.

Detective Lieutenant Ed Barrett, who took Mrs. Nash into custody, said she told the slaying had been on her conscience for a quarter of a century but that she did not want to shame her family. Barrett said she related that all other members of her immediate family now are dead, that she herself has cancer, adding: "Have you ever lived with anything like this hanging over you? It wasn't so bad when I was a girl. But now that I'm a woman, it's tough." Mrs. Nash said that four days ago she walked into the San Diego Police Station and talked to a man at the desk, but couldn't summon up the courage to tell her story then. Barrett said she told him that in the 1920s, when she still was in high school, one of her girl friends was killed in a hotel and that she was questioned in the case. She said she was jailed in Eastland, Texas, and Daniels "forced me to have relations with him" while she was in custody. The detective said that sometime later some of her friends suggested they give Daniels a beating when they saw him one night. She added the detective said that one of the friends, a boy, handed her a gun during the scuffle and told her to fire it. Mrs. Nash said she fired a shot into Daniels and that her crowd scattered. She said she stayed in Texas three years after that and since then has passed through Ranger several times.

**11 Persons Drown In Sinking Of Freighter**

DEN HELDER, THE NETHERLANDS —(AP)—Ten seamen and a stowaway drowned Sunday in the sinking of the 2,214-ton Finnish freighter Karhu off the Dutch coast. Seventeen crewmen, including Capt. Hugo David Groenstrand, and two stowaways, were saved by Dutch lifeboats. The freighter, carrying a load of wood pulp from Finland to France, began leaking after shifting deck cargo caused it to list. After a five-hour losing battle, Groenstrand ordered his men to abandon ship, one minute before it sank. JEWEL HONOR TRUMAN NEW YORK —(AP)—President Truman was named Sunday by the American Jewish Congress as one of the recipients of the first annual Stephen S. Wise awards for his activities in the extension of civil rights. Friendly Indians brought a deer-skin bag of popcorn to the first Thanksgiving feast of the Pilgrims in North America. New kinds of popcorn will expand up to 30 times original size when popped.

**Birth Certificate Names Rossellini As Baby's Father**

ROME —(AP)—Ingrid Bergman's son was registered officially Sunday as Renato Roberto Giusto Giuseppe Rossellini. The registration certificate at the Rome Registry Office listed Film Director Roberto Rossellini as the baby's father but made no reference to the mother. Attorneys for Rossellini, who made the registration himself with his two attorneys as witnesses, said the mother's name would be added to the registration later "after legal complications are cleared." Miss Bergman was granted a Mexican divorce Thursday from Dr. Peter Lindstrom of Hollywood and plans to marry Rossellini. Date and place of Miss Bergman's marriage to Rossellini have not been announced. Her divorce decree, which must be received in Italy before the ceremony can take place here, is enroute from Mexico by air-mail.

**Navy Fails To Find Reported Submarine**

SAN FRANCISCO —(AP)—Four Navy search planes failed Sunday to find a trace of a foreign submarine an Army flier reported he sighted earlier in the day off the Central California Coast. The report, however, is still "under evaluation," the Twelfth Naval District announced.

Why is it? some dollars are BIGGER than others!

THEY CAN TELL YOU that when a person has grown too old to work and does not have a definite income to rely on, the few dollars they do have seem very large and important compared to the dollars that used to slip through their fingers when they were young.

THEY CAN TELL YOU of the gnawing anxiety that besets them when they are not sure where the money will come from to live on next month. Can you wonder that the few dollars they do have seem like large dollars to them?

THEY CAN TELL YOU the lost feeling of not having enough income to keep their independence, to keep their pride—their self-respect. Can you wonder that even one dollar would seem large to them?

THEY CAN TELL YOU that the only way to have an income every month for life is to save for it when you are young and earning money. They can tell you the only sure way to save for independence is through a personal retirement income plan. A State Reserve Registered Contract makes the savings even surer.
