

SE Borden Wildcat To Be Completed From Canyon Reef

George P. Livermore, Inc., No. 1 Borden, Southeast Borden County discovery from the Canyon reef line, is flowing oil in commercial amounts and is due to be cleaned out and completed shortly.

This venture flowed 24 barrels of oil in 30 minutes during a drill test several days ago at 6,554-54 feet.

Operator then cemented 7-inch casing at 6,754 feet. The plug was drilled out Thursday and the hole was deepened 14 feet—from 6,754 feet to 6,768 feet.

The drilling mud was circulated out with 200 barrels of water, and at 1 a. m. Friday the well kicked off and started flowing.

Three-Quarter Choke The oil and water was run to pits for one hour, then was turned to tanks, through a three-quarter inch tubing choke.

In the four and one half hour period between 2 a. m. and 6:30 a. m. Friday the discovery flowed 297 barrels of fluid.

During the 60 minutes between 4:30 a. m. and 5:30 a. m. Friday, the well flowed 59.34 barrels of fluid. It had a shakeout of 24 per cent basic sediment and six per cent lead water.

In the 60 minutes between 5:30 a. m. and 6:30 a. m., the well flowed 60.73 barrels of fluid. The shakeout was 10 per cent basic sediment and six per cent lead water.

No formation water was produced. The remainder of the fluid produced during the flowing was new oil. No formation water has been developed.

Top of the Canyon reef is at 6,654 feet. The datum on that point is minus 4,408 feet.

The new discovery is five and one half miles southwest of Amerada Petroleum Corporation No. 1 Von Roeder, another Canyon discovery completed several weeks ago.

Location of the new Livermore producer on the Reinecke land is 697.25 feet from north and 660 feet from west lines of the south half of the northwest quarter of section 51, block 25, T-1-S, R-1-E.

It is approximately 18 miles southeast of Gall, the county seat of Borden County.

Rutherford Test In SE Borden Develops Salt Water In Reef

P. R. Rutherford, and associates No. 1 Griffin, Southeast Borden County prospect, three and one half miles southwest of Amerada Petroleum Corporation No. 1 Von Roeder, a completed producer from the Canyon reef line, is making hole below 7,112 feet in line after making salt water in a drillstem test.

The investigation was 9,938-69 feet. The tool was open two hours. Recovery was 4,380 feet of salt water. There was no sign of oil or gas developed by the test.

The venture is due to continue drilling until it tests the Ellenburger. The drillsite is 660 feet from north and west lines of section 57, block 25, T-1-S, R-1-E.

Some geologists had picked the top of the Canyon in the Rutherford wildcat to be at 6,900 feet. That is a datum of minus 4,610 feet.

San Andres Test In NE Gaines Spotted

A San Andres wildcat has been staked by A. R. McElreath in Northeast Gaines County, mid-way between the Adair and Cedar Lake oil fields, both of which produced from the San Andres.

McElreath and others, No. 1 Million Hancock will be drilled to 5,000 feet, unless commercial production is developed above that depth.

Location is to be 660 feet from north and west lines of the southwest quarter of section 1, block G, C&M survey. This places the drillsite 17 miles east of Seagraves.

Eastland Adds One To Ector Discovery

The Eastland Oil Company of Fort Worth has completed its second discovery in the same quarter section in Northwest Ector County.

The new pay opener is Eastland No. 1 J. L. Johnson, Jr. It is a discovery from the Holt line between 4,275 feet and 5,492 feet in the middle Permian.

The well made a 24-hour pumping potential of 65.55 barrels of 30-gravity oil, plus five per cent water. The production is coming through perforations in the 5 1/2-inch casing which is cemented at 5,537 feet.

This venture drilled to the Clear Fork of the Permian and was dry in that horizon. It plugged back and completed from the Holt.

Location is 1,960 feet from south and 680 feet from west lines of section 37, block 44, TP survey, T-1-S, R-1-E, Earlier Offset.

Eastland No. 1-3 J. L. Johnson, Jr., was completed a few days ago as a discovery from the San Andres line of the Permian from pay at 4,305-60 feet.

That well, located 2,214 feet from south and 1,320 feet from west lines of section 37, block 44, TP survey, T-1-S, flowed 152.23 barrels of 36-gravity oil, plus five per cent water, through a one-half inch tubing choke, with gas-oil ratio of 282-1. The producing formation was treated with 5,000 gallons of acid.

It is a twin well to the Holt discovery.

On Trial As Spy

Robert A. Vogeler

American's Assistants Plead Guilty

BUDAPEST, HUNGARY

(AP)—American Businessman Robert Vogeler's British assistant and two Hungarians confessed in court Friday to spying for the West, but the court skipped over Vogeler in the first day of Hungary's newest spy trial.

There was no indication whether or not the court's action meant Vogeler had refused to plead guilty along with the others. The government had announced previously that he had confessed.

The British assistant, Edgar Sanders, testified in a firm voice that he was guilty of spying out information on Hungary's military, economic and political situation and passing it on to his superiors.

IT&T Vice President Vogeler, an assistant vice president and European representative of International Telephone and Telegraph Company is on trial with Sanders, his British assistant, and five Hungarians. One defendant is a Catholic priest, another a barman.

Imre Geiger, Hungarian director of the IT&T Budapest branch, told the court he became a U. S. agent in 1946 and delivered his espionage reports to various Americans. Since 1949, he testified, Vogeler had received the reports.

George H. McIntyre Dies Here Friday

George H. McIntyre, 66, landman for Danziger Oil and Refining Company, died suddenly Friday morning in a hotel here. He had been a Midland resident more than two years.

A Midland physician, called after McIntyre's collapse, said a heart ailment was the cause of death. McIntyre was born Jan. 25, 1884, in Tidoute, Pa., and had lived in Dallas, Texas, before moving to Midland.

Survivors include the widow and three sons, Charles E. McIntyre of Seminole, George H. McIntyre, Jr., of Lubbock and Archie McIntyre of Carlsbad, N. M. Two grandchildren also survive.

Funeral arrangements had not been completed at noon Friday, pending arrival of McIntyre's sons.

Hutcheson Is Named Midland Bank Cashier

William A. (Bill) Hutcheson was elected cashier of the Midland National Bank at a meeting of its directors Thursday afternoon. Hutcheson, who has been serving as an assistant cashier, succeeds the late Drew Campbell.

Hutcheson joined the Midland National organization a year ago, coming to this city from Decatur, Texas, where he was connected with the First National Bank.

Unconscious 13 Months

Friday marked the 13th month of unconsciousness for Jean Edwards of Bankin, former Midland landman and employee of The Reporter-Telegram.

GOP Croaks 'Socialism' When Sleep Is Disturbed, Truman Tells Listeners

WASHINGTON (AP)—President Truman is taking for his 1950 political line. The Republicans are croaking about socialism to hide their own "negative inaction."

Truman told a glittering gathering of 5,300 Democrats at the 1100-a-plate Jefferson-Jackson dinner here Thursday night that the Republicans just sit around waiting for the Democrats to propose something.

"Then they react with an outburst of scree words," he said. "The chucking appreciation of his steaked listeners," he added.

"They are like a cutfish that squirts out a cloud of black ink whenever its slumber is disturbed."

The President called for full speed on "our domestic programs for health, education, social security and economic stability." He

Far-Reaching City Drainage Plan Outlined

An adequate city drainage program is expensive. That fact is cited rather conclusively in a 'Drainage Survey and Report for the City of Midland' received by the City Council at an informal session Thursday afternoon.

Accomplishment of the entire program as outlined and recommended in the report would cost \$1,353,000.

However, it is pointed out that the program is a long-range one and can be constructed over a considerable period of time.

The Drainage Survey and Report was submitted by Homer A. Hunter, Dallas consulting engineer, and Studdert Engineering Company of Midland, who were engaged by the city to study its drainage problems and to recommend an adequate master plan for a long-range drainage program. Hunter and W. W. Studdert explained the report at the Thursday meeting.

Mayor William B. Neely said the next step is to determine by careful study the immediately critical needs and to establish a course of action.

Bond Issue Proposed Discussion developed that drainage work costing in the neighborhood of \$500,000 should be started as soon as possible to relieve critical situations in certain areas. A bond issue was suggested. Neely said much of the runoff water originates outside the city limits, and suggested county and State Highway Department cooperation in the program.

It was pointed out that the State Highway Department already is operating in a segment of a Front Street drainage project.

The master plan as prepared by Hunter and Studdert sets a pattern for future development, and council members indicated it will be followed closely in all future programs which effect drainage.

"The report shows various drainage projects which are being planned." (Continued On Page 10)

East Texas Field Gains Added Days

SAN ANTONIO (AP)—The Texas Railroad Commission Friday agreed to permit the vast East Texas oil field to operate on the same production schedule as other fields in the state.

Informal announcement of the commission's decision was made after East Texas operators and businessmen testified at a statewide hearing that the area's economy has been injured seriously by curtailed production.

They said the field has been discriminated against by being assigned a production schedule two days shorter than other areas.

During February, East Texas has a 13-day schedule, compared to 15 for other fields.

Businessmen from Kilgore, Tyler, Longview, Overton, Henderson and Gladewater told the commission people are moving out of East Texas because of business slumps accompanying oil production declines.

Little change in Texas crude production allowances was expected. Continued declines in crude stocks and promises from importers to cut back foreign receipts indicated any adjustment in the March order would be minor.

Mrs. Champion Dies; Rites Set Saturday

Mrs. J. T. Champion of 315 Magnolia Street, wife of a Midland building contractor, died Thursday night in Baylor Hospital in Dallas following a major operation. She had entered the hospital Wednesday.

Mrs. Champion had been in Midland only a few months, having moved here from Marfa to join her husband.

Funeral services will be held Saturday at Farmersville, La. Interment will be there.

Survivors include the husband; two brothers, Lee Ramsey and Bass Ramsey, both of Marfa; a sister, Mrs. G. C. Roedel of Medford, Oregon, and the mother, Mrs. P. K. Ramsey of Marfa.

Trainmen Set Date For Railway Strike

CLEVELAND (AP)—The Brotherhood of Railroad Trainmen and Order of Railway Conductors have set 6 p. m. February 27 as the deadline for a nationwide strike.

But under the Railway Labor Act, an actual walkout would be delayed for at least two months after date the unions filed for strike.

The two unions rejected about 250,000 railroad operating employees. They fixed the strike date after a deadlock with the carriers over demands for a 40-hour week without pay reduction for some 85,000 yardmen and contract improvements for road men and dining car stewards.

Probers Seek Cause Of Dow Plant Blast In Which Eight Died

MIDLAND, MICH. (AP)—Investigators probed ruins of a wrecked Dow Chemical Company plant Friday trying to learn the cause of a blast which killed eight workers Thursday.

Twenty-six others were hurt in the mighty, flaming explosion. Three are in serious condition.

Dow officials said the destruction of the Company's long Building 414, a new latex rubber plant is manufactured represented a loss of more than half a million dollars.

They could give no immediate explanation for the explosion. But several workers guessed it might have been caused by highly inflammable chemicals used in the latex process.

Only four escaped uninjured. They helped load their fellow workers into trucks, ambulances and private cars which rescuers drove to the scene minutes after the blast.

Telephone Strike Situation Worsens

NEW YORK (AP)—The February 24 strike deadline for the nation's Bell Telephone System drew nearer Friday with no signs of agreement.

The dispute may even have taken a turn for the worse, despite a peace move in New Jersey.

Negotiations between the American Telephone and Telegraph Company and District 10 of the CIO Communications Workers of America broke up for the time being Wednesday when union officials left for a convention in Memphis. They do not plan to return until the day before the deadline.

Robert Cressy, the division president, said the union decided on the recess because the company "has no desire to reach agreement with us" until all angles can be settled at once.

This brought a retort Thursday night from H. T. Killingsworth, AT&T vice president and head of the long lines operations, that the division is seeking to bring about agreement in preparation.

Division 10 is made up of 21,000 long lines workers. In Detroit, CWA President Joseph A. Beirne charged the companies of the AT&T group had failed to make an offer to union demands and that a strike appeared unavoidable.

The union is asking pay increases and other benefits. The ray of peace in New Jersey came Thursday after the union there voted to strike and Gov. Alfred E. Driscoll intervened to ask for a delay. Both sides agreed to wait until a fact-finding board makes its reports—perhaps next Monday—and to allow a week after that for new negotiations.

About 100,000 members of the CWA are free under their contracts to strike at any time, and about 100,000 more will be ready on March 2. These latter, however, have indicated they will observe any strikers' picket lines.

Mrs. Annie McLendon Dies At Fort Worth

Mrs. Annie McLendon, 68, died at 7:30 p. m. Thursday in a Fort Worth hospital. Funeral services are scheduled at 10 a. m. Saturday in the Guardian Funeral Home Chapel at Fort Worth, with the Rev. Cecil Taylor officiating.

Interment will be in Rose Hill Cemetery, Fort Worth.

Mrs. McLendon was the mother of Mrs. Harold Webb and I. A. McLendon of Midland.

Other survivors include a daughter, Mrs. Ray Williams of Fort Worth, and a son, Jimmie Loy McLendon of Ohio.

12 Out Of 17 Aboard B-36 Now Rescued

McCHORD AIR BASE, WASH.—(AP)—Snow, rain and wind hampered the search of desolate Princess Royal Island Friday for five airmen still missing from the B-36 crash off the British Columbia Coast early Tuesday.

The storm, with winds up to 50 miles an hour, broke as search parties trudged through the rough, wooded hills, encouraged by sighting Thursday of two tree-snagged parachutes and tracks in the snow.

The search was also sparked by two new clues—a blood-spattered patch in the snow where a man had apparently fallen and a SOS stamped in the snow.

A United States helicopter spotted the SOS and imprint. Four parachutes also were located, but it was not known whether they belonged to the missing men or to those already rescued.

Only five men were unaccounted for of the 17 men who plunged from an ice-coated, blasting B-36 bomber off the Northern British Columbia Coast early Tuesday morning.

Eleven men have been brought here and a twelfth was being flown out Friday.

A Coast Guard spokesman at Ketchikan, Alaska, said the tracks led down a small stream toward the west side of the island.

"It's my understanding from the crew of the plane making the report that the 'clues' and tracks are in an area not yet covered by any ground party," he added.

The Canadian destroyer Cayuga, which has served as a base for ground parties searching the area, moved to the vicinity of the new clues and dispatched a crew into the spot at dawn.

The search plane's report and that of returning ground parties that they had heard shots from the inland of the rocky, heavily wooded island raised hopes for the rescue of the missing men.

Survivors brought here said it was possible the shots had been fired by Capt. Theodore F. Schneider of Madison, Wis., the co-pilot. They said he was the only man among the missing known to have a pistol.

Meanwhile, S. Sgt. Vitale Tripodi, 23-year-old radio operator from Brooklyn, joined 10 other survivors at the McChord Base Hospital.

A twelfth man, Lt. Charles C. Pooler, 36, engineer, from Beloit, Kan., was brought here Friday. Pooler, suffering from broken ankle, was found Thursday some distance inland.

Col. Hervey Porter, Air Force doctor, said earlier reports that Tripodi suffered a broken ankle and two broken wrists were erroneous, but that he had a moderately severe case of frost-bitten feet.

9,000 Persons Flee Homes In Louisiana, Mississippi Floods

FERRIDAY, LA.—(AP)—A ragged stream of refugees fled to higher ground Friday as Louisiana-Mississippi floods worsened over lowlands.

About 9,000 persons had moved, were moving or were about to move from an area of 2,000,000 acres inundated by backwaters in East-Central Louisiana and Southwestern Mississippi.

There were no reports of loss of life. State Representative Mike Chen estimated 20,000 head of hogs had drowned and "damage will run to one million dollars."

Red Cross workers said more than half of 2,000 families in the flood area of Catahoula and Concordia Parishes of Louisiana had been evacuated. Evacuation of 300 more families from the neighboring Parish of Avoyelles began Friday.

Country lanes crowded John Russell of Atlanta, Ga., directing Red Cross relief, said there was no need at this time for mass feeding.

Country lanes south of Ferriday in Concordia Parish were crowded with a motley army of over-clothed farmers and herdsmen who were bringing out their families, cattle, poultry, hound dogs, bedding and stoves.

One aged farmer grumbled, "I won't let them Yankee rivers overflow, but they don't mind that same water coming down here and running us out and killing our stock."

Meeting Called In Midland Garden Club For Business Talk

A called meeting of the Midland Garden Club was announced for 1:30 p.m. Tuesday in the home of Mrs. Charles F. Henderson, 1202 West Storey Street, at a regular meeting of the club Thursday morning.

Mrs. E. E. Bahr, president, has called the extra session to discuss business.

The Thursday meeting was held in the home of Mrs. L. H. Anderson and the program was presented by Mrs. Winston Hull, whose subject was "How to Make and Use Compost," and Mrs. Foy Proctor, who discussed planting for the proposed Woman's Club building.

Mrs. Hull emphasized that a gardener should not plan to use soil until it is "worn out," but to rebuild it constantly by returning to it the material taken out by plant growth. She explained how decayed vegetable matter, made into compost, supplies humus and organic material which the soil needs.

Other members present were Mrs. L. C. Link, Mrs. F. J. Nicholson, Mrs. Hal O. Peck, Mrs. E. E. Reigle, Mrs. J. B. Sanders, Mrs. Frank Stubbeman, Mrs. James C. Watson, Mrs. N. B. Lash, Mrs. Henderson, Mrs. E. A. Culbertson, Mrs. L. I. Baker, Mrs. Leslie Brown and Mrs. Frank Aldrich.

Little Diggers Club Elects At Birthday Party

The Little Diggers Junior Garden Club was exactly one year old Thursday and members celebrated its birthday with a party and election of officers. Mrs. Frank Stubbeman.

Nancy Forman was chosen president to succeed Clay Carson. Marie Spacia is the new vice president; Vickie Hilltop, secretary-treasurer; Clay, reporter, and Jerry Gail Matthews and Patty Spiars are in charge of plant exchange.

Roses were discussed for the program. Jerry Gail Matthews, "Grow Roses" and Cecelia Hodges on "Daddy's Roses." A group discussion of how to plant and care for roses was held and a rose bush was used to illustrate the principles brought out.

Clay, an outgoing president, was presented a rose bush by the group. A party was held after the meeting and the club's birthday cake was decorated with roses. It was served, along with ice cream, to the new officers, those in the program, guest, Vicki Anderson, and David Stubbeman and Bradley Woods.

Junior AAUW Group Sees Several Films

Three films were shown for members of the Junior Group of the American Association of University Women, who met Thursday night in the home of Mrs. C. F. Henderson.

The films were "Rehearsal" with Blanche Theobald and Ezio Pinza, a film of the "Telephone Hour" radio program, the Shell Oil Company film, "The Rev. John P. Anderson," and a film about television.

Members attending were Pat Owens, Marilyn Norman, Sylvia Carley, Lottie Wilson, Lily Marie Carter, Anne Harris, Lucille Pearce and Sue Norris.

Dallas Symphony To Give CMA Concert Here On March 19

Date for the Dallas Symphony Orchestra concert in Midland, the stellar program for this season of the Civic Music Association, will be Sunday afternoon, March 19, it is announced by R. L. Hughtson, CMA president.

The association had hoped to present the symphony in a night program, Hughtson said, but it was impossible to get a night engagement so late in the season. The Civic Music Association organization could not book its attractions early this year because of completion of the new high school auditorium was uncertain at the start of the season, and the association waited until it was available.

Dallas' orchestra, directed this year by Walter Hendl, is one of the major symphony organizations of the nation and its appearance here will be in response to requests from Civic Music Association members, who indicated in a poll that they wished to hear it.

County History Is Traced By Mrs. Glass For Woman's Club

Mrs. George Glass, who has lived through much of the history of Midland herself and who has the recollections of a pioneer family as a part of her heritage, informed new residents and reminded older ones of incidents in the early history of Midland County when she spoke to the Woman's Club Thursday afternoon.

A native and a lifelong resident of the city, Mrs. Glass was presented on the program by the Woman's Wednesday Club, of which she is a member. The Wednesday Club was hostess to the Woman's Club in the home of Mrs. Marion Fyatt.

The meeting place was the home built by the late Mr. and Mrs. O. B. Holt, Sr., parents of Mrs. Glass, who were among the earlier residents of Midland County. Mr. Holt came here in 1866, and brought a bride from Fort Worth in 1867.

The club has continued to make Midland its home; Mrs. Glass attended Midland schools and then taught here; her brother, the late O. B. Holt, Jr., was the first child whose birth was officially recorded in the county, although birth registrations did not begin until several years after the county was organized.

Personal Recollections
Mrs. Glass spoke informally, adding personal reminiscences to the facts she had taken from county records. She also drew upon recollections of some older residents of the county, including Mr. and Mrs. C. C. Watson, Mrs. Mollie McCormick and Addison Wadley.

From the days when this section was a part of Tom Green County, through the arrival of the earliest settlers including the Waddells and the Wadleys, the organization of Midland County in 1885, the coming of the railroad and the real start of a new town, she traced the development of ranching, agriculture and the oil industry. Photographs of buildings and street scenes were shown.

The named families who were pioneers here, spoke of early business firms, banks, newspapers, schools, churches, the start of a public library, and entertainment including the old opera house, the first rodeo or "cowboy carnival" and the first country club. She read a tribute to Midland pioneers from a 1916 edition of "The Midland Reporter," with a poem, "Where the West Begins."

Mrs. Eric Payne, program chairman of the Wednesday Club, was introduced by Mrs. Fyatt, vice president, and in turn introduced the speaker.

The program opened with a musical arrangement of the "Club Woman's Collect," sung by Verla Lee and Nellie Clark with Joyce Streeter and Nellie Clark with Mrs. Raymond G. Hall as pianist.

Mrs. C. M. Goldsmith, president for the business session, when the club voted to accept recommendations from the Building Planning Committee regarding amendments for the proposed Woman's Club Building. These recommendations have been discussed and voted upon in most of the clubs affiliated with the Woman's Club.

Mrs. Goldsmith, who is a member and former president of the Wednesday Club, poured tea after the program. Red carnations, white stock and blue cornflowers were arranged in a drum container for the centerpiece, with identical smaller arrangements on either side. The patriotic color note was repeated in other flowers in the dining room. Members of the hostess club made up the house party.

'Fashion Is Magic' Prevue Promised

"Magic, mystery and models" will be wrapped up in one package at the "Fashion Is Magic" stage production March 2 and 3 and a tiny corner of that package will be opened in downtown Midland at 3 p.m. Saturday.

The Saturday afternoon attraction will be a preview of the complete show, which is being given by the Midland Memorial Hospital Women's Auxiliary to raise funds for its work in the new Midland Memorial Hospital.

The public is invited to come downtown Saturday afternoon to see the preview of the show. Mrs. Milton Loring, fashion coordinator and director of the show, and Mrs. John Butler, publicity chairman, promise a surprise worth seeing.

B&PW Committee Plans For Showing Of Rowe Paintings

A committee to carry out the Spring community project of the Business and Professional Women's Club was completed Thursday and had its first meeting in the Williams Studio to outline its plans.

For the project, the club will bring to Midland for a free exhibit on March 2, 3 and 4, a collection of the original paintings by Guy Rowe which illustrate Houston Hart's book, "In Our Image." These paintings, 16 in number, will be displayed in the City-County Auditorium.

Thelma Gardner is chairman of the arrangements, and she has named the club's first vice president, Mrs. R. L. Spencer, Mrs. Vann Ligon, Mrs. W. D. Lane, Mrs. J. P. Kelly, Mrs. Frank Johnson, Mrs. C. W. Herndon, Mrs. D. M. Aldridge, Mrs. R. W. Allen, Mrs. Floyd O. Bost, Mrs. F. A. Crockett, Mrs. Roy Douglas, Mrs. J. A. Eubank, Mrs. John Fletcher, Mrs. W. M. Ford and Mrs. Bert Goodman.

Hours for the display were set at the meeting Thursday. The pictures will be shown from 7 to 10 p.m. March 2, from 3 to 6 p.m. March 3, and from 2 to 6 p.m. March 4. Open To Public

The exhibit will be open to the public with no charge. The club will send special invitations to church, school and club groups to see the paintings.

"In Our Image," which has become a best-seller, is a book recasting in terms of present-day people, the most people own Bibles, but too few read them. He chose 26 of the best-known stories from the Old Testament, kept the words of the King James version, but omitted the explanatory passages and the obsolete expressions which sometimes make difficult reading.

Hart, a San Angelo publisher, chose Rowe to illustrate the book with a painting for each story. The artist thought of the Biblical characters in terms of present-day people, and painted the dramatic illustrations in a style that is a departure from traditional Biblical pictures.

Mrs. Roy McKee Given Farewell Gift At Luncheon

The DYT Club honored Mrs. Roy McKee, who is moving to Corpus Christi temporarily, at a covered-dish luncheon Thursday in the home of Mrs. J. P. Carson, Jr.

The club gave Mrs. McKee a gift. Plans were made for an anniversary party March 2 in the home of Mrs. A. E. Houck, 208 East Pennsylvania Street. This will be the third anniversary of the club.

Those present included Mrs. E. P. Birkhead, Mrs. L. V. Bassham, Mrs. A. E. Houck, Mrs. John Sewell, Mrs. Joe Roberson, Mrs. Glenn Shoemaker and Mrs. E. M. Watkins.

CRUMB PIE
By MRS. H. G. FARINSON
264 West Kansas Street

Mix 2 cups brown sugar and 2/3 cup shortening to crumb consistency. Reserve 1/2 cup of this mixture for top of pie.

Beat 1/2 tsp. soda into 1 cup sour milk and mix this with 2 beaten eggs.

Add 2 tsp. baking powder, 1 tsp. each cinnamon and nutmeg and 1/2 tsp. salt to the crumb mixture, then stir in the milk and egg mixture. Put in pan, scatter the reserved crumb mixture on top, adding chopped nuts if desired, and bake for 25 minutes at 350 degrees.

This makes two medium pies, which resemble coffee cake more than ordinary pie. It is excellent to serve with coffee.

Charge Doesn't Hold Water

Reaction to the Republicans' new party manifesto shows it hasn't achieved one desired objective—party unity. Half a dozen GOP senators withheld their approval from the document and now are amplifying their criticisms.

The new slogan, "Liberty Against Socialism," discloses the flaw. It proclaims in so many words that the so-called welfare state which the Truman Administration likes to claim as its own invention is in fact a socialistic state.

Yet a close look at the GOP statement reveals that Republicans favor numerous plans that only can be described honestly as welfare state measures. These include farm price supports, more rural electrification, continued land reclamation and soil conservation, higher federal old-age pensions for more people, subsistence medical care and subsistence housing.

To be sure, the Democratic counterparts of these proposals usually are somewhat more extreme. The Truman national health program and the Brannan farm plan are examples. And the Republicans want the emphasis on state rather than federal control wherever possible.

Nevertheless the suggestions of both parties in this broad field of social service call for federal policy making and federal funds. It is impossible to say that the Republican version of a welfare program constitutes "liberty" while the Democratic alternative a few degrees to the left is "socialism."

Britain's current election campaign further highlights the futility of this distinction. By no stretch of the imagination does the Conservative Party under Winston Churchill consider itself socialistic. But it supports fully, and even proposes to extend, many social services which mark the welfare state. And defeat for Labor on February 23 would not mean the end of that idea in British government.

There are some real differences between the two big U. S. parties, as reflected in the Republicans' declaration of principles. The GOP wants to keep Taft-Hartley with amendments, while the Democrats wish to kill it. They don't agree on taxes, spending, and balancing the budget.

Are these differences enough to impress and attract large numbers of voters? Or will people be more struck with the common core of welfare proposals the Republicans share with the Democrats? In other words, have the Republicans taken significant strides away from "me-too-ism" or haven't they? We'll know what the voters think by November 8.

A shipment of snow was taken south for some Floridians to look at it. As far as we are concerned, they can have all of it.

Don't Break This Chain

DREW PEARSON ON THE WASHINGTON MERRY-GO-ROUND

(Copyright, 1950, By The Bell Syndicate, Inc.) Drew Pearson says: Truman shows alarm over international situation; Communists have difficulties in Bulgaria and Albania; New American foreign policy is in the making.

WASHINGTON—At his weekly cabinet luncheon, shortly after news of the London atom-secrets leak, President Truman told his official family that he had never been so alarmed over the international situation.

Not only was he alarmed regarding leaks to Russia, he said, but it now appeared that Russian war production had advanced much farther than our intelligence information had any previous idea.

All this has resulted in a decision by the President and the secretary of state to write a new blueprint of foreign policy. This will include a revision of the American defense program—based on the assumption that Russia now possesses all our atomic and hydrogen secrets—and probably will result in upping the budget.

Meanwhile, here is an over-all picture of what the U. S. A. faces on the two most important but widely separated fronts of the cold war: Revolt in Balkans. 1. Eastern Europe—Developments here are highly encouraging. They are so encouraging that President Truman's long face may not be entirely justified.

In Bulgaria, long considered a Soviet stronghold, unrest is so rampant that civil war prevails outside the big cities. It began when farmers staged a sit-down against Communist demands, refused to plant grain and concealed their quotas supposed to be turned over to the government.

When troops moved in to seize the grain, they were met by gunfire, with the result that hundreds of peasants have fled through heavy snow to the mountains or to Turkey, and police have burned down several villages to catch guerrillas. Two Bulgarian soldiers, recently fleeing to Turkey, reported:

"Living conditions are beyond endurance. The Russian officers training the army treat us like enemies. Hundreds of soldiers are plotting to escape. When they do, they will be better off than we will be many Bulgarian soldiers surrendering to you."

In Albania, Communist forces are having such difficulty that a pro-Western revolt appears certain. If this is necessary it will be a bad blow for the Russians because they had counted on Albania as their one outlet out the Mediterranean. In fact, they already have built up the Sazan Islands in the Adriatic as a powerful submarine base, now harboring the Italian warships given Russia under the peace treaty. Along the Hungarian-Yugoslav border the situation remains tense with the Red Army turning powerful flood-lights on Yugoslav defense positions every few days in the war of nerves. Twice Hungarian-Russian patrols have crossed into Yugoslav territory and been captured. They were permitted to return across the line after an operation producing sterility.

Because of desertions to Turkey and Yugoslavia, information from the southeastern satellites is fairly accurate and so it is surprising to the Communist cause that this may be one reason why Moscow is concentrating on the Orient.

Western Headaches 2. The Far East—Here it looks as if the United States is in for bigger and worse headaches. Here the brazen imperialism of Great Britain, France and the Dutch, practiced for more than a century, provides the most fertile possible field for Communism, and Moscow is making the most of it. And unfortunately, the United States, which had a good anti-imperialistic record in the Philippines, is captured by allies to the imperialistic policies of our allies. Our support of the British in Hong Kong, of French mismanagement in Indo-China, of Dutch stupidity in Indonesia, plays directly into the

had quite a job making it. North's three spades bid told his partner that he had at least two aces and a good spade suit.

The opening lead of the small club was won by Mrs. Harris with the king when East put on the jack. Now she cashed six spade tricks. East was forced to hold the king-nine of hearts and the queen-eight of clubs, along with two diamonds.

Mrs. Harris cashed the ace and king of diamonds and the ace of clubs. She now led a club which East had to win. The only thing East could do was to lead away from his king and nine of hearts, so he returned the nine.

Mrs. Harris won the trick in dummy with the queen of hearts and the ace of hearts gave her the trick necessary to make her slam.

WASHINGTON COLUMN

Stage Is Set In Indo-China For Battle To Stem Red Tide

By PETER EDSON NEA Washington Correspondent

WASHINGTON—One of the greatest ironies of the postwar struggle against world communism is that it should reach its present climax in a struggle for Indo-China. It is a country slightly larger than Texas, but with a dense population of 25,000,000.

Indo-China has been a French colony since 1880. Before that it was a part of the Chinese empire. French civilization, colonization and religion have spread a thin veneer on the people. But they are of small and tough breeds, and of many fatalistic pagan creeds. They are traditional enemies of the Chinese, who subjugated them for centuries. One of the remote hopes for a somewhat bloody outcome of the present crisis is that if the Chinese Communists now start furnishing arms to subdue Indo-China, the people will turn in revolt.

French Indo-China has been divided into five states—Tonkin, Annam, Cochinchina, Cambodia and Laos. The last two now are recognized as independent kingdoms by France. The first three have been united into the Viet Nam Republic. France recognized it as independent in 1946, under the Communist leader Ho Chi Minh. Then two years later the French reversed this recognition and conferred it instead on Bao Dai, who in 1946 had abdicated as emperor of Annam.

France tries to stem tide. The struggle between these two independence movements of Viet Nam is the cause of all the trouble. The French colonial army in Indo-China controls the cities and ports. In the country are the guerrilla forces of Ho Chi Minh, perhaps 100,000 strong. So far, Ho's forces have not waged war in Cambodia and Laos, though if he wins the struggle for Viet Nam, that may be expected.

The cost of maintaining order and supporting Bao Dai takes perhaps half of the French military budget. France today probably would be operating on a balanced budget if it did not have to maintain this army in Viet Nam. Yet this very army is considered the bulwark that keeps the Chinese Communist armies to the north from extending their conquests down through Southeast Asia to overrun Indo-China, independent Siam and possibly even British Malaya.

With France continuing to give complete support to Bao Dai, the United States and Great Britain gave prompt recognition to his Viet Nam government. And with Communist China and Russia supporting Ho Chi Minh, the battle for Asia shifts from its uncertain danger spots in Korea or Formosa to an immediate threat in Indo-China.

But the grave question is whether any military solution of this crisis is possible. Making Indo-China another Spain, where the forces of communism and anti-communism could meet, would not be final.

In trying to find a happy solution for this problem, the odds have been against the French ever since the end of the war. The French had no army which could move in to reoccupy its former colony. So the British moved in from the South and the Chinese from the North, until the French could take over under General Van Xuan.

The French had to make an offer of greater autonomy. The first trouble was that they had trained no native leaders. Ho Chi Minh, who had been a Communist organizer 40 years, was on the ground, and the only man the French could find to back. When they learned that they could not make an agreement with him, and when he doubled-crossed them, the French were in real trouble.

The French had allowed Bao Dai to renounce his throne as emperor of Annam, as part of their attempted

arrangement with Ho. Bao Dai later claimed that his abdication was made under duress. There has been speculation that he received financial considerations from Ho Chi Minh as well as from France, in agreeing to retire.

Then when the French had to look around for a new leader to back in place of Ho, their only possibility was Bao Dai. Having made generous concessions to Indo-China, Bao Dai still greater concessions to Ho Chi Minh in order to make his government more attractive to the Indo-Chinese people. And here they gave away almost everything except the right and the duty to defend Bao Dai against the guerrillas of Ho Chi Minh.

In supporting Bao Dai, however, the French are put in the unfortunate role of being the foreign imperialist, and Bao Dai is weakened somewhat by that support. Bao Dai is only 32 years old. He was educated in France and succeeded his father to the throne in 1932, as a boy of 18. He remained on the throne during the Japanese occupation of Indo-China, which was another reason for his abdication. He left the country in 1947, returning only last June, as emperor.

Questions and Answers

Q—How many cross ties do the railroads install in a year? A—An average of about 50,000. Approximately 80 per cent of the cross ties installed in replacement in recent years have been treated to prevent decay or destruction by insecticides. This treatment more than doubles the service life of the ties. Bridge timbers, piling, poles, and other woods are also treated in this manner before use.

Q—For whom is the Bering Strait named? A—The Bering Strait is named for Vitus Bering, a Russian explorer who discovered it in 1728.

Q—Why is an American ambassador to Great Britain referred to as the Ambassador to the Court of St. James? A—The Court of St. James is the official designation of the British Court. It is so called from the old palace of St. James's which housed many kings and queens and was used for royal receptions.

Q—What is a cooperative college? A—It is one in which students alternate school work with wage earning, under supervision of the college, with cooperation of employers. An Ohio College in Ohio is an example.

Q—When was the only time Man o' War was defeated? A—The only time he lost in 21 starts was when upset beat him in the Sanford Stakes at Chicago Aug. 13, 1919.

LOCAL OPTION BALLOT IS SOUGHT IN SCURRY SNYDER—Petitions for a local option election are being circulated in Scurry County. The county, scene of the nation's latest oil boom, now is "dry."

ALICE gave her a sharp look. "She had the uneasy feeling that Muriel had been about to add something else and changed her mind at the last second.

"Instead, she waited for Alice to seat herself on the divan and then Muriel sat down beside her. Muriel first beamed. She was anxious to tell Alice something that she thought Alice wanted to hear. Muriel said: "Hold your job in California, if you want it."

"Alice jumped. "California?"

"You California. Oh, Alice!" Muriel looked up at her beaming wildly like a hysteric. "I've hit the jackpot. Pat and I had company yesterday. A very charming man named Alec Crowther. Does that ring any bells?"

"Alice nodded. "Let me some terrific Hollywood person?"

"Just about the biggest of the big boys in Gump-Pennin' Pictures. Smack me down, Alice. If I start sounding big-headed, but, according to Pat, this Alec Crowther fell all the way to New York just to see Little Jo." Muriel chuckled reminiscently. "That's what he calls me, 'Little Jo' Palgrave."

The simple faith of this child is written all over her beaming little face. The awed expression, the clasped hands, and the prayerful eyes show without a shadow of a doubt that this small girl has been taught truths of the Christian Faith.

Already she has been taken regularly to the services of the Church, habits which she will not likely break as she grows older. At night Mother tells her stories from the Bible, and at bedtime she kneels reverently to pray before she falls asleep.

A child with such training has been given the greatest insurance of happiness that parents can bestow. No matter what course her life may lead, she will always be able to rely upon her early teachings as her greatest source of comfort and direction.

Only by giving your children the benefit of Christian training can you hope to bless them with security and happiness in the future. It is never too early or too late to begin. Take your children to Church this Sunday.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Leahy Says 'No More Fine Notre Dame Teams'

Irish Coach Visits Here Thursday And Friday

By SHORRY SHELBURNE
Reporter-Telegram Sports Editor

"There will be no more really great Notre Dame football teams," Frank Leahy, Notre Dame coach, declared here Thursday night in an interview. "Our grid teams will be just average from now on."

Leahy was here on a vacation trip to visit H. Eddie Chiles and Chile Walsh, former pro coach and owner, who are good friends of long standing.

"I don't think we ever can approach the success we attained last season with our team. It was one of the greatest I ever coached," Leahy said.

Leahy, "Mr. Football Coach of the Nation" in this era, makes no bones about the "scare" he got in the SMU-Notre Dame game last year. He'll tell you right off that it was the finest game his team played during the year and was the greatest to watch that he ever saw. Coming from Frank Leahy, that means something.

Rete Great
"Kyle Rote is as good as a nifty back I have seen on a football field," Leahy declared without hesitation.

He didn't see the great Doak Walker in action and can't compare the two. However, from movies he has seen of Walker, he thinks Rote will be as great, if not better than the Golden Boy.

Notre Dame's prospects in 1950 are not nearly so good as they have been in the last few years. Leahy loses 10 men from his starting lineup and says he doesn't have the replacements to make up another club like last year's outfit.

Hart and Wightkin, Martin and McCooche, Jackson, Lally and McGrout, all linemen, will be gone. Emil Sitko, Spaniel and Cortez graduate. All are backs.

Only Bob Williams, the stellar sophomore quarterback of last season, returns.

10 Others Going
In addition to the starters he loses, Leahy also must write off 10 other men who played a lot of Leahy.

Leahy has the greatest respect for Midland's Bill Richards, who played the finest defensive game of his career against Notre Dame last December 2. Richards stopped the Irish running and passing attack more than once.

Leahy also credits Mike Brumbelew with a superior job of scouting. He says Mike played a part in the game which didn't come to light often.

In scouting Notre Dame, Brumbelew figured out a defense and offense which made the Mustangs able to fight the talented Irish but almost even terms.

Credited Bill
Matty Bell also gets a big hand from Leahy. He thinks there is none finer than Matty when it comes to coaching football.

"We knew we had our job cut out for us before we played SMU and we made preparations for it. In the history of Notre Dame and SMU meetings on the football field, there never has been anything but close games," Leahy said.

Leahy also revealed the fact that he had another trick in the bag for insurance against the Mustangs.

"We had a new offensive formation which we worked on for the SMU game but didn't have to show it. We will use it next season in regular play," he revealed.

Leahy is sold on Bob Williams as a football player and a man. He rates him even with Johnny Lujack now and in years to come. In fact, Leahy says Williams is a better quarterback this early in his career than was Lujack.

Leahy recalled some good stories

L. C. STEPHENSON

about Williams. One in particular came to his mind. It happened in the North Carolina game.

Good Story
The score was tied at 6-6 and Williams was quarterbacking. The ball was on the Notre Dame 20-yard line and it was fourth down and five to go.

Williams called for long punt formation, screen pass to the right. The other players raised their eyebrows at the call.

But Williams was equal to the situation. He took on the impersonation of Leahy who always calls his players "lads."

After calling the play, Williams quickly added, "And lads, if this play don't work you can look for me somewhere else except on the bench. I'll be heading for the Bronx."

Leahy gives much of the credit for his winning string to his players and to his assistant coaches. He says without reserve that the assistants can make you or break you and they have made him in the last four years.

Leahy was here strictly on a visit. He has known Chiles and Walsh for many years and accepted an invitation to visit them. He visited in Houston and spoke in Galveston before coming here. He departed Friday for South Bend.

Midland's Bauer Sisters Pair Off In Florida Final

PALM BEACH, FLA.—(AP)—Finals in the fifteenth annual Everglades Club Mixed Foursomes golf tournament were scheduled Friday afternoon and, of course, the Bauer Sisters were competitors.

Marlene Bauer celebrated her sixteenth birthday Thursday while she and her partner, Reginald Boardman, Jr., of Palm Beach, eliminated Pat Devany of Grosse Ile, Mich., and Lynn Creason of Harrisburg, Pa., 5 and 4.

Alice Bauer, who is 22, and her partner, Gladys Hardwick of Bel-Air, Calif., registered a mild upset by trimming Mrs. Betty Bush of Hammond, Ind., and her partner, Robert Sweeney, former British amateur champion from London, 3 and 2.

The Marlene Bauer-Boardman team was a bit shaky at the start but got better as the game went along and turned three up, increasing its margin as the match progressed.

Alice Bauer and Hardwick held a two up lead at the turn with a 36. They had six one-putt greens on the front nine.

Among the spectators was David Bauer, father of the two golfing sisters from Midland, Texas, who have figured prominently in Florida golf tournaments the last month. Papa Bauer observed his 54th birthday along with Marlene's 16th.

Duquesne Defeats Long Island Cagers
NEW YORK.—(AP)—Looks as if Duquesne and Western Kentucky are just about "in for the National Invitation College Basketball Tournament next month—Niagara, too, maybe.

Once-beaten Duquesne, ranked seventh in this week's Associated Press national poll, smashed sixth-ranked Long Island 60-53 in Madison Square Garden Thursday night.

Western Kentucky, ranked ninth, chalked up its thirteenth straight victory by overwhelming Miami (Fla.) 63-47.

Niagara upset City College of New York 66-61. This strengthened Niagara's hopes for a bid to NIT, but the selection committee is reported leaning towards Canisius.

Murry (KY) State came from behind and a 14-2 deficit to beat the New Britain (Conn.) Teachers 62-58. Chicago Loyola also came from behind to sink Western Michigan 85-71.

Vanderbilt, ranked twentieth, clung to first place in the South-eastern Conference by swamping Mississippi 80-47. William and Mary spurted in the last 20 minutes to sink Washington and Lee 70-57 in the Southern Conference.

St. Michael's of Vermont won its first Vermont Conference championship in 10 years by whipping Norwich 63-30. West Texas, trimmed New Mexico 70-61 in the Border Conference.
