Upton-Reagan Pool Has Possible Deep Zone Extensions

Major extensions to the Fusselman-Silurian producing limits of the Benedum field in Central-East Upton County and in Central-West Reagan County have been indicated on two sides of that field.

Slick-Urschel Oil Company No. 1-B Neal, one and three-quarters of a mile southwest of the nearest completed producers on the southwest side of the field, and located 660 feet from south and east lines of the south 300 acres in section 8, GCS&SF survey is bottomed at 11,260 feet in Fusselman lime and was preparing to cement 7-inch casing to make production tests and try to complete as a producer.

This venture topped the Fusselman at 11,270 feet, 10' datum at that point minus 8,573 feet. It drilled to 11,360 feet and took a two-hour drillstem test at 11,270-360 feet. A 1,000-foot water blanket was used.

Sprayed Distillate
The water blanket started flowing out in eight minutes. The well sprayed some gas and distillate, and final recovery was 130 feet of clean oil, or distillate in the drill pipe. An electric log survey has been run and operator will cement 7-inch casing at 11,275 feet and try to finish the well from the open hole. It is in the Upton County sector of the Benedum field.

Plymouth Oil Company No. 1-42 Barnett, in the Reagan County side of the field, 660 feet from north and east lines of section 42, block Y, TCRS survey, and slightly less than two miles north of the closest completed producers on the northeast side of the Benedum field, was bottomed at 11,880 feet in Fusselman lime and was mixing mud to drill deeper.

Fusselman Picked
It topped the Fusselman at 11,808 feet. Elevation is 2,685 feet.

A drillstem test was taken at 11,808-880 feet. The tool was open 30 minutes.

The drill pipe started spraying gas and distillate in 16 minutes. It continued the spray until the tool was closed.

Final recovery was 650 feet of heavily gas and distillate cut drilling mud. There were no signs of formation water.

Open flowing bottom hole pressure was 3,525 pounds. Shut-in bottom hole pressure, after 15 minutes was 5,400 pounds.

Clear Fork Wildcat Staked in C-S Ector

Edward C. Lawson of Tulsa, Okla., and associates, are to start operations at once on their No. 1 Paul Moore, which is to be a 6,500-foot wildcat in Central-South Ector County.

This exploration is to be 660 feet from south and west lines of section 32, block 44, T-3-B. It is slated to explore into the Clear Fork line of the Permian.

It is in an undeveloped area between the shallow Harper and Penwell fields.

Flanker Completed To Scurry Strawn Pay

Gene Goff of Midland, and associates, have completed their No. 1 Joe Rylander, in the northeast side of the Snyder townsite in Central Scurry County as a commercial petroleum producer and an important extension for the North Snyder-Strawn field.

This well is 330 feet from north and 1,665 feet from east lines of section 124, block 3, H&GN survey. That makes it five and one-half miles south of the Scurry Oil Company No. 1 Sentinel Strawn discovery on the southeast side of the North Snyder field.

The Goff extender completed on the pump for a 24-hour potential of 206.25 barrels of gas-oil ratio was 228-1, but the gas was irregular, and not sufficient to flow the well steadily.

Open-Hole Completion
The production from open hole between 7,171 feet, where 5 1/2-inch casing is cemented, and the total depth at 7,197 feet.

The producing horizon had been treated with 2,000 gallons of acid. The foregoing information is contained in the official potential test report filed with the Railroad Commission of Texas.

N-C Crane Wildcat Bails San Andres Oil

George P. Livermore, Inc., No. 1 W. E. Connell estate, North-Central Crane County shallow wildcat, 15 miles northeast of Crane, bailed oil for four hours from a section at 3,447-96 feet in San Andres lime, before bailing dry.

No formation water was developed. Amount of oil bailed out during the four hours was not reported.

Operator is preparing to run 7 inch casing to shut off water from an upper horizon, and will then drill deeper.

Interested observers expect the prospecting to complete as a producer and the opener of a new producing area. It is 330 feet from north and west lines of section 11, block B-36, psi survey, and one and one-half miles south of the east side of the Hattie Connell field.

Legislators Rush To End Session

Senate Votes Resolution To Quit Tuesday

AUSTIN—(P)—The Senate voted unanimously Tuesday to end the special session Tuesday afternoon, but the House apparently planned to keep working through Wednesday.

Senator Gus Strauss of Hallettsville offered the motion for final adjournment of the session. The House would have to agree to make the proposal effective.

The session automatically would end at midnight Wednesday if the Legislature did not vote to quit sooner. Legislators scrambled to get a multitude of minor bills passed Tuesday before the final deadline arrived.

Red Cross Drive Opens Wednesday

The annual American Red Cross fund drive Wednesday will roar into Midland County in typical March 1 fashion—with scores of volunteer workers determined to reach the \$12,000 goal in record time.

Campaign leaders, team captains and workers will gather at 9 a. m. Wednesday on the mezzanine floor of Hotel Scharbauer to be briefed concerning the drive and to receive work assignments and materials.

The campaign then will swing into high gear, with volunteer workers going into all sections of the business district.

The drive in the residential districts will open Wednesday, under the direction of Mrs. R. W. Hamilton.

Drive Chairmen
J. M. McDonald is general chairman of the campaign. John B. Mills is vice chairman in charge of commercial solicitations, and John Parker is vice chairman in charge of solicitations in office buildings.

Thornton Hardie, Jr., is chairman of the Midland County Chapter of the American Red Cross.

Team captains working under Parker, and assigned to various office buildings, include C. R. Vandervoort, Richard F. Peters, Louise Winner, Louise Cox, A. H. Vineyard, Harry Lawson, George Putnam, Pat Duncan, Charles Sabin, Charles Green, Leo Brady, W. H. Ground, C. W. VanAlstyne, Hilton Kaderli, W. H. Thams, R. I. Sewell, J. Harvey Herd, Dan Hudson, Henry Donahoe and J. W. Hunt.

Service clubs of Midland will furnish workers for the downtown solicitation, Mills said. He listed club captains who will select workers from their respective organizations, as follows: J. P. Carson, Jr.; Lions Club; Glen Mershon, Rotary; Herbert M. Farnsworth, Kiwanis; and Lee Woods, Jaycees.

Officials said an effort will be made to contact every man, woman and child of Midland—giving them an opportunity to contribute to the American Red Cross.

Commissioners Pick Election Officials

Precinct election judges and assistant judges were named Monday afternoon in a meeting of the Midland County Commissioners Court.

Precinct 1—Mrs. Ben Golladay, judge, and Mrs. Beulah Moran, assistant.

Precinct 2—B. T. Graham, judge, and Howard Brooks, assistant.

Precinct 3—Brook Preston, Jr., judge, and Mrs. Frank Midkiff, assistant.

Precinct 4—Mr. Leo Manning, judge, and W. J. Hucksby, assistant.

Precinct 5—C. J. Kelly, judge, and D. R. Carter, assistant.

Precinct 6—J. L. Kendrick, judge, and Owen Cochran, assistant.

Precinct 7—George Vanmanan, judge, and Frank True, assistant.

A delegation from Garden City, headed by County Judge T. E. Carr, appeared before the commissioners court Monday afternoon to request assistance in construction of a farm-to-market road.

The commissioners indicated willingness to aid in paving a link of road to facilitate transportation to Midland markets.

Fort Worth Police Raid Night Spots

FORT WORTH—(P)—Police raids on night spots here Monday night resulted in the arrest of 94 men and nine women.

Detective Inspector H. Clay Bishop, who with Police Chief George Hawkins led the raids, termed the dragnet "an effort to get better acquainted with some of the out-of-town police characters who have come to Fort Worth."

Thirty-eight of the men arrested and the women were held Tuesday for further investigation. The others were released.

WEATHER
Partly cloudy and cooler Tuesday night. Warm Wednesday afternoon. Minimum temperature Monday 82 degrees. Minimum Tuesday 47 degrees.

Husband Says Mercy Doctor 'Kind' To Wife

MANCHESTER, N. H.—(P)—The husband of Mrs. Abbie Borroto said Tuesday his dying wife was treated like a mother by Dr. Hermann N. Sander.

The 41-year-old Dr. Sander is on trial on a first degree murder charge—accused of ending the woman's cancer-tortured life with an air injection into her veins.

Reginald Borroto, the 65-year-old husband, testified as to his wife's last illness: "If Mrs. Borroto had been Dr. Sander's mother or sister he couldn't have done more to minister to her."

Later, Borroto testified "If he (Dr. Sander) was my own brother I couldn't feel more kindly toward him."

The dead woman's husband made this comment after Defense Lawyer Ralph Langdell asked him whether he was friendly with the accused doctor.

Chief Defense Counsel Louis E. Wyman then called for further cross-examination of Elizabeth Rose, 24, the nurse who has testified she saw Dr. Sander inject air into Mrs. Borroto's veins.

Denies 'Mercy' Plea
Borroto—in the concluding minutes of Monday's session—contradicted earlier testimony that he appealed to Dr. Sander to "exterminate" the cancer—doomed woman as an act of mercy.

Borroto was the final witness Monday in a thrill-packed day—the sixth of the internationally-litigated trial.

Most of Monday's testimony centered around Miss Rose, pretty, blue-eyed nurse who cared for Mrs. Borroto prior to her death December 4 in Hillsboro County Hospital.

She testified Mrs. Borroto was alive and gasping when Dr. Sander (Continued On Page Nine)

Air Travelers From Oregon Land At Air Terminal Tuesday

Planes carrying scores of Oregon goodwill ambassadors began landing at Midland Air Terminal and Midland Airport shortly after 10 a. m. Tuesday for refueling before continuing their journey to Havana, Cuba, on a vacation-goodwill tour.

Chamber of Commerce Manager and Asst. Delbert Downing, were among the Midlanders on hand at the Air Terminal to greet the early arrivals.

The entire group, comprising 70 planes and 230 persons left Oregon last Saturday and had made overnight stops in Las Vegas and Reno, Nev., Needles and Phoenix, Ariz., and El Paso. Some of the heavier planes were to pass up the Midland refueling stop but the majority of the light planes were due to land here sometime Tuesday.

Mr. and Mrs. W. E. Shisler of Eugene, Ore., were the first to land at the terminal. They set their single-engine Cessna down at 10:17 a. m. and were in the air and on their way to Dallas by 11 a. m.

Shisler, a Eugene grocer, explained that he and Mrs. Shisler left El Paso Tuesday morning leading the pack. They took to the air at about 8 a. m. (Midland time).

The entire group, sponsored by the Portland, Oregon Chamber of Commerce, is making its seventh tour. Other trips have carried the Oregonians to Alaska, California, Mexico, and Portland, Me. A trip to Panama, sometime in 1951, is being planned.

Good Weather Reported
Shisler said the group had encountered good weather on the tour, except in Arizona where high winds and zero visibility forced some of them to stay overnight in Needles. The group had been scheduled to spend the night in Phoenix. Good weather Tuesday was keeping the flights on schedule.

Members of the party are businessmen, farmers and what have you, according to Shisler. They just sign up for the trips, and all take off, he said. Ages of the 230 persons making the trip range from three to 83 years, Shisler said.

The party is scheduled to spend Tuesday night in Dallas, Wednesday night in New Orleans, Thursday in Jacksonville, Fla., and Friday night in Key West. Saturday the group will fly to Havana for about four days. After they fly back to Key West as a group, the party will disassemble and each plane may pick its own route back to Oregon.

Odessa's Proposed Hotel Gets RFC Loan

WASHINGTON—Rep. Ken Reagan's office reported Monday the Reconstruction Finance Corporation has approved a loan of \$650,000 for Odessa citizens to build the proposed Lincoln Hotel in that West Texas city.

The sum was \$150,000 more than the RFC granted the group last week after conferences on the subject. Originally, the Odessa representatives had sought \$734,000.

Nationalists Warn All Ships To Stay Out Of China Ports

TAIPEI, FORMOSA—(P)—In the wake of new attacks on two American merchantmen, Nationalist China warned Tuesday that all ships trading with the Chinese Communists are subject to air assault.

The Pioneer Date of the United States Lines and the Flying Clipper of the Isbrandtsen Line were bombed and strafed by unidentified planes Monday in Communist North China. The bombs missed. But both ships were peppered by machine gun fire. One sailor was injured.

Chinese Nationalist Air Force headquarters did not say its planes attacked the American ships but admitted they raided the Tsingtao area.

The Nationalists declared a blockade on part of the China Coast last June. It was expanded as the Communist armies swept over the country. Now it covers all mainland seaports.

Ban Not Recognized
American, British, Panamanian and Portuguese ships have run afoul of the blockade. Some have been under air attack. Others have been shelled by naval craft. Others have been seized.

Neither the U. S. nor Britain recognizes the Nationalist blockade.

Income Tax Assistance Available

Hurried taxpayers seeking information or tax return forms will be able to take their problems to the Office of Internal Revenue, Room 205, in the Midland County Court House, starting Wednesday.

John Robinson, senior deputy in charge, announced Monday the office will be open every day, except Saturday and Sunday, from March 1 to March 15, to assist taxpayers in filling out returns in the annual ordeal.

The office has been open only on Monday and Friday, J. F. Wilson, deputy collector of internal revenue, will assist Robinson.

FELLED BY A MICKEY— Sooner Leopard Returned To Pit

OKLAHOMA CITY—(P)—Oklahoma City's escaped leopard was captured alive at its pit Tuesday—felled by a mickey.

Knockout drops placed in chunks of horsemeat subdued the ferocious jungle cat long enough for him to be captured.

Zoo Keeper Julian Frazier slipped a noose around the drugged animal's neck and held him while he was caged.

Hunger finally drove the beast back to Lincoln Park Zoo, the only home he had known since being brought here a week ago from the jungles of India.

He had been free since 1 p. m. Saturday, when he leaped from a barless pit, 18 feet deep, and scampered away while onlookers stood frozen with terror.

Thousands of hunters had stalked the cat since his escape. Airplanes, helicopters and specially trained dogs were employed in the search.

Empty Stomach
But an empty stomach and perhaps a yearning for the mate he left behind prompted the fugitive to return the same way he left—of his own accord.

The leopard was found groggy by park employees and a game ranger as he was sinking sleepily toward the bait placed near his pit.

Frazier estimated the leopard was at least 18 miles from the zoo before it returned to gnaw at the tainted meat.

Frazier said the 175-pound leopard would be turned into the den with its mate sometime during the day but it would not be on public exhibit. (Continued On Page Nine)

School Census Set Wednesday

Midland parents, especially housewives, are urged to be at home for a few hours Wednesday afternoon in cooperation with taking of the annual scholastic census here.

Experts Fear Jet Age's Speed Is Hurting Interest In Aviation

WASHINGTON (NEA)—Military and civilian air officials are worried that flying is getting too fast and furious to be fun.

This problem has a serious bearing on the future development of American aviation, the experts say.

As far as military flying is concerned, it's a matter of flight personnel morale and recruiting difficulty.

In 1948 there were 117,000 applications for student permits.

Don't Expect Wife To Remain World's 'Most Wonderful Girl'

By RUTH MILLETT
NEA Staff Writer

Is it a wife's duty to keep her husband thinking she is just about perfect and far superior to all other women?

Writes a frankly disillusioned husband: "Frankly we were married I thought my wife was the most wonderful girl in the world. After two years of marriage I've discovered that she has plenty of faults. It seems to me a wife ought to try just as hard to appear perfect in her husband's eyes after marriage as she did before she caught him."

Oh, come now. If you're old enough to be a little more realistic in your demands.

Of course, your wife isn't perfect. No man's wife is. If it took you two years to find that out—you've wasted a lot of time.

And I do mean wasted. Because it isn't until a man knows a woman as she really is that he has a chance to be a real husband to her.

Once he knows what she is really like he can try to understand her. And not until he can understand her—not only know what she is like but why she is the way she is—can he be a real husband.

A real husband loves his wife, not for the perfection he imagines

is hers, but in spite of the faults he knows she has. He can see her shortcomings, but instead of blaming her for them, tries to help her overcome them and to make the most of her good qualities.

So don't think you have been kipped, just because your wife doesn't seem as perfect to you as the day you married her.

It isn't possible for a woman to maintain that illusion of perfection in the close relationship of marriage. Sooner or later she is going to start being herself. And that is when her husband ought to start trying to understand her.

The Women's Missionary Union of the Calvary Baptist Church is observing the Annie Armstrong Week of Prayer with programs in the church at 2 p.m. each day through Friday.

The theme for the week is "On Our Doorstep," using "With thanksgiving let your requests be made known unto God" as the call to worship. Mrs. Hoyt Burris is the leader of the program.

The week will include study of all of the states and home mission countries of the Southern Baptist Convention. This week of prayer is an annual observance for home missions.

Wednesday's program includes discussions on: Georgia, Mrs. Burris; Alabama, Mrs. Mary Lou Stevens; Arizona, Mrs. Jack Ready; Texas, Mrs. A. L. Teaff; and Panama and the Canal Zone, Mrs. Claude St. John.

Thursday's program listed: Tennessee, Mrs. Burris; Florida, Mrs. A. E. Bowman; Oklahoma, Mrs. J. C. Crane; and an appeal from Dr. Curtis Redford, secretary of the home mission board, Mrs. R. C. Frazier. For Friday, discussions will be given as follows: Mississippi, Mrs. Burris; Illinois, Mrs. S. E. Corner; Arkansas, Mrs. Elys Barber; and New Mexico, Mrs. J. D. Robbins.

Each day the closing meditations are given by Mrs. Burris. The program for Tuesday included: South Carolina, Mrs. Burris; Kentucky, Mrs. Harold Higgs; Maryland, Mrs. Flora Hardin; Louisiana, Mrs. B. L. Mason; and Cuba, Mrs. George Griffin.

Mrs. Burris brought the devotional discussion for the Monday program. Others on the program included Virginia, Mrs. J. C. Crowe; North Carolina, Mrs. W. G. Flournoy; Missouri, Mrs. L. P. Mitchell; California, Mrs. Brodi Caudie; and the new states admitted, Mrs. Clyde Tunnell.

Mrs. Ervin Named President By Presbyterian Women Of Church

Mrs. C. H. Ervin was elected president by Women of the Church of the First Presbyterian Church at a business meeting in the church Monday afternoon. She will be installed at the end of March, to begin a term April 1 succeeding Mrs. J. Clifford Hall.

Some officers of the organization, including the president, are elected for a two-year term. The others named Monday are Mrs. Harry Gossett, historian; Mrs. William Carter, chairman of world missions; Mrs. R. B. Lambert, chairman of annuities and relief; Mrs. Paul Laverty, chairman of spiritual growth, and Mrs. C. E. Bissell.

Christian Council Hears Book Review, Sends Orphans Gift

After hearing a book review by Mrs. John Younger at a meeting in the church, members of the First Christian Women's Council packed a box of cookies to be sent to the Juliet Fowler Home in Dallas.

Members baked the cookies for children in the home. They also selected one child to whom they will send a complete ensemble of Easter clothing.

Mrs. Younger reviewed the book, "The Seven Stars." Refreshments were served to 30 members.

When thou didst terrible things which we looked not for, thou camest down, the mountains flowed down at thy presence.—Isaiah 64:3.

A Costly Experiment

The country's costliest experiment in mass-producing prefabricated homes apparently is doomed to failure.

The RFC has loaned the Columbus, Ohio, firm \$37,500,000 in an effort to get it well-launched on big-scale housing operations.

The Lustron case is a sad history of dreams never realized. It is made all the more dismal by the fact that the project seems to have had the blessing of high government officials from the beginning.

Why were these men so interested in Lustron? From the days of Wilson Wyatt, former federal housing expediter, there's been a notion in Washington that a well-developed prefabricated housing industry would go far toward bringing the cost of a decent home down to the average man's level.

At the same time, it was felt this goal couldn't be achieved simply by waiting for the tiny prefabricated housing output of established companies to swell into the desired heavy production.

The way to do it, Wyatt and others decided, was to help ambitious firms get quickly into automobile-style mass production of houses.

Big things were in the wind, and the promises were lavish. But somehow the dream always remained just out of reach.

Several times Lustron came back for more money to keep going until it could "get over the hump."

The government has decided that moment has arrived. This doesn't mean the prefabricated housing industry has failed.

College grads may not be handed a job with their diplomas, but at least they belong to the alumni that hire the football coach.

FINGERPRINTS Don't Lie

By Rupert Hughes Copyright 1950 by Rupert Hughes. Dist. by NEA SERVICE, INC.

THE STORY: At a swimming pool in Los Angeles, the body of the wealthy Wendell Palmer was discovered by her father, a sculptor Paul Moody, when he visited his father's home.

Paul Moody had been building a house in Los Angeles for some time when Los Angeles had not discovered that its sunshine had so little radiation that shadows are as cold as the sun is hot.

But the house was not lost in the depths of the estate. Though its gardens and trees crowded close to the windows, the house fronted on the street, and a flight of steps led to the rather grandiose door.

For some strange reason, rich homes in Los Angeles keep fewer servants than mansions of equal luxury would house elsewhere.

Perhaps this is because the people eat out so much, and servants have no time off, his office, Azalea pointed. Nadine flinched away.

In any case, Wendell Palmer could not endure a valet, or a real butler. He would not even have a secretary in the house.

Nadine had to laugh at the picture of Azalea, frantic with anxiety and haste, ransacking her purse, as usual, for the always undiscoverable door key.

As usual Azalea finally dumped the entire contents on the broad stone balustrade with the use of a shower of miscellany, compact, lipstick, money, all kinds of keys but the one she sought.

Finally Azalea found the key, and waved it aloft in triumph; and Nadine drove away laughing.

A few moments later she noted that Azalea had left her gloves on the seat—as usual. It was too far to back up, so she drove round the block.

As she reached the house again, she saw Azalea running down the steps in a frenzy and crying.

"My father! He's dead! He's killed! He's lying there—murdered!"

NADINE leaped from the car, caught Azalea by the arm and

est division station. Hold on! A click. Another voice. Nadine repeated the message. The new voice said: "Someone will be there right away. Don't touch anything or move anything!"

Click. The two girls stood and stared at the dreadful object on the floor, the machinery of the police shot into high gear. First, the voice called the number of one of the many, many radio cars cruising everywhere about the city like a flock of hovering birds, and gave the word to go at once to the address Nadine had given, adding the words, "Homicide. Await detail from downtown."

In car 59, officers Bill Cloyd and Tom Dorton were loading along and talking over the police scanner, seething like lava in a subterranean pit and boiling toward the eruption and upheaval that would soon blow the top off the cone and hurl many a prominent big boy into livid notoriety followed by a thud and obscurity.

The two men like most of the force, were honest, brave and good soldiers for the public peace and security. But they could neither fail to recognize nor escape the curse of ugly souls who used the uniform or the badge for foul purposes.

Suddenly their number "59" broke through the incessant surlike murmur of the radio voice. They perked up their ears and, while Cloyd made a note of the address, Dorton stepped up the speed and threw in the siren.

Here are some comparisons in surplus food costs: In a Washington suburb one school is using free surplus butter to cook with, while the price in the grocery is 77 cents a pound. Surplus potatoes are being sold by the government at one cent per 100 pounds, while selling at retail 10 pounds for 45 cents.

Surplus dried eggs are given away to any credited welfare agency which will haul them away in 150-pound barrels or the equivalent of 450 dozen eggs. Eggs are selling in Washington stores at 47 cents a dozen.

Radioactive Congressman Able Congressman Henry M. Jackson of Washington had a

nerve-racking experience recently when he visited the Hanford, Wash., atomic energy plant. As he left the project, Jackson was placed in front of a machine for a routine examination to determine whether he had picked up any radiation poisoning during his visit. Jackson's left hand showed no reaction, but when he placed his right hand under the machine the radioactivity counter skyrocketed. Security officials, immediately fearful, were ready to rush the congressman to the hospital for blood plasma as the only treatment known for radiation poisoning. But when he stripped to the waist, they heaved a sigh of relief. What had set the radioactivity counter off so violently was only the radium dial on Jackson's watch.

Capital News Capsules Getting tough with Nazis—Inside story on American High Commissioner McClary's tough-talking speech to the Germans is that Secretary Acheson called him for being too manly-pamby with the Germans, insisted that he make a public statement saying the United States was aware of the threat of revived Nazism. McClary wasn't enthusiastic but consented to have the State Department write his speech, which incidentally is considered the best thing the United States has done in Germany since the war ended.

Air competition—Two small, unscheduled airlines have offered to fly the mails for one dollar a year—to prove that government subsidies aren't necessary. Golden North Airways and Air Transport Associates claim they can fly the Alaskan run for the Post Office and still make enough money from commercial freight to give the government free service. This would save the taxpayers more than \$7,000,000 a year.

Water Meet Series Scheduled in WT

WASHINGTON—(AP)—Reclamation Bureau officials announced Monday a series of public meetings will be held in West Texas in March to discuss proposed dams in that area.

The schedule for the meetings: Abilene, March 7; Big Spring, March 8; Eastland, March 7, and Stamford, March 13.

Harry Burling, the Reclamation Bureau's area planning engineer with headquarters at Austin, will conduct the hearings.

The cities of Odessa and Snyder are to join in the Big Spring conference along with officials of the Upper Colorado River Authority.

Cisco, De Leon and Ranger are to participate in the Eastland meeting. Representatives of Haskell, Seymour, Hamlin and towns in the Bob Baskin Dam Association are to take part in the Stamford conference.

Outline Survey
Results of a tentative survey of the region by Reclamation Bureau engineers will be outlined at each of the meetings.

Plans for the water conservations talks were disclosed at a conference Monday at the capitol.

Texas Senator Lyndon B. Johnson and Representatives Mahon, Burleson, Fisher and Lytle, all Democrats, reviewed the matter with Assistant Reclamation Commissioner Wesley A. Nelson, Rex Reed, head of the regional planning engineer with the bureau headquartered at Amarillo, and Burling.

The tentatively proposed dams, Nelson told the legislators, include the following sites: On the Clear Fork of the Brazos River, 18 miles northwest of Abilene; just below Robert Lee, on the Colorado River; and on the Nueces River near the town of Three Rivers.

Post Office Clerks Plan Meeting Here

Members of the West Texas District of the National Federation of Post Office Clerks will meet March 11 in the Crystal Ballroom of Hotel Scharbauer, according to Ralph Stubbfield, Midland, district representative of the federation. J. Cline House of Oklahoma City, first vice president of the federation, is to be principal speaker.

The meeting of the Midland Local of the group, is expected to draw more than 150 members from the West Texas District, which extends from Coahoma and Sanderson west to El Paso.

Registrations will be taken at 4 p. m., and the dinner is scheduled at 7:30 p. m. Delbert Downing, manager of the Midland Chamber of Commerce, will be master of ceremonies.

Jack P. Campbell of Plainview, president of the Texas State Federation, will be on the program.

Boy Scout Camp To Open May 29

Summer camp dates for Boy Scouts of the Buffalo Trail Council were announced Tuesday by Dr. P. T. Quast of Sweetwater, chairman of the Council Activities Committee.

The first of eight one-week camps will open May 29 at the 6,000-acre Buffalo Trail Scout ranch in the Davis Mountains. During the eight week period, 1,000 Scouts will have an opportunity to attend the camp.

The camp is designed to accommodate 125 boys at each period. Joe V. Niedermayer of Pecos, Scout field executive, will be camp director. He will be assisted by other members of the professional staff.

Cost of the camp is \$12 per boy. Of this amount, one dollar must be paid at the time of registration.

Judgment Sustains Special Exception

Judgment sustaining the defendant's special exception and dismissing the cause was entered by Judge Paul Moss in a 70th District Court civil case Monday afternoon.

The case being tried was Clarence Norsworthy, Jr. vs. J. M. Hewgley, Jr., specific performance of contract.

The plaintiff excepted to the judgment and gave notice of appeal to the Court of Civil Appeals, El Paso.

The defendant's cross-action against Norsworthy and Jay Simmons also was dismissed without prejudice and at the defendant's cost.

DADDY RINGTAIL

By WESLEY DAVIS

Daddy Ringtail And The Shagganappy

Daddy Ringtail stood down on the Elephant Path, talking with an old friend he hadn't seen in a long, long time. The friend's name was Shagganappy. His own little boy was with him, but it had been such a long time since Daddy Ringtail had seen Shagganappy. Daddy Ringtail had never seen Shagganappy's little boy at all.

"Happy day there, Shagganappy!" Daddy Ringtail said. "I don't believe I remember your name," Shagganappy said. "I never was good at remembering things."

"I'm Daddy Ringtail," Daddy Ringtail told him. "That's a fine-looking boy you've got there." Shagganappy looked around him. "Oh yes," he said, "the boy. I had quite forgotten I had him with me."

Daddy Ringtail laughed. "Why Shagganappy!" he said. "You don't remember things any better than you used to!" "Yes, Shagganappy," Shagganappy said. "I don't remember very well at all."

"But my name is not 'Shagganappy,'" Daddy Ringtail reminded him. "Shagganappy is your name." "Oh yes," said Shagganappy. "Shagganappy is my name, and we are friends, and why don't we talk about old times of fun together?" "Well, Daddy Ringtail wanted to do it, but there couldn't be much talking about old times of fun together, because Shagganappy didn't re-

member the old times. "I'm sorry," he said, "but I don't remember." While Shagganappy was trying to remember, Daddy Ringtail noticed that a string was tied around each of Shagganappy's fingers. "What are those strings on your fingers for?" Daddy Ringtail had to ask. "Well, let's see now," said the Shagganappy. "Let's see if I can remember." The Shagganappy

thought and thought. What were the strings on his fingers for? "I remember! I remember!" said Shagganappy at last. "The strings on my fingers are for me to remember that I mustn't forget a

George W. Robnett To Address Lions Club Wednesday

George Washington Robnett of Chicago, Ill., executive secretary of the National League of the Church League of America, will be the guest speaker at the meeting of the Midland Lions Club Wednesday noon in Hotel Schaefer. He will be introduced by John B. Mills, program chairman.

"The Trend to the Left in Education" or "How Far Has Communism Crept into Education?" will be the subject of Robnett's address. Members of other service clubs and other interested persons are invited to attend the luncheon. Robnett is well-known in business and advertising circles of the nation. For many years he has carried on special study and research concerning the forces and processes which reflect trends and changes in American society. He is said to be one of the nation's six best informed authorities on organized radicalism and communism. A capacity attendance is expected at the Wednesday meeting.

Last Rites Held For Valley's Bill Shafer

MISSION, TEXAS.—(P)—The Valley's Bill Shafer was interred Monday. The 74-year-old pioneer figure and hero of Cleo Dawson's novel, "She Came to the Valley," died Sunday night. William Shafer came to the Lower Valley by way of El Paso in 1900. At various times he was a deputy sheriff, Texas Ranger and general guardian of the peace here. Shafer was characterized as Bill Lester in Miss Dawson's novel. When she returned here in 1945 after the novel's publication, Shafer shared honors with her at a reception.

The Coffee Cup is equipped with 12 Brunswick alleys, four of which are devoted to open play, making it possible to take care of non-league players during all hours the establishment is open. Other equipment includes 12 semi-automatic pinsetting machines, 12 electric-eye fouling devices and two shuffleboards. Rest rooms and lockers are other facilities added for the bowler's convenience. Plenty of parking space is available near the Plamor Lanes, especially at night when play is heaviest. For an afternoon or evening of wholesome recreation, you are invited to visit Plamor Lanes.

Economy Supply Company Serves Large Territory

All types of plumbing supplies and fixtures are obtainable by wholesale customers at Economy Supply Company, located on the old West Highway 80.

The firm also sells wholesale to heating contractors and has a full line of equipment. Other equipment featured by Economy Supply Company is copper pipe for drainage and water systems. Cast iron pipe and fixtures also are available, as well as complete septic tanks. National cast iron plumbing fixtures are stocked by the firm, in addition to Abingdon commodes and bowls. Steel pipes and fittings are other items. Lawson water heaters and John Zink floor furnaces are handled by Economy.

Tudor Is Manager
Kenneth Tudor is manager of the firm and he also covers a wide territory around Midland. His sales territory extends from Sweetwater to Pecos along U. S. Highway 80, as well as the areas around Big Lake, Barnhart and San Angelo to the south and Andrews and Seminole to the north.

The firm was established here on June 1, 1948, by John Fogarty of Fort Worth. Other Economy Supply Company outlets are located at Fort Worth, Lubbock, Houston and Bryan.

Tudor said he is grateful for the patronage the firm is enjoying and sees even greater possibilities for this area in the years ahead. Plumbing and heating contractors are invited to get estimates on

Esco products. The telephone number is 3501. The firm has its own trucks to the warehouse here which makes it possible to keep its stocks replenished with the least possible delay.

Schoolboy Cage Quints Carry Outstanding Records Into State Championship Tourney

The 24 teams that will vie for three state high school basketball championships at Austin Thursday, Friday and Saturday carry some fancy records to the tournament. Cayuga, for instance, goes into the Class B meet with a record of 47 victories and no defeats. Waelder is in the same class and has won 40 and lost only one. Play in the three-day court carnival starts at 8:45 a.m. Thursday. Class A and B teams see action the first day, with Class AA teams opening Friday. Corpus Christi's 31 victories and four defeats is the most impressive record among the eight in the Class AA tournament. Defending Champion Texas City, back to try for a second straight crown, has won 22 and lost five. Tops of Class A teams is Birdville of Fort Worth with 29 wins and three defeats.

City Cagers Post Top-Heavy Scores

The Ted Thompson quintet and Watkins Mobil made a rout of the City Cage League games here Monday night. Watkins racked the Mid-West Lumber outfit by a 70 to 48 score and Ted's Terrors came along in the finale to give the VFW a 65 to 12 whipping, the worst of the season in league play.

Roy Price, Watkins Mobil's high scoring boy, went all out in leading his team to victory. He banked 28 points to jump far into the lead as individual scorer in the league. Roy was followed closely by Walden who meshed 18 points and by his brother, Howard Price, who counted 16.

Mid-West made its tilt a battle until the half. The first quarter score was 15-15 and the halftime count was 29-23, favoring Mobil. From there on it was Mobil with a capital M.

The score in the Ted Thompson VFW tilt tells the story. When Ted's Terrors scored 16 points, enough to win in the first period and coasted from there. The half found the Thompsonmen in the lead 21 to 6.

Wiles was high scorer with 18 points for the Teds. Copper Daugherty had 13 points. The box scores: Watkins Mobil (70) FG FT F P Walden 8 2 1 28 Price, R. 7 2 1 28 Walden 8 2 3 18 Watkins 3 0 3 6 Price, H. 8 0 16 Childress 1 0 2

Three Cage Teams May Try For Both NCAA, National

NEW YORK —(AP)—Three teams—Bradley, Kentucky and Duquesne—may shoot for a "grand slam" by playing in both the National Invitation and NCAA basketball tournaments.

The three, through spokesmen have indicated they would be receptive to double bids. At the same time Asa Bushnell, who occupies an important role in both tournaments, said there would be no official objection.

Bradley, the nation's No. 1 team, and Duquesne ranked fifth, along with St. John's of Brooklyn, were tapped Monday to play in the invitation, opening at Madison Square Garden March 11.

Bradley's Braves, boasting a sudy 26-3 record, are an outstanding candidate to represent District 5 in the NCAA eliminations, beginning March 23.

Duquesne looks like a solid bet for the District 2 nod in the NCAA. There is no conflict in dates. The invitation, a 12-team elimination, is scheduled March 11, 13, 14, 16, 18. The Eastern NCAA playoffs will be staged at the Garden March 23, 25 with the Western playoffs at Kansas City March 24-26. The final is set for the Garden March 28.

Eight teams, one from each of eight national districts, will compete in the NCAA. Bradley defeated Tulsa 57-56 Monday night to clinch the Missouri Valley Conference title. Ohio State closed out its regular campaign by beating Michigan 69-58. It was the Buckeye's eleventh victory in the Big-Ten against one defeat.

Wisconsin clinched second in the standings by licking Northwestern 67-53 while Indiana topped Illinois 80-66. Kansas State stayed in the Big Seven Conference title race by humbling Colorado 74-49. In other games, Hardin-Simmons trounced Arizona 57-53, and New York University edged Notre Dame 66-63.

The word mausoleum is derived from the name of King Mausos, who built a lavish tomb in ancient Caria, in southwest Turkey.

Track Drills Stepped Up

The Midland High track squad set a fast pace in track and field events at Memorial Stadium Monday afternoon but the real work is to come.

Candidates in each event got down to business for a short time in Monday's drills. However, much time was taken up fitting the boys with spiked shoes. Tuesday was marked by coaches as the day when business would pick up.

Larry Friday showed his stuff in running a 62-second, 440 dash and Al Scoggins was uncovered as a possible threat in the event. Scoggins set the pace until the last turn where he had hard luck and faltered. He may be the leading 440 candidate in a few days.

Leo Hatfield appears to be the best hurdle prospect outside of Harrie Smith. Hatfield worked on form Monday and is learning to get low as he goes over the barriers. Smith, who has been slowed by a recent illness, took several laps with an eye on getting in shape. He is a letterman from last season.

Dan Black, Stan Coker, Roy Kinsey, Ralph Brooks, W. H. Black, Dalton Byerley and several others have set themselves for certain events and are moving toward perfection in them. Coach Garvin Beauchamp gave his pitchers and catchers a lengthy session Monday and topped it off with some fly chasing for the entire baseball squad. Conditioning drills still are in progress and diamond workouts won't start in earnest until next week.

Honors Come In Bunches To Bradley Cage Quintet

NEW YORK —(AP)—No. 1 in the weekly Associated Press basketball poll for the second straight week . . . Missouri Valley Conference champion . . . a bid to the National Invitation Tournament next month . . . that's Bradley University.

All three honors came to the quintet from Peoria, Ill., Monday. First the invitation to participate in the big post-season extravaganza, then the top-rating, and just to show nothing succeeds like success, a 57-36 triumph over Tula University to clinch the MVC title.

In the poll, Bradley, which now has won 26 games and lost three, was accorded first place on the ballots of 42 of the 148 sports writers and sportscasters in the next-to-last poll of the season. This was good for 1,214 points on the system which starts with 10 for first, nine for second and so on.

Crusaders Drop To Third In second place was the Western Conference champion, Old Dominion, and in third was Holy Cross, the sole remaining major unbeatn team in the country. Roundout on the first five were Kentucky, with a record of 22-4, fourth, and Duquesne, 22-1, fifth.

But the three leaders were the only ones able to draw more than 1,000 points. Ohio State, which sports a 19-3 record for the season's work, collected only 10 first place votes, but it was heavy in seconds and thirds and piled up 1,128 points.

Holy Cross, unbeaten in 24 starts, garnered 36 first place votes and enough seconds and thirds to total 1,041.

Duquesne and St. John's, both of which joined Bradley in accepting invitations to the National Invitation Tourney scheduled for Madison Square Garden in March, dropped from their spots of last week.

St. John's (22-1) was fourth a week ago, while St. John's (21-4) plummeted all the way from sixth to one.

Only one team dropped out of the first 10. That was Long Island University (18-4), which skidded from tenth to fourteenth. Its place was taken by La Salle, (18-3) which bypassed St. John's to move into ninth place.

Arizona of the Border Conference was the only Southwestern team to be ranked in the first 20. The Wildcats were ranked fifteenth with 116 votes. Arizona had a 24-3 won-lost record.

Texans Tab Four Wins At Chicago

CHICAGO —(AP)—Johnny O'Glee, a wild swinging Irishman, and little Pat McCarthy smashed aside two foes each Monday night to give the Texas Golden Gloves team four victories on the opening night of the Tournament of Champions.

O'Glee, North Texas State College boxer who went to the Texas state meet representing Dallas, defeated William Sims, Detroit, negro, and Howard Marshall of St. Louis in the lightweight division.

McCarthy, Amarillo flyweight, scored a first round technical knock-out over Eddie Hooks of Cincinnati and then defeated Alvin Higgins of Springfield, Ohio.

Alfred Flores, Bryan, lost a featherweight scrap to Donald Wade, Columbus, Ohio, negro, and Tony Marriano, San Antonio, was outpointed by Spurgeon Ballard, Detroit, negro, in a bantamweight bout.

O'Glee, twice lightweight champion for Texas, had a stubborn fight with Sims, and used straight punching to oust Marshall in a rough-and-tumble scrap.

Hooks slipped under a rugged attack by McCarthy and reentered a knee. He was unable to continue. The little Texan kept Higgins on the defensive throughout the three rounds of his second fight of the night.

Other Texans will see action in heavier weights later in the meet. HENDERSON QUITS RING LUBBOCK —(AP)—Bill Henderson, Texas' third ranking lightweight boxer, has decided to quit the ring to concentrate on his studies at Texas Tech College here.

Southwestern Loop Cage Race May End With Co-Champions

By The Associated Press The guessing game on Southwest Conference basketball ends Tuesday night with the jackpot question only half-answered.

Southern Methodist and Baylor square off at Waco with the winner assured a share of the championship. If Arkansas fails to beat Texas Christian at Fort Worth, the victor will get a clear title.

Texas and Texas A&M round out the final night's play, but the only thing involved here is an ancient and honorable rivalry. All season long it has been a matter of guessing as to which team will lead the race after every night's play. Sometimes the answer has been multiple. Like the present status of the standings.

Arkansas is favored to thump Texas Christian and give the conference co-champions. That will leave a question for the NCAA's District Six selection committee. This group will have to decide if a playoff with the Border Conference champion is to be held, and if so, if any other team will be invited to compete.

Tuesday night's Southwest Conference games not only will decide the championship, but also the leading scorer. Joe McDermott of Rice leads Tom Hamilton of Texas in season scoring, 350 points to 345. Hamilton leads McDermott in conference scoring, 185 points to 172.

Gags, Gimmicks Flood Jittery City In Leopard Hunt

By SAUL FELDMAN OKLAHOMA CITY — This town afraid of leopards? Since the India leopard jumped out of the pit at the zoo Saturday this town has been filled with spotted gags and gimmicks.

Ladies stores dug into their old stocks to display leopard coats and weskits, and advertised: "To be in style try a leopard skin."

An enterprising restaurant owner found some velvet cloth marked like a leopard and put patches on his menus.

Oklahoma is constitutionally dry but those who like a little nip concocted a new drink more potent than a zombie. They called it a leopard because "One drink and you see spots."

Gags? There have been a million of them, and even Milton Berle wouldn't stoop to steal them. There was the guy who ran into a room yelling: "The leopard's spotted!"

"They even tied the leopard escape up with current events: "You know that leopard has just signed up with John L. Lewis. He refused to go back to the pit."

U. S. Dares Soviet Union To Hold Free All-German Elections

FRANKFURT, GERMANY—(AP)—The United States challenged Russia Tuesday to hold elections throughout all Germany, possibly October 15, on the basis of free balloting.

October 15 is the date the Russians have set for an election in the Soviet-sponsored East German People's Republic. The proposal was made by the U. S. high commissioner, John J. McCloy. But he indicated the United States would take no initiative in organizing such an election.

Fire Breaks Out In Baseman Of House Of Commons

LONDON—(AP)—Fire broke out in the basement of the House of Commons Tuesday. It was put out in 10 minutes, but a pungent smell of smoke will hang over the first session of the newly elected Parliament Wednesday.

Five brigades of firemen summoned by police to the historic building soon had the fire under control. When they arrived, excited members of Parliament already were in the basement trying to help workers fight the blaze.

Outside of the great clouds of smoke which left their heavy smell everywhere, there was little damage. The smoke rendered the ancient lobbies unbearably hot, and the tiles were hot to the touch.

There was no indication, however, that Wednesday's scheduled session of Parliament would be put off.

Husband— (Continued From Page One) allegedly injected the air into her veins.

Chief Defense Counsel Louis E. Wyman, a 71-year-old, white-haired lawyer with almost a half-century of legal experience behind him, introduced a statement signed by Miss Rose quoting her as saying: "I am certain Mrs. Borroto was dead before Dr. Sander entered the room. She was cold and clammy. She had death pallor. She was not breathing."

"Dr. Sander did not kill her because she was dead when this injection was made."

Under re-direct examination by Attorney General William L. Phillips, Miss Rose testified the statement she gave to defense counsel was not in her own words. To the best of her knowledge, the facts were as she outlined them as a state witness, she insisted.

On the daily pumping potential, the No. 1-8 Smith Ranch produced for 88.11 barrels of 28-gravity oil, 16.75 per cent water.

Gas-oil ratio was 171-1. Pay was topped at 5,002 feet, and total depth is 5,061 feet. A five and one-half inch oil string was set at 5,002 feet.

East Of Pumper This new producer is a one location east offset to Williams and Parham, both of Midland, No. 1 C. R. Starnes, which is a pumping producer and three-quarters mile south extension to the west portion of the Levalland field.

Howard Project Has Slight Deep Shows

Slight shows of gas were developed on a drillstem test in the Mississippi at Stanolind Oil & Gas Company No. 1 Hutto, a Central Howard County well.

The venture, four miles west of the Levalland, Howard pool, and 660 feet from south and west lines of section 4, block 31, T-1-S, T&P survey, is slated to go to the Ellenburger at an estimated depth of 9,000 feet.

Deep Zone Has Salt Water In Tom Green In Central — West Tom Green County, nine miles southwest of San Angelo, Cities Serv. Co. No. 1 Washington County School Land Fee has taken two drillstem tests in the Ellenburger, with no shows.

This well topped the Ellenburger at 6,349 feet, at a datum of minus 4,439 feet.

On the latest drillstem test at 6,411-78 feet, recovery in three hours was 210 feet of drilling mud, 180 feet of mud-cut sulphur water, and 247 feet of salty sulphur water.

The venture is now shut down waiting on orders. Location is 1 1/2 miles north and 5,490 feet from west lines of league 106, Washington County School Land Fee.

Five Wells Finaled In Scurry Oil Pools In most recent reports, the Canyon reef pools of Scurry County have been tapped by five newly completed oil wells.

Of the additional producers, three are in the Kelley pool, and two are in the North Snyder.

Skelly Oil Company has completed two wells in the Kelley field. Both are in section 15, block 1, J. P. Smith survey. Skelly No. 1, W. Smith, is a 4 1/2 inch natural flowing potential of 346.5 barrels of 45.1-gravity oil, and no water.

Production flowed through a one-inch choke, and gas-oil ratio was 975-1. Pay was topped at 6,695 feet, and total depth is 6,809 feet. A five and one-half inch oil string was set at 6,694 feet.

Location of the No. 1 Smith is 497 feet from north and west lines of the lease in section 15. On Same Lease Skelly No. 2 Smith rated a daily potential of 215.88 barrels of 44.3-gravity oil, and no water.

'Copter For Cold-Weather Rescues

This is an artist's conception of the first Air Force helicopter designed especially for use in Arctic rescue operations, the Piasecki H-21. Big as an airliner, the craft will be able to land on snow, ice, water, tundra or marshlands. A hydraulic swivel hoist enables it to haul in litter cases and make other pickups at spots where landing is impossible. For emergency purposes, the H-21 can carry 27 passengers and two crewmen.

And That's Just What Sam Did

DALLAS —(AP)— Sam Kirk, 49, can tell you exactly what he would do if an atomic bomb hit. He would jump out of bed, smash a window screen, climb to the roof, and then jump off.

That's exactly what happened Monday night when he dreamed of an atom bomb attack. Now Kirk is in a hospital, recovering from his dream, a shattered elbow and bruised hip.

Shivers Proclaims April 1-8 Texas Industrial Week

AUSTIN —(AP)— Gov. Allan Shivers Tuesday proclaimed April 1-8 as Texas Industrial Week "in recognition of our rapid manufacturing and commercial growth."

"The future economic welfare of Texas depends upon a continuance of this industrial growth and development," the governor said, "which can only be enjoyed if the public in general and the state government in particular maintain an attitude of encouragement toward those who risk their capital to find more new ventures, thus providing more jobs, more markets, and consequently improving our standard of living."

Eight directors of the Texas Manufacturers Association met in the governor's office Tuesday to receive the proclamation. They were: Robert E. Clements, Amarillo, president; Ed C. Burris, Houston, executive vice president; O. K. Black, San Antonio, regional vice president; Hugh Burdette of Pampa, regional vice president; H. P. McKenna, New Braunfels, director; T. J. Butler, Austin, director; W. J. Johnson, Austin, director; and Harry Pickoff, Taylor, director.

The TMA, in a statement, commended Governor Shivers for his understanding of industrial problems and noted that the state, as a consequence, its taxes.

Crude Oil Output Reaches 1950 Peak

TULSA, OKLA.—(AP)—The country's crude oil production hit its 1950 peak during the week ended February 25, averaging 4,919,350 barrels daily. The Oil and Gas Journal reported Tuesday.

It was an increase in the daily average of 5,875 barrels. Backing up a good black crude market Wyoming showed the greatest gain—up 5,900 barrels to 141,000 barrels.

Other top gainers were Illinois, up 2,300 barrels to 183,200, and Kansas, up 1,850 to 287,600. Texas production was unchanged at 1,918,500 barrels.

Murder Charged Pair In Hit-Run Death Of Aged Mexia Couple

GROESBECK, TEXAS.—(AP)—Ray Medlen, 26, of Wortham and Lester Sawyer, 21, of Streetman have been charged with murder in the hit-run deaths early Sunday of an aged Mexia couple.

The charge was filed Monday. Both waived examining trial and were held in the Limestone County jail in lieu of \$10,000 bond each. Mr. and Mrs. J. P. Gates were killed by an automobile as they walked home from a tour of Mexia night spots about 12:15 a.m. Sunday. Officers said Sawyer was a passenger in Medlen's pickup truck.

Committee Guides Baptist Building Program

Members of the Steering Committee of the First Baptist Church's building program, left to right, are: Frank Cowden, C. G. Murray, Roy Stockard, vice chairman, Mrs. Clyde Cowden, Mrs. J. E. McCain, L. E. Patterson, Jr., and T. Paul Barron, chairman. The committee will make final decisions pertaining to the proposed new building, except on major issues which will be decided by the congregation in conference.

Senate Cuts Down Cotton Acres, Asks Quotas On Potatoes

WASHINGTON.—(AP)—Potato growers may have to cut down on production next year or do without government price supports. Before passing a House-approved farm bill Monday, the Senate lacked on several amendments. One of which would cut off all price supports for spuds in 1951 unless rigid marketing quotas are set up. Less restrictive production controls are in order for 1950.

The Senate also directed the Department of Agriculture to sell at cost the whopping pile of surplus potatoes it has collected in the current price support program. The department already has started selling potatoes back to farmers at one cent a hundred pounds provided they are used as stock feed or fertilizer.

Before approving the amended farm bill by a vote of 53 to 24, the Senate pared back some of the acreage increases voted by the House for cotton and peanuts, and relaxed acreage controls on wheat. Because of the Senate amendments, the measure now goes back to the House. House Not Satisfied

Chairman Cooley (D-NC) of the House Agriculture Committee indicated House members would seek to restore at least part of the House-approved cotton and peanut acreage increases.

As passed by the House, the bill would increase the 21,000,000 cotton acreage authorized by the 1945 farm law by 1,400,000 to 22,400,000 acres to take care of "inequities."

The Senate trimmed this down to an increase of 600,000 to 190,000 acres. Sponsors said this actually would not substantially increase the 21,000,000 acres now authorized, because many of those acres would not be planted to cotton.

Estimates varied on the number of additional acres the Senate's wheat amendment would provide for.

Modern Yeggs Use Floater System

HOUSTON.—(AP)—Several thousand dollars were taken in a safe burglary at the Mading Drug Store warehouse here Monday night.

The burglars burned a hole in the top of the safe, filled it with water, and fished out the currency when it floated to the top.

White House Writer Identifies Himself As McCarthy's Communist Ring Case No. 9

WASHINGTON.—(AP)—David Dearest Lloyd, a White House aide since 1948, confirmed a story in The Washington Post Tuesday that he has identified himself as "Case No. 9" in the list of 81 persons Senator McCarthy (R-Wis) wants investigated.

Rail Board Okays Unitization Pact In Crockett Field

AUSTIN.—(AP)—The Railroad Commission Monday approved the first oil unitization agreement entered into since enactment of an act legalizing such agreements last year. Endorsed was the operating and unitization agreement between Continental Oil Company and persons with operating, working, or royalty interests in the Todd Deep (Criminodal) field, Crockett County.

Names of two royalty owners who could not be located when hearing on the matter was held last Fall were left out of the agreement. Approving the agreement, the commission held that the proposed operation is "the best means of recovery of additional oil and gas as such recovery could not be produced by individual operators as other available or existing methods or facilities for such recovery in said area or field are inadequate for such purposes."

Evidence taken by the commission indicated reservoir pressure can be kept above the bubble point until 1956 by injection of approximately 5,000 barrels of water daily. Company engineers said this would mean recovery of an extra 6,000,000 barrels of oil.

Monroe Is Program Participant At Educators' Meet

NEW YORK.—Frank Monroe, superintendent of schools, Midland, Texas, will participate in the program at the seventy-sixth annual convention of the American Association of School Administrators, which opened Monday in Atlantic City, N. J.

Monroe was to serve as an interrogator at a session Tuesday afternoon when "Improving Practices in Driving Education" will be discussed following presentation of the topic by Herbert J. Stack of New York University.

State Will Ask Death For Adair In Assault Case

DALLAS.—(AP)—Fred Felix Adair, charged with the rape of three women and on three burglary counts, is expected to testify at his trial on one of the charges.

The 25-year-old former payroll clerk is being tried on one charge—assaulting a Vickery housewife at her home February 10, 1949, while her two small children looked on. District Attorney Will Wilson said he would demand the death penalty.

Attorney Harvey Lindsay, one of Adair's attorneys, revealed Adair's intentions to testify in questioning of prospective jurors Monday, when the trial opened.

Truman, Churchill Among Nominees For Nobel Peace Prize

OSLO, NORWAY.—(AP)—President Truman and Winston Churchill were among the 28 persons nominated for the 1950 Nobel Peace Prize Monday night. Six institutions also were named as candidates.

The names—submitted by various governments, university heads, international organizations and recipients of previous Nobel prizes—will be studied by a committee which normally announces the winners in the fall.

Among the institutions named were the United Nations International Children's Emergency Fund (UNICEF) and the World Movement for World Federal Government.

Several of the individuals nominated are exponents of the world federation idea. Others are philosophers and experts on international law.

Award Worth \$21,889
 Winner of the 1949 prize was Lord Boyd Orr, president of the Movement for World Federation and former head of the UN Food and Agriculture Organization. Under terms of the will of Alfred B. Nobel, Swedish inventor of dynamite who established the prize, he was given an award worth \$21,889.30.

Others nominated included Dr. Ralph Bunche, American negro diplomat who acted as UN mediator in peace negotiations between Jews and Arabs in Palestine; Jawaharlal Nehru, prime minister of India; George C. Marshall, former U. S. secretary of state; Herbert V. Evatt, former foreign minister of Australia and former president of the UN General Assembly; Othmar von Guericke, German philosopher, theologian, musician and medical missionary, and Robert Hutchins, chancellor of the University of Chicago.

Ma Goodwin, Night Club Legend, Dies

SAN ANGELO.—Mrs. L. C. (Ma) Goodwin, 75, a legend of West Texas night club life, died here at her residence Monday. She had suffered a heart condition about five months.

West Texans in all walks of life remembered her. They recalled her in a snap brim hat, her big form lodged firmly in an old rocker which sat conspicuously in front of the Tavern bar.

She had moved to San Angelo in 1908. She kept boarders until the oil boom of 1923 and then went into the blueprint business. Later she operated a restaurant.

Blue whale are about 25 feet long when born and may be 100 feet long when full grown.

Convicted Rapist Faces Second Trial

NEWTON, TEXAS.—(AP)—Paul LaFleur, 30, of Houston, convicted rapist of an Orange, Texas, teen-ager girl, was to go to trial Tuesday on charges of shooting and robbing her boy companion.

The case was transferred here from Orange County. LaFleur was sentenced to life on conviction of the rape charge.

How Much Can the World's Fastest Adding Machine Do in a Day?

THESE 1760 FEET OF TAPE represent just one 8-hour day's work for the world's fastest adding machine. The easy-to-use, all-electric Clary adds, subtracts, multiplies and divides at the rate of 188 operations a minute, as much as 48% faster than other adding machines. This means that one Clary has the work capacity of two ordinary adding machines. And not just for experts; only ten minutes' instruction teaches you the Clary's work-saving, one-touch operation. Here's why...

ONE TOUCH enters an entire item, eliminates 4 to 5 motions on every figure printed. Hand-span keyboard with extra add bar across bottom makes this possible. All control bars are motorized, no latches or levers.
POSITIVE PRINTING is Clary's speed secret. Instead of noisy, slow back-and-forth action of old machines, swift, silent wheels spin out answers in split-seconds. Try a Clary on your own work and see.
