

# Permian Basin OIL & GAS LOG

James C. Watson  
Oil Editor

## NW Kent Prospector Tests in Ellenburger

A lime in the Pennsylvanian was topped at the William Herbert Hunt trust estate No. 1 Girard Trust estate, Northwest Kent County wildcat at 6,790 feet. Elevation is 2,111 feet. The venture deepened to 6,816 feet and tried a drillstem test. The tool would not go to bottom. Operator has conditioned the hole and will attempt another drillstem test. Official report on the age of the lime encountered has not been released. This development is 660 feet from south and east lines of section 98, block 1, H&GN survey. It is 10 miles west of the town of Girard, and three miles south of the Dickens County line.

## Deep Zone Develops Shows in SW Kent

Slick-Moorman Oil Company No. 1 E. E. Wallace, Southwest Kent County wildcat has developed some shows of oil and gas in the top of the Ellenburger, and is to drill deeper. After calling the top of the Ellenburger at 7,588 feet, on an elevation of 2,183 feet, the project drilled to 7,623 feet and took a one hour drillstem test at 7,588-7,623 feet. There was a strong blow of air at the surface throughout the period. Recovery was 100 feet of heavily oil and gas cut drilling mud and 2,300 feet of free gas in the drill pipe. The venture drilled ahead to 7,698 feet and took a 70-minute drillstem test at 7,623-7,698 feet. There was an irregular blow of air during the test. Recovery was 275 feet of slightly oil and gas cut drilling mud. No Formation Water No formation water has been found in the section of the Ellenburger so far drilled. Location is 660 feet from south and east lines of the north half of section 28, block 5, H&GN survey. That makes it 15 miles southwest of Clairmont and three and one-half miles northeast of the Pecos-Ellenburger area. The oil and gas cut mud developed in the two drillstem tests in the Ellenburger are the best shows of possible production so far logged in the wildcat.

## Kent Wildcat Plugs Back To Test Strawn

Having developed a large quantity of sulphur water in the Ellenburger, Lewis T. Lohman of Dallas, and associates, No. 1 J. W. Young, Central-West Kent County wildcat, 11 miles west of Clairmont, is preparing to plug back from total depth of 7,895 feet, to about 7,500 feet, and set casing to test Strawn lime which developed oil and salt water on a drillstem test. This prospector topped the Ellenburger at 7,842 feet, on an elevation of 2,389 feet. It drilled to 7,895 feet and took a one hour drillstem test at 7,855-8,000 feet. There was a strong blow of air throughout the period. Recovery was 7,800 feet of sulphur water. There were no signs of oil or gas. Electric log surveys are to be run. Will Set Casing The project will then plug back to about 7,500 feet and casing will be set to test the Strawn at 7,350-8,000 feet. A drillstem test of that zone recovered 5,100 feet of clean 38.2 gravity oil and 270 feet of salt water. That was the best show for production encountered by this exploration. Location is 660 feet from north and west lines of the northwest quarter of the northwest quarter of section 98, block 1, H&GN survey. Most geologists think the section which showed the oil and water is in the Strawn lime.

## Deep Zone Extender To Pecos Valley Finalized

Sinclair Oil & Gas Company No. 1 Iowa Realty Trust has been completed as a one-location southeast extender to the Pecos Valley-Ellenburger field in North Pecos County. This new deep oil well is 669 feet from northwest and 2,007 feet from northeast lines of section 21, block 10, H&GN survey. It is bottomed at 8,100 feet in the Ellenburger. Casing is cemented on bottom. That pipe has been perforated at 8,055-8,075 feet. That interval has been treated with 1,500 gallons of acid. On the official completion test the well made 245 barrels of 43.9 gravity oil in 24 hours. The production was flowing through a one-half inch choke on tubing. Average gas volume was at the rate of 137,000 cubic feet per day. No formation water was developed.

## Mitchell Prospector Tests Strawn Lime

S. F. Harbut of Corpus Christi, and George P. Livermore Inc., of Lubbock, No. 2 Ellwood estate, Central - South Mitchell County prospector, 15 miles south of Colorado City, is bottomed at 7,184 feet in Strawn lime and is running a drillstem test at 7,187-84 feet. After topping the Strawn at 7,182 feet, on an elevation of 1,993 feet, this venture deepened to 7,184 feet and took a one hour drillstem test at 7,162-84 feet. There was an irregular blow of air during the period. Recovery was 1,650 feet of slightly oil cut drilling mud. There were no signs of formation water. Operators are now running the re-test at 7,167-84 feet. This exploration is 2,252 feet from south and 1,660 feet from west lines of section 23, block 13, J. P. (Continued On Page 12)

**WEATHER**  
Partly cloudy and colder Tuesday night. Lowest temperatures 23-32 in Panhandle and South Plains Tuesday night. Wednesday partly cloudy and colder. Maximum temperature Monday 81 degrees; minimum Tuesday 46 degrees.

# Jury Finds Judith Coplon Guilty

## Fireman Dies Of Burns In Prairie Blaze

The worst of four prairie fires which ravaged the Texas Panhandle during the night claimed the life of the Sunray, Texas, fire chief Tuesday. All the fires are out, leaving huge stretches of rich ranch and wheatland black and charred. The biggest fire, southeast of Dumas, burned itself out about 1:30 a.m. Tuesday. The other three—one near Canadian and two smaller ones near Amarillo—were put out Monday night.

## Churchill Goes To Bat With Labor

LONDON—(AP)—Winston Churchill, Tuesday offered the Labor government a chance to ease its precarious position in exchange for postponement of steel nationalization. In his first clash with Labor since the elections which almost wiped out the Socialist majority, Churchill put Prime Minister Attlee on the spot with a request for a definite pledge that Labor would not take over steel until a date "not later than nine months after the next general election."

## Flying Sand Recalls Memories Of 'Black Blizzards' Of 1930's

A double-barreled threat to farm-lands—fire and dust—plagued wide areas of the plains states Tuesday. High winds whipped up dust clouds Monday over thousands of acres of cropland. Visibility was cut to half a mile in some parts of Texas and New Mexico. A fireman was burned fatally in Texas. In Kansas, two traffic fatalities were blamed on dust clouds. At Garden City in western Kansas, visibility and sailing was reported at zero for a 30-minute period. The dust brought back memories of the "black blizzards" of the 1930's because it started blowing so early in the year. However, it is not anywhere near as severe as in 1935 and 1936, when dust storms destroyed thousands of acres of rich cropland and ruined countless farmers. Monday's high winds sent prairie fires whipping across parts of Texas, Kansas and Nebraska. Monday's dust clouds delayed some air traffic and slowed travel on highways. In northeastern New Mexico winds reached 88 miles an hour. At Salina, Kan., severe blowing of wheat and other crops was reported. C. W. Pence, county agent, said: "Unless we get rain, this is just the beginning."

## Chilly Temperature Accompanies Wind

Chilly breezes greeted Midlanders Tuesday morning but the winds failed to kick up the sand which harassed residents Monday. The CAA Weather Station at Terminal reported the strongest wind, with a 32-mile velocity, was recorded at 2 p.m. Monday. The wind velocity at 2:29 a.m. Tuesday was 20 miles per hour. The forecast for Tuesday night and Wednesday is partly cloudy and colder.

## LATE NEWS FLASHES

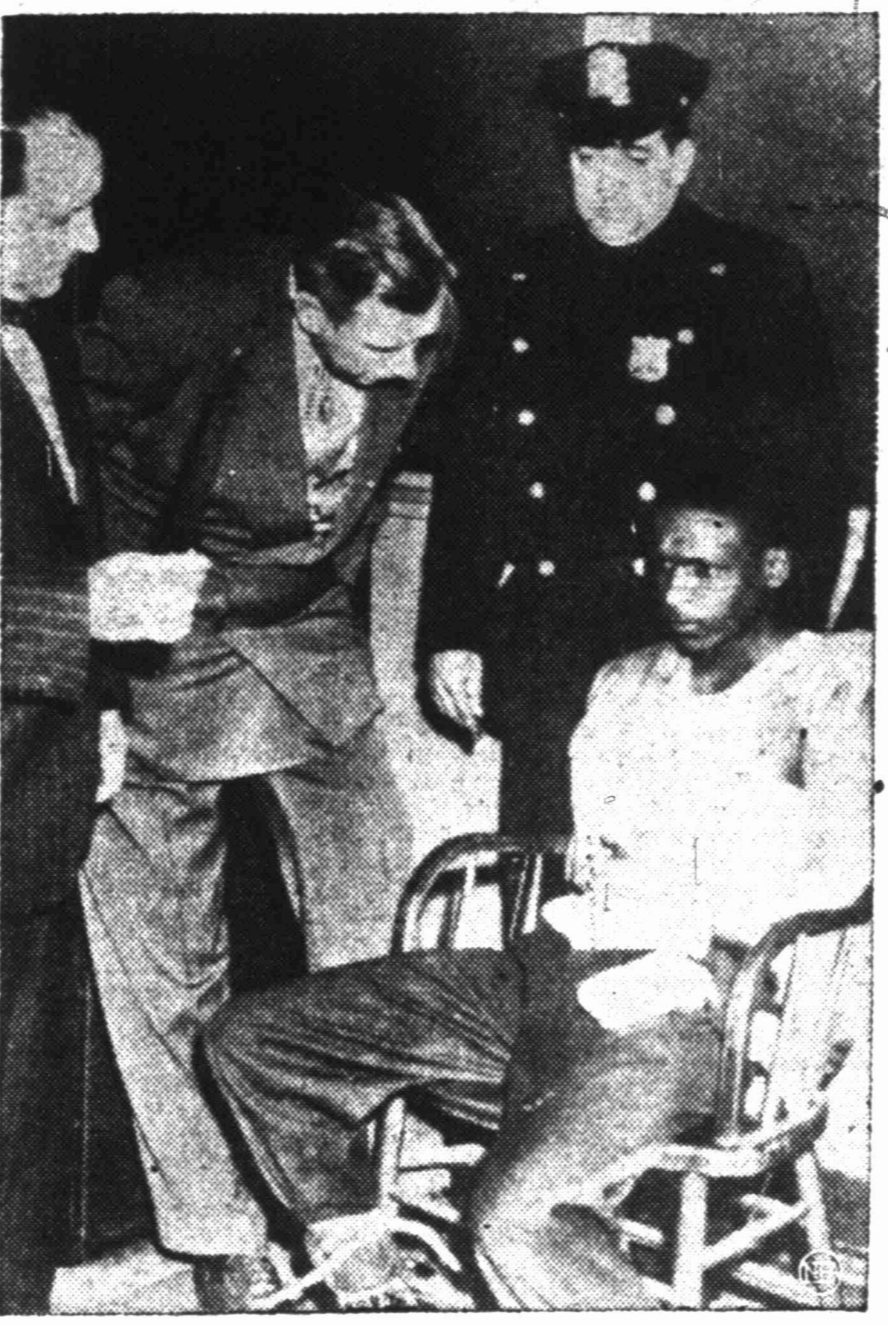

**DALLAS**—(AP)—City Health Officer J. W. Bass announced Tuesday that more than 4,000 pounds of horsemeat, sold as expensive "beef tenders," has been confiscated by federal and city officials in Dallas.

**LONDON**—(AP)—Britain's deputy prime minister, Herbert Morrison, late Tuesday rejected Winston Churchill's proposal for a compromise on nationalization of the steel industry, indicating Labor would prefer to face a running battle in the House of Commons.

**TAIPEI, FORMOSA**—(AP)—Approximately 1,000 Chinese Communist troops have landed on the big Nationalist island of Hainan and fighting is in progress, reports from there said Tuesday.

**STOCKHOLM, SWEDEN**—(AP)—Sweden accused Russia Tuesday of seizing Swedish fishing ships in the Baltic far beyond warranted limits for territorial waters, and said Stockholm took an "extremely serious view" of the incidents.

## Subdued After Bloody Rampage

A detective, left, holds the murder knife as another suspect, Jones, negro, lashed to a chair in a New York police station. Jones went on a bloody rampage on a crowded Brooklyn street, killing four persons and wounding three before he was captured.

## Holloway Shows Two Champions; Auction Underway

Jimmy Holloway, Stanton 4-H Club member, set a new record in the ninth annual Midland Livestock Show Monday afternoon by exhibiting both the grand champion milk fed and the champion dry lot calf entries in district judging.

## Red Cross Drive Tops \$5,000 Mark

Returns in the Midland County American Red Cross fund drive Tuesday totaled \$5,976, officials announced following a report meeting of team captains and workers at 9 a.m. in Hotel Scharbauer. The goal is \$15,000. The campaign, meanwhile, continued in full swing, with workers determined to meet the county's quota by the end of the week.

## Sheriff's Posse Will Incorporate

Members of the Midland Sheriff's Posse voted to incorporate their organization at a special business meeting held in the county courtroom of the Midland County Court-house Monday night. Captain Carl Boykin presided at the meeting. A building committee was named to start immediate plans for the construction of barns and corrals at the Midland Fair Grounds. Members of the building committee include J. P. (Bum) Gibbins, Joe Beakey, Bert Ryan, R. T. German, Left Olson, Bob White and Bill Fells. Another special committee, composed of Clarence Scharbauer Jr., John Dublin, Jr., and Buster Cole, was appointed to purchase 20 roping calves for use by the posse members. Thirty-four members attended the meeting.

## Bond Set At \$2,500 For James Abram

Justice of the Peace Joseph T. Seymour Monday afternoon fixed bond at \$2,500 for James Abram, Odessa FFA member, held first place winner in the lamb division. Mona Sue Branch, 4-H member from Upton County, won the fine wool championship with her lightweight entry, Douglas Cunningham, Odessa FFA member, held first place heavyweight fine wool lamb. Archie Rowe, Midland FFA member, showed the top lightweight crossbred lamb and Bonnetta Cox's (Continued On Page Eight)

## Expert Says Air Not Fatal

MANCHESTER, N. H.—(AP)—A Harvard pathologist appearing for Dr. Hermann N. Sander testified Tuesday that injection of 40 cubic centimeters of air could not have killed Mrs. Abbie Borroto. The 41-year-old Dr. Sander is on trial for murder on charges he killed the cancer-stricken woman by injecting that amount of air into her veins. Dr. Richard Ford, head of the Department of Legal Medicine at Harvard, testified that between 200 and 300 cc's of air delivered within 25 seconds would be required to kill a human being. The fact that a human being's heart action was poor at the time, he said, would not make any difference. "All-Or-None" Phenomenon "A fatal dose of air is an all-or-none phenomenon," said the defense pathologist, explaining its rejection would be the same regardless of the condition of the heart. When Dr. Ford took the stand the defense brought out from the young pathologist that he considered himself an expert on the subject of air embolism—the effect of air injected into the human body. "During the past year," he said, "I have been engaged in a study of air embolism as to the quantities involved and the mechanism of death."

Two state pathologists previously testified for the prosecution they believed Mrs. Borroto died of air embolism. The defense contends she died of cancer before being given the injections. Opening the morning session of the twelfth day of the trial, Dr. Sander's wife, Alice, took the witness stand. The young physician spent most of Monday on the stand. He freely admitted he injected air into Mrs. Abbie C. Borroto, 59, December 4. He insisted, however, that Mrs. Borroto was dead at the time. He described the air injection as "irrational" behavior and said it didn't make sense.

## Dickenson-Sale Calves Continue 'Winning Ways'

This exhibiting of championship calves in the lobby of Hotel Scharbauer here is becoming more than a habit with E. B. Dickenson and J. C. Sale, veteran Midland and Martin County ranch partners. For the sixth time in the last 10 years, a Dickenson-Sale calf has won top honors in the annual Midland Livestock Show, gaining the right to spend the night in the Scharbauer lobby. This time both the milkfed and drylot champs are from the Dickenson-Sale herd. The prominent breeders should receive a bill for lodging. And it just so happens that this year, for the first time in history, both championship calves were shown by the same 4-H Clubber, Jimmy Holloway of Stanton. And neither is winning top honors a novelty with Jimmy, who also has winners in the Midland show in 1943 and 1946. He also had the grand champion of Odessa's Sand Hills show in 1944 and has been among the winners in other West Texas events.

## City Will Install More Signal Lights

Midland soon will have additional traffic signal lights at five busy intersections to aid in handling the ever-increasing flow of traffic throughout the city. City Manager W. H. Oswald held Tuesday the installation of lights has been ordered at the following intersections: Lee Street and East Highway 80, Main and Washington, Main and South Dakota, A and Illinois, and Pecos and Ohio. The City Council recently ordered a traffic survey to determine where additional lights should be placed. The above mentioned intersections were determined as a result of the study.

## 'Love Burglar' Found Guilty

Dapper Fred Felix Adair, Jr., holds tightly to his wife's hand just after a verdict of "guilty" was returned in a Dallas courtroom. Just after this photo was made Mr. Adair broke down and sobbed as Felix was led away. At right is Defense Attorney Harvey Lindsey, Adair was accused of molesting many different women last summer in Dallas, where he gained his notorious title of "love burglar."

## Girl, Russian To Hear Fate On Thursday

NEW YORK—(AP)—Judith Coplon and Valentine A. Gubitchev, the Soviet engineer, were found guilty Tuesday of conspiracy and attempted espionage. A federal court jury of six men and six women ruled that the former government employee and the stocky, blond Russian met secretly in New York and plotted to spy for Soviet Russia. It announced its verdict at 10:45 a.m. after having been locked up overnight. The jurors went out at 3:35 p.m. Monday.

## Coal Gains May Set Off New Spiral

WASHINGTON—(AP)—Gains won by John L. Lewis for coal miners may be used as a lever to open the way for wage boosts in other industries. That would suit Lewis. His United Mine Workers Monday offered a million-dollar loan to help the CIO United Auto Workers win new concessions from Chrysler and General Motors. Lewis is the first big labor leader to break through the dike built by employers with government help to stop spiraling postwar wages. A board appointed by President Truman in the steel strike dispute last fall recommended welfare plan improvements worth about 10 cents an hour for workers generally, but counseled against increasing pay rates. Lewis 20th Pattern On this basis CIO President Philip Murray signed a steel industry contract. Improvements worth about 1.40 a day per man—including not only an expensive boost in revenues for the miners' welfare fund, but also a 70-cent-a-day cash wage boost. That wage precedent will be an arguing point for many unions from now on for more wages, reviving their hopes that if Lewis could break through the steel fact-board's no-wage-increase formula, they can too. The auto workers now are in the eighth week of a strike for pensions with Chrysler and have demanded a 31-cent hourly contract "package" improvement from General Motors. The GM contract expires in May. Evidently Lewis hopes to set the wage spiral going again, so when his new coal contract can be reopened in April, 1951, he can argue he is justified in demanding still another pay boost for miners.

## West Texas Cities Hear Two Proposals For Supplying Water

BIG SPRING—Representatives of four West Texas cities—Midland, Big Spring, Snyder and Odessa—Tuesday are studying proposals of the Bureau of Reclamation for a joint water supply on the Colorado River. The proposals were submitted by Harry B. Buehler, Austin, area engineer for the Reclamation Bureau, at a Monday conference in Big Spring. Either of the proposals he said would meet any foreseeable water demands for the four cities. Buehler asked that each city notify the bureau within a month if further studies are desired. Meanwhile, the Colorado River Municipal Water District, composed of Big Spring and Odessa, instructed its engineers to make comparative studies of the bureau's proposals and a previous proposal of the district itself calling for a dam on the Colorado River 25 miles northeast of Big Spring. One proposal was for a lake at Robert Lee, providing 194,000 acres feet of water for domestic purposes and 14,000 for irrigation. Cost, including pipelines to various cities tentatively was estimated at \$345,422,000. Gallien Costs Estimated The other proposal calls for a dam on the upper Colorado River. Although he said the length of studies was not sufficient for definite conclusions, Buehler ruled out an upper Colorado River site about 25 miles northeast of Big Spring, which originally had been proposed for the municipal water district. Under the Robert Lee dam plan, it was estimated raw water would cost 10 cents per 1,000 gallons at Big Spring, 15 cents at Snyder, 16 cents at Midland and 18 cents at Odessa, and 16 cents at Stanton if that city should desire water, on an average of 17 cents per 1,000. Midland representatives at the meeting included Mayor William B. Neely, Councilmen Frank Striver, W. F. Heil, Robert I. Dickey and E. M. Brinkins, and City Manager W. H. Oswald.

## Aggravated Assault Charge Filed Here

A charge of aggravated assault has been filed in County Court against two Latin American youths in connection with the stabbing of Santiago Ledezma, Jr., here Saturday night.

★ IN HOLLYWOOD ★

Refugees From Blue Laws Are Flocking To Las Vegas

By ERSKINE JOHNSON  
NEA Staff Correspondent  
LAS VEGAS, NEV.—A Las Vegas movie theater owner must be the envy of every theater owner in America. Here in the wide open spaces of legalized gambling there's a 10-cent slot machine right next to his lobby popcorn dispenser. Birthday and wedding cakes brought to tables in the supper club of the Flamingo Hotel are decorated with Fourth of July sparklers, set aglow just before they are delivered to guests usually already aglow.

Marti Schenck, daughter of movie baron Nicholas Schenck, here for her first night club singing engagement is changing her name. I hear, to Mario Stevens so she won't be accused of cashing in on papa's name.

The El Rancho Vegas paid Sophie Tucker \$7500 a week and the Flamingo will pay Tony Martin \$12,000 every Saturday for a two-week engagement. But there are no cover charges and no minimums anywhere.

Tony Lucey, the restaurateur with an interest in the Golden Nugget gambling hall, just built a new home with a \$40,000 kitchen.

The El Rancho maintains a 46-foot cruiser for bass fishing and cruising on nearby Lake Mead for V. L. P.'s (very important people).

The lake's bass fishing is the best in the West, but Chet Lauck, of Lum N Abner, has a private bass lake on his 1500-acre ranch a few miles from town.

Those are several reasons why Las Vegas is called fabulous. Bigger And Better

But each year the town gets fabulouser.

Now it's a horse-race track and a tailor-made ghost town. Workmen are leveling off the desert for what Joe Smoot says will be one

of the finest racing tracks in the country. Smoot promoted Hialeah and hopes to repeat his success in Nevada.

The Last Frontier Hotel is raiding western ghost towns for a complete western village of 50 buildings. Many already are there, plus a fantastic collection of old automobiles, trains and wagons.

The town of Las Vegas spends \$750,000 a year on advertising and promotion, yet the average cost of hotel rooms is only \$8 a day. The state's legalized gambling makes the town, as the Chamber of Commerce says:

"An oasis for the harassed refugee from artificial restraints and laws of other states."

Ninety-one per cent of Nevada's citizens, by the way, directly are employed because of gambling towns such as Las Vegas and Reno.

Best gambling story I heard was about Jake Kattelman, casino boss and part owner of the El Rancho. Before Truman even was nominated and when there was still talk that Eisenhower might run, Kattelman took Truman at 7 1/2 to 1. The gamblers rushed him but Jake took 'em all on—and cleaned up.

It was Jake who told me about the fantastic luck of a fellow at the El Rancho who bet \$1 on the "harp way" six at the crap table, won \$10 and let it ride. The six came up for the second time. The fellow let his \$100 ride for the third time and again the six came up.

Jake still groans when he thinks about it.

The fellow walked in, bet \$1 and walked away less than two minutes later with \$1000. "That," says Jake, "was walking away with my blood."

"Old West" Returns

Once a year, in May, Las Vegas celebrates with a "Hellorado" festival. The celebrating is done in western garb from a \$50,000 wardrobe repossessed by the local sheriff when a \$200,000 Las Vegas film company went broke in 1946.

The company planned to convert a wartime magnesium plant building into a sound stage for western film producers and bought the big wardrobe as an added inducement.

The whole idea fell on its face when the company was unable to find housing for casts and crews.

Attractions coming up at the Las Vegas Little Theater, directed by Bill Willard, are "Room Service" and "The Women." One of the stars is Jim Booker, a 22-year-old hotel policeman who already has movie talent scouts in his hair.

Las Vegas prides itself on being unusual. A motel here calls itself an "Autele."

There may be talk of a depression elsewhere in the U. S., but no one seems to worry about money in Las Vegas. I asked Wilbur Clark when he and his partners expected to get their money back from a \$2,500,000 investment in the Desert Inn, opening in May.

"In about two years," he said. "If there were no taxes, we could do it in a year."

Look twice at a group of extras standing in the background of a party scene in "East Side, West Side." One of 'em is James Mason, who did it for laughs.

Price Supports Are Cutting Use Of Eggs, Milk, Says Brannan

DENVER.—Farm price supports are pricing eggs and milk out of the reach of many Americans, Secretary of Agriculture Brannan said Monday night.

"We must get eggs to market at a fair price or tell American farmers to quit producing them," he told the National Farmers Union convention. The Farmers Union presented Brannan its 1949 award for outstanding service to American agriculture for his farm program.

It would substitute direct payments to farmers for price supports. The per capita consumption of milk is not far from its depression level, Brannan said, while the government has the equivalent of two to two and a half billion pounds of whole milk it bought to keep prices high.

Farmers favor plan

Americans ate 11 eggs less per capita last year than in 1948, he said, yet the government has about 210 million dozen eggs stored in caves.

Brannan cited these as two examples of why his plan should be adopted. Despite the opposition of Farm Bureau and National Grange leaders, he said, the farmers favor his plan. "These pressure experts are afraid to poll the people for whom they profess to speak," he declared.

Farmers earned less per capita than non-farmers last year, he said, and if 1949 trends continue, farm income will drop lower this year.

Acceptance of sliding scale price supports, he said, is "equivalent to hiding our heads in the sand and hoping that the problem will get tired and go away."

New Differential May Prove Boon To Average Car Owner

DES MOINES.—Your future car may not get stuck in the mud as often as your old one.

Archibald S. Alexander, assistant secretary of the Army, revealed here Tuesday that the Army Ordnance Department is having a new type of differential developed for it that will prevent one rear wheel from spinning while the other stands still.

"When this is perfected," he said, "it will not only take an Army truck out of the mud, it should also enable General Motors and Chrysler and Ford to give you and me a vehicle which will not so often get stuck in mud or snow."

Conservatives Gain Vote Lead In Greece

ATHENS.—Deputy Premier Constantin Tsaldaris' Conservative Populist (Royalist) Party won a narrow lead over rival leftists Tuesday in returns from Sunday's Greek national elections.

The leftwing National Progressive Union, headed by Gen. Nicholas Plastiras, was pushed into second place for the first time since vote counting began Sunday night.

Congratulations To:

Mr. and Mrs. Robert B. Peyton on the birth Saturday of a son, Robert Jeffrey, weighing six pounds, three ounces.

Mr. and Mrs. Clifton Volney Bounds on the birth Friday of a son, Raymond Curtis, weighing six pounds, nine ounces.

DEATH CLAIMS FAMED NEWSREEL COMEDIAN

BROOKLINE, MASS.—Lew Lehr, 54, who attained fame as a newswreel comedian with his remark that "Monkeys in the craziest people" died Monday.

A native of Philadelphia, Lehr made his home in New Canaan, Conn., with his wife, the former Anna Leonhardt.

PRINCESS MARGARET ILL

HALF-CENTURY HIGHLIGHTS

Best actor and actress of the Half-Century, by recent vote of 200 veterans of the industry, were Comedian Charlie Chaplin and Greta ("I tank I go home") Garbo. Garbo and John Gilbert are seen in one of the clinches that made them top box-office magnets in their day. Chaplin and Garbo, both veterans of the silent film era, both climbed to top fame and fortune on a legend of silence. Garbo, the shy, moody, silent Swede, became Hollywood's most mysterious, most glamorous figure. English-born Chaplin, shuffling master of pantomime and subtle satirist, became one of the wealthiest—and most controversial—figures in the entertainment world. It is interesting that Hollywood's vote for the half-century's best acting should go to foreign-born artists.

Abundant Living

By E. STANLEY JONES

Acts 13:10, 11; Ps. 34:21; Gen. 19:9-11.

ANGER DIMS THE VISION

We saw yesterday that resentments, though unconscious, may be just as havoc-producing as conscious resentments. Ofttimes we consciously use the illnesses produced by resentments to harm the person against whom we hold resentments. A girl in India was constantly having fits. One was so violent that her mother-in-law

contemporarily use the illnesses produced by resentments to harm the person against whom we hold resentments. A girl in India was constantly having fits. One was so violent that her mother-in-law

Jobless Decline Expected In March

WASHINGTON.—(AP)—Government officials Tuesday looked for a decline in unemployment this month from the 4,884,000 total reached in February. This was the highest jobless total since August, 1941, and 26 per cent higher than in February, 1949.

Actually, the number of job opportunities increased by 4,000 from January to February, but that didn't begin to take care of the 210,000 new job seekers, including mid-Winter school graduates.

Census Bureau figures issued Monday measured the result of a 204,000 increase in unemployment—not counting the striking coal miners—despite the simultaneous increase in civilian jobs to 56,983,000.

Secretary of Commerce Sawyer called the unemployment increase from January to February the result of a seasonal increase in the labor force and noted it was "not due to any setbacks in employment."

Papa Figures How Not To Pay

HOUSTON.—(AP)—Deputy sheriff hauled in their man Monday night soon after an excited woman shouted over the telephone:

"Quick! I just saw a man stuff a boy into the trunk of a car and drive off with him."

The culprit confessed: "I was taking some kids to a drive-in movie. And I put the boy in the trunk so I wouldn't have to pay for him."

State Senator Will Address Lions Club

An address by State Senator Fred (Red) Harris of Dallas will feature the regular meeting of the Midland Lions Club Wednesday noon in Hotel Scharbauer. Dr. J. Dow Scott, program chairman, will introduce the speaker.

Harris was elected to the Senate from Dallas County in 1946, and formerly was a member of the House of Representatives. He is a graduate of Baylor University, where he was a four-letter athlete in football, basketball and track.

He served in the U. S. Navy from 1942 to 1945.

VEEP WILL ADDRESS MEETING IN HOUSTON

HOUSTON.—(AP)—Vice President Alben Barkley will speak Tuesday night at dinner sponsored by the National Conference of Christians and Jews.

He was expected to arrive shortly before and to leave soon after the dinner.

Shingles In Elderly People Becomes More Serious

By EDWIN P. JORDAN, M. D.  
Written for NEA Service

Shingles, or herpes zoster, is a painful condition resulting from the attack of a virus on the nervous system. Pain on one side of the body generally is the first symptom.

Tingling or other peculiar sensations are frequent. It is common around the chest, the hips, the abdomen, and sometimes the face.

After a few days of these sensations, blisters appear on the skin. However, it really is not correct to speak of herpes as a skin disease. When several days have passed the blisters burst and dry up, finally disappearing altogether. In young and middle-aged people, this is about all there is to it, but in older people neuralgia pains often last for a long time.

Herpes may come with or immediately after acute infections like pneumonia or meningitis; it can come in epidemics or without any cause which can be identified. It is believed to be due to a tiny, probably living, substance called a virus.

There seems to be some relation between herpes and chickenpox. Small epidemics of herpes have arisen at the same time as epidemics of chickenpox. Occasionally a person will develop chickenpox from contact with a patient with shingles. The opposite also has been reported.

Lotions Used

A great many different kinds of treatment have been used for shingles. Soothing lotions or other preparations help a little. Recently X-rays have been used with suc-

cess—at least in some cases. Herpes of the forehead is dangerous because it can move down into the eyes.

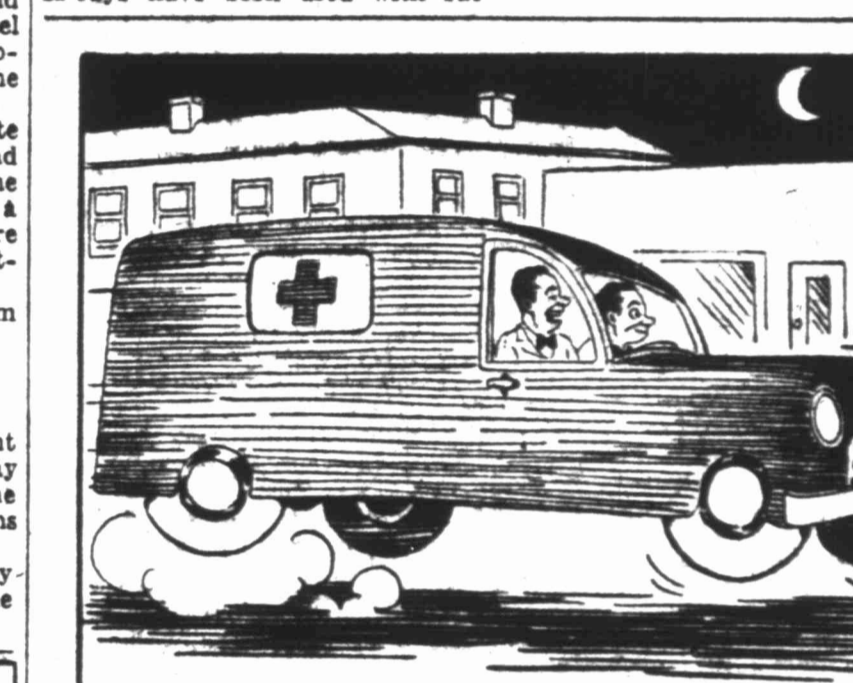

Herpes in elderly people often is a particularly serious thing because it hangs on so long. One cannot help but be distressed about this and hope that some better and quicker method of cure and relief will not be long delayed. There is a real possibility that aureomycin or one of the other newer antibiotics will prove of real treatment value.

"Be coffee-wise"  
Have you ever tasted fresh coffee? Really fresh?  
Freshly roasted! Fresh from the grinder!  
There's nothing like it! But it's got to be top grade coffee to begin with—and that brings us to Nob Hill—a blend of the world's choicest and most costly coffee beans—freshly roasted—then freshly ground at the instant you buy it, and not before. Nob Hill Fresh Coffee is so fresh, it needs no vacuum can. Time saved—expensive package saved—money saved. That's the Nob Hill way. And this whole delicious procedure saves you 5¢ to 10¢ a pound.  
Be "coffee-wise." Look for Nob Hill today at SAFEWAY  
NOB HILL COFFEE

### Asbury Methodist Women Begin Study Of Mission Book

Study of a new book, "Missions of the Grassroots," started in the Asbury Methodist Women's Society Monday afternoon with Mrs. Jess Hooper as leader. Mrs. Theo Ferguson introduced the supplementary text, "Again Pioneers."

Proceeding the review of the first chapter by Mrs. Hooper, current events in missions were studied. She had the first topic, "Taking the Bible Is Not Enough," Mrs. Jim Moore discussed "Frank Talback's Mission in the Philippines," and Mrs. Clyde Gwyn, "Missions to the Rescue."

Other members at the meeting were Mrs. Grace Wright, Mrs. John Henderson, Mrs. Preston Pirtle, Mrs. Lennol Hester, Mrs. J. A. Andrews, Mrs. Carmel Pirtle, Mrs. George Lawless, Mrs. Alva Hughes and Mrs. J. S. Grimes.

### HERE FROM OREGON

Mr. and Mrs. Howard E. Martin of Portland, Ore., are visiting a few days with their aunt, Mrs. D. D. Martin, and cousins, Mr. and Mrs. A. B. Carden. They are on their way to Dallas to visit their daughter.

### OES Members Go To Meeting In Odessa

A number of members from the Order of Eastern Star here went to Odessa Monday night to be guests of the Odessa Chapter at a Friendship Night program. Eight other chapters were represented by visitors at the party.

A group from the Midland Chapter will go to Big Spring Wednesday for an area school of instruction.

In the party going to Odessa were Mrs. Fred Wycoff, Mrs. Walt Cates, Mrs. Vera McLeRoy, Mrs. L. B. Spangler, Mrs. J. E. McDuffy, Mrs. Tom Nipp, Mrs. P. P. Barber, Mrs. H. B. McNeil, Mrs. L. C. Stephenson, Mrs. G. W. Thompson, Mrs. D. E. Pope, Mrs. G. Rambolt, Mrs. J. B. Wright, Mrs. J. O. Hyde, Mrs. Charles Robson, Mrs. Jack Anderson, Mrs. Leo Baldridge and a visitor in Midland, Mrs. L. G. Nixon, who is a member of the Sour Lake Eastern Star Chapter.

A natural wooden salad bowl will be easier to clean and will serve you longer if you give it a coat of clear shellac or colorless lacquer inside and outside before the first time it's used. After that, you won't need to wash it. Just wipe it clean with a damp cloth.

# SOCIETY

THE REPORTER-TELEGRAM, MIDLAND, TEXAS, MARCH 7, 1950-3

### Honorary Membership For Girl Born On Scout Birthday Planned By Association

An honorary membership in the Girl Scouts of America will be presented to the first baby girl born in Midland on March 12, the birthday of the National Girl Scout organization, members of the Midland Girl Scout Association decided in their monthly meeting Monday night.

Each Girl Scout and Brownie Troop in the city will celebrate the national birthday with a party, and each girl is to contribute a penny for each year of her life to the Juliette Lowe World Friendship Fund. The birthday program over the nation this year has "International Friendship" as a theme.

It was reported to the association that all work on the almost-completed Girl Scout Little House has been done without profit to the workers, and that the cost will total approximately \$8,000 rather than the \$11,500 which had been estimated.

### Circle Study Held In First Methodist Woman's Society

Continued study from the book, "Women of the Scriptures," was presented for circles of the First Methodist Woman's Society at meetings in the homes of members Monday afternoon. The Belle Bennett Circle planned to serve a supper Tuesday night to a visiting committee of the church.

A morning meeting of the May Tidwell Circle was held in the home of Mrs. Earl Conner, with Mrs. Jack Doran as study leader. Other members present were Mrs. Sammy Merker, Mrs. O. L. Chadwell, Mrs. Charles Shaw, Mrs. J. C. Smith, Mrs. P. C. Myers, Mrs. O. L. Crooks, Virginia Armstrong, Sue Cockerell, Mrs. O. L. Crooks, Mrs. Lionel Craver, Mrs. Richard Storey and Mrs. George Stewart.

Mrs. George Bradbury was hostess to the Belle Bennett Circle. Mrs. J. L. Barber was the devotional speaker and Mrs. J. L. Tidwell was study leader. Mrs. C. R. Pierce, Mrs. E. O. Messersmith and Mrs. A. J. Norwood assisted her in discussing the topic, "Across the Boundaries of Race." She read a story of Esther written by Mrs. Terry Tidwell.

Also present were Mrs. Bryan Denson, Mrs. Jack Goddard, Mrs. Phil Scharbauer and Mrs. H. M. Van Buskirk.

Mrs. Lucy Manning and Mrs. John Campbell were hostesses to the Mary Scharbauer Circle in Mrs. Manning's home. Mrs. Bob Baker was program leader, assisted by Mrs. C. W. Chancellor, Mrs. Campbell and Mrs. Ola Boles. The opening prayer was by Mrs. Stacy Allen.

Two new members, Mrs. P. M. Curtis and Mrs. Oliver Haag, and a guest, Mrs. Fred Barber, were present with Mrs. Otis Lagon, Mrs. R. T. German, Mrs. H. E. Cummins, Mrs. H. H. Hollowell, Mrs. E. J. Stewart and those on program.

### Three FHA Members Assist On Program

Betty O'Neal, Barbara King and Delores Cain took part in the installation ceremony for the new officers of the Future Homemakers of America for Area III Saturday in the convention in Odessa.

Other girls from the Midland chapter attending included Patsy England, Helen Deel, Helen Bolin, Laura Howell, Lorene Walker, Shirley Jo Boyett, Barbara Mutton, Joyce Timmons, and Anna Beth Graham. Clyde Parmally and Mrs. Faye Massey, sponsors, went with the girls.

The meeting will be held in Abilene next year. Midland was host last year.

### Bible Baptist Speakers

The Rev. M. M. Griggs, pastor of the Bethel Baptist Church, San Angelo, left, and the Rev. Edgar Tatum, pastor of the Temple Baptist Church, San Angelo, will be the speakers for fellowship meetings in the Bible Baptist Church at 7:30 p.m. Wednesday, Thursday and Friday. These services are in preparation for the all-day dedication service for the new church building Sunday.

### Year Ends With Luncheons In Five Circles

Final meetings of the year were conducted by five circles of the First Presbyterian Women of the Church at luncheons Monday. Each group concluded its study of the Gospel of John with the topic, "Presence of the Living Lord," based on the twenty-first chapter.

Another topic for most of the groups was from the "Survey" magazine. The title was "All Things Come of Thee," a discussion of stewardship.

Two guests, Mrs. William Hester and Mrs. Lamar Lunt, joined 12 members of Circle No. 1 for luncheon in the church dining room. Mrs. C. S. Britt was in charge of the Bible study.

Mrs. Nelson Puett was hostess to Circle No. 2 in her home. After the luncheon, Mrs. L. G. Beyerly directed the lesson from John's Gospel for 14 members.

Out-Of-City Guest  
Study leader for Circle No. 3 was Louanna Roach, a guest. The group had luncheon in Mrs. John B. Mills' home with 11 members present. Mrs. W. C. Watson of Hot Springs, Ark., was another guest. Mrs. R. L. Miller presided for business in the absence of Mrs. W. T. Harris, chairman, and Mrs. A. P. Shirley presented the stewardship topic.

Opened with group singing of hymns, the program for Circle No. 4 included a prayer and discussion of the "Survey" article by Mrs. Lee Thackery and the Bible lesson by Mrs. J. B. Richards. Thirteen members met in Mrs. J. L. Greene's home for luncheon.

Guests of the Training Circle were Mrs. R. Matthew Lynn, Mrs. J. Clifford Hall and Mrs. Roy Parks, Jr. Ten members were present in the home of Mrs. Don Johnson for the luncheon, the stewardship discussion by Mrs. Richard Peters and the Bible study led by Mrs. D. A. Bliven.

### Don McKibbin Is Caller For Silver Spur Dance Club

Mr. and Mrs. Haden Upchurch and Mr. and Mrs. Don McKibbin were hosts to the Silver Spur Square Dance Club Monday night.

McKibbin called in absence of the regular caller, Jay Johnson. Some of the club's new records with calls on them were used.

Those present included Mr. and Mrs. Bert Bliven, Mr. and Mrs. James Blackwood, Mr. and Mrs. J. R. Cantrell, Mr. and Mrs. Ed Carroway, Mr. and Mrs. Bob Clark, Mr. and Mrs. Martin Deuth, Mr. and Mrs. Cecil Kinsey, Mr. and Mrs. Steve Lammack, Mr. and Mrs. Jess Lindsey, Mr. and Mrs. Bob Patterson, Mr. and Mrs. T. L. Stall and Mr. and Mrs. G. E. Thompson.

### 'Command Decision' Cast Is Selected, Rehearsals Starting

First rehearsal for The Midland Community Theater production of "Command Decision" was set for 7:30 p.m. Tuesday at Tallorfine, as the cast selected after tryout last week was announced by Art Cole, director. Selections were made by the casting committee, Albert Kelley, Mr. and Mrs. W. F. Pennebaker and Henry Conkling.

The entire play is to be read at the initial rehearsal session, Cole said. The production is scheduled to open April 13 as the second 1950 play of the Community Theater.

Heading the cast as Gen. K. C. Dennis is the role created in the Broadway production by Paul Kelly. It is William H. Pomeroy, Jr. Charles Hughes has been assigned the part of General Kane; Jack Swift, Gen. Clifton Garnett; Norris Greath, Congressman Arthur Malcolm and Martin Deuth, Congressman Oliver Stone.

Charles A. Shaw is to have the role of Elmer Brockhurst, war correspondent for a powerful magazine; John H. Healy is cast as Sgt. Harold Evans, who loyally looks after General Dennis' comfort; William L. Adams as Col. Ernest Haley, a Regular Army officer responsible for headquarters office routine; Marvin L. Shapiro as Capt. Lucius Jenks, a national hero.

J. Wilmont Hunt has been cast as Col. Edward Martin, division leader and old friend of General Dennis; Claude E. Neely as Lt. Jake Goldberg, division bombardier; Waring Bradley as Maj. Desmond Lansing, intelligence officer; F. H. Pannill as Maj. Beiding Davis, division weather officer; Deck Dawson as Mr. Rufus Dayhuff, medical reserve officer; and Howard E. Davis as Capt. George Washington Culpepper Lee, a young pilot.

Two bit roles, those of a photographer and an enlisted armed guard, are yet to be assigned.

### Churches In Alaska Studied By Guilds Of Episcopal Women

Programs on the beginning and growth of the Episcopal churches in Alaska were heard by three of the guilds of the Woman's Auxiliaries of the Trinity Episcopal Church Monday.

Mrs. Lloyd Edwards was hostess to the All Saints' Guild. Final plans were made for the convocation of the Missionary District of North Texas which is to be held in the Midland church this weekend. Mrs. F. N. Shriver arranged her committee to cook the dinner for the teachers and officers of the Church School Tuesday night.

Mrs. D. C. Sivals brought the devotional message. Mrs. C. O. Puckett was in charge of the program.

Mrs. Jack Brown was a new member. Others present included Mrs. Jack Bliss, Mrs. J. L. Brown, Mrs. R. W. Hamilton, Mrs. William Kerr, Mrs. Milton J. Loring, Mrs. Paul Kohn, Mrs. J. P. Ruckman, Mrs. W. W. Studdert and Mrs. David Henderson.

### City Hall Dedication Plans Are Discussed

Charts and displays on City of Midland administration, services and finances to be exhibited in connection with the formal dedication and open house of the new City Hall, March 24, were discussed at a meeting of the arrangements committee Tuesday morning.

Work assignments were made and plans for the overall staging of the community-wide event were discussed.

All residents of Midland and vicinity are invited and urged to attend the special function.

Too Many Square Pegs

A University of Chicago professor declares that half of all American adults are misplaced persons—in their work, that is. He thinks the unfortunate job choices so many people make have a good deal to do with our high rates of divorce and mental illness.

There's a second big reason: industrial civilization, founded on machines in both office and factory, inevitably involves many tasks that are monotonous, routine and dull.

Like a soldier in battle, the worker never knows how the war is going. He just knows what's happening to Hill 605.

Slowly we've been developing answers to these problems. Vocational guidance is winning a bigger and bigger place in our schools.

Furthermore, business and industry steadily are growing more aware they must somehow make dull jobs palatable.

A good start has been made, but we need much more attention in schools and in industry to the problem of bringing real human satisfaction into the workaday world.

A Russian scientist claims that pigs can learn—but no matter how much you teach them some of them always manage to make hogs of themselves.

Ready For The Deep Freeze

DREW PEARSON ON The WASHINGTON MERRY-GO-ROUND

(Copyright, 1950, By The Bell Syndicate, Inc.)

Drew Pearson says: Truman emphasizes to congressional leaders need for federal aid-to-education bill; Key civilians to be trained on what to do if A-war occurs; Senate's probe of skyrocketing food prices may scare off boost in cost of sugar to consumer.

WASHINGTON—In a recent conference with congressional "big four" leaders, the President made it blunty clear that he expected them to finish passage of the federal aid-to-education bill, which already has passed the Senate.

"I'm depending on you to get a satisfactory bill through the House during this session," Truman told Speaker Sam Rayburn and House Majority Chief John McCormack.

The president added that he wouldn't attempt to dictate the terms of the bill regarding such controversial questions as free bus transportation for parochial students.

"The Democratic Party," he said, "has promised aid for our schools and I am determined that we will make good on that promise. You bring me a bill down here and I'll sign it."

Briefing Plan on A-War A plan to form a chain of aircraft spotters across the United States has been drawn up in the National Defense Department.

The idea is for the public to do less working and more preparing for possible atomic attack. To this end the general public will be briefed on how to escape danger and stop panic while civilian minutemen will be trained in peace for possible duties in case of war.

One of these is a civilian aircraft warning net, stretching in an arc across 25 Northern states from North Carolina to California.

The plans being drafted include some unpleasant news, but military leaders believe they should be faced now.

In case of atomic attack, key civilians will be trained in each city to care for the dead and wounded and restore the city to emergency operation. Mobile units also will be trained to move into an atom-bombarded city and aid local authorities.

Biggest need will be a huge blood reservoir. Another problem concerns the present humanitarian concept of adding most critical cases first. In mass destructions, it will be more important to concentrate on aiding those who have a better chance of surviving.

This tragic problem already is under study by medical experts. A huge national war game, testing military-civilian teamwork from coast-to-coast, also is proposed.

The inside story behind high food prices will be brought out into the open today by courtly, white-haired Senator Guy Gillette, an Iowa dairy farmer whose subcommittee has been digging into skyrocketing prices of coffee, milk, bread, eggs, coffee, poultry and live stock.

Despite terrific pressure to stop his probe, Gillette will show that, while farmers' income is shrinking and consumers pay more, the middleman has been making more.

In January, 1948, for instance, the Atlantic & Pacific Tea Company, paid 25 cents a pound for coffee, and sold it for 47 cents. Ten months later A&P paid 26 cents a pound, but charged 65 cents.

Another big buyer, General Foods, raised its retail price from 81 cents to 74 cents a pound, although it

paid approximately the same import price as A&P. Many of the big importers are members of the Sugar & Coffee Exchange, which were investigated after World War I because of the hike in sugar prices. Gillette investigators figure a sugar price rise is in the cards now, unless the Senate's coffee probe scares it off.

John L. Lewis vs. Phil Murray—The good old American spirit of free competition may be fine regarding some things but it was partly responsible for the coal crisis.

Idaho Potatoes—Here are two interesting things about the potato surplus: (1) Idaho potatoes aren't glutting the market like Maine spuds. (2) Acreage quotas aren't going to limit the potato crop much.

Idaho Potatoes—Here are two interesting things about the potato surplus: (1) Idaho potatoes aren't glutting the market like Maine spuds. (2) Acreage quotas aren't going to limit the potato crop much.

Too Many Square Pegs

A University of Chicago professor declares that half of all American adults are misplaced persons—in their work, that is. He thinks the unfortunate job choices so many people make have a good deal to do with our high rates of divorce and mental illness.

One reason seems to be that until the last decade or two very few ever exercised much care in picking a job. It often could be said that a man gave more real thought to choosing a new car or radio than to deciding his life's work.

A big part of the trouble was that as modern life grew increasingly complex it became harder for a man both to measure his own talents and to size up the suitability of various jobs. The tendency of too many has been to drift into whatever work appeared handy.

Like a soldier in battle, the worker never knows how the war is going. He just knows what's happening to Hill 605. And that knowledge isn't very satisfying. Not like the deep pleasure and pride the craftsman of old gained when he turned out a well-made boot or carriage.

Slowly we've been developing answers to these problems. Vocational guidance is winning a bigger and bigger place in our schools. Job counselors try to tell us what we're fit for, what talents various tasks demand, and what opportunities lie in those fields.

Furthermore, business and industry steadily are growing more aware they must somehow make dull jobs palatable. Either by reminding workers constantly of the rounded picture into which their work fits, and thus giving them a solid sense of achievement; or by helping them develop side interests that provide real compensation for the satisfaction missed on the job.

Most social scientists probably would agree with the Chicago professor that these problems go right to the root of our modern day social unrest. You don't make happy men or build happy homes and families when so many people spend most of their waking hours at chores which either bore them or actually upset them.

A good start has been made, but we need much more attention in schools and in industry to the problem of bringing real human satisfaction into the workaday world.

A Russian scientist claims that pigs can learn—but no matter how much you teach them some of them always manage to make hogs of themselves.

Have A Laugh

Long years ago, there was a play which was popular in the South; it was called "The Senator from Mississippi."

Senator John Sharp Williams of Mississippi had a great store of stories. One of his favorites was about a young Mississippian who got home very late. His wife asked, "What time is it?" and he said, "Eleven." Just then the clock struck two.

Stivers recognized the medalion of Azalea Palmer by its beauty and its aliveness. A pang woke in his heart for her. He had held her hands in his and had looked into her pitifully pathetic and bewildered eyes.

Stivers knew that Kelo had been attached to the vice squad, and he wondered how much longer its sickening corruptions could be concealed from the public.

Stivers had heard the name of one particularly zealous "fallen woman," Nelda Croft, linked with that of Pete Kelo. She was a great one for compromising rich men and making them poorer, and there had been whispers—or grunts—that Kelo had engineered some of her shake-downs.

THE thought flashed into Stivers' mind: "Maybe Kelo is sore because Paul Moody bumped off old Wendell Palmer before he and Nelda could shake the old man down."

Then he reminded himself that all this was none of his business. His business was to collect the fingerprints of Paul Moody, and he could see that there was no end to them.

There would be the prints of other people, too; guests, models, the caretakers; but on the first unfinished clay statue in front of him he felt sure that there must be the sculptor's prints and no other.

There were balls of damp clay that Paul had kneaded before stuffing them into their places in the armatures. There were soft spots where one palm had rested while the other hand was busy with its magic.

There would be the prints of other people, too; guests, models, the caretakers; but on the first unfinished clay statue in front of him he felt sure that there must be the sculptor's prints and no other.

FINGERPRINTS Don't Lie By Rupert Hughes

THE big model of a group for the National Electric Building had a funereal meaning since it would never be finished and it had already led its creator into the toils of justice.

Stivers recognized the medalion of Azalea Palmer by its beauty and its aliveness. A pang woke in his heart for her. He had held her hands in his and had looked into her pitifully pathetic and bewildered eyes.

Stivers knew that Kelo had been attached to the vice squad, and he wondered how much longer its sickening corruptions could be concealed from the public.

Stivers had heard the name of one particularly zealous "fallen woman," Nelda Croft, linked with that of Pete Kelo. She was a great one for compromising rich men and making them poorer, and there had been whispers—or grunts—that Kelo had engineered some of her shake-downs.

THE thought flashed into Stivers' mind: "Maybe Kelo is sore because Paul Moody bumped off old Wendell Palmer before he and Nelda could shake the old man down."

Then he reminded himself that all this was none of his business. His business was to collect the fingerprints of Paul Moody, and he could see that there was no end to them.

## + Coming Events +

### WEDNESDAY

County Council of Home Demonstration Clubs will meet in the assembly room of the Midland Country Clubhouse at 2 p.m.

Ladies Golf Association will meet at 1 p.m. for luncheon in the Midland Country Club with Mrs. W. H. Pomeroy, Jr., and Mrs. Wright Cowden as hostesses.

Members of Midland Country Club will be entertained with a dinner and a "forty-niners" party in the clubhouse beginning at 7 p.m.

### SATURDAY

Moment Musical Junior Music Club will meet at 11 a.m. in the Watson Studio.

The Children's Story Hour will be at 10:30 a.m. in the Children's Room of the Midland Country Library.

## Under-Ocean Scene Is Show Highlight

Children of Midland and their grown up friends, too, will have a chance to see just what goes on under the ocean when Suzari Marionettes bring their new and exciting show "Pinocchio" here Monday. Sponsored by the Midland Elementary Schools, the well-known puppet company will give one performance in the high school auditorium at 4 p.m.

The Suzari version of "Pinocchio" is a musical puppet play, with dancing and songs, adapted to a large scale stage on which the many scenes of the drama unfold. One of the unusual set is an underwater scene in which phosphorescent sea animals swim in the blue gleaming depths of the ocean. Even the giant sized whale will be there, to swallow Pinocchio and Gepetto.

THE REPORTER-TELEGRAM, MIDLAND, TEXAS, MARCH 7, 1950-5

## Council Guest Reviews Book After Luncheon

Mrs. Dean Chenoweth of San Angelo reviewed a book by another San Angelo resident, Houston Hart's "In Our Image," for the Woman's Council of the First Christian Church and a large number of guests in the church auditorium Monday afternoon.

She sketched the Old Testament narratives which Hart compiled and edited to make this book. Mrs. Chenoweth has given previous reviews for the council and other groups in Midland.

She was honored at a covered-dish luncheon in the church before the review. The tables were decorated with arrangements of iris and hyacinths. Mrs. Paul McHargue, council president, was in charge of a business session.

Guests for the luncheon were Mrs. Tom Breeding, Mrs. L. H. Michaelson, Mrs. W. B. Hunter and Mrs. C. H. Shepard.

Members present were Mrs. George Ratliff, Mrs. Delbert Downing, Mrs. Charles Klapproth, Mrs. Paul S. Oles, Mrs. V. E. Chapman, Mrs. John Casselman, Mrs. W. S. Elkin, Mrs. Ed Gideon, Mrs. Van Camp, Mrs. W. P. Z. German, Jr., Mrs. Clarence Symes, Jr., Mrs. E. D. Riddle, Mrs. S. P. Hall.

Mrs. Ella Ragsdale, Mrs. Frank Williamson, Mrs. R. H. Prizzell, Mrs. F. E. Curtis, Mrs. C. R. Webb, Mrs. H. G. Bedford, Mrs. Henry Conkling, Mrs. J. O. Hyde, Mrs. E. J. Pierce, Mrs. Wade Heath, Mrs. J. C. Hunter, Mrs. H. L. Sutton, Mrs. W. G. Ataway and Mrs. Frank Simpson.

## Mrs. Stackpole Becomes Head Of BSP Council

Resignation of Lafara Harbison as president of the City Beta Sigma Phi Council was presented at the March meeting Monday night in the home of Mrs. Lloyd Zellner. Mrs. Jack Stackpole, vice president, will complete the term.

Miss Harbison will be married later this month to Ray Phillips, Jr., of McCamey and will make her home in McCamey.

Council members decided to participate in a city cleanup campaign this Spring and to enter a float in a parade publicizing the campaign. Mrs. Charles Reeder, Mrs. Ernest Vance and Mrs. Cecil Elder were named on a committee to have charge of the project.

Mrs. Jack Doran of the committee on charity projects reported on three proposed projects and one was chosen for this Spring. It will provide clothing and other necessities for a girl in Midland High School.

Mrs. Zellner, representative from Beta Sigma Phi to the Woman's Club Building Finance Committee, reported on plans of that committee.

Other members present were Myra McReynolds and Maudie Lee Roberts. A visitor from the Xi Theta Chapter was Carolyn Smith.

The blue spruce is Utah's state tree, the Sego lily its flower, the sea gull its bird.

## Mrs. Thacker Leads First Baptist WMS Program In Church

Mrs. E. H. Thacker led the program of the Woman's Missionary Society of the First Baptist Church in the Recreational Hall Monday afternoon. "Am I My Brother's Keeper?" was the topic discussed.

Mrs. J. M. White, Mrs. John Alexander and Mrs. W. B. Johnson took part on the program. Mrs. Ruth Stumbo gave the devotional. Members present included Mrs. George Johnson, Mrs. Charles Mathews, Mrs. Barbara Wall, Mrs. James W. Mims, Mrs. S. C. Dougherty, Mrs. Noel Cason, Mrs. E. F. Conner, Mrs. Billie Gilbert, Mrs. W. S. Heim, Mrs. Vernon Yearby, Mrs. O. L. Bevil, Mrs. H. S. Collings, Mrs. Paul Beaver, Mrs. C. H. Craft, Mrs. C. A. White, Mrs. R. E. L. Taylor, Mrs. C. P. Pope, Mrs. C. H. Roberts, Mrs. C. M. Dunagan, Mrs. Arnold Scharbauer and Mrs. J. E. McCain.

## Keep White Touches Snowy

By ALICIA HART  
NEA Staff Writer

White, so predominant in this Spring's fashions, soon goes gray and grubby unless it is given frequent soapy baths. The little-boy collars and the crisp cuffs on the new suits and coats should be kept immaculate, and can be if they are given a light starching with each washing.

For the best results, use a cold-water starch very lightly, and iron collars, cuffs and white blouses to a glossy smoothness. Use the starch-bath treatment to keep white cotton gloves, which have returned to fashion, snowy. Gloves, too, should be pressed with a warm iron. If they have turned a drab gray, use a few drops of bleach in the rinsing water.

Your touches of white should get a dunking every night, in the same manner that you give your nylons a wash. Trying to get two-days' wear from a pair of white fabric gloves, or a white collar, means only that you're fooling yourself. Allow yourself enough glove and collar changes so that if you do miss an evening at the washbasin, you will have a crisp white stockpile in your bureau.

## MRS. TAYLOR TELLS STORIES TO CHILDREN

Mrs. Frances Taylor was the narrator for the Children's Story Hour sponsored by the Midland County Library Saturday. Children attending were Nancy Newkirk, Evelyn Schaefer, Mike Brady, Barbara Hunter, Hugh Hodges, Rodney Stephenson, Marie McCormick, Judy Dorsey, Anna Cruise, Gary Spivey and Janie Seifert.

EXTRA-SPECIAL  
Rice pudding is extra-special when it is served with butter-scotch sauce and thin strips of blanched roasted almonds.

## ★ RUTH MILLETT ★

### Dull Life Is Made Up Of String Of Boring Days

By RUTH MILLETT  
NEA Staff Writer

What are you going to do today that you really look forward to with anticipation and pleasure? Nothing! How depressing—and how foolish!

String a lot of days like that together and you've got a pretty dull life.

That's all a dull existence is, anyhow, just a lot of days that give no real pleasure added to the other until a boring existence finally is achieved.

The only way to prevent that is to take care of each day as it comes along, to make it give you at least one thing that you want.

So what will it be today? Nobody else can tell you what it

should be. For only you know what things give you a lift, make you feel alive and leave you with the feeling that the day has held something worth while.

Forget Excuses—Do Something  
Think about it a few minutes. What would you really like to do? Forget the "if I weren't so busy" and "if I could afford this or that."

Drop the excuses and decide that today you are going to do something you especially want to do.

You can manage one thing, at least, out of the list of things that come to mind. And tomorrow you can manage something else. But don't wait until tomorrow to get started. That is the mistake most of us make.

Today is a link in that chain of boring existence—unless the link is broken.

And the easiest link in the chain to break is the one called "today." (All rights reserved, NEA Service Inc.)

## Lenten Services Set At Episcopal Church

Lenten observance will continue this week in the Trinity Episcopal Church with services of Holy Communion at 7 a.m. and 10 a.m. Wednesday, a program at 7:30 p.m. Thursday, following a supper at 6:30 p.m., the Rev. R. J. Snell, rector, announced.

The 10 a.m. service Wednesday will be followed by a brief meditation based on the Epistle to the Galatians. A discussion on the subject, "Time, a Vanishing Asset," will be led by Perry Pickett and Kenneth Swanson at the Thursday meeting.

All members of the church are invited to the covered dish supper preceding the program. The nursery will be open for small children Thursday night and during the 10 a.m. service Wednesday.

## Take Off Ugly Fat With This Home Recipe

Here is an inexpensive home recipe for taking off ungrainy weight and helping to bring back slurring curves and graceful slenderness. Just get from your drugstore four ounces of liquid Barcostrin. Add enough grapefruit juice to make a pint. Then just take two tablespoonfuls twice a day. Wonderful results may be obtained quickly. Now you may slim down your figure and lose pounds of ugly fat without back-breaking exercises or starvation diet. It's easy to make and easy to take. Contains nothing harmful. If the very first bottle doesn't show you the simple, easy way to lose bulky weight and help regain slender, more graceful curves, return the empty bottle and get your money back.

## Women's Auxiliary Sponsors Prevue Of Hospital In Tour

A prevue of the almost-completed Midland Memorial Hospital was given a group of women Monday afternoon in a tour sponsored by the Women's Auxiliary of the hospital. Dr. J. B. Thomas, president of the Midland Memorial Foundation, conducted the tour and showed the various departments of the hospital.

Starting at the nurses' home, the group inspected that building and then the hospital proper, going from the basement with its ambulance entrance and emergency room as well as heating plant, laundry and storage rooms, to the fourth-floor surgery.

Workers are still busy in all parts of the building, completing the painting, wiring and heating systems, floors and woodwork finishing before the installation of equipment is started, but the work is near enough completion for the visitor to form a picture of the finished hospital.

Rooms Colorful  
Sunshine streamed through wide windows, promising a sunny cheerful building which will have the added virtue of pleasing colors. Instead of the monotonous white which formerly was considered proper for hospitals, the walls are being finished in a variety of pastel tints and the operating rooms and delivery rooms in green tile.

A roomy kitchen, also with tiled walls, will serve for the preparation of meals for patients and food to be served cafeteria style to the staff. Although the visitors Monday trudged up and down steps, two passenger elevators, a freight elevator and battery of dumb-waiters will be ready when the hospital is opened.

Among the visitors were approximately 50 Senior Girl Scouts, members of Midland Troops 1, 4, 8 and 12. They were inspecting the building as a preliminary to a program of training for nurses' aide badges which they plan to carry out next year.

# DADDY RINGTAIL

By WES-EX DAVIS

**Daddy Ringtail And Sad, Sad, Somebody**

Daddy Ringtail was out on the porch of his monkey house. Daddy Ringtail said: "Mother Ringtail, it's a happy day, all right, all right, and I'm going to talk to the Sad, Sad Somebody."

"Don't say his name!" Mother Ringtail said. "It makes everyone sad who says it."

Daddy Ringtail promised he wouldn't say the name of the Sad, Sad Somebody.

Sad Somebody. Oh no! "I'm going to try to find out," said Daddy Ringtail, "why the Sad, Sad Somebody is always so sad and unhappy."

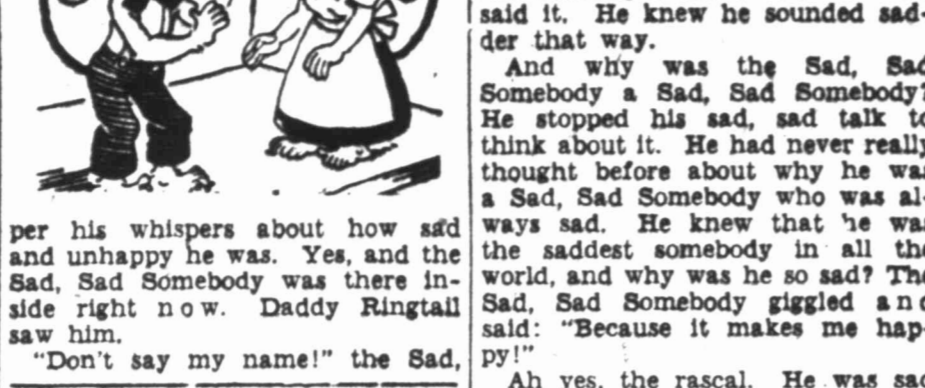

Daddy Ringtail slid away to the ground. He walked on up the Elephant Path until he came to the hollow tree where the Sad, Sad Somebody sometimes hid to whisper his whisps about how sad and unhappy he was. Yes, and the Sad, Sad Somebody was there inside right now. Daddy Ringtail saw him.

"Don't say my name!" the Sad, Sad Somebody said. It was a sad, sad name. It made everyone sad who said it. "Don't look at my face!" said the Sad, Sad Somebody. It was a sad, sad face. It made everyone sad who saw it. "Now don't you fret yourself, Mr. Sad, Sad Somebody," Daddy Ringtail said. "I only want to ask you. Why is it you are always so sad and unhappy?"

"Because I'm a Sad, Sad Somebody," said the Sad, Sad Somebody from inside the tree. His voice was shaking a sad shake when he said it. He knew he sounded sadder that way.

And why was the Sad, Sad Somebody a Sad, Sad Somebody? He stopped his sad, sad talk to think about it. He had never really thought before about why he was a Sad, Sad Somebody who was always sad. He knew that he was the saddest somebody in all the world, and why was he so sad? The Sad, Sad Somebody giggled and said: "Because it makes me happy!"

Ah yes, the rascal. He was sad all the time because he was happy

**REA WORKER KILLED IN POWER LINE MISHAP**

RONHAM, TEXAS—(AP)—A 22,000-volt charge killed Bennie Groeschel, 26, of Austin in an accident Monday while he worked on a Fannin County REA line two miles east of Trenton.

A hole digger Groeschel was driving contacted the line, and the current passed through his body as he stepped to the ground.

with being sad. And I think people who are sad all the time... are sad and unhappy only because they want to be. Shame on them, wouldn't you say? I would. Happy day! (Copyright: 1950, General Features Corp.)

Expert sanding and finishing of floors as done by the Linoleum Studio assure satisfaction and that is the reason more and more persons are coming to rely on this firm to keep their floors in tip-top shape.

Sanding and finishing are only two of the services offered by the Linoleum Studio, which specializes in linoleum installation. Installation service also includes asphalt tile, rubber and vinyl plastic.

Francis M. Flournoy, owner and manager, holds firm to a policy of using only the best of materials, which he combines with several years experience to guarantee the best of results.

Flournoy has been putting down linoleum in Midland since 1929 and has been in business for himself since 1939.

In these years Flournoy has served hundreds of satisfied customers in all sections of Midland. Although he has installed linoleum in the most expensive of homes here, his services are much in demand by home owners in all sections owing to the moderate cost of his services and materials.

Among materials handled by the Linoleum Studio are Armstrong linoleum, rubber and asphalt tile, Nairn linoleum, Amtico rubber, Pabco linoleum, Arc-Tile rubber and Ardmore woolcraft carpet.

For estimates you are asked to telephone No. 3779. Flournoy never varies from his policy of selling only the very best of materials. All his materials have stood the test of time and laboratory.

**Husband Seats Wife  
On Red-Hot Stove**

ROME—(AP)—An angry husband in Parma took vengeance on his unfaithful wife by seating her naked on a red hot stove, Rome newspapers reported.

The husband, 25 years older than his bride, found her with a youthful lover when he returned unexpectedly from a trip, the dispatches said. The woman was reported seriously burned. The dispatches omitted names.

**McNeal  
Firm  
Retails**

McNeal Paint and Supply Company, 509 South Loraine Street, has a complete stock of Eagle-Picher paints, which D. A. Drumm, store manager, says are the highest quality on the market. He cites the Eagle-Picher firm's 126 years in the paint business to substantiate his claim.

McNeal Paint and Supply Company is prepared to serve not only dealers and paint contractors, but solicits retail business as well.

The firm is located conveniently near the business district, but out of the heavy traffic. Plenty of parking space always is available.

A new office is being built on the present location.

Drumm says the firm can take care of needs up to 4,000 gallons with the complete stock of paints in the McNeal warehouse.

Eagle-Picher products are high quality oil base paints, easy to apply, extremely long wearing and washable. One gallon does an average room. Decorator paints come in 10 beautiful colors.

McNeal has the exclusive dealership for Eagle-Picher paints for Midland and surrounding territory. Eagle-Picher stands behind any of its paint jobs 100 per cent, Drumm added.

Drumm took over his position as store manager on February 20.

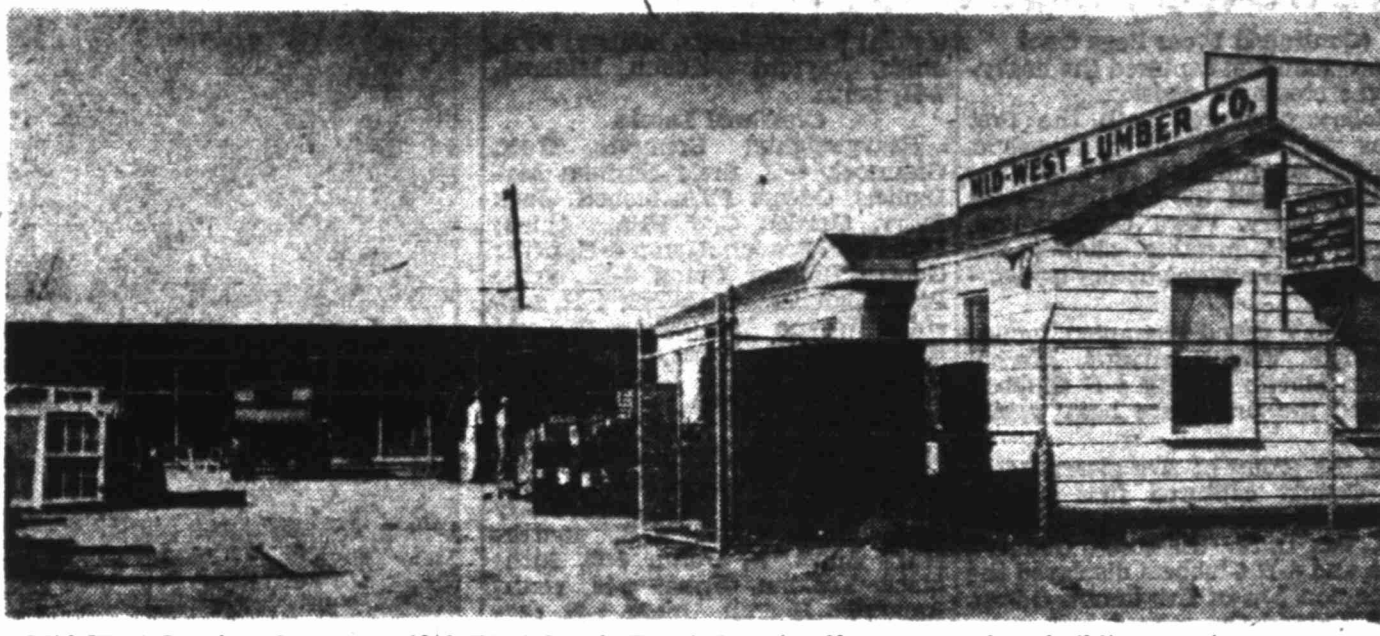

The line of Du Pont paints which McNeal has carried for a long time still is carried in stock. Color condition matches 1,500 shades of inside paint, enabling the home decorator to match draperies, furniture and other fixtures with wall paint just the exact shade for the most satisfactory result.

For estimates, telephone No. 860.

**ASK END TO OIL CUTS**  
SAN ANTONIO—(AP)—San Antonio independent oil operators want the Railroad Commission to agree not to cut production allowances below present levels. They passed a resolution to this effect at a meeting Monday.

**Mid-West Offers Complete Building Service**

Mid-West Lumber Company, 1302 West North Front Street, offers a complete building service, commercial and residential. In addition to handling a complete line of materials, the firm will contract to erect residence or business structures. Joe B. Wright is manager. The telephone number is 1106. Estimates are given gladly.

**Hamilton Was First  
Philadelphia Lawyer**

PHILADELPHIA—(AP)—The term "Philadelphia lawyer" generally implies shrewdness and sharpness of Quaker City attorneys. But Arthur Littleton, chancellor of the Philadelphia Bar Association, says few people know the term's exact origin.

He says it goes to pre-revolutionary days in 1735 when Alexander Hamilton, a Philadelphia lawyer, successfully defended John Peter Zenger of libel charges in New York City. Zenger was a poor printer who published the New York Weekly Journal. He wrote exposes of New York's graft-ridden administration and incited the ire of the governor. Most New York attorneys, fearing disbarment, refused to defend Zenger. So Hamilton—America's first secretary of the treasury—was hired to defend the printer.

"Without a shred of law with him," Littleton says, "Hamilton carried on one of the most magnificent defenses ever conducted before a jury." And in earning acquittal for Zenger, Hamilton earned an enduring tribute to the sagacity of the Philadelphia lawyer.

**Los Angeles Smog  
Is Old, Old Story**

LOS ANGELES—(AP)—In recent years Los Angeles has fought smog. It is a combination of smoke and fog and sometimes dust that cuts visibility and irritates citizens.

Now comes Dr. Clifford Zierer, University of California geographer. He has found an 1868 newspaper report that a similar condition was found there. It continued for at least six days in 1868. There were no industries to blame for it then so it was blamed variously on a Guadalupe Island volcano and forest fires in Washington and Oregon.

**FANCY DRESSER**

Benjamin Franklin was a fancy dresser. The Massachusetts Historical Society headquarters has displayed a suit he wore in Paris, made of lilac poplin with cuffs of pleated lawn.

**Art Is Mixed With  
Many Other Things**

ROCHESTER, MINN.—(AP)—Enrique Arguelles has had a varied vocational career, but through it all has run a consistent painting career that started with his high school days in Spain. Currently, he is completing murals on the walls of the taproom in the hotel where he is employed as a bartender. The 47-year-old artist has worked as a hospital cook, a police officer, a machine shop foreman and for five years was a special administrator for president Lazaro Cardenas of Mexico. His interest in art is strictly a sideline.

Much of his work has been exhibited. He has painted scores of landscapes and florals. Four of the latter were exhibited several months ago in the Rochester Art Center.

**Flowers To Fit Occasion  
May Be Found At Buddy's**

Everything needed in floral decorations may be found at Buddy's Flowers, located at 1505 West Wall Street. Seasonable plants and cut flowers to fit the occasion always are available at Buddy's in any quantity desired.

The firm, about three months ago, celebrated its second anniversary in its modernistic quarters. Buddy Pulliam, owner, is a veteran with 23 years experience in the flower business.

Buddy's Flowers is a member of Floral Telegraph Delivery, which means that flowers will be delivered anywhere merely by placing an order at Buddy's.

The telephone number is 408. Easter Season  
A wide variety of ornamental pieces, including wall hangers, vases and similar items, are carried in stock the year around at Buddy's Flowers.

Pulliam said arrangements are being planned for the Easter season and that persons desiring orders should get them in before long to guarantee delivery. An invitation to come by and look over the large stock of flowers, ornaments and other items is extended to everyone at all times.

Nothing is spared by the firm in

keeping abreast of modern developments in the floral business. You can be assured that the latest services are offered by Buddy's Flowers.

**Hurricane Tourists  
Discovered in Texas**

WASHINGTON—(AP)—ever hear of the "hurricane tourists?" They're curious folk who go into potentially dangerous hurricane areas when they hear a storm is brewing—just to see what's up.

I. R. Tannehill, a U. S. Weather Bureau official, describes them to a reporter and said they were comparable to "people who chase fires." Tannehill said he's met such people while on hurricane duty in Texas and that weathermen in Florida see them, too.

"They're curious about what's happening," he said, "but usually they get more than they want before it's over."

### Greetings From Winnie

Whatever his future in politics, Winston Churchill has at least one other career assured. The famed amateur painter, seen at work at his easel, has just turned professional. He has signed with a Kansas City, Mo., greeting card company to allow 18 of his paintings to be used on American Christmas cards.

### Former Employee Of U. S. Legation Joins Parade Of Confessors In Red Peoples Court

SOFIA, BULGARIA—(AP)—Michael Shipkov, former Bulgarian translator in the U. S. Legation here, confessed Monday to a peoples court that he had spied for America under the personal direction of former U. S. Minister Donald R. Heath.

The trial opened only two days after the U. S. State Department had released a dramatic affidavit, signed earlier by Shipkov, revealing how Bulgarian police had extorted a false confession from him by breaking down his will. He had requested that the affidavit be made public in order to clear his name in the event of a trial, which he evidently felt was inevitable.

Shipkov and four other Bulgarians pleaded guilty and confirmed the written confessions of spying they had made to investigating police before the trial. A co-defendant with Shipkov was Kivka Rindova, former telephone operator at the U. S. Legation.

### More Trouble Spots Loom In Spite Of Coal, Steel Peace

By SAM DAWSON

NEW YORK—(AP)—Labor peace has not descended simply because the steel and coal strikes are over. Many new issues are about to be popped into the mill. Many of the most important contracts are soon to be up for renewing, involving several million workers.

And, meantime, manufacturers can worry about what the settlements will be; what they may add to production costs; how much they may boost product prices; what they will do to consumer price resistance. And businessmen can worry about what any more strikes will do to the plans of their purchasing agents, to the available spending money of their customers, and what, in general, will happen to that Spring upturn in retail trade which they have counted upon to make up for the quiet months since Christmas.

### Pensions Big Issue

Here are some of the trouble spots in the weeks just ahead:

General Electric and Westinghouse will be asked by the United Electrical Workers (no longer with CIO) to underwrite \$125-a-month pensions and hike wages 10 cents an hour.

General Motors workers will ask \$125-a-month pensions, which along with wage demands would cost the company another 31 cents for each hour an employee works. Workers also want a union shop. The present contract expires May 24.

Chrysler strikers, offered a million-dollar loan by the triumphant John L. Lewis, want \$100 pensions (including social security), financed by the company but managed by separate trustees.

The 60-day truce between the telephone workers and the company expires in April. Wages and union practices are involved.

April 28 is the terminal date for the truce between railroads and the brotherhoods of conductors and trainmen, with wage demands to be settled.

The shipping industry is bracing itself for a flare-up in the dispute over the challenged practice of manning ships from union hiring halls.

### Injury Treated

Charles Hendrix was given emergency treatment for a wrist injury Monday night at Western Clinic Hospital.

## Holloway Shows Champions-

(Continued From Page One)

grand champion captured the heavy-weight crossbred division.

Holloway showed both the first place winners in the heavyweight and lightweight milk fed calf divisions, and held the top lightweight dry lot entry, Virgil Cunningham, Odessa FFA member, showed the first place heavyweight dry lot winner.

Locklar's grand champion topped the light weight barrows, Merrill Miller, Martin County 4-H Clubber, showed the first place heavyweight barrow.

In the group of five steers, Martin County captured first honors. Ector 4-H was second and Midland 4-H was third. Glasscock County's FFA and 4-H Clubbers displayed the champion pen of five lambs. Odessa FFA showed the second best quintet.

In the individually fed pen of two lambs, Jack Berry of Garden City captured first place. Bonnetta Cox held the second place pair.

Winners in the various divisions included:

**Dry Lot Steers**  
Heavyweights: Virgil Cunningham, Odessa FFA, first; Fred Willis, Odessa FFA, second; Charles Locklar, Midland 4-H, third; Frank Locklar, Midland 4-H, fourth; Sammie Redford, Odessa FFA, fifth; Fred Willis, Ector 4-H, sixth; Bobby Howard, Midland 4-H, seventh; Billy Roach, Andrews 4-H, eighth.

**Lightweights:** Jimmy Holloway, Martin 4-H, first; Johnny White, Martin 4-H, second; Bobby Howard, Midland 4-H, third; DeWayne Peterson, Midland 4-H, fourth; Philip Glover, Andrews 4-H, sixth; Roger Glover, Andrews 4-H, seventh.

**Milk Fed Steers**  
Heavyweights: Jimmy Holloway, first; Johnny Putty, Ector 4-H, second; Norman Drake, Midland 4-H, third; Earl Koonce, Martin 4-H, fourth; Bobby Foster, Midland 4-H, fifth; Betty Graham, Midland 4-H, sixth; Roy Graham, Midland 4-H, seventh; Charles Locklar, Midland 4-H, eighth.

**Lightweights:** Jimmy Holloway, first; Norman Drake, Midland 4-H, second; Donna Howard, Midland 4-H, third; H. L. Hull, Midland 4-H, fourth; Johnny Putty, Odessa FFA, fifth; Leland Howard, Midland 4-H, sixth; H. L. Hull, Martin 4-H, seventh; Ronnie Graham, Midland 4-H, eighth; Frank Locklar, Midland 4-H, ninth.

**Barrows**  
Heavyweights: Merrell Miller, Martin 4-H, first; Charlie Smith, Midland 4-H, second; James Parker, Midland FFA, third; Frank Locklar, Midland 4-H, fourth; Malcolm Tunnel, Martin 4-H, fifth; Charles Locklar, Midland 4-H, sixth; Jugy Britton, Martin 4-H, seventh; DeWayne Peterson, Martin 4-H, eighth; Kermit Lewis, Midland FFA, ninth; Charles Locklar, Midland 4-H, tenth.

**Lightweights:** Charles Locklar, Midland 4-H, first; James McKandless, Midland FFA, second; Carroll Hull, Martin 4-H, third; Jackie Reinhardt, Midland 4-H, fourth; Lewis Riggan, Martin FFA, fifth; Arthur Montgomery, Midland FFA, sixth; Jack Russell, Midland FFA, seventh; Stanley Bennett, Midland 4-H, eighth.

**Pen Of Five Lambs**  
Glasscock County FFA and 4-H, first; Odessa FFA, second; Upton 4-H, third; Midland FFA, fourth.

**Pen Of Two Lambs**  
Jack Berry, Garden City FFA, first; Bonnetta Cox, Glasscock 4-H, second; Joseph Holmes, Upton 4-H, third; Virgil Cunningham, Odessa FFA, fourth.

**Pen Of Five Lambs**  
Glasscock County FFA and 4-H, first; Odessa FFA, second; Upton 4-H, third; Midland FFA, fourth.

**Natural Bridge Only Common Sight To Man**

NATURAL BRIDGE, VA.—(AP)—"Everybody says this Natural Bridge is so wonderful. Well, maybe so. I ain't never been nowhere else," says Joseph Mitchell. He was born at Natural Bridge July 12, 1871. He began work at 10 as a stable boy, but was soon apprenticed as a gardener. He has been at it ever since.

"I guess nobody's told me to do anything in 10 years. If I didn't rummage around and find something to keep busy at, I guess I'd just vegetate," he says. Asked advice on how to keep a job 23 years, he said: "Keep out of the boss' sight."

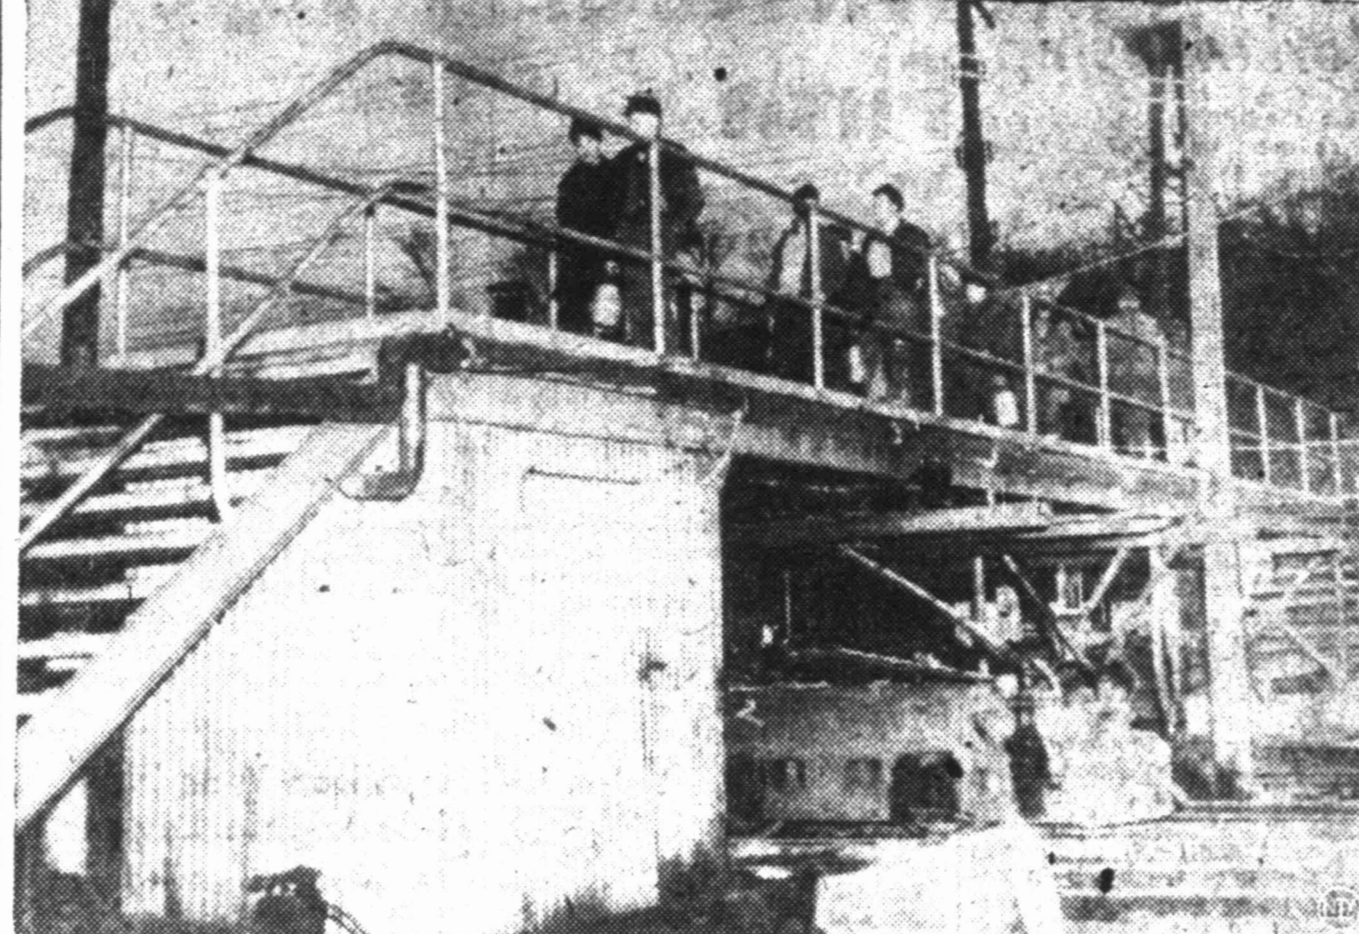

Salt Lake City, which lies near the Wasatch mountains, has an elevation of 4,330 feet.

### Back To Work They Go

Back over the bridge to work in Montour Mine No. 10 went the happy miners as word spread that UMW President John L. Lewis had signed a new contract with the coal operators. After long weeks of idleness, these men at Library, Pa., seemed eager to be on their way back to the pits.

The Red Cross trained 126,894 persons in home nursing in 1949; in disaster and epidemic areas you find the Red Cross nurse. —GIVE TO THE RED CROSS.

### Woman Drops Coin, Then Wants It Back

ORANGE, N. J.—(AP)—A woman driver dropped a coin into a parking meter recently, then yelled for police.

Two policemen obligingly opened the meter's coinbox and returned her coin.

She had told them that instead of a penny she put a \$2.50 goldpiece in the meter.

### Herbert Hoover First Televised President

NEW YORK—(AP)—The first President to be televised, and via "network" at that, was Herbert Hoover. It happened while he was still secretary of commerce in 1927, two years before he became chief executive.

The demonstration used early apparatus developed by the Bell telephone laboratories and comprised the transmission of a head and shoulders picture of Hoover from Washington to New York, partly by wire line and partly by radio.

### Murder Charged In Screw Driver Slaying

EL PASO—(AP)—Pending a preliminary hearing, J. T. Casner, 27, is free under \$5,000 bond on a murder charge.

Casner, an auto mechanic, was charged late Monday in the fatal stabbing of Harvey Hazen Dibble, 25, formerly of Titusville, Pa. Date for the hearing has not been set.

A complaint charging murder with malice was filed after Casner changed an earlier statement, Detective Ralph Marmalejo said, and told officers he stabbed Dibble twice with a screw driver.

### French Carrier To Load First American Arms For Europe

WASHINGTON—(AP)—A French aircraft carrier was due at Norfolk, Va., Tuesday to set into motion the \$1,000,000,000 aid program for rearming Western Europe against possible Russian aggression.

The warship is the Dixmude, a former American escort carrier. It will pick up France's initial cargo—about 40 Navy fighters and bombers—after brief ceremonies Wednesday.

The first shipment is to be loaded aboard the Dixmude in the face of a bitter Communist campaign in France to keep dock workers from handling American military aid supplies.

**Full Speed Ahead**  
Despite these Communist threats, top government agency officials said Tuesday they plan to go full speed ahead with arms aid to France.

Additional shipments to France and seven other European countries, they said, are now moving secretly to East Coast ports for quick shipment aboard regular merchant vessels.

They reported that these cargoes will go forward with the full expectation that the French and other Atlantic Pact governments will provide armed protection to unload them, if needed.

The aircraft to be given the French were reported to be such battle-tested types as Corsair fighters and Helldiver bombers. These were standard equipment aboard American carriers in the last war but have now been replaced by speedier jets.

### TEACHES COOKING TO MATE

PAUL SMITHS, N. Y.—(AP)—Mrs. Mary Ditch, 21, is making good as a breadwinner by teaching a course in hotel cooking at Paul Smith's College. One of her students is her husband, Robert Ditch, 24.

Pin Boys' Delight

Pin-up gal Helen Olson demonstrates new automatic bowling ball lift in Chicago. Saving pin boy two tons of lifting during a league session, it operates, left, when Miss Olson rolls 16-pound ball into opening of division board between pins. Weight of the ball activates an elevator which lifts it onto ball return rack, right. The device lifts and returns the ball in four seconds.

## Arizona Wildcats Garner Border Crown, NIT Spot; Eye Bid To NCAA Playoff

TUCSON, ARIZ.—(AP)—Save one of those dark horse positions in the National Invitational Basketball Tournament for the University of Arizona Wildcats.

The fancy shooting crew from the school in the desert country Monday night celebrated its tournament invitation by winning a fifth straight Border Conference title.

There's a possibility the Wildcats may seek both the NIT and the National Collegiate Athletic Association tournament crowns. Coach Fred Enke, Sr., said his team would accept a bid to represent District Six in the NCAA playoffs if it is offered.

The Arizona quintet has been among the top outfits under district consideration.

"It's the most versatile team I've ever coached," says Enke. The general mentor celebrates 25 years as Arizona head coach this season. The Wildcats took the Border title with a 63-41 victory over the cowboys from Hardin-Simmons. It sent a home court win streak to 65 consecutive games and brought a season record of 26 wins against four losses. In conference play the winners had 14 victories against two defeats.

Winning titles has become almost commonplace, but the Wildcats ran

## Engineers, Jakes End Cage League Tilts With Wins

Rotary Engineers closed out an unblemished City Cage League season Monday night by crushing Ted Thompson's quintet, 68-24 in the final rounds of the regular season play. JayCees passed Watkins Mobil 64-59 in the second game of the double-header at the Junior High Gymnasium.

The victory left the Engineers atop the City League with 10 wins and no losses. Ted Thompson, with a 7-3 record, the JayCees with 5-5, and Watkins Mobil with 4-6, will enter the first round playoffs Wednesday night.

The issue was never in doubt in the Engineer-Thompson struggle Monday night. Rotary led 17 to 7 at the end of the first period and 36-10 at halftime. The winners went into the final quarter with 43-15 advantage.

The JayCees and Watkins went into the second half of their game with a 31-31 deadlock but the JayCees had pulled out from 50-41 by the end of the third stanza.

The same teams face each other in the first rounds of the playoff sets Wednesday night. Rotary and Ted Thompson square off in a 7:30 p.m. contest. Watkins will meet JayCees in the second game. The teams will play the best two-of-three games to determine the championship.

The box scores:

## Sports

THE REPORTER-TELEGRAM, MIDLAND, TEXAS, MARCH 7, 1950—9

## Bradley Braves Chosen Nation's Top Cage Quintet

NEW YORK—(AP)—The Braves of Bradley University were an overwhelming choice Tuesday as the nation's No. 1 college basketball team in the final Associated Press poll of the season.

Now all the classy club from Peoria, Ill., has to do is show the basketball public the nation's sports writers and broadcasters were right in hoisting them to the pinnacle via the ballot.

Bradley, with a 27-3 record, gets its chance to do just that in the National Invitational Tournament. In addition, the Peoria lads have further opportunity to cement their claims in National Collegiate Athletic Association competition.

Bradley will meet the winner of the Big Seven Conference title—either Nebraska, Kansas State or Kansas—March 20 at Kansas City for the right to represent District 5 in the NCAA Western Regional Tourney March 24-25.

With a total of 206 votes cast, Bradley topped 90 first place ballots and a total of 1,825 points. A week ago the Braves got only 42 votes for first and 1,214 points.

Ohio State, which captured the Big Ten crown and wound up with a 19-3 record, remained in second place with 1,435 points. Ohio State comes to New York for the Eastern NCAA Regional Tourney.

The top teams' first place votes in parentheses and records including Saturday's games with points on 10-9-8-7-6-5-4-3-2-1 basis:

Team	Record	Pts.
1. Bradley (90)	27-3	1802
2. Ohio State (18)	19-3	1435
3. Kentucky (18)	24-5	1294
4. Holy Cross (29)	26-1	1238
5. No. Car. State (7)	24-5	763
6. Duquesne (3)	22-3	684
7. UCLA (13)	22-3	661
8. Western Ky. (3)	24-5	508
9. St. John's (5)	22-4	475
10. La Salle (5)	20-3	459
11. Villanova (1)	25-4	282
12. San Francisco (12)	19-6	256
13. Long Island	20-4	231
14. Kansas State (1)	16-4	194
15. Arizona (1)	25-4	113
16. Wisconsin	16-6	82
17. San Jose State	21-7	74
18. Wash. State (1)	19-11	68
19. Kansas	13-9	67
20. Indiana	18-4	66

**LOUISIANA, TEXAS CUT CRUDE OUTPUT**  
TULSA—(AP)—Allowable cuts in two states—Texas and Louisiana—were major factors in lowering the nation's daily average crude oil production by 70,875 barrels during the week ended March 4. The Oil and Gas Journal reported Tuesday.

Total daily average production for the week, The Journal said, was 4,848,975 barrels.

The Texas curtailment dropped that state's production 44,800 barrels to 1,871,900 barrels and Louisiana's fell 21,100 to 524,800.

**Head-To-Head Twins Born In Australia**  
SYDNEY, AUSTRALIA—(AP)—Dr. John Starr reported Tuesday that Siamese twin girls joined at the top of their heads were born to Mrs. Erskine Smith near Burnett, Tasmania, Saturday night.

He said the babies and their mother are doing well but the babies must lie head-to-head in an extended cot.

### Platoon Coaching Called Next Step In Platoon System

PHILADELPHIA—(AP)—Platoon coaching may be the next step in platoon football.

George Munger, head football coach at the University of Pennsylvania, said Tuesday every college is going to have to implement its coaching staff to keep up with the modern system of substituting complete offensive and defensive units.

Munger made his observation in disclosing that he was interested in adding another coach.

Munger expressed the opinion that in the not too distant future head coaches would divide their staffs into offensive and defensive teachers.

## Field For NIT Event Completed

NEW YORK—(AP)—The National Invitation Basketball Tournament had its round dozen teams Tuesday—an imposing array that includes six of the nation's top 10 and nine of the first 20.

The big dribble derby opens Saturday at Madison Square Garden.

The invitation completed its star-studded lineup by adding Niagara and CCNY—and reaching all the way across the continent for Arizona, ranked fifteenth nationally.

Already in the fold were Bradley, No. 1 in the final Associated Press poll; Kentucky, No. 3; Duquesne, No. 6; Western Kentucky, No. 8; St. John's of Brooklyn, No. 9, and La-Salle, No. 10.

From Second Ten

From the second 10 in the national rankings were plucked San Francisco, defending champion at twelfth, and Long Island University, No. 13, to go along with Arizona.

The remaining contender, Lew Andrews' "Silver Anniversary" quintet from Syracuse University, like Niagara and CCNY, failed to place in the first 20.

The fast NCAA championship tournament, beginning March 23, also is drawing heavily from the select bracket.

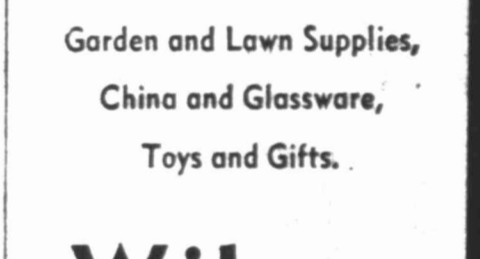

Also, Bradley and Duquesne may pull off a "double" by playing in both tournaments.

**Tuesday Night Game To Thin NAIB Field**

New Mail Delivery Routes For Rapidly-Growing Midland To Be Started Wednesday

Two new foot mail delivery routes in rapidly growing Midland are to be put into service Wednesday, according to Postmaster Noel G. Oates. Mounted delivery to outlying areas also is to be expanded. Included in the areas to be served are some streets which have been receiving mounted delivery, and some which have not been receiving delivery service of any kind. Areas scheduled to receive twice-daily foot delivery no longer need curbside boxes, Oates said. House boxes should be placed in an accessible spot in the new areas, he pointed out. New Areas Listed New areas to be served with foot delivery twice a day are located in Northeast Midland, and include the 600 block on Nobles Street; the 1600 and 1700 blocks on North Main Street; the 1600 and 1700 blocks of North Weatherford Street; the 300 and 400 blocks of East Maple Street; and the 200, 300 and 400 blocks of East Oak Street. Oates requested that persons living on these streets come to the Midland Post Office and fill out a change of address card to insure proper service, and to give mail carriers a record of names and addresses. All of the foregoing are newly opened blocks. Others to be changed from one trip daily, foot delivery to two-trip foot delivery, will not be required to fill out a change of address card. Blocks included are: the 300 and 400 blocks on East Hart Street; the 300 and 400 blocks on East Cedar Street; the 300 and 400 blocks on East Cottonwood Street; the 300 and 400 blocks on East Elm Street; and the 300 and 400 blocks on East Magnolia Street. Another new section to be opened, for which change of address cards should be filled out at the post-office includes the 1200, 1300 and 1400 blocks on South Weatherford Street and the 1200, 1300 and 1400 blocks on South Fort Worth Street. To be changed from a mounted route to foot delivery in Northwest Midland are locations in the 2000 and 2100 block on West Michigan Street; the 2000 and 2100 blocks on West Louisiana Street and the 300 block on North N Street. Mounted Service New mounted service, giving one delivery a day, is to be added to areas in West Midland. Blocks to be included in the new mounted service will be: the 2700 and 2800 blocks of Franklin Street; the 2700 and 2800 blocks on Roosevelt Street; the 800 block on Boyd Street; the 2900 and 3000 blocks on West Michigan Street; the 1600 block on West Storey Street; and the 1200 block on West Bedford Street. Areas heretofore served by mounted delivery, but giving door-to-door service, will be changed to conventional two trips per day service by a foot carrier. Included in this change will be: the 600 block on West Watson Street and 1100 North Carrizo Street; the 500 block on West Nobles Street; the 500 block on West Estes Street; the 500 block on West Cowden Street; the 1300 block on North Pecos Street; the 100, 200, 300 and 400 blocks on West Jack Street; the 200, 300 and 400 blocks on West Hamby Street; the 200, 300 and 400 blocks on West Hart Street; the 1500, 1600 and 1700 blocks on North Marienfeld Street; the 1700 and 1800 blocks on North Bryant Street; the 1700 and 1800 blocks on North Keith Street; the 1600 and 1700 blocks on North Big Spring Street; the 500 and 600 blocks on East Maiden Lane; and the 1500 through the 2300 blocks on North Edwards Street.

Fireman—

(Continued From Page One) on Taylor's ranch about 18 miles east of Dumas.

The blaze threatened the Texoma Gasoline Plant until it was headed off by a series of backfires.

Sixty miles or more to the east of Dumas, a blaze chewed out a path near Canadian and along the Canadian River before it was brought under control.

A short-lived fire charred the prairie near Pleasant Valley about five miles north of Amarillo, and another burned a section of grazing land on the John Pain ranch, 25 miles north of Amarillo, before dying out.

The Dumas and Canadian fires appeared to have been caused in the same way, by sparks from cities' dumps.

The fire started near the city dump about four miles south of Dumas. It followed an erratic course, keyed to the shifting wind; eastward from Dumas, northeast, then southwest until it was slowed by a creek as it headed for the Canadian River, then eastward again.

Some 700 men—including ranchers whose herds and homes were in danger, and volunteer firemen from Dumas, Sunray, Dalhart, and the Cactus Ordnance Plant—fought the blaze until it appeared ready to burn itself out.

The fire near Canadian started about 7 p.m. at the city dump on the northern edge of town. It burned a mile-wide strip near the river. When volunteer fire fighters finally whipped it late Monday night, it was within 100 yards of the Carl Cansler home.

The Dumas fire cut across State Highway 132 each of Dumas. The sheriff's department and State Highway Patrol blocked off the highway, where four persons were hurt slightly in auto accidents due to poor visibility.

Hugh Lyle, Dumas attorney, told The Associated Press the turning point in the fight against the blaze came when "the flames ran into Big Blue Creek south of town here, and then the wind died down to almost nothing."

Cattle, Barns Burn Lyle said he saw a number of cattle burned up. He said he understood a number of barns and cowboys—but no homes—were destroyed.

The dust clouds moving ahead of the weather front darkened El Paso, Midland, Big Spring, Childress, Amarillo, Lubbock, Brownfield, Littlefield and most of the South Plains. El Paso reported gusts up to 45 miles an hour, Amarillo and Lubbock up to 55.

Temperatures were expected to drop to near freezing Tuesday night in the Panhandle and Eastern Plains. Scattered showers are possible in East Texas.

Farmers are worried about the shifting topsoil. But they remembered that conditions were similar in the South Plains last year—and then ear-record rains fell, and their farms produced huge crops.

Midland Veteran Awarded First Area Land Grant

Roy W. Rotan, Midland plumber, Monday became the first veteran in the Midland area to purchase a farm under the veterans land bill. Rotan was awarded a 120-acre tract on the Winborn and Dunn Reiger sites about five miles south of Midland. Purchase price was \$45 an acre.

Under the veterans land bill, passed by the Texas Legislature in 1949, veterans may purchase with state aid tracts of land, outside of city limits, which amount to 20 or more acres and costing not more than \$7,500. Several million dollars were appropriated by the legislature. A veteran has 40 years to repay the state loan.

A veterans land board was set up by the 1949 Legislature with Bascom Giles, state land commissioner, serving as chairman. Governor Allan Shivers and Attorney General Price Daniel also serve on the board.

A veteran, purchasing land under the new bill, must retain at least half the mineral rights and any revenue received from mineral development on the land must be applied to the debt's inauguration.

The land purchased by Rotan was owned by Mrs. Martha Carpenter. It was part of the old Winborn and Dunn Reiger estates south of Midland. Great Lakes Carbon Corporation holds mineral leases to the land.

Emil C. Rassman, Midland attorney, handled the arrangements for the purchase. H. H. Haldeman, chairman of the veterans land board, expressed satisfaction that the board was able to complete and award the first farm to a Midland veteran under the new bill.

Alcoholism Problem Discussed By Whaley

"As citizens, we should know the problem of alcoholism," Searcy Whaley of Lubbock told members of the Optimist Club at its luncheon Tuesday in H. H. Scharbauer hall.

He said alcoholism is the No. 4 health problem in the United States and that of the 62,000,000 persons who use alcohol in one form or another that 4,000,000 are alcoholics.

Whaley is associated with a clinic at Lubbock. He praised the work accomplished by Alcoholics Anonymous.

Education and understanding are the two greatest weapons against alcoholism, the speaker added. "Everything connected with alcoholism is waste," Whaley declared.

On March 18, on the 6,000-acre ranch site. Thorsen said he expected an attendance of 150 Explorers. He emphasized that the bivouac is open to all Explorers, both those in Explorer units and those attached to Scout Troops. Each group of 20 Explorers is to be accompanied by an adult leader.

Scout Painter of Odessa, field executive, is to be director of the camp, Thorsen said.

HOUSTON—(AP)—The City Health Department has uncovered another huge shipment of horsemeat, labeled as expensive "beef tenders," in a Houston packing house, it was announced Tuesday by Will Sears, city attorney.

Sears said the City Health Department got on the trail of the horsemeat while engaged in a routine check of Houston restaurants. The investigation led them to 1,911 pounds of the meat in boxes bearing federal inspection stamps at the wholesale packing house, Dr. Fred K. Laurentz, city health officer, said. He added that the meat was bought "in good faith" by the Houston packing firm from a Dallas broker who was handling the meat for a Fort Worth packing plant.

FROM NEW JERSEY John J. Redfern, Sr. is here from New Jersey to visit his son, John J. Redfern, Jr., and family.

NEW MEXICO VISITORS J. Carter and J. B. Howell of the Whitewater Lodge at Glenwood, N. M., are visiting in Midland. Howell formerly was manager of Hotel Scharbauer here.

QUAKE ROCKS PHILIPPINES MANILA—(AP)—An earthquake frightened people of their homes in Central Philippines Tuesday. No damage was reported.

The National Geographic Society says Dr. Thomas Walker in 1790 disclosed the importance of Cumberland Gap as a way to the west.

Permian Basin Oil & Gas Log

(Continued From Page One) Smith survey. It was originally started to dig to about 7,800 feet to explore the Ellenburger.

Seven Canyon reef locations have been staked in the prolific fields of Scurry County.

On the northeast side of the Kelley pool, Lone Star Producing Company No. 2 J. E. Davis will be drilled 2,133 feet from south and 1,333 feet from east lines of section 283, block 97, H&TC survey, and five miles northwest of Snyder.

Two miles nearer Snyder, Skelly Oil Company No. 3 Jake W. Smith will be drilled in the same area. Location is to be 467 feet from north and east lines of the northwest quarter of section 15, block 1, J. P. Smith survey.

Also slated for the Kelley pool, Phillips Petroleum Company No. 4 Mokane is to be 467 feet from north and east lines of the northwest quarter of section 15, block 1, J. P. Smith survey, and four miles west of Snyder.

In the Kelley field and two miles west of Snyder, Tide Water Associates will drill its No. 1 S. E. McCowen, to be 690 feet from east and 467 feet from south lines of tract 33, section 39, Kirkland & Fields survey.

Magnolia Petroleum Company has scheduled two explorations in the North Snyder pool. Magnolia No. 1 K. N. Thrane will be a one-location well flanker to the producing area. Drill site is to be 660 feet from south and east lines of the southwest quarter of section 338, block 97, H&TC survey, and five miles northwest of Snyder.

Magnolia No. 3 Minnie Smith will be 467 feet from north lines of section 18, J. P. Smith survey, and three miles northwest of Snyder.

Sun Oil Company will drill a possible addition to the Diamond M pool. Drill site is to be 660 feet from west lines of the southwest quarter of section 202, block 97, H&TC survey.

On the north edge of the North Snyder, and one-location south to that field extension, The Texas Company No. 1 Fuller, Standard Oil Company of Texas has completed its No. 5 G. E. Parks for a rated potential of 1,056 barrels of 43.4-gravity oil, and no water.

The natural flow was through a one-half inch choke, and gas-oil ratio was 931-1. Pay was topped at 6,772 feet, and total depth is 6,920 feet.

The new producer is 467 feet from north and west lines of the lease in section 448, block 97, H&TC survey.

Two For Abercrombie Abercrombie has completed two wells on the south side of the North Snyder pool; both are in section 40, Kirkland & Fields survey.

Shaker 2 467 feet from west and 3,120 feet from south lines of the lease in section 40, tract 21. On a rated daily potential, it produced for 292.8 barrels of 43.4-gravity oil, and no water.

The natural flow was through a one-half inch choke, and gas-oil ratio was 830-1. Pay was topped at 6,570 feet, and total depth is 6,701 feet. A seven-inch oil string was set at 6,635 feet.

Abercrombie No. 5 Guy Stoker, after being treated with 1,500 gallons of acid, rated a daily potential of 199.9 barrels of 43.5-gravity oil, and no water. The natural flow was through a 21/2-inch choke.

Gas-oil ratio was 800-1. Pay was topped at 6,573 feet, and total depth is 6,700 feet. A seven-inch oil string was set at 6,595 feet.

Location is 467 feet from west and 1,600 feet from south lines of the lease in section 40, tract 22.

Standard Completes Standard has completed its No. 4 Dodson-Terry Unit is the North Snyder for a rated daily potential of 266 barrels of 43.5-gravity oil, and no water. Flow was natural, and a one-half inch choke was used.

Gas-oil ratio was 928-1. Pay was topped at 6,194 feet, and total depth is 6,881 feet. A seven-inch oil string was set at 6,561 feet.

Location is 467 feet from east and 574 feet from south lines of the lease in section 384, block 97, H&TC survey.

Another completion by Standard is the No. 8 L. S. Herod. After being treated with 1,000 gallons of acid, the well flowed for a rated daily potential of 626 barrels of 43.5-gravity oil, and no water.

Flow was through a one-half inch choke, and gas-oil ratio is 987-1. Pay was topped at 6,772 feet, and total depth is 6,975 feet.

Three Kelley Additions The new producers have been finished in the Kelley-Canyon pool. Lone Star Producing Company No. 3 Pearl B. Lary, 467 feet from south and east lines of the lease in section 16, tract 30, J. P. Smith survey, rated a daily potential of 724.23 barrels of 43.7-gravity oil, and no water.

The pay area at 6,686 feet to total depth, 6,819 feet, was treated with 500 gallons of acid. A seven-inch string was set at 6,614 feet.

Permian Basin Oil & Gas Log

(Continued From Page One) 44.7-gravity oil, naturally, and no water.

Flow was through a 2 1/2-inch choke, and gas-oil ratio is 644-1. Pay was topped at 6,694 feet, and total depth is 6,843 feet. A five and one-half inch oil string was set at 6,774 feet.

Location is 660 feet from south and east lines of the lease in section 24, block 97, H&TC survey.

Hunt Trust Estate No. 1 J. A. Clark has rated a daily potential of 594 barrels of 42.3-gravity oil, and no water.

Flow was natural through a one-half inch choke, and gas-oil ratio was 677-1. Pay was topped at 6,790 feet, and total depth is 6,850 feet. A seven-inch oil string was set at 6,818 feet.

Location is 665 feet from south and 1,962.24 feet from east lines of the lease in section 198, block 97, H&TC survey.

Lion Oil Company accounts for two of the new wells. Lion No. 6 Strom rated a daily potential of 379.29 barrels of 44.3-gravity oil, and no water.

Flow was natural through a 1 1/2-inch choke, and gas-oil ratio was 843-1. Pay was topped at 6,672 feet, and total depth is 6,806 feet. A seven-inch oil string was set at 6,804 feet, and production was through perforations at 6,682-6,734 feet and 6,744-6,792 feet.

Location is 1,997.91 feet from south and 1,962.24 feet from east lines of the lease in section 198, block 97, H&TC survey.

Lion No. 37 McLaughlin has rated a daily potential of 312.72 barrels of 44.4-gravity oil, and no water.

Flow was natural through a 1 1/2-inch choke, and gas-oil ratio was 813-1. Pay was topped at 6,620 feet, and total depth is 6,814 feet. A seven-inch oil string was set at 6,813 feet, and production was through perforations.

Location is 665 feet from south and 500.26 feet from west lines of the lease in section 197, block 97, H&TC survey.

R. E. Smith No. 8 Marsh Springer, after being treated with 1,000 feet of acid, rated a daily potential of 286.32 barrels of 44-gravity oil, and no water. Flow was natural through a one-fourth inch choke.

Pay was topped at 6,738 feet, and total depth is 6,754 feet. A five and one-half inch oil-string was set at 6,742 feet.

Location is 660 feet from south and 1,980 feet from east lines of the lease in section 123, block 25, H&TC survey.

NE Schleicher Venture Plugged In Deep Zone

E. M. Wahlenmaier and Morgan, Aikman & Company No. 1 Jackson, Northeast Schleicher County wildcat, 660 feet from north and east lines of section 46, block H, GH&SA survey, has been plugged and abandoned.

This prospector drilled to 6,000 feet in barren Ellenburger. The only fluid developed in that horizon was water.

It plugged back a 2 1/2 inch drillstem the Straw line at 5,050-5,150 feet. A one-hour test had a recovery of 900 feet of drilling mud, and 3,050 feet of salt water.

Area Landmen Hear Talk By Miller On 'Taxes In Leasing'

Approximately 100 persons attended a dinner meeting of the Permian Basin Landmen's Association in the Crystal Ballroom of Hotel Scharbauer in Midland Monday night.

Kenneth G. Miller, Midland attorney, addressed the group on "Oil and Gas Lease Transactions From Tax-Viewed Angle."

Harry H. Lawson, president of the PBLA, presided at the meeting.

Council Will Confer With Advisory Groups

The City Council Wednesday afternoon will launch a series of meetings with members of three advisory commissions. Each of the meetings is scheduled at 4 p.m. in the council chamber in the City Hall.

Advertisement for DOBBS eye exams, featuring a woman's face and the text 'IT'S THE DOBBS', 'PIQUANT', and 'Dunlap's'.

Officials Discuss Airpark Disposition. The disposition of certain facilities at Midland Airpark was discussed Monday afternoon by Mayor William B. Neely, City Manager W. H. Oswald, representatives of various government agencies at a conference in the City Hall.

Livestock. FORT WORTH—(AP)—Cattle 1,800; calves 400; steady; good and choice slaughter steers and yearlings 24.00-26.00; best yearlings 27.00; common to medium 18.00-24.00; beef cows 16.50-19.50; good and choice slaughter calves 24.00-27.00; common and medium calves 18.50-24.00; stocker steer calves 20.00-27.50; stocker heifer calves 26.00 down; stocker yearlings 19.00-25.50; stocker cows 17.00-21.00.

FIRE DESTROYS HOUSE. A frame residence at 205 North Tyler Street was destroyed by fire about noon Tuesday. Firemen were called to the scene but the blaze was reported out of hand on their arrival.

MEDICAL PATIENTS. Mr. and Mrs. Charles DeBarbie are medical patients in Western Clinic-Hospital.
