

Permian Basin OIL & GAS LOG

James C. Watson
Oil Editor

C-S Upton Project Is Reported High On Ellenburger

Republic Natural Gas Company and Seaboard Oil Company of Delaware, Central-South Upton County wildcat, four and one-half miles southwest of Rankin, is bottomed at 11,170 feet in the Ellenburger lime and is taking a drillem test. This prospector entered the Ellenburger at 11,070 feet. Elevation is 2,545 feet.

It ran a drillem test on the top 80 feet of the Ellenburger at 11,070-120 feet. The tool was open one hour and five minutes. Recovery was 15 feet of drilling mud, with no shows of oil, gas or water.

400 Feet High

Some geologists correlate the Republic Natural-Seaboard venture to be approximately 400 feet high to the top of the Ellenburger in the Samedan Oil Corporation No. 1 well, about two miles northeast of Rankin, which developed water in the Ellenburger and is now testing slight shows of oil and gas in the Devonian.

The Republic-Seaboard No. 1-A University is 600 feet from north and 2,604 feet from east lines of section 17, block 15, University survey. It is six miles east of the shallow McCamey field.

C-S Pecos To Get 5,000-Foot Test

A 5,000-foot wildcat in Central-South Pecos County has been started by Albert E. Walker of Wichita Falls.

Walker No. 2 R. W. Arnold will be 30 miles northeast of Marathon and 1,352 feet from north and 1,338.8 feet from east lines of section 18, block 1, H&TC survey.

Elevation in that area is 3,810.2 feet. Drilling is to begin by March 27. It will be a cable tool operation.

Two Outposts Staked To Tex-Harvey Field

Two explorations are scheduled on the northwest side of the Tex-Harvey Clear Fork pool in Central-East Midland County.

Glendale Oil Corporation of Fort Worth No. 1 Dixon will be in the center of the southeast quarter of the southeast quarter of section 9, block 27, TP survey, T-3-S. Stated depth is 8,100 feet.

Rotary contract was let to E. L. McFarland Drilling Company of Denver City, who operators are now on location rigging up rotary.

Harry B. Lake and others No. 1-A Dixon is slated in the center of the southeast quarter of northeast quarter of section 9, block 37, TP survey, T-1-S.

Al Buchanan Drilling Company has the rotary contract to drill to 8,100 feet, or production above that depth.

The Tex-Harvey field is 13 miles southeast of the city of Midland. Pay section is the Spraberry sand of the Clear Fork around 8,000 feet.

Pennsylvania High In C-W Midland

Magnolia Petroleum Company No. 1 Roy Parks, an Ellenburger wildcat in Central-West Midland County, has topped the Pennsylvania, 123 feet high to the Texas Company No. 1 Scharbauer, a small Ellenburger producer four miles to the north.

Pennsylvania top on the Magnolia project was picked at 10,060 feet, on a minus datum of 7,225 feet.

Location of the No. 2 Parks is 660 feet from north and 2,180 feet from west lines of section 10, block 1, Daugherty survey, and 1 1/4 miles southwest of the city of Midland.

Projected depth of the venture is 12,500 feet. It was last reported drilling below 10,168 feet in Pennsylvania line.

Texas No. 1 Scharbauer, and others, discovery well and only producer of the Warfield-Ellenburger pool, four miles north of the No. 2 Parks, potentiated in February of 1949 for 38.6 barrels of oil daily from a pay section at 13,049-130 feet.

East Extension To Cogdell Reef Finaled

A one-location east extension has potentiated in the Cogdell-Canyon pool in Central-South Kent County.

J. A. Chapman Production Co. has topped the Cogdell reef of daily production at 565.32 barrels of 41-gravity oil, and no water. Calculations were made from an actual six-hour flow through a three-fourths inch choke.

Gas-oil ratio was 352-1. Pay was topped at 6,648 feet, and total depth is 6,715 feet. A seven-inch oil string was set at 6,647 feet.

The No. 5 Cogdell is 467 feet from south and 660 feet from west lines of section 115, block 97, H&TC survey.

C-W Kent Wildcat Tests Lower Strawn

Ted Welner, and associates, and Sohio Petroleum Company No. 1 Garrick, Central-West Kent County wildcat, nine miles west of Clairmont, and 665 feet from west and south lines of the northwest quarter of section 87, block G, W&NW survey, was bottomed at 7,245 feet in a soft, slightly porous in the lower Strawn of the Pennsylvanian and was taking a drillem test.

So far this exploration has encountered only slight shows of petroleum in the Pennsylvanian, and it did not log any possibilities of production in any higher horizon.

SW Kent Prospector Has No Canyon Yet

Three Feared Dead In Store Fire

Lap Full Of Daughters

(NEA Telephone) Mrs. Ozzie Hargreaves of Sault Ste. Marie, Ontario, holds quad daughters, Jennifer, Janice, Joyce and Joan, whose future is a problem for her and her husband. To a report that the children would be put up for adoption, Hargreaves said, "That would be the very, very last recourse."

Plans Complete For City Hall's Open House Friday

Citizens by the hundreds are expected to visit Midland's City Hall Friday night when open house is observed in the completely remodeled and enlarged structure at the corner of Illinois and Loraine Streets in downtown Midland.

The open house hours will be from 7 to 9 p. m., with all residents of Midland and vicinity invited and urged to attend.

A public information program is scheduled in connection with the open house event.

Final arrangements for the function were completed at a breakfast meeting of a special planning committee Thursday in Hotel Scharbauer. Attending the session were Mayor William B. Neely, Councilman H. E. Chiles, Jr., Fred T. Ho-

FHA 'Rations' Home Mortgage Insurance

WASHINGTON—(AP)—The Federal Housing Administration put insurance of home mortgages on a "rationing" basis Thursday as it neared the limit of the \$6,750,000,000 it has for that purpose.

The FHA's action followed the Federal National Mortgage Association's halt in purchasing of outstanding mortgages because it almost had exhausted its \$2,500,000,000 authorization.

FHA officials said field offices over the country had been notified to stop making final commitments to insure mortgages, and to report applications here daily for clearance by headquarters.

Thus, they said, they are able to "ration" out remaining funds while Congress is studying a grant of new funds.

Contract Awarded For Odessa Hotel

ODESSA—(AP)—Plans to build a 150-room hotel here, to be named the Lincoln, were announced Thursday.

The cost will be more than \$1,000,000. An RFC loan is counted upon to the extent of \$600,000, with the rest to be raised locally.

Contract to build the hotel was let to the Von Prellack Construction Company. No date was set for start of construction.

Terminal Child Dies; Services At Gilmer

Troy Dee Brown, 10-year-old son of Mr. and Mrs. W. F. Brown of Terminal, died in a Midland hospital Wednesday night.

The Brown family moved to Terminal from Gilmer two years ago.

Funeral services are to be held at 10:30 a. m. Saturday in the Croley Funeral Home Chapel at Gilmer. Newnie W. Ellis Chapel is in charge of arrangements here.

Surviving besides the parents, are a brother, Whelan of Terminal; five sisters, Bernice of Terminal, Mrs. Rannell Lansford of Gilmer, Mrs. Geraldine Johnson of Houston, Mrs. D. D. Green of Terminal and Mrs. Paul Hanson of Gilmer, and a grandmother, Ludie Brown of Bon Wet, Texas.

For the best evening entertainment you've ever had, attend "Jack & Jill" Style Show, Friday, March 24, 7:30 p. m. at Junior High Auditorium on Texas Street.—(Adv.)

Officers Say Sheriff Slayer Born In Texas

Texas Ranger John Wood and Deputy Sheriff Ed Edwards Thursday were assembling information which they claim will prove Jose Villalobos, admitted slayer of Presidio County Sheriff O. W. (Blackie) Morrow, is Juan Carrasco who lived in Midland and worked at three different business establishments here in 1948.

"Both expressed assurance that they can prove the suspect was born in Texas, making him a citizen of the United States. Wood said if it can be proved the man is a U. S. citizen, extradition of the suspect to face prosecution in Texas could be made much easier."

Delivery Of Farm Forms Starts 1950 Census-Taking Job

WASHINGTON—(AP)—The 1950 census-taking job started in earnest Thursday as postal carriers began distributing farm census forms in rural area mail boxes over much of the nation.

Left out of the mail delivery, because of "complexities of tenant and landlord" relationships, were Alabama, Georgia, Louisiana, Mississippi, the two Carolinas and a part of Arkansas.

Officials explained it is a widespread practice in those states for landlords alone to keep books on tenants and sharecropper farm operations.

Farm census data will be gathered orally in those states when the Census Bureau's enumerators begin taking the general population and housing figures April 1.

An Odessa woman, who previously had been reported as living in Midland, has identified a picture of the suspect as a man with whom she grew up in Carlsbad, N. M., Wood said.

Wood said in his possession Thursday had been reports as living in Midland, has identified a picture of the suspect as a man with whom she grew up in Carlsbad, N. M., Wood said.

Parents Urged To Register Children For School Census

Charles F. Mathews, principal of Midland High School, urged all parents of school-age children who have not been counted in the current school census to take immediate steps to have them included in the census.

He asked parents to come to the office of the superintendent, in the high school building, or to any school principal, to register children.

The census, which must be completed by April 1, includes all children born after Sept. 1, 1937, and before Sept. 1, 1944.

Mathews said the census probably will reach the 5,000 mark with the addition of the few left unregistered.

The request was made by Mathews, acting for Frank Monroe, superintendent of Midland schools, who is out of the city.

Members Of AIME And PBGS Invited To WTGS Meeting

Petroleum engineers and geophysicists of the Permian Basin have been invited to attend a meeting of the West Texas Geological Society at 8 p. m. Thursday at which Dr. David M. DeLo, executive director of the American Geological Institute, will be the speaker.

The session will be held in the City-County Auditorium in Midland. DeLo will speak on "Geology Faces the Mid-Century." He will discuss the place of the geologist in national affairs, emphasizing the increasing importance of the profession.

★ LATE NEWS FLASHES ★

TUCSON, ARIZ.—(AP)—A B-50 from Davis-Monthan Air Force Base here crashed with a crew of 14 Thursday on the flat desert west of Gila Bend, Ariz. There was no immediate report on the fate of the occupants.

SAN SEVERO, ITALY—(AP)—Rioting flared in this southwestern Italian city Thursday and at least 18 persons—15 police and three civilians—were injured before police restored order. One report said hand grenades were tossed into police ranks.

WASHINGTON—(AP)—Senator Kerr (D-Okl.) took the Senate floor Thursday in defense of a bill to prohibit the Federal Power Commission from interfering with production and gathering of natural gas by independent producers.

ROME, N. Y.—(AP)—A C-47 transport plane crashed Thursday as it was taking off from Griffiss Air Force Base near Rome during a heavy snowfall. Officials declined to say how many persons were aboard the plane or to give any information on casualties.

Whose Oscar?

(NEA Telephone) Aircraft Worker Bruce Kierman, 20, shows newsmen his "Oscar," but he didn't win it for acting. He found it in a rubbish pile when he was 11 or 12 years old, then forgot about it. Two years ago Kierman wrote to the Academy of Motion Picture Arts and Sciences to find the rightful owner. The academy demanded the Oscar be given up, but Bruce didn't hand over the award. As academy award time rolls around again, Bruce still is curious to know who lost, or threw away, the coveted trophy.

Huge Sums Earmarked For Bases

WASHINGTON—(AP)—The U. S. military forces are embarking upon a huge building program at bases outside the continental United States, especially in Alaska.

This can be seen from the fact they propose to spend on these projects about \$284,000,000 of the \$665,000,000 they are asking Congress to authorize for military public works.

An analysis of the requests shows the Army, Navy and Air Force are joining in the major objective. The idea is to safeguard the United States from a sudden "sneak punch," possibly with atomic weapons.

Three More Teeners Missing From Homes

Midland police Thursday were notified of three more teen-agers missing from their homes here. A 17-year-old boy, a 17-year-old girl and a 14-year-old girl are gone, believed to have run away.

Officers throughout the state still are on the alert for two Midland girls, 17 and 14 years of age, who have been missing since Saturday night.

Oscar Is Top Movie Man Thursday Night

HOLLYWOOD—(AP)—Oscar, still a little pain from last year's near demise, will make his twenty-second appearance on schedule Thursday night.

Searchlights, stars, red carpets and all the conventional trappings of the annual Motion Picture Academy Awards have been assembled, yet the level of enthusiasm along "Cannery Row" definitely is substandard.

For a time, while major studios withheld monetary support, it appeared the yearly best-of-honors might pass into history. But the producers finally came through with a financial shot in the arm for Oscar.

Up for best picture of 1949 are "All the King's Men" (Columbia), "Battleground" (MGM), "The Heiress" (Paramount), "A Letter to Three Wives" (Doubleday) and "Twelve O'Clock High" (20th-Fox). Best actress nominees are: Jeanne Crain ("Pinky"), Olivia DeHavilland ("The Heiress"), Susan Hayward ("My Foolish Heart"), Deborah Kerr ("Edward, My Son") and Loretta Young ("Come To The Stable").

For Best Actor: Nominated for best actor are Broderick Crawford ("All the King's Men"), Kirk Douglas ("Champion"), Gregory Peck ("Twelve O'Clock High"), Richard Todd ("The Hasty Heart") and John Wayne ("The Sands of Iwo Jima").

Best supporting actress nominees are Ethel Barrymore ("Pinky"), Celeste Holm ("Come To The Stable"), Mercedes McCambridge ("All the King's Men"), Ethel Waters ("Pinky") and Ella Landrober ("Come To The Stable").

Nominees for best supporting actor are John Ireland ("All the King's Men"), Dean Jagger ("Twelve O'Clock High"), Arthur Kennedy ("Champion"), Ralph Richardson ("The Heiress") and James Whitmore ("Battleground").

One Person Hurt As Blast Starts Blaze

AUSTIN—(AP)—One person was injured and two or three others were reported trapped in an explosion and fire in the T. H. Williams Department store here Thursday.

Fire Chief John Woody said two and possibly three men still were in the basement and that he had little hope of rescuing them. Dense clouds of smoke blocked firemen in their efforts to enter the basement of the downtown store.

Police Chief Orders Crackdown On Car Thieves In Midland

Police Chief Jack Ellington Thursday ordered a crackdown on automobile thieves here, telling his officers to increase their vigilance for stolen cars to the maximum.

Ellington said it appears a gang of automobile thieves has moved into Midland. Two more cars were reported stolen Wednesday night after two were stolen earlier in the week.

The chief said he believes teenagers are taking the cars for joy rides and abandoning them when they run out of gasoline.

An automobile belonging to P. I. Curd was recovered on a rural road north of the Midland Country Club Wednesday. It had been missing three days.

The Midland County Sheriff's Department Tuesday recovered a 1949 Mercury owned by Stanley Erskine. It was abandoned five miles out on the Garden City Highway.

House Passes Bill To Permit Extra Cotton Plantings

WASHINGTON—(AP)—The House Thursday passed a compromise bill to tighten government controls on potato marketing and allow extra plantings of cotton and peanuts under price supports.

The measure now goes to the Senate where it may run into a stiff fight. Northwestern in the Senate has assailed it on the ground it favors the South.

Red Cross Returns Near Campaign Goal

The Red Cross finance drive in Midland County Thursday was up \$78.88 short of its \$12,900 goal.

Leaders reported contributions totaling \$11,291.14, as volunteer workers continued their efforts to complete the drive promptly.

The campaign in the rural areas has been postponed until March 31, when a benefit box supper and 48 party will be held at 7:30 p. m. All proceeds will go to the Red Cross.

McCarthy Charges Truman Jeopardizes National Security

WASHINGTON—(AP)—Senator McCarthy (R-Wis.) Thursday accused President Truman of endangering the nation's security by what he called the President's "arrogant refusal" to release government loyalty files to Senate investigators.

Actually Truman has not so far refused to turn the files over to the Senate Foreign Relations subcommittee which is looking into McCarthy's charges that Communists and fellow travelers have infiltrated the State Department.

"Loyal Attack"

A key Democratic senator termed McCarthy's criticism of Truman "such a lowly attack that I can't think of a fitting reply." He added: "Let the American people be the judge of that kind of criticism of the President of the United States."

Senator Tydings (D-Md.), chairman of the inquiry committee, said he had "absolutely no comment" on McCarthy's remarks.

The Wisconsin Republican made his blunt attack on Truman in a telegram to the vacationing President at Key West, Fla.

"I feel," McCarthy told Truman, "that your delay of this investigation is a most serious refusal to act."

(Continued On Page 14)

Police Nab Suspect In Acid Spraying

DALLAS—(AP)—Dallas police think they may have the elusive gentleman who has been spraying the legs of women and girls with acid.

A 30-year-old man was arrested Wednesday night shortly after one of the acid-spraying victims gave officers a description of a man who walked past a few minutes before her legs began to burn.

Police have received nine complaints about acid throwing in the last week.

Don't forget the Children's "Jack & Jill" Style Show, Friday evening, March 24, 7:30 o'clock, Junior High School Auditorium on Texas Street.—(Adv.)

Screen Actor Will Seek Senate Seat

HOLLYWOOD—(AP)—If you're a good boy, Kimer, maybe you'll grow up to be a movie star. And if you're a good movie star, maybe you'll get to be a senator.

Likely Edward Arnold.

Arnold, who recently played the role of a senator in a film liked the idea of the suit so well he decided he'd try to buy it.

He announced definitely Wednesday he will file for the Republican nomination for the seat of Sen. Sheridan Downey (D-Calif.). He had said previously he was "contemplating" making the race.

Cost of World War I in money has been estimated to have been \$180,000,000,000.

Old-Timers Want Work—Hollywood Should Help Them

By **ERSKINE JOHNSON**
NEA Staff Correspondent

HOLLYWOOD—Hollywood's boast that it always takes care of its own needs is shot in the arm. Scores of old-timers, who helped found the film industry, are not being called for extra work because someone has decided they're too old. One told me: "The only time we get a job is when some director pal makes a special request for us. Since when has 90 been too old for extra work?"

Despite all the gals Kirk Douglas is reportedly serious about, friends say he's most serious about winning back his ex-wife. . . . Butch Jenkins, now 12, is planning a film comeback. Movie fans will hardly recognize him. Most of those famous freckles have disappeared.

Legal eagles are getting king-sized forehead creases trying to bring off an acceptable separation settlement between the Frank Sinatra. There's a lot of red ink.

The moonah being pulled down by Charles Laughton in his readings of the classics is giving Hollywood stars ideas. At least five top stars are asking their agents to set up similar tours. I can hardly wait (or can I?) to hear Lana Turner reading excerpts from "Uncle Tom's Cabin" and Hedy Lamarr spouting Charles Dickens.

Hunting pals Gary Cooper and Spencer Tracy both are gunning for the same rabbit—the lead in Ernest Hemingway's new novel, "Across the River and Into the Trees." There will be no "You

Sign on a baby-blue convertible in a Los Angeles used-car lot: "Terrific pick-up on Hollywood Boulevard."

Head of The Class
Bob Fellows is the fair-haired boy at Paramount with two hits, "Let's Dance" and the Alan Ladd film, "U. S. Mail." Ladd yelled when he was cast in the picture but now says it's his best since "This Gun for Hire." Fred Astaire's dancing with Betty Hutton in "Let's Dance" is really great. Bob's new find for Paramount is 17-year-old Karolee Kelly—sister of Nancy Kelly.

Ken McEldowney, now making "The River" in Indiana, may get back to Hollywood with the film rights to Mahatma Gandhi's life story.

Barry Sullivan is Bette Davis' leading man in "The Story of a Divorce." He came to Hollywood five years ago but got lost in the shuffle until M-G-M signed him 18 months ago. Now he's so busy Bette has to wait a couple of days while he goes back to M-G-M to play a love scene with Lana Turner in "A Life of Her Own." But that's Hollywood.

Mercedes McCambridge says she's giving up radio and stage for a straight movie career. She's in "Lightning Strikes Twice" at Warner. The television threat, loss of the foreign market and postwar economy has Hollywoodites repeating Louise Fazenda's observation. At the peak of her fame as a star, Louise said: "Somebody should erect a big sign over Hollywood Boulevard reading: 'It won't last forever!'"

Employers Notified Regarding Tax Rate Applicable In 1950

Employers subject to the Texas Unemployment Compensation now are being notified regarding the rate of tax applicable to each employer during this year. The tax rate for an employer eligible for an experience rate is based on the amount of charges against his account resulting from approved claims of former employees and the overall state experience.

Further information may be obtained from the TUC offices at 200 East Wall Street.

As of Jan. 1, 1950, almost 80 per cent of the 28,609 employers subject to the Act had acquired an experience rate. The new amendment to the law which became effective January 1 will result in a large tax saving for many employers. The new minimum rate of one-tenth of one per cent was acquired by 9,481 employers or by 45.2 per cent of the employers with an experience rate. Under the new law, tax rates are graduated in amounts of one-tenth of one per cent instead of the one-half of one per cent formerly used.

Lower Than One-Half
A total of 16,812 employers now have a rate lower than one-half of one per cent, approximately 78.7 per cent of all employers eligible for an experience rate.

Employers have benefited further by a reduction of the state experience factor used in determining employer's rates. This decreased from 15 per cent for 1949 to 13 per cent for 1950, resulting in \$28,900,000 in unemployment taxes during 1949 and it is estimated that employers have paid on 1949 taxable wages about \$48,000,000 less than they would have paid had there been no experience rating plan in effect.

The savings for Texas employers during 1950 will be greater than the savings experienced in 1949 as a result of the new amendments, officials said.

Shrine Banquet Is Set Friday Night

The Midland Shrine Club will stage its annual ladies night banquet at 8 p.m. Friday in the Crystal Ballroom of Hotel Scharbauer, officials announced. They said final arrangements have been completed and a large attendance is assured.

Cecil Hodges, program chairman, said an outstanding program has been arranged for the function. The principal speaker will be the Rev. Malcolm M. Twist, chaplain of El Malda Shrine Temple at El Paso. William L. Kerr of Midland will be the master-of-ceremonies.

Officers of El Malda Temple will be special guests at the banquet. All Shriners, regardless of whether they are members of the Midland club, and their ladies are invited to attend the event, which will be informal.

STEPS ON NAIL
Dickie Venator, nine, son of Mr. and Mrs. Richard Venator of 404 West Parker Street, was given emergency treatment at Western Clinic Hospital Wednesday after he had stepped on a nail. He was given an anti-tetanus injection and released.

Dr. Syler Will Head Big Spring Hospital

AUSTIN—(AP)—Dr. Robert W. (Bob) Syler will succeed Dr. A. M. Bowden as superintendent of the Big Spring State Hospital April 1.

Moyné L. Kelley, executive director of the State Hospital Board, announced Dr. Bowden will remain on the staff of the Big Spring hospital until June 30, at which time he will retire under the board's 70-year rule.

FLOODS ROUT 2400
SYDNEY, AUSTRALIA—(AP)—Floods Thursday will result in the evacuation of 2,000 persons from homes in the state of New South Wales, Southeast Australia.

Driver Gets Coffee, Passengers Take Bus

MIAMI—(AP)—When a bus driver parked his vehicle, turned off the lights and went into a restaurant for a cup of coffee, two passengers drove off with the bus.

They were picked up later and jailed on a charge of larceny of a vehicle.

The bus driver said he thought all passengers were off when he went to get his mighty cup of coffee.

L. Crothers, Mr. and Mrs. W. H. Greenstreet, Mr. and Mrs. C. H. Ervin, Mr. and Mrs. O. H. Hardy and Mr. and Mrs. Roy M. Huffington.

SEE MOVIE

Teachers of the sixth grade rooms in John M. Cowden Junior High School treated their 307 students to a movie Wednesday afternoon. The group saw "Christopher Columbus."

"US Is World Music Leader," Speaker Tells Fine Arts Club

Offices in Carnegie Hall must pass on the musician today, not Venice or Paris, Mrs. Ralph Oberholzer, told the Fine Arts Club at its meeting in the parlor of the First Presbyterian Church Wednesday. Mrs. Oberholzer and Mrs. Y. D. McMurry were hostesses.

Speaking on the subject, "A Musical Review," she said the United States leads the world in music and Europe will never again take the leadership. The American dollar is responsible for our leadership because of the vast amount of money spent through radio, recordings, concerts and the stage, she said.

Mrs. McMurry stated that music is no longer the property of the elect but an intimate part of normal domestic life because of the radio and television, in her talk on "World Understanding Through Music." Music is a universal language which bridges the gulf between nations as nothing else can, she added.

A guest day program followed the discussion. Mrs. Joseph A. Mims presented two piano numbers, "Rustle of Spring," "Singing," and "Tico-Tico," Abren. Jeannine Blank, instructor in Midland public schools, sang three numbers, playing her own accompaniment, "O Mio Bambino Caro," Gianni, "Schilchi," Pucniak, and "Als Die Alto Mutter," Dvorak.

Prizes To Be Given In Quiz Show Are Listed By Sponsors

A list of prizes to be given at the "Dr. I. Q." show March 31 has been announced by the Midland Service League, sponsors of the show, which will be at 8 p.m. in the Midland High School Auditorium. Tickets will be on sale next week in downtown office buildings and at the door on the night of the program.

Cash prizes, two of \$100 and one of \$50, will be given, as will merchandise certificates and other articles.

Merchandise certificates will be given by Excel-Sure Cleaners, Pauline's Style Shop, Kiddies Toggery, Piggly-Wiggly, the Triangle, Charles A. Haynes Company, Tailorline, Colbert's, Woodford Drugs, H and H Food Store, Fashion Cleaners, Furr Foods, Habit Cleaners and Midland Theaters.

Other prizes will be candy, Petroleum Drug; ham, Barney's Meat Market; blanket, J. C. Penny Company; organoid curtains, Virtue's; blouse, Fashion Salon; travel kit, Carl's; electric iron, Caffey Appliance Company; electric egg cooker, Phillips Electric Company.

Electric toaster, Beauchamp's; wallet, T. Paul Barron's; magazine rack, Stanford Furniture Company; camera, Midland Camera Shop; flowers, Buddy's Flower Shop, Midland Floral Company; Quince Belle's and City Floral Company.

THE REPORTER-TELEGRAM, MIDLAND, TEXAS, MARCH 22, 1950-3

Altrusa Club Takes Initial Step To Form Library Group

Application for a charter forming a Friends of the Midland Public Library Association was signed by all members of the Altrusa Club who were present at a meeting Wednesday night in the home of Katherine Shriver, and the application was to be sent to the Secretary of State Thursday.

Altrusa Club members recently adopted assistance to the Midland County Library as their long-range project, and planned to organize a Friends of the Library Group as one phase of that project. While the actual organization is not planned for a few months, the groundwork is being laid now and the charter will be a first step.

Members of the club's library

committee, Ada Phillips, Hilda Ray and Geraldine Simmons, were named in the application as directors of the proposed corporation which will sponsor the organization.

A business meeting of the club followed a covered dish luncheon and a preliminary session of the Board of Directors. A contribution to a scholarship maintained by Altrusa Clubs of the Seventh District, on which a nurse from Korea is now doing graduate work at Vanderbilt University, was voted by the members.

Dinner was served buffet style at quartet tables. In the dining room, an arrangement of plum blossoms decorated the buffet and the table was set with colorful pottery.

Texas Music Is Discussed In Club Meeting

Texas is one of two states of the 48 which has as many as three major symphony orchestras, Mrs. Kenneth Newton told the Progressive Club in its meeting Wednesday in the home of Mrs. J. W. Thomas.

The program was the annual Texas Day program of the club. Mrs. Newton quoted from John Rossenfield's "Musical USA." In this book he defines a major symphony orchestra as one with a budget greater than \$100,000 a year. Mrs. Newton said New York ranks first with the New York City, Buffalo and Rochester Philharmonic Orchestras. Texas is second with its symphonies in Dallas, Houston and San Antonio, she added.

The tea table was centered with an arrangement of sweetpeas, sold by members present included Mrs. Ouis Baggett, Mrs. Sol Bunnell, Mrs. James C. Clary, Mrs. W. E. Cox, Mrs. Wilmont Hunt, Mrs. A. A. Jones, Mrs. Lindsey Latham, Mrs. John K. Lydecker, Mrs. E. A. McCullough, Mrs. George Heils, Mrs. W. H. Pomeroy, Jr., Mrs. Buri H. Sell, Mrs. Pete Tyler, Mrs. Haden Upchurch, Mrs. Thomas M. West, Mrs. R. A. Estes, Mrs. John J. Kimberlin, Mrs. V. E. Hanes and Mrs. Donald M. Johnson.

Girl Scout Troops Entertain Guests At Weekly Meetings

Cookie sale reports were given and other troops entertained at meetings of Midland Girl Scout Troops Wednesday afternoon.

Members of Troop 21 met in the home of Mrs. Bill Roush who told them that their proceeds from the cookie sale totaled \$79.50. They also played games.

Members attending the meeting were Francella Brooks, Brenda Gouchie, Barbara Miller, Zeba Flynn, Beverly Burleson, Marquita Wells, Sue Thompson, Christine Craig, Pamela Millet, Marjorie Davis, Glenda Lee Brookshire, Glenda Jo Leslie, Dena Darr, Bernice Barron and Sharon Shaw.

Brownie Troop 23 was entertained by members of Troop 18 in the home of Mrs. C. O. Fredregill. The girls danced to folk songs, showed their work and heard a guest, Charles Fredregill, play two violin solos.

Troop 18 members present were Betty Bond, Zella Booth, Sylvia Bourke, Jackie Brookshire, Bennie Brown, Jeannine Connally, Cloe Eubank, Elhart Gill, Pauline Gwyn, Barbara Herring, Shirley Jones, Cecil Kelly, Kay Leaton, Patsy Medart, Janice Merritt, Jackie Moore, Mary Jo Newman, Margie Oldaker, May Fern George, Bobby Towery and Fatsy Bookson.

Brownies attending were Vera Mayfield, Kay Sadler, Donna St. Clair, Sara Pickett, Mimi Green, Patsy Spiars, Joan Kitley, Janet Ruffin, Linda Williams, Miriam Parkinson, Billie Donnell, Ann Rutledge, Judy O'Neal, Ardis Griffin, Judy Walker, Barbara Pitzer, Sally Jo Taylor, Billie Williams, Barbara Beckmann, Andrea Cole and Marcellie Shock.

Mary Underwood, Mrs. C. A. Newman, Mrs. D. W. St. Clair, Mrs. Rutledge and Mrs. R. E. L. Taylor were guests.

Brownie Troop 34 members Wednesday painted ceramics they had made in a recent meeting in the Mud Hut.

The group elected Leslie Ann Harrison historian; to make a scrapbook for the troop, Mrs. J. L. Metcalfe and Mrs. W. A. Harrison are the leaders of the group.

Girls attending were Judy Dewees, Ann Eider, Nancy Estel, Sadie Few, Leslie Ann Harrison, Ronda Horn, Linda Knightstep, Mary Helen Metcalfe, Sue Mills, Mary Jane Potter, Wanda Payne, Sandra Jo Martin, Dianne Hoover, Mariel Cates, Wanda Boyd and Ginger Cooper.

Wolfe's Books Are Reviewed For Club

Three books by Thomas Wolfe, modern American writer, were reviewed briefly by Mrs. Charles F. Henderson for the Contemporary Literature Group II of the American Association of University Women, which met in the home of Mrs. Donald St. Clair Wednesday morning. She also sketched the author's life and writing career.

Members present were Mrs. Ralph Lea, Mrs. John Norris, Mrs. Brandon Rea, Mrs. R. V. Hollingsworth, Mrs. J. W. Carroll, Mrs. E. M. Shiley, Mrs. C. L. Deavenport, Mrs. W. H. Carter and Mrs. W. F. Von Osnak.

STUDY GROUP MEETS
The Study Group of the Junior High School Parent-Teacher Association met Wednesday morning in the home of Mrs. J. D. Dillard. It was announced that the next meeting will be held at 8:30 a.m. next Wednesday with Mrs. Raymond Leggett, 203 Ridgely Drive.

Heads Of OES Chapter Are Given Banquet

Honoring Mrs. Fred Wycoff and Floyd Shirley, worthy matron and worthy patron of the Order of Eastern Star, officers and pro-tem officers of the chapter entertained with a banquet in the Crystal Ballroom of Hotel Scharbauer Wednesday night.

Biographical sketches of the two honorees, with humorous sidelights added by the writers, were presented as program features. Mrs. R. E. Baker read the biography of Mrs. Wycoff and presented her a pin in the shape of a spoon, with the Eastern Star emblem on it. Carl Hyde read the sketch of Shirley's life.

Mrs. Vera McLeRoy spoke, taking as her subject the theme of Mrs. Wycoff's administration, "Love, with the watchword, 'Hope, love and duty' and the motto, 'Life is too short to be little.'" Mrs. J. B. McCoy presented Mrs. Wycoff with the chapter's gift, a gavel with an engraved silver band, and Mrs. Dewey Foy presented Mrs. Shirley with a watch.

Both honorees responded.

Music On Program
Glenda Hamilton presided for the first part of the program, when Mrs. McCoy welcomed the guests after an invocation by Mrs. J. B. Wright; Betty Wilson sang with Miss Hamilton as piano accompanist and dance pupils of Nadyne Griffin entertained. Judy O'Neil and Billie Little appeared in solo dances, Kay and Ann McKay in a duo number, and the four danced together in encore appearances.

White, pink and green, the worthy matron's colors, were used in table decorations. Miniature archways twined with bridal wreath and pink rosebuds were set on the tables, with figurines representing the worthy matron and worthy patron standing beneath them. Bowls of pink roses were on the head table where the line officers were seated.

Mrs. Roy Jones presented a corsage of pink rosebuds to Mrs. Wycoff and a boutonniere to Shirley. Pink program booklets had green covers with the star emblem cut out. Clever place cards were decorated with pictures of the guests. Those present included, in addition to Mr. and Mrs. Wycoff and Mr. and Mrs. Shirley, Mrs. Dick Caldwell, Mrs. Johnny Bryan, Mrs. G. G. Hazel, Mrs. Leo Baldrige, Mrs. E. W. Edwards, Mrs. Earl Ray, Mrs. David Holster, Mrs. Edwin Autry, Mrs. James J. Johnson, Mrs. Frank Orson, Mrs. P. P. Barber, R. E. Baker, Mrs. Jack Anderson, Mrs. Clyde Hamilton, Ruth Donnell, Mrs. N. Keisling, Mrs. Roy Gardner and Ella Ruth Simmons.

AUXILIARY TO MEET

A speaker representing the American Cancer Society will give a talk at the meeting of the Midland Memorial Hospital Women's Auxiliary at 9:30 a.m. Friday in the studio of KCRS. All members are urged to attend the meeting.

His paintings are being shown on a West Texas circuit, including San Angelo, Big Spring and Sweetwater as well as Midland.

The other exhibit, compiled by the Alabama Division of the American Association of University Women, is being shown to school and club groups here this week preceding the public display.

The showing Sunday and Monday will be sponsored jointly by the Palette Club Art Center and the AAUW Branch.

You Are Invited

Midland citizens Friday night, for the second time in two weeks, will dedicate another new public building, when an open house and public information event is scheduled in the completely remodeled, redecorated and enlarged City Hall.

Two weeks ago, the fine new Midland High School building was dedicated in a similar event sponsored by the Board of Education of the Midland Independent School District.

Members of the City Council are sponsoring the Friday night open house, to which all residents of Midland and vicinity are invited and urged to attend.

The completion and dedication of the spacious and attractive structures evidence the fact that officials of the City of Midland and the Midland Independent School District are meeting with success in their efforts to keep pace with the remarkable growth of the community by providing facilities adequate to meet the needs of an ever-growing Midland. It is a challenge which is being met as promptly, as efficiently and as economically as possible.

The City Hall is another public building of which Midlanders will be proud. The open house program is being held so that residents may have the opportunity of seeing and inspecting the structure which their tax dollars made possible.

But even more important perhaps than the open house is the public information phase of the evening's program, when citizens will have the opportunity of becoming better informed concerning their city and its operation. Charts, maps and displays of various phases of municipal operation, administration and planning will be exhibited in rooms and hallways of the plant.

Department heads and employees will be on duty at their respective stations to answer questions and to explain the operation, duties and functions of their particular departments in the overall operation of the municipality. Members of the City Council and the various advisory commissions also will be present to discuss with interested citizens their activities, duties, plans and problems.

It is an occasion which Midlanders should not overlook. It is an opportunity of which interested citizens should take full advantage. It is an opportunity for residents to ask any and all questions which they may have concerning their city government, and to learn why this and that is being or is not being done. Midlanders by the thousands should attend the open house and public information event.

It also might be an appropriate occasion to express appreciation and commendation to elected officials who are serving unselfishly and tirelessly in conducting the affairs of a growing city to the best of their abilities.

Congratulations go to the City of Midland and to its officials and employees upon the formal opening of the new City Hall.

Sweet nothings mean everything to the romantic girl.

Mother Goose Characters

Scotty Engel, left, and Carol Ann Douglas, right, will portray characters from Mother Goose in the children's fashion show at 7:30 p.m. Friday in the Junior High School Auditorium. Scotty, son of Mr. and Mrs. Noel W. Engel, will be "Diddle Diddle Dumpling," and Carol Ann, daughter of Mr. and Mrs. J. DeLo Douglas, will have "Mary Had a Little Lamb" as her part in the show. Jack and Jill fashions from the Kiddies Toggery are being presented in the benefit show by St. Ann's Mothers Club.

SOCIETY

SUE COLEMAN, Editor

THE REPORTER-TELEGRAM, MIDLAND, TEXAS, MARCH 23, 1950-5

Easter Seal Sale Near Halfway Mark

With the Easter seal campaign of 1950 almost at the halfway mark, Mrs. Fred Cassidy, chairman, Thursday reminded Midland residents their contributions in this drive will finance an entire year's work to aid crippled children of Midland County.

Mrs. Cassidy and other members of the Children's Service League conduct the sale here each year and the proceeds are kept in a special fund for assistance to the crippled. Mrs. Alan Leeper is treasurer of the fund this year. Easter seals were mailed to hundreds of residents early this month and the campaign will continue until Easter Sunday. Persons who did not receive the seals by mail are asked to call Mrs. Cassidy or Mrs. C. H. Atchison, president of the league, who will send sheets of the seals and receive the contributions. The Children's Service League of Midland is one of 2,000 societies affiliated with the National Society for Crippled Children and Adults in this annual sale. Sixty per cent of the funds raised here will remain in the county for services to crippled children.

A part of the remainder goes to the Texas Society for Crippled Children, which supports hospitals where Midland children receive treatment for handicaps each year, and part will be sent to the national society for its program of education, research and service. Service to crippled children is one of the most important phases of the league's work in Midland.

SERVICE CHANGED

Evening devotions will be held at 7 p.m. Friday in St. Ann's Catholic Church. Regularly scheduled at 7:30 p.m., the service will start earlier Friday to accommodate those wishing to attend the Jack and Jill Style Show, which will be sponsored as a benefit by the St. Ann's Mothers Club.

Tickets For Hegyi Concert On Sale By Sponsor Club

Tickets for the violin concert by Julius Hegyi, who will be presented by the Civic Music Club in the new high school auditorium Monday night, are on sale at a downtown booth and by members of the sponsoring club, of which Mrs. Joseph Koenig is president. The booth at Wemple's is in charge of club members, who take turns staffing it during business hours each day. Tickets also will be on sale at the boxoffice on the night of the concert.

Hegyi, concert master with the San Antonio Symphony Orchestra, is holding that position for the second season and previously played with symphony orchestras under such conductors as Stokowski and Toscanini in his native New York. He played also with the Berkshire String Quartet and in solo concerts, including a Town Hall program. His solo appearances in San Antonio have won praise from Texas critics and Civic Music Club members were pleased to be able to schedule his program here. It will be the club's annual public program by a guest artist, and a club custom has been followed in selecting a musician who is a Texas resident.

Compass Class Has Banquet To Install Officers For Year

Officers were installed at a banquet of the Compass Class in the First Presbyterian Fellowship Hall Tuesday night. Dixie Howell took office as president and Jack Matthews, retiring president, was toastmaster for the program. John Reid is the new vice president of the class; Rosemary Hamill secretary; and Ed Voegler, treasurer. A. H. Vineyard is the teacher. The new officers were installed by the Rev. R. Matthew Lynn, pastor of the church.

Mrs. Roy Davis was guest speaker with "The Bible" as her subject. She told of the origin of the books in the Old and New Testament and of the various translations which have been made of the Bible. Songs by George Van Huse, with Frances Morton as piano accompanist, completed the program. Mrs. Tom Newbold was chairman of arrangements for the banquet. Since it was held on the official first day of Spring, decorations for the tables were in a Spring motif, with a variety of flowers used. Candles lighted the tables.

Favorite RECIPES of WEST TEXANS

MAHOGANY CAKE

By Mrs. Bill Roush
311 West-Dakota Street

Cream 1 cup shortening and 2 cups sugar.
Sift 2 cups flour three times and blend in 3 tablespoons cocoa.
Dissolve 2 teaspoons soda in 1/2 cup sour milk. Add flour mixture and sour milk alternately to the shortening and sugar.
Add 1 cup hot water and 1 teaspoon vanilla. Beat fairly thoroughly.

Divide into three 8-inch layer pans and cook about 40 minutes in a 350 degree oven. Ice with chocolate icing.

ICING

Mix 1 box confectioners powdered sugar and a lump of butter the size of a walnut. Add enough rather strong coffee to give the mixture a fairly stiff icing consistency and flavor with a little vanilla. Spread on cake.

The recipe is, to me, unusually good. I am particularly proud of it because in the ten years since it was given to me I have never had a failure with it.

TWO MIDLANDERS ON STUDENT COMMITTEE

Peggy Whitson and Audie Merrill, Midland students in McMurry College at Abilene, are members of a committee of 35 students working on a drive for funds to finance the education of a displaced person from Estonia. Lehton Parnaste, the 21-year-old Estonian, is expected to arrive at McMurry in time to begin classes next September.

The college administration has agreed to pay his tuition and fees while a student group has volunteered to pay his transportation from New York and to furnish his room and board during his first year at McMurry.

Personal To Women With Nagging Backache

As we get older, stress and strain, over-exertion, excessive smoking or exposure to cold sometimes slows down kidney function. This may lead many folks to complain of nagging backache, loss of pep and energy, headaches and dizziness. Getting up nights or frequent passages may result from minor bladder irritations due to cold, dampness or dietary indiscretions. If your discomforts are due to these causes, don't wait, try Doan's Pills, a mild diuretic, used successfully by millions for over 50 years. While these symptoms may often otherwise occur, it's amazing how many times Doan's give happy relief - help the 15 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!

Original Stories Of AAUW Writers Read

The beginning of a short story and a short-short story played from a wire recording were heard by members of the Creative Writing Group of the American Association of University Women who met Wednesday night in the home of E. J. Elliott.

Mrs. Ernest Sidwell read the beginning of an original short story, "Half a House." Members decided each one would write an ending for the story and read it at the next meeting.

A short-short story written and recorded by Miss Elliott also was part of the program. The recording had a musical background

which, although it was unintentional, added to the effectiveness of the story.

During the business session, it was voted to change the group's meeting hour from 7:30 to 8 p.m. The next meeting will be held April 12 with Mrs. Sidwell, 1907 West Indiana Street.

Mrs. Edwin C. Hall and Mrs. P. S. McLaren were guests at the meeting. Other members present were Mrs. John Tice, Mrs. A. P. Calahan, Mrs. Leonard Swords, Mrs. Forbes B. Pennycook, Mrs. Norman Sax, Mrs. Brandon E. Rea, Mrs. Jack C. Kimbrough, Mrs. F. L. Conners, Mrs. John S. Powell and Nell Shaw.

Twenty-Millionth Child

Little Zora Mohamood, three, of Karachi, Pakistan, becomes the twenty-millionth youngster to be tested in the International Tuberculosis Campaign sponsored by the UN. Dr. Erik Roelsgaard of Denmark makes the tuberculin test, as Zora's father. All a professional extractor of venom from cobra snakes, holds another child for examination. The mother, wearing the traditional veiled dress, looks on at left. The anti-tuberculosis campaign is going on in 18 countries of Europe, North Africa, the Middle East and Southeast Asia.

Abundant Living

By E. STANLEY JONES

Prov. 29:25; Eccles. 12:5; Luke 21:26; II Cor. 7:5.

PHYSICAL EFFECTS OF FEAR

The physiological effects of fear and worry have been scientifically studied. Doctors have put a tube down the nostrils of a patient into his stomach and measured the effects of states of mind on the stomach secretions. The secretion of hydrochloric acid often doubled during states of worrying. One man was found worrying because a fellow worker had died unexpectedly, and he had an obsession that he would share the same fate. His

stomach trouble had started after this worry began, and after he had tried to conceal it from everyone—even his wife. The stomach of another sufferer showed rushes of acid when he was telling how his wife dominated him. One sufferer even had a flow of the extra acid when sound asleep but dreaming of his troubles.

A young man had been jilted while church bells were ringing. Ever after whenever anything was mentioned connected with the church, such as the name "bishop," he would be upset.

Another young man was afraid of crowds, and so did not want a public wedding. Three times he fainted before the wedding could take place; the fourth time he fainted after it had taken place. Two things emerged as the basis of his fainting: fear of crowds, and fear of being dominated by his fiancée, who was very insistent on going through with the public ceremony. The fainting after the ceremony came as the result of fear of domination.

A man who had worked faithfully and long to get promotion in his office was so upset when the turning point came, which would decide whether he was to be office superintendent or not, that when he actually got the promotion he was unable to take it, for worry had so upset his heart that he had to go to the hospital instead of to the superintendency. Worry and anxiety snatched the prize from his hand and left him a broken man.

A doctor who suffered from stomach ulcers told me that worry and fear produced more stomach ulcers than any other cause.

O God, I see that I, too, have lost much of life's fullness and power on account of worry and fear. I see that I cannot rise to my full powers until I have shed all fears and forebodings and march forth to meet life in triumphant faith. Help me to do this. In Jesus' name. Amen.

If Martha Had Cut That Cherry Tree...

By HAL BOYLE

NEW YORK—(P)—This is a woman's world, and for a good reason. Women are better adapted to live in it.

Let us take a simple case. George Washington's father finds one of his favorite fruit trees freshly axed. Very wrath he looks up his son and asks:

"Did you cut down my cherry tree?"

Taxed directly in this way, the father-to-be of his country says:

"Yes, I did it with my little hatchet."

But suppose George had wanted to brazen it out and had said, "No, sir!" His face would have flushed red, his eyes had turned shifty—and he'd instantly have given himself away. And Pappy Washington would have put the cane to his pantaloons.

What'll Happen Next?

Suppose, however, the same incident had happened to Martha Washington when she was a girl.

"Did you chop down my cherry tree?" demands her father.

"My, did someone chop down your nice tree, Daddykins?" says she.

"What'll happen around here next?"

"What I want to know is—did you cut it down with your little red hatchet?" asks father crossly.

"Oh, Daddykins, you know I painted my little hatchet green last week."

"Well, never mind that. Did—"

"Why Daddykins!" exclaims Martha. "Look, there's a button off your new waistcoat."

"Is there?"

"Yes. Now you come into the mansion right this minute, and I'll sew another on. I don't know what would happen, Daddykins, if I weren't here to take care of you."

Helpless Daddykins

And helpless Daddykins would be led by Martha from the scene of the crime and forget all about it. He would know in his heart that she had cut down the tree, but he would never bring up the matter again.

There two incidents show a basic difference between the adjustment of men and women to any situation. You will note that Young George not only confessed the deed—he named the weapon. Little Martha, on the other hand, not only refused to give a yes-or-no answer. She changed the subject, and got her male questioner to think she was doing him a favor in the bargain.

Kermit News

KERMIT—Mrs. Ruth Marion, postmaster, has announced that formal applications are not necessary for Kermit residents desiring mail delivery. Houses must be numbered, however, mail boxes erected, and correspondents informed of the new addresses. After delivery begins, city mail will require a three-cent stamp, rather than the one-cent stamp now in use.

Mr. and Mrs. Hal Hester have received notification that their son, Rex, is in the upper 15 per cent of his class at Sul Ross State College in Alpine.

The Mc-Murry College Band from Abilene will play at 8 p.m. Sunday in the Kermit High School Auditorium.

It has been announced that the tax assessor's office will remain open during the noon hour until March 31 to facilitate the purchase of vehicle license tags.

Officer Survey To Be Made By ORC

AUSTIN—The Organized Reserve Corps officers of Texas will, in the very near future, receive a questionnaire asking for the latest up-to-date information on their civilian and military skills. Col. Oscar B. Abbott, chief of the Texas Military

District, announced. An initial survey was made early last year when 15,000 registered letters were mailed by the Texas Military District during January and February.

As a result of the first survey, detailed information as to the reserve officers' qualifications was obtained to furnish the Army essential data on which to make mobilization assignments and obtain from the reserve officer his individual desires and interests in the ORC program.

MIDLANDER'S SISTER GETS Ph.D. DEGREE

Dr. Grace Beal, sister of Mrs. W. C. Kimball, 1808 West Kentucky Street, last week was awarded a Ph.D. degree in Bacteriology from the University of Chicago. Dr. Beal has visited in Midland on several occasions and has many friends here. She spent last Christmas as a guest of her sister here.

Weevils and other pests stored in grain may be killed by high frequency electricity, according to tests.

Long Distance Video Is Termed Abnormal

NEW YORK—(P)—Normally, satisfactory television reception can be obtained over a distance of more than 50 miles. But in electronics all things do not seem to hold to normal.

As a result, Philadelphia stations under certain atmospheric conditions have been seen as far west as Wichita, Kan., while Los Angeles telecasts have been picked up at Toledo, Ohio.

Such reception, seldom if ever a regular occurrence, is declared by engineers to be due to a shift from the normal phenomena on the very high frequency channels used for television.

Chemists Perfect New Cotton Fabric

COLUMBUS, OHIO—(P)—Department of Agriculture chemists have developed a cotton fabric that wears and launders like linen, a department spokesman said here Wednesday.

News of the fabric came from Frank L. Teuton, head of the Information Division of Agricultural and Industrial Chemistry of the department.

He spoke at the annual meeting of the Ohio Farm and Home Week at Ohio State University. He said: "This fabric looks, wears, and launders like linen. It is excellent material for children's play suits, beach wear, dresses and hot weather garments. It is made from low

grade short staple cotton, and treated to give an attractive product with a linen-like finish."

The fabric, he said, was developed at the division's laboratory in New Orleans. Cotton also has been woven into a material that can be used for raincoats, tents, tarpaulins and other watertight fabrics, he added.

Sugar Ray Gets First Round Kayo

PHILADELPHIA — (AP) — Ray (Sugar) Robinson's world's welterweight crown rested more securely than ever on the veteran boxer's head Thursday after his short-order knockout of George (also Sugar) Costner.

Costner, who transferred his activities from Cincinnati to Camden, N. J., a year ago, had been pointing toward a title bout with Robinson until Wednesday night's over-the-weight bout at Convention Hall.

Robinson, who weighed 154 pounds — four more than Costner — caught the Camden contender with a hard right after 90 seconds of action.

The champion then switched to the body for a few blows, landed another right on Costner's jaw and finished him off with a left hook to the chin at 2:49 of the initial round of their scheduled 10-round go.

It marked Robinson's second first-round kayo of Costner. A previous meeting in Chicago also ended in the first round.

For the champion it was his 107th win in 110 professional fights, 74 of them by knockout. Two of his other bouts ended in draws while his lone defeat was at the hands of Jake LaMotta, present middleweight titleholder.

Tyler Bounced In National Junior College Cage Play

HUTCHINSON, KAN. — (AP) — The Northeast Mississippi Tigers were favored Thursday to win the National Junior College basketball championship.

The Booneville, Miss., team knocked off Tyler, Texas, 84-79 Wednesday night to advance to the semi-finals.

The Tigers' victory over defending champion Tyler was their second in the tournament. They blasted Campbellville, Ky., 88-85 in a first round game.

The Tigers are idle Thursday, waiting for two other semi-finalists to be determined.

Garden City, Kan., nailed down a semi-final spot Wednesday with an upset 58-45 victory over San Francisco, Calif., City College. The Garden City club also is idle Thursday.

Thursday's schedule includes: San Francisco, Calif., City College vs. Tyler (losers' bracket); Amarillo, Texas, vs. Weber College, Ogden, Utah (second round).

Davis Snubs Baseball For Pro Grid Career

LOS ANGELES — (AP) — All-American, all-around athlete Glenn Davis is a "pro" Thursday. He had a choice and he picked the gridiron thumps and bumps over the somewhat less hazardous occupations of the diamond.

Rejecting a number of attractive offers from major league baseball clubs, Davis Wednesday signed a two-year contract with the Los Angeles Rams of the National Pro League.

THE REPORTER-TELEGRAM, MIDLAND, TEXAS, MARCH 23, 1950-7

Promising Rookies May Boost Pirates Into Pennant Race

SAN BERNARDINO, CALIF. — (AP) — Only a year ago at this time, baseball writers who visited the Pittsburgh Pirates' training camp were asking Manager Billy Meyer if he thought he might win the National League flag.

The question was a fair one, for the previous season Meyer had driven his aging club into the thick of the pennant race and had been chosen "manager of the year."

The Billy apparently realized better than anyone else that he faced rough going in '49, and he steadfastly refused to talk pennant. His athletes backed him up right to the hilt by coming apart and finishing a dismal sixth.

"We are bringing in the young ones, the best we can find, and when they are ready we'll be right up there in the fight," he says now.

Youngsters Overdue
"Some club is bound to come up with some outstanding youngsters any time now. They're overdue. As I see it, our league is so closely balanced that a couple of real good rookies could send any one of a half-dozen clubs, including ours, right to the top."

Bill feels he has three boys who might answer the description: might jump into his line-up and, surrounded by such veterans as Ralph Kiner, Wally Westlake, Stan Rojek, Clyde McCullough and others — propel the Pirates into the pennant battle.

Outstanding of the trio is Dale Coogan, a big 19-year-old first baseman. He played in high school against Paul Pettit, the Pirates' \$100,000 bonus pitcher who presently is undergoing schooling with the New Orleans club.

Look Good To Meyer
"He's a real beauty," says the

There is Dan O'Connell, a 23-year-old third baseman from Paterson, N. J., who slugged 314 for St. Paul in the American Association and drove in 102 runs — an amazing figure considering that he hit far down in the batting order. He is a Brooklyn farm hand who cost the Pirates a reported \$60,000.

"He looks good to me," Meyer says cautiously. "I'm giving him every chance and certainly will carry him at least until the season opens — maybe a lot longer."

Odessa Flash Wins Heavyweight Bout
AUSTIN — (AP) — The PEM Club won the twentieth annual intramural fight night here Wednesday night with a 45-32 defeat of Baylor's Coca Cola Stoppers.

Elfred Stelzer, Thorndale, PEM Club, was high point man with 15 points. Adrian Burke, Joinerville, scored 11 for the Stoppers.

Byron Townsend, Odessa, defeated Cecil Young, Corpus Christi, for the heavyweight championship.

Webb Due Friday Night; Play At Borger On April 2

By SHORTY SHELBURNE
Reporter-Telegram Sports Editor

Everything is in readiness at Indian Park for the opening of Spring training by the Midland Indians here Saturday. Manager Harold Webb, still searching for talent in the Florida training camp of the Cleveland Indians' minor league teams, is expected to arrive Friday night.

SPORTS SLANTS

By SHORTY SHELBURNE

The stage fast is being set for the opening of Spring training by the Midland Indians here Saturday. Manager Harold Webb, still searching for talent in the Florida training camp of the Cleveland Indians' minor league teams, is expected to arrive Friday night.

Webb has notified all players to be on hand and ready to start workouts Saturday. He indicated two sessions a day will be held during the first week.

The baseball players again will live in the clubhouse at Indian Park. The quarters have been prepared and are ready to accommodate a squad of 25 to 30 men.

The Indians will have only a few days to work before their first exhibition game, scheduled against the Borger Gassers in Borger April 2.

It is expected Webb will call for a fast pace in the first week with conditioning being stressed. After the first exhibition with Borger, the Indians play five more before the Longhorn League season opens April 11.

Several rookies and new players have contacted Webb the last few days asking for tryouts. Some of them have been signed conditionally and those who pan out in Spring training will be signed.

Webb also is scheduled to bring some boys with him from Florida.

Glen Tibbets, a rookie second baseman from Muleshoe, is being sent here for a look by Eddie Carney, business manager of the Borger Gassers.

Tibbets showed up favorably in a baseball school held in Borger last week.

Hank Ramsdell, one of the top-notch outfielders available for the Indians, is sending down a rookie catcher named Bob Chillion. Ramsdell says the youngster hit .393 in an independent league in Canada last season and has the makings of a good backstop.

Bryce F. Payne, a rookie from Wayside, Texas, has written asking a tryout with the Indians.

He attended Charlie English's baseball school in Opelousas, La., and was recommended by English. He didn't state what position he plays.

Contracts also have been received from George Firmback, a rookie, and Charles Stephenson, rookie outfielder-catcher signed by Ralph Blair.

Chances are all these boys will show up here Friday and find among themselves some in the field and outfield help for Webb's Redskins.

Jim Prince and Ernie Nelson have joined LeRoy Jarl in a daily running session at Indian Park.

They have asked for and received some bats and balls, too.

All three are in the field and will be ready for action when the exhibition season opens.

Larry Buckingham, ex-Bulldog grid, track, baseball and basketball star, is visiting here.

He is attending the University of Wyoming along with Bill Little, another of Midland's famous sons.

Reports from Wyoming say both Little and Buckingham are counted on heavily in next season's grid wars.

Aggies, Steers Win; Sooners Beat Frogs

By The Associated Press

Southwest Conference baseball teams won a 2-1 edge in Wednesday's games with out-of-state teams.

The Texas Aggies staged a three-run rally in the eighth to overtake Ohio State's Buckeyes and win 11-9.

The University of Texas Longhorns walloped the touring University of Minnesota Gophers 10-2 with Jimmy Ehrler of the Longhorns giving up only seven hits.

Oklahoma's Sooners launched a three-run uprising in the fourth inning and carried on to defeat Texas Christian 3-1.

Thursday A&M faces the Sooners at College Station and Ohio State is in Dallas for a game with Southern Methodist.

Favorites Advance To Quarter-Finals In AAU Cage Jousts

DENVER — (AP) — The top four seeded teams in the National AAU basketball tournament all were in the quarter-finals Thursday, but three of them were frightened badly in Wednesday night's third round games.

Only Oakland's national champion Blue 'n Golds, among the big four, came through without trouble. The smooth California club swamped the Salt Lake City Murray Bucks 88-47.

Bartlesville's Phillips Oilers (No. 2), the Denver Chevrolets (No. 3) and the San Francisco Stewart Chevrolets (No. 4), all ran into serious trouble in a thrilling third round session.

Phillips needed a last-ditch rally to subdue the veteran Los Angeles Police team 35-27. Denver was hard pressed all the way in defeating the Boston Braves for the ninth straight time in a thrilling third round session.

San Francisco was forced into an overtime before stopping the Sioux City, Iowa, Jamocs 73-62.

Thursday night's quarter-final round will be opened by Phillips and the Santa Maria, Calif., Golden Dukes. Denver vs. Milwaukee Alton Bradley, Oakland vs. the Seattle Alpin Dairy and San Francisco vs. the Peoria, Ill., Diesels follow in that order.

WT-NM Keg Tourney Scheduled In April

Midland bowling teams have been urged by the West Texas-New Mexico Bowling Association to mail their entries now for the association's annual tournament to be held during April in Albuquerque, N. M.

Entries must be postmarked prior to midnight, April 1, to E. R. Hostetter, secretary-treasurer of the association, at 1100 McDonald Road, Albuquerque.

Some 120 teams from the two states are expected to enter the three-weekend tourney slated for April 14-16, 22-23, 29-30. Estimated prize money is \$3,750 with the first prize in team, doubles, and singles competition set for \$150.

Hostetter said that teams submitting their entries early will be given their preference as to the time and date they bowl but that last-minute entries will be assigned their dates.

Entry blanks and details of the tournament are available at Piamor Lanes. Additional information also may be obtained from Jack Mashburn, 2007 West Washington Street, president of the Midland Bowling Association.

Mexico-Guatemala Auto Race Scheduled

SAN ANTONIO — (AP) — A 1,616-mile auto race will be run starting May 5 at El Paso, W. H. (Bill) Purging, U. S. representative of National Highway Direction of Mexico, announced here Thursday.

The race will be from the Rio Grande to the Guatemala border with a purse of \$300,000 pesos (\$34,883.72).

It will be backed by the Mexican government.

Major League TRAINING CAMP BRIEFS

By The Associated Press

Home runs rained out of the sky Wednesday and it was a four-bagger by Ted Williams which dropped the Boston Braves for the ninth straight time in the major league exhibition baseball circuit.

The Red Sox slugger hit a tremendous 425-foot clout to spark the Boston Red Sox 5-4 victory over their intra-city rival.

Outfielder Hank Seuer hit one over the fence in the ninth to give the Chicago Cubs a 6-5 victory over San Francisco of the Pacific Coast League.

Gus Zernial of the Chicago White Sox blasted a 380-foot homer off Clyde Shoun as the Sox beat Oakland 6-3.

Then, the Philadelphia Phillies blasted four homers off Detroit pitchers but lost 10-8. Gran Hamner, Dick Whitman, Eddie Waitkus and Dick Sisler hit four-baggers for the losers.

The New York Yankees also produced several sluggers but bowed to Washington 11-9. Yankees Hank Bauer, Joe Collins and Jackie Jensen hit for the circuit. But the wildness of Vic Raschi, making his first start, led to five Washington runs in the fifth plus two more in the sixth. Joe DiMaggio, Tommy Henrich and Phil Rizuto sat out the game for New York.

REDBIRDS STILL WANT CATCHER WALKER COOPER

ST. PETERSBURG, FLA. — The St. Louis Cardinals still want Catcher Walker Cooper of the Cincinnati Reds, but the deal apparently won't be in cash, if at all.

Luke Sewell of the Reds said he'll insist on a player deal — a pitcher or second baseman for Cooper would be preferred.

Card Manager Eddie Dyer wants Cooper for several reasons — he's a veteran, knows how to handle pitchers and is a right-handed slugger.

FRIDDY HELPS TIGERS

LAKELAND, FLA. — Gerry Priddy, the Detroit Tiger slugger, is hot in Spring training. Both at bat and at second base Priddy has been disposing in fine style of one of the Tigers' major 1950 problems. His current hitting streak has run to six blows in seven times at bat.

EDDIE WAITKUS BACK ON FIRST FOR PHILS

CLEARWATER, FLA. — Manager Eddie Sawyer has just about erased any question as to who's on first for the Philadelphia Phillies this year.

Sawyer's decision to use Dick Sisler in the outfield against the Detroit Tigers Wednesday with Eddie Waitkus covering the initial sack indicated Waitkus has won his old job for keeps.

CRIPPLED DOGGERS BACK VERO BEACH

VERO BEACH, FLA. — Big Don Newcombe, who has had a bad arm, and Jackie Robinson, sidelined by an ailing knee, were expected to see action with the Brooklyn Dodgers Thursday in a game with the Philadelphia Athletics.

PESKY DISCARDS STAYS SARASOTA

SARASOTA, FLA. — Boston Red Sox Third Baseman Johnny Pesky has discarded a special contract.

Wally Berger, a slugger with the Boston Braves in the 30s, is the new manager of the Twin Falls, Ida., Cowboys in the Pioneer League.

Coach To Air Force

Charles D. Tubbs, left, former John M. Cowden Junior High School coach here, is shown being sworn into the Air Force by Lt. George N. Nelson of the San Antonio main Recruiting Station. Tubbs will attend Air Officers' Candidate School at Lackland Field, San Antonio. Tubbs is a graduate of Kermit High School and of Sul Ross College.

Sports

8—THE REPORTER-TELEGRAM, MIDLAND, TEXAS, MARCH 23, 1950

Rotary Wins City Loop Cage Crown; JayCees Top Mobil

Rotary Engineers ran true to form Wednesday night and walked away with the championship of the City Basketball League. They took a 54 to 39 decision from Ted Thompson's Terrors, making it two in a row.

But there will be one more night of play in the league. The JayCees got life from somewhere and stormed the

baskets like a cyclone to whip Watkins Mobil 72 to 59 in the consolation finals. The win evens the series at one game each.

League Director Pat McMullin said the last game will be played in the Junior High Gym Friday night.

Rotary had to go all-out in the last quarter to whip Ted Thompson's Terrors, making it two in a row. The Teds stayed close all the way through three quarters but fell off in the final period.

Huffman Out

Rotary, playing without Leland Huffman, led 24 to 20 at the half and increased it to 37-27 at the end of the third period.

Paul Haskins, one of the classy ball players in the league, banked 17 points to lead the Engineers. Charlie Kelly collected 16 points.

Ken Baker was high for the Thompsons with nine.

The JayCees resorted to the last quarter to win, also. It was a nip and tuck battle in the first three stanzas with Watkins Mobil keeping the score just about even.

The Jakes scored 16 points in the fourth to see the tilt.

Bill Hopkins was the big gun for the JayCees, counting 23 points and Gillette notched 20.

Roy Price stayed in form by scoring 26 points for high honors.

The box scores:

CCNY, Bradley Picked To Meet In NCAA Final

NEW YORK—(AP)—City College of New York's fantastic fuzz kids will open their bid for college basketball's big "double" Thursday night, haunted by the specter of going "stale" from overwork.

Nat Holman's energetic Beavers, who came from nowhere to win the National Invitation title last week, will meet Ohio State's Western Conference champions in the first game of the Eastern NCAA playoffs at Madison Square Garden.

The second game of a sellout program will send Holy Cross Crusaders against North Carolina State, champion of the Southern Conference.

CCNY has been installed a three and one-half-point favorite, although some are beginning to wonder how long the Beavers can stand the pace. Holy Cross is picked by one and one-half points.

City's big, pepped-up sophomores swept through the NIT, hardly stopping for second wind, blowing out defending champion San Francisco, Kentucky, Duquesne and Bradley in order.

Holman said he isn't worried about his athletes getting "chesty" over their success. He is concerned that they may be getting tired.

The same problem haunts Coach Forrest Anderson, whose Bradley Braves are favored to win the Western Division playoffs, opening at Kansas City Friday night.

Bradley, the nation's top-ranked team, has had even more basketball—and on the run, too—than CCNY. After losing in the finals of the Invitation, Bradley had to rush out to Kansas City and lick Kansas for the Fifth District berth.

Otherwise, the Braves would have been outside looking in. At Kansas City Friday night, Baylor, the Southwest's co-champion, brought here to become a \$100-a-day film player.

The child, Lora Lee Michel, 9, has told so many versions that even and experienced juvenile authority, Judge A. A. Scott, says "I don't know what to believe." But the fact remains numerous witnesses have testified they saw bruises on the girl and fed her because she seemed hungry.

Lora Lee claims she was starved to keep her thin for movie roles. Mrs. Michel says the child has a glandular condition and must be kept on a strict diet.

Drama Coach Testifies
Lora Lee's drama coach, Mrs. One Wargin, 46, Wednesday testified Mrs. Michel told her she had spanked the girl with a hair brush last December. She quoted Mrs. Michel as saying:

"Ona, that little husky has stolen more food and has gained a pound and I am determined to conquer her gluttonous appetite."

Mrs. Wargin denied Lora Lee's previous statement that Mrs. Wargin had coached her on what to say in court and had told her to steal milk and cottage cheese from neighbors' doorways.

Officers Are Cleared Of Murder Charges
LAFAYETTE, ALA.—(AP)—An all-white jury acquitted two white policemen Wednesday of charges they beat a teen-age negro to death.

After deliberating an hour and 20 minutes, a verdict of acquittal was returned for James R. Clark, 28, and Doyle Mitcham, 24. They were accused of first degree murder in the fatal beating of 18-year-old Willie B. Carlisle.

A crowded courtroom greeted the verdict with cheers. In Alabama, conviction of first degree murder is punishable by death or life imprisonment.

Mitcham and Clark admitted they hit Carlisle with a rubber hose and a walking stick, but said they did so only after he pulled a knife on them while they were trying to get him into a cell.

Carlisle was arrested February 18 for letting the air out of a tire on the officers' squad car. He died early the next morning in a hospital.

San Antonio Police Probe Man's Death
SAN ANTONIO—(AP)—Police Thursday were investigating the death of a 58-year-old man, identified as Arthur Fountain, believed to be from Wichita Falls.

According to hospital records the man was admitted early Wednesday and after treatment was released.

Later he was taken to the hospital by an ambulance after he had been found in the boiler room of a laundry. Hospital records show he was suffering from three fractured ribs. One of the ribs had punctured the lung.

He died Wednesday night. M. D. Jones, coroner, was withholding a verdict pending an autopsy.

SHERMAN IN LONDON
LONDON—(AP)—Admiral Forrest P. Sherman, chief of Naval operations, arrived here by plane Thursday for conferences with U. S. Navy chiefs in Europe.

Field Executive

Robert N. Eastus, Jr., will join the staff of the Buffalo Trail Council, Boy Scouts of America, April 1, assuming the post of field executive for Scurry, Mitchell and Kent Counties. Eastus now is serving as field executive at Altus, Okla., in the Black Beaver Council. He was a member of the staff of the Abilene council from 1943 to 1946.

Appointment of Eastus was announced Wednesday by P. V. Thorson, Scout executive of the Buffalo Trail Council.

Child Star's Foster Mother Takes Stand To Answer Charges

BEVERLY HILLS.—(AP)—Mrs. Lorraine Michel, 55, took the witness stand Thursday in her own defense against charges she mistreated the child she adopted in Texas and brought here to become a \$100-a-day film player.

The child, Lora Lee Michel, 9, has told so many versions that even and experienced juvenile authority, Judge A. A. Scott, says "I don't know what to believe." But the fact remains numerous witnesses have testified they saw bruises on the girl and fed her because she seemed hungry.

Lora Lee claims she was starved to keep her thin for movie roles. Mrs. Michel says the child has a glandular condition and must be kept on a strict diet.

Drama Coach Testifies
Lora Lee's drama coach, Mrs. One Wargin, 46, Wednesday testified Mrs. Michel told her she had spanked the girl with a hair brush last December. She quoted Mrs. Michel as saying:

"Ona, that little husky has stolen more food and has gained a pound and I am determined to conquer her gluttonous appetite."

Mrs. Wargin denied Lora Lee's previous statement that Mrs. Wargin had coached her on what to say in court and had told her to steal milk and cottage cheese from neighbors' doorways.

West Texans Urge Drastic Changes In Texas Water Laws

STAMFORD.—(AP)—The Texas Water Code Committee is studying recommendations from West Texas spokesmen that a new State Water Control Commission be created and a new appropriation formula adopted.

The committee, named by the last regular Legislature, ended a series of hearings here Wednesday.

Homer A. Hunter of Dallas, water engineer and consultant for the West Texas Chamber of Commerce, urged that either the State Board of Water Engineers be given more power or that a new commission, similar to the Railroad Commission, be created.

D. A. Bandeen, manager of the WTCC, proposed a new formula "that water be appropriated within the respective areas in accordance with its availability as related to need."

R. M. Wagstaff of Abilene, who authored the state's present municipal water priority law, urged that no change be made in the law.

Five-point program
Homer Grant of Lubbock, president of the West Texas Domestic Water Association, said the Hoover Commission recommendation would make domestic water the first consideration in allocating federal funds for construction of dams.

Hunter proposed a five-point program:
1. Invest complete power in a state commission.
2. Review all outstanding appropriations of water and revoke those not used after due notice.
3. Review appropriations to cities and cancel any excess.
4. Give the commission power to halt pollution.
5. Find out just how much water is available.

Bandeen contended that his new formula would be consistent with present government trends and is administratively practical. He criticized allocation of water for hydro-electric use when there is not enough for domestic use in West Texas.

Appropriation of one-twenty-fifths as much water has been appropriated for domestic use in West Texas as has been allocated for hydro-electric power in the Waco area," he declared.

Crime DOES Pay!—4

Gang Wars Serve As Bloody Milestones In Crime Bonanza

By DOUGLAS LARSEN
NEA Staff Correspondent

WASHINGTON—Wholesale murder and gang violence have been bloody milestones in the successful efforts of today's big crime syndicates to take over all organized gambling in the U. S.

The violence has erupted in all sections of the country in the last few years. It has been most profuse and bloody in California. And, thanks to the courageous work of the California Crime Commission, it has also been best documented there. The commission's third progress report sums it up this way:

"Organized crime is not peculiar to any locality. The principal gangs in Southern California, for example, find their origins in Cleveland, Detroit, Chicago, New York, and Miami, and are still associated with, even in some instances controlled by the present-day successors to the Mayfield Road Gang, the Capone Syndicate, the Mafia, and the Sicilian, of which the notorious 'Lucky Luciano' was a member, and that incredible group of professional assassins in New York sometimes referred to as 'Murder, Inc.'"

"The techniques and methods of organized crime in California are the same shocking resort to public killings, kidnappings, beatings, and use of torture and the corruption of public officers that are found everywhere in the wake of untied criminal groups."

First Important Killing
Perhaps the first important gang killing in California (in the California wars) was the murder of Harry "Big Greenie" Greenberg, alias George Schachter, in Hollywood on Nov. 22, 1939. It predated the multiple gang slayings which occurred when organized crime in California reached the shotgun stage near

Survivor: Gang leader Mickey Cohen, here being patched up after being ambushed in 1949 on Hollywood's Sunset Strip, has survived numerous bullets and bombs of California's gang wars. Most experts still consider him "small potatoes."

the end of World War II, and continued down to the present day with the recent fatal shooting of Edward "Neddie" Herbert, Mickey Cohen's bodyguard, in front of Sherry's restaurant on the Sunset Strip.

Benjamin "Bugsy" Siegel was arrested as one of the top suspects in the Greenberg killing. Siegel had come west to organize a race track in Cohen's "paint shop" in New York in connection with the notorious "Murder, Inc." He escaped trial on both of these cases because the Reles, a professional killer who had admitted killing 14 men for Murder, Inc., or orders from Siegel, and who also was a witness against him in the Greenberg killing, fell to his death from a New York hotel room under mysterious circumstances.

Max Shaman, a young hoodlum, was next on the list. He was killed by the notorious Mickey Cohen in Cohen's "paint shop" which was operated as a blind for a bookmaking ring. Cohen was released without prosecution when he said he killed Shaman in self defense.

Meatball Gamson
Cohen, although overshadowed by Siegel at the time, was the leader of a gang whose implications thereafter in gang slayings continued until this day. On Oct. 3, 1946, Benjamin "Meatball" Gamson, a hoodlum of many aliases, and George Levinson were killed in a burst of gunfire in their apartment on Beverly Blvd. It was well-known that Cohen and Gamson were quarreling bitterly at this time.

Information reached the Los Angeles Police Department that Gamson's killers were Harry "Hooky" Rothman and Joseph "Scotty" Ellenberg, and that they were assisted in their escape by Dominic "High Pockets" Parinich, a known Cohen gangster. Rothman's career came to a typical end Aug. 18, 1948, with this entry on the police record: "Died. Gunshot, Homicide."

Two or three men armed with pistols and a shotgun surprised Rothman in conversation with two other Cohen gangsters at their headquarters, known as Michael's Haberdashery. Cohen stepped out of the room only a moment before the shooting started. One of the other gangsters was wounded in the wrist. Rothman was known to have been a drug addict to such an extent that he could not stand the rigors of underworld competition anymore. This fact is believed by police to be one of the most probable reasons for his assassination.

Back To Bugsy Siegel
Before that killing, however, Bugsy Siegel was slain on June 21, 1947, by a killer who shot through the window of Siegel's apartment. That left Cohen top dog at that level. (Cohen is still considered a small potatoes—compared to the top syndicate operators, by most experts.)

Rothman's place was taken by "Neddie" Herbert, who arrived in California after an extensive career in the east. He was active in gang warfare in Chicago as

Victim: First major killing in California syndicate wars left Harry "Big Greenie" Greenberg in this rubbed-out condition in 1939.

Women's Bowling Tournery Dates Set

The third annual Women's Bowling Tournament will be held at Plamor Lanes Saturday and Monday, Secretary Sally Temple announced Thursday.

Doubles and singles will be rolled Saturday and team play will be held Monday night.

Entries in the doubles and singles must report to Plamor Lanes at 2:30 p.m. Saturday and teams will start rolling at 6:15 p.m. Monday.

Entry fees will be charged for each event. The tournery will be run according to WIBC rules and regulations.

Handicaps will be based on 180, the secretary said. Twelve cash prizes will be awarded. Entries listed:

Teams to bowl in the tournament include Kruger's Jewelry, Fowler & Stanley, Yellow Cab, Borden's, Failing Supply and Hardwick-Stewart.

Entries in the doubles will be Dorothy Moore-Elaine Tunnell, Belle McAnally-Mary Doyle, Delane Walker-Doris Wise, Peggy Heyser-Elsie McRae, Romona Willis-Shirley Lones, Marion Brown-Ruth Wood, Sally Temple-Margaret Shafter, Aileen Seabolt-Charlene Koonce, Ruth Linde-Katherine Howell, Bobbie Rodgers-Rita Livingston, Nadine Lewis-Billie Roy and Molly Florence-Emma Jo Williams.

Bowlers to roll in the singles include Julia, Brown, Wood, Shafter, Temple, Lucille Shambien, Koonce, Seabolt, Howell, Linde, Nadine Lewis, Billie Roy, Lones, Florence and Williams.

Divorcee Charged In Temple Shooting

TEMPLE.—(AP)—Charges of assault with intent to murder have been filed against Mrs. Florence Harper, 38, accusing her of wounding seriously a young car salesman, then shooting herself.

Late Wednesday night, Mrs. Harper, a Temple divorcee, was in a critical condition with a 38 caliber bullet wound in the head.

John Atkinson, 27, in a serious condition, also shot through the head.

Sheriff Bucy Ray said Mrs. Harper, mother of two children, drove up Tuesday to the car lot where Atkinson was employed.

Mrs. Ima Jensen, who also was in the car, told the sheriff there was no argument before the shooting.

Mrs. Harper was found slumped in the car seat. Atkinson staggered across the street to a cafe where he collapsed.

Police said the two confessed shooting Gustave A. Beauseau of Los Angeles eight miles east of near-by Mesa Sunday night. They said he had fired them a rifle and the shot was fired while attempting to rob him.

Twenty-six of the slain man's friends have gathered in Phoenix to follow the proceedings. Opile's father was reported enroute here.

John J. Flynn, Phoenix attorney hired by the Opiles to defend both youths, said Riddell's parents have informed him they had no interest in defending their son.

"We have repeatedly warned our boy about his way of life, and now we are washing our hands of him," he quoted them as saying.

Funeral services for Beauseau will be held at Van Vleck, Texas, Friday.

TOE CRUSHED
W. F. Seago of 3110 West Wall Street, received emergency treatment at 5:30 p.m. Wednesday at Western Clinic-Hospital for a crushed toe. A pipe joint had fallen on his foot, crushing a toe. He was treated and dismissed.

Hearing For Texas Pair Charged With Murder Set April 7

PHOENIX.—(AP)—A preliminary hearing for two Texans charged in the murder of a Californian is set for April 7 in East Phoenix Court.

The pair, Ebert Gene Riddell, 19, and Charles Roy Opile, 16, are from Waco, Texas. They were charged with first degree murder here Wednesday.

Police said the two confessed shooting Gustave A. Beauseau of Los Angeles eight miles east of near-by Mesa Sunday night. They said he had fired them a rifle and the shot was fired while attempting to rob him.

Twenty-six of the slain man's friends have gathered in Phoenix to follow the proceedings. Opile's father was reported enroute here.

John J. Flynn, Phoenix attorney hired by the Opiles to defend both youths, said Riddell's parents have informed him they had no interest in defending their son.

"We have repeatedly warned our boy about his way of life, and now we are washing our hands of him," he quoted them as saying.

Funeral services for Beauseau will be held at Van Vleck, Texas, Friday.

City Hall Open House Event Scheduled Friday Night

Remodeled And Enlarged Building Departmentized

The spacious, remodeled and enlarged City Hall, which will be turned into a show structure at a special open house event from 7 to 9 p.m. Friday, is a building of which Midland justly may be proud.

After working many years in cramped quarters, employees now conduct the city's business in more pleasant surroundings, which tend to

improve efficiency in operation. Every department has been given more "elbow room" in the completely renovated and expanded structure.

A second floor was added to the old one-story structure and a new two-story wing was constructed on the east side to provide a city building which is adequate for all needs. In addition to the enlarging of the building, the original portion was redone from top to bottom to add glitter to the entire project. Cost \$71,922.

A total of 7,777 square feet of floor space was added to the building at a contract cost of \$71,922. The added sections have exterior walls of white brick and the interior is finished in the most modern manner.

Completely new is the entire second floor. Lighting fixtures, inlaid linoleum floors, many new pieces of office furniture of modern design, add to its attraction.

The Tax, Water, Accounting and Police Departments occupy most of the first floor now except at the rear where fire trucks are housed.

The Water Department was enlarged and now occupies an office immediately to the right of the Illinois Street entrance.

Miss Lottie Williams, Mrs. Jerry Hoffman and Ely Cox form the office force. Other employees of the department work out of there.

The finance officer, Kent Moore, occupies an office adjoining the Water Department on the south. His position was created several weeks ago and is new to the city governmental setup. E. N. Stracener and Mrs. Frank True are on Moore's staff.

W. I. Pratt, city tax collector, has an office to the south of the finance office. He is a veteran city employe and is in charge of city tax affairs.

The Tax Department also occupies a business office situated in the center of the main floor. Mrs. Joseph A. Seymour, Betty Scott and Betty Pope are employes in the tax division.

Police Department
The entire east side of the first floor is used by the Police Department and Judge J. M. Dearmond's City Court.
Police Chief Jack Ellington's office

is in the extreme front part of the department's space.

The City Court chambers are adjacent to Ellington's office on the south.

The Police Radio Room and Ready Room for officers are to the south. Administrative and engineering offices, along with the City Council Chamber, occupy the major part of the second floor.

City Manager W. H. Oswald and his secretary, Mrs. R. S. McCullah, have adjoining offices to the right at the top of the stairs.

The Council Chamber is on the west side of the building and an office for the city attorney joins it on the south.

The center portion of the second floor is occupied by Purchasing Agent and City Secretary J. C. Rudman's office. Also in his office is a new PBX board, recently installed to provide better telephone service for the various departments. Mrs. Frances Dunn is PBX operator.

A drafting room, used by R. S. McCullah, Loyd Holmgren and Building Inspector Ken McFarland, is in the fore part of the east side of the second floor.

The Building Permit office, with Wilda Drake as clerk, joins it on the south.

Offices for Public Works Officer T. G. Jenkins; H. E. Nuhn, water and sewer engineer; Al Trauber, plumbing inspector; John Harrison, electrical inspector; and E. C. Ruhman, office engineer, also are provided on the second floor.

The Fire Department occupies the rear portion of the second floor. Fire Chief Jim Walker's office, the recreation hall, kitchen and sleeping quarters are included in the department's space. The quarters were enlarged during the construction program to almost double the original size.

BIG SEARCH ENDED
CHICAGO—(AP)—The lunch hour crowd in the cafeteria at the Chicago Art Institute saw the small girl weeping. What was the matter? She had taken an expensive brace from her teeth so she could eat. Now it was gone. The restaurant feeds about 3,000 persons a day. But some of the staff searched through wadded napkins and scraps of food—and hours later found the brace.

NEW CITY HALL—City's Inspection Department Carries On Multiple Functions

The busy offices of the Building Permit and Inspection Department, located on the second floor of the enlarged Midland City Hall, serve a multiple function.

Building permits, inspections, sewer charge collections, work with the Planning and Zoning Commission, specifications for paving—all are a part of the activities of the department, which is headed by K. E. McFarland, superintendent of inspection. The office is a part of the Public Works Department, headed by T. G. Jenkins, city engineer.

John A. Harrison is the city's electrical inspector. He inspects all new construction for electrical installations, and issues permits to master electricians for all work amounting to more than \$25. In the plumbing inspection department, C. A. Trauber is in charge of issuing permits to master plumbers for new construction, and of making inspections of all plumbing installations.

Wilda Drake is the department's secretary, charged with keeping the records. Frank Repman, whose duties are divided between the inspection department and the city engineer's office, measures newly-constructed property for tax purposes.

New Function
A new function of the department is the collection of pro-rata water and sewer extension charges. These charges must be paid before the city connects water and sewer lines to the property.

McFarland also works closely with the City Planning and Zoning Commission. All zoning requests must be

presented through the inspection office, and are passed on to the commission for recommendations. Approval by the commission moves the request of the City Council for final action.

Recently, McFarland has added to his duties the task of drafting paving specifications for developers of new additions. Under FHA regulations in many cases, new additions must have paving which meets FHA specifications. McFarland has prepared suitable regulations for such developments.

No letdown is expected in Midland's growth, according to McFarland.

"Midland is rated as one of the soundest cities in the country," he said, "and we can see no reason why it should not continue to grow."

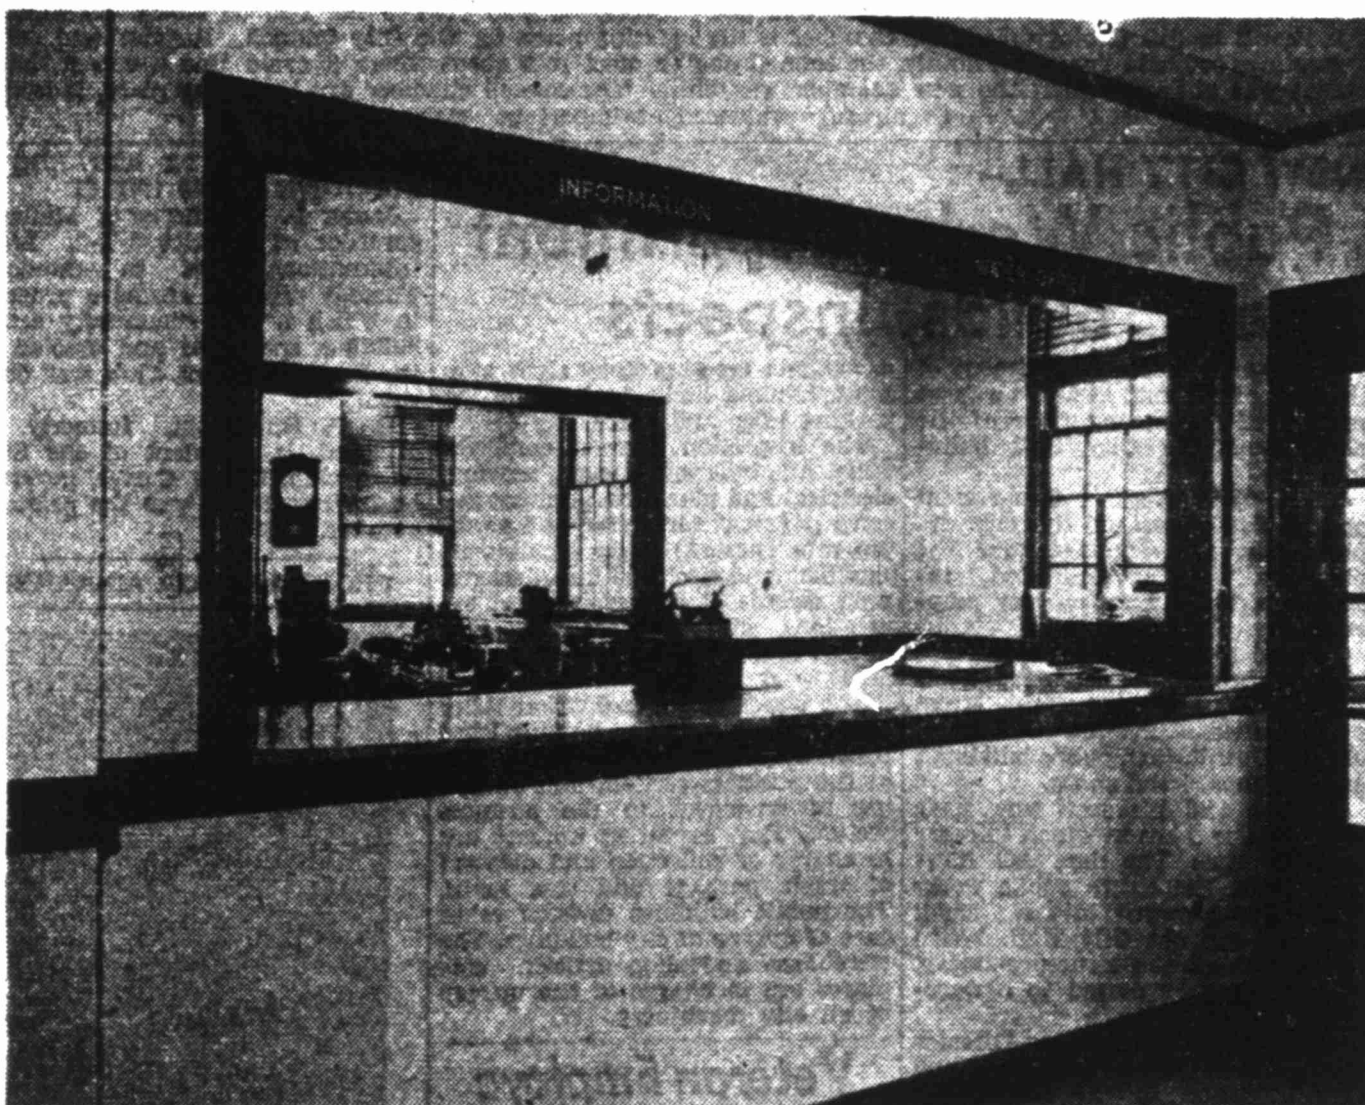

Building permits in Midland reached a peak of \$7,272,990 in 1948. Included in the total were extensive school improvements. The 1949 total was \$5,258,306—and the department hopes to see 1950 equal or surpass this figure.

CLOSE CENTERS

West Virginia's geographical center and its population center are only five miles apart. Cassaway is the center of population, and Sutton, to the east, is the geographical center.

Six times more poultry and game are killed by common rats than by all the snakes, owls, weasels, and hawks combined.

Water Office And Information Desk

Immediately to the right as one enters the remodeled City Hall can be found the information and water office. This is a familiar location to many citizens for it is where they pay their water bills. Background shows the working office of the department. In the foreground is the reception desk. Citizens may obtain information about all departments of the city at the reception desk.

NEW CITY HALL—New Home For Police Department

The Midland Police Department, long crowded due to lack of office space, now has ample room for carrying on its work.

The department occupied offices in the city jail building from the time it was organized in 1941 until the new addition was made to the City Hall.

Police Chief Jack Ellington is proud of the new quarters in which his officers now work.

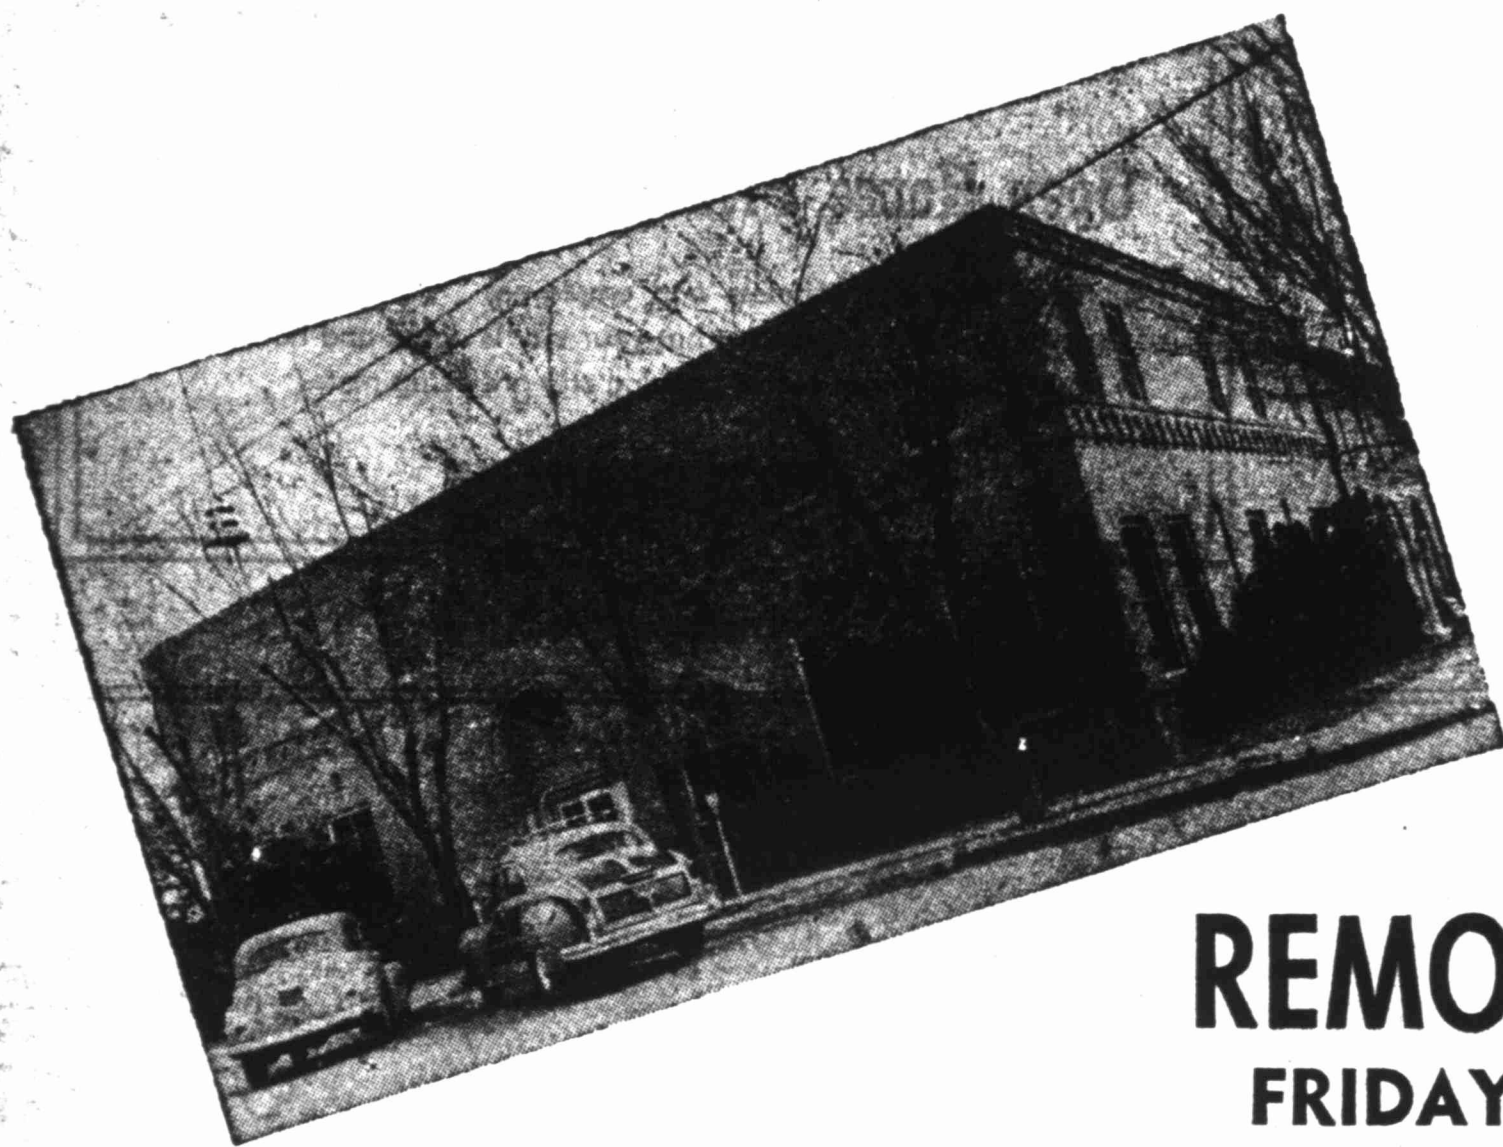

The department includes 17 officers besides Ellington. Captain Jack O'Brien, recently named chief of police at Longview, has been with the force since January 1, 1949.

Sgt. Dick Hemmingway and Night Sgt. Rube Hemmingway have been on the force several years.

Mrs. Gena Butler is secretary for the department; and serves as day radio dispatcher. Chester Sprague, Jimmy Joyce, Floyd Maxwell, A. B. Stickney, Willard Opp, Jim Wilkerson, Clyde Alton, Leroy Stewart, Jess Cabiness, Clarence Hollis, O. W. Roberts, Johnny Davis and Bill Keel are other members of the department.

WARWICK'S FOUNDER

Samuel Gorton, who was banished from Massachusetts because he opposed the magistrates who had censured the conduct of his maid servant, founded the community of Warwick, R. I.

Landowner Becomes Priest, Cancels Debts

BANGOR, (AP) — Nal Thavil, a Buddhist monk, will enter the priesthood shortly with a clear heart and a blessing of his debtors. The former lieutenant colonel in the army cancelled debts owed him by his 300 farmer-tenants totalling \$10,000. Some of the share croppers said they will express their thanks to the 70-year-old benefactor by giving free labor to the Thavil family farm. Thavil will pass the land on to his family when he enters the priesthood.

Blind Austin Boy, Nine Years Old, Zips Unconcernedly Along Street On Bicycle

By WILLIAM C. BARNARD Associated Press Staff
A nine-year-old blind boy at Austin zips around on a bicycle. Burns Taylor has been blind six years. When he was three he was the victim of an "unloaded gun" accident. The accidental discharge of a .22 rifle sent a load of scatter-shot into his eyes. Burns told at least two Santa Clauses last year that he wanted

a bicycle. And Christmas he got it. His parents, Mr. and Mrs. J. B. Taylor, have passed a few laws. Their son has to ride in a "traffic pattern" from his own driveway around the washateria next door. But he rides this pattern with great assurance.

"The small, tousle-headed figure flashing by on the red bike has become an everyday miracle in his neighborhood," Lorraine Barnes of the Austin American-Statesman said in telling the boy's story.

Like Any Other Boy
Burns has to take care of his bicycle and put it away when he's through with it, just like any other boy.

"Maybe it's because we've never treated Burns as handicapped in any way that he lives and plays like any other boy," said his mother. "We never think of him as blind and he doesn't think of himself that way."

"When he got out of bed for the first time after his accident," he didn't want to be held across the room. He wanted to try making it by himself."

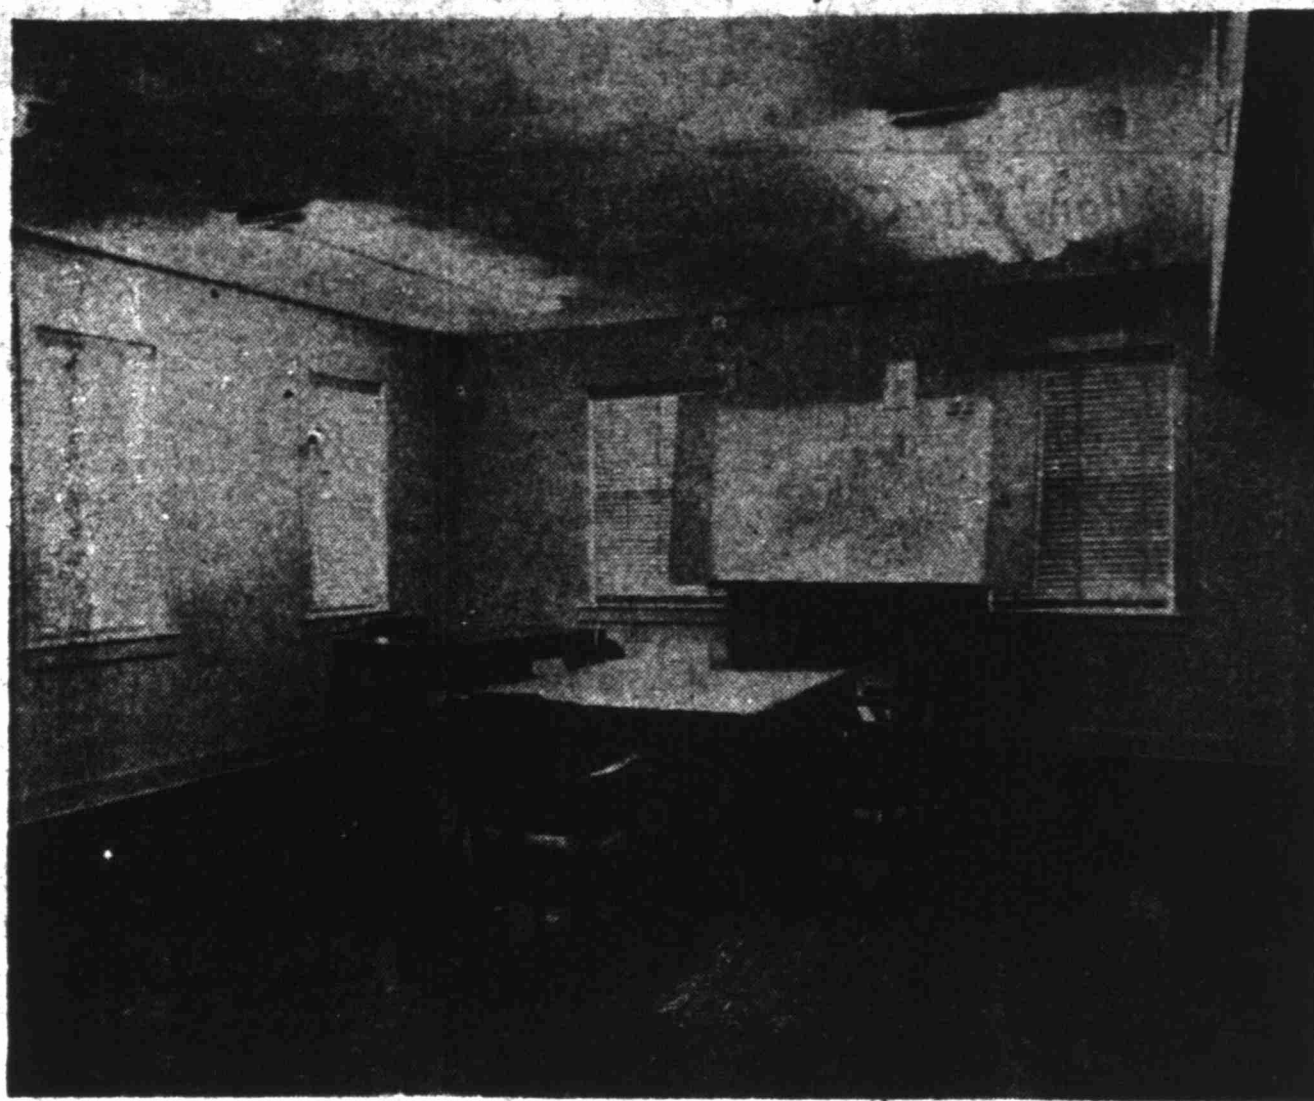

Burns learned to ride his small bicycle in less than a week. He had practiced some before on the bicycle belonging to his 12-year-old sister, Gwen.

Hopes To Be Lawyer
Mr. and Mrs. Taylor moved to Austin from Orange, so their son could attend the school for the blind. He now is in the fourth grade and a top student. His ambition: to become a lawyer. He's also eagerly awaiting his 18th birthday when he will get a seeing-eye dog.

Burns and another blind boy, Robert Doyle, are members of an Austin Cub Scout pack. Dr. Sigman W. Hayes, leader of the pack, said: "They keep up with the regular run of Cub activities and ask no special favors."

Burns takes piano lessons, has unusually keen hearing and a fine memory. And, riding or walking, he seems to "sense" the presence of objects in his path. Often, he stops just short of some barrier such as a wall, building or parked car.

Council Chamber—Where City Council Meets

Located on the second floor of the remodeled and redecorated City Hall is the Council Chamber, which is shown in this photograph. The chamber is the meeting place for the City Council. Regular and call meetings are held in it. Previously, the council had to meet just about where it could find a corner, but that was changed when the new chamber was built. The council chamber can be a busy place, indeed, as already evidenced at important sessions.

Safe Workers Get A 'Sweet' Reward

AKRON, OHIO (AP)—A "sweet reward" is in store for rubber company workers who steer clear of disabling injuries. Under a new safety program spearheaded by the Foreman's Club at B. F. Goodrich for the 10,600 plant employees, a free candy bar will be awarded to employees in departments that remain accident-free for at least 30 days.

The new campaign against plant accidents also pays off to workers in departments that do report injuries. They receive a free package of chewing gum imprinted with "Sorry, no candy. Here's something to chew on. Work for no disabling injuries. Hope you enjoy your candy next month."

Two National Leaguers made more than 200 hits in 1949—Stan Musial of the Cardinals and Jackie Robinson of the Dodgers.

Records Of Births Made Confidential

CHICAGO (AP)—A growing number of states are putting the "confidential" label on birth records. The aim is to protect children who are illegitimate or adopted.

The American Public Welfare Association says 14 states now are using that plan and six others are expected to put it into effect this year.

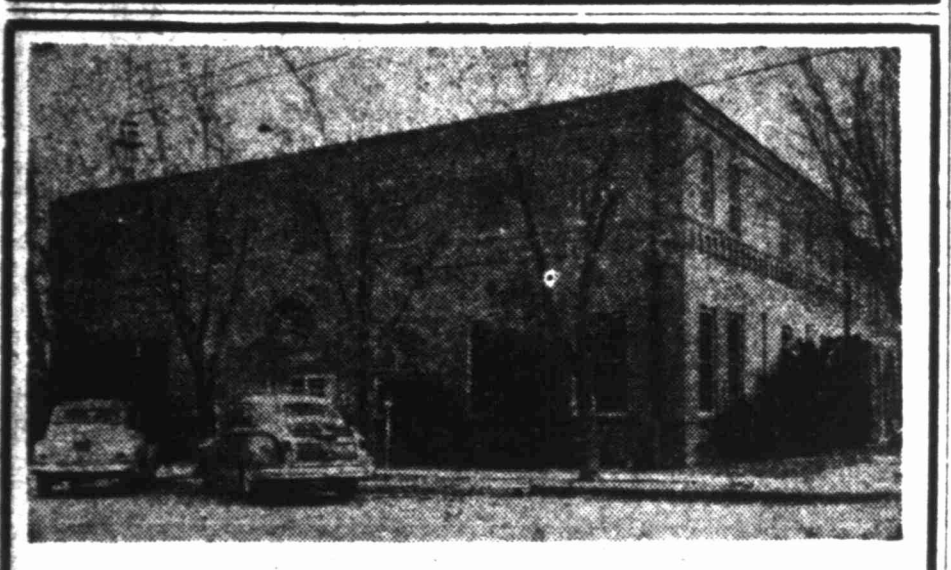

"Once filed, the birth certificate becomes a confidential record," the Association says. "It can be seen or copied only by the individual concerned, his parents, guardians or attorneys or by officials authorized by a specific court order."

NEW CITY HALL—Public Works Department Plans, Builds, Inspects

The Public Works Department of the City of Midland occupies a large portion of the second floor of the newly-remodeled City Hall building.

The Public Works Department is the busiest of the city departments, is responsible for the planning, building, sanitation, inspections, and upkeep of city property.

Headed by T. G. Jenkins, director of public works, the department has six divisions—engineering, street maintenance, inspection, street cleaning, sanitation, public buildings, and warehouse and shops.

Jenkins and his staff now have ample office space in which to carry on their work. The time was, however, when the entire public works office was crowded into a small room in the old City Hall. When remodeling of the structure began, the offices were moved to a warehouse building.

Jenkins, while serving as Director of Public Works, also is the Midland City Engineer. In the engineering division, G. N. Hughes is office engineer and R. S. McCullah and Lloyd Holmgren are party chiefs.

K. E. McFarland is superintendent of the inspection division. J. S. Harrison is electrical inspector; Al Trauber is plumbing inspector and Wilda Drake is secretary.

Superintendent of the street and maintenance division is G. L. Williams. Jake Cole heads the sanitation division; Eugene Lee is superintendent of the warehouse and shops division, and Jose Lopez heads the street cleaning division.

Engineering Division
Duties of the engineering division include surveys, plans and specifications, and supervision of grading, concrete curbs and gutters, walk-street paving, drainage, and water and sewer extensions.

The street maintenance division employs take care of the general maintenance of streets, grading, hauling caliche and dirt, patching

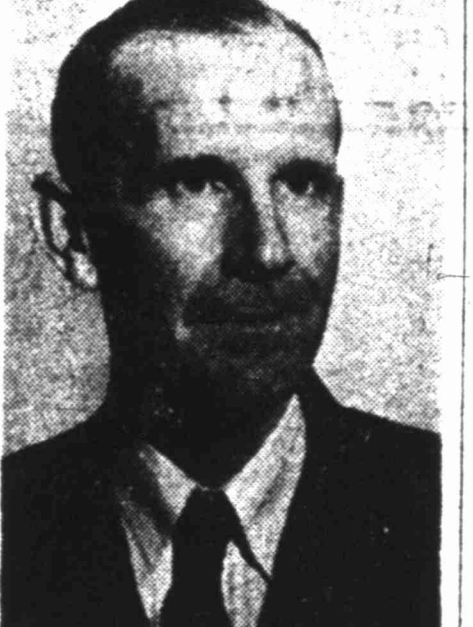

pavements, erecting street signs, stop signs, hauling limbs, rocks, painting parking lines and curbs.

The inspection division employees issue all building, house moving, electrical and plumbing permits; receive payment for water and sewer pro-rata charges; inspect buildings, plumbing and electrical installations; keep records of all permits and inspections, and measure all new houses and alterations for tax purposes.

The street cleaning division takes care of picking up and hauling loose paper boxes and crates from alleys in the business section, and sweeping of pavement in the business section. The sanitation workers are in charge of collection and disposal of trash, garbage and tree limbs.

The public buildings division takes care of upkeep of city buildings. The warehouse and shop division employees are in charge of the upkeep of all city machinery.

Veteran Employee

J. C. Hudman, secretary and purchasing agent for the City of Midland, is one of its oldest employees in the standpoint of service. He became city secretary in 1927 and recently had "purchasing agent" attached to his title.

MHS Will Be Host At Band Festival

Midland High School will be host April 1 to bands from 21 high schools of Region 8 in a combination festival and competition, the largest musical show ever offered here.

Competition between bands is scheduled in the new high school auditorium during the day, and a marching contest, open to the public, will be held at 7:30 p.m. in Memorial Stadium. Admission charge for the marching contest has not been announced.

Entrants represent 21 high schools in the Permian Basin. Some are: Midland, Kernal, Lamesa, Odessa, Andrews, Monahans, Grandfalls, Irwin, Fort Stockton, Denver City, Sanderson, Alpine and Marathon.

The schedule for the contest calls for a warm-up period for each band before the contest appearance. Warm-up periods will be held in the gymnasium.

Contest appearances are to begin at 7:30 a.m., and will continue at half hour intervals until 8:30 p.m. Following scheduled contest appearance, student directors will take over the band for sight reading competition, held in the high school band hall.

Solo Competition
Solo competition by band sections is scheduled during the day. Bands will be divided into brass sections, string sections, reed sections, and twirling and percussion sections.

Judges named for the contests are outstanding band directors of Texas colleges and high school, according to Jerry Hoffman, director of the Midland High School Band.

Concert judges are Homer Anderson, San Angelo High School; Lyle Skinner, Waco High School, and O. C. Pittman, Southern Methodist University.

D. O. Wiley of Texas Tech will judge the sight reading contest, in which student directors will lead the bands.

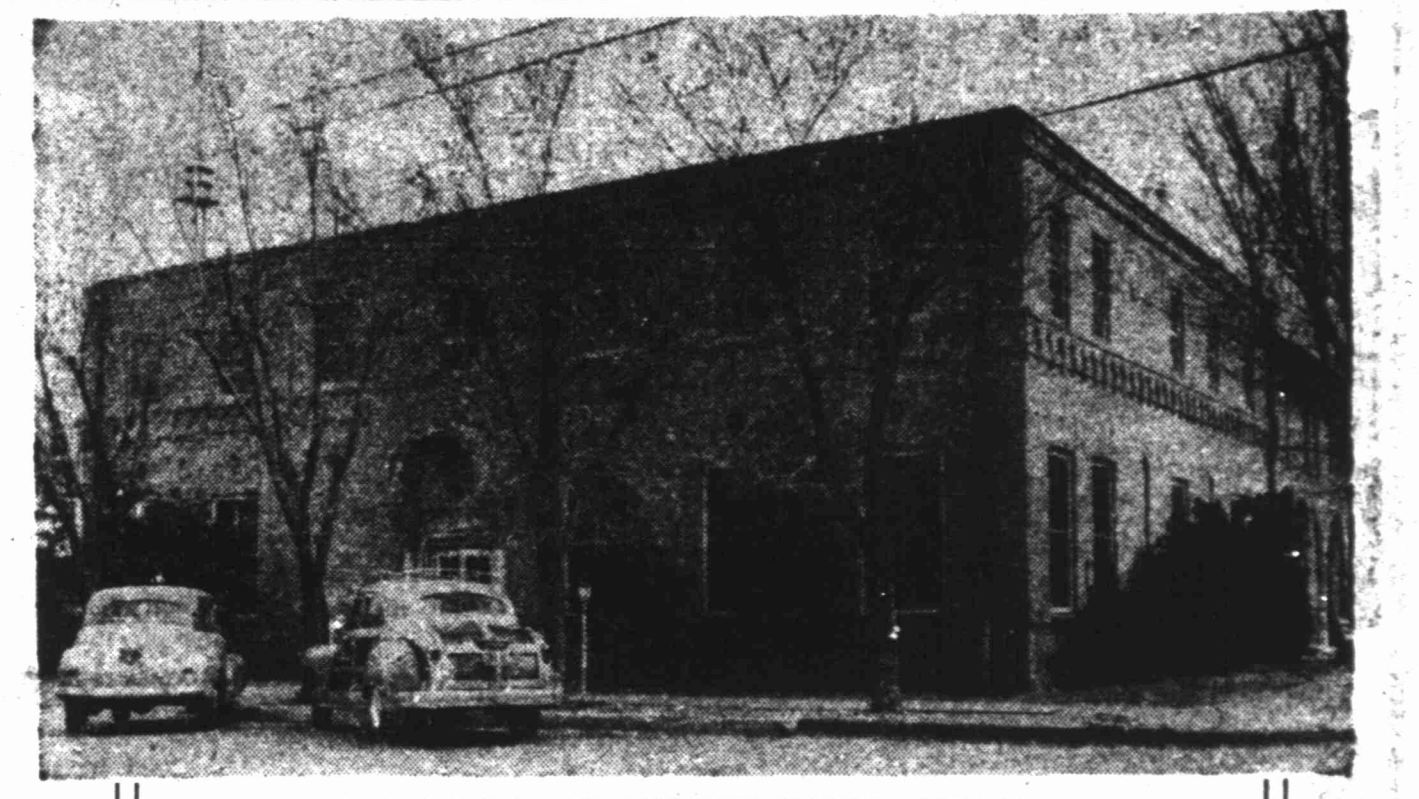

Joe Haddon of Texas Tech is to judge solos of brass sections, and L. L. Shook of West Texas State College in Canyon will judge string solos. James West of North Texas Agricultural College in Arlington and James Gibson of North Texas State College in Denton will judge reed solos. M. McClure of Hardin-Simmons has been named to judge twirling and percussion.

Tax Office Doubled In Space

The tax office in the new City Hall is located as a central office and it faces persons who enter the building from the front. It has a reception desk opening to the hall with the working office in the background. An important function of city government is handling of tax accounts. This office is twice as large as it was under the old building arrangement. The veteran tax assessor-collector is W. I. Pratt.

The 'New' City Hall Of Midland

Here is shown an exterior view of the new City Hall of Midland. The structure, constructed in 1929, recently was remodeled and redecorated with a second floor added. Leon Goodman was mayor when the hall first was constructed. Aldermen were M. C. Ulmer, J. M. Speed, Ralph Barron, J. O. Nobles and P. J. Mims. J. C. Hudman was secretary-treasurer and A. J. Gates was business manager. The building is located at the intersection of Loraine and Illinois Streets.

**NEW CITY HALL—
Water, Sewer Department
Maintains Miles Of Lines**

Designing, constructing and maintaining the miles of water and sewer lines in Midland is the job of the water and sewer distribution department. Offices are located in the newly-remodeled City Hall.

H. E. Nunn, chief engineer for the water and sewer department, heads a list of more than 30 employees who take care of the improvements, expansion and upkeep of the water and sewer arteries.

One of the biggest jobs of the department at the present time is keeping up with the city's paving projects. Nunn and his staff attempt to lay nothing but copper or cast iron lines, get them low enough in the ground, and adjust man hole covers before the paving takes place. "We try to do the job right with a permanent line so we won't have to dig back into to replace pipes, or to lower the lines," Nunn says.

On Ground Floor
Water offices are located on the ground floor of the City Hall building. Nunn's office, where the designing and planning takes place, is located on the second floor of the building. The officers formerly were located in one of the city's warehouse buildings at the corner of Michigan and Fort Worth Streets. But, with the completion of the remodeling of the City Hall, Nunn and his office staff moved into the building where plenty of space in modern and convenient surroundings is available.

Clyde White is construction and maintenance superintendent of the water and sewer department. Juan Lopez is foreman of the water construction and maintenance division, and Santiago Boques serves in the same capacity in the sewer construction and maintenance division. Meter repairman is Athel Cole. Richard Jones, warehouse clerk; William Williams, sewer tapping foreman; Lazaro Ramirez, water tapping foreman; Frank Bostic, truck driver, and 23 other laborers, comprise the water and sewer distribution department's staff.

**NEW CITY HALL—
Enlarged Fire
Department In
Added Space**

The Midland Fire Department, organized in 1906, benefited greatly by the expansion of the City Hall here.

Completely new and spacious sleeping quarters for duty firemen and a work shop for maintenance of the department's equipment were added in the project.

The department is headed by Chief Jim Walker, a veteran "smoke eater" who has served more than 25 years as a fireman here.

Bill Klatt is Midland's fire marshal.

The department was organized as a volunteer unit and still includes some volunteers who assist regular firemen in emergencies.

Regular firemen include Marvin Beauchamp, Walter Wesson, Leon Griffith, Hoyt Burris, E. D. Fitzgerald, John Bourke, Jesse Brooks, Dale Scott, O. S. Tekel, O. A. Goodman, Odell Ponder and Earl Baker.

City Manager

W. H. Oswalt is Midland's city manager. He assumed the position last Fall, coming to Midland from Jacksonville where he had been city manager since 1947. He is a former assistant to the city manager of Dallas.

**Blind Student Gets
Phi Beta Kappa Key;
Guide Gets T-Bone**

CLEVELAND —(P)— Sally Anne Green got a Phi Beta Kappa key Wednesday. Shirley, her seeing-eye dog, got a T-bone steak.

Miss Green, a 20-year-old senior at Flora Stone Mather College of Western Reserve University, has been blind since early childhood. Her Phi Beta key, one of scholasticism's highest honors, was "in recognition of high attainments and liberal scholarship."

The blind girl, a senior in sociology, intends to enter the field of social work when her schooling is finished—particularly the field of child welfare as it relates to blind children.

She has been guided by Shirley, a German Shepherd, since last June. The steak was her way of expressing gratitude to the dog.

**Texas Demos Slate
Fund-Raising Dinner**

HOUSTON —(P)— A statewide fund-raising dinner for Texas Democrats is scheduled in Austin the latter part of May with Vice President Alben W. Barkley invited to be the speaker.

A group of party leaders met here Wednesday at the invitation of National Democratic Committeeman Wright Morrow of Houston.

They decided the dinner probably would be a \$25-a-plate affair.

The definite date for the dinner will be announced after Barkley is contacted.

The group agreed to recommend that part of the money raised be allocated to the State Executive Committee.

Cincinnati was second in the National League in 1949 in team total of two-base hits with 264 and third in hits with 1,423.

**Another Texas Polio
Rampage Threatens**

AUSTIN —(P)— Polio apparently is threatening another Texas rampage.

State Health Officer George W. Cox reported Wednesday 266 cases have been counted in Texas through March 18 this year—almost three times last year's 88 cases in the comparable period.

Last year wound up an all-time record polio year.

Dr. Cox said 24 new cases were reported during the week ending March 18. That compared to seven cases for 1949's comparable week.

Influenza simultaneously plagued the state last week.

There were 10,530 cases reported for the week ending March 18, bringing the year's total cases to 70,241. That compared with 22,346 cases for the period in 1949.

The banana tree is an herb.

**Our Sincere Compliments To
The People And The City Of
MIDLAND**

We are proud to be among those who supply Midland with some of their municipal supplies and equipment.

Well Machinery & Supply Co., Inc.

1629 MAIN STREET FORT WORTH

**Midland, Area VFW
Members To Greet
High-Rank Officials**

Midland veterans, specifically members of the VFW post, are making extensive plans to welcome high-ranking VFW officials of both state and national organizations, here March 28.

The visiting party will include: senior vice commander in chief, department commander, department senior vice commander, department junior vice commander, and other officials.

Midland and Odessa VFW members will join in reception events for the visiting officials.

The following program has been announced to be held in the Midland VFW Hall at Terminal: informal reception from 7 to 7:30 p.m.; banquet served by the Odessa Chuck Wagon Gang, 7:30 to 8:30 p.m.; speeches by the senior vice commander in chief and department commanders, 8:30 to 9:30 p.m.; dance, 9:30 p.m. to 1 a.m.

All Midland VFW members are urged to attend the program events.

The Midland post is nearing 100 per cent quota membership and John Henderson, commander, is urging all members to renew memberships. New members are invited.

LEGION INVITES CHURCHILL

LOS ANGELES —(P)— The Times said Thursday the American Legion is seeking Winston Churchill to share speaking honors with President Truman and Gen. Dwight D. Eisenhower at the annual Legion Convention here October 4-8.

**VISIT YOUR
CITY HALL
during OPEN HOUSE
7 to 9 P. M.
FRIDAY, MARCH 24**

City officials and employees of all city departments will be on hand to acquaint you with the enlarged and remodeled City Hall and with the work being carried on by the various departments. Plans for the city's future will be discussed and exhibits will be displayed showing civic projects both underway and completed.

TEXAS ELECTRIC SERVICE COMPANY
R. L. MILLER, Manager

Two Good Ranches—Yes, Extra Good

No. 1
1.468 acres, 14 miles Brownwood. Entirely new net and 3-barb fence—extra large cedar posts (no better fence anywhere); new barn and corrals; ample water; all good grass land. This place in center of 56,000 acre game preserve, now being stocked with over 600 deer and thousands of turkeys. Season to be opened in 1950. Priced for quick sale at \$40 acre. Purchaser can assume \$22,000 loan at 4 1/4%.
No. 2
1.897 acres 3 1/2 miles Brownwood and only one-half mile Lake Brownwood. Good rock residence; ample water; 84 acres in cultivation, balance live oak and mesquite pasture with excellent hunt. Being offered at \$41 acre to settle estate.

Easter Treasure

Hand Woven Sisal
6.95

Truly a fashion find, for their straw, their exquisite fruit and flower trimmings are just what you'd find in more expensive hats. Only one is sketched from this great collection ... all Spring's styles and colors are here.

GRAMMER-MURPHEY

MIDLAND'S STORE FOR MEN AND WOMEN

McCarthy--

(Continued From Page One)
release all necessary files is inexcusable and is endangering the security of this nation.
McCarthy noted that the Senate, in voting to investigate his charges of Reds in the State Department, gave the inquiry committee power to subpoena the loyalty files of persons against whom he brought charges.
Subpoena Not Issued
The Senate, McCarthy added in his telegram to the President, "was not requesting from you a favor which you have the right to withhold, but rather was demanding the information which the Congress is entitled to under the Constitution."
He added:
"It should be significant to you that not even one Democrat voted against the resolution providing for the subpoena of the files."
McCarthy's wife appeared to give the impression Truman has ignored a subpoena for the files. The committee has not issued one so far. Tydings has said he prefers to try first to get the records on a voluntary basis. He has said he will resort to a subpoena if that fails, but he also has declared that all legal precedent is against forcing the President to yield the files.

Bloze Destroys Feed Stock Here

A roaring fire Thursday morning destroyed a stack of feed on the Ray Upham place five miles southwest of Midland on Tower Road. N. C. Harris lives on the place, firemen said.
Fire Marshall Bill Klatt said the feed stack was burning badly when firemen arrived.

State Department Endorses Plan For Psychological War

WASHINGTON—(AP)—The State Department looked with favor Thursday on a proposal which would launch the United States on a gigantic war of ideas aimed against the propaganda of Communist Russia.
The plan was put forward Wednesday by Senator Benton (D-Conn.) and 12 other senators as a means to win the minds and loyalties of men to the cause of freedom.
The Benton plan would marshal every means of information in a coordinated worldwide drive to give the lie to Russian attacks on the United States and other non-Communist countries.
Ed Barrett, assistant secretary of state for public affairs, said: "This broad approach is in complete accord with my own feelings and the State Department's estimate of the importance of the work to be done in this field."
Benton, who once served in the position now held by Barrett, said he felt the program could be the basis for the greatest psychological campaign ever turned against communism.

SISTER VISITS

Mrs. G. D. Camp of Austin has been visiting her sister, Mrs. A. C. Wheat, and Mr. Wheat for a few days. Mrs. Wheat accompanied her home Thursday and will visit in Austin with her son, Charles, a Midland student in the University of Texas.

Brings Outside Inside

Suppose you're tired of looking at four walls, and would rather see the lone prairie, a desert sunset or South Sea island surf. You can get yourself one of these full-color, window-view landscape photographs for something like 25 bucks. Woody Townson, of Los Angeles scans a desert scene on one of the photo murals.

Truman Expected To Delay Appointment Of AEC Chairman

KEY WEST, FLA.—(AP)—Highly-placed White House advisors said Thursday President Truman may delay designation of a new chairman of the Atomic Energy Commission until after his return to Washington in April.
Truman announced Wednesday the appointment of Thomas E. Murray, New York engineer, banker and inventor, to succeed former Chairman David E. Lilienthal on the commission, and lessened the pressure for immediate action on a post-war agency.
He made it clear that Sumner T. Pike, Republican, will continue to serve as acting AEC chairman until Lewis Strauss, another of the five-member commission, steps out April 15 to spend a lot of time on his farm in Virginia.

Murray Approval Seen

Nobody around Truman's vacation retreat seemed to know how the President happened to select Murray for the AEC post.
A "big business" man, he is president of the Metropolitan Engineering Company in Brooklyn, a big cog in the Chrysler Corporation, a trustee of a New York bank and a one-time trustee of the United Mine Workers Welfare Fund.
In Washington Friday, Murray's appointment appeared likely to meet with little opposition in the Senate.
Many senators said they didn't know Murray personally, but thought his engineering, business and executive background qualified him for the post. There was no critical comment.

Didn't Quite Beat The Stork

James L. Few, general superintendent for the E. E. Cloer Company on the Midland Memorial Hospital construction job, and Mrs. Few had visions of their expected baby being the first to be born in the new hospital.
Few rushed the construction program in every way possible in an effort to have the fine new hospital completed in time for the expected arrival. But he didn't quite make it.
Mr. and Mrs. Few are the parents of a youngster born Sunday night in the Women's Hospital.
Work on the hospital, however, continues at a rapid pace. Others are awaiting its completion.

Bradley Departs For Atlantic Pact Defense Parleys

WASHINGTON—(AP)—Gen. Omar Bradley left Thursday for the Netherlands to go over regional defense plans with military leaders of the 12 Atlantic Treaty Allies.
The four-engine plane carrying the chairman of the joint chiefs of staff took off at 1:40 a.m. for the flight to The Hague, where the meet will be held.
In advance of his departure, Bradley and Secretary of Defense Johnson, who will follow him Tuesday, conferred with Secretary of State Acheson.
Bradley will preside at a meeting of the Military Committee of the North Atlantic Treaty nations on March 28.
Hubert E. Howard, chairman of the U. S. Munitions Board, left Washington for The Hague earlier this month to preside over a meeting of the Military Production and Supply Board of the North Atlantic Treaty organization.
Johnson will preside over a meeting of the Treaty Defense Committee in The Hague on April 1.

Morris Announces For State Position

AUSTIN—(AP)—Senator G. C. Morris of Greenville Thursday became the ninth announced candidate for lieutenant governor.
The 37-year-old lawmaker-attorney, said he was making his \$100 filing fee to the democratic executive committee chairman Thursday and would begin a handshaking, radio-speaking campaign by mid-April.

Slayer—

(Continued From Page One)
letters, found in the automobile of the slain sheriff, were addressed to a priest in Pecos and to a person in Carlsbad.
Wednesday Wood, checked with authorities in Saragosa and west of the Pecos River concerning the identity of the suspect.
The suspect is being held in a jail at Ojinaga, Mexico. He has admitted the fatal shooting of Sheriff O. W. Blackie's Morrow, March 13, near Presidio, just across the border from Ojinaga.

Oil And Gas Log—

(Continued From Page One)
Official prospecter, seven and one-half miles southwest of Clearmont, and 1,012 feet from south and 2,045 feet from east lines of section 42, block G, W&NW survey, had progressed below 5,523 feet in shale, and was drilling deeper.
It is looking for the Canyon reef. Many interested observers expect it to find that horizon at any time. Elevation is 2,129 feet.

W-C Kent Project Is Running Casing

Caroline Hunt trust estate No. 1 Young, West-Central Kent County wildcat, seven and one-half miles northwest of Clearmont, and 1,640 feet from east and 467 feet from south lines of section 166, block G, W&NW survey, was reported by unofficial sources to be bottomed at 7,230 feet in an unidentified formation, and to be running 7-inch casing.

No official information has been released on this venture—but it is understood that it likely will drill ahead to at least 8,000 feet to find and explore the Ellenburger.

It is credited with having entered the Canyon reef at 8,214 feet, on a datum of minus 4,126 feet. Those same sources report that the wildcat drilled through more than 200 feet of the lime reef before going out of it into a lower section of the Pennsylvania.

No dilatometer test have been run in this venture and operator probably will not take any tests on the Canyon section until after the Ellenburger is tested.

Offset In SE Borden Runs Low To Opener

Heysler and Heard No. 1 Holly, one location west of the George F. Livermore, Inc. No. 1 Reinecke, recent flowing discovery from the Canyon reef in Southeast Borden County, and at the center of the southeast quarter of the northeast quarter of section 32, block 25, H&TC survey, had progressed below 6,811 feet in shale, and was making more hole.

This venture has an elevation of 2,346 feet. According to some geologists it is already 63 feet low, to the Livermore 1 Reinecke, on the top of the Canyon reef, and it has not found that marker yet. This report is from unofficial sources.

Six Sites Staked In Scurry Pools

In the Scurry reef pool, six new locations have been staked. The possible additions are listed: three for the Kelley, two for the North Snyder, and one for the Sharon Ridge-Canyon fields.

Moncrief, Hope, Crosby and Teas No. 1 C. J. Merritt is staked for the Kelley 467 feet from north and 675.3 feet from west lines of tract 36, section 14, block 1, J. P. Smith survey. Drillsite is two miles west of Snyder.

On the northwest edge of the Sharon Ridge-Canyon pool, Shell Oil Company No. 1 C. V. Thompson is scheduled. Location will be 660 feet from south and east lines of the northeast quarter of section 121, block 25, H&TC survey. That places it approximately 11 miles southwest of Snyder. Elevation 2,300 feet.

In the Kelley field, Skelly Oil Company 1 E. U. Bullard will be drilled 330 feet from west and 467 feet from south lines of the southeast quarter of section 250, block 97, H&TC survey, and three miles northwest of Snyder.

Standard Oil Company of Texas has scheduled two more projects in the North Snyder field.

Stanotex No. 4 G. E. Parks will be 1,960 feet from north and 680 feet from west lines of section 448, block 97, H&TC survey, and nine miles north of Snyder.

Standard No. 4 S. L. Terry is to be 660 feet from north and 467 feet from west lines of the northeast quarter of section 383, block 97, H&TC survey. Drillsite is eight miles north of Snyder.

Magnolia Petroleum Company proposes to drill its No. 2 Dick Lyons in the Kelley field two and one-half miles northwest of Snyder.
Exact location is to be 467 feet from south and east lines of the northwest quarter of section 250, block 97, H&TC survey.

Beaten Co-Op Plan On Housing Bounces Into Political Issue

WASHINGTON—(AP)—Thrown out of Congress in a defeat for President Truman, the \$2,000,000,000 cooperative housing program bounced back Thursday as a warm political issue.

Ignoring a personal plea from the President, the House Wednesday night rejected the co-op idea for middle income housing by a vote of 218 to 155. It then went on to approve 361 to 10 a \$4,000,000,000 plus expansion of the existing program.

The Senate turned thumbs down on the co-op plan last week, 43 to 38. A House-Senate Conference Committee now will work out a compromise housing bill—without the co-op program.

'Not Next November'

Over jeers rising from the Republican leader of the House, Democratic Leader McCormack of Massachusetts shouted:
"You may fool the public today, but not next November. This is going to be a live issue—an issue which I hope will be used advantageously next Fall."

The defeated co-op section proposed the creation of a \$2,000,000,000 government corporation. It would have borrowed its money from the public, except for \$100,000,000 contributed by the government.

Then it would have lent money at three per cent interest to co-ops and other non-profit organizations which undertook home building for families with annual incomes from \$2,800 to \$4,400. The mortgages could have run as long as 63 years.

Doak And Bride To Continue Air Trip

DENVER—(AP)—Doak Walker, All-American football back, and his bride planned to resume their honeymoon trip Thursday after a plane crashup interrupted it Wednesday.

Six persons, including the Walkers, were in the craft when it crashed at Stapleton Airport and lost a wheel, but none was hurt. A plane owned by the Gulf Petroleum Company was pressed into service for use by the Southern Methodist ball-running star and his bride of six days. Two other members of the party also will go with them to Canada.

The remaining two will finish the trip another plane.
The Texans, in addition to the Walkers, include Football Coach H. N. (Rusty) Russell of Southern Methodist and Mrs. Russell and Mr. and Mrs. W. H. Davison, all of Dallas.

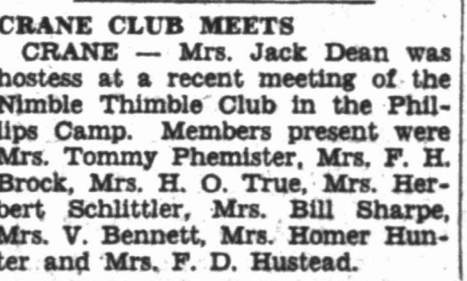

City Hall—

(Continued From Page One)
and master plan maps will be on display.
All equipment and rolling stock of the City of Midland will be on display at the City Hall, 1000 Illinois Street. Operators of the equipment will be on hand to answer questions. Everything from fire trucks to ditch digging machinery will be shown.

Members of the City Council, including Mayor Neely and Councilmen Frank N. Shriver, H. E. Chiles, Jr., W. F. Hell, Robert I. Dickey and Stanley M. Erskine, will be the official greeters at the function.
The two-story building, one of the finest and most modern municipal plants in West Texas, was occupied by city officials and employees when the remodeling job was completed several weeks ago.

Rotarians Hear Address On Cancer

The aims, objectives and program of the American Cancer Society were outlined by Herschel F. Esell in an address before the Midland Rotary Club Thursday noon in Hotel Scharbauer.

The special fruits of cancer were listed as follows: Cancer is curable, cancer must be treated early, cancer does not cure itself, cancer is not a disgrace, cancer it not contagious nor inherited, cancer gives no certain warning signals. Esell listed certain cancer symptoms and suggested that persons have at least one physical examination each year.

Mrs. Ronald Jarrett announced the "Dr. I. Q." show to be presented March 31 by the Midland Service League, and City Manager W. H. Oswald invited Rotarians to attend the City Hall open house Friday night.

As a musical feature of the program, Duke Jimeron sang two selections and John Springer played several piano numbers. They were introduced by Wallace Wimberly.

Don R. Robertson was introduced as a new member by Dr. J. O. Shannon.

Clerical aptitude tests have been added to the list of employer aides at the Texas Employment Commission, 200 East Wall Street.
Employers wishing to test applicants for clerical posts may send them to the TEC office or a complete clerical aptitude testing. Typing and shorthand tests are also given by the TEC here.

Openings listed with the TEC include positions for a stenographer, age 21 to 35; female automotive bookkeepers with shorthand experience; combination bookkeeper and stenographer; cabinet maker, mill planer, carpenter with screen and door experience, and messenger boys, age 16 and older.

Never Kept A Man's Business Going For Long.
So That You Will Know ...
Please Read The Following:

(A statement from men who have built their business on quality merchandise)

It is indeed our privilege to inform the people of Midland that we are in a position to know that Cecil King, in all his many years of operating a fine food service here in our city, has constantly demanded the finest grade of beef the market affords. It goes without saying that the fine business following he has created in this community certainly verifies this fact.

Triangle Food Market
O. L. Grubb

Piggly Wiggly No. 1
J. C. Rjcker

Peyton Packing Co.
J. L. Clark
Representative

NOW ... Here is the TRUTH!

It is our policy to give the Midland public the finest foods that our fifteen years of experience enables us to do, at a fair price to our customer, BUT, rest assured we are making a very satisfactory profit.

Our real reason for selling the market's finest grade of boneless beef obtainable at \$1.25 per pound—Barbecued to perfection over smouldering oak logs (from start to finish) is—that in our opinion, it would be ridiculous, considering the wholesale price we pay for our meat, to charge more.

COME TO SEE US, EVERYBODY—EVERY DAY!

Try This Colorful Fruit Salad

SIGN OF SPRING—Orange ring makes a handsome buffet supper salad. It's a dish which will add sparkle to a pleasant evening.

By GAYNOR MADDOX
NEA Staff Writer

For your bridge or Canasta luncheon or for a buffet supper, you'll like this colorful and delicious salad.

Orange Fruit Salad
(Makes 6 to 8 servings)
One-half cup cream cornstarch, 3 tablespoons sugar, 1/4 teaspoon salt, 1/2 teaspoon lemon juice, 3 cups canned orange juice, 1 1/2 cups thoroughly drained canned fruit cocktail, 1/2 cup pecan halves, 8 maraschino cherries.
Combine cream cornstarch, sugar, salt and lemon juice. Gradually add orange juice. Heat to boiling over direct heat and then boil gently 1 minute, stirring constantly. Add thoroughly drained fruit and half of pecans.

Arrange remaining pecans and maraschino cherries in bottom of ring mold which has been rinsed with cold water. Fill with sauce.

Roots Shop Around For Their 'Vittles'

BERKELEY, CALIF.—The root of a plant shops around in the soil for the food it needs. For money it uses hydrogen atoms, which it takes from water. Two University of California soil scientists demonstrated this peculiar root activity by using chemicals which change color in acid-alkaline reactions.

These tests gave additional support to a new theory that plants can take nutrients directly from solid particles in the soil and are not entirely dependent upon food elements that have been dissolved in ground water.

On negatively charged surfaces of the plant root, positively charged hydrogen atoms accumulate. These hydrogen atoms constitute the root's "wealth" of cash. Each atom bears a single positive electrical charge. Nearby on a particle of soil there may be calcium atoms which the plant can use. These calcium particles, chemically, are bound to chlorine, forming calcium chloride, and each of them bears a double positive charge. The root releases hydrogen atoms and gets calcium atoms. The released hydrogen teams up with the leftover chloride particle and forms hydrochloric acid. The root can pick up other food elements the same way.

Largest automobile trailer park in the United States is located at Sarasota, Fla., and covers an area of 31 acres.

Mr. Kenney On CANASTA

By WILLIAM E. McKENNEY
America's Card Authority

Red treys seem to be one of the most confusing features in Canasta. I receive many questions like the following:

Q—Play had proceeded for several rounds. Both sides needed 99 points for their initial meld. Finally one player drew from the stock pile, then laid down a Joker and two aces. Now he discovered that he had a red trey in his hand, and he put it down on the table, drawing a card from the stock pile to replace it. This card happened to be a seven, and the up-card on the discard pile was a seven. Now the player wanted to use a deuce from his hand and the seven he drew, and take the discard pile.

Having overlooked the red trey until after he melded, was he entitled to draw a replacement card from the stock pile, and then pick up the pack?

A—The best way to answer this question is to quote law 15 of the Official Canasta Laws of the National Canasta Laws Commission. When you read it you will see that, although it may be common practice to allow a player to place a red trey on the table and replace it with a card from the stock pile any time before he had discarded, usually, after he has made his draw and melded, he is not entitled to put the red trey down on the table until his next turn to play.

Red Treys
13. a. When a player draws a red trey from the stock, he must immediately place it face up on the table and replenish his hand by drawing the top card of the stock.

b. If the last card of the stock is a red trey, the player who draws it places it face up on the table, melds if he can, but may not discard; and the hand ends at that point.

c. If a player picks up a discard pile containing one or more red treys (possible only if they were turned up initially; see Law 6), he places them face up on the table but does not draw from the stock to replace them.

d. If a player is dealt any red treys as part of his original hand, he must place them face up on the table at his first turn to play and must replenish his hand from the stock either before or after his regular draw.

e. If a player fails to replenish his hand for a red trey and the error is not discovered until the next player has drawn, play continues without correction.

f. When play ends, a partnership has been credited with 100 points for each red trey, or with 800 points for all four red treys. The same amounts are deducted if the partnership has not melded.

g. When a player inadvertently fails to place a red trey on the table at his first proper opportunity, he may correct the error without penalty at any subsequent turn to play. If the hand ends before his correction is made, the offender's side is penalized 500 points.

Getting back to the question, even if the player was permitted to play the red trey and replace it from the stock pile after he had made his regular draw and melded, under no circumstances could he then take the discard pile. If there were any additional melds in his hand that he desired to make, he could make a quick and accurate method of analyzing steel samples by scientists.

Locations For 94 Oil Tests Listed In 14 WT Counties

Fourteen West Texas counties shared locations last week for 94 tests for oil, including 18 wildcats and two semi-wildcats. Applications listed the preceding week totaled 84.

Garza County reported five wildcat locations. Scurry gained four new ventures. Two prospectors were listed in each of Gaines, Nolan, and Pecos counties. Kent also listed a wildcat location.

The two semi-wildcat locations were taken in Scurry County. Scurry was first in field starters with 26 locations listed. Pecos County reported eight new explorations. Seven new projects were reported in Cochran County.

Dawson County reported five new locations. Drilletes were established for four new projects in each of Andrews, Crane and Hookley Counties.

Dawson, Garza and Howard Counties each reported two new locations. The remaining new prospectors were divided: one each among Gaines and Loving Counties.

Ten amended applications were filed. They were distributed five to Scurry, two to each of Howard and Pecos, and one to Kotor.

This report is based on information received from the oil and gas division of the Railroad Commission of Texas.

Andrews County
Cities Production Corporation No. 4-G Cowden, 690 feet from south and east lines of northeast quarter of section 14, block A-52, pal survey, rotary, 8,300 feet depth, Dollarhide-Clear Fork-Devonian, starting at once.

Youth Center Chatter

By June Haalip and Joyce Howell
As per usual, your Youth Center reporters are on the job and here are some of the usual and unusual things which have been keeping everything and everybody in good spirits. (And, we might add, some not so good!)

Holidays and more holidays are keeping MHS students happy! Last Friday was a "no school" day because of the West Texas Teachers Association meeting. The loyal Irish of course were sure the holiday was in honor of St. Pat's Day! Right on the heels of the long weekend, came a short day! Tuesday, school was dismissed at 2:30 p.m. to allow teachers to attend an in-service training session.

One of the most important events of the past weekend was the trip to Lubbock for those participating in Interscholastic League literary events. At 5 a.m. Saturday almost 50 sleepy Teeners piled into the Bulldog bus. Everyone was determined to get a little sleep, but for some strange reason they didn't. As on all school trips there was a lot of singing by all concerned! When the students finally arrived in Lubbock there was a lovely (?) sight awaiting them... A rip roaring sandstorm was in full swing!

Old Friends
While in Lubbock we saw several Midland Teeners. Caroline Schaeffer, who now attends Lubbock High, was there for the literary events. In the afternoon the other Caroline Schaeffer (C. O.), Bill Emmons, and Jim McGraw were at the school for the contest plays. These Teeners now are attending Texas Tech. Raymond Doyle, now at Sul Ross in Alpine, also was there! Congratulations go to all the Teeners who did such a fine job of representing Midland High School. We are proud of all of them!

We have noticed that a touch of art has been added to the illustration of a suspension bridge in Mrs. Magee's geometry room. Bill Reeves added a sketch of a person, probably a geometry student, jumping off the bridge.

The latest fads around the Youth Center and MHS are the bright red baseball caps and yo-yos. All this, combined with the Mohawk haircuts and other strange things that MHS students manage to dig up, give the Youth Center and high school the appearance of some sort of an institution! Something else which suddenly has appeared on the scene are the cute little fuzzy Easter chickens. The little chicks are all different colors and when the girls wear them pinned, standing to their shoulders they really are clever. Eddy Darnell, Wanda Jo Hankia, Rita Dunlap, Mary Lee

Brown and others seem to be the ones who are responsible for starting the fad!

Spring Homecoming
"Exes" all over the place! Yep, all of a sudden MHS "Exes" are appearing in the town in droves! Bill Little was the most unexpected homecomer! Bill attends Wyoming University and that's a long way from home! Doyle Roberts, Bunt Hightower, Buster Buckingham, Peggy Lou Whitson, R. A. Whitson and just loads of others were seen around over the weekend!

The tennis team is well organized now. Matches have been planned with neighboring cities and will be played soon. Tennis team members may be found at all hours on the courts and working like fiends to be ready for the Interscholastic League meet, which will be held April 1.

Year Ago In The Center
Another big ping-pong tournament was being planned for the Youth Center members last year about this time. Corky Moss and Moe Price (now at Odessa Junior College) were in charge of the tournament.

"Midland, My Home Town," a movie made in Midland, had just made its appearance and several Teeners were in the picture. We awarded the Medal of Honor to Maggie Murphy for her "acting." We would go into detail, but we are sure that anyone who saw the film will remember Maggie's exit from the halls of MHS and straight into the camera!

We asked several Youth Center members what their favorite expressions were and came up with some real cute answers! Which reminds us that we intend to do this again soon!

Ruth Anguish, Adair Leggett, Hoyt Studdert, Clinton Eugene Morgan (Odessa Junior College), Carl Buford Harding (NTSTC), Uoyes Turner, William Paris, Eula Ferguson, Gadsen Jenkins, Howard Hanway and Dorothy Blackman (Now Mrs. J. D. Deavenport) were a few of the Teeners who were out after our necks after the Youth Center Chatter of March 23, 1949, came out. In case you don't recognize their middle names they are: Gloria, Rosalynn, Bet, Red, Casey, Joe, Charles, Jean, Bobby, Dwayne, and Adele! League Contestants

Dick Monroe, Alec Oates (McMurry), and "Red" Morgan (OJC) comprised the trio that was to represent MHS at the Interscholastic League meet.

We also discussed several unusual laughs and witty cracks made by the Teeners around the Center! "Wandering Thoughts" covered everything from boys and girls hair styles to the Youth Center's budding artists and liaguists.

And now back to the present! It seems as though just about everyone was in the Youth Center Monday night! The Boy Scouts of Explorer Post 85 were out in large numbers and all choir members who had finished with their rehearsals were in the Center! Someone added a little excitement to the already confused mob by hoisting two smudge pots to the top of the MHS flagpole! Needless to say everyone got quite a kick out of it!

Well, that's about all this week, so bye now!

Acreage Reductions Alter Picking Contest
BLYTHEVILLE, ARK. — (AP) — Acreage reductions under the government's crop control program will affect the national cotton picking contest here, too.

Contest officials announced entrants in the eleventh annual event next Fall will pick one row of cotton instead of the customary two.

Many of the different weevils can feed only on one species of plant, according to the Encyclopedia Britannica.

Frankfurters With Spicy Kraut

Here's a tempting frankfurter and sauerkraut dish which you can prepare after a busy shopping day when time is short and energy's spent. Heat a No. 2 1/2 can sauerkraut with 2 chopped tart apples, 1/4 cup chopped onion, 6 cloves, 1/2 teaspoon caraway seeds, and 2 tablespoons brown sugar. Cook half an hour on top of the stove over low heat. Place a pound of frankfurters on top of the kraut, cover, and continue to cook over low heat about 20 minutes. Serves four.

Locations Listed—

Standard No. 18-3 J. W. Brown,

Crops On Airfields Are Urged By Utahans

SALT LAKE CITY—(AP)—Delbert A. Fuhrman, Utah aeronautics director, says low-growing crops like grain, alfalfa, legumes and grass might be profitable on many airfields. Some farmed fields might be better to land on than they are in their natural state, he says.

"We can take a lesson from the Flying Farmers in the United States. Many have strips at their landing fields in growing crops. Their safety record is excellent." Besides the cash income from the crops, Fuhrman says, the airports would benefit in weed and mosquito control. He adds that if the land isn't fertile enough to support crops, grass could be grown and erosion reduced.

British Battling Bandits In Eritrea

ASMARA, ERITREA—(AP)—Young British troops, aided by native tribesmen, are chasing down the Shifra bandits of Eritrea in "wild west" type forays. "Ferret forces," the British units are called.

Operating chiefly on foot because of the rugged East African terrain, they may consist of about 10 British soldiers and from 30 to 40 native police and bands (co-operative armed tribesmen).

The elusive Shifra are wild tribesmen who live chiefly by raiding flocks and villages.

The Anti-Shifra operations have been stepped up recently because the Shifra menace is stifling normal farming and travel outside of large centers.

INSPIRING DANCERS

When the native men of Madagascar are away at war, the women dance for a great part of the day, believing that this inspires their husbands with courage, according to the Encyclopedia Britannica.

PODDED NUTS

Brasil nuts grow on giant trees, 75 to 150 feet tall, which flourish in the Amazon valley and practically no place else. The nuts are not actually nuts, but rather seeds, which grow in round pods similar to the coconut, about 30 nuts to each pod.

SAFETY ON THE MOVE

PEORIA, ILL.—(AP)—Bob Johnson is a heavy duty specialist in the moving business. For 48 years he has been moving pianos, boilers and other outside equipment. Yet he never has had an accident or an injury.

HALF-CENTURY HIGHLIGHTS

(Copyright Underwood & Underwood)
Initiation into the Ku Klux Klan, complete with hooded, white-robed figures, fiery cross and American flag, makes this striking scene, taken near Atlanta in the early twenties. The fearsome, night-riding Klan was born in the South following the Civil War, first as a social organization, then as a terroristic force devoted to "white supremacy." It was reborn in 1915 under a fiery cross on Stone Mountain, near Atlanta, as a body of "100 per cent Americans, white and Protestant, aimed at purifying the social and political life of this country." Nurtured on hate, the Klan grew to power in national politics, even elected governors. From a claimed membership of 9,000,000 members in 1925, it alternately has withered and bloomed, but never died.

Broil Canned Tuna For Dinner

By GAYNOR MADDOX
NEA Staff Writer

Looking for something to make an unusual dish for a Spring meal? Try this—and garnish with large green peppers cut into designs of any shape.

Broiled Canned Tuna
(Serves 4)
Drain oil from two cans of tuna. Place tuna in a broiling pan. Squeeze juice of half lemon over tuna rounds. Sprinkle with salt and pepper. Broil about 3 inches from source of heat until tuna is heated through, about 10 minutes. Meanwhile, cut your designs from green peppers. Use to garnish broiled tuna.

Seven-Minute Cabbage
Shred one pound cabbage. Put 3 tablespoons water in large frying pan. Add one-half teaspoon salt. Bring water to boil. Add cabbage. Cover and let simmer over low heat 7 minutes. Butter and season to taste with salt and pepper. Serve immediately. Serves 4.
Fish can be wonderful eating, but too many cooks ruin it by cooking it too long and in too hot an oven. Fish, like meat, is best if cooked at a low temperature.

When sufficiently cooked, fish loses its transparency and flakes easily when the fibers are separated with a fork, but it is still moist and firm. It's a good rule to "cook as briefly as possible and serve promptly."

Write Congressman If Cook Book Needed
WASHINGTON —(AP)— Need a cook book?
Your congressman has 3,000 free copies of a new one put out by the Department of Agriculture.

Besides telling how to cook and plan meals, it offers advice on buying food and counting calories in a diet.

Congress voted \$10,000 to prepare it and gave the Government Printing Office \$156,000 to print it.

A self-operated drinking fountain for animals! Immersed in the water of a drinking bowl is the spoon-shaped outer end of a lever which, when pushed down by the animal's nose, opens a valve to release more water. When the animal raises its head, the valve automatically closes.

DADDY RINGTAIL

By WESLEY DAVIS

Daddy Ringtail And Mr. Fixit

Grandmother Ringtail was happy. She was on her way to the monkey house, going to see Bobby and Sammy and you know who else. An elephant let her climb on his head and ride with her suitcase a part of the way, and then, because the elephant wasn't going any farther, Grandmother Ringtail got down and walked. Nothing had happened at

all until she tripped on a rock in the Elephant Path and dropped her suitcase. Even that would have been all right, except the suitcase came open and spilled her red and

on the trees of the forest, or mend a broken suitcase. I can fix anything. Grandmother Ringtail looked at Mr. Fixit and wondered whether he could really fix anything. He had bragged a lot, and she had an idea that people who brag can never do very much. While she was thinking this, a parrot flew by and said: "Aha, Mr. Fixit! . . . Always talking, never doing, the more you talk the less you do!"

"Oooh!" Mr. Fixit said. "I never get to fix anything. Somebody always comes along and laughs at me."

Grandmother Ringtail said: "You do talk too much, but I'll find out what else you can do. Let's see if you can fix a suitcase." Mr. Fixit was so happy to have a chance to fix the suitcase. He said all over again how he could put the feathers back on the birds, and even put the leaves back on the trees.

"I know you can talk," said Grandmother Ringtail. "Let's see if you can fix my suitcase." And Mr. Fixit did fix it. Oh yes he did! When everyone heard about it, they brought him all sorts of things to be fixed. He was so busy fixing things he never had time to brag any more. But he was happy for busy people. Happy day!

Yellow Fever Takes Big Toll In Bolivia

LA PAZ, BOLIVIA (AP)—Yellow fever, the deadly disease spread by mosquitoes, has killed 220 persons in Bolivia in recent weeks. More than 1,000 residents in an isolated section of the country were stricken. Health officials said the disease had been checked with the aid of the Rockefeller Foundation and the Pan-American Sanitary Office.

SALTED ICE
Salt is used in freezing ice cream because salt, when added to the ice, gives a temperature of 21 degrees below zero Fahrenheit.

Fish And Chips Can Make Party Fun

FOR LENTEN PARTY—"Fish 'n' chips"—finger-size fried fish with tartar sauce for dunking—makes novel Lenten informal party.

By GAYNOR MADDOX
NEA Staff Writer

For a novel supper party during Lent follow the British custom of "Fish 'n' Chips." Any time of the day, any season of the year, you'll find Britishers stopping for "Fish 'n' Chips" at tiny shops or even sidewalk stalls. For a small sum they buy crisp fried fish, and French fried potatoes. There is always a handy bowl of tartar sauce nearby for "dunking" because "Fish 'n' Chips" is finger food.

For your "Fish 'n' Chips" party, serve the food from baskets. A big basket of crisp fried fish, another of hot French fried potatoes. Individual bowls of tartar sauce and the scene is set for a "serve yourself" supper that is sure to be fun. To complete this supper menu you might serve a tossed green salad and a simple dessert.

For golden brown, crisp and delicious fish, follow this simple formula for breading. Use a pancake ready-mix for economy, efficiency and outstanding flavor. A special blend of flours in a pancake ready-mix helps prevent grease absorption so that the coating retains a tempting crisp texture.

Use a lean type of fish that takes well to deep fat frying such as haddock, whitefish, sole, cod, lake or sea trout. Either fresh or frozen filets may be used. When using frozen fish filets, defrost and cut fish into strips about one by three inches for easy eating as finger food. Then roll in pancake ready-mix and fry in hot deep fat.

If you prefer to use fresh fish, dip the strips in egg wash, drain well and roll in pancake ready-mix. Then fry in deep hot fat. Here is the complete recipe:

French Fried Fish
Cut cleaned fish into strips three inches by one inch. If using fresh fish, dip into an egg wash prepared by combining one beaten egg and 1/2 cup of milk; drain well. (If using fish which has been frozen

Plan To Get Rid Of Foxes Offered

By The Associated Press

West Texas may have the answer to the East Texas fox menace. Foxes, many of them rabid, have been a big problem the last few months, particularly in Henderson County, East Texas. They have killed livestock and dogs and have bitten people.

Now, from the Brady Standard in West Texas comes the suggestion that some of McCulloch County's expert fox callers be drafted to get rid of the foxes.

"They'll get the job done," says the Standard confidentially.

What is a fox caller? A man who calls foxes, of course, like A. L. Lindsay, formerly of Brady but now of Brownwood.

"Mr. Lindsay probably is out of the amateur class," the Standard said. "He'd undoubtedly be classified as a professional. Since he got the fox calling fever less than a year ago, he's called up and killed more than 150 foxes."

Lindsay, it seems, makes a sound like a dying rabbit and foxes trot right up to his automobile. Just the other night he made like a stricken rabbit and killed nine foxes.

CARE Recipient Pays Donors Visit

ITHACA, N. Y.—(AP)—Back in 1947 Mr. and Mrs. Nelson F. Hopper sent a CARE package and a Christmas box to Germany. The gifts were delivered to Otto Sperling, his wife and two daughters in Berlin.

Recently, the Hoppers received a phone call from Sperling. He was in Ithaca as one of 19 German labor experts spending two weeks at Cornell University's School of Industrial and Labor Relations. They were brought to the United States by the U. S. State Department.

Baltimore Holdup Is Routine Matter

BALTIMORE — (AP) — Waitress Ethel Tawney was alone in the all-night restaurant when two bandits barged in and announced a stick-up. One, armed and masked, ordered her to lie on the floor, told her "I am more nervous than you," and helped himself to \$109 from the cash register.

Upset, Mrs. Tawney had herself transferred to an uptown branch of the restaurant. Two nights later, she was held up again—this time by just one of the two bandits she had met earlier. "It's getting routine," Mrs. Tawney said wryly.

PHONE 3000 FOR AD-TAKER

The Indian mongoose is now immune to the cobra's poison, but depends on agility and skill to win a fight with the snake. There are now only about 100 Chinese in Linschouse, London's Chinatown, and only one of these is a town optimum smoker. A coat of ice 100 feet thick, completely covering the earth, could be melted by the heat that is received from the sun in one year.
