

## Miss Elder Married In Morning Wedding

Martha Elder and Gus A. Glene-winkel, Jr., both of Midland, were married Wednesday morning in a ceremony read in the First Baptist Church by the Rev. Vernon Yearby. Mrs. Glenewinkel is the daughter of Mr. and Mrs. Carl Elder of Coleman and the bridegroom's parents are Mr. and Mrs. Gus A. Glenewinkel of Merkel.

The double-ring ceremony was read before a fan-shaped trellis of greenery, centered with a heart of American Beauty red carnations. Tall baskets of white stock interspersed with red were on either side of the trellis.

Mrs. Joe Mims played "Always," Berlin, and "Until" as pre-nuptial music, and Mrs. Bob Goff sang "O Promise Me," DeKoven. Mrs. Mims also played the traditional wedding marches and "Through the Years," Youmans, during the ceremony.

The bride, given in marriage by her father, wore a pastel-green gabardine suit with dark green accessories. She carried a white wibie, topped with American Beauty roses and stephanotis from which extended white satin streamers tied in lovers' knots.

Her sister, Mrs. Ralph Kurz of Peoria, Ill., was her only attendant and Harlan Thomas of Midland, her cousin, was best man. Norwin Stewart and Gilliam Abbott were ushers. Mrs. Kurz wore a gold gabardine suit with dark blue accessories and an iris corsage. The bride's mother wore a royal blue ensemble with white accessories and a corsage of white iris tipped with gold.

The bridegroom was graduated from Butterfield High School and attended mechanical school in Austin. He served for two and one-half years with the United States Army in the European Theater. He is employed at the Elder Chevrolet Company.

Mr. and Mrs. Thomas and Mr. and Mrs. Abbott were hosts at a rehearsal dinner Tuesday night in the Thomas home. The table was centered with an arrangement of red amaryllis and the place cards were decorated with gold bells.

The individual tables held white candles. Guests were Mr. and Mrs. Glene-winkel, Sr., Mr. and Mrs. Elder, Mr. and Mrs. Stewart and Mrs. Kurz.

## Mrs. McMurry Named Iota Beta Sponsor At Night Meeting

Mrs. Y. D. McMurry will be the new sponsor of Iota Beta Chapter of Beta Sigma Phi Sorority. It was announced Tuesday night at a meeting in the First Methodist Church. She succeeds Mrs. W. H. Sloan, who is a new honorary member of the chapter.

Hughie Pressly, educational director of the First Methodist Church, spoke on "Words, Action and Thought in the Service of Truth." Homer Meek, Jr., played two organ selections.

Other members present were Mrs. Estelle Cummings, Veta Watson, Mrs. Lee Holman, Mrs. Bill Brice, Mrs. Jane Patterson, Mrs. Jack Irion, Mrs. David Bainbridge, Mrs. Lawrence Carr, Mrs. Jack Davis, Mary Lynn Cliff, Mrs. Dave Watson, Dorothy Reising and Mrs. Sinclair Murray, Jr.

Other members present were Mrs. Alton Brown, Glenda Brown, Nellie Clark, Mrs. Bryan Denson, Mrs. Morris Donelson, Ellen Evatt, Cathy Harrington, Myra McReynolds, Mrs. Joe Mims, Mrs. Ernest Nance, Dorothy Raines, Mrs. John Rhoden, Jr., Dixie Lou Wilson, Mrs. Josh Wilson, Mrs. Jack Wood and Mrs. George Woody.

The bridegroom was graduated from Butterfield High School and attended mechanical school in Austin. He served for two and one-half years with the United States Army in the European Theater. He is employed at the Elder Chevrolet Company.

Mr. and Mrs. Thomas and Mr. and Mrs. Abbott were hosts at a rehearsal dinner Tuesday night in the Thomas home. The table was centered with an arrangement of red amaryllis and the place cards were decorated with gold bells.

The individual tables held white candles. Guests were Mr. and Mrs. Glene-winkel, Sr., Mr. and Mrs. Elder, Mr. and Mrs. Stewart and Mrs. Kurz.

## Mrs. Dillard Returned As Council Head

Mrs. J. D. Dillard was reelected chairman of the Midland Council of Garden Clubs and plans for the year, May 4, when the council will present Mrs. Howard Kittel of Fort Worth, were made at a meeting Tuesday morning in Mrs. Dillard's home.

Mrs. Dillard has been council chairman for the last year. Other officers will be chosen at the May meeting. Announcement of a gift by Mrs. Foy Proctor for beautification of the cemetery, the council's project for this year, was made. Civic projects of the various clubs for next year were discussed; it was voted to send Mrs. Dillard as a delegate to the state convention of the Texas Garden Clubs, Inc., in Tyler in May and it was decided to support the JayCees cleanup drive next week.

Garden clubs of Midland will be the hostesses to the Midland Women's Club at the tea, which will be held at 3 p. m. May 4 in the First Presbyterian Church. Mrs. Kittel, a well-known flower arrangement expert, will speak on various types of arrangements. Duties for the tea were assigned to various clubs. The Midland Garden Club will be in charge of the flowers and arrangements while Pyracantha Club members will obtain and hang the drapes and other backgrounds. Flower containers will be furnished by Yuca Club members.

Ushers will be chosen by the Perennial Club and pages by the Seris group. The Texas Club is arranging for the table and the caterer. Members attending were Mrs. I. W. Hynd, Mrs. Willard Bumpass, Mrs. H. E. Bahr, Mrs. Ed Shakely, Mrs. Winston Hull, Mrs. A. P. Shirey, Mrs. R. E. Gillespie, Mrs. E. W. Cowden, Mrs. Dewitt Haskin, Mrs. Miles Hall and Mrs. J. A. Eubank.

Gift for Library: A recent gift to the Midland County Library is a year's subscription to a magazine, "The Poets Read," Mrs. Lucile Carroll, librarian, announces. It was given by Faye Willoughby, 1701 North Edwards Street, author of "First Christmas and Other Poems."

The technical name for the television tube is "kinescope."

## Mrs. Beakey Will Read For Woman's Club

Stepping in to serve in a last-minute program emergency, Mrs. J. E. Beakey will read a modern comedy for the Midland Woman's Club at its April meeting at 2:30 p. m. Thursday in the home of Mrs. W. B. Yarborough, 506 West Storey Street.

On the hostesses committee are Mrs. Kenneth Newton, Mrs. Glen Pete Tyler, Mrs. W. H. Pomeroy, Jr., and Mrs. John V. Norman, Jr., who make up the Progressive Club's hospitality committee.

The new constitution and by-laws of the Woman's Club will be read for the first time in the business session, which will begin at 2:30 p. m., a half-hour earlier than the usual time of the club's meetings.

## Midland Couple Is Married At Home Of Minister In Dallas

Mr. and Mrs. Franklin D. Ward, Jr., are at home here after their marriage in the home of the bride's uncle, Tom Walker, in Dallas Friday. Mrs. Ward is the former Mary Bizzell, daughter of Mr. and Mrs. J. P. Bizzell, and Ward's parents are Mr. and Mrs. F. D. Ward, Sr. Both families live in Midland.

Mr. Walker, minister of the Church of Christ, officiated for the single-ring ceremony. The bride, given in marriage by her father, wore a ballerina-length dress, the bodice of wheat-colored lace over cream satin, the upper part of the skirt of the same lace and the lower part of crinkled chiffon gathered on at the hipline. Her corsage was of pink rosebuds.

Mr. and Mrs. J. P. Bizzell, Jr., of Midland attended the couple. Mrs. Bizzell wore an aqua linen suit with brown accessories and a corsage of pink carnations. The bride's mother was dressed in a jacket dress of brown and aqua linen and her corsage was like that of the matron of honor.

A reception in the Walker home followed the ceremony. The rooms were decorated with roses and bridal wreath, as was the table where the wedding cake was cut.

After spending the weekend in Dallas, the couple returned to Midland. They are living temporarily at 1211 West College Street, waiting completion of a new home.

For traveling the bride wore a navy suit with a pink blouse, navy and pink accessories and her wedding corsage.

Both are 1945 graduates of Midland High School. The bride attended Texas Wesleyan College in Fort Worth, where she majored in dramatics, and is employed by R. R. Herrell, oil operator. Ward served in the U. S. Navy for 16 months and was stationed in China much of that time. He is employed as a draftsman for the Gulf Oil Corporation.

Only members of the immediate families were guests for the wedding. The bride's aunt, Mrs. Ione Boone of Lamesa, was in Dallas for the occasion.

## Hospital Auxiliary Board Makes Tour

A tour of the Midland Memorial Hospital was taken by members of the Executive Board of its Women's Auxiliary after their meeting Tuesday morning in the home of Mrs. L. W. Sager. Plane for the general meeting Friday were made. It will be held at 9:30 a. m. in the KCRS Studio.

While touring the hospital, board members met Elizabeth Ahrens, who will be superintendent of nurses. Others attending were Mrs. R. A. Estes, Mrs. Clarence Kerth, Mrs. R. M. Barron, Mrs. W. S. Key, Mrs. Dan Hudson and Mrs. J. B. Ford.

The new constitution and by-laws of the Woman's Club will be read for the first time in the business session, which will begin at 2:30 p. m., a half-hour earlier than the usual time of the club's meetings.

## Convention Plans Of B&PW Clubs Started

The official call for the Thirtieth Annual Convention of the Texas Federation of Business and Professional Women's Clubs, Inc., has been received by members of the Midland club. The convention will be held in Austin May 19-21.

Another West Texan on the slate is Olive McDougal of Stamford, candidate for second vice president. Two former Midland residents, Margaret Stephenson of Austin and Aline McKenzie of Kingsville, are opposing candidates for third vice president. Mrs. Stephenson has managed a dress shop here, and Miss McKenzie is a former teacher in Midland Public Schools.

In addition to the board members, delegates from the Midland club will go to the convention headed by Neta Stallard, president, and Thelma Gardner, president-elect.

CRANE—"South Pacific" the Hammerstein-Logan musical play that is a current Broadway success, was reviewed by Mrs. O. E. Stephenson at a meeting of the Business and Professional Women's Club Thursday in the Community Hall.

Guests were Mrs. Wood Stephenson, Mrs. Otto Mackley, Mrs. Pete Farrort, Mrs. E. E. McDonald and Mrs. Howard Evans. Members attending were Gracie Ward, Julia Cunningham, Margaret Huggins, Christine Wilson, Ruth Shirley, Maurine Hester, Ruth Hall, Ione Bright, Harriet Rothe, Estelle McCortley, Evelyn Riden, Joan Hogan, Bonnie Covill, Helen Tobin and Waldine Curry.

## Prose Literature Is Topic For Delphians

"Forms of Prose Literature" was the subject for study by the Daeth Delphian Society Tuesday morning, at a meeting held in the Palette Club Studio. Mrs. C. W. Chancellor was the program leader.

Mrs. M. J. Loring discussed "Three Attitudes of Novel Writers," and Mrs. Harold Kelly, "Realism and Social Trends." Other members who took part in the general discussion were Mrs. Woodrow Campbell, Mrs. Carl Barnhart, Mrs. William Waters and Mrs. E. R. Andres.

## CRANE GIRL SCOUT TROOP HAS MEETING

CRANE-Girl Scout Troop 1 met recently with Mrs. Marion Clancy, leader. After a discussion, members played games. Attending were Dorothy Kendrick, Margie Mae Kirkham, Lillie Martindale, Leah Virdell, Sandra Marks, Ginger Maxwell, Penny Dulin, Maurine Clancy, Elen Marshall, Shirley Crane, Shirley Tooke, Neida Moore, Patricia Modsett, Patricia Edwards, Dana Sue Glenn and Mary Sue Bulard.

## Chinese Theme Used To Decorate Party

Chinese figurine vases holding red roses centered the tables for the luncheon and bridge party of the Tally Hostess Club Tuesday afternoon in the Ranch House. Mrs. Clarence Synnes and Mrs. Perry Gill were the hostesses.

The Chinese theme was repeated in game appointments and the traveling prize, held by Mrs. Gill, was a vase similar to those on the tables, but larger. Mrs. David C. Chambers made high score at bridge and Mrs. Clyde Davidson second high.

Plans were made for the club's annual covered dish luncheon, to be held at 1:30 p. m. May 9 in the home of Mrs. H. L. Huffman.

Mrs. M. S. Patton, Jr., was the only guest player at the party. Other members present were Mrs. J. V. Hardwick, Mrs. W. E. Lyle, Jr., Mrs. John K. Massey, Mrs. Jack M. Moore, Mrs. Wayne Moore, Mrs. Huffman, Mrs. R. E. Morgan, Mrs. M. A. Murphree, Mrs. Olin Prather and Mrs. J. C. Williamson.

## Favorite RECIPES of WEST TEXANS

**TOSSED SALAD**  
By MRS. C. E. OBERHOLTZER  
1604 West Michigan Street  
Put cut-up cucumbers, radishes, fresh onions, tomatoes, lettuce, garlic and avocados in a large bowl. Instead of cutting or shredding the lettuce, pull it apart. Chop the garlic very finely and leave in the salad. Let this stand for about 30 minutes, to allow the garlic time to flavor the other ingredients. Put in dressing, 1/2 French dressing and 1/2 Italian dressing, and salt to taste. Don't stir but toss just until the salad is mixed with the dressing.

**CIRCLE MEETS**  
Mrs. Frank Blackwell gave the first lesson from the study book, "Women of the Scriptures," at a meeting of the Kate Gates Circle of the First Methodist Woman's Society Monday night with Mrs. O. B. Jackson, Mrs. B. B. Seawright opened and closed the meeting. Mrs. Noel Oates gave a prayer and Mrs. Hugh Bliss led the devotional period. Refreshments were served to 15 members.

**ANNOUNCE BIRTH**  
CRANE—Mr. and Mrs. Guy Shults have announced the birth of a son, Guy Robert. He weighed six pounds, 14 ounces. Mr. and Mrs. C. P. Shults of May, grandparents of the baby, Mr. and Mrs. Truitt Shults of Brownwood, his aunt and uncle, and Mrs. Sid Peterson of Kerville, his aunt, are visiting the Shults in Crane.

### 'Howya Gonna Keep 'Em Down On The Farm?'

Aristocrats of their breed are these pedigreed Holstein bulls and heifers being loaded into a Seaboard & Western Air Lines DC-4 air freighter at New York's International Airport. Raised at Carnation, Wash., the prize herd—valued at \$30,000—was flown to Milan, Italy, as part of a series of shipments to help rebuild Italian herds ruined by war. Below is inside view of plane.

### Three-Day Sale Marks Opening Of New Grocery

A special three-day sale, featuring the opening of Brooks Grocery Store No. 2, will begin Thursday in Brook's two groceries and variety store, Paul Brooks, owner, has announced.

The new Brooks No. 2 is located on the Andrews Highway at Michigan Avenue. Plenty of parking space is available and the latest in modern facilities and dependable grocery items are offered.

Brooks' No. 1 store is located at 120 South Main. The variety store is at 118 South Main.

Free prizes for every customer will be given in a novel way at the new grocery. Balloons will be tied to the ceiling and each customer will be allowed to puncture one balloon and receive the prize which is designated on a slip of paper inside the balloon.

New self-service meat market, refrigerated produce racks, and a self-service frozen foods department all await visitors at Brooks No. 2. Some of the fancy grocery items to be offered at the new establishment are Del Monte and Hearts DC, light canned fruits and juices, Gladia, Light Crust, Kimbells and Gold Medal Flour; preserves, jellies and jams packed by Mrs. Winston and Kimbells, and numerous brands of staple groceries, meats and frozen foods.

Several specials will be offered during the sale at Brooks' South Main grocery and variety stores. Brooks invites all old and new customers to visit and inspect the new grocery during the three-day sale.

### Abundant Living

By E. STANLEY JONES

Heb. 12:1-2; Isa. 45:22; John 3:14-16.

**TURN FROM YOURSELF TO CHRIST**  
We now come to the third simple step. (3) Since you have brought to the surface all conflicts, all guilts, now turn your attention and your loyalty to Christ.

The bringing up of all these conflicts and fears and guilt will leave a vacuum which only Christ can fill. When He comes in and takes possession, then, as you turn your attention within, you are not turning your attention to yourself, but to the Christ who is within you.

Now you can be an introvert, for at that very moment you are an extrovert!  
A very intelligent woman, of excellent character and ability, loved her father devotedly. When he died she had no one she really loved, so her frustrated love turned upon herself. This upset her nerves and ended in further frustration. That frustrated love could be released and satisfied only as it centered on Christ, the Eternal and the Unfolding. Our love, fastened supremely on Christ, will give us lesser, legitimate loves their meaning and their place. They are hallowed by that supreme love. You dare love yourself if you love Christ supremely.

Dr. Paul Scherer told me of a brilliant woman, the brains of a dope ring, who listened in over the radio to find arguments against God; for she didn't merely disbelieve in God—she hated Him. At that time she was taking three times the legal dose in order to sleep. Something in the words she

heard broke her antagonism. She was converted. And then the light of disentanglement began. Again and again she would faint for want of the drug, but she refused to take it. She went among her gang and told what had happened to her. Her testimony broke up the ring. Five of them were killed in action after they went to England to help the wounded in order "to make atonement for what they had done to destroy others." She herself is now a radiant Christian, in social-service work in a great city. A new loyalty and love broke the power of the old. Love Christ, and then do what you like, for you will like the right. You will be free!  
O my Lord and Master, I see that I can be free only when I am in love with Thee, for love of Thee is love of myself. What bondage—what freedom! I know now what the promise means when it says, "If the Son shall make you free, ye shall be free indeed." I am free indeed. I thank Thee, Father, Amen.  
(From the book "Abundant Living," published by Abingdon-Cokesbury Press of New York and Nashville, Copyright. Released by NEA Service.)

### Distress Over Job Loss Leads Teacher To Kill Two, Self

PERU, NEB.—(P)—Associates Wednesday could offer only one motive—distress over the impending loss of his job—for the tragic behavior Tuesday of an otherwise mild-mannered psychology professor who shot and killed two fellow college officials, then himself.

For 24 years, Dr. Barney K. Baker, 54, had taught on the beautiful "Campus of the Thousand Oaks" at Peru State Teachers College.

Tuesday morning the new college catalog came out. It revealed publicly for the first time what Dr. Baker had known since last fall—that he was being dropped in a reorganization of the school's department of education. The catalog, said County Attorney Fred C. Kiechel, may have been the trigger that sent the professor walking wordlessly into the offices of the college president and the head of the education department to kill them at their desks.

Slain were Dr. William L. Nicholas, 48, president of the college since 1946, and Dr. Paul A. Maxwell, 56, education department head and Dr. Baker's immediate superior.

Less than an hour later, Baker's body was found in the living room of his home at the edge of the campus. Neatly laid out were his keys, with pieces of paper to identify them, and a typewritten note with instructions for disposal of the body. Tacked to the front doorbell was another note: "Tell Prof. (C. A.) Huck (mathematics teacher at the college) to take charge."

**Note Gives Motive**  
Scribbled at the bottom of the typewritten note was the apparent topoff to the motive:  
"Willie (the college president) tried to fire the wrong person."  
Kiechel called it "obviously a double murder and suicide" and said there would be no inquest.

He said the slayings were "premeditated" and Dr. Baker apparently prepared his notes in advance of the slayings.

Lending credence to the premeditation theory was the professor's behavior just before the slayings. Waiting to see Dr. Nicholas, he had small talk with two representatives of an Omaha typewriter company, also waiting. There was no sign of fury.

Dorothy Sivan, the president's secretary, gave this account:  
"I was in Dr. Nicholas' office at

the moment. When I came out, Dr. Baker and two other men (the typewriter men) were in the waiting room. Dr. Baker said he was there first and I told him to go on in.

"He said, 'This won't take long.' Shots Are Heard  
"He went inside, closed the door. I didn't hear any conversation. Almost immediately, I heard shots. I think there were five. Then Dr. Baker came out. I saw him putting the gun in his pocket. I couldn't think what had happened until I saw Dr. Nicholas slumped over in the chair.

"Dr. Baker didn't say a word, but just walked out."  
The trail of terror led from Dr. Nicholas' second floor office in the school's administration building to the first floor office of Dr. Maxwell.

Mary Louise Smith, Dr. Maxwell's secretary, said she looked up as Dr. Baker entered.

"I asked if there was anything I could do for him," she said. "I was too late. Dr. Maxwell was sitting at his desk reading. He did not see who came in. Dr. Baker had the gun at his head as I spoke. He didn't say anything. I think there were two or three shots."  
**Runs Out Screaming**  
"Dr. Baker just walked across the hall to his own office, put on his hat and coat and left. I ran out screaming."

Classes halted abruptly at the school, a state-owned institution with about 400 students in a town of about 1,000 persons. They were resumed Wednesday but the week's extra curricular activities—a track meet, a senior's violin recital, a career conference for prospective teachers and a meeting of the Southeast Nebraska Schoolmen's Association—were called off.

Dean R. A. Quelle was named acting president.

Associates described Dr. Baker as an erudite professor but not much of a "mixer." He was a sports fan and hunter but his psychology classes weren't particularly popular with students.

Inscribed on a piece of decorative leather in his office was the inscription: An Indian scalps his enemy and a white man skins his friend.

### Revision Of Beer Ordinance Proposed By Study Group

Recommendations of a special committee named last January to study the city's present beer sale ordinance with the idea of amending it to meet current needs, were heard Tuesday night at a meeting of the City Council. City Attorney John Perkins, committee chairman, submitted the report.

The establishing of separate and well-defined on-premise and off-premise beer sale zones was recommended. The proposed changes also would clarify provisions and regulations of the ordinance and would provide penalties for violations.

The present ordinance, it was pointed out, does not distinguish between on and off-premise sale permits, and applications for permits for off-premise sales outside the regular beer districts previously have been handled by the council on an individual basis.

The need for revising the beer ordinance, establishing definite zones and adopting a firm policy concerning the handling of requests for out-of-zone permits was voiced at a council meeting last January 25, when a proposal that off-premise beer sale zones be extended was considered and rejected.

The study committee, including Perkins, Councilmen H. E. Childs and W. F. Hejl, and the Rev. Vernon Yearby and the Rev. W. R. Mann, was appointed at that time.

It was pointed out that the proposed changes would strengthen rather than relax the present ordinance. The present on-premise zone would not be changed under the proposed amendments.

The recommendations offered Tuesday night met with the unanimous approval of the council members, who asked Perkins to prepare ordinance amendments which will be considered at the next regular meeting of the council.

**BACK FROM STILLWATER**  
P. R. Pattison, Midland builder, has returned from Stillwater, Okla., where he had spent the last two weeks assisting in the repair of damages done to buildings and homes by a recent tornado and hail storm. Pattison's son-in-law and daughter, Mr. and Mrs. Norman Going, reside in Stillwater.

**TESCO Sponsors Lighting Clinic At VFW Hall Here**

A dramatic presentation of the latest and best techniques in office, store, home and school lighting was witnessed by scores of persons who attended a General Electric lighting clinic Tuesday afternoon and night in the VFW Hall on West Highway 80.

The lighting exposition, developed by GE specialists, was brought here under the sponsorship of the Texas Electric Service Company.

Discussions, demonstrations and stage presentations pointed up the advantages which modern lighting offers in promoting sales, increasing efficiency, improving working conditions, creating comfort and protecting eyesight.

Exhibits of the latest developments in lighting equipment were displayed in the huge auditorium. The clinic also was to be open Wednesday afternoon and evening and Thursday night.

### Radio Station Site Is Approved By FCC

Approval by the Federal Communication Commission of a transmitter-studio site for a proposed new Midland radio station, KJBC, was reported Wednesday by Jack Cecil, station operator, from Oklahoma City.

The site, he said, is 13 miles southeast of Midland on the Garden City highway. Cecil advised construction on the building will begin in approximately 40 days and that he expects to have the new station on the air in 90 days.

# Defense Plans For Super AA Weapons, Atomic Power, Told

WASHINGTON—(AP)—The Army expects soon to have weapons that will knock down 12-mile-high warplanes. The Navy is ready to build an atomic-powered submarine.

And a huge Viking rocket will be launched next month from a ship on the equator in mid-Pacific to carry aloft instruments for recording information on the cosmic ray.

These striking new developments in the country's campaign of military preparedness were discussed one after the other, in quick succession Tuesday.

Adm. Forrest P. Sherman, chief of Naval operations, revealed that scientists were ready to use atomic power in undersea craft when he asked Congress for authority to build a "U-235 boat."

This announcement followed the disclosure last week of a sudden switch in atomic development work, to push the design and building of a ship propulsion unit powered by nuclear energy. Two big industrial contractors, Westinghouse Electric and General Electric, are working on the project for the Atomic Energy Commission.

**No Hint On Design**

Sherman gave no hint as to the design of the atomic-sub, estimated to cost \$40,000,000.

In asking for money to push a \$235,000,000, stepped-up construction program, however, he referred to the craft, along with others on which the Navy is working, as being of "radical design."

The U-235 boat was given fourth priority among the projects he listed. These included:

An undersea vessel which would use hydrogen peroxide as a source of oxygen, a 250-ton pig-a-back radar picket submarine, a larger submersible with a "closed circuit" power plant, a cruiser converted into a guided missile combat vessel, ten additional submarines with the German-developed snorkel breathing tube, and a fleet of new-type shallow-draft mine sweepers.

**112 New Vessels**

Altogether, the Navy chief listed 112 vessels. He told the House Armed Services Committee that the Navy originally intended to wait until 1952 to ask funds for vessels of new types. But, he added, the Navy now is ready to go ahead if Congress provides the money for the fiscal year beginning next July 1.

Sherman was the first witness as the committee began hearings on a measure by Chairman Vinson (D-Ga.) to authorize a \$500,000,000 outlay to build 50,000 tons of new shipping and modernize 200,000 tons of ships now operating.

The disclosure about the high-altitude anti-aircraft weapons was made by Gen. J. Lawton Collins, Army chief of staff. He said in a radio broadcast that the Army has in advance stages of development new rockets "we are confident" will destroy planes above 60,000 feet, and a guided missile which "gives promise" of even greater range and accuracy.

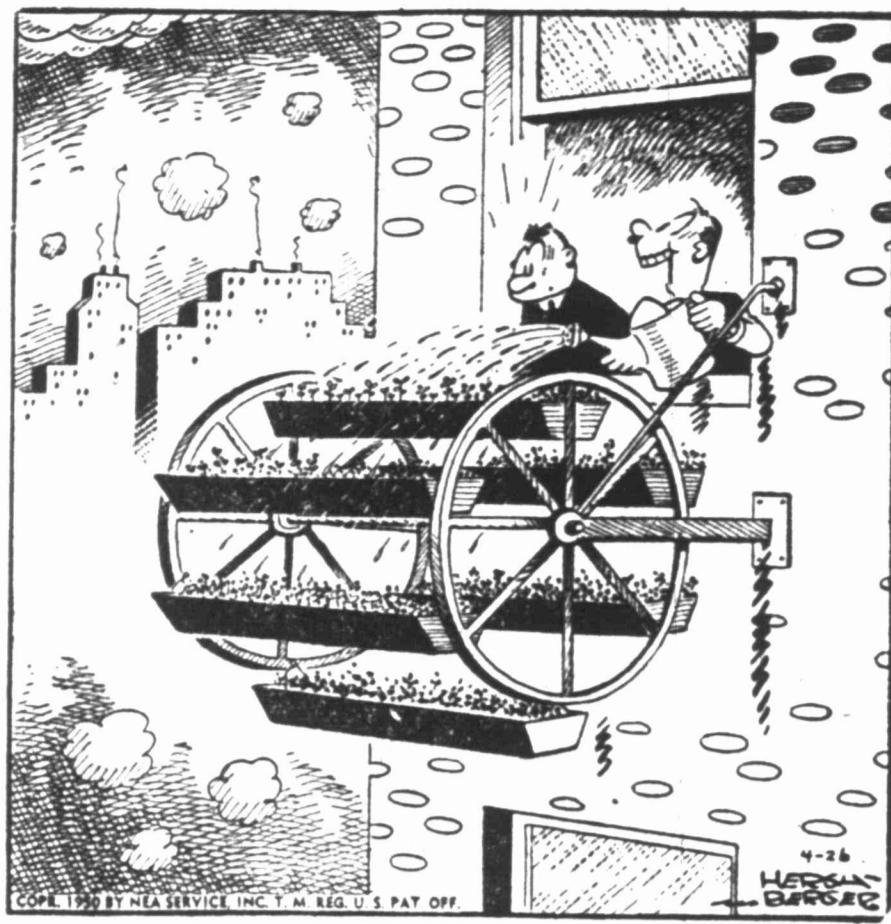

**Cosmic Ray Research**

This statement came only a few hours after the Navy announced that it is interested in harnessing cosmic rays. Some scientists have estimated that the energy of such rays in outer space may be ten times that released by an atom bomb.

What the Navy hopes to do with the rays was not disclosed. It said merely that it was interested in basic research and would launch an instrument-bearing rocket from a ship in mid-Pacific next month to study the rays.

Before the announcement last September 23 that the Russians had achieved an atomic explosion, Russian diplomats openly claimed their government "had the secret" of the cosmic ray. American scientists expressed doubt that this was true.

Reports from larger cities in the U. S. in 1949 showed that 93 per cent of the stolen automobiles were recovered by police. Recovery on other types of property was as follows: currency, 15.6 per cent; jewelry, 18.7 per cent; furs, 13.3 per cent; clothing, 12.7 per cent; and miscellaneous property, 32.3 per cent.

"I got the idea for my garden from a Ferris wheel!"

## Midland Geologist Honored At Chicago

CHICAGO—(AP)—E. DeGolyer of Dallas Tuesday received the Sidney Powers memorial medal, highest award of the American Association of Petroleum Geologists.

DeGolyer, a consulting geologist, was honored for his contributions to petroleum geology.

The association gave an honorary membership to E. Russell Loyd, consulting geologist of Midland. The association is meeting here.

Loyd has done work on geology in the Permian Basin of West Texas. DeGolyer is credited with introducing several new methods of oil exploration. They include the modern magnetometer and the reflection method of seismic exploration.

## Stanton Honor Roll Lists One-Third Of School Enrollment

STANTON—Fifty-two students, approximately one-third of the high school enrollment, made the recent honor roll announced at Stanton High School.

Fifty per cent or 18 individuals of the junior class made the honor roll. The sophomore class qualified 48 per cent of its membership with eight listed. The senior class had 15 on the honor roll or 34 per cent of its membership. The freshman class put 11 individuals on the roll or 25 per cent.

Many students were unable to take exams because of the mumps. Twenty boys were honor roll students.

## Legion Post Enters Allen In Race For District Commander

Midland's Woods W. Lynch American Legion Post will have a candidate for district commander Saturday at the annual Spring convention for District 16 in Odessa.

He is David M. Allen, chairman of Midland's 40 delegates to the committee. His name will be placed on the ballot against other candidates for the post now held by Johnny Crooks of Odessa.

The district convention will get underway at 9 a. m. with registration of delegates and visitors. Open house will be observed at the Odessa post from 3 p. m. to 6 p. m., and a dance, beginning at 9 p. m., will be held in the City Auditorium.

Although Midland will send 40 delegates to the convention, all American Legion members are invited to attend.

## One Of Three Planes Released To Continue Journey To Colombia

HOUSTON—(AP)—One of three Colombian planes ordered held here pending a check with Washington has been cleared to continue its journey. The other two still are detained.

Customs Collector Sam D. W. Low said the plane released was found not to have been involved in any violation of any export laws. He gave no explanation as to the status of the other planes.

The planes were detained Sunday as they taxied to a runway at the Municipal Airport.

Customs officials said undeclared shipments were found aboard the planes, including pistols and ammunition in one and commercial quantities of women's clothing on the other two.

## Bear Gives Birth To Triplets In Zoo

SAULT STE. MARIE, MICH.—(AP)—The Sherman Park Zoo here is astonished.

One of its guests, a black bear, has given birth to triplets.

Triplets births in the black bear family, says Conservation Officer Alex McLane, are "most unusual."

The mother bear hasn't permitted the newcomers outside her cave yet. The zoo says the cubs probably weighed only about nine ounces at birth—infant bears are very small—but ought to be up around 70 pounds come Fall.

## House Reelects President LCO&GOA

SANTA FE, N. M.—(AP)—John W. House of Midland was reelected president of the Lea County Oil and Gas Operators Association Monday.

Al Dekker of Fort Worth was reelected secretary.

Old photograph records can be remolded into such things as flower pots by heating them properly and reshaping.

# JayCees Plan Clean-Up Drive At Open Meeting

The Annual JayCee-sponsored Clean-Up Week for Midland, which begins next Monday, got a thorough discussion Tuesday as representatives of several Midland clubs met to make final plans for a week-long project to increase the city's claim as West Texas' neatest city.

Keith Stuart, co-chairman of the JayCee Clean-Up Committee, presided at the session which was attended by 16 representatives of city organizations. He discussed plans for a downtown parade Monday afternoon to open the project, and outlined a week-long campaign to clean-up, paint-up and fix-up Midland.

Each person's participation in the actual cleaning up of Midland is limited to his own backyard, Stuart said, but everyone can pitch in to help publicize this campaign and make every citizen conscious of his duty.

Covered garbage cans, replacement of cesspools with proper sewage disposal units, cleaning up alleys and taking proper care to keep them clean, are the chief purposes of the cleanup campaign, according to Stuart.

## Chilean President Slates Texas Visit

HOUSTON—(AP)—President Gabriel Gonzalez Videla of Chile arrives here Friday to begin a Texas visit that will carry him from the Gulf Coast to the West Texas Plains.

Included on the Houston itinerary will be Saturday inspections of a steel mill and one of the world's largest oil refineries. He also will visit the San Jacinto Battleground State Park, where Texas won its independence from Mexico 114 years ago.

On Sunday, the president and his party of Chilean officials are to fly to Lubbock, where they will see West Texas petroleum installations and irrigation projects.

Monday afternoon, President Truman's official plane will carry the visiting chief executive and his party from Lubbock to New Orleans, where the return trip to South America will begin.

## Clubs To Receive Awards At Meeting Thursday Night

A meeting of Cub Scouts of Pack 6 will be held at 7:30 p. m. Thursday in the West Elementary School.

Thirty-seven awards, signifying advancement in rank, will be presented.

Five of the awards will be Webelos, the highest award in Cubbing. Kurt Von Oelski, David Duffield, Kay Newton, Jarrell Bolton and Bill Lees will receive the Webelos.

A program of special interest to parents has been arranged. It will include movies on Cubbing and its relation to the home.

The Cub Scouts are making plans to appear in the parade Monday which will be a highlight of the JayCee Clean-Up Campaign.

## Youth, Fearing Bad Grades, Kills Self

NEW YORK—(AP)—A traffic patrolman's son, worried about his high school report card, killed himself Tuesday with his father's service revolver.

Police said 15-year-old Donald Finn shot himself in the temple.

His mother, wife of Patrolman Timothy Finn, found the boy sprawled across his bed at home when she returned from work.

Police said the boy was worried that his report card, due Tuesday, would not show passing grades.

## Michigan Invokes 'Kathy Fiscus' Law

MARSHALL, MICH.—(AP)—Michigan invoked its "Kathy Fiscus" law Tuesday.

For leaving an open well on his property Starr Walbeck was ordered in court to pay a fine and costs of \$31.90 or to jail for 30 days.

He also was ordered to cover the well within 24 hours.

Michigan's Legislature passed the law last year after three-year-old Kathy Fiscus fell into an open well in California and lost her life despite heroic rescue efforts.

## Texas Urge Haste On Canadian Dam

WASHINGTON—(AP)—Texas legislators want federal officials to act promptly on the proposed Canadian River development in West Texas.

Tuesday Senator Lyndon Johnson (D-Texas) and Representative Malton (D-Texas) asked Secretary of the Interior Chapman to see that the Reclamation Bureau promptly supplies the Budget Bureau with all details of the proposed \$85,000,000 program.

## Dr. Wyvell To Speak To West P-TA Groups

Dr. Dorothy Wyvell will be the guest speaker to members of all the Parent Education Groups of the West Elementary Parent-Teacher Association at 9:30 a. m. Thursday in the school auditorium.

This will be a regular meeting of the group for parents of fourth grade pupils, but they are inviting parents from the other groups.

The speaker's subject will be "Mental Hygiene." Mrs. Ed Dilley, chairman of the hostess group, will be in charge.

## Heavy Cattle Run Is Expected At Sale Here

A heavy run of cattle is expected at Midland's livestock auction sale Thursday, operators announced Wednesday. Most of the cattle will be stockers, they said.

One hundred and fifty head of butcher cattle also are consigned to the sale.

The livestock market has been strong on all classes this week and a spirited sale is forecast.

When Summer suns sizzle you'll want to be in the cool shade of a good looking Solar\* straw. The fine imported Hopoka straw in this hat is lightweight and woven with tiny air holes that let Summer breezes in. The solid color folded scarf band is a smart contrast. Choose your own colors. Sizes 6 1/2-7 1/2.

at **PENNEY'S** Thrifty Store

**Vitamin-Guzzling Mouse Is Elusive**

MONTROSE, CALIF. —(AP)—It's going to take more than cheese to trap the mouse in William Principe's garage.

Principe, a drug salesman, keeps a few sample pharmaceuticals in his garage, along with a supply of kibbled dog food. The mouse got into the dog food, and Principe set a trap. Nothing happened, except that the dog food vanished in even greater quantities.

Then Principe noted the disappearance of about 20 high-potency vitamin capsules. On the shelf near the vitamins are several bottles of cod liver oil. A few days later, one of the bottles was overturned. The leaking oil had been lapped up.

Principe has set no more traps. "I'm not even looking for him," he declared. "I'm afraid he'll walk up and shake my hand—or pop me in the eye."

Both Brown Leghorn and Black Minorca chickens lay white eggs.

**Mysterious Slasher Is Terrorizing Girls**

TOKYO —(AP)—A leather-jacketed, knife-wielding killer is terrorizing Tokyo girls.

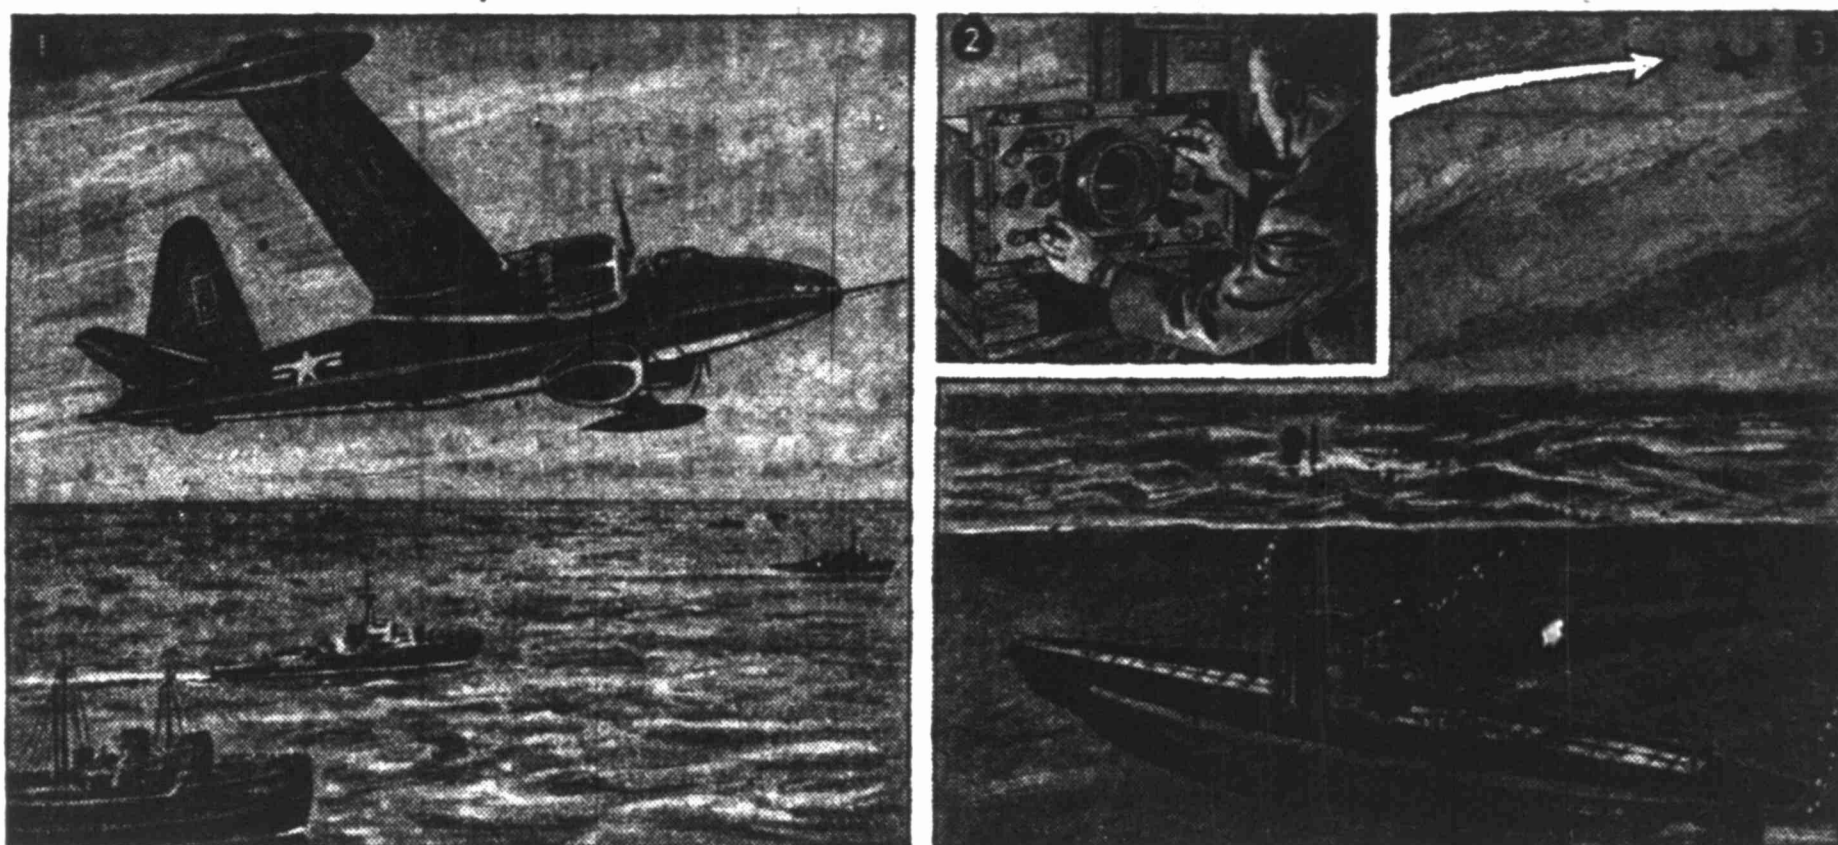

Three times in the last month a mysterious killer has lashed out at young girls walking late at night with their boy friends. Each time he has left the girl, throat slashed, dead.

**JERUSALEM GROWS**

JERUSALEM —(AP)—The Jewish part of the City of Jerusalem expects to have a population of more than 200,000 by the end of 1952. A recent census showed there now are 110,000 Jews here. No estimate was made of the number of Arabs living in the Arab-held Old City sector.

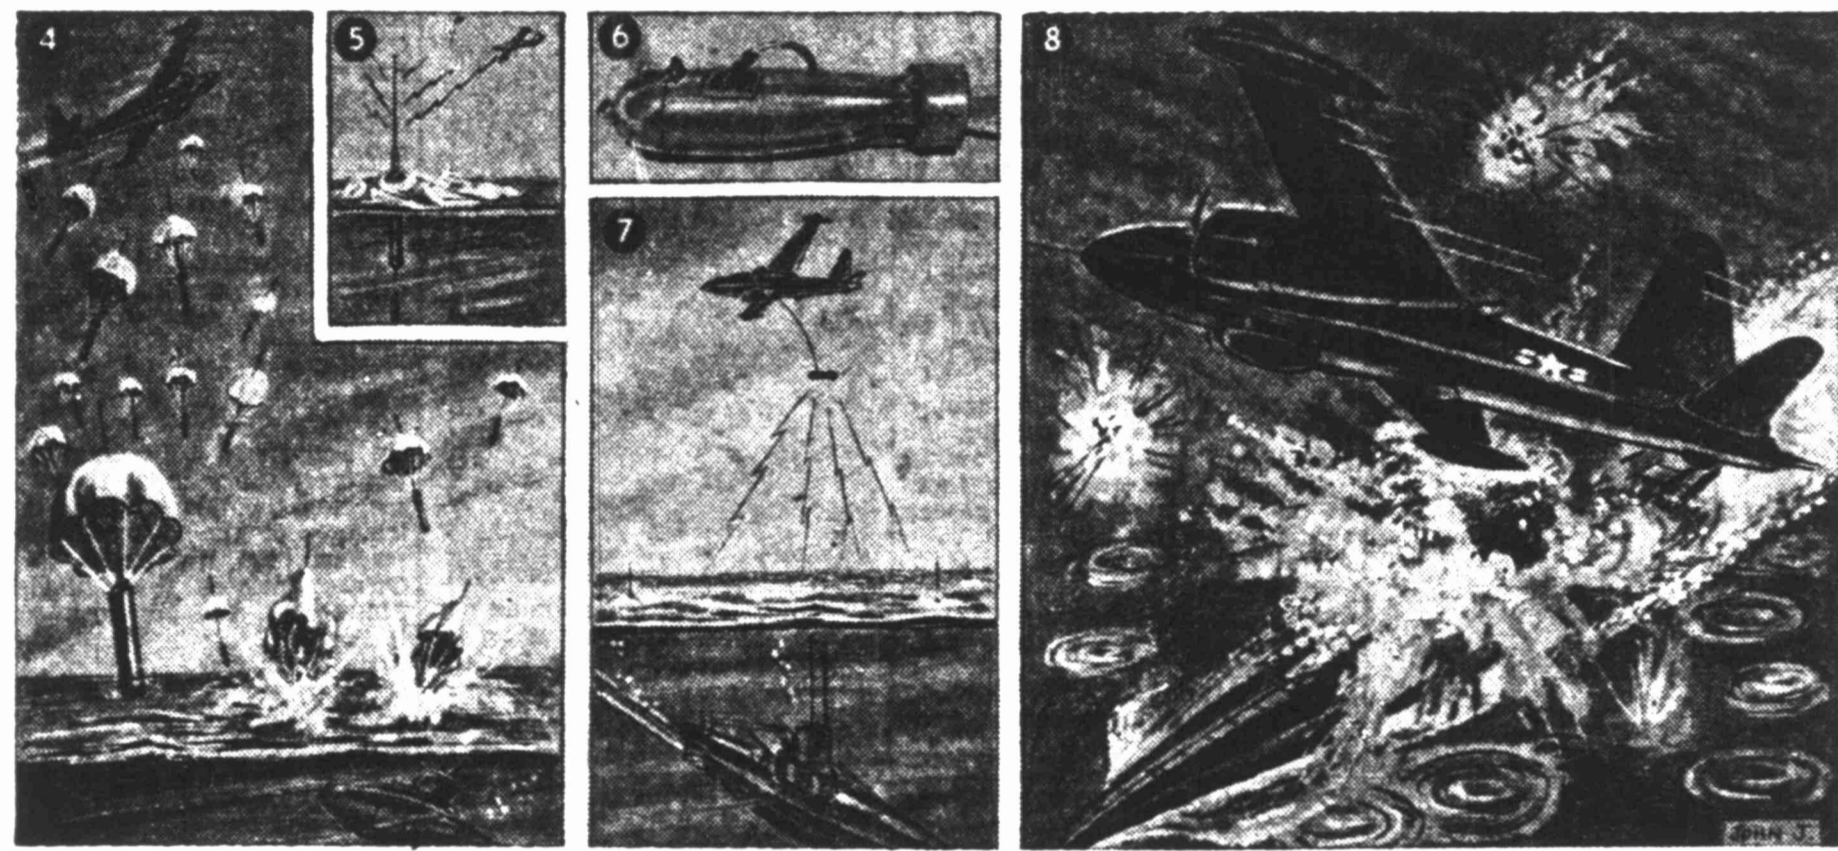

Because he was the first to devise a scanning disc back in 1883, Paul Nipkow is looked upon by some authorities as "inventor of television."

**Navy's New Sub Killer Is Match For Snorkels**

Navy patrol squadrons soon will be flying a deadly new anti-submarine airplane that can spot a snorkel miles away and launch torpedoes that invariably find their target. It's the Lockheed P2V-4, a direct descendant of the famous "Truculent Turtle," world's long-distance record holder. As sketched (1), the new sub-killer can patrol vast ocean areas, flying up to 6,500 miles without refueling. Special compound engines take additional energy from exhaust gases and feed it back to the propellers. If there is a snorkel sticking up in the ocean, the P2V-4's radar operator (2) likely will find it. His long-range radar covers three times the area and has four times the power of earlier models. Speeding to the area (3) indicated by radar scopes, the plane disgorges up to 36 sonobuoys (4) which align on the water in a large circle around the sub. In the water, the sonobuoy auto-

matically drops a hydrophone and erects an antenna. The hydrophone picks up sounds from the sub and broadcasts (5) the signals to the plane overhead. The intensity of these signals indicates which sonobuoys are nearest the sub. Over the target, the plane further pinpoints the sub with a magnetic airborne detection (MAD) device (6) which is a big magnet that records (7) disturbances caused by the sub in the earth's magnetic field. MAD functions even though the sub's engines are stilled and it lies quietly just below the surface. Having pinpointed the enemy, the P2V-4 can blast it by launching torpedoes, dropping bombs, and firing its heavy battery of 20 mm. cannon simultaneously. And to make doubly sure it is not firing at the wrong target, the P2V-4 has a giant spotlight which automatically is focussed by special instruments.

**A-Bomb Casing To Permit Use On Any Type Target**

WASHINGTON —(AP)—The United States apparently is producing a variety of special bomb casing in which its new, immensely more powerful atomic explosives can be used against any type of enemy target.

With such specialized containers or missiles, the atomic bomb ceases to be only a mass destruction weapon for a shotgun style of attack on an industrial city. It could be used against particular and difficult targets such as underground fortifications and factories.

A laconic phrase in the semi-annual report of Defense Secretary Johnson gives a significant hint. Says Johnson: "Atomic weapons are no longer a small number of bombs of a single type and size to be used only strategically on a carefully selected target."

His reference appeared to be this: the only two atomic bombs used in wartime attacks were exploded in the air over Hiroshima and Nagasaki. Of the two bombs publicly demonstrated after that, in the Bikini test of 1946, one was airburst like those used on Japan. The other was fired underwater after long and careful preparation, impossible under war conditions. The bombs were used, as Johnson said, "only strategically."

**Objectives Listed**

While neither the Defense Department nor Atomic Energy Commission is inclined to go beyond the cautiously phrased statement of Johnson, problems encountered in World War II and results of tests at Bikini and Eniwetok proving ground suggest here are some of the objectives of the atomic weapons:

1. An A-bomb encased in a deep-penetration type jacket similar to the "tall boy" bomb developed in the closing days of the war. The function of this conventional explosive bomb was to bore deep into the earth before exploding. The objective was to produce an earth shock to crumble underground installations. The allies never were able to solve the problem of attack on U-boat pens, tucked away along the coast under thick layers of earth and reinforced concrete. A deep-penetration atomic bomb may be the answer.

# Blair Hurls Shutout As Indians Drop Rockets 7-0

Midland's Famous Bauers

Marlene, left, and Alice, right, Midland's famous golfing Bauer sisters, demonstrate the form which has made them champions at Midland Country Club. The fetching sister-team burned up Florida's Winter golf circuit this year. They now are at Pebble Beach, Calif., where they will play in a tournament Saturday and Sunday to benefit the Cancer Fund. The Bauers recently turned professional but "Midland will always be home" they say.

## Victory Gives Midland Clean Sweep Of Series

The Midland Indians Wednesday took to the road for three days before returning home to face the Odessa Oilers Saturday night and Sunday afternoon. The Tribe will engage the Ballinger Cats in Ballinger the next three days.

By **SHORTY SHELBERNE**  
Reporter-Telegram Sports Editor

Harold Webb sent Ralph Blair to the mound Tuesday night and was more than glad he did when the ball game was over.

Blair hurled a seven-hit shutout at the Roswell Rockets, whipping them 7 to 0. It was the first whitewash job of the season for a Midland hurler.

Manager Tom Jordan used three pitchers in trying to quiet the Indians' war clubs but it was no dice. Scooter Hughes opened the third with a single and Quentin Basco crossed up the Rockets' infield and laid down a perfect bunt and beat it out.

It took just two innings for the Indians to ice the game. Hughes opened the third with a single and Quentin Basco crossed up the Rockets' infield and laid down a perfect bunt and beat it out.

That run really was all Midland needed. Blair reacted just perfectly with the aid of some great fielding by Hughes, Basco and Finnerback.

The seventh inning brought an uprising by the Indians which produced six runs. Basco walked to open the inning. Jones singled and up came Big Jim Prince. Prince had been walked intentionally his first three times at the plate but Manager Jordan elected to pitch to him.

Prince worked up a three and two count, then slapped a long double into left field to score Basco and Jones.

Dawson followed with a single. Ted Stephenson singled and Lonnie Balch singled.

Hughes lined out his third hit of the night, sending Balch to third. Webb picked an opportune time and sent Blair in to steal home on a play that was nice in any man's league.

Basco walked for his second time in the inning but he and Hughes were left stranded.

The ball game ended with George Finnerback making a major league stop of a liner behind third. He dove for the ball, knocked it down and crawled to third base to make a force play. Two men were on, given free tickets by Blair.

### MAJOR LEAGUES—

## Giants' Winter Trading Looks Better As Dark, Stanky Spark Triumph

They snickered when the New York Giants traded away all that power to the Boston Braves for defense-minded Eddie Stanky and Alvin Dark.

They smiled knowingly when Sid Gordon returned to the Polo Grounds in a Braves' uniform and almost single-handedly whipped his former mates with a pair of home runs. One came with the bases loaded.

They laughed as Will Marshall, Buddy Kerr and Gordon continued to star for the Braves while Stanky and Dark did nothing at bat or in the field to distinguish themselves. The laughs turned to jeers when Stanky and Dark mopped up a potential double play that cost the Giants a ball game.

All this happened during the first week of the season. But Tuesday started a new week—with different results.

While Gordon, Marshall and Kerr were held hitless by Joe Hatten as the lefthander pitched the Brooklyn Dodgers to a 3-0 triumph over Boston, Stanky and Dark were sparking the Giants to their first triumph of the season. The pair reached base five times as the Giants defeated the Philadelphia Phillies 8-4. The pair also excelled in the field.

**Alvin Parks One**  
Stanky proved he still was an excellent leadoff batter by drawing a pair of walks and singling in five trips to the plate. He scored twice. Stanky now has received seven free passes and scored five times in five games.

Dark walloped a home run and double in four times at bat to boost his batting average to a lofty .421. Until Tuesday, the keystone combination had not driven in a run nor cracked an extra base hit.

Hatten allowed only two singles at Boston as the Dodgers registered their fifth straight triumph following their opening day loss to the Phillies. He retired 23 men in succession between Bob Elliott's second-inning single and Connie Ryan's ninth-inning walk. Sam Jethroe followed Ryan's walk with a single, but Hatten got Marshall to end the inning and the game.

Vic Raschi became the first New York Yankee pitcher to go the route, pitching a 6-3 victory over the Athletics in Philadelphia. It

was Raschi's twelfth victory over the Mackmen. The Yankees played without Tommy Henrich, who suffered a recurrence of his knee injury in batting practice.

Detroit's Tigers won their fifth game in six starts, defeating the Browns 5-2 in a St. Louis night game. Virgil Trucks had a one-hit shutout for seven innings but homers by Hank Airt and Dick Kokos and a double knocked him out of the box. Art Houtteman stopped the Browns' uprising in the ninth to preserve Trucks' second victory.

Rain and wet grounds forced postponement of the Boston Red Sox-Washington and Cleveland-Chicago games in the American League and the Chicago-Pittsburgh game in the National. Cincinnati and St. Louis were not scheduled.

**WHITEFACE MAN GIVEN LIFE TERM FOR MURDER**  
MORTON, TEXAS—P—A jury Tuesday night convicted Leo Nichols, 37, of murder and fixed his sentence at life imprisonment.

Nichols, a farm worker of Whiteface, Texas, was charged with murder in the fatal shooting of his wife in 1949.

Rev. George Holderith, C. S. C., has been the Notre Dame golf coach since 1933.

### Qualifying Round For National Open Scheduled Here

A qualifying round for the United States Golf Association's National Open Tournament will be held May 29 at Midland Country Club, Fred Hogan, sectional affairs committee man, has announced. It will be one of two to be held in the state.

Professionals from throughout West Texas will compete in the event here. The qualifying round will be 36 holes.

The National Open will be played June 8, 9 and 10 at Merion Golf Club in Ardmore, Pa.

The qualifying round will precede the Texas PGA which will be held here May 30-June 4.

Entries in the USGA event must be in New York by May 15 or they will not be accepted.

## Flournoy, Ezell Tie For Medalist In Ladies' Meet

Sybil Flournoy, defending champion, and Gloria Ezell tied with 81's Tuesday as the Midland Country Club Women's Golf Tournament got underway over the club course. The tie will be played off in the opening round of match play Wednesday.

Sixteen golfers qualified for the championship flight and more than a score made the second and novice flights. The losers in the first round of championship play will form the first flight. There will be no consolation bracket in either.

Essie Stafford, a former club champion and one of the best golfers here, finished second to Mrs. Ezell and Mrs. Flournoy with an 87. Pairings for the championship flight and qualifying scores: Mrs. Flournoy (81) vs. Esther Howard (97), Rachel Hornbeck (93) vs. Mrs. Peyton Anderson (103), Mrs. Stafford (87) vs. Kitty Ashby (102), Sunny Harkrider (94) vs. Ann Hardwicke (105), Gloria Ezell (81) vs. Marceline White (101), Madeline Pomeroy (94) vs. Mary Jane Payne (104), Shirley Culbertson (82) vs. Frances Fritts (102), Evelyn Cowden (96) vs. Jane Lockett (105). Qualifying for the lower flights was completed. Results, except for a nine-hole novice flight, follow:

JayCees To Run Softball

The Midland Junior Chamber of Commerce will direct a softball program here this year, Wade Whiteley, chairman of the JayCee sports committee, announced Wednesday.

Three leagues are being formed and it is expected play will get underway at Wadley Field by May 15. A Church League, Optimist League for Boys and a City Major League will play.

A meeting of team managers will be called next week to lay final plans, Whiteley said.

The City Council Tuesday night approved a plan through which the city will cooperate in promoting softball.

Longhorn League—Broncs, Swatters, Indians Tab Wins; Dusters Grab Two

By The Associated Press

Ballinger has won only seven games in 11 starts but is only seven games back of pace-setting Big Spring. That's a fair indication of how tight is this Class D baseball league pennant chase.

Big Spring whipped San Angelo 6-3 Tuesday night on the five-hit pitching of Bert Garcia to retain the percentage advantage. But Roswell and Midland are in a virtual deadlock with the Broncs, while Odessa, Vernon, San Angelo and even Sweetwater aren't far enough behind to start worrying too much.

Midland thumped Roswell 7-0 to climb in a second-place tie with Big Spring, just 35 points back of Big Spring.

Sweetwater clouted Odessa 10-6, while Vernon ousted off Ballinger twice, 8-3, 7-6.

The scores:

R H E	Score
Roswell .....	000 000 000—0 7 1
Midland .....	001 000 00X—7 12 3
McGoldrick, Todd, Philor and Jordan; Blair and Jones.

THE REPORTER-TELEGRAM, MIDLAND, TEXAS, APRIL 26, 1950—11

Bulldogs Swing Into Training Here Wednesday

Coach Tugboat Jones called his Midland Bulldogs to Memorial Stadium Wednesday to issue equipment for 30 days of Spring grid training. The drills were scheduled to get underway just as soon as each man was outfitted.

The Bulldogs will drill long and hard this Spring with an eye on getting in shape for the opening game against Yaleta here September 22.

Bulldogs Drop Two

LUBBOCK—The Midland Bulldogs dropped a doubleheader to the Lubbock Westerners here Tuesday afternoon as their District 3-AA season came to an end.

Lubbock took the opener, a five-inning tilt, by a 3 to 1 count and came back in the seven-inning nightcap to win 6 to 5.

Little Don Smith hurtled the first game for the Bulldogs and was effective enough to pitch shutout ball after the first inning. The Westerners managed their three tallies in the first.

Smith got Midland's only hit of the game, a home run to center field. He clouted the ball over the outfielder's head and raced all the way around.

Lead Second Tilt

The Bulldogs led in the second game until the last inning.

Midland had a 3 to 1 margin in the fifth but Lubbock took advantage of some Bulldog errors to knot the score.

The Bulldogs went ahead again with two in the sixth. A walk to Robert Melton and hits by Bob Wood and Jimmy O'Neal accounted for them.

But three hits by the Westerners and three Midland errors in the last of the seventh allowed Lubbock to take the decision.

Bill Medart pitched the last game for Midland.

The Bulldogs failed to win in six conference starts this year.

Dallas Crowds Hike TL Attendance

DALLAS—(AP)—The Texas League is ahead of last year in attendance but only because of what Dallas has done.

For the first five home dates Dallas drew 65,276—37,166 more than for the same period last year.

The major reason for this was opening the season in the big Cotton Bowl, where 53,578 fans turned out to watch nine former big leaguers play to the first Tulsa batter, Ty Cobb, Tris Speaker and Dizzy Dean were among those old-timers.

The only other club showing a gain was Beaumont, which drew 14,218 for its five home games compared with 12,370 last year. All the other six clubs lost, San Antonio the heaviest. The Missions drew 8,897 less.

League Secretary Milton Price said 35 games (there were five rain-outs) drew 128,192 in 1949 compared to 139,883 in 33 games (seven rain-outs) this year.

A&M Golfers Beat ACC College Station

COLLEGE STATION—(AP)—The Texas A&M golf team Tuesday defeated Abilene Christian College 5-2. Bob Craig of ACC posted low medal score with a 72.

TOO TOUGH FOR BEARS

FORT WORTH—(AP)—Texas Wesleyan College golfers Tuesday defeated the Baylor Bears 5 1/2 to 1 1/2.

Mistake In Marriage License Fails To Halt Maryland Ceremony

FREDERICK, MD.—(AP)—The bride-to-be fretted, the bridegroom plainly was confused, and the wedding guests squirmed in their seats. The minister had detected an error in the wedding license.

But the Rev. Charles M. Coldren, assistant rector at All Saints Episcopal Church, assured them it would turn out all right. The license had been issued in Baltimore County and, therefore, was not valid in this—Frederick County.

The minister put in a hurried call to St. Mark's Episcopal Church in Pikesville, Baltimore County. Within a few minutes a caravan of automobiles—bearing the 30-odd wedding guests and participants—was headed for Pikesville, 40 miles away.

And that's where 20-year-old Carl Overmiller and 17-year-old Victoria J. Chantiles, York, Pa., were married. They were on their honeymoon Wednesday.

Inquiry Worse Than Reds, Conant Says

BALTIMORE—(AP)—Dr. James B. Conant, president of Harvard University, suggests that schools keep from going overboard in trying to keep Communists off their faculties.

"To my mind," he told 2,000 educators and Harvard Club members Tuesday night, "the harm done by a few crypto-Communists on a faculty would be far less than the harm done by instituting a policy of relentless inquiry into the private life of every teacher."

Maryland has a law requiring all public employees, including school teachers, to sign loyalty oaths.

Doubleheader

Elizabeth Williams takes a nasty spill as Clonmel nose-dives after taking a fence in a ladies' point-to-point race at Tedby, near Cambridge, Cornwall, England. The rider was injured and hospitalized.

Entries For MCC Invitation Meet Coming In Fast

Entries for the annual Midland Country Club's Women's Invitation Golf Tournament are pouring in at a fast clip. A field of more than 100 is expected for the event here May 3-7.

In addition to some 50 Midland golfers who are expected to enter the meet, more than 50 from out of town already indicated they will be here.

Odessa's Francis Atwey, defending champion, will be accompanied by 16 other Odessa golfers for this year's tournament.

Abilene is sending seven, Dallas six, Borger three, Fort Worth four, Houston one, Austin one and San Angelo four. Monahans, Big Spring and Lubbock also will be represented.

Crews coached by C. S. (Buck) Walsh won the Poughkeepsie Regatta in 1925, 1931, 1938 and 1947.

Kearns Says Texas Is Spot For Next Million-Dollar Gate

DALLAS—(AP)—Texas, says Jack Kearns, who managed Jack Dempsey in boxing's richest era, is just the place for the next million-dollar gate.

The ageless handler of champions—he has had seven under his wing—adds that you can expect a world's heavyweight or light heavyweight title fight in this state in the near future.

In Dallas, where one of his current champions, Joey Maxim, the light heavyweight king, is to fight an exhibition Wednesday night against Texas' Jack Marshall, Kearns declared there are any number of rich Texans who are willing to underwrite such a boxing show no matter what the cost.

Has Money, Followers

"Texas has the money and the sports followers," he said. "It almost had the Freddie Mills-Maxim light heavyweight championship fight. The money had been put up and it would have been held at San Antonio but Mills couldn't get away from England, where he was tied up with a contract."

Boxing moved into the West, he said. "Chicago and New York and the rest of the East have seen everything. This is virgin territory. Texans will go for a real spectacle. I think Jack Solomon, the London promoter, is just the man to put it on here."

Kearns added that he expected Maxim to be one of the participants. "He will be the heavyweight champion," Kearns said.

Houston Buffs Buy Two Major Leaguers

HOUSTON—(AP)—The Houston Buffs of the Texas League have purchased two major league players in an effort to bolster their strength.

The club announced Tuesday the outright purchase of Outfielder Danny Gardella from the St. Louis Cardinals and first baseman Charles (Chuck) Kress from the Chicago White Sox.

VAN BUREN TO SHOOT IN PAN-AMERICAN EVENT

DALLAS—(AP)—Sgt. Glen Van Buren, who won the national all-gauge skeet title for two straight years, has entered the big Pan-American Skeet Shoot here this weekend.

The big entry list includes most of the nation's top shooters.

SPORT SLANTS

BY SHORTHY SHELburnE

Manager Tom Jordan figures his Rockets were due for a tumble so isn't worried about Monday night's loss to the Indians by the top-heavy score of 23 to 9.

The Roswell club, getting the most out of some good rookies, had led the league since opening day. Jordan says Midland is just about as tough a club as he has seen this year. He thinks the Indians will be up there.

Jordan will depend a lot on Bryan McCordrick, his class man mound ace, this year.

McCordrick is a shade husky and chunks hard. He won three in a row before the Midland series.

Vic Mihalek is the second choice of the Rockets' manager in the order of good pitchers. He says Vic has settled down some this year and won't lose as many due to wildness as he has in the past.

Lou Dawson, the fair-haired lad of Monday night's game, made us look pretty good. Thanks, Lou.

Just last week we were writing about the kid with a reminder to "look up at the top for him in the batting averages."

We wouldn't be surprised if his 11 RBIs didn't set a new league record.

It makes no difference. The fans liked his slugging, new record or not. They showed it by slipping him \$70.

Down at Abilene Christian College where Garvin Beauchamp, former Midland High line coach, just took over as head grid man, they are planning a Silver Anniversary celebration for A. B. Morris, basketball coach and athletic director.

Morris has made an unsurpassed mark at ACC through years of efficient service.

We congratulate him on the recognition he is about to receive. No one could be more deserving, no doubt.

Bud Taylor, the roly-poly former MHS coach turned sporting goods dealer and salesman, says this is his last year of officiating football.

Bud says he has gained so much weight he can't get around like he could in former years and besides, the fans can't see the play when he is on the line of scrimmage as head linesman.

Bud is a good official, as coaches in this area will vouch, and football will be losing the services of a good man.

Of course, Bud still will sell you coaches a pair of football shoes, etc., when you need them.

The New Mexico Aggies are going in big for rodeoing this year and a

Midland boy is right at the top of the list of fine performers.

Toe Knox, rated a good cowboy in any language, led the team in a show at West Texas State this week and currently is participating in a show at Cameron College at Lawton, Okla.

Plans for the district semi-pro baseball tournament which may be held here are developing.

A letter from Jerry Felle, state commissioner for the National Baseball Congress, says a tourney is needed badly in Midland and he hopes one will be held.

We believe one will develop. Teams in the area which wish to enter should notify Sports Slants.

Yale's lacrosse team will make its first European trip in 1950, planning to meet eight British teams in July and August.

Which one wins the Straw vote?  
Stetson or Dobbs!

You'll have a hard time voting for your favorites from this bumper crop of smart, new Stetson and Dobbs straws.

Maybe you'll choose "A" the Dobbs Milan at \$10. or "B" perhaps you prefer the sun-shading, breeze-inviting Stetson Fanlite. It's a fine go-with-everything Panduro with a versatile puggree band at \$7.50. Is "nothing but the best" your credo? Then pick "C" the featherlight Stetson Trophy of finest Panama with a neat, narrow contrasting band . . . \$10. to \$25. If you lean to the famous Stetson Yacht hat it's "D" the Barford . . . finest fancy-braid, spiced with a bright, striped band for just \$5.

# DADDY RINGTAIL

By WESLEY DAVIS

## Daddy Ringtail and Many Friends

The Monkey Catcher had come to the Great Forest, but he wasn't the Monkey Catcher that fine day. He was a Downside-Upper Catcher, because he was wearing a Downside-Upper catcher cap, and a Downside-Upper is what he was wanting to catch and carry away to his zoo to put in a cage. A Downside-Upper is anyone who always walks on his hands instead of his feet, and you can never tell who is a Downside-Upper as long

as he is sitting down. He has to do his walking on his hands, and then you know that a Downside-Upper is what he really is. Now I won't tell you who the Downside-Upper is. He is someone who lives in the Great Forest, and you know him very well. Oh, but people never talk about his being a Downside-Upper, and so maybe I'd better not tell you his name. Anyway, sitting beneath Daddy Ringtail's very tall tree, was the Downside-Upper, and a whole lot

to do. And they sat there, and sat there on the ground, while the Monkey Catcher watched and watched to see who would walk away on his hands when at last they all walked away. Yes, and the sun began to go down in the sky to the other side of the world, but everyone was beginning to get very hungry and very tired from sitting so long. And still the Monkey Catcher waited to see who would walk away on his hands. I don't know what would have happened at last, except Daddy Ringtail said maybe everyone should walk away home on his hands, and that's what everyone did. Oh yes, and the Monkey Catcher didn't know which one was really the Downside-Upper. And so the Downside-Upper wasn't caught that day. He had too many friends to help him, and friends are indeed a happy thing to have.

Happy day. And still the Monkey Catcher waited to see who would walk away on his hands. I don't know what would have happened at last, except Daddy Ringtail said maybe everyone should walk away home on his hands, and that's what everyone did. Oh yes, and the Monkey Catcher didn't know which one was really the Downside-Upper. And so the Downside-Upper wasn't caught that day. He had too many friends to help him, and friends are indeed a happy thing to have. (Copyright 1950, General Features Corp.)

of other people. They were all thinking together of what they might do to save the Downside-Upper from the Monkey Catcher. "Maybe if we sit here and don't get up," the Huffle Puffen said, "then the Monkey Catcher won't know which of us is the Downside-Upper, because then the Monkey Catcher won't see anyone walk away on his hands." And that is what they decided

## Reproduction Of Statue Of Liberty To Be Unveiled

As a part of the campaign of the Boy Scouts to "Strengthen the Arm of Liberty," a reproduction of the famous Statue of Liberty will be dedicated Friday on the grounds of the City Hall in Big Spring by more than 700 Scouts and leaders of the Buffalo Trail Council.

The statue, a 15-foot replica of the original, is the gift of Mr. and Mrs. Tom Good of Big Spring, in memory of their son, Jake.

Dedication ceremonies, slated for 4:30 p.m. Friday, are being held as a part of the annual Big Spring Round-up with Scouts from each of the 17 counties in the area participating. Nat Schick of Big Spring, chairman of the Council Public Relations Committee, will preside. Others to participate are: Wick Fowler of Austin, representative of Governor Shivers; H. W. Lewman of Dallas, regional executive; Dr. W. B. Hardy of Big Spring, president of the council; and G. W. Dabney, mayor of Big Spring.

The Big Spring statue will be the first in the state of Texas. Several others have been erected throughout the country, as a symbol of American liberty, Schick said.

**DOTS AND DASHES**  
DANVILLE, ILL. (AP)—Here's some dot and dash stuff on the Richter family. Walter Richter is a telegrapher. His wife and their five grown children are telegraphers, too. All of them, incidentally, work for railroads.

## Movie Industry Plans Aggressive Program For Year

An aggressive program to inform the public of the outstanding motion pictures coming from Hollywood to Midland theaters was disclosed Wednesday by J. Howard Hodge, theater manager, following his return from a meeting of motion picture exhibitors held at Lake Murray Lodge near Ardmore, Okla., last week. Hodge revealed that this program is based directly on the calibre of the films scheduled for 1950, which will satisfy the needs of the public in their demands for ever finer film entertainment. He reports that the main points of the program discussed at the conference were:

1. Constant striving for better pictures through better subject matter.
2. Getting honest information to patrons about these films in advance so they can plan their amusement budget.
3. Promotion of public service methods wherein the theater best can serve the community in which it is situated.

Hodge observed that the year 1950 will see a tremendous upsurge in the production of unusually important motion pictures. Tremendous Resources "Never has Hollywood provided so much for such a small part of the public's entertainment dollar," Hodge said. "The resources of the studios are at their highest, a fact borne out by the \$2,600,000,000 capital investment in addition to a payroll of \$706,000,000. This tremendous effort backed by \$65,700,000 a year for advertising, filters into every community in the nation including our own. Thousands of dollars of revenue in federal and state corporate taxes provided by the industry contribute to our own local government." He cited attractions scheduled to show here in the weeks to come, such as: "Mother Didn't Tell Me," "Cheaper by the Dozen," "The Big Lift," "A Ticket to Tomahawk," "Broken Arrow," "The Black Rose," "Three Came Home," "Alice in Wonderland," "Amie Get Your Gun," "Kim," "The Miniver Story," "Reformer and the Redhead," "Stars in My Crown," "Three Little Words," "The Glass Menagerie," "Fancy Pants," "Dear Wife," "Samson and Delilah," "Mrs. Mike," "The Hasty Heart."

"This assemblage of motion pictures is no happy accident. The producers of our films have geared themselves to present pictures of the highest quality," Hodge said.

**TEXAN NAMED DIRECTOR**  
WILMINGTON, DEL. (AP)—George A. Butler of Houston, Texas, was named a director of the Texas Eastern Transmission Corporation at its annual stockholders meeting here Tuesday.

Gambling Bigwig Denies Existence Of Crime Syndicate

WASHINGTON — (AP) — Betting Commissioner James J. Carroll of St. Louis — the "Mr. Big" of the odds-making business — told senators Wednesday he knows of no organized nationwide gambling syndicate. He testified under oath before a Senate Commerce subcommittee that so-called "betting commission" and bookmakers operate as independent businessmen with no feeling of any "moral wrong" and he insisted there is no connection between big-time gamblers and crime. "I can state without any mental reservation," he said, "that I know of no such gambling syndicate, combination or organization. To the contrary it is my firm belief that all of the accepting and laying of bets is conducted on a purely competitive basis and there is no relationship between operators, commissioners or by whatever name such businessmen are called."

Sex Crimes Called Threat To Moral Fibre Of Nation

NEW YORK — (AP) — Edwin S. Friendly, president of the American Newspaper Publishers Association, said Wednesday increasing sex crimes "imperil the moral fibre of our nation." "Today the sex mania is on the rampage," Friendly said. "The depraved sex criminal has replaced the kidnaper as a threat to the peace of mind of the parents of America." In an address before a general meeting of the ANPA's sixty-fourth annual convention, Friendly urged the newspapers of America to "help law enforcers curb these heinous crimes."

Cubs, Parents To See Movies At Thursday Meeting

A special program, designed to give parents a better understanding of the regular monthly meeting of Cub Pack 6 at 7:30 p. m. Thursday in West Elementary School, Dr. Doyle Patton, clubmaster, has announced. Three films will be shown at the meeting, and Dr. Patton said he especially is anxious to have all parents of Cubs attend the meeting. The films will outline Cubbing in the Home, Cubbing in the Den and Cubbing in the Pack, and are outstanding educational features, Dr. Patton said. Cub awards will be presented in a special candlelight ceremony, to climax the Pack 6 is sponsored by the Midland Kiwanis Club.

Associated Press Officers Elected

NEW YORK — (AP) — Robert McLean of the Philadelphia Evening Bulletin was elected president of the Associated Press by the directors Tuesday. Dolph Simons of the Lawrence Kan. Journal-World was named first vice president and Mark Ehrlich of the Louisville Courier-Journal was named second vice president. The board reelected Lloyd Stratton secretary of the AP and Robert Booth treasurer. Earl Cooper continues as executive director and Frank J. Starzel as general manager.

Mae West May Put Curves On Television

PITTSBURGH — (AP) — Buxom Mae West of the stage and screen says she may put her curves on television. "It will keep dad home at least once a week," she quipped Tuesday. "She is appearing here in a revival of her play "Diamond Lil."

McGoldrick In Hospital

Bryan McGoldrick, pitcher for the Roswell Rockets, was admitted Wednesday to Western Clinic-Hospital for examination of a possible rib fracture, sustained during Tuesday night's Midland-Roswell game. X-rays disclosed no fracture, and after treatment for strain, McGoldrick was discharged.

Dismissed After Accident

Jo Ann Stephens of 104 South Marienfeld Street, was dismissed Tuesday from Western Clinic-Hospital. She had been under treatment for bruises following an automobile accident Monday on West Missouri Street.

Released From Hospital

Mrs. Elzy Cox of 603 South Pecos Street was discharged Tuesday from Western Clinic-Hospital, where she had undergone major surgery.

Dismissed After Surgery

W. B. Lord of 500 East Dakota Street, Tuesday was dismissed from Western Clinic-Hospital following major surgery. He had been a patient in the hospital since April 11.

Licenses Issued

Marriage licenses have been issued by the county clerk to Donald Webb Stearman and Jennie Claire Eversy, and Arthur Lee Pany and Annie Estell Hudson.

Watches Stolen

Midland police Tuesday received a report that a man had walked out with two watches without paying for them at Houck Jewelry here. Officers were alerted to watch for the man.

Relative Dies

E. M. Stewart, SPCA representative here, has been called to Memphis, Texas, by the death of his sister-in-law, Mrs. J. W. Stewart. Mrs. Stewart died Tuesday night in an Amarillo hospital. Funeral services are pending.

Howard County To Seek Four Lanes On U. S. 80 Stretch

AUSTIN — (AP) — Texas highway improvement projects will be requested by 15 delegations at a public hearing before the State Highway Department here Thursday. The department announced its hearing agenda Tuesday. Early includes requests for farm-to-market roads principally but also lists a requested four-lane highway east and west of Big Spring on U. S. 80, widening of U. S. 281 between Pharr and Edinburg and highway traffic congestion problem in Beaumont.

Wemple Named Texas Navy Admiral

Better late than never. Fred Wemple, of Midland, chairman of the Texas Highway Commission, has been named admiral in the Texas Navy since March 30, but he didn't find it out until Tuesday. Wardlaw Lane, president pro tem of the State Senate, signed Wemple's commission last month while he served as acting governor in the absence of Gov. Allan Shivers. The commission became effective March 30. Wemple, who spends considerable time traveling over the state, returned to Midland Saturday from a trip to the Gulf Coast. Early Sunday he was on his way to Amarillo to address a district Rotary Club convention. He returned to Midland Tuesday and found, among his mail, a commission as admiral in the Texas Navy. Being a Navy man is nothing new to Wemple. During World War I he served in the Navy and attained the rank of chief electrician.

Wranglers Club To Meet Thursday

Members of the Wranglers Club of the Midland Chamber of Commerce will attend a "chuckwagon" breakfast at 7:30 a. m. Thursday in the Private Dining Room of Hotel Scharbauer. It will be the initial meeting of the year for the club, which serves as the official membership and greeters division of the Chamber of Commerce. The Thursday function is scheduled in connection with the observance of Western Heritage Week. Organization of the western-type unit's program of work for the year will be outlined at the breakfast. Foreman Bill Collins said.

U. S. May Exert Economic Squeeze In Shrimp Boat Seizure

MEXICO CITY — (AP) — Reports from Washington say the State Department is considering possible economic pressure against Mexico as the result of the dispute over territorial waters. Officials pointed out that Mexico's vastly expanded shrimp harvest is exported almost entirely to the United States and that Mexico has asked for a \$1,250,000 loan to build more boats. An embassy spokesman here said Tuesday U. S. Ambassador Walter Thurston has asked Mexico—but has not protested the seizure. State Department Press Officer Michael J. McDermott said in Washington that Thurston had made a protest to the Mexican Foreign Office. There also was a possibility, Washington officials said, of an appeal to the world court for a ruling on how far territorial jurisdiction extends out to sea. Mexico claims nine miles—the U. S. recognizes only three.

Livestock

PORT WORTH — (AP) — Cattle 1,000; calves 350; cattle and calves active and strong; a few good and choice yearlings 27.00-28.00; medium to good steers and yearlings 23.00-27.00; common kinds 20.00-22.00; beef cows 17.00-20.00; bulls 17.00-22.00; good and choice fat 26.00-28.00; common to medium calves 19.00-25.00; stocker steers calves 22.00-27.00; medium to good stocker yearlings 22.00-25.00. Hogs 14.00; butcher hogs 15-25c lower than Tuesday's prices with sows and feeder pigs unchanged; good and choice 185-270 lb. butchers 18.85-17.00; good and choice 190-180 and 275-375 lb. 15.50-16.75; sows 14.25-15.50; feeder pigs 11.00-14.00. Sheep 10.50; slow; spring lambs and aged sheep steady; shorn lambs steady to 25c lower; feeder lambs steady to 50c down; medium to choice spring lambs 25.00-27.00; medium to good shorn slaughter lambs 23.00-24.00; slaughter ewes 8.00-12.00; shorn feeder lambs 18.00-22.50.

Lions Hear Report Of District Parley

reports on the recent District 2-T-2 Lions Convention at Alpine were made at the luncheon meeting of the Midland club Wednesday noon in Hotel Scharbauer. Speakers included Ernest Sidwell and James L. Daugherty, district governor. Midland successfully bid for the 1951 convention. Roy Miner, president at the luncheon, T. J. Inman and Johnny Mills won attendance prizes.

Cotton

NEW YORK — (AP) — Cotton futures at noon Wednesday were 40 cents a bale lower to five cents higher than the previous close. May 32.75, July 32.91 and October 31.96.

Congratulations To

Mr. and Mrs. L. F. Peterson on the birth Tuesday of a son, James Boyd, weighing seven pounds, 11 ounces.

Floods Spread Into Canada

Near Winnipeg, Manitoba, the only way Farmer Michael Chudy can reach his home in the Red River Valley is by boat. The winter snows have filled the river to overflowing, making the Canadian flood an extension of that which is covering Northwest Minnesota and large areas of North Dakota.

Missing Witness In Owen Latimore Case Turns Up In New York

WASHINGTON — (AP) — A mysteriously missing witness in the Owen Latimore case turned up safe but nervous Wednesday 20 hours after he had vanished from a Washington hotel. John J. Huber, described as a one-time FBI informer, telephoned his wife at Mount Vernon, N. Y., at 7:30 a. m. that he had "blacked out" Tuesday shortly before he had been due to appear at the Senate inquiry into charges of communism in the government. Although there had been hints that he might have met with foul play, Mrs. Huber said she seemed to be well. She added that he had sounded nervous, tired and upset in telling her.

Mystery Explosion Wrecks Apartment Building In Seattle

SEATTLE — (AP) — An unexplained explosion wrecked a four-story apartment building here Wednesday. Miraculously, no occupants were killed or injured critically. Fire Captain R. F. Mahoney said the blast in the 32-unit cooperative apartment occurred on the second floor, just above a boiler section. He said the cause was unknown, but several firemen and rescue workers reported smelling illuminating gas. A quick check showed only five persons hospitalized and one regarded as critical. The blast blew out the rear wall of the building and the whole back end collapsed, but there was no fire, Mahoney said.

Wall Street

(Continued From Page One) sion and the board are named by the council. Stormy Atmosphere The council session later developed a stormy atmosphere in which tempers flared and heated words were exchanged between Cecil C. Boles, real estate man, and several members of the council. Boles appeared before the group early in the evening to re-submit a re-subdivision plat of Tracts A and the east half of B in the Johnson and Moran Addition in Northwest Midland. The plat was referred back to the Planning and Zoning Commission for further study after the council determined it did not meet council recommendations. Boles left the council chamber but returned later in the meeting to demand a "yes" or "no" vote on the application. He charged undue delay in action on the subdivision plat, which he said first had been submitted last October. Most of the exchange of words which followed was between Boles and Councilman Chiles, J. W. McMillen and Wilkinson. The council rejected the application on motion by Chiles and seconded by McMillen. Chiles charges Boles with using pressure tactics. Wilkinson said the city will demand cooperation from everyone in following the procedures set up by the city. He also insisted that council meeting business be handled in such a manner to allow for adjournment not later than 11 p. m. The Tuesday night session adjourned at 11 p. m.

Rotarians Return From District Meet

Delegates from the Midland Rotary Club to the district Rotary conference in Amarillo early this week, returned home late Tuesday, terminating the convention "one of the best in recent years." Fred Wemple, chairman of the Texas Highway Commission and a past district governor, and Delbert Downing, Chamber of Commerce manager, were among the convention speakers. Other Midlanders attending the session were Mrs. Wemple, Mr. and Mrs. G. W. Breneman and President Hilton Kaderli. L. A. Wicks of Rails was elected district governor to succeed Elmo Wasson of Big Spring.

Leopards as at Home in Trees

as on the ground.

Permian Basin Oil & Gas Log

(Continued From Page One) and 1,980 feet from west lines of section 12, block GH, GC&BF survey. South - Central Runnels County wildcat, two miles west of Ballinger. The oil was from open hole at 3,063-69 feet in the King sand of the Pennsylvania. The oil is 42-gravity. No water has been developed in the producing formation. The project was shut in for storage after the swabbing test which yielded the six barrels of oil per hour. The possible new discovery is 960 feet from southeast and 330 feet from northeast lines of the 401-acre Barnett lease in the southwest corner of the R. Christa survey. It was started to dig to 4,600 feet. Location is 447 feet from north and east lines of section 550, block J7, H&TC survey. This final link producer between the two pools is 690 feet from east and 1,980 feet from south lines of the north half of section 123, block 25, H&TC survey. Skelly Oil Company has staked its No. 3 Fesmir in the Kelley field of Scurry County, four and one-half miles northwest of Snyder. Exact location will be 2,045 feet from west and 2,911 feet from south lines of section 252, block 97, H&TC survey. Contracted depth for the project is approximately 7,000 feet.

Howard-Glasscock Extension Indicated

An extension of approximately one mile north for the San Andres-Permian time production in the Howard-Glasscock field in Southeast Howard County, has been indicated at Ray A. Albargh of Midland, No. 1 Stewart. That project logged oil stain and porosity from 2,905 feet to 2,595 feet. Total depth is at 2,600 feet. Operator is now trying to loosen and recover stuck drill pipe before running a drillstem test. The pipe was stuck while the hole was being conditioned preparatory to the drillstem test. No signs of water have been developed. This possible extender is 330 feet from south and 2,960 feet from east lines of section 106, block 29, W&N W survey. It is about 1 1/2 miles south and slightly east of Big Spring.

Stanolind To Flank NE King Discovery

Stanolind Oil & Gas Company has scheduled a quarter-mile north offset to its No. 2 Masterson, recently completed pumping discovery from the Canyon sand in extreme Northeast King County. Stanolind No. 3 R. B. Masterson will be 1,139 feet from east and 954 feet from north lines of section 52, P. F. Knott survey. Drill site is 15 miles northeast of Guthrie. Operations are to begin by April 30, on the planned 5,000-foot venture. The No. 2 R. B. Masterson and others was drilled by Arco Drilling Company of Abilene. Stanolind, which had an interest in the well, took it over and completed it from the Canyon sand at 4,219-224 feet. It pumped naturally for a 24-hour potential of 27 barrels of 38-gravity oil and seven per cent water. The Ard Drilling Company No. 1 Masterson was a dry hole in the same area with a total depth of 4,439 feet in Ivan Lime.

Magnolia Has More Shows In Crockett

Magnolia Petroleum Company No. 1 Clayton, Southeast Crockett County wildcat, which showed possibilities of gas and distillate production in the top of the Ellenburger has found another slight gas show in a lower zone of the same formation. That show came in a drillstem test at 8,969-9,018 feet. The tester was open one hour. Recovery was 120-feet of drilling mud, with the bottom 30 feet of that fluid slightly wet with gas. The wildcat is coring deeper. Had Gas And Distillate After topping the Ellenburger at 8,489 feet, on a datum of minus 6,000 feet, the exploration showed heavy gas and some spraying distillate in drillstem tests down to 8,737 feet. The zone from 8,737 feet to 8,959 feet had not shown any signs of gas, distillate or water in drillstem tests. The venture probably will continue coring and testing until it finds the Ellenburger water, then run casing and try to complete from the shows of production which already have been encountered. It is nine miles southeast of Ozona and 1,320 feet from south

Smith Well Closes Gap In Sw Scurry

With the completion of the R. E. Smith of Houston No. 2 Bertha B. Clark in Central - West Scurry County, the dividing line between the Sharon-Ridge Canyon and Diamond M-Canyon pools becomes indistinguishable. The Railroad Commission of Texas places the new producer in the Diamond M field, yet it joins production in the Sharon Ridge field on the north. The No. 2 Clark rated a natural flowing daily potential of 302.56 barrels of 45-gravity oil and no water through a one-fourth inch choke. Gas-oil ratio was 654-1. Tubing pressure was 650 pounds. Pay was topped at 6,575 feet, and total depth is 6,603 feet. Five and one-half inch oil string is set at 6,582 feet. This final link producer between the two pools is 690 feet from east and 1,980 feet from south lines of the north half of section 123, block 25, H&TC survey. Skelly Oil Company has staked its No. 3 Fesmir in the Kelley field of Scurry County, four and one-half miles northwest of Snyder. Exact location will be 2,045 feet from west and 2,911 feet from south lines of section 252, block 97, H&TC survey. Contracted depth for the project is approximately 7,000 feet.

Famed Baseball Figure Dies In St. Louis

ST. LOUIS — (AP) — E. Lee Keyser, 65, known as the "father of night baseball," died Wednesday in a hospital here. He had suffered a stroke April 14. Keyser, one of the most colorful figures in the national sport, was minor league secretary of the St. Louis Browns organization.

Bible School To Be Theme Of Baptist Meeting Thursday

"Our Daily Vacation Bible Schools" will be the theme of the Big Spring Baptist Association meeting Thursday in the First Baptist Church. The Rev. A. L. Teaff, pastor of the Calvary Baptist Church, will preside. The meeting will begin at 10 a. m. with a song service led by D. C. Hamilton, educational director of the Odessa First Baptist Church. The devotional period will be led by the Rev. Bingham of Courtney. A general conference will begin at 10:30 a. m. with Mrs. D. R. Renzode of Dallas in charge. Departmental conferences will start at 10:45 a. m. with Mrs. Ed Davidson leading the beginner group, Mrs. C. E. Frazier, the primary; Mrs. Stanley Brazine, the junior and Mrs. D. C. Hamilton, the intermediate. The Rev. Arthur DeLoach, pastor of the First Baptist Church in Odessa, will speak at 11:30 a. m. and the group then will adjourn for lunch. The afternoon session will begin at 1:15 p. m. with a demonstration of a joint worship service and a discussion of the demonstration by Rex-Rod. Women's Missionary Union and board meetings will be at 2 p. m., closing the meeting.

Phoners

(Continued From Page One) viewed this possibility with distaste. In any event, a new and hopeful air came about at once from the new talks Tuesday night. Shortly after they were resumed, Robert T. Creasey, vice president of Division 10—the long lines operators—announced that "No strike is to remain to be settled unless there is a drastic change on the company's part." He added that the settlement "is going to cost the company money." When a Bell spokesman insisted that there had been no settlement and that "bargaining was still going on," Creasey called this "quibbling over words." "The workers are going to receive higher wages," Creasey declared. "The wage changes do not constitute a general increase, but an overwhelming majority of the workers in long lines will receive increases amounting in some cases to more than \$3 a week." The union has been demanding a cash increase of 15 cents an hour, or almost \$6 a week, and other benefits.

John Grant's Bail Fixed At \$50,000

LOS ANGELES — (AP) — Bail of \$50,000 has been set for John H. Grant, aircraft engineer charged with plotting to bomb an airliner in which his family was preparing to leave for San Diego April 17. The bail was set in Municipal Court Tuesday when the 32-year-old Grant was arraigned on six counts of attempted murder and one count of violating the state law concerning handling of explosives. Grant is waiting in jail for his preliminary hearing, set for May 3. If convicted he could face one to 20 years on each of the attempted charges and a term of one-to-life on the explosives count.

Unions Wind Up Drive To Entice Employees

PITTSBURGH — (AP) — Two unions battling bitterly for control of the nation's electrical workers wind up hectic campaigns Wednesday to woo Westinghouse Electric Corporation's 55,000 employees. Thursday the National Labor Relations Board will poll the Westinghouse workers at 40 plants in 32 cities. That vote, marks the first big test of strength in the six-month feud between the United Electrical Workers (Independent) and the CIO International Union of Electrical Workers. The results will make clear which union the quarter-million workers in the industry will side with.

City Council

(Continued From Page One) Schlichting represented the JayCees at the meeting. New Commissioner Hilton Kaderli was appointed a member of the Planning and Zoning Commission to succeed James L. Daugherty, resigned. A recently adopted ordinance requiring the obtaining of a permit for removal of curb and gutter and limiting the amount of driveway space, was amended to provide a 30-foot limit for driveways in A through H classification zones only. An ordinance establishing the city bus lane franchise for the next five-year operating period was adopted. A third and final reading of a contract was awarded J. W. Copeland of Midland for water and sewer line extension projects in Loma Linda and Progress Park. Copeland's bid was the only one received. Paving Job Acceptance of 55 blocks of completed street paving by Brown and Root, Inc., in the Group B project was voted by the council. Disposition of the Pagoda Park property was discussed and City Manager W. H. Oswald was authorized to negotiate with planning engineers concerning the subdividing and development of the tract.

Playground Equipment

Councilman Hejl voiced the opinion that parks in other sections of the city first should be developed. Frank Shriver, councilman, said he did not believe the city could spend that much money on park development at this time. W. Z. Germain, Jr., who said he resides near the park, asked whether playground equipment could be installed there. He was advised that such could not be done under existing restrictions on the property. He cited the need for more playgrounds in Midland. The matter was referred to the Park Advisory Commission for study and recommendation.

Straw Hats

(Continued From Page One) it a favorite until the advent of the felt-styled straws. Now, mid-merchants don't even stock the old stand-by, while a few others carry a small stock for the die-hards who still prefer them. Strictly a Southwestern seller is the Western style hat. Though called a Planter by some manufacturers, the three and a half-inch brim job gets its biggest play in Texas, Oklahoma, New Mexico and Arizona, hat salesmen say. Stylish like the proverbial customer's Stetson, it takes a brim curl like a felt, and fits into the boots-and-ranch-clothes style like a native. A favorite West Texas trick is to buy a hat for visiting friends from the East—and it invariably is a wide-brimmed Texas hat. One Easterner, presented with a ranch-style hat, asked the clerk to slip the empty box to his home. "I imagine he wanted something to keep that hat in," the salesman said. "I don't suppose that hat will see much wear in New York."

Materials Used in Current Straws

Materials used in current straws offer a list of exotic names. Ball Banu, Banu, Ecuador, Leghorn and Ecuadorian Panama, identify areas from which the straw comes—though not necessarily where the hat is made. Most hats now are made in the United States, though a few still come from Ecuador and Italy. The foreign-made hats are shipped rolled into small cones, and are sized and blocked in American hat plants.

Color is Achieved by Bleaching Process

Color is achieved by a bleaching process. Early hat makers used either sulphur or other acid to arrive at the desired color. But American know-how has introduced an "electrolytic hydrogen peroxide" process which gets the desired results with more exactness. Hats are stiffened with gelatine-based sizing and after drying are blocked into the required shape with the aid of damp heat and pressure, either by hand or by hydraulic or vacuum machines. The trend toward color in men's clothing—limited mainly to neckwear in the past—gets an opportunity for expression in straw hat bands. Color and more color is the keynote, though retailers report a noticeable trend to solid color and small figures to replace the gaudy multi-colored bands of past years. Still, shelves of straw hats offer a rainbow of colors to choose from. Most popular band style is the puggee—derived from the hats worn in India, where a light soar was draped around the hat or helmet to protect against the sun. Polka dots, solid colors, small figures, colorful paisley patterns, wide and narrow ribbons are among the selections available to add brightness to the Summer wardrobe. Sizes range from a small six and three-quarters to seven and seven-eighths, in regular ovals, mid-ovals and long ovals. Most stores report largest sales in size seven and a quarter and seven and one-eighth. Midland merchants are ready for the changeover, with the widest selection of hats in many years. Put that Winter-worm felt on the back shelf—and blossom out Saturday with a new and colorful straw, sellers urge.

"Kill My Ad!" "Kill My Ad!" "Kill My Ad!" "Kill My Ad!" "Kill My Ad!" "Kill My Ad!" "Kill My Ad!" "Kill My Ad!" Classified Ads Get Results! The telephones were busier than usual last week at The Reporter-Telegram as a result of National Want Ad Week. During the morning hours, people were calling to place classified ads, taking advantage of our special offer of three days of publication for the price of one. And after two o'clock in the afternoon, when The Reporter-Telegram delivery began, the telephone calls started again. This time, however, most of the callers said, "Kill my ad—I've already sold my stove," or "Kill my ad—I'm still getting calls and rented the bedroom at 2:30 this afternoon." The "kill my ad" calls were additional evidence that Reporter-Telegram CLASSIFIED ADS GET RESULTS! Our "3 for 1" special rates closed Friday with the end of National Want Ad Week. But you can still reach MORE PROSPECTIVE CUSTOMERS AT THE LOWEST COST with an inexpensive classified ad! Just phone 3000, place your ad for three days — and chances are that you'll call on the second day and say, "Kill my ad—I've already got results!" MIDLAND'S STORE FOR MEN AND WOMEN

### Mother Charged

(NEA Telephoto) Mrs. Martha Hochfeld, 33, mother of five children and a sixth on the way, sits in a New York City police station after being charged with the murder of her husband. Police said she admitted hitting her husband, a prosperous junk dealer, with a wooden end table after an argument over money matters.

### Reds Set Up Ruble Area To Eliminate Trading In Dollars

VIENNA—(P)—Russia is pressing a campaign to drive the dollar out of the business dealings of her satellites, informed Western sources said Wednesday. She is setting up a "ruble area," a rival of Britain's sterling bloc and the U. S. dollar zone.

The anti-dollar measures are a part of a long-range program. The Russians are readying to gain absolute control over the economic policies of the eastern bloc nations.

Out the window will go present mutual aid treaties binding the eastern states together, and—gradually—unilateral trade pacts between Eastern European states and the West. Moscow thinks these give the satellites too much freedom to make deal on their own.

Replacing them will be a central currency union controlled by the Kremlin, with payments funneled through an international payments bank in Moscow.

Informed Western sources say all trade will be figured in rubles. All east bloc currency will be pegged to that money. All prices will be quoted in rubles. Poland already quotes them that way. Other eastern nations are expected to follow suit soon.

**Propaganda Aim**  
Most of the present treaties and trade agreements are calculated on the basis of the dollar. Russia's plans to change this have a psychological and propaganda aim. One Western economist explains Russia's objection to this way.

"No matter how loudly Russia proclaims the inevitable collapse of capitalism, her arguments don't mean a thing while the people know their own currency and their own trade is pegged to the capitalist dollar."

"The less the people hear about dollars, the easier it will be to convince them that the dollar is worthless."

With the Moscow-dominated customs union being created, the Soviet satellites—Poland, Czechoslovakia, Bulgaria, Romania, Albania, Hungary and East Germany—then no longer will be in competition among themselves for Western markets. Prices for east bloc goods in the West probably will rise, since the central agency can charge whatever the traffic will bear.

### All NGAA Officers Returned To Posts

FORT WORTH—(P)—All officers of the National Gasoline Association of America have been re-elected.

The group ended its twentieth annual meeting Tuesday. James E. Pew, Sun Oil Company, Philadelphia, was re-elected president. Vice presidents re-elected were John F. Lynch, Lagoria Corporation, Corpus Christi; F. M. Perry, Cities Service Oil Company, Bartlesville, Okla.; T. L. Teggart, Standard Oil Company of California, San Francisco, and Albert H. Weill, United Gas Pipe Line Company, Shreveport, La.

L. L. Dresser, Dresser Engineering Company, Tulsa, was named president of the National Gasoline Supply Men's Association.

### Turbo-Jet Engine Is Good Chimney Sweep

LONDON—(P)—A British rail-ways turbo-jet locomotive making trial runs in the Swindon region is turning out to be a surprisingly swift chimney sweep.

The locomotive whizzes past small stations at 90 miles an hour. Under the station platforms it pushes ahead a blast of air which blows off the station masters' hats and knocks over their waste paper baskets.

Then station attendants discovered if they leave doors open the explosive blast of air goes up the chimneys and scatters soot over the countryside.

So the station chimneys along the line are slick as a whistle, and turbo-jet is being called the "swoosh express."

### Andrews News

ANDREWS—B. B. Rogers, manager of the Texas Electric Service Company office here, resigned recently to accept a post with the Gulf Oil Corporation. He will be succeeded by G. S. Kidd, Jr., of Crane.

Mr. and Mrs. Charles W. Roberts, Sr. and Mr. and Mrs. James Roberts attended the Panhandle Press Association convention in Amarillo recently.

Mrs. J. P. Roach, county chairman of the cancer crusade, recently issued a plea to clubs in the area to volunteer assistance in the campaign. Mrs. Bob Martin will represent the Andrews Study Club, Mrs. Griss Rogers, the Tuesday Study Club and Mrs. Ray Puckett, the Progressive Study Club.

Dates for the Elementary School Annual Student Art exhibit has been changed to May 3 and 4. The date had been scheduled April 26 and 27.

The B&PW Club is sponsoring a teen-age canteen, which is open each week in the American Legion Hall. Three members of the club will act as chaperones at each meeting. Friday, from 7:30 to 10:30 p.m., has been set as the club's day.

A fishing party composed of Horace Irwin, Mr. and Mrs. Gene Irwin, Mr. and Mrs. J. W. Finell and sons left last Thursday for Devil's River. The Knox Irwins drove down Saturday to join the party.

**Attend District Party**  
Mrs. J. P. Roach, Mrs. Anne Seay and Mrs. Joe Albright were in Big Spring recently to attend the district meeting of Federated Women's Clubs.

A "real movie"—filmed in Andrews and with Andrews children in the cast—will be shown Wednesday and Thursday in the Wallace Theater. The production is an "Our Gang" comedy, produced by Melton Parker. Andrews children in the cast include Larry Robertson, Eddie Stewart, Dwayne Thompson, Jack Vining, Joe Walker, Carol Beardsley, Joe Boyd, Wanda Gay Burton, Betty Casbeer, Wanda Decker, Linda Doreland, Charlene Duggan, Judy Frazier, Earlene Hood, Deana Dolores Lloyd, Joe Sullivan, Earl Allen, Sue Bean, Graham Durkett, Douglas Callahan, Ray Carrigan, Sammy Duggan, Jerry Duggan, Jack Frazier, James Hathcock, Don Paul Jones, Don Kolb, Benny Floyd, Jimmie Ligher, James Martin, Kenneth Phillips, Bob Pusey.

Winete Bryan, Jane Burleson, Sue Burleson, Gerri Raines, Wanda Martin, Ann Thorp, Richard Allan, Jimmie Bills, Donald Decker, Pat Farris, Skinner Frazier, Louise Lowder, Richard Perry, Mide Pusey, J. B. Stringer, Charlie Sullivan, Linda Mathews, Patsy Mitchell, Marlene Moore, Jeffrey Ann Nash, Joyce Parker, Ann Shoemaker, Suzanne Smith, Brenda Spears, Janie Stewart and Marie Woolan.

Although the Gregorian calendar was started in 1482, it was not adopted for the British empire, including the American colonies, until 1752.

### ★ THE DOCTOR SAYS ★

#### Proper Care Of The Skin Necessary For Good Health

By EDWIN F. JORDAN, M. D.  
Written for NEA Service

The skin is more than just a protective covering for the rest of the body. The sweat glands empty moisture on the skin which helps to regulate the body temperature. Oil glands help to make the skin loose and pliable. Indeed, the skin is one of the most important parts of the body and should be treated with respect, in spite of its toughness.

The area of the skin is large. At any point the skin may come in contact with the air, with dusts, with chemicals, with moisture, with clothing and with a great many other things which can be irritating.

Inactivity, overheated rooms, improper clothing, all interfere with the normal functioning of the skin. Too heavy clothing delays the loss of heat by enclosing air between garments and the skin, or between the fibers of the clothing itself. Woolen fibers, for example, keep air in the mesh quite well, though such fibers are scaly and rough.

Cotton and many other fabrics retain air less well and consequently are known as "cooler" fabrics and are worn more in hot weather. Rubber clothing has certain special uses, but is not healthy for long wear since rubber is not porous and prevents normal evaporation of moisture from the skin.

The color of clothing affects the skin. Dark clothing absorbs more heat and, therefore, should be chosen for cold weather.

Proper care of the skin includes cleanliness. Daily bathing generally is considered desirable not only because of its cleansing action on the skin, but also because it stimulates the circulation and muscles and nerves in the skin.

For cleansing purposes, a bath with the water at temperatures of about 96 to 100, with the use of soap, is supposed to be best. The cold bath which brings a warm glow to the skin and a feeling of well-being, is stimulating. However, a person who is elderly or whose blood circulation is not very good must be careful of the shock of cold baths.

Sunlight is good for the skin as well as the body as a whole. Indeed certain rays of the sun produce vitamin D in the skin which is absorbed into the body and is extremely important for good health. Sunlight which tans the skin without burning does the most good.

The hands, face and hair need to be kept clean, nails trim, and hangnails removed. Thorough cleansing of the face at night to remove the accumulations of dirt is of great importance if one wishes to keep a good complexion.

Considering how much of it there is, it is not surprising that good care of the skin has a great deal to do with maintaining health and good looks.

### Would You Like To Be A Police Officer?

The City of Midland is receiving applications for the position of Police Officer. Applicants must be between 21 and 32 years of age, must have had a High School education, and be in good physical condition. Selected applicants will undergo 2 months of intensive police training, during which time the salary will be \$219.00 monthly. Upon successful completion of the training course, the applicant will be actively assigned to the Midland Police Department at \$225.00 monthly for a probationary period of 2 months; upon successful completion of active assignment, he will become a full-fledged member of the Midland Police Force, eligible for all employee benefits including retirement.

For intelligent, alert, and capable young men, here is an opportunity to serve with a Police Force which will be developed into one of the finest and most efficient anywhere. If you meet the qualifications and are interested in a CAREER and not just a job, contact the Chief of Police, City Hall, Midland, Texas.

"All right, maybe she never was in Polytesia—but could you do it?"

### Negro Rapist Slated To Die On May 31

HOUSTON—(P)—Eugene McFarland, 25-year-old negro, is sentenced to die in the electric chair May 31 for rape of a 16-year-old white girl.

District Judge Frank Williford, Jr., in whose court McFarland was convicted September 20, passed sentence Tuesday.

McFarland is the second man to be sentenced to death in the rape of the young girl last May.

Nathaniel Edwards is in the death house in the state prison at Huntsville awaiting execution May 14.

A third man charged in the same case never has been arrested.

### Cub Scouts Slate 'Country Fair'

Pack 51, Midland Cub Scouts, will present a "Country Fair" Saturday afternoon on the grounds of the North Elementary School.

The public is invited. Parents and friends of the Scouts especially are urged to attend.

Fair time is 4 to 7 p.m. Sandwiches of all kinds and drinks will be sold on the site. There will be games and contests, attractive to all, the Scouts announced.

"Roaring midway" with many booths and devices is promised.

The fair is staged to raise money for Scout projects.

We're Still Remodeling BUT — We're Open for Business

We don't have everything in place in our nice, new fixtures as yet, but we can find what you want... so don't hesitate to come on in. We'll be glad to serve you.

We Are Prepared To Fill Any Prescription
