Oil Editor

Hunt Interests Take 300,000-Acre Block In Texas Panhandle

H. L. Hunt and the Hassie Hunt Trust Estate, both of Dallas, have taken a 10-year commercial oil and gas lease on a solid block of approximately 300,000 acres in Armstrong, Bristow and Donley Counties on the southeast side of the Texas Panhandle, and adjacent to the northeast side of the Permian Basin.

The transaction covers the Adair-Goodnight property, commonly called the "J" Ranch. It is owned by M. H. W. Ritchie, and is leased to the Hunt interests and the lease was secured from them.

No information is available regarding the bonus paid for the lease or of the amount and O'Neil rental called for in the transaction. It is understood that the Hunt interests plan an exploration program for the block for the near future.

Reinecke Steput Is High On Reef

P. R. Rutherford and associates No. 1-B Griffin, steput from production from the Pennsylvanian lime reef in the North Vincent-Reinecke area of Southeast Borden County appears certain of making an oil well.

This prospector, located 660 feet from west and 467 feet from south lines of section 59, block 25, H&G survey, and a one-location north-east offset to Castlemans and O'Neil No. 1-A Griffin, topped the reef at 6,857 feet, to give it a datum of minus 4,477 feet.

The Rutherford project correlates 19 feet high to the Castlemans and O'Neil No. 1-A Griffin, which was completed as a west extension to the field.

Will Set Casing
It was to drill to 6,990 feet and then cement 5 1/2-inch casing and test and complete.

On the basis of information developed by the C. H. Sweet and associates No. 1 McNeil, dry hole on the northeast side of the North Vincent-Reinecke area, of the reef pay is between a datum of minus 4,600 feet and 4,680 feet. The Rutherford well will stop above the water and the samples show it should produce.

SE Kent Prospector To Retest Wolfcamp

Goff and Sutton No. 1 Fleming Foundation, wildcat in Southeast Kent County, is bottomed at 7,260 feet in barren Ellenburger, and operators plan to plug back and test the Wolfcamp of the Permian where good oil stain was logged. The venture will be plugged back to 4,050 feet, and a drillstem test will be run at 3,895-4,020 feet. Electric log shows no possibilities of fluid in this zone.

The No. 1 Fleming Foundation, eight and three-fourths miles east of the Cogdell field, is 660 feet from north and east lines of section 53, block R. A. Thompson survey. Operators did not test the Wolfcamp horizon when it was drilled; however, results of recent electric log surveys have warranted a test of that section.

No other possibilities of production were logged in other sections drilled. The venture topped the Ellenburger at 7,200 feet, on a minus datum of 5,168 feet. Drill site is 26 miles northeast of Snyder.

Wildcat Scheduled In C-S Stonewall

A 5,000-foot wildcat has been staked in extreme Central-South Stonewall County by S. B. Roberts of Abilene.

His No. 1 Fay Young Morton will be 330 feet from south and east lines of section 22, Austin & Williams survey 349, and five and one-half miles northwest of Hamlin.

Slated depth possibly will test through the Canyon zone of the Pennsylvanian.

NE Coke To Get 6,000-Foot Test

Carl E. Maxey and J. D. Leftwich of Lubbock have staked a 6,000-foot wildcat in Northeast Coke County, two miles southwest of the Blackwell-Cisco lime field, one producer.

Slated depth should take the Pennsylvanian section. Drill site is 660 feet from north and west lines of the southwest quarter of section 273, block 1-A, H&G survey, and three and one-half miles northwest of the town of Fort Chadbourne.

Permian Wildcat Staked In Pecos

A. R. McCreath and Travis B. Dean of Fort Worth are to start operations at once at their No. 1 Iowa Realty Trust, which is scheduled to be a 4,800-foot rotary wildcat in Central-North Pecos County.

The prospector will be 660 feet from south and east lines of section 125, block 10, H&G survey. That makes it 17 miles southeast of Imperial.

Rocker-A Pool In Garza Adds Oiler

Rains Fall On Vast Texas Areas

Unemployment Rises As Rail Strike Effect

CHICAGO (P)—Unemployment mounted swiftly Thursday as coal mining and other industry began feeling the effects of the strike of locomotive firemen on four key rail systems.

With no peace moves under way or announced, prospects for early peace were slim.

The Pennsylvania Railroad announced it is furloughing 85,000 of its 125,000 employees, with the layoffs to be completed by 8 a.m. Friday.

The New York Central said 25,000 of its employees already are idle and that the number may jump to 50,000.

The Southern Railway System said most of its 38,000 employees will be idle by this weekend.

The Santa Fe issued an order closing all its shops.

Fourteen major mines in Western Pennsylvania, including those owned by the Bethlehem Steel Corporation and O'Neil, were closed.

Several other mines were operating a half day. Some mines attempted to step operating by dumping coal on the ground, but such space was limited.

All Mines May Close
Mine officials said all Western Pennsylvania's 55,000 miners may be laid off next week if the strike continues.

At Cleveland, C. F. Weigle, general manager of the New York Central's West Division, said 25,000 rail workers now are on strike or have been laid off in the system. About 10 per cent of the idle are employees engaged in such non-operating tasks as clerical work.

The Fishler Body Plant at Cleveland issued temporary furloughs Wednesday to 2,500 employees, called 1,500 of them back Thursday. One thousand employees of the Midland Steel Products Company in Cleveland were laid off, but almost all were recalled.

The crippling walkout started (Continued On Page 16)

President Pledges All-Out Program Of Dams, Public Power

GRAND COULEE DAM, WASH.—President Truman Thursday declared his determination to develop low-cost public power on all the country's great rivers and fight against its use "for private profit."

"We have embarked, all over the country, on the task of fully developing the resources for all the people," he said.

"And we shall have to continue to overcome the opposition of those who do not understand the greatness of our goal, or who fear the impairment of their selfish interests."

"We will meet opposition from the private power groups. Many of them—there are honorable exceptions, of course—do not want the energy of our rivers put to use as power and sold to the people at cost."

Blasts Power Companies
The President laid down his public power development program in a prepared address in dedication ceremonies at the site of Grand Coulee Dam, where the last turbine has been cut in.

He said the private power companies would deny the people the benefits of low-cost power they themselves have brought about through public investment.

"We shall not be stopped by those who are timid, or short-sighted or selfish," he went on. "We shall not be stopped by discredited claims, or by tattered slogans."

The President stopped here virtually at the half-way point in his cross-country crusade for the "Fair Deal." He has been making what he calls a "report to the people" at whistle stops all over the West and Middle West.

He outlined at Pendleton, Ore., Wednesday night a program of national development aimed at boosting the income of poorer working families to \$4,000 annually in 10 years.

He said the income of those in the lower brackets can be doubled in "real money" that the nation's output of goods and services lifted to \$35,000,000,000 by 1960.

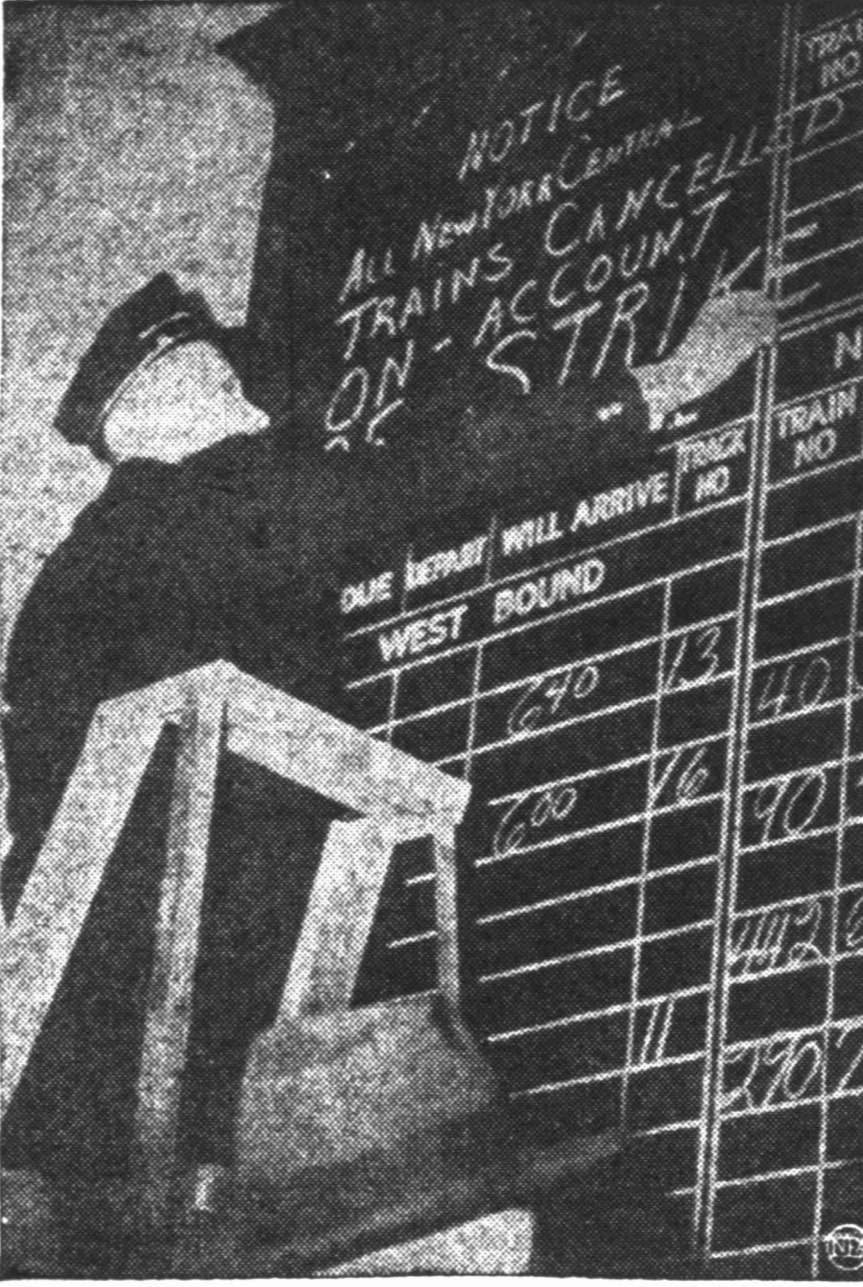

In train platform speeches, he continued to insist he is "not running for anything," that this is a "non-political" trip, but that he might come back later to do some "politicizing."

Gunmen Get \$16,000 In Cleveland Haul
CLEVELAND (P)—Three masked gunmen brazenly swept into the Standard Brewing Company office Thursday, grabbed \$16,000 in payroll money and dashed away.

The money had just been delivered to the second floor office, nearly inserted in pay envelopes, by a truck of Brink's, Inc., national money protecting firm.

For your Office Furniture call Baker Office Equipment Co., Phone 2634, 511 West Texas.—(Adv.)

Nation's Transportation Crippled

Cleveland Union Terminal gatemanager Stewart Cantrell chalks in a sign reading "All New York Central trains canceled on account of strike" on the bulletin board. Locomotive firemen went out on strike against four major railroad systems, crippling the nation's transportation network from coast to coast.

GOP Economy Bloc Slashes Money Bill

WASHINGTON (P)—Routed by a last-ditch Republican economy drive, House Administration leaders looked to the Senate Thursday to restore cuts in a one-package, \$28,894,340,164 appropriation bill.

Just how much the House chopped from the measure, passed Wednesday night after a month of debate, was a matter of controversy.

But Republicans claimed their two eleventh-hour amendments mean savings of at least a billion dollars—exactly what they had been shooting for. Democrats said the figure would be considerably smaller.

If the Senate—which customarily adds to the House totals—can figure out the exact effect of the amendments, it will do better than many House members have been able to do.

Representative Taber (N.Y.), quartermaster of the GOP economy drive, cited a set of his own figures showing that an amendment he offered calling for a \$600,000,000 cut might actually result in savings closer to \$1,000,000,000.

And Representative Jensen (R-Iowa) claimed his amendment—which sets a ceiling on the number of federal job vacancies which may be filled in the year starting July 1—would save \$400,000,000, even though it makes no specific cut in money allotments in the bill.

Terned Preposterous
Chairman Cannon (D-Mo) of the Appropriations Committee called both claims "extravagant and preposterous."

Cannon said many of the cuts in the Taber amendment duplicated reductions already made by the committee. That group trimmed slightly more than \$1,500,000,000 from the President's budget before the bill reached the House floor.

There is no way of telling how much the Jensen amendment would (Continued On Page 16)

Pair Arrested At Snyder On Charges Of Robbing Bank

DALLAS (P)—Two Texas men were arrested in the West Texas oil town of Snyder Thursday on charges of burglarizing the Plainville State Bank of Plainville, Kan.

H. O. Hawkins, FBI agent in charge here, announced the arrest of Orville E. Pohl, 34, and James R. Tapp, 24. He said Tapp admitted his part in the burglary but that Pohl denied it.

Hawkins said a complaint warrant charging the two was filed with the U. S. commissioner at Salina, Kan., on April 11.

The FBI said Pohl and Tapp had been working in the oil fields. Texas Ranger J. L. Rogers, Sheriff Lloyd Merritt, and Deputies Homer Whinnand, L. E. Haynes and Vernie Head worked with FBI agents in making the arrest. The pair was to be arraigned later Thursday before the U. S. commissioner in Lubbock.

SAN ANTONIO DOCTOR DIES OF POLIO ATTACK
SAN ANTONIO (P)—Dr. J. D. Frederick Matthews, San Antonio physician, died from polio here early Thursday.

He was stricken in his office April 11. He was the city's first resident polio death of 1950.

Thirsty Farms Range Lands Get Soaking

Rains fell over vast areas of Texas Wednesday night and Thursday, soaking thirsty farms and ranges in western and southwestern parts of the state.

Rains also fell in North, East and Central Texas and cool front pushed its way toward the Gulf Coast.

High winds and hail caused some damage in the wake of the cool wave.

Big Spring reported 2.40 inches of rain and San Angelo 1.95 inches. Snyder had 2.00 inches, Sweetwater, 1.50 inches. These areas needed rain for months.

Wichita Falls had 2.00 inches, Abilene 1.08 inches, Del Rio 1.50 inches, Austin 1.75, Dallas 1.82, Antonio 1.4, Waco 1.62, Port Worth 1.68, Palestine .02, Lubbock 1.50, Ozona 1.50, Bryan .01, Clearendon 1.50, Wink .07, Midland 2.1, Odessa and Ranger, 1.54.

Drinking rain continued at Midland Thursday.

* No rain fell in the dry Texas Panhandle.

Still More To Come
Further rains were predicted both the eastern and western sections of the state.

Austin reported a 40-mile wide early Thursday.

Kerrville had a two-inch rain and at mid-morning it was still coming.

More thundershowers were predicted for San Angelo after the clearing rain fell Wednesday night.

Angelo said all points surrounding that West Texas city had rain from an estimated Sterling City up to 3.2 inches at Pecos.

A downpour measuring 2.64 inches flooded streets in Wichita Falls Wednesday night. Cars and buildings near Archer City, just west of the town, were ruined.

Flood Damages Seen
Near Vernon, the Waggoner ranch reported water rising rapidly in the Santa Rosa Lake. The water showed a rise of 100 to 200 feet in some places in that area which would be threatened.

A flash flood washed a car off a driveway at Big Spring but it occupant escaped.

Another city had 3.80 inches of rain from 1 p.m. until 8 p.m. Wednesday in Lamesa, wind gusts up to miles an hour knocked out window panes in a school, broke down trees and caused minor damage to farm out-buildings. The wind there was 1.18 inches of rain.

A 15-minute hailstorm broke windows panes and neon signs at damaged roofs in Pecos. Water from a 1.12 inch rain flooded the street. The cotton and cantaloupe crop in the area was feared damaged heavily.

David Crockett Is Name Selected For Elementary School

Midland's new elementary school has been named David Crockett Elementary School by trustees of the Midland Independent School District, replacing the informal designation of Northeast Elementary.

The action was taken at the second session of the board's monthly meeting Wednesday afternoon.

Trustees met Tuesday night at 11:45 p.m. after setting a meeting for Wednesday.

At the Wednesday session, the purchase of a tractor was approved by the board. The price will be \$1,291, with \$600 to be donated by members of the Booster Club.

Supp. Frank Monroe announced a change in educational requirements for elementary school teachers. Beginning next year, elementary teachers must have 12 hours of Elementary Education in order to continue teaching. Monroe said some Midland teachers will have to attend summer school to meet the requirement.

Three meetings were set for next week to examine bids on equipment for the two new Midland schools. David Crockett Elementary and Carver High School. The board will meet at 7:30 p.m. Monday to read bids on cafeteria equipment.

Tuesday night for stage equipment and Wednesday night for classroom furniture. All meetings will be held in the board room in the high school building.

WASHINGTON (AP)—Undersecretary of State Webb Thursday said the United States plans immediate military and economic aid to Southeast Asia.

★ LATE NEWS FLASHES ★

TRAZEGNIES BELGIUM—(AP)—At least 13 coal miners were killed and 25 trapped Thursday by an explosion which shattered a coal mine near here. Thirty other miners are believed trapped in fallen debris.

HONG KONG—(AP)—The captain of the steamer Hunan Thursday radioed Butterfield and Swire, British shipping firm here, that two American airmen, held more than a year and then released by Chinese Communists, were aboard his vessel.

AMARILLO—(AP)—Torrence Popejoy, a San Jon, N. M., bar operator, was called as the first witness Thursday in the trial of Evald Johnson, charged with murdering W. A. (Tex) Thornton.

LONDON—(AP)—The United States Embassy in Prague, bowing to reiterated Czech demands, Thursday agreed to slash its staff by two-thirds, reports reaching London said.

WASHINGTON—(AP)—Undersecretary of State Webb Thursday said the United States plans immediate military and economic aid to Southeast Asia.

WEATHER
Considerable cloudiness with scattered rain in West Texas Thursday night and Friday. Warmer than normal. Maximum temperature Wednesday 86 degrees. Minimum Thursday 66 degrees.

★ IN HOLLYWOOD ★

in Sheridan Gears Herself New Speed-Up Schedules

By ERSKINE JOHNSON NEA Staff Correspondent

HOLLYWOOD — Behind the scenes Ann Sheridan is taking to speed-up in film production way Francis takes to a bag of o's away with Annie, who told used to scream at Warner's the long shooting schedules. It's the sense in taking a scene or four times when you can k it off the first time?"

and wasted down to Frank Sinatra's size. He got back the weight by sleeping 10 hours a night and eating like a horse. Bob isn't undernourished dramatically, either, these days. He says: "I'm getting a pretty good crack at the things I really want to do in pictures. I'm an absolute flop as a straight actor. If I got paid to stand there and be looked at, I'd be dead."

Deanna Durbin, who is boiling about the thrush of Hollywood, can settle back and beam for a while. I asked Vincent Price, once reputed to be the boy friend, about her and got this answer: "There was never a romance between us. The one time I went out with her was when I dated Mary Grant, my present wife, and Dee was with somebody else. I consider Deanna one of the greatest talents in this business. She has been consciously destroyed. She has a greater voice than ever. Somebody will rediscover her some day and she will be a great star. I saw "One Hundred Men and a Girl" the other day. The picture could be reissued and make a hundred million dollars."

Hollywood's big economy push reminds me of the lush postwar days when every studio thought the prop department printed greenbacks. I specifically remember an MGM art director telling his producer that an ornate stairway set would cost \$80,000. "But," said the producer, calmly, "the budget gives us only \$55,000 for that set."

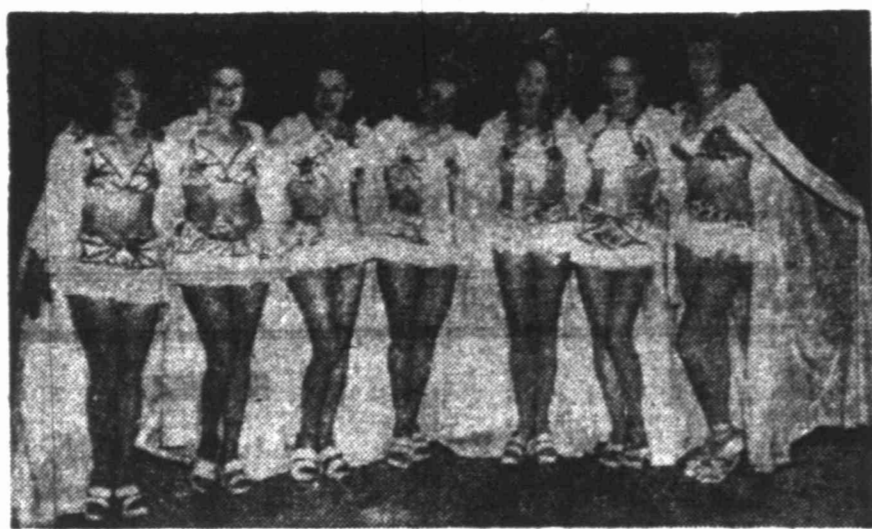

The art director then explained, just as calmly, that he absolutely had to have real mother of pearl, that he had to import a special wood carver from the east, etc. The producer finally agreed the \$80,000 had to be spent but admonished him with: "You should take it easy. After all, \$25,000 here, \$25,000 there—it can add up."

Don't get discouraged. There's a man for every girl. You can't improve that situation. "Teen-ager: I don't want to improve on it. I just want to get on in it."

Newsprint consumption in the United States amounts to more than 3,000,000 tons annually.

Robert Ryan's bosses are grinning over the 20 pounds that have been added to the Ryan frame. The making of "The Secret Agent," Bob developed pneumonia.

Circus Features Aerial Ballet

Ward's Aerial Ballet is one of the features of the Shrine Club Circus scheduled to show in Memorial Stadium here May 15 and 16. Afternoon and night performances each day are slated. Tickets are on sale at Midland Hardware and Furniture Company. Proceeds of the circus go to Shrine Club charities.

Hungarian Court Refuses To Cut Vogeler Sentence

BUDAPEST, HUNGARY —(AP)—Hungary's Supreme Court of Justice refused Thursday to cut the 13-year-prison sentence of Robert A. Vogeler, American businessman who was convicted last February on spy charges.

The court also rejected the appeals of Edgar Sanders, a Briton who was sentenced to 13 years on the same charges, and five Hungarian co-defendants. The government announcement also disclosed that Imre Geiger and Zoltan Rado, Hungarian nationals who were sentenced to death in the same case, had been executed.

Vogeler, a vice president of the International Telephone and Telegraph Company, and Sanders, accountant for the Hungarian subsidiary of the same firm, pleaded guilty to charges of espionage and sabotage.

Negro Slayer Dies After Four Reprieves

COLUMBUS, OHIO —(AP)—Theodore Roosevelt McClure—the Cleveland negro who died the electric chair four times—ended in a business-like Ohio Penitentiary execution Wednesday night.

Once the 24-year-old Clevelander made his calm-voiced confession last Saturday that he actually did kill a Cleveland grocer during a 1947 holdup, the state moved without further delay.

McClure, apparently calm, walked into the death chamber at 5 p.m. Eight minutes later he was pronounced officially dead.

McClure's campaign to escape the electric chair brought four delays, the last a dramatic reprieve by Gov. Frank J. Lausche just 50 minutes before McClure was to be executed March 10.

Have A Laugh

By BOYCE HOUSE

When Abe Lincoln was a struggling young lawyer, he was walking along a road when he was overtaken by a man in a buggy. Lincoln asked, "Will you carry my overcoat into town?" The man replied, "Yes—but how will you get there?" Abe said, "Oh, I'll be inside the overcoat."

Clairborn F. Jackson, who was governor of Missouri married three sisters. Champ Clark, famous Missouri statesman, relates that when Jackson asked his father-in-law for the hand of his third daughter in marriage, the answer was: "All right, Clark, take her; but for goodness' sake, don't come back for the old woman!"

Fonda Gets Nothing In Late Wife's Will

GREENWICH, CONN. —(AP)—The will of the late Frances Seymour Brokaw Fonda provided no bequest for her actor husband, Henry Fonda.

The will, filed in probate court here Wednesday, disposes of an estate of more than \$400,000 in real and personal property and \$3,500 in Greenwich real estate. The principal beneficiary is Mrs. Fonda's mother, Mrs. Sophie M. Seymour of Los Angeles. Mrs. Seymour has custody of her daughter's two minor children, Jayne S. Fonda, 17, and Peter Fonda, 10, who in addition to receiving 20 per cent of the residual estate apiece, will share the remainder equally at their grandmother's death.

Mrs. Fonda and her actor husband were estranged when she killed herself April 15 by slashing her throat in a Beacon, N. Y., sanitarium. Improvement of Hereford cattle was started in 1742, by Benjamin Tompkins, of Canon Fyne, Herefordshire, England.

Texas Reserves To Train At Camps

AUSTIN—An estimated 2,000 of flowers and enlisted men of the Army's Organized Reserve Corps in Texas, will take 15 days of intensive training at field camps between May 28 and August 26.

Organized Reserve Corps units will train near home stations whenever possible, except for certain highly technical groups, according to Col. Oscar B. Abbott, Chief of the Texas Military District. Current status of units will determine the type of field training offered. The training at the encampments will have four major objectives: (1) to afford maximum practical training of units on subjects which cannot be covered adequately in reserve duty training assemblies; (2) to provide practical staff experience to all echelons; (3) to offer planning and supervisory training for all echelons; and (4) to familiarize reserve components with new techniques, developments, doctrines and organization.

Organized Reserve Corps commanders and their staffs will have a part in preparing training programs for their own units. All plans will be coordinated with commanders of installations where training will take place. These commanders will assist the reservists with demonstrations, technical advice and logistical support. It has been estimated that 66 per cent of the bad cream from farms is caused by lax care of milk utensils.

Shopping 'Round Town —with Barbara

Trade Or Hobby—Any job you do gets done quicker—more efficiently—is more fun—when you work with motor driven tools. Whether your need is for hobby tools or tools for professional work, wood work and metal work go better when you have a Delco motor. BUDDY'S ELECTRIC SHOP, 203 South Main, is stocker dealer for Delco Motors. The shop also specializes in electrical repairs and service on all electric motors.

No Doubt About It—There's a cool profit for you in air conditioning. The USAIRCO store conditioner has everything you need and want for cooling. The entire system is carefully balanced—ready to operate. Just three connections to make—one to a water supply, another to a drain, and, of course, the electric connection. A complete refrigerated air conditioning system, packaged for simple installation, it requires little more than six feet of floor space. See USAIRCO at NEILL'S SHEET METAL COMPANY, 603 West Missouri.

Especially For Mom—The nicest, most thoughtful gift—a gay, appropriately wrapped box of her own favorite candies. CAMERON'S is featuring a fine selection of King's chocolates in beautifully decorated boxes, and the store will gift-wrap and mail this candy anywhere in the United States. Mother will be pleased and flattered with such a thoughtful gift. Shop Cameron's now for Mother's gift and have it mailed in time for Mother's Day.

Personally Preferred—Because nylon lingerie is enchanting to wear—exquisite to own—and enduring. FRANKLIN'S is featuring matching pieces... slips, panties and sleeping gowns, each an individual inspiration of delicate detail, fine point finishing and dreamy design. Every garment is composed of sheer, strong nylon that takes to wear and needs no ironing. Franklin's is delighted to offer this fabulous collection in heavenly, pastel shades and white, just in time for your Mother's Day shopping.

Gifts Mother Will Treasure—A beautiful handmade linen dinner cloth would please Mother most. For her guest room, exquisitely embroidered pillowcases, guest towels, and eyelet embroidered dresser sets would be prized. MIDLAND HARDWARE AND FURNITURE COMPANY, LINEN DEPARTMENT, has a complete selection of fine hand work every homemaker would treasure — imported needle work, exquisite in quality. Linen bridge sets are also available.

Ready For Vacation?—The attention your car needs for dependable Summer motoring is a careful check of oil, water, tires, battery, etc. MACK'S CHEVROLET SERVICE, 301 West Wall, will give your car an expert check-up for that vacation trip. Drive up for "once-over" before you leave. The station carries a complete stock of Atlas Tires, Tubes and Batteries. Don't let a slow battery spoil your trip. Rely on Mack's Chevrolet Service for quality accessories.

Spicy Mexican Foods—If you're one who appreciates the difference between eating and dining, you'll enjoy the savory Mexican foods at EL SOMBRERO, on West Highway. The restaurant is attractively decorated, creating an atmosphere of festivity that makes dining there a special occasion. The tempting Mexican foods have that delicious flavor achieved only through culinary genius. Call 1861 for reservations.

Building And Remodeling Service—If your home is inadequate for your family's growing needs, why not build another room, enlarge or remodel? BUNCH BROTHERS, telephone 3878-M, specializes in building and remodeling. Expert carpenters will change the architectural style of your home, modernizing it to suit your plans. You'll have the benefit of their long experience in building as your plans are executed to a "T." Bunch Brothers also specializes in cabinet work, built-ins and storage facilities.

Keep 'Em Rolling—Worn out, cool-weather oil can't protect your car for hot Summer driving. Be sure your car's protected by proper lubrication. Drive in at D & D SERVICE, 1409 East Wall, for top quality oil and complete check-up service. A thorough car lubrication, or oil for door hinges, whatever the job, it's done quickly at D & D Service. Every ride's a joy ride, when your car's trouble-free.

War On Pests—Yes, sir, Johnston's No-Roach, featured at MIDLAND HARDWARE, eliminates those household pests in short time. It's so easy to use—just brush it on wherever roaches, ants or waterbugs gather. It's colorless, odorless and stainless. The effect lasts for months. Get a pint bottle for \$1.89 and rid your home of these pests. Johnston's No-Roach is available in 8-ounce bottles for 89c.

Wash Day Grouches Disappear—When you send the family wash to PRICES LAUNDRY, 607 East New York, for wet wash and rough dry service. The family will be happier, too—with both the sparkling cleanliness of their clothes as well as with your checky face. Just call 2446 for pick-up and delivery service. There's a service for every need. Modern machines are available for doing your own wash, and soft hot water makes wash day easy for you.

Is Your Home Middleaged?—ABELL-MORABUE, MILLWORK DIVISION, 1800 North West Front Street, makes a specialty of fine woodwork. Doors and windows carefully fitted are the finishing details that make your home comfortable, dust and draft free as well as adding to the appearance. Therefore, choose units to suit the architectural design of your home and to modernize the interior. Eichen cabinets, built in ironing boards and storage units are supplied by the company.

Who Will Inherit Your Home?—Possibly you have overlooked a vital point in your insurance program—one providing your family with shelter. When you buy a home, don't risk your wife being faced with an unpayable mortgage. The Mortgage Protection Plan takes care of this possibility. Call 2784 and MIDLAND LIFE INSURANCE COMPANY, 517 West Texas, will send a representative to explain how to make sure your home will never be "repossessed."

Display Your Art—Dramatize those fine paintings and family portraits with picture lights from PHILLIPS ELECTRIC COMPANY. They come in sizes of 6 inches, 8 inches and large two-way lights, with built-in reflectors and adjustable sockets. They are mounted on your picture frames. Picture lights show up your dark portraits to the best advantage. Phillips Electric Company has a nice selection, priced from \$4.50 to \$8.00.

Your Own Three Initial Branding Iron—There's no doubt about who owns those workshop tools, sports equipment, toys, saddlery, etc. when branded with your own three initials. Just heat and press your brand into wood, leather, rubber or plastic materials. Made of solid cast bronze, you can get it custom made at MIDLAND HARDWARE AND FURNITURE COMPANY, GIFT DEPARTMENT, for \$3.50.

Baby's Smile—Don't risk your baby's having discolored teeth. During the period when enamel is forming, it is time it is affected by chemicals in drinking water. Give him pure drinking water from OZ-ARKA WATER COMPANY. Just call 111 and the water is delivered to your home. The cost is very little compared to the benefit of pure drinking water for your family. This water is sparkling clear and chemical free.

Continue Music During Summer—Further your child's musical education by enrolling him at WILLIAMS CONSERVATORY OF MUSIC, 307 North Marienfeld. The tuition is \$7.50 in advance for the first three weeks. After three weeks it is \$1.00 per lesson. If he is out of town for a vacation, there will be an additional charge of 50c per week for holding his lesson period while he is away. Call 1015 for further information on enrollment and lesson periods.

Good Food—Excellent Service—Breakfast in a hurry? Then eat at GRADY'S SANDWICH SHOP, formerly Hurley's, where the service is good—the food is excellent. French fried potatoes are served with every meat order for breakfast. Also, lunch there, where you'll see your friends. Steaks, chicken and hot dogs are a specialty. You can top off a delightful evening with a sandwich or a steak cooked to order. The sandwich shop is owned and operated by Mr. and Mrs. Grady Harris.

Automotive Repair—There's no guess-work at ROSS' GARAGE, 426 Andrews Highway. Top notch mechanics not only offer your car the benefit of long experience—but latest scientific testing methods are used as a double accuracy check. Drive in for a pre-Summer once-over before you leave on that vacation trip. Mechanics will satisfactorily find and eliminate that rough spot in your motor and you are guaranteed rapid, expert service. These mechanics also specialize in welding. As a side line, you can purchase any kind of clothes line poles here.

Stake Your Claim—Whether you're offering your home for sale or you're searching for a home, stake your claim to greater value by contacting LEONARD MILLER, REAL ESTATE, 201 East Wall. You get greater value selling or buying property by placing your request with this office. Mr. Miller will take care of selling your home for you, and you can depend on his experience. So list your property now. Call Leonard Miller, Real Estate, telephone 2699.

Invest In Comfort—When the sun beats down outside, your home will be cool and comfortable with an Arctic Circle Air Conditioner. For home or office, this is an economical cooling system, easy to install. THE STAR AIR CONDITIONING COMPANY, 208 South Main, is the authorized dealer for this low-cost model, which has a General Electric motor and welded cabinet that won't rust or corrode. Arctic Circle won first prize at the World's Fair. Call 3493 for more information.

Planned, Designed, Priced For You—When you've dreamed of a home of your own for years, you want the finest you can get for your money. Here it is! Large rooms, plenty of closets, and room for expansion. SOUTH PARK ADDITION offers homes planned for gracious living—two blocks from churches, school, park and shopping center, priced under \$7,000 with all utilities, streets already paved. See Maurice Rogers, telephone 4687.

Hot Water Stingy?—Household chores go much faster, easier and smoother, and everyone is happier when there's plenty of hot water for every need. Install a Lawson Water Heater from BETTER QUALITY PLUMBING COMPANY, 607 North Weatherford. All controls are safely enclosed inside the gleaming white enamel exterior. Plenty of hot water for laundry, dishwashing and bathing is supplied.

Memo To Motorists—Have you noticed that your car wanders to the right or left when you stop? Compensating with the steering wheel won't help—but a brake adjustment will. KING'S GARAGE, 602 East Illinois, offers rapid service at reasonable costs. Let an expert mechanic service your car for safety and confidence before you start on your vacation trip. King's Garage also specializes in acetylene and electrical welding.

Don't Try To Eliminate Your Husband's Outside Interests

By RUTH MILLETT
NEA Staff Writer

Is a husband entitled to spend some of his leisure time in the company of other men or should all his nonworking time be spent with his wife and family?

That question is raised by a wife who presents the fact that her husband plays cards one night a week with a congenial group of men and leaves her alone another night or two a month to attend lodge meetings or other affairs.

What's so bad about that? There's nothing in the marriage agreement that says that either a husband or wife has to spend every leisure hour in the other's company.

If neither the husband nor wife ever feels the need for individual friends or interests, then they'll have one kind of marriage.

But who is to say that it is the best kind? The man who is interested in other things beside the job and home can be just as good a husband as the so-called "family man" so many women think they want.

As he grows older he'll probably be much easier to live with. Offers Good Advice

Not long ago I heard a grand-mother say: "When I was young I used to get ma. at my husband when he went anywhere without me. But now that all he wants to do is sit around in my way when-ever he's off from work he nearly drives me crazy. So I tell my daughters: 'Let your husbands go out when they want to. It's not nearly as hard on a woman as having a man around the house who doesn't know what to do with himself.'"

That's pretty good advice, I think. To the young wives who never want their husbands out of their sight. Force a man to give up all his outside interests and leave him nothing but job and home, and one day he is likely to have become so dependent on his easy chair he'll just be in the way.

Baccalaureate Is Scheduled Sunday

McCAMEY—The Baccalaureate services for the graduating seniors of McCamey High School will be held at 8 p.m. Sunday in the high school auditorium.

The Rev. W. L. Lee, pastor of the First Baptist Church, will speak on the topic, "Some Important Questions." The Rev. C. J. Mann, pastor of the First Methodist Church, will read the scripture and the Rev. A. R. Vaughn, pastor of the Assembly of God Church, will give the invocation.

Special music will be presented by the high school choir under the direction of John Buchanan. Carolyn Slaughter will play the pre-sonal and recessional. Special guests will be the members of the junior class, parents of the graduates and faculty members.

McCamey Study Club Has Installation

McCAMEY—Mrs. George Ramer was installed as president of the Women's Study Club in the annual Spring luncheon recently in the Home Economics building. She succeeds Mrs. L. E. Windham.

Mrs. Joseph Best of Wink, president of the Eighth District Federated Women's Clubs, conducted the installation. Other officers installed included Mrs. Joe Conger, Mrs. Newton Key and Mrs. C. N. Addison, vice presidents; Mrs. R. E. Ruble, secretary; Mrs. J. P. Godwin, treasurer; Mrs. R. S. Cope, corresponding secretary; Mrs. W. J. Campbell, parliamentarian; Mrs. Roy Johnston, historian; Mrs. Howard Stoker, federation counselor, and Mrs. Jim Langdon, critic.

Guests present were Mrs. Bryan Henderson of Wink, Mrs. Ruth Eden and Mrs. Gordon Edwards of Dallas.

Other members present include Mrs. Burley McCollum, Mrs. M. R. McManigle, Mrs. Gordon Fussell, Mrs. Dee Breeding, Mrs. Dee Locklin, Mrs. J. R. Smith, Mrs. W. H. Carter, Mrs. Horace Slaughter, Mrs. H. S. Holmes, Mrs. Bob Thompson, Mrs. J. A. Rutherford, Mrs. Walter Harris, Mrs. John Sheehan, Mrs. Bill Van Atta and Mrs. John Kellerman.

New Officers Of Iota Beta Are Installed

Officers were installed at a meeting of the Iota Beta Chapter of Beta Sigma Phi Sorority Wednesday night in the home of Mrs. Ernest Nance.

They are Cathy Harrington, president; Mrs. Otto Wink, vice president; Mrs. Nance, corresponding secretary; Betty McWhorter, recording secretary; Mrs. Morris Donelson, treasurer; Mrs. Bryan L. Denison, executive officer; Mrs. Y. D. McMurry, sponsor. Mrs. W. H. Sloan was installed as an honorary member.

It was decided that two delegates from Iota Beta will go to the state convention May 20 and 21 in San Antonio.

Betty McWhorter reported on the West Texas Area Council meeting held Sunday in Sweetwater.

The Mothers' Day Tea which XI Theta Chapter is giving from 3 to 5 p.m. Sunday in the home of Mrs. W. L. Pratt was announced. All Beta Sigma Phi members and their mothers are invited.

Continuing a study of "Beauty in Life," Mrs. Walt Jasper discussed "Beauty in Action;" Mrs. Wink, "Beauty in Thought;" and Myra McReynolds, "Beauty in Experience."

Mary Mitkeka of Houston, a sister of Mrs. Vic Hartwig, was a guest. Mrs. David Bainbridge, Estelle Cummings, Dorcas Reising and Veta Watson were pledges present. Other members attending were Mrs. Alton Brown, Mrs. Weldon Carden, Ellen Ewalt, Meiba Knippling, Mrs. Charles Patterson, Mrs. John Rhoden, Jr., Mrs. Harold L. Robinson and Dixie Lou Wilson.

Chinese Paintings Will Be Shown In Palette Club Studio

A collection of Chinese watercolor paintings by Dr. Chang Shu-Chi will be shown Sunday in the Palette Club Studio by the American Association of University Women and the Palette Club Art Center. Visiting hours will be from 3 to 6 p.m. and from 8 to 10 p.m.

The exhibition has been brought to Midland from the Pan-American Galleries in San Antonio. It includes 16 authentic Chinese scrolls, measuring about seven feet in length. Eight matted original paintings that will be shown are entitled "Longevity," "Swimming Pair," "Cypress," "Roses," "Cinerarias," "Green Bamboo," "Autumn Leaves," and "New Year's Greetings."

There are two groups of matted prints suitable for the home. Special appointments may be made to see the pictures at another time by calling Mrs. R. L. Clarke, telephone number 1995-J.

Quartz crystals, better than Mother Earth herself can make, have been produced artificially. Needed in industry to convert mechanical energy, such as sound, into electrical energy, synthetic quartz crystals will protect the nation against a shortage of natural crystals in case of another war.

Fine Arts Club Has Student Guests On Music Week Program

A musical program, given in observance of National Music Week and including piano solos by two young musicians, was presented at a Fine Arts Club meeting Wednesday in the home of Mrs. Harry Miller.

The club's last meeting for this season will be a luncheon and forum program May 24.

Mrs. Miller's son, Tommy, played "Coasting" by Cecil Burieligh and "Minuet" by Paderewski. His mother spoke on "New Trends in American Music." Tommy, a student in Midland High school, told about "Coasting" as an example of modern music.

Burieligh, a music teacher at the University of Wisconsin in Madison, Wis., formerly taught at the University of Montana. Mrs. Ben Dansby, Jr., of Midland has studied with him. Tommy is a student of Mrs. G. J. Sevier.

The second soloist was James Wolf, a pupil of Miss Lydia G. Watson, who played a Beethoven "Sonata." Mrs. Wilson Bryant read a paper on "American Opera and Its Composers," prepared by Miss Watson, a member of the club.

Mrs. H. D. Williams, Mrs. Charles Vertrees and Mrs. Sevier were guests. They and members attending were served during the tea hour from a table decorated with arrangements of Spring flowers.

Other members present were Mrs. Tom C. Bobo, Mrs. L. G. Byerley, Mrs. J. G. Carner, Mrs. Clifford Hall, Mrs. Dewitt C. Haskin, Mrs. George Kidd, Mrs. Y. D. McMurry, Mrs. Henry D. Murphey, Mrs. Roy Parks, Mrs. Nelson Puett and Mrs. B. R. Schabrum.

Writing Group Will Present Library Books

The decision to buy two books to be given to the Midland County Library in the name of the Creative Writing Group of the American Association of University Women was made at a meeting Wednesday night in the home of Mrs. John S. Powell.

The books are "The World of Fiction" by Bernard Devoto and "Writing Advice and Devices" by Walter S. Campbell.

Mrs. Jack C. Kimbrough was re-elected treasurer and Mrs. Terry Tidwell, reporter. Mrs. F. L. Conyers is the new chairman. Mrs. Brandon E. Rife, retiring chairman, was given a gift from the group.

To continue meetings will be on May 24 in the home of Mrs. Kimbrough, 811 North Loraine Street. AAUW groups normally do not meet during the summer months, but this group has voted to continue because of the interest shown by members.

For the program, Mrs. Tidwell read a short story synopsis; Mrs. F. L. Conyers, a short story and essay; Mrs. Leonard Swords, a group of verses and Mrs. Powell, a humorous incident.

Mrs. Edwin C. Hall, Mrs. Fred Wright and Mrs. Joe Carl were guests. Other members present were Mrs. W. A. Stall, Mrs. Ernest Sidwell, Mrs. Norman Sax and Mrs. A. P. Callahan.

Do-Si-Do Club Has Dance For Members

The Do-Si-Do Square Dance Club met Wednesday night in the American Legion Hall, Mrs. Ed Halfast, Mrs. Burton Atkinson, John B. Mills and Bob Root called.

Other members present included Mr. and Mrs. Frank Stubbeman, Mr. and Mrs. Dean Corley, Mr. and Mrs. Charles Vertrees, Mr. and Mrs. David Johnston, Mr. and Mrs. Robert Dewey, Mr. and Mrs. Roy Huffington, Burton Atkinson, Mr. and Mrs. Sol Bunnell, Mr. and Mrs. W. H. Greenstreet, Mr. and Mrs. W. M. Osborn.

Mr. and Mrs. Harry Gossett, Mrs. Mills, Mr. and Mrs. Percy Bridgewater, Mrs. Rood, Mr. and Mrs. E. M. Bradberry, Mr. and Mrs. Gordon Gray, Mr. and Mrs. R. Shaner, Mr. and Mrs. E. F. Alstrin, Mr. and Mrs. R. E. Young, Mr. and Mrs. Fred Cassidy and Mr. and Mrs. Allan Dorsey.

Luncheon Is Given For Zeta Tau Alpha

Mrs. Thornton Hardie was hostess for a luncheon for the Zeta Tau Alpha Alumnae Chapter Wednesday in the Midland Country Club.

Mrs. Howard Chamlee of Denver, Colo., was a visitor. Members present included Mrs. J. E. Keyser, Mrs. William Bird, Mrs. Lynn Durham, Montez Downey, Mrs. James Perrell, Mrs. G. M. Graham, Mrs. Earl Johnson, Mrs. Louis H. Michaelson, Mrs. W. S. Nelson, Mrs. A. E. Pettit, Mrs. W. W. Walsley, Mrs. Helen Koch, Mrs. Nancy Cochran and Mrs. Terry.

Round-Table Is Final Program Of Club's Year

A conclusion to the year's study course which had the subject, "Pursuit of Happiness," was reached in a round-table discussion at a meeting of the Progressive Study Club Wednesday afternoon in Mrs. J. W. Hunt's home.

"Inner Realities vs. Society in Our Pursuit of Happiness" was the topic. Mrs. James C. Clary acted as moderator and table members were Mrs. W. H. Pomeroy, Mrs. John J. Kimberlin and Mrs. John H. DeFord.

The discussion brought out the general belief that modern man is the victim of the society which he himself has produced, and that he cannot stop long enough in the fast pace he has set to take account of happiness.

However, the panel speakers decided, idealism is not dead; we know what is right and still want the old-fashioned morality and decency. They agreed that man can, through self-discipline, strengthen and cultivate these inner realities.

"Happiness grows at our own fireside, in our own hearts," the summary stated. "When we realize this, we have taken the first step toward achieving happiness."

Members of the club planned a desse-i-bridge party in the home of Mrs. W. E. Cox for their last meeting of the season, on May 24. They voted to adopt a resolution opposing a current measure for compulsory health insurance and will send the resolution to senators and the congressman representing this district.

Mrs. Bill Thams was a guest. Other members present were Mrs. J. W. Thomas, Jr., Mrs. L. Otis Baggett, Mrs. Cox, Mrs. A. A. Jones, Mrs. W. C. Kimball, Mrs. Lindley Latham, Mrs. John K. Lydecker, Mrs. Kenneth Newton, Mrs. Buri H. Self, Mrs. Pete Tyler, Mrs. Haden Upchurch and Mrs. V. E. Hanes.

Civic Music Club To Present Concert

Completing the observance of National Music Week, the Civic Music Club of Midland will present a recital at 4 p.m. Sunday in the First Methodist Church.

Persons who will be presented on the recital are Mrs. C. E. Brusenham, Mrs. A. C. Smith, William Cobb, M. O. Gibson, Rosemary Bohl, Mrs. Preston Lea, Everett Miles, Frank Miller, Jeanine Blank, Mrs. Benton Howell, Mrs. E. S. Hitchcock, Mrs. Eugene Vanderpool and Mrs. Frank Thompson.

Cookout Ends Year For Brownie Troop

Members of Brownie Girl Scout Troop 5 held their last meeting Wednesday as a cookout in Cole Park. All members brought guests.

Attending were Glenda Anderson, Mary Frances Glasscock, Ann Goodman, Molly Hardwick, Leslie Harris, Virginia Howard, Patricia Mae Morgan, Patricia Nix, Diana Owen, Olivia Rayburn, Carla Kay Ruff, Judy Six, Carol Wright and Mrs. Bill Glasscock and Mrs. Fred Wright, Jr., troop leaders.

Band Aides To Name Officers For Year

Officers for the next term will be elected when the Band-Aides meet at 7 p.m. Thursday in the Midland High School Band Hall, and plans will be completed for the annual band banquet which is scheduled for Saturday night in the Crystal Ballroom of Hotel Scharbauer.

O. L. Stalcup is president this year of the Band-Aides, an organization of persons interested in the high school band. The group is host each Spring with a banquet for the band members.

MIDLAND STUDENT IS CHI EPSILON MEMBER
AUSTIN—James C. Timmons of Midland has been initiated into Chi Epsilon, national honorary civil engineering fraternity, at the University of Texas.

Members are elected from juniors and seniors with a scholastic average of at least B.

Timmons is a senior majoring in architectural engineering. He is the son of Mr. and Mrs. J. E. Timmons of Midland.

Teach me to do thy will; for thou art my God: thy spirit is good; lead me into the land of uprightness.—Psalms 143:10.

New Scientific GHQ

At long last the United States is to have a national science foundation aimed at keeping this country preeminent in scientific research.

Proponents of the bill expect, however, that this would be a small part of the money available to the foundation. Other government agencies with many hundreds of millions to spend yearly on scientific research are expected to transfer such funds to the foundation.

A good deal of the basic study that led to the atom bomb was accomplished by Germans and other Europeans. We did not enjoy the benefit of their aid—because several happened to be anti-Nazi—the project might not have come off.

We also were laggard in such matters as jet plane propulsion, rockets and the forerunners of guided missiles like the Germans' V-1 and V-2, and the snorkel submarine.

WASHINGTON COLUMN

Navy's New Publicity Program Starts Off On Different Tack

By PETER EDSON NEA Washington Correspondent

WASHINGTON—The U. S. Navy has launched a new program to win friends and influence public opinion. It is just beginning to show. Six months ago the Navy found itself in the middle of nothing but controversy and bad public relations.

public relations moves without consulting the other services. Nationally, the Navy began to "sell" Admiral Sherman. It was no mere accident that in one week his picture appeared in four colors on the covers of two national weekly magazines, and he wrote the lead article in another.

At this juncture, the Navy's public relations office conducted a public opinion survey. It disclosed that the public was pretty well fed up with the inter-service warfare. Instead of standing on its traditional dignity in an attitude of superiority, the Navy decided to shift its strategy. This was primarily a matter of self-defense.

At about this time Adm. Forrest Sherman, new chief of Naval Operations who had succeeded Admiral Denfeld, went to Annapolis and made an important "Roll to the midshipmen" on the future needs of the Navy. This marked the launching of the Navy's new public relations policy.

A mere captain was somewhat handicapped in talking to the admirals and the generals about new public relations policies. Captain Sears kept plugging, however, and his efforts now are beginning to show results.

In January the Navy held a public relations seminar at Pensacola, Fla. Naval reserve officers who were in public relations work in civilian life were called back for a week's refresher course on the new Navy and its changes in weapons since World War II. Then these officers were turned loose for another week with instructions to develop a new public relations program for the Navy. It was adopted.

The results soon were apparent. Admiral Sherman put out an order that henceforth public relations were to be considered a function of command. The old practice of shoving public relations off on some two or 2 1/2-striper and forgetting it was brought to an end.

It went even farther than that. A new slogan was adopted: "Public Relations is an All-Hands Job." A weekly "Public Relations News Letter" was sent out. In April a new publication, "Public Relations News" made its appearance. It was filled with stories of good public relations handling. New manuals were issued for PR officers.

In Washington the new policy made manifest by such little things as establishment of an inter-communication system between the public relations chiefs of the three services. Previously, the Navy hadn't been on much better than polite but distant speaking terms. Now the Navy doesn't start new

Distant Star

ask you what you were waiting to say to Piers— Clemency felt herself freeze up. "If you don't mind, I would rather not discuss it."

"There is no need to," said Syrie. "Here is Piers, and I think I know he will have something to say to you." And then as Clemency moved swiftly towards the second exit from the room she exclaimed sharply: "Piers! Don't let Clemency go."

HE reached out, and taking Clemency's arm, drew her back. And so she stood, Syrie facing her, Piers on the other side, her heart beating furiously, but determined to save herself the indignity of a further attempt to escape.

"Piers," Syrie told him, "you have something to tell Clemency." "He has nothing to tell me that I don't already know," said Clemency. "Oh yes, he has—a lot," Syrie assured her, and with her eyes on Piers: "Has Jon spoken to you?" "Yes."

Stanton Honor Graduates

Becky Bentley, left, is valedictorian of the senior class of Stanton High School this year and Pauline Holcombe, right, is the salutatorian. W. V. Stephenson, principal of the school, has announced. Miss Bentley's four-year average was 96.1 and Miss Holcombe's was 94.16. Miss Bentley served as editor of "The Buffalo Roundup," student annual, and was an active member of the pep squad. She plans to enter Texas Technological College, Lubbock, in the Fall. The salutatorian has been on the staff of the school paper. Anita Shankle, class president, ranked third in scholastic standing and Neil Stovall was high-ranking boy with an average of 93.5.

Mrs. Brady and her family will move soon to Midland.

Group Ends Program And Plans Dinner

Mrs. W. P. Von Osinski reviewed the book "The Cardinal," Robinson, for the regular meeting of the Contemporary Literature Group II of the American Association of University Women Wednesday in the home of Mrs. W. H. Carter.

A dinner will be held at 7 p.m. Tuesday in the home of Mrs. W. E. Cox, 1208 Country Club Drive. Members present included Mrs. J. W. Carroll, Mrs. R. V. Hollingsworth, Mrs. John Norris, Mrs. S. M. Slayle, Mrs. Lloyd Mills and Mrs. Loyd Whitley.

DANCE CLUB MEETS

Mr. and Mrs. Cecil Kinsey and Mrs. N. E. Van Fossen entertained the Silver Spur Square Dance Club in the Midland Officers Club Monday night. With Jay Johnson as caller, members and guests danced on the patio. Mrs. K. C. Bates of San Angelo and Mrs. R. L. Troit of Houston were guests of Mr. and Mrs. P. V. Hill.

Mrs. J. Graves Is President Of Boone Class

Mrs. J. A. Graves heads the 1950-51 officers for the Boone Bible Class of the First Methodist Church elected at a Coke party Wednesday in the Scharbauer Education Building. She will succeed Mrs. Russell Hays.

Other officers elected are Mrs. C. P. Cummings and Mrs. J. C. Wilson, vice presidents; Mrs. B. W. Golladay, secretary; Mrs. F. C. Myers, treasurer; Mrs. Glenn Shoemaker, reporter; and Mrs. Owen Wheelless, historian. Mrs. D. L. Coleman will be the teacher and Mrs. George Vanaman, assistant teacher.

Installation of officers will be held at a coffee at 10 a.m. May 24 in the Education Building.

Mrs. Charles Worthen was in charge of arrangements for the Coke party. Mrs. J. C. Ratliff led the devotional period. Mrs. Ann Bates was a guest of the group.

Favorite RECIPES of WEST TEXANS

TROPICAL TREAT CHIFFON CAKE

By MRS. JACK W. ANDERSON, 304 North Pecos Street

Sift together, into a bowl, 2 1/4 cups cake flour (sifted lightly, do not pack), 1 1/2 cups sugar, 3 tsp. baking powder and 1 tsp. salt. Make a well in the center and add 1 1/2 cup salad oil, 5 unbeaten egg yolks, medium-size, 3/4 cup cold water and the grated rind of 2 oranges (about 3 tsp.). Beat with a spoon until smooth.

In a very large, second bowl, put 1 cup egg whites (7 or 8) and 1 1/2 tsp. cream of tartar. Beat into a very stiff peak—much stiffer than meringue—until dry, preferably with an electric mixer.

Pour egg-yolk mixture gradually over the beaten egg whites, gently folding with a rubber scraper until blended. Pour immediately into an ungreased 10 by 4 tube pan. Bake 55 minutes in a 325 degree oven. Increase oven to moderate—350 degrees—and bake 15 minutes more or until the top springs back when touched lightly.

Turn pan upside down, placing tube over a funnel. Let hang free of the table until cold. Loosen from sides and tube with spatula. Turn pan over and hit edges sharply on table to loosen cake.

Using toothpicks in the sides as markers, split the cake into 3 layers. Cover with Pineapple Coconut Icing.

PINEAPPLE COCONUT ICING
Combine 3 egg whites, 2 1/4 cups sugar, 1 1/4 tsp. salt, 1/2 tsp. cream of tartar, 1/2 cup syrup from a can of pineapple in a double-boiler over boiling water. Beat with a rotary beater 7 minutes, or until icing "peaks."

Remove from heat and beat until cool. Reserving for the top, spread the remaining icing between the layers and on the sides. To the icing reserved for the top, add 1/2 cup drained, crushed pineapple. Spread on top of cake and sprinkle sides and top with 1/2 cup toasted coconut.

Although they sound difficult, chiffon cakes are not hard to make and always turn out perfectly. There are, however, several things that must be done carefully to assure the cake's success. Don't pack the flour, but spoon it as directed. After adding the liquids to the flour mixture, it is very important to beat the batter until it is very smooth.

When beating the egg whites, they must be extremely stiff. The whites make or break the cake and if they are not stiff and dry, the cake will not be good.

When adding the batter to the whites, do not beat but fold gently.

Coming Events

FRIDAY
Ladies Golf Association will meet for luncheon at 1 p.m. in the Midland Country Club with Mrs. A. C. Clevenger and Mrs. James Martin as hostesses. Members are asked to make reservations early in the week.

School of Instruction for officers of the Parent-Teacher Associations will begin at 1:30 p.m. in the high school.

Executive Board of the Midland Service League will meet at 9:30 a.m. in the home of Mrs. Lynn Durham, 1707 West Holloway Street.

Alatheaan Class of the First Baptist Church will hold a social at 10 a.m. in the home of Mrs. Harlan Howell, Andrews Highway.

SATURDAY
Moment Musical Junior Music Club will meet at 11 a.m. in the Watson Studio.

Children's Story Hours will be held at 10:30 a.m. in the Midland County Library and its Terminal and Dunbar branches.

League of Women Voters will meet at 1 p.m. for luncheon in Hotel Scharbauer.

"Old at 40, 50, 60?" — Man, You're Crazy

Forget your age! Thousands are getting so. Try "peppercorn" with Oxydol. Contains no harsh, irritating dyes. It's the only hair cream which makes your hair look so young. Try Oxydol today. New! Get satisfaction! Use only Oxydol!

Andrews Seniors Will Go To New Orleans

ANDREWS—Thirty-seven seniors of Andrews High School will leave Saturday by special train for New Orleans on their senior trip.

Those taking the trip will include M. O. Woolam, high school principal, and Mrs. Woolam, Mary Brown, class sponsor, and Bobby Joe Barnes, Virginia Ann Brown, Phyllis Cery, Evelyn Chesney, Mary Dicks, Margaret Duncan, Minnie Lois Fowler, Betty Gooch, Charlene Goodall, Wayne Graham, Weidon Gregston, Barbara Hamilton, Richard Hatton, Harlon Huddleston, Juanita Hudson.

J. W. Hughes, Allen Humphrey, Anna Lou Jones, Clarence Lindsey, Barbara Lindville, G. I. Madison, Jr., Wade Mitchell, Millien Rees, Nick, Berry Neal Nixon, Katherine Rhodes, Eugene Stephenson, June Stewart, Royce Stewart, James Strickland, Dixie Strong, Bobby Throver, Bette Jean Thomas, Susan Tinsley, John Triplehorn, Johnny Walker, Mona Beth Williams and Sharon Wood.

Peggy Lightfoot Is Hostess To Troop 7

CRANE—Troop 7 of the Girl Scouts worked on tenderfoot requirements in its meeting Monday. Peggy Lightfoot was hostess.

Present were Jean Shaver, Rosann Vickers, Wynell Richman, Linda Smith, Sarann West, Sylvia Sullivan, Brenda Owens, Nomia Hollander, Gwen Nix and Joyce Parker. Mrs. Joan Hogan is the leader.

For a quick dinner, grill lamb chops and link pork sausages with cooked sweet potato slices and rings of canned pineapple. Using canned sweetpotatoes for the grill will cut down on preparation time.

Mrs. M. Parker To Head Madonna Class

ANDREWS—Mrs. Merle Parker was elected president of the Madonna Sunday School Class of the Fullerton Baptist Church at a meeting in the home of Mrs. W. C. Arledge recently.

Other officers elected included Mrs. Carl Thorp, Mrs. N. C. Calle and Mrs. Claude Wright, vice president; Mrs. H. C. Valentine, secretary; Mrs. James Ham, fellowship chairman; Mrs. H. B. Graves, Mrs. T. J. Alexander and Mrs. Derwerd Hoffman, group captains.

Next after the diamond in brilliancy and fire is colorless zircon.

Mother-Daughter Banquet Planned

CRANE—The traditional Mother-Daughter Banquet given each year just before Mother's Day will be held at 7 p.m. Friday in the Community Hall. The Woman's Society of Christian Service of the Methodist Church is sponsoring the banquet.

Everyone is invited and reservations may be made with any member of the organization. Tickets may be purchased at the door.

H. Hendricks Heads Buttons-Bows Club

CRANE—Horace E. Hendricks elected president of the Buttons and Bows Club at the annual meeting Friday. He succeeded Roy Moore.

Other officers elected are Westmoreland, vice president; Floyd, secretary; Nell Moore, responding secretary; S. S. E. man, treasurer, and W. E. Ho Jr., program director.

Three-Level Expressway To End Caracas Traffic Troubles

Through the heart of Caracas goes a 12-block swath where the \$23,000,000 Bolivar Avenue Expressway is being built. Nearing completion, it will lick the city's traffic and parking problems.

CARACAS, VENEZUELA—(NEA)—While every American city wrestles somewhat futilely with their growing traffic and parking problems, this South American capital is just about to lick them once and for all.

Nearing completion is one of the most ambitious city street improvement projects ever attempted on this continent. At a cost of \$23,000,000, a 12-block swath has been cut through the heart of the city for the construction of the fabulous Bolivar Avenue Expressway.

Thousands of business offices and dwelling units had to be demolished for the project. There is hardly anything comparable to it in the

U. S. It consists of three layers, the bottom and top for one-way traffic, and the center level for the parking of 1,500 cars.

The oil and steel boom, which the country is enjoying, inspired the project. Previously only very narrow streets criss-crossed the ancient city. As more and more cars, mostly those of modern American make, began to jam the streets, the traffic problem became unbearable and the parking problem impossible.

A unique method was found to finance the expressway. All of the

persons who lost property and homes to the project were made stockholders in the enterprise, which includes the construction of modern office buildings and apartments along the new road.

By using space more efficiently, no one was without business or living quarters.

Stemming out from Caracas in every direction there also is an ambitious rural roads program under way. By 1957 Venezuela hopes to have 4,200 miles of modern roads.

Saddle Maker, Like Doctor, Gets Night Calls, Declares Paducah County Veteran

By WILLIAM C. BARNARD
Associated Press Staff

"A saddle maker gets called out at night—just like a doctor," Carl Darr said earnestly.

Darr makes saddles at Paducah in Cottle County, up in the great ranching country of Northwest Texas.

"Just last night a cowboy got me out of bed. He drove in from the Pitchforks Ranch, 50 miles away, with a broken stirrup and had to get it fixed. Had to go to work this morning. Well I came down and fixed it—like a doctor would a broken leg. I get lots of emergencies."

Darr, 47, a compact wiry man, toiled at his bench, making a pair of leather chaps for a cowboy, Bill Tippet, Tippet, six-feet two, a powerful man of 36, was sitting right there, supervising.

"Been here all day waiting for these chaps," said Tippet "and I'll have 'em in another 30 minutes. Come in here this morning and Carl just looked at me and started in. Didn't measure me or anything."

The Way Of Cowboys

"This is the way these cowboys are," Darr chuckled. "They stay right with you while you do a job for 'em. One of 'em will come in and want a saddle. All right—he'll tell you exactly what kind of saddle he wants. He'll tell you what kind of a saddle tree and whether

he wants the leather flesh side out—for riding in brush—or flesh side in—which looks smoother but scratches up easier. He'll say whether he wants the leather hand-tooled and what kind of ornaments he wants, if any. He'll tell you, piece by piece, how he wants that saddle made, and then I'm danged if he won't sit on your knee a week until you get it made. Do you want these chaps fringed, Bill?"

"Fringe 'em," said Tippet.

Darr, wearing a stetson and boots, took a knife and began slicing the sides of the chaps to make the fringe.

Hill County Native

Darr was raised in Hill County and cowboied for years on the big Four Sixes Ranch in the Paducah area.

"I liked to work with leather and got to making bull whips and watch bands for the other boys," he explained. "About 1944 I started out as a saddle maker."

Some children into the shop and climbed into saddles that were parked on sawhorses. They started yipping and Darr's blue eyes lighted. "Ride 'em cowboy," he yelled.

Darr pads some saddles with sponge rubber. "Mostly these calf ropers want 'em fixed that way."

He prices his saddles from \$135 to \$1,000. The latter model sports lots of silver and hand-tooled.

"What if a fellow came in and asked for a \$5,000 saddle, Mr. Darr?"

Darr snorted. "Wouldn't be no trouble at all to raise the price on him," he said.

Has Questions For Those Who Saw Flying Disc

A CAA aircraft observer at Midland Air Terminal would like to ask the person or persons who saw a flying disc Sunday between Midland and Andrews a couple of questions.

He would like to know: (1) At what time and in what direction the flying saucer was traveling, and (2) Did it leave a vapor trail?

This observer, a trained technician, spotted an Air Force jet aircraft F-86, plane number 8150, 20 miles north of Midland at 40,000 feet. The aircraft was spotted at 1:35 hours (1:35 p.m.).

Could this possibly be the flying saucer?

Shrine Club Dance Scheduled Friday

A dance for Midland Shrine Club members and their ladies will be held Friday night in the American Legion Hall.

Dancing begins at 9 p.m. to the music of Jimmie Purman's Orchestra.

Shriners are asked to wear the fez.

AUTOMOBILE STOLEN

A 1949 Mercury, belonging to Henry Lee, Midland negro, was stolen here Wednesday night, police reported.

Arrests By Secret Service Breaks Up Counterfeiting Ring

BUFFALO, N. Y.—(AP)—The U. S. Secret Service Thursday claimed it had broken up a million-dollar counterfeiting syndicate that allegedly operated in 28 states and in Canada.

A printing press and plates were seized Wednesday in a raid on a house in suburban Depew. Two men were arrested.

U. E. Baughman, chief of the Secret Service, said in Washington it probably was the most important crackdown against counterfeiting in years.

Secretary of the Treasury Snyder said the arrest of Matthew Zlodinski, 37, and Bernard Neuner, 30, appeared to wind up the case.

More than 10 men had been arrested previously as principals in the syndicate. Sixty-four others have been charged with passing bogus bills in various cities.

Neuner, an artist for a lithographic firm, was accused of "manufacturing" plates used to print \$500,000 in bogus Canadian money and about the same amount in American notes.

Zlodinski was alleged to have printed 34 separate issues of counterfeit \$10 and \$20 notes, drawn on 10 of the 12 regional Federal Reserve Banks. The exceptions were the Federal Reserve Bank at Chicago and Kansas City.

The press was in the basement of Zlodinski's home.

Arraigned before U. S. Commissioner Boyce H. Butterfield here Wednesday night, the pair waived hearings. Butterfield set their bond at \$100,000 each.

Baughman said the ring had passed about \$45,000 in bogus money "from Connecticut to California, and Maine to Texas."

Another \$280,000 was seized before it was put into circulation, Baughman added.

Investigators have been unable to account for more than \$150,000 of U. S. counterfeits. Some of these may be in the hands of "passers," Baughman said, although ring members claim to have destroyed them.

Some of the \$500,000 in Canadian money was passed in Toronto, but the counterfeiters destroyed most of it as "too defective," the Secret Service chief said.

Nickel Slated For Another Nosedive

NEW YORK—(AP)—The nickel takes another nosedive under a statewide rate revision granted Wednesday to the New York Telephone Company.

Starting next January 1, the public service commission ruled, New York states will feed dime into phone boxes instead of five-cent pieces for local calls.

Woman Is Choked To Death, Tossed Down Embankment

BERKELEY SPRINGS, W. VA.—(AP)—Someone throttled a young woman with a rope, then threw her nude body down a 40-foot embankment Wednesday.

A man hunting mushrooms near the Potomac River Bridge leading into nearby Hancock, Md., discovered the crime when he saw the victim's bright red hair glinting in the sunlight.

State police said the woman may have been thrown from a car moving along a little-traveled road within sight of the Potomac River. Her neck was broken, apparently during the tumble down the embankment.

There were few clues to identify. The woman appeared to have been in her twenties or early thirties, was five feet six and weighed about 125 pounds.

Although the face was swollen and discolored, she obviously had been pretty. There was a small scar on the forehead.

Deep indentations showed where the rope had bitten into the neck just under the close-cropped curly hair. There were no ring marks on the fingers, leading to a theory she was unmarried.

Police asked dozens of residents of this West Virginia-Maryland-Pennsylvania area to view the body. She was a stranger to them. Authorities hoped her fingerprints would match a set in the huge FBI file in Washington.

CAA Lists Midland, Area Airports For Improvement

The two Midland airports—Midland Air Terminal and Midland Airpark—and other area fields were listed Wednesday afternoon by the Civil Aeronautics Administration as among 377 Texas airfields which should be built or improved, according to an Associated Press dispatch from Washington.

They are part of a national total of 5,093. The listing, required annually under the Federal Airport Act of 1946, is based on the CAA's estimates of demands for air service in the next three years.

Seaplane bases were proposed at Abilene, Brownwood, Possum Kingdom and San Angelo in West Texas. A new municipal field at Abilene also was proposed.

The CAA emphasized this point: the listing does not necessarily mean that an airport will be built or improved at each place.

The locations for actual work will be selected on a basis of greatest need and on the amount of money Congress will appropriate for such purposes.

The construction list for the year beginning July 1, 1950, will not be announced, therefore, until after Congress acts in the general appropriation bill now under consideration.

The Associated Press quoted the CAA as saying it would cost a total of \$928,033,000 to carry out the entire three-year plan. Half of the funds would be supplied by local sponsors.

For statistical purposes airports are divided into numerical classes based on the longest landing strip. These classes are:

Sub 1, less than 1,800 feet; 1, 1,800-2,700 feet (lengths are decreased 200 feet if paved); 2, 2,700-3,700 feet; 3, 3,700-4,700 feet; 4, 4,500-5,500 feet (Class 4 and up must have at least one paved runway of the length required for the class); 5, 5,500-6,500 feet; 6, 6,500-7,500 feet; 7, 7,500-8,500 feet; 8, 8,500-9,500 feet; 9, 9,500 and over.

The West Texas list (giving in order the site, airport name, and class: "N" designates proposed new fields, others are proposed improvements of existing fields; "U" indicates not determined whether project would be new field or improvement of existing facility), includes:

- Andrews, Andrews County, 1; Ballinger, Bruce Field, 3; Big Lake, municipal, 2; Big Spring, municipal, 5; Bronte, municipal, 1; Coleman, municipal, 3; Colorado City, municipal, 2; N; Denver City, Jumble Airport, 1; Fort Davis, Fort Davis Airport, 1; Fort Stockton, Pecos County, 3; Garden City, Garden City Airport, 1; N; Goldsmith, Goldsmith Airport, 1; N; Grandfalls, municipal, 1; N; Iran, Iran Airport, 2; Kermit, Winkler County, 3; N; Lamesa, municipal, 3; Lubbock, airport, 1; N; Lubbock, municipal, 5; McCamey, municipal, 2; Midland, Midland Air Terminal, 5; Midland, Midland Airpark, 5; Monahans, Roy Hurd Memorial, 9; Odessa, municipal, 1; N; Odessa, Ector County, 2; Pecos, municipal, 6; Rankin, Rankin Airport, 1; San Angelo, Mathis Field, 4; Seagraves, municipal, 2; N; Seminole, municipal, 2; Snyder, Scurry County, 3; N; Stanton, Stanton Airport, 1; N; Sterling City, municipal, 1; N; Texon, Texon Airport, 1; N; Wink, municipal, 5.

Baptists Ask Vatican Post Be Left Unfilled

CHICAGO—(AP)—The Southern Baptist Convention doesn't want President Truman to send a presidential representative to the Vatican to succeed Myron Taylor.

The 10,000 delegates Wednesday unanimously passed a resolution urging the President "to immediately terminate the office of representative of our government to the Vatican and the embassy created by such appointment in 1939."

The Southern Assembly, which is meeting north of the Mason-Dixon line for the first time, again will leave the traditional South this next year when the convention meets in San Francisco June 20-24. This year's meeting is the 93rd.

The Southern Baptists separated from the Northern Baptists in 1845 over the question of slavery and other issues.

The Hardin-Simmons University A Cappella Choir from Abilene, Texas, which has appeared on the convention program, will be heard from Chicago on a nationwide broadcast over the ABC network Thursday night and Friday.

Bechtol Attending TEC District Meet

J. D. Bechtol, head of the Texas Employment Commission's offices in Midland, left Thursday for San Angelo, where he is attending a two-day meeting of TEC district managers.

Discussions on unemployment compensation were to be conducted Thursday by J. W. McBirne of Austin. Other phases of benefits and the general TEC program will be studied Friday.

TWO FIRE CALLS

Midland firemen "cooled" a hot box on a Texas & Pacific freight train Thursday morning at the Terrell Street crossing. A tar pot caught fire at Pecos and Texas Streets Wednesday and was extinguished.

500 Made Homeless By Oklahoma Flood

WAURIKA, OKLA.—(AP)—Waters of two creeks rose Thursday, flooding the western portion of this Jefferson County city on the Texas border. Five hundred persons were homeless.

Waurika, 33 miles northeast of Wichita Falls, Texas, is on the junction of Beaver Creek and Cow Creek. C. S. Storms, editor of The Waurika Democrat, said at mid-morning both creeks still were rising.

The rainfall at Waurika was 1.32 inches but heavy rains have fallen to the north in the watersheds of the creeks Storms said.

Five hundred persons escaped safely as waters inundated their homes during the night. Four hundred white families found haven at hotels, motels and in residences

on higher ground. One hundred negroes were quartered temporarily at the courthouse and City Hall. Waurika had its last flood in 1941.

On Lower Ground Storms said he did not believe the flood water would damage the business portions of Waurika. The western section of the town, mainly residential, is on lower ground.

Members of the Oklahoma Highway Patrol and officers of Lawton, Okla., have moved into Waurika.

Some of the homeless families will be fed with local Red Cross funds, Storms said. Beaver Creek was flowing over the highway from Wichita Falls to Waurika and all traffic was halted.

+ Pecos News +

PECOS—H. L. Harrison, Pecos police officer, has resigned from the force and plans to resume studies for a degree in business administration. It was announced Tuesday, Harrison plans to attend the University of Denver. He attended Sul Ross College in Alpine for a brief period, and has been a member of the Pecos Police force since 1945.

In honor of the return of the Rev. W. M. Turner to the pulpit of the First Baptist Church, a near-record congregation of 502 attended Sunday school. The Rev. Turner has been ill two months with pneumonia. Visiting ministers have filled the pulpit in his absence, and Glenn Murray, education and music director, performed administrative duties.

Defendant Reports 25 Cents Is Profit

HAMILTON, OHIO.—(AP)—A defendant brought before Butler County Common Pleas Court was ordered by Judge Fred B. Cramer to make out an itemized account of his earnings and living expenses.

After a few minutes' figuring he handed over a sheet showing earnings of \$47 a week, expenses of \$46.75.

"What do you do with the quarter?" the court asked.

"That's my personal profit," he replied. Further inquiry by the judge found the figures were correct to the penny. Joe Louis was knocked out in 1936, by Max Schmeling, whom he knocked out in a return engagement in 1938.

Commission Backs Up Snake And Fish Story

AUSTIN.—(AP)—This is a snake and fish story and the State Game Commission says it's true.

An unnamed fisherman saw a snake swimming across Lake Austin. He cast a surface bait and hooked the 10-rattle varmint. Afraid to turn loose and afraid to reel in, the fisherman gunned his outboard, swept past Ike Fowler's boat dock.

Fowler grabbed a shotgun and blasted the snake the next time the boat roared by. The angler kept going and didn't leave his name, they said.

The independent store did 70 per cent of total retail business of the United States in 1929.

Jury Completed In Ewald Johnson Case

AMARILLO.—(AP)—Testimony in the murder trial of Ewald Johnson, charged in the fatal beating of W. A. (Tex) Thornton, was scheduled to start Thursday afternoon.

The oil field explosives expert was found dead in an Amarillo tourist court cabin June 22, 1946. Selection of the jury was completed Wednesday after three days of questioning.

District Attorney Lloyd King asked the court to delay the start of testimony until Thursday afternoon. He said the state's attorneys needed several hours to talk with witnesses who were arriving.

Brown and other board rs will select textbooks from offered by publishing houses. ll recommendations approved to the commissioner of edu-

Following the recommenda- the commissioner will submit to the State Board of Edu- for final purchase. M. r. is the first Midland teacher to be selected on the board, ndent Frank Monroe said, under consideration by the at the meeting Monday was to set up a state textbook rry to replace the present of distribution of books epositories in publishers' uses. No decision was reached question.

Well Digger Trapped In Cavein

(NEA Telephoto)

Although buried to the waist by a cavein while digging a well in his Brooklyn back yard, Dominick Atteo manages to direct rescue operations. Rescuers shored up sides from further caveins with a punched-out oil drum and sent oxygen down to clear the foul air. But their efforts were in vain. Atteo died a few moments before he was released from his underground prison.

WHY STARVE TO TAKE OFF FAT?

When you buy Barentrate, you buy a preparation for taking off weight. You do not pay for a printed diet. Barentrate is not a vitamin tablet to fortify you against weakness while on a starvation diet. You need never know a hungry moment, while fasting with Barentrate. It contains no harmful drugs, but does contain ingredients to make you feel better.

NO STARVATION DIET
"I have taken lots of medicine but none to compare with Barentrate. It's tops. Have lost 19 pounds in 7 weeks and no starvation diet." Signed, Mrs. J. E. Blalock, Route 1, Box 8D, Clewland, Texas.

LOST 24 POUNDS
"I am writing you just to say I think Barentrate is a wonderful medicine. I have tried so many other things and all failed. I weighed 182 pounds when I started to take Barentrate. I now weigh 158." Signed, Maud Marrow, Archer City, Texas.

Student Given Life Term In Slaying Of Fraternity Brother

COLUMBUS, OHIO—(AP)—A common pleas judge held up a former Ohio State University freshman as an example to all students in sentencing him to life in prison for a fraternity slaying.

A jury convicted 21-year-old James D. Heer of Euclid, Ohio, of second-degree murder in the homecoming shooting of Jack T. McKeown of Norwood, Ohio, in front of the fraternity house in which both lived.

Judge John R. King, obviously disturbed emotionally, talked to "the great student body" and to Heer before pronouncing sentence. "There is a challenge to each and every one," said Judge King. "Rules and regulations are for the benefit, health and protection of the student body."

"Education, after all, points the way to life—how to live." Judge King referred to drinking which preceded the fatal shooting on the eve of the school's homecoming football game last November 12.

Trial testimony showed Heer and other students had been drinking at a Delta Tau Delta fraternity house party before McKeown tried to persuade him to give up a .45 caliber automatic pistol. Liquor is not allowed by Ohio State rules.

Judge King asked Heer if he had anything to say before sentence was pronounced. The former Marine replied:

"I have only to say that in time perhaps this thing will be forgotten by most people, but for me it never will be forgotten."

It was the first time Heer, a former pledge of Delta Tau Delta, had spoken in court since his trial began May 1. He did not testify during the trial. McKeown, 21, was an active member of the same fraternity and managing editor of the student newspaper.

The judge remembered Heer's statement later:

"There is no punishment which the law could mete out to you as great as your conscience will mete out," he said.

"I can not express my feelings. You expressed volumes a little while ago (referring to Heer's statement). It is the sentence of the court that you are confined to the Ohio Penitentiary for and during your natural life. And may God have mercy on you."

'Mighty Mouse' Makes Fighter Plane A Rocket Ship

At the U. S. Naval Ordnance Test Station, Inyokern, Calif., engineers are testing the "Mighty Mouse," an air-to-air rocket that will enable interceptor planes to fire a deadly explosive barrage in the flick of an eyelash. At left, Range Engineer Ray Nelson checks a test track before firing the three-foot-long "Mighty Mouse" at right, he peers through a hole 10 inches wide and four feet long which the rocket tore in a duraluminum plate. Addition of the "Mouse" to the armament of a jet fighter increases its effective firing range to about 2,000 yards from the normal 1,500.

Well Digger Dies In Agony Shortly After Rescuers Reach Him

NEW YORK—(AP)—A guy with a lot of courage—trapped for more than 27 hours at the bottom of a well shaft—died in agony late Wednesday, shortly after rescuers finally reached him.

Well digger Dominick Atteo was game to the end. But burns, pain, exhaustion and the pressure of rocks and earth were more than his strong frame could stand.

Atteo, 49-year-old father of six children, died five minutes before he was lifted out of his tomb 20 feet beneath a Brooklyn garage.

Only a few times during his agonizing imprisonment did he falter in faith, hope or courage.

A hospital interne and Roman Catholic priest administered to body and soul through the long hours as rescue workers feverishly dug a trench to reach him. Doctors said Atteo—crushed, seared and half-blinded—put up an almost superhuman show of courage.

500 Persons Pray
Five hundred persons, many of them with rosaries, prayed outside during the ordeal.

Atteo's attractive, 32-year-old second wife, Marie, became hysterical when her long vigil of prayers and tears ended in despair.

Dr. Harold Benson, 25, worn out by perilous trips down the well shaft during 26 hours to administer to the tortured victim, said "I thought he was going to make it. His courage and endurance were beyond belief."

The doctor said Atteo apparently died of exhaustion and shock. The tunneling rescue workers had reached Atteo's side at 12:10 p.m. and started to extricate him. He died at approximately 1:40 p.m.

Atteo, a contractor, had been digging the well under the garage seeking water for washing automobiles. Use of city water for that purpose is banned during the current shortage.

Saucer Over Kokomo

Earl Baker of Kokomo, Ind., stands in his back yard and points to the spot in the sky where he says a "flying saucer" hovered for about two minutes at 200 to 300-foot altitude. Baker holds an artist's sketch made from his description of the object, which he said had a conning tower and portholes giving out a bluish light.

YOU'LL REALLY SHINE HERE—because this is the deluxe version of the popular fourback 4-door SPECIAL Sedan, made bright by silvery tender trim and window moldings. Many extra luxury touches inside too.

Time is HENRY J. TAYLOR, ABC Network, every Monday evening.

Why just listen to reasons? COME SEE FOR YOURSELF!

THIS TIME we'd like to tell you about something that you cannot see in this picture—something, in fact, you cannot know about from looking at someone else in a passing Buick—or from viewing a Buick on our showroom floor.

It's the feel you get from a Buick in motion.

You are going to find out that it is something like traveling on your own private, jet-propelled cloud—only firmer.

Maybe you know a stretch of washboard road, where you have to slow down, or bounce and jitter.

Try that in a Buick and see how you keep a level, comfortable boulevard smoothness.

Maybe you're always on edge to dodge dips and chuckholes. Those also lose most of their jolt when you're at the wheel of a Buick—or in the rear seat.

In a few simple words—the ride of any Buick—SPECIAL, SUPER or ROADMASTER—is out of this world.

We could give you a lot of reasons. Soft coil springs on all four wheels, for example—the firm linkage of the torque-tube drive—the distribution of weight—big soft tires on wide rims—the way Buick engines are mounted.

Even Dynaflo Drive*—always silky-smooth and free of geared-drive harshness—plays its part in the marvelous Buick ride.

But why simply listen to reasons? Experience is still the best teacher.

Come see for yourself why the Buick ride is called "matchless"—and how little it costs to replace a jitterbuggy with one of these level-driving honeys.

*Standard on ROADMASTER, optional on extra cool on SUPER and SPECIAL models.

Spring Cleaning

Marian Snider climbs on deck at the Nassau Boat Basin, Freeport, N. Y., to put her sailboat in trim. A clean deck surface prepares for easy surfacing. Vinylast paints keep the bottom free from fouling. A good rubdown prepares the deck surface for a fine paint job. Spars, jibs, etc. are sanded and scraped. Brushed before caulking. Ahhhhhhhhh!

SPORT SLANTS

BY SHORTY SHELburne

The Longhorn League campaign is just a month old Thursday and a lot of surprises have bobbed up since the season opened.

Topping the list is the fact that Odessa is in first place. The Oilers are using good hitting and a strengthened pitching staff to dominate league play.

The addition of Leo Eastham and Bill Crary and the sale of Frank Mormino account for the big steps upward the Oilers have taken.

Al Sokolowski's pitching has been the standout item in that department. He's a good chunker. In fact, he may end up as the top pitcher in the league.

The dismal failure of the Ballinger Cats isn't too big a surprise but we did think Dutch Funderburk would get together a ball club better than the has.

If more help isn't forth coming for the Cats, you have to worry about who gets the cellar this season.

What looked like a great outfield and a powerful club in San Angelo has turned out to be nothing better than a fair second-division outfit.

The outfield blew up except for Bob Crues, and the pitching has been pitiful.

The Colts are in need of help just like their neighbor, Ballinger.

Roswell jumped out front the first few days of the season and has remained among the front runners all the way. Tom Jordan is showing himself an able field general in keeping the club up there by getting the most out of what he has.

Frank Hill, Bryan McGoldrick, Vic Michalec all are pitching good ball. Jordan, Clyde Bell, Ed Kenna and, occasionally, others are hitting the ball.

We didn't figure the Rockets to be that strong but they are, so count 'em in for the time being.

Sweetwater and Vernon, a pair of league members who looked like weak to fair clubs when the campaign opened, are climbing right along.

Vernon doubtless has one of the most capable managers in the league in the veteran Joe Berry. He's a great competitor and a sly field man.

When he takes his turn on the hill for "two or three" innings he usually does a better job than you would expect from a fortyish old timer.

MAJOR LEAGUES—

Musial Has Big Night As Cards Bop Giants 5-1

By JACK HAND
Associated Press Sports Writer

Best bet of 1950 is Stan Musial to become the National League's first .400 hitter in 20 years.

Not since Bill Terry laced the ball for a .401 mark in 1930 has a National Leaguer ventured into the stratosphere. Now Musial, the St. Louis Cardinal slugger, is only one hit shy of .500 at .483.

Circus Strong Man Lifts 3,000 Pounds

TRENTON, N. J. —(AP)— Jack Walsh lifted two men and an elephant four inches Wednesday night. He did it with his back. The two men and the elephant were standing on a specially constructed platform, and the estimated gross weight was more than 3,000 pounds.

SWC Track, Field Meet Opens Friday

AUSTIN —(AP)— The Southwest Conference Track and Field Meet will open with preliminaries in 10 events beginning at 2:30 p. m. Friday.

Saturday's finals start at 2 p. m. on the field and 2:30 p. m. on the track.

Demaret Wins Title In Mexico Tourney; Riepen Top Amateur

MONTERREY, MEX. —(AP)— Jimmie Demaret tucked away a check for \$5,000 pesos (\$980) Thursday for winning the International Open Golf Tournament here.

Demaret shot 284—four under par for the 72 holes—to take top money. His final round Wednesday was a two-under-par 70.

WT-NM League—Rain Postpones All Loop Games

By The Associated Press

The boys didn't hit a lick Wednesday night in the West Texas-New Mexico League.

Every game was postponed, three because of rain and the other because of cold weather.

Texas Conference Track Meet Opens

ABILENE —(AP)— The Texas Conference meet to determine golf, tennis and track champions opens here Thursday.

Texas A&I is a heavy favorite to win the tennis titles again.

OKLAHOMA A&M FAVORED

PEORIA, ILL. —(AP)— Oklahoma A&M is a good bet to retain all four titles in the two-day Missouri Valley Spring Sports Carnival Friday and Saturday.

She Ski Bridge

It would be difficult to find a more shapely bridge than the one being executed by 18-year-old Shirley MacCalla at Cypress Gardens, Fla. The scenery isn't hard on the eyes, either, for framed in the background is Marsha Mitchell. The photographer also is on water skis.

All Games Postponed; Tribe Returns Friday

All games in the Longhorn League were rained out Wednesday night and there probably will be four doubleheaders on tap Thursday night.

The Midland Indians are in Vernon to engage the Dusters. If two games are called there, Glen Patton and Ernie Nelson will do mound duty.

The Indians return home Friday night for a two-game series with the San Angelo Colts.

Game time has been changed to 8:15 p. m. for the remainder of the season. The time change will be effective Friday.

Sports

10—THE REPORTER-TELEGRAM, MIDLAND, TEXAS, MAY 11, 1950

First Month In Texas Baseball Wacky As Usual

By WILBUR MARTIN
Associated Press Staff

One month ago Texas' 1950 baseball season started. How's it been going? Well—

There was a circus-like beginning at Dallas, a threatened court battle to test the authority of one of baseball's highest authorities, the collapse of one club, the operation of one league with an odd number of teams, the usual startling scores and the usual number of unusual events.

New SWC Executive Secretary Will Be Named By Saturday

AUSTIN —(AP)— Officials and Coaches of the Southwest Conference came to town Thursday for the annual Spring meet during which tennis, golf and track champions will be determined and a new executive secretary of the conference's far-flung activities will be named.

Tennis and golf were first on the docket.

The faculty committee, governing body of the conference, will hold its first meeting Friday afternoon with President Lewis W. Jones of Arkansas to appear and plead the cause of his school in seeking the removal of censure for rough football play slapped on Arkansas last December. The censure was voted upon complaint of Coach Dutch Meyer of Texas Christian on his game with Arkansas last October 1.

The faculty representatives met again Friday night and hold their final session Saturday morning, at which time they will announce their deliberations. They will decide on whether Arkansas is to have a new hearing and also whether five Arkansas freshman basketball players are to lose a season of varsity eligibility for playing in an AAU tournament last winter. Conference rules forbid this.

The new executive secretary will be named to replace James H. Stewart, who resigned to become vice president and general manager of the State Fair of Texas. There have been some 20 nominations for the job and a subcommittee has screened all applicants and made a report but the selection was being kept closely guarded secret.

Reports have been that Matty Bell, athletic director of Southern Methodist, and D. X. Blide, athletic director of Texas, were among those being considered strongly for the job.

City Major League Elects Jack Bliss

Managers of teams in the City Major League voted Wednesday night to use the Harwood and Rawlings No. 312 softballs in league play this year. The club heads met in Hotel Scharbauer.

Jack Bliss of Rotary Engineers was named the City Major's representative on the board of directors.

The Major League still is short two teams and Friday noon has been set as the deadline for receiving entries. If no other teams enter, the loop will operate with Western Plastic, Rotary Engineers, Shell, Standard, The Reporter-Telegram and the Rendezvous. An eight team schedule will be drawn up and the open dates will be filled with exhibition games.

Tex Carleton of Athletic Supply was the only sporting goods dealer present at the meeting. His company will supply balls for league play.

Gen. George Washington Barked his troops, in 1775, in four Harvard University buildings which still stand.

Gen. George Washington barked his troops, in 1775, in four Harvard University buildings which still stand.

Mud Lake Gets "Cleared Up"

County officers got a notice from the government not long ago, asking them to change the name of Mud Lake. Seems it's a pond, not a lake, by government standards.

Because it lies entirely inside our town limits, we asked to do the name-changing ourselves. Figured we'd think up a brand-new name. Mud Lake's really not very muddy—sort of pretty, in fact.

County people said go ahead, so we held a Town Meeting. Everyone suggested something. Windy Taylor thought "Taylor Pond" would be nice, because his place borders

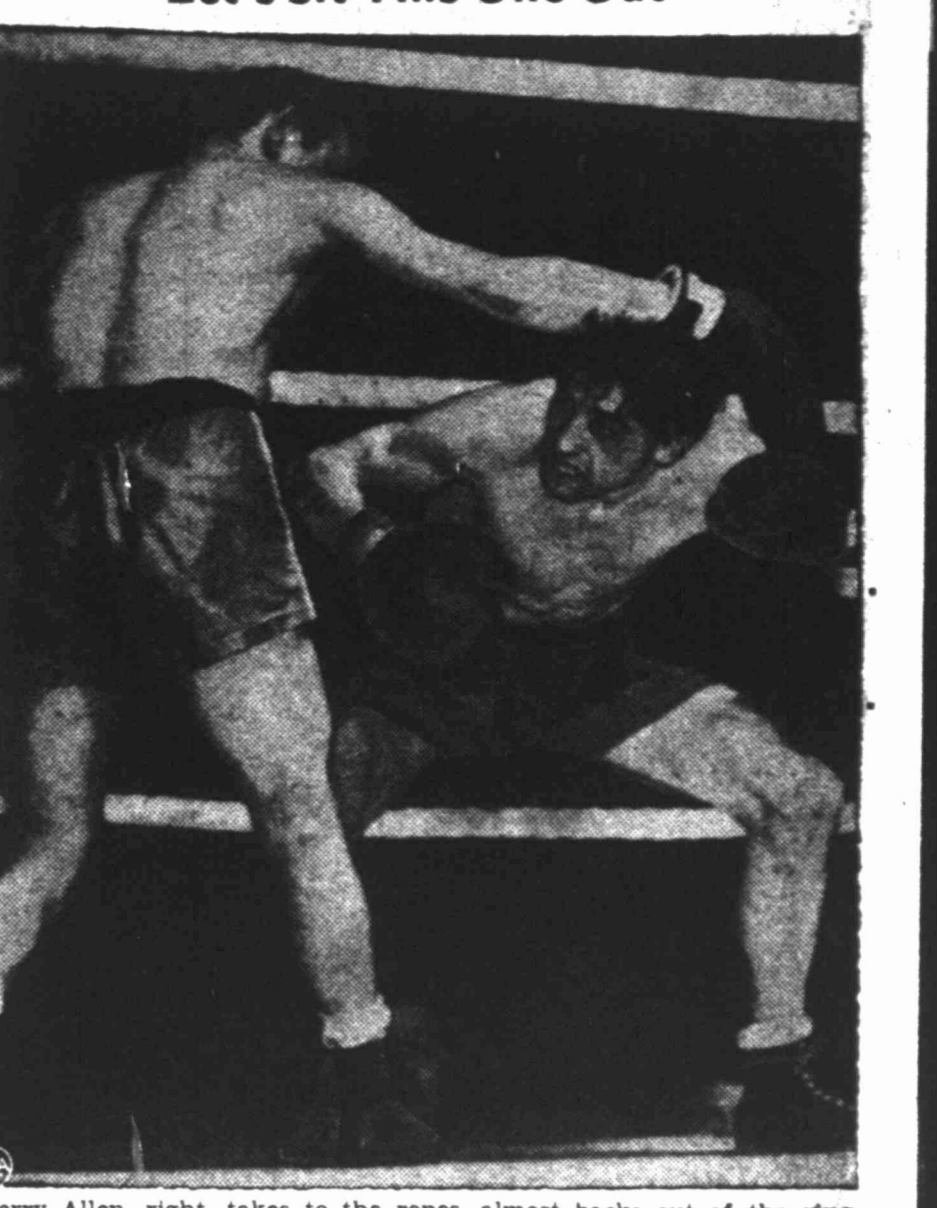

it—for about 30 feet! But we finally decided to call it "Turtle Pond" in honor of the real owners.

From where I sit, naming that pond wasn't the most important thing in the world—but the way we did it was. Everyone offered his opinion and then the majority vote decided it. That's the way it should be—whether it concerns naming a pond, or having the right to enjoy a friendly glass of beer or ale—if and when we choose.

Let's Sit This One Out

Terry Allen, right, takes to the ropes, almost backs out of the ring ducking a right hand thrown by France's Honore Pratesi. The English lad came up fighting, however, and won the world flyweight championship in London.

Annual Gymboree Is Scheduled Saturday

The annual Gymboree, a production presented by physical education and gym classes, will be held at 8 p. m. Saturday in the new Midland High School Gymnasium.

Teams from Midland High, John M. Cowden Junior High and Andrews High School will participate.

A program of athletic dances, tumbling and gymnastic maneuvers is to be presented.

Mrs. Mae Blair, MHS physical education instructor will be in charge of the program. Mrs. Eugenia Wilson of the high school, Mary Lynn Cope of the Junior High and Evelyn Ivy of Andrews High are the coaches of gym teams to perform.

Graziano May Meet La Motta For Belt

NEW YORK —(AP)— Rocky Graziano, former middleweight king, is in line for the June 14 Yankee Stadium title shot with Champion Jake La Motta.

It's not definite yet, won't be until Friday. International Boxing Club officials insist the match has not been closed. But Jim Norris, IBC president, is all for it.

"They would pull between \$200,000 and \$250,000," said Norris, "and it would be a colorful fight." La Motta agreed. He said he thought they would draw more money.

That's One Blow He Didn't Expect

JOLIET, ILL. —(AP)— Ivan (The Terrible) Rasputin, Chicago's hirsute villain of the wrestling ring, was clouted on the head with a wrench by an irate fan Wednesday night during an exhibition match.

Four stitches were taken to close a deep wound in The Terrible's head.

1850 A CENTURY OF FINER SHOEMAKING 1950

Alleged Confession From Crewman On Lost Plane Seen By Authorities As Possibility

WASHINGTON—(AP)—The United States won't be surprised if Moscow eventually produces an alleged confession from a crew member of the American Navy plane lost in the Baltic April 8.

A government official in a position to know said this Thursday on the basis of what he asserted to be American "knowledge" that Russia made prompt efforts to salvage remnants of the plane and to pick up its 10 occupants, dead or alive.

He said also that the U. S. "knows" the following facts, entirely apart from diplomatic interpretations of Moscow's version of the incident:

(1) Four Russian fighters opened fire from the rear of the slower moving American patrol plane;

(2) The attack took place over the Baltic sea "more than 30 miles" from the coast of Russian-occupied territory;

(3) The plane was on fire before it hit the water.

"This official said the government would not reveal how it got this information because it would give vital information to Russia. He said he did not know whether the Rus-

sians had any success in finding the plane or its occupants.

He agreed with Navy officers who said Wednesday the chance of survival for any of the crew members was "very remote."

He recalled, however, that Communist authorities customarily wring confessions from political prisoners and foreigners involved in incidents.

American searchers, assisted by the Scandinavians, have found no trace of the Navy crewmen in the Baltic and have picked up only secondary pieces of equipment of types the plane is known to have carried.

Although official spokesmen have remained steadfastly silent about how the government got the information about the Russian incident, experienced professionals suggest the following lines of speculation:

(1) A second radar-equipped plane could have been in the air over the Baltic beyond the sight or easy pursuit range of the Russian fighters. Its radar could have picked up a reasonably accurate picture of what happened.

(2) The attack could have been plotted by radar on a surface vessel.

(3) Land-based radar could have "covered" the attack.

LAST OF SERIES— Lengthen Clubs To Fit; Add Irons With Progress

The velocity of the club will draw Marlene Bauer's willing head and body around to a perfect follow-through.

By DAVE BAUER
Father and teacher of the famous sisters.

Now that we are ready to advance the child to another stage, it goes without saying that the length of the golf club should fit the size of the youngster.

By now, no doubt, two of the three clubs the youngster has been using should be lengthened. Let's say the brassie by from an inch to an inch-and-a-half, depending on the rate the child is growing. The maulie should be lengthened from one-half to three-quarters of an inch. The putter can stay as it is for a longer period.

Now we add two more clubs—the Nos. 3 and 7 irons, built in the right proportion, of course.

Should the child have a brother or sister two years or so younger the clubs can be handed down, and new ones made for the older youngster.

More Than One
It is well to have more than one child taking up the game and being instructed together. This makes them work harder.

In my own family, I used Marlene, the younger of the two girls, as a come-on for Alice. I had Marlene practicing on the No. 10 tee on my course, which was located only a few feet from the main highway leading to Aberdeen, S. D. Passers-by soon noticed the little girl with the perfect swing, and drove in to watch. Their comments and admiration soon had Alice taking notice.

Before long, Alice, then 11, was pounding away more diligently than the three-and-a-half-year-old Marlene. That first Summer, Alice went on to win the first flight in the club championship.

Child psychology certainly worked here.

Black Indians To Play Magic City

A baseball game between the Midland Black Indians and the Magic City, N. D. All-Stars, postponed Wednesday night due to rain, will be played at 8:15 p.m. Thursday in Indian Park, if weather permitting.

The Black Indians meet the Odessa Trotters here Sunday afternoon.

National Collegiate Rodeo Opens At UNM

ALBUQUERQUE, N. M. — (AP) — About 75 of the top college cowboys from 15 colleges are expected to show up for the National Collegiate Rodeo which opens here Thursday night for three days.

Four shows are scheduled—three night and one matinee.

A close three-way scrap for team honors is expected between Sul Ross, defending champion, New Mexico State, the host University of New Mexico.

Oleander Shoot Opens Thursday

GALVESTON — (AP) — The Oleander Open Skeet Shoot opens here Thursday with approximately 200 shooters from Texas and the Southwest competing. The shoot ends Sunday.

Loving County Judge Says Proposed Road Should Serve Mentone

PECOS — Loving County will not support any highway crossing the county unless it passes through Mentone, Loving County Judge McKinley Hopper said Wednesday.

In referring to the proposed Kermit-Orla highway, Judge Hopper said the position of Loving County has not changed since the Commissioners Court of Winkler and Loving Counties met last year, agreeing that each court would support the other in a proposed Kermit-Mentone highway. On Nov. 28, 1949, the two courts appeared before the State Highway Commission in Austin. Judge Hopper said only the Kermit-Mentone highway had been discussed at either meeting.

The judge said he is anxious for Highway 276 to be extended from Mentone to Kermit right now, but he is opposed to a proposed highway which would cross Loving County north of Mentone.

Oregonian Wins In Stock Car Junket; Tom Deal Is Second

EL OCOTAL, MEXICO — (AP) — After driving 2,150 miles in six days, Hershel McGriff of Portland, Ore., Thursday was \$17,381 richer for winning Mexico's border-to-border stock car race.

The race began last Friday in Ciudad Juarez on the U. S. border and ended here Thursday afternoon on the

Bulldogs Work In Drizzle

Rain and bad weather postponed a lot of things Wednesday in Midland but Spring training drills for the Midland Bulldogs went on as scheduled.

The coaches sent the Bulldogs through precision offensive and defensive maneuvers. Passing offense, pass defense and pass play protection were the main items on the workout menu.

Coches Tuboat Jones also worked the backs on deception, stressing "anticipation" give - away of a play. He reported improvement.

Red Gilmore, starting quarterback and ace punter, returned to workouts Wednesday after a stage of illness.

Another scrimmage under game conditions is scheduled for the entire squad at 3:30 p.m. Friday. Two more weeks of training remain under the 30-calendar-day Interscholastic League ruling for Spring training.

Polly Riley Rolls Along In Southern

VIRGINIA BEACH, VA. — (AP) — Mrs. Margaret Gunther, Lee of Memphis, Tenn., set out Thursday to conquer an old jinx—little Polly Riley of Fort Worth—in the quarterfinals of the Women's Southern Amateur Golf Championship.

The Lee-Riley match was the headliner in this test over the 6,065-yard layout at the Cavalier Yacht and Country Club, Par is 72.

Other matches pair Mary Lena Faulk of Thomasville, Ga., and Mary Ann Downey of Baltimore, Md.; Dorothy Kirby of Atlanta and Ann Sparrow of Tampa, Fla., and Bee McWane of Birmingham, Ala., and Betty MacKinnon of Mount Pleasant, Texas.

Sayles Disallows Vernon Protest

ABILENE — (AP) — Longhorn League President Hal Sayles Wednesday disallowed a protest by the Vernon Dusters of a game played Monday night. The San Angelo Colts went on to beat the Dusters 7-3 after the protest was lodged in the second inning.

Sitting Bull

The bull loses its balance, skids to what appears to be a sitting position in Mexico City. Antonio Valezques whirls his cape high, gracefully avoiding the horns.

NEW LION MENTORS
NEW YORK — (AP) — Three new assistants will aid veteran Lou Little next Fall in coaching the Columbia football team. Paul Governall, great Columbia halfback of 1941-43 will assist as backfield coach. Two new line coaches are Phil Buckley, former pro player with the Cleveland Rams and Steve Hokus, who played and coached with the pro Brooklyn Dodgers. Buckley also will serve as chief scout.

CATS' BEST CAMPAIGN
VILLANOVA, PA. — (AP) — The 1949-50 sports year was the best Villanova College athletic history, combined total of 38 contests in the Wildcat football and basketball squads brought only five defeat. The Main Line gridmen lost one game while winning eight during the past campaign and the Wildcat cagers were victorious in 28 of 29 contests.

Father Of Midland Junior High Coach Dies In Abilene

John L. Higdon, Jr., eighth grade coach at Midland's junior high school, and family left early Thursday for Abilene after receiving word of the sudden death Wednesday night of his father, J. L. Higdon, 50, in Abilene. The elder Higdon, Abilene independent oil operator, died of a heart ailment in an ambulance enroute to a hospital after becoming ill at his home in Abilene. Funeral arrangements were incomplete Thursday morning.

Survivors, in addition to the son here, include: the widow of Abilene; a daughter, Mrs. Steve Robertson of Abilene; the mother, Mrs. R. N. Higdon of Odessa; two brothers, A. L. of Crane and R. C. of Alpine; and three sisters, Mrs. Ernest Williams of Atlanta, Ga., Mrs. W. J. Feeler and Mrs. Emma Pittman, both of Odessa.

Elementary Rhythm Bands Are Rated

Rhythm bands of first grade classes from North, South and West Elementary schools held a competition Wednesday, with R. C. Michener, director of music in Midland schools, as judge.

The bands, composed of drums, triangles, tambourines, rhythm sticks, jingle sticks and other percussion instruments, played two numbers from a selected list.

Top honors were taken by Group Two of South Elementary school and the West Elementary School band. Both earned First Division ratings. Second Division ratings were given to the Group One band from South Elementary, and to Group One and Group Two of North Elementary.

Michener said First Division ratings were for "superior" performance, and Second Division for "excellent" performance.

Four Persons Killed In Highway Collision

WICHITA FALLS — (AP) — Four persons were killed Wednesday when two automobiles crashed on Highway 218, six miles south of Windthorst.

Dead were James M. Cooper, 33, and his wife, 32, of Jackston; and Joe Schuyler, 50, and his wife, 35, of Amarillo.

Petition Against Bond Election Filed

SNYDER — A petition contesting the legality of the April 1 hospital bond election and seeking an injunction against the issuance of the \$400,000 in bonds has been filed here in district court.

Listing 13 plaintiffs, the instrument cites numerous reasons why they believe the election was illegal. It alleges that 482 unqualified persons cast votes in the election.

Quads Perk Up Sleepy Eye, Minn.

Three tiny girls and one boy, born to a farm couple, Mr. and Mrs. Arthur Seifert, have brought the drowsy little town of Sleepy Eye, Minn., just about the most excitement it ever had. In Sleepy Eye's municipal hospital, above, nurse Mrs. Thomas Yetter looks over the quads, who are "doing nicely." The father, a former athlete and sandlot baseball manager, said the addition of four to their previous six "sure creates some problems." He offered \$10 to anyone who suggests the names used for the four, and said, "It looks like I'll have to do a little more farming and play less baseball."

On National Hospital Day, Western Clinic-Hospital Looks Back On 11 Years Of Service

In observing National Hospital Day, Western Clinic-Hospital in Midland looks back on 11 years of service to city and Permian basin area residents and doctors.

The hospital was opened in 1939 by Dr. Sellers Moore and Dr. L. A. Asher. In December of that year, Homer B. Johnson became a member of the staff. He served as the hospital staff until September 1940, when he entered the Army Medical Corps.

As it has been through its 11 years, Western Clinic is a closed staff hospital, now numbering 27 doctors. The hospital and its staff meet all requirements of the American Medical Association, including doctor in charge of each service, approved operating room, delivery room and nursery.

Dr. T. June Melton is present chief of staff, and is chief of surgery and of orthopedic services. Dr. Homer B. Johnson is president of Western Clinic-Hospital, and is chief of pediatrics. Dr. Frederick W. Gaarde is chief of medicine and laboratory service; Dr. Rex E. Greer is chief of eye, ear, nose and throat service; and Dr. Doyle Patton is chief of obstetrics and gynecology. Charles A. Hix is secretary-

treasurer of the staff and is business manager of the hospital.

Executive nursing personnel consists of three-shift nursing supervisors, Kate Manning, Lina Harris and Mrs. Ruth Story; Ruth McKinley, operating room supervisor, and Mrs. Marthelena Northcutt, nursery supervisor.

The Western Clinic-Hospital has been the only institution of its kind in Midland since the closing of the Ryan Hospital-Clinic in 1942. During this time, shortages of trained nurses and technicians have been a severe handicap, but with the excellent spirit of cooperation from Midland residents, the hospital has been able to meet the urgent needs of the community.

Added Equipment, Space

Early in 1949, the hospital added a new surgical, obstetrical and X-ray wing, with new and completely equipped rooms. The new wing is completely air-conditioned by a central unit.

The hospital, in cooperation with the Woods W. Lynch American Legion Post and the Business and Professional Womens Club, established a blood donor center on March 15, 1949. The blood bank now has grown to the point where donors no longer are actively

sought, and an adequate supply of blood is stored for emergencies.

The bank, in its year of existence, has been responsible for many life-saving donations, as emergency transfusions have been made available from the stored blood. The value of the bank has not been limited to Midland, as many emergency transfusions have been made to surrounding Permian Basin cities — including Odessa, Big Spring, Andrews and Kermit. Howard Morrison, laboratory technician at the hospital, is in charge of the blood bank. Floyd Rhoden is a technician.

Continued service to Midland and area residents is the objective of the hospital and its capable staff of doctors. Hospital authorities promise that Western Clinic-Hospital will keep up with progress in medical science, so that most modern equipment and top medical skill always will be available in case of illness or emergency.

Pulitzer Prize Poet Drowns In Small Pond

LITTLE ROCK, ARK.—(AP)—A Pulitzer prize winning poet, John Gould Fletcher, drowned in a shallow pond near his country home here Wednesday.

Coroner Howard A. Dishongh said the death was suicide.

Dr. Dishongh said Fletcher, who was 64 years old, had been in ill health about five months.

★ THE DOCTOR SAYS ★

Florence Nightingale Began 'Ministering Angel' Tradition

By EDWIN F. JORDAN, M. D.
Written for NEA Service

Millions of people enter hospitals every year, either because of illness, or more happily, for childbirth. None of these millions ever enter a hospital which does not have nurses. Indeed, it would be unthinkable to have a hospital without nurses, and no hospital, today could operate without them. It is only fair, therefore, that nurses should be given more attention and some tribute paid to their devoted services.

Modern nursing owes its origin to the great Florence Nightingale, the anniversary of whose birth occurs on May 12. Until her reforms began to take effect, hospitals were almost all filthy buildings. Patients with bad infections lay side by side with those who had no germ infections at all.

The results of this lack of cleanliness and elementary knowledge of prevention of disease can only be imagined. People who went to hospitals died like flies. Many who were sent to the "hospitals" of the pre-Nightingale era considered themselves practically condemned to death—and they were right!

Florence Nightingale's first big opportunity came when the Crimean War broke out in 1854. She offered her services as a nurse. She found on her arrival, at the scene of hostilities that in the barrack hospital alone there were four miles of wounded soldiers lying less than 18 inches apart. This was years before the part played by germs in diseases was known or the principles of antiseptic surgery discovered, but Florence Nightingale realized nevertheless that efficient nursing demands cleanliness. She found that the hospital had no basin, towel, soap or broom in the whole place. She set to work with pail and scrub brush and cleanliness followed shortly. The kitchen and the store-keeping quarters received her attentions next and required an equal

amount of cleanup and reform. Of course, she revolutionized the profession of nursing. Before her day most nurses came in an entirely different model. They had had little training and their attitude toward patients was far from that of the "ministering angel," the ideal of which was ushered in by Florence Nightingale.

Labored Under Handicap

Miss Nightingale was an invalid most of her life which made her accomplishments all the more remarkable. She is considered the founder of modern nursing. Since Florence Nightingale's time, the nursing profession has gone through many trials and tribulations.

In some respects and at some periods, nurses truly have been the forgotten servants of medicine. They have been underpaid and overworked. Now their economic situation gradually is improving. But today as always, the ideals of the nursing profession remain service to suffering humanity rather than financial or economic gain. Girls do not go into nursing to get rich.

Fort Hood Soldier Dies In Road Mishap

MARLIN—(AP)—One Fort Hood soldier was killed and another injured when their car left the road and plunged 75 feet down a steep creek embankment near here late Wednesday night.

Military credentials on the body of the victim were for Pvt. George Greene, 21, of Rogersville, Tenn.

The injured soldier, Cpl. Benjamin F. Rosanond of Grossman, Miss., said all he knew was that his buddy's name was Greene. The two were enroute to Marlin from Fort Hood.

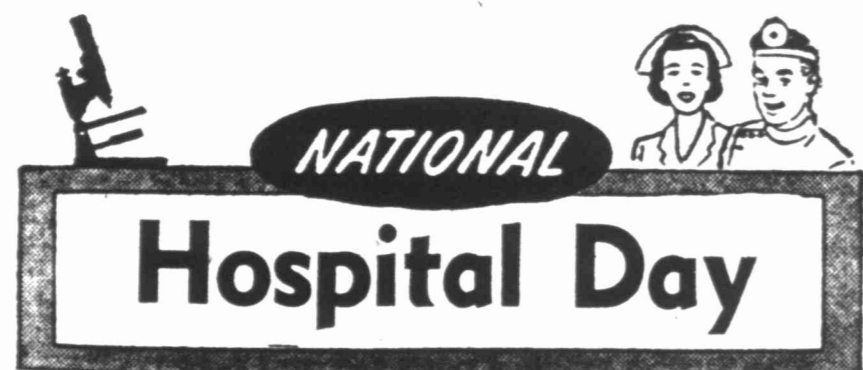

In Paris, during 1236, a hen sold for an amount equivalent to about two cents in American money.

Top Brass Ponders A-Bombs For Allies

WASHINGTON—(AP)—U. S. military officials are considering the idea that this country should arm its North Atlantic Allies with atomic bombs.

Discussions are in the preliminary stage, and the military authorities still are far from a recommendation on which the President might base a proposal to Congress.

The idea of placing atomic bombs within reach of Britain, France and other Allies is being explored thoroughly, however, and military arguments are developing both for and against it.

Faster, Cheaper

Advocates contend that some way must be found to arm Western Europe faster and cheaper than is possible with conventional weapons. They argue that the job must be done in two years, the earliest time by which it is estimated Russia may have a stockpile of atomic bombs adequate for a major blow in an atomic war.

The proposal for A-bomb sharing, friends of the idea say, calls for a revolutionary concept of Western defense. In brief this concept calls for replacing many expensive ground troops in Europe with bombing groups supplied with large arsenals of light-weight atom bombs. Advocates say such a plan could be put into effect quickly and at far less cost than conventional defenses, on which they argue Russia would like to see the West spend its resources.

The nearness of atomic supplies also might deter the Russians from launching an aggressive action, they contend.

Fifth Defendant In Bank Case Is Released On Bond

PECOS—(AP)—Five persons have been released under \$5,000 bond each on federal charges involving a Reconstruction Finance Corporation loan allegedly obtained through false statements and conspiracy.

The fifth defendant, Guy Lefoy Stroud, 36, of Odessa, was arrested here Wednesday and charged with conspiracy and making false statements.

Stroud, along with three former officials of The First National Bank of Weatherford, is charged in connection with a \$46,000 RFC loan procured for a firm that was indebted to the bank.

Arrested May 4 and charged in the case were George Pant, 67, former president of the bank; his wife, Mrs. Elena Bedford Pant, former vice president, and James Edward Whitsett, also a former vice president.

Binnie Hawthorne Hatchett, former cashier of the bank, is free on \$5,000 bond after being charged with embezzlement.

Ex-Texas Publisher Dies In California

DALLAS —(AP)—Relatives here were advised Thursday of the death of Alfred O. Anderson, 76, former Dallas newspaper publisher, at La Jolla, Calif.

He had been in ill health for some time.

Anderson founded the Dallas, Texas, Dispatch for the Scripps-McRae newspapers in 1906 and, after going on to other important posts in the newspaper world, returned to publish the Dispatch for 17 years until his retirement in 1938.

PRAYDA UNHAPPY AGAIN

MOSCOW —(AP)—Pravda Thursday attacked France's plan to pool her steel and coal production with Western Germany's as a proposal made "under the dictation of American bankers."

Texas Has Finest Hospital For Cancer Research Work

HOUSTON—The M. D. Anderson Hospital for Cancer Research was established by an act of the 47th Legislature. The act prescribed that the institution "shall be devoted to the diagnosis, teaching, study, prevention and treatment of neoplastic and allied diseases."

The name "M. D. Anderson" was given the hospital because the M. D. Anderson Foundation of Houston provided temporary quarters which it is now occupying, and gave the site for and has contributed toward its permanent home which will be located in the Texas Medical Center in Houston.

Aside from this assistance from the foundation and grants from the U. S. Public Health Service, Damon Runyon Memorial Fund and the American Cancer Society for specific research projects and federal aid in the construction of its new building, the Anderson Hospital is supported by state appropriations.

Separate Organizations

The hospital is entirely separate from the M. D. Anderson Foundation, a philanthropic agency charged with the carrying out of the provisions of the will of the Texas humanitarian.

From time to time, generous citizens have made donations and the entire amount of these is devoted to the purpose specified by the donors—not one cent of them is spent for overhead.

The hospital started its operations in 1943, its administrative offices, research laboratories and clinic being housed on the old Baker estate in Houston, and its bed patients being cared for in leased beds in two of Houston's hospitals. It has grown tremendously in the intervening years, having added many temporary buildings to increase its available space to more than three times what it was at the beginning.

Permanent Home

The hospital accepts only those cases referred to it by Texas physicians. Those able to defray costs of their care are expected to do so. No charge is made where investigation discloses inability to pay.

Plans for the permanent home of the hospital are nearing completion and construction is expected to begin this Summer. It will be complete and modern in all respects, will house 300 patients and have large clinic and X-ray facilities as well as large and well-equipped research laboratories. There will be facilities for research in and administration to patients of radioactive drugs. Thus, there will be available in Texas all of the facilities for cancer diagnosis and treatment that can be found anywhere.

There's Story Behind New Andrews Editor

By WILLIAM C. BARNARD
Associated Press Staff

"The old paper looks a lot dressier these days," said Charles W. Roberts, 62, of Andrews, in far West Texas.

He pointed to the front page of his weekly paper, the Andrews County News, and went on: "Three good human-interest pictures and lots of local news. That's the work of the new editor."

There's a story behind the new editor. Here it is:

Roberts had four sons. As they grew up, all had a taste of work on their father's paper. Three didn't like it. Charles, 16, with a trick football knee, served as a civilian in a Navy plant during the war and now is an insurance man at Andrews.

Holden Roberts was a machine-gunner three years in the Pacific and now owns and operates seismograph drilling rigs in West Texas. Wesley, radio operator on a destroyer cruising the Pacific in the war, is going into the insurance business.

And then there was Jim, a tall, husky black-haired boy, who always wanted to be a newspaperman.

Jim enlisted in the Army in 1942. He was 19. He fought in Sicily, landed at Salerno, and survived three days without food or water, marooned on an Italian hilltop. He rode the Rapido River battle, too. At 16 comrades all of the Americans. He didn't see Jim. Jim lifted his rifle straight up and fired and the German toppled into the ditch on top of him.

"We stared at each other and I prayed he would die before the Germans came along," said Jim. "He did."

The Germans did come, all right. They finally took Jim to a hospital in Florence. Americans less seriously wounded than he, the dying of infection, due to lack of care. Jim clenched his teeth and for 35 days changed his own dressings daily.

Still in bad shape, he was taken to a prison camp in Germany. But he escaped, anyway. They caught him after 11 days, but in 1944 he was repatriated and brought to McCloskey General Hospital in Temple. The elder Roberts went there and found his son in very poor condition. "I want my boy have the best attention possible," Roberts told the commanding officer. "He has to get well."

El Paso Hospital

"He'll get it," the commanding officer said. "We're shipping him out to Beaumont General Hospital, El Paso, for surgery."

Five surgeons conferred. "They drew up blueprints for nine operations on Jim," said Publisher Roberts. "Then they went ahead and did the operations—all nine of them."

In 1946, Jim was well enough to enter Baylor University. He studied photography and journalism, and was graduated last December.

"Jim took those pictures" and dressed up that front page," said Charles Roberts, Sr., proudly. "Jim's my new editor—and a darn good one."

Rice paper is not made from rice, but from the pith of a tree that grows in Formosa.

ACIDITY

Fear, anger, excitement, careless eating—these cause acidity. Drink delicious pure Ozarka Water, free from chlorine, alum, copper sulphate. Physicians recommend it. Shipped everywhere.

Midland Awaits Opening Of Its New Memorial Hospital

Hospital Day, 1950, finds the Midland Memorial Hospital nearing completion and scheduled to open early in June.

E. R. Andres, administrator of the hospital, has announced that the following department heads have been hired and will report in June: a pathologist who is accredited with the American Board of Pathology; a registered medical records librarian; a registered anesthetist; and a dietitian who is a member of the American Dietetic Association. These, he said, are all the key department heads with the exception of a radiologist.

Andres added that two visits of

equipment for the building arrived last week and that more is expected soon.

Practically all fixture installation and painting is done and furniture and other equipment is being moved into the proper places.

The four-story building, when completed, will be one of the largest and best-equipped in West Texas.

Since Hospital Day of last year, much has been done toward the efficient operation and organization of the hospital. The Nurses' Home has been built near the building. A director of nurses, Elizabeth Ahrens, has been named and is in Midland assisting with the selection of members of the nursing staff.

A Women's Auxiliary to the hospital was organized early this year and has been engaging in money-raising projects. Funds will be used for work in the hospital.

Mrs. L. W. Sager is president of the auxiliary, which has about 100 members. A fashion show with Mrs. Milton Loring as co-ordinator was the first project and was given for two nights in March.

As its second project, the auxiliary sponsored a talk by Robert E. Stripling. No admission was charged but money from a silver offering was added to auxiliary funds. The group has sponsored two conducted tours through the partially-completed hospital and nurses' home and plans several more.

Arrangement Described

The first floor of the hospital will be devoted largely to reception rooms and offices. It also has the tile-walled kitchen and dining rooms for doctors, nurses and hospital employees. The large entrance hall is paneled near the floor with marble.

All floors have reception desks and waiting rooms. The floors are laid in brown and cream and the walls are done in pastel pinks and green as well as off-whites to blend with the sunlight.

The third floor will be reserved primarily for obstetrics cases and has the nurseries and delivery rooms. The two large delivery rooms are equipped with adjustable lamps hanging from the ceilings. The walls are green tile.

The top floor contains two operating rooms, a minor surgery room and recovery rooms. The operating rooms, like the delivery rooms, have adjustable lamps and tile walls. They also have film boxes for hanging X-rays for use during operations.

An emergency entrance through the back leads into the basement, where there is an emergency surgery room and an emergency delivery room. The basement also contains the central heating and cooling units.

Academy Graduates Will Train In Texas

WASHINGTON—(AP)—Most of the 37 cadets and midshipmen nominated for Air Force commissions from the 1950 graduating classes of the Military and Naval Academies will train in Texas.

Randolph Field, San Antonio, will give flight training to 100; Conally Field, Waco, 57; Goodfellow Field, San Angelo, 56; and Ferrin Field, Sherman, 57.

Controversial Note

The classically bare bosom of the Goddess Europa, appearing on the back of this new five-mark note, causing a stir in the West German capital of Bonn. Finance officials report that many bills are found with penciled-on brassieres. These are most common around the town of Beuel, whose straight-laced citizens last year caused an iron bra to be added to its famous nude statue of a washerwoman.

This Is National Hospital Day

Express Your Appreciation To Your Doctors And Nurses

Midland is indeed fortunate in having a corps of able doctors and nurses that are endeavoring to their utmost to take care of the medical needs of this section. For this we are grateful and proud. Let's let them know in some way on National Hospital Day that we appreciate their efforts.

Your Doctor Doesn't Read Minds . . .

Neither does he have a crystal ball. He arrives at his diagnosis largely by what you tell him of your symptoms—and he's the one person you should never "hold out on." Information you may think unimportant may be very significant to him. Physicians are among the busiest of men. Don't make your doctor ferret out hidden facts concerning your illness! It imposes an unnecessary burden on him and may cheat you of the medical care your condition actually requires. Speak to him freely. No confidence of yours will ever be violated by your doctor.

CAMERON'S PHARMACY
CRAWFORD HOTEL BLDG. PHONE 1882

NATIONAL HOSPITAL DAY

★
FRIDAY, MAY 12th

Friday, May 12th, has been set aside as National Hospital Day. We wish to take this occasion to pay tribute to the unselfish service being rendered by the operators of our local hospital and clinics and by our corps of practicing physicians, surgeons and specialists as well as our faithful nurses who are striving to adequately care for the needs of our local people as well as those coming in from elsewhere. They are really doing an excellent job, and are due the commendation of us all.

Let us observe this day by letting your physicians and nurses know how much you appreciate their efforts. Call them on the phone, drop by their office for a minute, or drop them a letter of appreciation. You might even send some flowers, or a box of candy.

Britain Warms Up to French Coal And Steel Pooling Plan

LONDON (AP)—The three big western powers began cold war talks Thursday amid signs Britain was warming up to France's plan to pool much of Europe's coal and steel resources.

Lions Founder Endorses Drive

Examining a reproduction of the Liberty Bell at the Treasury in Washington, Melvin E. Jones, founder and secretary general of Lions International, says: "The Liberty Bell symbol and the Independence theme of the 1950 Savings Bonds campaign have a particular significance to Lions, since our own slogan is 'Liberty—Intelligence—Our Nation's Safety.'"

Livestock

FORT WORTH (AP)—Cattle steady; two loads of 860-lb. fed yearlings from the Big Spring Experiment Station sold at 30.00; other yearlings scarce; most fed calves 17.50-21.00; good slaughter calves 26.00-27.00; few choice 28.00-29.00; common to medium 19.00-20.00; stockers scarce.

Planned Parenthood Group Names Leaders

WACO (AP)—Mrs. Scott Snodgrass of San Angelo was named president of the Planned Parenthood League of Texas here Wednesday.

Judgment Expected In McCutchin Suit

Final judgment on civil suit, J. A. McCutchin versus McCutchin Drilling Company, was expected to be entered late Thursday by Judge G. C. Olsen in 70th District Court here.

Screen Actor Has New Name For It

SANTA MONICA, CALIF. (AP)—Actor Lawrence Tierney is charged with being drunk but he claims he was only frisky. "I plead guilty to friskiness but not drunkenness," he said Wednesday when he appeared before Municipal Judge Thurlow Taft.

Midlander Named On League's Board

HOUSTON (AP)—The Texas League of Women Voters will work for authorization of city-county health units and the revision of state election laws during the next year.

McCarthy Again Promises 'Proof'

WASHINGTON (AP)—A State Department denial of Senator McCarthy's "foreign agent" charge against an American spy Thursday brought a McCarthy promise to provide proof.

Strategy Meet Held In Probe Of Crime

WASHINGTON (AP)—The Senate-New Crime Investigating Committee called its first strategy session Thursday to map what one member described as a drive against "the rats in the meat of democracy."

Admitted For Treatment

O. O. Lettwith of 1111 South Colorado Street was admitted Wednesday to Western Clinic-Hospital as a medical patient.

Oil And Gas Log-

(Continued From Page One) Andres pool in Southeast Garza County. The new producer completed on the pump for 102 barrels of 37-gravity oil plus 10 per cent water in 24 hours. The open hole pay section between 2,418 and 2,456 feet had been treated with 4,000 gallons of acid.

Shell Completes First Scurry Well

Shell Oil Company has completed its first well from the Scurry reef pay, Shell No. 1. The Thompson has been completed naturally for 1,969.74 barrels of 42-gravity oil daily on the west edge of the Sharon Ridge-Canyon pool.

The No. 1 Thompson is a one-location stepout from production. On the natural potential, oil flowed through a 32/64th-in choke. A trace of water was prevalent in the production.

Gas-oil ratio was 926-1. Tubing pressure was 1,000 pounds. Pay was topped at 6,578 feet, and total depth is 6,700 feet. Five and one-half inch casing is set at 6,582 feet. The Shell producer is in the southeast corner of the northeast corner of section 121, block 25, H&TC survey.

The Texas Company has completed its No. 9 P. L. Fuller in the Castleman & O'Neill area of the Cogdell field.

Large Flow. The No. 9 Fuller potential for 1,006 barrels of 39.9-gravity oil and no water in 24 hours. The natural flow was through a 24/64th-inch choke.

Tubing pressure varied between 1,025 and 600 pounds. Gas-oil ratio was 903-1. Pay was topped at 6,705 feet, and total depth is 6,855 feet. Five and one-half inch casing is set at 6,711 feet.

The No. 9 Fuller, a north offset to the Castleman & O'Neill No. 2 Feldman-Pardo, is 2,184 feet from north and 1,685 feet from west lines of section 651, block 97, H&TC survey.

Standard Oil Company of Texas has staked its No. 15-5 Mrs. J. W. Brown on the extreme north edge of the Kelley-Snyder field.

The No. 5 Brown will be 776 feet from north and 955 feet from west lines of the south half of section 498, block 97, H&TC survey, and nine and one-half miles north of Snyder.

Slated depth is 7,000 feet. Drilling is to begin by May 14.

Clear Fork Stepout In Gains Abandoned

Anderson-Prichard Oil Corporation No. 1 Alma Hancock, one mile south and slightly west of the discovery well for Clear Fork production in Central-West Gaines County, to open the East Hobbs field, has been abandoned and will be plugged at total depth of 6,525 feet in barren Clear Fork lime.

The venture did not find any fluid in that formation. It was located 660 feet from north and 2,466 feet from west lines of section 15, block A-10, psi survey.

Rail Strike-

(Continued From Page One) Wednesday against the Pennsylvania, New York Central, Santa Fe and Southern Railroad. Directly involved were only 18,000 firemen. But thousands of other rail workers—maybe as many as 200,000—may be idle if there is not a quick settlement. Countless other thousands are expected to be made idle by a long strike.

More Trains Operate. The union claimed the strike was "completely effective." But there were reports of trains being operated on some of the struck lines.

The president of one strike carrier, the Southern Railway System, said "We are running an increasing number of freight and passenger trains."

The New York Central, Santa Fe and Southern operated trains on the struck lines. But the Pennsylvania did not attempt to run any trains in the struck area, which is west of Harrisburg, Pa.

The Santa Fe dispatched two trains from Chicago to Los Angeles and two from Los Angeles to Chicago. The New York Central sent two passenger trains from Chicago to New York and from Chicago to Boston.

All Southern Railroad passenger service was suspended from Memphis to Chattanooga. It was the second time in 93 years the Southern has been inoperative in and out of Memphis.

Zephyr Runs Canceled. The north and south runs of the Texas Zephyr between Denver and Dallas were canceled by the Fort Worth and Denver City Railroad. The Zephyr travels part way over Santa Fe tracks.

The north and Ohio canceled 22 passenger trains into Chicago, Detroit, Washington, Toledo, Columbus and Grand Rapids, Mich.

The Colorado and Southern Railroad service was virtually tied up in Colorado, as were Santa Fe operations. Non-striking railroad workers are not crossing picket lines. One C&S passenger train moved northbound out of Denver for Wendover, Wyo., Wednesday night. Officials said a terminal trainmaster was at the throttle.

Midland JayCees Slate 'Round-Up'

Members of the Midland Junior Chamber of Commerce, JayCees-ettes and their guests will attend a Rodeo Round-Up May 19 at the VFW Hall on West Highway 80.

A chuckwagon supper will be served and a dance will follow. The event is limited to members and their guests. Reservations must be made by May 17.

Mrs. James Mims, Mrs. Reagan Legg, Mrs. C. J. Kerth and Mrs. Dick McKnight are on the reservation committee.

WASHINGTON (AP)—The Senate-New Crime Investigating Committee called its first strategy session Thursday to map what one member described as a drive against "the rats in the meat of democracy."

WASHINGTON (AP)—The Senate-New Crime Investigating Committee called its first strategy session Thursday to map what one member described as a drive against "the rats in the meat of democracy."

Air Raid

Chaplain's Yeoman F. M. Craven of the Naval Air Station, Alameda, Calif., recovers from a dive-bombing attack by a pint-sized bird (arrow) known as "Brewer's Blackbird." The little feathered fiends are running the sailors at Alameda ragged with their indiscriminate aerial attacks.

Gypsum Plants Are Strung Along Vein Through Three States

By WILLIAM C. BARNARD Associated Press Staff

A rich vein of gypsum runs up through West Texas into Oklahoma and Kansas.

On this vein there are combination gypsum mines and plants at Sweetwater, Rotan, Hamlin and Acme, in Texas; in Southard, Okla., and at Medicine Lodge and Blue Rapids in Kansas.

At Acme, near Quanah, gypsum has been produced since 1893. At first there was only a deep quarry. A mine was started in 1917 and the Certain-Teed Products Corporation bought it in 1921. Now there's a \$3,500,000 plant with 185 employees, including 15 miners.

The mine has produced a million tons of gypsum in the past six years.

"How long will the supply last?" the writer asked H. J. Zelms, the tall, quiet-voiced manager of the plant, a man who has been in the gypsum business 32 years.

"The supply is unlimited," he replied. Forty-five feet underground, the mine has about two miles of passageways and rooms. The rooms are 12 feet high and 35 feet wide and some are half a mile long. Overhead, farmers plow and cotton grow.

Gypsum is found in every state in the union but some of it is too deep to mine. It is a soft rock. From it are made a great variety of plasters—such as wall plasters, molding plasters, plasters for polishing marble and even the plasters which are used in molding dentures in dental laboratories. Crushed gypsum goes to cement plants for use in manufacturing cement.

But the biggest product at the Acme plant is wall board—it produced 100 million square feet of wall board a year.

"How do 15 miners supply enough gypsum to keep this plant busy, Mr. Zelms?"

"Mechanization does it. Until 1943, men worked with pick and shovels. Now everything is diesel-electric. Loaders with a capacity of 23 tons are operated by one man. The loaders load the gypsum on rubber-tired cars which haul the rock through the smaller passageways to the main tunnel to an electric locomotive and cars. The gypsum then is dumped into the cars and hauled out to the plant.

"Mechanized mining is safe mining, too. In 1947 we had the best safety record of any non-metallic mine in the United States."

Living out in the country like this, do many of your employes take the opportunity to operate small-scale farms on the side, Mr. Zelms?"

"Only a very few. A farm means security, but plant workers these days live in the unions and unemployment insurance are security enough."

Major Surgery

Jack Taylor of 801 North Weatherford Street, an employe of the Midwest Glass Company, underwent major surgery Wednesday at Western Clinic-Hospital.

Admitted For Surgery

Mrs. R. L. Fitzgerald, 401 North Carrizo Street, was admitted Wednesday to Western Clinic-Hospital, and underwent major surgery Thursday morning.

Use Few Matches

PARIS (AP)—The French state-controlled tobacco administration, which also exercises a monopoly on the sale of matches, reckons every Frenchman uses an average of 1,350 matches per year. This is said to be lower than in most other European countries, where the annual consumption averages between 1,800 and 2,000 per person.

Minor Surgery

Susan Campbell, two-year-old daughter of Mr. and Mrs. L. W. Campbell, 313 West Jax Street, underwent minor surgery Thursday at Western Clinic-Hospital.

Undergoes Surgery

Edward E. Erdmann, 22, of 510 North Main Street, underwent minor surgery Wednesday at Western Clinic-Hospital. She was released from the hospital Thursday.

One-fourth of the total income of American agriculture goes to dairy farmers.

Fourth Blaze In 16 Months Sweeps Mental Hospital

PHILADELPHIA (AP)—A fire marshal said he found indications of arson after a blaze which early Thursday damaged the Belle Vista Sanatorium—scene of another fire in which 10 patients died March 29.

A coroner's jury ruled that the March fire was started by Nicholas A. Verna, 29-year-old convicted firebug and patient at the private institution. He since has been committed to the Fairview State Hospital for the criminally insane.

Thursday's blaze was in the same building swept by flames in March, when 10 patients suffocated, some while strapped to their concrete slab beds, according to testimony before the coroner's jury.

Edward H. Chew, fire marshal for the Fourth District of Montgomery County, said Thursday's fire—the fourth at the private institution in 16 months—appeared to have been "set deliberately with gasoline."

Rotarians See Gas Company Film

A motion picture film, "Fuel for a Growing Empire," photographed in West Texas by the West Texas Gas Company, was shown Thursday noon at the regular meeting of the Midland Rotary Club in Hotel Scharbauer.

Bob Lewis, Midland District manager for the gas company, introduced Bill McCarroll of Lubbock, advertising manager, who showed the color and sound film. Herman Heath of WTGC's Lubbock office, and formerly of Midland, also was introduced.

President Hilton Kaderli presided at the meeting, and James Mims was program chairman.

Radio Transmitters For Miners Proposed

NEW YORK (AP)—Miners would carry radio transmitters to tell rescuers where they were trapped, in a radio set-up devised by James A. McNiven of New Orleans. He is an electrical engineer with the U. S. Coast Guard.

The miner would stick metallic probes into the ceiling of the mine. He would speak into a radio transmitter, and the signals would be carried to a receiver at the surface. Batteries of the type supplying power for a miner's head lamp would be strong enough to allow him to broadcast, McNiven said.

The miner's transmitter-receiver could be a portable affair, perhaps carried on a man's back, he said. There might be one for each man, or one for each small group of men. The work could be speeded up if trapped men could tell just where they were, and what the situation was. McNiven said the method had been tested successfully in coal mines.

House Burglary Reported

Midland police Wednesday investigated a house burglary at the home of Mrs. Thelma Horn, 907 North D Street. About \$5 in cash, a string of pearls and a white gold clasp were missing, officers said.

Communist Infiltration

The report takes a slap at the Army which, after "an exhaustive investigation" last Spring, said charges against the center "remain unsubstantiated."

Bad Security Risks

The report says these hearings, during which more than 100 witnesses were questioned, turned up evidence of "bad security risks," erroneous expense accounts, shuffled files, Army laxity and efforts to discredit FBI investigations.

Incident with the Filing of the Report

Representative Vinson (D-Ga.) announced that his Armed Services Committee will open an investigation of its own.

Center, which handles family allotment for Army and Air Force personnel, employs 4,500 people.

Since last May it has been under investigation by the subcommittee, the Civil Service Commission, the Army inspector general, the FBI and the General Accounting Office.

Karst said evidence indicates "Communist infiltration" of the center, the importance of which "cannot be overemphasized." The records of the center show the disposition of American troops and their numbers, grades and types.

The report relates that in the last three years 63 persons have been investigated as "security risks" and that 44 of them were fired or resigned while under investigation.

Vanity Fair advertisement featuring a woman in a white dress and the text 'From the Vanity Fair enchantments in peerless nylon tricot. Flood Toll-

(Continued From Page One) River. At Minneapolis City Engineer Hugo Erickson said the Mississippi River was at its highest level since 1881. However, he said the only concern immediately was for bridge utility installations.

Oklahoma Hard Hit. Meanwhile, the worst danger spot in Oklahoma was at Pauls Valley in South Central Oklahoma.

The Washita River was out of its banks in three places and Rush Creek spilled two feet of water into the city of 7,000 to cut off all highways.

Sixty persons living in the northwest part of Pauls Valley were evacuated by truck to higher ground.

The water is lapping into business houses in the west part of Pauls Valley. Merchants are boarding up stores and moving merchandise to higher places.

For the second time in 24 hours, Comanche was covered with waters from Cow Creek. A deluge Wednesday forced 200 persons to flee from their homes a second time. A four-inch rain in less than an hour previously forced an evacuation.

Duncan, Waurika, Maysville, Seminole, Lawton, Lexington and Okmulgee also got high waters.

Forty-one persons were evacuated at Okmulgee and at Duncan 50 left their homes.

GOP-

(Continued From Page One) save. Cannon added, even if the Senate should accept it.

But Jensen said the history of job turnover in federal employment indicated a \$400,000,000 saving. Taber said it would reach \$500,000,000.

The Jensen amendment would prohibit the filling of more than 10 per cent of vacancies occurring in federal agencies next year, with some exceptions.

Among the exceptions would be military personnel, professional and technical employees, jobs filled by presidential appointment, and all jobs in the legislative and judicial departments.

The amendment went into the bill by a 201 to 185 vote, with a sizable group of Democrats supporting the almost solid Republican membership.

Taber's amendment got a 274 to 112 vote. In addition to ordering a flat \$600,000,000 cut, it would limit the amounts that could be spent for operations such as travel, employment, transportation, communications, printing, rents and utilities.

The Taber reductions range from two to 20 per cent below the President's requests, falling least heavily on the Defense Department.

Rankin Seniors Are Honored By Juniors

RANKIN — Seniors of Rankin High School were entertained by the Juniors at the annual Junior-Senior Banquet and Prom Saturday night.

The banquet was served in an Hawaiian setting in the club room of the Rankin Park Building. Mrs. Betty Hodge, class sponsor, was in charge of the arrangements. Mothers of the members of the Junior class assisted. Guests were presented with brightly colored leis and the decorations and menu carried out the Hawaiian theme.

The prom was held in the auditorium of the high school in a setting portraying the deck of a ship.

Man Guns For Cats, Gets On Probation

DETROIT — The tomcats may be hard on William L. Dutton's sleep out he'll have to be more careful how he deals with the situation.

Acting under the careless use of firearms law, Recorder's Judge Paul E. Krause put Dutton on three months probation for going down alleys with a shotgun.

Earthworm population varies from 300,000 to 2,000,000 to the acre in American soil.

Sites For 81 Tests Staked In 14 West Texas Counties

During the past seven days 14 West Texas counties shared the 81 new locations for petroleum explorations which were reported to the Midland district office of the oil and gas division of the Railroad Commission of Texas.

Included were locations for 11 wildcats.

Scurry County led the list of field locations with 29 projects. Pecos County gained 14 new explorations. Five new locations were listed in Cochran County. Drilites were established for four new explorations in Crane County.

Andrews, Gaines, and Garza Counties each listed three new locations. Two projects were listed in each of Ector, Howard and Midland Counties.

The remaining locations were staked one each in Borden, Hockley and Sterling Counties.

Kent, Midland and Pecos each reported two new wildcat locations. One new prospect was filed in each of Borden, Ector, Gaines, Garza and Hockley Counties.

Nine amended applications were filed. They were distributed four to Scurry, three to Cochran and two to Ector. Andrews and Scurry Counties each reported an amended application on a previously staked wildcat.

Andrews County—Cities Production Corporation No. 3-E Cowden, 660 feet from south and west lines of section 14, block A-52, psi survey, rotary, 8,000 feet depth, Dollard field, starting at once.

Phillips No. 20-M Texas-University, 660 feet from west and 760 feet from north lines of south half of section 21, block 33, H&G survey, rotary, 11,000 feet depth, Fullerton-South Ellenburger field, starting immediately.

Standard No. 2-AN University, 660 feet from north and 2,051 feet from west lines of section 21, block 11, University survey, rotary, 11,000 feet depth, Three Bar field, starting at once.

Amended: Forchall Oil Company (Midland) No. 3 Emma Cowden, 265.1 feet from north and 605.4 feet from west lines of section 14, block 44, T&P survey, rotary, 5,350 feet depth, wildcat, starting at once to deepen.

Borden County—Seaboard No. 18 T. J. Good, 540 feet from east and 780 feet from north lines of section 14, block 35, T-4-N, T&P survey, rotary, 8,200 feet depth, Vealmoor field, starting immediately.

Wheelock-Weinschel (Corsicana) No. 1 H. Schilling, 467 feet from north and west lines of southeast quarter of section 44, block 25, H&G survey, rotary, 7,000 feet depth, wildcat, starting immediately.

Cochran County—Texas No. 4-NCT-1 C. S. Dean, 660 feet from north and west lines of labor 9, league 94, Mills CSL survey, rotary, 5,000 feet depth, Levelland field, starting at once.

Lion No. 8 P. O. Masten, 677.43 feet from east and 646.56 feet from north lines of labor 8, league 132, Carson CSL survey, combination, 5,200 feet depth, Levelland field, starting immediately.

Amended: The Devonian Company (Tulsa) No. 30-A-3 T. B. Duggan, 560 feet from north and 510 feet from east lines of labor 3, league 55, Oldham CSL survey, rotary, 5,075 feet depth, Slaughter field, starting immediately to deepen.

Amended: The Devonian Company No. 4-A-10 T. B. Duggan, 440 feet from north and east lines of labor 10, league 55, Oldham CSL survey, rotary, 5,100 feet depth, Slaughter field, starting at once to deepen.

Amended: The Devonian Company No. 41-A-10 T. B. Duggan, 530 feet from north and 510 feet from west lines of labor 4, league 55, Oldham CSL survey, rotary, 5,075 feet depth, Slaughter field, starting at once to deepen.

Skelly No. 7 D. E. Benham, 440 feet from north and west lines of labor 10, league 132, Carson CSL survey, rotary, 5,100 feet depth, Levelland field, starting at once.

Skelly No. 5 Wyatt L. Shed, 440 feet from north and east lines of labor 8, league 132, Carson CSL survey, rotary, 5,100 feet depth, Levelland field, starting in the near future.

Seaboard No. 2 P. O. Masten, 660 feet from north and east lines of labor 17, league 153, Randall CSL survey, rotary, 5,200 feet depth, Levelland field, starting at once.

Crane County—Whaley Company, Inc. No. 2 J. C. Maxwell, 1,320.3 feet from west and 330 feet from north lines of section 10, block B-26, psi survey, combination, 3,600 feet depth, C-Bar field, starting at once.

Magnolia No. 4-16 Texas University, 330 feet from south and east lines of section 16, block 30, University survey, rotary, 3,300 feet depth, Dune field, starting at once.

Humble No. 4-B J. B. Tubb, 660 feet from north and east lines of section 19, block 32, psi survey, rotary, 4,800 feet depth, Sand Hills-Tubb field, starting at once.

Humble No. 5-B Jax M. Cowden, et al, 615 feet from southeast and 2,124 feet from northeast lines of section 16, block 2, H&G survey, rotary, 5,500 feet depth, Cordona Lake field, starting at once.

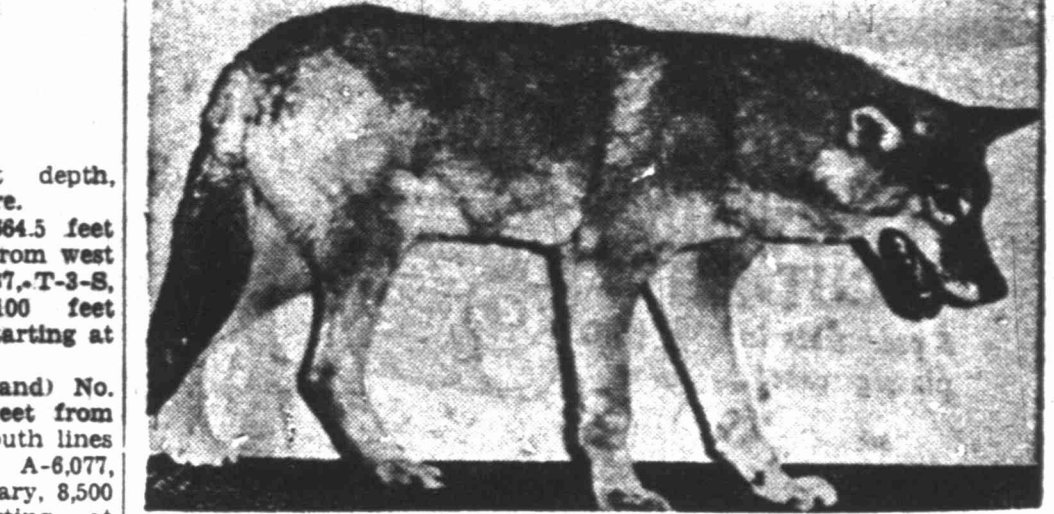

Ector County—Mid-Continent No. 6-A B. H. Blakney, 735 feet from south and east lines of section 23, block 43, T-1-N, T&P survey, rotary, 5,300 feet depth, North Cowden Deep field, starting at once.

The Eastland Oil Company No. 3-8 J. L. Johnson, Jr., 2,310 feet from east and 2,322.5 feet from south lines of section 37, block 44, T-1-S, T&P survey, combination, 4,800 feet depth, wildcat, starting at once.

Amended: Cities Service No. 3-A Thomas, 664.5 feet from north and 668 feet from west lines of southwest quarter of section 8, block 45, T&P survey, rotary, 8,117 feet depth, TXL-Devonian field, starting at once to plug back.

Amended: Amcan Oil Corporation, Inc. (Midland) No. 1 B. H. Blakney, 560 feet from north and west lines of southeast quarter of section 14, block A, psi survey, rotary, 5,650 feet and 6,800 feet depth, Goldsmith field, starting at once. To be dually complete from Goldsmith-5,800 and Goldsmith-Clear Fork pays. Changed field designation, location and date to drill.

Dog Gone Coyote

This new type of wild animal, believed to be a cross between a coyote and a wild dog, is prowling the Adirondack Mountains of New York state. Game officials say the hybrid beast is more vicious than the coyote, and travels in packs to prey on deer, livestock and poultry.

Midland SPCA Lists What It Does And Also What Citizens Can Do To Assist The Unit

On the occasion of Be Kind to Animals Week, the Midland SPCA for the Prevention of Cruelty to Animals announces its activities and what Midlanders can do to help.

THE BEST SANDWICHES IN TOWN

Are 6 for \$1.00

And you'll find them at ECIL KING'S

Delicious Hamburgers, Tasty Barbecue Steaks, Money Island Dogs \$ for 75¢

Phone your order and we'll have 'em ready!
Ecil King's Fine Foods
Marienfield at Texas
Phone 2929

SPCA chapter cooperates with city officials in maintenance of small-animal shelter, where animals are adequately fed and given veterinary care. Animals are placed in homes where they are wanted.

The SPCA will investigate incidents of cruelty to animals by owners or others. The unit will try to help work out a humane solution to the problem.

Midland's SPCA reminds that the words "pound man" and "dog catcher" perhaps have taken on an unpleasant connotation in previous years and at other cities. But Midland has a kind and capable custodian and gives animals the best possible care, a representative of the SPCA pointed out.

The Midland SPCA recognizes that animals can be nuisances. But it urges citizens so bothered to contact the SPCA and not be cruel to the animals concerned.

The first request of the SPCA from citizens is cooperation. Lost, sick, injured, abused, homeless or otherwise animals should be reported to the City Pound at number 3543.

Financial aid also is solicited by the SPCA. Dues are \$1 per year. Larger contributions are gladly accepted.

Memberships may be obtained by sending a contribution and the address is: Box 1002, Midland.

DISCOVERY ALLOWABLE
AUSTIN — (AP) — The Railroad Commission Wednesday approved a discovery allowable for Garland Anthony and G. W. Strake's Lloyd well No. 1, Runnels County, new field designated as the Lloyd field.

Frogs don't recognize an insect as food as long as it remains motionless.

Ride 'Em, Cowgirl

Action aplenty is in store for rodeo fans when the annual All-Girl Rodeo, sponsored by the Pecos County Sheriff's Posse, gets underway Friday in the Rooney Park Arena at Fort Stockton. Little Jackie Worthington, of Jackaboro, a top-notch hand with a rope or in the bronc riding arena, is shown above riding a stormy Brahman. She will be among the featured performers at the three shows scheduled Friday and Saturday nights and Sunday afternoon.

Couple Gets Tour Of U. S., Mexico, Canada For \$98

LOS ANGELES — (AP) — You and the missus want to make a two-year tour of the 48 states, Canada and Mexico—for only \$98?

Then follow the footsteps, rather than the bicycle tracks of young Mr. and Mrs. Phil Palaske.

The Denver couple who started out in July, 1948, with their bikes, a couple of bedrolls, a few clothes and \$98, leave soon on the last stretches of their grand tour.

So far they have pedaled through 36 states, parts of Southern Canada and Northern Mexico. They have 12 more states to go before pumping up the last mile home in July.

Married four years, Phil, 27, a miner, and Audrey, 24, have paid their way by speeches, selling penny postcard pictures of themselves and enlisting the sponsorship of bicycle firms and sporting goods stores.

"We've been fed by opera singers and senators," says Phil. "Once we even shared a can of beans with a bum." The Air Corps veteran said they never have gone hungry.

And after they return home? They hope to shove their bikes aboard ship and head for Europe this fall.

Women could vote in Australia, Finland, New Zealand, Norway and Sweden by 1914.

Youth Center Chatter

By June Hazlip and Joyce Howell

Only 14 more school days or 84 more school hours until the great day arrives. It's certainly not hard for one to guess what the "great day" is—yes, it's the day that school will be dismissed for Summer vacation. The swimming pools will be open once again and all the teachers will be free to do as they please for three months. The last few weeks of school always are busy ones, and these last few weeks will be no exception.

The Senior play, "The Great Big Doorstep" will be presented Thursday and Friday nights. The admission price is 30 cents for students and 60 cents for adults. Tickets may be purchased from members of the Senior Class or at the door. On Saturday night the P.E. classes of MHS will present their annual Gymboree. Students from junior high schools, here and nearby cities also will participate. Tumbling, dancing and other group acts will be presented. A small admission charge will be made at the door.

The following weekend the Seniors will take their long-awaited trip to Christoval, Texas. The Seniors leave early Friday and will return that night. While there, they will ride horses, play tennis, go swimming and take part in other sports.

The next night, Saturday, the Band Banquet is planned. The banquet and dance will be held in the Scharbauer Hotel for the 75 members of the Band and their dates.

Sounds as though the Midland teen-agers are going to be very busy doesn't it—Well, there still are other activities planned. Sunday, May 21, is Mother's Day and a lot of teen-agers already have bought gifts for their mothers. This, of course, isn't a "school activity" but almost all the teen-agers are planning something special for their mothers.

The members of the Thespian Society, high school honorary dramatic group, has decided upon May 22 as the date for their play. The play is a fairy-tale, "Cinderella of Loreland," and promises to be very good.

Everyone will be busy studying for examinations the last week of school. On May 25, 26 and 27, Thursday, Friday, and Saturday, the final exams will be given. On Monday morning the band will present its last assembly of this school year. Monday afternoon, school will be dismissed at 2:30. Those wishing to stay for the Class Day program will report to the auditorium.

Tuesday night, May 30, is the last assembly of the school year. There probably will be a lot of tears shed on this night. The next afternoon school really will be out when the students report to classes to get their report cards.

Although the Youth Center will be open during all these activities, no definite plans have been made. As soon as the remodeling is completed, a large dance will be held.

Our last wiener roast was such a big success that plans are being made for another one soon.

The Seniors have been exchanging their Senior cards and the Juniors, Sophomores and Freshmen still are begging for cards by which to remember the Seniors. Last week the Juniors ordered their Senior rings for next year and most of the Seniors are talking about their plans for college. By all these things it really is quite easy to see that the end of school is near at hand.

Now, to go back and review last week's activities. Last Saturday was the night of the Junior-Senior Prom. The Juniors really worked very hard

to make this prom a huge success and we really do believe that they were successful. The theme "In A Southern Garden" was carried out by the floral arrangements. The time literally flew by and in no time at all it was twelve o'clock and time for everyone to go home!

Richard Hull and Jeannie Ferguson had a gay time—Richard, we believe, was trying to make Jeannie sea-sick. He whirled and twirled her around so much. Richard Patton still gets our vote as one of the best dancers in high school. We just love to watch him jitter-bug!

In assembly Tuesday afternoon, awards were presented to the various Speech, Art and Sports contestants who had earned places in the district, regional and state meets. Our congratulations go to all of those who placed, but above all we offer our congratulations to Harrie Smith who placed first in state in the 120-yard high hurdles, and to James Johnston, freshman, who entered the Art contest and whose picture went to the national meet.

Another one of our teen-agers was married last week. She is the former Melodese Burris, who married Bill Hayes.

Our best "get-well soon" wishes go to George James, who got out of the hospital this week.

After a performance of the Community Theater's children's play, "Tom Sawyer," we saw Randall Gibson and Harry Harrison—My, but they looked funny with the red make-up they had on!

"Hey ya girlee," goodness, but they're tough. We can't decide just who are what Margie Crammer and Carolyn Cook were imitating last week, but they certainly were acting like a couple of "Dead-End Kids."

Senior cards seem to be bringing out the best (or worst) in everyone! During the process of exchanging cards in the Youth Center and MHS halls, we have found several very interesting middle names.

A few Youth Center members with "hidden" names are: Ronald Brian (Ronny) Estel, (David) Stephen Weaver, James Boone (Jim) Chauncy, (Harold) Norman Drew, Garland William (Bill) Emmons, Jr., Patricia Lou (Pat) Emmons, John Nicholas (Nick) Harrison, (John) Thomas Kinzer, Jr., Peggy Joyce Minear, Donald Gene (Don) Mears, (Marion) Ruth Richardson, (Harrie) Archibald Smith, Jr., (Dola) Vernon Thompson. We may be forced to take a fast trip somewhere when these Seniors find their "carefully guarded" names in plain sight.

Seems like the weather is just too hot for much dancing. Everyone is hot and sweating after something like "Johnson Rag," or "Sugarfoot Blues." Yep—Summer really is here!

Happy Is The Day When Backache Goes Away

As we get older, stress and strain, over-exertion, excessive smoking or exposure to cold sometimes slows down kidney function. This may lead many folks to complain of nagging backache, loss of pep and energy, headaches and dizziness. Getting up nights or frequent passages may result from minor bladder irritations due to cold, dampness or dietary indiscretions. If your discomforts are due to these causes, Don's try Doan's. It's a natural diuretic. Used successfully by millions for over 60 years. While these symptoms may often otherwise occur, it's amazing how many times Doan's give happy relief—help the 15 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!

TEXANS IN WASHINGTON—

Texan Has Job Of Guiding Important Tidelands Bill Through Rules Committee

WASHINGTON—(AP)—The bill vesting ownership of Tidelands in the states, drafted and pushed through the House Judiciary Committee by Rep. Ed Gossett of Wichita Falls, now falls in the lap of another Texan in its rough congressional course.

It primarily will be up to Rep. E. Lyle of Corpus Christi to see that it gets through the House Rules Committee, the group which says when measures already approved by other committees have their turn on the House floor.

Although the rules committee doesn't have the power it once had—power by which it, in effect, could kill a measure—it still can cause prolonged delays as well as put limitations on debate on legislation which it sends to the floor. These limitations may or may not be to a bill's advantage.

Lyle is the only Texan on the rules committee. Noting that the Administration is opposed to the Tidelands measure and that it came out of the judiciary committee by a 16 to 10 vote, Lyle says it can expect to run into some sharp opposition in the rules committee.

In spite of the fact that Chairman Sabath (D-Tx) and two or three other influential members of the rules committee probably will raise objections to the legislation, Lyle expresses confidence it will be reported out with a rule which will permit two or three days consideration on the House floor before a final vote is taken.

At least two or three weeks probably will elapse before it can get consideration in the House.

Meanwhile, all congressmen noted on the judiciary committee will have had an opportunity to study further the controversy between some states and the federal government over ownership of the submerged coastal lands, some of which are rich with oil.

The majority view of the judiciary committee was prepared by Gossett; a minority report also was prepared on the views of the 10 opposition members.

Around The Capital

Former Congressman Hatton W. Summers of Dallas, a veteran of 34 years in the House, has been here visiting old friends. He got a big hand when he attended a Texas delegation luncheon in the speaker's dining room as the guest of Rep. Frank Wilson, his successor in the House.

Many years ago "Judge" Summers, as the long-time legislator is known affectionately, saw workmen tearing away some stones from the original part of the U. S. Capitol in a remodeling job. They had been put in place about 150 years ago, after George Washington laid the cornerstone.

With a keen sense of this historical value, Summers obtained possession of the stones, which otherwise might have been thrown away. He had them stored in the attic of the old House Office Building. They remained there for years, but on this visit to Washington Summers had them crated and shipped to Dallas, for use in the new Southwestern Legal Center in Dallas. Summers is director of the division of research in law and government at the center on the campus of Southern Methodist University.

The National Capital Texas A&M Club is one of the most active college alumni organizations in the capital.

The ex-Aggies' last annual Banquet was held at the Statler Hotel.

Women have more resistance to a lie detector than do men.

Look Out Below

The fish in Green Lake at Seattle, Wash., will do well to be on their guard. Armed with a tree branch, a length of string, bent pin and a worm supply handled by a capable assistant, five-year-old Robert Morrison is out to fill his Mom's frying pan. Helper is Susan Murphy, three. Fishing in the lake is restricted to children only.

Dairy Foods Can Help Child's Health

YOUNG ENGINEER refuels wisely on milk, cheese, fruit, and bread, riveting him a clear track to health.

Milk and other dairy foods, including cheese, evaporated milk, dry skimmed milk and ice cream play a major part in child nutrition.

+Crane News+

CRANE—Crane County Commissioners met Monday and set June 12 as the date for a meeting of the Board of Equalization. Other business at the meeting included the approving of county officers' reports and approval of bills. J. W. Boyd, Democratic chairman, appeared before the board in regard to voting facilities at the forthcoming election.

The Mighty Lobos (junior baseball team) Sunday won their tenth successive game, defeating Terminal City 9-8. A return game is set May 21 at the Terminal field.

L. L. Martin, superintendent of Crane schools, has accepted speaking engagements at three commencement exercises. He will speak May 19 at Cooper, Texas, on May 23 at Andrews and on May 26 at Marathon.

Mr. and Mrs. Bob Tobin flew to Dallas recently to attend market. They plan to return by plane late this week.

Fishing Trip

A group of Crane residents went on a fishing trip Sunday at Balmorea, and reported a good catch. The group caught 25 perch and 48 catfish. In the group were Mr. and Mrs. W. W. Allman, Mr. and Mrs. T. W. Teague, Mr. and Mrs. L. M. Pitman, Mr. and Mrs. Oscar Reynolds, Mr. and Mrs. Preston Stell, Mr. and Mrs. Neal Cook and family, all of Crane and Mr. and Mrs. Bill Moore of Fort Stockton.

Mr. and Mrs. James C. Phillips, formerly of Dallas, have moved to Crane. Phillips is employed by Gulf Oil Company in its engineering department. The Phillips' have a daughter, Diane Sue, three years old.

A softball game between the Crane Canaries and the McCamey Bluejays is scheduled at 7:30 p.m. Saturday in McCamey. It is the first scheduled game for the girls' softball team. Janis Decker is captain, and Bill Chipman is coach.

The strongest known timber is yate, one of Australia's hard woods.

Life With The Tax Gremlins

By NEA Service

Wouldn't you think the Gremlins with whom you share your car might once in a while put in some gas? But, instead, see what happens at the gas station. The Gremlins' share of the gas you buy is roughly one gallon in four. As they tap it off they are not very friendly about it because they are never content with the terms of division. The big federal Gremlin's share is less than that of the state Gremlin, and the city Gremlin gets only the leakage.

The federal tax is 1 1/2 cents per gallon. The state tax runs from 3 to 9 cents, averaging 5.1 cents. Then, if you need oil or tires, again the Gremlins take theirs. The federal tax on oil is 1 1/2 cents a quart and the tax on a tire and tube, in the average, is roughly \$1.50.

Accessories extra. Back of all this are the hidden taxes that lie in the price of gas to the gas station, such as for example

The Stop For Gas as a federal tax of \$20,000,000 a year on the pipe lines.

If your cakes rise higher on one side than the other check to make sure your range and oven racks are level. Watch to see that you spread the batter evenly in the pan, too.

Try This New Spring Dessert Treat

CHEESE BAVARIAN is a novel combination of cottage cheese, fruit and cream with a rye crumb crust.

By GAYNOR MADDOX
NEA Staff Writer

Looking for a fresh-tasting Spring dessert, easy to eat, lovely to look at? We've got it—a combination of two plentiful dairy foods, cottage cheese and cream, and canned cling peaches, also on the plentiful list.

Cheese Bavarian

(Serves 8)
Two cups cottage cheese, 2 egg yolks, 3/4 cup sugar, 1/2 teaspoon salt, 1/2 cup milk, 1 package strawberry-flavored gelatin, 1 No. 1 can (2 cups) sliced cling peaches, 1/4 cup lemon juice, 1 tablespoon lemon rind, 2 egg whites, stiffly beaten, 1 cup cream, whipped.

Drain cottage cheese to remove excess moisture. Combine egg yolks, sugar, salt and milk; cook over boiling water until mixture thickens. Drain peaches and reserve for garnish. Heat 1/2 cup of the peach juice and dissolve gelatin in it. Add hot milk mixture, stir until blended. Blend in cottage cheese, lemon juice and rind. Fold in egg white and whipped cream.

Transfer to deep six-inch mold (1 1/2-quart size). Top with rye crumb crust. Chill for at least two hours. When ready to serve dip mold in warm water and turn out on serving plate. Garnish, if desired, with toasted buttered rye wafer triangles, and a bit of cottage cheese. Surround with cling peach slices.

JACOBY ON CANASTA

By OSWALD JACOBY
Written For NEA Service

"What is the advantage," asks L. E. J. of San Francisco, "of making the initial meld from your hand? I can see that it pays to meld if you pick up a big discard pile, but I don't see any advantage in just taking cards out of your hand and putting them down on the table."

My correspondent has a good point, but he carries it a little too far. It is true that it is better to take a big discard pile when you meld than not to get any pile at all. However, it is a very good idea to take cards out of your hand and put them down on the table.

One important advantage is that it may help your partner get the pile. He may have everything he needs to get the pile—except for the minimum count. Once you make the count, he can stop worrying about it. This is often important when the minimum count is 90 or 120 points; it is occasionally important even at 50 points.

The next advantage is that it is usually easier to take the discard pile after your side has made its initial meld. Instead of needing a pair of natural cards that match the previous discard, you (or your partner) need only one matching card and a wild card. This is usually a great deal easier.

A third advantage is that you make it possible for your partner to pick up a discard that matches your meld. For example, suppose you meld two jokers and a pair of jacks. If a jack is discarded to your partner, he can pick it right up even if he doesn't have a single jack in his hand. He could not have done that if you had kept the jacks in your hand.

A final advantage is that your first meld may give you a good start towards a canasta. This is especially true if you put down as many as four natural cards in a meld. However, any meld at all, even one that contains only two natural cards, is still a start.

Q—Is it possible to make a canasta of red threes? If so, what does it count?
A—There is no such thing as a canasta of red threes. You simply put red threes down on the table as soon as they appear in your hand. They do not count as melds but merely as bonus cards.

Q—The pack was frozen, and the discard pile was very heavy. I did not have a safe discard in my hand, so I wanted to discard from one of my melds. I had four suits melded, and would therefore still have a meld of three sixes even if I discarded one of them. Did I have the right to do so?
A—No. You are not allowed to discard a card that has been legally melded. It's painful to make an unsafe discard, but it happens to the best of us now and then.

TAKE YOUR HANDS OUT OF ACIDS!
USE MAGIC PINE-SOL FOR DAY-TO-DAY CLEANING, LAUNDERING, DISINFECTING

Ladies, don't clean with skin-reddening acids any more. Do your day-to-day cleaning and laundering with PINE-SOL—the amazing new non-caustic, non-acid disinfectant and cleaner!

Just four to six tablespoons of PINE-SOL added to water cleans bathroom and kitchen floors, sinks, woodwork, quick as a wink. One-half cup added to mild suds safely washes rayons, nylons, woolens—everything. Absolutely guaranteed to contain no acids. Get PINE-SOL at leading grocery, drug or department stores.
