NW Howard Wildcat Near Vealmoor Pool Flowing 20 BOPH

Seaboard Oil Company of Delaware No. 1 Akin Simpson, Northwest Howard County wildcat, approximately two miles south and slightly east of the Vealmoor field was flowing oil at the estimated rate of 20 barrels per hour from the Pennsylvanian lime at 8,015-35 feet.

The flow is on a drillstem test. Gas showed at the surface in nine minutes after the tool was opened. Drilling mud came to the surface in 14 minutes and oil started flowing in 15 minutes.

Reef Top Picked

The tool was still open at last report. Size of the choke was not reported.

Top of the Pennsylvanian lime reef making the oil is a 8,015 feet. That gives it a datum of minus 5-272 feet. That is approximately 50 feet above the water level of the Vealmoor field. Location of No. 1 Akin Simpson is 660 feet from north and east lines of section 45, block 32, T7 survey, T3-N. That makes it three and one half miles southeast of the town of Vealmoor.

SE Lynn Discovery Swabs, Flows Fluid

Magnolia Petroleum Company No. 1 Garza Cattle Company, prospective Pennsylvanian lime discovery in Southeast Lynn County, 14 miles east of O'Donnell, was swabbing to clean out and test and try to compete as a commercial producer.

After drilling plug on 7-inch casing which had been cemented at the top of the pay at 8,615 feet, operator conditioned the hole to bottom at 8,630 feet, and then located the hole with oil.

The project swabbed and flowed 179 barrels of load oil in 21 hours and recovered all the load.

In the next three hours it swabbed 27 barrels of new oil with a shake-out of two-tenths of one per cent basic sediment and no water. Swabbing is continuing with 6,000 feet of oil in the hole. Gravity of the petroleum is 41 degrees.

The production is natural.

Location is 1,980 feet from south and 660 feet from west lines of the southeast quarter of section 431, block 9, EL&RR survey.

Stepout In W-C Kent Estimates 40 BOPH

Nelson Bunker Hunt trust estate No. 1 Mary Couts Burnett trust estate, (TGU), one location west of the discovery for flowing production from the Canyon Reef lime in West-Central Kent County at Caroline Hunt trust estate No. 1 Young, was flowing at the estimated rate of 40 barrels of fluid per hour from perforated sections at 6,494-85 feet and at 6,495-8516 feet.

The fluid was 72 per cent oil and 28 per cent acid gas. The acid gas was not reported.

The flow was through a one-inch opening on tubing. Flowing to clean out the well was complete and continuing. This is the third well in the Hunt-Young area to get a definite test.

Another Well Shutin

Location is 1,110 feet from north and 467 feet from east lines of section 3, D. R. Stout survey. The well is eight miles northwest of Clairemont.

Caroline Hunt trust estate No. 2 Young, the second project in the West-Central Kent to show for production is shuttin for storage.

It had flowed an average of 35 barrels of oil per hour from perforations at 6,480-6,520 feet, after that interval had been treated with 2,000 gallons of acid.

The producer is a southwest stepout to the discovery, and 2,560 feet from north and 1,720 feet from east lines of section 145, block G, W&NW survey.

Midland Prospect High On Silurian

Magnolia No. 2 Parks, Central-West Midland County wildcat, 11 1/4 miles southwest of the city of Midland, and 860 feet from north and 2,180 feet from west lines of section 10, M. Daugherty survey, topped the Silurian at 12,261 feet, on an elevation of 2,835 feet, to give it a datum of minus 9,426 feet on that marker.

That makes it 167 feet high to the Texas Company No. 1 Scharbauer, a small Ellenburger pumper four and one-half miles north and slightly west.

The Magnolia prospector is coring below 12,269 feet. It should reach the Fusselman in a short time.

This development failed to show any possibilities of production in the Devonian.

It has discovered some sort of production in the Pennsylvanian. The section at 10,998-468 feet flowed 23.38 barrels of oil naturally in two hours through a five-eighth inch bottom hole choke.

Wolfcamp Opener In Howard To Complete

Stanolind Oil & Gas Company No. 1 Hutto is to be completed as a small pumping discovery from the Wolfcamp of the Permian in East-Central Howard County.

Producing through perforations at 7,370-7,430 feet, operators have swabbed 41 1/2 barrels of new oil in 12 hours. The swabbing gauge was taken after a 3,000-gallon acid injection.

A pump is to be installed and completion tests will be made.

The No. 1 Hutto bottomed in the Ellenburger below 9,000 feet, and that zone, as did the Spraberry, (Continued On Page Eight)

Life With The Tax Gremlins

By NEA Service

When the three Gremlins have filled the bag it contains three kinds of tax money—federal, state and local—and there is a quarrel over division.

The Federal Government has been pre-empting state and local sources of tax revenue. In New Jersey, for example, the total liquor tax in one year \$107,000,000 of which the federal Gremlin gets

California's was \$65,000,000, and so on. But Mississippi, a poor state, was taxed only \$36,000,000 on account of the Federal Government's total expenditure for grants-in-aid to the states, and got back \$103,000,000, and was therefore \$67,000,000 better off. Alabama's gain was \$70,000,000, Louisiana's gain was \$44,000,000, and so on.

The General Assembly of Indiana has adopted a resolution saying there is no such thing as federal aid and that state wants no more of it.

The Governor of Virginia says: "All the funds the Federal Government ever had, or ever will have, come from the taxpayers of the various states. Whatever the Federal Government allocates to the states comes from the people. Before this tax money comes back to the states and localities in the form of grants-in-aid, substantial tolls are exacted from it to maintain and enlarge the bureaucratic central agencies. Furthermore, citizens of such states as Virginia in this way ship a disproportionate part of their tax resources to Washington for the support of federal-aid programs in other states, where less efficient governments call for greater and greater federal dispensations."

The fiscal policies of the Federal Government are the necessary corollary of its 'social welfare' policy. The Social Welfare State maintains its political power by bribing the voter with the taxpayers' money. This requires the distribution of billions of dollars in subsidies to various pressure groups. These subsidies are highly inflationary. Subsidies to farmers are used for the express purpose of increasing the price of food and the cost of living—in other words, to create inflation.

"Subsidies to other pressure groups largely represent payments from the Federal Government to the states, a bitter controversy now is running because the rich states are thereby heavily mulcted in favor of the poor states.

For example, in the year 1948, New York State was taxed \$852,000,000 for its contribution to the Federal Government's total expenditure for grants-in-aid to the states, but what it got back as grants-in-aid from the Federal Government was only \$433,000,000. Thus it was mulcted for \$419,000,000.

On the same account, Illinois was taxed \$158,000,000 more than it got back; Ohio's loss was \$84,000,000;

Long Division
\$92,500,000 and the state Gremlin only \$14,500,000; the total inheritance tax is \$49,000,000, of which the federal Gremlin takes almost \$40,000,000 and the state Gremlin only \$9,000,000.

Everywhere federal, state and local taxes overlap and there is no proper law of division.

The states are saying, the rich states especially, that if they were free to exploit their own sources of tax revenue they could very well do without the grants-in-aid they receive from the Federal Government, for social purposes, such as education, public health, relief, and social security.

Bitter Controversy
On the subject of grants-in-aid from the Federal Government to the states, a bitter controversy now is running because the rich states are thereby heavily mulcted in favor of the poor states.

For example, in the year 1948, New York State was taxed \$852,000,000 for its contribution to the Federal Government's total expenditure for grants-in-aid to the states, but what it got back as grants-in-aid from the Federal Government was only \$433,000,000. Thus it was mulcted for \$419,000,000.

On the same account, Illinois was taxed \$158,000,000 more than it got back; Ohio's loss was \$84,000,000;

Ex-Nazis Flock To German Offices, But No One Is Alarmed

By DONALD DOANE

STUTTGART, GERMANY.—(AP)—Thousands of former Nazis are returning to public office in Western Germany.

Does this mean nazism is reviving? A high German official Wednesday insisted it does not. A high American authority agreed with him.

Neither was alarmed by the disclosure Monday that 76 per cent of the 11,000 officials in the government of Wuertemberg-Baden state once belonged to the Nazi Party.

The German and American officials differed, however, in their explanation of these figures.

"We can not find enough able officials to run the government without using these former Nazi Party members," said Reinhold Maier, German minister-president of Wuertemberg-Baden.

"I don't agree with that," said Maj. Gen. Charles P. Gross, U. S. commissioner in this state.

Professional Politicians
Gross said the rehiring of ex-Nazis is a product of the German bureaucratic system by which the same group of officials continues to administer the laws, no matter who controls the government.

"These officials form a close fraternity," the American commissioner said.

"They favor each other. They protect each other. They hire each other. These ex-Nazis who are returning to their old jobs are being rehired not because they were Nazis but because they belong to the fraternity."

Gross criticized the German bureaucracy as "too autocratic" in its relations to the public, yet too willing to follow any leader—"the Kaiser, Hitler or the Allies."

Maier insisted those being rehired never were really active Nazis. "They were not political people at all," he said. "Most of them were pressured into joining the party in order to hold their jobs."

"These people are professional public officials. They served the Weimar Republic. They served Hitler. Now they are back again, doing the jobs they know best."

Kansas GOP City Honors Home Town Boy Who Made Good

LEAVENWORTH, KAN.—(AP)—Bill Boyle, the local boy who made good politically, Democrat that is, is coming back for a pat on the back by the old home town, Republican that is.

The county seat city, long a Republican stronghold, Thursday is going to honor William M. Boyle, Jr., chairman of the Democratic National Committee, strictly as a "successful son."

Boyle was born here and went to school at the old Cathedral Grade School until he was 12 years old. Then his family gave up its confectionery store and moved to nearby Kansas City, across and down a piece on the Missouri River.

Mayor Ted L. Sexton, a prominent Leavenworth Republican, is ramrodding the Bill Boyle program along with Bill Hull, who runs a laundry.

Strictly Non-Political
Sexton and everyone connected with arranging the program is anxious to make it clear the "Bill Boyle Day" is absolutely non-political. Several chairmen of the arrangement committee shoot a wary stick in GOP circles. And Sexton emphasizes:

"We're honoring Bill as a local man who has made good."

Boyle, himself, is slated to talk little. He's down for a brief speech on the program. It'll be mostly shaking hands with old boyhood friends and probably trying to remember names and faces that look mighty familiar.

He'll be feted at two banquets. And there'll be a parade, a public reception and tours of the city and nearby points, including trips to the Army Command and General Staff College at Fort Leavenworth and the federal prison here.

Boyle and his wife were scheduled to arrive here Wednesday afternoon. His mother, Mrs. Clara Russell Boyle of Evansville, Ind., came here last week and is staying with a sister, Mrs. Fred Boeppler. She will share the spotlight with her son.

Rotarians Invited To Lubbock Meet; Gen. Bradley Is Speaker

Members of the Midland Rotary Club, through President Hilton Kaderli, have been invited to attend the annual Spring inter-city meeting sponsored by the Lubbock Rotary Club there at 6 p. m. Monday.

Gen. Omar Bradley will address the gathering at 8 p. m. The area-wide meeting will be held in Lubbock's Rosenthal Field baseball park.

Reservations for the barbecue supper must be made by Thursday, Kaderli said. Requests for tickets at \$1.50 each should be mailed to Secretary, Lubbock Rotary Club, Hilton Hotel, Lubbock, Texas. Checks for tickets must accompany the orders.

For those interested in hearing General Bradley's address but not attending the barbecue, the general gate to the park will be open between 7:30 and 7:45 p. m. with no admission charge.

Answer to Previous Puzzle

Typically True Postal Tradition

EASTON, PA.—(AP)—Postman Frank Buss took the mail through in true postal tradition but it sure required a bit of doing.

When Buss couldn't find his pouch of mail at the usual pickup point Tuesday, he started a door-to-door canvass of the neighborhood. One woman, whose name he didn't learn, said she had found the bag on her porch.

"Why," she said in a horrified tone, "I thought it was junk and gave it to a junk dealer."

The junk dealer was located. After a lengthy search, postal authorities found the bundle of 700 pieces of mail in a bailer with some old paper.

Have A Laugh

By BOYCE HOUSE
A West Texas justice of the peace had only one book, a Sears-Roebuck catalog, which he consulted when about to assess a punishment. When testimony and argument had ended in a hog-stealing case, the justice flipped the pages open, dropped a random finger on an item and announced, "The fine will be \$4.87." When the prisoner started to protest, the jurist snapped, "Shut up, you're lucky I happened to turn to 'children's dresses' instead of 'pianos.'"

The judge addressed the prisoner at the bar. "Guilty or not guilty?" The accused replied, "Ain't that what we've got the jury here to decide?"

Combat Oily Skin Areas

By ALICIA HART
NEA Staff Writer

Women with dry skin often have areas about the nose and chin which are oily. The dry skin cream which is right for the rest of the face obviously won't do for these areas.

To combat these oily sections, a camphor cleansing lotion which is somewhat astringent is helpful. It should be patted on with cotton balls morning and night, before you rinse your face with cold water.

During the day, these spots will become oily and unpleasantly shiny many times. Use the astringent treatment as often as you can. If possible, once every two hours. And make use of the handy pure linen rag tissues which quickly absorb excess facial oil without disturbing make-up.

If you use a liquid powder base, which is right for dry skin, don't apply it to the oily spots. Instead, blend the base up to these areas carefully and then simply powder over them lightly.

Several times a week you'll find it helpful to dip cotton balls in a bowl of ice water and apply them to these areas. Try to do it when you have a few moments in which you can lie down to rest.

Stripling Is League Speaker At Meeting

A talk by a guest speaker, reports from the last month's work and plans for Summer activities made up the program for members of the Midland Service League who met Tuesday morning in the Trinity Episcopal Parish House.

Robert E. Stripling was the guest and spoke on "Communism." He is the author of a book on that subject. Mrs. Steve Patton was welcomed as a new member. She is a transfer from the Tulsa, Okla., Junior League.

Plans were made to present the hospital cart to the library on wheels which members have maintained at the Western Clinic-Hospital, to the Women's Auxiliary of the Midland Memorial Hospital for use there.

To Maintain Library It was voted to keep the Terminal Branch of the Midland County Library open on Saturdays during the Summer months. Two league members, one to tell stories and one in charge of books, will be on duty. During the Winter, the library also has been open on Tuesday and Thursday afternoons.

It was reported that from April 1 to May 1, League members worked 513 1/2 hours on their various projects. Assisting Art Cole with "Tom Sawyer," Children's Theater production, accounted for 173 1/2 hours and 150 hours were spent in the Latin American Recreation Center.

In discussing the center, it was pointed out that during April, 492 children attended recreation periods and from May 1 to May 10, 371 children had been registered. In the 19 nights the center has been open since it was moved to a new building, 1,456 children have attended.

Mrs. Rubin Named Delegate To State Convention Of BSP

Mrs. Randy Rubin, president-elect, was chosen delegate to the Beta Sigma Phi state convention at a meeting of Beta Delta Chapter Tuesday night. This was the final meeting for this year and was held in the home of Mrs. A. R. Aytes, retiring president.

The convention will be held this weekend in San Antonio. Among those going from Midland are Mrs. Aytes, Mrs. Rudy Rubin, Lunelle Zeek and Myra McReynolds.

Names of "secret sisters" for the Summer were drawn. Committees for the style show to be given in September were announced. These were appointed by the sorority's city council. A report from the West Texas Area Council meeting in Sweetwater was given by Mrs. Randy Rubin and it was announced the city cleanup project is almost complete.

Mrs. Aytes served refreshments to the members present.

Mrs. Reimers Gives Club Demonstration

MCCAMEY—Mrs. F. C. Reimers demonstrated selection of material for draperies, the making and hanging of draperies at a recent meeting of the McCamey Home Demonstration Club.

Plans were made to order tools for working with leather a craft to be taught to club members. Refreshments were served.

Scene From School Play

A scene from "The Clue of the Red Ribbon," a play which the John M. Cowden Junior High School Dramatic Club will present at matinee and night performances in the school auditorium Thursday, has most of the cast onstage. Left to right are Mary Wynn, Mimi Speed, Frances Heffen, Margie Neill, Larry Ann Burnside, Carol Walker, Betty Sivalls and Margie Miller. Another actor in a major role, not pictured, is Carol Ann Wilkinson. The play is directed by Joyce Jenkins.

Crane Study Club's Officers Installed At Dinner Program

CRANE — Mrs. Paul Crandell of Franklin, a board member in the Texas Federation of Women's Clubs and chairman of citizenship in Eighth District Federated Clubs, installed new officers of the Crane Study Club at a dinner in the Crane Community Hall Monday.

Mrs. B. W. Ervin became president to succeed Mrs. John E. Clark, who introduced the dinner program. Other officers installed were Mrs. H. Currie, Mrs. Harry Cowden and Mrs. J. O. Coffey, vice presidents; Mrs. R. V. Wilson, Jr., recording secretary; Mrs. Troy Laxton, treasurer; Mrs. Addie Bell, corresponding secretary; Mrs. Evelyn Riden, historian; Mrs. R. V. Wilson, parliamentarian; Mrs. J. C. Waller, reporter; and Mrs. Clark, federation counselor.

Mrs. O. E. Stevenson assisted Mrs. Crandell in conducting the installation which had the theme, "Golden Apples of Opportunity." Mrs. R. V. Wilson gave the invocation. On the program were vocal solos by Gloria Jean Looney and Lola Faye Holt, dances by Nina Gayle Barr and Peggy Owens and a trio selection by Jackie Lou Mackey, Kathryn Smith and Lila Kinsey.

Mrs. Hudson and Mrs. Dotson, retiring and new presidents of the Sorosis Club of Grandfalls, were guests. The Sorosis Club, with the McCamey Women's Club, sponsored organization of the Crane Study Club this year.

Others present were Mrs. Max Leaman, Mrs. I. Leaman, Mrs. Gay Miller, Mrs. A. B. Meiner, Mrs. H. E. Hendricks, Mrs. R. O. Warren, Mrs. Pete Parrott, Mrs. Guy Bosworth, Mrs. Sam White, Mrs. B. P. The tables and stage were decorated to represent a Spring garden.

Keep Clothes For Housework

By ALICIA HART
NEA Staff Writer

Dressing for housework with comfort and appearance in mind is just being efficient. It makes housework easier and more fun.

Begin with a girdle which is properly fitted and therefore comfortable. Never wear out your old girdles around the house. It isn't economy; it's ruinous to your figure and brings on fatigue. Be sure your girdles permit stretching, bending and stooping with complete comfort. Don't try to get extra mileage out of old stockings full of runners. It isn't fair either to your family or your own self-respect.

Your dresses should be simple, in flattering colors, away from drab, "practical" prints. They should be one-piece, with a wide skirt and a pleated back which allows for movement. Try buying dresses which are teamed with matching aprons, just for fun.

You should have shoes which are meant especially for housework and for no other purpose. Don't wear out your old high-heeled shoes on the job. They'll tire you, ruin your feet and spoil your appearance.

Adenauer Backs Plan To Pool Coal, Steel

BONN, GERMANY —(AP)— Chancellor Konrad Adenauer Tuesday announced his "full determination" to carry out a French proposal for pooling coal and steel production of France and Germany.

Such technical difficulties as continuing Allied limitations on West German steel production would not be allowed to interfere with achievement of the greatest possible degree of unity between the two ancient enemies, Adenauer said.

Civic Music Club Votes To Change Name

CIVIC MUSIC Club members voted Tuesday night to change the name of the organization to the Midland Music Club, to avoid confusion since the Civic Music Association is operating here now. The vote was taken at a final business session of the season in the home of Mrs. J. B. Koenig, retiring president.

The Civic Music Club was organized in 1937 and has been a leading organization in musical progress of Midland. Its members assisted in forming the Civic Music Association in the Fall of 1948, although the two groups are not affiliated in any way.

Because the Civic Music Association is a national organization and that name is used by all its branches, the Civic Music Club members decided that they would change the club name even though it has the prior claim in Midland.

The club is formed of members who are actively interested in music and who participate in programs during the year as well as sponsor musical events for the public. The association is an organization with the purpose of bringing nationally-known musicians to the city for a series of concerts each season.

Officers of the newly-named Midland Music Club are M. O. Gibson, president; Mrs. L. S. Melzer and Mrs. Benton Howell, vice presidents; Mrs. Frank Miller, recording secretary; Mrs. Gibson, corresponding secretary; Lotta Williams, treasurer; Mrs. Frank Thompson, historian, and Mrs. Sam Geffen, reporter.

It's Birthday Number 96 For David Rhodes

David I. Rhodes celebrated his 96th birthday Wednesday in Midland.

Friends were to call at an open house scheduled from 3 to 5 p.m. at the home of his daughter, Mrs. E. B. Patterson, 704 South Marlenfield Street, where he resides.

Rhodes is believed to be the oldest living Presbyterian in Texas. He has never used tobacco in any form. He has never taken a drink of intoxicating liquor.

He remembers seeing wild Indians on the prairies of West Texas but never had an encounter with them.

He killed a white buffalo near the present townsite of Midland. Rhodes was in good health for his birthday celebration.

Social Security Law Revision

It's pretty widely accepted in Washington that broad social security will be one of the chief accomplishments of the current session of Congress.

The Senate committee version would raise payments out 90 per cent, while the House measure lifts them an average of 70 per cent.

The payroll tax would be levied on the first \$3,000 of individual's income under the Senate plan.

There's a minor aspect of this payroll tax business that deserves attention and doesn't seem to be getting it.

Suppose you start out the year working for one employer but switch to another before you've paid your social security tax of 1 1/2 per cent on the full \$3,000 required.

Does the second employer thereafter take out your social security tax only on the remaining \$200 needed to make up the \$3,000 total? He does not.

In the end, you wind up paying the tax on \$5,800 that year. But the law leaves you a remedy.

Inasmuch as Americans are a highly mobile people who do a lot of moving about from job to job, this situation must be very common.

You can well imagine the paper work involved in checking the records, evaluating the claims, preparing the refund checks, and so on.

When Congress puts the new social security measure into final shape, what about incorporating a little refinement which states simply that the "first \$3,000 of yearly income" means just that—and not the first \$3,000 from every employer a man may work for in a year's time.

ECA Steals Cupid's Line

It is pleasing to read that the Economic Cooperation Administration is on the side of marital bliss.

Some U. S. geologists, assayers, and topographical engineers are being recruited for work in the jungles of Africa, Southeast Asia and British Guiana.

The latter says the jungle is no place for wives. And the case of a handful of women assayers, the office says husbands would be excess baggage.

ECA refuses to go along with the colonial officials on this. It claims, too, that the stuffy attitude they've shown as slowed up scientific surveys in the British colonies.

Thus far, however, our British cousins are showing no disposition to change their minds and give a lift to the scientists' home life.

Mute Testimony

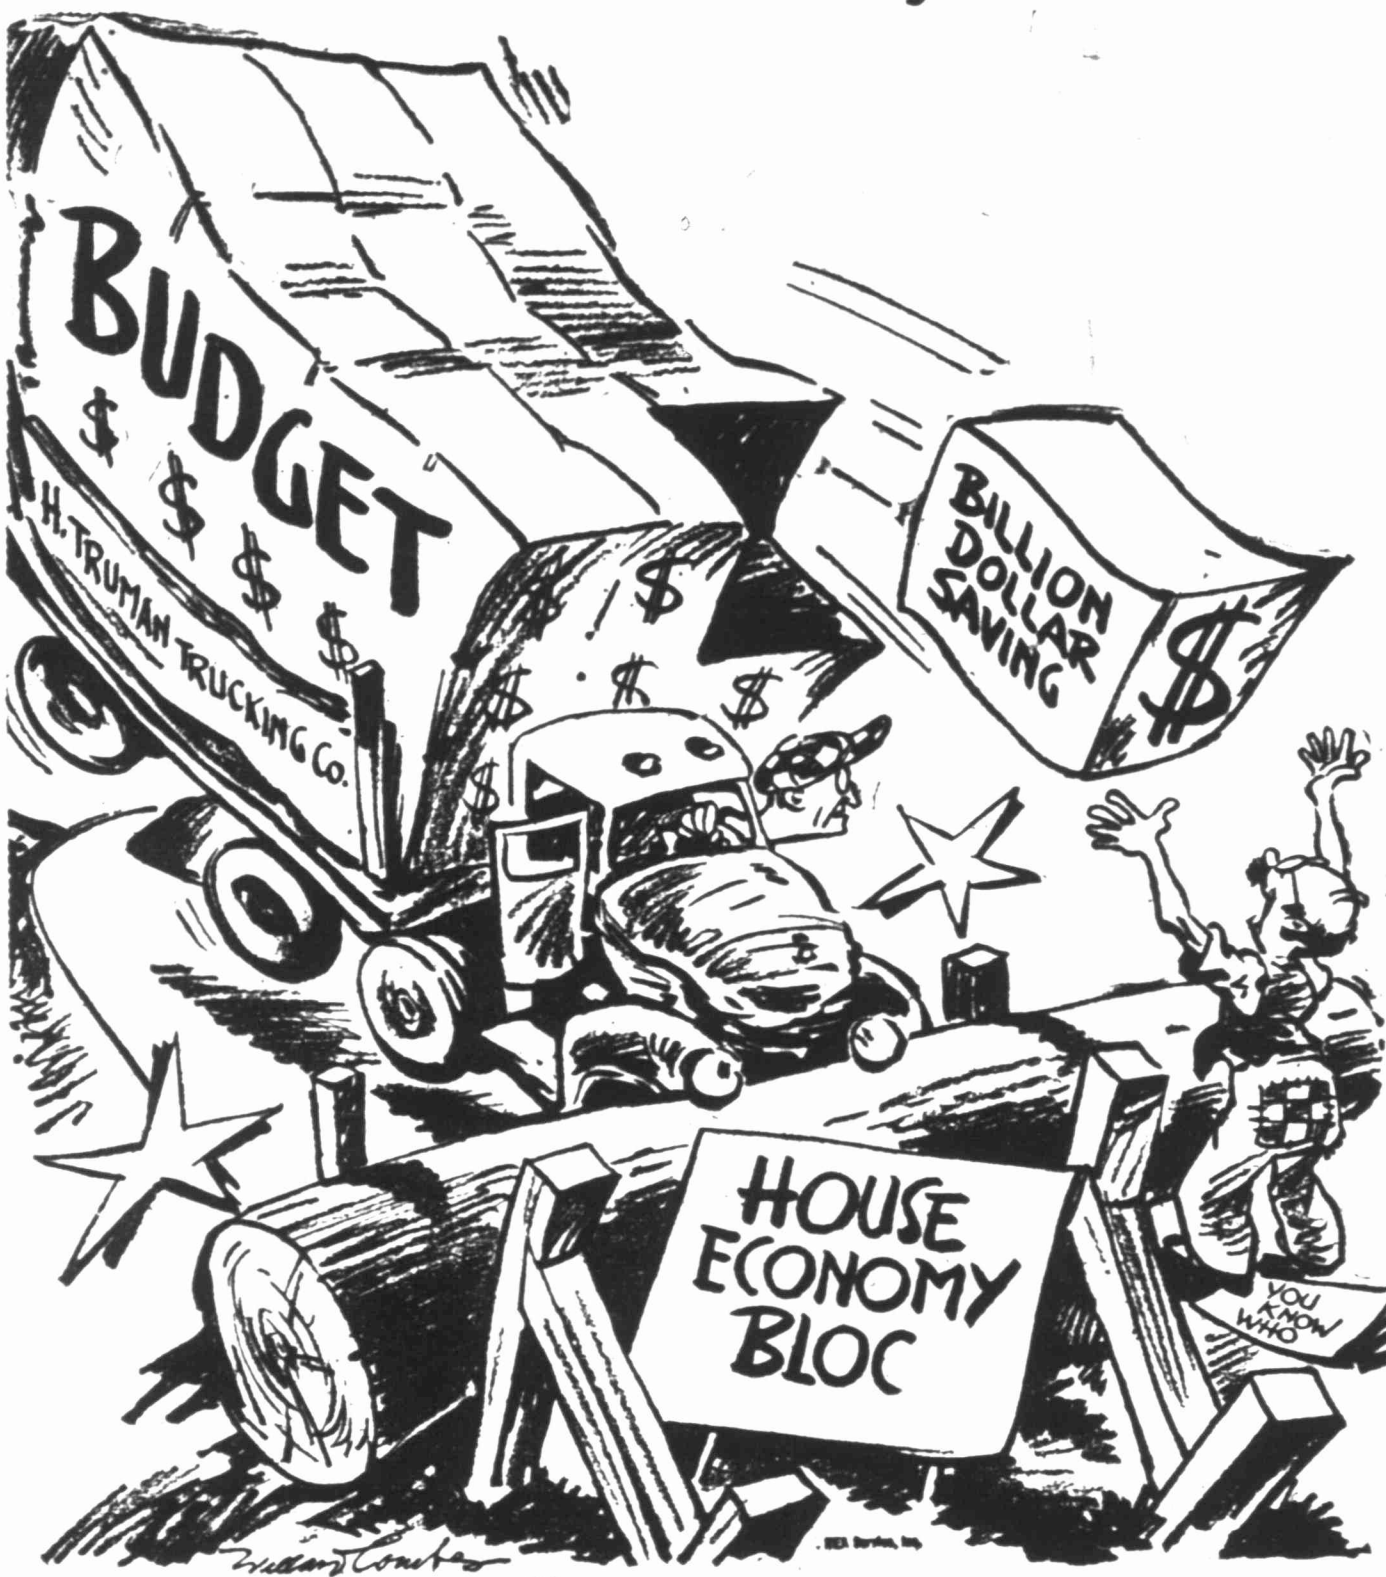

From the moment the Russians announced they had redoubt an American plane "over Latvia" there was little doubt in U. S. minds that the craft had been shot down.

We could not have foreseen, however, that so much circumstantial evidence would be collected in support of that charge.

The link with the missing plane seems strong. One of the rafts and the wheel assembly bore holes which suggested that the plane had been riddled with bullets.

A Swedish expert estimates from knowledge of normal drift in that sector that the plane probably went down about 63 miles from Latvia.

One of the penalties of growing older, with which many men are troubled, is an enlargement of the prostate gland.

Probably the most common early sign of enlargement of the prostate is the necessity for frequency of urination.

As time goes on the bladder is never completely emptied, and its wall or lining becomes thickened.

The amount of pain, irritation, and local discomfort caused by enlargement of the prostate varies from person to person.

Sometimes—and often without apparent warning—a man with an enlarged prostate suddenly may find that he is not able to urinate at all.

The complications of an enlargement of the prostate gland can be serious. Those who have symptoms should not neglect them until serious harm to the kidneys or the bladder itself has been done.

Several different and good methods of operating on the prostate gland aimed at removing some of the excess tissue and relieving the symptoms are available.

West opened the jack of diamonds, and that suit was continued for three rounds. South pounced on the third diamond with the ten of hearts.

South's next step was to draw three rounds of trumps, ending in the dummy. East followed to all three rounds of trumps.

Since East followed suit on two rounds of spades, South knew that two of East's four black cards were spades.

This information made the rest quite simple. South led the ten of clubs to dummy's ace and returned the deuce of clubs to his king.

East played his two small clubs on these tricks. South could then safely finesse through West for the jack of clubs.

U. S. Acts To Solve German Problems—Time's Running Out

By PETER EDSON NEA Washington Correspondent

WASHINGTON—Biggest problem before the Council of Foreign Ministers meeting in London this month is, of course, Germany. But it would be rashly overoptimistic to expect that any prescription for a panacea will be written by U. S. Secretary of State Dean Acheson, British Foreign Minister Bevin, French Foreign Minister Schuman, their experts and advisers.

This may be in the nature of bad Washington news. Both the U. S. Senate and House have under consideration resolutions to investigate American occupation policy in Germany.

The American position on German affairs is somewhat peculiar. The French traditionally are suspicious of anything German—any increase in German power.

A—A career woman is one who has elected to engage in a business or profession as her life's work, instead of devoting herself to domestic affairs.

Q—How long did the famous "Battle of the Bulge" last?

A—This battle, officially known as the Ardennes Counteroffensive, lasted about six weeks. The Germans under Field Marshal von Rundstedt launched the attack on December 15, 1944, and by December 15, the Nazi drive was stopped.

Q—Who presides in the Senate?

A—The vice president of the United States.

Q—What causes meat fat to be yellow in color?

A—The amount of kerotene in the animal's diet determines the yellow color of beef fat. The more kerotene in the feed, the yellower the fat.

COPS TAKE BABY ON TOUR TROY, N. Y.—(AP)—Four-year-old Richard D'Andrea toured Troy at the expense of the police department.

He wandered away from home. Two police officers picked him up a mile away, but he wouldn't say where he lived.

The cops bundled him into a patrol car and cruised around until Dickie spotted his home. Finally opened so suddenly she almost fell through.

"Darn that lock," Mrs. Benoni ejaculated, pushing up the little gadget so that Gloria could see what had happened.

"It falls down. I forgot to tell you to shut the door easy. You look pale, dearie. You must have a glass of nice white wine before you go."

She was so concerned, so patiently once more the hospitable neighbor that Gloria felt ashamed for getting so childishly hysterical.

After all, any lock might get temperamental. The wine in thin glasses and the crisp little waters were so delicious, Gloria and her mother and she realized it, both pies came out of the oven, browned, heavenly fragrant, delectable; except that Mrs. Benoni's pie was almost twice as big as Gloria's.

GLORIA thrilled, broke off a tiny morsel of her own crust and it melted in her mouth like a snowflake in July.

"You're wonderful! It's marvelous!" she cried and flung her arms impulsively about Mrs. Benoni's neck, murmuring dizzily, "My first pie and my first friend in this great city!"

"You're welcome," said Mrs. Benoni, disentangling herself. "I shouldn't have given you that last glass of wine. She propped Gloria, plus pie, gently toward the front door.

She put the pie in the middle of the living room table where Milltiades would see it the minute he opened the door and fell across her bed for a little nap, and when she woke up, it was afternoon. She lay there, deliciously drowsy, wondering what it was Mrs. Benoni had found so upsetting on the morning paper with him to read on the subway and anyway she was sure it had not been the big dignified morning paper that Mrs. Benoni had been reading because of the number of pictures on the back page; when one went out for a dinner suitable to go with the magnificent pie, one might get an early edition of an afternoon tabloid.

The LONESOME BRIDE

By Grace Nies Fletcher Copyright 1950 by NEA Service, Inc.

THE STORY: Gloria Brown, bride of four months, falls miserably at making apple pie for her husband and when she meets her next-door neighbor in the Splendid Apartments, Brooklyn, she is made, during the instructions a divorce with a bang she is made from a swank shop and winks at her hands it to Mrs. Benoni. Mrs. Benoni does not open the box and acts strangely.

MRS. BENONI'S fingers flew about her own pie as Gloria tumbled beside her at the table. "Watch me and do exactly as I do," the older woman instructed.

The apples were ready and she rolled out her dough with delicate, quick strokes. "Light, light as if you were stroking silk," she warned. Mrs. Benoni sliced her lemon very thin, so that there was merely a suspicion of lovely yellow crescents lying on top of the sliced, cinnamon apples.

"Now dot the top crust with butter," she ordered. "Real butter, mind, not margarine. Then you lay the crust on—so—and dust lightly with melted butter and cinnamon—so."

"Ambrosia, fit for Zeus himself," murmured Gloria, awed. Mrs. Benoni eyed her suspiciously. "I thought you said your husband's name was Mil—"

"—tiades," finished Gloria. "He was only a Greek general but Zeus was the Big Sneezes. He liked to shoot off lightning bolts and have ambrosia for breakfast."

"Oh, cereal," said Mrs. Benoni. Just then the phone rang. "Did I ever get my hands in dough that that darn phone don't ring? Put your pie in the oven, dearie. I'll finish mine in a minute." She hurried to answer the phone.

"Hello, Benny? Yes, it came. I haven't opened it yet because Mrs. Brown is here making a pie—Mrs. Brown, you know, the blonde from next door—for heaven's sake, how did I know?" Gloria squirmed uncomfortably, wishing the telephone wasn't in the vestibule right next

Woman's Club Will Bring Year To End

Closing a year, the Midland Woman's Club will hold its May business meeting at 2:30 p. m. Thursday in KCRS Studio. A second reading is scheduled for a new constitution and by-laws and a vote will be taken.

Earlier this season members voted to change the constitution to enable the club to own and manage property. This is one of the preliminaries to the construction of a clubhouse proposed by the organization.

The final program of the year was presented early in May, with the garden clubs of the city as hostesses to present Mrs. Howard Kittel of Fort Worth as speaker. The business session will fall on the club's regular meeting date, the third Thursday in the month.

Officers of the Woman's Club serve two-year terms. Mrs. C. M. Goldsmith, president, and the other officers are completing one year of their term.

Some Quarrels Are Inevitable But Many Are Easily Avoided

BY RUTH MILLETT
NEA Staff Writer

"Is there any way for a married couple to avoid quarrels?" a young wife wants to know.

Not forever, if they are two persons with minds of their own and neither has any desire to be a meek, silent partner in the marriage.

A good many quarrels can be avoided, however, and a woman can do a lot to steer around them if she keeps these few rules in mind: Choose your moment for bringing up a ticklish question. Some women have a sense of timing about such things and some don't. But any woman can develop it if she wants to keep her marriage running as smoothly as possible.

Save your arguments for questions that really are of extreme importance. Arguing over little things is what keeps a marriage upset and takes all the peace out of it.

Don't forget the importance of a sense of humor in day-to-day living. A woman can often avoid a quarrel just by seeing and pointing out something absurd or funny in a situation that is otherwise packed with dynamite.

Even Disposition Helps
Try to be as even-tempered and calm as you can. One relaxed, easy-going person in a household

can have a calming influence on a whole family. And generally that person has to be the wife and mother.

Don't brood over yesterday's quarrel today until you are ready to start the same old fight over again. When you end a quarrel, forget it, except to make a mental note to try to avoid making an issue of that particular problem again if you possibly can.

And remember, too, that a big fight now and then doesn't hurt a marriage. It may just clear the air. It's constant bickering that sours a marriage. And constant quarreling certainly can be avoided—even if just one of the marriage partners is determined to keep peace.

Midland Women To Install Club Heads

Two clubwomen of Midland will go to nearby cities this week in response to invitations to conduct installation of club officers. Mrs. James O. Simmons, Jr., a board member of the Eighth District Federated Clubs and a past president of the Twentieth Century Club here, went to Grandfalls Wednesday.

She was scheduled to install officers of the Sorosis Club there at a luncheon in the Grandfalls Community Hall. Mrs. H. H. Redding accompanied her from Midland.

Mrs. J. Howard Hodge, president of the Texas Federation of Women's Clubs, has accepted an invitation to install officers for the Thursday Study Club of Odessa Thursday and for a club in San Angelo Friday. She has been invited to conduct the installation in a number of clubs this Spring and went to Andrews Saturday for a luncheon at which officers of three federated clubs took up their duties.

DADDY RINGTAIL

By WESLEY DAVIS

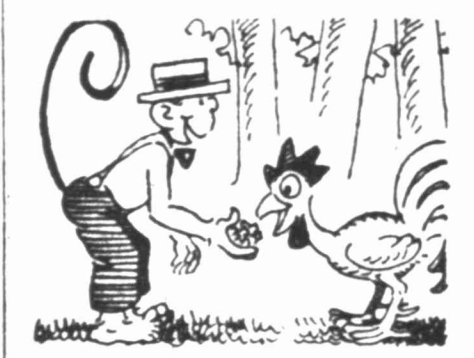

Daddy Ringtail And Popcorn Growing

Daddy Ringtail, your monkey friend, was sitting out on the porch of the monkey house, up in the top of the very tall tree, right in the middle of the Great Forest. He was eating. He was not eating scrambled coconut this time. Oh no! He was eating popcorn. Mother Ringtail was eating it too, sitting right beside him.

"The way people learn about things," Mother Ringtail was say-

ing between bites of popcorn, "is for a something to happen again and again."

She had hardly said it when the rooster began to crow, way down below in the forest. Daddy Ringtail slid down to the ground, and there

ing him, until he learns not to do it any more."

Mother Ringtail smiled as she listened. "The way people learn about things," she said once more, "is for it to happen again and again."

"Then I'll keep telling him—again and again," Daddy Ringtail said. And when the rooster crowed again, Daddy Ringtail slid down to the ground. He told the Featherman not to grab away feathers that people were using, and he gave the rooster another bite of popcorn, and then he climbed back to the monkey house.

He had hardly sat down when the rooster began to crow again. Daddy Ringtail slid down to the ground, but the Featherman wasn't there—not this time. The rooster was crowing for another bite of popcorn. He had learned again and again that he got popcorn when he crowed.

Ah yes, Mother Ringtail was right, you know. People learn a something when it happens again and again, and that is how the rooster had learned to crow for popcorn. Happy day!

13 Texas Congressmen Face Opposition In July

By The Associated Press
Eight Texas congressmen, headed by Speaker of the House Sam Rayburn, will have no opposition in the July 22 primaries.

The other 13 legislators, all of whom seek reelection, have from one to four opponents each. The deadline for filing by candidates was midnight Monday.

Others unopposed for renomination:

Olin E. Teague of College Station, 8th District.
Albert Thomas of Houston, 8th District.
John E. Lyle, Jr., of Corpus Christi, 14th District.
Lloyd M. Bentsen, Jr., of McAllen, 15th District.
Omar Burleson of Anson, 17th District.
Paul J. Kilday of San Antonio, 20th District.
O. C. Fisher of San Angelo, 21st District.

Here's the lineup by districts where there is opposition:

1. Rep. Wright Patman, Texas, opposed by Mayor Abe M. Mays of Atlanta and former state legislator.
2. Rep. J. M. Combs of Beaumont opposed by Price Rogers, 45, Beaumont insurance man seeking public office for the first time, and Hugh Wilson, Port Arthur refinery worker who was unsuccessful in the 1948 primaries.
3. Rep. Lindley Beckworth of Gil-

mer opposed by E. A. Martin, Longview attorney.
Radio Emcee in Race
5. Rep. J. Frank Wilson, Dallas, opposed by Jimmy Jeffries, 45, Dallas radio program master of ceremonies.
7. Rep. Tom Pickett of Palestine nominated by Roger Knight of Madisonville and J. S. Holleman of Livingston.
9. Rep. Clark Thompson of Galveston opposed by Dan M. Kimbrough, 48, a Clute, Texas, pharmacist.
10. Rep. Homer Thornberry of Austin opposed by Magness L. Foster, 40, manager of Austin Driver Training Institute.
11. W. R. Poage, Waco, a ranking member of the House Agriculture Committee, has drawn three opponents. One is Mrs. Tom Travis, 42, a Waco real estate agent and builder with no previous political experience. The other two are former Waco Mayor Richard C. Bush, 48, an advertising and newspaperman, and Attorney John L. Bates, Jr., 29, of Waco.
12. Rep. Wingate Lucas, 41, Grapevine, opposed by F. M. Latham, Sr., Ron Rendon, real estate dealer, and John B. Roscoe Pierce, 37, Fort Worth tire salesman and T-V hillbilly guitar player.
14. Rep. Ed Gossett of Wichita Falls, opposed by Mrs. Edith Williams, 67, lawyer and Jack County rancher, formerly of Dallas.
16. Rep. Ken Regan of Midland opposed by District Judge Paul Moss of Odessa and Fred Hervey, El Paso restaurant chain owner.
18. Four seek the Democratic nomination to succeed Eugene Worley of Shamrock, who quit to accept a federal judgeship. They are Walter E. Rogers, 41, Pampa, former district attorney; Leroy Pete Lamaster, 34, Perryton; J. Blake Timmons, 33, Amarillo, now a state legislator; and Mrs. Altavene Clark, Amarillo, now a federal job-holder.
19. Rep. George Mahon of Colorado City, opposed by A. M. Ripps, Big Spring, 65, retired railroad.

NBPEC Is To Hold Annual Meeting In Fort Worth Friday

The North Basin Pools Engineering Committee will hold its annual meeting in Fort Worth Friday. The session will be at Hotel Texas and will start at 2 p.m.

The committee, which maintains its headquarters offices in Midland is a cooperative engineering study group of oil operators for 15 oil pools in the north side of the Permian Basin of West Texas.

Included in its membership are 156 operating concerns. The petroleum reservoirs covered by the committee have 6,048 producing oil and gas wells which is 23 per cent of all wells in districts 7-C (San Angelo) and 8 (Midland) of the Oil and Gas Division of the Railroad Commission of Texas.

Serves Many Pools
The committee was organized in March, 1939 and has operated continuously since. V. E. Cottingham of Midland is the chairman of the group and devotes full time to directing the program of the committee.

Oil pools served by the North Basin Pools Engineering Committee are: Adair, Anton-Irish, Levelland, Ownby, North Riley, Russell 61, Russell 74, Seminole 52, Seminole 63, West Seminole, Slaughter, Waples-Platter, Wasson 51, Wasson 66 and Wasson 72.

This organization is one of 13 field engineering committees now operating in the Permian Basin of West Texas and Southeast New Mexico.

Queen Mother And Princess To Defy Egypt Court Edict

SAN FRANCISCO —(AP)—Queen Mother Nazli Wednesday declared court intrigue forced King Farouk to disown and impoverish his kid sister, Princess Fathia.

And Fathia, 19, announced firmly that she would defy her brother by marrying in a Moslem ceremony, Riad Ghail. She married the 31-year-old Coptic Christian commoner civilly here April 25.

Riad, labeled a fortune-seeking adventurer in Cairo court circles, is secretary of the queen mother.

Nazli charged: Prince Muhammad Ali, Fathia's uncle and her apparent, "is scheming to get on the throne" of Egypt. The prince is chairman of the Royal Council, which Tuesday stripped Fathia of her title and property.

The prince "is always plotting ways to make Fathia look bad, and to break up our family," the queen charged. "He is an evil influence on the king and surrounds him with bad advisers."

Grocery Clerk Dies After Giving Blood To Save Life Of Son

OAKLAND, CALIF. —(AP)—Sidney E. Lawrence, 40, a grocery clerk who gave his life's blood to save his son, died Monday.

Physicians said Wednesday the son, 11-year-old Robert, probably would recover from nephrosis, a kidney disease which necessitated the blood transfusion.

The physicians said there was no danger of the disease being transmitted, but they had explained to the father there was danger to the donor from foreign material being taken into the system.

"Go ahead," the father said. For almost three hours, he and his ailing son were linked together by tubes exchanging their blood.

DALLAS ATTORNEY DIES
DALLAS —(AP)—Cecil Lane Simpson, 77, former Dallas County judge, died Tuesday in a hospital here. He had practiced law in Dallas almost 50 years.

Resigned Czech UN Delegate Blasts Red Dictatorial Policies

LAKE SUCCESS —(AP)—Czechoslovakia's chief delegate to the United Nations has quit his job and asked President Truman for refuge in the United States because, he says, his country is being Russianized.

The UN delegate, Vladimir Houdek, 38, broke with his Communist-led government Tuesday. He lined up with Yugoslav Marshal Tito's brand of Communists by attacking Russian pressure on countries trying to develop their own kind of "socialism" and called a message to Russia's Premier Joseph Stalin assailing the Soviet program.

"It is obvious that the countries building socialism have much to learn from the experiences of the Soviet Union," Houdek cabled Stalin. "It is, however, impossible in the long run at least, to force them to take over and copy everything which resulted from special Russian conditions."

Protest Before World
In a telegram to Truman, Houdek said he resigned "in order to protest before the world whole against the methods which are being used in Eastern European countries, including my own x x x. These methods have been imported to our country by a few individuals installed in a 'Rokossovsky way' in top positions. x x x

"The flagrant treatment of American diplomats by the Czechoslovak Ministry of Foreign Affairs recently was but another expression of this attitude."

Houdek was the second Soviet satellite diplomat to quit his delegation over the "Rokossovsky way." Aleksander Rudzinski, once acting head of the Polish delegation, broke with his government January 18 in protest against the appointment of Soviet Marshal Konstantin Rokossovsky as Polish defense minister.

Colleagues Honor Accused Professor

BALTIMORE —(AP)—The Communists might not have won control of China if some of his suggestions had been accepted, Owen Lattimore told his colleagues at Johns Hopkins University Tuesday night.

More than 600 members of the faculty and students at the university turned out to show Lattimore they believe he is a loyal citizen.

Lattimore, a Hopkins professor has been the main target of Senator McCarthy (R-Wis). The senator has called Lattimore the top Soviet spy in the United States and contended he shaped this country's Far East policy.

He was no shaper of Asiatic policy, Lattimore said. In fact, he added, if some of his ideas had been accepted, they might have prevented the American position in the Far East from becoming "so dangerously exposed to further successful advances."

Lattimore, who is director of the university's Walter Hines Page School of International Relations, won heavy applause from his listeners.

Witnesses Say Trick Movies Promoted Car
LOS ANGELES —(AP)—Trick movies of a production line which didn't exist were used by Gary Davis, promoter of a three-wheel car, to push investments in his project, two witnesses testified at his preliminary hearing.

"We never had an assembly line, never went into production. Each of our 15 pilot cars was handmade," Robert L. Buckler, former production engineer for the Davis Motor Car Company said Tuesday. Ex-Production Manager Joseph Charpar quoted Davis as telling a dealer: "I'll have autos rolling out in 90 days."

Davis faces a \$80,000 grand theft charge.

Truman Having Hard Time Filling Positions Despite Higher Pay

WASHINGTON—(AP)—President Truman still is finding it difficult to fill top-level government posts despite the attraction of higher salaries.

As he got back to a full day's work behind his White House desk Wednesday after his nine-day jaunt to the West Coast, he found 18 important vacancies, some of them dating back to last year.

The salaries of these jobs range from \$12,000 to \$17,500 a year. In addition to the 18, two \$15,000 a year positions of assistant secretary of agriculture will be available shortly if the agriculture reorganization plan becomes effective, and all Atomic Energy Commission members' terms expire June 30.

Only one of these five AEC commissionerships is open now. A \$17,500 a year chairman is expected to be named whenever the President finds the man he wants.

Truman is looking for three men to fill the \$17,500 jobs as undersecretary of agriculture, commerce and interior.

Opening For Director

There also is a \$16,000 opening for a director of mutual defense assistance and the following \$15,000 positions waiting to be filled:

Assistant attorney general, assistant postmaster general, administrative assistant to the President, the has five, has never had the sixth permitted by law, undersecretary of the air force, director of the newly-created national science foundation, and seven district judges, including three in California, two in New York, and one each in Ohio and New Jersey.

The \$12,000 vacancy is on the 14-member U. S. tax court.

You pay the government \$22 a year in taxes, if you smoke an average of a package of cigarettes a day.

Ceremonies Mark First Volume Of Jefferson Papers

WASHINGTON—(AP)—President Truman and Gen. George C. Marshall Wednesday headed the list of dignitaries for a ceremony marking the publication of the first of 52 volumes of the papers of Thomas Jefferson.

The ceremony, in the Library of Congress, called for the first presidential address ever given there in the 150 years' history.

Joint sponsors were the library and Princeton University, which is compiling and editing the Jefferson papers. They are being published by the Princeton University Press.

The 52 volumes will be far the most comprehensive collection of the ideas of the man who, scholars say, had the greatest mind of his time in America. They will include some 18,400 letters written by Jefferson, about 25,000 letters in full or in summary written to him, and Jefferson's special writings on subjects ranging from architecture, law and political science to religion, meteorology, agriculture, wine and cookery.

The project, which was started in 1943 and will be completed until 1963, is rated as one of the largest book publishing undertakings in the nation's history. The total cost is estimated at \$1,000,000.

Holdup Man Agrees With Sign: Silence Must Be Observed

BALTIMORE—(AP)—The big "Silence" sign hung conspicuously above him as Gilbert Scherr softly shoed down the stone steps Tuesday night toward the first floor of the big library.

A bareheaded young man coming up stepped in front of him, pointed a pistol and grunted.

"Give me your money, or I'll blow your brains out," Scherr handed over his wallet.

"Could I have my wallet back, please?" he asked softly. "I have some valuable papers and cards in it."

The gunman handed the wallet back.

"Take out the money," the bandit said, more softly.

Scherr took out \$12 and handed it over to the robber, who slipped quietly down the stairs and out of the building.

Have'n't those signs bothered you, too?

Taft Pledges GOP Fight On Communism, Spending

WASHINGTON—(AP)—A pledge to oppose communism abroad and eliminate it from government agencies at home is the No. 1 promise in an official Republican bid for control of Congress.

Senator Taft of Ohio made the GOP promises Tuesday night over a nationwide radio hookup. It was the Republican reply to President Truman's cross-country speaking tour.

Taking the offensive, Taft said Democratic policies have raised the threat of a third world war and at home he pointed the nation toward regimentation and socialism, leading to bankruptcy. He said:

"The general program of the Truman crusade is clear. Promise everyone everything, and hope to back it up with government money. Every American knows in his heart that such a policy will wreck the United States and reduce it to bankruptcy. It will bring, first inflation, and then depression."

Taft said midway of his speech that "The political morality of the Truman Administration has shaken the confidence of the people in their government."

Cites Alger Hiss Case
Then he referred to the Alger Hiss and other cases involving the State Department, given new attention by the investigation of charges of communism hurled by Senator McCarthy (R-Wis). They are being probed by a Senate subcommittee but Taft made no direct reference to that.

Instead he recalled President Truman's "shouts of 'red herrings,'" and added:

"Every file and every fact which reflects on the past policy of the Administration is ruthlessly suppressed and refused to Congress."

Taft noted that on his recent trip President Truman "accused opponents indiscriminately of greed and privilege."

But Taft said Truman "said not a word about greed and privilege—and crime—in his home ballroom of Kansas City or in the White House itself."

President Truman had returned here a few hours earlier aboard the special train that carried him to the Far West and back on what he called a "non-political trip" for most of the way. Taft said Truman was out politicking for the election this fall of more Democrats who think his way.

Yalta, Potsdam
On the possibility of war, the senator said:

"The people are concerned with the threat of a third world war. I am myself hopeful that it will never occur, but it is the foreign policy of the Democratic Administrations which has made it possible."

In this connection, Taft mentioned what he called the pro-Communist attitude of Henry A. Wallace and the late Harry L. Hopkins, who were Franklin D. Roosevelt aides, and "the secret agreements of Yalta, confirmed at Potsdam (by which) we have placed Russia in a position where it is a threat to the world."

He said the country faces a fundamental issue in November when it elects a new Congress to serve the next two years of President Truman's current term.

"Shall we turn the country over to Mr. Truman and a rubberstamp Congress, or shall we elect a Congress that believes in liberty and Americanism and a sound fiscal policy?" asked Taft.

Twenty-eight cities, 32 counties, and one state in the United States bear the name of Washington.

TEXAS ICE DAY—MAY 17!

for perfect Refrigeration
you need the **COLD-PLUS-MOISTURE** of **manufactured ICE**

COLD ALONE IS NOT ENOUGH

Cold alone will keep most foods from spoiling—but cold alone won't preserve the vitamin content and garden-fresh crispness of the vitally important vegetables your family eats!

Modern Ice Refrigerators are beautifully and scientifically designed to get the greatest refrigeration value out of pure, crystal-clear, slow-melting manufactured ice. Only the Ice Refrigerator gives the three essentials of food refrigeration: constant cold—balanced humidity—elimination of odors and impurities.

100 YEARS OF PROGRESS

Behind the amazing development of Ice Appliances is 100 years of progress by the gigantic, vitally important ice manufacturing industry. This industry had its beginning at Apalachicola, Florida, in 1850 when Dr. John Gorrie invented America's first ice-making machine.

The second machine was installed in New Orleans a few years later and then moved to Brownsville, Texas. And the third machine was built at old Jefferson, Texas, in the middle Seventies.

Dr. Gorrie made just enough ice for the treatment and comfort of his patients... today, some 7,000 ice manufacturing plants produce over 50,000,000 tons of ice each year. Virtually all industries use manufactured ice in one way or another—but the greatest users are those concerned with the shipping, storage and distribution of meats, poultry, seafoods and produce. In transportation of perishables alone, some 5,000 insulated trucks and freight cars, refrigerated with ice, shuttle back and forth across the nation daily, filling the shelves and ice refrigerators of America's 150,000,000 well-fed-people!

In TEXAS ALONE, 600 ICE MANUFACTURING PLANTS produce for Texas homes and industry five million tons of ice per year. This means the opening of distant markets for Texas fruit, vegetables, meats, and seafood—the preservation of foods for Texas families—the easing of Texas summers with cooling refreshments.

- THE MOST IMPORTANT THING ICE DOES IS MELT!**
Melting ice in your refrigerator carries away heat... carries away food odors... provides the combination of cold-plus-moisture that means perfect preservation of the foods your family will eat.
- TRAINED ICE SERVICE MEN!**
Ice service men today are trained thoroughly, as all good businessmen should be. They service your Refrigerator without making a mess... they make sure that pets or children don't slip out the door with them... they look, and are, neat and efficient and thoroughly familiar with their business.
- PLENTY OF PURE CLEAR ICE ALL THE TIME!**
Why fight a losing battle with home-made ice during the summer months? Real manufactured ice not only makes foods better for you—it provides a constant liberal source of sparkling ice for chilled drinks, table use, ice cream—and it costs so little!
- GLAMOR-ICE YOUR MEALS!**
Diamond-sparkling manufactured ice can give a party touch to the most commonplace chilled dish. Salads, cocktails, relishes, and desserts take on new zest... new appetite appeal... new, fresh taste!

How UP-TO-DATE ARE You?
How up-to-date are you in your thinking about ice refrigeration equipment? Modern Ice Appliances are a far cry from what they were even a decade ago—better looking, better built, far more efficient. No matter what kind of refrigeration you're using, it will pay you to find out about the NEW ice equipment that is now available. Let us show you—you'll be surprised!

- Small Portable Cooler, ideal for fishing, hunting, or picnics.
- Beautiful modern Ice Refrigerators with circulating cold air.
- Large Portable Cooler made to fit in luggage compartment of car.
- Fish and Poultry Chest indispensable to food stores.
- Pressure Water Cooler in baked enamel with Bobber.
- Vegetables require ice refrigeration for garden freshness and crispness.
- Hand and Electric Freezers for real ice cream.

"Shifts or no shifts, I'll always be shooting for those shifts." The speaker? Who else but Ted Williams, the center of the American League, in more ways than one.

Williams never has said so publicly but what baseball slugger wants most—next to seeing his Boston Sox win a pennant—is to break Babe Ruth's record of 60 home runs in one season.

Williams already has reached the 400 batting figure. He's won the batting title, not once but twice. He's already gained the Most Valuable Player Award.

This year he's setting his sights on 60 home runs. With 11 four-homers in Boston's first 28 games, there is no doubt that Ted Williams won't be the Bambino's most coveted home run. Remember also that Ted has seven games because of illness. Breaking it down, Williams averaged better than one homer per game.

Williams is being paid to hit homers. He once said when he was hit for not trying to break up the home hitting more to left. "Four singles in a game is great, but two runs and winning ball games is better."

Williams and his slugging mate, Vern Stephens, each slammed two homers Tuesday to account for all Boston's runs as the Red Sox defeated Detroit 6-1. The loss dropped the Sox out of first place, with the New York Yankees taking over the lead for the first time this season.

Holds Hurlers Shutout

The Yankees buried the St. Louis Cardinals 11-0 behind Allie Reynolds' hit pitching. Billy Johnson led the Sox to four St. Louis hurlers a home run and two singles. The homer came with the bases loaded to highlight an eight-run inning.

Washington retained its half-fourth place margin over Cleveland's Indians by nosing out the Sox in Chicago 6-5 while the Sox were smothering the Philadelphia Athletics 15-4.

Robin Roberts protected Philadelphia's first-place hold in the National League by besting Ewell Blackwell of Cincinnati in a thrilling duel. Roberts allowed two hits as the Phils eked out a triumph over the Reds. The Sox got only three hits off Cincy's right-hander. Two of them, however, came in the first inning led to the lone run of the game.

Key Hits

Key hits by Richie Ashburn and Gran Hamner and a walk to the Waitkus loaded the bases. Earn scored when Del Ennis hit a double play. Both Cincinnati hits were made by Ron Norwood, a former Phil.

Pitcher Roe pitched the Brooklyn Dodgers into second place with a triumph over the St. Louis Cardinals. The slender left-hander led only four hits in register in his third triumph. It marked his complete game hurled by a pitcher and Roe has pitched only four complete games.

Sammy Sain turned in his second consecutive shutout for Boston's Sox blanking the Pittsburgh Pirates 3-0 with six hits. He shut out the Sox by the same score in his outing. Walker Cooper drove the first run off Murry Dickson. Bob Elliott clinched it in the sixth with a two-run homer.

Home runs by Wayne Terwilliger and Pafko, each with a man on base in the third inning, gave the Cubs a triumph over the New York Yankees.

Try Doby drove in six runs with a slam homer, a triple and a lead to lead the Indians to their third victory over the A's. The Phils collected 20 hits against four Philadelphia hurlers.

Ray Little drove in the winning run for Washington over Chicago a single in the seventh inning.

Texas League—

Independents Have Trouble Moving Up; Farm Clubs Leading

By The Associated Press

The independents, as usual, are having trouble in the Texas League. One of them, Shreveport, is fighting like mad to stay out of the cellar. The other, Dallas, can't climb into the first division no matter what others may do.

Fort Worth, Oklahoma City and Tulsa, big league chattels, are running one-two-three with little worry. Beaumont and San Antonio, which also are in the chains, virtually are tied for fourth place.

The only consolation the independents can get out of the situation is the fact that Houston, a St. Louis Cardinals farm, is holding down the cellar as if it owned it.

Tuesday night Dallas, with a chance to gain the first division, skidded before San Antonio 5-4. Shreveport took it on the chin from Tulsa 4-2.

Fort Worth licked Houston 2-1. Oklahoma City slugged Beaumont 10-6.

Pitchers' Duel

It was a real pitchers' battle at Fort Worth where Hisel Patrick gave the Cats only four hits but lost anyway. Chris Van Cuyk allowed Houston just six blows. Patrick's wildness cost him the ball game. He walked three in the seventh and a long fly brought in the winning tally.

Eddie Knoblauch homered with one aboard in the fifth inning to furnish the punch as Tulsa beat Shreveport. The sports got only four hits off Rudy Minarcin.

Dallas made three errors to help the Missions along to their victory while San Antonio played errorless ball and used nine hits to the proper advantage.

Oklahoma City beat Beaumont in a see-saw game. The Indians got four runs in the sixth to put on the clincher. Two home runs were hit in that frame—one by Rip Russell and the other by Bob Lemon.

Big League Clubs Ponder Who To Let Go As Time Nears

NEW YORK—(AP)—With only a few hours remaining, nine major league clubs pondered Wednesday where to apply the knife to come within the required 25-player. The deadline goes into effect at midnight.

Teams with no worries are the two Boston and Philadelphia clubs, the New York Yankees, Chicago White Sox and Pittsburgh Pirates. The rest must chop.

Here is a list of the clubs over the limit and players likely to be whittled:

NATIONAL LEAGUE
Brooklyn (26)—Third Baseman Johnny Jorgensen, sold to the New York Giants.
St. Louis (26)—Pitcher Erv Dusak.
Chicago (26)—Undecided.
New York (26)—Outfielder Mike McCormick.
Cincinnati (26)—Infielder Sammy Meeks.

AMERICAN LEAGUE
Detroit (26)—Catcher Myron Ginzberg.
Washington (26)—Infielder George Genovese.
Cleveland (27)—Infielder Herb Convey and Pitcher Dick Rozek.
St. Louis (26)—Pitchers Tom Fine or Sid Schacht.
Eight Cut Off

Eight players changed hands Tuesday. The New York Giants, who already were down to the 25 player limit, recalled Monte Irvin from Jersey City of the International League to go one over again.

Brooklyn sent three players to the minors: Outfielder Bill Antonello to Hollywood; Pitcher Clem Labine to St. Paul and Pitcher Carl Erskine to Montreal.

Pittsburgh sent Pitcher Hal Gregg to Indianapolis on option and placed Outfielder Ted Beard on the disabled list.

Detroit cut its squad by sending Pitchers Marvin Grissom and Martin Stuart to Toledo on option.

The Phillies placed veteran Outfielder Bill Nicholson on the disabled list and sent Pitcher Jocko Thompson to their Toronto farm club on 24-hour recall.

Austin Welter Goes In New York Fight

NEW YORK—(AP)—Johnny Saxton, undefeated and fast rising Brooklyn welterweight, faces one of his toughest foes to date when he tangles with Bert Linam of Austin, Texas, in the main ten at St. Nicholas arena Wednesday night.

The 20-year old negro prospect has won all of his 11 bouts so far. Linam, 24, holds victories over both of Italy's fighting Minelli Brothers, Aldo and Livio.

Bowie Edges Odessa As State Baseball Playoffs Get Going

By The Associated Press

Amarillo, Bowie (El Paso), Highland Park (Dallas), Beaumont and Waxahachie have taken the lead in play-off series to determine competing teams in the State High School Class AA Baseball Tournament at Austin.

Amarillo beat Wichita Falls 6-3 Tuesday in the first of the bi-district series. Bowie, defending state champion, edged Odessa 9-8. Highland Park has whammed Sherman 11-1 and plays the second game Wednesday at Sherman. Beaumont beat Pasadena 6-2. Waxahachie licked Austin 1-0.

In other bi-district series Abilene is playing Stephenville starting Friday and Laredo is arranging a play-off with Edinburg.

The Texas Interscholastic League will rule Wednesday on how many games Marshall and Conroe will play. They are arguing over whether it will be one or three.

The state tournament will be held at Austin June 5, 6 and 7.

Indians Meet Broncs Here Wednesday Night

The Midland Indians return to their home reservation, Indian Park, Wednesday night to engage the Big Spring Broncs in the first of a two-game series. Game time is 8:15 p.m.

Rain Tuesday night again caused the postponement of a scheduled game with the San Angelo Colts in San Angelo. It will be made up later in the season.

Manager Harold Webb, back on the field to head the club, will send Ernie Nelson or Hal Wearne against the Broncs in the opener. John Singleton is the probable starter in Thursday night's contest.

Graziano Knocks Out Brimm; Eyes La Motta's Title

BUFFALO, N. Y.—(AP)—Rocky Graziano Wednesday was virtually certain of a shot at the middleweight crown he says he "just loaned" to Jake La Motta "for a little while."

Graziano knocked out Buffalo's Henry Brimm Tuesday night at 2:14 of the fourth round in what was viewed as a tuneup for a title match with La Motta in New York's Yankee Stadium June 14.

The scheduled 10-rounder drew 11,989 fans, only five short of the Memorial Auditorium record, set in 1948, when Brimm fought Ray Robinson.

Graziano weighed 159 pounds and Brimm, 157 1/4.

Rocky told newsmen after the bout: "This fight was just what I needed. I've really got the confidence I need. Now we'll see who's the better fighter when La Motta and I tangle for the title next month."

Several times Graziano staggered Brimm with overhand rights to the head and left hooks to the head and body. But Brimm, although hurt, landed several wallops.

Brimm scored with jabs and short, fast punches to the face at the start of the fourth. Then Graziano floored him with a hard right to the jaw, two more rights and a left to the chin.

Brimm barely missed regaining his feet as the referee's count reached 10.

Longhorn League—Tribe Rained Out Again; Gain Half Game In Standings

By The Associated Press

Nothing happened in the Longhorn League Tuesday night—that is, nothing that might change the complexion of the race.

The three leaders won their games and the fourth-place team was rained out.

Top-running Odessa whammed Vernon 4-1, getting three runs in the fourth inning.

Second-place Roswell walloped Sweetwater 18-4 with a 17-hit attack. A three-run homer by Dale Perry was about all the Swatters could brag about.

Big Spring laid it on Ballinger's sore back 5-2 to shove the latter deeper into the cellar. Bert Garcia flung a five-hitter at Ballinger.

A couple of fellows felt the wrath of the umpires. Vernon Manager Joe Berry was thumbed out of the game for protesting too strongly a decision at second. Manager Dutch Funderburk of Ballinger was waved out for telling off the arbiters.

Rain prevented a doubleheader between Midland and San Angelo.

The scores:

R.H.E.
Ballinger 000 100 010—2 5 1
Big Spring 000 201 028—5 6 2
Roswell 002 078 018—18 17 1
Christianson, Besana, Angella and Bottrani; Drake and Jordan.

Vernon 100 000 000—1 7 1
Odessa 000 300 108—4 6 1
Grzywacz and Herring; Sokolowski and Escobedo.

THREE TITLES WON

The University of Houston basketball team has won three conference championships in five years of intercollegiate competition. The Cougars' third title was the Gulf Coast conference crown, won last season.

No, Not Again!

Manager Casey Stengel, left, hands on hips, has a few words for Empire Bill Summers in Yankee Stadium, after Vic Raschi committed the second of four non-stop balks for a new all-time major-league high. Bewildered by the badly-battered one-second balk rule, Raschi, right, nevertheless stopped the White Sox 4-3 by fanning eight, seven men on bases.

Harvesters Triumph In Optimist Opener

The Harvesters and the Buccaneers of the Optimist Softball League for boys opened loop play Tuesday at Wadley Field. The Harvesters capitalized on the wildness of four Buccaneer hurlers to take a 25 to 10 decision.

The Harvesters used nine bases on balls, an error and a home run by Bobby Turner for an 11 to 0 lead in the first inning. They never were headed.

Seven more runs in the second, five in the third and three in the fourth weren't needed to win.

The Buccaneers scored four in the second on singles by Carpenter, Thorson, Hamlin and Crowley and a double by Charles Crites. They added three in the third on Thorson's homer with two on and three in the fourth on three singles and two walks.

Another Optimist League tilt is scheduled at 6 p.m. Wednesday.

The Midland Indians and the Big Spring Broncos will play a doubleheader Thursday night at Indian Park, Manager Harold Webb announced Wednesday. The first game will start at 7 p.m. The twin-bill was called to make up a game that was rained out earlier in the season.

WT-NM League—

Lamesa, Borger, Clovis, Dukes Notch Victories

By The Associated Press
The West Texas-New Mexico League may be noted for its high scoring but everybody does it, so there's a good race. As of Wednesday just three games separate the first five clubs and Abilene, in the cellar, is only eight games away. Tuesday night the three top clubs won their games. Leading Lamesa whipped Amarillo 11-7, cashing in on the wildness of Pitcher Ray Faust and a leaky Gold Sox infield. Exile Rosson did some fine relief hurling for Lamesa. Second-place Borger edged Abilene 8-7 led by Earl Perry, who hit for extra bases three times and scored the winning tally in the ninth. Third-place Clovis tripped fourth-place Lubbock 5-2 on the one-hit pitching of Bill Rosin. Albuquerque swatted Pampa 10-8 but had to worry about some Pampa rallies in the last two frames that rallied seven runs.

Presbyterians, Lutherans Win In Church Loop

The Good Lord was with the Presbyterians and the Lutherans Tuesday night as the newly-organized Church League opened softball play at Wadley Field. The Methodists apparently weren't in too good standing because two Methodist teams suffered defeat.

The Presbyterians, using youth and the good right arm of Ralph Brooks, scored a 14 to 10 victory over the Single Young Adults Class of the First Methodist Church in the opener. The Fellowship Class of the same church lost a close one, 16-15, to the Lutheran nine.

The Methodists—Presbyterian tilt was a series battle with the lead changing hands often. The Young Adults led 9 to 5 at the end of the third inning but couldn't hold it.

For a time it looked like the arm of Ralph Brooks, scored a 14 to 10 victory over the Single Young Adults Class of the First Methodist Church in the opener. The Fellowship Class of the same church lost a close one, 16-15, to the Lutheran nine. The Methodists—Presbyterian tilt was a series battle with the lead changing hands often. Television Doesn't Bother Leo-The-Lip

NEW YORK —(AP)— The boys are going to have to watch their language now that television is projecting the ball games right up to the family firesides. "Television? Doesn't bother me," says the Giant's Leo Durocher, always quick with the lip. "I don't pay any attention to it." Other figures of the game agree that the baseball field is the players' private domain and television should keep its sensitive ears away. If these mechanical flaps get stung with a stray epithet occasionally, well, they asked for it.

Defense Gets Attention; Bulldogs Eye Squad Tilt

The Midland Bulldogs, with their eyes on May 25, which is the date of the big intra-squad game officially to end Spring training, Tuesday returned to contact work. Coaches Audrey Gill and Red Rutledge got in some good coaching licks as Coach Tugboat Jones ordered defense stressed in the workout. Gill tutored his linemen on tackling and Rutledge gave the ends and linebackers some pointers.

The finer points of both offense and defense are being stressed this week to add polish for the coming intra-squad encounter. The hefty linemen all are looking better with each workout. Stan Coker, Dalton Byerley, Pete English and Bob Wood—the middle of the defensive line—popped some leather Tuesday. Graham Mackey, Jimmy Lineberger and Dwane Bush, ends, are showing improvement on defense. Bill Medart, hampered some by a tick knee, and Leo Hatfield look best on offense.

O'Neal, Burks Centers
Jimmy O'Neal and Bob Burks are splitting the first string center duty. They assure the Bulldogs of a good one-two combination at the all-important position. Coaches are making up their minds now on which boys will form the Purple and White teams for the intra-squad game. They promise to field two eleven men which will be evenly matched as possible. Splitting the backfield candidates is the biggest problem. Ralph Brooks, Dan Black, L. C. Thomas, Reed Gilmore, Jimmy Locke, Charles Crowley, Larry Friday, Roy Kinsey, Jack Burris, Robert Keating, Harold Hensley, Larry Lynn, Robert Melton and Jimmy Adams are battling it out for the assignments. The game will be held under the lights May 25 at Memorial Stadium.

Johnny Jones who saw him will want to see him again. He'll be here for one night only.

It will have to be strictly up to the parents of Knothole Gangers to decide whether or not the boys attend games until school is out.

THE NEW YORK YANKEES
The New York Yankees couldn't have picked a spot for Johnny Lindell where he would feel more at home with those of his own age. The Cardinals management seems to have a way of getting the most out of the aged. Look at Enos Slaughter, Marty Marion, Harry Feschman and a few of the other Red Birds.

Highway Bids May Hit \$8,000,000 Mark

AUSTIN —(AP)— Low bids on this month's state highway projects were expected to hit the \$8,000,000 mark Wednesday in the second day of a two-day letting. Low bids Tuesday on 37 construction and maintenance projects totaled \$3,656,561. Another 38 projects were scheduled for bids Wednesday. Involved is a record breaking 535.5 miles of farm-to-market roads in addition to 165 miles of non-farm roads.

Negro Becomes Blazing Torch In Attempt At Suicide

DECATUR, GA. —P— Police reported a 34-year-old negro man set himself afire Tuesday in an attempt at suicide.

Patrolmen Ted Wayne and Ben Varner said they went to the rural home of Daniel McGuire in an attempt to put out the fire.

When they arrived, the officers said, McGuire stuffed his clothing with newspapers, drenched himself with kerosene, and then set himself ablaze with a match.

Flames enveloped McGuire's body as he ran from the officers. The patrolmen overtook him, however, and beat out the flames with their coats and a blanket. They said it was McGuire's second suicide attempt in two weeks.

Physicians held small hope for the man's recovery.

Steer Wrestling At Midland Rodeo

Steer wrestling, one of the most dangerous of cowboy sports, will be seen at each performance of the 16th Annual World Championship Midland Rodeo, May 31-June 4, in the all-steel arena at Midland Fair Park on East Highway 80. Here a top steer wrestler leaves his trusty cow pony to wrap himself around the neck (he hopes) of the fast-running wild steer. If he misses—well the ground is not too hard (again he hopes) and there always are a group of cowhands around to carry him out of the arena. If he hangs on, which he usually does, then the "necking" event is on until the steer is thrown. This is just one of the thrilling events scheduled at the famed Midland Rodeo this year. It is rough but the spectators love it.

New, Hay Bug-Aided Process May Alter Food Preservation

BALTIMORE —P— A new bug-aided process of food preservation is ready for "pilot" trials by industry, a government scientist reported Wednesday.

Dr. A. A. Andersen of the Department of Agriculture said the method—or modifications of it—offered possibilities of improving the quality of preserved products without sacrificing safety.

He addressed the Golden Jubilee meeting of the Society of American Bacteriologists.

Key to the new process is a substance called "subtilin"—a drug derived from a microbe found in hay.

Government tests have shown that when tiny quantities of it are added to vegetables or fruits being prepared in cans or jars, less heat than usual is required to preserve the foods safely.

Reduced Heat, Time
Dr. Andersen said that under present commercial procedures, "extreme heat" processing is required.

With the new method, he declared, there are indications that effective preservation can be achieved by reducing the heating temperature from 240 to 212 degrees, cutting the heating time from between 40 and 60 minutes to between 5 and 10 minutes, and eliminating pressurized equipment.

This is because the "subtilin" substance knocks off certain germ formations which ordinarily would require high, prolonged heat.

Andersen said the lesser heat requirements conceivably would make for products of improved quality.

Subtilin is classed as an "antibiotic"—of the same nature as penicillin and streptomycin.

But the latter two drugs have proved of no value as food preservatives.

Americans Freed By Reds Arrive At Pearl Harbor

PEARL HARBOR —P— Refreshed by sleep and vitamin pills, two American fliers who were held 18 months by Chinese Reds, planned Wednesday to tell the world of their experiences.

Marine M. Sgt. Elmer C. Bender of Cincinnati and Navy Chief Electrician's Mate William C. Smith of Long Beach, Calif., arrived Tuesday night from the Orient.

Greeted by Rear Adm. John E. Gingrich, civilians and servicemen, Smith and Bender were taken from the plane which brought them from Hong Kong to a hospital. Navy doctors said both needed rest and vitamins.

Before they talk to newsmen Wednesday afternoon, Navy Intelligence officers were to process them. Smith and Bender were captured Oct. 19, 1948, when their small observation plane was forced down near Tsingtao, China, then an American Naval base.

Efforts by United States authorities to free them proved fruitless. Finally on May 3, the Communists told them a revolution was brewing in the United States and freed them.

Abundant Living

By E. STANLEY JONES

II Cor. 10:10, 11:6, 12:7-12
YOUR HANDICAPS YOUR HANDLES!

In your going on to victory remember this fact: (1) Your very handicaps may be new points of departure. Perhaps you may have had a bad start in life—your heredity may be against you. But that need not be other than a spur to you to pass on to others a better heredity. If you look back into the human heredity of Jesus, you will find some ugly spots: "David was the father of Solomon by Uriah's wife." "By Uriah's wife—"

Roswell Attorney Addresses Tuesday Meeting Of PBLA

Approximately 75 persons attended the meeting of the Permian Basin Landmen's Association Tuesday night and heard Clarence E. Hinkle, Roswell, N. M., attorney speak on "Federal and State Lands in New Mexico."

The affair was held in the Crystal Ballroom of Hotel Scharbauer and Hinkle gave his address after a dinner had been served.

The Tuesday night gathering was the last educational meeting of the organization until September. A social meeting for members, their families and guests is planned for sometime in June.

Survivor Of Bataan Death March Dies

WACO —P— Funeral services for Lt. Col. William C. Truett were to be held Wednesday at the National Cemetery in San Antonio.

Colonel Truett, survivor of the Bataan Death March, died Tuesday at Brooks General Hospital, San Antonio. He was with the 15th Field Artillery on Corregidor and was a prisoner of war three years and four months.

what a tragedy to have such a label stuck on one's life! But what a glory it is that both David and Solomon survived that tragedy and contributed, in spite of it! And think of the honest courage it took to put that statement into the genealogy of Jesus Christ. He who was going to begin a new humanity had the blood of the old humanity in His veins. But the divine inheritance so overcame the human inheritance that He passed on a new inheritance to humanity. Through His divine inheritance you can begin a new heredity.

Or suppose you are handicapped by a lack of beauty; then you can make up in accomplishment what you lack in endowment. Almost all great beauties have nothing but physical beauty. And the reason is plain: they get tangled up in their beauty and cannot free themselves from it to pass on to constructive achievement. But a person who is plain in features looks in the looking glass and says to himself, "There is nothing in my looks for me to bank on," and so he goes out and does something worthwhile. With rare exceptions, the women who have achieved great things in the world were women of ordinary looks. As I have gone about the world, I have found that missionary women on the whole are not noted for beauty of face—but oh, the beauty of their accomplishments and their characters!

As you look at your handicaps and make up your mind to use them as handles, it is well to remember that a secondary failure may make you a primary success; whereas a secondary success like beauty may make you a primary failure.

My Father, what I lack by nature I shall make up by grace. I cannot draw heavily on many things, but I can draw heavily on Thee. Make my very weaknesses into Thy strength. Help me to take hold of my handicaps and convert them into handwork. In Jesus' name. Amen.

SYRACUSE, N. Y. —P— Anthony Famboni, 71, of Skaneateles tugged at a weed in his garden and fell backward when it came loose suddenly.

Onondaga General Hospital reported he suffered fractures of the skull, back, six ribs, an arm, a shoulder and a collarbone. His condition was described as fair.

CO-INVENTOR OF GIN RUMMY DIES AT AGE 62

RESEDA, CALIF. —P— The co-inventor of gin rummy is dead at the age of 62.

C. Graham Baker, movie writer and producer in Hollywood for many years, died at his home here Tuesday. He and his father, the late Elwood T. Baker, are credited with originating the game in Brooklyn in 1909. They first called it "drunk" rummy and later switched to "gin."
