

## W-C Kent Pool Gets Two New Producers

Official completion has been reported for the second and third producers in the Hunt-Young area of West-Central Kent County, eight miles northwest of Clairmont.

Both new petroleum producers were finished in the Canyon reef line—the pay section in the discovery well of that region.

Caroline Hunt trust estate No. 2 Young, three-eighths of a mile southwest of the same operators' No. 1 Young, pool opener, finished for a 24-hour potential of 727 barrels of 39.5 gravity oil. Gas-oil ratio was 325-1.

The flow was through a three-eighths inch tubing choke from perforated section at 6,480-6,520 feet. That section had been treated with 3,000 gallons of acid.

**Find Water Level**

Top of the reef was at 6,220 feet, which is on a datum of minus 4,137 feet. This exploration drilled to a total depth of 6,558 feet and developed water at 6,535-58 feet. It then plugged back to eliminate the water and completed through perforations in the casing.

Location is 2,560 feet from north and 1,720 feet from east lines of section 145, block G, W&TC survey.

Nelson Bunker Hunt trust estate No. 1 Mary Coats Burnett trust estate, (TCU), one location west of the opener of the Hunt-Young field, and 110 feet from north and 467 feet from east lines of section 3, D. R. Stout survey, completed for a 24-hour potential of 645 barrels of 39.5 gravity oil, with a gas-oil ratio of 547-1.

The production was flowing through a three-eighths inch tubing choke, from perforated section in the Canyon reef line at 6,464-85 feet and at 6,495-6,516 feet. A total of 4,000 gallons of acid had been injected through those perforations.

## Livermore Completes Two In Borden Reef

George P. Livermore, Inc. of Lubbock has completed two more producers in the North Vincent-Canyon pool in Southeast Borden County.

His No. 2 D. F. Whitaker and others, one-half mile south of the pool opener, flowed after a 3,500-gallon acid injection for 3,367.48 barrels of 46.2-gravity oil, with a shakeout of four-tenths of one per cent emulsion. Flow was through a one and three-fourths inch opening on tubing after a 3,500-gallon acid injection.

Tubing pressure was 300 pounds, and gas-oil ratio was 1,261-1. Tubing was topped at 6,799 feet and total depth is 6,823 feet. Five and one-half inch casing is set at 6,799 feet.

The No. 2 Whitaker is 660 feet from south and west lines of section 53, block 25, H&TC survey.

**Discovery Offset**

Livermore No. 2 Reinecke, east offset to the discovery well, has potential for 3,886.56 barrels of 46.2-gravity oil, plus two-tenths of one per cent emulsion, in 24 hours.

Flow was through a one and three-fourths inch opening on tubing after a 3,500-gallon acid injection.

Tubing pressure was 300 pounds, and gas-oil ratio was 1,244-1. Pay was topped at 6,790 feet, and total depth is 6,817 feet. Five and one-half inch casing is set at 6,793 feet.

The No. 2 Reinecke is 660 feet from east and 667.35 feet from north lines of the south half of the northwest quarter of section 53, block 26, H&TC survey.

## Feldman Potentials Cogdell Area Link

D. D. Feldman of Dallas has completed his No. 2 P. L. Fuller as a link between the north and south portions of the Cogdell-Canyon pool in Central North Scurry County.

The venture, located a half-mile north of the production in the Castleman & O'Neill area and three-fourths of a mile south of the north portion of the Cogdell, has potential for 1,207 barrels of 41.9-gravity oil in 24 hours.

The field addition was treated with 500 gallons of acid, and flow was through a one-half inch choke. Shakeout was one-tenth of one per cent basic sediment. Gas-oil ratio was 835-1.

Pay was topped at 6,745 feet, and total depth is 6,921 feet. Five and one-half inch casing is set at 6,921 feet. Fracture is through perforations at 6,724-6,908 feet.

The No. 2 Fuller is 467 feet from south and east lines of section 703, block 97, H&TC survey.

## Tax-Cut Outlook Darkens

WASHINGTON — (P) — Congressional tax law writers looked wearily Tuesday at estimates that they still must assess \$760,000,000 extra in some taxpayers, or risk a presidential veto of their tax bill.

As it stands, it would cut excise taxes by about \$1,080,000,000. A speed-up in corporation tax payments, and possibly an increase in the corporate tax rate, appeared to be about the only big sources left in the hunt for bigger revenue collections.

The revenue hunters may take a look at co-op taxes, too.

**Veto Threat Looms**

President Truman has promised to veto any tax bill that cuts excise levies and fails to make up the lost revenue by higher collections elsewhere.

The Treasury informed the Ways and Means Committee that on the basis of its actions thus far it is \$760,000,000 short of finding enough new revenue to cover the losses from excise and other tax cuts it has approved.

Truman suggested three sources for new revenue, to make up for excise cuts—bigger levies on corporations, on inheritances and big gifts, and plugging of tax law loopholes.

The committee already has rejected his proposals for \$400,000,000 in new levies on estates and gifts, and likewise turned down his suggestion for \$200,000,000 additional taxes on oil, gas, sulphur and non-metallic minerals operators.

It has yet to act on Truman's proposal for \$650,000,000 additional taxes annually from corporations. He suggested that the corporate rate be raised from 38 per cent to 42 per cent.

There's doubt, however, that such an increase can pass both houses of Congress.

## Cowtown Boosters Visit Midland On West Texas Tour

Midland was to be host Tuesday afternoon to a group of Fort Worth business executives who are on a two-day goodwill tour of this section of West Texas.

Headed by Joe A. Clarke, Fort Worth banker, the cowtown boosters were to be at the disposal of Fort Worth goodwill trippers during their Tuesday afternoon visit here, Chamber of Commerce Manager Delbert Downing said.

The special fleet was to be lined up at the west city limit at 3 p. m. The Fort Worthians were to leave their charter bus there, boarding the automobiles for a spin over the city with Midland businessmen.

They were to arrive here by bus from the west at 3 p. m. They were to (Continued on Page 16)

## County To Sell Property Interest

Members of Midland County's commissioners court Monday passed a resolution to permit sale of the county's one-half interest in the old Heidelberg property site, located on East Highway 80. The City of Midland, owner of the other interest in the property, had requested the property be sold.

Judge Clifford C. Keith, who presided at the session, appointed W. H. Oswalt, Midland city manager, commissioner to dispose of the property.

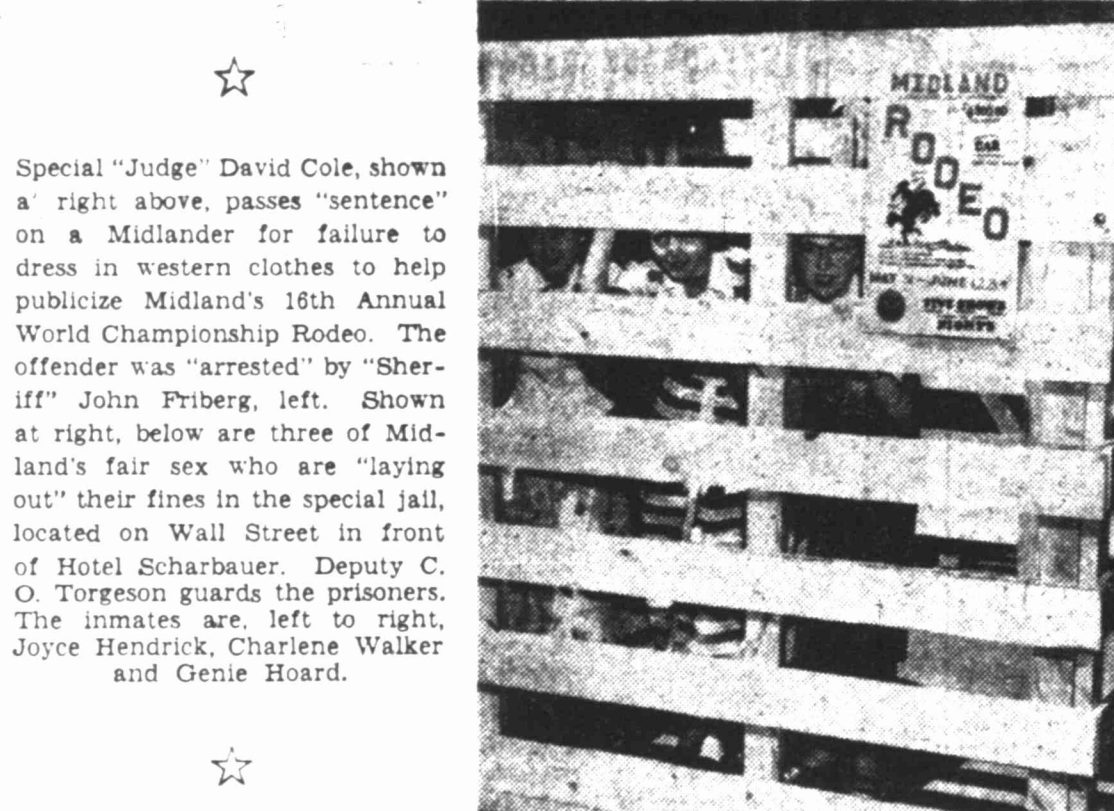

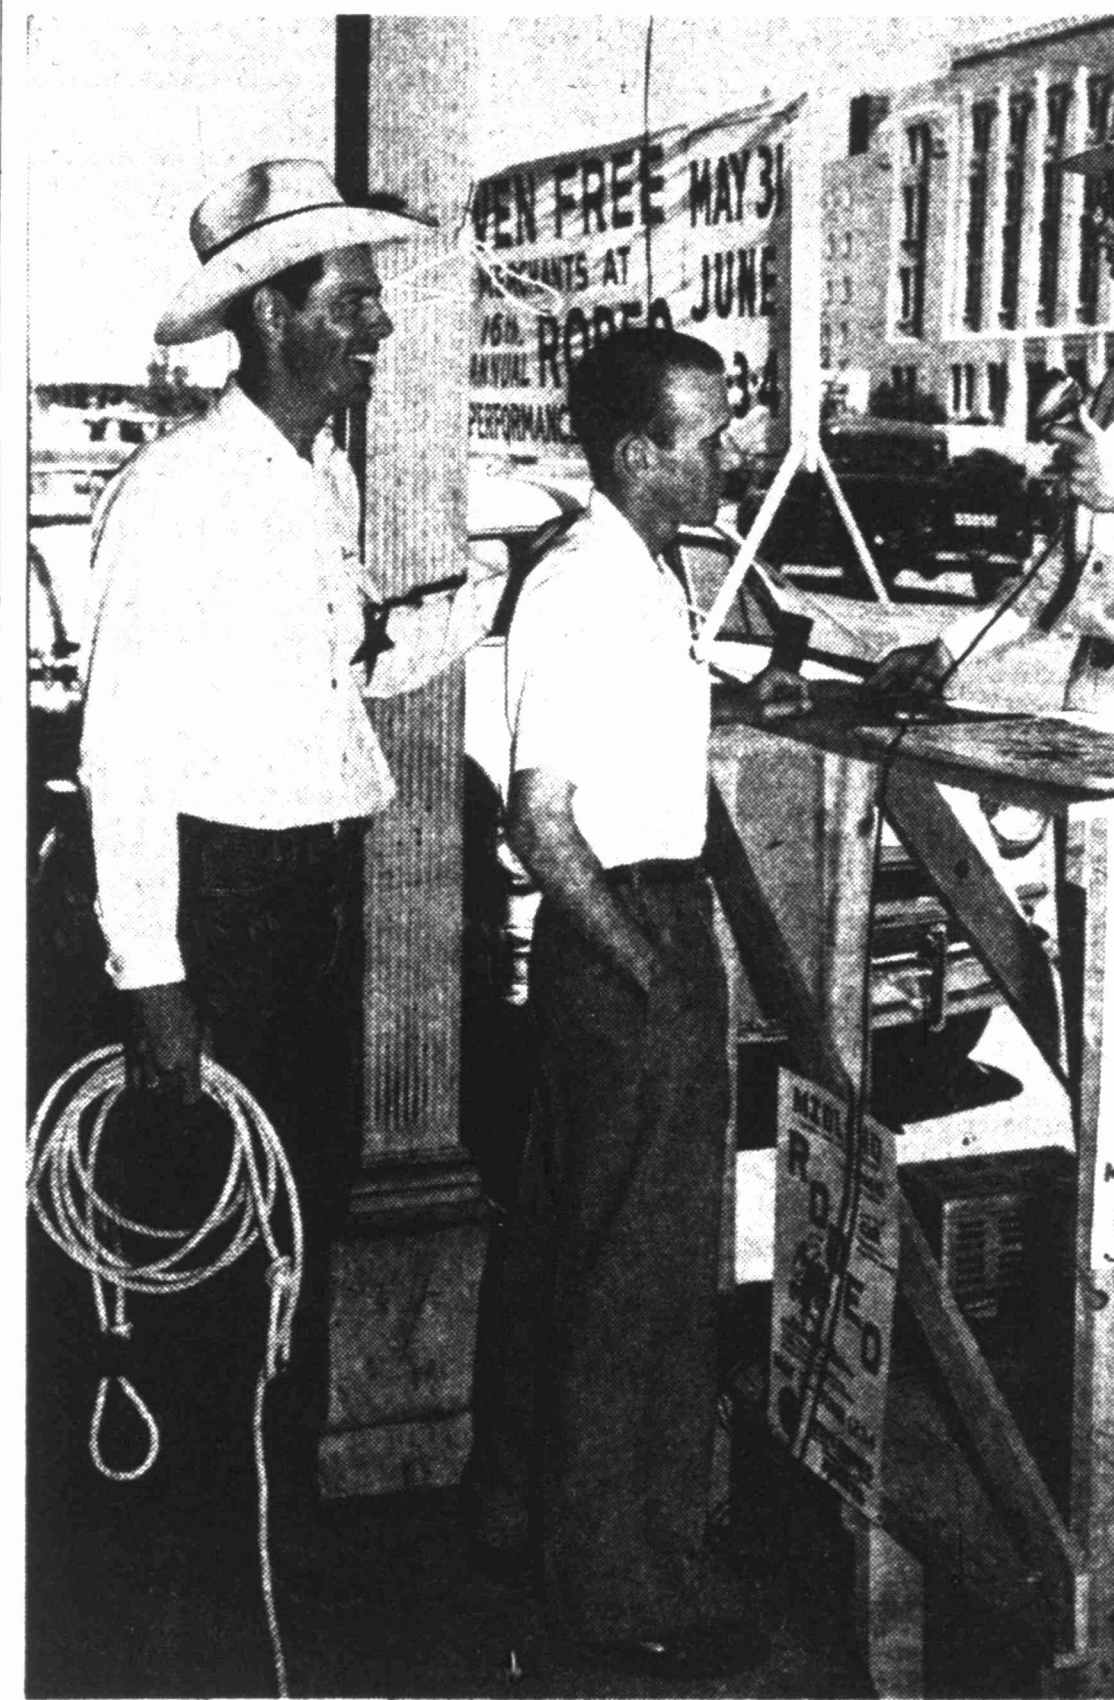

The commissioners also decided to contract Prichard and Abbott, valuation firm, to evaluate all oil property in the county for purpose of taxation. The firm was directed to work with the county equalization board.

## Leaders Postpone Decision On When Session Will End

WASHINGTON — (P) — Administration leaders Tuesday put off until next week a decision on when to seek an adjournment of Congress.

Senate Majority Leader Lucas (Ill.) said after a White House conference President Truman will discuss Administration legislative goals with his leaders next week.

The question of how soon Congress might quit to give its members an early start on reelection campaigns had been slated for discussion Tuesday when Lucas, Vice President Barkley and House Majority Leader McCormack (Mass.) called at the White House.

They had planned to talk over with Truman how much of his so-called "Fair Deal" program he is willing to delay.

"We didn't get to talk much about adjournment," Lucas said. He said there were too many other matters to take up. McCormack, who is acting speaker, had to leave the conference for the opening of the House, which met an hour earlier than usual.

Lucas said House Speaker Rayburn is in Texas and could not be consulted on his ideas about adjournment.

Strong pressure was building up among senators and representatives who have reelection campaigns to cut short the working schedule and get Congress out of town by August 1.

## Andrews Population Gain, 616 to 3,232

ANDREWS—A preliminary 1950 Census report indicates Andrews had one of the best percentage growths in West Texas, according to figures released by C. V. Shelton, district supervisor.

The town of Andrews showed 3,232 population in 1950 compared with only 616 in 1940. Andrews County grew from 1,000 in 1940 to 8,014 in 1950.

## Pact Plans Call For No U. S. Troops

WASHINGTON — (P) — Some responsible officials declared Tuesday the Administration is giving no thought to the idea of bolstering the defenses of any of the North Atlantic countries with American troops.

Aside from the arrangement by which B-29 bombers are stationed in Britain, no such reinforcement has been proposed by any of the Western nations, a reporter was told.

Vice President Barkley suggested in a New Orleans address that the time might come when "American occupation forces" may be sent to other countries. Later he explained what he had in mind was a possible request for troops from some of the other 11 nations in the North Atlantic compact to round out their defenses.

**Munitions, No Manpower**

Other officials, who declined to be quoted by name, were inclined to view Barkley's suggestion as speculation on the future, advanced on his own responsibility. They saw it as based on the troubled states of Western relations with the Soviet bloc and the military assistance this country already is giving Western European and other non-Communist nations.

There has been no hint that the matter came up for action or serious consideration at the London meeting of the North Atlantic Council this month. Public disclosures of the defense planning have indicated the U. S. is being looked to in the Western lineup for air and naval power and for munitions rather than manpower.

## Midland Rodeo Booster Tours Start Wednesday

Midland County Sheriff's Possemen Wednesday will visit 12 West Texas cities to tell area residents all about the 16th Annual World Championship Midland Rodeo, May 31-June 4, and to invite them to attend the big celebration here.

A second trip is scheduled Thursday. The boosters will travel in a charter bus, leaving the Chamber of Commerce at 8 a. m. and returning at 6 p. m. Cal Boykin, Sheriff's Posse captain, will be in charge of the tour.

Cities to be visited include Odessa, Monahans, Pecos, Barstow, Pecos, Fort Stockton, McCombs, Rankin, Big Lake, Garden City, Big Spring and Stanton.

The Thursday trip, sponsored by the Chamber of Commerce, will leave at 8 a. m. and is slated to arrive back in Midland at 7 p. m. Business firms are being asked to send representatives on the trip.

The "cowhands" will visit Goldsmith, Wink, Kermit, Andrews, Seminole, Seagraves, Tahoka, Lamesa, Snyder and Colorado City.

Rodeo placards and literature will be distributed by the boosters at each stop.

Persons interested in making either of the tours are asked to contact Chamber of Commerce Manager Delbert Downing, promptly.

## New Railroad Peace Talks Get Underway

WASHINGTON — (P) — The government Tuesday began union-government conferences seeking to avert a strike due June 1 on 10 Western railroads.

The Switchmen's Union of North America has threatened a walkout of 6,000 members in vital yard service on the lines, operating west of Chicago.

The union is demanding a 40-hour week with the same pay now received for a 48-hour week. It also wants time-and-a-half pay for Saturday work and double time for Sunday.

Maybe it's just a coincidence, but time and got the same old answer—nobody knows.

But it HAS been raining a lot lately, slowly filling the big city's long-parched reservoirs and making the city fathers dance for joy.

But if the city fathers are dancing, a lot of other folk are plain, hopping mad.

## Notes Ask Soviet To Dissolve East Zone Police Units

WASHINGTON — (P) — The United States, Britain and France Tuesday accused Russia of creating a 50,000-man German military force and called on the Soviet to disband it.

The three Western powers sent separate protests to Moscow saying Russia had broken its postwar pledges establishing a police force in Eastern Germany with "the character of an army."

The United States noted called on Russia to prove "pacific intentions" by dissolving the "militarized units."

The State Department said British and French notes took the same general line.

Expressing "grave concern" Russia's action, the American note said the Russians have "destroyed world confidence in the sincerity of their repeated protestations of peaceful intentions."

It cited five specific Soviet written agreements against militarizing Germany, including the promise made at Yalta, Feb. 1945.

The three-power decision to send protests to Moscow was reached at the London conference of the Big Three foreign ministers—Secretary of State Acheson, British Foreign Minister Bevin and French Foreign Minister Schuman.

The notes went to Moscow at times when a weekend of possible (Continued on Page 16)

## Negro Who Borrowed Lawn Mowers Now In Police Custody

Ranger John Wood and the Midland Police Department Tuesday put a stop to one of the most clever petty theft schemes ever uncovered here.

Ranger Wood Monday night turned over to the Midland Department a negro man, who after questioning, told a phenomenal story.

The suspect related how he would learn the name of a resident of one side of a block, then go to the resident's nearby neighbor and "borrow a lawn mower" with which to mow the first party's lawn.

The only thing was, he would push the lawn mower to his conveniently parked automobile and take off with it.

Police Tuesday recovered three mowers obtained through this method here. The mowers had been sold to a Midland pawn shop.

Ranger Wood said more than 20 lawn mowers had been stolen through the same scheme in Odessa.

Police Chief Jack Ellington said the negro will be charged with theft and will be brought to trial in County Court here.

## Pecos C. Of C. Head Will Preside At Van Horn Road Meeting

PECOS—Alton Hughes, manager of the Pecos Chamber of Commerce, has been asked to preside at a meeting in Van Horn to protest the proposed Kermit-Orla highway.

The Van Horn meeting is scheduled for 11 a. m. Thursday and will last "as long as necessary."

Purpose of the meeting is to prepare and adopt a resolution to be sent to all state officials in "influential positions," opposing the proposed highway. Further plans call for organizing a delegation of all who can attend the next meeting of the State Highway Commission in Austin.

The meeting Thursday will be a culmination of protests from individual cities along U. S. 80 between Monahans and El Paso.

The Pecos Chamber of Commerce last week followed the lead of the Monahans Chamber in adopting a formal protest of the proposed highway.

## Revamping Plan Given Senate Nod

WASHINGTON — (P) — The Senate Tuesday upheld President Truman's plan for the reorganization of the Commerce Department.

A vote of 43 to 29 defeated a resolution by Senator Wiley (R-Wis.) to kill the plan.

Votes were slated later in the day on two other plans, both dealing with the General Services Administration.

The Senate is up against a midnight deadline for action on the 21 plans President Truman sent to Capitol Hill last March 13.

The first five plans to come before the Senate were killed off in the space of two weeks. Then, in an about face, senators last Friday endorsed the plan to abolish the independent Maritime Commission.

They followed the new trend Monday by endorsing, in effect, plans for the Federal Trade and Power Commissions.

Thirty-four senators voted for the FTC disapproval resolution and 36 against. Thirty-seven voted to disapprove the FPC plan—21 short of the necessary 58—36 against.

The House has rejected none of the 21 plans.

## Apparently Census Count Not Complete

Midland's 1950 census enumeration apparently is not complete. No preliminary population figures have been issued by the county or district census directors.

It previously had been announced that enumeration would be completed by the end of last week. However, no information on the census has been issued this week by Richard M. (Shorty) Parker, county census director.

Meanwhile, Big Spring, Lubbock, Abilene, Sweetwater, Snyder, Breckenridge, Lamesa and several other West Texas cities have announced unofficial counts.

So far, no request has been made for those who have not been counted to contact any office or official.

## Top Posse Unit To Get Loving Cup

The best appearing Sheriff's Posse participating in the big parade opening the 16th Annual World Championship Midland Rodeo Wednesday, May 31, will receive an engraved loving cup furnished by The Midland National Bank. T. Paul Barron, parade chairman, announced Tuesday.

The Midland County Sheriff's Posse will be host to the visiting posse which are expected here from Reeves, Upton, Martin, Howard, Pecos, Crane, Ector and other West Texas counties.

The winner of The Midland National trophy will be selected by special parade judges. Judging will be based 25 per cent each on uniforms, equipment, formation and personality.

I simply never let her kiss me again in that play."

Some day, if she ever gets over making Carmen Miranda rhythm by her knees while the camera is turning, Jane would like to do "Elizabeth the Queen" on celluloid.

"Do you think," she said, "that Mrs. Lunt would be angry?"

Discovery About Hardening Of Arteries Made Accidentally In Atomic Research

WASHINGTON—(NEA)—As the result of an accidental discovery about the nature of hardening of the arteries, the U. S. Public Health Service is planning a major new assault on the dread disease. Arteriosclerosis, the worst killer of them all, accounts for one-third of all deaths in the U. S.

The amazing discovery is a by-product of atomic research. In studying the effects of atomic radiation on blood, it was found that all "hardened" arteries and veins were lined with deposits of a fatty substance called cholesterol.

The substance has the effect of corroding the vessel walls, making them narrower and thus forcing the heart to strain at pumping blood through them.

But it has not yet been determined that a diet high in cholesterol foods, such as dairy products, necessarily causes the disease. Some persons with much cholesterol in their blood show no indication of being bothered by hardening of the arteries, while others with little cholesterol suffer from the disease.

Part Of Research An Atomic Energy Commission spokesman, however, admits that controlling the diet by limiting the intake of dairy products and other high-cholesterol foods is part of the research. He reports:

"There is some evidence to indicate that an over-loaded cholesterol diet is a factor. In a preliminary study of a group of 20 patients restricted to a low cholesterol diet, the researchers were able to eliminate an 'abnormal' cholesterol molecule from their blood serums."

Specifically, what the new discovery has done is to isolate a special giant cholesterol molecule. The fatty cholesterol substance consisting of the giant molecules, it is now believed, hold the answer to what causes hardening of the arteries. But the big riddle is whether a person's diet, or some special condition of his internal chemistry causes the formation of the giant cholesterol molecule.

Special Tool The most practical aspect of the research to date is the possibility of developing a reliable chemical test which will tell a person whether he's likely to get the disease even before any symptoms of it appear. A special tool of atomic research called the ultra-centrifuge detects

Practical aspect of arteriosclerosis research centers around this ultra-centrifuge. It may help to discover hardening of the arteries before any symptoms develop.

the presence of the giant cholesterol molecule in a specimen of blood. On one part of this testing study AEC reports that:

"Of 104 men and women in any age group who had had heart attack (coronary thrombosis), an expression of arteriosclerosis, 91 per cent showed appreciable concentrations of the 'defective' molecule in the blood."

Research to date has centered on further development of the reliability of this test. If it is found to be worth widespread use there is also the problem that the ultra-centrifuge costs about \$15,000 to buy and \$5,000 a year to maintain. And manned by a highly-trained crew working around the clock, the machine can only test about 30 specimens a day.

Dr. John W. Gofman, with a team of able researchers at the University of California, has been in charge of the work that has been done. Part of it has been financed by AEC and part by USPHS.

Other facts about the disease he has helped turn up are that hardening of the arteries is not necessarily a trouble of old age—and that males are far more susceptible to it than females.

The proposed big expansion of this whole new line of research will place related projects in various laboratories and universities around the country. Most experts on heart trouble agree that this program is probably one of the most important that has been opened up in many years.

Abundant Living

By E. STANLEY JONES

I Cor. 6:12-20. THE URGES REDEEMED We saw yesterday that the three driving urges of the personality are self, sex and the herd. We saw that they cannot be eradicated or re-placed—they must be directed through discipline.

Take the first—self. It is the primary urge and the first to be de-veloped. When the developing child is crossed, it expresses its displeas-ure in various unpleasant ways. The same thing happens in the grown-up. Adler says that the will to pow-er, which is the assertion of the self, is the organizing primary urge—everything is organized around it.

Now what does Christianity do with this primary urge of self? Does it try to wipe it out and make one selfless? Try to crucify it and make it impotent? The answer to both questions is "No." Christianity be-lieves in the self, for the self is God-given and is not given to be cancelled out. "Thou shalt love Thy neighbors as thyself." The self is to be loved, even as the neighbor is to be loved. The self is affirmed and is worthy of love.

Mr. Father, I see that Thy school is strict, but the end is redemption. Thy laws, however uncompromising, are our salvation. They are made for us, and they mean to make us. Help us then not to chafe at them as enemies, but to embrace them as friends. For all Thy laws are Thy loves. I thank Thee, Amen.

Stripling Declares U. S. Has No Secrets From Soviet Union

Robert E. Stripling, former chief investigator of the House Un-American Activities Committee, told members of the Episcopal Men's Club at Trinity Episcopal Church Monday night he doesn't believe the United States has "a single secret of consequence, atomic or otherwise, from the Communists."

"The immediate threat to the world is Stalinism," Stripling de-clared. "I seek no public office or favors, but I believe it is my duty to inform my fellow citizens of America and of my home town of the threats of Stalinism."

"Stalinism is the brand of com-munism which is completely dic-tated by the Soviets to destroy our government and every other non-Communist government in the world. We must realize what we are up against."

"The leaders of communism know it cannot succeed within the bound-aries of one nation and they have set out to take over the world. There is no middle-ground or compromise with Communism. Communism is an example of what an organized minority can do to a disorganized majority."

Stripling declared that during World War II and in the years im-mediate following it, the Com-munists were able to get all the in-formation they wanted from our government during its appeasement policy.

"I believe that when persons who have sold our country down the river become known, something should be done about it."

"We are reaching the crossroads. The Soviets have not been stopped. Their one aim is to take over this world. If they do we will lose our churches, our homes, our jobs and our right to freedom. We have everything to lose and should devote ourselves to combating communism."

Paul Kolm, vice president of the club, presided at the dinner meet-ing in the Trinity Church Parish House.

Sheriff Restrained From Wire Cutting EL PASO —(P)— An injunction restraining Sheriff Joe Campbell from cutting Western Union wires to the Silver State News Service in Anapra, N. M., was granted Monday by Federal Judge R. E. Thomson.

A suit for \$75,000, filed against Campbell by Western Union, still is pending.

The sheriff ordered a deputy to cut the wires just this side of the New Mexico border on May 12.

L. A. Swenson, general manager of the Dallas office of the Western Union, said service to Anapra was restored Saturday.

Arrest By Radio LOS ANGELES —(P)— Radio of-ficers M. G. Hutchinson and D. K. Duggans were ordered to investi-gate a loud radio. "Come in," said a voice after they knocked on the specified door.

Inside, they reported, they found and arrested five men engaged in a game of draw poker. As the of-ficers herded the men out the door enroute to the jail, they thought-fully turned off the too-loud radio.

## Two Parties Are Courtesies For Graduates

Girls graduating from high school this month are honored at a succession of parties, most of them reflecting the informality of teenagers, which are crowding the May social calendar.

June Hazlip was one of the honorees at two recent parties, sharing honors with Rosalynn Leggett at a kidnap breakfast Tuesday morning and with Pat Emmons at a Coke party Sunday night.

Jo Ann Nelson and her mother, Mrs. C. E. Nelson, were hostesses with Mrs. W. Harry Rhodes in the Rhodes home for the surprise breakfast Tuesday. They started at 5:30 a.m., calling for the guests, waking them and insisting that they come to the breakfast dressed just as they were.

The informally attired group was served breakfast from a table centered with a girl graduate figure made from an eggplant, dressed in cap and gown and carrying a diploma in one hand and a suitcase in the other.

Mothers of the two honorees, Mrs. L. Waldo Leggett and Mrs. Steve Hazlip, were among the 35 guests.

Joyce Howell entertained with the Sunday night party in the home of her parents, Mr. and Mrs. Benton Howell.

Guests were Sue Johnson, Betty Wilson, Shirley Harrison, Katherine Lewis, Virginia Bredovoe, Miss Leggett, Tonya Chapple, Helen Cartwright, Bert Studdert, Peggy Charlton, Carolyn Cook, Margie Cramer, Jean Ferguson, Marjani Forrest, Mary Nell, Susie Young, Ann Brown, Margi Carter, Daphne Tabor, Miss Nelson, Maggie Murphy and Marilyn Wheelock.

Miss Huckaby is the daughter of Mr. and Mrs. Jeff Huckaby of Terminal and his parents are Mr. and Mrs. R. J. Brown of Odessa.

Dorothy Brown of Odessa, sister of the prospective bridegroom, Nellene Colburn and Leila Norwood served.

The guest list included Mrs. D. L. Griffin, Mrs. John Gray and Johnnie Faye, Mrs. Ed Martin, Mrs. Cline, Mrs. Hoyt Ivey and Frances Ivey, all of Odessa; Mrs. Merrill Watkins and Mrs. Walter Sellers of Terminal; Mrs. Leila Herzog of St. Louis, Mo., and Mrs. Mozelle Polcher, Mrs. A. J. Norwood, Mrs. Lee Manning, Mrs. Albert Norwood, Mrs. Troy Etheredge, Sandra Norwood, Shirley and Wanda Bunt, Virginia Bredovoe, Gwen Gordon, Mrs. A. A. Manning, Mrs. D. E. Skelton and Mrs. A. L. Smith, all of Midland.

## Backstage Work On 'Miranda' Points To Opening On Thursday

While cast members are rehearsing fine detail to produce the desired effect in their lines, the backstage crew of "Miranda" is hammering and painting to insure the actors a correct and finished background.

The English comedy by Peter Blackmore will open Thursday night in the City-County Auditorium as a Midland Community Theater production. Friday and Saturday performances, as the one Thursday, will be held at 8:15 p.m. There will be no matinee.

Bill Adam as stage manager is heading backstage work with the assistance of Stan Shaeffer, Waring Bradley, Larry Melzer and John Perry, members of the construction group.

Bradley, June Rindsig, Rosemary Ann Edwards and Alice Swift are doing the painting and Klondike Johnson is in charge of lighting.

**Costumes, Makeup**  
Ann Porterfield is directing costume work while Frances Johnson, Miss Swift and Betty Gaines are gathering properties. E. J. Elliott and Dorothy Perkins will produce the sound effects and Maedele Roberts will make up the cast members.

Out front, Joe Koegler will be house manager while Mrs. W. A. Waldschmidt, Mrs. V. W. Rogers, Mrs. Coe Mills and Miss Rindsig are taking care of the reservations and box office work.

Adam, Mrs. Louise Chase and Mr. and Mrs. W. A. Waldschmidt made up the casting committee and Roger Coverley has handled publicity while rehearsing for his role of Nigel Hood in the play.

W. F. Pennsbaker, edited the "Prompter," assisted by Mrs. I. A. Searles, advertising; Mrs. W. H. Thams, lay-out; and Mrs. R. S. Bogardus, art work.

Diane Perkins is captain of the ushers and will be assisted on Thursday by Nancy Forman, Gerry Gal Mathews, Toni Redden, Suzanne Hood and Mary Bell Ten Eyck. Friday, the same girls, assisted by Carolyn Hood and with the exception of Miss Ten Eyck will do the job for the Saturday performance. Jaynan Edwards, Miss Forman, Miss Mathews, Miss Leggett and Elinor Wheeler will be the ushers.

**ESTHER CLASS HONORS MEMBERS WHO TEACH**  
Members of the First Baptist Esther Class who teach other classes were honored at a covered dish luncheon given by the Esther Class recently in Mrs. C. W. Murray's home. Mrs. Ralph Day, Mrs. W. T. Hagler, Mrs. Robert Reeves and Mrs. Coy Knight are members on the service roll who were presented corsages of sweet peas. Garden flowers decorated the rooms. Mrs. J. O. Nobles, Jr., and Mrs. J. C. Lawrence assisted Mrs. Murray.

## Circles Divided And Chairmen Named In Methodist Society

The yearly pledge tea, at which pledges of gifts to missions are made and circle divisions drawn, was held Monday by the First Methodist Woman's Society.

Names of members for next year in the afternoon circles were drawn at the tea. The night circles were divided, and a new one added, at a joint meeting Monday night in the home of Mrs. J. L. Tidwell. The May Tidwell Circle, which has morning meetings, will remain unchanged unless it becomes large enough to require division.

Meeting in the Scharbauer Building, the group had its tea and monthly business meeting and voted to send an offering to Mary Inez Holland in Chaitia, India, a missionary sponsored by this district.

Mrs. Edwin C. Hall, vice president, was in charge of the program, entitled "We Can Give More." She was assisted by Mrs. O. L. Crooks, Mrs. Dell Taylor, Mrs. W. P. Prothro, Mrs. A. V. Johnson and Mrs. Bob Baker. Mrs. Paul Bowman played piano selections. Mrs. E. A. Crisman, Mrs. Howard H. Hollowell and Mrs. Sam Preston assisted.

Belle Bennett Circle members were hostesses for the tea hour and Mrs. Preston presided at the punch bowl.

New members for the afternoon circles are as follows:  
Laura Haygood — Mrs. W. M. Ford, chairman; members, Mrs. Bill Hutchison, Mrs. Stacey Allen, Mrs. Preston, Mrs. J. R. Smith, Mrs. Ola Bole, Mrs. Stella Barber, Mrs. J. L. Thorpe, Mrs. John Campbell, Mrs. J. W. Thorne, Mrs. Iva Noyes, Mrs. Addison Wadley, Mrs. A. W. Stanley, Mrs. E. B. Patterson, Mrs. Winston Hull, Mrs. W. I. Pratt, Mrs. L. B. Moore, Mrs. Clark J. Matthew, Mrs. Nettie Crawford, Mrs. Minnie Crumley, Mrs. J. L. Tidwell, Mrs. Terry Tidwell and Mrs. Robert Turner.

For we wrestle not against flesh and blood, but against principalities...

Excellent Sign

A New York Times survey reports more colleges than requiring students to study American history...

Cheers ought to greet this trend. Part of a nation's growing up is becoming aware of its own past...

We often get the idea that events breaking around us are unique. Most of the time they're not...

For instance, this isn't the first period in U. S. history when we've been stirred up about the Red menace...

Another case: Harold Stassen has just called President Truman the worst President ever to sit in the White House.

How does Truman stack up with his predecessors? You can't answer that one without knowing what other presidents did and how they're rated.

Of course, not even the most objective historians could agree on who was the worst President; but they probably could get together on a general group within which the worst would be found.

These are merely two samples of how useful it is to know what has gone before. It helps us avoid foolish mistakes, to put events in a sensible frame, to keep calm and judge carefully.

Travel Is Expensive

If you have a map of the United States handy, come along on a little trip with a B-36 auxiliary jet engine from its first assembly to final installation in the big bomber.

That's a 4,000-mile tour for the auxiliary jet. If any of the rest of the plane travels about the country like that before final assembly, it's no wonder the B-36 price tag comes to \$4,000,000.

Old-timers can't figure out the record lack of snow in some sections of the country. We don't get the drift, either.

Modern Industry, a trade magazine, is launching the campaign for repeal of the law. Recent successes of anti-New Dealers in preventing repeal of the Taft-Hartley law and in stopping President Truman's plan to reorganize National Labor Relations Counsel Robert N. **Presbyterian Women Hear Talk By Guest**

The Rev. Harry G. McDonnell, pastor of the Normandy Heights Presbyterian Church in Odessa, was the guest speaker for the First Presbyterian Women of the Church Monday.

Meeting for the thirty-eighth anniversary of organized woman's work in the church, the group heard of the work at Texas-Mexican Industrial Institute in Kingsville and student work being done on college campuses by the Presbyterian Church.

Mrs. Jim Campbell of the Latin American school presented an A Cappella choir which sang three selections. Mrs. Jack Mashburn, principal of the school, spoke on the work that is being done in Midland to aid Latin Americans.

Offering Made  
Mrs. John B. Richards gave the dedication offering before the special offering was taken. This offering will be put with money from other churches and will be used to endow a Chair of Bible at Texas-Mex and for student work.

The birthday party was held in the parlor after the program. Mrs. J. Clifford Hall, Mrs. John Parker and Mrs. R. F. Carroll were hostesses.

An arrangement of Marconi daises centered the table and the birthday cake was decorated with yellow lilies. Mrs. W. P. Knight served the cake and Mrs. Sol Bunnell presided at the punch bowl. About 70 women attended.

**Members Assist In Club Dance Calls**

Dr. E. W. McCullough and Don McKibbin, members, assisted Jay Johnson in calling for the Silver Spur Square Dance Club Monday night in the Midland Officers Club.

**Alabama Woman Recommends HADACOL**

TO FOLKS SUFFERING WITH DEFICIENCIES OF VITAMINS B1, B2, NIACIN AND IRON

Mrs. R. E. Cassidy, 406 Tennessee Avenue, East Gadsden, Alabama, has suffered for some time with loss of weight, nervousness and gas pains. After taking HADACOL, she says: "I would wholeheartedly recommend HADACOL because it has done so much for me."

Mrs. Cassidy was suffering from a deficiency of vitamins B1, B2, Niacin and Iron, which HADACOL contains. She says, "I wouldn't take anything for the complete change HADACOL has made in my home."

Here is Mrs. Cassidy's statement: "For some time, I have been underweight, nervous, had terrible headaches and gas pains all the time. I had taken all kinds of medicine. Then a friend told me how she got such wonderful results from HADACOL. After two bottles, I could tell a terrific difference. I now have a fine appetite, have gained weight and best of all, have lost those gas pains and headaches. I wholeheartedly recommend HADACOL because it has done so much for me. I wouldn't take anything for the complete change that HADACOL has made in my home."

Sold On A Strict Money-Back Guarantee

So give this remarkable HADACOL medicine a chance to help you if you suffer from stomach distress, nervousness, insomnia, constipation, aches and pains of neuritis, a general run-down condition, and are sick or ailing, because you have deficiencies of Vitamins B1, B2, Niacin and Iron. Remember that HADACOL is amazingly different and amazingly effective because it treats the real cause of such troubles. Make up your mind to take HADACOL regularly. Refuse substitutes. Insist on the genuine. There is only one HADACOL. You can't lose a cent, because it's sold on a strict money-back guarantee. You'll feel great with the first few bottles you take... or your money back. Only \$1.25 for Trial size. Large Family or Hospital size, \$3.50.—(adv.)

**Dan Lutz Paintings Will Be Displayed In Palette Studio**

Pictures with drama, violence and peace will be shown to Midlanders Wednesday and Thursday in the Palette Club Studio. They are the works of Dan Lutz, head of the painting department of the University of Southern California.

George Baylous of the Pan-American Galleries in San Antonio will bring the pictures here under the joint sponsorship of the American Association of University Women and the Midland Palette Club Art Center. The Goerke show and Chinese Watercolor exhibition, both recent showings at the studio, have come from the same galleries.

Exhibition hours will be from 3 to 10 p. m. Wednesday and all day Thursday. The public is invited to attend.

The paintings of Dan Lutz bring violent reaction, either enthusiastic or critical. His subjects vary widely, but always his paints gleam with light.

**CLUB TO MEET**

The Young Homemakers Home Demonstration Club will meet at 2 p. m. Thursday with Mrs. Troy Ehringred, 409 Estes Street. All young married women are invited to attend and bring their children.

# ADDY RINGTAIL

By WESLEY DAVIS

## addy Ringtail And me Of A Pig

addy Ringtail, your monkey id, was spending the day at Old Donald's farm to see about gs while Old MacDonald was to the city. First of all, Daddy Ringtail poured out the corn on the ground in the pen. The pigs began to gobble. They pushed and they shoved and they pushed one another. Each one gobbled as fast as it could for fear that the other pigs would gobble the corn

happy squeal, and another and another. Soon all the pigs in the pen were squealing their happy squeals of "here was their breakfast."

**Raging Red River Falls Steadily In Canada Flood Area**

**WINNIPEG**—(P)—The raging Red River dropped steadily from its flood crest Tuesday. Winnipeg, catching its breath, began relief and rehabilitation.  
 Barring a heavy, prolonged rain, the worst seemed over for the twin cities of Winnipeg and St. Boniface. Public and official attention was focussed on a gigantic job: The homes of 80,000 persons have been damaged or destroyed by the floods, worst in 100 years for the Red River Valley.  
 About 100,000 refugees have fled the flood zones. The Canadian Army still is calling upon others to leave the flood area, but the outward stream of refugees is about ended now.  
 Greater Winnipeg has 350,000 people.

The army has warned of a grave risk of epidemic disease if flooded homes are occupied before decontamination. Some homes have been under muddy water a month.  
 All major dikes in the flood areas of greater Winnipeg are reported holding. The problem is to maintain the metropolitan area dikes while flood waters covering hundreds of square miles are funneled off into Lake Winnipeg.

**In Historic Passion Play**

Here are the leading characters in the traditional Passion Play being staged for the first time in 16 years at the mountain village of Oberammergau, Germany. Anton Preisinger, left, beer parlor owner and an admitted former Nazi Party member, plays the role of Jesus Christ. Hans Schwaignofer, right, a teacher at Oberammergau's well-known wood-carving school, plays the role of Judas. Political bitterness which accompanied last year's casting of the play has been forgotten, villagers say. (Photos by NEA-Acme staff correspondent Gerhard P. Seising.)

**MHS Thespians Present 'Cinderella'**

Cinderella met her handsome prince Tuesday night as members of the Midland High School Thespians Troupe presented the children's play "Cinderella and Loerland" in the high school auditorium.

The play, under the direction of Miss Verna Harris, MHS speech teacher, and Deplane Tabor, student director, was a fantasy version of the Cinderella story.

Joe Barnett and Shirley Harrison played the parts of the Prince and Cinderella, and June Hazlip was the cruel stepmother. Joyce Howell and Pat Emmons portrayed the stepdaughters.

**King And Queen**  
 Stan Coker and Virginia Breedlove were the king and queen and Marjann Forrest played the princess in gold. Ruth Bleyberg took the part of the fairy godmother, and Betty Wilson was Biff, the court fool.

Harry Harrison had a leading role as the magic talking cat.

Others in the cast were: Clifford Wilcox, Inez Hedges, John Petty, Katherine Carter, Nancy McKinley, Vi Jean Fuglar, Robert Stubbeman and Shaw Hagler.

Following the performance, members of the cast held a party on stage. The Thespians Troupe is a national dramatic society unit.

**High School Teacher Chosen Principal Of Crockett School**

Frank Blackwell, history teacher at Midland High School, has been named by trustees of the Midland Independent School District as principal of the new David Crockett Elementary School, now under construction in Northeast Midland.

Blackwell, who holds a master's degree in education from the University of Oklahoma, spent 17 years in the school system at Cement, Okla. He was superintendent of schools there before coming to Midland. He joined the faculty of MHS in September, 1949.

Frank Monroe, superintendent of Midland schools, announced the appointment. Blackwell will assume his duties August 7.

Blackwell lives at 1013 North Main Street. He is married and is the father of two children, Frank, who graduated from MHS in June, 1949, and Jean, who is to graduate next Tuesday.

### Government Plans Defenses A-Bomb Worried Cities

HINGTON —(AP)—An emergency defense plan is going to be soon for the nation's A-bomb worried cities.

Officials have been complaining their towns can't find out what they ought to do about civil defense.

The government's Civil Defense Office in the National Security Resources Board (NSRB), is getting a program ready to show them how to do it with the manpower and resources they have now.

The surveys getting underway in Seattle and Chicago where authorities will work on the assumption that the cities are atom bombed, will be the first in the program.

On September 1, NSRB is to have a more permanent defense plan ready for states and communities.

Officials say no change in

policy has been made—that the federal government isn't stepping in to give the orders and foot the bill for civil defense. It still plans to supply guidance and advice, and leave it to states and cities to make the detailed arrangements and pay most of the checks.

**Attack Not Imminent**

Nor does the fact that an emergency plan is being developed indicate, NSRB authorities say, that the government considers an attack any more likely now than in recent weeks and months.

Eric Biddle, a consultant in the Civilian Mobilization Office at NSRB, is chairman of the government's committee working with Washington, Seattle and Chicago authorities.

A meeting was held Monday with Washington officials and private individuals working on civil defense.

A 23-point check list was passed around and experts in 36 fields are supposed to supply answers within a week, telling what they would plan to do, what they would need in the way of handling people and equipment, in event of a national emergency and before and after an atomic attack.

Later in the week, officials from Seattle and Chicago, and representatives of States of Washington and Illinois have been asked to come in for conferences.

With the information gathered from studies in the three cities, NSRB hopes to put together a program which will be valuable to other cities.

### They're Tooling Tuneful Whistles On The B&O Line, But Casey Jones Wouldn't Like It

BALTIMORE —(AP)—They're tooling tuneful whistles on the B&O Line.

The Baltimore and Ohio has installed musical whistles on one train and put single-chime whistles on eight yard engines. It has ordered more.

And it must have brought great sadness to the ghost of Casey Jones.

The famed Casey could sign his name through the Tennessee night with a locomotive whistle.

If his ghost looks with contempt on his modern railroad brethren speeding down the rail to the tune of musical chimes, the B&O at least has a good excuse.

"There are a lot of people who

### Flying Boat Sinks; Crew Is Uninjured

HONOLULU —(AP)—Seventeen persons were rescued uninjured Tuesday when a Navy flying boat sank after a takeoff accident at Maleolap Atoll, 270 miles from Kwajalein.

The Hawaiian Sea Frontier was advised of the mishap by the Kwajalein Naval base commander who sent a plane to the scene to drop emergency supplies. A surface patrol craft will pick up survivors Wednesday.

A sea frontier spokesman said the PBM struck a submerged object while making an open water takeoff. The plane was on a routine logistic mission.

Radio contact was established through Kwajalein. Both the crew and passengers were ashore, using an emergency transmitter.

### ★ THE DOCTOR SAYS ★ Treatment Of Trench Mouth May Take Time For Results

By EDWIN F. JORDAN, M. D.  
Written for NEA Service

Trench mouth, or as it is commonly called Vincent's infection, is a condition particularly frequent during times of stress and strain, such as exists during wartime or when a person becomes weakened by disease or injury. There have been serious outbreaks in which large numbers of people have been attacked at the same time.

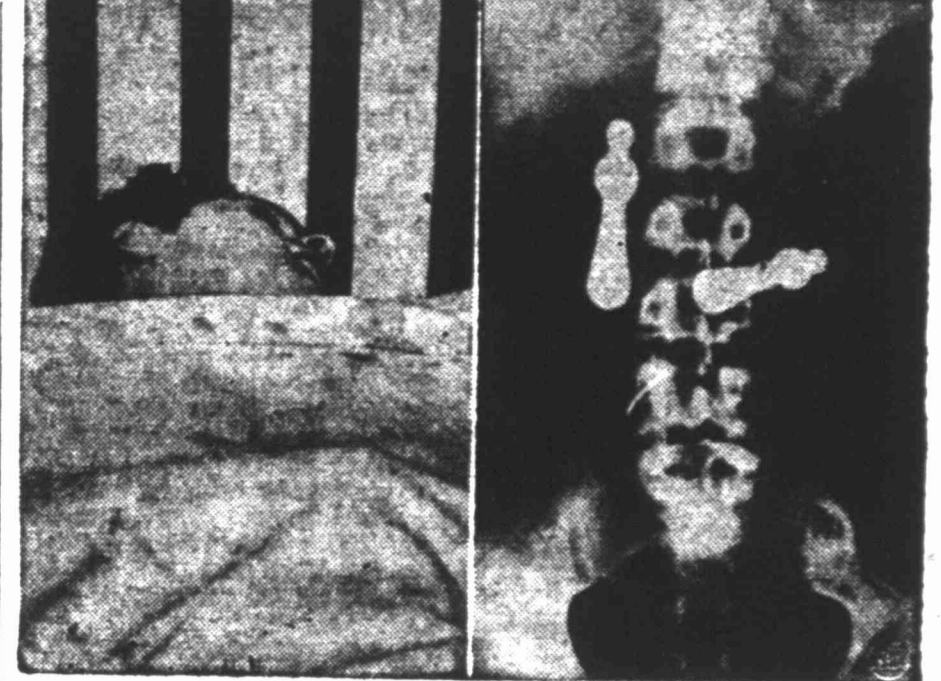

In the acute form pain in the mouth is the outstanding and universal symptom. Intense burning of the mouth and tongue and excessive salivation are the rule and sometimes the saliva is actually bloody.

Also during an acute attack the breath has a foul odor and there is a metallic taste in the mouth. In children, in contrast to grownups, symptoms of sore throat, fever, pains in the muscles and joints, difficulty in swallowing and the appearance of severe illness are not uncommon.

In its typical form this inflammation of the mouth and throat is accompanied by ulcerations in the lining of the mouth and sometimes by the formation of an actual membrane which can be confused with the membrane of diphtheria. The involved areas are inflamed, tender, and bleed easily if pressed.

While biding his time in a Murphysboro, Ill., jail, auto larceny suspect John Falkenberg swallowed two steel water faucet handles and a pipe stem. Falkenberg is seen at left shortly after an operation to remove the hardware. At right is an X-ray picture in which the two faucet handles are plainly visible. Jail officials believe the prisoner swallowed the hardware on a dare.

### Russian Roulette Claims New Victim

WESTMINSTER, MD. —(AP)—George William Martin, 17, found a pistol in a drawer at Carol Miller's home Monday night. So he was showing his date how "Russian roulette" was played.

Carol wanted him to put the gun down and stop "showing off."

"I thought he would stop that foolishness if I walked out of the room," the 15-year-old girl told State Police Corporal James Simmons later.

As she went out the door, she heard a report.

Martin died on the way to a Baltimore hospital, a bullet wound in his temple.

Police listed it as suicide.

"Russian roulette" is played by inserting one cartridge into an empty revolver, spinning the chamber, and pulling the trigger with the gun pointed at your head, taking a chance the hammer will strike an empty chamber.

### Hershey Sees Renewal Of Draft Inductions

INDIANAPOLIS —(AP)—Draft inductions may be necessary soon, says the nation's selective service director, because military enlistments have been slumping.

Major Gen. Lewis B. Hershey said Monday manpower experts in Washington are worrying about the recruiting slump. He was here inspecting the Selective Service organization.

However, General Hershey said no inductions will be ordered until after Congress has taken action on extending the peacetime draft law beyond June 24.

LOS ANGELES — (AP) — Brown-beaten American husbands, arise! Mile. Stella Danfray speaks: "Do not be slaves any longer. If it is necessary, do not be afraid to slap your wives when they need it. No woman minds one little slap, eh?"

Mile. Danfray, 24, recently voted "the most sultry Parisian," delivered this homily Monday as she arrived on a goodwill mission for French fashion and perfume industries. She softened it a bit with: "Of course, the American men make very good husbands, that is true. But the French men make better lovers."

Which do French women prefer? "Well, I think maybe the husband," she said, hesitating. "But it is much better if the husband is also a lover."

**Pepita Up In Air Over Bullfighter's 'Affair' With Ava**

NEW YORK — (AP) — A new front opened up Tuesday in the Frank Sinatra-Ava Gardner-Mario Cabre game of hearts.

This one involved bullfighter Cabre's Spanish Sweetheart, 22-year-old Pepita Marco, who is dancing in a Greenwich Village club. The word, in English, was slow to reach the Spanish-speaking senorita. But it didn't lack for impact. When the dark-haired beauty finally comprehended her Mario's passionate outpourings to Ava via the press, she tore up his picture and stomped on the pieces.

"He's a hypocrite, and I do not want to see him again ever," she declared. "I am through with him."

Claims Agreement — Pepita said they were engaged 18 months ago, and when she left for America they made an agreement to let the other know if they had a change of heart.

"If he declared a change in his letters I would have respect him," she said. "As it is..." and she pointed to the newspapers.

In his last letter to her, Pepita said, "he only casually mentioned the picture he was making with Ava."

"He said nothing about love interest. He called me funny face, an endearing term he reserved for me alone."

Sinatra, temporarily retired from the list, was back in Hollywood after a flying trip to Spain where Ava and Mario are making a picture.

**Experts Blame War, Politics For Water Shortages In Nation**

PHILADELPHIA — (AP) — The war and politics were blamed Tuesday for the nation's widespread water shortages.

Such was the view expressed by several experts attending the American Water Works Association Convention which is trying to help American cities get all the pure water they need.

Summing up a widely held opinion midway of the five-day meeting, Harry E. Jordan of New York, association secretary, put it this way in an interview: "Actually, as will be explained many times at the convention, there is intrinsically no long range water shortage. The real shortage is in facilities for bringing water to the people."

"The major cause of this situation was the war," he said. "Water works projects suffered during the war years, because required materials were hard to get or could not be obtained at all. The country's whole effort naturally was directed toward production and uses of material demanded for victory in the field."

Administrative Neglect — "But another factor in our failure to keep water supply abreast the growth of population lies in administrative faults and neglect at local levels. Here we find that administrative officials all too often do not press for the development of water works programs which have been recommended by engineers. Why is that so? Well, no doubt because the programs aren't considered politically expedient."

"So far as the war-imposed curtailments are concerned," he went on, "we can only work hard to make up lost ground as fast as possible."

Jordan said New York's recent water famine came about because "since 1945 the city has been using much more than the dependable yield" and has been short of storage facilities.

"The engineers knew what was wrong," he said, "but they lacked the political authority to enforce what was required."

Urging that "the water works be taken out of politics," Jordan and other experts suggested the creation of non-political authorities, which would be held responsible for both water supply and sewage disposal systems, and would be comparable to port authorities and bridge authorities.

**Sherman Citizens Make \$110,000 Gift To Austin College**

SHERMAN — (AP) — The citizens of Sherman have given Austin College \$110,000 in honor of the Presbyterian school's 100 years of operation.

The gift was announced when the college gave 120 diplomas Monday night. The money will be used with the \$165,000 the college already has for a \$275,000 student union building.

Ten honorary degrees were presented. Those honored included Houston Harte, San Angelo newspaper publisher; Speaker Sam Rayburn; the Rev. Hubert H. Hopper, pastor of the First Presbyterian Church, McAllen; the Rev. Harry M. Moffett, Jr., pastor of the University Presbyterian Church, Austin; Dr. David L. Stitt, president of the Austin Presbyterian Theological Seminary, Austin, and J. Leighton Stuart, U. S. ambassador to China.

**South Amboy Blast Gives Army Chance For 'Bombing' Study**

SOUTH AMBOY, N. J. — (AP) — This city's explosion disaster has given the Army a chance to study what might happen if America were bombed.

The Department of the Army has sent two scientists here to study after-effects of the munitions blast which shook South Amboy Friday, killing 31, injuring more than 300, and ruining the waterfront.

The American continent escaped bombing in both World Wars and Army men have only the experience of foreign countries to go on when guessing how bombs might affect American cities. But now South Amboy has become a laboratory that may throw some light on how Americans might behave in a surprise bombing raid.

Dr. Leonard Logan, a sociologist, and Dr. J. B. Green, a physicist, said their report for the Army will discuss the physical, economic, and social impacts of the disaster.

No Official Explanation — Meanwhile there still is no official explanation of what caused 600 tons of munitions, destined for Pakistan, to blow up at the docks. Witnesses at a Coast Guard hearing in New York limited themselves to guesses.

Shopkeepers returned to their boarded-up stores here and glaziers and carpenters were at a premium. Explosions continued to punctuate the air as Army demolition squads combed the wrecked area for mines.

The blast occurred while the munitions were being loaded from 12 railroad cars to four self-propelled barges. It included military mines for Pakistan and blasting dynamite for Afghanistan.

The State Department said Monday the explosives were licensed in accordance with government regulations and that an investigation has showed no irregularities.

**Air Force Delays Mass B-36 Flight**

FORT WORTH — (AP) — The takeoff for a mass flight of B-36's bound for Puerto Rico, originally scheduled for Monday night, has been postponed because of necessary modifications to three craft.

An Air Force spokesman announced that changes on the windows of the development of water works programs which have been recommended by engineers. Why is that so? Well, no doubt because the programs aren't considered politically expedient."

"So far as the war-imposed curtailments are concerned," he went on, "we can only work hard to make up lost ground as fast as possible."

Jordan said New York's recent water famine came about because "since 1945 the city has been using much more than the dependable yield" and has been short of storage facilities.

"The engineers knew what was wrong," he said, "but they lacked the political authority to enforce what was required."

Urging that "the water works be taken out of politics," Jordan and other experts suggested the creation of non-political authorities, which would be held responsible for both water supply and sewage disposal systems, and would be comparable to port authorities and bridge authorities.

The planes, led by Brig. Gen. C. S. Irvine, commanding the 7th Bombardment Wing at Carswell Air Base, were to undertake radar bombing, gunnery and navigation training on an indirect course before landing at Ramey Air Base in Puerto Rico.

Lake Tanganyika, Africa, has been sounded to a depth of 4,708 feet.

### Frankie Denies Everything

(NEA Telephoto)

Frank Sinatra, right, arriving in New York from Europe, denies everything to newsmen. There was no \$10,000 necklace given by him to actress Ava Gardner, Frankie claims, and his rivalry with bull fighter Mario Cabre for the beautiful Ava was so much bull.

### Florida Establishes All-Negro Court

MIAMI, FLA. — (AP) — Florida's first all-negro court since reconstruction days has opened for business with the swearing in of Judge Lawson E. Thomas.

Thomas, 52-year-old negro attorney who has been practicing in Miami since 1935, was administered the oath of office Monday.

In his first case as a magistrate, Judge Thomas fined John Rivers, a negro, for disturbing the peace.

Only cases involving negroes will be tried in the court.

### VILLAGE FIRE HOUSE RULED FIRE HAZARD

LISBON, N. Y. — (AP) — The fire-fighting equipment for this village of 250 will be housed in a public garage for a while.

The fire house is a fire hazard, state inspectors say.

### Typing 'In The Groove'

"I'm in a rut," said the index finger to the middle finger. "Just keep punching, and you'll do okay," the middle finger replied. The two fingers were learning their part in a new, "painless" method of touch-typewriting developed by Russell Potter of New York. Potter's technique is to "fence off" each finger with the keys it is supposed to hit. It's as simple as A-B-D-F-G.

### Odessa Banker Hurt In Kansas Crash

SALINA, KANS. — Condition of J. L. (Dusty) Rhoades, Odessa First National Bank director, who was injured here Sunday morning when the car in which he was riding left the highway, was reported as "serious" late Monday night.

Rhoades suffered a fractured left shoulder and lacerations. He is in the St. John's Hospital.

William H. Rhoades, 44, his brother of Kit Carson, Colo., who was believed to be driving the car, received a bruised chest in the mishap. His condition Monday night was listed as "satisfactory."

The car smashed into a bridge post west of Salina on U. S. Highway 40 and skidded off the pavement onto the soft shoulder of the road.

### Hal Boyle Debunks European Ideas Of American Husbands

By HAL BOYLE  
NEW YORK — (AP) — One of the world's most durable punching bags is the American husband.

He particularly is the target of imported intellectuals and practically any visiting foreigner can make a fast buck here by saying a few unkind words about the typical American husband in a lecture.

It's been that way for 100 years. And gradually a stock figure has emerged—a wonderful cartoon that represents the average European lecturer's idea of the average American married man.

This mythical fellow is a paunchy, walrus-necked tycoon who spends his mornings in an air-cooled office scanning the stock market ticker and roaring at underlings. Afternoon finds him belting a ball around a remodeled cow pasture. And at night he comes reluctantly home to his wife, a henna-haired vixen in an ermine wrap who dishes him up a cold meal out of cans and wears his ears raw with her sardonic wail: "You gotta earn more sugar for mama, big boy—I dropped another hundred at bridge today."

He's an ulcer-riddled, money-grabbing success in business, this American husband—but a bum bet in the boudoir. "He mak the moon-see, yes, but at I'amour he sees no good. In love he sees a schoolboy, no?"

**Outworn Fantasy**  
No, he isn't. This whole picture of the American husband is an outworn fantasy, an illusion dreamed up by foreigners as a result, perhaps, of seeing too many 25-year-old Hollywood movies—and taking them seriously.

It might be a good idea for the State Department to hire a few really American families and send them on tour to other countries, just to bring them up-to-date on what kind of people live here. It would be the best kind of propaganda.

And truth about the American husband today is that he is the world's best matrimonial buy. He doesn't just have the idea that marriage is just something for women and children. He works at it. And it's a pretty healthy life. Some time ago the Metropolitan Life Insurance Company figured out there were some 35,000,000 husbands in the United States, so they're hardly dying out.

They're good providers, too. Most of them bring their paychecks home in their mouths.

One of the proofs of the intelligence of the American husband is that he doesn't try to continue the impossible task of keeping his wife subservient to him.

### o's Former Officers et Reassignments

NORFOLK, VA. — (AP) — The Navy's reassigned the four top officers who were aboard the Battleship Missouri when she ran aground last January 17 on a sand shoal in Chesapeake Bay.

Three of them—Capt. William D. Brown, Cmdr. John R. Millett and Cmdr. Frank G. Morris, Jr.—were tried by courts martial and convicted of each charge brought against them as a result of the grounding. Each was reduced in priority in his respective grade.

Brown, former skipper of the Big Blue, has left Norfolk to assume command of Submarine Group Five, of the Atlantic Reserve Fleet, at the "toothball fleet" base of Green Cove Springs, Fla.

The former operations officer, Millett, has been assigned to the Department of Defense Research and Development Board in Washington.

Morris, former navigator, has been assigned to the surface anti-submarine detachment at Key West, Fla.

Cmdr. George E. Peckham, the ship's executive officer, has been relieved of his post and has been ordered to Stanford University for graduate work in personnel administration.

### est Waitress Title Goes To Chicagoan

CHICAGO — (AP) — A Chicago waitress who works in a restaurant here no tipping is allowed has been named the nation's best waitress of 1950 in a vote sponsored by a restaurant publication.

She is Betty Jacobiec, 26-year-old attractive brunette who has worked the same restaurant here for eight years. Tips left by customers no disregard "no tipping" signs are turned in by Betty and other waitresses to a charity and gift fund.

Betty Tuesday was to be awarded gold medal and \$300 for winning the contest held by restaurant management. The award will be made by Publisher Don Nichols at the convention of the National Restaurant Association.

**Deserter Caught**  
(NEA Telephone)  
Army deserter John B. McCahon, 26, Wheeling, W. Va., has been arrested by FBI agents in Cleveland, Ohio, ending a five-year search. McCahon was picked up in the Union Terminal after the Justice Department learned his wife, Harriet, 23, and their children had left Wheeling by train, apparently to meet him. He had spent the five years working at odd jobs in and around Cleveland. McCahon, a private in the Army, went AWOL from Camp Maxey, Texas, in February of 1945, the FBI agents said.

**Amerasia 'Cover-Up' Charges Are Hurdled**  
WASHINGTON — (AP)—The newly revived Amerasia case of wartime theft of government secrets has stirred fresh interest in Congress, along with Republican charges of "cover-up."  
Promises of "the full and complete story" were made Tuesday by Senator Tyding (D-Md.), who declared "a lot of people are drawing conclusions about things of which they know nothing."  
It came before the whole House late Monday when Rep. Hobbs (D- Ala.) threw aside the official secrecy which has shrouded congressional hearings on the case since 1946.  
He told the House he was speaking out now in answer to "a large number of unwarranted statements which won't bear the light of day."  
The record disclosed, among other things, that some in the Navy suspected Lt. Andrew Roth of being a "fellow traveler." Roth was one of six persons arrested in the case. He later was cleared.  
Two Persons Fined  
Also disclosed was testimony by one "Brooks"—who Hobbs revealed to the House as the wartime cover name of Frank Bielski, chief investigator of the Office of Strategic Services (OSS).  
Brooks-Bielski testified in 1946 that a raid on the Amerasia Magazine office in New York revealed hundreds of secret and confidential government documents.  
The Amerasia case featured the arrest of six persons in 1945 on charges of illegal possession of government documents. One was Philip Jaffe, editor of the Magazine Amerasia. Another was Lieutenant Roth. Two were State Department employees, Emmanuel Larsen and John S. Service.  
Jaffe and Larsen got off with fines. Service and two others were not indicted. The sixth case was dropped.  
Representative Brown (R-Ohio) demanded that Congress "go to the bottom of this."

**Texans Protest U. S. Regulation Of Auction Barns**  
WASHINGTON — (AP)—Max Lindeman of Alice, Texas, president of the Texas Livestock Auction and Commission Sales Association, says a plan to put more livestock yards under federal regulations would handicap numerous independent Texas companies.  
He talked with Representative Lyle and Senators Tom Connally and Lyndon Johnson. He will discuss the matter with Agriculture Department officials.  
G. A. Parr, vice president of the Alice State Bank, who owns the pens where Lindeman operates, and Ed Lloyd, Jr., Alice attorney, also are here.  
"They propose suddenly to include us under the 1921 Packers and Stockyards Act," Lindeman told reporters. Strictly Independent  
He said the act would cover livestock pens with 20,000 square feet or more area.  
Lindeman estimated that probably two-thirds of the 194 yards which are included in the association he heads would exceed the 20,000 square feet limitation.  
"We contend that we are strictly independent and primarily serve local markets," he said. "We believe we are not subject to the act as are the terminal yards where large numbers of cattle move directly into interstate commerce."  
Lloyd said the federal regulatory control would make the rates charged by the independents subject to approval by government officials and otherwise affect present practices by which cattle are sold to the highest bidder.

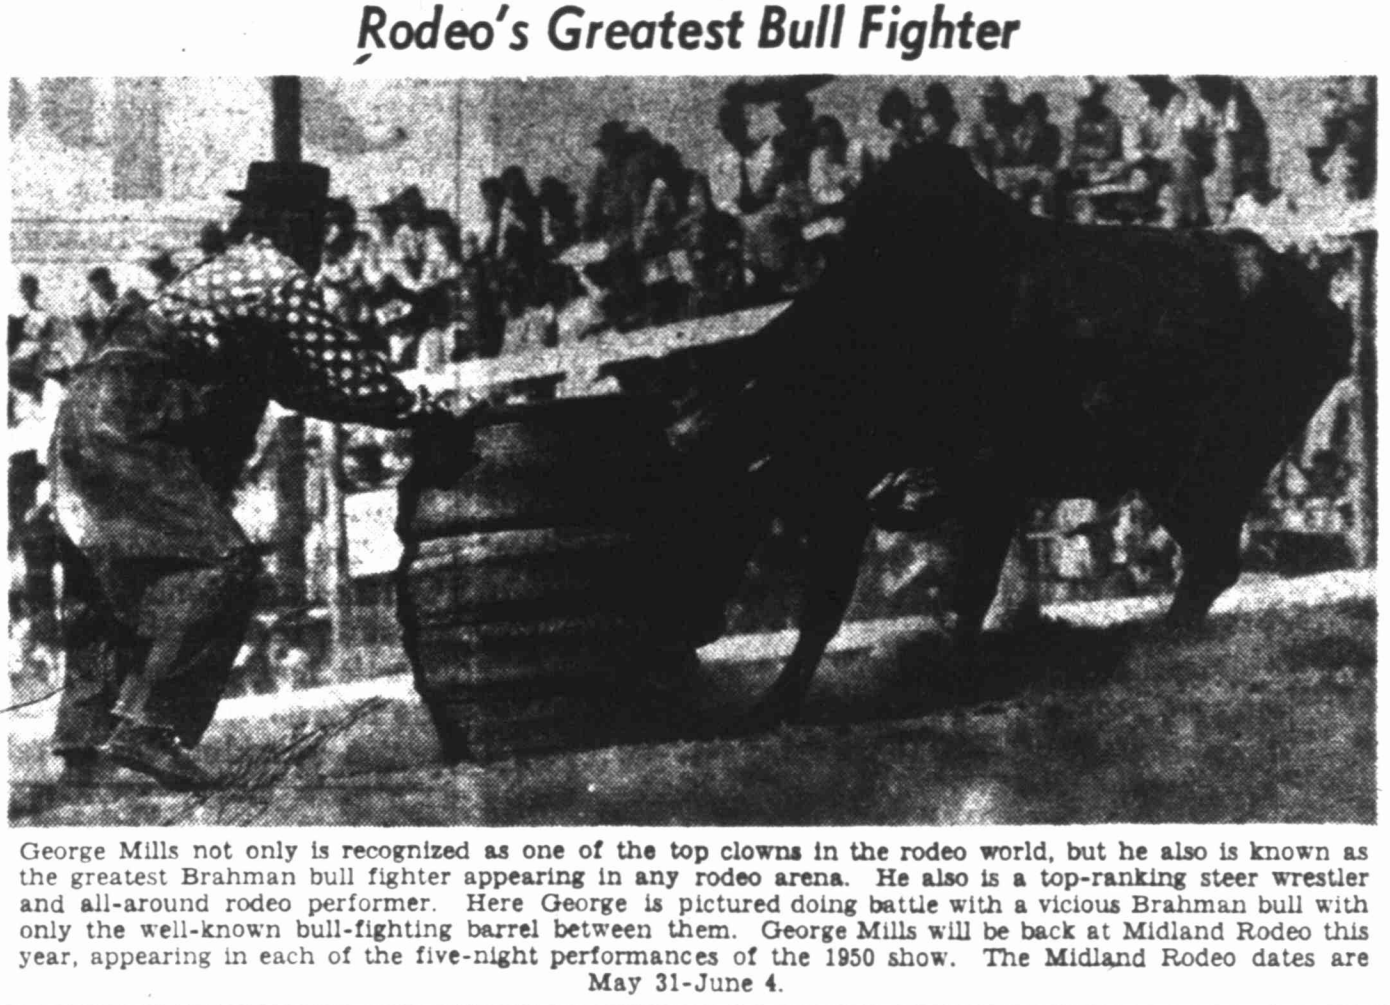

**Roosevelt Grandson Weds In California**  
SANTA MONICA, CALIF. — (AP)—Curtis "Buzzie" Davis, Roosevelt, as he prefers, was to take unto himself a bride Tuesday.  
The 20-year-old grandson of FDR and Robin Edwards, 21, were to recite their vows at St. Augustine Episcopal Church by the Sea, with many of the family, including Mrs. Eleanor Roosevelt, in attendance. The President's widow arrived by plane Monday and was met by sons, John and Jimmy.  
Buzzie, who was the favorite grandchild of the late President, is the son of Anna Roosevelt and her first husband, Curtis Dall, Sr. He has said he intends to carry his mother's family name.

**El Paso Murder Trial Is Postponed**  
EL PASO — The trial of Mrs. Dorothy Edna Dakan Steele, charged with murder of her husband, has been postponed indefinitely.  
District Attorney William E. Clayton told court Monday the victim's mother, Mrs. Mamie Davis, is ill in Idaho. He said she was a necessary witness.  
Leroy James Steele, 28, was shot to death January 29. Mrs. Steele, 35, told officers she shot her husband because he tried to force her to date other men.

**Another Sister Of Farouk Plans To Wed Commoner**  
SAN FRANCISCO — (AP)—An Egyptian princess and her commoner husband, summoned to Cairo by King Farouk, start their homeward journey Tuesday while another princess and commoner plan a marriage which Farouk opposes.  
Princess Faika, sister of the king and her bridegroom, Fouad Sadek, planned an afternoon plane departure, confident their wedding would be given Farouk's blessing—and the bridegroom a new diplomatic office—when they reach Egypt. Both are Moslems.  
But there appeared to be no such hope for Riad Ghali, 31, a Coptic Christian, as he and Princess Fathia, 19, youngest sister of Farouk, planned a Moslem ceremony at the royal suite in the Fairmont Hotel on Nob Hill.  
Ghali said that ceremony is not planned for Tuesday nor would he be pinned down as to just when. But the delay was occasioned by an indisposition of Queen Mother Nazli—and Tuesday she was reported virtually recovered.  
Ghali has another date coming up—May 25, at which time he has promised the U. S. Immigration Service he will divulge the date on which he will be prepared to leave the country. His right to stay has expired with the lifting of his diplomatic status by the king.

Dr. Dysart E. Holcomb, a native of Wellington, Texas, and Texas Technological College graduate, will return to Texas Tech next Fall as dean of engineering. President D. M. Higgins said Tuesday. Dr. Holcomb, 33, graduated from Tech in 1937 with the B. S. degree in chemical engineering, and later did graduate work at the University of Michigan, where he received the Ph. D. degree in 1941.

**Frankie Boy Comes Home Bearing Gifts**  
HOLLYWOOD — (AP)—Frank Sinatra's swank suburban home was due for a visitor sometime Tuesday—Frankie boy himself, bearing gifts.  
The slim crooner returned by air Monday night from a vacation on which he saw glamor queen Ava Gardner in Spain.  
From Paris he brought his estranged wife, Nancy, a gold charm bracelet with a tiny "Eiffel Tower and stuff" on it.  
For their three youngsters he had a little music box from Paris and toys from New York City.  
Reporters asked if there might be a reconciliation with his wife, who has filed a separate maintenance suit.  
"I'd rather not answer that," he said.  
Sinatra is here for 24 hours to discuss a picture. He returns to New York by TWA Tuesday night for a television show Saturday with Bob Hope.  
What about his reported romance with Ava?  
"No comment," Frankie replied abruptly.  
He denied a report he had taken her an emerald necklace worth \$10,000.  
What he did take Miss Gardner, he said, was "12 bottles of coke, some chewing gum, a magazine and two pounds of chocolate. She wrote and asked me to bring them."

**Daily Crude Output Sets New 1950 High**  
TULSA — (AP)—The nation's daily average crude oil production climbed again during the week ended May 20, reaching 5,053,450 barrels for another 1950 record. The Oil and Gas Journal reported Tuesday.  
The total was a week's increase of 8,125 barrels.  
Texas' production remained at 2,085,100 barrels, that state's record established the preceding week, the paper said. New Mexico also was unchanged at 126,125.  
Four areas hit new highs—the Eastern fields, up 600 barrels to 61,700 barrels; Michigan, up 800 barrels to 47,600; Mississippi, 1,950 to 83,400; and Utah, 100 to 3,400.  
The week's greatest gain was reported for Oklahoma, up 7,100 barrels to 413,700.  
Other sizeable increases were California, up 1,750 barrels to 858,500; Montana, up 1,700 to 23,800; and Louisiana, up 10 to 522,400.  
Major losses were in Illinois, down 2,600 barrels to 172,800; Wyoming, off 2,300 to 159,900; and Colorado, 1,400 to 56,900.

**Remember Fallen Comrades Urges Legion Commander**  
"Wear a poppy in memory of our departed comrades."  
This was the message of T. E. (Red) Steele, commander of Midland post of The American Legion, to all Legion members as preparations were being completed for observance of annual Poppy Day here Saturday.  
Memorial poppies will be distributed on the streets throughout the day by members of the American Legion Auxiliary who will receive in exchange contributions for the welfare of disabled war veterans and needy children of veterans.  
In his Poppy Day message, Commander Steele said:  
"Veterans of the two world wars should be the first to put on poppies on Poppy Day. The poppy is our memorial flower, showing that we have not forgotten those comrades of ours who fell on battlefields throughout the world in defense of our country. I am calling upon all members of The American Legion to wear a poppy in their honored memory."  
Means Help And Hope  
"And while honoring the dead, we should also remember those other comrades who are still suffering from the effects of their war service. We should think too of the children of veterans who are without a father's support. The funds contributed for the poppies mean help and hope for these living victims of the wars, so be as generous as you can afford when you put on your poppy."  
"We who have served side by side with the men whose sacrifice of life is commemorated by the poppy should set an example of patriotic remembrance for all citizens. Put on a poppy early in the morning on Poppy Day and wear it all day."

# Indians Lose To Cats In 4-3 Tilt

The Midland Indians, smarting from a three-game losing streak, had a home Tuesday night to face the Roswell Rockets in the first two-game series. Game time will be 8:15 p.m.

Ballinger—Sometimes the Midland Indians play sometimes they just play.

Monday night, after holding a 3 to 0 margin over the Tiger Cats until the eighth inning, the Indians lost 4-3. The fly ball to left field was dropped to allow two runners, both having walked, to score the winning runs in the ninth inning.

Ken Carley, a new acquisition, made a highly effective first start. He shut out the Tigers for seven innings. In the eighth he walked two and gave up a hit which scored two runs. He was yanked and Ralph Ballinger came on to put out the fire.

Carley was going good until he walked two men. He had two out, but the error in left field allowed the Indians to tie the game. Blair was charged with the cleanup duty.

Ter Hughes, Glen Austin, Tex Benson, George Firnback and Prince led the Indians at the plate. The first three clouted double Firnback and Prince each had three hits each.

Final score: ABRHOA  
 Indians 3 0 1 1 1 1 1 1 1 1  
 Cats 4 1 0 1 2 0 1 2 0 0

Memorial Day Race Richer This Year  
 INDIANAPOLIS—(P)—An income of more than \$100,000 in awards and special cash prizes for the 500-mile Memorial Day was announced Tuesday by the Indianapolis Motor Speedway.

Prizes by accessory manufacturers and special prizes will total \$100,000, compared to \$28,550 last year.

Total at stake in the race qualifications is \$157,000, not including a bonus pledged by the way if gate receipts justify it.

EDUCATION IMPROVES COSTA, CYPRUS—(P)—Education is on the march in this British colony in the Mediterranean.

When Britain took over Cyprus in 1878 there was one secondary school. Today there are 40 with 10,000 students. Last year the bill for education was \$2,500,000—36 percent of what was spent in 1913.

## Newhouse, Don Newcombe Notch Brilliant Wins

By JOE REICHLER  
 Associated Press Sports Writer

If Hal Newhouse and Don Newcombe have sore shoulders, there are a flock of strong-armed, healthy-looking hurlers who would like to have some of the same.

Nothing appeared to be wrong with either of the pitching aces Monday as each turned in a fine performance in a winning effort.

Newhouse, the veteran Detroit southpaw, stopped the surprisingly potent Washington Senators with eight hits in pitching the Tigers to a 3-1 triumph. Newcombe gave a similar right-hitter exhibition against the Cincinnati Reds as the Brooklyn Dodgers won by the identical 5-1 score.

Both hurlers were plagued by ailing arms all Spring. Each traced his misfortune to an aching shoulder muscle. Newhouse lasted only three innings against the St. Louis Browns in his only other appearance of the season.

Newcombe was knocked out of the box in his first three starts before Manager Burt Shotton decided to give his negro right-hander a 10-day rest. Don came back to pitch a strong game against the St. Louis Cardinals last week, but the jury was still out. The critics wanted to see how he fared in his next outing.

They saw plenty. Newcombe struck out seven batters, four of the strikeouts coming after the Reds had scored their lone run in eighth. The tally was unearned. Peanuts Lowrey scoring from second base as Eddie Miksis threw wild in an attempt to complete a double play.

Bums Bunch Hits  
 The Dodgers bunched five of their eight hits off Howie Fox and Harry Perkowski in the first and fourth. Singles by Jackie Robinson, Carl Furillo and Gil Hodges and an error by Fox gave Brooklyn four runs in the fourth.

The victory increased the Dodgers' first-place lead over Philadelphia in the National League pennant race to a full game. The Phils were one of the six clubs in the loop to enjoy an off day.

Newhouse had a six-hit shutout going into the ninth. He made Merrill Combs his second strikeout victim to open the last inning. Sherry Robertson beat out an infield hit, moved to second on a groundout by Eddie Yost and scored Washington's lone run when Sam Dente singled to right.

Dick Kryboski and Johnny Lipon led an 11-hit attack on Ray Scarborough and Mickey Harris. Kryboski got the Tiger scoring under way with a three-run homer in the second inning. He doubled and scored on a single by Lipon in the fourth. It was one of four hits made by the Tiger shortstop.

Scarborough, the loser, pitched even though he was notified a couple of hours before game time his father had died at Mt. Glead, N. C. The right-hander left immediately after the game.

Raschi Hurls Win  
 Eric Raschi of the New York Yankees pitched a strong game in subduing the Cleveland Indians 7-2. Raschi, who missed his last turn because of an elbow injury, allowed the Indians only five hits in registering his fourth triumph against two losses.

The victory enabled the front-running Yankees to retain their two and a half game lead over Detroit in the American League race.

Vern Stephens rapped two home runs for Boston but it was not enough to stop the Chicago White Sox from defeating the Red Sox 10-9 in 10 innings.

Stephens' second homer and his eighth in the season, came in the top of the tenth with a man on and put Boston in front 9-7. The White Sox, however, came back with three in their half of the tenth. A pinch single by Eddie Malone scored Jim Busby with the winning run.

Stephens' first four-bagger came in the fifth to highlight a five-run rally.

No other games were scheduled in either league.

## Rendezvous Wins To Hold Top Spot

The Rendezvous stayed on top in the City Major Softball League Monday night by nudging out Rotary Engineers 17 to 16 in the nightcap of a twin-bill after Western Plastic had downed The Reporter-Telegram 11 to 2 in the first game.

A sparkling bit of relief work by Bob Steele, Rendezvous infielder-pitcher, was the deciding factor over the Engineers.

After trailing 3-9 in the third inning, Rendezvous rallied for six runs in the fifth to knot the score. It was Steele's double with two on which sparked this rally. Fenney, McDonald, C. Williams and J. Williams singled to aid the spree. Rotary came back with four in the last of the fifth on singles by Shepherd, Jones and Flournoy and two walks.

Home Run  
 A bases-loaded home run by McDonald after one tally already was in, put Rendezvous back in the lead in the sixth.

The see-saw battle continued with Rotary getting three in the last of the sixth on two hit batters and a double by Frank Brahaney, to take a 16-14 lead.

Singles by Lanham and Bizzell, a walk and a double by McDonald shot Rendezvous in front to stay.

Steele bore down to retire the Engineers on two strikeouts and a pop fly in the last of the seventh.

Plastic Wins Easily  
 Western Plastic broke out for four runs in the second inning of the opener and added six in the fourth to win easily over the Reporters. The final Plastic run came in the fifth on a double by Ken Baker and a single by Jack Dunlap. Walks and errors accounted for most of the other 10 tallies.

A walk to Neal, a double by Marjion Tredaway and an error gave The Reporter-Telegram its two runs in the first of the sixth. The game was called due to a time limit.

The scores: R H E  
 Reporters 000 002—2 5 6  
 Western Plastic 040 61X—11 8 2  
 Collyar and Channey; Brock and Wise.

Tulsa whammed Dallas in a loosely-played game with eight errors showing up in the box score. Dallas outplayed Tulsa 15-12 and made fewer errors but they were more damaging.

## 'Stan The Man' Is National Bat King

NEW YORK—(P)—Stan Musial, the St. Louis Cardinals' one-man gang, holds a 62-point bulge over teammate Joe Garagiola in the race for individual batting honors in the National League.

Musial's average dipped 28 points during the week, but he still sported a robust 439 figure.

Musial in 25 games, has 43 hits in 98 at bats. He also has the most doubles, 13, and is tied with three players for the most triples, three.

## Lineups For Spring Tilt Expected By Wednesday

The Midland Bulldogs were scheduled to take their last hard drill Tuesday afternoon in preparation for the big annual Spring Intra-Squad Game scheduled at 8 p.m. Thursday in Memorial Stadium.

The squad will taper off with a light session Wednesday afternoon. Then will come the really rough and tumble stuff in the Thursday tilt which will officially end Spring training.

Coach Tugboat Jones is expected to announce the starting lineups for both the Purple and the White teams Wednesday.

Tickets for the tilt may be purchased by contacting the high school at telephone number 267 or 287. Players also will have tickets available for purchase.

## Sam Schneider Confirms Entry In Texas PGA

Sam Schneider, winner of the Texas PGA title in 1946, Monday assured tournament officials at Midland Country Club he will be on hand to battle for the championship again when this year's state tourney opens here next week.

Schneider brings to four the number of former champions who will compete in the gigantic golf meet.

Defending Champion Raymond Gafford, who currently is holder of the best practice round for the Colonial National Invitation in Fort Worth, heads the list of champs.

Byron Nelson, one of the greatest of all Texas golfers in history, Frank C. Milner Practice

Miner Monday started distribution of the tourney programs in Midland. He also will mail programs to all newspapers and radio stations to publicize the tournament.

Meanwhile, Chuck Klein, Eloy Marti and Roby Williams continued practice rounds over the Midland Country Club course. They are the first pros to arrive for the Professional Golfers Association event.

A full week of big-time golf at its best will open at MCC Monday with a qualifying round for the USGA National Open. A qualifying round for the National PGA will follow Tuesday and a Pro-Amateur will open the state tournament Wednesday. Amateurs will qualify for the 30 tourney places in the Pro-Amateur rounds.

The West African Gold Coast is British-ruled.

### ONE BAD STREAK

CINCINNATI—(AP)—The Cincinnati Reds, who have opened every National League season at home since 1890, have won 27 and lost 34 of those 61 games. Longest stretch of disappointment for Redleg fans came from 1933 to 1939 when the Reds lost seven straight home openers. However, the Rhinelanders won the National League flag in 1939.

Shrimp first was canned in 1867.

### HAPPY BIRTHDAY

NEW YORK—(AP)—If you have ambitions to become a New York Yankees football star, you might start out by being born on February 26. That is the date when Duke Iverson (1920), Joe Golding (1921) and John Nolan (1926) put in appearance for the first time. Iverson and Golding are halfbacks and Nolan a tackle with Coach Red Strader's squad.

## Hogan Fires 69 To Sound Warning In Colonial Tourney

FORT WORTH—(AP)—The 36-man field for the \$15,000 Colonial National Invitation Golf Tournament will be completed Tuesday. The first news is that Ben Hogan still knows every blade of grass on the tough Colonial Country Club course.

It hasn't been called "Hogan's Alley" for nothing—the mighty mite has won two of the three Colonial Tournaments held to date and tied for second in the other. He also holds the competitive record of 66 for the 7,035-yard course.

Hogan, who had been ailing for a week from influenza, laid down a one-under-par 69 Monday, shooting 17 pars and a birdie on No. 17 where he rammed down a 12-foot putt.

The only tune-up round thus far better than we Ben's was the 68 Raymond Gafford of Fort Worth shot last week.

Fourteen entries in the tournament have arrived and all shot practice rounds except defending champion Clayton Heafner, who got in too late.

Harry Todd of Dallas and Norman Von Nida each had an even par 70 while Tony Penna turned in a 71.

Sam Sneed the year's leading money-winner, was due in Tuesday. He has just finished winning the Western Open at Los Angeles where a number of others who will compete here played last weekend.

Hogan is the general choice to win the \$3,000 first money but quite a few like Sneed.

The first radio network, NBC, was opened in November, 1926, followed in September the next year by CBS.

## WT-NM League—Paul Dean's Harsh Words Cause Ump To Call Forfeit

By The Associated Press  
ALBUQUERQUE—(AP)—The Albuquerque Dukes made a giant stride in the West Texas-New Mexico League Monday night. They went from a tie for third into second place.

Lubbock's front-running Hubbers beat Borger 6-2 to maintain their game and a half lead over the field.

Albuquerque whipped Lamesa 6-4 with a four-run spurge in the fifth while Don Cantrell did some fine clutch pitching.

Chris Haskins pitched Lubbock to its victory, giving up nine hits but fanning 11 batters.

Don Failing of Amarillo went Haskins two better—he struck out 13 as the Gold Sox downed Pampa 12-5. He walked nine and had his team in hot water most of the time.

Ablene won 9-0 by forfeit over Clovis. Umpire Simon called the forfeit because of remarks made by Clovis Manager Paul Dean which he termed were "deliberate and to the good conduct of the game."

The argument arose over whether or not a pitched ball hit Bob Mallan on the hand or was a foul.

## Longhorn League—Odessa Increases Margin As Roswell Falls To Vernon

By The Associated Press  
ODESSA is leading the Longhorn League and it doesn't mean maybe. Emphasizing their high and mighty position, the Oilers Monday night battered Sweetwater 20-8 with a barrage of 18 hits. Six homers were hit in the game—four by Sweetwater. In fact, all of Sweetwater's runs came on circuit smashes.

Midland lost 4-3 to Ballinger. The Cats cashed in on two unearned runs in the last of the ninth. With two out and two on, Johnny Jones hit a long fly that was dropped and there went the ball game.

Big Spring trimmed San Angelo 9-2 as Bert Garcia pitched a three-hitter. In fact, he had a no-hitter until the ninth when San Angelo got three safe blows.

Vernon edged Roswell 10-9 in 12 innings. Joe Berry made the winning run when he came home on a long fly. He had singled to start the twelfth inning, advanced on a single and stole third.

Former Longhorn President, Ump, Player In 'News'

ABILENE—(AP)—Howard Green, president of the Gulf Coast League, has fined two managers and three players.

Manager Carl Carter of Lufkin drew a \$25 penalty for conduct in a game with Jacksonville Thursday. Carter was thumped out of the game for words to Umpire Everett Johns. Green directed Carter to replace John's \$18 shoes upon which he stepped and to contribute another \$10 to the league treasury.

Charlie Baron, Jacksonville manager, and player Ted Crapps of Lufkin were fined \$5 each for a fist fight Thursday.

Pitcher Louis Colella of Lake Charles was clipped \$10 for charging Umpire Dan Willensky in the game between Lake Charles and Crowley.

Green formerly was president of the Longhorn League. Carter played with Vernon last year and Willensky was a Longhorn umpire for a time.

## SPORTS SLANTS

SHORTY SHELburnE  
With the Texas PGA Tournament coming up next week along with qualifying rounds for the USGA National Open and the National PGA Tournament, caddies are much in demand at Midland Country Club.

Pro J. C. Hardwick has issued a call to boys 16 years old and over to report to MCC if they want to pick up some good fees this week and next.

It is imperative that the caddies be rather husky because they will be required to carry golf bags during the 36-hole rounds.

No carts will be used, Hardwick said. There is no limitation on race or color of caddies just as long as they are neat in appearance and can do the job.

It will be the chance of a lifetime for them because it isn't every day a caddy has a chance to work in a state tourney.

Dick Balfie, the rookie right-hander who failed to stick with the Midland Indians, now is toiling for Paris in the East Texas League.

Balfie was turned back to Borger by Harold Webb after a short stay here.

He apparently wasn't wanted there and maybe for the same reasons he wasn't wanted here, i.e.—too much talk and not enough pitching.

Midland's Bauer Sisters failed to get in the money in the rich Westervane Cross-Country Tournament which ended in New York Sunday.

But don't expect them to be too disappointed.

Papa Dave Bauer, while they were visiting here, said he didn't care too much for the trek across the nation because it would take a lot of time.

He is anxious to get the girls off on an exhibition tour which will take them to all the major clubs in the country.

Since they are professionals now, money is an object of their toils and the green stuff is to be had in exhibitions.

Julian Pressley, an outfielder for the Midland Indians last season, has been shipped to Roswell by the Abilene Blue Sox.

Pressley opened with the Rockets in spectacular fashion for an outfielder. He was the winning pitcher in his first game with the New Mexico club.

Pressley was one of several relief hurriers for the Rockets in a 27-25 tilt with the Odessa Oilers.

Mrs. Pressley visited here last week and confided that her husband didn't care much for the Abilene setup.

"He didn't like Abilene and more especially didn't like to play on a team with the Cubans," she said.

Press must have been disturbed about something, judging from his batting average. It was just a little more than .200 when he made the shift to Roswell.

Last season he hit .358 for the Indians.

Detroit Hails Hal's Return To Old Form  
DETROIT—(AP)—"Hal Newhouse or has got it again!"  
The word was passed around American League circles Tuesday after the beat Detroit southpaw tossed an eight hitter against Washington to beat them 5-1 Monday.

It was welcome to Tiger fans, for the ailing Newhouse looked inpressive.

The good news for Detroit was marred by a setback. Fireballer Virg Trucks came up with a sore arm. Newhouse seemed to be the victim of the shoulder injury that cropped up during Spring training and sidelined him nearly a full month of the league race.

It was only his second pitching appearance, and he looked far different from the fellow who lasted only three innings while taking a 7-3 beating from the St. Louis Browns on May 14.

All the Tigers, from Manager Red Rolfe down to the clubhouse boy, joined in congratulating Newhouse in a joyful dressing room scene that would have led a casual observer to believe the Detroiters had won the pennant.

Smiling Hal had lots of reason to be happy as he looked back on his first victory of the season.

"My arm didn't bother me a bit and I hope that from now on I'll be ready to take my regular turn in pitching assignments," he said.

Hill Prince Will Run In Suburban  
NEW YORK—(AP)—The next outing for Hill Prince, the Prekanter winner and three-time conqueror of Middleground, probably will be Belmont's \$50,000 Suburban Handicap on Memorial Day.

Trainer J. H. (Casey) Hayes announced the C. T. Cheney colt, being pointed for the Belmont Stake June 10, definitely will be sent out May 30.

SPORTS NEWS DIRECTOR  
HOUSTON—(AP)—Bill Whitmore, Houston radio-newsman, is the new sports news director at Rice Institute. He succeeds Calvin Clausel.

Wayland Directors May Reconsider Ban On Student Smoking

LUBBOCK —(P)— A closed session of trustees of Plainview's Wayland College has been set for Monday, May 29...

Dr. J. Ralph Grant, pastor of the First Baptist Church here, called the meeting to consider a letter received from Trustee Frank R. Day of Plainview.

Trustees had been asked to meet Tuesday, Dr. Grant said. He informed the other trustees a prominent member of his church died Monday night...

Trustees ruled several days ago that students and teachers of the Baptist school can't smoke...

Dr. Grant, who has indicated the smoking ban might be modified, said he couldn't comment on Day's letter.

Wayland President J. W. (Bill) Marshall asked for the smoking ban.

Day's letter to Grant, received Monday, said: "Since I smoke it appears that my position as a trustee of the college is inconsistent with the rule invoked."

Dr. Grant's letter to the trustees said he would be unable to attend the meeting unless he were there.

Day's letter, sent to Dr. Grant, said the new Wayland rule was too severe.

Scurry Extension Gets Two Offsets

Magnolia Petroleum Company has scheduled east and south offsets to Esperado Mining Company and others No. 1 McDowell, recently completed one-mile north and west extension to the Kelley-Snyder field in Central-Northwest Scurry County.

Magnolia No. 1-D McDowell, one-half mile east offset, is to be 660 feet from south and west lines of the southeast quarter of section 336, block 97, H&TC survey.

Magnolia No. 1-C McDowell, one-location south offset, will be 660 feet from north and east lines of the northwest quarter of section 297, block 97, H&TC survey.

Slated depth for each is 6,950 feet. Both drillsites are approximately six and one-half miles northwest of Snyder.

Drilling is to begin immediately. The Esperado extension was completed Monday for a potential of 627 barrels of pipe line oil in 24 hours from open hole at 6,775-6,936 feet.

NE Scurry Wildcat Is Drilling Ahead

Standard-Fryer Drilling Company, Kingwood Oil Company, and associates, No. 1 I. G. Harrell, Northeast Scurry County wildcat to 8,000 feet to explore the Ellenburg has progressed below 2,770 feet in anhydrite and shale, and was drilling deeper.

This prospector is 10 miles northeast of Snyder and 660 feet from north and west lines of section 81, block 2, H&TC survey.

This exploration is on a spread of acreage assembled by Fred J. Hill of Midland and John H. Dorn of Dallas and New York.

They turned some acreage to Kingwood to drill the wildcat. Drilling contract was then awarded to Standard-Fryer. It is understood that the contract called for Standard-Fryer to take an interest in the well and to have the operation of it.

Two Tests In Reeves Have Been Abandoned

Two Reeves County wildcats have been abandoned and plugged as failures.

Gulf Oil Corporation and Jack Frost No. 1 George Kinman estate, in East Pecos County, 20 miles southeast of the town of Pecos, and 1,990 feet from north and 2,000 feet from east lines of section 23, block 50, TP survey, T-8, drilled to total depth of 5,452 feet in middle Permian shale—likely in some zone of the Delaware.

It failed to log any possibilities of production and has been plugged.

Hill & Hill and Texas Pacific Coal & Oil Company No. 1 Brack-enridge estate, 15 miles north and a little west of Toyah, in Northwest Reeves County, bottomed at 3,977 feet in Delaware.

At that depth it tested for five balters of sulphur water per hour. It did not develop any shows of oil or gas.

The prospector has been abandoned and plugged. It was 890 feet from north and east lines of section 39, block 57, psi survey.

Stroube Completion Joins Scurry Pools

Completion of the Stroube Oil Company No. 4 H. H. Eiland puts the last link in the production chain between the Diamond M and Sharon Ridge Canyon fields in Central-West Scurry County.

Like the Kelley and North Snyder fields, now consolidated into the Kelley-Snyder field, there is no doubt that the Diamond M and Sharon Ridge areas also produce from a common pool.

Stroube No. 4 Eiland potentiated naturally for 650,18 barrels of 45.6-gravity oil and no water daily. Flow was through a one-fourth inch choke.

Gas-oil ratio was 850-1. Pay was topped at 6,657 feet and total depth is 6,751 feet. Flowing tubing pressure was 825 pounds.

The new producer is 660 feet from south and east lines of section 146, block 25, H&TC survey.

Standard Oil Company of Texas has staked its No. 6 Tom C. Davis in the Kelley-Snyder field seven miles northwest of Snyder.

Drillsite will be 1,830 feet from west lines of section 339, block 97, H&TC survey. Slated depth is 7,000 feet.

The Texas Company No. 8 J. J. Holt and others is scheduled for the north side of the Diamond M Canyon field, one-half mile west of Snyder.

Drillsite will be 1,992 feet from east and 669 feet from north lines of section 213, block 97, H&TC survey.

Slated depth is 7,000 feet. Drilling is to begin immediately.

HIGH SCHOOL CLASSES VISIT REPORTER-TELEGRAM
