

Permian Basin OIL & GAS LOG

James C. Watson
Oil Editor

SW Scurry Project Develops Clean Oil From Strawn Zone

Possibilities of the development of production from the Strawn zone on the southeast side of the Diamond M-Canyon field in Southwest Scurry County, have been indicated at Lion Oil Company No. 6 Ohlenbusch.

That exploration, located 13 miles southwest of Snyder and 2,000 feet from north and 660 feet from east lines of section 181, block 97, H&TC survey, found only slight shows of oil in the Canyon lime and it drilled on down to test the Strawn under an amended application to go to a possible bottom of 7,400 feet.

Clean Oil Recovered

It drilled in the Strawn at 7,310-26 feet. The tool was open two and one-half hours. Gas came to the surface in 21 minutes. No fluid flowed out at the top while the tester was open.

Recovery was 630 feet of clean oil and 60 feet of oil and gas cut drilling mud. There was no water.

Operator then set 5 1/2-inch casing at 7,315 feet with 600 sacks of cement. The plug will be drilled by the last of the week and a production test will be made on the open hole.

Superior Stakes Test Near New Kent Pool

The Superior Oil Company has scheduled a 7,300-foot well at one and one-fourth miles northwest of the nearest producing well in the Hunt-Young area in West Central Kent County.

Superior No. 8 H. B. Wood will be 1,980 feet from west and 690 feet from south lines of section 194, block G, W&NW survey. Drill site is 10 miles northwest of Clairmont.

Operations are to begin in the near future.

Thus far, there are three producers in Hunt-Young pool, and five explorations are drilling.

Vealmoor Extension Draws East Offset

Goldston Oil Corporation of Houston has staked a one-quarter mile east offset to Seaboard Oil Company's recently completed one and one-half mile south extension in the Vealmoor Canyon pool in extreme Central - North Howard County.

Goldston No. 1 Akin Simpson will be 660 feet from east and west lines of section 46, block 32, T-3-N, T&P survey, and 17 miles north of Big Spring.

Slated depth is 8,500 feet to test the Canyon pay in the area.

Seaboard No. 1 Akin Simpson, the recently completed extension, potentiated for 298 barrels of 46-gravity oil daily through a one-quarter inch choke.

Stepout Scheduled In C-E Midland Pay

Barnett and Rector of Roswell, N. M., No. 2 Hugh Dixon is to be a one-location stepout from production from the upper Spraberry sand of the Permian on the north-west side of the Tex-Harvey field in Central-East Midland County, 13 miles southeast of the city of Midland.

Location is 3,304 feet from south and 660 feet from west lines of section 9, block 37, TP survey, T-3-S. That names it one-quarter of a mile north of the same operators' No. 1 Dixon, a recently completed production.

The new project is to start operations at once and will drill to at least 8,000 feet to explore the Tex-Harvey field pay section.

NE Iron To Get Shallow Wildcat

Honolulu Oil Corporation and associates, No. 1 D. D. Wall is to be a 2,500-foot cable tool wildcat in Northeast Iron County.

Location is 440 feet from north and 3,200 feet from east lines of section 5, block 5, H&TC survey. That makes it 16 miles north of Merton and seven and one-half miles south of Fairbald, which is in Northwest Iron County.

The driller is one-half mile south of the Tom Green County line.

More Pay Found By NW Gaines Stepout

Shell Oil Company No. 1 Foster Petroleum Company Inc., Northwest Gaines County wildcat, which has extended the proven limits of the one-well North Russell-Devonian field, one and one-quarter miles to the southeast has found more pay in the Devonian.

The pool is 440 feet from north and 3,200 feet from east lines of section 5, block 5, H&TC survey. That makes it 16 miles north of Merton and seven and one-half miles south of Fairbald, which is in Northwest Iron County.

The driller is one-half mile south of the Tom Green County line.

One of the biggest laughs of the opening night World Championship Rodeo performance was provided by Larry Finley of Nampa, Idaho, one of the better cowboys.

Finley, who had just captured day money in the saddle bronc contest, was serving as a flagger for a steer wrestling event. Just as a contestant threw his steer, down came Finley's flag. But that wasn't all. Down came Finley, too, off a lame horse.

Finley grinned. The crowd loved it.

Hawaiian Volcano Goes On Spree

Broncs Ornerly At Delayed Opener Of 16th Annual Rodeo

Friday night at the Midland World Championship Rodeo will be "Texas Highway Commission Night." Grand entry time is 8 p.m. sharp. Members of the commission, Chairman Fred Wemple of Midland, A. F. Mitchell of Corsicana and E. J. Potts of Hartlingen, will be guests of honor.

The commissioners and other highway officials will be seated in the distinguished visitors' box and will be presented to the crowd.

Midland Fair, Inc., hung up a big number 16 Thursday night and another star-spangled World Championship Rodeo was on the road.

A belated opening night performance was just as good as it could have been Wednesday or any night.

Because the stock was mean and the cowboys gritty. Although fanned by a stiff east breeze, the opener was rodeo at its best.

It was "Sports Night." Byron Nelson, famed golfer who is here in the PGA tournament, was guest of honor. Nelson was recognized along with H. T. Hornbuckle of Odessa, Texas PGA president; Percy Bridgewater, president of Midland Country Club, and Roy Minear, PGA tournament chairman.

The opening night crowd was estimated at 3,800 persons.

Sparkling novelty and trick specialties spiced the 1950 show. Each was a crowd-pleaser.

Another good job of planning and preparation has been done by rodeo committees and individuals—another Midland World Championship Rodeo is here.

Officials Presented

Following the Grand Entry, which was led by Everett Colborn, director of the World Championship Show, Jack Favor of Arlington, and Bill McGintire, world champion steer wrestler from Fort Worth, were introduced.

(Continued on Page 12)

Novelty, Special Acts Of '50 Rodeo Are Good Numbers

Special, trick and novelty acts are woven skillfully into the 1950 Annual Midland World Championship Rodeo.

The sterling skill of cowboy contestants notwithstanding, the rodeo fans are cheering the performances of the extras, the spice acts.

Near the top of the list is the Horseback Quadrille performed by the Lightning G Ranch group. Couples include Charles Bradberry and Alvie Gordon on white horses, Jimmy Shumacher and Carolyn Colborn on red and white horses, Marvin Shoulters and Norma Shoulters on sorrel horses, Buck Abbot and Rosemary Tompkins on black and white horses, Pete Kerscher and Faye Blesing on black horses, Henry Sultenus and Jeanne Godshall on red and white horses, John Dublin and Berneta Kerscher on palomino horses and Leon Sultenus and Jo Decker on white horses.

Jack Knapp, rodeo clown, and Bobbie Knapp, majorette-attired skitman, perform a comedy acrobatic trick riding act.

"King Richard" Danes

For many the best act of the show is the world's greatest dancing horse—King Richard. This horse, ridden by Ann Hendricks, captures the fancy of all.

Another act that pleases is the Carolyn and Omar act. Miss Carolyn is Carolyn Colborn and she guides the talented horse, Omar.

But the hit of the show is the comedy mule team act of the Hendricks family. After the final flying twins act, a little later in the show the Hendricks come out with the comedy act. It features the "Flying Mules" and one of them drives off a Model T Ford.

Little, who has been the hit of the exhibition cowgirls trick and fancy riding act. She rides with a zest like the girl-Flay Blesing, Norma, Shoulters and Jeanne Godshall.

And then there is the great clown, George Mills. And the great bull-fighter, Jack Knapp.

It all adds up to a pleasing performance if you like skill, comedy and beautiful horses — and who doesn't?

Even Good Pokes Get 'Unseated'

One of the biggest laughs of the opening night World Championship Rodeo performance was provided by Larry Finley of Nampa, Idaho, one of the better cowboys.

Finley, who had just captured day money in the saddle bronc contest, was serving as a flagger for a steer wrestling event. Just as a contestant threw his steer, down came Finley's flag. But that wasn't all. Down came Finley, too, off a lame horse.

Finley grinned. The crowd loved it.

For the convenience of its patients Western Clinic-Hospital announces change of clinic hours to 8 a.m. to 6 p.m. weekdays. Saturday, 8 a.m. to 1 p.m.—(Adv.)

Heavy Rains Pound Many Texas Areas

By The Associated Press

Torrential rains fell Friday on Brownsville at Friday's southern tip. Some homes were flooded and many cars stalled.

The rain began at about 2 a.m. and by 10:30 a.m. six and a half inches had fallen. It was the third heaviest rainfall in Brownsville history except during hurricanes.

Heavy rains fell over much of South Texas and parts of East and Southwest Texas, but Brownsville's was by far the heaviest.

Ground floors of homes in many parts of Brownsville were covered with water by mid-morning. Many areas were isolated. At least 100 cars were stalled on city streets.

Fall Continues Friday

Rain also was falling at mid-morning at Corpus Christi, Houston, San Antonio, Austin, Palacios, Bryan, Waco and Dallas.

Scattered showers were recorded in all parts of the state, stretching into Oklahoma. There was light, early morning rainfall at Lubbock.

The heaviest rainfall apparently occurred during Thursday night. Marfa, in the Big Bend country, got 1.07 inches, Salt Flat .77—heavy falls for those sections.

Columbus, in the Houston area, had 3.22 inches in a 24-hour period. Houston had 1.17 inches, Palestine 1.09, Center 1.06, Rockland 1.96, Hempstead 1.06, Alice 1.25, Cotulla 1.47, Wharton .97, Smithville 1.58 and Tyler .90.

Callahan, 16 miles west of Corpus Christi, got two inches. Sinton reported 1.75 inches early Friday, with showers still falling.

Along the Rio Grande, in addition to the heavy fall in the Brownsville area, there was Laredo with .79 inch, Hidalgo .52, Rio Grande City .48 and Mercedes .53.

Other overnight reports: Dalhart 3.3, Clarendon .96, San Antonio .33, Waco .39, Del Rio .19, Lufkin .46, Bryan .24, Victoria .55, Childress .10 and Wichita Falls .07.

Temperatures were mild. The highest Thursday was a 96 at Presidio.

Soldier Convicted In Rape Slaying Of WAF Fairy Decker

SAN FRANCISCO—(AP)—An all-male federal jury Thursday night convicted Sgt. Lyle Buswell of the rape slaying of attractive WAF Sgt. Fairy Decker, 44, but recommended that he be spared from the death penalty.

The verdict, after more than 36 hours of deliberation, left some doubt whether the burly Rutland, Vt., soldier would escape death in the San Quentin Penitentiary gas chamber.

Federal Judge Louis Goodman said he was puzzled at the wording of the verdict. After the jury was excused he expressed doubt as to the validity of the recommendations.

Specifically the jurors found the 33-year-old airman guilty of second degree murder, murder committed during rape, and rape. To the last two, the jurors added the phrase "without capital punishment."

Law Stipulates Death

The penalty for rape on a military reservation is death unless the government stipulates a lesser punishment. The government had asked for the death penalty.

Buswell admitted choking the woman to death at the Hamilton Air Base 25 miles north of San Francisco on March 25. But he steadfastly denied raping her. He said she submitted voluntarily and that afterwards she laughed at him and he choked her on an "impulse."

At the time, he testified, he had been on a "big drunk" because he had been ordered orders.

Judge Goodman announced he would sentence Buswell Monday. At that time Buswell said he would file a motion for a new trial.

270 Young Reds See West Berlin, Refuse To Go Home

BERLIN—(AP)—West Berlin authorities Friday pleaded with 270 blue-shirted Communist youths to return to their homes in the Russian zone. They refused to go.

They came to Berlin for the Whitman march of 500,000 German Communists, took one look at the Western sectors and were converted.

A 16-year-old boy from Halle told a West German official: "You know very well that we can't go back without being arrested now for political unreliability."

A young woman teacher from Thuringia declared: "I will not go home. I have decided to start a new life in the West. I'll find a way. It is better to risk something than knowingly run into certain arrest."

First Night At The Midland Rodeo

Cowboys and cowgirls, young and older, were in the arena of Midland Fair, Inc., for the opening of the 16th Annual World Championship Rodeo. Top photo shows an informal arena chat between, left to right: Harry Tompkins of Dublin; Mike Shoulters, three-year old son of Marvin and Norma Shoulters of Henryetta, Okla.; little Jamie Shoulters, 22-month-old daughter of World Champion Cowboy Jim Shoulters and Mrs. Shoulters of Tulsa, Okla.; Joe Shoulters, a cowboy contestant. Note contestant's number of young Mike. Like all pretty cowgirls, Jamie fixes her hat. Photo to right shows the rip-smorting, first night bareback bronc riding in which only a few of the boys stayed on. This cowboy seems to have the situation well in hand but one can never tell—at a Midland World Championship Rodeo.

Solons Told Arms Aid Costs To Rise

WASHINGTON—(AP)—Secretary of State Acheson told senators bluntly Friday the United States may have to increase in years to come its annual outlay for foreign arms.

Testifying before the Senate Foreign Relations and Armed Services Committees, Acheson said the Western world is "a long way from having an adequate security force" to meet the threat of Communist aggression.

He urged Congress to approve a new \$1,222,500,000 arms aid program for the fiscal year beginning July 1. Of that amount, \$1,000,000,000 would go to bolster defenses of the North Atlantic Treaty countries.

"The total amount asked is slightly lower than the \$1,314,010,000 made available by Congress for the present fiscal year.

But Acheson refused to hold out hope that these expenditures can be progressively reduced.

In response to a question by Senator H. Alexander Smith (R-N.J.) the secretary said an "honest answer" is that in the immediate future the United States might have to increase its aid to Western Europe.

Without mentioning Russia by name, he said that unless another power revises its course of action, "we may have to put more, rather than less, effort into this program."

The Western, anti-Communist coalition—(Continued On Page Nine)

I'll Send Plane For Tickets, The Kermit Man Said

They even send for Midland Rodeo tickets by airplane—those rodeo-minded citizens of Kermit, Texas.

The Kermit Chamber of Commerce, sponsoring a Kermit good-will trip to Midland Rodeo, already had received 120 tickets to the Friday night performance here.

Friday morning, Charles Green, manager of the Kermit Chamber, telephoned Midland C. of C. Manager Delbert Downing for more tickets.

"How will I get them there?" Downing asked.

"I will send a plane after them," Green advised. And sure enough he did. The tickets were in Kermit before noon.

Green said the Kermit motorcade will arrive here about 7:30 p.m., proceeding immediately to Fair Park on East Highway 80.

Atomic Weapons May Ease West's Burden In Europe

WASHINGTON—(AP)—The United States has developed atomic weapons and atomic warheads for guided missiles, it was learned Friday.

News of these revolutionary weapons comes in the wake of Defense Secretary Johnson's report to President Truman on March 31 that this country is developing a variety of new atomic missiles which may have tactical as well as strategic significance.

That means they can be used against troops in the field as well as against industrial targets.

Reports of the new weapons are giving Atlantic Pact military planners new confidence that Western Europe can be made secure against possible aggression without bankrupting the United States and its Allies.

Mobile X-Ray Unit To Close Friday; 2,691 Get Free Check

With the mobile X-ray unit scheduled to end its 10-day stand here Friday afternoon, a total of 2,691 Midlanders had been X-rayed through Friday morning, John J. Redfern, vice president of the Midland Tuberculosis Association said.

The unit has been stationed at the City-County Auditorium several days as a part of the combined drive of the Midland County and Texas TB Association drive to stamp out tuberculosis.

Members of women's organizations have been acting as volunteer helpers at the unit during the stay. Assisting at the unit Friday morning were members of the Midland Service League. They were Mrs. Charles E. Marsh, II, Mrs. Wright Cowden, Mrs. W. M. Pomeroy and Mrs. Watson LaFlore.

Dr. C. S. Britt, president of the Midland TB group, had hoped to get 5,000 Midlanders to undergo the free chest X-ray. The unit is scheduled to close its appearance here at 4:30 p.m. Friday.

The \$23,000 unit, a gift to the State of Texas by chapters of Beta Sigma Phi, national social and cultural sorority, is to appear next in Wichita Falls.

'Kidnaped' Bride's Parents File Suit To Annul Marriage

POST WORTH—(AP)—A suit to annul the wedding of a teen-age girl has been filed in 48th District court here.

The annulment petition was filed Thursday after Beverly Louise Key, 14, and her husband of less than a week, Horton Adams, 17, of Midland, were forced to part.

Meanwhile, Horton's father, M. W. Adams of Midland, was released on \$2,000 bond after kidnapping charges had been filed against him on the complaint of the girl's father.

The boy and his bride said they "upped" their ages to get a marriage license in Texarkana, Ark., Sunday after being turned down in Marietta, Okla. and DeQueen, Ark.

Horton's parents gave them \$40 for a honeymoon.

Beverly Louise said she wanted to stay with Horton. The boy said he was an electrician and could support his bride.

She said he and his family would fight any annulment action.

Atomic Weapons May Ease West's Burden In Europe

WASHINGTON—(AP)—The United States has developed atomic weapons and atomic warheads for guided missiles, it was learned Friday.

News of these revolutionary weapons comes in the wake of Defense Secretary Johnson's report to President Truman on March 31 that this country is developing a variety of new atomic missiles which may have tactical as well as strategic significance.

That means they can be used against troops in the field as well as against industrial targets.

Reports of the new weapons are giving Atlantic Pact military planners new confidence that Western Europe can be made secure against possible aggression without bankrupting the United States and its Allies.

Two Missing; Molten Lava Razes Towns

HONOLULU—(AP)—At least two persons are missing and 15 homes destroyed in the eruption of Mauna Loa volcano which poured a river of red-hot lava 20 miles to the ocean, Kona, Hawaii, police said Friday.

The massive volcano erupted Thursday night, driving 60 families from their homes on Southwest Hawaii Island.

The molten river was a mile wide, as much as 10 feet deep and at some steep points raced along at 40 miles an hour, police at the scene reported.

Two branches of the lava flow reached the sea, sending hissing steam clouds high into the sky.

Highway Panel Here For Rodeo

Midland is host Friday to the three members of the Texas Highway Commission who are here to "enjoy Midland Rodeo and to mix and mingle with West Texas friends."

The commissioners, who came to Midland from Austin where they concluded a statewide hearing Thursday, are Chairman Fred Wemple of Midland, A. F. Mitchell of Corsicana, and R. J. Potts of Hartlingen.

They were to be the guests of honor at several Texas Highway Commission Day functions here and will be the special guests of Midland Fair, Inc., at the Friday night performance of the 16th Annual World Championship Midland Rodeo. Wemple is the official host to the other commissioners during their West Texas visit.

Wemple and Mitchell arrived here by plane late Thursday and Potts landed at Midland Air Terminal just before noon Friday. City officials and civic leaders were on hand to greet the commission members. Heading the welcoming committee Friday morning were City Manager W. H. Oswald, Robert L. Wood, president of the Midland Chamber of Commerce, and Chamber Manager Delbert Downing.

District Engineer Here

D. C. Greer, state highway engineer who was scheduled to accompany the group here, was unable to make the trip because of illness.

L. D. Cabiness of Pecos, district highway engineer, and S. C. Dougherty, Midland resident engineer for (Continued On Page Nine)

Assassination Plot Against MacArthur Bared, Termed Fake

TOKYO—(AP)—Maj. Gen. Charles A. Willoughby said Friday occupation headquarters had received Japanese reports of another plot to assassinate General MacArthur but he called them "an absolute fake."

"Nobody is going to kill Santa Claus," Willoughby, MacArthur's intelligence officer, said.

He disclosed an "excitable" Japanese policeman had informed occupation headquarters that police had arrested a Japanese who "apparently was a paranoic—a man who thinks the world is against him."

Headquarters "refuses to accept this story as evidence of a plot," Willoughby said. He added that no extra guards had been assigned to MacArthur.

Original Date Postponed

"Another American source said the alleged plot as told to occupation headquarters was this:

An unidentified Tokyo organization reportedly planned to kill MacArthur near downtown Hibaya Park, not far from his headquarters.

The date originally was set for May 14 or 15 but was postponed until June 4 to coincide with the up-per house of Parliament elections.

The man arrested supposedly was involved in this plan but it was not clear whether he was to be the assassin.

MacArthur rides past a section of Hibaya Park four times daily in commuting between his office and his American Embassy home.

Scope Of Crime Probe Mushrooms

WASHINGTON—(AP)—A Senate investigation of crime and gambling appeared to be snow-balling Friday into the biggest government crackdown on the underworld since prohibition days.

With the full support of President Truman—reaffirmed at his news conference Thursday—a special Senate committee moved toward a series of fast-breaking inquiries stretching all the way from New York and Florida to California.

In the latest move, Chairman Kefauver (D-Tenn) asked the Federal Communications Commission to "press" all Western Union message files to prevent them from being discarded.

The FCC has ordered such a freeze on telephone toll slips at the request of the Kefauver Committee.

The investigators hope, through these communications records, to establish that big-time gamblers and racketeers are using interstate communications to conduct their operations.

Rodeo Saddle Bronc Shot; Back Broken

HOT HAND, a white saddle bronc which fell and broke his back at Thursday night's rodeo performance, was shot early Friday.

The horse had thrown his rider, Bill Barton of Abilene, and then fell on his back. Barton was injured slightly but managed to walk from the arena, waving away Nevada W. Ellis ambulance.

Rodeo Weather

Mostly cloudy with scattered showers Friday night and Saturday. Maximum temperature Thursday 82 degrees. Minimum Friday 66 degrees.

*** LATE NEWS FLASHES ***

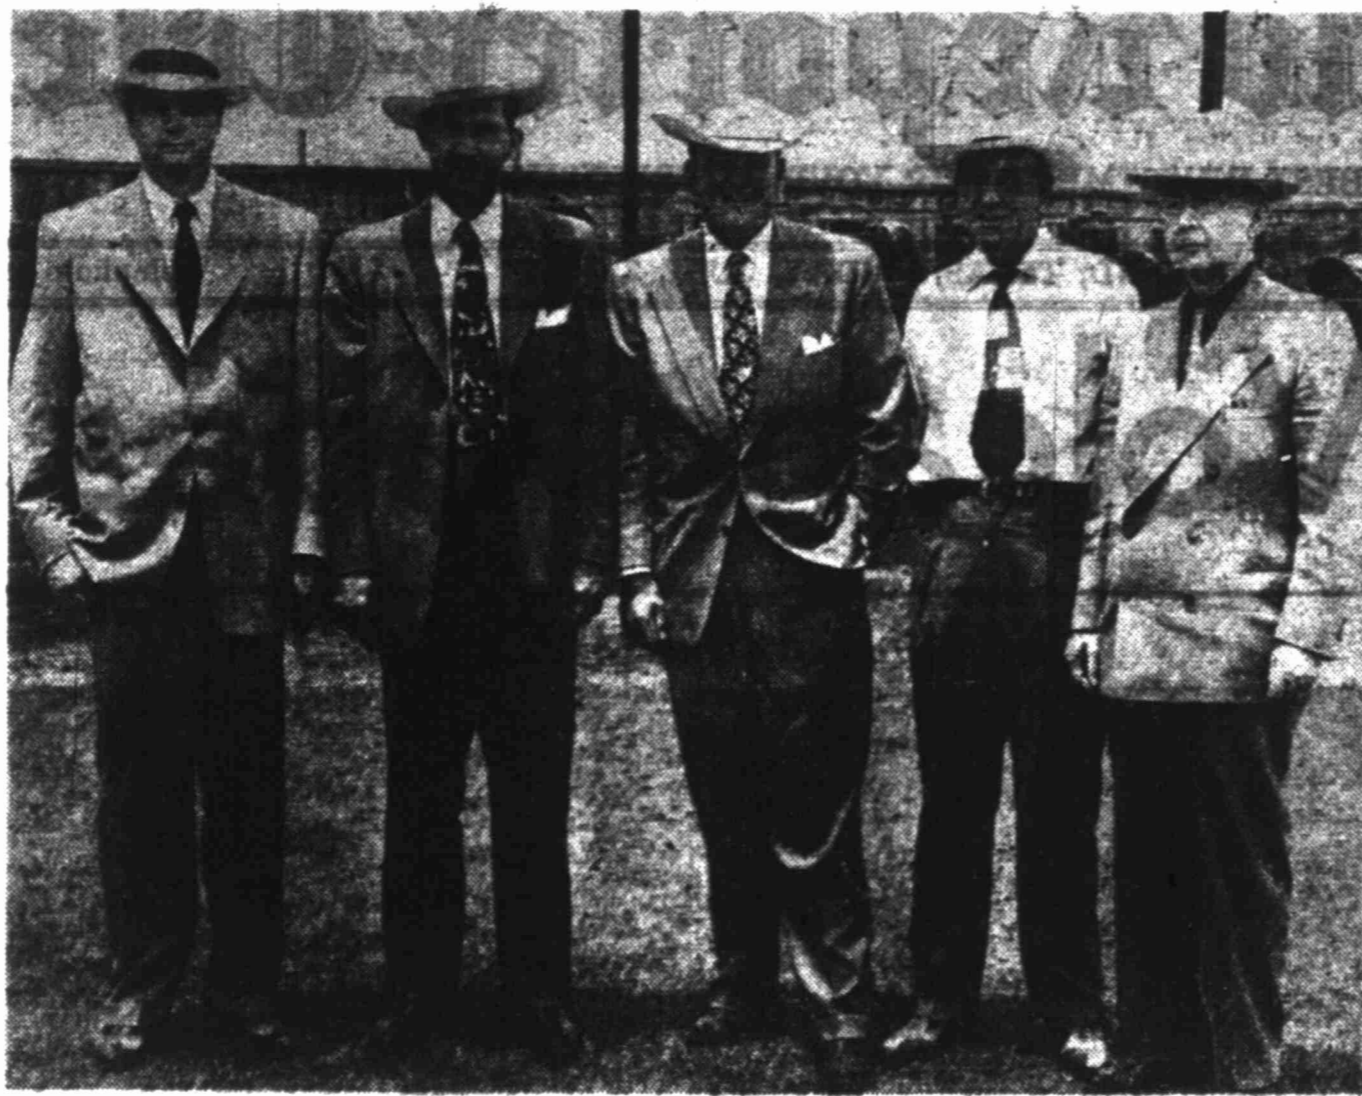

CALHOUN, GA. — (AP) — Officers Friday closed in cautiously through a tangle of woods on a bullet-spouting trio of fugitives, including a scar-faced, red-haired woman, who seized a highway patrol car and machine gun Thursday in three gun scrapes.

TOKYO — (AP) — Metropolitan police Friday barred the Communists from using two downtown parks for Saturday's scheduled anti-American demonstrations, intended to be a part of a "general strike" called by the Communists.

WASHINGTON — (AP) — The Senate Banking Committee Friday approved 8 to 5 legislation to keep federal rent controls for another six months. The present control law expires June 30.

WASHINGTON — (AP) — Rep. Ben H. Guill (R-Texas) Friday announced he has recommended appointment of Herbert Evan Williams, Canadian, Texas, and Charles Moody Alexander, Amarillo, to West Point. He announced previously he had recommended Earl Leroy Smith of Boys Ranch.

Governor Visits Midland, Midlanders

Gov. Allan Shivers at West Texas barbecue and mixed and mingled with the more than 400 persons who attended a barbecue given in his honor in Indian Park here Wednesday. The governor was in Midland to ride in the parade opening the 16th Annual World Championship Midland Rodeo. Above, the governor is pictured with a group of Midlanders who were on hand to welcome him to the barbecue. Left to right, they are: Tom Sealy, attorney and civic leader; Shivers; Clarence Schaubauer, Jr., president of Midland Fair, Inc.; J. Homer Epley, secretary-treasurer of the fair association; and M. C. Ulmer, banker and chairman of the Executive Committee of the Statewide Citizens Economic Committee. Right, the governor visits with Harold Smith of the Mid-Continent Petroleum Corporation, Midland. The barbecue was arranged by friends of the governor under the sponsorship of Midland Fair, Inc. Members of representative civic and service clubs, invited guests and scores of out-of-city visitors attended.

IN HOLLYWOOD

Durante Talked Himself Out Of 'Getting Into The Act'

By ESKINE JOHNSON
NEA Staff Correspondent
HOLLYWOOD — Exclusively Yours: It isn't supposed to be known, but Jimmy Durante talked his MGM bosses right out of their decision to put him in Red Skelton's new comedy, "Watch the Birdie."
"My part was nuttin' Jimmy says. "Nuttin'."

David O. Selznick's health chart has his medics worried. He arrives back in the U. S. with Jennifer Jones next month—a switcher from earlier plans to spend the Summer in Venice. . . . That lovely "French" girl, who was unidentified in Bing Crosby's news photographs from Paris, is Marilyn Gerson a Cleveland singer who is divorcing Joe Cohen, a New York producer of commercial films.

MGM will send a camera crew to New York next month to shoot a special sequence of Vito Dornoni singing at the Starlight Room. They'll use hidden cameras and use the footage in Dornoni's first film, "The Last Time I Saw Paris." . . . Shades of "The Lost Weekend," Ray Milland plays a reformed drunk in "Light Up the Sky." She waited until the fifth week of the run.

Hollywood's all open-mouthed about the New Yorker profile of Ernest Hemingway in which he refers to Mariene Dietrich as "The Kraut" and says of her and Ingrid Bergman:
"I love 'The Kraut' and I love Ingrid. If I weren't married to Miss Mary and didn't love her, I would try to hook up with either of them. Each one has what the other hasn't and what each has I love very much."
Out of The Rut.
Ann Revere, typed by Hollywood as the screen's No. 1 mother since her Oscar for "National Velvet," is switching to comedienne roles. Producers suddenly realized she played only eight mother parts in 45 film roles. . . . Richard Lapiano, Ida's 24-year-old nephew, makes his stage debut here with Charles Laughlin in "The Cherry Orchard." Laughlin says of him: "He's more talented than his talented aunt." . . . JACOBY ON CANASTA

By OSWALD JACOBY
Writer For NEA Service
"I have only just begun to play Canasta," writes a Milwaukee correspondent, "and perhaps for that reason I have difficulty in understanding the reason for freezing the pack."
"When you discard a deuce or a joker, you are parting with a very valuable card. It strikes me that you never get back anything of comparable value."
"If you eventually get the frozen pack, it is true you get your wild card back, but you have not had the use of it in the meantime. This is like putting money in the bank and getting it back after a while without interest."
"If the opponents get the frozen pack, they get your wild card with it too. This is like putting your money in the bank that fails."
"I suppose, since there is so much talk about freezing the pack, that there must be some advantage in doing it. Would you be good enough to explain what this advantage is?"
The reason you sometimes discard a deuce or a joker is that you want to prevent the opponents from getting the discard pile. Since the whole game is essentially a struggle for the discard pile, it is highly advantageous to shut the opponents out.

This does not mean, however, that it is a good idea to freeze the pack at any old time. It is foolish to discard one of your wild cards if the opponents have an excellent chance to win the frozen pack. To use my correspondent's comparisons, it is a good idea to invest your money in a reliable bank because you will get back lots of interest; but you must make sure that your bank is reliable.
To carry this comparison a little farther, you don't invest every single cent that you own in the bank. You keep a little in your pocket for operating expenses. Similarly, you don't invest your only wild card in the pack if you need that wild card for other purposes. For example, you might need it to make your first canasta or to meld out.

Freezing the pack is a tremendous important subject and I shall have more to say about it next week.
Q—When the discard pile is frozen with a wild card, a player with two natural cards in hand like the top card of the discard pile is going to pick up the pile. Does he pick up the whole pile or only down to where the wild card is? In other words, is the pile below the wild card ever picked up?
A—Whenever you take the discard pile, you take the entire pile. Many players put a wild card underneath the tray rather than in the discard pile. In such a case, of course, there is no question of taking the pile only down to the wild card. However, even when you put the freezing card in the pile itself, you take the entire pile rather than just a part of it.

Abundant Living

By E. STANLEY JONES

I Cor. 6:12, 15-20; I Tim. 5:14; I Cor. 7:9

STEPS TO VICTORY

If we are to use the powers of sex aright, then we should take the following steps: (1) We should recognize sex for what it is—a God-given power, neither moral nor immoral in itself, but moral or immoral according to its use.

This should take the shame out of our consideration of sex itself and put it where it belongs—on our use of sex. There is no shame in sex; there is shame in the wrong use of sex. If people would be ashamed of what they do with sex and not of sex itself, then there would be more normal, healthy attitudes toward it. Sex has brought more heaven and more hell into life than has any other thing. And we make the heaven or the hell according to what we do with sex.

Every normal person has sex desire—to act as if we have no sex desire is to produce hypocrisy and probably complex. Recognize the fact of sex into the open in your thinking—look at it, but not too long, and then decide what you are going to do with it, and not what it is going to do with you. For sex is a wonderful servant, but a terrible master. It can serve all the interests of life, or it can ruin all the interests of life. The battle of life as a whole will probably not rise above the sex battle. Lose the sex battle and defeat spreads into every portion of your being; win the sex battle and all life is uplifted by that victory.

(2) The place of sex is not the first place, and sex is not an end in itself. If you put sex first, it will corrupt your whole life. Those who most ardently give sex the first place and make it an end in itself get the least out of it—little except kickbacks in the form of disgust and self-loathing. The law of sex is this: He that saveth his sex life—makes it first, an end in itself—loseth it. And the law works with mathematical precision; there are no exceptions and no exemptions. Seek first the Kingdom of God—make sex serve the Kingdom, and every legitimate joy connected with sex will be added.

O God, I see, if sex takes Thy place and rules me, that I shall be the servant of a desire. And that desire will ride me to the hell of self-loathing. I would therefore bring my sex life to the altar of Thy love and there ask Thee to make it the servant of my love to Thee. May these lesser loves fit into my love to Thee. Amen.

State Asks Rehearing Of Arguments In El Paso Wage Rate Case

AUSTIN — (AP) — Rehearing of arguments in the El Paso highway wage rates controversy was sought by the state in the Third Court of Civil Appeals Thursday.

The motion for rehearing was filed by Assistant Attorney General William S. Lot on behalf of the highway commission. The state appealed six points of error in the appellate court's decision upholding the appeal of the El Paso Building and Construction Trades Council.

Organized labor in El Paso is fighting for a minimum wage scale of 85 cents to \$2.50 per hour for highway workers. It seeks a court order to prevent the commission from calling for bids on any more projects on which it would use its present minimums of 75 cents to \$1.65.

SHUTDOWN TO RECEIVE INTEREST-FREE U. S. LOAN
WASHINGTON — (AP) — The Housing and Home Finance Agency has approved an interest-free loan to Sundown, Texas, for a public works project.

The loan includes \$2,540 for planning water facilities costing \$77,170 and \$3,780 for sewage facilities to cost \$100,206.

Doctors Wives Join Birthday Celebration

After a luncheon at El Sombrero Cafe Thursday, members of the Midland Doctors Wives Club went to the home of Mrs. M. S. Dickerson for a business meeting and joined Mrs. Dickerson's mother, Mrs. Ollie V. Conder of Dallas, in celebrating her seventy-fifth birthday.

Mrs. F. E. Sadler and Mrs. Dickerson were hostesses for the monthly luncheon of the club. At the meeting afterward, Mrs. E. F. Penstemaker, a guest, discussed the etiquette of corsages and the floral costume pieces are made. A birthday cake was cut in honor of Mrs. Conder, house guest of her daughter, Margaret Eppright of Austin and Mrs. M. Wood were other guests of the club.

Members present were Mrs. C. A. Britt, Mrs. James H. Chapple, Mrs. R. M. Golladay, Mrs. H. B. Johnson, Mrs. L. W. Leggett, Mrs. Kurt Lekisch, Mrs. John Leigh, Mrs. M. J. Loring, Mrs. D. L. Patton, Mrs. T. J. Melton, Mrs. H. T. Walker, Mrs. W. R. Snow, Mrs. Fred Gearda, Mrs. R. E. Greer, Mrs. T. S. Roden, Mrs. Lee E. Smith and Mrs. Francis Middlebrook.

Miss Wreyford Wed To W. L. McMurrain On Graduation Day

Mr. and Mrs. William L. McMurrain Jr. are at home in Kermitt after their marriage here Tuesday evening before the Midland High School graduation exercises in which Mrs. McMurrain, the former Loweta Wreyford, received her diploma.

The Rev. F. W. Rogers, pastor of the Church of the Nazarene, read the double-ring ceremony in the home of the bride's parents, Mr. and Mrs. J. M. Wreyford, 405 South Lincoln Street. The bridegroom is the son of Mr. and Mrs. W. L. McMurrain of Kermitt.

Nancy Trauber was the bride's only attendant. She wore a blue and white ensemble and a red corsage. Charles Trauber was best man, daughter of the bride, and Burt Timmons of California.

The bride attended school in Broken Bow, Okla., as well as in Midland and the bridegroom attended Odessa schools. They are at home on Cedar E. Street in Kermitt, where he is employed.

Children's League Starts Schedule Of Summer Meetings

The first of the monthly Summer meetings of the Children's Service League was held in the home of Mrs. Coe Mills Thursday morning, beginning a new schedule which will be in effect through the vacation months. The next meeting, on July 6, will be in Mrs. L. S. Page's home.

A schedule of workers for the league's clothing room, which will continue to open each Tuesday in the Red Cross Building, was set up for this month. Mrs. Ralph Pitting and Mrs. Lee Flood will be in charge on June 6, and on succeeding Tuesdays, Mrs. John M. Mills and Mrs. Cooper Hyde, Mrs. T. E. Jones and Mrs. Norris Creath, Mrs. Van D. Meisenheimer and Mrs. Page.

Appreciation was expressed to the members who have assisted with the chest X-ray program conducted by the Midland County Tuberculosis Association.

Members present were Mrs. Robert Dewey, Mrs. H. L. Beckmann, Mrs. Fred Cassidy, Mrs. Greath, Mrs. John B. Coulter, Mrs. F. D. Douglas, Mrs. C. H. Ervin, Mrs. Robert Pitting, Jr., Mrs. Ralph Pitting, Mrs. Flood, Mrs. H. M. Pritte, Mrs. M. O. Gibson, Mrs. Mills, Mrs. Jones, Mrs. Meisenheimer, Mrs. Ruth Munn, Mrs. Hastings Parrill, Mrs. Page, Mrs. W. A. Waldschmidt and Mrs. V. W. Rogers.

LEAVE AFTER VISIT
Mr. and Mrs. F. E. Carter of Tolar have returned to their home after spending a week in the home of their son, Dan R. Carter, and family and attending the commencement exercises of Midland High School in which their granddaughter, Margi Carter, was graduated.

The indicator weight for a pressure saucepan should be handled carefully—never drop it or immerse it in water.

Tina Williams And Paul Pope Married

A mid-afternoon wedding was solemnized Thursday for Tina Williams, daughter of Mr. and Mrs. L. A. Williams of Brownwood, and Paul Laveri Pope, son of Mr. and Mrs. Luther Pope of Rochester, with Woodie Holman, minister, officiating in the Church of Christ at North A and West Tennessee Streets.

The bride wore a blue and white ensemble with white accessories. Her corsage was of pink flowers.

Out-of-city guests included the bride's sister, Mrs. J. T. Turnbow of Snyder and Mr. Turnbow and Burt Timmons of California.

The bride attended school in Broken Bow, Okla., as well as in Midland and the bridegroom attended Odessa schools. They are at home on Cedar E. Street in Kermitt, where he is employed.

Midland Trio Will Graduate From College

COLUMBIA, MO.—Three Midland students will receive the degree of associate in arts at the Christian College commencement exercises here Tuesday. They are Jeanne Devereux, daughter of Dr. and Mrs. James M. Devereux; Norma Jean Hubbard, daughter of Mr. and Mrs. O. J. Hubbard; and Ada May Secor, daughter of Mr. and Mrs. D. M. Secor.

Events of the commencement week include the Baccalaureate service Sunday night, an alumnae tea and Class Day exercises Monday. The college commencement exercises here Tuesday. They are Jeanne Devereux, daughter of Dr. and Mrs. James M. Devereux; Norma Jean Hubbard, daughter of Mr. and Mrs. O. J. Hubbard; and Ada May Secor, daughter of Mr. and Mrs. D. M. Secor.

Parents of the students and alumnae of the college are guests for the graduation programs, completing the ninety-ninth year for the school.

B&PW Members Plan Year's Close At Party In Backyard

Plans for the monthly "Fourth Party" were made here Tuesday night when the Business and Professional Women's Club had a backyard party at the home of Ruth Donnell.

Thelma Gaydear, Glynn Herring, Mary Elder, Martha Greene, Frances Carter and Winifred Estill acted as hostesses with arrangements for the party.

Jay Johnson was a guest and discussed plans for the square dance with members. The dances are held to raise money for the Woman's Club Building. They feature ballroom as well as square dancing and other types of entertainment. Johnson has been master of ceremonies for the last two dances.

The Rev. Melvin Ray of Carlsbad solemnized the marriage. Bobye Ghendening and John Foster were the only attendants. The bride wore a navy blue dress and white accessories.

TITLES ANNOUNCED
Assessment of the engagement of Mrs. Mary E. Carter was made at the party. They plan to be married June 10 in the home of her sister, Mrs. J. L. Rank, in Dallas and will return to Midland to make their home.

Plans also were discussed for a business meeting at 7:30 p. m. Tuesday in the EGSA studio. This will be the last business session for this year. The last dinner meeting will be the installation of officers June 20.

BEAUCEANTS PLAN TO CLOSE YEAR JUNE 20
The Social Order of the Beauceants met Thursday afternoon in the Masonic Hall and members made plans for their last meeting of the year June 20.

Members attending were Mrs. R. L. McCormick, Mrs. John Hughes, Mrs. Dewey Pope, Mrs. Laster Short, Mrs. D. B. Carter, Mrs. Bart Goodman, Mrs. C. F. Pope, Mrs. Earl Ray, Mrs. Joe Robertson, Mrs. W. C. Epley, Mrs. J. B. McCoy, Mrs. H. B. McNeil and Mrs. Floyd Beale.

OLIFF - WRIGHT VOWS REPEATED RECENTLY
Mr. and Mrs. Clyde D. Wright are at home in Odessa after their marriage May 13 in Carlsbad, N. M. She is the former Grace Marie Olliff, daughter of Mr. and Mrs. William Olliff of Midland. His parents are Mr. and Mrs. J. D. Wright of Odessa.

The Rev. Melvin Ray of Carlsbad solemnized the marriage. Bobye Ghendening and John Foster were the only attendants. The bride wore a navy blue dress and white accessories.

VISIT FROM WASHINGTON
Guests in the E. S. Murray home are Mr. and Mrs. Harold C. Frick of Washington, D. C., who flew to Midland to attend the Professional Golfers Association tournament of this week.

TITLES ANNOUNCED IN WATERCOLOR EXHIBIT WHICH OPENS SUNDAY
The 30 watercolors to be exhibited next week in the Palette Club Studio have been received and the titles announced. Showings will be held from 2 to 10 p. m. Sunday, from 7:30 to 10 p. m. Monday and from 12 noon to 4 p. m. Thursday.

The Palette Club Art Center and the American Association of University Women are joint sponsors of the exhibit, which includes pictures from the Texas Watercolor Society.

"Traffic Street" by Cecil Casabier, a San Antonio artist who taught at the Palette Club several months ago, is among the pictures to be shown here.

Others are "Row Houses in the Snow" and "Colorado Saw Mill," Jerry Bywaters; "Oklahoma Road," R. D. Gerland, Jr.; "Abstraction," Irwin B. Wilson; "Ascensions," Frank Doljans; "Horse Show," Arline Smith; "Yellow Tulips" and "Houses All in a Row," Margaret Pace.

"The Against A Storm," Richard S. Rodney; "Range del Christo Mountains," Steve M. Tharilla; "Compass Street," Arline Smith; "View of Monterey" and "Street in Santiago," Charles B. Thompson; "Coast Guard Cottages," Grace Schofield; "A Rock," Lucie E. Locke; "Barn Yard," Mackie Smith; "Cape Ann Lighthouse," Amy Freeman Lee; "Mountains, Dish," Edith M. Briscoe and "Farmer's Wife," Mena Tuart.

STORIES LISTED FOR TELLING TO CHILDREN
Mrs. John DeFord will tell five stories at the Children's Story Hour at 10:30 a. m. Saturday in the Children's Room of the Midland County Library. She also will be told in the Terminal and Dunbar Branches of the Library.

Mrs. DeFord will tell "Vavache, the Cow Who Painted Pictures," "A Pony for the Boy," "Tourey," "Beans of Cousin Walter," "Charley the Horse," Palomo; and "The Bumpy Bumpy Factory," Green.

Dixie Mears Is Honored With Bridal Shower

Complimenting Dixie Ann Mears, whose marriage to Howard Ray Edwards is planned for June 28, a bridal shower was given Thursday night in the home of Mrs. Joe W. Beane, 406 West Nobles Street. Mrs. Waldo Grossman was hostess with Mrs. Beane.

Gifts were presented to the bride-to-be in a treasure hunt. She was given rhymed clues which led her to the packages hidden in the den. After the packages had all been opened the hostesses, assisted by Mrs. Bill Prude, served refreshments.

Miss Mears was honored recently with a kitchen shower. Mrs. Prude and Mrs. Paul Walker were hostesses for that informal entertainment and other parties are planned for the bride-elect before her marriage in a garden ceremony at the home of her parents, Mr. and Mrs. Leo Mears.

AAUW Junior Group Has Barbecue And Final Meeting
Members of the Junior Group of the American Association of University Women were entertained with a barbecue dinner Thursday night in the home of Mrs. C. F. Henderson. Mrs. Henderson has been in charge of the group this year.

Plans for resuming meetings in September were made. Lily Marie Carter will be in charge.

Others attending were Mrs. R. M. Minton, Mrs. J. P. Pliska, Mrs. R. K. Norman, Mrs. J. F. Skrabanek, Mrs. Ashton Perry, Betty Jo Hudson, Dr. Louise Fillman, Sylvia Cearley and Frances Hagaman.

February Marriage Of Couple Revealed

A marriage solemnized in February but not revealed until the bride's graduation from Midland High School is announced by Mr. and Mrs. W. J. Huckaby of Terminal. Their daughter, LaWanda, and Robert Brown of Odessa were married in Carlsbad, N. M., on February 5.

Brown, son of Mr. and Mrs. R. J. Brown of Odessa, is employed there and the couple will live at 1408 North County Road in Odessa.

Second Recital Of Studio Scheduled

The younger pupils of the Watson Studio of Music will be presented in recital Friday night. The older students played Thursday night. The Friday recital will be held at 8 p. m. in the North Elementary Auditorium.

The public is invited to attend and there will be no charge for admission.

Two Honored With Coffee In Beuck Home

An informal coffee in the home of Mrs. W. F. Beuck Thursday morning had a double purpose. Mrs. Beuck invited a group of friends to meet her mother, Mrs. Florence Powers of Oil City, Penn., who is visiting her, and to bid goodbye to Mrs. Noel Engel, who is leaving this week for a home in Denver.

Garden flowers on the table and in all the rooms emphasized the colors of blue, yellow and white. In the yard, a large bouquet of tulips added color. Each guest wore a gladiolus corsage given by Mrs. Beuck, who grew the flowers in her garden.

Mrs. Allen Ehlers assisted Mrs. Beuck in serving coffee to the honorees and Mrs. Frank Shinkle, Mrs. Kenneth Newton, Mrs. Fay Coll, Mrs. Tom Koch, Mrs. H. O. Peterson, Mrs. Bill Collins, Mrs. Noel Mason, Mrs. Roy Dahl, Mrs. Robert Fitting, Mrs. Edwin Boggs, Mrs. H. M. Spangler, Mrs. N. T. Diddy, Mrs. Fred Speers, Mrs. Vernon Bottoms, Mrs. Dave Pennell, Mrs. Jim Walton, Mrs. L. E. Billingsley and Mrs. Ebb White.

Xi Theta Chapter Ends Activities At Barbecue Supper

Members of Xi Theta Chapter of Beta Sigma Phi and their guests were entertained with a barbecue Thursday night in Cole Park. This was the last chapter activity for this year.

Attending were Mr. and Mrs. Howard Atwater, Mr. and Mrs. Jack Doran and children, Mr. and Mrs. Lee Gollwitzer and children, Mrs. Lucille Johnson and son, Alleen Maxwell, Mr. and Mrs. S. R. McKinney, Mr. and Mrs. A. E. O'Neill, Maedelee Roberts, Mr. and Mrs. Pete Van Horn, Mr. and Mrs. Lloyd Zeller, Mr. and Mrs. Charles N. Roder, Elizabeth Knox, Bill Fields and Reta Beights.

Green peas are delicious served in a mushroom sauce; add a little grated onion to the sauce to enhance the mushroom flavor.

Oh that I might have my request; and that God would grant me the thing that I long for!—Job 6:8.

Pooling West Europe's Power

The 12 Atlantic Pact countries stand at a crossroads. At their London conference the big question confronting each nation was: "How can we get an adequate defense without going bankrupt?"

Western European leaders are convinced that drastically lowered living standards for their peoples would be the inevitable outcome if each country goes on planning for its own balanced force of army, air force and naval units.

Some believe that even as allies they lack the economic strength needed for the sort of defensive effort their military men consider basic to security.

The European chiefs no longer see any point in discussing whether security or economic recovery should have priority. They think the two somehow must be achieved together. But how?

The plan now turning over in some leaders' minds is to create a giant pool of military and economic resources among all the pact countries. They think the defense job might be accomplished if each country were assigned just a part of it, with all the parts fitted into an overall pattern.

Thus France might be asked to supply land forces, the Low Countries some specialized combat units, Britain the tactical air arm, the United States the strategic air force and possibly the main naval strength.

Nevertheless, that's the line European officials have been thinking along. It's a measure of the gravity of their dilemma.

The full pooling of Atlantic power was not accomplished at London. But a start was made in the setting up of a permanent committee to coordinate military and economic matters among the pact countries.

Poor Approach

If the excise tax reductions tentatively approved by the House Ways and Means Committee should be enacted, \$1,080,000,000 would be sliced off federal revenues.

Given the present badly unbalanced budget, the committee can't be blamed for trying to make up at least part of this prospective loss. Still, there's doubtful wisdom in the plan just endorsed by the group to apply a 10 per cent withholding tax against corporate dividends.

The idea would be to catch individual income tax evaders. Government experts estimate that about \$1,000,000,000 in taxes due on dividends now goes uncollected.

No one wants to sanction tax evasion. But a withholding tax on dividend payments will tend to solidify a basic flaw in the U. S. tax structure—the double taxation of corporate earnings.

The Committee for Economic Development, acknowledged as one of the most enlightened business planning groups, has long campaigned for an end to this practice.

Why take action which may perpetuate this apparent inequity?

Clever People, Those Chinese

The Chinese Nationalists' "department of fuller explanation" at Formosa headquarters is tying itself in knots in its effort to justify recent military actions on Hainan and other islands off the China Coast.

On Hainan, the Nationalists' sizable forces resisted Communist invaders for a time, but then suddenly folded and executed a speedy withdrawal. According to Formosa, this maneuver thwarted Red aims.

Now Chiang Kai-shek has withdrawn 100,000 troops from the Chusan Islands, which served as valuable air and sea blockade bases for the Nationalists.

It seems the Communists were massing for an assault on the Chusans. By pulling out and letting them have the islands, Formosa declares, the Nationalists have "smashed the scheme" hatched by the Reds.

One wonders what clever strategy the Nationalists will employ when the seizure of Formosa itself becomes the Communists' "scheme." For there will then be no island left to which the Nationalists may retire to savor their strategic triumph.

Heil, Schtalin!

DREW PEARSON ON THE WASHINGTON MERRY-GO-ROUND

WASHINGTON — Secretary of Defense Louis Johnson is not only a good national defense economist, a good political money-raiser, but good at passing out juicy plums to his friends.

One of the juiciest, but little-noticed plums in government is the giant German corporation, General Aniline and Film, seized by the United States during the war, and now operated by the Justice Department supposedly for the benefit of all the taxpayers.

It is being operated also for the benefit of some of Louey's friends. First Louey has contrived to have his law firm succeed him as counsel for the German corporation, and they received a total of \$64,500 last year.

Two Wisconsin Senators. General Senator Alex Wiley of Wisconsin has had a change of heart regarding the McCarthy investigation.

In one newsletter to constituents, Wiley announced: "Quit trying to smear Senator McCarthy and start furnishing him and the rest of us with facts about subversive individuals employed in government."

Under the Dome. National leaders are betting that the California AP of L will not follow teamster Dave Beck's out-of-state wire-pulling regarding the race for attorney general.

Richard C. Patterson — U. S. Ambassador to Guatemala; contributed \$500; is part of the Floyd Oidium public utility hookup which is so close to Johnson.

Monty Downey — Singer and entertainer for Coca-Cola; delightful personality, but not skilled as corporation director; sang at parties for David Bazelon when he handled General Aniline as property director.

William J. Mahoney — San Francisco attorney and Democratic bigwig; gave \$5,000 to Democrats in 1948.

Other directors include: John S. Bugas, Ford Motor Company; T. Colburn Davis, Missouri Pacific Railroad; Horace C. Flanagan, New York Banker; Robert Heller, industrial engineer; Harold Church Paul, Rhode Island banker; Seton Porter, National Distillers Company; James A. Purse, Jr., Dallas furniture manufacturer.

Two directors have experience in the chemical industry—Fred Hoffman Rhodes of Cornell University, and Cary P. Wagner, General Aniline's vice president in charge of operations.

The powerful House Ways and Means Committee, burdened with tax headaches and besieged by lobbyists, has placed the welfare of a sick negro ahead of the wealthy pressure groups.

The negro is Hugh Green, former committee messenger who became incurably sick last July. When news of his illness reached the committee...

JERUSALEM —(AP)—Israelis like to see their lawmakers at work. A total of 76,000 entry tickets for visitors were issued by the Knesset (parliament) during the last 12 months.

JACOBY ON BRIDGE

By OSWALD JACOBY

Written for NEA Service. "Please tell us who was the coward on this hand," requests a Chicago reader. "We were the only pair that didn't bid three notrump on these cards in a duplicate game the other night."

"North said he could hardly bid notrump with three little spades and three little hearts. He also said he didn't think much of a raise of three diamonds with just two diamonds in his hand."

"South said he could not bid notrump with just one stopper in spades and with no really good suit to run. He said he would have been delighted to bid three notrump if North had raised the diamonds."

"We asked some of the other players how they got to three notrump. Most of them bid two no-

trump with the South hand after hearing about the clubs from north. Is two notrump a good bid? "How would this hand be bid by a pair of experts?"

"Almost any pair of experts would surely get to three notrump. They might get there by one route or by another, but they would not fail to bid the game."

Some experts would open the South hand with one diamond and then bid two notrump at the next turn. They do not consider this rebid of two notrump as a very powerful bid in a match-point deal. They use it as a sort of bid of convenience.

There is no trouble, of course, if South bids two notrump. North is overjoyed to raise to three notrump.

Many experts, however, would not use the rebid of two notrump with the South hand. They use this type of bid to show a powerful hand. Instead they would bid only two diamonds.

The partner of such a player would unquestionably bid three diamonds with the North hand. After all, you can raise a rebid suit with any strong doubleton in your partner's suit. In this case, North has the strongest possible doubleton.

In other words, South's proper rebid is a matter of opinion. Some experts would bid it one way, some another way. However, there is no doubt that North was timid to pass at three diamonds. I would not go so far as to say that he was a coward, but I would suggest that he was unnecessarily cautious.

'Picture Of Month' On Display In Bank

"Awakening Spring," by Willard L. Metcalf, N.A., is on display in The First National Bank as its "Picture of the Month." The painting will remain on exhibit until June 30, with persons invited to see and study it during the bank's regular business hours.

The artist, who died in 1925, is said to have been one of the most distinguished painters of his time. He belonged to the group of 10 American artists who developed the impressionistic tradition in America.

Several European art critics term him "America's most original painter."

"Awakening Spring" was the exhibit painting in Metcalf's final exhibit of 17 canvases in New York in 1925.

Clad in a gray topcoat, blouse and gray slacks, Miss Barry teamed up with Detective Max Renner to shoulder their way into the apartment and confront seven men.

Two other men walked in. One was carrying a gun. The man with the gun fired. The other man fumbled in an inner pocket.

"Keep your hands still or I'll kill you," Miss Barry said.

The man made another grab at his jacket pocket and Miss Barry fired. Harry Gold, 39-year-old research chemist accused of wartime espionage, was arrested.

WASHINGTON COLUMN

VA Runs Into Trouble Trying To Reduce Expenses

By PETER EDSON, NEA Washington Correspondent

WASHINGTON — Veterans Administrator Carl R. Gray, Jr., recently visited the VA tubercular hospital at Fort Bayard, N. M. It is a temporary structure and something of a fire hazard.

General Gray came back to Washington and recommended to President Truman that it be closed. The recommendation was turned down because of political promises that it would be kept open.

Veterans Administration has been having its troubles in trying to close down its tubercular hospital at Van Nuys, Calif. This is another temporary facility. It was proposed to move the patients at Van Nuys no farther away than Los Angeles, Long Beach and San Fernando hospitals.

Also, it was proposed to build a new 1,000-bed neuropsychiatric hospital on the site of the Van Nuys hospital after it was closed.

But when the Veterans Administration announced the closing, a storm of local protest arose. The Chamber of Commerce got busy. Rep. Helen Gahagan Douglas was drawn into the hubbalooboo to add her official congressional protest to the closing.

Movie stars were enlisted to protest. Frances Langford was delegated to see President Truman about it on his recent western trip, but she got a none too neat brush-off.

This kind of monkey business apparently is going to be repeated about 16 times in the next few years. Veterans Administration has made no official announcement of it as yet, but it has plans to close all of its temporary hospitals.

Would Save Money. VA's purpose is to save money. Maintenance costs are far greater in a temporary, horizontal-type rambling structure than in one of the newer, vertical, skyscraper-type hospitals. Also, the permanent-type structures are safer and can give better maintenance.

Not all the 16 temporary VA hospitals will be closed at once. The plan involves shutting down the old facilities only as new facilities in the same area can be opened. It may take five years or more to complete the present VA hospital building program.

If permitted to go through with this program, Veterans Administration could save a lot of money. A new Budget Bureau field study on government building operations costs now is under way. But a recent survey indicated that it was costing about \$8,000,000 a year more to operate the temporary hospitals than it would be to operate the same number of beds in permanent buildings.

The trouble is that every time a proposal is made to shut down one of these inefficient installations, local pride and pocketbooks get hurt and produce a terrific yell. Government and congressional leaders join the protest. And under such pressure, saving the government money becomes impossible.

Veterans Administration now is operating 69,000 beds. Its new building program will provide 25,000 more beds, which will bring the VA up to its presidentially-set ceiling of 131,000 beds. Not all beds are occupied all the time. Eighty-five per cent occupancy is considered most efficient.

Administration hospital costs are figured at \$10.63 per day per patient. The average is 26 days per patient. VA's medical director, Dr. Paul B. Magnuson, believes that one of the best ways to save money for the government is to reduce this time as much as possible, consistent with good care.

Fifteen Slated To Be Closed. This is the list of temporary hospitals which the Veterans Administration now wants to close as new facilities are opened: Cushing General Hospital, 1,100 beds, Framingham, Mass.

Phoenix General Hospital, 144 beds, Phoenix, Ariz. Fort Logan General Hospital, 326 beds, near Denver, Colo. Chamblee General Hospital, 750 beds, Chamblee, Ga. Fort Benjamin Harrison General Hospital, 500 beds, near Indianapolis, Ind.

Topeka Neuropsychiatric Hospital, 1,400 beds, Topeka, Kan. This is a big NP training center and will not be closed for some years. Louisville General Hospital, 1,000 beds, Louisville, Ky. New Orleans General Hospital, 670 beds, New Orleans, La. Springfield Tubercular Hospital, 600 beds, Springfield, Mo. Saratoga Springs General Hospital, 50 beds, Saratoga Springs, N. Y. Swanton General Hospital, 500 beds, Swanton, N. C. Crile General Hospital, 1,000 beds, Cleveland, Ohio.

Oklahoma General Hospital, 220 beds, Oklahoma City, Okla. Butler General Hospital, 905 beds, Butler, Pa. McKinley General Hospital, 1,000 beds, McKinley, Texas. Only one VA temporary hospital actually has been closed. This is a 150-bed hospital at Wilmington, Del. The 1,500 VA beds in Halloran General Hospital, Staten Island, N. Y., have been vacated to 750. Eventually all will be reduced and the facilities will be returned to the state of New York for a children's hospital.

Questions and Answers. Q—How did mantels over fireplaces originate? A—The mantelpiece was originally a shelf over the fireplace with pegs attached to it on which wet mantles or other articles of clothing were hung to dry.

Q—Who was the first soldier interred in Arlington National Cemetery? A—L. Reinhardt, a Confederate soldier of the 23rd North Carolina Regiment, who was interred there on May 13, 1864. The following day 11 Union soldiers were interred in the presence of President Lincoln.

Q—How much does the earth weigh? A—Technically it is incorrect to speak of the weight of the earth. We should speak of the earth's mass, which is approximately 610 quintillion tons.

Q—Who were the Conquistadors? A—They were the leaders in the Spanish conquest of America especially Mexico and Peru, in the 16th century.

Q—Why are bats able to fly among objects without a crash? A—The bat begins to make clicking sounds before rising in the air. Sound waves from these deflected back to the bat from surrounding objects. The bat has a sensitive "sonar" mechanism which reacts to these deflected waves, enabling the animal to avoid collisions.

There are more than 10,000,000 bicycles in use in England.

So They Say

But surely in November the American people will elect a Congress which will obey the will of the people.

—Vice President Alben Barkley. No shooting war in history has ever brought so much territory or so many people under the yoke of a conqueror as these cold wars have won for Russia within five years.

—ECA Administrator Paul Hoffman. The accomplished progress for us Germans is so great that it is more than we could have hoped for at least this year.

—West German Chancellor Konrad Adenauer. The opportunities that can be created through the development of our natural resources are immeasurable.

—President Truman. Russia hopes to conquer America by making us overspend ourselves on national defense until our economy is wrecked and our fertile soil is ready for Communists to take over.

—Defense Secretary Louis Johnson. The artist, who died in 1925, is said to have been one of the most distinguished painters of his time. He belonged to the group of 10 American artists who developed the impressionistic tradition in America.

Several European art critics term him "America's most original painter."

"Awakening Spring" was the exhibit painting in Metcalf's final exhibit of 17 canvases in New York in 1925.

Clad in a gray topcoat, blouse and gray slacks, Miss Barry teamed up with Detective Max Renner to shoulder their way into the apartment and confront seven men.

Two other men walked in. One was carrying a gun. The man with the gun fired. The other man fumbled in an inner pocket.

"Keep your hands still or I'll kill you," Miss Barry said.

The man made another grab at his jacket pocket and Miss Barry fired. Harry Gold, 39-year-old research chemist accused of wartime espionage, was arrested.

PHILADELPHIA —(AP)—John D. M. Hamilton, chairman of the Republican National Committee when Alf Landon was GOP presidential candidate, is chief defense counsel for Harry Gold, 39-year-old research chemist accused of wartime espionage.

Hamilton was appointed by U. S. District Court Judge P. McGranery Thursday in compliance with Gold's request for counsel. Augustus S. Ballard, like Hamilton a member of the Philadelphia law firm headed by George Wharton Pepper, former U. S. senator from Pennsylvania, was named associate counsel.

Gold was arrested by the Federal Bureau of Investigation here May 23, charged with turning over atomic bomb secrets to Russia. His arrest followed FBI conversations with Dr. Klaus Fuchs, Russian spy convicted in England.

MIDLANDERS GET DEGREES FROM ODESSA COLLEGE. ODESSA—Two Midland students, LaNelle Chance Harms and Bernael Pemberton, are among the 33 graduates who will receive Associate in Arts degrees from Odessa College at its commencement exercises Friday night.

G. Ward Moody, state adjutant of the American Legion, will be the commencement speaker.

What's RIGHT?

You go to call on a friend who is a patient in a hospital and find a "No Visitors" sign on the door. WRONG: Go in anyway if there is no one around to stop you.

RIGHT: Respect the sign and, if you like, leave word at the desk that you have called.

LAWMAKERS WATCHED. JERUSALEM —(AP)—Israelis like to see their lawmakers at work. A total of 76,000 entry tickets for visitors were issued by the Knesset (parliament) during the last 12 months.

The LONESOME BRIDE

By Grace Nies Fletcher

THE STOVE. After Gloria Brown learned to bake apple pie in the apartment of Mrs. Benson next door, she is invited to make a pie for her husband's birthday. Gloria contacts Mrs. Benson, who suggests her husband, and agrees to exchange the apple pie for a pie from her home.

Gloria's husband, Miltonides, has learned that she baked a pie in the pie-oven. He is angry because there is a deep setting single mixed bed in the room and federal officers are investigating.

THE rest of the day was the longest in Gloria Brown's 22 years which had seen a devastating explosion, a World War, and an atom bomb. Nothing had harrowed her like this enforced inaction, because this time she was entirely alone. There was no mass psychology to buoy her up; these murders had blown up her own safe little world and she couldn't even start patching it up; she didn't dare 'try until after dark.

It seemed to her by 4 p. m. that already she was an old, old lady; she could almost feel her hair and teeth dropping out.

She shivered, remembering Sal and Jack the Cork. Why hadn't Hansen come by for his piece of pie? she wondered. Even if he were suspicious, he'd be better company than no one. Probably after being on duty all night, he was sleeping. Maybe he hadn't meant anything about the apples, after all, she thought; could be she had made a conquest. She made a wry little grimace. She'd know when she saw him next.

How was she going to make the Benson tell what she had to know? Just how did one go about getting a gun? Did one have to have a permit? But there must be places to get hold of a gun without the police knowing.

"I'm developing the criminal mind," Gloria thought. "They say if you tell an infant often enough that he's a bad boy, when he grows up he'll rob a bank or

Splashed all over the front page was a picture of Miltonides behind bars, talking to Alexander Grant, his lawyer, while down in the corner of the page, she saw with horror, was a cheese-cake photo of Alida Strong, the actress, who seemed to be mostly legs and bosom. And on the bosom was an enormous necklace. If this ever got to Boston, Gloria and Miltonides were finished socially!

The headlines yelled above the buzzing in her head: "EX-G.I. ALLIGED SLAYER. Miltonides Brown, 26, son of Prof. John Nemo Brown of Boston, head of the classical drama department in one of the oldest and most famous universities in the country, is being held for the killing of a girl in the knife killing of pretty girl Strong, sister of Broadway star Alida Strong, who wrote 'Night in the King's Mistress'."

Actress Strong's \$25,000 emerald necklace was recently stolen, according to police. She had a person at Jones' Beach yesterday and Brown claims he found her floating on the water with a knife in her back.

"MRS. BENONI used such a big pie plate she was sure the necklace would all go in," Gloria thought nimbly, with the inconsequence in which a person takes refuge when the mind is too numb to face reality. At least the lieutenant had not yet told the reporters that the knife was Gloria's or about the dope. Probably he was leaving that up to the federal authorities.

Did they lock a person at Leavenworth or Alcatraz for dope peddling? She licked her dry lips and it seemed to her as she stood there miserably on the sidewalk waiting for Sammy that everyone who passed cast upon her a hard, suspicious eye.

"Look out!" she gasped. Someone jostling her had pushed her almost off the curb and the clasp of her handbag opened, spilling out lipstick, coin purse, bobby pins, her last letter from home and a recipe for jellied tomato salad, into the gutter. As she gathered up her belongings with shaking fingers, she looked about but no one was even near her.

"What gives?" Sammy came running up. "Someone try to snatch your roll!"

(To Be Continued)

Damage In Lamesa Blaze Is \$100,000

LAMESA —(P)— Fire caused an estimated \$100,000 damage to the Honeycutt Construction Company here Thursday.
E. B. Honeycutt, the owner said he believed somebody had set it and he had asked Sheriff Roy King to investigate.
Honeycutt made the damage estimate. He said he had only \$20,000 insurance; that he had heard "somebody wanted to put me out of business, and it looks like they made a pretty good effort."

Lubbock Crowds Amarillo In Early Population Report

By The Associated Press
Preliminary 1950 census surveys released Thursday show Amarillo just a shade above Lubbock in the counting.
The tentative figure for Amarillo's population is 73,737. Lubbock's census director said that city's count would go past the 70,000 mark.
Final figures are expected Saturday.
Totals for Potter and Randall Counties have not been released. Amarillo is in both counties. Lubbock County's 1950 population was placed at above the 99,000 mark.
Amarillo's 1950 figures show a gain of 22,051 in 10 years. In 1940, Amarillo had a 51,686 population. Lubbock had a population of 31,853 in 1940.
Preliminary figures for five Panhandle counties released Thursday showed three had lost population from 1940 and two gained.
Those which gained were Hansford County, up from 2,783 in 1940 to 4,168, an increase of 1,385, and Oldham County, which posted a 283 gain, from 1,385 to 1,668. The counties that lost were Briscoe, with 4,056 in 1940 and 3,520—a 536 loss—in 1950; Hemphill, with a loss of 191 from 4,170 in 1940 to 3,979 in 1950; Donley, with a loss of 915 from 7,487 in 1940 to 6,572 in 1950.

Too Tough To Handle

Bob McCargo of Plains, Texas, finds his bareback bronc, Laxy B, too tough to ride during the Thursday night performance of Midland's World Championship Rodeo. Only three of 12 bareback riders managed to qualify in the opening night competition. Guy Weeks of Abilene rated the most points in the first round. The contest will continue Friday night.

Dinner-Book Review Planned For YWA

Members of the Margie Shumate Young Woman's Auxiliary of the First Baptist Church met Thursday night and discussed their Community Missions project which was a gift to a Junior High School girl.
The meeting was held in the home of Mrs. Vernon Yearby and plans for a dinner and book review June 29 were made. A letter from Margie Shumate, Baptist missionary in China, was read.
Jean Godfrey led the program on "What Is Your Marriage IQ?" with members answering questions with scriptures. Miss Godfrey also told of marriage customs of various countries and members guessed what country they typified.
Mrs. Yearby and her daughter, Rosanne, were guests. Members present included Nellie and Betty Clark, Lola Farnsworth, Dorothy Raines, Edith Collings, Nadine Clements and Mrs. J. O. Simmons, Jr., sponsor.

Ranchland Hill Golf Luncheon Slated

Reservations are to be made by noon Saturday for the monthly luncheon of the Women's Golf Association of the Ranchland Hill Country Club, Mrs. Lee Colcoe, president, has announced. The luncheon and a business session will be a part of the weekly women's golf day at the club.
The reservations are to be made with members of the Membership Committee, Mrs. Gene Hanes, Mrs. E. H. Watkins, Mrs. Raymond Snyder, Mrs. Tom Cole, Mrs. M. H. McKenzie, Mrs. John Norman, Jr., and Mrs. Jim Pickett.
Luncheon hostesses will be Mrs. A. A. Jones, Mrs. H. C. Jones, Mrs. Zay Kimberlin and Mrs. Charles Shure.

Nephew Held In Brutal Slaying Of Well-To-Do Widow

SCARBOROUGH, MAINE —(P)— The battered body of a well-to-do widow was found in a watery ditch early Friday after her 19-year-old nephew was taken into custody at gunpoint while driving her blood-stained car.
The body of Mrs. Viola Tully, 56, was discovered by police less than six hours after she was found missing from her blood-spattered home in Melrose, Mass., almost 150 miles from Scarborough.
Her nephew, William N. Elwell, of Brunswick, Maine, was captured by police in Portland, Maine, but denied he killed Mrs. Tully.
Portland Police Captain Douglas Steele said Elwell was booked on a charge of suspicion of a felony.
However, a warrant charging the youth with murder was issued in Malden, Mass., and was enroute to Maine.
Blood-Soaked Clothing
Steele quoted the husky, six-foot, two-inch youth as saying two men broke into his aunt's home and killed her.
Then, Steele said Elwell told him, the men forced him to put the woman in the trunk of her car and drive to Maine. Elwell said the men dumped the body in a ditch, made him drive to Portland and then fled, according to Steele.
Steele said Elwell's clothing was soaked with blood. Four \$1 bills found in the youth's pocket also were stained.
Police reported Elwell was given a medical discharge from the Marine Corps a year ago. He had been visiting his aunt for the last three days.

Dixiecrats Jeer At Truman's Peace Talk

WASHINGTON —(P)— President Truman's efforts to patch up relations with Southern Democrats gained little headway Friday.
Truman told his news conference Thursday he doesn't favor driving anybody—meaning the Southern critics of his program—out of the Democratic Party.
"This brought a comment from Senator George (D-Ga.), one of the opponents of a Fair Employment Practices Commission (FEPC) bill pushed by the President. Said George:
"He's not doing very much to tie us into the party."
Senator Byrd (D-Va.)—who once was the object of a presidential jibe that there were "too many Byrds in Congress"—said the President "must be getting a little worried."

O'Daniel Insurance Firm Gets Charter

AUSTIN —(P)— A charter for the W. Lee O'Daniel Life Insurance Company—with a capital stock of \$100,000 and a surplus of \$50,000—was signed Friday by State Insurance Commissioner George Butler.
O'Daniel, who made capital of the possibility he might run for governor this Summer and finally announced for the insurance business instead, paid \$49,999; Mrs. O'Daniel, \$49,998; Pat O'Daniel, their son, \$1; Mrs. Molly O'Daniel Moffatt of Los Angeles, Calif., their daughter, \$1, and Reuben Williams, an attorney, \$1.
The home office will be in Dallas.

More Than Thousand Taken In Jal Job

Midland officers Thursday were alerted to be on the lookout for two unknown men who pulled an armed robbery Thursday afternoon at Jal, N. M.
The message to officers here said between \$1,150 and \$1,300 was taken in the stickup.

Andrews News

ANDREWS—Further plans for the annual clean-up and paint-up campaign here were discussed at a regular luncheon meeting of the Lions Club, June 20 has been set as date to climax the drive. Garland Lindsey, James Reed and Pinky Peoples were named to spearhead the drive.
A barbecue at the city park, ladies night and installation of officers all in one night is scheduled for the Lions Club members and wives June 12. James Roberts, Charles Dean and E. L. Hurley compose the program committee and Guy McGill heads the food committee. Officers to be installed are: Max Ramsey, president; Claude Neeley, first vice president; Forrest Noble, second vice president; Russell Johnson, secretary-treasurer; the Rev. Raymond Van Zandt, Lion Tamer and Roland Tilly, tall twister.
Thomas D. Hamilton, Andrews superintendent, announced Summer school classes will open Monday. Classes will run until July 28. M. O. Wooliam, high school principal and H. O. Smith, junior high principal, will teach classes in English and algebra. In addition to regular school work, a Summer recreation program has been arranged. The course will include ground ball, touch football, baseball, tennis, volleyball, swimming, folk dancing and ping pong. Coach Neal Taylor and John Lee Smith, elementary school principal, will supervise activities for boys, and Mrs. Marie Nash will be in charge of girls.

Student At Home

Frank Blackwell, Jr., student in the University of Oklahoma, Norman, came in Thursday for a short visit with his parents, Mr. and Mrs. Frank Blackwell, before going to Oklahoma City to be employed this Summer.

W. B. SIMPSON HERE
W. B. (Bill) Simpson of Waller, Texas, formerly of Midland, is here to visit friends and to attend the 16th Annual Midland Rodeo. He is a former Midland merchant and civic leader.

SON RETURNS WITH ABELLS AFTER TRIP

Mr. and Mrs. George Abell have returned from a trip through Eastern states, including a tour of the Great Smoky Mountain region and a stop at Sewanee, Tenn., where their son, Duane, joined them and accompanied them home. He was a junior student in Sewanee Military Academy the last term. The Abells attended commencement exercises of that school and were house guests of Dr. Green, vice chancellor of the University of the South, and Mrs. Green while they were in Sewanee.

THE FIRST NATIONAL BANK

"AWAKENING SPRING"
By Willard L. Metcalf, N.A.
"Awakening Spring" was the choice painting in Metcalf's final exhibition of 17 canvases in New York in 1925, and is said by critics to be one of the noted artist's most beautiful masterpieces. It was painted in Connecticut.
Willard L. Metcalf was born in Lowell, Mass., in 1848, and died in 1925. He was one of the most distinguished painters of his time, belonging to the group of 10 artists who developed the impressionistic tradition in America. His canvases reflect his interest in presenting atmosphere, light and vibration in landscape. "Awakening Spring" is a splendid example of these qualities. It is one of his most subtle and vibrant paintings.
Several European art critics have declared Metcalf America's most original painter, since he followed no artist, but studied widely and evolved his own form of artistic rendering.

Vacation Bible School and Christian Service Training Classes are scheduled to start Monday at 6:45 p.m. in the church.

CHRISTIAN SCIENCE SOCIETY
407 North C Street
11:30 a.m.: Radio program over KCRS.
Sunday
9:30 a.m.: Sunday School.
11:00 a.m.: Church service with "God the Only Cause and Creator" as the topic of the lesson-sermon. The Golden Text is: "He is the former of all things; and Israel is the rod of his inheritance: The Lord of hosts is his name" (Jeremiah 10:16).
Among the citations which comprise the lesson-sermon is the following from the Bible: "For of him, and through him, and to him, are all things: to whom be glory for ever" (Romans 11:36).
The lesson-sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "God is individual, incorporeal. He is divine Principle, Love, the universal cause, the only creator, and there is no other self-existence" (page 331).
Wednesday
8:00 p.m.: Service in the church.
Thursday
2:00-5:00 p.m.: Reading room is open.

FOUR SQUARE GOSPEL CHURCH
Corner West Indiana and South B Streets
Rev. William Peacock, Pastor
8:30 a.m.: "Hymn Time" over KCRS.
9:45 a.m.: Sunday School.

JEHOVAH'S WITNESSES
811 South Weatherford Street
3:30 p.m.: Watchtower Bible Study.
Tuesday
8:00 p.m.: Bible Book Study.

Reds Walk Out On Trusteeship Council
LAKE SUCCESS — (AP) — Roger Garreau, retiring president of the United Nations Trusteeship Council, was to report Friday afternoon to the council that Israel has rejected the UN plan for international control of Jerusalem and that, so far, Jordan has ignored it.
The council works on Friday without the Russians. They staged another walkout Thursday, after they failed, nine to one, to get the Chinese Nationalist delegate kicked out.
The Russians now are staying away from 28 UN bodies in the dispute over China.

McCamey News
Mrs. S. R. Selby, have returned from a trip to their ranch near Deming, N. M.
Mr. and Mrs. Chester Dugger attended the National Supply Company barbecue Friday in Odessa.
Guests in the home of Mr. and Mrs. Tom Fuller recently were Mr. and Mrs. Frank Maxey of San Clemente, Calif. Mrs. Maxey is a sister of Mrs. Fuller.
At the meeting of the Southwest Texas Conference May 24 to May 28 in San Antonio, the Rev. Ross T. Welch was named new pastor of the McCamey Methodist Church. He has been pastor of the Robert Lee Church for two years. The Rev. C. Jordan Mann, who has been pastor in McCamey for three years, has been appointed to serve at St. Luke's Methodist Church in Austin.
Seven Girl Scouts of Troop 2 recently returned from a four-day trip to Ruidoso. They were accompanied by their leader, Mrs. George Ramer. The girls were Patsy LeQuay, Jamie Roberts, Clara Roberts, Ann Carter, Fredna Marrs, Rita Johnson and Juanice Terrell.

Two Latin words, rich in sentiment! To some they awaken memories of ivy-covered halls. But to many more they recall happy days in the old country schoolhouse.

Literally, they mean *fostering mother*. And that's what a school becomes, a third parent, preparing her children for life.

But all of us need to realize still another "fostering" parent, The Church—the earthly tutor who reveals to men the love of the Heavenly Father.

We never graduate from the Church! Sometimes we play hookey for a while. But sooner or later most of us discover that there is no substitute for the spiritual "upbringing" the Church provides.

And that discovery is the most thrilling commencement in life, for with it begins man's achievement of the highest goals in living.

THE CHURCH FOR ALL ... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship, strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Gafford, Bedford Take Lead In First Round Of PGA

Second Round Underway Friday; Finals Sunday

By SHORTHY SHELBURNE
Reporter-Telegram Sports Editor

Raymond Gafford of Dallas, the defending champion, started off like he intends to keep the Texas PGA Championship title, in the first round of the tournament Thursday over the Midland Country Club course.

The slender Dallas professional shot a 33-35 over the 6,641-yard MCC layout for a 68. He was tops in the morning half of the field.

But in the afternoon, a sharpshooter from Athens, Freddy Bedford, broke away from the others to come in with a 68 which matched Gafford's score. Bedford also had a 33-35.

"Mr. Golf" — Byron Nelson — was just a stroke behind the two leaders with a 69 and was in a tie with San Antonio's Chuck Klein.

Nelson's game was alternately hot and cold. He had three birdies on the first nine holes and was going strong with a 33 at the turn. But on the tenth he caught a bogey five for a bad start on the second nine.

Going to another extreme, however, he fired an eagle three on the eleventh to recover somewhat.

Two more bogeys went down on his card before he finished with a 36 coming in.

Gafford had five birdies and a bogey in his 18-holes while Bedford posted six birdies and went two over par on the four-stroke, 445-yard fifteenth.

Morris Williams, the college hotshot from Austin, and Billy Maxwell of North Texas topped the amateurs in the first round with 68's. Both played a sharp game all the way.

Marion Pflueger of Austin, a running mate of Williams, was tied with another North Texas boy, Joe Conrad, at 70.

George Albaugh, Amarillo pro, had the shot of the day—a hole in one on the 128-yard No. 7. He took dead aim and the ball rattled the bottom of the cup without touching the sides.

Albaugh made the shot with a No. 7 iron. But even with the ace, he could finish no better than 72 for the 18 holes.

The second round of play opened at 8 a.m. Friday with the field reversed. Those who played in the morning Thursday were to take the afternoon trick Friday.

Harden Returns
The tournament continues through Sunday. The amateur division will be cut to the low scoring 20 competitors after Friday's round. The 64 professionals will go the distance.

Wally Harden, the El Paso pro who was called home earlier in the week due to the death of his father, was back on the fairways Thursday to shoot for a share of the \$5,000 in prize money. He finished with a 73.

The 27 leaders, 19 pros and eight amateurs who broke par Thursday, follow:

Golfer	Home	Score
Ray Gafford, Dallas	33-35-68	
Fred Bedford, Athens	33-35-68	
Billy Maxwell, North Texas	34-34-68	
Morris Williams, Austin	32-36-68	
Byron Nelson, Roanoke	33-36-69	
Chuck Klein, San Antonio	33-36-69	
Abe Beckman, Houston	34-36-70	
Frank Champ, Lake Charles, La.	35-35-70	
Sam Schneider, Houston	35-35-70	
J. T. Hammett, Breckenridge	36-34-70	
Marion Pflueger, Austin	33-37-70	
Joe Conrad, North Texas	35-35-70	
Beard Mims, Dallas	36-35-71	
Bobby Maxwell, Big Spring	35-36-71	
Gene Mitchell, Plainview	36-35-71	
Evans Dunn, Midland	34-38-72	
Eloy Marti, Houston	36-36-72	
Harvey Parvino, Gladewater	39-33-72	
Tommy Roberts, Hobbs, N. M.	34-38-72	
Ned White, Shreveport	37-35-72	
George Albaugh, Amarillo	36-36-72	
C. L. Spence, LaMarque	35-37-72	
Jimmy Adams, Paris	38-34-72	
Cliff Caldwell, Brownwood	35-37-72	
Billy Erfurth, San Antonio	35-37-72	
Bob French, Odessa	37-35-72	
Foy Fanning, Abilene	34-38-72	
Others playing in the first round, all finishing above par, were:		
Graham Ross, Dallas	38-40-78	
Pete Whaley, Marshall	40-43-83	
Robbie Williams, Houston	38-37-75	
Leland Davidson, Midland	42-40-82	
Walter Thompson, Midland	41-42-83	
Lee Pinkston, Abilene	37-37-74	
Bunny Plummer, Galveston	39-36-75	
George Pinley, Eldorado	38-39-77	
Gidd Faircloth, Kermit	35-41-76	

Champ's Trophy For NBC Baseball Tourney Arrives

The championship trophy for the National Baseball Congress District Semi-Pro Baseball Tournament scheduled here June 24-25 and July 1-2 arrived Friday. The trophy is furnished by the Coca-Cola Bottling Company for presentation to the district winner.

A trophy for the runner-up will be awarded by the Service Club. It has been ordered and should arrive next week.

Both trophies will be on display in downtown Midland until the tournament opens.

Teams from throughout the Permian Basin have been invited to enter the tournament and compete for the awards.

The champion's trophy is a 24-inch gold cup topped with a baseball figure.

Meyer Tries Phillips In Mound Stint

PITTSBURGH — (P) — Things are tough at Forbes Field these days, what with the tumbling Pittsburgh Pirates wallowing in their worst slump in 11 years. But it wasn't sheer desperation that prompted Big Manager Bill Meyer to send first baseman Jack Phillips to the mound for a five-inning pitching chore against Boston Thursday.

Meyer had been grooming the lanky ex-collegian for twirling work since Pittsburgh bought him from the New York Yankees last August. Phillips got his first call after the Braves had run up a 10-0 lead over the slumping Bucs at the end of the fourth inning. He got off to a shaky start, dishing up a double to Tommy Holmes, singles to Bob Elliott and Walker Cooper and a wild pitch, permitting Elliott to score.

Strikes Out Gordon
Then in the six-foot, four-inch Clarkson College graduate bore down and retired the side, striking out dangerous Sid Gordon in the process.

With his powerful right hand delivery zipping along in a variety of fast-breaking curves and tricky drops, Phillips retired 11 consecutive Boston batters. He ran into trouble in the eighth, but his infield mates pulled him out with a double play.

In the final frame Boston scored another run on a pair of hits for a 14-2 final score and ran the Bucs consecutive losing streak to nine games.

Although he had done some pitching in college, Phillips broke into organized baseball in 1943 as a first sacker and stayed there. Phillips caught Meyer's eye as a pitching possibility shortly after he joined the Bucs. The Pirate pilot had shortages aplenty, except at first base. There was talk of converting big Jack to a third baseman but Meyer decided he might make a hurler.

Swimming Pools At Pagoda, VFW Ready For Summer Season

The swimming season will get into full swing in Midland Saturday. The VFW Pool eight miles west of the city will open Saturday and Pagoda Pool in West Midland is expected to draw its biggest crowd.

Pagoda opened Thursday for the first time and drew a sizeable flock of swimmers despite chilly weather. It will be open every day from 1:30 p. m. to 8 p. m.

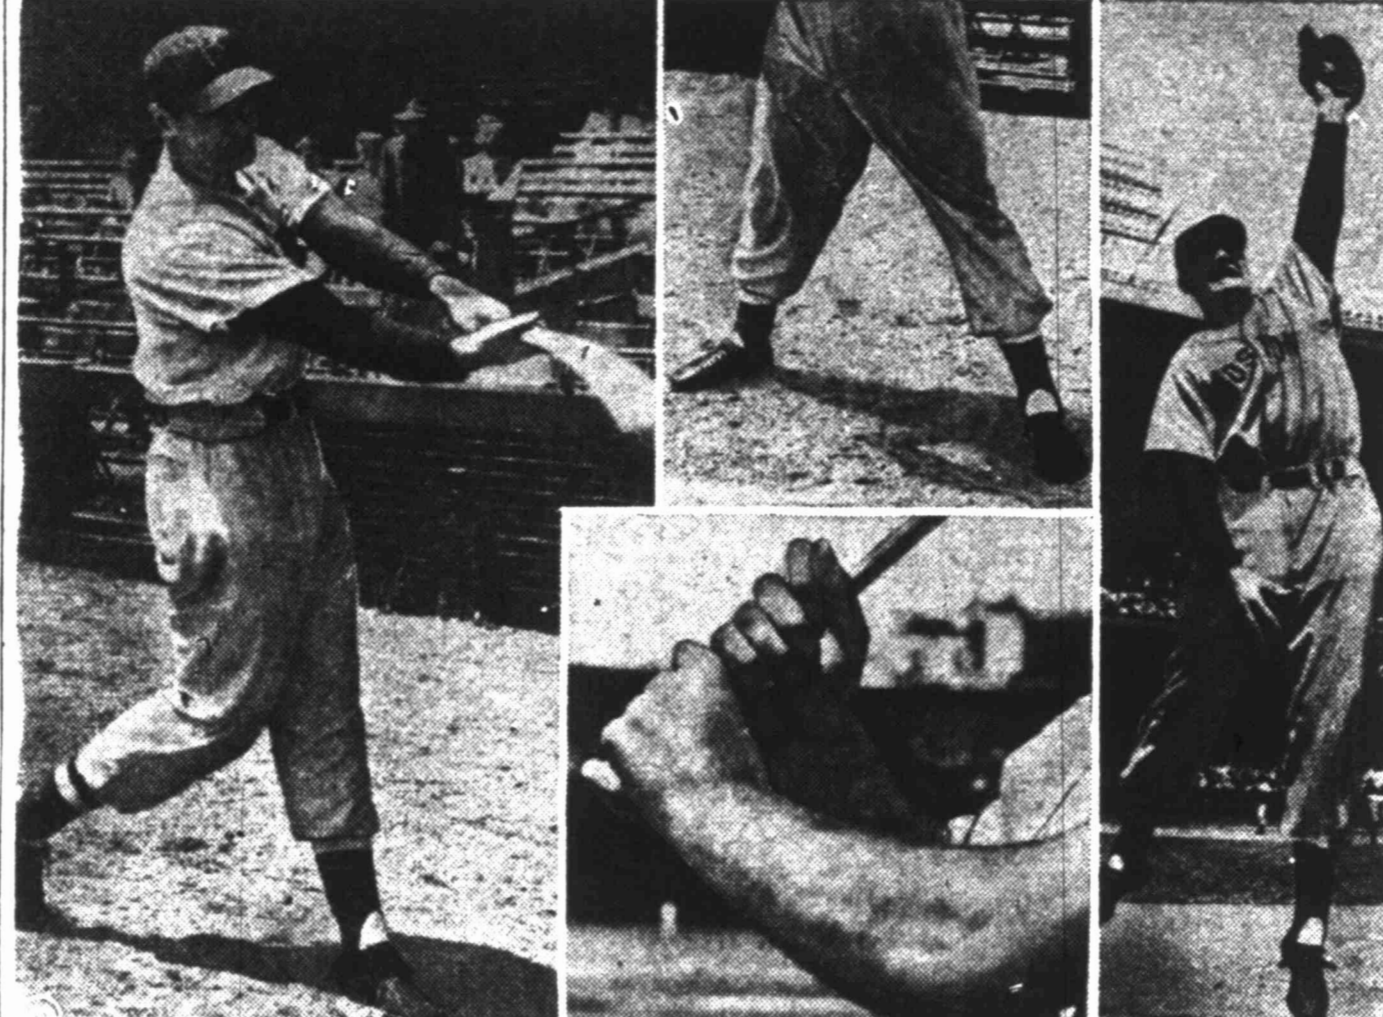

The VFW Pool also will operate every day.

Bath houses, pools, plumbing fixtures and all facilities at both have been painted and repaired to put them in top condition.

City Manager W. H. Oswalt and VFW Commander John Henderson have assured that the pools will be operated in the very strictest sanitary manner. Frequent drainings and constant checks on the chemical content of the water have been promised.

Harvey Penick, Austin, 36-37-73
Billy Walker, Hobbs, N. M., 39-36-74
Smiley Rowland, Fort Worth, 38-40-79
Bill Barker, Midland, 39-39-78
Weldon Haynes, Mercedes, 40-41-81
Amateurs.

Tremendous

American League pitchers, who long since have despaired of coping successfully with the awesome Red Sox duo of Ted Williams and Vern Stephens, find they have added a new tormentor, huge Walt Dropo. The six-foot, five-inch, 220 pound slugger, following Williams and Stephens in the Boston batting order, shows the mighty swing, stance and grip that keep him among the leaders in home runs and runs-batted-in. He's slick in the field and mobile on bases, too.

Sports

8—THE REPORTER-TELEGRAM, MIDLAND, TEXAS, JUNE 2, 1950

MAJOR LEAGUES—

Marty Marion Hero Of Cards' Win Over Bums

By JACK HAND
Associated Press Sports Writer

Old Cardinals never die. Take Marty Marion for instance.

For 11 major league years, Mr. Shortstop went quietly about his business. Never did he hit a home run with the bases loaded. Never, until Thursday night.

Marty waited until they really needed one. With Brooklyn in town and the Cardinals scrambling to wipe out the May 18 horror of blowing an 8-0 lead, Marion hit his grand slam homer. The resulting 5-2 victory hosted St. Louis into its first place tie with the Dodgers.

And this was the same Marion whose condition worried Manager Eddie Dyer all Spring. Worried him so much that he talked owner Fred Saigh into signing Eddie Miller as a fill-in, just in case.

Miller opened the season, played all but a few innings of the first 14 games. Eddie was doing fine but the Cards bumped along in fifth place at a 500 clip.

After the nerve-shattering episode of May 18 at Brooklyn, the Cardinals were left for dead. Back they came, with Marion playing almost every day, to win 10 of 12. Now they have caught the Dodgers.

WT-NM League—

Scrap For Second Is Torrid Battle

By The Associated Press

It's a case of button, who's got the button, in the battle for second place in the West Texas-New Mexico League.

Borger is holding the top but Lubbock and Albuquerque are putting on quite a scrap for the runner-up spot. Friday Lubbock had it by a half-inning.

Borger licked Albuquerque 10-7 Thursday night. Jordan Pitta did everything necessary to let the Gasers win—he wild pitched three times, balked with two on and helped catcher George Miller allow Borger to steal seven bases.

Lubbock beat Lamesa 8-2 with Wilcy Moore batting in six runs with a homer and double. Bob Clodfelter gave up nine hits in winning his sixth pitching victory. Amarillo pounded 26 hits and sandwiched in 10 walks and six errors to blast Clovis 23-8. Doug Lewis hit two home runs and Jim Byron one.

Pampa beat Abilene in a doubleheader, taking the first game 3-2 on Bill Hassey's single in the eighth inning and winning the nightcap 3-0 on the one-hit pitching of George Payne and home runs by Don Ricketson and Roy Parker. Ricketson got two.

Penn State's football captain, Owen Dougherty, also plays right field on the baseball team. He bats and throws left-handed.

Sweetwater Tops Indians By 12-3

The Midland Indians engage the Sweetwater Swatters in the final game of their three-game series Friday night in Sweetwater. The Tribe will move to Vernon for a two-game series Saturday and Sunday.

The Indians return home Monday night to open a two-game series with the Sweetwater club.

SWEETWATER—Midland's Indians found the Sweetwater Swatters too tough for the second night in a row and dropped a one-sided 12 to 3 decision here Thursday night.

The Indians sent Ken Carley, a left-hander, to the mound as the starting hurler. He couldn't turn the trick against the Swatters and was followed by Glen Patton and Lefty Caskey, a college hurler from McMurry who recently joined the Tribe.

Sweetwater used two big innings, the second and fifth, to ice the tip. The Swatters scored five runs in each. Dom Chioia's two-run homer sparked the fifth inning uprising.

Midland got one run in each of the fourth, fifth and sixth. Jerry Jones, Swatter hurler, was tough with the Redskins in the other innings. He was touched for only eight hits while Sweetwater batters were collecting 14 off the trio of Midland hurlers.

Midland also committed four errors to aid the Swatter scoring. The loss left Midland just a half game ahead of fifth-place Vernon.

The box score:

Midland	Ab	R	H	O	A
Hughes, ss	5	0	1	0	3
Dawson, cf	5	1	3	1	1
Jones, c	5	0	0	5	0
Prince, 1b	2	1	1	1	1
Phillips, rf	4	0	2	0	0
Stephenson, lf	4	0	0	2	0
Basco, 3b	4	0	1	2	0
Firnback, 2b	3	1	0	1	1

Nelson's Clinic Is Big Hit With Fans

Byron Nelson's golf clinic, one of the big added attractions in this week's golf program at Midland Country Club, went off as scheduled Thursday afternoon. "Mr. Golf" gave the fans what they like to see, performing in top-flight manner with his fine shots.

The clinic drew the largest gallery of any event of the week. More than 200 were on hand to cheer the Roanoke golf great.

Fem Stars Prep For Trans-Mississippi

DALLAS —P—Defending Champion Betsy Rawls of Austin and Polly Riley of Fort Worth, always a top contender, are due Friday for tune-up rounds for the Women's Trans-Mississippi Golf tournament. Betty Mackinnon of Mount Pleasant, Texas; Beverly Hanson of Indio, Calif., and other star players arrived Thursday and got in practice licks. Miss Mackinnon played nine holes and registered a 36.

One top-notch linkswoman who had been expected to compete—Betty Kirk of Findlay, Ohio—was here.

Qualifying rounds are scheduled Monday with match play opening Tuesday.

SPORTS SLANTS by SHORTY SHELburne

Thursday's opening round of the Texas PGA Tournament produced some oddities among the golfers. The favorites stayed close enough to the top of the field to make the pre-tournament dopest look good but Freddy Bedford of Athens aky-routed into a tie with the defending champ, Raymond Gafford, in a move that wasn't doped. Some of the pros who have watched Bedford in tournaments before say he is likely to have good rounds all the way through. The Athens ace got a hearty round of congratulations when he posted his score. What made it a little more dramatic was the fact that Gafford's score was posted early in the afternoon and Bedford's didn't come in until late. Bedford was just about the only pro who had a chance to tie Gafford and he came through. Spec Sims of Fort Worth, an amateur, made probably the best recovery of the week. He started his round with an eight-just double par-on the number one hole. But that didn't bother Sims much. He settled down and shot straight par on the next eight holes to finish the first nine with a 40. He added a 37 on the way in and wasn't too far off the pace with a 77. Wally Harden of El Paso, the guy who posted a 64 for 18 holes earlier in the week, rejoined the field Thursday. He was called home due to the death of his father last Monday. Harden arrived late and had to rush through his Thursday round. He covered the distance in a minimum of time. "Well, you set a course speed record if nothing else," a galleryite remarked as Harden came up on 18. "Yeah, but that's all," Harden replied, just a little disappointedly. He was one over par with a 73. About the biggest kick of the tournament came from the conversation of a couple of negro men working in the outside concessions stand. A foursome approached the last green which is near the stand and one boy remarked, "Now ain't this hole the one where they shoot that birdie and eagle stuff?" "I think it must be," replied the other. "I sho hears lots of folks talking about that birdie stuff around this hole." So far there hasn't been too much of that "birdie shootin' stuff" on any green, most of the golfers say. The No. 7 hole apparently is becoming a tournament paradise for golfers. Just a few days ago Sybil Flournoy aced the hole in the Midland Country Club Women's Invitation. Thursday it was George Albach of Amarillo sinking a hole in one on it. A lot of credit for the success of the tournament should go to Joe and Jim Rountree, Joe Boles and all the other sporting goods salesmen who are doing a fine job of starting the foursomes and posting the results. The boys work hard every day. They deserve a big hand because it's mostly free, the services they are giving. Midland Colts To Play Big Spring, The Midland Colts will engage the Big Spring Tigers at 3:30 p.m. Sunday in Big Spring. Captain Jose Lopez has named his ace right hander, Mateo Sotilo, as the starting hurler. Willie Pep Thumps Terry Young In 10, Featherweight champion Willie Pep went out of his weight class Thursday night to give Terry Young, a New York lightweight, a convincing beating in a 10-round bout. Pep, elusive and cagey, left-handed Young in almost frenzied frustration. Pep, who weighed 131 pounds to 138 1/2 for Young, won a unanimous decision. The 24-hour potential was based on an actual 12-hour flow of 266 barrels, gas-oil ratio was 682-1. Flowing tubing pressure was 100 pounds. This producer is almost on the north line of Howard County and is located about 1/2 mile east of section 13, block 27, H&G survey. The 7-inch casing is cemented at 7,435 feet, and the plug was left in the hole below the bottom of the pipe. Midland Wildcat High On Simpson, Magnolia Petroleum Company No. 2 Parks, Central-West Midland County wildcat, 11 1/4 miles southwest of the city of Midland, and 660 feet from north and 2,180 feet from west lines of section 10, M. Daugherty survey, topped the Simpson section of the middle Ordovician at 12,630 feet to give it a datum of minus 9,795 feet on that marker. That makes it 83 feet high on the top of the Simpson to the same point in The Texas Company No. 1 Scharbauer, a small pumper from the Ellenburger, four and one-half miles north and slightly west, which is the lone producer in the Warfield-Ellenburger field. Magnolia No. 2 Parks has already shown for the discovery of some sort of commercial production from the Pennsylvania line and also for a possible discovery from the Pusselman section of the Silurian. Its geological position indicates that it might have a chance to make an oil well in the Ellenburger. Edge Well Staked In SW Ector Pool, Amerada Petroleum Corporation has staked an edge well on the south side of the Yarbrough & Allen Ector pool in Southwest Ector County. Amerada No. 1 Carlville National Bank well is 2,635 feet from east and 3,270 feet from south lines of section 18, block 42, Gunther & Muthwest of Jenkins. The Yarbrough & Allen field has Ellenburger production around 10,600 feet. Wheeler Flanker Being Completed, A one-location east extension to the proven limits for production from the Devonian and the Ellenburger pays of the Wheeler field is in process of completion in Central-West Ector County. The new oil well is Neville G. Penrose, Inc., and associates No. 1 TXL. It is located 1,650 feet from south and west lines of section 11, block 45, FT survey, T-1-S. This venture topped the Ellenburger at 10,600 feet. A string of 7-inch casing is cemented at 10,800 feet. Total depth is 10,885 feet. On the top of the Ellenburger it has a datum of minus 7,438 feet. The open hole section between 10,608 feet and 10,885 feet was tested naturally for 34 hours and it produced an average of 15.75 barrels of oil per hour, flowing through a five-eighths inch tubing choke. There was no formation water. Operators are now testing the De-

Big Seven Thinlies Headed For Dallas

KANSAS CITY —(AP)—Big Seven Conference track and field stars headed for Dallas Friday for their annual meet with champions of the Southwest Conference. Approximately 75 athletes will compete Saturday night in the fourth annual duel between the two conferences. The Southern west won the first meet in 1947 by a 69-62 score. The teams tied at 65 1/2 in 1948. Last year the Big Seven won handily, 80-51. The Southwest figures to pile up an advantage in the sprints and hurdles while the Big Sevens has considerable strength in the distance races. A contingent of Nebraska, Iowa State and Kansas athletes is expected to arrive in Dallas at 10:45 p.m. Friday. Representatives of other Big Seven schools are scheduled to arrive by early Saturday morning.

Cary Middlecoff Fort Wayne Leader

FORT WAYNE, IND. —(AP)—Cary Middlecoff, National Open champion, Friday had a one-stroke lead in the tight-packed field going into the second round of the \$15,000 Fort Wayne Open Tournament. He got out in front Thursday by knocking five strokes off the par 71 for the Orchard Ridge Country Club's 6,400 yards. Three tournament veterans were in a position to put on the pressure Friday. Just a stroke off the pace were Herman Keiser of Lima, Ohio; Lloyd Mangrum of Chicago, and Ed Oliver of Kenmore, Wash. Skip Alexander of Knoxville, Tenn., and Ted Kroil of New Hartford, N. Y., were in the 68 slot. P. Young led at 69 were six players—Henry Ransom of St. Andrews, Ill.; Chick Harbert of Northville, Mich.; Gene Webb of St. Louis; Tom Bolt of Houston, Tex.; Buck White of Greenwood, Miss.; and Wally Ulmer of Minneapolis. There were six more at 70, bringing the number to 18 under par for the first round.

Three Midland Charters Granted

AUSTIN —(AP)—Domestic charters granted Friday include: West Texas Engineering Service, Inc., Midland, Merchandise, Capital stock \$2,000, Incorporators: R. U. Fitting, Jr., W. T. Hagler and H. L. Hagler. The Midland Woman's Club, Inc., Midland, Educational and benevolent, Incorporators: Helen F. Goldsmith, Estella Cupp Lathan, Mary Jane Schabarum. Foreign permits granted include The Western Company of Midland, Delaware, Oil and gas development service, Home office, 10 West Tenth Street, Wilmington, Del., Texas office, Midland, Texas Agent D. E. Wash, Republic Bank Building, Dallas, Capital stock \$368,000.

Basin API To Meet Friday In Odessa

Robert E. Stripling of Midland, who for 10 years was chief investigator of the House Un-American Activities Committee Friday night will discuss subversive groups in America at the meeting of the Permian Basin Chapter of the American Petroleum Institute. The session, the last this Spring, will be held at 6:30 p.m. at the Ector County Park in Odessa. Stripling will discuss in detail how Soviet agents have been operating in this country for the past 20 years and the effect their work has had on our security. Also he will discuss the question of atomic espionage on the part of Russia and tell why it was successful. Barbecue and refreshments will be served at the Odessa Chuck Wagon Gang after the program. Food assessment will be \$1.50.

Panel Here—(Continued From Page One)

The secretary said sharply: "If any one of us lets down, or slackens our efforts, the result will be disaster. Only by forceful, concerted action along the lines which have been initiated can the American people preserve democracy." Acheson's testimony followed by a day President Truman's message asking Congress for the new funds to keep flowing the \$1,314,010,000 of American munitions already being sent abroad in this fiscal year. The new money would provide arms aid for the fiscal year beginning July 1. Later in the day Truman at a news conference announced that he thinks the world is nearer peace today than it has been at any time during the last five years. Officials said the main point of Truman's present foreign policy is that the American people must discuss as the Western powers achieve unity and military strength, and that those defense factors now are at their highest point since the cold war began.

Volcano—(Continued From Page One)

It was impossible to assess damage immediately, the police said. They added, however, that another 40 homes in the area were believed safe for the present. The hot lava presumably burned down telephone poles, cutting circuits. Hilo, Hawaii, police reported by radio that the river of boiling lava hissed into the ocean at 1:05 a.m. (5:05 a.m. CST) Friday, three and one-half hours after the eruption. A Pan American plane said Mauna Loa shot a smoke cloud 30,000 feet up. "Like Atomic Mushroom" "It looked like an atomic explosion mushroom," said Gilbert B. Blackmore. "We could hear pieces of what probably was ash hitting against the plane." "The main lava flow was long with branches running off the side. Some of the branches appeared to be longer than the main flow." Blackmore said the main flow was two miles wide. The CAP topped Sherwood Greenwell, rancher at Kealahouka, 5,000 feet up Mauna Loa's slope, as saying the volcano erupted in three places. Lava and gas spewed out at the 7,000, 10,000 and 12,000 foot levels, Greenwell reported. Visible 200 Miles The massive volcano rises 30,000 feet from the ocean floor and towers 13,680 feet above sea level. For the last 150 years, it has erupted on an average every three and one-half years. The last eruption was in January, 1949. Frank Oberhansley, Hawaii National Park superintendent, said "It was a spectacular show." He said red hot lava broke out on the southwest flank of the volcano at about 9,000 feet. Hilo, the only sizable city on the island, lies to the east. The red glow in the sky was visible from Diamond Head, 200 miles away on Oahu. Hundreds watched the brilliant display from Maui Island, 130 miles north of Hawaii.

West Texas Oil And Gas Log—(Continued From Page One)

The acid residue and the mud was being swabbed out at last report. This formation is due to flow oil in good amounts when it cleaned out, as it flowed at the rate of 50 barrels per hour on a drillstem-test before the casing was set. The well will be fully completed from both the Devonian and Ellenburger. Top of the Devonian is at 8,295 feet, which is a datum of minus 5,134 feet.

Four Canyon Tests Staked In Scurry

Four Canyon reef explorations have been staked in Scurry County pools. Humble Oil & Refining Company will begin operations immediately on two projects on the extreme southwest edge of the Sharon Ridge Canyon pool. Humble No. 3 Herman Gartner is to be 560 feet from south and 660 feet from east lines of section 101, block 25, H&G survey, 18 miles southwest of Snyder. Slatid depth is 6,700 feet. Humble No. 4 R. P. Ainsworth is to be 380 feet from east and 2,210 feet from south lines of section 99, block 25, H&G survey, 18 miles southwest of Snyder. Slatid depth is 6,700 feet.

Project Scheduled In Pegasus Field

Sharples Oil Corporation No. 2-E-43 TXL is a new exploration to 13,200 feet to explore the Ellenburger on the southeast side of the Pegasus field in Northwest Upson County. It is 660 feet from north and west lines of section 43, block 40, TU survey, T-4-S. That puts it one location west of Republic Natural Gas Company No. 1 Powell, the farthest out south. The Ellenburger producer in the Pegasus field. It is one location east of Sharples No. 1-E-43, now drilling in the Ellenburger—and which already has shown that it probably will be completed as a good producer from the deep pay.

Producer Potentials In New Borden Pool

Tide Water Associated Oil Company No. 1 Cotes is a new exploration to 13,200 feet to explore the Ellenburger on the southeast side of the Pegasus field in Northwest Upson County. It is 660 feet from north and west lines of section 43, block 40, TU survey, T-4-S. That puts it one location west of Republic Natural Gas Company No. 1 Powell, the farthest out south. The Ellenburger producer in the Pegasus field. It is one location east of Sharples No. 1-E-43, now drilling in the Ellenburger—and which already has shown that it probably will be completed as a good producer from the deep pay.

Midland Wildcat High On Simpson

Magnolia Petroleum Company No. 2 Parks, Central-West Midland County wildcat, 11 1/4 miles southwest of the city of Midland, and 660 feet from north and 2,180 feet from west lines of section 10, M. Daugherty survey, topped the Simpson section of the middle Ordovician at 12,630 feet to give it a datum of minus 9,795 feet on that marker. That makes it 83 feet high on the top of the Simpson to the same point in The Texas Company No. 1 Scharbauer, a small pumper from the Ellenburger, four and one-half miles north and slightly west, which is the lone producer in the Warfield-Ellenburger field. Officials said the main point of Truman's present foreign policy is that the American people must discuss as the Western powers achieve unity and military strength, and that those defense factors now are at their highest point since the cold war began.

Volcano—(Continued From Page One)

It was impossible to assess damage immediately, the police said. They added, however, that another 40 homes in the area were believed safe for the present. The hot lava presumably burned down telephone poles, cutting circuits. Hilo, Hawaii, police reported by radio that the river of boiling lava hissed into the ocean at 1:05 a.m. (5:05 a.m. CST) Friday, three and one-half hours after the eruption. A Pan American plane said Mauna Loa shot a smoke cloud 30,000 feet up. "Like Atomic Mushroom" "It looked like an atomic explosion mushroom," said Gilbert B. Blackmore. "We could hear pieces of what probably was ash hitting against the plane." "The main lava flow was long with branches running off the side. Some of the branches appeared to be longer than the main flow." Blackmore said the main flow was two miles wide. The CAP topped Sherwood Greenwell, rancher at Kealahouka, 5,000 feet up Mauna Loa's slope, as saying the volcano erupted in three places. Lava and gas spewed out at the 7,000, 10,000 and 12,000 foot levels, Greenwell reported. Visible 200 Miles The massive volcano rises 30,000 feet from the ocean floor and towers 13,680 feet above sea level. For the last 150 years, it has erupted on an average every three and one-half years. The last eruption was in January, 1949. Frank Oberhansley, Hawaii National Park superintendent, said "It was a spectacular show." He said red hot lava broke out on the southwest flank of the volcano at about 9,000 feet. Hilo, the only sizable city on the island, lies to the east. The red glow in the sky was visible from Diamond Head, 200 miles away on Oahu. Hundreds watched the brilliant display from Maui Island, 130 miles north of Hawaii.

Panel Here—(Continued From Page One)

The secretary said sharply: "If any one of us lets down, or slackens our efforts, the result will be disaster. Only by forceful, concerted action along the lines which have been initiated can the American people preserve democracy." Acheson's testimony followed by a day President Truman's message asking Congress for the new funds to keep flowing the \$1,314,010,000 of American munitions already being sent abroad in this fiscal year. The new money would provide arms aid for the fiscal year beginning July 1. Later in the day Truman at a news conference announced that he thinks the world is nearer peace today than it has been at any time during the last five years. Officials said the main point of Truman's present foreign policy is that the American people must discuss as the Western powers achieve unity and military strength, and that those defense factors now are at their highest point since the cold war began.

New Home Planning

ARE YOU BUILDING IN NEW HOME DREAMS?

You want a plan that will be a home, not just a house? You want to select colors for the living room? For the kitchen? For the outside? To get away from the "sameness" of these new houses? You can do this by getting your own lot and building BUT you spend hundreds of extra dollars needlessly. We have homes started with all city utilities, choice of floor plans, choice of colors, closets, paper or texture, landscaping as you want it, and many other details that go into building a real home. We can give you a choice and save you money at the same time!

Let us prove this with facts and figures!

GRAMMER-MURPHEY
MIDLAND'S STORE FOR MEN AND WOMEN

"Certainly he comes from good stock—U. S. Steel preferred!"

Broncs—

(Continued From Page One) introduced as judges. Other officials included Colborn, Clarence Scharbauer, Jr., president, Midland Fair, Inc.; Marion Flynt, member of the rodeo committee and Jack Knapp and George Mills, clerks.

Then, outa chute number 5 came Buck Abbott of Apple Valley, Calif., aboard a bareback bronc named Daredevil. And the 1960 extravaganza was on its way.

Of 12 bareback bronc entries, only three managed to qualify. They were Guy Weeks of Abilene, who placed first after staying aboard a nag named Ohill Willis; Bill Hancock, Ozark, Ark., riding Gray Eagle, and Sonny Lavender of Holliday, Texas, who stayed atop Whistler.

Unsuccessful bareback bronc riders included Abbott, Arnold Drake of Midland; Kid Marley, Midland; Bob McCargo, Plains; Tommy Thomas, Midland; Ross May, Lubbock; Charlie Blanton, Austin; Bill Barton, Abilene, and Scramel Day of Odessa.

Sixteen first-night calf ropers found the Colborn stock in a tough frame of mind following an extra day of rest. The best time recorded was 18.9 seconds by Harry Howard of Rankin. World champion roper Troy Fort of Lovington, N. M., looped his calf in record time but his pony falled him and Troy was forced to take no time.

Other times posted by the ropers included Peppy McKinney of Esperanza, Texas, 21.3 seconds; Vernon Miller of Gail and Buddy Neal of Marfa, 24 seconds each; Vic Montgomery, Ozona, 27.2; Bill Lowe, Ozona, 31.3; Rex Beck, Coleman, 33.1; James Kinney, Carlsbad, N. M., 33.4; Bill Edwards, Midland, 35.5; Sunny Edwards, Big Spring, 41; and Bobby Sherrill, Pecos, 58.5. Times were registered by Fort, Mack Cook of Midland; Courtney Cowden, Midland, and Bill Price of Denver City.

Collegiate Champ Larry Finley of Nampa, Idaho, and Harley May, Sul Ross State College student from Lubbock and an intercollegiate champion, were the only two out of a field of nine saddle bronc riders who managed to qualify. Finley acquired 152 points to 150 for May to take the day money in the event.

Other saddle bronc entries were Tex Lewis, Fort Worth; Kid Marley, Midland; Sonny Lavender, Holliday; Bill Hancock, Ozark, Ark.; Guy Weeks, Abilene; Bill Barton, Abilene, and Wag Blessing, San Fernando, Calif.

Barton, who ripped out of the shoot atop a bronc labeled Hired Hand, received a painful fall but managed to walk away. Hired Hand had worse misfortune and fell after disposing of his rider. Officials said the horse's back was broken.

Monroe Tunlinson, Abilene, posted the best time in the steer roping with a classy 6.3 seconds. Bill McGuire, world champ wrestler from Fort Worth, placed third with a timing of 19.1. Bill Rush of Clovis, N. M., was second with 13.2. Other times included Dub Phillips, San Angelo, 22; Buck McDougle, Big Spring, 31; and Smokey Eppier, Odessa, 38.5.

P. H. Thrash of Granbury, riding Shorty, took first place over a field of four in the cutting horse contest. Second place went to C. G. Minton's entry, Brown Jug M, ridden by Gene Overcash of Albany. Minton also is from Albany. Daley Mae, owned and ridden by John Dublin of Midland, took third place in the cutting horse contest. Fourth was Jug, owned by Loyd Jenkins of Fort Worth and ridden by Andy Henley of Fort Worth.

Wild Cow Milkere Lefty Wilken of Yuleta, headed the wild cow milkers with a clopping of 58.2 seconds. He was followed by Charlie Scott of Big Spring, with a 60.8, and J. D. Hollyman, Ozona, who posted a 65.9. Midland's Flop Roberts had a timing of 78.6 but was penalized 30 seconds more for throwing his cow. No times were registered by Bill Lewis of Ozona, and Jack Wallace of Midland.

Four out of nine Brahman Bull riders managed to stay aboard for the full count. They were Joe Shouder of Tulsa, Okla.; Bud Watson, Abilene; Boyce Levens, Holliday, and Tex Lewis of Fort Worth. Unsuccessful aspirants included Buttons Yonnick of Clarksville; Harley May, Lubbock; Charlie Blanton, Austin; Wallace Billingsly, Austin; and Tommy Thomas of Midland.

Aly's Up

Still on crutches from last Winter's skiing accident, Prince Aly Khan managed to attend the races at Epsom, Surrey, England. His horse, "La Belle," failed to place in the classic Oaks race.

First-Nighter Sees First Rodeo

One spectator at the opening performance of the 16th Annual World's Championship Rodeo Thursday night got a bigger-than-average thrill from the color and excitement of the show.

He was Paul DeCleva, a recent addition to the Midland population. DeCleva came to the United States from Hungary several months ago and has settled in Midland. He had never seen a rodeo.

At the opening performance Thursday night, he was bright-eyed with anticipation—and though a little hazy on the whys and wherefores of the show—a thoroughly entranced observer.

But even a man who has never seen a rodeo can appreciate expert horsemanship and skilful cowboys, and Paul was high in his praise of the daring steer "doggers and Brahma bull riders.

The smart cutting horses, the colorful specialty acts and the caporting clowns all kept his attention riveted on the arena.

With a little briefing on the rules of the contests, he soon was pulling for the riders with the oldest rodeo hand in the stands.

But, like many another rodeo spectator, Paul kept wondering if there wasn't an easier way to make a living.

Louisiana, the "Pelican State," also is known as the "Creole State."

Cotton
NEW YORK—(AP)—Friday noon cotton prices were 25 to 90 cents a bale higher than the previous close. July 33.55, October 32.66 and December 32.59.

First Bale Sells For \$2,585; Resale Will Benefit Cancer Fund

HOUSTON—(AP)—Directors of the New York Cotton Exchange have agreed to auction for a second time the nation's first bale of 1960 cotton, sold here Thursday for \$2,585, for the benefit of the Damon Runyon Cancer Fund.

R. C. Beach, Jr., partner in George H. McFadden & Brothers firm which purchased the 600-pounds of Rio Grande Valley cotton, said the bale would arrive in New York by express Monday at a price of \$2,585 was paid to Pablo Rivera of La Grulla, Starr County. The cotton sold at \$2.10 and Rivera carried off a \$1,325 bonus purse given by members of the exchange.

ACIDITY

Fear, anger, excitement, careless eating—these cause acidity. Drink delicious pure Ozarka Water, free from chlorine, alum, copper sulphate. Physicians recommend it. Shipped everywhere.

British Are Getting Dumber, Says Prof

LONDON—(AP)—Britons are getting dumber each generation, says Professor Godfrey Thomson, professor of education at Edinburgh University. He told the royal commission on population intelligence is largely inherited and "intelligence" people tend to produce smaller families so the average intelligence will sink generation by generation.

Professor J. B. S. Haldane, professor of biometry at University College, London, pooh-poohs this theory. "Grossly unintelligent" people, Haldane says in another paper to the commission, "are even less fertile than the highly intelligent. Existing data give no reason to suppose that the level of innate intellectual capacity in our population is falling."
