## Strawn Discovery In NE Stonewall Swabs, Flows Oil

Deep Rock Oil Corporation No. 1 C. B. Long, Northeast Stonewall County wildcat, six miles northeast of the C. L. Norsworthy, Jr., No. 1 Wiley, Bend lime discovery, swabbed and flowed 137 barrels of new oil in 15 hours and is still testing.

The petroleum in the Deep Rock discovery is coming from a Strawn sand at 5,124-37 feet, naturally. No formation water has been developed.

Operator is continuing to swab to get the pay section cleaned out with the idea that the well might kick off and flow regularly. Location is 660 feet from north and east lines of section 2, block H, H. T. Oliver survey in the GH&H survey.

Top of the Strawn sand is at 5,129 feet. The 7-inch casing is cemented at 5,124 feet. Total depth is 5,137 feet.

The prospect is 16 miles west of O'Brien, which is in Northwest Haskell County.

## Silurian Discovery Indicated In SE Lea

Stanolind Oil & Gas Company No. 3 South Matix unit, Southeast Lea County, New Mexico prospector has found free oil in the Silurian to indicate a new discovery for that region.

The venture is six miles northeast of Jal, and is a southeast outpost to the two-well Fowler-Ellenburger field.

No. 3 South Matix unit had its Silurian oil in a drillstem test at 7,478-7,530 feet. The tester was open four hours. Gas showed at the surface in eight minutes. Maximum gas volume was at the rate of 50,000 cubic feet per day.

Recovery was 3,000 feet of clean oil and 1,500 feet of heavily oil and gas cut drilling mud. No indications of formation water were reported.

Some of the oil and gas cut drilling fluid recovered had a slight sulphur odor. Open flowing bottom hole pressure was 1,100 pounds. Shut-in bottom hole pressure after 15 minutes was 1,700 pounds.

Operator is preparing to drill deeper. The exploration probably will continue to the Ellenburger.

Location is at the center of the northwest quarter of the northeast quarter of section 22-24s-37e. It is reported to be high to the two near-by Ellenburger producers.

Neither of those wells found any possibilities of production in the Silurian.

## Permian Core Has Signs In Sterling

A core on the Carter-Grigg Oil Company No. 1 Rufus Foster, wildcat in South-Central Sterling County, has yielded slight shows of oil in a Permian zone.

The core was taken at 3,325-43 feet. Recovery was 16 feet of phosphiferous lime, with one foot showing porosity with a small show of oil.

The prospector is now taking a drillstem test at 3,326-43 feet.

The No. 1 Foster is three and one-half miles west of the Marvin pool, and 660 feet from north and 1,980 feet from east lines of section 10, block 13, SPRR survey.

## Lime In SE Lynn Yields Salt Water

Houston Oil Company of Texas and Seaboard Oil Company of Delaware's wildcat in Southeast Lynn County has developed salt water in the top of the Pennsylvanian lime.

The project is the No. 1 Howell, and the drillstem test was taken at 8,997-9,032 feet. Recovery after four hours was 276 feet of mud and 5,642 feet of salt water. A slight blow of air surfaced during the first 20 minutes of the test, then increased to a good blow the remainder of the period.

Drilling Deeper

Operators plan to drill deeper. Top of a Pennsylvanian reef was called at 8,996 feet, on an elevation of 3,033 feet. Core of the section tested had slight porosity.

The No. 1 Howell is 467 feet from north and east lines of section 451, block 1, EL&RR survey, and seven and one-half miles southeast of Tahoka.

## NW Borden Wildcat Gets Water On DST

No shows were developed on a Sprabery drillstem test of Gulf Oil Corporation No. 1 Clayton-Johnson, wildcat in Northwest Borden County.

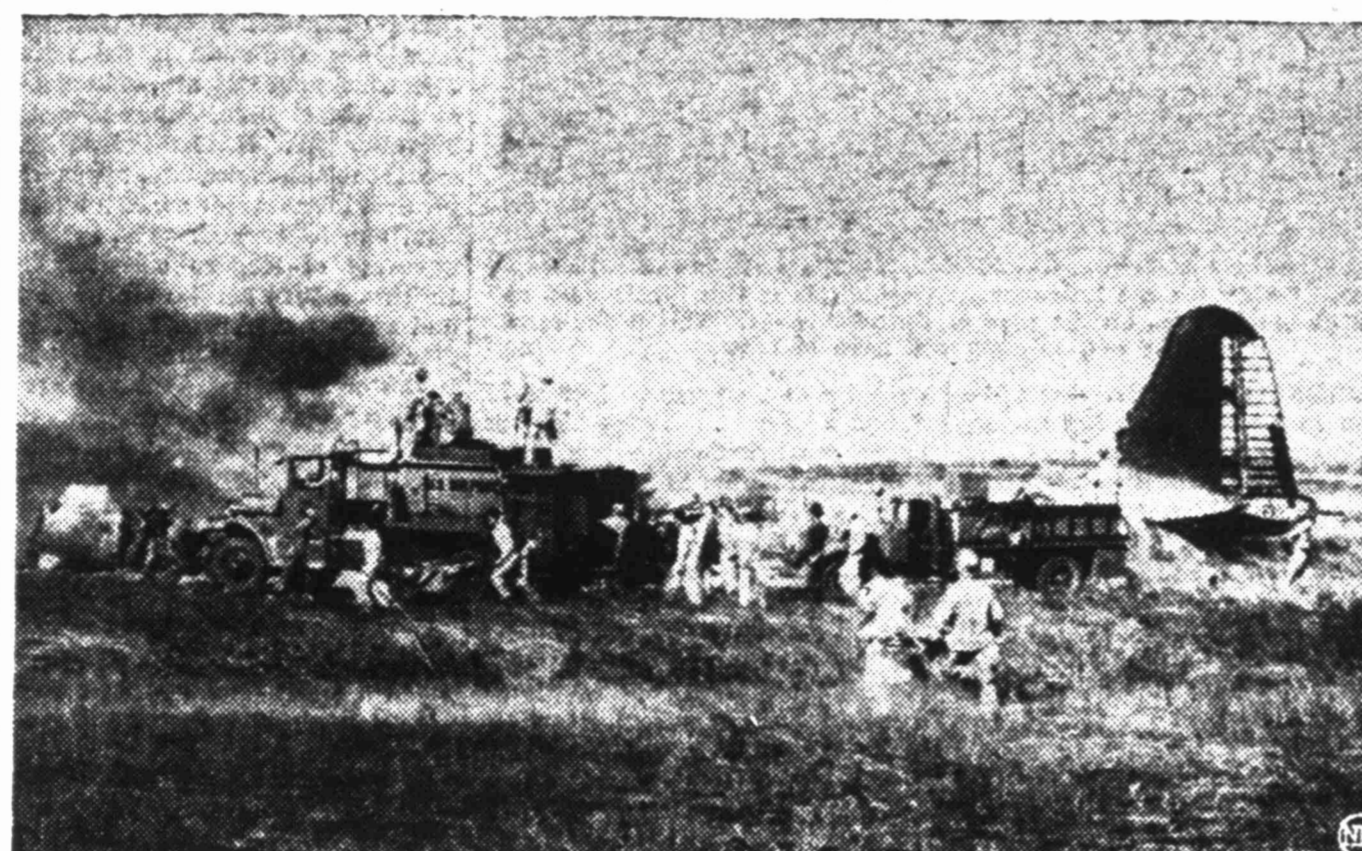

On the test at 6,479-6,526 feet, recovery after 45 minutes was 15 feet of mud. Operator is preparing to core deeper.

The No. 1 Clayton-Johnson is seven and one-half miles northwest of Gall, and 660 feet from north and east lines of southwest quarter of section 40, block 31, T-6-N, T&P survey. It is projected to 9,750 feet.

## C-S Borden Prospect Waiting On Orders

Castleman & O'Neill No. 1 Rogers, wildcat in Central-South Borden County (Continued On Page 14)

# Mighty Air Strike Routs Ko-Reds

**FOUR DIE IN B-29 CRASH** — A B-29 bomber from Barksdale Army Air Force Base on a training flight crashed and burned two miles from Carswell Air Force Base in Fort Worth, killing four of the crew members and injuring eight. Here, fire fighting equipment from Carswell fights the blaze as stretcher bearers rush forward to remove the injured.

## City Council Authorizes Assessments For Paving

Approximately 50 Midland property owners Tuesday night attended a hearing concerning the city's proposed C and D paving projects and heard three realtors testify the property involved would be increased in value in proportion to the cost of individual paving contracts.

C. E. Nelson, Cecil C. Boles and Ted Thompson, three realtors who had examined the proposed paving plan and the property involved, testified that the value of the property sites would be at least as much as the cost of the paving.

Following the testimony and a lengthy question and answer period, the City Council, on a motion by F. N. Shriver, passed a resolution stating that the property would be improved at least to the extent of the paving costs.

For the property owners, several questions were answered regarding the improvement of property. Owners with corner lots who will have paving done on two sides of their property were told the property still will increase in value to the extent of the paving costs.

Street Width

Several property owners, living on College Street, protested the proposed width of paving for their street. They were informed that the paving plans regarding the width of the street had been drawn up in accordance with numerous requests to make the street wider than others.

Plans call for paving portions of College Street 51 feet wide and other parts 61 feet wide.

Mayor William B. Neely, who presided at the meeting, told the owners (Continued On Page 14)

## Mounting Tropical Hurricane Wallows In Sea Off Miami

MIAMI, Fla. — Winds up to 135 or 140 miles an hour were found in the tropical hurricane wallowing some 725 miles due east of Miami Wednesday.

The U. S. Weather Bureau said a Navy "hurricane hunter" plane reported, "The eastern quadrant has winds over 120 knots and it is beginning to drift in a westerly direction."

"This is a severe hurricane," commented Chief Forecaster Grady Norton. "It has picked up considerable intensity in the last six hours."

"The drive is still very slow—not much over six or seven miles an hour, but what movement there is now seems to be toward the west."

Norton said all indications pointed to a continued westerly drift during the day.

## Memorial Hospital Admits 140 Patients First Twenty Days

A total of 140 patients, not including emergency cases, was admitted to the new Midland Memorial Hospital during the period from July 12, opening date, to July 31, a report issued Wednesday by Administrator E. R. Andres disclosed. Dismissals during the same period totaled 107 patients.

Andres' report showed the average daily patient load to be 26.5, with total hospital days figured at 259.

Twenty-seven babies were born in the new hospital during its first 20 days of operation, and 46 cases of surgery were performed.

Andres said the Midland Memorial Hospital now has on duty 14 registered nurses, two graduate nurses and 20 nurses aides.

## New Mexico Firm Submits Low Bid For Extensions

The M and N Construction Company of Hobbs, N. M., Tuesday afternoon submitted a low bid of \$35,789.21 for water and sewer extension work in the Parkies, Gardens and Crestview Additions to the City of Midland.

Five other firms, all located in Texas, submitted bids for the projects.

The M and N bid was almost \$5,000 below the next lowest bidder, the J. W. Copeland Company of Midland. The Copeland bid was \$40,693.43, with a guaranteed completion date of 120 calendar days. The M and N Company set a completion date of 45 calendar days.

Developers of the three new Midland additions will finance the costs of the projects.

Other bids received included: W. L. Johnson Company, Midland, \$41,326.38, completion date 120 calendar days; Roger Smith Company, Waco, \$42,974.97, 120 calendar days; K. C. Richardson Company, Austin, \$58,758.42, 120 calendar days; and the Bill Curthy Company, Odessa, \$62,230, 90 calendar days after delivery of materials.

## Midland-Odessa Road Bids Opened

AUSTIN —(P)— The State Highway Department Wednesday opened bids on the final 31 projects of a two-day, 96-project schedule.

The low offers were expected to total an estimated \$9,000,000.

Among the projects included Wednesday was a new, four-lane highway between Midland and Odessa.

## County's First Bale Of Cotton Ginned

Midland County's first 1950 bale of cotton was brought to the gin Tuesday, three days later than 1949's first bale.

The cotton was raised by J. C. Brooks who operates a farm about five miles east of Midland. The bale weighed 540 pounds.

Officials of the Midland Co-Op Gin Company, who ginned the bale, said the cotton probably would be auctioned later this week.

## Commissioners Vote Pay Increases For Elective Officials

Salary increases for all elective county officials have been voted by the Midland County Commissioners Court, it was learned Wednesday. The increases will be retroactive to August 1.

The pay hikes, voted Monday afternoon by the commissioners, will amount to \$35 a month for each elective official.

In addition to the salary raises for the elective officials, the commissioners also voted \$20 per month increases for Deputy Sheriffs Ed Edwards and F. S. Buckalew.

Salaries Listed

For seven county officials, the raises will increase their annual salaries from \$4,980 to \$5,400. These officials include County Judge Clifford C. Keith, Sheriff Ed Darrell, District Clerk Nettie C. Romer, County Treasurer Minnie Dozier, County Clerk Lucille Johnson, County Attorney Joseph Mims, and County Tax Assessor-Collector J. M. Speed.

Mims is the only county official affected who will not return to office next year. He did not seek reelection to his post.

The new annual pay rate for the officials is in accordance with legislation enacted by the State Legislature two years ago for counties with populations in the Midland bracket, officials said.

Midland County commissioners now will receive an annual salary of \$2,220 each, as a result of the new pay hike. The commissioners also receive \$50 per month each for travel expenses.

## Yes, Roger, There Is A Santa Claus

Roger Dean is through with doctors now.

The two-year-old Stanton child who breathed through a hole in his throat now is a normal youngster, with nothing more than a faint scar to mark the spot where the tube was.

In a recent operation, the kind and skillful Midland doctor who donated his services in the spirit of Santa Claus to correct Roger's condition closed the hole and grafted a piece of skin over it. The stitches were removed later, and Roger was dismissed.

The condition of Roger Dean was brought to the attention of Midlanders when the four Polson children of Stanton wrote a letter to Santa Claus last Christmas—via The Reporter-Telegram. West Texans responded with contributions to pay for an operation, and the doctor volunteered his services—free.

The doctor found he could repair the damage to Roger's throat with a long series of treatments, and in six months he had conquered the ailment. The last operation was the final step.

So Roger Dean now romps with his playmates without the tube in his throat—and faces a normal life.

And Midland has a nomination for the outstanding man of any year—the kind-hearted doctor who repaired Roger and who preferred to give Santa Claus the credit.

## WITH THE U. S. FORCES IN KOREA—(AP)—

The one-time City of Waegwan, focal point of the war in Korea, Thursday was a ruined no-man's land—a gutted point on the map, between two armies.

AUSTIN —(AP)— Attorney General Price Daniel Wednesday answered another round of gasoline price increases with an amended petition in his court suit charging 10 major oil companies with price fixing.

THE HAGUE, THE NETHERLANDS —(AP)— The Dutch Army Information Service announced Wednesday 1,044 Dutch soldiers had answered the government's appeal for volunteers to fight in Korea in the last three days.

WASHINGTON —(AP)— Senate members of the Joint Atomic Committee Wednesday unanimously recommended Senate approval of the nomination of Thomas Keith Glennan as a member of the Atomic Energy Commission.

## House Votes To Restore Slashes In Mail Delivery

WASHINGTON —(P)— The House Wednesday voted to restore city mail service to two deliveries a day.

It passed and sent to the Senate a bill ordering the Post Office Department to cancel an April 17 order curtailing city home deliveries to one daily and curtailing other services.

A Senate committee has approved a companion bill. There was no assurance, though, President Truman would not veto this bill, which would wipe out an order of one of his cabinet officers.

The bill came up for a vote after 218 members signed a petition taking it from the Rules Committee, which had refused to approve it.

Before passing the bill, the House knocked out a provision which in effect would have committed Congress to appropriate extra money, if necessary, to pay for the restored services. This provision, approved tentatively Tuesday, was removed by a roll call vote of 213 to 159.

A move to send the bill back to committee lost by a roll call vote of 261 to 111.

## Draft Boss Says Calls To Increase

WASHINGTON —(P)— In all probability the draft is going to take far more men this fiscal year than the 185,000 so far authorized.

That's the estimate of Maj. Gen. Lewis B. Hershey, Selective Service director.

He told a reporter the 185,000 total was based on an estimate of needs made in July but now outdated by the world situation.

General Hershey said the international situation is so unsettled nobody can give an accurate estimate of just how many men may have to be called in the next few months. But he remarked that Congress now has removed limits on the size of the armed services.

The draft director said calls have gone out for 100,000 men—50,000 in September and 50,000 in October.

More In November

Testimony given August 1 and released Tuesday by the House Appropriations Committee disclosed Hershey had been authorized to draft 185,000 men in the year ending next June 30.

After the September and October calls for 100,000 men were filled this would have left only 85,000 to be drafted in the next eight months.

"I don't believe we'll try to get by with anywhere near as low as 85,000 additional men," General Hershey said Tuesday.

Hershey told the committee he planned to call another 50,000 men in November and he says now this may be increased. He said he expects the call will go out in a couple of weeks.

Hershey said the Army's first request was for 20,000 men. On July 27, about a month after the Korean war started, it asked for 100,000.

More recently, defense officials have talked of bringing in around 800,000 men through the draft, reserves and National Guard.

## Lightning Strikes Storage Tank At Magnolia Tank Farm

Lightning struck a 55,000-gallon storage tank at the Magnolia Tank Farm, east of Midland, shortly after noon Wednesday, sending flames shooting as high as 150 feet above the tank and smoke billowing much higher.

No one was reported injured.

Crude oil is stored in the tanks of the farm.

The huge tank mushroomed from the lightning stroke.

The Midland Fire Department rushed to the tank but was helpless against the intense blaze.

The tank was being pumped when it was struck. Officials said pumping would continue until the oil got too hot.

The blaze may burn as long as two or three days, company men said. They will let the tank burn out.

## Local Boards Told To 'Crack Down' On Draft Delinquents

AUSTIN —(P)— State Selective Service Wednesday ordered local boards to crack down on delinquent registrants.

Early reports from examining stations indicate that one Texan of every five ordered to appear for physical examinations is failing to report.

Gen. Paul Wakefield, state Selective Service director, urged local boards to send these men orders to report for induction as "delinquent registrants."

"If any registrant disobeys one of these orders he will do so on his own responsibility," General Wakefield said. "Such delinquent men who do not report in response to orders to report for induction as delinquents will be turned over to the federal district attorney for prosecution."

Penalty for disobeying the Selective Service law is punishable by a fine of \$10,000, five years imprisonment, or both.

Otherwise results of physical examinations have been good, General Wakefield said. Of the first 486 men examined, nearly 52 per cent passed. Failures to report are having a "detrimental effect" on the number of men who could be found acceptable, General Wakefield said.

## B-29's Turn Target Into Big Smudge Pot

here where ack ack ordinarily is reported heavy.

The enemy appears stunned and paralyzed by the shock of the massive air attack. The bombers, glinting like sleek swans as they swim with lazy grace through a blue sky flecked with light clouds, have dropped to 7,000 feet now to unload their bombs—ten tons for each plane. And still there is no enemy challenger of any kind.

Somewhere hidden in that inferno of smoke, flame and concussion below are some 40,000 North Koreans massed for a knockout blow (Continued On Page 14)

By HAL BOYLE

IN A FIFTH AIR FORCE PLANE OVER WAEGWAN, KOREA —(P)— A force of 98 B-29 bombers striking the mightiest air blow of the Korean war is turning a 21-square mile target north of here into a gigantic smudge pot.

That's how it looks from a grandstand seat in this transport plane—or as if the earth had parted in a sudden volcanic burst.

It now is 12:30 p.m. and the great Superforts have been coming over in waves of eight for an hour and a half. Not one single flak shell has been thrown up against them.

## Enemy Flees Heavy Blows From B-29's

TOKYO —(P)— Red Korean troops were reported retreating in panic across the Nakdong River Wednesday under bombing of 98 American B-29's.

The bomber smash probably was just short of atomic explosive power in concentrated effect.

It was aimed at breaking the back of a 60,000-man North Korean offensive buildup along the river.

The air blow came as large-scale reinforcements arrived from the United States for negro infantrymen at the front to bolster the Allied defense of the peninsula.

First report from observer pilots indicated the B-29's may have turned the tide with decisive effect for the present.

They saturated a 26-square mile area with 3,500 quarter-ton bombs. The area is slightly larger than New York's Manhattan Island. In it was believed to have been the greatest Red force ever yet put together.

The B-29 strike was made on an emergency tactical basis.

American soldiers in their foxholes cheered the bombers as they attacked.

There was evidence that the Reds, in expectation of followup ground attacks, were trying to blow up the Russian-style underwater tank bridges they had thrown across the Nakdong.

South Koreans In Pursuit

First Air Force pilot observers saw the Reds splashing across the river from the Allied east side to the Communist west bank after the bomber raid.

Field reports said that South Korean First Division followed the Reds in hot pursuit.

American Army patrol scouts also crossed the Nakdong to the Red side and met little enemy opposition.

U. S. air observers over the battlefield brought back the first reports that the Reds were fleeing in terror after the bombings.

"They fled in all directions," one observer said.

Indications were that the Reds backing across the Nakdong for safety were driven out by a combination of air bombings and South Korean ground attacks.

Pilot observers said the Reds in some areas had thrown away rifles (Continued On Page 14)

AMBASSADOR — Mayor William O'Dwyer of New York had a twenty-minute conference with President Truman at the White House, after which it was announced he will become the new ambassador to Mexico. The President will nominate O'Dwyer formally about September 1, after he has resigned as mayor.

## Registration At MHS Underway

By 5 p.m. Tuesday, 80 Midland High School seniors had completed registration for the 1950-51 school year, according to school authorities.

Registration of seniors is to continue through Wednesday and Thursday, with a total of more than 150 seniors expected.

The four-day period for senior registration is required in order that individual records may be checked carefully, to insure that college requirements have been met.

Registration of underclassmen will be held next week. Juniors will register next Monday, sophomores on Tuesday and from 8 a.m. to 12 noon Wednesday, and freshmen from 1 p.m. to 5 p.m. Wednesday and all day Thursday.

## Corn On Toe, Not In Jug, Says Negro

GRAND PRAIRIE —(P)— "It was corn, all right, judge, but not the kind that comes in bottles," a negro told Corporation Court Judge Arthur Waddell.

Answering a drunk charge, the man explained that "a corn on the little toe" caused him to limp and weave as he got out of an auto.

"Not guilty," ruled the court.

## New Public Works Director Assumes Duties In Midland

J. M. Orman, former city engineer for Bryan, Wednesday assumed his duties as director of public works for the City of Midland. He arrived in Midland Tuesday with his family.

The new director will be responsible for engineering, inspections, street maintenance and cleaning, sanitation, municipal buildings and municipal shops, according to City Manager W. H. Oswald.

Orman is a former employe of the State Highway Department, the Sun and Gardiner oil companies and has served as assistant city planning engineer and later as public works engineer for the City of Dallas.

**WEATHER**

Partly cloudy with a few scattered showers Wednesday night and Thursday. Not much change in temperatures. Maximum temperature Tuesday 94 degrees. Minimum Wednesday 68 degrees.

U. S. Officials In France Ask Promise Of Additional Troops

PARIS —(AP)— American officials in France are pressing Washington for a solid promise of aid to Europe in the form of U. S. troops to build up badly sagging West European spirits.

Their proposals are double-barreled— 1.—The United States should deliver at once, or promise to deliver quickly, at least five more divisions on European soil.

2.—A commander, preferably American, should be appointed to unify present undirected efforts at rearmament.

The same officials believe Britain also should agree, now, to send five more of its own divisions to Germany or Northern France.

The crisis in Korea has brought the American position in France to a low point. The first blush of gratification at American intervention in Korea has been succeeded by a wave of dismay at U. S. reverses.

Time To Re-arm The French long have respected the strength of American arms—especially the atom bomb—to give them time to get well from the last war, and re-arm.

Americans newly-arrived on this side of the Atlantic report that the defeats in Korea have hardened American determination to rearm and, if necessary, to be ready for a showdown with Russia.

There has been no such reaction in France. Top French government officials are facing the problem to a degree that generally is pleasing to American observers.

Weight Alternatives The lack of a "will to fight," such as resulted in the French collapse of 1940, is in evidence again. Many Frenchmen solemnly weigh these alternatives:

Would another war be worse than simply to sit down and wait to be occupied by the Russians? Or would it be better to try to take a neutral course in the hope Russia would not march into France?

It staggers Americans to hear Frenchmen they have known for a long time seriously weigh such considerations. It is even more staggering to hear so many Frenchmen give answers which, to Americans, sound like capitulation.

India Puts Limit On Use Of Grain

NEW DELHI, INDIA —(AP)— No rice may be served in European hotels in India under a new code of food austerity drawn up by the Ministry of Food.

Hotels also must see that guests do not eat more than six ounces of rationed cereals a day. Party-givers will have to limit the number of guests to 24 if rationed food-grains are served and clubs may not have more than 20 guests at a subscription dinner.

The government hopes to achieve self-sufficiency in food next year. DURABLE MOWER MIDDLE MUSQUODOBOIT, NOVA SCOTIA —(AP)— Fifteen-year-old Cecil Pisk mowed the hay on his father's farm this season with a mowing machine that is 50 years old, bought by his great-grandfather for \$50.

Korea Conflict Speeds Plans For Railroad Into Rich New Labrador Iron Ore Section

BASE CAMP for the Labrador iron ore fields is this lonely spot at Burnt Creek, Que., on the edge of the new range. This is the land the new railroad will have to cross.

TORONTO, CANADA —(NEA)— A war in far-off Korea has hastened construction of a railroad into the Labrador wilderness. That's because the new rail line will lead into rich new iron ore country, badly needed for the production of war material.

Plans had called for starting construction on the railway next Spring. But now it will be begun this year. Supplies for the big project are being rushed to Seven Islands, southern terminus of the line.

Seven Islands is on the St. Lawrence river, frozen over during the winter. So the supplies are going by ship now, while they can. Later, equipment will be flown to Seven Islands.

Despite the speed-up of construction, the vital railway won't be finished until about mid-1952. When completed, it will extend for 360 miles northward from Seven Islands into the heart of the new iron range.

Six U. S. companies are helping to finance the development of the iron ore deposits. A tote road has already been built 60 miles north of Seven Islands. Another 40 miles or railway will cross difficult bush country. The remaining 280 miles will be easier, over the flat, rocky terrain to Knob Island, site of the main ore deposits.

Plans call for 10 contractors to build the railway in sections and to complete the job in two years. Then it is expected that at least 10,000,000 tons of ore will be mined during the six-month season. Ore will be shipped from there to Seven Islands, and from there by lake steamer to Cleveland or the Boston area steel mills.

Two Naval Cadets Die In Air Crash

CORPUS CHRISTI —(AP)— Names of two Naval cadets killed here Tuesday when the Skyraider attack planes they were flying collided in midair were released Wednesday by the Navy.

Abundant Living

By E. STANLEY JONES

THE KINGDOM OF GOD IS THE CAUSE: We have studied the statement, "The Kingdom of God is within you," and tried to recover the thought underlying it for the main stream of Christendom. We must pursue this thought until it becomes not an argument, but an axiom—something which we no longer hold, but something that holds us.

We saw that the psychologists, by the very pressure of facts, are defining personality in Christian terms—the Christian is the norm. The educationalists are coming out at the same place. Someone asked Professor W. H. Kilpatrick, the great educationalist, what was the greatest discovery of modern education, and he replied: "The greatest discovery of modern education is: He that saveth his life shall lose it, and he that loseth his life for some great Cause shall find it again."

No, Professor Kilpatrick, that was not a discovery of modern education—it was a rediscovery, for Jesus used that phrase five times, except that for the "Cause" He substituted "the Kingdom"—"the Kingdom" is the Cause. Modern education, in its experiments with human nature and the way it works, comes to the conclusion that if a man centers himself on himself his self will go to pieces; only as he loses it in some great Cause beyond himself does he find his self coming back to him integrated and heightened.

ten into the constitution of things, and that they are self-authenticating — one doesn't have to argue them; he simply states them and they argue themselves. One doesn't argue an axiom in geometry; "Things equal to the same thing are equal to each other." One states it and it argues itself.

O God, we have been feverishly trying to support Thy universe with our puny arguments. We are like those who organize a society for the protection of the sun, when someone slings mud at the sun. Forgive us and help us to trust implicitly in Thy self-authenticating truth. In Jesus' name. Amen.

## South Elementary P-TA Makes Plans In Board Meeting

Program subjects for the year were approved and standing committee chairmen named at a meeting of the Executive Board of the South Elementary Parent-Teacher Association Tuesday. The group met in the office of C. D. Johnson, South Elementary principal.

The first meeting is scheduled at 3:45 p.m. September 12.

Mrs. R. E. Hubbard, program chairman, presented a copy of the yearbook, which was approved.

Subjects will be as follows:

- September—"Get Together and Get Acquainted" with Johnson as speaker.
- October—"What Is More Often Followed Than the Model of Parents."
- November—"Are Habits the Stuff of Which Behavior Consists."
- December—"Building A Sense of Honor and Honesty in Children."
- January—"How Valuable Are Report Cards."
- February—"Moulding the Child into the Best Type of Citizen."
- March—"Cultivating In Children a Taste for the Good."
- April—"How Leisure Hours Are Spent."
- May—"Let's Review."

Standing committee chairmen are Mrs. Gene Roderick, membership; Mrs. O. V. Kelly, social; Mrs. Hubbard, program; Mrs. C. E. Williams, publication; Mrs. J. T. Cox, ways and means; Mrs. Leeman Jones, scrapbook; Mrs. Vinton Newberry, publicity; Mrs. C. L. Stephenson, health.

Mrs. C. R. Scrivner, room representatives; Laura Clemons, auditing; and Mrs. Roy Tillman, preschool and elementary study groups.

Attending the meeting were Mrs. Clyde Gwyn, president; Mrs. Kelly; Mrs. L. D. Johnson; Mrs. Jones; Mrs. Newberry; Mrs. Hubbard; Mrs. W. M. Garney; Mrs. Williams and Johnson.

## ACIDITY

Fear, anger, excitement, careless eating—these cause acidity. Drink delicious, pure Ozarka Water, free from chlorine, alum, copper sulphate. Physicians recommend it. Shipped everywhere.

Phone 111

Leslie S. Ladd, Jr., of 34 Cleveland Avenue, Nashville, Tenn., sure knows his HADACOL. He, his mother and his grandfather get precious Vitamin B1, B2, Niacin and Iron from this family product.

"Mamma, we haven't taken our HADACOL," says Leslie when his mother forgets sometimes. Mrs. Ladd explains, however, that hers will always be a HADACOL family because it has helped relieve deficiencies of Vitamin B1, B2, Niacin and Iron for herself, little Leslie and her father.

### TAKES 10 BOTTLES

Read Mrs. Ladd's own statement of their experiences once they learned that they were suffering from such deficiencies and began taking HADACOL: "I have taken 10 bottles of HADACOL. I have been run down since my oldest son was born. I am 23 years old. I have had very little appetite and I had weak spells every morning. I would almost faint but after taking HADACOL they are gone and I stay hungry all the time."

"My four-year-old son had little appetite and his cheeks were pale. He now takes HADACOL and his cheeks are rosy and he has a wonderful appetite. I also had gastric disturbances, but they are gone now. My father took HADACOL for the agonizing aches and pains of neuritis. He is much better now."

### WONDERFUL HADACOL FEELING

HADACOL is that wonderful new preparation—promising blessed relief for your indigestion, stomach disturbances (gas, heartburn, sour "risings" after meals), for normal growth in children, as well as that general run-down condition, and aches and pains of neuritis, if your system lacks Vitamins B1, B2, Iron and Niacin.

HADACOL is being recommended by many doctors. HADACOL is so amazingly successful because if your system lacks Vitamins B1, B2, Iron, and Niacin it acts directly to relieve this deficiency—the real cause of your trouble. That's the kind of product you want—the kind you should buy—the kind you should start taking immediately.

Only One Genuine HADACOL. Don't go through life suffering such fiendish torture from your stomach or aches and pains of neuritis when relief is as close at hand as the nearest drugstore for sufferers from these deficiencies. Buy HADACOL today. Trial size bottle only \$1.25. Large family or hospital size, \$3.50. Refuse substitutes. There's only one true and genuine HADACOL—Adv. Copyright 1950, The LeBlanc Corp.

## Coming Events

### THURSDAY

Little Digger's Junior Garden Club will meet at 4 p.m. with Mrs. Frank Stubbeman, 1502 West Texas Street.

Veterans of Foreign Wars Auxiliary will meet at 8 p.m. at the VFW Hall.

Palette Club Studio will be open all day for members who wish to paint. A potluck luncheon will be served at noon.

The Morning Circle of St. Mark's Methodist Church will meet at 9:15 a.m. with Mrs. A. E. Patterson, 401 West Parker.

Boy Scouts will meet at the First Methodist Church at 7:30.

## Donations Asked For Needy Koreans By Altrusa Club

A number of articles of clothing and one cash donation have been received by Midland Altrusans in their drive for clothes and drugs to send to Korea. The first box will be shipped from Midland Monday.

Articles are being collected to help Korean civilian refugees stranded in Pusan without homes, food or clothing.

The drive is being carried on throughout District 7, Altrusa International, of which the Midland club is a part. Word of the need was received from the Korean mission in Tokyo, where In-Ai Yang, Korean nurse who studied in the United States on an Altrusa scholarship, is waiting for word from her people or a chance to go to Korea.

The boxes will be packed Saturday afternoon. Donations, which are being accepted at the Midland Chamber of Commerce, must be in by noon Saturday. There is a separate need for winter clothing for children.

Any one who cannot take his donation to the Chamber of Commerce office may call Mrs. Percy Mims, telephone No. 24, or Mrs. H. N. Phillips, telephone No. 878, and they will pick it up.

### LONDON FIGHTS POLIO

LONDON—(AP)—British doctors used insecticide fogs Wednesday in their fight against an infantile paralysis outbreak which so far has hit almost 1,400 people in the United Kingdom.

### STARS AND STRIPES SETS UP IN KOREA

SOUTHWEST KOREAN FRONT—(AP)—Stars and Stripes, American GI newspaper of two world wars, is opening shop here in Korea.

One officer and six enlisted men arrived Wednesday to set up the S-and-S Korean edition.

### HEARTY SANDWICHES FOR LUNCHEON

Hearty sandwiches for luncheon may be made by spreading bread slices with butter or margarine and then covering them with slices of corned beef and cole slaw.

## Future Bride Is Honored

Lucile James, who Sunday will be married to Arthur Carlson of Duluth, Minn., was honored at a luncheon Wednesday in the Ranch House. She is the daughter of Mr. and Mrs. Paul J. James.

Mrs. Norman Maberry and her daughter, Marlene, were hostesses at the luncheon. A white cake in the shape of a bride centered the tables. Streamers in rainbow hues, the bride-elect's chosen colors, extended from the cake. Individual corsages for the guests also were in rainbow shades.

The honoree wore a white corsage, a gift of the hostesses, who also presented her with a wedding gift.

Guests were the honoree's mother, Mrs. Bill James, who will be her maid of honor; Barbara Simms of New York City, who will be a bridesmaid; and Mrs. Robert Hoekendorf.

## We're Celebrating Our

with

## Plans For Expansion And A Pledge Of Continued Quality And Service

Thanks to you, our friends and customers, business has outgrown the physical limits of our plant . . . and we are proud to announce on our fourth anniversary that enlargement is underway. More machinery which will enable us to take care of increased volume by rendering faster service will soon be installed. However, this is just one of the many features which are necessary to maintain the type of laundry care you deserve and expect . . . here are some of the other reasons why you know you are getting the best at Suprex.

Constant and continued study and application of the latest and most scientific laundry methods. Close contact with the American Institute of Laundering on problems created by the introduction of new materials and styling.

An intense desire on the part of management and personnel to see that the customer gets the maximum value for every dollar spent. A sincere effort to please and a pleasure in serving.

Elimination of any chance of the transference of bacteria by use of proper washing compounds at correct temperatures. An assurance offered only by professional laundries that all clothes are returned absolutely sanitary.

Maintenance of about the same prices as 1929 despite the fact that production costs have gone up from 100% to 300%. Laundry prices have probably gone up less than any other customer service—yet, there is much more value in today's modern methods.

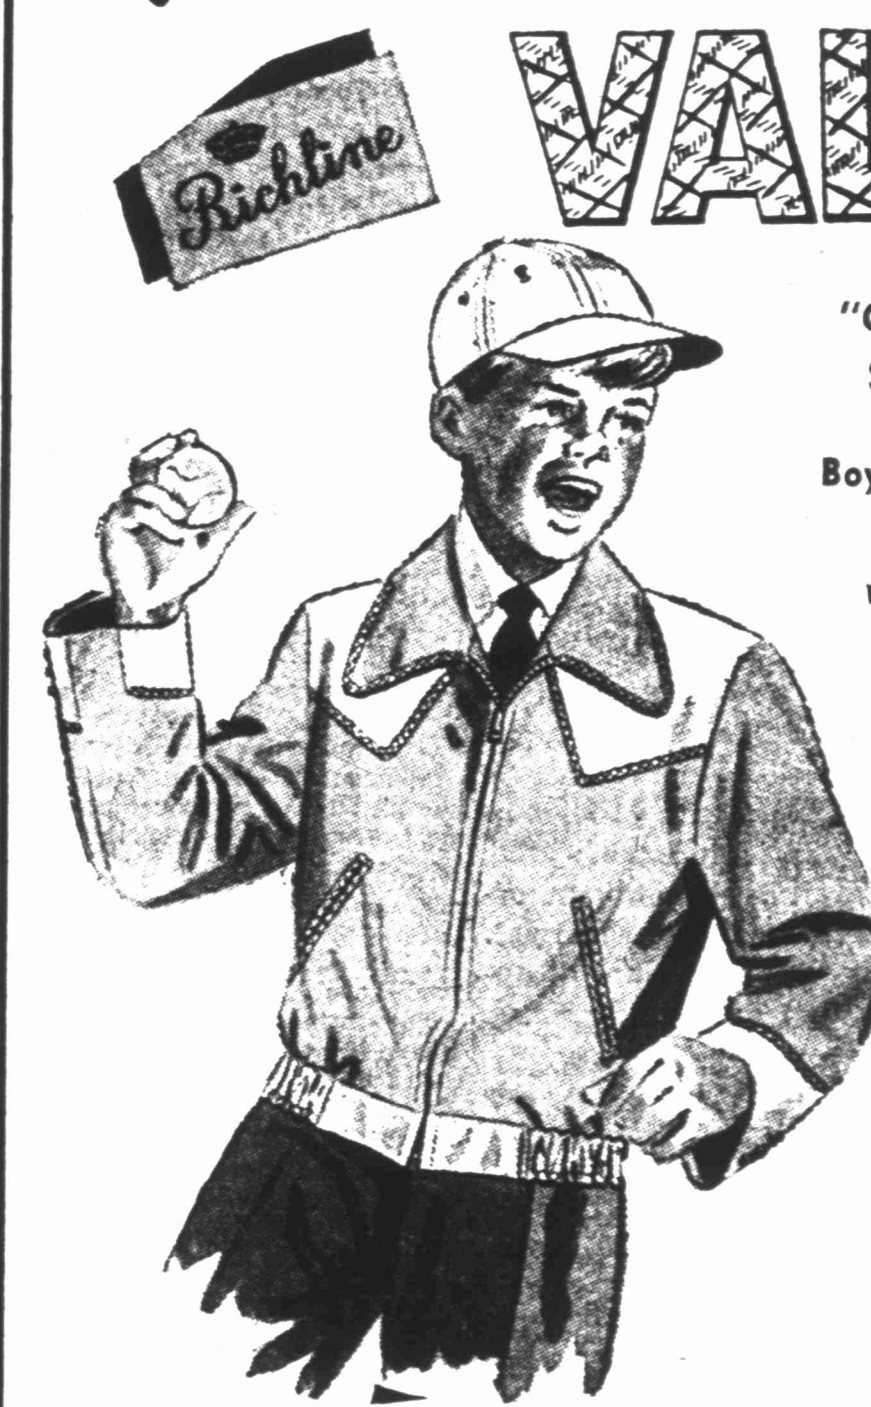

You are always welcome to visit our plant during working hours. It will be a pleasure to show you how your laundry is handled by skilled personnel and scientific machinery. We believe you'll find it interesting and educational. Why not stop in soon?

## Brides-Elect Are Luncheon Honorees

Complimenting Loyce and Maydelle Midkiff, sisters whose engagements have been announced, Mrs. Clark R. Steinberger and Mrs. David Donaldson of Odessa entertained with a luncheon Tuesday in the Midland Country Club.

Loyce will be married to Gerald Elliott Cole, Jr., of Dallas Saturday in the First Methodist Church. Maydelle and George R. Jackson of San Angelo will marry in January. The honorees are the daughters of Mr. and Mrs. Dick Midkiff. Cole is the son of Mrs. Corinne Cole of Dallas and Jackson is the son of Mr. and Mrs. Roy M. Jackson of San Angelo.

The table was centered with a

pink cake decorated with lace and flowers and topped with bride and groom figurines. Candleholders with pink tapers appointed each end of the table which was covered with a pink cloth.

The honorees and their mother were presented corsages by the hostesses. The future brides also received gifts from the hostesses.

The guest list included Nadine Clement, Edith Collings, Jane Hardison, Elizabeth Ann Cowden, Mrs. Bates Witt, Mrs. J. L. Sawyer, Pat Flannigan, Virginia Stewart, Frank Repman, Alice Midkiff, Emma Sue Cowden and Alma Faye Cowden.

## Lovelaces Given Shower In Crane

CRANE—Mr. and Mrs. Jake Lovelace, who lost their personal possessions when their house burned, were honored with a miscellaneous shower recently in the Community Hall.

The hall was decorated in an array of fresh cut flowers. Hostesses were Mrs. M. E. Lear, Mrs. W. D. Gooch, Mrs. Jack Mathis, Mrs. H. W. Fraley, Mrs. Retha Mathis, Mrs. R. D. Shaffer, Mrs. J. V. Neeley, Mrs. J. H. Green and Mrs. Tom Hogan.

## Blanton, Hollenbeck Honored At Barbecue

CRANE—A. J. Blanton and Leonard Hollenbeck, who are leaving Crane, were honorees at a chicken barbecue supper Saturday night given by the Crane Volunteer Fire Department and the Ladies Auxiliary.

Blanton and his family are moving to Waejler where he will manage a theater. Hollenbeck is joining the U. S. Army.

The supper was held in the Community Park and the group was entertained with piano selections by Bob McMurray and a violin number by A. T. Carroll. A pair of leather gloves was presented to each of the honorees.

Those attending were Mr. and Mrs. Blanton, Leonard Hollenbeck, Julia Cunningham, Mr. and Mrs. Pete Maddox, Mr. and Mrs. Bob McMurray, Mr. and Mrs. A. T. Carroll, Mr. and Mrs. J. F. Kendrick, Mr. and Mrs. Doug Smart, Mr. and Mrs. Bud Porter, Mrs. Patton, Mr. and Mrs. O. B. Wagner, Mr. and Mrs. C. C. Swift, Mr. and Mrs. Jack McLaughlin, Mr. and Mrs. Frank Reddick, Mr. and Mrs. Loyd Wimberly and Fred Shur.

## Ladies Auxiliary Meets In Crane

CRANE—The Ladies Auxiliary of the Fire Department met recently and elected Mrs. L. E. Noland as vice president to replace Mrs. A. J. Blanton, who moved recently to Waejler, Texas. Mrs. A. T. Carroll was elected reporter to serve during the absence of Mrs. Keith Lofton, who is ill.

The constitution and by-laws were read and will be adopted at the next meeting following the second reading. Mrs. Pete Maddox was introduced as a new member and a gift of a bedspread was presented by the club to Mrs. Blanton.

Those attending were Mrs. F. A. Reddick, Mrs. Blanton, Mrs. J. F. Kendrick, Mrs. Loyd Wimberly, Mrs. Noland, Mrs. O. B. Wagner, Mrs. Bob McMurray, Mrs. Doug Smart, Mrs. Carroll and Mrs. Maddox.

## Mrs. Carl Atchison Honored At Shower

CRANE—Complimenting Mrs. Carl Atchison, the former Kathleen Harrington, a shower was given in the Community Hall Saturday.

The lace covered serving table was centered with an arrangement of pink rosebuds. The crystal punch service was surrounded by purple asters. Mrs. Ben J. Renshaw of Midland presided at the registry.

The hostesses were Mrs. K. P. Looney, Oscar Kinsey, Mrs. Addie Bell and Mrs. C. C. Swift. Guests were: Mr. and Mrs. John Atchison, Stanton; Mr. and Mrs. Bill Rossman, Pecos; Mr. and Mrs. Walter Kelly, Stanton; Mr. and Mrs. Raymond Bennett, Stanton; Mr. and Mrs. C. G. Shinchomb, Eastland; Mr. and Mrs. John Atchison, Sr., Stanton; Mr. and Mrs. Jesse Woodner, Odessa; Mr. and Mrs. Ben J. Renshaw, Midland.

Those from Crane included Mrs. Vida Green, Mrs. Norman Halbert, Mrs. Roy Pilgrim, Mrs. A. B. Earp, Mrs. W. R. Hamblett and Venona, Don Chaney, Neal Cook, Mrs. Marie Dameron, Mrs. D. E. Ragland, Mr. and Mrs. J. P. Hickey, Mrs. Gay Miller, and Donna, Mrs. Bill Gooch and Billie Marie, Mrs. George McCorkle, Mrs. Roy Mason, Mrs. F. D. Husted, Mrs. Cliff Newland, Mrs. C. E. Moore, Mrs. Ella Hoenes.

# DADDY RINGTAIL

By WESLEY DAVIS

## Daddy Ringtail And Talk It Over

A chicken likes to have a "nest egg" left in the nest where she is going to lay her eggs. But Old MacDonald hadn't left a "nest egg" in the nest. Instead he left a piece of wood that was made to look like an egg to fool the chickens. "To fool a chicken," Old MacDonald had said, "all you have to do is be a little smarter than the chicken." But Old MacDonald was not a little smarter than Heckety Peckety.

his smartest hen. She was a little smarter than he was. She had known that the egg made of wood was not a real nest egg at all. She

what am I going to do?" Daddy Ringtail said not to worry. He said that he would have a talk with Heckety Peckety, and talk things over. Why, people can often get rid of trouble if they only will stop to talk about it. Daddy Ringtail went out of the barn to talk with Heckety Peckety. He was gone a long time, but at last he came back with a happy smile.

He talked with Old MacDonald about the talk he had talked with Heckety Peckety. Why, Heckety Peckety had had her feelings hurt when she saw that Old MacDonald was trying to fool her with a wooden egg. Her feelings were hurt that Old MacDonald would think that she wouldn't know the difference between an egg that was real and an egg that was only made of wood. Yes, and at first she had said that she would never lay her

had told the other chickens. None of them had laid their eggs in the nest. They said they would never do it. "What am I going to do?" asked Old MacDonald. "Daddy Ringtail,

"Imagine meeting you in the library in summer! There won't be any boys here till after school starts!"

eggs in the nest any more. But Daddy Ringtail had asked her please, and why not play a trick on Old MacDonald? Why not pretend that she was fooled by the wooden egg? Oh, that would fool that Old MacDonald, all right, and so Heckety decided to do it.

## Blood Cell Jelly Called Wound Cure

NEW DELHI (AP)—Two Indian scientists are experimenting the possibilities of healing wounds, especially chronic ulcers, by application of blood and blood cell jelly. They are Dr. V. B. Lal, technical director, and Dr. P. B. L. Verma, chemical technologist, of the New Delhi Blood Bank and Transfusion Service. They claim to have successfully treated 50 ulcer cases by this method since the beginning of this year.

### Wisconsin Hamlet Returns To Normal As Throngs Trek Homeward From Farm Shrine

NECEDAH, WIS. —(AP)— Thousands of spectators from many states, who Tuesday heard a Wisconsin farm wife relay a message she said she received from the Virgin Mary, trekked homeward Wednesday with mixed reactions.

Standing before an improvised shrine in her farmyard, Mrs. Mary Anna Van Hoof told a hushed throng the blessed virgin had exhorted them all to "pray, pray, pray." Mrs. Van Hoof claims she has seen the mother of Christ six times before in visionary appearances here.

The spectators — estimated to number almost 100,000 — had to decide for themselves whether to discount or believe the claims that had

drawn them there, for they saw nothing unusual. But unusual in itself was the huge assemblage around the shrine erected where Mrs. Van Hoof says the blessed mother has visited her since last November.

Are you doing the RIGHT thing by yourself?

Do you have such symptoms as a sore neck, nagging back pains, headaches, constipation, etc.

Experimental "doping" for relief from illness and pain only forestalls the time until you will have to have the CAUSE corrected.

Consult Dr. MERWIN C. FITCH, CHIROPRACTOR, who is technically skilled in locating and correcting the CAUSE of sickness within the body.

### Hiked Crude Demand Seen For September

AUSTIN —(AP)— Two calls for increased demand for Texas crude oil Wednesday foreshadowed a statewide oil proration hearing here Thursday to consider September's allowance.

The Railroad Commission reported the U. S. Bureau of Mines forecast of demand for Texas September crude at 2,280,000 barrels daily, up 20,000 barrels above the August forecast.

Nominations of major purchasers of Texas crude, meanwhile, showed a 99,581-barrel jump over August nominations. The purchasers asked a September flow of 2,618,436 barrels daily.

Only two commission districts showed decreases in nominations—the big East Texas pool, down 1,562 barrels, and East Central Texas District 5, down 344 barrels.

Biggest increase, 45,443 barrels, was asked for West Texas District 8. A 19,323-barrel boost was asked in Gulf Coast District 3.

Bottomhole pressure in the big East Texas field as of August 1 was reported at 1,028.43 pounds per square inch, down 2.05 pounds per square inch from July 1.

### Man Shoots Woman To Death In Bar, Commits Suicide

HAZELTON, PA. —(AP)— A 60-year-old man shot a woman to death in a Hazleton taproom early Wednesday and then killed himself, Police Chief Carl Meiss reported.

Meiss said the man, Andrew Harvilla, a retired coal miner from nearby Treckow, entered Beltz's cafe shortly after the woman, Mrs. Helen Bronsavage, 33, and asked her to have a drink with him.

She refused, Meiss said, and asked Harvilla to call a taxi. Then she went to a table. Meiss said the man walked to her table, drew a .38-caliber revolver from his pocket and fired a bullet into her head.

The police officer said he walked eight feet away and fired a bullet into his own head.

Mrs. Bronsavage was acquitted of murder charges last October. She was accused of firing the shotgun charge that killed Louis Broton, 34, at a cabin near Freeland last May 1.

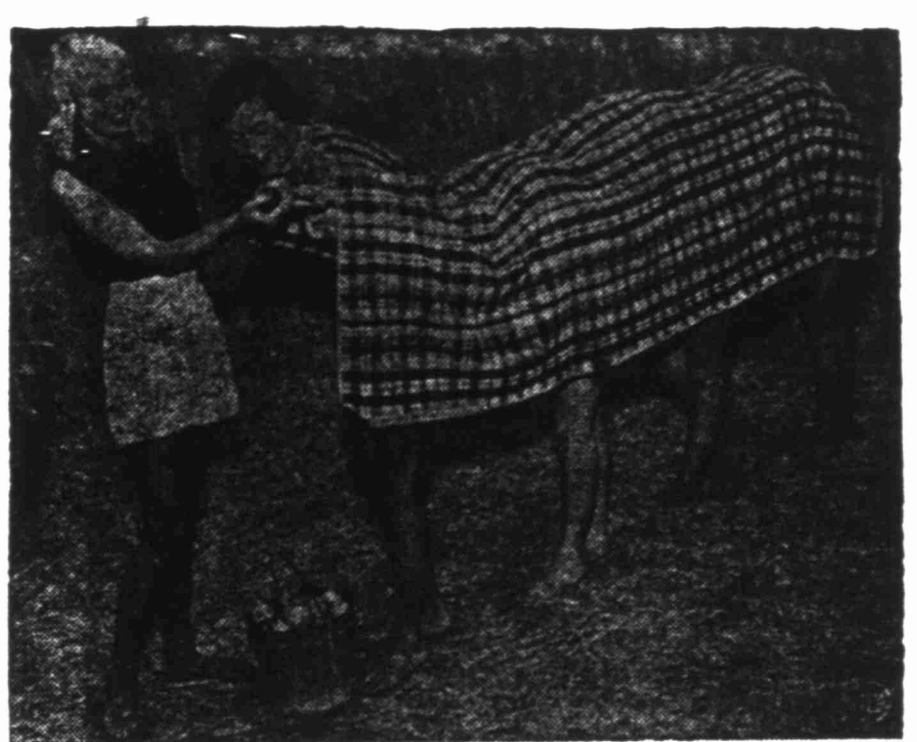

Meiss said Harvilla and Mrs. Bronsavage had been seen together for the last several months. Harvilla's wife died two years ago.

### CSC Wants Architect, Also Projectionist

Examinations have been announced by the U. S. Civil Service Commission for architect, \$3,825 to \$5,400 a year, and motion picture projectionist, \$2,650 to \$3,825 a year.

The positions to be filled are located in various Federal agencies in Washington, D. C., and vicinity.

Full information and application blanks may be obtained from Wayne Campbell at the Midland Post Office.

WHOA, NELLIES!—Maybe it has got eight legs, but a prettier filly hasn't been seen in ages. Part of a scheme to publicize the Socoma County Fair in California, the only identifiable young ladies are Nancy Cuneo, left, and Phyllis Fowles.

### United States Munitions Board Remiss In Stockpiling Of Wool For War Effort

By JACK ANDERSON and FRED BLUMENTHAL WASHINGTON—The reason Hitler lost the Battle of Stalingrad was because Nazi troops lacked protective woolen clothing to continue the sub-zero siege. Many froze to death before the German retreat.

However, this historic lesson has been lost on our own Munitions Board, which has been even more remiss in stockpiling wool for the war effort than in building reserves of vital manganese.

As a result, we desperately are short of wool for uniforms, overcoats, socks, blankets, etc., to carry on a prolonged war.

That is why the State Department today is trying frantically to make a sub-rosa deal, through the British Government, for the purchase of

the 1950 Australian wool crop before the international auctions late this month. The reason is to head off the Russians, who are preparing to outbid us in the Australian market by offering sky-high prices.

Painful story behind all this is that the Quartermaster Corps and members of Congress have been pleading for more than a year with the Munitions Board to begin stockpiling wool.

"Time Is Short" Col. Frank M. Stedman of the Quartermaster Corps in a letter to the board last April 13, warned that "time is short" and that supplies of apparel wool were the lowest since 1940.

Again on July 25, a month after the Korean war started, the Quartermaster reported that domestic wool stocks were "insufficient to keep mills in operation until November 1, 1950," adding:

"All existing stocks are reported to be contracted for by clothing manufacturers, so that only a freeze order would make them available for military requirements."

Senator Lester Hunt of Wyoming, chairman of an Armed Services subcommittee set up to investigate scarce materials, also has been unable to prod the Munitions brass into action—after repeated warnings.

Though Hunt and his colleague Joe O'Mahoney, represent the biggest wool-producing state in the nation, they unselfishly have urged the Munitions Board to begin large-scale purchases in foreign markets.

Note—One of those chiefly responsible for the Munitions Board "wool" policy is Maj. Gen. Patrick W. Timberlake.

### Bystrom Murder Case Nears Jury

ALEXANDER CITY, ALA. —(AP)— The murder trial of Mrs. Catherine Bystrom, accused of the savage slaying of an elderly missionary, neared the jury Wednesday.

State and defense attorneys rested their cases Tuesday. Tallapoosa County Solicitor Ralph Segrest asked the circuit court jury to find the 39-year-old woman guilty of first degree murder, but did not mention the death penalty, which the maximum conviction could entail.

Final arguments for the defense were slated Wednesday.

Mrs. Bystrom and Charles McGraw of Helena, Ala., are charged with the murder of Mrs. Lillian Euphemia Schiefer, 70-year-old Waco, Texas, missionary. His trial is next on the court calendar.

Mrs. Schiefer disappeared after leaving Waco in a car with Mrs. Bystrom. The older woman was on her way to Jamaica, in the British West Indies.

Her body was found in a lake here February 25. She had been bound and gagged and shot three times.

### Volunteers Operate Iron Lungs During Failure Of Power

PLAINVIEW —(AP)— The iron lungs containing three young children hardly missed a breath Tuesday night when dozens of volunteer workers pitched in during a power failure.

The three children were in lungs at the West Texas Polio Center at the Plainview Hospital and Clinic Foundation when the power failed. An electrical storm knocked it out in the Lubbock-Plainview area for periods varying from only a few minutes to an hour.

The Southwestern Public Service Company said service failed shortly after 8 p. m. when a bolt of lightning made a direct hit on a 69,000-volt main gathering and re-distribution point.

Parents of the children—Willie N. King of Childress, Louann Graham of McLean and Maxie Pugh of Perryton—said they were never so scared, and then so grateful to those who helped operate the lungs.

Hospital attendants, the parents, National Guardsmen, police, firemen, and Public Service Company employes all helped.

### Freight Train Kills Deaf-Mute Girl, Eight

BIRMINGHAM, ALA. —(AP)— An eight-year-old deaf-mute girl was killed by a train Tuesday just as her brother was killed several years ago.

Frances Devine was struck by a Seaboard air line freight while returning home from an errand for her parents, Mr. and Mrs. Cecil Devine. Train crew members said they were unable to halt in time after seeing her on the tracks.

A five-year-old brother of the girl was killed by a freight several years ago.

The 1949 fish catch in New England was valued at \$60,000,000.

**MODERNISTIC**—The Hi-D-Ho Drive-In, located at Missouri and South Pecos Streets, is Midland's only exclusive drive-in restaurant. It features the 12-inch "long dog" and a wide variety of other sandwiches, in addition to fountain drinks. All-weather parking space for 75 automobiles is available at any time for Hi-D-Ho customers. New-type trays for foul weather are used during rainy spells.

### New Construction Or Repair Needs, Velvin Can Fill Them

Whether you are in need of materials to do your own construction or repair work around the place, or desire to contract for a building, the J. C. Velvin Lumber Company, 204 North Fort Worth Street, can fill the bill. At present, the firm is doing considerable construction in the Bedford Place addition, which contains some of the finest homes in Midland. The firm had a large part in constructing other fine residences in Midland and has supplied materials

schemes for the home. The telephone number is 1534. The J. C. Velvin Lumber Company was founded in 1937 and was known then as the Velvin-Strauch Lumber Company. Velvin acquired sole interest in 1939. The firm has attempted to keep pace with the growth of Midland and the Permian Basin and will continue its effort to fill the needs of its increasing customers. The Jackson Memorial Research Laboratory at Bar Harbor, Maine, has the world's oldest pure-bred strain of mice, covering 230 generations. It was started in 1906. The same number of generations in mankind would have had to start in 3500 B. C.

### Cullinan Shooting Declared Suicide

**HOUSTON** — (AP) — An inquest verdict of suicide has been ruled in the fatal shooting of Craig F. Cullinan, 55, prominent Houston oil man. Justice of the Peace W. C. Ragan returned the verdict Tuesday night. Cullinan, president of American Republics Corporation, was found dead in his home Tuesday, a bullet wound in his heart. Funeral services have been tentatively for Thursday afternoon. The pneumatic tire was invented by a horse doctor.

### 'Fastest Service In Midland' Slogan Of Hi-D-Ho Drive-In

For expertly prepared short orders and superb service you can't beat the Hi-D-Ho Drive-In, located at Missouri and South Pecos Streets. "The fastest service in Midland" is a slogan of Hi-D-Ho. All-weather parking space is provided for 75 automobiles at any time. Meal orders to carry out, in any quantity, are featured by the drive-in, which is owned and operated by W. E. King. The Di-D-Ho features the 12-inch "long dog," and offers all types of sandwiches and fountain drinks, plus man-sized orders of beefsteak fingers which are French fried, jumbo shrimp and fried chicken, regular or all-white orders. Everything is new at the Hi-D-Ho, which held its formal opening only recently. All cooking utensils are made of stainless steel and the fountain and kitchen are in full view, insuring sanitary service at all times. **Bad Weather Trays** New types of trays for foul weather are another special feature of Hi-D-Ho service. The trays can be installed inside parked automobiles, insuring service even during a hard rain. The sundaes, malts and milk shakes at Hi-D-Ho are all topped with fresh whipped cream and cherries. Borden's ice cream and milk products are used exclusively. The drive-in was designed to let you relax in your automobile while enjoying a good, tasty meal.

### Army Announces Korean Decorations

**U. S. EIGHTH ARMY HEADQUARTERS, KOREA** — (AP) — The Distinguished Service Cross has been awarded posthumously to Pvt. James H. Jefferson, Pliny, W. Va., for extraordinary heroism in combat. The orders disclosed that 24 other enlisted men and eight officers, had been decorated. General orders issued by the Eighth Army and the 24th Infantry Division said Jefferson was killed in action near Muungyong, 70 miles northwest of Taegu while voluntarily covering the withdrawal of his platoon. Bronze stars were awarded for heroic service to Second Lt. Milford P. Downey, Nocona, Texas, and M/Sgt. Wallace A. Wagenbreth, Houston, Texas.

### VISIT IN MIDLAND

Mr. and Mrs. Lewie Bleiker, Bill, C. A. and Bobby, of Texline and Mrs. Katie Butler of Mountain View, Okla., are visiting the John Williams family and other relatives and friends in Midland. Mrs. Williams is a sister of Bleiker and Mrs. Butler.

Cancer research by the use of electrical shock in rats is being conducted in the Bio-Research laboratory of Florida Southern College at Lakeland.

## Denton Fetes Old Maids With Presents And Tea

DENTON —(AP)— Denton rolled out the carpet for the old maids—and they giggled and joked about their spinsterhood—and loved it! "Bless their hearts, why didn't somebody think of this before," one man remarked.

It was an old maid who thought about it. The idea took hold. The mayor proclaimed Tuesday as Old Maid's Day. Merchants gave free corsages, free movies, free taxicab

transportation, free shampoos all during the day. The Denton Record Chronicle gave a tea.

Unashamedly, the old maids admitted their emphasis was on presents.

"Everybody and everything has a special day except an old maid," said Miss Dorothy Rabb, Latin instructor at North Texas State College in Denton. "In my adult lifetime I estimate that I have spent not less than \$1,500 on bridal and baby showers and wedding gifts and never even got a birthday present—because old maids don't have birthdays."

Admits She's Spinster

Miss Babbs, who will admit her spinsterhood but not her age, was the one who started it all. She's an attractive, tall, slender woman with graying black hair.

Backing her up was a bunch of old maid schoolteachers going to Summer school at Denton's two colleges—North Texas and Texas State College for Women.

But the men changed their names—"glamor gals" they called the 150 self-admitted spinsters who came to the tea at the country club.

Everybody wanted to meet Miss Babb, in a ruffled green dress and big picture hat, and "especially shake her hand."

All Over Nation

Presents have come to Miss Babb from all over the country. And letters have come to her and to the Denton Record Chronicle from re-awakened people who said they were sending gifts to old maid aunts and sisters or spinster friends. And why wasn't it a national day, they asked?

The group here wrote a letter to Gov. Allan Shivers asking him to proclaim an old maid's day—with emphasis on presents.

Doesn't matter what day, they said, but August is good, because it comes about halfway between Christmas and income tax.

## John C. Leslie To Report On Socialism At JayCee Meeting

"What Price Complacency—A Report on Socialism at Work," will be the subject of John C. Leslie, publisher of the Insurance Record, when he speaks at a meeting of the Midland Junior Chamber of Commerce Friday noon in Hotel Scharbauer.

John C. Leslie

Leslie recently toured England for a first-hand study of the development of the socialized state as sponsored by the present Labor Government. He turned particular attention to socialized medicine and the national hospital program there and will report on them in Friday's address.

The speaker's appearance here is sponsored by the Permian Basin Association of Life Underwriters. Many of the association members and members of other civic clubs in the city will attend the meeting.

President Art Joseph of the Jay-Cees has invited doctors, dentists, lawyers, bankers and other interested persons to attend the meeting.

Leslie has addressed more than 30 insurance groups and service clubs since returning from England and is in great demand as a speaker.

Thornton Hardie is program chairman for the week.

## Midland Shriners Form Suez Patrol

Midland Shriners in a meeting Tuesday night organized a patrol to be part of the uniform body of the Suez Temple at San Angelo.

Eddie Autrey was elected president. Other officers include A. V. Johnson, vice president; Jerry Monroe, secretary-treasurer. Additional officers will be elected at a future meeting.

Lester Short presided as temporary chairman at the Tuesday night meeting in the studio of KORS.

All Shriners interested in the patrol organization are invited to attend the next meeting scheduled at 7:30 p.m. August 22 at the radio station studio.

## El Paso Building Hits All-Time High

EL PASO —(AP)— The Department of Public Inspection reports that El Paso's all-time building permit total set in 1949 has been broken.

Through August 10 \$16,901,872 in permits have been issued this year, the department said. The 1949 total was \$15,587,457.

Officials of the department predicted the 1950 total would reach \$25,000,000 unless construction is slowed by war conditions.

## Rescuers Find Body Of Tobacco Heir In Mountain Crevasse

LONE PINE, CALIF. —(AP)— Libby Holman Reynolds, who flew 7,000 miles from France hoping to find her missing son alive, waited Wednesday for a party of Alpinists to bring his body down from the heights of the nation's tallest mountain.

The former torch singer arrived Tuesday night by chartered plane, leaning for support upon the arms of a nephew, Michael Kahn of Media, Pa. and a friend, Harvey Poe, a British Oxford student.

Only a few hours earlier, seven members of the Sierra Club ended a six-day search when they reached the frozen body of 17-year-old Christopher Smith Reynolds, heir to tobacco millions.

It was wedged in a crack on the sheer east face of 14,496-foot Mount Whitney, some 700 feet from the summit. Apparently he and his companion, Steven Wasserman, also 17, almost had completed their perilous ascent of the peak when tragedy struck.

Almost To Goal

The body of Wasserman, son of William Stix Wasserman, wealthy Philadelphia broker and economist, was found Sunday in a snow-choked crevasse more than 1,000 feet below.

Ray Gorin, a member of the rescue party, speculated the youths were within 300 feet of their goal when they fell, roped together.

"I would guess they fell maybe 400 feet before Reynolds stuck and was held by the crevasse," Gorin said. "The rope couldn't take the strain of Wasserman's body. It snapped and Wasserman fell perhaps 1,500 feet more."

Reynolds' body was lowered by rope to the 11,500-foot level Tuesday night and was to be brought out by pack burro Wednesday.

## Plans To Evacuate Americans Are Made

BELGRADE, YUGOSLAVIA —(AP)— Plans are ready for the swift evacuation of most of the 200 Americans in Yugoslavia should Moscow order the "Korea treatment" for Marshal Tito, a responsible informant said Wednesday.

It was emphasized, however, there is no imminent concern of an invasion of Yugoslavia by its Stalinist neighbors.

The evacuation plan, termed a preparedness measure, calls for quick removal by air and rail of all but a skeleton diplomatic staff. The evacuees probably would go to Rome.

## Happy Britons Have New Game-Guessing Name For Princess

LONDON —(AP)— Happy Britons had a favorite new guessing game Wednesday — naming their new princess.

A six-pound girl was born Tuesday to Princess Elizabeth, first in the line of succession to the British throne. Attending doctors reported Tuesday night both mother and daughter were doing well.

The newest member of Britain's royal family is the second child of 24-year-old Elizabeth and her naval officer husband, Prince Philip, duke of Edinburgh. Their son, Prince Charles, is 21 months old.

Britons shelved their usual reserve to cheer the new baby and toast her health. Royal salutes of 41 guns were fired in Hyde Park and by Royal Navy ships. From the ancient gray battlements of the Tower of London, a 62-gun salute boomed.

The bells of historic Westminster Abbey pealed for a full hour, and those of famed St. Paul's Cathedral rang out for 45 minutes in her honor.

There was no indication England's future queen and her husband have decided on a name for their new baby, but they are getting plenty of suggestions.

Most newspapers already are speculating.

The favorites seemed to be Victoria, Anne, Elizabeth and Mary—all familiar names in the family. There was strong support also for Alice, Alexandra and Margaret.

Also mentioned among many others were Caroline, a feminine version of Charles, and Angela, Queen Elizabeth's middle name. The new princess, like the rest of the royal family, probably will have several names.

Even if the baby's parents have made a choice, it may not be announced for several weeks.

## Muscular Rheumatism Is Not Too Serious But Is Painful

Rheumatism is an old-fashioned name but even now there are some muscular aches and pains which cannot be blamed on any definite form of arthritis and for which muscular rheumatism is still the best label.

In many cases the muscular pains start suddenly and sometimes without any apparent reason. In such cases, if they do not disappear without treatment, a search has to be carried out for some distant source of infection, such as infected tonsils or abscessed teeth.

However, there is no single cause which can be picked out and it is often hard to point to any definite source of the trouble. Fortunately, the majority of the pains appear for a short time and then go away without leaving any harmful effects.

One common type of muscular pain and aching is that which develops when a person has been sleeping or sitting in a drafty place. This can be most severe. Occasionally someone wakes up with a muscular pain in the neck or shoulder, which makes turning the head impossible. Usually, however, this kind of rheumatism lasts for only a few hours or days.

Infections and toxic conditions are common sources of trouble.

Muscular aching frequently follows a severe sore throat, influenza, rheumatic fever, and similar general diseases.

If muscular rheumatism keeps on and the cause cannot be discovered or, if discovered, cannot be treated satisfactorily, a great deal of discomfort and interference with normal activity occurs. When this happens several different types of treatment may have to be tried before relief can be obtained. Hot baths, carefully chosen exercises, and sometimes massage may be of benefit.

### U-e Care With Drugs

In long-lasting or chronic cases the use of pain-killing drugs may have to be considered. These must be taken with care and milder ones such as aspirin are safer than strong ones. Liniments or ointments such as the old-fashioned mustard plaster sometimes will help but should not be used too long as they may merely give relief while concealing a serious condition.

Few people go through life without having one or more bouts of muscular rheumatism. The fact that most of us have had such attacks and have recovered shows that this kind of trouble is not really as serious as true arthritis even though it is most uncomfortable at the time.

## AMERICAN to DALLAS

YOUR FAMILY GOES FOR 1/2 FARE MONDAYS, TUESDAYS, WEDNESDAYS

### FIRST OF THE FINE CARS IN VALUE

# BIG MOMENT— with a Double Impact

It's a big moment when any new car rolls up to your door and you start out fresh and spanking bright.

Think, then, what it's going to mean when that new car is a ROADMASTER like this one pictured here.

You'll swing wide the door and slide into a car that's truly fine—and looks it.

You'll put foot to treadle and touch off the might of a great, 152-horsepower Fireball straight-eight that's ready to master any road—or anything it meets there.

You'll have the silken magic of Dynaflo Drive to simplify your driving, ease your way. A handsome flexible steering wheel, automatic windshield

washers, soft Foamtex cushions, and many other items that are "extras" elsewhere are standard equipment here.

But even while you enjoy all that, you've a still deeper satisfaction enriching your pleasure.

For here you have not only a fine car, but a sound and frugal investment as well.

You have paid less per pound than any comparable car costs—and automotive men will tell you price per pound is the soundest measure there is of solid, thoroughgoing merit.

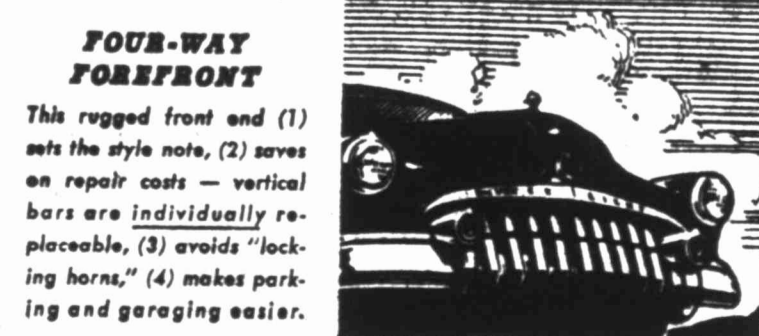

You've bought quality—top quality—all the fine things a fine car should provide. But you haven't spent a penny more than a fine car need cost.

And that can mean a lot. For instance—

Drop in on your Buick dealer. Try out a ROADMASTER. Match it, feature by feature and point by point, with any other fine car on the road.

Then get the price.

You may well find that you can get not only a new ROADMASTER for the sum you had in mind—but maybe a new fur coat for your wife as well!

FOUR-WAY STEERING  
This rugged front end (1) sets the style note, (2) saves on repair costs—vertical bars are individually replaceable, (3) avoids "locking horns," (4) makes parking and garaging easier.

# Monchak, Prince Tangle As Indians, Oilers Split

## First Game Of Twin-Bill Accented With Fisticuffs

The Midland Indians and the Odessa Oilers are billed in the big finale of the season for them in Indian Park at 8:15 p.m. Wednesday.

Ralph Blair is due to hurl for Midland against Odessa's Al Sokolowski or Masny Ortega.

The two teams have only two more meetings this season and both will be played in Odessa.

Midland and Odessa and area baseball fans got a lot more than they expected Tuesday night at Indian Park as the Midland Indians and the Odessa Oilers renewed their standing feud. A couple of top-notch baseball games—two for the price of one—and 20 minutes of an old-fashioned fist fight between Manager Jim Prince of Midland and Manager Al Sokolowski of Odessa were featured.

Midland copped the opener by a 1-0 score but the Oilers came back to take the last game by 2 to 0. A four-run fifth inning, accented with four base hits off Lefty Jimerson, gave the Indians their victory. The uprising also brought on a battle between Monchak and Prince.

**Indians Score**  
The Indians counted a single run in the second inning of the opener when Kenny Jones singled after Prince had errored on and George Fimback drove Jones home. Prince as out when an attempted sacrifice batted backfired at third. Odessa scored one in the fourth when Leo Eastham, first baseman, walked and Monchak batted him to third. Bill Cearley walked to load the bases and Emil Ogden worked Lefty Hayes for a free pass to force in the only Oiler run.

The big fifth for the Indians started off with Scooter Hughes ending a triple down the left field line. Mike Bellone and Bob Cramer walked in succession to load the bases.

Big Jim Prince stepped to the plate and lined a booming single to right to drive in Hughes and Bellone. Kenny Jones followed with another single to score Cramer. Prince went to second.

While he was at second as a base runner, Prince was approached by Monchak. An exchange of words led to blows and the battle was on.

Monchak landed a couple of good cuffs before Prince knew what was aking place. Then a 20-minute interlude of Prince backing Monchak around the outfield, landing a blow on and then, followed.

The fight finally broke up with both managers tired out. Neither as injured seriously.

The umpires chased the two offenders and the game proceeded. Lou Dawson, running for Prince, scored the final run on George Fimback's single.

Hayes gave the Oilers only four outs but walked five. He struck out even.

Fimback liked the offerings of Carlson so well he clouted three for three in the tilt.

**Second Game**  
The second game was well played. Glenn Patton and Lefty Ray Miller hooked up in a duel but Miller got the best of it.

A walk to Emil Ogden, a sacrifice by Bill Hooverter and Erroy Barrera's single counted the first Odessa run in the fifth.

Leo Eastham singled, stole second and scored on Monchak's double to left for the other tally in the sixth.

Midland had runners on third twice but couldn't push them across. Patton hurled good ball but rubbed a blister on his finger and had to have help from Hayes in the seventh.

Bob Phillion's double and single in three trips topped the Midland hitting.

**DOUBLE TIME**—Remarkable pivotmen keep and get Detroit and New York pitchers out of trouble in the American League race. Jerry Priddy, left, grimacing as he completes a double play, gives the Tigers what they lacked at second base. Opponents just don't break up two-ply killings on Jerry Coleman of the Yankees.

## MAJOR LEAGUES—

### Johnny Groth's Grand Slammer Beats Indians

By JOE REICHLER  
Associated Press Sports Writer

A difference of \$5,000 once kept Johnny Groth from wearing a Cleveland uniform. Wednesday the Indians would pay that sum many times over just to get him out of their hair.

Since joining the Detroit Tigers two years ago, Groth has made a career out of belting Cleveland pitching. If the first-place Tigers beat the Indians to the wire it can be traced directly to Groth's batting feats against the club that once spurned him.

It wasn't Groth's fault the Tigers got no better than an even break in their two games with the Tribe. The young outfielder slammed a home run in each game. His circuit clout Tuesday came with the bases loaded. The Tigers didn't need any more to defeat Bob Lemon and the Indians 4-1.

Since the Western rivals must face each other seven more times this season, the Indians may have more reminders of their blunder of 1946. That was the year Cleveland let Groth slip away.

Bob Feller, a teammate of Groth's at Great Lakes during the war, had brought Groth back with him for a tryout. Cleveland bigwigs liked what they saw. Groth was offered a \$25,000 contract.

**Tigers Up Ante**  
Just as he was about to sign, Groth's father reminded the boy he had previously promised the Detroit club a chance to match any offer. The Tigers offered \$30,000, so Groth signed with Detroit.

Groth's grand slammer was all Art Houtteman needed to gain his fifteenth victory, although he faltered in the seventh when he walked the first two batters to face him. Marlin Stuart took over, filled the bases on another pass, then fanned Larry Doby and forced Luke Easter to hit into a double play.

The New York Yankees split a doubleheader with Washington to move two percentage points in front of Cleveland in their race for second place. Washington won the opener 10-5. The Yankees took the second 9-0.

Boston's Red Sox moved within seven games of the top, taking two from the Philadelphia Athletics 8-3 and 9-4.

Philadelphia increased its National League lead over Boston to six games, defeating the Braves 9-1. Brooklyn climbed to within three percentage points of Boston with a 1-0 triumph over the New York Giants. Chicago's Cubs tallied twice in the eighth inning to dump the St. Louis Cards 3-2. Pittsburgh rallied for six runs in the ninth to match Cincinnati's total in the top of the inning and outscored the Reds 10-9. Ralph Kiner clubbed his thirty-third homer for the Bucs.

Curt Simmons won his fifteenth game for Philadelphia, with the help of Jim Konstanty in the eighth. It was the fifty-third relief appearance for the Phillies' fireman.

Preacher Roe bested Larry Jansen in the pitching duel at the Polo Grounds. The Brooklyn southpaw gave up five hits in registering his sixteenth victory. Jansen was touched for only four but an error by Ed Stanky in the second inning followed by Roy Campanella's single gave the Dodgers their run.

The Red Sox' double victory was dimmed by an accident to Walt Dropo, their sensational rookie first baseman. Dropo suffered a cerebral concussion when "beamed" by Hank Wyse in the first game. X-rays showed no fracture. He is expected back in the lineup within a few days.

The Chicago White Sox and St. Louis Browns were not scheduled.

### Amarillo Nine Wins YMCA Junior Title

WICHITA FALLS — (AP) — The Glenwood Lookouts of Amarillo won the YMCA Southwestern Regional Tri-State Baseball Championship Tuesday night by defeating Lee's Drug of San Antonio 7-2.

In other games the Big Spring Junior Braves defeated Dallas Park Cities 6-4 and lost to Wichita Falls Lumberjacks 16-8.

### Doak Walker Stars In Intra-Squad Tilt

DETROIT — (AP) — Doak Walker, the former Southern Methodist star, made an impressive debut with the Detroit Lions Tuesday night as he scored a touchdown and kicked four extra points in an intra-squad game before 18,000 fans.

Walker's "varsity" squad banged over three touchdowns within six minutes in the opening period and coasted in with a 28-6 decision in the annual charity game.

Walker's score came on a four-yard end run, but it was his brilliant broken field running that kept the "varsity" in the "freshmen" squad's territory most of the game.

Ollie Cline and Dan Sandifer scored on short bucks for the winners, while a 10-yard pass from Bobby Layne to Cloyce Box accounted for their other tally.

Wally Triplett starred for the losers as he scored their lone touchdown on a pass play that covered 82 yards with Gil Johnson on the tossing end.

## WT-NM League— Leading Teams In League Match Wins

By The Associated Press

The top three teams in the Class C West Texas-New Mexico League matched victories Tuesday night.

First-place Pampa nudged Albuquerque 3-2; second-place Lubbock nipped Clovis 3-2, while third-place Lamesa used a dozen hits to take an 8-3 victory from Amarillo.

Abilene knocked off Borger 8-3 in the loop's other tilt.

## Plastic And Pyote Advance In Meet

Western Plastic of Midland opened its drive for the championship of the Midland Junior Chamber of Commerce Softball Tournament with a 7-0 victory over the Andrews Volunteer Firemen, and a good Pyote VFW nine ousted Midland's Standard of Texas 3-2 Tuesday night at Wadley Park.

Plastic's Paul (Rookie) Haskins led off in the first

inning with a single and advanced to second base on Bryan Clark's sacrifice. Rollie Hargraves drew a walk and Dell Taylor, former Tulsa grid star, plated the run with a line single. Hargraves took third and came home on Jim Walker's fly. After that, the Firemen never had a chance.

Tuffy Overton singled in the third inning and Robert Reed repeated in the fifth for the only Andrews bingles off fancy Pete Garrison, a Crane alumna. He struck out seven.

Milt (Daddy) Montgomery and the VFW's brilliant Don Brown locked horns in a scoreless pitching duel until the fourth inning. Standard's Bob Evans opened the frame with a one-base blow and the game's first hit. He sped home on James Griffin's long double. Hugh Reynolds singled and scored on an outfield error to end Standard scoring in the sixth inning. It was the third and last hit off Pyote pitching.

Mackey fired some of his best golf of the season as he topped the field of juniors. Teddy Kerr was his closest rival with a 73.

Mackey and Kerr entered the championship fight along with Roan Puett who had a 76 and Bill Franklin who fired a 78 in Tuesday's qualifying heat.

The eighty shooters made the first flight. Doyle Patton, Jr., carded an 81 to lead the group. Buzzy Bray had an 86, Ray Leggett an 88 and Mike Patton an 88.

**Second Flight**  
Second flight qualifiers included Tommy Miller with a 96, John McGulgan, 98, Orman Hubbard, 106 and Billy Miller, 109.

Waldo Leggett led the third flight with a 110. Fisher Adams fired a qualifying 113. Carroll Thomas had a 129 and Dickie McHargue, 142.

The tourney will continue through Thursday and trophies will be awarded to the high placers in each flight following the final round.

The tournament, an annual event on the MCC golf calendar, will determine the 1950 club junior champion.

**UNCOMFORTABLE TRAVEL**  
Clipper ships, though fast and seaworthy, were uncomfortable because they took much water on board, according to the Encyclopedia Britannica.

The body's largest organ is the skin, weighing just about twice as much as either the liver or the brain.

Standard ..... 000 101 0-2 2 6  
Pyote ..... 000 030 x-3 5 1  
Montgomery, Campbell and Dimmney, Smith, Brown and L. Wells.

## Sports

10—THE REPORTER-TELEGRAM, MIDLAND, TEXAS, AUG. 16, 1950

## Mackey Leads In Junior Tourney

Graham Mackey, who fired a 71 Tuesday for medalist honors, was leading the second round in the 72-hole medal play Midland Country Club Junior Golf Tournament Wednesday. The four-flight field of 16 was scheduled to turn down another 18 holes before going into the

36-hole grind which will complete the tourney Thursday.

**Mississippi Trustees Disagree On Ruling Barring Athletes**

UNIVERSITY, MISS. — (AP) — Mississippi's collegiate trustees have announced complete disagreement with the barring of five students from participating in Southeastern Conference athletics and a \$3,000 fine for the University of Mississippi.

The conference ruling was recently announced by Bernie Moore, SEC commissioner. Later C. M. Smith, director of athletics, and John Vaught, head football coach at the University, asked for a joint meeting of the State Board of Trustees for Institutions of Higher Learning with the University Athletic Committee.

At Tuesday's meeting, the board, which governs all state-supported institutions, heard those named in Moore's charges, including four of the athletes—Jimmy Cole, Ronnie Case, Billy Russell and Joe Gaynor. The fifth, Hugh Ballard, did not attend.

The earliest the university can appeal Moore's ruling will be in December at the annual Winter meeting of the conference.

In answer to Moore's charges of "excessive financial aid," the board replied:

"The commissioner has not charged that any offer of gifts of value of financial remuneration beyond the regular and approved terms of the scholarships was made to any of the young men."

## SPORT SLANTS

BY SHORTHY SHELBURNE

### Charles Knocks Out Beshore; Louis Next

BUFFALO, N. Y. — (AP) — Joe Louis' stock rose sharply Wednesday following Ezzard Charles' one-sided but lackluster conquest of Freddie Beshore.

A "new" Charles was supposed to be unveiled in Memorial Stadium Tuesday night but it was the same old cautious Ezzard. The NBA heavyweight champion, who made good in his third title defense by stopping Beshore in 2:53 of the fourth round, certainly wasn't a "tiger."

But Charles and his managerial brain trust of Jake Mintz and Tom Tannas expressed satisfaction with the back track as a stepladder performance, dull as it was.

"He needed the workout," said Mintz as Charles nodded agreement. "It was his first fight in ten months and he wasn't as sharp as he should be. His timing was off. But he'll be ready for the next one, whoever it is."

Louis Next

"Whoever it is" refers to one Joe Louis, who once ruled all of the heavyweights until he went into temporary retirement.

The come-backing Brown Bomber and Charles are tentatively scheduled to have it out in Yankee Stadium, September 27. The fight is not yet sealed officially, but it seems a certainty.

The 29-year old Charles never was able to floor the 26-year-old Pennsylvania Dutchman from Harrisburg, who outwheeled Charles 184 1/2 to 183 1/4.

Referee Barney Felix halted the fray when blood streamed from a nasty cut on Beshore's right ear and while the aggressive, game challenger was taking a good shellacking from the champion. Besides the ear cut, Freddie gushed blood from a cut under his right eye and from the nose and mouth.

Felix had the champ ahead 12-2. Judge Anse Carroll scored it 12-1-1 and Judge Leo Stackowiak made it unanimous for the champ, 9-3-2. The officials are not supposed to score a round when the fight terminates in that frame but they did anyway. The AP scorecard had it 10-2-2.

Walt Dropo Is 'Beaned'

BOSTON — (AP) — Boston's Red Sox and their legion of supporters thought it was rough when the club lost Ted Williams and his menacing bat, but now the fourth-place club must get along for a time without Big Walt Dropo and his heavy bludgeon.

The slugging rookie, who leads the American League in runs batted in, was struck just above the left ear by a Hank Wyse pitch Tuesday night and is under observation for a cerebral concussion.

Wyse, right-handed pitcher for the Philadelphia Athletics, not only insists "I never threw at a man's head in my life," said he intends to visit the rugged Boston rookie Wednesday.

The "beaning" occurred in the fifth inning of the first game of a two-night doubleheader Tuesday night at Fenway Park, at a time when the lights were on but full darkness hadn't closed in.

Some immediately accused Wyse, former National League hurler, of throwing a bean ball because Dropo had hit him for a two-run homer in the previous inning.

When Big Walt dropped—the blow sounded as if the ball hit his bat—players of both teams streamed toward the plate.

A mele developed and after it had been quieted Boston catcher Birdie Tebbetts, who wasn't playing in the game, was ejected by the umpires, who obviously deemed him the instigator.

Annual Bloys Camp Meeting Underway

PORT DAVIS—All ranch roads led to the 61st Bloys Camp meeting near here Tuesday. Dr. L. D. Anderson of Port Worth preached the opening night sermon. He is "dean of preachers" for the "cowboy camp meeting."

Scheduled to speak Wednesday were Dr. J. W. Bill Marshall, president of Wayland College, and Dr. Walter Kerr of Kerrville.

Attendees are sheltered under protecting oaks and campfires dot the area.

SURGICAL PATIENT

Mrs. Ruth Grissom, 801 North Fort Worth Street, was admitted Tuesday night to Midland Memorial Hospital for minor surgery.

UNDERGOES SURGERY

Mrs. R. A. Caldwell, 1200 South Fort Worth Street, was admitted Wednesday morning to Midland Memorial Hospital for minor surgery.

WEST ELECTRIC COMPANY

3405 WEST HIGHWAY 50 PHONE 3421

A lot of folks got just what they have been expecting Tuesday night at Indian Park when Al Monchak and Jim Prince tangled.

Monchak has thrown his voice around considerably since he came to this league and it has been expected by many that he sooner or later would get into a slugging match with someone.

We didn't necessarily expect it to be an opposing player, however. We thought he might jump an umpire.

—SS—

Fact of the matter is, we secretly had hoped he would crawl one of the arbiters.

Prince and Monchak put on a pretty good country fight Tuesday night and it all came for the price of admission to the ball game.

We know a lot of folks who would pay double admission to see either of them jump the ump.

—SS—

We haven't asked Prince or Monchak just what "compliment" one or the other of them passed that

Longhorn League—Midland-Oilers, Broncs-Vernon Split Twin-Bills

By The Associated Press

Two doubleheaders in the Longhorn League Tuesday night didn't help—or hinder—too much the participants. Every team won one—and lost one.

Face setting Odesa lost to Midland 5-1 in the first game, but came back to take the second 2-0.

Big Spring nudged Vernon 7-5 in the first game, promptly lost to the Sweetwater beat Ballinger 8-0 behind the four-hit pitching of Lee Gatewood and Lou Lockhart, while wet grounds postponed the Roswell-San Angelo tilt.

First Game

Odesa 000 100 0-1 4 3  
Midland 010 040 x-5 8 2  
Carson and Cearley; Hayes and Jones.

Second Game

Odesa 000 011 0-2 5 1  
Midland 000 000 0-0 6 0  
Miller and Cearley; Patton, Hayes and Philbin.

Scientists Unable To Find Definite Location Of Quake

By The Associated Press

Some scientists agreed Wednesday that Tuesday's earthquake—one of the greatest ever measured by man—may have occurred near the wild fastness of the Himalayan Mountains.

Whether the big quake shook the earth in Tibet, Eastern India or Northern Burma was uncertain in the opinion of these seismologists.

The Rev. Daniel Linehan, S. J., head of the Boston College Seismograph Station in Weston, Mass., said it was not surprising no word had been received from the vicinity of the quake.

He said his opinion was "better than a guess" that it probably occurred in the wild Himalayas of Eastern India.

British experts decided the giant tremor took place in Tibet, or perhaps Burma. One observatory official placed it between the Himalayas and Burma.

In Germany, the Geophysical Institute of the University of Tübingen supported the view it might have originated in Burma or Tibet. It was described as the strongest in the institute's 50-year history and more violent than the one which flattened Messina, Italy, in 1908, killing more than 80,000 persons.

OIL WORKER INJURED

Hollis Ward of Odesa, an oil field worker employed by the Standard-Fryer Drilling Company, was admitted Tuesday to Midland Memorial Hospital for emergency surgery after he had crushed his finger while working on a rig. The finger was amputated.

QUADRUPLETS BORN HELSINKI, FINLAND — (AP) — Quadruplets were born Tuesday night prematurely to 27-year-old Mrs. Olivia Ritola of Kristinestad. The four babies, two boys and two girls, were strong and healthy.

The Atlantic rosemiah is one of the few commercial species of fish that give birth to young, instead of laying eggs.

Livestock Quarantine In San Saba County

RICHLAND SPRINGS — About one-third of San Saba County is under a livestock quarantine as a result of an anthrax outbreak in the northeastern part of the county.

Carl Ory, Brady livestock inspector, distributed a Texas Livestock Sanitary Commission letter in San Saba and Richland Springs Tuesday prohibiting movement of cattle, sheep, goats, hogs, horses, or mules from the affected area without a special permit authorized by a representative of the commission.

The quarantine is to remain in effect indefinitely, until revoked by the commission.

INJURES ANKLE

Roy L. Markkula, Rankin Highway, driver of an oil pipe hauling truck, was admitted Tuesday to Western Clinic-Hospital after he had injured his ankle when a joint of pipe fell on it.

REAL PRO—A chance to perform with a men's team in organized baseball was denied Dorothy Kamenshek when the All-American Girls' Baseball League rejected an offer by the Fort Lauderdale club of the Orange & Florida International League. Wally Pipp, who played the position for the New York Yankees, calls Miss Kamenshek the fanciest fielding first baseman he has ever seen, man or woman. She is a member of the Rockford, Ill., Peaches.

Fred Wemple Will Cut Ribbon Opening New Texas Highway

OXNARD, CALIF. — (AP) — Robert W. Love probably is the only man in the world who earns his living by searching for guided missiles at the bottom of the ocean.

Four years ago, the young deep sea diver began recovering unexploded missiles fired into the Pacific from the Navy's test center at Point Mugu, near here. He's been doing it ever since.

Love salvaged \$35,000 worth last year.

"But that isn't the half of it," a Navy officer explained. "Whole missile programs costing millions may be at stake. Unless they can be recovered for examination or test units, resultant delays could be fatal."

Works Off Cruiser

Love works off his 30-foot diving cruiser with one assistant, Frank De Pue. They anchor just outside the firing range, wait for the missiles to fly over, then start retrieving them.

Bob Love is married and the father of two. Nobody will sell him life insurance.

"Scared? Only time was last Winter when some 30-foot whales started investigating my air hose while I was down 90 feet," he confided, adding:

"Sea lions are the most curious of all. I had to prod one of them out of a wrecked big buzz-bomb missile once. Another missile was so covered with crabs that after we brought it up we ate crab for a week."

Diver Makes Living Recovering Missiles From Ocean Bottom

By The Associated Press

Wemple said the new farm to market road is the second longest of its kind (36 miles) ever constructed under one contract in Texas. Constructed at a cost of \$462,000, its design is of the highest type. The road has a pavement width of 20 feet, bordered by sealed shoulders four feet wide. The new route reduces by 12 miles the distance from Ragland, N. M., to Amarillo.

Since World War II, Texas has completed more than 9,000 miles of farm to market roads, Wemple said. An additional 7,000 miles of rural roads will be completed within the next 18 months.

Business Hearing Set At Monahans

MONAHANS—Hearings on two applications for bus lines to serve Monahans, Poyte, Wink and Pecos areas have been set for September 14 by the Railroad Commission.

Applications have been filed by C. G. Brady and J. P. Sparks who plan to operate between Monahans and Poyte Air Force Base via Wink; and by Jack Willis and O. H. Sullivan who propose to operate between Monahans, Poyte and Pecos.

Snyder Calls Bids For Paving Project

SNYDER — Bids will be called on August 31 for Snyder's \$800,000 paving, bridges and drainage program.

Decision to call for bids was made here at a meeting of the Snyder City Council, after plans and specifications were explained by James V. Curmutte, city engineer.

The program calls for approximately 14 miles of paving.

ENTERS HOSPITAL

Mrs. Lee Donelson, mother of Mrs. Roy W. Thompson, 1400 College Street, entered the Martin County Memorial Hospital recently as a medical patient.

POWERFUL BOLT

Two birds with one stone is exceptional, but one bolt of lightning killed 1,500 sparrows at Clarendon, Va., in 1931. The birds were perched on an electric light wire when the lightning struck it.

## Congress Speeds Action On GI Family Allowance

WASHINGTON — (AP) — President Truman and Congress appeared agreed Wednesday speed is needed in setting up a system of family support allowances for servicemen.

They had different ideas on how to do it—on how much the payments should be, how much the GI should contribute, and how much the government should kick in.

Both the Senate and House Armed Services Committees have given the matter a high priority and a solution soon is expected. A House subcommittee called in witnesses Wednesday.

A plan Truman sent both houses of Congress Tuesday from the Budget Bureau embodied two of the ideas included in most proposals being considered: (1) that the serviceman should bear a good part of the cost of his family's support from his own pay, and (2) that the serviceman with many dependents shouldn't be in the armed forces anyway.

Chairman Tydings (D-Md.), disclosing that a new plan has been given "tentative support" in his Senate committee, told reporters "A man should take care of his family while he is in the service."

He added that if the serviceman could not do so with the allotments he should be discharged from service as a "hardship case," or deferred from the draft.

\$150 Top Limit

Truman's plan similarly recommended discharge from active duty of any serviceman whose family could not be supported on a \$150-a-month support allotment, the top limit he suggested.

The President, urging speedy action, called for benefit payments to begin September 1, covering this month.

Under the Administration plan:

1. A dependent wife would get \$75 a month, plus \$25 a month for each dependent child—but not more than \$150 altogether.
2. A dependent parent would get \$60 a month, two dependent parents a total of \$70.

Under the tentatively-approved Senate committee plan, a private's wife alone would get \$60, a wife and child \$81, and a wife and two children \$105 a month.

Tydings told reporters there probably will be a "compromise" between what the Administration proposed and what the Senate committee has been planning. He said the basic benefit payment might wind up at about \$65, instead of the \$75 proposed by Truman.

All Enlisted Men

Under the Senate plan, living allowances of \$67.50 now given to the top three grades of noncommissioned officers, and to part of the fourth highest grade, would be extended to all enlisted men from buck private to top sergeant in the Army and corresponding ranks in the Navy, Air Force and Coast Guard.

The serviceman would be required to sign over half his pay plus allowances if he had a wife, 60 per cent if he had a wife and child, 70 per cent if he had a wife and two children. Tydings said anybody with more dependents than that should get out of the service.

Under the Administration plan, no additional allowance would be given to families of men in the top enlisted grades who now receive the \$67.50 monthly allowances.

Other servicemen would contribute either half of the new allowance for their family, or 60 per cent of pay, whichever was the smaller sum.

\$48 For Private

Under the Senate committee proposal, the private would get \$45 from the government if he had a wife and would add this to his \$75 monthly pay and then send back half of \$60. With one child the private would get \$60 plus his \$75 pay and send back 60 per cent or \$105.

For comparison, a top ranking sergeant getting \$235 with a dependent wife would get \$67.50 and send home \$181.25; with one child he would send home 60 per cent of the total or \$181.50, and with two children he would get \$75 allowances and send home 70 per cent or \$217.

Senator Chapman (D-Ky.) got the Senate committee to order the family allotments for all grades after recalling that some enlisted men refused to send allotments home for their dependents under the World War II Family Allowance Act.

APPROVAL PREDICTED

WASHINGTON — (AP) — Senator Connally (D-Texas) predicted the Senate will approve President Truman's nomination of Democratic Mayor William O'Dwyer of New York City as ambassador to Mexico.

### Griffin Repudiates 'Scratch Dallas' Drive

WICHITA FALLS.—(AP)—Judge Meade F. Griffin, candidate for the Supreme Court, Place 3, said Wednesday he has no connection with the "Scratch Dallas" campaign.

The campaign was announced in Austin Tuesday by Emmett Alexander of Marble Falls, who termed himself spokesman for "a bunch of country boys." He said they were tired of "Dallas domination" of Texas politics and were determined to do something about it in the August 26 runoff.

### City Council—

(Continued From Page One)

ers that the council wishes to please the majority of the people who will be affected by the paving on College Street. It was suggested that those desiring street width changes submit to the council a petition, signed by 80 per cent of the College Street property owners.

The mayor also announced that the city will request the contractors to pave the North D Street portion first because of drainage difficulties in that section.

Councilman Jack Wilkinson and H. E. Chiles, Jr., were not present for the session.

Col. John Perkins, city attorney, who questioned the real estate dealers concerning property values, also questioned T. E. Jenkins, city engineer, regarding methods used in making assessments to property owners. Jenkins explained the assessments are made on a unit basis with property owners sharing costs of paving intersections.

**Increased Cost**  
Jenkins also explained the increase in cost of paving for Midland, attributing the rise to an increase in costs of excavation from 11 cents per square yard to 17 cents per square yard, and an increase in freight rates for delivery of materials.

Several owners protested the use of Garfield Street as an artery link between highways to Andrews and Rankin. Several heavy trucks have been using Garfield Street as a route through Midland.

The mayor said the city already is working on a plan to divert the heavy traffic. He explained that the paving and widening of Front Street, which is called for in a proposed bond issue program, will help restrain heavy trucks from using the Garfield route.

### House Nears Final Vote On Expansion Of Social Security

WASHINGTON.—(AP)—A final House OK was due Wednesday on legislation vastly expanding Social Security coverage and hiking benefits.

After the House acts, the bill will go back to the Senate, where early final action sending it to President Truman is looked for.

Major provisions of the House-Senate compromise:

**Coverage**—The number of workers under old age and survivors insurance is increased from 35,000,000 to about 45,000,000. The newly covered groups include 5,000,000 self-employed, 1,000,000 domestic servants, 700,000 regularly employed farm workers and various smaller groups.

**Benefits**—The 3,000,000 aged persons and survivors now getting benefits will receive increases averaging 7 1/2 per cent beginning about November 1. Benefits to those yet to retire will be about double the present rate. Maximum benefits for a family will be increased from \$85 to \$150 a month.

**Taxes**—The present one and one-half per cent payroll tax on employer's pay and employer's payroll will go to two per cent on each in 1954, to two and one-half per cent in 1955, to three per cent in 1956 and three and one-fourth per cent on each in 1970.

The tax in the future will be on the first \$3,800 of a worker's pay. It is now on the first \$3,000.

**Disabled persons**—For the first time relief payments are provided for about 200,000 needy persons who are permanently and totally disabled. This "home relief" is under the public assistance section of Social Security, and is not in the insurance program itself.

**ADMITTED TO HOSPITAL**  
Lavonne Clark, daughter of Mr. and Mrs. Truit Clark, 106 South A Street, was admitted Wednesday to Western Clinic-Hospital for observation.

**UNDERGOES EYE SURGERY**  
Harold Albert Kelley, six-year-old son of Mr. and Mrs. Albert Kelley, 1011 West Michigan Street, was admitted Tuesday night to Midland Memorial Hospital for major eye surgery. Hospital authorities said it was the first eye surgery performed in the new hospital.

### West Texas Oil And Gas Log—

(Continued from Page One)

County, is bottomed at 8,025 feet waiting on orders.

On a drillstem test at present total depth, formation water was recovered; however no details of the test are available.

This venture recovered varying amounts of free oil from a reef section at 7,948-7,975 feet. Pipe was set and the prospect put on the swab. That section did not yield oil in commercial quantities, so operators deepened to present depth.

The No. 1 Brooks is 660 feet from northwest and 500 feet from southwest lines of section 29, block 31, T-3-N, T&P survey.

### Wildcat In Howard Has Spraberry Water

Two miles southwest of Brown No. 1 Branon, recently completed extension to the East Veepleor field in Central-North Howard County, Lomax Brothers and Zone No. 1 Anderson has developed salt water on a Spraberry drillstem test.

On the test at 5,444-5,584 feet, recovery after two hours was 570 feet of oil and gas cut mud and 60 feet of salt water.

Spraberry was topped at 5,455 feet, on an elevation of 2,595 feet. The venture is being deepened.

Exact location of the No. 1 Anderson is 660 feet from north and west lines of the northwest quarter of section 11, block 31, T-2-N, T&P survey.

### Flanker To Reinecke Low On Canyon Reef

Cosden Petroleum Corporation No. 1 H. Holbein, project on the south edge of the Reinecke-Canyon field in Southeast Borden County, has topped the Canyon reef of that producing area 545 feet low to the discovery well.

It topped the reef at 8,804 feet, on a minus datum of 4,951 feet. Operator was last reported drilling below 6,818 feet in line.

No test has been taken in the reef. Operator was reported having trouble keeping circulation in the soft line.

The No. 1 Holbein already has indicated for a discovery from the Wolfcamp in the Reinecke area. From that zone at 6,358-370 feet, it flowed at an estimated rate of 20 barrels of oil per hour.

Location is 660 feet from north and west lines of section 44, block 25, H&T survey, and seven miles northwest of Vincent.

### Pegasus Slated For Project By Phillips

Phillips Petroleum Company has staked another location in the Upton County side of the Pegasus multipay field.

The proposed venture will be the No. 2-DD TXL, located five eighths of a mile southwest of the discovery well of that pool.

Exact location is 660 feet from west and 665 feet from east lines of northeast quarter of section 31, block 40, T-4-S, T&P survey. It is approximately 25 miles southwest of Midland.

Slated depth is 13,500 feet, which is calculated to test all formations down to and including the Ellenburger.

Operations are to begin immediately.

### Sun Stakes Wildcat Near Nolan Prospect

Sun Oil Company has staked another Ellenburger wildcat in Central-South Nolan County, 21 miles southwest of Sweetwater.

The proposed wildcat will be Sun's No. 1 Eunice Parramore. Drillsite is two and one-quarter miles northwest of the same operator's No. 1 Maddox, which has indicated for a small discovery from the Ellenburger.

The No. 1 Parramore will be 660 feet from south and 560 feet from west lines of section 55, block 1-A, H&T survey.

**On Large Block**  
Projected depth is 7,500 feet. Operations are to begin in the immediate future.

The No. 1 Parramore will be on a block of 10,326 acres Sun owns jointly with Seaboard Oil Company of Delaware in that area.

The Sun No. 1 Maddox was last reported to have flowed 18 barrels of oil in four hours, then died. Operators have run pump rods, preparatory to putting on the pump.

The No. 1 Maddox is bottomed at 7,132 feet, with five and one-half inch casing at 7,116 feet.

### Ellenburger Yields Little Oil In Nolan

C. L. Norsworthy No. 1 Nita Mae Brooks, wildcat in Central Nolan County, has recovered a small amount of free oil on an Ellenburger drillstem test.

On the test at 6,940-7,182 feet, recovery after two hours and two minutes was six feet of clean oil and 360 feet of heavily oil and gas cut mud, with no water.

Gas appeared at the surface in 14 minutes. Flowing pressure was 170 pounds, and shutin pressure was 1,925 pounds.

The venture is now shutdown.

### Air Strike—

(Continued From Page One)

and packs and taken to the hills. They seemed dazed and demoralized, two pilots said.

Hours after the raid, observers saw Red troops retreating from the area to the north, west and south of the biases and smoke left by the bombers. Many seemed dazed and demoralized.

A general lull in the ground fighting followed the air strike.

A U. S. Eighth Army communique issued in Korea at 8:10 p.m. Wednesday said the battle front was extremely quiet except for small local actions.

The bomb load of 875 tons in effect equaled 30,000 rounds of heavy artillery. It left an area seven and one-half by three and one-half miles smoking and burning.

American foot patrols crossed the river to the Communist west bank to learn the results of the stunning raid.

### NW Runnels Slated For Deep Wildcat

A 6,000-foot wildcat has been staked in Northwest Runnels County between the Murray-Stevens and North Winters pools.

The project will be M. J. Mitchell and Jerry Low, located 467 feet from south and east lines of 177-acre lease in section 182, block G, Gregg survey, or 1,700 feet from north and 2,950 feet from west lines of the section.

Drillsite is five miles northwest of Winters, one mile east of the Murray-Stevens field, and approximately a half mile west of the North Winters production.

### Rains, Lightning Batter Panhandle And South Plains

By The Associated Press

Texas weather was hot again Wednesday. Skies were fair to partly cloudy, and there were some showers.

The chief area of cloudiness was in the Guadalupe Pass-El Paso section of far West Texas. And this section—along with the Panhandle and South Plains—expected most of the early evening thunderstorms forecast by the Weather Bureau.

Sections of the Panhandle and South Plains caught the heaviest rainfall Tuesday and Tuesday night. Lightning hit one of the gathering and redistribution points of the Southwestern Public Service Company—affecting power for a time in the South Plains cities of Lubbock, Plainview, Muleshoe, Littlefield, Levelland and Silverton.

Heavy rains accompanying the electrical disturbance struck some sections. A total of 1.25 inches fell at Littlefield, .80 inch at Levelland, 1.5 inches at Anton, and a half-inch at Morton.

In the Panhandle, Amarillo reported 1.05 inches of rain in a 24-hour period ended at 6:30 a.m. Wednesday—Lubbock had .45, Salt Flat .37. There were smaller rain falls at Victoria, El Paso, Guadalupe Pass, Wink, Houston and San Angelo.

### Senate Agrees To Vote Monday On Mobilization Bill

WASHINGTON.—(AP)—Senate Democratic leaders sought Wednesday to turn back a Republican drive to force an anti-Communist amendment into a bill give President Truman sweeping home front controls.

There were plenty of indications they faced an uphill job.

First the Democrats apparently are not in agreement among themselves either as to strategy or as to the type of anti-subversive legislation they want.

Secondly, there is strong Senate sentiment for tough curbs on Communists, regardless of what kind of a bill provides them.

The issue was brought to a head Tuesday when Senators Mundt (R-S-D) and Ferguson (R-Mich) offered their bill requiring Communists to register as a rider to the controls bill. Senator Johnson (D-SC) a co-author, did not join in the move.

The Senate agreed to vote on all amendments, including the Mundt-Ferguson, and the bill itself beginning at noon Monday.

### B-29's—

(Continued From Page One)

at Taegu. But Wednesday they are keeping their heads down.

As another flight lets go its cargo on pilot, Capt. James R. Young, of Denver, Colo., calls:

"Look—right on the nose!"

As the bombs strike the ground they unleash a series of bright flashes like tremendous firecrackers. The flashes stair-step to a village in the foothills and blow it apart as though it were a town of paper.

Then great columns of dirty gray brown smoke mushroom up and merge into a vast pall that covers the hills and fills the valleys and still keeps rising. Hardly a dozen flaming villages add to the pall—and some of the smoke is deep and black. It comes from burning enemy vehicles and fuel dumps.

On ridge lines east of the Nakdong River scattered American infantry troops cheer and wave at the B-29's. It isn't every day the doughboys see these big bombers ride to his help and blast the enemy with the equivalent of 30,000 heavy artillery shells in two hours.

Transportation by helicopter, says the Encyclopedia Americana, is making it possible to map hitherto inaccessible areas.

Major and Mrs. Albert Feldman of San Antonio are the parents of a son born Tuesday night in Fort Sam Houston Hospital, according to information received here. Mr. and Mrs. James L. Kendrick of Midland are the baby's maternal grandparents. Mrs. Kendrick has been in San Antonio the last week.

Not until 1895 was helium gas discovered on the earth; it was found on the sun in 1868.

### + Crane News +

CRANE—Mr. and Mrs. Joe Dutton have received a letter from their son, Billy Joe, saying that he had completed his 13th mission over Korea. He is with the 30th Bomber Squadron stationed on Okinawa.

Mr. and Mrs. Oscar Heller, Jr., were recent guests in the home of her sister, Mrs. J. C. Waller, on the return from a honeymoon trip to Colorado. They were married August 5 in Weimar and will make their home here. She is the former Dixie Knight.

Mr. and Mrs. A. B. Corley have returned from a two-weeks trip that included a visit in Oklahoma. Nell Henderson of Abilene recently was honored at a party given by her cousin, Venona Hamblett. A special prize was won by Louise Tomlinson and Dolores White won the "hearts" prize. A gift was presented to Miss Henderson. Those present at the party included Ann McDonald, Shirley Green, Cornelia Lowery, Billie Marie Gooch, Judy Mathis and Betty Knell.

Mrs. Clyde Orr, her mother, Mrs. Estelle Owens of Gulf Camp, and Mrs. Theo Armstrong of Eunice, N. M., recently attended the wedding of Mrs. Orr's niece in Houston. Mrs. Owens remained there for a visit.

Mrs. O. B. Dutton and daughter, LaRue, are visiting with relatives here. They were accompanied to Crane by Mrs. Lou Strain, who had been visiting in Indian Gap. The Duttons plan to make their home here.

Mr. and Mrs. Louis Virdeil and daughters have returned from a visit in Mason, Houston and San Antonio. Mr. and Mrs. W. M. Virdeil and Dickie Modisett accompanied them to Houston and San Antonio, where Dickie visited with her grandparents.

Mr. and Mrs. C. B. Bost of New London are visiting in the home of Mr. and Mrs. Revis Griffith and family. Mrs. Griffith is their daughter.

J. R. Todd was admitted to the Crane Memorial Hospital. His condition is reported to be improving.

### Return From Vacation

Mr. and Mrs. Hugo Huffman and children, Gary and Mary Ann, have returned home after a month's vacation trip through the northern states. They visited with relatives in Michigan.

Mrs. L. L. Martin and Mrs. Willie B. Fillman have returned home after completing a two-weeks Audubon course of bird study in Kerrville.

Wives of Masons attending the Hill-Top program will be served a supper in the Crane High School cafeteria sponsored by the Crane Order of the Eastern Star. Mrs. Lela Wilson is program chairman and Mrs. Ethel Owens is in charge of arrangements.

Mr. and Mrs. C. L. Travis and family are visiting in Fort Worth.

Mrs. M. M. O'Neal and her sister, Mrs. Emma Jones, have returned from Dallas where Mrs. O'Neal underwent a medical examination. Mrs. Jones left Thursday for San Antonio, where her daughter is ill. Recent visitors with Mrs. O'Neal include Mr. and Mrs. W. T. Thomas of Monahan and Mr. and Mrs. L. B. Asberry of Odessa.

Mrs. R. V. Wilson, Jr., and daughter, Gayla, are spending two weeks visiting with relatives in West Virginia. Jimmy Wilson is staying with his grandparents, Mr. and Mrs. R. V. Wilson, Sr.

### Slumber Party

Joyce Parker was hostess at a slumber party recently in the home of her mother, Mrs. L. D. Parker. The group attended a movie and played games of canasta. Those attending the party were Sylvia Sullivan, Faye McCasland, Florence McDonald and LeVelle Avent.

Tom Hogan, Jr., attended a meeting of officers of the Organized Reserve Wednesday in Midland.

Mrs. John Felder of Aransas Pass is visiting in the home of her granddaughter, Mrs. Tom Hogan, Jr.

Charles Passur recently underwent medical examination at the Scott and White Hospital at Temple.

### The Frost Hotel Has Reopened

The Frost Hotel has reopened for business following completion of an addition and redecorating of the older part of the building. A completely new frontage on the hotel is of red brick and stucco and has aluminum frame windows. The hotel is air-conditioned throughout.

### Lions Club Band Convention Trip Pictures Shown

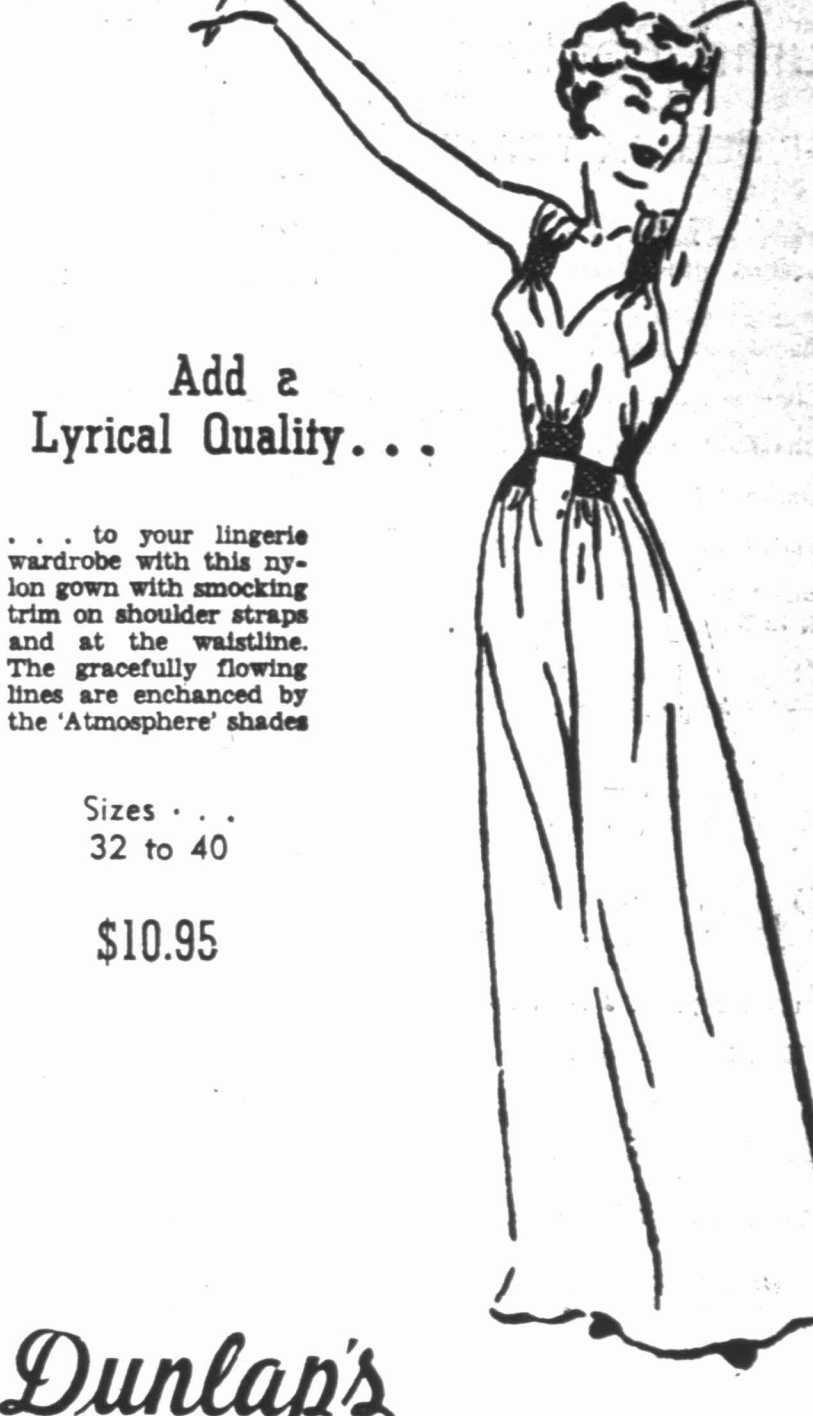

Films of the trip taken by the Lions Club Orchestra to the international convention at Chicago were shown Wednesday at the luncheon meeting of the club in Hotel Scharbauer.

Carl Hyde was commentator for the movies.

Special guests at the luncheon were wives and others who made the trip with the band. These included Mrs. John Biggs, Mrs. Ed Pritchard, Mrs. T. J. Inman, Mrs. E. E. Hyde, Mrs. The Fitzgerald, Mrs. Duke Jimserson, Mrs. C. A. Churchill, Mrs. Steve Shannon, Mrs. Joe Hullum, Nancy Roberts and Diana Daugherty.

Ed Pritchard presided. Joe Davis was appointed to membership in the attendance committee and N. P. Taylor to the Lions education committee.

### English Authorities Take Two American Citizens Off Liner

SOUTHAMPTON, ENGLAND (AP)—Two Americans were taken off the Polish liner Batory by British police Wednesday and turned over to immigration authorities.

The ship's master said he offered to take both men back to New York on his return voyage August 30.

The two are William Jesse Newton, 26, of New York and Howard Campbell, 29-year-old stowaway of Des Moines, Iowa.

Newton was taken aboard in the Atlantic Ocean about 100 miles off New York after he landed his rented seaplane alongside the ship August 8.

**Low On Gasoline**  
Capt. Jan Cwiklinski said the flier told him he lost his way and was almost out of gasoline.

"There was not quite half-gallon of gasoline in the plane's tank," the captain said.

Campbell came down the ship's gangway quietly but Newton protested volubly as he was put into the police van.

They were taken into custody by Detective Supt. Gordon Baker of the Southampton police and Detective Sgt. Bill Bentley of Scotland Yard.

Bentley was one of the Scotland Yard men who arrested Communist Gerhart Eisler when he arrived here in the same ship on his flight from the United States in May, 1949. Eisler later was released by a British court and continued his journey to East Germany.

**To Be Detained**  
Campbell, as a stowaway, probably will be detained here pending return to the United States.

A U. S. consular attache accompanied the police officers aboard the Batory and went with them and their two prisoners to police headquarters.

The exact charge against the two Americans was not revealed immediately.
