Pipe To Be Set On Humble 1 Midkiff, Midland Discovery

Humble Oil & Refining Company No. 1 Midkiff, prospective Spraberry discovery in Southeast Midland County, has proven seven more feet of pay, and operators are preparing to run seven-inch casing to make production tests.

On the most recent drillstem test at 7,327-27 feet, recovery after one hour and 45 minutes was 580 feet of clean oil and 490 water. Gas surfaced in the first 35 minutes of the test. The discovery now has proven approximately 31 feet of pay, from 7,306 to 7,337 feet.

When the casing, which is set at 7,260 feet, cures, the venture may be cored slightly deeper before production tests are run.

Original Ellenburger Test
This Spraberry sand discovery originally was planned to test all formations down to and including the Ellenburger at approximately 12,500 feet.

It is 16 miles east of the Pegasus multipay field and 1 1/2 miles south of the Tex-Harvey pool, the nearest Spraberry production. Exact location is 690 feet from north and west lines of section 46, block 38, T-4-S, T&P survey.

Top of the Spraberry was picked at 7,290 feet, on a minus datum of 4,305 feet.

Wolfcamp Pay To Be Cased Off By Park's Outpost

Instead of attempting to complete from the Wolfcamp where production is indicated, Magnolia Petroleum Company has decided to deepen its No. 1 Collings, north offset to the discovery well of the Parks-Ellenburger pool in Central-West Midland County to the Ellenburger.

Production possibilities were indicated on a drillstem test at 9,181-250 feet, on which 500 feet of clean oil and 4,237 feet of mud cut oil were recovered.

Operator deepened to 9,300 feet in lime and shale, which showed barren production in samples. Seven and five-eighths inch intermediate pipe is to be set at 9,300 feet to protect the possible Wolfcamp pay, then the venture will be drilled to test the deeper zone.

Southwest Of Midland
The No. 1 Collings is a north offset to the Magnolia No. 2 Parks and is located 10 miles southwest of the city of Midland.

Exact location is 690 feet from south and 88.8 feet from east lines of southwest quarter of section 7, Matt Daugherty survey, S. F. 4189.

The No. 2 Parks developed flowing production from both the Pennsylvanian and Ellenburger formations, and was completed from the Ellenburger.

NW Upton Opener To Be Reacidized

Sinclair Oil & Gas Company and Magnolia Petroleum Company No. 1 G. R. Davis, wildcat in Northwest Upton County, swabbed and flowed 80 barrels of new oil in the last 24 hours from Ellenburger perforations at 12,100-200 feet.

Operators have shut in the venture and are preparing the reacidize with 10,000 gallons.

Since it started making oil early Saturday morning, this new discovery has produced 210 barrels, including the above 24-hour gauge.

The No. 1 Davis already has been shot with 1,000 gallons of mud acid and 2,000 gallons of regular acid.

This indicated discovery is six and one-half miles southwest of the Pegasus field and 690 feet from north and east lines of section 20, block 41, T-4-S, T&P survey.

Dawson Tester Tops Pennsylvanian Reef

Fred M. Manning and Bay Petroleum Corporation No. 1 Huddle, wildcat in Central Dawson County, one and one-half miles southwest of the town of Lamesa topped the Pennsylvanian lime reef at 9,754 feet, elevation 2,974.

The project is drilling below 9,840 feet in lime. The first 96 feet of the reef had no shows of oil or gas.

This wildcat, originally scheduled to be drilled to 7,000 feet to test the Spraberry sand, indicated commercial production in that sand on a drillstem test at 7,890-78 feet.

Operators decided to drill on down to test the Pennsylvanian.

The Spraberry was topped at 7,585 feet.

Outpost Is Scheduled To SE Andrews Field

Stanford Oil & Gas Company has staked a diagonal northeast outpost to its No. 1-E-David Paken, discovery and only producer of the Paken field in Southeast Andrews County.

This new venture will be the No. 1-Y-R/A-B Midland Farms, two miles from production in the Midland.

Truman Puts Veto On MacArthur Try At Policy-Making

WASHINGTON—(AP)—President Truman has cracked down on Gen. Douglas MacArthur for proposing to make a statement on Formosa which the White House regarded as an improper venture into the field of foreign policy-making.

Presidential Secretary Charles G. Ross disclosed Monday that Truman personally directed that MacArthur withdraw the statement he had sent to the Chicago encampment of Veterans of Foreign Wars. In that statement, MacArthur had declared the safety of the United States demands that Formosa remain in friendly hands.

This was, at the least, of tangent from the Administration's declared policy that Formosa's future must be settled at the international level.

So Truman, in addition to the crackdown on MacArthur, made public a letter to Warren Austin, the American ambassador to the United Nations, repeating his Formosan policy "to the end that there be no misunderstanding concerning the position of the government of the United States."

One Jailed, Two Sought In Manhunt

One man was apprehended and officers from Midland and Garden City were searching for two more men Monday in the brush country five miles southeast of the city, all wanted in connection with the burglary of a hardware store in Garden City.

The alertness of a Garden City resident, E. R. Morgan, put the officers on the trail of the trio. When the one man was captured early Monday on the Garden City highway, five rifles, a pistol, a number of burglar tools and several other articles were discovered.

Morgan heard the three about 3 a.m. Monday attempting to knock the knob on a safe in the Houston-Cook Hardware Store in Garden City. He got his gun and notified Sheriff Walter Teel of the burglary.

The three burglars reached their car before officers could arrest them and took off toward Midland. Morgan notified officers here and a road block was set up.

Night Patrolman Clyde Allison and Lt. Dick Hemingway jumped the wanted car first about six miles from the city. Ranger John Wood was holding the road block about a mile out.

The city officers gave chase. As the chased car sped along, the three suspects started tossing away guns and tools they had taken from the store.

Lights Out
Ranger Wood said the automobile stopped once after driving with its lights out for a ways. That is when the other two men left the car, officers believe.

The city officers kept up the chase and forced the car toward the road (Continued On Page Ten)

'Get Acquainted Week' Calendar

Here's a calendar for "GET ACQUAINTED WEEK" in Midland:

TUESDAY—Neighborhood Day. Get acquainted with the folks on your block, street and neighborhood.

WEDNESDAY—Family Day. Get better acquainted with your family. Do something unusual that the whole family enjoys. Take the family out to dinner; to the theater, playground or some other entertainment spot. Take a gift to the wife.

THURSDAY—Get Acquainted with Midland Day. Drive over Midland's new paved streets; see the many attractive new homes; visit public institutions—city hall, courthouse, library, museum, Chamber of Commerce, water works, parks, schools, etc. "It's great to live in Midland."

FRIDAY—School Teacher Day. Get acquainted with faculty members of Midland schools who are ready to start the 1950-51 school term.

SATURDAY—Business Day. Get acquainted with the merchants and the persons who serve you in Midland's progressive and friendly stores.

Judge Moss Here For Court Session

District Judge Paul Moss, of Odessa, was in Midland Monday to conduct a 70th District Court session.

Several divorce cases were heard by the judge Monday morning. Judgment in the civil suit, Norman P. Hoffman vs. R. H. Murray et al., also was to be pronounced by the judge. The case had been heard in late July when a jury returned a verdict in the form of 40 special issues.

Commissioners Meet In Regular Session

Midland County commissioners met Monday in their regular semi-monthly commissioner's court session.

County Judge Clifford C. Keith presided at the meeting. Several routine business matters were to be discussed during the session.

Simple Handshakes Pay Off To Duo Of Friendly Citizens

A simple handshake was worth \$5 to two Midlanders Sunday, and a similar experience is in store for two more friendly citizens each day this week, as a part of "GET ACQUAINTED WEEK."

Sunday morning, B. A. Kelly and Hilory G. Bedford received envelopes containing certificates good for \$5 each from "Mr. Get Acquainted" and "Mrs. Get Acquainted" because they stopped to introduce themselves.

Kelly, of 706 West Illinois Street, a landman, stopped after services at St. Ann's Catholic Church and introduced himself to Hugh M. Wallace, the day. Wallace, a new Midland resident, is employed at Mims and Stephens.

"I didn't expect anything like this," Kelly said when he was given the envelope. "I had just seen you in church before, and thought I'd stop and say hello."

The other award was made before services at the First Christian Church. Mrs. Lex B. Smith, wife of (Continued On Page Ten)

All Midland Swings Into Spirit Of 'Get Acquainted Week'

Midlanders became better acquainted with their churches and with their fellow church members Sunday as they observed "Church Day," which marked the official opening of "GET ACQUAINTED WEEK" in Midland.

Most churches of the city joined in the observance, with the "GET ACQUAINTED" theme stressed by a number of them. Church attendance throughout the city was reported as "excellent" and more than usual handshaking was reported following the morning service.

"Friendship Day" is being observed Monday, with citizens shaking hands and making up following Saturday's election. Everyone is urged to "bury the hatchet" on "Friendship Day."

Tuesday is "Neighborhood Day" throughout the city. Everyone is urged to "GET ACQUAINTED" with the folks on their streets, blocks and neighborhoods. It is one of the (Continued On Page Ten)

Mrs. A. L. Wasson Dies At Big Spring

BIG SPRING—(P)—Mrs. A. L. Wasson, 76, wife of a prominent West Texas rancher and Baptist philanthropist, died here Sunday after a long illness.

Mrs. Wasson had joined her husband in about \$2,000,000 in gifts to Baptist institutions, missions and similar causes.

Funeral services are scheduled at 2:30 p.m. Tuesday in the First Baptist Church here.

★ LATE NEWS FLASHES ★

WASHINGTON — (AP) — The Senate Armed Services Committee Monday approved unanimously legislation allowing a draft of doctors, dentists and medical specialists for military service.

WASHINGTON — (AP) — Republicans Monday put into the Congressional Record the text of Gen. Douglas MacArthur's statement on Formosa; and sharply criticized President Truman for directing that the general withdraw it.

WASHINGTON — (AP) — President Truman Monday signed the revised Social Security Bill adding approximately 10,000,000 persons to the old age pension rolls.

NEW YORK — (AP) — The U. S. Court of Appeals Monday revoked the bail of 11 Communist leaders convicted last Fall of conspiring to advocate violent overthrow of the government and gave them 30 days to try to stay their jail terms.

PROFITABLE HANDSHAKE—Hilory G. Bedford, long-time Midland rancher and civic and church leader, was the first person to shake hands with Mrs. Lex B. Smith, left, a comparative newcomer in Midland, at services at the First Christian Church Sunday. As a result, Mrs. Smith, who had been selected as "Mrs. Get Acquainted" for the day, handed Bedford a certificate good for \$5 when presented to The Reporter-Telegram. The astonished recipient, who long has made it a practice to greet and shake hands with strangers, promptly gave the \$5 to the church.

White's Margin Widens

By The Associated Press

John C. White of Wichita Falls still held a comfortable margin in his race for Texas agriculture commissioner, Monday noon tabulations by the Texas Election Bureau showed.

The unofficial total gave White a lead of 7,011 votes.

There had been little overnight change, the bureau reported. White picked up 237 votes, following a trend which began at 9 p.m. Saturday.

Bob Johnson, bureau head, said reports Monday showed there were fewer votes outstanding than was estimated Sunday night. He said he thought there were only about 20,000 votes not counted.

Other Races Settled
At noon, White had 345,924 votes compared to 338,913 votes for his veteran opponent, J. E. McDonald, who has held the agricultural post for 20 years.

The bureau, an unofficial vote gathering agency, at noon Monday had reports from 251 counties, 161 complete.

The bureau planned another tabulation Monday afternoon. It did not tabulate results Monday in other races, since decisions seemed assured earlier in these contests in the second democratic primary.

The final Sunday count, showed these other totals:
Ramsay 443,972, Brooks 272,302, Morrison 386,800, Lattimore 274,220.
Wilson 385,393, Dickson 289,541, Griffin 435,152, Harwood 227,020.

Unofficial Returns Give Regan 4,568 Margin Over Moss

Congressman Ken Regan of Midland won over Paul Moss of Odessa by 4,568 votes in Saturday's primary to win reelection to a second full term as representative from the 16th Congressional District.

Unofficial returns from the district's 19 counties, 16 of them complete, gave Regan a total of 23,150 votes to 18,582 for Moss.

Regan led in 15 counties in polling 55 1/2 per cent of the district vote, which totaled 41,732. Approximately 50,000 votes were cast in the July 22 democratic primary.

Midland County voters gave Regan a three to one majority—the vote being 2,161 for Regan and 720 for Moss. The vote in Regan's home county was 3,809 for Moss and 2,596 for Regan. In El Paso County, Regan received 9,639 votes to 8,595 for Moss.

Congratulatory Messages
Scores of congratulatory messages were received by Congressman Regan Sunday and Monday. Sam Rayburn, Speaker of the House, telegraphed congratulations to Regan upon his reelection. The Speaker also sent a congratulatory message to Mrs. Regan.

Regan Monday morning was attempting to contact Speaker Rayburn by telephone to determine whether Congress plans to continue in session or recess for the Labor Day weekend. Mr. and Mrs. Regan plan to spend several days in Santa Fe, N.M., vacationing and resting up, before returning to Washington.

The Midland legislator again Monday expressed appreciation to West Texans for their fine support and confidence.

Enemy Gains Some Ground In Northeast

TOKYO—(AP)—The Korean Reds drove back the right wing of the Allied defense line on Korea's east coast Monday, then lost some of their gains to a South Korean counter-push. But they were maintaining strong pressure on the Pohang sector Monday night.

In a dispatch filed at midnight Monday from Pohang, AP Correspondent Tom Lambert said that after having lost considerable ground, mileage undisclosed, the South Koreans edged back northward late Monday in an attempt to lift the sagging defense line. They had American air, artillery and naval gunfire support.

Lambert said the South Koreans had reached the southern edge of a broad valley leading towards Kyje, 18 miles northwest of Pohang, but the Reds still held Kyje and were reported making new aggressive moves after dark Monday.

Whole Front Advances
U. S. pilots said the whole northern front—east and west from the Nakdong River to the east coast—was afloat.

The most severe fighting was before Pohang on the Sea of Japan east coast, and 22 miles north of Taegu near the Red-held Village of Uihung.

Red infiltrators were seen behind South Korean lines north of Taegu. The Reds were two and a half miles out of Pohang.

AP Correspondent Hal Boyle at Pohang, 65 miles north of the main Allied port of Pusan, reported a U.S. cruiser and three destroyers joined land artillery in pounding the advancing Reds. But the North Koreans advanced in the teeth of the fire.

Boyle reported U.S. infantry, powerfully supported by armor, moved into position to backstop the South Koreans trying to hold Pohang.

4,000 Red Troops
U. S. Fifth Air Force pilot observers reported heavy fighting from Waegwan, 12 miles northwest of Taegu, all the way to the east coast—45 airline miles. The pilots said the Red drive was going strong.

The South Koreans fought stubbornly. But they were forced back by superior numbers.

The Reds had thrown into the (Continued On Page Ten)

Five-Point Plan Would Halt Spiral

WASHINGTON—(AP)—The Committee for Economic Development Monday called for a swift and rigorous tax-and-save program to take the inflationary wallop out of military spending.

The businessmen's planning organization, in a special report, forecast that total defense outlays may zoom to a rate of \$30,000,000,000 or \$35,000,000,000 annually a year from now.

CEC said it can be handled on a non-inflationary pay-as-you-go basis if swift measures are taken, and offered this five-point plan of action:

1. Curtail government non-military expenditures to the maximum possible extent x x x
2. Raise taxes, so that as the military program absorbs production, taxes will withdraw income from private hands. The CEC did not recommend an excess profits tax but said one may be necessary in an extreme emergency.
3. Conduct a savings program x x x an effective savings bond program.
4. x x x Sell more (government) bonds outside the banking system and reduce the supply of money.
5. Restrict credit to curtail the demands that are financed mainly by credit expansion—notably the demands for consumers' durable goods, for housing, and for business plant, equipment and inventories.

Committee Canvass Makes Runoff Vote Tabulation Official

The vote cast in Saturday's second democratic primary here was canvassed and the results declared official by the Midland County Democratic Executive Committee at a meeting held Sunday morning in the courthouse.

Louis A. Bartha, committee chairman, again expressed appreciation to those who assisted in holding the runoff election. The vote counting was completed and the unofficial results were available before 9 p.m. Saturday.

A total of 2,901 votes was cast. Only a few minor changes were detected in the canvass.

The official Midland County vote was listed by the Democratic Committee as follows:

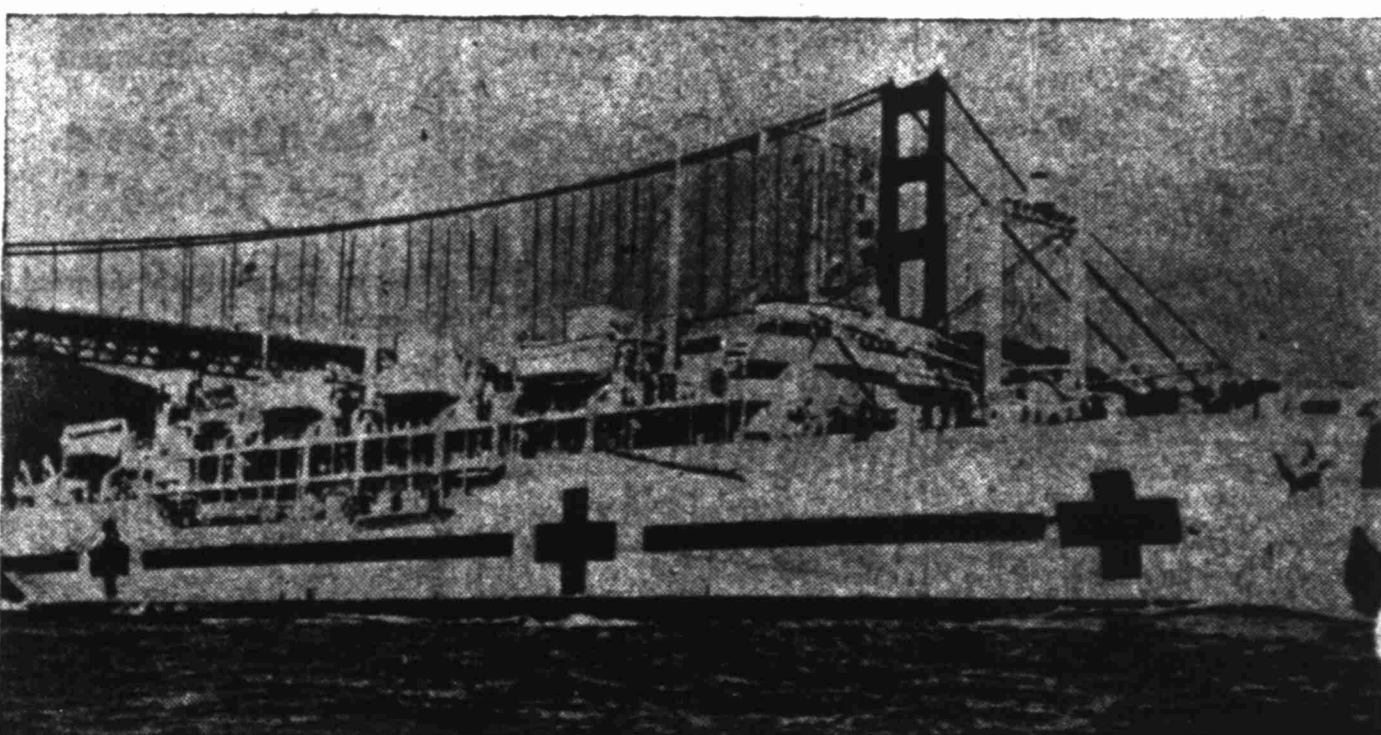

Lieutenant Governor—Pierce P. Brooks 813, Ben Ramsey 2,040; Associate Justice Supreme Court (Place No. 1)—Will Wilson 1,739, Fagan Dickson 1,041; Associate Justice Supreme Court (Place No. 3)—Maude P. Griffin 2,045, George W. Harwood 853; Judge of Court of Criminal Appeals—Robert L. Lattimore 1,465, W. A. Morrison 1,235; Commissioner of Agriculture—John C. White 1,230, J. E. McDonald 1,451; Congress—Paul Moss 720, Ken Regan 2,161; District Judge—R. W. Hamilton 2,278, Raymond Stoker 991; Democratic Committeeman Precinct No. 5—W. E. Pigg 185, J. L. Davidson 192.

Horse Show Will Feature Labor Day Celebration Here

Chappell Davis, horse show chairman of the Midland County Sheriff's posse, announced Monday that plans are being perfected for classes of both five-gaited and jumping horses for the posse-sponsored Labor Day calf roping and horse show to be presented here next Monday.

The American saddle-bred, five-gaited horse is not altogether new in this part of the country, and is gaining popularity as a show and pleasure horse, Davis said. He believes that showing this type horse in conjunction with the roping event will be accepted with a great deal of enthusiasm.

A jumping team from El Paso will be on the program. Jumping horses always thrill the crowd, and are included in horse shows of major importance throughout the country, Davis stated.

START OF ILL-FATED VOYAGE—The Navy hospital ship Benevolence, recently taken out of "moth-balls" and refitted for Korean duty, is seen steaming out of San Francisco harbor before her collision with the freighter Mary Luckenbach. The early-morning accident, which cost at least 18 lives as the Benevolence sank, is being investigated by a naval board of inquiry.

30 Area Youths Take Physicals

A group of 30 Midland, Sterling and Glasscock County youths left Midland early Monday for Abilene, where they were to be given physical examinations for possible induction into the armed forces.

The group brought the total sent from Midland Selective Service Board 123 to 153 in the last month.

A call for 26 more for physicals in September has been received by the Midland board. Names of those examined will be withheld until they actually are inducted.

**Warner Brothers 'Fess Up
Why Brando Has To Dress Up**

By ERSKINE JOHNSON
NEA Staff Correspondent

HOLLYWOOD — There's a sizzling angle to Marlon Brando's sudden dignity and well-pressed suits. You won't be seeing the Brando of the battered leather jacket until "A Streetcar Named Desire" gets off the sound tracks. That's by order of Warner studio top generals, who don't want any off-beat male star taking the publicity spotlight away from Vivien Leigh.

A lot of extra-sharp Hollywoodians are pretty certain that the writers of Lana Turner's "A Life of Her Own" had a certain beauty expert in mind when they penned it. MGM might as well come out and call the picture "No Life of Anita Colby's Own."

Dick Haymes is following Dick Powell's footsteps as crooner turned tough guy. He'll play a private investigator in "The Note That Wasn't Heard" for the Danzinger Brothers.

Robert Riley Crutcher is plotting to package "One Way Ride," a comedy western.

Walter O'Keefe, after hearing about "Winchester 73" and "Colt 45":

"Maybe they'll star me in 'Cap Pistol 8'."

The blonde beauty who is comforting Bartlett over June Haver's decision to duck love is Ruth Lewis. She's in "Born to Be Bad."

Before Katharine Hepburn climbs into the clothes of the missionary's sister in "The African Queen," she'll have to give Metro 30 days to say she can do it. Leo's got first call on Katie's emoting when she's ready to face the cameras again.

Commedianting Joan Davis plays her first glamor girl with Ginger Rogers and Jack Carson in "Illegal Bride." She even wears a sexy nightgown whipped up by designer Elois Jensen.

"My comedy fans don't have to worry, though," says the movie funnywoman. "I wear fur slippers and a hat trimmed with peanuts."

Ask Joan about the tussle for her part between Danny Elman and Dick Kory, and she says: "I don't like to talk about my romantic life. It might get me into trouble."

It will come as a shock to those who have followed Errol Flynn's career (how can you avoid it?) to discover he has assigned himself the secondary role in his first independent production, "The Bargain."

The film lead, set for Micheline Prele, is by far the largest . . . Danny Thomas, the comic, can have the lead in "Up Front With Maudlin" if he'll sign a long-term contract.

Quick description of Betty Hutton: Star of stage and screen.

The Rome background for "Quo Vadis" may be legit, but the hair styles won't do. Sidney Gullaroff was summoned to Italy to create new Roman hair styles for Deborah Kerr . . . For heaven's sake: Robert Maxwell is getting \$100 an hour teaching Clifton Webb how to play a harp for his angel role in "For Heaven's Sake." . . . It's Terry Moore as the feminine star of Columbia's "The Barefoot Mailman."

Inflation note: Mayne Meadows and Clinton Sundberg appeared in the last Thin Man picture made by William Powell and Myrna Loy. Now they're in "The Fat Man" at U.I.

Star Pupils

Red haired, 22-year-old Beverly Tyler, who will give Broadway a treat this Winter if she lands a starring role in Cole Porter's "Out of This World"—the contract is in the negotiation stage—has school memories that would make any bobby-soxer swoon.

She was signed at MGM at 14 and went to school in the same studio classroom with Liz Taylor, Jane Powell, Margaret O'Brien, Virginia Weidler and Vicki Laine. Vicki picked her up ever morning in a bright green Cadillac.

Liz Taylor, Beverly remembers, was dashing around in pigtails with a pet chipmunk on her arm and Virginia Weidler was forever on the telephone—"if you wear high heels at school today I will too."

One day Louis B. Mayer visited the schoolhouse. He stood by the "flag pole." Beverly recalled, "and

DESIGNER DETAINED—Elsa Schiaparelli, world-famed Parisian fashion designer, was detained by police at Nice, France, as she was about to fly to Tunis in North Africa, when certain jewels, which she had reported stolen earlier, were discovered in her baggage. Undeclared American currency was also found hidden between the pages of a book among her belongings.

"The whole thing was an oversight," she protested.

**Hotel Guests Veto
Lattimore Address**

PORTSMOUTH, N. H. —(AP)— A scheduled speech by Owen Lattimore was cancelled by the management of the fashionable Wentworth-by-the-Sea Hotel Sunday night because of protests by guests.

James B. Smith, owner of the resort hotel, said 210 of 350 guests voted 121 to 89 in a poll against Lattimore's appearance at an informal "Sunday night entertainment session." The 140 other guests, he said, did not return ballots.

Smith said he decided on taking a poll to determine the sentiment of the majority of guests after several protested verbally.

Lattimore, a Far Eastern expert, recently was charged by Senator McCarthy (R-Wis.) with being Russia's "top spy" in this country. He was cleared of all charges by a Senate investigating committee.

The thyroid is a gland of internal secretion which lies in the front of the neck. It does not have a duct or passageway to empty its secretions and therefore the hormone which it manufactures goes directly into the bloodstream.

When behaving normally, the thyroid produces just the right amount of secretion for the needs of the body. It helps to regulate the actions of other internal glands and also to keep the heart rate regular.

If the thyroid gland starts misbehaving it may produce too much secretion or a secretion which is abnormal. The result is the development of a condition which is known as toxic goiter of which there are several kinds.

In a toxic goiter the thyroid becomes somewhat enlarged. The other symptoms vary but the most common besides enlargement are a rapid heart rate, bulging eyes, trembling of the hands, nervousness and loss of weight. Sometimes these symptoms alone are enough to make a diagnosis.

Almost always, however, doctors wish to have a metabolism test

**Britain Announces
Uranium Discovery**

LONDON —(AP)— The British government has announced discovery of the largest single deposit—perhaps a million tons—of uranium located in the British Isles.

The ministry of supply said the ore, in Northern Wales, is of "extremely low yield."

The Department of Scientific and Industrial Research, however said the ore is "in no way inferior" to deposits being worked by the Russians in East Germany. The scientists calculated the ore would yield 80 grams (less than three ounces) per ton.

**Major Hess, One-Man Air Force In Korea,
Is Grounded By Orders—But Not For Long**

By STAN SWINTON

MASAN, KOREA —(AP)— Maj. Dean Hess, the "one man Air Force" of the South Korean war, has been grounded by official order.

But only until he can take the air again leading South Korean fliers against the Reds.

"And that won't be long," the handsome, 32-year-old airman from Marietta, Ohio, said Monday.

So far as the infantry is concerned, Hess probably is the outstanding air hero of the war. They know him by his radio call sign—"Macintosh One." That's a sign an F-51 fighter, with South Korean forces marking, will flash down to tree-top level to blast enemy machine guns and troops.

Hess flew 95 missions in less than two months. Sometimes he made six sorties in a day.

Infantry units he has supported have written to his commanders, recommending him for medals ranging up to the Distinguished Service Cross.

But for Hess the greatest reward was that infantrymen down in the flea-infested fox holes thanked him time and again.

Once he saved 25 surrounded American soldiers by strafing within 50 feet of them from an altitude so low the soldiers said the Reds could have hit his plane with rocks.

Hess, a flying scholar who holds a master's degree from Ohio State University in diplomatic history, officially is head of the South Korean Air Force Advisory Group.

The order for him to stop flying

**'My Favorite Good Neighbor' Contest
Attracts Interest**

A contest to select three very good neighbors of Midland opened Sunday under the sponsorship of The Reporter-Telegram in conjunction with "GET ACQUAINTED WEEK."

Fifty dollars in prizes will be awarded the three winning Good Neighbor nominees.

Contest entries are invited to nominate their favorite neighbors, writing on the subject, "My Favorite Good Neighbor is . . ." stating their reasons in 80 words or less. Entry letters must be received by The Reporter-Telegram not later than Friday noon. Winners will be announced next Sunday.

The letters, with the names of the nominees blanked out, will be judged by a secret committee, the members of which in no way will be connected with The Reporter-Telegram.

The first place winner will receive \$25; second, \$15; and third, \$10.

The contest is open to everyone with the exception of Reporter-Telegram employees and members of their families.

Kermit News

KERMIT—A combined city-county paving project of more than 78 blocks now underway is expected to give Kermit more paved streets on a per-block basis than most cities in the Permian Basin, according to A. M. East, Winkler County engineer. This year's program of street paving is a follow-up of one last year which included more than 60 blocks.

Members of the American Legion are rushing plans for a new Legion Hut, M. H. Alberts, chairman of the building committee, announced. A plot 208 by 200 feet has been secured on the south side of the Odessa Highway, just east of Kermit. It has been cleared, leveled and a water well has been completed. As designed, the building will cost nearly \$15,000, with an additional \$12,000 earmarked for equipment, Alberts said.

Pre-school registration began last week for Kermit students, and is to continue through Monday, G. E. Thompson, superintendent of schools, announced. Classes will begin September 5. Construction of the new one-million-dollar high school building is several months behind schedule, and Thompson said classes will be held in the present building until completion, now estimated for February.

The Kermit unit of the Texas State Teachers Association will be host to faculty members at a breakfast August 31 at the school cafeteria on the east campus. Irvin Clayton is president of the Kermit group. The faculties then will go to a workshop on Friday and Saturday. The workshop will familiarize new members with the system, make general plans for the school year, and will include unit meetings and departmental planning meetings.

The first sponsored radio broadcast over WFAP of New York City in 1922, cost \$100 for a ten-minute sales talk on real estate.

And being in an agony he prayed more earnestly: and his sweat was as it were great drops of blood falling down to the ground.—Luke 22:44.

Let's 'Bury The Hatchet'

'Friendship Day' is being observed in Midland Monday in conjunction with 'Get Acquainted Week.'

The special day, falling as it does immediately after the second Democratic primary, affords everyone the opportunity of shaking hands and making up, now that the election is over and the winners declared.

Office holders, campaign issues, differences of opinions, etc., all have been decided by the voters and it is hoped that citizens in general will "bury the hatchet" and again get together in working for the continued growth and betterment of Midland and of West Texas.

Congratulations and best wishes are extended the winners in Saturday's election—particularly to Congressman Ken Regan and District Judge-Elect R. W. (Bob) Hamilton, both of Midland, who were victorious in the runoff contests.

Most of the candidates in Saturday's election have said they have no ill feelings toward any citizens, regardless of how they voted, and other persons should feel the same way about it.

'Friendship Day' also is an excellent time for residents in general to forget their differences along all lines and to become better acquainted—thereby becoming better and more sociable friends and neighbors.

Let's make 'Friendship Day'—the second day of Midland's 'Get Acquainted Week'—really mean something in Midland and in the Permian Basin Empire.

Attention, Army Paymaster

It has been some time now since anybody has referred to what is going on in Korea as a "police action."

The foxholes there are just as muddy and uncomfortable as the ones the American GI's dug back in what is now being called "the other war."

When it rains, which is often, it is just as miserable as it was in Normandy and St. Lo. The sun and the jungle rot and the "bloody nose" ridges are just as relentless as they were at Guadalcanal and Iwo Jima.

The scream of artillery shells, the whine of a sniper's bullet, bring on the same cold sweat and are no less fatal in the hands of North Koreans than they were in the hands of Nazis and Japs.

And who gets the biggest mouthful of all this?

The infantryman. The doughboy, the dogface. The nicety of fighting under the flag of the United Nations is a little bit lost on GI Joe, pinned on his belly while somebody else from north of the 38th parallel lobs mortar shells all over his neighborhood.

Combat is the infantryman's job, 24 hours a day. And since he's doing that job, he is beginning to wonder what's happened to the extra \$10 a month he got for being a combat infantryman in that "other war."

Back in Washington they're busy with defense figures that run into billions, and a 10-dollar bill is easy to lose in the shuffle.

For that matter, it isn't very much money—except to the infantryman. It's combat pay, and he's in combat, and he feels he has it coming to him.

'We're fighting for the same principles as the guys in the last war,' a private on the Korean front line told one war correspondent the other day. 'We're taking the same stuff as they did. Why ain't we getting the 10 bucks a month they did?'

They've started giving those front-line GI's combat infantrymen's badges now. So the foot soldier's firm belief that he's been in combat all along in Korea must be official.

Somebody better pass the word to the paymaster, too.

Now comes the season for the thoughtless people who step on the gas, rock the boat and think they can beat a train at a crossing.

Oh, for the good old days when we grownups could wait up to kiss the kids good night and still get to bed at a decent hour.

Success is what you have when you make your pile. Luck is what the other fellow has when he does the same thing.

One house burns in the U. S. every 40 minutes—which has nothing to do with the housing problem being such a burning issue.

'Now Then, Do I, Or Do I Not, Get What I Want?'

The Washington Merry-Go-Round

By Drew Pearson

(Copyright, 1950, By The Bell Syndicate, Inc.)

Drew Pearson says: The best vacations are spent at home; Cows don't kick like politicians—though they do have two deadlines a day; Filling the silo was more restful than sea breezes.

WASHINGTON — Every year about vacation time there is a big argument in the Pearson family—not about Senator Taft—but about what to do during our vacation.

The little woman naturally wants to get away from home. For some strange reason she seems to feel she should get away from three meals a day, moths in the piano and musical crickets under the radiator.

However, Mrs. P. did have quite a time with her dog, which finally brought forth two pups, compared with my cat which had three kittens.

Oh, yes, I forgot to say that in order not to be too hardhearted, I took Mrs. P. up to Long Island where we took in the trotting races

So They Say

You and I and the rest of this generation will never live again in a peacetime economy.

Never in the past have the two great wings of labor seemed so close together. Never has our labor movement seemed so near to broadening political activity . . . into organic singleness.

Communists talk of freedom while they murder it. They talk of peace while they support aggression. They pretend to virtues which their philosophy rejects.

It appears that a considerable number of speculators are intent upon "cashing in" on the opportunity afforded by the emergency situation which now faces the nation.

Liberty could not survive without two parties. It has been proved that a party that remained dominant or a one-party system always has led to a country's downfall.

Q—To which nation does the Tierra del Fuego group of islands belong?

A—It is divided into two sections, one belonging to Argentina, the other to Chile.

Q—Is Armistice Day observed in the state of Tennessee?

A—Yes, but it is called Victory Day in Tennessee.

A little boy, inspecting a big house which was under construction, had climbed up on the roof. He suddenly lost his hold and began sliding. He exclaimed: "Oh, Lord, save me, Lord; save my mind, Lord; I'm hung on a nail."

JACOBY ON BRIDGE

By OSWALD JACOBY, Writer for NEA Service

'Please tell us what went wrong with us on this hand,' asks a Trumbull fan.

'West opened the ten of spades, and East overtook with the jack to return his low trump. South finessed the nine of hearts and West won with the ten. West returned

his remaining spade, and East won with the nine. East then returned the jack of hearts.

'It didn't really matter what South did on this trick. He was bound to lose three diamonds, three trumps, two spades, and a club. He was down four for a penalty of 1,100 points.'

'It seemed to us that South had a fairly good overall. After all, what are you supposed to do with a fairly strong five-card suit in a hand that contains about three honor tricks? If you keep passing such cards the enemy will steal every hand.'

'West's double was very close and probably a very fine bid, but this does not settle the problem of what South should have done with his hand. Was it worth a bid or wasn't it?'

It was worth action, but it was not worth a bid. South should have doubled for a take-out instead of bidding two hearts.

There is no game unless South strikes his partner with a fairly good hand. If North has a good hand he will hasten to make a strong response to the take-out double.

If North has a moderately strong hand, North and South may be able to out-bid their opponents and play the hand at a reasonable partnership contract.

It is the job of the Five Percenters—the commission agent middleman who knows what the government wants to buy—to be responsible for finding the promoters a product to make and a contract on which to bid.

WASHINGTON COLUMN

Helped By 'Influence Peddlers' Promoters Can Build Fortunes

By PETER EDSON, NEA Washington Correspondent

WASHINGTON—"Five Percenters" and "Influence Peddlers" who try to obtain special consideration for their clients through government contracts resort to many ingenious and devious practices.

One angle recently attempted was an effort to get a defense contract for a certain company on the grounds that it would help relieve unemployment in a distressed area. Basis for this claim was an order from the White House itself, dating back to last August.

President Truman at that time had directed that government departments which do heavy buying should switch procurement where feasible to nine "E" areas in which unemployment was more than 12 per cent.

Last February there were 43 of these "E" areas. Today there are only 22, and the next monthly report will show even fewer.

A typical effort to take advantage of this situation, however, has been described somewhat as follows: A group of promoters, eager to get in on some of the government's expanded buying for national defense, located an idle plant in a distressed area. An offer to buy or lease the plant, contingent on receipt of a government contract, then was negotiated with the owner.

A brochure then was prepared, describing all these lovely manufacturing facilities and telling how big an idle labor force was available in the area. Copies were sent to the White House, the chiefs of staff, and government procurement offices.

At this stage the promoters had nothing to sell. They had no particular experience in manufacturing. They merely were looking for something to make which they could sell to the government.

It is the job of the Five Percenters—the commission agent middleman who knows what the government wants to buy—to be responsible for finding the promoters a product to make and a contract on which to bid.

New companies entering this field are often at a disadvantage. Filing a first order involves high costs. Established competitors are always in a position to make lower bids. So the promoters and their Washington agent try to have their business put in a special category.

Getting Department of Commerce backing for a small business is not too difficult. Getting Department of Labor support for anything that will relieve unemployment is in the same class.

Three Men Escape As Dynamite-Laden Truck Crashes, Burns

BETHLEHEM, PA. (AP)—Three men escaped with minor injuries Sunday night as a big trailer-truck loaded with dynamite collided with a smaller truck and then caught fire.

All three leaped clear of the wreckage seconds before the gasoline tank of the larger truck—carrying 900 cases of dynamite—exploded.

The explosion and fire that followed attracted a crowd of 3,000. Firemen brought the blaze under control two hours later.

None of the dynamite—being taken from the Hercules Powder Company plant at Dover, N. J., in Clarksburg—exploded.

What's Right? You leave an important telephone message with a maid who doesn't seem certain of your name.

WRONG: Just hope she'll get the message straight. RIGHT: Tell her you will wait while she gets the pencil and paper. Then spell your name for her and have her repeat the telephone number to be sure she has it right.

THE STORY: A wave of dog poisoning causes high feeling in the small town where Doc Ferguson, who tells the story, runs the leading pharmacy. Evidence points to Roger Blissen, a postman who is afraid of dogs.

I WAS already late and the time I'd spent with Roger Blissen was making me later and so I had to leave him and run to the store.

Betsy Sharpe was in the store as yet and it had been my day to come early. But there hadn't been anything doing, so my being late hadn't made any difference.

ALL the time I rearranged the prescription slips and bottled the routine medications my mind worried over the poisoning like a hound with a ham bone. Which reminded me that I hadn't had any breakfast myself.

afterwards the retriever moped and wouldn't eat. One day he disappeared. When Betsy and Roger found him, he was dead, his grizzled old chin on his paws lying across the Captain's grave out at the cemetery.

Just then I heard a commotion from Miss Myra's house. EVERYONE'S had one of those super nightmares where the devil and high water with a weight tied to each leg. What I saw gave me the same feeling. It was just like a bad dream. I knew what was going to happen but I couldn't get there fast enough to do anything about it.

I started to run, sure that the dog would tear Jimmy Joe to pieces. It was plain to me that Greta had had enough poison to lay her out cold, but because she's such a big dog the dose hadn't been fatal. Right now she looked like the Hound of the Baskervilles snapping and frothing and running in crazy circles.

Roger must have seen the boy and the dog about the same time I did because he was already running toward Miss Myra's place. As afraid as he was of a dog, and probably thinking that Greta had risen from the dead with a case of infernal hydrophobia, he yelled: "Stay away from her, Jimmy Joe! Get on the porch! Run into the house!"

Nationalists Say Chinese Red Units Fighting In Korea

TAIPEI, FORMOSA (AP)—Nationalist China's Defense Ministry said Monday it had been "definitely established" that 370,000 Chinese Communist troops are concentrating on the Manchurian border "and in the territory of North Korea" ready to help the Korean Reds.

The Chinese Nationalist ministry—in an official statement—reported that these troops consisted of eight armies, two cavalry divisions and one artillery division.

It added that three Russian-equipped armies, under Gen. Lin Piao, were "known to have crossed the Yalu River last month."

The Yalu is the boundary between North Korea and Manchuria.

By this account, the Chinese Reds—on the order of the Kremlin—were to supply 300,000 combat troops to aid the Korean Reds and to maintain that figure at all costs.

The troops were to be commanded by Lin Piao, commander in chief of the Chinese Communist Fourth Field Army.

Six Arrested In Stabbings, Shooting

Joseph Wall, Nathan Wilson and John H. Albert, all Midland negroes, were treated early Sunday for injuries received in three different incidents in the negro section here.

Wall was treated for a gun shot wound and a negro woman was arrested in connection with the shooting. Wall's condition was not believed serious.

Wilson and Albert suffered stab wounds. Two other negroes were held by police.

Three Latin American men also were arrested by officers in connection with the outing of two other Latin Americans early Sunday.

12 Die In Weekend Violence; Traffic Accidents Top List

By The Associated Press
Traffic accidents caused six of the reported 12 violent deaths in Texas during the weekend.

Two men were stabbed fatally, a train killed an escapee from a mental hospital, one man drowned and a boy accidentally hanged himself. Another man committed suicide by drowning.

Deaths reported were:

Three children were killed Sunday night near the entrance to the Municipal Airport at Laredo when struck by a car as they pushed a stalled car. Idolina Mann, 15; Alfred Mann, eight; and William Castellano, 14, all were dead on arrival at a hospital.

Beat Overturns
On Lake Dallas, an apparently overloaded boat—caught in high winds—overturned with eight persons aboard. Clarence Seaton, 35, drowned. His wife and three-year-old daughter were hospitalized after nearby boating parties picked up seven from the overturned craft.

Harlan L. Hux, 36, and Jack W. Richardson, 24, saved their way out of the Austin State Hospital early Sunday. They went to sleep on Missouri-Pacific tracks north of Austin. An approaching freight train whistled in warning, and Richardson jumped in time. Hux didn't make it.

A streetcar killed a pedestrian in Dallas Sunday, and a hit-run driver killed another.

Origgs Reager, 80, who was deaf, apparently didn't see the street car as he walked from behind a parked automobile into its path. The hit-run victim was J. C. Brawley, 30.

Truck Turns Over
Ray Douglas Copen, 39, was killed instantly at Houston Saturday when his concrete truck turned over on him.

Carl Stoddard, 13, was showing playmates at Wichita Falls how cowboys used to hang rustlers. He fastened a rope over a clothes hook and looped the other end around his neck as he stood on a stool. He died when he lost his footing and the rope jerked tight.

A verdict of suicide was returned at Houston in the drowning of F. C. McElroy, 48. Officers said McElroy jumped into Buffalo Bayou Sunday night, was pulled out, and jumped in again as soon as he was revived. Justice of the Peace W. C. Ragan returned the suicide verdict.

George M. Copeland, bell captain in a Big Spring hotel, died of stab wounds Saturday. Police held a youth.

Allen Guthrie Cook, 51, was found stabbed to death in a small ravine in Dallas Sunday. Police arrested a 22-year-old man.

land Farms field which produces from the lower Grayburg.
Exact location of the No. 1-Y-R/A-B Midland Farms will be 600 feet from south and west lines of section 27, block 43, T-1-N, G&MMB&A survey, 15 miles southeast of the town of Andrews.

Stanolind's No. 1-H Fasken was completed through perforations from 4,775 to 4,860 feet for a pumping potential of 53.87 barrels of 21-gravity oil, plus 30.38 per cent water. Possibly A Link

Production in the Fasken field is from the Grayburg. Some observers believe this field is a link between the North Cowden and Midland Farms pools of Southeast Andrews county.

Operator will drill the No. 1-Y-R/A-B Midland Farms to an estimated 5,300 feet if necessary to find commercial production. Rotary operations are to commence at once.

C-E Hockley Pool Adds Second Well

The second well in the Ropes-Pennsylvanian pool in Central-East Hockley County has been completed for a calculated potential of 3,781 barrels of high-gravity oil daily.

The pool addition is Honohulu Oil Corporation and Signal Oil & Gas Company No. 1 Hopper.

The daily flow was based on an actual six-hour test of 887 barrels of oil and no water. No choke was reported on the test, but it is believed the flow was choked back slightly to eliminate water intrusion.

Production in the No. 1 Hopper is coming from 9,282 feet, bottom of the casing, and plugged back total depth of 9,413 feet.

Near Smyer
The No. 1 Hopper is 810 feet from south and east lines of labor 4 league 5, Wilbarger County School land survey, and six miles south of Smyer.

It is the second well to be completed in that area, which was discovered by Honohulu and Signal No. 1 Underwood.

The same operators No. 1 Emmons, east offset to the discovery, was last reported drilling below 9,237 feet in shale and lime.

Iron Prospect Cuts More Ellenburger

Wilshire Oil Company and Balboa Oil Company No. 1 Brooks, Central-East Iron County wildcat has reached 7,470 feet in Ellenburger dolomite and is drilling deeper.

At the 7,470-foot level the prospector was 280 feet into the Ellenburger and it had found no free oil or formation water.

Top of the Ellenburger is at 7,220 feet. Elevation is 2,315 feet. Location is 860 feet from north and west lines of section 21, block 3, H&TC survey. It is five miles west of Knickerbocker.

Operators intend to continue drilling until water is found in the Ellenburger. That zone has logged some slight signs of oil in fractures and some scattered porosity.

This exploration has some possibilities of production in the lower Permian and also in the lower Strawn lime of the Pennsylvanian.

Likely production tests will be run on both those formations before the wildcat is finished.

NE Coke Wildcat Runs Oil String

Humble Oil & Refining Company has run five and one-half inch casing at its No. 1 Odom-State, possible Ellenburger discovery in Northeast Coke County.

Located five eighths of a mile north of the Fort Chadbourne-Strawn pool, the No. 1 Odom-State recovered 890 feet of free oil and 40 feet of heavily oil and gas-cut mud on an Ellenburger drillstem test at 5,888-5,700 feet. The top of that formation has been called at 5,688 feet, on a minus datum of 3,686 feet.

The oil string is set at 5,703 feet.

On balling tests from open hole section at 2,810-280 feet, the well yielded 20 barrels of oil in 24 hours, natural.

An oil string has been set on top of the pay, and operator is preparing to make completion tests.

The No. 1 Rason is in section 21, block 27, H&TC survey.

NE Scurry Wildcat Plugged, Abandoned

Standard-Fryer Drilling Company and associates have plugged and abandoned their No. 1 Koonsman, Northeast Scurry wildcat, 14 miles northeast of Snyder. It failed to find any shows of production in drilling to a total depth of 7,404 feet in the Ellenburger.

That formation was entered according to unofficial sources at 7,220 feet. A drillstem test was run at 7,222-7,404 feet.

Length of the test was not reported. Recovery was 360 feet of drilling mud and 480 feet of sulphur water. There were no shows of oil or gas.

None of the upper horizons logged any petroleum indications. Location was 432.8 feet from east and 597.8 feet from north lines of the northwest quarter of section 157, block 2, H&TC survey.

NW Kent Wildcat Gets Deep Water

Stanolind Oil & Gas Company No. 1-B G.T. Hall, Northwest Kent County wildcat, six miles northwest of the Salt Creek-Canyon field, found water in the Ellenburger and is now waiting on orders.

The Ellenburger was topped at 7,760 feet. That horizon was penetrated to 7,785 feet and a 50-minute drillstem test was taken at 7,760-85 feet.

There was a fair blow of air at the surface for 30 minutes and it then died. Recovery was 380 feet of salty sulphur water. There were no signs of oil or gas.

This wildcat, located 600 feet from south and west lines of section 18, block 7, H&GM survey, did not log any possibilities of production in a horizon above the Ellenburger.

It probably will be abandoned and plugged.

Venture In Nolan Waiting On Orders

Cities Service Oil Company and Skelly Oil Company No. 1 Cooper, wildcat in Northwest Nolan County, recovered an unreported amount of salt water from the Ellenburger on a drillstem test at 7,288-7,376 feet with no shows of oil or gas.

Operator ran an electric log and is now waiting on orders. This venture will probably be plugged and abandoned.

The No. 1 Cooper had good shows of oil in the Strawn line on a

Little Just how much need a really fine car cost?

YOU'LL find the answer written in the delivered price tags of this bold and strapping beauty pictured here.

It's a Buick ROADMASTER—and you have only to put yourself behind the wheel to see that it is truly fine by any yardstick.

But it leaves the factory carrying the lowest price per pound of any car in the fine-car field.

DADDY RINGTAIL

By WESLEY DAVIS

Daddy Ringtail And Rainmaker At Work

The Great Forest was dry, dry, without any water. The Duck Pond was so dry that the ducks stirred up great clouds of dust when they tried to swim. Something had to be done. Daddy Ringtail did it.

He walked straight away to find the Rainmaker. The Rainmaker is the fellow who can say the magic words to make the rain come raining down from the sky. The only trouble was that the Rainmaker (the lazy rascal) was very lazy. He

doesn't like to do the work of saying the magic words to make the rain come raining down. When Daddy Ringtail found him, the Rainmaker was fast asleep beneath

a bush with only his feet sticking out.

"Happy day, Mr. Rainmaker," Daddy Ringtail said.

The Rainmaker slept and snored right on. Guzzaw. He sneezed and opened his eyes when Daddy Ringtail tickled his nose with a piece of dry and dusty grass.

"Rainmaker," Daddy Ringtail said, "We need rain. You can see for yourself how dry and dusty the grass is. Yes, and the ducks at the Duck Pond back there raise up great clouds of dust when they try to

swim. That's how dry of water the Duck Pond is. You must say the magic words."

And the Rainmaker said: "Een teen, leather feather drip." The lightning flashed with the saying of the magic words, and the thunder rumbled and bumbled and bounced around in the sky. No rain fell. Daddy Ringtail saw it didn't, and he said it didn't.

And the Rainmaker said: "Of course no rain fell down from the sky. I didn't say the magic words to make the rain fall down. I made the rain fall up—where you can't see it."

The Rainmaker wasn't about to say the magic words to make the rain fall down, he said. The saying of those magic words was much, much too much work. Yes, and I guess that the Great Forest might have been dry to this very day, because the Rainmaker didn't like to work. But Daddy Ringtail knew what to say. Yes sir, the knowing of the right words to say is a wonderful thing indeed. Daddy Ringtail said: "Rainmaker, work isn't work when it's fun."

The Rainmaker laughed to hear these words, and all for fun instead of work he said the magic words to make the rain come raining down. Happy day! especially for the ducks.

MAJOR LEAGUES—

Boston Keeps Up Blazing Pace To Kindle Flag Race

By JOE REICHLER
Associated Press Sports Writer

Credit Boston's bounce-back into flag contention to the re-discovery of a long lost "secret weapon"—coming from behind.

Overcoming enemy leads—something that was a lost art to the Red Sox earlier this year—plus a two-week stay at friendly Fenway Park—have combined to rekindle the pennant spark in the hearts of loyal Boston rooters.

Currently the hottest club in baseball, the Red Sox have been catching up with the league leaders at a furious pace. Twelve victories in the last 13 games have helped Boston cut a once seemingly insurmountable eight-game deficit in half.

The Red Sox picked up a half-game on the league leaders Sunday when they overcame a 7-0 Cleveland lead to defeat the Indians 11-9 while the Philadelphia Athletics were holding the Tigers even in two games. The A's won the opener 4-3 and Detroit won the second 8-1, Yanks Hold Second.

The Sox' triumph helped the New York Yankees gain undisputed possession of second place.

The defending champions eked out a 2-1 victory in 10 innings over the Chicago White Sox to out Detroit's first place margin to one game. Cleveland trails by two.

The Indians appeared to have the game safely stowed away when 12 men came to bat in the third against starter Willard Nixon and Jim McDonald and seven of them scored. The Red Sox, however, refused to be counted out. They came storming back with five runs in their own half of the third to bring the Yellor off the hill and six more in the seventh.

Tommy Henrich hit a pinch single with one out and the bases loaded in the tenth inning to win for the Yankees. Allie Reynolds yielded two hits for the victors to register his twelfth victory. Bob Cain was the loser.

Chapman Homers
Sam Chapman's twenty-second home run with a mate board in the eighth inning spoiled young Ray Herbert's major league debut as the A's came from behind to defeat the Tigers in the first game. Art Houtteman notched his seventeenth triumph in the second.

Washington and St. Louis split a

Indians Split In Roswell Twin-Bill

The Midland Indians moved out Monday to Vernon for a two-game series with the Dusters.

The Tribe returns to this part of the country Wednesday night for the final series of the year with the Odessa Oilers in Odessa.

The Midland Indians and the Roswell Rockets split a doubleheader Sunday afternoon in Indian Park. The Rockets took the first tilt by a 1 to 0 score and Midland won the finale by 7 to 4.

Lefty Hayes and Hugh King hooked up in a real pitchers' duel in the first game.

Hayes chunked five-hit ball at the Rockets and the run they got was unearned. It came in the first inning on a walk to Cotton Lindloff, an error and a long fly by Tom Jordan. That was the ball game.

The Indians picked up only four bingles off King.

The second tilt was won by the Indians in a big sixth-frame uprising. Roswell had led most of the way, counting three in the second and one in the top of the fourth.

Midland got one in the third. Quentin Basco singled to start it. Bill Teel forced Basco at second and gained life on a miscue. He scored on Hughes' double.

The Tribe added two in the fourth. Lou Dawson and Jim Prince singled in succession and Bob Phillon walked. A single by Firnback drove in the runs.

Those two runs tied the score at 3-3 but Roswell broke it with that one in the first of the sixth.

The bottom of the sixth was all the Indians needed to win.

Mike Bellone opened with a double. Jim Prince walked. Bob Phillon singled to drive in the first run.

Jones Delivers
George Firnback followed with a double and Basco got on by an error. Kenny Jones delivered a pinch-hit single to finish up the rally.

Lefty Hayes hurled the last inning and got the Rockets out without damage.

By The Associated Press
Odessa didn't turn a hand Sunday and kept its eight-game lead in the Longhorn League.

The Oilers' game with Sweetwater was rained out and second-place Roswell split a doubleheader with Midland.

Third and fourth-place Big Spring and Vernon both lost.

Roswell won the first game from Midland 1-0 behind Hugh King's four-hit effort. Midland took the afterpiece 7-4 with a four-run spurge in the sixth. Hal Wearne allowed Roswell only five hits.

San Angelo whipped Big Spring 4-1 with Durwood Cox posting his eighteenth victory of the season. He pitched a six-hitter.

Vernon was edged 8-4 by Ballinger which battered 11 hits. Among Vernon's eight was a homer by Arnold Davis with none on.

The Texas, the championship favorite, will have 55 present.

Defending champion Rice will have the smallest squad, just 50.

WT-NM League—Dukes, Hubbers, Lobos Near Tie

By The Associated Press
Albuquerque lost to Lubbock 8-6 in the West Texas-New Mexico League Sunday and it put the Dukes behind the eight-ball.

Lubbock broke a virtual tie with Albuquerque for second to move a game ahead and Lamesa won a doubleheader to crawl within a half-game of the Dukes.

League-leading Pampa socked Clovis 5-0 as George Payte limited the Pioneers to five singles.

Lubbock bunched four hits and three walks for six runs in the sixth to beat Albuquerque. Lubbock's Mike Dooley slugged his thirty-fifth homer of the season.

Lamesa, downed Berger 5-3 on Jay Haney's homer with one on and took the nightcap 4-3.

Ablene noosed Amarillo 9-3 as Lefty Graham walked in the winning run in the ninth.

DALLAS—(AP)—The Washington Redskins, here for a Wednesday night date with Detroit in a professional exhibition football game, take their first workout on Dallas soil Monday night.

Detroit, loaded with Texans including Doak Walker, Bobby Layne and Gil Johnson, won't arrive until Tuesday.

The Washington squad flew in Sunday but Sam Baugh, the famed Texas Christian University passing star of 13 years ago, wasn't with them. Baugh, keyman of the Redskin backfield, detoured from Denver by way of Rotan, where he has a ranch. He will join his teammates later.

Washington also has plenty of Texans, including Baugh, Pete Stout of Texas Christian and Bob Goode of Texas A&M.

SPORTS SLANTS by SHORTY SHELburne

Crane and McCamey, a couple of mediocre clubs in District 5-A last season, may give the big boys some trouble this year. Both clubs are stocked with good material at most positions.

McCamey has turned up with 10 lettermen from last season's team and Crane has eight returnees.

The McCamey lettermen include Johnny Boggs, Gordon Carlson, Maurice Collum, Lloyd L. Hayes, Thad Putnam, Joe Robins, Billy Stokes and Teddy Vaughn.

Crane will have Kenneth Acuff, Henry Cook, John Clark, Bill Ingram, Ray Knox, Doyle Lakin, Buster Pendleton and Clark Lee Presley.

The finals of the National Amateur Golf Tournament were on for the books.

Sam Uretzka, son of an immigrant janitor, copped the title by whipping out Frank Stranahan, a millionaire's son.

Said Stranahan: "Sam, you are a great golfer and a great champion."

Stella Walsh, the veteran woman track star who began setting records back in the 1930's, says she isn't serious when she says she will retire.

"I've said it for three or four years running now but as each year comes around I get the urge again."

She performed at Odessa last year when the national women's meet was held there.

Jim Prince has been having his trouble hitting the ball the last few days and he can't figure out just what the cause of it is. Jim has had the same trouble toward the tail end of the season a couple of times before.

"I can't seem to shake it," says Jim.

Prince has been hitting the ball pretty well but most of the time it has been straight at some fielder. He's still up around .390 for the year.

Scotter Hughes, the great little shortstop of the Indians, climbed aboard a plane early Monday and took off for Tulsa, where he will report to his draft board.

"I'll be back to finish out the season if they don't make me report immediately," Scotter promised.

Ralph Blair is due to rejoin the Indians in a day or two. He has been gone a week, also dealing with his draft board.

It isn't known yet if Tex Stephenson will return to the club.

Shell, Rendezvous Meet Monday Night To Decide Fourth

Shell and Rendezvous are scheduled to tangle Monday night at Wadley Field in a softball game to decide who gets fourth place in the City Major League. They tied over the regular season.

The winner of the tilt will play Western Plastic in one bracket of the league championship playoffs. Rotary Engineers and Standard are slated in the other bracket. Both brackets will play a two-out-of-three first round series.

The first round of the playoffs will be held Tuesday night.

Texas League—Fort Worth Whips Roughnecks 6 To 4 To Hold Loop Lead

By The Associated Press
Beaumont's Roughnecks lost another chance—and it may have been their last—to take over the Texas League lead Sunday night.

A half-game back, the Roughies could have displaced the Fort Worth Cats with a victory. And it looked like they were going to do it.

They were leading 4-3 with two out in the ninth when Fred Stork came up with two on base.

Freddie whammed the ball over the right field stands and that was that, as Fort Worth won 6-4.

Beaumont and Fort Worth wind up their series Monday night and the Roughnecks couldn't take first place even if they won.

Eagles Regain Select Circle
Another significant happening was Dallas moving back into fourth place. The Eagles did it with San Antonio looking on helplessly.

The Missions were rained out in their scheduled game with Tulsa and Dallas made hay while the sun failed to shine in Oklahoma. The Eagles strapped Shreveport 5-3 and Dallas edged a half-game ahead of the Missions.

Walt Lanfranconi spaced eight Shreveport hits just right. Dallas blasted over four runs on five hits in the second inning and never was seriously threatened thereafter.

Jerry Witte, who hit 50 homers at Dallas last year, for which he was sold out of the league only to bob up at Houston after the season started, clubbed two round-trippers Sunday to lead the Buffs to a 7-6 triumph over Oklahoma City. Jerry did it dramatically, slamming the second circuiter in the ninth with the score tied.

In all, Jerry pounded over four runs.

FASHION NOTE—Gorgeous Gussie Moran of lace panties fame has something new this season—embroidered togs. The California miss introduced them in the National Doubles at Longwood, Brookline, Mass. will wear them in the combined men's and women's National Championships at Forest Hills, Aug. 28-Sept. 4.

SETS RECORD—Southpaw Jean Cioch of the Kenosha, Wis., Comets pitches a 12-inning, no-hit, no-run game edging the Grand Rapids, Mich., Chicks, 1-0. It is the first time in the eight-year span of the All-American Girls' League that the Arick has been accomplished in extra innings.
