Studio Hunts Quarry

Janet Leigh and a major studio screen test are the reasons for actor Bob Quarry scouting out of the east of Katharine Hepburn's "As You Like It." The angel in the background of the Dean Martin - Jerry Lewis independent, "At War With the Army," is Ralph Stolkin, a Chicago millionaire... Scott Brady is no longer bound to Eagle-Lion. The contract was dissolved by mutual agreement a month ago and now Scott's expecting his career to zoom.

The pirated prints racket is growing with silent classics appearing all through the country. Mary Pickford recently halted a showing of "Kiki" and the incomplete print of Chaplin's "The Circus" continues to bob up.

There's been no tub-thumping about it, but Columbia's "The Here" carries a 85-day shooting schedule—a record for the studio. The same lot just set another record. "Born Yesterday" was completed on Saturday and sneak previewed the following Tuesday.

Braut and Butler Lois Butler has the inside track on the role of the 15-year-old brat with Linda Darnell in "The Last Letter" at Fox... Ray Milland is championing at his Paramount bit to do a Broadway play... Katharine Hepburn and Humphrey Bogart go before the cameras in "The African Queen" with John Huston sitting in the director's chair, in March of 1951.

They've changed their minds about making young Tony Curtis another John Garfield over at U.I. He gets swathed in silks and brocades and surrounded by slant-eyed wenches in "The Prince Was a Thief."

"This is a great thing for me," Tony told me. "I thought I'd have to play hoodlums. Every day I go to the back lot with climbing boots and ropes, and scale all the old sets just like Doug Fairbanks. It's a ball."

Tony was Bernie Schwartz as an actor in New York. He tells of limping home from the test he made for "The Prince"—"busted toe, bleeding knuckles, everything I was a wreck," he wails — and seeing his mother's stricken face as he stumbled to his bed.

A few minutes later his mother came to his room, looked down at her panting son and said in the tone which mothers generally take with sons who are sand-hogs, test pilots or human cannon balls: "Bernie, darling give it up."

Good Leadership Makes Wolfhound Regiment Into Top-Limb Fighting Outfit

By TOM LAMBERT WITH U. S. FORCES, KOREA—UP—Where's the colonel?

A lean, bronzed rifleman looked up. All around, doughboys relaxed. Only a trace of battle tension showed in their faces.

Some splashed in a sluggish river. Dirt and grime from sweat-matted fatigues floated west on the current. Others sprawled on a sun-drenched sandbank. A few typewriter clicks, a staccato, strangely civilized sound in this primitive land.

Pens scratched over paper, piling words on words in the inevitable letters home. Here and there GI's squatted or lounged, their voices drifting in mild argument. The snores of the sleeping vibrated like the constant hum of crickets.

After three major battles with the Korean Reds, the famed 27th Wolfhound Regiment of the 25th Division was resting.

"Mike?" he replied. "Right up there in that tent."

There was no affectation in his use of the nickname. It came naturally, an unsolicited tribute to Col. John (Mike) Michaelis of Lancaster, Pa.

Michaelis, 37-year-old commander of the Wolfhounds, won a promotion and became a battle front legend in less than a month. His blond hair is silvery already.

"He'll either be a general or a dead general," his GI's say.

The Wolfhounds, considered a run-of-the-mine outfit during the easy days of the Japan occupation, whipped into a crack unit on the battlefield.

They went into action July 24 in the Sangyung area, about 20 miles southeast of Taejon. In their first bout they KO'd at least three Red Korean tanks; Wolfhound artillery chewed an estimated 1,500 Communists.

Allied Fire Brigade Since then, in the words of one prof. army admiring staff officer at Eighth Army Headquarters, "They have been up and down that front like a Yo-yo."

The Wolfhounds became the "fire brigade"—an outfit to be rushed

where the fighting rages fiercest.

After the 25th Division—spearheaded by the Wolfhounds—relieved the 24th Infantry Division near Taejon, the Wolfhounds were shifted south to the Chindong area when the Reds broke through on a wild end run and rolled toward Pusan. They helped stop that drive.

But hardly was that threat ended when the Reds shifted their punch to the Northern Taegu area, only to run head-on into Michaelis' Wolfhounds—again. They got nowhere.

The 27th Regiment is a wandering outfit. It has been under operational control of the 24th and First Cavalry Divisions as well as its own 25th, and of the Eighth Army as a reserve outfit.

What makes it so good? "It's leadership," says Michaelis. "Not me, but the battalion and company and platoon commanders and a bunch of damned good men."

They've learned to respect and to depend upon each other—the rifleman, Mortarmen, artillerymen, medics, cooks, machine gunners and communications men.

They've learned to be good at the business of killing—and how not to be killed.

Philippines Prepare For Troops In Korea

TOKYO (AP)—An advance party arrived Wednesday from Manila to prepare for the assignment of 1,200 Philippine combat troops to the United Nations forces in Korea.

Headed by Lucas Madamba, political counselor in the Philippines Department of Foreign Affairs, the group conferred with General MacArthur and his chief of staff, Maj. Gen. E. M. Almond.

With Madamba were Lt. Col. Florentino Cardenas, Marcos Soliman and Luis Villareal.

New 1,080-Mile Wyoming - Illinois Pipe Line Planned

CASPER, WYO. — Plans have been completed for construction of a 1,080-mile crude oil pipe line, extending from a point near Worland, Wyo., to the Wood River refinery area in Illinois. The Platte Pipe Line Company has been formed to build and operate the line.

Participants in the project are The British-American Oil Company, Ltd.; Continental Oil Company, The Ohio Oil Company, The Pure Oil Company and Sinclair Refining Company. Estimated cost of the project is \$60,000,000, which will be financed by the participating companies and by a loan arranged with the Metropolitan Life Insurance Company.

Completion of this line, which will be a common carrier, will afford a greatly increased outlet for all producers in the Rocky Mountain area seeking additional markets, and will stimulate exploration and development in the vast area which it serves. Rocky Mountain crude oil reserves, according to a recent engineering survey, amount to 1,690,000,000 barrels.

These great reserves will now become available at low transportation cost to several of the largest refining and consuming areas in the country. Upon completion of the new line it is estimated that there will be a market above Rocky Mountain refinery requirements for about 90,000 barrels of oil daily.

Rockefellers Try To Draft Dewey

By BREW FEARSON

WASHINGTON, D. C. — Powerful, last-minute efforts were made over the weekend by no less than the Rockefeller family to draft Thomas E. Dewey to run for governor of New York—and perhaps have another try at the Presidency.

Winthrop Aldrich, head of the Chase National Bank, conferred over the weekend with his brother-in-law, John D. Rockefeller in Bar Harbor, Me., and together they persuaded Roy Howard, head of the Scripps-Howard newspapers and a powerful Dewey backer.

They also telephoned Frank Gannett, head of the Gannett newspaper chain which blankets New York State, and asked him to come to New York immediately.

Aldrich pointed out to both Roy Howard and Gannett that the country faced a crisis and that Dewey must be persuaded to run again. Gannett was on his yacht on Lake Ontario when the Bar Harbor call came through on Sunday, and following it, he flew in his private plane to New York for lunch with Aldrich on Monday.

Howard agreed to run an editorial in the New York World-Telegram, urging the Republican Party to draft Dewey for a third term. A similar editorial in the New York Herald Tribune, incidentally, brought forth only a few favorable letters.

Meanwhile, Lt. Gov. Joe Hanley, the proposed candidate if Dewey does not run, has told GOP leaders they will have to make up their minds soon or find another candidate.

Abundant Living

Rom. 6:23; Luke 18:18-27; 11:23. THE KINGDOM MEANS CHOICE. CRISIS, CONVERSION.

The Kingdom of God is at your doors! We have seen that the opening of the Kingdom to our doors was costly. The realization of this Kingdom is no pink-tea affair. It cost God and it will cost us. It cost God. Arnold Lunn satirizes current surface views of the Gospel in these words: "God so loved the world that he inspired a certain Jew that there was a great deal to be said for loving your neighbor."

No. "God so loved the world that he gave his only begotten Son, that whosoever believeth in Him should not perish, but have everlasting life." Those who do not receive this Kingdom do "perish" literally, for their life forces break down through contradiction and strife. When you let in this Kingdom you have everlasting life—you align yourself with the eternal realities of Being; hence you live, now and everlastingly.

The coming in of that Kingdom means crisis, conversion. The schools of thought which tell you that the Kingdom-with means that you have only to solve yourself are missing the deep tragic note of religion. Paul did not say, "O progressive creature that I am! who shall help me evolve myself?" But he did say, "O wretched man that I am! who shall deliver me from the body of this death?" Or, literally, "this dead body." The figure is that of a live man with a dead body chained to him, carrying around a decaying corpse as punishment. That figure is accu-

rate: a sinner is a man with the Kingdom of God written within him, carrying around a decaying corpse of sin—decaying through its own intrinsic anti-life ways and attitudes. Sin is anti-Kingdom, therefore anti-life; therefore it is doomed to decay; the one who harbors it "perishes." But that dead body of sin is not the real man—it is a false importation into life, a useless, infecting incumbrance. The real man is the man with the Kingdom of God written within him.

O Christ, There has come to loose the chains of this dead body and to free me from decaying death. I gladly consent to let go this sin whose embrace is death. Forgive me if I hesitate, but I have lived with death so long that I think it is life. But I do consent, for I see, I see Amen.

Too Many Moms 'Stand Back' When They Should Advance

By RUTH MILLETT
NEA Staff Writer

"I've just been reading one of those question and answer pages on how to handle your child, written for a magazine by presumably an expert in child training. Anyhow, there's an impressive Ph. D. after the author's name.

Here's a sample question and answer: "What does one do when an angry child slams a door in one's face?"

Answer: "Stand back. Then do nothing until you have reason to believe that the child's anger has cooled off. Trying to reason with an angry person is like hitting your head against the proverbial stone wall. When the child is in a good mood, explain to him how dangerous door-slaming can be. Go so far as to give him a description of how a person can lose a finger from a slammed door. Several talks of this sort are generally enough to cure a door slammer."

What got me about that answer was the command, "Stand back." In one phrase or another, that is what today's parents are constantly being told. Stand back. Wait. Don't try to force an issue. Realize the child is just going through a "stage"—and so on and so on.

And along with all this "stand back and wait" advice—there never is any suggestion that children should be taught to respect grown-ups because they are grown-ups and parents because they are parents.

You don't, you notice, see anything in the answer quoted about

Mama's making it clear to Johnny that she isn't going to stand for having a door slammed in her face—that it's something no parent ought to stand for and that if it ever happens again, it isn't Mama's finger that is likely to be hurt but Johnny's seat.

Nope. Mama is told to stand back and when Johnny is his own sweet self again to try to convince him that door slaming can be dangerous.

If Johnny is half the little rebel he appears to be, he ought to have a ready answer to Mama's attempt to show him that if he slams a door in her face he might catch her finger.

The answer: "Then, when I slam a door you'd better stand back." (All rights reserved, NEA Service, Inc.)

David Crockett P-TA Groundwork Laid; Plan Membership Drive And Open House

The groundwork was laid Tuesday morning for a Parent-Teacher Association for David Crockett Elementary School when the planning committee met at North Elementary School.

Presiding at the meeting was Mrs. Stanley Erskine, city parent-teacher council president. Mrs. B. G. Anderson was elected chairman and Mrs. Douglas Nix, secretary.

Membership Drive
Open house will be held September 19 in David Crockett School. A membership drive for the P-TA unit will follow the inspection.

A nominating committee was named and includes Mrs. Nix, Mrs. R. F. Carroll, Mrs. J. M. Stuart, Mrs. John McCutchen and Frank Blackwell, principal.

On the Hospitality Committee are Mrs. H. M. Goodman, Mrs. James D. White, Mrs. L. C. Rone, Mrs. R. E. L. Taylor, Mrs. John Drummond and Mrs. D. V. Kitley. By-laws Committee women are Mrs. J. C. Long and Mrs. Nix.

Mrs. Anderson, Mrs. Carroll and Mrs. Emmett Williams are on the Program Committee. Publicity committee members are Mrs. John E. Adams and Mrs. C. D. Johnson.

Junior High P-TA Names Year's Theme

"It's Up To Us" was announced as the year's theme for the Parent-Teacher Association of John M. Cowden Junior High School Tuesday when the P-TA committee chairmen met in the home of the president, Mrs. Robert Wood, 1507 West Ohio Street.

Mrs. Ben Black, program chairman, outlined the highlights of the year's activities, calling attention to the special programs and the open house in September for a "back to school" gathering.

A brief preview of the added phases and improvements in the school and curriculum for 1950-51 was given by Wesley Martin, principal of junior high. He also described the new intercommunication system and renovation of the auditorium.

New courses in music and arts and crafts are to be offered, and emphasis is to be given for special work on the school library for this year.

Mrs. Wood urged all members to attend the parliamentary law and P-TA procedure courses to be offered during September, and the study groups which will be developed this year for the first time in the junior high association.

Subscriptions for the national magazine were taken and preparations for the October membership drive were made.

MIDLAND

Carl Schaffrin, 217 Perry St., St. Charles, Mo., says there are some folks in this old world who feel good and there are other folks who feel bad. The folks who feel good he wants to congratulate for their fine health, but for the folks who feel mighty bad he says he wants them to read what he has to say and then take a word of advice—take HADACOL if you suffer from a deficiency of Vitamins B1, B2, Niacin, and Iron.

Here is what Mr. Schaffrin has to say about HADACOL since it overcame the effects of such deficiencies in his system: "I have been a shoe cutter for over 32 years—I now work for the Boyd Welsh Shoe Co. in St. Louis. For quite a few years now I haven't had any appetite at all—seemed like I didn't have hardly enough energy to do my work. I was tired all the time—and really didn't enjoy doing anything. It affected my work too. Then I heard how other folks who took HADACOL had increased their appetite and seemed to have a limitless amount of energy. I tried HADACOL and it is amazing what a change it has made. Now I feel like eating everything on the table, my disposition is 100% better and my work—in fact, everything I do I now enjoy. For an entirely new outlook on life I recommend HADACOL."

Why HADACOL Gives Such Fine Results

HADACOL does not bring just symptomatic relief. HADACOL now makes it possible to actually relieve the cause of neuritis, pain, lack of energy, lack of appetite, and a general run-down weakened condition due to such deficiencies in your system.

HADACOL not only supplies deficient systems with extra quantities of Vitamins B1, B2, Iron, and Niacin but also helpful amounts of important Calcium, Phosphorus and Manganese—elements so vital to help maintain good health and physical fitness.

Why These Vitamins and Minerals Come in Liquid Form

There's a very good reason why HADACOL comes in special liquid form. These precious Vitamins and Minerals are more easily and quickly absorbed into the blood stream this way—ready to go right to work. A big improvement is often noticed within a few days.

Now don't keep on wondering if HADACOL will help you. If you have such deficiencies—HADACOL WILL HELP YOU—just as it has thousands upon thousands of grateful souls who were so troubled. GIVE IT A FAIR TRIAL! Remember HADACOL is sold on a strict money-back guarantee. And so inexpensive. Trial-size bottle, only \$1.25. Large family or hospital size, \$3.50.

Conflict Seen As Instrument Used In Testing U. S. Strength

WASHINGTON — With the Korean war far along, a better appraisal of where we go from here is possible. Some of the original estimates of the situation have been considerably revised. The Korean war now is regarded as a test case. Pentagon briefing officers have been consistently optimistic in declaring that the United States and its UN allies could win this campaign.

JACOBY ON BRIDGE

By OSWALD JACOBY, Written for NEA Service. "This is the sort of situation," writes a Providence fan, "that seems a lot easier on paper than in actual play. On paper, West has no defense. As you can see, he actually gave quite a good account of himself."

What's RIGHT?

You take a small child to visit in a friend's home.
WRONG: If you let him stand on the sofa, bang on the coffee table, etc., in his own home, don't pay any attention if he does these things in your friend's home.

RIGHT: Realize that though you may be resigned to such behavior at home, four friends won't appreciate having your child behave that way in their home.

Welfare Board Seeks Home For Midland Sisters

Two little Midland tots need a temporary home.

The little girls, ages two and three, need a temporary foster home, just long enough for their mother to get able financially to care for them.

Residents of Midland for the last six weeks, the little tots must move from their present home by Friday. Their mother needs someone to care for them until she can become able to give them a home with her. She recently became employed in Midland.

Mrs. Willie Harding, director of the Midland Child Welfare Agency, is seeking a home for the girls. She says they must not be separated. The Welfare Board will pay for boarding care for the girls.

The Child Welfare Board here has placed 14 children in foster homes recently. According to Mrs. Harding, the board constantly is on the lookout for new homes for children who have become underprivileged for various reasons. In several cases the board is paying for boarding care for children placed in the foster homes.

The Welfare office is located on the second floor of the Midland County Courthouse.

DADDY RINGTAIL

By WESLEY DAVIS

Daddy Ringtail And Under Red Umbrella

The Huffen Puffen, the friendly wolf, was making a red umbrella! What an umbrella it was! People came from miles around to see it. Lions and tigers and monkeys and everybody came, for never before had anyone in the Great Forest

seen a big umbrella as big as the Huffen was making. It was as big as a house, almost! The Huffen sewed and hammered and sawed and worked with the making of his monstrous red um-

rella. He laughed and chuckled with all the attention to big, red umbrella was getting him. And while he sewed and hammered and sawed and worked to make it, he explained to Daddy Ringtail the why of it all. He explained that often he had wanted to sit in the yard in the cool of the evening and maybe read

a book or even drink a lemonade. Oh, but the Rainmaker—the rascal!—was always saying the magic words to make the rain come raining down from the sky. And who wants to sit in his yard and read a book or drink lemonade when the rain is falling down? Nobody does. The Huffen didn't either. And that is why he was making his monstrous, big, red umbrella.

At last it was finished. It was much too big for the Huffen to hold with his hands, of course, and so he dug a hole in the ground to hold a stick as big as a telephone pole. Onto the pole the Huffen built the big red umbrella. The Huffen got the table and chairs. The Huffen put them under the monstrous red umbrella. The Huffen made a pitcher of lemonade. He got two glasses. He put all this on the table. Then he sat down; Daddy Ringtail, too.

Said the Huffen: "Oh, but the rain isn't raining down, it isn't. Why

SURGICAL PATIENT

Mary Colleen Joyce, seven-year-old daughter of Mr. and Mrs. William T. Joyce, 300-A West Kansas Street, was admitted Tuesday to Western Clinic-Hospital for minor surgery.

doesn't the rain rain down on top of our red umbrella?"

Daddy Ringtail knew why. The Rainmaker—oh, that rascal—wouldn't say the magic words for rain. And why have a monstrous red umbrella to sit beneath while it rains if the rain will not come raining down? No reason at all, but the Huffen knew what to do. He turned on the water from the hose, and it fell down like rain on the red umbrella. And it all will show you, I think, how people can get things done when they really want to bad enough. Oh my yes. Happy day!

Family Of Five Is Wiped Out; Lodger Faces Murder Count

EAST GREENWICH, R. I. —(AP)— Police Chief Charles R. Johnson said Wednesday a 27-year-old lodger would be charged with murder in the wiping out of a family of five whose bodies were found in their fire-wrecked home.

Johnson said the boarder, Edwin H. Reynolds, would be charged with murder and arson "just as soon as we can get around to the necessary paper work."

The chief said Reynolds bludgeoned or strangled members of the family during "four hours of terror" and then torched the house in an effort to cover up the crime.

The victims were Fred J. Dusza, 36, his wife, Beatrice, 31—an expectant mother—and their three children, Beatrice, 11, Kathryn, eight, and Gail, three.

Admitted In Statement
Johnson said Reynolds admitted in an oral statement taken in the presence of other officers that he bludgeoned Dusza with a chair and axe, garroted Mrs. Dusza and two of the children with ropes or silk stockings and strangled the third child with his bare hands.

Reynolds related, the chief said, that he hit Dusza with a chair during an argument, then got an axe from the cellar and "finished him off" despite the pleas of Mrs. Dusza.

The nature of the argument was not disclosed.

The chief quoted Reynolds as saying Mrs. Dusza followed him into a bedroom and that he garroted her with a silk stocking. When the eldest daughter entered the room, Johnson said, the boarder strangled her with his bare hands and then garroted the other two children in bed with stockings and ropes.

The bodies were found Tuesday in the fire-wrecked Dusza home in an isolated section of the community.

West Texas Oil And Gas Log

(Continued From Page One)
Water Recovered On DST In Tom Green
The Ohio Oil Company No. 1 M. D. Bryant, Central-West Tom Green County wildcat, two miles south and one-half of a mile west of Tankersley, developed a slight show of gas and some sulphur water in a drillstem test at 5,750-77 feet in a Pennsylvanian lime. The tool was open one hour. There was a strong blow of air throughout the investigation. Recovery was 1,880 feet of slightly gas cut sulphur water. There was no sign of oil.

The prospector is to drill ahead. Some observers think the lime which made the water in the Canyon.

Top of the Pennsylvanian lime is at 5,460 feet. Elevation is 2,062 feet. The section between 5,460 feet and 5,573 feet had some slight shows of oil and gas, but it did not develop any free oil.

Location is 1,640 feet east and 660 feet north of the southwest corner of section 1146 1/2, E1-8RR survey. The wildcat is slated to dig to approximately 7,500 feet to explore the Ellenburger.

No Shows Developed By Howard Wildcat
Brinkerhoff Drilling Company No. 1 E. Jones, Northwest Howard County wildcat, 14 miles northwest of Big Spring, and 660 feet from north and east lines of the northeast quarter of section 18, block 34, T&P survey, 1-2-N, failed to develop any shows of oil or gas in a drillstem test at 6,991-6,791 feet in the Spraberry sand of the Permian.

The tool was open one hour. There was a weak blow of air for 13 minutes, then died. Recovery was 25 feet of mud. There were no signs of petroleum or of formation water. Operator plans to drill 20 to 25 feet deeper and run another drillstem test.

Top of the Spraberry was at 6,677 feet. Elevation is 2,807 feet. The zone at 6,633-91 feet had a recovery of 160 feet of mud, with no shows during a one hour drillstem test.

Interested observers say the section of the Spraberry sand so far penetrated is extremely tight. There have been some slight signs of oil and gas on some of the fractures in the sand, but no free fluid has been developed.

The project is due to continue to at least 9,000 feet, or a test of the Pennsylvanian limes at a lesser depth.

C-W Scurry Venture Drilling After Delay
Delta Gulf Drilling Company and associates No. 1 H. H. Eiland, Central-West Scurry County wildcat, four and one-half miles northwest of the Diamond M field, and 660 feet from east and 616.7 feet from south lines of section 283, block 97, H&T survey, had cleaned up a bad

fisher job which delayed operations for a considerable period when total depth was at 7,539 feet in lime and shale.

The prospector is now making hole below 8,084 feet in chert. Up to now it has not reported having logged any possibilities of production.

In Pennsylvania
It picked the top of a Pennsylvanian lime at 7,450 feet, which was on a datum of minus 4,988 feet.

The venture is projected to 8,600 feet to explore the Ellenburger. W. C. McBride, Inc. No. 1 E. M. Conrad, in Southwest Scurry County, 17 miles southwest of Snyder and three miles south of the nearest producers on the southwest side of the Sharon Ridge-Canyon field had reached 6,638 feet in shale, and was going ahead to its objective of 8,000 feet to test the Ellenburger.

It has not logged any indications of commercial petroleum production. Location is 660 feet from south and west lines of section 73, block 25, H&T survey.

Swastika Test Is Set For SE Fisher
Skelly Oil Company has slated a 4,500-foot Swastika test in Southeast Fisher County, one and one-half miles southeast of the town of Longworth.

That wildcat is slated for rotary operation 467 feet from the south and east lines of John Rodman survey five and one-half. That makes it about six miles from production in the Eskota field.

Frankels Will Dig 7,800-Foot Wildcat
Frank and George Frankel of Houston No. 1 R. S. Williams is to be a 7,800-foot wildcat which is located almost on the Iron-Schleicher County line, a short distance south of the Tankersley field.

The exploration will be 660 feet from south and 810 feet from west lines of section 26, E2&W7 survey, Abstract 1138. That makes it 12 miles south of Merton.

Drilling with combination tools will start at once. The venture is scheduled as an Ellenburger project.

Scurry Gets Three More Reef Projects
Two more ventures have been spotted in the Kelley-Snyder and one more in the Sharon Ridge-Canyon fields of Scurry County.

Standard Oil Company of Texas will drill its No. 10 G. E. Parks at the northeast edge of the Kelley-Snyder field about nine miles north of the town of Snyder.

Drillists will be 2,240 feet from the north and 3,232 feet from the west lines of section 448, block 97, H&T survey.

Skelly Oil Company will dig the other Kelley-Snyder project. It is that company's No. 3 L. M. McClamey, 467 feet from the north and west lines of the southwest quarter of section 298, block 97, H&T survey, eight miles northwest of Snyder in the west side of the field.

The Sharon Ridge-Canyon venture will be Shell Oil Company's No. 5 C. V. Thompson, 1,983 feet from the west and 2,061 feet from the north lines of section 121, block 25, H&T survey.

Drillists are two and one-half miles west of the town of Knapp at the north side of the field.

The Kelley-Snyder attempts will be drilled to an estimated 7,000-foot depth with rotary equipment while the Sharon Ridge-Canyon venture will be dug to about 6,800 feet with rotary.

Wildcat Staked In E-C Runnels
L. D. Gullatt and J. Kirkman, both of Ballinger, have staked a 3,000-foot wildcat in East - Central Runnels County, seven and one-half miles northeast of Ballinger.

The proposed venture will be the No. 1 E. S. Malone, located 2,179 feet from north and 812 feet from east lines of tract 38, M. J. Parramore survey 28.

Cities Service Oil Company No. 1 P. Cooper, Northwest Nolan County wildcat, has been plugged and abandoned at a total depth of 7,376 feet in salt-watered Ellenburger.

On a final drillstem test at 7,289-376 feet, operators recovered 4,000 feet of salt water.

This failure was in the center of the northwest quarter of the northwest quarter of section 41, block 23, T&P survey, and one mile northwest of Roscoe.

A south outpost to the Salt Creek-Canyon field in West-Central Kent County has been plugged and abandoned at a total depth of 6,740 feet.

The attempted extension was the Estil Heysler No. 3 Lohman, located 660 feet from north and east lines of northwest quarter of section 115, block G, W&NW survey.

Salt water was recovered in the Canyon pay of the Salt Creek field.

Truman Pushes For Quick Enactment Of Tax Boosting Bill

WASHINGTON —(AP)— President Truman Wednesday prodded Congress for quick action on a bill to increase taxes by \$5,000,000,000.

He called acting Senate Democratic Leader Myers of Pennsylvania and House Democratic Leader McCormack of Massachusetts to the White House to urge speed on the measure.

Secretary of Treasury Snyder, who sat in on the conference, emphasized the terrific job facing the Treasury if the increases are to become effective October 1.

The President emphasized to us the importance of speed in order to assure that the Treasury can go forward with the new collections on the scheduled date," Myers said.

Myers said he doesn't think the bill can pass the Senate before Tuesday.

He and McCormack agreed that once the Senate acts a little time will be required to iron out differences in the Senate measure and the one previously passed by the House.

Compromise Talk Heard
Meanwhile there was talk of compromise on the bitterly contested excess profits tax amendment.

Off-stage maneuvering was reported aimed at a settlement about like this:

1. Delay of action on an excess profits levy to take the profits out of war until early next year, but—

2. With a rigid agreement that the profits levy, when enacted, would apply as of July 1, 1950 or October 1, 1950.

If the compromise is accepted, the retroactive application would represent a major victory for a group led by Senators O'Mahoney (D-Wyo) and Connally (D-Texas). They seek to tack the levy on the general tax bill now and make it effective July 1.

Malik Will Stick With UN Council To Promote Red Cause

LAKE SUCCESS —(AP)— A Security Council decision to air the Formosan question brought assurance from Russia's Jakob A. Malik Tuesday that he will not resume his boycott of council meetings after his August term as president ends Thursday.

Malik said, in effect, he would remain in the council to fight for the seating of a Chinese Communist representative who would accuse the United States of aggression against China in Formosa.

The council agreed Tuesday to put the Chinese Communist charges on its order of business, after Korea. The United States voted for the Russian proposal after the council toned down Malik's language. The Council voted 7 to 2 to investigate the "complaint of armed invasion of Taiwan (Formosa)."

LUBBOCK YOUTH DROWNS
BROWNWOOD —(AP)— Juveniles Gusman, 17, of Lubbock drowned Tuesday in Pecan Bayou here. The youth was hanging from a tree limb when he slipped and fell into the water.

IN OUR TIME

The pace of medical progress during the past seventy years is unequalled in all previous history. In fact, medical advance has been greater during the past five decades than in the preceding 5,000 years of recorded history. A diagnosis of typhoid fever, diphtheria, diabetes, anemia, and many other diseases no longer sounds a toll of death. Your physician has at hand a multitude of proved therapeutic agents which mean longer and happier life for all. Twentieth-century pharmaceuticals, many of which are extremely delicate in composition, require expert care in storing, compounding, and dispensing. That is the work for which we are prepared. Let us fill your next prescription.

Redskins, Lions Clash In Dallas

DALLAS — (AP) — Washington and Detroit clash here Wednesday night in a pro football exhibition game that's like old home week for Texas fans.

Washington, unbeaten in three exhibition games this season, is sparked by Texas Christian's most famous gift to the cash and carry game—Sammy Baugh.

Detroit, which hasn't won an exhibition game this season, has Southern Methodist University's former three-time All-America Doak Walker slated to start.

On Walker's side are Bobby Layne, formerly of Texas; Gilbert Johnson, another Ex-SMU star; Joe Watson, late of Rice; Cloyce Box, formerly of West Texas State; Ernest Kelly, Texas Western, and Bobby Coy Lee, Texas.

Bob Goode, ex-Texas A&M back, and Pete Stout, Texas Christian, are members of the Washington team.

Class A Football Teams Swing Into Action This Week

By WILBUR MARTIN
Associated Press Staff

A few Class A football teams open 1950 schedules this weekend, while next week practically all of the 219 schools in this division quit fooling around.

Class A—Schools with an enrollment between 200 and 500—got a two week jump on the other three divisions of the Interscholastic League's vast football program. This class voted to pass up Spring training in favor of an August 15 start on football practice.

Littlefield, defending champion, is one of ten teams in action this week. The Wildcats play host to Crosbyton Saturday.

Other games put Colorado City at Wink and Cleveland at Port Acres (Port Arthur) Friday. Lockney plays at Shamrock and Freer at Donna Friday.

This will be the third year for Class A schools to play to a state football championship. And West Texas holds a decided edge. Monahan winning the first title in 1948 and last year it was Littlefield.

Defending Champ Wink's Problem Is Backfield

By SHORRY SHELSURNE
Reporter-Telegram Sports Editor

WINK—When your team is the defending champion in a district, it usually is tagged as the favorite but it is not so with the Wink Wildcats who won the District 5-A title last season.

Coach Glen Brazier's defending champs are given little chance to repeat even though they will have a veteran line to throw at their nine conference foes.

The big thing with the Wildcats is—that star-studded backfield of 1949 is gone. Bud Rollins, Pat Drummond and a couple of other notables finished their eligibility last season.

Who is going to fill their shoes? That's the big question and the big reason Wink isn't being considered

by other coaches as a serious title threat. However, the Wildcats weren't given any big notice before the season opened last year. They won the title just the same.

Coach Frazier has about 40 candidates going through drill twice a day and from the looks of them at work, the dope may be upset. The Wildcats definitely will have

a big line. They will have a light backfield but the backs will be speedy and shifty.

Thirteen returnees are listed as lettermen but some of them haven't

The Wink Wildcats will open their 1950 season at 8:15 p.m. Saturday in Wink with the Colorado City Wolves furnishing the opposition.

The tilt will be one of the first high school games in the state, most other teams waiting until September 8 or 9 to open.

James Blackburn, Bobby Carman, Paul Jette, Duane Nobles, Don McBee, Bill Short, Arthur Barnes and Kenneth Tidwell will be the veterans

in the forward wall.

Gerald Ball, Dan Villarreal, Billy Hammond, Bob Short and Cal Applewhite are lettermen backs returning.

These are the boys who will have to furnish the know-how for the Wildcats.

Carmen, Jette and Blackburn are a trio of seasoned veterans who have added some weight. They will be counted on to shoulder a major part of the load. All were starters in most of last season's games.

Jette, Carmen counted on Jette and Carmen showed exceptionally good form toward the end of the season.

The backs mentioned as lettermen were not starters last year and have had little experience under

fire. However, some of them are coming along nicely and may furnish the Wildcats with a surprise star or two.

Tommy DeWitt, Kenneth Vinson and Pete McDonald are up from last year's Klittens and may turn in some good duty for the varsity.

David Stoddard, Jimmy Herring, W. C. Herricks and Billy Hurley, a transfer, are others who will go into the backfield pot from which Coach Frazier will draw his 1950 secondary.

Other Candidates
Joe Dick Westbrook, James Franklin, Grady Orbinson, Rusty Wallace, Doyle Parnell, Melvin Harris are reserves who this year are slated for line duty.

Jimmy White, Bobby D. Crawford, Dulaney Barrett, Ronnie Slaughter,

Thomas Rainey, B. C. Hazner and Harvey Russell are candidates up from the junior team.

So, about the best the Wildcats can look for right now is a good line and an average backfield which could develop into something better. Their biggest asset will be in the hefty forward wall which is spotted with some outstanding boys.

MAJOR LEAGUES-

Yankees Within Two Points Of Detroit Tigers

By The Associated Press
Detroit's once comfortable lead in the American League Wednesday was whittled to just two percentage points. The Tigers dropped a 5-4 decision to Washington Tuesday night, while New York edged Cleveland 6-5 in 10 innings. A second Yankee-Indian tilt was postponed because of rain.

Longhorn League—Vernon Takes Over Thrd With Victory Over Midland Tribe

By The Associated Press
The Vernon Dusters crawled into third place in the Longhorn League Tuesday night by whipping Midland 10-3 while Big Spring was idle. Roswell defeated Ballinger 7-5. Sweetwater blanked San Angelo 4-0, and rain washed out the Big Spring-Odessa tilt. Roswell took an early lead and coasted along to hand Ballinger its 100th defeat of the season. Nine bases on balls and four errors by Ballinger aided the Rockets. Frankie Romero allowed San Angelo only two hits and tripled home one of Sweetwater's runs. Cotton Russell hung up his twenty-second mound victory as he hurled Vernon to victory. Arnold Davis homered for the Dusters, who collected 16 hits. The scores: R H E Midland 000 100 200—3 7 5 Vernon 210 022 03x—10 16 0 Jarl and Jones; Russell and Hering. Roswell 400 011 001—7 8 1 Ballinger 002 011 100—5 11 4 Drake, King and Jordan; Davis and Garcia, Warren. San Angelo 000 000 000—0 2 1 Sweetwater 001 000 12x—4 11 1 Garza and Lopez; Romero and Finley.

Bowling Association Meeting Is Scheduled

An important meeting of the Midland City Bowling Association will be held at 7:30 p. m. Wednesday on the mezzanine floor of Hotel Scharbauer. Plans for the setting up of all winter leagues will be made. Team captains and officers of each league are urged to attend. Jack Mashburn, president of the Association, said.

Frank Mormino, the ex-Odessa Otter catcher, has done it again. There was a big squabble in a Big League game Tuesday night in Harlingen and Mormino, now catching for Del Rio, was right in the middle of it. He refused to leave the field when thumbed, and the game was forfeited to Harlingen by the umpire.

Mormino was the cause of a forfeit in Indian Park here last season when he was tossed and wouldn't leave the field. Umpire A. B. Sykes was the official in that one who gave the tilt to Midland.

Doak Walker, the three-time All-American at SMU, still is as popular as ever in Dallas.

Doak is in the city to play in the Detroit Lions-Washington Redskins pro exhibition game Wednesday night.

He's scheduled for an autograph party Thursday when the book "Doak Walker, Three-Time All-American" comes out.

Wilbur Martin, a sports writer for The Associated Press in Dallas, already has started the yell which is as familiar as the coming of football seasons—"New Braunfels again looks like a playoff bet."

As the Class A football season comes, so comes New Braunfels as the favorite with the East Texas boys.

Maybe they'll learn some of these years that Class A football in West Texas deserves to get its just notice in pre-season predictions.

New Braunfels was picked by the East Texas writers in 1958. Monahans won the state title last year.

Littlefield won the title. How many titles does West Texas have to win before its teams get to be favored in state-wide picking?

The Andrews Mustangs, picked far and wide in West Texas as the top team, play host to Dalhart.

Dalhart last year whipped the eventual state champion, Littlefield, in the first game of the season by a 14-0 score.

Reports say Dalhart has practically all its players back from last season.

Let us drop you another reminder here that season tickets for the home games of the Midland Bulldogs go on sale at 8 a.m. Friday in the Chamber of Commerce office.

We hope to see a record number of tickets sold this year to offset last season's poor showing in attendance.

You will have until noon Saturday to get yours. Make a note of it and purchase at least one season ticket.

Odessa Defeat Charter Proposals

ODESSA—Odessa emphatically defeated proposed amendments to the city charter by a margin of 16 to 1 Tuesday.

The most important amendments were to raise the salary of the mayor to \$300 and the commissioners to \$260.

NOW IS THE TIME TO BUY THE BEST! GOODYEAR TIRES are the best!

In times like these, far-sighted people naturally buy the best. And when it comes to tires, they buy the best tires. That's why more car owners today are turning to Goodyear tires. That's why we're having a hard time keeping Goodyear tires in stock—despite the fact that Goodyear makes more tires than any other manufacturer in the world. Even if we are temporarily out of your tire size, it will pay you to place your order now for earliest possible delivery.

It's Value that counts
The final answer to tire value is how many trouble-free miles a tire delivers compared to its cost. Get Goodyear quality and find out for yourself why Goodyears are best.

We'll give you service ..
Yes, we're equipped to give you the best service in town—service that adds miles and miles of safe driving. We'll check your tires regularly for inflation, balance and uneven wear.

Remember, if we don't have your tire size today, it will pay you to wait for new Goodyears—the best!

Trade new miles for old
90% of all tire trouble occurs in the last 10% of tire life. Why take chances with worn, smooth tires? We'll trade you new Goodyear miles for the remaining unsafe mileage in your present tires. Get out of the "danger zone"—go Goodyear for safety. And for safer driving, get LifeGuard Safety Tubes.

Officers Investigate Accident On FM Road

Officers late Tuesday were called to investigate a traffic accident on Farm to Market Road 715, about eight miles southeast of Midland. No one was injured.

The accident involved a pickup truck driven by E. M. Johnson of Midland and a large truck driven by David A. Dyson. Both men are Midland residents.

Highway Patrolman Jimmie Parks said the pickup was damaged slightly.

SNYDER SCHOOLS SLATE OPENING SEPTEMBER 18

SNYDER — The Snyder public schools will not open until September 18, one week later than the time originally set for the beginning of the term, according to a decision of the school board in a special meeting.

The later start was necessary in order for buildings to be ready.

VISIT IN MIDLAND

Mrs. Ray Camp and Mary Betty of Fort Worth and Cecile Hagan of Houston were recent guests of Mr. and Mrs. Van Camp, 802 North Big Spring Street. Mr. and Mrs. J. R. Clayton and Betty of Chicago arrived in Midland Wednesday to visit Mr. and Mrs. Camp. Clayton is Mrs. Camp's brother.

Announce Plans For Opening Of David Crockett Elementary

With contractors working rapidly to complete the new David Crockett Elementary School in Northeast Midland, plans for the opening of the new school were announced Wednesday by Supt. Frank Monroe.

Because more of the school building will be ready for opening than originally was thought possible, grades three, four, five and six will attend classes all day on the regular schedule. Only the first and second grades will begin on a half-day schedule, Monroe said.

First grade students at Crockett will attend in the morning, and second grade students will attend from 12:30 p.m. to 3:40 p.m. Monroe said the early start for afternoon classes is necessary in order to make the connection with buses taking rural children to their homes in the afternoon.

Bus transportation is to be provided for all rural children attending on the half-day schedule, Monroe said.

It is expected full-day schedules will be started within three weeks of the opening of school on September 5, as the final touches are applied on the third and final wing of the new building. Date for the beginning of the full-day schedule for grades one and two will be announced when the building is completed, he said.

Sixth Grade Classes

Another important announcement was made by Monroe, regarding classes at other Midland schools. Sixth grade classes will be held at South, North and Crockett Elementary schools, instead of at the Junior High school, he said.

Only West, Latin American and Terminal Elementary schools will be five-grade schools this year.

It is the ultimate aim of the school district to have classes distributed on a 6-3-3 basis—with six elementary grades, three junior high classes and three senior high classes. In line with this policy the South, North and Crockett schools will be six-grade schools this year.

As space permits, the remaining schools will retain the sixth grade, Monroe said.

Far Behind Schedule

More Communists—possibly up to three divisions—rushed to join the battle.

By order of North Korean Premier Kim Il Sung, the Reds have until midnight to wipe out United Nations forces by the end of August. They were far behind schedule.

U. S. negro and South Korean troops threw the North Koreans off bloody Battle Mountain near Haman, 10 miles northwest of Masan port on the southern coast.

It was the eighth time in two weeks Battle Mountain changed hands. It was swapped twice Wednesday.

The Waegwan attack was the first by the American cavalrymen in days.

The whole Korean war front, which winds 120 miles through the mountains westward from Pohang to Waegwan and then southward to the coast, seemed to have come to life.

Close-Quarter Battle

Red probes tried to cross the Nakdong River between Waegwan and Battle Mountain. They were knocked back by U. S. artillery and riflemen of the U. S. 24th Infantry and First Cavalry Divisions.

The Reds tried the long battle line at all points.

They have 110,000 to 120,000 on the line. Another 30,000, mostly raw recruits, may join this force soon.

The roaring, close-quarter battle for Pohang seemed to be the main Communist effort.

But the ominous threat to Taegu from the north was alarming. Around 20,000 Reds were in the force fighting toward the central front rail hub.

A break-through at either point could turn the Communists loose on Taegu or Pusan, the principal southeastern seaport.

Cohen—

(Continued From Page One)

Angels Police Department radioed Texas authorities to keep Cohen "under surveillance."

The Los Angeles police said they did not know the purpose of his visit but it was reported that it may have something to do with the disappearance of two of his henchmen. The two, Dave Ogul and Frank Nicoll, vanished last Fall before their trial with Cohen and ten others on charges of conspiracy in the beating of a radio shop owner.

Ogul and Nicoll have been reported seen in the vicinity of Juarez, Mexico, across the border from El Paso, in recent months.

Their disappearance cost Cohen \$75,000 in skipped bail money.

Col. Milan N. Plavsky, director of the Midland Department of Public Safety, declared at noon Wednesday Cohen had departed by plane for Dallas.

"Dallas police will be waiting for him at the airport," Plavsky added.

House Passes Stiff Anti-Communist Bill

WASHINGTON — (AP) — With overwhelming House approval, a bill designed to put the spotlight on activities of Communists and their "fronts" moved Wednesday to the Senate amid prospects it would be passed next week.

The House okayed the measure by a whopping 354 to 20 vote late Tuesday.

The House-passed bill includes major features of the old Mundt-Nixon measure, plus some new ones.

City Manager Tells Lions Bond Vote Is For A Growing City

"Get acquainted with your city manager," said program chairman Duke Jimerson at the weekly meeting of Midland Lions Club Wednesday as he introduced W. H. (Bill) Oswald, city manager of Midland, who was the guest speaker.

Oswald described the qualities and duties of a city manager. Then he discussed the bond election scheduled here September 9. He said the proposals of the bond issue, if passed, would be of great benefit to a growing city such as Midland.

He broke down the five proposals of the bond election and invited questions.

Ed Prichard presided. Thurmon (Tugboat) Jones announced the sale of football tickets for the 1950 home games of the Midland High School Bulldogs. James L. Daugherty announced the Labor Day roping and horse show event.

Frank Monroe won a ticket to the Labor Day event by shaking hands with a new Lion, L. D. Cook, a feature of "Get Acquainted Week."

Arthritis Knocks Ghost Of Guam Out Of Return To Duty

SEATTLE — (AP) — Spinal arthritis has knocked George Ray Tweed, the man who dodged Japanese soldiers on Guam for 21 months during World War II, out of a return to duty with the Navy.

Tweed was a Navy chief petty officer on Guam when the Japanese captured it in early phases of the Pacific war. He hid out in the brush, in caves and homes of friendly Guamanians until the island was retaken by U. S. forces.

He retired to operating a bowling alley at Grants Pass, Ore, but was called to duty this week as a member of the fleet reserve.

The Navy doctors sent him home Tuesday. Spinal arthritis incurred while he hid on the island disabled him, they said.

Tweed said he didn't mind. "I have a postwar family now. Boy, four; girl three; nice wife. Now I can stay with them."

One Georgia Solon Wants To Go Home

WASHINGTON — (AP) — Representative Camp (D-Ga) came up Wednesday with new reasons for Congress to adjourn by September 9.

"Members are tired, nerves on edge, tempers are frayed," Camp said in a letter to constituents. And he added wistfully:

"We missed all the watermelons, fruit, fried chicken and baseball. We surely hope we can get home for muscadines, persimmons, and 'possums."

Daniel Delivers Tideland's Address

COPENHAGEN, DENMARK — (AP) — The role played by the Republic of Texas in the formation of international law on Tideland's and marginal sea ownership was described to the International Law Association here Wednesday by Texas Attorney General Price Daniel.

Daniel explained how Texas, an independent nation from 1836 to 1845, fixed its seaward boundaries three leagues from shore in the Gulf of Mexico and outlined points of international law involved in the present controversy between the U. S. government and coastal states over the ownership of these Tideland's areas.

Daniel refrained from discussing the merits of the state-federal conflict in the U. S. but said the individual states will continue to fight in the courts and Congress for continued ownership of the marginal belt lands, "which they have possessed in good faith since the beginning of the American Union."

TO UNDERGO SURGERY

Mrs. Billy Ramsey, 917 North Dallas Street, was admitted Tuesday to Midland Memorial Hospital for minor surgery.

SLIGHT DAMAGE FROM SHORT

A short in electrical wiring Wednesday caused slight damage to the residence of Ben L. Crites, 307 West Florida Street. Firemen said one wall and a part of the floor were smoked.
