New Pool In Coke Adds Second Well

Union Oil Company of California has been assured of a second well in its recently discovered Cisco sand pool in Central-East Coke County.

The No. 2-B McCutchen, one-quarter mile north of the discovery, flowed an estimated 35 to 50 barrels of oil hourly on a drill-stem test at 3,958-80 feet.

The tool was open 40 minutes on the test. Gas surfaced in three minutes, mud in eight and oil in 10 minutes. The oil flowed 30 minutes for the estimated hourly gauge. A five-eighths inch bottom hole choke was used.

Open flowing bottom hole pressure varied between 960 and 1,350 pounds. Shut-in pressure after 10 minutes was 1,650 pounds.

Operator plans to set five and one-half inch casing on bottom and complete through perforations. No correlations with the discovery well or with dry holes drilled in the immediate area are available.

Discovery well of this new pool, located five miles east of the town of Robert Lee, is Union's No. 1-B Daisy McCutchen.

The No. 1-B McCutchen was completed for 179.2 barrels of 43-gravity oil daily through a one-fourth inch choke.

West and south offsets to the No. 1-B McCutchen have been failures. The west offset was Union's No. 2 Jim McCutchen, which was abandoned in salt watered Cisco at a total depth of 4,064 feet.

American Republics Corporation drilled its No. 1 Daisy McCutchen as a south offset. It was plugged and abandoned at a total depth of 3,990 feet.

The pool extension, Union No. 3-B McCutchen, is 527 feet from north and 580 feet from west lines of section 44S, block 1-A, H&TC survey.

Ellenburger Wildcat Staked In C-E Nolan

Sun Oil Company has staked an Ellenburger wildcat in Central-East Nolan County, 10 miles southeast of Sweetwater.

The proposed venture is the No. 1 Susie E. Featherstone, located 600 feet from south and west lines of section 38, block X, T&P survey.

Drill site is four and one-half miles east and slightly south of the same company's No. 3 Stone, recently abandoned in a lower Pennsylvania line.

Projected depth for the No. 1 Featherstone is 7,100 feet. Operations are to begin at once.

Mississippi Has Shows In SE Lynn

Indications of production from the Mississippi have been developed at Humble Oil & Refining Company No. 1 W. C. Dulin and others, north-west of the discovery well of the O'Donnell-Pennsylvania pool in Southeast Lynn County.

The No. 1 Dulin, which was barren of production in the Pennsylvania, developed a strong show of oil on a drill-stem test in the Mississippi at 9,034-074 feet. Recovery after the one-hour test was 2,700 feet of free gas in the drill pipe, 210 feet of heavily oil and gas cut mud and 180 feet of oil cut mud.

The venture is preparing to core deeper. Location is 2,038 feet from west and 1,380 feet from north lines of section 431, block G, EL&R survey.

Magnolia Petroleum Company No. 1 W. W. Caswell, west of the well, also has missed the pay of that area and was last reported drilling below 8,900 feet in lime with a trace of chert.

The No. 1 Caswell is 660 feet from north and east lines of south-west quarter of section 431, block 9, EL&R survey.

Humble 1 Midkiff Swabs, Flows Oil

Humble Oil & Refining Company No. 1 Midkiff, Southeast Midland County's prospective discovery from the Sprabery sand, is still swabbing to clean out and test on the open hole at 7,281-7,347 feet.

During 12 hours of swabbing the well showed oil coming in the hole at the rate of three barrels per hour. It was cut with four per cent drilling water. At the end of the 12 hours of swabbing the well kicked off and flowed nine barrels of oil in six hours, then died.

Swabbing was resumed. Operator intends to continue swabbing for at least another 24 hours and then probably will hydrate the zone which is showing the possibilities of production.

Location is 660 feet from north and west lines of section 46, block 8, T&P survey, T-4-S. It is 25 miles southeast of the city of Midland.

Swab Shows Logged. Magnolia Petroleum Company No. 1 H. S. Collins, one location north of the discovery well of the Parkers.

Allies Beat Back Stabs At Taegu

FIERCЕ FIGHTING NEAR POHANG—An American soldier pauses beside the body of a buddy who fell in the fighting near Pohang. United Nations forces have been thrown out of the coastal town and the Reds are centering their attacks toward Taegu, important hub in the United Nations defense line.

HISTORICAL WORD-EATING— Truman, Marines Patch Up Troubles

WASHINGTON —(P)—President Truman made an unheralded visit to the Marine Corps League's meeting Thursday and expressed hope there never will be "another misunderstanding" between him and the Marines.

It was a personal and emphatic follow-up to his apology of Wednesday for his earlier "unfortunate" words about the fighting corps.

The league gave him a standing ovation and applauded furiously when he said, with a grin:

"You succeeded in enticing me over here."

The President late Wednesday apologized for his harsh words about the Marines in the greatest display of presidential word-eating in recent American history.

He called Marine Commandant Clifford B. Gates to the White House and personally handed him a letter which began:

"I sincerely regret the unfortunate choice of language which I used in my letter x x x to Congressman McDonough x x x."

No Comparable Language
Washington old-timers could remember no comparable language from the White House.

With his mind obviously on the furor over his description of the Marines as a "police force" with "a propaganda machine that is almost equal to Stalin's," Truman told the league meeting:

"There are incidents that sometimes appear almost as if it was the end of the world at the time," but that eventually turn out to be for the good of the country.

Then he added that when he makes a "mistake, I try to correct it."

Truman walked into the crowded room with a broad grin on his face. He kept that grin until he started speaking.

He turned serious when he asked (Continued On Page Nine)

Control Plans Fireside Chat Set Saturday

WASHINGTON —(P)—President Truman will address the nation Saturday night to report on what home front controls are in store in the current emergency.

In disclosing this at a news conference Thursday, Truman declined to say whether he plans even limited price control. He said he would give his answers in the Saturday night speech.

The Administration already has told Congress it needs \$40,000,000 to build up an organization which would be ready by next April 30 to handle selective price controls.

The President told a news conference questioner he had no knowledge of one published report that W. Stuart Symington, chairman of the National Security Resources Board, would be in overall charge of home front mobilization.

No Price-Wage Freeze
He also said no plan now is under consideration for a single economic stabilization agency to use his powers to stabilize prices and wages.

One thing the President did say positively was that there would be no military dictator and that all controls necessary will be under civilian administrators. He said this in reply to a question as to whether such controls would be under a civilian.

He said the bill itself may not be signed for a few days since it has not been completely analyzed by the departments concerned and a great deal of work is yet to be done.

He said he would try to answer all questions in his report to the people Saturday night, his second "fireside chat" within a week.

Before the White House news conference, Symington was reported to have told the Senate Appropriations Committee a seven-point program of credit controls, allocations and priorities will go into effect shortly after Truman signs the mobilization bill.

Both city and county bond-issue proposals have the endorsement and approval of Chamber of Commerce directors.

Proposals Listed
Qualified voters of the city will determine whether \$3,500,000 in bonds will be issued for public improvements, including water and sewer services, street improvements, construction of two new fire stations and a new city jail, and the purchase of additional fire-fight-equipment.

The \$10,000,000 county bond proposition is to provide funds for the widening right-of-way for the widening of Front Street as a dispersal route through the city; drainage; Big Spring Street grade separation; (Continued On Page Nine)

Navy Acknowledges Its Fighter Planes Downed Red Bomber

WASHINGTON —(P)—The Navy acknowledged Thursday that two of its fighter planes shot down the Russian bomber off Korea on Monday.

This was the first official word American planes knocked off the twin-engined Soviet craft when the U. S. charges, it attempted to attack United Nations naval forces.

At the time the incident first was reported the State Department said the bomber "opened fire upon a UN fighter patrol, which returned its fire and shot it down."

A Navy spokesman at a briefing session for newsmen in the Pentagon identified the fighter planes as two Navy Corsairs attached to Task Force 77, composed of carriers and supporting units.

He said the Navy had no information that would support the Moscow claim two other Russian planes were in the vicinity or that 11 American fighters took part in the brief fight.

The Navy's report cleared up previous indications British forces might have been involved.

British naval vessels had been reported in action in the area where the Soviet bomber was shot down.

Bermuda Altered For Atlantic Hurricane

MIAMI, Fla. —(P)—The recast island of Bermuda was alerted Thursday for a great storm moving up the Atlantic while Northeast Florida and Southeast Georgia felt the last gasps of a gulf hurricane.

The storm inching in the general direction of Bermuda had winds up to 150 miles per hour near the center and hurricane force winds (75 miles per hour or more) extended outward 100 miles in all directions.

Man Who Bites Dog Is Back Number Now

BLOMFOUNTEIN, SOUTH AFRICA —(P)—A lion, pretty upset about being caught in the first place, steadily ignored crowdbars and other persuasions and refused to budge from a truck into its cage at the Blomfontein Zoo Thursday.

A native attendant solved the problem. When the lion's lashing tail swished outside the bars of the truck, the native pounced on it and hit it hard.

The lion went into the cage.

BERRY NICE—That's a pun, son, but what else can you say when a neat dish like Valerie Wallace is chosen "Miss Blackberry Julep, 1950" by the New York State blackberry growers to reign over their height-of-the-season festival at Ellenville, N. Y.?

Selective Service Calls 2,500 Texans As October Quota

AUSTIN —(P)—State Selective Service Thursday called on local boards for 2,500 men for induction during the first two weeks in October.

It was the second call for induction of men since the outbreak of war in Korea. The first was for 2,500 men for delivery during the last two weeks in September.

The November call has not yet been received, said Brig. Gen. Paul Wakefield, state Selective Service director. He expects it will be for 3,500 men.

October inductions will be at Abilene, Amarillo, Corpus Christi, Midland 17, Lamesa 11, Odessa 20, Big Spring 17, Sweetwater 13, Pecos 20, Brownfield 17, McCamey 5, Lubbock 46, San Angelo 22 and Vernon 14.

Following are area boards and the number to be called:

Midland 9, Alpine 9, Van Horn 3, Brownwood 17, Lamesa 11, Odessa 20, Big Spring 17, Sweetwater 13, Pecos 20, Brownfield 17, McCamey 5, Lubbock 46, San Angelo 22 and Vernon 14.

He said Hoover wants his agents to be able "to put these people to bed at night and get them up in the morning" in watching their activities.

Contract Dispute Halts Rig Building In Western Texas

ODESSA —(P)—A dispute between the rig builders union and rig contractors has stopped rig building through the West Texas oil fields.

The contractors claim their contracts with the union have been terminated illegally. The union claims the agreement remains in effect.

The Odessa American said the principal issue "appears to be over use of dollars in skidding the rigs from one location to another."

The weather forecast for Thursday night and Friday gave little indication of more rain.

Traffic, Drainage Problems Are Critical

By DALMON McNAIR (Last of a Series)

A one-package \$1,000,000 bond issue proposal, designed to meet the needs of a critical traffic and drainage problem in Midland, will be placed before county voters Saturday.

The \$1,000,000 bond fund, which would be tax supported, would be used to match a Texas Highway Commission allotment of \$417,200 for the proposed improving of North Front Street from east to west city limits; for a Big Spring Street grade separation; and for a drainage project designed to keep overflow water away from the downtown business area.

The Midland County Commissioners Court called the election in July after receiving a petition which had been circulated by the Highway Committee of the Chamber of

Slow, Bloody Gains Better UN Positions

TOKYO —(P)—Twin pincers aimed at Taegu by 50,000 Red Koreans were beaten back Thursday by Allied troops.

Severe fighting raged all along the 120-mile Korean battle front. Some of it was fought by Marines and Doughboys in hand-to-hand combat with bayonets and clubbed rifles.

Both sides lost heavily. Communist casualties in the flaming southwestern sector alone were put at 20,000 men for the week out of their estimated force of 150,000 on the whole front.

A new North Korean drive on the U. S. 25th Infantry Division started with a terrific artillery barrage at dawn Thursday. The Americans there are defending the southwestern approach to Pusan, main Allied supply base 35 miles east of the roaring battle.

U. S. warplanes damaged or destroyed 65 Red tanks in two days. Forty-eight were knocked off Thursday. The Reds moved 84 new Russian tanks into the line Wednesday.

A bitter and indecisive day-long battle for the last northern ridges before Taegu raged between U. S. First Cavalrymen and the Communists.

The Reds were within sight of the city. AP Correspondent Jack Macbeth, with the cavalry, reported the Americans stuck to their positions under heavy Red pressure.

New Down Infiltrators
Once the Americans had to turn their guns around to mow down Communist infiltrators.

One cavalry regiment slugged it out at close range with the attacking Reds.

While this battle swirled at the southern end of the Kumhwa "howling alley," other cavalry units beat off two dawn attacks two and four miles northeast of Wegan, 12 miles northwest of Taegu.

AP Correspondent Ben Price reported the Allies rolled back the Communist force that had smashed through South Korean lines and posed a sharp new threat to Taegu.

South Korean forces were pushing eastward from Yongchon, a key highway junction 20 miles east of Taegu, which the North Koreans held briefly Wednesday.

American Control Airfield Elements of the U. S. 24th Division drove three and one-half miles north of Kyongju, another main highway point 18 miles southwest of Red-captured Pohang port on the Sea of Japan coast.

Americans control the airfield six miles south of Pohang.

The gains were slow and bloody. The U. S. Eighth Army in Korea reported that elements of the 25th Division in the southwest gave some ground at the outset of the push toward Pusan. But, the communique said, the Americans regained it in a fierce mid-day counter-attack.

Infantrymen pushed back remnants of four Red divisions across the Nakdong River west of Yongshan. (Continued On Page Nine)

Rainfall Reaches 1.14 Inches Here

The skies over Midland and vicinity cleared up somewhat Thursday but before more rain had fallen Wednesday afternoon.

The City Shop reported an additional 0.4 inch Wednesday to bring the total for the week to 1.14 inches in Midland.

At the CAA office at Midland Air Terminal, 33 was recorded Wednesday. It brought the total there to 90.

It has rained intermittently here and in the area for five days, and farmers and ranchers said the precipitation will benefit crops and range lands.

The weather forecast for Thursday night and Friday gave little indication of more rain.

Truman Promises McCarran Bill Veto

WASHINGTON —(P)—President Truman said Thursday he won't sign the McCarran Communist registration bill if Congress sends it to him.

He told a news conference the bill, sponsored by Senator McCarran (D-Nev.) is the same as the Republican Mundt-Nixon bill, but revised by McCarran to make it a little worse.

Business leaders have pointed out the probability of an increased number of desirable business lots along Big Spring and North Front Streets if the projects are carried out. The grade separation on Big Spring Street also would assure south side residents of better fire and police protection, officials said.

Dispersal Route
North Front Street would become a dispersal route for traffic through the city. The Highway Committee of the Chamber of Commerce has plugged the project because of the danger of serious disaster in downtown Midland due to the fact that all trucks, including those carrying gasoline, butane and other explosives, now are routed on Wall Street.

(Continued On Page Nine)

GARDEN CLUB MEMBERS TO HEAR CITY MANAGER

Members of all Midland Garden Clubs are invited to attend a meeting at 10 a.m. Friday in the district courtroom of the courthouse when City Manager W. H. Oswald will speak concerning the \$3,500,000 bond issue proposal which will be before the voters in Saturday's special city election.

Wrapping of the Washington state apple crop requires 600 freight cars of paper.

IN HOLLYWOOD

An Easel Switch For Kelly Who Brushes Up As Artist

By **ERKINE JOHNSON**
HOLLYWOOD - BEHIND THE SCREEN

Gene Kelly will make with the brush and palette in "An American in Paris" as convincingly as Cornel Wilde thumped the ivories in "A Song to Remember." MGM has noted artist Gene Grant teaching Kelly how to fool audiences as a celluloid Picasso.

"Most movies in which a star surveys a painting that he's supposed to have done and puts a finishing dash to the canvas are laughable," Grant says. "The fans will be writing Gene to send them oil paintings when they see him in this picture."

Grant recently finished a portrait of Edgar Bergen.

"It's not pretty and it's not flattering," he says. "I'm not that kind of an artist and Bergen knew it when I started the portrait."

Gertrude Berg's deal with Paramount calls for one film about her famous Goldberg family every two years if the studio decides to make a series.

"I hope it pans out," Gertrude told me on the set of "The Goldbergs." If they coax hard enough, we might do one a year. But I wouldn't give up the television show for anything."

There'll be no studio designer credit for Gertrude's costumes in the saga that's made the writer-actress a cool million. "I use my own clothes," she says-but there's a makeup man around doing things to the Berg face.

"Mascara around the eyes," Gertrude winked.

Jan Sterling's shivering over the thought of what public reaction may be to the blonde floozy she plays in "Ace in the Hole."

"I'm the worst so-and-so in screen history," she whispered. "I don't have one redeeming feature."

Jan and hubby Paul Douglas have moved into a glossy Bel Air mansion that is part of the Marion Davis estate.

"The swimming pool," gasps Jan, "winds around like a river with bridges and beaches and everything."

Jack Paar reports that necklines on TV are becoming so low that a manufacturer could make a fortune with a V-shaped screen.

Come rain or shine, Evelyn Keyes will play Desdemona to Sidney Chaplin's "Othello." Says Evelyn: "It was too heavy for the Summer season and I needed plenty of rehearsal time, so we postponed it. To do Shakespeare is like starting from scratch. But if you can do it, nothing will ever frighten you again."

Evelyn admits that her romance with young Chaplin is still perking.

"No marriage plans at all," she insists. "He's gay and sensitive and I like that."

It happened. I am reliably informed, on a set where Errol Flynn was working. The script called for Errol to gulp a glass of milk. The cameras turned. Errol gulped but then spoiled the scene by spitting out the milk and yelling:

"Hey, what are you guys trying to do to me? This is MILK!"

WTCC President Appoints Four Special Committees

ABIENE-Four important committees have been named by the West Texas Chamber of Commerce President, J. M. Wilson, Sr., of Floydada, to set between September 1 and January, 1951, with reference to the present and the future proposed reorganization and revitalization of the West Texas Chamber of Commerce.

The annual Fall convention of the organization is scheduled October 19-20 at Mineral Wells. The following have been placed in charge of the program for the two-day session: Clyde Westfall, Stamford, chairman; Buell Orr, Graham; L. D. Aston, Cleburne; Anthony Penoglio, Nocona; J. B. Thomas, Fort Worth.

A committee to study and plan the organization's program of work for 1951 includes Jerry Debenport, Odessa, chairman; R. W. Whitley, Big Spring; Clarence Whiteside, Lubbock; C. E. McCutchen, Wichita Falls; Clarence Leonard, Gainesville; Price Campbell, Abilene; J. E. Wright, Vernon; P. O. Stacy, Granbury; James N. Allison, Midland; Amos G. Carter, Jr., Fort Worth; Howard Gault, Hereford; Alton B. Bell, Crowley; Howard Vaughn, Levelland; Tom Harrison, Memphis; Aubrey L. Townsend, Brady.

If the present plans materialize, the 1950 convention program will be broken down into panels by subjects where members of the organization will attend the panel in which they are most interested.

A committee on nominations for 1951 includes: Roy Bourland, Pampa, chairman; T. E. Bridwell, Wichita Falls; John Couch, Haskell; Lawrence A. Hagy, Amarillo; A. M. Muldrow, Brownfield.

Budget needs of the West Texas Chamber of Commerce for 1951 tentatively are estimated at a minimum of \$100,000. This is almost double the approximate \$50,000 budget in 1950. The members of the 1951 Budget Committee are: Joe Bridwell, Wichita Falls, chairman; Lawrence Hagy, Amarillo; Clyde Westfall, Stamford; Jerry Debenport, Odessa; H. G. Parr.

An active committee at present in the Auditing and Property Inventory Committee, headed by WTCC Treasurer, Ed S. Stewart, Abilene, assisted by O. P. Thrane and G. C. McDonald of Abilene.

President Signs Giant Money Bill

WASHINGTON-(AP)—President Truman has signed a giant bill, \$58,564,000,425 government money bill and served notice he will not now permit a loan to Spain which the bill says shall be made.

Truman, penning his signature to the bill Wednesday, said in a statement this government will lend money to Franco Spain when that "will serve the interests of the United States in the conduct of foreign relations."

The Spanish loan provision wasn't the only thing he didn't like about the bill, which carries funds to appropriate most of the government during the year which started July 1.

He termed "unwise and dangerous" a requirement that the Administration reduce spending for non-defense purposes by at least \$500,000,000.

"This unusual provision represents a failure by the Congress to exercise its proper responsibility for enacting appropriations to conduct the government's business," the President said.

Planned, Designed And Built For You

Your dream house can become a reality when you take your ideas to **LOVD PONDER, BUILDING CONTRACTOR**. He will design a house to conform with your own specifications and those of your lending agency. Mr. Ponder builds homes which are in the \$12,000 to \$20,000 class. You don't have to accept substitutes. Have your home planned the way you want it to suit your individual needs. Call 4478 for more information.

Voice Culture Should Begin Early

Take advantage of the opportunity offered at **ANN GRENSHAW'S SCHOOL OF VOICE**, 1104 North Colorado, for children and adults. The school of voice will open September 11. Miss Grenshaw is an accomplished voice teacher and offers you opportunities never before available so close to home. She studied in Columbia, Missouri, and also with the Community Civic Opera in New York. She attended SMU and graduated from Tech in Lubbock. She is a former soloist of the Saint Paul Episcopal Church in Lubbock.

Customers Are Happiest When They're Fed

The next time you've got a tough customer to sell, suggest having lunch together at **JOMAC'S CAFE** in The Greyhound Bus Terminal. The delicious home cooking will do wonders for you both! Wait for that contented sigh you hear from your finished the last bit of dessert... offer him a good cigar... then talk business. He'll think there's no other man he'd rather give his order to than you!

Money Isn't Everything!

Money talks—but the many little things that add up to a friendly, pleasant business transaction are important, too. At **MIDWEST INVESTMENT COMPANY**, 211 East Texas, special service is placed on convenience, low cost, courtesy and privacy. Here you can borrow money with dignity and ease. Why not buy that car you've been wanting and let the company finance it while you drive it? Buy new furniture for the home in the same convenient manner. Borrow money on your car, furniture or other collateral.

Upholstering By Experts

When experts at **MASTERCRAFT FURNITURE COMPANY**, 210 South Weatherford, restyle your furniture with fine new fabrics from your choice of the bolts and bolts of quality upholstery fabrics, we know you will be happy with it. The company will give you efficient, quality service from the moment your furniture is picked up until it is returned to you. Mastercraft Furniture Company specializes in custom built furniture in any period or style you may prefer. Call 3423.

Property For Sale?

If you have a house, farm or other property to sell, you'd be wise to let a reliable real estate agent take care of the sale. **LEONARD MILLER, REAL ESTATE**, 201 East Wall, will get maximum value for your property, and the sale will be accomplished in short time. Out-of-town contacts are arranged throughout the agency. List property now for a quick sale and greatest value.

Keep Him Smiling

Yes, whenever he dons one of the clean, bright shirts you have laundered at **KEELY'S LAUNDRY**, 308 South Baird, there's sure to be a smile on his face. Keep him happy! Besides, you can be a lady of leisure, too, on otherwise harried washdays. There is plenty of room and plenty of Maytag or automatic laundries for doing your own wash the way you like to do it, and it requires so little time. If you prefer, call 2280 and Kelly's Laundry will pick up your clothes and return them washed and ready to iron. This is the wet wash and rough dry service.

Complete "One-Stop" Service

Most cars have just put a lot of tough Summer mileage behind them—and that means a complete lubrication job is in order. Stop at the new **WOOD'S SERVICE STATION**, NUMBER 3, East Texas and East Highway 80, for quick, efficient service. It's Midland's largest service station, equipped to service 10 cars simultaneously! It's your complete one-stop service, featuring all leading brands of oil, famous Col-Tex High Octane Gasoline, Ethel and Regular, offering washing, greasing, polishing, tire and battery service with latest equipment and complete spark plug cleaning and testing.

There's Quaint Charm In Flagstones

Colorful flag stones make a very attractive floor for your den or patio. A flag stone walk, ledge or fish pond lends quaint charm to your garden. Flower boxes, barbecues, pits, and curbs can also be constructed of flag stones. Contact **HELBERT AND HELBERT, BUILDING CONTRACTORS**. The company will sell you the stones and lay them for you. Telephone 3524 for more information on this service.

The Road To Rent Free Security—YOUR OWN HOME

The DWELL-ETTE can be delivered intact to your site replete with modernistic furnishings, your choice of wallpaper, inlaid linoleum, Panel-Ray heating, plumbing, air conditioning, cozy living room, two bedrooms, each with two large closets and storage units, a complete bathroom with linen storage, and there's plenty of elbow room in the kitchen with breakfast bar and built-in dinette table and a large utility room. Call Melvin George, telephone 647 to see Dwell-ETTE.

Children Should Appreciate Music

Start your child on the road to musical appreciation by enrolling him at **THE WILLIAMS PIANO SCHOOL**, 901 North Main. Mrs. Williams is an accomplished music teacher. She inspires students with her own conception of music and its advantages. She is qualified by her training at The Peabody Conservatory in Nashville, The Cincinnati Conservatory of Music and her studies at The North Texas Teachers College. She has 20 years experience in music. is a member of The Guild of Piano Teachers and is also interested in Junior Federation work. Call 1260-J.

Planning A Steak Fry?

Those Autumn outings are really fun—but they're spoiled if the food isn't perfect. Perfect is the word for those steaks and other meats you get at **THOMAS' GROCERY AND MARKET**, 710 North Weatherford. Plenty of fresh fruits, vegetables, dairy products, poultry and eggs—essentials to a balanced diet, and all these are available at Thomas Grocery and Market. A refrigerated vegetable counter and frozen foods compartment make your shopping easy and convenient. K & K Blue Stamps are given with purchases and are redeemable for cash or premiums.

Motor Repair And Rewinding

Keep those electric motors and tools in good working condition for best results. Whether you have a commercial workshop or a hobby shop, when your electric motor is sizzling, you need a specialist. **BUDDY'S ELECTRIC SHOP**, 203 South Main, specializes in electric motor repair and rewinding. Mr. B. L. Beatty, owner and manager, is also stockholder for Delco Motors. Call 2658 for guaranteed electric motor repair.

Saran For Beauty And Utility

Something basically different in shimmering woven textile—Saran, bringing you a combination of colorful beauty and plant strength never before available in auto seat covers. It's expertly tailored into beautiful, durable seat covers by **MILLER BROTHERS TRIM SHOP**, 114 East Wall (rear). Dirt and grime whisks off its lustrous surface with a damp cloth. You'll marvel at the way Saran seat covers remain bright and new through hard wear. This moisture resistant plastic does not scuff or fray.

Let's Go To The Movies

The youngsters come along when you go to the movies the modern way. At the **TEXAN DRIVE-IN THEATRE**, West Highway, everybody enjoys a fine evening of entertainment—always the latest, and best in motion pictures. It is always naturally cool at the drive-in theatre. You enjoy the movie from the privacy of your car. Bring the whole family to the show tonight. The children will enjoy the playground, too, and you save the expense of a baby sitter.

It's Plus Protection That Counts

—The kind of "Plus Protection" that's contained in a coat of tough DuPont Paint, heat resistant, vermin resistant, economical. Ask for DuPont Paints at J. C. VEVYIN LUMBER COMPANY, 204 North Fort Worth Street, when you're planning a paint job. You'll find it pays. Protect your home inside and out against depreciation by keeping your house well protected with this quality paint. The price of neglect is much higher than the cost of painting with DuPont Paints.

Quality Cleaning

Mother's frailest dresses . . . Dad's heaviest weeds . . . can be entrusted to **HABIT CLEANERS' careful cleaning process**, quality in cleaning being the first consideration. A high speed the second. Anything from the finest dresses to rugs, drapes and slipcovers are expertly dry cleaned, and each article receives the careful handling that is typical of Habit Cleaners' work. There's a knack to cleaning and pressing clothes correctly, and Habit Cleaners has that knack! You'll find the little "extra" services exceptional in scope.

Headquarters For Finest Woodwork

ABELL-McHARGUE MILLWORK, makes a specialty of always having the very latest improvements in corner cabinets, doors, sash, built-in kitchen and bathroom cabinets; and the many millwork necessities to complete the modern and comfortable home. Or, if you are modernizing the home you now have—model, make Abell-McHargue your headquarters for finest woodwork, for lasting, beautiful results.

"Sparkle Toes"

To protect your little girl from future foot trouble, take her to **BARNES AND COMPANY**. Salesmen take pride in the way they fit each growing foot. There are pretty little shoes, cut out for compliments. They're "Sparkle Toes" . . . shining proof that girls are never "too young" for glamorous foot wear. They'll put a twinkle in her eyes . . . "Spring in her step! Those junior flitters are styled just like Mother's shoes. In green, black or brown suede and alligator.

Pantry Partners

Smart space-savers for kitchen conveniences are featured at **MIDLAND HARDWARE AND FURNITURE COMPANY GIFT DEPARTMENT**. There is a Kromex bread box in Tutone aluminum with glistening black plastic top, cutting board in the door and an aluminum shelf. Other Kromex items include canvas sets of Tutone Aluminum with close-fitting covers and a black plastic knob—just the right size for storing flour, sugar, coffee and tea, spice sets, cake covers, salt and pepper and wastebaskets.

Housewives Applaud

Modern brides prefer something practical! Gifts of fine electrical appliances will delight her on her wedding day and make her married life a happier, easier one for years to come. Housewives applaud the modern electrical appliances featured by **PHILLIPS ELECTRIC COMPANY** for their time-saving efficiency and streamlined beauty. Combination twin waffle bakers and griddles—chrome finished, pop-up toasters, streamlined irons and 8-cup electric percolators are featured.

A Well On Your Property

All the sparkling clear water you need for home use and irrigation can be yours when you have a well drilled on your property and a pump installed. Your lawn and garden will be the most attractive in the neighborhood when you irrigate. **WHEELER WATER WELL SERVICE** has served this region since 1945. A. O. Smith pumps are used in all installations. Estimates are given on drilling and tests are made. Call 1829 for more information.

Your Car's At Stake!

Every time you go into a garage to have work done on your car, you're automatically depositing your car into the hands of the attendant for better or for worse. Why take chances with such a valuable piece of machinery? Why not be sure of dependable service from expert mechanics, such as those employed at **BLAYLOCK'S GARAGE**, 806 East Illinois. The garage specializes in all kinds of automotive repair and also features a selection of auto parts.

Eliminate Household Pests

Get rid of those household pests with Johnston's No-Roach, available at **MIDLAND HARDWARE** in pints for \$1.69, also 8-ounce bottles for 88c. Johnston's No-Roach knocks 'em dead. It's so easy to use, too. Completely odorless and stainless. It's perfectly safe to use in the home, and the effect lasts for months. Just brush on Johnston's No-Roach wherever roaches, ants and water bugs gather.

Look Down That Lonesome Road

And glide along it in comfort in a wonderful used car. The price is as smooth as your ride. The tremendous volume of business that **THOMAS J. LAND'S USED CAR LOT**, 185 South Baird, does, enables him to give you the benefits of a good used car at a wonderfully low price. You can get a used car that's guaranteed to give you new car performance. At the present time Mr. Land is able to offer you several unusual values in Chevrolet's, Ford's and Mercury's. Call 908 for more information.

For Baby's "Growing" Needs

Cater to Baby's "growing" needs by furnishing his nursery from **MIDLAND HARDWARE AND FURNITURE COMPANY BABY LAND**. The perfect way for Baby to take a nap outdoors, the collapsible Bunny Bear's Carry-Crib is covered with rust-proof plastic screening to keep out insects. It has zipper sides, strong tubular frame and Goodyear Vinylite mattress. Birch cribs, high chairs, rockers, car seat and swing combinations, canvas Teeter Babes, training seats and water-proof mattresses are also available.

Polio Treatment is Expensive

Do you live in constant terror of polio? Here is an inexpensive protection—an insurance policy that assures protection for your whole family. This policy also includes medical care for nine other dreaded diseases. Call **NEELY AGENCY**, telephone 1850, for more details. For only \$1.00 per month—\$12.00 a year, you can assure every member of your family proper medical care. After the first year, the cost is \$10.00.

THE REPORTER-TELEGRAM, MIDLAND, TEXAS, SEPT. 7, 1960-3

Midland Librarian To Leave Friday For Yokohama, Japan

By ANN CAROTHERS
Leaving this week for a two-year stay in Japan is Leona Meissner, 201 East Michigan Street. Leona has been acting librarian this summer in the Midland County Library while Lucile Carroll, regular librarian, has been on vacation.

Miss Meissner plans to leave Friday for Seattle, Wash., where she will await embarkation for Yokohama, Japan. There she will be librarian in the Octagon Library, largest of the Eighth Army Libraries.

A Bachelor of Arts graduate of McMurry College in the Spring of 1949, Miss Meissner continued her library work at Louisiana State University in Baton Rouge until she received her B.S. in Library Science this Spring.

Practice Work in Washington She has worked in the Midland County Library since her high school days and later in the McMurry Library. She did "two weeks practice work" in the Washington, D. C., Library.

It was while in school at L.S.U. that Miss Meissner became interested in foreign work. "I always had been interested in traveling, and this was a chance to do some," she said. When a representative from Washington came down and talked

to the Louisiana students to recruit recreation directors and librarians, she signed up.

Japan, Germany, Okinawa and Guam were on the list of possible countries needing aid. Miss Meissner asked for Japan.

The Army pays the transportation bill over there and back, and for the uniforms, which the girls must wear while on duty. Uniforms are of wool Air Force blue gabardine for winter wear, with a switch to blue and white seersucker for summertime.

From the entire United States, there will be only two librarians leaving on this trip, two assistant librarians, seven recreational directors and one music entertainer. Miss Meissner will be the only Texan in the group.

In one of the Spring issues of the Army newspaper, "Stars and Stripes," there was an article entitled "68 Smart Girls," which explained somewhat about the job of the American librarians in Japan. Especially mentioned was the Octagon in Yokohama.

Each month the Octagon Library receives a kit of 25 new books from the Department of the Army. The books include those titles, both fiction and non-fiction, which are best sellers in the United States and which usually prove to be of popular interest in Japan.

Canasta Favorite
Bridge and Canasta seem to be popular books on the "How-To-Do-It" list of reading, according to the "Stars and Stripes" article.

For a little back-tracking to the first Eighth Army Librarian... she arrived in Japan in December, 1945, and by May, 1946, was joined by four others. Today there are 43 professional librarians in Japan and 25 sub-professionals.

Colbert's MIDLAND

Mrs. Darline Evans, 1612 Jefferson St., Kansas City, Mo., says she has made her family the happiest in the middle west. It wasn't long ago when Mrs. Evans said she was very cross with her whole family but now her disposition has changed entirely. She started taking HADACOL after she found her system was deficient in Vitamins B1, B2, Niacin, and Iron.

Here is Mrs. Evans' own statement: "Before I started taking HADACOL I was very nervous and irritable—in fact, I made my family's life miserable. I wasn't able to sleep nights—I would just toss and turn all night. I had no appetite at all—eating food to me was just a chore. I know I was the most miserable person in Kansas City. Then I heard about how other folks were getting marvelous results from HADACOL. After the first bottle of HADACOL I was able to rest easy—now I have taken over 4 bottles of HADACOL. I have a wonderful appetite and what is so absolutely marvelous is that I am not the least bit nervous. I just can't praise HADACOL enough."

Many Thousands of folks have been helped whose systems were deficient in Vitamins B1, B2, Niacin, and Iron. HADACOL can help you, too. If you suffer from stomach distress, nervousness, insomnia, aches and pains of neuritis, or a general run-down condition, caused by such deficiencies. Let HADACOL help you as it has helped others all over the country. Even hundreds of doctors are now recommending HADACOL to their patients suffering from such deficiencies.

That's the kind of product you want—that's the kind you should buy and that's the kind you should start taking NOW! Give remarkable HADACOL a chance to benefit you. Remember, you have nothing to lose. HADACOL will make you feel great after the first few bottles you take, or your money will be refunded. Only \$1.25 for Trial-size; Large Family or Hospital size, \$3.50.

Vote The Bonds

Midland is at the crossroads—the time having arrived for the city and county to meet their opportunities or pass them up, solving their problems progressively or leaving them dormant.

The outcome of Saturday's city (\$3,500,000) and county (\$1,000,000) bond issue elections will determine whether the City and County of Midland will continue traveling the Highway of Progress and Development or drift off on a path leading toward dormancy—a deadend route.

The qualified voters of the city and county will decide the course by their ballots in Saturday's most important elections.

The Reporter-Telegram, realizing full well that it requires money—lots of money—to keep pace with progress in an ever-growing city, and convinced that the bond proposals have merit and are essential to the continued welfare of Midland, endorses the bond proposals and recommends their approval in Saturday's balloting. Midland cannot go forward as it should unless bond money is provided for necessary improvements.

Much thought and planning by various groups and individuals who have the best interests of Midland at heart, have gone into the proposed improvements program and its financing.

The Chamber of Commerce has worked closely with the City Council, City Finance Commission and the Commissioners Court in drafting the propositions which will be before the voters Saturday. Both the city and county bond issues have the endorsement and approval of Chamber of Commerce directors.

The \$1,600,000 waterworks improvement proposition and the proposed \$1,400,000 sewer improvements project certainly must be classed as essential. The city must continue to add to its water supply in order to meet present and future demands, and at the same time it must continue to extend and expand the water distribution system in all sections in line with the growth of the community.

The sewer improvements project, providing for a new sewage disposal plant and the improving and expanding of the entire sewer system, is a must from a health and sanitation standpoint. The city now is served, or rather is not served, by a disposal plant designed for a city of under 10,000 population. If citizens would take the time to drive out and inspect the sewer farm southeast of the city, the vote doubtless would be unanimous in favor of sewer improvements. The situation calls for prompt action. And the same condition exists in regard to inadequate sewer lines throughout the city.

The streets improvement proposal (\$275,000) is not a necessity, but must be classed as important and needed in the headquarters city of the Permian Basin Empire.

The need for additional fire stations and fire-fighting equipment is urgent, and the facilities will be provided if the \$175,000 bond item for this purpose is approved by the voters. The State Fire Insurance Commission says the additional facilities must be provided.

A modern and sanitary city jail to replace the present unsanitary, two-cell place of retention, which often is overcrowded, is needed badly. A \$50,000 item for this purpose is included in the overall bond proposal.

The bulk of the \$1,000,000 in bonds which the county proposes to issue for much needed improvements would be used to acquire additional right-of-way for the widening of Front Street as a dispersal route through the city; to construct a grade separation at the Big Spring Street crossing, and to provide necessary drainage facilities. The State Highway Department already has appropriated funds to assist in financing the projects. The dispersal route, grade separation and drainage projects, all are essential to the future welfare of Midland and Midland County.

The remaining county funds would be used for drainage work to prevent runoff water from coming into the city and for highway widening projects, and should be approved along with the rest.

Tags labeled "important" and "urgent" well might be attached to each of the city and county bond issue proposals, all of which mean progress in progressive Midland.

The important thing now is to vote. It is hoped a majority of the qualified voters will go to the polls Saturday to cast their ballots "for" the issuance of the bonds.

The dollar is getting so anemic we're beginning to doubt that money talks.

A self-made man is usually one who selected a wife who made him work.

Getting nowhere really ought to make people get sick of letting well enough alone.

This is about the time of year when most people have the same object in life—object to work.

Tagalong

DREW PEARSON ON THE WASHINGTON MERRY-GO-ROUND

(Copyright, 1950, By The Bell Syndicate, Inc.)

Drew Pearson says: Truman eases burdens with psychotherapy; Malik admits excuses come easy to Russians; Bradley finds Pentagon stint inkstone.

WASHINGTON — It's supposed to be a White House secret, but the President's personal physician, Brig. Gen. Wallace Graham, has been giving the Chief Executive a course in psychotherapy.

The treatment takes the form of regular talks between the President and General Graham, in which Truman unburdens himself about the aggravations that go with the job of being President.

In these sessions, Truman pours out his innermost secrets to his doctor—such things as the worry he had over dropping the A-bomb, his worry over his dealings with Stalin, over his decision to send American boys to fight in Korea.

Graham analyzes the President's concern, and helps to relieve the tremendous strain under which every President labors.

Incidentally, General Graham keeps a verbatim record of these conversations which some day should be among the most important reading in history.

Malik Will Stay At the dinner he gave UN colleagues after retiring as president of the Security Council, Russia's Jacob Malik jokingly was reminded of his walk from the council last January.

"Was it just a coincidence that you came back when the council was preparing to seat the Chinese Nationalists?" inquired one of his guests.

Malik insisted that this wasn't the case, but that the "rules of procedure" called for him to assume the presidency of the council during the month of August.

"I came back to observe the rules," he said seriously. "Well, in that case, you will have to find a new reason for staying on here, since your term as president has now expired," persisted the guest.

"Oh, that isn't difficult," grinned the Soviet official. "When we want to do something, we can always find reason."

Bradley Chafes Gen. Omar Bradley isn't advertising it, but he is so fed up with Secretary of Defense Johnson's roughshod attempts to dictate strategy, plus General MacArthur's indifference to orders from Washington, that he would like to get out as chairman of the Joint Chiefs of Staff.

"You are a lucky man," he recently confided to a general who was given a command outside the Pentagon. "I'd give my right arm to be leading troops again. I just don't know how much longer I can stand this."

New Army Training The army will get the bulk of the three million men President Truman wants drafted, and will set up a production-line training program to make soldiers out of them. However, the training won't be the same as that in the last war. It may come as a shock to hard-bitten sergeants, but the army will try to be more democratic. Under the Army's G-3 training section, trainees are to be treated as individuals, not cattle; and the new approach will be to use more reason and less force.

JACOBY ON BRIDGE

By OSWALD JACOBY Written for NEA Service Generous George doesn't always make a speech when he is playing a hand. He can be just as quiet as the next player, even when he is up to his usual tricks.

Bridge hand diagram showing cards for North and South, and a dealer's hand. Includes a list of cards and a score of 7-0.

against a no-trump contract but is most unsound, and therefore most unwise, against a suit contract.

George relaxed a trifle when East played the nine of diamonds on the first trick. One reason he hadn't made any speeches about letting the opponents win the first trick was that he was afraid of giving the defense ideas.

West continued diamonds and George ruffed. George drew trumps, cashed dummy's top clubs and then ruffed dummy's last diamond.

It was very unwise of West to play the queen of clubs on the third round of that suit. If West had played the ten of clubs, George would probably assume that East had the queen of clubs.

MINOR SURGERY

Mrs. Howard Mechling, 211 East Michigan Street, was admitted Wednesday to Midland Memorial Hospital as a medical patient.

THE STORY: Edie Flood, the former beauty queen, was forgotten by her father, Cornelius Frey, when he got there through an illness, even a grave one, it would be her father.

CAA To Use Knots In Communications

WASHINGTON—(AP)—Civil Aeronautics Administration air traffic controllers will use knots and nautical miles in all communications with aircraft after July 1, 1952.

A nautical mile is 6,080 feet, a statute mile is 5,280 feet. Use of the nautical mile, the CAA said, simplifies measuring distances on maps, and charts.

Edie's thoughts swung to the things that might lie ahead. Now that the first shock of the news had worn off, she found herself not inclined to worry too much.

For her mind rejected the possibility of Cornelius Frey's dying. Hard, witty, impish, he would fight death as he had fought life, with a kind of cold, reasoned fury.

WASHINGTON COLUMN

New Social Security Includes Public Aid And Welfare Grants

By PETER EDSON NEA Washington Correspondent WASHINGTON—In addition to the increased general benefits and coverage for Old Age and Survivors Insurance and special assistance to the needy, the new Social Security law just passed by Congress made some specific grants for public assistance and welfare.

These grants will total \$42,000,000 for the present fiscal year and \$47,000,000 a year thereafter. They cover four principal fields:

- 1. Puerto Rico and Virgin Islands are taken into the Social Security system.
2. Increased child welfare services are provided.
3. Maternal and child health grants are increased.
4. Services for crippled children are increased.

Heretofore, Puerto Rico and the Virgin Islands have not been in the OASI or public assistance programs, though Hawaii and Alaska have been. Puerto Rico and Virgin Islands now will get Social Security coverage for about 400,000 people, under the same collection terms applying to people on the mainland.

For public assistance to the needy, the blind and the totally disabled, the federal contribution for Puerto Ricans and Virgin Islanders will be at a lower scale than on the mainland.

Ceiling On Benefits For aid to dependent children, the federal contribution will be limited to one-half of a U. S. approved sum, up to \$27 a month for the first child and one-half of any approved sum up to \$18 a month for any additional children in the family.

Social Security Trust Fund Summing up all the changes made in Social Security law by Congress this year, these highlights may be presented:

Social Security collections from payrolls during the fiscal year ended June 30, 1950, were approximately \$2,500,000,000. They were paid in by some 35,000,000 insured workers and their employers.

Edie's face tightened. "He simply cracked up, Edie. It seemed to happen all at once. The doctor says complications. But his doctor's the worst. He—'off' shook his head—"he can't possibly pull through."

"Does he," she asked hesitantly, "know that I'm coming?" Jeff flashed her a quick look, then turned his eyes to the road again. "He asked me to send you that wire."

"Oh," said Edie, a little weakly. Even in the shadow of the grave, it would not be in Cornelius Frey's nature to forgive.

The Frey house was on upper Fifth Avenue just as Edie remembered it. Gray and forbidding from without; high-ceilinged, cool and dark within.

MYRON had not changed. He was as vague and offhand as ever. He greeted Edie casually, almost as if she had never been away. But Jennifer came forward quickly, threw strong sun-browned arms around her sister.

"Oh, darling," he said, "I'm so glad you've come." My little sister, Edie thought, seems to have the makings of a nice kid. She held Jennifer off and looked at her. The angular figure she remembered had resolved itself into slim willowy lines. Jenn was tall and straight, copper-haired, and with vivid blue eyes. But the eager look was still there though, obviously, Jenn tried to conceal it beneath a thin veil of sophistication. And Jenn's mouth was still small and determined.

So They Say

All this propaganda about the United States being the aggressor in Korea wouldn't deceive a child. (Russia) greatly underestimated the intelligence of the world audience.

While young Americans are sacrificing their lives and their youth to help us appreciate the value of liberty, we could at least pay tribute to them by giving up part of our national sovereignty and national egoism.

The day is soon coming when God will smash nations like potter's vessels struck with a rod of iron.

Jewish comedy is universal. —Gertrude Berg, radio and television comedienne.

WRONG: Ignore the older person. RIGHT: Make a point of greeting the older person with pleasure when you arrive, saying goodbye to him or her when you leave. Find some time during the evening to talk to the older person for a few minutes.

What's RIGHT? You are a guest in a home where there is an elderly parent present who does not take much part in the general conversation.

The FORMER MISS FREY

By Edwin Rutt Copyright 1950 by NEA Service, Inc. There was a powerhouse of strength, she knew, in his tough body. If any man could pull through an illness, even a grave one, it would be her father.

As for her younger brother and sister, Myron and Jennifer, Edie scarcely gave them a thought. Myron was the dreamy impractical type, with vague blue eyes and an indefinite offhand manner. Jennifer would certainly have found him no help in a crisis. And bright-haired little Jennifer was only a kid. Suddenly Edie smiled.

Edie's thoughts swung to the things that might lie ahead. Now that the first shock of the news had worn off, she found herself not inclined to worry too much.

Edie's face tightened. "He simply cracked up, Edie. It seemed to happen all at once. The doctor says complications. But his doctor's the worst. He—'off' shook his head—"he can't possibly pull through."

Edie's thoughts swung to the things that might lie ahead. Now that the first shock of the news had worn off, she found herself not inclined to worry too much.

Edie's face tightened. "He simply cracked up, Edie. It seemed to happen all at once. The doctor says complications. But his doctor's the worst. He—'off' shook his head—"he can't possibly pull through."

TCCW, District 11 Has Board Meeting

The Executive Board of the Eleventh District of the Texas Council of Church Women met Wednesday in the home of Mrs. F. N. Shriver here. The district includes Midland, Big Spring, Odessa and Fort Stockton.

Plans were discussed for the annual district council meeting to be held September 19 in the First Presbyterian Church in Big Spring. A slate of officers was selected to be presented at the meeting.

Rev. J. Hull Gives Bible Study Lesson

"Christ Sets His Face Toward Jerusalem" was the lesson presented by the Rev. J. Marlon Hull when the Ladies Bible Class of the Bible Baptist Church met Wednesday afternoon.

Meeting time next week will be 2 p. m. in the church. Sunbeams will not meet until further notice.

Present Wednesday were Mrs. B. A. Dunn, Mrs. A. D. Morris, Mrs. J. E. Jasper, Mrs. R. L. Ellison, Mrs. F. D. Spratt, Mrs. R. L. Miller, Mrs. L. M. Willaby and Mrs. J. M. Hull.

The project for World Community Day was discussed. The group's project will be to knit wool garments for the very young and very old displaced persons.

Named Secretary Mrs. Shriver was appointed secretary for the district meeting.

Both state and national officers will be present at the district meeting. They are Mrs. C. G. Eidson, state president; Mrs. Felix Harris, state vice president; Edith Groner, national secretary of the "Zionists"; Registrar, Mrs. Lacy Gooch; state field chairman, and Mrs. John Hanna, national vice president.

Those attending the meeting here Wednesday were Mrs. W. A. Loswell of Big Spring, district first vice president; Mrs. W. A. Schaffner, president of Odessa Council; Mrs. F. N. Shriver, Midland council president; Mrs. A. B. Kock, vice president of the Odessa council.

Mrs. L. G. Byerley and Mrs. Charles Klapproth, members of the constitution committee from Midland, and Mrs. Bernard Lamkin from Big Spring, district president.

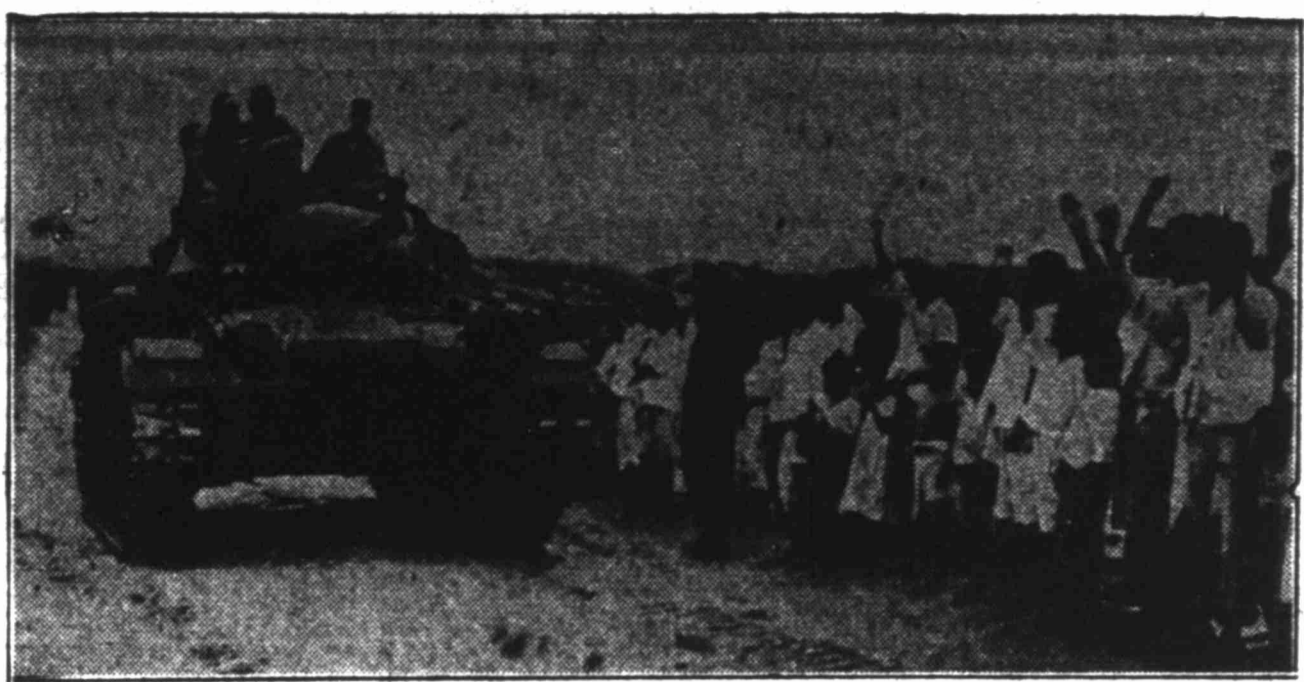

Lion Tamers Meet With Mrs. H. Howell

Mrs. Harian Howell was hostess for the Lion Tamers Club at a covered dish luncheon in her home on the Andrews Highway Wednesday. Co-hostesses for the meeting were Mrs. James L. Daugherty and Mrs. W. C. Kimball.

A business meeting was held following the luncheon.

Members present were Mrs. W. O. Stallings, Mrs. Victor Horn, Mrs. Thomas Inman, Mrs. Kit Carson, Mrs. L. B. Baasham, Mrs. J. S. Hullum, Mrs. Leroy Butler, Mrs. William E. Summers, Mrs. C. A. Churchill, Mrs. Bill Collins and Mrs. L. B. Smith.

The next meeting for the Lion Tamers will be October 4 in the home of Mrs. John B. Mills, 500 East Broadway. Co-hostesses will be Mrs. Horn and Mrs. Smith.

YANK TANK, HO!—South Koreans give a grateful greeting to the crew of a U. S. Army light M-24 tank on the way to the front lines somewhere in Korea.

Congratulations To:

Mr. and Mrs. Wayne Rodgers, 803 South Minnieola Street, on the birth Tuesday of a son, Lisa Dewayne, weighing three pounds, 13 ounces.

Mr. and Mrs. Marvin Radford, 1409 South Weatherford Street, on the birth Tuesday of a son, Marvin Lee, weighing eight pounds, eight ounces.

Mr. and Mrs. Rabby Richardson, 423 West Wall Street, on the birth Saturday of a son, Jerry Woody, weighing seven pounds, two ounces.

Mr. and Mrs. Earl Kinsey, 500 South Dallas Street, on the birth Saturday of a daughter, Glenda Joyce, weighing nine pounds, two ounces.

Mr. and Mrs. Douglas Frederickson, 1415 West Garrison Street, on the birth Saturday of a daughter, Mary Theresa, weighing seven pounds, six ounces.

Area Students In Band At McMurry

ABILENE — Barbara Harris of Garden City and Elaine Ibell of Texon are among McMurry College Indian Band members returning to the campus this week.

Band members are returning early this fall so as to be ready for performances at Tulsa next week. Besides playing at the McMurry-Tulsa University game September 16, the musicians are to make a television appearance.

YOUTH CENTER SELLS SANDWICHES

The Midland Youth Center will sell sandwiches each day through the noon hours, sponsors announced. Also for sale will be bottled drinks and candy.

France Rounds Up 208 Foreign Reds In Lightning Raids

PARIS (AP)—Sweeping dawn Thursday, French police rounded up 208 foreign Communists, including some Russians.

There were indications the police had hoped to grab 300 suspected spies and saboteurs but found many were absent from their hotels or residences.

All of the suspects will be expelled within 48 hours, an Interior Ministry source said, specifying the drive was aimed at crippling fifth column activities by foreign Communists in France.

Police sources said a Polish princess was among those being questioned, and that among those police had failed to nab were a Yugoslav doctor and a Spanish Communist general named Lister.

In southwestern France, where 30 Spanish Communists were taken, police said they had been offered the choice of being sent to Corsica or to an eastern country to which they seemed attached (presumably Russia).

"One remarked that most of them refused the second choice," said a police spokesman.

One hundred persons were taken in Paris, including Czechs, Poles, Rumanians, Bulgarians and Yugoslavs, another 50-odd in the northern France coal regions; about 15 in the Metz area in Eastern France.

In Marseille, 2,000 persons were questioned, including foreigners, but only six were held.

The roundup apparently had been brewing for some time, then was put in operation swiftly and smoothly. It is the largest anti-subversion drive launched here since before the war.

Three Newsmen, Eight Others Die In Transport Crash

TOKYO (AP)—Eleven persons, including three International News Service correspondents, were killed instantly Thursday when a war-bomb C-54 transport plane exploded in the air over Southern Japan.

The INS office in Tokyo confirmed that one of its newsmen and two photographers were among passengers aboard the four-engined plane.

The three were: Frank Emery, 23, of Beverly Hills, Calif., former INS bureau chief in Manila; Charles Rosecrans, Jr., 30, of Honolulu; Ken Inouye, 23, of New York and Tokyo.

Four other passengers and four crewmen also were aboard. Military authorities declined to identify them pending notification of their relatives.

The Far East Air Force said the plane exploded about eight minutes after leaving a Southern Japan air base on a flight to Korea by way of another Japan base.

The bodies were recovered and taken to an Army hospital in Osaka. The cause of the explosion was not determined.

Midlander's Letter To Editor Is On Timely Subject; Writer Former Hungarian Citizen

Recent letters of the Hungarian government to the United Nations protesting bombing of North Korean civilians by American planes is the subject of a letter-to-the-editor of the Dallas Morning News by Paul Deceleva of Midland, a former Hungarian army officer.

Deceleva, who came to Midland five months ago, formerly was an officer in the Hungarian Guard, assigned to the parliament of that country, until the Communists took over the country. Deceleva then fled to the United States, via Sweden.

Deceleva, in his letter, says, "The Hungarian government has protested the American bombing of civilians in Korea, and they have offered a hospital train to the North Koreans to express their sympathy for the Communist cause."

In the first preliminaries, Joanne Durant of San Diego, Calif., beat 17 other girls in a bathing suit contest. Renee Dianne Roy, 19, of Hartford, Conn., won a talent contest with a song, dance, and comedy monologue depicting a woman trying to sell cosmetics.

Connecticut And California Entries Win First Rounds

ATLANTIC CITY, N. J. (AP)—Miss California and Miss Connecticut won preliminary contests in the Miss America pageant last night, but any of their 62 rivals still may beat them in the finals.

In the first preliminaries, Joanne Durant of San Diego, Calif., beat 17 other girls in a bathing suit contest. Renee Dianne Roy, 19, of Hartford, Conn., won a talent contest with a song, dance, and comedy monologue depicting a woman trying to sell cosmetics.

The judges who were assigned to talent rather than to bathing suits were not entirely pleased out of figure art. Miss Hawaii—Dell-Pin Poaha of Honolulu—presented them with a hula dance as her talent.

Judges rate the girls on the basis of the preliminary contests, and also on the basis of personality as noted by judges at the daily breakfast table. The 15 with the highest totals will appear in final talent, bathing suit and evening gown competitions on Saturday, and from the 15 a new Miss America will be chosen.

Miss Durant stands five feet, five inches tall, has a 35-inch bust, 24-inch waist and 35-inch hips, all of which comes to 112 pounds.

This year's winner will be Miss America 1951, and will succeed Jacqueline Mercer of Phoenix, Ariz.—Miss America 1949.

There next was a Miss America 1950. The pageant directors decided to begin dating the beauty queen a year ahead beginning this year.

MIDLAND SOLDIER IS PICTURED IN ACTION

Two-Pound, Two-Ounce Baby Now Is A 'Growing Boy' And Darling Of Hospital

By BOB FRENITISS
Another new record for Midland Memorial Hospital—a record that may stand for a long, long time—was set July 26 when a Midland couple became the parents of a baby boy weighing two pounds, two ounces.

Dr. John B. Thomas, president of Midland Memorial Hospital, and a physician of long experience, said it was the tiniest baby he ever had seen survive.

And survive it has. The infant now tips the scale at a thriving three pounds, nine ounces—a gain of 23 ounces from its birth weight of only 34 ounces.

Nurses say the baby boy has gained an average of an ounce a day recently. They expect to be able to send the child home with its anxious parents in a few more weeks. Normally, the hospital does not release babies who weigh less than five pounds.

The tiny baby, too weak to breathe for itself, has been kept in an incubator since birth, to help the tiny lungs do their work. Now, nurses report, the infant can remain out of the incubator for a few minutes at a time, but the machine still is vital to the growth and development of the infant.

The Midland Service League, a group of public-spirited women of the city, donated the incubator to the new hospital—and the parents of the baby feel that it has paid for itself many times over in this one case.

"Their Own Child"
When the time comes for the baby to go home, special nurses and floor nurses who have had the baby in their care are going to feel al-

most that they have been deprived of their own child.
They have taken full charge of the child since it was born, and started feeding the baby one-half ounce of a special formula every three hours. By now, feedings have increased to one—and a—third ounces.

The parents, anxiously awaiting the day when they may claim their child, are at the window of the nursery several times a day. But they know that the doctor knows best, and will wait patiently until the child can begin to fend for himself before asking to take him home.

Smaller babies have been born, doctors say, but few have survived. It is a tribute to the skill and loving care of doctors and nurses at Midland Memorial Hospital that the tiny baby has developed as he has—and that the parents may look forward to taking him home soon.

Radio signals, traveling completely around the world in slightly more than one-tenth of a second, have been recorded by the U. S. Bureau of Standards.

Russia Confines Protest On Korea Plane Incident To Diplomatic Channels

By JOHN M. HIGHTOWER
 WASHINGTON —(AP)— Russia's handling of the Korean plane incident was regarded by diplomats here Thursday as evidence the Soviet still wants to confine its conflict with the United States to diplomatic channels.

That is the aim, too, of the American government in its relations with the Soviet-Communist bloc. In addition, the United States has displayed in the present incident a determination not to deal directly with Moscow on a matter which it contends involves the United Nations.

The point with respect to Russian policy is important because American authorities are convinced incidents of this kind will occur in the future as, in fact, they have occurred in the past.

Two American aircraft were shot down by Yugoslavia in 1946 when that country still was firmly tied to the Soviet. A United States Naval plane was destroyed over the Baltic Sea last April, allegedly by Soviet fighters. Only last month Red China charged American aircraft had strafed an air strip in Manchuria, and the United States conceded in the UN that was "a possibility."

Informed officials say incidents of this kind frequently are the result of the fact that airplanes do not follow the same rules of control as other means of travel or attack in war. Boundary lines more often than not are obscure from the air. One vessel may look very much like another. Commanders may feel an aircraft can fly an intelligence mission over alien territory and get back without being detected or caught.

Even when the causes of the affair initially are innocent, an incident is caught up quickly in the atmosphere of hatred and suspicion which now dominates relations between the Communist countries and the rest of the world.

The usual reaction of governments in such cases is to rely upon diplomacy to handle complaints and protests until they are ready for a showdown. Then an incident may become a "shot heard round the world." For that reason any outburst or violence between nations always is potentially dangerous until the reaction of the responsible

MAKING SPEED ON ROAD TO RECOVERY—These G.I.'s, wounded in the Korean fighting and down-home for hospitalization at the Great Lakes Naval Training Station, Ill., typify the speed with which casualties are cared for in this war. Maj.-Gen. Edgar Erskine Hume, top Army surgeon in the Far East, declared that Korean war wounded are recovering so rapidly that they may best World War II's record rate of six out of seven wounded patients in U. S. military hospitals being returned to duty. Patients pictured above are, left to right: Sgt. 1/c Jerry Long, Aurora, Ill.; Sgt. 1/c Davey Taylor, Cincinnati, Ohio; Pfc. Norman Benson, Irma, Wis.; Cpl. Anton Stankowski, Wausau, Wis.; and Sgt. Francis Hintzke, New London, Wis.

Abundant Living

By E. STANLEY JONES

Prov. 14:12; Rom. 3:4; I John 2:16-17.

THE KINGDOM IS THE ETERNAL RIGHTNESS

Seek first the Kingdom of God! We have called the roll of the life strategies of various peoples and groups, and we have found many answers. Which is right?

Jesus was always so right in everything. He was never misled by a subordinate issue, never once slipped to the marginal, the unworthy, while He was always so centrally and fundamentally sound—as He wrote in this? Did He miss the way here? To ask the question is to answer it. His answer towers above all other answers, as Everest towers above foothills. When we state it, it is self-verifying. When we really look at the ends of other life strategies, there is no choice—we must take this answer of Jesus or brand ourselves as simple, plain fools. If this answer of Jesus isn't the answer, then there is no answer.

I have often been puzzled about the words Jesus added: "Seek ye first the kingdom of God and his righteousness"—why the "and his righteousness"? Is this not included

in the Kingdom? Is it not a needless addition? Perhaps the answer would be found if we put it, "and his rightness." This answer of God—the Kingdom of God—is God's rightness. It is eternally "right," and everything out of harmony with it is wrong, is crooked, is out of gear, is doomed to break itself upon this Eternal Rightness. If that isn't the interpretation to be taken out of these words, it is a fact, nevertheless. When you seek first the Kingdom, then—you are right, the sum total of Reality is behind you, working with you; your life sums come out right. But if you seek something else first, you are setting yourself against the sum total of Reality; your life sums won't add up—you are wrong.

O living Christ, how can I cease thanking Thee for Thy answer. It is so right. Everything within me says so. Now help me to take it with the consent of all my being. In Thy name. Amen.

Expected Dewey Renomination To Fan Policy Fight

WASHINGTON —(AP)— The expected renomination of Gov. Thomas E. Dewey by New York Republicans promised Thursday to add new GOP fire to attacks on the Truman Administration's conduct of foreign policies.

Dewey's Democratic opponent in the New York governor's bid for a third term in Albany is likely to be Rep. Walter A. Lynch, a supporter of President Truman's "Fair Deal" program.

Both parties pick their state and national tickets in conventions Thursday, with Senator Herbert H. Lehman (D-Lib-NY) certain of renomination by the Democrats. His senatorial race opponent is expected to be Lt. Gov. Joe R. Hanley.

A Dewey-Lynch race ordinarily could be expected to produce a battle over the President's domestic program, but Dewey's friends here think he will bear down hard on international issues instead.

This generally pleases Republicans, who have seized upon circumstances surrounding the Korean fighting to accuse the Administration of falling to keep the country prepared for war and of "bungling" its way into trouble in the Far East.

Polio Victims Get Great Help From Under-Water Exercises

By EDWIN F. JORDAN, M. D.
 Written for NEA Service

Fewer than half of the victims of poliomyelitis develop paralysis of some of their muscles which require after-care. The care that is required depends, of course, on what muscles are affected and how seriously. The first step in the late treatment of polio after the acute disease has subsided is to make sure that pain is relieved and the release of muscle tightness speeded. Until this is done, proper motion of the involved part, usually arm or leg, is impossible. The relief of pain and relaxation of muscles is accomplished by the use of intelligently prescribed sedatives, heat, passive motion and simply the passage of time.

As soon as it becomes possible, the effort is directed to stimulating muscular movements. This must be done with great care. In accomplishing it several measures, including massage, may be necessary. Once the plan of action has been decided it is possible to proceed with the various measures that are necessary to bring about the greatest possible degree of muscular recovery.

Muscle strength is obtained by increasing the amount of activity very gradually. This is done in many different ways and in many cases includes under-water exercises. Under-water exercises have been a great boon. The temperature of the water must be kept just right. The water supports the limbs so that they can be moved with much less effort than is necessary in the air.

Walking, when the patient is ready for it, has to be undertaken

Boy Wedged Between Two Buildings Freed

CHICAGO —(AP)— A crowd of almost 1,000 persons cheered Wednesday night as firemen, after working for almost three hours, freed a seven-year-old boy who was wedged in a 10-inch space between two buildings.

The boy, David Caruso, entered the crevice, which tapers as it rises, while playing hide-and-seek with playmates.

Firemen cut through a two-foot thickness of concrete and brick to reach the boy from between the buildings. He was taken to a hospital but physicians said he had suffered only scratches on the head.

In Wisconsin, before the adoption of standard time, 38 different local times existed in various sections of the state.

Kaiser-Frazer Leads Pay Boost Parade

DETROIT —(AP)— Kaiser-Frazer Corporation stepped up at the head of the parade of automobile industry pay boosts Thursday.

The company signed an agreement with the CIO United Auto Workers Wednesday night to increase the hourly pay of its 16,000 production employees by 12 cents—and by 17 cents in the case of skilled workers and foundry workers.

That was high in the 1950 round of pay raises.

Pay raises now have gone to approximately 700,000 auto workers.

Grandma Moses Is 'Queen For Day'

ALBANY, N. Y. —(AP)— Grandma Moses reigned as queen of New York's capital Thursday, and even the queen was a mite excited.

The chipper little lady with the color-laden brush was celebrating her ninetieth birthday, and her admirers were out to pay tribute. More than 80 of her celebrated "primitive" paintings were on display at the Albany Institute of History and Art.

It was "Grandma Moses" Day, by proclamation of Mayor Erastus Corning.

Mrs. Anna Mary Robertson Moses, who began dabbling in oils when in her seventies, was tickled pink to reach 90.

Grandma had a busy day scheduled—the opening of her exhibit, a dinner Thursday night with approximately 100 guests and a radio interview.

"I feel fine and am able to travel up and down stairs several times a day, so please don't give me any special attention," she told relatives and friends.

Lightning strikes upward as well as downward.

Take Off Ugly Fat With This Home Recipe

Here is an inexpensive home recipe for taking off unpalatable weight and helping to bring back alertness and graceful slenderness. Just get from your druggist, four ounces of liquid Barcostrale. Add enough grapefruit juice to make a pint. Then just take two tablespoonsful twice a day. Wonderful results may be obtained quickly. Now you may slim down your figure and lose pounds of ugly fat without back breaking exercise or starvation diet. It's easy to make and easy to take. Contains nothing harmful. If the very first four ounces throw you the simple, easy way to lose bulky weight and help regain slender, more graceful curves, return the empty bottle and get your money back.

Bus Service FOR School Children

Safe, dependable, courteous, economical service for your children to and from school is now available.

30 MINUTE SCHEDULE
 Every 30 minutes between the hours of 7:00 a.m. and 10:00 a.m. or 4:00 p.m. and 6:00 p.m. special buses will be available for your children.

ALL PARTS OF TOWN
 All parts of Midland, North, East, South, and West sections, will be served at designated stops. For detailed information see Grissom at the Post Office Bus Stop.

CITY BUS LINES

Now She Shops "Cash and Carry"

Without Painful Backache

As we get older, stress and strain, over-exertion, excessive smoking or exposure to cold sometimes slows down kidney function. This may lead many folks to complain of nagging backache, loss of pep and energy, headaches and dizziness. Getting up nights or frequent passages may result from minor bladder irritations due to cold, dampness or dietary indiscretions.

If your discomforts are due to these causes, don't wait, try Doan's Pills, a mild diuretic. Used successfully by millions for over 40 years. While these symptoms may often otherwise occur, it's amazing how many times Doan's give happy relief—help the 15 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!

SPORTSLANE

Who first called 'em "Whiz Kids?" And who made history nicknaming Lubbock High School's 1939 state championship football team "The Cinderella Kids." And who first dubbed a team of Indians a Tribe and who shortened the Chicago White Sox to Chisox?

So on down the line in the sports, it is interesting to find if you can, the origins of catchy nicknames or shortened versions of team or individual monikers.

We found out the other day that Harry Grayson, NEA sports editor, originated the term "Whiz Kids" to so aptly describe the 1950 Philadelphia nine. And he has a nice gift from those "Whiz Kids" to vouch for it. They gave him an inscribed lighter in appreciation. For the term has stuck and it is colorful and even has helped the Phillies in the fight.

We believe it was Felix McKnight, then Texas AP sports editor, who dubbed Lubbock's "Cinderella Kids." You will remember that team lost four or five games early in the season and when their coach died—it caught fire and the kids went on to win the state crown that the late Weldon Chapman had wanted all his lifetime so badly. They came late but they came fighting—"The Cinderella Kids."

Perhaps you, too, have hanged some kind of tab on some athletic team. Even though it may not be complimentary, it may be good. What a pleasure someone got from naming the Brooklyn Dodgers, the Bums. But the doggone thing sounds affectionate when ardent Bum backers say it. Especially with a "dem" before it.

U. S. Marine Reserve Fighter Squadron 451 of the Willow Grove, Pa., Naval Air Station call itself "The Fighting Phallices" in honor of the National League leaders. Squad planes carry that inscription and the Blue Jay emblem.

Personnel wear caps presented them by the Whiz Kids during pre-game ceremonies.

One could go on for hours repeating nicknames in sports. Georgia Peach, Sultan of Swat, Golden Boy, Killer Kyle, the Gas House Gang, the Iron Horse, the Pale Horse, the Bombers, the Doaker, the Sweetwater Slinger, Big Train, the Buggy Whip, the Black Box, the Manassa Mauler, the Brown Bomber, and even Gorgeous Gus.

Yep, you probably can tell us what each one means and to whom it was applied.

It is one of the nice things about sports, we think. You don't always have to use the full name of William Percival Jones when Peerless Percy might do.

Stan McGuire, Oregon State's brilliant end who was elected captain of the 1950 squad, will continue to hold that post despite the fact that he was killed last January.

After McGuire's death in an auto-toboggan accident, Coach Kip Taylor said: "We will not select another captain."

Tackle Arvid Niemi will carry out McGuire's duties.

We have a personal interest in the college football game slated here September 23 when the ACC Wildcats tangle with the Sul Ross Lobos in Memorial Stadium. As do many Midlanders.

Coach of ACC is Garvin (Beach) Beachamp who last season was line coach of the Midland Bulldogs.

Beach won all-Texas conference honors two years as guard in football at ACC. He also played basketball, baseball and tennis. He was president of the student body his senior year. He lettered four years in football and basketball.

His roommate through all four years of his college was Thurmon Jones, who later became known as Tugboat and who won AP honors as little All-America fullback.

Tugboat's twin sister, Judy, attended ACC through the same four

years—and she married her brother's roommate, Beach. They are the parents of a son, Gary, eight, and a daughter, Priscilla, six.

When the war ended and Beachamp left the service, he was one of two former Wildcats selected as assistants to Tonto Coleman at ACC. Coleman was line coach when Beachamp played. Beach worked three seasons and then signed with Midland and his ideal, the Tugboat.

—SL—

ROUNDUP THE STRAYS . . .

Jimmy Lifeberger's hurt knee is responding to treatment and he is expected back in action with the Bulldogs soon . . . Bill Grissett, who received the broken ankle bone the other day, is a brother of Duane Grissett, sophomore backfield prospect at TCU . . . Charles Crites has the right spirit of a Midland Bulldog . . . Although he suffered a broken collar bone (twice) during the Summer, he is attending football practice to watch and learn so he will be ready when his injury heals . . . John (Model T) Ford, Hardin-Simmons quarterback, wore jersey number 26 and pitched 26 touchdowns passes last season and they didn't even raise his number this year . . . You hear a lot about Brad Rowland and some of the backs at McMurry what about the line . . . Well, Coaches Willford Moore and Mel Jewell, themselves linemen, are high in praise of their "middlemen" this season, and listen to these clicks of the scales: Edgar Payne of Ballinger, 195; Bob Rely of Abilene, 184; Alton Patterson of Ballinger, 143; Vernon George of Monahans, 200; James Poik of Paris, 225; Charlie Keese of Lockhart, 230; Bernard Weems of Rotan, 230 . . . Those are some of the "middlemen" . . . There is a chart in the fieldhouse at Memorial Stadium that may help make better football players of the Bulldogs . . . It has such headings as "best downfield tackler," "best downfield blocker," "best pass defender," etc. . . . And there are spaces by each boy's name to give him credit . . .

Jack Baer, head baseball coach and football assistant at OU, figured on missing the first few days of practice when he was pressed into service as a catcher for the Elk City team in the National Baseball Congress tournament . . . Elk City went merrily along without defeat until such time as Baer began to wonder about that trip to Japan for the runner-up of the MHS Bulldogs last season of baseball, is going to attend Odessa Junior College. It is said Lloyd Henderson, big all-district end of the 1948 Bulldogs, will not go back to OU but will play at a Texas Junior college. Julian Presley ex-Indian now with Roswell, got hurt in a game at Odessa Tuesday night . . . We knew he looked the part and then we found out that Midland's tall, Dr. Robert M. Golladay was a college basketball player . . . Good enough for pro offers . . . But he chose medicine . . . Little Rusty Cox, 128 pounds and so soaking wet, is out for the MHS football team for a very good reason . . . He wants to tackle . . . His spirit is as big as anybody out there . . . Cotton Russell, Vernon baseballer seeks a job with an oil company here on the off season . . . No, it is not true that Coach Tugboat Jones contemplates giving "Hadaacol" to this year's eleven . . . But if it should take that to win, well—wonder how that stuff does taste, Bob, Stan, Pete, Larry, L. C., Jack and you boys? . . . This may be long belated, but congratulations to Cliff Wilderspin for a hole-in-one at Ranchland Hill . . . We got some wrong dope one time from Cliff's good friend at Honolulu that the hole-in-one was made on the wrong green . . . Not the one Cliff was aiming at . . . Later info is that Cliff really got the ace . . . Anyway, nice shooting . . . Some of the boys around the village have some black and blue shoulders from dove hunting . . . W. O. Stallings was showing his bruises at the Lions Club and got fined by the Tail-Twister for showing his muscles . . . You can't win at a Lions meeting . . . Wink Winkler says he got his dove quota in 20 minutes . . . How was your luck? . . . And there was the negro soldier who said he already had pyorrhea, did not want any part of that Korea . . . 30 for strays.

A PROBLEM FOR THE LADIES—Mrs. Mark A. Porter of Westmont, N. J., defends the United States Women's Amateur Championship on its Golden Anniversary. The title will be decided over Atlanta's famous East Lake course. The sixth hole of the layout which Bobby Jones was developed measures 147 yards and the green is practically surrounded by water.

MAJOR LEAGUES—

American League Race Tightens As Boston, Tigs Win

By RALPH RODEN
Associated Press Sports Writer

Casey Stengel defied the Fenway Park southpaw jinx and lost. As a result his New York Yankees are fidgeting atop the American League pennant scramble by only a half-game Thursday.

The Yankees invaded the lair of the torrid third-place Boston Red Sox Thursday night for the opener of a two-game series. Casey Stengel led Lefty Ed Lopat to face the Red Sox completely aware that only one visiting left-hander, Hal Newhouse of Detroit, had pitched and won a complete game in Fenway Park this year.

Casey didn't have long to wait to rue his decision. The Sox bombed Lopat for four runs in the second inning and went on to win 11-2.

While the Yankees were smearing the runner-up Detroit Tigers, behind Newhouse, turned back the fourth-place Cleveland Indians 5-3 in the opener of a two-game series in Detroit to move within a half-game of the lead.

Here's the picture at a glance:

	W	L	Pct	GB
New York	83	48	.634	
Detroit	82	48	.631	1/2
Boston	81	51	.614	2 1/2
Cleveland	80	54	.597	4 1/2

For Friday's game, Stengel named right-hander Allie Reynolds (13-11) to oppose right-hander Ellis Kinder (13-12).

Lefty Mel Parnell breezed to his fifteenth victory as the Sox supported his eight-hit pitching with a 16-hit attack.

Parnell now has won seven straight games and 10 out of his last 11 decisions.

Vern Stephens led Boston by pounding out his twenty-ninth homer, a triple and two singles.

At Detroit, the Tigers came up with four runs in the seventh inning to erase a 2-1 deficit. Hoot Evers and Johnny Groth knocked

out the lead runners in the eighth and ninth.

St. Louis took a day-night doubleheader from the Chicago Cubs 5-4 in 11 innings, and 7-3. Stan Musial homered to win the opener. The Cards scored five runs in the eighth inning to take the finale.

The Pittsburgh Pirates edged the Cincinnati Reds 3-2, scoring the winning run in the ninth inning when Ewell Blackwell hit winning pitcher Vern Law with a pitched ball with the bases loaded.

WT-NM League—Amarillo Knocks Lubbock Down Step

By The Associated Press
Lubbock fell into fourth place in the West Texas-New Mexico League Wednesday night but that was the only reversal for the leaders as the race enters its final days.

Amarillo did the honors, whamming Lubbock 6-3, while Lamesa moved into the third spot by beating Clovis 12-8.

Leading Pampa crushed Borger 15-3 and second-place Albuquerque trimmed Abilene 11-5.

Amarillo got all its runs in the first two innings with a bases-loaded error by Darwin Chrisco contributing to the winning Gold Sox margin in the second frame.

Clovis outhit Lamesa 16-11 but couldn't do it when the chips were on the line.

Pampa pounded 15 hits in smacking Borger while the Gassers got only eight off George Payne. Albuquerque made it eleven victories in a row with a 15-hit attack on Abilene.

Longhorn League—San Angelo Drives Toward Playoffs With Double Win

By The Associated Press

The rush of the San Angelo Colts is the talk of the Longhorn League. The Colts won another doubleheader Wednesday night to move within two games of fourth place with four games left to play.

Vernon's Dusters tumbled from third to fourth when Sweetwater locked them twice with Big Spring moving into third by edging Midland.

Leading Odessa was beaten by second-place Roswell but still has a five and one-half game buge.

San Angelo won two fine pitching duels.

Indio Beltran gave Ballinger four hits and fanned seven while Arvil Jacobs was allowing San Angelo only two hits but the Colts won 3-0 in the first game. San Angelo took the second game by the same score with Bob Garza giving up four hits while Y. B. Johnson of Ballinger limited the Colts to three.

Lee Zamora pitched and won a doubleheader in Vernon's setbacks. Sweetwater took the first game 2-1 and the nightcap 4-2. Zamora allowed 10 hits in both games, only three in the first.

Roswell beat Odessa 10-6 in 10 innings. Six singles sent over four runs in the last frame. Tom Jordan hit two home runs for Roswell.

Big Spring edged Midland 1-0 as Gil Guerra gave up only one hit and not a Midland runner got as far as second base.

The scores: R H E
Midland 000 000 0-0 1 1
Big Spring 000 100 0-0 5 0
Iglesias and Jones; Guerra and Calvino.

Roswell ... 102 020 100 4-10 13 0
Odessa 200 003 001 0- 6 10 3
Drake, King and Jordan; Miller and Hernandez.

First Game
Sweetwater 100 001 0-2 3 1
Vernon 000 001 0-1 3 2
Zamora and Finley; Tross, Richardson and Herring.

Second Game
Sweetwater 020 000 0-2 4 9 1
Vernon 001 100 0-0-2 7 0
Zamora and Finley; Richardson and Herring.

First Game
San Angelo 000 200 0-2 2 4
Ballinger 000 000 0-0 4 2
Beltran and Lopez; Jacobs and Phillips.

Second Game
San Angelo 000 200 0-2 3 2
Ballinger 000 000 0-0 4 3
Garza and Funderburk; Johnson and Phillips.

Fort Wayne Clips Elk City For Title

WICHITA, KAS. —Fort Wayne retained its National Semi-Pro Baseball Tournament title Wednesday night, received a \$10,000 first prize and headed for Japan.

The Indiana team beat the Elk City, Okla., Elks, 5 to 2 in the final game of the lengthy double-elimination tournament.

It was the fourth consecutive time Fort Wayne has won the championship.

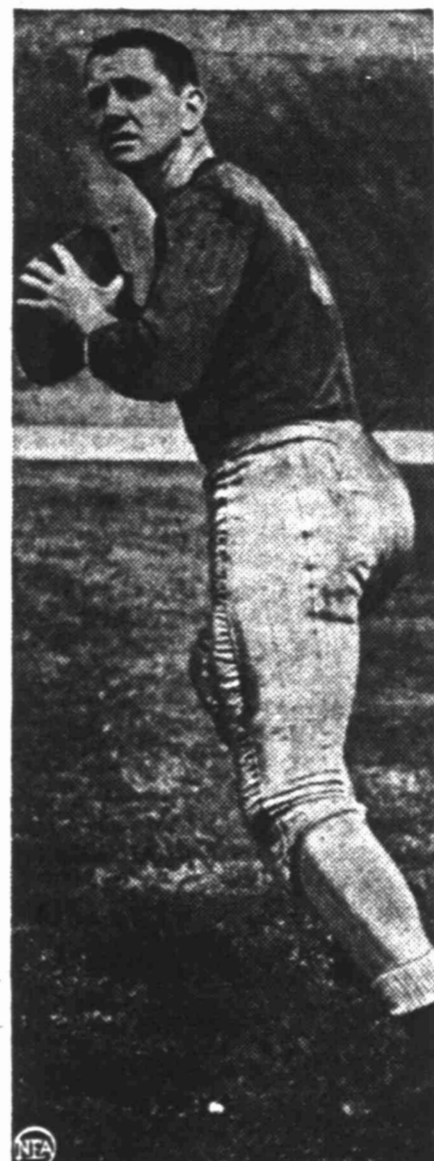

In addition to the Indiana squad, three Elk City players and three Alpine, Texas, players are making the overseas trip. They are pitchers Dee Sanders, Leo Hatley and John Brechin of Elk City and Catcher Bill Looney, Outfielder Ray Van Cleef and Shortstop Guy Wallace of Alpine.

REPEATER? — The Fighting Irish of Notre Dame may have a two-time All-America in quarterback Bob Williams. Named last year, he broke every ND passing record by completing 83 tosses for 1374 yards.

Pep, Sadler Set For Friday Fight

NEW YORK —It was the calm before the storm Thursday for Featherweight Champion Willie Pep and Sandy Saddler.

Their long training grind for their 15-round title bout in Yankee Stadium Friday night was over. They had nothing to do now but mark time until the weigh-in ceremony Friday.

Stethoscopes, such as those used by doctors, are employed to test electric clocks in a large factory.

Qualifying For Ranchland Hill Tourney Is Underway

Qualifying for the first annual Ranchland Hill Country Club Golf Tournament is in full swing and will continue through the "big day," which is Sunday. Qualifying for medalist will be held Sunday, and a big program of other activities is slated.

The tournament will run from September 11 through

Class A Grid Teams Open On All Fronts In Next Three Days

By The Associated Press
Texas Class A football teams rip into action in more than 100 games the next three days and it's no practice tilt for a few.

Wink meets Fort Stockton and Seminole tackles Crane in five that count toward the District Five championship.

The heavy schedule sends most of the pre-season favorites to the gridiron.

Defending Champion Littlefield, a South Plains power, takes on Lockney. The wing T formation of the Wildcats rolled to a 32-6 victory over Crosbyton last week.

New Braunfels, a finalist in 1948 and in the playoff last year, opens against Peacock Military School of San Antonio. Weldon Bynum's Unicorns are figured one of the best teams in the sprawling Class A division of the Interscholastic League program.

Undeclared teams were easy to find last year when the 32 district races were completed. Arlington, rated the best in 12-A this year, hopes it will be one of these this season. It opens against Birdville, Mexia, which lost to Littlefield in the championship game at Abilene last December, runs into tough New London in its opening game. Brownfield Opens

Brownfield, which tried competition in Class AA for a few years, has an inter-sectional game with Lovington, N. M.

Several schools which long competed in Class AA are in Class A this season. Two of them—Sulphur Springs and Bonham—tangle Friday night. Electra, which was in Class AA last season, meets Albany in its first game.

Schools with an enrollment of 250 students but less than 500 are classed Class A for athletic purposes. But you can find more than one school in this division with less than 250 students. These can be voted in by other schools in their particular district. One, LeFors, last year won its district championship.

There's been a decided West Texas flavor to this division since it began playing for a state championship. Monahans won the first title and Littlefield the second.

Stethoscopes, such as those used by doctors, are employed to test electric clocks in a large factory.

Potatoes are attacked by more than 70 diseases and insect pests.

THE REPORTER-TELEGRAM, MIDLAND, TEXAS, SEPT. 7, 1950-9

District 5-A Has Seven Games Set For This Weekend

By SHORTY SHELBOURNE
Reporter-Telegram Sports Editor

District 5-A will blow the top off the 1950 football season with a full front of action this weekend. Two conference clashes head the list and all but one of the other district elevens will open against non-conference foes.

The Wink Wildcats got the jump on other teams last week by defeating the Colorado City Wolves 14 to 7 in warmup tilt at Wink.

The Friday night schedule calls for Seminole at Crane and Wink at Fort Stockton in conference clashes. Practice tilts will send Kermit against M-ikel at Kermit, Colorado City against McCamey at McCamey and Levelland against Pecos at Pecos.

Saturday night will bring two more non-conference contests. The Andrews Mustangs will play hosts to tough Dalhart and Monahans while Engage Roscoe at Monahans.

The Seminole-Crane tilt looks like more of a contest than the Wink-Fort Stockton fracas. Wink should have no trouble taking the Panthers.

Seminole this year coached by Roger Southall who is new in the business, has one of the top title threats in the district. Jerry Phillips, a top-notch back who was out last season with an injured leg, is back. He has people thinking of Val Joe Walker who once was the terror of the district while wearing Seminole's spangles.

Coach Bill Harralson has only a small squad at Crane but he may have enough to give Seminole a good fight. Kenneth Acuff, Henry Cook, John Clark, Billy Don Ingram, Ray Knox, Doyle Lakin, Buster Pendleton and Clark Lee Presley are lettermen returning to do battle for the Golden Cranes. They will have to carry the brunt of the load because the Crane reserves are few.

Wink showed enough power against Colorado City to rate a breeze against weak Fort Stockton. But down the line the going will get rougher and the Wildcats must improve in these breathers.

We wouldn't be surprised if the McCamey-Colorado City and Kermit-Merkel clashes won't be the most evenly matched non-district tilts.

Billy Stokes is the big gun for McCamey's Badgers. He looks like one of the finest backs 5-A will see this season. With Stokes, Coach Elmo McCook has nine other lettermen from which to mould a winner.

Johnny Beggs, Gordon Carlson, Maurice Colium, Lloyd Lee Hayes, Jerry Lambeth, Mack Patterson, Thad Putnam, Joe Robins and Teddy Vaughn are the other returnees. If all of them come through, McCamey could win over Colorado City.

Kermit, Pecos Get Tests
Kermit, with a big line and Rick Spinks and Wayne Culvahouse in the backfield, won't be a pushover for any club. Merkel usually is strong and this one should be a good game to watch.

Pecos will get a test in its opener with Levelland. Levelland plays in the Class AA division of Texas schoolboy football swings into the season grind this weekend but the games will be mighty scattered.

Only 17 teams have contests and there are no games at all in the far West, the Panhandle and Central Texas.

The feature game of the short schedule will be Kerrville at Fort Arthur. It will test the vaunted powerhouse of the port city's first crack out of the box because Kerrville is a ranking favorite in its district.

Marshall plays an inter-sectional game, engaging the always tough Fair Park eleven of Shreveport at Marshall.

Interdistrict games headline the card with Stephenville at Sweetwater, Denton at Longview, Henderson at Gladewater, Palestine at Tyler and Kilgore at Freepoot.

Next week will find all except four members of Class AA playing games while the City Conference also will fire its opening guns although not all of the 37 members of this division will stage first games until the following week. Thus it will be late September before all the teams of the state have tasted competition.

Sneed, Middlecoff In Reading Open
READING, PA.—(P)—Sam Sneed, leading money winner among the nation's professional golfers, provided the chief threat Thursday as Cary Middlecoff opened his defense of the \$15,000 Reading Open Golf title.

Middlecoff, 1949 National Open champ from Ormand, Fla., heads the Berkshire Country Club.

Entered in the 72-hole test in addition to Middlecoff and Sneed are a number of standouts.

CAUGHT BARE-HANDED—Grins of satisfaction adorn the faces of Teddy Pecot and Jerry and Kenneth Burden, who caught this four-foot, 26-pound tarpon with their bare hands in a creek at Jacksonville, Fla. The boys admit it's easier with fishing tackle.

Big Spring Nips Indians By 1-0

The Midland Indians open their last home stand of the 1950 season at 8:15 p.m. Thursday in Indian Park. The Sweetwater Swatters are here for two games.

Ralph Blair is due to hurl Thursday night's game. Lefty Hayes is the probable starter for the home finale Friday night.

Friday night will be "Appreciation Night" and all fans are urged to attend the game and show their backing for the Indians.

BIG SPRING—Gil Guerra hurled a one-hitter at the Midland Indians here Wednesday night and took a 1-0 decision in the final meeting of the two teams this season.

Tony Iglesias allowed the Broncs only five hits but he gave up one of them at the wrong time.

Midland had only two base runners during the contest and both of them were left stranded at first. George Firnback got the only Midland hit, a single.

Big Spring scored its run in the fourth. Lefty Iglesias walked to open the inning and advanced to second on an infield out. Gabe Casteneda singled to score him.

Midland's lineup was juggled greatly and power-hitter Jim Prince was absent from the batting order. Quentin Basco filled in at first.

The box score:
Midland AB R H O A
Hughes, ss 4 0 0 1 3
Bellone, 3b 4 0 0 2 2
Dawson, if 3 0 0 3 0
Phillips, cf 2 0 0 3 0

TEXAS LEAGUE—
Dallas Nips Cats Again; Beaumont Increases Margin
By The Associated Press
Dallas' Eagles, it appears, were just playing dead.

Thus, the Texas League race may end up much differently from the way it looked not more than a couple of days ago.

Dallas knocked down Fort Worth the second time in a row Wednesday night while San Antonio was taking its second straight licking from Shreveport. So the Eagles Thursday are only a game and a half out of fourth place.

And it's what's ahead that gives Dallas high hopes of making the first division and the playoff.

San Antonio winds up Thursday night at Shreveport, then moves to Beaumont for three games and a fraction of another with the league-leadering Roughnecks. The fraction is that part of a game the clubs didn't finish the last time they met and have to play out. San Antonio was leading 8-6 when the game was halted after seven innings so Beaumont could catch a train.

Dallas has four games to play—one with Fort Worth and three with Tulsa.

Beaumont increased its lead over second-place Fort Worth to two and one-half games as the Roughnecks trimmed Houston 5-3 Wednesday night while third-place Tulsa edged Oklahoma City 2-1.

Dallas beat Fort Worth 3-2 by scoring all its runs in the first inning. The Eagles got only five hits but bunched them just right. Walt Lanfranco notched his thirteenth hurling victory of the season.

Gale Pringle pitched a four-hitter as Shreveport licked San Antonio 5-1. The Sports pushed over four runs in the first inning and that was that. A home run by Joe Frazer in the ninth kept the Missions from being skunked.

Beaumont scored three runs in the third because of wildness of Houston pitchers and never was behind after that. The defeat tumbled Houston into the cellar again.

Harry Donabedian batted in the winning Tulsa run in the eighth to hand Jim Blackburn his twenty-first mound triumph of the season.

SEARCH CONTINUES FOR MISSING PLANE
WICHITA, KAN.—(P)—Air searchers still are looking for a light plane missing since it took off from Amarillo, Texas, August 13. Aboard the plane were Mr. and Mrs. Crawford Hand, Kansas City, Mo.

Wednesday the crew of an air search and rescue plane from Lowry Air Force Base, Denver, reported no trace found in their check of the Texas Panhandle country near Pampa. Reports Tuesday that plane wreckage had been sighted there centered attention on the spot.

Special Night Is Scheduled Friday For Indians, Fans

A "Farewell and Appreciation Night"—a night for Midland fans to turn out and show their appreciation for the Midland Indians and professional baseball here—is scheduled Friday night in Indian Park. The Indians will be playing the Sweetwater Swatters in their final home game of the season.

The night is being promoted by the Chamber of Commerce through its sports committee. Maurice Cox, chairman of the committee, is in charge of arrangements.

The fans will have their chance to gain from the night just as the Indians will.

A dozen baseballs will be autographed by the players and will be given away to fans in a contest.

The night is designed especially to give the fans a chance to turn out and back the club on the occasion of the last home game. It will be a chance for all Midlanders to show that they appreciate professional baseball here.

Anyone wishing to aid in the staging of the night can get full information by contacting Delbert Downing or Cox at the Chamber of Commerce.

While a lot of Class A and Class AA grid teams were tapering off Wednesday and Thursday for their opening tilts, the Midland Bulldogs were picking up momentum in their workouts. The Purple doesn't open the season until September 22.

Wednesday's drill was along the same lines as those before it have been but was a little stiffer here and there.

More attention is being turned to contact work each day and the scrimmages are getting down to more of the real thing.

Coach Tugboat Jones kept his backs busy with ball handling, passing and offensive blocking assignments.

The line did turns at blocking and tackling before engaging in the short scrimmage which is held to end each day's workout.

The extra squad is coming along nicely and some of the boys up from last year's D team are showing signs of becoming real prospects for varsity duty.

Traffic
(Continued From Page One)
Through the heart of the business area.

The drainage project would include the construction of an underground storm sewer on North Front Street to run parallel with the T&P Railroad. In the eastern sector of the city the sewer would empty into an above-ground channel which would drain into Midland Drain.

The drainage program is designed to match specifications set up by the Texas Highway Department in connection with the state's financing a widening of U. S. Highway 80 in east Midland.

Tax Supported Bonds
The bonds would be issued as unlimited tax bonds at an interest rate of not more than three and one-fourth per cent per annum, and for a period not to exceed 25 years.

Judge Keith said all the bonds would not be issued at the same time but would be issued as the funds are needed.

The judge said a slight increase in 1951 taxes probably would be necessary, but that the taxes likely would decrease gradually because of the prospects of higher evaluation of oil properties in the county.

Officials said Midland County property evaluations in the last two years have increased from \$13,000,000 to \$18,000,000, and that still further increases are anticipated.

Polling places for the county election will be the same as those used for the Democratic primaries in July and August.

Vote Drive
(Continued From Page One)
and right-of-way for highway widening in the county.

The JayCeens plan to paint "Vote" signs on downtown sidewalks and to conduct an all-day campaign Saturday to bring out the votes. Perry Pickett is in charge of the program.

Delbert Downing, Chamber of Commerce manager, said the magnitude of the two bond elections, the largest in Midland's history, demands that a representative vote of the people decide the important issues. He urged all qualified voters to go to the polls Saturday to express their opinions concerning the bond proposals.

Living Places
The city election will be held in the City-County Auditorium, which also will be one of the seven voting places in the county election.

Voters in the county election will cast their ballots at four city and three rural voting places.

Precinct 1—Basement of courthouse; Frank True; area east of Big Spring Street and north of Wall Street.

Precinct 5—West Elementary School; Jim Kendrick; area west of Big Spring and south of Wall.

Precinct 7—Youth Center; George Vanaman; area west of Big Spring and north of Wall.

Rural Precincts
The rural voting places and judges are:
Precinct 2—Greenwood School; Palmer Evans.
Precinct 3—Frank Midkiff ranch home; Mrs. Frank Midkiff.
Precinct 4—Fire station at Midland Air Terminal; Mrs. Lee O. Manning.

TFWC Leaders Visit Gonzales Foundation
AUSTIN.—(P)—Leaders of the Texas Federation of Women's Clubs visited the Gonzales Warm Springs Polio Foundation Thursday.

It was part of the annual "president's party" in which the eight district presidents meet with Mrs. J. Howard Hodge of Midland, state chief, to plan the federation's work for the coming year.

ADMITTED FOR TREATMENT
Don Colvin, 1008 1/2 West Indiana Street, was admitted Thursday to Western Clinic-Hospital as a medical patient. He is an employee of Superior Oil Company.

Truman—Address Features Rotary Club Program

(Continued From Page One)
for their support in the Korean war which he said he hoped would lay the foundation for the peace which is his only aim in life.

No Show Of Bitterness
Truman said that when the Korean invasion occurred, the United States had to support the United Nations; it had to "light" or back down.

He expressed hope the Marine League—an organization of former Marines—would support him in his efforts to "get peace in the world." The ex-Marines applauded vigorously.

There was no show in the convention hall of the bitterness engendered by Truman's original cracks about the Marines.

The commandant of the league, Clay Nixon, had prepared the way for the President's visit with a little speech.

Nixon told his comrades the "matters discussed yesterday are at an end."

He said the President was coming to the meeting and had them, "We will expect you to demand yourselves as Marines and Americans."

"No wisecracks will be tolerated," Nixon said and added, "There is no place for levity in a country at war."

'Good Boy, Harry'
Bugler sounded attention as the President walked grinning up to the speakers platform. He was applauded again when he was introduced to the meeting by Gen. Clifton Cates, commandant of the Marine Corps.

Cates said, "We are gratified to have the President of the United States with us." Then he added: "We in the Marine Corps admire courage, especially personal courage."

Nixon presented the President a distinguished guest medal and a history of the Marine Corps. The President beamed and the delegates cheered as he accepted the history.

Before leaving, the President joined in singing the Marine anthem "From the Halls of Montezuma."

There was loud cheering as Truman walked off the speakers platform. From the convention floor came shouts of "Good boy, Harry."

Allies
(Continued From Page One)
Yongsan is 32 miles south of Taegu.

The fight there was grim and bloody. Hand-to-hand combat was another of the principal buyers.

The Marines and Doughboys charged with bayonets and swung their rifle butts as clubs. They captured dominating hills.

American officers estimated 7,300 Communists had been killed and wounded there in a week of fighting.

U. S. casualties have been heavy along the 55-mile front in the south-west and west.

Three Communist divisions are pounding toward Taegu from the east. Two more Red divisions have been identified in the drive down the Kumhwa highway toward Taegu.

The North Koreans were reported massing fresh strength opposite the gash they have cut in Allied lines southwest of Lo Pohang port, second most important on the Korean southeast coast.

With the tense challenge of the last two days, when the Reds poured through the broken Allied east wall, was eased at least momentarily.

A spokesman for General MacArthur's headquarters said the Allies were holding firm on all fronts.

Livestock
PORT WORTH.—(P)—Cattle 1-800; calves 1,300; steady to stronger; good lightweight slaughter yearlings 28.00-30.00; common and medium slaughter steers and yearlings 22.00-27.50; medium steers 26.50; beef cows 20.00-22.50; good and choice slaughter calves 28.00-30.00; common and medium 20.00-25.50; medium to choice stocker steers yearlings 25.00-29.00; stocker cows 23.00 down; good and choice stocker calves 29.00-31.50.

Hogs 800; steady; good and choice 190-260 lbs barrows and gilt 23.00-25; good and choice 150-180 lb butchers 21.00-22.75; sows 17.00-20.00; feeder pigs 20.00 down.

Sheep 300; steady; no slaughter Spring lambs offered; medium and good yearling wethers 21.00-22.00; good feeder lambs 25.00-50.

Cotton
NEW YORK.—(P)—Cotton futures at noon Thursday were 90 cents at \$18 a bale higher than the previous close, October 40.61, December 40.81 and March 40.75.

SUFFERS LACERATIONS
Harold Green, 13, son of Mrs. Bess Green, 110 West Louisiana Street, was treated at Western Clinic-Hospital Wednesday for lacerations of the arms and body caused when a one-and-a-half volt battery exploded as he was using it.

UNDERGOES SURGERY
Hiller H. Hess, 1707 West Wall Street, was admitted Wednesday to Midland Memorial Hospital, where he underwent major surgery.

MAJOR SURGERY
Jerry McDonald, 18, son of Mr. and Mrs. J. M. McDonald, who reside at Radio Station KORS transmitter station on West Highway 80, was admitted Wednesday to Midland Memorial Hospital, where he underwent major surgery.

Labor-Management Address Features Rotary Club Program

Definite progress is being made in improving management-labor relations in Texas today, John White of Austin told Midland Rotarians at their regular meeting Thursday noon in Hotel Scharbauer.

The speaker, however, said the program must be continued until the problem is solved to the satisfaction of both management and labor.

"The survival of life as we know it today depends upon the solving of our management-labor problems," he said.

White, who is associated with the Texas Employment Commission, was introduced by Wayland Kisman of San Angelo, district TEO manager. Carroll Thomas was in charge of the program.

Speaking on the subject, "Management - Labor Relationships," White said that understanding and tolerance are needed on the parts of both management and labor. He traced the history of the relationships between management and labor, and told what is being done today to improve the problem which has developed over a long period of years.

Varied Concepts
He discussed the varied concepts of both management and labor, and mentioned several responsibilities of management toward labor.

Mayor William B. Neely outlined the five proposals included in Saturday's bond election and urged voters to cast their ballots in both the city and county elections. He said further city expansion will be curtailed unless the bonds are approved.

Delbert Downing announced the "Farewell Night" program scheduled Friday night at Indian Baseball Park.

Angus Cattle Bring Good Prices At Sale

SAN ANGELO.—(P)—One hundred head of Aberdeen-Angus cattle brought an average price of \$612-60 at a sale Wednesday at the McCulloch Ranch.

Sol Kelly of Sonora bought 36 head for an average of \$640. His purchases included the McCulloch herd bull, Prince 20th of Eszar, \$2,725. H. E. Licata of San Antonio was another of the principal buyers.

President Confident Of Victory In Korea

WASHINGTON.—(P)—President Truman expressed belief Thursday that United Nations forces in Korea will make up for temporary setbacks before the week is over.

He based his optimism on his daily briefings by Gen. Omar Bradley, chairman of the Joint Chiefs of Staff, and was not attempting to pose as an arm-chair strategist.

ADMITTED FOR TREATMENT
Gerald M. Ramage, 1210 South Westerford Street, was admitted Wednesday afternoon to Midland Memorial Hospital as a medical patient.

UNDERGOES MINOR SURGERY
Mrs. Leeman VanAusdale, 321 East Kentucky Street, was admitted Wednesday to Midland Memorial Hospital for minor surgery.

MEDICAL PATIENT
Mrs. Ray Rhodes, 1111 West Texas Street, was admitted Wednesday to Midland Memorial Hospital as a medical patient.

MEDICAL PATIENT
A. H. Anderson, 2813 Franklin Street, was admitted Wednesday to Western Clinic-Hospital as a medical patient.

LICENSES ISSUED
Marriage licenses have been issued by the county clerk to David Anthony and Patricia Morley, and Leslie Oswald Philipp and Mary Ada Turner.

RECEIVE BURGLARY REPORT
Midland police Thursday were notified of the burglary Wednesday night of the Hobbs, N. M., VFW Hall. More than \$700 worth of merchandise was taken, the report said. Three suspects were described in the police radio message.

Dr. Patton Calls Meeting Of Pack 6

Dr. Doyle Patton, Cubmaster of Cub Pack 6 at West Elementary School, has announced an organizational meeting of the group at 7:30 p.m. Thursday in the auditorium of John M. Cowden Junior High School.

Parents of boys 8 years old to 11 years old are required to attend the meeting with their sons for purposes of working out organizational details for the coming year.

All boys, whether Cub last year or not, are to be accompanied by their parents at the meeting.

Dr. Patton announced the first regular pack meeting will be held September 19 at West Elementary school, and den meetings will begin as soon after the Thursday meeting as details can be worked out.

Boy Scouts Show 19 Per Cent Gain

The Buffalo Trail Council, Boy Scouts of America, with headquarters in Midland, has shown an increase of 804 boys in Cub Packs, Scout Troops and Explorer Posts over last year, according to figures released by Regional Headquarters in Dallas.

The 19 per cent increase in boy membership is matched by a 19.4 per cent increase in units in the same period. P. V. Thorson, Scout Executive of the 17-county area, said Thursday.

A further increase in units is planned for the council area, Thorson said. Plans for the campaign will be mapped Thursday night at Scout Headquarters as district chairmen and operating committee chairmen meet for a buffet supper and business session.

Dr. W. B. Hardy, Council president, will preside at the planning session.

Former Midlander Dies At Monahans

MONAHANS—Mrs. Emma Josephine Dewhirst, 79, died here Wednesday after a long illness. Funeral services were scheduled at 4 p.m. Thursday in the Methodist Church at Lovington, N. M. She formerly lived at Midland for several years.

Survivors include a daughter, Mrs. Gladys Graham; a granddaughter, Mrs. Hazel Ethridge, and two great grandchildren, June and Graham Ethridge.

UNDERGOES SURGERY

Felix W. Stonehocker, 108 East Louisiana Street, Midland building contractor, underwent major surgery Wednesday at Midland Memorial Hospital. The attending surgeon reported Thursday Stonehocker's condition is good. He was on the operating table almost three hours.

Outpost To Reinecke Is High On Reef Pay

P. R. Rutherford and Heep Oil Corporation No. 3-A Griffin, on the north side of the Reinecke field in Southeast Borden County found the reef line high to the nearest completed producers to the west and south, and is to set casing and complete.

This project topped the reef at 6,814 feet, to give it a datum of minus 4,460 feet.

That makes it 72 feet high to the same operators' No. 3-A Griffin, one location to the west, and makes it 71 feet high to George F. Livermore, Inc., No. 1 Holley, one location north, both completed pro-

Permian Basin Oil And Gas Log—

(Continued From Page One)
Ellenburger field in Central - West Midland County, 11 1/4 miles southwest of Midland, failed to find any shows of oil or gas in a drillstem test of the lower Wolfcamp lime at 9,860-9,960 feet.

The tool was open one hour. Recovery was 210 feet of mud, with no shows of oil, gas or water. The project is now making hole below 10,014 feet in lower Permian lime and shale.

It is 660 feet from south and 898.6 feet from east lines of the southwest quarter of section 6, Matt Daugherty survey, SP 4169. The project is to go on to the Ellenburger.

Water Hurts Garza Wildcat's Prospects

R. L. York and Standard-Fryer Drilling Company No. 1 Justice heirs, wildcat in Southeast Garza County, has recovered 4,860 feet of clean oil and 1,470 feet of salt water on a drillstem test at 7,460-92 feet.

On the two hour test in a Pennsylvanian lime, gas surfaced in six minutes. Open flowing bottom hole pressure was 500 pounds, and shut-in pressure after 30 minutes was 3,400 pounds.

Operators plan to take electric log surveys, then run casing and make production tests, after the water level of the possible pay is determined.

Erroneous Report
First reports on the above drillstem test had this possible discovery recovering 5,600 feet of free oil and no water. That report was premature and erroneous.

Previously the No. 1 Justice heirs recovered 300 feet of heavily oil and gas cut mud and 100 feet of oil and gas cut mud on a drillstem test at 7,416-60 feet.

The possible discovery should have at least 50 feet of pay in this Pennsylvanian lime zone, called Strawn by some geologists.

Location is 660 feet from south and westlines of section 19, block 6, H&GN survey.

Third Well Assured In New Hockley Pay

A third producer has been assured in the recently discovered Ropes-Pennsylvanian pool in Central-East Hockley County at the Honolulu Oil Corporation & Signal Oil & Gas Company No. 1 J. E. Emmons.

On a drillstem test in the reef pay of that area, the No. 1 Emmons, east offset to the discovery well, flowed 83 barrels of high-gravity oil in five hours.

The test was taken at 9,300-355 feet. Gas surfaced in 11 minutes, and oil appeared at the surface in one hour and 40 minutes. Then the flow was turned to tanks for the gauged five-hour flow. A five-eighths-inch bottom hole choke was used on the test.

Will Core Ahead
Operators are preparing to core ahead. The new producer has approximately 70 more feet of pay above the water level of the Ropes field.

The No. 1 Emmons is reported about 50 feet low on top of the reef pay to the Honolulu & Signal No. 1 M. D. Underwood, discovery well of the Ropes field.

Location of this new producer is 510 feet from north and west lines of labor 12, league 5, Wilberger County School Land survey, and five miles south of Snyder.

C-N Howard Venture Gauges Large Flow

Amcan Oil Corporation and Southland Royalty Company No. 1-B Brannon, one location north of the discovery well of the south extension to the East Vealmoor field in Central-North Howard County, 25 miles northeast of Big Spring made a heavy natural flow from the top of the lime reef and is preparing to make more hole.

This venture topped the reef at 7,306 feet, to give it a datum of minus 4,790 feet and make it 31 feet low to the Brown No. 1-A Brannon, the extension discovery.

It drilled to 7,381 feet and ran a 40-minute drillstem test at 7,315-81 feet. Gas surfaced in two and one-half minutes, mud came to the top in six minutes and oil started flowing in seven minutes.

The initial flow was through a one-inch opening on tubing and was at the estimated rate of 100 barrels per hour.

Reduced Choke
The opening was reduced to a one-quarter-inch choke, and the section flowed at the estimated rate of 35 barrels per hour.

Operator will cement 5 1/2-inch casing on bottom, and will then make about 50 feet more hole and complete from the new section—leaving the top pay cased off.

Operators figure that the top of the reef is at least 190 feet above the water table of the area.

Location is 667 feet from north and 652 feet from west lines of the southwest quarter of section 18, block 27, H&TC survey.

Outpost To Reinecke Is High On Reef Pay
P. R. Rutherford and Heep Oil Corporation No. 3-A Griffin, on the north side of the Reinecke field in Southeast Borden County found the reef line high to the nearest completed producers to the west and south, and is to set casing and complete.

This project topped the reef at 6,814 feet, to give it a datum of minus 4,460 feet.

That makes it 72 feet high to the same operators' No. 3-A Griffin, one location to the west, and makes it 71 feet high to George F. Livermore, Inc., No. 1 Holley, one location north, both completed pro-

ducers from the Reinecke reef.

Rutherford and Heep No. 3-A Griffin drilled to total depth of 6,894 feet. It did not drillstem test the pay section. Operators are to cement 5 1/2-inch casing about 30 feet off bottom and complete the development.

Interested observers calculate that the project is 120 feet above the water table at the present total depth.

The interesting thing about the No. 3-A Griffin is that it shows the structure of the Reinecke field is continuing to the north, in spite of the fact that the idea had been developed recently that it was beginning to dip off in that direction.

C-N Howard Tester Finds Salt Water

Lomax Brothers Drilling Company and E. J. Zonne of Midland are preparing to plug and abandon their No. 1 L. M. Anderson, wildcat in Central-North Howard County after recovering 810 feet of salt water on a drillstem test at 7,598-7,908 feet in the Pennsylvanian.

The two-hour test had a good blow of air throughout. Recovery was 90 feet of drilling mud plus the salt water. Flowing pressure was 4,000 pounds and 15-minute shut-in pressure was 2,750 pounds.

This failure is located two miles southwest of the Brown No. 1 Brannon and 660 feet from the north and west lines of the northwest quarter of the northeast quarter of section 11, block 31, T-2-N, T&P survey.

Two oil explorations have been staked in the Jenkins-Devonian pool area of Southwest Gaines County.

Three miles south of the two-well field, The Texas Company, Amerasia Petroleum Corporation and Skelly Oil Company have begun operations on the No. 1 C. B. Carwell.

Drillstem is 660 feet from north and east lines of section 24, block A-25, psi survey. Contract depth is 10,000 feet.

Texaco also has staked a one-half mile south outpost to the Jenkins field. It will be the No. 1 Southland Royalty Company, located 660 feet from west and 656 feet from south lines of northwest quarter of section 7, block A-25, psi survey. Projected depth is 9,400 feet.

Another test was run at 7,461-74 feet. The tool was open three hours. Recovery was 300 feet of oil cut mud. Operator is preparing to drill 10 feet deeper and take another drillstem test.

Location is 667.36 feet from south and 1,958.34 feet from east lines of section 18, block 27, H&TC survey.

Two Sites Picked Near Gaines Pool

W. C. McBride, Inc., of St. Louis No. 1 E. M. Conrad, wildcat in Southwest Scurry County, three and one-half miles south of the Sharon Ridge Canyon pool, developed 1,550 feet of sulphur water on a drillstem test at 6,938-998 feet. Operator is deepening.

The No. 1 Conrad is 660 feet from south and west lines of section 73, block 25, H&TC survey.

SW Scurry Wildcat Gets Sulphur Water

W. P. Luse of Dallas has completed his No. 1 J. E. LeMond, one and one-quarter miles due west of Snyder at the southeast edge of the Kelley-Snyder field, for 268 barrels of 43.6-gravity oil per day plus two per cent water.

This new well is the nearest production in the city limits of Snyder. Exact location is 1,931 feet from the north and 785.7 feet from the east lines of section 14, block 1, J. P. Smith survey.

Production on the potential test was through a one-half inch choke. Pay was topped at 6,747 feet. Total depth of the new producer is 6,799 feet.

Gas-oil ratio on the test was 902-1. Casing pressure was reported at 160 pounds and tubing pressure at 690 pounds.

The pay horizon was treated with 7,000 gallons of acid.

Lion Stakes Four
Lion Oil Company has spotted its No. 12, 13, 14 and 15 Ohlenbusch in the Diamond M-Canyon field of Southwest Scurry County.

The No. 12 Ohlenbusch will be drilled 1,977 feet from the west and 1,963.93 feet from the south lines of section 181, block 97, H&TC survey, and 13 miles southwest of Snyder.

The No. 13 will be 660 feet from the south and east lines of section 181, block 97, H&TC survey, and 13 miles southwest of Snyder.

The No. 14 will be dug 660 feet from the south and 1,960 feet from the east lines of section 181, block 97, H&TC survey, and the same distance from Snyder.

The No. 15 Ohlenbusch will be drilled 1,980 feet from the east and 1,993.93 feet from the south lines of section 181, same block and survey and 12 miles southwest of Snyder.

All four of the Lion projects will be drilled to an estimated 6,925 feet depth.

On Patterson Lease
Cities Service Oil Company also has scheduled a Diamond M-Canyon.

Shell Oil Company has abandoned its No. 1 S. B. Roberts, wildcat in Southeast Sutton County which has been inactive for almost a year.

The failure developed salty sulphur water at total depth of 4,533 feet. From a plugged back total depth it had rated 165,000 cubic feet of gas daily.

Location is 827 feet from north and 398 feet from west lines of section 7, block 7, TWNG survey.

Shell Oil Company has abandoned its No. 1 S. B. Roberts, wildcat in Southeast Sutton County which has been inactive for almost a year.

Ten-Year Pasture Improvement Plan Formed For State

AUSTIN—(AP)—A ten-year program of pasture improvement backed by Gov. Allan Shivers was organized here Wednesday night.

Better Texas Pastures, Inc., adopted a program, raised an initial \$50,000 for organization and named Claude W. Voyles of Austin and Blanco County chairman.

The idea is to organize each of Texas' 254 counties in a research and better-pasture-practices program in cooperation with established agencies. Organizers of the movement emphasized there should be no conflict with soil conservation setups, but that the two would supplement each other.

Other officers named are Tommie Brooks of Camp San Sabá, vice chairman; Dr. Bruce McMullan, Overton, secretary; E. L. Boston, Angleton, treasurer.

The group will select a full-time executive secretary.

Argentine Approves Aid To UN Forces

NEW YORK—(AP)—Argentine Ambassador Jeronimo Remorin says his government has authorized aid to United Nations forces in Korea.

The ambassador, who arrived here by plane Wednesday from Argentina, said he did not know what sort of aid was contemplated, but he would relay the offer to the UN unified command in Washington.

Remorin added that he expects agreement on a \$125,000,000 United States loan to Argentina in less than a month.

JELLIED DELIGHT—Corned beef cabbage in gelatin is a ho-man sausage dish.

By GAYNOR MADDOX
NEA Staff Writer

Corned beef and cabbage in Summer? Of course, when molded in gelatin to become a cool and eye-pleasing main dish.

Try molding ham and cheese together.

Corned Beef and Cabbage, Summer Style
(9 servings)

Corned Beef Layer: one envelope unflavored gelatin, 1/2 cup cold water, 1/4 teaspoon salt, 2 tablespoons lemon juice, 3/4 cup mayonnaise, 1/4 cup minced onion, 1/2 cup chopped sweet pickle, 1/2 cup diced celery, 1 No. 2 can corned beef, finely cut.

Softening gelatin in cold water: Place over boiling water and stir until gelatin is dissolved. Add salt and lemon juice; cool. Mix in mayonnaise and remaining ingredients. Turn into 8-inch square pan and chill until almost firm.

Cabbage Layer: one envelope unflavored gelatin, 1/2 cup cold water, 3/4 cup hot water, 1/2 teaspoon salt, 2 tablespoons sugar, 2 tablespoons lemon juice, 1/4 cup vinegar, 2 tablespoons chopped pimiento, 2 cups finely shredded cabbage.

Softening gelatin in cold water: Add hot water and stir until gelatin is dissolved. Add salt, sugar, lemon juice and vinegar; stir until sugar is dissolved. Chill until mixture is consistency of unbeaten egg white. Fold in pimiento and cabbage. Turn on top of almost firm first layer and chill until firm. Unfold on serving platter. Garnish with olive slices. Surround with lettuce cups, tomato and onion slices.

Ham and Cheese Loaf
(6 servings)

One envelope unflavored gelatin, 1/2 cup cold water, 3/4 cup hot water, 1/4 teaspoon salt, 1/4 cup vinegar, 1/4 cup diced celery, 1/4 cup diced sweet pickle, 1 cup grated American cheese, 1 cup diced cooked ham.

Softening gelatin in cold water. Add hot water and salt and stir until

dissolved. Add vinegar. Chill until the mixture is the consistency of unbeaten egg whites. Mix in celery and pickle; divide mixture into two parts; to one add the grated cheese, to the other the diced ham. Turn ham mixture into loaf pan and chill until almost firm; add cheese mixture. Chill until firm. Unmold on crisp greens and serve with tomato wedges.

Meadolake's 'Dime A Pound' Offer Will Expire September 30

After September 30 a dime will be worth only ten cents, according to the grocers in this section, because on that date Mrs. Tucker's much talked about offer of a pound of Meadolake Margarine for only a dime, if it's a 1940 dime, passes into history as one of the most successful food promotions ever staged in this country.

The offer which has had folks all over the nation searching for 1940 dimes since July 1, when the federal tax was removed from margarine, expires at midnight, Saturday, September 30. The offer was made to celebrate the removal of the federal tax and the 10th anniversary of the year Meadolake was first colored yellow.

The results of this offer have been phenomenal and a great tribute to the pulling power of the 97 newspapers used in this campaign, according to Mrs. Tucker, whose Meadolake shipments have been far behind orders since the deal started. Stores all over the country where Meadolake is distributed have sold out often before new supplies could be obtained.

Pillsbury Announces 2nd Annual Bake-Off

MINNEAPOLIS—Pillsbury's second grand national bake-off, announced recently, will be held in New York's Waldorf-Astoria Monday, December 11.

One hundred of the nation's best homemakers will bake their favorite recipes—all at one time on 100 electric ranges—in competition for national recognition and more than \$100,000 in prize awards.

Teen-age girls will compete for the first time in a special division of the bake-off, with separate judges. Twenty-five girls between ages 12 and 19 will be selected from entrants from all over the country to be entered in the baking finals at the Waldorf.

The 100 finalists—75 seniors and 25 juniors—and winners of the preliminary recipe contest, will be announced in mid-November. Closing date for entries is October 15.

CRANE NEWS

CRANE—Rita and Frances McCasland, daughters of Mr. and Mrs. M. A. McCasland, recently underwent tonsillectomies in Crane Memorial Hospital.

Mrs. John E. Clark recently entertained the Wednesday Club in her home. Attending were: Mrs. W. R. Hamblett, Mrs. R. V. Wilson, Mrs. E. R. Pettis, Mrs. W. E. Morton, Mrs. J. O. Coffey, Mrs. W. W. Allman, Mrs. Ray Frazer, Mrs. George Chrane.

Mr. and Mrs. Billy Smith of Odessa are parents of a daughter, Sandra Lee, born August 28 at Big Spring. The child is a great-granddaughter of Mrs. Olie Alexander of Crane and the great-granddaughter of Mrs. Olie Alexander of Crane.

Mrs. G. A. Tooke was honored at a recent pink and blue shower held in the Community Hall. Hostesses were Mrs. V. C. Bromley, Mrs. Jake Lovelace and Mrs. J. D. Young.

A gift coffee honoring Mr. and Mrs. Bob Mathis, newly wed, was held recently in the H. O. True home at the Phillips Camp. Hostesses include Mrs. H. O. True, Mrs. A. Stark, Mrs. V. Patterson, Mrs. John North, Mrs. F. D. Husted, Mrs. H. Terrell, Mrs. Tom Phemister, Mrs. J. G. Nurke, Mrs. K. H. Gray, Mrs. Bill Sharp, Mrs. H. Hunter, Mrs. Leonard Chandler and Mrs. M. A. McCasland.

The Crane Fire Department recently answered a call to the Kenwood Lease where 150 barrels of oil were burned and about 300 barrels saved.

Mrs. B. B. Perucca recently was complimented with a bridal shower with Mrs. Leon Neely and Mrs. C. M. Phillips as hostesses.

Mr. and Mrs. J. D. Reed announce the birth of a son, Johnny Gene, born August 28, in Crane Memorial Hospital. He weighed eight pounds,

three and one-half ounces. Mr. and Mrs. A. H. Holmes are parents of a son, born August 23. The boy was named Aaron Dennis. He weighed eight pounds, eight and one-fourth ounces.

Mr. and Mrs. Victor Bradshaw are parents of a daughter, Linda Mae, born August 28 in Crane Memorial Hospital. She weighed eight pounds, eight and one-half ounces.

Mr. and Mrs. Cecil (Bud) Porter are parents of a son, Carl David, born August 28 in Crane Memorial Hospital. He weighed seven pounds, four and one-half ounces.

Al Krohn recently was hospitalized the second time following an accident in which his leg was broken.

Mr. and Mrs. B. J. Jones and sons recently visited in Breckenridge, where they attended the wedding of Chandos King, Jr., and Miss Norma Jean Collins. King is a nephew of Jones.

Mr. and Mrs. C. L. Scott and daughters, Jessie Marie, Anita Mae, Cindy and Anna, spent a recent weekend visiting in Merkel.

SIMPLE SUMMER DISH

For a simple Summer supper dish, serve eggs a la King. Add canned chopped mushrooms, slices of pimiento, green olive rings, and thin strips of fresh green pepper to creamed eggs. Serve over hot biscuits, rice, or toast and accompany with green peas.

THE REPORTER-TELEGRAM, MIDLAND, TEXAS, SEPT. 7, 1960-3

SHIPWRECKED CAKE

First fruit cake to reach the island of Ocracoke, N.C., came ashore in 1899, when a sailor of the shipwrecked Ariosto was washed ashore clutching his one remaining possession, the cake.

A quick and easy way to brighten the colors in our rug: sprinkle salt over it before vacuuming to sweep out all that dulling soot and grime.

Overweight Cotton Bales Cut Profits, County Agent Says

Midland County cotton farmers, by accurately estimating their loads of seed cotton so that a uniform 500-pound bale of lint cotton will be turned out at the gin, can reduce to a large extent "overweight" bales, which are costly and even hazardous to process and handle, County Agent Charles Green emphasized.

"Overweight bales result from only one cause—too much seed cotton per bale. This usually originates on the farm and in such cases cannot be remedied at the gin since the farmer already has placed an excessive amount of seed cotton in a one-bale vehicle or partition. However, the ginmer can further reduce the number of overweight bales by more carefully dividing seed cotton in multiple bale loads and storage," Green explained.

"There was a time when 1,500 pounds of seed cotton generally was accepted as the gross weight necessary to produce a 500-pound bale. Today, however, the requirement has changed materially. Some varieties may not require more than 1,250 to 1,300 pounds. In other cases 1,350 to 1,400 pounds may be needed. There are practically no instances where 1,500 pounds of hand picked seed cotton are required for a 500-pound bale."

The county agent noted the cotton trade desires a bale weighing 500 pounds, although the national average for the last several years has been well over that figure, and one out of every ten bales has weighed 600 pounds or more. These overweight bales in some cases are penalized, and extreme weights may be declared unmerchantable. These penalties may be imposed at several points along the line before the cotton reaches the spinning mill.

Because of the strain they place on machinery at gins and compresses, overweight bales often damage equipment and endanger the lives of workers. Such breakdowns and the delays they cause are calculated in the costs of ginning and compressing which in turn adds to the prices charged the farmer. More important still is the fact human lives are endangered when such accidents occur.

Overweight bales accent the "rolling" and "big-ended" bale problem. Such bales are extremely difficult to compress. Often they must be broken and the lint distributed evenly by hand before the bale can be compressed and shipped.

Overweight bales are more expensive to load, handle, compress, transport and store. These costs are reflected eventually in the price the farmer pays for these services, Green said.

Tuck a piece of raw apple in that jar of brown sugar to keep it from drying out and lumping during these warm summer months. This same "apple trick" makes dried-out cookies taste like new, too.

Sites For 80 New Tests Are Reported In WT Area

Locations for 80 new petroleum explorations in district No. 8 of Texas were reported to the Midland office of the Oil and Gas Division of the Railroad Commission of Texas during the last week.

Eight wildcats were reported in the area. Terry County reported two new prospectors. The remaining new ventures were divided one each among Crane, Glasscock, Hockley, Kent, King and Lynn Counties.

Scurry County again led the list with a total of 22 new field projects. Kent County was next with eight new drillsites listed.

Andrews County reported seven new projects. Ector reported six explorations.

Five new locations were listed in Borden County. Howard and Midland Counties each listed four new projects. Drillsites were established for three locations in each of Garza, Hockley and Pecos Counties. Crane and Gaines each gained two new explorations.

The remaining sites were staked on each in Cochran, Ward and Winkler Counties.

Three amended applications were filed. They were distributed two to Scurry and one to Mitchell County. In addition, Dawson and Hale Counties each had an amended application for a wildcat location which had previously been reported.

Andrews County
Stanford No. 7-PP University, 1-059 feet from north and 690 feet from east lines of northwest quarter of section 31, block 13, University survey, rotary, 9,000 feet depth, Fullerton field, starting immediately.

Pure No. 73-C-A-E-P. Cowden, 1-804.2 feet from east and 1,981 feet from north lines of section 25, block A-52, psi survey, rotary, 7,000 feet depth, Dollarhide-Clear Fork field, starting at once.

Stanford No. 1-Y-R/A-B Midland Farms, 660 feet from north and west lines of section 27, block 42, T-1-N, G&M&B&A survey, rotary, 5,200 feet depth, Paskett field, starting at once.

Stanford No. 1-W-A/A-A Midland Farms, 660 feet from north and east lines of northwest quarter of section 6, block 42, T-1-N, G&M&B&A survey, rotary, 5,000 feet depth, Midland Farms field, starting in the near future.

Stanford No. 7-V-R/A-B Midland Farms, 2,000 feet from south and 1-988 feet from west lines of section 42, block 41, T-1-N, G&M&B&A survey, rotary, 5,000 feet depth, Midland Farms field, starting immediately.

Crane News

CRANE — Mr. and Mrs. T. N. White attended funeral rites of Mrs. Betty Gocher held at Sweetwater. Mr. and Mrs. E. R. Pettis and Mrs. W. E. Morton and grandson, Ronny Sewell, recently made a fishing trip to Devils River. They were joined by Morton there.

Evelyn Riden, Gracie Ward, Hazel Ervin, Bonnie Covill and Estelle McCortley were recent hostesses at a shower given for Mrs. Tom Hogan. It was held at the Covill home.

Fire of undetermined origin recently destroyed the home of Mrs. H. L. Hooper at the Phillips Camp. Her husband is in a Waco hospital. Mrs. Hooper and a granddaughter were in the structure when it caught fire.

Mr. and Mrs. L. W. Barnes and children of Seagraves were recent visitors in the R. O. Pomroy home here. Mrs. Barnes and Mrs. Pomroy are sisters.

Attend Graduation
Mr. and Mrs. Oscar Reynolds attended exercises of the Lubbock Memorial Hospital School of Nursing when their daughter, Zoe, was graduated. She will take registered nurses' exams in September.

Reynolds No. 1 Jesus Rod, 60 feet from west and 20 feet from north lines of lot 28, block 1, Bingham addition, City of Post, rotary, 4,000 feet depth, Garza field, starting immediately.

DADDY RINGTAIL

By WESLEY DAVIS

Daddy Ringtail And Danger Stick

"Oo-oooh!" said the Huffen Puffen, the friendly wolf.

"Trouble, trouble, trouble," said Mugwump Monkey.

They were both very worried and afraid of some trouble that maybe was about to happen. The trouble was really a monkey whose name was Muscle Monkey. He was terrible strong. Why, Muscle Monkey could break up rock with his hands. People had seen him do it. Oh, the Huffer hadn't seen it, and Mugwump hadn't seen it, because they had never seen the monkey whose name was Muscle Monkey. Yes, but Daddy Ringtail had told them how strong this Muscle Monkey was. And Talkalot Parrot had told them how this Muscle Monkey was looking for them with a great big stick

in his hands. Why, the stick looked like a danger stick, Talkalot Parrot had said.

Said the Huffer now, "I wish Daddy Ringtail were here, I do, because he could tell us something to do to save ourselves."

"Sure," said Mugwump, "because I betcha this Muscle Monkey is going to kerbop us with the danger stick."

"Oo-oooh!" said the Huffer. "Trouble, trouble, trouble," said Mugwump.

And then Daddy Ringtail came in the door. "Save us! Save us!" shouted the Huffer. And Mugwump explained what the trouble was.

"What shall we do?" asked Mugwump. Daddy Ringtail laughed to hear them. He explained that people often can imagine danger to themselves. Oh, it was true enough that Muscle Monkey was looking for them with a big stick, but never was Muscle Monkey about to kerbop them with the stick.

Oh no, because the stick was really a hickory stick. It was a present from Muscle Monkey because he was wanting to be a good friend. Why, he had heard how they liked to play their games of hickory with a hickory stick like a baseball bat,

and that was the why of the present he brought them. Happy day! Happy never being afraid of danger that really isn't danger at all. (Copyright, 1950, General Features Corp.)

DESERTED FOR GOLD

John Sutter, on whose California land gold was discovered, died a poor man because his employes deserted his ranch to seek gold for themselves, according to the Encyclopedia Britannica.

CHANGES MIND TOO LATE

HAMBURG—(AP)—Screaming and shouting, a nightshirt clad man ran through the streets of Stuttgart. He had poisoned himself, but when the painful effects of the poison made themselves felt, the man changed his mind about committing suicide and ran to the doctor's. However, he arrived too late and died on the way to the hospital.

American-Educated Baptist Minister Is Leader Of Modern Religious Migration

By **BILL BOSS**
KOREA—(AP)—Among the thousands of white-clad refugees streaming down mountains and valleys in the path of the Korean war is one of the largest religious migrations of our time.
 It is made up of Korean Christians fleeing from communism. They come from tiny hamlets among the saw-toothed ridges. They come from Korea's overcrowded cities.
 But the religious migrants all have the same purpose—to escape the overpowering restrictions communism would place on their rights to worship as they please.
 Headquarters of this massive pilgrimage is a Korean city which cannot be identified. More than 200 Christian ministers have taken sanctuary here.
 The preachers of the gospel did not come alone. Many brought their congregations. Army officials estimate that more than 20,000 refugees here are religious migrants.
 Princeton Graduate
 Leaders of the Moses-like mass of homeless persons is an American-educated Baptist minister. He is a native Korean who graduated from Princeton University. Because many of his family and associates are in Communist-held territory, he must use an American name, Dr. Henry N. Park.

After Dr. Park finished Princeton, he attended the Baptist Seminary at Louisville and then returned to Korea.
 Here he was busily engaged in religious teachings as well as helping his countrymen achieve a better standard of living—that is, until the Communist invasion began.
 Dr. Park immediately pulled up stakes. He knew Christians could not live with communism. He had been told as much by Korean Reds in his own city.
Pray For UN Victory
 He and many of his flock made their way south, always just a step ahead of the onrushing Reds. The little band ultimately was joined by some 200 other ministers and their congregations who spontaneously came to the same conclusions as Dr. Park regarding Christian faith under the hammer and sickle.
 Each morning the ministers gather most of their flocks and pray for an early United Nations victory.
 An official Army guide says this embattled land has about 30,000 population and that Confucianism, Buddhism, Shintolism and Christianity are all followed as religions but that "Christianity is said to exert the most influence."
 The Korean Christian pilgrimage would seem to bear this out.

Kelley Addresses Stamp Club Meet

The regular monthly meeting of the Midland Stamp Club was held Tuesday night in the Commissioners Courtroom of the courthouse with Bill Butler, vice president, in charge of the meeting.
 In a short business meeting, the club voted to hold an auction at the next regular meeting, October 3. Clem George, auction manager, requested members turn in lots for auction by September 30. He requested also that members limit lots to 10, with five to be marked "First Entries" and five to be marked "Second Entries."
 It was agreed that the club hold an informal meeting September 19, devoted entirely to trading and viewing stamps. Mr. and Mrs. L. F. Lees invited the club to meet at their home, 308 South N Street.
 Albert Kelley gave an illustrated talk on nineteenth century United States stamps, highlighted by stamps from his own collection.
 He displayed enlarged photographs of early stamp printing equipment and explained the processes.
 Eighteen members and three guests attended the meeting.

"COMMISSIONER" WELL PAID
CHICAGO—(AP)—The mayor of Chicago gets a salary of \$18,000 a year, but he is not the highest paid official in the city hall. The city clerk, Ludwig D. Schreiber, received \$28,028 last year. Only \$8,000 was in salary. The balance was his commission on the sale of licenses.

Women Workers Needed In Case Of Emergency

All women who wish to reenter the labor market in case of a national emergency have been requested to file applications at the Texas Employment Commission office here, J. D. Bechtol, TEC director, announced Wednesday.
 A request from several major oil companies and other business firms has brought about the request for women applicants for various jobs now held by men who are likely to be called to the armed forces, Bechtol said. Applications are desired for all types of office work.
 Bechtol said the office here has on file several openings in the area. A map drafting firm has listed an opening for an experienced map draftsman. Salary is to be between \$350 and \$400 per month. Openings for grocery clerk, both male and female, all types of salesmen and stenographers, also are on file at the TEC.
 Several calls for cotton picking crews have been made to the Midland office. Bechtol said all cotton pickers who desire work should contact his office immediately.

Israeli Commies Stop U. S. Movie

TEL AVIV, ISRAEL—(AP)—Communist demonstrators hooded a United States Information Service film on Korea off the screens in two Tel Aviv theaters.
 Showing of the film had been approved by the Israeli censorship board. But the cinema owners, fearing the Communists might rush up and try to damage their screens, ordered the projection stopped.

Every golden drop helps you hit the top!

100% PURE Burleson's HONEY IS BLENDED FOR ENERGY!
BLENDING is the secret behind the mild, mellow, golden delight that's found in every delicious drop of **BURLESON'S Honey**. Years of experience in blending only the choicest honeys—to give you the utmost in uniformity, in flavor and aroma, in sweet, wholesome nourishment—go into every jar of **BURLESON'S Honey**.
100% pure, easily digested, BURLESON'S Blended Honey gives you up to 4 times the quick-energy comeback of ordinary sweets... strengthens as it satisfies!
 Any time of day... served any way **Burleson's IS BETTER!**
 For a taste-thrilling new breakfast delight, try **BURLESON'S Honey**, with butter, on piping hot rolls... or serve it on nut-brown waffles. Any way you serve it, **BURLESON'S** is a "round the clock treat that can't be beat!"
"Buy any BURLESON'S HONEY! It's a better buy, it's BETTER!"

T. W. BURLESON & SON OF WAXAHACHIE

From where I sit... by Joe Marsh
Squint's Drumming For Fair Play!
 Squint Miller's mighty prod of the lot he owns that fronts on River Road—one of the prettiest spots around here.
 He's been in a stew about it lately, though. Seems that trash-dumpers take one look at his property, stop their car or truck, and out goes a load of rubbish, spilling all over his place and the roadside. Wouldn't that make you mad?
 Last night Squint dropped by the house. Over a friendly glass of beer, he tells me what he's done. "I put a couple of empty oil drums out there," he says, "with a big sign reading: 'If you must dump trash, use these—I like to keep my property clean!'"
 From where I sit, Squint's sign should make any would-be roadside trash-dumpers pretty darned ashamed of themselves. Now and then some folks just have to be reminded that they ought to have as much regard for their neighbors' rights as they do for their own.
Joe Marsh

Youth Center Chatter

By June Hazel and Joyce Howell
Notice all the smiling faces, joyful greetings, and stacks of books? That can mean only one thing... it's school time again! Yep, bright and early Tuesday morning Midland Teeners, and their little brothers and sisters, returned to school! Everybody seemed glad to see familiar faces after the Summer vacation, but they didn't seem half as happy to see the familiar books! As is to be expected, there was a large number of "exes" around to smirk at their no-so-lucky friends. We think they were just back wishing they could stay awhile! Teachers greeted the invading "exes" with their best "welcome home" smiles (while mentally tearing their hair at the interruptions) and the students did their best to keep them around. (They were quick in discovering that no classes could go on while the "exes" were there.) Naturally, they were all acting like the "dignified collegians" they are. (?) We think the funniest sight of the day was Bet Studdert landing flat on her back in the newly waxed halls! Hurray for the dignified, sophisticated "exes!"

Seems as though Fall has crept up on us early this year! Everyone was glad to see rain, but several who had planned barbecues, picnics and other outdoor events were holding their breaths. However it cleared up in time for the Youth Center wiener roast Tuesday night. As usual, the wiener roast was a big success and everyone had a gay time. A large crowd attended even though it was a school night.

We always like to watch Tom Caruthers at the Youth Center "doings" 'cause he always has such a good time. We wonder just how many hot dogs he ate! He had one every time we saw him!

The dance following the roast always attracts a crowd. Some people just love to dance! The best

number and the students really shook the rafters! Before the songs Dr. R. Matthew Lynn led the invocation, and the "Star Spangled Banner" was sung. Principal Charles Mathews introduced George Gates, junior high band director, who played two selections on the marmba. Supt. Frank Monroe gave a talk on "How to Make the School Year Successful." Toya Chapple, president of the Student Council, welcomed the newcomers and freshmen and outlined the program for the year. A pep rally for Friday night was announced.

Second Childhood
We've heard about strange accidents before, but this week we heard about one of the strangest! Bob Pine has been seen limping around the Youth Center and high school the last few days, so we sent out spies to see "Wha' Hoppen?" Wesley Pittman, Clayton Tatom, George James, James Johnson and Bob were playing an exciting game of "cops and robbers" a few days ago. Bean shooters were the deadly weapons. While tripping around, Bob fell. He was taken to a doctor and his leg fixed. From what we gathered, they all had a swell time despite all mishaps.

The Youth Center's Summer formal last Thursday night was a big success. Jimmy Furman's Orchestra furnished the music and Midland Teeners, from junior high to college, danced. The Center was beautifully decorated, thanks to Diana Daugherty. Lynn Griffith was in charge of refreshments. Mr. and Mrs. Guy Breneman, Mr. and Mrs. Earl Chapman, Dr. and Mrs. R. Matthew Lynn, Mr. and Mrs. Bob Pine and Mr. and Mrs. Underwood were the chaperones. Everyone looked so nice and some very beautiful formals were seen. Not to slight the boys, we noticed quite a few were resplendent in tuxes, dinner jackets and even one or two white tuxes.

Jitterbugs always cause a lot of attention and Fred Harvey, Jean Ferguson, Tom Smith, Margi Carter, Richard Patton and Tom Caruthers were the center of attention more than once when they took to the floor on the fast numbers!

While ago we mentioned the "exes" who invaded M.H.S. Tuesday morning. Helen Cartwright, Bet Studdert, Katherine Lewis, Jo Ann Boykin, Hoot Harris, Lynn Moore, Pat Pryor, "Christmas" Barber, Harold Drew, Marilyn Wheeler, Betty Marie Nix, Alec Oates, Donald Johnson and Arnold Drake were among those present. Richard McCollum, who graduated from Lubbock High this year, but since has moved to Midland, also was seen in the halls.

Arnold Drake and John House will attend N.M.M.I. this year, and Gail Black has left for Radford. Well, that's it for this week, so bye now and be sure and around this time next week!

Soak that scorched plate in a strong solution of borax and water to restore its just-like-new shine.

Phone 111

The Pilgrims did not wear the somber brown and black clothing shown in most paintings. Brilliant colors predominated in their dress.

Use leftover egg yolks to mix into mashed potatoes, or poach them in hot water and press through a sieve for a salad garnish.

Milk for rennet custards must be lukewarm, never hot; test the milk by putting a few drops on the back of your wrist.
